Start Balloting For Official Town Flower

Favorable Weather Boosts Building Above Last Year

Generally favorable weather the past three months has resulted in a slight boom in local building activity, as shown in construction and remodeling permits issued by Hereford City Hall.

Permits issued from April 1 through June 30 show a total of \$852,150 for 42 permits issued. That figure is a \$124,920 increase over the \$727,230 in valuation for the same three-month period in 1960. Fourteen permits for construction of new residences totaled \$273,400 to constitute approximately two-thirds of the quarterly total.

Total permits for the first six months of this year total a property valuation of \$653,560. Total for the first half of 1960 was only \$483,315.

Most permits issued this year were for additions and alterations of homes and businesses in Hereford.

Monthly permits issued during the recent total include: 14 permits in April for \$119,600; 14 permits in May for \$116,250; and 14 permits in June for \$146,300.

Permits for the second quarter of 1959 were \$335,185, and total for the first half of that year showed an unusual high of \$891,785.

No major permits were issued during the past three months, but favorable weather speeded up activity in building new family homes. Only six permits were issued for the building of new residences for a total of \$73,000 in January, February and March.

Permits issued through the year 1960 totaled a valuation of only \$1,068,415. If the current building pace continues, this year should show more valuation over 1960 as the half-way mark has already been passed. Permits totaled \$1,519,361 in 1959.

Four permits for new homes were issued in April for total valuation of \$77,000; five permits were issued in May for \$100,400; and five permits were issued in June for \$96,000.

Largest single permit for a new home on June 13, for valuation of \$46,000.

Task of naming a town flower for Hereford started Thursday during a meeting of the beautification committee of the Deaf Smith County Chamber of Commerce.

A tentative ballot of five flowers was chosen in a vote of the 12 persons who met at the Country Club for the luncheon session.

By way of introduction, Mrs. A. L. Manjeet showed a series of color slides which had won state-wide honors for the Hereford Garden Club. The slides showed different flowers and plants which were grown in Hereford during different seasons of the year.

Included on the list which will be used as a town-wide ballot were chrysanthemums, peonies, iris, lilac and the Peace rose.

Mrs. Don Steele, chairwoman of the flower selection committee, said color slides and pictures would be shown during July to all Hereford civic clubs, after which the club members will vote on their choice for the town flower.

A joint meeting of all women's organizations will use the same procedure, Mrs. Steele said. Finally, the public will be allowed to vote for the flower which should become a growing symbol of Hereford.

Mrs. Manjeet and Mrs. Steele explained that the town flower should be something different from the flower which has become the symbol of another city and should be something that can be grown well in this climate.

Howard Armstrong explained that all the flowers placed on the ballot are hardy and adaptable to this area. New strains of chrysanthemums, he said, have been developed for earlier blooming. Some of the small button chrysanthemums already are blooming, he pointed out.

All types of peonies grow well here, with the Japanese peony, with waxy bright red petals and yellow center a particularly attractive flower.

Iris also grow well here, but are relatively short-lived compared with some of the other flowers recommended. They grow in a profusion of different colors.

Lilac is a colorful plant which blooms well for long periods. It is adaptable to almost any type of setting and is particularly hardy.

(Continued on page 9)

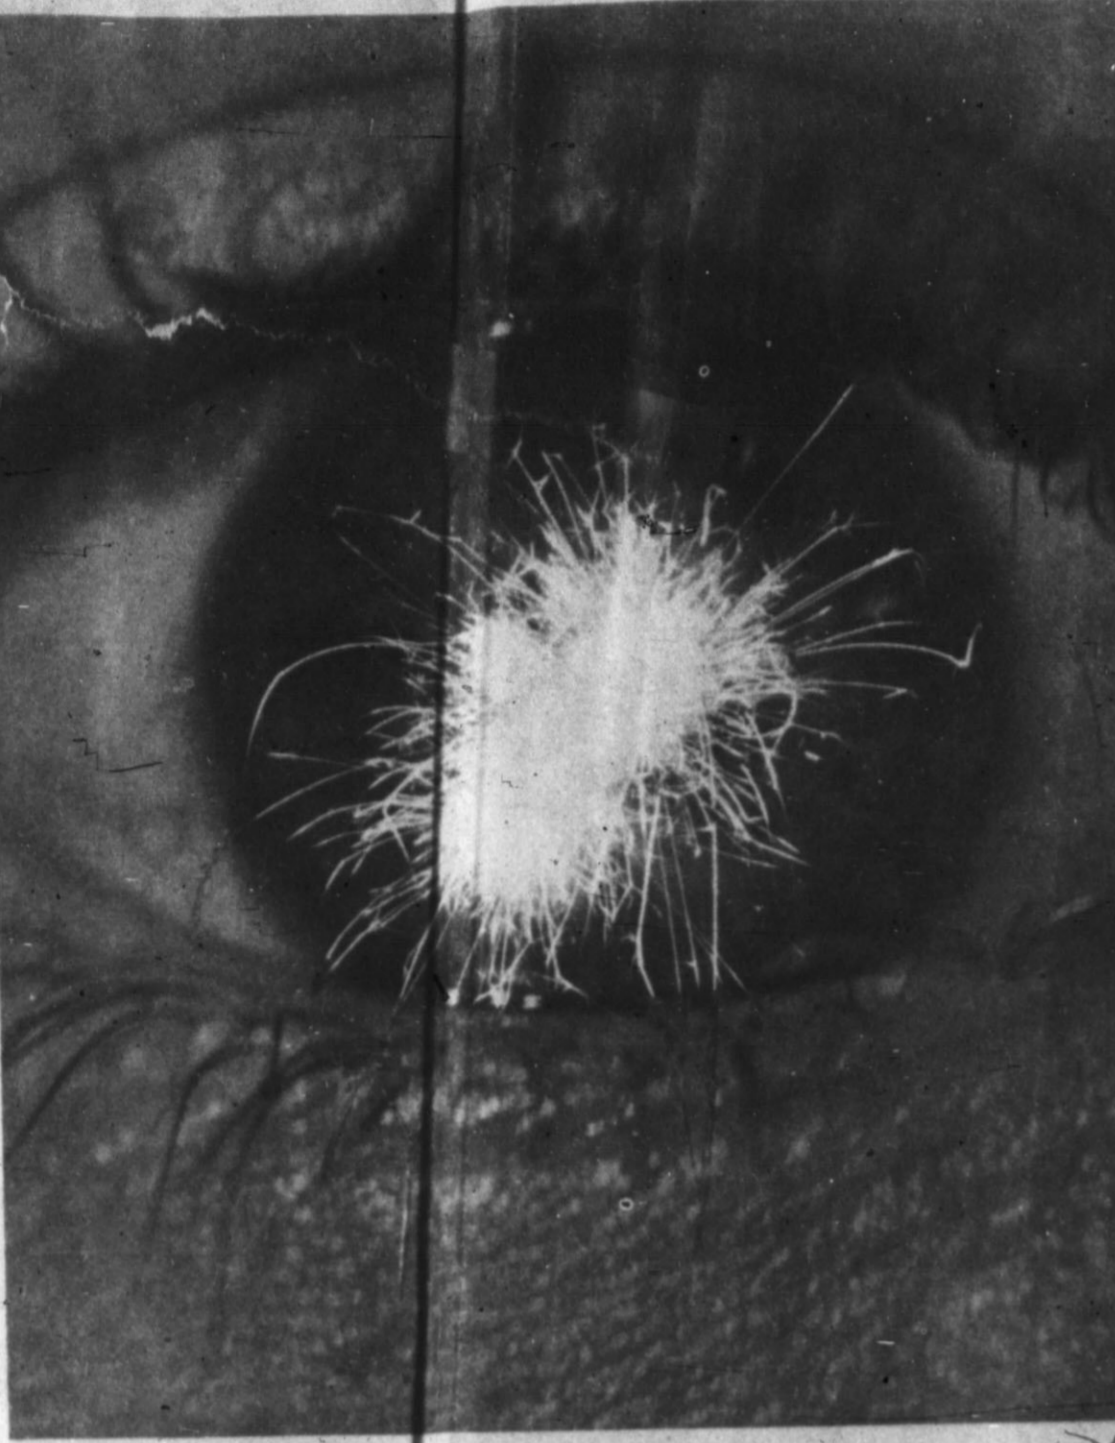

Bobby Williams Named Head of Plemons School

Bobby Williams, head football coach and athletic director of Hereford High School for the past three years, this week announced he has accepted the post of superintendent of Plemons Independent School District.

His duties at the Plemons school, which is located between Borger and Stinnett, started July 1. The school includes grades one through eight.

Williams has tendered his resignation as a teacher at Hereford High, and it will be submitted to the board of trustees of Hereford Rural High School District at its next meeting.

(Continued on page 9)

SPARKLING EYES of children really sparkle on the Fourth of July when they reflect the magic of fireworks. Here a small boy's eye reflects the flashing beauty of a sparkler at night. Independence Day will be observed as a holiday here, with activities limited mainly to short trips or rests at home, punctuated with fireworks explosions and lights.

(Staff Photo by H. A. Tuck)

Officers Urge Caution In Traffic On July 4 Weekend

As hundreds of Hereford and Deaf Smith County residents join other Texans on holiday trips this weekend, local Texas Highway Patrol units will begin their annual "Operation Holiday" safety campaign on state highways.

"All of our men will be working extra hours, over the weekend and through Tuesday, to keep highways as safe as possible," said Texas Highway Patrol Sgt. Roger Sosebee of Hereford. Sgt. Sosebee is head of Highway Patrol units in nine counties.

On Independence Day, July 4, Texas Highway Patrol units throughout the state will begin "Operation Deathwatch," a stem tabulation of fatalities on

Through Tuesday, Highway Patrol officers will use radar equipment in enforcing speed. "All our patrolmen will be on the alert for hazardous violations, drinking drivers and speeders," Sgt. Sosebee said. "All traffic laws will be strictly enforced."

Sgt. Sosebee advised motorists to be rested and refreshed before leaving on their trips and to make rest stops about every hour. "We want all drivers to take it easy," Sgt. Sosebee said.

(Continued on page 9)

Operation Deathwatch will be in effect beginning at 12:01 a.m. July 4 and will continue through midnight.

52 Area Golfers In City Tourney

Fifty-two area golfers entered the annual Hereford City Golf Tournament, which started at 12:30 p.m. Saturday on the John Pitman Municipal links.

The four-day tourney will continue through Sunday, July 2, Tuesday, July 4, and Sunday, July 5.

Defending champion Charles Seed was unable to enter, as he is attending a summer college session.

Losers in the first round of the championship flight will form the first flight, according to Bud Posey, host pro. Golfers from Hereford, Dimmitt and Friona entered the annual meet.

Finals in championship and first flights will be held Sunday, July 9. No qualifying rounds were played, and golfers were paired according to handicaps.

Pairings announced after registration deadline Friday evening include:

Championship flight — Bob Lindsey vs. Wendell Burdine, Dale Tinnin vs. Russell Carver, Wimpy Walker vs. John D. Pitman, Ted Young vs. Frank Cogdell, Joe Kerr vs. Dr. J. H. Channer, John Renner vs. Don Martin, John Etherton vs. Glen Render and Owen Seamands vs. Bill Howard;

Second flight — Don Bridges vs. H. B. Thomas, Punk Gilbreath vs. Henry Aycock, Cliff Arnold vs. Bill Davis and Frank Latimer vs. Dr. C. E. Hicks;

Third flight — Doc Cowan vs. Earl Springer, Vernon Scott vs. W. B. Stark, Sam Gilbreath vs. Sam Long and Don Little vs. Ed Line;

Fourth flight — Swain Burkett vs. Nolan Johnson, John McCleskey vs. Ray Godwin, Buddy Hudson vs. Charlie Seeds and Frank Thornton vs. Cecil Floyd;

Fifth flight — Glen Mingus vs. Ray Blackburn, Glyn Bilibrey vs. Harold Loerwald, Clint Formby vs. Paul Schroeter and Lowell Sharp vs. Jack Campbell;

Sixth flight — Burr Blake vs. Don McNeese and R. L. Layman vs. Bruce Miller.

Around Town

Occasionally this weekend, amid your visiting, boating, driving and shooting fireworks, give a thought to the reason for the holiday. It's nice to have a day off, but give a few moments of gratitude thanks that you live in a country which is free and which earned its freedom and women. In fact, you might want to make it a "Patriotic" period of reflection and renewed dedication.

A furniture refinishing class will start at 9 a.m. Monday, July 3, in the shop building of Hereford High School. The class in upholstery will be at the same place and same time, but starting a week later, on July 10.

Monday is Dollar Day in Hereford and promises to be another big event for the summer, with bargains of all sorts in store.

Tuesday, however, the streets will be mostly deserted as the city officially closes for the holiday. All stores and most service establishments will observe the holiday.

The Progressive Community Reunion will be held Sunday.

(Continued on page 9)

Reprieve From 'Trouble' Only Lasts Briefly

A young Negro couple applied for a marriage license here early last week.

Clerks explained that they had to show proof of their age and the couple left. A few hours later they returned. The young man presented a telegram verifying his age. Clerks said they still couldn't issue the license, since the young lady had no proof.

Whereupon the young man explained fervently, "Ma'am, you sure saved me some trouble!" He then went one direction while his intended went another.

But his reprieve from trouble was short. A couple of days later, the girl brought in her proof of age. She was reluctantly accompanied by her fiancé, who accepted the license when it was finally issued.

Cash Register Carried Away

A cash register containing from \$10 to \$15 in small change was stolen in the burglary of Hopson Meat Company sometime Friday night or Saturday morning.

The burglar or burglars apparently did not know how to operate a cash register as the cash drawer was not locked, according to an investigating officer. Theft of the cash register was reported at 8 p.m. Saturday.

Hopson Meat Company is located on Dairy Road, southeast of Hereford. Entry was gained through a rear window of the building, according to Deaf Smith County Deputy Sheriff Kenneth Maxwell, investigating officer.

The cash register was located in the retail department of the company.

SCD Warns Not To Burn Stubble

"Smoke costs farmers money," warns the Board of Supervisors for the Tierra Blanca Soil Conservation District.

Farmers who burn wheat residues have failed to realize the benefits of these residues. Dollars as well as long time soil improvement both go up in smoke when residues are burned. Wheat stubble that is returned to the soil will give such important long time benefits as increased moisture holding capacity, more organic material, more fertility - holding capacity, and better soil tilth, according to the SCD Supervisors.

Surface crusting is one of the main problems of burning residues. When all the organic materials are removed, the soil tends to bake or crust. This causes the soil to seal off and slow the water intake rate.

Many advancements in farm equipment have been made which handle large amounts of residues. Shredding or diskling will chop the straw. This still provides cover and will keep the residue for growth of the following crop.

The exact value of wheat stubble in dollars is hard to determine but top production can be obtained only on fertile soil, and natural fertility can be maintained only through efficient use of crop residues.

"It is just plain common sense that we cannot expect to keep taking from the soil and never return anything to it. Commercial fertilizers are most effective when applied on land where organic material from crop residues are present," the SCD Supervisors concluded.

Farmers And Ranchers Are Valuable To Civil Defense

BY DAN MUDD
BRAND STAFF REPORTER

(Editor's Note: In the past two issues of the Brand have appeared articles on how Hereford and Deaf Smith County residents could protect themselves and their families in event of a severe storm or nuclear blast. The following article is slanted more toward the farmer and rancher, who has the additional responsibility of protecting his farm products and livestock after he has provided protection for his family.)

If this nation were attacked with nuclear weapons (atomic or hydrogen bombs, American agriculture would be counted on to furnish emergency food supplies — and of course to supply the food and fiber needed to keep the economy going.

Deaf Smith County, the "Salad Bowl of the Panhandle" and a leading area for raising livestock, is one of the important regions in the United States for producing farm commodities. Therefore, the local farmer and rancher are prominent figures of the Hereford-Deaf Smith County Civil Defense organization.

The United States Department of Agriculture Emergency Planning Committee for Deaf Smith County, a cooperating agency of the Civil Defense unit here, realizes that one of the problems it would face in event of enemy attack in the area would be radioactive fallout's effect on food supply.

The committee includes the county agent, the work unit conservationist of the local Soil Conservation Service, the coun-

ty supervisor of Farmers Home Administration and County Agricultural Stabilization and Conservation office manager.

The Hereford SCS work unit is one of nine Panhandle units that has received Civil Defense radiological monitoring training. The training was given early this year so that local SCS employees could monitor fallout in case of an atomic attack or a peace time atomic accident.

Panhandle Soil Conservation Service official monitoring locations are Hereford, Dimmitt, Friona, Claude, Silverton, Wellington, Follett, Pampa and Dumas.

The local SCS runs periodic "practice tests" in the county with radiological monitoring instruments. The instruments include a low range survey meter, a Geiger counter for monitoring food, water, personnel, vehicles and utilities, a medium range survey meter and a high range survey meter to monitor fallout.

Radiological fallout can only be detected with these instruments as it cannot be seen, felt, heard, smelled or tasted.

SCS personnel also has been trained on procedures of decontaminating food.

In case of an atomic attack or peacetime accident, monitoring information would be forwarded to the State Emergency Planning Committee office, located near Denton.

The state and national Civil Defense centers would use this information to plot fallout patterns and to make a national damage assessment study. The state office could then recommend local evacu-

ations, if practical, to uncontaminated or less contaminated areas.

With the monitored information, the length of time necessary to stay in fallout shelters until radioactivity has decayed to a safe level could also be predicted.

If any heavy degree of fallout were detected, the report would immediately be made to the state committee, and any needs of local residents would be included in the report.

