Local Organizations Volunteer Assistance

The Muleshoe area's civic and social organizations this week rallied to the assistance of the newly established permanent Muleshoe Area Library with services and financial assistance. The organizations volunteering their assistance are Muleshoe Pack 62 and Boy Scouts, Bailey County 4-H Club, Progress 4-H Club, Muleshoe Home Demonstration Club, Muleshoe Art Association, Muleshoe Study Club, American Association of University Women. The Cub Scouts and Boy Scouts have voted to take care of all yard and janitorial work in and about the public facility, according to Richard Puckett, cub master. Puckett stated that the work will form a part of the unit's community service aims. The Bailey County 4-H, the Progress 4-H and Muleshoe Home Demonstration Clubs will plan, prepare and maintain the two planters flanking the library entrance. The assistance of these clubs was acquired through the efforts of County Agent J. K. Adams, Jean Martin, Home Demonstration agent and the officers of the three organizations. The Muleshoe Art Association has voted to consider appointing a permanent interior decorating committee to assist in and recommend ideas in decorating the building. The group is also interested in holding art shows in the building in order to promote the cultural growth of the area. Mrs. W. S. Moss may head the committee. Probably the most important decision to assist the library came from the Muleshoe Study Club which voted to consider the purchase of a charging-check-out desk for the facility — as well as other needed equipment. The monies for such purchases would come from the group's funds with board approval. Such a desk usually costs several hundred dollars. However, the actual decision on the major purchase will be held in obedience until the Library Board of Trustees takes some definite action in hiring certified librarian. Difficulty is hiring a state certified librarian is expected because they are in extremely short supply. Supply and demand controls their wages which fall into the \$5-\$7,000 a year bracket. The American Association of University Women have appointed a committee to check into the possibility of holding a summer children's reading program under the group's auspices. Such a program would probably be held jointly with the cooperation of The Texas State Teachers' Association and the local Classroom Teachers' Association. Mrs. Mel Evans is chairman of the committee. The board of trustees has accepted all offers of assistance, according to J. Frank Peery, president. The clubs interests were organized by the new interclub coordinating and advisory committee which is chaired by Mrs. L. B. Hall and Les Jones.

Library Silver Tea Here Scheduled In Afternoon

More than 200 persons are expected to attend the Friends of the Library silver tea scheduled to be held in the new library building, 113 E. Ash from 2 to 5 p.m. today.

There have been some major changes in the plans for the affair which will commemorate the opening of multi-county bookmobile library services in the area. Because of physical and time difficulties honor scrolls will not be presented to the seven life members of the library and Mrs. Wright, librarian here for many years will not be honored, according to FOL reports. Both the life members and Mrs. Wright will be honored at a later meeting which is scheduled to be held May 12th. The eight life members are Ike Stinson, Lester Howard, Fred Johnson, Charles Lenau, Pat Bobo, Sam Fox and June Wagnon, and First National Bank. Each has donated \$100 to the Muleshoe Area Permanent Library. Mrs. Wright has served as librarian of the old Bailey County Library, which was located in the courthouse for many years. She is retiring. Officers of the Muleshoe Study Club have turned over what books remain in the old library to the new one and they have been incorporated into that facility. Mayor LeVeque, Judge Glen Williams, the city councilman and city manager, county commissioners, school librarian and various FOL and the library board of trustees will compose the receiving line of the "come and go" affair. The Muleshoe Study Club under the direction of Mrs. Thurman White, president, will have charge of the table and arrangements. Mrs. Cecil Tate, president of Friendship Club, has charge of the liquid refreshments while Mrs. Roald Johnson, FOL president, will be in charge of the solid refreshments. Alice Evans will supply mints. Mrs. Evans and Roy Davis were in charge of invitations which were sent to all FOL members and other interested parties in four counties. The Muleshoe Jaycees will place directional markers about the city to assist out-of-towners in location the library building. In other library business, Charles Ghöiz, Texas State Library field representative, has requested the state provide as many more books in the fiction field as possible, as soon as possible for the bookmobile. The action came when it was found that on its first trips the bookmobile was so successful that the fiction department was just about cleaned out. Dr. Charles Lewis has become a sustaining member by donating \$25. to the library, according to Matilda Siemmons, FOL president.

Jailed On D. W. I. Charges

Westley G. Webb, Abernathy, was arrested here Thursday night of charges of DWI as the result of leaving the scene of an accident. According to the statement of Vincent Morono, a Methodist preacher living at 610 E. 6th St. his car was struck from the rear at about 7:30 p.m. Thursday. At the time of the accident Morono was returning from Oklahoma Lane and driving about 45 m. p. h. toward Muleshoe when his car was struck in the rear, he said. He lost control of the car and left the road. Both vehicles involved stopped. After some conversation, the owner of the pickup which had struck the Morono car drove off. Morono observed the license number and turned it over to the highway patrol when it arrived. Webb was quickly picked up by the patrolmen and jailed on DWI charges, according to the report. He plead guilty and was fined \$100 and costs. There were no injuries reported.

JOHN BENSON ILL. John Benson, long-time Muleshoe resident, is in John Sealy Hospital where his condition is reported to be serious.

