## Around Town

Talk Around Town this week centered around the cold front that didn't show up. With predictions of five degree weather and blowing snow, folks were getting ready for a repeat performance of the recent record breaking snow. The weatherman apparently was all wet, however, even if Deaf Smith County wasn't.

Postmaster Jim Lipscomb Saturday expressed the appreciation of all postal workers for the "cooperation we received from the public during the snow storm." He said, "Everyone was very nice and considerate about their inconveniences."

A letter received by City Manager this week from a McCinnville, Ore., doctor prove that Hereford is still getting a lot of publicity as "The Town Without A Toothache." Dr. William Stryker wrote: "I had the good fortune to hear a lecture by Mr. Albrecht, head of soils at the University of Missouri. One impressive thing he told was that Deaf Smith County folks were fortunate and unusually favored by reason of their local area having soils with superior mineral balance, which was of course a tremendous advantage in health wise directions."

Westway Home Demonstration Club will meet Thursday at the Westway community house at 2:30 p.m.

B&PW will meet Monday night at 7:30 at the Snack Bar at 509 Park Avenue. The Legislative Committee will give the program. Hostesses will be Velma Cook and Bonnie Kell. Miss Sadye Rigler.

## Employees Appreciation Night To Be Held Here Thursday At Hotel

Hereford merchants have begun plans for an "Employees Appreciation Night" scheduled for 7:30 to 8:30 p.m. Thursday, Feb. 23 in the ballroom of the Jim Hill Hotel. Purpose of the meeting will be to recognize employees' positions of basic importance in building the entire economy of the city. Door prizes are being contributed for persons who attend by the merchants of Hereford. Paul Harvey of the C. R. Anthony Company was appointed the chairman of a committee to make arrangements for the appreciation night meeting at a conference of the retail merchants committee of the Chamber of Commerce at the Jim Hill Hotel Friday. ### Body Found Near Dawn

## Oklahoma Man Suffers Fatal Heart Attack While Driving

The body of a Bethany, Okla., man was found near Dawn Friday slumped over the steering wheel of his stalled automobile some 21 hours after he suffered a heart at-

tack while driving west on Highway 60.

Sheriff Lowell Sharp identified the dead man as Ralph V. Melton, 42, State Highway Department workers discovered the body Friday morning at 10:30 a.m. and notified the Sheriff's Department. Melton's car had veered to the right and slanted into a snowbank where the motor died. The ignition was still turned on and the dead man's foot was still on the accelerator when found. Officers theorized that he suffered the heart attack while driving and slumped over the steering wheel, turning the car into the snowbank. Apparently he was driving reasonably slow when the fatal attack occurred.

Justice of the Peace C. B. (Berry) Miles returned an inquest verdict of "death by natural causes." He set the time of the Oklahoma man's death at 1:30 p.m. Thursday.

Officers said Melton's body was not found sooner because it could not be seen by passing motorists. The car appeared to be stuck and abandoned.

Melton's body was discovered by

Highway Department workers as they checked the stalled car. N.W. Culp first noticed the man. He touched him and reasoned that he was dead. Jimmy Mercer went to a nearby farmhouse and called officers. Bob Ramey was also among the first group to find the body.

Time of the death was set by Justice Miles after talking to Melton's brother-in-law, L. L. Warren of Hereford. Warren said he left Melton in Dawn at about 1 p.m. Melton had been visiting here since Feb. 2. Another witness told officers he saw the car in the snowbank at about 1:30 p.m.

Melton, a laborer, was born March 6, 1913 in Emmitt, Okla. He married Beulah Mae Frisby in 1931 in Tishomingo, Okla. Besides his wife, he is survived by one son, Max Melton, and two brothers, Jes Melton of Oklahoma City and Gegge Melton of California.

Funeral services were still pending Saturday. His body will be returned to Bethany for interment.

Gilliland Funeral Home and a Bethany funeral home were in charge of arrangements.

## Retail Sales In County Show 61 Percent Jump

### Business Census Reveals Local Stores Keep Pace

Retail sales in Deaf Smith County have soared 61.7 percent since 1948, the Department of Commerce announced this week in a preliminary 1954 census of business report.

Sales totaled \$16,889,000 in 1954 according to the Bureau of the Census, which has just completed compiling the latest business census. The number of retail stores in the county increased 48 in number to 146 in 1954 as compared to only 98 in 1948. Retail sales in the county totaled \$10,445,000 in 1948.

Stores with payrolls in 1954 numbered 106 and had 497 paid employees in November, 1954, the report revealed. Payroll of the stores was listed at \$1,422,000, and they accounted for sales of \$16,273,000. Proprietors of unincorporated businesses numbered 157.

Of the 146 establishments, all but 10 were in Hereford, and they accounted for \$15,720,000 of all the sales.

Automotive sales headed the list of retail business groups. According to the census report, 19 retail automobile companies did a total of \$4,035,000 business during the year.

Ranking second among the business groups was the lumber, building material, hardware and farm equipment group. Total sales of these business firms, which totaled 18, amounted to \$3,326,000.

Food stores had sales totaling \$2,915,000, the report showed. Fourteen stores were listed in this group.

Fourth ranking in sales were gasoline service stations. Nineteen stations did \$1,277,000 in business during the year.

Apparel and accessories stores ranked fifth. The 12 businesses in this group did a combined business of \$811,000.

Ranking sixth was the seven stores in the general merchandise group. Combined sales totaled \$810,000.

Six furniture, home furnishing and appliance stores did \$491,000 in business during the year to rank seventh.

Eighth ranking was the eating and drinking establishments. Fifteen such businesses did \$463,000 in business during 1954.