The county committee already has listings of all food supplies located in the county.

"If we determined that we could handle what needs we might have following an enemy attack," said ASC office manager Faust Collier of Hereford, "then the committee would function as a 'war board,' and food and feed would be distributed on the wholesale basis."

In event of heavy fallout, the local committee would set up an emergency office in the basement of the new Witherspoon law firm building, at the corner of E. Third and Sampson. Other designated personnel would go to the basement headquarters to render aid.

There, the local committee would have direct communication with the state committee, which will be housed in an underground shelter now being constructed near Denton. The state committee would help channel aid to Deaf Smith County.

"In case of attack, and we should 'be our own,'" Collier said, "we are automatically delegated the authority to take over any food or equipment in

(Continued on page 9)

Dement Awarded FM Road Project

A contract for 4.7 miles of construction on Farm-to-Market Roads 1062 and 1541 in Deaf Smith and Randall Counties has been awarded to an Amarillo firm. Contract was let last week in Austin by the State Highway Commission.

Ivan Dement, Inc. submitted the low bid of \$188,350 on the project. Work in Deaf Smith County includes grading, structures, base and surfacing on FM1062, which starts on U. S. 385 ten miles north of Hereford and goes east to the Randall County line.

District Highway Engineer Charles W. Smith of Amarillo said the projects are expected to take 120 working days to complete.

CLEANING UP THE DEBRIS, a Hereford fireman scoops up rubbish after a fire in the Jim Hill Hotel about 9:45 p.m. Friday. Quick work by firemen prevented the fire from spreading to other rooms in the building. The fire was confined to one corner room, with damage estimated less than \$1,000. The fire apparently started on a bed in the room but no one was present when fire broke out.

Miss Sue Thomas Is Wed To Benton Bolin

Marriage vows were read Saturday, July 1, for Miss Sue Thomas and Benton Bolin. Parents of the couple are Mr. and Mrs. Wilbur Thomas and Mr. and Mrs. Lincoln Bolin, all of Route 4, Westway.

Vows were exchanged in the Westway Baptist Church at 8 p.m., with Virgil Lawrence, minister of the Shallowater Church of Christ at Shallowater, Tex., officiating.

The double-ring ceremony was read before an altar decorated with one pair of seven branch candelabra holding white tapers and church bouquets of white gladioli backed by emerald palm trees.

See Picture Page 1, Section 2

Family pews were marked with white bouquets and the bridal aisle was covered with a white cloth.

Mrs. Herbert-Owens, grandmother of the groom, was organist. She presented a traditional nuptial music and accompanied Mrs. Orville Atkinson, who sang "I Love You Truly" and "Oh, Promise Me."

Miss Zena Ann Bolin, sister of the groom, attended as Junior bridesmaid and Mrs. Bill Combs, sister of the bride, was matron of honor. Miss Jeannie Thomas, another sister of the bride, was flower girl. All wore identical dresses of baby blue silk organza over taffeta, featuring rounded low necklines, short capped sleeves and full skirts. They wore matching shoes of baby blue peau de soie and carried nosegays of white french carnations.

Dressed in dark pants and a white coat with a blue bounniere, Jim Carlile, cousin of the groom, carried the rings on a white satin pillow.

Sammy Bolin served his brother as best man and Bill Combs and Bud Thomas, brother of the bride, were ushers. Matt Bolin, brother of the groom, and Ronny Nymfey lighted the candles preceding the ceremony.

The bride, who was given in marriage by her father, was attired in a white formal princess line gown fashioned of

peau de soie. The low cut, short sleeved bodice was accented with appliques of re-embroidered French lace and seed pearls above a bouffant skirt with the back fullness falling into a chapel sweep. Short, white gloves and satin shoes complimented the gown. Her fingertip veil of French illusion was attached to a crown of seed pearls and she carried a bouquet of white french carnations centered with a single white Cattleya orchid. Her only jewelry was a string of pearls.

Immediately following the ceremony the bride's parents hosted a reception in their home. Miss Sandra Hodges registered the guests and Misses Ann Brown and Pat Cook assisted at the bride's table. The table was laid with a white lace cloth and centered with an arrangement of pale blue french carnations, flanked by blue candles in silver candelabra. The crystal punch service occupied the end of the table opposite the three tiered wedding cake.

When the couple left on a short wedding trip the bride was wearing a red-silk suit styled with a short fitted jacket and slim skirt. Black and

white accessories and the orchid from her bridal bouquet completed the ensemble.

After the wedding trip, the couple will be at home at 500 East 3rd in Hereford.

Mrs. Bolin attended schools in both Shallowater and Hereford.

The groom was graduated from the Knox City High School in 1959 and attended Ranger Junior College at Ranger, Tex. He is presently employed by his father as a carpenter.

Out of town guests for the wedding included Mr. and Mrs. B. H. Thomas Sr., grandparents of the bride; Mr. and Mrs. B. H. Thomas Jr., Pam, Nancy and Barbara, all of Shallowater; Mr. and Mrs. Ed Ussery, Roy, Robert and Barbara, of Victoria; Mr. and Mrs. George Wall and Debbie, Mrs. Estelle Bolin, Jimmy Abbott, Joey Watkins and Jane Smith, of Knox City; Mr. and Mrs. H. E. Owens Jr., and Elaine, Mr. and Mrs. Tom Carlile, Mike and Jim, of Kress; Mr. and Mrs. Irby Carlile, Linda, Kay and Cathy of Munday; and Mr. and Mrs. Orville Atkinson and Jimmy of Plainview.

ANNOUNCE BIRTH

Mr. and Mrs. Ron Downing from Abilene announce the birth of a 6 pound 14 1/2 ounce son, Kevin Story. He was born at Hendricks Memorial Hospital in Abilene on June 29.

Mrs. Downing is the former Sandra Story of Hereford. Maternal grandparents are Mr. and Mrs. Joe Story of Hereford. Downing attends college in Abilene.

LUCKY PARLEZ VOUS

RICHMOND, Va. (AP) — Patrick Henry Elementary School French pupils were visiting Byrd Airport when a private plane requested permission to land because of bad weather in Washington. The children got a chance to converse in French with the plane's occupants — French Ambassador Herve Alphand and Madame Alphand.

Alfred Dziuk Leaves To Teach In Liberia

BY DOT BOWLES
BRAND STAFF REPORTER
Alfred Dziuk, son of Mr. and Mrs. Ed Dziuk of Hereford, will go to Liberia, Africa next month to begin teaching under the International Voluntary Services,

Watch Repairing
Local

Time Inspector
Lynn C. Kester
KESTER'S
Jewelry & Gift Shop

Inc. Dziuk taught math in Washington, D. C. until February. He wants a career in international government service or as an international Catholic lay apostle. Since he does not have a formal education in governmental affairs, Dziuk decided that practical experience would be his teacher.

When President Kennedy announced plans for a program of "people to people cooperation" in a move to promote world understanding, Dziuk liked the idea. Kennedy's plan, originally announced on Nov. 2, 1960, has now been given status under an executive order of March 2, 1961 as the Peace Corps and is under the auspices of the State Department.

Since there was no immediate opening for Dziuk in the early peace Corps operations, he worked as an office assistant with the Colorado State University Research Foundation Youth Corps Study Group.

During that time Dziuk became familiar with first-stage Peace Corps preparations, because the Colorado study group is similar in purpose to

the Peace Corps. After a month with the Colorado group, Dziuk was hired as a mail clerk in the Peace Corps offices. Here he gained first hand knowledge of the new venture.

The International Voluntary Services, Inc. (IVS) served as a pattern for the infant Peace Corps in many aspects. Dziuk was familiar with IVS work and learned of their need for teachers to go to Liberia.

It was difficult for Dziuk to choose between either an almost immediate opportunity to begin foreign service with IVS or to wait for the Peace Corps. Finally, after five weeks with the Peace Corps, Dziuk made his decision.

"Liberia offers the biggest challenge of my life," Dziuk says. In two months he was cleared by the FBI and accepted by the Liberian government.

Dziuk realizes that he must be prepared for almost anything in the Liberian village where he will begin his work. IVS has warned him of the possible crises he might encounter.

"The IVS Point IV contract with Liberia seeks to help the Liberian public school department in meeting the demand areas of the central, eastern and western provinces of Liberia," Dziuk points out.

Conditions will be vastly different from the teaching situations Dziuk has previously been concerned with in Chicago and Kansas City parochial schools and public schools in New York City, Bethesda, Md. and Washington D. C. Language looms as the largest problem to be conquered.

Under the IVS plan, two American teachers work with two Liberian teachers in setting up a school system or improving an existing one. The teachers will seek to improve administrative policies, keep accurate records, and add to the curriculum and available teaching materials.

English is the national language in Liberia but there are scores of different sects who speak different languages; therefore, courses in basic English will be necessary in many cases. Dziuk was an English major and math minor at St.

Alfred Dziuk

Mary's College in Winona, Minn. IVS desires that the teachers become an integral part of the community in which they are located; but warns against the loss of individuality, according to Dziuk.

The Liberians have a strong democracy and realize the importance of maintaining it, Dziuk remarks.

Dziuk visited with his parents in Hereford last week and has returned to Washington, D. C. to receive orientation during the first two weeks in July. He is scheduled to begin the trip to Liberia on July 14.

During August he and three other young men will attend sessions in Africa as last minute preparation for the real job which begins in early September.

Dziuk attended St. Anthony's Parochial School in Hereford, Price College in Amarillo and the Christian Brothers High School in St. Louis in addition to St. Mary's College. After his Liberian service Dziuk plans either to work in international government service, perhaps with UNESCO, or to become a Catholic lay apostle.

Dziuk is enthusiastic about the opportunities available to one wishing to serve his fellowman. No formal education above the high school level is required in IVS foreign programs, Dziuk reports.

"Anyone in Hereford with a definite skill can become a member of the IVS team," he asserts. Skilled farmers with ambition and initiative are in great demand in the underdeveloped nations, Dziuk explains.

Mrs. James Allen Short
nee Miss Jo Ann Thomas

Parents Reveal Recent Marriage Of Daughter

Mr. and Mrs. Henry Thomas, 322 Ave. J., are announcing the recent marriage of their daughter, Jo Ann, to James Allen Short, son of Mr. and Mrs. James Short, also of Hereford.

Wedding vows were exchanged June 21 at 7 p.m. in the

Central Church of Christ, with Ernest Highers, minister, reading the single ring service.

The bride was attired in a white sheath dress complemented by short veil held in place with a white half hat.

Following the ceremony, the bride's parents hosted an informal reception at their home honoring the bridal couple.

Mrs. Short attended Hereford schools and the bridegroom attended schools in Olney and is presently employed at Phillips and Lawrence Service Station. The couple is at home at 306 Ave. I.

DOG DAMAGES
OKLAHOMA CITY, P — The Midwest City police department has been named in a \$1,500 suit which alleges a dog named Pierre suffered such damages as a severe cold, watery eyes and the scourge of all dogdom — fleas.

Pierre is the pet pooch of Elaine Owens, 16.

The girl's father, Chester G. Owens, filed the suit in district court in behalf of his daughter. It claims the dog suffered damages after being picked up by a Midwest City policeman and placed in a common pen with other mutts.

should write a letter about himself and his qualifications to the American Council of Voluntary Agencies for Foreign Services, Inc. If no answer is received in three to four weeks, another letter should be written to ACVA-FS requesting specific information concerning the qualifications already enumerated, Dziuk recommends.

The address for ACVA-FS is 20 West 40th Street, New York City 18, New York.

Dziuk is a young man who has found a challenge for his life and has determined to meet that challenge.

Betzen Speaks At Kiwanis Club Robert Betzen, Hereford farmer, was introduced as "The man with the challenge" at the Kiwanis Club luncheon Thursday.

Charles Stone introduced Betzen, who is the county Policy Development chairman for the Farm Bureau. The Farm Bureau is currently conducting a letter writing contest to promote interest in good government and Betzen spoke on that topic. "Let's go back to less government and more free enterprise," Betzen advocated. The price of good government is not "eternal vigilance, but eternal criticism," he continued.

Betzen cited examples from Greek and Roman history of how evil overtakes a country when "good men do nothing."

RED RAIN BUFFALO, N. Y. - "It's raining red paint!" exclaimed an excited citizen on the phone, complaining about his dropping red automobile. An investigation by the city's Public Works Department showed that a workman scooping up red dye in a chemical plant was standing too close to a ventilator. The fan was drawing up dust and spraying it into the rainy outdoors. "The dye has a high tinctorial value," said an official. "A little spot, when wet, goes a long, long way." The prescription: a detergent, an auto wax, some elbow grease.

Trade in your old watch now at Cowan Jewelry on a new watch; pay out the balance in small weekly payments. B-11-18-1-1C

He gave three choices for the people of the United States: either stop all progress, retreat or be progressive. "The hardest thing is to progress but we must do so to remain free," Betzen said.

The Farm Bureau representative attacked the non-voting trend in the United States. He claimed that only 51 per cent of the eligible voters cast a vote in the presidential election last year: Thus, Kennedy was elected by 26 per cent of the people. Betzen spoke against deficit spending as a hindrance to progress. The present generation's children and grandchildren should not be saddled with the tremendous debts being piled up today, he said.

Hereford Legion Team Falls Before Sheriffs And Errors

The Hereford Redbirds fell to the league-leading Tascosa Sheriffs 6-5 in American Legion ball Friday. The Sheriffs scored the game-winning run in the eighth inning on a strike out which got away from the catcher.

Errors caused the downfall of the Redbirds as they committed nine infield miscues. The local team out-hit the Amarillo nine 4-2, but the Sheriffs made only two errors.

Jim Haney started on the mound for Hereford, pitched seven innings and struck out 12 batters. Casas took the hill in the eighth after Haney had walked the game-winning run.

Chris Gibbs went the route for the Sheriffs and struck out eight Hereford batters. He gave up four free passes to first base.

Tascosa scored in the bottom of the first as Haney walked three men and an error put another on base. Ronnie Baker scored on an infield error.

The Redbirds went ahead in the top of the second frame. Wes Poarch walked and Ken Loerwald singled. Both runners advanced on Joe Mack Hale's infield grounder and stole home.

Tascosa scored two runs on no hits in the fourth frame as the Redbirds were guilty of five miscues. Ronnie Baker and Nicky Leverett both were put on base after errors and both scored on errors.

Trailing 3-2 in the top of the fifth, the Redbirds managed two runs to go out in front again. Hale led off with a single and Haney walked. Glen Nelson singled and Johnny Willoughby walked. Hale scored on the free pass and Haney crossed the plate on a wild pitch. Gibbs struck out the next two men to retire the side.

Tascosa battled for two runs on one hit in the fifth. Again the Hereford errors accounted for one of the runs. Jimmy Carter got on first on an error, advanced on an error and scored on Dennis Wilson's single.

Wilson stole second and third and scored on a wild pitch. The Redbirds went to the plate trailing 5-4 in the sixth. They were retired in order in the sixth and seventh frames but scored one run on the hit in the top of the eighth.

Dan McDowell got on after an error, advanced on a wild pitch and scored on Poarch's single. Poarch made the last out as he was cut down in a steal attempt.

With the score tied at 5-5 Ha-

ney walked the first man he faced in the Sheriff eighth. Coach Harlon Voyles sent Richard Casas to the mound. He struck out the next three batters but the last strike on Leverett was a wild pitch.

Leverett swung at the ball and it hit the dirt and bounced over the catcher's head. Leverett reached first safely and David Wilson scored the winning run. Wilson had gotten to third base on a throwing error by Poarch.

Hereford plays Nazareth at 2:30 p.m. July 8 in a conference tilt. The Redbirds meet Tucumcari in a non-conference game at 2 p.m. Sunday, July 9, in Hereford.

The District 18 tournament will be at Borger on July 11, 12 and 13. The top two teams in the southern half and northern half of the district will play for the chance to compete in the state tournament.

ARE YOUR DEBTS
IN
BALANCE?

Many a farmer or rancher has his short-term debts completely out of balance with his long-term debts. Good management dictates that he keep his operating or short-term credit in balance with his capital or long-term credit. By doing this he will be able to meet repayments with more ease.

While a Land Bank loan will not reduce your total indebtedness, it has provided the key to a balanced debt load to thousands. Most likely a Land Bank loan is the answer to your credit problem.

Without obligation, come in and let's see how it can be made to help you get your debts in balance.

Yankees Hold Off Giants To Win 7-5

The Yankees edged by the Giants 7-5 in Little League action Thursday. Jim Allison went the route in claiming the win. He gave up only two hits and struck out 12 batters.

Sidney Shaw was on the mound for the Giants and gave up seven runs on seven hits. Shaw struck out four men in being charged with the loss.

The Yanks lashed out for five runs on two hits in the first frame. Randy Baize walked and Felix Albiar got on by a fielder's choice. Gene Duvall singled and Danny Lester got

on base on a fielder's choice. Danny Baize singled and advanced on an infield grounder and scored on an error.

The Giants were set down in order in the first four innings with Allison recording nine strikeouts during that time.

Back - to - back singles by Mike Horton and Glenn Thomas scored Danny Baize and walked in the Yank third.

Trailing 7-0 in the fifth the Giants battled for five runs on one hit. Allison had trouble finding the plate and walked six men during the inning.

Andy Channer singled to score Shaw who had walked. Gene Drummond, Ronald Otts and Jim Childers scored on passed balls after getting free passes to first base.

Andy Channer was left stranded on third base in the Giant sixth inning. The Yanks managed to hold off the Giant attack and chalk up their 15th win of the season against two losses. Both losses were early in the season.