Problems, Problems, Problems Plague Highway 84-70 Project

By GLEN WILLIAMS
County Judge

There is no doubt some concern, and justly so, in the minds of our people as to the progress being made in connection with the widening of U. S. Highway 84, Northwest of Muleshoe to the Bailey-Parmer County Line. It is therefore in an effort to bring factual information to the people that this article is written. To begin with, this project was first proposed by the State Highway Department back in 1958, but it was not accepted by the County. At that time the State set up a two (2) year improvement program and included this road in it. They designated it under the 50-50 Right-of-Way Program and requested the County to accept it. Had that been done we would have been much farther along with the road today. At approximately the same time, the State designated the same type program in Parmer County, from the County Line to Farwell. Parmer County accepted it and went to work acquiring right-of-way, that is the reason they are so far ahead of us now. At the time it was programed in 1958, the total estimated cost of the right-of-way was \$340,000.00 of which Bailey County's share should have been about \$170,000.00. But, as I said, nothing was done about it. Three (3) years later, and after the loss of several human lives, public interest in widening the road grew to such proportion that we requested the State Highway Department to re-instate it, and were told that they would if we would make definite provision for purchasing the right-of-way. But they told us at that time it would take at least four (4) years to get it built. By this time the estimated cost of the right-of-way had gone up to \$450,000.00 of which Bailey County's share would be expected to be approximately \$225,000.00. So, on the 3rd day of April 1961, bonds in the amount of \$250,000.00 were voted by Bailey County to provide our part of the funds. On April 3rd, I wrote the District Office to let them know we had voted the bonds and were ready to proceed with acquiring right-of-way as soon as possible. Subsequently the State re-instated the road, and made funds available for the purchase of right-of-way. The 50-50 Right-of-way Program is a program set up by the Legislature whereby the State Highway Department will reimburse counties on a 50 percent basis for eligible expenditures made in acquiring and clearing of right of way for widening State and U. S. Highways. Under this program the County purchases and clears the right-of-way, then the State reimburses the County in the amount of 50 percent of the cost, based on approved values. The State pays all the cost of construction. After voting the \$250,000.00 of bonds there was nothing more the County could do until the State did the

Bell Fert. Changes Its Manager

Dick Bell, manager of Bell Fertilizer Inc., here, resigned his position with the company suddenly Wednesday afternoon. No reason was made public. He will be replaced by Boone Allison, well-known businessman and long-time resident. Allison will officially take over the office tomorrow, according to company officials. Allison is an associate director of the Muleshoe State Bank and a director of the newly formed Tri-County Savings and Loan.

Masons To Meet

A Masonic Workshop will be held for officers and members of Masonic Lodges in five cities in this area at Olton Lodge in Olton at 7:30 p.m., May 11th. Officers of Masonic Lodges at Littlefield, Muleshoe, Sudan, Olton and Earth have been invited to participate.

Pre-School Registration Will Be Held In Muleshoe Friday

Pre-school registration for children who will enter Muleshoe's grammar schools next year will be held next week. The registration, which will be held in both Richland Hills and Mary DeShazo from 8:30 a.m. to noon, May 8th, is being held so the local school system can plan for next year. Teachers will be on duty in the East wing of Mary DeShazo to assist mothers and the children. Refreshments will be served by the school's P-TA in the cafeteria. All children whose sixth birthday falls before September 1 should be registered. According to school officials all children entering school for the first time will be required to produce a birth certificate and records of vaccinations for small pox, tetanus, pertussis, diphtheria and polio. If the parent has these records they should be brought for registration. If the records are not available, the parents should still register their children this coming Friday. Because all first grade teachers will be required to assist with the registration, there will be no school for first graders only on that day. If you are in the Richland Hills School district and can not register your child there between 8:30 a.m. and noon, special arrangements can be made to register your child during the early and middle afternoon. At 10:15 a.m. Friday a meeting will be held in the Richland Hills cafeteria at which helpful hints in regard to the school in relation to the new students will be presented. Parents who have children in school and will be registering other children are invited to remain for lunch at 11 a.m. There will be no school for first graders only on that day.

J. H. Warwick Funeral Rites

Funeral services were held in Sweetwater, Texas, last week for James H. Warwick, a resident here for about one month and father of Ben Warwick of Muleshoe. Services were conducted in the Cate Spencer Funeral Chapel and burial was in Sweetwater. The 78-year-old retired farmer was born July 13, 1885 and died April 24, 1964. He was a member of the Church of God. Aside from his son, he is survived by two daughters, Mrs. Mary Stephenson, Sweetwater, and Mrs. Ida Wyatt, Fresno, Calif.; another son, H. D. Warwick, Longview; one step daughter, Mrs. Frances Ware, Sweetwater, and a sister, Mrs. Hattie Reynolds, Fresno, Calif.

Poteet Going

Dick Poteet, manager of the local Texas Employment Commission ended his service here Wednesday. He has been transferred to the Midland office of the state-wide organization.

FIRST SHOVEL Mr. and Mrs. Harvey Bass moving the first shovelful of dirt to level the property upon which their new store will be erected. Costing about \$50,000 the new structure, located across from Red's Super Market, is expected to be opened about the end of July or the first part of August. Bass said the new store will enable him to better serve his customers whose kindness and business has allowed the expansion.

