

Council Ends Delay—Moves To Seek Federal Funds For Work

By WAIN MILLER
News Editor

Hereford Community Council voted Tuesday to make separate applications for federal funds to finance its program development and to complete the first of several projects in its overall plan of work.

The council, which was formed three months ago to work for improvements geared to aid low-income area residents and migrant workers, will seek a \$6,000 operating grant and funds sufficient to install a permanent drainage system at a lake which last year flooded several homes near the Labor Camp.

Estimated cost of the lake drainage project —

chosen Tuesday as the first concrete goal of the council — is some \$20,000.

THE FUNDS will be sought through the Texas Office of Economic Opportunity, which will take the requests to the regional branch of the federal OEO.

The \$6,000 program development application would be for the purpose of financing operating and administrative costs of the council, such as employing a full-time executive director, maintaining an office and staff, and paying costs of compiling information pertinent to projects to be undertaken by the council.

AS IN THE CASE of the lake drainage proposal, specific projects would be financed in separate alloca-

tions, as the operating grant is designed only to handle administrative and operating costs in planning such projects.

A month ago, the council had postponed filing application for the \$6,000 program development grant until looking into matters further — after the group's initial request for a \$3,000 operating grant had been held up by the OEO, which had suggested the group consider the \$6,000 figure to finance operations for six months instead of three months.

At the same time, the OEO had advised the council to receive an official endorsement from the county commission; however, to date the commission

has refused to take action on the request for endorsement.

WHETHER THIS WILL have bearing on the council's application for OEO funds remains to be seen. Also at last month's meeting, the council agreed to establish programs of work on a local basis, seeking federal or state aid when needed.

However, members Tuesday said they felt application should be made immediately in order to have money available for projects expected to get underway this fall.

Absentee Voting Begins For Bond Vote, Primary

Absentee voting for the June 4 Democratic Primary and the June 11 county road bond election got underway this week in the county clerk's office.

As of Wednesday afternoon, 12 votes had been cast in the absentee polling for the second Democratic primary which began Wednesday morning.

ONLY TWO ballots had been cast for the June 11 \$450,000 county tax bond election, however. Absentee voting for that election began Monday.

Voting absentee for the primary continues through Tuesday. This will decide between C. B. (Berry) Miles and Ernest Wade for justice of the peace and Crawford Martin and Franklin Spears for state attorney general.

Balloting for the June 11 bond election continues through June 7.

Recreation Group Proposes Additional Sport Offerings

In its first meeting of the year, the Recreation Committee of the chamber of commerce voted to recommend that the Hereford school district consider providing for additional recreational and sports facilities

in future expansion plans. The committee agreed to recommend to the Hereford school board that "in any future expansion of the school physical plant, consideration be given to providing needed facilities for

other recreational sports such as tennis courts and swimming pool for all season use and that instruction be offered in those sports as a part of the physical education program of the school."

In discussion, it was pointed out that the Hereford school system may be somewhat behind other schools of similar size in providing training in sports which the student can enjoy as recreation beyond his school years.

ALSO EMPHASIZED was the fact that such sports would probably receive broader participation by students than do the usual competitive team sports.

Group Scraps Reservoir Plans

Members of the Water Resources Committee of the Deaf Smith County Chamber of Commerce voted to recommend the scrapping of all plans concerning construction of a large dam on Tierra Blanca Creek to provide a water reservoir.

The project had been talked off and on for several years and some three years ago had been adopted on the program of work for the committee, which met for the first time this year Wednesday morning.

ALTHOUGH the proposal had never gained any real momentum, it had been the topic of frequent discussion and some feasibility studies.

The motion adopted by the committee Wednesday was to cease support of consideration of constructing a dam for the purpose of establishing a water reservoir — which had been discussed as a possibility for municipal water supply use.

However, it was further moved that the committee institute study of costs and locations for one or more small dams to impound less than 200 acre feet of water, preferably to be locally financed and to be used for recreational purposes.

THE MOTIONS came after detailed discussion by members of the committee present at Wednesday's meeting, including cha-

irman Earl Holt and members Jerry Shipman, Virgil Dodson, Les Combs, Wayne Newsom, and See RESERVOIR Page 2

See RECREATION Page 3

NO MORE SCHOOL DAYS — Hereford school students got a preview of summer Wednesday before returning today for report cards. At left youngsters take on the first

day of vacation with enthusiasm, while the one at right was not so engrossed. Could he be had seen the view at middle of the municipal pool. Not open yet . . . but come

Services Held For F. W. Baird, Former Official

Fred Wallace Baird, resident of Hereford since 1900, former Deaf Smith County judge and for many years an accountant in county, city and school district tax offices, died in a hospital here Monday after a long illness. He was 76 years of age.

For the past 15 years he had been in the tax office of Hereford Independent School District he served as county judge from 1943 to 1947 and was deputy county tax assessor-collector a number of years.

ACTIVE in the Presbyterian Church and in Hereford Lions Club, he had held various offices in the latter organization. See SERVICES Page 2

Some 900 Here Enroll Medicare

(Special To The Brand)

NEW YORK — Just what proportion of the over-65 population of Deaf Smith County will be enrolled in medicare when July 1 — (M-Day) arrives is still an open question.

For those who have not yet signed up, there is still time to get in under the wire. The deadline is May 31st.

ALTHOUGH the final figures See SOME Page 10

Commissioners Outline Plans, OK Trailer Tax

County commissioners heard a request from a group of some 20 farmers that paving be planned for their area — between Hereford and Dawn to the north of U. S. Hwy. 60 — and adopted by a 3-1 vote tax schedules for certain types of personal property during their regular meeting Monday.

Asking that their area be included in any plans for paving in the county were farmers and residents from an area along a line running roughly from the former Progressive school east towards Dawn and west towards U. S. 385 north of Hereford.

The meeting resulted in formation of a committee comprised of farmers in the area to seek easements for roads.

THIS CAME after precinct one commissioner Earl Holt, in whose territory the area lies, assured the group that paving would be considered if a proper road route can be obtained.

Spokesman for the group said that farmers did not wish to be "left out of paving programs because of mistakes in the past," referring to the fact that placement of wells and other improvements in the highly-developed farming area leave little room for passage of a state Farm-to-Market road because of regulations requiring a 100-foot right of way.

Holt had told the delegation that this appeared to be the main drawback in establishing paved roads in that particular area, and that the only way roads could be paved would be to obtain a clear right of way.

Later in the day, commissioners okayed property assessment See FARMERS Page 5

Canine Control Warned

A city-wide crackdown to rid Hereford of the rising number of stray dogs and cats was announced Wednesday by Hereford City officials.

City Manager Dudley Bayne said that all dogs running loose in the city will be picked up and — if they are not tagged and are not claimed within three days — will be put to sleep. Those animals which are picked up with tags will be kept while the owner is notified and a fine of up to \$200 may be imposed on the owner, according to city officials.

THE CRACKDOWN came after an alarming number of stray See CANINE Page 3

CITES FORMER COLLEGE

Pioneers' Agenda Includes Marker

Sidelighting the Mid-Plains Pioneer Day here Monday will be a brief dedication ceremony for a Texas Historical Marker describing the former Panhan-

die Christian College. More than 500 persons are expected for the annual old-timers' reunion sponsored by the Mid-Plains Pioneer Association. AND MANY of those on hand will be ex-students of the four-year college which operated on a site near the present Hereford High School building from 1902-1912.

The marker, erected on the high school campus here this week, will be dedicated at 3 p. m. Monday in conjunction with Pioneer Day activities which get underway at 9 a. m. (The marker is pictured in photo in this issue of the Brand.)

The fourth official Texas Historical Marker to be erected in the county through efforts of the Deaf Smith County Historical Survey Committee, the marker to be dedicated Monday was arranged by ex-students of the college.

THE ROCK BASE for the marker is constructed from stone used in the original college building.

Making the dedicatory address will be Dr. Joe Clark of Huntsville, son of Randolph Clark, who, along with his brother Addison Clark, founded the college under the name of Addison College in 1902.

In 1903, the college was transferred to the Christian Church for financial support and renamed See MARKER Page 5

June 1, when the pool opens, maybe he'll have something to do. (Staff Photos by Tyler Vance)

Council...

(Continued from Page 1)

work towards plans in their respective areas and their reports were presented to the council Tuesday.

The recreation committee outlined three specific projects, one of which is accomplishing the draining of the lake.

Chairman of a subcommittee on draining the lake appointed by recreation committee chairman Frank Ford is Tom Harkey, who said that preliminary cost estimate for installing a 36-inch drain from the lake into Tierra Blanca Creek is some \$20,000.

He pointed out that engineers from both the Santa Fe Railway and the Soil Conservation Service have surveyed the area and recommended route for the 2,200-foot long drainage system.

Community Council chairman Virgil Dodson said that he felt that draining the lake should be the first undertaking of the council, since many other projects — such as a proposed park development — hinge upon draining the lake.

COUNCIL MEMBERS AGREED and Bruce Miller made a motion that the council apply for funds to drain the lake, based upon bids to be secured by the recreation committee. The motion was seconded by Ed Dziuk.

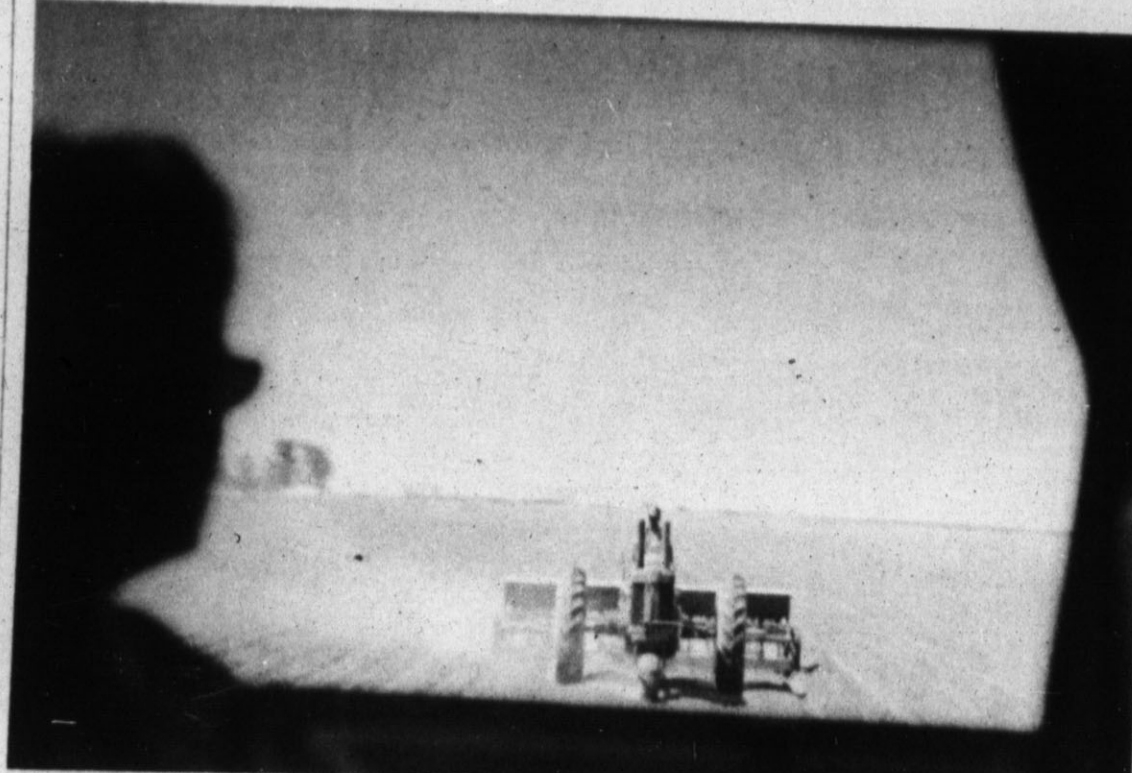

In discussion of the motion, Dr. C. E. Rush asked what had become of requests of local governing agencies to aid in the project.

John Douglas Pitman, who was appointed by the county commission last fall to work on the committee which later evolved into the Community Council, said that the county had at one time tentatively agreed to contribute three or four thousand dollars towards the project.

However, attempts to raise funds elsewhere for the remaining costs of the project met little success.

"I AGREE that it would be well to do this through the county or city," said Miller concerning his motion, "but I don't think they will do it, as this thing has been kicked around for years and nothing has come of it."

Both city and county officials have said that it would be illegal to appropriate funds for the project, except to erase a menace to public health or safety, since the lake lies entirely on private property.

VIEW FARMS — Some 30 British agriculturalists made a tour of the Hereford area via charter bus Monday afternoon. Arranged by the Grain Sorghum Producers Association, the tour visited Hereford and other areas of the Panhandle as a part of a nationwide swing. (Staff Photo by Tyler Vance)

SPONSORED BY GSPA

British Agriculturalists See Hereford Area Farms, Feedlots

Some 30 British agriculturalists toured the Hereford area by charter bus Monday afternoon as guests of the Grain Sorghum Producers Association. The group represented the A. H. Thorley & Son seed company of England, and is on a nationwide tour of American scenic and agricultural areas. The English visitors had lunch at the Caison House in Hereford before traveling to the Black elevators and Friona Feed Yard.

The group was most impressed by the large scale on which American agriculture operates. The visitors were also amazed by the size of the feed yards they visited.

Nelson pointed out that England is one of the largest customers for U. S. grain sorghum and that it has been regularly utilized in feed mixes distributed by the Thorley firm.

He said that it is felt that scientific and cultural exchange will strengthen the position and market for greater sales of U. S. grain sorghum.

A similar GSPA tour for a group of Italian journalists visited the Hereford area a week ago.

Pitchers on the 1966 San Francisco Giant roster accounted for 96 National League wins in 1965. That's one game more than the Giants won. They lost the pennant to the Dodgers by two games.

adults and dropouts, special programs for children in school, and making facilities such as libraries and gymnasiums available for use at night and on Saturdays.

Housing and Self-Help committee report was given by Ed Dziuk, who said that those who would benefit from improvements at the camp are displaying high interest in such plans.

"SEVERAL RESIDENTS of the camp have assured us that if a self-help program is started, they would participate," Dziuk said.

"This would be a program where the government would furnish money to buy building materials for owners of residences, who would repay it over a period of about 30 years through FHA.

"The camp residents would do the work and the government would pay them at the minimum wage to do the work.

"We would work into this along with another program by sending volunteers to San Antonio, where they would be trained to do the carpenter work and painting in a similar self-help program there.

"THEY WOULD receive \$50 per month wages while they are training and then they would come back to work in the project here and teach the others. We already have two men who are willing to go to San Antonio and I'm sure others will go later. Right now there is plenty of work for them and this would have to be projected during the unemployment season for the seasonal workers," Dziuk said.

Commenting on the plans, Dodson said that a similar program is underway in San Antonio, where an official said that a house which would cost about \$10,000 could be constructed for as little as \$4,000 through this system.

THE PLAN IS a two-in-one project. (1) It will upgrade housing, and (2) it will train workers in a trade.

The vote to apply for the \$6,000 program development grant came late in the meeting, after Dodson had discussed the need for funds to cover current expenses which were being borne by individuals on the council.

Then came the discussion in which the council members agreed that application had best be made now for the \$6,000 grant. Making the motion was Dziuk. Second was by James Gouley. There was no opposition.

Reservoir...

(Continued from Page 1) dy Kershen, C. R. Winget, Dudley Bayne, Don Johnson, Wilton Green, Jim Lipscombe, Paul Coneway, and chamber manager Bill Thompson.

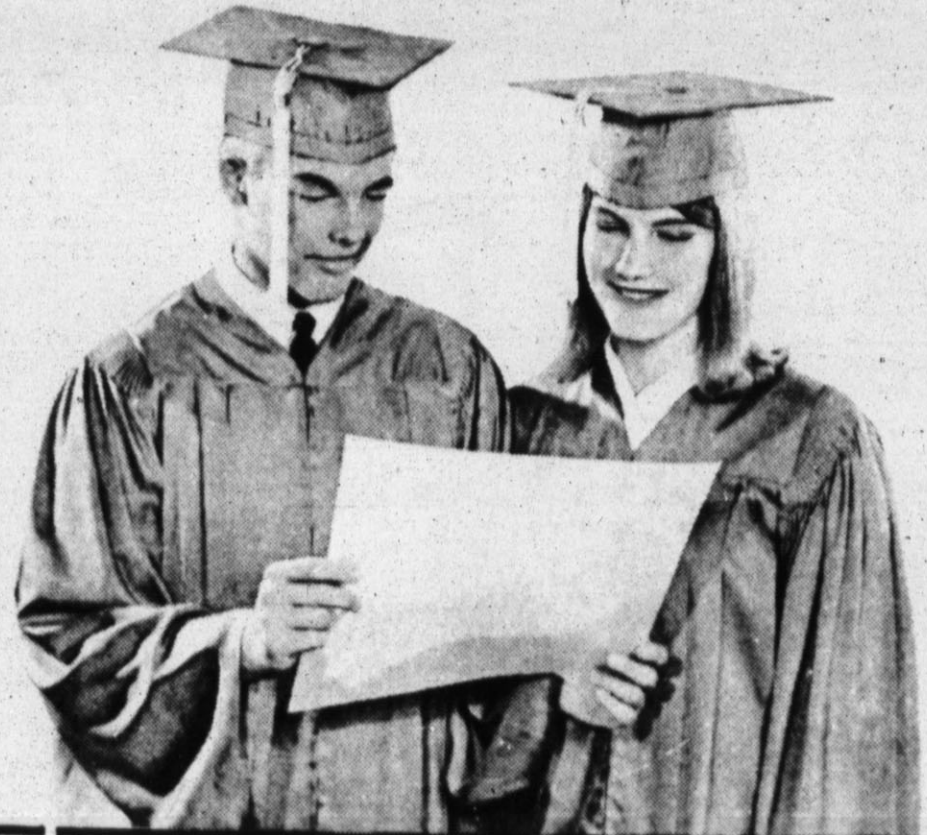

The motion passed by the committee was to make the above recommendations to the chamber's board of directors.

Committee members said that studies showed that the proposed large reservoir lacked economic justification.

In other business, the committee discussed the current status of plans for the North American Water and Power Alliance (NAWAPA), which proposes importation of water from northern regions to serve the western portion of the U. S. No action was taken concerning the discussion.

untagged dogs have been seen in the city. Stray dogs increase the possibility for an outbreak of rabies and complaints to the city commission brought the order for the crackdown.

All animals which have not been vaccinated against rabies within a year's time should be taken to the veterinarian for an inoculation, officials said. After being vaccinated, dogs should be tagged.

Inoculation of the animals can be done by a veterinarian for \$2 or \$3 in Hereford.

Many persons think dogs are the main carriers of rabies, but any warm blooded animal can contract the disease, according to a local veterinarian.

THE DISEASE is a virus which is transferred from the saliva of an infected animal into an open wound of another animal or person.

A disease of the central nervous system, rabies is commonly confused with many other conditions. Definite diagnosis is usually impossible until pathological studies are made of the brain tissues.

