## Whitefaces Meet Canyon Tomorrow in Season Opener

A young and eager squad of Hereford Whitefaces will go through a light workout this afternoon and then rest for Friday night's football season opener against the hefty Canyon Eagles. The game will begin at 8 p.m. at Hereford High stadium.

"I'm worried to death. I always am," head coach Jack Harris said Tuesday. "We really don't know how the kids will react until they get on the field."

"Canyon's tough. They play the whole ball game. They won over Slaton in the last quarter last week. They're big and experienced and outweight us considerably," Harris said.

"Our boys are in a good frame of mind. The cool weather has helped a lot. They're young and eager," he added.

HARRIS SAID the team is free of injuries so far. Second team fullback James Teas suffered a slightly sprained ankle last week but was going full speed Monday. Saturday the Whitefaces engaged Brownfield of District 2-AAA in a 1½ hour scrimmage.

"There was a lot of good hard hitting, blocking and tackling Saturday," Harris said.

"Our offense didn't look real sharp most of the time, but we thought our defense looked good. We scored one touchdown in the scrimmage. They got down close a couple of times but never did score," Harris added.

CANYON DEFEATED Slaton last Friday by 26-13, after trailing 13-6 at halftime.

Harris said Canyon runs the T formation and has big backs, particularly Eddie Boydston, 190-pound fullback.

Canyon is favored to win District 2-AA.

"We'll primarily be a running ball club, but we do have a fair passer in Fred Lookingbill, (quarterback)," Harris said.

Today the Whitefaces will work without pads, taking a warm-up and reviewing plays and strategy. They will use the Split T formation.

Of the 11 starters, Harris will have seven lettermen.

IN OTHER ACTION Friday involving District 1-AAA teams, Phillips will be playing Fort Worth Tech at Phillips; Littlefield will be at Plainview; Levelland hosts Brownfield, and Dumas is idle.

Five of Hereford's nine, scheduled opponents played last weekend. Canyon dumped Slaton, 26-13; Dimmitt smashed Springlake, 44-0; Muleshoe defeated Clovis, 14-13; Tulla defeated Memphis, 20-12, and Abernathy blanked Olton, 19-0.

Probable starters for Hereford are Steve Slagle, right end; Dan (Continued On Page 2)

## STRIKE UP THE BANDS

A public meeting to organize a proposed concert series featuring an appearance by the Amarillo Symphony Orchestra here this fall will be held at 8 p.m. today in the conference room of the Deaf Smith County Chamber of Commerce, 315 Sampson.

Don Moore, Hereford High music director, said plans also include appearances by the local high school band, choir and possibly an operetta by local performers.

# Action on Labor Camp Road Postponed Again by Court

The proposed new Labor Camp road was considered again Monday by members of the Commissioners Court, and again was tabled. This time, the commissioners said any future action would depend on the outcome of a conference with district highway engineers.

But after a visit paid to the Labor Camp by Commissioners J. T. Guinn, Donald Hicks and Charles Sowell, prospects for quick county action on the petition by 123 citizens for the road looked even more remote. Guinn and Hicks expressed the fear that a visit by a state health inspector might result in the closing of the camp due to its unsanitary condition.

County Health Officer Dr. R. R. Willis was called in to discuss the

## Annual Golf Meet Opens Here Today

Medalist and championship flight qualifying play in the sixth annual Hereford Invitational Golf Tournament will be held today in addition to the West Texas Pro-Am tournament and the Hereford Cup Matches.

Jack Williams of Plainview, defending champion, broke the municipal course record Sunday in a warm-up match. Williams fired a 63, one stroke below the previous record. Professionals Joe Lopez of Muleshoe and J. D. Taylor of Denver had held the record.

In addition to breaking the 18-hole record, Williams tied the nine-hole record set recently by Charles Seed of Hereford. Williams had a 33 on the first nine as compared to a par 36, and 30 on the back nine.

Williams teamed with Jay Smith of Plainview to beat local professional Bud Posey and Seed, 2-1. Smith had a 75, Seed a 72, and Posey a 70.

The pro-am match today will go 18 holes as will the cup matches. Hereford has won the cup the last two years and if it wins this time will retain the cup.

Invitational play begins Friday and will cover 18 holes Friday and again Saturday with 36 holes slated for Sunday.

Ten entries had been received as of Wednesday morning. About 100 golfers are expected to compete.

health conditions prevalent in the camp. With his characteristic frankness, Dr. Willis informed the board that such improvements in the Labor Camp facilities as they seem to believe are needed would cost about \$250,000.

MAINTAINING the improvements, should they be made, would require employment of constant supervision, Dr. Willis declared. He added that it does not appear that the county is financially able to undertake rebuilding of the camp, which is owned and operated by the Hereford Housing Project.

In answer to questions from the commissioners, he stated that he has not noted any new diseases in the county that

## Wildcat Test Is a Failure

Frankfort Oil Co. abandoned its rig in Deaf Smith County over the weekend, stopping drilling on Allison and Hays No. 1, 22 miles north and four east of Hereford.

Frankfort had staked another location in the county on the Joe Coffey place five miles southeast of Vega, but Ray Rhoads, Frankfort geologist, said Tuesday he didn't know if that site would be drilled.

The Allison and Hays rig has been moved back to Oklahoma, Rhoads said. He said drilling was halted when the bit hit granite at 8,379 feet.

Rumors of two other locations being planned in the county have not been confirmed. Frankfort Oil is not involved in the rumored locations. (Continued On Page 2)

# School Expansion Plan Delayed for New Study

## Shirley School Is Seen as Possible New Junior High

Hereford school trustees are going to take a good look at classroom space needs before calling for any citizens' action on the much discussed high school expansion program. Mushrooming enrollment indicates two school bond elections will be required within a very few years, according to Tom Robinson, board president.

Robinson scheduled a morning session, during which actual classroom conditions will be observed, as one of the final acts in Tuesday night's regular session of the school board.

Routine school operations, budget studies, and maintenance and repair problems were other matters on the agenda during the meeting, but the special problems brought about by mushrooming enrollment took up most of the time during the four hour meeting.

ENROLLMENT reached 2,535 Tuesday morning in the seven schools within the Hereford system. Supt. Fred Cunningham told the trustees. This marked an increase of 98 over last Friday's total, and is 54 more pupils than were ever before on the schools' rolls.

The elementary schools, including Dawn and Parkview, now have 1,528 pupils, compared to about 1,280 at the period of peak enrollment last year. Stanton Junior High has 373 pupils compared to 334 at the peak enrollment period of 1956.

Hereford High School, designed for 500 students, now has 634 pupils, compared to a peak of 519 in 1956.

Supt. Cunningham suggested to the trustees that they carefully study the present situation before scheduling further action on the proposed school bond election.

LAST SUMMER, following studies with two citizens advisory groups, special consultants and an architect, the school trustees gave tentative approval to a program calling for 11 new classrooms, a girls gym and a cafeteria to be constructed at the high school. Calling of a bond election, necessary before any major school construction program, was slated then for early September.

Indications that the high school expansion plan may have lost its impetus in the minds of at least part of the trustees came when W. R. (Dub) Hair suggested to the board that Shirley Grade School be converted to a junior high school and the district adopt a 6-3-3 grade division plan.

He noted that this would mean the building of a new elementary school in the immediate future, but said he felt that such a pro-

## Stolen Explosives Prompt Warnings

Fifty pounds of dynamite and four electrical blasting caps were stolen from the Republic Exploration Co. Sunday night and warnings have been issued to persons, particularly children, who might find the deadly material.

Sheriff's officers are investigating the theft.

"Those caps are actually more dangerous than the dynamite unless they are stored together," said Gary Crow, party manager of the Republic crew which is doing seismograph work in the county.

"Anything from a flashlight battery on up can set those caps off and they can blow off an arm or maybe kill a person," Crow said.

The explosives were taken from a metal trailer and the caps from a nearby magazine in an open field near the Ed Paezold farm just south of Hereford.

Locks were knocked off both the trailer and the magazine, Crow said. "Somebody who knew what they were doing snapped those locks right off," he added.

All Hereford school children have been warned about the caps. The caps are the size of cigarette and bronze in color. They have two wires, one red and one yellow, coming out of one end.

Crow said the dynamite is hard to set off without the caps. He said a rifle bullet or a hard jar might set it off.

"Whoever has it ought to turn it back to us or to the sheriff," Crow said.

No suspects have been located. Deputy J. T. Sanderson said.

## Adult Education Program Hinged on Enrollments

All persons interested in night adult education classes are asked to contact the school superintendent's office, 1837, or Joe Smith at 1780 and give their preferences for courses.

If there is enough demand classes will be offered in typing, shorthand, bookkeeping, commercial law, business English, history of the Southwest and professional writing.

Each course would last 10 weeks and include two hours of instruction per week, Smith said. This is the second year for adult education classes to be offered. Last year typing and professional writing were taught by Smith.

Fee per course will be \$28.50, Smith said.

No credit, high school or college, can be given for the instruction. Classes will be held in Hereford High School building.

Smith said he would like to know the preference of those interested as soon as possible. He said he would try to start classes no later than Oct. 1.

## ASC Committee To Be Selected

Ballots cast in the county Agricultural Stabilization and Conservation committee election, which ended Tuesday, will be counted Friday by members of the tabulation board, according to Faust Collier, Agricultural Stabilization and Conservation office manager. He advises growers to study the restrictions carefully before deciding on action.

The law provides that growers must sign an agreement if they plan on seeing the 30 non-allotment acres, with Oct. 15 or the date of wheat seeding as the deadline for signing. All of the wheat produced must be used for feed, seed or human food on the farm where produced. None of the crop may be sold, bartered, or exchanged and none of such wheat will be eligible for price support.

No opportunity to dispose of excess wheat now stored on the farm is afforded. And growers who hoped they might build their wheat planting history are due for a disappointment.

The law provides that for 1958 and thereafter any wheat acreage in excess of the farm allotment will not be considered in establishing future farm, county or state allotments.

The marketing quota law is not affected, and growers who violate the regular marketing quota laws will be subject to regular penalty provisions.

Government forms for growers wishing to plant up to 30 acres in excess of their allotment, under the new law's provisions, are expected to be available at the local ASC office next week.

## Advises Study of Feed Wheat Law

The new feed wheat law, which will permit planting up to 30 acres of wheat for use on the farm where it is raised, may not prove as attractive to growers in this area as was originally thought.

A memorandum outlining the restrictions of the law was received here this week by Faust Collier, Agricultural Stabilization and Conservation office manager. He advises growers to study the restrictions carefully before deciding on action.

## Boxers, Grappler Begin Workouts

Eight boxers reported to Athletic Club coach Melvin Young at the Bull Barn Monday afternoon to begin workouts for the coming season.

Only one wrestler showed up for Wayne Lawrence Monday at the gym in Veterans Park, but Lawrence said he has hopes of getting more boys out. He had called another session Wednesday night.

The boxers are working out daily beginning at 5 p.m. Boys out are David Green, Gene Waits, Dwayne Wallace, Bobby Tyler, Bobby Tice, Ray Collins, Tommy Fulgham and Jeff Gomez Jr.

An intra-squad boxing night is scheduled for Sept. 30 and bouts with other towns are planned for later.

Lawrence said he could get wrestling matches with other towns, "if we can get the team started." He said football was attracting some of the wrestlers. Last spring he had 20 boys out for the sport.

## Around Town

The public hearing on the county budget for 1958 has been scheduled by the Commissioners Court for 11 a.m., Monday, Sept. 23. All interested persons are invited to attend.

Last Friday's hard winds apparently brought headaches for many farmers, along with just about enough moisture to settle the dust. A lot of grain sorghum, forage sorghum and corn fell over as a result of the gusts. Combining and binding will go slow in fields where grain and stalks have been tangled with parallel rows.

The B teams of West Texas State and Hardin-Simmons University will play a football game here Thursday, Sept. 19, at 8 p.m. at the high school stadium. The Hereford Lions Club is sponsoring the contest.

The Hereford Garden Club will dedicate the Peace Roses it planted at the high school in an assembly program at 9:30 a.m. Friday. The roses are in memoriam of Hereford High School boys (Continued On Page 2)

## Merchants Plan Special Session

The Hereford Merchants Assn. will hold a special meeting at 10 a.m. Friday in the ballroom of the Jim Hill Hotel to consider formation of "The Hereford Boosters," an organization which would replace the merchants group.

The Boosters would collect annual dues of \$6 per merchant and the money would be used for retail sales promotions. The present association does not collect dues.

The new group, if formed, would act as a committee of the Deaf Smith Chamber of Commerce, as does the Merchants Assn.

An attendance drive is being conducted and it is hoped 75-100 will attend the meeting Friday.

## Last Rites Here for Abilene Man

Funeral services were held early this week for Archie H. Pool of 341 Grape Street, Abilene, at the First Baptist Church there, where he was a member. The pastor, Dr. Edwin L. Skiles, officiated. Interment was in Abilene.