Speech & Drama Department Ends Successful Year

Muleshoe High School Speech and Drama Department ended the 1963-1964 season this past weekend at the regional Speech Tournament in Lubbock.

The debate teams won 27 and lost 7 for the season. Nine Ed received first in the Clovis Tournament, first in the District Tournament and ended the year with a 12-3 record.

Don Williams and Barry Lewis won second in Clovis Tournament, first in District, and ended the season with a 15-4 record. Don and Barry received a superior rating at the Tech Tournament, and an excellent rating in the Hardin - Simmons Tournament. Joe Putman, Dennis Burrows, Re'nee Howell and Beverly Phipps received excellent ratings at the Tech Tournament.

Dramatics had a delightful season with "The Many Loves of Doble Gillis", and the successful and colorful musical, "The Wizard of Oz."

The contest play, "The Miser" by Moliere, received first in District with Bill Coltrane as "Best Actor", Jane Bruns and Bill Harbin on the "All-Star Cast." In regional play did not place, but Dwayne Calvert and Larry Allison were on the "All Regional Cast."

The Junior High Coontest play, "The Man in a Bowler Hat", received first in district with Stan Johnson as "Best Actor" and Sharon Hutton on the "All Star Cast."

The Muleshoe Speech and Drama Department is under the direction of Keery Moore.

The grand finale for the department will be Awards Night, May 14th, when Speech and Dramatic awards will be presented to the individuals and to the school.

Fandangle Will Show In Park

"Fandangle" is a western satire which is to play in Pal Duro State Park in the new amphitheater June 11, 12 and 13. It will be an opportunity for the people of the Panhandle to see how the western life and traditions look on the stage of the outdoor theater which is so magnificently located.

Robert Nail, author and producer, will bring 40 members of the Albany cast, where Fandangle was written and produced to the stage to present this gayety and reality of pioneer life.

Many clubs across Texas have arranged for caravans to arrive at the Park about sundown.

The show will be a financial benefit for the Panhandle's own pioneer story which will be ready in 1965, and for the Texas Panhandle Heritage Foundation which will produce it.

Tickets will be by reservation addressed to Fandangle, Box 268, Canyon, Texas.

PIANO AT 5 — Terry Swart, 5 years old son of Mr. and Mrs. Wayne Swart, Sudan, is pictured playing "My Bonnie" at the piano in the home of Mrs. Sam McKinstry. Terry began playing at 4 years and was presented a certificate and pin from the National Fraternity of Student Musicians.

Rainbows Fete Grand Visitors With Supper

A salad supper was given Monday night by Muleshoe Rainbow Assembly honoring the Grand Visitor, Mrs. Marjorie Dawson, Tulia.

Accompanying Mrs. Dawson on her visit were Mrs. Louella Aycock, Worthy Matron of the Tulia Chapter of Eastern Star, and Grace Wells, Past Mother Advisor of the Rainbow Assembly, Tulia.

A mock initiation ceremony was presented for the Grand Visitor and was under the supervision of Susan Birdsong, Worthy Advisor, and Juarene Bovell, Mother Advisor.

Eight girls indicated they would attend Grand Assembly to be held June 15-17 in San Antonio. A report was given on their candy sale which is being successful. The funds from this sale will go toward financing the trip to

Grand Assembly. Board members attending were Mr. and Mrs. Alex Williams, Harmon Elliott, Mary Hunt, Norma Seymore, Mary Farley, Wynnie Dunn and Jewel Strong.

Mock Style Show Given By Club

A mock style show was held by Lazbuddie Home Demonstration Club April 27 as a fund raising event.

Mrs. Everett McBroom won first for the most original style and Mrs. Marshall Carwell won first on the most outlandish ensemble.

The meeting was held in the home of Mrs. Glen Lust.

A tea will be given May 14 honoring their mothers for Mother's Day.

Cake and coffee was served by the hostess.

In Moscow, housewives signal winter's end by peeling protective paper tape from their windows.

BUSH-GARDNER — The forthcoming marriage of Miss Jimmie Nell Bush to Don Gardner is being announced by the bride-elect's parents, Mr. and Mrs. Leiland E. Jones, Needmore. The future bridegroom is the son of Mrs. A. J. Gardner and the late Mr. Gardner. Vows will be repeated June 4.

Lullaby Shower Honors Mrs. Phil Montoya Thurs.

A lullaby shower honored Mrs. Phil Montoya, Bula, April 23 at 8 p.m. in Muleshoe American Legion Hall.

The honoree is the mother of a son born April 17 in Morton Memorial Hospital. The baby weighed 5 pounds, 4 ounces and was named Mark.

Blue was the predominant color in decorations. The serving table was highlighted with a miniature 'baby' in a swing inside a styrofoam circle surrounded with net ruffles and flowers. A blue table cloth was used.

On the guest register table was placed a tree with flower diaper replicas bearing the hostesses

names and the words "Thank You". As each hostess arrived, their name tag was removed from the tree and pinned on their lapel.

Mrs. Syl Tanguma registered guests and Mrs. Tomas Flores and Mrs. Jesus Flores served.