THIS IS THE main reason that

if a person is bit by a wild animal the animal should be killed, but the head should be left in tact. If the animal is shot, it should be shot in the body — not in the head. The animal should then be saved for medical examination.

Domestic animals should not be destroyed, but confined safely until the disease terminates in death or the veterinarian can tell that the animal is not afflicted with the disease.

ONE OF THE best ways to help prevent the disease from spreading is the annual vaccination of household pets according to the veterinarian.

Immediate washing with soap and water and the application of the usual antiseptics in the event of an animal bite is the best first aid measure.

Animals biting persons should be located and kept under observation for a period of 10 days.

A physician should be consulted for advice and treatment.

The treatment of a human for rabies is a painful process, according to physicians. Treatment requires a series of 14 shots given over a period of 14 days.

A large amount of vaccine antibody taken from another animal must be discharged into the

inflicted person's body to weaken the virus before it has a chance to reach the brain tissue where, it would prove fatal.

TEACHERS RECOGNIZED

Service Awards Presented At School Employee Event

A noon luncheon Wednesday honored the employees of the Hereford school system, and paid special tribute to teachers who have been in the local system 10 years.

Johnny Clark, superintendent of Hereford schools, presented several service pins to teachers who had been with the school system for 20 or more years.

Those receiving pins for 20 years of teaching were Miss Vida Hicks, Mrs. Leta Kaul, Mrs. Claudiola Brown and Mrs. Elanore Hudspeth. In administration, 20-year pins went to Mrs. Lois McDonald and Miss Della Stagener.

HIGHLIGHT of the luncheon, attended by some 200 people, was the presentation of an award to Miss Lucy Givens, who is retiring after 12 years as a public school teacher.

The school board passed a resolution honoring her for her service. As the resolution was read by Superintendent Johnny Clark, the crowd rose to a standing ovation.

TEN YEAR service pins were also presented to several teachers; they were Mrs. Virgil Dodson, Mrs. Hazel Stewart, Mrs. Melva Fortenberry, Mrs. Alta Mae Higgins, Mrs. Ruby Mulkey, Mrs. Marie Ratchiff, Mrs. Doretha Prowell. In ten year administration were Roy Hartman, Mrs. Dorothy Mercer, and

Mrs. Adelle Clark.

In closing, the Superintendent expressed his thanks to the teachers and all other persons associated with the school system, for cooperating so well during the school year. The superintendent also reminded the faculty of the busy schedule

planned for instructors during the summer vacation. Clark urged the teachers to take part in the many workshops to be held in the next few months.

Labry Ballard, president of the school board, also expressed thanks to all connected with Hereford schools.

Seniors . . .

by Mrs. Weldon Stephan. Class colors are yellow and white and class flower is the yellow rose.

Presenting the class will be Supt. Johnny Clark Jr. and diplomas will be presented by Labry Ballard, chairman of the Hereford school board.

Invocation will be by class president Virgil Barber; Benediction, by class secretary Jon David Miller.

THE 174 graduates are among some 123,166 high school seniors throughout Texas receiving diplomas this spring, according to the Texas State Teachers Association.

On the state-wide level, some 65 percent are expected to enroll for higher education in college or business schools.

OF THE HHS graduates for 1966, some 82 percent will con-

tinue education, a rise of six percent over the figure for the local graduates in 1965 and well above the state average.

Size of the Class of '66 is second only to 1965, which had 185 members. In 1964, Hereford High awarded diplomas to 131 students, and in 1963, 101.

Graduating seniors and a capacity crowd of friends and relatives attended Baccalaureate Sunday evening, where they were challenged by the Rev. Noah Arnpriester.

Class sponsors are Miss Ann Warrick, Mrs. Coleen Billingsley, Eddie Coplin, Ted Swindell, Jess Robinson, and Virgil Young.

Mrs. Billye M. Buck serves as sponsor coordinator.

Included in the Class of '66 are several students who completed graduation requirements at mid-term. Graduates are pictured elsewhere in this edition of the Brand.

POPPY DAY SALE — Seven-year-old Jo Anne Wagner makes a sale of a veterans' memorial poppy to Bob Renfro on a downtown corner Wednesday, when the American Legion Auxiliary conducted its annual sale of the scarlet paper flowers to raise funds for aiding hospitalized war veterans and their families. Jo Anne, daughter of the Les-

ter Wagners, is one of the youngest members of the Junior Legion Auxiliary. She is accompanied by her grandmother, Mrs. Mabel Wagner, an Auxiliary member. The memorial poppies, made by patients in veterans hospitals, are replicas of the flowers which grew wild in the fields of France and became a symbol of fighting men in World War I.

Marker . . .

(Continued from Page 1)
ed Hereford Christian College.
In 1904, the four-year co-educational institution became Panhandle Christian College.
It was forced to close for lack of finances in 1912, but the building housed Hereford High School from 1915 until 1926, when the high school moved into what is now Stanton Junior High.
Ezra Norton, president of the Mid-Plains Pioneer Association, said that a turn-out of more than 500 is expected for the reunion in the Bull Barn.

Farmers . . .

(Continued from Page 1)
schedules for certain types of personal property.
INCLUDED WAS provision for taxing owners of mobile homes for the first time in the county.
Also approved were schedules for cars, pickups, and livestock, which remain unchanged from last year.
However, the motion to approve the schedules drew a 3-1 vote as commissioner Donald Hicks opposed on the basis that he felt rates assessed for trailer houses were too low, compared to rates assessed dwelling house owners.

Tax consultant Donald Henslee, who drew up the schedules, said that he felt the assessments were fair, according to "blue book" values for mobile homes. Other commissioners said they based their vote on the issue upon the tax consultant's recommendation.
THE ADDITION of mobile home owners to the county tax rolls is expected to bring in between \$2,000 and \$2,500 in new taxes to the county till.
THE DELEGATION of farmers who met with commissioners for more than an hour during their morning session were from a 100-square mile area, where some farmers are as much as seven miles from pavement.
They said that they decided to meet with the commission to hear first-hand its plans for a proposed paving program, the fate of which will be determined in the June 11 \$450,000 bond election.

Holt emphasized that although proposed paving projects in other portions of the county were pretty well finalized, pending the bond election, he had held up making a recommendation regarding paving in precinct one in an attempt to find a suitable route through the area represented by the farmers.

THUS FAR, he explained, checks had been made on all major roads in the area and obstacles such as wells, underground irrigation pipeline, and even houses have made it impossible thus far to find a suitable route meeting state requirements.
He advised the group to see if they could obtain easements for a 100-foot right of way in the area and said that the commission would delay any final action on paving plans in precinct one until the committee had time to see what it could do.

Alternate location of paving would probably be south from the east edge of Hereford to the county line, commissioners indicated.

Recreation . . .

(Continued from Page 1)
The committee members agreed that if the new vocational program being initiated by the school district is to be realized by a bond issue, the development of facilities for swimming and tennis might be incorporated into the bond proposal "with good justification."

RECENT SCHOOL board discussion indicates that a small bond election may be called this fall to finance enlargement of the high school vocational building.

However, the board has made no mention recently of physical education program enlargement, although recent board action did establish an athletic policy for the school in which was stressed the need for sports participation by as many students as possible.

The chamber recreation committee was in its organizational meeting for the new year and the recommendation concerning the school program came following a review of projects discussed by the committee in previous years.

Of course, any action on the proposal would rest with the school board.

The motion carried unanimously. Members present were Jerry Shipman, Bartley Dowell, Ray Todd, and Wayne Lawrence. Presiding was chamber board member Dub Hair in the absence of the committee chairman.

Philadelphia's Witt Chamberlain still holds Big Eight records for most rebounds (36) and most points (52) in one game and for best one-season and career averages in scoring and rebounding.

Road-E-O Competition Set Saturday Morning

A number of Hereford teenagers will compete in the 15th Annual Road-E-O sponsored by the local Jaycees and Stephens-

Hudson Motor Co. **THE WINNER OF** the local contest will compete in the State contest in Pampa in June with

their expenses paid by the Hereford Jaycees.

Contestants will compete in the parking lot of the Hereford Community Center where they will drive 1966 Comets furnished by Stephens-Hudson Motor Co.

Those wanting to enter the contest can pick up entry blanks at Stephens-Hudson

Motor Co. **TO BE** eligible one must not have turned 19 years of age before Aug. 1, 1966.

He must not be married until after the national finals which will be held at the end of July or the first week in August, 1966.

Those entering must not have

a pending charge or a moving violation and not have been convicted of such violation in the six months prior to the national finals.

PRIZES in the contest include a 1967-model car, a 2,000 scholarship, a 1,500 scholarship, \$1,000 scholarship and many trophy awards.

Entries for the event will be taken until 8:30 a. m. Saturday by the Jaycees.

Parents must sign the entries before anyone can enter the contest.

Blanks must be taken to the local Jaycee organization or to Stephens-Hudson Motor Co.

The Hereford Brand, Hereford, Texas, Thurs., May 26, 1966

The champion of the Big Eight holiday basketball tournament has gone on to win the league championship only nine times in the tourney's 19-year history, while finishing second six times.

Dave Wickersham, who expects to be No. 1 man in the bullpen of the Detroit Tigers next season, is filling in a relief role for the Fellowship of Christian Athletics this winter. He works out of the Kansas City headquarters and makes speeches over a wide area.

ORDER FOR BOND ELECTION THE STATE OF TEXAS COUNTY OF DEAF SMITH
ON THIS, the 13th day of May, 1966, the Commissioners' Court of Deaf Smith County, Texas, convened in regular session at the regular meeting place thereof in the Courthouse at Hereford, Texas, the following members of the Court, to wit:
H. C. WILLIAMS, COUNTY JUDGE, Presiding; and EARL HOLT, COMMISSIONER, Precinct No. 1; M. R. LATHAM, COMMISSIONER, Precinct No. 2; BRUCE COLEMAN, COMMISSIONER, Precinct No. 3; R. DONALD HICKS, COMMISSIONER, Precinct No. 4; being present, and among other proceedings had were the following:
WHEREAS, the Commissioners' Court of Deaf Smith County, Texas, deems it advisable to submit to the resident qualified taxing electors of said County, who own taxable property in said County and who have duly rendered the same for taxation, a proposition for the issuance of bonds of said County for the purpose herein after stated; therefore,
BE IT ORDERED BY THE COMMISSIONERS' COURT OF DEAF SMITH COUNTY, TEXAS:
THAT an election be held in said County on the 11th day of June, 1966, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption of this order, at which election the following proposition shall be submitted to the resident qualified taxing electors, who own taxable property in said County and who have duly rendered the same for taxation, for their action thereupon:
"SHALL the Commissioners' Court of Deaf Smith County, Texas, be authorized to issue the bonds of said County in the total principal sum of FOUR HUNDRED FIFTY THOUSAND DOLLARS (\$450,000) to mature serially at such times as may be deemed most expedient by the Commissioners' Court, but not later than TWENTY (20) years from their date, and to bear interest at a rate not to exceed FIVE PER CENTUM (5%) per annum, payable annually or semi-annually, and to levy ad valorem taxes sufficient to pay the interest on said bonds and create a sinking fund sufficient to pay the principal thereof at maturity, for the purchase or construction of bridges and improvement and maintenance of the public roads in and for said County, pursuant to authority conferred by the Constitution and laws of the State of Texas?"
THAT said election shall be held under the provisions of the Constitution and laws of the State of Texas, particularly Chapter 1, Title 22, Revised Civil Statutes of 1925, and all persons who are legal voters of said Deaf Smith County, Texas, and who are resident property taxpayers of said County, and who have duly rendered their property for taxation, shall be

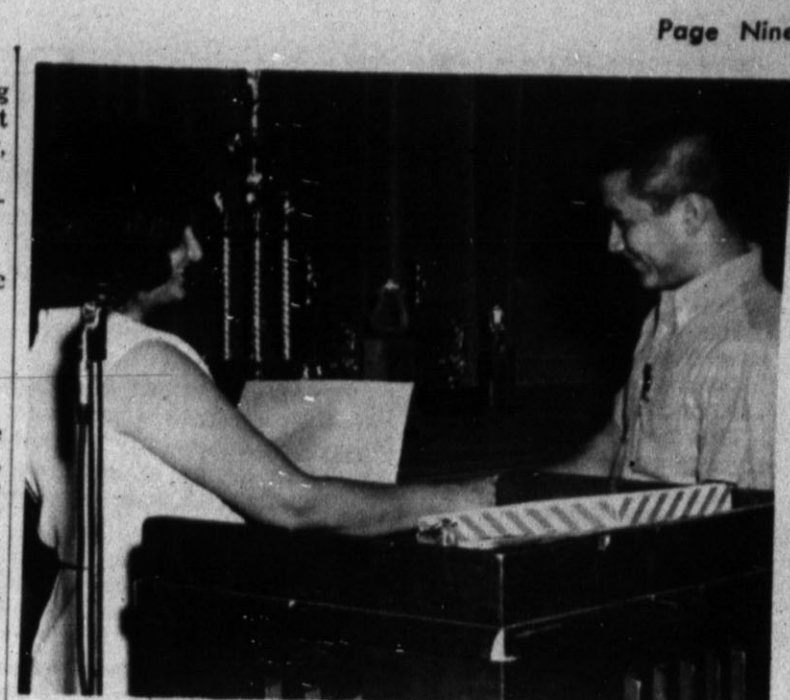

question being called for, the following members of the Court voted "AYE": Commissioners Holt, Latham, Coleman and Hicks; and none voted "NO".
PASSED AND APPROVED, this the 13th day of May, 1966, S/ H. C. WILLIAMS County Judge, Deaf Smith County, Texas S/ EARL HOLT Commissioner, Precinct No. 1 S/ M. R. LATHAM Commissioner, Precinct No. 2 S/ BRUCE COLEMAN Commissioner, Precinct No. 3 S/ R. DONALD HICKS Commissioner, Precinct No. 4 T-20-2c

RECEIVES SCHOLARSHIP - Ernest Rodriguez, son of Mrs. Teresa Rodriguez of 829 Knight, was the recipient of a \$250 scholarship awarded by the local chapter of the American GI Forum. He plans to attend Texas A&M University. Making the presentation was Mrs. Frank Torres, Forum Auxiliary chairman.

INDIANS BEST AT HOME, CLEVELAND (AP) - The Cleveland Indians had the best home run record in the American League during 1965, winning 52 of 82 games. The Minnesota Twins were next best, winning one game less but losing the same amount, 30. They had one game rained out but it wasn't necessary to make it up because the Twins won by a seven-game margin over the second place Chicago White Sox.

Farm Income Drop Continues

COLLEGE STATION — Net agricultural income in Texas is declining even though the price of farm and ranch land zooms.

This unusual relationship has existed since 1949, and all indications are that it will persist indefinitely.

THE LAND PRICE—farm income divergence is documented in a report prepared by two Texas A&M University professors, Dr. A. B. Wooten and F. B. Andrews.

Their work covers virtually all crop and livestock production areas of the state, and includes 1947-49 through 1963.

The relationship can be seen in this example given by Wooten and Andrews:

In 1948, it would have taken a South Plains wheat farmer only 4.4 years to pay for his land if he applied all his net farm income to payments; in 1963, it would have taken him 11.6 years.

For a Southwest Texas cattle rancher, the figures are 12 years and 27 years. For an irrigated High Plains cotton farmer, 3.6 years and 7.1 years.

"THIS EXISTING and expanding gap between land prices and net income indicates that agriculture land prices are increasingly determined by factors external to agriculture, such as hobby farming, rural homesites, speculation and recreation," the report states.

Wooten said the gap is greater now and more sustained than ever before in the history of Texas.

"It's changing the whole concept of land use," he said. "The land used to be used almost solely for production. Now, it's becoming more and more just another consumer good, to be bought and sold for all kinds of reasons not related to farming and ranching."

THE AVERAGE price of such land in Texas in 1963 was a record-high \$94 an acre, they reported. That's an increase of 124 percent over the 1949 price of \$42. It's up 31 per cent over the 1964 price of \$72, and 10 per cent over the 1960 figure of \$85.

The most expensive agricultural land in Texas in 1963 was in the Upper Rio Grande Valley

south of El Paso. It sold for an average of \$700 an acre.

The next most expensive were Coastal Bend, \$349; Lower Rio Grande Valley, \$301; South Plains, \$265; and Coastal Prairie, \$232.

TEXAS PRODUCES crop and livestock products worth more than \$2.25 billion a year. But the profit or net income from this gigantic enterprise is going down.

Wooten said this was so primarily because of higher production costs such as those stem-

ming from increased mechanization.

But the price of land still goes up, and one reason cited in the report is the intense urbanization of Texas and the subsequent need of the citydweller for rural recreation.

"In some counties located near large metropolitan areas," they wrote, "as much as 50 per cent of the 1933 land sales were purchased by out-of-county buyers."

They gave these general facts about the 1963 state land mar-

THE VOLUME of land sales were 22 per cent above the 1960 average;

Seventy-three per cent of all sales were mortgaged; interest rates ranged from 4 1/2 to 10 per cent;

The seller was the principal lender;

The Veterans Land Board handled about 15 per cent of all sales; and

All or some of the mineral rights were retained by the seller in 60 per cent of the trans-

filling the treasurer's post in repeated terms over the years since the club was organized.

Mr. Baird came to this county with his parents, the late Mr. and Mrs. R. W. Baird, at the age of 11 from Pottsboro, where he was born Nov. 1, 1889. He attended Hereford schools and was a student one year at the old Panhandle Christian College here.

Later he attended West Texas State College and was graduated from Texas Christian University as a business major. He served 10 years in the U. S.

Army immediately after World War I.

Never married, Mr. Baird is survived by a brother, H. C. Baird, 111 Douglas; a nephew, Bob Baird of Federalway, Wash. and a niece, Mrs. Mary Ann King of Corpus Christi.

Funeral services were conducted Tuesday afternoon in the Presbyterian Church with the Rev. Russell Wingert, pastor, officiating.

Burial in West Park Cemetery was directed by Gilliland Funeral Home. Pall bearers were Tom Draper, J. B. Noland, Ralph Hastings, Robert Veigel, Tom Robinson, Robert Wagoner, A. J. Schroeter and Robert Thompson.

To the Seniors who, like those before them, give their best efforts in all they do, we say Good Luck and . . . **CONGRATULATIONS**

will not be known until that date, a close approximation is now possible, thanks to recent government data on the number of older people in each section of the country and on the rate of enrollment.

The new data, from the Department of Commerce, shows that there has been a considerable rise in the nation's over-65 population since 1960, when the last census was taken. The total is now over 19 million.

IN DEAF SMITH County, some 6.4 percent of the local population are currently in that age bracket. This compares with 5.7 percent in 1960.

Elsewhere in the United States the average is 9.3 percent. It is 8.0 percent in the State of Texas.

All of these men and women will automatically be entitled to the hospitalization part of medicare.

This includes hospital services, nursing-home care and various other benefits. There is no charge for this phase of the program.

WHAT THEY will not get, unless they apply for it, is government-sponsored insurance that will take care of most of their doctor bills. This supplementary protection is available at a cost of \$3 a month.

