GIANT CROWD VISITS 1920 EXPOSITION OF RESOURCES OF HEREFORD AND VICINITY

(Note: Owing to the great mass of details involved and lack of space, it is impossible to give all entries and all credits this week. Additional details will follow in the next issue.)

There seems to be no dispute about the statement that the largest crowd ever assembled in Hereford for one particular occasion was here last Saturday the last day of the Hereford Fair. There were at least 2,000 at the Roundup; the football game claimed a big share; and still you could not stir them with a stick down town. Automobiles stretched out in every direction, on all streets. Everybody and his kinfolk was here.

The Fair itself, taken as a whole, was a dandy. With the exception of grade cattle, every regular department was filled with exhibits, excellently arranged, acceptably handled, attractive and pleasing. The Ladies Department was a study in beauty. The various clubs of the city had charge of the different divisions. The Bay View Club, Art Department, took first prize, \$15.00 cash; The Delphian Club, Fancy Work Department, second prize, \$7.50 cash, and the Mothers' Club, Canning Department, third prize, blue ribbon. It was close judging between these splendid booths and the U. D. C. Culinary Department and the Music Study Club's Flower booth. The latter featured phonographic selections from Oscar Seagle, the great singer that this hustling organization will bring to Hereford on December 2.

The Merchant's Department on the ground floor of the Courthouse was, as usual, a magnet for the visitors, displaying artistic tastes in decorations, and much ingenuity in displaying the various wares sold by the business men of the city. Hughes & Crouch captured first prize for merchants' display, while the First State Bank took the ribbon in the bank competition. The booth of the Boy Scouts, decorated by Allen Bell, was undoubtedly the best thing of the kind ever attempted in Hereford. The booth was a camp scene, with kaskki tent and sleeping quarters, camp fire, with camp biscuits ready to eat, bacon in the pan, smoke-soiled coffee pot, etc., and the scene was more realistic from the presence of a typical "hound dog," with a rope around his neck, lazily snoring near the fire. The boys took the purple ribbon with this exhibit.

Down at the stock barn the crowd surged in and out for two days, wondering at the class of stuff shown. The Hereford breeders displayed sixty head of aristocratic animals. Competent judges stated it to be the best large display of good stuff ever shown in the Panhandle. As always at Hereford, the cattle show, was the heavy end of the entire fair. It was a wonderful showing.

Harley Neal, of Dawn, showed four Percheron mares, of the Bisque and Brilliant strains, one six years and over, one five and over, one four and over and one three and over. They attracted great attention, as well as the long string of ribbons and trophies hung before their stalls, evidence of the long string of victories in the show ring they have snared in recent years. Mr. Neal has fourteen head of these blooded animals on his farm at Dawn.

The Dairy department showed twelve head of fine Jersey and Holstein milkers. More and more of good dairy stock is being brought into the county every month, and next year the dairy people promise a display that will open the eyes of the public. This time the showing made was excellent and the best yet for the Hereford Hereford Fair.

The hog pens were full, three classes, the Duroc Jerseys, Holsteins and Berkshires, being numerously represented, with the Hampshire breed represented by a splendid specimen from Sulphur Park Farm. Two out-of-town breeders, Posey Cunningham, of Spring Lake, and H. C. Roffey, of Canyon, took an active interest in the entries and both won cash prizes and ribbons.

The poultry department was helped out materially by the unusual display of pet stock. The thanks of the Fair management were extended to Namey Bros. of Castro county for their wild geese display. Talk was heard at the display booths of organizing a Poultry Association here at once, to encourage the raising of more and better poultry in this section.

The Roundup drew immense crowds and pleased them both days. The Hereford band, augmented by several out of town musicians, furnished music for all occasions most acceptably, both football games were liberally patronized, and the young people enjoyed a dance each night.

The agricultural department was tastefully arranged, thanks to the

hard work put in by President McDonald of the Chamber of Commerce, and Superintendent A. O. Thompson. Several Castro county farmers participated. The wheat show especially was tremendous, the best wheat ever seen here being on display. C. O. Axtell, winner of first wheat money at

Plainview and Wichita, captured the money here in close competition, the judge's score being 80.875, and the weight over 63 pounds. He was pressed closely by W. J. Fryar, of Bellview, N. M., who took the red ribbon and second cash prize with wheat that fell only slightly under the Axtell entry. Mrs. A. Lowtner had the best farm and garden display from one farm, with Mrs. W. T. Smith second.

