SPLINTERS

A merry heart maketh a cheerful countenance.—Prov.

Well, the world is momentarily at a standstill until the World Series is finished. Wherever you go, whether into a place of business or a private home you may hear the radio going, the announcer give a play by play report, the fans who are fortunate enough to be on hand yelling and shrieking and a little static. To one for whom baseball holds not the slightest attraction, it all sounds like static.

Noticed in the paper where an Oklahoma football team is suited out in shorts this year. We add our stamp of approval to shorts to swim in but to play football in, well even country editors are not thick headed enough to hit the ground without getting scratched up a little unless they have some protection. But they have their possibilities.

An invitation to Rhineland to attend an old fashioned picnic. When Rhineland puts on a picnic, they put on a PICNIC. We hope to be there.

Also an invitation and a pass to attend the Dallas Fair. We'd like to go to it, too.

And then the races at Arlington Downs comes off this month. As a meet, the Downs have no peer. And speaking of races, Haskell county, which is a little closer to home, is putting on some races which will set a pace for West Texas.

And one of our esteemed Gilliland subscribers, Mr. Owen Mayberry, tells us a hair-raising story about a rattlesnake sleeping with a cow outfit. If he hadn't said it was another fellow that slept with the snake we'd have thought that he was joking.

STATE HEALTH DEPARTMENT AIDS IN DISASTER WORK

Austin, Oct. 5.—The value of disease prevention of public health work has been clearly demonstrated in the storm stricken area of the Rio Grande Valley where state, county and city health officers have pooled their abilities and resources to the end that there has not been any outbreak of communicable disease following that disaster. Private interests has also assisted by supplying materials that could not be purchased by the officials on account of a lack of available funds.

There was great danger immediately following the storm that typhoid fever might become epidemic due to contamination of water supplies. Chlorine, in proper amounts, was put in these supplies and an extensive campaign of immunization against typhoid fever was started, which up to this time has reached over sixty thousand persons. The proper disposal of sewage was another problem that had to be attended to immediately.

Much of the land was covered with water and this created a wonderful chance for the multiplication of mosquitoes and the attendant danger of malaria. These places were drained where possible, and if impossible, they were oiled. The mosquito eradication work being done in the Valley is one of the largest ever attempted in the United States.

Exactly how much sickness and suffering has been prevented cannot be accurately estimated, but, from past experiences, it is safe to say that the actual saving in money is many times more than the amount which has been spent for prevention.

Picnic to be Staged in Rhineland Oct. 12

Rhineland will be the scene of a real old fashioned picnic October 12 with dinner and supper on the grounds and everything. Amusements, contests with attractive prizes, band music and dancing are some of the high spots in the affair that day. October 12 is Columbus day and when our Rhineland neighbors celebrate they do so in a big way. Old timers are still singing the praises of the picnics held there in days gone by and many will be on hand again to help make the coming celebration a success.

METHODIST CHURCH SERVICES

Rev. W. J. Knoy announces that he will preach in Benjamin the third Sunday of October on "The Mark of the Beast." The public is extended a cordial invitation to attend the services at the Methodist Church on that date and hear him.

SOROSIS CLUB MEETS

At the regular meeting of the Sorosis Club September 21, Mrs. Herbert Cunningham officiated as hostess and the following course of study was followed: "Life and Works of Ibsen" a discussion by Mrs. L. C. Moorhouse; "Ibsen's Place in Modern Drama" by Mrs. J. H. Atterbury; "A Doll's House" by Mrs. G. H. Beavers.

At the October 5 meeting of the club Mrs. C. H. Burnett was hostess. "Barnston's Life and Works" was the topic discussed by Mrs. J. C. Patterson; "The Quinlet" as a play of social criticism by Mrs. P. L. Armour; "Beyond Human Power" by Mrs. O. D. Propps.

W. L. Barber, trouble man for the West Texas Utilities Co. was in the city Wednesday.

A. R. Caudle, former pastor of the Benjamin Christian Church, was in Benjamin the latter part of the week on business.

Wallace Harbert and Tom Hudson arrived the first of the week from Ruidoso, New Mexico with a herd of horses which they had driven thru. They were seventeen days making the trip. Mr. Harbert runs a riding academy at Ruidoso during the tourist season. Mr. Hudson purchased a bunch of the New Mexico horses.

