ROSWELL PICKED PLUM

Demand a Re-count of Votes and Secured Next Meeting Panhandle Stockmen's Association.

Last week it was given out that Amarillo had secured the next meeting of the Panhandle Stockmen's Association by the small margin of nine votes. The Roswell delegation was not satisfied with the tally and demanded that the votes be re-counted and verified according to the by-laws. This was done, and it was found that according to the by-laws many votes had been cast illegally, some for each town, and when all these were thrown out the balance left a majority for the New Mexico beauty-spot. Accordingly it was announced that the next convention would go to Roswell.

Amarillo citizens were very indignant, and their paper threw a fit or two (for which we can't blame them), but from all we can learn on the side the Amarillo contingent simply went to sleep and let the Roswell boosters put the kibosh all over them.

After the adjournment of the body the personnel of the executive committee was announced as follows: T. S. Bugbee, Clarendon; G. A. Sachse, Vega, Texas; W. C. Isaacs, Canadian, Texas; W. M. Harrell, Amarillo, Texas; C. T. Word, Canyon City, Texas; W. B. Slaughter, Dalhart, Texas; T. J. Richards, Paducah, Texas; J. F. Sneed, Amarillo, Texas; J. F. Hinkle, Roswell, N. M.; J. E. Rhea, Bovina, Texas; R. M. Clayton, Lubbock, Texas; C. K. Warren, Bovina, Texas.

Cattle trading at the convention was not very brisk, and all the trades we have been able to gather news of were as follows:

The Bell Company of New Mexico on the Canadian River sold to Lanagan Bros., of Oldham county, Texas, 4,500 2-year-old steers at \$24 per head.

The Capital Syndicate or the X. I. T. ranch sold 1,100 2-year-old steers at \$24 each and a number of 3-year-old steers at \$32 each to Mr. Roberts of Meade, Kan.

W. A. Calloway of Roswell, N. M., sold to Jack Hall for Alfred Rowe, 2,100 2-year-old steers, terms private.

Mr. Millegan, representing Fred Fleming of Dallas, sold 1,800 2-year-old steers to Theodore Pyle, of Clarendon, Tex., terms private. These cattle are in Cottle county, Texas.

Do you like good coffee? If so, use Breakfast Bell, Wedding Bell, or Broadway. They are good, better, best. The Martin-Bennett Co.

See the new bed cots at Kerbow & Asher's. All kinds, both plain spring and upholstered.

PREPARE YOUR BASKETS

Clarendon Citizens Are Urged to Not Neglect to Prepare for the Inner Man on May 5.

The arrangements committee for the corner stone laying asks us to urge upon all our people (the ladies especially) the absolute necessity of everybody providing a basket for the dinner to be given free on Tuesday, May 5th. It is confidently expected that there will be several thousand people in the city that day as guests of our town, and of course Clarendon people will respond in their old-time hospitable manner by providing an abundance of dinner.

A committee of ladies are canvassing the town this week on this mission. Let every family do its utmost to comply with their requests. Clarendon has never failed yet on a proposition of this kind, and the committee does not anticipate anything but a big success of this particular feature of the day, but owing to the large crowd expected it behooves us all to make extra preparations for this dinner. If the soliciting committee should inadvertently overlook anyone, don't let that prevent the preparation of a basket, but phone A. M. Beville that you will "deliver the goods."

Vault Deposits.

Financial Agent W. B. Wilson announces that among other things to be deposited in the vault of the corner stone of the new college building next Tuesday will be a number of cancelled checks representing money contributed ON THAT DAY toward the building fund. He asks us to say that all parties who will contribute as much as \$100 that day may have the assurance that the canceled check will be among the treasures placed in the vault. He hopes to have not less than 100 such checks to deposit.

Ex-Confederate Soldiers.

I was at Claude Monday as a delegate to the I. O. O. F. association, which put me in touch with the old Confederate veterans from up and down the railroad, and from the way they all talk to me we may expect a good attendance from all points at our old soldiers' picnic, they getting off the train at Lelia Lake station. This will be the most enjoyable meeting we have had since the war. Let each one of the Camp take dinner enough for two so we can feed our visiting brothers.

Remember the date, Thursday, May 7th, and that old soldiers only will be present.

CORNER STONE LAYING

Imposing Ceremonies to be Witnessed by Enormous Crowds in This City Next Tuesday.

