FIVE INCREASES APPROVED

United Fund Goal Will Be \$28,000

Goal for the 1963 Deaf Smith County United Fund campaign was set at \$28,000 Thursday afternoon.

Decision came as members of the UF budget committee heard and approved requests from eight participating agencies. Five of the eight were approved for increased allocations.

UF president Neil Cooper reminded each agency that the United Fund is a local organization and that it will expect full assistance when the fund drive is held. "After all, we are the United Fund," he said. "And it will be up to all of us to cooperate with the campaign chairman and to furnish him all the help he needs."

Actual total of approved allocations is \$26,032.29, with the

remainder of the \$28,000 goal earmarked for campaign expense and contingencies. For the 1962 campaign, the drive actually fell slightly short and agencies were granted some less than they had been promised. Actual total of planned allocations for the current (Continued on page 9)

Sugar Beet Plant Road Approved

Allocation of \$105,000 for construction of a road servicing the Holly Sugar refinery west of Hereford has been approved.

A total of 3.8 miles of road will be involved, according to Charles W. Smith, Amarillo District engineer. The project is part of the 1963 Farm-To-Market program authorized at the June meeting of the Texas Highway Commission.

The road will be built for 2.8 miles west from U. S. Highway 60 at the west city limits, then north one mile to connect with FM Road 1058 (Harrison Highway).

Work will be under the supervision of W. V. York of Canyon, senior resident engineer. No date has been announced for bidding on the project.

JC's Seek Girls To Enter Harvest Festival Contest

Hereford Junior Chamber of Commerce is seeking contestants for the Harvest Festival Queen contest to be held here July 18, according to Wayne Fuller, president.

According to Fuller entrants in the contest must be between the ages of 16 and 21 years of age.

As plans are being made for the annual event, Dan True of KFDA-TV is to serve as master of ceremonies during the event.

The time and place of the contest will be announced later, said Fuller.

Girls interested in becoming contestants for the Harvest Festival Queen title are asked to contact Mrs. Fuller at EM 4-2622.

AFTER EIGHTEEN MONTHS of part-time work, Roy Calvert will be able to launch his 29 foot eight inch cabin cruiser at Conchas Lake next week. The boat will accommodate six people easily and in summer weather can house many more. (Staff Photo)

FROM PLANS IN HIS HEAD

Local Man Spends 1 1/2 Years Building Big Cabin Cruiser

By Sara Gilentine
Brand Staff Reporter

A boat that "just kinda grew" and incorporates part of a weaving loom has been completed by a Hereford man. Roy Calvert plans to launch his creation this week at Conchas Lake, thus climaxing more than 18 months of part-time work.

This boat, a 29-foot, 8-inch cabin cruiser, will accommodate six people on the inside and will sleep several more on the top during summer weather. The bunks at the rear of the boat fold down during the daytime and become benches from which fishing can be done in comfort. Under the bunks is storage space for clothing or food supplies.

The inside structure of the boat was made from an old weaving loom, which Calvert thinks probably belonged to Clyde Smithers.

"I built this boat by myself, from the ground up without any plans except the ones that I had in my head," Calvert then quickly added. "My wife did paint the trim on the outside though." He has had some experience in the past in building boats. He made a boat for his wife and has made several smaller boats for himself, but this is by far the largest one that he has ever attempted.

The boat is powered by twin 35-horsepower Evinrude motors which are connected to the wheel by a rod instead of the usual steering cables. In the future, Calvert plans to install an inboard-outboard motor which will be much more economical to run because it uses much less oil. "There is one disadvantage in this engine," he said, "it must be installed in the inside of the boat and takes up a lot of room."

The boat has many items which he thought up by himself. The base of the front running light is made from an old towel rack which his wife contributed.

A layer of sand was mixed (Continued on Page 6)

Hereford's building boom which started more than a year ago and resulted in a new all-time high for construction is continuing, according to building permit figures for the second quarter of the year.

Figures verifying increased construction activity and rapid growth of the city's residential areas were released Friday by the City Office.

According to the report on new residential and business construction and additions and repairs to existing homes, building within the city is continuing a rapid climb toward another new construction record.

"With a total of slightly more than a million dollars worth of construction added to first quarter receipts, new construction in the city now has a value of \$1,859,980.

The total is almost triple that posted during the first half of 1962.

If construction continues at its present pace, a new record will probably be set before the end of the year.

Presently the all-time record is \$2.7 million set at the end of last year. The previous record year was in 1955.

Total estimated value of construction for the second quarter of 1963 is \$1,039,430. Permits issued during April, May and June were in excess of \$150,000 for each month.

Building permits issued during April of this year totaled \$285,780 with construction of new homes accounting for 75 per cent of the total.

Of the 20 permits issued by the city office, 16 were for new residences within the city. Total value of dwellings was placed at \$228,380. Also included was a \$39,000 industrial building.

More than 60 per cent of the total value of permits issued by the City Office during May was for construction of new homes as \$60,800 in permits were written.

This figure included 27 new residences valued at \$460,900; a 12-unit \$65,000 apartment building, and a \$35,000 church addition.

In June, another \$152,850 was added to the total. Ten permits issued, called for construction of new homes valued at \$129,000. The remainder of the figure consisted of additions and repairs to existing buildings.

For the first six months of the year, figures in excess of \$100,000 per month have been reported with the exception of January.

Building during the first month of the new year began at (Continued on page 9)

TEC Office Is Relocating At 138 West Third

Farm Labor office of the Texas Employment Commission found another home just hours before it was to close its office here for lack of space. The office will be located at 138 West Third Street, between Neat's Diner and the Hereford Good Will Center.

The move is another in a series of action involving the office recently. This spring, the TEC vacated its space in the courthouse at the request of County Commissioners, who said the office was needed for county occupancy. At the last moment, Jack Renfro and the City of Hereford furnished space in the Jim Hill Hotel.

However, Renfro's lease on the space expires July 1 and the office again was forced to seek another location. The new location will be opened for business on Wednesday, July 3, according to office manager J. R. "Pat" Patterson.

Rent on the space is being paid by donations from eight vegetable processing firms and a seed company. They have paid two months rent, but a spokesman said he didn't know what would happen after that time.

Beginner Band Slates Concert

The Hereford Beginner Band, composed of boys and girls who will be in the seventh grade next year, will present a concert in Dameron Park on Tuesday, July 2, at 8-15 p. m.

Summer band, in which these youngsters are enrolled, is a six weeks program which is now in the fourth week. Through this program they are taught the basic techniques of playing an instrument.

Ben Gollehon is teaching the woodwinds, Clyde Wilson instructs the brass and Joe Ed Campbell is teaching the percussion. All of these men are band teachers in the Hereford School System.

There are about 70 enrolled in the program this year and they will present many of the selections which they have learned, including, "Yankee Doodle" and other patriotic numbers hymns.

Around Town

BY H. A. TUCK

When mid-summer rolls around I occasionally pause and wonder if the tiny group that gathered in Philadelphia almost 200 years ago had any idea what they were creating as they signed the Declaration of Independence. Could they have foreseen that their tiny foothold on the Atlantic Coast would grow to such proportions? Could they have possibly envisioned the greatest industrial, intellectual and physical growth that the world has ever known? Could they have dreamed that their simple words would become guideposts for all free men? In their time, they were considered traitors or ingrates by many. Yet, they had a dream, an idea that all men were entitled to freedom, dignity and individual achievement.

When I pause to think about such things, I must give thanks to those men and to their Creator. Their challenge was great and I wonder if we could be (Continued on page 6)

Carelessness, Negligence Blamed For Rash Of Wrecks

Carelessness and negligence were cited as the major causes of a recent series of serious accidents by Hereford Chief of Police Marshall Padgett.

Swim Lessons Resume July 8; Register Now

The second session of the American Red Cross Water Safety Instruction will begin on Monday, July 8. Adult classes again will be taught at 6 a. m. and 6 p. m. and children's classes will be from 9-10.

"Pre-registration will be at the Hereford Municipal Swimming Pool from 10-11 on Monday and Tuesday, July 1 and 2. Classes are limited this session so they will be conducted on a first-come-first-serve basis," said Mrs. Bruce Miller, chairman of the Water Safety Committee of the Red Cross.

Instructors and Junior Aides are needed to help conduct classes. Anyone interested is urged to contact either Mrs. Miller or the Red Cross office. Junior Aides must be at least 12 years old to help and instructors need not be excellent swimmers.

Accidents have been occurring with alarming regularity in the city during the past two weeks, in spite of a stepped-up traffic enforcement order.

An order was issued to patrolmen in May to increase enforcement of city traffic ordinances. During that month, 210 traffic citations were written, an increase of 100 tickets over the previous month.

When the number of tickets written for June is totaled, the increase will be even greater, Padgett stated.

"Traffic enforcement has been increased 50 per cent," the Chief commented. "If the number of accidents does not decrease, enforcement will be stepped up another 50 per cent."

During the month, and especially the last two weeks, the number of serious automobile accidents resulting in heavy property losses and a number of injuries has risen sharply.

Hereford also recorded its first traffic death of the year during the period.

Most of these accidents, according to Padgett, can be blamed on two things — carelessness and negligence.

By Thursday, June 27, Hereford Police Department patrolmen had investigated a total of 16 accidents for the month. In these, 15 persons were injured and one fatality was reported.

Property damage so far this month has totaled an estimated \$10,200, a sharp increase over the previous five-month period.

During the first five months of the year, 20 injuries were reported. Property losses totaled an estimated \$27,681. No traffic deaths were reported.

The number of accidents in January, February, March and April has been, on the average, slightly greater than the number recorded for June. (Continued on page 9)

40 Persons Hear Program On Labor And Hours Laws

BY H. A. TUCK
Brand News Editor

About 40 persons heard a discussion of restrictions on children working at noon Friday. The meeting, held in the Jim Hill Hotel, was sponsored by the retail trade committee of the Deaf Smith County Chamber of Commerce as a public service.

Guest speaker was Clyde Cloninger of Amarillo, employee of the U. S. Department of Labor's wage-hour division. He was accompanied by Bill Hampton.

Cloninger sympathized with employers and parents, but warned of laws against certain types of employment and conditions for minors who work.

"I realize the importance of children working at something productive, whether on a farm or in a store... I also realize that children need something to do from physical, mental and moral aspects," he opened.

Cloninger explained that the wage-hour law had been in effect since 1938, establishing the minimum wage of \$1 per hour for 40 hours with 1 1/4 times regular pay for overtime work. This applies to those businesses which were engaged in interstate commerce.

Since then, other types of firms have been included. The minimum wage has been increased to \$1.15 per hour and (Continued on Page 6)

Hereford Stores Close On July 4

"Thursday, July 4, will be an official holiday," said the Deaf Smith County Chamber of Commerce Saturday. This means that the banks, city, county and state offices, the Post Office and almost all retail outlets will be closed.

There will be a few service stores open. These include grocery stores, service stations, and restaurants.

All business establishments will re-open on Friday.

Clyde Cloninger wage-hour discussion speaker (Staff Photo)

One Hurt When Car Slams Tree

Another serious traffic accident occurred in Hereford early Friday as Hereford Police Department issued an appeal to citizens in an attempt to curb accidents.

The accident occurred shortly before 9 a. m. as a 1960 model sedan ran over a gas meter and rammed into a tree on Knight St. just north of the intersection with Fuller St.

Driver of the automobile, Gumaro Rivas, 20, 200 Lake St. was slightly injured in the accident. Damages to the automobile, owned by Lee Gamez, 200 Lake St., were estimated at \$650.

According to police officers, the vehicle was headed south on Knight St. before hitting the tree.

It was reported that Rivas was reaching under the dashboard of the automobile in an attempt to adjust the speedometer as the accident occurred.

He was ticketed for negligent collision and no driver's license.

In another accident involving a parked 1960 model sedan and a second automobile, damages to the parked vehicle were estimated at \$100 with damages to a 1959 model sedan placed at \$250.

According to a Police Department report, the parked automobile belonged to Dick Barrett, 203 Park Ave. Driver of the other vehicle involved was Perry Otis Vaught, 26, 109 Ave. E.