The hostesses presented the honoree with a high chair.

Hostesses were: Mrs. George Cabrera, Mrs. Solomon Madrid, Mrs. Consecpcion Rejino, Mrs. Juan Madrid, Mrs. Syl Tanguma, Mrs. Andres Gonzales, Mrs. Jacinto Bara, Mrs. Auelio Cuevas, Mrs. Celso Gonzales, Mrs. Joe Baca, Mrs. Tomas Flores, Mrs. Jesus Flores, Mrs. Jesus Yruegas, Mr. Rodolfo Castanuela, and Mrs. Daniel Layva.

SOCIAL SLANTS

Since President Kennedy met his untimely death in Texas, it seems even more important for loyal Texans to buy Imperial sugar, wool carpet (you can't beat it) car tags gladly (how else can the penal system make money?) Texas oil products, Texas beer and cotton when something would do better. We can be justly proud of our history, scenery, size men and map and Bar-B-Que.

Lamb Is Speaker In Chicago On Convention Topic

Gil Lamb and daughter, Magann, left Thursday aboard the Santa Fe Chief for Chicago where he will speak for an Alcoholic program.

Lamb will be featured on the Saturday program with Phyllis Snyder, executive director of Greater Chicago Alcoholic Treatment Center and Ward Lane, Warden of the Indiana State Prison System.

The Lambs will be in Chicago several days and plan to spend part of the time sight seeing. They will be dinner guest of Wally Miller at the famous "Glitter Gulch" during their visit.

They were told by the local Santa Fe agent, Horace Holt, that the all-new streamlined double-decker car should be on the line in time for their return trip and the pair hopes to help "break them in" coming back to Texas.

The women love personal comfort and possessions could be a driving force, but by cultivating a love for the simple things, people, philosophy and a good disposition, they can be a contributing force in the beauty of life and happiness to those around them.

Many people in all walks of life enjoy playing some type of card game. It is interesting to note that we are playing a modified version of Ancient Taret cards of Egypt. The original Taret cards numbered seventy-eight. We now use only fifty-two, plus two or sometimes three "jokers" for some games.

The suit of clubs, which were called "Scepters" symbolize the element fire in Astrology and concerns communications, journeys, etc and is represented by the M. C. where the sun appears at noon.

The suit of Cups (hearts) represents the element water and is symbol of emotions, especially those of domestic and affectional relations.

The Spade suit (known in ancient times as Swords) is an

Brother of Doctor On Lecture Tour

Dr. H. Douglas Dean, brother of Dr. William Dean, Muleshoe, conducted a lecture for the Texas Tech Bible Chair Monday and Tuesday.

Dr. Dean holds a Ph.D. in biology and is head of the biology department at Pepperdine College, Los Angeles, Calif. He was formerly head of the Biology Department at Abilene Christian College, Abilene.

His subject is "Evolution in the Bible" and other than Tech, he has spoken to colleges at Texas Western, El Paso, and Las Cruces College, during the week.

is presently writing a book on his lecture subject.

Dr. Dean arrived in Muleshoe Saturday and visited two days in the home of his brother and fam-
ing engagements.

Dr. Patzer In Research Class

Dr. K. C. Patzer left Thursday for a week to attend a Chiropractor Research class in Ann Arbor, Mich.

The classes will be under the instruction of J. S. Grotic of Ann Arbor.

X-ray analysis, adjustment procedures, neurological interpretations and new discoveries which have been researched will be highlights on the week's meeting.

Mrs. Patzer will accompany him as far as Wisconsin where she will visit relatives during that week.

FROM THE OFFICE OF HOME DEMONSTRATION AGENT

By JEAN MARTIN

After hearing of the death of a small baby in a nearby town due to aspirin poisoning, I decided that perhaps a reminder of the poisons in our homes was in order. Aspirin when taken in large quantity is toxic, especially to small children.

Other household products which are poisonous include bleach; eye cleansers such as Bab-Ajax, or comet; bathroom bowl cleansers such as Sani-Flush or Vanish; and other household products such as insect poisons, rodent poisons, oven cleaners, drain cleaners, and floor polishes. All these things should be placed out of the reach of small children and marked poison.

LETTERS TO THE EDITOR

Gentlemen:
As a transplanted Texan who grew up in Muleshoe and still has a brother there (James R.) I was very interested in this attached article which appeared on the front page of the Seattle Post Intelligencer Friday morning April 24. The author, Jack Jarvis, is one of the better known and most widely read writers for the paper. I couldn't help but think what a surprise it would be to Mr. Jarvis if all of a sudden he was swamped with several hundred letters from my old home town, literature from the chamber of commerce, pamphlets from any clubs, businesses, etc. I thought that perhaps a few lines in your paper could accomplish this and would no doubt give Mr. Jarvis information for another story to give further information on Muleshoe. The only address necessary would be

Jack Jarvis
Post Intelligencer
Seattle, Wash.

Although I have been gone from Muleshoe for seventeen years there is still and always will be a special place in my memories for the city and the many friends still there.

