## OUR NEXT CONGRESSMAN

Fort Worth Paper Says John H. Stephens Will Have An Opponent.

Will Judge D. A. Patterson, now district judge of the Decatur district, be a candidate for congress against John H. Stephens, the present incumbent, next year? A rumor to this effect is now being circulated with great energy. Judge Patterson, as far as can be learned, has made no declaration of his intentions. Citizens of Parker county say that he is partially on record as being willing to retire from the bench at the end of this term, and if such is the case, it is believed that his friends may induce him to seek a broader field for his talents.

Those who are acquainted with the lays of the political land of the Jumbo district, say that if there is any man in the district who can defeat Congressman Stephens, it is Judge Patterson. It is known that the enemies of Stephens have been carefully canvassing the situation for several weeks with a view of settling on some man to enter against him, and it is believed that they have finally hit upon Judge Patterson. It is alleged that Patterson can easily swing the Southern end of the district, where the votes are counted the heaviest; that he can more than break even in the far western edge and that he can make a rattling fine fight along the entire length of the Fort Worth & Denver road.

Whether or not Judge Patterson will consent to make the race is not known, but it is now a fact that unless all signs of the day are for naught that Mr. Stephens will have to shell the plains and beat the tall grasses next year to overcome an opposition that is now being formed against him.—Fort Worth Star.

## Cattle Sales

Mr. Chas. Brooks is delivering this week, eleven hundred 2-year-old steers to Mr. Rowe of McLean, at \$25 per head.

Jackson Bros. sold to J. P. Fleming of Canyon City, 48 2-year-old steers at \$24.50, also 16 cows to Steve Ballard at \$20.—Silverton Enterprise.

**If Your Eyes Trouble You,** call on C. N. Bushnell, the graduate optician, at Dr. Stocking's drug store, Clarendon, Texas. Eyes tested free. Glasses scientifically fitted when needed. Satisfaction guaranteed.

## When the Lion and the Lamb Went Together

Both the Clarendon Banner-Stockman and the Childress Index have been enlarged to six-column quartos, to our view of thinking the prettiest size for a country paper. Both are newsy and readable, and run by men who understand their business.—Quanah T-C.

## Bailey Matter Up Again

It was through his influence Mr. Connally secured the agency for that wonderful W. P. O. oil heater. Just the thing to drive away the damp these mornings.

## At the Christian Church

Elder J. M. Morton of Wichita Falls, will preach at the Christian church at both hours Sunday. All members are requested to come. The public generally is invited.

## To Let

A good five-room house with well windmill and garden. 3 1/2 miles northwest of Clarendon on public road, one mile from school. Apply to L. F. Beckner, 3 1/2 miles N. W. of Clarendon. tf

## FOR A NATIONAL PARK

Movement Now on Foot to Have One Established in the Paloduro Canyon of the Panhandle.

A bill was introduced in congress last year by John H. Stephens, providing for the purchase by the government of a portion of the Paloduro canyon below Canyon City, embracing portions of Randall, Armstrong, Briscoe and Donley counties, and the establishing of a National Park thereon. An attempt is now being made, led by Canyon City people, to have the matter brought to a successful conclusion, and the Canyon City Commercial Club has sent out the following resolutions:

Whereas, we believe the time has arrived when the people of this middle Panhandle country should diligently urge the necessary Federal legislation to establish a National Park and Game Preserve on the Paloduro canyon in Randall, Armstrong, Briscoe and Donley counties (suggesting the dimensions of such park to be not less than an average of 15x40 miles) therefore be it

Resolved, 1st. That this Club

hereby calls and invites a delegated meeting of the surrounding cities, towns and country to assemble at Canyon City on Tuesday, the 12th day of November, 1907, to consider and adopt ways and means to forward the adoption and improvement of such a Park by the National Government at the approaching session of the Congress.

2nd. That the Daily Panhandle, Hereford Brand, Plainview News and the Herald, Silverton Enterprise, Tutia Standard, Claude News and the Banner-Stockman and the Chronicle at Clarendon and all other papers friendly to such enterprise be requested to publish this call.

3rd. That a committee of three be appointed to act with and aid the secretary in making all necessary arrangements and mailing further specific invitations for the meeting at Canyon City on Tuesday, Nov. 12, 1907.

