

Branding Time

By Speedy Nieman

That feller on Tierra Blanca Creek says the hardest job for a youngster is to learn good manners without seeing any.

There's still time, today and Friday, to visit one of your public schools. The annual observance of Public Schools Week in Texas included special programs at some schools Monday and Tuesday, and several more are on tap today and Friday. Aside from the special programs, school officials encourage parents to visit the schools anytime this week.

Spring is just around the corner, arriving March 20 according to my calendar, and you may want to get in the mood for the season by attending the Spring Sports Show at Sugarland Mall today through Saturday. Everything for the sports-minded family will be on display as the Mall celebrates its 7th anniversary!

Keith Kitchens, Hereford's great all-around athlete, has earned still another honor.

Kitchens was one of 16 schoolboy basketball players named to the "blue chip" list by Southwest Conference coaches. Kitchens, visiting Texas Tech Saturday, was introduced at halftime of the Tech-Baylor basketball contest. With football and basketball scholarship offers from all over, Kitchens is reportedly going the basketball route. He has not made the big decision, but Tech and West Texas State may have the inside track.

In a recent press convention at Midland, State Sen. W.E. (Pete) Snelson briefed editors and publishers on adverse effects apt to stem from changes in public school financing, if the U.S. Supreme Court upholds a lower court order for revision.

Regardless of how the public school finance problem is solved, says Snelson, there will be a tremendous impact on every community. He adds that the changes would boil down to two probabilities: (1) Higher school taxes, and (2) "Equal mediocrity" of public schools.

Since neither of these changes sound attractive, it becomes important for all interested citizens—not just the school board—to assess whatever solutions are offered and see how they would effect our community. Then, we need to let our legislators know how we feel.

A number of proposals have been submitted for meeting federal court objections to the state's present finance system, but no single plan has emerged as most likely to succeed, Snelson states. All of the plans speak of spending a great deal more money for education.

Plans for changing public school financing include such diverse proposals as these:

—Realignment of school district boundaries to equalize their tax resources, including consolidation of smaller or poorer districts into larger or wealthier districts.

—The "unpopular" idea of a statewide school district.

—Power equalizing, a plan which simply would take surplus funds from rich districts and give them to poorer districts.

—Statewide assessment of property taxes, which brings anxiety to many—not only in thinking about education but our other taxing bodies as well. Snelson said this would probably force tax assessments on "fair market value" for rural as well as urban property. The state senator said of the more popular proposals had come out of the Senate committee on public school finance. It would call for 60 per cent state funds, 40 per cent local funds, leaving the decision on how the money is spent to the local school boards. However, this also contemplates placing a limit on the amount of local enrichment, he added.

County Library:

Commissioners Review New Building Proposals

The county commissioners, in a special meeting Monday with architect Herb Brasher of Lubbock, made some minor adjustments and changes in blueprints on a new county library, but the over-all indication was "go" for the \$300,000 structure.

The commissioners met with Brasher for almost two hours and instructed him to return in the next few weeks with more drawings of the new facility.

The building, as it stands now, would be located on the southeast corner of the block directly north of the courthouse.

The building will have an entrance to the southwest and will cover almost the entire southeast portion of the block.

The front will open into a foyer then into the main library area which will be divided into several areas. There will be private reading and research areas in the south portion of the library plus an elevator to go to the basement—another feature the commissioners decided would add to the usefulness of the facility.

The elevator will be encompassed by a spiral staircase while also will lead to the basement. Another spiral

staircase will provide an exit from the basement from the rear of the building.

Some 10,000 square feet have been designed into the main floor area with the same amount considered for the basement. There has been some talk by the commission about constructing only half of the basement with the other half to be partially completed in the event future expansion and renovation is desired.

Brasher said the partial basement could be included in the appropriated budget of \$300,000 without causing any

conflict with the rest of the facility.

Several groups have met with the commissioners in past meetings in an attempt to get the basement included in the plans. The groups indicated such a facility could be used by numerous groups in presenting programs.

The money for the library will come from the revenue-sharing funds the county has received. The county received about \$250,000 from the initial year under the revenue-sharing program and will use additional funds from the same program for the remainder of the cost.

In Short Meeting Monday

City Commission Adopts Record Budget

The city commission breezed through a short agenda Monday night in its regular meeting and in the process approved a record budget of \$1,453,611 in a public meeting that attracted no one.

The new budget was one of several brief items the commission took action on. Others were:

—Letting of bids on new seal coating at the air port.

—The appointment of election

officials for the upcoming city election, and

—Approval of notice of intent to pave in the northeast portion of the city.

Jake Diel of Hereford submitted the low bid for the runway seal coating at the air port. The 62,000 square yard project was bid at just over \$20,000, but commissioners were told that probably would be cut down considerably to bring it within the \$16,000 range allocated for the project.

Only one other bid was submitted and that was by High Plains.

Lloyd Sharp was named judge for the April election and Robbie Seed was named alternate. These two will select the deputies later for the city election.

The commissioners also approved a notice of intent to pave Avenue G from Grand to 13th Street.

City manager Dudley Bayne also informed reporters at the

meeting Monday that the Veterans of Foreign Wars organization did not "donate" some 55 acres of land to the city for future park development.

He said the city will buy the land for \$110 an acre plus \$3,000 for caliche royalties in the park.

Bayne also presented the commission with the results of a recent survey of cities of comparable size to Hereford dealing with the parks and recreation operations.

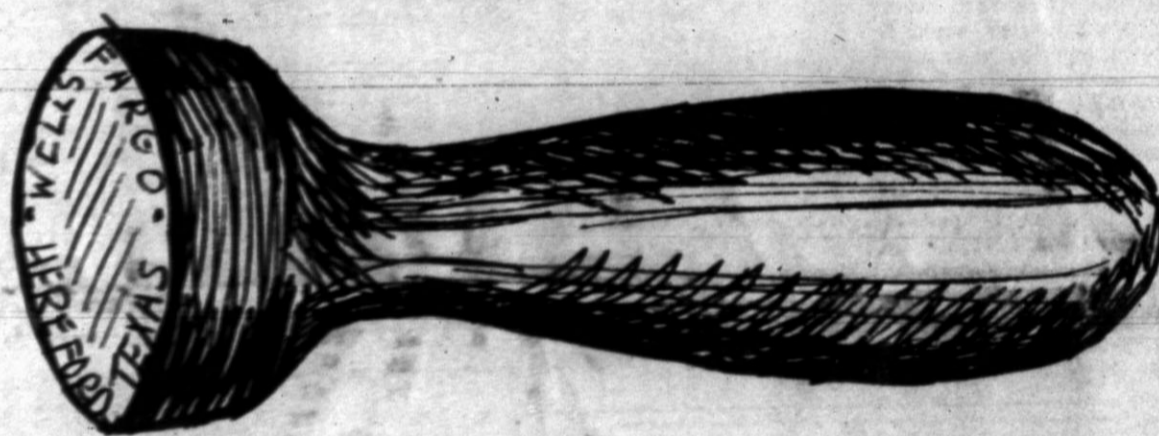

Out of 21 cities in the 12,000 to 16,000 population range, Hereford had the largest number of park acres. The city, with the acquisition of the VFW land, now has 339 acres while the closest on the survey was Sweetwater with 302 acres.

However, the much larger cities, such as North Richland Hills, La Marque, Cleburne, Sequin, Pharr and Eagle Pass, all have less than 100 acres of park land. Many of these, the survey pointed out, have less

than 50 acres of usable land.

Richland Hills, the largest of the cities in the survey with 16,514 population, has only 25 acres of parks and recreation operations and this is in only one park.

The survey gave the 1970 population, the number of city and neighborhood parks, the average size of the parks, whether there is a recreation director, plus his salary, and the recreation equipment available to the population.

Valuable Museum Piece Is Missing

Mrs. Henry Sears, member of Deaf Smith County Historical Society's board of directors, has reported the loss from the county museum of what she describes as an "irreplaceable" object.

It is the solid brass seal issued to the city of Hereford in about 1908 for use in the town's Wells Fargo office. About three in-

ches high, it bears the words: "Wells Fargo, Hereford, Texas", and was used with wax to seal outgoing mail and parcels handled through the Wells Fargo office. It is the only seal of its kind ever used in Hereford.

Mrs. Sears reported that she discovered the seal was missing Saturday while escorting a

group of visitors through the museum. A later check revealed that it had been missing for some weeks. She said that parcels leaving the Hereford Wells Fargo office were sealed with wax so that when they reached their destinations, an intact seal assured the receivers that the package had not been tampered with.

"We've had many thousands of visitors to the museum," said Mrs. Sears, "and considering the number, there has been very little vandalism. We certainly don't expect this to happen again."

She added that more precautions would be taken in the future to prevent similar occurrences.

"We have tried to make it a warm, hospitable place as well as a historical museum, and we want people to come and visit. We have hosts and hostesses present every time it is open to the public, but it doesn't create a friendly atmosphere to have someone watching you all the time, so we have been somewhat lax. We plan to be

(See "Piece" Page 2)

Highway Reconstruction Ok'd

Hereford-To-Canyon Route Is Part Of Huge Program

A huge \$5.2 million highway reconstruction project, of which two portions go through Deaf Smith County, will be let soon by the Texas Highway Department, it was announced this week.

The Texas Highway Commission approved four projects to reconstruct sections of major highways in the Panhandle

which sustained heavy damage from severe weather this winter.

The projects include:

1. Additional base and surfacing on 14.8 miles of Interstate Highway 40 from 1.5 mile east of the New Mexico state line northeastward to Caprock in Deaf Smith and Oldham Counties;
2. Additional base and sur-

facing on 27.5 miles of U.S. Highway 60 from the eastern city limit of Hereford northeastward to State Highway 217 in Canyon in Deaf Smith and Randall Counties;

3. Additional base and surfacing on 12.5 miles of U.S. 60 and U.S. 87 from the junction of U.S. 60 and U.S. 87 in Canyon northward to 45th Avenue in

Amarillo in Randall County; and

4. Additional surfacing on 18.5 miles of IH 40 from Caprock eastward to 1.4 miles west of Vega in Oldham County.

Jack Light, design engineer with the highway department in Amarillo, said the bids on work from the eastern Deaf Smith County line to near Canyon will be let this month. The

remaining projects will be let in April, he added.

The work is expected to take about 100 working days, Light said, which would put the completion date sometime this fall, weather cooperating.

Light said the work will probably be done one lane at a time so there will be little, if any, problems in routing the traffic.

CAA Scheduled For Phase-Out

Board members of the Hereford Community Action Agency met Monday evening with Argus Burnett, director of Panhandle CCAs, to discuss the close-out of the local agency. Burnett told the board members present that in President Nixon's 1973-74 budget, there is no 221 Money, or money for community development programs, thus shutting off all federal funds to community action agencies.

Burnett said that although some agencies have already been shut-down, the Hereford agency has been pre-funded until May 31 of this year.

"May 31 is the date set for total close-out as far as federal funds are concerned, however, there is a possibility of a month or two extension, but there is no

guarantee," Burnett stated. "The Hereford agency will not be able to fully operate with hired employees until that date, because there must be enough money to conduct an audit and

other necessary close-out procedures."

There are approximately 930 Community Action Agencies in the United States, with none of these being funded past Dec. 31 of this year.

Little Action For Races

With the deadline for filing set today, only two candidates have announced their intent to run for positions on the board of trustees, Hereford school board, as compared to a total of 12 last year.

According to school tax office personnel, the two filing for school board positions are Clark Andrews and Ed Loerwald, both seeking re-election.

(See "Races" Page 2)

SIGNS PROCLAMATION—Hereford Mayor Jim Sears signs a proclamation designating March 5 through 12 as eye-bank week and March 9 as white cane day in Hereford. Larry Alley, president of the Evening Lions, presented the mayor with the proclamation.

Eye Bank Week Designated Here

This week has been designated as eye-bank week in Hereford with the signing of a proclamation by Hereford Mayor Jim Sears. Evening Lions Club said that members of the club will seek donations and donor cards during this special week.

(See "Week" Page 2)

Sport Show Due At Mall

In celebration of Sugarland Mall's seventh anniversary, Sugarland Mall Merchants Assn. will sponsor a spring sport show in the mall from 9 a.m. until 6 p.m. today through Saturday.

The show will include various recreational equipment from several businesses in Hereford and Amarillo. Dick Norwood Chevrolet-Olds, Orval Watson Ford and Economy Motors all

of Hereford will have on display several four-wheel drive vehicles. Jack's Marine Supply of Hereford will display boats along with cycles from Swede's Cycle Shop and Cardinal's House of Kawasaki. Camper

Round-up of Amarillo will display campers, camper hulls and shells, trailers and tent trailers.

Most of the display will be inside the mall, however, the larger self-contained trailers will be displayed on the mall parking lot.

"We're calling this our first annual spring sport show, hoping to make into a yearly event," Johnnie Price, president of the mall merchant's association said.

