Registered Cattle Deal Involves Total \$135,000

Jones & Dameron Purchase T. C. Ivey's Great Springvale Herd of Thoroughbreds

A registered cattle deal of a magnitude that will send a ripple through the pool of cattle interests from Canada to Mexico occurred here this week. Not the money value exchanged in a cause such a ripple, but the significance of the deal—lines, the history, the ancestry and the future of the consolidated herd which will grow out of the transaction will cause every registered breeder in the United States to sit up and take notice.

A. M. Jones and his brother-in-law, W. E. Dameron, who, under the firm name of Jones & Dameron have already started one of the best herds in the country, have closed a deal with T. C. Ivey whereby the latter sells every hoof he has on the famous Springvale Farm, east of Hereford to these two enterprising young breeders, the total consideration reaching \$135,000. Approximately 90 head of the famous Anxiety strain cattle, with the other considerations involved, bring Mr. Ivey in round numbers \$1500 a head, including five great herd bulls, a bunch of line-bred cows, the peers of anything in the United States, and calves from famous matings. Mr. Ivey would not sell his Big Spring section and other holdings on the creek, but leased the 1280 acre ranch to Jones & Dameron for a period of three years and ten months. A four-section ranch in Castro county was accepted by Mr. Ivey as part consideration in the deal. It is understood that Mr. Ivey will keep this Castro county ranch stocked, but will devote his major interest to his big ranch near Plains, Texas, for the time being.

Rat Jowell and other posted registered breeders state that in all probability this deal involved the highest price ever paid for a complete herd of registered cattle of any breed. Of course, special prices for picked stuff have gone to higher figures in the past, but it is believed that never before has an entire herd of this size and quality sold on the farm as a whole for this average price. Jones & Dameron already had 5 head of the same Anxiety stuff, accumulated during the past year or two, and with this trade they now have about 130 head of the very cream of the entire country. Mr. Dameron stated Wednesday that their ranch on the creek, recently purchased from Grover Sanders, will probably be used for the calves, nurse cows and young stuff, and the Springvale Ranch for the breeding farm.

Five great herd bulls are included in the deal, named Superior, Schief, Springvale, Beau Randolph Third, Donald Domino and Beau Gudge. This herd was originally founded by Jowell & Jow-

Hottest Weather For Years Recorded Here

This country has been experiencing the hottest weather felt here in years for the past three or four days. The thermometer has run over a hundred practically every day since Monday, and the rays of the sun have burned in a way that is very unusual for this country. Tuesday night a heavy and looked promising, but a light shower was the only relief experienced. Prospects for rain are very encouraging, however, at the time of going to press.

R. Grimes Leaves For Long Auto Trip

D. R. Grimes, wife and two children, left Hereford Thursday via automobile for a visit to Tipton, Vederick and other points in Oklahoma, to be gone until the first of September. Mr. Grimes's friends and relatives in that direction, and is taking a much-needed vacation.

all 71 head of heifers out of a possible 368 head having been selected from the Gudge & Simpson herd. Very few of the original fine foundation stock were sold, but several valuable additions have been made.

There is not a herd anywhere that contains more good blood than this consolidated one. Professor Burns, in his talk at the Breeders' Picnic recently, said: "Produce the stuff and the world will make a path to your door." There is no question but that Deaf Smith county can now boast one of the largest and uniformly best herds of line-bred Herefords in the world, and the buyers of high grade stuff should start that path to our door before long.

This deal reflects great credit upon these two keen young business men, and speaks worlds for their backbone and confidence in this country. It also is a tremendous step forward in the development of this industry for this section. Old Man Opportunity knocked once and was promptly grabbed by the forelock. There are a lot of other good men set for him to stick his head in the door again. Come to the Plains!

Payment Asked U. W. W. Pledges

The local committee having in charge the collection of the unpaid pledges to the recent drive for funds for the United War Work Campaign again asks The Brand to again call the attention of subscribers to the fact that all pledges have not as yet been paid. Governor Hobby's proclamation on this subject says: "The seven welfare organizations which are at work overseas have appealed to the United States for funds. In answer to their united appeal Texas pledged a large sum of money, and a large amount of this pledge is unpaid, due perhaps to a feeling among us that the war is over and that money is not needed."

"The people of Texas are profoundly thankful that the Great War is apparently over, but they should not forget that we have nearly a million soldiers, sailors and marines overseas and that our work will not be accomplished until every one of these men shall have returned. These organizations are still carrying on their merciful work among our boys in France relying for their support upon the fulfillment of the pledges so generously made by the people of the United States last November. There is great danger that this work will be seriously handicapped if these pledges are not fully paid. Indeed, this would be a grave injustice to the soldiers and sailors who have been compelled to remain over there, and would also be unfair to the people of this country who pledged and promptly met their obligations."

"If those of us who have not paid our pledges would redeem them at once, it would save the organizations a large amount in collection expenses, and we as a State would free ourselves of our last campaign war debt."

J. M. Boone has the direct collection of this money in hand, and all delinquent subscribers are urged to see Mr. Boone at once and close up accounts.

Troy Womble Makes Great Wheat-Oat Crop

Troy Womble, owner of the Quality Farm, ten miles northeast of Hereford, told The Brand Tuesday that he has harvested this year the biggest wheat crop ever raised by a farmer in Deaf Smith county, showing a total of 7410 bushels of wheat, not to mention 1285 bushels of oats. Come to the Plains!

C. E. Convention To be at Littlefield

Local members of the Christian Endeavor are very much interested in the Panhandle District Christian Endeavor Convention to be held September 5, 6 and 7, at Littlefield, Texas, according to a statement issued by P. Hicks Daniel, district president. Correspondence has been had with state officials for several weeks and the above dates were finally agreed upon.

It is expected that this year's convention will be one of the most successful ever held. Conventions of the past two years were greatly handicapped because of the war. Even the president elected for the year 1917-1918 went into military service, causing great inconvenience to the district work.

Littlefield Endeavors have announced that they will make great plans to take care of the visiting delegates. These delegates will be furnished lodging and breakfast but will buy the other two meals at places especially arranged.

Christian Endeavor work following the war will come in for its share of attention, according to those familiar with convention plans. The detailed program has not been announced, but it will be ready for publication in about two weeks.

Miss Jessie Butts of Ft. Worth, will be the principal Christian Endeavor speaker at the 1919 convention. Miss Butts served as superintendent of the intermediate department last year for the state union and made a splendid success of the work. Miss Butts was recently selected a field secretary for the Southwestern Federation.

Officers of the Panhandle district are: P. Hicks Daniel, Amarillo, president; Miss Tina York, Amarillo, vice-president; Mrs. P. Hicks Daniel, Amarillo, Secretary; James P. York, Amarillo, treasurer. Department superintendents are: Efficiency, Luther Griffin, Hale Center; Evangelism, Roy Nunn, Hereford; Missionary, Miss Flora Best Hopping, Littlefield; Intermediate, Miss Kate Arnold, Memphis; Junior, Miss Abena Richardson, Memphis; Publicity, Buford B. Holland, Amarillo.

Mrs. K. E. Edmonds of Littlefield has been appointed chairman of the registration committee for the convention. All persons expecting to attend are urged to write to her and pay the registration fee 50c.

Small Boy Catches Arm in Wringer

A. C. Thompson, Jr., aged 3 years, had a very narrow escape from the loss of his right arm on Wednesday, of last week. The little fellow was playing about the electric clothes wringer operated by his mother and grandmother, and his hand was caught between the rollers. His cries brought immediate assistance. The current was switched off just as the rollers had reached the muscles below the shoulder. The machine was wrecked to get the arm out.

Providentially, no bones were broken, although the arm turned black and blue. Around the elbow a deep pressure burn was inflicted, and had the current continued a few seconds longer his arm would undoubtedly have been wrenched off. As it is, he can now work his fingers, and the arm apparently is not permanently damaged.

Merchants' Ass'n Has Second Meeting

Another session of the Merchants' Association was held at the Courthouse Tuesday night. Attendance was again very limited, owing to busy conditions, but it is hoped a more generous interest will be shown in the near future, when Chairman Harrison will call a third meeting.

CATLEMEN TOLD CAKE SITUATION

Local cattlemen are much interested in the following circular letter just received from the Secretary of the Buyers' and Sellers' Live Stock Association at Amarillo, in regard to the condition of the cake market for the coming fall and winter:

"The season of the year has arrived when every feeder of cottonseed cake is beginning to think about the price he is going to have to pay for cottonseed cake and meal for his winter feed."

"Since the Food Administration regulations were removed June 30, the price on the cake has advanced from \$57 to \$76 per ton f. o. b. the mill, basis 43 per cent protein, nut size cake, 100 lb. sacks and the market continues to advance. It is to your interest as well as to that of every feeder of cottonseed cake that immediate steps be taken to counteract the effect produced by the speculators in cottonseed products. As above stated, the price has advanced \$20 per ton in the last sixty days and the reason for this is that all old crop cake and meal has been practically cleaned up and there is very little if any, cake or meal available for prompt shipment, regardless of the price you might offer. It will be sixty days before a general operation of the oil mills will begin. The mills have not as yet purchased any seed nor will they for at least thirty days and then only in very limited quantity."

"The mills have been placed in this position; they do not want to sell their cake until they have purchased seed and know what the manufactured product is going to cost them, but the speculators, whether they be cowmen, dealers or exporters, are forcing the mills to name prices for future shipment and naturally the mill names a price high enough that he thinks his interest will be fully protected. We know from direct information that the majority of the mills in Texas and Oklahoma, in fact the

(Continued on page 7)

Prairie Fire on OYO is Stopped

A prairie fire, which for a time threatened disastrous consequences, occurred on the OYO ranch of D. C. Laird in Castro county Tuesday. Fortunately, the blaze was fanned by a south wind and was practically confined to a strip between two roads and was finally mastered after hard work by the crews from the Laird and Burnham ranches.

The fire started near the lake between the ranch and Dimmitt, presumably by someone passing along the road. Help did not arrive until after the fire was nearly out, as nearly everybody was in the harvest fields. The fortunate discovery of the blaze from the rear ranch, and quick work of the few hands present saved the day, however, with small damage. There is a small strip of country round the OYO which has experienced more dry weather than possibly any other spot in this section, and as luck would have it the fire had to start in this particular spot.

W. T. Smith Leaves For Fine Vacation Trip

W. T. (Red) Smith, left Hereford Thursday in his car for a visit with friends and relatives at Huntington, Carroll county, Tenn., and other points in that vicinity. Mr. Smith returned Sunday from Amarillo, where he underwent an operation.

Mayor Knight Headed West Bound For Home

Mayor Knight is still in New Hampshire, his old home, but is "headed west", according to letters received from him by local friends. Judge Knight intends to stop at a number of historic points enroute home, and did not mention the exact date of his arrival. He expresses himself as having the time of his life.

CHRISTIAN REVIVAL BEGINS SUNDAY; DALLAS PASTOR

The big Annual Evangelistic Meeting at the First Christian Church is scheduled to begin next Sunday. All preparations have been made and everything is in readiness for a stirring meeting. The Rev. Asbell discussed the meeting Wednesday as follows: "Dr. R. G. Frank will not arrive in Hereford until Tuesday but Mr. Hutton, the song leader, will be here Monday night. He desires a rehearsal of the choir. Following the Hereford custom, we are counting on the singers of the other churches to assist us in the chorus work. We appreciated their loyalty last year, when Dr. Chilton was with us, and hope that we can count on them again this year. Mr. Hutton is one of the very best singers—a man that you will love and respect. He has asked a full

rehearsal Monday night; let us not fail him.

"Mr. Hutton, in addition to being a singer, is the Bible School Superintendent for all of Texas, Arkansas, and Louisiana. We expect unusually helpful conferences from him while he is among us.

"Dr. Frank is a 32nd degree Mason, and belongs to several other Fraternal orders. So on Friday night, August 15, he wants all of the Orders of Hereford to be his guests. His sermon subject for that evening is: 'Why Men Prefer the Lodge to the Church.'

"Dr. Frank is a busy man and can only spend two weeks in our midst. Therefore we are urging church and friends to be present at the first service and remain until the meeting closes."

Mr. Asbell urges that the entire church family be out next Sunday at all services, and prepare for the meeting.

29 Around Table at Family Reunion

Twenty-nine persons, old and young, sat down to dinner together at the Woodburn home last Sunday, during the course of a family reunion. The only one missing from the circle was the infant son of Mrs. Chas. Woodburn, of Amarillo.