We believe all the people adjacent to the section under discussion will be in favor of the bill being passed, and the Banner-Stockman trusts that the meeting called in the above resolutions will be well attended and that something may be done which will aid in the establishment of the park.

## COLLEGE MATTER CLOSED

Final Donations Received to the \$50,000 Local Fund and Building to Be Begun Soon.

A mass meeting was called together last Friday and the finishing touches were added to the closing up of the \$50,000 fund necessary to be subscribed locally. The meeting was a representative one, and it was noticeable that the men who have already done the most for the college were all there and when it became necessary they put their shoulders to the wheel and dug up the balance of the money necessary.

Clarendon is being congratulated on having such men. This proposition might have fallen through if an equal sharing of the burden had been demanded by these men. Some of our good people present pledged themselves for big sums of money which they should have never been allowed to do, but having the best interests of the community at heart and seeing the nec-

cessity they did not let the opportunity pass. All honor to them!

The outside \$50,000 will be easy, says Financial Agent Wilson. He says it will come in fast now, many large gifts having been held back until the local people made their proposition good. Work will begin just as soon as men and material can be secured. A car of cement has been ordered, brick and lumber estimates are being made, and a building superintendent is being sought. It will only be a short time until the foundations will be under way for the full \$100,000 improvements.

Clarendon is to be congratulated on the Greater College. The College is to be congratulated on being located in such a town. The building committee having the matter in charge is composed of the following men: H. W. Taylor, F. D. Martin, J. W. Morrison, J. B. Pope and A. M. Smith.

—Are you going hunting Nov. 1st? Do you want a good shell? Connally sells them. If you don't think so you can get your money back and don't have to return the shells.

This has been a busy week for everybody in school, as final preparations are being made for the first quarter exams which begin Monday. Before the next installment of College Notes is forthcoming, each one will have a chance to tell what he knows, and the work of the quarter will be as a tale that is told.

President Slover returned from Childress Monday where he went to talk to the people about Clarendon College, and preach Sunday. He found the people there interested in our school, and with the people of Clarendon and the whole Panhandle country, expect this to be still second to no institution of the kind in the state or in the south. President Slover says from present prospects the second term of school will be the fullest in the history of the school. A great many are writing already that they will enter then.

Everybody has been wearing a big smile this week since the subscription for the \$50,000 for the new building has been completed. Now that an order has already been made for material, work on the building will begin soon.

Hon. Hundley Cocke, an alumnus of the college and a successful lawyer of Wellington, was a pleasant visitor at school last Friday. Mr. Cocke made a fine record while in school here. He was a member of the Panhandle society and met with the society while here, giving them some words of good cheer. No school has more loyal students who have gone out from its halls than Clarendon College.

Misses Rush and Allie of Hale Center, two former students of C. C. stopped off Saturday on their way to the Dallas Fair, and spent a day with Miss Rush's sister Carrie May, and Edna Harrington.

Bounds Howe is at Dallas this

week taking in the Fair. Geo. Palmer and Jinks Lemond go down Friday night.

Edward Reno, the great Magician, will be at the opera house Tuesday night, Nov. 5th. This is the first attraction of the Athletic Association's Lyceum Course and is the greatest thing of its kind that has ever been in Clarendon.

Miss Stella Tugwell has been spending this week at her home in Dallas and incidentally looking in on the Fair.

The Banner-Stockman contained a rather crisp news item last week to the effect that Messrs. M. R. Frampton, division agent, and Harry Brumley, foreman B. & B. department on the Denver Road, had been "let out." The item should have stated that the removal of these gentlemen was the result of the Denver's semi-annual fit of economy, and that they were only two of many who were let out at this time. The decrease in working force on this road has even invaded the ranks of the section crews, and every crew on the north end has been decreased. Between here and Texline there is less than one section hand to the mile--105 men to 175 miles of road-bed.

### Another Wreck.

No. 19, through freight, was wrecked two miles east of Lelia Lake station Tuesday afternoon, ten cars going into the ditch. One brakeman was slightly injured. The wrecker came up from Childress and had the road clear by 3:00 a. m.

### How to Cure a Cold

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists.

—For skirts, suits or coats made to measure Clarendon ladies should give their orders to Mrs. E. H. Decker. She represents Chas. H. Stevens Co. She will appreciate your patronage. See her at her home, the McMahan house on West First street.

A nice rain fell yesterday morning.