Channer was the standout at the plate for the losing team as he had two singles in three official times at bat. Horton led the Yankee batting attack with a single and a double in three times at the plate.

South Dakota Residents Are Visiting Here

Mr. and Mrs. Hughes Millard and Darshan of Faith, S. D., have been visiting relatives and friends in this area for the past week. They were guests in the homes of his aunts, Mrs. Luther Peveley and Mrs. A. R. Hughes, in the home of her sister Mrs. Bud Hopson, in the Elvin Wilson home in Friona; and in the Jerry Landers home at Westway.

In Amarillo last weekend they attended a Millard family reunion. Present were his brothers, Gerald of Amarillo, and Fred of Duncanville, and their families, his sisters Mrs. C. R. Morgan of Amarillo, Mrs. Olan Curlee of Wichita Falls and their families, and Miss Nancy Millard of Amarillo. All are former residents of Hereford.

The Millards moved to Faith ten years ago. Their son, Kent, is a student at Dakota Wesleyan University at Mitchell, S. D., studying for the ministry; their daughter, Sheila, is now Mrs. John Eddy and they have a daughter Shawn. Judy is a sophomore in high school and Darshan who accompanied her parents here, is eight years old. Hughes is now managing a Standard Service station in Faith, has interests in two restaurants and a motel there, besides acting as president of the

C of C SCOUT

'Deaf' Smith Says

TO: The Spirit of General Sam Houston
FROM: The Spirit of Erastus 'Deaf' Smith
SUBJECT: Scouting report on Texas Taxes

Sam, I told you last week that I would continue with a detailed report on the Harvest Festival activities this week but something has come up that is most important. I saw a letter on the desk of our Chamber manager from the manager of the Odessa Chamber of Commerce. The subject and the thoughts in that letter are so important to Hereford and to Texas that I pass them along to you. The letter reads as follows:

"Are you concerned with the tax problems confronting the State of Texas?"

"The special session of the State Legislature which convenes on July 10 can spell disaster with regard to industrial development to every town and city in the State.

"Hidden taxes over the past years have been levied on business and industry which in many cases has put us out of competition with our neighboring states. Each of the states joining Texas has a lesser tax on business and industry and instead places it on the consumer where it should rightfully be. We, in West Texas, are concerned about any additional taxes that are not placed directly on the consumer.

"Last year Odessa lost a plant to a city in Oklahoma that would employ approximately four hundred people. The president of the company told the Odessa Chamber of Commerce that 'the Oklahoma franchise tax and income tax on \$10 million yearly gross was less than Texas' franchise tax; furthermore, if the business made no profit there would be no income tax in Oklahoma. Texas franchise tax would be the same, make or lose money."

"Oklahoma has \$2 rate per thousand dollars worth of assets with a maximum payment of \$30,000 a year. Texas has a rate of \$2.75 with no maximum amount to be paid. The formula under which Texas franchise tax is figured causes industry to pay taxes on debt (borrowed capital) as well as paid - in capital.

"I use this as an example to show how hidden taxes can affect your industrial development program. The same taxes can also have an effect on expansion programs of business and industry; a petrochemical plant started construction on an \$80 million plant in Odessa approximately a year ago which will be in operation late this year. Late last year this company decided that they needed to make some additional items and tentatively planned to spend an additional \$40 million adjoining the present plant site. Shortly after the Legislature convened and the company learned about the Governor's plans to further burden industry with additional taxes, we were told by the president of

Faith Chamber of Commerce. Faith is the home of the South Dakota State Quarterhorse Show and Millard says they often have as many as 50,000 visitors during the event. This year Mrs. Millard's father, Grady Wilson, a resident of Westway Community for many years, showed the winning colt. Of interest to the South Dakota Texans was the fact that Reed Hill of Canadian was the judge.

Look Who's New

Mr. and Mrs. Charles R. Springer are the parents of a boy born June 28 at 1:16 p.m. He weighed seven pounds, two ounces.

Mr. and Mrs. Stewart Downey are the parents of a girl born June 30 at 3:53 a.m. She weighed seven pounds, four ounces. Mr. and Mrs. Martin E. Wagner are the parents of a boy born June 30 at 5:05 a.m. He weighed seven pounds, four and one-half ounces.

Mr. and Mrs. Benigno Villarreal are the parents of a boy born June 30 at 11:40 p.m. He weighed seven pounds, four ounces.

Mr. and Mrs. Frank Hernandez are the parents of a girl born July 1 at 6:30 a.m. She weighed seven pounds, one-half ounce.

Mr. and Mrs. W. L. Kreig are the parents of a boy born July 1 at 7:07 a.m. He weighed seven pounds, 1 1/2 ounces.

Ocean City, Md. becomes the second largest city in Maryland during the summer. The popular Atlantic resort's permanent population of 965 swells to 125,000 on some July and August weekends.

Children's Day At Westway Church

WESTWAY — Children's Day exercises were held Sunday night at the Westway Community Church. Misses Sandra Frank and Carol Severance assisted Mrs. Merlin Kaul in arranging the program which included special numbers from each class.

Judith Morrison played a piano solo, in the primary group. Larry O'dell sang a solo, "Lord, Keep Your Hand On Me," for the Junior Class. Deborah Pierce of the Intermediate group told the story "The Dinner Bell." Sandy Mungia read the Scripture in Exodus from her Braille Bible, and the Rev. E. L. Naugle preached a sermonette on "Thanksgiving is Thanksliving."

Robert Boyd, Sunday School Superintendent, presented Judith Morrison with a pin for perfect attendance.

Mrs. J. C. Morrison presented pins to those promoted to the Junior Class. These included Randa Borland, Judith Morrison, Margaret and Margary Roach.

Students participating in the program included Kathy and Kim Borland, Arthur Garcia, Gay and Kay Carter with their teacher Mrs. Pat Borland, Margary, Margaret, and Ora May Roach, Judith Morrison, Randa and Renee-Borland, Larry and Mona O'dell, Deborah and Donna Pierce, Billie Jo Carter, Donna and Anna Johnson, Sandy and Eva Mungia, Mrs. J. C. Morrison, Carol Severance and Sandra Frank.

At the close of the program Children's Day pencils were presented to each child by Superintendent Boyd.

EARLY MORNING SESSION TUSCON, Ariz. — Patrolman Don Lowe glanced through a window at 2 a.m. and spotted a woman tied to a chair.

Lowe entered the home, but the woman was no longer in the chair. "Where's the girl?" he asked.

"The girl? That's my wife. She's been posing for pictures," a man said. The woman stepped into the room and confirmed his statements.

The couple showed police a marriage license and were advised to pull the blinds during any future early morning photography sessions.

Indians Edge By White Sox, 4-3

The Indians edged by the White Sox 4-3 in Pony League Friday. The teams were even at the plate with four hits each but walks proved costly to the Pale Hose.

S. D. Baize started the fifth frame in relief of starter Lupe Ramirez and scored on Gary Stagner's double. The Sox tied the game in the top of the fourth with one run on one hit.

Darrell Christiansen walked and scored on Ramirez's double.

The Indians scored first in the third inning. Gary Payne singled and scored on Gary Stagner's double. The Sox tied the game in the top of the fourth with one run on one hit.

The Indians surged ahead in the bottom of the sixth. Baize had control trouble and walked the first two men in the inning.

Minks and Alex Guerrero walked and Stevens singled to score both runners. The Sox went to the plate in the seventh trailing 4-2.

Steve Hodges walked and with two outs Warren gave Christiansen a base on balls. Hodges stole second and scored on an infield grounder. Christiansen was left stranded as the Sox were unable to push across the winning run.

Ramirez was the standout at the plate for the Sox. He hit a double and a single and collected two RBIs. Stevens had two singles in three official times at bat. His sixth inning single scored the winning runs.

In Pony League games next week the Tigers are scheduled to meet the White Sox on Monday and the Indians on Friday. The Red Sox meet the Indians on Tuesday and the White Sox on Thursday.

Dodgers, Cards Deadlock, 3-3

The Dodgers and Cardinals battled to a 3-3 tie in Little League Friday. The game was called at the 9:30 time limit and each team is credited with a half game won and a half game lost.

David Casas was the starting Dodger pitcher and David Evans relieved him in the second frame. Lee Robinson pitched the first three Card innings and was replaced by Jerry Kendrick.

The first runs came in the second when Card centerfielder Larry Brown walked. Roger Suttle and Phillip Cain followed with walks. With two out Evans took the hill but had control trouble also. He walked Jerry Kendrick and Lee Robinson. Brown and Suttle scored on passed balls.

WARNING TO DRIVERS
COLUMBUS, Ohio (AP)—A constituent of State Rep. Terry Drake of Gallion thinks Drake should introduce a measure to put a mark on drinking drivers.

His suggestion is that the car, truck or other vehicle of a person convicted of drunk driving be painted with alternate vertical black and white stripes—five inches wide—from front to rear.

The vehicle could not be sold, and the driver would be examined by the sheriff six months later to see if repainting in normal colors should be permitted.

Most insect-eating plants use "steeltrap" type traps in which their prey is in a sticky solution. Victims of the "pitfall"

Bill Watts slammed a booming homerun in the top of the third, scoring two runs ahead of him. The score stood 3-2 until the Cards managed to tie it in the sixth.

Jerry Fowlkes, left fielder, singled to lead things off. Mitchell Bell walked and Larry Brown singled to score Fowlkes.

The Dodgers had a baserunner in the top of the seventh but were unable to push across the game-winning run. The Cards were set down in order in their half of the seventh. Davis had two singles in four official times at bat for the Dodgers. Fowlkes had an identical record for the Cards.

Ulysses Strader Services Slated Monday at 2 p.m.

Funeral services for Ulysses S. Strader, Rt. 5 Hereford, will be conducted Monday, July 3 at 2 p.m. in Rose Chapel with the Rev. Gilbert Davis, pastor of the First Christian Church, officiating.

Interment will be in West Park Cemetery under the direction of Gilliland Funeral Home. Mrs. Strader died June 30 in Knight Rest Home in Littlefield after a long illness.

He was born Nov. 24, 1871, in Kentucky. He moved to Deaf Smith county in 1952 from Fort Worth. Mr. Strader was a member of the First Christian Church.

Survivors include his wife, Kathryn of Fort Worth; three sons, Sam and Ralph, both of Fort Worth, and Robert of Clovis, N. M.; one daughter, Mrs. A. L. Howe of Hereford; one brother, D. O. of Dunmor, Ky.; five grandchildren and six great grandchildren.

VISITORS FROM DALLAS
Mr. and Mrs. J. A. Williams of Dallas visited last week in the home of Mrs. H. M. Allen, Kay and Sheryl.

The 2,900-mile Congo River is one of the world's longest and second in Africa only to the Nile. It drains a basin of 1,450,000 square miles.

transit, and have the authority to make immediate restitution for all emergency supplies.
In event of enemy attack, the farmer or rancher should follow suit of "city folk" by providing for his own safety and that of his family and neighbors. To do this, he may not be able, at first, to take care of his crops, livestock and land.
The livestock raiser might ask how fallout would affect unprotected livestock — that is, animals in fields, pastures and other open areas. Fallout may be dangerous to cattle, sheep, horses and pigs and other livestock as well as to humans. Animals can suffer skin burns if fallout settles in the coat. If animals drink fallout in their water or eat it in their feed, the radiation may cause serious internal injury or death.

Radioactive materials that contaminate the skin or the immediate environment give off rays that can penetrate deep into the body. This is the major source of danger for livestock. Livestock housed in barns and other farm buildings during fallout stand a better chance of surviving the effects of radiation than those that are not sheltered. A reasonably well-built shelter prevents fallout from settling on the animals' bodies and may reduce the intensity of external radiation. It also keeps the animals from eating contaminated feed.

Bobby...

(Continued from page 1)
ing. Williams became head football coach and athletic director of Hereford High in March, 1958, and also taught Algebra I and business math during his three years here. Prior to that time, he was assistant football coach at Phillips High School. Williams is a 1950 graduate of Texas Tech in Lubbock.

His family includes his wife, Barbara, and three daughters, Debra, 7, Deanna, 6, and Dawn, 3. Williams resigned as football coach and athletic director earlier this year. Cuby Kitchens succeeded him as athletic director, and Jack Meredith of Panhandle was hired as head football coach.

A herpetologist once counted the eggs that a North American toad laid in 10 hours. There were 28,000.

Around...

day, July 9, at the Hereford Community Center. Registration will start at 10 a.m. with a basket lunch and short program set later. Anyone who has ever lived in the Progressive Community is urged to attend.

American Legion meeting here will be held Wednesday instead of Tuesday, because of the holiday. Starting at 8 p.m. there will be an election of the state convention and discussion of the American Legion baseball program here.

Second session of swimming and water safety instruction will start Monday, July 3. Classes will start Monday morning. Registration for the children's classes has been completed, with 196 signed up. Registration for adult classes may be done at the first class meeting Monday. Classes for adults are 6-7 a.m. or 6-7 p.m. Adult classes include beginners, advanced beginners, intermediates, swimmers, and senior life saving. All classes are for two weeks except for senior life saving, which is a four-week course.

Hereford Rotary Club this past week was officially designated as a "200 per cent" club for its subscriptions to the Rotary Foundation. That means that every member of the club has given at least \$20 to the Foundation, which sends post-graduate college students from all nations to another country for a year of student. It's really an exchange student program, but on a higher age level.

Another highly recommended family show is slated for the Star on Thursday, Friday and Saturday. "Misty" is about a boy and a girl on an island off the coast of Virginia who work to buy one of the horses rounded up each year by volunteer firemen and auctioned off. The story is based on facts.

Hereford American Legion baseball team will play a district game here when the Childress team comes to town Sunday, July 2, with the game set for 2 p.m. at the Hereford High School field.

It's better to drive slow. Be called chicken and sedate. Arriving a little bit late. Than to crack up and drive no mo'.

Cecil T. Wilson Buys Conoco Here

Cecil T. Wilson began duties as the Hereford Conoco agent last month. Wilson has resided in Hereford for about 18 months but recently decided to settle here permanently. In addition to purchasing the agency, Wilson also bought the Conoco station at 201 East First St. The agency will service the three stations here and two others at Vega and Wildorado. The Wilsons own a home at 419 Ave. K. Mrs. Wilson is the credit manager at Sears — Roebuck in Hereford.

Mr. and Mrs. Wilson have three sons, Gary Lee, 17, Dean, 16, and Clinton, 13. All will attend Hereford High School this fall. Clinton is a member of the Indians Pony League team. In explaining his decision to settle in Hereford Wilson says that he was tired of traveling around the country and believes that Hereford is one of the best agricultural districts in the nation. Also the people in Hereford are some of the friendliest and most considerate he has ever met, Wilson points out.

"Anyone who wants to make friends can do so in Hereford," Wilson remarks. He had previously been employed for 13 years by the Lockwood Graders, a vegetable firm.

Wilson's job with Lockwood Graders took him to 45 states, Mexico, Canada and Cuba. He served with the Army during World War II in Japan, the Philippines and five European countries.

Wilson lists boating as his favorite hobby. He also enjoys hunting but says he hasn't found a place to hunt near Hereford. The Wilsons attend the Assembly of God Church and Wil-

bee said.
"Operation Holiday" started Friday, and officers in all branches of Texas Highway Patrol are working longer hours and on double shifts, if necessary. No highway accidents occurred in Deaf Smith County during the three-day "Operation Deathwatch" last year. However, 27 persons lost their lives on state highways in other portions of Texas during the period.

July, Sgt. Sosebee pointed out, is a heavy month for traffic on highways.

He further cautioned motorists to confine their trips to as short as possible and to make time allowance for rest periods. He pointed out that many drivers try to crowd a week's trip into two or three days.

Sgt. Sosebee also explained that boating and swimming accidents account for a heavy portion of holiday fatalities. "Boaters and swimmers should take every precaution possible to cut down on water fatalities," the officer said.

Here and There

with Mrs. Merlin Kaul. Members of the Westway Union Sunday School and their guests enjoyed a picnic at Dameron Park in Hereford Thursday night. The children enjoyed games and swimming. Those present included the Rev. and Mrs. E. L. Naugle, Pearl Adamson, Mr. and Mrs. Merlin Kaul and Walter, Mrs. Joe Severance and Carol, Mr. and Mrs. C. A. Sauley, Mona and Larry O'dell, Arthur Garcia, Margary, Margaret, and Ora May Roach, Judith Morrison, Sandy and Eva Mungia, Mrs. Gale Borland, Randa, Renee, Kim and Kathy, Mr. and Mrs. Emmett Johnson, Donna, Anna, and Billy, Joyce Cooper, Mrs. Obed Caraway, Melodye, Denise, Tracie, and Chip, and Mr. and Mrs. Robert Boyd.

Mrs. Jason Luck of Roswell, N. M., has been making frequent trips here to visit her father W. W. Hill who is ill at Northwest Texas Hospital in Amarillo. When she returned to her home Sunday Mrs. Robert Boyd accompanied her and visited until Thursday in the home of her sister Mrs. Bennie Fulker-son.

A Ford tractor at the Easley Feed Lots in the Westway Community burned up Tuesday afternoon. Rob Groves, an employee at the feed lots had filled the tractor with gas and had let it set awhile to be sure the gas which had spilled had evaporated. However, as soon as it was started there was a spark and flames immediately enveloped it. All efforts to put the fire out failed, resulting in the

total loss of the tractor.