Rotarians Elect 73-74 Officers

Hereford Rotary club at its weekly luncheon meeting Monday approved a new slate of officers for the 1973-74 term, as recommended by its nominating committee, the club's board of directors.

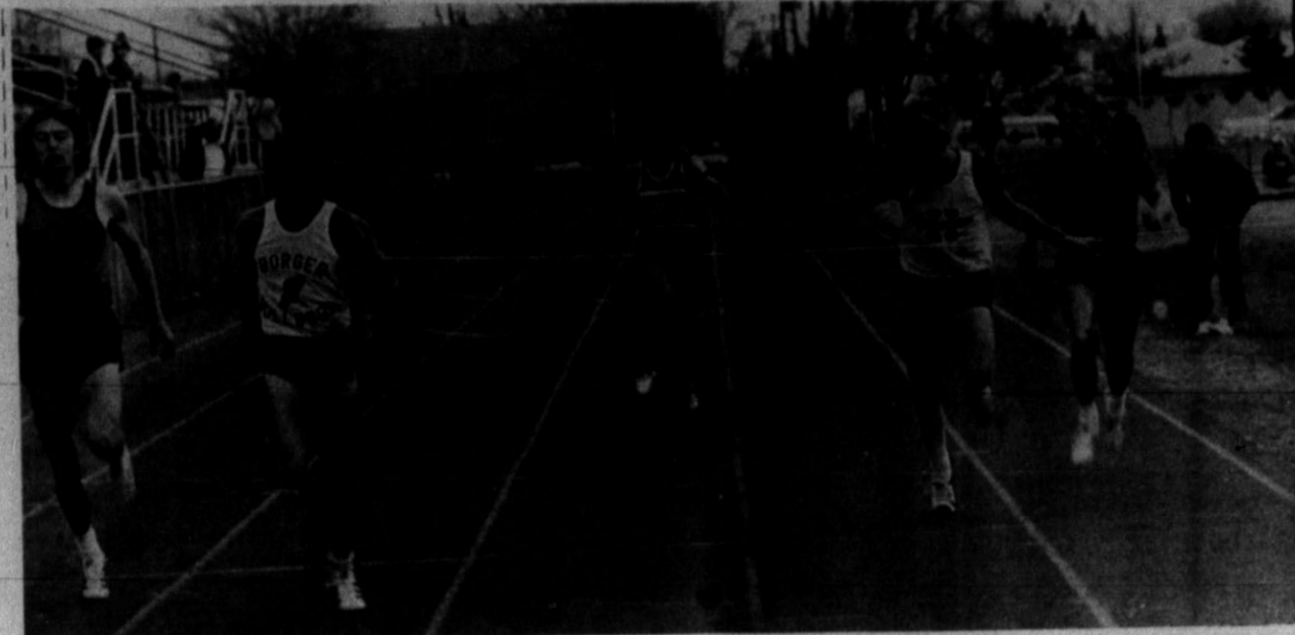

An increase in the board itself, from four to six members was also approved, with Bob Josseland, Stanley Simmons, Wayne Barber, C.T. Gross, Ronnie Traylor and Larry Dippel approved as board members.

Other officers approved were 1973-74 president, Marc Hoelscher; president-elect for 1974-75 Buddy Peeler; secretary Myron Morgan and treasurer Johnnie A. Price Jr.

Program for the meeting was presented by Sammy Ogan, who spent a year in Italy last year as an American foreign exchange student. He is the son of Rev. and Mrs. Sam Ogan of the Frio community.

Sammy gave a slide program, with a talk on his stay in a small Italian city, featuring slides of his Italian family, and sights he saw during his stay. He encouraged members to support the foreign exchange program, which has not sponsored students here for the past few years, due to a lack of interest.

During the meeting, club members also approved raising their monthly dues to \$12.50 to accommodate a rise in the cost of their weekly lunches at the Civic Club Center.

PAMPA DASH FINISH—Hereford's Barry McNuff took third place in the 220-yard dash at Pampa Saturday with a 23.2 clocking. Craig Prewitt of Borger won with a 22.9, and Rick McGuire of

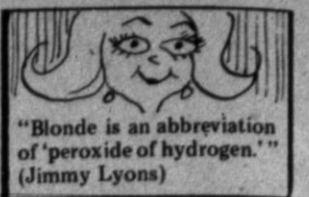

Pampa, left, was second. Terry Champ, in an outside lane, finished in fourth place for Hereford. Hereford won the meet with balanced team scoring.

Infant's Funeral Services Planned

Burial services for Wendy Marie Thurman, infant daughter of Mr. and Mrs. Kevin K. Thurman, are being planned at Gilliland-Watson Funeral Home, with interment scheduled in Vega Cemetery.

The parties reside five miles south of Vega. The baby's death occurred Tuesday in a hospital here.

Survivors include the maternal grandparents, Mr. and Mrs. Joe F. Brorman, south of Vega, and paternal grandparents, Mr. and Mrs. S.K. Thurman of San Diego, Calif., Mr. and Mrs. J. Flippen of Tucson, Ariz.

Attention!

A rare item, important to our town's history, has been removed from the County Museum. It is a brass object about three inches high with a round, flat bottom on which is written "Wells Fargo, Hereford, Texas." It was wired to a tall wooden stand beside a picture of the Wells Fargo man, horse and wagon. The train bell stands nearby.

The Museum begs the person who has this unusual but valueless object to drop it into the Post office with no postage required.

Un artículo de importancia se ha extraviado del Museo Del Condado. Este artículo es un objeto de tres pulgadas de estatura con una base redonda y porta el letrero "Wells Fargo, Hereford, Texas. Este objeto estaba atado con alambre a un lado de un caballo y guallin. El museo les ruega que el que halga encontrado este objeto que lo manden al correo, Hereford, Texas, libre de costo.

Rites Held For Woman

Funeral services for Mrs. Julia Alethea Setliff, 90, near Littlefield, a number of Hereford resident since last October and the mother of Miss Gladys Setliff of this city, were conducted Wednesday afternoon in Littlefield.

Her survivors include five daughters, six sons, 25 grandchildren and 35 great-grandchildren.

Bob Wear, minister of Crescent Park Church of Christ there, officiated for the funeral, and burial was in Littlefield Memorial Park. Local arrangements were by Gilliland-Watson Funeral Home.

Mrs. Setliff, a resident of Westgate unit, Kings Manor retirement home, died Monday night in Deaf Smith General Hospital.

She was born Oct. 27, 1882 at Wickes, Ark., and married Benjamin S. Setliff there Jan. 6, 1901. They came to Texas in

POPULATION GROWTH
By the year 2000, it is estimated that the world population will exceed 7 billion.

HEART VICTIMS
Heart attack claims 674,000 lives annually, about 25 percent of them among men and women under 65 years of age.

Home Warranty Sought

When you buy a car, television set or stereo, that merchandise is usually warranted securely against defects. When you buy a home (often a family's largest single investment) no such warranty is normally offered.

This is primary concern of consumer advocates. And 1973 is shaping up to be a key "year of consumerism." Active consumer groups are popping up in all areas, social strata and age groups — from high school students to golden age clubs.

The family home is becoming a central rallying point for consumerists. Better post-sale service, more complete inspections, more detailed disclosure of information, more "realistic" marketing presentations, more competent counseling and above all better warranties are heard among the loudest cries from consumer huddle sessions.

Today's home buyers are probably more knowledgeable and sophisticated than ever before in history. They're also more demanding. They are insisting on, and getting better designed and quality homes, and the assurance it will stay in shape for a reasonable time after purchase. That warranty may apply as much to resale (used) homes as newly constructed units in the near future.

Noting the trend toward stronger warranty demands, N. Edgar Kromer, vice president of U.S. Homes, recently warned a group of home builders to "expect requirement of a three-year warranty of new homes." Speaking at a seminar sponsored by the National Association of Home

Builders, he suggested the industry itself take steps toward satisfying such a requirement "instead of having others do it for us. There is a positive opportunity to meet and profit by the challenge of consumerism."

Some builders now provide new home buyers with a warranty, usually covering a period of one or three years. The longest warranted term we've heard of is 10 years.

As for resale homes, some municipalities require an inspection each time a house is sold. Any element of the house that does not meet "standards" must be upgraded at that time. In at least one community (Cleveland) a current proposal would require an inspection of each housing unit at least every three years. This will keep all housing in better condition, deter many problems for home buyers and maintain a higher level of home values, say its proponents.

Other proposals relate to the increasingly popular "home service contract" — a form of prepaid repair plan covering a term after sale of a home. A recently formulated insurance policy also provides the same basic coverage.

"RACES"

(Continued from Page 1.)

Andrews will be seeking his first full term on the board, after having served the unfinished term of Raymond White, who resigned before completing his term last year.

Loerwald, currently serving as president of the board, will file for an additional term, after having served for a total of six years on the board of trustees.

To file for positions on the school board, a citizen must be a tax-payer in the Hereford Independent School District. No other candidates have filed for positions on the board.

"PIECE"

(Continued from Page 1.)

more observant in the future." Mrs. Sears also commented that the museum has also recently added an electronic burgular alarm system at the facilities to discourage theft.

However, she said that, in her opinion, the loss of the Wells Fargo seal was a case of vandalism, rather than actual theft, and that the object was probably just "picked up" during a tour of the museum.

She added that, since the seal could be of no practical use to anyone, she hoped that it would be returned to the museum. It may simply be dropped in at the Post Office, with no postage needed.

"WEEK"

(Continued from Page 1.)

Tomorrow, which has been proclaimed as White Cane Day in Hereford, booths will be set up in both banks taking donations for the eye bank. A white cane will be given for each donation. Saturday, members of the Lions club will be at Sugarland Mall seeking donations.

A special program on eye care and the eye bank will be presented at 1 p.m. Sunday over KFDD Channel 10.

Alley reported that there are approximately 5,000 donor cards from over the Texas Panhandle currently in the eye bank. He also said that 230 persons have received eye transplants from this program, and are now able to see.

Small Talk

BY SUE COLEMAN
Women's Editor

MRS. RUTH LEWIS celebrated her 97th birthday Tuesday, and as in the past few years, she took it quietly and enjoyed visits from neighbors, cards, gifts and flowers sent by other friends and relatives; sharing her birthday cake with those who dropped by at the home of her daughter, Mollie McGhee, where she resides.

For several years I've enjoyed Mrs. Lewis' acquaintance. She was an old timer in Oklahoma and like most of the pioneer women in this western area she can tell some exciting tales of her early life.

ESPECIALLY I REMEMBER her talking about seeing Belle Starr, the noted woman leader of a gang of horse-thieving outlaws back in the days when Oklahoma was Indian territory.

Belle has with the passing years evolved into a fictionalized glamor girl, but not in Mrs. Lewis' book.

A movie based on the exploits of Belle and her gang came to the town where Mrs. Lewis lived, some years ago. She was curious to see it, but didn't stay for the finish.

"It showed her as a beautiful young girl and she couldn't have been; she was the ugliest woman I ever saw," Mrs. Lewis said flatly.

LIFE WASN'T ALL FEMALE bandits, pretty or ugly, for Mrs. Lewis and other women of that time. Mostly it was plain hard work, and I've often wondered if the women of my generation could have survived it. Just as I wonder how today's generation would have reacted to the time in which I grew up.

A couple of us old enough to remember model T. Fords and unpaved roads were talking here at the office the other day, with some young co-workers listening and obviously not believing a word of it.

It made me wonder what they would do if they had to drive across the southern (desert) route to California in a Model T, carrying their water in canvas bags that made it taste odd to say the least, and stopping

occasionally to patch a tire that blew out as it often did then. Probably they'd just sit down in the sand and cry, but if they had been inured to such conditions as we were they might come through the whole era in better shape than we did.

A SENIOR RECITAL in voice will be given by Michael C. Kemp, Hereford student at West Texas State University, at 4 p.m. March 21 in Room 201 of the Fine Arts Building, an announcement from Canyon says.

Son of Mr. and Mrs. Clois Kemp, Mike is the voice pupil of Jerry Doan at WT. He has appeared in campus productions of the musical, Fiddler on the Roof, and the opera, Tales of Hoffman.

A STUDENT AT SUL ROSS State University at Alpine, Bryan B. Adams of Hereford has been named on the dean's list for the past semester.

AN AFTERNOON OF visiting in Mrs. H.E. Miller's home, 428 Star, was spent Saturday by the hostess, her daughter, Mrs. Jerry Jacobs of Canyon, Mrs. Jim F. Ford of Amarillo and her mother, Mrs. Hoppa of Michigan, and Mrs. Miller's other daughter, Mrs. Herb Dones, who lives here.

Coed To Receive Scholarship

Award of a \$100 scholarship to Sue Shirley, Hereford student at Texas Tech University, is announced by the Texas Home Demonstration Association. Miss Shirley was recently announced as one of six Texas girls picked to receive THDA scholarships valued from \$100 to \$500.

