Winter's First Blast Hits Area With A Four-Inch Snow

Pleasant fall weather came to an abrupt end here Saturday as a four-inch snow blanketed Hereford and Deaf Smith County by mid-morning.

The first blast of winter hit the area Thursday tumbling temperatures from a pleasant 67-degree reading to a cold, damp 32 degrees early Friday.

High for the day was only 47 and during the night temperatures fell below the freezing mark to 30 degrees. Snow began falling about 2 a. m. Saturday and by 6 a. m. Hereford had accumulated .10 of an inch of moisture.

By mid-morning, the snow had reached a depth of four inches in the city. Temperatures still hovered around the freezing mark.

Most of Deaf Smith County's crops are out of the fields with the exception of cotton. Cotton stripping in the county was just getting underway when the snow hit.

A Deaf Smith County ginners pointed out Saturday that the quality of the crop is not expected to be hurt a great deal if the moisture stops and the weather clears.

"Of course, this moisture will hurt quality some, but not a great deal if we have good weather next week," he commented Saturday.

He estimated that price of cotton would probably drop from \$2.50 to \$5 a bale resulting from damage caused by the snow.

Due to the freeze last week, he continued, most of the cotton in the county is ready to strip. Some farmers had planned to begin next week, but it depends now on how quickly (Continued on page 5)

Winter Snow Takes Blame For Accident

Winter snow received the blame for its first serious traffic accident Saturday morning as two cars collided south of Hereford on U. S. Highway 60.

Four people were hospitalized following a head-on smash up four-tenths of a mile south of the Deaf Smith - Castro County line during the first of the season's snows.

Listed in poor condition shortly after the accident, which occurred at 10:35 a. m. Saturday, was Jesse Uran, 40, of Hereford. Uran was rushed to Deaf Smith County Hospital by a Gilliland Funeral Home ambulance.

Taken to Dimmitt Hospital by a Dennis Funeral Home ambulance were Mrs. Jack Kidmore of Dimmitt, and her two children, Judy, four, and Jackie, six. All were reported in good condition Saturday morning.

According to the Highway Patrol investigator, the accident (Continued on page 2)

HAZARDOUS ROADS received the blame for this accident, which sent four persons to hospitals. Occurring about 10:45 Saturday, the head-on smash-up totally destroyed both autos and sent Jesse Uran, 40, of Hereford, to Deaf Smith County Hospital. He was listed in poor condition. Also hospitalized in Dimmitt were Mrs. Jack Kidmore and her two children, Judy, four, and Jackie, six. The mishap occurred four-tenths of a mile south of the Deaf Smith - Castro county line. A HINT OF THINGS to come came Saturday as low clouds dumped their first dose of winter snow and Bill Walker received his first taste of handling a snow scoop this season. Like many others, he was wondering if the sudden and unmistakable arrival of winter might be a forecast of future snows. Bill is the 11-year-old son of Mr. and Mrs. Bob Walker of 910 East Third. Talented Teens Make Decision

There once was a lady who had so many children, she didn't know what to do, and last week a group of Hereford boys had sort of the same problem, only they were concerned with having to many talents.

After working their way into finals of a huge talent show held last week in Amarillo, a Hereford trio decided against competing in order that one of the boys could play football for the Whitefaces Friday night in Littlefield.

"The Highlanders", a vocal group comprised of four Hereford High School seniors, were picked to enter the contest by ranking within the top 25 of over 175 area groups who auditioned for the Zales Talent Show held last week in Sunset Center in Amarillo.

In preliminary competition held Wednesday, The Highlanders earned the right to compete in finals of the contest by ranking within the top ten groups on the show. As a result, the group was slated to sing Friday night in the finals.

But Charles Kelly, bass vocalist for the trio, had a choice to make. With no regrets, he turned down the contest to play halfback for the Whitefaces at Littlefield.

Ronnie Gray and Dick Combs, the other Highlanders, went along with the idea, as did Charles Mims, pianist for the (Continued on page 2)

Open House And Dedication Of King's Manor Set Dec. 9

Open house and dedication of King's Manor, the new Methodist retirement home here, has been set for Sunday, Dec. 9 from 2:30 p. m. to 5 p. m.

p. m., it was announced by the Rev. Don R. Davidson, executive director.

In conjunction with the open house, the Board of Trustees of the home will hold and executive committee session with the Administrative Commission on Saturday, Dec. 8, beginning at noon.

Purpose of the session, explained the Rev. Davidson, is to allow trustees and ministers, who will not be able to attend the open house, and opportunity to tour the home.

The program Sunday will feature representatives of various groups related to the operation of the home, the executive director pointed out.

Dr. V. N. Henderson, district superintendent of the Amarillo District, and Dr. J. E. Shewbert of the Plainview District will be present for the service beginning at 3 p. m.

Also appearing on the program will be Dr. Bolton Boone, administrator of the Methodist Hospital, Dallas, and the Rev.

Howard Washburn, administrator of the C. C. Young Memorial Home in Dallas. (Continued on page 2)

Around Town

Winter really came in a hurry Saturday, just as it did last year. Only difference is that we got our four inches of snow three days earlier in 1961 than this year.

Due to all the Thanksgiving Day football games, the Brand football contest entry deadline, for this week only, will be 5 p. m. Wednesday, Nov. 21.

Deaf Smith County library is sending out an SOS for lost and misplaced books. Through the years many books have been lost and some of them are out of print and cannot be replaced. No questions will be asked, no one will be held responsible and no fines will be charged. This weekend is a good time to check and see if you have any of these missing books. They may be left at the library or dropped in the book return at the south door to the courthouse.

Westway Home Demonstration Club will meet Monday, Nov. 19, at the First National Bank community room, starting at 2:30 p. m. Mrs. Argen Draper will present the program.

All their friends are invited to attend the 65th wedding anniversary party for Mr. and Mrs. Joe Beyer Sunday, Nov. 18. Hours are 3 - 5 p. m. at the Beyer home. They ask (Continued on page 2)

United Fund Hits \$20,000; Goal Is Getting Closer

Deaf Smith County United Fund now has more than \$20,000, just about \$5,000 short of its goal.

Another meeting of the county UF directors is slated for 10 a. m. Monday, Nov. 19, in the Hereford State Bank. It is hoped that, by that time, the goal will have been reached.

Drive chairman Russell Carver urged Saturday that all persons who are soliciting for the United Fund try to make their final report by 10 a. m. Monday.

"We're going to keep the drive going until we have met our goal," Carver declared, "but we think everyone would like to (Continued on page 2)

Kings Manor Gets Second Unit Grant

Final approval was granted this week by the Department of Health, Education and Welfare on Hill - Burton funds allocated for construction of a 28 - bed nursing care unit at King's Manor, the Methodist home for older adults in Hereford.

Announcement of the approval of the grant was made late Wednesday in Washington. A telegram from Congressman Walter Rogers stated: "Department of Health, Education and Welfare today announced approval of grant for new 28 - bed nursing unit of Methodist home for older adults in Hereford, Tex. Total Cost is \$195,000; Federal share is \$97,500."

According to the Rev. Don Davidson, executive director of the home, the remainder of the funds needed for construction of the unit will be raised through a loan, a Hereford Area Foundation grant and pledges of the Northwest Texas Methodist Conference.

The loan to be secured by the Board of Trustees is to be for \$65,000 and the Foundation grant is to be for \$20,000. Conference pledges will make up the remaining \$12,500.

The executive director also commented that two letters from the State Department of Health indicate that approval has been given preliminary plans for the nursing care unit. Plans for the unit are now being studied by architects, he will be made for changes before final approval is granted.

Littlefield Speed Defeats Whitefaces 49-0; One Left

Once again, Hereford found that the highway safety slogan, "Speed Kills", is equally applicable to football. Littlefield used its speed to turn killer at Wildcat Stadium Friday night. When the races were over, Littlefield was ahead 49 - 0.

Fumbles and rather strange officiating played havoc with Hereford's hopes for a District 1 - AAA upset. After a scoreless first period, Littlefield turned on the speed and left Hereford far behind. Hereford now has just one more game to play.

Ronnie Duncan took the opening kick - off and raced 27 yards to the Hereford 37. On the second play from scrimmage halfback Austin Hodges broke loose for 35 yards. But when he was tackled, the ball squirted away and Gary Schovajsa recovered for the Cats.

Schovajsa ran three times and got eight before the punt.

Taking over on its own 39, Hereford began to move. Fullback Jim Haney got five; halfback Arnold Powell got two, then raced for 20 on a trap play. Haney added nine and Hodges got two. Quarterback Frank Cain fumbled and recovered for a loss of four.

Halfback Charles Kelly got four and Littlefield was penalized five to the Cat 18. Haney got five, but Cain lost six on a reverse keeper. Cain then picked up four and Littlefield was penalized five more to its own ten. (Continued on page 2)

Higgins, Plank, Perrin At Gold Star Banquet

Three county 4 - H Club members attended the annual Gold Star Awards Banquet held Saturday evening in Amarillo.

Dick Plank, chairman of the District 14 - H Council, served as master of ceremonies at the banquet.

Janis Higgins and John Perrin, recent winners of the Deaf Smith County 4 - H Club Gold Star awards, were honored at the banquet. Both received recognition for their club work, along with Gold Star winners from 22 other Panhandle counties.

DWI Charge Follows Wreck

A Canyon man was jailed on charges of driving while intoxicated and another was hospitalized following a one - car accident which occurred north of Hereford about 9:30 p. m. Friday.

Totally destroyed in the mishap was a 1951 model sedan. The accident occurred ten miles north of Hereford at the intersection of U. S. Highway 385 and farm - to - market road 1062.

Headed west on 1062, the car in which the two men were riding failed to make the turn as the road ends at the intersection. The vehicle ran through a stop sign, across 385, and into the ditch, slammed against a culvert, sailed through the air, and landed on the other side of the 30 - foot culvert, burying the front of the car in mud and water.

Charged with driving while intoxicated, first offense, was Donaciano Montano, 20, of Canyon. Hospitalized for treatment of lacerations and bruises was Aniceto Hernandez Jr., 18, of Canyon. Hernandez was home on leave from the Army.

Montano's bail was set at \$500 as he appeared before County bar ditch, slammed against day morning. He did not make bail.

Hernandez was brought to Deaf Smith County Hospital by a passer - by, and Montano was picked up later by another motorist and brought to the hospital. There he was arrested by Highway Patrolmen.

Plan Community Thanksgiving Program Nov. 21

A community Thanksgiving program will be presented Wednesday, Nov. 21, in the auditorium of the First Baptist Church. Sponsored by local churches, the program will feature music by the Hereford Community Choir.

Bringing the Thanksgiving message will be the Rev. Burt Debord, pastor of the Nazarene Church. The program will consist of congregational singing, responsive reading, and numbers by the Hereford Community Choir.

The choir, comprised of vocalists from several local churches, will sing "The Battle Hymn of the Republic" and "Glory to God", a selection from Handel's "Messiah".

The public is invited to attend the Community Thanksgiving Program, which is slated to begin Wednesday at 7:30 p. m. (Staff Photo)

SOIL, WATER, AND RANGE conservation awards were presented during the annual 4-H Achievement Banquet held here last week by Don Newman, of the local Soil Conservation Service office. Receiving the awards were, from the left: Tommy Beazer, Jack Thomas, Jon David Miller, Cathy Crist, and Cynthia Hanna, who accepted the award on behalf of Steven Olson who was not present. Hereford Rotary Club will have a meeting about its annual Junior Livestock Show at 3:30 p. m. Tuesday, Nov. 20, in the Hereford State Bank. Lefty Thomas asks all members of the committee to be present.

Cub Scout Pack 50 will meet at 7:30 p. m. Monday, Nov. 19, in the Hereford Community Center. Cubmaster Woody McDermitt invites all prospective members to attend.

The Hereford Rebekah Lodge will sponsor a Thanksgiving dinner Tuesday, Nov. 20, at 7:30 p. m. for Rebekahs and their families and Odd Fellows and their families. The dinner will be held in the 100F Hall.

The County Federation Board will meet at 3 p. m. Saturday, Nov. 24, in the Hereford Community Center. The regular County Federation luncheon will be held at 1 p. m. Friday, Nov. 30, in the Community Center.

A pair of black and grey glasses were found in front of the J. R. Allison home, 113 N. Texas, on Nov. 10. They may be picked up at the Brand office.

