Creek Pollution Action Promised

ERNEST WADE
seeks JP office

Ernest L. Wade Seeks Election To JP Office

Ernest L. Wade, a Hereford resident since 1918, has announced his intention to seek election to the office of Justice of the Peace of Deaf Smith County.

Wade said he will be a candidate in the May 7 Democratic Primary for the JP position now held by C. B. Miles, who recently announced he would seek re-election to the office.

A MEMBER of the Deaf Smith County Sheriff's Department for the past four years, Wade operated a dry cleaning business here for 30 years prior to that. During the past four years. See WADE, Page 2

State Board Told Check Is Underway

By WAIN MILLER
News Editor

Local city and county officials, on the blunt end of adverse publicity concerning reported pollution of Tierra Blanca Creek by businesses located along its banks within the city and county, maintained this week that authority to take corrective actions rests with state agencies.

And in Austin, a crackdown on possible pollution of the creek has been begun by the Texas Water Pollution Control Board.

At the board's meeting last week, an official told the eight-man group that his office is in the process of determining whether industries in Deaf Smith County are in compliance with water pollution control rulings.

Both city and county officials here have said the jurisdiction over the problem lies with state agencies, but that they would be willing to adhere to directives of the higher-up governing body when and if the Water Pollution Control Board requests local action.

At the same time, local industries are sizing up their position in the situation which began to mount with a series of articles in the Amarillo Globe. See CREEK Page 11

Name Officers For Council On Alcoholism

New officers were elected by the members of the Deaf Smith County Council on Alcoholism Wednesday morning in a breakfast meeting.

Mrs. O. G. Hill Sr. was elected chairman of the council after serving as assistant chairman last year under The Rev. Joel Treadwell.

The Rev. Ron Harpster was elected assistant chairman and Mrs. Clyde Rayburn was re-elected to the post of secretary treasurer.

Dr. Howard Johnson, Frances Hardwick, Bruce Miller, The Rev. Eunan Walsh and Mrs. Bob Brooks were elected to the board.

AS HER first business, Mrs. Hill appointed a committee to contact businesses in Hereford and place racks containing literature in the stores.

David Butler was appointed to head the committee and Frances Hardwick and Bob Brooks were appointed to serve with him in this position.

As assistant chairman, Rev. Harpster is an ex-officio member of the program committee and The Rev. Gene Brink and Mrs. Jewel Smith were appointed to serve with him in that capacity.

The Rev. B. L. Davis, pastor of the First Baptist Church, gave the program for the group. The program was centered around the theme "The Bible See COUNCIL Page 2

SURVEY DEBRIS — Members of the Hereford Fire Department attempt to locate the cause of a fire which destroyed a small frame house occupied by Jose Lucario Sunday morning. The small home burned to the ground and contents were reduced to ashes. Cause of the fire was not known. When firemen arrived at the scene near the intersection of Gracy St. and South Miles, walls and roof had already collapsed. (Staff Photo)

Poll Tax Payers Now Total 1,895

Just three shopping days remain for Texans to buy their tickets to enable them to voice views in local and state elections during 1966.

With the hour of deadline for obtaining poll tax receipts drawing near, a total of 1,895 poll tax receipts had been issued in the county tax assessor-collector's office as of Wednesday.

This is still short of the 1,971 total number of poll taxes paid last year.

DEADLINE for obtaining the receipts — which definitely will be required for voting in Texas' state and local elections during the coming year — is 5 p. m. Monday, Jan. 31.

Two contested local elections are already on the docket for the coming year, and more are sure to come.

TWO CANDIDATES each have thus far announced intentions to See TAX Page 2

County Hospital Condition 'Good'

Christmas Card Project Yields Over \$2,100

A total of \$2174.90 was realized from Project Christmas Card of 1965, Mrs. Joe Whitley, president of the sponsoring Hereford Medical Auxiliary, has announced after the final tabulation of project funds.

Funds raised in this annual Christmas campaign of the Auxiliary are used for a gift equipment to Deaf Smith County Hospital, and to finance a nursing scholarship given each spring to a high school graduate here.

An in-hospital physician's call system is the purchase planned this year as a gift to the hospital.

Community residents are asked by the Auxiliary each year to place in this fund the amount they would spend for greeting cards and postage to send Christmas greetings within the community. To replace individual cards, a page of greetings with the names of all contributors is published in the Christmas edition of The Hereford Brand.

SECOND STORE OPEN AT SUGARLAND MALL

A second store at Sugarland Mall Shopping Center is now open for business, it was announced Wednesday.

FRONTIER Stamps' redemption store is now open to provide redemption service for Frontier Stamps savers in the Hereford area.

Although work on the shopping center mall continues, customers are welcome to the store, located at the south end of the mall.

Formal opening date will be announced later officials said.

Chargeoffs Spiral As Use Grows

County commissioners took a detailed look Monday at the operation of the Deaf Smith County Hospital — as sized up by the hospital board's annual report for 1965 — and once again were highly complimentary of the hospital staff and administration.

The report submitted to commissioners showed the hospital ended up the year 1965 with a total of \$28,784.32 net profit, which will be reinvested in the facility.

This came despite a record total of more than \$65,000 written off the books as charity cases and losses on bad accounts.

BUT THE POINT which probably means the most to area residents who used the hospital during 1965 was an apparent sizeable savings in hospital care costs, as compared to bills in other area hospitals.

Receipt of the hospital board's annual report highlighted an otherwise light commission session.

Other business including approval of raising fees paid jurymen for services.

ALL PERSONS serving on jury panels will receive \$10 per day for services, commissioners voted.

The Commission made the move retroactive to Jan. 1.

Jurymen formerly received \$4 daily.

Fees paid jurors who answer roll calls but are not selected to sit on a jury will remain at \$4.

The raise in jurymen's fees See HOSPITAL Page 11

ARCHIE McDONALD
enters race

District Judge Post Sought By Moore Official

Archie McDonald, county judge of Moore County has announced he will be a Democratic candidate for District Judge of the 69th Judicial District.

McDonald said Tuesday he will be a candidate in the May 7 Democratic Primary for the office now held by Harry Schultz, who recently announced that he would seek re-election.

In making the announcement, McDonald released the following statement to the Brand:

After having talked to various people over the District and having been assured by an official in charge of Judicial Retirement that the incumbent Judge, who will have served 20 years at the end of this year, if not re-elected, can still receive his full retirement of \$8,000 per year when he becomes 65 next year, I have decided to become a candidate for the office of District Judge.

I believe my experience and education qualify me for the office. I received a B. A. degree See McDONALD, Page 2

County's Junior Showmen, Plus Adults, Win Again

Quipped somebody at the Amarillo Stock Show following judging in the junior steer competition Monday:

FRANK WILHELM
services today

Funeral Today For Area Farmer, F. L. Wilhelm

Frank Leo Wilhelm, 72, farmer in Deaf Smith County since 1940, died Tuesday at his home, Rt. 1, Hereford, after a long illness. The funeral will be conducted at 10 a. m. today at St. Anthony's Cemetery, directed by Gilliland Funeral Home, named as pall bearers are Johnny Jesko, Mike Betzen, Jim Marnell, Kenneth Deiter, Lester Wagner and Tommy Albracht.

Born July 17, 1893, in Potosi, Wisc., Mr. Wilhelm came to Texas in 1910 and moved to this county from Nazareth in 1940. He and Miss Lucille Warren were married Jan. 5, 1925 in Waterflow, N. M.

Survivors are his wife; four daughters, Mrs. F. A. Marnell of Hereford, Mrs. John Thompson of Albuquerque, Sister Frances Mary of New Haven, Ky., and Mrs. George Andriakes of Cedarhurst, N. Y.; a son, Harry Wilhelm of Owensboro, Ky.; two sisters, Mrs. Margaret Schucker of Nazareth and Mrs. Josephine Maenner of Eau Claire, Wisc.; five brothers, Ray of Hereford, Charley of Hap py, Ed, Clarence and Celestine of Nazareth; and 15 grandchildren.

"You just can't beat those Hereford kids and their Hereford calves."

AND THAT was the summation after calves shown by two Deaf Smith County 4-H Club members took the top honors in the junior show.

Two Hereford calves which had earned grand champion and reserve grand champion honors at the Hereford Young Farmer Junior Livestock Show two days earlier were acclaimed the best in the show of 215 steers groomed by youngsters from throughout the Golden Spread.

Judges at the Amarillo show reversed the placings of the top two calves. Bill Cole's 945-pound Hereford which had been reserve champ here was named the Grand Champion of the Amarillo Junior Fat Stock Show.

And Margaret Minks received the reserve champion trophy for her 1,050 pound Hereford at Amarillo. It had been tabbed as grand champion here.

THESE 70 calves had to beat out a third steer from Deaf Smith County — this one an Angus — to earn the top money.

Steve Olson placed his steer in the championship circle in judging of 83 Angus calves at the Amarillo event.

These three placings by county youths highlighted showings, but they were by no means the only prize-winners which had home pastures in the Hereford area.

Entrants from Hereford in the senior stock show also received their share of winnings.

Two local quarterhorse breeders and a registered Hereford cattleman also showed winning stock.

TOP CUTTING horse in the senior division of the Quarterhorse Performance Show, held in conjunction with the stock show, was Poco Ponderosa, owned by Calvin Edwards of Hereford.

The mount was ridden to the win by Bobby Goodwin of Roswell, N. M.

John MacNaughton of Vega earned second place in the same contest with a horse known widely as Leo Bingo.

TWO STALLIONS from the O. G. Hill Jr. spread west of Here-

ford earned honors in the Quarter Horse Halter Show at Fair Park.

Caliente Hill took the number two spot in the 1962 stallion class and King Lee Two was third in the 1964 stallion judging.

REGISTERED Herefords from See COUNTY'S Page 2

CHAMPIONS, ALL — Deaf Smith County youngsters — and adults too — walked away with top honors at the Amarillo Stock Show this week. Bill Cole showed the grand champion calf at the junior show and Margaret Minks exhibited the reserve grand champion calf. They are shown here following wins at last week's Hereford

Young Farmers Junior Livestock Show with calf judge Calvin Holcomb (top photo). Steven Olson, bottom left, exhibited the champion Angus in the junior show. Among winners in the senior stock show from this county was Poco Ponderosa, a cutting horse owned by Calvin Edwards of Hereford. See story above.

March Of Dimes Drive Draws Near Its Goal

Weather hampered one March of Dimes fund-raising activity after another during the first week of the National Founda-

tion's annual campaign, but local volunteers came through it all with a large portion of their goal in hand.

Just \$400 short of its goal, the local March of Dimes had contributions totaling more than \$2,448 Wednesday morning.

MUCH OF this — \$2,008 — came in via the efforts of a hearty group of Hereford women who canvassed the city Monday night in their annual Mothers March.

And students at Stanton Junior High School added \$440.15 to the cause with the presentation of a check Wednesday morning for funds they collected in

several school activities.

The \$2,400 total does not include, however, funds donated through the Jaycee benefit basketball game or that mailed in to local March of Dimes headquarters in "mailers" distributed last week.

Two fund-raising events postponed by the week-end's adverse weather have been rescheduled.

THE TEENAGE Candy Day Sale, first slated for last Saturday, will be held Saturday, Jan. 28, according to Miss Patti Roach, teenage drive chairman.

High school volunteers will be selling the specially marked candy on Main St. and at all shopping centers beginning at 9 a. m. Saturday.

A TURKEY shoot originally scheduled for last week will be held Sunday at the Hereford Municipal Airport. The Hereford Gun Club is sponsoring the event.

Shooting at the Gun Club range will get underway at 2 p. m.

Dr. Noble Ballard, campaign chairman, said earlier that the members of the campaign were trying to collect more money than the \$3,000 collected in last year's canvass.

THE FINAL event of the campaign will be a benefit dance for junior and senior high school students to be held Saturday, Feb. 5, in the Community Center.

Funds collected for the March of Dimes are used in fighting See MARCH Page 2

Pancake Sale Will Aid Three Local Causes

Lions Club members are selling tickets to their annual Pancake Sale like hot cakes these days.

Members of the Lions Club and Cub Scout Pack 50 still have plenty of tickets available for the pancake feast.

The supper will be held Saturday, with serving getting underway at 5 p. m.

Proceeds from the event are earmarked to help pay for a large scoreboard to be placed in the La Plata Junior High School gym, where Hereford High varsity basketball games will be held following completion this summer.

Also benefitted by the proceeds from the pancake supper will be the Hereford High School band, which will use funds donated by the Lions to attend the Six Flags of Texas Contest this spring.

And Cub Scouts of Pack 50 will use the money received from the tickets they sell to help defray the cost of obtaining a charter for the Pack.

Hilroy Aven is chairman of the cooks for the supper. See PANCAKE Page 2

WILEY ROBERSON
former commissioner

Services Held For Resident, T. W. Roberson

Funeral services for Thomas Wiley Roberson, 74, a former Deaf Smith County Commissioner, rancher and farmer, were conducted Wednesday afternoon in the First Baptist Church by the Rev. B. L. Davis, pastor.

Mr. Roberson, who had lived in the county since boyhood, died in a Wichita Falls hospital Monday afternoon, following an illness of more than a year.

One of seven sons and three daughters in the J. P. Roberson family, he was born in Cleburne Aug. 19, 1891 and moved to Summerfield in 1901.