Mr. and Mrs. Jack Renfro entertained with a dinner at their home Tuesday night in honor of their Exchange Student guests. Those present were the hosts, Miss Katrin S. A. Schreve from Germany and Miss Antoinette L. VanRie, Netherlands, Sgt. Jimmy Northcutt of Munich, Germany, and Larry Kaul, Sgt. Northcutt has learned to speak the German language and could converse with Miss Schreve in her native language. He showed slides taken on tours he has made in several European countries.

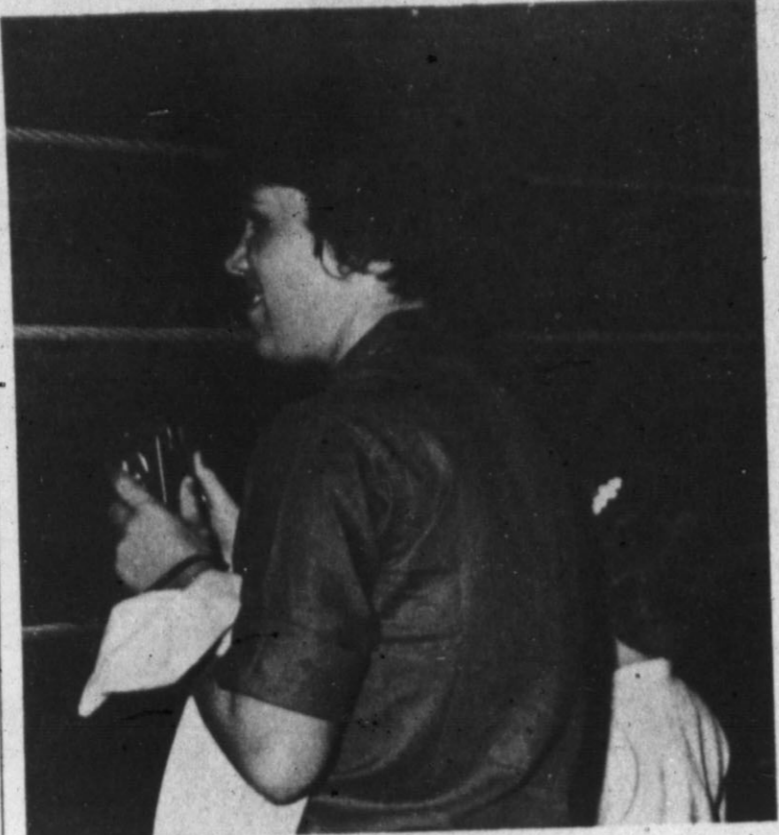

Mr. and Mrs. Marlin Pierce and Danny, former residents now living at Masterson, spent the week end visiting relatives and friends in this area. They were guests of his mother Mrs. Mattie Pierce and his brother Ulys Pierce and family. They also visited relatives of Mrs. Pierce in Friona and in several homes in the Westway Community. Their daughters, Deborah and Donna, who spent last week in the C. A. Sauley home at Westway returned home with them.

Mr. and Mrs. Clayton Brown and children of Kingsville returned to their home last week after spending several days here with her parents, Mr. and Mrs. Robert Boyd.

The Rev. and Mrs. Bernard Seay and daughters Sharon and Donna were visiting and shopping in Hereford Wednesday. They have recently moved from Vernon to Adrian where he is pastor of the Methodist Church.

The H. D. Blythe family moved last Sunday from their home on Knight Street to 3202 Mocking Bird Lane in Amarillo. H. D. is employed by North Texas Milk Producers in Amarillo and for some time has been driving back and forth to his work.

Ross Joe Landers, who graduated from Oklahoma State University in May, has returned home after spending a month vacationing in Mexico. He and

TRYING TO GET a closer shot of a rodeo in action is one of the foreign exchange students who visited in Hereford Wednesday. The students took many pictures of the stock and riders during the two-hour show. (Staff Photo)

two other students lived in Miguel and from there made many tours of the country. His parents, Mr. and Mrs. Joe Landers, live at Westway.

Following are some impressions picked up from some of the exchange students about their stay in Hereford and the rodeo they saw Wednesday night:

Jean Louis Scoffie — Nice, France — "My hand will be the real interpreter of my heart today when I write to you. Thank you, it has been wonderful and the souvenir of this too-short story will always be fresh in our memories."

Jocelyne Allaud — France — "A small community in the middle fields, very active both in social and religious life. That is the picture I'll bring back from Hereford. All the inhabitants of this nice place seemed to be interested in us and the cooperation gave us a wonderful feeling of warmth and friendship. "The rodeo is an experience that I shall never forget for it is so wonderful to watch a genuine one after having seen so many imitations at home."

Cecelia Boieser — Santiago, Chile — "Hereford is the first real colorful place I've found in our tour. There's a special taste to it, the farms, ranches, the town and the people."

Mickey Smit — Arnheim, Netherlands — "The reception we got here in Hereford organized by such a little community was in one word 'fabulous.' I think all of us would love to stay here a little longer."

"The rodeo was for most of us something new, and we really enjoyed it. The horses are just marvelous."

We noted with interest the number of participants and assistants at the Rodeo Wednesday night from Westway Community. Included were Gale Borland and Obed Caraway from O. G. Hill Ranch, Jimmy and Joe Easley from the Easley Ranch, Larry and Bussy Morrison, Sylvia and Rodney Brooks and Jim Northcutt.

Venetian glassmakers in the 13th Century were closely guarded to prevent them from taking their skills and trade secrets to other countries anxious to compete with Venice's glass industry.

ABORIGINES INCREASING native aborigines — often called a "dying race" — are increasing in Australia's Northern Territory. The Welfare Director Harry Giese told the Legislative Council the Territory's native population is 16,000. But, he added, the birthrate indicates there would be 18,000 by 1965 and 26,000 by 1980. There are some 40,000 full blood aborigines in Australia today, compared with an estimated 350,000 when the white man arrived in 1788.

"MISTY" RUNS OFF WITH FAMILY MEDAL!

Two children with a pony each make a doubly appealing story, especially since it is based on Marguerite Henry's classic and on true incidents in an American rural community—the island of Chincoteague off the coast of Virginia. Each spring the wild ponies on a neighboring island are rounded up by the Volunteer Fire Department and the foals sold at auction. How Paul (David Ladd) and his sister (Pam Smith) find a way through spunk and hard work to buy Misty and her mother, Phantom, is humorously and affectionately told. (20th C.-Fox)

This Little Girl Won't Get To Enjoy New Doll

Cathy was a winsome four-year-old with blonde hair, blue eyes and a charming little smile. She was looking forward already to Christmas when she would get a new doll. But she died when a driver ignored a stop sign, slammed into her parents' car. Besides Cathy, three other persons were seriously injured.

Marvin was an up-and-coming young businessman and civic leader before he tried to drive 500 miles in eight hours after work and finished his trip short of the goal. He dozed off and hit a guard post.

Jimmie and Lynn were active, popular high school students. They made good grades and were anticipating places on the high school football team in September. Their places will be filled by other players. Driving too fast, they crashed into a train on an unfamiliar crossing.

Mrs. Johnson tumbled from a boat that turned too fast on the lake and overturned. Her body was recovered two days later. She is survived by her husband and three small children.

Except for the names, the Brand may have to write stories such as these next week. It is not a task that is anticipated.

Every Fourth of July follows the same pattern. For several days in advance, every means of public media warns of the dangers of holiday traffic, careless use of firecrackers, improper safety precautions when swimming and boating.

And every year, the safety councils keep running count that runs into the hundreds. Highway patrols and local officers work double shifts trying to corral the obviously incompetent and unsafe drivers. Patrol boats zip around lakes in an effort to keep folks from killing themselves in the water.

Are the efforts to any avail? Do they save any lives, keep anyone out of a long stay in the hospital, prevent one person from being crippled for life?

There is no way of knowing. The predictions of holiday deaths are made after careful study of the number of free days, the expected weather and the death toll for previous years.

Sometimes the toll is higher than anticipated; other times it is lower. Only one thing is certain. A great number of lives

will be needlessly lost.

The traffic and accidental death rate is appallingly high all through the year. Why should some people deliberately violate all rules of safe driving and water safety on holidays?

There are only 531,600 hours in an entire year. How many of them would you like to spend in a hospital in order to save one of them?

Why Appropriate Unwanted Funds For School Aid?

Before the summer is over, the House of Representatives will vote on school aid bills totalling about \$5 billion.

The Federal Government doesn't have a penny on hand for such aid, and not one of the nation's 50,000 state and local school boards ever has testified that such aid is needed.

Furthermore, while the school crisis was acute a decade ago, the emergency has passed. Classrooms have been built at an unprecedented rate, teachers salaries have been raised faster than salaries in general, classes have been reduced in size, and more college graduates have elected to go into teaching.

If the government doesn't have the money to spend, and the school boards responsible for supporting the schools are not seeking help, why Federal Aid to Schools at all?

The answer is to be seen in this activity now going on in the Federal Office of Education. Provisions have been drafted for a Federal Education Agency, to shape educational standards in the "national interest." This means Federal control of local schools—a possibility that until recently was stoutly denied by the Federal aid advocates.

This is becoming clear to many in Congress, and the bill once thought a cinch to pass is now doubtful of clearance. Even Congressmen who do not boggle at billions of deficits, are reluctant to turn the direction of America's world-leading educational system over for experimental tinkering by Washington's stable of bureaucrats.

For not only would power be taken from the school boards. Parents would lose their influence over the education of their children. The Elm Grove PTA, concerned that their children weren't learning to read or do arithmetic, would have a hard time making themselves heard in Washington's marble halls far away.

The blight of the bureaus already has fallen upon too many aspects of American life. Our local schools are doing well, which is more than can be said for many Federal programs. Federal aid — and control — must be avoided.

— Amarillo Globe-Times

Archie And Tex Discuss Daylight

"Where you been lately?" Archie demanded as Tex slid into the drugstore booth and ordered black coffee. "Thought maybe the sheriff caught up with you, or you'd decided to spend all summer fishin'."

Tex sipped his coffee slowly before raising his eyes. "This coffee sure hasn't improved with age," he commented. "Nope, I ain't been fishin' since Memorial Day and I didn't catch nothin' then, except some moss and a pair of turtles."

"Well, then, what've you been doin', you don't never seem to come around any more," Archie persisted.

"Aw, the boss has had me pretty busy with all this wheat harvest comin' in so fast," Tex drawled. "But it's mainly this good weather we been havin' all month."

Archie solemnly scratched his ears before he said, "But I don't even see you after workin' hours anymore."

"Nope, cause my workin' hours are gettin' larger all the time," Tex answered. "My wife's had me mowin' grass, cuttin' weeds, trimmin' flower beds, mendin' the back fence and now she's got me paintin' the house. Might as well not be any fish in the lakes this year, as far as I'm concerned."

The two men shook their heads sadly over the prospects of no fish. Before Archie could express his sympathy, Tex gulped down the rest of his coffee, shuddered a little and stood up.

"Got to go down to the hardware store and buy some weed spray before I go back to work," he declared.

Archie finished off his glass of water, chewed on a bit of ice. Suddenly, he slammed his fist down on the table top. "That rascal felt so sorry for ol' Tex I didn't even know he'd stuck me for the coffee again."

The POWER of FAITH by Howard Brodie

Independence Day "ought to be commemorated as the day of deliverance, by solemn acts of devotion to God Almighty," wrote John Adams.

The Declaration of Independence itself makes a declaration of faith when it appeals, "to the Supreme Judge of the World for the rectitude of our intentions," and when it places, "a firm reliance on the protection of Divine Providence."

When the Liberty Bell pealed the news of the Declaration, it sounded the meaning of Moses' words long inscribed on it: "Proclaim liberty throughout all the land unto all the inhabitants thereof."

Samuel Adams echoed the sounds in a prophecy of freedom and faith: "Driven from every other corner of the earth, freedom of thought and the right of private judgment in matters of conscience direct their course to this happy country... Be this the seat of UNBOUNDED RELIGIOUS FREEDOM! She will bring with her... Industry, Wisdom, and Commerce."

AP Newfeatures

Summer Safety Tips Listed By Red Cross

"Life preservers" for the millions of Americans who will take to the water and the woods this summer are recommended by the American Red Cross as "the outdoor vacation season gets in full swing. The most popular summer sports, swimming and boating, account for the majority of the 6,500 annual drownings, according to Bill Thompson, chairman of public information of the Deaf Smith County Red Cross Chapter.

To prevent drownings and other waterside accidents, Thompson advocates the following precautions:

1. Never swim alone. At beaches, stay near a lifeguard.
 2. Stay out of the water when overheated, for an hour after eating, and during electrical storms.
 3. Stay away from the area immediately in front of the diving board.
 4. Don't depend on a tube or inflated toy to hold you up.
 5. Don't dive in shallow water or in unknown waters.
 6. Watch your step. Walk, don't run, around pool area.
 7. Stay out of deep water if you can't swim.
 8. Beware of sunburn, even on a cloudy day.
 9. Dry off after swimming. Cover up if it's chilly.
 10. In ocean and river swimming, watch for riptides and currents. Lifeguards will tell you how to recognize these conditions and how to save yourself if you are caught.
 11. In long-distance swimming, always swim parallel to the shore and with a companion or a boat.
 12. Stay away from piers and pilings.
 13. Alcohol and swimming don't mix. Stay out of the water if you have been imbibing.
 14. Fence your swimming pool for the protection of small children.
 15. Separate deep and shallow water in your pool by a buoyed line.
 16. Keep handy such rescue equipment as ring buoys and reaching poles, as well as a first aid kit.
- Thompson advises motor boat owners to:
1. Keep the passengers in your boat down to a safe number. Don't overload.
 2. Don't overpower your boat. Your dealer can tell you what size motor is safe for your boat.
 3. Equip your boat with safety items. A life jacket for each passenger and a stern light are musts. Recommended also are anchor, oars, boat hook, extra line, fire extinguisher, first aid kit.
- (Continued on page 8)

50 YEARS AGO

Resident Experiments With Sweet Potatoes

L. Weaver and others have shown and are showing what might be done with a few acres of sweet potatoes. Mr. Weaver has in seven acres this year and expects to secure 12,000 bushels. His rows are three and one-half feet apart and the plants were set two feet in the drill. This is 6,480 plants to the acre. Counting that he has 6,000 good plants at two pounds to the hill, this would give him 12,000 pounds or 250 bushels to the acre, seven acres 1,750 bushels. At \$1.50 per bushel, the total money yield should be \$2725. The trouble with the Weaver patch is that he has wasted a lot of ground. The rows should have been three feet apart and the plants set 18 inches in the drill. This would have given him 9,680 plants to the acre. Counting that a stand of 9,000 plants would be saved on a ten acre patch, there would be 90,000 hills. A low estimate for potatoes, when properly handled, would be five pounds to the hill. A little figuring will bring the yield of sweet potatoes up to the enormous amount of 9,000 bushels on a tract of ten acres. At a fair living price of \$1.50 per bushel, or three cents per pound, this would give the gross income from a small area of ten acres at \$13,500.

25 YEARS AGO

A monument to "Deaf" Smith and the county which bears his name erected on Highway 60 five miles west of Hereford as part of the state highway department's Centennial year project, has been visited by numerous Hereford citizens. It was erected two or three weeks ago. A similar monument is being placed in each county of the state. Placed on a slightly elevated mount, set with native stone, the monument is a granite slab about four feet high, bearing a plaque with a short history of the county and Deaf Smith and the insignia of the state highway department with the date, 1936, centering the Lone Star. A driveway curves down from the highway to the monument. The local wheat harvest will be in full swing next week, according to different authorities, who estimate the yield for the county from 150,000 to "considerably higher than that figure." Considerable wheat, testing around 58, already has been brought in. The quality of later grain is expected to be higher. Two buyers who placed the estimate at 150,000 bushels said the average harvest from dry production will be about eight bushels to the acre, with a maximum of about 18 bushels, and on irrigated land, an average of 25-30 bushels. A prominent producer said the harvest would run considerably higher than the buyers' estimate. The eastern part of the county, he stated, would equal that figure and that considerable dry land and "a lot of good irrigated wheat" in other sections of the county would send the total well above that mark.

Panhandle Paragraphs

FOOTBALL STADIUM IMPROVED

Come next fall and the opening of a new football season, the hometown fans will be back at home on the east side. For one season the home team's followers have been seated on the west side, which was rebuilt two years ago. For the next football campaign, they'll be on the east side. The new bleachers will be made of two inch and four inch pipe, with 2x12 inch seats. These seats will be weather proofed. Supports will be set on 14 inch by 36 inch concrete footings. The stands will be 160 feet long and nine rows high. Dr. B. R. Putman, president of the school board, said the new stands are patterned after those of the Dimmitt school stadium as much as possible. Dr. Putman said the stands will be set back further from the fence around the playing field, with the idea in mind to lengthen the cinder track around the gridiron and improve it for the track boys at some future time. School officials are proud, too, that they could improve the large practice field which lies between the stadium and the school buildings. It will be an attractive spot on the campus as well as providing better practice facilities. The stadium improvements entail also the relocation of the canteens, but definite plans for this have not been adopted by the board. Entrance gates will be in the center in the old position.

THE MULESHOE JOURNAL

AIRPORT USE INCREASES

A total of 48 out-of-town planes have used the facilities at the Andrews County Airport during the first 20 days of June, according to records. It was noted that some of the bigger twin engine planes are using the field since the new runway was built and several other runways were lengthened this year. More people are making landings at night here since the installation of the lights on the north-south runway. Most of the planes using the local air facility have their flights terminated here. Persons using the airport are all men who have come out to look over local oil company installations. Businessmen and a few pipeline flyers who use the facilities and then return to their home port. It is hoped that when the local airport is listed in the flying information bulletins with its new facilities and equipment that more through traffic will be handled.

