

### Pat Malone is school speaker

Pat Malone, executive vice president of the first National Bank, will be one of several speakers at the annual Farm and Ranch Credit School for Commercial Bankers, Feb. 14-16 at Texas A&M University.

Malone will discuss feedlot loans as his part in the 20th annual event.

Tom Prater, Extension Service economist-management and school program chairman, said the session is scheduled Wednesday morning.

One section of the general meeting deals with the mechanics of handling loans, which Prater said will interest lesser experienced loan officers.

Cattle financing is the subject of Arthur B. Adams, president, Lawrence Systems, Inc., in Houston. Joe Montgomery, executive vice president, Security State Bank, Littlefield, will talk on row-crop loans.

The latest information on federal crop insurance is up for discussion by Richard H. Aslakson of Washington, D.C., manager of the USDA's Federal Crop Insurance Corporation.

Dr. Tyrus R. Timm, head of the A&M Agricultural Economics and Rural Sociology Department which conducts the school, will sum up the three-day program in his talk, "Bankers Are Important." Prater said the continued success of the annual conference is primarily the result of "Timm's very strong leadership."

School sponsors are the Texas Agricultural Extension Service, Texas Agricultural Experiment Station and the Texas Bankers Association.

**AIDING THE ELDERLY**  
WASHINGTON (AP) — The Department of Housing and Urban Development has issued a new publication on housing for the elderly and the handicapped.

The 46-page bibliography, entitled "The Built Environment for the Elderly and the Handicapped," contains background information on the housing situation for the elderly both here and abroad, on architecture and space use, fire prevention, senior centers, residential communities, nursing homes and the problems of relocation.

A section is devoted to the sign of public and private buildings for the disabled and the handicapped.

THREE RAINBOW HELPERS — These are three Rainbow girls that give time to help at Hereford Day Care Center. Entertaining some of the children are, from left, Denise Strange, Patsy Brownlow and Cindy McWhorter.

### Day Care Center aides are Rainbow volunteers

For almost a year, Hereford Rainbow girls have been helping at Hereford Day Care Center as a service project. The girls come every school day from 4 to 6 p.m. to entertain the children. This project was started last April when Karen Scott held the office of charity and each term the project continued. Following with the project have been Kay Hagar, Kathy Smith, Cindy McWhorter and Denise Strange, as they held the office in turn. The girls earn a service bar at the end of each term for working a specified number of hours in a community project. They say, "The greatest reward given us is that of knowing you're needed and being useful, for happiness is being of service to your fellowman."

### Book store sets annual meeting

The annual stockholders meeting of the Christian Book Store, Inc. will be at 7 p.m. Monday dinner at Dickie's Restaurant. Connie Goeringer of Hereford will be the guest speaker and officials will present the annual report. An election of directors also is scheduled. Present officers are Robert Rowt of Plainview, chairman; Dennis Farley of Hereford, vice president; and Robert Wagner of Hereford, secretary-treasurer. Directors are Bill Brandt of Friona, Herbert Stoener of Hereford, Mrs. Glen Osborn of Hereford and Mrs. Earl Springer of Hereford. Nominated for directors are Melvin Sacks of Friona, Ruth Groneman of Hereford and Don Nafzger of Olton. Other nominations also will be taken from the floor.

**LADY HAD LAST WORD**  
SAN ANTONIO, Tex. (AP)—Sister Margaret Rose Palmer of Incarnate Word College here has found what must be the ultimate in having the last say-so. Visiting historical sites while at Harvard last summer, she spotted a tombstone in an old cemetery at Plymouth, Mass., with this inscription: "I told you I was sick, Elizabeth!"

## Parole supervisors present program

Three parole supervisors of the Texas Youth Council in Austin presented the program Thursday to local members of the Peace Officers Association of Hereford.

### Hospital notes

**DISMISSALS**  
Mrs. Marvin L. Batenhorst, Mrs. Cloys Dean Wiseman 2-4. Mrs. Pedro A. Montoya, Elizabeth Ann Duggan, Mrs. Tommy R. Deas, Mrs. Darrell W. McPherson, Sheila Kay Lea, Mrs. Florence A. Brumley, Mrs. Minnie McDowell, Mrs. Ruben Ortega, Mrs. Jesus G. Guerrero, Mrs. B.B. Breeding 2-3. Mrs. Johny W. Parker, Mrs. Billie L. Herrington, Billy Gene Cotten, Mrs. Ernest Brit Clark, Mrs. William Alex Glass, Mrs. Frances Lopez, Mrs. Pantaleon Nava, Segundo Boxquez 2-2. Mrs. George Malouf, Mrs. William T. Brooks, Mrs. Silverio C. Rodriguez, John Anderson, Mrs. William Lee Carter, Mrs. Hop Lewis 2-1. Elmer Eugene Combs, Mrs. Howard E. Drye 1-31.

Bill Gray, state area supervisor, and Pat Tucker and Jerry Venable, district supervisors, discussed the Texas Youth Council with the group, pointing out that "the first contact with kids comes through local law enforcement authorities" and those contacts have a lot to do with the kids' futures. Special guests at the meeting were H.A. Cavness, chairman of the local juvenile board, and Earl Holt, a member of the board.

Gray said the duties of the Texas Youth Council is to keep in contact with the young people after they are released from one of the state's several detention centers. Authorities of the board see that the child attends school regularly and makes a report to the parole officer's office each month.

The action of the Texas Youth Council, he said, is just a follow-up on a child after he or she has been taught a vocational trade and assisted with getting a job after they are paroled.

According to Gray, children in the detention centers range in age from 10 to 17 for boys and 10 to 18 for girls. Generally, he said, these children leave the detention centers within these age limits, but it is not unusual to keep a child at one of the centers until he or she is 21 years old.

Of the large number paroled each year, only 14 per cent ever return to the detention centers, he told the gathering.

Also, of the large number of children in the centers, 39.3 per cent are anglos, 24.3 per cent latins and 35.8 per cent are negroes.

At this time, only one girl from this county is on parole and no boys.

### Look who's new

Mr. and Mrs. Michael D. Porter are the parents of a son, Aaron David, born Feb. 2. He weighed 7 lbs. 9 ozs.

Mr. and Mrs. Hector G. Garcia are the parents of a daughter, Martha Helen, born Feb. 2. She weighed 4 lbs. 14½ ozs.

Mr. and Mrs. Rodney A. Dearing are the parents of a daughter, Jessica Ann, born Feb. 2. She weighed 9 lbs. 2 ozs.

Larry Grantham and Don Maynard are two original members of the New York Jets.

**FAMILY HONORS BIRTHDAY**—Mrs. Elizabeth Greer had her children as well as a number of other relatives, present Sunday when her 86th birthday was celebrated at the home of her daughter, Mrs. Paul Corbett, where she resides. She is seated between a son, N. H. Greer of Amarillo,

and a daughter, Hazel, Mrs. Harold Clement of Littlefield. Her other children, from left standing, are Annis, Mrs. Corbett; Mackey Greer, Lubbock; Jane, Mrs. Lloyd Barnes of Dallas; Gene Greer and Peggy Marie, Mrs. Vernon King, both of McLean.

### Hereford boys win in meet

Three former Hereford High School track stars played a key role Friday in the 75-62 dual track meet won by West Texas State University over Eastern New Mexico University.

George Fuller, who just this semester received a partial scholarship to WT, finished second

in the long jump with a 22-10½ mark and third in the triple jump with a 41-¼ leap.

Jim Childers of Hereford finished third in the long jump with a leap of 30-¾ and first in the triple jump with a mark of 44-10.

Gary Goodin, the Hereford hurdler who went to state competition for the Whitefaces two years, finished second in the 50-yard intermediate hurdles.

**ALL THE WAY FROM GERMANY** — Lion Ed Wilson, left, hands a plate of pancakes and sausage to Jochen Lauber of Germany at Friday evening's annual Lions Club Pancake Supper, attended by more than 2,000 people. Proceeds will go to the high school band, which will represent Texas at the Lions Club International Convention in Mexico in June. Lauber, a houseguest of the George

Turrentine family, is a graduate student in advertising from his nativeland, and has been studying American advertising at Texas Tech in Lubbock. Mrs. Turrentine is seen at the extreme right, fire chief, have no answer to the cause or the background.

Photo by Betty Koelzer

The Travelers Safety Service

Excessive speed was involved in almost 40% of the fatal accidents in 1967.

**PARTY ELEPHANT** — An unusual pinata, a red-and-white striped elephant, was made for the Saturday birthday party of Andy Garcia, 10, by his mother, Jo Garcia. Traditional breaking of the pinata to scatter the candies inside was a feature of the party. Mrs. Garcia molded papier mache over an inflated balloon and glued on ruffled paper to make the elephant's body, adding feet made of oatmeal boxes, a trunk, fringed paper tail and rough eyes. She has made pinatas in the past, even as a girl at her home in Lubbock, but says, "They were in the shape of fish or something quite simple." An operator in a beauty shop here, Mrs. Garcia has three daughters and a son younger than Andy and expects to make more birthday pinatas in the future.

## Conkwright re-elected cattle assn. president

Jim Conkwright of Hereford was re-elected president of the Texas Hereford Association at the annual membership meeting held in Fort Worth on Monday, January 31.

The meeting followed the Association's annual banquet held in the Crystal Ballroom of the Sheraton-Fort Worth Hotel. President Conkwright presided at the banquet.

Two hundred and seventy Hereford breeders and enthusiasts attended the banquet. The guest speaker was Dr. L.S. Pope, Associate Dean of Texas A & M University's College of Agriculture. Dr. Pope's address, "Changing Patterns in the Beef Industry," was complemented by a slide presentation.

A highlight of the banquet was the presentation of Honorary Life Membership Awards to Dr. L.J. Clark of Bellville, Frank E. Jordan of Mason, and Mrs. Roy R. Largent of Fort Davis. The Honorary Life Membership Awards, the highest honor the T.H.A. can bestow upon an individual, were presented by Clint Booth, president of Flat Top Ranch, Walnut Springs, and a

vice president of the Association.