He married Miss Linnie Mae Donald, a teacher at Black, Sept. 1, 1921 in Lamesa. The couple made their home on their ranch 18 miles northwest of Hereford until 1934, when they moved to Hereford.

Mr. Roberson served as County Commissioner for Precinct 2 from 1934 to 1940. He was a board member of the REA during its early years in the county and served on various other boards and committees concerned See SERVICES, Page 2

McDonald ...

(Continued from Page 1)
from Texas Tech, with honors, majoring in Government and graduated from the University of Texas Law School, working my way through both schools.

Soon after my discharge from military service in the fall of 1946, I began practicing law in Dumas. Later I was elected County Attorney of Moore County and while performing such duties, also gained additional experience by always assisting the District Attorney with the Grand Jury, other duties of that office and by actively participating in the trial of criminal cases in District Court.

Then I returned solely to the practice of law for awhile before being elected County Judge. I am now completing eight years as County Judge and during this time many improvements have been made in the county; more roads have been built and paved; a Community Building has been constructed and through assistance from the Kilgore Foundation and others, an excellent library has been built and is adequately staffed and stocked with books.

Except for some adjustments

in values in 1959, there has been no increase in taxes or valuation and the tax rate has been slightly lowered. The county is now in much better financial condition than when I took office. I do not contend that this has been accomplished by my efforts alone. It has been brought about by my good fiscal management of the Commissioners Court and the help and cooperation of many people.

As you know, your County Judge presides over the Juvenile Court, the Probate Court and the County Court, in addition to his other duties. My duties as Juvenile Judge have brought me in close contact with all types of problems concerning children and their parents. Also my work with youngsters, such as Cub Scouts, Boy Scouts and others, and the fact that I have a son in the fifth grade and a daughter in the ninth grade causes me to be vitally interested in protecting the rights of children.

In the County Court, few of the cases tried have been appealed. I am pleased to report that no case tried before me has been reversed by the Court of Civil Appeals or by the Court of Criminal Appeals, however one proceeding to forfeit a bond

was reversed. As an attorney and as County Judge, I have the highest regard for our jury system and the high caliber of our jurors and because of this, I believe that jury verdicts should rarely, if ever, be set aside.

As a County Attorney I have experienced the application of the law from the prosecutor's viewpoint. As a practicing attorney I have been familiar with the law as experienced by both plaintiffs and defendants in civil cases and as a defense attorney in criminal cases. At the end of this year I will have had eight years experience with the law from the Judicial viewpoint.

Therefore, based on my educational background and my varied experience with the law, I earnestly solicit your support and your vote, to elect me to a first term as your District Judge. Respectfully submitted,

Archie McDonald
Judge McDonald is a native Texan and was reared on a West Texas farm. He is married, has two children and has resided in Dumas about 20 years. He is a member of the Noon Lions Club, the Chamber of Commerce and a charter member of the First Presbyterian Church of Dumas where he has been a Sunday School teacher and officer in the church. He is President of the County Judges and Commissioners Association of the Panhandle of Texas, is the District Chairman of the Moore County Fair; a member and former President of the 69th Judicial District Bar Association, a member of the State Bar of Texas, the American Bar Association, the National Council of Juvenile Court Judges and of several fraternal organizations.

County's ...

(Continued from Page 1)
the Colby Conkright ranch north of Hereford earned five high placings, and another went to a calf from the Howard Gault & Son ranch.

Conkright Herefords took the three top places in the three-year-old bull division of the Panhandle Hereford Breeders Association 50th Anniversary Show judged Monday.

The three bulls, registered as C Bar Anxiety Domino Jr., 65, 87, and 74, respectively, earned the three top places in the class.

C Bar Miss Lamo 20 bought Conkright a second place in the senior yearling heifer class in the show.

C Bar Anxiety Domino Jr. 87 also took fifth place in the Hereford Breeding Show judging of senior yearlings bulls held Tuesday.

Howard Gault & Son's Bonny Lucy 5M 502 ranked fifth in the senior heifer division of the Hereford Breeding Show.

MEANWHILE, back to the junior stock-show results, several other Hereford youngsters also distinguished themselves.

In a class of 55, Martha Ann McBride showed the fifth place lightweight Hereford and Joyce Bezner the sixth place winner in the same class.

Cole, in addition to his grand champion, showed the seventh place heavyweight Hereford.

Hal Easley's calf placed eighth in that class.

Tommy Bezner exhibited the 47th place heavyweight 'Angus and Johnny McNeely had the number 30 heavyweight Hereford.

All are from the Hereford area.

Tuesday's sale to climax the junior show payed off well for both the top junior show exhibitors.

THE GRAND champion steer was sold by Cole to the Championship Club of Amarillo for \$2.25 per pound, a total of some \$2,100.

And Miss Minks sold her reserve champ for \$1 per each of its 1,050 pounds. As Grand Champion, the calf had brought \$1.50 per pound here Saturday.

Olsen's calf did not go into the sale.

Instead, it was bough for the Fort Worth Livestock Exhibition, where it will be judged Saturday.

The junior exhibitors' honors at Amarillo gave additional com-

pliment to last week's Hereford Young Farmers Junior Livestock Show.

IN ADDITION to wins posted by Miss Cole, Minks, and Olson, several other animals which won divisions at the Hereford show also came out on top in Amarillo.

Bobbie Gleason and Theresa Seaton, both of Lazbuddie, showed the grand champion and reserve champion barrows, respectively, here.

They took the same honors at Amarillo.

Jerry Smith of Hart and Ronald Mayfield of Lazbuddie showed champion lambs in the south-down and other breeds classes in last week's show here, and got the same two titles at Amarillo.

Services ...

(Continued from Page 1)
ed with farm and ranch operations in this area.

A veteran of World War I, he saw overseas service with the U. S. Army. He was a long-time member of the IOOF Lodge here, and a member of the Baptist Church.

Survivors include his wife and two sons, Hicks Roberson of Hereford and Donald Roberson of Yuma, Ariz. Another son, Melvin died in 1933.

Other survivors are two sisters, Miss Mary Lou Roberson of Lubbock and Mrs. Lillian Smith of Amarillo; two brothers, Doc and Jeff Roberson of Hereford, and five grandchildren.

Burial was in West Park Cemetery under direction of Gilliland Funeral Home. Pall bearers were Harold Beauchamp, Harold Easley, Billy Hutson, J. B. Noland, Floyd Coker and Floyd Driver.

Wade ...

(Continued from Page 1)
Wade has served as a dispatcher and night jailer, at the sheriff's office.

"I feel this experience has helped me to know the needs and duties of the office of justice of the peace and will be valuable in helping me to perform the duties of that office if elected," Wade commented.

A member of the First Methodist Church and a former Rotarian, Wade and his wife Nadine reside at 600 Union. They have one daughter, who now lives in Ethiopia where her husband is stationed with an airline.

Tax ...

(Continued from Page 1)
seek nomination in the May 7 Democratic Primary to offices of county judge and county justice of the peace.

In addition two persons are vying for the office of district judge.

And there's several other offices which will probably see contests develop prior to the Feb. 7 deadline for filing for the Demo primary.

LOCALLY, three school board members have announced they will seek re-election and are, so far, unopposed.

Two city commission seats also expire this year.

Congressman Walter Rogers announced this week his bid to seek re-election to the U. S. Representative post he now holds.

The term of state representative Bill Clayton also expires this year.

Mrs. Nell Miller, tax collector, also pointed out that persons who reached the age of 61 prior to Jan. 1, 1966, are not required to pay poll tax, nor are persons who have just reached the age of 21.

However, these must register to vote.

Bees Defeat Mules 88-50 For Fourth

Hereford Whiteface Bees ran over the Muleshoe Mules Saturday in Muleshoe for their fourth consecutive conference win 88-50.

THE WHITEFACES led by only seven points as the fourth quarter ended, but as the second stanza began the locals scored at least 20 points per period during the remainder of the game after taking a 42-26 lead at the halftime intermission. Hereford Bees scored 26 points in the third quarter while opponents took a 68-39 lead at the end of this stanza.

IN THE FOURTH quarter again the Whitefaces scored high as they tallied 20 points in that period while allowing the Mules to score only 11.

Dale Smith was high man for the locals tallying 23 points in the game and Bill Watts scored 21 points. Ernie Williams scored 11 points for third high man honors.

Civil Suit Ends Before Court Gets Underway

A civil suit resulting from a 1962 auto accident was called before District Judge Harry Schultz in 69th District Court Monday afternoon.

Shortly after the roll was called for the jury, the council for both parties announced that a settlement had been reached, therefore it was not necessary to call court on this matter.

The suit was styled Evelyn Joyce Minton versus F. H. King, ET AL, and Jacob King.

THE SUIT was brought in connection with an auto accident in which her husband, Morris Creswell Minton, 46, was killed, Dec. 30, 1962.

Minton died on the way to Deaf Smith County Hospital after his small auto was reported to have been struck from the rear, by an auto driven by Jacob King.

Officers said that a highway patrolman witnessed the accident.

In a suit first filed by Mrs. Minton, \$200,000 was asked, and then later, the current suit sought \$162,000 in damages from King.

Mrs. Pat Newell, Mr. and Mrs. Jerry Fowler, Mr. and Mrs. Johnnie Roberson, Mr. and Mrs. Wayne Houlett, and Mr. and Mrs. Jerry Shipman. Houlett also conducted a clinic at the convention, as did Mrs. Joan Meadors participate with the activities of the State Jaycee-ettes.

Letter To The Editor

Dear Editor: I have lived in Hereford for the past thirty-seven years. For years the Terra Blanca creek ran clear and deep in many places.

I swam in the old Dairy Road Swimming hole on many a Sunday afternoon. Some times there was as many as fifty children and young people swimming in the 'ole hole.

The creek used to run the year 'round and I have caught fish from the stream many times.

But with all the irrigation wells being placed all over the country and in and around Hereford, the water table has been lowered considerably. As a result I have seen this same creek quit running and dry up from Hereford to Buffalo Lake.

If there was not any water coming from the industrial plants, there would be no water in the creek at all.

When it comes a rise from bank to bank, I would not think the water that runs into Buffalo Lake could be polluted any more than the water that is already in the lake with thousands upon thousands of ducks and geese roosting on the lake for several months of the year and for unnumbered years.

Frankly, we think the pollution problem is all out of proportion, and that the gentleman from Amarillo might well spend his time worrying about the pollution of Amarillo creek.

H. E. Wester

AT LIONS CLUB MEETING

Film Shows 'Why' Nation Continues Vietnam Fight

By TOM WINGO
Staff Writer

A question that is being asked all over the nation was answered Wednesday at the Hereford Lions Club meeting.

"WHY ARE WE in Viet Nam" was the question, and it was answered in the form of a film that was made available by the U. S. Navy, through the efforts of Program Chairman Andrew Shuval and Navy recruiting officer Chief R. L. (Mike) Michelin.

The film, which covered a wide area of time, from the start of South Viet Nam's rebuilding, to the present, showed various scenes of prosperity, to many senses of disaster that

are now encountered.

Also depicted were building of new homes by hand, the planting of new rice fields, the start of a new government — that being one of the free people — which faces aggression from the communists in North Viet Nam.

WHEN THE free people of South Viet Nam first started their rebuilding move, the U. S. aided with money, tools and training, but as the Aggressors moved more constantly into the free and growing land, military instructors began to train the South Vietnamese. The highly skilled and trained instructors found the people of that country eager and quick to learn, so that they might strive to save their land from communist dictatorship.

With the ever-growing number of North Viet Nam guerrillas invading the prosperous southland, it was soon apparent that the South Vietnamese would learn more help from the U. S., as the entire population of their country is few more than the state of New York.

IN KEEPING with the United States policy to help free people to preserve their freedom and sovereignty, the U. S. sent more men to the combat zone, consisting of more fighting men and advisors.

President Johnson said in the film, "This is not like any other war that the U. S. has fought in, their being no front lines, no charging troops... there is fighting everywhere."

"THE MEN don't know where the enemy is, but the painful wounds, sometimes fatal, prove that they are there." President Johnson added in the film, "Our American fight-

ing men have had to leave the country in which they were born; a country that is abundant with freedom, prosperity, and hope, to fight battles far from home on several occasions."

"THIS WAR in South Viet Nam is no less important than any other," said President, "as the freedom of anyone in any country is as important as ours in our country, in so much that a victory for the enemy in a foreign land may lead to further aggression, maybe in our own country."

Secretary of Defense Robert McNamara said in the film, "We do not want to widen any war, but to suppress it before it spreads."

Secretary of State Dean Rusk pointed out the numerous attempts that have been made to conduct peace talks, which met only the constant refusals by the Communists. Several country leaders have offered to talk peace with the North Vietnamese, but were always told to stay away.

"Until peace talks are permitted, the U. S. will continue to help a small nation thwart off the possibility of being overcome by a communist nation," Rusk added.

Grand Jury Begins Session

District Judge Harry Schultz has issued a call for the Grand Jury of Deaf Smith County to begin session Monday, Jan. 31.

Sixteen persons have been called for selection of a 12-man jury.