Mrs. Arbutus O'Neal of Abilene will be here from Monday, Nov. 26, until noon Tuesday, Nov. 29, as a speaker for Alcohol Information Week. Mrs. O'Neal is Texas State Delegate to the World Service, which is the Al-Anon family group to Alcoholics Anonymous. She will be available to any club or organization to tell of a family's problems in living with an alcoholic. Persons interested in having Mrs. O'Neal speak may contact Mrs. O. G. Hill Sr., Mrs. Jewel Smith or Francis Hardwick.

All Deaf Smith County wheat growers are urged to attend a meeting of the Texas Wheat Growers Association Tuesday, Nov. 20. It will be held at 2 p. m. in the Holiday Vic Mon motor hotel. Speakers will include the president of the Kansas Wheat Growers, the executive secretary of the National Wheat Growers, and several others. The proposed 1964 acreage wheat program also will be discussed.

Don't forget Monday's Christmas Open House in Hereford. It should be quite an affair.

Ramona Noel, our intrepid society editor, had a wreck on the Frio Road Thursday morning. No one was injured and damage was relatively minor. But she surely has been kidded, since the Brand is very disturbed about the recent rash of accidents. Also the Noels had just ordered a new car... which is supposed to be delivered this next Thursday. Despite all her efforts, we managed to get a picture, which now holds the place of honor on the newsroom bulletin board.

"Snow's wonderful; it's great to be alive." Enthused some winter enthusiasts Saturday. I'll wager a hot cup of coffee, they'd not feel that way if they had to shovel off an almost endless drive!

The accident was blamed on the slick road conditions. Both vehicles were said to be traveling at "reasonably safe" speeds, according to an eyewitness to the accident.

Both the Uran vehicle and the car in which the woman and two children were riding were totally destroyed.

Mr. Rose has been a rancher for many years. He worked on the Brady Ranch for about 12 years and was known as an outstanding judge of Hereford cattle. He bought and sold many cattle, selling as many for other people as for himself. In the past few years, he has been raising registered Hereford cattle.

In discussing plans for the addition of the unit to present facilities, he commented that a construction contract probably will be let in late February or early March. Actual construction will begin about 15 days after the contract is let, the Rev. Davidson stated.

Dedication of the present wing of King's Manor has been set for Sunday, Dec. 9, at 3 p. m. An open house at the home will be held from 2:30 p. m. to 5 p. m.

Littlefield...

(Continued from page 1) With third and seven, Kelly was held for no gain. On the next play, a backfield fumble killed Hereford's chances to score. End Mike Ferguson recovered for Hereford, but the ball went over at the Cat 16.

Littlefield then began a long march. Tony Estrada, the powerful Cat fullback, got four. Schovajsa got 17 and 10. Tony picked up ten in two tries before his brother, Pete Estrada, got four as the first period ended.

Schovajsa kicked the point after with 9:14 left in the second period. Littlefield 7, Hereford 0. Two running plays and an incomplete pass netted five as Hereford's Bill Steele punted 60 yards to the Cat 12. Littlefield drew a five yard penalty and had to punt.

The Herd started from its own 41. Haney got one and Powell picked up 20 on a reverse. Haney got five and Littlefield drew five more yards. Powell lost two, Haney got them back and Hodges carried for five, fumbling as he was hit with Schovajsa again recovering.

With time running out, Littlefield began marching from its own 13. Schovajsa got four and Togy broke loose for 24 with cornerback Jim Higgins grabbing one foot from behind. Schovajsa got eight yards around left end and Hereford drew 15 more, its first penalty of the game.

Halfback Roger Morris got nine and Littlefield drew 15 yards. Schovajsa's halfback pass was incomplete, but McKinney's next pass was batted away by Charles Kelly in the end zone. With less than one minute to play in the half, Pete Estrada took the left - out, went wide to his left, cut forward to about the ten yard line and then passed to Thompson in the end zone for the TD with 33 seconds left in the period. Schovajsa kicked the point after and Littlefield had 14 points.

William C. Young of Andrews, president of the Board of Trustees, will preside over both the business session and the consecration ceremony.

The trustees of the home are now presenting the east wing to the public, commented the executive director.

Plans are presently being made for construction of a \$200,000 nursing care unit to be built adjacent to the home. In a recent announcement from the Department of Health, Education and Welfare, federal funds totaling \$97,500 have been approved for the project. The unit will contain 28 beds.

At present, 22 living units in the part of the home completed are now in use. Three remaining units have yet to be occupied.

Also participating in the Farm-City Week program were Dick Plank, Kevin and Stephen McAndrews, Jon David and Dion Miller, Lester English, Gary Richardson, and Robert Galley. Each of the members explained various phases of agribusiness which the club has studied. (Staff Photo)

McKinney's next pass was batted away by Charles Kelly in the end zone. With less than one minute to play in the half, Pete Estrada took the left - out, went wide to his left, cut forward to about the ten yard line and then passed to Thompson in the end zone for the TD with 33 seconds left in the period. Schovajsa kicked the point after and Littlefield had 14 points.

Hereford tried desperately to move from its own 29. Cain's first pass was incomplete, before Haney picked up six on the ground. Cain then passed short to end Mike Ferguson, who lateraled to Arnold Powell for a 23 - yard gain. Cain passed incomplete and then was hit hard for a four - yard loss as the half ended.

Haney's kick - off to the Cat eight was returned to the 32 by Roger Morris. Then, on the first play from scrimmage, Schovajsa hit up the middle on a counter play and dashed 68 yards for the TD. However, he missed the extra point kick as Littlefield led 20 - 0 with 11:27 left in the third quarter.

From their own 34, the Whitefaces tried to move. Haney got eight, Powell one, Haney five, and Kelly four on two tries. Then Kelly lost three, but the Cats were penalized 15 for a first down on the Cat 36.

Then Littlefield got real tough. Powell lost four, Cain lost 15 and then threw incomplete. A bad snap sailed over Steele's head. He chased it down, eluded two hard - charging linemen and got the kick away from his own 20. The kick was a good one, but netted Hereford just two yards.

After Schovajsa lost one, Morris went around right end for 48 yards and another Cat score. Again, Schovajsa's kick was low, but Littlefield had 26 with 5:25 left in the period. Tony Estrada's kick hit a Hereford lineman, bounced back toward the Wildcats and was picked up by Larry Wood at the Hereford 40. On the next play, Pete Estrada went the distance, only to have the play erased by an off-side infraction.

Littlefield then drew a 15-yarder. Tony got 14 on two tries. Two plays later, Littlefield punted to the Hereford 32. Powell got six and Haney 12 before Hereford drew 15 yards. Then came a string of three fumbles. Cain covered the first two for a loss of ten yards, then Chambers recovered six yards behind the line for the Cats at the Herd 19.

Pete went 14 yards, Tony went four more and McKinney kept the last yard. Pete then ran on a fake kick for two points. Littlefield had 34 with 19 seconds left in the third period.

As the fourth period opened, Cain passed nine yards to Powell, then saw one incomplete. Haney got five, Powell 8 and Haney 11. Each team then drew five yards. Powell got four, Haney one, Kelly lost four and Powell got five as the ball went over.

Littlefield was held for four yards on three plays and punted. From the Herd 19, Haney got 8 and Powell five. Then came

a weird call as Cain threw a pass while being dragged to the ground. A flag flew for intentional grounding of a pass and the penalty was marked off from the point where Cain threw. That made it an 18 - yard penalty. On the next play, Hereford was penalized half the distance to the goal - eight yards. Cain passed incomplete and Steele's punt went off the side for just 12 yards to the Hereford 19.

Schovajsa went the entire distance on the next play and Pete ran for two more points on another fake kick to put Littlefield ahead 42 - 0 with 4:37 left in the game.

Hereford lost a total of 15 yards on three plays and punted to its own 35.

Morris got three, Pete four and Morris 18. One pass fell incomplete, but McKinney hit Pete in the flat on the next one that carried into the end zone. Schovajsa kicked the point and that was the scoring with 34 seconds left in the game.

Cain passed incomplete, then Haney hit for 8 yards. Cain's pass to Austin Hodges was incomplete, but interference was called for a 15 - yard gain.

Flags flew on the last play of the game as a Littlefield player was called for unnecessary roughness. But, surprisingly, the play was not run again, although rules specify that a game shall not end on a penalty.

Hereford was playing without senior end David Dowell, but had the services of all its other players. Even so, they just couldn't contain the swift Wildcats.

John Kovacs, Bill Steele, Neil Lueb, Jim Haney and the rest of the Whiteface defenders did a good job of stopping the power plays up the middle, but couldn't halt the slants and wide plays the Wildcats used.

In other district action, Dumas gained a play - off spot with a 40 - 2 win over Phillips and Levelland won its first conference game with an 8 - 3 win over Perryton.

On Thanksgiving Day, Hereford will be at Levelland, Dumas will host Perryton and Littlefield will host Phillips to close out the District 1 - AAA season.

Pioneer Rancher Doyle Rose, 67, Succumbs Friday

James Doyle Rose, 67, 610-B N. Miles, died Friday Nov. 16, in the Deaf Smith County Hospital at 10:20 p. m.

A pioneer of this county for 44 years, having come here in 1918, he was born Oct. 22, 1895, in Leon County, Texas. He married Lola Brady on Jan. 1, 1921, in Hereford.

Mr. Rose has been a rancher for many years. He worked on the Brady Ranch for about 12 years and was known as an outstanding judge of Hereford cattle. He bought and sold many other cattle, selling as many for other people as for himself. In the past few years, he has been raising registered Hereford cattle.

Survivors include his wife, Lola, of the home; one daughter, Mrs. R. L. Dowell Jr. of Amarillo; two grandchildren, Lindsey Rose and Delyse Dowell; his mother, Mrs. S. J. Rose of Abilene; five sisters and five brothers.

Funeral services for Mr. Rose will be held at 2 p. m. Sunday in the First Methodist Church with the Rev. Hershel Thurston, pastor, officiating. Interment will be in West Park Cemetery under the direction of Gilliland Funeral Home.

# Conservation District Makes Forecast On Soil And Water

By Gardner Collins  
Brand Staff Reporter

A Deaf Smith County Conservation Needs Summary, published recently by Tierra Blanca Conservation District, predicts a slight decrease by 1975 in the amount of irrigated land under cultivation in the county.

"This will be brought about by the depletion of the water on the fringe of the underground reservoir, the rapid growth of the City of Hereford, building of new highways and roads, and the location of industrial sites in the county," stated the summary.

It also warns that conservation of underground water "will be more crucial by 1975 because of the expected increase in water use."

Listed as the areas in which water usage will increase are in an intensified agricultural, industry and the expansion of Hereford and industries within the area.

Also pointed out in the summary are demands for recreation facilities including parks, lakes and wildlife areas due to the expanding population of the area.

In a summary of present and expected land uses, the county is expected to gain cropland acres by 1975.

"The shift will occur from bringing some rangeland under cultivation and irrigation," the report states, "while some land will be converted from irrigation to dryland."

"The city's expansion, water areas, highways and industrial sites will take some land out of agricultural uses. These shifts will result in a slight decrease in irrigated acres."

At present, 58 per cent of the land in Deaf Smith County is being used for cropland. Figures released in the report show irrigated cropland in 1958 totaling 282,622 acres with dryland acreage placed at 275,149.

It was pointed out that additional acres have been brought under cultivation since 1958, but a decrease is expected.

According to the report, predictions place estimated acreage of irrigated land at nearly 10,000 acres less than the 1958 figure. However, dryland acreage in use as cropland is expected to increase to 313,531 acres.

Open Rangeland is also expected to show a net loss as the city, industry, cropland uses, and transportation facilities increase in the county.

The report pointed out that 40 per cent of the land, or 387,394 acres, is presently in use as rangeland. This area is expected to drop approximately 30,000 acres by 1975.

In pointing out the selected conservation treatment needs of cropland and rangeland, the summary stated that conservation on surface irrigation systems will be needed on approximately 259,000 in 1975.

It also pointed out that stubble mulching will be needed on approximately 265,000 acres of the county's cropland.

"Grassed waterways will need to be established on approximately 300 farms to safely dispose of excess run-off water without causing erosion," stated the summary.