A freshman at Tech, Miss Shirley has been given other scholarships based, like this one, on her records in 4-H Club work. She won the Deaf Smith County 4-H Gold Star award last year.

She is the daughter of Mr. and Mrs. J.B. Shirley and is a

The Lonnie Coffeys and Tony Whites special guests at party

Kappa Iota Has Guest

After games of crazy bridge and refreshments at SWPS Reddy Room, guests at a Kappa Iota Chapter party last weekend went to the Tom LeGate's home for an amusing hour of charades.

Husbands of members and two other couples were guests of Kappa Iota, a chapter of Beta Sigma Phi here.

In the games, Mrs. LeGate scored high for women and Lonnie Coffey for men, while consolation awards went to Mrs. Tim Gearn and Bobby Jones.

The Coffeys and the Tony

Whites were special guests. Fifteen members and their husbands were also at the party.

"A woman is never too old to yearn." (Addison Mizner)

Club Hears Talk On News Freedom

Freedom of the press and what it means to the average American was discussed by Clint Formby, manager of the local radio station, as guest speaker to La Plata Study Club Tuesday evening in the home of Mrs. O.G. Nieman.

He read the first amendment to the U. S. Constitution, which guarantees freedom of speech and of the press as basic rights of Americans, and traced the idea of press freedom and the struggles to preserve it for newspapers, magazines, radio and now television.

The speaker played a tape recording, A Look Into The Next Century, which gave members an amusing but thought-provoking picture of how news may be covered in the future.

Mrs. Frank Prowell was chairman of the program titled Let Freedom Ring, and introduced the guests.

In a brief business period with Mrs. Pat Hughes presiding, members volunteered for hostess duty at Deaf Smith County Historical Museum

during the two weeks the club is responsible for hostesses this spring.

Refreshments were served to members including Mmes. Kenneth Hunt, Ansel McDowell,

Jack Brown, Raymond White, Alex Glass, J.D. Neill, J.C. Brown, Louis Woodford.

Elmer Patterson, Pete Cash Don Taylor, Ray Seale, Ken Rogers and A.J. Schroeter.

Mrs. Boyd Collins...with youngest daughter, Georgia

Let's Cook Something

Her Children's Doings Provide Her Interests

BY SUE COLEMAN
Women's Editor
INTERESTS OF MRS. Boyd Collins outside her home are related to those of her children and she is a firm believer that parents should work with their children in youth organizations—not just send the youngsters to the meetings.

With this conviction, both Mr. and Mrs. Collins serve as adult leaders in community and church organizations with which their six children have been and are involved. And the Collins family boasts two Eagle Scouts, a Wohelo medal holder in Campfire and award winners in various school activities. There are three girls and the

same number of boys in the big, active family.

THE OLDEST, DAVID, is in Rice University this year; Linda is a senior and Danny a sophomore in Hereford High, Dennis in Stanton Junior High, Rita in third grade and Georgia ready to begin first grade next fall.

Mrs. Collins is working with Bluebirds, the Campfire organization for younger girls, this year since Rita is a member. She began as a Campfire leader while Linda was in grade school and was assistant to the Horizon Club leader when her daughter progressed to that high school group.

Linda received the Wohelo medallion, highest award in the program, last month when she also was announced as winner of the Betty Crocker Homemaker of the Year in HHS homemaking classes.

COLLINS IS A BOY SCOUT troop leader, and Mrs. Collins has worked when her sons were younger as Cub Scout den mother. She served several years as a den leaders coach to train other mothers for the work, and now is district Cub Scout roundtable commissioner.

In that job she conducts monthly training programs for Cubmasters and den mothers, and urges mothers of the boys to become involved in their activities.

Youth work in Wesley United Methodist Church is also a part of her life and she is sponsor of the Youth Fellowship. This year she is president of the United Methodist Women in her church also, and church school secretary.

GROWING UP ON A FARM, she was a 4-H Club member as a girl, and active in the church that she walked two and a half miles to attend. She and her husband were both born and brought up in Missouri, in a rural atmosphere that they believe children need.

They feel that Boy Scout and Campfire programs, with their emphasis on nature, are good substitutes for country life. "Outdoor activities I've always liked, and it's a pleasure to take the girls out for hikes,

picnics, nature study and even campfire meals, but real camping is not for me," Mrs. Collins laughs. "When night comes I want a bed, not a tent, so I'm not much help with camp living."

The Collins came to Hereford 14 years ago, after they had been married seven years and he had completed military service. His work took him to various places for a while before they moved here from Kansas.

As Mrs. Collins learned to cook, can, sew and do other household tasks by helping her

mother, then learning more in 4-H and homemaking classes at school, she is teaching her daughters the same skills and encouraging them to study further.

She likes shortcuts such as ready prepared foods and mixes, and says she would not be able to carry out community activities without them. But she also uses some old-fashioned recipes, like one for vinegar pie given to her by her mother-in-law:

VINEGAR PIE
2 cups water
8 tb. vinegar

Bring to a boil and add 2 cups sugar
8 tb. flour, mixed together.
Blend well and cook until thick. Then beat the yolks of 4 eggs, pour a little of the cooked custard over them, stirring to a smooth mixture. Add this mixture to the remainder of the custard, mix and cook until it is thick again.
Take from heat and add juice of fresh lemon or 2 tsp. lemon extract. Let cool and pour into baked pie shells (this amount will make two pies). Top with meringue made from the egg whites, and brown in oven.

Unique Bake Sale To Benefit Church

Custom baking as a benefit for Mt. Sinai Baptist Church is being done this month and next by Mrs. Will Walker and Mrs. Betty Spurland, who will fill orders for cakes, cookies, pies and breads.
The women are sisters, members of the Women's Missionary Society of the church, and are conducting the unusual type of bake sale to raise funds for the church.
Orders may be telephoned to them after 2:30 p.m. Mrs. Walker may be reached at 364-5864 and Mrs. Spurland at 364-6449.

Film Seen On Chapter Program

Date of Delta Kappa Gamma Society's meeting was changed this week to avoid conflict with the Community Concert Association program Monday evening; members of Delta Xi Chapter of the society met Sunday in Ward Parlor of First United Methodist Church.
A film was shown to present the program theme, Living Masterpieces, a study in personal development. Titled Images and Things, the film was concerned with factors in projecting a person's image. Mrs. Don Shipley was program director.
Mrs. Tommy Bryant reviewed a magazine article on narcotics.
Hostesses were Meses. Don Waters, Earl Springer, H.V. Crawford, and Clifford Kerr; also Della Stagner, Audrey Powell and Ann Prichard.

North Hereford Sets Change In Meeting

A change in the meeting time of North Hereford Extension Club for March 15 was announced at the club's recent program in SWPS Reddy Room.

Mrs. Roger Williams will be hostess in her home at 2 p.m. for a program on Mini-gardens, the second of two early spring programs on vegetable gardens.

Roberta Campbell presented the first discussion, emphasizing selection of varieties of vegetables which can best be grown in this area. From her own experience in growing large gardens each summer, she said early planning is important for a successful garden.

Such plants as tomato may be grown by the home gardener from seed saved from last year's crop, she stressed. Planting should be planned so that vegetables which mature at the same time are together, then when they are harvested the area can be cleared for growing late crops.

In keeping with the program theme, Mrs. J.A. Crofford, hostess, decorated the serving table with a horn of plenty and an arrangement of vegetables grown in this area.

Mrs. Gaylon Bryan presided for business, reminded members of the district Texas Home Demonstration Association meeting March 29 at Boys Ranch, and welcomed as a guest Mrs. Vesta Payton of Gentry, Ark., mother of a member, Mrs. O.L. Williams.

Community Calendar

MARCH
1—Lions Club pancake supper at County Bull Barn.
8—West Texas State Exes Club at Hereford Country Club, 7:30 p.m.

The Hereford Brand, Hereford, Texas, Thursday, March 8, 1973

Birthday Dinner Set

To mark the 54th birthday of the Hereford American Legion and Auxiliary, a dinner was planned for March 20 in the Legion Building, at the Auxiliary meeting Tuesday evening.

Mrs. James Jesko presided for the session in the absence of Mrs. J.G. Gandy, president.

A guest speaker, Dr. John English, gave the program. He talked of his hobby, painting, with remarks on the value of any hobby to today's busy people.

He also gave suggestions for starting to paint with water-colors, illustrating as he painted a landscape.

Meetings Of Future

A garage sale to benefit the chapter treasury was scheduled for April 13 and 14, by members of Kappa Iota Chapter, Beta Sigma Phi, meeting Tuesday evening in the home of Mrs. Terry Schoenhard. Mrs. Davie

Sorrells was co-hostess. Members planned to bring cosmetics for Girlstown residents to the next meeting, March 20, which will be the annual model meeting. Election of next season's officers was set for April 3, when nominations will be received for the chapter's Girl of the Year. Mrs. Terry Caviness, who was nominated by the chapter as an outstanding young woman of America, was presented a gift.

Mrs. Tom LeGate gave the program on People, stressing the value of meeting new people and making new friends among people of various ages. She asked members to list qualities they seek in a friend.

Alpha Alpha Contributes To BSP Fund

Contributions to international funds of Beta Sigma Phi sorority were made by Alpha Alpha Chapter of Hereford at its meeting Tuesday evening in the Hospitality Room of Hereford State Bank. The money goes to endowment, exemplar and loan funds of the sorority.

Mrs. R.J. Cramer and Ollene Williams were hostesses at the meeting, when members decided on their suggestion for the theme of the area convention here next October. Each local chapter will suggest a theme, to be chosen by the City BSP Council.

Reports were heard on recent activities, a benefit dance, a campaign for donors to the area blood bank, and the annual Valentine ball.

Church Plans Gospel Meetings

The public is invited to a series of gospel meetings next week at the Fifteenth Street Church of Christ, beginning with services Monday at 7:30 p.m.

W.L. Wharton, San Antonio evangelist, will be featured speaker for the nightly meetings, beginning each evening at 7:30. Sunday's morning and evening services will also come under the direction of Rev. Wharton, with Sunday evening service beginning at 6 p.m.

Baltimore school accepts only pregnant pupils

Edgar Allan Poe High School, Baltimore, Md., established seven years ago, accepts only pregnant pupils and has a current enrollment of 520.

Mrs. Vivian Washington, principal, said that fewer pupils drop out than in a normal high school, and that the girls plan to either return to their former schools or find jobs after having their babies.

Schools Week

Knowledge always desires increase; it is like a fire, which must first be kindled by some external agent, but which will afterward propagate itself.—Johnson.

You are the external agent who creates within your child a desire for knowledge. He may go to school, but only your encouragement, enthusiasm and support can spur him to achieve his potential.

One-hundred nineteen years have passed since public schools were established in Texas. March 5-9 marks that anniversary, and as always, Texas Public Schools invite you to visit and observe.

Your interest—whether or not you have children—is needed to continue and improve education for those who will lead tomorrow.

Texas Public Schools are your concern. You pay tax dollars to support them. See that you're getting your money's worth and help to keep the lamp of learning burning.

Please visit a public school in your area or neighborhood during Texas Public Schools Week, March 5-9.

Local Sorghum Growers Honored

Local sorghum growers have been honored by Northrup, King & Co. for outstanding achievement during 1972. Two growers in this area have been named to membership in the 1972 NK Carload Sorghum Club.

Almost four giant hopper cars of hybrid sorghum was harvested on the Eddie Rohrbach farm last fall. Rohrbach seeded 170 acres to NK280 and NK222 at seven pounds per acre in 40 inch double rows. At harvest, his crop averaged 4,623 pounds of grain per acre.

Deaf Smith County farmer, Carl Straufus harvested almost seven and one-half giant hopper carloads of NK280 and KNK222G sorghum in 1972. He seeded 200 acres at seven and one-fourth pounds per acre in 40 inch double rows. When harvested, his crop averaged 7,429 pounds per acre. This excellent yield enabled Straufus to join with other sorghum growers in obtaining a 1,000 for one return from their plantings.

Formed by Northrup King as a means of bringing recognition to sorghum growers all over the nation, the club provides a clearing house for ideas on production techniques and

offers assistance in dealing with all types of crop problems.

The 1972 awards take on unusual significance in view of USDA predictions of the second biggest sorghum harvest in history, despite reduced planting and unusually difficult harvest conditions in the fall of 1972.

"Exceptional yields like these are a tribute to the dedication and ingenuity shown by American farmers," said James Massie, president of Northrup, King & Co. "Since the introduction of hybrid sorghum less than 20 years ago, sorghum has moved from being a marginal crop to a position as the second most important feed grain crop in the United States. We feel this is an outstanding

achievement and we are happy to honor a group of farmers making a vital contribution to the world leadership enjoyed by American agriculture."

Each of the 399 growers selected nationally for club membership produced at least

200,000 pounds of grain from a single NK Sorghum Hybrid. Super-producers in the group received a Northrup King trophy signifying production of a trainload—more than 1,000,000 pounds—of sorghum during the 1972 growing season.