The day was spent in talking, eating, and "washing dishes," according to Colonel Woodburn, who seemed to remember the dishwashing very vividly. It was a happy and delightful event, and one which the entire family decided to celebrate again soon. The visiting members were: Mrs. W. O. Squires and daughters, Misses Veita and Valda, of Weatherford, Texas; J. D. Cross and daughters, Misses Elsie and Katherine, of Texico, N. M.; Mr. and Mrs. W. R. Woodburn and family, of Dimmitt, Texas; J. D. Woodburn and children, Gydelle and Jimmie, Jr., of Claude, Texas; Ernest Woodburn, of Amarillo; Miss LaRue Mullins, of Alford, Texas; and Mr. and Mrs. C. W. Frye and baby, Louise Anne.

Canteen Makes Usual Fine Report

For the month of July the Hereford Canteen has the following report to make:

- 1025 men served;
- Two sick men aided.
- Used: 349 sandwiches, 11 Gallons Coffee, 14 Gallons Iced Drinks, 363 slices cake, 109 bottles Soda-Pop, 21 1-2 pounds Candy, 1200 Post Cards.

Then on Wednesday, of last week, when the four trainloads of Checo-Slovak troops passed through, the Canteen had the honor of serving the last division. This was counted in the report. The troops were given post cards and flowers and it seemed that the flowers were appreciated to a very great extent, even more than the cards.

Amarillo Winner Again; Score 1 to 0

Licked again—that is, our ball team were beaten last Sunday, at Amarillo, by the same score as the week previously—1 to 0.

It was a good game and a fast one, being played in one hour and twenty minutes. Auto trouble delayed a part of the Hereford team until after five o'clock, and the players were tired and listless. Probably a little more punch might have brought a different result. Another game will be played here next Sunday.

Final Papers Filed by Oil & Gas Co.

Outside of hauling machinery and derrick materials to the site for the oil well, located on Section 34, Twp. 4, N. Range 4, E., about seventeen miles northwest of town, there was something of a lull in the operations of The Hereford Oil & Gas Company during the past few days. David R. Finley, partner with M. D. Ricketts, aided the latter in getting the stuff hauled, but will maintain his personal headquarters at Amarillo. Tuesday afternoon Geo. S. Williams of Amarillo, and other officials of the Company, held a meeting in Judge Slaton's office and closed up final papers. Wednesday the Judge filed the Articles of Association and Trust agreement in the Court-house.

An order for casing for a twenty inch hole was placed Tuesday, and the derrick crew of six or eight men were expected to be hard at work erecting the derrick before the end of the week.

The report of Joseph Kreis, Consulting Geologist, who located the well, makes interesting reading. Among other things he says that formations show this country to have been under salt water four separate times. In the "mountain-making epoch" he says the folding of the anticlines was so gradual that long, gentle slopes were created, and not the short, sharp slopes which offer more channels of escape for oil, that the drift of the water to the Gulf shows to have been southeast, and that where these anticlines cross the sand deposits from the water the oil will be found. He is of the opinion that the oil should be tapped at about 2200 feet, although smaller pockets may have been forced up in spots, but of no commercial value to speak of. There are many interesting things about the formation of this country in that report.

Messrs. Findley and Ricketts are very grateful for assistance rendered them in handling their outfit, and say it was the finest job of cooperation they ever experienced.

McDonald Will Dig Wells For the Matador

D. L. McDonald went up to the Alamositas Division of the big Matador Ranch, north of Hereford, last Tuesday and made location for another irrigation well. Thursday he visited the Matador Division, around Matador, Texas, with the view of sinking several additional wells.

The Matador people do things on a big scale, and believe in irrigation.

Stork Special

Born—July 21, to Mr. and Mrs. J. E. Crouch, a nine pound baby girl. Born—to Mr. and Mrs. H. J. Roberson, Tuesday, August 4th, a girl. Named Imogene.

NEPT 2000 BIRDS TO BE ENTERED IN SHOW HERE

Special Premium Committee Hopes to Bring Awards to \$3,500 Value.

The South Plains Poultry Association, which will hold its second annual show, at Plainview, in December, expects to be prepared to handle at least 2,000 birds. Last year the bad weather limited the entries to a few over 1,000 but the change in date from January to December it is thought the amount of bad weather will be minimized from consideration. A special premium committee has to have an award list equal to \$3,500 in value, and as a start toward this list already has offers of stock and eggs as specials amounting to \$1,250. This will be the largest and best premium list offered at a poultry show in Southwest.

IE TURNER ATTEMPTS OWN LIFE

id in Amarillo Awaiting Place in Hospital for Insane—Recently Killed His Mother

mie Turner attempted to take his own life Tuesday night in the Potter County jail by severing an artery in his arm with the handle of a tin cup. It is not known where he procured the tin with which the attempt was made. The other prisoners report that he was acting unusually strange and kept a lookout. After he healed the wound, he retired as usual, and no doubt would have died from the loss of blood had the prisoners not reported the attempt.

Young Turner recently killed his step-mother, Mrs. J. O. Turner, by beating her over the head with the stalk of a gun. He was tried before a jury and found to be insane, and ordered confined. He is being held in the Potter County jail until there is a place in the hospital, all of them now being overcrowded.—Randall Co. News.

ATION-WIDE DRIVE TO IMPROVE ALL LIVE STOCK

United States Department of Agriculture Announces Campaign to Eliminate Scrub Sires from Breeding.

Washington, D. C., July 29.—"Better Sires—Better Stock" is the slogan of a national live-stock crusade, to get underway in motion October 1, that was announced by the United States Department of Agriculture, working in cooperation with the State agricultural colleges and other agencies interested in live-stock improvement. The campaign looks toward the future food needs of this country's increasing population and results from long and careful observation of the live-stock industry in this country, and planned after extensive consultation with specialists and breeders. The plan is to hasten the replacement of the multitude of scrub domestic animals in the United States with pure-bred or high-grade stock, and also to improve the quality of pure breeds themselves. The goal in view is better efficiency in production. The campaign will be the first national crusade in a large coun-

try to improve all live-stock simultaneously. It will interfere in no way with any work in live-stock improvement now being conducted, but makes all the work more definite and effective by providing official recognition for progressive breeders.

The campaign will be supervised from the Department of Agriculture in Washington, and in each State by the State agricultural college. County agents and other field workers of the Department of Agriculture and of the State colleges will handle the campaign locally. Every live-stock owner actively cooperating and keeping and using none but pure-bred sires of good quality will be given an emblem as an official recognition of meritorious effort.

MANY WOUNDED AMERICANS STILL IN NANTES, FRANCE

Hostilities ceased seven months ago, but there are still several thousand American doughboys in the military hospitals of France, most of them too ill to stand the journey home. The hospital center at Nantes is one of the largest remaining in France, and contains between 1,000 and 1,500 patients. The way in which the men pass their time and the efforts put forth to make their lot more comfortable and bearable are typical of those at other places.

The Red Cross hut is the center of all entertainment and recreational activities. With all its variety of features, the one which has maintained the steadiest and greatest popularity is the library. From its records can be gained a fairly good idea of the trend of the minds and thoughts of these less fortunate men of the American Expeditionary Forces. Coincident with the healing of their bodies these doughboys are improving their minds. Books on

banking, salesmanship psychology, and technical subjects are in the greatest demand.

The Red Cross workers devote many hours daily to visiting bed patients in the wards, distributing books and magazines and various comforts. In the past four weeks the Red Cross gave to these men 202,000,000 cigarettes, 1,200 comfort bags, 1,650 pairs of socks, 1,400 handkerchiefs, 1,500 tubes of tooth paste and large quantities of fruit, chocolate, tobacco, gum, shaving and toilet articles, slippers, towels, and games. The daily output of Red Cross ice cream is now 500 portions. The canteen serves lemonade, doughnuts, tarts and cookies.

Airplanes Find Forest Fires.

Reports to the Forest Service, United States Department of Agriculture, from the national forests in California, where Army aviators are making daily flights in search of forest fires, indicate that the innovation has been decidedly successful and that air patrols of the forests will prove so valuable that they will eventually become a permanent part of the work to shield the great woodlands from conflagrations. Numerous fires have been discovered in their early stages by the aviators and have been reported immediately to the forest rangers. It is believed that considerable loss has been prevented by such early discovery. Lack of suitable landing places in this rugged country has proved a handicap in some instances and has caused a belief in some quarters that dirigible balloons will finally be found more suitable than airplanes for forest flying.

The practicability of shipping eggs by parcel post is demonstrated by the fact that more parcels of eggs than any other one product pass through the mails. In order to test various methods of packing

and handling eggs the Office of Markets and Rural Organization has shipped more than 200 dozen eggs through the mails from various points, under various conditions, and in different types of containers, without undue loss, either in the expense of shipment or the condition of the eggs on reaching the consumer's kitchen.

Michigan to Plant Roadside Trees.

The Michigan Legislature recently passed a law to encourage the planting of nut-bearing and other food-producing shade trees along State trunk highways and other roads built in that State. The law makes it the duty of the State Highway Commission and the State Commission of Agriculture to look after the setting out of such trees and of the State

Agricultural College and the Public Dominion Commission to distribute stock at nominal cost to local officials and private individuals who will set it out. Trees are to be planted at intervals of 20 to 40 feet along the roads. Injuring roadsides trees or affixing notices of any kind to them is made a misdemeanor punishable by fine of

\$1 to \$25 and imprisonment of not more than 30 days. This law is in keeping with the policy of encouraging tree planting announced by the United States Department of Agriculture, the department of the Federal Government that administers the Federal aid road law, in cooperation with the States.

BARBER'S LINEBRED ANXIETY HEREFORDS

Representing Gudgeon & Simpson's best producing families NOW OFFER HIGHCLASS, YOUNG HERD BULLS, including 1 3-year-old by Domino 264289 and a few extra choice coming yearlings by Domino 506184, all out of Gudgeon & Simpson-bred dams, and a few choice, heavy-boned coming 2-year-old range bulls of strong Anxiety breeding. If you want the best-bred Herefords, see these before you buy. Address

RIVER PARK HEREFORD FARM C. E. Barber, Prop. Hereford, Texas.

IT'S A DANDY!

Let Us Tell You About It

L. W. HOUGH, Dealer

"We just mopped 'em up"

"Those boys didn't know what retreat meant. And, pep! Say, every mother's son charged as tho' he was the whole American Army. It was the proudest moment of my life."

More than 32,871,000 tins of Velvet Tobacco were sent to the boys in France—enough, if placed end to end, to reach 2340 miles or nearly from New York to Brest. How much it helped them, their friendly letters testify.

Velvet makes friends easily—because, like true friendship, it has been allowed to ripen naturally. For two years, Velvet ages in wooden hogsheads, and when it comes out it is just right—no kick, no bite, no harshness.

You and Velvet—begin that friendship now.

Liggett & Myers

—the friendly tobacco

Why Suffer?

Ars. J. A. Cox, of Alderson, W. Va., writes: "My daughter... suffered terribly. She could not turn in bed... the doctor gave her up, and we brought her home to die. She had suffered so much at... time. Having heard of Cardui, we got it for her."

CARDUI

The Woman's Tonic

"In a few days, she began to improve," Mrs. Cox continues, "and had no trouble at... Cardui cured her, and we sing its praises everywhere. We receive many thousands of similar letters every year, telling of the good Cardui has done for women who suffer from complaints so common to their sex. It should be your good, too. Try Cardui. E-71"

CASTRO COUNTY

Cowboys' General Round-up Will Be Bigger Than Ever

This city will shortly begin taking on Gala Attire for the Fourth Annual Round-Up and there will be three days of amusement that will gladden the hearts of the youngsters and give the older folk an excellent opportunity for recreation and enjoyment.

The local Round-Up Amusement committee left no stone unturned in an effort to secure clean wholesome amusement for all visitors. The main attraction will be the bustling, steer roping, bull-dogging and other cowboy sports which will take place at the Round-Up grounds each afternoon, but in addition to the Round-Up performance there will be Clarks Greater Shows or Carnival company down town which will open numerous shows and conduct several riding devices such as merry-go-rounds, and ferris wheels for the entertainment and amusement of visitors in the evenings.

While the cowboys and cowgirls are riding bucking horses and risking their lives in making wild leaps from the backs of running horses at Mexican steers in the bulldogging Hugh Garyie, Aviator with a reputation that reaches from Frisco to the old lines of the battle front in France will perform hair raising stunts in his aeroplane above the arena and in front of the grandstand, a thrill a minute for each and every spectator is the slogan of the Arena Director of this year's contest, and from the great number of contests entering and the great herd of outlaw bucking horses that have been procured there will be plenty of thrills.

Many Crack Riders Coming Crack Riders and Ropers and bulldoggers from all over New Mexico, Arizona, Texas, Colorado and Wyoming are sending in their entries for the Fourth Annual Round-Up and it is reported by the committee in charge of the entries that there will be more contestants here for the coming Round-Up than were ever gathered together before in this state.