Other highlights of the banquet were the presentation of awards to Walter S. Britten of Bryan, an auctioneer and long-time member of the Texas Hereford Association, and to B.C. Snidow, Assistant Secretary of the American Hereford Association. B.C. Snidow presented a plaque from the American Hereford Association to Walter S. Britten in appreciation of his outstanding contribution to the marketing of purebred Herefords. Conkwright presented a plaque from the Texas Hereford Association to B.C. Snidow in appreciation of his many years of service to the Hereford industry.

The Texas Junior Hereford Association presented their prize winning performance skit, "Performance Records—Past, Present and Future," written by Lew Lehman, editor of "The Texas Hereford". The skit placed first in national competition at Kansas City. Members of the cast were Jeff Allen of Graham, Randy Britten of Bryan, Ann

Davis and Jay Davis of Coleman, Louis Pitcock III of Graham, and James Steen of Marfa. James Steen was unable to attend the banquet, and his role was assumed by Ronald Jordan of Mason.

Clint Booth of Walnut Springs and David H. Morris of Houston were re-elected to serve as vice presidents of the Association in 1972. New vice presidents elected at the meeting are Edwin S. Brown of Beeville and Joe T. Lane of Alpine.

New directors, elected to serve for a term of three years, are as follows: Nathan J. Allen, Graham; Dale Barber, Channing; Tom Crump, Seguin; Mike Doyle, Wolfe City; Weldon Edwards, Clyde; Richard W. Ellison, Rosebud; J.O. Fox, Abilene; Robert M. Fuhrmann, Gainesville; J.O. Hood, Lometa; Ira F. Lee, Willow City; Emmett LeFors, Pampa; Robert E. McKnight, Fort Davis; Wayne Maddox, Miami; George A. Odom, Weatherford; Tony Oladko, Clarksville; Fred T. Owen Jr., Clifton; Renal B. Rosson, Snyder; James H. Stafford, Dallas; Leland Wallace, Big

Spring; Charles R. Watson, San Antonio; Harry F. Williams, Decatur; W.L. Wilson, Quanah; and Bobby Wood, Stratford.

Jim Conkwright

**KIWANIS SPEAKER**—Ron Mayberry, head basketball coach at the high school, spoke to the Whiteface Kiwanis Club Friday, outlining the current basketball season and each of the players on the team.

Jack Ryan is in his 13th season as coach of the Army swimming team.

## Pruitt will attend OSU short course

David W. Pruitt, Deaf Smith County REC, Hereford, Texas, is among 115 people registered to attend the annual Summer-Winter Air Conditioning short course at Oklahoma State University Feb. 7-10.

The course, designed to bring the latest in air conditioning techniques to those working in the field, is jointly sponsored by the school of mechanical and aero-space engineering and the

National Environmental Systems Contractors Association (NESCA).

At the end of the four-day course, the students will be awarded diplomas upon successful completion of NESCA examinations.

This year marks the 21st anniversary of the course.

Those attending can participate in instruction on both basic and advanced residential systems or a course on commercial building systems. In addition, a special course will be offered on management problems for owners, contractors and management personnel.

## Olson member of A&M team

Steven Olson of Hereford is a member of the Texas A&M University meat judging team which took first place Wednesday in the International Meats Judging Contest in Fort Worth.

Olson team with Dennis Crenwelle of Fredericksburg, Glen Grote of Mason, Charles Real of Converse, Ruben Farias of Hebronville, Larry Nickle of Taylor and James Landrum of San Benito.

Second place in the contest went to Kansas State University and third to the University Exposition and Fat Stock Show.

Coaches Bo Reagan and Gary Smith of the A&M Animal Science Department said Olson was the high point individual in the overall contest and Crenwelle was third.

Within the contest, the Aggies won first in pork and lamb judging.

The leaf glands of many species of the eucalyptus contain a pungent oil extracted for medicines, solvents and perfumes.

A virus preserved for 30 years in a test tube in one laboratory could still kill rats.

### RECONCILIATION NOTE

TOKYO (AP) — When the "roll call of nations" was read at the recent Baptist World Congress here, the name of the Union of South Africa brought two women walking across the platform hand in hand.

Coming from an area of legalized apartheid or racial separation, the two, one black and one white, each recited in their native language, "Reconciled through Jesus Christ."

**New driver laws noted for club**

New laws in Texas concerning operation of motor vehicles were listed and discussed by Jim Freeman of the state Highway Patrol, as guest speaker for Simms Study-Craft Club Wednesday afternoon.

The meeting was at Somms Community Building, with Mmes. Julian Perrin, John Brozman and Oliver Wann as hostesses. Mrs. Tommy Blasin-

game was named reporter to fill an office vacancy.

A change in plans for the next meeting was made; it will be at 2 p.m. March 1 in the Community Building. Guests will be invited for a white elephant auction.

Mrs. Harvey Broniman was welcomed as a guest. Other members included Mmes. Joe Myer, Arillas Edwards, Morris Blankenship and Leland Burns.

**CHANGE TAKES TIME** ANNAPOLIS, Md. (AP) — The heavy wooden doors to Maryland's historic State House have always opened inward, contrary to state fire regulations, and long an embarrassment to safety-minded legislators.

Now that the doors have been changed to open outward, another problem has arisen. Some visitors are turning away, thinking the doors are locked.

**ICT STUDENT OF THE WEEK** — Named as this week's Industrial Cooperative Training Student of the Week is Wayne Walker, son of Mr. and Mrs. C. W. Walker, 206 Kingwood. Employed at Walkers Used Cars and a senior in Hereford High School, he is pictured with supervisor, Skeet Word.

**CHECKS PRESENTED** — Two local causes, the Hereford Day Care Center and the Satellite Center for retarded children, benefited along with the Opportunity Plan for student loans at West Texas State University, from proceeds of La Madre Mia Club's holiday bazaar. Mrs. G. C. Merritt, president, left, hands a check to Agatha Cardinal of the Satellite Center, while Mrs. Wayne Lady, treasurer, gives Anna Jo Wilson the contribution to the Day Care Center.

**PROGRESS**  
Depends On All of Us,  
Working Together

Progress is good things happening... and joint endeavor does the job... keeping the wheels turning... moving ahead toward a better future for all of us.

Progress is people cooperating, using their vision and skills for the betterment of the entire community. Progress is putting all our resources to work for everyone's benefit. It's using our vast opportunities carefully, wisely and well.

Let's dedicate our efforts... together... to foster continuing growth and prosperity... keep the good things happening in 1972.

Building the Future Starts Right Now  
We Have the Tools - Let's Use Them!

OEA OFFICERS for the 1971-72 year are from left, Cathy Koozer, vice-president; Helen Brorman, treasurer; Terri Carter, president; Becky Frye, parliamentarian; and Nita Cupell, secretary. Not pictured is Jennifer Smart, historian.

**DATE EMPHASIZED** — Pat McDonald, one of the sponsors for the Office Education Association in Hereford High School, points to the date on the poster proclaiming the national week which starts today. Co-sponsor is Elizabeth Wills, right, and the program is under supervision of Richard Robinson, vocational department director.

## National week observed in VOE

**NATIONAL OFFICE EDUCATION** Association Week will be observed in Hereford High School beginning with open house from 7 to 9 p.m. Tuesday in the vocational office education classroom. This is an annual event to give parents and employers of VOE students an opportunity to observe activities of the department. The public is invited to attend.

**OTHER ACTIVITIES** for the year include the OEA area leadership conference Feb. 25-26 at Amarillo College. Six girls plan to represent HHS, entering competition in various skill contests. Winners at the area contest will qualify for state conference in March in Dallas.

**OEA IS A YOUTH** organization for students enrolled in high school VOE classes. The program provides opportunity to develop leadership and an understanding of the world of work in an office occupation. Its objective is to develop vocational competence.

**THE ANNUAL** Employer-Employee banquet set for May will honor businessmen of the community who employ VOE students so they may receive on-the-job experience.

**LOCAL BUSINESS** concerns cooperating with the VOE-OEA program this year are W.T. Rural Telephone Co., J.C. Penney Co., Heindl Commodities, Farr Better Feeds, Pioneer Natural Gas, Hereford Brand, Bruce Miller, - attorney at law, Hereford Bail Bond, Orval Watson Ford, Avenue Baptist Church, Dr. Ronald Zimmerman, DSC Farm Bureau, KPAN Radio, Hereford Texas Federal Credit Union, Panciera Tire and Supply, First National Bank, Central Church of Christ, First Supply, Campbell Real Estate, Hereford Labs, Knox T.V. and Music.

**COORDINATORS** at the high school are Pat McDonald and Elizabeth Wills.

**JOB MANUALS** — Karen Coffey, left and Kathy Duncan intently look over last year's job manuals for ideas they can use on their own.

**GOOD GROOMING** — Darla Springer, left and Vickie Alford display the club's stand on grooming. Each Wednesday, members make a special effort to wear a neat dress and look especially nice. They also wear the OEA pin.

**TRANSCRIBING AND TYPING** take place in most offices every day. Shown here are Cherri Packard, front and Sandra Fields. They will represent Hereford High School in the area contest in clerical typing.

# Miss Skypala is bride of El Paso resident

Miss Kathleen Rose Skypala, daughter of Mr. and Mrs. Norbert Skypala of 406 Ave. G, and Michael Raye Margrave, son of Mr. and Mrs. W.D. Margrave of El Paso, were wed in an evening ceremony Saturday in St. Anthony's Catholic Church.

The Rev. Boniface Reidmann, pastor of Saint Anthony's, officiated as Mr. Skypala gave his daughter in marriage. Bouquets of blue and white carnations flanked the couple as they knelt at the altar.

Miss Tricia Herr, organist, accompanied Miss Margaret Schlabs as she sang The Wedding Song (There Is Love), and also played the marches.

The bride wore a Victorian floor length gown of white crushed velvet with a high neckline, long full sleeves and

flounce at the bottom of the straight-line skirt. The neck, front bodice, belted waist and cuffs were accented with beaded lace.