The accident occurred about 9:30 p. m. Thursday. Vaught was ticketed for negligent collision.

GIANT SUNFLOWERS, measuring 12 inches in diameter, are being grown as part of an experiment at the High Plains Research Foundation station at Halfway. The sunflowers are high in oil and protein content and may be-

come an important crop for the area. They are being developed to a combine height of 30-36 inches, with heads that droop downward to discourage birds from early harvests. (HPRF Photo)

LEVELLING THE LOT that soon will be home of Hereford Masonic Lodge No. 849 was done voluntarily last week by the Tierra Blanca Soil Conservation District. From left are: Ronald Matthews, SCD equipment operator; Blue Turpen, Lodge member; Luther Leslie, SCD board chairman; and Charley Noland, Lodge member. The 160x200 foot

lot adjacent to the Hereford Country Club is being prepared for construction of a \$60,000 Lodge home. Construction will start in July, according to Bill Thomas, who will supervise construction. SCD board members not present for the picture include H. M. Benson, Charles Hoover and Eldred Brown. (Staff Photo)

FOR HIGH PLAINS

Sunflower May Be Newest Crop

Sunflowers may be a new crop for the High Plains of Texas within the next three years. Research at the High Plains Research Foundation indicates that a profitable variety will soon be available for commercial production.

Seven hundred and twenty strains from seed selected in the 1962 breeding program are growing at the Foundation Farm at Halfway. These strains were planted on April 24 and many of them will be ready for harvest in early August.

These plants have stood up under adverse weather conditions of wind, hail and hard rain. They are resistant to the ravages of the Sunflower Moth, which has been the scourge of sunflower development in the area in the past.

Scientists at the Foundation are seeking a plant with one head to the stalk; a bent or crook stem which makes it difficult for birds to feed on; and a seed yield from 3,000 to 4,000 pounds to the acre. Most of the desirable strains are 30 to 36 inches which make them easy to combine. The sunflower plant has a low water requirement which makes it ideal for the area.

Best sunflower strains have 22 per cent protein and 30 per cent high quality vegetable oil. Sunflower meal or flour contains about 50 per cent protein, is unusually rich in calcium, an excellent source of thiamine

Young Farmers Hear Wiman On Irrigation Systems

Hereford Young Farmers were guests of their wives, Young Homemakers, at their June 18 meeting in the First National Bank Community

Room Twenty-one members and five guests were present. The program for the evening was on irrigation systems. Jim Wiman presented a history of irrigating in this area and the advantages and disadvantages of each system used in the past. Systems for returning tail water and lake pumps were discussed also. Wiman concluded his remarks by noting that in many instances a lake pump is more valuable than a good irrigation well.

After the program the group elected officers for the coming year. Those elected were Howard Hunter, president; George Zetsche, vice-president; Clark Andrews, secretary; Earl Raye, reporter; and Tony Urbanczyk, treasurer.

Indians before the white man came, and it is an important crop in Russia, South America and Canada. Sunflowers are subsidized in Canada as an oil seed.

Dr. Earl Collier, director of the Foundation, who has conducted breeding work with sunflowers in Texas for fourteen years, stated that it offers great potential as another cash crop that can be grown in the diversified farming system on the High Plains.

Market for sunflower seed is for human food, and as a protein-feed for cattle, hogs, poultry, and birds.

It was used for food by the

or vitamin B1, and particularly outstanding in its supply of folic acid. The meal is also highly digestible.

Barry Love, assistant agronomist in charge of sunflower research, is seeking a combine-type variety with desirable chemical qualities.

Market for sunflower seed is for human food, and as a protein-feed for cattle, hogs, poultry, and birds.

It was used for food by the

Westway HD Club Has Final Meeting With Mrs. Owens

Westway Home Demonstration Club held its final meeting of the club year on June 27 in the home of Mrs. H. E. Owens. A round table discussion of tornado safety rules was conducted by Mrs. Joe Waggoner, the presiding officer.

Twelve members and one visitor, Miss Carol Lamb, were present. Welcomed as new members were Mrs. Pat Borland and Mrs. C. W. Sanders. The next regular meeting will be in September.

OUT AT HOME was the call by umpire Bill Nelson Friday night as Keith Anderson tried to steal home on a passed ball. Anderson is first baseman for the Little League Cardinals. Making the tag (with a grimace and eyes closed tight) is Giant John Seiver. Pitcher Sid Shaw came in to offer assistance on the play. The Giants rallied in the sixth inning for a 7-4 victory. Around...

(Continued from page 1)
as strong and courageous under

similar circumstances.

The above, of course, is most applicable with the advent of Independence Day. I

hope that none of you will share its glory by adding to the almost inevitable slaughter on our highways and lakes.

A final Fourth of July note: The American Legion Auxiliary joins me in urging everyone to fly the American Flag on Thursday. And... if you don't have a flag, you can buy one from the Legion Auxiliary. Just call Hazel Sparks at EM 4-3228.

The Hereford Duplicate Bridge Club invites all interested persons to attend their weekly meetings. They are held each Thursday evening at 7:30 p. m. in the Hereford Community Center.

Hereford Civil Air Patrol members will meet at 4 p. m. Sunday, June 30, in the office of Dr. M. C. Adams. They will view a film, "Air Masses and Fronts" produced by the Air Force. The public is invited to attend.

Registration for the second session of the Red Cross water safety program will be limited to Monday and Tuesday, July 1 and 2, from 10 11 a. m. at the municipal pool. Due to lack of assistants, there will be only one period, 9 - 10 a. m., for children. The classes will be held July 8 - 19, with adult periods at 6 a. m. and 6 p. m. A small charge is made for the class.

Hereford City Commission will meet in regular session at 7:30 p. m. Monday in City Hall.

A delegation from Deaf Smith County was slated to leave early Sunday morning for New York City and a request for a county bond rating. We understand Judge H. C. Williams felt there was no need to leave Hereford until one hour before plane time. I think that either his mind got changed or he was left behind. In fact, the two commissioners who live in the country, Donald Hicks and J. T. Guinn, planned to spend Saturday night in Amarillo so as to be on time for the flight. I hope that they are successful, for it will save a lot in the future on bond issue interest rates.

Bids will be opened at 2 p. m. Tuesday, July 2, at King's Manor on construction of a nurs-

ing care unit for the retirement facility. The public is invited to attend the bid opening. This will be the second part of a scheduled three-phase program for the home.

This is the beginning of the final week of baseball for Little League and Pony League. Games are slated Monday, Tuesday, Thursday and Friday, so go on out and enjoy yourself. Most likely, All-Star teams will be announced late this week as the Leagues prepare for post-season tournaments. Hereford American Legion team plays here at 2:30 p. m. Sunday.

If you don't have them yet, there is still time to have seat belts installed in your car before you leave on your vacation or Fourth of July trip. The cost is very small compared with the cost of a fractured skull or fatality.

The Fourth is a glorious day in so many wonderful ways. Be safe - it costs so much less than a moment of tragic carelessness!

Man...

(Continued from page 1) with the resin when it was put on the outer covering of the boat. "I had the idea several years ago when I saw Orville Culpepper slip on the deck of his boat and knock the wind out of himself," Calvert commented.

During the daytime when folks are fishing, the back part of the boat can be folded back and the cabin cruiser becomes an open boat. This gives much more room for fishing and cools the rest of the boat.

The boat has a very impressive appearance. It is painted blue and white on the outside and the inside is done in white with brown trim and beige carpet.

When the boat is fully equipped, it will contain an air horn, a stove, an icebox, storage room, a compass, running lights, a search light, ventilation hatches and even a cigarette lighter in the front of the boat.

When asked what the most difficult problem that confronted him was, Roy Calvert replied, "I think that one of the more frustrating things was trying to discover a way to open and close the hatch with-

Attend...

(Continued from page 1) will soon become \$1.25. Some types of businesses now are allowed to pay \$1 per hour. In September, 1963, these will have to observe 44 hours as the standard work week. In September, 1964, minimum wage will become \$1.15 for 42 hours. In September, 1965, this will become \$1.25 for 40 hours.

Children under 14 are not allowed to be employed. In some jobs, children 14 and 15 may work, with some restrictions on those children who are 16 and 17 years of age.

Businesses to be included under new rulings are those enterprises doing \$1 million worth of business per year or a branch doing \$250,000 worth of business.

Cloninger pointed out that children must be at least 18 to be employed as drivers, driver's helper or to operate hazardous machinery.

He said that children 14 and 15 years of age are subject to the following restrictions: no work during school hours while school is in session (Saturdays, Sundays and holidays are not included); no work before 7 a. m. or after 7 p. m.; not more than three hours work per day during school days and not more than eight hours on Saturday or Sunday, with a maximum of 18 hours work per week; not more than 40 hours per week when school is not in session.

The speaker advised employers to obtain federal age certificates for minor employees to protect themselves from unintentional violations. The program of Distributive Education, he said, allows employers to pay D. E. students

out leaving the cabin. I finally rigged up a cable and connected it to the handle of an old car and then it worked fine."

"Just as soon as we get the new engine and are able to, we plan to take the boat to the coast and sail up and down the Gulf of Mexico," he said, with a faraway look in his eyes.

three-fourth of the prevailing minimum wage. Certificates for D. E. students below age 18 still would be required, he said.

Cloninger then opened the meeting for specific questions about wage-hour laws and employment of minors.

Fill cracks in the floor with a paste made of salt, boiling water and alum. It will harden like cement.

Sincerely We Say

Thank You

Machuca Wins Speaker's Trophy At Toastmasters

Meeting in the Jim Hill Hotel on Thursday evening, June 27, the Toastmasters Club held an impromptu exercise on parliamentary procedure. Irving Alexander was the presiding officer. Following the invocation, given by J. Raymond Flores, a topic session was conducted by Hardy Benson. After a question had been drawn from one stack and a name from another stack, each person was given an opportunity to speak. Walter Parks Jr. was judged best topic speaker.

Other speeches included an icebreaker speech entitled "My Autobiography" by Melvin Jayroe, "Um, Um, Good," a talk on how to survive in the wilderness by eating weeds, delivered by Louis Machuca, and recordings of three of the Region III finalists' speeches.

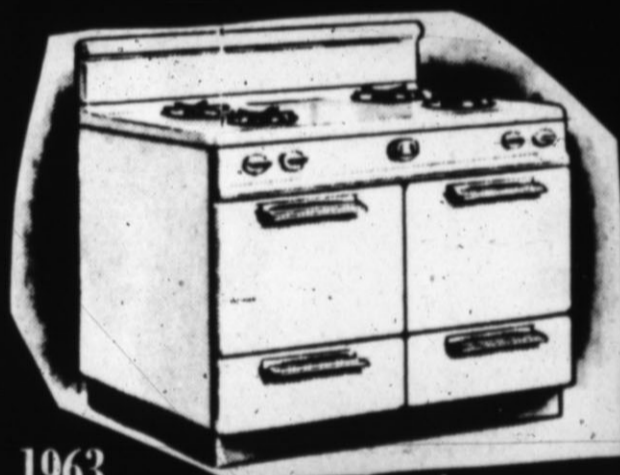

The trophy was awarded to Machuca for his talk, and Dr. Milton Adams was named best evaluator. There will be no meeting on July 4. Members present were Kenneth Coker, Bob Rott, Louis Machuca, Melvin Jayroe, Bill Thompson, J. Raymond Flores, Irving Alexander, Bill Penn, Hardy Benson, and Dr. Milton Adams. Parks, who is high school principal in Meridian, was the guest of Benson and Flores.

Careless...

