SIGHTS, "FACES" SEEN

Around Town

Mr. and Mrs. F. S. Smith are announcing the arrival of a new granddaughter, Judith Lynn Throckmorton.

Mr. and Mrs. A. Petersen are the grandparents of a new granddaughter, Sally Ann, born on Monday morning in Lubbock.

An error in the hospital notes in The Thursday Brand last week listed the new daughter of Capt. and Mrs. James H. McGuire as Kathleen Fris.

Dwight Rouse, Farmington, N. M., is in Hereford operating the Hereford Shoe store while Manager Hub Homer is on vacation.

Who stole the jail? That's the question bothering the Hereford Jaycees. Someone pilfered the lock-up Sunday night, apparently.

Abé Martin's miniature circus will be in the Rutherford and Co. window on Monday, May 26.

Mrs. Ella Boone Dies, Rites In Hereford Wed.

Funeral services for Mrs. Ella Boone, old-time Hereford resident, were conducted Wednesday afternoon, May 21, at 4 p. m.

Mrs. Boone died at her home on Tuesday, May 20, following a short illness.

The deceased was born on January 8, 1866 in Paris, Texas. She was married to J. M. Boone in Paris and they moved to Hereford in March 1906 from Whitesboro, Texas.

Mrs. Boone was a member of the Baptist church.

Survivors include: two daughters, Mrs. Leta Barnett, Wichita Falls and Mrs. Lillie Mae Earhart, Plainview; one sister, Mrs. Bessie Gordon of Greenville; five grandchildren and 10 great grandchildren.

Palbearers were: James B. Barnett, P. L. Ferguson, Donald Barrow and David Treadaway.

Youths Held In Knife Fight At Labor Camp Mon.

Hearings in the juvenile court are set for next Tuesday for three young Latin-Americans involved in a knife affray Monday night at the Mexican Labor camp, Sheriff J. C. Reese reports.

The youths, aged 11, 13 and 14, were picked up following their fight. One of the youths had his shirt sliced across his abdomen.

Another resident of the Labor camp, Joe Estrada, was charged in county court on May 19 with aggravated assault on May 17 when he attacked and cut Manuel Rodriguez with a knife.

Deputy Sheriff S. B. Berry filed the complaint against Estrada.

Reese reported that a hearing for the 14-year-old Dimmitt youth who stole the 1947 Chevrolet from the Milburn auto lot will be held Thursday.

Poppy Day Sale In Hereford All Day Saturday

Saturday is Poppy Day in Hereford.

Members of the Hereford American Legion Auxiliary will be on the streets selling 3,000 poppies made by disabled veterans in hospitals in the state.

Mrs. Ira Ott is chairman of the Legion Auxiliary Poppy Day committee. She urged all residents of the community to buy and wear poppies.

Money realized from the sale of Poppies, Mrs. Ott explained, will be used for veterans welfare work. One-third of the money goes to the state department of the auxiliary to be given to the boys making the poppies.

Funds raised by the local auxiliary through Poppy sales have been used for the following:

A vet and his wife were stranded in Hereford. They were clothed and sent to California to relatives.

A vet and his wife and three children were stranded here and sleeping in the park. They were provided with food and living quarters until he secured a job.

Another couple was stranded due to car trouble. They were sent to Arizona with food and money.

Funds from poppy sales are also used for boxes at Thanksgiving and Christmas time for needy vets. A Christmas gift shop in the Amarillo Veterans hospital is also maintained through poppy sale funds.

Parties for vets in the Amarillo hospital are given by the ladies also.

The idea of a red paper poppy as a memorial flower for World War dead was inspired by the blooming of wild poppies between the crosses now on rows in the battlefields of France.

William Payne Funeral Rites Wed. At Friona

FRIONA—William Earl Payne, 68-year-old Parmer county farmer living near Lazbuddy, died of a heart attack Sunday morning at 4 a. m.

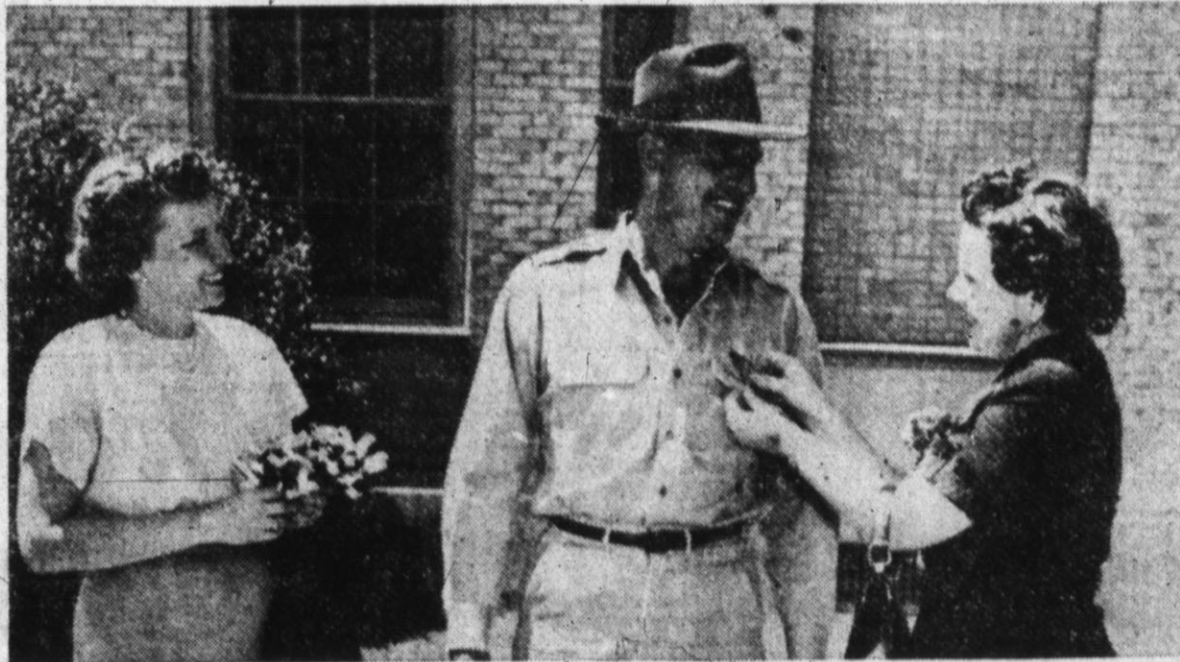

Payne had been visiting his wife's room in the hospital when he suffered the attack. He died an hour later. Mrs. Payne had undergone surgery there last week and he was sitting by her bedside.

Funeral services were held on Wednesday from the Lazbuddy Baptist church. The Friona American Legion post had charge of military burial honors.

The Payne family has lived near Lazbuddy for 25 years.

Survivors in addition to his wife include two daughters: Mrs. J. L. Seaton and Mrs. L. L. McDonald, and three grandchildren, all of Lazbuddy. Other survivors include two sisters and two brothers.

Payne was a veteran of World War I.

SATURDAY IS POPPY DAY in Hereford. Here Neill Young, a Korean war veteran, is getting the first poppy sold from Mrs. Ira Ott, chairman of the American Legion Auxiliary poppy committee. At left, Mrs. Charles Crowell, Auxiliary president, looks on. Staff Photo.

Fifteen Entries In 'Good Neighbor' Contest Now

Four more nominations have been received at The Brand office for the "Good Neighbor" vacation contest sponsored by The Hereford Brand.

This makes a total of 15 families which have been entered by friends in the race for the week-long vacation June 15-21 at Drowsy Water Ranch, Granby, Colo.

Those wishing to nominate their choice have until June 1 to do so.

Newest nominees are: Joe G. Evans family. The Joe G. Evans family have lived in Hereford for 25 or 30 years and have been nominated as one of the "Good Neighbor" families.

Mr. and Mrs. W. A. Waters have just been wonderful to me and family. I have been ill since last November and have had to have shots to ease my pain.

When we first moved to West Texas Mrs. Evans helped us put our first crop in. We know of many others he has helped in the same way.

He is always interested in how we are getting along and has helped us financially, too.

They are good Christian people working for the good of the community and everyone.

Mr. Evans is also a great booster for West Texas and has influenced many to come here and get acquainted and make a success.

Mr. and Mrs. W. Waters have received another nomination as "Good Neighbors." Mrs. Loyd Ragland, is the second person to nominate this couple, who have lived in this area since 1934.

Mrs. Ragland says this in her nomination: "Mr. and Mrs. W. A. Waters have just been wonderful to me and family. I have been ill since last November and have had to have shots to ease my pain.

When we first moved to West Texas Mrs. Evans helped us put our first crop in. We know of many others he has helped in the same way.

They are good Christian people working for the good of the community and everyone.

Mr. Evans is also a great booster for West Texas and has influenced many to come here and get acquainted and make a success.

ANOTHER GOOD NEIGHBOR family is the W. A. Waters family, who live on Higgins street. They have received two nominations in The Brand contest. Staff Photo.

May Enjoin OPS On Spud Ceiling

The possibility of starting legal action to enjoin the Office of Price Stabilization from enforcing any potato price ceilings in this area will be the main item of business to be taken up at a called meeting of the Texas Plains Shippers and Growers Association tonight at 8 p. m. in the county courtroom.

Jack Renfro, president of the newly-formed organization, said there is no ceiling price announced for local potato production and there cannot be until the Defense Control Act is re-enacted. The act expires on June 30, 1952. Re-enactment of the bill is anticipated, however.

Renfro maintains that the OPS cannot enact a spud ceiling in this area until the act is given new life.

Signs indicate, Renfro continued, "that a tentative ceiling will be set which will be lower than the price received for potatoes by local growers for the past three or four years. Even lower than the price received in 1948."

Purpose of the action by the local growers' association, the president explained, will be to try and obtain a tentative ceiling which would become effective if the Defense Control Act is re-approved.

"We don't feel we're getting 100 per cent of parity," he said, "and the law provides for that."

He said every other state in the union has known for three or four months in advance what their ceiling price would be. The main object locally is to find out what the ceiling will be if it is set.

Renfro said with the potato regulations, many violations have been cropping up and "things are getting tough." A grower cannot sell potatoes any longer by the acre without guaranteeing the ceiling price to the purchaser.

There is a fine of three times over the ceiling price that the grower makes on the sale.

else such as bringing me food, etc. without any charge.

"Mr. Waters has done a lot of kind deeds for me too, such as cutting my lawn or anything to help make my life happier. They are fine people and would be so deserving of a good vacation."

Mr. and Mrs. Matt Gilliland. The Matt Gillilands have been nominated as a "Good Neighbor" family by Rex Tynes. The Gillilands have lived here for about 60 years.

Tynes says: "My reason for nominating this family are numerous. They will not only lend you anything they have but are so thoughtful of others that they see what you may need and propose to let you have it before you have a chance to ask for it."

"For example when we have had company they see we may need more beds and offer to lend us a spare bed.

"They are not only neighbors to those living near but by chance (as the Gillilands never tell of the good deeds they have done) I learn they have helped numerous families in a way that does not make one feel like it was charity they were accepting.

"To mention another personal favor — Mrs. Gilliland happened to know I was fond of a certain vegetable and I was having to batch for a while. She would send over a good dinner and many times when some of us were sick she would find ways of helping out.

"Matt Gilliland has always been too busy to take a vacation but will have to recuperate from a recent operation. This vacation as a well — deserved prize should induce him to take a much needed vacation.

"The committee investigating should consider the crippled he is helping, the widows he has helped and many other neighbors who have helped the Gillilands have done that I know of in a general way as they never mention such things."

Mrs. J. P. Slaton. Mrs. J. P. Slaton has been nominated as a "Good Neighbor" by Mrs. W. C. Hromas. Mrs. Slaton has lived in this area over 30 years.

Mrs. Hromas says: "Her untiring, unselfish service to her neighbors and to her friends are those of a true southern lady in every respect. She has helped those who need help and has never failed when called upon. She has served with no thought of a favor to be returned or for pay. To many she is not only a good neighbor but a mother.

She served her neighbors, her friends, her church and her God. "As a neighbor she knows when to come and when not to come. She knows how to comfort, encourage, and to help. Her actions, words, and deeds are sincere, honest and unbiased. Her firm convictions are founded upon mature thoughts and good judgment.

"She spends much of her time in her garden close to nature and to God. She gladly shares her flowers with others. She has decorated for many weddings, social functions and church services. Her flowers have been used for (Continued on Page 8)

Record Planting Of Grain Sorghum

An optimistic air anticipating the "best year we've had in a decade" attended preparations for major planting next week of a record grain sorghum acreage in Deaf Smith county.

Best available estimates from elevator operators and from a cross-section of farmers interviewed indicate a booming 200,000 acres — about 60 per cent of it in Martin's Milo — will be planted. This would be well above the previous high of 150,000 acres planted in 1951.

All over the county — with the exception of the western third — farmers are speaking warmly of the favorable pre-planting conditions. Many farmers — especially in the "hail belt" north of Hereford — are planting their sorghums as quickly as possible to save all the top moisture possible for early root system formation.

Prospects for the beginning of the season were the best in many, many years, farmers explained. Farmers usually had to worry about getting sufficient moisture to get the plants up. Instead of planting dry and worrying about the plants breaking the hard, dry crust, moisture conditions are favorable all the way around.

Best prospects seem to be in the eastern two-thirds of the county where sufficient early moisture fell to make feed farmers smile with early conditions. Planting will continue from May 20 to about June 15, with most of the dry-land sorghums

being planted within the next two weeks, observers believe. Dry-land farmers will be making every effort to plant quickly and use all the top-moisture they can.

Conditions are "just as good as we can get them as far as moisture goes," one elevator operator, commented when asked of the grain sorghum prospects. Varieties range from Martin's to "everything under the sun" as one dealer said.

All around the county, farmers and elevator operators alike were unanimous in their opinion that 1952 — acreage-wise — would be (Continued on page five)

DSH Foundation Will Print Paper

A general, non-technical resume of Dr. Lewis B. Barnett's paper, "New Concepts In Bone Healing," will be printed for public consumption by the Deaf Smith County Health Foundation, members of the board decided Monday night.

Dr. Barnett read the entire report — which he presented May 6 at the Dallas meeting of the Texas Orthopedic Association — to the board and visitors at Monday's meeting. He explained some of the technical problems involved and later discussed what he thought the report might mean in the light of future clinical revelations.

Before presenting the report, Barnett told the group that it was an "opening wedge for follow-up pin-point studies."

Hugh Clearman and Argen Draper, county agent and HD agent, will prepare a general summary of the county and Barnett will add a general outline of chemical facts that have been ascertained through the spectrographic analyses being carried out by the foundation of local soil, water and produce.

This paper will be presented as an answer to persons — both lay and professional — who write the foundation or the Chamber of Commerce for information about Deaf Smith county and the mineral characteristics relevant to bone and tooth structure and healing.

The paper is being drawn up so the questioners may read the facts and "draw their own conclusions," as Barnett put it.

Barnett told of increased facilities which have been offered for expanded clinical work during the coming year along the lines of current clinical studies. At the end of the next year of clinical study, Dr. Barnett will make another report for the Texas Orthopedic Association which meets in Houston.

In addition to clinical openings in Galveston, Dr. Barnett reported that work will be done in three other Texas towns with the "Deaf Smith" capsule.

Further samples will be collected by the foundation this year in the newest phase of determining the chemistry of Deaf Smith county.

Clubwoman Award Goes To Mrs. Palmer Norton

Mrs. C. Palmer Norton was honored Monday as the "Outstanding Home Demonstration Clubwoman" in Deaf Smith county.

The retiring chairman of the Deaf Smith County Home Demonstration Council was presented a plaque in recognition of her selection by Mrs. Jimmie Gillentine at the annual Deaf Smith THDA meeting in the Westway Community house.

Designed as an annual award to honor the outstanding HD club woman in the county yearly, the plaque given Mrs. Norton is awarded by The Hereford Brand.

Mrs. Norton was selected for the "outstanding" honor by a secret committee. Her achievements for the 1951-52 club year were the basis used in making the selection.

The C. P. Nortons live on a farm 10 miles east of Hereford on Highway 60. Mrs. Norton has been president of the Dawn HD club for the past two years; served as secretary — treasurer of the HD council for two years; treasurer for one year; chairman of the council two years; and chairman of the finance committee for two years.

Mr. and Mrs. Norton are the parents of a nine-month-old son, David. They moved to Hereford in 1945 and began farming in 1946.

During her HD career, Mrs. Norton attended every district meeting since 1947 and was voting delegate one year. She attended the 1949 state HD meeting in Temple as a voting delegate.

A member of the Presbyterian church, Mrs. Norton is also a member of the LaPlata Study club, where she serves as treasurer.

The "Outstanding HD Club Woman's" husband, C. P. Norton, is also active in community af-

fairs. He has been an alternate of the county Production and Marketing Administration committee for three years. He is now a full member.

Mrs. Norton is the daughter of Mr. and Mrs. S. A. Caraway. She was born in Tullia, where her parents farmed. A graduate of the Tullia grammar and high schools, she also graduated from Draughton's Business college in Lubbock. She worked for two years as secretary in the Department of Agriculture Farm Security Administration office in Tullia.

In 1940, she married Palmer Norton of Hereford.

During World War II, she worked as secretary in the Depart-

ment of Commerce, U. S. Maritime Commission, Washington, D. C. She was later transferred to New Orleans as stenographer for the district attorney of the U. S. Maritime Commission. At that time, Mrs. Norton had three under-secretaries.

Mrs. Norton says her favorite hobby is gardening and being outdoors. She helps her husband by keeping books on the farm operations and "running errands."

The modest, unassuming Mrs. Norton has impressed all her co-workers with her leadership capabilities. One of her best leadership traits is her desire to let other people learn to help themselves by doing.

MRS. C. P. NORTON, left, has been chosen "Outstanding HD Clubwoman" in the county for 1951-52. She is being presented a plaque from The Hereford Brand by Mrs. Jimmie Gillentine, wife of The Brand publisher. Staff Photo.

Friona Soldier Returns From Korea For One-Month Furlough

By Mrs. E. R. Day Sr.

Sgt. Jimmy Kerkendall, who has been serving with the armed forces in Korea, is home spending a 30-day furlough with his parents, Mr. and Mrs. Kerkendall and his sisters, Grace and Mrs. Clayton Taylor.

Jay, as Sgt. Kerkendall is known here, was to have left Korea on April 1 by boat, but on the way to the boat, the truck in which he was being transported overturned and his arm was hurt. He was sent to a hospital for three weeks.

When released from the hospital, he was sent to San Francisco by airplane, arriving the same time the ship he originally missed docked in the United States.

From San Francisco, Jay was sent to Ft. Sill, Okla. to get orders for his furlough. Sgt. Kerkendall is with the 64th Infantry. Until he was promoted to the rank of sergeant, he was transporting ammunition to the front lines.

On June 12, he will report back to Fort Sill for further assignment.

Friona will have an all-electric cooking school in the high school on May 23. Miss Fern Brannon, public and home advisor, will be in charge.

Mrs. Denham, sister-in-law of Mrs. J. L. Smith, returned home Sunday after a stay in the Smith home for two weeks.

Mrs. E. R. Day Jr. received word that her husband, E. R. Day Jr. had left Philadelphia for a months' cruise, and will arrive back in New London, Conn. about June 26. Mrs. Day will join her husband there.

Ray Smith received word that his son, David, who is with the armed forces in Korea was recently promoted to sergeant first class.

Mr. and Mrs. Cayson Jones and Mr. and Mrs. A. S. Curry of Amarillo will leave Tuesday for San Diego, Calif. to return their son L. A. home. He has been in the Marines for about 19 months. He is in the Reserve and will be home until he is called back to duty.