Ninth ranked were drug stores and proprietary stores. Four such business houses reported \$285,000 in business.

The county also compared very favorably with others in this area. Following is a chart listing counties and their total retail sales during 1954:

### Sylvester Slagle Is Candidate For Precinct 1 Post

Sylvester Slagle this week authorized The Brand to announce his candidacy for the office of Commissioner of Precinct 1, subject to action of the Democratic primary in July.

A resident of Deaf Smith County since 1937, Slagle has been a resident of Precinct 1 since 1944. Since he moved to this county he has been active in community affairs. He has served on several boards including committees. In addition to farming, he has also been in the elevator business and in real estate. Slagle has been engaged in the automobile business.

In making his announcement, Slagle said: "I have been asked several times to run for Commissioner and, after careful thought, have decided to make the race. I believe that my experience puts me in a position to know the needs and desires of the precinct and of the county. If you think I would be the man for the job, I will appreciate your consideration and support—and, if elected, I would expect to devote all the time necessary to doing a good job. It would be my purpose to make you the kind of Commissioner you want and I would do my best to reach this goal."

**NO HAND PUMPS!**—Is this the railroad station in the "little town in Texas" that is getting so much publicity these days over television? That's the question being debated at length in Hereford. A new tooth paste recently put on the market features fluoride as a tooth decay combatant, and their TV ads speak of the "little town in Texas" where tooth decay is almost unknown. The story doesn't sound new to people in Hereford—"The Town Without A Toothache"—and some even claim that the railroad station shown in the ads is the Hereford station. One bit of evidence that goes against their reasoning, however, is the child working the hand water pump in the ad. No one ever remembers this "little Texas town" ever having a hand pump at the railroad station—or anywhere else. (Staff Photo)

## Red Cross Goal For County \$7470; Wilson Is Chairman

Goal for the Deaf Smith County Red Cross financial campaign has been set for \$7470, W. B. (Woody) Wilson, 1956 campaign chairman, announced Saturday. Wilson pointed out that, of the amount, \$2460 will go to National headquarters and the remainder will be kept here for Chapter budget needs. He said, "This has been increased over the first amount set because of continued floods on the West Coast, which left the National disaster budget exhausted. Since the worst period for natural disasters falls in the months ahead, it is necessary to build up a reserve to anticipate this need." Annual kickoff breakfast will be held at the Jim Hill Hotel Feb. 27 Lamm, public information.

at 10 o'clock and the drive will begin at that time. An orientator class for all fund workers and other services has been set for Feb. 21 in the district courtroom at 7:30 p.m. Wilson also announced the appointment of a number of chairmen to serve during the campaign. John Douglas Pitman is in charge of advance gifts; Fred J. Cunningham, special gifts; Mrs. M. R. Latham and Mrs. J. R. Lipscomb, residential; Mrs. Earl Plank and Kenneth Rudd, rural; Frank A. Gyles Jr., industrial; Lloyd Sharp, Dennis Lomas and Roy Phillips, business; and Bob

### Seven Building Permits Issued

There were only seven building permits issued during the month of January, according to records at the City offices. They totaled \$52,400.

However, there was a decrease of \$280,800 in January 1956 from the month before, December, 1955, which proved to be the biggest month of the year in 1955. December, 1955, permits totaled \$333,200.

Comparing January 1956, with January 1955, there was a \$69,350 decrease this year from the 11 permits issued in 1955 which totaled \$121,750, to the seven permits issued this year totaling \$52,400.

Permits were issued in January to Big Burger, Marvin Coffey, move business, \$100, 1-3; Johnnie Winkler, erect office, \$800, 1-4; E. P. Morgan, erect residence, \$14,000, 1-6; Robert E. Thomson, erect residence, \$20,000, 1-11; James W. Witherspoon, move residence, \$3,000, 1-13; Melvin W. Sumner, construct addition to house, \$1000, 1-25; and J. D. Poarch, erect residence, \$13,500, 1-30.

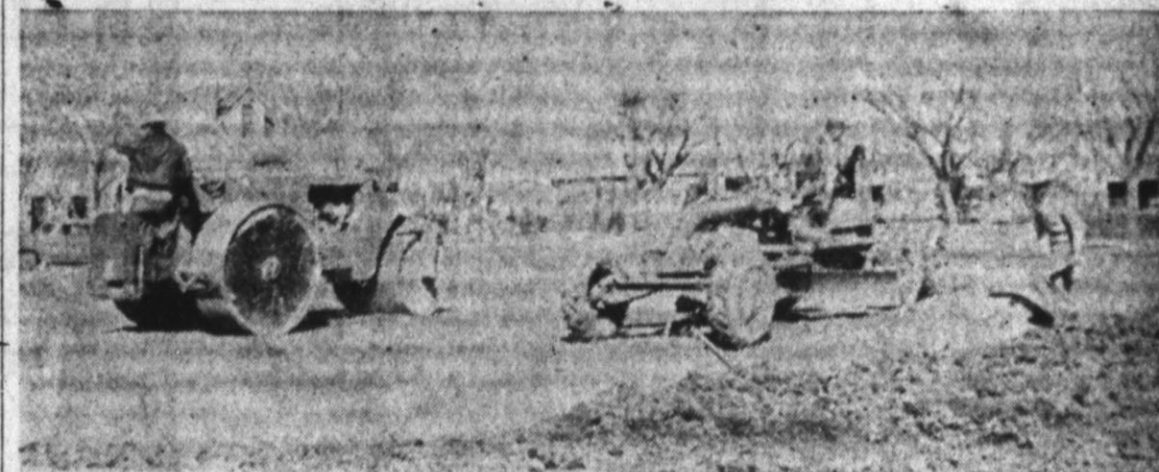

### Postal Receipts Listed At \$5166

January postal receipts almost equalled those of January, 1955, according to Assistant Postmaster Elmer Patterson, who reported this week that postage sales totaled \$5166.12.