Sincerely,
Kenneth W. Jennings

Area 4-H Club Holds Meeting

By JONA GOUCHER
The Muleshoe Area 4-H Club meeting was held April 27, in the Conference Room of the Bailey County Co-Op Building. Ruth Ann Duckworth was presiding chairman.

Betty Harbin was nominated and elected as secretary. Betty Harbin and Pam Avery gave an electric demonstration. Jona Kay Goucher gave a demonstration on clothing coordination. They will give their demonstrations May 9 in Lubbock.

There were approximately 35 present.

up Sunday to change the clocks. Other people forget all about it, and remember on Monday. We once knew a woman who went to bed at 10 p.m. Saturday night, set her alarm for 2 a. m., reset it to 3 when it rang, then went back to sleep, secure in the knowledge that she'd converted to Daylight Time "officially."

The railroads will stay on Standard Time, but airlines will fly on "local time," which means you may take off from Seattle on Daylight Time and land in Muleshoe, Tex., on Standard Time, if Muleshoe, Tex., has Standard Time, that is — and an airport.

What I cums from they calls The Friends of the Library the FOL, not the FLA.

Yur fren, el Medico

Dear El Medico (alias Gholz). Rules of Usage (Webster's) says when writing multiple word proper nouns neither prepositions nor articles are capitalized. The Friends of the Library is correct per Mr. Webster (see pg 1444). Everyone is wrong, but us. However since the state has been using FOL for years, We'll do the same henceforth. Thanks for reading us, Editor.

Problems...

(Continued from Page 1) survey work and furnished us with right-of-way maps and easements. Their personnel was at that time pre-occupied with other projects, so it took some time for them to get to it. The procedure for estimating the cost basis upon which the State will reimburse the County for right-of-way expenditures is substantially as follows:

The county first employs an independent appraiser to make a separate appraisal of the cost of each parcel of right-of-way relocation of existing improvements, and damages, if any. This is a slow and expensive operation. The

State then reviews these appraisal reports. If they so desire they can have other appraisals made, and finally they will approve some value. If the County can purchase the right-of-way within the approved value the State will pay one-half (1/2) the cost. If the County, however, goes above the approved value then they must bear all the additional cost. But if no trade can be made and a condemnation suit is required then the State will pay 50 percent of the court award. In connection with this when right-of-way is purchased the title is vested with the State. Therefore, before the State will put money into it, they must examine the title and furnish Attorney's Certificates showing their approval. So before making a purchase of any parcel of right-of-way the County must have, (1) a State approved value, and (2) an Attorney's Certificate approving title.

In the Highway 84 Project we have seventy-three (73) parcels. We had an appraisal report made on each of them. This work was completed November 20, 1963, and the State was furnished copies of all reports. They have reviewed and approved part of them. And they are having other appraisals made on some of them. I believe as of this date we have State approved values on seventeen (17) parcels.

We have closed trades with five (5) of the seventeen (17), and are in the process of negotiating

with the others, I can assure you that we will make purchases as fast as we are furnished approved values and Attorney's Certificates. There has been some question as to whether the \$250,000.00 voted by the County would be sufficient, but after reviewing the total estimated value according to the appraisals I feel much better about it.

What I have said thus far relative to the purchase of right-of-way and re-location of improvements has reference only to those improvements belonging to the property owners, such as houses, barns, wells, fences and etc. In addition to these we will have to move existing utility lines, sign boards and other obstructions. Then, after the right-of-way is cleared it is my understanding the State will program the road for construction.

I know this appears to be a slow and tedious process, and it is. You people have been very patient and understanding, and we appreciate that more than you will ever know. But, we in the County must abide by the State regulations if we are to receive State participation. The same is true with the District Office. And this process involves far more work than a person can realize until he becomes associated with it. We in the County are doing all that we can to speed it up, and we have assurance from the District Highway Office that they are doing likewise. But they can

not move any faster than they can get approvals from the State Office in Austin.

My relationship with the State Highway Department through the years has been very pleasant. I have found them to be men of responsibility and integrity and I believe they are trying to do a good job. But, they have a tremendous job to do. And they do not write the rules. The rules are written in Austin, and they, as well as we, must be guided by them.

Personally, I am looking forward to the day when the road is completed and we can enjoy the pleasure and safety of driving on a four-lane divided highway. But if it appears to be slow please remember that it takes a long time to build roads or to make other substantial improvements. If we are late, let it serve to remind us that it is at least partly because we started late. And let us be mindful of the high cost of delay in providing needed improvements. For example, the three (3) year delay between the time this road was first proposed and the time that action was taken has cost not only many thousands of dollars, but also several human lives.

And finally, it is my suggestion that we the people of Bailey County work together more closely. Let us look with vision at the problems that confront us and take steps to solve them as they arise, and avoid the inconvenience of costly delays. We can have more Farm - to - Market Roads, and can provide ourselves with better facilities and services at a cost that we can afford to pay, if we will only work together to that end. Unfortunately, none of our problems will go

Small Industry Locates Here

A small industry was formally established in Muleshoe this week.

It is the Early American Company, manufacturers of a small line of Early American type occasional pillows for the national market.

Beginning small and currently employing seven cutters, stuffers and sewers, the facility has a current capacity of about 1,600 pillows a week, which will just about supply current demand.