(Continued from page 1)
Only 14 persons, however, were injured in accidents and property damage loss for the four months averaged a loss of \$5744 per month.
Yet, none of these months claimed the major accidents that have been occurring with in the city during June. In the accident at First and Main Streets a week ago seven persons were treated for injuries.
In this one accident, the number of injuries was greater than for any previous month this year. Accidents in January injured two; in February, six injuries; in March, three injured; in April, three injuries in 26 accidents; in May, two injured.
"Enforcement has already been increased 50 per cent. We may be forced to step it up another 50 per cent if the accidents continue," the Chief of Police warned.
City and county residents driving in Hereford are urged to use caution and obey traffic ordinances in an effort to decrease the number of accidents and injuries as well as decrease property damage, he said.
"Hereford Police Department is requesting the cooperation of everyone to decrease the number of accidents occurring with in the city," Padgett commented.
While the number of accidents so far this year is comparable to last year's, he noted, accidents this year have been much more serious.
"The city's traffic record last year was not good," he pointed out. "If the accident rate continues to climb, this year will be even worse."

U. S. Gets Pair Held For Taking California Car

A Little Rock, Ark., man and a 22-year-old companion from Winchester, Mass., were turned over to U. S. Marshal here Friday for an alleged violation of the Dyer Act.
The two men, Paul Edward Rhea, 20, of Little Rock, and Alexander William Ferris Jr., 22, of Winchester, had been arrested five miles north of Hereford driving a late model American-made sports car.
According to Deaf Smith County Sheriff's Office, the automobile was reported to have been stolen in Pittsburg, Calif., on June 24.
When the vehicle was stopped by a county law enforcement officer about 12:30 p. m. Wednesday, license plates on it had reportedly been changed.
The search for the two men in the reportedly stolen sports car began as San Jon, N. M., officers alerted Vega officials that the vehicle was traveling east on U. S. Highway 66.
The pair is reported to have eluded a peace officer in Vega and then turned south toward Hereford.
Roadblocks on likely county roads were set up. The car was spotted north of the city by Sheriff Lowell Sharp, who stopped the sports coupe and made the arrest.

Cora Bell Price Dies On Tuesday

Funeral services for Cora Bell Price, 88, of Ector were held at West Park Cemetery on Friday, June 21, at 2:30 p. m. with Brother Gaitner Vandever officiating.
Mrs. Price was born on Jan. 20, 1875, in Indianapolis, Ind., and was a member of the Church of Christ. She died on June 25, in Sherman.
Surviving are two sons, Roy Price of Canyon and Ralph Price of Black; one daughter, Mrs. Lena Fleming of Ector; five grandchildren and two great-grandchildren.

Building...

(Continued from page 1)
a slow pace with only \$52,000 in new construction began.
In February, the figure climbed to \$119,000 and then jumped to almost \$650,000 in March. New construction then dropped to \$285,000 in April but went past the \$600,000 mark again in May.
With construction slated to begin this fall on two units at King's Manor and the proposed addition to Deaf Smith County Hospital being planned, construction could pass \$2.5 million.
This figure can be reached even if no more new residences are built within the city during the next six months.
The two King's Manor units are expected to total \$300,000 with the estimated cost of hospital expansion planned at \$350,000.
These two projects alone will put construction within easy reach of another all-time record year.

United...

(Continued from page 1)
year was \$23,912.50 but the drive was a few hundred dollars short.
Following are the budget allocations approved for the coming year: Pony League baseball, \$1000, down \$50; Boy Scouts, \$6500, up \$200; Little League baseball, \$2125, up \$275; Salvation Army, \$300, up \$400;
Red Cross, \$8881, up \$498; Campfire Girl, \$3428.29, up \$498.79; Hereford Athletic Club, \$600, same as this year; Hereford Council on Alcoholism, \$500, same as this year.
Serving on the budget committee were Neil Cooper, Dean House, Bertley Howell, Corinne Newby and campaign chairman Nelson Young.
The budget hearing was held in the community room of the First National Bank.
Members of the budget committee agreed that all of the requests were reasonable. "It is our feeling that, as our community grows, so will the needs of the participating agencies. Most of them have scrimped in the past and have presented minimum budgets. However, most of them now feel that they must have slight increases in order to carry on larger programs, and we agree with them," Cooper said.

Giants Rally In Sixth For 7-4 Victory Over Cardinals

A come-back effort in the top of the sixth gave the Giants a 7-4 win over the Cardinals in an exciting Little League game Friday night. It took three runs in the final inning to stave off the determined Cards.

The Giants took a 1-0 lead in the first on a fielder's choice and two singles. The Cards tied

the score in the bottom of the first on four walks.

In the second, the Cards went in front 2-1 with one run on two walks, and a single.

But the Cards went ahead 3-2 in the bottom of the third on three walks, a wild pitch and a ground ball.

In the fourth, the Giants tied the score 3-3 with a single and

a double by Sid Shaw. In the last of the inning, the Cards went ahead again 4-3 as they scored a run on a walk, a single and a fielder's choice.

Once more the Giants tied it up in the fifth as they tallied once on three walks and a single.

The Cardinals put four runners on base in the bottom

of the fifth with a single and three walks, but failed to score as the lead runner was cut down at the plate. Another runner failed to advance from third on an overthrow into left field.

That break enabled the Giants to stay tied through the last of the fifth. In the top of the sixth, they turned on the power for three runs on two walks, an error, a single, a hit batter and a double by John Selver.

Sid Shaw took credit for the victory as he gave up four runs on two hits. He struck out ten and walked 13. David Vines, David Alvarado and Bobby Wiman hurried for the Giants. They al-

lowed seven runs on eight hits, walked nine and struck out six. Lonnie Coffey had two hits to pace the Giant attack. John Stagner and Keith Anderson got the Cardinals' two singles.

In one exciting minor league game, the Dodgers scored twice in the bottom of the fifth to edge the Pirates 12-11.

The Dodgers took a 3-0 lead in the last of the first on an error and three singles. But the Pirates charged into the lead 7-3 in the top of the second on three singles, an error, four walks and a hit batter.

As the lead changed often, the Dodgers went in front 9-7 in the last of the second with six

runs on three singles, doubles by Wade Myers and Daniel Beversdorf, a hit batter and an error.

The Pirates got one of the runs back in the third on three walks and a double by Noyes.

In the third, the Dodgers picked up two more runs and widening their lead to 11-8. The runs came on a walk, a single and a double by Beversdorf.

Then the Pirates charged ahead 12-11 in the top of the fifth after both teams failed to score in the fourth. The four runs came on four walks and two singles.

But the Dodgers rallied to win on two singles, a ground ball and a wild pitch that netted

two runs.

Johnny Gooch hurried for the Dodgers. He gave up 12 runs on seven hits, walked 13 and struck out seven.

Raymond Quintana and Bobby Banner hurried for the Pirates. They allowed 13 runs on 14 hits, walked three and struck out three.

Randy Cawthon hit a single and a double in three times up to lead the Pirates. Wade Myers got three singles and a double for the Dodgers in four times up, while Beversdorf netted two doubles and two singles in four times at bat.

In the other minor league game, the Cardinals swamped the Orioles 22-4.

The Cards got 13 runs in the first inning on four singles, doubles by Bill Walker and David Adams, seven walks and an error. They got five more in the second on a double by Walker, three singles and a walk.

In the third, the Orioles finally scored three runs on two singles and three walks.

But the Cards added on five runs in their part of the third on four singles and a walk.

Final run for the Orioles came in the fourth on a single and two ground balls.

Andy Scott and Larry Lance pitched for the Cards. Kenneth Laing and Kenny Rogers hurried for the Orioles.

Miss Sylvia Sparks started a series of standard Red Cross First Aid training for junior and senior high-school girls who are in Camp Fire on Tuesday evening, June 25.

Sixteen girls were enrolled for the session which will be held on Tuesday and Friday evenings. Miss Sparks issued an invitation to any other girls who are interested to be at the Camp Fire Hut at 7:30 on Tuesday, July 2.

Training sessions for women who will be serving as counselors at the Camp Fire Resident Camp are scheduled for Monday and Tuesday, July 8 and 9 at the Camp Fire Hut.

The camp program has been considerably revised this year," said Mrs. Thelma Marsh, "and in order that counselors will be acquainted with the various activities, we are urging them to take part in the special training sessions."

Camp dates for the year are July 22 through 27 and July 29 through Aug. 1, at Pine Lodge near Capitan, N. M.

The Wa Cun Ya Camp Fire Group held its final meeting for the summer recently. The girls practiced outdoor flag raising ceremony that was presented at the Blue Bird Pow-Wow and demonstrated how to set up a tent.

Later a rank ceremonial was held, with mothers and friends as guests. The girls received their Fire Maker rank certificates and the second emblem in outdoor skills, the "Trail Marker," plus honor beads earned. The candle lighting ceremonial was written by Carolyn Sue Woodall. After the ceremony, lemonade and cookies were served.

Coffee For Former Hereford Resident

Mrs. Lynn Kester gave a coffee for Mrs. Clifford Kester of Craig, Colo., and Mrs. Hal Kester, of Seattle, Wash., the former Lueta Borden of Hereford. The coffee was held in the Lynn Kester home on Saturday morning, June 22.

Guests were Mesdames Troy Moore, C. T. Guseman, Elmer Patterson, A. J. Schroeter, W. T. Carmichael, O. H. Culpepper, Lewis Woodford and B. Y. Crosthwait.

VISIT RELATIVES

Mr. and Mrs. Hal Kester and children Katrina and Charles from Seattle, and Mr. and Mrs. Clifford Kester from Craig, Colo., were visiting their mother, Mrs. F. M. Kester, and other relatives in Hereford last week.

TRIP TO PHOENIX

Gene and Buddy Roberson, children of Mr. and Mrs. Ed Roberson, left Monday morning, June 24, on the train to visit their aunt, Mrs. Lula Criscuolo, and a cousin, Mr. and Mrs. George Moore and family.

VISIT CALIFORNIA

Mrs. Eleanor Hudspeth left Monday morning, June 24, on the Santa Fe Super Chief to visit her sister in California.

VISIT OKLAHOMA

Mr. and Mrs. Gaston Baer are in Oklahoma City visiting her sister, Mrs. Rose Bravo.

VISIT HEREFORD

Mr. and Mrs. Paul Jones and children, Sonja and Russell from Celeste are visiting his parents Mr. and Mrs. N. R. Jones. They arrived on Monday, June 24 and will return home on Sunday, June 30.

OPENS STORE

James Cotton, assistant manager of Perry's Five and Ten will leave for Enis on Friday, June 5, to help open a new Perry's store there. He will return in a week or ten days.

They're Engaged

Miss Lawana Lookingbill
(Hall Gentry - Dallas)

An afternoon wedding on August 10 in the First Methodist Church in Healdton, Okla., is scheduled for Miss Lawana Lookingbill and Philip Alexander Hamilton.

Former residents of Hereford, Mr. and Mrs. F. W. Lookingbill of Loco, Okla., have announced the engagement and approaching marriage of their daughter to the son of Mr. and Mrs. Manuel Hamilton of Wichita Falls.

A former student of Hereford High School, Miss Lookingbill graduated in Fox, Okla., and attended Humboldt Institute in Minneapolis, Minn. She is now with Pan American World Airways in Dallas.

The prospective bridegroom is a junior at Baylor University College of Dentistry in Dallas. An alumnus of Baylor University of Waco, he is affiliated with Beta Beta Beta Fraternity and Xi Psi Phi Fraternity.

Miss June Morris
(Personal Photo)

Miss June Morris of Levelland and Reed Green of Hereford are planning an August wedding.

Mr. and Mrs. Homer Morris, of Levelland, have announced the engagement and wedding plans of their daughter and the son of Mr. and Mrs. H. R. Green, Route 5.

Miss Morris is a graduate of Levelland High School and Isbell's University of Beauty. She is currently employed at the Capri Beauty Salon. Her fiance is a graduate of Hereford High School and is a senior at Texas Technological College.

Miss Barbara Elaine Gunter
(Personal Photo)

Mr. and Mrs. William S. Gunter of Midland announce the engagement of their daughter, Barbara Elaine, to Thomas Dale Coffman, son of Mrs. Charles Walter Coffman and the late Mr. Coffman.

The wedding is scheduled for 6:30 p.m. on August 23 in the chapel of the First Baptist Church, Midland.

Both Miss Gunter and her fiance are students at Hardin-Simmons University in Abilene. Her major is elementary education and his major is accounting.