Her attendants, Miss Patty Sink of Taos, maid of honor, and Miss Susie Margrave, sister of the bridegroom, wore floor-length royal blue crushed velvet culottes with matching waist length vests and pastel blue long sleeved crepe blouses. Each carried a single long-stemmed blue carnation.

At a reception at the Knights of Columbus Hall following the ceremony Miss Paula Kurns of El Paso registered guests as Mrs. Jim Marnell served a four-tiered cake surrounded by heart shaped cakes with blue flower decoration, and Mrs. Audie Margrave poured tea and coffee.

Others assisting were Mrs. David Sims, sister of the bride; Mmes. Ed Bezner, Adolph Knabe, John Betzen, Frank Bezner; Misses Nannette Reinart and Jeanette Schlabs.

For a honeymoon to New Mexico, the bride wore a brown crepe shirtwaist dress with tweed skirt and brown crushed patent accessories. The couple will be at home after February 7 at 913 Duskin, El Paso.

Mrs. Margrave is a 1969 graduate of Hereford High School and attended Amarillo Junior College and University of Texas at El Paso.

A graduate of Irvin High School of El Paso, Margrave served two years in the U.S. Navy and will complete his education at Columbia School of Broadcasting this month.

The average person breathes in 35 pounds of air each day, six times as much as the food and drink he consumes.

# THE HERFORD BRAND SOCIETY

Page Two  
SUNDAY, FEBRUARY 6, 1972

## CFWC to lunch Monday

Postponed a week, the winter luncheon of Deaf Smith County Federation of Women's Clubs will be held at 12:30 p.m. Monday in Community Center. Hostesses clubs are Music Study, La Afflatus Estudio and Bud to Blossom.

The meeting was postponed last week because of the death of Mrs. Garland Solomon, a vice president of the Federation and president of a member club, Garden Beautiful.

The program planned for that time will be presented, featuring an explanation by Mrs. Jerry Jacobs, teacher in Canyon Public schools, of a pilot program being conducted in Canyon schools, designed to aid children with language or learning disabilities.

Hereford schools are to have this program, and residents interested in its aims and methods are invited to hear Mrs. Jacobs. Music on program will be by the Calson family.

**CARD OF THANKS**  
Kindness and helpfulness of friends, many of whom it is impossible to thank personally, was greatly appreciated during my recent hospital stay. I am deeply grateful for visits, get-well cards and messages, prayers, gifts of flowers and food and each concern. Thanks for every deed of kindness.  
Otis M. Dickey

Nancy Fisher, right with sister, Lynn Sciumbato

## Shower honors Nancy Fisher

A sentimental setting for a bridal shower, with Valentine hearts and flowers, was arranged in the home of Mrs. Keith Jorde Wednesday afternoon when she and Mrs. Warren Jorde complimented Nancy Fisher, whose marriage to Jack Dennison of Hobbs is to take place Feb. 19.

Silver bells hung in a cluster

**CARD OF THANKS**  
To my many friends far and near—it is impossible to express to each of you personally, my humble gratitude for your countless manifestations of loving concern while in the Hereford hospital and in St. Anthony in Amarillo. Your prayers, your visits, cards, phone calls, flowers and gifts were all received with deepest appreciation.

For the care given to me from the doctors and nurses, my words of thanks and praise are so limited. Each blessing I received I have asked our Lord to return to Each of you in full measure and multiplied many fold. Love and blessings to each of you.  
Jane Gregg Dameron

on the entrance door, old-fashioned Valentines were pinned to walls and a huge pink heart outlined with red flowers was above the mantel in the de where gift packages were presented to the bride-to-be.

She was assisted by her mother, Mrs. Wes Fisher, and her sister, Mrs. Phil Sciumbato, opening packages so guest could see the gifts.

A brunch was served earlier from a table gay with blended pink and red flowers and holiday symbols. A drawnwork linen cloth covered the table; two tall gold standards holding pin carnations and red roses arranged with fern leaves and tiny velvet hearts were set in the center.

Honoree and houseparty members wore corsages of pink and red carnations. Miss Fisher was dressed in a winter white pantsuit.

Approximately 30 guests were at the pretty party, including from other cities, Mrs. Dexte Lillie of Grand Junction, Colo and Mrs. Howard Grow of Huson, Iowa.

**ENGAGEMENT ANNOUNCED** — The engagement of Sherrie Renee West to William Kim Blackwell is announced by Mr. and Mrs. Jim West of Route 5. Blackwell is the son of Mr. and Mrs. Bill Blackwell of Route 3. The couple plans a wedding ceremony March 10 at First Christian Church. Miss West is a 1971 graduate of Hereford High School and is employed at Deaf Smith General Hospital. Blackwell attended Hereford schools and has completed three years of service in the Army. He is employed at Wilson Beef and Lamb Company. (Angel photo)

Mrs. Mike Margrave nee Kathy Skypala (Bradly photo)

## Legion plans special evening

Hereford American Legion Post 192 has scheduled an evening of entertainment Feb. 15 at the Legion home in Veterans Park for all veterans.

The evening will begin at 7:30 p.m. and food and refreshments will be served.

Veterans of the Vietnam conflict and the Korean War are

particularly invited. The evening is being planned in an effort to acquaint veterans with the advantages of belonging to the American Legion.

ELECTRICITY NATIONAL FEB. 6-12, 1972 IS FOR PEOPLE ELECTRICAL WEEK

NEW

FEBRUARY 6-12, 1972

N.E.W. — to many, these initials stand for NATIONAL ELECTRICAL WEEK, an annual event designated to call attention to the many wonderful things electric power has made possible.

N.E.W. — to us, these initials also mean NORMAL EVERYDAY WEEK. For whatever the occasion or celebration, our work goes on — 24 hours every day and every night.

Electricity which has done so much in the past to raise the living hopes of millions is now, say many experts, the one hope for the future of our environment.

Dependable electricity, cleanest of all energies at the point of use, is being depended upon as the means for effectively and efficiently cleaning up our environment.

But, that's what you'd expect from us, isn't it?

ELECTRICITY-IT DOES SO MUCH GOOD

The ELECTRIC Company

FOR SO MANY PEOPLE

Through 1976, we'll be investing over \$144 million to insure an adequate and dependable supply of electricity to meet our responsibility of serving our customers' needs.

# STATE CAPITAL Highlights AND Sidelights

by Bill Boykin  
TEXAS PRESS ASSOCIATION

**BY BILL BOYKIN**  
AUSTIN, Tex.—One adverse federal court decision after another fuels the feud between Gov. Preston Smith and Lt. Gov. Ben Barnes.

Smith was quick to blame on Barnes the failure of a 1971 filing fee statute which threatens to force a special legislative session.

While that issue was still raging, another Dallas three-judge court struck down the legislature's congressional redistricting plan. Once more, Smith accused the lieutenant governor of "reluctance" and "inaction" on redistricting.

When a third court frowned on House of Representatives redistricting in major counties as done by a board Barnes served on, Smith once more leveled at the lieutenant governor charges of "immature action" and lack of leadership. Single-member

districts were ordered for Bexar and Dallas counties.

Sen. J.P. Word of Meridian, speaking in Barnes' defense, said Smith offered the legislature no leadership himself and reminded that the governor could have vetoed the congressional redistricting measure if he didn't like it.

Meanwhile, Atty. Gen. Crawford Martin succeeded in getting a temporary postponement of the congressional redistricting order. The U.S. Supreme Court agreed to delay the new plan pending appeal.

U.S. Sen. Lloyd Bentsen, who intervened as a friend of the court in support of the stay, said congressional candidates for this year, at least, can run the districts given them by the legislature.

That would be a relief for Congressmen Graham Purcell of Wichita Falls and Omar Bur-

leson of Anson; Jim Wright of Fort Worth and Ray Roberts of McKinney and O.C. Fisher of San Angelo and Abraham Kazen of Laredo who had been pitted against each other in the federal district court plan.

If he has to call a special session on primary election financing, said Smith, he will expect "those responsible for creating this problem" to come up with "workable alternatives."

**GOVERNOR'S POLL TAKEN**  
—Dolph Briscoe won another editor's poll last week at the mid-winter meeting of the Texas Press Association. Editors were asked first who they thought would carry their county—if the vote were taken on that date (January 24). Forty-eight editors responded to the poll with this vote: Briscoe, 18; Preston Smith, 13; Ben Barnes, 12; Barnes-Briscoe tie, 2 and three undecided.

They were asked: "How will you vote in the 1972 Governor's race?" This was the result: Briscoe, 28; Smith, 6; Barnes, 5; Grover, 1 and undecided, 8.

**CRIME FIGHT PROPOSED**  
The governor's Criminal Justice Council promises a legislative drive for laws to help stamp out organized crime in the state.

Mafia-type operations have been noted in Texas by the President's Commission on Law Enforcement and Administration of Justice and other investigators, the Council's new 1972 plan points out.

Further, states the Council, money bets on sports events are being taken by bookie shops with national "confederation" affiliation.

This legislation was recommended:

- \*Power for the attorney general to bring suit in criminal cases.
- \*Subpoena power in a state-

wide grand jury or crime prevention council.

\*Permission for electronic surveillance (including wiretapping).

The Council proposes to spend about \$1 million of its projected \$25 million 1972 allocations for action against organized crime.

**INSURANCE HEARING SET**  
—The State Board of Insurance set a February 15 hearing on insurance premium rates, broader damage coverage, and higher liability limits for coastal and beach areas, under the new Catastrophe Pool Act.

Due for consideration is a deductible on beach dwellings of two per cent of the amount insured, with a minimum deductible of \$250 and elimination of percentage deductible on beach commercial risks substituting a \$500 flat figure. The Board also proposes to consider adoption of building specifications for high risk coastal areas.

The Board will also consider hiking coverage limits to \$1 million on beach dwellings and \$5 million on commercial risks.

Under the present pool, wind-storm damage is limited to \$100,000 on a beach home and \$500,000 on a commercial venture such as a marina or hotel.