## Clarendon's Opportunity

The Athletic Association is offering the people of Clarendon the same opportunity during the season as they would have in the larger cities of having fine lyceum attractions that are among the best on the platform. It is a great privilege to hear this high class talent, and you couldn't afford to miss it.

Heriman the Great, Reno and Jasseffey are the three great magicians that tour the United States. We are fortunate in getting Reno for the opening number of the Lyceum Course, and he will be here November 5. Everybody will want to see his work.

Remember that season tickets, at a very low rate, for the five attractions are on sale at the Bon Ton.

#### MISS BOLES WITHDRAWS

Young Lady Who has Led in the Piano Contest so Long Complains of Unfair Means.

Miss Loxa Boles, who has been in first place almost continuously since the piano contest started, this week withdraws her name. Her father submits the following statement:

#### NOTICE OF WITHDRAWAL.

Clarendon, Texas, Oct. 24.  
To Whom It May Concern:

Having become convinced that a conspiracy has been hatched to deprive Miss Boles of any chance to win in the piano contest, and having found that we were being systematically robbed this week of votes to which she was justly entitled and which would doubtless have elected her, we deem it best to have her withdraw from the contest. We wish to thank most heartily all who have contributed to her most excellent race and to say that she would have been glad to have continued if she could have been assured of a square deal, but seeing the futility of carrying the race any further with the great handicap now existing she retires from the contest with the consciousness of having made a fair, square race, and feeling that she would have been justly entitled to the prize. Again thanking all friends we are,

Respectfully,  
E. A. BOLES.

The standing this week.

Miss Golda Stanton	60,490
Miss Adrian Brown	42,884
Miss Mabel Smith	9,757
Miss Pearl Lane	6,837
Clarendon College	1,986
Miss Minnie Naylor	1,929
Clarendon Public School	1,229
Miss Louie Adamson (Hedley)	1,166
St. Mary's Academy	793
Miss Louise Johnson	317

#### NOTICE TO VOTERS:

It having been erroneously reported that I had withdrawn from the piano contest I wish to say to all my friends that I have not withdrawn and will continue in the race until the last vote is counted. I will appreciate the support of my friends, and respectfully solicit their votes. Thanking you for past favors, I remain,

Respectfully,  
ADRIAN BROWN.

#### Farming Lands for Sale.

**A Certain Cure for Croup—Used for Ten Years without a Failure.**  
Mr. W. C. Bota, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequalled for croup and whooping cough. For sale by all druggists.

### THE SELLS-FLOTO SHOWS

Only a Few Days More and the Great Sells-Floto Shows Will Reach Here in All Their Glory.

The modern show is the lineal descendant of the ancient Olympic games of Greece. The Romans adopted this form of popular amusement from the Greeks. The name "circus" is Latin, meaning a circle; and it was used to indicate the place in each city where chariot races, athletic contests, etc., were held. The circus flourished in Rome 2,500 years ago, and for ten centuries later. With the decadence of the mistress of the world came a decline of the circus in character, and it was frequently debased by revolting spectacles, such as the throwing of those obnoxious to the government, including Christians, to wild beasts. Doubtless it was this that gave the church a prejudice against the circus, which is today still held by some extremely conservative church people.

The modern show has about it nothing debasing. Mankind has always held physical achievement in high esteem; its heroes are those who have done something notable. Especially is courage, and the display of leadership on the battlefield, held in the highest esteem. The military hero stands highest in the popular roll of fame. Physical prowess delights the average man; and in the athletic exhibitions of the circus, the racing, the display of consummate horsemanship and so on, which are leading features of a circus exhibition, nearly everyone, young or old, takes pleasure—and a pleasure that is most certainly innocent.

Within the last half century or so, the circus in America has moved to a much higher plane than it ever before occupied. The exhibitions are unobjectionable on the score of morality; the comfort and convenience of spectators are carefully conserved; there is no more fear of meeting insult or disagreeable incidents than there is in attending a lecture or a theatrical performance. As a result the old-time prejudice against the circus as a proper amusement for all classes, ages and sexes is rapidly disappearing. The love of diversion and harmless amusement for all classes, ages and sexes is inborn in man. To forbid them is to turn counter to human nature. The Creator would not have implanted this desire for amusement in mankind were it detrimental.

The great Sells-Floto shows, the model of this tented style of entertainment comes to Clarendon Tuesday, October 29th.