Last year was a record breaker for the local post office. Receipts for the year totaled \$76,075.32. January, 1955 sales were listed at \$5216.76—only \$50.58 ahead of January, 1956 receipts.

As expected, receipts for January were far below those of December, which is always the busiest month of the year at the post office. Sales in December totaled \$13,332.

Mr. and Mrs. Gaylord Newell and Mr. and Mrs. Jack Bradley returned Thursday from a fishing trip in Guaymas, Mexico. Before returning home they went to Los Angeles, Calif., and Las Vegas, Nev., on a sight-seeing tour.

To Be Presented Monday and Tuesday Nights

# First Annual All-School Play Is Both Confusing And Amusing

Parents of two or three children can imagine the amusing, and sometimes confusing, situations that might develop if their young hopefuls, plus twice that many more, were spending the summer with their parents in a summer cottage. "Poppy" and "Mother Rose," in the All-School Play, "Room for One More" meet the challenge of their young charges in a heart-warming fashion, according to Mrs. Elmer Patterson, director. The full-evening comedy will be presented Monday and Tuesday nights in the high school auditorium. Curtain time is 8 o'clock.

An unusual set is being constructed for the play through the cooperation of the high school art department under the direction of Mrs. V. E. Dodson. The up-stairs windows of the Rose's summer cottage opens onto the beach, and the art class is painting an ocean beach scene to back the set. Frank Jones, high school English teacher, has assisted the stage crew in constructing four new flats, on which the class is painting the backing scene.

The first annual All-School Play is sponsored by the high school Speech Department. Proceeds will be used to pay royalties and other expense incidental to production of the play and for speech activities and stage equipment. Tickets are on sale by members of the speech classes and of the cast at 25 cents for children through junior high school age and 50 cents for adults.

Students from all high school classes are included in the cast. Two freshmen, Lawanna Lookingbill, who plays Teensie, and Jimmy Bradley, playing Jimmy John, have made a definite place for themselves in Hereford High School dramatics. Equally as active in the production, Janie Bookout and Carol Ann Newell, freshman girls, are serving on the properties and prompting committees.

Parts in the play are fairly well balanced, the director reports, with no one actor or actress who can be designated as stars. LaVera Head, a junior, and Robert Davis, a senior, are turning in good performances as the mother and father who think they might as well have the room in the cottage taken up by two kids as by two old trunks. Marlene Gilliland, a senior as Janey, is one of the two new youngsters taken in from the "Home" by the Roses. Jimmy John, a little cripple who was afraid they'd notice his bad legs before they decided to keep him, is the other.

Joey and Trot, who have been with the Roses for years, are the eldest of the tribe. Joey, played by Wayne Daily, a junior, has his plans to be a doctor threatened by the lack of funds and by a budding romance with Betty Biddle, an attractive but spoiled neighbor, who is played by Marlene Allred, a senior. George Biddle, played by Bill Woodford, becomes interested in Janey to further the romantic interest in the "Pumpkin Shell." Trot, who is always on hand to help straighten out difficulties, is played by Mary Katharine Huckert, a junior.

Rounding out the cast are Miss Winston, a social worker who is more interested in records than in children, who is portrayed by a senior, Sibyl Davis, and Mrs. Biddle, a neighbor who shares good-naturedly the ups and downs of the Rose family. Beth Scott, a junior, plays Mrs. Biddle. Janey conquers her fear of the ocean when she swims through the breakers to pull in the "Rescued Woman," who is played by Marlene Legg, a senior.

Members of the stage crew are Don Parsons, Ronnie Malone, Key Crawford, Gwinn Lovel, and Jack Rogers. Jacquitta Miller is serving as a prompter. Heading the make-up staff are Carroll Jo Sparks, Carrol Willoughby, and Donna Buttrill. Martin Moore is serving as house manager. Young will provide piano music before curtain time and during the intermission.

ROOM FOR ONE MORE—The first annual All-School play will be presented Monday and Tuesday nights at Hereford High School, featuring cast members from all four classes in HHS. In the picture, above left, Poppy (Robert Davis) and Mother (La Vera Head) welcome Mrs. Biddle (Beth Scott) and Miss Winston (Sibyl Davis) in a scene from the play. The picture above shows two Hereford High freshmen, Lawanna Lookingbill and Jimmy Bradley, who play the parts of Teensie and Jimmy John in the play.

The Rev. Harold Kaestner of the Immanuel Lutheran Church has accepted a call to Kingsville. The vacancy pastor is the Rev. Gene Oesch.  
Mr. and Mrs. Norman Crift and children, Mike and Jan, left Friday night to visit their parents in Vernon. They will return to Hereford Monday.

**KNOX'S KNOTHINGS**

By BILL KNOX

There were about 70 jubilant boys at Hereford High School Wednesday.

Needless to say, the letterjackets came in. The freshmen and "B" football teams were presented with sweaters, while the "A" team received maroon jackets with black leather sleeves.

Twenty-three boys, including two managers got an "A" team letter. There should have been twice as many boys who got a letter. Not that some didn't letter; that's all that came out for football. About 23 boys came out for football in a town of 7500 and which will jump to AAA next year.