Those called are: Billy Wayne Sisson, Rt. 5; Cecil Boyer, 127 Ave. K; Edgar Telchik, Rt. 1; Roland Barton, 122 Aspen; T. J. Parsons, Rt. 1; Jim McAndrews, Rt. 1; R. C. Anderson, 224 Ave. E; Mrs. Dale Tinnin, 217 Star; Mrs. Colby Conkwright, 408 E. Fifth; Mrs. Glen B. Allred, 840 Blevins; Mrs. Ira Ott, Rt. 3; Tommy Carnahan, Rt. 4; T. L. Sparkman Jr., Rt. 1; Virgil P. Walker, Star Rt.; and Frank Watson, 501 Ave. J. The jury venire is scheduled to appear Monday morning at 10 a. m. at the Deaf Smith County Court House.

Look Who's New

Mr. and Mrs. Billy W. Parvin are the parents of a son, Lesy Don, born Jan. 25. He weighed 7 lbs. 10 ozs.

A Telephone Hint for Out-of-Town Numbers

Did you know that you can dial "Information" in most cities, free of charge? Simply dial the Area Code for the city you're calling followed by "555-1212." When "Information" answers, give her the name of the distant city followed by the name and address under which the phone is listed.

And here's another telephone hint. Have a pencil handy and add the number to your personal telephone number booklet. Next time you want the number, it's at your fingertips.

Church Building To Be Dedicated

Dedication services for the recently-completed building of the Church of Jesus Christ of Latter-Day Saints on Country Club Drive are scheduled for 6 p. m. Sunday, Dale Hallows, branch president, announces.

Elder Bernard P. Brockbank of Salt Lake City is to be the speaker for the dedication, to which the public is invited. He was appointed an assistant to the Council of Twelve Apostles of the Church in 1962, after serving as president of the Scottish Mission and presiding over the North British Mission.

A BUILDING contractor in Salt Lake City, he has served in numerous responsible positions in his church, including those of bishop, stake high councilman and stake president, and as chairman of the Jordan Valley Region of the church's family welfare program.

He has been an officer and teacher in church youth activities and as a young man he served two years as a missionary in Great Britain.

Elder Brockbank is active in civic affairs and in organizations of builders as well as in the church. He attended Utah State Agricultural College and studied law at George Washington University.

The building which the local branch of the church erected with the help of funds from church headquarters, covers 3,200 square feet and was constructed at a cost of \$75,000. Much of the labor was donated by members.

WORK ON the beige brick building began in February, 1964, and it has been in use for about a year although it was not entirely completed until recently. Dedication was delayed until a representative of the Council of Twelve Apostles could be present.

Before it was built, the congregation met in various temporary halls, including the Veterans Park Club House and Gilliland Funeral Chapel.

Officially organized in 1959, the Hereford branch of the Church of Jesus Christ of Latter-Day Saints (Mormon) dates back to 1953 when a few members began Sunday meetings in homes. Membership now is around 100, including some from Dimmitt and Friona areas.

The Hereford Branch is a part of Dial "Information" in Most Cities, Free of Charge

Now you can dial "Information" in most cities, free of charge. Simply dial the Area Code for the city you're calling followed by "555-1212," the universal information number. (If the city's Area Code is not listed in your directory, dial "Operator" and ask for the Area Code.) Tell "Information" the distant city, and the name and address under which the phone is listed. It's the fastest way to get out-of-town numbers. Southwestern Bell

Elder Bernard P. Brockbank church speaker of the North Texas District of the church.

Inmate Grads Hear Noted College Prexy

Dr. Arleigh B. Templeton, president of Sam Houston State College, will address 231 inmate high school graduates at exercises scheduled Sunday, Jan. 30, at 1 p. m. in the Chapel of Hope at the Huntsville Unit, Texas Department of Corrections.

The noted Texas educator will be introduced by Dr. George J. Beto, director of the state's sprawling penal system. Dr. Beto is credited with developing this phase of the prison's educational program when he was a member of the Texas "Prison Board" in Sept., 1956.

Alonzo Langley, director of education, TDC, pointed out that this graduating class is not as large as previous classes in 1965 due to the recent inauguration of a federal adult education program within all units of the prison system.

However, Langley added, counting this class, thus far 4507 high school certificates have been issued by the Texas Training Institute, through the cooperation of the Texas Education Agency.

Richard C. Jones, assistant director for treatment, TDC, revealed that in 1966 the prison issued high school equivalency certificates to only 35 inmates. The total in 1964 was 518, and the total in 1965 was 348. At present, complete educational facilities are being made available to a prison population in excess of 13,000 inmates.

Graduation certificates will be awarded by H. H. Coffield of Rockdale, chairman of the Texas Board of Corrections. Coffield has personally presented each certificate since the first graduates have heard talks by most of the state's top-ranking officials and educators.

Following the program, inmates graduates and their relatives will be honored at a reception, with H. E. Moore, warden of the Huntsville Unit, serving as host.

Rotary Club Hears March Of Dimes Story

Dr. Nobel Ballard, County Chairman for the March of Dimes, presented a short talk and a film on the functions of the National Foundation Research Centers, at the Monday Rotary Club meeting.

"We feel that there are enough people who want to help themselves to keep up the fight against birth defects. That is why this program has not been turned over to the government," Dr. Ballard told the club. "We feel that if this program had been turned over to the government, we would be still looking for a cure for polio."

The film, "Extra Measure," told of various cases where the parents of children born with birth defects were told to take their children home to die. The National Foundation, through the March of Dimes, took these cases in and often found ways of treating the children enabling them to lead a near-normal life. Dr. Ballard spoke before some 35 Rotary Club members and their guest.

Travel Scenes Viewed

Scenes from Canada's Maritime Provinces, Quebec and adjoining parts of the United States were shown on colored slides to Lone Star Study Club, with comment about the historical background of each section.

Mr. and Mrs. Virgil Dodson showed the slides, from pictures they took on a trip last summer. The meeting was in the home of Mrs. Ray Sull.

In the business session plans were made for the club's part as a hostess group for the County Federated Club luncheon Saturday in Community Center.

Date of the next club meeting was changed to Feb. 12, when husbands of members will be guests at a covered dish supper in the G. W. Newsom home.

Calendar Of Events

Read The Classifieds

WHERE THERE IS SMOKE AND VAPOR... there is fire, which Sunday morning destroyed the home of Jose Lucerio near the intersection of Gracy St. and South Miles. Firemen, who fought the blaze at the small house in sub-zero weather, said the walls and roof of the home had already collapsed prior to their arrival. All contents in the house were destroyed. Smoke appears to be coming from the house in the background, but the burning structure is actually hidden by vapor caused by water hitting the cold air. (Staff Photo)

County Club Federation Luncheon Set Saturday

On program for the winter meeting of Deaf Smith County Federation of Women's Clubs Saturday in Community Center is election of next season's officers, an address on Mental Health, musical selections and recognition of women chosen by their clubs as "Federation Jewels."

All interested women, in addition to those belonging to affiliated clubs, are invited to the covered dish luncheon at 12:30 p. m., announces Mrs. John Jacobsen Jr., president. No reservations are necessary.

Summerfield Study Club is hostess club chairman. Others in the hostess group are Garden Beautiful, West Hereford Home Demonstration, El Lano and Lone Star Clubs.

Honor guests will be the "Federation Jewels," outstanding members selected by the three local clubs which are in the National Federation of Women's Clubs. Similar choices are being made by clubs over the nation as part of the NFWC observance of its Diamond Jubilee year.

Bay View Club has chosen Mrs. A. M. Jones and Mrs. D. H. Alexander as its "Jewels." Pioneer Study Club selected Mrs. J. M. Gilliland and Mrs. Ray L. Johnson; Summerfield Study Club named Mrs. Lee Curry.

Speaker at the luncheon will be Miss Della Stagner, elementary coordinator in Hereford Public Schools and a member of Business and Professional Women's Club, one of the county federated clubs.

Mrs. Will include a piano duet, Doza Lucumi Lecuona by Mrs. A. J. Schroeter and Mrs. Paul Lyons, and two folk songs by Mrs. Bob Wert with Mrs. J. C. McCracken as piano accompanist.

Mrs. Jacobsen is to preside for business. A nominating committee headed by Mrs. Bess Werner is to offer a slate of officers to be voted upon.

Folk Song Heard On Club Program

Folk songs from several countries were presented in Music Study Club Monday afternoon, to illustrate a talk by Mrs. Frances Parker. The meeting was in Mrs. Dale Young's home with Mrs. Bill Brady as co-hostess.

Long before music was practiced by trained composers and performers, Mrs. Parker said, songs and dances flourished as a vital folk art.

The folk song is a product of the national group from which it springs, she added, tracing its course from a tune made up, sung over and over, changed and polished, then passed to future generations until it becomes a part of the spirit of national song.

First musical selection was a violin solo by Mrs. Eugene Brink, Rondino (Beethoven-Krieger). Mrs. Paul Lyons and Mrs. A. J. Schroeter played a piano duet, Danza Lucumi, by Lecuona. A German folk song, Lauterbach (Reutter) was sung by Mrs. Dick Godwin with Mrs. D. W. Palmer accompanying.

Mrs. Bob Wert sang Dancing Around and There was a Little Maiden. Mrs. Ellis Coombes played Pequeña Danza Espanola (Iturbi) and Mrs. J. C. McCracken another piano solo, Turkey in the Straw.

Mrs. McCracken accompanied Mrs. Brink, Mrs. Wert, and the club chorus as it sang Come to the Fair (Cain) and Beautiful Dreamer (Foster). Mrs. Carl Mountz sang the National Music Federation's Hymn of the Month Awake My Soul, with Mrs. B. Y. Crosthwait as accompanist.

The next meeting was scheduled in Mrs. Palmer's home, 149 Liveoak, Feb. 14, when Dr. Wallace C. McKenzie of Wayland College is to be guest lecturer. This program will be the first of two observing the Parade of American Music month.

Mrs. G. C. Mullins was a guest. Other members present were Mmes. J. R. Allison, Joe Frank Clark, W. S. Fisher, Bill Langford, T. W. Roberson, Lowell Sharp, T. W. Jesse Stanford, A. O. Thompson, W. T. Carmichael, J. T. Gilbreath, and S. O. Wilson.

Charter membership in the Hereford Chapter of the National Secretaries Association is still open, and all women employed in secretarial duties in this area are invited to attend a meeting at 7:30 p. m. Monday in Community Center.

Avis Northcutt, acting as temporary chairman while the chapter is being organized, announces that other members will be welcomed.

Secretaries To Meet Monday

Charter membership in the Hereford Chapter of the National Secretaries Association is still open, and all women employed in secretarial duties in this area are invited to attend a meeting at 7:30 p. m. Monday in Community Center.

Avis Northcutt, acting as temporary chairman while the chapter is being organized, announces that other members will be welcomed.

Virginia Stevens and Faye Dirks were named with Mrs. Northcutt to a steering committee to complete details of organization for the group, which met early in December.

The association, which has chapters in cities over the nation, has as its aim the improvement of professional standards for women working as secretaries. Its program emphasized education to fit the secretary better for her duties, and also includes social events.

Ag Education Course Offered

An advanced course in Agricultural Education to be taught at the Bushland Experiment Station is announced by Texas A&M University as a credit course toward an advanced degree. It will be taught Feb. 15 to

May 24, from 1:30 to 5:30 p. m. each Tuesday. The course is listed as Agricultural Education 601, Advanced Method in Agricultural Education. Cost will vary from \$26 to \$44 and tuition may be paid under the Hazelwood Act for veterans. Information may be obtained at County Agricultural agents' offices or from the Agricultural Education Department, Texas A&M.

ONE MINUTE, PLEASE

The Church I Love
 Was Redeemed With The Blood of Christ (No. 2 in a Series)
 the church of the Lord, which he won for himself by his own blood." (Acts 20:28 NEB).

A study club or a social club is made up of its individual members. Also the church of the Lord is made up of individual members who have been redeemed (Rescued and delivered from the bondage of sin) with the blood of Christ.

"For in Christ our release is secured and our sins are forgiven through the shedding of his blood." (Eph. 1:7 NEB).

"The price (for our redemption) was paid in precious blood, as it were of a lamb without mark or blemish — the blood of Christ." (1 Peter 1:19 NEB)

"He it is who sacrificed himself for us, to set us free from all wickedness and to make us pure people marked out for his own, eager to do good." (Titus 2:14 NEB)

Christ also loved the church and gave himself up (on the cross where he shed his blood) for it, to consecrate it, cleansing it by water and the word, so that he might present the church to himself all glorious, with no stain or wrinkle of anything of the sort, but holy and without blemish." (Eph. 5:25-27 NEB).

"You do not belong to yourselves; you were brought at a price. Then honour God in your body." (1 Cor. 6:20 NEB).

A Telephone Hint for Out-of-Town Numbers
Did you know that you can dial "Information" in most cities, free of charge? Simply dial the Area Code for the city you're calling followed by "555-1212." When "Information" answers, give her the name of the distant city followed by the name and address under which the phone is listed.
And here's another telephone hint. Have a pencil handy and add the number to your personal telephone number booklet. Next time you want the number, it's at your fingertips.

By MELVIN YOUNG

Deaf Smith County youngsters swept the Amarillo Livestock show, taking not only the Grand Champion and Reserve Champion honors for the entire calf show, but also winning the Angus breed championship.

Bill Cole, son of Mr. and Mrs. Floyd Cole of Hereford reversed the decision of the local judges to win Grand Champion honors in the Amarillo show with his 945 pound Hereford steer, while Margaret Minks, daughter of Mr. and Mrs. Norman Minks of Hereford took the Reserve Champion honors.