New Pentecostal Pastor Is Here

A new pastor, the Rev. Joseph M. Myers, has assumed duties at the Pentecostal Church of Jesus Christ, corner Miles and Gracey Sts. He comes from Amarillo, where he will continue to serve a church as pastor.

Services in the Hereford church are conducted at 10 a.m. and 7:30 p.m. each Saturday,

and at the evening hour Tuesday. Rev. Myers invites residents to attend all these services.

STEAMBOAT RUN

On Dec. 11, 1967, James Rumsey ran a steamboat with a power pump for the second time (first time Dec. 3) on the Potomac River.

ROBERTS

Randy Bullock... here promoting film.

Film Due Here Next Month

Film Personality Here For Visit

BY KATHY MARGRAVE
Staff Writer
Randy Bullock, one of the co-stars in "Time to Run," a new Billy Graham film, contributes being selected for the part to the telling of "a fish story—you know, about the one that got away."

Bullock was in Hereford earlier this week in conjunction with the opening of "Time to Run" at the Star Theatre, April 11. Bullock said that actually the president of World Wide Pictures heard him telling a story, liked the way he delivered it, and asked if he would like the part in the film. Bullock has had experience in professional theater as a stage

actor, but most of his work with World Wide pictures had been in the technical field. He has also worked as a script counselor in the film industry and directed small, short films such as commercials. In the film, Bullock plays the part of a young preacher. "I feel that I really fit the part, because I didn't feel that I was acting. We literally turned the movie set into a church with about 300 young christians working as extras." "In the film, I tell the biblical story of the Good Samaritan, in rather up-to-date terms, showing that the love of Christ is for all generations. It is a very tender story with which both adults and young persons

can identify," Bullock said. "Time to Run" is a 104 minute film about the general degeneration of the American family core which Bullock classifies as entertaining but clean. "It doesn't deny reality, but really supports reality of Christ. Its a beautiful love story with typical ups and downs with a definitely happy, soul-

"It was a stroke of love that brought me to Christ. I was down and thought that I would die when someone happened to tell me about Jesus Christ. I went to a rally in Wichita, Kan., and this is where I found Christ." Bullock said the now he works for Christ as a tool or an implement.

Plans Underway For New Film

Plans for presenting a premiere showing of "Time to Run", a Billy Graham film, are being made in Hereford by a community-wide committee. It was announced this week by Garland Solomon, executive chairman. The full-length feature, filmed in Eastmancolor by World Wide Pictures, will be shown in Hereford April 11-14 at the Star Theatre. Solomon announced that Bob DeLine, Minneapolis, Minn., is the premiere coordinator for Hereford. Members of the local executive committee include Jerry Wilburn, assistant chairman; Jani Duggan, secretary; Morris Means, chairman of churches; Eloise McDougal, prayer director; Derman Duggan, counseling director; Eugene Barkowsky, student director; Rex Lee, civic clubs director; O.G. Nieman, publicity; Melvin Jayroe, arrangements; Lynton Alfred, group sales director; and Woody Wilson, finance director.

interested in being a part of the chain is invited to call 364-0716 or 364-3155. "Time to Run", a film for the entire family, is a mixture of problems and solutions. It was filmed on location in Southern California and stars Ed Nelson, Randall Carver—a former Hereford resident, Barbara Sigel, Joan Winnill and Gordon Rigby. Ed Nelson is perhaps best known for his portrayal of Dr. Rossi on television's "Peyton Place". In "Time to Run", Nelson plays a hard-driving, success-oriented industrial and scientific engineer who, because of over-involvement with his work, has failed to communicate with his wife or their son, played by Carver. A screen newcomer, Carver is the son of Russell Carver, former president of Hereford State Bank.

to visit Sweden

Thirteen North Vietnamese students are expected to arrive in Sweden soon for a one-year visit to study Swedish living conditions. The arrangement is in line with the North Vietnamese desire for closer cultural relations between the two countries. A briefing rally was held Wednesday morning with directors and captains attending. Church delegates were also invited and materials and tickets were distributed for the show. A short film clip was also shown. Solomon also announced that a "prayer chain" is being organized in conjunction with the premiere showing. The chain will serve in the beginning to support the success of the movie, and will continue indefinitely, said Solomon. Any person who has a need, or is

The Hereford Brand, Hereford, Texas, Thursday, March 8, 1973

Area History Is Program

A program on Panhandle History was given to La Afflatus Estudio Club at its meeting Tuesday afternoon at the Pioneer Natural Gas Flame Room.

Bringing the program were Mrs. A.B. Higgins and Mrs. Alvin Hewitt. Mrs. Hewitt told of the Panhandle from the earliest railroads to the most modern feedyards.

Mrs. Higgins gave a report on the book, *The Flamboyant Judge*. This book is about an

early day pioneer, starting to Alaska to look for gold but unexpectedly settling in the Panhandle. This man helped organize and also taught in Amarillo's first college and eventually became judge at Friona.

The thought for the day was given by Mrs. Sam Morgan, on Texas Heroes. Mrs. Glenn Witherspoon hosted the meeting.

Members present were Mmes. Claude Ricketts, Lottie

Clark, A.H. Cook, Marlin Gilliland, Emmett Hale, A.N. Hopson, and Walter Johnson.

INDIANA ADMITTED
Indiana was admitted to the Union as the 19th state on Dec. 11, 1816.

CAMPBELL'S VETO
On Dec. 11, 1872, Gov. Campbell of Wyoming vetoed a bill passed by the State Legislature repealing the Woman Suffrage Act.

Dr. Paul Bumpers

Preaching Series To Begin

A preaching mission in First United Methodist Church will begin with the 7 p.m. service Sunday, with Dr. Paul Bumpers, pastor of First UMC of Lubbock, as speaker. Dr. W.A. Appling, pastor, announces that the public is invited to all services.

They will be held at 7:30 p.m. Monday through Wednesday, and at 7 a.m. on those days after breakfast in the church fellowship hall at 6:30 a.m.

To encourage attendance at the evening services, a fill-a-pew program is planned with

different church school classes assigned to invite visitors each evening. Every class member is expected to see that one pew is filled with others from the church and guests.

The visiting speaker has been pastor of the Lubbock church nine years and previously was pastor of a Little Rock, Ark., church and superintendent of the Batesville, Ark., UMC district. He was a delegate to World Methodist Conferences in Denver last year and in Oslo, Norway, in 1961.

Mr. and Mrs. Bill Morton ...celebrate golden wedding

Wedding Anniversary Is Honored With Reception

The five daughters of Mr. and Mrs. Bill Morton were hostesses at a reception honoring the couple's 50th wedding anniversary Sunday afternoon in the Medallion Room of the REC Building.

Married March 3, 1923, the Mortons have resided in Hereford most of the time except for nine years they ranched in South Dakota. They have 12 grandchildren and nine great-grandchildren.

They received reception guests with their daughters, Billye Freeman of Chadron, Neb., Bettye Glenn of Abilene, Edythe Peterson of Rapid City, S.D., and Lee Willier of Black Hawk, S.D. The other daughter, Linda King of Fountain Valley, Calif., was unable to be here because of illness.

Four granddaughters served refreshments from a table laid with lace over a gold satin cloth. They are Janeen Williams of Amarillo, Pam Fernandez of Mesa, Ariz., Jane Smrstick of Hot Springs, S.D., and Twyla Clutter of Black Hawk, S.D.

Nieces of the Mortons at the guest register and gift table were Joan Culp, Jean Bryant, Gay Taylor and Joy Morton.

In addition to the hostesses and houseparty members and their families, numerous relatives and friends from other cities were reception guests. Among them were the Eddie Morton family of Tulsa, the Norman Taylors and Leroy Widners of Friona, the Grady Wilsons of Sturgis, S.D., the Dorman Petersons of Rapid City and Linda Clutter of Black Hawk, S.D.

Mason Lodge Story Told To Rainbows

Hereford Order of Rainbow held a candy sale after a short business meeting Monday evening at the Masonic Hall.

The meeting was called to order by Melissa Johnson, worthy advisor, with Mrs. J.A. McWhorter, mother advisor, present.

Voted in for membership was Colette Hartley. J.B. Noland spoke to the members on the Masonic lodge, of which Rainbow girls are a part.

Honored as guests were Bill Phipps, Mrs. Roger Ruland and Mrs. Arthur Clark.

Members present were Patty Johnson, Jettie Watts, Becky Ogelsby, Cindy McCarley, Joan Josseland, Carole Vogle, Patsy Brownlow, Janet McWhorter, Caremela Burges, Linda Collins.

Also Jo Lynn Williams, Debbie Fletcher, Jan Ann Bullard, Rose Warren, Leda Nunley, Stacy Robinson, Dalene Henson, Laura Clark, Carla Dobbins, Jana Ray, Lynette Cawthon, Jane Ellis and Lana Clark.

Platform soles may increase wine prices

Mr. Malcolm Warden, whose London firm supplies corks to the wine trade, said recently that platform soles, the latest fashion in women's shoes, may increase the cost of wine.

The soles are usually made of cork to keep down the weight and as a result the price of bottling corks has risen 40 per cent in six months.

Stanton, La Plata Students Winners

Stanton and La Plata band members reaped numerous high ratings last Saturday during a band solo and ensemble contest in Canyon where they competed against schools from the entire Panhandle area.

Stanton had 33 students to win honors and La Plata students captured some 49 places.

The students who performed solo numbers played a piece of memorized music with a piano accompaniment in front of a judge.

Those who competed in ensemble played with a group of from three to eight and were judged in that manner.

Ratings were given for superior (I), excellent (II), good (III), fair (IV), and poor (V).

Stanton students who fared well were Vicki Gray, flute quartet, I; Renee Inman, flute quartet, I; Vicky Switzer, flute quartet, I; Debra Cronelius, flute quartet, I; Laurie Higgins, flute quartet, I; Jeannie Hair, flute quartet, I; Lyn Newman, flute quartet, I; Karen Appling, flute quartet, I and flute solo, I; Sabra Hacker, oboe solo, II; Vanessa Noyes, bass clarinet solo, I; Beverly Beene, clarinet quartet, II; Anna Griego, clarinet quartet, II; and Rochelle Davis, clarinet

quartet, II.

Also, Toby Turpen, cornet solo, II; Ricky Switzer, cornet solo, II; Sylvia Arriaga, cornet solo, II; Curtis Stoerner, brass sextet, I; Mike Turner, brass sextet, II; Bobby De La Garza, brass sextet II and solo, II; Stacy Hacker, brass sextet, I; David Kreig, baritone quartet, I and brass sextet, II; Lyle Bonner, brass sextet, I; Chris King, brass sextet, II; Sandee Finley, brass sextet, I; Becky Noyes, brass sextet, II; Mark Strange, drum solo, I; Jimmy Hammock, drum solo, II; James Mays, tuba solo, II; Tommy Varner, tuba solo, I; Jason Clark, baritone quartet, I; James Noyes, baritone quartet, I; Steve Fortenberry, baritone quartet, I; and Tonja Armstrong, clarinet quartet, II.

Students from La Plata who received top honors were Cathy Walker, clarinet quartet, I; Susan Hamby, clarinet quartet, I and clarinet solo, II; Carole Vogel, clarinet quartet, I; Emma Thompson, clarinet quartet, I; Shannon Watson, clarinet quartet, I; Dee Ann Caison, clarinet quartet, I; Betty Banks, clarinet quartet, I; Rosemary Zepeta, clarinet quintet, I and woodwind quintet, II; Vivian Burgess, bassoon solo, I and David Emerson, bassoon solo I and woodwind quintet II.

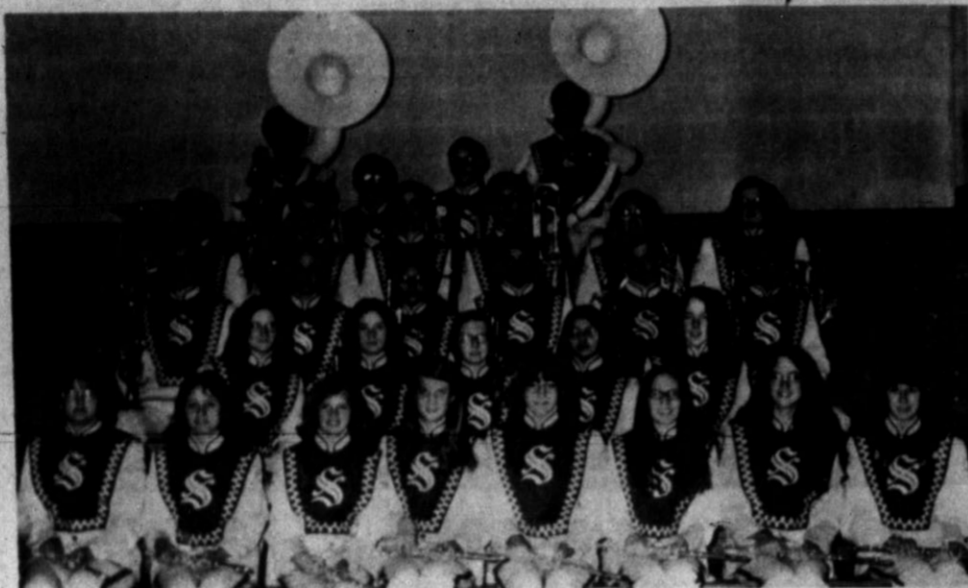

Also, Beverly Phillips, woodwind quintet, I; Shelley Scott, woodwind quintet I and II and oboe solo, II; Renee King, woodwind quintet, I and II; Kim Hill, woodwind quintet, I; Jane Hoffman, woodwind

quintet I and French horn quartet, II; Don Fortenberry, brass sextet, I and brass octet II; Billy Word, brass sextet, I and brass octet II; Bill Martin, brass sextet I and French horn quartet, II; Paul Grubbs, brass sextet, I and brass octet II; Dirk Vander Zee, brass sextet I and David York, brass sextet, I.