Mr. Pool died Sunday at the home of his son, Lloyd Pool, in Hereford. He had come here Sept. 6 for a visit.

He was born Feb. 14, 1880, in Rome, Ga., and moved to Texas from Georgia as a child. Mr. Pool was married Oct. 28, 1907, to Jettie Jordan in Melrose, N. M.

He is survived by his wife, Mrs. Jettie Pool, Abilene; two sons, Lloyd Pool of Hereford and A. H. Pool of San Antonio; three brothers, S. A. Pool of Petersburg, Charles Pool of Portland, Ore., and Robert Pool of Long Beach, Calif.; and two grandchildren.

Gilliland Funeral Home was in charge of arrangements here.

## CORRECTION

A United Fund board meeting to consider the recommended 1958 budget of \$31,275 will be held Tuesday, Sept. 17, not Sept. 10 as reported in the Sunday Brand.

The meeting will be held at 7:30 p.m. in the directors room of the Hereford State Bank.

### Girl Slightly Injured by Auto

Opal McCutchen, 14, of Hereford was released Tuesday by Deaf Smith County Hospital after being treated for injuries received Monday morning when she was struck by a car driven by R. L. Blackburn, 19, of Hereford. Miss McCutchen received bruises when she was hit by Blackburn's car at the intersection of Highway 60 and Main. She was taken to the hospital by Gilliland Ambulance. City police investigated the accident. Two minor accidents occurred Monday morning in Hereford. At 8:40 a.m. cars driven by Jesus Garcia Castillo, 20, of Hereford and Mrs. Wilma Curtisinger, 39, of 112 Ave. D, collided in the 100 block of Main. Total damages were estimated at \$35. Mrs. Curtisinger was given a ticket for failure to grant right-of-way. At 10:45 a.m. on E. 3rd just west of Sampson, a car driven by Mrs. Marjori Hilliard, 29, of Happy collided with a pickup driven by Leonard Albert Wall, 60, of 303 Myrtle causing damages estimated at \$49. Wall was cited for illegally starting from a parked position.

(Continued From Page 1) gram might result in less expense than a high school expansion program, which would have to be followed with elementary and junior high school additions.

**THE 6-3-3 GRADE** division plan, which provides for six elementary classes, three junior high, and three high school classes, previously has been recommended and given tentative approval for future adoption for the Hereford system. A 6-2-4 plan is now followed. University of Texas consultants who met with the board last summer suggested the use of Shirley as a junior high building as an alternative the board might consider. Cunningham said that conversion of the 20 classroom structure from elementary to junior high use should be relatively simple.

He introduced the discussion leading to Hair's proposal with a comment that the trustees will have to begin soon to consider the addition of classrooms to Aikman school, which was opened only last year. He noted that with the present buildings, and anticipated enrollment figures, additional grade school classrooms will be needed by 1960. All classrooms are now in use. The trustees okayed employment on a temporary half-time basis of Mrs. Vi Chisholm and Mrs. J. T. Sims as elementary teachers, to meet a shortage resulting from bigger enrollment than was anticipated. Three other teachers were appointed, to fill vacancies created by resignations. The new teachers are Mrs. L. C. Thomas, fourth grade; Mrs. Georgia Fisher, junior high homemaking teacher; Mrs. Gertrude B. Murray, Parkview. They replace Mrs. Evelyn Francis, Mrs. J. W. Whelan and Mrs. Odegal Wilson, respectively.

**CUNNINGHAM SAID** that, with 47 pupils now enrolled in the six grades at Parkview, Negro grade school, it may be necessary to employ a third teacher there. In answer to a trustee's query, he said that seven Negro pupils are now enrolled in Stanton Junior High.

Both the junior and senior high schools in Hereford are open to Negro students. No colored students have yet applied for high school admission. Financial Secretary Fred Baird made his final report on the operation of the \$825,000 budget for 1956-57 school year, noting that actual receipts had exceeded the \$409,177.04 from taxes forecast earlier by about \$10,000. This, plus the sale of eight acres of land at the end of N. Texas Ave., resulted in a \$20,712 operating fund balance. Earlier budget studies had indicated the district would "break even" on last year's budget.

**BAIRD SAID** that the property valuation for school tax purposes within the district is now approximately \$28,250,000, an increase of almost an even-million dollars over last year's total of \$27,278,469. The board approved employment of Cornell and Co., Amarillo accountants, to conduct a routine audit of the school's financial accounts. Letting of the auditing contract will be subject to approval of a three man committee, with Cunningham, Hair, and Bert Boomer, board vice president, as members. The trustees also approved a proposal to publish the district's financial statement in The Brand as soon as is practical.

### Bible Words for Today

**II PETER 2:20** — "For if, after they have escaped the defilements of the world through the knowledge of our Lord and Savior Jesus Christ, they are again entangled in them and overpowered, the last state has become worse for them than the first." (RSV)

Committees on evangelism are concerned about the great host of members our churches lose via the 'back door.' The backsliding Christian doesn't get into trouble in the Lord's service. It is when he deserts and turns from his duty that his trouble begins. The old shepherd who offered a prayer in the great Welsh revival put it exactly right when he lamented his backsliding in these words: "Lord, I got among the thorns and the briars and was scratched, torn and bleeding, but Lord, it's only fair to say that it was not on Thy ground, I had wandered out of Thy pasture."

The condition of entangled souls is still with us. Selfishness, covetousness, lust, indifference and lack of reverence, all take their toll. God's word tells us how these entanglements may be overcome. But the better way is to avoid them by throwing oneself into the thick of the fight for Jesus Christ and His righteousness.

If 75 per cent of the pupils enroll in the program, special coverage for high school athletic team members will also be available to the school for only \$1. If less than three-quarters of the students participate, the special coverage policies will cost \$8.

The trustees approved purchase of a \$685 mimeograph, a \$240 photo duplicator, and a \$240 Comptometer and receiving Comptometer at \$581.40, for use in the superintendent's office. These items, which had been included in the year's budget, plus six filing cabinets for use in various offices and classrooms were approved for purchase after Cunningham told the trustees that no major purchases, even if budgeted and approved, will be made this year without board approval.

**THE additional classroom equipment to be purchased, which is expected here by Sept. 20, will include \$439.50 for first grade desks, plus \$465 for desks and chairs for other elementary grades.** After a discussion of minor troubles noted in the new Aikman structure, the trustees directed Cunningham to contact the contractor regarding replacement of a part of the sidewalk on the south side of the building. Repair of the boiler at Stanton Junior High, which included installation of new electric controls and a new burner, plus replacement of interior braces and some flues is expected to cost just over \$2,000, the superintendent reported. The trustees had previously considered replacing the boiler at a total cost of over \$8,000, but decided on the repair job after inspection revealed that might prove more economical.

Present for the meeting were board members Robinson, Boomer, Hair, W. P. Axe, Ralph Hastings and B. F. Cain; Cunningham, Baird and Muse of the school administrative staff. Trustee Marcus Latham was absent.

Press Association annual ad meeting last week-end one of the speakers was dwelling on the impact of pictures in ads. He listed pictures in their importance of commanding reader attention as follows: "1. babies; 2. dogs; 3. nude women;"

"If you had a picture of a nude woman carrying a baby and leading a dog down Main Street, you would top them all," said the speaker in conclusion. No one argued with him, but it will probably be a long time before such a picture is used, especially in The Brand.

Newsmen attending the session, some 150 in number, were inclined to think that Gov. Daniel WILL CALL the special session discussed for some time. Many of them also felt that the governor would gain prestige from the session, due to the fact that it is aimed against lobbying as practiced in our capitol. I was one of the few who argued that his proposed bills may meet with disfavor during the session. In all probability, Gov. Daniel is right about the need of reform bills, but it is getting into politics. People in general don't care a lot — and many of them do not dig into the facts enough to fully understand the situation. To the public, will be just "some more politics in Austin."

PAYMENT DEFERRED DENVER, Colo. (U) - Colorado State Treasurer Homer Bedford received an unexpected check for \$100 recently. The check came from John Curtis Wood of Chesterton, Ind., one of 1,017 World War I doughboys who borrowed up to \$200 each as educational loans from the state in 1919. Bedford said it was the first time in almost 20 years Colorado had received any payments on the loans, 859 of which are still outstanding.

When it comes to topics for conversation, football and Arkansas integration seem to be about a draw in these parts. If anything, football might hold a little edge.

Gov. Orval Faubus is still sticking by his guns, though, and is providing a breakfast topic all across the nation. Bill Lenderman is one of Faubus' staunchest backers in this area. The incident has also served to point up the integration question in other parts of the country, even including the six or seven colored students now attending Stanton Jr. High. The problem is nothing, of course, compared to those areas in the South, where negroes actually outnumber the white students — sometimes by a large margin.

While there are those who object to integration, even on the small scale seen in Hereford, we are fortunate in that the problem is not so complex as it will be in Dallas, Ft. Worth and many East Texas towns and cities. I doubt if we will ever use the National Guards; instead, we will probably settle for a couple of Texas Rangers.

FOOTBALL is with us for several months to come. I still think that Coach Jack Harris will come out with a fighting team. He is bucking a lot of odds this year and cannot be expected to turn out any district champions — but I figure that everyone who manages to "outscore the Whitefaces" will definitely be talking about that "fighting Hereford team." Jack and the boys are working hard. Certainly, he is no magician, but don't be too surprised if he pulls a rabbit or two out of the hat before the season closes. It just might happen!

Kenneth Coker, gained a new title the other day, when he was labeled the "Rotary Club Comedian." It all happened while Jane Newsom was showing slides taken on her recent trip to Europe, assisted by Francis Hardwick at the projector. Francis was running the slides through pretty fast in an effort to complete the program on schedule and, during a reloading interlude, asked:

"Am I going too fast?" Before Jane could answer, Coker chimed in: "Are those slides? I thought you were AT AUSTIN during the Texas

### showing moving pictures!"

Dr. Adams, contrary to anything you may have read in the Bull column, is a gentleman and a scholar. He came trooping in the other day with six of the biggest, finest looking peaches in Deaf Smith County. They actually do look like a photograph from one of those seed magazines. I accused him of importing them from California, but he really did produce them at his home south of town. I went out and looked at the tree. I always hate to apologize, but I think Doc has it coming. So far as I am concerned he is the "Peach King" of Deaf Smith County.

Which reminds me, there is a little magazine called THE FORE-RUNNER, published in Amarillo each month; this week it featured Deaf Smith County and Hereford. They went clear back to the days of "Tater Joe," who grew a bumper crop of spuds in Hereford while everyone was telling him "it couldn't be done." The article also adds:

"Today Hereford, in harvest time, receives more than 5,000 phones calls each day from produce buyers all over the nation — shipping out hundreds of carloads of potatoes, onions, cabbage, beets, tomatoes, beans, lettuce, squash, sugar beets and other garden produce."

## Bone Up on Beef Grades, Market Specialist Advises

By JANE EADS

WASHINGTON — With prepackaged meat coming into prominence, the housewife is more or less on her own at the meat market. There's no longer a friendly butcher to advise her on selecting the family meat supply.

Knowing the appropriate grade and cut to select for a particular meat dish is the first step to consider in menu planning, according to Kay Nawn, marketing specialist in the Livestock Branch, Department of Agriculture. Miss Nawn travels all over the country talking to consumer groups on meat selection. She says if you bone up on the subject you will spend your meat dollar wisely and please the head of the house and the kids.

It's easy to distinguish different cuts of meat, she says, if you look at the federal grade stamp. This also tells you the cut. There are some 450 federal meat grades in all important meat marketing centers throughout the country. They judge meat for quality and then stamp a long purple ribbon on it so that even on a relatively small retail meat cut you

should be able to see some portion of the marking.

To learn more about these federal grades, you can write to the U. S. Department of Agriculture, Washington 25, D. C., and ask for Leaflet 310, U. S. Grades for Beef. Single copies are free. The booklet is one of the 10 most popular among government publications.

The class of meat obtained from cattle varies with age. From birth until three months of age, cattle meat is classified as veal; from three months to one year the grade will stamp it calf. After one year it's beef. Federal grades usually available to you are U. S. prime, U. S. choice, U. S. good, U. S. standard, U. S. commercial and U. S. utility.

"Knowing grades is very important, but knowing meat cuts is important, too," says Miss Nawn. "When beef is plentiful and prices are reasonable you might consider larger cuts of beef and using one cut in a variety of ways."

A blade chuck roast can be divided so a housewife can prepare four different types of meat dishes. A steak may be taken from it,

MARKET SPECIALIST Kay Nawn shows how to cut steaks from the top of a blade chuck roast. The rest can be used for hamburger, stewing beef or as a pot roast.

part used for hamburger, part for stewing beef, part for pot roast. Steaks cut from rib roasts, says Miss Nawn, compare in palatability, tenderness and flavor with the more expensive club steaks.