Miss Minks' calf was Grand Champion in the local show while Cole won the Reserve Championship.

The third Deaf Smith County youngster to win a division in the show was Steven Olson, son of Mr. and Mrs. George Olson. His Angus calf took the Grand Champion ribbon for the Angus breed.

All three calves came from

A. O. THOMPSON ABSTRACT CO.
Mr. & Mrs. A. J. Schroeter, Mgrs.
Courthouse
P. O. Box 73
Phone EM 4-1504

Deaf Smith County herds; the two Herefords from the Dameron Hereford Ranch and the Angus calf was picked from the herd of C. R. Danleron.

To top it off, a couple of youngsters from Lazbuddie repeated their local win in the barrow division by walking off with the blue ribbons for the Amarillo show.

Bobby Gleason and Miss Theresa Seaton won the Grand Champion and Reserve Champion spots in the Amarillo barrow show; the same honors they picked up in the Hereford competition.

And we think that speaks pretty well, not only for the Deaf Smith County youth but for the entire Hereford show.

Congratulations to all the youngsters.

It is fitting that the Deaf Smith County youngsters should sweep the show, since Hereford is considered the Hereford Capital of the nation. Deaf Smith Co. has long had some of the best herds in this country, and if this is any indication of what's to come, then we predict that Hereford will remain tops in the breeding of fine cattle.

And what about the Angus? In spite of what you might think, Hereford and Deaf Smith County can also boast some of the finest Angus herds in the country.

And the fact that more than 30 per cent of the animals entered in the Amarillo calf show

LCC ASSOCIATES MEET — Senior students from Hereford High School met with Lubbock Christian College associates Monday to learn more about the benefits of attending that college. Jim Ravanelli, Director of Recruitment for the school presented the program. In the top photo the seniors are pictured discussing the school with Ravaneli. They are back, (l-r) Randy Hopson,

Jeannie Easton, Sandra Huckabee, Patricia Beach and Steve Knox; front, Denise King, Mrs. Dale Young, Ravanelli and Debbie Banks. Below is pictured the varsity trio who provided the entertainment. They are (l-r) Neil Davidson, Charles Sivert and Gerald Engales all of Lubbock Christian College. (Staff Photos)

but knowing John David, we'd bet that it's first rate. When this young man takes on a project, it's always done right. John David will receive his Master's Degree in May. His talent, we're sure, will not be overlooked in the business world.

News About Area Men On Duty

Airman Andrew A. Matthews, son of Mr. and Mrs. A. J. Matthews, Rt. 4, Hereford, has been assigned to Minot AFB, N. D., after completing Air Force basic training.

The airman, who attended Hereford High School, will be trained on the job as a transportation specialist with the Strategic Air Command.

Airman Second Class Howard W. Cummings, Jr., son of Mr. and Mrs. Howard W. Cummings Sr. of Rt. 1, Dimmitt, has been selected Outstanding Airman of the Year for Scott AFB, Ill.

Airman Cummings, a personnel specialist, was honored for his exemplary conduct and duty performance. He is a member of the Air Force Communications Service which operates five million miles of communications channels and more than 1,000 air traffic control facilities around the globe.

A graduate of Dimmitt High School, the airman has attended Bob Jones University, Greenville, S. C., and the University of Maryland during his off-duty hours. He is presently studying at Belleville, Ill. Junior College.

Airman Cummings' wife, Peggy, is the daughter of Manning Fisher, Old Chanuga Road, Hendersonville, N. C.

A U. S. Air Force surgeon from Carlisle, Ark., and husband of a former Hereford girl, has been decorated with the Spanish government's Legion of Merit.

Doctor (Captain) Harold G. Hutson, son of Mr. and Mrs. George L. Hutson of Carlisle, was presented the award by Spanish Air Force Colonel Gonzalo Hevia at Torrejon, Spain.

Dr. Hutson was honored for outstanding medical care in helping save the lives of 12 Spanish military victims of an auto-truck accident.

In presenting the medal, Colonel Hevia said Dr. Hutson's dedication and humane action showed "the excellent spirit of comradeship and cooperation that exists between the Spanish Air Force and the U. S. Air Force."

The surgeon is chief of orthopedics for a USAF medical unit at Torrejon. He is a member of the Strategic Air Command, the free world's mightiest missile and jet bomber force.

Dr. Hutson, a graduate of Carlisle High School, earned B. S. and M. D. degrees from the University of Arkansas.

His wife, Bonnie, is the daughter of Mr. and Mrs. Raymond Bean of Rt. 2, Hereford, Tex.

DIAMONDS FOR CROSS

LONDON (AP) — The procession cross of Westminster is being further embellished by John Wamaker, the American donor, in honor of the Abbey's 900th anniversary celebrations which open Dec. 28. The cross is of gold, silver gilt and ivory studded with sapphires. Now it will be further adorned by an anniversary gift of 72 diamonds.

Card Of Thanks

We wish to express our thanks to everyone who sent cards, letters, flowers, and other gifts, and telephone calls while Jack was in the hospital. We also want to thank the hospital staff, doctors and nurses. I am improving and hope to be able to get around soon.
Mr. and Mrs. Jack Fortenberry

Certain young animals play games that are favorite with children. Lambs and gibbons like to play "follow the leader." Young otters and deer enjoy "hide and seek." Badgers prefer "king of the castle."

this year were Angus, is perhaps indicative of their future.

The Chamber of Commerce may well have to change the signs around our city to read: "The Hereford and Angus Capital of the World."

While we're tossing bouquets, we might add a big congratulatory to the Hereford Young Farmers organization who this year took over sponsorship of the big four-county livestock

show.

The show was sponsored for 17 years by the Hereford Rotary Club, which relinquished sponsorship three years ago to an organization formed for the specific purpose of running the mammoth project. This year, however, the Young Farmers took over the reins and they're doing an excellent job of it.

They have made some mistakes; they will make some next year. But we believe the

1966 show was the best yet, and we're looking forward to an even better show next year.

Did you notice how warm the big Bull Barn was during the local stock show? This is a direct result of the work ordered recently by the Deaf Smith County Commissioners Court. It's really nice.

Calvin Edwards' fine cutting horse Poco Ponderosa took top honors in the cutting horse contest held Sunday in Amarillo. The contest was in connection with the Amarillo Livestock show.

Also understand that some of Colby Conkright's stock entered in the Sr. Division of the show did quite well.

In fact, it appears as though the Deaf Smith County folks put their best foot forward during the 1966 event.

John David Bryant, son of Mr. and Mrs. Cawthon Bryant, and now a graduate student at West Texas State University has recently been elected to represent the graduate students on the Student Senate at the University.

Bryant was one of two elected to the post after a recent Student Association approved constitutional amendment providing for two graduate representatives on the Student Senate went into effect.

Bryant is now working on his Masters in Accounting and Management at West Texas University.

An interesting sidelight to the deal is that John David has written his thesis on the subject of the renovation of downtown Hereford and Littlefield, including a proposed plan for the renovation of the square in Canyon, Texas — based of course on the Hereford and Littlefield projects, and upon information garnered from interviewing our own city manager, Dudley Bayne, and interested parties in Littlefield.

To top it off, he has built a model of Hereford's Main St. and a model showing how Canyon could be renovated. It's an intricate little dude; detailed and complete right down to the automobiles parked on the street. In fact, the thesis and the model were so good that Bryant has been invited to appear on television to present the "downtown renovation" idea to the people of Amarillo. He has also been asked to appear before civic organizations in Canyon.

We haven't seen the model,

Herd Nips Undeclared Demons

Hodges Leads Herd To 67-57 District Win

The dandy Hereford Whitefaces turned the trick Tuesday to defeat the undefeated Dumas Demons in the high school gym with Steve Hodges playing the leading role.

Hereford took an early lead, but during the game the Demons came within two points of the locals bringing the standing room only crowd to its feet.

Victory in this game gave the Herd a 3-2 conference record after winning over the Muleshoe Mules Saturday afternoon.

The Demons were undefeated, having downed Muleshoe, Tullia and Perryton in their first three games out.

HODGES WAS the star of the event as he scored 30 points in the outing. He hit 16 consecutive shots from the charity line before missing on the 17th.

Hodges also led in rebounding with nine credited to his name. He hit seven of 13 shots for better than 50 per cent hits.

All of the Hereford team was hitting good with a 39.9 per cent average from the floor and an 87 per cent average from the charity line.

The Demons hit 36.9 per cent of their shots from the floor and 62.5 per cent from the free throw line.

HEREFORD OUTSCORED the Demons every stanza except the second when the Demons tried to come back from a 16-9 deficit at the end of the first period. But they were unable to recover with the Whitefaces holding a 29-33 lead as the first half ended.

During the first quarter the Demons could not seem to turn the trick to get the ball in for the bucket with the team hitting only three of 10 shots during that stanza.

Dumas was still unable to recover from the unsuccessful first quarter as the game began. The Demons scored only 16 points while the Whitefaces scored 18.

HEREFORD CAGERS put the icing on the cake in the fourth quarter when they scored 20 points. Most of the points were scored on free throws as Steve Hodges tossed in six buckets from the charity line.

The game marked the half-way mark in the Hereford cage conference schedule with the Whitefaces scheduled to do a rerun of the district schools before the Feb. 15 ending of the slate.

Dumas still has one game to go before finishing the first half of its schedule. The Demons were scheduled to clash with the Canyon Eagles, who were also undefeated last Friday, but due to bad weather the game was postponed.

HODGES WAS the high man for the Whitefaces. Roger Owen was second high man with 10 points and Gene Duvall was

close behind with nine.

Bob McVickers was high man for the Demons with 16 points. His brother Bill was second high man with nine points and Ronnie Stephenson scored eight.

Hodges also led in rebounding and Robby Lemons grabbed eight and Duvall stole five.

The Whitefaces will begin running through their district competitors again Friday when they clash with the Tullia Hornets.

Hereford cagers dropped the first game to the Hornest in their first night out in district play 67-55.

Game time will be 8 p. m. in the Hornet Gym in Tullia.

Seventh Grade Drops To Gattis

Stanton Junior High School seventh graders made a comeback in the fourth quarter Saturday only to be defeated by the Gattis junior high players 27-23.

COACH RAY Don King said this was a real improvement over the last time the two teams clashed with the locals dropping 30-13.

King said the boys showed an excellent team effort and he was pleased with them in the game.

The coach added that the Gattis team was one of the roughest the locals had faced all season and he thought that they handled them well.

Seventh graders go into action again Friday when they enter the Plainview Estacado Junior High tournament in Plainview.

IN DISTRICT PLAY

Herd Takes Mules For Second Win

Hereford Whiteface cagers downed the Muleshoe Mules Saturday in Muleshoe for their second conference win 82-74.

THE WHITEFACES won the

game after losing earlier last week to the Canyon Eagles in Canyon. The game was originally scheduled for Friday, but due to bad weather that day the game was postponed until Saturday afternoon.

Hereford was down by a two-point margin as the first quarter ended with Muleshoe holding a 21-19 lead over the locals.

By the end of the first half the two teams were deadlocked in a tie, but the locals came back and poured on the steam as they scored 27 points in the third quarter while limiting the Mules to only 17 giving the Herd a 65-55 lead at the end of the third stanza.

THE MULES came back in the fourth period to outscore the locals, but were not able to take the lead as the Whitefaces wound up with the final 82-74 win.

Roger Owen played a spectacular game as he scored 22 points in the game. Robby Lemons scored 18 points, Gene Duvall scored 15 and Steve Hodges scored 13.

The strong Hereford defense held the notorious Micky Wilson to only 10 points in the skirmish. In earlier games Wilson had been averaging 22 points per game and in a clash with the Littlefield Wildcats he scored 50 points, breaking the West Texas schools record.

Eighth Graders Down N.M. Team

Stanton eighth grade Dogies downed the Gattis junior High School cagers Saturday 34-27 in the Stanton Gym.

JUNIOR HIGH coach Ray Don King said the eighth graders had showed much improvement in the past few weeks and took the game after over a weeks rest.

The Dogies had a game scheduled with Plainview Estacado here Thursday, but due to bad weather the game was called off.

Coach King said Santry Rush, Paul Hendon, Peirce Mays and Mark Woodward played excellent ball during the game. He added that the ballgame was won on team effort with all these boys scoring within only a few points of each other.

This was the second time for these two teams to clash with the locals dropping the game to the Gattis bunch.

The locals will see action again Friday when they enter into play in the Plainview Estacado tournament in Plainview.

by david butler

One more successful football banquet is now history. We thoroughly enjoyed the annual Whiteface event Saturday and we thought coach Burl Huffman was truly a dynamic speaker.

HUFFMAN, FRESHMAN coach at Texas Tech, told a story which we thought worth repeating.

"In my earlier days of coaching at White Deer, I used to think the officials at the ball games needed a lot of help and I often tried to give them a sideline opinion," he started out.

"In fact I often argued with some of them," he continued. "One night during a game the officiating was going against us something terrible and I had been hollering at the referees all evening," he said.

"Finally one of the officials got within hearing distance of me and I yelled, 'Ref you stink,'" the coach added.

"THE REFEREE picked up the football, marched down the field 15 yards and hollered, 'Say Burl how do I smell from here,'" he concluded.

New football captains for next year will be Ricky Fangman and Tony Malouf. Another captain will be elected next fall when football practice begins.

Last year's captains were Gene Drummond, Steve Hodges and Greg Richards. Ed Mims was elected honorary captain later in the season.

