

Branding Time
By Speedy Nieman

That feller on Tierra Blanca Creek says good days or bad days don't happen ... they're made.

If you tell a man there are 300 billion stars in the universe, he will believe you. But if you tell him a bench has just been painted, he has to touch it to be sure.

Gov.-elect Dolph Briscoe made a hit with area citizens at the "victory dinner" in Amarillo Wednesday night with his stated goals on agriculture, taxes and crime. He wants to make Texas No. 1 in agricultural products in the nation, and he is well versed in livestock production and crops.

This area of the state had a close tie to the chief executive with Preston Smith as governor, and many people were surprised when Smith didn't draw strong support in West Texas. Briscoe, however, is as closely identified with agriculture as anyone ever elected to the office, and it is hoped that he will be able to carry out many of his announced goals.

While Briscoe appears to be gaining favor with area and state farmers and ranchers, President Nixon's popularity took a nosedive with the announcement of budget-cutting decisions relating to farm programs.

A news release from Washington Saturday, however, indicated that the emergency loan program had not been killed. Secretary of Agriculture Earl Butz told the House agriculture committee that this loan program will continue, with only a \$5,000 forgiveness clause in the emergency program being halted.

Rep. Bob Price of Pampa reported that the committee had asked for a full and complete clarification of the Rural Environmental Assistance Program cutback. Budget cuts on REAP caused the biggest stir in the Panhandle, where the program is used for brush control and improvement of marginal crops and pasture land.

What would you like to see happen in Hereford in 1973? This is the question The Brand is asking a few community leaders this week, and we'll report their goals and aspirations in Thursday's Brand.

The Texas Farmer Stockman reports that about 35 per cent of our Texas agricultural income comes from cattle, and another 22 per cent from sorghums and other grains that find much of their market in the mouths of cattle. That's more than half of the state's farm revenue riding on the demand for beef!

That was good news from Austin this week about the reductions on Homeowners and Extended Coverage Insurance. The rate changes were ordered effective Jan. 1 and brings much-needed relief to the area in which we reside. I noticed in some news releases that insurance agencies were unhappy about the retroactive order. They wonder why a 30-day advance notice can't be given, and that makes sense.

Bob Murphy, humorist from Nacogdoches, says: everything is relative. People in New York believe that people in Dallas live in the country. Dallasites think that people in Amarillo live in the country; people in Amarillo think Hereford residents are in the country ... and on down the line.

Reminds me of the wife who complained to her husband: "You love football more than you love me."
"Maybe so," replied the husband, "but I love you more than I love basketball."

Chamber Banquet Tickets On Sale

Ticket sales for Hereford's annual Chamber of Commerce banquet are now getting underway in earnest, according to Chamber executive vice president, Jim Lindsey.

"Sales have gone fairly well so far," he said, "We've sold about 200 in the past week."

He continued to say that the Chamber hopes to sell from 600 to 700 of the tickets in the next week.

"Next week is when we'll really start hitting them hard," he said, "we eventually hope to sell from 1,000 to 1,100."

The banquet, scheduled for Feb. 1 at the Bull Barn, will feature as guests humorous speaker Art Holst, professional football referee, and Sherri White, Miss Hereford of 1972.

Dinner music for the event will be provided by Hereford High School's stage band, under

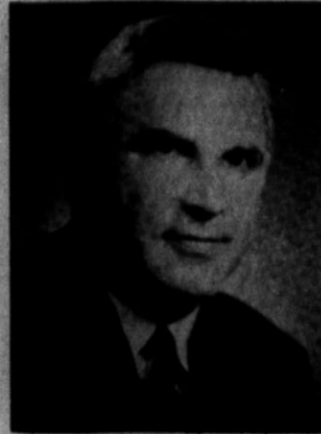

the direction of Ben Goltzbon. Lindsey said that the total funds raised in ticket sales, projected at near \$5,000, will be used in preparing the banquet. Tickets sell at \$5 each, both in advance and at the door.

Lindsey stressed that all

Hereford Citizens are invited to the banquet, and several out-of-town guests are expected.

"It is not only for Chamber members," he said, and added that the Chamber's new board of directors would be introduced to guests during the evening.

PRICE 20¢

John Wolfe

Beet Growers Set Annual Banquet

John Wolfe, well-known author and public speaker, will be the keynote speaker at the annual Texas-New Mexico Sugar Beet Growers Association banquet scheduled Jan. 20 at the Bull Barn. Wolfe, of Houston, has written

articles on public speaking which have been published in various magazines, including Reader's Digest. He comes highly recommended as a great humorist, who has addressed many association meetings throughout the country.

The banquet, scheduled for 7 p.m., will be the highlight of a two-day gathering that will be kicked off with a business meeting of members of the association. The meeting will begin at 2 p.m., Jan. 19 at the Community Center.

James W. Witherspoon, executive secretary of the Texas-New Mexico Sugar Growers Association, reported there will be several visitors from other associations, including Hoxsie Smith of Brawley, Calif., and Dave Carter of Washington, D.C. with the U.S. Beet Sugar Association.

A number of officials from Holly Sugar Corporation in Colorado Springs, and representatives from various beet seed companies, also will be present.

Sale Is Tuesday

Bond Ratings Maintained

The Hereford Independent School District retained its high bond ratings by both Moody and Standard & Poors, it was learned last week.

The Moody Investment Company notified the school district Wednesday that the school retained its A-1 rating with them and on Thursday it was confirmed by Standard & Poors that its Aa rating also

was maintained. The rating of the bonds by the two New York companies set the stage for Tuesday's sale of the bonds. Sealed bids will be accepted from various firms and will be opened at a meeting Tuesday at the school administration building.

Ratings must be given bonds by a reputable rating company before they can be sold. The

Hereford Independent School District had hoped for a Aa rating from Moody and possibly a Aaa from Standard & Poors. The higher the rating, the better interest rate to the selling body.

Each time bonds are voted on and passed, a rating is required of the selling body. The investors companies then send out the new ratings to firms

who, in the past, have bought bonds of some type.

These firms then have the opportunity to purchase the bonds and draw the interest which they submit in the bids. The bonds to be sold Tuesday are the ones school district residents approved in an election in December for

(See "Bond" Page 2)

Chamber Installation Is Monday

The annual installation dinner of new directors and officers of Deaf Smith County Chamber of Commerce has been scheduled Monday night at K-Bob's Steak House, it was announced this week by Melvin Jayroe, president.

The directors' banquet is held prior to the annual C of C membership banquet, which has been scheduled for Feb. 1. New and outgoing directors, and their wives, will be hosted at the Monday night event. Guest speaker will be M.E. Stevens Jr., district manager for American Amicable Life Insurance Co.

Jim Conkwright, prominent Hereford rancher, is to be installed as the 1973 president. Other officers named recently by the board are Roy Faubion, vice president, and A.J. (Major) Schroeter, treasurer.

New directors to be installed are Bud Eades, Larry Wartes, Terry Caviness and R.C. Hoelscher. Directors whose terms expire are Lynton Allred, Charles Hoover, Harold Close

(See "Chamber" Page 2)

ALL SMILES—Little Elizabeth Perez received her braces and shoes for the correction of a birth defect from the March of Dimes last year. Shown with her is Elmore Rains, recently named chairman for Hereford's March of Dimes drive, which will begin Jan. 19.

For March Of Dimes

Two-Week Drive Set

Elmore Rains, manager of two local natural gas co-ops, has been named Hereford's 1973 March of Dimes chairman.

Manager of Plains Gas Farmers Co-op and North Bailey Gas Farmers Co-op, Rains is a Hereford resident of eight years. He resides at 211 Beach with his wife Elaine and their two children. He is a

member of the Church of Christ and is a former United Fund drive chairman. Rains also serves as a member of the Five-County March of Dimes drive board, serving Deaf Smith and the surrounding counties.

1973's two-week March of Dimes drive will kick-off Jan. 19 with the initial meeting of drive heads and volunteers and

will wind up on Roosevelt's birthday, Jan. 31. Citizens interested in volunteering for March of Dimes service should contact Rains at 364-5311.

The Mothers March, which has been responsible in past years for most of the drive's proceeds, will be set for one evening during the drive. Volunteers will be scheduled to

work in pairs, with each pair assigned to about two blocks, according to Rains.

"This is not restricted to mothers only, however," said Rains. "Fathers and other interested persons are welcome, too. In fact a man and his wife working as a pair would be ideal."

"Workers would have to work probably no more than two hours, actually getting out and soliciting contributions," he said.

About half of the funds raised locally will be used for Hereford and Deaf Smith County work, according to John Aikin, county March of Dimes chairman.

"Some of the other half will go for research, some to the national organization, and some to the research center here in Texas," he said. "The part used locally will go for the purchase of braces and corrective shoes for polio victims, and for paying for medicine, doctor bills and hospital bills for those who can't afford to pay for them themselves. Much of the March of Dimes work now is involved with research and help for victims of birth defects.

(See "Drive" Page 2)

Bank Calls See Rise Over 1971

Deposits, loans and total assets topped their 1971 marks for the end of 1972 at the recent December bank call at both local banks, according to bank personnel.

Deposits at First National Bank now stand at \$33,761,711.36, topping the 1971 total of \$29,592,277.17 and the record October total of \$33,321,916.65. This total is a rise of almost five million dollars over the 1971 total.

Loans at First National rose from \$16,934,248.37 at the close of business in 1971, to the 1972 total of \$22,562,084.62, a rise of close to six million dollars.

Assets at the bank showed a similar rise of over five million dollars, increasing from \$32,582,976.06 at the end of 1971 to a total of \$38,114,042.38 at the close of business in 1972.

First National Bank president James H. Sears attributed the rise in bank resources to the fact that Hereford has had a "good crop year."

"The price of cattle is up," he added, "and we've also had more cattle in the area."

In a similar rise in deposits, loans and assets at Hereford State Bank, totals reached their record highs, topping even the October record totals.

Deposits reached a total of

\$18,507,442.87, almost four million up from the \$14,694,320.81 total for 1971.

Loans rose by just over three million dollars at the bank, with the 1972 total standing at \$13,777,148.78, as compared to a total of \$10,453,726.30 at the close of business in 1971.

Total assets also increased from \$16,041,796.36 in 1971 to the

1972 total of \$20,078,115.54, a rise of just over four million dollars.

The rise was caused in part by "the increase in cattle feeding," according to Wayne Williams of Hereford State Bank, who added other reasons.

"Higher prices for farm products during the last few weeks of the year," he said, "were also a part of this increase."

Federal Project May Aid Camp

Representatives of the Housing Assistance Council in Washington, D.C. said last week there is a good possibility the people of the Labor Camp can replace their inadequate housing, water and sewer facilities through the construction of a federal housing project.

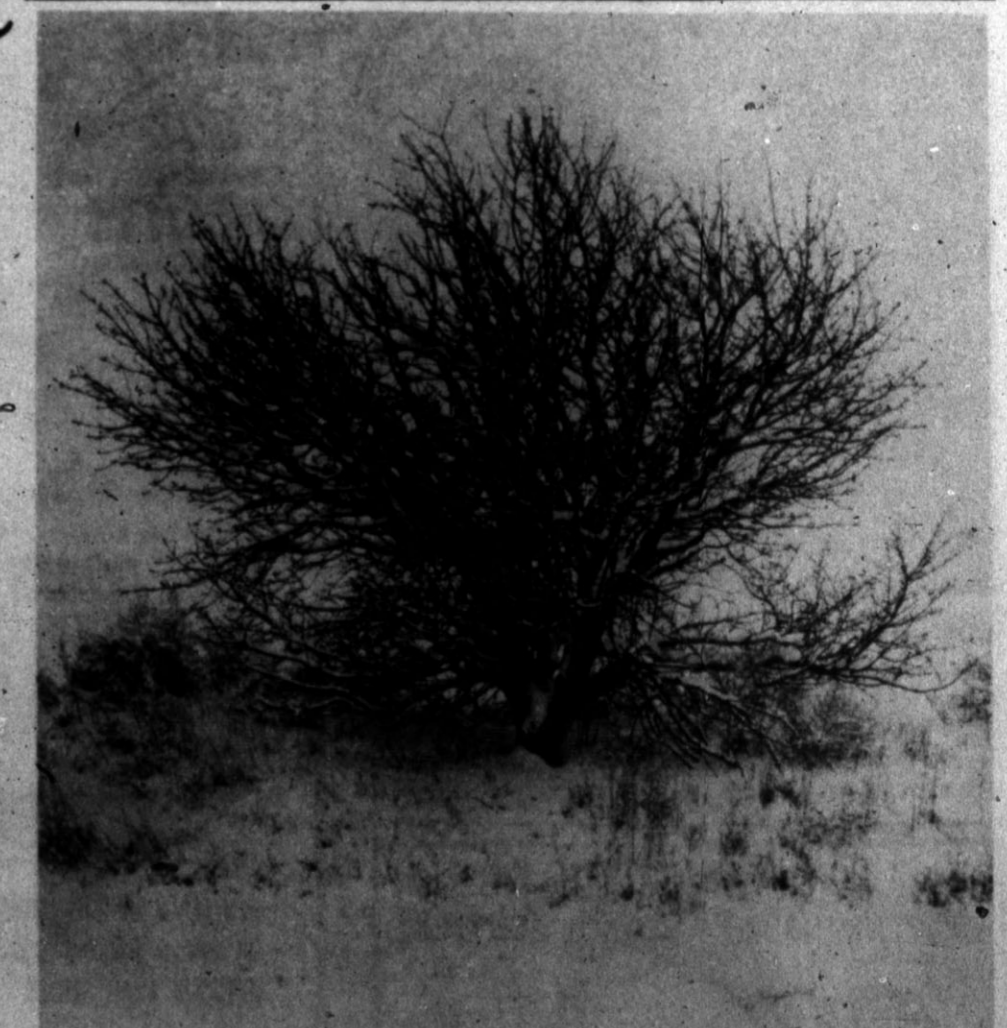

Three members of the federal agency met with about 70 persons from the Labor Camp at a meeting Wednesday night in St. Joseph's Parish Hall. They told those present there is

"a good possibility a farm workers federal housing project can be brought into this area if the people concerned so desire."