People buying larger cuts of beef will find lower cuts such as standard and commercial suit their needs for hamburger, stewing beef and meat loaf and cost less per pound. Miss Nawn says however, that if you're planning on roasting, or broiling, it's wiser to limit your selection to U. S. choice or good grades.

# Frosh, B Team Open Season at Canyon Tonight

## Stanton Junior High Gridders Prep for Opener

A total of 87 boys are out for the seventh and eighth grade football teams at Stanton Junior High School. Both teams will open the season here Tuesday against Muleshoe.

The seventh grade, with 41 on the squad, will play Muleshoe at 6 p.m. and the eighth graders will hold their game beginning at 7 p.m. Both games will be played on the Hereford High football field.

J. E. Moad is coaching both teams at the junior high. He works with the seventh graders in the mornings and the eighth graders in the afternoons.

Moad, in his third year at Stanton, has not selected his starters for the Muleshoe games, but plans to do so later in the week.

Carrying out the pattern followed by all the school football teams in Hereford, the Junior High boys will use the Split-T formation on offense.

Both seventh and eighth grade teams have seven games scheduled, three at home and four away. There is not an organized district for the junior high schools in the area.

On the roster of the seventh grade squad are Gary Smith, Barry Gabbert, John Willoughby, Donnie McDonwald, Billy Borwn, Bill Fitzgerald, Jackie Nicols, Terry Teaschner, Dwight McGee, Ronal Long, Ronald Bell, Van Smith, Charles Callaway, Terrie Caywood, Gerald Fowler, Lee McMurray, Don Wright, Carl Stapp.

Pat Smith, Terry Watson, Wayne Gresham, Donald Payne, Mike Kelley, Royce Turner, Austin Hodges, Eugene Green, Jay Boynton, Jerry King, Jimmie Bridges, Judon Fambrough, Jackie Lee, Wayne Hastings, Billy Madden, J. R. Morris, Phillip Treadway, Jim Grubbs, David Dowell, Ronnie Welty, Darvin King, Lynn Robbs and Bill Steele.

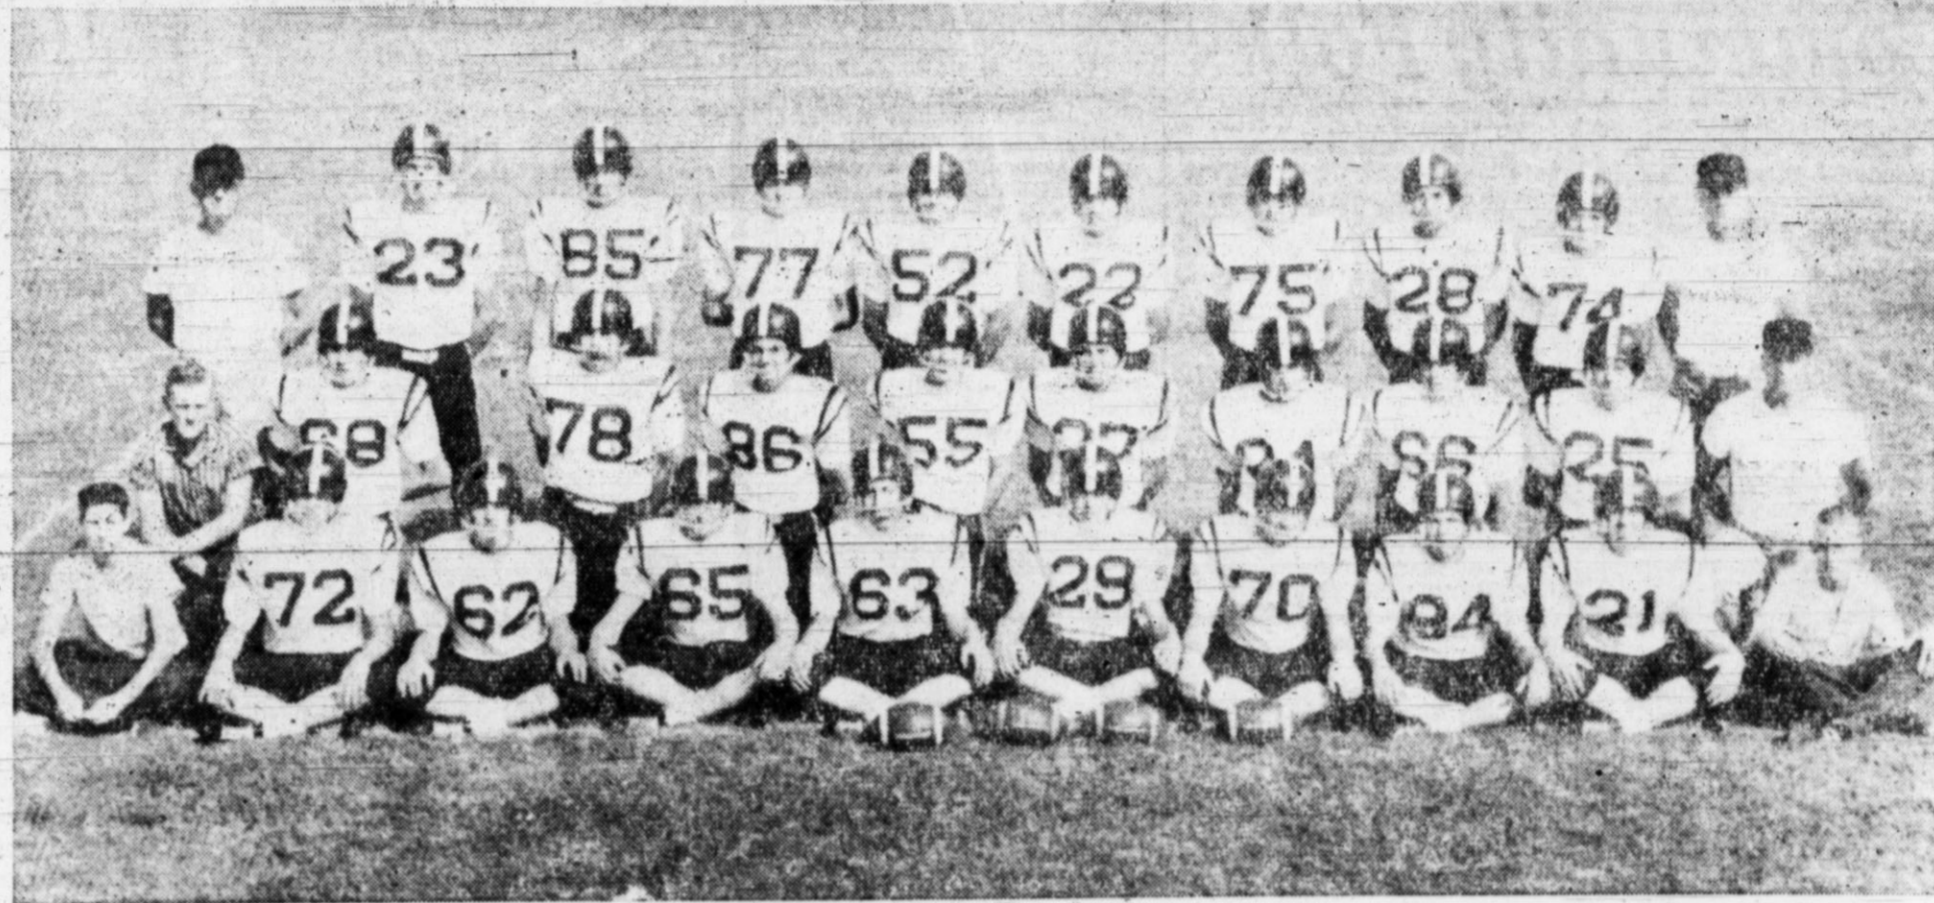

### STANTON'S SCHEDULE

## 36 Players Out for Teams; Full Schedule Booked

Football season for Hereford High's B squad and freshmen team opens today when both squads go to Canyon to meet their counterparts at Canyon High School.

The frosh will start things at 6 p.m. and the B team follows with its game at 8 p.m.

There is no conference play for either team, both playing for experience during the season.

Cuby Kitchens, head basketball coach, is directing both teams. He is assisted by Rookie Rogers, new physical education instructor and assistant coach.

There are 13 players on the B squad and 23 on the freshmen team.

Both clubs are running the Split-T formation as does the first team.

The B squad will play nine games this season and the first-year men have eight contests scheduled.

Kitchens has selected the probable starters for both games tonight.

Named for the B squad are James Brogdon, quarterback; Joe Sherman, right halfback; Eddie Burgon, fullback; Dwayne Cassels, left halfback; Deannie Hudson, right end; Julian Gandy, right tackle; Dwayne Poteet, right guard; Pat Parker, center; Layne Poteet, left guard; Jeff Gomez, left tackle, and Keith Smith, left end.

Other members of the squad are Jackie McNeese and R. C. Welty.

Starting for the freshmen will be Ronnie Botkin, quarterback; Clyde Whitaker, right halfback; Eddie Skypala, fullback; Curtis Richie, left halfback; Charles Thomas, right end; Leon Vogler, right tackle; Wayne Milner, right guard; Edwin Thomas, center; Jerry Clark, left guard; Sammy Soul, left tackle and Lisle Patton, left end.

Others on the freshmen team are David Canfield, James Gentry, Bud Martin, Charles Turner, Butch Smith, Edsel Roe, Don Scott, George Paetzold, Eugene Baldwin, Wendell Roe, Ronnie Caster and Wayland Northcutt.

The B squad will play four games at home, meeting Tulia here on Sept. 26; Dalhart on Oct. 17; Dumas on Nov. 7 and Canyon on Nov. 14. Away the team will play at Dimmitt on Sept. 19; Muleshoe on Oct. 3; Littlefield on Oct. 31, and Phillips on Nov. 21.

The Freshmen also have four home games, meeting Tulia on Sept. 26; Plainview on Oct. 10; Littlefield on Oct. 17, and Canyon on Nov. 14. Away they will meet Littlefield on Sept. 19; Dimmitt on Oct. 3; and Plainview on Oct. 31.

# Parties, School, Visits Occupy Community Folks

By MRS. GEORGE D. ZETZSCHE

A birthday party honoring Sammie Ann Vinson was given Friday afternoon, Sept. 6, by her mother, Mrs. Edgar Vinson, and her grandmother, Mrs. Carlton Dobbs, in the Vinson home. Present to help Sammie Ann celebrate her fifth birthday were Donna and Kim Gienn, Mark L. Simpson, Andrea Axe, Sandy and Kay Terrell, Gene Robbins, Cheri Mason, Rhonda Stephan, Cheryl Cole and Carleta Vinson. Ice cream and birthday cake were served to the group and favors of balloons, bubble gum and bubble soap were given. Mothers present were Mesdames S. J. Glenn, Andy Axe, Jeff Terrell, Gary Mason, Weldon Stephan and the hostesses.

Among the new faces seen in the Hereford and Dimmitt schools last week were the children who started for their first year from this community. Bill Cole, Stevie Robbins and Cecil Jones are first graders in the Hereford schools and Reba Hall is starting her first year in Dimmitt. There is also a new face from the community among the teachers this year. The Rev. B. H. Baldwin is teaching the sixth grade at Shirley School in Hereford.

Mrs. Jennie Buchanan, who has been visiting here with Mr. and Mrs. T. L. Sparkman Sr., Mrs. Annie Springer and the A. T. Joneses for the past several weeks, left Friday morning by train for her home in Manteca, Calif. She had left her home on June 25 to visit with friends and relatives in Oklahoma, Plainview and here.

A miscellaneous shower was given Friday afternoon in the Fellowship Hall of the Frio church for the Darold Baldwins who were

married recently at Happy Union. Mrs. Floyd Cole was in charge of the program. After a game was played and a poem read by Mrs. Owen Andrews, the gifts were presented to Mrs. Baldwin. Lemonade and cookies were served.

Present were Mesdames Ernest Harder, H. M. Mobley, Owen Andrews, Henry Dobbs, T. L. Sparkman Jr., Clark Dobbs, George Zetzsche, Herb Schmidt, B. H. Baldwin, Floyd Cole, Miss Alma Andrews and the guest of honor. Children present were Dusty Dobbs and Beverly Cole.

Mr. and Mrs. Clark Andrews and Rocky were in Amarillo Friday to shop and on business, and in Canyon for Mrs. Andrews to see the dentist. Kirk stayed with his grandparents, the E. B. Berrymans, while his family was gone.

Mr. and Mrs. Clark Dobbs and Dusty visited Tuesday evening in the home of Mrs. Gary Mason and Cheryl.