BOTH MIMS and Hodges were given special recognition at the annual football banquet when Mims was named the "Hustling Whiteface" by the Brand and Hodges was named "Fit-in" Whiteface.

Both Fangman and Malouf are linemen on next year's team so most likely a back will be elected by the men next fall as the pre-season practice sessions begin.

The turkey shoot which was to be held last Sunday at the Air Port for the March of Dimes was postponed and will be held this Sunday at the same place and the same time.

OF COURSE the weather had cleared up enough for the Jaycee Dribbling Drip game which was held Monday in Whiteface Gym for the March of Dimes. We were real pleased to see the turnout for the special game.

We would like to take this chance to say hats off to Mrs. A. T. Mims and her committee

for the fine banquet they launched Saturday.

THE FOOTBALL Mother's Organization planned the banquet and made all arrangements except securing the speaker.

Members of the Hereford Whiteface Booster Club secured the speaker and Calvin Goodin, booster prexy, was master of ceremonies.

We understand that not only are a lot of the men at Hereford High School sports minded, but some of the girls at school have formed a volleyball team.

The team is not just a practice team, but this afternoon they will clash with a group of college players from West Texas State University.

It looks as if Canyon High School will not get its baseball team organized and the district will remain as it stands with two teams to compete with each other.

ONLY DUMAS and Hereford have baseball teams now and they will clash eight times to decide the district winner.

In the past two years the Whitefaces have won the district title and last year there was a playoff to decide the winner of the crown.

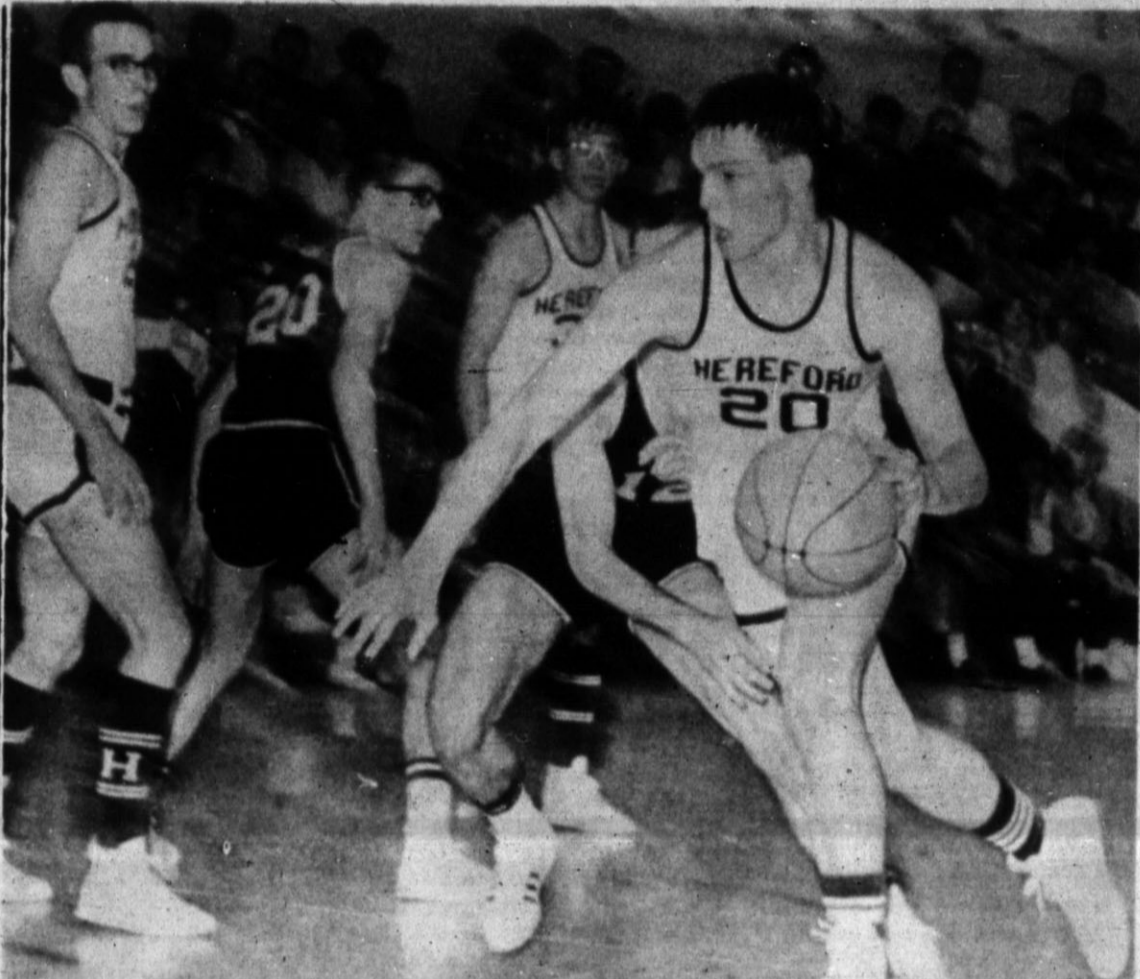

If Canyon could organize a team, it would make more competition and would make winning the district title a little more rewarding.

District I-AAA is now comprised of six schools and in 1967 will have another added making the total seven. It looks to us that at least half of these schools would have enough interest to start teams.

IT ONLY TAKES 12 to 15 boys to make a team and out some 500 students. To us this doesn't seem impossible. Of course many of the schools feel they can't afford the extra expense; but what is money when you are dealing with the characters of our future citizens.

ROYAL AUDIENCE. LONDON — Queen Elizabeth II will attend a charity performance of the musical "Hello Dolly," starring Mary Martin, at London's Theater Royal, Drury Lane, in aid to the Historic Churches Preservation Trust.

The company has been rehearsing for the opening in one of this historic churches it will help to save — a hall made from the crypt of St. George's, Stepney.

STAR OF SHOW — Steve Hodges comes hit 16 consecutive free throws, missing only the 17th. He also led the team in rebounding as he grabbed nine. (Staff Photo)

Jaycee Fireballs Down KIXZ Drips

Hereford Jaycees delt the KIXZ Dribbling Drips a defeat Monday in Whiteface Gym 51-42 in a March of Dimes benefit game.

THE JAYCEE Fireballs jumped out to a decisive 12-6 lead by the end of the first quarter and continued to lead during the entire game. The Drips did threaten as the halftime intermission neared as they came within two points of the locals with a 19-17 score.

By the end of the third quarter the locals had taken a 37-29 lead and held a wide margin until the final buzzer.

Both teams hit 50 per cent from the free throw line with the Hereford team hitting five of 10 and the Amarillo disc jockeys hitting eight of 16.

MONEY EARNED by this game was divided by the two teams and the Jaycees' half was donated to the Deaf Smith County March of Dimes campaign and the other half went into the KIXZ scholarship fund.

The scholarship fund will be used to provide scholarships to deserving students in the Amarillo area this spring. Students' names will be sent to a selection board from each town in which the Drips have played and the board will go through all the names and the qualifications and pick the top students who will be awarded scholarships.

Harold Kidds was high man for the local Jaycees scoring 17 points and hitting three of five free throws. Dr. Hicks was the second high man scoring 12

points in the game. **JAY BENNETT** was high man for the Dribbling Drips scoring 22 points. Barry Nelson was the second high man scoring 11 points. Bennett also hit four of nine free throws.

Those playing on the Jaycee team were Dr. Howard Johnson, Ronnie Osborn, Dr. Noble Ballard, John Meador, Chuck Everett; Bob Sims, Harold Kidds, Dave Hopper, Charles Skinner, and Dr. Hicks.

Jerry Walker, Jerry Coleman, Barry Nelson, Jay Bennett, Hugh Scott and Jim Benson comprised the Dribbling Drips from Amarillo.

RETURNS TO SCOTLAND EDINBURGH — The Rev. Patrick Campbell Rodger, executive secretary of the Faith and Order Department of the World Council of Churches in Geneva, will return to Scotland next July as Vice-Provost of St. Mary's Episcopal Cathedral, Edinburgh.

DOWN THE COURT — Robby Lemons comes down the court as he drives in for a lay-up, but was stopped short by the Demon mark for the Whitefaces in their conference slate. (Staff Photo)

FIFTH CONSECUTIVE WIN

Bees Run Over Dumas Demons

Hereford Bees downed the Dumas Demons for their fifth consecutive conference win Tuesday in Whiteface Stadium 57-38. The Bees were hot hitters as they hit 50 per cent of their shots from the floor and 48 per cent of their shots from the charity line.

DUMAS PLAYERS hit only 28 per cent of their shots from the floor and 57 per cent from the free throw line.

Hereford jumped to an early lead and by the end of the first stanza the locals held an 11-8 margin over the Demons.

Only nine points separated the two teams as the second period ended with the locals leading 29-20.

IN THE THIRD quarter the Demons made a short comeback to narrow the margin to 36-30 by the end of that period.

But as the fourth quarter began the locals began to click offensively and scored 21 points while allowing their opponents only eight points during the stan-

za. **Tony Malouf** had one of his best nights of the season scoring 16 points for high man honors while taking eight rebounds off the board. He also hit seven of eight field goals in the game.

Bill Watts was second high man with 14 points. Larry Cham Champ scored 12 points and Dale Smith scored 11.

WATTS AND Champ also grabbed eight rebounds for the Bees and Jim Childers took six.

Rusty Kidder was high man for the Demons with 12 points and Eddie Smith was second high man with 11.

Hereford Bees will go into action again Friday when they travel to Tullia to clash with the Hornets, game time will be 6:15 p. m.

