But Good Vegetable Harvest Seen

## Ag Picture Dim

BY O.G. NIEMAN  
Editor-Publisher

"The only thing good about the past six months is that we won't have to go through it again."

That pessimistic remarks pretty well sums up the reaction of most Deaf Smith County and High Plains farmers and ranchers who have absorbed staggering losses in the cattle industry and are struggling against the weather to bring in their crops.

There are some bright spots in the picture, but they're hard for the farmer to find. Vegetable producers in the area have fairly good prospects even though yields may be down over last year, and the wire service reported Saturday that Washington officials are finally moving to ease the cattle situation.

The wheat harvest is in full swing around the Hereford area and the stress of dry weather and wind is making poor yields the rule rather than the exception. Several observers feel that the area will be lucky to average 20 bushels to the acre.

A sampling of yields Friday indicated a range of 6 to 50 bushels per acre. A couple of irrigated fields reported yields of 30 to 40 bushels Friday, but some dryland wheat was only producing 6 to 15 bushels. A strong, dry wind hurt the wheat last Saturday.

"Irrigated wheat has had more money put in it than ever before, and the yields will probably be the lowest in history," commented one farmer. After a great season last year, dryland wheat farmers have been hit hard this time around.

The hot, dry weather has been good for onions, however, and vegetable producers are looking for a good harvest and yield. The market has not been real good, but there are signs that the prices could improve for local producers. The onion harvest is expected to get underway next week.

Bud Snyder, manager at E.C. Reinauer & Sons vegetable sheds, reported the will start clipping onions this coming week. He reports the quality is "real good" around the area. Most of the crop will be yellow-about a 3-1 choice over whites. Area onions are expected to hit the market at an opportune time.

Lack of moisture and the stress of winds will probably affect the potato yields this year, with some observers predicting about a 25 per cent cut in production over last season. The reds are expected to be down more than the whites. The market situation appears very good on potatoes, however. It is estimated there are about 8,000 acres in the area, with the Hereford area having more than half of that.

Sugar beets are coming along good, and the sugar prices are extremely good this year. Beets do well with hot days and cool nights, and this has been the prevailing weather picture in the area. Farmers with beets are anticipating a big increase on a ton of beets over last year.

Mites are continuing to be a problem on corn and milo, and the lack of moisture has been felt. Only 1.6 inches of rain has been recorded in Hereford this year, and the measurements are lower in some spots around the county. Around Westway, only .80 of an inch has been recorded since last fall.

Hail damage was widespread in the northern part of the county, north and east of Milo Center on up to Vega. Some reports on wheat crops indicated 80 to 90 per cent losses.

In response to appeals and complaints

from cattle industry groups and individuals, it appeared Saturday that Washington officials were finally beginning to move to halt the declining market on live cattle.

A bi-partisan caucus of senators resulted in a resolution calling for the President to immediately limit beef imports, and calling on Congress to approve financial assistance in the form of guaranteed loans to livestock producers. They also called on the Federal Trade Commission to investigate retail beef prices.

Other positive actions reported: Sen. John Tower and seven other ranking Republican senators met with Agriculture Secretary Earl Butz and demanded action by the Administration toward restraining beef imports; the economic advisor to the President called a meeting to draw up recommendations on imports for Nixon; renewed efforts were made by the USDA

to reopen the Canadian border to U.S. beef; and the USDA scheduled a meeting with Australian officials to continue negotiations to reduce imports from that country.

Charles Ball, executive vice president of the Texas Cattle Feeders Association, estimated that the actual losses on fat cattle sold since Oct. 1, 1973 will exceed \$1.5 billion. The estimated inventory loss on all beef cattle, including cows and calves still in pasture, will exceed \$15.5 billion.

Live cattle prices nosedived \$4 per hundred-weight this week, the largest drop in months, Ball said. "This is a 10 per cent topple from the prices last week and a 17 per cent drop from last month."

He added the drop in prices came on the heels of the greatest sustained losses in history for cattle feeders—an average loss of \$70 to \$236 per animal sold during the past eight months.

### Captive Croaker

Two Hereford boys gaze hopefully at their entry for the second annual Frog Jumping Contest held at Dameron Park Friday morning. The event was part of a vacation Bible school program sponsored by the First Baptist Church (Brand Photo)

### Local Man Dies

#### In Tractor Mishap

A 58-year-old Hereford man was killed Friday afternoon, when a tractor apparently slipped into reverse, pinning the man between the tractor's dual wheels and the combine on which he was working.

Robert Marti Mason, Rt. 5 Hereford, was rushed by Watson Gilliland ambulance to Hereford's Family Clinic but was pronounced dead on arrival by Justice of the Peace Glen Nelson.

Mason and his son Dick, were working on an auger attached to the combine apparently using the tractor as a winch. According to sheriff deputies, Mason's grandson was in the cab of the tractor and when the tractor slipped into reverse gear.

Dick Mason saw the tractor backing up in time to avoid the rear dual wheels, but the older Mason was caught between the wheels and the combine. Mason climbed into the tractor cab and put it in a forward gear, deputies said, but apparently too late to save his father who died instantly.

### Pitman Eyes Houston

Pitman Industries of Hereford revealed plans this week for opening a large beef market in Houston, with an eye toward making the store a "pilot project" in integrating retail meat sales into the company's diverse operations.

THE PLAN will involve feeding the cattle at Pitman yards here, taking them to a local packing plant for processing and packaging, and trucking the beef directly to the Houston store.

Pitts Harrison, vice president in the cattle feeding division of Pitman Industries, announced that a site has

Judge Nelson said Mason died of extensive head injuries.

The accident occurred on the Mason residence, six miles west and three miles north of Hereford.

Funeral services for Mr. Mason will be conducted at 2 p.m. Monday in the Avenue Baptist Church. Burial in West Park Cemetery will be directed by Gilliland-Watson Funeral Home.

He was an active member of Avenue Baptist Church and a memorial has been set up for contributions to its building fund.

Born Feb. 29, 1916, at Clarendon, he married Jessie Tomlinson there Dec. 24, 1941. They moved to Deaf Smith County in 1947 from Levelland.

Survivors are his wife, two sons, Dickey and Tommy, and his mother, Mrs. R.L. Mason, all of Hereford; two brothers, Gary of Hereford and James L. of Pittsburg, Texas; two sisters, Ruby Lee Duffey of Pittsburg and Mrs. Loden Sebastian of Playa Del Rey, Calif.; and two grandchildren.

been purchased in Houston and floor plans approved for a 10,000-square-foot building — including cooler space. Target date for opening the store is mid-September.

Harrison said the market will be designed to handle up to 10,000 pounds of beef a day. It will be a self-service store and also have special order items. It will also include some convenience items. The large facility is necessary, Harrison pointed out, in order to store the beef and allow about 10 days' aging.

See PITMAN, Page 2A

### Library Sets New Hours

Library service will be resumed at 9 a.m. Monday in the new Deaf Smith County Library building after a three-week moving period, with new hours in effect including one open evening a week.

Formal dedication of the building, just completed at a cost of more than \$400,000, is scheduled July 4 as part of the county's celebration of Independence Day.

Library will begin Monday and a new service, semi-weekly story hours for children, will star June 24.

For the present, Librarian Gwen London announces Monday hours from 9 a.m. to 9 p.m., Tuesday through Friday from 9 a.m. to 6 p.m., and Saturday from 9 a.m. to 12 noon.

Books checked from the library at its previous location in the courthouse will be due for return this week, Mrs. London says, and may be returned at any time during the week without being subject to fines.

Story hours, not possible in the old location because space was lacking, will be held each Wednesday from 3 to 4 p.m. for pre-school children and from 10 to 11 a.m. on Saturdays for those in grades 1 to 4. Rhonda Stewart, library assistant, and Sina Sims, a student aid, will be the story tellers.

### Lotta Bull

Hanging on for dear life, an unidentified cowboy sits astride a twisting, four-legged hurricane during bull-riding competition Friday night at

Hereford's 23rd Annual Amateur Rodeo. The yearly event is sponsored by the Hereford Riders Club. (Brand Photo)

### Under Control

Members of the Hereford Volunteer Fire Department spray water in the doorway of a burning storeroom at 319 McKinley Ave. Thursday while another member rips burning sections from the building's roof. Firemen worked about 30 minutes to completely douse the

blaze, which threatened the next door beauty shop. Firemen said they were not sure what caused the fire. However, a beauty operator said she saw a young boy run from the building just before she noticed it burning.

# County Hospital Wins Recognition

Deaf Smith General Hospital has been accredited by the Joint Commission on Accreditation of Hospitals (JCAH) according to L.J. Straffuss, president of the board of directors.

The accreditation, which covers from April 6, 1974 to April 6, 1976, is the result of an on-site survey made by field representatives of the Joint Commission's Hospital Accreditation Program (HAP). Accreditation indicates that this facility has chosen to operate according to Standards set by JCAH and that facility has, in the main, met these standards.

**THE STANDARDS**, published as the "Accreditation Manual for Hospitals," set forth maximum achievable goals for excellence against which a facility can measure itself and be measured by the Joint Commission's survey.

Deaf Smith General Hospital is one of approximately 4,900 general hospitals throughout the U.S. that have earned this recognition. There are about 6,600 general hospitals in the U.S.

The Joint Commission's accreditation surveys are voluntary. It is not

legally necessary for a hospital to be accredited, but health care facilities have sought accreditation because it represents a benchmark of quality that is higher than governmental licensure alone. The chief aim of the Hospital Accreditation Program, one of four such programs under the JCAH umbrella, is to help hospitals in their pursuit of excellence and thereby provide a higher quality of care to patients. The program also seeks to recognize, and to identify for the public, those facilities which meet its standards.

**THE JOINT COMMISSION** began in 1918 under the auspices of the American College of Surgeons. It was incorporated in 1951 with the support of its present member organizations; the American College of Physicians, the American Hospital Association, and the American Medical Association. JCAH is a Chicago-based, non-governmental, not-for-profit organization. In addition to hospitals, it has programs for the accreditation of long term care facilities, psychiatric facilities, and facilities for the mentally retarded.

## Bringing Up Father Salute To Dad

BY KERRIE WOMBLE  
Brand Staff Writer

**WHEN I was a boy, my father was so ignorant I could hardly stand to have the old man around. But when I got to be 21, I was astonished at how much the old man had learned in seven years."** -Mark Twain

Flowery laurels of poetry and lauds of love have been woven around the reputation of mothers. But when it comes to finding a nice wot or really special gift for father (this rules out ties, cologne and shoehorns) the prospects are scarce.

Although Father's Day has been an American tradition for several decades, the congressional resolution recognizing it as an official holiday was not inked until two years ago.

There are half a dozen claims to the origin of Father's Day but its birthday in the United States is generally accepted as 1924.

The one facet of this day which is seemingly acknowledged by everyone is its purpose - to set aside a day to cherish and honor the dignity of fatherhood.

**MRS. JOHN** Bruce Dodd of Spokane, Wash. could be credited with the idea of Father's Day because of her 1909 letter proposing that the third Sunday in June be set aside for honoring fathers. History records that she came up with the concept in order to pay tribute to her own father, who had successfully reared his children after the death of their mother.

Mrs. Dodd's letter was approved by the Ministerial Association and the first Father's Day was informally celebrated in June 1910. On that day, sons and daughters were asked to wear a red rose

in honor of a living father and a white rose for those deceased.

Mrs. Dodd commented years later that she had intended Father's Day to include "family attendance at church, a little gift for Dad and some tender words you've always longed to say to him."

**ANOTHER LETTER** is partly responsible for inspiring the inception of Father's Day. As a 45-year-old girl of Drewry's Bluff, Va., Mrs. Walter H. Burgess wrote a letter to a newspaper and suggested that fathers be given a special day.

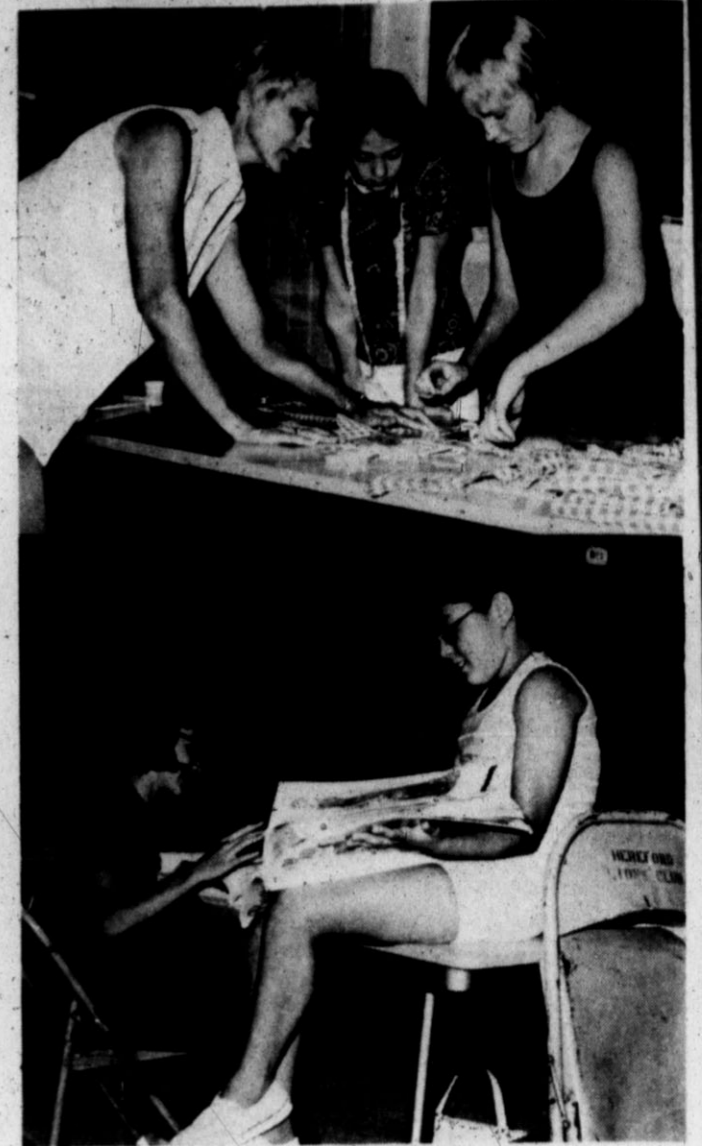

In June of 1921, Mrs. Burgess persuaded the governor of Virginia to proclaim a Father's Day for that state. In 1932, she submitted the National Father's Day Assn. with the U.S. Patent Office.

According to reports, Mrs. Burgess was unaware of Mrs. Dodd's work towards recognizing fathers. She later withdrew her name as original producer of the concept.

Before the national observance of Father's Day, Mrs. Charlotte Kirkbride and Mrs. Carrie Sternberg of Philadelphia lobbied for introduction of such a resolution before the House of Representatives. The proposal did not pass, but a similar bill presented later by Rep. Bertrand H. Snell of New York was accepted.

**ROSES ARE** generally recognized as the appropriate flower for Father's Day, however the residents of Vancouver Wash. wore white lilacs with green leaves at their first Father's Day celebration.

Students in the 1924 Martin W. Callener Bible Class in Wilkensburg, Pa. suggested the dandelion as a Father's Day bloom because, "the more it is trampled on, the more it grows."