However, no decision was made at the meeting by the people, who said they wanted time to consider the matter.

"The people seem real receptive to the idea, but they realized it was not a matter to make a decision on at the meeting," said Lorenzo.

(See "Aid" Page 2)

BEASTLY BEAUTY—While the recent snowy weather created some beautiful scenes, such as the one pictured here, it also brought with it much trouble to area farmers and livestock.

(Continued from Page 1.)

Granado, coordinator for the Community Action Agency.

"Therefore, we will wait a few days then do some follow-up work and see what the people have decided. We will wait to see if they want a housing project or whether they want to pursue this matter in another fashion."

The people of the Labor Camp, faced with the possible shut-down of their water supply because it fails to meet state health standards, have been considering a massive change at the Labor Camp for some time.

A committee was formed several months ago to investigate various ways to solve the problem.

"This committee found out the only way they can bring an adequate water and sewer system here would be through a federal housing project," Granado said.

"This not only would alleviate the water situation, it would help out with the sewer and housing problems, which are very definite."

The Labor Camp serves as homes for some 140 families during peak harvest in the Hereford area. The state health department said last year it would consider cutting off the water supply to the camp if it was not improved enough to meet certain standards.

The people of the camp found it would be too expensive to attempt to improve the water supply themselves and since then have been looking into various federal projects that would help them.

"CHAMBER"....

(Continued from Page 1.)

and Melvin Jayroe. As the immediate past president, Jayroe will remain a member of the board.

Jim Lindsey, executive vice president, announced this week that the Women's Division of the C of C will hold its installation dinner Tuesday night at the Caisson House. Highlight of the meeting will be the presentation of the "Woman of the Year" award. A style show is planned as entertainment.

CLASSIFIED AD

An ad recently appeared in a London paper stating, "If you know any vampires, or if you are a vampire, serious researcher would be interested to hear of your experiences—all replies treated in strictest confidence."

DE STUDENT OF THE WEEK—Debbie Sossaman, daughter of Mr. and Mrs. John L. Sossaman of 222 Ave. D, is this week's Distributive Education student. Miss Sossaman is a junior at Hereford High School, and is employed at the Caisson House, under the supervision of Jeannie Caisson, as a bookkeeper.

"DRIVE"....

(Continued from Page 1.)

"A lot of the help and research of the foundation is in this area," he continued. "Although we still have a number of polio victims who need braces and shoes, and we still buy these for a number of people, we have more need now for victims of birth defects."

Rains said that the drive will probably wind up in a receiving station in either one of Hereford's two banks, or a civic building such as the community center.

"We'll try to wrap up the drive in that one night after the Mothers March," said Aikin.

Drive workers will be given identifying badges during drive hours. Most of the drive's work is done by volunteers for the Mothers March and with campaigns within the city's schools.

"We'd like to wrap up the drive in the two weeks between the 19th and 31st," said Aikin. "We don't want to have to drag it out longer than this."

"If we get the word out to people about what the drive is, and what the money is used for," said Rains, "They won't hesitate to help some little children."

Letter To The Editor

Dear Editor,
While many of our minds are still cluttered with thoughts of Christmas and the New Year, the thoughts of many Deaf Smith County youngsters have turned to something else.

If one ventures near the Bull Barn he might discover the usual hubbub of activity has taken on a new dimension. The sounds of bawling Calves, bleating lambs, and the hum of electric clippers soon reminds us that stock show season is just around the corner.

For many youngsters their year's work will be culminated at the Annual Hereford Young Farmer's Stock Show scheduled for January 25-27.

As the young people emerge from their work, which has been outside the spectrum of the public, we are reminded that the work seen by the public represents only a small part of

Husband sues jail for broken marriage

Mr. Leslie Miles of Fort Worth, Tex., is suing federal prison officials in the sum of \$1.4 million, claiming they broke up his marriage by placing his wife, who was serving a two-year sentence on a drug offense, in a coeducational jail where she be-

came attracted to a male inmate.

Men and women have separate dormitories at the prison, the only coeducational facility in the federal prison system, but share classes, meals and supervised recreation.

Cagers Prepare For League Play

The Hereford Whitefaces hosted the fast-breaking Clovis Wildcats here Saturday night in a non-district basketball contest, but results of the game were not available before The Sunday Brand went to press. The Herd has only two more non-district games—playing Muleshoe here Tuesday and going to Amarillo for a game with the Tascosa Rebels Friday. District 4-AAAA action starts here Jan. 19 when the Monterey Plainsmen come to town.

Two games are on tap here Tuesday, with the Hereford sophs taking on the Muleshoe JV in the preliminary game at 6 p.m. The varsity clash follows at 8 p.m. The Herd JV and varsity play at Amarillo Friday night, starting at 6 p.m.

Coach Ron Mayberry's crew had a 15-6 win-loss record prior to the Saturday night conflict. The Whitefaces have lost three games to the strong AAA Levelland Lobos, split with

Borger and Pampa, and lost to El Paso Burges.

Three of the defeats came in tournaments. Mayberry's Mob lost to Borger in the finals of the Borger tourney, lost to Burges in the finals of the Amarillo Tourney, and lost to Levelland in the first round of the Brownfield Tourney but went on to capture the consolation trophy.

As a team, the Herd had averaged 66.8 points a game through 21 games, while limiting the opposition to an average of 53.8 points per contest. High point production came in a 102-78 victory at

Clovis, and the team low came the following night in a 79-47 loss at Levelland.

Keith Kitchens is the individual scoring leader with 267 points for a 14-point average through 19 games. Terry Scott is also averaging in double figures with a total 212 points and a 10-point mean.

Big David Duvall is almost averaging 10 a game with 200 points in 21 contests. Sharpshooting Luther Mays, while not in the starting lineup in recent games, is next in scoring with 157 points and a 7.8 average. He is followed by James Harris with 106 points and a 5.6 average.

Mavericks Take 2 From Friona

The La Plata eighth and ninth grades took convincing victories over Friona in games

Thursday while the seventh grade lost a close contest to their opponents.

The seventh grade, after laying to a 6-6 draw after the first period, slowly began to slip and was finally edged by the Friona team, 32-26.

The eighth grade won a 48-34 game while the Maverick freshmen collected a 38-28 victory.

David Arney had six points to lead the seventh grade in its loss while Dave Charest contributed 5 in the win for the freshmen. Roy Martinez dropped in 21 points to lead all scorers in the eighth grade contest and Archie Crim finished the night with 13 points.

The seventh grade record now stands at 5-3 and the eighth and ninth grades both have 4-3 marks.

The seventh and eighth grades will travel to Clovis Monday to meet the Clovis Marshall Junior High team. The La Plata freshmen will be idle until Thursday when they and the eighth grade team enter the Clovis Tournament slated Thursday through Saturday.

Boxing Tourney Set This Week

A Golden Gloves Invitational Tournament, sponsored by the Hereford Boxing Club, will be held in the Bull Barn Thursday and Friday, Jan. 11-12.

Harold Wheeler, Hereford boxing coach, said several West Texas teams will be entered in the tourney, along with a team from Clovis, N.M.

The bouts will start at 7:30 each night, with the finals scheduled on Friday night. The Hereford club has participated in several meets this season, and Wheeler promised fight fans "some exciting matches."

FRIZBEE GYMNASTIC QUINTET—What was billed on the First Baptist youth's vaudeville show Thursday and Friday as the Tubal T. Frizbee Gymnastic Quintet actually turned out to be six HHS athletes. The pyramid came tumbling down when Alan Cornelius waved at a friend in the audience. The group also included Wallace Hill, Rocky Andrews, Keith Kitchens, Terry Scott and Steve Nieman.

SQUIRRELEY GIRLIES—One of the acts at the vaudeville show staged Thursday and Friday nights by the First Baptist youth was this trio of Rhonda Stephan, Meredith Wilcox and Pam Garrison. Other HHS cheerleaders also were in the act. Proceeds from the show will be used by the church youth for a ski trip.

Bruce Ridgeway, Early Resident Here, Is Dead

Funeral services for Bruce Ridgeway of Mexico Mo., a resident of Deaf Smith County in the early years of this century and a brother of Mrs. Bess Werner, Harrison Highway, will be conducted at 2 p.m. Monday in the Missouri city.

Mr. Ridgeway died in a hospital at Mexico Thursday at the age of 80. He owned and operated a business there until his last illness.

A member of the Ton Ridgeway family which came from Missouri and lived on El Toro farms in northeast Deaf Smith County for five years, Mr. Ridgeway as a youth made the trip to Texas in a railroad boxcar, caring for his father's livestock.

After his parents returned to Missouri he remained for a time, ranching, and dealing in cattle in this area and in New Mexico. He had attended Hereford schools. In recent years he continued his acquaintance with residents here on visits to Mrs. Werner, the last in August.

In addition to the sister here, he is survived by a daughter, Alice Belle Holterman of St. Louis; a son, Bob, of Mexico.

Prepare For Bout With Cold Bug

During this cold weather season, many of us will suffer the consequences of a cold, flu, or respiratory infection even though we may try to avoid or prevent it.

Since the chances are good to have a bout with the "cold bug" this year, it might behoove each of us to know more about what a cold is and what to do with it when you have it, say state health officials.

What is a cold? The common cold is a name given to any of a number of short-lived infections of the nose and throat. All of them are highly contagious. They have similar symptoms. Sometimes they are called by other names, which simply tell you what part of the upper respiratory tract is particularly affected: rhinitis, affecting the nose; pharyngitis, the throat; or laryngitis, the voice box.

What causes a cold? The Texas State Department of Health points out there are many different viruses which cause a cold. A virus is a disease-producing agent so small that it goes right through the very fine filter that stops bacteria. These cold-causing viruses are present in great numbers in your nose and throat when you have a cold. They are carried on the droplets you expel when talking, coughing, or sneezing.

How do you catch a cold? Though a virus causes your cold, a number of conditions seem to increase your susceptibility (science does not

yet know why or how.) People appear to catch colds mainly indoors. They get more of them during the colder months. Fatigue, chilling, and poor physical condition seem to give the virus a better foothold.

What's the course of a cold? From one to three days after the virus takes hold in your body, the symptoms appear. (But other people can catch your cold even before your symptoms appear—one reason why colds are hard to prevent.) The first hint is usually scratchiness in the throat. Within a few hours, your nose gets stuffy and you have vague feelings of discomfort and illness. Usually you start sneezing, too.

Can a cold be dangerous? In itself, no. But it can open the door to other illnesses. And it's hard to know when the door has opened, because all the viruses that cause the common cold have not yet been identified. Then the severity of the cold symptoms increases, and the inflammation and mucous

leaves off and complications, which may be dangerous, begin. Other non-cold-viruses may complicate matters by getting in their licks when you are already felled by a cold. Or bacteria—many of which live in your body harmlessly during times of good health—may grow strong when your defenses are down. Or sometimes your body is allergic to the cold virus or the activated bacteria.

Then the severity of the cold symptoms increases, and the inflammation and mucous

discharge may spread to other parts of your respiratory system. For some people, these complications may be dangerous.

Can you cure a cold? No, you can't. There is no drug known today that can cure the common cold. Antibiotics, the "wonder drugs," are effective against bacteria, not against ordinary respiratory viruses. Doctors may prescribe these drugs for the complications—the secondary, bacterial infections—but not for the cold itself.

While taxing, 747 pilots have an excellent position for sightseeing—they are looking down on their surroundings from 29 feet in the air.

University will design food factory for Iran

A new 2-acre controlled environment vegetable factory to be built on Iran's Kharg Island (25 miles off the mainland and 440 miles south of Tehran) is being designed by the University of Arizona's Environmental Research Laboratory staff.