It was a splendid effort on the part of the people as a whole—worth the price in every way. A great deal of sentiment developed during the two days for an organized Fair Association, and it is possible that this may develop into something tangible before another year.

Local Facts Tell Story of Need of New Amendment

We have about 650 pupils enrolled in our schools—or 100 more than a year ago. Should we have any further increase in numbers—and we fully expect to have—we will need more room. How is this to be provided? We are paying our teachers this year about 25 per cent more than last year, and yet we have had great difficulty in filling the places at the prices we are able to pay.

If we want more experienced teachers, we shall have to pay more money. It costs us practically \$50.00 per school year for each pupil. We expect to receive from the State school funds this year about \$14.50 per pupil, which is much more than we have ever received before, and more than we can expect to receive in the future, because this year we had a special appropriation. The difference between \$14.50 and \$50.00 per pupil must be raised by local taxation.

We have made some necessary repairs upon our buildings but more are needed. We need further equipment in several departments to get the best results, but we have not the money to pay for them.

The school board is doing the best they can with the money available. With more money we could give you a better school.

Are the children worth the money? Let every one who favors better schools vote for the school amendment on November 2nd.

If this amendment carries, the people of Hereford Independent School District will have the right to decide for themselves what rate of taxation they shall pay for the support of their own schools.

At present, we can only collect a tax of 50c on the \$100.00 valuation, which we find to be not enough to give us the schools our children need and should have.

Classy Football Played in Games Here During Fair

Again Hereford split even in two football games the past week, during the Fair. On Friday the Amarillo High school team gained the decision over the local school boys, 13 to 7, by a hair-line decision of the referee, and on Saturday the Town Team surprised their most ardent admirers, as well as a large delegation from Canyon, by shutting out the Normal team, 15 to 0.

Both games were hard and a hard fight from start to finish. In the school game the backfield stars, Jowell and Terry, ably seconded by Captain Stigall scored one touchdown against their heavier opponents, and really scored another, although it was not allowed. Jowell put the ball across the line on the fourth down, but a tangle of Amarillo players under him held him off the ground so that it was almost impossible to place the exact position of the ball. The referee gave the decision to Amarillo. Otherwise, the game would have been tied at least, and if the goal had been kicked Hereford would have won.

The game was featured by long runs by Jowell and Terry, and by splendid line work on the part of Landis Burns and McIntyre at center. Hereford's first touchdown by Jowell was directly attributed to a gap torn in the Amarillo line by Burns that a wagon could have been driven through. Steady work by McIntyre throughout aided much in holding the Amarillo backs.

The game Saturday between the town team and the Normal was a revelation as to the strength of the men who composed the local eleven. With the backfield badly crippled by the loss of Captain Elliott and Bobo McLean, through injuries, it was thought the outlook would be doubtful. But the magnificent line presented by Hereford was simply impregnable, and the make-shift backfield, composed of Paul Jowell, full back, Cliff Acker and Lee Terry, halves, and Claude Skelton, quarterback, punched holes in the Normal line and shifted the ends when it was necessary to do so.

Skelton ran the team in a heady way and played a good game individually. The line held like a stone wall. In the third quarter Canyon had the ball just eighteen inches from the Hereford goal, with four tries to carry it over. They lost on every buck they started and Hereford finally took the ball away from them yards back of where they started from.

Hereford's first was a safety in the second quarter. Canyon had the ball on her own four yard line and attempted a kick. Lester Wilkinson at center flattened out his opponent and J. L. Fuqua broke through the hole thus opened and spilled the Canyon back behind his own goal line. The two touchdowns were made by straight football.

Canyon brought over a big delegation of rooters, including President Hill, and fought hard for victory. Coach McCorkle stated that his men were new to each other as yet and had not had time so far to develop team work. They put up a game battle at that. Both teams used a great many substitutes and continually shifted their lineup, so that it was almost impossible to keep track of all the changes.