### Workshop For 4-H

Preparation for the County 4-H Dress Revue of July 12 was furthered at a workshop held in the Bull Barn Thursday, when girls who will make and model contest garments had intensive training in clothing construction. An adult leader, Mrs. Bill West, upper photo, instructs her daughter Carla in cutting techniques with Dawna Inman as an interested onlooker. Stephanie Kelso and Janie Aguilar leaf through pattern books to get ideas for styles, lower photo.

## Thefts, Wrecks Occupy Police

Thefts and wrecks kept the Hereford Police Department busy during the past week.

Police took into custody two juveniles Thursday who allegedly removed five and one-half cases of soft drink bottles from Hereford Wrecking Monday night, then redeemed the bottles Tuesday at a supermarket.

The two boys were released to juvenile authorities. Neida Valdez, of 914 Union, told police someone took her wedding rings, valued at \$290, sometime Friday after she put them on the counter at Bluebonnet Laundry.

Mrs. Evelyn Grijalva, 107

Ave. F., said someone took a rifle scope valued at about \$15 was taken from her garage during a garage sale Thursday. A car driven by Jerry L. Harrison, 17 of 505 E. Third st. struck the front of Caviness Dance Studio Wednesday after the car spun out of control, police reported.

Three vehicles were involved Friday in a collision at 100 W. Fourth St. after a car struck the open door of a parked pickup, driving the parked vehicle into the rear of another pickup.

No injuries were reported resulting from the incident.

## Cowboy Artists Stubbs Gets Slate Banquet Five Years

The Texas Cowboy Artists Assn. convenes at the Scurry County Coliseum in Snyder, Saturday and Sunday for its annual awards banquet and show and sale of art by members.

High point of the invitational banquet will be presentation of "Best of Show" award and gold medallion awards for the outstanding work in categories of oil, watercolor, drawing and sculpture.

A Hereford man, James Stubbs, was sentenced to five years imprisonment at the state penitentiary Wednesday by Judge Archie McDonald in 69th District Court.

Stubbs had been found guilty of theft from a local grocery about a year ago.

At the time of his sentencing, Stubbs was free on bonds totaling \$10,000 for charges of possession of marijuana and dangerous drugs.

## Pitman Continued From Page 1

**ANOTHER UNIQUE** feature in the plans of the building will be three drive-in windows. "We hope to establish standard cuts and a reputation for quality that will enable customers to simply drive up to a window and make their purchases," Harrison stated.

Harrison said the goal of the project was to provide a lean beef, popular in the south, from high-good grades of cattle. "By not using choice cattle, we will be feeding them about 30 days less and hope to get about 10 per cent more usable meat from the carcass," he added. A carcass

usually figures about 70 per cent usable beef cuts.

**THE BEEF** will be fabricated, boxed and shipped to Houston in truckload lots. The Houston store will be designed to hold about six truckloads of beef. Officials anticipate a volume business, planning to handle at least 4,000 pounds of beef a day.

Cost of the pilot project is tabbed at about one-half million dollars. There are no definite plans for expansion of the retail outlets, but there is an apparent possibility if the action is successful.

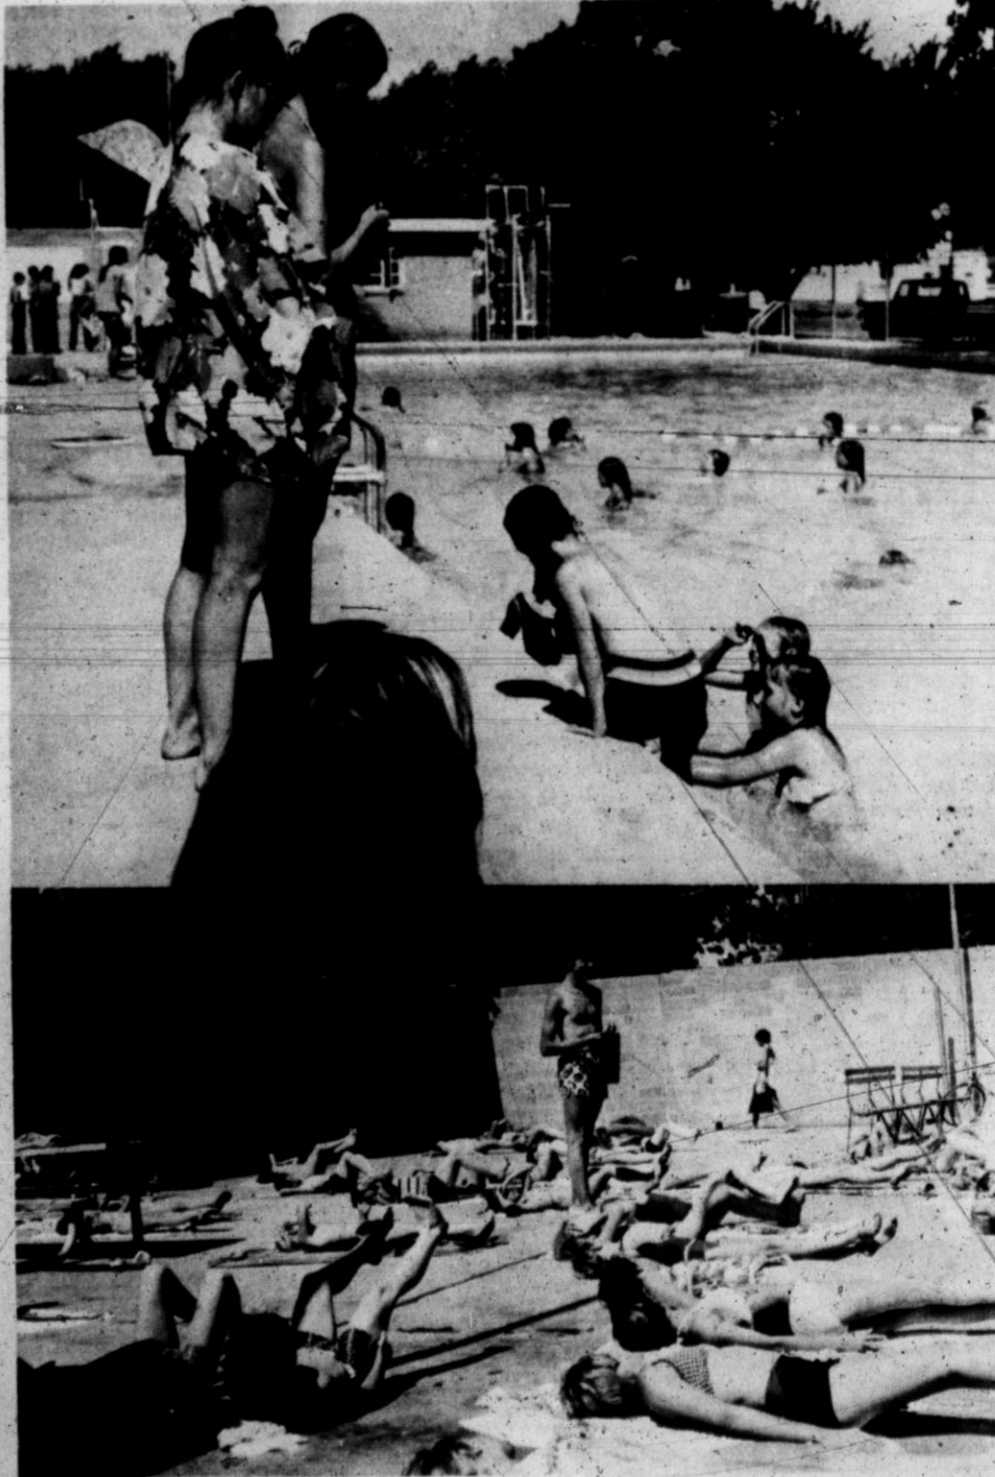

During the decade of the 1960's the U.S. lost an average of 104,000 farms every year. Only slightly higher farm prices in 1972 helped slow this dangerous trend.

### ON VETERANS BENEFITS

The Veterans Administration advises veterans to write, call, or visit their regional VA offices or local veterans service organizations for assistance in applying for veterans benefits.

### Veterans recently separated

from military service should follow a government time-table designed to assist their readjustment to civilian life, the Veterans Administration suggests.

### Learning To Swim

Dozens of Hereford youngsters are beginners and advanced pupils in daily classes being held at the municipal pool in the Red Cross summer swimming program, with volunteer instructors including local teenagers. Classes for adults are in progress too, in morning and evening sessions. Instructors along the edge of the pool have the attention of young splashers, upper photo, while Scotty Clark conducts a warm-up exercise for another group, lower. Registration is set Friday at the pool for the second session of lessons.

# Hereford Lions Give Campships

Hereford Lions Club provided camperships for four local youngsters to attend Camp Wigwam when checks were presented Wednesday to Gene Brock, camp director.

The club presented a check for \$240 and the Leo Club—the Lions' high school youth group, added a check for \$80. Brock said expenses for each camper is about \$80. The summer camp is for mentally retarded children.

In another highlight of the weekly luncheon meeting Wednesday at the Civic Club Center, Scoutmaster Gary Billingsley reported on Troop 50

activities for the year and presented the club with its 35-year charter. The Lions have sponsored Troop 50 for 35 consecutive years. Billingsley brought six members of the troop with him, and they were recognized at the meeting. He praised Bill Shore, club representative, for his outstanding work with the Boy Scout troop. Billingsley reported that his troop currently has about 65 boys.

President Jim Hale introduced two new members to the club. They are Allen Gowdy and Jerry Johnson. A number of guests were also recognized.

Hale announced there would be no meeting next Wednesday, since the club will be holding its annual installation party Thursday night at the Civic Club Center. The serving line will open at 6:30 p.m. Ladies are invited to the party, when new officers and directors will be installed.

### Gift For Campers

Tommy Bowling, left, advisor the Leo Club, presented a check to Gene Brock this week for Camp Wigwam, a summer camp for mentally retarded children. The Leo Club is the high school youth group sponsored by Hereford Lions Club, and their donation amounted to \$80. The Lions Club added another \$240 to the contribution, providing four camperships for local children. Brock is a director of the camp.

**BICYCLE VS AUTO SALES, CAMBRIDGE, MASS.**—Bicycle sales in the United States in 1971 exceeded factory sales of cars by more than 2 1/2 million. Yet the automobile still accounts for 82 per cent of trips to and from work.

### Birds Drop One To Plainview

Hereford's Redbirds lost an American Legion contest to Plainview 4-1 Wednesday afternoon. The 'Birds were to meet Caprock in Hereford after press time Saturday, and will play Canyon on the Hereford diamond Sunday at three p.m.

Plainview got three hits off starter Mike Crim and reliever Steve Loerwald. Loerwald came in the bottom of the sixth. Coach Aaron Bourland said Crim threw well in the game, but the 'Birds were left with too many runners on base.

Hereford gathered five hits with Roy Martinez, David Artho, Pete Hale, Harvey Torres, and Vance Hennington each getting one hit.

The 'Birds only run came in the fourth inning. David Artho walked, and then Mike Artho popped up on at attempted sacrifice bunt. Pete Hale singled to send Artho to second, and Artho scored on Vance Hennington's single.

Here's the roster for the American Legion team: David Artho, Mike Artho, Dennis Artho, Archie Crim, Mike Crim, Dale Tarr, Lynn Tarr, Steve Loerwald, Tommy Loerwald, Pete Hale, Roy Martinez, Harvey Torres, Mike Foster, Vance Hennington, Chris King, Jim Lawson, Mike Pittard, Mitch Guinn.

Hereford, Texas, Sunday, June 16, 1974

### Pony Championship To Be Decided

Championship of the Hereford Pony League will be decided in a best-of-three series beginning Monday night at Veteran's park.

The two top teams of the league will meet for the first game at 7:30 while Tuesday night's contest will start at 6:00 p.m., with a third game to follow if necessary.

The team with the best won-loss record for the season and a berth in the championship is the Twins. They have won eight and

lost four.

The other team will be decided Saturday after press time. The White Sox are 6-6, while the Indians are 6-5. If the Indians win their final game a playoff for second place will be played to determine the team to meet the Twins in the championship series.

The only team not in contention for the championship is the Orioles, with a 3-8 won-loss record.

Pony League all-stars will be announced Tuesday night following the championship series. The All-Stars will meet the Lubbock Pony League All-Stars July 12.

## Tech Coaches Forecast Season For Raider Day

Texas Tech basketball coach Gerald Myers and football assistant coach Dick Rader outlined basketball and football fortunes of the Red Raiders for the coming season to a group of Tech supporters at the Hereford Country Club Thursday night to wrap up Red Raider Day.

Also in attendance was Leete Jackson, executive vice-president of the Red Raider Club, who urged Hereford citizens to support the athletic program at Texas Tech. To become a recognized branch of the club, Hereford's Red Raider Club has to donate \$1500 a year, or the approximate cost of one scholarship.

Jackson recognized four Hereford men on athletic scholarship to Texas Tech: James Harris, football; Terry Pondexter, baseball; Keith Kitchens, basketball; and Luther Mays, track. Mays was the only athlete not in attendance.

Coach Rader said the Tech football team was one short of a great year last season, they will work to make it 12-0 in the upcoming year, instead of 11-1. "The Raiders are tired of playing second to Texas," said Rader.

Two big questions loom in the face of a successful season for Tech, filling the tight end spot left empty by All-American

Andre Tillman and quarterback slot left empty by Joe Barnes.

Rader lauded both players, and said Barnes was a perfect football player. Barnes committed only 12 turnovers in 12 games in 1973, and rarely fumbled, missed a pitch, or threw an interception. Rader said Tommy Duniven of McLean will take over signal calling duties, and that Duniven's style is exactly like Barnes' with three exceptions: Duniven is bigger, runs better, and throws better than Barnes.

The line, according to Rader, is young, but big. Weights run 255, 245, 240, 245, and 220. "The problem of the line being tired in the fourth quarter should be cleared up this year", Rader said.

Rader, offensive back coach, said the Red Raiders are deep in backs this year. John Garner is an up-and-coming sophomore, Larry Isaacs, a great freshman last year, Rufus Meyers should be strong after off-season knee surgery, and Jimmy Williams and Mark Pace even off the pack.

"Defense will be the strong point of the Raiders this year," said Rader, "because our defensive ends run as fast as our running backs. The defensive line is big and strong. We hope our defense will hold our opponents so we only need to

score two touchdowns to win, instead of three or four like last year."

"Recruiting at Tech went well this year," said Rader, "we got the boys we wanted."

The Tech football schedule includes Texas in Jones Stadium this year, Iowa State, New Mexico, Oklahoma State, Arizona and the Southwest Conference Schools.

Gerald Myers said the Tech basketballers last year had high and low points, and that this year's team should have more consistency. Myers will be looking for a more cohesive unit, and he says the boys will be scrappers with a lot of hustle, intensity and desire. "A thing to look for in the Tech basketball program," Myers said, "will be more morale, a lot of spirit and a close-knit group."

Tech has high hopes for Keith Kitchens, Myers said, working him at the guard spot this fall.

Returnees this fall will include Rick Bullock, the All-SWC center for the Raiders. Myers said Bullock was the best center in the conference, but might have some attitude problems in the coming season.

