Stanton Girls Try Boys' Football Tuesday Night

They call the game football. But when a bunch of eighth and ninth graders (ALL GIRLS, yet) get a pigskin to fight over...

Principal Wiley Quattlebaum. Proceeds of the game will go toward purchase of freshman basketball uniforms.

Freshman coach will be Martha Sullivan, assisted by Johnny Johnson, and heading strategy of the eighth graders will be Naomi Schroeter, assisted by Jerry George.

Around Town

Sometimes I wish modern communications didn't exist. Friday night, for example, Hereford was containing Dumas fairly well on the gridiron...

Involved in the probable mass assault and battery will be the "Showettes", eighth grade r's, and the ninth grade "Powder Puffs."

Probable starters for the eighth graders will be Donna Sue Blythe, Betty Scott, Naheta Clearman, Kay Nell Reeves, Maria Hernandez Judy Guinn and Sherrie Rose on the line; and Betty Curtis, Ruth Ann Allison, Connie Renz and Judy Wiman.

Again this year, the Hereford Medical Auxiliary will sponsor its annual Christmas Car Fund. Proceeds this year will go into the Community Center. Accounts are open for the annual project at the Hereford State and First National banks. Deadline for participating is Dec. 15.

Hereford High School District Education students will spend about six hours Wednesday presenting program over KPAN. It will be an observance of Distributive Education Radio Day.

If you have not given your contribution to the United Fund, may we urge that you do so this week. Hereford got a lot of recognition last year by topping its goal in one day.

For an evening of entertainment, you'd best be at Whiteface Field Tuesday night, Nov. 10, for the girls football game, featuring teams from the eighth and ninth grades at Stanton. One thing is certain. Hereford that night can do no worse than break even.

United Fund Campaign Lags; About \$10,000 Short Of Goal

Drive Continues For Final Figure

Deaf Smith County's United Fund drive fell short of its goal, which workers were trying to collect in one intensive day of canvassing. Final reports are not in for most areas. About \$15,000 of the \$25,000 goal had been turned in by Saturday morning, according to drive head George McLean.

All workers are urged to turn in their collections as soon as possible, McLean said. A meeting of the United Fund board and committee chairman probably will be called early in the week to discuss the campaign.

United Fund is in its third year of operation in Deaf Smith County. Drives held in 1957 and 1958 reached the goal set by the needs of the agencies. "This is the first year that all participating agencies in the United Fund here have been local in operation," McLean commented. "Everyone who lives here can see them in operation and know how the money is being used."

Goal for the 1959 United Fund is \$25,000, which is \$4,000 higher than the 1958 goal.

Agencies participating in the 1959 United Fund include: Hereford Athletic Club \$1000; Salvation Army, \$2,000; Camp Fire Girls, \$2,537.50; Boy Scouts, \$5,500; American Red Cross, \$9,987;

dents Tuesday when they take ice, \$314; Heart Association, \$600; Hereford Commission on Alcoholism, \$400; Little League baseball, \$1,050; and Pony League baseball, \$1,050.

Rev. Scott On Wayland Board

The Rev. Howard Scott, pastor of the First Baptist Church of Hereford, was re-elected to the Board of Trustees for Wayland Baptist College in Plainview, it was announced this week.

The Rev. Scott was re-elected to the position during the Wednesday afternoon session of the Baptist General Convention of Texas, meeting in Corpus Christi's Memorial Coliseum.

Chas. R. Sowell Asks Re-Election

Chas. R. Sowell, incumbent Commissioner of Precinct 1, this week authorized The Brand to announce that he will be a candidate for re-election in the Democratic primary next spring.

In making the announcement, Sowell said: "I take this means of announcing my candidacy for re-election to the office of Commissioner of Precinct 1, Deaf Smith County. I am grateful for the cooperation shown me by the people of this precinct during my current term of office, and I will appreciate their consideration at the polls next May."

ASC Analyzes Soil Bank Program

In the process of completing payments on soil bank land in Deaf Smith County, the Agriculture Stabilization and Conservation Office in Hereford Friday released a report showing that 312 farmers have contracts for 114,242 acres to be taken out of cultivation under provisions of the Conservation Reserve Program for 1959.

ing to Faust Collier, ASC Office Manager in Hereford.

Out of the county wheat allotment for 1959 (202,309 acres), due to the soil bank program only 155,215 could have been planted, Collier said. The remaining acreage went into soil bank.

A total of about 47,000 acres of wheat were not planted from the total allotment, Collier pointed out, because of the soil bank contracts.

Breaking down the figures further, Collier explained that in this year of low yields due to dry weather, approximately a quarter of a million bushels of wheat were not planted which otherwise would have been put on the market.

No figures were available on grain sorghum, but Collier said that as much as 30,000 acres of grain sorghum were not planted as result of soil bank contracts.

At the rate of this year's production of grain sorghum (1,000 pounds per acre), 30,000 did not make it to the markets because of the soil bank.

The absence of 30,000,000 pounds of grain sorghum and 250,000 bushels of wheat probably affected the market in favor of area farmers, Collier said.

Payment on 1959 contracts was authorized here Oct. 1. The ASC office has prepared applications, notifying those who

Veterans Day Observance Set For Wednesday

In commemoration of Veterans Day, Wednesday, Nov. 11, the local Veterans of Foreign Wars and American Legion posts will hold observances in Hereford. The Public is invited to take part in Memorial Services Wednesday morning.

Both posts will begin an all-day observance with a breakfast at 6 a.m. Wednesday in club rooms. Meals will be served from 6 through 8 a.m.

Memorial Services, open to the public, will be held at 9 a.m. in Memorial Park. Activities will be held in club rooms throughout the day.

Mrs. Joan Scott ... new secretary

New Secretary At C-C Office

Beginning secretarial duties in the Deaf Smith County Chamber of Commerce manager's office this week was Mrs. Joan Scott, 410 E. Third.

Mrs. Scott replaces Miss Lynn Grinnell, who tendered her resignation recently after she announced that she plans to marry this month.

The new secretary graduated from Hereford High School in 1953 and received her BA degree at Eastern New Mexico University in Portales in 1957.

She worked in the Hereford Rural High School Tax Assessor-Collector's office prior to accepting the Chamber position on Oct. 26. She resides with her mother, Mrs. Ess Moody, in Hereford.

YOUTH APPRECIATION WEEK

High School Students Take Over City, County Offices

Hereford and Deaf Smith County will be in the hands of nine Hereford High School students Tuesday when they take over various county and city offices for a day.

As part of the third annual Youth Appreciation Week observance here, the students will fulfill duties of County Judge, City Manager, Mayor, County Clerk, Chief of Police, Fire Marshal, County Sheriff, District Clerk and School Superintendent.

Nominated in home rooms

and elected by the student body this week were: Herman Jenko for County Judge, Bobby Renfro for City Manager, Allen Cansler for Mayor, Lee Kimball for County Clerk, Ronnie Botkin for Chief of Police, Charles Burrus for Fire Marshal, Walker Parris for Sheriff, Mack Cansler for District Clerk and Eddie Gallagher for School superintendent.

At noon Tuesday, the youths will be guests of Hereford Optimist Club, sponsoring organization, in the I. O. O. F. Hall.

Local Optimist Club president Roy Boyer said, "This is the week set aside to show our appreciation to the 95 per cent of youths who are not juvenile delinquents. For 51 weeks out of the year, people hear about the other five per cent, and this is the week that we can recognize the other 95 per cent."

Sheriff Warns Against Taking 'Hot' Checks

"Don't be so eager to make a sale that you take a check just because the person looks honest," Sheriff Charles Skelton warned Hereford businessmen Friday morning.

More than 25 persons were on hand as Skelton reviewed the legal steps available upon receiving a "hot" check and methods of preventing such un-

Virgil O. Kelley Hurt In 2-Car Accident Friday

Condition of Virgil O. Kelley, 25, 111 Catalpa, who was injured in a two-car accident at Third and Witherspoon Friday night, was listed as "serious, but not critical" by attendants at Deaf Smith County Hospital Saturday morning.

Extent of injuries had not been determined at the hospital Saturday morning. The accident occurred at about 8:55 p. m. Friday.

Driver of the other car in the accident was Walter Gwynne Owen, 34, 416 Ave. J. Owen was not injured.

Kelley was driving a 1955 model car west on Third when the accident occurred. Owen's car was headed north on Witherspoon.

The injured man was taken to the hospital by Gilliland ambulance. Damage to the Kelley car was estimated at \$360, and damage to the Owen car was estimated at \$170. Hereford police sergeant C.L. Lynch investigated the accident.

10 Cotton Bales Burned In Fire At Ward's Gin

Hereford Volunteer Fire Department answered two calls at Ward Gin Thursday night and Friday morning, when fires broke out in baled cotton.

Both fires were of unknown origin, according to Fire Marshal Clay Angelo. About 10 bales of cotton were burned in both fires.

The first fire was reported at 7:30 p. m. Thursday. Only one bale, located inside the gin, was burned. At 7:55 a. m. Friday, fireman answered the second call at the location and extinguished from seven to nine bales of cotton stored temporarily in a driveway between the gin and a storage building.

Firemen extinguished the first fire in about 20 minutes and the second fire in about an hour.

Estimated damage to cotton was \$500 to \$1,000.

HEREFORD FIREMEN extinguished two fires which broke out in baled cotton Thursday night and Friday morning at Ward gin. Firemen are shown above fighting smouldering flames between the gin and storage building Friday. About 10 bales were burn-

ed in both fires, one bale Thursday night and seven to nine bales Friday morning. Origin of the fire is unknown, according to Fire Marshal Clay Angelo, and damage was estimated between \$500 and \$1,000. (Staff Photo)

 necessary losses in many instances.  
 At the close of the regular meeting, merchants voted to have large poster-type notices printed for display in stores, announcing that information blanks will have to be filled in by persons not known to the clerks or manager if checks are presented for payment.  
 Accompanying information blanks also will be printed, according to the majority vote of the group.  
 Sheriff Skelton pointed out that legally law officers were prohibited from collecting on bad checks. He said state statutes allowed officers to arrest and prosecute persons for passing worthless checks, primarily upon complaint from the merchant accepting the check.  
 The information blanks will include the name, home address, business address, physical description and driver's license number. Such information, Skelton said, would be most valuable in case the check

is not good. The driver's license number, he pointed out, would be of more benefit than anything else.  
 Skelton also told the group that he was unable to extradite persons sought on misdemeanor worthless checks (less than \$50) from another state.  
 He said that legally there is no way to collect for a worthless check through prosecution, although the courts sometimes are more lenient with sentences if the check is made good.  
 Most important, Skelton emphasized, was prompt action after being informed that a check was not good. He urged that merchants notify the check's giver by registered mail and give a reasonable time limit, about ten days to make the check good.  
 A copy of a registered letter and the receipt for such letter, he said, were good evidence to present if the matter was brought to trial.  
 "There isn't much we can do if we get a check that was issued three or four months ago," he said. "But, if you can get us the information quickly we might be able to find the person."

 the season Thursday night. Dumas won 8-6 in a hard-hitting game in freezing, windy weather. Hereford not only lost the game, but quarterback Buddy Pickens, got a fractured ankle in the game and is out for the rest of the season.

General chairman Frank Bezner announced this week that St. Anthony's Church will hold its annual, and traditional, Thanksgiving dinner on Thanksgiving Day. The meal will be served from 11:30 a. m. until 2 p. m. in the church school cafeteria. The public is invited to attend.

Ten land owners appeared Thursday to discuss U. S. Highway 60 right-of-way appraisals with the Deaf Smith County Commission. The parcels upon which the court and owners cannot agree will be turned over to the Texas Highway Commission for final appraisal.

George Heard and family are back in Hereford after a long period in the Middle East, followed by a trip through North Africa and Europe.

My teen-age brother fulfilled his unofficial reporter's duties by sending me some of the latest jokes, popular with the teen set. A couple are right clever:  
 A paranoid attending a football game, got up and left during the first quarter because he couldn't stand any more of that bunch of boys gathering up in a little circle on the field and talking about him.  
 Two beatniks were arguing about whether the bright object they saw in the sky was the sun or the moon.  
 First Beatnik: That's the sun.  
 Second B: No. That's the moon.  
 First: Let's ask the first man we meet.  
 Second: That's fine with me.  
 First: Say, mister, we've been arguing. Is that the sun or the moon up there?  
 Passerby: Man, how should I know? I've just been in town a week.  
 Brother George also informs us that people always call ships "she" because ships don't grow whiskers.  
 Oh well, maybe he'll outgrow it.