**AG OPINIONS**—A county has authority to construct and operate an area or regional waste water collection and treatment system and perform water quality management functions, Attorney General Martin held.

In other recent opinions, Martin concluded:

- \*A 25-year mineral lease had been duly extended and was in good standing last October 4 when an application for renewal was made to the School Land Board.
- \*An independent school district lacks authority to give an outright 20-year lease of property to a neighborhood center.
- \*Fees paid erroneously to the Industrial Accident Board and placed in the state treasury may not be refunded in absence of a legislative appropriation.
- \*The State Building Commission has authority to contract with the Texas Parks and Wildlife Department for construction of state park projects and may contract with the State Highway Department for roads, trailer loops and parking areas with

Board of Control approval.

\*Parks and Wildlife Commission has authority to control taking of fish from public waters, but it's doubtful any rule imposing restrictions on bass tournament participants that would not apply to other fishermen would be valid.

\*An applicant for certification as a psychologist must have received the doctoral degree.

\*Texas Education Agency cannot participate separately in payment of premiums of insurance for its retired employees.

\*The 1971 rules adopted by the Texas State Board of Dental Examiners are valid.

\*Dallas Independent School District trustees cannot alter the method of electing members to provide that six be elected by votes of their single districts.

\*Good Neighbor Commission members are not authorized reimbursement for use of private airplanes on official business out of state.

\*The Industrial Accident Board has jurisdiction over industrial injuries to employees of the City of Bryan.

\*A \$5,000 legislative appropriation to Elm Creek Water Control District is valid, and the governor has no authority to veto a portion of an appropriation.

**COURTS SPEAK**—A candidate for state senator must live in his district only one year before the date of the general election, the State Supreme Court held.

Overruling the Austin Court of Civil Appeals, the High Court found legal the University of Texas' acquiring 280 acres of its UT-Permian Basin campus site at Odessa through donation of park land acquired with county bond funds.

The Court of Criminal Appeals relaxed rules on admissibility of gory pictures in mur-

der trials, holding, in effect, that use of the photographs is largely up to the trial judge's discretion where it is "competent, material and relevant to the issue on trial."

**APPOINTMENTS**—James F. Ray of Arlington was selected executive director of the Commission on Intergovernmental Relations.

Governor Smith named 10 more members of the Texas Criminal Justice Council. They are Mrs. Gladys M. Mangum of Clyde, Sidney L. Sadler of Pecos, D.V. Flores of Houston, Jim Lindsey of Del Rio, M.M. Vicars of Brownsville, Joe T. Morrow of Honey Grove, Vernon B. Rucker of Killeen, George M. Mewman of Waco, Dr. John T. Holbrook of Bryan and Michael G. Reilly of Corrigan. Dr. Wallace Larson of San Antonio is the new president of Texas Veterinary Medical Association.

Ralph Yarborough designated Clifton L. Holmes of Kilgore as his assistant statewide campaign manager and director of organization.

**POLLUTION HEARINGS SET**  
—Texas Water Quality Board will hold hearings February 7-11 in Baytown on reduction of municipal and industrial wastes into Houston Ship Channel.

Discharges must be reduced to the level permitted by the U.S. Environmental Protection Agency following a Galveston Bay shellfish conference. The federal rule requires reduction of oxygen-depleting substances dumped into the channel to 35,000 pounds a day by 1975. About 100,000 pounds daily is the present level.

**Short Snorts**  
Texas building—24 per cent over 1970—set an all-time record last year.

The Moody Foundation of Galveston approved grants totalling

more than \$5 million to 120 programs and projects in 1971.

Governor Smith told the Senate finance committee the federal government must assume 100 per cent of welfare and medical aid costs.

Nolan Robnett of Austin is a Democratic candidate for state treasurer.

Tom McElroy of Dallas entered the Republican governor's primary. GOP leaders say they want a wide-open gubernatorial race.

Texas Industrial Commission plans foreign trade missions to Bucharest and Moscow.

Federal disaster aid has been approved for flood-hit Bowie, Delta, Fanning, Lamar, Rains and Red River counties.

Planning offices for the 1972 national governors' conference in Houston opened at the headquarters Shamrock Hilton Hotel in Houston last week.

In Thailand when you are invited to a party or a social affair, you must accept. Whether you show up or not is another story.

**Volleyball meet set in Canyon**

Volleyball teams, both men's and women's, of this county are invited to enter the annual tournament sponsored by Chi Upsilon Chapter of Beta Sigma Phi Sorority of Canyon, March 9-11.

Tourney games will be played during the three days in West Texas State University field house. Entry fee is \$7.50 per team; all proceeds will go to the chapter's civic projects.

First, second and third place trophies will be awarded in men's and women's divisions.

Entry deadline is Feb. 27. Entry blanks and information may be obtained from Nell Sims at Happy.

**MINORITY DEPOSIT**

WASHINGTON, D.C. (AP)—The American Baptist Home Mission Societies decided to deposit \$600,000 in banks run by blacks and other minorities.

**AMUSING AWARD** — Mrs. Deward Roberson restrains her laughter as she receives from Mrs. Lynn Kester, who keeps a straight face, a token of appreciation for her work as chairman of the group from the Women's Chamber of Commerce Division—which decorated the County Bull Barn for the recent Chamber banquet. Mrs. Virgel Merriott joins other board members in a hearty laugh at the figurine, pierced by a large screw and showing the slogan, "Work hard . . . and you'll receive your just reward."

## Six local teachers to attend meeting

Approximately 1,200 teachers from every area of the state including six from Hereford, will look at all levels of education issues at the 17th annual convention of the Texas Classroom Teachers Association (TCTA) in Dallas February 18-19. Convention headquarters will be the Statler-Hilton Hotel.

The delegates who will be representing the Deaf Smith County TCTA at the convention are Carolyn Waters, 224 Ave. E.; Reuben and Carole McGilvary, 225 Beach; Jean Ricketts, 808 Ave. K; Lonidean Edmonson, 601 Star; and Nancy Richie, 357 West Haven.

Alternate delegates who also

## Local woman's mother buried

Funeral services for Mrs. J.F. Carpenter, 83, mother of Mrs. Clifford Hutson of Route 5, were conducted Thursday afternoon in First Baptist Church of Elk City, Okla., and burial was at Burns Flat. A resident of Oklahoma since 1891, when the state was still Indian Territory, she had lived at Elk City since 1945.

Her death occurred Tuesday. Survivors include her husband, five daughters, two sons and 20 grandchildren including Ricky and Rodney Hutson of Hereford.

Read The Classified Want Ads!

will be attending the convention are Rosemary Shook, 123 Aspen, and Anne Pritchard, 436 Ave. B.

At the national level, convention-goers can attend an open hearing on the proposed new National Education Association (NEA) constitution. The new constitution is structured to divert more power to local education associations and the classroom teacher.

Another open hearing focusing on the state scene will examine TCTA's affiliation with the Texas State Teachers Association, the state's umbrella organization for educators.

Four general meetings are scheduled for the business part of the convention. Presiding over the business sessions will be TCTA President Jackie Blackstock, El Paso teacher.

Among the items on the business agenda are proposed resolutions—ranging from improving instruction to legislation. Administrator of the Year Awards, Local Projects Recognition Awards, and the announcement of new officers.

TCTA delegates will have the opportunity to cast their vote for such resolutions as continued improvement of bilingual education, qualified teachers for education, multi-level textbooks, improvement in teacher certification, screening process for prospective teachers, lowering of pupil-classroom teacher ratios, and year-round schooling.

### THE INFORMED CONSUMER

BY CRAWFORD C. MARTIN  
Attorney General of Texas

Today with building costs for new homes at an all time high, and with the present shortage of housing facilities, many families are buying mobile homes. Perhaps you have been considering such a move? If so, you should consider the following suggestions:

(1) Will a mobile home fill the needs of your family? Is there going to be enough living space? (2) Have you talked with friends or acquaintances who now live in a mobile home? If not, do so as this first-hand knowledge will be invaluable in helping you decide if a mobile home will be compatible with your family.

#### Letter to the editor

Dear Editor, Labor union leaders can never overcome inflation by striking for higher wages. And picketing lines to keep other workers from going on with the jobs should not be allowed by the government anymore than allowing banks to be robbed or an organization taking over the government. The labor leader that calls a strike in a time of inflation is a traitor to his own union and his own country.

If labor is going to pull the Capitol down to its own level, who is going to pay the bills. Anyone ought to have enough sense to know that the labor class can't exist if the Capitol goes broke. But, labor leaders don't seem to have enough sense to know that.

If the Capitol doesn't make a profit and prosper, labor will sure enough starve. Someone has to make money so others can live. Yours truly, Ole T. Larson

(3) Are you familiar with the different models and brands of the most popular mobile homes? Here again you should talk with people who actually live in mobile homes to discover the advantages and disadvantages of different models and brands. This is where "caveat emptor" or "let the buyer beware" really applies. Don't just listen to the dealer's or salesman's sales pitch when comparing brands and models. Their business is to sell the mobile homes on their lot—nothing more. Only by comparing and talking to mobile home owners can you decrease the risk of making a mistake you and your family will have to live in.

(4) After you have decided on the size you need and the amount of money you can spend, try to find out what a dealer's reputation is for service after the sale. Once more, the way to this is by asking people who have previously purchased homes from the dealer. If some problem arises after you complete your purchase and then you discover that the dealer or manufacturer will do nothing, it may be too late to protect yourself.

(5) In some mobile homes the furniture and appliances are of the lower price range, and you might consider using your own furniture or buying furniture from a local furniture dealer or better quality than that which is supplied by the mobile home manufacturer.

(6) Interest rates on mobile homes are like interest rates on everything else. It puts money in your pocket every month if you will shop around and compare interest rates. It is now possible for purchasers to ob-

tain FHA and GI loans if qualified. Always check to see what interest rate your local bank or savings and loan association is charging on mobile home loans. Always be wary of salesmen who tell you that their home rate are as low as the banks or savings and loan associations. The salesman gets a commission for selling the mobile homes, and he may also receive an additional commission if he arranges the financing. Thus it is to his advantage to have you finance through his company. Always pay as much down as possible and arrange your payments for as short a period of time as your budget will allow. This will save you money.