—THE ANDREWS COUNTY NEWS

WAGE WAR ON MOSQUITOES

The cities of Floydada and Lockney have purchased a dusting machine from the County of Floyd, and have gotten it into service with one operation already completed. The machine is using a dust instead of throwing out a fog. The purpose is to meet the threat of mosquitoes, conditions for which are ideal. Charles Horton, city water superintendent, who is in charge of the dusting here, said the second dusting for the city probably will be completed Thursday, with re-runs expected in the most likely places for mosquitoes to breed.

—THE FLOYD COUNTY HESPERIAN

THE BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm looks toward the future of farming this week, but his vision may be clouded.

Dear editor: I was sitting under a tree some distance away from my house yesterday afternoon where it was quieter, on account of I had just declined to shovel some dirt for my wife on the grounds that I read the newspapers and am fully aware of the dangers of a shovel, although I wish to say I don't rely on Washington to do my thinking and I declined to use a shovel years before Mr. Kennedy tried his hand at it, and pulled out a newspaper I had been saving for just such an emergency and read an article that interested me.

According to it, an experimental plant has been put into operation changing salt water out of the ocean to fresh, drinkable water, and several more plants are being built.

Eventually, the article said, sea water can be de-salted so efficiently and cheaply that it will be available for city use, industrial use, and maybe even finally for agricultural use.

It was this last use that interests me. According to one speculative article on this, one day pipes carrying ocean water will be run all over the country and all a farmer will have to do when he needs a rain is turn on a hydrant and irrigate his crops. This, it said, will whip the weather problem and make farming one of the easiest jobs on earth.

I am afraid the fellow who thought that up is a little over-enthusiastic.

In the first place, farming is farming, which is to say work, whether you get your moisture out of a pipe or out of the clouds.

In the second place, if somebody runs a pipe with de-salted sea water out to my bindweed farm, I have a notion that just on the far side of the hydrant he'll install a meter, and before he turns the water on, he'll come up to my house and want a substantial deposit. Then when water flows over my farm, the meter will start clicking and it won't be a free gift from the clouds but another bill to face on the first of the month. I'm not saying it shouldn't be this way, all I'm saying is that it won't make farming the easiest job on earth. The only way to make farming easy is to farm like I do, but I don't recommend the method if the world wants to keep eating.

Yours faithfully,
J. A.

The American Field Service And Communism

Editor's Note: In the past, the Brand has carried many stories, interviews and editorials about the exchange student program and its benefits. Now, the Brand would like to pass on the comments of one of the students regarding the benefits of the program. Hugh Raiton of New Zealand wrote the article for the third issue of Bear's Bulletin, the newspaper being published by the exchange students of Bus 43 who spent some time in Hereford last week.

In the world today, there is much strife and trouble. This is carried primarily by misunderstanding between the peoples of various countries. It is through this misunderstanding that communistic-inspired powers can infiltrate their philosophy into the minds of the unaware.

This can only be combatted by making the peoples who are subjected to this potentially dangerous philosophy aware of their imminent jeopardy. One way of doing this is by educating the masses so that untrue propaganda cannot convert the innocent.

AFS (American Field Service) achieves this by bringing students from various countries to the world's greatest democratic country — the USA. — so that they may return to their homelands and disillusion their people about communist propaganda. In doing this we, the students, have upon us the fate of the world.

The time has gone of great colonies and imperialism where the adult generation held in their hands world appeasement. It is now up to us, the youth, to travel and try and comprehend the cultures of the people we meet. The adult generation is too dogmatic to understand the ways of people that do not live like they do but youth with its pliable mind can accept and appreciate other cultures.

It therefore can be concluded that we, the youth, have to keep a broad mind in order to fulfill our duty to our country and to AFS. If we do this, we are one of the strongest weapons against any form of proletarian dictatorship or any system of government that suppresses our freedom for ourselves and our country.

No matter what race, class or creed we belong to I feel that this opportunity that we have is the greatest opportunity in our lifetime — to help the world.

Hereford Storms Canyon 13-8 In American Legion

Hereford stormed the Canyon American Legion team for eight runs in the bottom of the eighth inning to take a 13-8 decision on the home diamond Sunday.

Richard Casas, who took the mound to stop a Canyon rally in the sixth, received credit for the win. Starting pitcher Jim Farley took the loss.

Jim Haney started the game for Hereford and struck out 12 batters during the five innings he worked. Farley struck out four batters.

Canyon took the lead in the first as lead off batter Ronnie Brock singled. Haney struck out the next two batters but pitcher Farley blasted a two-run homer. Haney struck out the last man to retire the side.

The Hereford Redbirds came back to tie things up in their half of the first frame. Glen Nelson, centerfielder, led off with a single and advanced to second on a wild pitch.

Johnny Willoughby walked and Farley struck out the next two batters. Wes Poarch and Ken Loerwald hit back-to-back singles to score Nelson and Willoughby.

Haney struck out five men in the next two innings and allowed no hits. Hereford was retired in order in the second but came back to score two runs on one hit in the bottom of the third.

Willoughby led off with a base on balls and Dan McDowell doubled to get credit for the RBI. McDowell advanced on an error and scored on Poarch's infield grounder.

Canyon went to bat trailing 4-2 in the top of the fourth. Ronnie Reynolds walked and Don Thrasher singled but Haney bore down to retire the side. Canyon failed to score on one hit and the Redbirds played faultless baseball.

Hereford was retired in order in the fourth, fifth and sixth innings. Canyon left two men stranded in their half of the fifth but failed to score.

In the sixth Canyon exploded for five runs on five hits. Jim Killingsworth started the rally with a single. Don Thrasher followed with a single and Coach Harlon Voyles replaced Haney with Drew Kershon on the mound.

Kershon had control trouble and walked the first man he faced. Bill Ritter singled and Farley followed with a double. Bill Callarman walked and Casas went to the hill to relieve Kershon.

Casas had rough sailing as he walked the first man and Reynolds singled. Casas, who now owns a 2-0 record, threw three pitches past Killingsworth to retire the side.

Hereford went to the plate trailing 7-4 in the bottom of the seventh. The Redbirds picked up one run on two hits. Casas led off with a single

and Joe Mack Hale followed with a double. Hale advanced on an error but was left stranded as Canyon retired the next three batters.

Casas retired the side in the Canyon seventh, as he fanned three men in order on ten pitches. Canyon was blanked in their half of the eighth and Redbird bats went to work to overcome the two run deficit.

McDowell started the rally with a home run. Poarch doubled and Loerwald followed with a single. Casas got after an error and Hale doubled. Ronnie Duncan, playing third base after Casas went to the mound, singled to drive in Casas.

Bill Ritter entered the game at that point to face Nelson who popped up to the shortstop. Willoughby walked and scored on McDowell's double. Finally Ritter stopped the rally as he retired Gary Smith.

Canyon fought to overcome the Redbird lead in their half of the ninth but managed only one run on two hits. The final Canyon tally came when Thrasher got on after an error and scored on a single by substitute Bill Phillips.

Summer...

(Continued from page 2)
kit, and tool kit.
For the many county residents who will spend their summer holidays camping, hiking in the mountains, or just picnicking, Thompson has this advice:

1. Camp, preferably, in an authorized area where the water supply is certified safe.
2. If you camp on private property, get permission from the owner first and make sure the water supply meets minimum health standards.

3. Pitch your camp so your waste will drain away from the water supply, not toward it.
4. Check with local health authorities or pharmacists what insect hazards there are in the neighborhood. The latter will recommend the right repellents.

5. Learn what poison plants there are in the locality in order to stay away from them—touching as well as eating.
6. Learn something about the wild life in the area—large animals that may be dangerous, small animals that carry rabies, and poisonous snakes.

7. The area around a campfire should be cleared completely for a radius of at least 10 feet. When you finish with the fire, douse it with water, then shovel dirt on top of it. Smokers should make certain cigarette, cigar, or pipe ash is completely extinguished.
8. Household cooking vessels won't work well on campfires. Special camping vessels—a kettle with legs and frying pan with removable handle—will cut down on burns, scalds, spilled and ruined food.

9. Keep axes and knives in leather sheaths when they are not in use. Use only implements with sharp edges.
10. Chop-logs with a V-motion and keep feet off the object being chopped. Instead, brace with some other blocking material.
11. Many creams and lotions contain special ingredients to

VFW Auxiliary Holds Supper

Members of the Auxiliary to the Veterans of Foreign Wars met Monday evening at the VFW Hall for a salad supper and guest night. Following the meal games were played.

Attending the social affair were Mesdames Oline Lawrence Wilma Clark, Uva Hargett, Bessie Hawkins, Betty Williams, Rosa Evans, Martha Lueb, Effie Crow, Naomi Brisendine, Orpha Nickerson, Nola Ralston, Alta Davis, Ida May Vaughn and Dorothy Craig.

Joining Mrs. Wall in the receiving line were her mother, Mrs. J. L. Bell, Mrs. J. R. Wall, Mrs. N. R. Jones and Mrs. Hous-

Shower Fetes Recent Bride

A miscellaneous shower was given recently in the home of Mrs. Houston Roberts, 323 Ave. J, honoring Mrs. Charles R. Wall, the former Miss Pat Bell.

The serving table was laid with pink, overlaid with white lace. Pink and white roses in a crystal bowl centered the table. Pink punch and white cake with pink designs were served by Miss Linda Jones and Miss Virginia Roberts.

The Walls are at home at 324 Ave. J following their recent marriage at the home of Mr. and Mrs. Jack Smith of Plainview.

CHICAGO VISITOR

Mrs. Jack S. Land from Chicago, Ill., visited last week in the home of her sister, Mr. and Mrs. Glenn Boardman and family. Presently she is visiting her parents in Oklahoma where she will meet her husband and return to Hereford before going back to Chicago.

RED CROSS CLASSES IN MOTHER AND BABY CARE TO BE TAUGHT BY ESTHER SPRINGER

Beginning July 7 for three days each week for two weeks—12 hours for certificate. Two class periods from which to choose: 3:00 to 5:00 P.M. or 7:00 to 9:00 P.M. Classes are free. Call the Red Cross office EM 4-3761 to register. Place will be Home Making Department at High School. Read below some evaluations on the course by those who have taken it.

"This course was one I was really looking forward to in Home Making."
"I believe I have learned more and benefitted more from this class than I would have just reading it."
"I can't tell how glad I am that I had a chance to take the course."
"It is very good training and I feel more at ease about these matters now."
"I feel that the course has prepared me for the future."
"It gives you a better outlook on life. You are better prepared to accept your role in life and it better prepares you for marriage and parent-hood."
"I will certainly recommend it to others in the future."
"I thought the course was very educational and I really enjoyed it very much."
"There are so many things that I learned that I had only a vague idea about before."
"I think the course should be taught to every young couple and anyone considering marriage soon."

REMEMBER WHEN?

BY CHARLIE SEEDS

One of the "Grand Old Men" of the football coaching profession is Clark Shaughnessy, for many years a mainstay on the coaching staff of the Chicago Bears pro team.

But do you remember when this brilliant coach came up with the new twist to his backfield formation that was to change the whole look and character of football? The formation got its name from the way the backfield lined up, in the shape of a "T."

Shaughnessy was coaching Stanford that year. In the previous season, the Indians had been able to do nothing right... but in the year they pioneered Shaughnessy's new T-formation, a dream backfield led by Frankie Albert passed opponents dizzy... and carried Stanford to an undefeated season and into the Rose Bowl. Remember when the T formation was born?

Remember the year? That was a time when Americans were enjoying a new feeling of prosperity... with money in their pockets. When they bought a car, though, they didn't go overboard for large promises. They took a close look at any "deal."

The year was 1940. We want you to take a close, hard look at the deal we can make you right now on a brand new 1961 Ford. Because when you get the facts you'll see that NOW is the time to step up to a new Ford on terms you can afford!... at CHARLIE SEEDS MOTOR Co. Inc., W. Hwy. 60 at Miles. Phone EM-4-2727.

Dodgers In 8-4 Win Over Giants

The Dodgers scored six runs on six hits in the third inning to lead the Giants 8-4 in Little League action Tuesday.

Brad Johnson was the winning pitcher. He gave up four runs on four hits. Andy Channer was charged with the loss.

The Giants jumped out to a quick lead in the second frame. Gene Sparks singled and Roger Beasley was hit by a pitched ball. Both runners scored on Jim Childers' double.

The Dodgers tied the score in their half of the second. Mike Higgins and Johnson hit back-to-back singles and advanced on an error. They scored on Mike Davis' single.

The Giants pulled out in front again in the third when Charles Brewton got to first on an error, stole second base and went to third on another error. Gene

Sparks singled to score Brewton and put the Giants out in front 3-2 in the bottom of the third.

Dodger bats went to work in their half of the third to score six runs on six hits, including a home run by shortstop Bill Watts.

Doug Banner started the action with a base on balls and Watts followed with the homer. Jim Marcum, Higgins, Story and Davis singled. David Evans banged a double before the Giants retired the side.

In the final stanza the Giants fought to overtake the Dodgers but were able to pick up only one run. Beasley walked, advanced on an error and was walked across the plate.

Sparks went two for three official times at bat, both singles. Davis had two singles for the winners as did Higgins. Watts hit a single and a home run.

Mrs. Kemp Feted At Recent Shower
Mrs. Charles Kemp was honored with a surprise pink and blue shower recently in the home of Mrs. Corda Battey, 515 Star.

For the come and go affair, the table was covered with a white lace cloth and centered with a large white stork. Arrangements of pink, blue and white flowers were used throughout the entertaining rooms.

DECISIONS BULL
PORT CLINTON, Ohio (AP)—It took a lot of bull to stop 18-year-old Edward Lynch of nearby Bellevue. His car was wrecked when it struck and killed a 700-pound bull that had strayed from its pasture onto Ohio 163. Lynch was uninjured.

Castro County Is Booming

BY DOT BOWLES
BRAND STAFF REPORTER

Dimmitt, a town of 2,935, has earned the title of "grain sorghum capital of the world." The predominately agricultural community, located on the high plains of Texas, has many things of which to be proud.

Castro county, of which Dimmitt is the county seat, is the top county in the nation of 3000 counties in wealth per capita. In 1960 the per capita wealth of Castro county stood at \$11,500.

Dimmitt does not have to worry about running out of water for some time. According to State water engineers, the town has the best water supply on the high plains. The water-bearing formation has been determined at from 12-18 feet wide.

The drinking water is derived from wells and the capacity is 2,248,000 gallons per day. Presently the daily consumption is 750,000 gallons.

Milo, wheat and cotton are the top agricultural products in the order named. Gins and grain elevators dot the 876

square miles of Castro county. There are approximately 800 farms in operation.

A town is often judged by its schools and churches and Dimmitt would have to be ranked high in these respects. Four schools have a population of 1400 students.

The high school has 287 enrolled and 60 were graduated in 1961. There are two elementary schools and a junior high school. Base teachers' salary in Dimmitt is \$400 above the state schedule.

Nearly every denomination is represented in Dimmitt's 11 churches. Most of the churches are brick structures with spacious grounds and well-kept lawns.

Plains Memorial Hospital in Dimmitt has 26 beds with four doctors on the staff. Bonds totaling approximately \$250,000 have been voted for a new county hospital to be erected soon.

In addition to the county hospital, there are three clinics serving Dimmitt and the county and four doctors, a dentist and an optometrist.

The Chamber of Commerce

has had a full-time manager since April 15. Since that time membership has increased 35 per cent under the management of Edward Colthorp.

Baseball involves nearly every boy in the county during the summertime. A Little League program, including teams in Dimmitt, Nazareth and Hart, is in operation. A City Baseball League has recently been organized to provide more opportunities for youngsters under an organized program.

Other recreational facilities include public tennis courts and a swimming pool. An indoor movie house and a drive-in movie are located in Dimmitt. Duck and geese hunting are popular during season. There is one city park.

Dimmitt is protected by a police force which is on duty 24 hours each day. There is one regular fireman and 29 volunteer fire fighters.

Presently there is no radio station in the county but application to the FCC for a license has been made by one individual and a radio station is planned. A weekly newspaper also

serves the county.

Transportation is one of Dimmitt's largest problems, according to Colthorp. There is a serious lack of transportation facilities in the county. The Fort Worth and Denver railroad and ICX and Hub truck lines serve Dimmitt.

There is one privately-owned airstrip, which is used primarily for aerial crop spraying. The airfield does not appear on air maps as being lighted but does have lighting facilities.

About three weeks ago a plane en route from Colorado to Lubbock encountered severe weather and was able to land safely on the lighted field in Dimmitt. The pilot credited the field with saving him from crashing. He said that he just happened to look down and see the lights because on the air map no strip for night landing is indicated.

There are two hotels and two motels in Dimmitt and at least seven restaurants. Precinct Four, which includes part of Dimmitt, has legalized off-premise sales of alcoholic beverages.

ages but the remainder of the town is legally dry.

The First State Bank of Dimmitt provides the only banking facilities in the town. Its assets are approximately \$5,958,000. Dimmitt owns its own disposal system which can accommodate a future growth to 10,000 people.

Like most West Texas county seats, Dimmitt has a court house in the center of town. The court house is relatively modern and appears to be newer than it actually is because the exterior was recently sandblasted. The court house is surrounded by attractive grass and shrubs.

Castro county was organized in 1891 from Bexar District. It was named for Henry Castro, an early colonizer of Texas.