The High school team is scheduled to go to Farwell Friday of this week for a return game; following which they will entertain Clovis at Hereford on Friday, October 23.

The Town Team has a game scheduled for next Saturday, October 23, with the Santa Fe Shop Team of Clovis. The game will be played on the High School grounds and will be called promptly at 3:30 o'clock.

PROSPECT GOOD TO BRING IN MCGEE

There is nothing especially good to announce in regard to the oil development of Quay county. The Dripping Springs well is waiting for casing. Three of the wells near Nara Visa are down near the 2,000-foot depth and the formations are said to be extra good in some of them.

At the McGee well southeast of Tucumcari the drillers are busy pulling casing. They are sure the six-inch will soon be out of the way and it will then be an easy matter to pull the eight and ten. As stated last week it will take three weeks longer to clear the well so the shot can be made at the 2,200-foot depth.

In speaking of the chances of striking oil at this depth Mr. Adams, a scout who was here when that depth was reached a few months ago says: "I think the chances are excellent. I have always thought the well should have been shot at that depth. The prospects for oil look better in the Tucumcari field than any other part of the state."—Tucumcari News.

WHEAT EXHIBIT AT WICHITA SUCCESS

The Brand is in receipt of the following report on the International Wheat Show at Wichita, Kansas, from Frank R. Jamison, Secretary of the Panhandle-Plains Chamber of Commerce:

"AMARILLO, TEXAS, Oct. 18.—The International Wheat Show came to a close last Saturday night at midnight in the city of Wichita, Kansas, having been in operation for two weeks continuously and having been visited by multiplied thousands of people from all over our Nation.

"You are, no doubt, aware that the Panhandle-Plains Chamber of Commerce presented an exhibit at that exposition and we now have the honor to assure you that it was the main attraction at the Wichita Wheat Show. Among our exhibits, also, were to be found specimens of wheat that equalled all and excelled most of the wheat exhibited from elsewhere, although ours was gathered without consultation of the score board.

"One of the attractive features of

our exhibit was the large relief map showing the entire 28 counties of the Panhandle, indicating the agricultural possibilities, showing the lines of railroads, highways, elevations and depressions, oil and gas development, cattle sections, school and social possibilities. This feature of the exhibit attracted the close attention of thousands of persons who are earnestly interested in land that will produce wheat and that is rich in other agricultural possibilities.

"So gripping was this map feature that we were invited to take it back to the state of Illinois for exhibitive purposes. However, our booth showed every sort of a product indigenous to the soil of any farming country and was pronounced by all who entered the booth to excel all displays of its kind and character on the floor.

"Onions that weighed three pounds from Muleshoe, Soudan from Canadian that measured 11 lbs. 6 oz., with an estimated yield of 20 tons per acre; wheat from Dimmitt, Pampa and Canyon that tested 63 lbs.; Indian Corn from Texhoma, as good as it ever grows, apples from Hemphill, and every other product you can think of

apex the unmistakable value of the Texas Panhandle whose attraction was awarded first place from the very start.

"This has been an expensive piece of publicity but at the same time has been the most valuable and far reaching effort ever put forth by this portion of Texas in exhibiting its possibilities before the world.

"The map has been shipped back and we hope you will call and inspect it."

"23 1/2 Hours' Leave" Filmed

How Sergeant William Gray put one over on his Colonel and incidentally won the latter's daughter, is the theme of a sprightly screen comedy

which will come to the STAR THEATRE for Monday and Tuesday, October 25 and 26. This picture is called "Twenty-three and a Half Hours' Leave," and is the screen version of Mary Roberts Rinhart's story that appeared in a popular magazine recently. Doris May and Douglas McLean are introduced as co-stars in

their first production by Thomas H. Ince. The film is released by Paramount-Artcraft.

American farmers planted 14,000 acres to hemp in 1930, according to the United States Department of Agriculture. The crop is valued at about \$1,500,000.

