

RAINS VISIT HEREFORD COUNTRY

Crops Looking Good, Pastures Furnishing Plenty of Grass—Stock Doing Well

The bountiful rains which have visited this section during the past week have allayed the doubts of the most pessimistic in regard to the uncertainty of reasonably good crops this year. Farmers in general are unanimously of the opinion that while the country will not produce the heavy crops of the far west, it will be far from a failure.

The wheat crop is now about harvested and the country has stored away several thousands of bushels of 22.50 wheat. Kaffir, maize, and like grains have shown the real Texas grit and have hung on to life tenaciously even while the list of sorrowing ones who had "given them up" was increasing every day. With the moisture which has tickled their roots this week they can say, "I told you so" and bump right along towards their destined end of supplying food for the cattle and hogs which have already demonstrated the efficiency of these grains as meat producers. A few farmers have failed to get good stands but those who are working in their fields now, report that the crop is proving to be much better than had been at first supposed. The weeds, never hindered by drought or other adverse conditions, have gotten the upper hand on a few farms but men with cultivators, supplemented by boys with hoes, are cleaning out these pests very satisfactorily and the rich, green, healthy looking blades of grain are a real feast to the eyes.

The pastures had become very dry and looked decidedly unpromising but stockmen say the cattle are evidently getting sustenance from them as they are putting on flesh and looking fine. A Hereford stockman who saw his cattle this week for the first time since he placed them on his ranch in the spring, says their excellent condition was a surprise to him and a sure proof that rain or no rain the Hereford country is a winner.

But the rains have come. Over in Castro County to the north and east of Dimmitt a strip of country has had 10 inches of rainfall. East of Hereford three inches is reported. In this immediate vicinity there has been from 1 1/2 to 2 inches. The least precipitation, so far, has been to the south and west, a community three miles south of Hereford, reporting no rain.

Mrs. Sullivan Ill
Friends of Mrs. C. L. Sullivan will regret to learn that she is not improving from an illness of two weeks' duration and that typhoid symptoms have developed. Her condition is reported slightly better to-day.

Later: Mrs. Sullivan's physicians found yesterday that a surgical operation was necessary and she was taken to Amarillo yesterday afternoon. Reports from her bedside this morning are to the effect that she had stood the operation well but that her condition was worse than had been thought at first.

Family Reunion
A family reunion at the home of Mr. and Mrs. W. L. Rain was enjoyed by the immediate relatives of these hospitable people on Sunday and Monday of last week.

Sharing the two days' pleasure were: Mr. and Mrs. N. B. Boultinghouse and daughter, Miss Ina, and son-in-law Mr. George Gordon of Kennedy, Texas. Mrs. J. T. Denny, of Portales, N. M., Mrs. Bob Goodnight and daughter, Miss Gussie of Amarillo, Mr. and Mrs. Jess Wilson and Allen Denny of Hereford, Mrs. Charles Bobson and sons, Ray and Charles, Mr. and Mrs. Alvin Wilson and son of Summerfield, Mr. Jim Sain and Misses Claudia and Sammie Sain. It is the custom of this family to hold a reunion of its members as often as possible but seven years have elapsed since the last meeting which was held at Corpus Christi.

City Commission Takes Final Action On Paving Ordinance

At a meeting of the city commission last Friday night final action was taken on the ordinance, making assessments against each piece of abutting property for street improvement.

As stated by Mayor W. M. Knight: "The amount assessed against each piece of property was the same as the estimate of costs published in The Brand several weeks ago."

At the same meeting the commission decided to pave no farther west than the alleys on Second and Fourth streets.

Steady progress is being made on the street work. The curbing is being laid this week on Main, and the actual work of paving will be begun soon.

Visits Missouri Relatives

Frank Jesse, another of the fine young men which will make up the Hereford contingent in the national guards, left Monday for the home of his parents in Mexico, Mo. He was accompanied by his sister Mrs. C. C. McNeerney and her two children, Masters Stewart and Charles F., who will spend some time with Missouri relatives.

Mr. Jesse will remain in Missouri until about the 5th of August when the draft will be made. He does not expect to return to Hereford. Mr. Jesse will be greatly missed in church circles. He was an active and efficient worker in the Epworth League and B. Y. P. U. and a large representation of both of these organizations were at the station Monday to bid him God speed.

Prof. and Mrs. Lin Fertsch returned Saturday from their vacation trip thru central and east Texas.

FARM LABOR MOBILIZATION

By J. E. Crouch, Deputy Labor Commissioner of Deaf Smith County.

Deputy Labor Commissioner of Deaf Smith County

In order that there may be a clearing house for the supply and distribution of farm labor in the State of Texas the Bureau of Labor Statistics has been organized. The Bureau is under the direction of The State Council of Defense and is working in cooperation with The State Department of Labor, The State Department of Agriculture, The State Warehouse and Marketing Commission, The State Fire Marshal's Department, A. & M. College of Texas Extension Department, and The United States Department of Agriculture.