In Deaf Smith County, the great majority of local residents over 65, an estimated 890 of them, have already signed up for it.

The great unknown is what will happen on M-Day. Will there be a rush to the hospitals of old folks who have been putting off surgery to the time medicare will pay the bills? If so, will the facilities be swamped?

According to Wibur J. Cohen, Under Secretary of Health, Education and Welfare, an increase may be expected but it will not be enough to overload the average hospital.

He said that was why July 1st was chosen as the starting date. July and August are normally months of low patient loads, he explained.

Mike Garrett, 1965 Heisman trophy winner and halfback at the University of Southern California, signed a pro football contract with the Kansas City Chiefs.

When the San Francisco Giants played in Pittsburgh last season they dropped eight of nine games to the Pirates.

"Golf Begins At 40" Meet Set For Memorial Weekend

50 Golfers Expected At John Pitman Course

By DAVID BUTLER
Sports Editor

John Pitman Municipal Golf Course will be a humdrum of activities over the Memorial Day weekend as the "Golf Begins at 40" tournament gets underway.

Play will begin in the tournament Saturday and will wind up Monday with the finals.

There will be \$110 in prizes awarded to winners in the event with the first place winner receiving a \$40 pair of golf shoes.

The second place winner will be given a golf bag, third place winner will receive a set of head covers for his clubs and three balls will be awarded to all players who finish the tourney, but were out of the money.

ONLY ONE qualification is required of the players in the event — they must all be 40-years-of-age, or over.

Entry fee for the tourney is \$15.

Club officials said that an anticipated 50 players would enter in the tournament.

Jeff Sorrella, of Dalhart, is last year's winner and will be the defending champion in this year's tournament.

THIS TOURNAMENT is the first in a number of special events which have been scheduled on the local golf course.

Officials said the tournaments which have already been scheduled are not complete — there may be more scheduled during the summer.

Saturday will be the qualifying round. Entrants will play in eight-man flights.

PLAYERS will tee off in a foursome of their choice or will be paired as they arrive.

The qualifying round will include 18 holes of medal play.

Saturday entrants will play two matches of nine holes, remaining in the same foursome for both matches and winners will play winners and losers, losers.

Sunday, entrants will play in the finals in all flights. Play will be comprised of 18 holes of match play.

PRIZES will be awarded following the final round of play at the course.

The next scheduled tournament will be the Pro-Am tourney set for June 6.

During the holiday weekend of July 2-4 the local course will sponsor the Men's City Championship Tournament.

A second Pro-Am tournament is scheduled at the local course Aug. 1.

THE FINAL tournament scheduled will be Sept. 10-11 and will be the annual Hereford Invitational tournament.

More events may be added to the schedule before the summer is over, according to club officials.

Baseball Games Called For Graduation Night

All Pony League and Little League games scheduled for tonight will be postponed until a later date due to graduation.

Little League officials said that the games will probably be played on Saturday at the same time as the usual games. The date and time for the Pony League make-up game will be announced later.

Annual Duel Scheduled At Amarillo Drag

This is the weekend for the Seventh Annual Texas-California challenge drag meet at Amarillo Dragway in Amarillo.

Action will begin at 7 a. m. Sunday when time trials will begin.

All entries will be in as usual by 12 noon and the finals will begin at 2 p. m.

A number of the nation's top dragsters and drivers will be on hand for the competition which will offer some \$1,000 in prize money to the winners.

LIONS LIST NINE FOES NEW YORK — Columbia University's football team will play nine games next season. Seven of them will be against Ivy League foes.

Colgate has replaced Lafayette on the Lion schedule and the Red Raiders will be met here in the opener on Sept. 24. Only other non-league game for Columbia is with Rutgers at New Brunswick, N. J., on Oct. 22.

Pony League Play Sees Close Games

Hereford Pony League players continued into their second week of play after scattered showers put the damper on Friday's games last week.

THURSDAY the White Sox edged the Red Sox 9-8 in a game that was nip and tuck all the way.

Jerry Odom was the winning pitcher and he was caught by Johnny Wall. Pat Prinkman was the losing pitcher and was caught by Otis Robinson.

The Red Sox got 11 runs on 11 hits and committed two errors.

White Sox players got nine runs on 12 hits and also committed two errors.

PAUL HENDON, Otis Robinson and Percy Mays all hit multiple base hits for the White Sox. Wall, Odom and Whitaker doubled and Woodward tripled.

Monday the Indians slipped past the Red Sox in another close one, 10-9.

The Indians scored their 10 runs on seven hits and committed one error. The Red Sox got nine runs on three hits and committed two errors.

KENNETH LAING was the winning pitcher in the game.

Donny McDermitt was the only player to hit a multiple base hit when he tripled for the Indians.

Tuesday evening the Twins defeated the Orioles in a runaway

game, 17-1. The big inning for the Twins was the third when they scored 11 runs.

Twin players scored the 17 run on 11 hits and committed two errors while the Orioles scored only one run with one hit and committed four errors.

JEFF LOERWALD was the winning pitcher and was caught by Santry Rush. Tim Thurman was the losing pitcher and was caught by Eddie Robinson and Reese Dawson.

Ricky Lee and Jeff Loerwald both doubled for the Twins. Twin manager said that Jeff Loerwald did an excellent job of pitching during the game.

In another run away game Tuesday the White Sox clobbered the Tigers 17-1.

The White Sox scored their 17 runs on eight hits while committing two errors. Tiger players got one run on one hit and committed two errors.

JERRY ODOM was the winning pitcher and was caught by Johnny Wall. Ismail Varias was the losing pitcher and was caught by Alan Wagner and Paul Loerwald.

Jerry Odom, Steven Olson and Mike Higgins did an excellent job when they pulled a double play for the White Sox.

The make-up game for last Friday will be played at a later date, according to Pony League officials.

GRAND OPENING

NEW 1966
Admiral
DUPLIX
No defrosting FREEZER-REFRIGERATORS

Introducing
NEW DUPLIX 19

ONE MINUTE, PLEASE

THE CHURCH I LOVE . . .
DEPENDS ON WISDOM
FROM ABOVE (35th. in a series).

"Let no one deceive himself. If any one among you thinks that he is wise in this age, let him become a fool that he may become wise." (1 Corinthians 3:18).

"For the word of the cross is folly to those who are perishing, but to us who are being saved it is the power of God." (1 Corinthians 1:18).

The wisdom of the world described as "earthly, unspiritual, devilish," bears the fruit of "bitter jealousy and selfish ambitions in (men's) hearts." (James 3:13-15). What sorrow, heartache, pain and devastation has come to mankind because of this devilish fruit! "Bitter jealousy" has brought ruin to countless homes, and husbands and wives and children have suffered. "Hearts filled with selfish ambitions" from small unknown people to world dictators have brought havoc and ruin to millions of lives.

"But the wisdom from above is first pure, then peaceable, gentle, open to reason, full of mercy and good fruits, without uncertainty or insincerity." (James 3:17).

God so loved us that he gave his only begotten Son, (John 3:16). This Son Jesus Christ is "The power of God and the wisdom of God." (1 Corinthians 1:24b). The world has refused to accept Christ and the Bible that tells of his power and wisdom. Instead the world follows its own wisdom which has proved to be foolishness that brings chaos and deep sorrow to the multitudes.

"Look carefully then how you walk, not as un-wise men but as wise, making the most of the time, because the days are evil." (Ephesians 5:15, 16).

31ST TEXAS

RECEIVE PRIZE MONEY — These five bowlers took fourth place in the 31st Annual Texas Woman's Bowling Association Tournament in Austin recently and the prize money was awarded Saturday evening at the women's bowling banquet. The bowlers are Mrs. Clea Weemes, Mrs. Jean Watts, Mrs. Maggie Anderson, Miss Alice Lueb and Mrs. Wilma Clark.

Sports

footnotes

by david butler

Another school year has ended at Hereford High School — thus ending another year of sports at the school.

It seems like only a few weeks ago that we first went out to the field house to get a story about the prospective 1965 football team.

A LOT of water has gone under the bridge since that time and Hereford athletes have played some mighty impressive games in a number of sports.

Hereford did not win but one district championship, but the men on the other teams played as well as any school in the conference and they never failed to make a good showing.

The Whiteface football team came within a few points of winning the district championship and the story was the same with the baseball team.

A part of the space in this column should be devoted to the fine staff of coaches at Hereford High School.

THEY ALL did excellent jobs this year working with the men in athletics and will be back again next year to keep up the good work.

Coach Jack Meredith and his staff produced a fine football team last fall and they all seem to think that they will be able to find some fine material to replace those lost in graduation.

Meredith's staff is comprised of Willie Williams and Clyde Coleman, line coaches and Joe Brooks, backfield coach.

During basketball season coach Cuby Kitchens and Clyde Coleman also did a good job.

COLEMAN'S B-team defeated all their opponents during the last half of the season, including all conference competition.

Joe Brooks and Willie Williams worked with the track team, with Brooks as head coach and Williams working with the spring relay team and the hurdle men.

Coaches Don Dorman and Harold Sides led the baseball team through a number of bad breaks to nearly take the district championship from the Dumas Demons.

Dorman the head coach first incurred trouble when Steve Hodges was taken out of the first few weeks of play with an injured arm and then Ed Mims was taken out of action with an injured eye cutting down the number of pitchers to one for the Whiteface baseball team.

WHITEFACE golfers won first place in the district with coach Cuby Kitchens at the helm.

Jimmy Young led the scoring for medalists honors in the district with a small margin of points over Sam Johnson of Muleshoe.

Junior high coaches should also be recognized for their superb job this year.

The Stanton Junior High School staff is comprised of Pat Privett, Ray Don King and Don Taylor.

SUMMER SPORTS activities have slowed down, but there are still a number of athletic events going in the city.

Little League and Pony League baseball is already in full swing and American Legion baseball will be getting underway during the first week in June.

Men bowlers will be organizing a summer bowling league for those who don't want to take a rest and some of the women will be organizing a bowling league for the summer which

will bowl in the morning. Full scale bowling activity will get underway next fall with the reorganization of the regular men's and women's leagues.

RED CROSS swimming classes will be beginning soon and we think it would be a good idea for all young people from five years old on up to take these swimming courses.

One never knows when these things will come in handy. Each year there are many people who drown in lakes, simply because they do not know how to swim and many more who have to stand by helplessly and watch because they do not know the proper way to save a drowning person.

Hereford's Red Cross swimming program is set up for children of all ages and very capable instructors will be on hand to teach them the skills of swimming and life saving — we recommend very highly that all parents try to enroll their children in these courses.

MRS. BRUCE MILLER also says that there is a need for adult volunteers to help out in teaching these courses.

A number of tournaments have been scheduled at the local golf course this summer and officials out there say that there will probably be more scheduled as the summer progresses.

These tournaments will not only bring in a number of out-of-town persons to Hereford, but they will also provide a good source of recreation for many persons who live in Hereford.

Of course the local golf course is open every day for those who just like to play golf.

Easter Lions Club will conduct a light bulb sale in five Hereford supermarkets on June 1 to raise funds for a community building at Easter.

Packages of eight bulbs (two 60-watt, two 75-watt, and four 100-watt bulbs) will be sold for \$2 each at Piggly Wiggly, Furr's Safeways, Taylor and Sons', and Coopers' supermarkets throughout the day Wednesday.

Proceeds from the sale will be used to construct a community building at Easter.

The Easter Lions are also utilizing profits from a recent farm sale and series of turkey shoots towards the project.

MANY CROWNS
ROSWELL, N. M. — College sophomore Sharon Birkenbuel is accustomed to being a queen.

Miss Birkenbuel, currently reigning as Miss Albuquerque, was Homecoming queen at the College of Santa Fe recently and chosen by the University of New Mexico Navy ROTC as queen for the annual military ball in Albuquerque.

Previous titles include Roswell Junior Miss, Miss Roswell and Future Farmers of American Princess.

Olivetti-Underwood
Adding Machine & Typewriters
THE INK SPOT

CHAMPIONSHIP TEAM — Members of the Reddell Water Well bowling team in the Sunset Keglers league took the championship for the 1966 season. Members of the team are, back, l-r, Mrs. Luella Dool, Mrs. Margaret Collins and Mrs. Maylene Lewis, front, Mrs. Bea Rhodes and Mrs. Betty Kelley. Mrs. Collins was named the top woman bowler of the year Monday evening in the Star of the Week bowling tourney. (Staff Photo)

IL Players Take 21-6 Win Sunday

Members of St. Anthony's Irrigation League baseball team came from behind a six point deficit to pull ahead of Silverton to take a 21-6 victory.

SILVERTON LED at the end of three innings by 6-0, but the local ball players narrowed the gap and by the end of the sixth inning had tied the score, 6-6.

A five-run rally in the seventh inning put the local club out in front 11-6.

Eight runs in the eighth inning set the Hereford ball team way out in front of the Silverton club.

Two more runs in the ninth

finished out the scoring for the day as the locals added another win to make their season record 3-1.

FIVE MEN worked on the mound for the Silverton nine and Danny Loerwald went all nine innings for the St. Anthony team.

Hereford players will host three teams on their own field with the second home game of the season scheduled Sunday at 2:30 p. m. on the St. Anthony's field.

The local players will host Nazareth for the skirmish.

WAKAY NORTHCUIT started off the scoring for the local

team as he hit a home run in the fifth inning.

Northcutt homered again in the seventh inning and this time was credited with scoring a RBI. He was the only player of the day to score a home run.

'Face Athlete Home After Optical Surgery

Hereford High School all-around athlete, Ed Mims, is doing "very well" according to officials, and is now at home after surgery on his left eye.

MIMS PLAYED on the line for the 1965 Whiteface football team and was one of Coach Don Dorman's key pitchers on the 1966 baseball team.

He did not finish the baseball season due to an injury to his left eye.

At first the damage to the eye was thought to be of a minor nature, but later doctors performed surgery to repair a detached retina.

MIMS WAS in the hospital in Amarillo for more than a week and was able to attend baccalaureate services Sunday and will attend graduation exercises tonight.

Officials anticipate no permanent damage to the eye, although it will be a time before Mims will be able to return to normal activity.

Stu Miller of the Baltimore Orioles made 17 straight pitching appearances last season.

Speed Bowl Competition Gets Tough

After two weekends of racing at the quarter-mile Amarillo Speedway track four super-modified drivers have won the feature races.

None of the past winners have managed to place in the winners list. Officials at the race track are anticipating some tremendous competition in the next weeks until the Labor Day closing of the track. Races begin each Saturday and Sunday evening at 8 with 14 events slated for each evening.

Rewarding and worthy of effort is the search for knowledge. You who are graduating are to be commended and we pray that you will continue your efforts to seek knowledge for the betterment of mankind.

Sportsmen Among List Of 1966 HHS Graduates

A number of seniors will be lost to the various teams tonight at graduation — without them the 1965-66 sports year at Hereford High School would not have been complete.

OF COURSE, there will always be others to take their places coming up through the ranks in junior high school and the freshman and B-team. Quarterback Steve Hodges showed some terrific talent during the football season as he hurled some beautiful passes to his teammates setting a number of passing records for the school.

Hodges not only excelled on the football squad, but he also showed a great deal of talent on the basketball court.

A break for surgery kept him from participating in the first few weeks of baseball, but after recuperating from the surgery he slugged a number of home runs and base hits.

ROGER OWEN was another

all-around athlete at Hereford High School, beginning in football at the end position and was on the receiving end of many of Hodges' passes.

Following the football season Owen entered into basketball competition and did very well for himself and the Whitefaces. Owen then took to the golf course and was on the I-AAA district championship starting team.

Ed Mims was a starting line-man for the Whiteface football team this year and was presented the Brand's Hustling Whiteface award.

He then layed out for a while and then entered into baseball where he proved himself as a pitcher, but an eye injury terminated his baseball career early.

GREG RICHARDS played in the half back position for the Whiteface football team.

He also played baseball and on the track team running in

the 440-yard relay.

A number of other seniors contributed to the Whitefaces.

Gene Drummond was another talented football player at the half back position and could nearly always get through any hole.

A number of other seniors did a good job on the Whiteface football team and although they were not given a great deal of publicity they must be mentioned to make the slate com-

plete. THESE PLAYERS were Gary Victor, Wynn Buck, J. Henderson, Mike Harvey, Johnny Gilbert and Keith Henderson.

During basketball season a number of seniors also completed the season with some of them showing a great deal of talent.

Robby Lemons scored the most points of any player during the season and was the captain of the team.

After basketball season Lemons took to the baseball field and the track field.

Lemons played in left field and was the broad jumper for the Whitefaces in spring sports. OSCAR HOLMES got off to a

good start this season in basketball, but after an injury, was never back into form. He was high point man in three games. He had the best field goal average for the Whitefaces.

Dennis Suttler did his best playing early in the season. He did not shoot often, but when he did he hardly ever missed.

He was an excellent rebounder for the team.

Gary Payne was a good rebounder for the Whiteface basketball team. He was seldom the high scorer and scored in the double figures only once.

HE WAS A good defensive player and seldom got into foul trouble.

Tom Adams did not play un-

til late in the season, but proved to be the spark needed in the Muleshoe game.

Brant Knox and Randy Tooley did not see much action with the basketball team, but were there for moral support of the others.

Jimmy Young proved himself on the golf course as he took district medalist honors over Sam Johnson of Muleshoe.

Andy Channer also proved to be an excellent player on the golf course.

To sum it up 1965-66 has seen some excellent senior athletes at Hereford High School and many of them plan to continue playing at their favorite sport in college.

Area Agriculture Programs Planned

Two area agricultural programs have been scheduled which will be of interest to lo-

cal farmers, according to Justin McBride, Deaf Smith County Agricultural Agent.

The first is today at 1 p. m. in the Community Center and is planned for area vegetable producers.

A SECOND meeting is planned at the North Plains Research Field at Etter June 3 and will be of interest to farmers who raise wheat and grain sorghum.

Area vegetable producers will meet today at 1 p. m. in the Community Center to discuss the problem of nematodes.

Don Rummel, area entomologist and Dr. Jack Kyle, horticulturist, both from Lubbock, will assist with the program.

Many growers have been expressing problems concerning onions and potatoes.

INVESTIGATIONS conducted by Dr. Robert Berry, area plant pathologist and Dr. Orr, nematologist, both of South Plains Research Center at Lubbock, have indicated a nematode problem in onions.

Dr. Kyle has also been asked to bring some information concerning production of cucumbers.

A short program utilizing slides and discussion in each area will be conducted at the Community Center and after the program a short tour of some of the problem fields will climax the day.

Another field day has been set for June 3 beginning at 1:30 p. m. at the North Plains Research Field at Etter, according to Deaf Smith Agricultural Agent, Justin McBride.

THE PROGRAM will be a 90 minute event including short talks and then a tour of the facility.

Lead-off speaker at the field day will be Dr. Allen Wiese who discuss weed control in grain sorghum, wheat and soybeans.

John Shipley, who coordinates research at the field, will discuss the economic implications of current irrigation research projects. His assistant, Cecil Regire, will present a short report on the overall research program at the field.

OTHER TOPICS to be discussed by researchers are response of fertilizer applications on wheat and grain sorghum, small grain improvements and hybrid wheat possibilities and principal insect pests and related problems on the North Plains.