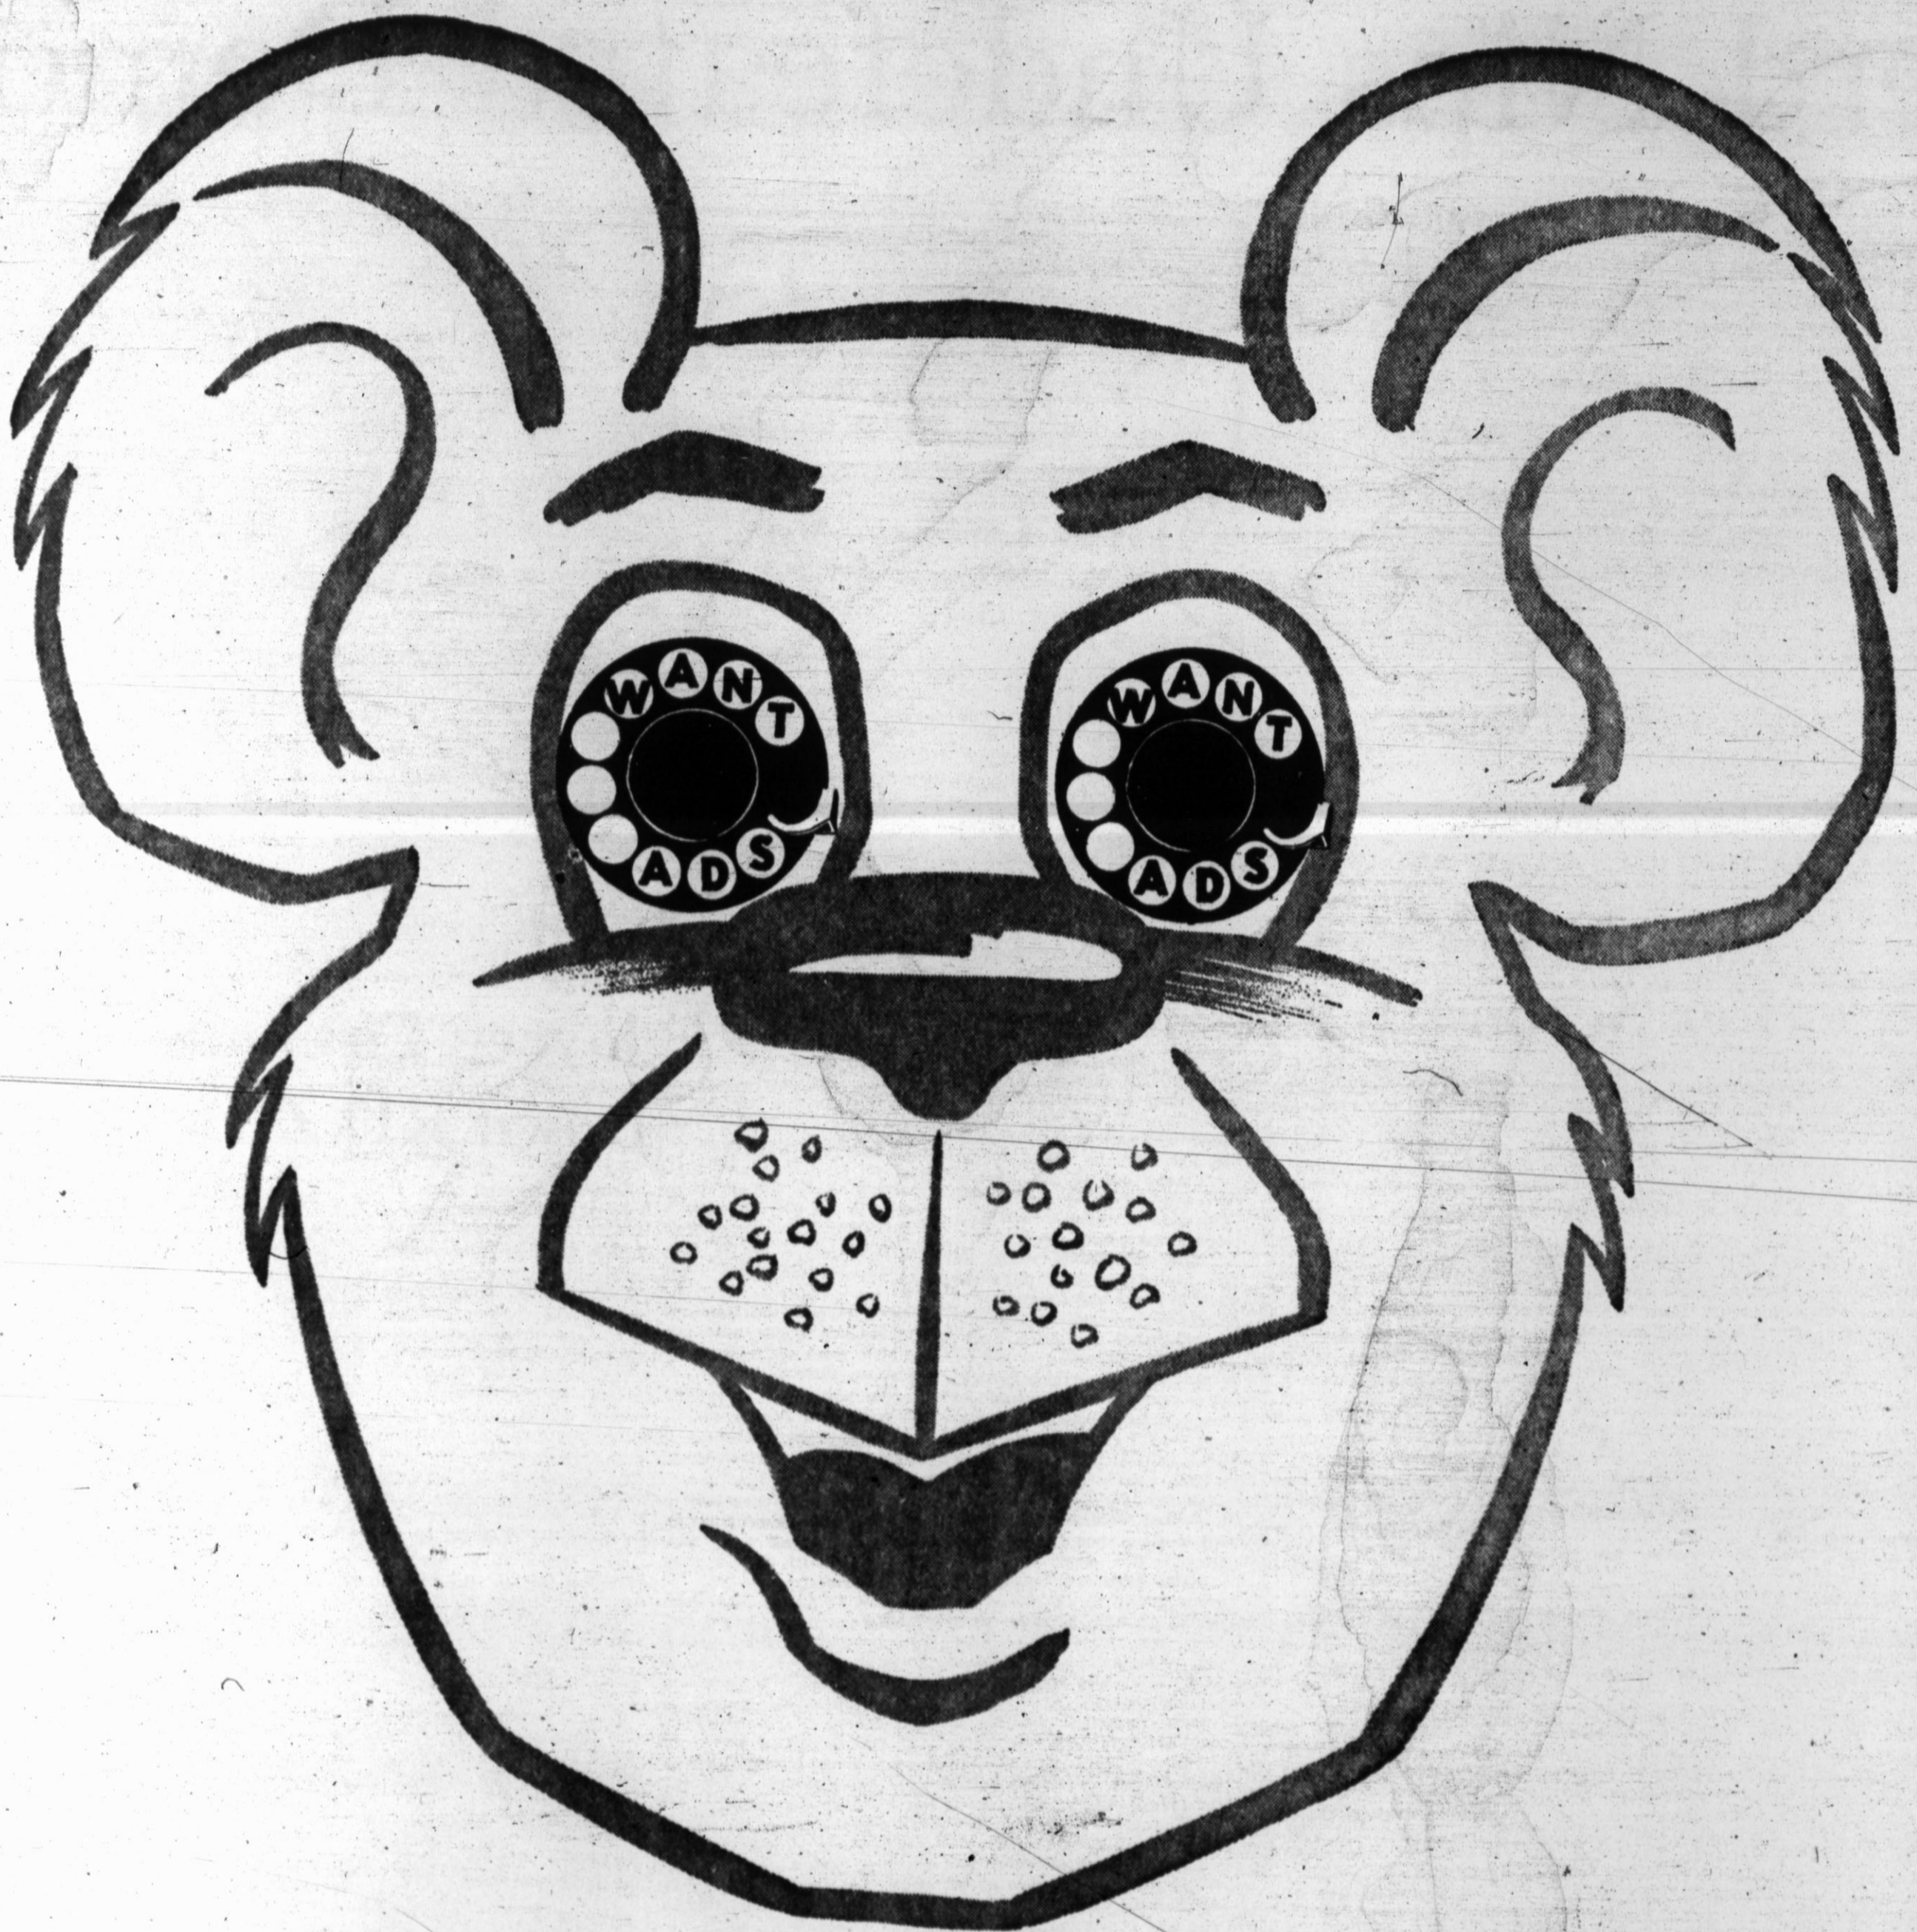

The locals will not play at home again until Feb. 8 when they clash with the Canyon Eagles. Feb. 11 will be the final home game of the season when the Whitefaces meet the Muleshoe Mules here.

FEATURED GUESTS — Jim Honey (left) and Burl Huffman were featured guests Saturday at the Hereford Whiteface Football Banquet. Honey is a starting linebacker for the Texas Tech Red Raiders and recently received his letter on that squad. Huffman was the speaker for the evening and is the freshman coach at Texas Tech. Huffman was introduced by Honey at the event. (Staff Photos)

SPORTS AWARDS PRESENTED — Two Whiteface football players were presented awards at the annual Football Banquet Saturday in the high school auditorium. Ed Mims was presented the "Hustling Whiteface" award by Brand Sports Editor in the top photo and Steve Hodges was presented the "Fightin' Whiteface" award by cheerleader Joanne Ferguson. Both Mims and Hodges are seniors this year. (Staff Photos)

AUSTIN HIGHLIGHTS

Increased Tax Forecast For Higher Education

By VERN SANFORD
Texas Press Association
AUSTIN, Tex. — A substantial tax increase will be needed next year to provide for fast-growing state colleges and universities.

Frank Erwin, chairman of the Committee for the Governing Board of Texas Colleges and Universities, estimates that a higher-education expenditures will be up \$100,000,000 for the coming biennium — above the present \$432,000,000 budget. That's a hike of nearly 25 per cent.

Some authorities feel that increased expenditures for education will run closer to \$170,000,000. Erwin predicted that college-enrollments will double by the early 1970's and admitted that the task of providing facilities for all appears virtually hopeless.

Texas, he said, must be as enthusiastic in support of new taxes for education as they were in backing increased appropriations last year. OTHER SOURCES said the higher education budget looming next year may reach \$650,000,000. In that event about 500,000,000 may have to come from dire taxation.

Should an increase as large as now foreseen become necessary, pressure almost certainly would be renewed to hike the \$50 a semester tuition fee required at state institutions. In the past, however, legislators have been quicker to raise taxes than tuition.

After hearing the sobering story of the financial plight of the colleges, the Coordinating Board for the Texas College and University System settled down to its first meeting of the year. Board authorized a local election on establishment of a new junior college district to serve the Port Arthur-Nederland-Port Neches area, but postponed until July a decision on a similar institution for Scurry County.

Board members learned that Texas' new \$85,000,000 state supported loan program for college students will be fully operative by next fall. Candidates filing — A rash of entries in Democratic primary races for statewide offices indicates there will be plenty of action on the political front this spring after all.

Houston natural gas producer Stanley C. Woods, 43, announced he will take on Gov. John Connally and called for a supporting team of candidates to oppose other major incumbents. State Rep. Bill Hollowell of Grand Saline was scheduled to reveal this week whether he will join Woods' "team" as a candidate for lieutenant governor.

Hillsboro friends paid the filing fee of Secretary of State Crawford C. Martin for attorney general. Whether he gets opposition from State Sens. Franklin Spears of San Antonio and Galloway Calhoun of Tyler is in the hands of the State Supreme Court which has heard arguments on their eligibility to run.

Incumbents Treasurer Jesse James, Comptroller Robert S. Calvert, Agriculture Commissioner John White, Land Commissioner Jerry Sadler, Supreme Court Associate Justice Clyde E. Smith and Court of Criminal Appeals Judge W. T. McDonald are among those who have deposited their hats in the ring. District Judge John F. Olson of San Antonio is opposing McDonald.

the Federal Land and Water Conservation Fund for acquisition and development of state and local outdoor recreation areas. Will Odom, chairman of Texas Parks and Wildlife Commission, said Texas' state-wide outdoor recreation plan was approved by the Department of Interior's Bureau of Outdoor Recreation.

Funds will be allocated to the state for sharing among agencies on a city and county level. Included are water improvement districts and river authorities. Texas plan may include initial emphasis on development of existing park and recreation areas, particularly those located on lakes and streams.

Parks and Wildlife Department is preparing a manual of instructions for political subdivisions to guide them in making applications to share in the program. Connally has appointed John H. Crooker Jr., Houston; William C. Donnell, Marathon; Mrs. Savannah C. Locky, Troup; and J. L. Huffines, Greenville, to the Board of Regents of the State Senior Colleges. Mrs. Locky and Huffines are reappointments. Donnell succeeded Ed Gossett of Dallas and Crooker succeeds Newton Gresham of Houston.

House Speaker Ben Barnes appointed a five-member House committee to study the use of voting machines in election. Named were Reps. W. H. Miller, Houston; Tony Bonilla, Cor-Houston; Glenn Johnson, Temple; and James W. Stroud, Dallas. Secretary of State Crawford Martin, Attorney General Carr, and Texas Legislative Council Director Robert E. Johnson will serve as ex-officio members.

Bexar, Brazoria, Cameron, Dallas, Ector, El Paso, Galveston, Gregg, Harris, Hidalgo, Jefferson, Midland, Nueces, Potter, Randall, Rusk and Tarrant Counties used voting machines exclusively in last year's special election. Lt. Gov. Preston Smith named to the advisory committee on the Commercial Code: Bromberg of Dallas; Carroll Cobb of Lubbock; J. Chrys Dougherty of Austin; Stanley Pletman of Beaumont and Prof. Millard H. Ruid of Austin.