The laying of the corner stone for the new administration building of Clarendon College next Tuesday, May 5th, marks what might be called the third important step in the "Greater College" movement.

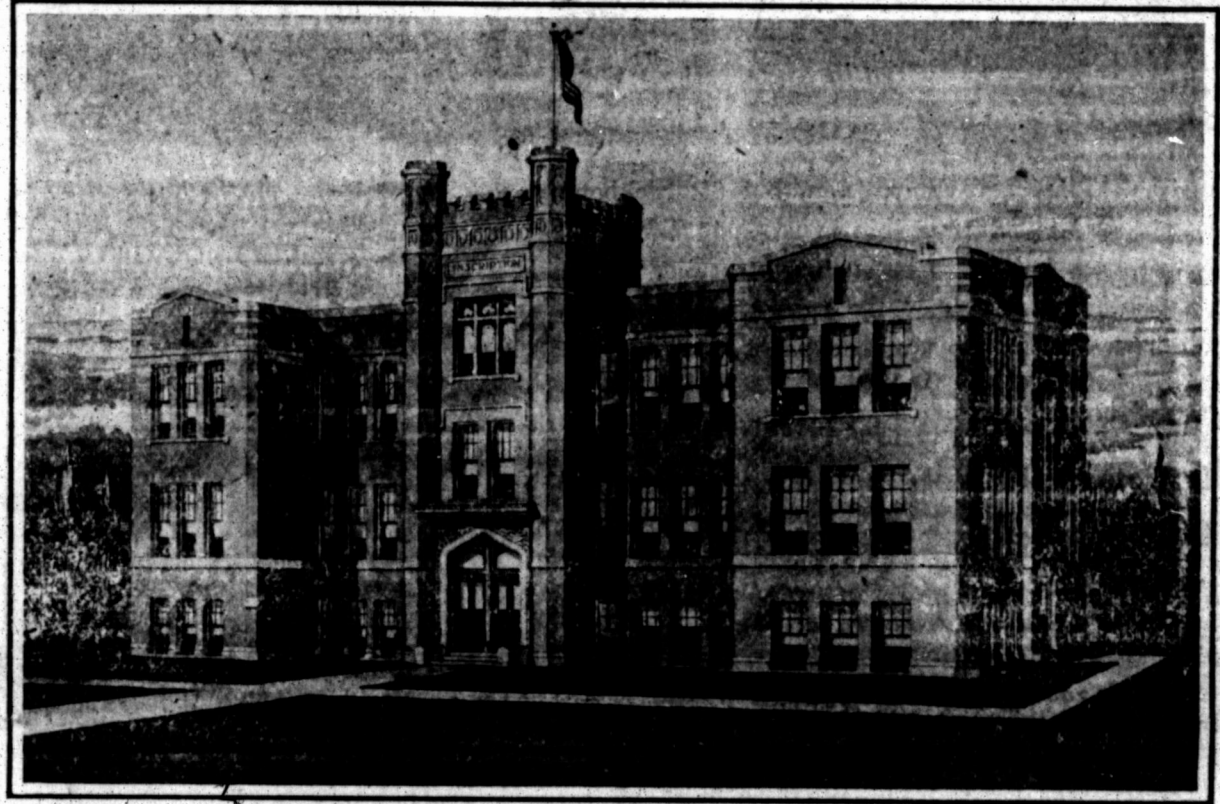

When, about a year ago, the move to better the facilities of the college was launched and a financial agent appointed to begin work of securing the necessary funds, the first step was taken, and mindful of the old motto that "well begun is half done" we want to say that the initial step was a good broad one.

Again, on Jan. 2nd, last, when ground was broken and a force of men was put to work at actual construction, the second decisive step forward was made, and the friends of the greater college movement sighed a contented sigh and smiled with satisfaction.

And now, with its walls beginning to rise and the beauty of its design beginning to unfold itself to the gaze of the world the new building is to receive a further impetus by the laying of the corner stone, to the accompaniment of the imposing ceremonies of the Masonic fraternity and a great public celebration, and the third step will have been taken.