Three of the greatest stars of steer roping who have already entered are Clay McGonagill, of Globe, Arizona. The great Indian Roper Eddy Burgess, of Schullter, Okla., and Fred Beeson, of Arkansas City, Kans. together with more than thirty other experts of larist fame.—Tucumcari American.

NO PLACE FOR TENDER DOBBINS.

Most farmers on western irrigation projects do not as yet raise their work stock, but have purchased horses and mules largely from railroad and other contractors who have complete their work. Farmers on the southwestern projects are obliged to use

the small Mexican mules and the small but hardy native stock, because work animals from northern climates are unable to endure hot summers. Irrigation farmers recently have recruited their work stock at sales at Camp Cody, N. Mex. and Camp Kearny, Calif. Most of the work horses and mules from these sources have been desirable and worth the money.

PROVIDING FOR AN ISSUE OF BONDS BY THE STATE FOR THE PURPOSE OF CONSTRUCTION OF HIGHWAYS.

House Joint Resolution No. 13. A Joint Resolution proposing to amend Section 49, Article 3 of the Constitution of the State of Texas relating to the power to create debts by or on behalf of the State so as hereafter to authorize the Legislature to enact such laws as may be necessary directing the Governor of the State to issue bonds in a sum not to exceed \$75,000,000 providing for the levy of a tax to create the necessary interest and sinking fund therefor; and providing that the proceeds from the sale of such bonds shall be used in the construction of durable, hard surfaced roads upon the public highways of the State.

Be it resolved by the Legislature of the State of Texas:

Section 1. Amend said Section so as to read after its adoption as follows: Article 3, Section 49. No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or pay existing debt; and the debt created to supply deficiencies in the revenue shall never exceed in the aggregate at any time two hundred thousand dollars (\$200,000); providing however, that the Legislature may enact such legislation as may be necessary to authorize and direct the Governor to issue bonds of the State in a sum not to exceed Seventy-five million (\$75,000,000) dollars, the proceeds to be used in the construction of durable, hard-surfaced roads upon the public highways of the State; provided that such proceeds shall be apportioned to the different counties of the State according to the needs of the State Highways in such counties; and, provided further that under Legislative authority a tax not to exceed twenty cents on the one hundred dollars valuation of taxable property in the State may be levied, assessed and collected to provide the necessary interest and sinking fund therefor, and such taxes shall be in addition to the taxes authorized by Article 8, Section 9 of the Constitution.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the first Tuesday in November, the same being the fourth day of November, A. D. 1919, and the Governor of this State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the Constitution and laws of the State. Those favoring the amendment shall have written or printed on their ballots the words "For amendment to Section 49, Article 3 of the Constitution proposing to amend Section 49, of Article 3 relating to the power to create debts by or on behalf of the State, so as hereafter to authorize the Legislature to enact a law directing the issuance of bonds by the Governor of the State in a sum not to exceed Seventy-five million (\$75,000,000) dollars, the proceeds of said bonds to be used in the construction of durable, hard-surfaced roads upon public highways of the State; and providing for the levy of a tax not to exceed 20 cents on the one Hundred Dollars valuation, on taxable property in the State." Those opposing the amendment shall have written or printed on their ballots the words "Against the amendment to Section 49, Article 3 of the Constitution proposing to amend Section 49 of Article 3 relating to the power to create debts by or on behalf of the State, so as hereafter to authorize the Legislature to enact a law directing the issuance of bonds by the Governor of the State in a sum not to exceed Seventy-five Million (\$75,000,000) dollars, the proceeds of said bonds to be used in the construction of durable, hard-surfaced roads upon public highways of the State; and providing for the levy of a tax, not to exceed 20 cents on the One Hundred Dollars valuation, on taxable property in the State."

Section 3. The sum of Five thousand dollars (\$5,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the State treasury not otherwise appropriated to defray the expenses of such proclamation, publication and election.

Section 4. The fact that the Legislature is restricted by the provisions of Section 49, Article 3 of the State Constitution from enacting needed Highway Legislation creates an emergency and an imperative public necessity existing, demanding the suspension of the rule requiring bills to be read upon three several days, and such rule is hereby suspended.

GEORGE F. HOWARD. (Attest—A True Copy.) 25-41

PERMITTING GALVESTON COUNTY AND CITY TO ISSUE BONDS FOR GRADE RAISING PURPOSES.

Senate Joint Resolution No. 23.

A Joint Resolution proposing and submitting to the people of the State of Texas an amendment to Article sixteen of the Constitution of the State of Texas as by adding thereto a new section and authorizing the City of Galveston and County of Galveston to issue bonds for the protective works, irrespective of Constitutional limitation, in the aggregate five million dollars for both city and county, as may be by the city or county deemed necessary for the raising of the grade, building seawalls and breakwaters and doing any and all kinds of protective works in said city and county, and to levy and collect taxes to retire said bonds, principal and interest, providing for a sinking fund and creating an emergency.

Be it resolved by the Legislature of the State of Texas:

Section 1. The City of Galveston and the County of Galveston, and each of them are hereby authorized to issue bonds in such amounts not to exceed in the aggregate five million dollars, for both City and County, as may be by the city or county deemed necessary for the raising of the grade, building of seawalls and breakwaters, and doing any and all other kinds of protective works in said city and county, without regard to and irrespective of any provisions of the Constitution of the State of Texas limiting tax levies and governing bond issues, and for that purpose to levy and collect taxes to retire and pay same, principal and interest, but no debt shall ever be incurred for such

purpose, unless provision is made at the collecting a sufficient tax to pay the interest thereon and to provide at least two per cent, as a sinking fund, this provision being cumulative, an authorizing the issuance of such bonds in addition to those heretofore issued for such purposes and still outstanding, the amount of such additional bonds to be issued by the county hereunder, not to exceed one million dollars, and the amount of such additional bonds to be issued by the city hereunder not to exceed four million dollars, but nothing herein shall apply to bonds heretofore or hereafter issued for purposes other than those herein defined, provided however, that that portion of Galveston County not lying within the corporate limits of the City of Galveston shall not be taxed for the purpose of issuing bonds for any of the purposes herein provided within the corporate limits of the City of Galveston, unless such bond issue and tax levy be authorized by a majority of all the tax paying voters residing in Galveston County outside of the Corporate limits of the City of Galveston, provided that no such bonds issued by the city of Galveston shall be valid unless such bond issue and tax levy be authorized by a majority of all qualified tax paying voters of the city of Gal-

veston, voting at an election to be called for that purpose by the Mayor and Board of Commissioners of said City of Galveston.

Sec. 2. The Governor is hereby directed to issue the necessary proclamation for submitting an amendment to the Constitution to the qualified electors of the State of Texas on the first Tuesday in November, 1919, being the fourth day of November 1919. Those favoring the amendment shall have written or printed on their ballots the words, "For the amendment to Article sixteen of the Constitution of the State of Texas, authorizing the issuance of bonds by the City and County of Galveston." And those opposed to the said amendment shall have written or printed on their ballots the words, "Against the amendment to Article sixteen of the Constitution of the State of Texas, authorizing the issuance of bonds by the City and County of Galveston."

Sec. 3. The sum of five thousand (\$5,000.00) dollars, or so much thereof as is necessary, out of the funds in the State Treasury not otherwise appropriated, is hereby appropriated to pay expenses for the carrying out of the provisions of this Resolution.

GEORGE F. HOWARD, Secretary of State. (Attest—A True Copy.) 25-41

DIMMITT

F. S. Ireland made a trip to Canyon Monday.

Mr. Metcalf and family were in town Tuesday.

Mr. Ham and family started to Arkansas Monday, going through in their car.

John Bean from Montana is here this week looking after business interests.

Harvey Cash and family returned from the Mountains in New Mexico Tuesday.

Mr. Turner and family of near Quitauqua, have been visiting his brother, John Turner, and family this week.

Mrs. C. E. McLean went to Lubbock Thursday for a few days visit with Mr. and Mrs. Hodges.

Rev. McNealy was in Hereford Tuesday, having dental work done.

Mr. and Mrs. Hill, of Mercer County, who have been visiting their cousin, Mrs. John Smith, and family, returned to their home Monday.

Mr. Minor, of Muie Shoe, was in town Thursday.

Mr. and Mrs. Charles Mapes went to Amarillo Friday.

The Misses Gettie Lovelace and Jora May Waldrip, accompanied by Morris Kimbke and Dow Duree, enjoyed the two day picnic at Quitauqua, Thursday and Friday.

Mr. Cooper, of Weatherford, is here visiting his sons, Frank and Sam Cooper, and daughter, Mrs. Wm. Woodburn.

Mr. John Stork, of Nazareth was on our streets Saturday. He is one of our soldiers that saw active service in France.

Rev. More, of Plainview, held the quarterly conference at Bethel Saturday.

The Play, "The Old Maid's Association," presented by home talent at the School Auditorium Saturday night, was greatly enjoyed by all.

Mrs. Chestnut and Mrs. Harrison arrived Saturday to visit their brother and uncle, Mr. William Smith, and family.

Mr. and Mrs. Baxter Easter entertained at Sunday dinner, Mr. and Mrs. Frank Easter, Miss Barren and Miss Lillie Easter.

Robert Hastings went to Clarendon Sunday to be at the bedside of his father who has been sick for several months.

Mr. and Mrs. Edd Smith took dinner Sunday with Mr. and Mrs. George Douglas.

Mr. Valley Aeker, just over from France, came in Sunday.

The Baptists are holding their association here this week. The meeting will continue through the week.

The Castro County Picnic in honor of our soldier boys will be on the fourteenth of this month. Everything will be free to the boys in uniform. EVERYBODY BRING A WELL FILLED BASKET.

Wm. Woodburn and family were Hereford visitors Saturday.

There has been quite a bit of property changed hands lately.

James McEntire sold his one half section north of town to Claud J. Johnson at thirty-five dollars per acre.

C. F. Kerr sold Mr. McEntire his residence in town. Consideration, four thousand dollars.

Mr. Kerr bought the B. T. Bell property here.

George Abbot has just closed a deal with Ft. Worth parties for his ranch, stock, farming implements and household goods. This sale amounts to close to two hundred thousand dollars.

On Thursday evening of last week Mr. and Mrs. Flanigan delightfully entertained the young people of this place.

A very pleasant social affair was enjoyed by the young men and ladies' Sunday School class at Mr. and Mrs. Frank Gerder's pleasant home on North street Thursday evening.

Webb-Bell

Wm. Webb and Miss Ruby Bell were married in front of the church late Sunday evening, Rev. Lively officiating. The young couple have many friends who wish to extend congratulations and best wishes.

Here is another damning charge against Postmaster General Burlison. It has been demonstrated by a mathematical friend that the change from 2 to 3 cent as postage on letter mail was an advance of 50 per cent, while the change from 3 to 2 cents is a decrease of only 33 1-3 per cent.

A PARTY GONE MAD

It is palpably true that Congress is devoting itself, in its main efforts, to the proposition of destroying the political prestige of the President of the United States.

The country was assured by the republicans in the campaign of 1916 that a Congress of their party, although of a different political complexion, would be just as loyal to the President in support of the government's policies with respect to foreign relations as a democratic Congress.

The United States, in so far as Congress was concerned, "changed horses in the middle of the stream." The democrats lost control; the republicans gained control. What has been the result?

The new Congress has been in session since May 19. Many important matters have been considered. The peace treaty, including the league of nations covenant, vital to the welfare not only of America but of the entire world, is now before the Senate for ratification or rejection.

The attitude of republican leaders on every question is always obvious. If Wilson is for it, they are against it; if the President is opposed to it, they favor it. It is a test that rarely fails.

At a time when statesmanship of a high order should be in control in the legislative branch, the situation is ruled by men descending to a low level of politics.

Hatred of Wilson is the dominating factor, both in the Senate and the House, and the leaders go about their work with a singleness of purpose remarkable for its audacity.

In the Senate, not counting the potential candidacies in the House, there are no less than half a dozen members who are presidential candidates, working at the job daily and hourly, hoping to ride into the White House on the issue of their opposition to the league of nations

and over the prostrate form of Woodrow Wilson.

The league of nations has been seized upon as an instrument for the destruction of Wilson and the democratic party. There is little thought of the havoc that may be wrought throughout the world by the failure of the United States to become a member of the league.

Dozens of investigations into various phases of the war are in progress. These investigations are not friendly. They are extremely partisan. The theory seems to be regardless of the fact that the participation of the United States in the war was a successful enterprise, that the conduct of the war by the administration was a monumental failure.

From this distance it looks as if the republican party, as represented at Washington, has been loosed. It is running around in a circle. Its perspective is gone. It needs a doctor badly.