"If all goes well, the first tomatoes, lettuce and cabbage should be planted around the end of 1973," said ERL Director Carl N. Hodges, in reporting the \$500,000 project.

JANUARY BIRTHDAYS—Shown from left are Mrs. Ola Rice, Mrs. Edna Culver, E.L. Smith and Waldo Jennings, who had birthdays in January. They are residents of Westgate, unit of Kings Manor retirement home. Also with a birthday, but not pictured is Mrs. Christine Carlson. The party this month was given by the Christian Womens Fellowship of the First Christian Church.

REACHES CLUB GOAL—Mrs. Owen Andrews was honored by Calorie Patrol TOPS Club recently when she achieved the rating of KOPS (Keep Off Pounds Sensibly), the aim of all members. For this rating a member must have reached the weight loss goal which she set with her doctor's approval, and maintained the desired weight at least three months. The club meets weekly to keep records of weights, hear programs on nutrition and other phases of weight control, and encourage members to follow approved diets.

Along The Frio

BY MRS. OWEN ANDREWS
Relatives from here attended the wedding on Dec. 30 of Miss Becca Little, daughter of Mr. and Mrs. E.H. Little of Texline, to Victor Baxter, also of Texline. The wedding was in Texline Baptist Church in a 3 p.m. service.
The Weldon Stephan and Gary Mason families and Mrs. Frank Robbins, Genie and Patty were the ones from here attending.

Rhonda Stephan and Genie Robbins were bridesmaids, Patty Robbins and Jill Stephan lighted candles, Cherie Mason and Eugenia Fish served refreshments at the reception which followed the wedding.
Miss Little has been employed in Amarillo for some time, where she lived with her aunt, Mrs. Nannette McMurry. Baxter is a student at Texas Tech.

Visiting the Fritz Smiths during the holidays were relatives, Mr. and Mrs. James Greenwood, Nancy and Shawna, from Corpus Christi. They came during one of our snowy spells for the children to see snow for the first time.
Also a guest of the Smiths was her brother, Bud Ames from Amarillo. The Verle Cricks, of Amarillo, were supper guests of the Smiths Wednesday evening.

The Leon Voglers, of Houston, were here with his parents, the E.F. Voglers while Leon and Patsy went back to Houston to move here. They will live north of Hereford, where Leon will farm.

Mrs. and Mrs. Pat Robbins and the Wendell Clarks were skiing at Glorieta, last weekend.
Mr. and Mrs. Joe E. Andrews and children were at Vernon, Wednesday thru Friday to be with her grandparents and especially with a grandmother, Mrs. Z.P. Pilgreen who has been very ill and in the Vernon hospital for several days.

K.R. Hunter 78, of Dimmitt, who died Friday, Dec. 29, is a former resident of this community. The family lived awhile during the '30s on the place where the J.E. Warricks live. Mrs. Hunters parents, the Hogans, owned land there and lived on the place now owned by Lee Kent.
The Hunter girls, Florene, Evelyn and Ineva spent part of their growing up years there, Florene and Evelyn attending school at the one-room Frio school. Florene had passed away during later years, Evelyn lives in Dallas and Ineva in California. His wife, Mrs. Ethel Hunter, sister, Mrs. M.L. Simpson, Sr. and a brother, Finis Hunter of Nevada, Mo. and three grand children also survive him.

Visitors of the Sam Ogans, on New Year's Day, included their children and Rev. Ogans' sister, Mrs. Susie Howard, her granddaughter, Mrs. James Carpenter, Mr. Carpenter and their daughter, Tabitha, all from Lubbock. Mrs. Howard remained for a longer visit here with the Ogans.
Mr. W.I. Lemon 87, of Tahoka, grandfather of Mike Waldrip, died Wednesday at the Tahoka hospital. Funeral services were planned for Saturday at 10 a.m. at First Baptist Church, Tahoka. Mr. Lemon is survived by six children, 33 grandchildren and 16 great grandchildren. Mr. Lemon has visited his grandchildren here and attended church at Frio.

Gift Flatware Deserves Care

By Argen Draper
Home Demonstration Agent

SANTA CLAUS was very generous with stainless steel this Christmas. Here is a recent release on care of stainless steel flatware which may help in caring for the gifts.

There are several alloys called stainless steel. The main constituents are iron, carbon, manganese, chromium and nickel. The iron, carbon, and manganese are constituents of ordinary steel. The addition of chromium and nickel make the steel "stainless."

The oxides of chromium and nickel in the alloy, primarily the chromium form an extremely thin protective film on the steel surface. This film is transparent and adheres tightly to the surface.

While this film remains intact and tightly adhered to the stainless steel surface, the main steel body is protected from corrosive attack.

THE FOLLOWING foods are the main ones that will cause a break in the film and allow corrosion to take place as with ordinary steel: salt, vinegar, fruit juices, tomatoes and tomato products, milk and milk products.

Stainless steel has a built-in recovery from breaks in the thin protective film. The final manufacturing process, called passivation, conditions the face in such a way that the oxygen of the air will heal a break in the oxide film and return the stainless property to the steel after the flatware has been allowed to set for a time.

If food soil is not washed off promptly after the flatware is used, the air cannot heal the break and corrosion will take place every time the steel is wetted.

CORROSION CAN also be caused by polishing with an abrasive cleaner, grinding or sharpening. High iron content in the water supply can often cause rust spots on stainless steel, usually most noticeable on knife blades and in the bowls of spoons.

Rust spots can be safely removed by soaking the flatware in a mild solution of limeaway and hot water. Solid or liquid Jet Dry will help prevent rust spots by quickly sheeting water off the flatware.

A pit is caused by a pinpoint break in the protective coating, such as might be caused from a single crystal of table salt. At the time the break takes place, there may be no apparent change on the surface.

Each time the flatware is wetted a little corrosion will take place until gradually a small pit will appear.

DISCOLORATION, usually a bluish-black, black or gun metal color, is caused by food left on an area. Since it is not concentrated in a single point, the discoloration becomes apparent almost immediately.

Soaking in a mild solution of limeaway and hot water, or washing with a good detergent, rinsing thoroughly and drying with a clean dish cloth will remove the discoloration on stainless steel flatware can be avoided by washing off food soil immediately after the flatware is used.

While all the problems that can occur make it appear that stainless steel flatware is impractical, it is really the most practical and economical flatware for everyday use. Its untarnished appearance plus its power to recover its own stainless property make it more

AT THE RECENT reception of the Rural Electric Co-op, Louise Gunther made the punch that received so many compliments. She is kind enough to share the recipe with us.

- REC PUNCH**
- 1 PKG. Kool-ade (any flavor)
 - 1 c. sugar
 - 1 qt. water
 - 1 small can frozen lemonade
 - 1 qt. water
 - 1/2 can pineapple juice (1/2 of 46 oz. can)
 - 1/4 bottle ginger ale
 - Makes 35 cups.
 - 1 small can frozen cranberry juice
 - 1 qt. water

Stanton Trips Dimmitt

Stanton's Dogies collected two wins in three games Thursday when they met the Dimmitt squads.

The next games for the Dogies will be Monday when they play host to Canyon White teams in games starting at 5 p.m.

In the ninth grade victory, Stanton raced to a 54-40 win with Albert Gonzales chalking up high point honors with 18. He was closely followed by Robert Scott with 15 and Lance Martin with 14.

Barry Acton got a team high of four points in the eighth grade's 39-19 loss to Dimmitt. Kelly Kitchens poured in 21 points to lead the seventh grade to its sixth victory of the year—a 38-22 win over their Dimmitt opponents.

The ninth grade now has a record of 3-2, the eighth grade a mark of 1-4 and the seventh grade, 6-2.

SUGARLAND MALL ... HEREFORD

Mrs. Don Tatum

Winter Weather Is Only Problem, Says Newcomer

Mrs. Don Tatum, wife of Hereford's new ASCS office manager, and city resident of four months, says she enjoys her new home "except for the weather."

"We're really looking forward to summer, so we can get out and enjoy it, and get acquainted better," she says.

A resident of Fort Stockton, where she says it almost never rains, Mrs. Tatum finds Hereford's winter weather hard to get accustomed to. Other than this, she says the family has enjoyed the move.

Mrs. Tatum met her husband in Post, where the two "grew up together." He attended West Texas State University, where he majored in accounting, and she was a student at Jessie Lee's beauty school in Lubbock.

"I'd like to go back to beauty school, and get my instructor's license. I'd like to be able to teach Cosmetology in the public schools here," she says.

Tatum began his career with the Agricultural Stabilization and Conservation Service office as a field man, and was then promoted to ASCS office manager in Fort Stockton. When he received another advancement, recently, he was transferred to Hereford to serve as manager of the local office.

The Tatums have three daughters, Melinda and Melissa, eleven and ten; who attend Northwest Elementary; and Mendy, five, who attends kindergarten classes at First Baptist church.

"All three like it really well here," says Mrs. Tatum. "The older two have gotten acquainted at school, and they both say they'll never move

again." The Tatums also have two dogs: Nig, and Bobo; a favorite of Mendy's.

Mrs. Tatum says her husband enjoys their new home, too.

"He's really enjoying his work here," she says. "He likes the way the farmers have received him, they've all been really friendly."

Mrs. Tatum says she liked Hereford "really well," and lists the size of the town and its people as reasons.

"It's a larger town than we're used to. If you know the size of Post and Fort Stockton, you know what I mean. I like it because it gives me a choice in shopping. The people here have been really friendly, too."

"It's also closer to larger towns," she adds. "Fort Stockton was way off by itself."

Both Mr. and Mrs. Tatum were members of an adult volleyball team in Fort Stockton, and Mrs. Tatum says

they'd like to be able to play again.

"We've been trying to find a team to play on here," she says.

Mrs. Tatum was also a member of Fort Stockton's Parent-Teachers Association, where she was elected president shortly before moving to Hereford.

"They told me I was just moving to get out of serving as President," she laughs.

Mrs. Tatum adds that her husband enjoys hunting occasionally, "for the fun of it," and is also a golf enthusiast. As a family, the Tatums enjoy traveling, and camping out in

"We're also interested in any kind of sports, she says. "We went to some of the football games here and we plan to attend some basketball and volleyball games."

On the whole, Mrs. Tatum expressed satisfaction with the family's new panhandle home.

Mrs. Don Tatum and daughter, Mendy

For Dolph Briscoe

Hereford Residents Attend Area Dinner

BY O.G. NIEMAN
Publisher

Approximately 50 Hereford residents were among a large throng attending a pre-inaugural victory dinner for Governor-elect Dolph Briscoe and his wife, Janey, in the Amarillo Civic Center Wednesday night.

Speaking to an estimated 1,500 area citizens at the dinner, Briscoe listed among his goals the development of a supplemental water supply, removing the criminal offender from the street, and stricter state budgeting to prevent the need for new taxes.

Briscoe spoke to political and civic leaders, as well as interested citizens, from all around the Panhandle and South Plains. The dinner was the first in a series of five scheduled throughout the state prior to the Democratic Victory Dinner in Austin on the night before the inauguration.

session of the state legislature as a "problem-solving" session.

He added, however, that he views the future "in terms of opportunities, not problems."

The governor-elect drew applause each time he mentioned his priority goals—no new taxes, seeking new water supplies, and making the streets safe. He told the audience that he was well aware of the economy of the Panhandle, and that making Texas the Number One agricultural producing state of the nation was one of his goals.

Briscoe and other dignitaries stood in line more than an hour greeting guests to the dinner.

At the close of the program, a plate recognizing the 150th anniversary of the Texas Rangers was presented to the Uvalde banker and rancher by Texas Ranger Kelly Rogers of Amarillo.

Briscoe was introduced at the dinner by Jay Taylor of

Amarillo. Joining the Briscoes in the receiving line were Sen. and Mrs. Max Sherman of Amarillo, Sen. and Mrs. Jack Hightower of Vernon, Rep. and Mrs. Bryan Poff and Rep. and Mrs. Ben Bynum—all of Amarillo, and the Amarillo City Commission.

Tri-chairmen of the dinner committee were Jim McNease, Jay Taylor and Jack Hazelwood. Listed as committee members from Hereford were Jim Witherspoon, Andrew Shuval, D.C. McWhorter, Wesley Gulley, Mr. and Mrs. Homer Garrison, J. Pat Malone, and Wayne Thomas.

Included among the Hereford group were several members of the Deaf Smith County Commissioners Court and the Hereford City Commission.

After all is said and done, money is really the only jack of all trades.

Calendar Of Events

MONDAY

INTO COLLEGE — Alberto Garza, 20, a graduate of Hereford High School, recently completed four months of National Guard training and now is home visiting his mother, Alice Garza, 910 S. Schley. Garza will leave this weekend for Cisco Junior College where he will attend school on a football scholarship.

POLLUTION TOLL — About 60,000 trout were killed recently in a hatchery at Saint-Pierre-Sous-Aubenas, Ardeche, France by industrial pollutants in a tributary of the Ardache River which supplies the hatchery with fresh water.