(7) You should also remember that the term mobile home is not a completely accurate description. These homes are really pre-fabricated homes that can be moved if well constructed and if the mover is careful and experienced. Many mobile homes, however, are damaged when moved because the mover or hauler is not careful, or because there is some structural design problem. Also, the costs for moving may be much higher than you think. If you have to move often, it can be quite expensive.

If you will follow these suggestions, you should be a much happier mobile home owner.

**RIDE CHANGES HANDS**  
DALLAS (AP) — The directors of the State Fair of Texas have decided to purchase one of Fair Park's major attractions, the Swiss Sky Ride, for \$300,000.

The ride, which in 1971 grossed \$114,400, was installed in 1964 by Paul Rogers, who purchased it at a factory price of \$220,000 and paid an additional \$230,000 for transportation, duty and installation.

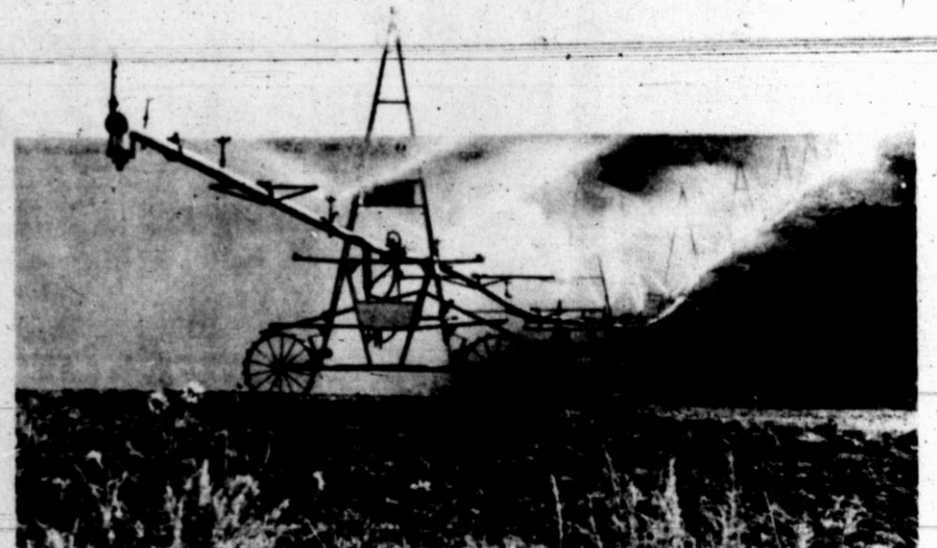

The ride was shipped to Dallas from Switzerland.

# Vehicle registration's 'waiting game' gone

You don't have to stand in line anymore if you don't want to in order to register "Old Betsy"—or whatever you call the faithful family car.

Texas motorists can get their 1972 license plates by mail if they send in the three-part renewal form, the registration fee and one dollar to their county tax officer prior to March 1.

This allows for the 30 days that are necessary for the application to be processed and the license plates delivered before the April 1 deadline. The plates themselves become available at

the tax office or sub-station February 1.

If the motorist prefers, he may register his vehicle in person by taking the handy three-part form to the county tax office. It takes the clerk only a fraction of the time it used to take to process the form, collect the fee and send the motorist on his way with new plates.

Whether the driver uses the mail or applies for his license in person—the important thing for him to remember is to be very careful NOT to separate the three-part application form.

Even though the three-part renewal form carries the warning "DO NOT Separate or Detach Any Parts of This Notice" in large letters on the reverse side, some motorists do just that.

Department officials stress that the entire form must be mailed in or brought to the county tax office or substation. A stick down strip showing the new license number is attached to all sections of the form and then the tax office separates the form, returning the license receipt to the owner.

Applications for license plates

should only be sent to the county tax office. Motorists should NOT send their payments to the Texas Highway Department because this will delay their registration.

During the month of March, it will be necessary for owners to apply in person at the county tax office or sub-station to obtain the 1972 license plates. In any event, owners will save themselves time and trouble by using the new computerized forms in this third year under the new system.

With the form, a certificate of title and last year's registration receipt is not needed.

So register—now—and display your new plates. This will remind your neighbor it is time for him to do the same.

**DE STUDENT OF THE WEEK** — Royce Waldrip, son of Mr. and Mrs. Mike Waldrip, has been selected as Distributive Education Student of the Week. Waldrip, senior at Hereford High School, is employed at the Brogue by Burns Hamilton, with whom he is pictured.

## Church of Christ sets slide films

The Central Church of Christ at Sunset and Plains, will present the color slide presentation "The Life of Christ Illustrated," beginning with the first film at 6 p.m. today.

J.T. Marlin, local minister, has made three trips to the Bible Lands and is author of "Bible Lands Illustrated."

Mr. Marlin has set up the entire life of Christ in six installments and the first will be shown tonight.

Installation No. 1, "From His Birth in Bethlehem to Age Twelve," is scheduled tonight, followed by No. 2, "From His Baptism in Jordan to His First Miracle in Cana of Galilee" on Feb. 13; No. 3, "From His Rejection in Nazareth to Cesare Philippi" on Feb. 20; No. 4, "From the Mount to Transfiguration to the Holy City" on Feb. 27; No. 5, "Our Lord's Last Week on Earth" on March 5; No. 6, "From the Garden of Gethsemane to His Ascension from the Mount of Olives" on March 12.

Mistletoe is found only on trees and bushes, from which it draws nutrients.

## Merry Maidens to host supper

Merry Maidens 4-H Club decided to entertain their families with a potluck supper beginning at 7:30 p.m. Saturday, Feb. 19, at a meeting held Tuesday in the home of Mrs. Burke Inman Jr.

Joyce Shipp, assistant county Home Demonstration Agent, was present to explain how each member of the group should prepare a record book. Reference was made to a book already compiled by Sue Shirley.

## Square dancing class to begin

Merry Mixers Square Dance Club is setting up Wednesday nights for class instruction on square dancing.

Stewart Rowan will be the teacher and invites couples to come and learn. The first instruction night will be at 7:30 p.m. Wednesday at Community Center.

## Players secure cast, set dates

Dates for the next production of Hereford Community Players, Barefoot in the Park, will be March 10 and 11, it is announced after completion of cast selection and start of rehearsals this week. John Aiken is directing the three-act comedy.

It will be staged in the Civic Center, a new location for the players who have used three different school auditoriums and the Little Bull Barn for presenting plays since the local acting group was organized in 1968.

Linda Gilbert and David Emerick have been assigned the lead roles in Barefoot in the Park, playing a just-married young couple, Corie and Paul, at home in a city apartment. Both have assisted backstage in past plays but this will be the first appearance onstage here for both.

Joyce Haug is cast as Corie's mother; Charlie Riggins as Victor Velasco, who lives upstairs; Robert Betzen as the phone re-

pair man, and Earl Wood as a delivery man.

Kay Claypool will be co-director with Aikin; Tom Kendrick will work with them as producer of the show. Mrs. Betzen is to serve as stage manager and Mrs. Emerick as prompter.

Volunteers for backstage and production jobs are invited from the Players membership. Any other area residents interested

in working in any capacity are invited to become members; participation in Community Players productions is limited to members, but membership is open on payment of small yearly dues.

Vincent van Fogh, whose works of art command extremely high prices today, never sold one of his paintings during his lifetime.

**CAMPBELL DUBBED** — Gene Campbell, left, received the Kiwanian of the Month award from Hereford Kiwanis Club president Rodney Laubhan at Thursday's meeting. Laubhan also presented past president Eugene Brink with a winner's ribbon in honor of the club's attending each of the district clubs during Brink's term.

Photos by Betty Koelzer

**HOOVER TALKS WATER** — Charles Hoover, president of Deaf Smith County Water Association, presented the condition of local water situation to the Kiwanians, noting an obvious decrease since five years ago, when an 8 inch well would pump 8-900 gallons per minute, and these same wells now produce 5-600 gallons. Through efforts of Water Inc. a water importation project bringing water from the Mississippi River is now in progress.

# Roy Hartman seeks NEA directorship

Hereford school superintendent Roy Hartman is one of two candidates in the running for one of four directors' posts on the National Education Association board.

Hartman is running against the incumbent, Louise Emmitt of Ft. Worth.

"They will be voted on during the next few days and final tabulations will be announced within two or three weeks."

"This is a real important kind of thing," Hartman said, "and I just hope I am in a position where I can win and serve and represent the teachers as well as I possibly can."

The election is decided on balloting by NEA members in the state. The ballots are sent out and returned during a several week period and the tabulation is made by the Texas State Teachers Association.

There are four posts up for election for the state. Texas, California and Michigan are the only three states in the country that have that many directors on the NEA board.

"The number of directors is determined by the number of NEA members a state has."

meetings in Washington, D.C. and throughout the country as well as on the state level in Texas. The board will be involved in a number of decision making topics that will effect the teaching profession, Hartman said.

Roy Hartman  
NEA candidate

## Grady and Olson are honor aggies

Robert M. Grady and Steven Olson, two Hereford students at Texas A&M University have earned Distinguished Student ranking as announced by Robert A. Lacey, registrar.

Grady, majoring in industrial engineering, is a junior, the son of Mr. and Mrs. J.N. Grady, 116 Ave. J. Olson, son of Mr. and Mrs. George Olson, Route 3, is a sophomore animal science major.

The honor is awarded to students who have excelled academically, earning at least a 3.25 grade point ratio. The ranking is limited to 10 per cent of Texas A&M's undergraduate enrollment.

When Hartman filed for the office, the incumbent had given no indication of running again.

The four persons elected as directors of the organization will meet with other NEA directors on the national level in discussing situations and items of concern to the teaching profession.

There will be a number of

Brazil is the world's largest coffee producer with around 40 million bags grown annually averaging 132.3 pounds per bag. Other coffee producing countries account for 77 million bags.