The plan provides for a State Farm Help Specialist whose office shall be the clearing house for the supply and

of this shortage is the low wage paid farm laborers in comparison with the wages paid by other industries. There has been a very material advance in the price of all farm products and a corresponding rise in the price of all the necessities of life, and in order to induce more labor to the farm, the farmer must take these facts into consideration and pay a higher wage for his help. The farmer who pays the wages and the laborer who works for them determine what the wages are to be, but the laborer is going to allow to offer his services to the farmer so long as he can get twenty-five to fifty per cent higher wages and shorter hours in other industries. Therefore it behooves the farmer to offer wages compatible with those of other industries, if he wishes to avert a catastrophe such as a shortage of farm labor is certain to precipitate upon our country.

However, I would call to the attention of those young men whose ages are within the conscription limit to the following provision from the conscription law recently passed by Congress: "The President is hereby authorized to exclude or discharge from said selective draft and from the draft under the second paragraph of Section

distribution of farm labor in the state, by counties. It provides for a county man who, co-operating with the employment agencies and other organizations will act as a clearing house for the supply and distribution of farm labor within the county, reporting any surplus or shortage of labor to the State Farm Help Specialist.

It also provides for ascertaining the needs of the farmer, not only as to the additional number of laborers needed, but as to the time when they are wanted. It will be possible to shift labor from one locality to another satisfactorily, which can not be done without this information. The needs of the farmer thus begin to be met as soon as the plan is put into operation.

In the plan presented each unit acts as a clearing house for its territory, reporting to the units higher up only surpluses or shortages. In connection with the distribution of harvest labor this is especially important.

The county man will ascertain the labor needs of the farmers of his county and report to the State Farm Help Specialist. In a similar manner he will enroll those who will be available for farm work and report this list to the State Farm Specialist. When these respective lists have been compiled the county man will make adjustments or assignments as shall be necessary or desirable.

The plan provides for a complete census of the farm labor, so that the future demand for labor as well as the present need can be met. Through the Bureau the laborer and the farmer are to be brought in touch with each other without charge or fee.

The production of food and clothing is very necessary to success in the gigantic struggle in which we have embarked. Even if the war should end before the harvest, any surplus we can produce will be needed to feed and clothe the exhausted nations concerned in the war.

There are about 700,000 retired farmers in this country not now occupied, most of these who are able bodied should gladly help in this emergency. Their knowledge of farming makes them a very important factor. There are millions of boys, not now engaged in farm work, who have had more or less farm experience; these should enlist, through the Bureau, for farm work.

In order that the Bureau of Labor Statistics may accomplish the great work for which it is intended and which it is endeavoring to accomplish, every farmer who needs laborers and every farm laborer who needs work or desires to get work on the farm should immediately get in touch with the county man, so that a proper adjustment of their wants may be made. Reports from over Texas, as well as other states, indicate a shortage of farm labor. I think the primary cause

of this shortage is the low wage paid farm laborers in comparison with the wages paid by other industries. There has been a very material advance in the price of all farm products and a corresponding rise in the price of all the necessities of life, and in order to induce more labor to the farm, the farmer must take these facts into consideration and pay a higher wage for his help. The farmer who pays the wages and the laborer who works for them determine what the wages are to be, but the laborer is going to allow to offer his services to the farmer so long as he can get twenty-five to fifty per cent higher wages and shorter hours in other industries. Therefore it behooves the farmer to offer wages compatible with those of other industries, if he wishes to avert a catastrophe such as a shortage of farm labor is certain to precipitate upon our country.

STILL TIME TO ENLIST

Texas Must Furnish 30,000 Men—Much Advantage in Voluntary Enlistment—Do Not Wait For Drafts.

Announcement from Washington of delay for at least ten days in drawing names of men to be selected under the draft will afford those between 21 and 31 years a further opportunity to enlist in the National Guard or regular army. Once they are drafted they will not be permitted to enlist in any of the existing branches of the service but will become a part of the new national army. According to news dispatches every one of 10,000,000 men who registered June 5 will eventually be assigned a place on the list of those eligible for service in this new army, which will mean that the time will come when none of those will be permitted to enlist voluntarily, but will be required to hold themselves in readiness for the call to active service. While for some of them the time may be very distant when they will be assigned to such places or called, it will come eventually. The draft will probably be about the middle of the week of July 23rd. Delay has been occasioned for the reason some states have not completed organization of district exemption boards. However reports at the headquarters of the National Guard of Texas indicate organization is going forward rapidly.

In the mean time voluntary enlistment in the National Guard and regular army is being augmented by the realization of those subject to the draft that once they are drafted they cannot volunteer and choose the branch of service they desire.

Under the draft plan Texas will be expected to furnish 30,000 men, approximately. Each city, county and state is to furnish two thirds of one percent of its paper or estimated population. Texas' population is estimated to be 4,287,007, and two thirds of one per cent would be nearly 30,000. Credit for men enlisted in the National Guard and regular army prior to July 1st, will be given and deducted from this total. However the enlistments prior to July 1st were comparatively small and it is more than likely Texas will be called upon for 20,000 men on the first draft. Subsequently others will be called.