The Raiders will be looking to their seniors for leadership this year, especially from William Johnson and Grady Newton. Returning for guard duty will be Phil Bailey and Bryan Mock, as well as Steve Dunn and Kitchens.

The Raiders signed only three players this year. Two are boys from Kansas, one 6-9 and the other 6-6. The other player is a boy from El Paso, a 6-4 guard.

"Overall," said Myers, "we'll have two or three returning starters, and we'll look to the younger boys, sophomores and juniors, to give us the emotion and desire we need to win."

The Raiders will have a tough basketball schedule in the season, starting out with strong teams like New Mexico, Arizona, Kansas State, and Vanderbilt. The Raiders will play a full round-robin of Southwest Conference teams as well. Myers pointed out the rivalry between the schools because of their proximity to each other.

A tie for first place developed in the golf tournament held in conjunction with Red Raider Day. Two teams had lowball scores of 65. The team of Speedy Nieman, Gene Coulter, Steve McWhorter, and Mark

Anderson tied Cal Garret, Dale Zinn, Troy Moore and J.A. McWhorter. Each team member will receive a trophy.

The second place team with a 66 was Shorty Roark, Leete Jackson, Jimmy Nickell and Charles Jones. Tied for third place was the team of Dave Hopper, Polk Robinson, J.C. Ward and Jimmy Martin, and the team of Mack Tubbs, J.R. Arterburn, Gerald Payne and Gerald Myers.

Tied at 69 was the team of Burns Hamilton, Bill Lyman, D.C. McWhorter, and Dick Rader, and Virgil Marsh, Fred Underwood, Charles Smith and Jim Thompson.

# The End Zone

DAN WELTY

BEING AS THIS is the initial column, we'd like to state our purpose. We'll pat backs, comment where we might not ought to, try to raise a few questions, and be generally entertaining. Maybe we'll accomplish the first three.

THE FIRST BACK I'd like to pat is that of Harold Wheeler. Besides being a probation officer, Harold has worked year-round with the Hereford boxing club the last three years, and is responsible for last weekend's AAU regional boxing meet coming to Hereford. Harold, job well done!

LUBBOCK MONTEREY won the 4-A baseball title by defeating Houston Spring Woods 4-2 in the finals. Stars of that game were two sophomores, Richard Bowles, a pinch hitter, knocked a three-run homer in the bottom of the sixth when Monterey trailed Spring Woods. Scott Gardner gave up only six hits from the mound. Gardner is 6-6 and his teammates call him "Stork." Gardner had 15 wins and 2 losses this season. Both will be back two more years for competition in District 4-AAAA.

DUFFY DAUGHTERTY has only one superstitious belief about football: "It's bad luck to be behind at the end of the game."

THE NATIONAL LITTLE LEAGUE has finally turned from its old "male chauvinist pig" attitude and let the young ladies play baseball with the young men. Another blow to the male ego will be when a girl has a higher batting average than he has.

Wonder how long it will take Hereford's Bronco League to enlist a fem member? Or for that matter, how long it will be before there's a lady in the majors. Foldout baseball cards could become a reality.

KEEP YOUR EYES on the happenings at the bargaining sessions between the NFL team owners and NFL players. Otherwise, you'll miss something. Anytime in major sports the lawbooks are more

important than the playbooks. LEARNED RECENTLY that John Gilliland, the ambulance driver, is somewhat of a trampoline-jumper. To what extent this talent is developed still is mystery, though.

CAL GARRET, course pro at Pitman Municipal, called to tell us of a Scotch Foursome Sunday, June 23. A team is one man and one woman, with each hitting alternating shots.

AS LONG AS we talked about Tech sports, here's a plug for West Texas sports: J.D. Barnett, assistant to WT head basketball coach Ron Ekkor, and in charge of recruiting, said WT had one of the best recruiting years of any college in the nation as far as getting what they wanted. Barnett recruited five players from back East.

Could WT be a contender for the Mo-Valley title this season? "We'll be as good as any other team in the conference," said Barnett. Barnett was in town helping Barry Arnwine with the Golden Spread Basketball Camp.

A BRIEF VIEW of the Buff roster for fall football:

5. New York Yankees.

## Swim Classes Slate Registration

Registration for the second session of summer Red Cross swimming classes is scheduled from 9 a.m. to 12 noon Friday at the municipal pool. Mrs. Richard Zinser, chairman, invites children and adults to enrol at this time, although adults, who wish to join the evening classes may register at their first class.

As in the first session which is now in progress, there will be classes for beginners in four divisions, intermediates, swimmers, junior and senior life saving. Children must be at

least six years old and have completed first grade in school. Age minimum for junior life saving is 11 years, for senior life saving, 15 years.

First classes in the summer program will be completed this week, and the second session begins June 24. Morning classes for both adults and children will begin at 9 a.m., the evening adult class at 6:30 p.m. Life saving for juniors is taught from 10 a.m. to noon. John Gilliland will be instructor for senior life saving each evening at 6:30, and those

wishing to enrol are asked to notify him. Red Cross Water Safety instructors volunteer their time for instruction, but a city pool fee of \$2.25 is charged for the session. A number of high school students are assisting as instructors this year as in past summers.

In all, four sessions are scheduled for the summer classes, offering swimming lessons to beginners and advanced swimmers.

Honorable H.C. Williams, Judge and Members of the Commissioners Court Deaf Smith County, Texas

Gentlemen:

We have examined the Revenue Sharing Fund Statement of Receipts and Disbursements, and Summary of Data submitted to Bureau of the Census of Deaf Smith County, Texas for the year ended December 31, 1973, and have compared the financial data for the year ended December 31, 1973, included on Bureau of Census Form RS-9 with audited records of the County of Deaf Smith, Texas. Our examination was made in accordance with generally accepted auditing standards and the "Audit Guide and Standards for Revenue Sharing Recipients" issued by the Office of Revenue Sharing, U.S. Department of the Treasury, and accordingly, included such tests of the records of receipts and disbursements as we consider necessary in the circumstances.

In our opinion, the statement of Receipts and Disbursements present fairly the revenue, expenditures and fund balance for the revenue sharing funds of the County of Deaf Smith, Texas for the year ended December 31, 1973 in conformity with the cash receipts and disbursements method of accounting. Further, the data shown on the Bureau of Census Form RS-9 for the year ended December 31, 1973 in the agreement with the audited records of the County of Deaf Smith Texas.

Respectively submitted,  
/s/ Alex Schroeter, CPA

## Kiwanians Urged To Donate Blood

A Coffee Memorial Blood Center representative urged the Thursday meeting of the Noon Kiwanis to donate blood to the Deaf Smith County blood pool on a regular basis.

John Mitchell, representing the Amarillo blood bank, will be here Wednesday at the Community Center to accept blood donations for the Deaf Smith County blood pool. Donations will be taken from four to six p.m.

Mitchell explained that the blood bank in Amarillo keeps a credit-debit system for Deaf Smith County blood pool in their records. Whenever a Deaf Smith County resident donates blood, the pool receives a credit.

## Historic Tours Begun At Tech

Free guided tours for the public are scheduled for the Lubbock Lake site from nine to eleven-thirty Saturday morning.

Persons interested in seeing the historic site and archaeological work being done there this summer are invited to the site for the tours. To reach the site, turn north from Clovis road and Indiana Avenue, cross the railroad tracks, turn left immediately and drive under the overpass.

This is the second summer of the archaeological dig which already has produced artifacts indicating life in the area thousands of years ago. Guided tours will be conducted from nine to eleven-thirty every Saturday morning during the summer through August 10.

## Witnesses Attend Assembly

Jehovah's Witnesses will assemble this summer at 85 'Divine Purpose' District Conventions throughout the United States and Canada. Additional assemblies will be held world wide.

Allen Mayo, presiding overseer of the Hereford congregation of Jehovah's Witnesses, said the conventions are designed to keep delegates spiritually enlightened concerning modern times.

"The 35 representatives from Hereford are looking forward with enthusiasm to the convention at Sunland Park near El Paso," he said. Mayo said, "5,000 are expected to attend the El Paso convention, June 20-23."

"We will be among the nearly one-million persons that are expected to attend these conventions during June, July and August," said Mayo.

and whenever Deaf Smith residents are given transfusions, the pool debits.

The donations are credited for future blood requirements, and assure a supply of blood is on hand when needed.

A short film explained the procedures a blood bank goes through from the initial donation until the blood is transfused.

Mitchell said "professional donors, or donors who give blood only for money, will become a thing of the past in 1975, with the nation's blood supply being all volunteer. Pro donors, according to Mitchell, often falsify disease and medical records required before a donation can be taken. Other business at the meeting included the induction of John Gilliland as a member.

## Named Father Of Year

G.B. "Dick" Hagar and his grandchildren observe the plaque which he received from KPAN Radio as "Father of the Year". Hagar, who has been a resident of this area since childhood, was nominated by his children, Mrs. Betty Willson and Richard Hagar.

## Letter Pays Tribute To G.B. Hagar

G.B. "Dick" Hagar of Dawn was named "Father of the Year" by KPAN Radio as result of a letter written by his children, Richard Hagar and Mrs. Percy (Betty) Willson.

The winning letter to Hagar as "a rock of Gibraltar" to their family. He was cited for his 57 years as a Hereford resident, including employment as custodian at Central and Alkman Schools and his present occupation with his son in baling and harvesting.

Hagar, who was born in Post in 1915, helped organize the first Dawn Fire Department and served as the community's first fire chief.

He is the father of Richard, Mrs. Willson and a deceased daughter. Hagar has one grandson and three granddaughters, all of Hereford.

Hagar is the ninth "Father of the Year" to be honored by KPAN. The contest was begun in 1966 and since then, these men have been recognized: Rex Lee, S.A. Fangman, Martin L. Simpson, Bill Bradley, W.J. Schumacher, Jack Nunley, Dr. John H. McCrary and Jimmy Allred.

Each of the fathers cited received an engraved plaque and gifts jointly-purchased by various local sponsors.

"DOC" COWAN ON ALEXANDRITE

Sharing the spotlight with pearl and moonstone as a birthstone suitable for the month of June is the extraordinary gem alexandrite. It is a member of the chrysoberyl family, cousin to the equally beautiful and rare cat's-eye.

Alexandrite is a recent discovery and does not have a long, romantic history. But what it lacks in lineage, it makes up in beauty and rarity. The most exciting quality of alexandrite is its ability to change color. In daylight, it is green and under artificial light it changes to a fine raspberry red. A rare sight indeed!

Alexandrite was first discovered in 1830 in the Ural Mountains of Russia. It is said, on the day the Alexander II reached his majority, Red and green are the national colors of Russia, so alexandrite is aptly dubbed.

Genuine alexandrite is very rare and of great interest to gem collectors, connoisseurs and museums. It has been successfully synthesized, but these stones have been available for less than a year and in only small sizes. Alexandrite, which comes out of the ground, costs hundreds of dollars per carat; it is not likely to be found often in jewelry stores in this country or elsewhere.

But now that it is travel time again, I can almost count on at least one customer to return from a trip abroad with a gleam in his eye and an exciting "bargain" wrapped in tissue paper in his pocket. And he tells me about this fantastic piece of alexandrite. . . . Of course it is not what he paid for. Usually it is heat treated synthetic sapphire or corundum which can show a slight color change, not even comparable to the intense change and beauty exhibited by natural alexandrite.

As members of the American Gem Society, we must always properly identify the mineral origin of gems we sell. Foreign merchants are not bound by such rules and many prey on the unsuspecting tourist.

## Two Given \$200 Grants

Two Hereford High School seniors have been awarded West Texas State University School of Agriculture scholarships, announced Agriculture Dean Charles Smallwood.

Ted Eicke, son of F.L. Eicke, and Jay Boren, son of Mr. and Mrs. Fred Boren, both will receive \$200 Feedlot Scholarships for their freshman year at West Texas State.

Selected on a competitive basis, the students were chosen

for their demonstrated scholarship and leadership by the School of Agriculture Scholarship Committee.

"We will be glad to have such outstanding agriculture leaders and students," said Smallwood. "They have received high recommendations from their county agents and agriculture teachers."

Both Boren and Eicke have served on the Livestock Judging Team and in Future Farmers of America.

★★★

## Formby Speaks To Radio Board

Radio and TV Broadcasters from the Montana and Rocky Mountain area met Thursday and Friday, for their annual meeting and Clint Formby of Hereford, chairman of the Radio Board of the National Association of Broadcasters served as the keynote speaker for the opening noon luncheon.

Formby provided an update on pending legislation in Washington that will effect the nation's broadcasters as well as a discussion of advertising and program standards and ethics.

A frank discussion of the first amendment and the right of free speech for news media was also discussed.

The two day convention featured a representative of the FCC in Washington as well as public relations and sales seminar.

### ON ACUPUNCTURE

LAS VEGAS, NEV. -- Dr. Russell B. Roth, president of the American Medical Association, has warned that legalization of acupuncture would unleash "professionals upon the public with no more apparent qualifications than oriental names and a set of needles."

There's nothing like an increased income to make a man, or woman, feel like the world is better.

TED EICKE

JAY BOREN

LONDON--When a prisoner asked for a Bible to read in his cell, there wasn't a copy at the police station. A Bible was borrowed from the vicar. Volunteers have provided a small Bible in every cell.

## H<sup>3</sup> / HUSTLE HUSTLE

By Bill Albright, Executive Vice President Deaf Smith County Chamber Of Commerce

How about a look into the future? This year's dry land harvest can be used for our Crystal Ball. And it may be just what's needed to get some folks' attention and spur them to action.

Cause this is almost a perfect preview of what's coming to the Panhandle if we don't get busy and get a water importation program under way.

JUST TO BRING us all up to date on terms and meanings, water importation is any method of moving water from one place to another. In our case, of course, we want to bring the water from whatever source proves most feasible, to some storage point here in the panhandle area and use it for crop irrigation.

Possible sources suggested have been the Mississippi River, the Missouri River, the Gulf-providing that we find a way to eliminate the salt, the mountains of New Mexico or Colorado, and even from Canada.

Right now our storage area is 200 to 1200 feet underground and it takes a lot of skill, energy and money to drill a well and pump the water up to ground level. The cost of importing water from sources mentioned is even greater.

It has been estimated to cost several billions of dollars. And of course if we started work on the project this year it would still take a number of years to complete.

Statistics from Water, Inc. tell us that our underground water source is being depleted as some of our farmers and ranchers already know. Estimates of when we will exhaust our supply vary, but the

fact is we have got to do something about bringing water to West Texas.

SOME FOLKS may say "What's so important about West Texas? That's only a small area of our total agricultural effort." The answer lies in these figures: In 1973 the High Plains produced 25 per cent of all the cotton; 24 per cent of all the beef cattle produced in grain sorghum; 5 per cent of all the wheat, and almost 17 per cent of all the entire United States.

This in itself is reason enough to support action to bring water to the Panhandle. But we need to convince others of this "others" being public officials and administrators who are in a position to see that funds are made available to get the job done.

How can you help? Support those organizations which are working to promote importation and conservation of water. WATER, INC., Deaf Smith County Water Association, and of course, your Chamber of Commerce. (More on this vital subject later.)