Also, Michael Pittard, drum ensemble, I; Bob Behrends,

drum ensemble, I; Alfonso Almanza, drum ensemble and trumpet quartet II; Johnny Gonzales, drum ensemble, I; Raul Villarreal, drum ensemble, I; Dan Railey, drum ensemble, I; Delores Abalos, brass clarinet solo, II; Suzanne Duvall, cornet solo, II; Jeanette Holman, woodwind quintet, II and oboe solo, II; Bryan Eades,

brass octet, II; Pablo Gaitan, brass octet, II; Marshall Formby, brass octet, II; Joel Valdez, brass octet, II; Barbara Poindexter, brass octet, II; Jo Lynn Williams, French horn quartet, II; Cheryl Arney, French horn quartet, II; Bryan Haile, trumpet quartet, II; Steve Aycock, trumpet quartet, II and Raymond Castillo, trumpet quartet, II.

STANTON HIGH RATERS—Members of Stanton Junior High band recently competed in solo and ensemble contests. Receiving superior or excellent ratings are front row, left to right, Vicki Gray, Renee Inman, Vicky Switzer, Debra Cronelius, Laurie Higgins, Jeannie Hair, Lyn Newman and Karen Appling. Second row, Sabra Hacker, Vanessa Noyes, Beverly Beene, Anna Griego and Rochelle Davis. Third row, Toby Turpen, Ricky Switzer, Sylvia Arriaga, Curtis Stoerner, Mike Turner and Bobby De La Garza. Fourth row, Stacy Hacker, David Kreig, Lyle Bonner, Chris King, Sandee Finley and Becky Noyes. Fifth row, Mark Strange and Jimmy Hammock and top row, James Mays and Tommy Varner. Not pictured are Jason Clark, James Noyes, Steve Fortenberry and Tonja Armstrong.

"EXCELLENT" LA PLATA BAND STUDENTS—Receiving number two ratings at the recent solo and ensemble competitions are La Plata Band students, bottom row, left to right, Delores Abalos, Suzanne Duvall, Susan Hamby, Shelly Scott, David Emerson, Renee King, Rosemary Zepeta and Jeanette Holman. Second row, Bryan Eades, Pablo Gaitan, Don Fortenberry, Billy Word, Paul Grubbs, Marshall Formby, Joel Valdez and Barbara Poindexter. Top row, Jo Lynn Williams, Jane Hoffman, Cheryl Arney, Bill Martin, Alfonso Almanza, Bryan Haile and Steve Aycock.

4-H's Tour Fire Station

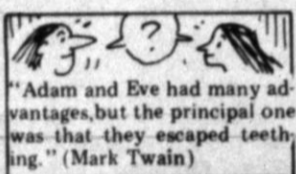

A tour of the Hereford Fire Station was the program for the recent meeting of the Summerfield 4-H Club.

Jay Spain, fire marshal, conducted the tour of the fire station explaining the procedures in answering a fire alarm and demonstrating the various fire fighting equipment.

After the tour, the group returned to the educational building of Summerfield Baptist Church where a brief business meeting was held. Irene Keating, Castro County Extension Agent, answered questions on the 4-H food and bake show, in which 21 Summerfield 4-H'ers are entered, to

be held Saturday in Dimmitt. Refreshments were served to 16 members and 11 guests by Renee Dobbs and Barbara Foster.

Wednesday evening, members entered in the Castro County food and bake show conducted a program for parents preparing foods from the four basic food groups.

"Adam and Eve had many advantages, but the principal one was that they escaped teeth." (Mark Twain)

LA PLATA "SUPERIOR" BAND STUDENTS—These 27 band students from La Plata Junior High received superior ratings in the recent solo and ensemble competitions held at WTSU. Front row, left to right are Cathy Walker, Susan Hamby, Carole Vogel, Emma Thompson Shannon Watson, Dee Ann Caison, Betty Banks and Rosemary Zepeta. Second row, Vivian Burgess, David Emerson, Beverly Phillips, Shelly Scott, Renee King, Kim Hill and Jane Hoffman. Third row, Don Fortenberry, Billy Word, Bill Martin, Paul Grubbs, Dirk Vander Zee and David York. Top row, Michael Pittard, Bob Behrends, Alfonso Almanza, Johnny Gonzales, Raul Villarreal and Dan Railey.

Social Security

Q. I applied for and was issued my social security number about 20 years ago. I have since lost my card and have married so my name has changed. What must I do to obtain another social security card.

A. You should complete a Form OAA-7003, "Request for Change in Social Security Records". Based upon this information, you will be issued a replacement social security card showing your married name. These forms may be obtained from any social security office and from most post offices.

Q. My first social security card was issued to me in another state. Due to marriage, I must change my name. Must I contact the original social security office to complete this?

A. No, any social security office will be able to assist you in completing the necessary application for name change and will issue you a replacement card.

Services Held For City Man's Mother

Funeral services for Mrs. Clyde Alexander, 78, of Plainview, mother of Dempsey Alexander of Hereford, were conducted Monday afternoon in College Heights Baptist Church.

WTSU Exes Meet Tonite

A local chapter of West Texas State University Ex-Students is to be organized tonight at Hereford Country Club, with a dinner meeting set for 7:30 p.m.

The meeting starts with coffee at 6:45 p.m., according to Melvin Jayroe, who urges all interested WTSU exes to contact him for dinner reservations. Wives and husbands are also invited to the dinner meeting.

Hank Brown, executive director of the WTSU Ex-Students Association, will be present for the meeting, along with several other university dignitaries.

With a large number of WTSU exes in the Hereford area, Jayroe said interested ex-students are anticipating a strong chapter here.

of Plainview and burial was in the Kress Cemetery.

Mrs. Alexander, who had lived in Plainview since 1960 and previously in Swisher County, was born at Cleburne. She married W.K. Alexander in 1912 at Park Springs; his death occurred in 1965.

In addition to the son here, she is survived by three daughters, Mrs. W.C. Clark of Kress, Mrs. R.J. Pool of Plainview and Lorene Neal of Hobbs, N.M.; another son, Vernon, of Plainview, two sisters, 13 grandchildren and 13 great-grandchildren.

Spring Schedule Crowded For Women's Division

A blood donor drive March 21 and assistance in supporting a high school track meet March 17 are projects of immediate interest to the Women's Division, Deaf Smith Chamber of Commerce, planned at the monthly executive board lunch Tuesday at the country club.

In addition, further plans were made for a really busy month in April, when the division will stage the annual Community Fine Arts Festival, spearhead the city-wide spring cleanup and conduct the Miss Hereford pageant.

Also, the quarterly membership meeting is scheduled April 3, with the fine arts committee in charge of the program. Mrs. Joel Newman, chairman, announced that Martin Schafner, a Taos artist, will be the speaker then.

First on the calendar is the track meet; the Women's Division has been asked to serve lunch at LaPlata cafeteria to members of Hereford High School track team and volunteer workers. The public affairs committee, headed by Mrs. W.E. Sparks, is directing this project.

Mrs. Sparks also reported that the subcommittee on tours is working on the idea of tours to museums at Texas Tech and West Texas State University this spring, plus a larger bus tour of interesting spots in Deaf Smith County.

The drive to secure donors for the blood bank at Amarillo which makes blood available for transfusions to patients of this area, is scheduled from 2 to 5 p.m. March 21. This county at present is short of its quota of donors.

Each member of the Women's Division is asked to give a pint of blood or enlist a donor. Blood bank representatives will be at Community Center March 21. Mrs. J.H. McCrary is chairman of the committee in charge, with Mmes. Danny Martin, Lynton Alred and Ken Rogers as other members.

Dates of the Fine Arts Festival this year will be April 14 and 15 and the place will be the Community Center, Mrs. Newman said. She named Mrs. Bruce T. Brown as art chairman, Mrs. Tom Burdett music chairman and Mrs. Jack Wilcox drama chairman for the event.

Schafner, after appearing as speaker at the division's general meeting, will conduct classes here April 10-13 and will exhibit some of his own work in the festival.

A class in portrait painting will be held from 9 a.m. to 3 p.m. daily and one on oil and landscape painting from 6 to 10 p.m., Mrs. Newman said.

All pageant committees are at work on the event of April 21 when Miss Hereford will be chosen to represent this city in the Miss Texas pageant, Mrs. Lynn Kester, director, reported. There are 24 entrants, and the theme chosen is from the title of a song, Let A Smile Be Your Umbrella On A Rainy, Rainy Day.

Ten new members have been enrolled, Mrs. Bobby Hardin reported, bringing active membership to a total of 105. Mrs. Rex Lee presided for the board session.

Also present were Mmes. Roy Faubion, Waldo Baxter and O.G. Nieman.

DIRECTOR REWARDED—Mrs. Carl Wimberley, right, general chairman of the junior music festival held Friday in First Baptist Church under sponsorship of federated music clubs, was presented a gift of appreciation from teachers whose pupils participated, at a luncheon honoring judges. Mrs. Ellis Coombes, left, made the presentation. Mrs. Wimberley is a member of Dawn Music Club, Mrs. Coombes of Music Study Club, the two federated clubs in this county.

PAGEANT ENTRANTS AT PARTY—Girls registered to compete for the titles of Miss Hereford and Miss Teenage Hereford in the annual pageant next month were entertained Saturday at a Coke party in Community Center, with their mothers as guests also. Mrs. Dwight McGee, second from left in top photo, told of her experiences as an entrant in the Miss Texas pageant a few years ago and of plans she is helping make for the Hereford event April 21. Mrs. Lynn Kester, general chairman from the sponsoring Chamber of Commerce Women's Division, also discussed plans and answered questions. With Mrs. McGee are, from left, Margaret Phipps, Mona Gale Gibson and Donna Sargent. More Miss Hereford hopefuls, center photo from left, are Tonya Jayroe, Sandy Caison and Jane Lyons; seated, Carla Crist and Susie Hickman. Entrants in the teenage division, lower photo are Joyce Brady, Sherry Faubion, Nancy McDonnell, Melissa Henry and Jeanne Carnahan. Others, to make a total of 12 in each division, were not at the party.

Parties Follow Fine Music Hour

One of the finest musical programs to be heard by a Hereford audience in several years was the concert Sunday afternoon by two soloists, John Carpenter and Michael Matesky, both faculty members of the music department at West Texas State University.

Matesky played cello solos, a sonata by Beethoven and a group of short pieces in varied mood by Couperin, accompanied by Nancy Van Hoose, a piano instructor at WTSU.

Carpenter's tenor solos were all sung in German and included opera arias by Mozart and Wagner and five songs from as many different composers. Katherine Moore played his piano accompaniment, assisted by her daughter Myra who turned music pages.

Sponsors of the concert in First Baptist Church were Music Study Club and Dawn Music Club, honoring the 75th anniversary of the National Federation of Music Clubs. Appearance of the artists was arranged by the Friends of Fine Arts at WTSU.

Mrs. Wesley Fisher, president of Music Study Club, welcomed guests who heard the program, and Mrs. Allen Casler, a board member of the Friends group, briefly explained its aim of presenting programs by campus talent in cities of the area.

After the concert the audience was invited to meet the soloists and accompanists at a reception in the church fellowship hall. Coffee and punch were served from opposite ends of a long table laid with a pink linen cloth banded in wide lace and centered with an arrangement of white carnations and stock with a ceramic violin.

Another social event which followed the concert was a dinner at Dickies Restaurant for members of the Dawn club and their husbands. Mrs. R.E. Curtisinger was in charge of entertainment, presenting Harold Manning and Lewis McCuistian in guitar and banjo selections.

Dinner was served to Messrs. and Mmes. Kleuskens, Ray Stewart, Clarence Betzen, Carl Wimberley, J.B. Caraway, Robert Strain, H.V. McCabe, Edgar Sowell, Alfred Smith and Jerry Stewart; Mmes. Walter Lemons and Curtisinger.