A gathering of Texas politicians is scheduled for August 14th at Fort Worth, the purpose of which is to organize a new political party, to be known as the "People's Democratic Party." It is announced that former State Senator J. W. Bailey has sanctioned the movement and will deliver a speech upon the convening of the meeting in which he will announce the platform of principles for the new party. Among others who are sponsoring this new political movement is said to be former Governor Jas. E. Ferguson. Just how strong this new party will be is merely a guess at this time, but it is stated that a full State ticket, including the Legislature, will be placed in the field next year in opposition to the regular Democratic ticket.

Speaking of the Governorship, The Panhandle Herald of the past week has the following editorial: "Hon. R. E. Thomason, of El Paso, will be the next Governor

of Texas and plans for his campaign before the primaries next year for the Democratic nomination will be perfected next winter upon the high plane of clean politics and efficient government.

"As a member of the Thirty-Fifth and Speaker of the Thirty-Sixth Legislature, Mr. Thomason has developed such strength and popularity as to bring a demand from every section of Texas that he serve the State as chief executive, following the expiration of Governor Hobby's term.

"At the proper time, early next year, Speaker Thomason will make formal announcement of his candidacy, following which, he will make a thorough campaign of the State.

"As stated in these columns a few weeks ago, Mr. Thomason is perhaps the most popular man in Texas politics. He is forty years of age; reared on a farm in Cooke county, Texas; educated at the Southwestern University at Austin; now owns and operates a large farm in Cooke county, but the past eight years has been a citizen of El Paso, where he enjoys a large and lucrative law practice; has the courage of his convictions and a most pleasing manner.

"The Herald considers him the ideal man to serve Texas as her next governor and we predict that the Panhandle voters will give him a solid support in next year's primaries."

A few days ago The Brand received a beautiful photograph of the Hon. Pat Neff, with extracts from several of his best public addresses. We had a hunch that something was brewing. There is. Since receipt of the said photograph the daily press carries the news that Mr. Neff will be a candidate for Governor.

Know where that poll receipt is!

A TIMELY RESOLUTION

To the extent that it served to focus attention on a very disagreeable national situation, the resolution adopted unanimously by the Texas Senate, suggesting that the Lone Star State be accorded that "liberty of action it enjoyed before entering the Union" and allowed to send troops to fight Mexican guerillas, served a good purpose.

When a big national operation must be performed it seems necessary to engage in propaganda in order to get public sentiment back of the enterprise. The force of public sentiment can accomplish anything when properly directed. Right now there is a growing feeling throughout the country that the matter of straightening out the Mexican difficulties must not be delayed any longer. The Senate resolution was timely, and doubtless the wide publicity given to it and the vast amount of discussion it provoked has helped to strengthen the belief that the ironing out of international wrinkles in vogue in other parts of the world should be extended to Mexico.

Editorial comment on the resolution was not all favorable. The New York World, for instance, remarked that "the Texas Senate does not exactly threaten secession" and then went on to say that while no one will deny that Texas has a bad neighbor, that is no reason why the state should make itself disagreeable in its own household. "Not long ago," said the World, "the Panhandle was as lawless as the Rio Grande." The New York Times was inclined to facetiousness and remarked that Texas might annex Mexico and placate the rest of the United States by making Mr. Burleson governor-general. Texas, however, will refuse to be bothered by the advice of New Yorkers who are blind to the seriousness of the situation, and our State Senate will continue to grind out resolutions whenever it feels that the national government is lagging with respect to a national duty.

RELATING TO CONFEDERATE PENSIONS AND INCREASING RATES FOR PAYMENT OF SAME

House Joint Resolution No. 35.
 Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate Soldiers, sailors and their widows, who have been citizens of Texas prior to Jan. 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven (\$07) cents on the \$100.00 valuation of property in this State for the payment of such pension, providing that the Legislature may reduce the rate of pension for such purpose, fixing a time for the election to be held on such amendment, and making appropriation to pay the expenses thereof;
 Be it resolved by the Legislature of the State of Texas:
 Section 1. That Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:
 Sec. 51. The Legislature shall have

no power to make any grant of public money in any individual, association of individuals, municipal or other corporations whatsoever, provided however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows in indigent circumstances and who have been bona fide residents of this State since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who under special laws of the State of Texas during the war between the States served in organizations for the protection of the Frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the States and to widows of such soldiers who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this section shall not apply to women born since the year 1896, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension funds of this State under existing law or laws hereafter passed by the Legislature, and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven (\$07) cents on the \$100 valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied. And provided further that the provisions of this section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified voters of this State at an election to be held on Tuesday after the first Monday in November, A. D. 1919, at which all voters shall have printed or written on their ballots: "For amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been residents of this State since January 1, 1910," and "Against amendment to Section 51 of Article 3 of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows."

Sec. 3. The Governor is hereby directed to issue the proclamation for said election and have the same published as required by the Constitution and

law of this State, and the sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of the general fund of this State not otherwise appropriated for expenses of publications and elections thereunder.
 GEORGE F. HOWARD,
 Secretary of State.

FLYER WHO VISITED PLAINVIEW JULY 4th KILLED IN DALLAS

Second Lieutenant Edward M. Anderson, who was one of the Fourth of July crowd at Plainview, was killed Saturday, at Love Field, Dallas, when the right wing of a machine he was piloting from Wichita Falls to Love Field collapsed and the machine went into a nose dive.

Lieutenant Anderson was preparing to land when the accident occurred, and the machine fell from an altitude of 100 feet.

Maryland Canning Club Does Its Bit

Every girl in the Salisbury (Md.) Canning Club gave a glass of jelly to the Red Cross last year. This was for the soldier boys who were in the hospitals. Canning club girls learn to make jelly under the direction of the home-demonstration agents sent out by the Department of Agriculture and the State colleges, and their products are of extra quality because they are made just right. Not content with this bit of patriotic service the same club then voted to adopt a war orphan. The money to support one was raised by the members selling enough of their canned products last fall to provide the necessary amount. They plan to pay for the care of the same orphan again this year.

We will buy your Vendor's lien notes. 11-17 Baskin Abstract & Title Co.

THE STATE OF TEXAS
County of Deaf Smith
City of Hereford.

I, Annie J. Price, Tax Collector for the City of Hereford, do hereby certify that the foregoing is a true and complete list of Delinquent or Incomplete taxes on property assessed on the Tax Rolls of said City for the year 1918.

Annie J. Price
City Tax Collector.

Subscribed and sworn to before me this 14th day of July, 1919.

A. O. Thompson,
County Clerk, Deaf Smith County.
By A. L. Blazes, Deputy.

RED CROSS HOME SERVICE
AIDING 386,673 FAMILIES

A report on "Home Service" of the American Red Cross issued recently shows that 386,673 families

of soldiers and sailors are still being assisted through this medium. The service is probably in touch with more than 500,000 families, as only 58 per cent of the Home Service sections reported.

Grants and loans of money to the amount of \$566,063.75 were made in one month recently. While this is but a comparatively small part of "Home Service," money relief in the past fourteen months has totalled \$6,836,760. This money is taken from the Red Cross chapter treasuries which are maintained from the chapter's portion of membership dues and war funds.

During the war the Home Service cases ran as high as 700,000 at one time. Engaged in this work were more than 30,000 Home Service workers, 28,000 of whom were volunteers. In addition to the experienced social workers, more than 1800 persons were trained in the Home Service institutes maintained by the American Red Cross throughout the country. Of

the 3700 chapters engaged in this work, 2900 were in communities with a population of less than 8000. With the return of the men from abroad the work has decreased, but there yet remains much to be done in the difficult period of readjustment. It has been decided as the need of Home Service with the families of soldiers and sailors decreases, that chapters may undertake work with other families where the field is not already covered by other social agencies.

Standardizing Live-Stock Breeds

The farm bureau of Grafton County, N. H. is demonstrating how such an organization can help develop community enterprises. The community chairman in Oxford found that fifteen farm-

ers in his immediate vicinity of pure-bred Berkshire hogs. He felt this was a good foundation for standardizing the swine of the community, and asked the county agent for assistance in strengthening and extending interest in breed. He arranged a meeting which the county agent set to the advantages of community specializing in one breed. As a result the farmers formed a breed association and voted to help sale of registered stock each year. Many examples show the value of a community breeding a certain line of stock rather than a member of the community breeding along his own individual line, says the United States Department of Agriculture.

Bring Your Printing To The Best

**LET THE
LITTLE FORDSON
DO YOUR
WORK**

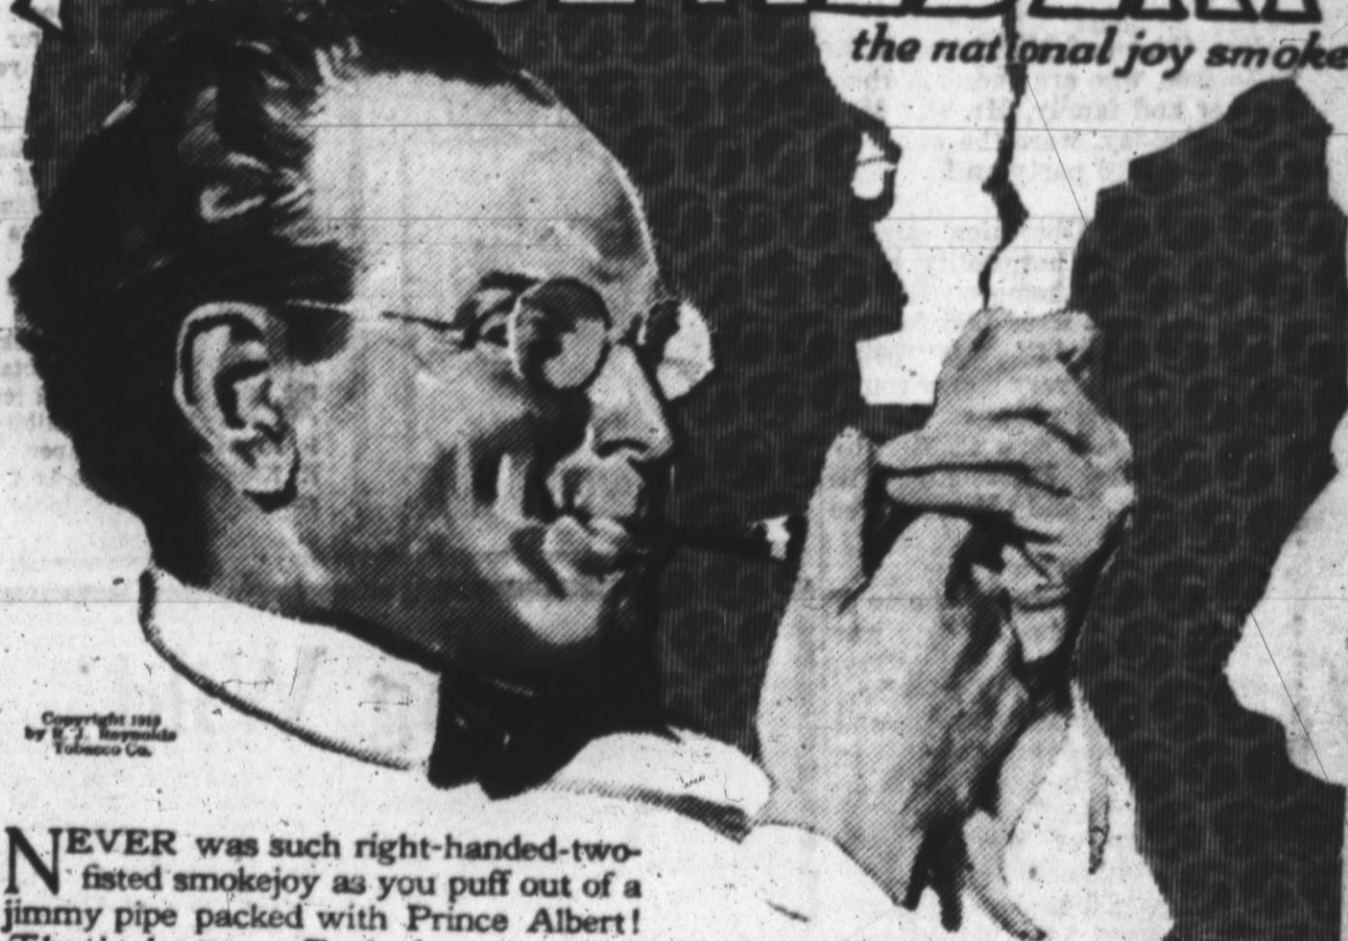

A test of the Fordson Tractor was made at Wichita, Kansas. The test was crowding a seasons work into thirty days. The test was begun on June 16th and on July 12 the Tractor had cut 220 acres of wheat; dragged 44 miles of road; plowed over 100 acres of land; plowed, disced and planted 8 acres of cane; to say nothing of cutting feed, sawing wood and other farm work. The Tractor was run day and night the engine not being permitted to stop more than five minutes during the entire time.