Bob Murphy, Nacogdoches attorney and well-known humorist and banquet speaker, was master of ceremonies for the occasion. Briscoe voiced concern for a number of legislative issues, pointing to the upcoming

Russian prisoners stage 6-day hunger strike

Sixty political prisoners recently went on a six-day hunger strike to protest harsh conditions in Soviet prisons and labor camps and to mark the death of a young convicted poet, Yuri Galanskov, 33, serving seven years for alleged anti-Soviet agitation. Galanskov was operated on for a perforated ulcer, but developed peritonitis and died.

MARCH BRIDE-ELECT—The engagement of Miss Cherri Packard to Gordon Kerr, with plans for their marriage March 9, is announced by her parents, Mr. and Mrs. Ralph A. Packard, who reside south of Hereford. The bridegroom-elect is the son of Mr. and Mrs. John Kerr, also living south of the city. Miss Packard, a 1972 graduate of Hereford High School, is employed in the office of Bruce Miller, attorney. Kerr has attended Hereford schools and is self-employed. The couple plans to make a home here.

Reinauers Visit New Granddaughter

Visiting a new granddaughter, a baby girl who was born to Mr. and Mrs. Robert Reinauer of Jacksonville, Fla., Dec. 22, was the highlight of a holiday trip for Mr. and Mrs. Joe Reinauer Sr. of Harrison Highway.

They have lately returned from Florida, where they have been since mid-December. They were guests in the Robert Reinauer home and also of another son, Jim Reinauer, and his family. The Jim Reinauers' baby son is another grandchild whom they saw for the first time. The Robert Reinauers named their daughter Brenna Tietjen,

including the name of the maternal grandparents, Mr. and Mrs. Egon Tietjen of Schulenburg. Her weight at birth was 6 pounds 15 ounces.

SCHOOL PROJECT — High school student members of the Youth Bicentennial Committee of Charlottesville, Va., have undertaken a monthly program to clean and restore area graves of Revolutionary War veterans, with assistance from the Army Reserve and chapters of the Daughters of the American Revolution.

SERVICE RECOGNIZED—A member of the staff at Kings Manor Retirement Home since it opened here some ten years ago, Mrs. Ola Davis was presented a plaque recognizing her service to the Methodist Church facility at a staff dinner recently. Mrs. Davis is retiring this month as supervisor of the residence unit of Kings Manor.

Extension Clubs Assume New Name

A change of names for Home Demonstration Clubs in Texas became effective the first of this year, and those in Deaf Smith County as elsewhere will be known as Extension Clubs, says Argen Draper, county extension agent.

Clubs meeting this week, first to use the new name in Deaf Smith County, are North Hereford and Wyche.

Two new members were welcomed in North Hereford Extension Club Thursday when Mrs. Otto Massie and Mrs. Gaylon Bryan were hostesses in SWPS Co. Reddy Room. Mrs. Mac Tucker and Mrs. Clyde Bonner are the new additions.

Topic of the program was Be a Smart Shopper. Mrs. T.E. Brisendine and Mrs. Tony Hoffman discussed ways of judging values, wise buying in sales, finding true bargains, impulse buying and other phases of shopping to get the most from the family budget.

Names of club pals for the new year were drawn. Diane Brisendine was introduced as a guest.

Also present were Mmes. Roger Williams, Kenneth Haggard, T.E. Siegler, Viola Williams, J.A. Crofford and Ica Saltzman.

Argen Draper, county extension service agent, gave the program to Wyche Extension Club Thursday in the home of Mrs. Paul Jones. It was on the managing of family resources and quick shopping trips. She discussed The Ten Commandments of the Star Consumer.

"No two families spend their money in the same way," stated Mrs. Draper, and she stressed the point of being a smart shopper during a sale.

Small Talk

By SUE COLEMAN
Women's Editor

IT'S ALWAYS BEEN the mark of a very small-town newspaper to mention the men's dress in a wedding story, except possibly during wartime when patriotic feeling excused the reference to dress uniforms of military officers. But that may not be true much longer.

Lately I was told of a wedding where the groom and all his attendants wore crushed velvet suits of wine red, with ruffled shirts in rose color and wine satin ties.

As a society reporter from years back, I don't see how you could leave out such colorful description. The bridesmaids in all their glory couldn't have been arrayed in much more than that, and it's always apropos to recount details of their dress as well as the bride's.

The society writers of America may have to ask Amy Vanderbilt for a ruling, but pending that, if men in a Hereford wedding sport any such outfits and I hear about it, they are going to get their ruffles in the paper along with the flower girl's.

By the way, this is no criticism of bright clothes for men; personally I like 'em, for weddings or otherwise.

WHILE MARY JOE GODWIN was here for a holiday visit from Scottsdale, Ariz., an informal lunch on Saturday before New Year gave her friends in Music Study Club a chance to talk with her a while

30 Poles take one-way trip to Sweden

About 30 people have detected and asked for political asylum in Sweden during weekend tours from Poland which started last September, it was revealed recently.

The tours were organized jointly by Orbis, the Polish tourist agency and by the travel agency of the Swedish State Railways.

at Bob's Barbeque. She was president of the club before she left Hereford, and the members were naturally pleased to share her enthusiasm for chances she has had the past months to sing with an opera company appearing at Phoenix, as a member of a civic chorus there.

Guests at the lunch with Mary Joe were Carlie Burdett and daughter Bliss, Marcella Brady, Linnie Mae Roberson, Calla Mountz, Alva Peeler, Grace Coombes Charisse Young, Evelyn Hacker, Frances Dameron, Roberta Wilson, Ruth Allison, Dessie Mae McCracken and Ruby Carmichael.

WEATHER IS HAVING all sorts of odd effects on travel, what with fog, freezes and recurring blizzards; although she flew to the West Coast for a Christmas visit, Kathlee Palmer came home in a bus because flying prospects didn't look good the first of this week.

She enjoyed the ride from Los Angeles, she says; the bus was very comfortable and she didn't have to wonder if the next airport would be fogged-in, and she got a different view of the country. Now she is talking of taking the reverse trip by bus, to see other places by daylight.

She had attended in Beverly Hills the annual convention of the National Association of Teachers of Singing, which began just after Christmas and continued through the week.

Hearing programs of music by famous artists and talks by experts in her field of course interested the Hereford voice teacher, and she also enjoyed meeting old friends, including the singer Frederick Jagel, whom she has known a good many years and who was a speaker.

Her trip to the convention followed a Christmas visit with her son and his family in Seattle, where her two small grandchildren added to her holiday pleasure.

Mrs. Carl W. Hoffmann Jr., nee Shannon Wilson

Eastland Bride Has Grandparents Here

Miss Shannon Wilson and Carl William Hoffman Jr., both of Eastland, were united in marriage Saturday in the home of Mr. and Mrs. H. Thomas Wilson of Eastland, the bride's parents, formerly of Hereford.

C. C. Rockwell, paternal grandfather of the bride and Mrs. Charles E. Hood, maternal grandmother of the bride, are residents of Hereford. The Rev. Robert W. March, pastor of the First Presbyterian Church read the double-ring ceremony.

Miss Victoria Wilson, sister of the bride, attended as maid of honor, with William H. Hoffmann, brother of the bridegroom, serving as best man.

Given in marriage by her father, the bride wore a gown of ivory satin fashioned with appliques of embroidered lace on the net empire bodice with duchess neckline and long tapered sleeves. The skirt, with chapel length train, had lace appliques and was striped

with rows of pearling. Her veil was held to a beaded headpiece. She carried pink camellias and white minuet roses tied with pink and white ribbon streamers.

The maid of honor wore deep pink velvet with empire waistline, shirred bodice and short sleeves. She wore a headpiece of flowers and carried a nosegay of pink rosebuds and carnations.

Wedding musical selections were by Steven Zell and the Mel Sandler Trio of Abilene.

After a trip to Lake Tahoe and San Francisco, the couple will be at home in Eastland, where Hoffmann is owner and operator of Poe Floral.

The bride is presently enrolled at Tarleton State College in Stephenville, has attended Texas Tech University and graduated from Cisco Junior College where she was on the president's list.

The groom is a graduate of Peacock Military Academy and

OFF ON TOUR—Jennie Phillips will leave this morning on a tour of Hawaii with a group of hairdressers from Texas, Oklahoma and New Mexico. They will spend eight days in Hawaii, with trips to several of the islands and entertainment including luaus, boating and swimming. Miss Phillips is a hairdresser at the Beauty Shack here.

Mrs. Ron R. Hale, nee Darla Springer

(Bradly photo)

Wedding Held In Church

The marriage of Miss Darla Ann Springer and Ron R. Hale of Harlingen was solemnized with a simple ceremony in the First Baptist Church Thursday, with Dr. Gerald Mann, pastor, officiating. The couple was unattended.

The bride's mother is Mrs. Louise Springer of 122 Beach. Mr. and Mrs. Robert Hale, the bridegroom's parents, are of Lakeland, Florida.

The couple will be at home after Jan. 8 in Harlingen. The bride attended West Texas State University and is a 1972 graduate of Hereford High School.

Hale is employed with A. & P. Tea Company in Harlingen. He served two years in the United States Army including duty in Europe. He is a 1964 graduate of Lakeland High School.

EEL BUSINESS

Eel rearing is a multimillion-dollar industry in Taiwan, according to a recent report.

Water District Election Tuesday
An election to name a new district director and 12 county committeemen for the High Plains Underground Water Conservation District No. 1 will be held Tuesday.
Billy Wayne Sisson of Hereford is running unopposed for his second two-year term as a member of the District's board of directors.
Deaf Smith candidates seeking election to the county committee are James E. Higgins (Precinct 1), Garland Solomon (Precinct 2), and W.L. Davis (at large), all of Hereford.
The county clerk's office at the court house will serve as the polling place for the election here.

CARROT CAKE

CLIP 'N' COOK
Copy News Service

- 2 cups sifted all-purpose flour
- 2 cups sugar
- 2 teaspoons baking soda
- 2 teaspoons salt
- 1 tablespoon cinnamon
- 3 cups grated carrots
- 4 eggs
- 1 1/2 cups salad oil
- 1 cup nuts

PREHEAT OVEN TO 350°. Sift dry ingredients into a large bowl and set aside. In blender container, blend 1 cup carrots with an egg and 1/2 cup oil. Repeat twice, adding nuts and extra egg during last blending. Combine with dry ingredients, mixing well. Pour into a greased 10-inch tube pan. Bake at 350° for one hour. Cool and frost. To make frosting: Cream butter and cream cheese together. Blend in confectioners sugar and vanilla until smooth. Spread on cake. Makes one large cake.

CREAM CHEESE FROSTING

- 1/2 cup butter or margarine
- 1 (8 oz.) package cream cheese, softened
- 1 (1 pound) box confectioners sugar
- 1 teaspoon vanilla extract

Red Cross language banks provide emergency aid

FRENCH RABBITS

A recent report states that the income of French rabbit breeders — over half a billion dollars per year — is somewhat higher than that from the country's production of chickens, and equal to that of eggs.

Love made a fool of Russ computer

A computer in Siberia which was perfectly rational and sane when operated by men, recently started telling lies and giving absurd answers to the simplest questions when approached by women.

Scientists, called in to solve the problem of the computer's love for women, determined it was a matter of static electricity, set off by synthetic fabrics in the ladies' dresses.

Women's Division, C Of C, Set For New Year

OUTSTANDING WOMAN of the year will be designated by the Women's Division, Deaf Smith County Chamber of Commerce, at its January membership dinner Tuesday, when Mrs. Rex Lee will assume the presidency and other officers are to be elected for the new year.

PAST SERVICE in office and committee posts has prepared Mrs. Lee for her new duties, to which she was appointed by the C of C board. She is pictured in her home at 304 Centre, standing beside a striking figurine holding peacock feathers, which faces the front door.

ONE TASK ENDING, Mrs. Kester, right, has already begun another as director of the Miss Hereford pageant which the Women's Division will sponsor again in the spring to send a representative of the city to the Miss Texas Contest. A term in office is also closing for Mrs. Stan Knox, left, first vice president.

AWARD WINNER as the Outstanding Woman of 1971 was Mrs. Jack McKinster, shown here accepting the cup at last year's dinner from Mrs. Shepard Townsend, who was president that year and parliamentarian in 1972.

Early '73 Bride

Mrs. Travis R. Bentley
... nee Diana Hickman
(See Story Inside Page This Issue)

RESERVATIONS for members and their guests may be made Monday by telephone to the C of C office, to Mrs. Lee or the retiring president, Mrs. Lynn Kester. The dinner will begin at 7 p.m. Tuesday in the Caisson House. A style show and music are scheduled for entertainment.

DIRECTORS of the two principal areas of Women's Division work in 1972 were Mrs. O.H. Culpepper, left, fine arts director, and Mrs. Tom Draper, right, public affairs director. They enjoy coffee with Mrs. Roy Faubion, who has completed a term as secretary after that office was vacated when a member moved from the city.