JUST AN acknowledgement of the surprise and pleasure experienced on learning that I was named as an Honorary CowBelle - Much appreciation to this fine group of gals for the honor extended - but even more appreciation to them for the magnificent job they are doing in promoting the beef industry.

And speaking of Beef, today is Father's Day. What could be better to serve than beef? Texas Grain Fed Beef, Y'all! (It's no secret that beef provides that extra HUSTLE, HUSTLE, HUSTLE.)

### New Officers

Installed in a morning program Thursday, officers for next year in St. Anthony's Women's Organization include, from left upper photo, Mrs. Al Simmacher, president; Mrs. Jim Marnell and Mrs. Alan Brockman, vice presidents; lower photo, Mrs. Ernest Flood Jr., treasurer; Mrs. Jimmy Messer, historian-reporter; Mrs. Butch Connally, secretary; Mrs. W.J. Lueb, Parliamentarian. Each officer was installed by her predecessor in a program planned by Mrs. Allen evers. Unit meetings were held afterward to organize work groups in the organization.

Fittipaldi captures Belgian Grand Prix race.

AGNEW DISBARRED ANNAPOLIS, MD. -- The Maryland Court of Appeals has disbarred former Vice President Spiro T. Agnew. Not being a member of the federal bar, his disbarment in Maryland prevents his practicing law elsewhere.

CHIEF OF ASTRONAUTS SPACE CENTER, HOUSTON-- John W. Young, ninth man to walk on the moon, has been named acting chief of the astronaut office here. He replaces Alan B. Shepard Jr., who will serve as senior advisor.

# Work Law Debated

After only limited debate, delegates to the 1974 Constitutional Convention voted to allow Texas voters to make the decision whether to include the controversial "Right to Work" provision in a new constitution.

The decision was to place the "Right to Work" provision on the ballot as an issue separate from the Constitution. Voters would decide whether to include the provision in a new constitution, or, in the event the new proposed constitution fails to be adopted, whether to include "Right to Work" in the present 1876-model Constitution.

"Right to Work", which has triggered a controversy with labor opposing the provision and conservatives and many businessmen supporting its inclusion in the constitution—is now in state law.

The statute says that no person may be refused employment because he is not a member of a union. The law has been on the books in Texas since 1947.

The Convention, working its first Saturday floor session, approved a new section giving the governor more time to make appointments than had been previously passed by the Convention.

Texas voters will also be choosing whether to ban or allow horserace wagering in the

Constitution.

Convention delegates, after considerable debate, voted to prohibit branch banking and ban foreign banking in Texas, but rejected efforts to place constitutional restrictions on bank holding companies.

Language in the banking section dealing with banking states that no bank engage in business in more than one place in Texas, which will be designated in its charter.

The Section also says that no foreign corporation other than national banks of the United States in Texas, be permitted to exercise banking or discounting privileges in the state.

Delegates retained language of the 1876 Constitution that gives mechanics, artisans and materialmen a lien for the value of their labor against all buildings and articles made or repaired by them.

Also tentatively approved is a new section on retirement benefits for public employees that combines several retirement sections of the old constitution. Included are the teacher retirement systems, state employees retirement system, Texas municipal retirement system and Texas county and district retirement system.

The judicial retirement system is dealt with separately

in the section.

Sections dealing with alcoholic beverages and practitioners of medicine were also approved for tentative use in the General Provisions Article.

The liquor provision is similar to one in the 1876 Constitution. The section continues the state's right to regulate the liquor industry and continues to guarantee the right of the local community to decide for or against the sale of alcoholic beverages in their area.

The section dealing with practitioners of medicine tracks the language of the 1876 Constitution.

## Woman Harnesses Dreams, Masters 900 Lb. Animal

### RECIPE

By Sarah Anne Sheridan  
The sweet potato offers a wide variety in the menu. It is served with the main course or as a dessert.

#### Baked Sweet Potatoes

- 6 small sweet potatoes
- 1/2 c chopped nuts
- 1/4 c sugar
- 1/4 c butter

Cook the sweet potatoes in boiling salted water until the skins slip off easily. Peel and roll the hot potatoes in the nuts. Place in greased baking dish, sprinkle with sugar and dot with butter. Cover and bake 15 minutes at 350 degrees. Uncover and bake 15 minutes more.

#### Orange Sweet Potatoes

Scoop out halves of orange skins—one for each serving. Boil potatoes with the skins on, peel, mash, add melted butter and orange juice for flavoring. Mix well, pile into orange skins and top with a marshmallow. Bake at 350 degrees until marshmallow is melted.

By SANDY INMAN  
Brand Staff Writer

EXCEPT for sense, there's nothing "horsey" about Lynn Poarch, a petite blue-eyed charmer who has more than realized her childhood fantasy of becoming an accomplished equestrian.

Horsewoman, that is.

Lynne Poarch has come a long way from the time she began learning to ride her first horse named Thunder. She now mounts a quarterhorse every morning before she begins coaching riding lessons.

With the assistance of her mother and youngest sister, Renee, Miss Poarch teaches horsemanship for girls who want to improve their riding abilities. They are currently

working in riding areas which include poles, barrels, western pleasure, halter and horsemanship.

RISING and expected to shine at 6:30 a.m. the girls' days begin with general riding until noon and at 2 p.m. they hear lectures on proper grooming and care of horses.

For relaxation, swimming and trail riding is offered before bareback equitation begins at 6 p.m.

For six days and nights the girls set up sleeping headquarters in the den of the Poarch's home. They are on a tight, well-planned schedule and none can say they suffer from insomnia when they hit the bed rolls at night.

For the casual observer, it

might look rather strange to see a rider trying to exercise while her horse is trotting freely along, but the pretty instructor notes that doing calisthenics while riding is extremely important for learning proper balance.

DURING the exercise period the rider uses only her legs to control her horse. The girls are also taught exercise to condition their horses such as the Cavalletti system does.

Miss Poarch hopes to eventually have a year round program for riders who want to become instructors and she plans to offer training facilities for people who want additional breaking or training for their horses.

The daughter of the Hoot Poarches, Lynne is one of four daughters who are accomplished horsewomen. When you walk into the livingroom of the modern brick home southeast of Hereford, your eyes immediately focus on the massive black fireplace where numerous trophies and plaques are arranged.

Equestrian Acrobats

Timing and accuracy are important factors when riding a horse properly. In top photo at left is a young rider deciding if she made that turn around her first barrel correctly. Second photo pictures another student exercising while mounted on her horse to learn proper balance. Their instructor, Lynne Poarch, left, is currently teaching weekly horsemanship sessions to girls interested in improving abilities.

## Workshop To Cover Forensics Basics

To speak is common. To speak well is uncommon—an art to be learned in high school forensics and, in summertime, at the Texas Tech University High School Forensics Workshop.

The workshop scheduled for July 21-Aug. 1 this year is the 23rd at Texas Tech, and it will feature lecture, study and performance sessions in debate

and in extemporaneous speaking and oral interpretation. The workshop debate topic will be the same as the 1974-75 Texas high school debate topic.

In addition high school teachers may enroll for credit in a workshop which begins July 15, and then runs concurrently with the students' workshop.

Speech Prof. Vernon R. McGuire is director of the workshops. He holds both regional and national "coach-of-the-year" designations. Applications should be addressed to McGuire and accompanied by a \$10 deposit. The total cost of the high school workshop is \$25 as a general fee and room and board in a university residence hall at approximately \$80.

Tuition scholarships are awarded some eligible students who have won first place in any regional or state Interscholastic League speech contest during the past year. Workshop enrollment is limited to 50 students.

Lecture sessions are devoted to research methods, analysis of debate propositions, the development of arguments and delivery.

Afternoon sessions are for small groups of students who

apply what they have learned in lectures under the direction of instructors.

Performance sessions will culminate on the final day of the workshop with a four-round tournament.

Those enrolled in extemporaneous speaking and oral interpretation will have similar sessions, but their final performance may be participation in a readers' theater production or individual participation in the debate tournament. Dr. Vera Simpson of the speech and theatre arts faculty will direct this portion of the workshop.

McGuire said the teachers' workshop emphasizes problems encountered in directing school speech activities.

"This workshop is closely integrated with the high school workshop," he said, "and it allows the teachers to observe afternoon work sessions of the high school students."

Inquiries concerning the course for teachers should be directed to Dr. William J. Jordan, graduate director in Speech Communication, Department of Speech and Theatre Arts, Texas Tech University, Lubbock, Texas 79409.

# By The Garden Gate With Glad

By Mrs. Art Manjeot

The past few days have presented many problems for the gardener, but we cannot give up. There are always two sides, the good and the bad, the dark and light. Let us be aware of the number of good things we've had.

One of the things we can do that will make our gardening more successful is mulching. Through this practice we can conserve moisture. In so doing we will save water and that saves money. And that is good.

For the mulch to perform properly and to carry out conservation measures satisfactorily, the soil on which it is placed should be in good condition.

Soil should be moist, free of weeds or grasses. The soil should be friable, this is acquired by having good soil percentages; have enough humus to make the soil hold water better applied.

A soil is in reasonably good condition, when a handful pressed in the clasped hand, holds form when hand is opened. Hard, dry, uncultivated soil will not contain the water when applied, instead when it hits the smooth hard surface it will run wildly. Good drainage will control that which should be held to reach the roots of the growing plant.

There are many materials that can be used to mulch plants,

some of these are straw, sawdust, cocohulls, peat moss (moist) chipped wood, cotton seed hulls and dried lawn clippings, free of grass seeds or Bermuda roots. It is usually best to use those which can be purchased locally, if other provisions have not been made.

When applying the mulch materials, the depth depends on the kind used. Loose materials should be piled higher around the plants than ground corn cobs, chipped wood or peat moss. The latter should be mixed with topsoil so it will not be blown away by winds; 3 to 4 inches is good depth.

Newspapers cut into strips, moistened lightly, applied to the base of plant, lightly covered with soil makes a cheap and useful mulch.

Another that is very good, when available, is cottonseed hulls, these can be mixed with peat moss. After applying, sprinkle lightly, so that it will adhere well to soil and plant.

Black plastic is proving successful when used with seed plantings. Prepare soil properly, water thoroughly. When partially dried, plant seed and then cover with the black plastic.

As seed germinate and start growth the plastic should be pulled away gently from the seed beds. This is a mulch which conserves moisture. Also is used extensively by those who grow exhibition chrysanthemums.

Black plastic is also recommended when there are garden enemies such as foreign grasses or stubborn weeds such as lake weeds. Dampen the soil with a solution to kill, then cover well and let remain for several days.

If grasses, weeds etc. are stubborn it may take more than one application. This is used with a recommended poison on bindweed when it has been bruised or cut. Poison and moisture must penetrate the roots to kill.

These measures should be applied before seed are formed and dropped on the soil. We need to have a united effort in Hereford to combat the bindweed. In time it will take over and in turn will harm the soil.

Happy birthday to all those who were born in June. Their birthstone is the fascinating pearl, or the alexandrite or moonstone.

The pearl, whose cultivation is most interesting, is universally loved and admired. They have been worn by royalty, and whenever a lady adorns herself with luminous pearls there is nothing more beautiful.

Pearls are of organic origin. By nature they are formed, by

salt water mollusks, known as pinctada, they are found in many waters. Divers bring up thousands of shells in which the pearls are made, and when found they are carefully graded. Value is according to size, shape, color and lustre.

Pearls worn with roses, the flower for those born in June, makes beautiful combinations.

**VEGETABLE GARDENS:** Since it is a nationwide suggestion to have vegetable gardens this year, many have planted vegetables. I have been looking around for a well planted and grown vegetable garden. I found it last week.

It is exceptionally well grown and the planting arrangement uses all the spaces. For trellises for climbing plants, fences are used, which frames the other plantings. The best of horticulture practices have been used.

Just to look at the growing plants makes one hungry. If you wish to see the garden it is at Mrs. Florence Fluit's, 122 Ave. D. Mrs. Fluit has been assisted by Jack Brown and grandson Lyle.

Have also found vegetables being grown with flowers, as border plantings and spaces in field crops.

The mocking bird is calling with his sweetest notes, must have found a fine morsel of food, so I will join him in the backyard and see how the carrots are growing alongside the okra and chrysanthemums. Marigolds are starting to bloom. They have been used as accent plantings, thus sharing in keeping down pests.

Garden suggestions: If you are growing vines and wish to train them to grow in a pattern, use clothespins to hold them as you wish the vines to go. Clip jaws of pin to rim of pots, stakes or whatever.

They can also be used as weights to produce a trailing plant. When the right pattern has been created, remove the clothespins. This works, as I have used it several years.

In using potted plants on the patio or other locations in the garden, plant the potted plant within another pot. Chipped oasis can be used for insulation or coarse sand placed two or three inches in the bottom of outside pot. This aids in keeping plant moist and roots cool.

I have found this works well and is especially good practice when leaving plants for a few days. A plastic pot is thin and heats quickly, and it is well to place them in clay pots.

This method can be reversed by placing clay pot within the ceramic pot or another attractive container into which it can be fitted.

**Ceramic Art Officers**

All installed for a second term, officers of Ceramic Art Club were presented daisycorssages by the president, Mrs. L. B. Fowler at a luncheon this week. Mrs. Fowler is pinning the flowers on the jacket of Mrs. W. S. Fluit, vice president, while Mrs. J. W. Stengel, treasurer, Mrs. Lloyd Kirkeby, secretary, and Mrs. W. C. Hromas, parliamentarian, seated, wait their turn.

## VA Raises Payments

The timetable for payment of increases to some 2.5-million service disabled veterans and dependents of veterans who died of service-connected disabilities was reported recently by the Veterans Administration.

A new law (Public Law 93-296) signed by the President May 31 increased disability compensation payments to veterans by 15 to 18 per cent, and dependency and indemnity compensation for widows and

children by about 17 per cent. The statute makes the increases retroactive to last May 1.

A separate retroactive check covering the increases for the months of May and June will be sent by VA to the veterans and dependents by mid-July.

The regular monthly checks due next on July 1 will be paid at the old rate, but the new increases will be reflected in checks received August 1 and thereafter.

VA officials emphasized that no application or inquiry will be necessary to receive the increased amounts. The increases, they said, will be made by the agency automatically for all veterans and dependents.

The new law boosts payments to veterans rated 10 to 50 per cent disabled by VA by 15 per cent, and those rated 60 to 100 per cent disabled by 18 per cent.

## Legal Secretaries Form Chapter Here

On Saturday, beginning at 2 p.m., there will be a meeting at 104 Aspen, for the purpose of organizing the Hereford-Dimmitt Legal Secretaries Association, chapter of the National Association of Legal Secretaries (International).

The national association, whose motto is "Professionalism plus Education equals Excellence," is an international, nonpartisan, nonsectarian, non-union and nonprofit organization formed to further the legal secretary's knowledge of the law and to uphold its honor and dignity; to stimulate a high order of business and professional attainment and to create a high standard of ethics among its members.

The association fosters training programs for young women desiring to become legal secretaries, as well as courses for advanced legal secretaries. Social activities among its members are also encouraged, in addition to regular monthly meetings.