Wedding Solemnized

Donna Helen Cole and Bobby George Hudson

In a double ring ceremony read by Rev. H. V. Fields of the Grace Gospel Church Miss Donna Helen Cole, daughter of Mr. and Mrs. Thurman Cole, became the bride of Bobby George Hudson, son of Mr. and Mrs. George Hudson of Dimmitt.

The wedding was solemnized Saturday, June 22, in the Avenue Baptist Church before a white wedding arch, wedding and sunbursts of white chrysanthemums and gladioli. Miss Ann Clearman of Summerfield was the organist. She accompanied Miss Sheila Ownes, who sang "Wedding Prayer" and "Whither Thou Goest."

The bridal attendants, carrying white Victorian rose bouquets, wore dresses of blue polished cotton fashioned with necklines similar to the bridal gown and box pleated skirts. Their hats were veiled blue pillboxes. Miss Kay Cole was maid of honor and Miss Sue Cole was bridesmaid. Both are sisters of the bride.

Serving the uniformed groom as best man was his cousin, Wayne Hudson. Groomsmen and ushers were Doug Bryan, Richard Culp, and Don Brush. Candlelighters were Miss

Vivian Pugh of Littlefield and the groom's cousin, Larry Conaway of Stinnett. Miss Pugh wore a dress identical to those of the bride's attendants. Flower girls, dressed in blue nylon, were the groom's sister, Miss Donna Hudson of Dimmitt, and the bride's cousin, Miss Karen Harvey of Amarillo. Ringbearers were Miss Lana Hudson, the groom's sister, and Keith Harvey, cousin of the bride.

A formal gown of white organ fashioned with a chapel train was worn by the bride, who was given in marriage by her father. The gown featured a scooped neckline, long, tapered sleeves, and a skirt panel encrusted with seed pearls and iridescent sequins. Her fingertip veil of illusion edged with lace was held by a tiara of pearls. She wore a necklace watch belonging to her maternal grandmother and carried a prayer book bouquet of miniature white carnations.

The bride's mother wore a jacketed sheath dress of beige linen with matching accessories. The groom's mother chose a jacketed sheath dress of beige linen with white accessories. Both Mrs. Cole and Mrs. Hud-

son wore white carnation corsages.

At the reception in Fellowship Hall immediately following the ceremony the guests were registered by Miss Karen Williams of Dallas. The three-tiered wedding cake was served by Mrs. Don Brush, sister of the groom, and Mrs. Chesley Johnston. Both the miniature bridal couple atop the wedding cake and the center piece bride and groom figures had been used at the wedding of Mr. and Mrs. Don Brush.

For the wedding trip to New Mexico, the bride wore a beige knit suit with white accessories. Her corsage was lifted from the bridal bouquet. After the wedding trip, Mr. and Mrs. Hudson will live at 2907 Park Street, Paso Robles, Cal., where Hudson is stationed as a first class petty officer in the United States Navy.

Guests from out of town were Mr. and Mrs. Albert Williams, Karen, and Phil, Dallas; Mr. and Mrs. John Cole, Carolyn, and Johnny, Perryton; Miss Marilyn Heffinbein, Perryton; Mr. and Mrs. Dick Kirkland, Judy, and Larry, Vega; Mrs. S. A. Duckett, Tulsa; George Drake, Dimmitt; Mr. and Mrs. Ronald Harvey, Karen, and Mrs. James A. Conaway Jr. and Larry of Stinnett.

Mrs. Bobby George Hudson
nee Donna Helen Cole

(Angel Photo)

Smoke Costs Money Where Stubble-Burning Exists

Farmers once again are in the middle of a wheat harvest and are approached with the problem of managing the stubble. The crop was disappointing for many farmers and consequently in many cases they will be "double-cropping." To rid themselves of the stubble so the next crop can be planted, stubble burning will be used by many while others burn annually as a matter of habit.

Producers should stop and consider this one fact: "Smoke costs farmers money".

Farmers who burn stubble have failed to realize the benefits of these residues. Residues being returned to the soil will give such important long-time benefits as increased moisture and fertilizer-holding capacity, more organic material, and better soil condition or plowing condition.

After burning, surface crusting which seals off the top-layer of soil from water penetration, occurs and rainfall runs off without soaking into the soil.

Shredding and discing or stubble mulching are approved practices which should be used. Stubble mulching is the best practice for dryland and some irrigated farmers are practicing it with few problems.

The irrigated farmer has a great problem because several tons of stubble are produced. He can usually get good results by shredding and then spraying with a nitrogen fertilizer and then discing the stubble and letting it lay. The nitrogen will cause bacteria to decay the stubble in two to three months and then the land can be planted this fall if he desires.

For those considering burning their stubble, it should be noted that stubble burning has been recognized by the state Agriculture Conservation Program committee to be a practice tending to defeat the purpose of the program. Practices tending to defeat the program make a producer ineligible for cost sharing through the ACP program. When a practice is checked and stubble burning is evident, a note to that effect will be put on his application and returned to the ASCS office.

MISS JANEY NOLAND, daughter of Mr. and Mrs. Mack Noland, was appointed Grand Nature at the fortieth session of the Grand Assembly of the Texas Order of the Rainbow for Girls, which was held recently in Houston. A past worthy advisor of the Hereford Assembly No. 157, Miss Noland must visit two assemblies every four months during the next year.

(Personal Photo)

North Hereford HD Club Has Salad Luncheon

Meeting for a salad luncheon recently in the home of Miss Roberta Campbell, the North Hereford Home Demonstration Club heard Mrs. Jean Beene, assistant county home demonstration agent, discuss tornado safety rules.

Members Of Golden Circle Class Select New Secret Pals

On the evening of June 20, members of the Golden Circle Sunday School Class of the Avenue Baptist Church met at the First National Bank. After a short business meeting, new secret pals were chosen and gifts exchanged.

Members who answered roll call with their answers to the question, "How do you and your family benefit from vacation Bible school?" were Mesdames Winston Hill, Jerry Landers, James Brownlow, Don Davidson, Don Marlar, Barney Digby, Charles Gresham, Jack Flowers, A. W. Self, Bill Parvin, Dale Barkley, C. V. Burgess Jr., Don Gipson, Norman Messick, Marti Mason, and Dick Thompson.

she stated, "withstand tornadoes. The more flimsy construction, the more certain the destruction. Properly built residences pass through these storms with comparatively little damage."

A short business meeting was conducted by Mrs. John Gooch, in the absence of the club president, Mrs. Gaylon Bryan.

Visitors present were Mrs. Beene, Mrs. John Miller, Sheila Olson, and Susie Gooch. Members present were Mesdames Fred Barrett, Mary Bodkin, John Gooch, Troy Hoffman, Otto Olson, W. H. Russell, C. L. Whitehead, O. L. Williams, and the hostess.

FROM LOUISVILLE, KY.

In the Hereford area during the past week were the Rev. and Mrs. Joe Sudduth of Louisville, Ky., where the Rev. Sudduth is a Presbyterian minister. They were here to visit Mrs. Sudduth's cousin, Colby Conkright, Mrs. Sudduth, the former Miss Eva Gordon, lived northeast of Hereford with her family the Paul Gordons, at one time. Both the Rev. and Mrs. Sudduth attended school with Conkright in Winchester, Ky.

CARD OF THANKS

We would like to thank everyone sincerely who shared our sorrow during the loss of our loved one. Your thoughtfulness is appreciated and will always be remembered.

MILLING COMPANY

By Melvin Young
We stand corrected! Not once, but twice! A reader, who prefers to remain anonymous, has informed us that the last amendment to the constitution was ratified in 1961. (Article XXIII). This having to do with the voting rights of citizens of Washington, D. C.

We had stated in a previous column that the last amendment was declared effective in 1951; however, we're going to plead "oversight" rather than ignorance. In 1961 we were concerned about the antics of Billie Sol Estes than we were with the proceedings of Congress. Also, our Encyclopedia is the 1960 edition which did not list the latest amendment. Of course "oversight" is probably not a valid excuse, but it will do until we can think of another.

Secondly, we made the statement that Hereford and Dawn were the only towns located in Deaf Smith County. Sheriff Lowell Sharp points out that we are also blessed with the little village of Glenrio, located on U. S. Highway 66 on the New Mexico border. Not being convinced, we dug out the old Texas road map and, sure enough, Glenrio belongs to us, as well as two miles of Highway 66. And we're real proud of it, too! We never considered it much of a town when we thought it belonged to New Mexico, but now that we've discovered it's a part of Deaf Smith County, we can see things with a new light.

Now we don't want to cause anyone any trouble, but we're

wondering if the Deaf Smith County Chamber of Commerce is giving these folks proper representation? For instance, when we have a fund drive, etc.?

— HB —
Mary Sue Neff, the little neighbor girl down the street, was somewhat unhappy with us this week. Mary Sue, it seems, also has a hand in the publishing of the "McKinley Street Special" (a newspaper of sorts) and we didn't give credit where credit was due. In fact, we didn't give credit at all... we ignored the young lady altogether. But we want to make amends this week.

Now most newspapers have Society Editors, News Editors, Managing Editors, and even Sanitation Editors, but this is the first publication we have seen that has three publishers and only one editor. Mary Sue is one of the publishers also.

Anyhow, the "McKinley Street Special" continues to roll off the presses, and probably will until the neighbors rebel and quit buying same.

— HB —
We understand that Fred Fox, lineman for the Deaf Smith County Electric is confined to his home with the "mumps".

— HB —
Plans for the annual Harvest Festival are shaping up according to Chamber of Commerce manager Bill Thompson. The Jody Drill Team from Amarillo Air Force Base under the direction of Sgt. Duckworth will be here for the parade as well as the Army, Marine Corps and

Navy Reserve Units from Amarillo. The parade will be 4 p. m. Saturday, July 27. Also scheduled to appear in the parade will be the area Riders' Clubs, the Whiteface Band, and other local talent including floats, etc.

The JayCees tell us that plans for the Harvest Festival Queen Contest are materializing. Dan True, KFDA-TV weather prognosticator will be Master of Ceremonies for the event.

And, of course, the annual Lions' Club Carnival will be open from July 19 through July 27; the Kiwanis Barbecue will be held at the Bull Barn at 5 p. m., July 27; and the Hereford Riders Rodeo is scheduled for July 25, 26 and 27. All things considered, it looks like a full week for area residents during the big Festival.

— HB —
Jay Robinson, 10-year-old son of Mr. and Mrs. J. W. Robinson Jr., is also included on our list of enterprising young businessmen. Jay decided that he wanted to attend summer camp this year, so he set out figuring a way to earn the needed money. And it looks like he's doing a pretty good job of it. Jay set up a fireworks stand at his home on Harrison Highway, contracted for a few circulars to be distributed over town and purchased an ad in the Hereford Brand. Young Robinson opened for business yesterday (Sat., June 29) and we understand that business is booming.

— HB —
Ansel McDowell brought us a bag of plums from the tree in his back yard. They're

real good too. We were somewhat surprised that anyone had fruit this year, since the freeze was so severe, but apparently the plum is flourishing. The McDowells live at 106 Avenue I.

— HB —
G. D. Caison recently purchased an insurance policy, and needing someone to vouch for his character, he gave the name of Zeb Holt, Hereford, Texas; "who," says Mr. Caison "is an acquaintance."

Things were going along pretty smooth until Ray Moore, area representative for the Retail Credit Association, dropped by to check out the references. He looked all over town, calling all the Hols in the phone book trying to locate Mr. Zeb Holt. All to no avail; until, of course, he runs into "the little chief"

himself.

"Who," says Ray, "is Zeb Holt. I've looked the town over and can't find hide nor hair of the gentleman, and it occurred to me that you might be related, or at least be an acquaintance."

Charlie knew the answers all right. Zeb has resided at the Holt homestead for a number of years, and in some ways you might say that he's related to Charlie.

Zeb, it seems, is Charlie's old bird dog.

Redbirds Edge Out Nazareth AL, 4-2

Hereford's American Legion squeaker Thursday night downing Nazareth on their home field 4-2.

The Birds got their first two runs in the first innings as Frank Cain was safe on an error and Mickey Stevens and Eugene Green singles. The second run came in on Joe Coffman's ground ball.