To the Sheriff or any Constable of Deaf Smith Co., Greeting:

Oath having been made as required by law

YOU ARE HEREBY COMMANDED to summon John J. Zinser, The Saint Louis Cattle Loan Company, of St. Louis, Mo., a corporation, and The Woodrow Parker Company, of Toledo, Ohio, a corporation, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 60th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 60th Judicial District, to appear at the next regular term of the District Court of Deaf Smith County, to be holden at the Court House thereof, in the City of Hereford, on the 1st Monday in November, A. D. 1920, the same being the first day of November, 1920, then and there to answer a petition filed in said Court on the 29th day of September, 1920, in a suit, numbered on the docket of said Court No. 1259, wherein W. E. Neal is Plaintiff, and Albert Zinser, John J. Zinser, W. P. Lupton, The Saint Louis Cattle Loan Company, of St. Louis, Mo., a corporation, The Woodrow Parker Company, of Toledo, Ohio, a corporation, J. H. Russell, J. B. Elliston and J. A. Wear are Defendants, and said petition alleging in substance as follows:

The Plaintiff sues the Defendant, John J. Zinser, as Maker of, and the Defendant, W. P. Lupton, on his assumption to pay one note for \$500.00, dated March 13, 1916, executed by John J. Zinser to D. L. McDonald, due one year after date, bearing interest from date at the rate of 10 per cent per annum; and providing that all past due interest shall bear interest at the rate of 10 per cent per annum; and providing for the payment of 10 per cent on principal and interest as attorney's fees, if placed in the hands of an attorney for collection; and to foreclose a Vendor's Lien, securing the payment of said note on the W. 1-2 of the S. W. 1-4 of Section 86, Certificate 916, Grantee, Stone, Kyle & Kyle, Bk. K-3, Deaf Smith County, Texas, containing eighty acres.

And sues the Defendants, Albert Zinser and John J. Zinser, as Makers of, and the Defendant, W. P. Lupton, on his assumption to pay a note for \$8,507.37, dated October 16, 1916, due twelve months after date, bearing interest from date at the rate of 10 per cent per annum, interest payable annually; and providing that past due interest shall bear interest at the rate of 10 per cent per annum; and providing that on default in payment of said note at maturity, and it is placed in the hands of an attorney for collection, 10 per cent on both principal and interest shall be added as attorney's fees; said note executed by Albert Zinser and John J. Zinser to John Estes. And to foreclose a Deed of Trust, dated October 16, 1916, given by Defendant,

Albert Zinser, to CHE Estes, as Trustee, on Section 86, Certificate 911, Grantee, Stone, Kyle & Kyle, Bk. K-3, Deaf Smith County, Texas, containing 640 acres, and the said W. 1-2 of the S. W. 1-4 of said Section 86.

And sues the Defendant, W. P. Lupton, as Maker, and the Defendant, John J. Zinser, as endorser of three notes, all dated November 27, 1917, two for \$2,000.00 each and one for \$1,197.16; all maturing on or before six months after date, each bearing interest from date at the rate of 10 per cent per annum, interest payable annually; and each providing that past due interest shall bear interest at the rate of 10 per cent per annum; and each providing that if it is placed in the hands of an attorney for collection, then an additional amount of 10 per cent on the principal and interest, then due, shall be added thereto as attorney's fees; said notes executed by W. P. Lupton to John J. Zinser, and endorsed to Plaintiff by John J. Zinser; and to foreclose a Vendor's Lien on said Section 86, and the said W. 1-2 of the S. W. 1-4 of said Section 86, securing the payment of said three last named notes.

That Plaintiff is the owner of all of said notes sued on, and that they are all past due, and no part thereof, and no interest thereon, has been paid, except the interest has been paid on the note for \$8,507.37, to October 16, 1917, and on the two notes for \$2,000.00 each, and the one note for \$1,197.16 to May 27, 1919; and the Plaintiff seeks to recover the full amount of all of said notes, principal, interest, and attorney's fees, provided for therein, alleging that all of said notes were placed in his attorney's hands for collection on Sept. 1st, 1920, and that said attorney's fees are due.