Mr. and Mrs. E. R. Day Sr. visited their daughter in Amarillo Saturday and also visited Mr. and Mrs. Walter Jasper. While there, they visited with O. C. Jones, who is in the Northwest Texas hospital. They report Mr. Jones doing fine. He was taken to the hospital on Wednesday, after receiving treatment in the Parmer county hospital from a black widow spider bite.

Mr. and Mrs. Z. M. Truax were taken to Gage, Okla. Saturday by their son. He then returned to Friona to get their furniture. He was accompanied back to Oklahoma by his niece, Mrs. E. R. Day Jr., who will stay for a while and help her grandparents get straightened up in their new home.

The high wind and sand has made the wheat look bad. Some of the farmers are talking of plowing up what is left.

Word was received in Friona of the death of F. P. Brookfield of Dalhart, former Friona resident. The Brookfield family moved from here about eight years ago. Several from here attended the funeral in Dalhart on Monday.

Earl Wiley of Bynum, a friend of Mr. and Mrs. E. R. Day Sr., has been visiting in their home for several days while he was here, he was confined to the Parmer county hospital for a few days.

Mrs. Horace Kendrick and Donna were visiting in Amarillo Tuesday. Mr. and Mrs. Kendricks also visited their parents, Mr. and Mrs. Fields and Mr. and Mrs.

SGT. JAY KERKENDALL, above, is now spending a 30-day furlough in Friona with his parents following his return from Korea. Sgt. Kerkendall will report June 12 for re-assignment at Fort Sill.

Friona Girl Writes About 'Ike's' Norwegian Visit

FRIONA — Jane M. Gallagher, a candidate for the degree of Doctor of Philosophy of the University of Oslo in Oslo, Norway, has written to her parents, Rev. Mr. and Mrs. George E. Meyer of Friona, an account of the visit of General Dwight Eisenhower to Oslo and of his speech before the student body of the university and thousands of others who gathered on the green to hear him.

Kendricks also visited their parents, Mr. and Mrs. Fields and Mr. and Mrs. Kendricks of Amarillo on Sunday.

The Friona baseball team won over the Happy team Sunday by a score of 7-3.

students of this generation.' He quoted Lincoln. He said—"We of our persuasion must hang together or we most certainly will hang separately in this present day world."

Her letter follows:

"Dear Folks: The great day has come — the great day has gone. The great General "Ike" with his big smile and his kindly words made May 9 just that.

"He had not come to Oslo to make a speech. He had not intended to make a speech but he did, being prevailed on to do so. At 4 p. m. and not prior to that time, it was announced that the General would speak at 4:30 and a record crowd gathered from everywhere, filled every available spot.

"There were no M. P.s on hand as there are always otherwise. The military hosts were present but they had their task. The General was forced to plow his way through that pack of people and "plow" he did. He didn't seem to mind it a bit. At one spot on his way through he lost his hat. A four year old girl sitting on her father's shoulders that she might see "the great general," and looking down from her height, not being able to see his face, lifted his hat that she might see that historic smile. She did. The general quickly recovered his hat, gave the dainty little miss a smile all her own and went on plowing through, working his way to the loud speaker, his grin flashing every instant.

"How these Norwegian people loved that grin and the general! He was introduced by the president of the "studentsamfundet"—i.e. the student union—as "The next president of the United States". The General laughed it down characteristically and replied—"I don't mind a bit what you say about my past, but—please the future—well there is still some question about that." He followed by saying to the student body of the University—"The future world belongs to the

students of this generation.' He quoted Lincoln. He said—"We of our persuasion must hang together or we most certainly will hang separately in this present day world."

"We do not want to push anyone around, neither do we want to be pushed around, and furthermore we have no intention of letting anyone push us around."

The General's speech was short but he made a marvelous impression. He was given a tremendous ovation. He has made a name for himself in Europe that won't be forgotten.

Love,
Jane"

Friona Methodist Church Notes

There was no evening worship service in the church Sunday night as the high school baccalaureate services were being held at the high school auditorium.

Sunday, May 25, will be the last Sunday of this conference year. The session of the annual conference will begin on Wednesday, May 28 at the First Methodist church in Lubbock. Everyone is invited to attend.

Charlie Mercer, chairman of the Board of Stewards, is the delegate from the Friona church. Others who are planning to attend are: P. L. London, J. T. Gee, Bud Crum, and Ernest Anthony.

Since Sunday is the last of the conference year everyone is urged to attend the services.

The WSCS of the First Methodist church will have a family night covered, dish supper at the church Sunday-night. Following the supper there will be a fellowship hour.

Prayer service is held each Wednesday evening at 7:30 and choir practice is at 8 o'clock.

Ronald Phillips of Cowden, Ill. stopped in Hereford the first of the week to visit his aunt, Mrs. Clarence Hollabaugh. He was on his way to California where he will be employed this summer. This is the first time they had seen each other in 23 years.

City Sanitarian Lists Tips On Hot Weather Sanitation, Health

City Sanitarian Hollis Rainey this week issued some tips to Hereford housewives for hot-weather sanitation.

Rainey, who attended a state-sponsored fly-control school in Plainview on May 14-16, said he has just finished spraying every garbage barrel in town with one of the best fly repellants known.

"But we cannot control flies without your help," Rainey reminded local residents. "The first thing we must have is good sanitation. Good sanitation is good business as well as good health. If we can eliminate the fly-breeding places, our efforts will not have been in vain."

"So put sanitation FIRST," he implored. "Study these precautions I have listed for you and

we will go a long way toward controlling flies in Hereford."

Sanitation Suggestions

1. Drain garbage and wrap it up so it will not draw flies.
2. Put vacuum sweepings in tight sack or wrap to keep from blowing. This kind of dust is full of germs.
3. Wash out garbage cans regularly to keep down odors and flies. Also keep lids on barrels.
4. Rinse out foodstuffs from tin cans before discarding.
5. Cut down weeds in alley and surroundings to prevent mosquito breeding. Empty water from old buckets, cans and barrels.
6. Use a spray regularly against flies, mosquitoes and other insects.
7. If animals or fowls are kept

on premises, be sure to rake up droppings daily. Put in fly-proof containers, then sprinkle lime all around.

8. Everyone should have a garbage can. This is your town, so help keep Hereford clean.

Rainey said that plans are being made to insure twice-a-week garbage pick-up service in the residential areas.

For those who do not have garbage cans, a supply of 26-gallon cans may be purchased from Odessa and re-sold by the city at a moderate figure.

TRIP • HAIL • WIND STORM

By JIMMIE GILLENLINE

Went fishing last week with Jim Lipscomb. Never saw so much tackle — and so few fish. However, it was sure a lot of fun. Jim designed and constructed his own boat, which is really a honey. He says he studied boat building for two years before he even started, then spent most of his spare hours for almost a year in the actual construction. He used 11,000 nails and more than five gross (720) brass screws in putting the boat together. It is made out of oak, mostly from 1 X 12 rough fencing. Jim says he used only the "sap" strips and sometimes got only a small strip an inch wide from one of the boards. Naturally, he is mighty proud of the craft, but says he doubts if his wife would tolerate his building another. Suzie, it seems, was practically widowed during the time the boat was under construction.

Jim and Tom Robinson also have some slick deals for launching their boats. They have special trailers with built-in winches for loading and unloading to and from the trailers. Yes, sir, they sure have things down pat — but we still went home with only two measly crappie and Tom didn't even have that many.

Things are shaping up for Pioneer Day. The riders club is practicing nights for the big event and quite a few people are already talking about floats and window displays. It was a big deal in 1951, and may be even bigger this year. The rodeo, rained out in '51, will be an added attraction over last year.

The B. F. Cains belong to a dinner club and the club last week met at the Cain home on the night of B. F.'s birthday. Just as things were running along about right, the front door bell rang. Mr. Cain jumped up, rushed to the door to encounter an old gal with protruding teeth and dressed in disreputable togs. She pushed her way into the room, grabbed B. F. around the neck and announced herself as his "Aunt Matilda," who came out to help celebrate his birthday. She got strung out, much to B. F.'s embarrassment, on a tirade of events about his folks. Finally, it dawned upon him that he had been framed — and that the gal was a professional "kin-folks" entertainer.

I have heard since that the JayCees pulled the same deal with the same woman when John Aiken was installed as president this spring. They say it was really a scream and that John is still trying to convince Mrs. Aiken that the kissing act was really a frame-up.

To Mrs. C. P. Norton went the first annual Hereford Brand plaque as Deaf Smith County's

outstanding Home Demonstration Club worker. I also understand that most of the club members were happy with the selection, which also makes us happy. We hope, in the course of time, that the plaque will come to really mean something to the community, and we are proud of Mrs. Norton. Selection was made through a secret committee of club women — and that is how we plan to continue the award. Previous winners will, of course, be eliminated in future awards of the plaque.

Dr. Alfreda Rook, a dynamic little lady, was guest speaker at the Kiwanis meeting and at the Rotary meeting last week. Dr. Rook says we are indeed blessed with an abundance of mineral-filled foods here in Deaf Smith County — and she challenged the community to safeguard the purity and reliable distribution to the remainder of the world. She has done extensive study and research work along this line. Dr. Rook differs from the often called "food-cranks" in that she talks plain old horse sense. She certainly convinced most of the men who heard her — but she should have been talking to the women. It's the women who buy and serve practically all of the food. In fact, they buy about 80 percent of everything purchased in the United States. Did you ever notice how the ads are all slanted toward the women — even automobile ads.

Dr. Rook really has something worthwhile. We do have foods of outstanding quality in this area. How long this will continue unless some effort is concentrated on returning vital elements to the soil is another thing. Some people laugh about this "tooth-achless" deal, but they are absolutely wrong. I admit the slogan is over-drawn, but there is really sound, basic logic behind the line of thought.

Graduation time is with us again. This year Hereford High lists 50 graduates. Some of the finest young men and women to ever complete their work here. I wonder if the world and the U. S. A. will change as greatly in the next 25 years as it has during the past 25 years since I walked across the stage and with trembling hands clasped the scroll which marked a new era in my life? Talking pictures, television, milking machines, improved automobiles, atom bombs and chlorophyl gum have made a big difference in the way folks live; also the 40-hour week, unemployment insurance, the "depression," World War II — and now, Harry Truman. Regardless of these things life is still pretty well what you make of it. Human nature with its inherent greed and selfishness can be offset only

with honesty, fairness and kindness. People who fail to grow more tolerant as they grow older are generally pretty wicked people from the start. The best way to know the true value of a man is to let him owe you money, and to best know a woman is to marry her. Sometimes it works out good, sometimes bad. A lot depends upon you.

Russell Wingert and I were visiting with Francis Hardwick the

other day. Francis says it is peculiar how the different pictures reflect in the concession stands at the drive-in theatre. "When we show the Dead End Kids, hot dog sales jump as much as 200 percent." He says they are getting to build up their concession stocks for various types of movies and that they can predict runs well in advance. However, he can't figure it out. It is worrying him. Can someone enlighten Mr. Hardwick?

Mother-Daughter Banquet Last Week

Approximately 76 mothers and daughters attended the Tri-Hi-Y banquet at the Shirley school gym last week.

The theme of the banquet was "The Wheel of Fortune." Dona Alghart spoke about God as the hub of the wheel and friendship was used as the rim.

Earlene West gave the talk on friendship. The spokes of the wheel were: knowledge by Elna Bishop; health by Joan Moore; happiness by Gayle Gault and love by Joan McGee.

READ THE CLASSIFIED

Baccalaureate Services At Friona Sunday

FRIONA — Baccalaureate services for the 1952 Friona senior class were held Sunday in the high school auditorium. Rev. Russell Pogue delivered the sermon, "We Pray For Peace" and "Teach Me to Pray."

The invocation was given by Stanley Lockhart. Rev. J. E. Tidwell gave the benediction.

The seniors are spending this week in Ruidosa for their annual class trip. Accompanying them are their sponsors, Mr. Cook and Mr. Tyre and room parents, Mr. and Mrs. Roy Miller and Mr. and Mrs. Claude Blackburn.

Mr. and Mrs. Gaston Baer are in Dallas this week attending a mens' market.

LEMON MERINGUE PIE
(About 90 cents per portion)

McCall's Magazine Fail-Proof Recipe

1 9" baked pie shell 1 egg white
1 1/2 cups sugar 1/2 cup lemon juice
4 eggs 1/2 cup lemon juice
4 tablespoons flour 1 1/2 cups boiling water

Here's a lemon meringue pie prettier than a cover girl!

Bake a 9" pie shell. Separate eggs and beat yolks until slightly foamy (save for meringue). Stir 1 cup sugar into the beaten yolks very gradually, beating constantly.

Now stir in the flour and salt until smooth, then pour in lemon juice and mix thoroughly. Add the boiling water last and stir over boiling water, stirring constantly, until the filling is smooth and thick as mayonnaise (takes about 20 minutes). Cool before pouring into pie shell. If you're short of fillings, there are many quick and easy pie fillings on the shelves of your favorite market.

Start your oven at 325F or slow and heat up the meringue like this: Beat egg white until they stand in peaks but are not dry-looking, then gradually beat in the remaining 1/2 cup of sugar until smooth and shiny (best beating is one of the secrets for successful meringue). Pipe meringue over pie filling carefully, making sure rim of pie is sealed with meringue, and bake 20 to 25 minutes or until meringue peaks are tipped with gold.

LINE UP TO DONATE BLOOD—Dr. S. D. Avery, (seated, left) checks the blood pressure of Rep. O. C. Fisher of San Angelo as a group of Texas congressmen line up in Washington to give blood to the Red Cross mobile blood unit. Standing left to right: Reps. Omar Burleson, Anson; Olin Teague, College Station; Homer Thornberry, Austin; and J. Frank Wilson, Dallas. Wonder how their blood pressure will be around November 4? AP Photo.

Entry Lists In Pioneer Day Events Grow

Several entries in various Pioneer Day activities May 30, 31 and June 1 have been received at the Deaf Smith County Chamber of Commerce office, according to Cecil Massey, manager.

To date, there have been eight parade entries. They were in the name of: Roberta Campbell, Kiwanis Club, 4-H Club and FFA boys, Earl Hendricks, Pioneer Patrol, Boy Scouts, Troop 5; Les Meres Study Club, Loyal Workers - Rebekah Lodge, and Hereford Garden club.

Eight riding clubs from counties surrounding have notified the C of C of their intentions to be here. They are: Hockley County Sheriff's Posse, Floydada Sheriff's Posse, Quay County Sheriff's Posse, San Jon Trail Riders, Roosevelt County Mounted Patrol, XIT Rangers, Lamb County Sheriff's Posse and Lubbock County Sheriff's Posse.

Nine fiddlers have entered the Old Fiddler's contest thus far. Those signed up include: E. D. Newton, George Smith, "Pop" Ratliff, Sug Lee, Jake Cargo, Paul Helmke, J. M. Northcutt, J. V. Campbell and Glenn Nelson.

Entrants in the Hereford Riders Sponsor's Contest include: Miss Janet Ranson, Perryton; Miss Billie R. Williams, Portales Mounted Patrol; Miss Darlene Bryant, Floyd County Sheriff's Posse; Miss Billie Watts, Abernathy Riding Club; Mrs. Mary Nell Ashcraft, Lynn County Sheriff's Posse; Mike Reid, Silverton.

Parade prizes include: Commercial float — first prize, \$25; nominated by M. and Mrs. K. E. Deaton.

The Deatons say of the Presleys: "First they are honest and frank with their friends and neighbors. They never interfere with the other fellow's business, but are ever ready and willing to help when needed in any way. Our community is a better place in which to live because they are here."

"Beautiful flowers from their well-kept yard have been enjoyed by all of us — sick or well. Mrs. Presley's good cooking has adorned many of our tables. Their good deeds are many and there are no strings attached."

"We have many wonderful neighbors but when we think over all these 21 years of all the wonderful things they have done for us and others we get this answer — Mr. and Mrs. T. J. Presley are honest to goodness "Good Neighbors".

See LUTHER PEVLEY about Real Estate Res. Phone 524-W

second prize, \$15; Club or organization — first prize, \$25; second prize, \$15; individual—first prize, \$5; second prize, \$3. Other prizes listed by the C of C are:

Rides will be brought here by Rhodes Carnival and will be set up in the parking lot west of Hotel Jim Hill.

Pony rides will be here on the lot south of Hotel Jim Hill. A complete event-by-event financial schedule will appear in The Brand next week.

Estimate Record Cotton Acreage In Parmer Co.

FRIONA - The greatest cotton acreage in Parmer county history is going into the ground as work is well underway on the planting of 50,000 acres to cotton.

Last year's acreage, a previous high for Parmer, was 21,000 acres. This year's figure is a good estimate, although there is no way to arrive at accurate figures as yet, Parmer county PMA officials and observers stated.

The heavy cotton acreage for this is attributable to several factors. Last year's cotton producers had good yields which contributed to the increased planting; land-owners from the cotton county are moving into Parmer county, sufficient early moisture was received to make favorable early planting conditions, and two more new cotton gins are being constructed in this part of the county.

That will make a total of three for the Friona area.

OLD FRIENDS MEET—When the Veep, Albin Barkley, swung through Texas on a band rally tour, he took time out to visit one of his predecessors and an old political crony, John Nance Garner, right. Garner, living in retirement at his Uvalde home, made no special preparations for his guests—the two just got together for an old-timer's chat. AP Photo.

Record...

(Continued from page 1)
the biggest grain sorghum year in the history of Deaf Smith county.

Also throughout the majority of the county, they were also unanimous in their opinions that a better beginning could not have been had for the grain sorghum crop.

"Now if we only have a few rains through the growing season," one farmer told The Brand "we should have the best year we've ever had."

Freeze Harms Some Cotton

The freeze last week and set the Deaf Smith county cotton back some, according to John McClesky, but apparently not too much damage was done to the crop by the freeze.

Cotton acreage in the county has shown a 25 per cent increase over 1951, with approximately 10,000 to 15,000 acres in cotton this year.

The cotton market seems good this year with the New York average for July cotton at 38.54 on Wednesday.

Less planting seed has been sold this year by the local gin, because many of the farmers in this area caught their own seed last year, McClesky explained.

Five Called In June Draft List

An induction call for five men for June 4 from the local draft board was released this week, according to Mrs. A. Petersen, Clerk.

Those included in the call are: William Terrell Brooks, Earth; Fred Aragon, Canyon; Weslie B. McCain, Portales; David Lloyd Lindsey, Canyon; and John Richard Gill, Silverton.

Scrap Plan For New Barracks At Labor Camp

The Hereford Housing Project board of directors, at a meeting Monday night with members of the Jaycees, Rotary and Lions clubs, abandoned plans advanced earlier for building five new barracks at the Mexican Labor camp southwest of town.

Instead, the project board has approved purchase of 20 new 16 X 16 foot tents to be used for housing at the site during the height of the labor camp population period.

Long-range plans for the housing of migrant labor in Deaf Smith county have been advanced orally, but no plans were laid before the group at Monday's meeting and nothing is ready for presentation as yet.

Board members felt that they are going to be faced — in the near future — with the prospect of totally replacing the camp, rather than attempting to keep the present site in a state of good repair.

Carmen Masters Concert Tonight At Bovina HS

The Bovina American Legion Auxiliary will present a concert by Carmen Masters tonight at 8:30 p. m. in the high school auditorium.

Proceeds of the concert will be used for Boys' and Girls' State work by the auxiliary.

Mrs. Masters, the mother of two boys, is a native of Clovis. She is familiar with all music-lovers in this area as well as the rest of the United States. She is studying under Robert Page, ENMU, Portales. In addition to English, Mrs. Masters also sings in French, German and Italian.

She will study in New York City this summer. Her music career began when she started studying voice in Clovis in 1945. She has a part arranged for her in the ENMU production of "The Mikado" this summer.

Included in her program will be a wide variety of numbers—from "LaHabanera Sequidilla", from the opera, Carmen by Bizet, to the Irish Air, "Danny Boy," "Drink to Me Only," "Deep River," and selections from Victor Herbert's "Naughty Marietta."