Steve Hodges tallied Hereford's third run in the second inning. He singled and moved around on an error, a wild pitch and another error.

Nazareth got one run in the last of the fourth as Francis Backus got on by fielder's choice. He went around on an error, a passed ball and another error.

In the bottom of the sixth, things got a bit sticky as a walk and two singles loaded the bases for Nazareth. Mickey Stevens came on to relieve Ed Mims. A wild pitch allowed in one run with two outs, but Stevens struck out the next batter to retire the side.

Hereford got its final run the top of the seventh as Stevens walked, went to third on an error and a wild pitch. He came in on Green's single.

But things again looked dark in the last of the seventh. With one out, two singles put runners on. A strike out made it two away, but the next batter walked to load the bases. But Stevens struck out clean up hitter Backus to preserve the victory.

Ed Mims got credit for the victory as he worked five and two-thirds innings. He allowed two runs on two hits, walked three and struck out five. Mickey Stevens worked in re-

lief. He gave up no runs, two hits, walked one and struck out three.

Francis Backus was charged with the loss. He allowed four runs on five hits, walked three and struck out nine.

Eugene Green's three singles accounted for most of Hereford's five hits. Marvin Hoelting got two singles for half of Nazareth's hits.

The Redbirds was charged with three errors while Nazareth had five.

Soybeans, Sunflowers Soon
May Be Important To Area

Recent information from the High Plains Research Foundation indicates that soybeans may soon become a major crop for the area, ranking with wheat, cotton and grain sorghum in importance.

This is an excellent project and one that should be seriously considered by all farmers of this area.

One of the major factors is that soybeans can be used as a "catch crop" in years such as the one we have been experiencing. When it becomes too late to replant cotton or feed grains, soybeans still have enough time to come up, bloom and mature before fall. This is a valuable asset to a farmer who needs to use the land, but can't gamble any longer on cotton making a crop with an extremely short season.

The same group of agricultural researchers also is looking to the common sunflower as a supplementary crop. After looking into the advantages of 72 different varieties, they are narrowing the field down to three or four which seem best-suited to this area. Sunflowers are important in many countries for their oil and high protein content. With proper development, they could be another crop for this region.

This work is the type which has been needed for many years. Once this land was

considered suitable only for raising cattle. Then came the wheat farmers. Development of high-yielding maize seed added another important crop to the farm picture. Vegetables have contributed their share.

But the good farmer looks beyond that to the future. It may be, not too many years away, that the Panhandle farmers will be able to look across high fields and see the bright green of soybeans or the nodding yellow heads of sunflowers and feel more certain that he is going to make at least some type of crop through wide diversification.

We appreciate the work that is being done by our visionary research centers and the pioneer farmers who are always willing to experiment with something other than the old stand-by in hopes of doing better. As long as this area has some of each group, our progress in agriculture should continue to be both rapid and interesting. —H.A.T.

All Negroes
Not Radicals

"Them Negroes sho is makin' it hard on us Niggers!"

All of which is to express the sentiment of thousands of Colored people all over the country, and more especially in the Southwest where a minimum of Negro disturbance appears to prevail.

Many white people, especially those who work themselves into a lather over the race riots and disturbances, are prone to blame the entire race, rather than the special interest groups and rabble rousers who are creating the disturbances. Meanwhile, there are innumerable Negroes who go about their business, earn their daily bread and continue to demand respect from their neighbors. These people, like most of us, do not have time to pursue Communist inspired crusades.

In many ways, they find themselves in the same shape as the "teenager" who is frequently clobbered in a special group because of publicity and criticism pointed at a minority of juvenile delinquents. It was, in fact, the Negroes themselves who protested some years back when Hereford schools first started an integration program.

Just as you find among the whites, there are hundreds of good Negroes for every bad one, and it seems to us that the ones who go right ahead with their business and try to make good, substantial citizens are the ones who are actually coming closest to true integration. To say the least, they deserve a lot of credit—and especially so when you stop to realize that the Negro race is basically highly emotional.

What About
United Nations

During the past week many of us have heard club programs and reviews centering around the United Nations. Fortunately, in our opinion, the United Nations was not always upheld as a panacea for the troubles of the world but, instead, was frequently reviewed critically and efficiently.

This we feel sure was not the idea of propagandists who set up the annual observation, but it is certainly a situation which Americans need to face. We especially liked a presentation by Earnest Langley, who pointed out both the good and bad points of U. N. as concerns our nation.

Without doubt, existence of a "talking place" can—and perhaps already has—averted war. So far, this appears to be the most important achievement of the organization. However, as Langley also enumerated, the United Nations is composed of non-Christian as well as Christian nations and, too frequently, the aims, creeds, and tenets of the two groups invariably conflict.

Originally, the United Nations was started by a group of World War II allies, but no longer can Russia and the United States be considered as close allies. In addition, the United States is paying for a major share of the U. N. operation, while non-Christian nations go along for a free ride—and use their veto power to block the hand which feeds them.

At least worthy of consideration would be the possibility of creating a new alliance among Christian nations, especially those holding the same beliefs, views and ultimate world goals. Without doubt, opposing blocks would create their own alliance, but we cannot see where such a circumstance would alter conditions very much. At least, we would not pay expenses of our "cold war" enemies who already block every effort we make, nor would we "tip our hand" on every move we plan to make.

As things now stand, you might say that the United States is basically the United Nations—and frequently it seems that we have things just about as messed up on this front as we have our own affairs on the home front.

State Approaches Record
High In Traffic Fatalities

The director of the Texas Department of Public Safety reported today the state is approaching today the mid-point in the year amid definite indications that traffic deaths will hit an all-time high in 1963.

Col. Homer Garrison Jr. at the same time announced that the expected traffic death toll for the Fourth of July is eight fatalities, and called upon Texas drivers to "make this holiday the turning point in this year's traffic toll."

"If we continue to take lives at the present rate 1963 will become the most deadly year in Texas history for traffic fatalities," he said. "Motorcycles at this time are over 100 more

than at the same time last year, and considering the trend of increased accidents and casualties, we have every reason to expect that traffic deaths will exceed the previous all time high in Texas of 2,611 in 1956.

"Only 194 more deaths in 1963 than in 1962 will make a total of 2,815 deaths, an all-time high and an increase for the year of eight per cent over 1962. Deaths this year have consistently been in excess of eight per cent over 1962. Our Statistical Service advises that this is not just a probability, that it is fairly certain to become a reality unless something happens to break the trend."

Garrison said that "Operation Motorcade" will be placed in effect from 12:01 a.m. until 11:59 p.m. July 4 in order to focus attention upon the added dangers of holiday travel when traffic is at a peak. As part of the operation, which calls for maximum enforcement and public support. Additional personnel from other uniformed services of the DPS will augment the regular Highway Patrol force.

Garrison commended the several public and private agencies and organizations which are cooperating in the Fourth of July safety emphasis program.

He said the Texas Council of Safety Supervisors and the Texas Motor Transportation Association will again sponsor the "Holiday Road Patrol," consisting of a fleet of 35 to 40 cars which will be used to assist stranded motorists over the state during the holiday. The cars will be manned by members of the Council, who also are safety directors, safety supervisors safety engineers for the trucking industry, whose purpose will be to help relieve highway patrolmen for enforcement work.

The Texas Safety Association, with the cooperation of the newspaper, radio and television media, will conduct a public information program stressing the need for courtesy and caution on the streets and highways during the holiday. Numerous Junior Chamber of Commerce clubs over the state, coordinated by W. F. (Bill) Leonard of Dallas, vice-president for traffic safety of the TSA, will operate "rest stops" for fatigued travelers to whom they will serve free coffee.

The Texas Association of Broadcasters will conduct a statewide "Drive Lighted and Live" program in which constant appeals will be made to motorists to drive with their headlights on during the fourth of July to focus attention on the need for legal and safe driving habits.

And the Texas Highway Department will carry on its continuing information and educational program through the public media to instruct drivers on such subjects as freeway driving and the need for caution around construction areas which are greater in number during the summer months.

Panhandle
Paragraphs

CAR BLAMED FOR TRAIN CRASH

Four teenagers were questioned following the derailment of a westbound Rock Island freight train here last Wednesday night in which two crewmen were injured and property damages ran to an estimated \$40,000. Three of the boys were later released following investigation and one was bound over to the July 1 Grand Jury. He was released on a \$1500 bond later Thursday. The accident took place about 11:20 p.m. Wednesday as a 196-car westbound freight was pulling through Stratford. The four boys were riding around town in an old stripped down auto. They pulled the auto on the tracks and drove the car west. They had seen the freight, but thought they could beat it to the Highway 287 intersection. As they neared the intersection, the car caught in a switch and "big-holed" (hit the emergency stop) the freight. As slack was taken up, two cars near the end of the train derailed. Two trainmen riding in the caboose were also injured as they were thrown to the floor by the sudden stop.

AMMONIA PLANT CONSTRUCTION BEGAN

Construction of Western Ammonia Corp.'s Dimmitt fertilizer plant was formally began Wednesday morning when officials of the company and a number of local citizens observed ground-breaking ceremonies at the plant site one mile southeast of Dimmitt on the Plainview highway. Wielding the shovel for the ground breaking was George Landreth, president of Western Ammonia Corp. He was assisted in the ceremony by Roy Campbell, vice president; Edmond J. McMillian, vice president and general manager, and Dr. William Bennett, agronomist for the corporation. A number of Dimmitt citizens were also present for the ground breaking.

FUND DRIVE UNDERWAY

More than \$4000 has been raised since the kick-off breakfast for team captains in the Garretson Senior Citizen Home fund raising campaign Monday morning. The contributions made this week have raised the fund to more than \$50,000 with a goal of \$130,000 to be raised this summer enabling construction to be started on the building by September.

—THE PANHANDLE HERALD

—PP—
ENGINEER HIRED TO STUDY WATER

McMorries and Associates of Amarillo, specialists in municipal engineering work, have been signed to make a study of Littlefield's water problems. The City Council interviewed Bill McMorries, owner, at a called meeting Wednesday night. After a lengthy discussion with the engineer, the Council authorized him to begin work immediately on some test holes in city water fields. Under the city's contract with McMorries, he will make a study of the city's three well fields to determine the quantity and quality of the underground water supply. He will also study the supply line system from the well field to the booster station, but will not go into a study of the distribution system.

ROOF HAIL DAMAGE HIGH

Spring hails have left scores of roof-tops heavily damaged throughout Muleshoe. Insurance companies are paying off to the tune of thousands of dollars, insurance agents said Friday. One dealer estimated that 20 per cent of all residence roofs must be replaced. "Losses are exceptionally high," he said, "and more of the losses were total" than we have had in several years. The roof replacement was a bonanza for roofers, but insurance companies were hard hit. Especially hard hit were home owners who did not have coverage on their roofs. It is estimated that 10 per cent of the owners do not.

—THE BAILEY COUNTY JOURNAL (Muleshoe)

THE
BOOTLEG
—Philosopher

Editor's note: The Bootleg Philosopher on his bindweed grass farm finds a special item in the international news this week, his letter reveals.
Dear editor:

When it comes to international affairs, I lose track of things before I get half way across this bindweed farm, not to mention Texas, the United States, and the hundred or so countries I'm told stretch out around the world, but there was a small item in an international news article I read last night that I would like to call attention to.

As you know, the United States has been clamoring for the Russians to get out of Cuba, and apparently a good many of them are leaving—I don't know whether it's because we've been clamoring or because the only thing they can get on television is a speech by Castro.

But this thing can't be carried too far. For instance, this small item I'm talking about reported that 100 Russian agricultural specialists are in Cuba trying to help solve the Cuban agricultural problem.

Whatever we do, we don't want to get those specialists out of Cuba. Let em stay there. Not only let them stay there, quarantine the island and make them stay there. Don't let em out.

If they can teach the Cubans to farm like the Russians, Cuba will be on her knees in two or three years.