Mr. and Mrs. Sammie Cox, Charlotte, Bobby and Mike and Mrs. H. H. Cox of Watonga, Okla., visited from Friday night until Sunday in the home of Mr. and Mrs. Kenneth Cox, Larry, Lynn and Virginia. Sunday the Sammie Coxes, Mrs. H. H. Cox and Mr. and Mrs. Kenneth Cox, Larry and Lynn went to Panhandle to visit with H. H. Cox. Sammie Cox is Kenneth's brother and the H. H. Coxes are their parents.

Mr. and Mrs. Edgar Vinson, Sammie Ann and Carleta, Mr. and Mrs. Jeff Terrell, Kay and Sandy, and Mr. and Mrs. Weldon Stephan and Rhonda were dinner guests Sunday in the home of Mr. and Mrs. Darwin Miller.

Mr. and Mrs. Frank Robbins, Carol, Stevie and Genie and Mrs. Robbins' parents; Mr. and Mrs. F.

Y. Moreman of Hereford, returned recently from their vacation. They were in Gunnison, Colo., Red River and other places of interest in Colorado and New Mexico. They also visited in Albuquerque, N. M., with Frank's uncle and aunt, Mr. and Mrs. L. D. Robbins, and their cousin, Don Robbins and family. Jerry Robbins stayed with his grandparents, Mr. and Mrs. H. D. Robbins, in Hereford while his parents were gone.

Mr. and Mrs. T. L. Sparkman Jr., Bonnie and Darlene and Mrs. H. M. Mobley were dinner guests Sunday in the home of Mr. and Mrs. Floyd Cole, Jana, Bill, Cheryl and Beverly. Edlana Vinson visited Sunday with Carol, Genie and Stevie Robbins.

Mr. and Mrs. Ralph Hart of Clovis, N. M., spent Saturday night and Sunday in the home of Mr. and Mrs. J. E. Andrews.

Sunday dinner guests in the Andrews home were Mr. and Mrs. Fred Andrews and Mr. and Mrs. Wiley Andrews of Meirose, N. M., the Ralph Harts, Mr. and Mrs. R. A. Burrus, La June, Wanda, Zaidine and Gary of Texico, N. M., Mrs. Alma Spruill and Hene of Loco, Okla., who have been here visiting for several days, and Mr. and Mrs. Clark Andrews, Rocky and Kirk.

Afternoon visitors in the Andrews home were Mr. and Mrs. Henry Andrews and Jean, Mr. and Mrs. Owen Andrews, Mr. and Mrs. T. L. Sparkman Jr., Bonnie and Darlene, Mr. and Mrs. W. H. Andrews, Dolores, Ronnie and Jackie and Mr. and Mrs. D. O. Benson of Hereford. Mrs. Ralph Hart, Mrs. R. A. Burrus and Mrs. Alma Spruill are sisters of Fred, J. E. and W. H. Andrews.

Mr. and Mrs. Gary Mason and Cheri visited Sunday afternoon in the home of Gary's parents, Mr. and Mrs. R. L. Mason of Hereford. Mr. and Mrs. Homer West were supper guests Tuesday evening in the home of Mr. and Mrs. Henry Dobbs, Larry and James.

Mr. and Mrs. D. F. Yandell and their daughter and husband, Mr. and Mrs. Johnny Robinson, returned home Thursday afternoon from a week's vacation. They visited in Crockett, a small town near Waco, with Johnny's grandparents. They were in Beaumont, Port Arthur and Galveston.

They went across to the island out from Galveston on the ferry and swam in the Gulf. From Galveston they went to Houston where Johnny's aunt, Mrs. Rena Robinson, took them on a tour of the city. They saw the Battleship Texas, the San Jacinto Monument and other points of interest there.

They went on to Corpus Christi, Brownsville and into Mexico to Matamoros. Then they traveled in the Rio Grande Valley to McAllen, to San Antonio, and back home.

Becky Little of Texline accompanied Mr. and Mrs. Leon Martin and Stephanie of Hereford, who had been visiting in Texline, to Hereford Friday afternoon for a visit with her grandparents, Mr. and Mrs. H. D. Robbins. Her parents, Mr. and Mrs. E. H. Little, and sister, Peggy, came for her Saturday.

Mr. and Mrs. Gary Mason and Cheri visited with the Littles and Robbinses in the Robbins home Saturday afternoon and night. The Littles returned to Texline Saturday evening.

Mr. and Mrs. J. F. Cheatham, Johnny, Joy and Jodie visited Sunday afternoon in the Henry Dobbs home.

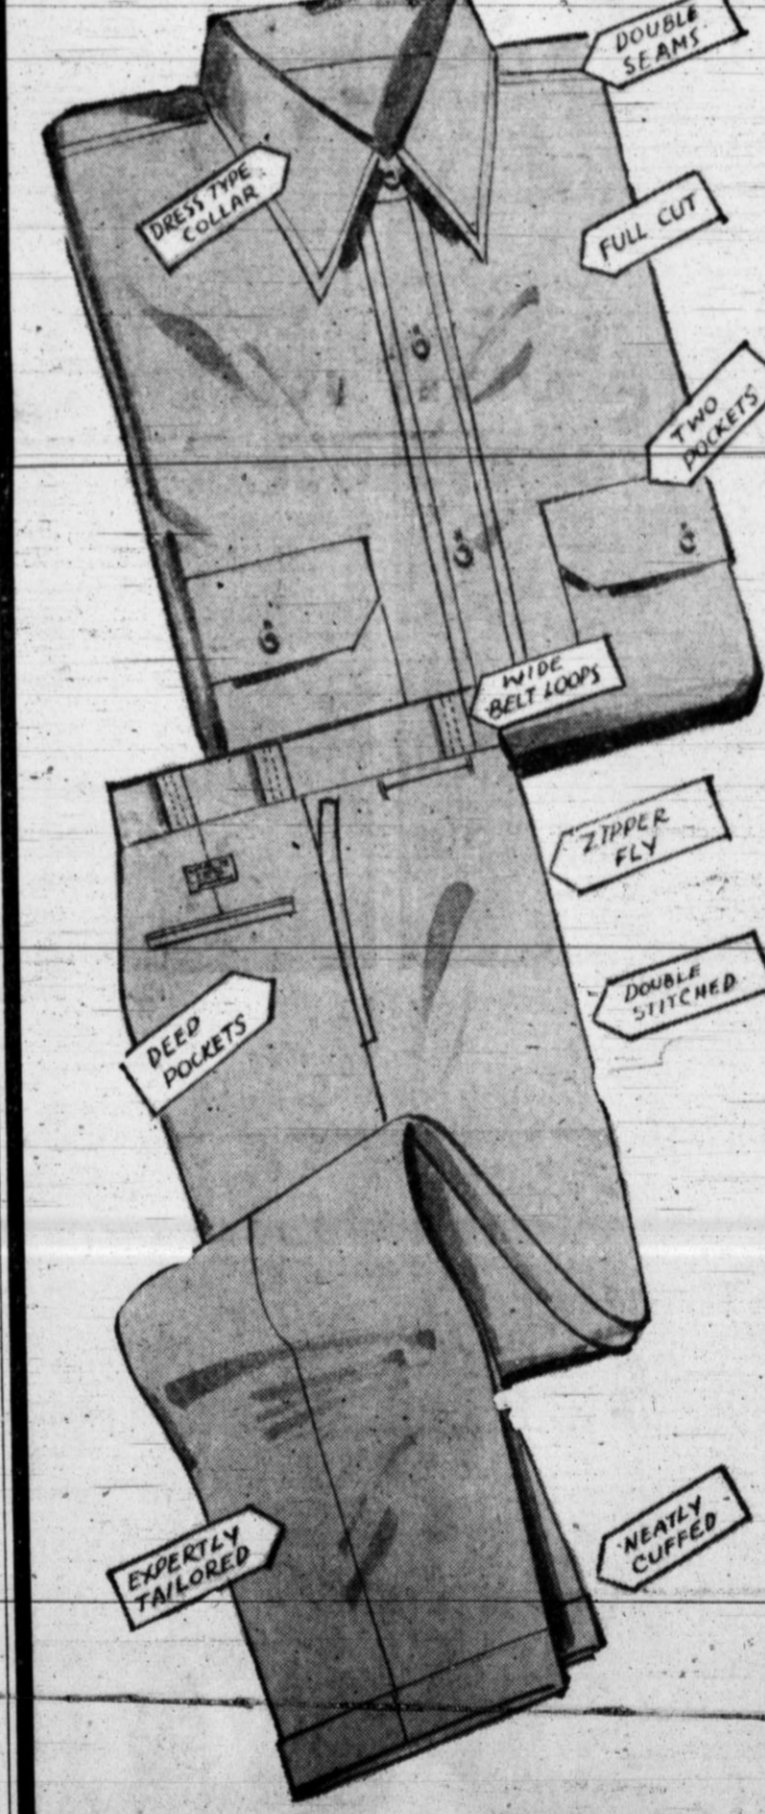

Bill Cole spent Saturday night with his uncle and aunt, Mr. and Mrs. Harold Shearhart, Jane and Jim of Hereford. The Shearharts brought him home Sunday afternoon and they and the Earl (Continued On Page 3)

Coles, also of Hereford, visited there.

Mr. and Mrs. G. W. Parker went to Sherman Friday morning to visit with Mrs. Parker's sister and husband, Mr. and Mrs. Cecil Bartley, and children. They planned to return by Ardmore, Okla., and get Mrs. Flora Wallace, another sister of Mrs. Parker, who plans to visit here for several days. They were to return home the first of the week. Grandpa Parker stayed with Mr. and Mrs. Olin Parris and Walker while the G. W. Parkers were gone.

Mr. and Mrs. H. D. Robbins of Hereford were Sunday dinner guests last week in the home of Mr. and Mrs. Gary Mason and Cheri.

Tommy Sparkman and Gerald Harder were guests Sunday of Larry Dobbs.

Mr. and Mrs. W. M. Doughman of Des Moines, Iowa, are visiting in the home of their son and family, Mr. and Mrs. Bob Doughman and Kathy. They haven't seen Bob much as he is starting his third week working in the Levelland area. He is dusting cotton crops there. He was home over the weekend. The W. M. Doughmans plan to visit for about two weeks here before returning home.

Mr. and Mrs. Olin Parris and Walker and Olin's parents, Mr. and Mrs. H. A. Parris of Lubbock, recently returned from a three-week vacation in the Pacific states. They visited with Mrs. Olin Parris' uncle and aunt, Mr. and Mrs. Tom Parker, in Long Beach, Calif., and with H. A. Parris' sister and husband, Mr. and Mrs. Ben Dodgen, in Monterey

Calif. They were also in Oregon, Idaho, Wyoming and Colorado before returning home. They reported that they really enjoyed their trip, although they were glad to get home. Olin was ill with the flu just after they returned.

Mr. and Mrs. Frank Robbins and children were dinner guests Tuesday in the home of Mr. and Mrs. Gary Mason and Cheri.

Kathy Doughman was honored on her fifth birthday with a birthday party Saturday in her home. Her mother, Mrs. Bob Doughman, was hostess. Twelve of her friends in Hereford were present. Ice cream and birthday cake were served.

Jimmy Cassells of Hereford spent Saturday night and Sunday with James Dobbs.

Mr. and Mrs. Edgar Vinson, Sammie Ann, Carleta and Edlana were supper guests Friday evening of last week in the home of Mr. and Mrs. Gary Mason and Cheri.

Sue Cole of Hereford spent Monday night with Jana and Cheryl Cole.

Mr. and Mrs. George Franklin and Kandy of Panhandle visited recently in the home of Mr. Franklin's sister and family, Mr. and Mrs. Spicer Gripp, Nancy and Kim.

Joe Lindsey went to Wellington Sunday after Mrs. Lindsey, who has been there with her parents, Mr. and Mrs. Lawrence Warrick, for the past week.

The Rev. and Mrs. Ellis Todd of Sudan and Mr. and Mrs. Albert Lewis of San Angelo were dinner guests Wednesday in the home of Mrs. H. M. Mobley and Austin.

Mrs. B. T. Sebastian and Robert Charles of Playa Del Rey, Calif., visited recently in the home of her brother and family, Mr. and Mrs. Gary Mason and Cheri. The Masons accompanied Gary's brother and family, Mr. and Mrs. R. M. Mason and Tommy of Hereford to Amarillo to take Mrs. Sebastian, Tenny, and Robert Charles to catch a plane to return home.

Cheryl Cole spent Saturday night with her grandmother, Mrs. H. M. Mobley.

Mrs. Albert Wood of Tucson, Ariz., came Friday to visit with her niece and family, Mr. and Mrs. Spicer Gripp, Nancy and Kim. She plans to stay for about a week.

Mr. and Mrs. Gary Mason and Cheri were dinner guests Sunday in the home of Mr. and Mrs. George D. Zetsche.

Mr. and Mrs. Don Mobley spent the weekend in Hollis, Okla., visiting with Mrs. Mobley's parents, Mr. and Mrs. Dan E. Booth and family.