—WANTEDA printer at the Banner-Stockman office. Write, if you want a job.

Elder H. J. Crockett of Abingdon, Ill., preached Sunday and Monday at the Christian church. He is a strong man and has been called as pastor by the local church. Rev. Crockett left Tuesday for his home, and has taken the call under advisement and may accept.

—Rathjens' are headquarters for school shoes.

The time for putting up stoves is here and every citizen would do well to carefully examine his flues before doing so. If you don't understand the flue have some one who does look it over before putting up the stove. Many fires have been saved by a little precaution.

—When you think of jewelry, think of Clower.

Frank Kendall was in town Saturday with the first bale of cotton he ever raised in his life. Frank is an old settler, and his little ranch out on Barton is one of the oldest established in the county, yet he had never planted cotton until this year. He acted just a little like he was ashamed of himself, but the \$55 or \$60 check he received brightened him up considerably.

—Now is the time to order that new fall suit if you have not already done so. Dubbs' is the place for fit finish and quality.

Dr. Stocking is having a skylight put in at his drug store. This will be a great improvement and will help Roy out considerably at the prescription case.

—We have the nicest assortment of dress goods and silks ever shown in Clarendon. This is a strong statement but we can make it good. Come and see. The Martin-Bennett Company.

Mr. W. H. Martin at the Martin-Bennett store, reports the banner cloak sale of the season—six nice garments to one lady for her six daughters, the price being nearly \$60.

—Don't send to Dallas or Galveston for typewriter supplies; get them at home from the Banner-Stockman. Anything you want, including ribbons and carbons.

Mrs. Carl Lochridge has bought F. H. Besaw's large two-story house on First street and will move up from Hedley and establish a boarding house. Mr. Besaw will likely build on his lots on College Hill.

—The finest line of ladies hand bags in the town is at Fleming & Bromley's. No matter how good or fine a hand bag you want it is here for you. See the line before buying.

Mrs. John E. Cooke left Sunday morning for Dallas, seeking a lower altitude on account of asthma from which she has been confined to her room for the past four weeks. She may be compelled to seek the San Antonio climate before returning.

—The largest assortment of fine hand painted china ever brought to Clarendon has been received at Stocking's store. Watch for the window display.

E. A. Taylor returned the first of the week from Elida, N. M., where he had been to visit his daughter, Mrs. R. A. Preston. Eph says that section is not coming up to the expectations of the army of land seekers who have filled in the last two years, and much general dissatisfaction is evident.

—We now have a complete stock of the popular McCall patterns. Just such a stock as the large department stores in the cities carry. The Martin-Bennett Co.

Are you going to Take a Hand In It? If not, why not?

Nat P. Shaw, the Jericho lumber man, Sundayed in Clarendon.

### Are You Doing the Law?

"Thou, therefore, that teachest another, teachest thou not thyself? \* \* \* Thou who gloriest in the law, through thy transgression of the law, dishonorest God."

Some of us know,  
Some of us do not know,  
But all of us should know  
When we violate the Law and become

#### Subject to a Penalty

Our last Legislature passed a law, which became operative September 1st, 1907, which requires that all "Churches," "Schools," "Hotels," "Roominghouses," "Opera Houses," "Restaurants," "Bakeries," "Meat Markets," "Moving Picture Shows," and all public buildings of every kind, must regularly and daily, as used, be sprinkled before sweeping, with a disinfectant solution, approved by the State Health Officer. Dusting must be done by wiping with a cloth moistened in the disinfectant solution. Feather dusters must not be used. The disinfectant must also be regularly used in all sinks, drains, toilets, etc. It makes all "Ministers," "Teachers," "Directors," "Trustees," "Officers," "Agents," "Managers," "Proprietors," and all persons in any manner connected with any public building, "severally and jointly responsible," and subject to a penalty of \$50 to \$200. How about you?

#### Crescent Disinfectant

Approved by

#### State Health Department

It is 300 to 500 percent cheaper than formaldehyde and its fumes are harmless. Fumes of formaldehyde are poisonous. Dr. W. M. Brumby of the State Health Department, in a letter to Dr. R. B. West County Health Officer of Tarrant county says:

"I approve of the Crescent Disinfectant and it may be used instead of the disinfectant mentioned in my pamphlet, as follows:

a. For use in cuspidors, six ounces of Crescent Disinfectant 5 per cent solution must be used in each cuspidor.

b. For sweeping, the floor must be sprinkled with a 2 per cent solution, or the floor must be sprinkled with sawdust moistened with 2 per cent solution of Crescent Disinfectant."