In fact, after they've completed their job of reducing Cuban agriculture to the Russian level, we might explore the possibility of having them come to this country and helping us reduce our surpluses. When it comes to holding down food production and creating shortages, Russia is so far ahead of us there's no comparison.

In fact, every time I see a picture of the Russian people hailing a new hero for making more and more orbits of the earth, I get to wondering how many trips around the earth they'd swap for one trip through a supermarket. Orbiting the earth has now become sort of like flag-pole-sitting. After a while the novelty wears off.
Yours faithfully,
J. A.

50 YEARS AGO
Railroad Builds Tower;
Boy Scout Troop Formed

A force of men have been busy this week laying the concrete foundation for the elevated water tower near the tracks. As mentioned before, a tank of large capacity will be erected and a line run to two cranes or goose necks for the purpose of "watering" the engines, one at each end of the depot platform. These improvements will all be of the substantial sort such as the Santa Fe has been accustomed to doing. Superintendent Ben Short and a number of Hereford boys met at the school house on the evening of Friday, June 13, and organized a troop of Boy Scouts. Two patrols, namely, the Wolf Patrol and the Jackal Patrol were formed. Any boy between the ages of 12 and 18, desiring to join the scouts, must send his name to the Adjutant. The first hike and camp for the Boy Scouts was enjoyed Tuesday and Wednesday, June 17 and 18. It was led by one bearing the American flag and closely followed by the other members with the insignia of the order, the young lads marched out towards Deep Spring to spend a day in camp. Superintendent Short scouted with the boys and on their return Wednesday, somewhat tired, but thoroughly convinced that all had had a good time, they declared that they will want another hike in a few days.

40 YEARS AGO
District Manager Hill of the Southwestern Bell Telephone Company, with headquarters at Amarillo, was in Hereford Friday looking after the work of his crews in making over the system here. Mr. Hill stated that about 200 local telephones have already been cut into the new cables, with increased satisfaction to the patrons, and that the completed job will soon be announced. The local office is considerably torn up with the new equipment being installed, but will soon be straightened out and with the addition of new paper and paint. The company is also issuing a new directory, which will be ready for distribution before long.

HERE And THERE

A dinner which honored Mr. and Mrs. Tom Vaughn of Tacoma, Wash., and Mr. and Mrs. Grady Wilson of Sturgis, S. D., was held last Sunday at the Westway Community House. A basket dinner was held at 1 p. m. after which pictures were made, last year's reunion pictures were displayed and acquaintances were renewed.

Those present included Mr. and Mrs. Orville Houser of Friona; Mrs. J. D. Vaughn of Santa Ana, Cal.; Mr. and Mrs. John Anthony of Elida, N. M.; Mrs. Pauline Block, Rapid City, S. D.; Mr. and Mrs. John Johnson and son Kenneth, Amarillo; Jeff Ricketts of Tulla; Mr. and Mrs. Elvin Wilson, Darlene, Diana, and Mickey of Friona; Mrs. Phillip Miller of Bippus;

home. She came to attend the funeral of her sister, Mrs. Jim Richardson. Mrs. Vaughn also visited other members of her family. She is the former Pat Doss.

Mrs. Robert Boyd, Jeanie, Ricky, and David Adams accompanied Francis Boyd of Amarillo to Corpus Christi last week where they have been visiting in the home of Mr. and Mrs. Clayton Brown and family. Mrs. Brown is the former Mary Kathryn Boyd.

Miss Nancy Crawford, daughter of Mr. and Mrs. Herbert Crawford, is attending school at the University of Hawaii this summer. Nancy teaches music in a school near Lubbock.

Mr. and Mrs. B. B. Jackson, Marilyn and Diane and Steve of Newark, Cal., have been visiting here this week in the home of his parents, Mr. and Mrs. R. B. Jackson, his brother, Clinton Jackson and family, his sister Mrs. Walter Seed, Mr. Seed and Cynthia. He is also looking after his farm in the Westway Community.

Mr. and Mrs. Gaylord Newell received word Thursday that their daughter, Mrs. Bill Calloway of Harlingen, had been badly burned about the face and hands when her oven exploded. She is hospitalized. Mrs. Newell flew to Harlingen Thursday afternoon. The Calloways have a baby son whom Mrs. Newell will care for.

Mr. and Mrs. Byron Durham have returned home from a fishing trip to Mexico. They accompanied her sister and family, Mr. and Mrs. E. L. Brandt of Amarillo. The couples drove to Presidio where they left the car and took the newly com-

pleted tourist line railroad from Ojinaga, Mexico, to Los Mochis. This railroad crosses the northern part of Mexico and runs within 12 miles of the coast. The Durham party fished from Siren Rock at Topolobampo where Mrs. Brandt caught a 25 - pound yellowtail. Topolobampo is off the Gulf of Lower California. Mrs. Durham says the scenery is beautiful, the fishing good, and many tourists are taking advantage of this new vacation resort.

Mrs. Jack Brown entertained with a Coke party at her home last Saturday honoring her sister Mrs. Erva Whitehead and son Allen who are visiting here from Washington, as well as Mrs. Jean Nelson and daughter, also from Washington state.

Those enjoying the courtesy included Mrs. Bartley Dowell, Mrs. Paul Lyons, Mrs. O. G. Hill Jr., Mrs. J. T. Carroll,

Mrs. Delbert Bainum, Mrs. T. B. Thomas Jr., the hostess and honor guests.

Mr. and Mrs. J. W. Floyd and his sister and husband, Mr. and Mrs. P. Bryle of Amarillo, were guests last Friday night in the Ben Thomas home. They were visitors also in the T. B. Thomas Jr. home. Mrs. Floyd is a sister of Ben and Jim. On Saturday the group went to Raton, N. M., where they were guests at the T - O Ranch of Mr. and Mrs. Bud Rabern. They attended the races at Raton and went into Colorado for some fishing.

Carolyn Creek, granddaughter of Mr. and Mrs. Byron Durham, is spending the week here with her grandparents. She came home with them when they stopped at Wink to visit at the Paul Creeks en route home from their Mexican trip.

The Durhams also visited Lu (Mrs. David Harmon) and family in Dallas before they came home.

LeAnn Crozier of Canyon, daughter of Mr. and Mrs. Bob Crozier, is spending the week here with her grandparents, the Jack-Wrights. Other visitors in the Wright home on Tuesday were Mr. and Mrs. Roy Henderson and Judy of Brock, Neb.

Mr. and Mrs. Edwin Brawley of Abernathy and their grandchildren Julie and Jolly James of Dallas were guests Tuesday in the home of Mr. and Mrs. Jack Renfro. Brawley is an uncle of Mrs. Renfro.

Mrs. Stan Sigman and Mrs. T. B. Thomas Jr. were in Lubbock on business last Thursday. They also visited

Mrs. Sigman's family there.

Mr. and Mrs. Roy Henderson and Judy of Brock, Neb., were calling on friends here last Tuesday. They had been to Lubbock to visit daughter Nancy and family, then visited in the home of his cousin, Mrs. Aubyn Hodges and family south of Hereford, and called in the Merlin Kaul and Jack Wright homes. Roy is a former resident of the Westway Community. They have run a chicken farm at Brock for many years.

Mrs. Bee Liston of Texola, Okla., was a guest last week in the home of her daughter, Mrs. Wendell Maloney. She stayed in the Maloney home while Mrs. Maloney was in the hospital. She is a third grade teacher at Ony near Texola.

Mr. and Mrs. Irving Willoughby and John entertained Monday night with a supper honor-

ing Mr. and Mrs. Tom Vaughn. Guests included the Vaughns, Mr. and Mrs. Ronald Matthews, Mr. and Mrs. Harry Schulz, Mr. and Mrs. Clarence Schulz and Edwin, Mr. and Mrs. Marcus Matthews and family, and Mrs. Elwood Skypala and Carol.

Mr. and Mrs. Ed Skypala and Mr. and Mrs. Neil Cooper returned home from Miami, Fla., the first of the week where they went to attend the international Lions Club convention.

SEE PICTURE - PAGE 9 SECTION TWO

Mr. and Mrs. Ronald Matthews, Mr. and Mrs. Wood Vaughn, Mr. and Mrs. Otto Massie, Mr. and Mrs. Guy Lawrence, Robert Boyd, Mrs. Otto Massie, Mr. and Mrs. Carlos Vaughn, Mr. and Mrs. Clarence Schulz and James, Mr. and Mrs. Harry Schulz, Mr. and Mrs. Fred Anthony, Mark and Stanley, R. M. Gunn, Mrs. R. L. Wilson, Mr. and Mrs. Ulys Pierce, Mr. and Mrs. P. M. Houser, Mrs. G. C. Merritt Sr., Mrs. A. L. Hopson, Rodney, Joe, and Grady Lee, Mr. and Mrs. Wendell Roe and Rusty, and A. J. Schroeter, all of Hereford; Mr. and Mrs. Merlin Kaul and Larry, Mr. and Mrs. Joe Landers, Mrs. Paul Rudd, Mrs. W. W. Thomas and Mrs. Bess Werner, all of Westway.

The Tom Vaughns were residents of Westway in the '50s. They lived where the Fangmans now live, three miles west of Westway Store. Mrs. Vaughn gave piano lessons and was a correspondent for the Westway News to the Brand. They have four children Leslie, who lives in Alaska; Duwayne, Sue and Kathryn, all of whom live on the west coast.

The Vaughns and Grady Wilsons left Tuesday morning to return to Sturgis. There the Vaughns will meet friends with whom they will return to Tacoma.

A party at the Merlin Kaul home in Westway Saturday night honored Mr. and Mrs. Tom Vaughn and Mr. and Mrs. Grady Wilson. Mrs. J. C. Morrison and Mrs. Joe Landers acted as co-hostesses. Refreshments were served, followed by the showing of slides which Mrs. Kaul made in Washington last summer. Games of "42" were played after which Mrs. Vaughn and Mrs. Wilson were presented token gifts of Texas Bluebonnet trays.

Those present included the hosts, Mr. and Mrs. Merlin Kaul, Mrs. J. C. Morrison, Mrs. Joe Landers, the honor guests, Mr. and Mrs. Tom Vaughn, Mr. and Mrs. Grady Wilson, Joe Landers, Larry Kaul, and Mr. and Mrs. Ralph Morrison.

Mrs. Charley Pavillard and her mother, Mrs. Mattie Shepard of Amarillo, were guests Monday in the home of Mr. and Mrs. Ralph Morrison. Mrs. Pavillard is Mrs. Morrison's mother and Mrs. Shepard is her grandmother.

Mrs. J. D. Vaughn of Santa Ana, Cal., has returned to her

NELSON RIEGER, OWNER
EM 4 3868 - HEREFORD, TEX.

Johannesburg, South Africa.) Dear Hereford, It is with much difficulty that I try to compose a letter of farewell to you, the people of Hereford. Where can I begin thanking you for your warmth, hospitality and kindness which have all helped make this past year the most wonderful and unforgettable one of my life. I find it incredible that my year in Hereford is over; it has gone far too quickly. At this stage I do not wish to say goodbye, but merely "au revoir," for I know that I will be back and not in the too-distant future, I hope.

From the bottom of my heart, a million thanks for everything. I certainly intend to let the South Africans know what marvelous people the Americans are... ops, sorry, I mean the TEXANS are! I will tell them too that Texas is not all cowboys and Indians and (unfortunately) not all oil millionaires!

To the next exchange students, best of luck, and I know that they will be as happy as Frank (Hergert) and I have been.

And now, au revoir, and I will never forget what Hereford means to me.

As Always,
Heather

CARD OF THANKS
We wish to take this means to thank the Westway neighbors and friends for the lovely money-tree sent to us for our 50th wedding anniversary. We

Young Homemakers Pick Kathy Boston As "Little Sister"

Kathy Boston, daughter of Mr. and Mrs. Jay Boston, has recently been elected as the "little sister" for the Young Homemakers of Texas chapter in Hereford. This is a new club comprised of the wives of the Young Farmers.