ACHIEVEMENT DAY PROGRAMS

Just what have the Home Demonstration Clubs in Knox County been doing in 1933? This question will be clearly answered if you attend one of the meetings during October, called Achievement programs, where everyone will be given an opportunity to see and hear about the work done in each club.

Following is a schedule of the Achievement days for the remainder of the month and you should plan to attend at least one:

Oct. 9—Benjamin, 2:30 P. M.
Oct. 10—Lonestar, 2:30 P. M.
Oct. 11—Gillespie, 2:30 P. M.
Oct. 12—Vera, 2:30 P. M.
Oct. 13—Truscott, 2:30 P. M.
Oct. 20—Union Grove, 2:30 P. M.
Oct. 27—Munday, 2:30 P. M.

The 4-H pantries and bedrooms that have been improved by the demonstrators in the various clubs will be judged during this month and a county wide tour will be conducted, October 30 and 31, in which everyone who is interested, is asked to take part.

Cotton Report Shows Increase in County

Cotton is opening earlier in Knox County this year than in 1932 and while the yield will not be as great as the bumper crop of last year due to reduced acreage and weather conditions, it is expected that above an average crop will be gathered. Up to September 16 there were 2,050 bales of cotton, counting round bales as half bales, ginned in the county as compared to 606 in 1932, according to Hoyle A. Sullins, special agent for the Department of Commerce. Should the present fair weather prevail for the next thirty days, the major part of the 1933 crop will be gathered. The highways are lined with cotton pickers from the southern part of the state and it is an easy matter to secure help in the fields. The average yield in Knox county ranges from 35,000 to 45,000 ales. Last year the yield exceeded 60,000 bales.

ENGLAND OIL WELL MAKING GOOD PROGRESS ON TEST

Dwight M. Ross and associates are going right down with the oil test which they are drilling on the W. E. England land, 10 miles east of Seymour. Three crews are at work, and thus far no special difficulties have been encountered.

The depth at 3:30 o'clock Wednesday afternoon was 1320 feet.

The formations up to now are looking favorable, and about as expected. Geological structures in that section have been looked upon with favor for some time. The oil is either there, or has been there some time in the past, and oil men are evidently going to find out whether or not it is there now.—Baylor County Banner.

TIME LIMIT ON SIGNING WHEAT CONTRACTS NEAR

Within the next ten or fifteen days all producers desiring to share benefits of the Wheat Reduction plan must sign Wheat Contracts or Application for Wheat Contracts.

Last week the Wheat producers met in Benjamin and elected the following committeemen, Tom West, Sam Shipman, Cecil Haynie, W. A. Ryder, Earl Sams and A. H. Wilde. Anyone seeking information concerning the Wheat plan can make contract wit any of the above committeemen or see the County Agent.

Everyone growing wheat should learn the details and if he can receive benefits by signing a contract then it is his privilege to do so.

W. E. Jones, County Agent.

Houston, Oct. 5.—The basis on which appraisals are made in connection with applications for loans from the Federal Land Bank and the Land Bank Commissioner was outlined today by A. C. Williams, President of the Federal Land Bank of Houston. The statement was made Mr. Williams said, because many persons have evidenced a lack of understanding of the appraisals made of farm properties offered as security for loans.

"Loans by the Federal Land Bank and the Land Bank Commissioner ordinarily are made for periods of from around ten to thirty six years." Mr. Williams. "In order to arrive at an estimate of the earning power of a farm, over a period of years, many things must be considered by the appraiser. He must determine the number of acres of good crop land, the number in pasture, and the number in orchard, timber, or waste; the character and condition of the soil; water supply; average rainfall; drainage; susceptibility to erosion; the carrying capacity of the pasture.

State Highway Funds Show Large Decrease

Austin, Oct. 4.—The state highway fund, once the envy of all state bureaucrats because of the millions at its command, has shrunk 57 per cent in three department years, according to the tentative budget for the next fiscal year just prepared by department statisticians.

Total state revenue, which will remain to build and maintain Texas' 19,600 miles of state highways, after the various deductions and diversions will be \$17,000,000 the department estimated. The same figure was \$39,000,000 in 1931, the peak year. Neither sum includes federal aid. Maintenance of existing roads alone now costs about \$10,500,000 yearly a decrease of \$1,500,000 worked out since 1931.