Persons engaged in work of a legal nature are eligible to join this group and are urged to attend this meeting. Reservations may be made by contacting Mrs. Mildred Sheffy, 104 Aspen, Telephone 364-0276.

Local chapters are also affiliated with the Texas Association of Legal Secretaries. Present at this meeting will be Mrs. Shanny Knorpp, TALS Treasurer of

Amarillo, Texas, and Miss Dorothy Easton, TALS Membership Chairman of Waco, and Mrs. Melinda Waits, TALS President, Dallas. They will present the history of the National Association and assist local charter members in the formation of the Hereford-Dimmitt chapter.

## Charges Set Against Pair

Charges have been made against two men arrested by sheriff's deputies for two separate burglaries.

Cleo Helker, 42, Rt. 4, remained in Deaf Smith County Jail Saturday morning in lieu of \$1,500 bond set by Peace Justice Glen Nelson on a charge of burglary of a barn.

A spokesman for the sheriff's department said Helker was taken into custody after he tried to sell a truck tire he allegedly took in the May burglary.

Ferman Galan, address and age unknown, posted \$10,000 bond Friday after being charged Wednesday with burglary of the Big Tex Elevator.

Galan was charged before Nelson.

### RECIPE

In this day of high grocery prices, pot roasts and vegetables make the food dollar go further while giving the family nutritious meals.

#### Pot Roast

- 1 4-lb beef roast
- 2 t instant meat tenderizer
- seasoned salt
- pepper
- flour
- 2 T margarine
- 6 carrots, halved
- 8 small potatoes, pared
- 8 small onions, peeled

Sprinkle roast with meat tenderizer as label directs, roll in flour, seasoned salt and pepper. Brown roast on all sides in hot margarine in dutch oven. Add 2 cups water and simmer (covered) 2 1/2 or 3 hours or until tender.

Prepare carrots, potatoes and onions. About 1 hour before roast is done add vegetables. Continue simmering until meat is done and vegetables tender but crisp.

Place meat on platter surrounded by vegetables. Thicken gravy and serve in separate bowl.

Makes 6 to 8 servings.

# Today Poignant For Father Of The Bride

*This Father's Day is particularly meaningful for these men and their daughters whose marriages fall around this special holiday. The father's role at this point in a girl's life begins as financier and is climaxed when his arm is replaced by the bridegroom's.*

In upper right photo, Robert Hickman adjusts the bride's veil as his daughter, Becky, treats him to a private showing of the gown she wore Friday. A portrait of Edgar Vinson's daughter, Carleta, lower left photo, prompts them to pause for reflection. Carleta, married a week ago, left Friday for Germany with her husband who's stationed there with the United States Army. Bill Phipps, father of a future bride, expresses the plight of financing a wedding. His daughter, Margaret, who plans to marry on June 22, doesn't seem too concerned about her father's situation, lower right photo.

### Entry Invited For Cotton Maid

The 1975 South Plains Maid of Cotton selection has been scheduled for September 17-18, according to John Herzer, chairman of the Maid of Cotton Committee of the Lubbock Chamber of Commerce. The finals will be televised, live, from the studio of KCBD-TV, Channel 11, beginning at 9:00 p.m. on September 18. Those interested in competing in the selection should contact a member of the cotton auxiliary

in their area or the Lubbock Chamber of Commerce at 902 Texas. Qualification requirements are: she must be 5'5" tall or taller without shoes (or hair-pieces); between the ages of 19 and 23, inclusive; never have been married; have been born or lived in a cotton producing state since the age of 7; going to school or working in the South Plains area; and must be a resident of Texas.

Mrs. Robert D. Knott  
nee Esther Pierson

## Esther Pierson Becomes Bride Of Robert Knott

Two brothers of Miss Esther Karen Pierson assisted in the ceremony Friday evening for her marriage to Robert Douglas Knott. The Rev. Homer T. Goodwin, pastor, was principal officiant in First Assembly of God Church.

The Rev. Billy Pierson of Whiteface gave the opening prayer and the Rev. Charles Pierson the closing prayer. Both are Assembly of God pastors.

The bride's parents are Mr. and Mrs. C.W. Pierson, Route 3, and the bridegroom is the son of Mr. and Mrs. James Saunders of Garland. Mr. Pierson gave his daughter in marriage as the couple stood before paired bouquets of white gladiolus and Killian daisies set on pedestals, and tapered candelabra flanking a kneeling bench.

Miss Anita Hughes was maid of honor with Miss Terrienne Saunders of Garland, sister of the bridegroom, and Miss Stephanie Fortenberry as bridesmaids. Kenneth Knott of Vernon served his brother as best man.

Roger Sanders and the Rev. Dale Pierson, brother of the bride, were groomsmen. Gary London and Paul Galley the ushers. Pam, daughter of the Damie Kings, was the flower girl and Scotty, son of the Randy Hasleys, carried the rings. Susan Chambliss and Steven Fortenberry lighted candles.

Wedding Song and There Is Love were flute solos played by Gary London. Miss Vickie Kendall sang Jesus Said Come and New Twenty-Third, with Miss Jeannie Galley playing organ accompaniment and the traditional marches.

Bridal satin made Miss Pierson's gown; its square-necked empire bodice of lace dotted with seed pearls and sequins. Below short lace sleeves, tulle half-sleeves were puffed to the wrist. Tiny buttons fastened the bodice down the back, above a three-tiered bow at the waistline.

The skirt, straight in front, shaped into a circular train with back fullness. Her short bouffant

veil was held with a Dior bow. She carried a Bible with mother-of-pearl cover, topped by a cluster of stephanotis tied with picot ribbon forming streamers with ivy tendrils. As an heirloom piece she wore a ruby ring which belonged to her great-aunt and then her mother.

Rainbow colors appeared in attendants' dresses, with the maid of honor in pink, bridesmaids in orchid and yellow, the flower girl in blue and Miss Chambliss in lime green.

Their double knit gowns were styled alike, with sport puffed sleeves, circlet neckline and daisy trim at the empire waistline. Their nosegays were of rainbow daisies. Men in the wedding party wore shirts matching the dresses of the girls they escorted.

The bride's mother chose for the wedding a Nile green knit dress with floor-length skirt; the long full sleeves of matching chiffon. Heavy lace in the same shade looped around the cuffs

and collar, and defined the empire waistline. Mrs. Saunders was dressed in peach color empire design, sleeveless and with long skirt.

The newlywed couple left on a trip to New Mexico after a reception in the church fellowship hall. Miss Norma Harmon, the bride's cousin, invited reception guests to register.

Mrs. Charley Pierson and Mrs. Billy Pierson served the wedding cake and punch from a table covered in pink centered with a rainbow flower arrangement and accented with purple napkins. The colonnade cake had its three tiers ornamented with rainbow daisies, cherub figures between the tiers and a cross on top.

For travel Mrs. Knott changed to an orchid dress with white trim, designed with high waistline and V-neck. She wore a corsage of rainbow-hued flowers.

After midweek the couple will be at home here. The bride attended Southwestern

Assemblies of God College last year. There she was in the honor society as she was in Hereford High School where she graduated in 1973. She was a member of Phi Theta Kappa in college.

The bridegroom, who has served four years in the U.S. Marines, has been senior counselor for Dallas Teen Challenge. He completed high school in Garland.

### Party Honors Mrs. Thoman

Mrs. Delmar Thoman was honored with a farewell party Friday afternoon in the home of Mrs. George Malouf, 219 Fir. The Thomans will move to Kansas soon.

A specially decorated cake designed with a Hereford Whiteface bull, Greek pastries and coffee were served from a glass top table which was

centered with a contemporary sculpture composed of an array of colored balls.

Hostesses, Mrs. Malouf and Mrs. Ken Glenn, presented the honoree with a going away gift.

Guests include Mmes. Joe Don Edelman, A.D. Hutton, Bob Noyes, Johnnie Price, Roy Shupp, Al Siminacher and Paul Taggart.

# Becky Hickman Is Bride Of Eric J. Boettcher

The marriage of Miss Rebecca Jean Hickman, daughter of Mr. and Mrs. John Robert Hickman of 814 Avenue K, and Eric James Boettcher, son of Mr. and Mrs. Donald Boettcher of Wellington, Kansas, took place Friday evening in the sanctuary of First Christian Church.

The Rev. Gene Brink, minister, read the ceremony at twilight. The candlelit altar was decorated with pedestals and arrangements of white gladioli and daisies with blue and green ribbons. White bows marked the bridal aisle.

Miss Cheryl Bennett of Vancouver, B.C., Canada, was the maid of honor, Mrs. Ray Leasure bridesmatron, Miss Gwen Girner of Little Rock and Miss Laura Pierce of Lubbock the bridesmaids. Michelle Hughes, daughter of Mr. and Mrs. Bob Hughes, was the flower girl.

Mike Boettcher of Boulder served his brother as best man, with Dwight Bushman of Bartlesville, Okla. and Ray Frank of Thornton, Colo. as groomsmen. Stefan Hacker, son of the Joe Hackers, carried the rings. Ushers were Donald Boettcher of Conway Springs, Kan., brother of the bridegroom, and Travis Bentley of Amarillo, the bride's brother-in-law.

The bride's sister, Miss Susie Hickman, was vocal soloist in a program of wedding music. Mrs. Joe Hacker was organist, Lance Martin played guitar and Miss Cindy Hairgrove the flute. Trumpet Voluntaire (Clarke) was the processional tune and songs included Nights In White Satin (Hayward), Come My Beloved, for the communion service, and Wedding Song.

Miss Hickman, whose father gave her in marriage, wore a full-skirted gown with natural waistline, fitted bodice, Edwardian collar finished with a pleated ruche, and sleeves with double puffs separated by a lace-edged band.

A brief circular train with lace applique at center back ended in a wide flounce of the sheer material. Lace motifs bordered her veil, which fell to wrist length from a petaled headpiece above her forehead. With her cascade of white carnations and daisy poms she carried her mother's Bible.

Feminine attendants were dressed in blue and green floral print. Miss Bennett's dress had an overskirt of sheer green and her picture hat was in the same color. Other bridesmaids had overskirts and hats of blue.

Their flowers were blue and green carnations and daisies in nosegays, and the flower girl carried petals in a white basket. Mothers of the couple, the bride's grandmother, and aunts wore corsages of white orchids.

Their parents received guests with the newly married couple

in the church fellowship hall after the wedding. Mrs. Travis Bentley invited them to register.

Miss Susie Hickman served the cake and Miss Vicki Mills laded punch at the bride's table, where airy white net was laid over satin, with a bouffant skirt extending to the floor. Miss Deborah McCandless cut the groom's cake and Miss Kay Hagar poured coffee. The groom's table had a blue undercloth covered with off-white eyelet.

The honeymoon trip will take the couple to the Texas Gulf coast. Mrs. Boettcher traveled in a floral printed jersey two-piece dress, accessorized in white. A corsage from her bridal bouquet was pinned at the shoulder.

After July 1 the couple will be at home in Tulsa.

The bride is a senior in Oral Roberts University in that city, a piano and band major, member of ORU pop band, jazz ensemble and wind ensemble. She has also played with the Tulsa Philharmonic. Her interest in music dates from high school and she was in the stage band as a student at Hereford High, from which she graduated. She attended West Texas State University before transferring to ORU.

Receiving his BS degree in physical education from the university this spring, Boettcher has been employed by Shell Oil Co. in Tulsa. He graduated from high school in Conway Springs, Ark., and studied at Wesleyan College in Bartlesville, Okla.

In addition to his family, out-of-city wedding guests included Mr. and Mrs. H.A. Tuck of Midland, Mrs. Guy Hancock of Coolidge, the Jay Lewis family of Houston; Mr.

and Mrs. Doyle Bunch II, Mr. and Mrs. Bob Flippin of Amarillo; Mrs. Mike Boettcher and Mrs. Ray Frank.

## Bride And Attendants Honored

A bridesmaids' brunch honoring Miss Becky Hickman and her wedding attendants preceding the marriage ceremony Friday evening, was an event of the morning in Dickie's Restaurant.

Hostesses were two of the bride's aunts, Mrs. Billie Hancock of Coolidge and Mrs. Jay Lewis of Houston, Mrs. Albert Cherry and Mrs. Lewis Lea.

In addition to the young women of the wedding party, guests were mothers of the bride and bridegroom, Mrs. Robert Hickman and Mrs. Don Boettcher of Wellington, Kan.; sisters of Miss Hickman, Mrs. Travis Bentley of Amarillo and Miss Susie Hickman; her grandmother, Mrs. John Hickman.

Also Meses. Leroy Williamson, Calvin Goodin, Dwaine Walker and, from other cities, Mrs. Marie Coom of Houston, Mrs. Mike Boettcher of Boulder, Colo., Mrs. Ray Frank of Thornton, Colo., Meses. Bob Flippin and Doyle Bunch II of Amarillo.

The table was centered with a bouquet of carnations in blue and green, wedding colors. Mrs. John Hickman presented her granddaughter a corsage of the flowers.

## Rainbows Making Convention Trip

A chartered bus left here Saturday night taking 17 members of the Hereford Rainbow Assembly with adult leaders to San Antonio, where they will attend the annual grand assembly, a state convention, the next three days.

The usual Rainbow meeting here Monday evening is canceled because of their absence. Michelle Moore of the Hereford group is to be a member of the grand choir which takes part on the program. Three days of meetings and sight-seeing will begin Monday.

The Rainbow Girls are to visit the Hemisfair grounds, Tower of Americas, San Jose Mission and Brackenridge Park, and have dinner in a riverside cafe with a boat ride afterward.

Grand Cross of Color awards are to be made to Melissa Johnson, Linda Collins and two adult leaders, Mrs. Al Sauter and Bill Phipps, in one of the programs. However, none of the honorees will be present to accept in person.

Members going from Hereford are Patricia Brownlow, Patty Johnson, Leta Nunley, Bobbie Yeager, Dalene Henson, Kathy Digby, Sue Roberts, Colette Hartley, Jan Bock, Barbara LeGate, Janet McWhorter, Renee King, Jo Lynn Williams, Lynn Mitts, Tammy Stringer, Syndy Moore and Michelle Moore.

They are accompanied by Mrs. Roger Ruland, mother advisor, Mr. and Mrs. Jack Nunley and son, Dennis.

Mrs. Eric J. Boettcher...nee Rebecca Hickman (Bradly photo)

## Bon Voyage Party Is Given For Couple

A bon voyage reception for lately-married Mr. and Mrs. David Watts was given Thursday evening before they left Friday for Frankfurt, Germany, to live until his term of U.S. Army service is completed. Mrs. Watts was Carleta Vinson before their marriage last weekend.

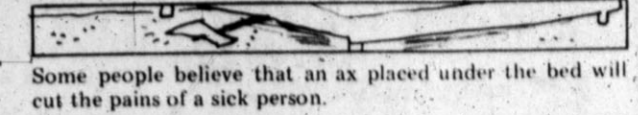

Parents of the couple, Mr. and Mrs. Edgar Vinson, Mr. and Mrs. Glenn Watts, were hosts for the party in the fellowship hall of First Baptist Church. Friends who were not in the

small number to attend the church parlor wedding, were invited to greet the newlyweds and wish them good luck on their trip. At the registry table were younger sisters, Pam Vinson and Melinda Watts.