Anyone interested in attending should call the county agent's office or meet in the parking lot north of the courthouse at 10 a. m. June 3.

Andy McDaniel, who worked in 71 games for the Chicago Cubs last season, figures to see much relief duty with the San Francisco Giants this year. Actually, he replaces pitcher Masanori Murikami who played with the Giants last year but is back in Japan.

Bill Price

Gary Victor

Patsy Stone

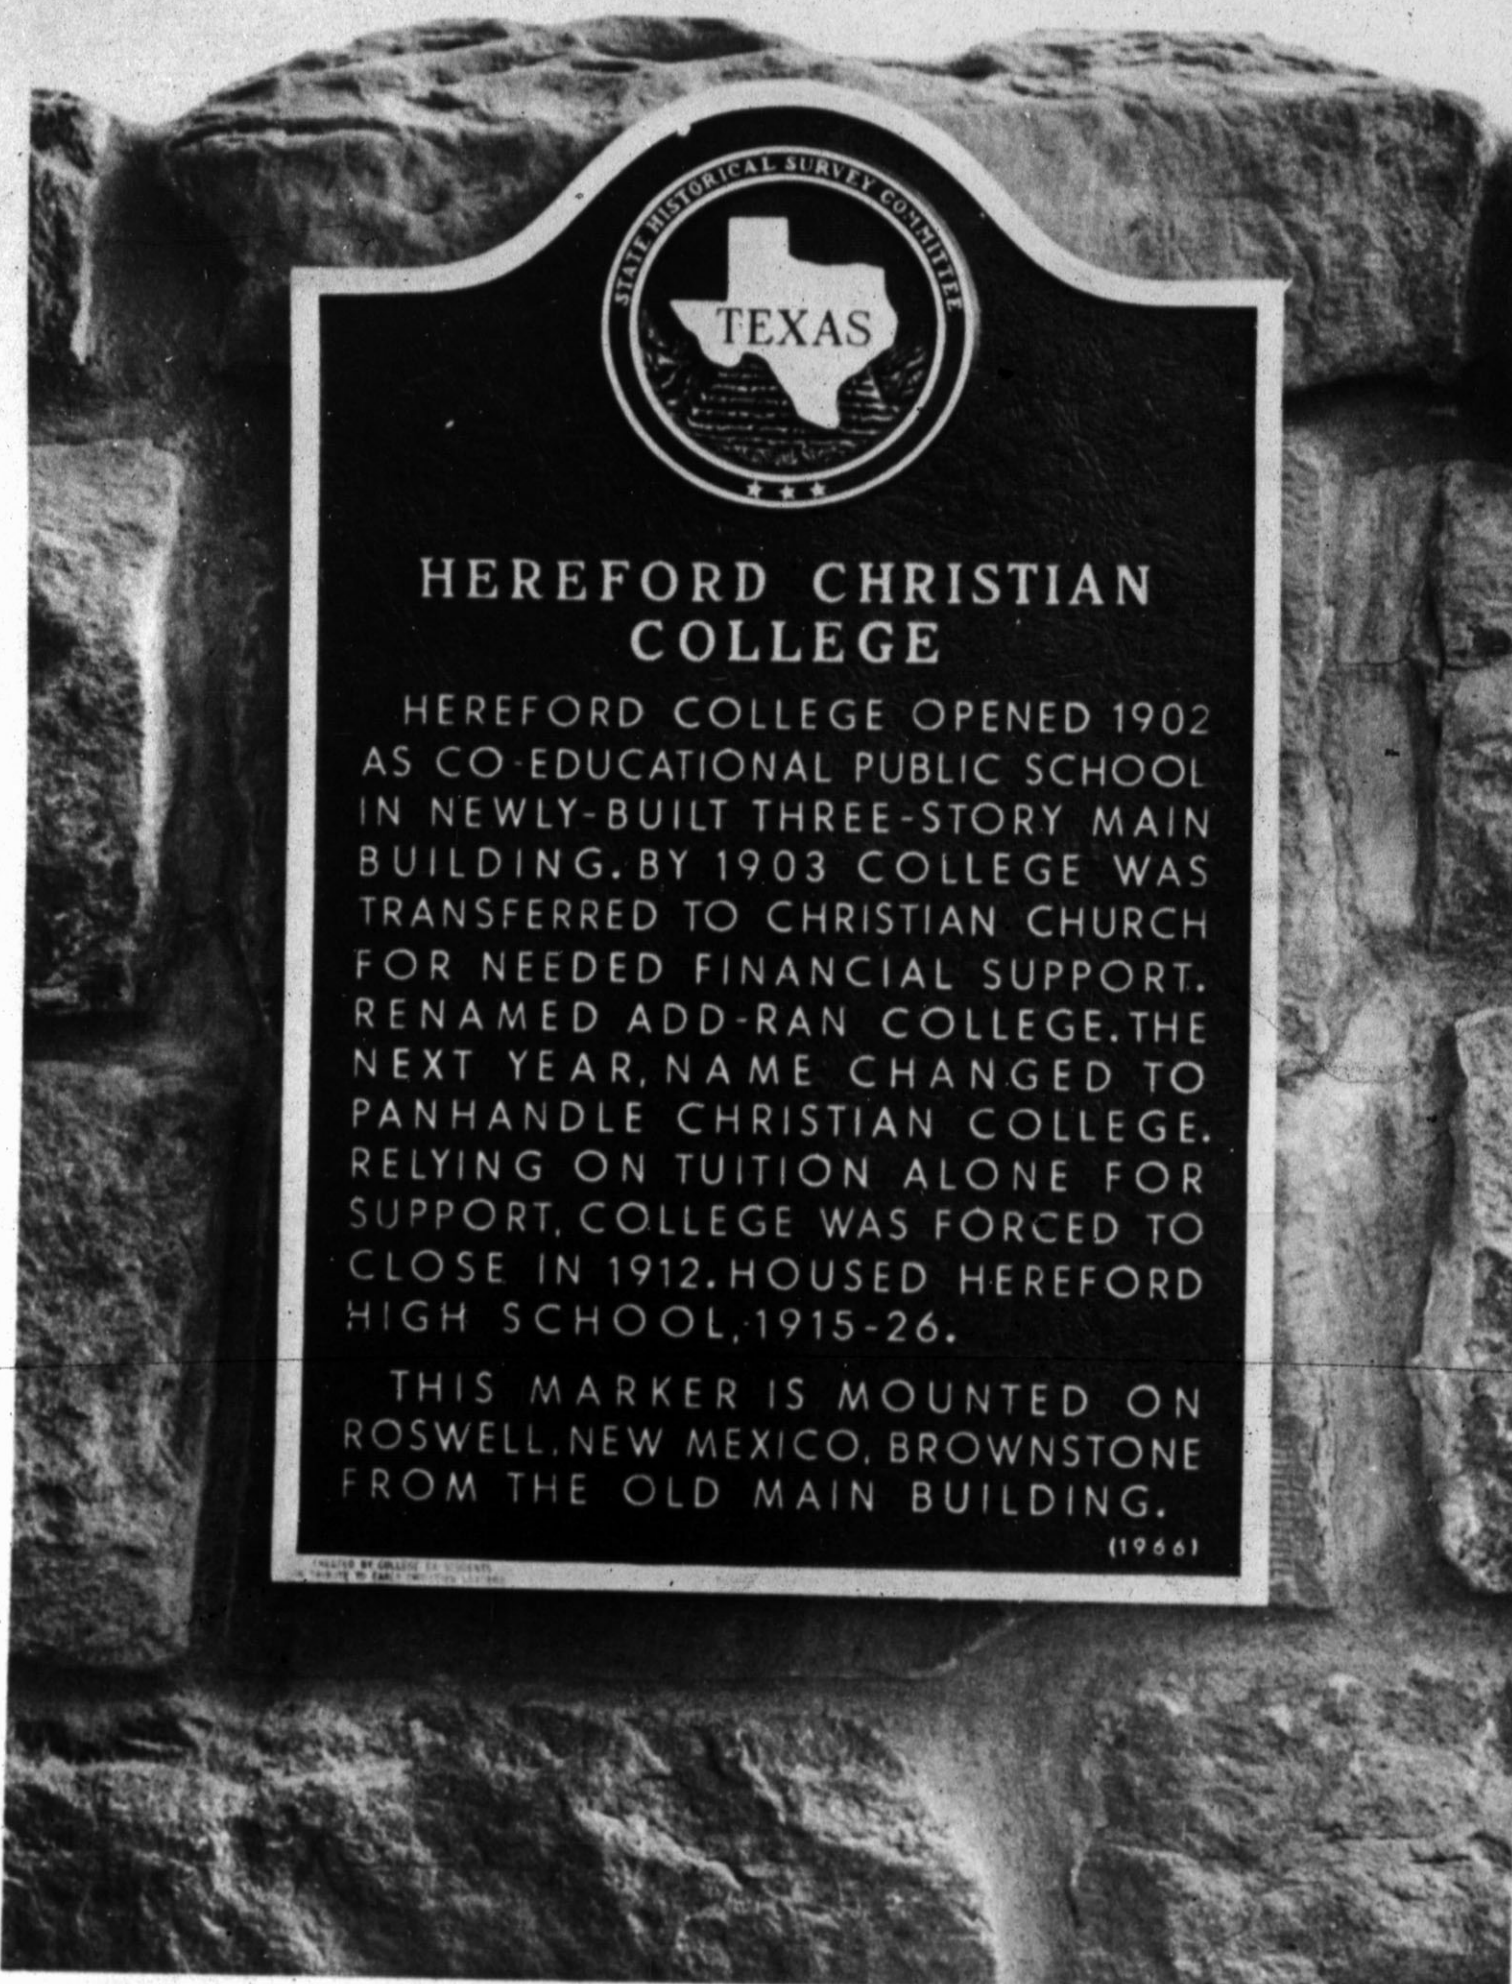

The world has changed since you entered school 12 years ago. Astronauts now circle the earth in less time than it takes you to drive 100 miles, and that's pretty fast. Electricity and electronics have contributed greatly to this changing world, and Rural Electrification has made a big contribution too. Of course, you probably take electricity for granted on your farm today, but it hasn't always been so. Your fathers can remember well when they lived on the farm . . . without the helping hand of Willie Wiredhand. He now helps on almost every farm in our three county area.

Let Willie Wiredhand help you . . .

If you're going to farm when you complete your college training, Willie Wiredhand will still be "standing by" to help you . . . to allow you to have "electric living" on the farm, to give you the many labor saving aids that would be impossible without this little gent. Truly, electricity will add many hours of pleasure to your life, and many more dollars of profit to your farm operation. Congratulations to all the graduating seniors of 1966 and particularly to Bill Price, Gary Victor and Patsy Stone.

Deaf Smith County Electric Cooperative, Inc.

—OWNED BY THE PEOPLE WE SERVE—

DEDICATED MONDAY — This marker will be dedicated in ceremonies at 3 p.m. Monday in conjunction with the annual Mid-Plains Pioneer Association Annual Pioneer Day. The marker is located on the Hereford High School parking lot at Avenue G and Union. See story on page one. (Staff Photo)

School Transfer Deadline June 1

Deadline for making application in the county judge's office for school transfer is Tuesday, officials reminded this week. Parents of school students wishing to transfer from the

school district in which they reside for the 1966-67 term must file applications with the county judge for approval by the county school board. Transfer approval is required for all students who will attend school in a district other than the one in which they reside. This includes, for instance, graduates of Walcott School

who will be freshmen in Hereford schools next fall. Eligible for transfer are students in a grade not taught in their home district and those with whom it would be more convenient to attend a school other than one in their home district.

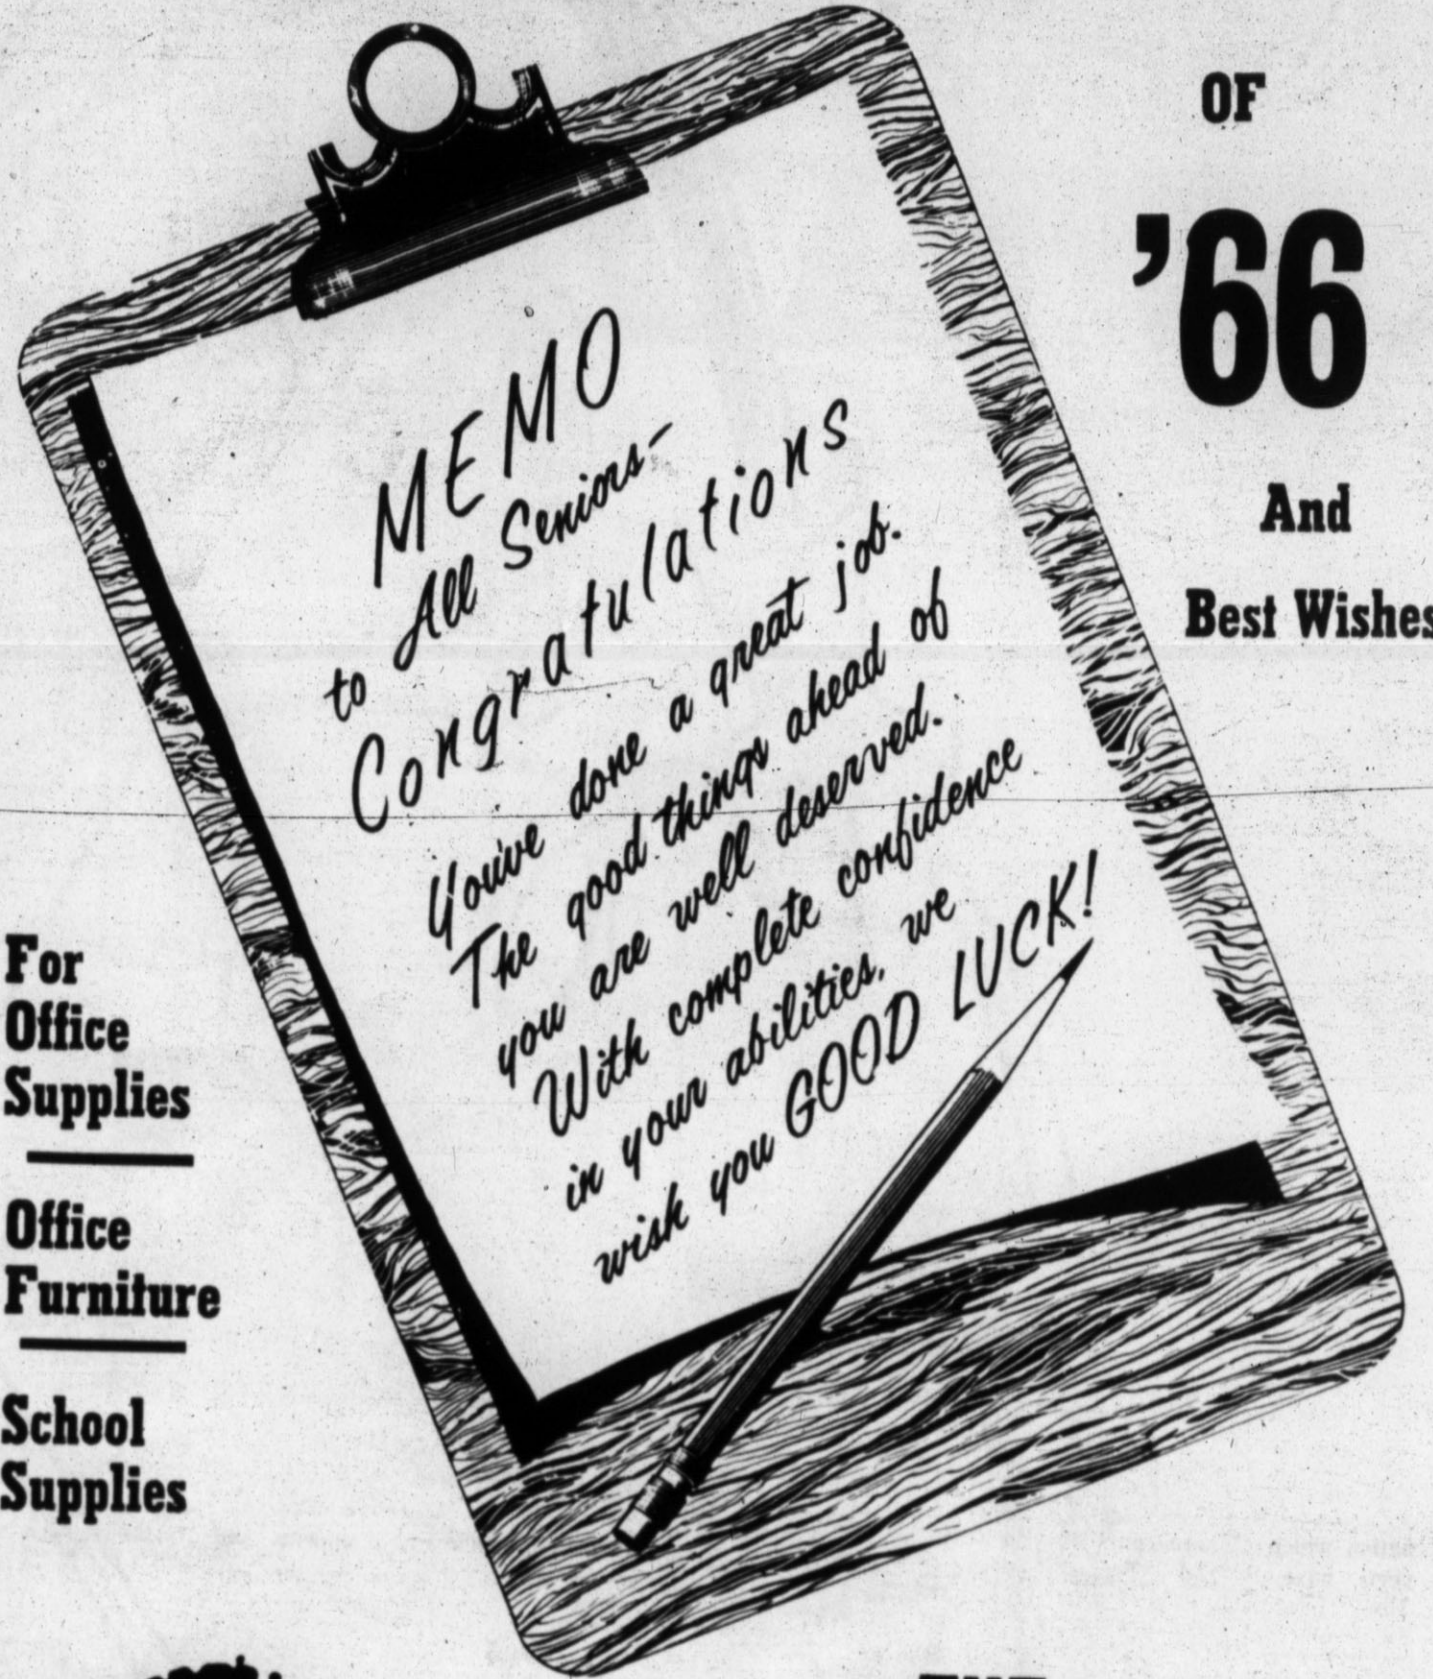

Lou Brock, St. Louis Cardinal base-running expert, was thrown out only 27 times in 90 stolen base attempts in 1965. He stole second base 56 times and third 7 times.