Wanda Gregg of Hereford spent Friday night with Jana Cole.

#### RELATIVE ILL

Mrs. Charles Hood left Sunday for Lordsburg, N. M. to visit a sister-in-law, Mrs. T. B. Williams, who is seriously ill. She accompanied a niece, Mrs. Milton Davidson and Mr. Davidson, and a nephew, Thomas Williams of Levelland who made the trip by car.

#### RETURN HOME

Mrs. Abel Ruga and daughter Diane and new son Glenn, left Saturday for her home in Drayton Valley, Canada, after spending several months here with her father, C. C. Acker, and other relatives.

Highest temperature ever recorded at any Texas weather station was 120 degrees F. at Seymour on Aug. 12, 1936.

Texas' lowest recorded temperature was 23 below zero at Tulla on Feb. 12, 1899.

Driest year in Texas weather records was 1917, when only 14.3 inches of rain fell.

### Garden Beautiful Club Begins Plans for Annual Tour of Homes

The first plans and preparations for the Garden Beautiful Club's Annual Tour of Homes scheduled for Oct. 18, will get underway this week according to reports given at the opening session of the club held Friday morning in the home of Mrs. Robert Veigel.

The planning committee includes Mesdames Edward Roberson, Lowell Sharp, Charles Hood, Ray Cowser and Mark Woodall. The Fall Flower Show will be held in connection with the tour of homes with Mesdames B. E. Roberson, Mary Seigler, Lisle Woodford and J. B. Pool in charge of arrangements.

Hostesses for the Friday session were members of the yearbook committee headed by Mrs. Robert Veigel. Others on the committee were Mesdames Ansel McDowell and Lloyd Pool.

Coffee was served on the terrace from a table featuring decorations of colorful fall flowers and ruddy toned vegetables and fruit. Mrs. Townsend Douglas, president, presided over a short business meeting when three new members were welcomed. They were Mesdames Luther Lesly, L. H. Lookingbill Sr., and J. B. Pool. Mrs. Mark Woodall is also a new member of the club.

Mrs. Robert Veigel, yearbook chairman, distributed new yearbooks and gave a review of outlines and explained assignments and scheduled activities.

Those in attendance were Mesdames Howard Armstrong, Ray Cowser, Townsend Douglas, S. L. Easley, J. B. Harlin, E. W. Harrison, Charles Hood, L. H. Lookingbill Sr., Luther Lesly, F. P. Lyons, Ansel McDowell, R. B. Miller, G. P. Owen, J. B. Pool, Lloyd Pool, B. E. Roberson, Edward Roberson, Mary Seigler, Lowell Sharp, Roy Smith, W. J. Stanford, Gerald Wilson, Lisle Woodford, Helen Pipkin and the hostess.

# Maple Fudge Scores Grand Slam

DEALER'S CHOICE—The men at your bridge party will have a tough time deciding whether to first try the delicious maple walnut fudge or the club-sized hero sandwiches.

By CECILY BROWNSTONE  
Associated Press Food Editor

LIKE MAPLE FLAVOR? Want the fun of offering homemade candy when your friends come to visit? Then you might like to try this recipe for maple fudge. Directions are so specific that you should have no trouble in turning out a batch with a professional air.

### MAPLE WALNUT FUDGE

Ingredients—1 cup sugar, 1 cup maple-blended syrup, salt, 1/2 cup light cream, cup coarsely broken walnut meats.

Method: Put sugar, maple-blended syrup, a dash of salt and the cream in a heavy medium-sized saucepan. Place over low heat and bring to a boil, stirring constantly. Then boil, without stirring, until a small amount (about a teaspoonful) of the mixture forms a soft ball when it is dropped into a cup of very cold water (or to a temperature of 235 degrees on a candy thermometer). Remove from heat.

Cool to lukewarm (110 degrees on a candy thermometer) without stirring. Then beat mixture until it loses its gloss — this usually takes from 12 to 15 minutes. Just as the candy is losing its gloss, stir in the walnuts. Turn mixture into a lightly buttered pan — 4 by 3 inches is a good size. When candy is cold cut into squares and remove with spatula. Makes 18 large pieces.

### MAN-SIZE SNACKS

Men usually enjoy hero-type sandwiches for a snack. We make these with crusty club rolls from a bakery. For 9 or 10 rolls we use a half-pound of thinly sliced Italian-type salami, 1/4 pound of thinly-sliced boiled ham, 9 or 10 very thin slices of cooked smoked tongue, 1/2 pound of thinly-sliced natural Swiss cheese, dill pickles, small pickled "cocktail" onions, lettuce.

We split the rolls lengthwise and

butter the cut surfaces lightly. Then we layer one side with the meats and cheese — folding these over as necessary — and add very thin lengthwise slices of dill pickle. We spread the other side of the roll with the prepared mustard and tuck three or four small pickled onions down into it at intervals. We put the rolls together with a small leaf of lettuce and romaine.

Wrapping each sandwich individually in foil or waxed paper, if they are to be stored before serving, is a good idea. These are hefty offerings and they are too big for sandwich bags, but you can be sure they won't be too big for man-size appetites!

First white men to set foot on Texas soil were Alvarez de Pineda and his followers in 1519.

## YOUNG MODERNS

# Car No Toy Say Young AutoChamps

By VIVIAN BROWN  
AP Newsfeatures

If you want to be a safe driver, start by enrolling in the driver education course offered by your high school, rather than learn to drive by ear.

So say a group of teen agers who have won driving contests in the National Teen-Age Road-e-o, an effort that grew out of a Junior Chamber of Commerce meeting. This year 300,000 young people participated in communities throughout the country.

Charles Hopkins, 19, of Atlanta, Ga., the national winner, says:

"Some kids never understand how dangerous a car can be until they get hurt. They'll get in a car when they're mad or not feeling too good, and then take their mood out on the car. They think that going fast will help them cool off. But instead they may wind up in a hospital. A good driving course will impress dangers on them and show them the advantage of safe driving."

"Lots of kids just think of a car as a play toy," chimed in Mary Jane Sawyer, 18, of McGehee, Ark., a state champion. Her idea was echoed by Vivian Cox, 18, of Pueblo, Colo., also a regional winner, who says "Young people are not mature enough to do the things they've gotten themselves in a jam by fast driving or taking a chance when passing another car."

The game of "chicken" (where two drivers drive toward each other head-on until the "chicken" gets out of the way) is all but extinct in Atlanta, according to Charles. He says, "An abandoned airport has been taken over for races and we have organized drag strips under the supervision of the police department for hot rodders,

so that keeps kids from dangerous driving on public roads."

It isn't always the driver who causes an accident. "Sometimes a driver is egged on by another kid who is a passenger and who keeps taunting the driver to go a little faster," Charles says.

"Young people who take the course seem to take their driving more seriously," says Mary, who believes "women are just as capable of good driving as men although they are likely to be more emotionally upset when facing emergencies." Mary is the only one of the group who did not take a course but wishes she had done so.

Charles would like to see his driving instructor, John Crow, "get more credit for the wonderful drivers he makes. He's had winners in the Road-e-o contest year after year," Charles says, "and has a natural ability to spur his pupils on to be better drivers. A man like that should be credited with saving lives," he says with fervor.

The contest starts out on a community level, then goes on to state contests, then to Washington for the finals. The youngsters who compete do not need to have taken a driving course. But it usually helps because of the involved test.

## Santos Infant Is Claimed by Death

Graveside funeral services were held at 10:30 a.m. Tuesday for Armandina Santos, 8 months, daughter of Mr. and Mrs. Marcos Santos.

The Rev. Howard Scott, pastor of First Baptist Church, officiated. Interment was in West Park Cemetery. The infant died Monday in the San Jose Hospital at the Hereford Labor Camp.

She was born Jan. 5, 1957, in Fredericksburg. Her family moved to Deaf Smith County from Fredericksburg on July 10.

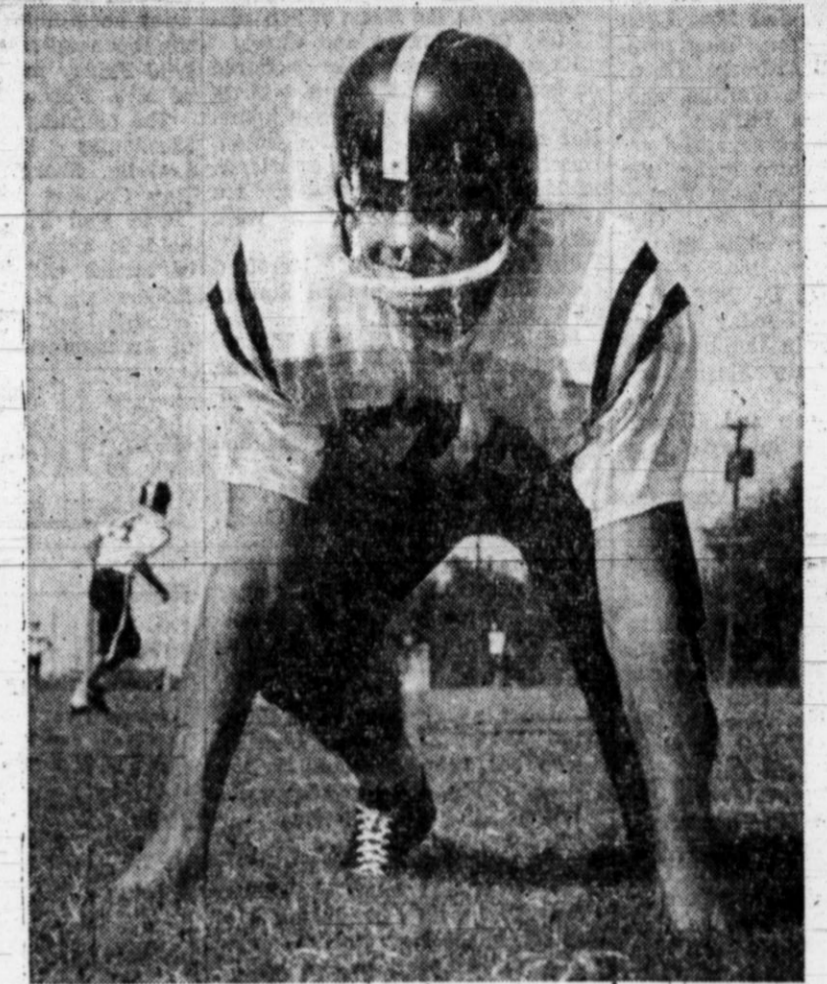

Survivors are her mother and father, three brothers and five sisters.

### Tech Short on Quarterbacks

LUBBOCK — To face West Texas State in their opening game here Sept. 21, the Texas Tech Red Raiders may have the services of only two quarterbacks, neither of whom has earned a Tech letter.

Lone letterman signal caller, John Riddle of Artesia, N. M., will be out from two to three games with a broken hand suffered when he tackled 230-pound Gene Bentley, fullback from Panhandle, in a scrimmage last week.

Floyd Dellinger of La Vega, Victoria Junior College graduate, and Jerry Bell of Ballinger, junior squadman, have assumed most of the quarterbacking duties, as sophomore Kenneth Talkington of Tyler suffered an arm injury earlier.

The Raiders lost three quarterbacks during the first week. A baseball injury still slowed sophomore Dave Bourland of Abilene, junior college transfer Don Pringle of La Vega left the squad, and Wick Alexander of Amarillo was ruled out by the doctor after being knocked out in practice.

DeWitt Weaver will have his smallest squad in his seven seasons here, 44 men, including only nine lettermen from last year, just three of them returning starters.

### Sew Up a Gala Evening in Satin and Chiffon

ELEGANCE ON A BUDGET—Important ball gown of satin and chiffon is easy to make at home and easy on the budget.

By DOROTHY ROE, Associated Press Women's Editor. This is a season when women are going to dress to the teeth. Long evening gowns are back with a bang, and the era of the too-casual is ended. Local sewing center experts suggest that you start now to make an important evening gown, even if there isn't a formal dance on your calendar at the moment. An evening gown is easy to make. With today's versatile sewing machines, such as the new slant-needle automatics, the most fragile fabrics can be stitched as easily as cotton. A boon to the home seamstress working on a strapless-bodice is a new boning made entirely of nylon. This boning is so constructed that it is possible to stitch right over it, with no damage to the needle. In making a dress of satin it is important to baste all seams before stitching, so that the fabric will not pull or pucker. Chiffon is not difficult to stitch, if you take advantage of new attachments, such as the flange hemmer, which makes a tiny rolled hem in sheer fabrics in a fraction of the time

### ON THE HOUSE

By JOHN O. B. WALLACE, AP Newsfeatures

Now, while you're still happy in the garden or on the terrace, take time to think about colder weather! It's a dreary thought, perhaps. But it can pay off handsomely during the winter months.