Andi Askew, Cindy Crider, Gene Ann Shipley and Melinda Mathews served punch and cake from a table covered in

pale aqua satin with pleated skirt.

In the center was a cake decorated with maps of the United States and Europe, a dotted line marking the Watts' route from Hereford Via Dallas to New York and across the Atlantic, with a miniature silver plane poised halfway.

Some people believe that an axe placed under the bed will cut the pains of a sick person.

**PLANNED USE REPORT**  
**GENERAL REVENUE SHARING**

General Revenue Sharing provides federal funds to local and state governments. The law requires each government to publish a report of its plans for the use of these funds to inform its citizens and to encourage their participation in deciding how the money ought to be spent. Within the categories listed your government may change this spending plan.

"Not so well. The boss was studying how to cut expenses at the same time."

## Club Lunch Has Bridal Honoree

The recent marriage of their president, Mrs. Leona Seavey, to L.B. Fowler gave members of Ceramic Art Club an occasion for turning their spring luncheon into a party in her honor as she took office for a second term.

A gift from the club was presented to Mrs. Fowler at the Dutch treat lunch in Hereford Country Club Wednesday. Members were closing a year of club activity and will not meet again until September.

Officers were all re-elected

for another term. Mrs. W.S. Fluit is vice president, Mrs. Lloyd Kirkeby secretary, Mrs. J.W. Stengel treasurer, Mrs. Earl Brookhart historian and Mrs. W.C. Hromas parliamentarian.

Each was presented a corsage of daisies by Mrs. Fowler as she conducted the installation.

Mrs. C.E. Leasure Sr. was introduced as a guest by Mrs. Joe Boozer, Mrs. Bright Ham and Mrs. Charles Springer were also at the luncheon.

Couple To Wed

Miss Kathryn Moore and Wesley D. Carter plan to marry July 5 in Central Lutheran Church of Dallas. Miss Moore is the daughter of Mr. and Mrs. L.E. Moore of Olympia, Washington and Carter is the son of Mr. and Mrs. L.F. Carter of 209 Ave. K. The bride-elect is a hostess for Continental Airlines and her fiancé is general manager of Dallas Data Center for ADP Dealer Service Inc. He attended West Texas State University and Amarillo College after graduating from Hereford High School in 1968.

### Comings And Goings At Kings Manor

By FAY GAUGGEL

Mr. and Mrs. Wallace Fields of Shamrock were guests of his mother, Mrs. H.F. Fields.

J.C. Surret, Mmes. Ellen Lloyd, Louise Vaughan and Don Davidson were in Amarillo Monday on business and visiting Mrs. Lloyd's daughter, Zelia Bell Howell.

The Rev. and Mrs. Dewitt Seago, Mmes. Joyce Lyons, Don

Davidon, Martha Shirkey, and Evadne Cox; Mr. and Mrs. Joe Williams attended the Annual Conference of the United Methodist Church in Amarillo last week.

Mr. and Mrs. Giles Tate of Amarillo visited their aunt, Pearl Mapes, Wednesday afternoon.

It's generally true that the world's most honored individuals are those who appreciate the simple pleasures of life.

Most speakers would be more careful of what they say if they knew someone in the audience would question their statements.

## Former Resident Is Bride

Mr. and Mrs. Bob Steward, married Friday evening in University Place Church of Christ at Lewisville, will be at home at 301 South Shore Place in that city after a wedding trip to San Antonio. Before the wedding Mrs. Steward was Mrs. Lynda Combs of Lewisville, formerly of Hereford.

Miss Rhonda Combs and Stanley Steward, daughter and son of the wedding principals, were their attendants. Ralph Steward and Jim Summerlin served as ushers and Brenda Shellgrove, the bridegroom's daughter, registered guests. Music was by an cappella chorus directed by Jimmy Gaston.

Mrs. Jim Summerlin, sister of the bridegroom, and Mr. Summerlin were hosts for a garden reception at their home after the wedding, and music was by Alicia Summerlin. Members of the houseparty were Mrs. Benton Bolin of Willcox, Ariz., and Mrs. Bud Thomas of Hereford, sister and sister-in-law of the bride.

The bride's parents, Mr. and Mrs. W.W. Thomas, and the Bud Thomas family went from Hereford to be wedding guests. Others included Steward's parents, Mr. and Mrs. Joe Steward, and the Jerry Steward family, of Clarksville, and the Benton Bolin family.

### Leaders Conduct OES

New officers in Hereford Eastern Star Chapter, with Mrs. Robert Harris as worthy matron, served for the first time at this week's meeting in Masonic Hall, when final reports were made by immediate past officers, Mrs. Vernon Darden, worthy matron and Mrs. Jack Brown, treasurer.

Deward Roberson, not present for the recent installation, took office as associate patron with Mrs. Marvin Coffey as installing officer and Marie Cline as marshal.

Announcement was made of an ice cream supper which the Masonic Lodge will host June 21 honoring the Rev. H.L. Thurston, who will receive his 50-year pin.

Hostesses, Mmes. Jack Brown, Charlie Brown and A.H. Brown, served refreshments.

Simple things and simple people are often the great among us.

Mrs. Ricky L. Leatherman ...nee Martha Morgan

## Vows In Amarillo Church Spoken By Martha Morgan

Marriage vows of Miss Martha Anne Morgan and Ricky Lynn Leatherman were spoken in a midafternoon ceremony Saturday at Paramount Baptist Chapel in Amarillo. After a honeymoon in Colorado the couple will be at home in Apartment 222, 2801 W. 29th Amarillo.

Mrs. Leatherman is the daughter of Mr. and Mrs. Myron E. Morgan, 332 Douglas. Parents of the bridegroom are Mr. and Mrs. C.M. Leatherman of Floydada.

The Rev. C.N. Rue, pastor of the church, conducted the service in which the bride was

### Mrs. Annen At Ft. Hood

Wac private First class Rosie Annen, daughter of Mr. and Mrs. Ernest Luera, 2243 E. 23rd, Amarillo, is assigned to the 13th support brigade, Ft. Hood.

She is a key punch trainee in the 13th Data processing detachment of the Brigade.

Her husband, Donnie, lives at 434 Star St., Hereford.

given in marriage by her father. A central candelabrum was banked with greenery at the altar, with side baskets of white gladiolas and yellow daisies. White bows marked pews down the center aisle.

Only attendants to the couple were Miss Kathleen Morgan of San Antonio, her sister's maid of honor, and Cecil Oursbourn of Olton, best man. Tom Hingley of Dumas and Dave Acker of Canyon were the ushers.

The bride's sister and brother, Susan and Charles Morgan, lighted candles before the ceremony. The musical prelude was by Miss Peggy Holman, who sang One Hand One Heart and Wedding Prayer, and Mrs. Eunave Izzard, organist.

The bride's gown of white dotted Swiss was seamed in princess style below the square yoke with its row of buttons down center front. Ruffles finished the short puff sleeves and framed her face at the round neckline. Her mother designed and made the dress.

Her illusion veil was caught to her dark hair by a bow made of multiple loops of the fabric, centered with a cluster of rosebuds. All white miniature carnations, stephanotis and babybreath were in her bouquet and she wore as luck pieces a blue garter made by her maternal grandmother and on a chain around her neck, her baby ring.

Yellow batiste, flocked with tiny flowers and fashioned like the bride's dress was worn by her maid of honor. With it went a wide brimmed hat of yellow sheer, with a band of lace and flowers, and her bouquet was of yellow daisy poms.

Parents of the bride were hosts for the reception in the church parlor. Miss Linda Birge

of Amarillo served the three-tiered cake decorated with sugar bells and lattice work into which fresh flowers were worked.

Miss Caroline Spinhirne of Dallas and Miss Holman poured punch, assisted by Susan Morgan. Yellow poms and white daisies were arranged with triple candelabra on the table, which was covered with a white cloth draped around the sides.

Mr. and Mrs. Leatherman began a wedding trip to Colorado Springs with the bride wearing a long dress of red and white with flocking and lace trim. Her corsage was a cymbidium orchid. The couple plans to be at home by June 24.

The bride is an accountant with an Amarillo CPA firm and Leatherman is a loan officer with Security Federal Savings and Loan there. Both received bachelor of business administration degrees from West Texas State University in 1973.

Campus memberships of Miss Morgan included Alpha Chi national college honor society, Phi Gamma Nu business sorority and Accounting Club; she was listed in Who's Who in American Colleges and Universities. She was 1969 honor graduate of Hereford High School.

Leatherman, a member of Alpha Kappa Psi at WTSU, graduated from high school in Floydada.

Wedding guests from other cities included the bride's maternal grandparents, Mr. and Mrs. D.W. Askew of Dill brother and family, Mr. and Mrs. Royce Leatherman and Mrs. Royce Leatherman and Kelsey of Fort Worth; Mmes. D.I. Leatherman, Don Wright and Earl Wright of Mineral Wells, Mr. and Mrs. Darrell Simpson of Friona.

**WT To Give Class Here For Teachers**

West Texas State University and the PESO Education Service are offering college credit workshops for teachers in area cities this summer.

Previously, all workshops sponsored by WTSU and PESO have been held in Amarillo. A bilingual education class for Hereford area teachers is scheduled June 24-August 2.

The Hereford workshop is designed for teachers of first grade bilingual classes certified

by the school district. "We organize these workshops as they are needed," said Dean Jim Kidd of the WTSU College of Education. "It is part of our Teacher Center effort for the public schools."

Approximately 25 teachers are now enrolled in a career education workshop at Pampa, said Kidd, and a workshop on individualized instruction began last Monday (June 10) in Borger.

**The Promise**  
"My, how careful you are of your toys--you've picked up every one. I supposed your mother promised you

something for doing it."  
"No, she said I'd get something if I didn't."

**Boomerang!**  
"Did you give your wife that lecture on economy you talked about?"  
"Yes."  
"Any results?"  
"I've got to give up smoking."

**Anniversary Honorees**

The Rev. and Mrs. H.L. Thurston, celebrating their Golden Wedding anniversary this week, will greet friends at a reception from 2 to 5 p.m. today in the fellowship hall of First United Methodist Church, of which he was pastor from 1959 to 1966. Now retired, he and Mrs. Thurston reside at 429 Miles in the former church parsonage where they lived during his pastorate. Their children and grandchildren will be reception hosts and invite all friends of the couple to call. (Angel photo)

**CFG Swim Participants To Register**

Campfire Girls of all ages are reminded to register between 10:30 and 11:30 a.m. Monday at the municipal swimming pool, for the annual swim meet which will be held Saturday. They are asked to come ready to swim, as the first of a series of practice sessions is set immediately after registration.

Any registered Campfire Girl or Bluebird may have a part in the meet, even if she doesn't swim. Mrs. Charles Springer, chairman, announces that contests for non-swimmers will be included, and events will be divided for different age groups.

**Kappa Iota Entertains**

Husbands of members were among guests when Kappa Iota Chapter, Beta Sigma Phi, entertained informally Sunday afternoon in the yard of the Les Oesterreich home in Yucca Hills.

After games of badminton and volleyball, the group cooked hamburgers at the outdoor grill.

Guest couples for the summer party were Mr. and Mrs. Joe Frank Huckert, Mr. and Mrs. Tim Geam.

Mrs. Carlton R. Turville...nee Susan Webb, Adrian

**Miss Webb, Adrian, Weds Clarendon Man**

Miss Linda Susan Webb, daughter of Mr. and Mrs. G.D. Webb of Adrian, and Carlton Ray Turville of Clarendon were married Saturday evening in First Baptist Church at Adrian with the Rev. Cecil Works, pastor, officiating. The bridegroom is the son of Mrs. Floyd Scalf of Fresno, Calif., and the late Carl Turville.

The wedding party was backed by an arch of greenery, yellow spider mums and other flowers as vows were exchanged.

Given in marriage by her father, the bride wore a gown of nylon net over satin, the bodice overlaid with a heavy lace which also made the fitted long sleeves and standup collar.

Below the natural waistline the full skirt was draped to a bustle back and train.

A headpiece of white flowers caught the long nylon net veil. She carried white daisies and pompon mums.

Her sister, Miss Sherri Diane Webb, was her maid of honor and was dressed in flocked yellow sheer over satin, with ruffles at the low neckline and the bottom of the skirt. Yellow ribbon circled the empire waistline; sleeves were short puffs. A large yellow rose set back on her hair had streamers to which smaller roses were fastened.

Dale Mills of Clarendon was the best man. The bride's brother, Duane Webb, and Michael King of Amarillo served as ushers. Wedding music was by Mrs. Ted Boydston, organist.

The ceremony was followed by a reception in the church fellowship hall. Misses Sandra and Sharla Webb, sisters of the bride, served the tiered wedding cake and punch.

The newlyweds left on a trip to the Fort Worth-Dallas area and will be at home in Clarendon next weekend.

Mrs. Turville is a graduate of Clarendon Junior College and completed high school studies in Adrian. Employed by Mills Motors in Clarendon, Turville was graduated from Chillicothe High School.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics,

military courtesy, Military justice, first aid, and army history and traditions.

Missionary--Now, in Africa, there are miles and miles without a single school. Why pught we save our pennies?

Jackie--To pay our fare to Africa.

Savor Asparagus in Cream Soup

Bunches of fresh asparagus in the market are always a signal for rejoicing for all lovers of this very special vegetable. Serve it often while it is in season. Before cooking, wash in cold water to remove any sand that may be clinging to the stalks or hidden under the scales. Then cook just until tender, 10 to 15 minutes, preferably in a covered tall pot with about 2 inches of salted water. Dress it with Hollandaise or Cheese Sauce—or make Cream of Asparagus Soup. Making your soup from the fresh vegetable is very simple and it will have real gourmet flavor. Thicken it delicately with Argo corn starch and add just enough nutmeg for seasoning.

**Cream of Asparagus Soup**

- 2 tablespoons margarine
- 2 tablespoons corn starch
- 1 teaspoon salt
- 1/2 teaspoon pepper
- 2 cups milk
- 1/2 cup asparagus broth
- 1 1/2 cups cooked, chopped asparagus
- 1/2 teaspoon ground nutmeg

Melt margarine in 2-quart heavy saucepan. Add corn starch, salt and pepper and mix well. Remove from heat, gradually add milk and 1/2 cup of the broth left from cooking asparagus, mixing until smooth. Cook over medium heat, stirring constantly, until mixture thickens, comes to boil and boils 1 minute. Stir in asparagus and nutmeg. Makes about 1 quart.

The following events, selected by the Texas Tourist Development Agency, are but a few of the many excellent recreational opportunities offered by communities across the state. A more complete listing of Texas events may be obtained free of charge by writing TTDA, Box 12008, Austin 78711.

July 18-20 The 85th Swisher County Picnic & Rodeo, Tulia. There is a rodeo every evening followed by a dance. On Saturday at noon there is barbecue on the courthouse square (\$2 per person) and in the early afternoon a parade. For information write: Ricky Stark, Route S, Tulia 79088.

Mrs. Joe Coy Perrin ...former Pamela Gattis of Irving

**Miss Gattis, Joe Perrin Marry Saturday Evening**

After a wedding at Clarendon, where both were graduated this spring from Clarendon Junior College, Joe Coy Perrin and his pretty bride, the former Miss Pamela Ann Gattis of Irving, will be at home on the Perrin ranch northwest of Hereford.