Diversions and standard terraces will be needed on approximately 100,000 acres of dry cropland, according to estimates made in the summary.

In pointing out the conservation needs of rangeland, the summary continued, reporting that proper range use will be needed 282,000 acres while planting and seeding will be needed on approximately 40,000 acres of irrigated rangeland.

The need for 100 farm ponds or other stock watering facilities is also pointed out.

Also pointed out in a summary of selected conservation treatment needs is the need for irrigation water management.

These practices will be for more efficient use of irrigation water and maximum use of rainfall without loss of soil or water, states the summary.

In a section of the report on land suited for cultivation, it is pointed out that a great major-

ity of Deaf Smith County land falls into Class II and III

Class II land is defined as soils which have some limitations that reduce the choice of plants or require moderate conservation practices. This group takes in 264,549 acres in the county.

Class III of the land classes consists of soils which have severe limitations which reduce

## Shower At Frio Honors Miss Patsy Livesay

FRIO — Miss Patsy Livesay of Hereford was honoree at a miscellaneous bridal shower at the Frio Baptist Church on Thursday.

She will wed Tommy Sparkman of Frio on Nov. 25.

Hostesses for the occasion were Mesdames Earnest Harder, Henry Dobbs, Larry Dobbs, Harlan Barber, Weldon Stephan, H. V. Crawford and D. C. Miller.

The bride's chosen colors — mint green and white — were used on the refreshment table, which was covered with a lace cloth over green. Crystal and silver appointments were used at the table.

Mrs. Earnest Harder was in charge of a group game, Mrs. Harlan Barber read a poem, "Tell Him So", and Mrs. Larry Dobbs presented gifts to the honoree. Miss Alma Andrews presided at the guest book.

Special guests at the affair were Mrs. Ann Livesay, the bride's mother; Mrs. T. L. Sparkman Jr., the groom's mother; and Mrs. T. L. Sparkman Sr., the groom's grandmother.

Also attending were Mesdames Clark Andrews, Joe Ed Andrews, Jim Brooks, David Yandell, G. W. Parker, Frank Robbins, Buck Stringer, Charles Sell, E. F. Vogler, George Stringer, H. M. Mobley, Floyd Cole, Bill Williams, Carlton Dobbs, Charles King, Owen Andrews and Mrs. King's granddaughter, Darlene, of Amarillo.

choice of plants or require special conservation practices. In the county there are 596,135 acres in this class.

Land suited only for limited cultivation or unsuitable for crops is estimated at less than 90,000 acres in the county.

The report also lists the major crops of the county and gives the approximate acreage for each. Total acreage for wheat is estimated at 192,000 acres;

grain sorghum, 176,000; cotton, 11,000 acres; sugar beets, 1200; potatoes, 4000; onions, 2500 acres; carrots, 2000 acres; lettuce, 2400 acres; cabbage, 200 acres. Beef cattle in the county is estimated at 63,000 head.

In conclusion the summary states: "One fact is prevalent in this inventory — that Deaf Smith County is blessed with a large acreage of very fertile, productive Class II and III land."

"However," it continues, "landowners must continually practice soil and water conserving measures for protection and improvement."

"We depend on our natural

resources to sustain us, but in turn, their continued availability must depend on our using them prudently, improving them wisely, and restoring them promptly."

The summary of conservation needs was compiled by the Deaf Smith County Conservation Needs Committee composed of Texas Extension Service, Texas Department of Vocational Agriculture, Farmers Home Administration, Agricultural Stabilization and Conservation Committee, Tierra Soil Conservation District, and Soil Conservation Service.

The inventory of soil and water conservation needs is made to determine facts concerning the land resources and need for conservation treatment.

### ATTEND EQUIPMENT SHOW

G. A. Bogle, partner in the B&B Oliver Co. of Hereford, and his wife Louise attended a dealer preview of new Oliver farm equipment products Thursday and Friday, Nov. 15 and 16, at Market Hall in Dallas.

### ON SCOUT BOARD

Two Hereford men, John Douglas Pitman and C. Palmer Norton, have been named to the executive board of the Llano Estacado Boy Scout Council. They were named during an annual meeting of Institutional Representatives of Council Boy Scout units in Amarillo Thursday night.

A LATE MODEL AUTOMOBILE crashed into the front of Ben Franklin Store, 303 N. Main, about 2 p.m. Monday, as the driver pulled to the curb to keep from running through the pedestrian crosswalk. According to a Hereford Police Department report, brakes on the vehicle failed as it approached the Third and Main St. intersection. The driver, Joyce McDole Talley, 29, 706 Knight, swerved into the curb. Damage to the store front was placed at \$350 with \$65 damage done to a parking meter. Damage to the vehicle was estimated at \$25. (Staff Photo)

### FRIO NEWS

## Home Makers Club Names Officers For Coming Year

By Mrs. Owen Andrews  
Frio Home Makers Club met Tuesday at the Community Center in Hereford for an all-day meeting. Favorite food dishes were brought and recipes exchanged at the luncheon. In the afternoon an auction was held, conducted by Mrs. David Yandell. Proceeds from the sale were presented to the Labor Camp Hospital by the club.

Election of officers followed in the business meeting. New officers elected are Mrs. T. L. Sparkman Jr., president; Mrs. Frank Robbins, vice president and program chairman; Mrs. Henry Dobbs, secretary-treasurer; Mrs. E. F. Vogler, fair chairman and consumer reporter; Mrs. Annie Springer, buying chairman; and Mrs. Owen Andrews, reporter.

Those attending Tuesday's meeting were Mrs. Harlan Barber, Mrs. Henry Dobbs, Mrs. Glenn Andrews, Mrs. Charles Self, Mrs. David Hutchins, Mrs. Clark Andrews, Mrs. David Yandell, Mrs. Bill Williams, Mrs. Edgar Vinson, Mrs. Carlton Dobbins, Mrs. Olin Parris, Mrs. Lloyd Shultz, Miss Alma Andrews, Mrs. T. L. Sparkman Jr., Mrs. Earnest Harder, Mrs. Richard Price, Mrs. Buck Stringer, Mrs. E. F. Vogler, Mrs. Buster Thomason and Mrs. Annie Springer.

The next meeting will be the Christmas Party at the home of Mrs. Carlton Dobbins on Dec. 11. Members will reveal secret pals and draw names for new ones by exchanging sets of pillow cases.

Mr. and Mrs. T. L. Sparkman spent Saturday until Wednesday visiting her sister, Mr. and Mrs. R. A. Gilliam, at Mertzon, near San Angelo. They also visited the Barnet Saxons at Littlefield on Wednesday.

The Rev. Ron Cunningham of Plainview preached at Frio Baptist Church for both services Sunday, in the absence of the pastor. The Rev. and Mrs. Baldwin were in Dallas and Fort Worth visiting their children and attended church at First Baptist Church Dallas, Sunday morning. They also attended the suburban church which the Ben Deans attend.

Laura Rogers, daughter of the Jack Rogers, was ill several days last week.

Darlene Sparkman, Linda Kay Stewart and Alice Ann Caraway were guests of Rosemary Stewart at a slumber party on Friday night. The party celebrated Rosemary's 13th birthday. She is the daughter of Mr. and Mrs. Reece Stewart of Dawn.

Mr. and Mrs. H. F. Benson returned recently from a ten-day trip to California. They drove the car for his sister-in-law, Mrs. Ada Benson, who was moving from Fort Worth to Norco, Calif. Mr. and Mrs. Maddox of Breckenridge took the Benson car and they all returned together.

They visited the two sons of Mrs. Ada Benson, Laverne at Lakewood and Bill (Buddy) at Norco and their families and Mrs. H. F. Benson's sister and family, Mr. and Mrs. C. L. Go-

forth, at San Jacinto. Mrs. Maddox also is their sister.

Mr. and Mrs. Newt Lawson have moved their trailer house to Granfield, Okla. It has been parked near the Elza Warrick home. Mrs. Lawson has sisters living at Granfield.

Mr. and Mrs. Olin Parris presently are living in Hereford, at 304 Ave. J, and the Lloyd

Shultzes have moved to 506 West Fourth in Hereford. Both families live at their farm home part of the time.

Mr. and Mrs. T. L. Sparkman Jr. ate supper on Friday night with the Ray Stewart family, near Dawn.

## Wertenberger Nominated For College Honor

Erin Wertenberger from Hereford is among 34 juniors and seniors named to represent West Texas State College in the 1962 - 63 edition of "Who's Who Among Students in American Universities and Colleges."

Those selected were chosen from among hundreds of nominations made to the Student Honors Committee by all campus organizations and departments of instruction.

Wertenberger, son of Mr. and Mrs. O. Wertenberger, is a senior speech major. He is president of Alpha Psi Omega, national dramatics fraternity, and vice - president of Buffalo Masquers, campus dramatic club.

He is a member of A Cappella Choir and Phi Mu Alpha, national music fraternity. Wertenberger, technical director and designer for the Branding Iron Theater, has won the BIT awards for Best Director of Three Act Play and Best Technical Director.

## Larry Minks Is New President Of Jr. Breeders

Larry Minks of Walcott was named to replace Jim Higgins of Hereford as president of the Panhandle Junior Hereford Breeders in a meeting held Wednesday in Canyon.

More than 100 young Hereford breeders from the Golden Spread were on hand at West Texas State College for the group's annual election. Junior Hereford Breeders was organized last year to promote the Hereford cattle industry among area youth.

Jim Higgins of Hereford served as first president for the group, and gave up his duties Wednesday to Minks. Both are students at Hereford High School and active in 4 - H and Future Farmers of America, as well as the Junior Hereford Breeders Association. Higgins was named to serve as a director of the Association.

Becky Higgins moved from the office of secretary to treasurer as a result of the election.

Serving as adult advisor of the group during the year was Karroll Higgins of Hereford. County agent Lefty Thomas was elected to serve as a county agent advisor for the group during the coming year.

Other officers elected include Scott Whorton of Stratford, vice president; Mary Ann Edlin of Channing, secretary; and James Roy Austin of Childress, reporter.

New directors for 1962 - 63 are Higgins, Louis James of Kerrick, and Tex Phipps of Friona. County agent advisors are Thomas and E. L. Dysert of Channing. Vocational agriculture advisors are Gene Barnett of Plainview and Charley Lamb of Stratford. T. L. Pronger Jr. of Stratford was named to replace Karroll Higgins as adult advisor.

During the first year of existence for the association, the Junior Hereford Breeders sponsored a field day which attracted over 1000 guests, contests, and other events designed to stimulate interest among area youth in the beef industry.

## Winter...

(Continued from page 1) fields dry out.

Only a small percentage of Deaf Smith County milo remains in the field. The crop was cut early this year as nearly ideal conditions continued throughout the early fall. Most of the county's sugar beet crop has also been harvested. Some late carrots also are ready to be pulled.

The moisture, however, was needed on wheat and pastureland in the county, since no rain has fallen here since mid-October.

## Your family's silent partner

Lying there on the doorstep, it can't speak. Or Move. Or Hear. But open it in your hands and it becomes a living, powerful partner in daily living. In the decisions you make, the opinions you form. It takes you to the highest chambers of government. It takes you to the bloodiest streets of warring countries. It takes you to the heart of history in the making. In short, it tells you what in the world is happening and why. But people depend on it for needs beyond the need to know. It's where families turn when something's to be bought or sold. It's where hints on health, cooking, religion, amusements, dressmaking, etiquette, marriage are found. It's where charities first turn for help, and a place where a letter to the editor is published. It's where campaigns are fought and lost dogs are found. It's where criminals are exposed and newlyweds applauded. Where birth and death meet on the same page.

It's your newspaper, silent partner of the family, yet one that says so much, does so much for so many people — every day without fail.

### AT KIWANIS CLUB Boys Four-H Club Presents Program

Dawn Boys 4 - H Club presented the program at Kiwanis Club regular meeting Thursday at noon to open Farm - City Week in the Deaf Smith County area. Participating in the program from the 4 - H Club were Dion and John David Miller, Dick Plank, Gary Richardson, Jack Thomas, Kevin and Stephen McAndrews, Robert Galley, and Lester English. The program was on the Agri-Business Program with each of the club members explaining various phases of the study program for 4 - H clubs. During the program, the club members explained field trips which the club has taken to a Hereford bank, grain elevator, the Chamber of Commerce, Farm and Home Administration office, the Agricultural Stabilization and Conservation office and a milk processing plant in Amarillo. It was pointed out by the club members that the study has in-

## Dogies Topple Littlefield In Final Game Of Season

It was the end of the season for the Stanton Freshmen last week, but the ninth graders acted like they were just getting started in the game of football as the Dogies rushed to a 42-24 win over Littlefield Thursday.