Plaintiff seeks to foreclose his said two Vendor's Lien and his said Deed of Trust Lien on the respective tracts of land, as to and against all of the Defendants, and charges that his said Liens are superior to a Deed of Trust Lien, dated October 14, 1913, given by John J. Zinser and wife, to Albert Zinser, as Trustee, recorded in Book 30 at Page 359, Deed of Trust Records of Deaf Smith County, Texas, conveying to said trustee all of said Section 86, except forty acres in a strip on the E. side of said Section, which said strip is 1900 yrs. long and of sufficient width to contain said forty acres, to secure one note for \$11,800.00, dated October 1, 1913, due five years after date, executed by John J. Zinser and his wife to Defendant, The Woodrow Parker Company; and Plaintiff's said Liens are superior to a Deed of Trust, dated October 13, 1914, given by John J. Zinser and wife, to Albert Zinser, as Trustee, which is recorded in Book 30, at Page 361, Deed of Trust Records of Deaf Smith County, Texas, conveying to said Trustee all the W 1-2 of said Section 86, to secure one note for \$3,900.00, dated October 1, 1913, due five years after date, given by John J. Zinser and wife to Defendant, The Woodrow Parker Company.

And that Plaintiff's said Liens are superior to a Deed of Trust, dated June 10, 1919, recorded in Deed of Trust Records of Deaf Smith County, Texas, in Book 23, at Page 355, executed by W. P. Lupton to Clyde N. Mc-

Farland, as Trustee, conveying all of said Section 86 and all of the said W. 1-2 of the S. W. 1-4 of said Section 86, to secure the payment of one note for \$10,000.00, two notes for \$5,000.00 each, three for \$2,500.00 each, and one for \$1,906.12, all dated June 10, 1919, and due September 9, 1919, executed by W. P. Lupton to Defendant, The Saint Louis Cattle Loan Company.

That Plaintiff's said Liens are superior to three judgment Liens, and each of them, one in favor of Defendant, J. H. Russell against Defendant, Lupton, for the sum of \$519.20, recorded in the abstract of judgment records of Deaf Smith County, Texas, in Book 1, at Page 294; and one in favor of J. B. Elliston against Defendant, Lupton, for the sum of \$455.23, recorded in the abstract of judgment records of Deaf Smith County, Texas, in Book 1 at Page 290; and one in favor of Defendant, J. A. Wear, against Defendant, W. P. Lupton, for \$455.23, recorded in the abstract of judgment records of Deaf Smith County, Texas, in Book 1, at Page 290.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next

Announcement Party

The approaching marriage of Miss Lyde Wilson to Mr. Cliff Estes was announced to the immediate circle of her bride's close friends at a delightful evening party given at her home on Wednesday.

The guests were welcomed by Miss Kathryn Wilson and Mrs. Earl Wilson into rooms made wonderfully lovely by a lavish use of beautiful chrysanthemums. Here tables placed for "forty-two" foretold the program of the evening. Hand painted score cards showing dainty wedding bells were distributed by Miss Helen Lambert and the eager players entered into the game with an enthusiasm that spoke the pleasure the occasion afforded.

During the games the Edison contributed an entertaining musical program, and at their conclusion a delicious refreshment course, including bread and butter sandwiches, chicken salad, olives and fruit cocktail, was served. With the serving of the cocktail the wedding announcement was cleverly made, a tiny bluebird perched on the edge of each glass and bearing in its bill a card containing the inscription:

"Miss Clyde Wilson,
Mr. Cliff Estes
October Twenty-third,"

proclaiming the interesting event. The evening was one of especial pleasure to all of the guests and was a tribute to the warm friendship, which with most of the party began in early girlhood and continued through the years.

Those who enjoyed its pleasures were: Mesdames A. O. Thompson, Leslie Neal, Earl Wilson, A. G. Monday, John Williams, Carl Mounts, C. F. Cockrell, Misses Douglas and Kathryn Wilson, Cora and Helen Sisk, Ruth Owen, Vivienne Steekman, Zula Wood, Johnnie Estes and Clyde Wilson.