Scratched Furniture  
 Superficial scratches on light-colored furniture can often be obliterated by rubbing the meat of a walnut or pecan back and forth over them until the nut crumbles and fills them. Put a coat of wax or polish over it at once to keep the nut meat in place. A more permanent cure is beeswax, instead of the nut.  
 Hardened Paint  
 Paint which has become hardened in its can, can be revived by pouring an inch of turpentine on the top of it and allowing to remain a few days. Then stir with a stick until the paint is soft and usable again.

**A Guide to the Point of Sale**

Our local stores are the display rooms and warehouses for the world's finest products. Efficient banking, insurance, real estate and other business services are also available to the people in our community. The readers of this newspaper find our advertising columns a dependable guide to the point of sale—a useful source for up-to-date news and information about these goods and services.

In order that advertising expenditures may be made with us on the basis of known values, as required for any sound business investment, this newspaper is a member of the Audit Bureau of Circulations.

Every advertiser should know about A.B.C. The Bureau is a cooperative, non-profit association of 3,450 publishers, advertisers and advertising agencies. Working together, these buyers and sellers of advertising establish standards for paid circulation, rules and methods for auditing and reporting the circulations of newspapers and periodicals.

At regular intervals one of the Bureau's large staff of experienced circulation auditors visits us to make a thorough audit of our circulation records. The FACTS established by his audit are published by the Bureau in A.B.C. reports which are available to you, our advertisers. These reports tell you how much circulation we have, where it goes, how it is sold and other FACTS essential to the profitable use of newspaper advertising. Ask us for a copy of our A.B.C. report.

**How Can I?**  
 Q. What is a filler I can use for wide cracks between soft-wood floorboards?  
 A. You can make a filler from sawdust and glue. After filling the cracks with this, fresh sawdust is sprinkled over the filling. When dry, the top is sanded off, and stained to match the floorboards.  
 Q. How can I, when preparing chicken, make the feathers come out more easily?  
 A. When scalding the chicken, add a teaspoon of soda to the boiling water. The feathers will be easier to pluck, and the flesh is left white and clean.  
 Q. How can I quickly test the quality of a broom when buying a new one?  
 A. Press the edge of it against the floor. If the straws remain in a solid mass, the broom is good - but if they bend and bristle out, it is of inferior quality.  
 Q. What can I do when some of the floor tiles in my bathroom become loose from the cement in which they have been set?  
 A. You can refasten these tiles with a cement glue. This type of glue takes up no space - as cement would - so that it permits the tile to lie level with the surrounding ones.  
 Q. How can I cut foam rubber more easily?  
 A. Foam rubber is very awkward to cut neatly with an ordinary knife or scissors - but if compressed tightly beforehand and by pressing it down hard with a flat board, it will slice easily with a long-bladed sharp knife.  
 Q. How can I remedy white woollens that have begun to turn yellowish?  
 A. Use three ounces of peroxide to two gallons of water in washing them, and then dry them in direct sunlight.  
 Q. Please suggest a good, safe way to enclose coins in an envelope for mailing.  
 A. One good way is to slip the opposite edges of the coin into two gummed "corners," such as are used for mounting photographs in an album, and then stick the two corners down on the face of your letter.  
 Q. How can I keep a tin roof in good condition?  
 A. Always repaint a tin roof at the first sign of peeling; otherwise, deterioration will set in and cause rapid rusting, consequent leaks, and eventually the necessity for a new roof.  
 Q. How can I get rid of silver fish?  
 A. If the cupboard is infested with these insects it is because there is some dampness attracting them. Sprinkle some borax around liberally to fight them away.

**MAKING A FRANTIC DIVE**, Dumas left end Bill Smith completed a pass thrown by Demon quarterback Quinton Eppinette for a 15-yard gain and first down during the Dumas-Hereford game there Friday night. Coming up behind Smith is Hereford Whiteface Jim Brown. Dumas won, 27-0. (Staff Photo)

## Hereford Loses 27-0 After Dumas Cranks Up Offense

Behind the signal-calling of reserve quarterback, Dumas pulled away in the second half to rout the Hereford Whiteface 27-0 Friday night.

Mike Boxwell, a rangy sophomore, took over for senior Quinton Eppinette in the second period and broke open a game that was 6-0 at the half.

The victory kept Dumas in contention for at least a share of the District I-A-A-A pie. While Hereford was going down for the eighth time this season, Eppinette guided the fired-up Demons on a short scoring drive midway through the second quarter before being injured.

During the first period, both teams fumbled frequently while trying to adjust to the cold weather that had 3,000 fans in Demon Stadium wrapped up like a display of Egyptian mummies.

Dumas took advantage of a recovered fumble of a punt to get up shop on Hereford's 17-yard line midway through the second stanza. Six plays later, halfback Gale French scampered five yards around left end to score.

Eppinette's run for extra points was short.

Taking the second half kickoff, Dumas moved 64 yards in

seven plays. French, Boxwell, halfback Lloyd Mills and fullback Dale Vick took turns slashing out good yardage with Boxwell scoring from 20 yards out on a keeper play that had fine blocking in front.

Mills went over left tackle for two extra points that gave Dumas a 14-0 lead with 9:17 left in the third period.

Hereford ran 11 plays during the remainder of the quarter, including three that were erased by penalties.

Late in the third quarter, Dumas took over on its own 28 and moved 72 yards in 11 plays to score. French gained 21 and Mills 20 to move the ball deep inside Herd territory.

Boxwell, who had been throwing over the heads of his receivers, lobbed a perfect strike to end Charles Hodges, who trotted over to score. The tally covered 20 yards. The play covered on the second play of the fourth quarter. The run by Mills for PATs was smothered.

Hereford was penalized on the first play after the kick-off and made just ten of the 15 yards needed. A punt that wobbled just 19 yards off the side of Terry Hodges' foot put Dumas back in business on the Herd 37.

Mills went 12 yards on the sixth play, twisting loose from

four would-be tacklers en route to his second TD of the night. Ray Casas booted a conversion to close out the scoring with 4:13 left in the game.

Hereford's best opportunity to score came late in the final was partially blocked and Dennis Hodges picket it out of the air. A penalty on the next play put Hereford in business on the Demon four-yard line, where Dumas recovered a fumble.

Ray Casas intercepted a Jim Collier pass in the end zone seconds before the game ended, to end another Hereford threat.

Hereford made just three first downs and 55 yards gained while the Demons were rolling for 19 first downs and 383 yards gained.

Dumas' dandy sophomore halfback Charlie Dean, who was leading scorer and ground-gainer, missed the game because of an injury.

While Dumas was taking its second conference win against one defeat, the Phillips Blackhawks were pulling a major upset in pouncing the Levelland Lobos 40-22, to throw the conference in a tailspin. Littlefield moved outside the conference and lost its first game of the season when Sweetwater powered to a 20-6 win.

### Veterans...

(Continued from page 1)

Ray Cowert will act as master of ceremonies for the breakfast, and the Rev. Russell Winger as chaplain. Bruce Miller will be speaker for the occasion.

Immediately following the breakfast, a memorial service will be conducted near the building, according to Ira Ott, who said that all Gold Star parents are invited to attend these special services.

VFW members and guests will attend a dance at the Rock Club House from 9 through 12 p. m.

At 10:30 p. m. during the dance, a car will be given away. Net proceeds from sale of tickets will go toward the Hereford Community Center.

**OVEN FRYING**

When you "fry" chicken in the oven, you'll need to use about a quarter pound of butter for basting. Roll the chicken pieces in seasoned flour and arrange in one layer in a shallow baking pan.

### Boy Scout Drive Successful In Adrian Tuesday

A brief drive during the annual Boy Scout finance campaign was successful in Adrian last week.

Starting with a kick-off breakfast at the Adrian Methodist Church, the workers reached their goal in one day. Preparing the meal were Mrs. Johnny Williams and Mrs. Loren Creitz.

Loren Creitz served as finance chairman for the activity, with D. W. Morgan and Robert Jacobson acting as team captains.

Also working on the drive were Alice Morgan, Bea Fortenberry, Catherine Brown, and W. H. James.

## Fred Cunningham Guest Speaker For Beta Sigma Phi City Council

City Council, Beta Sigma Phi Sorority, sponsored a joint meeting of Kappa Iota and Xi Epsilon Alpha (Exemplar) Chapters at the Community Room of the First National Bank Tuesday evening.

Superintendent of Schools Fred Cunningham was guest speaker on the subject, "Public School Education", discussing the needs of the pre-school child and explaining the reading program in the Hereford Elementary Schools.

"The Hereford public schools use a series of coordinated reading text books in grades 1-3-6", he said, and explained the phonic approach in the teaching of reading as used in the McKee series.

He talked about the nature of learning in small children and stressed the need for every child to become a good reader, and for every teacher to be a teacher of reading.

Cunningham also told of junior-senior offerings as well as giving general information for parents in secondary schools.

Rituals were held for both chapters. Those receiving pledge rituals were Mrs. Robert Alvarez, Mrs. Howard Gore, Mrs. Delbert Bainum, Mrs. Calvin Godin and Mrs. Arthur McQuary. Mrs. Ann Woodward received the Exemplar degree. Mrs. Van Nichols and Mrs. Don Baugous received the jewel degree.

Installation rites were held for new City Council officers including: Mrs. Chas. Laing, president; Mrs. Chas. Bell, vice-president; Mrs. Carl Hollingsworth, secretary; Mrs. Ernest Wade, treasurer; Mrs. Ed Line, reporter and Mrs. Max Stipe, advisor. Mrs. Stipe served as installing officer.

Refreshments were served during the social hour following the program.

Kappa Iota Chapter members attending were Mesdames Don Baugous, Bob Brotherton, Carl Hollingsworth, Bill Kendall, Hicks Roberson, John Schneider, Max Stipe, Larry Summers, T. B. Thomas, Robert Tyler, Ann Woodward, Floyd Walton Jr., Van Nichols, Bess Moore, sponsor, and Ansel McDowell, director.

Exemplar Chapter members present were Mesdames Aubyn Hodges, Harold Beauchamp, Chas. Laing, Clyde Russell, Jimmie Mercer, Ernest Wade, Paul Harvey and Ed Line.

A colored boy coming up the alley north from the hotel Thursday morning remarked, just as he passed the back door of The Brand Office:

sample of things to come. In addition to a "wet" year, I have also been predicting a long, cold winter. During the past seven days, we have had a small sample of both. I am not much on the snow business, but I am beginning to think that we will get our part. All of these things add up to a really big wheat crop in 1960 — and that is what we are going to have. The best wheat crop in a long, long time.

Charley Hoover is an old boy who seems to agree. At least, he was in talking about long-handled underwear. Some one told me that Mutt Wheeler is already wearing his, which is bad. If he puts on long handles this early, what is he going to do when the weather really turns cold?

Bank deposits right now are probably the biggest in the history of the county. They top \$18 million — and that is a lot of money.

Blue Turpen has a most unusual fishing story. He went to see his sister, who lives near Lake Texhoma, and arrived just in time to be drafted for the annual peanut harvest. Blue says they put out some trotlines one afternoon and got enough channel cat for a big fish fry — but most of the time he spent working goobers. When he started home, they offered him a giant size sack of peanuts, but Blue declined on the grounds that he never, again wanted to see another peanut as long as he lives.

All of these rigged TV shows gave me an idea on The Brand football contest, but I am not smart enough to figure out a workable angle. Besides, Cawthon Bryant and Worth Covington come by at regular intervals and run such close checks that it would be pretty tough. I sure would like to see that Cotton Bowl game, but I guess when you are not smart, you just have to be honest — and this leaves me no choice.

F. W. Dool is coming along fine these days. He hopes to get out in the car next week, but will still be confined to the hospital for a while longer. Needless to say, he is missed in a lot of places, especially at coffee counters and on the Lions Club Saturday night wrestling announcements.

An unidentified lady wrote to propose two community improvements, but forgot to sign her name. First, she thinks that Hereford's Santa Claus needs a new suit. She says the old suit is moth eaten, worn and badly in need of relacing — and that it tends to kill all of the glamor created with the Candy Cane Lane, thus making the new expenditure a near-waste.

Second, she says that there is no "Stop" sign where the airport road enters U. S. 60, and that people continually pull out onto the highway in front of speeding traffic. She travels the road often and is afraid that someone will be killed or mutilated in a serious accident.

These suggestions certainly sound worthwhile. Other people have also mentioned the Santa Claus suit in recent weeks, which indicates that this lady and her children are not alone in the constructive criticism. Technically, I think those who travel the more or less "private road" to the airport would cer-

Meeting Held By Faithful Workers

Faithful Workers Class of the First Baptist Church met with Mrs. F. A. Tucker Tuesday evening for the November meeting. Mrs. Grady Parsons, class president, conducted a short business session, and Mrs. Abe Martin gave the devotion. Mrs. John Hacker was in charge of arrangements for the social hour.