Coach L. B. Russell emphasized these facts when he presented the boys with their jackets. "We're going up to AAA next year," he stated, "and it's going to be mighty rugged. We should have at least forty boys come out for football next year."

Things have been happening fast around here since Wednesday afternoon. What with a game going almost all the time in the district tournament, we hardly had time to eat our meals. We squeezed in a few here and there and managed to get a few hours of sleep.

Things happened almost as expected with a few alterations. We came to the conclusion that the Canyon Eagles were underrated; and the Dalhart Wolves were a bit over-rated. Hereford, Dumas and Phillips finished just about right.

Coach John Bond of the Shamrock Irish may not have won any ball games, but he certainly made a hit with the crowd. With his green derby and healthy crop of whiskers he was almost the center of attention when his team played.

"I'm not going to shave until Shamrock wins a game," he said. And he still has his whiskers.

We certainly thought that the officiating was tops in the tournament also. Steve Gargeni, Reuben Shantz and Newt Searest all turned in commendable jobs.

They took a lot of ridiculing from the fans for their sometimes humorous antics, but at the same time they drew a word of praise from many of the same people who were doing part of the ridiculing.

## Eagles Try Twice; Hereford In Third

By BILL KNOX

Phillips' mighty Blackhawks, featuring lightning speed, uncanny accuracy, and splendid defense, went through the District 1AA Tournament here without a defeat to notch their second district championship in the same number of years.

Three teams, one twice, had a shot at the Hawks. But all failed, as the Blackhawks, under the superb coaching of Billy Hughes, racked up the astounding average of 87.5 points per game. Their peak performance was a whalloping 106-74 decision over the Canyon Eagles Thursday night.

The Eagles got another shot at Phillips Friday night, but again their attempts were thwarted by the Blackhawks, who

may go a long way before being eliminated in the State race. However, Canyon made a much better showing the second time. The score was 73-55. That was the cellar scoring performance for the Hawks.

A possible darkhorse, figured beforehand to be Perryton, turned out to be the host Hereford Whitefaces. The Whitefaces lost soundly to the Dumas Demons in opening round action, then roared back to win three straight before being taken out by Canyon. The last victory was a revenge win over Dumas.

The Shamrock Irish got the first chance at Phillips. The Hawks clawed the Irish to the tune of 84-36 before taking on Dumas, who fell by 87-71. Canyon tried gently before peacefully succumbing, 106-74, in the next try for Phillips. The Eagles showed more fight in their second try but were no match.

Opening round action Wednesday saw Phillips murder Shamrock, Dumas handle Hereford easily and Canyon defeat Dalhart with ease. Dumas' Demons caught the Hereford Whitefaces at the right time in racking their 72-44 victory. Canyon won by 71-45 over Dalhart. The Canyon-Dalhart game was previously rated fairly close.

Phillips and Canyon continued their winning ways at the expense

Phillips and Canyon each placed three on the all-district team announced after Friday night's championship game between the two teams. Dumas placed two, Hereford one, and Shamrock one.

Named on the team were David Benefield, Carl Mitchell and "Judge" Perry of Phillips; Charles Neblett, George Snapp and Melvin Cunningham of Canyon; LeRoy Morrison of Hereford; Gary Ward and John Cleveland of Dumas; and Robert Francis of Shamrock.

The team was decided by a poll of the seven coaches of the member schools of District 1AA.

of Dumas and Perryton in the second round. The Hawks smothered Dumas, 87-71, and Canyon handily stopped Perryton, 77-52. Hereford also gored Dalhart, 68-62 in a close contest.

Phillips next clobbered Canyon, while Dumas was gaining an 88-61 decision over Perryton and Hereford was defeating Shamrock, 68-65. Shamrock, Perryton and Dalhart.

### Keep In Practice!

## Players Receive Letters From Russell Wednesday

L. B. Russell, head coach of the Hereford Whitefaces, urged more boys to come out for football next year when he presented letters to football boys in a special assembly Wednesday.

Russell praised this year's team for their spirit and hustle. "You can't take anything from those 17 or 18 boys who got out there and won more ball games than a lot of people thought they would," Russell remarked.

Hereford won eight games and lost two this year, the losses going to regional finalist Phillips and an upset loss to Perryton. The Whitefaces finished in a tie with Dumas for the second spot in District 1AA.

Russell also emphasized the fact that Hereford would go up a notch in classification next year. "We're going up to AAA next year," he said, "and it's going to be pretty rugged. We'll need more boys who

want to play football."

The Whitefaces lost 10 seniors, six of them starters, from last year's ball club. Five starters and six reserves will be returning to staff next year's ball club. Graduating seniors are: Tommy Weemes, Don Sigle, Walter Kaul, Arol Acton, Wayne Smith, Martin Moore, Danny Janssen, Don Parsons, G. C. Merritt, and Jack Parker.

Varsity players other than those previously named who got letters are: Taylor Sims, Charles Weemes, Sam Leslie, Ed Schroeter, John Bryant, Bobby Veigel, Eugene Waits, Bill Drake, Bill Callaway, Danny Elliston, and Wayne Caster.

"B" Team and freshman players were also presented with their sweaters.

hart all went home after losing their first two contests. Hereford sent two of these home and later sent another.

The Hereford - Dumas game was by far the most exciting of the tournament. The Whitefaces fought back from a 12-2 deficit to gain the win. A brilliant finish was in direct contrast to the sluggish start which was typical of Hereford in the tournament.

By gaining the win over Dumas, the Herd clinched third and possibly second. However, Canyon mashed those hopes with a

61-39 win. The score of the Dr-

mas game was 62-59. Highest scorer of the tournament turned out to be Canyon's Charles Neblett, who camed 116 points in five games. He was followed closely by Leroy Morrison of Hereford with 112 points. George Snapp of Canyon was next with 105.