Mrs. Masters will be accompanied by Jimmie Malone, 16-year-old daughter of Mr. and Mrs. Robert C. Malone of Clovis.

CARMEN MASTERS

Political Announcements

The Brand has been authorized to present the names of the following candidates for office subject to the action of the Democratic Primary Election on Saturday, July 26, 1952.

For State Senator, 30th District—A. J. (Andy) Rogers Harold M. LaFont

For County Judge and Ex-Officio County School Superintendent—Horace L. Schloss

For District Attorney, 69th Judicial District—Floyd H. Richards

For State Rep., 96th Dist.—Jesse M. Osborn

For County Clerk—R. L. Thompson Ralph Smith

Two-Thirds Of Castor Bean Acreage OK'd

Approximately 2/3 of the 10,000 acre castor bean goal for the area to be served by the Hereford hulling center has been contracted, according to Virgil Dodson, local representative of the Baker Castor Bean Corp.

Plans are being made to erect a warehouse and hulling equipment for hulling, storing and shipping the 1952 crop of castor beans being planted by farmers around Hereford. The location of the warehouse will be on the Santa Fe railroad siding, east of the stockyards.

New hulling equipment of an improved design will be installed so that the growers will have the benefit of the latest and most modern hulling equipment. That

equipment is being custom built and will be available for installation prior to harvest of the 1952 crop. Adequate facilities for handling 10,000 acres of castor beans will be installed.

The 1952 production goal for the Hereford area is 10,000 acres of castor beans. Approximately 800 acres were grown in 1951. One 1951 grower netted approximately \$50 per acre more from castor beans than from adjacent grain sorghum. If this pattern holds true throughout the area in 1952, 10,000 acres diverted from grain sorghums to castor beans would mean an increased net income to Hereford farmers of \$500,000.

Local Airman Participates In Sea Rescue Of Wreck Survivors

A local Air Force man, Capt. B. A. Montgomery, was a co-pilot on an heroic rescue mission performed in the South Pacific recently by Flight A, Second Air-Sea Rescue Squadron, Clark AFB, The Philippines.

A publicity release issued by the PIO at Clark AFB gives this account of the rescue:

A harrowing tale of survival aboard a freighter stranded for more than a month on a reef far off the steamer lanes was unearthed recently at Clark Air Force Base, Philippines, when five survivors of the Philippine registered ship "Commander One" arrived at Clark AFB aboard an Air-Sea Rescue amphibious aircraft.

The tale told reporters was of short rations, hot sun, short tempers and ingenuity aboard the surplus LCT type ship with her bottom ripped out by the jagged rocks of Bombay Shoal, some 450 airline miles southeast of the American airfield, and near to the island of Palawan.

Flight A, of the Second Air Sea Rescue Squadron, based at Clark AFB, received a Navy radio message which said in part, "Our marine station received a radio message from the SS Ascanius — in southern waters—Quote, the SS Ascanius received from the SS Nassa — nine-shipwrecked crewmen from ship, "Commander One" of Iloilo wrecked Bombay Shoal. Five men remaining need immediate help unquote." Within an hour, an SA 16 amphibian type aircraft of the Clark AFB Rescue Unit was airborne and headed for the remote reef. At shortly after 7 a. m., the rescue team had landed their aircraft in heavy swells just off the pile of jutting rocks and had gone aboard the ill fated ship in a rubber life raft.

According to the 13th Air Force rescuers and crewmen, the ship is in no great danger given fair weather and light seas. However, any such storm as the "Subusco" which drove the small freighter aground might spell finish for the ship, cargo and the two persons still left aboard.

These two have decided to stay aboard to protect the craft and cargo until ships can be brought up to get the valuables off. After having been on short rations since April 12, the crewmen were a haggard lot.

Thrown up on the rocks by a storm on March 22, the survivors related, everyone was in good spirits and expected rescue within a few days. With no radio aboard and no lifeboats, there was little choice but to stay aboard the disabled craft and await sighting by some passing ship. By April 12, however, flood was running so short that a tight rationing system was put into effect by Captain Fernando. Finally in desperation, the crewmen ripped materials from the ship's side and began construction of a makeshift life boat. This craft, although barely seaworthy, loaded the captain of the stricken vessel and eight members of the crew of 16 men and began the long voyage to the mainland. Because of insufficient space in the jerry-built boat, the other seven were elected to stay aboard the "Commander One" until help arrived. Three days later, the captain and his men managed to send the message relayed to the U. S. air base.

Personnel aboard the plane participating in the rescue included, Co-pilot Captain B. A. Montgomery, Hereford.

Airmen of Clark AFB took the hungry tired crewmen under their wing and gave them their first full meal in 17 days before arranging for transportation to Manila where friendly hands awaited them after their ordeal.

Don Gallagher Completes Basic Army Training

Pvt. Don M. Gallagher, 21, son of Mr. and Mrs. James P. Gallagher, Star Route, Hereford, has completed Army Branch Immaterial Basic Training conducted by the 3rd Armored Division at Fort Knox, Ky.

During his eight weeks of intensive training he attended classes on general military subjects and received instructions and practical work in firing of basic Army weapons — the M-1 rifle, carbine and .45 pistol.

He entered the Army January 15, 1952.

GALLAGHER

Maj. G. M. Baker Now In Korea

WITH THE EIGHTH ARMY IN KOREA — Maj. George F. Baker, son of Mr. and Mrs. Geo. M. Baker of Friona, is serving with the U. S. Military Advisory Group (KMAG) to the Republic of Korea Army.

His unit, the first American group to fight the Communists after the outbreak of hostilities in 1950, assists the Korean officers in training and organizing the ROK army. It also familiarizes the ROK soldiers with American equipment and tactics.

Major Baker is assigned as advisor to the 103rd Korean Service Corps Division. He formerly was assigned as post quartermaster property officer at Fort Bliss, Texas. He attended quartermaster school at Fort Lee, Va.

Major Baker arrived in Korea in November 1951. He was commissioned second lieutenant in 1934.

Final Call For Bicycle Safety Meet Saturday

A final call for all Hereford bicycle owners to attend the organizational meeting of the Hereford Bicycle Safety club was issued this week by Sheriff J. C. Reese, chairman of the committee in charge of forming the group.

A meeting will be held Saturday, May 24, at 10 a. m. in the county courtroom, Reese said. All youths to the age of 13 are invited and urged to attend.

A bicycle safety film will be shown and a highway patrolman will discuss with the members bicycle and traffic safety.

Refreshments will be served, Reese said.

At subsequent meetings, a riding test will be given, which the youth must pass to become a member. A membership card will denote acceptance into the club. Bicycles will be checked for safety also.

Last year, there were about 50 members from Shirley and Central schools in two different clubs. There will only be one club this year, Reese explained.

Hereford Softball League Rosters Are Completed

Rosters of all six teams playing in the Hereford Softball league were handed in to league officials for the May 20 deadline. Each of the six teams is allowed 15 players.

TEAMS AND THEIR PLAYERS ARE:
HEREFORD HARDWARE
 Ray Hardy, Bill Howard, Harold Loarwald, John Kelly, Onias Carroll, Dick Ross, Stan Barrett, Reuben Knox, Raymond Lueb, Jimmy Russell, Hap Cavness, Dub Hair and Bill Capshaw—13 men.

LESLEY-VAUGHN MOTORS
 Dale Winget, C. Quattlebaum, Tim Corbett, Aubrey Self, Tommy Culppepper, Hugh Bob Tilson, C. Garner, Randy Thomas, Bill English, Jack Stanton, H. Vaughn, Bill White, Gene Dixon and T. J. Clay — 14 men.

DAWN
 Ray J. Stewart, Marvin May, Murph White, J. Airhart, R. Stewart, J. Airhart, Melvin May, D. Stewart, H. Roberson, E. Lemons, A. Burrus, W. Lemons, A. Barton, Jackie Burrus, Grady Allen — 15 men.

SUMMERFIELD
 Jack Streun, Joe Streun, Jack Clark, L. J. Clark, Harold Clark, Bob Clark, Allen, C. Harper, Ray Campbell, D. Baize, J. Fields, B. Lookingbill — 12 men.

ROCKY'S SERVICE
 Rex Lee, David Miles, Jim Combs, Johnny Winkler, Bub Sparks, Leroy Boyer, Lilburn Hamilton, Wendell Burdine, Bill Massie, Glenn Nelson, Pat McCullough, Travis Hendrick, Alvin Locke, Alvin Shirley, Richard Tucker — 15 men.

KNIGHTS OF COLUMBUS
 V. Walterscheid, L. Walterscheid, K. Walterscheid, T. Albracht, S. Albracht, D. Albracht, D. Noggler, J. Jesko, T. Urbanczyk, H. Homer, W. Koelzer, Bill Stengel, D. Endess, W. Henscheid — 14 men.

Rules for play peculiar to the league are:

- 1 — No one but players, umpires and bat boys on the field during the game.
- 2 — All teams must have complete roster by May 20.
- 3 — No stealing home on passed ball.
- 4 — One base on passed ball.
- 5 — Ten-run rule in effect at five innings of play.
- 6 — Each team must have eight players starting game or short team will play game under forfeit.

HERO'S DAUGHTER GETS DOLL—Mary Margaret Davis, 8, of Lubbock, daughter of Maj. George A. Davis, American jet ace who has been missing over Korea since February, accepts a doll of international friendship in Borger. The doll was given to the girl by Mrs. U. L. Willie of Matador during a ceremony at a convention of the Texas Federation of Women's Clubs. A French lady, Mme. LaBec, sent the red-caped doll to Mrs. Willie with the stipulation that it be given to the daughter of a Korean war veteran. AP Photo.

Special Meeting Of Boy Scout District Committee To Air Plans

A special meeting of the Deaf Smith District Boy Scout committee was held last Friday night in the home of Jimmie Allred, chairman. Several new members have been appointed to the District committee and the meeting was planned to acquaint them with the operation of the Boy Scout program on the Council and District level. Some plans were also discussed for the coming year in the district, which includes Deaf Smith county and Friona.

W. J. Hiatt, council executive, outlined the plan of organization of local councils and districts under the national policies of the Boy Scouts of America.

The new field executive, Dan Ferguson, was introduced to the group. The addition of Mr. Ferguson will enable the staff to give nearly 50 per cent more time in the field. By the end of this summer one of the field executives will be assigned specifically to the training program which is one of the main functions of the local council. The council has also recently purchased about \$600 in training material which is available to all groups. This together with the new training plan being organized in the council will enable unit leaders and committeemen to obtain better training quicker than has been possible in the past. The plan has been the subject of experiment by the Regional staff since last summer. Its success in several selected councils has led to its adoption in many other areas. A separate training team for Cubbing, Scouting and Exploring is set up in each District under the training chairman.

Hiatt outlined the council plans for its camping and activities program.

Bruce Miller, reported on the progress that has been made in the re-organization of Troop 50 which has been inactive since last fall. A new committee is being appointed for the troop. When this has been completed a field executive will assist in completing the organization. The Scout troop in Friona is also being re-organized. This will give the Deaf Smith district a total of eight active units.

Wayne Evans, new finance chairman, discussed the annual finance campaign which is ordinarily held at this time of the year. It was decided to postpone the local campaign until a more convenient time. Hiatt reported that last year this district's contribution to the council budget was about in line with that of other districts. However he pointed out that no quota is set and that as long as any district is in the council territory the council has an obligation to serve Scouting in

that district regardless of how much or how little is raised in the campaign in the district.

Bill Phillips, district commissioner, called attention to the fact that the Scouting program in Hereford has doubled in size in the last five or six years. While in the past one or two active men could do most of the work involved in maintaining the program, this is no longer possible.

The Scouting program today is having the same problems at the churches, schools and other public groups as their organization, and facilities are strained by a rapid expansion. Allred pledged the support of the district committee to the Scouting program. Hiatt said that the council staff was now in a position to give help when and where it was needed.

"LADIES IN RED" is the name of this dance, one of the numbers in the recital to be presented May 29 and 30 in the Shirley school auditorium by students of Wanda School of Dance. Shown in the above picture, are, from

left: Colleen Reeves, Eugenia Alexander, Sue Kirby, Gayle Wagoner, Ann Smith and Pam Clay. Staff Photo.

warming the bench

By Wolly Knief

HUNTING, FISHING—

Was happy to get the article on this page dealing with hunters being polled for their preferences on mourning dove hunting dates. It's a fine gesture on the part of the state to let the hunters make their choices known through a poll.

Let's hope the state isn't going to all this trouble for nothing.

We can remember when representatives of the game commission were in Hereford for a public meeting with all hunters and fishermen of the area. The meeting was to afford these sportsmen a chance to air their gripes about hunting or fishing regulations and to make any suggestions they might have for improving the state's program.

This was about the time the Buffalo Lake problem started rumbling and we went with the express purpose of seeing some fire-works as local sportsmen really stood up and fought for what they wanted.

What happened? THREE of us showed up. Only one was a sportsman, a confirmed one, that is.

Naturally, it didn't sound too sincere when some of the sportsmen — after Buffalo Lake started churning — came into the office and asked what the NEWS-PAPER was going to do.

The time to detour any inequities is before they gain root. Let me plead with ALL sportsmen to take an active interest in any polls or meetings designed to gauge hunter opinion.

It's only fair to the game commission and also fair to yourself. Once the damage is done, it's a lot harder to erase it.

VIOLATIONS—
A little miscellany on hunting violations was brought to our attention. During April, a down-

ward trend was noted in fines and arrests made by game wardens.

During the 30-day period, there were 190 arrests for a total of \$3,740.20 in fines and costs. This contrasts with 294 arrests and \$6,667 in fines in April, 1951. In March of this year, there were 236 cases and \$5,377.42 in fines and costs.

Of the 190 arrests, 58 were for fishing violations, improper license. Shooting out of season—involving 15 cases of deer hunting—brought heavy fines.

SOFTBALL—
Saw the remainder of the Hereford Softball league in action on Thursday last. What we saw wouldn't call for a special delivery letter home, though.

Summerfield really clobbered Rocky's Service Station in the curtain-raiser the last night out. The losers were thrown off balance by a wide margin of errors.

In the second game, Lesly-Vaughn Motors suffered about the same treatment as Rocky's but the damage came on hits, not bobbles.

But that was last game and all water under the bridge. We still stick with our earlier statements that softball in Hereford is good. Better than last year.

Sure, you're going to find errors. They're regrettable, but even major leaguers make 'em. If anyone could play perfect ball, he wouldn't be in Hereford playing for exercise. He'd be making a living at it.

We're seeing a fine brand of ball. Rocky's has a good team. Sprinkled with good players. They aren't as bad as they looked Thursday night.

Dawn, the sixth team of the league, has a potent outfit. The infield is good. They hit. Jackie Burrus is one of the league's

(Continued on Page 2)

Poll Of Hunters Will Determine 1952 Dove Hunting Season Dates

AUSTIN — The Executive Secretary of the Texas Game and Fish Commission said Texas waterfowl and mourning dove hunters will have a direct part in recommending the 1952 shooting season opening dates for migratory birds.

He announced that the same poll pattern used in 1951 to determine popular sentiment for the dove hunting will be used this year for both dove and waterfowl seasons.

The seasons on doves and waterfowl are set by the United States Fish & Wildlife Service since these species are migratory. But they normally are influenced by recommendations of states acting through their game

and fish departments. Seasons on other major game in Texas such as deer, turkey and quail are set by law for most of Texas and thus are not subject to change except through legislative act.

The Commission said the decision to ask hunters for their opinions was made after it became apparent that "there may be more agreement between north and south Texas sportsmen than was previously believed." He said some recent trends indicate that the bulk of Texas hunters "can be made reasonably happy without resort to a special zoning plea which thus far has brought only frustration because of Federal dissent."

He explained that a surprisingly large number of South State hunters prefer a waterfowl season opening early in November, an arrangement which presumably suits most North Texans.

PITCH and PUTT

By J. M. Posey

The waterfowl season last year ran from November 9 through December 28. The mourning dove season ran, in the north zone, from September 1 to October 10, and, in the south zone, from November 15 to December 24.

The Executive Secretary asked that sportsmen indicate primarily the opening dates preferred since length of season as well as bag limits are set by Federal authorities on the basis of late summer hatching data. This applies to both waterfowl and mourning doves.

He suggested that Texans state their addresses clearly so that the response may be catalogued on the basis of areas, mainly as to South Texas and North Texas. This mail should be addressed to SPORTSMEN'S POLL, Game and Fish Commission, Austin, Texas.

Section Two

Dawn Knocks Loop Lead Into Three-Way Knot

Hereford Hardware got knocked off the pedestal of the undefeated in Hereford Softball league competition by a hard-slugging Dawn outfit Monday night, by a 11-5 count.

The Hereford Hardware-Dawn run-around was the second game of Monday's twin bill. In the first of the double-header, Rocky's Service outlasted Lesly-Vaughn Motors, 15-9, in a nine-inning affair.

Monday night's loss by Hereford Hardware and win by Dawn put the league lead in a three-

way knot between Dawn, Summerfield and HH. All teams have a 3-1 record.

Stan Barrett, on the mound for the losers in the nightcap got belted for 16 hits before the Dawners tired of their upset. Hereford Hardware batsmen pulled 13 bingles out of the fire in garnering five runs.

In the first contest of the night Lesly - Vaughn's charges broke out of a hitting slump and rapped 4 safeties off the slants of Johnny Winkler and starter David Miles.

Rocky's, in fashioning their second win of the season against a pair of losses, knocked out their 15 runs on 12 hits.

Lesly - Vaughn led 8-7 into the bottom of the final inning when, with two away, Bill Massie and Wendell Burdine kept the fire going to tie up the score at 8-8 with a pair of singles.

Rocky's iced the game in the top of the ninth with their seven-run blast off four hits and a couple of errors coupled with a base on balls. L-V made a gal-

lant try, but only added a run to fall short, 15-9.

Lesly - Vaughn and Rocky's, both of whom had shaggy nights on Thursday, played bang-up ball and gave fans a thriller for the nine innings they locked horns.

Long balls bounced off the bats of both sides with regularity, according to the box score kept Monday night. L - V banged out nine singles, two doubles and a home run, slammed out by Tiny Tim Corbett.

In the nightcap, Dawn came loaded for bear and trapped Hereford Hardware into their first loss by a wide margin.

The Dawners served notice in the first inning that they were going to be cantankerous, piling up a four-run lead off seven bingles. Hereford Hardware never brought blood until the third inning when they managed a home run off a hit by Hardy and a two-bagger by Rube Knox. The losers added a pair in the fourth and a pair in the fifth to halt the scoring for the night.

Dawn added one in the second, four in the sixth and one in the seventh to slide along easily in their third victory as against one defeat.

Dawn's dangerous bats really howled in that rugged first inning as D. Stewart got a homer, H. Roberson a triple, Edd Lemons a single, A. Burrus a triple, Marvin May, a triple, T. Airhart, a single and Jackie Burrus, a double.

What's more, those power-laden Dawn bats didn't stop until nine more hits and seven more runs later.

It will be impossible to run a box score for either of the games played Monday night. Official scorebooks were not kept complete during the game so it is impossible to reconstruct the action.

Tonight's card will pit Hereford Hardware and Dawn.

Cowboy, Oyama Win Over Trudell, Alex Kasaboski

A six-man rassel royal between Sesue Oyama, Cowboy Carlson, George Lopez, Scotty McFarland, Benny Trudell and Alex Kasaboski started things rolling at the Bull barn Saturday night as a near-capacity crowd packed the arena for the weekly Lions wrestling card.

The six-man affair was rather listless, with most of the action confined to piggy-piles and sinister threats that never amounted to much.

Purpose of the rassel royal was to match the two remaining events for the evening. It gave wrestling fans 10 unexciting minutes of gang fighting entertainment.