The Rev. James Brandon, pastor, officiated for the marriage ceremony Saturday in First Baptist Church of Clarendon.

The bride is the daughter of Mr. and Mrs. Tommy Gattis of Irving. Perrin is the son of Mr. and Mrs. Jim Perrin who reside near Adrian.

An arch with greenery, scattered daisies and blue babybreath was placed between candelabra and baskets of assorted spring flowers at the altar. Pam Cathey and Liz Gattis, nieces of the bridegroom and bride, respectively, lighted candles before the ceremony.

Mrs. Jesse Adams, organist, played traditional marches and accompanied Miss Joetta Pippet as she sang The Lord's Prayer.

Crocheted lace trimmed the bride's miramist gown, edging the standup collar, a row of buttons down the bodice front, ruffles on long fitted sleeves and double flounces around the skirt hem.

Lace also bordered her illusion veil which flowed from a contour headpiece to form a chapel train. Spring flowers in her bouquet were accented with blue babybreath.

Miss Carol Jean Godfrey of Memphis was her maid of honor and other bridesmaids were her college classmates, Misses Pam Sanders, LaVerne Fetsch and Bunny Mallory. Her cousin, Sheri Landers, was flower girl.

They wore blue dotted Swiss frocks with spring flowers in their hair and in bouquets they carried.

Roger Wann was best man, Bobby Harwood, Chris Burns and Dude Speed groomsmen; all are of the Adrian community. Ushers were the bride's brother, Perry Gattis, and cousin, Mark Landers.

At the wedding reception, Miss Shauna Hardin of Clarendon and Miss Jackie

Pritchard of Shamrock served the wedding cake and punch. Three-tiered, the cake was iced in white with blue sugar roses. A basket of flowers centered the table.

For a short trip after the wedding, Mrs. Perrin changed to a beige dress in empire style.

The bride is a graduate of MacArthur High School at Irving and the bridegroom of Adrian High.

His parents were hosts for the rehearsal dinner Friday evening in Mrs. Bromley's Dining Room. Dinner was served at tables decorated with flowers similar to those used in the wedding.

**Craft Taught For Class**

Eggshell craft was demonstrated by Mrs. G.W. Duncan for members of Avenue Baptist Victory Class at a social meeting Thursday in Mrs. Herman Hendrix's home. Each member made a vase to practice the technique she learned.

This is the final class meeting before a summer recess. Mrs. Bill West presided for business, featuring plans for the annual September luncheon which will begin a new year. It is scheduled Sept. 12 with Mrs. Bill Wall as hostess.

Others present were Mmes. Jim Noyes, Don Davison, Carlyle Sargent, C.E. Coleman and Johnnie Townsend.

Registration may be completed before noon June 17, the first day of class, in Room 101 of the Fine Arts Building. Resident tuition is \$32.50.

India reported reviewing relations with Soviet.

# From The Brand Files

## 50 YEARS AGO

At 8:30 o'clock on Sunday morning, at the First Baptist Church, was solemnized the wedding which united the lives of two of Hereford's most popular young people, Miss Helen Douglas Wilson and Mr. Jonathan A. Pitman. There has been considerable discussion and comment about which way the new county hospital should face; according to the architect's plans the hospital should face the south so that the sun room will get the proper sunlight—that is, it will get less west sun than south sun.

## 35 YEARS AGO

Gaston Baer is soliciting some kind hearted person with too many cats for one of the surplus number. His only stipulations are that it must be a kitten and that it must be white. Between 30,000 and 50,000 Plains people were present at the dedication program of Buffalo Lake Sunday, with scores of Hereford people numbering in the crowd.

## 20 YEARS AGO

Wheat harvest is at least 75 per cent completed in Deaf Smith County elevator's men estimate Saturday, and the potato and onion crops are reaching the stage where these vegetables will soon be rolling out in a steady stream. The Herefordette's continued their winning ways Monday night when they stopped Lazbuddie 16-8.

## 10 YEARS AGO

Building in Hereford, although slightly down from the previous months, continued brisk during May, hitting the \$1,765,430 mark for the first five months of the year, records at City Hall revealed Wednesday. Hereford City Commission voted unanimously in a business-filled session Monday evening to accept the low bid submitted by Ace Pipe Cleaning Inc. of Kansas City, Mo. for the cleaning of sewerlines in the city.

## GRASSROOTS OPINION

"American housewives may occasionally get a little miffed at the prices they find in their friendly neighborhood supermarkets, but at least they don't have to waste much time on their rounds, as shoppers do in the communist countries. A Polish newspaper... (has) reported that a family in that country spends 6.5 hours a week standing in line for one thing or another. These were the average waits: To make a bank withdrawal, 45 minutes; to reach the fruit and vegetable counter, 15 minutes. The annual total for the country is 2.5 billion man-hours, enough to increase Poland's gross national product by 20 per cent. All that waiting would not be tolerated in America, where people are so impatient they honk at the car ahead of them the moment the traffic light turns green. With the exception of long waits at the gas pump, that is." FINDLAY, OHIO, REPUBLICAN COURIER

"You heard about the shoot-from-the-hip ecology nut who devised this bumper sticker for his VW: 'Eat a beaver, save a tree.' HEPPNER, ORE., GAZETTE-TIMES  
"In prosperous Japan labor unions and business management are partners, not antagonists. They consider themselves as a team and work together for mutual benefits. This is what we used to do here in America too... and we had better do so again in a hurry if we hope to get back into the world market and thereby put our jobless to work again. Selfish and unscrupulous union leaders can and will ruin our country if we don't soon wake up." COLLEGEVILLE, PA., INDEPENDENT

"When we level criticism, we hope that it is constructive, not destructive. Numerous dedicated people are working day and night to make our country and our way of life even greater than it now is. Such people deserve credit, recognition and encouragement. Let's give it to them!" ADAIR, IOWA, NES

"The days of crisis will not end... (because the Arabs have ended) their oil boycott, simply because our government will never end the controls over our oil, over our prices, over our oil drilling and refining, over ourselves; the controls that are really the cause of this crisis." ALTOONA, PA., MIRROR

"Along with this newspaper's campaign to rid our countryside of blight, the automobile ashtray dumper has to be rated a spot right next to the nocturnal roadside dumper as one of society's most unpopular people. There is nothing more disgusting than pulling into a parking spot and finding a mound of cigarette butts heaped on the roadway." GRAYSLAKE, ILL., TIMES

Pack up all my cares and woe, here I go...

## Main Street, U.S.A.

# London Trip Eats Vacation Funds

BY BERT MILLS

Americans are not flocking to Britain this vacation season as in past years, for a variety of reasons, but London is still a great place to visit for those who can afford it.

Affording a British trip is more of a problem than it used to be. Inflation is even worse in England than in the U.S. and last year a Value Added Tax was imposed to increase the cost of everything another 10 per cent.

This reporter last visited London in 1972 and stayed at the same modest hotel this time. The room that cost 7.5 pounds per night two years ago is now 11 pounds. The exchange rate now is about \$2.45 per pound so the room costs about \$27. A Continental breakfast of juice, rolls and coffee is included.

Cab fares have just gone up and meters have not been adjusted, perhaps in anticipation of a further increase soon. A complicated chart in each taxi tells the rider how much to add to what the meter says. A taxi ride from Victoria Station to Heathrow Airport, outside of rush hours, costs about \$10.

British postal rates rise again this month, when the cost of mailing a first class letter within this small island will exceed 11 cents. Mail service had deteriorated due to a shortage of workers and one business section has been warned of a 10-day delay in deliveries.

ONE WAY it is still possible to economize on a European trip is to take a charter flight arranged by a travel agency. This takes advance planning, early payment, and a bit of luck because many protected flights are canceled when strict rules of the U.S. government cannot be met.

However important saving can be achieved. My round trip ticket from Washington to London cost only \$214, or less

than half the regular commercial fare. That price covered only the plane trip, airport to airport with no ground arrangements, hotel, theatre tickets, or other extras.

Theatre prices are up but a seat in the stalls (orchestra) for a new play in the West End can be had for just over \$6, well below the charge on Broadway in New York. Advance reservations are not necessary for most shows, for there are few sellouts.

Lunch at a neighborhood pub is another way to economize. A meal for two at an ancient but off-the-beaten-path public house in the Southwark section across the Thames River cost just over one pound, including two steins of lager apiece, a huge sausage, and savory pie.

Pubs at lunchtime are crowded and Americans who require elbow room and a linen table cloth should go elsewhere. But there is no substitute for observing the British working class at close range—women as well as men.

UNLIKE MANY other places in the world, the British like their American visitors. This shows up in lots of little ways. The conductor on a bus, asked to advise when a transfer point is reached, explained he would be relieved before that stop but he would give the word to his successor. He did and the new man made sure we got off.

A stranger encountered on the tee at a public golf course no sooner shook hands than he offered a ride back to the visitor's hotel. In addition, he took the scenic route, and paid a toll he could have avoided, in order to show off a part of London few tourists ever see.

Even after one has seen Westminster Abbey, Parliament, Buckingham Palace, the Tower of London, and the many other tourist attractions, there are lots of good reasons for returning to London, the favorite foreign city of many Americans.

# Purpose of Patents

Patents are supposed to encourage invention by guaranteeing to the inventor the exclusive right to profit from his idea for a certain period of time—17 years in the U.S. That's the theory, but nobody seems very happy with the practice right now.

Inventors say the process of getting a patent is too time consuming and too expensive. And, they say, once you do get one you discover that all it is is a license to defend yourself in court.

On the other hand, the Justice Department and many courts seem to feel that a patent confers too many "monopoly" rights on the holder and should be regarded as less exclusive than it has traditionally been considered.

Naturally, both sides defend their positions as being "in the best interests of the public."

At various times, the Justice Department has advanced two arguments on the subject. One, the more extreme, is that patents are not really much of an incentive to produce new inventions. The other is that while an inventor may deserve exclusive rights to his invention, he should not have the right to

extend these exclusive rights to whomever he licenses to use or produce it. In other words, license one, license all, for the same price.

In the absence of tight patent laws, the smart corporation would simply wait for someone else to go to the trouble and expense of inventing something, then copy it. This situation might promote competition initially, but where would the new products and processes be developed when everyone caught on to the game? And how would struggling young businesses with new products or services to offer survive in competition with the established giants?

Another probable corporate reaction—where practical—would be to keep valuable ideas as secret as possible. Some already follow such a policy, because they have lost faith in the protection supposed to be offered by a patent.

Trouble is, this kind of secrecy inhibits the spread of new technology. A patent is a matter of public record. Even though an invention is protected, the details of it may give ideas to others for further improvements or entirely new inventions.

## Views From U.S. Chamber

# Pension Plan Is Social Dynamite

BY ARCH BOOTH

The pay and pension benefits of about 50 million Americans are now pegged to the Consumer Price Index (CPI). In other words, when prices go up there is automatically a corresponding increase in income for these people.

Quite understandably, many other Americans who do not now benefit from this inflation shield would like to avail themselves of it. And many will succeed. Especially those close-knit groups with a great deal of coercive power over the market, such as labor unions. So far this all sounds innocent enough, but it is really social dynamite.

Suppose inflation continues at something like the present rate.

And suppose that more and more categories of income recipients are "protected" through paychecks tied to the CPI.

Those who believe themselves protected would have less incentive to demand government action to halt inflation. Inflation would probably increase, striking still harder at the people who remained unprotected. In that event, we would soon reach a situation where large groups of unprotected Americans were being reduced from prosperity to poverty and from poverty to starvation or welfare.

It is a vision of rapid and arbitrary income redistribution. Not the "have nots" taking from the "haves," but rather some groups, gaining and others losing at all points on the income scale.

LONG BEFORE things reached such an extreme, however, pressure from the losers would force the government to do something. But what? The winners—the people with some measure of protection—probably wouldn't sit still for drastic measures to halt inflation.

The easy way out for a politician in such a fix would be to extend automatic inflation compensation to all wages and salaries.

Of course, businesses would have to raise prices enough to cover the higher payroll costs. And the higher prices would trigger another round of raises. And the raises higher prices, etc.

Obviously, avoiding this vicious circle would require rigid wage-price controls. We tried that, didn't we? And they didn't work, either.

The idea of tying practically everything to the CPI—called "indexing" or "indexation"—is credited to Brazil, where such a system is actually in use. It is attracting attention around the world from governments looking desperately for some way to beat inflation other than living within their means.

WHETHER OR NOT it works even in Brazil is a subject of hot controversy among economists. But in either case, the point remains that Brazil is a military dictatorship which is able to make some things work (or appear to work) by brute force in a manner that Americans would not accept.

Another interesting evaluation of the Brazilian experience is that it has had the net effect of shifting income away from the wage earner and toward the owner of capital. Now, a strong argument can be made for such a policy here in the U.S., since we appear to be living off of our capital at the moment. However, I would not expect this argument to be very popular with our economic liberals!

The hard truth is that economists know only one sure cure for inflation: Move toward a balanced federal budget by restraining all possible federal spending and continue to restrict the growth of the money supply—measures which may risk an economic slowdown. But right now, we are a nation of people casting about for some reason to avoid going to the doctor.

The Germans tried a crude form of indexation to cope with their ruinous inflation of the early 1920's. Things came to the point there where workers were being paid several times a day so their wives, waiting at the factory gates, could take the money and make purchases with it before it became worthless.

In 1920, the German price index was 14 times higher than it had been in 1914. In late 1922, it was 1,500 times higher. And in late 1923—just before the final collapse—German prices were more than one trillion times the 1914 average.

Once, not so long ago, I would have said it can't happen here. Now—if we don't stop trying to find ways to "live with" inflation—I'm not so sure.

## Father's Day

American fathers make more money than those of most nations and give their families a higher living standard. But in spite of such plenty, American families are not much of an example to the world as to permanence, child behavior, juvenile behavior.

On the contrary, American children are pushing the juvenile crime rate to record highs, the nation's divorce rate is constantly increasing and the breakdown in the rate of stability and endurance of the American family seems to parallel the

breakdown of paternal authority in the home.

One of the major reasons for this turn of events is the "dunce" role so often played by the American father these days. Whether the average American father is brainwashed by television programs constantly stressing female dominance (selling women the products being advertised) or whether he has simply abdicated his role as the rock of stability, security and authority in the home, is a question. Psychiatrists tell us wives

want a husband they can respect, look to for guidance and the maintaining of discipline in the home. Too many of them aren't getting much of it from American fathers and husbands.

As wives and children remember them Sunday on Father's Day, this is something they should be thinking about.

## Logical?

Teacher—If I have 25 apples in a ring and I take one away, what do I have?

Johnny—A ring with an apple missing.

Editor's note: The Bootleg Philosopher on his Deaf Smith grass farm on Bootleg Corner is having a hard time understanding the stock market, his letter this week indicates.

Dear editor:

While it has always seemed to me they were taking up time that could have been used for something more interesting, the television network newscasters every evening always give a report on the day's stock market, how many shares were exchanged and how many points the average share rose or fell. To me this is about as interesting as a nationwide weather report on what the average temperature was for all 50 states at 2 o'clock in the afternoon.