Phillips didn't present a one-man scoring show, but featured a fine balanced scoring attack to go with their shrewd pressing defense. Carl Mitchell and speedy Ronny Holder were the top scorers for Phillips. Other high scorers were Gary Ward and John Cleveland of Dumas, and Terry Higgins of Hereford, who sat out the last game with a badly sprained ankle.

# Sweetheart Party Highlights Summerfield Study Club Year

Highlight of the season for the Summerfield Study Club each year is the annual sweetheart party as a valentine courtesy to husbands of members. The party this year was in the form of a buffet dinner held Tuesday evening in the home of Mr. and Mrs. Chester Wiggans with decorations and appointments carrying out the romantic theme in pink and silver. The dinner was served from a food-bar in the den with cupid, hearts and flowers giving a love-story accent to appointments. The

quartet tables were laid with pink cloths and centered with pink hearts pierced with glittering silver arrows.

Mrs. J. R. Euler, president of the club, introduced the speaker for the evening, H. C. Winburn from the weather bureau in Amarillo, who gave an illustrated lecture on weather signs and forecasts. He explained how they are able to read the clouds, how they are able to judge cold fronts and how weather news is picked up on radar. He showed films illustrating methods used in predicting weather conditions.

Special guests included Mr. and Mrs. Elmer Patterson, Mr. and Mrs. B. E. Roberson and Mr. and Mrs. C. R. Walser, all of Hereford. Mrs. Roberson and Mrs. Walser are life members of the club.

## Soil Conservation District News

### Dirt Moving Activities Slowed Down By Weather

By JIM WIMAN

Soil and water conservation activities involving dirt moving have, like most other activities on the farm, remained at a standstill since the beginning of the snow a couple of weeks ago. Several jobs that will be started on farms of cooperators of the Tierra Blanca Soil Conservation District as soon as weather and ground conditions permit, include the construction of diversions on the Jack Fambrough, Charles R. Hoover and M. E. Morrison farms; land leveling for irrigation on the Taft McGee, E. T. Alfred and W. A. Fisk farms and concrete pipe installations for carrying irrigation water on the farms of Hereford Friemel and H. E. Bippus.

Ted Royal is one of the many farmers in the Tierra Blanca Soil Conservation District to plant a winter legume. Ted planted barley and vetch on 40 acres as a soil building crop. He is irrigating the barley and vetch. The planting is furnishing winter grazing in addition to being a soil building crop. He has approximately fifty head of steers weighing from 500 to 600 pounds which have been on the vetch for one month and he expects to get about two more months grazing.

J. B. Sneed and Charles R. Hoover are two District cooperators who asked help from the Soil Conservation Service which assists

the District, to lay out a system of contour lines for chiseling. They are among the many who are trying to protect their soil from wind erosion. The chiseling roughens up the surface of the soil to cut down the speed of the wind on the ground. In addition to protection from the wind they realize it helps hold the water on the ground where it falls.

Earl Holt is preparing to put in 70 acres of alfalfa. He lives two and one-half miles east of Hereford. He will use the alfalfa in a rotation with his other crops. Also in the same field he is doing some field leveling. This will make it possible to get a uniform application of water on the alfalfa. A nurse crop will be planted with the alfalfa. The nurse crop should help in controlling the weeds and undesirable plants in the alfalfa.

F. E. Winfrey's irrigation well four miles east and two miles north of Walcott School has spread a new interest in irrigation in the District. This is a deep well and was drilled in the part of the District that was considered dry. Other farmers will probably drill for irrigation water in that area now that water has been pumped in sufficient amount to provide irrigation.

Boy Scout Troop 51 went swimming at the College pool in Canyon Thursday night.

Mr. and Mrs. C. W. Burgess Jr. and sons were recent dinner guests of Mr. and Mrs. Ben Conklin. T/Sgt. James L. Suttle is now stationed in Hawaii.

Mrs. John McLean gave the program, reviewing the book "After You, Marco Polo," by Jean Bowler Shor, in which the author recounts the trip she and her husband made retracing Marco Polo's famous route through the East. ## 'African Rhythms' Is Topic For Music Study Club Here

"African Rhythms Into American Negro Spirituals" provided an interesting subject for discussion in the Music Study Club program held Monday afternoon in the home of Mrs. Earl Phillips.

Miss Frances Dameron, leader, said in part: "Music, dance and religious beliefs and practices are the phases of African culture that have left the strongest traces in the New World. Music and dance were closely allied to their religion and magic and superstition played an important part in their religious thinking. These, together with the cult of fate and destiny, are reflected in their folklore and in their music.

Song is the characteristic musical expression of Africa. There are songs for every occasion—for marriages and funerals, for ceremonies and festivals; for love and war and for work and worship. It was only natural that the Negro Spirituals should stand as the best loved of all music contributed by the American Negro.

The spread of religious instruction coincided with the rise of the camp meetings and the shout that grew out of their musical enthusiasm. Negroes as well as whites took part in the camp meetings and the same songs were sung by both. There are some accounts where Negroes and whites rivaled in loud and fervent singing when the whites had to surrender to the darkeys in singing "The Old Ship of Zion" and "I Want To Go To Glory."

Musical selections, illustrative of the program theme, included "Ritornel Sonata" (Schaum Arr.) played by Mrs. J. R. Allison, "Shortnin' Bread" (Schaum Arr.) played by Mrs. Bill Bradley, "Deep River" (Grooms Arr.) played by Mrs. Sam Albright and "Juba Dance" (Dett) played by Mrs. John Sims.