Kathy, a senior at Hereford High School, was selected because of her many activities in Future Homemakers as well as in the community. Her sophomore year, she was chosen football queen, a member of Tri-Hi-Y, a probationary member of National Honor Society, a twirler, a member of the Student Council, served as treasurer of F. H. A., attended the F. H. A. State Convention in Dallas, and attended twirlers camp at Gunnison, Colo.

During her junior year, Kathy was a member of National Honor Society, a member of Tri-Hi-Y, a Thespians, on the Student Council, runner-up for Junior Favorite, president of the Royal Rose Chapter of F.H.A., president of Area I F.H.A. treasurer of the Methodist Youth Council, attended a two-day workshop in Lubbock for F.H.A.,

Kathy Boston is "Little Sister" (Staff Photo)

was elected Cheerleader for 1963-64 and will attend cheerleader school at Norman, Okla., in July, was a twirler for the band and has an "A" scholastic average.

She will compete at the area Young Homemakers meeting in September at Plainview, against other "little sisters" of the surrounding area clubs for the area "little sister."

The Dead Sea, which is so salty fish cannot live in it, is rich in carnallite, a source of potassium.

BARRY LOVE, assistant agronomist with the High Plains Research Foundation looks over Panhandle-produced soybeans. Love is currently working in the Deaf Smith - Castro county areas on a research project dealing with soybeans. The experiment includes 40 test varieties of the crop. (HPRF Photo)

Frye Farm Grows Soybeans In Research Test Program

An experiment on production of soybeans got underway recently in the area in cooperation with the High Plains Research Foundation of Halfway, near Plainville.

C. Palmer Norton, a member of the Foundation board of trustees, arranged for a farm-centered research program on soybeans. It will be conducted on the Charles Frye farm at Easter. Frye, with assistance from Barry Love, assistant agronomist, and Paul Belcher, laboratory assistant, will conduct the research and testing program.

Eight experimental strains of soybeans developed at Halfway will be compared with the Lee variety and the Hill variety, both of which are adapted to this area. The area experiment includes 40 plots of soybeans which were planted on the Frye farm on June 11. The test area is located adjoining Farm - to - Market Highway 1306 just south and west of Easter.

Among the test varieties is the Hinn variety, which has been certified by the Plant Board of the Texas Department of Agriculture. The Foundation's seed for the Hinn variety is being produced at the George Sides farm in Castro County. This seed will be released to certified seed breeders in 1964 and will be generally available in 1965.

Two of the experimental varieties are for short maturing seasons of 82 to 90 days. These are expected to be classified as catch crops when weather conditions similar to the 1963 season occur again. The quick-maturing varieties, it has been pointed out, ordinarily do not produce as much as the slower-maturing types.

Norton was aided in locating the test plot in the area, by R. G. Peeler, Foundation vice president, and Grant Hanna, board member, both of Here-

Bloop Single In Sixth Gives Dodgers 6-5 Win Thursday

A Texas League single that bloomed into shallow center field gave the Dodgers a thrilling 6-5 victory over the Yankees in Thursday night's Little League play.

With two out and runners on second and third, Frank Hernandez dumped a fly just over the second baseman's outstretched glove for the winning run in the last of the sixth inning. A hit batter and a double had put the runners on base.

The Yankees took control of the game early with four runs on a single, a double by David Huckert, two walks and an error.

The Dodgers got one run in the last of the third on a single, a walk, a stolen base and a passed ball.

In the bottom of the fourth, the Dodgers took a 5-4 lead on the strength of a four-run rally from a single, an error, a fielder's choice that failed, four walks and another fielder's choice.

The Yankees tied it up, 5-5 in the top of the fifth with one run on a single and a fielder's choice.

Kevin Young singled and went all way to third for the Yankees in the sixth, but couldn't score.

With two out in the last of the sixth, Steve Coker was hit by a pitch and took first. Dusty Duncan rattled the boards with a double to center field. Then Frank Hernandez hit the first pitch for the single that won the game.

Ricky Adams started for the Yankees and went into the fourth before being relieved by Tom McGowan.

Tommy Pool went five innings for the Dodgers with Ishmael Urias finishing the game and getting credit for the victory.

Each team had six hits in the game.

In one of the minor-league games, the Giants trounced the Braves 24-3.

ford. Castro County board members cooperating in planting the tests and observing production were Steve Taylor, vice president, Ed McLeroy and Allen Webb.

Results of the test plots will be released after they have been compiled and analyzed.

The Giants lost little time as they struck for six runs on four singles, a double by Lynn Martin, an error and two walks.

John Sparks doubled for the Braves in the last of the first, but was caught off base as the team was blanked.

The Giants got another run in the second on two errors before they closed out the Braves for another inning.

Two walks and two passed balls allowed the Giants one run in the third.

But the Braves finally scored in the bottom of the third on two walks and a single by Sparks.

However the Giants garnered 12 runs in the fourth on three singles, eight walks, and an error. The Braves went down in order in the fourth.

In the top of the fifth, the Giants picked up four runs on three singles and four walks.

Last two runs for the Braves came in the bottom of the fifth on a double by Harold Schumaker, an error and a single by Eddie Robinson.

Greg and Steve Whitaker pitched for the Giants, limiting their opponents to three runs on four hits. They walked four between them.

Greg Bullard and Steven Vines pitched for the Braves. They gave up 24 runs on 11 hits and walked 15.

In the other game, the Yankees blasted the Athletics 20-8 behind a barrage of 14 hits.

The Yankees took advantage of early wildness to pick up

eight runs in the top of the first inning on six walks, a single, a double by Tommy Tuck and a call of catcher's interference.

The A's however, came back for three runs on three singles, a double by Leslie Wiggins and two walks.

In the top of the second, the Yankees widened their lead with five runs on four singles, a double by Loy Wylie and two walks.

The Athletics got three runs again in the second on three singles, a hit batter and two walks.

Four more runs came in for the Yanks in the third on two singles, a walk and a double by Sheldon Alexander. The Athletics got two runs in the third on an error and two singles.

In the fourth, the Yankees padded their lead with three runs on four singles. They shut out the Athletics with one hit and no runs in the last of the fourth.

Tim Thurman worked the first two innings and gained victory. He allowed six runs on seven hits, walked four and struck out three.

Ross Hardwick worked the other two innings and gave up two runs on three hits, walked none and struck out three.

Philip Pesina started for the loss. In less than one inning, he gave up eight runs on two hits, walked five and struck out none.

Leslie Wiggins finished. He was tagged for 12 runs on 12 hits,

walked one and struck out four. Alexander, Wylie and Chisholm Tuck, Higgins, Hardwick, each had two hits for the Yankees. Leslie Wiggins and Pesina each got two hits for the Athletics with Bill Pool getting three singles.

LITTLE'S OF HEREFORD

Shower And Open House For Pastor

By Mrs. Owen Andrews and Mrs. Charles Self

The Rev. and Mrs. G. W. Fine, Roxene and Ronnie, were hosts at an "open house" at the Frio Baptist church parsonage Sunday. Work on the inside of the house has been completed. On Wednesday evening, church members gave the Fines a "pounding", bringing gifts of food and items for the house. Refreshments were served at the church after the prayer meeting service.

Mrs. George Fine of Muleshoe, mother of the Rev. G. W. Fine, has visited her son and family here. She accompanied them on their Colorado vacation last week.

Mr. and Mrs. Jack Rogers and Laura are leaving this weekend for a two-week stay in the Blackfoot area of Idaho. They expect to spend the time helping the Rev. Eugene Branch hold Vacation Bible School for the Indians in that area. The Rev. Branch was one of the missionaries who spoke at Frio during the School of Missions last fall.

Frio 4-H girls are getting ready for the annual Dress Reue at Dimmitt, to be held on July 15. The second-year class, composed of Sammie Vinson, Dianne Adams and Mary Anne Vogler, have been meeting and working on blouses. They met for the fourth time on Tuesday in the home of their teacher, Mrs. Don Adams.

The third-year class, Edlana Vinson, Carol Robbins, and Jana Cole, met Thursday in the home of Mrs. Carlton Dobbins to work on dresses. Mrs. Dobbins is clothing leader for the group.

The first-year group met Friday in the O. R. Wylie home, with Mrs. Frank Rob-

AMERICAN RED CROSS Junior Gray Ladies and Staff Aides are shown completing charts which show the hours of service they have put in on community service. They are, from left, Patricia Maxwell, Marie Roberson, Charlotte Williams, Linda London, Linda Loerwald, Sandra Green, Diedra Thomas, Kaki Barnard and Fanelda Williams. The Staff Aides, Marie Roberson and Linda London, assist Mrs. H.

F. Neely in the office, while the Junior Gray Ladies are doing such things as registration for the Polio vaccine, work at King's Manor, baby sitting with the children during Water Safety Instruction and presenting programs for the Re-training Group at Amarillo Air Force Base. (Staff Photo)

They expected to return home the last of the week.

Taking Sunday dinner with D. C. Millers were Mrs. H. M. Mobley, Eugene Baldwin, Gerald Harder and the Floyd Coles.

Donna Dungan of Spearman has spent several days visiting the Floyd Coles and Earl Coles, in Hereford. On Monday, Mrs. Floyd Cole, Beverley and Mrs. H. M. Mobley were in Lubbock.

Among those attending the bridal shower at Pioneer Natural Gas building for Miss Donna Cole on Monday night were Mrs. Floyd-Cole, Jana Cole, Mrs. T. L. Sparkman Jr., Miss Alma Andrews, Mrs. Henry Dobbis and Mrs. Earnest Harder.

Mrs. Bill Struve and Kita, Glenda Menchew of Dimmitt and Mrs. Bernice English of Sprinklake were at Arlington, this week, seeing the "Six Flags over Texas" exhibition.

Mr. and Mrs. Leo Hall, Ramona, Reba and Ronnie visited relatives at Wellington and at Tipton, Okla., from Saturday until Wednesday. Mrs. Hall's father at Tipton has been seriously ill for several months. Gary White of Amarillo has spent several days with the Clark Andrews. His father, Wallace, is spending three weeks in summer Army camp, and Mrs. White and the children will be visiting the Andrews and Berrymans in Hereford part of that time.

Patty Robbins is spending this week with her grandparents, the F. Y. Moremans east of Hereford.

Visiting J. D. Stringer Sunday were his parents, Mr. and Mrs. E. L. Stringer, from near Lubbock.

Mr. and Mrs. Lester Reece and daughter, of Visalia, Cal., spent Tuesday night in the home of her uncle, W. H. Andrews and family. They had been to

Oklahoma visiting relatives and were enroute to Melrose N. M., to visit her parents, the Fred Andrews, and other relatives.

The relatives of Grady Manley gathered Saturday in the home of his parents, Mr. and Mrs. H. G. Manley, at Anton. Among them were a sister, Mrs. Frances Schultz and sons, Henry and Billy, of El Cajon, Cal. The Shultzes have been visiting the Manleys here this week.

Taking Saturday night supper at the Earl Coles were the Floyd Coles, Debbie Stringer, Mr. and Mrs. John Cole, Carolyn and Johnny and Mrs. David Helfendin and Geegg of Perryton. The Perryton folks were here to attend the wedding of Miss Donna Cole to Bobby Hudson on Saturday.

Visiting the D. C. Millers last week were a brother, Mr. and Mrs. Wallace Miller and sons, of Pasadena, Tex. They were on their way to Denver to visit other relatives.

Eastern Star Hears Reports; Plans Projects

The first meeting of the new year of the Order of Eastern Star was attended recently by twenty members. Dorothy Noiland, worthy matron, presided.

Catherine Moore, past junior matron, gave a report on her work for the past year. Reports also were given by Nell Cuipepper, secretary, and Frances Davenport, treasurer.

Project chairman, Belle Hromas, discussed her aims for the coming year. She would like four members to save their cash tapes from Taylor and Sons, Betty Crocker coupons, or give a book of stamps, any kind.

Mrs. Nelson Pays Official Visit To Hereford Rebekahs

Noble Grand Leona Love presided over the Tuesday, June 25, meeting of the Hereford Rebekah Lodge at the IOOF Hall. The deputy president of District 4, Gail Nelson of Dimmitt, made her official visit to the Hereford Lodge for the reading of her commission.