Dogies also were eager as they romped over Springlake here Saturday morning by 43-12.

Dogies snapped out of their three - three mark to run up their season record to five and three. The 32 freshmen were tutored through the season by head coach Hugh Sullivan, assisted by J. B. Balch and Jerry Cannon.

With only a minute gone in the first quarter, against Littlefield, the Dogies scored on a 90 - yard pass play. The Dogies employed two more break-away plays to get ahead 21 - 0 by the end of the first period. The reading stood 35 - 0 by the half.

Littlefield came back with more determination in the second half to tally 24 points while holding the Dogies to seven. But Stanton fielded a host of reserves during the second half.

The Dogies took the opening kick off and returned to the 25 before a clipping penalty pushed the Dogies back to their ten. But a pass from quarterback Steve Hodges to halfback Wynn Buck got Stanton out of trouble and into the scoring columns with a full 8:22 remaining in the first quarter.

### FLASHY RADIATOR CAPS ARE A GLORY OF THE PAST

NEWARK, N. J. — The flashy radiator caps that adorned autos in the good old days are gone and apparently forgotten, mourns Sam Alpert, president of the New Jersey Region of the Antique Automobile Club of America.

Alpert said that the 1920s and early 30s were the heyday of radiator cap sculpture. Then the automobile designers decided to put the radiator cap under the hood. That was the beginning of the end. The flamboyant caps — the classic Greek archer who adorned the Pierce Arrow, the roaring lion atop the Franklin, the winged woman who enhanced

### MUSIC BEFORE AUTOMOBILES

TOPEKA, Kan. — Ever since he was a boy Ed Love had wanted a pipe organ.

Now he has one, built into his garage. Five sets of pipes are operated by a two - horsepower blower.

There are 345 pipes and the variety of sounds is wide. There's a fire siren, a bird whistle, a surf sound, bass drum, snare drum, tambourine, castanets and cymbals. It even has a wooden block which can produce the "cloppy - clop" of horses trotting.

The family's two cars? "They're out front," Love admits.

then booted his first of six successful conversions as he kept a perfect aim during the game.

Littlefield had to punt on a fourth and four situation from their 46. The Dogies took over on the 24.

Gutierrez dodged 40 yards on first down, but the play was nullified by a clipping call. But Walter Williams got back the 15 and five more on a push

through center. And then Halfback Mike Moore broke through the line and raced 77 yards for another Dogie t. d. Gutierrez kicked the conversion to make it 14 - 0 with only four and one half minutes gone in the game.

Littlefield was downed on the kick return on the 15, but an off sides against Hereford and an end sweep gave the Cats their first down; on the 27.

On the next play Dogie Jim-

mie Gutierrez claimed a fumble for the Dogies to set up the third Stanton marker. On second down Gutierrez covered the 24 yards for paydirt and then added the extra point.

Littlefield finally got their offense clicking as the Cats picked up two first downs and moved to the Hereford 17 with the aid of a penalty.

For the first time in the game, Stanton was forced into a fourth - down situation. Gutierrez was back to punt from his 32, but the snap went to Mike Moore, who sneaked all the way to the 40 for a first down.

Walter Williams ran 30 yards to the Cats' 30. Moore added eight more, and Buck tackled on eight to put the pig-

skin on the 14 with a first down. Buck slammed eight yards, and then Moore covered five to give Stanton a first and goal on the two. Hodges dove for the score, and then Gutierrez came through with the extra point once more.

Littlefield had to punt from their 40 after Williams threw the Cats for a six - yard loss. Stanton took over on the 48 and Wynn Buck promptly ran 52 yards to make it 34 - 0 with 3:19 to go in the half. Again, Gutierrez tackled on another point.

The Cats managed a single first down and moved the ball to the Dogie 35 before the half ended.

Only seconds into the final half, tackle Randy Tooley recovered a Littlefield fumble to give Hereford possession on the 45. But this time Stanton fumbled and the Cats recovered on the 46.

A well - executed end sweep brought the Cats to the Dogie six for a first, and then Littlefield scored its first marker of the game. The visitors elected to put across the two - point conversion.

Gutierrez returned the kick 15 yards for the Dogies, and then got a first down second later with a 12 - yard scamper. Hodges picked up eight yards in two carries, but one play later Littlefield gained possession on downs as the Dogies came up six inches short on fourth down.

Taking over on the 46, the Cats scored with three first downs, and then got the two extra to make it 35 - 16 as the third quarter ended.

Steve Hodges returned the kick 20 yards to the 45, and then Mike Moore got lose for 55 yards and his second touchdown.

Littlefield got three first downs and advanced to the Stanton 22 before their drive fizzled. The Dogies were then forced to punt for the first time during the game. The Cats took over on the 35 and scored in five plays with 40 seconds left in the game.

The Dogies took to the air as Hodges completed passes to Moore and Gene Drummond good for a total of 24 yards before the game ended.

## B Team Whips Littlefield In Final Game Of Season, 28-20

Hereford High School B Team capped its season here Thursday with a 28 - 20 win over the Littlefield Wildcats in Whiteface Stadium.

It was the final game of the season for the B Teamers, who have been plagued all season by a shortage of players. The victory over Littlefield gave the squad a record of three wins and four losses.

The Herd employed three long runs, a sustained drive, and a 60 - yard pass play to defeat Littlefield here Thursday.

First score of the game came as Dan Thomas dived over from the one to climax a 65 - yard drive by the Herd. Gary McKee crossed for the two extra points.

Early in the second quarter Littlefield managed its first

score to climax a short drive.

Hereford tallied two first downs before McKee scampered 48 yards for the second of the Herd's touchdowns. But Littlefield soon racked up another score and the first half was played for naught, as the board read 14 - 14 entering the second round.

Hereford kicked off into the wind to open the second half, and later held Littlefield on a fourth - down effort at midfield. Larry Minks scored on a 50 - yard run, but the Herd was unable to score the extra points.

On the first play in the fourth period, Littlefield scored from the 15 to take a temporary lead.

But Hereford tied things up again moments later as Gary McKee raced 34 yards for a tally.

Highlight of the game came late in the fourth quarter in a rather unusual pass play. Quarterback Gary Stagner dropped back from his 40 - yard line for pass.

Before he was through, Stagner dropped all the way

back to his ten yard line hunting for a receiver. With Wildcats and Whitefaces scattered from the Littlefield 30 to the Hereford 10, Stagner lobbed a pass to back Jerry McCaslin, who covered the 90 yards for the touchdown.

Dan Thomas scored the two extra points to place the final score at 28 - 20.

Playing for the Bees this season were: Gary Stagner, quarterback; Dan Thomas and Jerry McCaslin, halfbacks; Larry Minks, fullback; and Gary McKee, who ran both as fullback and halfback.

Manuel Pacheco worked at center, as did George Muse before moving up to the varsity squad. Guards were Charles Brownlow, Larry Duncan, Joe Self, and Abe Davis. Tackles were Steve Seigler, Stan Sigman, Dan Taylor, and David Stevens.

Ends included Joe Don Edelman, Dick Lookingbill, Danny Loerwald, and Lynn Cook, who also has seen varsity action during the past three weeks.

Coaching the B Team was Joe Brooks.

# International Affairs Is Pioneer Study Club Topic

Time for International Affairs was the subject of program presented to the members of the Pioneer Study Club of Hereford at their regular November meeting recently in the Japanese Dining Room of the Western Wheel Inn.

Mrs. H. E. Miller, program chairman, gave the first of three talks on International Affairs. She spoke on activities of federated clubs in foreign lands commenting on outstanding projects of representative clubs.

She said, "In Norway, specialized training scholarships for Norwegian students to study in the United States are provided for by club women. Scholarship programs are also provided by German clubwomen who are still active, although their country is wartorn. One club recently celebrated its 15 anniversary with a membership of more

than 700. This club has as its project the educational assistance for mentally retarded and physically handicapped. An outstanding project of clubs in Finland is a two-month summer camp for children in the country."

Mrs. E. S. Ireland explained the Care - Literacy program in Guatemala, a General Federation of Women's Clubs project.

Mrs. Ireland stated, "The lack of schools, equipment and supplies makes it difficult for Guatemala to reduce its illiteracy rate, which is the highest in Latin America. Steps taken by the government have not been successful because of the economic condition of the country, although provision has been made for in-service training in science, reading, home economics and citizenship."

General Federation of Women's Clubs is assisting the Care-Literacy program in Guatemala by furnishing desk and chair kits contributed by federated clubs throughout the United States.

Final phase given on the program was contributed by Mrs. Ted Panciera, who spoke on "The Race for Outer Space."

In introducing her subject Mrs. Panciera traced the development of the rocket from its invention in China in 1232 A. D. to its present use in space.

"Artificial earth satellites were something new to most people in October, 1957, when Sputnik I joined the natural moon in orbit. Man has actually known how to make satellites for more than 300 years," she stated, reminding the club women that, "both Sir Isaac Newton and Johannes Kepler explained them in the 17th century. Only because rocket power and accurate guidance were lacking did the dreams of these two scientists take 300 years to materialize."

Mrs. Panciera compared the race for outer space between America and Russia since Sputnik I. America has had more than 100 successful launchings,

with specific emphasis on scientific research; while Russia has had less than 30 successful launchings with primary emphasis on perfecting space-craft to carry men; this year it put up a series of purely scientific satellites to try to match the U. S. in basic achievement.

In conclusion she said, "The cost of the program is estimated at from 20 to 40 billion dollars. This is an astronomical figure, but no more than we have been accustomed to spending in

defense of our philosophy. Whether we like it or not we are in a 'race for space' and we want America to be the winning side."

Mrs. O. G. Hill Sr. gave the devotional and opening prayer with Mrs. Ralph McCullough, president, presiding over the business meeting. The club voted to send one chair - and - table kit in cooperation with the GFWC project.

Veterans chairman, Mrs. M. L. Simpson, announced that gifts for the "shopping center" of the Veteran's Hospital should be brought to her home at 113 Star St. by Dec. 1. Gifts for all ages and either sex are appropriate because they will be selected by the veterans to give to their loved ones.

Golden Age Party will be held in the Flame Room at

2:30 p. m. on Nov. 27 with Mrs. John Patton and Mrs. Myrtle Wright in charge of arrangements.

Mrs. H. E. Miller gave the federation report and reminded members of the regular meeting of the County Federation on Nov. 30 with a covered dish luncheon at 1 p. m. at the Community Center. The County Federation Board meeting will be at 3 p. m. on Nov. 24 at the Community Center.

Literacy chairman, Mrs. O. G. Hill Sr., spoke briefly on the literacy program at the Hereford Goodwill Center and invited members to visit the language classes on Sunday afternoons at 2:30 p. m.

Decorations for the Thanksgiving season with clusters of Jerusalem cherries, fall leaves,

ornamental vegetables and bronze chrysanthemums forming a trailing arrangement. Paper turkey gobblers accented the luncheon table. Hostesses were Mesdames John Patton, Myrtle Wright, J. M. Gilliland and Miss Roberta Campbell.

Also attending were Mesdames Fred Barrett, Allen Bell, Burl France, N. E. Gass, O. G. Hill Sr., W. C. Hromas, E. S. Ireland, L. H. Lookingbill, Ralph McCullough, H. E. Miller, Ted Panciera, Wirt Phillips, Paul Rudd, Mary Seigler, Delmar Sigle, M. L. Simpson, Bess Werner and R. L. Wilson.

**Pink And Blue Shower Honors Mrs. Hammett**

A surprise pink and blue shower honoring Mrs. John Hammett was held recently in the home of Mrs. Charles Brown, 315 Avenue C.

Refreshment table was laid with a white damask cloth and centered with pink rosebuds in a crystal vase.

Honoree was presented a white baby crib and many other nice gifts.

Hostesses for the shower were: Kay Packard, Carolyn Hammett, Mrs. Jerrell Hodges and Mrs. Charles Brown.