Band Stars In Concert Here

Big Band Cavalcade, with a musical group in the tradition of the fabulous 'forties, fronted by noted leaders Freddie Martin, Frankie Carle and Bob Crosby, and with Margaret Whiting as featured vocalist, will come to Hereford next season as the "hold" attraction of the Community Concert Association.

Announcement was made to members at the last concert of the 1972-73 season, played Monday evening by the Lee Evans Trio in the high school auditorium.

Hazen Woods, president of the association here, welcomed those present and announced the attraction already booked for next year, adding the reminder that memberships may be renewed now for the coming season.

The jazz piano trip, in which Evans is backed by John Lee, percussion and Barry Mintz, string bass, played Evans arrangements of pieces that ranged from Bach through Latin-American dances and musical comedy songs to the Beatles and other contemporary works including one of Evans' own.

Insistent applause was answered with two encores, a Gertrude prelude and a jazz-rhythmic version of a popular

depression-days song, Brother, Can You Spare a Dime? After the concert CCA board members invited hearers to meet the musicians at an in-

formal reception in front of the stage. Acting as hostess-ushers in the foyer were girls from the Wesley Singers of First United Methodist Church.

"I Shall Keep This Lent"

"LENT" means springtime. It is an old Latin word which means a forty day fasting period next before Easter. It begins with Ash Wednesday and continues till Easter, exclusive of Sundays.

It is a time for the conditioning of our soil . . . a time for our souls to become penitent. It simply means that it is spading up time, the season for planting seeds and for setting blooming trees.

In the realm of the spirit it is a call to get ready for the season of beauty and goodness.

Who amongst us is satisfied with what he is or what he has been? Then let us qualify for the Lenten Season. Let us clear away the rubbish of last year's crop, cut under the old stalks. May we learn from our Lord to give ourselves to good conditioning during Lent. The miracle of Lent is genuine repentance which leads to Newness of Life. A Sainly Keeper of Lent said it well when he spoke the words, "I shall keep this Lent, and hope to refresh my Soul." Amen

You In The Church
The Church In You
... form a combination for good. Every man, woman and child needs the influence of the Church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful member, a daily bible reader and attend services regularly.

OLD FAVORITE --- Chuck Wagon Chili with Beans combines chunks of beef, bacon, pimiento-stuffed olives, and onions in a chili-spiced tomato sauce for a new version of the old favorite.

New Versions Detailed For Chili

By SUSAN DELIGHT
Some like their chili con carne fiercely hot and some like it mild. Some use tomato sauce, others insist on whole tomatoes. Some use chili powder and others go all the way and use dried chiles.

The versions of this popular dish probably number in the thousands, with each cook fiercely loyal to his or her own version.

Two new versions of this popular dish combine basic chili ingredients with a few new and different ingredients. Chuck Wagon Chili with Beans is made with chunks of beef, bacon, pimiento-stuffed olives and onions in a chili-spiced tomato sauce. Chili Southwest combines hearty beef chunks, pinto beans, the Texas touch of cumin and tomato puree. Either version is just as good the second time around as at the first serving.

CHUCK WAGON CHILI WITH BEANS (Makes 6 servings)

- 1/2 pound sliced bacon, diced
- 2 pounds lean beef round, cut in 3/4-inch cubes
- 1 cup chopped onions
- 1 clove garlic, minced
- 2 cans (15 ounces each) tomato sauce
- 1 tablespoon cider vinegar
- 1 tablespoon brown sugar
- 2 or 3 tablespoons chili powder
- 1 cup small pimiento-stuffed olives
- Cooked kidney or pinto beans or rice

Fry bacon in large pot until crisp and brown; drain on paper toweling. Pour off all but

about 3 tablespoons bacon drippings from pot. Brown meat, about one-third at a time, in drippings; set aside. Fry onion and garlic in same pot, stirring occasionally.

Add browned beef cubes, tomato sauce, vinegar, sugar and chili powder to pot. Cover and simmer 2 1/2 hours or until meat is tender, stirring occasionally. Add bacon and olives to pot about 15 minutes before end of cooking period. Serve the chili with cooked beans or rice. Garnish with crescents of avocado, if desired.

CHILI SOUTHWEST (Makes 6 servings)

- 2 pounds top round steak
- 3 tablespoons oil
- 2 cups chopped onions
- 2 cups thin sliced green pepper
- 1 two-thirds cups (15-ounce can) tomato puree
- 1 cup beef broth
- 1 1/2 teaspoons salt
- 1/2 teaspoon pepper
- 1 1/2-2 tablespoons chili powder
- 2 teaspoons cumin seed
- 3/4 teaspoon garlic powder
- 3 1/2 cups (two 15-ounce

cans) drained pinto beans (Note)

Trim fat from meat. Lay meat on board. With rim of saucer, pound meat to tenderize. Cut meat into 1/2-inch cubes. Heat oil in heavy pan; saute onions and green pepper five minutes. Add meat and brown; stir often. Add remaining ingredients. Cover and cook over low heat 1 to 1 1/2 hours; stir occasionally. Thicken, if desired.

(Note) Kidney beans may be used instead of pinto beans.

Fight To Halt VD Urged

By MARION WELLS

We can no longer say that "only those people" get venereal disease. Conservative estimates indicate that it could be striking up to one million more of us every year.

It heads the list of communicable health problems in our leading metropolitan areas. It costs us tens of millions in annual tax dollars. We have effective treatments for venereal disease, but it will take all of us working together to halt its spread.

Treated early enough, both syphilis and gonorrhea, the two most prevalent venereal diseases, can usually be completely cured. Left alone, the microbes which cause them continue their insidious invasion of the body.

With syphilis, tissue damage may leave you paralyzed, blind, insane, deaf or a cardiac. Gonorrhea can cause sterility and the most prevalent form of infectious arthritis.

Venereal disease is transmitted primarily through sexual contact, although syphilis can be passed from mouth to mouth.

We're living in a world where the population is rising and sexual contacts between people are increasing even faster. Birth control pills have relaxed restraints and cut down the use of the most common prophylactic methods.

One specialist even claims that the biochemical action of "the pill" actually increases susceptibility to gonorrhea by providing the invading mi-

crobe with a more favorable environment.

It's up to us to do better at detecting venereal disease. Be suspicious of these initial and secondary signs of syphilis, which may occur anywhere from 10 days to six months after exposure: a painless reddish sore in the mouth or in or near the sexual area, followed later by such symptoms as rash, sores in the mouth, sore throat, falling hair, fever, headache or swollen lymph glands.

While a mother's undetected syphilis may cause her child to be stillborn or die in infancy, the disease may also go undetected until the youngster develops symptoms from tissue damage later in childhood. Only trachoma blinds more babies than gonorrhea.

If you suspect you have venereal disease, have it checked. Even if no symptoms develop, see a physician if you think you've come in contact with it. An estimated 600,000 women in the United States have gonorrhea and don't realize it.

Concealing the names of "contacts" may mean serious damage to their health and further spread of the disease.

treated before the 18th week of pregnancy, the developing infant probably won't get it. Even later treatment may cure the baby, although damaged tissue can't be replaced.

Better detection of venereal disease means cutting the even more tragic and senseless toll among infants. If syphilis is detected and

Gift Income Is Taxable

By E. J. DEMSON, J.D.

An annual gift of \$3,000 in securities, money or anything of that value to a beneficiary is free of a federal gift tax to the donor and income tax to the donee. But after the transfer of the gift to the donee, the interest and dividends, the income from the gift is not income-tax free to the donee.

Q. I am 80, and my wife 78, and our home-town lawyer advised, that to save estate taxes, we plan these last few years to give each year a \$3,000 gift-tax free security to each of our three children. We'll give them bonds and blue-chip stocks. At my age I may be forgiven, but I forgot to ask our lawyer whether the kids will be required to pay income tax on their gifts. All that I can get out of the local tax office is: "That depends." What does the law say?

A. If you have received nothing of value or money or money's worth for the gifts, the law excludes the annual gift of \$3,000 from the donee's income tax (IRS Code Sec. 102 - a).

But be sure to advise your children, the law says, the dividends and interest each receives from the gift is income taxable (CCH Sec. 505).

Q. My wife and I have been separated for 13 years. In the last 10 years I have neither seen nor heard from her. The last time I saw her she said she put in for a divorce. I don't know whether she got one or not. I don't know her whereabouts. Am I free to marry again, or do I have to get a divorce?

A. If you were to marry without a divorce, the law gives your wife, if she's not married, an opening to question the legal propriety of your action. Upon your death, if single, a share of your estate may be another one of her questions. See your lawyer; I daresay he would advise a legal dissolution of your marriage for your own peace of mind.

The grounds for divorce in your case is desertion for one year (A.R.S. 25-312-3 Az.).

Den Mother's Session Set

A den mother's training session, sponsored by Boy Scouts of America, will be held at 9:30 a.m. Monday at the Community Center.

The session will include instructions on the running of a pack, advancement of boys and crafts. All den mothers now active in packs, or interested mothers of cub scouts are invited to attend. Mothers are invited to bring any crafts made by scouts.

Volleyballers Win District Match

The Hereford volleyballers won their first district match Monday when they swept two games from the host Borger team.

Hereford won the game with scores of 15-8 and 15-11. The wins moved their record to 1-4 for the district and 3-9 for the season.

The junior varsity squad dropped two matches to the Borger team by identical scores of 15-7.

Hereford now plays host to the Palo Duro team here tonight.

After all is said and done, money is really the only jack of all trades.

Cindermen Cruise To Second Straight Title

Displaying great team depth, the Hereford Whiteface track team won its second straight meet Saturday at Pampa, upsetting the favored host team in the annual Top of Texas Relays.

The Whitefaces had only two first-places, but racked up plenty of seconds and thirds in compiling 147 team points to 118 for runner-up Pampa. Next came Tascosa with 81, Borger 66, Plainview 31, Dumas 30, and Perryton 25.

Hereford's Joe Coleman was one of the few record-breakers at the meet, setting a new high-jump mark of 6-3 in winning that event. Big surprises for Coach Don Cumpton, however, were the Whitefaces' points in

the sprints. The Whitefaces picked up 18 points in the sprints, with Johnny Adams finishing third in the 100 and Barry McNutt fifth, and McNutt taking third in the 200 and Terry Champ fourth.

By cutting into Pampa's points in these events and piling up points in the hurdles, long jump, and relays, the Whitefaces had the championship by a good margin over Pampa.

Besides Coleman's record-breaking high jump, the only other first for Hereford was in the mile relay. The race provided a thrilling finish to the meet, with Hereford holding a step or two lead as the baton was passed on each lap.

James Harris, who captured

seconds in the 330 hurdles and the long jump and ran a leg on the mile relay, was high-point man for Hereford with 21 points. He was followed by Steve Nieman with 15, Luther Mays and Champ with 13, McNutt 12, Adams and Coleman 10 each.

Ten others scored points in the well-balanced team effort. Other second-place finishes came from Mays in the 880, Wesley High in the 330 hurdles, Jim Henson in the mile run, and the 440-relay team composed of Adams, Nieman, McNutt and Ca'mp.

Third-place medals went to Nieman in the 440, Charles High in the 120 hurdles, Adams in the 100, Randy Alexander in the 330 hurdles, McNutt in the 220,

Danny Harris in the long jump, and David Varner in the shot put. Finishing fourth were Joe Sheffy in the 880, Jim Marsh in the discus, and Champ in the 220.

Fifth place went to McNutt in the 100, and Charles High in the 330 hurdles, while sixth places were recorded by James Higgins in the 880, Alvin Ellerd in the 440, and Randy Alexander in the long jump.

Both Whiteface relay teams had slower times than the previous week. The sprint relay had a 44.6 seconds timing after two bad handoffs. The mile relay time was 3:32.5, which did not disappoint Cumpton in the strong wind. Lap times were Champ 52.1, Nieman 52.3, Mays 53.2, Harris 54.9.

The track team goes to the big Possum Kingdom Relays at Graham next Saturday, a new meet on the schedule. Competition is expected to be stiff with teams from the Fort Worth-Dallas area entered.

Point totals for the team's two meets were listed by Cumpton this week, with 17 cindermen on the list. The scoring: Nieman 34, J. Harris 26, Champ 22, Coleman 18, Mays 18, D. Harris 16, Adams 16, Henson 16, Varner 16, Alexander 14, W. High 14, C. High 13, McNutt 12, Marsh 6, Sheffy 4, Higgins 3, Ellerd 1.

The Hereford junior varsity track team finished third in the team-totals at Pampa, as the host team won with 161 points. Tascosa edged Hereford, 95½ to 94, for second place, and Perryton was a close fourth with 91 points.