In the erection of the first buildings of Clarendon College much was left undone that should have been done simply for the reason that the school did not have the necessary funds to carry out the plans of the founders. It is seldom the case that a school can start with buildings that will prove adequate for a number of years. To remedy some of the mistakes of the first Clarendon College builders is one reason for the new building, but the principal reason for erecting it at the present time is to supply the present demand and to prepare for the years that are to come when the fame of the college shall have spread from one end of the state to the other, when everyone will realize that the bracing ozone of this favored section is the "eureka" of the studious brain, allowing its functions full sway and making possible and easy many things that to the brain wearied by sickness and unfavorable climatic conditions are considered without the bounds of possibility.

The new administration building is to be a commodious structure of buff pressed brick with stone trimmings, having a frontage of 130 feet, and a depth of 117 feet. It will be modern in all its appointments, and will be steam heated and electric lighted. The plan calls for a building of three stories,

New Administration Building, Clarendon College.

but plans are now being entertained looking to the addition of another story. It is to be Gothic in design, adding beauty and symmetry to simplicity of design. When completed it will be one of the most beautiful as well the largest educational building in the Panhandle, and it is probable that its beauty will not be excelled by any like building in the state. One of the strong features of the new building will be the immense auditorium, with a seating capacity of more than 1000. This number it is claimed, can be comfortably seated in the auditorium, and if necessary the seating capacity can be made much greater. Besides the auditorium the building will be made up of class rooms, laboratories, lecture rooms, offices, etc. All fitted and equipped in modern style.

In the construction of this building the builders are looking particularly to its stability and substantiality. The men in charge of the brick work say that without question it is the best building they have ever worked on in the United States, and they have worked in several of the large eastern cities. The foundation was put down in a manner which would support a 10-story structure. The walls are broader and deeper than are ordinarily constructed. The quality of every stick and stone and brick entering into the structure is carefully examined and approved before it is used, and when it is completed it will be the pride of the architect and builders as well as the citizenship of the town.

As stated before in these columns the new administration building is not the only improvement contemplated by the college. Later on a brick dormitory for the boarding girls will be erected, and other changes in the college plant will be made which will make it rank with the leading educational institutions of the South.

GET OUT YOUR BUGGIES ENTHUSIASM VS. BRAINS

Don the College Colors and Meet the Trains—Extend the Glad Hand of Welcome to All.

There will be "something doing" in Clarendon Tuesday morning, May 5th. There will be trains to meet, visitors by the hundreds to welcome, and it behooves every citizen who has a carriage or buggy to attach thereto the college colors (white and green) and meet the trains. Let it be understood that whosoever will may climb into any vehicle bearing the college colors and be transported to the college campus where the exercises are to occur.

A special train from Amarillo will arrive at 10:08 a. m., meeting the regular northbound at this point. Don't leave it to the committee alone to meet these trains. Get out your buggy and be there in person to do your part toward making every visitor feel at home.

Celebration Committee.

The following are the members of the general committee of arrangements appointed by the Masonic Lodge to handle the corner stone laying program next Tuesday: Geo. F. Morgan, H. W. Taylor, J. G. Miller, J. W. Morrison, W. C. Hilburn and A. M. Beville. This committee has also been authorized by the church and college to act in all capacities for all matters coming up for attention of any kind whatsoever.

Both Necessary and Both of Equal Importance in the Greater College Movement.

Rev. W. B. Wilson, in his capacity as financial agent for the Greater Clarendon College building fund has been aptly described as being a "dynamo of enthusiasm." The Banner-Stockman agrees with the comparison. He has been an animated dynamo, and his enthusiasm has been of first quality and inexhaustible in quantity, but we wish to add that it takes brains to do the work incumbent on his position as well as enthusiasm, and Bro. Wilson has applied just as good a grade of gray matter in the pursuance of his duties as he has enthusiasm.

With due deference to all parties concerned we want to say that without Wilson the college would have been like a ship at sea without a rudder. His energy has been untiring and his ability unquestioned. When the "greater college" movement shall have been completed W. B. Wilson should, and will, occupy the position of prime mover and chief builder; to him will be given the greatest meed of praise and commendation.

—Mr. McDowell, the man who got hurt at my ranch last week said: "Mr. Connally, your stock of buggies looks kinder like I do—slightly disfigured, but still in the ring. I never saw one firm sell as many in one week." We have more coming all the time. A. L. Connally.

—Did you see our gasoline stove display at the carnival? Call around and let us show you this new process stove. It don't explode. It looks like a range and cooks better. Kerbow & Asher.