"Every indication is every man physically fit and without dependents will be selected and assigned a place on

the waiting list and called into active service if needed," according to a statement given out by Brig. Gen. John A. Haul, commanding general National Guard of Texas.

"The large number of exemptions claimed and the definite statement Texas will have to supply 30,000 men for the draft, indicates that men without dependents, who are physically fit, will be called. This headquarters has attempted to show such men that they will be expected to serve their country and still is attempting to show them that it is much to their advantage to enlist in the National Guard or regular army rather than await the draft.

"In the guard they will be among friends, men they know and who know them. They will be commanded by Texans, associated with Texans and boys folk. It seems so much more desirable to serve under those conditions. The time yet remains when such men can come into the guard, and the invitation is most heartily extended."

NO MORE IRRIGATION

Owing to delays in the delivery of irrigation machinery it will not be possible to install pumping plants for next year unless orders are placed very soon.

Orders for engines placed now will be delivered next February and March so it would be impossible to get wells completed in time for next year's crop if the contract is delayed now.

With farm products at present prices it is possible to pay for a good irrigation plant with one crop. Hereford irrigators have proved that it pays to irrigate—talk with any of them and hear their story. Irrigation is crop insurance—it looks like it is needed now.

Three hundred and twenty (320) acres out of Capitol League Number 429 and particularly described as the South one-half (S. 1-2) of Survey or Section Number Thirty-six (36) Township Number Three (3) North, of Range Number Three (3) East, of a "Capitol Syndicate Subdivision," as shown by Plat of such Subdivision of record in the Deed Records of said County of Deaf Smith in the State of Texas, Volume 19, Pages 23-31. Patented to Abner Taylor, located about 21 miles West of Hereford.

Said sale is to be made at the request of John V. Farwell, Francis C. Farwell and Arthur L. Farwell the present holders of the notes hereinafter mentioned, and by virtue of the authority conferred upon me by the terms of a deed of trust executed by Joseph F. Portrey, dated 30th day of December, 1908, and recorded in Vol. 13, Page 302, of the Deed of Trust Records of Deaf Smith County, Texas, whereby the said Joseph F. Portrey conveyed to me, as Trustee, the above described property, for the purpose of securing the payment of certain notes executed by the said Joseph F. Portrey particularly described in said deed of trust, and the proceeds thereof will be applied to the payment of the balance due upon said indebtedness, the expense of making said sale, and the remainder, if any, paid to the said Joseph F. Portrey or his order, all in accordance with the terms of said deed of trust.

Witness my hand this the 5th day of July, A. D. 1917.

WONDERFUL STUFF! LIFT OUT YOUR CORNS

Apply a Few Drops Then Lift Corn Or Calluses off With Fingers No Pain

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezezone doesn't eat out the corn or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all, no soreness or smarting when applying it or afterwards. If your druggist don't have freezezone have him order it for you.

GOVERNOR FERGUSON SAYS some people have not only gone hog wild over higher education but are plain "dam fools" about it. Well, the man who is a plain "dam fool" can't help it as he was born that way, but a "dam crook" is one from choice.

TWO THINGS THIS COUNTY NEEDS very badly are, a farm demonstrator and a lady demonstrator or a domestic science director for the county. There are many peculiar problems that the farmer has to meet here. Many of the farmers are new to this country. A man, who by training and study has prepared himself to combat the difficulties met here, would be of great help to the farmer who is trying to solve the problem of farming with limited rainfall.

A lady demonstrator could more than pay her salary by holding canning demonstrations and helping prepare the surplus food crop for future use.

IT IS A CONSERVATIVE ESTIMATE to say that poor seed will cost the farmers of Deaf Smith and Castro Counties this year one hundred thousand dollars. It is generally conceded that the poor stand of row crops is due largely to poor seed. This poor seed is the result of several causes. Last fall much of the grain was frosted before matured, then, threshed grain of the sorghum varieties heat readily in the bin. Both of these causes could be eliminated by selecting seed in the field before the first frost and hanging the heads up where the air circulates till needed for seed.

Then there are other advantages in selecting seed from the field. The best heads can be chosen from good strong stalks. To select seed in this way is not a difficult job. A man with a sack and corn knife can select seed enough in a day to plant one hundred acres. It is safe to say that such labor would yield a net return of one hundred dollars per day by increased yield. Let every farmer get ready to select his seed this fall before frost.

BEN F. SMITH, deputy state fire marshal, has shaken off the shackles with which he felt himself hampered as an appointee under Governor Ferguson and has resigned his position.

Well, men of convictions and fearlessness where right is concerned, are as badly needed in the newspaper business as in any other field, and Brother Smith can now give all of his time to that very excellent paper, the Kockney Beacon.

Will Move to Albuquerque

Friends of Mr. and Mrs. H. B. Stephens have received the intelligence that the family, who have been looking over various western sections with a view of locating, have chosen Albuquerque, New Mexico as their future home.