Attending the shower were: Mesdames Inez Witherspoon, E. C. Hammett, Don Bomar and Brenda, Don Jackson and Eddie, Misses Ann Lance and Melissa Hammett and the hostesses.

MR. AND MRS. OTTO GILLILAND, former residents of Hereford and now of 620 Maddox Avenue in Dumas, announce the engagement and approaching marriage of their daughter, Nacia Valine, to Van Allen Trapp, son of Mr. and Mrs. W. W. Trapp of Floydada, on Dec. 23 at 2:30 p. m. in the First Methodist Church at Floydada. Both attend the Draughon's Business College in Amarillo. (Personal Photo)

**THE QUESTION IS... SHOULD YOU ADVISE... OR CONSENT?**

**Perfect Presents for Men of Good Taste**

We believe that a woman should be both seen and heard in the men's clothing department. Men have taste, but you are generally the better shopper. You ask about the "hidden qualities". And because you're tougher to sell, most men like to have you along. We like it, too, because we know our 'Botany' 500 clothes have the "hidden qualities" you look for. (The published ratings of the leading consumer research organizations have always placed 'Botany' 500, tailoring first in its price range.) So when he shops again, by all means feel welcome to come along and advise. After all, a good-looking man is your most important fashion accessory! 'Botany' 500 suits from \$69.50

# H&H FURNITURE BIG RED BARN

# International Affairs Is Pioneer Study Club Topic

Time for International Affairs was the subject of program presented to the members of the Pioneer Study Club of Hereford at their regular November meeting recently in the Japanese Dining Room of the Western Wheel Inn.

Mrs. H. E. Miller, program chairman, gave the first of three talks on International Affairs. She spoke on activities of federated clubs in foreign lands commenting on outstanding projects of representative clubs.

She said, "In Norway, specialized training scholarships for Norwegian students to study in the United States are provided for by club women. Scholarship programs are also provided by German clubwomen who are still active, although their country is wartorn. One club recently celebrated its 15 anniversary with a membership of more

than 700. This club has as its project the educational assistance for mentally retarded and physically handicapped. An outstanding project of clubs in Finland is a two-month summer camp for children in the country."

Mrs. E. S. Ireland explained the Care - Literacy program in Guatemala, a General Federation of Women's Clubs project.

Mrs. Ireland stated, "The lack of schools, equipment and supplies makes it difficult for Guatemala to reduce its illiteracy rate, which is the highest in Latin America. Steps taken by the government have not been successful because of the economic condition of the country, although provision has been made for in-service training in science, reading, home economics and citizenship."

General Federation of Women's Clubs is assisting the Care-Literacy program in Guatemala by furnishing desk and chair kits contributed by federated clubs throughout the United States.

Final phase given on the program was contributed by Mrs. Ted Panciera, who spoke on "The Race for Outer Space."

In introducing her subject Mrs. Panciera traced the development of the rocket from its invention in China in 1232 A. D. to its present use in space.

"Artificial earth satellites were something new to most people in October, 1957, when Sputnik I joined the natural moon in orbit. Man has actually known how to make satellites for more than 300 years," she stated, reminding the club women that, "both Sir Isaac Newton and Johannes Kepler explained them in the 17th century. Only because rocket power and accurate guidance were lacking did the dreams of these two scientists take 300 years to materialize."

Mrs. Panciera compared the race for outer space between America and Russia since Sputnik I. America has had more than 100 successful launchings,

with specific emphasis on scientific research; while Russia has had less than 30 successful launchings with primary emphasis on perfecting space - craft to carry men; this year it put up a series of purely scientific satellites to try to match the U. S. in basic achievement.

In conclusion she said, "The cost of the program is estimated at from 20 to 40 billion dollars. This is an astronomical figure, but no more than we have been accustomed to spending in

defense of our philosophy. Whether we like it or not we are in a 'race for space' and we want America to be the winning side."

Mrs. O. G. Hill Sr. gave the devotional and opening prayer with Mrs. Ralph McCullough, president, presiding over the business meeting. The club voted to send one chair - and - table kit in cooperation with the GFWC project.

2:30 p. m. on Nov. 27 with Mrs. John Patton and Mrs. Myrtle Wright in charge of arrangements.

Mrs. H. E. Miller gave the federation report and reminded members of the regular meeting of the County Federation on Nov. 30 with a covered dish luncheon at 1 p. m. at the Community Center. The County Federation Board meeting will be at 3 p. m. on Nov. 24 at the Community Center.

ornamental vegetables and bronze chrysanthemums forming a trailing arrangement. Paper turkey gobblers accented the luncheon table. Hostesses were Mesdames John Patton, Myrtle Wright, J. M. Gilliland and Miss Roberta Campbell.

Also attending were Mesdames Fred Barrett, Allen Bell, Burl France, N. E. Gass, O. G. Hill Sr., W. C. Hromas, E. S. Ireland, L. H. Lookingbill, Ralph McCullough, H. E. Miller, Ted Panciera, Wirt Phillips, Paul Rudd, Mary Seigler, Delmar Sigle, M. L. Simpson, Bess Werner and R. L. Wilson.

MR. AND MRS. OTTO GILLILAND, former residents of Hereford and now of 620 Maddox Avenue in Dumas, announce the engagement and approaching marriage of their daughter, Necia Valine, to Van Allen Trapp, son of Mr. and Mrs. W. W. Trapp of Floydada, on Dec. 23 at 2:30 p. m. in the First Methodist Church at Floydada. Both attend the Draughon's Business College in Amarillo. (Personal Photo)

### Pink And Blue Shower Honors Mrs. Hammett

A surprise pink and blue shower honoring Mrs. John Hammett was held recently in the home of Mrs. Charles Brown, 315 Avenue C.

Refreshment table was laid with a white damask cloth and centered with pink rosebuds in a crystal vase.

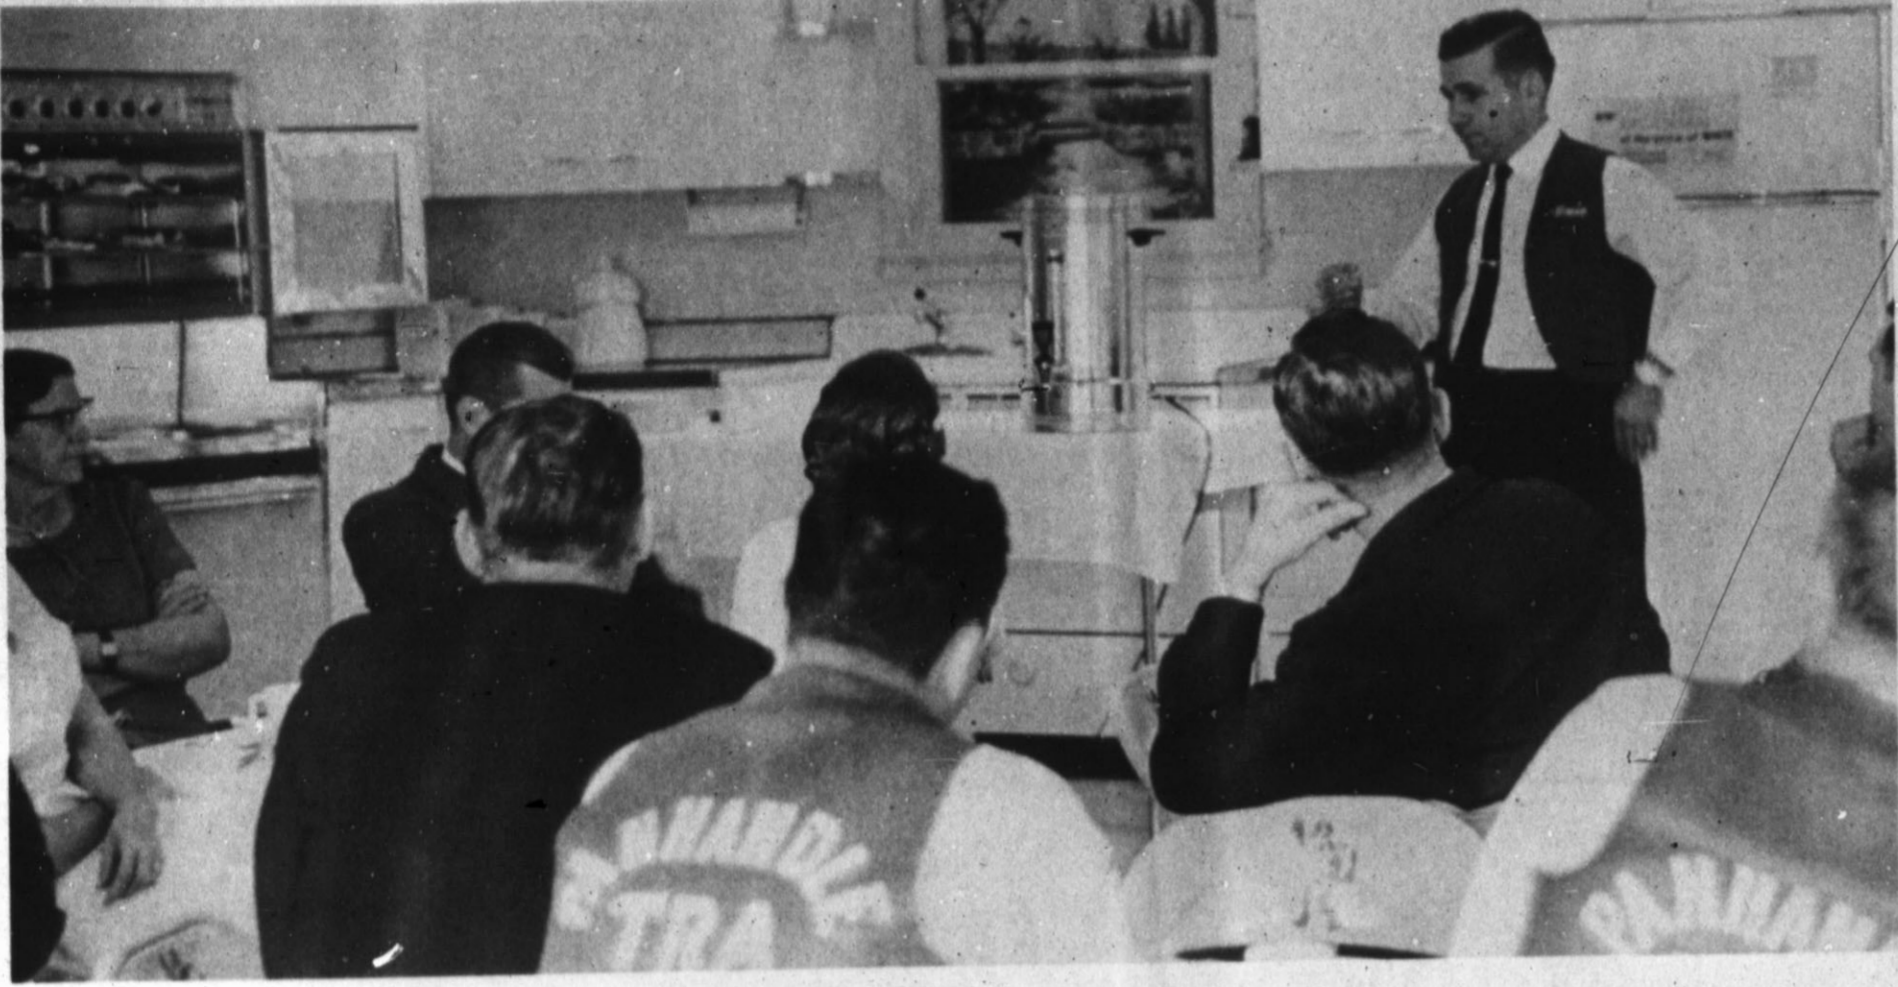

Honoree was presented a white baby crib and many other nice gifts.

Hostesses for the shower were: Kay Packard, Carolyn Hammett, Mrs. Jerrell Hodges and Mrs. Charles Brown.

Attending the shower were: Mesdames Inez Witherspoon, E. C. Hammett, Don Bomar and Brenda, Don Jackson and Eddie, Misses Ann Lance and Melissa Hammett and the hostesses.

### SERVES HIM RIGHT

BISBEE, Ariz. — A thief who took 120 shoes from a salesman's car in Bisbee wasted his time. The salesman told police all the shoes were for the right foot.