Members attending the meeting were Mesdames G. N. Allison, J. R. Allison, Sam Albright, Bill Bradley, W. T. Carmichael, H. A. Close, Ellis Coombes, R. P. Conaway, B. Y. Crosthwait, Cliff Estes, H. K.

Mrs. Root gave excerpts from "Christ and the Fine Arts" by Cynthia Pearl Maus and highlighted her program by using illustrations to tell the story of Christ through pictures, poetry, story telling and music.

"The purpose of art in any form is the portrayal of the ideal against the background of the real" she commented.

## Beauty At Home

Q. I have a high forehead and a short, fat nose. How should I make up to counteract these two features?

A. The nose can be camouflaged by running a line of light foundation cream down the center of the nose to the very tip and down under. Blend carefully into the darker base over the flare of the nostrils. The hair is best kept irregular around the forehead such as with shaggy bangs. For longer hair, keep it fairly close to bottom part of ear, ending in soft upturns.

Q. What is an easy and effective way to remove persistent grime from under my fingernails?

A. Put some cuticle remover on the grime with an orange stick. Then, after a moment, scrub with a nail brush and soap and water.

Q. Please recommend a good tummy-flattening exercise.

A. Lie on back on floor. Let your arms rest on floor overhead. Keep your knees stiff as you raise your trunk. Touch your fingers to your toes. Return to floor and stretch out. Repeat.

Q. My hair, which is really blonde, is turning light brown. How can I make it lighter and brighter?

A. You can try one of the vegetable rinses on the market, which are not dyes and wash out with the shampoo. Or, for general use,

try a lemon rinse.

Q. What can I do to help remove calluses from my hands?

A. Try applying some cuticle remover to the calluses, allowing to remain for several minutes, then rinsing off and rubbing dry with a rough towel. Repeat, if necessary.

Q. How can I mix a good bleaching lotion for my face?

A. Four ounces of lemon juice, two of rose water, and two of fine-grade glycerine. After washing the face, rub it with this mixture. It softens the skin, and it bleaches.

Q. My hair seems to be losing its auburn tint. What can I do?

A. Try this treatment: Dilute a little salts of tartar in a pint of warm water, and rub well into the hair until a good lather is acquired. Leave on for about a half hour, then rinse out thoroughly.

Q. Is there a good external treatment for perspiring hands?

A. A warm water and alcohol bath will help dry them. Two or three times daily, use an astringent lotion made of one part boric acid to 20 parts water. Then dust the hands afterward with some talcum powder.

Q. What is the best way to alter the shape of the mouth with the lipstick?

A. With a lipstick brush, which takes a little practice and a steady hand, but is worth it. Apply the brush to the lipstick to pick up the color, then use this finely pointed tip to define the mouth outline as you want it. Then fill inside this outline.

It was a good snow! Few people realize just how good unless they have been to the bank lately. As the snow melts, it is softening up the ground—and the hearts of the bankers are softening in the same proportion. Honest, the more it melts, the softer they get. Such, at least, was my experience.

This is the absolute truth. Not one, but TWO bankers called me up Thursday morning and they both said: "I am tired of reading about that fishing trip. You have my permission—if you can convince your wife." Maybe they thought they had me there and were just making a grandstand play, but I fooled them. My wife is so devoted to the cause of Camp Fire that she frequently gets all wrapped up in some project and, if you ask her a leading question when she is thinking real hard, she is pretty likely to nod her head and say, "Yes." I learned this from watching the kids. It sure works.

I caught her right in the middle of this Camp Fire candy sale—and by the time she gets through with it she will maybe realize what she has done. Anyway, if everyone will buy a box or two of Camp Fire candy (\$1), I am sure that it will leave her in a much better humor. Besides, it goes for a good cause and is real good candy. Just see any Camp Fire girl or call 447. You'll get your money's worth, and it will be a big help to me.

Even Gaston Baer got worried

and offered to let me have some money to make the trip. He also offered to throw in a few Spanish lessons—but he was too late. And Mont Baker called up to say that he was all for my going. Mont didn't offer to part with any cash, but did say that he had a couple of hooks I could use.

It just goes to prove that things usually work out for the best. It sure does. All I need now is a Spanish-American dictionary and two or three more fish hooks—and the Hereford "Good Neighbor" expedition is on the way. I am also happy to report that several other higher type citizens are also interested in bettering International Relations between Mexico and the State of Texas. They are Ross Latham, Dale Tinnin, T. J. Clay, Neil Cooper and Dub Reeves. And they are really interested. It took Ross and Dub just 12 minutes to make up their minds. The rest weren't quite so enthusiastic; it took them nearly 20 minutes to get things straightened out.

FRIDAY MORNING, and we are all set. However, there is one little snag. We decided to pool our money and have a treasurer, who would study the exchange rate—and pay all the bills. The only trouble is that we can't decide who will be treasurer. Every time we vote, each one votes for himself! At least, that's what I do and I guess the rest are doing the same, because it always winds up with each person getting one vote. Nobody, it seems, is willing to trust anyone else. This may

wind up with everyone having to study the exchange rates and doing his own banking. Sure looks like it now.

FOOTBALL SEASON has been over for some time, and every week since November Gene Waits has gone out of his way to ask Coach L. B. Russell if the letter jackets had arrived. Well, the jackets got here Wednesday. L. B. carefully put Waits' jacket on the bottom and, after passing out a jacket to everyone else, asked without cracking a smile: "That's all. Did we miss anyone?"