Aside from one or two millions a year lost to the road fund through fewer automobiles and less travel, the decline of \$22,000,000 a year in road money was caused by a radical change in the state government's viewpoint regarding main trunk highways, the Texas Good Roads Association pointed out in connection with the official figures.

"R. S. Sterling's administration first took the position that counties no longer must vote bonds and share the cost of main highways with the state," its statement said. "Thus 'county aid' which exceeded \$11,000,000 in 1931, dropped to \$1,000,000 this year, and will disappear in 1934. The last year one-fourth of the state gas tax was taken to fund such county bonds already outstanding. It was not enough, but it took another \$7,000,000 yearly from the road fund.

"Both these steps give local ad valorem tax relief by shifting the cost of roads, past and present, completely upon the motorist through the gas tax and license fee. The highway fund is so weakened that it must depend on federal aid to keep jobs for thousands of road-workers. The plain obligation of the state, then, is to do nothing thenceforth which will imperil federal aid. Shifting of any more state road money to non-road purposes is directly against federal policy, as Washington has said.

WELL ARRANGED PANTRY IN LONESTAR H. D. CLUB

"I not only have to plan for my family to live at home but for my daughter, who will be away in school and keeping house," said Mrs. Maggie McLaughy, 4-H Pantry demonstrator in the Lonestar home demonstration club. "I do not have a definite count but I have between 400 and 500 containers, mostly qts. and my canning isn't nearly finished."

Before the achievement program, which is to be held in each club during the month of October, Mrs. McLaughy plans to have her pantry filled and arranged by the following grouping: Leafy vegetables, strachy vegetables, other vegetables, fruits, meats, pickles and relishes, preserves and jellies, time saving and accessories all on shelves, preferably wide enough and just far enough apart for a single row of cans or jars. These shelves will be labeled, as will the containers. Boxes for temporary supplies of Potatoes, onions, dried beans and peas will be arranged in convenient places in the cellar, where this pantry is to be assembled.

The home demonstration club will meet with Mrs. J. C. Patterson, Oct. 9. The demonstrators are to report their years work.

The County Judge and County Commissioners are especially invited and all that are interested in our work.

Live at Home Program Outlined by Agent

More than half of the 1460 farm families in Knox County are participating in the "Live at Home" program as outlined by the Extension Service, College Station.

"It costs an average family of five about \$600 per year for food if every member is properly nourished, and all food is bought. How much of this can the farm supply? From 40 to 60 percent has been the rule on most good farms in times past. During these depression years many of the most alert farm families have raised the percentage produced at home to 75 and even to 90 percent. By following the demonstration plan outlined a family may produce 100 percent of its annual food requirements. To do this it will take 25 acres of average Texas land, about \$200 worth of livestock, the ordinary work stock, farm implements, fences, and buildings that most farms already possess.

This living at home demonstration toward which any farmer can work in a short time, calls for two meat hogs, a flock of fifty hens, one beef animal, four milk cows, and if desired a few sheep. Under average conditions six acres would be devoted to sudan grass pasture in summer and small grain pasture in fall and winter; twelve acres in corn and grain sorghum or other grain crops; four acres in hay and ensilage crop; one half acre in garden, one-half acre in orchard and two acres for such crops as sweet potatoes, melons, cane for syrup and field peas.

Such a system will produce all the food needed for a family of five, and all the feed required for maintaining the livestock indicated, including work stock, without any cash expense except about \$100 for buying cans and jars, sugar, coffee, some flour, and spices, and a small amount for purchase of seed, livestock medicines, and incidentals. This cash will be forthcoming from sales of surplus dairy, poultry and other products available in certain seasons of the year in excess of the family needs.

GINMAN KILLED IN MUNDAY

Mr. Red White of Munday, workman in the Farmers Union Gin, was fatally injured Tuesday night at 9:30 when he became entangled in the belt. He died thirty minutes later. Burial was made in Munday.

Mr. White is survived by his wife and three children. Knox City Herald

Roy Phillips, who has been spending several days at the hot wells in Young County for his health has returned home. Mr. Phillips is the district clerk of Knox County.

The standpipe of the local municipal waterworks system underwent a cleaning this week. Because of the lack of a filtration plant considerable mud settles in the bowl of the stand pipe which necessitates its removal at frequent intervals.

William B. Combest, former district attorney of the 50th judicial district, was in Benjamin Thursday on business. Mr. Combest is now engaged in the private practice of law. His home is in Paducah.