That is, mix one part of Crescent Disinfectant with 19 parts of water for cuspidors; this also applies to sinks, drains, toilets, etc. For sweeping mix 1 part of Crescent Disinfectant with 49 parts of water.

Law also applies to Country Schools and Churches.  
Simple, isn't it, when you understand it? Better to obey the law than to violate it.

Crescent Disinfectant is used by Donley county officials, also by the city schools of Clarendon.

## YOU LOOK GOOD TO SOME ONE

Your face may be your fortune, but you must remember that beauty is only skin deep and that the ravages of time will leave lines that cannot be erased. Then your face will be forced into voluntary bankruptcy, and you will find that your liabilities in the shape of wrinkles will make your assets in the shape of beauty look like the perforated portion of a doughnut. Get some benefit out of your fortune while your face is fresh. Get a good likeness of your face while it is fair, while the windows of your soul are not made dim by grief and before death has laid the stamp of grief upon your brow. In after years you will appreciate this mute reminder of a care free past. You will not become better looking as the fleeting years unfold. You may think no one cares how you look. You were never farther from the truth. There is always some one to care, but a little reminder is a good thing once in a while, and what better reminder could you ask than a Mulkey photograph?

### PRINTERS ATTENTION!

The Banner-Stockman has for sale cheap a complete stone outfit for a five column quarto paper, including best chases, side and foot sticks, head rules, column rules, etc. Also about fifty good job cases, mostly California.

The entire outfit is as good as new and can be bought at a big discount from supply house prices. Address Banner-Stockman, Clarendon, Texas.

### FOURTEEN YEARS OLD.

The Banner-Stockman is fourteen year old, and with this issue begins the fifteenth volume. The past eight years it has been under one management, and we are proud of the fact that the paper has grown to considerable proportions during that time, and is now recognized as one of the Panhandle's best. At this time we take occasion to extend our thanks to our business people and other patrons for the patronage we have received and to renew our pledge to give Donley county the best paper we know how to produce. Our advertisers will be interested in the statement that our subscription list is, in our opinion, the best list of bona fide home subscribers in Northwest Texas. If you wish to reach Donley county readers an ad in the Banner-Stockman will do the work.

The dirt will soon be flying on College Hill.

The last tug has been made and the last buckle fastened "cinching" the College matter. Let all rejoice!

THERE are some men in Clarendon who deserve the everlasting gratitude of all our people for their part in securing a Greater Clarendon College.

THE Childress Post has fallen in line and now appears in the model form of a 6-column quarto. We congratulate Bro. Thomas on the new size and the general neat appearance of his paper. The Post will do to tie to.

As usual in matters of the kind a few men have to bear the greatest part of the burden in the College matter. These men are patriots. All honor to them. They have given of their time and their money unstintedly. The Banner-Stockman trusts that in the greater prosperity which will follow the Greater College these men may reap of the benefits in proportion as they have given.

THE Bonham Evening Herald is now owned entirely by W. A. Loftin, his partner, George English, having sold out to him. The Herald has been brought to the front and given wide prominence through Mr. English's editorial efforts, and the craft will regret his loss. However, George is not the only good newspaper man in Bonham and the Herald will doubtless continue in its place up near the head of the column.

THE car shortage which is worrying cattlemen almost everywhere is still a big item in the cattle business. Local parties who have lately been up through Kansas say that the side tracks up there are jammed and crowded with empty stock cars, and that it is lack of locomotives that is causing the trouble on the Sante Fe. On the Ft. Worth & Denver the conditions are not so bad, though bad enough and causing trouble a plenty for the shipper. It is reported that one shipment of cattle has been made to Ft. Worth from Hale county in box cars.

### Corn Shipments.

The Donley county corn crop this year is said to be immense, and already shipments have begun, six cars having gone from the Lelia Lake station this week. J. B. Jenkins is the biggest shipper there, and is paying the farmers 50 cents a bushel in the shuck. He is shipping to various Texas points. M. F. Lee, G. S. Patterson and probably others are also in the market for corn, while the new elevator firm of Smith & SoRelle are advertising for 5000 bushels in this issue.