Those present were Mesdames Lloyd Lookingbill, Abe Martin, Roy Calvert, Grady Parsons, John Hacker, Gladys Miller, Goldie Criswell and the hosts.

SOME JOKES

A small, meek, subdued man applied for a job as a night-watcher.

"You just won't do," said the boss. "I want someone who is restless and uneasy, especially at night; someone who is always listening and thinking there are burglars around. I want a large, aggressive, intrepid and dangerous person, bad tempered and revengeful. I want someone who, when aroused, is a fiend."

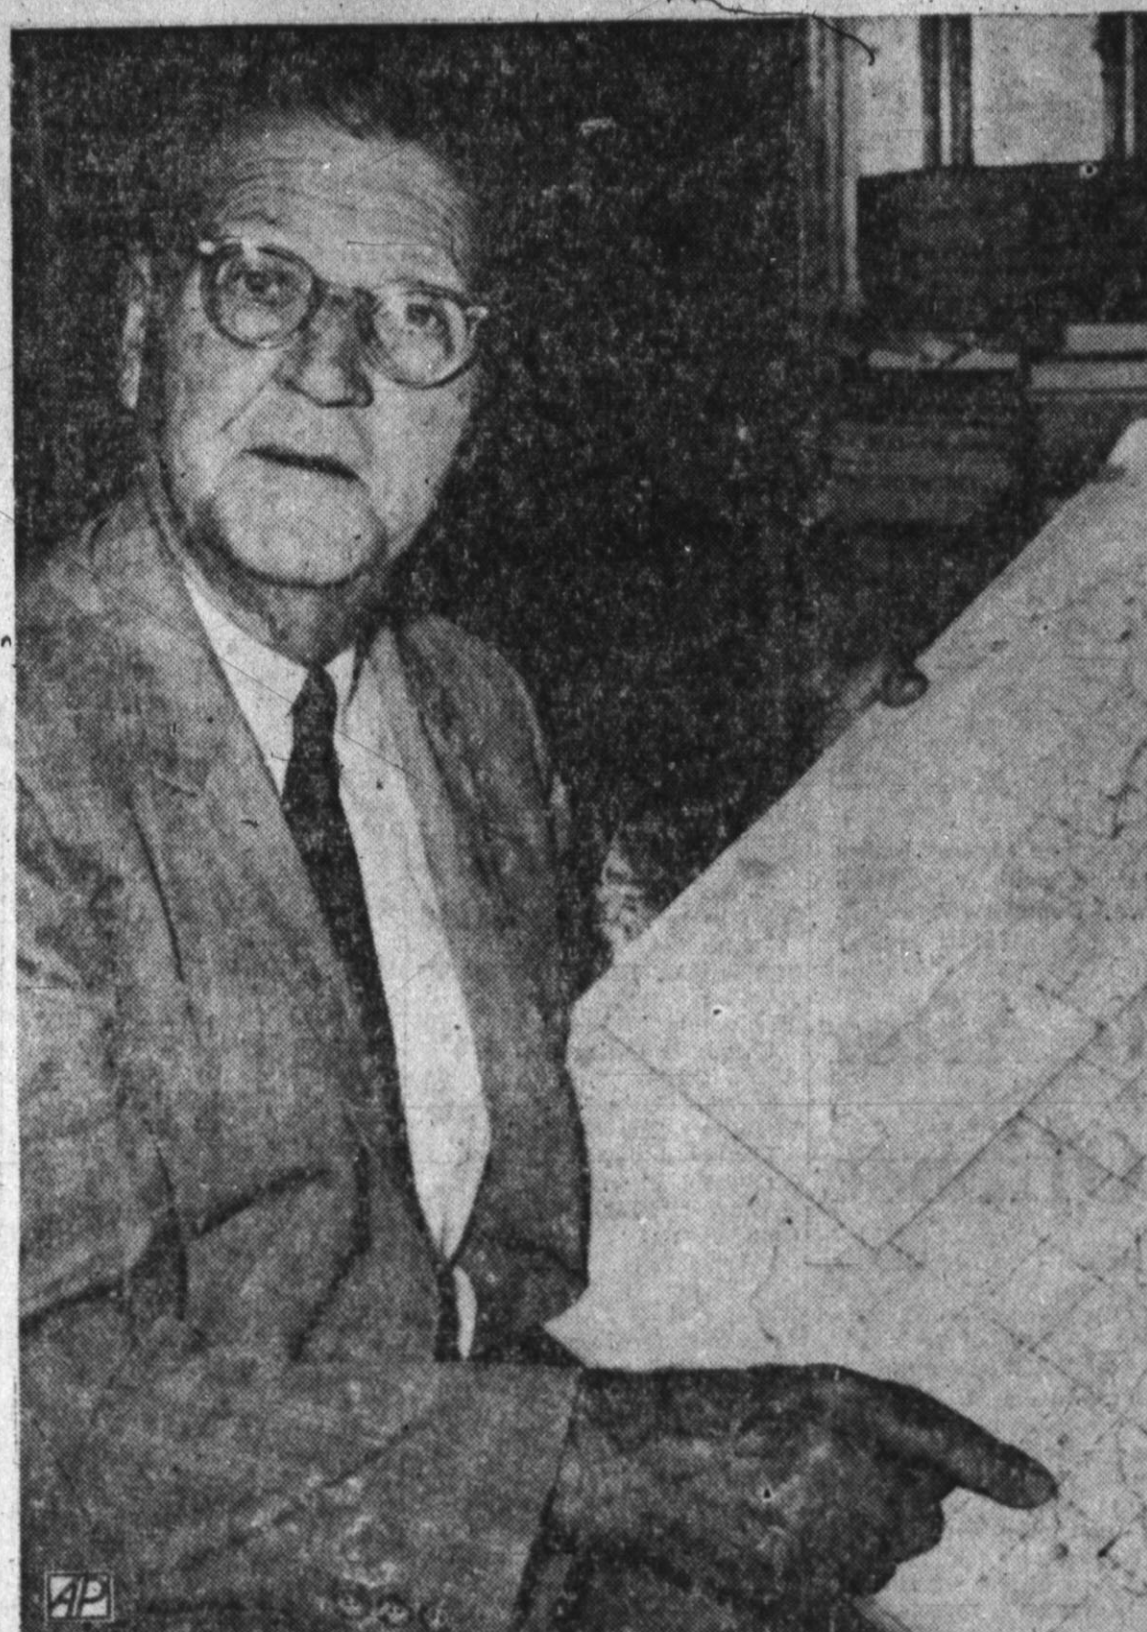

"Hold it open a few minutes," said the little man, "and I'll send my wife over."

# J. E. Cockrells Had Honeymoon Buggy Ride In 1909

Mr. and Mrs. J. E. Cockrell in 1909 (Personal Photo)

Mr. and Mrs. J. E. Cockrell, whose wedding trip was a buggy ride to the Billy Hicks ranch near Arney, were married in a surprise double wedding ceremony in Clovis, N. M., in 1909.

He was reared in Alabama and came to Texas with his parents in 1900 and filed on land near Melrose, N. M., in 1906. There he met Miss Mattie Watson whose people had come to New Mexico from Kentucky.

When they boarded the train at Melrose to go to Clovis for the ceremony, they found another couple whom they knew well, already on the train for Clovis to be married. They decided to make it a double wedding and the double wedding ceremony was performed at the Antler Hotel by a Baptist minister, the Rev. Johnson.

The four of them were entertained at a reception held at Cockrell's brother's home that night and the next day the Cockrells came to Hereford to begin their new life on the Hicks ranch.

When she found a coyote loitering at her back door. She learned to cook for crowds too, sometimes cooking for as many as 25 or 30 men at branding time.

They were charter members of the Arney Baptist Church. She served as clerk and taught a Sunday School Class. Both have kept up their church activities until last year when they were no longer able to attend regularly. They are members of First Baptist Church.

They moved to Rannier, Ore., in 1910, but three years later they decided to return to Hereford and went back to ranch life on the John L. Wilson ranch. Hereford has been their post office since that time.

They are members of the First Baptist Church here, and of the IOOF and Rebekah lodges. She has served the Rebekahs as past noble grand. In 1931 he became custodian of the Deaf Smith County Court House and still serves in that capacity.

They have made their home at their present address since 1942 and Mrs. Cockrell thinks they will be very happy to spend the rest of their lives there.

## GOLDEN WEDDING ANNIVERSARY

On Sunday, Mr. and Mrs. Cockrell were honored at their home, 307 Roosevelt Ave., at an anniversary tea hosted by their three daughters, Mrs. Audrey Chambliss of Seattle, Wash., Mrs. Odessa Russell of Carlsbad, N. M., and Mrs. Glennis Frost, also of Carlsbad. One son, J. W. Cockrell of Chico, Calif., was unable to attend.

Flowers were everywhere about the house in clustered arrangements and pot plants. One of Mrs. Cockrell's hobbies is making wood-fibre flowers, so lovely in texture and form that few realize that they are not real flowers. When plans were being made for the anniversary party, Mrs. Cockrell decided she would make the flowers for decoration. Cactus mums, shaggy chrysanthemums and roses vied with cut flowers in pots and containers as if growing there to carry out a yellow-gold theme.

The anniversary table was laid with a cutwork linen cloth over yellow, a gift from the children, and appointments were in crystal and silver. Cactus mums with gold leaves and tiny wedding bells were combined with gold lace ribbon in an arrangement at the center back.

## Former Hereford Girl Is Wed In Formal Service At Portales

Before an altar arranged with flowers and Candelabra, Miss Mary Elizabeth Ricketts of Portales, N. M., and Mason Pierce Costin of Eunice, N. M., exchanged wedding vows in the Central Christian Church of Portales on October 23. The Rev. Glenn Hull, pastor, officiated.

Parents of the couple are Mrs. J. M. (Jim) Ricketts and the late Mr. Ricketts, formerly of Hereford, and Mr. and Mrs. N. J. Costin of Eunice.

Music was provided by Karen Lee, who accompanied Albert Ricketts of Hereford, who sang "Because," and Mrs. Jay Ricketts of Lubbock, who sang "The Lord's Prayer." Traditional wedding marches were used and "I Love You Truly" was played as vows were spoken.

## Art Is Subject For Study Club

Members of L. A. E. Study Club answered the question "What form of art do you like best?" at the regular meeting of the club held with Mrs. Altus Higgins.

Mrs. M. T. Rutter gave the program on "Art," dealing with the art in flower arranging. She discussed making bouquets of dried materials and demonstrated making winter arrangements. She told of the glycerine method of preserving leaves and of the borax meal method for the preservation of flowers.

Those attending were Mesdames Clarence Beauford, Gordon Elliott, Emmett Hale, A. N. Hopson, Joe Johnson, Virgil Marsh, B. A. Reddell, T. W. Roberson, Edgar Sowell, George Suggs, Marlin Gilliland, M. T. Rutter and the hostess.

## Marriage Plans Announced Here

Mr. and Mrs. Homer Thomas, 1009 Union, have announced the approaching marriage of their daughter, Frances Jean, to Leland Elbert Smith of Dimmit. He is the son of Mr. and Mrs. Leland Smith, Route 4, Dimmit.

The couple will be married on Friday, Nov. 27, in the Avenue Baptist Church. The Rev. Jackie Heath, pastor of the Cocomo Baptist Church in Olden, Tex., will perform the ceremony.

The bride-elect graduated from Hereford High School and is presently employed by the Southwestern Bell Telephone Company.

Her fiance graduated from Dimmit High School. He is now engaged in farming near Dimmit, where the couple will make their home.

and Fred Ricketts, brothers of the bride. Ushers were Albert Ricketts of Hereford and Forrest Ricketts of Carlsbad, N. M., brothers of the bride, and Horris and Morris Crane of Portales, cousins of the bridegroom.

Mrs. Albert Ricketts, sister-in-law of the bride, as matron of honor, wore a ice blue taffeta styled along princess lines with headpiece of taffeta and net encrusted with rhinestones and seed pearls. She carried an old-fashioned nosegay of miniature white mums.

Bridemaids were Pat Gossett of Portales and Ann Crane of Hobbs, N. M. Their dresses

were identical to that worn by the honor matron, with blue net headpieces. They carried nosegays of miniature blue mums.

Janet Ricketts of Carlsbad, niece of the bride, was flower girl. She wore white lace over taffeta and carried a basket of white carnations.