Mr. and Mrs. Stephens have been identified with the best interests of Hereford for several years and the regret at their leaving is general.

They will return to Hereford soon to complete arrangements for moving, reported slightly better to-day.

Department Replies to Stegall

Postmaster Stegall is in receipt of a reply from the federal post office department to his request for authority to open the general delivery window one hour on Sundays. In his request Mr. Stegall gave as his reason for opening the window on Sundays, the lack of sufficient lock boxes to meet the demands of the patrons of the local office.

The reply states that "the necessity for general delivery service on Sunday is not apparent, inasmuch as such service is not accorded patrons of

any other offices of the first and second classes", and cites the section of the Postal Laws and Regulation covering this point.

The law says the window can't be opened and we can't have more boxes until we have a larger post office building. Figure it out.

New County Official

City Clerk, J. E. Crouch has been made the first incumbent of the newly created county office, that of deputy labor commissioner. The office is appointive under State Labor Commissioner, C. W. Woodman. Mr. Crouch received his appointment within the last week.

Mr. Crouch is a competent, painstaking official and is an admirable choice for the place.

Mr. and Mrs. N. B. Boultinghouse and family left Tuesday for their home at Kennedy, Texas, after a visit at the home of Mrs. Boultinghouse's sister, Mrs. W. L. Sain. They were accompanied by Miss Claudia Sain, who will spend several weeks in the southern part of the state.

SOCIETY AND CLUBS

Telephone 30-180

A meeting of the Civic Club is called for Saturday afternoon at the court house. The meeting promises to be a pleasant affair socially, as well as an important business meeting. Refreshments will be served.

A full attendance is urged.

The home of Mr. and Mrs. E. W. McNutt in South Hereford was the scene of a most enjoyable party on Tuesday evening when their daughter, Miss Myrtle, delightfully entertained a few friends at "Forty-Two" interspersed with other games. At their close ice cream and cake were served to Miss Ida Walker, Blanche Roberts, Myrtle McNutt, Roy Begeman and Wilbur Renfro.

Numerous claims to fame have been made in behalf of different kinds of "appetizers", but probably none is more potent than a breakfast-at-dawning. This was evidenced on Wednesday morning of last week when at the invitation of Miss Clyde Wilson a merry, tho somewhat-sleepy, party motored to the creek at 3 a. m. and had breakfast on the hill top opposite the dairy. A camp fire was made, and everything appropriate for breakfast was cooked and served; the etiquette of the meal even being so far revised as to include, as the last course, ice cream.

Those composing the party were: Chaparones: Mr. and Mrs. Leslie Neal; Misses Mary Dunlap, Belle and Meda Woodburn, Florine and Lilly Bradford, Elzina Meunts, Margaret Estes, Mary Gallaher, Clyde Wilson and Harriette Shirley; Messrs. Monday, Retts, Walker, Collins, Gough, McLean, Pittman, and Estes.

A perfect summer evening, a beautiful home, its handsome exterior outlined against a background of stately trees, borders and beds of bright-hued summer blossoms giving way to large areas of velvety lawn, all radiant beneath an elaborate system of electric lighting—such was the picture which greeted the friends of Mr. and Mrs. E. H. Oberthier and Mr. and Mrs. J. H. Tandy, on Thursday evening when they entertained a large party of friends at the Oberthier home.

To the right of the entrance to the broad gallery on a vine-wreathed table a handsome cut glass punch bowl gleamed invitingly. Here punch was served by Misses Louise Oberthier and Claudia Duncan.

An artistic arrangement of palms and cut flowers effectively ornamented the steps leading to the gallery, and screened the musicians, Prof. George

Brockhahn, and Ralph Smith, who with their entrancing music added so much to the evening's pleasure.

Twenty-four tables of "Forty-Two" furnished delightful diversion for the company of players, who evinced their interest in this ever popular game by an unwonted enthusiasm and very evident enjoyment.

Pink and white brick cream served on the daintiest of china with plate favors of pink carnations, furnished a course of refreshment in keeping with the other charming features of the evening.

The occasion was enjoyed by more than a hundred guests.

Neighboring Society

That up-to-the-minute co-terie of women known as the S. W. P. Club, enjoyed a delightful meeting on Thursday, with Mrs. Fletcher Rogers. The general topic of "Temperance" formed the subject of the day's program, and a well prepared paper by Mrs. Garrett gave many interesting and helpful suggestions on this important subject.

This was followed by a live, round-table discussion of the subject "Is Temperance Inherited?" Roll call responses named current events.

A delicious refreshment course consisting of pimento sandwiches, olives, cake and grape punch was served by the hostess.

On last Wednesday, July 11, Miss Ethel Jennings entertained a few of her friends with a delightful house party at her home eight miles north east of town.

On Thursday evening a line party was enjoyed at the theatre, after which refreshments were served at the

Sweet Shop. On Saturday morning the merry party returned to the home of Mrs. S. Angelo, and Sunday morning Mrs. Angelo assisted by her daughter, served a dainty breakfast.