McFarland, a native of Edinburg, Scotland, was the first victim in the affray. He fell heir to the bottom slot of a six-man pig pile in five minutes of action.

George Lopez, Tampico, Mexico, suffered the second setback of the night in seven minutes as Oyama and Kasaboski de-commissioned him with a body smother after a few Judo knocks by the Tokyo terror.

All four combatants mixed it up a little after two men were gone and Benny Trudell, who found no friends in Saturday night's crowd, went out via the double leg crab route nine minutes into the rassel royal.

Oyama became Trudell's preliminary match foe when he was knocked out of the fight in 10 minutes as Cowboy Carlson and Alex Kasaboski teamed up and finished Oyama off with a body press.

Through this elimination process, Carlson and Kasaboski en-

tered the finals and Oyama and Trudell paired for the semi-finals.

Trudell and Oyama's bout was a two out of three fall, 45 minute limit affair.

Oyama, after his customary combat ritual, straightened out Brother Trudell in 16 minutes, using a Japanese arm bar to do the trick.

Even though he didn't have a friend in the house, Montreal's Trudell didn't like the kind of treatment meted out to him by the Japanese Sandman and grabbed off the second fall with a Boston (two-legged) crab in 14 minutes. The crab followed a series of body and arm smashes by the balding Trudell.

Oyama put the fitting climax on the night's activities when he cooled off Trudell with his famed Japanese Sleeper.

Trudell quietly snoozed on the canvas as Oyama ended combat with a second performance of the Oriental prayer of victory.

(Continued on Page 2)

CONGRATULATIONS to the CLASS OF 1952

Here you come... our pride of today... our hope for the future... our graduates... stepping forth, joyously, with outspread, eager arms into the stream of life. Our beloved, young graduates with your illusions untarnished, your hopes unshattered, your dreams unbroken. America welcomes you into experience, young men and young women! You can uphold our cherished traditions... you can mold our greater future. Come into our stores, our factories, our professions... into the vast teeming, working world of this nation.

Come... share with us your courage and faith in the goodness and greatness of life. You are YOUTH, unafraid. Yours can be the broader vision... the higher inspiration. All America offers you the warm handclasp of welcome and congratulations.

best first-basemen. He hits, too. Acceptance of the softball league, we're glad to report, is good and improving all the time. Things are run smoothly. Crowds are picking up.

One of the things that adds that professional touch to the league action is the PA system. Glenn Nelson and Shelby Whitfield do OK up there, too.

Yours truly has tried his hand at the scoring and it's fun, but Rocky's kept me all balled up in that nightmarish seventh inning Thursday. Scorer and announcer working together can give the crowd a running picture of what each batter has done during the night.

Shelby Whitfield gave the crowd a chuckle Thursday night when he aired a chance remark made in the press box.

With his team behind, 11-5, Wendell Burdine was up with a hunt sign on. Eavesdropper Whitfield echoed the observation, "Six runs behind and Burdine wants," much to the delight of the audience. Photographer Burdine should have had a picture of his jaw hanging open as Whitfield blared out on the horn.

WRESTLING—After a long absence, finally saw another grappling card at the Bull barn.

It's surprising how the crowds go for this "color." All a man has to do to be a hit in the ring

is to assume the aspects of a "character."

Georgous George did it and made money. Now they all wanna get into the act. Dizzy Davis, who often graces the local ring, is a good example.

Color is provided by Sesue Oyama, Japanese grappler, who goes through a ritual before and after each match.

The Oriental Oyama has quickly adopted an Occidental hotel-towel-snatching custom. Saturday night we saw him bring a hand towel into the ring from the Angeles hotel, Los Angeles.

Still more wrestlers make a demand for their services by claiming foreign spots as their homes. Most of them are no more natives of the countries than you or I.

As long as the people scream their lungs out about something like that, though, that's what they're going to get.

Boys like Benny Trudell and Alex Kasaboski create their own demands by their roughness. Those boos mean dollars in their pockets.

The ranks of the ring colorful here are re-inforced now by the presence of Cowboy Carlson, a young lad who works in Levis and riding boots. He'll be around a while.

Great showmen, every one of them. Great sport, too, as long as they don't try to make us believe the boys are out there for blood.

There are some who work it that way — for instance Dory Funk and Frankie Hill Murdock and their skull-cracking routine. But you can't afford to bust your noggin for nothing.

Cowboy...

(Continued from page 1)

In the second bout, crowd-baiting Alex Kasaboski, formerly of Russia and proud of it for the rumpus it raises with the crowds, met a newcomer on the Hereford mat scene — Cowboy Carlson, from Ekalaka, Mont.

Carlson, a wiry lad of about 190 pounds, showed a little spunk in the rassel royal, but really unloaded on the badman of the ring, Kas.

Carlson rode Kasaboski around the ring on occasion like he would a Montana bronco, and Kasaboski was just about as unwilling and unhappy. Although Carlson gave away a lot of weight, he managed to handle Kas.

Evidently Kasaboski didn't give the Cowboy both barrels, although he didn't disregard his reputation for illegal and rough mat action entirely. Undoubtedly Kas is ready to move on to the greener pastures and the Cowboy pretty much had the run of the place.

Kasaboski lost the first fall af-

SMOKE RISES OVER REFINERY BLAZE—A column of smoke and fire rises over the nearby residential area of Corpus Christi, Tex., as a spectacular fire threatens the Southwestern Tank and Refining Co. plant.

Damage was estimated at one million dollars. A company spokesman said the fire started in an 80,000-barrel capacity kerosene tank. AP Wirephoto.

JUMBO NEWS

Community Club Plans Serving Refreshments For Pioneer Day

By Mrs. Virgil Lamb

The Jumbo community club met at the schoolhouse Thursday with 14 members present.

Edwin "Goose" Ramey gave a talk on early days in Castro county.

Those present for the meeting were: Mrs. F. E. Clowdus, Mrs. M. L. Simpson Sr., Mrs. F. A. May, Mrs. Emory Smith, Mrs. Euel White, Mrs. W. E. Clowdus, Mrs. H. V. Smith, Mrs. Bill Simpson, Mrs. Virgil Lamb, Mrs. Bill Moonéy, Mrs. Dean Borden, Mrs. E. H. Burk, Mrs. Hoster, Mrs. Richey, Mrs. Addison Hunter, and Mrs. Joe Boozier.

Plans were made to serve hot dogs, pie and drinks at the Pioneer Day in Hereford May 30.

The booth will be in the Witherpoon electric shop.

Mrs. E. H. Burk visited relatives in Jacksboro last week.

Mr. and Mrs. Lloyd Clowdus and family of Blair, Okla. were visitors in the home of his parents, Mr. and Mrs. W. E. Clowdus last week.

Mr. and Mrs. Emory Smith visited Mr. and Mrs. Claude Smith in Portales recently.

Mr. and Mrs. Virgil Lamb visited in the home of Mrs. Melvin Summer south of Dimmitt Sunday.

Mrs. Dow Adams and children of Albuquerque are visiting in the home of her parents, Mr. and Mrs. M. L. Simpson Sr. Mrs. Adams is staying in Hereford part

of the time with her sister, Mrs. Jiggs Hartman, who has a new daughter.

Mr. and Mrs. Bill Simpson were dinner guests in the home of Mr. and Mrs. Vern Witherpoon May 11.

Mr. and Mrs. Junior Murrell and Mr. and Mrs. Kenneth Monroe of Amarillo visited Mr. and Mrs. Virgil Lamb Saturday.

Several people from the community went to the baccalaureate services in Dimmitt Sunday.

Mr. and Mrs. L. D. Lee and their daughter, Martha Louise, of Endee, N. M. were visitors in the home of Mr. and Mrs. George Cantrell Saturday afternoon.

Mr. and Mrs. Reuben F. Schneider of Amarillo and Mr. and Mrs. Bennie Fortner and family of the Arney community were dinner guests in the home of Mr. and Mrs. George Cantrell Saturday.

34,000 wonderful miles in six hard months

A. E. Hoffman, San Lorenzo, Calif., writes, "My Nash Rambler Station Wagon covered 34,000 miles in six hard months, averaging better than 25 miles to the gallon, carrying loads up to 750 pounds all over my territory."

It's a real double-duty beauty, this Nash Rambler Station Wagon—a luxury family sedan, designed especially for today's crowded traffic conditions. At the drop of a seat, it instantly converts to a heavy-duty all-steel station wagon with a 6 1/2-foot platform that easily hauls man-size loads.

Wives think it's wonderful, too—so handy for shopping—so easy to steer and park—plus the smartest custom tailoring. Economy? The Nash Rambler holds the all-time record in the Mobilgas Run with 31.05 miles per gallon!

See our beautiful Rambler display. Choose the model you want, convertibles, hardtop sedans, station wagons—all completely custom equipped—even radio and Weather Eye at no extra cost. Come in today or phone us—you don't have to buy—just try!

Make safe driving a habit... check your car... check accidents

ter 23 minutes for roughness. Billy Weidener, who called a good rassel royal and first match, clearly had his hands full keeping track of Kasaboski.

Kas, not appreciating the interference from Billy, knocked him out of the way and Bill kept boring in and finally gave the fall to Carlson, who was having difficulty getting his feet under him from the prolonged choking administered by Kas.

On two occasions, Cowboy was out of the ring, almost prostrate from the choking, and Kas used his feet to boot the Cowboy back into the laps of spectators.

Neither of the grapplers left the ring after the first fall. When Carlson recovered, he took out after Kasaboski and the two started mixing it up. Weidener called for the whistle and the fun began all over again.

Everything under the sun happened in the intervening 17 minutes as both wrestlers opened the stops and the fur flew. The fall ended after Cowboy Carlson flattened Kasaboski with body smashes, arm smashes and finally with a head scissors.

Food Plentiful, Clothing In Germany Scarce: Mrs. Huckert

By Bobbie Walser

Mike Huckert had a letter from his mother saying that they had made the trip to Germany fine. The country didn't look like they expected. There was plenty of food but clothing was scarce. They said they were having a wonderful time.

Mrs. Ray Johnson returned home Saturday from a three-week stay with her parents at Gainesville. Her father had a serious operation and now is doing as well as can be expected.

Mr. and Mrs. Bill Edelman of Colorado are the proud parents of a baby daughter born Monday. She weighs six pounds. Mr. and Mrs. Edleman and Joe Don lived here where Mr. and Mrs. Joe Storey live now.

Debby Lookingbill, small daughter of Mr. and Mrs. Bradley Lookingbill was given a surprise birthday party. Mrs. Don Holman of Amarillo and her aunt Mrs. Glen Hopson and son of Hereford brought a cake out and surprised Debby.

Mrs. Lynn Powellson and daughters of Hot Springs stopped here Saturday afternoon. She was on her way to Amarillo to see her husband, who is in the hospital there. The Powellsons lived in this community several years ago.

Mrs. Ed Garrison and daughter, Mrs. Trudy Hartman of Perryton visited old friends here Sunday. They used to live here. Miss Debby Lookingbill spent the week end in Amarillo with her grandparents, Mr. and Mrs. Don Holman. Mr. and Mrs. Bradley Lookingbill went after her Sunday.

Mrs. Marie Harper, who has been in the hospital in Amarillo, has returned home. Her sister and daughter of Dallas and a sister from Bowie and another sister and husband—from Bovina and her father have been visiting in her home.

Mrs. Carlyle Sargeant was hon-

ored with a pink and blue shower Thursday afternoon at the home of Mrs. A. A. Simons. Members of the WMU were hostesses.

Refreshments were served from a lace-covered table centered with an arrangement of rainbow irises.

Those present were: Mrs. Carl Lee, Mrs. Johnny Cole and daughter, Mrs. J. A. Noland, Mrs. Roy Euler, Mrs. Carter, Mrs. Jack Clark, Mrs. J. F. Cheatman and son, Mrs. Guy Walser, Mrs. Otis Lee, Mrs. George Sumner and daughters, Mrs. O. B. Sumner, Mrs. Moody Stephens and daughter of Hereford; Mrs. C. R. Walser, Mrs. O. B. Roberson, Mrs. Ky Lawrence, Mrs. Earl Lance, Mrs. George DeLozier, Mrs. Bradley Lookingbill, Mrs. Reece Dawson and Mrs. Melvin Rainey. Several sent gifts who were unable to attend.

The farmers in the community are busy planting row crop, watering potatoes and other crops. The wheat is looking pretty, especially where it has been watered.

Mr. and Mrs. Earl Lance Jr. of Woodson are the proud parents of a baby boy. Mr. and Mrs. Lance lived here until last year when they moved to Woodson.

Mr. and Mrs. Cecil Lookingbill of Amarillo were recently visitors in the home of Mr. and Mrs. L. H. Lookingbill.

Members of the eighth grade graduating class in this community are: Gene Streun, Nancy Storey, Wylajeane Quattlebaum, Shirley DeLozier, Kenneth House, Charlene Lee and Wayne Walser were members of the Hereford high school graduating class. Miss Jeanette Euler of West Texas State college and Miss Ethel Behrends of Northwest Texas school of nursing are the other graduates from Summerfield.

Horizon Club Earns Points On Furniture

Members of the LMV Horizon club visited a furniture store at their last meeting.

The owner explained the different types of furniture to the girls.

Those attending were: Ginger Brock, Evelyn Wilf, Rita Vinton, Clea Betzen, Marcella Bezner, Gwendolyn Jesko, Mary Frances Pittner, Earleen Plank, Dorothy Hund and Mrs. Earl Plank.

Gayle Stephens went to Pampa this week end to visit her aunt.

Annual THDA Meeting Is Held At Westway Monday

The annual THDA meeting, sponsored by the Deaf Smith County Home Demonstration club council, was held at the Westway Community house Monday afternoon: Mrs. Frank Wilde, THDA chairman, presided.

Feature of the meeting was the reports of the District I session held in Pampa recently with the three delegates, Mrs. Frank Wilde, Mrs. Bob McQuigg and Mrs. B. B. Northcutt giving reports.

Mrs. Wilde told of the district president's message outlining the high points and also told of her visit to a meeting of district 2 in Dimmitt recently. Mrs. R. M. Alamonrode of Munday, the district president, also addressed that meeting.

Mrs. McQuigg gave the legislative, recreation and 4-H Club report and Mrs. Northcutt reported on Miss Iris Davenport's talk on Harmony in the Home. Miss Davenport is editor of the Woman's Division of Farm and Ranch Magazine. She also gave the educational and marketing report.

Mrs. Wilde introduced Miss Roberta Campbell, incoming HD Council chairman for the next two years, and Mrs. T. J. Parsons directed the group in a song fest, with Mrs. B. B. Northcutt at the piano.

Highlights of the meeting was the presentation of a plaque to the Home Demonstration Club-woman of the year. Sponsored by The Hereford Brand which will present a plaque annually to the outstanding members of Deaf Smith County Home Demonstration Clubs, Mrs. Jimmie Gillentine presented the award to Mrs. Palmér Norton, retiring council chairman. The Council presented Mrs. Norton with a corsage in appreciation of her work in the organization.

Members of the Deaf Smith county clubs who attended the District I meeting in Pampa were Mesdames Palmer Norton, J. M. Carothers, J. B. Caraway, Zed Stewart, B. B. Northcutt, Joe Wagoner, Frank Wilde, Ida Vaughn, Carlos Vaughn, R. C. Childers, T. J. Parsons, Paul Hoff, Bob McQuigg and C. O. Williams.

Approximately 80 attended the Monday meeting.

KING COTTON TAKES A QUEEN—King Cotton crowns Queen Cotton during the 1952 Cotton Pageant at Texas A&M college. Bill Lewis, an Aggie student, is the King and Miss Elizabeth Patricia Martin of Texas State College For Women, was crowned queen. Miss Daisy May Sloan, College Station, is crown bearer. AP Photo.

Granddaughter Of Hereford Pioneers Is Honor Student

Ruth Ann Soll, Canyon, granddaughter of the late Mr. and Mrs. W. B. Parmer, Hereford pioneers, was presented an award as out-

standing senior girl as the highlight of last Thursday's annual Senior Day program at West Texas State college, Canyon.

Miss Soll, a piano major, was presented the recognition by Dorothy McCasland, Tulsa, vice-president of Pi Omega sorority, donors of the plaque.

The honored student is the daughter of Fred Soll and the late

Mrs. Soll, the former Nell Parmer of Hereford, who taught expression in the Hereford schools for several years.

She is a member of Mary E. Hudspeth, local scholastic group; Alpha Chi, national honorary scholastic fraternity; the college choir. She is also listed in "Who's Who in American Universities and Colleges."

"The Open Door" Is Congregational Sermon Topic Sunday

FRIONA — Rev. George E. Meyer, pastor of the Congregational Church announces the continuation of sermons from the book of The Revelation to St. John with next Sunday's sermon title being "The Open Door."

Hereford Garden Club Installs Officers At Year's Final Meet

The Hereford Garden club closed its activities for the season at a meeting held in the home of the president, Mrs. Ralph McCullough, Friday afternoon.

Reports from officers were heard and reports from the recent District Convention held in Lubbock were given by Mrs. A. O. Thompson and Mrs. J. H. Lomas. The state convention report was given by Mrs. John Jacobson Jr., who attended the convention in Waco.

Mrs. Glenn Boardman was welcomed as a new member and Mrs. Liston Wilson, District Councilor of Amarillo, was guest speaker. She talked on the work of the district and commended the club on its work the past year.

Mrs. Tom Draper conducted the installation ceremony for new officers using a flower theme for the rites.

Officers include: Mrs. Ralph McCullough, president (re-elected); Mrs. C. D. Kelton, 1st vice-president; Mrs. A. L. Manjeot 2nd

vice-president; Mrs. J. P. Slaton, 3rd vice - president; Mrs. Jim Black, recording secretary; Mrs. John Jacobsen, corresponding secretary; Mrs. O. H. Herring treasurer; Mrs. E. W. Young, reporter; Mrs. O. G. Hill, parliamentarian; Mrs. Rex Tynes, federation councilor.

Floral arrangements for the day were made by Mrs. O. G. Hill with the colors of the flowers accenting the colors of the room. Deep pink peonies centered the refreshment table where Mrs. Liston Wilson, a former member of the club presided.

Those present were: Mesdames Jim Black, Tom Draper, C. C. Ferguson, Jeff Gilbreath, O. H. Herring, O. G. Hill, John Jacobsen Jr., C. D. Kelton, J. H. Lomas, A. L. Manjeot, Otto Masie, F. H. Oberthier, E. Ramey, Jack Roberson, M. T. Rutter, J. P. Slaton, A. O. Thompson, E. W. Young, Rex Tynes, Glenn Boardman and the hostess.

BEST WISHES, Class of 1952...

As you take your place in college, business firms or on the farms and ranches of this community... you will face problems and many times will attribute them to troubled conditions... but people who adapt themselves to conditions are those who forge ahead—and troubled times have ever faced graduates.

We have confidence in you... and in the things which we know you will accomplish... and we are looking forward to the days when we will know you better as Neighbors, Friends and Customers.

DAVIS-McCRACKEN

Mothers Are Entertained

Tanda Camp Fire Girls entertained their mothers recently at a tea given at the Camp Fire hut. An informal program was enjoyed and handwork was displayed.

Mothers and their daughters attending were: Mrs. D. C. Barnard and Denise, Mrs. John Chaner and Sue, Mrs. Jim Bookout and Martha, Mrs. Faust Collier and Joan Fowkes, Mrs. W. A. Hoettich and Phyllis, Mrs. Earl Wood and Linda; Mrs. Otis Lee and Gladys, Mrs. S. S. Williams and Ella Marie, Mrs. W. O. Witherspoon and Wilcina, Mrs. Bruce Woodell and Donna, Mrs. Debs Knox and Carolyn, Mrs. Carl Kropff and Betty, Mrs. Buford Crosthwait and Carla-Sue, Mrs. George Bumpus and Peggy, Mrs. George Ford and Betty, Mrs. Schulte and Shirley and Mrs. Virgil Walker and Nell.