## Rudd named top speaker

Kenneth Rudd, with his talk on "Moment of Repose," won the top speakers trophy in Thursday's meeting of the Toastmaster's Club.

Rudd made his talk following a brief business session presided over by president Connie Goeringer. Roger Shipley served as table topic chairman and general evaluator was Milton Adams.

The meeting was held in the Electric Co-op building.

Mrs. Sam Ogan, improving from her burns, still remains in High Plains hospital in Amarillo. She has been removed from the intensive care unit but is not

able to have visitors.

## Work materials for Red Cross Volunteers given

Material to make Red Cross ditty bags was distributed to members of the county chapter's Uniformed Volunteers at a salad lunch Thursday in Mrs. Ray Carlile's home.

These are bags to be given to servicemen in hospitals. They are to be completed by the next meeting date, March 16, and returned to the home of Corinne Neely where the March luncheon will be held.

Members reported a total of 210 hours of volunteer service since the previous meeting.

Mr. and Mrs. F.B. Harkins of Plainview visited their son and family, the Earl Harkins Sunday. Also there was their daughter and family, Mr. and Mrs. Gene Welch of near Black.

Mrs. B.H. Baldwin returned home last week from a month long visit with her daughters, Mr. Wesley Earp of Denton and Mrs. Ben Dean, of Ft. Worth. She went home with the Earp's when they were here for Christmas.

Mr. and Mrs. Lloyd Shultz were in Dallas last week for Lloyd to see an eye specialist. They also visited three of his brothers, Alvin of Roscoe, C.C. of Alvarado and A.L. of Tulsa who was visiting in Dallas.

Billy Gene Cotton was able to come home from Hereford hospital on Wednesday after a four

day stay there with a severe case of flu.

Mrs. Robert Simpson was visiting last week with her sister, Mrs. Floyd Hudson, and Mr. Hudson and with their mother, Mrs. C.E. Roberts who lives with the Hudsons, at Dumas.

Robert Simpson has been deep sea fishing for several days with his brother-in-law, Verl Roberts of Littlefield.

Mr. and Mrs. Herman Vinson of Pampa, were visiting her folks, the Floyd Coles, during the weekend.

Several families were on a ski trip during the weekend. They were going to Red River, N.M. Among those going were the Earl Harkins, Chesley Johnston, Clark Andrews, Frank Robbins, Homer West and Mike Waldrip families and their guests.

Alma Andrews and Trae Johnston, baby son of the Chesley Johnston, spent the weekend with the Charles Kings, in Amarillo.

The Joe Andrews family spent a few days on a trip as far as Monterrey, Mexico, returning home Tuesday. Her brother, Robert Haseloff of Abilene, went with them.

## Click appointed to state board

Orpha Click, tax assessor-collector for the Hereford Independent School District, recently was named to a statewide advisory committee on tax reform that will report to the state legislature.

Click was one of four Panhandle men named to the committee.

The advisory committee will make reports to the Legislative Property Tax Committee appointed by the last Texas Legislature. That committee, in turn, will make a report to the next legislature.

The 200 member advisory group has been divided into five sections to study and make recommendations on assessing, exemptions, collections, law and data processing.

The study is being financed by a \$1 surcharge placed on delinquent county and state taxes. The surcharge went into effect Tuesday and is collected by county tax offices across the state.

Orpha Click

## Donkey cage tilt Monday

The Hereford High School faculty and students will compete against each other at 7:30 p.m. Monday in a game of donkey basketball at the High school gym.

The students' team will be comprised of members of the Hereford Riders Club and High School Rodeo team, who are sponsoring the game.

A Hobby Donkey Derby will take place first where contestants ride mechanical donkeys across the gym in a series of races. Next, there will be the Trick Mule Act with a trained animal performing a series of entertaining tricks and stunts.

The game between the faculty and students will highlight the evening.

## Realtors plan monthly meet

Travis McPherson, Deaf Smith County Sheriff, will be the guest speaker Tuesday at the monthly meeting to the Hereford Board of Realtors.

The meeting will be at noon at Dickie's Restaurant and all members are urged to attend.

**BIRTHDAYS HONORED** — Celebrating birthdays during the month of February, residents of Westgate Unit, Kings Manor Retirement Home, are from left, Floyd Campbell, Vera Wilkes and Flora Hitchcock. Also an honoree was Mary Banks, not pictured. A program of patriotic songs

was part of the party program presented Wednesday afternoon by Dawn Music Club. Another segment of entertainment was presented by Mrs. Gerald Parker, portraying Amos, one of the pair of once-popular radio comedians, Amos and Andy.

ling signs of full, warm buds just ready to burst into flower. The star-like blossoms and the appealing yellow against the evergreen of the leaves is always a most pleasing sight.

While we are speaking of buds which are getting ready to come into bloom, let me remind you that many lovely blossoms can be forced. This is done by cutting branches or cuttings from forsythia, ornamental peach, crab-apple, jasmine, apricot, plums, both the ornamented purple and other fruit trees. All will bloom if these cuttings are cleansed thoroughly in tepid water, the end of the branch cut on a long slant and then the entire cuttings submerged into a bath of tepid water. Let stay for several hours, then take out and place in containers, fill these with warm water (snow or rain water is good) and set aside in a dark place where there is room temperature approximately 60 to 70 degrees.

Later bring these into the lighter areas near the windows or other exposed places. The buds will be open and lovely arrangements can be made with them. If you want them to be a bit more festive, purchase some of the spring flowers, which are now being shown, and use them with the branches. Daffodils, with forsythia is a very pleasing combination. Purple plum, and sweet-heart roses makes a lovely arrangement. Crocus used with a line arrangement of jasmine is very spring like.

If you want your faith renewed, and to have a closer walk with the Master Gardener, let me recommend to you that you study the miracle of the seed, or such miracles which I have described. The real significance of living can be renewed and our minds and hearts awakened to the wonderful teaching which is so revealed in nature, as the seeds perform their miracles... with the help of soil, water, sun-

shine and the touch of the Master Gardener.

In the words of William Cullen Bryant, The February sunshine steeply your boughs, and tints the buds and swells the leaves within ... and God touches them with His hand, and Lo! There is beauty.

Horticulturally speaking FEBRUARY is a down month. Most of us are housebound by the weather, bad colds, or household tasks, really not able to garden outdoors. There are things we can do and some of the tasks left over from January should be completed.

Check shrubs, evergreens, and trees for the bag worms, there are some on almost every tree or shrub that we have, if there has not been a consistent spraying. The bags are now full of tiny worms, and all should be removed, and destroyed by burning or by dormant spraying. These are a real bad garden pest and they are no respecter of where they live and eat, they will attack vegetables, (I have seen them thick in the garden on green beans and other vegetables). The other afternoon I passed a well kept yard and garden. I noticed that on some of the evergreens there were many bag worms, these were the low dwarf shrubs, and it would be very easy to remove the worms as they are peacefully sleeping in the woven bags from the last years growth. Please work at this problem, they can become so bad that many of our beautiful trees can be ruined.

The other morning while everything was so beautifully transformed with frozen mist and snow I took time to drive around town and enjoy some of the loveliness. An especially pretty place was the Ed Warren home on the corner of Centre and Park. The huge trees and the gradation of the other trees and shrubs, made a very pleasing picture, and reminded me of

the importance in the selection of our plantings. There should be a pleasing gradation in size, texture of foliage, formation of trees and shrubs, and many other factors that enter into the creation of good landscaping. Study, look, and watch for appealing scenes. New ideas will be gleaned.

I searched for the tallest trees, and one with good form, and stability. I believe the tall Liriodendron popular at First Baptist Church was the tallest tree that I saw. The growth pattern is Cloumnar and its branches have been well formed. This tree is approximately 42 years old, and has received very good care. It was a most beautiful sight in its lovely white dress.

There are many trees with beautiful spreads, the apple tree at the Colby Conkright home, and the interesting plantings, which have been well planned at the McCaslin home. The green spruce which graces the front yard is an excellent tree (still had its Christmas lights on it), and the Willow trees, both the weeping and the upright, were shown off to in a very enticing way in the whiteness as their beauty was etched against the intense blue of the morning sky.

Another task that should have attention, is that of making an inventory of the garden implements which will be used in the yard this coming growth season. All should be well groomed and those which need to be sharpened should be cleaned, oiled and sharpened, this especially applies to the lawn mowers. Nothing is more harmful to well grown grass than a dull mower. All blades should be checked for chipped places, and then be carefully sharpened. Check the garden hose, for broken places, also leaky connections. It is essential that we be conservative in the use of water, the life giving substances, which we are so prone to take lightly and to

waste. If you do not and cannot repair the implements, then choose dependable well trained persons to ready the implements for you.

The lawn furniture should be checked for breaks, rusty places, and whether an overall paint job is needed. There is quite an investment in these, and we should exercise consistent care of them.

If you don't like to paint, then give a school boy a job, many would be glad to assist in these winter chores.

Continue to check bulbs, corms, tubers, rizons, ect. which are stored. Also check the geraniums as to whether they are keeping or if water is needed (I must do that tomorrow so good night.)

IN MEMORY of Mrs. Garland (Francis) Solomon. Once again a friend and co-worker has been taken from us. Mrs. Solomon was president of the Garden Beautiful Club and vice-pres-

dent of The Deal Smith County Federation of Women's Clubs. She was also active in many other organizations and civic beauty. To know her was to admire and love her. She will be greatly missed by her many friends. To her loved ones, friends and those who care, we pray that the healing hand of time will ease the sorrow-and that the memories cherished will help to brighten each tomorrow.

## By the Garden Gate

with Glad

By Mrs. Art Manjeot

Last Thursday I came home. After the snow fall, the world was fresh, damp, and there was a freshness about the air that was invigorating. Sunshine glad-some, and bright, all in all it was a pleasant trip on the highway, as I came on the home-ward way.