There are many kinds of owls, nocturnal birds of prey with a moth-like, noiseless flight.

Local Drivers Win In Speedway Races

Hereford drivers literally cleaned up Sunday in the second race of the season for Hereford's new sporting enterprise: **ONLY 10** cars were there to participate in the races, but the biggest part of them were locally owned, with a few out-of-town drivers entering into the competition.

Some 200 spectators watched the races which included some six heats of racing.

Trophies were presented to winners by Sherra Harris of Hereford, to winners in the events.

Bud Golwin of Hereford was the winner in the Trophy Dash race.

JERRY Marsh of Amarillo was the winner in the first heat. Rudy Bloodgood was the

second place winner and Coy House placed third.

Bobby Byers was the first place winner in the second heat. Bill Byers was second in the race and Bud Godwin was third.

Consolation winner was Lee Simmers and Jimmy Dawson was second place winner and Jack Dorris was third.

Semi-Main race winners were Coy House, first, Rudy Bloodgood, second, and Jerry Marsh, third.

THE MAIN race winners were Lee Simmers, first; Bobby Byers, second and Jimmy Dawson, third.

Speedway officials have scheduled the third race of the season for June 5 with activities to get underway at 2 p. m.

Admission to the activity is \$1 for adults with children under

12 admitted free. Officials are expecting a larger number of cars to enter in the competition June 5.

MR. S. ARMY

HOPKINSVILLE, Ky. — Olvy Sheppard, a captain in the Salvation Army, pulled into a service station, got gas, and presented the organization's credit card.

Sheppard then signed the slip:

"Salvation Army, by Olvy Sheppard."

"That's an unusual first name" the attendant remarked.

Sheppard explained it's a family name and started to drive away.

"Well," the attendant said, "Come back again, Mr. Army."

MISS PORTALES RUNNERS-UP — Jean Parker, Santa Fe, is crowned "Miss Portales 1967" by her predecessor, Millie Ruth Carr, Portales, in ceremonies at Eastern New Mexico University Saturday. At left is first runner-up Penny Johnson, Hereford, and at right is Sylvia Myers, Clovis, second runner-up. All are students at Eastern New Mexico University.

FOR IRRIGATION

Farmer Receives OK For Reservoir

Hereford Brand Austin Bureau
AUSTIN — The Texas Water Rights Commission has granted a permit to R. C. Godwin of Hereford for a dam and a reservoir which will cover some 62 surface acres, over the project lodged by his brother and neighboring landowner, Gene Godwin, who did not attend the Commission's hearing.

proposed 650-acre-foot capacity lake with fish at a later date, and, "If there was a good bit of water," allow fishing from a boat.

He said he planned to plant trees to conserve the water.

Ed A. Timmons, registered engineer from Amarillo who is scheduled to design and supervise the project which Godwin intends to build, using farm machinery in months it is idle, testified that the project was feasible, and said he saw no way it could harm the other Godwin's land.

Asked by Water Rights Commissioners if he knew any way

his proposed lake would be detrimental to his brother, he said, "Definitely no way. This land is downhill from his," and said his brother had never complained about effects of tailwater he has been storing in a levee between their property.

The motion to grant the permit was made by Commissioner Otha C. Dent of Littlefield, and carried unanimously.

Thicken stewed tomatoes and serve piping hot over sliced hard cooked eggs arranged on buttered toast. Top each portion with one or two rolled anchovies.

STORY ON HIMSELF

SOMERSET, Ky. — S. Sen. John Sherman Cooper, R-Ky., recalls the time he almost got his first law case.

After graduation from Harvard, Cooper returned to Somerset and hung out his shingle. In walked an acquaintance who explained that his car had been hit by another driver. "He's got insurance and he was entirely at fault."

The friend continued: "John, I want you to be honest with me. Tell me where I can get myself a good lawyer."

SEN. TOWER SPEAKS

Weather Warning System Proposed

(Editor's Note: Senator Tower in remarks recently to the Senate pointed out the recent severe weather losses of Texas and urged the congressional appropriations committees to include \$7 million in funds for next fiscal year for the first phase of a National Natural Disaster Warning system (eventual nationwide cost: \$40 million) in involving detection devices and improved communications facilities so that weather warnings can be spread rapidly on a round-the-clock basis. Following is the text of Tower's speech.)

"There is a corridor which runs from the Gulf of Mexico, up through the center of our nation which climatological experts have dubbed "Tornado Alley." The Alley cuts through the states of Oklahoma and

Kansas, and its southern most origin is in my state of Texas.

"There are more tornadoes reported in these three states, on an area-by-area basis, than in any other part of the nation. The residents of these states are in the midst of the tornado season at the present time. This "season" begins in April and extends until June, with the greatest violent weather activity in May.

"DURING THE PAST 50 years 1,991 tornadoes have touched ground in my state alone, causing 879 deaths, thousands of injuries and countless property damage.

"Each year in the United States, an average of 240 tornadoes strike, killing during the average year 204 persons.

"On May 11, 1953, 114 persons died in a single tornado which

struck Waco, Texas.

"As I am sure my fellow senators are aware, virtually all sections of my state were affected by heavy rain storms, violent weather, and flooding in April and this month. Hardest hit were areas and communities along the Trinity River from Fort Worth to the Gulf of Mexico. Flooding in the Dallas area was responsible for 19 deaths, and millions of dollars were lost in property damage.

"BUT, AS WAS pointed out by the Army Corps of Engineers, the greatest story was the flood that did not happen. The Corps flood control and reservoir projects, such as the Garza-Little Elm Reservoir, the Lavon Reservoir, the Grapevine and the Benbrook Reservoirs, saved the city of Dallas, and surrounding communities — indeed, communities down to the Gulf — from an estimated \$51 million in damages.

"Mr. Kent Biffle of the Dallas Morning News assess this "flood that did not happen" in a most interesting and, I believe, most important article which appeared on May 8. If there are no objections, I would appreciate this article being inserted in the Record at the close of my remarks on this matter.

"Mr. Biffle makes a thorough assessment of the value of the various flood control projects which saved Dallas and other cities along the Trinity River from additional disaster and costly destruction. The Corps planners have their jobs well.

"At the same time — and this is the crux of my remarks here today — there are additional actions which can be taken to safeguard and warn communities of the imminent danger of flooding, hail, lightning storms, hurricanes and tornadoes.

"The Department of Commerce has proposed the establishment of a national natural disaster warning system which, it seems to me, would be of inestimable value in saving human lives and safeguarding against property damage. The Department's proposal would establish an integrated natural hazards detection system, utilizing existing facilities, and would, also with the help of existing facilities, expand its communications network for dissemination of violent weather information and upgrade its capabilities for immediate alert to all sections of the nation.

"I HAVE HAD a chance to study the Department's proposal for the Nationwide Natural Disaster Warning System, and I am in complete accord with the objectives of this program. It is my hope that the Appropriations Committees of both Houses will include funds for the system — called NADWARN — in their final appropriation bill for the Department of Commerce.

"With such a system in effect, our Nation would make valuable headway in reducing the number of deaths attributable to natural disasters, estimated at between 500 and 600 yearly. It would assist in halting the economic losses to our country, estimated at between \$11 and \$15 billion annually, caused by tornadoes, hurricanes, floods, seismic sea waves, blizzards, forest fires, earth quakes, severe local storms, and other adverse weather conditions.

"I urge my colleagues to study the NADWARN plan and give it their support. It would benefit every citizen in our nation, since there is no state in the country which has not been visited by some sort of natural disaster in its history or which is not subject to future tragedy of this kind."

GOOD LUCK, SENIORS

ON YOUR WAY UP!

CHEVROLET

It's great to graduate

Sure it's great to graduate, whether you're coming out of high school or college, since it's another milestone on the road to success. May we extend our sincere congratulations to the Graduating class of Hereford High School, and wish you every success in the years to come.

Look who's behind the wheel of a Chevrolet Impala

Why, it's you. Pulling away from Orsborn Chevrolet-Olds let's say. You've got just the model you wanted. (And at such a good price.) Sure, you've treated yourself to the "Gift of the Year" for graduation . . . a new 1966 Impala. You know that it's great going in a Chevrolet.

ORSBORN
Chevrolet - Olds

2nd at Schley Hereford Phone EM 4-2160

Evants were named as trustees for the school.

Contract for the building was set in April, 1902, to J. P. Snyder. First students were enrolled in September of 1902, with Rev. Clark serving as the school's first president.

The college ran into financial troubles in 1912 however and was forced to close its doors.

But that wasn't the end of the usefulness of the old Panhandle Christian College, which was called Hereford Christian College as well as Add-Ran College during its short life. The building, which was located on grounds now serving the modern Hereford High School, was used for a high school building from 1915 until 1926 when the original Hereford High School building (now Stanton Junior High) was constructed. The old college building was eventually torn

down and the stones were used to construct some houses in Hereford, according to Ezra Norton, president of the Pioneer Association.

We understand that the son of Rev. Randolph Clark will be here Monday for the dedication of the marker.

Received a very nice letter this week from Mr. and Mrs. Alvin Brown with much appreciated praise of the Hereford Brand. The Browns also let it be known that they would like to see the comic strip "Rick O'Shay" in our Sunday paper.

To be sure, we're fans of "Rick O'Shay" also. And who isn't? But unfortunately we cannot pick each comic strip that we use. Comics are bought in packages. You have a choice of one particular package with one group of comics, or you may

choose from another package with an equal number of comics. We have what we consider the best package available. As a matter of fact, the Brand is the only paper in this part of the country that has "Beetle Bailey" and that's one of the best strips in the nation. Everyone likes "Beetle Bailey."

However, we'll make you a promise. If we ever have the opportunity to pick up "Rick O'Shay," you can bet your boots that we'll do so.

The Paisano Lions Club will have their Charter Night Program and Banquet Friday night at the Caison House. The Paisano Club is Hereford's newest — and smallest — but it is interesting to note that in their first year of operation, this young Lions Club raised funds to give one of Hereford's you-

ngsters a scholarship to college. They should be congratulated.

A civil rights demonstrator in Georgia has been sentenced to one year in jail because he participated in pulling down an American flag during a demonstration.

The judge was liberal with his sentence. Not necessarily because he wanted to be, but because of a quirk in our laws, according to reports we get in this office. For some reason we have never had a federal law making it a crime to desecrate the American flag. However, Georgia had a statute that made it a misdemeanor, and the demonstrator, Rufus Hinton, was convicted on this charge. Five others will also have to face the court. The year's sentence may have been all the judge could have meted out on a misdemea-

The Hereford Brand, Hereford, Texas, Thurs., May 26, 1966

GLASS RECORD

NEW YORK (AP) — U. S. housewives in 1965 used more glass bottles and jars than in any previous year.

Almost 30 billion new glass containers were produced to carry items ranging from soda pop to catsup, according to estimates made for the Glass Container Manufacturers Institute.

Counting the re-use of millions of bottles for milk, soft drinks and beer, Americans consumed some 72 billion bottles and jars of glass-packaged products in 1965.

That averages out to more than 375 per capita — more than any other type of rigid container.

Braulio Baeza and Jim Nichols are the only jockeys to ride Graustark in a race.

By MELVIN YOUNG
Activities for the annual Mid-Plains Pioneer Day celebration are shaping up with the dedication of the historical marker for the old Panhandle Christian College being the one of the principal items on the program. According to Bessie Patterson in "A History of Deaf Smith County," the Rev. Randolph Clark came to Hereford at the

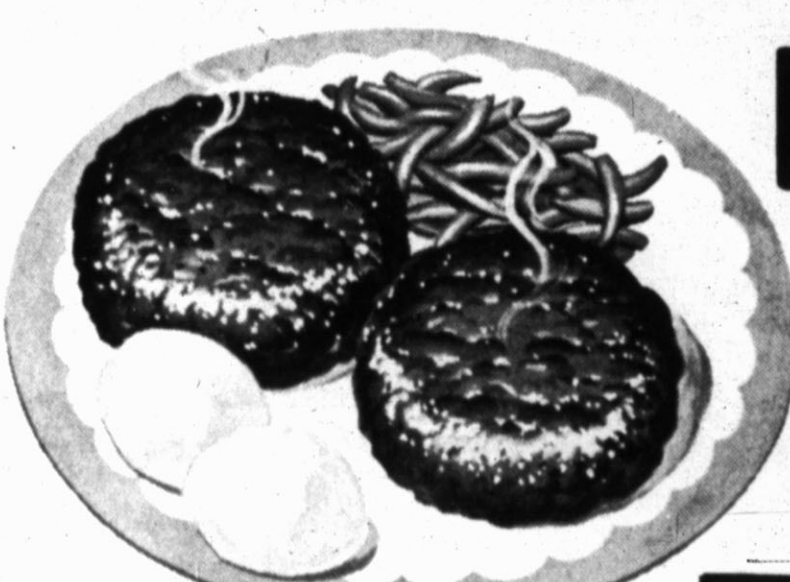

invitation of G. R. Jowell to speak at a meeting concerning a college for Hereford around the turn of the century. The date of this meeting is not given in the account of the college but the Hereford School Association was formed on July 26, 1901. C. R. Moreman, John E. Ferguson, W. H. Patton, E. Carter, C. G. Witherspoon, T. M. Palmer, L. Gough, R. H. Norton, and S. S.

—Small Talk—

By SUE COLEMAN
Women's Editor

If Hereford is going to be as attractive to tourists as is hoped, we will probably get used to the sight of strangers on the postoffice lawn pointing their movie cameras up and down Main Street, but right now the picture takers attract some attention.

A COUPLE of women Monday appeared to be enjoying themselves immensely with their cameras, and the passers-by were enjoying the scene-snapping. Somebody said they were with the party of English travelers who were looking over farms and industries hereabouts.

Hope somebody back in England will later enjoy those views of downtown Hereford — and probably laugh heartily at the way we pronounce the name of our city, not at all like they pronounce its British namesake.

The Brand photographer who accompanied the tourists on part of their visit here, Tyler Vance, reports that he enjoyed meeting a counterpart from a British newspaper, and that their mutual efforts at translation of the language enabled them to converse almost as well as though they spoke the same brand of English.

HE WAS SURPRISED to learn that the Englishman called a movie camera a "cinnie," doubtless a short form of the word cinema, which is what he calls a movie.

The English are inclined to abbreviate words more than we do, I believe, although they accuse us of chopping things short because we are always in a hurry. But there are two words which I would be inclined to favor shortening as the English housewife does; she saves her breath by saying frig instead of refrigerator, and perm for permanent-wave. And why not?

A RIDE to the King iris garden north of Tulla Sunday afternoon was rewarded with a sight still beautiful although the blooms had past their peak. However, peonies now are opened enough to fill in the gaps in the iris rows.

Mrs. King said a number of Hereford residents had visited her place this month. She grows dozens of varieties of the versatile flowers in a plot bordered with evergreens and joining a lush lawn where there are more flower beds with more, of course iris.

We asked directions to her place at a Tulla cafe and the waitress consulted with the cashier, then they asked a customer who could give more definite notes on the route, to be sure that we would have no difficulty finding it.

I hope Hereford cafe and service station employees are all as courteous and helpful to travel-

ers; nothing makes a better impression for a city.

AFTER SPENDING the winter in the warmth of Florida, the J. R. McIvers are back at their home just northwest of Hereford. They arrived by plane in Amarillo last week after a visit with their son, James C. McIver, and family at Tampa. Mrs. McIver was ill during a part of the stay, but is feeling much better and both declare they are happy to be home again.

BETWEEN Baccalaureate and commencement days, Cynthia Butler of Dumas is spending a few days here visiting her brother, David Butler, and Mrs. Butler. She is graduating from Dumas High School this year and will go back for the final exercises Friday evening.

CONGRATULATIONS to her, and to all the graduates who will get diplomas from Hereford High School tonight. After the start to school at the age of five or six, graduation is truly the big event in the life of most people at their age.

All of us past that point envy them, if we admit the truth, even if we wouldn't for anything go through all that again!

Club Is Served Sandwich Meal

Directions for making, garnishing and serving sandwiches of several types, with emphasis on those substantial enough to make a meal, were given members of Dawn Home Demonstration Club at a meeting Friday in Dawn Community Center.

Mrs. Ray Stewart and Mrs. J. B. Caraway were in charge of the program, and served the sandwiches which they made to illustrate their talk. The meeting opened with games directed by Mrs. S. Fowler.

The next meeting will be on June 3 with Mrs. Fowler as hostess.

News About Area Men On Duty

DA NANG, VIETNAM — Marine Corporal Jerry C. Thomas son of Mr. and Mrs. Clyde Thomas of 309 Grand Ave., Hereford, Tex., was advanced to his present rank while serving with Marine Air Support Squadron at Da Nang, Vietnam.

Tried Touch-Tone Phones?

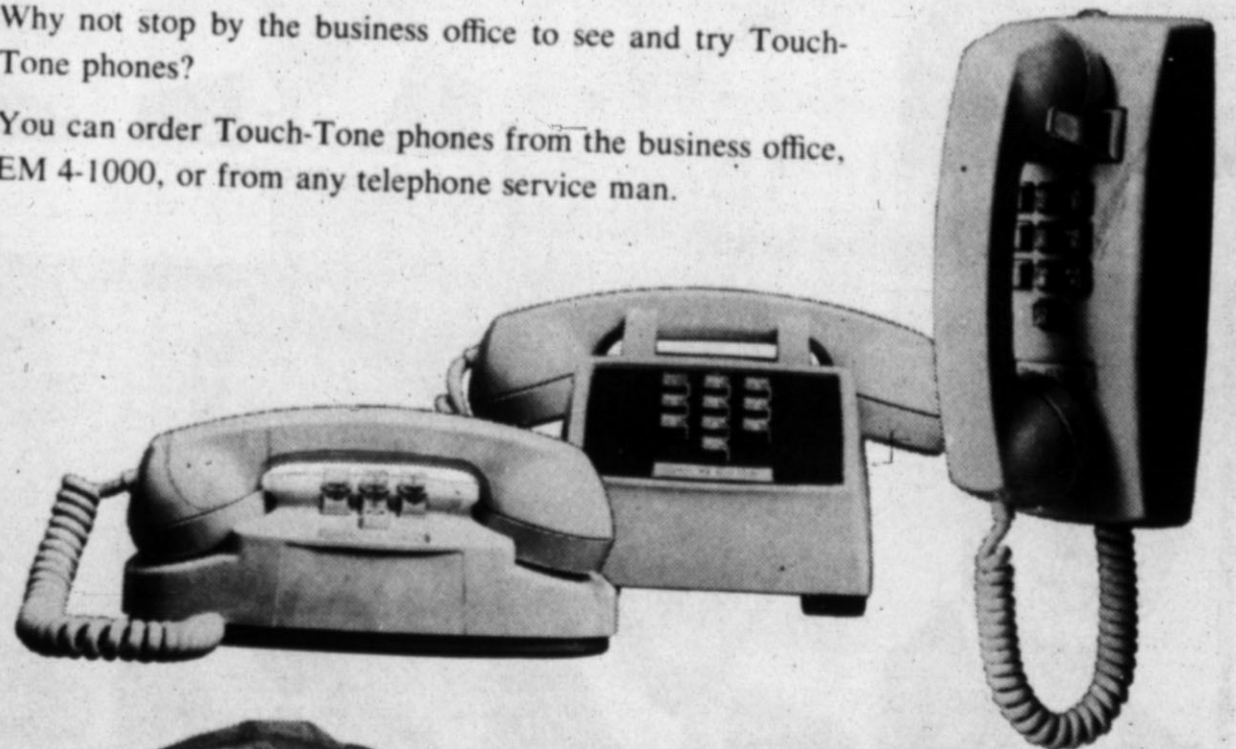

If you haven't tried the new Touch-Tone telephone, you have a treat coming.