There is said to be a great demand for corn down in Texas, and the Donley county crop will no doubt be snapped up in a hurry. Mr. Jenkins informs us that there will be in the neighborhood of 75 cars shipped from Lelia Lake alone. We have no report from Rowe and Hedley, but the crop is also good down there and shipments have already doubtless commenced.

The 14-hour law is causing lots of trouble to train crews everywhere. On the Ft. Worth & Denver it causes some crews to lay over in Clarendon every night. When a crew has been out fourteen hours the law compels them to tie up right there for eight hours unless they are within twenty miles of the end of their run.

—We are quite sure we are safe in saying that our line of perfumes is now the choicest in town and offers a wider range of odors. We cater to the most refined tastes in this department of our business. Fleming & Bromley, druggists.

The man who killed Lee Cannon at Dalhart several years ago has at last been turned loose. Cannon was formerly a Clarendon citizen, and the evidence given at the first trial of his slayer was very damaging. However, the fight has been continued until a final acquittal resulted.

**Woman's World**

**MRS. THEO RUGGLES KITSON.**

One of the Greatest Women Sculptors in the World.  
 In the Paris salon of 1890 a pleasing study in bronze was exhibited under the title "Young Orpheus." It represented a boy playing the flute and a rabbit with ears erect crouching at his feet, transfixed by the magic strains.  
 The creation was given honorable mention, a rare distinction to be conferred on the work of an artist of seventeen.  
 Then on both sides of the water it began to be asked:  
 "Who is this artist, Theo Alice Ruggles, and where did she come from?"  
 She was born at Brookline, Boston's fashionable suburb.  
 When a rollicking little girl of fourteen, playing in the snow one winter's

MRS. THEO RUGGLES KITSON.

day in the front yard of her father's place, a sudden inspiration came to her.  
 Leaving her playmates, who were fashioning a rude snow man, she began to model a horse out of the moist snow.  
 Quickly it took shape, the size and form of a Shetland pony.  
 The next morning when Edward C. Cabot, a Boston architect, passed the Ruggles house he was struck by the naturalness of the little snow pony. He told Mr. Ruggles that a child who could do that had genius that ought to be cultivated.  
 As a result little Theo Alice began to take lessons in modeling from the Boston sculptor, Henry H. Kitson. She was too young to be admitted to the Art Museum school.  
 That was the beginning of her artistic career and also of a very charming little romance.  
 The next year teacher and pupil went to Paris.  
 Henry Kitson was even then a sculptor of note. The queen of Roumania had honored him with a commission to make a marble bust of her.  
 For three years Alice Ruggles remained in the French capital studying under various masters—Dagnan-Bouveret, Catois and others—and winning high honors.  
 But all the while she was under the tutelage of Henry Kitson, who encouraged and guided her budding genius.  
 Friends and companions they were then, drawn together by mutual aspirations and ideals.  
 After their return to Boston, a year or two later, this pretty romance culminated in their marriage in 1893. She is now one of the most famous women sculptors in the world, and her best work is the memorial statue to "Mother" Bickerdyke, the celebrated civil war nurse.

**Old Fashioned Remedies For Colds.**  
 In spite of patent pills and powders, warranted to break up a cold in less than twenty-four hours, the old fashioned remedies are by no means a back number, and it is rather a comfort to resort to one of them when one's faith in patent medicines begins to weaken.  
 For breaking up a cold there is nothing better than hot lemonade taken upon retiring. This is made by putting the juice of two lemons in a pint of hot water. Boll one minute. Sweeten to taste and drink as hot as possible.  
 Old fashioned onion sirup, which is especially good for hoarseness and sore throat, is made of minced onions, a tablespoonful of cider vinegar and half a cupful of boiling molasses.  
 The fumes of burnt camphor will instantly relieve cold in head. Put a piece of camphor the size of an egg in an old saucer. Set it on fire, and, after burning a few moments, blow out the flame and inhale the fumes.  
 To make boneset tea take one tablespoonful of boneset and put in a pint of hot water, letting it draw for fifteen minutes. Sweeten with molasses. When cold take two tablespoonfuls every half hour. This old fashioned herb may be obtained at any drug store.