OFFICERS OF THE Panhandle Chapter of the Texas Restaurant Association met with local cafe and restaurant operators to explain the TRA program and what it is trying to do to upgrade the industry. Eight members of the group flew in last week for a short meeting in the Southwestern Public Service Company offices. Speaking, at right, is Maria Stanslao, food service specialist for SWPS. ### County Agent Has Details On Peace Corps In Guatemala

Would you like to serve as a Peace Corps Volunteer in Guatemala? Are you between the ages of 18 and 25? Do you have a farm background, 4-H or FFA experience? Have you had experience or training in farm cooperatives? Did you take courses in agriculture or home economics in college? J. W. Thomas, agricultural extension agent for Deaf Smith County, says if your answer is "yes" to the first two questions and one or more of the others you should apply now if you are interested in the Peace Corps.

Volunteers in Guatemala will not be required to demonstrate high proficiency in any specific technical field. They will try to show the Guatemalans how to better their way of life. Encouragement, gentle hints, convincing demonstrations and friendship will be more important than theories or college degrees. The Volunteers will try to get the people to experiment for themselves, and on their own to utilize the human, financial and technical resources which the country possesses.

The great majority of farm families live in the Indian heartlands, where ancient traditions and ignorance have restricted these people from developing into a productive force for their country. Recently they have become interested in developing their lands and using more modern methods of farming.

Volunteers will find broad opportunities in teaching agricul-

tural and home making techniques through 4-H type clubs. Through demonstrations, they can introduce better seeds, fertilizers, pesticides and fungicides, better nutritional practices, sewing and homemaking, better livestock management, breeding and vaccination, and better use and maintenance of machinery.

There is also a great need for developing credit facilities and cooperatives, encouraging soil conservation practices, and improving sanitation.

Volunteers will live and work in villages located about four or five hours by travel from Guatemala City, a thriving metropolis of 350,000 population. Guatemala is also the country where the mysterious Mayan civilization flourished centuries ago. Extensive ruins have been unearthed in the Peten region, making it a haven for archeologists and anthropologists.

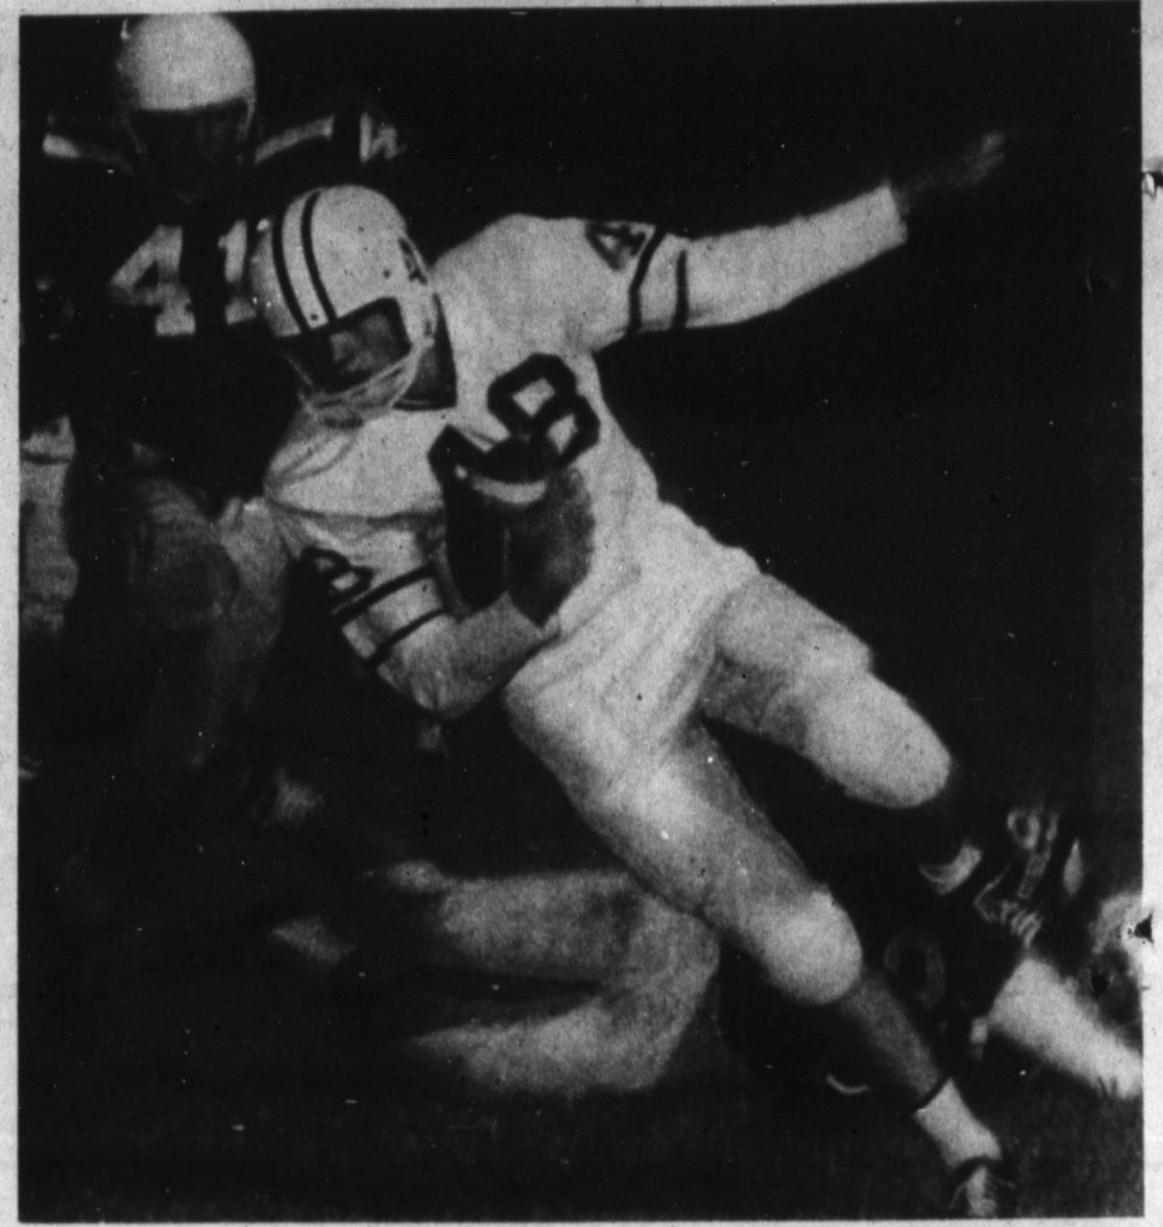

All persons in Deaf Smith County interested in applying for Peace Corps service in Guatemala should contact J. W. Thomas at his office as soon as possible.

## Cultural HD Club Hears Of Outdoor Christmas Decor

Cultural Home Demonstration Club met in the home of Mrs. J. D. Love, 417 Star Street, recently with roll call being answered with "Favorite Christmas Decorations."

Business meeting was conducted by Mrs. Grady Parsons and reports were received from the standing committees. Plans for the club Thanksgiving supper were made to be held on Nov. 20 at the Community Center at 7 p. m.

"Outdoor Christmas Decorations" was the program presented by Mrs. Clinton West. She displayed a number of available decorations and reminded members to use durable, moisture - proof decorations for outdoors. Electric lanterns and lights should be used in place of candle and oil lanterns due to the fire hazards of the latter.

Next club meeting was held on Nov. 16 at 2:30 p. m. in the home of Mrs. Clinton Jackson. The program was on "Clothing" and given by Mrs. Argen Draper. This was a change in meeting time because of the Thanksgiving season.

Members present were: Mesdames Grady Parsons, P. M. Houser, George Parker, J. G. Gandy, M. W. Sumner, Marvis Southward, Clinton Jackson, Earl DeHart, J. D. Love, C. E. Johnson, Jan and Janie; two guests, Mrs. Alfred May and Mrs. Burke Inman and Becky Renae.

**GOOD DEED PAID OFF**  
PHOENIX, Ariz. (AP) - Business at a fund raising car wash operated by Girl Scout Troop 700 was slow until four automobiles collided in the street nearby.

The scouts ran to the scene of the pileup and began administering first aid to an injured woman.

Passing motorists, noting the girls' fast action, began lining up to have their cars washed. The girls collected on 34 car washes for the day.

## United Nations Wesley WSCS Study Program

"United Nations" was the theme for the program given to the Wesley W.S.C.S. meeting Nov. 13 by Mrs. John Ferguson at the Ward Hall Wesley Church.

Four members helped Mrs. Ferguson carry out the United Nations program. Members found out about part of the organization that go to make up the United Nations. The program opened with the group singing "In Christ There Is No East or West". Scripture was Psalms 8 and a prayer by Mrs. Ferguson.

During the business meeting with Mrs. L. W. Tooley, president, presiding, a report was made on the District meeting held in Amarillo. Plans for a Christmas program were made with plans to do something special toward the club's mission work. Business meeting was closed with a prayer by Mrs. C. W. Riddle.

Members present were: Mesdames Boyd Collins, John Ferguson, L. H. Lane, George Terry, C. W. Riddle, L. W. Tooley and Johnny Welborn.

## Family Living Is Topic For Young Mother's Group

"How to Freshen Up Family Life" was the subject that Mrs. June Rudd presented for a program to the Young Mother's Club on Nov. 13 in the home of Mrs. Bob Viegel.

Mrs. Rudd gave some interesting pointers for each to hear and she stressed the importance of having a special time together with your families.

Those present for the meeting were: Mesdames Howard Hunter, Homer Rudd, Bob Viegel, Ed Rinn, Dallas Phillips, Jimmy Carnahan, Charles Springer, Don Newman, Gene Snead, Pat Ferguson and Bobby Shelton.

## WHY SO MANY CHRISTIAN CHURCHES?

There are over 50 different Christian denominations in our country. Christ hoped and prayed that His Church might be one. What happened about these divisions?

For an understanding of the history of the Christian Church and the development of Protestantism, come to hear a talk on LUTHER AND THE BEGINNINGS OF THE REFORMATION. Every one is welcome!

**MONA'S COFFEE BREAK**

**Wife Answers Loaded Questions Differently**

By Mona Jette  
One of the greatest enjoyments in my life is reading, especially at night. I can think of nothing more relaxing than to climb into bed, wriggle, myself comfortable against a warm nest of pillows and read myself to sleep.  
My husband and I subscribe to ten magazines and buy countless books. But last night I couldn't find a thing to read. Then my eye was caught by this month's issue of True, lying innocently on the coffee table. So, I settled into bed and thumbed through pages featuring articles on hunting, curing venison and other items calculated to stir masculine interest. I noticed a column entitled "It's A Man's World." My curiosity aroused, I began to read. By the time I had finished it, every hair on my head was standing straight on end. For the first time in my life, I wished I were a tippler. A good slug of bourbon would have been most refreshing.

the contest, where the semi-finalists answer loaded questions. He didn't think the young women were being asked the really IMPORTANT questions. For instance:

Does the girl know the right amount of oil to add to the gas of a two-cycle engine when she's mowing the lawn?

Well! I'm certainly not bucking for a Miss America title but any girl worth her salt knows that you can just about do anything with a little implement called a bobby pin. And if this device fails, she can always flutter her eyelashes at the handsome man next door. (Or do the yard work clad in a bikini.) Either resort ought to get the man of the house back to the great out-doors in a hurry.

Can she hang a picture without hinting for three months that a man should do it?

Ha! Have you ever watched a man hang a picture? Equipped with a tape measure, a ball peen hammer and a week's supply of nails, he goes at the job as if he were hanging a Picasso. Instead of Aunt Minnie's water color of Grampa's woodshed. He measures carefully from the ceiling to halfway down the wall; then from the baseboards up to the same point. After a short pause, in which he transfers his figures to a sheet of paper that looks like a math major's final exam, he then measures from each SIDE of the wall. Marking the exact spot, he places a nail with a theatrical flourish, pulls back on the hammer with all the power contained in his magnificent muscles and comes smack dab down on three fingers and a thumb. That's why there are so many female picture-hangers!