A letter from Louise Waddill asking the lodge to accept her resignation as incoming vice grand was read. Avis Brown resigned as financial secretary and was elected to fill the vacancy. Alyene Lomenick was then elected financial secretary and resigned as treasurer. Ada Hollabaugh was elected to the office of treasurer.

Accompanying Mrs. Nelson from Dimmitt were Mayme Birdwell and Nell Copeland. Sally Carter was a visitor also.

Hereford members attending were Mr. and Mrs. A. R. Rogers and Mesdames Jackie Bishop, Nellie Beauford, Leona Love, Avis Brown, Alyene Lomenick, Orpha Nickerson, Edna Bove, Alta Davis, Naomi Murrell, Belle Clark, Golda Stewart, Mae Smith, Gail Hamby, Mary Bradley, Addie Stallings, and Ada Hollabaugh.

SORE WINNER
FLINT, Mich. (AP) - John M. Jenkins thought he was the winner in a union-election bet, but after riding a mile in a bumpy wheelbarrow he's not so sure. Jenkins, campaign manager for the winning candidate, was pushed for the bet payoff by LeRoy Benish, manager of the losing candidate.

A thank you note from Mary Farley, deputy grand matron, district 2, section 3, was read.

Optimist Club Installs Officers

New officers of Hereford Optimist Club were installed at ceremonies held Wednesday at the American Legion Hut. Installing officer was Bill Phipps. Officers for the coming year are Charlie Sheetz, president; George Bloodgood, first vice president; Larry Summers, second vice president, and Gene King, secretary-treasurer. Vance Crume, retiring pres-

ident acted as master of ceremonies at the installation dinner. Guests from Amarillo Optimist club attending the meeting included Joe Jones, Harry Cassell, Bob Wood, Gene Letts, Mr. and Mrs. Jim Alexander and Jim Foreman. Other guests included the wives of club members.

Going Away Coffee Honors Departing Sorority Members

Ki Epsilon Chapter of Beta Sigma Phi had an informal coffee Wednesday morning in the Community Room of the First National Bank for two members who are moving from Hereford, Mrs. Bob Walker and Mrs. Ronald Babione. They were presented gifts from the chapter by Mrs. Charles Laing. Refreshments were served from a table covered with a white linen cloth and centered with an arrangement of pink roses. Mrs. Charles Laing served coffee from the silver service.

Members of the executive board, Mrs. Charles Laing, Mrs. Carl Hollingsworth, Mrs. R. J. Craper, and Mrs. Hicks Robertson, were hostesses. Other members present were Mesdames Irving Alexander, Ernest Wade, Larry Summers, Bill Kendall, Don Baugous, John Schneider, Aubyn Hodges, and the honored members, Mrs. Babione and Mrs. Walker.

Latin was not the original speech of Italy, but of central Latium. It is believed to have developed in the 5th century BC.

The Canada goose travels 8,000 miles each year in its round-trip migration.

TWO AUTOMOBILES WERE heavily damaged and a family escaped with only minor injuries as these two vehicles collided at the intersection of Lawton and East Third shortly before 1 p.m. Wednesday. Receiving minor injuries were Dr. and Mrs. Joe Whitley, 602 West Third, and their three-year-old daughter, Pam. Mrs. Whitley was the driver

of the car at the left. It was struck broadside in the middle of the intersection as the automobile driven by William Alber Hacker, 405 Lawton, failed to stop for the stop sign. Damage to his vehicle was estimated at \$700 with damages to the Whitley vehicle placed at \$500. The injured were treated at Hereford Clinic. (Staff Photo).

Thelma Snyder (Staff Photo)

Name Manager For Little's

Thelma Snyder has been appointed manager of Little's of Hereford, a dress shop. She has assumed her duties as a replacement for Mrs. Arthur Thompson, who died recently.

Miss Snyder has a long background in retail store operations. She has worked two years for Little's store in Lubbock and previously had been employed by Hemphill-Wells department store in Lubbock. She also has managed a dress shop in Pampa.

Miss Snyder originally is from Oklahoma. Her appointment was announced by W. B. Little of Lubbock, store owner.

ATTEND TRAINING SCHOOL

Attending the 1963 Synod of Texas Leadership Training School at San Antonio sponsored by the United Presbyterian Church, USA, are Mr. and Mrs. Francis Hardwick and Mrs. Oliver Streu, Ray, Ron, and Russell. The church school is being held at Trinity University. Those attending are representing the First Presbyterian Church of Hereford.

The South Pole is sunnier than any other place on earth during its summertime, but 90 per cent of the rays are reflected by the ice.

Brazilian pioneers leave the Eastern seaboard cities and "go West" to Goiás and Mato Grosso.

Merry Maidens Display Result Of Sewing Unit I
Members of North Hereford Home Demonstration Club were guests of a group of Merry Maiden 4-H Club girls at an achievement event Thursday afternoon, June 27, at the Community Center. Enrolled in Sewing Unit I, the girls modeled the garments they had made and displayed their sewing boxes, which were made from cigar boxes covered in adhesive plastic. Jo Ann Marnell narrated the program and introduced Mary Ann Vance, Kathleen Warren, Mary Kay Wagner, and Thelma Warren, who modeled their aprons, and Patsy Paetzold and Patricia Herr, who wore blouses they had made. The girls served refreshments to Mesdames John M. Gooch, Otto Olson, C. W. Jones, Mary Bodkin, Oscar Williams, Edward Paetzold, John Warren, Lester Wagner, and Misses Marilyn Jones and Carol Ann Williams.

Duvall, Allison Sparkle As White Sox Win Twin Bill

The White Sox won both ends of a doubleheader from the Tigers in Poy League Park Thursday night. In the first game, Gene Duvall twirled a no-hitter, but allowed seven walks, in winning 13-1. The second game saw the White Sox beat the Tigers 16-12 in a slugfest.

In the first game, the White Sox pushed in four runs on three walks, a double by Jimmy Allison, a single and a fielder's choice.

The Tigers got their only run of the game in the last of the first on four walks.

In the second, the White Sox got four more runs on two walks, two singles, three errors and a fielder's choice. Two more Tigers walked in the second inning, but couldn't score.

Five runs crossed the plate for the White Sox in the third on three singles, an error and another double by Allison.

One walk put another Tiger on base in the third, but to no avail.

Sharp defensive play kept the White Sox from scoring in the fourth, despite two walks, a fielder's choice and a double by Allison.

An error in the last of the

fourth allowed one on base, but he was stranded.

Duvall went the distance in a fine performance for the White Sox. He gave up one run on no hits, walked seven and struck out nine in the four-inning contest. David Evans was the loser with 13 runs on nine hits. He walked eight and struck out seven.

Allison was the top hitter with a single and three doubles in four times up.

The second game was a little closer.

The Tigers got a single in the first inning, but couldn't score.

In the bottom of the first, the White Sox picked up four runs. A single and a walk set things up for Allison's homer. Two more singles and a fielder's choice brought in another run.

The Tigers went down in order in the second and the White Sox got two more runs on a walk, an error and a single.

In the third, the Tigers came awake for three runs on four singles and a walk. That gave them heart, as they blanked the White Sox in the last of the third.

The Tigers took an 8-6 lead in the top of the fourth on five singles, a hit batter, a walk, an error and a double by Jerry Collier.

But the White Sox were equal to the occasion as they rallied for six runs on three singles, an error and three walks.

The Tigers again rose to the challenge and tied the game 12-12 in the top of the fifth with four runs on four walks, an error and a homer by Collier.

But the White Sox had power in reserve for the rest of the fifth as they used two singles and an error to lead the bases. Jimmy Allison made it a perfect night as he slammed a grand-slam homer.

Allison clearly was the player of the night as he hit seven times in seven times up. He got two home runs, three triples and two singles for a total of 16 bases and 16 runs batted in.

Gary Story started for the White Sox and went four innings. He gave up eight runs on seven hits, walked two and struck out four. Ronnie Houston got credit for the win as he allowed four runs on five hits, walked three and struck out one.

Lee Robinson went all the way for the Tigers. He allowed 16 runs on 12 hits, walked five and struck out four.

OFF THE Shelf

BY H. A. TUCK

What sort of people become spies and how do they work? Most of us have wondered about this "cloak and dagger" work and what actually is involved.

Col. Allison Ind, retired Intelligence Officer, has written an interesting and authoritative book on the subject, *A Brief History of Espionage*.

It is a new volume in the non-fiction part of Deaf Smith County library.

Colonel Ind begins his story in classical times and carries it through to the Bay of Pigs invasion. To some episodes, he

devotes a lot of space; to others, not nearly enough.

But in his chapter on the background of Pearl Harbor, he reveals some rather startling speculations as to the cause of the disaster.

Job, such as the part about mad Mithridates VI or the modern master spy Colonel Abel.

The author has done an excellent job of researching his Colonel Ind worked with Army intelligence continuously from 1940 until 1961, when he retired. His participation in the events of this span of years gives an exceptional interest to his appraisals of the methods of modern spying in England, France, Germany, Russia and the United States.

He has some definite thoughts about the development of intelligence work in the United States, which was a babe in the woods until after Pearl Harbor. He has high praise, however, for the dedicated pioneers who con-

fronted the need for accurate information and who risked their careers and reputations while battling for the establishment of an espionage apparatus.

Part of his work is devoted to the derring-do characters of earlier times, with a large portion on the activities of the lady spies of the Civil War days. He also talks briefly about the great spies of World War I and II, but gives only scant mention to the fabled Mata Hari.

His closing chapters are about the recent events that involved Soviet, American and British espionage and counter-espionage.

For a lesson in preparedness, or what a lack of it might cost, I could strongly recommend *A Brief History of Espionage* by Col. Allison Ind.

Year Reviewed By County HD Council

Ten clubs were represented Monday afternoon, June 24, at the meeting of the Deaf Smith County Home Demonstration Council in the County Court Room. The chairman, Mrs. A. E. Hodges, presided.

The chorus, finance, 4-H, market, recreation, reporter, and yearbook committee plans for the year 1962-63 were read, and most of the aims of each committee had been accomplished.

Plans were announced for a 4-H dress revue for July 12 at 8 p. m. in the high school auditorium. The Texas Home Demonstration Association state meeting will be held in San Antonio Sept. 17-19, and the National Home Demonstration Association meeting will be in Little Rock, Ark., Oct. 21-24.

Mesdames Charles Packard, E. C. Hammett, and Raymond Smith were appointed as a committee to audit council books and Mesdames Roy Evans, Ruth Coleman, and O. L. Williams as a committee to audit news agency books.

It was requested that worksheets be returned to T. H. D. A. chairmen by July 1.

Council members present were Mrs. J. G. Fortenberry and Miss Christine Fortenberry of the Bippus club; Mrs. Bess Warner and Mrs. Joe Landers from Westway club; Mrs. H. L. Hensley, Progressive club; Mrs. Raymond Smith and Mrs. Hardy Benson, Ford club; Mrs.

Charles Packard, Wyche club; Mrs. Louie Olson, Mrs. Grady Parsons, and Mrs. J. G. Gandy, Cultural club; Mrs. Carl Schroeder and Mrs. June Koelrer, West Hereford club; Mrs. Orval Galley, Dawn club; Mrs. Roy Evans, Young Homemakers club; Mrs. A. E. Hodges and Mrs. O. L. Williams, North Hereford club, and Mrs. Argen Draper, county home demonstration agent.

NEW YORK (AP) - One Queens industry not only is willing to accept men and women who have epilepsy as employees - that's one of the requirements for a job with the firm.

Epi - Hab, a nonprofit plant which assembles products on a subcontract basis, is manned by workers who are, with the exception of supervisors, epileptics.

VISIT TUCUMCARI - Mr. and Mrs. Clinton West spent Thursday, June 27, in Tucumcari, N. M.

VISIT IN HEREFORD - Mr. and Mrs. George Herbert, of Albuquerque, N. M., were in Hereford last week visiting Mr. and Mrs. Howard Beasley and Brenda. They left on Tuesday, June 25.

Mosquitos are especially attracted to people who eat bananas, according to a Filipino experiment.