A full line of the College and Class Colors at lower prices than elsewhere. See us for white organdies, mulls and batistes, laces, embroideries and ribbons for commencement dresses. You will find our stock most attractive. Just received in our Grocery Department, a car of White Crest Flour. Others will doubtless tell you they have a flour "just as good." Try a sack of White Crest and compare it with ANY other brand in town and we will surely get your flour trade. We guarantee our 25c Wedding Breakfast coffee in air tight tins to be the best coffee ever sold in Clarendon for the price. We offer our stock to the class of trade that always wants the BEST.

Notice, Citizens of Clarendon.

Next Tuesday is to be a great day in the history building of Clarendon. A great company is to be our guests that day, and we expect each citizen to do his or her part toward the entertainment of our visitors. A special train from the north will arrive and meet the regular north-bound at 10 o'clock. All that have vehicles are earnestly requested to decorate them in the college colors and have them there to help convey the visitors to the college grounds. Let's all pull together and make this a great occasion for Clarendon. Those who can come with vehicles please report to me. By request of committee.

Yours very truly,
J. T. PATMAN,
Marshal of day.

Should Have Holiday.

The public school trustees should pass an order making next Tuesday, May 5, a holiday for the school. All Clarendon should unite in making this day a gala day. Let the children and teachers have a holiday by all means.

Typewriter supplies, this office.

The Western Real Estate Exchange reports the sale to Howard Evans, of Loveland, Colo., of one-half section of the Bugbee land about three miles west of town, at \$35 per acre, total consideration \$11,200. The place sold is known as the old George Bugbee place and among its improvements is included 135 acres of alfalfa. Mr. Evans will move here in about 30 days. The same firm also sold to Carl Johnson, of Denver, a block of land near the Catholic church. Mr. Johnson bought a farm near Southard last fall.

The Childress Epworth League has arranged for a special train and will run an excursion to Galveston May 20. The fare for the round-trip will be only \$6.00. Parties from Clarendon desiring to go on this trip may secure tickets here at the First National Bank, paying the regular fare from here to Childress. Sixteen hours will be allowed in Galveston for sight-seeing.

Mrs. Hettie Johnson returned from Amarillo with her son, Guss, last week and remained till Monday, when she went down to Hedley to visit another son, Bond W.

There will be an election held Saturday for the selection of three school trustees to take the places of W. H. Patrick, J. H. O'Neill and J. W. Morrison, whose terms have expired. We understand a ticket will be put out bearing the names of these three for re-election, also an additional three names as follows: W. C. Culwell, C. W. Bennett, H. C. Kerbow.

Monday afternoon in a runaway accident at Amarillo Rev. C. N. N. Ferguson was badly bruised and cut, besides suffering a sprained ankle, while his little son, Charles, who was in the buggy with him, had one leg broken just above the knee.

Mr. and Mrs. H. W. Rucker left last week for McCloud, Ok., where they will make their home. Mr. and Mrs. Rucker made many friends during their stay in Clarendon, all of whom will regret their departure.

Will Thorpe has accepted a position with the Western Real Estate Exchange as stenographer.

DISCUSS THE CITY PARK

Street Sprinkling Also Taken Up by the Commercial Club Executive Board Wednesday Night.

The executive board of the Clarendon Commercial Club held a meeting Wednesday night with the entire board of ten members present, indicative of the interest felt in the affairs of the club.

The club heard a report from Secretary W. C. Morgan relative to the extent and results of the advertising done so far, and expressed satisfaction therewith. Mr. Morgan said that he was receiving letters every day inquiring about Donley county and Clarendon, many of them stating that the writers were contemplating locating with us. In this connection it was ordered that the secretary at once prepare some additional advertising matter which is badly needed.

A number of accounts were approved and ordered paid, and the report of the secretary and treasurer showed the members of the club to be paying their dues promptly, and the membership holding well up above the 100 mark. A new member in the person of Col. R. E. Montgomery, in the \$1 class, was received.

After some desultory railroad talk, the board took up the street sprinkling matter and appointed a committee consisting of Cooke, Trent and Taylor to take the matter up and report back as soon as possible. J. C. Caudle had an excellent proposition for the club to consider, and the committee will get to work on it at once.

Next to be considered was the matter of establishing a city park. Considerable discussion was had, pro and con, and the matter was finally disposed of by appointing McClelland, Morgan and Martin as a committee to secure a site, get

an estimate on the cost of fencing etc.