An extension service representative (Ray Snyder) appeared here this week to conduct an educational program on meats. The idea was to show housewives how to select tender cuts at reasonable cost. However, he also advanced the idea that farmers of this area might well feed out their grain sorghum instead of selling it on the present low price schedule. He really has something. G.W. Brumley did this with hogs—and he has always said that this area could compete with Iowa and Nebraska as a feeding center on cattle. Only trouble right now is the low price of cattle. However, we might cut a few corners on freight—and it could help a lot.

He also said that the average housewife in this area does not want superior club type beef, nor does she want the poorest grades. She wants to go down the "middle of the cow." Nothing fancy, nothing shoddy... just good beef.

Lloyd Widdifield, Penney Manager, got back Thursday from St. Louis, where he attended a store meeting. "It was cloudy and foggy all of the time," said Lloyd. "I was glad to get back home to the snow and the sunshine." This boy, incidentally, is a horse fancier. He specializes on Quarter Horses (I think). A horse is a horse to me—and I always prefer

## Walcott News

By MRS. T. L. COLLINS  
Some people of Walcott Community had mail brought to their box on Feb. 13 (a scheduled Lincoln's Birthday holiday) for the first time since Feb. 3. Needless to say we were happy and do appreciate Mr. Petersen delivering our mail on a legal holiday.

The road employees and Commissioner J. T. Guinn, who worked so faithfully to open our roads, so we could have school, are also due a vote of thanks. Hazel Lewis came to school on Monday to check in books for her brothers and sisters, Norman, Eugene, Bobby, Pauline and Linda. We are sorry to lose these children from our school. They have moved to Friona with their parents, Mr. and Mrs. H. R. Cole. We wish this family God's speed. Thomas L. Collins and A. L. Shelton, Walcott's men teachers, attended a meeting of the Deaf Smith Co. T. S. T. A. Unit of Hereford schools. This meeting was held Monday night in the High School auditorium. E. L. Galyean, director of research for the association, spoke on "Teacher Retirement."

Grady, Geneva and Shirley Cates enrolled in Walcott School Tuesday morning. They are the children of Mr. and Mrs. G. C. Cates. The family moved back into our community from Hereford. Some parents have been meeting their children with a tractor each afternoon when a school bus takes them as far as it can go, because of the muddy roads. This cooperation is appreciated. Each classroom had a Valentine party Tuesday afternoon.

The first and second grades had as their guest, Mrs. Bob Wyly and children. She brought red party-caps for each child to wear, also directed games. Mrs. Minyen, who couldn't get here, sent cookies. Mrs. A. L. Shelton fixed soft drinks for the group. Their valentine box was opened and its contents given

to the children. This is always fun. Third and fourth grades enjoyed a story, "Little Brown Koko's Valentine Party." Our valentines were distributed. Carl Myers and Steve Patton assisted their teacher, Mrs. T. L. Collins, with the serving of refreshments. Neither of their mothers could come to the school, because of roads, but each baked and sent valentine cookies. These were served with cherry soft drinks and snow ice cream. Mrs. Glenn Burrus and Mrs. Herschel Burrus were guests for the fifth and sixth grade party. They brought nice valentine paper service for serving cold drinks, valentine cookies, candy and gum. In one game they played, each was to spell as many words as possible from the word "valentine"—each child enjoyed the valentines they received from classmates. In seventh and eighth grade room, the girls baked cookies and Gary Guseman fixed soft drinks. This they enjoyed as two boys handed out the valentines. A welcome surprise came to all of us when Mr. Owen, photographer from Amarillo, came to Walcott School Tuesday morning, bringing with him all of our individual pictures. Exchanging pictures with classmates has been the order of the day since then. Another school time pleasure. A. L. Shelton showed us an educational film on "Central America" in assembly Wednesday morning. He had shown one on the "Polar Regions" for our group meeting before our big snow. These are made by the Popular Science Publishing Co., and are indeed worthwhile. They belong to

## Valentine Party Held By El Nino Study Club Here

El Nino Study Club members entertained their husbands at a Valentine dinner party given in the home of Mrs. Sam Nunnally Monday evening. The romantic theme was emphasized in decorations and appointments with tables for four featuring lacy red valentines combined with white spider chrysanthemums and phlox. Following the dinner, entertainment included various types of card games and ping pong. The party was arranged by the club's social committee who included Mesdames John Jacobsen Jr., Doryal Young, Jim Bookout, Bill Decker and Elizabeth Boness. Announcement was made that the next meeting will be held on Feb. 27 in the home of Mrs. Ed

Shelton personally, so we are especially grateful to him.

**Two Tons Big**

(It's the Buick SPECIAL—and you really ought to try it!)

This is the one that's going to town in a BIG way. And you'll know what we mean when you take its measure—by any yardstick you choose.

By the pound and inch, it's the biggest bundle of high-powered action and high-fashion luxury ever offered in Buick's lowest-priced Series.

By the dollar sign, it's a value so big that Buick outsells every other car in America except two of the well-known smaller ones.

But not till you've put this 1956 Buick SPECIAL to the road can you know what a big-time performer it really is.

You'll know it by the instant response and purring might of a 322-cubic-inch V8 engine that's been lofted to new peaks of power and compression.

You'll know it by the flash-away action of a new Variable Pitch Dynaflo\* that steps up getaway and gas mileage in normal situations—and zooms to full-power

acceleration for a needed safety-surge when you floor the pedal and switch the pitch.

You'll know it by your complete mastery of a big car that handles like a dream—steers like a wish—and rides like a cloud in the blue.