PRINCE ALBERT
the national joy smoke

NEVER was such right-handed-two-fisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! That's because P. A. has the quality!

You can't fool your taste, apparatus any more than you can get five acres out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

Toppy red bags, tidy red tins, handsome pound and half-pound tin humidors—and that classy, practical pound crystal glass humidior with sponge moisture top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

SOCIETY AND CLUBS

MISS CECIL GILLILAND, Phone 29

Last Sunday, Aug. 3, the Junior B. Y. P. U. enjoyed a fine program. We had a good crowd and much interest was taken though we wish to have a larger crowd next Sunday.

We want all of the boys and girls from the age of twelve up to sixteen to join our Union and enjoy our meetings. Be sure and be there next Sunday afternoon at five o'clock. Miss Dottie Owen is our leader now.

A very jolly slumber party was that given last Tuesday night by Mrs. Stegall at her home for the Young People's Missionary Society, of which she has charge.

In the evening, about eighteen girls assembled on the lawn for a picnic supper and general good time. No sooner had they arrived than each of the girls entered heartily into the events of the evening. Music and games were enjoyed until a late hour, then the young people retired to their pallets on the lawn.

Soon after breakfast the girls returned to their homes all declaring Mrs. Stegall a very genial hostess.

Mr. and Mrs. G. P. Owen entertained a number of young people last Tuesday evening in honor of Miss Lola Chaffe, of Wichita, Kansas, who is visiting in the home of Mr. and Mrs. A. H. Owen.

The Owen home was very attractive with its beautiful lawn and flowers and the many cut flowers added much to the beauty of the occasion. For a short time upon arriving the guests were entertained by a few interesting games of "42" then they were ushered to the lawn where a very unique lawn party was enjoyed. The evening was filled to the overflowing point with lively out-door games, and the laughter of the happy crowd was heard until a late hour.

Refreshments of ice cream and cake were served to about twenty-five guests.

Wednesday, August 13th., the Junior Missionary Society, under the leadership of Mrs. Escar Harrison, will entertain the Methodist Missionary Society at the church.

The little folks are going to show us how a live Missionary Society is conducted and are preparing an excellent program.

Every member is urged to be present.

A number of fishing parties and other entertainments have been enjoyed this week in honor of Mr. and Mrs. Rothbaum and Mrs. Grace Upchurch, who are visiting Mr. and Mrs. Homer Wilkinson.

On Thursday evening of last week a fishing party was enjoyed. The fish seemed almost as anxious to be caught as the "Fishers" were to catch them and as a result a fish fry was enjoyed. On Sunday a number of carloads motored to the T. C. Ivey Ranch and spent the day. The day was spent in various ways of amusement and to see the many Hereford cattle was indeed a treat to the visitors. Then again, on Tuesday of this week another trip to the creek was enjoyed.

Mrs. Cline and Miss Monday, of Tennessee, who are guests of their brother and family, Mr. and Mrs. A. G. Monday, were the honorees of a delightful party on Saturday afternoon.

Mrs. F. H. Oberthier, always charming in her hospitality, opened her spacious home on this occasion. Tables were laid for the very popular "42" and "500." At the close of a very merry round of games a delicious ice course was served by the hostess assisted by her daughters, Misses Elizabeth and Francis, and Miss Grace Smith.

The beautiful bungalow home of Mr. and Mrs. Walter Dunlap was the scene of a delightful party, when on Thursday afternoon from four to six thirty Mrs. Dunlap and Miss Clara Dunlap received in honor of Mrs. Cline and Miss Monday, of Knoxville, Tennessee.

The beauty of the receiving rooms were enhanced by the artistically arranged baskets of gladiolus and sweet peas with potted ferns. From a flower covered table fruit nectar was served by Misses Elizabeth Black and Elizabeth Oberthier.

A number of musical selections vocal and instrumental, furnished by Misses Mounts, Oberthier and Black added greatly to the pleasure of the occasion.

The guests were served in the dining room with a delicious iced tea and sandwich course by Misses Sena Mae Mounts, Lara Gregg, Dora Dunlap and Mattie Mounts, Madames Laird and Rolson

ably assisted the hostesses in receiving guests and dispensing cordial hospitality without formality.

Henry-Williams

Delbert Henry and Miss Zola Williams were united in marriage on last Tuesday, August 2nd, in Kansas City.

The bride, who is a daughter of Mr. and Mrs. Sherman Williams, has been attending business college in Kansas City for the past six months.

Immediately after the ceremony the bride left for Hereford, where she will visit for a month with her parents, after which she will join her husband in Kansas City where they will make their home.

Mrs. Henry is one of Hereford's most charming and popular young women and will be greatly missed by her many friends, though the entire community join in extending best wishes and hearty congratulations.

Pig club boys, as well as a number of hog breeders of Madison County, Fla., are beginning to use self-feeders for hogs. The local county agent now has requests from about 30 club members for assistance in building feeders. The first self-feeder in the county was built by two brothers, who have been members of the pig club for three years. They began their club work with one pig each, have become enthusiastic, and now have a herd of 65 pure-bred Durocs. Since the pig club was organized in the county three years ago, pigs have been placed with 228 boys.

SEARCHING THE STATUTES

A judge in Chicago boosted the price of a kiss from \$10 to \$25 last week, and recently at Wichita Falls, this state, a man paid a girl \$20 for the privilege of osculation. In justice to Texas, however, it should be stated that the Chicago price was enforced while the one at Wichita Falls was voluntary.

It is not the purpose here to consider the question of the intrinsic value of a kiss. The subject has too many ramifications. It is the unsportsmanlike conduct of the Wichita Falls kisser that deserves attention.

When the pretty girl—she was pretty, for who would pay good money to kiss a homely girl?—had been kissed, the newspaper article informs us, the man took the \$20 away from the girl. On the face of the facts, it was an unworthy performance, unless, indeed, the man, having sampled, took the money in order that he might pay for another kiss.

The astonishing thing in the affair, according to the newspaper account, was that the law officers of Wichita Falls were "searching the statutes." Why search the statutes? Wasn't the man plainly guilty of highway robbery?

The kiss was obtained through operation of a perfectly valid contract. A consideration passed, as the law requires. The kiss was the property of the man. The money belonged to the girl. The man was a robber, and the punishment should be made to fit the crime.

BUY W.S.S. SAVE AND SUCCEED

STATE FAIR PREMIUM LIST NOW BEING DISTRIBUTED

COMPLETE PLANS AND DETAILED INFORMATION GIVEN FOR VICTORY EXHIBITION.

The complete Premium List, or catalog, for the Victory Exhibition, State Fair of Texas, is just off the press and is now being distributed. If you have not received a copy, write for one at once.

It is a book of 120 pages, size 4x6 inches, printed in two colors, with a beautiful cover design depicting "Victory" presenting the attractions of the State Fair at Dallas.

This premium list is the most comprehensive and informative of any of the many excellent lists compiled by the Fair management. It is the personal work of Secretary W. H. Stratton.

Portraits of the State Fair Officials appear as follows: Col. Jno. N. Simpson, President; E. L. Flippen, First Vice President; Louis Lipsitt, Second Vice President; J. B. Adoue, Treasurer; and W. H. Stratton, Secretary.

In appropriate feature department headings are shown portraits of the directors as follows: F. P. Holland, Director in Charge of Cattle; W. J. Yopp, Dairy Products; R. K. Gaston, Horses, Jacks and Mules; E. L. Flippen, Swine; J. J. Eckford, Sheep and Goats; S. T. Morgan, Poultry and Pet Stock; Alex Sanger, Art and Textile; Royal A. Ferris, Agriculture; J. C. Duke, Implements and Machinery; S. I. Mueger, Automobiles; Louis Lipsitt, Commercial Exhibits; Wiley Blair, Manufacturers; R. E. L. Knight, Educational Exhibits; E. J. Kleist, Press and Publicity; H. A. Olmsted, Athletics; E. M. Kahn, Rentals and Concessions; William Doran, Gates and Tickets; and A. A. Jackson, Coliseum Attractions.

Portraits of the various Department Superintendents also appear. They are J. E. Hoog-Scott, General Supt. Live Stock; J. P. Lee, Hereford; G. E. King, Shortboms; W. H. Hill, Aberdeen Angus; J. W. Mann, Red Polled; Geo. R. King, Horses, Jacks and Mules; H. E. Singleton, Swine; J. M. Jones, Sheep and Goats; Walter Burton, Poultry; T. I. Wood, Agriculture; T. P. Robinson, Apiary; H. H. Williamson, Boys' Encampment, week of Oct. 8th to 11th inclusive; Miss Laura F. Neale, Girls' Encampment, week of Oct. 14th to 17th inclusive; C. E. Andrews, Caged Birds; Mrs. Fannie T. Howard, Textile and Culinary.

Detailed information is given regarding the award of the more than \$75,000.00 offered as premiums for Live Stock and Agriculture, as well as many other departments. Many new premiums are announced.

HORSE BREEDERS OFFERED \$5,430.00 BY STATE FAIR

PLANS BEING MADE FOR MAGNIFICENT SHOW IN OCTOBER.

Horse breeding is being given greater impetus by the State Fair of Texas. Many magnificent thoroughbred horses will be shown. Cash premiums aggregating \$5,430.00 are offered at the Victory Fair for thoroughbreds; standard bred trotters; saddle horses; saddle horses—under saddle; saddle horses—walk, trot, canter; roadsters; draft geldings, and mares; shetland ponies; Percherons; Morgans; Suffolks; Belgians; Jacks, Jennets and Mules.

There are also special prizes in this department. The Percheron Society of America offers special silver medals, trophies and ribbons.

There are many sections of Texas where it will be necessary to use teams for driving and for many grades of farm work for many years to come, experts say.

Desiring to help produce animals with better bone and that are better bred, the State Fair of Texas offers \$1,530.44 in cash premiums for Jacks, Jennets and Mules at the Victory Fair this fall.

The Standard Jack and Jennet Registry of America offers \$200.00 and ribbons. The Texas Jack and Jennet Association offers a total of \$200.00 for four best jacks and jennets shown and owned by one exhibitor. Director R. K. Gaston and Superintendent Geo. R. King promise the best Horse Show yet, at Dallas in October.

PLEASE POULTRY SHOPPERS BY PROPER MARKETING

Uniform products command the best prices. Pure-bred fowls produce uniform products.

Begin marketing the cockerels as soon as they weigh 1 pound or attain a marketable weight.

Market white-shelled and brown-shelled eggs in separate packages.

When selling eggs to the country merchant or cash buyer insist that the transaction be on a quality basis.

Ship or deliver eggs at least twice or three times weekly.

Small or dirty eggs should be used at home.

When taking eggs to market they should be protected from the sun's rays.

Infertile eggs will withstand marketing conditions much better than fertile eggs.

OVERSEAS NURSES WILL DISCUSS HEALTH TOPICS

Red Cross nurses who have seen service overseas and who are experts on the subject of public health nursing will address audiences at 274 Chautauqua assemblies in Missouri, Kansas, Texas, Arkansas and Oklahoma, during the next few weeks.

They will speak informally on matters pertaining to public health nursing, prevention and cure of disease, dietetics and each will outline the advantages of the nursing profession as a career for girls. These official Red Cross representatives will address 97 Chautauquas in Kansas, 90 in Missouri, 13 in Oklahoma, 70 in Texas and 4 in Arkansas.

SHERIFF'S SALE

STATE OF TEXAS, COUNTY OF DEAF SMITH

By virtue of an Order of Sale issued out of the Honorable District Court of Deaf Smith County, on the 21st day of July, 1919, by the Clerk thereof, in the case of The First State Bank and Trust Co., of Hereford, Tex. versus A. T. Howell and Mary W. Howell.

No. 1171—and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on Monday, the 18th day of August, A. D. 1919, at the J. J. Perkins farm seven miles west of Hereford the following described property, to-wit:

- 1 Sorrell mare, about 4 yrs. old, 14 1-2 hands high,
- 1 Gray Horse, about 2 yrs. old, about 14 1-2 hands high.

DELCO-LIGHT
The complete Electric Light and Power Plant

Clean, safe electric light and power at the touch of a convenient button.

Ford Garage

- 1 Buckskin Horse, about 2 yrs. old about 14 1-2 hands high,
 - 1 Black mare mule, about 2 yrs. old about 14 1-2 hands high,
 - 1 Sorrel mare, 3 yrs old about 15 1-2 hands high,
 - 1 Bay yearling mare,
 - 1 Buckskin yearling horse,
- levied on as the property of A. T. Howell and Mary W. Howell to satisfy a judgment amounting to \$5177.00 in favor of The First State Bank and Trust Co. of Hereford, Tex. and cost of suit.
- Given under my hand, this 5th day of August, 1919.
C. S. PURCELL, Sheriff.