To an advisory committee on the Water Code, Smith appointed Judge Joe R. Greenhill of Austin; Victor W. Bouldin of Houston; Joe D. Carter of Austin; Dean Carlton of Dallas; Prof. Corwin W. Johnson of Austin; Neal King of Mission and Roy D. Payne of Austin. He also cleared a \$102,078 federal grant for Community Action Program development in Dallas' war on poverty.

Travis County Head Start funds of \$199,247 (matched by \$23,761 in local support) will help train 616 children in Austin, Del Valle and Manor. A San Patricio County project planned by a Sinton group will be financed by \$22,371 in federal money plus \$2,542 in local support and will provide a program for 50 children of Odem Independent School District.

McKinney Independent School District in Collin County will receive a \$43,132 federal grant (and put up \$5,385 locally) to operate a program for 100 youngsters. DRAFT QUOTAS TOLD — State draft boards are scheduled to induct 1,372 single and married men without children during February.

Quota actually is less than January's 1,475 and December's 1,523 and represents Texas' share of national call for 29,400 men. Inductees will be 19-25 years old. Col. Morris S. Schwartz, State Selective Service Director, emphasized that no married man with children or expected children will be selected to fill the February call. But he warns that information on unborn children certified to by a doctor should be promptly transmitted to draft boards.

ATTORNEY GENERAL RULES — Community Mental Health Centers and state financial aid for them are constitutional. So held Attorney General Carr in an opinion requested by Dr. S. H. Frazier, commissioner of Mental Health and Mental Retardation. In a separate opinion, Carr said the new Code of Criminal Procedure provides for sale, after 30 days, of abandoned or unclaimed personal property seized under search warrants. Earlier Carr informed Agriculture Commissioner John C. White that labels on economic pesticides must carry either the

name and address of the registrant of the product, the manufacturer or of the person for whom manufactured. MUSEUM PLAN REVEALED — A \$10,000,000 permanent Texas Institute of Living Culture is proposed by Governor Connally as the state's exhibit for the 1968 HemisFair in San Antonio. Connally will ask the Legislature to appropriate an additional \$5,500,000 for the project.

He described the exhibit as a kind of super-museum, capable of future growth. It would depict the state's history and culture from the days of the cave men to manned space flights. COLORFUL PLATES — Purchasers of Texas personalized or prestige license plates will get more for their \$10 additional fee this year. Plates will have a reflectorized silver background with up to six green letters or figures.

1965 TRAFFIC FATALITIES UP — An unexpected rash of traffic fatalities in December broke a year-long downturn in fatal accidents and pushed the 1965 traffic toll to a new high. 1964 when 3,006 deaths were recorded. But during 1965, total deaths reached 3,618. The December death toll is the highest on record as 345 persons died. FIRST TNE PROJECTS APPROVED — Texas Highway Commission has approved the first ten projects in Texas to come under the Highway Beautification Act. Those counties with approved projects to screen auto wrecking yards are: Palo Pinto County, \$2,500; Hill County, \$5,700; Montg o m e r y County, \$3,500; Travis County, \$2,500; Bexar County, \$3,700; Arkansas County, \$5,500; Robert son County, \$2,000; Dallas County, \$3,000; El Paso County, \$3,300; and Moore County, \$3,300.

Commission also approved the planting of palm trees along a 3.6 mile stretch of U. S. 83 in Hidalgo County and the widening of Loop 249 from 7th Street to U. S. 77 in Hartlingen. In other actions, Commission ordered the construction of pavement and a railroad grade separation on State Highway 327 in Hardin County and the construction of two safety rest areas on U. S. 277 in Jones County.

Also, a grade separation was ordered constructed on U. S. 385 in Odessa, the southern segment of a loop around Taylor was given the go-ahead and entrance and exit ramps on U. S. 75 south of Sherman will be constructed. Finally, the Commission has ordered the construction of a street section on U. S. 83 through Winters and the widening of State Highway 208 from 13th to the north city limits of Snyder.

WATER POLLUTION STUDIED — Texas Water Pollution Control Board has taken two major actions in the area of water pollution. A comprehensive study and review is to be made of all waste disposal permits in the Beaumont-Port Arthur-Orange area leading to an area-wide revision of permits to reduce pollution. Commission also authorized a four-year program for a comprehensive study of the Galveston Bay System, including Trinity Bay, to gather enough information to formulate a pollution reduction plan. Program would cost \$700,000 a year. Federal, local and industry contributions will be sought.

SHORT SNORTS Governor Connally announced the approval of a supplemental Community Action Program Development grant of \$102,078 to the Dallas County Community Action Committee. Texas 65 Health Insurance will be discontinued after July 1, when Medicare benefits become available to those 65 years old and above. Unemployment insurance payments during December dropped 32 per cent from December, 1964. Emergency loans by the Department of Agriculture were authorized for farmers in Brazos, Grimes, and Madison Counties. University of Texas Regents let a contract for a \$9,600,000 medical school in San Antonio. Retired Army Col. Walton Threadgill (who helped design the eternal flame over President Kennedy's grave) has re-joined Texas Highway Department as a research engineer.

HELD OVER WICHITA, Kan. — The workers in the public information office at Wichita State University didn't have to put up any Christmas decorations this year. The nativity scene which office personnel put in a window last Christmas was still in place.

Adrian News

By ANN BEAVERS

Mrs. Mary Jo Johnson of Childrens has made Who's Who Nationally in Home Ec. at Childrens. Mrs. Johnson is a former teacher in the Adrian School.

Mr. and Mrs. James Bearden and daughter of Matador visited the Ray Brown family last week.

Perry Grunkey was on the Deans Honor Roll for last semester at Texas Tech in Lubbock.

Mr. and Mrs. Y. C. Garrison and children from Channing visited Mrs. Lorene Proctor last Sunday.

Rev. and Mrs. B. J. Foster and children went to Amarillo, Monday to a show in honor of the 19th birthday of son Steve.

Home from college last weekend were Mack Fortenberry, Kathy Kromer, Perry Grunkey, Coralie Fortenberry, Doriss Horton, Steve Foster, Rick Grunkey and Gary James.

Mr. and Mrs. Gene Webb and children of Amarillo visited the E. E. Allen family Sunday.

Mr. and Mrs. Butch Betts and children of Glenrio visited the Horace Betts family Saturday.

Mrs. Emma Bales visited in Clovis with Mr. and Mrs. J. C. Bales and family last week.

The Harris family had a weekend reunion, with Mr. and Mrs. Freddie Harris and children back from Maryland and on their way to Alabama, where Harris will be stationed. Mr. and Mrs. Tedo Harris and children of Conchas Dam, Joe Harris and Overton Harris families of Amarillo, Mr. and Mrs. Everett McClintosh of Hereford and the Hardy Harris and R. Lee Petty families all enjoyed dinner and get-together at the Wilbur Harris home.

Carol Rowsell of Vega, daughter of the Tom Stewarts, and J. R. Tucker were recently married in Tucumcari and are now making their home in the Horace Betts trailer home in Adrian.

Mr. and Mrs. A. D. Lewis and family have moved their trailer home to a new location, south of Millie Maupin's residence.

Mr. and Mrs. Joe Brownlee and family celebrated Davy Brownlee's 10th birthday Sunday, by going to Amarillo and seeing a movie. Later they visited Mrs. A. M. Chapman, Mr. and Mrs. Gay Grogan and son, Mrs. Ronnie Dowdy and daughter.

Mr. and Mrs. Bill Gudegg and daughter visited Mr. and Mrs. Paul Jackson in Amarillo Sunday.

Mrs. Ray Fisher of Ames, Okla. visited Mrs. Earl Croff recently.

A fire at the W. C. Briggs farm Saturday morning resulted in the loss of a bunk house which contained farm machinery and paint. The Adrian Volunteer Fire Dept. was called.

J. W. Edmonds underwent surgery Friday morning in Amarillo and is doing fine now.

Visiting W. C. Edmonds and Jess Fincher this week are Bill and J. W. Edmonds of Quanah, Mrs. Margarette Golden, Treasa Harper, Jack Edmonds, Dan Edmonds and Charlie Edmonds all from Dallas, Mr. and Mrs. Obee Harper and Linda and Mike of Plains. They all visited their father, J. W. Edmonds, in the hospital.

Mr. and Mrs. Jim Nolan and five children from Amarillo are new residents of Adrian, living in the Abbe Palk house.

Mr. and Mrs. Pat Maupin of Gruver visited the Earl Browns Monday.

Mr. and Mrs. Richard Fortenberry and children of Bellview, N. M. visited Mrs. Nannie Fortenberry Monday evening.

An all-day meeting was held by women of the Methodist Church Tuesday. Mrs. E. N. Jacobson led the program on Race Relations and Christian Nations.

Mr. and Mrs. Donald Pinell and Rex of Glenrio were Tuesday night supper guest of the Earl Brown family. They celebrated Earl's Birthday.

Mrs. Lorin Creitz attended a

Creek ...

(Continued from Page 1)

Times. That paper charged that many industries along the creek are allowing polluted wastes to reach the creek, either by purpose or accident.

Particularly named were slaughterhouses, feed yards, and vegetable sheds.

The two slaughterhouses located near Hereford which allows wash water to flow into the creek both have traps and screens which curtail pollution, officials of Caviness Packing Co. and Hacker and Jesko Meat Co. said.

Spokesmen for both told the Brand that further measures are more-or-less on the drawing boards to correct any problems which might stem from their packing houses.

Caviness Packing Co. conferred with the state water pollution control board in Austin prior to building its plant here in July, 1962.

AT THAT time, Caviness' consulting engineer was told that the filtering system now in use would suffice until further arrangements could be made.

These additional facilities are still pending, according to Pete Caviness, owner of the plant. He explained that the possibility of flowing his plant's waste into the city sewer system has been studied since that time and that if this is not made possible soon, other measures would be taken to insure compliance with the state water pollution control rulings.

Holly Sugar Corporation set its waste control to meet specifications of the state rulings when building its Merrill E. Shoup plant and accompanying refinery here.

Other feedyards located along the banks of the creek apparently do not allow waste, as such, to enter the creek; however, rains may cause run-off water which passes through the cowlots to enter the creek.

OBSERVERS feel that some corrective action may be needed by feedlots to comply with the state rulings, which prohibit any pollution-causing waste or run-off from entering streams.

However, as one person pointed out, this is a problem which would take considerable measures to cure, and whether or not the means would justify the end is subject to question.

Many persons have contended that the creek flows only in times of considerable rain, and therefore preventing run-off during such periods would be difficult, and probably very costly.

VEGETABLE sheds are accused of allowing water containing vegetable matter to enter the creek, which, in some instances, may not meet the minimum requirements of the state rulings.

However, spokesmen for processing sheds said that the solution to this problem would require measures which would find the local sheds hard-pressed to fulfill.

AND ON THE other hand, a local attorney representing two of the area vegetable sheds said that he felt waste from these two sheds probably would comply with the standards called for by the water pollution control board.

"Perhaps," the attorney commented, "the main problem is that some of the industries involved merely have not met the requirement of obtaining the required permit — although the waste they allow to reach the creek is in compliance with the state rulings."

Meanwhile, Randall County Commissioners last week appointed a committee to look into the situation and, if need be, study the possibility of filing an official complaint against Deaf Smith County industries not in compliance with the laws.

THEIR INTEREST in the situation, of course, stems from Canyon's "closeness to the Tierra Blanca, plus the fact that the creek flows — when it has sufficient water — into Buffalo Lake.

Letters were sent recently to Hereford area industries advising them to check to be sure they are in full compliance with state regulations concerning water pollution.

Hugh Yantis, assistant executive secretary for the state water pollution control board, said that the letters were sent as

sub-district meeting of the Methodist Women's Society of Christian Service in the home of Mrs. L. W. Tooley at Dawn last Monday.

Claude Hicks was uninjured in a collision of his car and a train at the crossing in Adrian Friday morning. The only damage was to his wrecker and the train.

Monday night in the Adrian gym, the Junior High Matadors whipped the Channing Eagles. The girls' score was 23-28, boys' score was 30-43.

Hazardous Streets Cited For Mishaps

Hereford police recorded seven accidents this week, with only one resulting in injuries and heavy damage.

Three men were injured Wednesday morning when an auto collided with the rear of a truck tractor about 7:15 a. m., just east of the Bull Barn on Dairy Road.

INJURED in the early morning accident, were James P. Drerup, 27, and his brother, Paul T. Drerup, both of Hereford. James Drerup was listed as the driver of a 1958 Plymouth which collided with a truck driven by Frank Dehoney.

Dehoney was reported treated and released at Deaf Smith County Hospital, while the Drerup brothers were both admitted, and reported in good condition.

TWO OF the accidents reported to police occurred on private property and four on city streets.

At the intersection of Park and Ave. K, an auto driven by Darlene Vick Gibson, 815 Blevins, collided with one driven by Tom Homer Green, Box 984, at 7:30 p. m. Monday. Damage was estimated at \$200 in the accident.

At 11:02 a. m. Monday, a car driven by Wanda Reed Penson, 213 Ave. J, collided with two parked autos near the intersection of East First and Ave. K.

The parked autos were reported owned by Triso M. Cuellar, 209 Kibble, and Carmen Macias, Hart.

BOTH THE parked autos were listed as total losses by police while the Penson auto was damaged to the extent of \$200.

Tuesday at 2 p. m., an accident was reported at the intersection of Lee and West Third. Autos driven by Clyde C. Evans Rt. 2, and John H. McCrery, 210 Beach, collided causing some \$85 in damage.