With this brand new phone you just tap out the number you want on-push buttons instead of dialing in the usual manner. Musical electronic tones speed your call on its way. You just "touch and talk."

Touch-Tone calling is so convenient and easy to use, once you try it you'll want this modern service for your home or office. You can choose from a variety of colors and styles . . . and the cost is only slightly more than the conventional dial phone.

Why not stop by the business office to see and try Touch-Tone phones?

You can order Touch-Tone phones from the business office, EM 4-1000, or from any telephone service man.

COLD-SINUS Miseries?

Is your head pounding—nose running—are your eyes watering and are you sneezing—snoring—sneezing? Have you blown your nose until it is raw? We're sorry you're suffering so because obviously you're not aware of our product SYNACLEAR and this is our fault. SYNACLEAR is the original timed release tablet that gives up to eight hours of real relief from head cold symptoms and clogged up sinuses. We do not have millions to spend on T.V. to tell you about SYNACLEAR just this small ad. We do not gimmick our advertising and product by offering twelve hours of medication. What is medication without relief? SYNACLEAR is what we offer and it gives you eight hours of relief per tablet or your money back in full. We could go into detail how our product works and about the fine formula, but we would rather you ask the experts about SYNACLEAR. The druggist at the stores listed below or your family doctor can tell you about the merits of our fine formula. SYNACLEAR costs more (\$1.50 and \$3.00 sizes) because it does more. You're buying relief and not gimmicks. Try SYNACLEAR as soon as possible—you know—all your head cold symptoms and clogged up sinuses are all you can lose.

Adrian News

By ANN BEAVERS
Brand Correspondent

The Adrian School Board elected new officers recently. They are: President, C. F. Homfeld; vice-president, Loren Creitz; secretary, Oscar Bronniman.

Bonds totaling \$110,000 were approved by Adrian voters Saturday to meet school needs.

A \$78,000 bond issue for financing the addition of three new classrooms and a library to the school building, plus remodeling of the building itself, was approved 123-10.

A \$32,000 bond issue was passed 77-50. The bonds will be used for a vocational agriculture shop and a school bus storage building.

Joe and Carol Cullender of Canadian attended graduating exercises Thursday night in Adrian. They are former classmates of the graduates.

Billy Lee Johnson and Nancy Lee of Canyon attended graduation program here Thursday night.

Southwestern Public Service Company of Vega, donated a new electric cook stove to the Adrian Home Ec. room, recently and they gave the old stove to the Adrian Lions Club, which they installed in the Adrian Methodist Church.

Mrs. Calvin Peters was honored with a pink and blue shower Saturday afternoon in the home of Mrs. Ted Boydston. Other hostesses were Meses, Gordon Moore, Sherman McCown, Bill Gudgell, Howard Engle and Wayne Sifford. Guests were served cake and punch.

Mr. and Mrs. Albert Pulliam of Tascosa were Sunday visitors of Mr. and Mrs. Charlie Pulliam, Charlene and Larry. They all had dinner with Mrs. Billie Morrell.

Mr. and Mrs. D. C. Morgan and Gary of Golden, Colo. spent the weekend visiting Mr. and Mrs. Don Morgan and Mrs. Nell Morgan. Friday night they all attended commencement exercises at Boys Ranch where Danny Morgan a former student in Adrian High School was a graduate.

Mrs. Opal Pond of Amarillo visited Sunday with Mrs. Emma Bales.

Mr. and Mrs. E. E. Allen visited Sunday in Amarillo with Chester and Keith Wood of the Amarillo Children's Home.

Mr. and Mrs. Bob Caldwell left Saturday evening for Oklahoma to visit her mother, Mrs. Watson, who is ill.

Teacher Attends Opera Season In Minneapolis

The Adrian Senior Class left Friday morning for Rockway Beach, Mo., where they will spend a week. Class sponsors going were Mr. and Mrs. Ted Hale, Mr. and Mrs. Manuel Loveless and Mrs. Horace Betts.

Mrs. Fred Brownlee of Glenrio spent last week in St. Anthony's Hospital in Amarillo. She came home Saturday and is recovering. Mr. and Mrs. B. B. Eubank of Sunray, are staying with Mrs. Brownlee while she is recuperating.

A piano recital was held Sunday afternoon in First Methodist Church by pupils of Mrs. Bobbie Foster. A varied program was played by Donna Harwood, Brenda Briggs, Vickie Lloyd, Kim Garrison, Cindy Foster, Kris Garrison, Jan Cavin and Beth Lloyd.

Visiting Mr. and Mrs. W. C. Briggs recently were Mrs. L. W. Rowland of Tucumcari, Mr. and Mrs. Noble Anderson and daughter of Lubbock and Mrs. Otis Langley of Olton.

Mrs. Joe Brownlee and Fred Brownlee visited Raymond Reece and family at St. Anthony's Hospital in Amarillo Friday and Sunday.

B. J. Foster got hit in the head with a gate while working some cattle and had a slight concussion, but has recovered.

Mr. and Mrs. Donald Christian and children of Farwell visited the Rev. and Mrs. B. J. Foster and children, Sunday.

Mrs. Hicks and son are spending the summer in Shamrock with her father. They will also tour Arkansas.

Miss Zady Higginbotham left for Memphis to visit her grandmother, then will visit her father, who is in the Air Force at Wichita Falls. In June she will attend graduation exercise of her brother in Reno, Nev., then her family will be stationed at Wichita Falls.

Mr. and Mrs. Austin Rose Sr. and daughters and Mr. and Mrs. Leland Burns attended the dedication of Calvary Baptist Church in Hereford Sunday.

Mrs. Norman Jacobson spent Tuesday thru Friday with Mr. and Mrs. Meb Bolin and children at Portales, N. M. Charles Lynn had his tonsils removed.

Mr. and Mrs. R. D. Sisk and Robbie spent the week in Amistead, N. M.

Mrs. D. W. Palmer, 149 Liveoak, has returned from Minneapolis, where she visited friends and attended operas of the Metropolitan Opera Company's annual series in that city.

As a former resident of the neighboring state of North Dakota, Mrs. Palmer has for a number of years been one of the guarantors of the Met's visits to Minneapolis and has attended the yearly opera seasons. She moved here in 1965 from Cando, N. D.

She attended a reception and after-opera supper for guarantors and the Met artists during her visit this year, as well as several other social events including the Saskatchewan-North Dakota supper. She also was hostess at supper one evening for friends and some of the singers.

Of the opera productions, the Hereford voice teacher judged Lucia Di Lammermoor probably the best, but was also impressed with the elaborate staging of the Met's new production of Faust.

AJRA Official Lauds Hereford Hospitality

(Editor's Note: Following is a letter received by the Hereford Chamber of Commerce this week from Richard Armstrong, secretary-manager of the American Junior Rodeo Association, Inc. Armstrong is employed in the association's office in Comanche.)

Within twenty-four hours after the recent Hereford AJRA Rodeo was completed we had received our first phone call praising the hospitality shown the AJRA parents and contestants while in Hereford. We have received other calls and letters in the last week so it is apparent that many of us missed a good show and visit.

On behalf of all AJRA members, I take this opportunity to thank the people of Hereford for helping to make this show possible. We will all be looking forward to an even bigger show for Hereford in 1967.

Card Of Thanks

We wish to express our heartfelt thanks to all the many friends for the beautiful flowers, visits, cards, food and other expressions of sympathy at the passing of our loved one — husband, father, grandfather and great-grandfather, and especially our appreciation to Dr. Hicks and all the nurses for their loving tender care, also the Hereford Clinic personnel for their kindness and understanding. May God bless each and every one is our prayer.

Mrs. G. K. Horton
Mr. and Mrs. J. F. Martin and family
Guyrene H. Carter and family
Mr. and Mrs. Bob Park and family
Mr. and Mrs. Danny K. Martin and family

Hereford High-Jinks

by Randy Hopson

Tonight will be a big night for the Seniors and their dates. First of course, will be Commencement Exercises and then there will be the Senior All-Night Party. It's hard to tell which the Seniors are looking forward to the most.

The party, which doesn't really last the entire night, has been under preparation for quite some time. The seniors' mothers are in charge of it under the very able direction of Mrs. A. T. Mims, mother of "Biggy."

Cynthia Leasure was honored with a surprise birthday party Monday afternoon at the home of Gayle Newell. Gayle makes a tradition of giving Cynthia a "surprise party" and she always manages to keep it a secret from "Cynthaba."

SOME OF Hereford's local beauty has been recognized elsewhere. Penny Johnson was named runner-up in the 1966 Miss

After District Convention, VFW Auxiliary Prepares For State

Delegates to the department convention of the Veterans of Foreign Wars Auxiliary, to be held at Houston in July, are due to be elected at the local Auxiliary meeting at 8 p. m. today in the Rock House at Veterans Park.

elected Auxiliary president here, Mrs. Henry Murrell and Mrs.

David Rettman vice presidents and Mrs. Hollabaugh, retiring president, the treasurer. They were elected at a recent meeting, but will not take office until after the department convention.

LET'S COOK SOMETHING!

54-Year Resident Has Big Task For Reunion

By SUE COLEMAN
Women's Editor

Caught up on your letter writing? Mrs. J. J. Buckner is; she recently finished mailing 316 letters, after addressing all the envelopes by hand. Now she is receiving replies to them, of interest to several hundred persons besides herself.

MRS. BUCKNER is secretary of the Mid-Plains Pioneers Association, who carried out her mammoth task of correspondence this spring for the second time. The letters she mailed were notices of the annual meeting to be held here Monday, but she added personal messages to many of them.

They go to all sections of the United States and they bring scores of area old-timers back each year for the reunion. Others who cannot be here, send notes to be read at the reunion; Mrs. Buckner is receiving these replies now.

From Mrs. A. D. Godwin, for instance, who was a practical nurse and operated in her home a "maternity ward" which was the birthplace of many Hereford residents before the city had an actual hospital, and who now resides in the Odd Fellows home at Ennis.

And Ira Connell of Portland, Ore., son of an early-day sheriff of Deaf Smith County; Myrtle Bennett Reed, living in Mississippi, who has attended past reunions but will be unable to come this year; Mrs. John Cunningham of Fort Worth, who once operated a millinery shop here.

THESE ARE ONLY a few of the replies which Mrs. Buckner is handling as part of her job. In addition, with some help from her grandchildren she has cut out 288 name cards in covered wagon shape, to be used for registration.

A resident of Hereford 54 years, Mrs. Buckner has for years enjoyed the pioneer reunions as well as association with the old-timers who still reside here and acquaintance with many new-comers.

She was a schoolgirl, Jennie Carter, when she came here with her parents, the E. C. Carters, from Altus, Okla. They moved to Hereford "temporarily," Mrs. Buckner laughs, and their objective was to escape the tornadoes which had given southwestern Oklahoma a fearsome reputation at that time after towns in the area had been hit for several successive years.

MRS. BUCKNER was graduated from Hereford High School in 1914, in a class of 13. Members who will live here, she said, are Mary Boren, Johnnie Estes and Clifford Acker. Except for the three primary

grades, housed in a wooden building across the street, the entire school was in the present Central School building. It had a "third story" then, she recalled, used as an auditorium and later torn off.

Three sisters and two brothers of Mrs. Buckner graduated from Hereford schools, as did all her five children and one grandchild. One of her daughters, Jessie Ann, is Mrs. W. C. Davis of Hereford, whose three daughters are the grandchildren whose company Mrs. Buckner enjoys oftentimes of the 16 in her family.

Mrs. Ray Ford of New Orleans has one son, a college art teacher; Mrs. J. K. Salsler of Lubbock has a daughter and two sons, all serving as missionaries in non-denominational work abroad, the boys in Colombia and the daughter in Formosa.

THE YOUNGEST daughter, Mrs. J. L. Richerson of Gaines

ville, has three small daughters and two sons. Mrs. Buckner's only son, Joe E. Buckner, lives in San Antonio and has two daughters and two sons. The family now comprises four great-grandchildren.

Mrs. Buckner likes to make cookies for her grandchildren and other desserts which her family enjoys in visits to her home at 224 Ave. D. She doesn't mind spending a good deal of time concocting some of the old-fashioned cakes and pies, but she also values recipes with which a tempting sweet can be "whipped up" at short notice.

One is for a cake which is delicious served with coffee, or with fruit or ice cream at the end of a meal.

LAZY DAISY CAKE

Beat 2 eggs well. Gradually add 1 cup sugar, beat well, add 1 cup flour sifted with 1 tsp. baking powder and beat again. Put 2 tb. butter in 3/4 cup whole

milk and heat to boiling, then add to first mixture with 1 tsp. vanilla. Beat well. Bake in slow oven 30 minutes and spread with this topping:

Mix 1 cup brown sugar, 5 tb. butter and 4 tb. cream and simmer it while the cake cooks. Add 1/2 cup or more coconut or chopped nuts or a mixture of the two. The cake may be returned to the oven with the topping on it, to toast, or served without toasting.

Another dessert which requires a little more time, but in Mrs. Buckner's opinion is worth that extra touch, is for a chiffon pie made without gelatin:

LEMON CHIFFON PIE
4 eggs, separated
1 cup sugar
1/4 cup lemon juice
1/2 stick margarine
Pinch of salt.

Beat eggs until light and smooth. Add half the sugar and beat well. Add lemon juice, salt and margarine. Cook in double boiler until thick, then let cool. Beat egg whites stiff, add remaining sugar and beat until smooth. Fold half this mixture into the lemon custard and pour into a pre-baked pie shell. Put the remaining meringue on top and brown in 350-degree oven.

The custard mixture has no milk or water, Mrs. Buckner notes, but it cooks smoothly in the double boiler.

Portales Contest. Penny is a '65 graduate of H.H.S.

Paul Arnpriester is still quite a fashion plate. He was running around town Tuesday afternoon in the loudest orange shirt and slacks I've ever seen.

Keith Henderson is the proud new owner of a black and yellow Chevelle Malibu Super Sport. He's pretty proud of it but he did consent to let "Red" have a turn at the wheel. It surely is beautiful.

DON'T GET upset but a Dumas Demon has been visiting in Hereford. Cynthia Butler, sister of David Butler, visited with David and his wife during the first part of the week.

She was pretty brave to set foot in Whiteface territory after the baseball upset last week. But seriously, she is a very nice young lady, even if she is from Dumas.

We spent them not in toys, in lusts, or wine.

But search of deep philosophy.

Wit, eloquence, and poetry; Arts which I lov'd, for they, my friend, were thine.—Cowley

—Randy

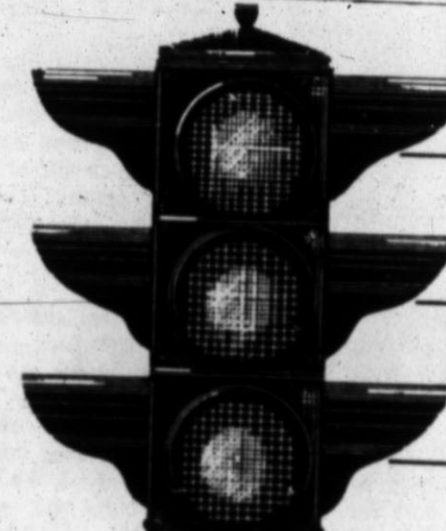

Mrs. Hardin Is West Hereford Club Hostess

Sandwiches to serve as either the main course or the dessert for a quick meal were made by Mrs. Jewel Autrey, presenting the program on foods for West Hereford Home Demonstration Club Tuesday afternoon.

Mrs. Blanche Hardin was hostess at Pioneer Gas Flame Room. Mrs. Autrey made and served a sandwich with ham as the basic ingredient, also a sweet sandwich.

Announcement was made that the next meeting, June 14, will be in the home of Mrs. John Jacobsen Sr., 643 W. Second. Mrs. V. V. Pierce received the hostess gift.

Other members present were Miss Evelyn Bell, Mmes. Hubert Duncan, Blanche Hardin, Roy Boyd, Lola Manasco, Carl Schroeder and Vern Witherspoon

TEC Official Urges Summer Work For Youth

Joe Bradley, manager of the local Texas Employment Commission office, this week urged local citizens to make plans to use youth whenever possible during summer vacation.

"With the end of school, hundreds of youth will be seeking summer jobs, and our ability to help them will be determined by the number of jobs for youth we have listed in our files," Bradley declared.

The TEC manager explained that homeowners, housewives, farmers, and public agencies can often find constructive work for youth in the home or the community. He pointed out that short-term jobs lasting one day or less can mean a great deal to a youth seeking work.

"I WISH we had 500 short-term jobs for youth in our files to supplement the week-long, month-long, or summer-long jobs which are rather scarce," he said.

He cited such jobs as cleaning a weed-covered lot, painting a fence, cleaning out an attic or a basement, and washing a car as jobs which will give youth a constructive work experience and an opportunity to earn needed money.

"We will be as happy to place such job orders in our files as we are to take orders for summer long jobs, and we urge every citizen or group who might have a job for youth of any duration to give us an order as early as possible so that we can be of maximum assistance to youth this summer," the TEC manager said.

The Texas Employment Commission number is EM 4-2776.

Guest Presents Avenue WMU Supper Program

A guest speaker, Gerald Dings, presented the program for Avenue Baptist Women's Missionary Union Tuesday evening, when a salad supper was held at the church.

Teacher of French in Hereford High School, the speaker is also a volunteer assistant in work at Thompson Memorial Baptist Mission here.

He spoke of the mission's program for Latin Americans, and also told of Baptist work among the French-speaking residents of Louisiana. Mrs. Dings was also a guest at the WMU salad supper.

Mrs. G. W. Duncan, vice president, was in charge of the business period and Mrs. Buck Brownlow presented the prayer calendar. At the next meeting, June 1, Mrs. Jessie Mason will direct Bible Study.

Band-Aides Set Last Meeting This Afternoon

Hereford High School Band-Aides will hold their final meeting of the year today at 2 p. m. in the high school band hall.

Purpose of the meeting will be to elect officers for the coming year and to hear reports. Plans also will be made for upcoming activities, according to Melvin Young, president.

The Years Ahead!

Up to now they've been reading about it. They have had a teacher to fall back on, but now they're in it. It's THEIR LITTLE RED WAGON FROM HERE ON. They must now make decisions.