Claiming firsts in the JV division were Bobby Fields in the mile run and Mike Munnerlyn in the 330-yard hurdles. Fields put on a strong kick to win the mile in a close race. Second places went to the 440 relay team, Jay Williams in the 440, Darrell Hutton in the 220, and Ronny Ohlig in the long jump. Willie Glass was third in the 880, while fourths went to Hutton in the 100, Ohlig in the 330 hurdles, James Walts in the 220, David Crume in the shot put, and the mile relay team.

Belle Starr inspired men to be bandits

Belle Starr, a liquid-eyed black-haired siren of the Wild West, seemed to infect men with banditry. She bore two illegitimate children, was arrested for arson, horse stealing and bootlegging, and was killed one wintry day over 80 years ago by a shotgun blast in the back, reportedly by her own son.

Former Resident Dies At Age 101

Mrs. Charles Hood has returned from Wichita Falls and other North Texas cities after attending funeral services last week for her mother, Mrs. Minnie E. Williams, former Hereford resident who died in a Wichita Falls nursing home at the age of 101.

Mrs. Williams made her home with Mrs. Hood here for 12 years before she went to Wichita Falls in the fall of 1970. The funeral was held in the Vashti Baptist Church near Bowie and burial was in the cemetery there.

community more than half a century, and were charter members of the church which was established in 1890.

She was a native of Kentucky, who came to Texas as a child. The daughter here is the only one of her children still living.

Mrs. Williams and her late husband, Charles M. Williams, farmed in the Vashti com-

"Inflation is that period when a man can lose his shirt not only in the stock market but also in the supermarket." (Changing Times)

WORLD CHAMP—State Rep. Bill Clayton, right, shakes hands with world heavyweight boxing champion George Foreman when the champ was honored by the House and Senate in a joint session last week.

Letter To The Editor

Dear Editor,
I would like to submit this for the people of this area to consider. It was taken from "Reader's Digest" and I thought it appropriate here.

NEW LITTLE RED SCHOOLHOUSE

Once upon a time, there was a little red schoolhouse with one big room for 27 children. The teacher sat with an American flag on one side of her and a blackboard on the other. The children sat in rows facing her, the smallest ones in front. The youngest was seven, and she was very little. The biggest was 16, and he was six feet tall. The youngest was smart, and she could read with the older children. The biggest was dumb, but he was strong and could help the teacher carry in wood. In bad weather, he carried the smallest girl across the puddle in front of the schoolhouse. And sometimes she helped him with his reading.

Then one day the state built a big highway, right past the schoolhouse door. And the State Education Department came by and said, "Great things are happening in education. There are special teachers for arithmetic, reading, art and music. If you combined with other schoolhouses, you could have a great big school where your children could have all the advantages. And big yellow buses could carry your children over the new highway right up to the school door." So the parents voted to consolidate and the little red schoolhouse was abandoned.

At first things went well in the big school. But after a while, the State Education Department said that it wasn't providing the children with enough meaningful experiences. And some parents complained that the children were not learning to read and

write and figure as well as they has in the little red schoolhouse. "We will try some new things," said the educators. So they tried the ungraded primary, where fast readers were not slowed down by slow readers, and where children who had trouble with numbers did not get moved on the next grade before they could add 3 and 5. This helped, but not enough.

"We will try something more," the educators said. "We will tear down some walls in the new school, so the children will be working together in one big room. That way, there will be less peer-group competition." Finally, an important educator came along, looked at the school and said, "This is good, but it is not good enough. It is too big, and the children are losing their identity. There are not enough interpersonal relationships in the infrastructure. What we really need is a one-room schoolhouse. And since red is a cheerful color, I think we will paint it red."

At The Library

DuMaurier's New Book On Shelves

The Deaf Smith County Library is featuring a new Du Maurier novel this week, Rule Britannia. It tells in quasi-prophetic style of England dropping out of the European Common Market and forming an alliance with the United States.

The library is open to the public on weekdays until 5 p.m. and on Saturdays until noon.
RULE BRITANNIA
By Daphne du Maurier
Dame Daphne du Maurier

once again displays her dazzling virtuosity as a storyteller. Set in the not-too-distant future, this is a disturbing and dramatic novel, thought provoking, perhaps prophetic, and at times—wildly funny.

When England drops out of the European Common Market and forms an alliance, called the USUK, with the United States, American Marines are

landed in Cornwall to "protect" the English from invasion by a foreign power.

But, there is nothing to protect the Marines from Madam, an ancient retired actress, her brood of adopted boys, and the Cornish locals she urges to civil disobedience.

The two sides—"them and us"—square off. At a Guy Fawkes Day celebration Madam opens the hostilities with a fireworks display which succinctly expresses her sentiments.

severe restrictions on the district.

When Madam retaliates with Operation Dung-cart, which resembles nothing so much as a fly buzzing in the ear of an elephant—until the elephant goes berserk.

In Rule Britannia Dame Daphne du Maurier has taken an intriguing premise, created a cast of beguiling characters and, as a minor conflict evolves into a major tragedy, added her own distinctive aura of suspense.

Later one of the Americans is

Marijuana Laws In Committees

Marijuana legislation, and two relating bills, brought approximately 300 persons out to testify before committees of the House of Representatives last week.

One of the two bills would legalize marijuana, and the other would lower the felony penalty for possession to a misdemeanor.

Concerning the bills, Rep. Bill Clayton stated that he opposed legalizing marijuana but felt like it would make the law more enforceable if the first possession penalty was reduced to a misdemeanor.

"If it is coupled with a misdemeanor offense for simple possession, I feel there is a real need to make punishment more harsh for anyone caught pushing the drug," Clayton said.

Clayton also indicated he felt a mandatory life prison sentence should be imposed on anyone convicted of pushing marijuana.

Legislators paused from a busy week of legislative matters for the appearance of World Heavyweight Boxing Champion George Foreman last

week. Foreman, from Houston was praised for his patriotism and his ability to rise from a lowly background by hard work, determination and faith in God. He spoke briefly to a joint session of the House and Senate, and shook hands with Clayton and other well-wishers after the ceremony.

"There isn't much to be seen in a little town, but what you hear makes up for it." (Kin Hubbard)

A good babysitter needs a lot more than a way with kids

Of course a babysitter should like children. And like taking care of them. But the job also involves some pretty big responsibilities.

Caring for little ones means being able to handle just about any emergency. Because emergencies often require the use of the

telephone, a handy list of important numbers can do wonders for your sitter's confidence.

So write down the phone numbers for fire, police, medical assistance and the places you'll be while out. Keep the list right next to the phone, and remember to call home if your plans change.

Interested in getting more for your telephone dollar? We'll send 30 tips to help you save time and money. No charge. We'll also include an Emergency Numbers List.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin

TEXAS PRESS ASSOCIATION

AUSTIN, TEX.—"Future financing of public schools in Texas is the most talked about, but least understood, problem in the state today," Sen. Pete Snelson told the West Texas Press Association at their winter meeting in Midland.

"The courts have said that the wealth of a school district cannot be the criteria for future financing," he explained. "And all future school financing in the state is affected by the court suit on the Edgewood district of San Antonio. Public school financing has been challenged in the courts in 30 states."

He compared Edgewood with Odessa's school district. Odessa has 24,984 pupils, 1,119 teachers with a starting salary \$7,445. Edgewood has 22,134 students, 805 teachers with a starting salary of \$6,000. This is not the "equality" promised under the 14th Amendment, the courts have ruled—and the U.S. Supreme Court is looking at the appeals on this and other state cases.

The U.S. Supreme Court decision will write the next public school financing formulas in Texas, Snelson added, which might force a special session of the Texas Legislature—after this 63rd regular session has adjourned.

He speculated on the future of school districts—pointing out that ideas have ranged from a "statewide school district" to more "consolidations of school districts"—unitizing all districts in counties and statewide "property assessment at true market value."

Snelson, vice-chairman of the Senate Education Committee, quoted an El Paso newspaper clipping which said: "We are watching the demise of public education in Texas."

"The wealth of Texas as a whole will determine our future laws on public education," Snelson concluded—and asked these questions: "What will be the effect on the state tax structure? What will it do to consolidation of 1,100 school districts?" and "Will there be room for local enrichment programs?"

CONSTITUTIONAL PANEL PICKED—Legislators have until the end of the week to lodge their objections to the 37-member Texas Constitutional Revision Commission selected by the state's top six officials.

In order to reject the slate, a majority of both houses would have to signify their objections with the Secretary of State. Apparently, a relatively small number of objections will be lodged, although complaints on equality of the representation on the Commission were lodged by blacks, Republicans, women, youth and a West Texan. Mexican-Americans were also among signers of the objection petition.

Former State Supreme Court Chief Justice Robert W. Calvert was named chairman of the Commission which must report its recommendations to the Legislature by November. Mrs. Malcolm Milburn of Austin, former Republican state vice chairman, is Commission vice chairman. The Legislature will sit as a constitutional convention next year, using the Commission's work as its starting point.

The Commission includes four Republicans, four women, three blacks and three Mexican-Americans. Neither group was satisfied with its numerical representation, although individuals named by the selection committee generally drew commendation.

Calvert is expected to call the group together soon after the Legislature's "veto period" expires. Members were warned they may as well be prepared to

block off at least half their time for the next year to the revision task.

NEWSMEN'S PRIVILEGE BILL—Hearings on the "free flow of information" bill, commonly called the newsmen's privilege, was changed to March 6 at 2 p.m. in the Lieutenant Governor's committee room.

SALES TAX RECOMMENDATIONS—Tens of millions of dollars in sales tax collections are not finding their way into the state treasury, a Senate committee reported last week.

Former Sen. Joe Christie said the final report of the interim committee to study the sales tax reveals "glaring deficiencies in the way sales taxes now are collected."

Christie said the report is not meant as an attack on the office of the comptroller, the state's chief tax collector, but as an effort to suggest better and more efficient ways to get maximum yield out of the lucrative and sensitive sales tax.

In the committee's opinion, the state lost a least \$18.2 million in 1971 due to faulty administration of the levy. Committee members offered these recommendations:

Employment of more auditors to monitor payments by business firms to the state.

Authority for cities to pursue in the courts collection of sales taxes once they are declared delinquent by the comptroller.

Requirement that business firms post bond to insure payment of their sales taxes.

Sen. O.H. (Ike) Harris and Oscar Mauzy, both of Dallas, served on the committee and will co-sponsor legislation to carry out the report's recommendations in the Senate.

The report charged Comptroller Robert S. Calvert has

"pursued a policy which encourages sales tax delinquency" and has refused to demand adequate assurance of payment from new and consistently-delinquent taxpayers. The proposed bonding requirement passed the House last week but failed to clear the Senate.

AG OPINIONS—Atty. Gen. John Hill held two bills to reinstate the death penalty for murder would be unconstitutional if enacted.

In other recent opinions, Hill concluded:

Financial requirements of a proposed state officials' code of ethics are constitutional, although there are some "problem areas" with the bill.

The Legislature's extending the Governor's Committee on Human Relations beyond February 1 is valid, even though a bill to bring about the extension was not passed until after that date.

Amendments to the budgets of counties under 225,000 population can be made at any time prior to and during the affected tax year.

APPOINTMENTS—Gov. Dolph Briscoe appointed Brig. Gen. James M. Rose of Austin special assistant to the governor for military affairs.

Other recent appointments made by the governor include:

Dee J. Kelly (reappointment) to the Texas Turnpike Authority board of directors; E.R. Friedman of Dallas and Hugh Sticksel Jr. of Amarillo to the state board of optometry; Jerry Puckett of Fort Stockton to the Texas Civil Air Patrol Commission; and Walter G. Tibbitts of Dallas to the governor's division of planning coordination.

Joe G. Moore, a native of Clarksville, has been named director of the office of research at the University of Texas Lyndon B. Johnson School of Public Affairs.

COURTS SPEAK—The State

Supreme Court upheld lower court rulings that former Crystal City School Superintendent John Briggs was due a \$21,000 contract settlement due to removal from duties in 1970. The High Court also said a Houston hotel is responsible for loss of a purse a customer left in the restaurant.

A San Antonio grocery store owner who sold a magazine that may have been "unpleasant, uncouth and tawdry" should not be fined for violating pornography laws, the Court of Criminal Appeals said.

The Court of Criminal Appeals further held a defendant's testimony in court cannot be discredited by a conversation heard in a police station, since this would tend to circumvent the Texas prohibition against using oral confessions as evidence.

WELFARE BUDGET QUESTIONED—Lt. Gov. Bill Hobby asked additional data from the Welfare Department to justify its case for major budget increases.

Hobby complained the department is asking for 2,851 new staff positions at a time when the federal government will take over cost of public assistance payments to some 275,000 aged, blind and disabled.

While more Texans may qualify for state Medicaid coverage under the new federal provisions, Hobby said, he is not convinced the number of recipients of the medical care will be doubled as estimated by the Welfare Department.

Texas Research League, meanwhile, accepted Governor Briscoe's request to make analysis of the impact of new Social Security amendments on state finances and welfare programs.