Miss Davis To Wed In August

The Rev. and Mrs. B. L. Davis, Hereford, are announcing the engagement and approaching marriage of their daughter, Dian, to Don Taylor of Seagraves. Parents of the prospective groom are Mr. and Mrs. A. W. Taylor, also of Seagraves.

See Picture Page 1, Section 2

Vows will be exchanged on Friday, Aug. 11, in the sanctuary of the First Baptist Church at Seagraves, with the bride-elect's father, the Rev. B. L. Davis, pastor of the First Baptist Church of Hereford, officiating.

Miss Davis attended schools in Cisco and Seagraves and was a 1961 graduate of the Seagraves High School. Taylor is a graduate of Seagraves High School and last year attended McMurry College at Abilene.

The couple will make their home in Seagraves.

Legion Auxiliary Entertains Patients

Patients at the Veteran's Hospital in Amarillo were entertained with a party Monday night given by the Hereford American Legion Auxiliary. A total of 37 patients attended.

Bed patients were also visited and presented gifts. At the present time there are 113 veterans in the hospital. Each of the eight men who celebrated birthdays in June was given a special gift and card.

Refreshments of cake and ice cream were served by Mesdames Hazel Sparks, Artie Frost, Elsie Boardman, Evalene Potter, Mabel Wagner and Mr. and Mrs. Ira Scott.

These parties for the veterans are a regular monthly project of the Auxiliary.

The next meeting will be held on Thursday night, July 6, instead of Tuesday, July 4. Election of officers will be held at this meeting. Miss Judy Fowlkes, Girls' State Representative, will be present and give a report on her recent trip to Austin.

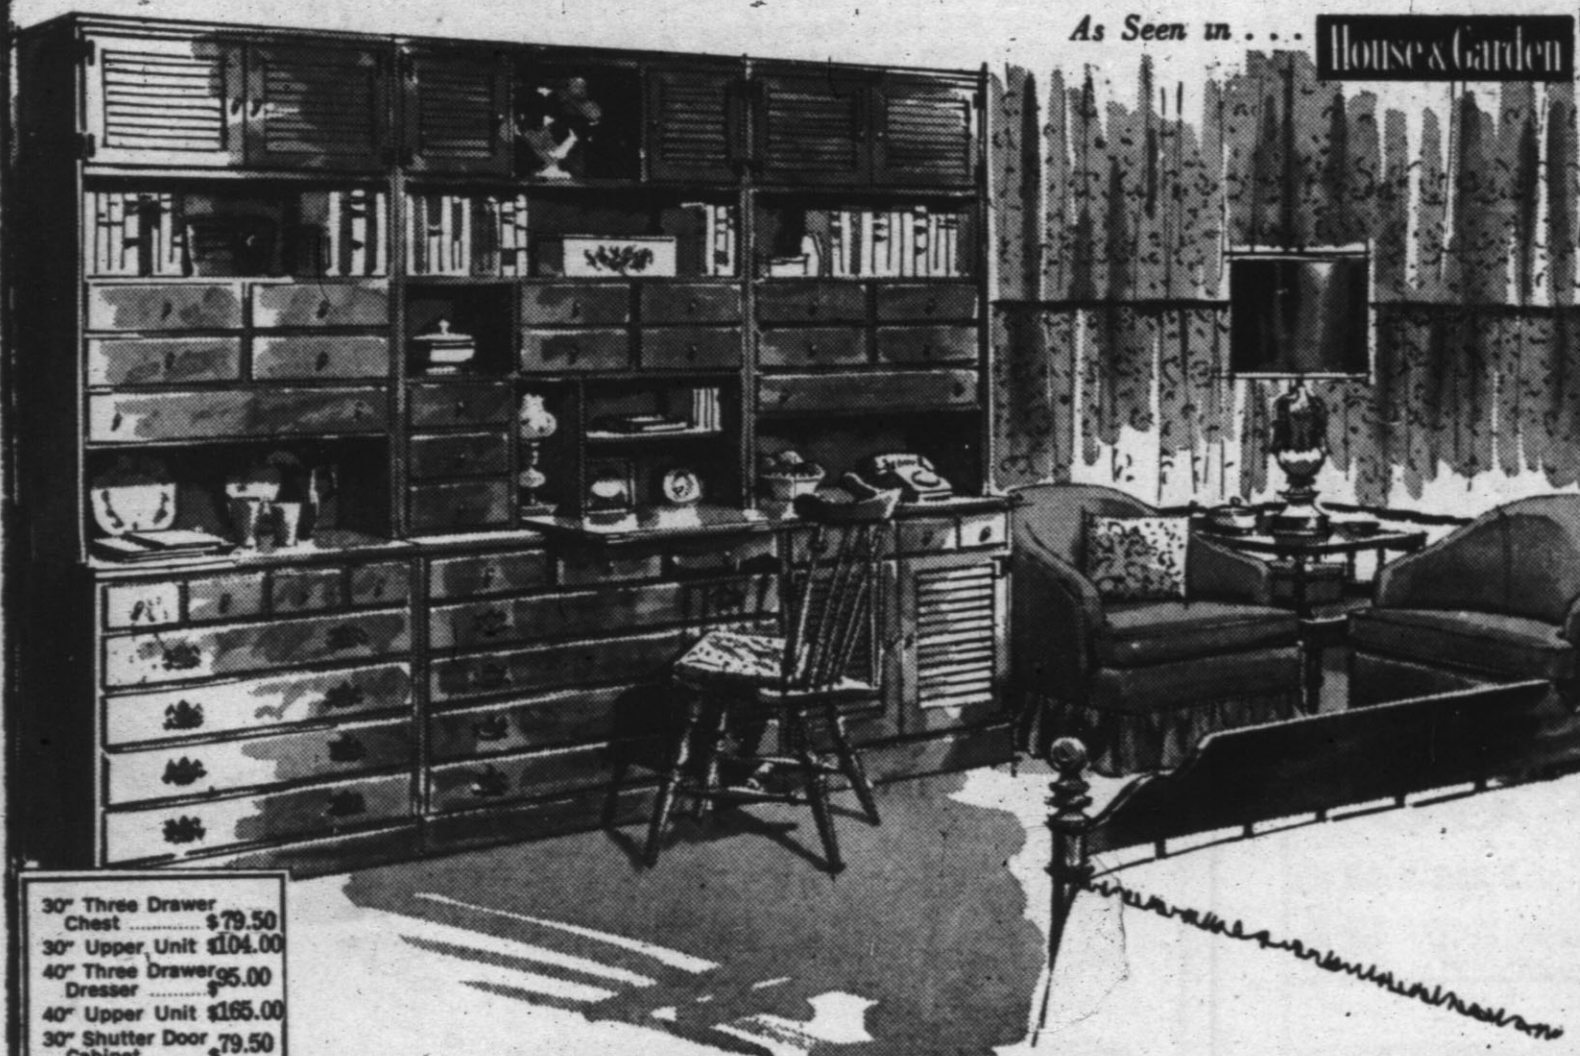

All members are urged to be present.

VISITS HERE

Mrs. Billy Mitchell and children have been visiting with her parents, Mr. and Mrs. Tony Encinas, and Mitchell's mother, Mrs. Leora Calhoun. Mrs. Mitchell and children will return to their home in Waldorf, Md., next week.

In an unofficial newspaper poll to select a national bird for Canada, the Canadian goose won resoundingly.

H. D. Council Holds Meeting

The Pledge of Allegiance to the Flag was given as opening exercise at the recent meeting of the Deaf Smith Home Demonstration Council, which met in the County Court Room. Three clubs were 100 per cent present and eight clubs were represented.

Mrs. Bess Werner gave the education report. She announced the reading of the county budget in August and hopes that each club will have at least one member present.

The 4-H club report was given by Mrs. Gaylon Bryan. She reported 125 girls were in 4-H now. There were 42 entries in the recent bake show. Girls are now working on dresses to be modeled in the dress revue to be held in the high school auditorium July 14 at 8:30 p.m.

Mrs. H. S. Fuller gave the THDA report. The delegates and alternates to the state meeting are asked to meet at the Court House on July 10 at 2:30 p.m. Council voted to have the reports of the state delegates to vote for all recommendations at the state meeting.

The nominating committee elected were Mrs. H. L. Hershey, Mrs. Bess Werner and Mrs. O. L. Williams.

The Progressive Home Demonstration Club is planning to have slides of the International Peace Garden to be shown the first Tuesday in September.

Members present were Mrs. Grady Parsons, Cultural; Mrs. H. S. Fuller, Dawn; Mrs. Bertram Jack, Messenger; Mrs. Taft McGee, Mrs. E. C. Hammett, Mrs. H. L. Hershey, Progressive; Mrs. Clinton Ward, Mrs. A. A. Ware, Mrs. Gaylon Bryan, Mrs. O. L. Williams, Mrs. George Turrentine, North Hereford; Evelyn Bell, Mrs. W. H. Awtry, Mrs. Alice Cox, Mrs. W. J. Frost, West Hereford; Mrs. R. L. Wilson, Mrs. Bess Werner, Westway; and Mrs. C. T. Newsom, Wyche.

Coffee Honors Dakota Couple

WESTWAY — Mrs. Joe Wagoner was hostess at a coffee at her home Wednesday morning honoring Mr. and Mrs. Hughes Millard of Faith, S. D., who are visiting relatives and friends in this area.

Before serving coffee, the hostess took up a collection from those present and presented it, together with a decorated cake and bouquet of roses, to Mrs. Millard as the group sang the birthday song.

Attending were Mesdames H. D. Blythe of Amarillo, Bud Hopson, Edgar Skypala of Hereford, C. A. Sauley, Paul Rudd, G. C. Merritt Sr., W. W. Thomas and Jeannie, Elmer Combs, Bill Combs, Gene Combs, Joe Landers, Merlin Kaul, Jerry Landers, Steve, Shane and Tanya Kay, Timmy Malone and Chelli Ruland of Hereford, Hughes Millard and Mrs. Wagoner.

Miss Hollenstein Weds Lamesa Man

Mr. and Mrs. Herman J. Hollenstein, 411 Blevins, are announcing the recent marriage of their daughter, Patsy, to Charles Fillpot, son of C. A. Fillpot of Lamesa, Tex.

The ceremony was read on March 24, 1961 in Amarillo and the couple is making their home in Amarillo at present.

The bride is a 1960 graduate of Hereford High School. Fillpot attended schools in Hereford and Lamesa.

ADRIAN NEWS

Harvest Of Wheat In Area Near Complete

BY MRS. E. L. PINNELL

The wheat crop harvest has been 90-95 per cent completed and up to 800,000 bushels have gone through the Adrian Wheat Growers Elevator, according to co-op manager Bob Caldwell.

This was the report at mid-day Tuesday and the yield has been estimated at 34 bushels per acre, Caldwell went on to say.

With all this good news to report, the bad must come also. Last Monday afternoon at approximately 5:30 p.m. a wheat field on the Perrin Brothers Ranch caught fire from a truck. Three different custom cutter rigs have been at work on the huge field and the wheat had been making 45 bushels to the acre. Two hundred and fifty acres were burned along with a 1961 car with only 300 miles on it. The land is owned by Carl Perrin and his sister, Mrs. Ollie Freeman of Haskell. The fire departments from Hereford and Adrian fought the blaze until well after dark.

Gail Gruhlkey, 12, daughter of Mr. and Mrs. R. M. Gruhlkey of Adrian, tied for first place in Division II in plain bread muffins at the Deaf Smith County 4-H Bake Show Saturday. The show is an annual affair and was held in the Hereford Bull Barn. Gail has a twin brother, Dale, and has done outstanding work in the local Caprock 4-H Club.

Mr. and Mrs. Wesley Story and family of Woodward, Okla.,

are visiting his parents, the Ernest Franks, while making the harvest.

Mr. and Mrs. Gayle Fagan and Gaylene of Abilene are assisting her parents, the O. A. Bronnimans, through harvest.

Bobby Harris and daughter, Stephanie, of Alamogordo, N. M., visited from Thursday to Monday with his mother, Mrs. Jeanette Vanderwork. Debbie Smith, a friend from Houston, accompanied Stephanie.

Susan Ballard of Hereford is remaining with her grandmother, Mrs. Bessie Spande, while her mother, Mrs. Labry Ballard, is a patient in Deaf Smith County Hospital.

Mr. and Mrs. David Parker of Dallas were Sunday guests of Brother and Mrs. Ross Blasengame.

The Winfred Perrys are the parents of a son born Monday in a Friona Hospital.

Mrs. Muri Paulk of Tulsa, Mrs. Gladys Preston of Amarillo, Mrs. Suzy Tomlinson of Adrian and Mrs. Viola Tomlinson and Sandra of Coleman left Friday for the weekend in Phoenix, Ariz., with the Kenneth Tomlinsons. They returned Monday night.

Mr. and Mrs. Rex Anderson and son, Gary, of Ft. Collins, Colo., and Earl Saffer of Annaba, Colo., were Sunday morning visitors in the Baptist congregation. Other visitors stopping off were Mr. and Mrs. George Scheren and family and Don Graves of Hueytown, Ala. Scherer is the youth director at his church and they were enroute to the Glorietta Baptist Encampment at Santa Fe, N. M.

Mrs. Red Schneider and Vickie of Amarillo visited this weekend with her sister, Mr. and Mrs. P. H. Gruhlkey.

Mrs. H. C. West Sr. and daughter, Lavonia, of Albuquerque, N. M., drove over last weekend to get acquainted with her new twin granddaughters born to Mr. and Mrs. H. C. West Jr. in Deaf Smith County Hospital. They were accompanied by a niece, Dolly Persinger, also of Albuquerque.

R. C. Chism of Kerrick came here Saturday night for his wife, Judy, who has been visiting her parents, the R. L. Pinnells, through harvest.

Ex-coach and Mrs. Joe Cullender and family of Canadian were Saturday guests in the R. L. Pinnells home. The family had visited around the community with friends all day and were en route to Canyon. Carol remained overnight in the Jim Perrin home with Carol Sue.

"Obscenity In Mail" Topic Of Program

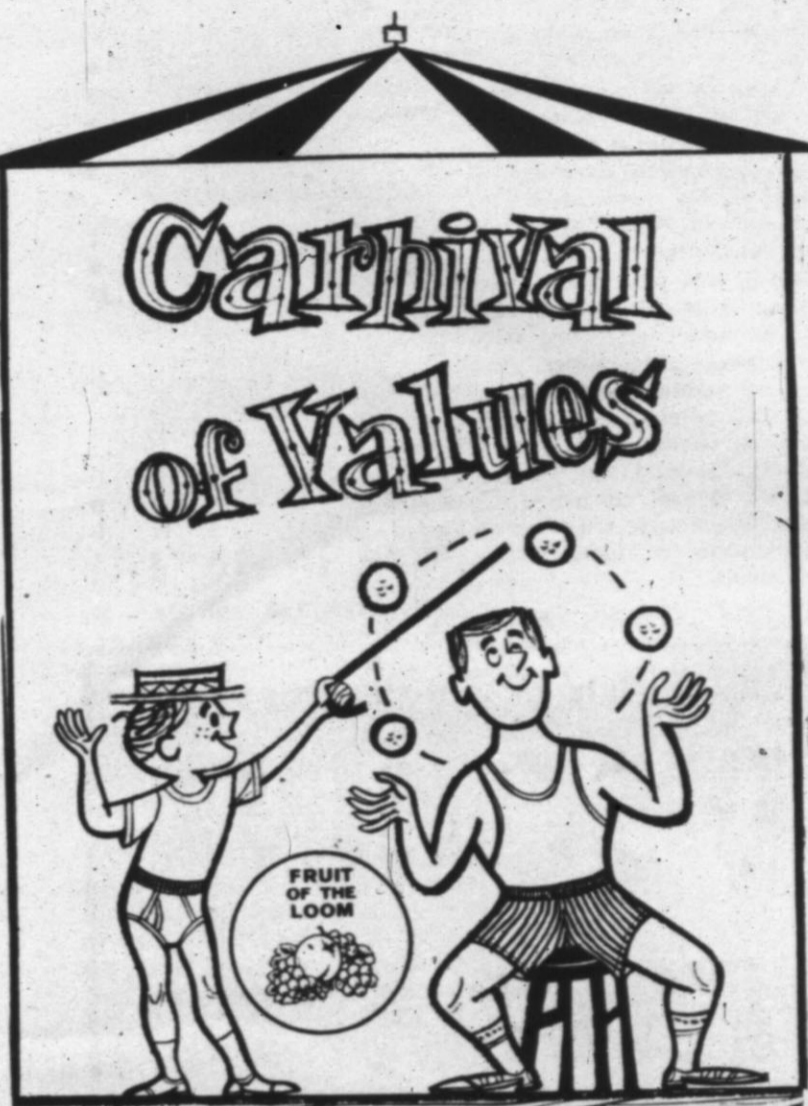

Mrs. Taft McGee read an article from U. S. News on "Obscenity In The Mails" at the recent meeting of the Progressive Home Demonstration Club, which met in the Community Room of the First National Bank. Mrs. Tom DeShazo was hostess.

A gift was presented to Mrs. DeShazo, who is moving from the community to the Walcott community.

The club picnic will be at the H. L. Hershey home on July 21 at 7:30 p.m.

Members present were Mesdames C. V. Burges Jr., Darrell Thomason, Dale Hallows, Fred Autry, P. L. Carmichael, C. V. Burges Sr., Floyd McGee, Leon Coffin, Taft McGee, T. J. Parsons, H. L. Hershey and Tom DeShazo.