The author undeniably a man and understandably anonymous, discussed the recent "Miss America Pageant" and was distinguished with the last stage of

DEMONSTRATING THE SHOWING OF a calf is Jim Higgins right while Karroll Higgins tells of the points judges will be looking for. Higgins also pointed out some of the techniques of good showmanship to Deaf Smith County 4-H and Future Farmers of America members. The livestock showing course was on the fitting, feeding and showing of barrows conducted by Wyatt Harmon and Steve Coneyway. Grant Hanna and Dick Plank then explained lamb showing. The course ended with the beef cattle session. (Staff Photo)

ly from the ceiling to halfway down the wall; then from the baseboards up to the same point. After a short pause, in which he transfers his figures to a sheet of paper that looks like a math major's final exam, he then measures from each SIDE of the wall. Marking the exact spot, he places a nail with a theatrical flourish, pulls back on the hammer with all the power contained in his magnificent muscles and comes smack dab down on three fingers and a thumb. That's why there are so many female picture-hangers!

Does she worship the male as nature's fount of wisdom? Talk about loaded questions!! To be on the safe side, let's just say that she worships men... period. The rest is your problem, buddy. You seem to know all the answers.  
Can she bring a man his pipe and slippers as if she were devoutly grateful for the privilege?  
Perhaps with a little training she could be taught to fetch the evening paper, too. We used to have a cocker spaniel named Rosie who could perform all these chores with great distinction, except she even went one better; she could wag her tail!

Does she know that the house won't fall down if a squeaky door hinge isn't fixed until tomorrow instead of in the next five seconds?  
The best solution to this problem is to go shopping (Don't forget the checkbook), and leave hubby home to babysit with the four children. With kids banging in and out the squeaky door at a clip of one every three minutes, anything could happen! The house might not fall down, but the roof may get blown off!

The writer concluded his little questionnaire with the sage comment that any woman who could do all these things would make some man a good wife. And this is progress?  
When I married, the requirements for wifehood were less strict. Woman of my generation learned to cook, sew, look like a female (instead of Saturday's pole vaulter) in a sweater and be compatible with in-laws.  
When we repeated our wedding vows, we did so in the hope of forming a life of bonded slavery. I guess we better examine the fine print on our marriage licenses.

What's the matter, mister? Don't you like women? Did your wife (the first one, that is), pass your stiff entrance exams? You, sir, are guilty of trying to brainwash American manhood and downgrade woman-

**FTA Members Attend District Meet At W. T.**

Seven members of the L. L. Chisholm Chapter of the Future Teachers of America traveled to Canyon last week to learn information about their future careers.

All members of the Stanton Junior High School F.T.A. chapter, the girls attended the District F. T. A. Convention held in the Fine Arts Building at West Texas State College.

Several members of the Hereford High School chapter of F. T. A. were also on hand for the convention.

Following election of new district officers, delegates to the meeting attended various discussion groups concerning the fields of teaching and F. T. A. Club work.

At the workshop, students learned of activities of other F. T. A. organizations in the area, and studied ways of improving the local club chapters. Goals of F. T. A., which is sponsored by the State Educa-

tion Association and the National Education Association, were also outlined.

Attending the district meeting from Stanton Junior High School were Patty Roach, club secretary; Barbara Zinzer, club historian; Kay Dirks, club treasurer; Sharon Seiver, club president; Jana Cole and Denise King.

**Indoor Christmas Decoration Ideas Given At Westway**

Mrs. W. W. Thomas presented to the Westway Club a program on "Indoor Christmas Decorations" in the home of Mrs. Homer Rudd on Nov. 8, at 9:30 a. m.

Mrs. Thomas gave the group a number of new and old and long forgotten ideas that could be used in our homes during the Christmas holidays.

As a financial endeavor the club meeting was a "kidnap breakfast" which was enjoyed by everyone. Each member paid the treasurer, Mrs. Bill Combs, for the breakfast; proceeds will go into the financial fund.

Thanksgiving Bahquet for the club will be held on Saturday evening, Nov. 17.

Mrs. J. D. Owen was welcomed as a new member.

**10,000 FEWER OHIO FARMS**  
COLUMBUS, Ohio (AP) — The number of farms in Ohio is estimated to have dropped about 10,000 in the period from 1959 to 1961, say Ohio State University economists. They believe this took about 400,000 acres in farmland out of production.

**WRONG FIELD HOMER**  
PHOENIX, Ariz. (AP)—Officials of the Phoenix Pony League give free snow cones to youngsters who return baseballs knocked out of the park.  
Mike Harris told his young brother Pat to stand behind the left field fence and "I'll knock you a home run."  
Sure enough, in the early innings of the game Mike blasted a homer over the center field fence.  
Pat trotted in with the ball, collected his snow cone, and then snapped at Mike, "Next time hit the ball where you say you're going to. I had to run clear over to center field."  
**HE COULD NOT TELL A LIE: HIS FATHER SAW HIM**  
TULSA (AP) — George Washington's father had an axe to grind with him one Sunday recently.  
George, 35, went for a drive. So did his father, Fred Washington. When the elder Washington slowed to make a left turn at an intersection, his car was struck from behind by another vehicle.  
George was driving the other car.

## Climbing Death Toll In Community Demands Caution On Drivers' Part

Traffic accidents have suddenly become a topic of conversation in most gatherings, including law enforcement circles. The big question is how to curb property damage and eliminate traffic deaths in the area. The answer, just as in other places, is most elusive.

Monday morning law enforcement officers added up 11 persons treated from four accidents over the week-end in Hereford, and shortly afterwards an 18-month-old child was fatally injured while the officers were still meeting. Deaf Smith County reports six fatality accidents in two months, claiming eight lives.

As a result, police have once again tightened their policy on traffic tickets and expect to eliminate warnings. At the present time, they estimate that 10 tickets are issued for each accident which occurs. What the comparison will be in the future cannot be accurately estimated.

Meanwhile, accidents still occur — and we cannot help but wonder if the issuance of tickets will end the way. Some people believe that the area, which has long enjoyed a favorable record is "due for some accidents" as the law of averages swings back to exact its toll. At this particular time, weather conditions have not contributed to the condition, nor does mechanical failure seem to play a great part in piling up the accident record. Speed, absent-mindedness and intoxication, generally contribute to such a situation, seem no more apparent than usual in the present rash.

In addition, we have heard some observers who are prone to place some of the blame on "Yield" signs instead of "Stop" signs, but, once again, we doubt if a careful analysis of accident locations would support this theory.

Like all other citizens, we appreciate and encourage an alert law enforcement policy — but it is impossible for an officer to be in all places at any given time, and no one knows when or where the next ac-

cident will occur. Consequently, we cannot place the blame on law enforcement, especially while the officers seem to be doing everything possible to eliminate the rising tide of accidents.

Vehicle operators, it seems to us, are about the only people who can actually do much toward improving the condition. All of us take unnecessary risks from time to time, and during this particular period we should exercise extreme caution. Each time we take such risks, we lay our lives on the line in an effort to gain, at best, a few seconds in beating a traffic light, failing to stop for a crossing, or half-heartedly comply with some other regulation. Never does the reward justify the risk, and especially during the present critical period we would be wise to exercise extreme caution.

No one starts out with the intention of losing his or her life in an accident, this we do know. Let us also presume that other drivers know how to operate vehicles properly, and understand state, county and city regulations. If we accept the theory that the law of averages is exacting its toll in this territory, then it behooves each of us to be more alert, ultra-cautious and to show other drivers every consideration. Only through this means are we likely to hold down the number of accidents.

The reward is summed up in a state-wide slogan, which reads: "The life you save may be your own."

## A New Marker For Deaf Smith

Recent research on the part of a Dallas newspaperman has pointed up the fact that Deaf Smith, for whom this county was named, is buried near Richmond, capital of Fort Bend county. He also exposes the fact that the grave of the famous Texas scout is poorly marked with a "small, muddy looking square stone which reads:

"Deaf Smith  
The Texas Spy  
Died  
Nov. 30, 1837"

As news of this marker leaked back into Deaf Smith county, the reported condition of the marker has resulted in some comment, including a \$25 contribution from R. J. Richardson, who feels that residents of this county may wish to erect a more fitting and more elaborate marker in behalf of Deaf Smith. The idea, to say the least, has merit and would not tax anyone heavily. It might even provide an excellent project for some interested club or group.

Deaf Smith, without doubt, was a colorful character, and contributed much toward establishing the independence of Texas. At least one historian says Texas would never have won the battle of San Jacinto without the services of the scout.

A fitting marker from the county for which Deaf Smith was named would certainly be in order. What do you think?

leading crops are approximately:

Grain sorghum, around 150,000 acres	—\$8 million
Wheat, around 150,000 acres	—\$5 million
Vegetables, around 12-15,000 acres	—\$4 million
Cotton, around 11,000 acres	—\$1.5 million
Livestock & Products	—\$4 million
Sugar Beets & Other Crops	—\$3 million

Many businesses are built both in and out of the county on the servicing of this, one of the ten largest agricultural counties in Texas.

As you can see, we have most businesses in the county that are existing wholly or in part on agriculture. We must not think that the owners of these businesses are the only ones that benefit. Their employees also earn money from these businesses and these businesses are a source of buying power for many people in the county. These employees spend money with other businessmen for various consumer items.

As a result of our agricultural economy, all the people of Deaf Smith County should have a deep concern for and put forth every effort toward the better utilization and conservation of our agricultural resources.

These people who are complacent towards agriculture should go into areas where agriculture has died on the vine and see what has happened on Main Street.

We should make every effort to keep our agriculture competitive with other areas in order that we can have a strong agricultural economy both on the farm and on Main Street. Because when you really analyze the situation, agriculture means much to all of us in this county.

## What Is Mother Goose Doing At Gettysburg?

What does Mother Goose have to do with the commemoration of a Civil War battlefield? What are commercial Biblical dioramas doing in the Great Smokies? These questions are asked in the current issue of Changing Times, the Kiplinger Magazine, in an article attacking the "blight and mass vulgarization" that line the approaches to national shrines.

#### Hereford District Now Has 16 Irrigation Wells

The McDonald Company has finished a new well on the Long place for Albert Rush, recently from Oklahoma. This is the sixteenth big pumper for the Hereford district. The three stage pump was lowered Tuesday afternoon and the first try out was made. A lot of sand and muddy water was the result. On Wednesday and the following days, the pumping was continued and a fine well was developed. It is expected, when the well is fully developed and the big 70 h. p. engine was hitched to the pump, that not less than 1800 gallons of water a minute will be secured. This will be sufficient to irrigate something near a half section. The attention of non-resident land owners is called to a piece in this week's paper, "Non-resident Land Owners". The object of the article is to create a sentiment in favor of advertising the Hereford irrigation district. If those who live away from Hereford think well of irrigation projects, they will certainly cooperate in advertising such a good thing. A complete outline of the plan and methods of advertising will be given next week.

### 25 YEARS AGO

Returning from Austin Tuesday afternoon, the Deaf Smith County delegation reported that the State Highway Department has ordered an inspection of Highway 51 across this county preparatory to taking the road over for state maintenance. The north-south road, which connects with Oldham County on the north and Castro County on the south, includes a total of 30 miles which has heretofore been a county problem. The state Highway department has ordered Van London, district engineer, of Amarillo, to inspect the road subject to its acceptance by the state department. Several bridges on the strip were accepted as temporary structures and all maintenance will be up to the state when the road is accepted. In Austin, the local group also joined a delegation of 37 men representing 12 counties in laying fundamental plans for completion of Highway 51 across the United States. The road will join Mexico at Dryden, Texas, and will continue to Regina, Canada. Delegates reported the meeting successful to the extent that the commission designated a route of the Highway across such counties in Texas where it has not already been designated.

with monkeys and Mother Goose, while gift shops and filling stations lining the battle routes offer such mementoes of the battlefield as ceramic birds, dogs, horses, alligator bags and ash trays.

The magazine reports that the same pattern follows at Virginia's Natural Bridge, a towering limestone arch described by Thomas Jefferson as "the most sublime of Nature's works" and now blocked from public view by a wooden fence, "as though protecting the inside of a baseball park."

In the Great Smokies of North Carolina and Tennessee souvenir stands, gasoline stations and other tourist places resort to "the lowest form of attention-getters, the display of caged animals," according to the article. "The town of Gatlinburg... offers all manner of neon-lit commercial diversions, plus a chairlift ride over the town and a Biblical garden with dioramas of the life of Christ. There are some fine craft shops, in the best Smokies tradition, but far more prominent are those enervating trinket stands—where the price is cheap but the markup is high."