Their flour bin and their smokehouse will be only as full as they fill it. This is COMMENCEMENT DAY. They learned in church that God promised bread only by the sweat of the brow. Unless they have learned to take prosperity without pride, and adversity without anguish, they are still unprepared.

We pray they are ready for THE YEARS AHEAD. © Williams Newspaper Features Fort Worth, Texas

Hereford Man Said Improved After Treatment

Muri Parker, Hereford man injured in a flash fire at a local equipment company recently, remains in St. Anthony's Hospital in Oklahoma City following skin grafting there. Parker was reported in steadily improving condition this week. He is a patient in room 3062 of the Oklahoma City hospital.

WARNING!
LIBERALS SEEK UPSET ON JUNE 4TH!

Most Knowledgeable Man in State Government
Governor John Connally

Crawford Martin was the overwhelming choice of Texans by more than 100,000 votes in the first primary. But the job isn't done yet. Liberal forces, hoping for a light vote in the runoff, are redoubling efforts to capture this important office. Your help is urgently needed; make SURE you vote on June 4th to keep good government in Texas!

CRAWFORD MARTIN HAS A 20-YEAR RECORD OF PUBLIC SERVICE

- Served as mayor of Hillsboro
- 14 years a key leader in the State Senate... three times unopposed for re-election.
- Twice selected as his Secretary of State by Governor John Connally.

CRAWFORD MARTIN HAS WORKED FOR ALL TEXANS.

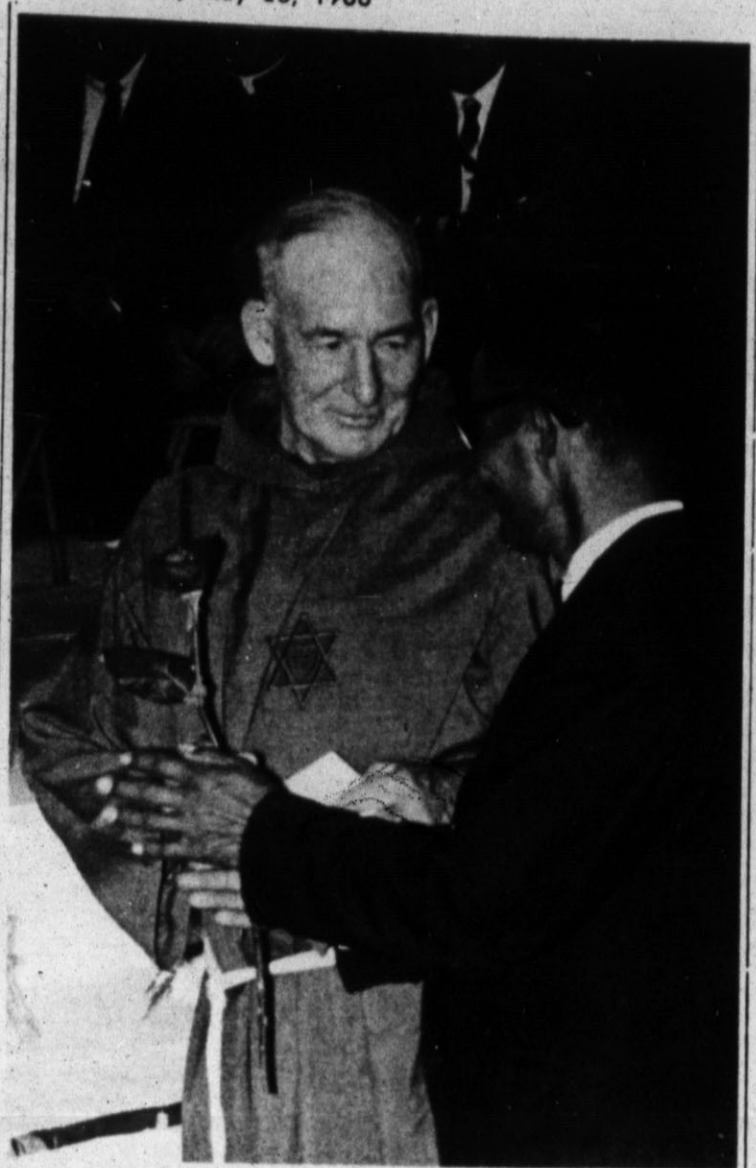

- Helped write or pass most of our important laws enacted the past decade.
- A proven friend of senior citizens. Helped obtain first medical aid for elderly.
- Fought to pass the first laws controlling loan sharks.
- Was a key leader in passing insurance reform legislation.
- A leader in passing Gilmer-Aikin laws for better education in Texas.

LET'S COMPLETE THE VICTORY ON JUNE 4TH!

CRAWFORD MARTIN

CELEBRATE SILVER JUBILEE — Fr. Raymond Gillis, pastor of St. Joseph's mission, was honored on his Silver Jubilee Sunday afternoon. Manuel Ramon, representative of St. Joseph's Club, presented one of 13 roses given to Fr. Raymond by the various organizations at the mission. Some 400 persons were present for a luncheon in his honor at the Bull Barn. (Staff Photo)

Members Added For Art Guild

As officers were installed for a new year in Hereford Art Guild, a group of new members was listed on the club roll at a meeting Tuesday evening in the Art Room of Community Center.

Guild membership is expanding to include artists from over the area, many of whom have exhibited work in Guild shows this year.

The seven new members enrolled Tuesday are Jeannie Coker, Juandell Wade, Felipe Jaso, Clara Shore, Glenda Grimm, Charles Sawyer and Abe Davis.

Mrs. E. W. Young is the new president of the Guild, succeeding Mrs. Bess Werner who conducted the installation. Mrs. Justin McBride is vice president, Mrs. Barbara Schaffner secretary-treasurer and Mrs. R. T. Bosley publicity director.

Reports on the recent Guild art show at Sugarland Mall were made. A total of 120 paintings were hung in the mall for the four-day exhibit last weekend. Mrs. Ernest McGee was exhibit chairman. Featured in the showing were

paintings by Guild members, Mrs. Werner, Mrs. McBride and Mrs. Earl Holt, which won top awards in Texas Federation of Women's Clubs art competition at the state convention in Lubbock earlier this month.

Look Who's New

Mr. and Mrs. John L. Baird are the parents of a daughter, Melinda Gay, born May 24. She weighed 8 lbs. 15 ozs.

Mr. and Mrs. Refugio P. Gomez are the parents of a son, Horace, born May 22. He weighed 9 lbs.

Mr. and Mrs. Richard A. McGrath Sr. are the parents of a daughter, Mary Darlene, born May 21. She weighed 6 lbs. 4 ozs.

Mr. and Mrs. Terry G. Smith are the parents of a daughter, Janetta Carol, born May 21. She weighed 5 lbs. 10 ozs.

Mr. and Mrs. Eddie Shaffer are the parents of a son, Timothy Wade, born May 19. He weighed 7 lbs.

Hospital Notes

PATIENTS IN HOSPITAL

Callopiian Club Dinner Ends Year

Closing a year's program which has stressed a study of the southwest, Callopiian Club members wore costumes of the old southwest to a recent dinner party in the home of Mrs. D. C. McWhorter. Pioneer mothers, a gun-slinger and Spanish senorita were among types depicted.

Members helped themselves to a campfire dinner and ate at tables covered with red and white checked cloths. Afterward, new officers were installed and bridge games supplied entertainment. Mrs. C. J. Crump, retiring president described duties of each officer she installed.

Mrs. Sue James became president for 1966-67, Mrs. George Warner vice president, Mrs. Wes Owen secretary, Mrs. A. T. Mims correspondent, Mrs. Clyde Cave treasurer.

The social committee, serving as hostess group, included Mmes Owen, Emmett Milburn, B. F. Cain, Warner, James, McWhorter and Miss Clara Beth Hott.

Card Of Thanks

I would like to take this means of thanking everyone for their cards, flowers, visits and prayers while I was in the hospital in Hereford and for the cards and letters and prayers now while I am still in St. Anthony's hospital in Oklahoma City. Muri Parker

POLITE TO UNKIND, UNINVITED GUEST

BIRMINGHAM, Ala. (AP) — A suburban housewife politely backed her car out of the way so another vehicle could leave her driveway. Little did she realize, said Police Chief W. O. Haynes, that the driver of the other car had burglarized the house and was making off with her transistor television set.

COMPULSION CRITICIZED AT U. S. ACADEMIES

NEW YORK (AP) — "Complete freedom of choice in matters of religious worship" at the four U. S. armed forces academies is urged by the executive council of the Lutheran Church in America.

Noting that chapel or church attendance is compulsory at the U. S. Military Academy at West Point, N. Y., the Air Force Academy at Colorado Springs, Colo., the Naval Academy at Annapolis, Md., and the Coast Guard Academy at New London, Conn. the council said:

"Some cadets and midshipmen have declared mandatory chapel attendance is an infringement of their constitutional rights and has produced resentment toward religion. We believe the integrity of religion is vitiated by external compulsion and that enforced attendance... is a disservice to religion and contrary to public interest."

FISHING HOLE MAKES MONDY

AUBURN, Ala. (AP) — Revenue from fishing permits has catapulted Alabama farm ponds into the \$1 million-a-year income class — and the end is nowhere in sight, says the Auburn University Extension Service.

In addition, says Extension Service staff member Dori F. state's \$3.4 million bait business last year went for farm pond fishing. Not bad for a facility that used to serve as little more than a watering hole in the pasture and an occasional hot weather splash for farm youngsters.

Kinsey-Osborn has just added Buick's new Opel Kadett to his line.

Can you blame him?

Opel Kadett is General Motor's lowest-priced car. Yet it comes with features you normally don't expect to find in a car of this price. Take the sport coupe, pictured above. Bucket seats. Carpeting in front and back. Console-mounted sport gearshift. But wait. Come get the rest of the surprises—in person.

Service facilities? Plenty. Liberally sprinkled with good manners. Come in and leisurely inspect Opel Kadett. No arm-twisting or hard sell. Opel Kadett stands on its own four wheels. So why don't you enjoy a demonstration drive in Buick's new Opel Kadett. There's one thing for sure. You'll look good doing it.

H.D. Clubs Pick THDA Delegates

Preceded by a salad luncheon at which reports were made by delegates to the recent District I, Texas Home Demonstration Association convention in Dalhart, the County H. D. Council Monday chose delegates to the state THDA meeting of next month and named a new county THDA chairman.

Mrs. Paul Hoff was elected chairman to succeed Mrs. O. L. Williams when 1967 officers begin their term next January. Mrs. Williams presided at the luncheon when Mrs. Hoff, Mrs. Jimmie Bradley and Mrs. Viola Williams reported on the Dalhart sessions.

Luncheon was served at the Bull Barn to 30 members from H. D. Clubs over the county. In addition to the three delegates, Deaf Smith County was represented at the District I meeting by Mrs. A. E. Hodges, who has served the past term as district chairman.

For the May council session after lunch Mrs. E. C. Hammett presided. All clubs of the county were represented, nine with 100 percent attendance.

Much of the business concerned plans for the Clothing Workshop which will begin June 7 under sponsorship of H. D. Clubs, open to all interested women and girls. It will be conducted from 2 to 4 p. m. each Tuesday and Thursday through June.

Final plans are to be made when the County H. D. Clothing Committee meets June 1. Mrs. J. D. Gilbert is committee chairman and Mrs. Ira Ott is in charge of workshop arrangements. Each club will be responsible for serving tea at the workshop at one meeting.

Chosen as delegates to the State THDA convention in Corpus Christi next month were Mrs. Bradley, Mrs. Hoff and Mrs. S. N. Thwaitt, with Mmes. Grady Parsons, T. J. Parsons and Alice Cox as alternates. These were elected from nominations made by county clubs.

Mrs. Argen Draper, County H. D. Agent, reported on 4-H Club activities and announced that the annual 4-H Bake Show will be held June 1.

Announcement was made that a news story in the March-April

RECEIVES AWARD — Louis Hagar, Hereford Post Office employe for the past 15 years, was presented Tuesday with a performance award for service beyond the normal duty by Hereford Postmaster Nolan Grady. The award, which brings with it a Civil Service quality step increase, was approved by B. M. Myers Jr., Dallas region post office director, following a recent visit by post office officials here. The honor is presented only to those rendering unusually meritorious service. (Staff Photo)

Council Holds Business Meet

Members of the Deaf Smith County Council on Alcoholism met Wednesday morning for a business meeting.

MRS. HAZEL Raburn presented a number of resolutions which had been recommended by the board for the committee's approval.

The first resolution recommended that the council list their special Alcoholism Information Line in the yellow pages of the telephone directory with several references to the main ad scattered throughout the section.

Members of the council discussed the resolution and it was passed.

FRANCES Hardwick, Rev. Ron Harpster and Mrs. Jewel Smith were appointed to the committee for obtaining the advertising.

The board also recommended that the council begin formulating plans for Alcoholism Information Week which will be held in November or December.

Council members will begin emphasizing the event in the early fall.

MEMBERS of the Council also voted to pay the registration fee for all those who wanted to attend the Regional Alcoholism conference in Amarillo Wednesday afternoon.

Mrs. O. G. Hill Sr. was asked to appoint a committee to design a special pamphlet about the local council which will be distributed by the Hereford Welcome Wagon to new residents in Hereford.

The committee will design the cover and will prepare the copy which will go inside the pamphlet.

plet. COUNCIL members also discussed the state Alcoholism Institute which will be held in Austin July 24-27 and agreed to pay the expenses of any council member who wanted to attend the event.

The final business was the discussion of the need of a rubber stamp which can be used to stamp the literature which is distributed in Hereford. Important information will be stamped on the pamphlets, including the address and phone number which can be used to obtain more help. The next meeting for the group will be held at 7 a. m. June 29.

Road Safety Subject Of Club Guest

Traffic laws and the effect of their violation on highway safety were discussed by Sgt. Bill Wells of the Texas Department of Public Safety, guest speaker to Young Homemakers Home Demonstration Club Tuesday morning.

Stating that more than 3,000 persons lose their lives each year in highway accidents in this state, Sergeant Wells spoke of common road rule violations which cause many of the fatal wrecks, and said that a traffic violation is a criminal violation. He added that many traffic accidents may be attributed to inadequate trip planning.

Mrs. Lloyd Smith was hostess to the club in First National Community Room. Mrs. Charles Brown presided and reported on the recent May meeting of Deaf Smith County H. D. Council.

Mrs. John Posey and Mrs. Dottie Cozad were guests of the club, the latter a visitor from Idaho in the home of her daughter, Mrs. Tom Crawford, a club member. Other members present were Mrs. Stan Kropff, Lee Roy Burgess, Huey Lowrie, Joe Shollenbarger and John Hammett.

The jeep and the airplane have largely replaced the camel in Arabia.

The giant squid has arms 35 feet long and a 10-foot body.

REP. ROGERS REPORTS

Bill Sets 'Right To Know' Details

Undue secrecy in public affairs brings misunderstanding and mistrust and weakens the proper functioning of government. Democratic processes depend upon the people's ability to make wise decisions and upon their possessing the information on which to base those decisions.

An informed, intelligent electorate is essential to representative government. Protecting the right of the people to know, to have access to a steady flow of information on the activities of their government, has been a constant challenge throughout history and will continue to be one.

THE FIRST Amendment to the Constitution is perhaps the most widely quoted of all the provisions of the Bill of Rights because it is so absolutely vital to freedom and free institutions. It states, "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances."

The guarantee of "freedom of the press" set out in the First Amendment is not the same as the question of "freedom of information" or free access to

government information to the maximum extent consistent with security. Freedom of the Press includes not only the written word but also the spoken word; electronic press as well as the printed press.

The Constitutional protection permits the press to serve a free people by printing such information as it wishes to print, to make such comment as it wishes to make without fear of reprisal.

In order to pass information along the press must be able to obtain it — and efforts to insure greater access to government information bring the continuing attention of Congress.

THE OBJECTIVE is not only to serve the public by insuring access by the professional reporters of press media to government information but also to insure that the individual citizen, if he so chooses, can obtain the information he seeks.

Under the provisions of a new bill pending in the House and Senate, the test of who shall have access to public records is revised so that the great majority of records shall be available to "any person," not merely to those who (as now spelled out in existing law) are "properly and directly concerned."

THE BILL also sets up standards for categories of records which may be exempt from public disclosure, replacing vague phrases with specific definitions of information which may be withheld.

Some of the specific categories cover information necessary to protect the national security; others cover such material

as FBI files. The bill also gives citizens the right to go to U. S. District court in an effort to obtain access to information being denied them. The bill, in effect, spells out in greater detail than ever written into law before the responsibilities of government administrators in making information available.

Meanwhile, I am continuing to battle against attempts being made to turn over to a Federal Bureau the right to tell an American citizen what he can or cannot receive on his radio or television set. Proposals now before our Committee on Interstate and Foreign Commerce would have this effect, and I am doing my best to see that they do not become law.

The Communications Act expressly prohibits broadcast censorship. However, Federal bureaus are constantly seeking to control the information the citizen can receive — and, in my view, it is essential that Congress stand off these threats.

Club Honors Its Choice As Mother Of The Year

Chosen Mother of the Year by members' vote in Young Mothers Study Club, Mrs. Al Hunter, closing her term as president, was honored at the final meeting of this season, a salad supper in Pioneer Gas Flame Room Tuesday evening.

Officers for the coming term, headed by Mrs. Jim Arney, were installed.

Announcement of Mrs. Hunter's selection for the club honor was made by Mrs. Howard Hunter, who made the presentation of a gift to the Mother of the Year. Secret ballots were cast by members at a previous meeting this month.

New officers were installed by

the retiring president, who presented a symbol of office to each, from a table where a display of figurines representing a family had been arranged.

Mrs. Howard Hunter is the vice president for 1966-67. Mrs. Don Chapman secretary, Mrs. David Brunley correspondent, Mrs. Lewis Block treasurer, Mrs. A. T. Griffin historian and Mrs. Al Hunter parliamentarian.

Mrs. Arney presented the club's gift of appreciation to her predecessor, who in turn gave a memento to each officer who has served with her.

Arrangements for the salad supper were made by the hostess

committee, Mrs. Al Hunter, Larry Dobbs and Don Brush.

Other members present to close the club year were Mrs. Charles Springer, Ray Simpson, Homer Rudd, Wayne Stephens, David Honea, Don Hamilton, Raymond Gerk and Frank Campbell.

Schedule Fixed By NSA Chapter

A meeting schedule was fixed and by-laws adopted by the new Hereford Chapter of National Secretaries Association, at a meeting Monday in the law office of Bruce Miller.

Barbara McGuffin, secretary in that office, was hostess. Attorney Andy Shuval was guest speaker.

Fourth Mondays of each month at 7:30 p. m., were set as meeting dates for the recently-chartered group. A permanent meeting place has not been determined; the June 27 session will be at the Rural Electric Cooperative building on East Highway 60.

Avis Northcutt presided and announced appointment of standing committees for the year. On the finance committee are Janie Victor, Mrs. McGuffin and Carolyn Copeland; membership, Virginia Stevens, Thelma Lamm and Wanda Trulock; program, Alice Ruid, Florence Robinson and Mary Kay Everitt.