The proportion of American high school students studying Latin has risen in the last decade. It is second only to Spanish.

Cain Ties Strike-Out Mark As Tigers Defeat Red Sox

Frank Cain tied the season strike out record when he fanned 17 batsmen as the Tigers defeated the Red Sox 12-4 in Pony League Thursday.

Cain went the route, giving up four hits and walking two men. Dan Loerwald was the losing hurler.

The Tigers scored in the first inning as Cain and Jimmie Gutierrez walked. Both

runners advanced on an error and a passed ball and scored on Mike Ranspot's single.

Cain started his string of strikeouts as he whiffed three straight batters with nine pitches in the Sox first inning.

The big Tiger inning came in the second as they scored seven runs on six hits. Joe Don Edelmon walked and Kyle Kendall and Robert Lemons hit

back - to - back singles.

With two out Cain and Gutierrez singled and Ranspot got on because of an error. David Marcontell walked and Frank Brisendine and Edelmon singled before Steve Coneway took the mound to retire the side.

The Sox got their first hit off Cain in the second as Robert Strange singled. Cain retired the side and Strange was stran-

ded. Coneway had trouble in the third as he walked two men, hit another and gave up a single. Strange took the mound and struck out two batters to retire the side. The Tigers scored two runs on one hit. Cain lost the chance for a shutout in the Sox half of the third. He struck out Wynn Buck and Lynn Cook but both men got on base when the Tiger catcher didn't hold the last strike.

Joe Childers was hit by a pitched ball and advanced on the catcher's errors. Cook stole home and the Sox picked up two runs on no hits.

Neither team got a hit or run in the fourth. Cain set the Sox down on three strikeouts.

In the Sox fifth Cook slammed a double to score Richard Lookingbill who had singled. Again Cain struck out three men in the inning.

The Tigers were retired in order in the sixth and the Sox picked up one run on two hits in their half of the sixth frame. Loerwald singled to lead things off. After striking out the next two men, Cain walked Joe Childers to advance Loerwald. The speedy pitcher-infielder streaked home on a pass-

ed ball. Ranspot boomed a home run in the Tiger seventh off Joe Childers who has just gone to the hill.

Ranspot was the leader at the plate for the winning Tigers with a homer and a single in three official times at bat. Cook had the hardest hit ball off Cain when he doubled in the fifth to score a run.

Lynn Warren Puts Out Fire As Bengals Defeat Indians

Lynn Warren pitched the Indians to a 4-3 victory over the Tigers in the Pony League. Warren relieved Larry Minks in the fifth and shut out the Tigers in the last three innings. Ed Mims was charged with the loss.

The Tigers broke into the scoring column in the second inning when Jimmie Gutierrez

led off with a home run. Warren retired the side without allowing another run.

In the fourth frame the Tigers scored two runs on one hit. Frank Brisendine singled and Kyle Kendall and Richard Brock walked. Mims sacrificed to score Kendall. Brisendine had previously scored on an error.

The Indians' big inning was in the fifth when they scored three runs on two hits to tie the score. Bill Watts and Gary Payne hit back - to - back singles. Payne stole second base. Steve Seigler walked and Payne and Seigler scored on errors.

The Tigers left Robert Lemons stranded in the sixth and Gutierrez and Brisendine were left on base in the seventh but the Tigers were unable to score another tally.

Payne walked in the Indian seventh and scored the winning run on Seigler's double.

DAVIS FAMILY REUNION

Guests in the home of Mr. and Mrs. A. H. Davis, 824 So. Texas, recently were their three daughters and their families.

Present for the family reunion were Mr. and Mrs. A. B. Higgins and family of Hereford, Mr. and Mrs. Bill Acton and family of Odessa and Maj. and Mrs. Frank W. Durkee and daughters. Maj. and Mrs. Durkee, formerly of Otis Air Force Base, Mass., were enroute to his new station in Colorado Springs, Colo.

Couple Planning August Wedding

Mr. and Mrs. Bill Frazier, 120 Bradley, are announcing the engagement and approaching marriage of their daughter, Norma Ann, to A2C Nicholas J. Fank, son of Mr. and Mrs.

See picture Page 1, Section 2 Harry Fank of Bird Island, Minn.

Miss Frazier was graduated from Plainview High School and is presently employed in the offices of Dr. Weslie Owen.

Fank is a graduate of the Bird Island High School and is stationed at Lackland Air Force Base at San Antonio.

The couple is planning an August wedding.

Quilting Club Holds Meeting

Members of the Loyal Workers' Quilting Club met Friday at noon at the IOOF Hall for their regular luncheon and business meeting.

Members present included Mmes. Fairy Culppepper, Ola Hacker, Lucille Olsen, Edna Bowe, Ethel Curry, Ada Hollabaugh, Ruth Rogers, Leora Massie, Miss Mary Bradley and Mrs. Elizabeth Hicks.

Guests attending were Mr. Mr. and Mrs. Barrett Sowell, J. E. Cockrell, Miss Sharon Hawkins, Miss Lynn Sowell and Mrs. Myra Paschell.

DETROIT VISITORS

Glenda, Karen and Glen Ford of Detroit, Mich. arrived Tuesday to spend the summer with their grandmother, Mrs. Velma Hodges.

SPY SUSPECTS

SHAWNEE, Okla. (AP) — Tom Isbill, Oklahoma Baptist University photography instructor, and his class were at the Rock Island depot learning to take pictures of moving objects at night.

They snapped a picture of a passing train.

A few minutes later they were surrounded by police and taken to headquarters to learn they had just photographed a train carrying secret atomic materials.

For Bride-elect**

WESTWAY — Miss Darla Sue Thomas, bride-elect of Benton Coopwood Bolin, was honored recently with a miscellaneous shower in the home of Mrs. Joe Wagoner. Assisting with the courtesies were Mmes. Elmer Combs, W. B. Nunley and G. C. Merritt Sr.

Mrs. Wagoner greeted the guests and presented them to the honoree and her mother, Mrs. Wilbur Thomas; Mrs. W. L. Bolin, mother of the groom-elect; and Mrs. H. E. Owens, grandmother of the groom-elect.

Decorations carried out the bride-elect's chosen colors of blue and white. The serving table was laid with a white linen cutwork cloth over blue and centered with an elaborate arrangement of white and blue daisies. Appointments were in silver and crystal.

Miss Zena Ann Bolin registered the guests and Mrs. Bill Combs and Mrs. Gene Combs presided at the serving table.

The entertaining rooms were decorated throughout with summer flowers.

Attending the pre-nuptial courtesies were Misses Ann Brown, Pat Cook and Mrs. B. H. Thomas Jr. of Shallowater; Mrs. Jack Andrews, Plainview; Mrs. Norman Hodges and Sandra, Mrs. James Gentry, Mrs. Mildred Guinn, Mrs. Elmer Patterson, Mrs. H. E. Wester, Mrs. Bob Hicks, Misses Jan Reese, Gena Guinn and Jackie Nunley and Mrs. G. E. Merritt Jr., all of Hereford, and Miss Janis Springer of Seminole.

Approximately 15 guests attended from the Westway Community and a number of gifts were sent by friends unable to attend.

**Conduct Rites For
Resident's Father**

Funeral services were conducted Saturday at 9 a.m. for Henry Frank Schumucker, 79, Castro County farmer who died Wednesday at 8:20 p.m. in the Castro County Hospital. He is the father of Alvis Schumucker of Hereford.

Services were conducted in the Holy Family Church of the Nazareth Community, with Father Prosper Lindenaur of Saint Meinrad, Ind., officiating.

Burial was in the Holy Family Cemetery, under direction of the Dennis Funeral Home of Dimmitt.

Mr. Schumucker was born Aug. 12, 1881, at Thvlen, Germany. He came to the United States at the age of ten, and in 1908 moved to the Nazareth community from Nebraska.

Rosary was recited at the home in the Nazareth community Friday night.

Survivors include his wife, Margaret, two daughters, Sister Maurine of St. Scholastica Convent in Fort Smith, Ark., and Mrs. William Warren of Woodward, Okla., two sons, Alvin of Hereford and Arnold, a captain in the Air Force station, at Tucson, Ariz., two brothers, Frank and Casper, both of Fordyce, Neb., two sisters, Mrs. Theresa Boehmer of Saint Helena, Neb., and Mrs. Francis Bonertz of Fordyce, Neb.

FAMED CEMETERY

CLYDE, Ohio (AP) — A cemetery in Clyde contains the graves of the highest ranked Union officer casualty of the Civil War, Gen. James B. McPherson; the first casualty of the Spanish-American War, George B. Meek, and the famous American infantry hero of World War II, Rodger Young.

Rain And Hail Result In Scattered Crop Damage

BY MRS. OWEN ANDREWS
The rain and hail storm which swept across this community, Saturday evening left damage in some areas in the community. The hail seemed to be very spotted. The Mobleys, Williams and Glens who live about half way between Hereford and Dimmitt on the Highway, had severe hail damage. Much of the wheat has been harvested, but little feed and cotton was beaten, much of the cotton being completely ruined.

Ed Clark reports about an inch of rain at their house, much heavier on the east of the place and hail-ruining 50 per cent or more of the 140 acres of wheat yet uncut in his field. Jim Brooks, Fred Axe and Carl Sevier, all in that area, suffered moderate to severe hail damage also. Hail fell about five miles south of Easter, and on the H. E. Lindley farm and others in that area. David Yandell farms the Lindley place, which is located east of Summerfield.

Miss Delores Andrews, bride-elect of Godfrey Baldwin, was honored with a miscellaneous shower at the Frio Baptist Church Monday afternoon. Hostesses for the occasion were Mesdames Floyd Cole, Frank Robbins, Henry Dobbs, H. M. Mobley and Weldon Stephan. A game and a poem, read by Mrs. Frank Robbins, were the program before presentation of the gifts. The table was centered with a pink flower decorated

umbrella and pink punch and white cake were served by Mrs. Dobbs and Mrs. Mobley. Appointments were in crystal and silver. The bride's chosen colors of pink and white were carried out in decorations. Miss Patsy Green attended the bride's book.

Attending were Mesdames W. H. Andrews and B. H. Baldwin, Allie Burrus, aunt of the bride-to-be, and her daughters, Wanda Raye and Zadine of Texico, Mrs. Roy Sheppard, Miss Anne Sheppard, Mrs. Floyd Cole, Jana, Cheryl and Beverley, Mrs. Frank Robbins, Carol, Genie, Patty, Stevie and Jerry, Mrs. H. M. Mobley, Mrs. Henry Dobbs, Mrs. Clark Andrews, Rocky, Kirk and Lynette, Mrs. B. H. Baldwin, Mrs. Clark Dobbs, Dusty and Cindy, Mrs. Owen Andrews, Mrs. T. L. Sparkman Jr., Mrs. E. M. Green, Miss Patsy Green, Mrs. James Dobbs, Mrs. A. L. Hodges, Mrs. Carlton Dobbins, Mrs. Charles Self, Mrs. Earnest Harder, Miss Bonnie Sparkman and Ann and Cay Zetzsche. Sending gifts were Mesdames T. L. Sparkman Sr., Mrs. Earl Cole, Mrs. Elmer Jones, Mrs. Edgar Vinson, Mrs. Robert Dobbins, Mrs. Kate Lamb and Mrs. Estelle Lamb, aunts of the bride-to-be, both of Marlowe, Okla., Mrs. Harlan Barber, Mrs. Mark Shadden and Mrs. Kenneth Cox.

Recent visitors of the Bill Williams family were Mr. and Mrs. Carlton Layton and daughters, Joella and Dianna of Fort Worth.

The Jolly Workers 4-H Club met Monday afternoon at the home of Mrs. Buster Thomason. She gave them a demonstration on simple care of fingernails, giving an example of a manicure, using Mrs. Clark Andrews as a model. Members present were Jana Cole, Carol Robbins, Edlana Vinson and guests, Wanda Thomason and Genie Robbins.

Mr. and Mrs. Wallace White and children, Brenda, Gary, Mike and Rhonda of Amarillo, spent the weekend with Mrs. Whites parents, the E. B. Berrymans. The other daughter, Mrs. Clark Andrews, Clark and their children had Sunday dinner with the family at the Berryman home.

Visiting Mr. and Mrs. Johnnie Robinson and Stacy over the weekend were Robinsons parents, Mr. and Mrs. Roy Robinson of Wilson. The Robinsons were accompanied by Mrs. Hortense Parker also of Wilson, to spend the time visiting her brother-in-law, G. W. Parker.

Mr. and Mrs. John Britian and son of Odessa were visiting the home of her aunt, Mrs. H. M. Mobley, recently.

Mr. and Mrs. Jim Franklin and children, Linda, Larry and Mary of Lenora spent the weekend visiting the home of Barber and family. On Friday and Saturday, Harlan Barber's father, W. C. Barber, of Lor-

raine, visited the Barber family. Mr. and Mrs. Ed Clark and girls attended a reunion of Mrs. Clark's maternal family, the Phillipps family, at the McKenzie Park in Lubbock.

Mr. and Mrs. Jim Brooks and Mrs. D. O. Benson of Hereford, were visiting a brother, Jinks McClennen, in a Wichita Falls hospital Sunday and Monday. McClennen had undergone surgery on Friday and is seriously ill.

Frio Home Makers Club met Tuesday afternoon in the home of Mrs. Henry Andrews. The program was a demonstration of a facial beauty treatment given by Mrs. George, guest demonstrator from Dimmitt. Mrs. Bill Williams was model for the demonstration. Mrs. Williams also displayed some needlepoint work of her own as part of the program.

Those attending the meeting were Mesdames Jim Brooks, Harlan Barber, Henry Dobbs, T. L. Sparkman, Glenn Gripp, David Yandell, Clark Andrews, Carlton Dobbins, Misses Bonnie Sparkman, Doris Jean Andrews, Darlene Sparkman and the hostess.

The next meeting is to be at 4 p.m. on July 11 at the home of Mrs. E. F. Vogler and guest speaker will be Judge Wilson, county judge of Castro County. He will speak on the Responsibilities of Commissioners Court. Members and their guests are invited to attend this very informative program.

The late Hiram Bingham, who discovered Machu Picchu in Peru, held that the city was always Inca and not founded by an earlier tribe. He said evidence indicated it was the home of the first Inca and the religious capital of the last Inca.

OFF THE Shelf

By H. A. TUCK

One of the most entertaining and unusual books we have read recently also has one of the longest titles. *I Love You Honey, But the Season's Over* by Connie Clausen discloses nothing by its name.

Actually the book should become a fine non-fiction volume at the Deaf Smith County Library.

I Love You, etc., etc., is Connie's story of her year with the circus. Not just a circus, but Ringling Brothers, the finest of all circuses.

But had it not been for her father, Connie would never have joined the circus at all. John Ringling North stopped her on a street in Sarasota, Fla., and asked her to be Cinderella for one of his special floats.

Always a circus buff, Dad Clausen insisted that Connie should give it a try. Connie, at 17, was not at all athletic, hated animals and was frightened to death of high places.

But she decided float-sitting was a better occupation than clerking in a store all day so she agreed.

The float idea had been abandoned by the time Connie arrived at the winter headquarters. Connie became a "North starlet," one of 50 girls who would ride elephants, horses, twirl from ropes high above the ground and perform spectacle routines.

Her muscles ached and she was scared to death, but Connie stuck it out.

After weeks of practice, the (Continued on page 11)

(Continued from page 6)
gleaming silver and red coaches of the circus train were loaded. Madison Square Garden was the opening spot for the show. Living conditions were less than luxurious, and the pay was almost nil.

Despite the hard work, the girls came to love circus life and considered that anyone who

wasn't "with it" to be rather stupid.

After shows in New York and Boston, the circus moved into the Big Top and played the rest of the season under canvas. There was dust, mud, rain, heat and cold, but they had become professionals.

Connie fell in love with handsome Paraito Cristiani, a member of the famous equestrian family. The rest of the Cristianis took a dim view of the girl who couldn't do a

backbend, hop on a horse running around the ring or even perform on one of the swinging ropes.

Connie befriended a sudden elephant handler, called The Professor. She also knew Nine Blankets, so named because he was always cold and one morning was found buried beneath nine blankets, eight of which he had pulled off workers sleeping nearby.

Occasionally the circus was a violent place as when the ani-

mal tent burned down or a roustabout stabbed another to death during an argument.

When the circus played near Connie's former hometown of Menasha, Wisconsin, she was given a better spot in the parade and spectacle. Everyone helped her make a good appearance. But her former friends, while dazzled by her glamor, were less than kind about blurring out what they thought of a girl who belonged to a circus. One-night stands came end-

lessly. Connie finally realized the impossibility of marriage with Paraito and ended the romance with a memorable evening at a Cristiani family dinner.

All too soon it was October and the train pulled into Tampa for the final performances of the season. Connie went home with her family.

Connie has written of the circus as it sparkled in its final glory. For she was part of it during the opening months of World War II. Travel and food restrictions soon closed the circus for the duration. When it returned, it soon went to enclosed areas and deserted the big tents. It also had to contest television for entertainment dollars.

For Connie Clausen, however, it was still a case of *I Love You Honey, But the Season's Over*.

Yankees Bombard Card Nine 16-2

The league-leading Yankees blasted the Cardinals 16-2 in Little League play Monday. Danny Lester went the route to chalk up the victory. He gave up three hits and struck out nine batters.

Jerry Kendrick pitched one inning for the Cards and gave up four runs on two hits. He was charged with the loss.

The Cards broke into the run column first with two runs on two hits in the first frame. David Vines singled and Alvin Davis, shortstop, banged a home run on a 3-2 count.