Leaves already are falling. Window screens are coming off for winter storage. Training for football, a cold weather sport, is at its peak. Frigid weather, inescapably, is coming.

What about last winter? Did you have one or more of these common ills in home heating—fluctuating temperatures? Drafts? Cold floors and walls?

Then, you may need to doctor your ailing home heating system. It need not be expensive, in all cases. Many heating problems can be corrected by relatively simple and inexpensive methods.

Here, according to the Better Heating-Cooling Council, are the most common heating problems, their causes and how they might be solved:

A chief complaint is temperature variation. This means marked differences in temperature from

room to room and, perhaps, from floor to ceiling.

It would take to do the hem by hand.

For best results, remember to change the setting of your machine when you change from satin to chiffon. The latter requires a fine needle and a close stitch, about 20 to the inch. Satin requires a medium needle and about 15 stitches to the inch.

dividual needs. This procedure is called "zoning" and a separate thermostat is installed for each circuit.

"Zoning" heat installations cost more. But they insure better living conditions and lower fuel bills because they have finer control and they increase heating efficiency.

The heating system may not be at fault at all in the case of chilling drafts. Cold air may be entering through cracks. Ask yourself: Is my home well insulated? Weather stripping, proper insulation of walls, and storm windows may be the answer.

But the council reiterates, if heat distributors are not placed UNDER windows, you're fighting a losing war against cold because in other locations the heat distributors cannot repel the infiltration of cold air.

IF YOU LIVE in a slab-type house, you may have cold floors unless you have radiant coils in the floor.

The heating baseboards must supply heat along the outside walls of the room. Warm air heating ducts should be embedded in the slab to help warm the floor.

But, you say, your house has baseboards which are heated either by hot water or steam. Don't give them another thought, then. The baseboards will keep both the floors and the walls cozy warm.

They do it in two ways: by radiation, which means the direct transmittal of heat rays, and also by "convection," a tricky sounding word which means, simply, the warming of air.

Just like a lot of other things, a heating plant is an intricate mechanism. It needs a periodic check-up and a cleaning by a skilled technician.

You don't neglect your car, do you? You have it checked regular-

### Dawn H. D. Club Elects Officers

The Dawn Home Demonstration club met Friday, Sept. 6, in the home of Mrs. Ray Polan. There were three guests, Mrs. J. G. Gandy of Hereford, Mrs. L. L. Airhart of Dawn and Mrs. Robert Little of Norman, Okla.

The twelve members present were Mesdames H. S. Fuller, W. T. Beavers, Zed Stewart, LeRoy Johnson, Ray Stewart, Marion Russel, LaNoy Tooley, Orval Galley, J. B. Caraway, Muri Little, Shorty Fowler and the hostess.

A program was given by W. D. Gibson of the REA Co-op on proper wiring of homes, adequate

ly, and you keep clean oil in the engine. Similarly, take good care of your home heating system and have it checked annually in early fall — perhaps right now, while you think of it.

A checkup is good insurance against heating ailments which may develop later when you least want them — at a time when there's snow on the ground and a chill wind is trying to deep-freeze your home.

lighting and use of appliances.

Election of officers for the 1958 season was the important item of business. Mrs. H. S. Fuller was re-elected president; Mrs. LeRoy Johnson, vice-president; Mrs. Ray Stewart, secretary; Mrs. Muri Little, parliamentarian; Mrs. Zed Stewart, council delegate, and Mrs. LaNoy Tooley, alternate delegate.

Further business was that the members agreed to cooperate with the Midge Club in the food booth of the Halloween carnival which the P. T. A. is sponsoring.

The next club meeting will be with Miss Lulu Botsford on Sept. 20, with Mrs. Frye bringing the program on floral arrangements.

## Meet Your Neighbors

Hereford, Texas, Thursday, September 12, 1957 Section Three

REP. WALTER ROGERS WRITES:

## First Session of Congress Examined

On August 30, 1957, at 3 o'clock and 57 minutes p.m., pursuant to House Concurrent Resolution, 229, the first session of the 85th Congress adjourned sine die. On the same day at 4 o'clock and 22 minutes p.m., in accordance with the terms of House Concurrent Resolution 229, the Senate of the United States adjourned sine die. Unless there is a special session called by the President of the United States, which is not anticipated, the Congress will not be in session again until January 7, 1958.

Needless to say, this has been a busy session. The House was in session a total of 141 days; the Senate 133 days. However, the Senate was in session 960 hours and 44 minutes, while the House was only in session 585 hours and 19 minutes. You will recall that there was a slight filibuster in the Senate which gave them added hours. It is also recognized that the House of Representatives attends to business in a much speedier manner than the Senate. This is not intended as a reflection on the Senate.

The fact is, under the House rules, debate is limited. No Member can talk more than five minutes on an amendment to a pen-

ding bill without unanimous consent of the entire House. The general debate is usually limited to a few hours; hence, the greater speed in disposing of business. Some argue these same rules should be applied to the Senate, but that is, in my opinion, wrong. Extended debate in the Senate has, many times, brought about needed changes in legislation and has, on occasion, prevented the passage of legislation which was very dangerous. The Senate used 9,423 pages in the Congressional Record; the House of Representatives used 5,869. The Senate passed 612 Senate bills and 346 House bills. The House passed 276 Senate bills and 610 House bills. Two Senate bills and three House bills were left in conference. These will be considered at the next session of Congress. A total of 1,210 measures, including Senate and House bills, joint resolutions, concurrent resolutions and simple resolutions were passed by the Senate. The House passed 1,198 such measures. A total of 1,319 measures were reported to the Senate. The Senate filed 26 special reports; the House 60. Conference reports of the House numbered 36.

In the Senate 3,297 measures were introduced. This figure includes bills, joint resolutions, concurrent resolutions and simple resolutions. The total in the House was much greater. It was 16,716 of which there were 9,609 bills, 481 joint resolutions, 230 concurrent resolutions and 416 simple resolutions. At the date of this writing, the President has vetoed one Senate bill and four House bills.

The House had 120 quorum calls and 100 yea-and-nay votes. In other words, the roll was called 220 times. In the Senate there were 139 roll calls and 111 yea-and-nay votes.

Much more could be said about many measures which came before the Congress; however, probably the most important was the tremendous peacetime budget submitted by the President. He had requested approximately 72 billion dollars. This included approximately 65 billion for expenditures for operation of the government, plus interest payments on the national debt which amounted to some 7 billion dollars annually. The Congress appropriated approximately 60 billion of dollars for the operation of the government, as against the 65 billion requested by the President. In other words, the budget request was reduced by approximately 5 billion dollars. This means the sharp economy ax of the Congress resulted in saving every man, woman and child in this country approximately \$300 each in the operational expense of the federal government for this fiscal year. The same kind of action in the next session of the Congress should result in a tax cut for those people in the middle and lower income brackets who most need relief. Our efforts will continue in that direction.

One of the most encouraging things to me in this past session of Congress was the general reaction of the public on so many of the highly controversial measures. It was very obvious that all Members of the Congress were hearing from the grass roots. This was pointed up in much of the debate and many times on the votes.

Ours is a government by the people. Their response or reaction to proposals and measures which affect their daily lives should be the guiding light of the Members of the legislative bodies, whether local, state or national. I was indeed fortunate to have such a great number of fine letters from the many good people who reside in the 18th Congressional District. These letters gave me unbiased and unprejudiced views. I wish all districts in the United States were made up of such fine, understanding and helpful citizens as we have in the Panhandle of Texas.

WALTER ROGERS  
Member of Congress  
18th District of Texas

## School Lunch Plan Funds Appropriated

Apportionment of funds to States, territories and possessions for operation of the National School Lunch Program during the 1957-58 school year was announced today by the U. S. Department of Agriculture.

USDA's Agricultural Marketing Service reported that of a total appropriation of \$100 million, which Congress provided for this year's program, \$83.6 million has been apportioned among the 48 States, District of Columbia, and the territories and possessions — Alaska, Hawaii, Puerto Rico, Guam, and the Virgin Islands. The funds will be paid out in quarterly installments.

The funds are apportioned on the basis of the number of children between the ages of 5 and 17, inclusive, and the need for assistance in the State as indicated by the relation of the per capita income in the United States to the per capita income in the State. These funds are used to reimburse schools in part for their local food purchases.

In addition to the funds apportioned, \$15 million is available to USDA for the purchase and distribution to schools of foods which help to meet the nutritional requirements of school children.

The law requires that each dollar of Federal funds disbursed by State agencies to schools

## REA Man Speaks To Wyche H. D.

Mrs. Ramey Elliston was hostess for the meeting of the Wyche Home Demonstration Club Sept. 5. Wilbur Gibson, engineer and materials clerk for Deaf Smith County Electric Co-operative, was guest speaker, speaking on adequate wiring in the home.

"Today 98 per cent of homes are wired for electricity," Gibson said. "Things once considered luxuries have today become essentials and families are using 250 per cent more electricity than they used 10 years ago. Therefore it is important to have the home adequately wired to take care of the many appliances used today."

Present were Mesdames W. P. Axe, C. R. Damron, Carroll Newson, Charles Packard, J. V. Pickens, Ira Ott, H. L. Ward, R. L. Dodson, Argen Draper, O. B. Sumner and the hostess.

The next meeting will be Sept. 19 with Mrs. Ward.

An enlarged cafeteria, two new dormitories, and a major addition to a third dormitory will be ready to receive the record enrollment. The cafeteria addition doubles feeding capacity, and with new housing facilities, nearly 2,000 students may live on the campus.

A total of 36 new instructional faculty members have been added to the staff, of whom only 14 are replacements for teachers who have retired or have been granted leaves of absence for additional graduate study.

First college event is a faculty breakfast and business session at 8 a.m. Sept. 14 in the cafeteria. Students will begin moving into dormitories Sunday, Sept. 15.

Beginning freshmen, who include those students without previous college experience, will meet Monday, Sept. 16, at 8:30 a.m. for an orientation period in the Administration Building auditorium. Faculty meetings will be held at 10:30 a.m. and 1:30 p.m. Monday.

A counseling and advisement program for freshmen is slated during the morning of Sept. 17, and registration of freshmen and sophomores will start in the afternoon and continue Wednesday morning.

Juniors, seniors and graduates will register Wednesday afternoon and Thursday morning, Sept. 18-19, and classes start at 1 p.m. on Sept. 19. Registration of students will be by alphabetical order, with those whose names begin with "F" through "G" enrolling first. Registration will be in the college library.

Students who have not yet mailed in transcripts of high school or college work, are urged to request these records and have them sent at the earliest possible time to Registrar Frank Morgan.

First all-college assembly is slated at 11 a.m. Sept. 19, and organization of student activities is slated Sept. 24.

Members of the Student Senate and representatives of the Advisory Council will hold organizational meetings, particularly to draw up the semester's social calendar on Monday, Sept. 16, at 10 a.m. in the Student Union Building.

JACK RENFRO of Hereford recently was elected to the board of directors of the Texas Citrus and Vegetable Growers and Shippers and will attend the group's annual convention in Dallas Sept. 16-18.

## Sammy Lesly on Academy Team

LEXINGTON, Mo. — Cadet Sammy Lesly, son of Mr. and Mrs. Luther Lesly, Route 4, Hereford, reported for the football camp opening at Wentworth Military academy here yesterday, according to Capt. John Readecker, athletic director.

Grid candidates were registered, and issued equipment, and were also processed by the scholastic department upon arrival.

Two sessions were held daily with the coaches until the school's opening on Wednesday when the gridders began workouts once daily. The first few days were devoted to conditioning exercises, with the training program shifting into high gear by the end of the week.

Mr. and Mrs. Charles Owens and three sons accompanied her parents, Mr. and Mrs. Fred S. Barrett, to Idaho for a two weeks visit. They visited in Wendell with Mrs. Elsie Leland and in Caldwell with a brother of Fred Barrett. The vacationers returned to Hereford on Wednesday night.

Mr. and Mrs. Tony Kalka have been entertaining guests from Dallas, Mr. and Mrs. D. W. Marrow,

# Miss REA Contest Highlights Meet

By ARGON DRAPER

The last week in August, I took a three day vacation in San Antonio and attended the annual meeting of the Texas Electric Co-operative, Inc. It is like a postman going on a hike for me to go to a meeting. However, I enjoy a meeting of any kind.

To me the highlight of the meeting at San Antonio was the con-

test to select Miss REA of Texas. The queen, of course, that we were most interested in was Jo Ann Fowlkes. You know that Jo Ann won the title of Miss Deaf Smith County Electric in the contest in Amarillo. Jo Ann did not win Miss Texas Electric, but to those of us in the party, she was certainly a winner. She is a very charming and attractive girl with a lot of poise and personality. She had to make four appearances in the contest.