The bride, given in marriage by her brother, Jay Ricketts of Lubbock, wore a gown of white Chantilly lace over bridal satin fashioned in princess effect. The bodice featured a Queen Anne collar and long sleeves ending in petal points at the hands. The bouffant street-length skirt was made of panels of lace and a delicate crown of rosebuds sprinkled with

shoulder length veil of illusion. The bridal bouquet of gardenias was carried on a white Bible belonging to her great, great grandmother, and with it she carried a handkerchief made by her paternal grandmother.

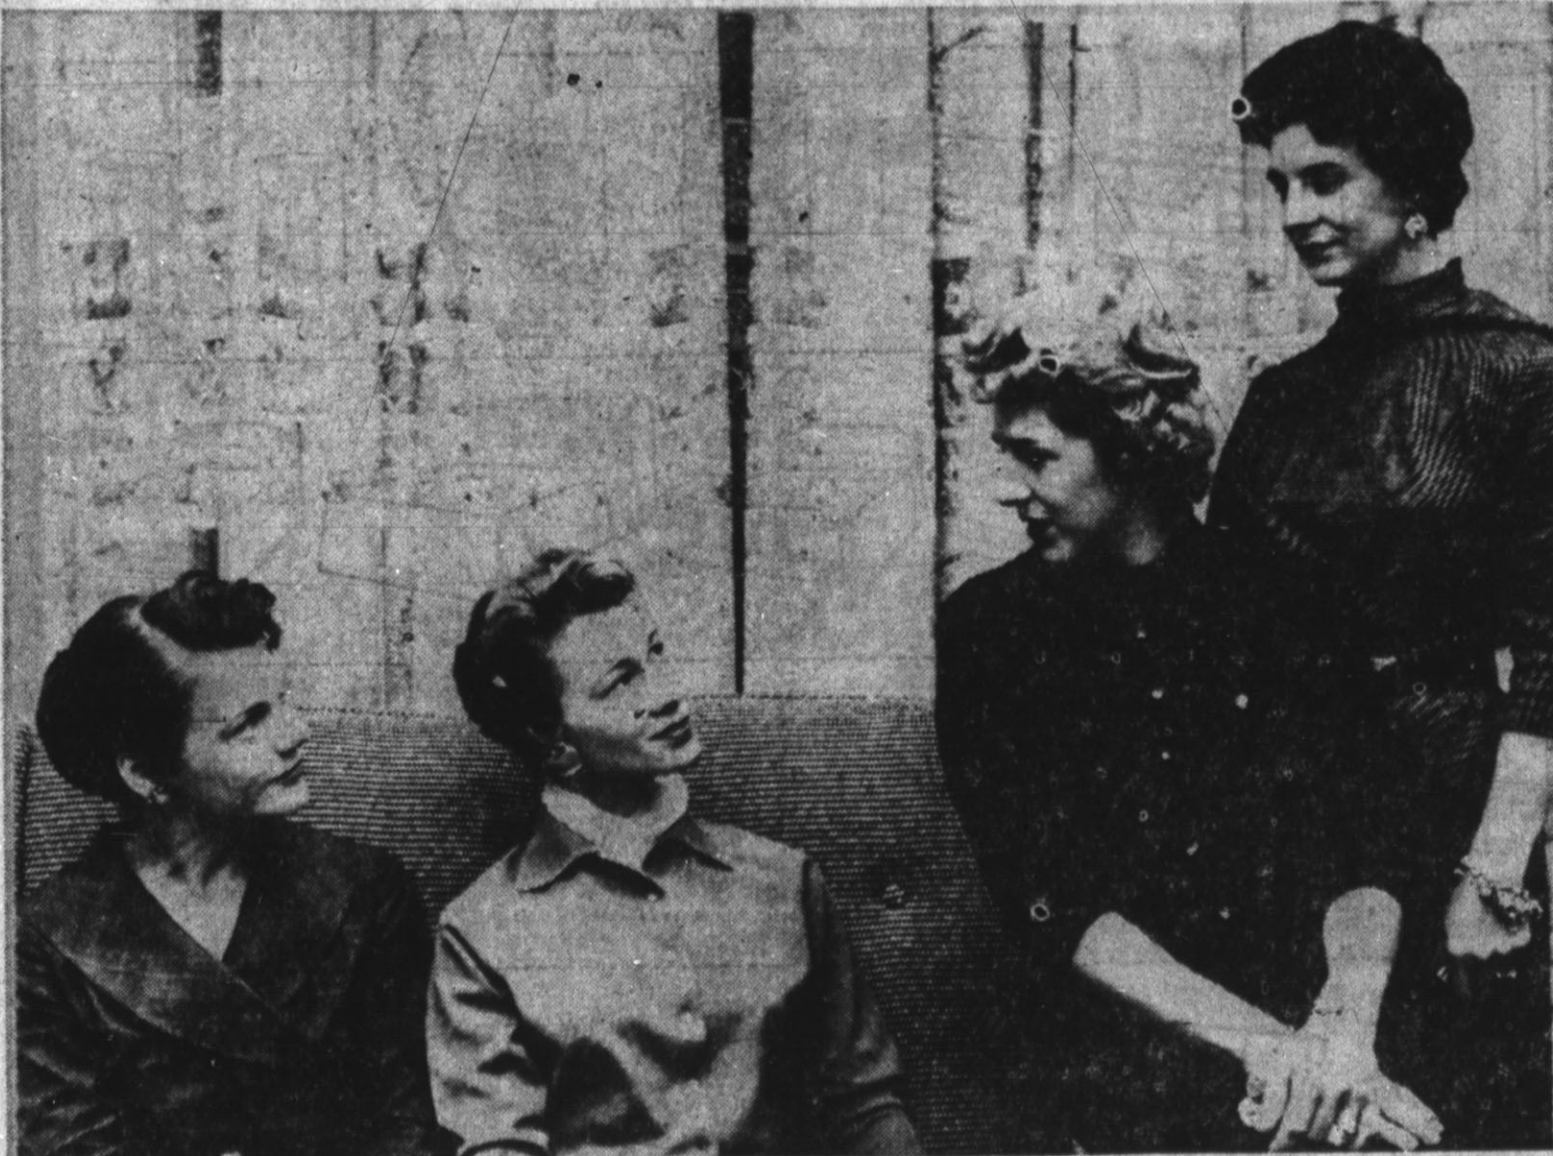

Neldon Costin of Eunice, brother of the bridegroom, served as best man, and the groomsmen were Forrest Ricketts and Horris Crane.

The bride's mother wore a pastel grey sheath with mauve pink and bone accessories and the bridegroom's mother wore a suit of brilliant blue with bone and black accessories. Both wore corsages of white feathered carnations. For the receipt (Continued on page 2)

## WHY SO MANY Protestant and Catholic CHURCHES TODAY?

**THERE MUST BE A REASON**

Why are there so many religious divisions in the world today? This question is frequently asked by sincere, honest people seeking the truth.

In the religious world both Protestant and Catholic churches are subdivided into different denominations, each of which is characterized by a distinctive name, a particular creed, a body of doctrine, and a type of worship peculiar to itself and different from all other churches.

Despite the fact that some sincere people cannot answer the question as to "why the number of divisions," most of them will agree that it would be desirable if all people were united in one body in the name of Christ our Savior.

**GOD'S WORD FORETOLD DIVISIONS**

The Apostle Paul wrote to the young preacher Timothy, "Now the spirit speaketh expressly, that in the latter times SOME SHALL DEPART FROM THE FAITH, giving heed to seducing spirits (preachers), and doctrines of devils..." (1 Timothy 4:1-3).

Paul also warned the Elders of the Christ in Ephesus, "For I know this, that after my departing shall grievous wolves enter in among you, not sparing the flock. Also of your own selves shall men arise, speaking perverse things, to draw away disciples after them." (Acts 20:29, 30).

Although we find in these scriptures warnings of divisions, this in no way justifies denominations.

**GOD'S WORD CONDEMNS DIVISIONS**

Jesus taught that "If a kingdom be divided against itself, that kingdom cannot stand" (Matthew 3:24). To the Church of Christ at Corinth, the Apostle Paul wrote, "Now I beseech you brethren, by the name of our Lord Jesus Christ, THAT YE ALL SPEAK THE SAME THING, AND THAT THERE BE NO DIVISIONS AMONG YOU" (1 Corinthians 1:10).

**NEED COMMON MEETING GROUND**

Someone has thoughtfully said, "Most of the religious differences found in the world are doctrines which men have made and which are not found in God's Word."

It stands to reason that man-made creeds, names and doctrines are a major cause of many churches being in existence today.

But is there anything wrong with having so many religious divisions among us? The Bible speaks of but one church. Jesus said, "Upon this rock I will build my church (Matthew 16:18). Before He left the earth Jesus prayed that His followers "might be one" (John 17:20). God's word also reveals, "There is one body and one spirit..." (Ephesians 4:4); "there should be no schism in the body (the church)" (1 Cor. 12:25).

Many people have found it possible to leave man-made religious divisions and belong to a group of people which has a common meeting ground, the word of God.

It is a fact, both from the Bible and history, that the Church of Jesus Christ was established and existed in the world for several centuries before Catholicism or Protestantism were known, and before the followers of Christ divided into various denominations. The Word of God was their common meeting ground and it is our only common ground for unity in Christ Jesus today.

**THE LORD'S CHURCH IS HERE TODAY**

The church for which our Lord gave His life's blood on Calvary is far superior to every denomination started by man. The Church of Christ in your community is today just what the Apostolic Church was 1900 years ago. Preaching the same gospel, and urging obedience to the same conditions of salvation. Should we not rather be members of the Lord's body than of some man-made denomination? Peter said: "We Ought to obey God rather than man" (Acts 5:29).

SUMMERFIELD NEWS

# Young Mothers Study Group Holds Meeting

The Young Mother's Study Club met Wednesday in the home of Mrs. Jim Lookingbill. Mrs. Bob Noland served as her co-hostess.

Mrs. Margie Botkin gave the book report on "Your Child and Money."

Ladies who enjoyed the book report were as follows: Mrs. Laverne Lance, Mrs. Nadine Lance, Mrs. Nell Cotton, Mrs. Opal Bell, Mrs. Pat Evans, Mrs. Delores Christie, Mrs. Lookingbill and Mrs. Noland. Visiting with the club ladies during the meeting was Mrs. Ray-Pavadoer and baby, Clara, of Hereford.

Friday evening, October 30, the Summerfield Baptist Church was host to the annual Halloween party. Games and refreshment were enjoyed by a large number of children and their parents from the community.

Attending the F. F. A. Initiation Monday evening in the Hereford High Auditorium of Hereford were president, Ken Walser, vice-president, Billy Loyal, secretary, Harvey Garrison, Billy Baker, Joe Frank Huckert, Billy Noland, and the new members who were in the formal initiation. They are Billy Bolinger and Jackie Lee.

Carol Kay and Lynette Clearman of Hereford are visiting in the home of the J. C. Clearmans while the girls parents are gone. They came Wednesday and plan to stay through until Saturday.

Elder W. L. Bolinger is in the

St. Mary's hospital of Lubbock due to an illness. He is reported in good condition.

Mrs. Haudie Curry, Mrs. Casen Jones, of Friona and her granddaughter of Rosewell, N. M., visited in the home of Mr. and Mrs. Lee Curry Wednesday.

Mrs. Ky Lawrence is now at the ranch of theirs in New Mexico.

Mr. and Mrs. Ray Pavadoer and Clara of Hereford were guests in the home of Mr. and Mrs. J. V. Evans Wednesday evening.

Mr. and Mrs. G. E. Hansen and son of Stanford visited in the home of Mr. and Mrs. J. R. Euler Sunday. Also visiting with the Eulers were Mr. and Mrs. Ralph Smith of Hereford.

Mr. and Mrs. Caryle Sargent and family visited in the home of Mr. and Mrs. Jack Howell of Dimmitt Saturday evening.

Mr. and Mrs. R. B. Baker, Durven, Billy, Bobby, and Betty Walser attended a shower Sunday in the home of Mr. and Mrs. Floyd Schackelford of Cotton Center for Mr. and Mrs. Frank Wilson of Lubbock. Mrs. Wilson is the former Maxine Baker, daughter of the R. B. Bakers.

Mr. and Mrs. Ray L. Johnson and Mr. and Mrs. L. H. Lookingbill Sr. visited with friends and attended to business in Amarillo Friday.

Mr. and Mrs. Albert Cunningham returned Wednesday to this area after a short trip home over the week end to attend the funeral of an aunt.

The Cunninghams are here in the area to harvest the grain.

Week end guests in the home of Mr. and Mrs. Henry Kuper were Mr. and Mrs. Bud Kitten and family of Slaton. Dinner guests in their home Sunday were the Kittens, Mr. and Mrs. Edmond Kitten of Bovina, Mr. and Mrs. John Henderson of Black Community, Mr. and Mrs. L. J. Kuper of Hereford, and Mr. and Mrs. Edward Schillings.