**BIG**—that's the word for this Buick SPECIAL...

**BIG**—coming, going, or standing still...

**BIG**—in its stretch-out roominess—in its sweeping beauty—in its solid steadiness...

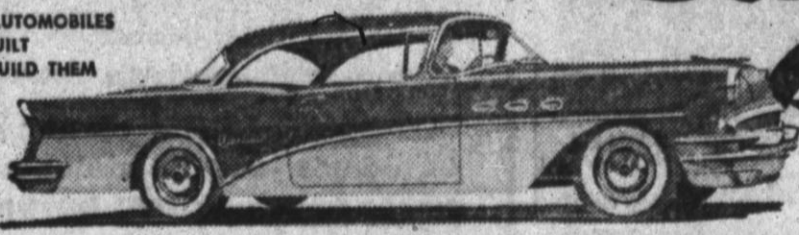

**BIG**, most of all, in the way it makes your money talk...

Come in—soon—and let this Buick speak for itself. We think you'll find it sweet listening.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

MISS PATSY WATTS  
... engagement announced

### Miss Patsy Watts, Bill Murrell To Marry In June

Mr. and Mrs. C. E. Watts, 401 Grand Ave., are announcing the engagement of their daughter,

Miss Patsy Watts, to Billy Murrell, son of Mr. and Mrs. Henry Murrell of 406 Ave. H.

Plans are being made for a June 1 wedding in an informal service to be solemnized at the Wesley Methodist Church. Rev. Eugene Naugle, pastor of that church, is to perform the ceremony.

The bride to be is a junior student in Hereford High School and her fiance is a graduate of Austin High School. He spent seven years in the U. S. Air Force with five and a half years in overseas duty. He is now owner and operator of the Hereford Roofing and Sheet Metal Company.

#### PLENTY OF CHOIRS

BELTON, S. C. —The First Baptist Church here has five choirs. There's the Cherub Choir for 6 to 8 year-olds, the Carol Choir for children from 9 through 12, the Vesper Choir for young people 13 through 17, the regular church choir for anyone over 18, and the Marshall choir, an all-male group.

**GUILT IS IMPORTANT**  
RICHMOND, Va. —The concept which places the blame for juvenile delinquency entirely on parents doesn't ring true to a noted Catholic educator.

This philosophy of excuse ignores the possibility that human selfishness may still exist, says Monsignor Daniel T. McColgan, executive director of Nazareth, a home for dependent children in Boston. He says delinquents must accept some personal responsibility for their offenses.

Speaking to the teachers institute of the Catholic Diocese of Richmond, Monsignor McColgan said a sense of guilt is necessary or there will be no reformation. He added that good human behavior and religion are intrinsically related.

#### STRANGE IGNORANCE

PICKENS, S. C. —When a defendant pleaded guilty to violation of the liquor laws he insisted he didn't know the name of the person who sold him the whisky.

Circuit Judge Joseph R. Moss said the case reminded him of a similar one he had handled. The defendant in that case "did not know his own father-in-law," Moss remarked.

#### MARKED WOMAN

DURANGO, Colo. —With regrets, movie actress Marilyn Monroe wired that other engagements prevented her from speaking at a Colorado Education Assn. convention here.

She had been invited to speak on the subject: The Values of Grading on the Curve.

#### DOUBLE TROUBLE

SEATTLE —Kindergarten problems were really doubled up at the Lafayette School.

Six sets of twins are enrolled. It doesn't bring confusion to the teachers, though. Each pair is separated in classrooms. The principal said that helps their education, not the teachers. Two of the sets are boy-girl combinations.

#### PHANTOM BUZZ SAW

KEY WEST, Fla. —An elderly housewife telephoned police that somebody was cutting his way in to her home with an electric saw.

At the scene, police found nothing but she insisted she still heard the saw. Then the officers noticed she was wearing a hearing aid that emitted a sound similar to a buzz saw in operation.

The first southpaw to win the American Bowling Congress tournament singles title was Marshall Levey of St. Louis. He tied with a 624 series in 1907 at St. Louis then won the rolloff.

John Bredice, senior end from West Haven, Conn., is one of the country's top forward pass receivers. He grabbed six in Boston University's 40-13 victory over the North Carolina State University.

Oklahoma has 5,967 miles of railroad.

### At The Movies

#### LADY GODIVA

Universal-International's "Lady Godiva," which will show Wednesday and Thursday at the Star, is an action-packed tour de force of the colorful 11th Century when the Normans and the Saxons were at each other's throats and when history's most famous distaff equestrienne made her historic ride through the cobble-stoned streets of Coventry.

Maureen O'Hara, in the title role of the impetuous Leofric, and handsome George Nader, in the role of the impetuous Leofric, proves both a swashbuckling and romantic husband and a devil-may-care warrior against the Norman enemies.

Suspense and romance is sustained throughout the film which is climaxed, of course, by the famous horseback ride by Godiva.

#### CARD OF THANKS

We wish to thank our many friends and neighbors for their kindness and sympathy shown us at the death of our husband, father, son and brother. Also, we wish to express our special thanks to Rev. Scott and the choir group of the First Baptist Church of Hereford; to Rev. Smith and his church of Palo Duro; and to Rev. Wingert of Hereford.

May God's richest blessings be with each and everyone of you.

#### BLACK MORNING

BRANFORD, Conn. — Branford is one of those towns where, around Halloween time, the merchants invite the youngsters to paint designs on their display windows. After their last experience, however, they ask that something besides black paint be used. Came the dawn after the annual painting spree, and with the dawn a bright sun. Black paint, the merchants discovered, absorbs heat at a high rate. Cracked windows all over the place was the result.