Friday Meeting

Special guests were Mrs. Tom Draper, Mrs. Elmer Patterson.

Other members present were: Dorothy Williams, Linda Cavendar, Edna Frost and Hollis Walters. Guardians present were Mrs. S. S. Williams and Mrs. Paul Hoff.

The group held a business meeting at the hut Friday afternoon when an overnight trip was planned. Thank you notes from the Gay Bluebird group who accompanied the Tanda group to Clovis, N. M. were read.

Gives Report On Conference Meet

FRIONA — Mrs. Carl C. Maurer gave the report of the Fifth Annual Meeting of the Central South Conference of Congregational Christian Churches held at Dallas recently as a part of the morning worship hour of the Congregational Church last Sunday.

The report was supplemented in brief by the pastor who was also a delegate at the conference.

According to the report, Rev. Chester Brown, also a former pastor of the Friona church was elected moderator of the Central South Conference; Carl C. Maurer appointed Association representative of the Laymen's Fellowship; Mrs. George E. Meyer a member of the Missionary Promotion Committee of the conference and the Rev. Mr. Meyer a member of the Evangelism Committee of the Conference and named by that committee as its secretary. Rev. Meyer has been named Conference representative to the "Pr-Council Spiritual Life Mission" of the General Council and a member of "The Churches and Evangelism" Seminar of the General Council of the denomination which is to meet in Claremont, Calif. June 17-25.

Bill Smiths Are NM Ag Graduates

STATE COLLEGE, N. M. — Elsie Wilkins Smith, daughter of Mr. and Mrs. C. O. Wilkins of Hereford, will be one of 144 students to be graduated from New Mexico A & M College June 2.

Mrs. Smith will receive a B. S. degree in education.

William Francis Smith, son of Mr. and Mrs. W. J. Smith of Hereford, will receive his B. S. degree in Agriculture.

John Harold Shannon of Hereford will be among the 595 students to receive degrees at Baylor University commencement exercises in Waco May 23.

He will receive the Bachelor of Business Administration.

Dr. W. R. White, president of the university, will make the commencement address and diplomas will be awarded in Baylor stadium at 7:30 p. m. Friday. The baccalaureate is scheduled for Waco Hall at 11 a. m. Friday, with Rev. Stanley E. Wilkes of Houston as preacher.

The 595 spring graduates raise to 788 the numbers of degrees awarded by Baylor this school year. One hundred fourteen graduated at the end of the fall quarter, and 79 at the close of the winter quarter. A total of 18 different degree classifications are included in both the bachelor's and masters fields.

John Benson will visit relatives in Roswell for a week as soon as school is out.

Sanforized army twill. Tailored to fit and wear and wear. 8 ounce twill pants and 6 ounce twill shirt. Matching khaki color. 14 to 17 shirt, 28 to 44 pants.

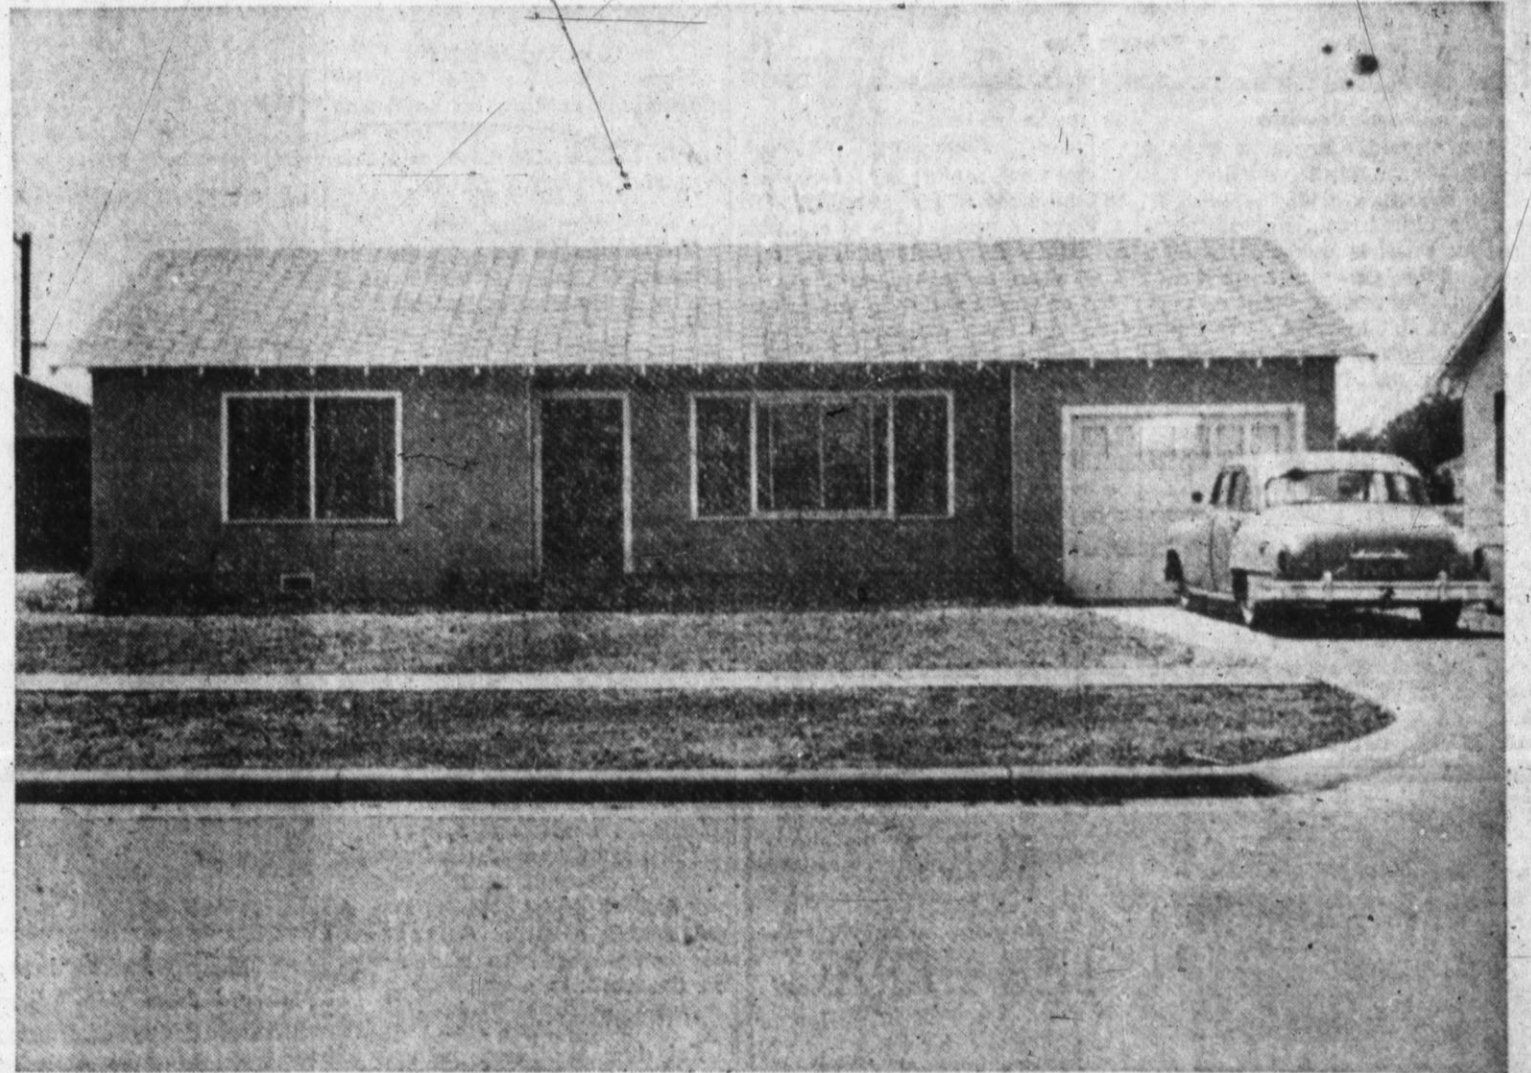

These New Homes Sustain Local 'Building Boom'

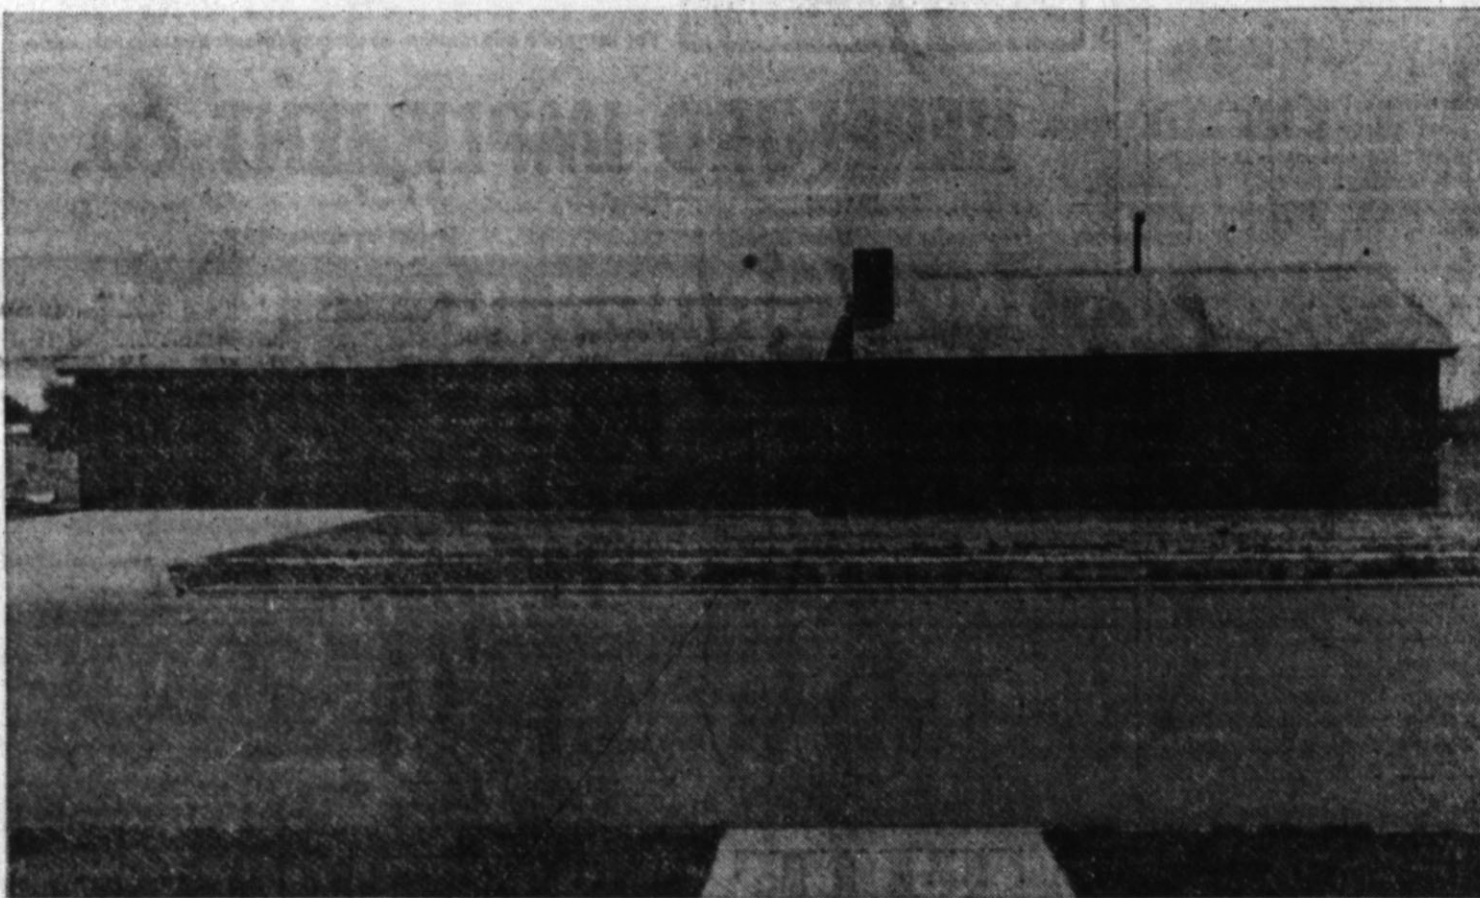

THE V. O. HENNENS will move into their new home, which is a mile south of Hereford on Highway 51, next week. The five-room house has three bedrooms and a combination liv-

and dining room. The Hennens have installed a circulating heating and aircooling system. Staff Photo.

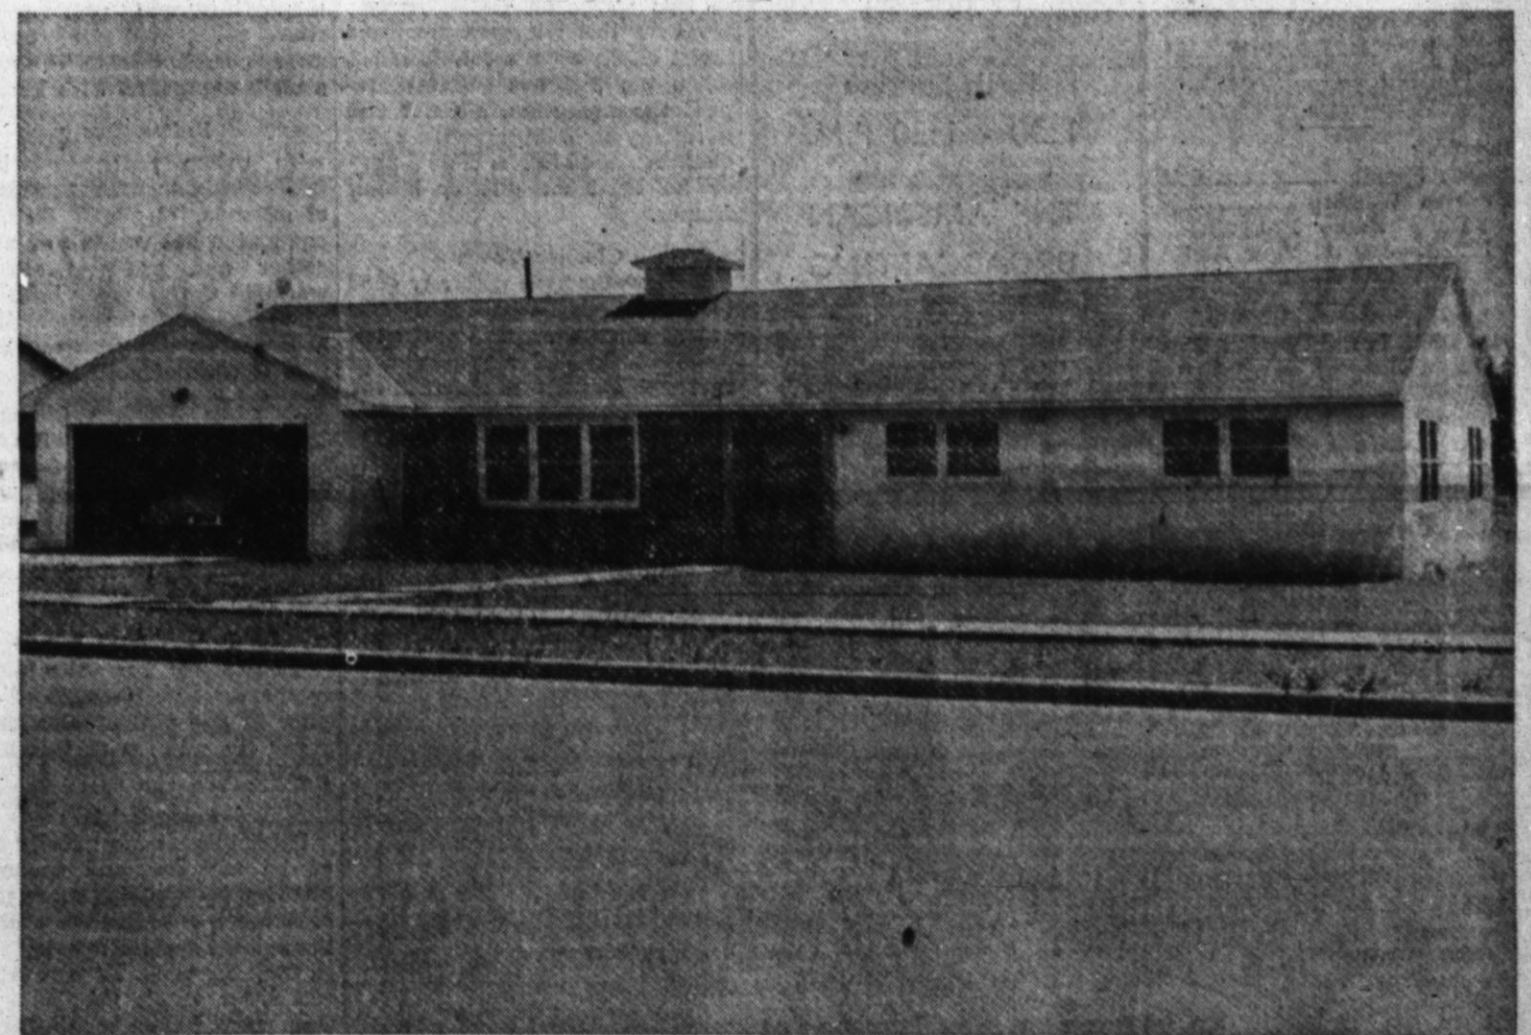

THE O. WERTENBERGER home on Star street features a picture window in the living room with small windows on either side for ventilation. The house has four rooms. Staff Photo.