At Yellowstone, Changing Times continues, "Despite the proud tradition and generally high standards of the National Park Service, the core of the nation's oldest and largest National Park has deteriorated into a scandalous slum... The gift shop offers one of the worst assortments of trinkets in America, 8,000 separate items, principally cheap (but profitable) importations from the Far East, including imitation English Wedgwood, Spanish toreador figures, in several colors, bells of Sarna and bongo drums."

In the opinion of the editors, "It's more than a sickness of an era marked by mobility and leisure; the manufacture of tourist blight is also a lucrative business. Competition is keen among those who cater to and exploit the simplest expressions of public taste."

**CITY TO RETIRE PAVING BONDS**  
Texico city dads meeting in regular session Friday made plans to retire ten paving bonds of project No. 1 and four bonds of project No. 2 as of Dec. 1. Total of \$4000 outstanding on projects one and two. Present plans call for the remainder of bonds on projects one and two to be retired as of June 1, which is well ahead of schedule. A legal notice dealing with retirement of the paving bonds is to be published.

**COUNCIL CALLS FOR WATER TOWER BIDS**  
The Friona City Council voted Monday night to accept bids for a second overhead water storage tank for the city. Bids are to be opened on Dec. 10. In order to provide a site for the new tower, the council voted to purchase an option on lots belonging to Raymond Jones and are just outside of the present northern city limits. The site, in line with recommendations by M. R. Smith, consulting engineer for the city, will be a location considered suitable for such a tank. Bidders will make two bids, one for a 200,000 gallon tank and one for a 250,000 gallon tank. It was decided to accept bids for the foundation of the tank separately. It was Smith's contention that separate bids on the project would result in a savings to the city. Smith also contended that by locating the tank in the northern section of the city maximum pressure could be maintained.

**FIREMEN RECEIVE EMERGENCY EQUIPMENT**  
Joe Rice, captain of the Canyon Volunteer Fire Department, said Wednesday that the newly ordered rescuator for the department's emergency unit has arrived and is now ready for service. The rescuator is an automatic device designed to aid the breathing of an accident or emergency victim, who is still able to breathe or to force the breathing of a victim who has lost consciousness.

**COURTHOUSE BONDS REJECTED**  
Bailey County taxpayers by a two-to-one decision Tuesday turned down a proposed \$360,000 bond issue which would have provided funds for remodeling the courthouse and building a new jail. The vote was 580 for the proposal to 1144 against the measure. Every box in the county rejected the plan, many voters apparently fearing the bonds' repayment would raise taxes possibly by as much as 25 per cent. Many, however, favored the jail remodeling, but did not approve of a general overhauling of the courthouse at this time.

**BOLL WEEVIL THREATENS COTTON**  
Many Floyd County farmers, land owners and businessmen are becoming alarmed at the rapid advance of the boll weevil into the cotton fields of the area. This threat is a new one on the High Plains of Texas, but is an old-timer to downstate farmers. Through the fall of 1960 the boll weevil was not considered a menace to the county's irrigated cotton crop. The insect was seldom if ever found here and never in sufficient number to cause alarm. Last fall the weevil began to make an appearance along the eastern edges of the county and in spots that were close to the canyons and break country. There was some damage but it was not too heavy nor was it noticed in large areas. This fall the story is different. The dreaded weevil is being found in many parts of Floyd County but is still mainly in the eastern sector along the caprock escarpment. Damage is heavy in some fields and production will be cut 50 per cent or more in addition to the lower grades that will show up when this cotton is stripped.

## THE BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm drops international affairs and discusses the weather this week.

Dear editor:

Some people don't think the world makes any progress but it does. For example, take weather forecasting. A while back a little shower caught me out in the open without a raincoat and I got soaking wet. What I was doing was changing the props from the north side to the south side on a fence of mine. You'd think a fence would lean in the same direction all the time but mine leans one way a while then leans the other, and it keeps a man pretty busy sighting down it to see which side to put the props on.

At any rate, the day had been clear and sunny until I suddenly looked up to discover a cloud had turned up and rain was pouring down.

After I got home and dried out I pulled out a newspaper I'd been saving for a rainy day which is a lot easier than cash and read a long article on a new experiment in weather forecasting.

According to it, the government is experimenting with more community forecasting stations. It's one thing, it said, to get the weather report for a general area covering a fourth of the state, but what farmers need is a station that'll forecast the weather right at home.

This will be a great improvement and a sample of progress. I don't mean to say the local station will be any more accurate than the big-city station, when you're living on a globe that's traveling through space as fast and far as this one is every 24 hours, it's possible to predict what the weather ought to be tomorrow but a lot easier to get caught in a rain, but the progress comes in being able to pinpoint the blame.

There's very little satisfaction in getting mad at an anonymous weather bureau in a nearby city, but when somebody living in your own community says it's going to be clear tomorrow on your own farm and it rains, you've got something to go on. You can call the bureaucrat up and tell him what you think.

In many cases, forecasting the weather is like predicting who's going to win a football game or an election. People read it, but the best way to find out is to wait and see, with the assurance that whatever it is, half the people are going to be disappointed.

Yours faithfully,  
J. A.

## Gettysburg..

(Continued from page 4) come from the communities themselves, as well as from angry touring citizens, the editors advise. Citizens of the community can support the type of beautification work undertaken by the garden clubs, the true historic restoration urged by preservation groups, strict zoning proposals. "They will do far more to create a favorable image that visitors will remember than gimcrack attractions, high prices and unrestrained sign-boards."

Tourists can cooperate by being selective about the places they visit, by purchasing craft items indigenous to the area rather than a cheap trinket, by cultivating an appreciation of the best of America in their children. And, the magazine adds, "When you're good and mad, write letters. To the President, about the tragedy of Gettysburg. To the governor of the state where you feel any shrine is marred... to the editor of your newspaper. Tell about places you are not going back to visit a second time. "Such words will find their way around, and nothing will shake a tourist community more than realizing it may lose business. Perhaps nothing will do more to encourage it to enhance - instead of exploit - its endowment of history or natural wonders."

ior play Friday Nov. 16. The production was entitled "You're Telling Me!"

Mr. and Mrs. Horace Fite and children from Borger were overnight guests of the Manuel Loveless family Saturday.

Mrs. Helen Oavin was honored with a pink and blue shower Friday afternoon in the home of Mrs. Grady Skaggs. She received many beautiful gifts and the guests enjoyed punch and cake.

Mr. and Mrs. Wayne Hayes and son from Fort Worth are visiting the Red Spinks.

Mr. and Mrs. Troy Lemley and children from Lockney were weekend guests of the John Hortons.

Last Friday night in the Hedley gym the Hedley boys beat the Adrian Matadors by 20 points. Lonnie Darnell of Hedley was high scorer with 21 points and Sam Brown of Adrian had 18 points. The Hedley girls beat the Adrian girls with a score of 38 to 22. The next game will be Nov. 13 at Quitaque.

Mrs. G. D. Webb was honored with a pink and blue shower in the Baptist Church last Tuesday afternoon.

Mrs. Bill Goodnough of San Diego, Cal., is visiting here until Bill gets a permanent station. He is on patrol duty.

Mr. and Mrs. Buster Guest of LS ranch north of Wildorado are the proud parents of a baby boy. He was born Saturday morning and weighed seven pounds.

The time is drawing near for the FHA girls' third Fashion show. This year the theme will be "The Wonderful World of Rainbow Fashion." It will be presented Dec. 1 at 7:30 p. m. in the Adrian Gym. A door prize will be given. There will be several talent acts between fashion categories. Proceeds will pay for the decorations. Support the Adrian home economics department and FHA girls by being present.

We are proud of the awards the Adrian Caprock 4 - H Club won last Saturday night at the Vega Legion Hall. The program started off with county agent Justin McBride making a short speech, followed by some funny antics and a film on 4 - H work. Then the awards, were given by Justin McBride and Miss Linda Webb.

Those receiving awards in their division were Donna Patterson, Kathy Garrison, Martha Gruhkey, Patty Fortenberry, Mike Horton, Ricky Gruhkey, Betty Whitten, Scherrie Beavers, Rita Speed, Jackie Loveless, James Whaley, Dean Whaley, and Carla Patterson. Refreshments were served following the presentation of the awards.

Those attending were Mrs. Robert Jacobson, Mrs. Keith Kromer, Mrs. Billy Briggs, Mrs. Allen Ershman, Mrs. Jim Cavin, and Mrs. Billy Don Brown. The Don Pinnells have just recently moved her from Clovis to the Rex Martin Farm.

Fire broke out Sunday after-

noon in a field of Edd Jacobson's and burned some of Irene Brown's and Fred Perry's fields before the Adrian Fire Dept. got it out.

Mr. and Mrs. Harvey Hill from Nocona were weekend guests of the Carroll Gruhkey family.

Mr. and Mrs. Wayne Milner and baby from Jasper, Mo., visited the Ernest Franks last week.

Mr. and Mrs. Buster Guest from LS Ranch visited the Ray Ashfords last Thursday night.

Miss Kay Gault from Vega visited Mrs. Jerry Jane Betts over the weekend.

The FHA girls have been making bulletin boards in the home economics room lately. They have been making them in order to gain points for FHA to become an FHA girl of the month. Everyone is invited to come by and see them. They are on display in the home economics room at school. FHA Girl of the Month of October is Kathy Kromer, a senior and vice president of the FHA Chapter.

Mrs. Cathrine Boyd and children from Sunray visited the

## Dodson Doubles At Toastmasters

Virgil Dodson won both the Speaker's Cup and best table topic award at Tuesday's meeting of the Hereford Toastmasters Club in the Jim Hill Hotel. His speech was on "Uses of the Steering Wheel". Hardy Benson spoke on "All the Responsibility" and Kenneth Rudd talked on "As I See It". Kenneth Coker served as toastmaster for the evening. Bruce Miller and J. Raymond Flores tied for Best Evaluator honors.

Dec. 4 tentatively was set as the date for a Ladies Night program at the Hereford Country Club. The club plans to re-new publication of its regular bulletin.

Attending the meeting were Rex Lee, Carl Ray, Dr. Milton C. Adams, J. Raymond Flores, Kenneth Coker, Kenneth Rudd, Bruce Miller, Hardy Benson, Curtis Traawek, Bill Thompson and Virgil Dodson. Larry La-Motte of Hereford was a guest.

## Fete Husbands At Club Party

Young Mother's Study Club recently held a Halloween Party for members and their husbands in the First National Bank Community Room. Mrs. Jim Arney, Mrs. Gene Snead and Mrs. Harold Kida served as hostesses for the party.

Refreshments of cake and punch were served with games of bridge played by the couples.

## Tips On Buying, Refinishing Of Antiques Given

Mon Amis Study Club was presented a program on "The Buying and Refinishing of Antiques" by Mrs. David Hutchins recently in the home of Mrs. Ted Godfrey.

Mrs. Hutchins gave the history of each period of furniture, starting with the Assyrian and Egyptian eras dating back about 400 B.C. to 500 A.D. and concluding with present Early American or Colonial. She gave ways to refinish these various types of wood that make the furniture. Cut glass, china, jewelry and linens were also discussed in the program.

While presenting the program, Mrs. Hutchins was attired in a beautiful white batiste dress trimmed with hand made lace inserts dating about 1900. To complete the ensemble she wore a pair of button - up boots.

Roll call was answered by 12 members telling their favorite type of antique.

Next meeting will be in the home of Mrs. Billy Bell on Dec. 5.

Margaret Lookingbill served as co - hostess. Refreshments were served to the following: Mesdames Raymond Wiley, Kenneth Christi, Bob Noiland, J. D. Greeson, Lawrence Jackson, Jamie Clearman, Billy Gene Cotton, Billy Bell, Ted Godfrey, David Hutchins and two visitors, Mrs. Fred Lookingbill and Mrs. John Paul Jones.

## ATTEND CONVENTION

Dr. and Mrs. Wes Owen attended the Lubbock District Dental Convention in Lubbock on Nov. 16 - 17.

## CARD OF THANKS

We would like to thank everyone for the flowers, cards, food and other kindnesses shown in the recent death of our loved one, Mrs. Kathryn Strader. The Strader family

night and saw a program on "Citizenship In The Home". The program featured many students from Adrian schools explaining proper citizenship.