CONTINUING in office for a second year is Mrs. Bill Lamm, seated, second vice president who serves as membership chairman. She checks rolls with Mrs. Bob Hardin, secretary at the C of C office who acts as the Women's Division treasurer.

The Sunday Brand

(Section Two)

Hereford, Texas, Sunday, January 7, 1973

Diana Hickman Is Bride In Candlelight Ceremony

LATELY MARRIED—Mr. and Mrs. Juan Benavidez are at home here after a pre-Christmas marriage in the home of the bride's parents, Mr. and Mrs. Francisco Beltran, in Edinburg. Mrs. Benavidez is the former Miss Janie Beltran, a teacher at St. Joseph's Development Center here. The bridegroom is the son of Mr. and Mrs. Teodoro Benavidez, 315 Avenue E, and is employed as a welder by Hereford Feed Yards. He is a graduate of Hereford High School and the bride of Edinburg High; she also attended McAllen Business College. Her cousin, Miss Melba Reyes, was maid of honor at the wedding and his father served as Benavidez' best man.

Framed by double spiral candelabra holding white tapers, white gladiolas and chrysanthemums were arranged with green leaves as the background for a Saturday afternoon wedding service for Miss Diana Lynn Hickman and Travis Ray Bentley.

White satin bows and ropes marked the central aisle of First Christian Church where the Rev. Gene Brink, pastor, directed the exchange of vows. The couple knelt on the white satin cushion of a bench at the altar and the bridal party walked in processional on an

aisle runner of the same fabric. Miss Hickman, who has been residing at 1008 Alabama, Amarillo, is the daughter of Mr. and Mrs. J.R. Hickman, 814 Avenue K. Bentley's parents are Mr. and Mrs. Robert Flippin of Amarillo.

Her father gave the bride in marriage, and her maid of honor was Miss Dee Ann Dewey of Amarillo. Best man was the bridegroom's brother Jerry Bentley of that city.

Sisters of the bride, Misses Becky and Susie Hickman, were bridesmaids with Mrs. Jerry Bentley. Groomsmen were Mike Eubanks, Fred Nunley and Donnell Fuller, all of Amarillo. Susie Jordan of Hart was the small flower girl.

Bob Mosley and Mike Mooney were ushers who lighted altar candles before the ceremony; Mickey Taylor also was an usher.

Musical selections included Wedding Dedication, Twelfth Never and The Greatest Of These. Miss Jane Lyons was vocal soloist and Mrs. Joe Hacker the organist.

The bride's gown of candlelight lace had a taffeta cummerbund at the natural waistline, a wide taffeta ruffle at the bottom of the fully gathered skirt and narrow ruffles at the wrists. The fitted bodice was styled with high V-neckline.

A headpiece of the lace,

embroidered with seed pearls, held the illusion veil edged with Alencon lace which extended to form a cathedral length train. Her bouquet of sweetheart roses and white carnations with bridal wreath and stephanotis was carried on the Bible which her mother carried as a bride. "Something old" in her costume was a diamond and sapphire bar pin belonging to her grandmother, Mrs. Julia Hickman.

Miss Dewey wore a cap-sleeved and scoop-necked dress of burgundy crepe, floor length, with headpiece and brief veil in matching shade. The three bridesmaids were similarly dressed, but in pink. Each carried a white fur muff with pink and burgundy carnations in a cascade.

The bride's mother chose a dress of oyster crepe with accordian pliated floor length skirt and matching jacket with pink brocade on sleeves and collar, and a pink satin blouse. Mrs. Flippin was gowned in pink crepe, the bodice overlaid with lace in the same shade and the long skirt accordian pleated.

At the reception in the church fellowship hall, the bride's table was decorated with pink and burgundy carnations and the tiered all-white cake embossed in rose design. Miss Linda Smith of Amarillo served the cake and Mrs. Sherry Marshall of Andrews the punch.

A cutwork linen cloth over pink covered the table where the groom's cake was served by Miss Lyons while Miss Charlotte Williams poured coffee. Reception hostesses included Mmes. Mack Ragsdale, Flake Barber, Delmo Williams, George Warner, Calvin Goodin and Dwaine Walker.

Leaving on a trip to the Red River area of New Mexico, Mrs. Bentley had changed to winter white wool coat and dress ensemble with corsage of sweetheart roses.

After mid-January the couple will be at home at 104 North Western in Amarillo. The bride is employed by Sears store there, and is a junior student at West Texas State University. She is a graduate of Fairfax Hall in Virginia and has attended Amarillo College.

Bentley, an employee of Palo Duro Heating and Air-Conditioning, was graduated from Amarillo College and from Tascosa High School.

In addition to the bridegroom's relatives and numerous friends from Amarillo, out-of-city guests at the wedding included Mr. and Mrs. Guy Hancock of Coolidge; Miss Cheryl Bennett of Vancouver, B.C., Canada; Mr. and Mrs. Don Bentley, Donna Bentley, Mr. and Mrs. Steve Marshall of Andrews; Mr. and Mrs. L.J. Jordan of Petersburg

and the H.A. Tuck Jr. family of Midland.

Out-of-town guests and wedding party members were entertained after the reception with dinner in the home of the bride's parents. Mrs. Norma Huckert, Mr. and Mrs. Bob Hughes were hosts.

Pre-nuptial entertaining ended with the rehearsal dinner Friday evening, when the bridegroom's parents were hosts at Dickies Restaurant, and the bridesmaids' luncheon earlier that day given by Mmes. Mary Carter, Charles Burk and Leroy Williamson.

Showers complimenting Miss Hickman before her marriage included one in the home of Mrs. Calvin Goodin in Hereford, others in the homes of Mrs. Dean Cristy and of Miss Dewey at Amarillo, and a kitchen shower and salad supper given by Sears employes there.

The engagement was announced to friends in Amarillo at a luncheon with Mrs. Flippin as hostess.

Comings and Goings at King's Manor

Miss Beulah Duensing has as guests Mr. and Mrs. Carl Schmalenberger of Vincent, Iowa. Traveling by automobile they were planning to visit also at Earth and Littlefield. Also Miss Duensing had as guests Mrs. May Simpson and her son, Fred G. Simpson, from Matador and Mrs. C.P. Seipp of Plainview.

The residents of Westgate Nursing Home closed their entertainment program for 1972 Saturday afternoon with a tea party in the dining room under the auspices of Kings Manor Auxiliary. With these festivities that now become pleasant memories they will look forward to even greater pleasure and fellowship during the coming year.

New Year's Dinner was

celebrated with family gathering Monday in the Flame Room for Lena Menefree. Due to bad weather only 25 were present. Out of town guests were Mr. and Mrs. J.S. Menefee of Friona; grandsons' families, Keith Menefee and family from Lazbuddie, Dwain and family, near Friona, Rondal Long and wife, Amarillo; granddaughters from Plainview, Mrs. Norman Wright and Mrs. Bill Zeeck, and their families.

On January 3 J.C. Allred occupied himself crushing nuts for the birds, since ground was covered with blanket of snow.

Rainbow Girl Officers Are Named Here

Three officers were elected in the Hereford Assembly, Order of Rainbow for Girls, at a business meeting Tuesday evening, and plans were announced for installation ceremonies Jan. 20.

Patsy Brownlow was named to the office of faith, Carol Vogel recorder and Becky Oglesby treasurer. Melissa Johnson, now worthy associate advisor, will take office as worthy advisor succeeding Denise Strange, and will appoint a full staff of officers of her administration.

Announcement was made of a school of instruction to be held Feb. 3 in the San Jacinto Assembly at Amarillo. Rose Warren was elected to receive degrees at the next meeting, Jan. 15.

PASSENGER TRAIN
On Dec. 25, 1830, the first regularly scheduled passenger train service in the United States using steam power opened at Charleston on the South Carolina Railroad, with the 3½-ton U.S.-built locomotive Best Friend of Charleston.

Asia Missionary Will Speak At Assembly Of God

Due to leave later this month for missionary duty in South Vietnam after serving in Malaysia and Singapore, the Rev. Glenn D. Stafford, an Assembly of God missionary will be a guest speaker at the 7 p.m. service today in the Assembly of God Church on East 15th.

A color film showing the plight of war victims and refugees in South Vietnam will be shown. Stafford, whose missionary work since 1957

included seven years as superintendent of the Assemblies of God in Burma, was lately transferred to South Vietnam to help organize new work begun there by the church only last August.

Mrs. Stafford and their three children have also been active in Bible school work, evangelism and establishment of churches during previous terms in Southeast Asia.

The oldest daughter will attend Evangel College in

Springfield, Mo., while others in the family leave New York Jan. 25 for the new assignment. Another daughter and a son will attend Dalat School for missionary children in Penang, Malaysia.

Pastorates in Amarillo and Lubbock were held by Stafford before his assignment to mission work. He is a graduate of Southwestern Assemblies of God College in Waxahachie and did postgraduate study at West Texas State University and Texas Tech.

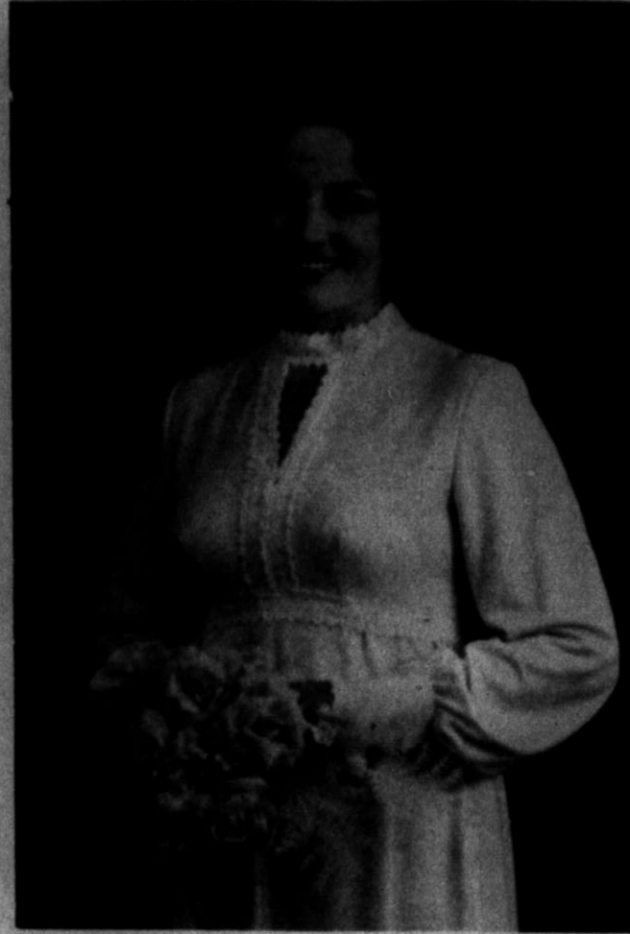

Glenn Stafford Family

Avenue Baptist Schedules Study

Avenue Baptist Church will conduct a Bible study on the New Testament Book of Galatians, beginning Jan. 24.

The public is invited to attend all or part of the three-part study series.

The guest teacher for the study will be Dr. Fred Howard. Dr. Howard is professor of religion and Greek at Wayland Baptist College and a well-known author and lecturer in the Panhandle area.

Mrs. John Fink ...nee Beverly Barrett (Bradly photo)

Couple Making Home Here After Marriage

Mr. and Mrs. John Fink are at home in Thunderbird Apartments, No. 8, after a trip to New Mexico which followed their recent marriage in the Presbyterian Church. The bride is the former Miss Beverly Barrett.

Parents of the couple are Mr. and Mrs. Richard Barrett, 210 West Fifth, and Mr. and Mrs. John Fink of Greybull, Wyoming. The Rev. Russell Wingert, pastor of the church, conducted the morning wedding ceremony.

Mrs. Ronnie Osborn attended the bride, her sister, as matron of honor and Jack Wade served as best man.

A wedding candle was set in greenery at the church altar with two smaller candles on either side.

Wedding music was by Mrs. Tony Calkins, organist, and Miss Jane Lyons, vocal soloist.

Of white silk jersey, the bride's dress was in empire style, the waistline outlined with a band of the lace which bordered the bodice at center front and formed a wedding-ring collar above a narrow V-neckline.

Long sleeves were fully gathered to wide cuffs and the skirt fell toe-tip length in soft gathers. She wore a white velvet bow in her hair and carried a bouquet of mixed flowers tied with green ribbons. Her grandmother's handkerchief was her luck piece. Mrs. Osborn was dressed in green and her flowers were

similar to the bride's, but in a smaller bouquet.

The reception was in the Osborn home where Miss Bea Barrett, aunt of the bride, served the wedding cake and Miss Betty Barrett poured punch. Guests were registered by Miss Linda Wilhite.

Pink roses and fresh foliage decorated the three-tiered cake, and the bride's bouquet was placed in the center of the table.