Upon reaching 303 West Haven Drive, I hurried to put the things away, and to get into some garden clothes. Soon I was out in

the front yard, turning the water on so that the shrubs and roses could have a fresh drink (snow had not amounted to enough to give them very much moisture). As I was placing the hose carefully at the base of the rose bushes, I looked about to see what was growing, and guess what greeted me?

Yes, a lovely cluster of golden crocus...just like fresh churned yellow butter. The very first crocus that I had seen this year and

did I enjoy them? Yes, so very much.

Later when I returned to check on the water, and to enjoy their fresh beauty again, they had closed, and instead of the open cups, they looked like minute rose buds nestled among the foliage.

Sure spring is on its way. It may take off and go the path of wanderings, but it will come and with it sweet, pretty blossoms.

Sunday night as friends and I were going into the church auditorium we paused to notice the work that had been done in the Rose Memorial Garden and as we looked, one of the very first things I noted was the tiny clusters of buds showing color on the ornamental apricot tree. Those which were open were the ones that were on the sunny side where the warm evening sunshine had awakened the buds.

Jasmine (one of the very earliest shrubs to blossom) is show-

# Vanguard PVC plastic pipe.

## It won't leak

You're thinking, "Ok, Buster, prove it to me."  
And that's exactly what we want to do. Because we've already proved it to ourselves.  
When we first got the idea that a rubber gasket joint could solve a leaky irrigation problem, people said, "phooey." But our engineers ignored them. They went right ahead designing. And when they finished that they started testing.  
Lab tests. Acid tests. Hydrostatic tests. Field tests. Every kind of test imaginable.  
Guess what happened? Nothing.

The rubber gasket still looked the same. Still felt the same. And still acted the same.  
It still held a watertight seal.  
In addition, the rubber gasket saves about one third of the installation time with less manpower.  
And, used inside our exclusive long formed coupler, it allows the line to expand and contract when the ground does.  
Get in touch with our representative. He'll show you firsthand what we're talking about. Then he'll explain how we can custom design your system to make the best use of your irrigation water.  
Use Vanguard. It won't leak.

**H. D. CHATTER**  
*Thanks folks!  
for the party*

By Mrs. Argen Draper  
Home Demonstration Agent

THANKS, FOLKS, for the reception Tuesday which truly overwhelmed our imagination. We appreciate the clasp of your hand, the smile in your eyes, and the compliments on your lips for the home demonstration work in Deaf Smith County. So many people deserve the compliments for the work and

accomplishments and I will accept the kind words in their behalf for helping make Deaf Smith a good place in which to live. My tenure has been a pleasure and a source of satisfaction to furnish leadership to the families who have had connections with Extension Service.

**Financial aids representatives are due Monday**

Persons from various colleges representing financial aids program will present a senior assembly at 9 a.m. Monday at the high school.

Parents of senior students are invited to attend the program, according to Willie Brady, high school counselor.

If a parent is unable to make the assembly he may visit with persons any time during the following three days.

**OBSERVATIONS AT the Reception Tuesday:** Lisa Williams asking, "Is this your birthday?" Jeff Smith commenting he had attended Ford Home Demonstration Club since he was born. Paul Smith rushing up asking if he could get me some coffee. J.V. Pickens reminding me of the time I got stuck and walked in the mud until he rescued me. Come to think of it, my feet still hurt from that.

I saw a few conventions taking place. A large group with Collingsworth County connections, Home economics of Texas Tech Class of 40-41 visiting—Louise Witkowski, Kate McManigal of Happy, Earnestine Gary of Amarillo and Virginia Adams.

Royce Bodiford said he never saw women enjoying work as much as the hostesses.

**THERE WERE sufficient ministers at the reception and they stayed long enough to keep good order.** Gene Brink, J.T. Marlin, and Abel Becerra attended. I wonder if they got the feeling I did through the reception thinking with that many people together we should have a program or make a speech. Some of us think where two or more gather together we should read the minutes and have a program.

**WE ENJOYED a visit with Mrs. Laura Thomas, a club woman from Hemphill County.** Mrs. Thomas was an outstanding club member when I went to Canadian as a beginner agent in October 1943. Those were days of sugarless cookery, water pack fruit canning, paper and metal collections and tire and gas rationing. Do you remember the little sticker that all patriotic citizens prominently displayed on the car windshield, "Is this trip really necessary?" Mrs. Thomas and Mrs. Jennie Clark have enjoyed a close friendship since they both moved here many years ago.

**GLADYS SMITH mentioned something I thought everyone had forgotten.** In the summer of 1947, the local women canned more than 2400 jars of food for Boys' Ranch. This project was promoted by the Lions Club; Bill Smith was Lion president. Dick Hagar gathered and delivered to Central School Cafeteria

pickup loads of blackeyed peas and we canned them. We made pickles in gallon and larger jars and canned any and all vegetables the farmers brought.

Gladys and Bill delivered all that food to Boys' Ranch. Gladys remembers this project made Brand front page and Bill put this in one of his scrapbooks. Those in the picture in the improvised canning plant at Central School Cafeteria were: Ray Watson, Bill Smith, Mrs. Oscar Vaughn, Mrs. Bob Fullwood, Mrs. Earl Scott, Mrs. Earl DeHart, Mrs. Paul Rudd, Argen Draper, and young Kenneth DeHart. Alex O. Thompson made the picture as he did so many of the pictures in the early day.

**NOT EVERYONE there were long time friends but new ones:** Mrs. William Farran and Mrs. Larry Jackson of the Newcomers Club; as well as Marvin A. Swanson, who moved here after retiring in Chicago; Ezra Bagwell, formerly of Hereford and Walter Nichol of Pioneer Gas Company of Amarillo.

**THERE WERE a few distressing happenings Tuesday.** Example: Troy Moore enlisting Major Schroeder's help in planning to raffle off the gifts that were displayed.

**AS MUCH AS we're enjoying the afterglow of the reception, we must climb down off Cloud 9 and face the facts of life.** Fact No. 1 is—a slight delay in mailing the first lesson in the home study course. There has been very good response and soon you'll be receiving your lesson on Your Preschool Child.

**A PHONE CONVERSATION this morning with Eugene M. McElyea, county Officials Program Specialist, with Extension in College Station.** He has written a number of Fact Sheets on Business Practices, Leases, Partnerships, and related subjects. He has promised to come to Deaf Smith the week of February 14 for two days. The Family Living Committee and Executive Committee of Program Building Committee will get together soon and plan the programs for the Estate Management Workshop which we have planned for this spring. You'll want to watch for the announcement of these meetings as the workshops have always been helpful to area families.

**A WORD ABOUT Eugene McElyea:** Educational background: A.B. in government, Bethany Nazarene College, Oklahoma, 1958; L.L.B., South Texas College of Law, 1963. Experience: Practicing attorney in Crockett and Houston, 1963-68; staff attorney for Olivet Nazarene College, Kankakee, Illinois 1968-69; faculty member of the College of Business, Texas A&M University, 1969-71; Extension county official program specialist, 1971.

Additional information, Mr.

McElyea was reared in Houston County. He is a member of the State Bar of Texas and has been admitted to the practice of law in both Texas and Illinois. He is a member of the Brazos County Bar Association and the Brazos Valley Estate Planning Council. He is married to the former Connie Sue Hoyt and they have one daughter, Eden, age 5.

**THANKS TO LOU Hall for this recipe a sister from Denver sent her.** Lou says it is good.

**PUMPKIN BREAD**  
In a large mixing bowl, mix:  
2 c. sugar  
1 1/2 c. cooking oil  
5 eggs  
2 c. pumpkin  
1 c. chopped nuts  
2 c. sifted flour  
1 tsp. salt  
1 tsp. cinnamon  
1 tsp. nutmeg  
2 pkg. coconut cream pie filling  
Grease number 303 cans half full of batter. Bake 350 degrees 40 to 45 minutes.

**THIS BREAD will be good plain, glazed or spread with cream cheese.** Peanut butter enthusiasts will spread with their favorite brand; a more bland flavor with the bread however may be more pleasing.

**Terry Hill is bowler of week**

Terry Hill rolled a 640 series and was named the Bowler of the Week in the Major League. Hill also had the high three game scratch of 547 and the high single game scratch of 213.

Greg Chisholm had a 243 for the high single game handicap. Sunset Lanes rolled a 1048 for the high team game and a 2835 for the high team game.

In play last week, Ink Spot won four from Dickie's Restaurant, Sunset Lanes won four from Watts Texaco, K-Bob's won three from Wilson Beef and Lamb, Arrowhead Mills won three from Worley Garage and Sulley's Vending and Orval Watson Ford split.

Standings show Ink Spot, 31-13; Sunset Lanes, 29-15; K-Bob's, 28-16; Watts Texaco, 27-17; Orval Watson Ford, 24-20; Sulley's Vending, 22-22; Wilson Beef and Lamb, 21-23; Worley Garage, 14-30; Arrowhead Mills, 13-31; and Dickie's Restaurant, 12-32.

Wallpaper was sold in rolls as early as 1899 and was first used as a cheap substitute for expensive wall hangings.

Our Slogans "More People—More Farms"

SUNDAY, FEBRUARY 6, 1972

**Prince Valiant**  
IN THE DAYS OF KING ARTHUR  
BY HAL FOSTER

**Our Story:** KING GIAN PONDERS THE WARNINGS OF HIS FRIEND, PRINCE ARN, SHOULD HE BELIEVE A FOURTEEN-YEAR-OLD BOY OR HIS OPTIMISTIC GENERALS? HE ORDERS A REVIEW OF THE ARMY.

PRINCE ARN HAS BEEN TRAINED FOR KINGSHIP SINCE INFANCY, IN THE COURT OF HIS GRANDFATHER KING AGUAR OF THULE, IN ARTHUR'S CAMELOT, AND BY HIS ROYAL MOTHER AND FATHER. HE PUTS THIS TRAINING TO USE.

WITH THE HELP OF THE FAITHFUL KEEPER OF THE ARCHIVES HE DELVES DEEPER INTO THE PAST AND PRESENT HISTORY OF BEAUTIFUL, OPULENT DONDARIS. ITS WEAKNESS IS APPARENT.