By-laws drafted by the executive committee were presented, discussed, amended and adopted. Announcement was made that an orientation program will be presented by the Amarillo chapter of NSA which sponsored organization of the Hereford Chapter, at the June meeting.

Shuval spoke on Texas Hot Check Laws, outlining the state regulations and discussing interpretation and administration of the laws.

Members recited the NSA code of ethics to close the program and Mrs. Stevens served refreshments to Jean Kennedy, Faye Dirks and others named on committees.

Floyd Reunion Slated Saturday

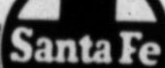

Annual Floyd County Pioneer Reunion will be held Saturday in Floydada, beginning at 9 a. m.

Activities lined up for the reunion include a business session and program, songfest, barbecue dinner, gospel singing, parade, fiddlers' contest, and "Old Timers Dance."

Joe Reeves, chairman, extended a special invitation to former Floyd County residents now living in the Hereford area to attend the celebration.

Panama's Braulio Baeza rode Buckpasser in all the 2-year-old champion's 11 races during 1965. He won nine of them.

AUSTIN HIGHLIGHTS

Committee Studies Texas Public School Education

By VERN SANFORD
Texas Press Association

AUSTIN — A blue-ribbon committee named by Gov. John Connally has adopted guidelines for long-range research into public school needs in Texas. Committee has ordered a survey to determine if the local share of the cost of education is divided fairly.

Known as the Committee on Public School Education, the group has authorized studies in 128 districts over the state, including 30 with 12,000 or more scholars.

VALIDITY of the present economic index — relied on to determine contributions by local school district to the state-wide fund — will be measured carefully to determine how tax assessments compare with actual property value.

Overall study areas agreed on by the Committee include:

Definition of educational goals, program evaluation, personnel matters, financing, administration, impact of the new federal aid programs, effect of integra-

tion on educational quality (with particular reference to problems of faculty desegregation), equity of local property taxes, problems of school size, merit salary plans, teacher effectiveness with varying pupil-teacher ratios, and methods of removing incompetent teachers.

A spokesman for the Texas State Teachers Association called on the Committee to make an interim recommendation for another teacher salary raise next year, although the panel study is not due for completion until August, 1968.

TSTA IS PUSHING for a pay boost of about \$60 a month to bring 120,000 Texas teachers to the national average (about \$6,506 a year), together with a built-in "escalation" provision in the state law to guarantee biennial raises keeping salaries up to the U. S. average.

Committee members displayed widely-varying reactions to the presentation by TSTA's L. P. Sturgeon, Chairman Leon Jaworski of Houston said adequacy of compensation will certainly be

weighed by the study group, but noted other pressing state needs and necessity of exploring entire area of school finance.

Pay raises for teachers and state employees likely will be among top money issues before the Legislature in 1967.

RURAL VOTES IMPORTANT Rural voters were commended highly by Rep. James L. Slider of Naples for making such a strong showing statewide, in the number of votes cast in the first primary.

In conferring with House Speaker Ben Barnes, Slider said he considered it of urgent importance that rural voters repeat this performance in the second primary to offset block votes of metropolitan areas. "Their vote is now a matter of self-preservation, as well as responsible citizenship," he said.

Slider represents the predominantly rural areas of Cass, Marion, Morris and Titus Counties.

COLLEGES LOOKING FORWARD Texas colleges are looking forward to June 1, when the building money boost approved by state voters last November actually goes into effect.

Voters approved a 10-cent per \$100 valuation state ad valorem tax to provide a method of payment for college building bonds.

They also approved broadening the number of schools which have the benefit of the building bonds from 12 to 17.

OIL PRODUCTION NIPPED Eight straight months of steady increase in the oil allowable ended when the Railroad Commission dropped production for June back to 34.5 per cent of potential — compared to 35 per cent for May.

Under the June order, a maximum of 3,241,308 barrels a day can be produced, compared with the average at mid-May of 3,270,498.

None of the major purchasers appearing at the last proration hearings requested a bigger allowable for June. Three asked a cut.

Commission Chairman Ben Ramsey said Texas crude oil stocks increased 2,100,000 barrels in 1965, while national stocks declined.

Earlier, the commission was asked by oilmen and geologists to increase from five to ten the

number of allowable discovery wells in new fields. Such wells can produce more than usually allowed and are exempt from monthly market demand factor. On March 28 the commission had increased the onshore oil discovery allowable period from 18 to 24 months. Experts argued that the increasing number of discovery allowable wells would do more to encourage exploration.

COURTS SPEAK Court of Criminal Appeals ordered early sanity hearing for Jack Ruby, thus clearing the way for appeal of his death sentence for killing presidential assassin Lee Harvey Oswald.

Court reversed and ordered a new trial in the death penalty-murder conviction of Robert Earl McIlwain resulting from a strange slaying of an Air Force sergeant at Amarillo last July. State Supreme Court refused to order new sanity hearing before the second trial of Leslie Douglas Astley for the 1961 murder of Fred Tones, Houston real estate man. Ashley's trial was slated to begin in Gatesville Monday.

PLANTING DEADLINE EXTENDED Cotton farmers in 25 Central and Coastal Bend counties were granted an additional 15 days — until midnight June 4 — to plant rain-soaked fields.

Agriculture Commissioner John White extended the deadline for the following counties: Austin, Brazoria, Chambers, Colorado, Fayette, Fort Bend, Galveston, Gonzales, Harris, Jefferson, Lavaca, Liberty, Matagorda, Orange Waller, Washington Wharton, Bastrop, Caldwell, Comal, Guadalupe, Hay Lee, Travis and Williamson.

McKINNEY CENTER PLANNED Board of Texas Educational Foundation, Inc., operators of Gary Job Corps Center, voted to undertake direction of a Job Corps Center for Women in McKinney.

Plans for the center tentatively call for an enrollment of 500 girls in the facility to be developed at McKinney's abandoned Veterans Administration Hospital. Board authorized Gary Center Director O. J. Baker to work out details of the contract with the U. S. Office of Economic Opportunity.

A new \$14,000,000 contract has been approved for operation of the Gary Center through June, 1967.

SAFETY IMPROVEMENTS MADE Texas Highway Department initiated highway safety improvements amounting to \$4,600,000 during April in the continuing war on traffic accidents.

This brings to \$75,500,000 the amount of funds spent or obligated in the Department's current four-year, \$311,000,000 program to eliminate hazardous locations along the Texas highway network.

During April the Department received bids on 10 projects aggregating \$1,500,000 to be financed by the state. State crews began work on 31 other projects with a total value of \$566,000.

APPOINTMENTS Malcolm C. Lauderdale has been appointed superintendent of Mexia State School, according to Shervert H. Frazier, M. D., commissioner of the Texas Department of Mental Health and Mental Retardation.

Lauderdale has been with the Texas Hospitals and special schools since 1950, serving as acting superintendent at the School since mid-April. He is leaving the Department's Central Office where he has been director of personnel management since 1964.

Seven officials have been appointed by Governor Connally to represent Texas in Chicago, June 13-14, at the first meeting of the Education Commission of the States. List includes: Dr. J. W. Edgar, Commissioner of Education; Paul Haas of Corpus Christi, member of the State Board of Education and of the Governor's Committee on Public School Education; John Gray of Beaumont, chairman of the Coordinating Board for colleges and universities; and Dr. Philip Hoffman, president of the University of Houston.

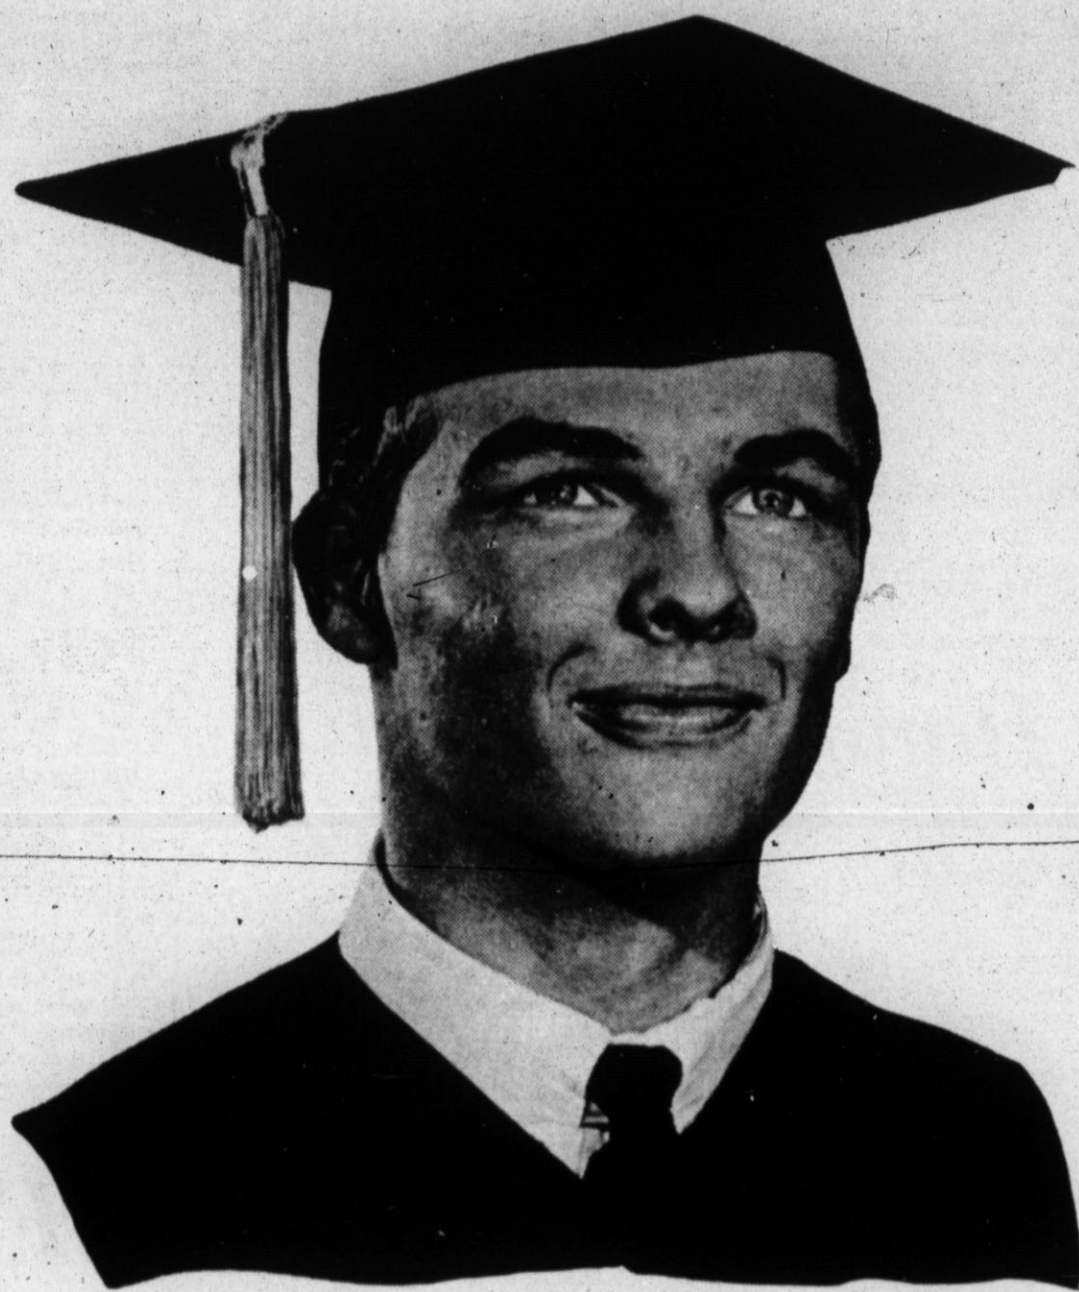

Legislative members are Sen. H. J. Blanchard of Lubbock and Rep. R. H. Cory of Victoria.

SHORT SNORTS State Securities Board reports that 69 corporations were issued permits to sell \$51,671,152 in securities in April.

Land Commissioner Jerry Sadler, Chairman of the School Land Board, has set the next oil, gas and sulphur lease sale for August 2, at 10 a. m. in the General Land Office.

Governor Connally approved grants to Community Action agencies in Houston, Waco, Wichita Falls and Galveston.

U. S. Small Business Administration already has loaned \$2,500,000 to 65 Texas firms this year, ranging from \$3,500 to a Jefferson concern to \$350,000 to one at Anahuac.

CONGRATULATIONS GRADUATES

If you take up farming as a livelihood
you'll do well to remember
that

Pomona Pumps

Graduated years ago from the experimental stage to the nation's leading irrigation pump, known for its dependability in all circumstances. Check with us today.

Clowe and Cowan, Inc.

KNOWLEDGE is POWER

To you, who are Seniors, may we say we're happy and proud of your accomplishments. May you continue to seek knowledge that you may more ably make your contribution to this world.

Master Cleaners

We doubt that any challenge of tomorrow will prove to be impossible for the members of this year's Senior Class. Their history proves it!

It's a history of many victories... a history of a few defeats... but always it has been a history of prideful effort and ultimate accomplishment.

So to each Senior we are proud to send all good wishes on this Graduation Day.

Property owner's name _____

Your mailing address _____ Phone _____

Describe exact location of your farm and best route for fire trucks to travel, including mileage measurements from specific landmarks (such as St. Anthony's Catholic Church, or 385&60, or Park Ave. & 60). If necessary, enclose a map on a separate sheet.

If there is an irrigation well, stock tank, lake, pond, creek, fire plug, or other water source nearby, describe with exact location relative to your farm.

Is there an invalid or other person unable to escape a fire unaided living in your home?

Is the property adjoining yours a fire hazard? If so, please describe.

Are there any other special conditions or hazards firemen should know about your place, or other helpful information?

FOR BUSINESSMEN

Please attach simplified sketch of your building, showing location of potential fire sources such as heating and air conditioning units, hot water heater, heavy-duty electrical or fuel-burning equipment, or other potential fire sources or hazardous areas. NOTE: Also include in sketch locations of merchandise or other equipment which should receive priority protection by firemen upon their arrival at the scene (i.e., expensive merchandise or equipment which you would want salvaged first, if possible, when firemen arrive, should the fire prove to be of major proportions.)

Is there property adjoining yours which might be endangered by a fire in your business? If so, please describe.

Please list any other special conditions or hazards firemen should know about your place or other helpful information:

JUDGES FOR COLLEGE PLAYWRIGHTS

NEW YORK (AP) — Judges for the annual National Collegiate Playwriting Contest include two Broadway producers and two university professors.

Representing the professional theater are Alex Gottlieb and Jay Julien, Theodore Hoffman and Joel Limenhaga, respectively chairman of drama departments at New York University and Stockton College are the other panelists.

The competition, which closes June 4, provides case awards for both one-act and long plays to the student authors, plus plaques to the schools in which they are enrolled.

COOLER KILLED BATTERY

LONDON (AP) — Comedian musician Dudley Moore believes he won the only blue-black foreign car (Maserati) equipped with its own champagne-stocked built-in refrigerator.

Leaving the set of his picture, "The Wrong Box," he tried to start his car. But the starter didn't answer. Then Dudley remembered:

"I know," he explained, "the battery's dead because I forgot to switch off the 'fridge. One thing though, I'm sure the champagne's cold."

CIVIL RIGHTS PLAY

NEW YORK (AP) — A stage adaptation of "The Liberation of Lord Byron Jones" is being prepared for Broadway showing, probably next season.

Collaborating on the job are Jesse Hill Ford, author of the novel about a civil rights episode in the South, and Sterling Silliphant, a TV-film scripter. The play is to be produced by Ronny Lubin who expects to make it into a movie later.

Johnny Sellers rode Our Michael in his first 14 races during 1965. They finished out of the money only twice. Manny Ycaza rode the sprinter twice and was out of the money both times.

Bill Triplett

College News About Students From This Area

Bill Triplett, former Hereford resident now a Canyon senior at West Texas State University, was honored at the recent WTSU Industrial Arts banquet by having a scholarship named for him. The scholarship is presented annually in the Industrial Arts Department.

"Although he lost his right hand in a farm accident when he was five years old, Triplett is one of the hardest competitors in any Industrial Education class," Dr. Wendell Roy, head of the department, stated.

"He represents everything a student should — scholarship, perseverance and loyalty. He is exceptionally good in all types of crafts that require manual dexterity."

Don Rice of Hereford received the Outstanding Senior award at the banquet, and Triplett also

was named Outstanding Industrial Education Club member of this year by fellow members. Son of Mr. and Mrs. Arvin Triplett, 604 Seventh, Canyon, he has attended Hereford schools and was graduated from junior high school here.

He was given a plaque representing the high award; it will hang in the Industrial Education department at WTSU and each year the scholarship winner's name will be added to it. An Amarillo student was the first Bill Triplett Scholarship winner.

NEW CONFERENCE CENTER

WINDSOR, England (AP) — Rear Admiral Anthony Davies, 53, has been named by Dean Robin Woods of Windsor as first warden of St. George's House, the residential conference center for Church of England clergy and lay consultations. The center, in the cloisters of Windsor Castle, will be opened in September or October.

THE NARROW WAY

BELGRADE, Yugoslavia (AP) — Narrowest street in Yugoslavia is believed to be eight-yard-long Ferari Street in the Dalmatian town of Tribanj. It is played has street lights — and is just 18 inches wide.

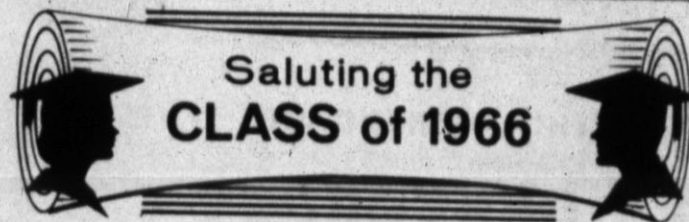

Second narrowest is the town of Vodice, also in Dalmatia. It is 50 yards long and 38 inches wide.

DANCING FOR STATE DEPARTMENT

NEW YORK (AP) — The Harkness Ballet left Feb. 19 for a four-month tour abroad, of which appearance in Egypt, Morocco, Tunis and Lebanon are sponsored by the U. S. State Department.

The company goes first to Cannes, then Nice, Toulon, Aix-en-Provence, Tunis, Rabat, Casablanca, Beirut, Alexandria, Cairo, Barcelona, Bilbao Oviedo and the Festival du Marais in Paris.

DAILY BREAD
PANCEVO, Yugoslavia (AP) — The city health inspector visited a bakery here and showed the bakers an iron nail that some customer complained of having found in his loaf of bread. "The conscientious customer sends that back," one baker commented acidly. "But nobody has bothered to return the gold wedding ring I lost in the dough."

The San Francisco Giants enjoyed the longest winning streak in the National League in 1965 stringing together 14 from September 4 to 16.

Ted Aberrathy, the underhand righthanded relief ace of the Chicago Cubs, set a major league record in 1965 by appearing in 84 games, all in relief.