Mr. and Mrs. Jack White visited in the home of Mr. White's brother, Herman White of Muleshoe Sunday. They also visited

in Clovis.

Mr. and Mrs. L. E. Driskill of Oroom visited in the home of the Rev. and Mrs. Merle Weathers home Sunday.

Fred Lookingbill was in Amarillo Monday where he attended to business.

Mr. and Mrs. R. B. Baker were in Amarillo Friday attending to business.

The rain that fell in the area stopped the farmers again for the third time in cutting grain this year. Few farmers tried finishing Thursday but most of them found the grain still too wet. The cold, sharp air tells us that winter has stepped in on us and is preparing us for a cold one.

Mr. and Mrs. L. B. Lookingbill and Mrs. J. C. Clearman were in Amarillo last Friday attending to business and visiting. Mrs. Clearman visited with her mother, Mrs. J. A. Stanford.

Mrs. O. B. Tribble of Dimmitt visited in the home of J. M. Wright Thursday.

Mr. and Mrs. Jackie Dulin, Debbie and Eddie of Tahoka spent Sunday through Tuesday in the home of Mr. and Mrs. R. B. Baker.

**INTERCONTINENTAL BOMBER** — CAS's most powerful bomber is the eight-jet B-52 which flies faster than 650 mph and higher than 50,000 feet. The Stratofortress, 156 feet long with a wingspan of 185 feet, carries a crew of six and has a 6,000 mile range without refueling. The giant B-52 will be on display to the public at Amarillo Air Force Base through 5 p.m. Sunday.

## Powerful Jets Are Highlight Of Air Force Base Exhibit

The Air Force's most powerful jets, including the massive 850 mile per hour Boeing B-52 Stratofortress, may be viewed publicly at close range through Sunday afternoon at Amarillo Air Force Base's fall "Open House."

Although residents of the Amarillo area have seen and heard the gigantic B-52, Saturday and Sunday from 12 to 5 p. m. offers the average citizen an eye-catching on-the-spot look at the Strategic Air Command's number one aircraft, an eight-jet bomber with power equivalent to 30 diesel locomotives. Accompanying SAC's "Heavyweight" is its counterpart, the KC-135 Stratotanker, a 550 mile per hour giant that increases the striking power of the Air Force by refueling high-speed jets in flight. Along with SAC's "big-boys" on display are supersonic fighters used by the Tactical and Air Defense Commands. The

newly built, rarely seen, F-106, termed by many as the fastest jet-fighter in the world, will be shown in front of Base Operations, along with other faster-than-sound jets — the F-100, F-101 Voodoo, F-102 Delta Dagger, and F-105. Trainers and equipment used in technical training at Amarillo Air Force Base may be seen in Building 8118. Building 8105 will display the "Model Classroom", while how 8301 will show the "Model Dormitory". Hanger 6000 will display air frame repair and the southeast corner of Hanger 5000 will give visitors a close-up look at the SAC's B-47 and its equipment. One of the most interesting displays is in Hanger 4000, where the J-75, J-57 and J-47

engines may be seen. The J-75 engine is used to power the F-108 and F-106, while the J-57 is found in the B-52 and KC-135. The complex intricacies of each engine cannot be understood by the average person, yet the size and scope will help to explain what keeps a jet in the air. Visitors will be able to tour the SAC area, located at the southwest corner of Amarillo Air Force Base, and view the Alert Crew and Composite Buildings. The B-52 and KC-135 will be displayed in this area.

Directions in locating the various displays will be given in programs at the Main Gate. Base Police will direct traffic to desired parking areas. Early Saturday morning, numerous high ranking military and civilian officials, including Major General Carl Brandt, Deputy Commander of Air Training Command, and Mayor A. F. Madison of Amarillo toured areas of the base. A dedication ceremony of the SAC Composite Building was held at 10:45 a. m. A noon luncheon followed at the Officer's Club.

### ILLEGAL TO INDUCE STORAGE

It is now definite that in any instance where the ICC can find proof of inducement to store grain that the warehouse license will be suspended.

This leaves the warehouseman with the only alternative of appealing through regular court channels for reinstatement of his grain storage license, and the setting aside of the Commission's ruling.

Many thought no punitive action would be taken against grain storage warehousemen for offering incentives to farmers to induce them to deliver their grain being stored by CCC to the warehouseman's elevator.

## Farm -- Ranch Club Meets With Mrs. Chas. Burk

Farm and Ranch Club met for a luncheon - program meeting in the home of Mrs. Charlie Burk Thursday.

The luncheon table was laid with a white linen cutwork cloth and centered with blown glass swans filled with bronze chrysanthemums.

Mrs. Roy Lee Wilson, a guest, presented the program on dried arrangements demonstrating the art of combining materials which have been dried, painted or sprayed. She used weeds, seeds, okra pods, cattail and other field material, showing how to make arrangements for special occasions as Thanksgiving and Christmas.

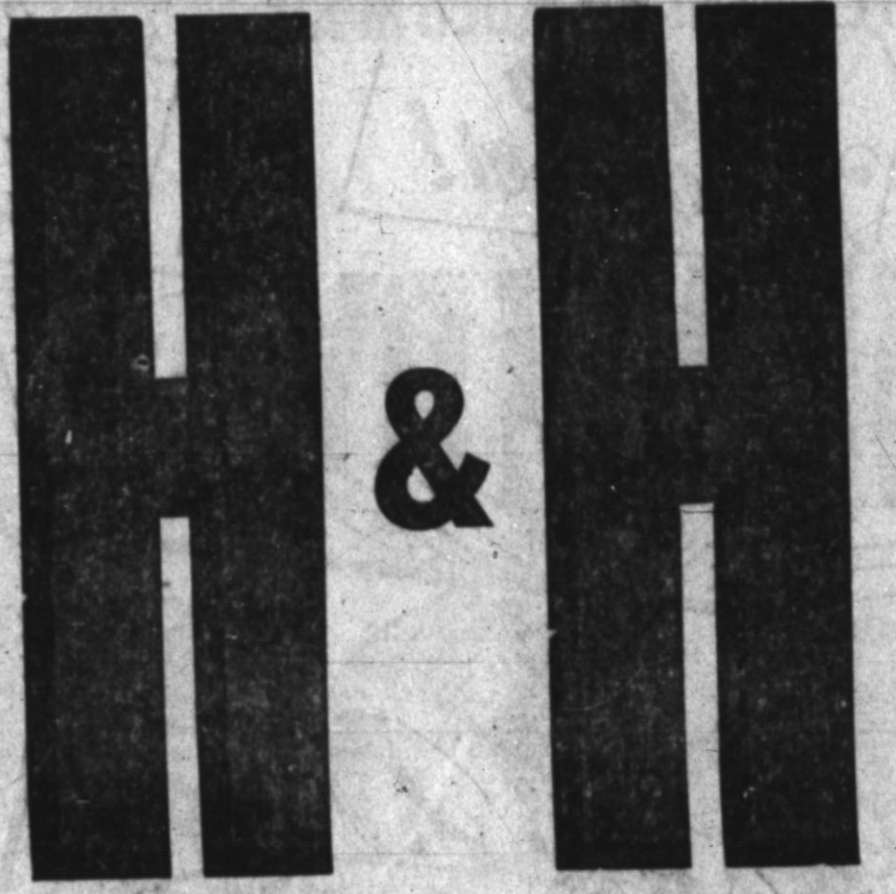

Mrs. John Hill won the floating prize and plans were made for the annual Thanksgiving dinner party scheduled for Nov. 19.

Members present were Mesdames P. B. Sowell, John Hill, N. E. Tyler, Jack Weaver, Herschel Burrus, Phillip Miller, and the hostess, Mrs. Florence Miles. Mrs. Burks' mother, was a special guest.

### Local Women Attend Meeting

The District Convention of Texas Federation of Music Clubs opened Wednesday, Oct. 28, for a two-day session in Amarillo. The convention theme was "Music - The Keynote to Friendship and Happiness". Mrs. Jimmie Yates of Wellington, district president, presided and new officers were elected. Mrs. Billy Mac Sims of Wellington was elected president, and two Hereford women were named to office. They were Mrs. C. C. Ferguson, historian, and Mrs. Dick Godwin, choral director.

Special guests were Mrs. C. R. Ellsworth, Lone Star District President, Lawton, Okla., Mrs. W. Glen Darst state president, Fort Worth, Mrs. Paul Moss, past president and National Chairman, Odessa, and Mrs. Sam Seay, past state and district president, Amarillo. Highlights of the convention were luncheons, a high tea and a fine arts program. Hereford women taking part on the assembly programs were Mrs. C. C. Ferguson, Mrs. A. O. Thompson and Mrs. Cliff Estes who gave reports, and Mrs. Dick Godwin who presented a vocal selection. Mrs. T. W. Roberson served as official delegate from the Hereford Music Study Club.

### Club Has Program On Preparedness

The North Hereford Home Demonstration Club met in the home of Mrs. Wilma Bryan Thursday. The program on family preparedness to meet disaster through sanitation and care was presented by Mrs. Marvin Kendrick.

## Challenge To State Law Makers

### Randall County Drops Property Tax On Vehicles; Too Many 'Duck' Levy

The Commissioners Court of our neighboring Randall County has been involved in much publicity these days, resulting first from a re-districting program. Now they are back in the spotlight as one governing body in Texas with the intestinal fortitude to eliminate a revenue tax — even when it hurts.

The Randall Commissioners recently abolished the personal property tax on cars and trucks. The reason: Too many people were ducking payment of the assessment.

This situation has been discussed on all levels in the state, county, city and school governments during recent years. In a nutshell, the few people in the county who own real estate must pay the tax on their personal property — chiefly automobiles and trucks — while hundreds of people who pay no other taxes, merely toss the slip into the nearest waste basket and forget the whole thing.

Any fair minded citizen, without a doubt, must agree with the Randall Commissioners that a tax levied and collected from 35 or 40 percent of the people is not fair, when 60 to 65 percent of those owning the same property pay no tax at all. The big difference is that the Randall County Commissioners did something about the situation.

As a result, they are faced with collecting the \$38,000 from other sources, or of eliminating \$38,000 worth of services from the people of Randall County. How this will be handled is entirely up to the group. However, it seems to us that the Randall leaders have set a pattern which may well be followed over the entire state.

On the other hand, it is not fair to eliminate the tax on cars and trucks — and still levy a tax on household goods,

pianos, radios, TV sets and other tangible property. It has long been our opinion that the tax on cars and trucks would be a wonderful way to acquire taxes, provided they can be collected. A change in our state laws specifying that no vehicle can be registered until the personal tax on that vehicle has been paid in all taxing sub-divisions would, of course simplify the entire matter. This would at the same time, do more toward equalizing taxes than any other procedure in the State of Texas.

Meanwhile, so long as our state officials lag in their duty to the point that no effort is made to modernize the taxing system, we are certainly in accord with the Randall County Commissioners.

Our entire taxing system in Texas seems aimed to rewarding the "free-rider" and the sluggard, while the man who tries to do the right thing "gets it in the neck" more than ever. If enough county, city and school officials follow the intrepid action of the Randall Commissioners, perhaps we will ultimately arouse our state lawmakers to a point that they will at least make an effort toward equalizing the tax bill.

### 'Trojan Horse' Found In Cuba

Hereford, Texas, is a long way from Cuba and the atrocities which are occurring daily in that country. However, when you stop and consider the situation carefully, we are actually much closer than we realize.

The trouble in Cuba, at least partially Communist inspired, is now paralleled in Panama — and could most easily erupt in other South American countries. These people, by all rules and regulations should be our closest friends and most constant allies. Yet, when Vice President Nixon visited Argentina, he met with outbreaks and threatened violence.

In addition to millions of dollars, the United States has done much to help develop these nations, and our policy has not been altered or changed in recent years. Those who say that our diplomats are unqualified and ill-mannered, must recognize that this service is no different now than during the past two decades.

Trouble in South America does provide excellent propoganda for the Russians, who are trying to convince nations in other parts of the world concerning our economy. We cannot help but wonder if there is not a close connection.

In conclusion, if this is what Premier Khrushchev means when he says we need "Peaceful Co-existence", we wonder if it might not be better called "Lethargic Submission." As these uprisings occur, spreading from one small country to another, they actually remind us of the historic siege of Sparta, and its final downfall through appearance of that famous "Trojan Horse."