HE JOINS GIAN ON THE BALCONY WHERE HE IS REVIEWING THE ARMY. "WHAT A GLORIOUS ARMY!" GIAN EXCLAIMS, "SUCH PRECISION! SEE HOW THEIR POLISHED ARMS SPARKLE IN THE SUNLIGHT. SUCH DISCIPLINE!"

"SPLENDID INDEED," ARN REMARKS, "BUT THEY ARE TRAINED FOR PARADE ONLY. NOT ONE MANEUVER IS OF ANY USE IN WAR. YOU HAVE A BEAUTIFUL 'PHANTOM ARMY'—THESE SCROLLS I HOLD WILL REVEAL THE HELPLESSNESS OF DONDARIS."

"SEE, GIAN, VAST SUMS ARE SPENT ON THE ARMY—ARMOR INLAID WITH SILVER; PLUMED HELMETS, ORNAMENTS OF GOLD—CLOAKS OF RICH MATERIAL—BUT IN THE ARMORY WEAPONS HAVE RUSTED FOR A DECADE AND ARE USELESS. SHOULD WAR COME YOU COULD NOT EVEN SUPPLY WEAPONS FOR DEFENSE."

EVEN AS HE SPEAKS THE BATTERED REMNANTS OF THE BORDER GUARDS APPROACH THE CITY WALLS.

NEXT WEEK—The Brink

## hints from Heloise

**DEAR HELOISE:**  
Here is an idea for those who no longer have any use for those crisscross baby gates which go in doorways. We have a very plain kitchen window with colonial decor. I painted one of these gates a gay color and my husband mounted it in the window. On top I placed a gay little dust-ruffle valance and the window looks very interesting.

It has a shutter effect, but lets in more light and air as well as being different.

Mrs. R. McNellen

It's sweethearts like you that keep this old world turning. Thanks a million!

Heloise

## HELP FOR HOMEMAKERS

der boxes from slipping open during transport.

M. R.

Don't wait till your next trip to try this tip. I put rubber bands around all the extra boxes of powder I have in my dresser drawer.

Heloise

**NO STRAIN!**

**DEAR HELOISE:**  
Thought you might appreciate this helpful hint my ingenious hubby came up with. I was away from home cooking dinner one night when I realized there was no strainer to drain the spaghetti.

So my clever hubby took an empty milk carton, punched holes in the bottom and sides, and presto!... it made a real neat strainer which I just threw away afterwards.

No starchy container to wash.

Virginia Johnson

**DEAR HELOISE:**  
I still like to dry my clothes

on my outdoor lines because I like the fresh smell they have when you bring them in. But, in the country, we have a lot of flies and insects.

I have plenty of white blouses and shirts and how discouraging to find a spot on a collar just as you are ready to iron. Nothing short of re-washing seemed to budge the pesky spots, until I tried peroxide.

Just a tiny drop on the spot will make it disappear in a minute or two. I do this right at my ironing board and am careful not to iron right over this as I'm afraid the heat would discolor it.

This way a shirt can be ironed and hung away with no evidence of spots.

Mrs. W. Sutherland

Use ONLY on materials that are applicable to peroxide.

Heloise

**DEAR HELOISE:**  
Here's an idea that's just great for those stray pierced

earrings.

Take an ordinary plastic coffee can lid. Using a thumb-tack, punch holes in the rim and around the inside. A doll stand or something similar can be attached as a stand, and voila!! a handy earring rack takes shape.

A circle of construction paper may be glued to the top, and then decorated. Makes a nice gift or a cute item for a bazaar.

Jana Kita  
Age 13

**DOUGH RE, WHEE!**

**DEAR HELOISE:**  
One day as I was making cupcakes, I ran short of paper liners. And as I wanted to use up the dough, which was not enough for a regular cake pan, I tried one of those aluminum margarine cups.

It worked perfectly!!!

Since then, I have saved over a dozen aluminum cups from margarine, cream cheese and chips dips. They come in all shapes and sizes and can be washed and used over and over.

Mrs. P.V.

**DEAR HELOISE:**  
My school desk is the type that has the top that opens for storing your books and pencils, and I am always losing my pencils in the desk.

To solve this problem, I took a meat tray (the plastic foam type used by some supermarkets) and measured out enough material to fit over the top of the tray. Leaving about two inches of material on each side.

Next measure off little sections and staple down. Then decorate with fringe and no more digging through your desk for pencils and pens.

Denise Pazzo  
Age 11

**DEAR HELOISE:**  
I bought a tall green mesh plastic basket (for inside or outside use) and tied it to my gas light in the front yard. I even wound a green vine up the gas light pole to finish the decor.

Then my daughter attached a cute sign saying, "Junior Trash." Now all of the many children in the neighborhood deposit soda pop bottles, gum wrappers, paper cups, etc. in the basket instead of all over the yard.

Suddenly, there was an end

to my frustration about the litter, cutting the grass was easier, and I was not constantly after the kids to clean up the yard.

It's a great device for keeping neighborhoods peaceful and America clean.

Doratheá Polsky

**DEAR HELOISE:**  
I have two daughters and I make all of their clothes. I save the patterns that the older one has outgrown and use them for the younger one. When the younger one can no longer use them, she takes them to her sewing teacher, who makes good use of the old patterns by handing them out to the other children in her class.

Mrs. R. L. Bates

**LETTER OF THOUGHT**

**DEAR HELOISE:**  
Refusing to ask for help when you need it is to refuse someone the chance to be helpful.

## HOCUS-FOCUS

CAN YOU TRUST YOUR EYES? There are at least six differences in drawing details between panels above. How quickly can you point out what these differences are? Answers below.

1. Premo's coat is under pole. 2. Pole's base is red. 3. Premo's coat is red. 4. Hat is missing. 5. Extraneous in missing. 6. Ladder is shorter.

## Hal Kaufman's JUNIOR WHIRL

### BULLETIN BOARD

● **HAIR: HAIR:** "All the ladies like whiskers and they would tease their husbands to vote for you..." wrote Grace Bedell, age 11, to a certain political candidate. He eventually became the first U.S. President to wear a beard. His name?

● Think of a number. Multiply it by 3. Add 1. Multiply by 3. Add the number thought of originally. Cross out righthand digit. Surprised?

● **Twisters:** Eighty eagles ate every available eel, asserted Elvis, excitedly. Sharp shears soon slice sheer silk, shrugged Sue, smiling sweetly.

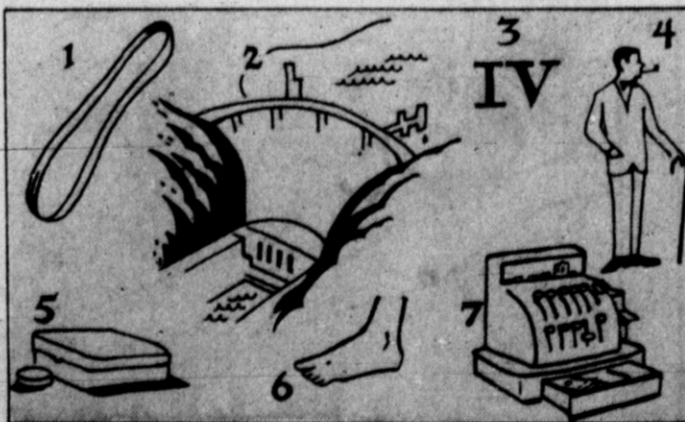

Hey kids! If you have a Bulletin Board from, send it to Junior Whirl, c/o this paper. It may appear here.

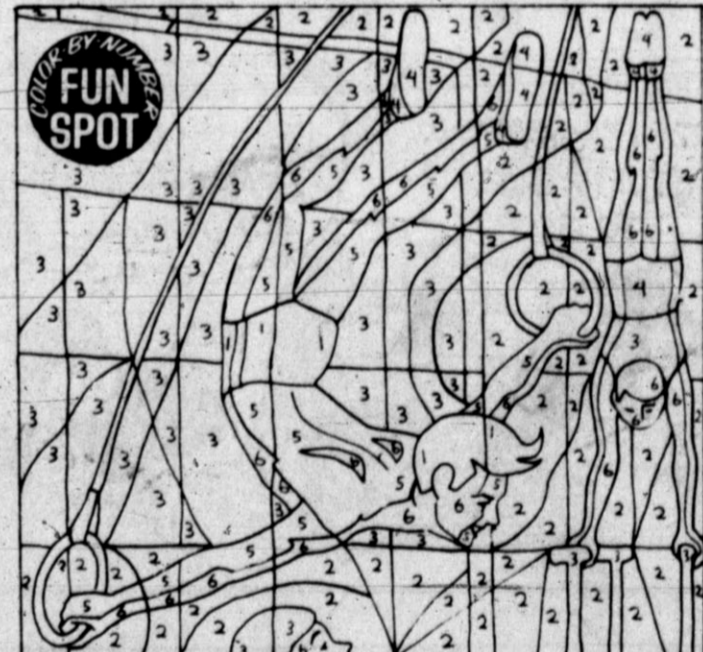

**MAGIC FIVES!** Place two stacks of cards on the table. Ask someone to select and examine one of the stacks while your back is turned. You, in turn, will identify the stack when he returns it to the table.

When he is ready, fake a bit of mental strain, then inform him that he has selected the "five" pile. Knowing in advance that one stack includes only fives, and the other consists of a pile of five cards, you cannot fail.

It might be fun to see how long it takes your friends to catch on to the trick.

**GUESS AGES?** Name each object shown above, add the suffix "age," and come up with another word. No. 1-Bandage; etc.

**INDOOR SPORTS!** To bring forth the hidden scene above, simply add the following colors: 1-Red. 2-Dk. blue. 3-Yellow. 4-Lt. blue. 5-Lt. brown. 6-Flesh tones. Add colors neatly.

## SPELLBINDER!

SCORE 10 points for using all the letters in the word below to form two complete words:

MAGNETIC

THEN score 2 points each for all words of four-letters or more found among the letters.

Try to score at least 50 points.

The possible number of four-letter words is 100.