Will Receive Army Equipment.
Surplus engineering and road-

building equipment that is to be turned over abroad by the War Department to the Department of Agriculture for distribution among the State highway departments in accordance with the Federal aid road act and its amendments, will be received in France by a special representative of the Department of Agriculture, who also will arrange for its transportation to this country. The special representative is James B. McCord, who until recently was on the staff of Col. Arthur Woods, assistant to the Secretary of War. Mr. McCord has been acting for the Bureau of Public Roads in the transfer of surplus engineering equipment in this country.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

STATE FAIR POULTRY SHOW TO EXHIBIT 6,000 BIRDS

PLENTY OF POULTRY INFORMATION FOR ALL AT VICTORY FAIR AT DALLAS.

The Poultry Show will be greatly enlarged and improved at the Victory Fair in October. \$2,500.00 in cash premiums will be awarded. This includes numerous specials offered by the Texas Barred Rock Club. Two thousand new steel coops, sufficient to accommodate 6,000 birds, have just been purchased by Walter Burton, of Arlington, the Superintendent of the Poultry Department. These have been made necessary by the large number of entries already received. All coops will be modern and sanitary.

A new feature will be the complete educational department provided through the co-operation of the Extension Department, Texas A. & M. College. Prof. Kazmeier will be in charge. The care of poultry and other barnyard fowls will be outlined in detail. Oats sprouters, methods of proper feeding, hatching, incubators, their timing and temperature, the layout and arrangement of poultry houses, methods of getting rid of mites, lice, and other vermin, and many other vitally important subjects to poultrymen; will be explained by experts. No charge will be made for this information. It will be free to all, and will be found of great value not only to amateurs but also to experienced poultrymen.

The annual meeting of the Texas Barred Rock Club will be held at the Victory Fair. It will be a perfect Poultry Paradise.

Miss Lillian Hazel, Extension Department A. & M. College, Boys and Girls Club work, advises 1,000 birds will be entered from the boys and girls alone.

The judges for the contests will be E. C. Branch, Lee's Summit, Mo., who judged the recent state poultry show James Tucker, Royal Oak Mich., and G. D. McClaskey, Kansas City.

SPECIAL AGRICULTURAL PREMIUMS AT VICTORY FAIR

HUNDREDS OF DOLLARS OFFERED BY ENTERPRISING CONCERNS.

Special cash premiums aggregating \$300.00 are offered for the best agricultural displays by the Texas Land & Mortgage Company, Ltd., of Dallas, divided as follows:

For the best county exhibits, first premium \$75.00, second \$50.00; third \$40.00; fourth \$35.00.

For the best and most diversified exhibit of corn, cotton, small grains, and any other farm products from one individual farm of 80 acres, or less in Texas, crop of 1919, first premium \$30.00; second \$20.00. For best display from farm over 80 acres, first \$30.00; second \$20.00.

The Dallas Cotton Exchange offers \$500.00 for the best bale of cotton grown in Texas in 1919, grades from middling to good-middling to be considered as follows: 1 1/4 inch staple \$250.00; 1 1/2 to 1 3/4 inch staple \$150.00; 1 3/4 inch staple \$100.00. Bales intended for this contest should be shipped to Shippers' Compress & Warehouse Company, Dallas, Texas, to arrive not later than Oct. 4, 1919. Notice of shipment should be sent to N. W. Nolley, Secretary Dallas Cotton Exchange, Dallas, Texas.

These special premiums are all in addition to the \$10,000.00 appropriated by the State Fair at Dallas—\$5,000.00 for county displays and \$5,000.00 for individual farm displays.

Now is the time to prepare samples for these contests.

MUSIC, MIRTH, MAGIC AMONG VICTORY FAIR AMUSEMENTS

NO EXPENSE BEING SPARED TO SECURE HIGH GRADE ATTRACTIONS.

The spirit of Victory, in its highest sense, will prevail at the Victory Fair this fall.

Mirth, music, magic will reign. Regardless of individual taste, all will find something to amuse, to thrill, to instruct, to awe, and to startle at the Victory Fair at Dallas.

Military bands will be there to soothe or sway with their charming strains. There will be exhibitions of skill and digital dexterity to jar you out of your lassitude. Marvelous stunts, appearing to deliberately defy the laws of nature, will startle you. One of the world's greatest Magicians will appear—and disappear. \$1,000.00 is offered to any one who can find him. There will be legerdemain, illusions, mysticism that will baffle even the most peripatetics.

Headliners, only, attractions of highest grade, are being booked. Many of these are world-renowned artists who are under contract to originate entirely new acts, new songs, new musical selections, new presentations of different character for the Victory Fair.

Daring auto drivers will compete for new laurels in high speed contests. The latest, most intricate torpedochases attractions will be presented by illustrious fancy dancers in shimmering attire. There will be pyrotechnical, spectacular, scenic, productions, which for gorgeousness will eclipse anything ever shown before. Vandeville stars will twinkle. Music of all instruments, and voices in many harmonious combinations will delight the ear and charm the mind with their beautiful interpretations of classical, standard, popular and jazz selections.

The Cattle Situation

(Continued from page 6)

entire South, are not wanting to sell their products at this time and the prices they have named, they named with the aim in view of not selling any products and every time they name price and the buyer purchases, the next time they name a higher price. From this you can readily see that your interest will be best protected by waiting to purchase your cake and meal requirements until the mills begin operating which will be not earlier than September and we would suggest that you hold off purchasing your requirements until in October; regardless of the conditions that may exist with you unless you can get the cake shipped at an early date. You will gain nothing by buying at this time for September or October shipment and the probabilities are that you will save \$15 to \$20 per ton by waiting.

Prior to the war the price averaged about \$23 per ton f. o. b. the mill, basis 43 per cent protein. The Food Administration set what they considered an equitable price; We thought that they set the price too high, but probably they had information from both sides that justified the price they named of \$57 f. o. b. the mill, basis 43 per cent protein, nut size cake, 100 lb. sacks, and while we do not believe conditions justify and warrant a higher price than last year, granting that the cost of operation of oil mills, living cost and other expenses have increased, we do not see where it is possible for cake or meal, basis 43 per cent protein, to be worth over \$60 per ton f. o. b. the mill.

While there is a shortage of grass and feed in Colorado, Montana and Idaho, conditions were never more favorable in Texas, Oklahoma, New Mexico, Kansas and Arizona and these sections use more cake than all the rest of the range region of the United States together.

The officers of our Association are ever alert to watch your best interest and by the combined efforts of all livestock associations, we can accomplish much and if you will kindly ask the association that you belong to get out a letter to its membership on the above subject we can be of great help to all cottonseed cake users.

We are getting out something like 32,000 letters, sending them over the great cattle-growing region of the United States and to seventy-four live stock associations, and we ask that you see your fellow cowman and enlist him in this great movement, thereby properly safeguarding your interest.

Hoping that you will give this matter your careful attention I am,

Yours truly,
J. H. Avery, Secretary

TRACTOR-ARTILLERY AND HOWITZERS AT STATE FAIR

U. S. WAR DEPARTMENT TO SEND
BIG SHIPMENT OF HEAVY
GUNS TO DALLAS.

After a two weeks' visit to Washington, where he went in the interest of the Victory Fair, Secretary W. H. Stratton returned to Dallas the other day, well pleased with the results of his trip.

While in Washington Secretary Stratton arranged with the War Department for an exhibition of modern war implements that will require a small train to transport it to Dallas.

This exhibition will consist of tractor artillery, anti-aircraft guns, heavy howitzers and other of the lugger and more formidable engines of warfare invented, perfected and used by Uncle Sam in his recent victorious onslaughts against the Hun.

This display will be quite different from anything of the kind previously exhibited at fairs, or on Liberty Loan trains, in this district. It will be a liberal education in modern warfare.

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance.

**RELATING TO SPECIAL TAXES BY
CITIES, TOWNS AND COUNTIES
FOR PUBLIC IMPROVEMENTS,

Dollars valuation, upon a majority vote of the qualified property tax payers voting at an election held for that purpose, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 9 of Article 8 of the Constitution of the State of Texas be so amended that the same will hereafter read as follows:

Section 9. The State tax on property, exclusive of the tax necessary to pay public debt, and the taxes provided for the benefit of the public free schools, shall never exceed thirty-five cents on the One Hundred Dollars valuation; and counties, cities and towns are authorized to levy not exceeding thirty-five cents for city or county purposes, and not exceeding thirty cents for roads and bridges, and not exceeding fifteen cents to pay jurors, on the One Hundred Dollars valuation, exclusive of taxes levied for the payment of debts incurred prior to the adoption of the amendment September 25th, 1883; and for the erection of public buildings, streets, sewers, waterworks, improvement of cemeteries, and other permanent improvements; a not to exceed fifty cents on the One Hundred Dollars valuation, in one year, and except as in this Constitution otherwise provided and qualified voters, who have been assessed or paid property tax of any county or subdivision thereof now existing or that may hereafter be defined by the Commissioners' Court, may at an election called in accordance with the law authorizing the levy of a special tax, by a majority vote levy a special tax not exceeding sixty cents on the one hundred dollars valuation on all property for the further improvement and maintenance of public roads provided that this provision shall be self-enacting and that no part of such tax shall be available to pay an indebtedness incurred prior to the current year for which said tax is collected, except to pay indebtedness now existing, and provided further that such levy may be voted off or charged at any time by a majority vote of those qualified to vote under this provision. And the Legislature may pass local laws for the maintenance of public roads and highways, without the least notice required for special or local laws.

amendment shall be submitted to a vote of the qualified electors at an election to be held for that purpose on the fourth day of November, A. D. 1919; at said election the vote shall be by official ballot which shall have printed or written thereon the words "For the amendment to Article 8, Section 9 of the Constitution of the State of Texas providing for the levy of taxes not to exceed thirty cents for roads, streets and bridges, and not to exceed fifty cents for the erection of public buildings, streets, sewers, waterworks and other permanent improvements, and not to exceed sixty cents for maintenance of public roads in one year." and, also, the words "Against the amendment to Article 8, Section 9 of the Constitution of the State of Texas providing for the levy of taxes not to exceed thirty cents for roads, streets and bridges, and not to exceed fifty cents for the erection of public buildings, streets, sewers, waterworks and other permanent improvements, and not to exceed sixty cents for the maintenance of public roads, in any one year." All voters favoring this proposed constitutional amendment shall erase the words, "against the amendment to Article 8, Section 9 of the Constitution," etc., and those opposing it shall erase the words "for the amendment to Article 8, Section 9 of the Constitution," etc., which words shall be made by making a mark with pencil or pen through said words. All ballots cast as above provided shall be counted as cast for or against this proposed amendment; and if a majority of the votes cast shall be for the amendment, it shall be declared adopted; if a majority of the votes cast shall be against the amendment, said amendment shall be lost.

Sec. 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of funds in the State Treasury not otherwise appropriated to defray the expense of such publication and election.

GEORGE F. HOWARD,
Secretary of State.

STENOGRAPHER GETS NOTICE OF 8000-BARREL OIL WELL ON HER LAND

The Plainview Herald says that Miss Mary Cox, well known in Plainview as a stenographer, received a telegram recently telling her that the oil well being drilled on her holding near Desdemona had come in, flowing 8,000 a day.

Miss Cox said that she had wired to confirm the message, but had not received a reply, and while she is certain the oil is there, she says she is not confident that the message that the well has come in is absolutely true.

According to Miss Cox's drilling contract, she is to receive two-fifths of the production. This would mean 3,200 barrels a day, and at \$2.00 a barrel would mean a daily income for Miss Cox of over \$6,000.

How Old Is The Chicken You Buy? Or How Young?

A good method of determining the age of dressed fowl, according to specialists of the United States Department of Agriculture, is to grasp the end of the breast bone farthest from the head between

the thumb and finger and attempt to bend it to one side. In a very young bird, such as a broiler chicken or a green goose, it will bend easily like the cartilage of the human ear. In a bird a year or so old, it will be brittle and, in an old bird, tough and hard to bend or break. Unscrupulous dealers sometimes break one end of the breast bone before showing the bird on the market, in order that the buyer will believe the bird to be a young one.

ENTHUSIASM FOR GOOD ROADS IS AT HIGH TIDE IN TEXAS.