Entertain Amarillo Friends

One of the very pleasant social gatherings incident to the fair was that of Saturday when a party of Amarillo friends were entertained in the home of Mr. and Mrs. C. C. Ferguson, hostesses for the occasion being Mesdames J. H. Pitman, Chas. Donald, H. H. Hawkins, D. C. Laird, G. A. F. Parker and Miss Mattie Woodburn.

Yellow and white chrysanthemums effectively combined, formed the motif of a charming decorative scheme which reached its greatest beauty in the dining room, enhancing the attractiveness of a beautifully laid table, the feature of the occasion being an elaborate cafeteria dinner.

Characterized by an entire absence of formality and fairly radiating hospitality and good cheer, the dinner was in itself a real delight, while the opportunity it afforded for congenial association of friend with friend rendered it doubly pleasant.

Following the dinner, a "seeing the Fair," automobile party was formed and the remainder of the day was spent in sight seeing.

The day's pleasures were enjoyed by Mr. and Mrs. B. S. Arnold, Mrs. Henry Tandy and son, Mr. and Mrs. Neely, Mr. and Mrs. Newbold, Mrs. Radford, Mr. and Mrs. Stanberry and children, Mr. Chas. Wolfen, Col. E. T. Woodburn, Miss Mattie Woodburn, Mr. and Mrs. Chas. Donald, Mr. and Mrs. D. C. Laird, Mr. and Mrs. J. H. Pitman, Mrs. H. H. Hawkins, Mr. and Mrs. G. A. F. Parker, Mr. and Mrs. C. C. Ferguson.

Teachers' Picnic

The persistent call of the outdoors, so keenly felt during these balmy Indian summer days, was responded to on last Tuesday afternoon with one of the gayest picnic parties that have gladdened the time "since autumn winds began to blow."

The jolly affair was participated in by the faculty of the public schools and Mr. James Lipscomb, the latter providing means of transportation with his mammoth truck. Shortly after four o'clock school room doors

were closed upon every thought of pedagogics and all pertaining thereto, the merry company, well supplied with tempting lunch baskets, going at once to Sulphur Park.

Here, following an hour with the variety of pleasures this popular picnic spot has to offer, a camp fire was built over which bacon was broiled and wieners roasted. These were added to the delectable menu already prepared and the delicious supper, spread just before nightfall, was a fitting close to a delightful afternoon.

The party was made up of Supt. and Mrs. Fertach, Misses Millicent Griffith, Lucile Brand, Laura James, Velma Read, Ethel Williamson, Mattie Swisher, Mahala Williamson, Helen Sisk, Marie Haberer, Gusie Christian, Virginia Lowler, Faye Burrus, Elizabeth Corbett, Helen Friebele, Mrs. James Lipscomb, Mrs. C. S. Garrison, and Mr. E. L. Dornay.

Birthday Celebration

A family gathering that was the occasion of much pleasure to the participants, honored Mr. John Haberer on last Sunday, the occasion celebrating his birthday, with a magnificent dinner.

The dinner was served at the family home at twelve thirty o'clock immediately following the morning church service.

A long table, beautifully appointed and handsomely decorated with white and yellow chrysanthemums furnished an attractive setting for the bountiful display of tempting food tastefully served by Miss Marie Haberer, the daughter of the home.

The presence of all of the children was a feature that added especial pleasure to the occasion.

Besides the immediate family, there were present: Mrs. Mary Rose, a married daughter living at Big Square, with her family, Mrs. A. Mahaffey, of North Bend, Nebraska, a sister of Mrs. Haberer, and Rev. J. R. Sharp.

Mothers' Club

One of the most enjoyable meetings of the year was held by the Mothers' Club on Tuesday, with Mrs. E. S. Ireland as hostess.

The lesson subject "The Public School," was considered from various viewpoints, an excellent talk on "What a Mother can do to Help a School," by Mrs. E. F. Connell, bringing out many good and helpful ideas. "Moral Aims of the American School," was discussed by Mrs. J. E. McClurkin in an especially strong exposition of true American ideals for the public schools.

After a brief business period, the meeting was turned over to Miss Hyer, the public health nurse now at work in the schools, who gave a most

interesting talk on matters pertaining to health. Following this an open questionnaire furnished a profitable half hour.