Those who enjoyed these pleasant events were: Misses U. Dora Watson, Dessa Keller, Myrtle Marie Angelo, and Ethel Jennings. On Sunday afternoon the girls joined a kodaking party and went to the Canyons.

A shower was given at the home of Mrs. Gail Linder on Wednesday in honor of Mrs. Florence Daily Gunn, who is up from Hereford for a few days. Many nice gifts were received and the girls had a royal good time. One and all wish the bride a world of happiness.—Higgins News.

The B. Y. P. U. enjoyed a delightful social evening at the home of Mr. and Mrs. Ewell Head, on Tuesday.

The entertainment provided consisted of games and music and was thoroughly enjoyed by all present. Sherbert and cake were served.

Conservation is the Watchword

Four Young Men Enlist
Recruiting officer Barton enlisted four young men here Saturday for the 7th Infantry national guards. They were: Tape Wyche, son of J. S. Wyche, of the Wyche-Lakeview community, Lee Chamness, son of A. Chamness living about 4 miles east of town, Clifford Acker, nephew of G. A. F. Parker, of the Western National Bank, and Pink Gilliland, son of J. W. Gilliland of this city. These are four fine young men. All worthy sons of worthy parentage. Deaf Smith County is not slow in giving of her best.

Messrs. Gilliland and Wyche have only recently returned from La Junta, Colorado, where they have filed on claims. Mr. Acker is one of the good students of Crendon College. Mr. Chamness has been employed with the Chamness Cattle Co.

The boys will be mustered in, the 15th, and do not know as yet to what training camp they will be assigned. Since the above was put in type, the Brand has learned of two more Herford boys who have enlisted: L. H. Foster of the White Face Printing Co., and Ernest Woodburn of this city. Mr. Foster is a son of J. H. Foster, a former employe of the Brand office and is a very worthy young man. Ernest is the youngest son of Col. E. T. Woodburn, a high school student and a mere boy in years, but strong and manly enough to do valiant service for the flag.

Herford has every reason to be proud of her contingent of soldier boys and the Brand assures these young men of its confidence in the good showing they will make when placed alongside the other "Sammys" in the ranks of the nation's defenders.

GIRLS! WHITEN SKIN WITH LEMON JUICE
Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

HEARING BENEFIT
From the Experience of Herford People
We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Herford residents on the following subject will interest and benefit many of our readers. Read this statement. No better proof of merit can be had.

Chas. Hodges, stock dealer, Herford, says: "I have used Doan's Kidney Pills, procured at Burns' Drug Store, and from the results I got, I have every reason to recommend them to anyone troubled by disordered kidneys. It has been a year since Doan's Kidney Pills cured me of kidney complaint and I have not been bothered since."

PLANS MADE FOR CRIPPLES
Employment Will be Found for Those Disabled in War
CHICAGO, July 2.—Although the first American casualty list from France is still in the future, an organization to assure employment for Illinois soldiers who are returned crippled has begun in Chicago. Announcement of this was made today by Eugene R. Pike, the city controller. A meeting will soon be held at which representatives of the Illinois Manufacturers' Association, the Chicago Association of Commerce and other bodies, whose co-operation has been pledged, will be present.

Mr. Pike explained that there are many tasks which cripples can perform.

On sale daily until Sept. 30, 1917, with limit for return October 31, 1917.

Convenience
The Chevrolet stands for convenience. It is built in detail to meet your requirements for utmost comfort, for true motor enjoyment.

You will find it so convenient to drive---no cranking---just the switching on of the self-starter---and the complete dashboard equipment and center control are near at hand.

The detachable cylinder head of the motor and open type unit power plant system are the last words in accessibility and mechanical convenience. And the roomy comfort of the car, its spring suspension, and soft, smooth power of the motor, give you, indeed, a riding convenience that is hard to equal in higher priced cars.

The convenience of the Chevrolet is found in its celebrated simplicity and completeness.

SALE SETS NEW MARK
Kansas City Lumber Dealer Paid Highest Price Ever Recorded for Herford Bull—Total Sales \$400,000

Trenton, (Mo.) Republican.
The greatest sale in Herford history and the greatest sale of pure bred beef cattle the world has yet witnessed, was held in Harris, Missouri, Tuesday and Wednesday, at the dispersal of the O. Harris & Sons herd. The largest number which has been put through the ring at any important sale was offered, the cattle bringing a grand total of \$400,000.00 an average of \$1523.00 per head for every animal in the breeding herd. Only last March, the Harris' sold \$196,000.00 worth in one day at their public sale, making their total sales of Herfords approximately \$600,000.00 in less than four months.

As a result of the wonderful popularity, thriftiness and adaptability of the breed, the demand brought forth keen competition in the bidding and the undefeated Repeater 7th, brought \$27,500, the highest price ever paid for a Herford bull. W. A. Pickering, Kansas City lumber dealer, purchased him. The sale of Repeater was not so astounding, in view of the fact that Gay Lad 16th sold at \$20,000, and Repeater's Model at \$13,000, while sales at \$5,000 were as common as the \$1,000 offers three years ago. Repeater, the foundation of Harris' success, was sold at \$13,000. He is ten years old.