### Wants A Tax On Divorces

As long as we are voting out sin, let's also vote out divorces—divorce is a sin, isn't it. The bible only says beware of strong drink, and it does not say anything about cigarettes but it does say "what God hath joined together, let no man put asunder." So if we are going to vote out sin, let's make a clean sweep and vote out divorces. The same argument can be brought against divorce that is brought against liquor: A waste of money and a homewrecker. How much do you suppose it cost to finance the cost of those 45 divorces just granted and the 52 now pending in district court. But failing to vote out divorces, why not put a tax on divorces, since it is regarded as a sin by many people. If we are going to tax sin in the form of liquor and cigarettes why not tax divorces, say a state tax of \$25 per person involved. They will gladly pay it, because a person dead set on getting a divorce is just like a cigarette fiend chain-smoker or a winehead—they'll pay anything to get that divorce. As long as we are going to tax sin, let's go right down the 10 commandments. Come to think of it if we stuck to the principle of taxing sin to finance our state government; pay old age pensions and the teachers, we could have a tax bonanza, just by taxing violators of the Ten Commandments not to mention the deeds now regarded by the churches as sin that are not covered in the bible.

(I shudder to think what a state investigator could turn up to collect say a \$10 tax on all violations of the Seventh Commandment.)

## The POWER of FAITH by Howard Brodie

The faith of Toyohiko Kagawa brought him from the slums into the presence of the Emperor.

Japan's outstanding exponent of Christianity was converted when he was a teenager, and strengthened by spirit, was able to overcome tuberculosis. Convinced that Christianity "is a religion of love," he moved to the slums, where he counseled, aided, and preached.

A pacifist who believed that problems could best be solved by the laborer's "inner awakening" and that production should be "motivated by love," he was several times arrested for his activities. He stopped a strikers' march by standing in their path and praying, and in 1931 flew to Shanghai to ask Chinese forgiveness for his countrymen's aggression. He was jailed upon his return.

Forever zealous in his social crusade, he established schools, nurseries, a widow's home, a home for ex-convicts, orphanages, a leprosiarium, medical and Christian centers, and wrote over 100 books.

After the war, the Emperor sought his advice. Carrying a Bible into the Imperial Palace, he said, "Only by service to others can a man, or a nation, be godlike." Since then, he has converted over 200,000 to Christianity.

Although his eyesight is failing from trachoma, Kagawa is still active. "My eyesight," he says, "is inside."

#### AUTOGRAPH PARTY SLATED HERE

## Dr. J. A. Hill's Book More Than A History

"At first glance More Than A Brick and Mortar, by Dr. J. A. Hill, president emeritus of West Texas State College, seems limited in its appeal. It is the story of West Texas State College in Canyon; therefore, only students and graduates of the institution may be expected to find interest in it. A closer look will dispel this impression."

An autograph party honoring Dr. Hill on publication of his history of West Texas State College will be held at the home of Mr. and Mrs. Henry Spars of Hereford Sunday, Nov. 15, from 3 to 5 p. m.

Invitations are being mailed to all West Texas ex-students whose names are on file in the Ex - Student Office as residents of Hereford, Dawn, Summerfield, and Friona. However, a cordial invitation is being extended by the planning committee to other ex-students who may have been missed and to the general public. Friends of Dr. Hill are especially urged to drop by for a visit with him, whether or not they wish to buy a book at this time.

Those who ordered books at the pre-publication price may pick up their copies at the party if they wish; books so ordered will have been autographed before the party and ready for delivery at that time.

The party here is one of a series throughout the Panhandle for the president emeritus of the institution of higher learning which is celebrating its Golden Anniversary during the 1959-60 school year.

The book, published by the West Texas State Ex - Students Association, relates the 50 - year story of the growth and development of "West Texas State Normal College" into one of the state's best known colleges.

The following review of the book was written by Ned Toomey, instructor in English and Journalism at Amarillo College.

"More than Brick and Mortar is much more than a history of West Texas State College. The college serves as a focal point at which converge and through which are reflected the various aspects of the dramatic history of the Panhandle in the last 50 years. Viewed as such, the book should appeal to a wide audience."

"Conflict and struggle are the main ingredients of drama, and conflict and struggle pervade the whole ebb and flow around the institution, at times propelling it forward in its growth, and at other times still, leaving it high and dry, cut off from all success, hopeless and apparently doomed."

"Establishing West Texas College almost in the middle of nowhere was no easy task. It was done despite political opposition, economic hardship, natural disaster and war. To do it demanded vision, conviction, dedication and plain hard work by those individuals and groups who conceived the idea, translated it into actuality and guided the institution through its

Arrangements are being made to have at least three couples serving as hosts during each 30-minute period, representing the '30's, '40's and '50's, so that each ex - student who calls will find someone who attended school at or near the time when he was there, said Mrs. Robinson, who is planning the hosts' schedule.

#### WEATHER HALTS COTON HARVEST

Lamb County ginners would have ginned up to almost one-third of the predicted 1959 crop at the end of this week, except that all gins were closed down after a general rain stopped cotton pulling all over the county. Last week ginnings were 18,701 bales, which brought the total for the year up to 44,936, according to Texas Employment Commission office manager Therman Jewell. Gins were hitting about 3,000 bales a day, nearly at their peak capacity, and operating 24 hours a day. The greater portion of the crop harvested last week was machined and only 494 harvest workers in 17 crews were referred last week by TEC. Grades are expected to react unfavorably after the first hard freeze of the year develops. Total moisture falling Thursday night was 1.10 inches. Chilly and damp was the forecast for the next couple of days. Jewell's office is sticking with its earlier prediction that the county will need 160,000 bales this year. The TEC estimates that 75 per cent of the crop is now open.

#### LIQUOR ELECTION CONTESTED

Four men from Justice Precinct 4 came forward this week and filed petitions contesting the recent election approving the installation of package liquor stores in the northeast fourth of the county. The men are Odie Moore, Otis McMenamy, Jimmy Barnett and Dan Heard. The petition was filed in 64th District Court Thursday. In a case that will probably wind up before the State Supreme Court, the four men are contending that it was unlawful to hold the election. Their petition does not in any way allege that the election was fraudulent or that there was any dishonesty connected with it. They are basing their contest of the election on the supposition that the case upon which the election was based was not applicable to Castro County. This case, known as Myers vs. Martinez, resulted in a Supreme Court decision which has stirred up a storm of controversy over the state. In this case, Francisco J. Martinez filed suit against Jay S. Meyers, County Judge of Dimmitt County and his four commissioners for refusing to call a liquor election in the incorporated city of Asherton, which lies in dry Dimmitt County. The Castro County election is now being contested on the grounds that the Myers vs. Martinez case does not apply here.

#### GYM ADDED TO SCHOOL

Trustees of Canyon Independent School District have decided to build the new physical education plant along with the rest of the new high school. The physical education plant, which includes a new gymnasium and dressing rooms, was deleted from the original plans when the contract on the school construction was let on August 4. The plant, known as Unit CC on the plans, was bid at \$147,964 originally by Eloyd Richards Construction Company of Amarillo. Joe A. Gibson, superintendent of Canyon schools, said that the new plant will be built at about the same cost. The PE building will be approximately 110 feet long and 80 feet wide, Gibson said. Construction of other units of the new school is underway by Richards' construction crews. The school is being built four block south and one block east of the present high school on a 32 acre tract.

# The BOOTLEG Philosopher

Editors note: The Bootleg Philosopher on his Birdweed farm thinks he has a new idea this week, but we doubt if it'll work.

Dear editor: Brand new ideas are pretty scarce, so when one comes along I go out of my way to recognize it and hold it up to the public gaze.

I have now found one and would like to enlist your help in getting it spread around in the right places.

According to an article I read in a newspaper last night, a prominent movie actress a while back bought 500 cows, and then when a bunch of them started dying and having other trouble she turned in on her income tax claim for expenses involved in learning how to become an efficient cattle raiser.

The government is arguing this is not a legitimate claim, and I would like to see everybody rise up and protest that it is. If we can get the government to recognize it's perfectly legitimate to claim tax deductions for the cost of learning how to raise cattle efficiently, the door will be opened wide for tax relief regardless of how high tax rate goes. Congress can take the debt ceiling off completely and not bother me.

For example, take my farm out here. If I can claim some deductions for inefficiency, I believe I could manage to get off scott free for years to come.

Farming is something it takes years to learn how to do efficiently, and the cost of learning it ought to be deductible.

And also, in case something slips up and I do have a good farming year with a taxable profit, that'll be the year I take up movie acting, with the cost of learning to be taken off my income tax. I figure my deductions for learning how to become an efficient movie actor will last for years, because it looks like a profession that's hard to learn. At least, I know some movie stars who've been at it for years and haven't succeeded.

Furthermore, this opens up all sorts of possibilities for you town people. The cost of learning how to become an efficient drygoods merchant ought to be deductible. The same applies to grocerymen, bank clerks, filling station men, plumbers, electricians, television repairmen, why even school teachers, and it's possible there may be one or two newspaper editors scattered around the country who could get in on this.

Yours faithfully,  
J. A.

trials and tribulations.

"The first part of *More Than Brick and Mortar* tells how West Texas State College was created by legislative action, and of the political and ideological opposition to the idea of a college for teachers voiced in the legislature and other quarters; it tells why West Texas State was established in Canyon, and of the early years of life and death struggle against drought, fire and war. It tells of the fight for status and the constant threat of competition; it tells of the attacks of the experts and the reactionaries; and it tells of its final victory and coming of age.

"The second part goes into detail about several aspects of the institution's development. It describes, the establishment of Amarillo Center, the Panhandle-Plains Historical Museum, the T-Anchor project, the chapel, the Training School, housing and boarding activities, and athletics.

"In addition, several appendices provide valuable data about student organizations, administrative personnel, faculty, student honorees, the Ex-Student Association, and a calendar of some of the more important events in the life of the college and its students from the time of its inception to May, 1959. Also there is a list of contributors for the location of the college and a name index.

DR. J. A. HILL president emeritus of West Texas State College, is shown leafing through his recently-published book, "More Than Brick And Mortar." An autograph party honoring Dr. Hill on publication of his history of the school will be held at the home of Mr. and Mrs. Henry Sears of Hereford, Sunday, Nov. 15, from 3 to 5 p.m.

interpretation of incidents and character peculiar to the author, it contributes substantially to the readability of the book. The incidents, told out of the vast storehouse of the author's experience, and the sketches of the members of the faculty and other persons, drawn from the author's memory, provide additional respite from the straight and narrow of factual material.

"Written with the hand of a literary craftsman, the mind and training of a historian, and the heart of a humanist, *More Than Brick and Mortar* is itself more than type and paper. It is a warm tribute to the founders and guiding lights of West Texas State College; an act of faith and dedication by a man who played a major role in the history of the institution; and an eminently readable and dramatic account of a cultural fountainhead in the middle of the Plains. Above all, it is a portrayal of the human spirit at its best."

Title of the book is taken from the words of WT's first president, R. B. Cousins, who, when the college was destroyed by fire in 1914, answered the cries of defeat by saying "If West Texas State is nothing more than brick and mortar, it ought to die."

Milton Morris, executive secretary of the Ex-Students Association, said "It is most fitting that a history of our college should be written by Dr. Hill. He is the only living person who could tell the story, since he has been associated with the college throughout its existence."

Dr. Hill joined the faculty as head of the history department when the college was founded in 1910, and he became president of the institution in 1918, succeeding Cousins. He headed the college during its long fight for status as a four-year institution and its hard-won period of physical growth. Since 1948, when Dr. Hill retired, and Dr. James P. Cornette became president, Dr. Hill has been closely associated with WT affairs.

First copy of the book, whose appendix is filled with facts of all kinds and even contains a chronological table of events for the 50 years, was presented to West Texas State President at the Golden Anniversary convocation September 26. The copy has been placed in the library's rare book collection.

Several years of research by Dr. Hill went into preparation of "More Than Brick and Mortar" and the history is documented throughout from newspaper, official state records, and minutes of the Board of Regents of Texas State Teachers Colleges.

The book is complete in all respects of WT history, for while it devotes great portions to the academic and legislative relations of the college, it also is complete in its relation of the student activities, sports, and all phases of institutional life.

"All institutions of worth," Dr. Hill says in his preface, "have interesting histories, traditions and governing concepts. To forget, or to neglect, or to ignore them in an educational institution, as in a state or nation, is to hazard the very life of the institution itself. To magnify and promote them is not only the part of wisdom, but a sacred responsibility."

Dr. Cornette, in the book's foreword, wrote that "it has been frequently said that all great institutions are but the lengthened shadows of the lives of the great men and women who built them. In this, the Golden Anniversary Year of West Texas State College, all the thousands of us who love her are deeply grateful for the rare and happy combination of events which made it possible that the history of her first half-century be written by J. A. Hill, the man whose life cast the longest shadow of them all."