Prior to adjournment a deal of general discussion was indulged in on various matter of general interest. It was decided to endeavor to get the women of the city interested in the city park proposition.

L. F. Beckner.

In our announcement column this week will be found the name of L. F. Beckner as a candidate for county commissioner of Precinct No. 1. Mr. Beckner is a citizen of Donley county of about three years standing. He is from West Virginia, in which state he resided for many years, and where he had a big lot of experience in county road building. He states that if elected he will give special and impartial attention to the road work of his precinct, making it his object to give his constituents better roads. He resides on his farm, 3 1/2 miles northwest of town, and is a farmer of more than the ordinary ability, a successful sheep and hog man, and a good all-around citizen. He announces subject to the action of the democratic primary on July 25. Mr. Beckner will no doubt make a good commissioner, and his candidacy is respectfully referred to the people of his precinct. He will appreciate your support.

WELCOME VISITORS

WE, with all Clarendon, extend to all visitors to our city the coming week a hearty welcome. Make our store headquarters when down town. To our citizenship at home we want to insist on the fact that next week should be the greatest week in the history of Clarendon. Let all pull together to make it so. Start right by letting Clarendon Mercantile Co. sell you dry goods from one of the best assorted stocks, in style and quality, to be found in the city. Some of the following are lines that satisfy: Kirschbaum Clothing, Tiger Hats, Black Cat Hosiery, Friedman Shoes, Finck and Starman Overalls, complete line of fancy dress goods and notions. Our Ladies' Tailored Skirt Department grows more popular each week. Ask about it.

GROCERY DEPARTMENT

Quality is king in this department. Our sales increase each month in this department. We want to fill your grocery orders for the month of May and prove to you what we are doing in this line. Some of the lines we take special pride in showing you are Premium and Peacemaker Flour, White Swan canned goods, Golden Gate Coffee, Swift's Premium and Cold Storage Lard. No one shows a more complete line of fancy pickles, catsups, extracts, soap, breakfast foods, dried fruits, etc.

Highest market price paid for country produce; we are in need of eggs this week. We want your business.

C. C. Bigham Suffers a Badly Fractured Skull by a Kick From a Pet Pony.

Master C. C. Bigham, the 15-year-old step-son of Dan Foster of this city, came very near being instantly killed Sunday. While currying his pony, a family pet, the animal for some unknown cause suddenly kicked the lad, striking with enormous force just over the right eye. The skull was crushed in, and a terrible wound inflicted. Dr. Standifer was called and dressed the wound, and pronounced it an extremely dangerous one. Yesterday the injured lad was reported doing as well as could be expected, though still in a precarious condition.

Telephone Change.

An error occurred in the telephone directory gotten out last week. Richard Walsh's number is given as 28. His number should be 32. Get your telephone book down right now while you are thinking of it and make this change. It will save both yourself and the operator trouble.

SPECIAL TRAIN TO RUN MAY 5TH

The Ft. Worth & Denver Railroad will run a special train from Amarillo to Clarendon, leaving Amarillo at 8:00 o'clock a. m., on Tuesday, May 5, and returning, leaving Clarendon at 7:00 p. m. All other trains on the Denver that day will be supplied with extra coaches and equipment to handle the crowds both ways out of Clarendon.

Special arrangements have been made to have the Masonic Lodges of the Panhandle attend the ceremonies in a body. Many lodges have signified their intentions of being present, and the occasion will probably be the largest gathering of the Masonic fraternity ever held in Northwest Texas. The Masons will lay the corner stone.

Some of the best talent in the state have places on the program, including Dr. G. C. Rankin of Dallas, Dr. Boaz, of Ft. Worth, Ex-Governor J. N. Browning and Judge T. F. Turner of Amarillo, and others.

Clarendon will be ready with free entertainment to take care of the enormous crowds expected. Come; you will be her guest; you are invited; you will be made to feel welcome.

The Gem Theater.

Messrs. Will and Eric Clower are supplying the amusement loving public something extra good in their "Gem Theater." They are putting on a class of moving picture exhibits supplied in all the large cities, and they say that the public is seemingly appreciative of that fact and they are being given quite a nice patronage. "The Gem" supplies what might be termed a "long felt want" in Clarendon, and during the summer months when people are desirous of some innocent diversion to help pass the long summer nights their show will be found a welcome treat to all classes. The entertainment afforded is of a high class, strictly moral and refined, and a boon to ladies and children especially. The illustrated songs are especially good.