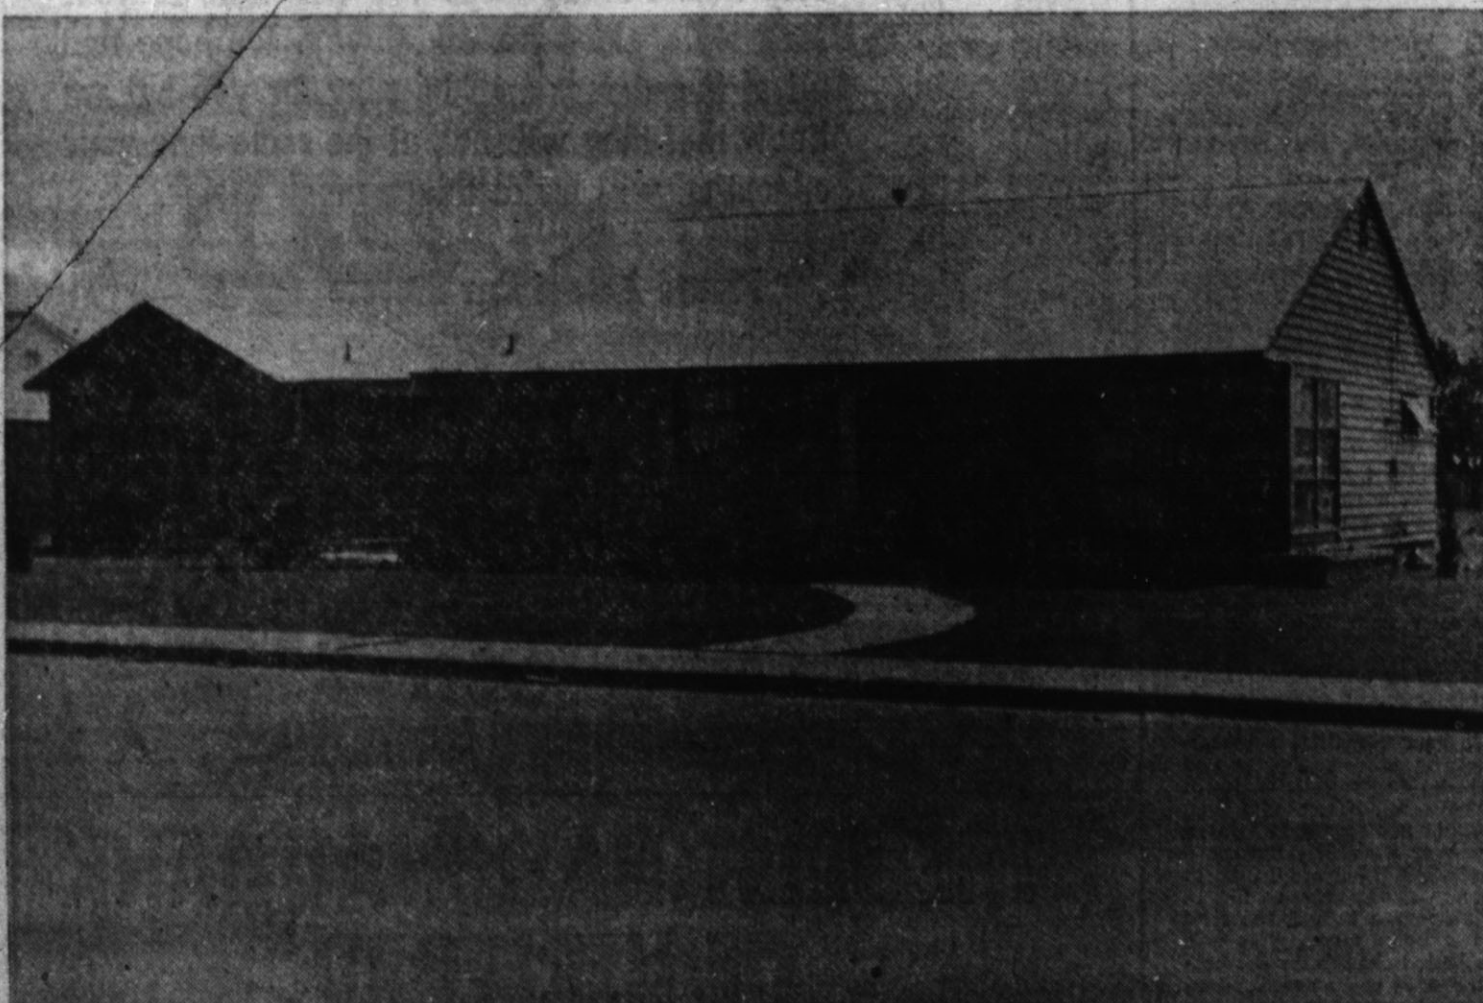

ONE OF HEREFORD'S newest homes is the W. B. Goats home on Texas avenue. The house was completed about three weeks ago. The living room has a large wood-burning

fireplace on one wall, finished in Arizona flagstone. Another highlight of the living room is a hand-painted mural on one wall. Staff Photo.

A COMBINATION DEN, dining room and kitchen is one of the outstanding features of the Lee Kent home, located on Star street. The Kents moved into their new home about the middle of April. Staff Photo.

SHOULDER-HIGH WINDOWS are one of the unusual features of the J. W. Barnett home on Star street. The windows are built so that there is no wasted wall-space in the house. Other features of the house include the children's bedroom,

where a large toy box has been built in the corner so that the corner space is not lost when the two beds are placed on adjoining walls. Staff Photo.

THE J. A. McWHORTER home on Star street is built of Austin stone. The living room is built at the back of the house with a large picture window overlooking a spacious backyard. The McWhorters moved into their new home about two months ago. Staff Photo.

Household Scrapbook

By Roberta Lee

Paint Brushes

One should choose a bristle brush when applying shellac; for japan colors, a squirrel hair or camel's hair brush. For lacquer, flowing brushes made of oxhair, fitch or badger prove most effective. When using paint or varnish, soft flat brushes of Chinese bristles, fitch or badger are best. Keep a varnish brush for varnish only.

To Mend Glass

Glass may be mended with a cement made by dissolving shellac in enough alcohol to make a mixture of the consistency of molasses. This cement will resist ordinary wear, but should be kept out of very hot water.

Storing Furs

When storing furs, buy twist tobacco, sprinkle it over the furs and then wrap them in newspaper. It will not retain the odor

as much as moth balls.

Mahogany

Smearly mahogany furniture can be cleaned by sponging with a cloth dipped into a solution of hot water and vinegar, and then with a cloth dipped into a pint of warm water to which one teaspoon each of linseed oil and turpentine have been added. Polish with a dry cloth.

Warts

Touch the warts with nitrate of silver, or tincture of iodine, or bathe them two or three times a day with strong saleratus water, heating it each time.

Dried Glue

Add a few drops of glycerine to the dried glue, and it will be usable again.

Bruises

Usually bruises can be prevented from turning colors by rubbing as soon as possible with

sweet oil and then spirits of turpentine. Dusting this moistened surface with flesh-colored powder will finish the work.

Frying Eggs

Add a generous pinch of flour to the grease and stir, just before putting in the eggs to fry; this will prevent the usual spattering of grease.

Cleaning Shades

Non-washable shades can be cleaned by rubbing common salt over them. Rub well into the shade with a soft cloth, and this will renew their freshness.

Complexion Aid

To whiten the skin and tend to remove wrinkles, mix one fluid ounce of tincture of benzoin, 1/2 ounce of pure glycerine, seven ounces of distilled rose-water. Bathe the face, neck, and hands with this at night and let dry on. Wash off in the morning with soft warm water and a very little Castile soap.

Pewter

Brighten pewter by soaking for a day or two in one quart of water to which a piece of potash the size of a hickory nut has been added. Take from the water, rub carefully with a cork dipped in oil, then polish with a chambric skin and whitening. After cleaning, keep it bright by washing with hot water and soap.

Wall Repair

Fill the broken places in walls with a mixture of white sand and plaster of Paris, made into a paste with a little water. Cover over with paper to match that on the wall.

Rhinestone Pins

Set the tarnished rhinestone pins and buckles in gasoline for about fifteen minutes, then polish with a flannel cloth, and they will look like new.

Gilt Frames

Use a weak solution of ammonia and water on gilded frames. Go over the gilt gently with a moist cloth; after a few minutes, when the dirt has softened, repeat the operation. Do not rub hard; dry by dabbing with a soft cloth. An oiled duster should never be used on gilt or bronze frames.

Cleaner Teeth

Soda water used with any good tooth paste is better than water out of the faucet. The teeth become whiter and a sensation of thorough cleanliness is felt in the gums and throat.

Paint Removal

Equal parts of ammonia and

JESSE McGUIRE accepts the Kiwanis "Good-Citizenship" award from Bob Wear at a special assembly at Central school Friday afternoon. Jesse was chosen for this award by a committee comprised of faculty members. He is the son of Mr. and Mrs. J. T. McGuire. The award is made possible through the cooperation of the McCullough Motor company. A similar award will be made Monday to a student at Shirley school. Staff Photo.

turpentine will remove paint from cloth, and for removing stains from bathroom fixtures use a cloth dampened with kerosene.

Soften Putty

To soften putty in window frames, mix together two pounds of sal-soda, 1/2-pound lime, and one gallon hot water. Stir all together and apply while still warm to the putty on both sides of the glass. Let remain for 12 hours when the glass can be removed without cutting.

Odorless Gasoline Cleanser

Add a few drops of oil of saffron to each quart of cleaning fluid used for cleaning dresses. This will deodorize the fluid and entirely remove any disagreeable odor from the garment after the cleaning.

Guard Against Moths

To preserve fur robes against moths, dissolve 1/2-ounce of camphor in one pint of alcohol and spray the robes with this before putting up.

Paint Blisters

Paint blisters are usually caused by moisture, and cannot be removed by applying more paint. Moisture is entering the wall and the painted surface is being soaked from the back. To prevent this condition locate the leaks and close them. Before repainting, remove all loose paint around a blister.

Bud-To-Blossom Installation At Friday Meeting

A one o'clock luncheon at Mrs. Rex Tynes' party house concluded activities for the Bud-To-Blossom club Friday.

Spring flowers decorated the tables with Mesdames Herbert Haseloff, R. N. Yarbro and Ben Childers making the arrangements.

Mrs. Herbert Haseloff was installed as president of the club with Mrs. John Jacobsen Jr. conducting the rites.

Other officers installed included: Mrs. W. Glenn Williams, 1st vice - president; Mrs. Ben Childers, 2nd vice - president; Mrs. R. N. Yarbro, 3rd vice - president; Mrs. Ernest Kendall, recording secretary; Mrs. Don Martin, corresponding secretary; Mrs. Bert Brown, treasurer; Mrs. Pat Robinson, parliamentarian; Mrs. W. H. Patton, federation councilor and Mrs. John Winkler, reporter.

Plan Flower Show

Plans were made for the flower show which will be held soon in Park Avenue Village. Mrs. W. Glenn Williams, chairman, an-

REGISTERED NURSE SAYS BIG 12 FORMULA IS BEST

When a registered nurse with years of experience in hospitals and private homes caring for sick people recommends a medicinal product one can be certain that the product has real merit. Mrs. Fern Collins, a registered nurse who resides in San Clemente, California and recently visited in Texas had this to say about BIG 12 Iron Tonic.

"I am a registered nurse, serving many years in hospitals and on private cases, and I have seen many instances where patients, suffering from stomach trouble, nervousness, sleeplessness, loss of appetite and a general run-down condition have been greatly benefited by taking a vitamin and mineral tonic such as BIG 12. In fact I should consider BIG 12 an absolute necessity where the patient's system is deficient in Vitamins B₁, B₂, Niacin, and Iron; this is especially true in cases of iron anemia of which there are many. I have studied the BIG 12 formula carefully and BIG 12 supplies by far more iron per daily dose than any similar product I have seen and I think I am familiar with all of them. BIG 12 also supplies in the daily dose as much of the new Red Vitamin B₁₂ as a doctor usually gives in an intramuscular injection. I believe that BIG 12 Iron Tonic, supplying as it does, helpful amounts of Vitamin B₁, B₂, and Niacin in addition to Vitamin B₁₂, and with such a large iron content, is undoubtedly the best tonic a person, young or old, can take to relieve conditions caused by these deficiencies. Also, because of its pleasant taste, BIG 12 is invaluable to mothers whose children are not thriving as they should, since children will readily take BIG 12 and this is important to mothers because other similar products usually taste atrociously and have to be diluted with water to enable an

adult to take them, much less trying to get such a dose down a child. BIG 12 requires no dilution with water, in fact BIG 12 can be placed in milk without causing the milk to curdle as will be the case with other similar products."

If you or any one in your family, a grownup, or child, is suffering with stomach distress, listlessness, poor appetite, nervousness, nagging aches and pains and sleeplessness due to deficiencies of Vitamins B₁, B₂, Niacin and Iron you could not possibly do a greater favor than to purchase a bottle of BIG 12 Iron Tonic at your drug store and within a short time, often before the first bottle has been taken, you will note a decided change for the better, you'll note more energy, better appetite and a general improvement so why wait? BIG 12 is the product you have been looking for if you suffer from these deficiencies and it is as close to you as your nearest drug store.

nounced that merchants of the city will donate door prizes. Members of the club decided to purchase one of the highway markers now being sponsored by the District 1, Texas Garden Clubs.

Those attending were Mesdames Ben Childers, R. A. Daniel Jr., Herbert Haseloff, Ernest Kendall, Don Martin, Jed Miller, W. H. Patton, Pat Robinson,

W. Glenn Williams, John Winkler, R. N. Yarbro, Bert Brown, Gib Howard, Frank Prowell, Ray Howell, Roger Brumley, Jack Johnson, Robert Hickman and a guest, Mrs. Frank Lewis.

You'll never drive a better bargain!

You'll never drive a better bargain than the International Truck you drive away from here.

You'll sense it from the way it handles, from the way it steps out with a full load. And you'll know it in the months and years ahead as your International keeps right on rolling up record savings on hauling costs.

We have the records to prove it. Why not stop in and see them?

You get these only with International pickups—

- Silver Diamond valve-in-head engine built in the world's largest truck engine plant.
- The "roomiest, most comfortable cab on the road" — the Comfo-Vision Cab.
- Super-steering system — more positive control, easier handling, 37° turning angle.
- Nine models . . . 4,200 to 8,600 lbs. GVW ratings. 6 1/2, 8 and 9-ft. bodies. 115, 127, 134-in. wheelbases.
- The traditional truck toughness that has kept International first in heavy-duty truck sales for 20 straight years.
- Largest exclusive truck service organization.

Buy on Proof!

Before you buy any truck, let us give you a list of persons in this area who have recently bought new Internationals like the one you are considering. Check with any or all of them. Find out how Internationals cut hauling costs on jobs like yours.

International Pickups available in nine models with 6 1/2, 8, and 9-ft. bodies, 4,200 to 8,600 lbs. GVW.

SHARON ANN BRINKMAN was honored on her 13th birthday with a surprise party at the home of her parents, Mr. and Mrs. Frank Brinkman. Those attending were from left to right: Mona Kay Gragg, Dolores Loerwald, Mary Kathryn

Huckert, Helen Diller, Sharon Brinkman, Patricia Peters, Ramona Frerich, Judy Jersig, Kay Kershen, Nina Mae Gfagg, Laura Jane Lamm and Earlene Conley. Staff Photo.

Long Time Ago

45 Years Ago

Professor L. R. Day was chosen president of the Panhandle Christian college at a call meeting of the board of trustees last week. An industrial department will be added to the college next year upon the recommendation of Professor Day.

Grading on the Panhandle short line railroad began Wednesday. The crews started to work to fill the crossing of the Tierra Blanca creek.

The city council voted to ask everyone in the three principle business blocks to build concrete sidewalks of standard dimensions in front of their businesses. T. B. Rector was the first businessman to start putting walks on his business lot.

Thomas A. Duffy of Iowa will be in Hereford next week to lecture on woodcraft at the Presbyterian church.

The fourth, fifth, sixth and seventh grade students had an all-day outing at Sulphur park last week.

The local telephone office is making plans to install a cable system. This system will replace the copper wire system which has been used in Hereford for several years.

The new street sprinkler was received this week and was placed in operation Tuesday.

C. R. Smith this week was appointed by the government to supervise the dipping of cattle in this southwestern district.

25 Years Ago

Hereford will be host on May 24 and 25 to the Amarillo district meeting of the Womens Missionary society.

Henry Wilkinson, president of the First State Bank and Trust company of Hereford will be the speaker at the Panhandle Banker's convention.

Seth B. Holman, editor of The Brand, was re-elected on the

Board of Directors for the West Texas Chamber of Commerce.

Rev. V. M. Cloyd returned home this week from the annual Southern Baptist convention recently held in Louisville, Ky.

"Story Of Mary" Antonian Circle Joint Program

"The Story of Mary" was the program for the evening at the joint meeting of the Antonian's Circle and the St. Anthony's guild.

Mrs. Ed Loerwald was in charge of the program.

Hostesses for the occasion were: Mrs. Ed Jesko, Mrs. C. M. Diller, Mrs. G. W. Hund, Mrs. Carl Luke.

Those attending were: Mesdames Ed Dauck, M. H. Koelzer, Leon Vinton, Ed Loerwald, John Henderson, Bill Warren, Clarence Betzen, Ted Higgins, John Gallagher, S. T. Loerwald, Norma Huckert, Jim Clements, Cornellius Drerup, Tony Hoffman, John Bernatis, Elmer Reinart, William Betzen, Harold Kreeghaiser, Henry Brorman, F. J. Walterschied, McClapp, George Turrentine, Joe Paetzold, Herman Paetzold, Chas. Vasek, Robert Kershen, Jimmie Jesko, C. J. Berends, Nolie G. Elliston, Roy Wilhelm, Hoy Connelley, Marvin Diller, Miss Adline Koelzer and the hostesses.

Walcott 4-H

A demonstration on making cupcakes was given by Mrs. Charlie Burk at the last meeting of the Walcott 4-H club.

Those attending the meeting were: Royce Lee Pruitt, Bonnie Ivie, Margaret Burrus, Patricia

Grider, Valeria Meier, Sharon Alexander, Cecelia Burrus, Merry Vera Haney, Kay Pruitt, Janell Weaver and

Beauty at Home

By Lynn Carter

Q. How can I exercise for keeping a slim waistline?

A. Stand with feet apart and arms at sides. Bring arms forward and lift them over your head, bringing them ever higher and farther back. At the same time, bend knees, stretching downward from waist through your knees, and then stretching up from your waist to tips of your fingers. Relax, and repeat as many times as possible. This exercise takes practice, but it is particularly effective for keeping a flat tummy.

Q. How should a really bad skin be rouged?

A. It is better not to rouge over this kind of skin, as this tends to accentuate the defects. Rather, use a darker, browner, or just pinker powder on your cheekbones than on the rest of your face.

Q. What is a good corrective for too-oily skin?

A. Equal parts of cologne water, witch hazel, and rosewater, sponged on the face, will help. Eliminate fatty foods from your diet, too.

Q. How can I make a camomile rinse for my hair?

A. Add four tablespoons camomile flowers to one quart water and boil for five minutes. Strain through cheesecloth, and use this as a rinse for light hair. down-ward too.

Q. What are the correct powders for the various kinds of skin?

A. A dry skin takes a light powder; a normal skin, a medium powder; and an oily skin, because of its high shine, requires a powder of heavy covering powder.

Q. How can I minimize the effect of a too-heavy chin?

A. If you will apply a darker shade of powder under the chin, blending along the jawline, and accentuate the upper lip with darker lipstick, this will help reduce the effect of the heavy looking chin.

Q. What can I do about dry and brittle hair?

A. One of the best remedies is frequent and regular massage, being sure to move the scalp with the fingers. Rub a little warm olive oil into the scalp at least twice weekly, and be sure to brush the hair at least twice a day — more if you have the time.

Q. How can I remedy puffiness under my eyes?

A. Place some hot, wet bandages over the eyes for 10 or 15 minutes, while lying down. Then apply an ointment composed of .25 grams of Vaseline petroleum jelly, 5 grams pure olive oil, 25 grams lanolin, and 3 grams sulphate of aluminum. Dissolve Vaseline and lanolin over a fire, and when entirely melted, remove from fire and stir constantly while adding olive oil. Add sulphate of aluminum and stir well. Massage this well into skin under eyes, then remove surplus ointment.

Q. Please repeat your formula for bleaching hairs on the legs.

A. With some cotton pads, apply periodically to the unwanted hairs a mixture of one-half teaspoon toilet ammonia and three tablespoons of peroxide. This must be mixed fresh for each application.

A group of eight students from West Texas State college visited in the home of Mrs. Caudie Oia Brown Friday night. Included in the group were: Colline and Emma Jane Brown, Gayle Foster, Gayle Roberson, Dorothy "Tootie" Osburn, Martha Ann Montgomery, Susan McCullough, and Katherine Smith.

BRIEF NEWS ITEMS—

CEMENT SHINGLE TABS
To increase the wind-resistance of asphalt shingles, shingle tabs can be cemented down with quick-setting asphalt cement. This is recommended for roofs in exposed locations where high winds are frequent.

FIRE HAZARD DECLINES
Flammable roofing has ranked as high as second among home fire hazards but has now dropped to tenth. Greater use of fire-resistant roofing such as asphalt shingles is one of the reasons.

VARNISHING FLOOR
Cleaning and drying is the only preparation required for application of varnish or varnish stain to a soft-wood floor.

PATCHING AWNINGS
A torn awning can be repaired by sewing a patch on the under side. Rubber cement also can be used to secure the patch.

PLYWOOD HAS MANY USES
Hardwood plywood has well over 2,000 uses, both decorative and structural. Its more common uses are in the manufacture of furniture, pianos, television and radio cabinets, watercraft, railroad streamliners, trailers, store equipment, elevator cabs and interior wall paneling.