Back-to-back singles by Danny Baize and Felix Albiar in the Yankee second tied the score. Both scored on a

passed ball. Jim Allison boomed his seventh homer of the season to start the Yanks fourth inning run spree. Danny Baize followed with a single and Johnson Benefield walked. With two out Randy Baize walked. The Cards were guilty of two miscues in the inning and the Yanks scored four runs before being retired.

Danny Baize started the Yankee fifth with a round-tripper. Albiar followed with a single and Benefield and David Huckert walked. Gene Duvall and Danny Lester also singled and the Yanks chalked up five runs on four hits during the frame.

The rout was completed in

the sixth inning when the Yanks picked up five more runs on six hits. Albiar, David Huckett, Glenn Thomas, Duvall, Lester and Allison singled and Randy Baize walked.

The Yanks played errorless ball while the Cards committed four miscues.

AUSTIN HIGHLIGHTS

State Legislators Enjoy 'Calm Before The Storm'

BY VERN SANFORD
AUSTIN — State Capitol is having a relatively quiet period — somewhat like the "eye" of a hurricane.

Legislators are at home, and Gov. Price Daniel has gone to Hawaii for the National Governor's Conference. Officially, the "Time out" ends July 10 when the special tax session begins.

But despite the lull, sharp gusts of differing opinion are still blowing. Before leaving, Gov. Daniel issued a parting blast at lobbyists in particular and critics of his anti-sales tax stand in general. He is thinking of asking for tighter lobby control measures, particularly in regard to reporting of money spent to influence legislation. He also accused opponents of his tax plan of being unwilling to compromise.

Lawmakers are having their say before the Daniel-appointed committee to study tax measures. Sen. Wardlow Lane, sponsor of the Senate-passed sales tax bill, took a dim view of the "compromise" talk. Legislature compromised on taxes in 1959, he reminded, and the state government ended up more deeply in debt.

As to lobby control, Sen. Lane said the Legislature had already passed the measure that the governor had said would do the job. In general, Sen. Lane urged

ed "a stop politicking and get on with the job" approach.

NEW LAWS COMPLETED — Before leaving for Hawaii, Gov. Daniel signed scores of bills into law, vetoed a few, and otherwise cleared the decks from the 57th regular session.

He signed the bill which will allow the University of Houston to become fully state-supported in the fall of 1963. This bill was the cause of a month-long filibuster in the Senate.

He let become law without his signature a measure known as the Carling Brewery bill, also highly controversial. It was sought by the Carling Brewery which plans to build a \$20,000,000 plant in Fort Worth. Under the bill, a brewery may continue to operate in an area even if it is voted dry. By not signing it, the governor demonstrated his lack of enthusiasm.

Altogether the Legislature passed 549 bills in the regular session. Only 14 were vetoed by the governor.

SCHOOL BUS PRICES PROBED — Atty. Gen. Will Wilson has launched inquiry into the prices being paid by the state for school buses.

Wilson announced courts of inquiry to be held in Austin, Dallas, and perhaps later in San Antonio. He said investigation had been under way for six weeks and had revealed

ed that Texas was paying from 10 to 25 per cent more for school buses than other states. He said there was no evidence of identical bids, that he felt there was a strong possibility of "rigged bidding."

School buses are bought by the Board of Control with state school funds on the basis of sealed bids. Bus dealers could, if found guilty of conspiring together over prices, be subject to both civil and criminal anti-trust suits.

(Courts of inquiry are not trials, but proceedings for the taking of sworn testimony to see if there is evidence for filing suits.)

PARENT LIABILITY UPHELD — In a recent case, the Supreme Court refused to change a lower court decision that the law holding parents liable up to \$300 for damage caused by their children is constitutional.

Challenging the law was a father whose 15-year-old son had stolen and wrecked a car. Three courts upheld the constitutionality of the law and the father's responsibility.

It holds parents liable for "malicious and willful" destruction of property by children between 10 and 18 years of age.

premiums are predicted by officials of the State Board of Insurance.

Board has the matter under advisement after a public hearing. New rates, if set, will go into effect Aug. 1.

Increases suggested by both industry spokesmen and the Board's actuarial staff are the same. They are 8.7 per cent comprehensive private passenger coverage, 8.1 per cent for collision, 23.6 per cent for liability, and 16.1 per cent for medical coverage.

A Department study showed that premiums were down as a result of the new safe driving plan and that claim costs were up because of the costliness of replacements on today's automobiles.

GAS TAX RULINGS ASKED — Probability of a strong push for a gas tax in the coming special session was indicated by Gov. Daniel's request for opinions from Atty. Gen. Will Wilson of two such proposals.

One is a proposal by Rep. Bob Eckhardt of Houston which would require the holders of contracts for dedicated gas reserves to guarantee the state a tax of at least one cent on each 1,000 cubic feet of gas produced.

Another, by Rep. George Hinson of Mineola, is a rewrite of the severance beneficiary tax passed in 1959 and since held unconstitutional by the courts. Gov. Daniel has said that the 1959 bill would have stood up in court if it had been enacted as he recommended.

The Romans are believed to have been the first to use aluminum potassium sulphate for water purification.

Final Rites For Local Resident Held Saturday

Carl H. Wise, 101 East Sixth, Hereford, died suddenly in Albuquerque, N. M., Thursday, June 29, while he was visiting with his son and family.

Funeral services were held Saturday, July 1, at 2 p.m. in Albuquerque. Burial was at Sunset Memorial Cemetery, Albuquerque. Services were conducted by Strong-Thorn Mortuary.

Mrs. Wise was born in Bridgeport, Tex., in 1896. He married Mrs. Jessie Fox in 1929.

He was a World War I veteran and has resided in Hereford for the past 25 years.

Mr. Wise is survived by one son, Carl, and five grandchildren, Leonard James, Elizabeth, David and Donnie.

ATTEND CONFERENCE

Attending the annual Senior Assembly of the Northwest Texas Conference of the Methodist Church on the McMurry College campus in Abilene are Sharon Hill and Suzanne Langley from Hereford.

"My Living Bible" was the theme of the June 26-30 conference. The young people met daily in workshop and study groups, for organized fellowship, recreation, and worship during the assembly.

Speaker during the week was the Rev. Bill Kent, former missionary to Bolivia and now associate pastor of St. Paul Methodist Church in Abilene.

BIG JULY

Look at this — Your choice from 4 wonderful 72" x 90"

SINGLE BLANKETS

The most outstanding group we've ever offered

Rich plaid design in newest decorator colors of lilac, turquoise, red, green and toast. 72 x 90 for single or double bed. 90% rayon, 10% acrylic guaranteeing extra warmth and wear. 6 inch acetate binding. Comes in polyethylene bag. Look at this low price and buy several now on Lay-Away . . . and save!

The "Nylonite"—90% rayon, 10% nylon with 6 1/2 inch satin binding. 72 x 90 and weighs only 3 1/4 pounds. Choose from solid beige, pink, lilac, red, yellow, green or blue. Superbly made for warmth, beauty and long wear. Buy now . . . be ready for cold weather.

YOUR CHOICE **4.99** EACH

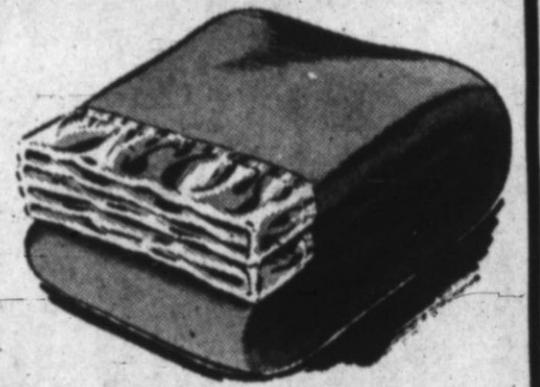

Luxurious hand screen printed "Rose Trellis" design on white ground with pink, or pink and beige combination. Rayon and nylon for warmth without weight. 4" acetate binding. One of the most outstanding blanket buys in town. Plan now to see these and use our convenient Lay-Away plan.

"Patchwork", hand screen printed, Rayon and Nylon blanket—one of the newest designs for bedtime luxury . . . Size 72 x 90, 5" acetate binding. Guaranteed moth-proof, longwearing and washable, of course! Add color and smartness to your bedroom—choose from rose, lilac and blue-beige combinations. Buy now and save!

72"x90" DEEPTONE SINGLE BLANKETS

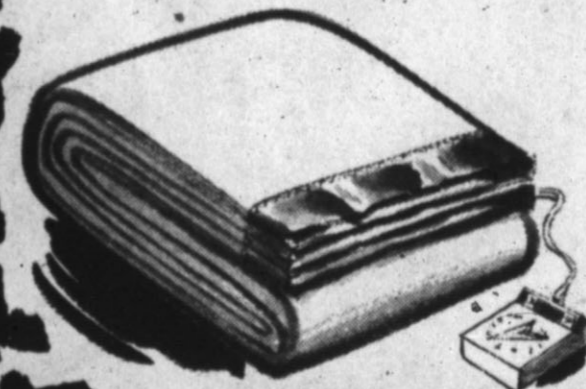

5 inch Nylon Binding **3.99**

As warm as a kitten—rayon and acrylic fibres "Style-tone" blanket with a 5 inch lifelong nylon binding. The new, deep, decorator colors will dramatically improve the appearance of your bedroom! Select from beautiful Flame Red, Majestic Purple, Persimmon, Harvest Brown or Emerald Green. They look so much more expensive and come in printed poly bags. Wonderful quality and the price . . . very, very low.

Automatic Electric Blanket

10.88

"Everwarm"—automatic electric blanket, 80% rayon, 20% cotton. Single control, 72 x 84, suitable for twin or full size bed. 5 inch nylon binding at top, stitched bottom. Unconditionally guaranteed for two years. Choose from lovely solid colors of pink, red, turquoise and camel. One of the greatest automatic blanket buys at this thrifty Anthony price.

WHEE! WE'VE FOUND THE END OF THE RAINBOW!

WE'RE RICH!

WE'RE STEALIN' MR. LUCKY AWAY FROM HIS OWN KINFOLKS, AN'T WE, PAW?

AND WHEN DEAR MR. LUCKY TAKES THE HAND OF LIL' BLESSIN' IN MARRIAGE, HE'LL BE OUR KINFOLK.

WOLVES! WOLVES!

FOR SHAME! TAKING ADVANTAGE OF A BEFUZZLED OLD MAN!

THIS IS ROBBERY! HIGHWAY ROBBERY!

THEM'S UNKIND WORDS FRIEND.

AFTER ALL WE'VE DONE TO MAKE MR. LUCKY HAPPY!

IT'S LIKE ROBBING THE BLIND! I'LL CALL THE POLICE! I'LL HAVE YOU THROWN IN JAIL!

THEM'S SHORE BITTER PILLS TO SWALLER.

YES, SIREE! THEM'S MIGHTY BITTER PILLS.

PILLS? PILLS? I WONDER IF I'VE REMEMBERED TO TAKE MY PILLS LATELY.

WHAT PILLS, UNCLE LUCKY?

THAT'S JUST IT, I CAN'T REMEMBER.

I CAN'T EVEN REMEMBER WHERE I PUT 'EM!

LET'S LOOK IN YOUR SUITCASE.

LOOK! HERE ARE SOME PILLS, UNCLE LUCKY!

PEPPER-UPPERS TO IMPROVE MEMORY

QUICK, UNCLE LUCKY, TAKE ONE!

TAKE TWO!

DON'T TAKE 'EM!

YOU'RE A GENIUS, MR. LUCKY.

YOU'VE GOT THE FINEST MEMORY I EVER SEE!

by **JOE MUSIAL**

BOY! DIS ROCKING CHAIR ISS VUNDERFUL UND RELAXING UND MAKES ME FEEL GOODT ALL OFER!

UND YOU LOOK SO DIGNIFIED!

VOT ISS YOU VAITING FOR?

FOR YOU TO GET UP....

...SO VE CAN TAKE A RIDE!

PSS-T! CAPTAIN!

I'LL GIF YOU A RIDE! HAR!

OWITCH!

LET THEM SIT ON THE ROCKER! THIS LITTLE MOTOR DEVICE WILL SHAKE THEM UP SILLY! TEE-HEE!

Bz-z-z

HAR!

BOYS, ON SECOND THOUGHT-- BE MY GUEST-- SIT DOWN!

OKAY, BUT VE ISS CHENTLEMEN...

...YAH! MAMAS FOIST!

HOW NIZE!

V-V-VOT!

BRRRR!

PLAY TRICKS ON ME, VILL YOU?

7-2

I LUFF ROCKING CHAIRS-- DEY MAKE ME FEEL GOODT ALL OFER!!

PUFF PUFF!

MISS TWIDDLE!

ME TOO!

HOW'S THE NEWS TODAY?

LOOK AT THIS! THEY THREW ROCKS AT OUR EMBASSY!

DON'T THEY KNOW ALL WE WANT IS PEACE AND PROSPERITY FOR EVERYONE?!

WE OUGHT TO DO SOMETHING ABOUT IT

YEAH! LET'S THROW ROCKS AT THEIR EMBASSY!

I DON'T SEE WHY EVERYONE IN THE WORLD DOESN'T LIKE THE UNITED STATES

MAYBE MADISON AVENUE COULD SELL AMERICA THE WAY THEY SELL CIGARETS AND TOOTHPASTE AND STUFF

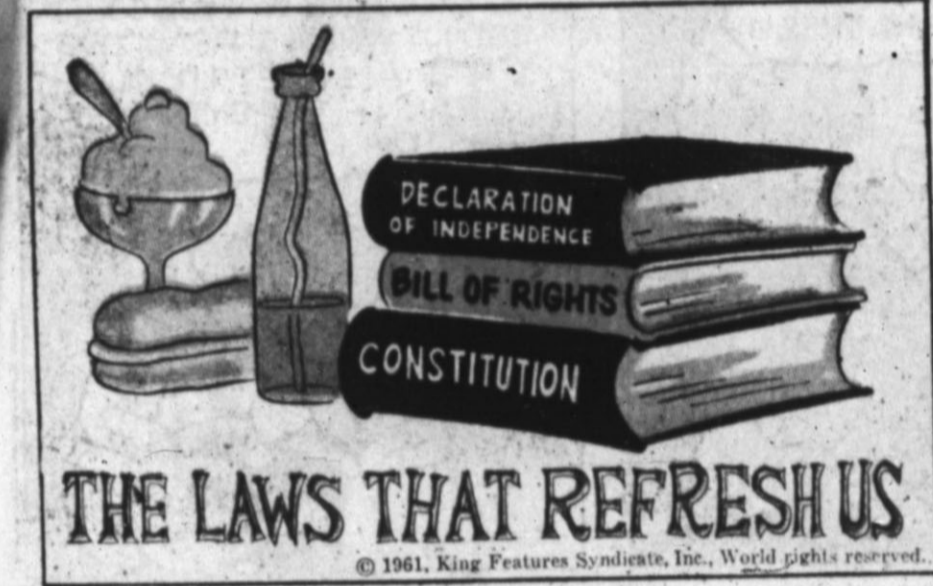

YEAH! I CAN SEE IT NOW

It's What's up Front that Counts!

LOOK, MA! NO CAPTIVES!

THE LAWS THAT REFRESH US

© 1961, King Features Syndicate, Inc., World rights reserved.

GOES TO WORK INSTANTLY TO REMOVE PAIN, SOOTHE IRRITATED AREAS, AND BRING PLEASANT RELIEF

HOW ABOUT, "LET'S GET AMERICA ON THE MOVE AGAIN?!"

FLASH GORDON by MAC RABOY

NOT TOO FAR FROM THE PLANET JUPITER, A LONE WSC SHIP CRUISES THROUGH SPACE. SUDDENLY HER RADIO COMES ALIVE...

WSC TO FLIGHT VEE-THREE-ONE SEVEN! PRIORITY INSTRUCTION! CHANGE COURSE ... PICK UP DR. ZARKOV AT SCIENCE SATELLITE ... AND MAKE TOP SPEED TO SPACE FARM STATION!

PILOT GORDON TO WSC ... ROGER!

THE SPACE FARM? WHAT COULD THIS BE ABOUT?!

WSC CRUISER COMING IN FOR A LANDING! GET READY TO MAKE HER FAST, MR. SHAYN!

LET'S HOPE THE WSC MAN CAN HELP UNRAVEL THIS MYSTERY OF POISONED APPLES!

I HEARD OF YOUR HUSBAND'S PASSING, MRS. DEY! CAN'T TELL YOU HOW SORRY I AM! AND THEN THESE CALAMITIES ON TOP OF IT...

NOW ALL OUR CROPS GROWING INTO MONSTROSITIES, AND OUR APPLES ARE POISONOUS!

THE PLANT'S OKAY! SOMEBODY PUT THE POISON INTO THOSE APPLES!

PUT ME IN CHARGE! I'LL FIND THE MURDERER!

IT'S NOT THAT SIMPLE, MR. SHAYN! BY MRS. DEY'S LAB REPORT, THE APPLE PLANTS ARE GROWING THEIR OWN POISON!

WE'VE HAD THE CONTROL CONSOLES GUARDED! NOBODY COULD HAVE RESET THE AUTOMATIC FEED AND SUNLIGHT!

I WONDER...

... IT MAY BE CRAZY, ZARKOV, BUT COULD THERE BE SOME REMOTE CONNECTION BETWEEN THESE PLANT MUTATIONS ... AND THE METEOR THAT STRUCK THIS STATION?!

NEXT WEEK - SUSPECT!