At 10 a.m. on Thursday, she was presented to the group. She was presented by Leo Forrest, local manager. Jo Ann wore a black transition cotton print with red and white flowers. The dress had a red velvet cummerbund. She wore red velvet gloves, black velvet beret and her slippers were black suede and faile. That afternoon at 4 p.m. the eight contestants were guests at a dinner. Jo Ann's costume was an oyster white suit with matching blouse and a bow at the neckline. The semi-fitted half jacket costume was very attractive. She wore a black velvet hat, black suede shoes with matching gloves.

The contest on Thursday night was certainly the highlight. The contestants were presented in evening dresses and bathing suits. Jo Ann's evening dress was a white ballerina formal with gold sunbursts on the overskirt. The underskirt was solid ruffles and the costume was accented with long white gloves, bronze shoes, white and gold earrings and one of the most gorgeous corsages of yellow roses.

## Three Events on Wrestling Slate

Three events are on the wrestling schedule at the Bull Barn Saturday night.

Iron Mike DiBlase and Danno O'Shocker are to meet in a two out of three falls bout to open the night. The match will carry a 45 minute time limit.

Doll Paige and Gypsy Rose, two female midget wrestlers will stage a special bout, going one fall to the finish with no time limit.

Dory Funk and John Tolos will wind up the night's tussling with a two out of three falls or one hour-time limit fight.

Last week Bob Geigel rallied to take the last two falls from Bob Ellis, who substituted for Rip Hawk. Ellis took the first fall in 13 1/2 minutes. Geigel won the second one in seven minutes and then held Ellis down to get the match.

Funk defeated Ali-Pasha in two straight falls, winning the first one in 11 minutes with a spinning toe hold and gaining the second when Pasha was disqualified.

# Buffaloes To Meet McMurry Saturday

CANYON, (Special) — West Texas State's football team will get a week's jump on other Border Conference teams Saturday night when the Buffs open the season with McMurry College in Buffalo Stadium. The other five Border teams don't go into action until Sept. 21.

Coach Frank Kimbrough, in his 11th year, has five starters returning from the 1956 unit that won eight and lost two, including a Tangerine Bowl win over Mississippi Southern. The two big guns in last year's powerful offense — halfback Ron Mills and fullback Charlie Sanders — are included.

Coach Kimbrough has been satisfied with the progress of the

Buffaloes in two-a-day drills but has suffered one casualty to date. Bob Wheelchel, tabbed for starting right half, sprained an ankle the first day and will miss the first game. The 185-pound Claude senior is returning from the service and was an All-Border Conference choice in 1953, his last year in the Buff camp.

Replacing Wheelchel will be Bob "Red Dog" Ratliff, another former All-Border selection who played only half a season in 1956. Moved from fullback to

right half, the 210-pound Ratliff gained 307 yards in 54 carries last fall for a 5.7 average.

The West Texans will have better weight balance than last year's team. The probable starting line averages 203 and the backfield tips the scales at 186 per man.

West Texas defeated McMurry, 33-7, in '56 to give the Buffs an edge of 9-7 in their spirited series. There has been one tie. Last McMurry victory came in 1954 when the Indians eked out a 19-18 decision.

## How Can I?

By Anne Ashley

Q. How can I remove white stains from furniture?  
A. Dip a cloth in kerosene oil and rub the spot well. Then take another cloth, dip it in alcohol and rub quickly. Too much alcohol will destroy the varnish. Then moisten a third cloth in furniture polish and rub thoroughly.

Q. How can I treat the hands to keep them soft?  
A. Moisten a little Indian meal with lemon juice and rub the hands thoroughly. Wash the hands with hot water and before dry, bathe them with a glycerine lotion.

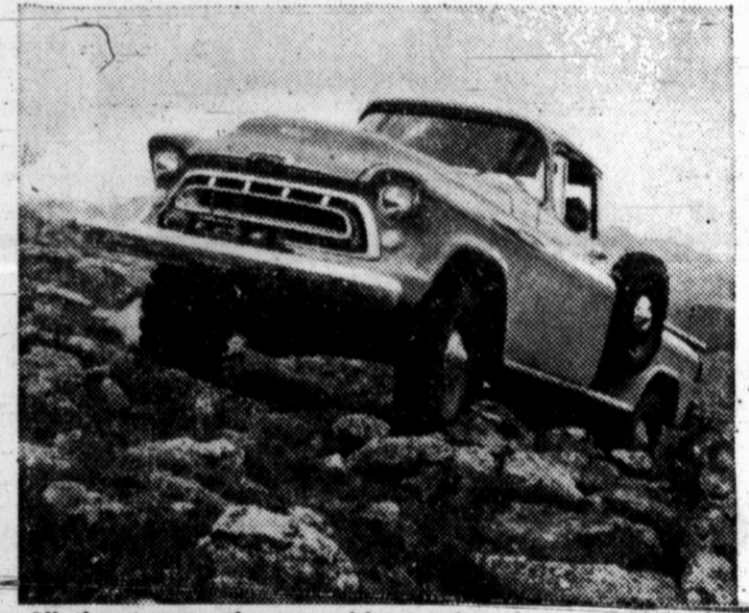

Q. How can I prevent milk from sticking to the bottom of the pan when heating it?  
A. Rinse out the pan with a little hot water before heating the milk, and it will prevent sticking.

Q. How can I conceal scratches on the wall paper?  
A. By moistening a scrap of the paper which has been saved, and then carefully scraping off the coloring with a sharp knife. Apply this coloring to the scratch, and when dry it will scarcely be noticeable.

Q. How can I clean spots from oiled floors?  
A. By sponging thoroughly with turpentine. If this does not remove the spots, dip a damp cloth in powdered rottenstone. Then renew the oil on the places treated.

## Pancakes Crown Chicken a la King

By CECILY BROWNSTONE  
Associated Press Food Editor

Pancakes are fancy fare when you make them paper-thin and fill them with chicken a la king. Just the sort of main dish "the girls" will enjoy when they come over for a luncheon.

These pancakes are made from a very thin batter and cooked, one at a time, in a six- or seven-inch skillet. For the filling, use frozen or canned chicken a la king and save yourself work.

### PANCAKES A LA KING

Ingredients: 1/2 cup sifted flour, 1 teaspoon baking powder, 1/2 teaspoon salt, 1 cup milk, 2 tablespoons butter or margarine, 2 eggs, extra butter, 2 cans (10 1/2 ounces each) chicken a la king, 2 tablespoons cooking sherry, 3 slices bacon (cooked crisp and crumbled), toasted slivered blanched almonds (if desired).

Method: Sift together the flour, baking powder and salt. Heat milk and 2 tablespoons butter in a small saucepan over low heat just until butter melts; remove from heat to cool slightly. Beat eggs with rotary beater (hand or electric) until yolks and whites are combined. Gradually beat in the milk-butter mixture, then add the flour mixture and beat until smooth. If batter is not entirely smooth, put through a fine strainer; it should be about as thick as cream. Use a 6- or 7-inch skillet with curved sides and melt 1/2 teaspoon butter (or a little more) in it; tilt and use a pastry brush or small spatula to see that the bottom of the pan has a generous film of fat. Have pan quite hot and pour in 1 1/2 to 2 tablespoons batter; hold skillet above heat and tilt and swirl so batter will just cover bottom. Cook rapidly until just browned on bottom; it is not necessary to turn pancakes. Add a little butter to hot skillet as you cook each pancake; keep them warm when you turn them out. Meanwhile heat chicken a la king according to directions on can and stir in sherry. Spoon a little of the chicken a la

must be matched by \$3 from sources within the State if the per capita income in the State equals or exceeds the national average. The matching requirement for any State with a per capita income below the national average is decreased by the percentage which the State's per capita income is below the per capita income of the United States as a whole.

The National School Lunch Program is administered in the States by State departments of education in accordance with agreements between those departments and USDA. The program enlarges the market for farm products and improves the diet of the nation's school children by helping participating schools to serve nutritional balanced lunches. Last year, approximately 1.8 billion meals were served to 10.8 million children in 57,546 participating schools.

### OUNCE OF PREVENTION

MIDDLETOWN, Pa. (AP) — Charles J. and Charles A. Zito, father and son, say one way to keep young people out of hot rods is to get them up in the air.

"I got Charles interested in flying so he wouldn't go roaring around the highways in hot rods and on motorcycles," said the father, a private pilot since 1935.

The two built a plane themselves and Charles A. soloed at 16. "It beats hotrodding every time and isn't nearly as dangerous," the younger Zito said.

NAMED — Vernon G. Young,

district agricultural agent for the Texas Agricultural Extension Service since June 1947, has been named state agricultural agent for the service. He succeeds the late W. I. Glass. Young's appointment becomes effective Sept. 16. (AP Photo)

One of Texas' earliest advocates of soil conservation was Howard Duke, who terraced his Newton County farm in 1882.

On Sept. 4, which was Wednesday night, I went to the executive committee meeting of the Westway Rural Community Club. When the meeting was over at 9:45, we saw the Northern Lights which was a rare thing in this part of the country. All the northern sky had a red haze with light streaks and large clear bright spots. Irene and

Preach Merritt were the only ones in the crowd who had seen them before. In 1941 when they first moved to this county the Northern Lights were visible.

Have you noticed on cafe menus that the number of calories in the meal are sometimes listed? It's too bad that we are made uncomfortable about being overweight while we are eating.

SLACK WAIST? SACK SHEATH?

# Pick Your Paris Style

By NADEANE WALSER

PARIS — Now that the wraps are off Paris' fall fashions, members of the haute couture are waiting anxiously to see which of them the public will approve.

Slack waist, low waist, tight waist? Knee-length skirt or mid-calf skirt? Now you can make your choice, and be sure that the fashion czars will be moved by it. For however dictatorially some new trends may be launched, the stylists do heed public opinion.

What you like best from this season's shapes are sure to reappear in next February's openings, while the trends you and all your friends simply detest are likely to wither quietly away.

**YOU DON'T** believe it? Well, Dior launched nearly ankle-length day skirts as a trial balloon two seasons ago, made many more of them last season, and dropped them like a hot potato this time after they failed to catch on.

The big issue this season is undoubtedly the slack waisted sack sheath. At the openings, some women declared that they adore them and swore to adopt them; others gritted their teeth and hissed, "Never!"

But already some are to be seen in the smart hotel lobbies and restaurants of Paris, and even strolling down the Champs Elysees. Not many, but enough to indicate that the dressmakers have turned up a controversial trend in the sack sheaths.

Few women, we'll bet, will wear necklines as low as Dior pitches them for cocktail and evening. And surely Pierre Cardin's drapey between the legs is only for the do-or-die exhibitionists. The hobble hems that were shown nearly everywhere are not wearable or comfortable enough to be a universal success, although they've had fans before and no doubt will have again.

All of Paris, from Patou to Lanvin the Heim to Balmain, like satin bows, more or less in profusion, and some women will welcome their soft flattery. But others hate bows worse than a run in the stocking, and when they order or copy one of the new creations they're sure to strip off the gingerbread.

**THE COUTURIERS** prediction for black this season will probably go down better in Paris than elsewhere, for it's the color French women dote on anyway. According to popular magazine surveys, a little black suit is everybody's dream of chic. For rebels against sobriety, there is a range of blues, coral, pink, red, green and gold — colorful enough for the gayest.

Maybe a rather bad summer has made the dressmakers pessimistic — or maybe they're just pushing fur. Anyway, they seem to be predicting a freezing winter with their big fur-lined and thick tweed suits.

And they've given in gracefully, without much of a struggle, to the fact that big hats are a blight. Just see how small the new models are.

FRENCH LOOK FOR FALL—Bulky, loose-woven wool tweed by Rodier is used by the house of Jean Patou for this narrow, slack-waisted suit with loose turtle-neck collar. There is a fur-lined coat to match, and hat is same fabric.

**THOROUGH THIEF**

NEWTON, Kan. — Someone did a thorough stripping job on the 1957 car of the Rev. Noah Unruh of Ford, Kan., parked in his brother's garage.

Items taken, police reported, were the radio, hub caps, mirrors, spotlight, cigarette lighter, fender skirts, a pair of binoculars, two billfolds with \$35 in cash — and the car keys.

**BUSY PENMAN**

NEW HAVEN, Conn. — Roger Sherman of Rye, N. Y., says his great-great-grandfather, Roger Sherman of New Haven, was "unique in the great company of patriots of his day."

This was because he alone signed "all the great founding papers of this country." — the 1774 Articles of Association, the address to King George III by the Congress, the Declaration of Independence, the Articles of Confederation and the Constitution.

**TOO CURIOUS**

EUGENE, Ore. — The curiosity of a 13-year-old boy led to his arrest on burglary charges.

The boy asked Mrs. Ross Mitty whether police had found any fingerprints on an envelope containing three small diamonds taken from her home.

Suspicious, Mrs. Mitty notified police. They asked the boy for his fingerprints to compare with those left by the burglar. The boy confessed — which made things easier for police who had found no fingerprints at the scene.