VENEER FROM STUMPS
Much of the most attractive hardwood veneer is cut from tree stumps in which the wood fibers have been compressed into wavy, crinkled, complex designs.

ASHES SHOULD BE REMOVED
Ashes, left to accumulate in the ash pit of a coal furnace, cut the flow of air to the fire and also will cause the fire grates to burn out.

TRACING WALL LEAK
Leakage through a masonry wall usually can be traced to open joints around the window frames,

CONG. ROGERS SAYS Day Of Reckoning At Hand In Corrupt Government Practices

"HONESTY IS THE BEST POLICY": This age-old maxim has been brought to the attention of many people in government and out of government with a striking force that will be long remembered. In fact, the investigations that have been started and prosecuted by this Congress will mark the beginning of honesty in government that has been needed for a long, long time.

There have been attempts to soft pedal information uncovered by these committees; many witnesses have availed themselves of their constitutional rights not to testify against themselves, hoping that the pressure would be lessened by the passage of time, and other dilatory tactics have been employed. However, the Congress and these committees have pressed relentlessly forward on these investigations, and the skeptics are now convinced that there will be no let-up until every festering infection of corruption in government has been opened, aired and treated. There will no doubt be many more obstacles placed in the path of this Congress and these committees, but these will be overcome as they have in the past. Many indictments that are resulting from the findings of the Teague Committee for violations of the Veterans' programs is a good indication of what is going to be expected in the other investigations.

If Congress does not get some effective prosecutions, you can look for some heads to roll. This congress intends to see that this mess is cleaned up and kept clean. Those who have been parties to these sinister and insidious transactions, both government employees and those outside of government, now sincerely wish that they had followed the maxim, "Honest is the best policy," because no one is more keenly aware than are they that "Truth crushed to earth will rise again." The cleansing job has just started but the American people are wide awake, and all public officials at all levels of government had better get their houses in order and keep them that way, because the day of reckoning is here.

THE KOREAN VETERANS' BILL: I have just returned from a long and tedious session of the Committee on Veterans' Affairs, in which we completed hearings on the extension of GI benefits to Korean veterans, and ordered a bill reported to the Congress. This bill provides for the benefits to be paid directly to the veterans, rather than to the various schools that they attend. This

a purchase program may be necessary, purchases will be made at \$62.40 a ton. These rates compare with 1951 - crop loans at \$65.50 per ton and purchases at \$61.50.

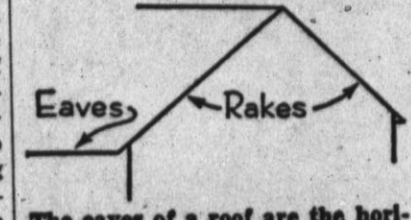

will enable the veteran to choose his own school, buy his own text books, and conduct his own business of getting an education. The bill contains many provisions plugging loopholes through which questionable organizations milked the public treasury under the World War II GI Bill. Some of the tricks resorted to by supposedly reputable institutions under the old GI bill, in order to get public money, were nothing less than astounding. The committee worked long and hard in full cooperation with the Select Committee appointed to investigate these wrongdoings, and we feel that the bill that has been sent to the Congress will not only plug the loopholes, but will give the benefits to the veterans who are entitled to them and at the same time prevent the public treasury from being siphoned by various tricky devices.

The new Korean bill provides for veterans to obtain loans to build houses, and the committee tried to write into the bill sufficient safeguards to protect the veterans from some of the practices to which they have been subjected in various locations all over the country. This provision of course provides for the guaranty by the government of loans to veterans so that they may be able to build homes. Many of them have experienced difficulties in obtaining loans from private institutions; the reason being that the interest rate provided in the GI loans is low. This program under the old GI bill reflects that almost 100 per cent of the veterans are excellent credit risks and the losses under that program were almost non-existent. This credit record established by these veterans is actually so good that it is almost unbelievable. We have also included a provision to protect a veteran of World War II who is called back into the Korean war and has to sell his home. We hope to get this bill through at the earliest possible moment so that the long delay suffered by these Korean veterans will not be prolonged.

ADJOURNMENT: The House had hoped to adjourn during the early part of June. However, this appears to be impossible. Many of the appropriations bills that have gone to the Senate are still in the Senate committees, and it is doubtful whether or not the house will get them back in time to adjourn by the first of July. The general talk here is that the House will recess around July 1st and reconvene around the 15th of August or the first of September. There is still much important legislation to be disposed of and many of these bills will be controversial in the House and Senate amendments are attached. This means long conference sessions, which may result in no adjournment and only a short recess. I hope to be back

Asphalt Roof Extra Thick

With an asphalt shingle roof, it's not only the shingles themselves that protect the home. In new construction, vulnerable sections of the roof, particularly the eaves, are covered by as many as four thicknesses of material before any shingles are laid. These increase the weather-resisting ability of the parts that

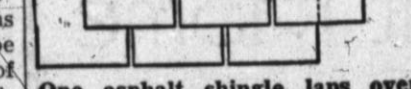

The eaves of a roof are the horizontal edges that project over the walls of the building. The rakes are the inclined edges that go from the eaves up to the ridge.

are most threatened by rain and wind. After the deck has been built, the first step is application of a layer of asphalt-saturated felt. This goes directly over the roof deck boards.

Special reinforcement is recommended for the edges of the roof—the eaves and the rakes. Metal drip edging, which turns down over the sides and ends of the boards, is specified.

Next is an "eaves flashing strip." Along the eaves line, a strip of asphalt roll roofing at

least 36 inches wide is put over the metal edge.

At the eaves line, the fourth preliminary layer of waterproof material consists of a "starter" row of shingles, which go on top of the eaves flashing strip. The first regular shingles—the ones exposed to view—finally are laid on top of this.

The asphalt shingles themselves, of course, are the principal weatherlight covering. Three-tab, square butt, strip shingles are the most widely used type of asphalt shingles. As they repeatedly lap over each other, they weigh 210 pounds or more to each 100 square feet of roof area.

in the District sometime during the latter part of June or the first of July.

Here from Woodward, Okla., were Mr. and Mrs. Paul Dishman, Mr. and Mrs. C. D. Caison and Wolfe are connected with the Magnolia Petroleum Co. and Bill Wolfe. Messrs. Dishman, in Woodward.

Braceros Not Under SS Act

Agricultural workers who are recruited and brought to the United States from the Republic of Mexico under contracts to do farm and ranch work are not covered by Social Security, according to John R. Sanderson, manager of the Amarillo office of the Social Security Administration.

There is some confusion among farm and ranch operators in this area as to whether or not "braceros" are covered by Social Security, Sanderson stated. "Under an amendment by Congress, the Social Security Act specifically excludes those Mexican agricultural workers."

This exclusion does not apply to non-citizens generally, but it applies only to those who do agricultural work under what is

commonly called the "Braceros Contract."

Other aliens who work for American employers are covered by the law the same as citizens of the United States.

"Accordingly, farmers and ranchers who regularly employ these contract workers should not withhold social security taxes from their wages, or report them on their quarterly tax returns," he said.

Cottonseed Supports Set

Price supports on the 1952 cottonseed crop will reflect 90% of parity, the State Production and Marketing Administration said today. Supports will be made effective through loans, purchase agreements, and purchases.

Loans on cottonseed will be available at \$66.40 per ton on basis grade (100). In areas where

ITS NEW KIND OF HORSEPOWER IS SOMETHING TO FEEL!

With its 180 HP V-8 engine, on 125 1/2 inches of wheelbase, many people think the Saratoga is the best Chrysler car of all.

We invite you to take the wheel and feel what happens! There's a new sense of easy power, a reserve power that make driving a new experience.

Its revolutionary combustion chamber develops more of the power in each charge of fuel than other engines can do. One result is performance, even on non-pre-

mium fuel, such as you have never felt. Another result is new economy. It's an engine that scarcely forms carbon at all. It creates less heat. It will last much longer, stay younger on the way!

And with Chrysler full-time Power Steering*, you steer with one-fifth the usual effort... drive with five times the usual control! With Power Brakes you need up to two-thirds less foot pressure... and still stop in many feet less than other cars can do.

Yes, behind Chrysler's new engine you'll find a new kind of car. Won't you come in and feel what we mean?

*NOTE: Power Steering standard on Crown Imperial. Available, extra, on any new Chrysler.

Cotton in the Flower Bed
The American housewife, long noted for her "fix-it" ingenuity with the common hairpin, has come up with another unique feature in the home scheme. She has discovered that the ordinary cotton plant is an attractive addition to her flower garden.

This may come as a surprise to those who think of cotton only in terms of its importance in the Texas economic structure. It may also be hard to visualize by a person who remembers the

drudgery of his youth spent in pulling a heavily loaded cotton sack down endless rows in the boll field.

But it is sometimes difficult to see the trees for the forest—and it is equally hard to recognize the individual beauty of a single cotton plant when it is swallowed up in the millions of acres of green fields that extend throughout the state of Texas annually.

Yes, cotton is a beautiful plant. Varieties with green lint, red leaves or long staple are ideally suited for garden and display purposes. Given ample space and moisture, the plant produces an abundant number of attractive blooms during the summer which are transformed into a snowy wonderland of open bolls in the early fall.

In recent years, the Texas housewife has discovered this fact and she has taken advantage of it. But there is another factor to be considered. She might be breaking the law!

There are 189 cotton producing counties in Texas which are subject to Pink Bollworm quarantine regulations. Fifty-nine of the counties in South Texas and the Rio Grande Valley are limited to specific cotton growing periods during the year to combat the spread of the destructive Pink Bollworm insect. It is in these latter counties that the housewife risks running afoul of the Pink Bollworm law as administered by the Texas Department of Agriculture.

For example, a cotton fancier in Brownsville, where planting and plow-up dates are mandatory, may find she has to des-

Change In 1952 Cotton Support Program Set

Changes in the 1952 - crop cotton price - support program, compared with previous years, should make the program more useful to growers, Faust Collier, Deaf Smith county Production and Marketing Administration secretary, said recently.

This year, cotton loans will be made (1) by local banks, production credit associations, and other qualified local agencies or (2) by PMA county committees, which will be authorized to issue sight drafts drawn on the Commodity Credit Corporation. Producers will be encouraged to obtain loans through local lending agencies. Loan documents will be kept in the local area, which will speed up servicing of the loans.

For the first time, purchase agreements will be available on cotton as an additional means of enabling farmers to obtain at least the support price for their cotton. Purchase agreements have been available to producers of other basic commodities during the last several years.

Under a purchase agreement, the producer has an option to sell a specified quantity of cotton to CCC at the end of the season at the applicable support rate. A small fee is charged for this accommodation. The producer retains ownership of his cotton throughout the season and may sell it in the open market or hold it for sale to CCC in the event that market prices are not as favorable as the CCC support rate.

Loans will be available on cotton stored in warehouses approved by CCC or in farm storage structures approved by PMA county committees. Any cotton delivered under purchase agree-

NW HEREFORD NEWS

No Crop Damage Reported In Slight Freeze Monday Morning

By Mrs. R. C. Childers
The thermometer reading at 6 a. m. Monday morning was 34 degrees in this vicinity. There was plenty of frost everywhere. Windshields were so thickly covered that it had to be scraped off before the vehicle could be driven. No crop damage has been reported at this time.

Only a small amount of moisture was received in this community during the rainy spell over the week end.

Mr. and Mrs. Wayne Johnson left Friday night for Harrison, Ark., where they visited Mr. and Mrs. Earl Johnson, who have recently moved there from Pampa, Texas. They are the parents of Wayne Johnson.

Mr. and Mrs. R. C. Childers and their daughter, Patsy left Wednesday morning for Baytown, Texas, where they will visit Mr. Childers' mother, Mrs. Bod Childers, who submitted to surgery last Wednesday and is in the San Jacinto Memorial hospital there.

The Childers went as far as Nacogdoches Wednesday and spent the night in the R. N. Cooke home there. The Cookes are formerly of this community.

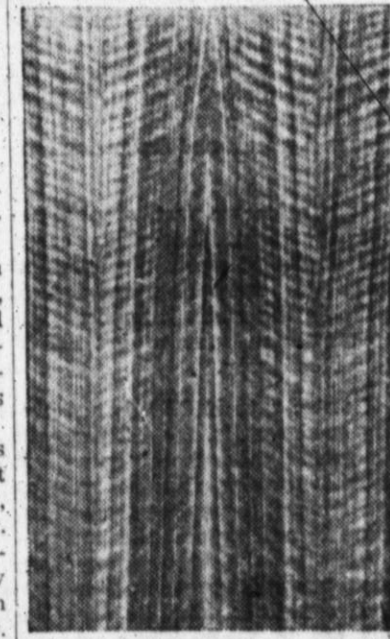

Mrs. A. C. Hershey entertained a group of her friends with a brush party in her home Friday night.

Mrs. S. J. Barclay was taken to the local hospital Friday and remained until Monday morning.

Mrs. James Barclay, who has been in the home of her son, S. J. Barclay since the death of her husband several weeks ago, went to Canyon Saturday to spend a while in the home of her son, Ralph Barclay.

Mrs. Lyle Rickman was taken

Veneers Display Wood Grain Figure

Hardwood veneers are cut to bring out the best-looking grain figure of the tree. The grain of adjacent sheets of veneer is virtually identical, and attractively faced hardwood plywood is made by skillful arrangement of matching sheets. For the section of hardwood plywood shown above, the veneer was cut to display delicately figured stripes. Four pieces of wood veneer were matched to achieve the V-effect.

to the local hospital Saturday. She may have to undergo major surgery again.

Women attending the Special Meeting of the Home Demonstration clubs at Westway Monday afternoon from this vicinity were Mrs. Fred Wolfington, Mrs. R. C. Childers, Mrs. John Hunter, and Mrs. Paul S. Corbett.

Mrs. Allie McNeill of Canyon spent Sunday in the R. C. Childers home.

Raymon Childers Jr. was a guest pianist at Nancy Patterson's voice recital Sunday afternoon at 8 in the Methodist church. Raymon played two numbers, "Prelude in C Sharp Minor" by Rachmaninoff and "Fantaisie Impromptu" by Chopin.

At 3 p. m. Mrs. Ellis Coombs presented her pupils in a musical recital at the Educational building in the Baptist church. Raymon and Patsy Childers were featured in a two piano duet, playing the "Donkey Serenade."

Patricia Caywood was also presented. She played two numbers called "The Organ Grinder" by Thompson. Patricia is the daughter of Mr. and Mrs. M. G. Caywood.

Know Your House—

Rock Granules Toughen Roof

Most home-owners don't realize it, but little bits of stone, nature's most wear-resistant material, usually are a home's first line of defense against attacking weather.

The roof of a house is the part that takes the greatest beating from rain, snow, sleet, hail, the heat of the sun, and the force of the wind. More houses in the United States are protected by asphalt roofing than by any other material. And asphalt shingles are surfaced with mineral granules, which are small pieces of rock.

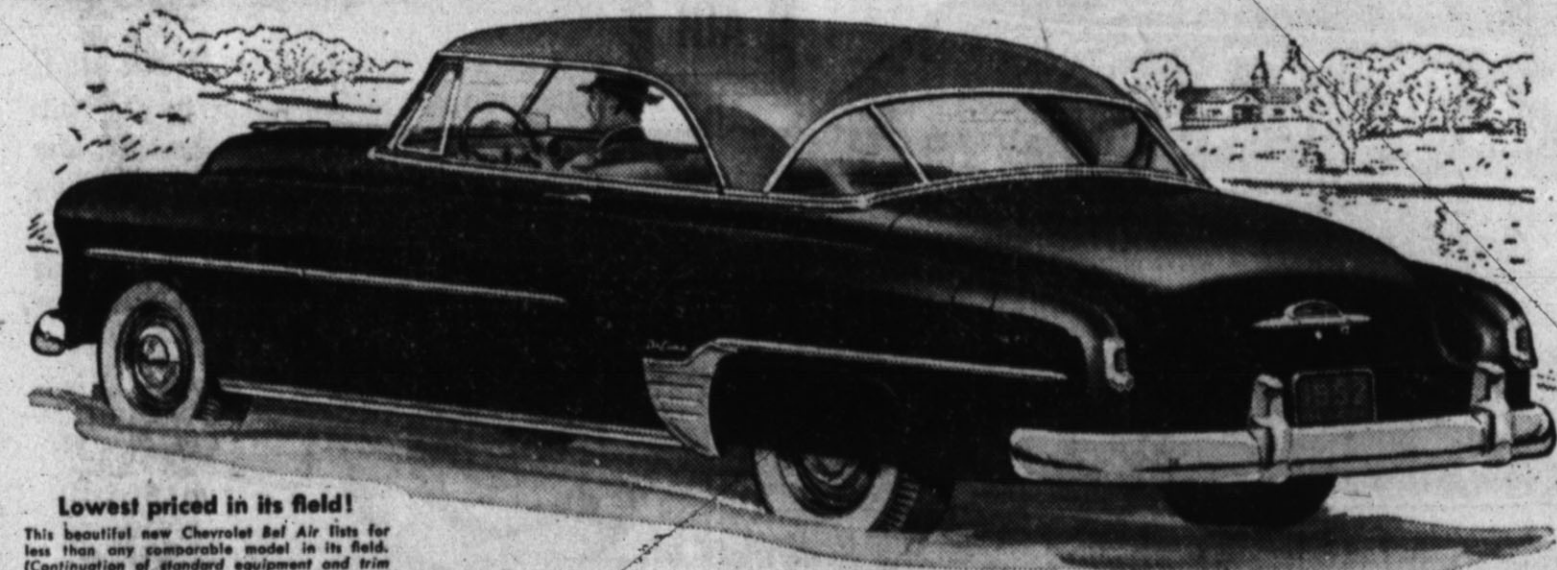

Mineral granules are obtained from natural slate, quartz, traprock, and slag. There are four reasons they are incorporated into asphalt shingles:

1. The granules can be colored by ceramic firing. This is the way asphalt shingles are made in their full range of solid and blended hues.
2. They increase the fire-resistance of the roofing.
3. They provide an excellent wearing and weathering surface.
4. Because the granules are opaque, they protect the asphalt from the impact of the sun's rays.

trophy "flower bed" by August 31 this year if she is to comply with regulations. This might ruin the entire effect of her summer garden, especially if she planted late in the season and the cotton did not have adequate time to bloom.

The Texas Department of Agriculture certainly has no intentions of pressing charges against housewives who innocently violate the cotton regulations. However, plants found growing in areas where their existence may constitute a breeding place for Pink Bollworm will have to be destroyed if they conflict with the legal growing season.

This word of advice, then, to the person who may contemplate adding cotton in the flower garden this year; Make sure of the law — then go ahead.

Sanitation Is Paramount In Fly Control

COLLEGE STATION — Sanitation is the number one item in a successful fly control program. Insecticidal treatment is of little or no value unless a thorough job of cleaning up all fly breeding places is done, says A. C. Gunter, entomologist for the Texas Agricultural Extension Service.

It is a known fact, emphasizes the specialist, that flies carry the germs of many diseases and with the increasing amount of polio in the state, it is more important than ever to get rid of the flies early.

Gunter says if DDT is not giving good results, try a 2 per cent chlordane household spray. It should get the flies as well as other insect pests that are bothersome in and around the house.

Premises should be kept clean at all times. Keep garbage in covered containers and be sure the lids are in place. Clean up and destroy breeding places around the farmstead and don't expect insecticides to do the entire job. They'll help, says Gunter, but there is nothing that can be substituted for cleanliness. Mix liberal amounts of sanitation with smaller amounts of insecticides and use them to keep flies under control.