### Henry Aycock First Aid, Radar Subject Of Talk

A program on First Aid and traffic radar control was presented by Hereford Police Chief Henry Aycock at the noon meeting of Hereford Rotary Club Monday in the ballroom of the Jim Hill Hotel.

Aycock explained that the Deaf Smith County Chapter of Red Cross is currently setting up a recruiting program for students for its annual classes in First Aid training.

First Aid, he explained, is a layman's knowledge of good emergency treatment. The emergency treatment, he pointed out, is by no means to compete with treatment administered by professional doctors, but is to be used when the services of a doctor cannot be obtained quickly enough.

First Aid, he said, should be a community project and he urged all Rotarians to consider the importance of the Chapter's annual program. Ten instructors head the program this year. Aycock said there are about 1,200 moving traffic violations in Hereford annually. To cut down on violations and accidents, he said, the police department this year initiated the use of radar as a violation detecting device in Hereford.

He said the unit can be operated by one officer and is portable.

Visiting Rotarians at the meeting included Bob Lindsay of Borger, Buddy Taylor of Canyon, Joe Nesbitt of Dalhart and Harry Schultz of Dalhart.

### Hold Joint Meet Of 4-H Members

The Jolly Girls and Ford 4-H Boys Clubs met Monday in the Ford Community House, with Zigmus Friemel presiding over the meeting. Miss Loreta Fowler, assistant home demonstration agent, presented the program with the making of an uncooked fruit cake.

Mrs. J. E. Dyer set Nov. 27 and 28 for the craft meetings which are to be all day affairs with sack lunches at noon in the Community House.

Refreshments were served to Zigmus and Leonard Friemel, Larry Harbin, Jimmy Thuilt, Earl Dean Jackson, John Wayne Pickens, Joel and Kim Williamson, Sharon and Joyce Bezner, Pamela Edwards, Loujana Morris and Miss Loreta Fowler.

Mothers present were Mesdames J. E. Dyer, L. K. Williamson, J. M. Morris. Visitors were Mrs. Dean Jackson, Mrs. A. J. Bezner and Bob Thuilt.

# HERE'S WHY

You Should Apply

# ANHYDROUS AMMONIA THIS FALL!

1. IMPROVE SOIL FERTILITY. Fall applied nitrogen rots down stalks, stubble and other crop residues to improve the fertility of your soil. This rotting action changes residues into available-plant foods for oncoming crops and builds humus for better soil tilth.

2. EARLIER SPRING GROWTH. Next spring, when the ground thaws and warms, the nitrogen will already be in the soil to get your crops off to a fast vigorous start. It will help develop stronger, deeper root systems that can make better use of available moisture.

3. SAVES TIME . . . EVENS YOUR WORK LOAD. When you fall-fertilize, you distribute your work load more evenly. You save time next spring when you're rushed with soil preparation and planting.

4. ASSURES APPLICATION. In the fall you can choose favorable weather and your own most convenient time for application. You're assured of getting your nitrogen applied with no delays from heavy spring rains which keep your equipment out of the fields.

5. LESS SOIL COMPACTION. Since timing is less critical, you can avoid harmful soil compaction by applying your fertilizer at a time when you have a firm footing for your tractor and heavy application equipment.

6. EXTENDED GRAZING PERIODS . . . INCREASE CARRYING CAPACITY. Nitrogen applied now to pastures and fall seeded small grains promotes fall growth. This allows longer grazing periods . . . greater carrying capacity and substantial savings on feed bills.

**REMEMBER WHEN?**

By Charlie Seeds

This was the year of the big swing bands... of the incomparable Benny Goodman, the Dorsey Brothers, Artie Shaw and his clarinet, the fabulous Glenn Miller and many, many more. All over America young people were dancing... and their parents were listening.

In this year a trumpeter named Harry James left the Goodman band and decided to form his own orchestra. With his hot trumpet, his new band was an immediate hit. Then one day a thin young man auditioned with James as a singer. James liked him and took him on.

The young man was so thin that people made jokes about it. He hung onto the microphone as if he needed support. But when he started to sing, something happened in the audience... especially to the young girls. They started to squeal and swoon. In the years to come this was to become a national phenomenon... swooning was to become headline news... wherever Frankie Sinatra crooned. Remember when he started with Harry James?

It was a big year for bands... and for the automobile business, too. America was entering a new period of prosperity. More and more buyers were looking at the new cars... shopping for the best deal.

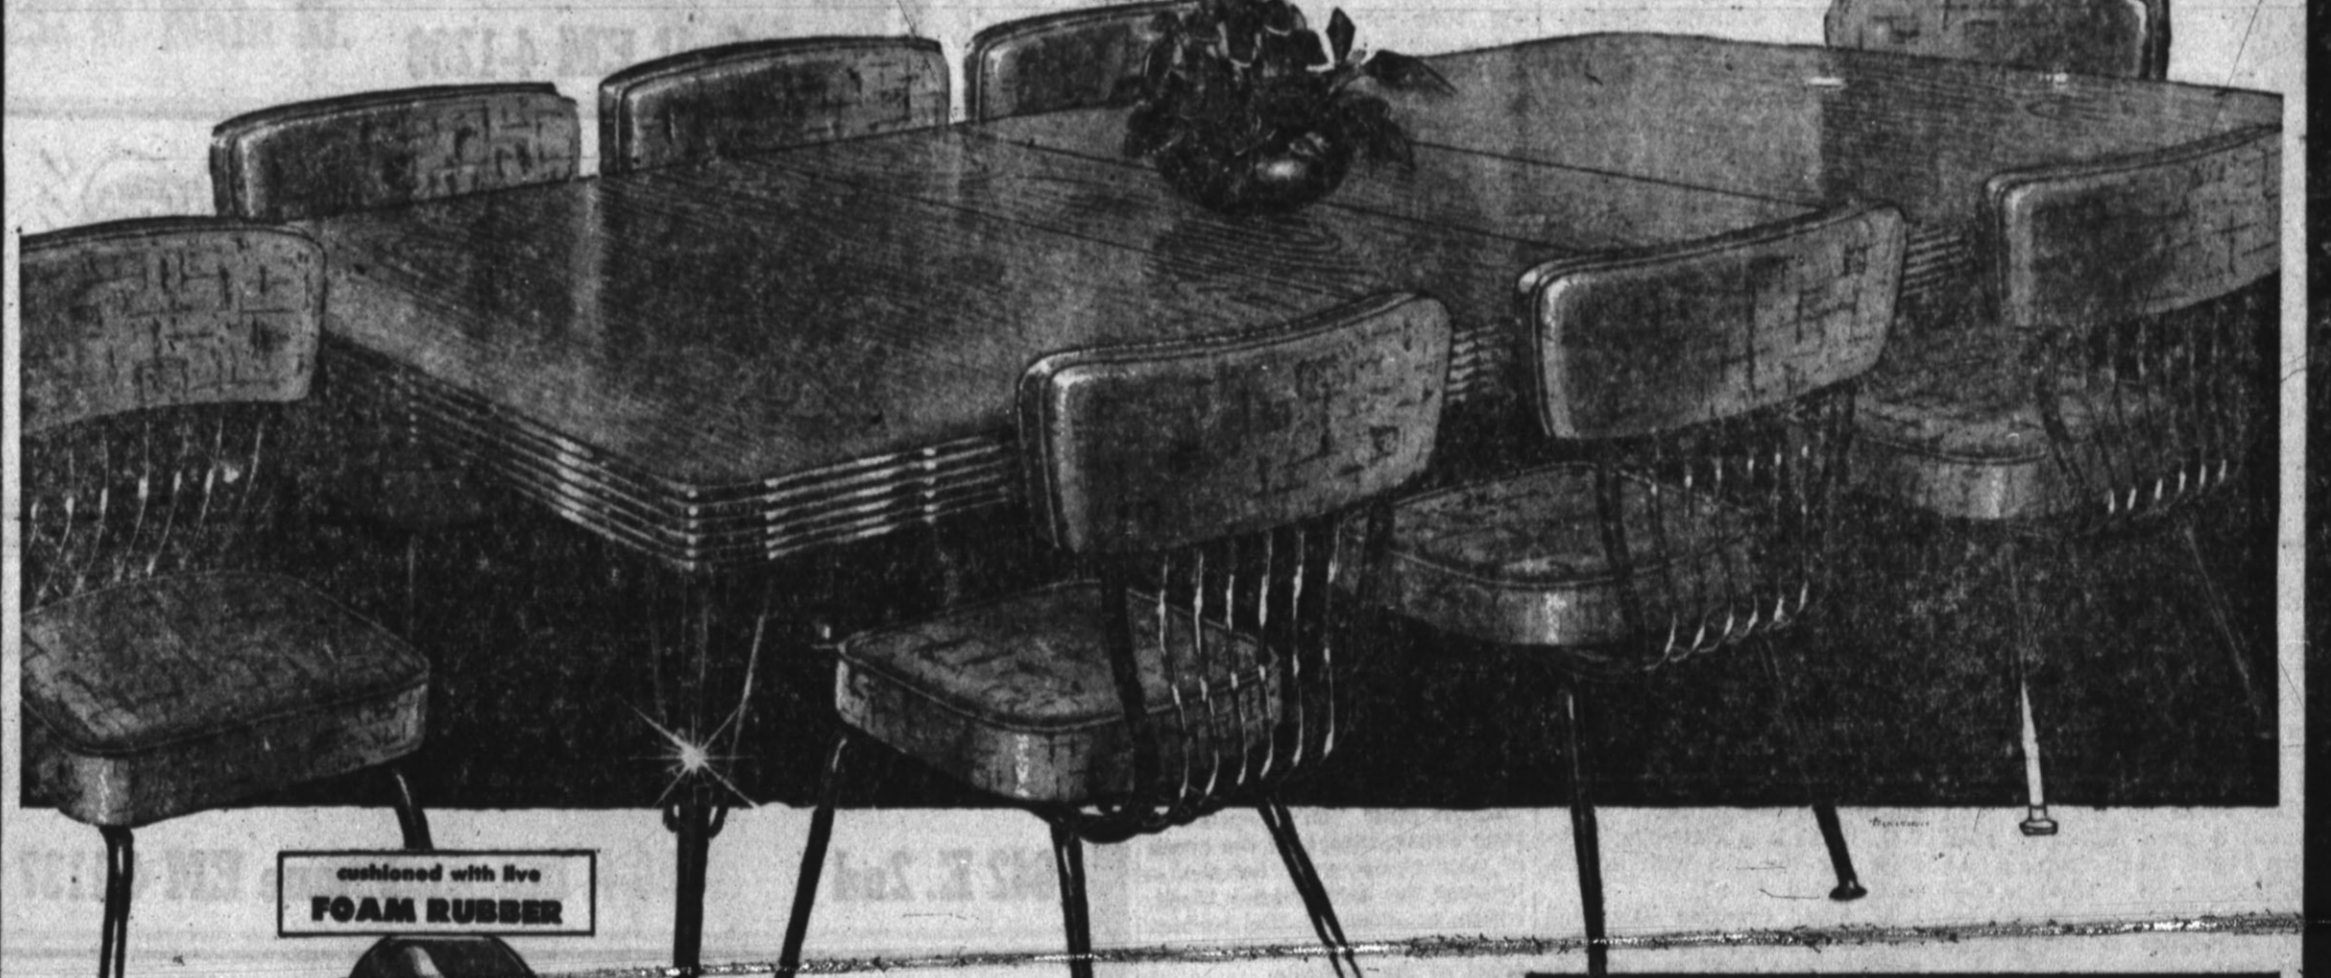

The year was 1939.

We're always glad to see people who've been "shopping around" for a new car. Because then they know just how good a deal we're offering on a brand new 1960 FORD Shop - then compare our deal before you buy! CHARLIE SEEDS MOTOR CO., INC. 146 E. Second, Phone EM 4-2727.

PHOTO CARICATURE of Marilyn Monroe is the result of Weegee's ingenuity and a plastic lens. It is one of the tricks revealed in his latest book, "Weegee's Creative Camera."

## Weegee Gets Look At Distorted Life

I FIRST KNEW Weegee more than 30 years ago when we both worked for a news agency. He was a darkroom printer then, a character with wild, bushy hair, an always rumpled suit and teeth clamped on a half smoked cigar. But he was a perfectionist in his darkroom work.

Today, Weegee is still a character, but a famous one. He left the darkroom because he was convinced he could make better pictures than the ones he had to print. And it has turned out he was right. His nocturnal night life were used in daily newspapers, then published in his first book, "Naked City." It brought him national fame.