Not less striking were the enormous prices commanded by the female staff. Harris' Princess, a ten year old cow, brought \$10,000.00, a record price for a cow. She is the dam of the \$27,500 Repeater 7th. Five of her calves have been sold by

Harris' at \$49,300 which marks her the greatest dam of pure bred in history. Cows repeatedly sold for over \$3,000 and more nearly \$4,000 and one was auctioned at \$5,000.00.

O. Harris, founder of the herd is retiring from the business. His son, Wood Harris and son-in-law, Gird McCullough, will continue in the business. The sale crowd gladly welcomed them to the competitive bidding for old Repeater, the foundation of their success and they will start with him at the head of their herd. Perhaps no man has done more to better the live stock of the nation than O. Harris. Certainly he has placed Missouri on the map of pure bred stock, and with his retirement, the Herford field loses its greatest exponent and the man largely responsible for making Herfords the most popular beef breed of today. But his efforts have taken seed and the results may be seen over the continent where the best blood is at work improving the breed. Many new herds were started by purchasers at the Harris sale.

Grundy county extracted a measure of glory out of the sale also. Schmidt & Hutchinson, who own farms about seven miles southeast of Trenton, bought one cow at \$3,100.00, and two or three others around the \$3,000.00 mark. They are starting a herd on two well equipped farms in this county. The cow they purchased at \$3,000 is the dam of a calf Mr. Harris sold for \$1800 at nine months. W. A. McVay sold Mr. Harris the dam of the Schmidt & Hutchinson cow, and E. M. Harber purchased her sire from Mr. Harris, selling him back to Harris a few years later. The McVay herd is now headed by Repeater 98th, sired by the \$27,500.00 Repeater 7th. Hence the best blood in the breed is, and is coming into Grundy county Herford herds.

LEFT OVER FROM LAST WEEK
Recovering from Snake Bite
O. G. Hill returned Saturday morning from a three weeks' stay in Kansas City where he went on business and to have the treatment of a specialist for the wound caused by a rattlesnake bite on his thumb. The injured thumb is now healing but has caused him no little suffering, the flesh having sloughed off from around the wound. Mr. Hill's general health has suffered considerably from the effects of the poison but, at present, he is almost recovered.

Wheat Yield Exceeds Expectations... The wheat yield of the Panhandle is by no means a failure, crops varying from five to twenty-five bushels to the acre, being reported. The best returns in this section are from the south and east of Hereford. The Wyche-Lakeview community reports an average of from 8 to 10 bushels. J. H. Flanagan, tax collector of Castro County, whose home is at Dimmitt, says that section is very proud of its wheat yield. While the average, he says, is perhaps not more than 12 1/2 bushels per acre several fields have yielded as high as 23 bushels. Lawrence Johnson of Summerfield, saying from 5 to 12 1/2 bu. per acre.

re Johnson of Summerfield, saying from 5 to 12 1/2 bu. per acre. The Wilford county reports a crop considerably better than was expected. The best report so far comes from Floyd County where a Mr. Potts living near Irick is reported by the Lockney Beacon to have harvested a field which averaged him 25 bushels. With the present price of wheat and the unusually large acreage the farmers will have no scarcity of money. Then there's the row crop still green and growing in spite of the long continued drought. Surely the Panhandle has no reason to complain as she has certainly fared exceedingly well in the dispensing of crop favors.

Sims Sunday School Entertained... The Sims Sunday School which meets regularly at the Sims school house over in the north-western part of the county about thirty miles from Hereford, was entertained at the home of its superintendent Mr. J. M. Chapman, one evening last week. The cordial welcome of Mr. and Mrs. Chapman was expressed in an attractively arranged home and an enjoyable program of games and music. The pretty green lawn made possible all kinds of out-door sports, while indoors the victrola discoursed delightful music. Refreshments of iced tea and wafers were served and the entire evening was most pleasantly spent. The other officers of this up-to-date Sunday School are: Miss Annie Sims,

copy-treas. Mrs. S. B. Arnold, junior teacher, and Mrs. J. M. Chapman, primary teacher. Through their efforts and under their direction, the good people of this fortunate community are enjoying the benefits of a good Sunday School besides the pleasure of a wide-awake community life.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drugs Before It Salivates You! It's Horrible

You're bilious, sluggish, constipated and believe you need vile dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50 cent bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards. Corner Drug Store, Stocking & McLean, Prop's, Hereford. Also at the leading drug store in all Texas towns.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE CARDUI The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

Last Week's Society.

The marriage on Monday, July second, of J. T. Guinn, of this city and Miss Florence Dally, of Higgins, came as a pleasant surprise to the Hereford friends of the groom. The wedding was the culmination of a courtship begun last winter when the bride was a student in the Normal at Canyon and the groom was employed in that city. The young couple motored over from Higgins to Lipscomb and were married at the M. E. parsonage and by the pastor of that church. They visited friends in Lipscomb until Wednesday when they went to Amarillo, returning to Hereford, Thursday.