Mrs. Fink is teaching in Shirley Elementary School for her third year and holds the BS degree in elementary education from West Texas State College. She is an active member of Alpha Iota Chapter, Beta Sigma Phi.

Employed with Holly Sugar here, Fink is a graduate of Greybull High School.

Wedding guests from other cities included the Stan Barretts, Mrs. Max King and sons, Mrs. Den Box and son of Mulleshoe, Mrs. W.E. Gillespie and Mrs. Mike Dougan of Amarillo.

In 17th century England, a pound of sugar cost 14 chickens.

Shower Honoree Is Kathy Duncan

A compliment to Kathy Duncan, bride-elect, was a shower and tea Friday afternoon in the home of Mrs. J.E. McCathern, Jr. Miss Duncan and David Boyd of Gruver, both students in West Texas State University, are to be married Jan. 12.

She and her mother, Mrs. G.W. Duncan, were joined by Boyd's mother, Mrs. Harold Boyd of Gruver, in greeting guests at the shower. Mrs. McCathern was at the door.

Karen Poston invited callers to register. Joy McCathern and Sue Shirley served tea from a table centered with an arrangement of candles and flowers in orchid and pink shades, which will be used in wedding decoration.

Hostesses with Mrs. McCathern were Meses. G.W. McCathern, Norman Hodges, Cecil Hart, Frank Zinser Jr., Bill Wall, Carlisle Sargent, Johnnie Townsend, Leroy Bodkin, Charles Packard, Ralph Packard, Tom Draper, L.B. Worthan and Harley Ward. Guests from Gruver were

Mrs. H.L. Boyd, grandmother of the bridegroom-elect; Mrs. Don Burk, his sister, and Mrs. Etta Beck.

The marriage is to be solemnized here in Avenue Baptist Church.

"I have always thought that every woman should marry, and no man." (Benjamin Disraeli)

Proposals Framed In Committee For Jaycee-Ettes

Nominations were made for the 1973-74 officers of the Jaycee-Ettes during a Constitution Revision Committee meeting Wednesday in the home of Mrs. Bill McKinney, president Mrs. John Bunch and Mrs. Dan Warrick were members attending. These nominations will be presented in February.

The revised local constitution will be presented at the regular business meeting in February, and will be voted on. If approved they go into effect immediately.

Next meeting for the Jaycee-Ettes will be 7:30 p.m., Tuesday in the home of Mrs. Dale Smith, 530 Ave. G.

That Decent Wage

"Everybody's entitled to a decent wage." How often do we hear that phrase today? And how many people really stop to think about its full implications? Very few, I fear. Rather, many tend to confuse the desirable with the possible, which leads to demands for the desirable but impossible.

Let's assume we could reach some kind of agreement on exactly what level of income constitutes a "decent" wage and that's a pretty big assumption. We would then undoubtedly discover that many citizens are making less.

If these people are "entitled" to more, then the additional money must be found to pay them. But where?

Keep in mind that money only represents the quantity of goods and services that a society is capable of producing. Therefore, you cannot just "print" extra money. That would increase the supply of money, but not the supply of things to spend it on. The inevitable result is inflation: Prices go up, and the larger quantity of "new" money will buy no more than the smaller quantity of "old" money would have.

Now, back to the "where?". Significant extra money for the low-paid can come directly only from two sources: Society (the government) or employers.

Because we have a competitive economic system, an employer cannot pay more for work than the work is worth to his company (he may pay his son-in-law more than he's worth—which is really a form of charity—but he cannot afford a total payroll that is substantially out of line with the value of the labor it represents). The individual employer who pays more than market value for labor, or for any other raw material or service, will increase his expenses relative to those of his competitors, and most likely go out of business.

On the other hand, if all employers raise wages simultaneously, then most prices would have to rise to provide the money to pay the increase (inflation,

again) and everybody would be back roughly where they started.

Suppose the money comes from the government. Since it is futile for the government simply to print the extra money, it must get it by either borrowing it or taking it from others (a tax increase). Borrowing has its limits, obviously. Sometimes it causes no harm; at other times (when the economy is operating at full steam) it can cause inflation. So it is, at best, a temporary expedient.

That leaves a tax increase. Soak-the-rich is always a tempting idea, so long as we define "rich" as anyone making more than we do.

But, can enough be squeezed out of the rich? Based on 1970 tax figures, the facts are surprising.

If the total taxable income for that year, before taxes, in the brackets over \$20,000 were equally distributed among our population, each person would receive \$500.

If the total taxable income, before taxes, of those making over \$10,000 were distributed equally, each person would receive \$1,373.

(And, of course, if we took all the income from people in these brackets, then someone would have to support them.)

So, without even considering what's fair, or what effect such a policy would have on incentive, it is obvious that there isn't enough money in the hands of the "rich" to go around. That's why schemes to "redistribute the wealth" won't work.

It might be possible to tax the \$8,000-a-year man heavily enough to help the \$4,000-a-year man. But would the \$8,000-a-year man put up with it? Should he?

Demands that a "decent" wage be created out of thin air are well-intentioned, but also a waste of time as well as a source of friction and misunderstanding. There is only one way to provide more for everybody: Increase productivity. That is, we must learn to produce more goods and services for the same or less effort. As a group, we cannot give ourselves anything we have not first earned for ourselves.

MAIN STREET, U.S.A.

Business Trend To Continue Its Rise

Washington, D.C.—Business will continue its rising trend in 1973, forecasters from government and industry agree, despite the dampening effect of a fat Federal deficit and further inroads from inflation.

The consensus of economists is that the Gross National Product will rise about 9.5 percent to a record level of about \$1,200 billion. About 3.5 percent of that will represent rising prices, the experts think, although the nature of controls over prices after April is in doubt.

Final figures on retail sales during the Christmas season are not available but are expected to chalk up a gain of at least 10 percent. An abnormally high rise of 11 percent in consumer after-tax income in the first six months of 1973 makes the retail outlook bright indeed.

Recent surveys have shown a strong rise in consumer confidence and a willingness to make major purchases, such as automobiles and appliances. Car sales, including trucks and recreational vehicles, were at a record level of about 13.5 million units in 1972, and Chrysler Corp. President John J. Ricardo expects that mark will be at least equalled this year.

U.S. Chamber of Commerce predicts that corporate profits after taxes will rise 12 percent in 1973, on top of the largest

increase since 1965—15 percent—in 1972. Many corporations are nearing their allowable profit margin ceilings, and much will depend on what Congress does on economic controls. The Nixon Administration is now making up its mind what to seek but Congress will make the decision.

Housing Boom Won't Bust
Unit 1971, housing starts never topped the 2 million mark. Last year, contrary to most predictions, the uptrend continued and a second straight record of about 2.4 million starts was achieved. Now government and industry seers forecast a third straight 2 million year, although perhaps 10 to 15 percent down from 1972. That cannot be regarded as a serious slump, since it will be the second highest level in history.

Assistant Secretary of Commerce Harold C. Passer believes that homebuilding activity is stabilizing at a high level. In the past, housing booms have been choked off after a year or two by a shortage of mortgage funds. Dr. Passer thinks a balanced monetary and fiscal policy can be maintained, allowing a relatively smooth flow of mortgage money.

A spokesman for the Federal Home Loan Bank Board commented that "the continued strength in multi-family housing is one of the biggest surprises in the entire economic picture." However, he foresees "a somewhat reduced volume of apartment construction" in 1973 because of over-building in some areas.

The building boom has led to material shortages, and a scarcity of skilled workers. Both factors adversely affect prices charged the public. Industry guesses are that construction costs will climb another 10 percent this year, and the price of land 15 percent.

Will There Be Strikes?
Major strikes, or inflationary labor-management settlements to avoid them, could adversely affect the generally rosy outlook for 1973. Contracts expiring this year cover 4.5 million workers—60 percent more than in 1972.

The tug-of-war between unions and corporations will be affected by numerous factors, particularly the decision by Congress on economic controls. Other influences include the partial rapprochement President Nixon has achieved with some AFL-CIO leaders, and the good outlook for business profits. Most observers are hopeful that major strikes can be averted, and also inflationary settlements.

If so, and if the economists are right on their other predictions, it should be a Happy New Year.

THE BOOTLEG

—Philosopher

Dear editor:

Televized football is too good a thing to lose and after working my way through all the post-season and play-off games last week I'm getting concerned.

Like the fruit-starved kid found out Christmas after he ate 14 oranges in a row, you can get too much of a good thing, and if the football promoters keep pouring games at us in one wad the same thing is going to happen to us.

So I got to thinking. As you know, the Reader's Digest found out years ago that nobody could read all the magazines published and most articles are too long anyway, so it started picking out the most interesting pieces and condensing them to manageable form, with tremendous success.

Now in the average football game I'd say there's only about 15 minutes of exciting play, regardless of how loud the announcers raise their voice. The rest is a half-yard plunge into the line, times-out while the quarterback trots over to consult with his coach, incomplete passes, long huddles, interruptions for commercials, boring half-time shows, etc.

The thing to do is play all the games in the morning, cut the film down to the exciting parts, and run say two hours that afternoon of the best parts of four games.

This way a man could see maybe twelve games over the week-end unbored, whereas now it's all he can do to crowd in four or five and he comes out pretty groggy besides.

As for commercials, that's another problem, but I suppose you could switch them for a change to newspapers, inserting ads right into the sports writer's account of the game. It would go like this: "Catching a down and out pass on his own 30, Bob Hayes headed for the sideline, then cut back (For a shave so smooth you can feel the difference, try triple-edged blades made from British swords) and had daylight between him and the goal line when (Quiet is the sound of an empty billfold, charge it at Joe's Hamburger Palace. There's one near you, or will be soon, he dropped it.)

We've got to save televized football. Sports writers will have to look out for themselves.

Yours faithfully,
J.A.

Opening The Jail

It is no secret that one reason so many prisoners are let out on parole in our own Texas prison system is that more prisoners are brought in than there is room to take care of them.

The state of Florida is in a crisis now because their prison cells are full and overflowing and there is no room to take prisoners being sent there daily by the state courts.

With the abandonment of the death penalty, criminals seem to be more daring in committing capital crimes and the only thing to do with them when caught is to lock them up.

The American Trial Lawyers Foundation has completed a lengthy study in which the conclusion is reached that putting a person in prison does not solve the problem of crime. This report deplores the fact that more than 200,000 human beings will be sleeping tonight in cages of one kind or another.

The legal report would do away with

prisons, acting on the theory that imprisonment does not cure a criminal and that it is unfair to impose restrictions upon the prisoner. It is asked: "Why strip the prisoner of his right to read, to have normal sexual relations, to communicate, to work, to earn, to walk, to contribute financially and economically to his family and his nation?"

Gerhard Mueller, professor of law at New York University, read the report at the lawyers conference. Mueller says that prisons don't work and should be abolished. He would insist that prisoners perform some sort of useful work, but would generally allow the prisoner to be free to do whatever he wanted to do.

This report shows how far we have gone in this country in our ideas of rewards and punishments. It is outrageous to become so concerned over the rights of prisoners and so callous toward the rights of those whom they murder, rob, rape and assault.

Maybe prisons do not rehabilitate a criminal. So what? It is of the utmost importance that those who destroy the life, liberty and property of others should be restrained from doing so. In an earlier, more primitive time, the solution was to kill off the lawbreakers.

Instead of working toward making prison more like a country club, we should be working to make imprisonment even more uncomfortable than it is.

There is no reason to shed tears over the plight of those who break our laws. The criminals, upon conviction in a court of law, have lost any claim to their "rights" that they once had.

Until lawbreakers are punished, and taken out of circulation on a more permanent basis, then society itself is in danger.

Talk of Texas

BY JACK MAGUIRE

HOW IT BEGAN—Texas' system of roadside parks (now the largest and best in the U.S.) began in 1930 when Fayette County residents decided they would like to have a picnic spot along State Highway 71.

They offered to donate 1.31 acres of land for the purpose provided that William Pape, Sr., foreman of the local highway district, would install a cluster of benches and tables at state expense. He agreed and the first roadside park in Texas was dedicated.

Gibb Gilchrist, then the state highway engineer, was so taken with the idea that he directed his staff to look for additional park sites that could be acquired without cost. By 1940, more than 500 roadside rest stops had been built with funds and materials left over from highway construction.

Today there are almost 1,100 parks, rest areas, scenic turnouts and overlooks along Texas highways. All have picnic facilities, many have drinking water and a growing number have rest rooms.

IT'S A FACT—Fishing may be recreation only to most Texans, but for 6,220 others it is a livelihood.

Only three states—California, Alaska and Louisiana—produce more fish for the commercial market than does Texas. Last year, \$70 million worth of fish from Texas waters went to market. Most of this catch (\$64 million worth of it) was shrimp taken off the Gulf coast.

REMEMBER WHEN—Ice came in 25 and 50-pound blocks instead of cubes? And it was delivered daily in a red wagon pulled by two dapple gray Percherons?