The manufacturing facility is currently being run under the direction of businesswoman, Mrs. Richard Goodrow, in a converted barn two miles north of Muleshoe.

The business was founded several months ago when Mrs. Goodrow began shopping for an Early American Pillow to match an airloom quilt.

None were to be found in North Texas and New Mexico. Multiple letters to New York and Los Angeles department stores also failed to produce a suitable pillow.

Mrs. Goodrow mentioned it away simply because we ignore them. But with patience and coordinated effort on the part of her leaders and people Bailey County can move progressively forward.

To the achievement of these worthy objectives I pledge my best efforts. And finally, when you have questions about this, or any other matter, please feel free to come to us with them. We will do our best to help you. Thank you very kindly, Glen Williams, signed County Judge

her husband, and 10 minutes later the Early American Company was born.

Response has been "excellent" for the new product, which is available in a wide range of colors. A second line has been planned and is currently undergoing market testing.

If results for the new line continue as they presently are, the new line may make its market appearance next month if equipment and workers can be obtained.

Mrs. Goodrow stated the business might not have ever gotten off the ground without the "encouragement, assistance, and complete help of the Muleshoe Chamber of Commerce. When asked if she thought the C of C was of value to a business, Mrs. Goodrow replied, "Well, we've just doubled our monthly membership dues in the hope the money will enable it to assist someone else as it helped us."

16 Worthless Checks Filed

Since April 13 there have been 16 worthless checks filed with one pleading not guilty. She is out on a \$200.00 bond.

Pleading guilty to worthless checks this week were Mrs. Pete Trevino, Jr. \$3. fine, court cost and one day jail; A. J. Roberts, \$4.00 fine, court cost and one day in jail.

Don Watson, DWLS; \$25.00 fine and court cost.

Floyd Wayne Henderson, DWI; \$200.00 fine, three days in jail and six months suspension of drivers license.

Doyle Cloise Foust, DWI, plead not guilty. Out on \$750.00 bond.

Wesley Green Webb, DWI, plead guilty, \$100.00 fine, three days in jail, and six months suspension of drivers license.

Blood Clot

Howard Cox, owner of Cox Drive-In Movie, was taken to West Plains Hospital and Clinic Thursday night. He is suffering a blood clot in the brain. According to Dr. W. F. Birdson, MD, the clot is a minor one and Cox, although still under treatment is out of danger.

Texas Farmers Union Board Schedules Meet

Several Muleshoe area representatives are expected to be on hand when the Board of Directors of Texas Farmers Union meet for the regular Spring board meeting at the Windsor Hotel in Abilene, 1:00 a.m. on Saturday, May 9th. The Board of this statewide general farm organization is composed of the presidents of the sixty chartered county subdivisions.

The Directors will determine the location of the annual Texas Farmers Union convention at the Abilene meeting, and representatives from various Texas cities will be present to extend an invitation from their cities to host the convention.

MRS. GARDNER IMPROVED
Mrs. A. J. Gardner has been released from a Dallas hospital and is recuperating in the home of her sons, Max and Paul, near Dallas.

The family hopes that her condition will be improved enough for her to carry out her plans to return to Muleshoe by May 9.

Most car license plates are made of steel, which is tough, long-lasting and inexpensive.

Local Cleaner Honored For Area Promo

The following is taken from "Pipe Line" a vertical, national magazine published to assist owners of cleaning plants in gaining additional business:

In a city of approximately 6000

population, Lambert Cleaners of Muleshoe, Tex., drew 564 entries in a special "For Men Only" Botany '500' - Sanitone promotion in cooperation with the city's St. Clair Department Store.

Lambert set up a display in one of the department store's windows, consisting of a new Botany '500' suit and another which had been cleaned 25 times, and, through newspaper ads, invited

contestants to guess which had been cleaned.

Results: 284 men, more than half of those who made guesses, picked the "25 times cleaned suit" as the new one, a real endorsement for Sanitone drycleaning.

During the period of the contest, Lambert gave a free cleaning coupon with all new suits sold in the store, another good business

builder. In the newspaper ads, Lambert pointed out clothing experts also had difficulty distinguishing between the new and the Sanitone-cleaned Botany '500' suits, then made this point: "The experts couldn't do it! That's why Botany '500' now says: 'Our fine clothes deserve fine Sanitone Drycleaning.'" "Yours do too," continued the ad. "Try Sanitone today."

ANY ONE OF THESE FOUR ELECTRIC APPLIANCES THIS MONTH!

■ DISHWASHER

Watch a demonstration of an electric dishwasher (you'll probably want your husband along too) and you may be a winner of this easy, sanitary way of doing the dishes.

■ RANGE

Cook the modern way — of course, it's electric! You can set the controls — go shopping or work in the garden. Come supertime your automatic electric range serves a complete, baked dinner, perfectly cooked.

■ CLOTHES DRYER

It's the time of year when an electric clothes dryer is really appreciated. Clothes stay clean, colors stay bright and everything has a soft, fluffy feeling. You'll enjoy the demonstration!

■ FREEZER

You've heard it said, "An electric freezer frees her." That's because you can take less time shopping, improve your family diet, and save time cooking. Ask your dealer to show you.