**Some Pet Economies.**  
 A buttonhole worked in the corner of the dishcloth will be found better than a loop by which to hang it up,

because a buttonhole will last as long as the cloth itself, whereas a loop often gets pulled off. If when using a lemon for flavoring you need only half a one, put the other half on a plate and cover with a glass tumbler. This excludes the air and prevents it from drying up or getting moldy. Old Turkish bath towels clean wood floors much better than ordinary cloths do. Put pieces of such towels in an ordinarily long handled mop, and you will find that the rough toweling gathers up the dust very effectively. To renew cane chairs, if the seats have become limp and stretched so that they sink in the center, they may be made as good as new, if none of the strips of cane are broken, by well washing them in hot water and then placing them in a current of air to dry. This causes the cane to tighten up, and, when dry, the seat will be quite flat, as when first woven. Cut a slice of new bread about an inch thick and place in the tin with the cake. This will help to keep the cake fresh for some time. The bread must be renewed when stale. An apple placed in the cake tin will answer the same purpose as the bread and should also be renewed from time to time.

**Laundering Handkerchiefs.**  
 Who among us has not mourned the spoiling of fine handkerchiefs in the laundering? They are pulled out of shape, streaked at one corner and torn about the edges of the initial or embroidery, and we have not far to look for the reason.  
 The average laundress hangs a bundle of handkerchiefs by her ironing board and runs the iron over them roughshod, with sublime disregard for any such trivial matters as embroidery or lace.  
 Now, handkerchiefs are a very important toilet accessory and should be treated with due consideration. Spread them on the line and fasten the very fine ones with black toilet pins (which do not rust like the white ones) instead of clothespins. Sprinkle very wet before folding down for ironing and fold them smooth.  
 Iron them singly, first the hem, treating whatever form of decoration they may boast with extreme care; then iron the center and iron perfectly dry. An initial ironed on the wrong side will do better service and look better than if ironed on the right.

**Abuse of Ammonia.**  
 Many women find washing the hair such a nuisance that they put ammonia in the water to make it dry quickly. The violet ammonia prepared so pleasantly for toilet use is very good in moderate amounts, but the lavish way it is sprinkled in bath water for the hands, the face, the hair and so on does more harm than good.  
 Too much of it dries or parches the skin and sometimes irritates it greatly. It is especially destructive to hair follicles. Weak solutions of it are sometimes used to destroy superfluous hair. It is even unwise to use it as a cleanser for toilet brushes. Never under any circumstances should it touch the hair of the head. A good way to hasten the drying of the hair, if haste there must be, is to twist the strands tightly in hot towels and to briskly rub the whole head in towels that are kept continually hot. A warm dry room also helps.

**A Labor Saver.**  
 One woman who is her own housemaid rejoices in the possession of a tray on wheels which is utilized when the table must be set or the dishes removed. It is a homemade contrivance, but correctly adjusted for all that. It is strong and equipped with casters, so that it is easily moved about. A deep tray fitted with strong handles is fitted in snugly at the top. All the china and silver needed for the table are placed on the tray at once, and it is moved around the table as needed. When it comes to clearing the dishes it is a genuine labor saver, as the dishes can be piled on, in quantity and easily drawn out to the kitchen to be washed.

**Baby's Blanket.**  
 Buy one pair of pretty-cotton blankets.  
 Open and cut four inches below and above the center borders.  
 This strip is cut into four widths, making four blankets of convenient size.  
 Bind around with baby ribbon or finish with blanket stitch.  
 This is worked with a double thread, bringing the needle between the thread.

**Indian Waffles.**  
 Take one cupful each of flour and cornmeal, two cupfuls of thick sour milk, one cupful of sour cream, half a teaspoonful of salt, one teaspoonful of soda, two tablespoonfuls of sugar and two eggs beaten separately, the stiffly beaten whites being folded in last. Bake in a very hot, well greased waffle iron and serve very hot.

**Poor Women.**  
 There are nervous women; there are hypernervous women. But women so nervous that the continual rustle of a silk skirt makes them nervous—no, there are no women so nervous as that!—Fliegende Blatter.  
 After peeling apples or anything that stains the skin rub with a lemon, digging the nails well in, so that the lemon juice goes under them. Afterward wash in warm water, using no soap.  
 In using ammonia for domestic purposes one tablespoonful to a quart of water is about the ordinary proportion.  
 Nothing is better than a glass fruit jar for keeping cooking raisins moist.