In those days, the ice company furnished a card with the numbers 25, 50, 75 and 100 printed in large black figures. The housewife notified the iceman how much of his product to leave that day by putting the card in the front window with the desired number on top.

Refrigerators were non-existent then. Ice was kept in an ice box—a large wooden chest heavily insulated and lined with zinc or galvanized iron. Ice went into a compartment on top; food was kept in the one below.

As the ice melted, it dripped through a pipe and into a pan underneath the chest. Emptying the ice box pan was a necessary daily ritual.

WHAT'S A NAME!—When a new town was established before the turn of the century on the Matagorda County ranch of Jonathan and Shanghai Pierce, the brothers were so delighted that they wanted to name it "Thank God."

The postal authorities apparently decided that this was sacrilegious and turned down the suggestion. They compromised by naming it "Blessing"—and so it is today.

TEXAS FIRST—Mrs. Lallie P. Briscoe of Greenville may have been the first woman to hold an elective office in Texas.

On April 17, 1902, she was appointed clerk of Hunt County by the Commissioner's Court to complete the term of her husband, E. W. Briscoe, who had died in office.

From The Brand Files.....

65 YEARS AGO

At a meeting of the stockholders of the Panhandle Short Line Railway Company in the First National Bank building, Wednesday, important business was transacted pertaining to the road...The Brand is authorized to announce W.M. Cogdell as a candidate for re-election to the office of Clerk of Deaf Smith County...Now is the good time to plant fruit shade and ornamental trees.

50 YEARS AGO

The last official act necessary to insure the Ozarks Trails route for Hereford was taken at Monday's luncheon at the Stockmen's Cafe when the Hereford Chamber of Commerce voted to accept the proposition of the Trails officials for a three year program.

35 YEARS AGO

Two weeks of vacation behind them, Hereford school children will parade back to their class rooms Monday morning to resume where they left off Dec. 21...Precinct 4 of Deaf Smith County will vote on "hog Law" January 26... Ten years ago they would not have been recognized as things of this world, even today they are so new and different that everyone marvels. The subject, of course, is the 1937 automobile.

20 YEARS AGO

With irrigation well spacing scheduled to go into effect on Feb. 1, producers in Deaf Smith County face in 1953 the first actual restrictions seen in the High Plains area...A list of 19 new registrants was announced this week at the local selective service board...Probability of one of the largest potato crops ever seen in this area was forecast this week.

10 YEARS AGO

A Deaf Smith County 4-H club boy won his first major state award as he was named top area and state producer in the 1962 Texas Hybrid Grain Sorghum Program...The fire siren atop Hereford's City Hall has been in semiretirement for a year now as Hereford Volunteer Firemen are summoned to fires by a modern radio alarm system.

By the Garden Gate

With Glad

By Mrs. Art Manjeot

The morning of December 24th was a beautiful morning. The eastern sky was an effervescent rosy glow.

As my sister, Mrs. Pink H. Gilliland, and I turned onto Interstate 40 and faced toward the east I think I have never seen a lovelier sight.

The sun's golden rays had become interspersed with the rosy glow of the dawn, and the lights along the highway reminded one of brightly gleaming precious stones. All of this added to the happiness of the hour. Flight 164 was right on time, and the takeoff into the blue sky was thrilling.

As usual I studied the terrain of the land as long as I could, and among the things I saw were many pools of water. Lakes, water drains, an some running streams.

As we approached the Lubbock area I particularly noticed that many of the cotton fields were still white with the unharvested cotton. Making the pattern even more beautiful were the wheat fields, with their lush green. Pretty to look upon. Flight to Big D, was very smooth and uneventful.

In the airport at Love Field, one really felt the spirit of Christmas. Seemed people were more courteous, more thoughtful, and really were not hurrying as I had anticipated.

In truth the "Halls Had Been Decked" with many kinds of Christmas greens. Potted poinsettias were used extensively, as were huge box-wood wreaths, gaily tied with large bows of red ribbon. Mistletoe was in evidence too.

On each of the flights that I was on, the airplanes were also decorated very attractively, and refreshments were served with gaily painted Christmas motifs on the service pieces.

The personnel of the flights added to our happiness by being courteous, thoughtful and helpful. They showed concern over three little Chinese children, who were with their (small) mother enroute from Atlanta to New York.

They were hungry and meals were not served on this flight, so the stewardess and pilots took special pains to aid the little mother. One of the pilots suggested he would get off the plane the next stop and get some milk for the children.

Others on the plane offered cookies and candies. The little ones ate and had fun taking down the decorations and replacing them. Finally the baby curled up in a warm little bundle and went peacefully to sleep.

The mother was not neglectful. She thought there would be meals served, and did not ask for information before she boarded the plane. She had not traveled in U.S.A. very much and was a bit confused...but many kindnesses were shown her and the little ones.

After leaving Texas we flew in a heavy, cloud cover, but when the planes gained their flight altitude we were out in the beautiful sunshine, completely surrounded by massive cloud banks which were spectacular in beauty.

As we were being searched in Atlanta before boarding the plane, became acquainted with a young man that was coming to Ft. Lee. He overheard me tell my plan companion that my name was Manjeot, and at once asked me if I knew Col. Manjeot of Ft. Lee. Sure I did.

Well, he had been the Manjeot paper boy. We had a nice visit, and when we reached Richmond, were pleased to see our friends and loved ones waiting. The evening was cold and misty but our spirits were high, and our hearts happy. Lloyd Jr. and I played a game as we traveled the streets of Richmond and the highway into Ft. Lee. We discussed the Christmas decorations, and voted on the most beautiful, the most impressive and the neatest (his choice) ones.

Candles had been used more than any other decor. Seems it is traditional in Virginia. In the residential sections almost every home had one or more candles in the windows, many had these in the center of evergreen wreaths.

The White House used as their motif this year a green wreath in each window, centered with a lighted white candle, and the east entry had matching Christmas trees on either side, decorated in white and lighted with white lights.

Some of the large tobacco firms had used candles in pairs, in windows and along driveways or at entrances. The favorite of Lloyd Jr. was the one in which Peanut was featured; he and his dog Snoopy were waiting patiently by the dog house for Santa.

370 Coral Sea Drive was festive with color, lights and wreaths. The color scheme was predominately red and green with accents of gold. Inside the home Nativity scene and Christmas tree were the center of interest.

Their tree was almost perfect as to symmetry, and an added bit of interest was the tree ornaments which were selected in the various countries in which they lived, Germany, Italy, America, Okinawa, Taiwan and others, each an interesting study.

Rosemary had made some especially beautiful ones as eggshells, one was beaded, and had a niche in which a tiny baby doll was cradled. The background of the tree was a large window from which the woods, with stately pines standing sentinel could be seen.

The back yard had been beautifully lighted and the gleaming holly and other garden evergreens glistened and added a festive note.

Yes it was a happy Christmas time... And now as we face the New Year, what kind of resolves are we gardeners going to make? The following will perhaps aid in answering this question. The following appeared in both Washington and Richmond News Papers, and after having read and re-read them am passing them on to you.

1. Avoid loud and aggressive persons; they are vexations to the spirit.

2. As far as possible without surrender be on good terms with all persons. Speak your truth quietly and clearly and listen to others, even the dull and ignorant; they too have their story.

3. Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time.

4. Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is perennial as the grass.

5. You are child of the universe, no less than the trees and the stars; you have a right to be here.

6. Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors and aspirations, in the noisy confusion of life keep peace with your soul.

7. With all its sham, drudgery and broken dreams it is still a beautiful world. Be careful. Strive to be happy and to make others happy.

8. Be glad that you like the good earth and always reverence and be thankful for its yield.

9. HAPPY NEW YEAR. GLAD.

Club Celebrates Honor To Member

Presentation of the new edition of a national publication, Outstanding Young Women of America to Mrs. Danny Martin, the 1971-72 president of L'Allegre Study Club, featured the first 1973 meeting of the club Thursday morning in SWPS Company's Reddy Room.

Mrs. Martin is one of the young women listed in the volume, which carries a sketch of the activities of outstanding women over the nation. She was nominated by the club, which cited her community service and homemaking achievements as well as club work.

The book will be presented by L'Allegre club to Deaf Smith County Library. Mrs. Bill Warrick, president, voiced members' congratulations to Mrs. Martin.

Mrs. Marshall Wilson was hostess at the morning meeting and the program was given by a guest, Susan Robbins, special education counselor in the Hereford school system.

The speaker called the special education program "the most

misunderstood of any in the school system," as she explained its various facets and the services available to students. Most people believe that is concerned entirely with the mentally retarded, she said.

Miss Robbins told of training offered to children with various learning disabilities, brain damage, hearing and visual problems and other handicaps which may bar them from ordinary classroom study. She answered members' questions about recognizing a child's need for special education.

Announcement was made of a change in the place of the next meeting, Jan. 18. Mrs. Wesley Gulley will be hostess at Hereford Country Club at 9:30 a.m.

Others present Thursday were Mmes. Burns Hamilton, Dennis Lomas, Rudy Metz, Gerald Payne, Don Lowder, J.H. McCrary, Hazen Woods, Bobby Veigel, Alex Schroeter, Cameron Gaul, Dale Furr, Jim Conkright, Dennis Farley and Gulley.

Mrs. Danny Martin and Mrs. Bill Warrick...club member honored

Social Security

Social security retirement payments to most aged widows and dependent widowers will be increased in 1973, according to Travis C. Briggs, social

security district manager in Amarillo. Up to now, a widow's retirement benefit could be no more than 82 1/2 percent of the amount her husband would have received at age 65.

"But under new social security legislation, a widow who started getting benefits at 65 or later can get the same benefit that her husband would have received at 65," Briggs

said. "If she first started getting checks before 65, the benefit will be less than the full amount of her husband's benefit but not less than she was getting before."

"For example, a widow who started getting benefits at age 62 will now get 82.9 percent of her husband's benefit amount, instead of the 82.5 percent she receives under present law."

BRIDE IN RECENT WEDDING—Mrs. Lupe Vallejo is the former Miss Lydia DeLaCruz, who was married in a December 23 ceremony at the home of her parents, Mr. and Mrs. Jose DeLaCruz. Parents of the bridegroom are Mr. and Mrs. Filiberto Vallejo Sr. The couple is at home in Hereford.

Letter To Editor

Dear Editor,
Thanks to so many fine strong youngsters, Hereford's first skate-a-thon for Muscular Dystrophy was great!
If you weren't there to witness the affair, it would be hard for you to believe that the youngsters actually skated the full 13 hours, but they did. By 11:30 there were 14 youngsters still up on skates. Through elimination we awarded three, first-place prizes of \$15 each and 11 consolation prizes.
(The winners were 1st. Jean

Marquez, Joni Charrest, Donna Woodle; second, Vinzente Trezino; third Jana Baldeen; fourth, Merijido Dominguez; fifth, Louis Tijerina; sixth, Sherry Anderson; seventh, Sherry Greigo; eighth, Sonny Perez; ninth, Mike Dominguez; tenth, Rose Valdez; eleventh, Delma Sierra; and twelfth, Selma Bennett. The sportsman award went to Bob Hardin.)
So many people helped to make the skate-a-thon a success. Without E.C. and L.C. Hewitt we couldn't possibly have had it. They were just great to let us have it at the Playhouse Skating Rink. They both put out a lot of extra effort

to make it all worth while.
Special thanks to Joyce White, district director, Ray Billings, national youth committee, and Paul Schwartz, a volunteer worker — all from Lubbock — for coming here and helping us put on this event. Without their guidance and special help we couldn't have done it. They were great.
We would also like to thank "The Omega Steel and Company Band" for playing for the event. Their music added a special attraction to both the skaters and the watchers. Thanks fellows.
Thanks to all the mothers who consented to let their

youngsters skate all day. Some of them even brought down lunch to their youngsters while they skated.
We enjoyed having Betty Spring, Joey Mazurek, and Joe Armstrong, our patients, along with their families.
To the merchants, too numerous to mention, thanks for donating articles of merchandise, money and gift certificates for prizes. We certainly appreciated all of it.
On behalf of the Hereford Chapter for Muscular Dystrophy, I want to extend a sincere thanks to everyone who made the skate-a-thon such a success. Our grand total for the

Community Calender

FEBRUARY
1-Deaf Smith County Chamber of Commerce Banquet, Bull Barn, 7:30 p.m.
23 - Campfire Girls' father-daughter banquet in County Bull Barn, 7 p.m.
skate-a-thon was \$252.11.
Sincerely,
Donna Stengel

Former Resident, J.W. Thomas Dies

Relatives living in Hereford have returned after attending the funeral of J.W. Thomas of Fort Worth, a former resident of this city, who was buried Dec. 29 in Campbell Cemetery near Corsicana. He was the father of Mrs. R.L. Layman and Randy Thomas.
Mr. Thomas died Dec. 27 in a Fort Worth hospital. He was born near Corsicana March 26, 1900, and married there. The Thomas family came to Hereford from Amarillo in 1944 and he operated a grocery store here until about 1960.