J. B. Tillery, salesman for the General Foods Corp., was a Benjamin visitor Wednesday.

Mrs. Sarah Criswell of Lubbock visited in the home of her nephew, J. C. Patterson Sunday.

Mrs. D. J. Vanderslice of Turkey and Mrs. A. R. West of Wellington are visiting their sister, Mrs. M. F. Harbert and other relatives.

What Our Exchanges Think

ROOSEVELT AT CHICAGO

The President's Chicago speech to the American Legion places new emphasis on the plain duties of citizenship. These have not altered since Washington and the Continental Army laid aside their weapons and turned to the work of completing the Nation they had fashioned. The President who does not hesitate to reform the structure of banking and industry in the interests of the entire United States, brings equal courage to the proper solution of a national problem that never has been handled satisfactorily since the birth of the Republic. For the first time a President insists on a just settlement of a national debt to its veterans and a refusal to pay more than is due.

Mr. Roosevelt first accepts the unquestioned fact of governmental responsibility to the war injured. In the other two points of his proposed compensation program may be discerned the dawn of a new day for the national taxpayer. He recognizes no obligation to a war veteran above that due any other class of citizen and would supply national care for the veteran needy only when all other sources of charitable aid are exhausted. This means definite abandonment of the pension policy under which the superannuated veterans of every American war have attached themselves to the pay roll of the Nation.

How quickly or how completely such a policy can be adjusted to the remaining veterans of the G.A.R. and those of the Spanish-American War already on the pension rolls, the President made no effort to explain. Full application of an altered national policy of compensation involves detail and may take as long a period as Mr. Roosevelt told the veterans national recovery will require.

In the broad principles he has laid down, the President has assailed one of the Nation's greatest problems with his customary courage and frankness of speech. His views are those of many former service men, notably those of the National Economy League, a majority of whom can not be changed with themselves drawing pensions even under a regular army contract. It is to be hoped the veterans will fall in step behind his leadership. The Nation, sick of governmental extravagance, is already forming ranks.—Dallas News.

A MODEL OF REAL LIQUOR CONTROL

Repeal of the 18th amendment is likely to give our capacity for providing ourselves with decent government one of the most revealing tests it has ever had.

When you look over the various liquor control schemes that have been suggested, you find that they all share one factor; each one depends for its success on an honest, efficient, alert and intelligent set of officials to enforce.

Here's a sample:

The liquor control law of one of the Canadian provinces, which provides for retail stores where liquor is sold in packages, has one extremely sensible provision. Not storekeeper is supposed to sell liquor to confirmed drunkards, to men who are prone to spend an undue proportion of their earnings on booze or to characters who are apt to make public nuisances of themselves when in their cups.

The liquor control commission checks up on its storekeepers very easily. It simply scans the police records for their districts. If any district shows a rise in drunkenness, a spread of poverty, an increase in crimes or any similar symptom indicating that too much liquor is being sold there, the license of the storekeeper in that district is revoked forthwith.

Every storekeeper knows that he will be out of a job if he fails to use good judgment in making his sales. Every storekeeper, consequently, has the best incentives for running his place as it ought to be run.

Now that is almost a fool-proof scheme, well worth copying in the United States. As much as any such plan can, it makes social considerations paramount in its handling of the liquor traffic.

But no one needs to think very long to realize that it would be no good whatever if its supervision and enforcement were in the hands of political hacks whose first loyalty was to the machine which gave them their jobs.

Let a Tammany, a Vare machine or any similar outfit pick your commission, and your fool-proof plan is as full of holes as a screen door.

And the same thing is true of any liquor control scheme that can possibly be devised. All of them will rest, ultimately, on the local government unit. They will give our ability to govern ourselves an acid test.—Wichita Record News.

After the outbursts from Senators Hatfield and Watson, General Johnson when inviting co-operation from members of Congress hereafter is likely to specify the kind.—Fort Worth Star Telegram.

CHURCH ZONE MEETING HELD NEAR TRUSCOTT

Zone No. 2 of Vernon District met September 21 on the banks of Mule Creek near Mararet with the Margaret auxiliary as hostess.

Mrs. O. C. Stapleton of Truscott zone leader, presided. Mrs. R. N. Huckabee of Quanah led the morning devotional, citing from the life of Jesus how he did most of his preaching among the beauties of the Great Out of Doors.