Business Change

David Taylor has bought the harness and saddlery business of Rutherford & Davis and has assumed charge. Mr. J. H. Rutherford will remain with the business in the capacity of foreman of the mechanical department.

Phillip, the 12-year-old son of Mrs. Al Gentry, has been very sick recently with appendicitis. His sister, Miss Emily, was called home from Birmingham, Ala., and as soon as the lad is able to be moved he will be taken to Dallas for an operation.

To Our Citizenship.

Every indication points to an enormous crowd of visitors here next Tuesday to attend the "corner stone laying of Clarendon College" by the Masonic fraternity. Special trains from each direction will likely bring a thousand visitors. Masonic lodges are coming in solid bodies besides the host of church people and citizens generally. We appeal to every citizen of Clarendon and Donley county to meet the emergency of dinner for our visitors. Come and bring well filled baskets of provisions. Bring substantial such as will satisfy the hunger of the multitude and plenty of it, for the honor of our city and county is at stake. We have invited the people, they have accepted and we must not fail in our hospitality on this occasion. This is not a barbecue but a basket dinner, all to be spread upon a public table and every family from both city and county is urged to come and bring a well filled basket. We advise you of the situation and appeal to you confidently knowing that our people have never heretofore failed and feel sure you will not on this occasion if you only know before hand the demands you are expected to meet. Bring your baskets and spread it upon the table yourself and afterwards gather up your own dishes, etc.

Mrs. A. M. Beville & Co.

A big bunch of railroad officials graced Clarendon with their presence for a few minutes last Saturday. They were on a tour of inspection of the entire road, Denver to Ft. Worth: Gen. G. M. Dodge, president board of directors C. & S. and F. W. & D. C.; Frank Trumbull, president; D. B. Keeler, vice president; W. F. Sterly general freight agent; G. F. Cotter, general superintendent; R. G. Fitzpatrick, train master; Mr. Whittington, office manager C. & S.; Mr. Parks, C. & S.

A. Rowe, A. R. Letts & Bro., and Lewis & Molesworth all shipped cattle to Kansas pasturage Sunday.

The "clean-up" request of the city council was observed generally all over town last week. Nearly every residence in town shows the effect of the work done, and many of the streets and alleys, as well as vacant lots, have been greatly improved in appearance. Clarendon people can always be depended on to do the proper thing, and in this instance they obeyed the summons with an evident relish and enjoyment. The old town is in fine shape now.

E. Weatherby, who owns the old P. J. Smith farm seven miles east of town, is also going to plant chufa nuts for hog feed. He gets a bushel of the seed.

Seventeen members of the local lodge of Odd Fellows went up to Claude Monday to attend the Panhandle District Association of Odd Fellows. They report a splendid meeting with an attendance of over 200 delegates from the various Panhandle lodges. The Clarendon delegation wished to secure the next meeting of the association for this city, but the Miami delegation was too well organized, so the Clarendon contingent gracefully withdrew and announced their intentions of being strictly in the race next year.

Flem Caraway has sold his 40-acre place at Rowe (the old Singletary place) to W. H. Clark, consideration \$1900. Twenty acres of the forty are in a fine orchard, and Mr. Clark says the prospects for a big fruit crop are very fine indeed. He has already been offered a profit on his purchase, but says he thinks he has found the place he has long wanted for a home and that it is not for sale. He will devote his time to fruit and truck raising.

J. E. Griffith, a real estate man from Ft. Worth, spent Sunday in Clarendon, the guest of his old friends, Mr. and Mrs. C. W. Bennett. Mr. Griffith, like other visitors, thinks Clarendon the prettiest town in the Panhandle.

Mrs. Rose Van Horn has let the contract for a bungalow to be erected on her lots adjoining her former home now owned by N. N. Martin. The house will have five rooms and bath, with all modern conveniences. J. C. Guest has the contract and work has begun.

June Taylor is the possessor of an American quarter-of-a-dollar bearing the date of 1802, showing that it is 106 years old. Mr. Taylor secured the piece in the ordinary course of business one day this week, and thinks that on account of its age it may possibly have a greater value than its face value. He will take the matter up with coin collectors.