The younger crowd of which Mr. Guinn is a very popular member, celebrated the occasion very enthusiastically Thursday evening, by treating the newlyweds to a novel ride down Main Street in a cart drawn by two burros, Bert Caughron, as chief attendant, walked at the side of the cart ringing an old-fashioned dinner bell. A number of cars followed the cart completing a procession that would have been a credit to the Sells-Floto Circus.

The merry party, consisting of eight couples, concluded their street parade at the Sweet Shop where a delicious luncheon was served, later, being entertained with a dancing party at the home of Mr. and Mrs. F. H. Oberthier. Mr. Guinn is a son of Mr. George Guinn of this city. He is a young man, of good business ability, and genial manner, honest and reliable. His faculty for making friends has given to him the well-wishing friendship of his acquaintances. His bride is a charming young woman of unusual attractiveness. Her parents, Mr. and Mrs. H. L. Dally, are prominent citizens of Higgins, her father having large ranch interests in that vicinity. She will receive a warm welcome in Hereford. The young couple are at home for the present, at the home of Mr. Guinn's parents.

The following is clipped from the Higgins News, the paper published in the bride's home town:

Guinn Daily
A surprise wedding took place at Lipscomb on Monday afternoon, the contracting parties being Miss Florence Dally and Mr. J. T. Guinn.

Monday the Misses Edith Couch, Florence Dally and Ella Dally, accompanied by Mr. Guinn motored to the Hunter home for a visit. After dinner Miss Dally and Mr. Guinn went to Lipscomb and secured the necessary papers and were on the hunt of the minister when they were joined by Miss Couch and Miss Ella Dally and Ernest Hunter and Rev. McKee tied the knot that united the lives of the two young folks.

The bride is the daughter of Mr. and Mrs. H. L. Dally and the groom is a young ranchman from Hereford. The bride spent the past winter at the Canyon normal and there met Mr. Guinn, and Cupid got busy. The bride has a large circle of friends in the city and vicinity and is a favorite with all. The groom is well known and much respected in Hereford, his father owning a ranch near that place.

The happy couple left Wednesday night for Hereford where they will make their home.

We wish Mr. and Mrs. Guinn all the good things of life. In all and through all may they find true comrades and lovers in each other.

The Epworth League members pleasantly entertained a number of their friends besides adding materially to their exchequer, on Thursday evening of last week at the residence of H. H. Hawkins.

The large lawn, green and shady, appealed strongly to the gay party and much of the time was spent outdoors with games, and other diversions. Vocal and instrumental music was an enjoyable feature of the pleasant evening whose close was marked by the

serving of a delicious salad course with iced tea.
The occasion was enjoyed by about fifty guests.

Rev. and Mrs. G. S. Wyatt are entertaining this week, a house party composed of the sons and daughters of the family with their families, most of whom came Wednesday of last week. In the party are: Mr. and Mrs. Ralph Kendall, Weatherford, Mrs. S. A. Barnes, and two daughters, Misses Fannie Margaret and Adnah Orinne, of Wichita Falls, Mr. and Mrs. I. D. Cole, of Amarillo, Mr. and Mrs. Jack Wyatt, of Ochiltree, and George S. Wyatt Jr. and wife of Ardmore, Oklahoma.

It is needless to state that Rev. and Mrs. Wyatt are enjoying this visit from their children very much and that the family reunion is being made one big holiday.

Mrs. P. W. Price chaperoned a party of Hereford young people who attended the open-air dance at Glenwood Park, Amarillo, Tuesday evening. The dance was given by Mrs. Terry Thompson and Mrs. W. H. Childers and one of the honor guests was Miss Bond Speed, of Georgetown, a cousin of Mrs. Price.

The Hereford party was made up of Misses Louise Oberthier, Percy Gallaher, Mrs. Price and Mr. McCutchen.

A picnic party was enjoyed at Sulphur Park, by several cars of Hereford young people, on Monday evening. Bunting and other picnic pleasures created hearty appetites for the delicious picnic luncheon which was served at early twilight. The party motored to town by moonlight adding another chapter to the evening's record of pleasures.

Mrs. Kathryn McNerney of the Wyche-Lakeview community was a charming hostess on Monday evening to a party of Hereford friends including the Misses Belle and Meda Woodburn, Alta Benfro, Delma Lackey, of Claude, Mrs. Claude Witherspoon, Mrs. J. H. Massey, Messrs. Arch Collins, Edgar Betts, Roger Johnson, Forrest Walker, Fred Curtis.

The little friends of Oliver Ray enjoyed a pleasant afternoon at his home, Tuesday in celebration of his eighth birthday. The pretty green lawn furnished an ideal place for the jolly games which children always enjoy so heartily.

Punch was served during the afternoon and at the close of the games, a beautiful, big pink and white birthday cake bearing eight tiny candles was cut by the little honoree and served with delicious strawberry ice cream.