**BARN FIND**

CRETE, Neb. — Les Burch, a telephone lineman, bought an old barn at auction for \$35.

It turned out to be a profitable purchase. While wrecking the building, he found a tin can containing four \$20 gold pieces and three \$10 pieces, all in mint condition. Dates on the coins ranged from 1881 to 1900.

Texas' population on July 1, 1955, was 8,657,000.

Jim Cook, 74, said to be the first white man to visit the Plains and of record the first sheriff of Deaf Smith County, back in 1890 when the county seat was at La Platta, is visiting what old friends are left here.

Mr. Cook is a cowboy of the old school, noted Indian fighter, friend of Billy the Kid, former manager of the great XIT ranch. He says he is the oldest living Indian fighter of this region, and speaks reminiscently of traditional events of much historic interest.

Plaintiff, alleging further continuous, adverse, peaceable possession for over 10 years under assertion of fee simple title and the payment of taxes and the making of valuable improvements.

as is more fully shown by Plaintiff's Petition on file in this suit. If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas, this 27th day of August A. D. 1957.

Delegates and visitors from Hereford and Deaf Smith County who attended the state Democratic convention in Lubbock this week report the convention strictly a "Ferguson steam roller" that would permit no other sentiments to be expressed. Mrs. Miriam Ferguson was nominated as candidate for governor.

UNEXPECTED JOB

MILWAUKEE — Dick Foy, second cook on the English freighter Manchester Vanguard, stepped ashore here for a brief leave and found himself caught up in the swirl of commercial music.

Foy, 21, who plays the guitar and sings, stopped at a pub and soon was entertaining the customers. One of the patrons thought he had something extra and took him to booking agent Tony Murnek who agreed.

After stops at a barber and haberdasher, Dick found himself at a recording studio where he cut half a dozen records.

"Only in America could this happen," said the excited Foy as he returned to his ship to wait and see what will happen.

HERE  
IS MY  
HAND

...grasp it, Sir! It speaks the most eloquent language I know... It represents my honor, my character, myself. I lift my hand to God and I extend it to my fellowman. Outside my uplifted hand and my extended hand life has no meaning. My hands have wrought mighty works... they have flung great bridges over wide waters and raised magnificent Temples into the blue yonder. My hands can express all my emotions. I may wring them in remorse, or clasp them in joyous approval. I may clench them in whitened anger, or open them wide in glad welcome. I may fold them behind me in indecision, or I may extend them in jubilant approval. I may raise them in high humility and prayer, or I may use them to offer the word of God to a passer-by. My hands! May God use them to further the cause of His church in the world... here is my hand.

**Ants** can be exterminated by keeping a small bag of sulphur in drawers and boxes. Or dampen a sponge in a solution of sugar and water, put it in a saucer and place near the haunts. It will soon be full of ants and can then be plunged into boiling water.

**Cloudy Mirrors**  
Cloudiness in mirrors is usually the result of too much direct sunlight. Therefore, hang your mirrors where they won't be hit by the sun's rays for any considerable part of the day.

**Sowing Seeds**  
It is useless to try to sow seeds on a windy day. It cannot be done satisfactorily, and it is much better to postpone the job.

**Prickly Heat**  
A good remedy for prickly heat is to bathe the body in a strong solution of bicarbonate of soda and water. Use about one-third box to two quarts water. Allow the solution to dry on the skin.

**Wicker Furniture**  
Wicker furniture can be cleaned by scrubbing with a not-too-hard brush and lukewarm soapy water. Rinse by turning the hose on it.

**Oily Skin**  
If the skin of the face is oily, try washing it once a day in fresh water, to which the juice of a lemon has been added.

**When Gardening**  
Before beginning your garden-

ing, scratch your hands over a moist cake of soap so the soap will get under the nails. This will prevent soil from getting there instead, and makes for easy hand-washing when your work is completed.

**Coffee Stains**  
When coffee stains will not wash out readily from white material, rub a little soap over the spot, then pour a small amount of peroxide over the soap. Rub together and the stain will disappear.

**Protecting the Finger**  
When necessary to do quite a bit of parsing fruit or vegetables, protect the forefinger from brown stains and cuts by wrapping a strip of adhesive tape around it.

**Mildewed Linens**  
For badly mildewed linens, use a solution of four tablespoons of peroxide to one quart of water. Use enough of the water to cover the garment and boil gently for an hour, or until the stains are gone.

**SHOE APPROACH**  
CORONADO, Calif. (AP)—On leaving the navy as a lieutenant, John E. Hermann, formerly of Nashville, Tenn., wrote to prospective employers: "Ah m from Tennessee, but I've put 'em on my shoes and I'm ready for work in California."

The job he landed—junior right-of-way engineer for the state division of highways.

## Give Child a 2nd Chance

By DOROTHY V. WHIPPLE, M.D.  
AP Newsfeatures

Mary has finished the first grade. That is, Mary has spent a year in the first grade classroom but Mary is not very well grounded in the elementary skills which are supposed to be learned in that all-important first year of school.

The big question is: should Mary go on to second grade with the hope that she will catch up or should she plan to repeat the first grade?

The first year of school is an extremely important one. The youngster who has not learned the basic skills of reading and number work will very likely have continuing trouble throughout his school career. It is very likely that he will continue to fall further behind and before long come to dislike school and want to drop out.

MARY'S SIXTH birthday had been in early October. She was just barely old enough to be admitted to first grade according to the law. But Mary was a small youngster and more immature than most of the other first graders. She never quite knew what was going on in the class. As it turned out it would have been better for Mary if she had not been allowed to enter first grade last year.

Now she is older and more grown up. She is plenty bright. For Mary, the wise choice is to have her repeat first grade. If she does she will get a good grounding in the basic skills. She will become one of the good readers in her class instead of being in the lowest reading group.

Not only will Mary get a better start on her academic education if she repeats first grade but she will also be a happier better adjusted person all her life.

It's hard on a child to be one of the worst in a group. She gets the feeling she is a failure and that it's not worth trying to be better because it's no use. The truth is if Mary is pushed on to second grade this fall she won't be able to compete with the children who have learned a lot more than she did in the first grade. She will be a failure.

ON THE OTHER hand if she repeats first grade she will feel good because she will be able to do the work. She will want to push ahead and do more and more. She will have the feeling of success.

Keeping a child back is often harder for the parents to accept than for the child. Often parents feel that if a child of theirs repeats a grade they must accept the fact that their child is stupid.

With Mary and with many other children this isn't the case at all. Mary is not stupid, she was just too young and immature for first grade last year.

First grade is about the easiest of all grades to repeat. The child will have no sense of failure about not going forward with her class unless the parents make a big issue of it.

Take a careful look at your youngster. If there are any doubts in your mind about his qualifications for second grade talk it over with the school. Be sure to decide the matter on the basis of the child's welfare, not on your pride.

removed from the oven.  
Q. How can I economize in the use of butter?  
A. Bring 1/2-cupful of good milk to a boil, then set aside to cool. When just lukewarm, add 1/2-pound of unmelted butter and beat with eggbeater until mixture is thick and creamy. Then put in refrigerator to harden.

### TENDER MEMORIES

DENVER, Colo. (AP) — Chief Justice O. Otto Moore of the Colorado Supreme Court celebrated his 38th wedding anniversary with a recollection of his honeymoon. He spent it in the hoosegow.

More, a soldier in World War I 38 years ago, recalled he was denied an Army leave to get married after his return from combat duty.

He took his own leave, got married. Moore returned to camp seven hours after the ceremony and faced a court-martial. "A captain said he was being lenient," Moore recalled. "He gave me 60 days. I told him I was glad he wasn't in a bad mood."

Passes have been sent to the following honoring them on the occasion of their Wedding Anniversary Sept. 12-14:

## Foibles - - Fancy and Plain

By KENT SNARE

As far as getting set for the 1957 footballer coming up, it's later than you think, in fact, it's nearly too late to cogitate about it. The major college season wings away on Sept. 21 and as the schedulers are wont to do, they are emerging with a rash of rousers. On that inaugural day there is Oklahoma at Pitt and that's just what it might prove to be, one to catch Oklahoma's 40 game unbeaten string, as it falls. Texas Aggies encounter a disgruntled and vengeful Maryland, that probably is coming back on the mainline this lap. Southern California journeys to Oregon State, who upheld the Pacific Coast Conference tradition last January One, by losing in the Rose Bowl. Then there is a rerun of two of last seasons big surprises, South Carolina entertains Duke and North Carolina State visits North Carolina U. and Jim Tatum, who lost last season, but retained his loose lip. Texas goes to Athens, Georgia, not Greece, and Kentucky invades Atlanta and Georgia Tech. That tussle will lead to a large afternoon, with results that likely will affect the SEC final outcome, more than a trifle. Among other SWC team encounters, Villanova meets Baylor, TCU hosts Kansas, SMU teeks to California U. Arkansas catches Oklahoma State Univ., see Oklahoma Ags. and Rice bumps into LSU. Miami, Florida, plays Houston and West Texas goes at Texas Tech, and those frays listed are just some among many, being run off that day. 'Course you pay your money and sometimes afterwards wonder if you had a choice, not so, are the paid presidigitators who have already made their choices and beyond that, probably have already drawn their stipend or at least an advance. While we are in the vicinity, I want to post a small protest against one of my favorite guessers, Francis Wallace, for his progressing from a 15 cent per logical to a fo-bitter this year. Such is un-fair trade practise, I swear. Anyhow, the consensus of the preseason pickers has the old familiar tinge, leaning on the following clubs and not necessarily in this order: Oklahoma, Iowa, Baylor, Michigan State, Texas A&M, Tennessee, Michigan, Minnesota, Navy, Duke, Pitt, Ohio State, Penn State, Georgia Tech, State, Rice and Kentucky. One of the eye openers in that roster, is the absence of Notre Dame and also, that there is no Pacific Conference team in the top echelon. The situation in the far west is so appalling, what with all the bird-dogging and penalty calling, that one of the coaching brethren out there is alleged to have opined that things were so brutal that they might have to use some students on their squad this fall. Personally, I'll stay with the catch

catch can theory of guessing and give the usual nod to the whether of the weather, which reminds me, of — that maharaja of an interior Indian province, who decreed that no wild animals could be killed by the peasants. Right away the countryside and the peasants were trampled by tigers, leopards, buffalo, elephants and etc. So the peasants, nearly outnumbered and suffering, gave this maharaja the old heave-ho. Same being the first incident of record, where the reign was called on account of game.

### NIGHT OF THE HUNTER

JOHANNESBURG, South Africa (AP) — Superstition saved a man a possible beating and 130 (\$4 dollars) in cash when he was held up by three natives in a lonely suburb of western Johannesburg.

While he was walking through the street, he suddenly emerged from an alley and seized him. As the robbers wrestled to get the man's jacket off, suddenly his artificial arm came loose and fell to the ground. The robbers, panic-stricken, fled into the surrounding darkness.

### HOUSE RULES

STILLWATER, Okla. (AP) — Members of Phi Kappa Alpha fraternity at Oklahoma A&M have voted to get rid of a houseguest — Intoxication, a pet skunk.

The deodorized skunk was owned by Bailey Center and lived at the house with him. It was fine for a while until Intoxication insisted on bringing home her non-deodorized boy friends.

Lexington, a historic name, is also the name of communities in Kentucky, Massachusetts, Missouri, North Carolina and West Virginia. The Massachusetts Lexington is where the first battle of the Revolution took place on April 19, 1775.

## How Can I?

Q. How can I relieve a painful corn?  
A. A little oil of peppermint applied to the corn daily is often effective.

Q. What is an emergency treatment for gas poisoning?  
A. Carry the patient into the open air. Apply strong ammonia to the nostrils. Rub the heart, legs, and feet with dry mustard. Use

artificial respiration. Give an emema of hot coffee. Send immediately for help.

Q. How can I remove discolorations from aluminum ware?  
A. Fill the vessel with a cold weak solution of vinegar and water, about one tablespoon of vinegar to a quart of water, bring slowly to a boil, and let boil five minutes.

Q. How can I improve the flavor of roast chicken?  
A. Try pouring a cup of cream over it immediately after it is

# ROW CROPS NEED NITROGEN!

APPLY PHILLIPS 66 AMMONIUM NITRATE NOW

Corn and other row crops need plenty of nitrogen to return bigger yields and profits at lower unit production costs. Phillips 66 Ammonium Nitrate contains a guaranteed 33.5% nitrogen. Half is quick-acting nitrate nitrogen for fast, healthy growth right from the start and half is ammonia nitrogen to provide long-lasting continued plant feeding.

This high quality fertilizer promotes stronger deeper root systems which make better use of available sub-soil moisture to help you beat the drought. And it helps increase the protein content of grain and feed crops which put more money in your pocket.