A refreshment course consisting of devil's food cake with ice cream was enjoyed. Guests of the afternoon were: Mesdames E. M. Vanderburgh, C. R. Smith, Cy Orr and Walter Dunlap.

School Picnic

The pupils of the combined third and fourth grade of the public school, taught by Miss Elizabeth Corbett, were given an enjoyable outing on Saturday of last week.

The children were taken in cars to Sulphur Park and spent the day picnicking. At the noon hour a big dinner, with everything that goes to make up a palatable picnic spread, was enjoyed.

The jolly event furnished a day of unlimited pleasure for the fortunate little folks who shared its joys.

Soldier Makes Will Bet The "Sergeant" Takes a Big Chance in New Ince Picture

The millions of young Americans who went through the mill of training camp life will appreciate the audaciousness of one Sergeant Gray in "Twenty-three and a Half Hours' Leave," the picture at the STAR THEATRE Monday and Tuesday, October 25 and 26, who bet his pals he would breakfast with the Colonel the following morning and split a bran muffin with him. What made success all the more the dubious was the fact that the "SARGE" and the C. O. were about as friendly as a couple of strange bull dogs.

This is the situation at the beginning of the delightful Thomas H. Ince production, which was adapted from Mary Roberts Rinehart's well known "Sergeant Gray Stories." The picture introduces Doria May and Douglas

Tubb Shoe Shop

ALL KINDS OF BOOT AND SHOE REPAIRING
Hand-made Boots and Shoes to Measure

Hereford, Texas

TO OUR CUSTOMERS:

As time and conditions change, businesses change, and each of us are called upon to make decisions that will either permit us to go forward or backward. That time has arrived with us, and we are going to make one that will permit us to go forward we think.

Beginning October 18th we are going strictly to a cash basis. And we mean by that, cash to one and all—there will be no exceptions. We will have to have the cash before work and any purchases leave the shop. We do not make this change because you do not pay us and we are afraid to trust you, but because this is a very busy time and we are needed in the shop doing the repair work that you favor us with.

We appreciate your patronage and try at all times to give you the best service that it is possible to give. The time that we spend the first of every month collecting we could be getting out the work you are wanting.

Most of our accounts are small and it takes more time to come and see you than the account comes to. Then it will save you the trouble of being bothered with us collecting a 25 or 50 cent account. Below are more reasons why we must adopt a strictly cash basis:

1st. As you know money has been tight the past two or three months. The supply houses are demanding that we take care of our accounts promptly. This we cannot do when we are doing a thirty day credit business as that only gives us cash once a month, and our accounts at the wholesale houses are coming due all along through the month.

2nd. We do not have the capital to keep up our stock and meet these accounts when most of the work and sales we are making are being charged. We must depend upon our sales for the money to meet our expenses.

3rd. It only takes one time to pay these accounts and at the time of purchase is the best time for you and for us. At the first of the month your account is not larger than you were expecting, and it gives us money to operate on.

We know in making this change some of our customers may get offended when we refuse to let anything leave the shop without first being paid for. But we trust that you will cooperate with us by not asking us to charge anything as we will have to refuse you if you do. You realize that we cannot treat one customer different to another. We must treat all customers alike, giving each and everyone the same treatment. And if we were to break this rule for you it would place us in a position that we would have to break it for some one else. Then we would soon be doing a credit business again and would be in the same position that we now find ourselves—without capital to work on.

Thanking you for all your past business and asking that you continue to favor us with your business, and assuring you that we will give you service second to none, we are

Yours to serve,

TUBB SHOE SHOP.

In the Long Winter Evenings

which are nearly here, the time is going to hang heavy on your hands, that is, unless you have a Puritan, and an assortment of Emerson records. How the long winter evenings do fly, when you are listening to the old songs you heard and sang many years ago, the old favorite violin music which used to make you swing your foot, and does yet, to keep time to.

A Puritan Phonograph and an Emerson Record will take you back to the sweet long-ago, when you were young and the cares of the world pressed but lightly upon your head.

We'll be glad to show you, and to have you try our phonographs.