However the other day something new crept in. Walter Cronkite reported that when a major bank in New York reduced its prime interest rate from 11.75 per cent to 11.60 per cent the stock market gained 19 points.

WHAT THIS proves is that nobody listens to the networks' stock market report, because if they did somebody would figure out that if a drop in the interest rate of fifteen-

one-hundredths of a cent can send the stock market up 19 points, think what dropping the interest rate a nickel would do.

If everybody in the country bought some stock a day before the interest rate came down, everybody would wind up rich, could pay off his bills and go back in debt at a much lower interest rate.

BUT TIMES are too out of joint for something as simple as this. Why I read just the other day that a candidate had been indicted before an election. I never heard of that before. I thought you always waited till a man was in office and then indicted him. Then if he pleads guilty you give him a probated sentence so he can be free to write a book.

Say, I hope President Nixon is taking some experts along with him when he visits Russia so they can study capitalism. I understand the Russians, during the oil boycott which they secretly promoted, sold their oil right and left at double the usual price and made enough profit to pay for the wheat they bought from us a year earlier at about half price with money they borrowed from us.

Yours faithfully,  
J.A.

## 4-H'ers To Leave For Washington

Seven 4-H members from Deaf Smith County will leave June 25 for Washington, D.C. to participate in a six-day National 4-H Citizenship Short Course.

The delegation from this county includes Ricky Coleman, Britt Hicks, Terry Barrier, Stan McCabe, Sam Finley, Sandra Stallings and Kandy Newman. The program, said Joyce Shipp, county home demonstration agent, is designed to supplement the citizenship education and leadership development training young people received through the home, school, church and other organizations.

Stranger in town: Did you see a pedestrian go by here a while ago?

Villager: No, sir. I've been here an hour, and there hasn't been a thing go by except one man, and he was walking.

The group will be among 125 Texas youths and their leaders with 45 4-H members being chosen from the High Plains area. 4-H members entering their junior or senior year in high school are eligible.

Besides visiting various operational centers of government and memorial centers, 4-H'ers will visit with their local congressman.

Accompanying the group will be five 4-H leaders and two county extension agents. In all, the trip will cover eight days travel to and from the nation's capitol by charter bus.

The shortcourses are conducted at the National 4-H Foundation in Washington. Topics relating to the individual's concept and responsibilities of citizenship are covered in assemblies and opportunity sessions at the center.

### Wedding Scheduled

Miss Rose Mary Fangman and Gerald Warren Ripley announce plans to marry early in July at St. Mary's Catholic Church of Amarillo. The bride-elect is the daughter of the late Mr. and Mrs. S.A. Fangman of Hereford and Ripley is the son of Mr. and Mrs. Warren Ripley of Hollistin, Mass. Both are employed in Amarillo and will make their home in that city. Miss Fangman is a 1969 graduate of Hereford High School.

### Square Dancers Meet Wednesday

Merry Mixers Square Dance Club will meet at 8:30 p.m. Wednesday in Community Center, inviting all square dancers in the community to join members for dancing.

New officers were elected at the first June Meeting, to begin terms in July. The club elects couples to serve in its offices: Mr. and Mrs. Henry Kuper will

be president succeeding Mr. and Mrs. Archie Dwyer.

Also elected were Mr. and Mrs. W.L. Polk, vice president; Mr. and Mrs. Sam Mazurek, secretary-reporter; Mr. and Mrs. Allen Evers, treasurer; Mr. and Mrs. Jack Ambold, social chairman. Mrs. Evers was recently appointed sunshine chairman.

## Thomas-Roberts Vows Exchanged

A wedding in First Baptist Church at Kress was solemnized Saturday evening for Miss Kathy June Thomas of Goldthwaite and Larry Alan Roberts of Canyon, son of Mr. and Mrs. Jerry Roberts, Route 4. Both have been students in West Texas State University at Canyon.

The bride is the daughter of Mr. and Mrs. Varnell Thomas of Goldthwaite. Her father gave her in marriage as the Rev. Derrel D. Lewis, pastor of Calvary Baptist Church at Canyon, conducted the wedding. An arched candelabrum between spiral candelabra twined with greenery decorated the church.

Bridal attendants were Miss Shelia Thomas, sister of the bride and maid of honor, Mrs. David Geeslin of Stephenville and Mrs. Jackie Futch of Amarillo. Barry Roberts was his brother's best man, Joe Flood and Phil Waldrop of Stratford groomsmen. Steve Brown of Lubbock and Willis Dean Duggan ushered.

The bride's gown was of white organza over peau de soie, trimmed with wide ruffles of lace. A caplet of jeweled Venice lace petals held her tiered veil.

Her bouquet of yellow sweetheart roses, daisies and gypsophylla was carried on a bride's Bible and luck pieces in

her costume included a sixpense given her by the bridegroom's grandfather, John Roberts of Lubbock.

The bridesmaids' dresses were in empire style, of yellow knit with lace trim. Their white picture hats had yellow ribbon streamers and they carried straw baskets of summer flowers.

A reception was held in the church fellowship hall after the ceremony. Misses Mandy Hart, Susan Allen and Rebecca Morton presided at the table. Multi-colored flowers twined white candelabra in the centerpiece and the cake was in country garden design, topped with a sugar bouquet of wildflowers.

The couple left on a trip to Colorado and New Mexico mountains, and after June 20 will be at home at Towers Apartment 28, Canyon.

The bride is a junior at WTSU, majoring in business education, and a member of Alpha Chi and Pi Omega Pi. She graduated from Kress High School and Roberts from Hereford High in 1972. His college major is agri-business and he is employed by Richardson Farm Supply of Canyon.

His parents were hosts Friday evening for the wedding rehearsal dinner at a Kress restaurant.

Mrs. Larry A. Roberts ...nee Kathy Thomas

### Bizarre Invites Local Entries

A "Flea-Market" has been set for Saturday, July 13, by the Ladies' Division of the Levelland Chamber of Commerce.

Mrs. Geneva Parkinson, Marigolds Vice-President and Project Director said, "We scheduled the event to coincide with the 13th Annual Hockley County Early Settlers Reunion. The Flea Market location will be on the First National Bank parking lot at Avenue J and Houston Street.

Mrs. Parkinson added that the Flea Market will be limited to approximately 16-spaces for display, and will be available on a "first-come, first-served" basis. "A fee of \$10 per space will be charged to defray expenses," Mrs. Parkinson said, "and checks should be made out to the Marigolds."

Advance Reservations are being accepted now, with reservations being sent to the Levelland Chamber of Commerce, Drawer CC. No refunds on deposits will be returned after 5 p.m. Wednesday, July 10.

The president of the woman's organization, Mrs. Marjean Wilhite, said that "the Flea Market will officially begin at 10 a.m. on July 13, with display set-up time from 8 to 10 a.m."

Mrs. Wilhite also explained that the Flea Market is open to all commercial enterprises and that "special emphasis is being urged on all Arts, Crafts and Antique stands."

"As well as individuals and businesses," Mrs. Wilhite added, "clubs and organizations are being en-

couraged to participate." Mrs. Parkinson also said, "Each person or group entering the Flea Market will be responsible for setting-up, displaying and selling their items."

Information concerning other details of the Flea-Market is available from Mrs. Parkinson at 894-5267, or Mrs. Wilhite at 894-4091, in Levelland.

## Small Talk

By SUE COLEMAN  
Women's Editor

**BOTH** lawyers, the sons of the Lisle Woodfords were visitors last weekend in the Woodford home at 118 Ave. B. Tom was accompanied by his wife and children, Karen, Ann and Jean. Their home is in Denver.

Bill, a member of Baker-Botts law firm in New York City, came in by plane June 7 and left Monday via Houston to continue work on a case.

**IF YOU** phone the Red Cross office and hear a voice that gives you a nostalgic feeling, you're right. It is Corinne Neely, who was "Mrs. Red Cross" in this county for a good many years and is substituting as executive secretary while Genevieve Miller is on vacation.

Mrs. Miller went to Columbus, Ohio last week to visit her daughter, Audni and husband Paul Beach. Earlier she visited a son, Jon David, and his family at Austin and went with them to the Gulf coast for a whiff of salt air.

**YARD** work now is sort of a fight against wind and drought, typified in a block on East Sixth one day last week when Bertha Hood was in her front yard picking up branches blown off her trees, and her neighbor Bessie Lee Wood was holding the hose to run a stream of water on the petunia bed.

**TWO** Hereford men are listed by Rice University on its roll of graduates this spring. Commencement was held last month, Stephen Dziuk, son of Mr. and Mrs. Edward A. Dziuk Jr., Rt. 4, graduated cum laude,

receiving a BA degree. Marvin Lee Readhimer, 213 Aspen, was awarded a BS degree in chemical engineering.

**HONOR** lists keep coming in from various colleges with names of Hereford students. Marsh McCormick Pitman is on the honor roll of the University of Oklahoma, Cissie Reinauer at Oklahoma State University with a Straight A average that puts her on the President's honor list, and Rodney Coleman on the dean's list at Sam Houston State University.

Also, a former resident, James Joseph McAndrews, son of the James A. McAndrews, earned a place on the dean's list at Coe College in Cedar Rapids, Iowa.

### Club Ends Sale Of Fireworks

The Whiteface Kiwanis Club voted Friday to place their fireworks stands on sale, ending a long-time fund raising project for the club. Government restrictions on the sale and use of fireworks in recent years have lessened their popularity and the profit from sales.

Cecil Boyer, club president, reported to the club that the 8x12 buildings could make excellent storage sheds. All sheds will be sold in "as is, where is" condition. Proceeds from the sale will go into the club's fund for community projects.

# HARD FACTS ON SMALL CARS! (AND SMALLER)

If gas economy is one of the reasons you're looking at small cars, check DODGE!

**DODGE DART SPORT V8**

**GOT 21.7\* MPG.**

Our Dart V8 got slightly better mileage than a Nova 6-cylinder!

**OUR 4-CYLINDER DODGE COLT**

**GOT 33.7\* MPG.**

USAC results show that Dodge Colt got substantially better mileage than Ford Mustang II and Chevrolet Vega 4-cylinder cars!

**OUR DART SPORT V8 GOT SLIGHTLY BETTER GAS MILEAGE THAN CHEVROLET NOVA SIX.**

\*In USAC's 972-mile highway run (Phoenix to L.A. round trip) averaging 53 mph, a Dodge Dart V8 got slightly better gas mileage than a Chevy Nova 6-cylinder. In smaller cars, a Dodge Colt 4-cylinder (1600 cc) got substantially better gas mileage than either a Ford Mustang II or Chevrolet Vega (both with 4-cylinder engines). All cars were equipped with standard manual transmissions, were acquired by USAC through normal retail channels, and were driven by nonprofessional drivers.

## Outlet Store To Open Here

Ashley's Outlet Store will open their newest branch in Hereford on Thursday, Frank L. Prins, president announced.

The new facility, which is located in Sugarland Mall, will hold Grand Opening festivities this week. Fred Rodriguez is manager of the new store, Prins said.

According to Rodriguez, special sales and gifts will be part of the Grand opening activities.

The Ashley Store is an outlet for some of the nation's largest manufacturers of famous brand fashions. When irregularities occur, the factory ships the merchandise to Ashley's, where they are sold at reduced prices.

U.S. panel urges study of acupuncture.

London is experiencing a wine boom.

### August Wedding Planned

An August wedding is planned by Miss Glenda Dodson, daughter of Mr. and Mrs. R.L. Dodson of 406 McKinley, and Alan Olson, son of Mr. and Mrs. Lloyd Olson of 122 N. Texas. The couple, both 1974 Hereford High School graduates, will marry in First Baptist Church. Miss Dodson is employed by Gibson's Discount Center and Olson is serving in the United States Army, stationed in San Diego, Calif.

## RECIPE

By Sarah Anne Sheridan

No one food is more versatile than the potato. The small, fresh potato is now appearing at the vegetable markets.

### Potatoes with Sour Cream

- 15 new potatoes
- 1 egg
- 1/4 c wine vinegar
- 1 t dry mustard
- 1 T sugar
- 1/2 t salt
- 1 T flour
- 1/4 t pepper
- 1/2 c water
- 1 c sour cream

Cook potatoes until tender. While potatoes are cooking, make the following sauce: Beat the egg in top of double boiler, add vinegar slowly, beating hard. Mix sugar, mustard, flour, pepper, salt, and water. Add to egg and vinegar mixture. Cook over boiling water until sauce thickens, remove from heat and stir in the sour cream. Pour hot sauce over hot, peeled potatoes. Sprinkle with paprika.

### Parsley Buttered Balls

- Small new potatoes
- Butter
- Parsley, chopped

Cook and peel potatoes while hot. Melt butter and pour over potatoes, turning them until well coated. Sprinkle with chopped parsley and serve at once.

### Engaged

Miss Stephanie Fortenberry and Roger Sanders will marry August 16 in Assembly of God Church, her parents announce. Miss Fortenberry, the daughter of Mr. and Mrs. Eldon Fortenberry of 520 Star, is a 1974 Hereford High School graduate. The prospective bridegroom is the son of Mr. and Mrs. C.W. Sanders of Route 5. He is engaged in farming near Summerfield and graduated from HHS in 1973.

## Manley Attends Teacher Program

A Vocational-industrial teacher from Hereford is among the 210 participating in special teacher certification courses at Southwest Texas State University this summer. The program opened June 3 and will run through July 9.

The local teacher participating in the program is Rex Manley of Lynette Apts. #33. He has taught building trades at Hereford High School for 12 years.

Southwest Texas is the fourth university in Texas to offer the vocational-industrial certification courses, required by the Texas Education Agency.

Upon meeting one of the initial entry requirements, a prospective Texas vocational teacher may enter the field with

an emergency teaching certificate good for one year. At the end of the year, he must attend classes during summer school at one of the four approved colleges and complete three certification courses, after which he may be issued another emergency certificate. The following summer, he will take three more courses. After teaching two years and having completed all six of the special courses and a three-hour government course, he is granted a provisional certificate by the agency.

This summer, 13 visiting instructors and two, SWTSU instructors are teaching eight sections each of the three required courses.

### To Be Married

A home wedding Saturday is planned by Miss Bobbi Jean Snelson, daughter of Mr. and Mrs. Jim Clarich, and Larry D. Ambold, son of Mr. and Mrs. John Ambold. The simple ceremony is to take place in the Clarich home. The engaged couple are both senior students in Hereford High School.

**Cultural Club's Year Is Closed**

Luncheon in Pioneer Gas Flame Room Friday ended a year for Cultural Extension Club. After taking part in a county-wide installation of club officers Monday, members will have a vacation before meeting again in September.

Present for the lunch and hour of informal talk were Mmes. P.M. Houser, J.D. Love, Grady Parsons, J.C. Price, Ira Scott, John Hunter, Arthur Dettmann and Novella Stalling.

**FOR THAT SUMMER PROJECT**  
**WHAT DO YOU DO NOW?**

IF IT'S SATINTONE LATEX WALL PAINT, YOU WASH IT CLEAN. SatinTone is not only beautiful, and easy to use, but it is really scrubbable — and you'll be amazed at some of the tough marks and stains that wash right off.

you'll like the difference!