Trades Winds Gives Complete Car Service

If you want good products and the fastest service you ever had, drive into Trade Winds 66 Service Station at West American Blvd. and 8th St. This station is owned by H. M. Freeman who has lived in Muleshoe many years and who knows the service station business.

This station sells the famous Phillips 66 products including tires and batteries, and diesel fuel. They also wash and grease cars and have a pick up and delivery service.

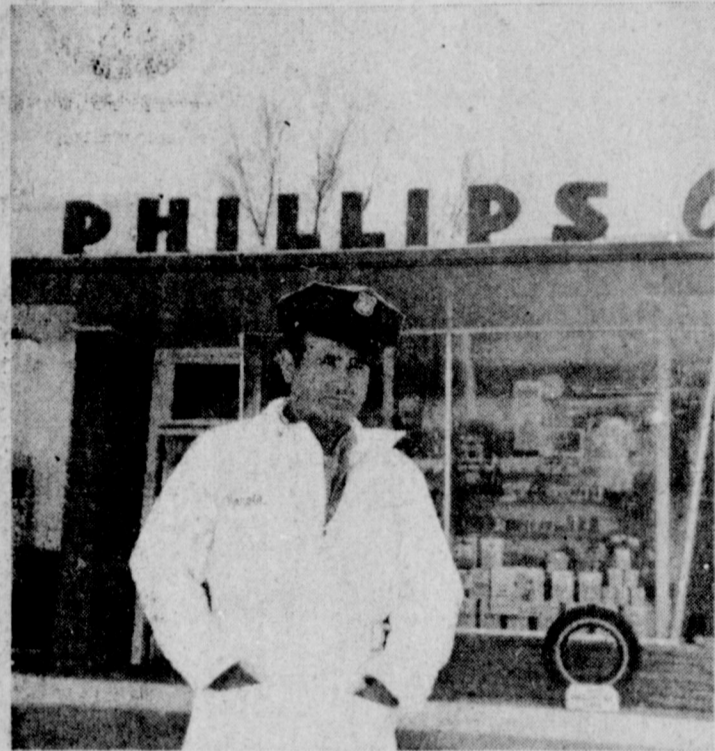

When you drive in for gas, the attendant cleans your windshield, checks your oil, water and tires so that you know just how your car is operating.

Phillips 66 products are manufactured in one of the world's largest refineries at Borger, Texas and are sold all over the South and West. They have built a great reputation for top performance and deliver more power to the engine than some other gasolines. These products are constantly being improved by a large

staff or research chemists and the Phillips products today are far superior to the gasolines and oils of ten years ago. They give more mileage and better performance with less carbon formation in the engine.

In addition to good petroleum products, the thing most motorists like about a service station is fast and courteous service. Most of them are usually in a hurry and do not want to waste too much time buying gas and oil. They also appreciate having their windshields and rear window cleaned so that their vision is unobstructed. They get all this extra attention at Trade Winds 66 Station and they like it.

Mr. Freeman takes pride in his washing and lubrication service and tries to make every car look like new when it comes off the rack. It is thoroughly cleaned and vacuumed and all dirt removed inside and out. He is now offering a wash and grease job for only \$3.50 while the usual price nowadays is \$4.50. Customers can get not only a first class job but save money as well. Try this station next time.

H. M. Freeman shown above offers complete service to motorists. Has special price on Washing and Lube.

Bovell Motor Supply Has Complete Stock

When you need a part for your gas buggy, go to Bovell Motor Supply at 107 E. Ave B and 99 times out of a hundred you will find what you want. This firm is owned and operated by W. T. Bovell who has been in this business a number of years and who knows what you need to repair your car.

He is assisted by Carl White and Richard Hawkins, both of whom are thoroughly familiar with this business. When they sell you a part it will be the one you need and you won't have to bring it back to exchange it.

This company handles only first class, nationally advertised parts and supplies and they are guaranteed to do the job. Whether

you want piston rings, bearings or a new crankshaft these men can get it for you in a hurry.

Many car owners like to do their own repair work and they can save many dollars in that manner. The men employed here can give good advice to amateur mechanics and help them solve their repair problems.

A full line of auto accessories such as horns, tires, batteries, head lights, spot lights, mirrors and many other items are carried in stock at this store.

If you want to find out about a part for your car without making a trip downtown — call 2880 and order it. They will deliver any part in stock anywhere in Muleshoe.

THREE WAY NEWS

MOTHER - DAUGHTER BANQUET

The Three Way chapter of the Future Homemakers of America held their annual Mother-Daughter banquet Friday evening April 24, in the school lunch room. Lovely red roses, official flower of the F. H. A., decorated the tables, and were presented as corsages by the girls to their mothers and "adopted mothers". The invocation was offered by Donna Kay Furgeson. The menu of pineapple fizza, roast beef, gravy, baked potato, creamed corn, tossed salad, rolls, butter, coffee, tea, and fruit salad was prepared by the girls in their home economics classes under the direction of Mrs. Darrell Corkery.