In addition to his wife and the two children here, he is survived by another son, Harold, of Arlington, six grandchildren, three sisters and five brothers. One brother is L.C. Thomas of Corsicana, also a former Hereford resident.
MIRACULOUS TREES

Our Slogan "More People—More Farms"

SUNDAY, JANUARY 7, 1973

Our Story: PRINCE ARN SAILS AWAY ON THE LONG PERILOUS JOURNEY TO THULE. TOO LONG HAS HE BEEN STANDING IN HIS FATHER'S SHADOW. NOW IS HIS OPPORTUNITY TO PROVE HIS MANHOOD.

PRINCE VALIANT HAS RESCUED THESE TWO FROM DANGER; THEREFORE, HE FEELS RESPONSIBLE FOR THEM. THEY LOVE EACH OTHER, BUT AS YET THERE HAS BEEN NO WORD ABOUT MARRIAGE, AND VAL HAS BECOME QUITE PROPER NOW THAT ALETA IS AT HIS SIDE.

THEN THE TWINS DISCOVER JACQUES! THEY LIKE HIS ROMANTIC GOOD LOOKS AND HE IS GREATLY ELATED BY THE FLATTERY OF TWO REAL PRINCESSSES. HE SINGS, RECITES VERSES AND EMPLOYS HIS READY WIT. UNFORTUNATELY, HE DISPLAYS A CONCEIT THAT NEEDS SQUELCHING.

WITH THE CHARMING CRUELTY OF KITTENS PLAYING WITH A MOUSE, VALETA YAWNS AND KAREN SAYS LANGUIDLY: "LET US GO FIND SOME INTERESTING BOYS."

JACQUES IS SHATTERED. BUT THERE IS ONE PLACE WHERE HE CAN FIND SYMPATHY AND REASSURANCE. HE GOES IN SEARCH OF JOAN.

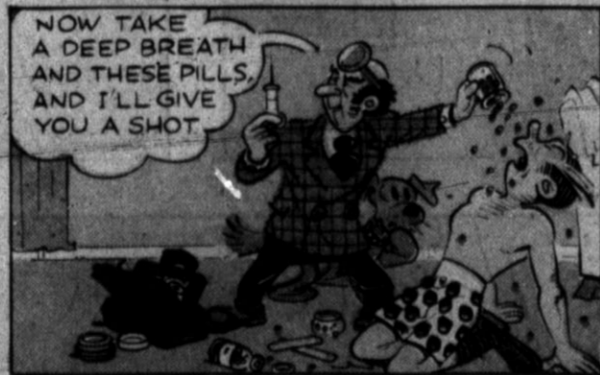

HE FINDS HER TALKING WITH QUEEN ALETA AND JUST BY ACCIDENT, HE HEARS THE QUEEN SAY: "YOU MUST COME TO CAMELOT WITH US. I KNOW A GALLANT YOUNG KNIGHT WHO WILL MAKE A GOOD HUSBAND FOR YOU."

"DON'T GO," PLEADS JACQUES. "MARRY ME. I NEED YOU. YOU UNDERSTAND ME."
"YES, I DO," ANSWERS JOAN, "BUT IN SPITE OF THAT, I WILL."

IRON MYKE PRODUCES A FILE ON 'MALARIA MAGGIE'—THE 'MRS. JONES' WHO CLAIMED TO BE POTEET'S MOTHER...

MYKE, I DIDN'T WANT TO TURN MRS. JONES OVER TO THE POLICE!

WHY NOT, CANYON? NEVER TAKE YOUR FOOT OFF A RATTLESNAKE'S NECK!

YOU COULD HAVE DUG IT OUT, IF YOU HADN'T BEEN EMOTIONALLY INVOLVED!

I CHECKED KELLY A.E.B. WHERE YOUR 'MOTHER' SAID SHE MET STEVE CANYON...

...AND HE GAVE HER HIS FRATERNITY PIN—BUT SHE HAD THE YEAR OF HIS FLYING CLASS WRONG!

SHE TOOK IT FROM THE DATE ON THE PIN! TWELVE MONTHS BEFORE HE WAS A CADET!

SHE HAD FOUND THE BADGE IN SAN ANTONIO WHEN SHE WORKED AT THE LITTLE DOAGIE ORPHANAGE IN POTEET, TEXAS!

SHE WAS THERE WHEN YOU WERE LEFT AT AN INFANT!

BUT YOU WERE SO-NAMED BECAUSE YOU WERE FOUND IN A CANYON... HENCE 'POTEET CANYON'.

WHEN THE ORPHANAGE FOLDED THEY SENT YOU TO STEVE BECAUSE HIS NAME WAS IN THE PAPERS—SINGLE, AND SO ON...

MAGGIE SAVED THE PIN—THEN SAW YOUR NAME—AND GRABBED AT A LONG-TERM MEAL TICKET—

THE USUAL BLOOD TESTS KILLED THE PATERNITY ANGLE BETWEEN YOU AND STEVE.

I GOT MAGGIE'S PRINTS AND THE F.B.I. PINNED HER DOWN AS 'MALARIA MAGGIE' WHO CAN SIMULATE THE ILLNESS...

THE 'DOCTOR' WHO ORDERED HER BACK WAS A CONFEDERATE SHE USED FOR THIS CON JOB!

MYKE—I'M GRATEFUL... I DON'T KNOW WHAT TO SAY.

YOU NEEDN'T SAY ANYTHING...—WHAT YOU'RE THINKING IS THE STORY!

—BUT WHAT AM I THINKING?

THAT YOU COULD STILL MARRY STEVE CANYON!

PONYTAIL BY LEE HOLLEY

SUE! SUE!

HUH?

GUESS WHO'S WALKING ME HOME AFTER SCHOOL!

WELL, WHO?

BARRY RICK!

CAPTAIN OF THE BASKETBALL TEAM?!

THE ONE AN' ONLY... HERE HE COMES NOW!

SEE YOU LATER, LUCKY!

HI, BARRY!

IT'S SO NICE OF YOU TO WALK ME HOME!

MY PLEASURE

HOW TALL ARE YOU, BARRY?

SIX-FOOT-SEVEN...TODAY

YOU PLAYED A GREAT GAME LAST NIGHT!

I KNOW.

YOU SCORED FORTY POINTS!

FORTY-TWO

SEE YOU LATER, BARRY!

HI, MOM!

HELLO, DEAR, WHAT'S WRONG WITH YOUR NECK?

OH, NOTHING, JUST ONE OF THE PAINS OF BEING IN LOVE!

hints from Heloise

DEAR HELOISE:
Our 8-month-old son received a shiny red wagon for Christmas. Like all other parents, we couldn't wait to take him for his first ride. Every time the wagon was pulled forward, he'd tumble over backward. This nearly unnerved me, and we felt we should wait until he was older before letting him ride in it again.

Then my husband came up with a winning idea. We used

WHEN BABY'S SICK

DEAR HELOISE:
This hint may be confusing to some, but mothers with small babies will know just what I mean.

My small daughter (age 6 months) came down with a cold and had to take medicine four times a day.

There I would stand in the kitchen, baby in one arm, and with the other hand try to pour medicine into a teaspoon. But when a spoon is placed on the counter, only a small portion of medicine can be put in it of the liquid will run over onto the counter.

Here's what to do: while holding baby with one hand, get a spoon with the other hand. Take the lid off the medicine and place the lid on the counter. Put the

ALL BOTTLED UP!

DEAR HELOISE:
Did you ever try, without success, to remove the moisture from a wide bottle with a narrow neck?

My daughter came up with this idea. Roll a paper towel to fit loosely in the neck with a portion sticking out the top. Let sit overnight. Presto! The towel absorbs

LET IT SLIDE!

DEAR HELOISE:
I live alone and every now and then get the urge to move things around in my living room. It was a little difficult moving things like the divan on the carpet all by myself, but here's how I did it.

I slipped one of those foil pie pans under each leg, and it slid the divan around with the greatest of ease.

I imagine one of the small tins that pot pies come in would also work.

Marticia Nielsen

FLOWERY TALK

DEAR HELOISE:
I have just given away the last of my home-grown bachelor button and hollyhock seeds I gathered last year. I

A SHADE BETTER

DEAR HELOISE:
I thought of an idea to dress up the lampshade in my bedroom. I took some colored animals and hung them on the shade.

Just take some pins and make hooks out of them and you will have the neatest lampshade ever.

HELP FOR HOMEMAKERS

the moisture. After removing the paper towel, you can store the bottle without the worry of mold accumulating.

Weltha Wilson

STACK 'EM UP!

DEAR HELOISE:
I'm sending this little hint on the advice of my 9-year-old son. He thought our 3-year-old had come up with a neat idea.

I had bought two stack-vegetable bins (the ones that snap together) for my potatoes and onions.

Jeff spotted them and put his small cars, etc. in the bottom bin, then sat on the top one to watch TV.

At night his stuffed dog sleeps in the top "bunk." Also, "turned upside down they make a neat garage for his cars.

You just wouldn't believe the ideas that he has come up with... All that fun and I spent less than a dollar for them!

Mrs. John Havenga

This feature is written for you... the housewife and homemaker. If you have a hint, problem or suggestion you'd like to share... write to Heloise today in care of this newspaper.

1-7

A GRIPPING STORY

DEAR HELOISE:
Here's a "why-didn't-I-think-of-it-sooner" idea:

A flat grater laid on top of a bowl will stay put if you place the end away from you against the back of the counter or something firm.

You can wash those carrots against the cutting surface without all the jiggles.

Fifteen years to get wise to this one.

May

LET IT SLIDE!

DEAR HELOISE:
I live alone and every now and then get the urge to move things around in my living room. It was a little difficult moving things like the divan on the carpet all by myself, but here's how I did it.

I slipped one of those foil pie pans under each leg, and it slid the divan around with the greatest of ease.

I imagine one of the small tins that pot pies come in would also work.

LETTER OF LAUGHTER

DEAR HELOISE:
With all the dolls for little girls, that talk, walk, dance, drive cars and who knows what else—I believe there is one doll that we working mothers need.

That's a Heloise doll—wind her up and she does the housework, pulls a string and she gives you helpful hints.

Marlene Humphrey

WITH LOVE!

DEAR HELOISE:
A gift that will bring continuous pleasure to a bed-ridden person is a picture frame, at least 8" x 10" with the back having both a vertical and a horizontal support.

Replace the breakable glass with the unbreakable kind and put a pleasant picture in it.

Bring a new picture each time you visit and save the old picture inside the backing.

Any time the patient may want to change the picture, it can be done very easily.

Mrs. L.

FLOWERY TALK

DEAR HELOISE:
I have just given away the last of my home-grown bachelor button and hollyhock seeds I gathered last year. I

plan to gather flower seeds again this year. Friends really appreciate them. So do some of the state institutions, such as hospitals.

They cost me nothing except the time spent collecting them. This is pure pleasure. And it gives me an excuse to be outside in the sunny weather and breezes.

This is very rewarding since they later tell me what lovely flowers they had from the seeds I gave them. And sometimes they give me some of their own home-grown flower seeds and some from their bushes or trees.

Vera Lund Praast

A SHADE BETTER

DEAR HELOISE:
I thought of an idea to dress up the lampshade in my bedroom. I took some colored animals and hung them on the shade.

Just take some pins and make hooks out of them and you will have the neatest lampshade ever.

EYES RIGHT? How many right triangles — any size — can you discover in this geometric figure? Hint: There are more than 30.

BULLETIN BOARD

- **BEAR FACTS!** An old story says that a huge bear stood on its hind legs, growled, ran a mile due east and returned to the exact spot where it started. What color was the bear?
It must have been white, since the story says that the bear had happened at the North Pole.
- **Challenge:** Using the six letters ABCDEF, form six four-letter words. Time limit: 2 minutes.
Abcd, baed, beaf, caef, face and fcae are six.
- **Here's one you'll never guess—or will you? What has fifty feet and is tied to a tree? Give up!**
A clothesline.
- **Donna Smith of Jacksonville, Fla., sends us this chrysanthemum rhyme: "He gave her a nice big chrysanthemum. She gave him a kiss. He hollered yum, yum."**

COOL, MAN! Add colors neatly for a surprise picture above: 1-Red. 2-Lt. blue. 3-Yellow. 4-Lt. brown. 5-Flesh. 6-Orange. 7-Green. 8-Lt. purple. 9-Gray. 10-Black. 11-Dk. purple.

HOCUS-FOCUS

CAN YOU TRUST YOUR EYES? There are at least six differences in drawing details between top and bottom panels. How quickly can you find them? Check answers with those below.
Top: 1-Prickly is missing. 2-Lamp is different. 3-Telephone wire is missing. Bottom: 1-Sweater is different. 2-Switch is missing. 3-Watchband is missing.

ROBERT HOGAN, 8, QUINCY, MASS.

KIM COLLINS, 10, RENTON, WASH.

JOE GIGLIO, 9, NO. BRUNSWICK, N.J.