Highway building in Texas is at its highest tide since impetus was given to it by the State and Federal aid. It is estimated by the State highway engineers that more than \$20,000,000 worth of roads are now under construction. Bond issues in counties and subdivisions of counties are of weekly occurrence and the agitation for good roads is so general that enthusiasts believe that all the State highways in Texas will soon be built and maintained in a high state of usefulness.

Representative C. O. Laney, the

bond amendment which the people will vote on next November, estimates that \$200,000,000 will be available for road construction in the State during the next 5 years if road bonds contemplated are issued. Counties in the State have already voted or now have pending road bonds amounting to \$23,670,000, the State will receive Federal aid money amounting to about \$9,000,000 this year with approximately \$20,000,000 allotted for the next three years.

Dallas County, on May 24, voted to issue road bonds to the amount of \$6,500,000. The plan provides for a complete belt line around the county, with 12 roads radiating out from Dallas to all sections, and in addition 6 intermediate roads.

The system provides for 332 miles of road, and in addition feeder roads amounting to about 100 miles will be improved by the decrease in maintenance expense. Federal aid amounting to \$250,000 had been allowed to Dallas County for its highway development, and a large number of motor trucks will be assigned to assist in the construction work.

This Dallas bond issue was by far the largest amount ever submitted in any county in Texas, and it is one of the largest voted anywhere in the country.

Many counties near Dallas have voted bond issues for large amounts. Collin County voted \$3,000,000; Tarrant, \$1,650,000; Titus, \$1,500,000; Kaufman, \$1,450,000; Rockwell, \$800,000; and Ellis, \$250,000. Tarrant County will soon vote on a proposed issue of \$3,500,000, and there are several other counties which have pending issues.

The average price of corn at the farm is usually higher in Illinois than in Iowa, and for the five crops preceding the war the difference was greater in the second half of the corn-consumption year, 4.6 cents per bushel from May to October, than in the first half, 1 cent from November to April.

Pointers in Preparing Poultry of all Kinds For Various Table Uses

First Essential, Give the Fowl No Food for 24 Hours Before Killing; Other Rules That Help to Make Clear a Task That Seems Difficult.

Cleaning chickens and washing clothes have long been nightmare-like tasks on the housewife's calendar. With that automatic laundryman, the mechanical or electric washing machine, Dame Genius has simplified one of these problems, and now the U. S. Department of Agriculture is "over the top" with a scheme which irons the wrinkles out of the problem of preparing fowls for the table. Drawing and cutting up a chicken for cooking or canning is as much an art as the proper interpretation of a Mendelssohn symphony, but study and practice will soon develop the novice into an expert. The operator can remove the entire digestive tract without smearing the meat in any way, and can pack the flesh and bones from the average mature fowl into a quart jar.

The first essential is to give the fowl no food for 24 hours before killing. The bird should be killed by sticking it through the roof of the mouth, and should be plucked dry. After the feathers have been removed and the pin feathers drawn, the fowl should be cooled rapidly. When cool, it should be singed and washed carefully with a brush.

Precautions in Butchering
Precautions to observe in butchering the chicken consist in removing the wings after cutting off the tips at the first joint, removing the feet, cutting at the knee joint; removing the legs at the hip or saddle joints and cutting through the connecting joints to separate the thigh from the leg. With a sharp knife sever the neck bone at the head. Care should be taken not to cut the windpipe or gullet. With the index finger separate the windpipe and gullet from the neck and cut through the skin to the wind-bag opening. The head should be left attached to the windpipe and these organs should be loosened from the neck down as far as the crop.

With a sharp-pointed knife next cut around the shoulder blade, pulling it out of position and spots on the ribs and cut along them through the ribs. Also cut the back to and around the vent, and loosen it. Leaving the head attached, loosen the windpipe, gullet and crop, and remove the digestive tract from the bird. Then remove the lungs and kidneys with the point of the knife and cut off the neck close to the body. Cut

through the backbone at the joint just above the diaphragm and remove the oil sack. Then separate the breast from the backbone by cutting through on the white spots and breaking.

It is essential to cut in sharply at the point of the breast bone and to remove the wishbone with the meat. The fillet should also be cut from each side of the breast-

bone, while the bones of the breast should be bent in.

How to Can Chicken
In packing the fowl for canning purposes use a quart jar. Pack the saddle with a thigh inside, the breast bone with a thigh inside; the backbone and ribs with a leg inside, the leg downward alongside the breastbone; then the wings, the wishbone, the fillets,

and the neck, but do not pack the giblets with meat.

Fuller directions for the home canning of chickens, meats, soups, fruits and vegetables, may be found in farmers' bulletins of the United States Department of Agriculture, which will be supplied free of charge to anyone requesting them from the Division of Publications.

Yes, it's toasted

YOU know how much toasting improves bread. Makes it taste good. Of course—more flavor.

Same with tobacco—especially Kentucky Burley.

Buy yourself a package of Lucky Strike cigarettes. Notice the toasted flavor. Great! Nothing like it. The real Burley cigarette.

Guaranteed by The American Tobacco Co.

Karo

Give your children Karo and sliced bread. It takes the place of candy—satisfies Nature's Craving for sweets. Give them all they want. It means more health and strength.

There Are Three Kinds of Karo

"Crystal White"—in the Red Can; "Golden Brown" in the Blue Can; "Maple Flavor"—the new Karo with plenty of substance and a rich Maple Taste—in the Green Can.

IMPORTANT TO YOU—Every can of Karo is marked with exact weight in pounds of syrup contained. Do not be misled by packages of similar size bearing numbers only and having no relation to weight of contents.

FREE Every housewife should have a copy of the interesting 68-page Can Products Book. Beautifully illustrated and full of information for good cooking. It is free. Write us today for it.

Report of Circle Number Three
When our Circle received the invitation to meet at Mrs. Tubb's attractive home the members anticipated a pleasurable as well as a profitable occasion.
The serio-comic reading, so well rendered by Mary Valentine, was quite a treat and put everyone in a happy frame of mind.
The meeting was opened by singing, a general favorite, "I Need Thee Every Hour," accompanied by Mrs. Mounts.
Mrs. Pitman led the devotional by reading the 4th chapter of Luke; very appropriate to the lesson, about the divinity and mission of Jesus. One verse said: "And all bare him witness, and wondered at the gracious words which proceeded out of his mouth."
An earnest prayer by Mrs. Bourn.
The lesson was: "The Story of Jesus—the sweetest story ever told." Mrs. Gilliland, our president, made it very instructive with questions and discussions.
It was a joy to have with us a gain Mrs. J. M. Gilliland.
After an interesting business session, there were confessions and experiences that put us on a higher plane, and will make each one more loyal to the Circle and to each other. Miss Miller and Mrs. Dr. Hicks related helpful incidents.
Mother LeGrand offered the closing prayer.
By request, Mrs. Tubb gave a reading, "Patay." Everyone was held spell bound during the recital and at the close profuse praise appreciation were given her.

To avoid a barrel of trouble buy a barrel of Magnolia Safety Oil, a nice clear kerosene. Phone 371.

We are in the market to buy

We have our Plant arranged and equipped to handle your Grain satisfactorily. To do this we have expended both thought and money.

One Big Mess

—we mean the political situation just now. A Republican Congress is trying to discredit Woodrow Wilson, regardless of consequences. The High Cost of Living has the world stirred up. Strikes are breaking out all around us daily. War Reconstruction times are with us.

BUT—don't worry. The Hereford country is solid and prospering. Cattle are fat and prices are bound to hold fairly well. Feed crops are abundant and bringing good prices. All is well.

Let us keep our feet on the ground and our heads level and stick to the slogan of "Business as usual."

Come and See Us.

BIG MEN OF AFFAIRS

buy insurance as a matter of course, as a purely Business Proposition. Keen men of millions would not waste their time or money on insurance if they did not KNOW, from long years of experience, that it is a GOOD INVESTMENT. The Test of Time is the gauge of any business proposition. Time has shown that the man who does not provide liberal insurance for his property and his family is a very poor business man.

All insurance is better than none, but as is the case in any other business, there is some BETTER insurance. Call in and look over the list of true and tried Companies we represent.

All Branches of Insurance and Bonds.

T. K. WILSON

No Public Weighers in Deaf Smith County

Austin, Texas, July 31—According to the Secretary of State there are no public weighers in Deaf Smith County.

Under the act passed by the Thirty-sixth legislature early this year, provision is made for a public weigher in each of the seven justice precincts in the county, if in the judgment of the Commissioners court that number of weighers is necessary. Weighers heretofore elected are to continue in office, and in precincts where there are no weighers the appointment is to be made by the County Commissioners, within sixty days from June 18, 1919. The new law requires that each public weigher must give a bond in the sum of \$2500.00; must be reported to the Commissioner of Markets and Warehouses and from him receive a commission, must have a seal and take an oath of office. The law provides that no person can act as a weigher for the public for hire without being appointed or elected and that he must qualify as stated. It follows therefore that only an individual can qualify.

If the new law is followed to the letter, it will make more important the office of public weigher. The Public Weighers association of Texas, recently organized with Ed. K. Marrast of Galveston president, is cooperating with the Department of Markets and Warehouses to see that weighers are appointed in each county and to bring about the enforcement of the letter of the law. This association has established headquarters at Austin, and every public weigher in the state is being urged to join. The organization will hold a state meeting at the Oriental hotel in Dallas August 21, 1919, at which all those things will be discussed. Information regarding the new association can be had by inquiry addressed to P. O. Box 447, Capitol station, Austin, Texas.

Bathing suits, abbreviated and Seemore types, are coming in for quite a bit of severe criticism from the pulpits of our loved city. Hee never tried to swim with a Mother-Hubbard on, but after gazing at a mental picture of ourselves with this sort of a fish-uniform on, we have to "laff." Or perhaps an overcoat would be better. If the Great Controlling Influence should personify itself and come before us and ask for a demonstration out at Brother Studer's pool, and you should take some fair lady of pleasing proportions and doll her up in a sane look-at-me-ain't-I pretty bathing suit, place her out on the end of the spring-board poised for a dive, do you think the Controller would put in his time lamping this said Venus, or would he move on down the beach where he could see his Hee, in his wet, clinging Mother-Hubbard, lobe about three jumps and hit the water all spraddled out? The world is progressing. It is living above a great many things that were considered evil in younger days, and we are getting around, most of us, to the knowledge that evil is not generated in a bathing suit, nor in the cut of it, nor the hang of it. The mental attitude, and that includes the moral and other attitudes, is the thing that makes or breaks dear, sweet daughter, or lovely, ootsey wife, and if her attitude is wrong she wouldn't be safe in a suit of boiler iron, and the only thing that will place her

out of harm's way is chloroform or some other finish-fluid. Criticism when coming from the minds of men who are just and who are known as thinkers, is an excellent builder, but it is frequently the reflection of an incorrect thought or line of thought and creates nothing but antagonism, and antagonism never helped anybody. Personally, when we go to take our annual bath we don't care to be handicapped by a flowing robe, that would take all the pleasure out of the exercise and probably drown us. In our wanderings we have seen some of the greatest bathing resorts on earth, and the people who wanted to wear a night gown for a uniform were not molested, nor were the swimmers with the gee-string interfered with. It is a matter of taste or choice, this uniform business, and if purity of thought and of action is an art of the wearer, then an evil mind is the only mind that can find fault. Also, personally, it always amused us to have some person, light in and tell us where to head in when we had a sneaking idea that he hadn't been any further up the creek of know-it-all than we had. Here's hopin' they make 'em shorter.—Canadian Record.

PERMITTING PRISONERS TO SHARE IN THE NET PROCEEDS FROM THE STATE PENITENTIARY SYSTEM.

House Joint Resolution No. 35. Proposing an amendment to Article 16 of the Constitution of the State of Texas, by adding a new Section thereto to be known as Section 60; providing that the Legislature shall have power to enact laws authorizing a division of the net proceeds arising from the operation of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents; providing for the submission of a proposed amendment to a vote of the people, and making an appropriation to defray the expense of such election.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto a new section to be numbered Section 60 as follows:

Section 60. The Legislature shall have power to authorize a division of the net proceeds arising from the operation of the prison system during any one fiscal year between the State of Texas and the prisoners confined in the Penitentiary during said fiscal year or any part thereof, or their dependents in such proportion as the Legislature may determine, not to exceed fifty (50) per cent to such prisoners or their dependents.

Section 2. The foregoing amendment to Article 16 of the Constitution of Texas shall be submitted to the qualified electors of this State for its adoption or

rejection, a special election hereby ordered for the fourth day of November, 1919. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following: "For amendment to Article 16 of the Constitution, authorizing a division of the net proceeds of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents." Those voting against its adoption shall have printed or written on their ballots the following: "Against the amendment to Article 16 of the Constitution authorizing a division of the net proceeds of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents." Previous to the election the Secretary of State shall cause to be printed and forwarded to the County Judge of each County, for

use in said election, a sufficient number of ballots for the use of the voters in each County, on which he shall have printed the form of ballots herein prescribed, for the convenient use of the voters.