One treatment is not enough. If complete control is to be maintained, regular checks must be made to see that breeding places are not reestablished and insecticides used to get those that go visiting without any invitation. Remember, says the specialist, about the only safe fly to have around the place is a dead one and the use of insecticides and strict sanitation practices in and around the home will keep fly numbers at a minimum.

Grass, Legume Seed Support Prices Are Set

The production of improved varieties of hay, pasture, and range grass seeds is emphasized under the 1952 price support program, according to the State Production and Marketing Administration. The program is directed especially toward encouraging production adjustments to meet requirements for soil-conserving crops during the next few years.

While the 1952 seed program is substantially the same as the one for 1951, some changes reflect changes in the supply and demand situation for certain seeds. Principal changes include (1) the addition of Tift sudan to the list of certified sudan grass seeds for which supports will be available; (2) reductions in supports for Southern alfalfa, all certified alfalfa, certified Ladino, and birdsfoot trefoil; and (3) increases in support prices for smooth brome grass and crested wheatgrass.

Loans and purchase agreements will be available to producers on seeds stored either on farms or in warehouses. Direct loans will be disbursed this year by means of sight drafts drawn on the

Letter To The Editor

To the Editor:

The rumor that the city fathers contemplate using their mechanical street sweeper, periodically, in keeping our paved alleys clean and free from small gravel and dirt that has accumulated during the many months of neglect. Many people — men, women and children use these alleys daily, and people with thin soles on their shoes complain that their feet are frequently almost ruined from walking over these alleys.

It is really surprising at the number of people who daily use these alleys as a short cut in their travels about the city. The soles of women's shoes are quite thin always, and the fact that paved alleys, especially are public thoroughfares makes the city more or less responsible for what happens.

L. Baskin

Commodity Credit Corporation by County PMA committees, instead of by State PMA officers as heretofore.

Details on rates, specifications, and discounts are available at county PMA offices.

Keep Bugs Out Of Stored Wheat

COLLEGE STATION — Recent regulations announced by the Food and Drug Administration regarding the grading of wheat which has been in storage and damaged by insects is of great economic importance to wheat producers in Texas.

Losses, says Fred Dines, wheat marketing specialist for the Texas Agricultural Extension Service, can be held to a minimum if producers will take the necessary precautions in storing their wheat, especially that stored on the farm.

The first job, and it should be done now, is to thoroughly clean and then treat the storage bin for insects. Dines emphasizes that all accumulations of residue grain-whole, cracked, ground or grain dust, — must be removed from the interior or exterior of the bin. Check the cross braces, rafters, cracks in the floor and walls and if available, the specialist recommends using an air blasting machine to get the accumulations cleaned up.

If the storage bin is inside or attached to other farm buildings, Dines says special care must be taken to see that all materials such as mixed feed, other grain, hay and straw in which insects may breed are removed from the storage area.

After the clean up job is completed a residual spray should be applied to the surfaces of the bin at least two weeks before grain is placed in storage. Dines and Extension Entomologist A. C. Gunter recommend the use of lindane, pyronne base, methoxychlor or DDT residual sprays. A pyrethium piperonyl butoxide spray may also be used. They point out that directions for the use of each of these materials is carried on the label of the container and urge that these instructions be followed to the letter. Menthoxychlor and DDT sprays, they warn, should not be used in concentrations of more than two and one-half per cent.

Every crack, crevice, corner, ledge, beam and cross brace that could harbor insects should be thoroughly covered with the spray. Do a complete job, say the specialists, inside and out.

Regardless of how well the clean up and spraying jobs are done, Dines adds, the key to a good insect control program is putting into storage only dry grain. Stored grain insects require water for life and grain containing less than 12 per cent

moisture does not provide a favorable habitat. On the other hand, grain containing more than 13 per cent moisture does provide the needed moisture for insect development and heating. Heat due to weevil activity and or wheat respiration may become concentrated and sufficiently high to cause damage to the grain and a loss in grade when the grain is marketed.

Finally, Dines says, don't fill the bins completely because the effectiveness of fumigating which will be done later will be reduced. Then too, bins that are completely filled cannot be checked as easily for weevils and damage.

Right now is the time to do the cleaning and spraying jobs, says Dines because there'll be little time for doing them if producers wait until the actual harvest has started.

Mrs. John Dulany of Borger is visiting this week in the home of her sister, Mrs. Lee Little.

Mrs. George Heard, Dr. G. W. Heard and Miss Lucy Reed went to Amarillo Sunday to the recital of Mrs. Myrtle Reed.

It gives this old familiar sign new meaning

WOULD you be interested in getting one gallon free with each tankful of gasoline you buy?

Then we can tell you this: It will certainly be worth your while to read this brief story of Buick's new Airpower carburetor.

Truth is — a skillful driver can just about double the bonus we mention, if he makes the most of what this year's ROADMASTER has to offer.

The reason you can get such a bonus traces to a pair of simple facts:

- (1) It's a mixture of gasoline and air that gives you power.
- (2) Buick engineers have come up with a four-barrel automatic carburetor that lets

you use more gallons of air per gallon of fuel.

Most of the time, only two of these barrels are needed — and they feed such a thrifty mixture that you use less gasoline at 40 mph than you'd formerly use at 30.

But — when you want a quick burst of eager power — you can double the air supply as well as the gasoline feed — and come up with the highest horsepower that Buick's Fireball 8 Engine ever delivered.

Of course, any man who's buying a car as fine as a ROADMASTER wants a lot more than extra miles from a tankful of gas.

He wants the distinction of extra room, extra comfort, richer fabrics and all the other refinements that make a car truly fine.

He wants to ride with solid security, confident poise and lordly silence.

And, while he may not admit it, he yearns for a car that's full of fun.

All this, we promise you, and more will be yours when you take the responsive wheel of a ROADMASTER.

How about doing that — soon?

Equipment, accessories, trim and models are subject to change without notice.

Attend the Church of Your Choice This Week

This Week's Calendar at Your Hereford Churches

WHAT a tragic figure this man makes! But he never intended to make this picture. The first mile of this road did not look like this. But a great Teacher in the long ago warned him and us that we must choose the path on which we enter. *There is one way that looks hard at the first but it "leads to life, and those who find it are few."* So many are attracted to 'the other way' that is easy at first, but it leads to destruction, and those who enter it are many.

How necessary that we older folk shall guide wisely the young feet! Shall I "go to heaven" as the goal of my living? Look at my feet this very moment. Which way are they pointing? *"Heaven is being on the way to heaven"* and heavenly people are journeying there together now. Will my "last mile" be one of pathetic regrets and of sorrowful steps? Shall I leave grief and sorrow in the hearts of those who love me? Now is the time to answer that question. For *"Despair is being on the way to despair."* Which way did our feet move yesterday? What is the goal we have set before us this day? *Your Church Can Help You.*

THE last drink will not destroy us, if we had not taken the first. The 'last mile' of hatred and malice will not come to us if we do not allow unkindness and jealousy and envy to creep along with us through the first miles. The end of the way will not be vulgar and vicious unless we have forsaken the path of decency and of integrity further back. Every one of us is choosing this day the road we shall take. *"But as for me and my house, we will serve the Lord"* and do His will. May this be our resolve today.

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

Williams Newspaper Features
P. O. Box 211, Ft. Worth, Tex.

First Christian

Vacation Bible school starts at the First Christian church on Monday morning, May 26. The school will be held from 9 till 12 through Friday, May 10. Mrs. O. H. Culpepper is general superintendent of the school.

Sunday school at the First Christian church will be held at 9:45. Sunday morning worship services will be at 10:50.

At 6:30 on Sunday evening the youth groups will meet followed by evening worship at 7:30 p. m.

Monday morning at 7 a. m. the prayer group circle will meet at the church.

First Methodist

Rev. Don R. Davidson, pastor of the First Methodist church, will bring the message at both worship hours of the last Sunday of the Conference Year. The morning service will be broadcast over KPAN.

The officers and chairmen of the Woman's Society of Christian Service will meet at twelve noon Wednesday with Mrs. S. L. Easley for a covered dish luncheon to be followed by an officer's training session.

The Home Builders class will meet at 7:45 Tuesday evening in the church basement.

The Korean Prayer Band will meet at 3:30 Sunday afternoon in the sanctuary.

The Wednesday evening service of Bible study and prayer will be in Ward hall at 7:30.

The Senior and Intermediate MYFs will meet at 6:30 Sunday evening.

First Presbyterian

Sunday school will be held at the First Presbyterian church each Sunday morning at 9:45. Morning worship is held on Sunday morning at 11 o'clock.

Sunday evening services are held at 7:30.

The First Presbyterian church is located at Seventh and Lee.

Rev. Russell Wingert is pastor of the church.

Immanuel Lutheran

The worship hour at the Immanuel Lutheran church will be held at 11:30 a. m. Sunday school and Bible class convene at 10:30.

Each Saturday morning the church presents the morning de-

vation over KPAN at 8:45. The Lutheran Hour may be heard during the summer months over KAMQ, Amarillo at 6:30 p. m.

Seventh Day Adventist

The morning worship service will be held at 11 a. m. at the Seventh Day Adventist church.

Sabbath school is held at 10 a. m. on Saturday, May 24.

St. Anthony's Catholic

Week-day masses at the St. Anthony's Catholic church are held at 6:30 and 8 a. m.

Masses on Sunday will be held at 6:30, 8 o'clock and 10 o'clock.

St. Thomas Episcopal

The Rogation service which was scheduled for May 18 was called off because of the weather. Another date for the service has not been announced.

The church service will be held at 8 a. m. on Sunday at the St. Thomas Episcopal church and Sunday school will be held at 10 a. m.

Assembly of God

The Women's Missionary council of the Assembly of God church will meet at 9:30 Thursday morning.

Sunday school will be held at 9:45 at the Assembly of God church and the morning preaching service will begin at 11 o'clock.

Young people's and junior children's church will be at 6:45 on Sunday evening. Evening preaching is at 7:45.

The Wednesday night prayer service will be held at 7:45.

The Assembly of God radio program can be heard at 8:45 each Sunday morning over station KPAN.

Avenue Baptist

Sunday school will be held at the Avenue Baptist church at 9:45 followed by morning worship at 11 o'clock.

Training union is held at 7 o'clock and evening worship services are held at 8 p. m.

Wednesday night prayer ser-

vice are at 8 p. m. Rev. H. V. Fields is pastor of the Avenue Baptist church.

The WMU of the Avenue Baptist church is held every Friday afternoon at 2:30 p. m. at the church.

Christian Science

Christian Science services are held at 11 a. m. on Sunday at the Star theatre. Everyone is invited to attend.

The Lesson - Sermon for May 25 will be "Soul and Body."

The Golden Text is taken from Psalm 103:1.

Church of Christ

Sunday school at the Church of Christ will be held at 10 a. m. on Sunday. Morning worship services will be held at 11 o'clock.

Sunday evening the young people of the church will meet at 7:15 and evening worship will be held at 8 p. m.

Each Wednesday night prayer services are held at 8 p. m.

You are cordially invited to listen daily to the Hereford Church of Christ broadcast over KPAN at 9:30 each morning.

On Sunday afternoon from 1 to 1:30 there is a nationwide broadcast over radio station KFDA, Amarillo.

Church of Nazarene

Morning worship at the Church of the Nazarene will be held at 11 o'clock. The Sunday night services will be held at 7:45.

Roy Bickford is pastor of the church which is located at Fourth and Jackson.

First Baptist

Saturday morning the junior choir of the First Baptist church will meet at 10 o'clock for a practice session.

Sunday school will be held at 9:45 on Sunday morning and morning worship will be held at 10:50.

Sunday evening training union is held at 7:15 and evening worship services are held at 8:30.

Wednesday evening there will be a teachers and officers supper at 7:30. Jerry Little of Amarillo will be the speaker.

DAWN NEWS

Prizes, Picnic Mark Finish Of School For Dawn Students

By Bertha Frye

This week concludes another school year at Dawn. The Dawn school is a part of the Hereford school system.

The Dawn school will have a picnic at Elwood park in Amarillo on Friday.

Several prizes were awarded by Mr. Corder, teacher of the fifth and sixth grades. Awards went to Lucy Beth Miller, spelling. She had only missed three words for the entire school year. Lucy Beth received a prize of \$2.50

Jack Higgins won a prize for most improvement in penmanship. Paul Higgins, fifth grade, won a new book as a prize in reading the most books during the year. He read 36.

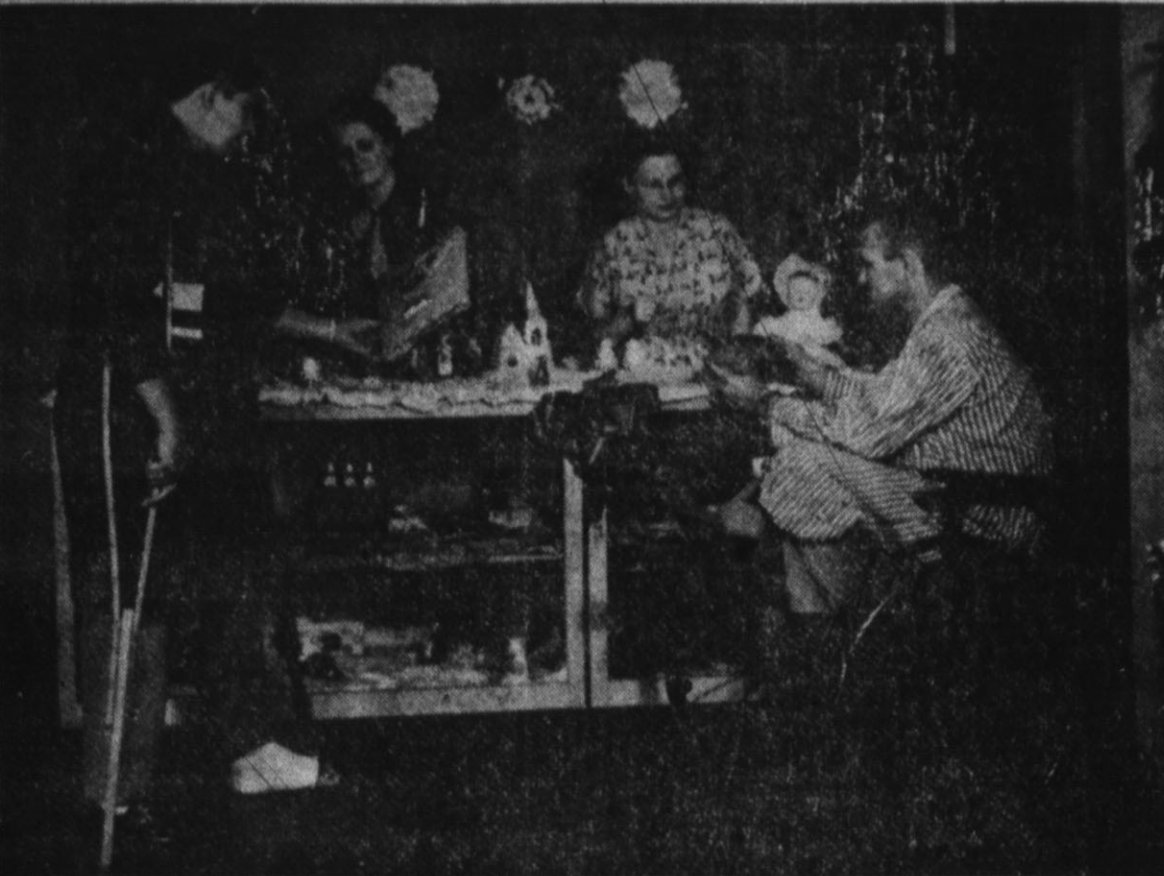

Jack Higgins, sixth grade, read 33 books. Phyllis Ann Wimberley read 28, Lucy Beth Miller read 26, Bobby Burrus read 23, Verna Kay McBroom read 19 and Billie Wimberley read 16.

There was a cafeteria meeting at the school Thursday afternoon. The following were re-elected: Mrs. Walter Galley, supervisor; Mrs. Carl Wimberley, assistant supervisor; Mrs. Norman Miller, treasurer; Charles Corder, bookkeeper. Mrs. Walt Beavers will be in charge of the kitchen and lunch room.

Visitors in the L. L. Airhart home this week include: Mr. and Mrs. Lloyd Airhart, Douglass, Marlene and Mrs. Mary Walker of Inglewood, Calif.; Bill Airhart of El Segundo, Calif.; Mr. and Mrs. Tom Airhart and Terry of Canyon. The families have been attending graduation exercises for Dona Airhart, who is graduating from Hereford high school this week. Mr. and Mrs. Tom Airhart have been graduating from WTSC at Canyon this week.

There were two visitors at the meeting, Mrs. T. R. Atkinson and Alma Andrews.

Guests in the H. D. Buse home the past week have been her aunt Mrs. Irene Dockery of Los Angeles, and his cousin, Herbert Dillard and Mrs. Dillard of Dallas. Mr. and Mrs. Buse accompanied Mrs. Dockery to Wellington where she will visit with relatives there before returning to her home.

THIS "GIFT SHOP" is maintained at the Amarillo Veterans hospital for patients to select gifts for each member of their family at Christmas time. The gift shop is supported by contributions from the Hereford American Legion Auxiliary, which is conducting the Buddy Poppy Sale here Saturday.

save up to \$81 on gas. With its amazing economy of up to 30 miles on a gallon—your Henry J can save you more than 300 gallons of gas over the average car—every year. That's real penny-a-mile economy! 1349 See your Kaiser-Fraser dealer today. Henry J

Rec Program For Dawn Is HD Club Aim

A round-table discussion of community and home recreation needs was held Thursday, May 15 as the program of the Dawn Home Demonstration club.

As a result of much thoughtful and enthusiastic discussion, a committee was appointed to give further attention to these needs—which include not only a community club house or auditorium, but a definite recreational program for all age divisions. It is hoped that the coopera-

tion of the other clubs of Dawn can be secured in this matter.

This meeting was held in the home of Mrs. Zed Stewart. Refreshments were served to: Mrs. W. U. Adams, Mrs. R. B. Brown, Mrs. J. M. Carathers, Mrs. J. B. Caraway, Mrs. R. T. Stewart, Mrs. T. L. Sparkman and the hostess, Mrs. Zed Stewart.

There were two visitors at the meeting, Mrs. T. R. Atkinson and Alma Andrews.

Guests in the H. D. Buse home the past week have been her aunt Mrs. Irene Dockery of Los Angeles, and his cousin, Herbert Dillard and Mrs. Dillard of Dallas. Mr. and Mrs. Buse accompanied Mrs. Dockery to Wellington where she will visit with relatives there before returning to her home.

Mrs. Walteen Beavers was ill with the measles last week.

The M. S. Roe family spent the week end in Colorado.

The Dawn Home Demonstration club met Friday in the home of Mrs. Zed Stewart.

Alfred May was dismissed from the Deaf Smith county hospital last Tuesday but returned to the hospital on Saturday.

Mr. and Mrs. G. E. Fogg of Bushland visited Mr. and Mrs. J. M. Carathers and family Tuesday.

Mr. and Mrs. Wilson and Dorothy Wilson of Wister, Okla. visited several days last week with Mr. and Mrs. W. L. Dewett.

Mr. and Mrs. Wilson are the parents of Mrs. Dewett.

Mrs. Melvin May returned home from the hospital last Sunday.

Miss Sallie Wombie of WTSC at Canyon spent the week end at home.

Mr. and Mrs. Zed Stewart and Dwayne spent Saturday night and Sunday visiting the Boyd Stewarts at Shamrock.

The W. U. Adams family spent the week end in Oklahoma.

Mr. and Mrs. T. R. Atkinson

Slate Round-Up

Plainview will have its 24th annual Pioneer Round-Up on Saturday at the City Auditorium. Sponsored by the Business and

of Amarillo spent Friday with the J. M. Carathers.

Mrs. Louie Wedel and son, Karl, of Tucumcari spent Sunday in the H. H. Miller home.