The pleasant occasion was enjoyed by the following little folks: Ward Allen, Benjamin Hodges, Jack West, Donald Hawkins, James Davis, J. M. and Raymond Posey, Van, R. K. and Mary Bruner, Roger Wilkinson, Keith Guthrie, Ellsworth Baird, John Brownlee, Artie and Jess Russell, Paul Wright Barnett, Junior Burns and Russell Moore.

The Mothers' Club was entertained on Tuesday at the home of Mrs. T. M. Palmer, the general subject of "Patriotism" receiving the attention of the club.

A patriotic chorus was sung by the club, and a paper "Patriotism, what is it?" was ably given by Mrs. Caylor. This was followed by an excellent paper on "Patriotism, can it be taught" and how?" by Mrs. Churchill.

The entire program was very enjoyable and at its close a salad course followed by an ice course, was served.

Injured by Fall

Mrs. G. H. LeGrand who is spending the summer in Long Beach, California, had the misfortune to fall and break the left upper arm bone just at the shoulder joint. The injured member is doing nicely, however, and no serious complications are anticipated. Her Hereford friends hope to hear of her speedy recovery.

Bosom Friend of Bowser Pleases

It was stormy Tuesday night but this did not deter Hereford's play-going public from turning out in satisfactory numbers for the return engagement of that amusing three-act comedy, "The Bosom Friend of Bowser," presented at the Star theatre.

The play was staged by a local cast throughout, was under the efficient direction of Mrs. Geo. Brockhahn and was under the auspices of the Mothers' Club to which organization the proceeds will go.

Owing to lack of time and space in going to press individual mention cannot be made of the "dramatic personae"—suffice it to say that each acquitted himself or herself in a manner quite entertaining to the audience. The cast was the same as a year ago, with the exception of Geo. Brockhahn, who took the part of Calvin Lucas, and Mrs. J. H. Florey, who was then Miss Ruth Churchill.

Mention should also be made of the "specialties" between the first and second acts. In the first intermission little Miss Wenzella, daughter of Mr. and Mrs. Claude Witherspoon, thoroughly delighted the audience with her childish interpretation of a poppy dance. She was obliged to respond to three encores.

Again during the second intermission the audience was favored with a vocal duet, "Absence" sung by Misses Louise Oberthier and Elsie Mounts.

Obituary

John W. DeAtley was born September 19th, 1854, near Stewartville, Clinton County, Missouri, and died at his home at Blue Springs, Missouri, at 12:50 o'clock a. m., June 30th, 1917.

He was the son of Samuel DeAtley and Margaret S. DeAtley, and was the eldest of five children born to this union, the others of whom were: Zachariah, William H., Mary F., and Celia Z. William H., the only surviving child, now resides at Bisbee, Arizona. Mr. DeAtley is also survived by a half brother, Samuel N. DeAtley, of Oak Grove, Missouri.

Mr. DeAtley lived at the place of his birth until his eleventh year, having lost his mother at the age of eight. In July, 1865, about the time of his father's marriage to Miss Alice Boecow, Mr. DeAtley moved with his father's family to Hancock County, Illinois. Shortly after his father's death, which occurred in March, 1867, he returned to the old homestead in Clinton County, Missouri, with his step-mother, brothers and sisters. At the age of seventeen he returned to Hancock County, Illinois, where he spent the following eight years completing his education and teaching school. In March, 1880, he moved with his sister Mary and brother Will to the homestead of his step-mother near Oak Grove, Missouri. For several years following this move, he was engaged in various occupations in Jackson County, chief of which was teaching school and managing the farm of his step-mother.

On the 1st day of November, 1888, Mr. DeAtley was united in marriage to Miss Alice Slater of West Point, Illinois, to which union four children were born: Walter Lee DeAtley, who died April 19th, 1911, Mrs. Lee Brewer, of Nunn, Colorado, Bruce S. DeAtley, of Kansas City, Missouri, and Roger E. DeAtley, of Blue Springs, Missouri.

Mr. DeAtley spent many years of his life in the profession of teaching, and was at one time Principal of the Blue Springs Schools. From the year 1900 until the time of his death, he devoted his entire time to the real estate business, and up to the time of his failure in health—in 1907—was considered one of the most successful realty men in Jackson County. Five years of this period—from September, 1905, until September, 1910—Mr. DeAtley lived at Hereford, Texas, being engaged in the real estate and immigration business. It was during his stay at Hereford, Texas, that Mr. DeAtley united with the Methodist Church, and although this action was postponed until the evening of his life on earth, he had always honored and observed the fundamental principles and teachings of the Christian life, and commanded the respect, esteem, and confidence of all who knew him.

The pall bearers were M. V. Dillingham, M. N. Womack, H. C. Mayes, J. L. Quinn, Thomas R. Perdue, and T. S. Broadus. Interment was in the Blue Springs cemetery.

Besides the bereaved family, Mr. DeAtley leaves numerous friends to mourn his departure.