The sum of five thousand dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, to defray the expenses of publishing and procuring, and printing and distributing the necessary tickets and blanks for use in said elections.

Section 3. The Governor of the State is hereby directed to issue his necessary proclamation ordering this election, and have the same published as required by the Constitution and laws of this State.

The DALLAS JOINT STOCK LAND BANK

1003 MAIN ST. DALLAS, TEXAS
(UNDER U. S. GOVERNMENT SUPERVISION)

The Trailmobile

WHAT THE TRAILMOBILE IS

The Trailmobile is a four-wheeled, well-planned trailer, designed with the utmost care as to details of construction, rigidity, tracking, load capacity, etc. Tested unmercifully, it has proven a wonder for endurance. Winter or summer the Trailmobile is always ready. It can be attached to truck or passenger car and be made to go anywhere at automobile speed.

Your automobile represents an investment. A Trailmobile represents interest on that investment. Make your investment pay.

As a time saver, it will reduce hauling time at least 60 per cent. As a labor saver, it saves at least the time of one man. It increases the load capacity of the truck. It is a big saving in materials, doing the work of a truck, requiring less material to make. It is a necessity in high-speed transportation. It is a convenience for taking care of excess loads.

It is of superior construction and workmanship, rigid, sturdy, safe and sure. It is both economical and indispensable. See us for Demonstration.

LESS HUMPTY HUMPTY EGGS

The number of eggs broken in transit, it is believed, could be greatly reduced if only sound, new cases were used, paper packing employed, a proper system of unloading on the covers followed, and an efficient method of stowing and bracing the cases in the car practical. A study of egg cases has established exact facts as to thickness of the wood, and has shown that there is a right and a wrong way to drive every nail employed in putting the case together.

The Cases That Does Not Affect the Soundness of the Eggs and Isative Effect. L.A.K.A. TAYLOR, BROWN, QUINLAN, is better than ordinary Quinine and does not cause nervousness and dizziness. In local pharmacies or the best mail order for the same. E. W. GROVE, Inc.

PROVING FOR THE SEPARATION OF THE STATE UNIVERSITY AND THE AGRICULTURAL AND MECHANICAL COLLEGE, AND FOR BOND ISSUES BY EACH.

House Joint Resolution No. 29

A Joint Resolution to amend Article 7, Sections 10, 11, 12, 13, 14 and 15 of the Constitution of the State of Texas, which article relates to education, and which sections provide for the establishment and support of the University of Texas, the Agricultural and Mechanical College of Texas, and for a branch college for the instruction of colored youths; provides that the Texas State Medical College and the School of Mines at El Paso shall be branches of the University of Texas; provides that said University, said Agricultural and Mechanical College, and said College of Industrial Arts shall be separate State institutions and independent in organization; provides for the sale of the lands belonging to the University of Texas permanent fund, and for the disposition of the proceeds of such sale and all securities between the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View Normal and Industrial College; directs that the respective parts of each shall become the permanent fund of each institution and how it shall be invested; provides that the University of Texas and the Agricultural and Mechanical College of Texas may utilize the permanent fund of each as a basis for the issuance of bonds for improvements, and for redemption of such bonds from the income of such permanent funds; provides that the governing board of the Agricultural and Mechanical College may make provisions for permanent buildings for the Prairie View Normal and Industrial College from the proceeds of bond issues by the said Agricultural and Mechanical College; and declares said Prairie View Normal and Industrial College a Constitutional branch of the Agricultural and Mechanical College; provides that the Legislature shall make provisions by appropriation for the maintenance and development of the University of Texas and the Agricultural and Mechanical College, and for the development and support of the College of Industrial Arts, the Normal Schools, the Prairie View State Normal and Industrial College; provides for the authority to the University of Texas and the Agricultural and Mechanical College, pending division of the University endowment, to issue bonds redeemable from the income of the endowment, and granting authority to the Legislature to make appropriations to supply any deficiency; provides that the Legislature shall give encouragement and direction to the development of a University of the first-class, and an agricultural and Mechanical College of the first-class, and a College of Industrial Arts of the first-class; provides for the submission of the proposed amendment of the Constitution to the people, fixing the date for election to be held, and making an appropriation to pay the expense of said election.

Be it resolved by the Legislature of the State of Texas: Section 10. That Sections 10, 11, 12, 13, 14 and 15 of Article VII of the Constitution of the State of Texas, which Article relates to education, and which sections provide for the establishment and support of the University of Texas, the Agricultural and Mechanical College of Texas, and a branch college for the instruction of colored youths, be amended to read as follows: Section 10. In pursuance of constitutional authority and direction the State having established the University of Texas at Austin, in Travis County; the Agricultural and Mechanical College of Texas at College Station, in Brazos County; and the Prairie View State Normal and Industrial College for the instruction of the colored youths of the State at Prairie View, in Waller County; and the Legislature having established the College of Industrial Arts at Denton, in Denton County, the said University of Texas, the said Agricultural and Mechanical College of Texas, and the said College of Industrial Arts for white girls, are hereby declared separate state institutions and independent in organization. The Texas State Medical College, located at Galveston, in Galveston County, and the School of Mines, located at El Paso, in El Paso County, are constituted branches of the University of Texas. The Prairie View State Normal and Industrial College for the instruction of colored youths is constituted a branch of the Agricultural and Mechanical College of Texas.

Section 11. To better enable the University of Texas and its constitutional branches: the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College, to fulfill the purposes for which created, all lands and other property heretofore set apart and appropriated for the establishment, endowment, and maintenance of the University of Texas and its constitutional branches, together with the proceeds of the sale of such

lands heretofore made, or hereafter to be made, for the support and benefit of either institution, shall constitute a permanent fund for the University of Texas, the Agricultural and Mechanical College of Texas, and for the Prairie View State Normal and Industrial College; provided, that when the permanent University endowment shall, by constitutional and statutory authority, be apportioned to the institutions named it shall be divided between the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View State Normal and Industrial College in the following manner: To the University of Texas, six and two-thirds (6 2/3) per cent, and the Agricultural and Mechanical College of Texas, thirty-three and one-tenth (33 1/10) per cent; and the governing board of the Agricultural and Mechanical College of Texas shall apportion to the Prairie View State Normal and Industrial College for colored youths such part of, or interest in, the said thirty-three and one-tenth (33 1/10) per cent as may be determined equitably by said governing board. The principal of all funds accruing to each institution from the division of the University endowment under the provisions of this section shall, whenever the said endowment is divided, constitute the permanent fund of each, and shall be invested as the permanent public free school fund is now or may hereafter be authorized by law to be invested; and the governing board of the University of Texas and the Agricultural and Mechanical College of Texas shall be authorized, with the approval of the Governor, and in the manner to be provided by law, to issue bonds for permanent improvements, such bond issues to be based upon the permanent funds of the institution issuing them; and the governing board of each institution shall make provision from the income derivable from its permanent fund for the payment of all bonds issued under its authority as may be provided by law.

Sec. 12. The lands set apart to the University fund shall be sold under such regulations, at such times, and on such terms as may be provided by law, and the Legislature shall provide for the prompt collection, at maturity, of all debts due on account of University lands heretofore sold, or that may hereafter be sold, and shall in neither event have the power to grant relief to the purchasers. And, until such time as the University endowment fund shall be divided, in accordance with constitutional and statutory authority, the proceeds from the sale of lands, as realized and received into the Treasury of the State, together with such sum belonging to the funds as may now be in the Treasury, shall be invested as the permanent public free school fund is now or may hereafter be authorized by law to be invested; and any income accruing thereon, and any income from the use of the said University lands, shall be subject to appropriation by the Legislature, and may be available for the redemption of bonds based on the University endowment and to be redeemed from the said interest and income from the use of the land, as may be provided by law, to aid in the construction, equipment and maintenance of the University of Texas and the Agricultural and Mechanical College of Texas, and the total of such bond issues outstanding shall at no time exceed four and one-half million dollars; and the Legislature is hereby authorized to appropriate out of the general revenues of the State such moneys as may be necessary to cover deficiencies in the interest and sinking fund accounts of the bond issues herein provided for. Provided, that the one-tenth of the adequate sections of the lands granted to railroads, reserved by the State, which were set apart and appropriated to the establishment of "The University of Texas" by an Act of the Legislature of February 11, 1858, entitled "An Act to Establish 'The University of Texas,'" shall not be included in or constitute a part of the permanent University fund.

Sec. 13. The Legislature shall provide by appropriation for the equipment, maintenance and development of the University of Texas, and the branches of the said institution named in this Article and such other branches as may be hereafter established by law: for the Agricultural and Mechanical College of Texas and its branches as now or hereafter may be established by law; for the College of Industrial Arts for the education of white girls; for State Normal Schools; and for the Prairie View State Normal and Industrial College for colored youths.

Sec. 14. The Legislature shall give encouragement and direction to and make provision for the educational activities of the respective State institutions provided for in this Article, and as may be adequate for the promotion of literature and the arts and sciences, pure and applied, and for instruction in all those branches of learning which relate to agriculture, animal husbandry, the natural sciences, pure and applied, connected therewith, the mechanic arts and military science and tactics, requisite to the development of an Agricultural and Mechanical College of the first class; and for the education of white girls in the literary branches, the arts and sciences, and in social and domestic economy of the age, as may be necessary to establish and maintain a College of Industrial Arts of the first class for white girls, and for instruction in all branches requisite to the development of normal schools of the first class.

Sec. 15. The Prairie View State Normal and Industrial College for the instruction of colored youths of the State, Waller County, as a branch of the University of Texas, is hereby declared a branch of the Agricultural and Mechanical College of Texas. And in lieu of the separate apportionment of a part of the University endowment, as authorized in Section 11 hereof, the said Board of Directors of the Agricultural and Mechanical College may apportion to the Prairie View State Normal and Industrial College such part of any fund realized from any authorized bond issue by the Board for the purpose of permanent improvements as the Board may determine to be equitable and the fund so apportioned shall be available only for the purpose of constructing permanent improvements for the said Prairie View State Normal and Industrial College.

Sec. 2. The Governor of this State is hereby directed to issue and have

published the necessary proclamation for the submission of this proposed amendment to the Constitution of the State, to the qualified voters of the State, said election to be held throughout the State on the first Tuesday in November, 1919, and all voters favoring the amendment shall have written or printed on their ballots the words: "For the amendments to Sections 10, 11, 12, 13, 14 and 15 of Article VII of the Constitution of the State of Texas, fixing the constitutional status of the University of Texas, the Agricultural and Mechanical College of Texas, the College of Industrial Arts at Denton, Texas; the Sam Houston Normal Institute at Huntsville, Texas; the North Texas State Normal at Denton, Texas; the Southwest Texas State Normal at San Marcos, Texas; the West Texas State Normal at Canyon, Texas, and the East Texas State Normal at Commerce, Texas, and other State educational institutions, and determining the interest, respectively, of the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View State Normal and Industrial College in the University permanent fund; and providing for the support, direction, and development of State Educational Institutions."

Those opposing the amendment shall have written or printed on their ballots the words: "Against the amendments to Sections 10, 11, 12, 13, 14 and 15 of Article VII of the Constitution of the State of Texas, fixing the constitutional status of the University of Texas, the Agricultural and Mechanical College of Texas, the College of Industrial Arts at Denton, Texas; the Sam Houston Normal Institute at Huntsville, Texas; the North Texas State Normal at Denton, Texas, the Southwest Texas State Normal at San Marcos, Texas, and the East Texas State Normal at Commerce, Texas, and other State educational institutions and determining the interest, respectively, of the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View State Normal and Industrial College in the University permanent fund; and providing for the support, direction and development of State educational institutions."

Sec. 3. The Governor is hereby directed to submit this amendment to the qualified voters at an election to be held throughout the State on the date herein specified, and the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of the general revenue not otherwise appropriated, for the purpose of issuing the proclamation and publishing the amendment as re-

quired by the Constitution and laws of this State. GEORGE F. HOWARD, (Attor—A True Copy) 25-47

KIDNEYS WEAKENING? LOOK OUT! Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you fall a victim to incurable disease. Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarium Oil Capsules now. Take three or four every day until you are entirely free from pain. This well-known preparation has been one of the national remedies of Holland for centuries. In 1898 the government of the Netherlands granted a special charter authorizing its preparation and sale. Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarium Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other, in sealed boxes, three sizes.

Shallow water section 7 miles from town. Joining irrigation well. \$20.00 per acre, 1-4 cash, balance 1 to 5 years, 6 percent. 50 head high grade heifer yearlings for sale.