The welcome was given by Linda Klutts, and the response by her mother, Mrs. Bob Klutts. A duet, "Only a Rose", was sung by Karen Eubanks and Julia Burkett, accompanied by Doyleen Davis. A pantomime, "Wife Wanted", was acted out by Kay Lemons, Karen Eubanks, Glenda Tarlton, Donna Furgeson, Ginger Carlisle, and Shirley Baateas. New officers for next year were installed. The main address on "The Women You Want To Be", was given by Mrs. Dorothy Barker of Morton.

The incoming officers are: President - Madalyn Galt; First Vice-Pres. - Doyleen Davis; Second Vice-pres. - Julia Burkett; Secretary - Donna Furgeson; Treasurer - Sandra Kenley; Historian - Shirley Baateas; Recreation - Linda Heard; Reporter - Sharyn Wittner.

SCIENCE AWARD GIVEN

Wenonah Williams, daughter of Mr. and Mrs. Conrad Williams, has been announced as recipient of the Bausch & Lomb Honorary Science Award in the Three Way School for 1964. She will receive the medal at graduation exercises. She was also given an opportunity to go to Rochester, N. Y., to compete for a scholarship but was unable to make the trip.

STUDY CLUB MEETS

Members of the De Algodon Study Club met at Maple Cafe Monday evening, April 2 for regular meeting with about 17 members present. The speaker was Mrs. Joe Gibson of Morton, a pre-school teacher, whose topic was "Our Little Folk". A cancer film also was shown, to build interest in the cancer fund drive. Sandwiches, relishes, tea, coffee, and home-made cookies were served by the hostesses, Mrs. Mike Watts, Mrs. Lewis Dale, and Mrs. Charles Farmer.

The next meeting of the club will be at the Maple Cafe, May 4, when officers will be installed, and members of the L'Allegro Club of Morton will be guests. That will be the final meeting until next fall.

REGIONAL MEET

Several local athletes were qualified to compete in the regional "B" school meet in Lubbock last Friday and Saturday, April 24-25. Tommy Dupler qualified for the finals in both 100 and 200 yard dashes, earned 6 points, and placed 18th in points in the 104 athletes competing. Tommy Terrell and Johnny Harris placed fourth and sixth respectively in discus throw; and Eddie Reynolds was sixth in shot put. Other boys from Three Way competing included Kenneth Petree, J. L. Lemons, and Frank Solis. The girls' team for tennis doubles, Madlyn Galt and Sharyn Wittner, were eliminated in the second round of play.

GUEST SPEAKER

George Boring of Morton was

a lay speaker at Three Way Methodist Church Sunday morning April 26. The pastor, Rev. Mrs. Ruth S. Cooper, was in Lubbock at Methodist Hospital with a member, Mrs. Garvin Long, who was severely burned Saturday evening.

BUTANE EXPLOSION INJURES WOMAN

Mrs. Garvin Long was critically burned Saturday evening about 8:00 p.m. when butane exploded in a brooder house at her farm home about three miles southeast of Maple. Her husband and their son, Marvin, rescued her from the smoke-filled building, and called an ambulance. She was taken to Morton, where a doctor sent her on to Methodist Hospital in Lubbock. Her attending physician there recommended that she be taken on to John Sealy Hospital in Galveston, but she was kept overnight in Lubbock because fog and stormy weather at Galveston would have prevented the ambulance plane from landing. About 10:30 a.m. Sunday, the plane was able to leave, with Mr. and Mrs. Long and a registered nurse aboard.

Mr. Long reported to relatives here Sunday evening that the plane landed safely in Galveston about four hours after take-off, and that Mrs. Long was pronounced to be in serious but not critical condition by the physicians at John Sealy Hospital. She received third-degree burns over 30 per cent of her body, with the arms most severely injured; another 3 percent of her body received second-degree burns. She is scheduled to receive 20 pints of blood, and blood-donors in the community are volunteering to replace this by giving twice that amount (40 pints) to the Blood Bank in Lubbock. A number of volunteers went Monday morning from Maple to give to her account; others wishing to do so may donate blood at any time by going to the Blood Bank, 415 Ave. R. in Lubbock, and crediting the blood to her account.

VACATION CHURCH SCHOOLS PLANNED

Vacation Church Schools are being planned by various churches of the community. Three Way Baptist Church offers their first one, May 24 through 28. Three Way Methodist Church and the Maple Baptist Church have tentative plans for schools during the week of June 1 through 5. Maple Church of Christ will offer a week's school during the latter part of August.

Workers from The Three Way Baptist Church who attended a day of training for the Vacation School last Monday at Littlefield included Rev. and Mrs. C. E. Strickland, Mrs. Bud Huff, Mrs. Sammy Sowder, Mrs. Morris Gant, Mrs. Jack Lane, and Mrs. Louie Henderson.

Mr. and Mrs. Conrad Williams and Mrs. Bob Klutts went to Oklahoma last weekend to attend the funeral of an uncle of Mr. Williams.

Mrs. E. R. Wall had a minor accident in Morton last week, when her car collided with a pick-up in Morton.

Mrs. Doyl Davis was released from Methodist Hospital in Lubbock last Sunday after undergoing an operation on her throat the preceding Tuesday. Mr. Davis went to accompany her home.

Some plants are able to thrust themselves through frozen soil in the spring.