Weegee — his real name is Arthur Fellig — went to Hollywood as a photo consultant and technical adviser for a couple of movies. His visit resulted in another book, "Naked Hollywood," an unconventional camera-eye view of an unconventional city. He became a freelance photographer selling to Vogue, Fortune, Look, Life and other international publications.

In the years that followed, Weegee's camera sought new worlds to capture on film. Never satisfied with the conventional when there was another way — no matter how weird — to picture it, the camera became a flexible fool in Weegee's hands. He invented and adapted elastic lenses, mirrors, kaleidoscopes and played tricks in the darkroom with his enlarger and the projected pictures. He experimented with all sorts of material that bend, reflect or refract light or that divide, multiply or distort photographic images. His aim was to use all these devices to create more interesting, startling or unconventional pictures.

Again he succeeded, for they form the basis for his latest book, "Weegee's Creative Camera," published by Hanover House of Doubleday & Co., Garden City, N.Y.

In it, Weegee reveals for the first time the unorthodox techniques which have amazed viewers and aroused the curiosity of fellow photographers. For instance, his famous photo caricatures of celebrities requires a home-made gadget, a plastic lens.

It is made by warming a four-inch square of clear plastic in an aluminum foil pan until it becomes pliable. Then (with fingers protected by gloves) this is bent and twisted and dropped into cold water to harden into shape. Different twists produce different results and it takes many experiments to produce a plastic lens that will give meaningful distortion in pictures. It is placed in front of the lens for shooting and in front of the viewer to see what the results are likely to be. If unsatisfactory, the same plastic can be reheated to change the twist.

Kaleidoscopic pictures are made by redoing a toy kaleidoscope or making one from an eight-inch long, two-inch-diameter cardboard tube. Two front-surface mirrors are attached to a cardboard "V" which fits inside the tube. The tube is then taped to the camera lens, like a long sunshade, for the multi-image pictures. Allow at least one extra stop in the exposure to compensate for some loss of light.

With these and other explanations, amateur photographers can experiment with bits of glass, plastic, prisms and mirrors to create their own caricatures, patterns and odd effects.

Weegee now is figuring out a way to animate still photo-

graphs by making the subject move its eyes or change expression. If you move fast, you might out-weegee Weegee, but I'll wager all the plastic in Paris that Weegee solves the problem first.

## Damp Weather Halts Area Grain Harvest

By MRS. S. N. THWEATT  
Cloudy sky and damp weather prevailed over the community the past week, with a measurement of .07 at Boot Leg Thursday night. Grain harvest was halted for a short time because of the moisture, but proved beneficial to the wheat in the area.

Frank Ford left his ranch Thursday for his home in Lubbock, where he spent the night. He went from there to Austin to join his two sons, Davis and Frank Jr., for a fishing trip.

Mrs. N. A. Brown visited her father, L. W. Potts of Rosedale, N. M., Thursday morning. The Halloween Carnival at Walcott School Friday night was attended by a large number.

Mrs. C. W. King of Rosedale, N. M., mother of Mrs. Eldred Brown and Mrs. Floyd Brown, was honored with a surprise birthday party Halloween night at her home north of Rosedale.

Those attending the party were her children and grandchildren, Mr. and Mrs. Floyd Brown and sons, Earl and Roger, Mr. and Mrs. Eldred Brown and son Tommy of Garcia, Mr. and Mrs. Windell Armstrong and daughter of Grady, N. M., Mr. and Mrs. Frances Decker and daughter of Broadview, N. M., and Mr. and Mrs. Clyde

Rosedale, and three daughters of Rosedale.

Mrs. Bertram Jack spent Wednesday in the Friona Hospital. She came home Thursday and is reported to be in good condition.

## Willing Workers Install Officers

The Willing Workers 4-H Club met in the home of Kay Brogden recently. The meeting was called to order by the president, Caroline Brumley.

Officers for the coming year were installed. They are Caroline Brumley, president; Lu Anne Higgins, vice-president; Glenda Lester, secretary-treasurer; Janis Higgins, reporter.

Miss Loreta Fowler, assistant Home Demonstration agent, gave a demonstration on preparing stuffed steaks. Mrs. Plank, leader of the club, spoke to the group about achievement night, which will be held in November.

The hostess served cookies and punch and recreation was provided by the recreation chairman.

Those present were Kathy Pool, Donna Hill, Nancy Smith, Glenda Lester, Caroline Brumley, Cindy Hanna, Cynthia Knox, Toni Beauchamp, Kay Brogden, Pam Winget, Lu Anne Higgins, Mora McAndrews and Janis Higgins.

New Members attending the meeting were Connie Bryant, Sharon Haggins, Joette Hanna and Becky Long.

The club also met in the home of Donna Hill recently. Mrs. Earl Plank gave the girls packaged light bulbs to sell. Lu Anne Higgins, vice-president, gave a program on how to introduce persons. After the program, each girl chose a partner and introduced her to the club in the proper manner.

Plans were made to meet at the Bull Barn in November, to make winter bouquets. Refreshments were served and the meeting was adjourned.

Those present were Mora McAndrews, Nancy Smith, Sharon Haggins, Kathy Pool, Donna Hill, Toni Beauchamp, Donna Ree, Connie Bryant, Joette Hanna, Cindy Hanna, Becky Long, Glenda Lester, Cynthia Knox, Lu Anne Higgins and Janis Higgins.

A visitor, Paula Waldrop, also attended.

# Halloween Carnival, Party Well-Attended

By MRS. CARL WIMBERLEY  
The Halloween supper and carnival, sponsored by the Parent-Teacher Association, Friday night was very successful, both in attendance and as a money-raising project.

There were 121 persons present and more than 30 children took part in the Costume Parade. Mrs. H. V. McCabe and Mrs. Alfred Smith were the judges for the contest.

Phillis Wear, daughter of Mr. and Mrs. Clyde Wear, was winner in the pre-school division. Ted Richardson Jr. in the first and second grade group, while Buddie Stewart was the winner in the third through sixth grade group.

Out-of-town people who attended were Mrs. C. O. Brown, Mr. and Mrs. Leroy Burgess and family of Hereford, Mr. and Mrs. Jackie D. Burrus and daughter of Umbarger.

Serving as committee chairman for the carnival were Mrs. C. C. Stewart, food; Mrs. Muri Little, games; Mrs. H. H. Miller, costume; Mrs. Wayne Higgins, art booth; H. S. Fuller Sr., cleanup; and Mrs. Melvin May, advertising.

Wesley Strain, son of Mr. and Mrs. Robert Strain, spent Thursday night with his grandparents, Mr. and Mrs. Baker Womble, in Hereford.

The Rev. and Mrs. Paul McClung and children, Kenneth, David Dean and Cheryl of New Home community near Lubbock visited Friday night in the

home of Mr. and Mrs. Edgar Lemons.

The Rev. and Mrs. McClung and Kenneth returned home. Cheryl remained here for the week while their parents are attending the state Baptist Convention in Corpus Christi.

Mr. and Mrs. L. W. Tooley Saturday visited his mother, Mrs. A. W. Tooley, who is in the hospital at Plainview.

They stopped at Kress to get their daughter, Marlene, who spent last week with her grandparents, Mr. and Mrs. A. D. Moore.

On Sunday the Rev. and Mrs. Alvin G. Smith of Hereford were dinner guests in the Tooley home.

Mr. and Mrs. Leon Vinton went to Nazareth on Sunday. There they visited in the homes of her brothers, Rudolph Huseman, Mr. and Mrs. Emil Huseman and her aunt, Mrs. Louise Woelfle.

Mr. and Mrs. Walter Lemons and daughter, Linda, Peggy Jean and Sandra, went to Morton Friday to spend the week end with Mrs. Lemons' mother, Mrs. J. M. Waller.

Mr. and Mrs. Jimmie Cannon of Bula visited Sunday afternoon in the home of Mr. and Mrs. R. L. Johnson.

## TELEPHONE TALK

by Al Leach, Manager

### YOU CAN'T TELL THE PLAYERS WITHOUT A PROGRAM

Did you ever go to a ball game and hear the "hawkers" selling program? When I hear their chant about not being able to tell the players without a program, I always think about our telephone directory. Teenagers, businessmen, and others who aren't listed in the Hereford Directory still have time to order those listings if they call the business office at Emerson 4-1000 right away. Better yet, you parents, why not order an additional line for the children's use? A friend of mine told me he had forgotten how convenient a telephone is, until he had one installed for his teenage daughter. Says that he and his wife can use their telephone, now that daughter has one of her own, and they really enjoy it. He didn't say, but I bet daughter enjoys hers too.

### IDEA FOR THANKSGIVING

In most homes, the highlight of Thanksgiving Day is a family get-together and, of course, a big meal that mom spent half the day cooking.

Juicy turkey, tasty dressing, and all the trimmings. Yet, a happy occasion for the whole family, and Mom deserves a pat on the back for making it that way.

But is that all? A friend of mine has come up with an idea that really makes a hit at his house.

"Last Thanksgiving," he told me, "as I watched my wife fixing dinner, I felt she deserved a reward. I was wondering what I might give her and then I decided — a Long Distance call. She can talk with her folks."

"Great idea," I said. "How'd she like it?"

He smiled. "That Long Distance call was sort of like our pumpkin pie."

"How's that?" I asked.

"The whole family enjoyed it."

### IT'S SMART TO HAVE A BEDROOM PHONE

I've been noticing that a few people in Hereford have decided that it's a good idea, to have an extension phone in color in their bedroom, and reports I get indicate that lots of our customers in towns throughout Texas feel the same way.

I can understand how they feel, because bedroom phones really are wonderful.

They add beauty to the room, and they give you convenience and privacy during the day and a real sense of security at night.

Why don't you call the telephone company business office and order one now? Because the sooner you do, the sooner you can start enjoying it.

Call by number. It's twice as fast.

# Scout Group Holds Monthly Pack Night

By MRS. R. L. PINNELL  
The Cub Scouts met Monday for their monthly "Pack Night" in the school auditorium. Dens One and Two participated in the flag-raising ceremony, followed by a Halloween song.

Cub Master Earl Brown presented awards to the boys. Those receiving the Golden Arrow Point and Wolf Badge were Charles Harwood and Alford Jobe. Raymond Jones and Dwayne Gruhlkey received the Silver Arrow Point for Wolf Badge. Dale Gruhlkey received the Silver Arrow Point for Bear Badge and Richard Harwood received the Golden Arrow Point for Bear Badge.

Seven new members were installed into the Cubs. They are as follows: Jim Cavin, Jim Bob Perry, Johnnie Lewis, Mike Perry, William Benefield, Jerry and Eddie Campbell.

Mothers serving refreshments were Mesdames M. F. Loveless

and Alford Jobe of Den One. Mesdames John Lewis, Jim Cavin and Earl Brown served refreshments for Pack Two.

Halloween lost some of its importance this week because of the beneficial rains that fell Thursday. Amounts from one inch to .60 were reported.

School parties were held soon after the noon hour and busses ran early because of the muddy roads. In the first and second grades, Mrs. Earl Brown served as chairman of the party committee. Games were played, refreshments were served and favors were given to the children. Assisting with the party was Mrs. Horace Betts and Mrs. George Campbell.

The third and fourth grades enjoyed their party planned by Mesdames Jim Perrin, James Cavin, Bud Heaton and Fred Harwood.

The fifth and sixth grades were taken to the Loveless Cafe for refreshments by room mo-

thers, Mesdames M. F. Loveless, Walt Loveless, Albert Glass and Elmer Weidner.

The community children collected money for CROP on Halloween night. Mothers accompanying the children were Mesdames Leland Burns, Johnnie Lewis, Lorin Creitz, N. L. Jacobson and Hallie Gee.

The superintendents of the five schools in the Adrian district met Tuesday night in Chaunting to plan for the Inter-scholastic League meet in April. Charles Harman, Vega superintendent, was elected chairman of the group. The literary events will be held in Vega and the track meet in Dahlart.

The P-T-O is to hold a program Saturday night at 8 p.m., which will be called "P-T-O Skit." It consists of two skits entitled: "Oswald Oozlepopper - Hoss Thief," and "The Woman's Hour". A one-act play will also be presented, entitled "Dinner With The Folks."

Those participating in the play are Mrs. Lorin Creitz, John Horton, Robert Jacobson, Paul Jackson and Mrs. Ernest Frank.

Pie and coffee will be served at intermission.

Mr. and Mrs. Chock Garrison have been in Fort Worth the last week purchasing cattle for winter wheat pasture. The cattle arrived by truck Friday morning a truck was stuck, and when Chock pulled it out, it turned over with 87 head of cattle inside. Only one calf was hurt.