SENATE REFORM ACTION PLEDGED—The Senate will pass "meaningful legislation" on the topic of ethical conduct in government, Lt. Gov. Hobby told the House Rules Committee last week.

Open meetings legislation passed by the House will be on the Senate calendar soon, Hobby said, along with a House bill to limit tax and spending conference committees to adjustments in bills.

A lobby control measure will be hard by Senate Jurisprudence Committee March 13. Hobby stuck by his guns: that he wants advice of 150 citizens at an "ethics con-

Economic Stabilization

Questions and Answers

Q. Under Phase III, are price increases completely without limitations?

A. As a general guide, increases of prices above presently authorized levels should not exceed increases of costs. Even where costs have increased, prices should not be increased if the firm's base-period profit margin or, alternatively, if the firm's average price increases would

exceed 1.5 per cent in a year. The definition and measurement of costs, prices, profits, etc. can be found in the regulations already established by the Price Commission.

Except for certain segments of the economy, this system of price controls is largely self-executing.

Q. Are mandatory controls in effect for any particular segments of the economy?

A. Yes. Mandatory wage and price controls are still in effect for firms involved in food processing and food retailing, the health services industry, and the construction industry.

The voluntary program previously in effect regarding interests and dividends will also be continued. There are also special rules applicable to public utility rate increases.

Q. How are food processors and food retailers controlled under the Phase III Economic Stabilization Program?

A. Food processors will be required mandatorily to comply with Phase II regulations, somewhat modified, including prenotification and approval of cost-justified price increases. Food retailers will be held to present margin markups. Minor administrative modifications will be made. Pay units in the food processing and retailing industries will continue to be covered by Phase II regulations.

Q. Are doctors, dentists,

hospitals and other health providers still subject to mandatory controls?

A. Yes. The Phase II controls applicable to the health services industry will continue with minor modifications.

Q. Has the Construction Industry Stabilization Committee been abolished?

A. No. The Construction Industry Stabilization Committee will continue its work with the twin goals of improving the bargaining structure in the industry and achieving ad-

ditional progress in bringing the rate of wage growth in this sector into line with the general wage growth in the economy.

Q. Are there restraints on interest and dividend rates?

A. The Phase II voluntary program will be continued under the direction of the Committee on Interest and Dividends.

Q. How will the Cost of Living Council and the Internal Revenue Service monitor price and pay increases?

A. This will be done by reviewing reports received from firms and employee units, spot checks and audits of firm records and analysis of government and trade data, such as the wholesale and consumer price indexes.

How And Why Of Cost Index

By Argo Kruger

Home Demonstration Agent

MEASURING PRICE changes on goods and services—in national and regional averages—is the name of the game with some people today. At least it is for professionals preparing the national consumer price index—the cost of living index, published by the Bureau of Labor Statistics, Department of Labor. Here's the how's and why's of the index.

It measures price changes of about 400 items and services from month to month—including food, clothing and upkeep, housing, utilities, furnishings, transportation, health and recreation.

Prices are collected from about 10,000 establishments—grocery and department stores, hospitals, filling stations and other type stores. Costs are compared with the previous month's prices to determine changes. Among changes are some prices recorded as less expensive.

ONE EXAMPLE involves items of improved quality with no price change—these are recorded as less expensive. An explanation: When the cost of living index last December was 127.3, it meant that the same goods costing \$10 in 1967 now cost \$12.73—1967 is considered the base price index.

From the index, families can get a comparison of changes in dollar purchasing power. It affects union workers' pay which is tied to the index, and it will affect social security benefits which must be tied to it within five years according to a social security provision.

However, several problems exist within the index framework. It doesn't include expenditure for individual income taxes and social security taxes—which aren't retail prices.

Also, it applies only to the broad group of city wage earners and clerical workers—not to an individual family's living costs, and it doesn't include farm families.

Furthermore, to make a comparison, goods and services recorded must remain fairly constant—family buying patterns do not.

IT'S TIME TO STOP THE "arm-chair gardening" and get plants made for vegetable gardening, annual beds, rose selection and fruit tree selection. There are excellent fact sheets in the office on roses. They are: Variety of Roses, How to Plant Roses and Summer Care of Roses. Call 364-4670 and we'll send these three to you.

Also, Planning Your Vegetable Garden. This gives location, arrangement, fertilizing, mulching, watering and the best of all varieties showing the seed or plants per 100 feet, depth of seed, distance of plants and of rows, height to plant, days for maturity and much more. This is for distribution.

Another bit of helpful information is Varieties of Fruit Trees. We have copies of this if you are planning an orchard. A short description, with maturity date, and a bit about use. This is mimeographed and is available. It is in the process of being made into a fact sheet but until then the mimeographed sheet will be very usable.

THE ALL-AMERICAN Selections as usual came up with some outstanding new releases for 1973. This selection is a nationwide seed testing system.

Zinnias and marigolds now top all other garden flowers as the most popular among home gardeners in America. The Peter Pan Scarlet zinnia, a great new color in this unique class of large-flowered dwarf zinnias, and Happy Face Marigold, a prolific deep golden yellow "hedge" type marigold. We're told both are easy to grow from seed. Plants for

earliest blooms can be started indoors and transplanted to the garden after danger of frost, or they can be direct-sown into garden where you want them to bloom.

The All-American gladiolus selections for 1973: Big Daddy (creamy peach), Mexicali Rose (medium rose with a silver edge), Bright Side (miniature bright yellow surrounded with orange-red).

HERE ARE THE REQUESTS we've had for recipes for desserts. They're yummy-good.

SOUR CREAM POUND CAKE

1/2 lb. butter
3 C. granulated sugar

1 c. sour cream
5-6 eggs, separated
3 c. all purpose flour
1/4 t. baking soda
1/4 t. salt
1 t. vanilla
1 t. lemon extract (opt.)
1/4 t. almond extract (opt.)
Cream butter and sugar thoroughly. Add egg yolks one at a time, beating well after each addition. Add sour cream and flavorings; mix well. Add 1 c. flour.
Beat egg whites until they hold peaks; fold into sour cream mixture. Add remaining dry ingredients. Pour into a greased and floured tube pan and bake 1 to 1 1/2 hours in a preheated electric oven (300 degrees).

SOUR CREAM BANANA CAKE
2 c. flour
1 t. baking powder
1 t. soda
1/4 t. salt
1/4 c. butter
1 one-third c. sugar
2 eggs
1 t. vanilla
1 c. dairy sour cream
1 c. mashed ripe bananas

(2 medium)
1/2 c. chopped nuts
Sift together flour, baking powder, soda and salt. In mixing bowl cream butter; gradually add sugar and beat until light and fluffy. Beat in eggs one at a time; add vanilla. Add dry ingredients alternately with sour cream, beginning and ending with dry ingredients.
Add bananas and nuts, mixing just until blended. Pour into a greased 13 x 9 x 2 inch baking pan. Bake at 350 degrees for 40 to 45 minutes or until done. Top with this frosting:

FROSTING
2 c. heavy cream, whipped
Powdered sugar
Yellow food coloring
1 can (7 oz.) flaked coconut
Sweeten whipped cream with powdered sugar; tint a pale yellow color; frost cake.
Sprinkle coconut over whipped cream. Chill before serving. If you prefer a firmer frosting use your favorite.

SOUR CREAM RAISIN PIE
1 c. sugar
3 T. flour

1/4 t. salt
3 eggs, separated
1 c. sour cream
1 c. cooked raisins
1 c. nuts, optional
1 t. vanilla
6 T. sugar
1 9" baked pie shell
Combine the sugar, flour and salt. Beat the egg yolks and combine with the sour cream; add to the first mixture and cook over low heat until thick. Add the raisins, nuts and vanilla.
Cool and pour into pie shell. Top with meringue made of the beaten egg whites and the 6 T. sugar. Bake in a 325 degree oven until delicately browned. This is very good with no meringue.

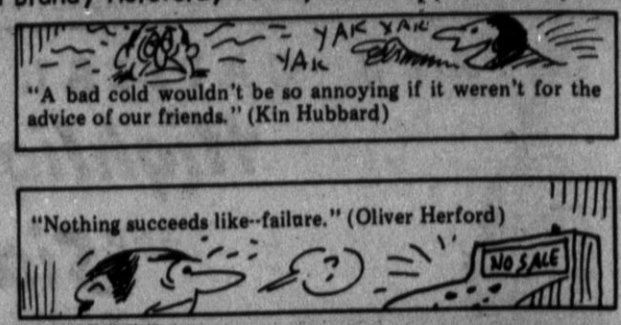

If you like lemon, here is a good recipe:

LEMON SQUARES
1/2 c. margarine, softened
1 c. sifted flour
1/4 c. powdered sugar
Cream together margarine, flour and powdered sugar. Press mixture in the bottom of an 8" square pan. It is not necessary to grease the pan. Bake 10 minutes at 350 degrees.

In the same bowl, make this filling:
2 eggs, well beaten
1 c. sugar
1/4 t. salt
3 T. fresh lemon juice
1/4 t. baking powder
2 T. flour
Combine beaten eggs, sugar, salt and lemon juice. Combine baking powder and flour; add to egg mixture. Spread this over the baked mixture. Bake 20 minutes in 350 degree oven and while hot, spread with icing. Make icing in the same bowl.

ICING
1 c. powdered sugar
2 T. margarine, melted
3 T. lemon juice
Combine icing until smooth. Spread over the hot baked mixture. Cut into squares. Remove from pan. Cool on rack and serve.

One ship said east and one sails west,
From the self-same wind that blows.
It's not the gale, it's the set of the sail
That determines which way we go.

"A bad cold wouldn't be so annoying if it weren't for the advice of our friends." (Kin Hubbard)

"Nothing succeeds like failure." (Oliver Herford)

Farmcast
A Weekly Report of Agri-Business News
Compiled From Sources Of The Texas Department of Agriculture John C. White, Commissioner

The 1973 Texas spring planting season is off to a slow start. Cotton planting in the Lower Rio Grande Valley has been delayed at least a month due to cold, wet weather. Texas Department of Agriculture officials report less than five per cent of the Valley's cotton has been planted thus far, and probably most of that will have to be replanted. Normally, about two-thirds of the crop would be in the ground in the Valley by now. Meanwhile, on the High Plains-550 miles to the north-harvest of the 1972 cotton crop is now virtually complete. Rains and cold weather delayed harvest in that area for several weeks. Wet conditions over the state are also causing some headaches for livestock producers, who normally

welcome rains. Too much rain is keeping fields too muddy for grazing in many areas of the state. Supplemental feeding is continuing with some shortages of hay and cottonseed products reported.

Six counties in Texas have lost their "modified-certified brucellosis" status because of non-compliance with certain minimum requirements of the cooperative state-federal brucellosis eradication program. The counties in Texas are Denton, Freestone, Harrison, Kaufman, Navarro and Wood. Counties initially receive the "modified-certified brucellosis area" status when the areas are in compliance with all requirements of the eradication program. According to officials, the counties did not meet one or more of the following requirements: Retest infected herds for brucellosis within six months; animal is found through the market cattle testing program; Test or quarantine the herd of origin when an infested animal is found through the market cattle testing program; Test a dairy herd within 30 days after a suspicious brucellosis milk ring test has been reported. Necessary corrective steps are being taken so that the counties may again receive their modified-certified brucellosis area status.

If you're concerned about getting the most for your food dollar-and who isn't-you should be utilizing some information from the Texas Department of Agriculture about beef. TDA has available some tips on how to get the most from your beef dollar. These include a beef chart showing the cuts of beef and cooking instructions for the various cuts and a pamphlet

Warning for takers of nitroglycerin Patients who are taking nitroglycerin tablets should NEVER transfer the tablets to another container, leave the cap off the bottle for any length of time, and always should keep the cap on tightly. Many people experience a tingling sensation under the tongue when taking nitroglycerin, and if the medication does not continue to produce this sensation, it may have lost its potency and it may be wise to replace it.

Capitol architect to be honored Beginning in 1975, Yale University Press will publish the papers of Benjamin Henry Latrobe, father of American professional architecture and the architect of the Capitol during the tenure of Presidents Jefferson and Madison. The project will be funded by the Maryland Historical Society, the National Endowment for the Humanities and the American Philosophical Society.

titled "Stretching Your Beef Dollar." Both are available by writing the Texas Department of Agriculture, Box 12847, Austin, Texas 78711. International cooperation is providing Texas agricultural producers with better varieties of grain sorghum and forage sorghums. About 200 acres of grain sorghums are being grown to determine purity tests in Guatemala and Mexico. This program is being carried on through the seed division of the Texas Department of Agriculture under direction of Bill Staffel. Texas is the largest producer of hybrid sorghum in the world.

Patients who are taking nitroglycerin tablets should NEVER transfer the tablets to another container, leave the cap off the bottle for any length of time, and always should keep the cap on tightly. Many people experience a tingling sensation under the tongue when taking nitroglycerin, and if the medication does not continue to produce this sensation, it may have lost its potency and it may be wise to replace it.