**The Value of Your Own Home**  
 The value of a man's home can't be determined in dollars and cents. It is really the only thing that is wholly one's own; debt may swallow up everything a man owns except his home. You cannot feel that sense of security that comes from living upon your own property, but you will always feel, so long as you rent, that you may at any time be compelled to move. A home really costs very little. Let us show you.

**A Certain Cure for Croup—Used for Ten Years without a Failure.**  
 Mr. W. C. Bota, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His Children have all been subject to croup and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequalled for croup and whooping cough. For sale by all druggists.

### PRESENTS FOR MEN.

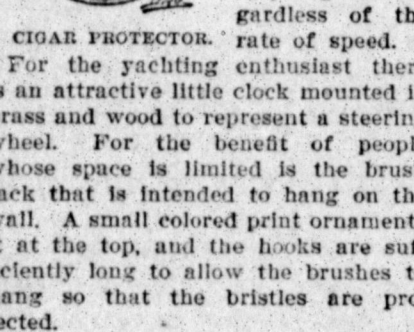

Things Suitable For the Library or the Den.  
 Nothing more suitable or substantial in the way of Christmas presents for men has been shown this year than the articles made of willow and leather for use in the library or den or even in a hall.  
 Some very attractive waste paper baskets and umbrella stands are seen

CLOCK AND UMBRELLA STAND.

In this effective combination of materials. They may be had in green, red or brown willow with leather to correspond, and the owner's initial, or more often his monogram, in brass letters may be had by way of ornamentation.

For the automobilist who wants to smoke and automobile at the same time there is a new cigar protector that comes in either gold or silver. The end is perforated, the tiny holes being sufficiently long to allow the smoke to go out and the air to come in without inconvenience to the smoker. Yet the cigar will stay lighted regardless of the rate of speed.

For the yachting enthusiast there is an attractive little clock mounted in brass and wood to represent a steering wheel. For the benefit of people whose space is limited is the brush rack that is intended to hang on the wall. A small colored print ornaments it at the top, and the hooks are sufficiently long to allow the brushes to hang so that the bristles are protected.

A new whisk broom has a stirrup for a holder, while the broom itself

has a leather handle, and a most effective watch hanger is also in the shape of a stirrup in brass, the watch hanging from a small leather strap.

**An Inexpensive Doll.**  
 Dressing a small sized doll is not half so much of an undertaking as people often think it is, and an hour or two a few evenings will accomplish great results. In the first place, the average child prefers a doll dressed as simply as a real live boy or girl would be.

A doll that gave a great deal of pleasure last Christmas had the simplest possible underwear, made by hand, to be taken off and put on at will. The dress was made of pieces of blue linen, the whole thing cut in one, and the waist part laid in box platts almost to the knees. The belt of the linen had a tiny buckle and eyelets worked in it, and this was slipped through straps sewed to the waist, giving the fashionable long waisted effect. The slippers and socks were bought, the former being pale blue and the latter white. This present cost only a trifle, but gave unlimited happiness.

**For the Girl Who Crochets.**  
 The girl or woman who crochets lace will appreciate a bag made of a fifteen cent linen handkerchief with a wide border. Use the hem as a casing and run a double row of baby ribbon through it so as to be able to draw it up. Make tiny bows at the corners and draw the bag up. Three yards of ribbon at 3 cents a yard will be needed for this, making a total cost of 24 cents. A large sized linen handkerchief should be chosen to make the bag.

A quarter of a yard of natural colored linen at 7 cents will make a pretty bag 5 by 8 inches when finished. A yard of red ribbon at 3 cents will be sufficient to draw it. Inside may be placed a small ball of heavy and one of lightweight twine at 5 cents each.

**Twine Box For Desk.**  
 A twine box is a new desk article that is always handy. This can be made by covering a tin can or round wooden box with pigskin. There should be a lid with two holes, through which the twine may be pulled, and between the holes a piece of sharp metal on which the string may be cut when necessary.

## To Millinery Buyers

My trade for this season has been beyond my ability to promptly handle. Still my customers, many of them, have patiently waited and I certainly appreciate their kindly consideration.

### The Great Rush

Is evidently now over and I can fill all orders promptly. I greatly appreciate my customers coming and placing their orders early in the week and giving the work room plenty of time to properly fit and make the hat. It takes as much skill to make a hat "Fit Face and Form" as it does to properly fit a dress.

During the last few days I have received