Bro. G. E. Turrentine of Crowell spoke on Our Next Move in our fight for Temperance.

Mrs. I. R. Hollingsworth of Quanah, District Secretary, in bringing her message asked that we put forth every effort to bring all our reports up in full this quarter.

Mrs. O. C. Stapleton and Mrs. J. A. Stovall of Thalia were reelected as zone leader and secretary, respectively. Mrs. T. L. Houghston of Crowell was elected chairman of program committee.

As a fitting climax to the days program the Dunlap auxiliary staged the playlet "Challenge of the Cross". This forcibly showed who should be a cross bearer and what each one gains who does bear his cross willingly.

After Paducah was selected as the next meeting place Mrs. Stapleton dismissed the program with prayer for a greater year in the future.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
COUNTY OF KNOX.

To the Sheriff or any Constable of Knox County—Greeting:

You are hereby commanded, that you summon, by making publication of this Citation in some newspaper published in the County of Knox, if there be a newspaper published therein; once a week for four consecutive weeks previous to the return day hereof, Isreal Goldberg, and the unknown heirs of Isreal Goldberg, Deceased; whose residence is unknown, to be and appear before us as Special Commissioners appointed by the Court to assess damages of The State of Texas, by reason of the construction, reconstruction, and opening of State Highway No. 16, upon, across and through certain real estate described in the plaintiff's petition, to which reference is herein made, and being Lots 7 to 12 in Block 215 Original town of Benjamin, Knox County, Texas, the fee simple title of which is alleged to be in the said Isreal Goldberg, and the unknown heirs of Isreal Goldberg, Deceased; more fully set forth in the petition of the State of Texas, acting by and through the Commissioners' Court of Knox County, Texas, No. — vs 2.

Isreal Goldberg, and the unknown heirs of Isreal Goldberg, Deceased; filed with the County Judge of Knox County, Texas, on the 19th day of September A. D. 1933, said Commissioners having duly sworn to assess said damages fairly and impartially, in accordance with law, do hereby appoint as the time and place for hearing said parties on the matter, the office of the County Judge of Knox County, Texas, at Benjamin, Texas, on the 27th day of October, A. D. 1933, a copy of this order shall be served upon Isreal Goldberg, and the unknown heirs of Isreal Goldberg, Deceased; and service thereof shall be notice to said defendants, and each of them, to appear at said time and place at ten o'clock A. M. at the courthouse for the purpose of offering any evidence they may desire as to the amount of damages to be assessed against The State of Texas, and to be paid to the said Isreal Goldberg, Deceased; and each of them respectfully for the right-of-way and strip of land described in said plaintiff's petition filed with the County Judge of Knox County, Texas.

Herein fail not, and have you before us on said date, this writ, showing how you have executed the same.

Witness our hands this the 19th day of September A. D. 1933.

FARM AND RANCH LOANS

I WISH TO ANNOUNCE THAT THE MUNDAY NATIONAL FARM LOAN ASSOCIATION IS NOW IN A POSITION TO INTELLIGENTLY TAKE APPLICATIONS FOR FEDERAL LOANS AT 4 1-2 PER CENT INTEREST.

ALSO THAT I WILL TAKE APPLICATIONS FOR LAND BANK COMMISSIONER'S LOANS WHICH ARE BASED ON 75 PER CENT OF THE APPRAISED NORMAL VALUE OF THE FARM OR RANCH, AND OR CHATTEL MORTGAGES.

I HAVE JUST HAD A CONFERENCE WITH ONE WHO HAS THE CORRECT KNOWLEDGE AND INFORMATION CONCERNING BOTH OF THE ABOVE KINDS OF LOANS, AND FEEL NOW THAT I CAN TAKE APPLICATIONS OF THE ABOVE KIND WITH A MAXIMUM POSSIBILITY OF SUCCESS, AND THE POSSIBILITY OF A MINIMUM COST TO THE APPLICANT.

CARD OF THANKS

We wish to extend our sincere gratitude to our many friends who ministered unto us in our late bereavement.

Kind hands smothered the pillow of our dear saintly mother, and lent their aid in every possible way to make our burden lighter in this the greatest of earthly trials.

May God bless you for the beautiful floral offerings, and the kind words of sympathy and for all the gracious kindness shown us.

May all these loving friends live so they may hear the welcome plaudit. "Come up higher, when peace and joy abide for ever."