BASKIN RETURNS FROM OPERATION OKLAHOMA CITY

L. Baskin returned last week from Oklahoma City, after being absent nearly three weeks. Mr. Baskin says the Oklahoma crops this year are considered the best ever raised there, still they do not measure up to the crops raised in the Panhandle.

Mr. Baskin was fortunate in that he was permitted to hear both the presidential candidates speak. Governor Cox spoke on Oct. 2, while Senator Harding spoke on Oct. 9. Both candidates spoke to audiences of about ten thousand.

While in Oklahoma City Mr. Baskin underwent an operation for fistula, and this is what detained him so long.

CHURCH NOTES

First Christian Church

"The Big Church with a Big Welcome"

Several times our Bible School has approached the three hundred mark and next Sunday is the time set for it to go "over the top." A special program is being arranged with some wide awake songs and speeches. Supt. Claude Ricketts is adding new features every week, the latest addition being the birthday box in which every person who has had a birthday during the week can deposit a penny for every year he has lived. The money will go to swell the Children's Day Offering. Mr. Paul Corbett dedicated it last Sunday with an offering. The evening service was greatly hindered by the rain that came up just at church time and only seventy five showed up for the sermon. Mr. Asbell will combine last Sunday evening's sermon with the one for Sunday night, on "WHAT HAS SCIENCE DONE FOR THE BIBLE." This is another of the sermons for the younger set, a goodly number of youngsters have an idea that Science and Christianity are in a continual warfare. Come out Sunday night and see if we can get untangled. The subject of the morning service is "THE STEWARDSHIP OF LIFE." There was a small army of people at the church all day Wednesday making it shine and getting it ready for the Sunday services.

Bible School, nine forty five. Preaching and Communion, ten forty five. Christian Endeavor, five thirty. Evening preaching service at seven o'clock.

All these services begin right on the dot and not one second later.

J. M. Asbell, Pastor.
P. S. The mid-week service begins at 7 o'clock. We are studying the book of Matthew.

We invite you to attend any and all our services. Try our welcome.

REBUILDING CLOVIS TELEPHONE SYSTEM

The work of rebuilding the Clovis telephone system was commenced this week by the Mountain States Telephone Co. The work is in charge of C. Oakes of El Paso, Texas, who says he will have a crew of twenty men busy for four months before the new plant will be in operation.

The new system will be what is known as a common battery system and will be up-to-date in every particular. For several years 'Clovis' telephone system has been far behind the growth of the town and it has been impossible for patrons to be supplied with phones. This trouble will all be alleviated when the new system is completed.—Clovis News.

L. Lorens who are non-residents of the State of Texas to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Deaf Smith at the Court House thereof, in the City of Hereford on the 1st day of November, 1920, then and there to answer a Petition filed in said Court, on the 4th day of October A. No. 11, of the Town of Hereford, in Deaf Smith County, Texas and for costs of suit.

That said certificate provides for reasonable attorney's fees to be added in case default is made in the payment of either installment.

That on account of said default, it has become necessary for Plaintiff to employ an attorney to assist him in the collection of said certificate and did employ such attorney and agreed to pay him a reasonable attorney's fees for his services, which Plaintiff charges is \$100.00.

That said certificate was issued by the City Commission of the City of Hereford, pursuant to an ordinance passed and adopted by said commission

for the purpose of making certain street improvements and was, by said commission, fixed as a Lien against above described property, and a debt and liability against the Defendant, Carl Lorens, the owner of said property.

The kitchen shown here is an out-growth of the newest development in home building.

It was deliberately planned with the idea of making house-work easier. But whether you are planning a new home or not, you need a Hoosier Now. For the Hoosier—already the proud possession of two million American housewives—enables you to do your kitchen work quickly—and easily.

With every tool and utensil in the one place most easy to get at, with foods and condiments right at your finger tips, you sit before Hoosier's big, uncluttered work table—at your ease.

No fussing nor fuming—no back-breaking reaching or lifting, not a single unnecessary step. Just easy, comfortable, well-ordered work—that is Hoosier's solution of the Kitchen-work problem.

Come to our store, and satisfy yourself that this is so. We'll gladly give you a complete demonstration of the many ways in which the Hoosier excels.