At the intersection of Third and Bennett, autos driven by Jim Marcum, 116 Juniper, and

the result of reports from Jim Thomas, a writer for the Amarillo newspaper.

AT THE BOARD'S meeting last Thursday, Yantis told members that he was checking to make sure all persons or firms discharging waste into the stream hold permits to do so, and that those who hold such permits are meeting the specified requirements.

When the staff investigation is completed, Yantis will make a report to the board, possibly at its next meeting, Feb. 24.

He also disclosed that a representative from his office or from the state health office would visit Hereford in the near future for a first-hand look at the Tierra Blanca problem.

GENERAL procedure is that complaints of pollution are investigated and reports made to the board, which then calls in the persons suspected of polluting public waters for a show-cause hearing on cancellation of their permits, or of amending their permits if they are causing pollution.

When the pollution control law took effect, everyone discharging waste of any kind into a stream or onto the surface of the land was required to apply for a statutory permit which had the effect of legalizing what they were doing. But the law gives the board authority to call in any licensee for review; and to amend it to put on higher purity standards if it finds they are needed.

This procedure was used recently to revise all permits for discharges into the Houston Ship Channel, which was badly polluted. Requirements were put on which will cut pollution of the channel in half, and the board promised the cities and industries that in the future it expects to make them even more stringent.

Letters were sent recently to Hereford area industries advising them to check to be sure they are in full compliance with state regulations concerning water pollution.

Hugh Yantis, assistant executive secretary for the state water pollution control board, said that the letters were sent as

sub-district meeting of the Methodist Women's Society of Christian Service in the home of Mrs. L. W. Tooley at Dawn last Monday.

Claude Hicks was uninjured in a collision of his car and a train at the crossing in Adrian Friday morning. The only damage was to his wrecker and the train.

Monday night in the Adrian gym, the Junior High Matadors whipped the Channing Eagles. The girls' score was 23-28, boys' score was 30-43.

Hospital ...

(Continued from Page 1)

was authorized in the new criminal code.

In part, a letter accompanying the annual report from the hospital board to the commission said:

"1965 WAS a good year for our hospital, even though during the first half of the year we did not have enough doctors. We had to make some adjustments during the first part of the year and even closed a portion of the hospital for a few weeks.

"In July, three new doctors joined our staff with a fourth joining on an associate basis. We now have nine doctors and five dentists on our active staff with one doctor on the associate staff.

"In January we were surveyed by the Joint Commission on Accreditation of Hospitals and again earned accreditation for a three-year period.

In September, we graduated our third class of Licenses Vocational Nurses. We are planning on starting our fourth class in the near future.

"YOUR HOSPITAL is in good shape financially. We are pleased that we were again able to make our own way. Our losses on charity and bad accounts was the highest in the history of the hospital but even so we were able to provide adequate hospital care for our patients at a cost considerably below the state average. Actual statewide costs for 1965 are not yet available but information we have indicates that our charges per case will be about 180 below the average. This indicates a nice savings for more than 2,200 cases treated.

"We have plans for and money available for additional improvements during 1966. Our children's division will be repainted and improvements during 1966. Our children's division will be repainted and improvements made in the drainage and parking area for our service entrance. We hope to do some landscaping of our grounds. We will purchase new equipment as needed and try to adjust to the changing times and conditions which are ahead of us.

"YOU WILL NOTICE that for the first time the assets of the hospital exceed one million dollars.

"For the present and for the near future we feel that our physical facilities are adequate. There is no major expansion in the planning stage. However, we do know what the impact will be when 'Medicare' goes into effect and we are trying to keep our finances in good shape so that as our community grows and our hospital again becomes too small we will be able to expand with a minimum of delay.

The letter was submitted by the board of managers of the hospital, which is comprised of J. T. Gilbreath Jr., president; John Douglas Pitman, vice president; Ed Loerwald, secretary; Wayne Thomas, Carl Perrin, and A. H. Cook.

In an interview with a Brand reporter, hospital administrator T. E. Seigler said that the "charge-off" figure had climbed from a \$50,000 in 1964 to more than \$60,000 for 1965.

HE POINTED OUT that some

27-percent of the admissions at the hospital during 1965 were Latin Americans, who were responsible for some 37 percent of the charge-off figure.

In 1964, 19 percent of the admissions at the hospital were Latin American, with 45 percent of the charge-offs stemming from Latin Americans.

The 60-bed hospital (which can handle up to 70 beds) was established in 1924.

IT HAS BEEN accredited since 1957, and remains one of the few accredited hospitals in a 26-county area. Others are facilities at Amarillo, Canyon, and (beginning last year) Pampa.

Only 30 percent of the hospitals in the state are accredited, Seigler pointed out.

TO BECOME accredited, hospitals undergo rigid periodical examinations which determine the quality of treatment facilities, administration, and medical staff.

Among requirements are that "patients get the care they need, the physical plant is safe, adequate, and clean, the staff consists of specified numbers of qualified nurses and technicians, and the medical staff is organized and functions in accordance with numerous specifications."

THE VALUE of accreditation exists in the fact that the standards required are those which insure the best possible hospital for the patients served, Seigler said.

He pointed out that insurance companies, in fact, are taking steps aimed at requiring insureds to utilize only accredited facilities.

The efficiency of the local hospital is illustrated in average-cost figures for 1964. (1965 figures have not yet been compiled.)

AVERAGE COST per case at the local hospital during 1964 was \$87.09 below the state average, and \$48.12 below average case costs in hospitals in the 26-county area of the northern Panhandle.

Concerning other aspects of operation of the local hospital, Seigler pointed out that a total of 23 persons have graduated from licenses vocational nursing classes here.

Another class will begin soon. Seigler said the hospital must provide the LVN training in order to supply enough qualified help to keep up with growing needs of area hospitals.

COMPUTER INPUT AND PEOPLE

WALTHAM, Mass. — A closer man-machine relationship is being sought by Sylvania Electronic Systems, under a \$54,000 contract from the Air Force.

The company is comparing present hand-operated devices used for feeding information into computers. It will recommend how each — keyboards, light-sensing pencils, electrical writing surfaces — can be used more effectively.

The year-long study will include extensive performance testing by human operators. "Input devices available today can be used more effectively," Dr. James E. Storer said. "If they are properly matched both to the requirements of the operator and the capabilities of the job. Our study is aimed at achieving a closer man-machine relationship."

For a buffet lunch, you might like to serve antipasto as the main course. For it arrange on a large platter: halved hardcooked eggs, white-meat tuna, marinated asparagus and snap beans, olives (ripe and green), stuffed celery, sliced Italian-style salami, marinated artichoke hearts. Have a big basket of crusty rolls and sweet butter on hand.

HAS NATIONAL NAME

Texas Christian Choir Sings Here

Members of the Texas Christian University A Cappella Choir will perform here Monday in the Hereford High School Auditorium at 7:30 p. m.

Among the singers will be Jim Brink, son of Rev. and Mrs. Eugene Brink of Hereford. Brink is a freshman student at the university.

THE CHOIR was organized five years ago by B. R. Henson, TCU director of choral activities. Since its organization the choir has gained national recognition in the presentation of numerous concerts in Texas.

During the five years the choir was heard on "The Church of the Air" on CBS and in some eight broadcasts on NBC's "Great Choirs of America."

The choir made a highly successful debut in Town Hall of

New York in the 1964 season along with an Eastern tour, which included concerts in St. Thomas' Church and Fifth Avenue Presbyterian Church in New York and the National Christian Church in Washington, D. C.

SINGERS include 50 students selected from the University at large.

The tour includes 11 cities in Texas and began Jan. 11 and will conclude Feb. 1.

Director Henson held a similar position at Trinity University before going to Fort Worth and TCU. His previous experiences include being choral director for the San Antonio Symphony and at McAllen High School. Former choir-master for several large churches in Texas, he is widely sought after as a clinician and guest conductor in choral festivals.

Instant Arrest Results From Radio Bulletin

Two Negro men were arrested in Hereford Monday on warrants from Lubbock and Dimmitt.

The pair had reportedly left Dimmitt heading north when a radio alert was issued. A Texas Highway Patrolman had stopped to copy the message, looked up, and saw the pair stopped across the street.

The two were identified as Curtis Murkelove, charged in Castro County with passing a forged instrument, and Leslie Green, charged in Lubbock County with swindle y worthless check.

Both prisoners were released to Castro County Sheriff's officers late Monday afternoon.

Mrs. Edward Schilling
and daughters Marie and Theresa

LET'S COOK SOMETHING

New Kitchen Aids Cook

By SUE COLEMAN
Women's Editor

Cooking is more fun in her handsome new, natural birchwood-paneled kitchen, Mrs. Edward Schilling admits, but she says she has "always liked to cook, and it's a good thing too, with my hungry family."

THE SCHILLINGS farm two miles west of Summerfield, and live in a ranch-style house that was completed last June. They planned it for comfortable family living, and at Mrs. Schilling's insistence it boasts an even dozen closets, all pleasingly roomy.

Family activities revolve around the three daughters and three sons whose appetites Mrs. Schilling considers when she prepares meals.

The boys, Wayne, Richard and Dennis, and the oldest daughter, Margaret, attend St. Anthony's School. Five-year-old Marie and Theresa who will observe her birthday Feb. 2, stay at home as mother's helpers.

HOMEMAKING FOR the children and her husband, along with such farm wife's work as canning and freezing food supplies, keeps Mrs. Schilling too busy for club and community activities which she thinks she

will enjoy after the children are older, but she does take time for women's activities in St. Anthony's Church.

She is a member of the Parish Council, serving now as chairman of the Rural Life Committee, and she is also in the Antonion Circle, of which she is a past treasurer. Just now, she is working with other members of the Circle on plans for the annual Talent Show it will sponsor Feb. 6.

She is one of a group which will present a style show as part of the entertainment. As members, they will not compete for an award, but will entertain the audience while judges are deciding on prize winners.

The Schillings have lived in this area eight years. Junell Kahlich and Edward Schilling both grew up at Slaton and were married there, then lived several years at Plainview before moving to the Summerfield community. She is a graduate of Slaton High School.

THEY OCCUPIED an old house on the site of their present home until last spring, then moved into a small house built for farm laborers, and Mrs. Schilling says, "camped for three months" while the old house was torn down and re-

placed with the rambling red brick they now occupy.

It is built with a small living room, especially planned for the piano which Margaret is learning to play, and a large family room which is separated from the kitchen only by the built-in table.

Birchwood panels all the walls and makes wall-to-ceiling storage units at the west end of the family room, centered with a wide window and window-seat beneath. In one wing are three bedrooms, in another a large pantry, small office for Schilling's desk, and double garage which has a large basement room under it.

THAT IS THE BOYS' room, where they can study, play and make all the noise they like without disturbing anybody. A perfect place for boys' collections, toys and sports equipment, it is also a storm cellar.

Mrs. Schilling declines to pick a favorite recipe from her collection, but says she can recommend a cake which all her family likes. It is made with an unusual topping, and is delicious with coffee, or served as a dessert with a spoonful of whipped cream on top.

PRUNE CAKE

—Small Talk—

By SUE COLEMAN
Women's Editor

A recent issue of a popular magazine featured an article emphasizing how much nearer we are getting to the possibility of a world managed by man — the concept which was presented a few decades ago in Aldous Huxley's satiric novel, *Brave New World*.

The novel was a piece of science fiction in sophisticated style, but like so much science fiction it seems to have been prophetic. As fantasy it was amusing but as prophecy the whole idea grows more chilling as it appears nearer realization.

SEEMS LIKE WE have more than enough now of having our lives managed by people who are supposed to know best what is good for us.

But it isn't too big a step from deciding that certain students must be trained for certain work, then to deciding that people should be bred for certain tasks or traits.

Pretty soon the geneticists, who have long insisted that we are foolish to breed cattle for their good points while we allow men to reproduce helterskelter, will have the scientific tools to carry out their ideas — if we let them.

And who will say that people won't accept this idea, as they have accepted other ideas for regulating their lives?

Of course you can look around at people cluttering the earth at present, and see much merit in the plan of making better people, but then you come back to that old, old question that always intrudes when Utopias are planned — who's going to push the button?

MRS. IDA MAY VAUGHN has sent a clipping from a paper dated in 1969, soon after Alaska was admitted to the Union, telling of an unusual 49-star U. S. Flag made for the Alaska exhibit at the Oregon Exposition of that year by an

87-year-old woman in Portland. Mrs. Ida Thompson made the flag by hand, of 600 empty tobacco sacks. She ripped open, cleaned and dyed the tiny sacks and pieced them together to make the flag including a star for Alaska, the 49th state. Mrs. Vaughn commented that she wondered how many younger women could be found today with the patience and energy to demonstrate that type of patriotism. And how long would it take the average needlewoman? My thought adds nothing to the patriotic sentiment, but I wonder where she got all those tobacco sacks. Must be that more men in Oregon than in Texas still roll their own. Excuse me, Mrs. Vaughn, for that left-handed reaction to your very true comment.

THE LAWRENCE J. WIECKES have named their baby daughter, who was born last week, Brenda-Sue. The baby's birth was reported from the hospital before the parents had chosen a name.

HADN'T YOU REALLY rather eat a tangerine than take a pill? No, I am not practicing to write radio commercials; just want to pass on a health hint that came from (you guessed!) the Florida Experiment Station. The researchers were studying something else when they discovered that tangerines contain lots of synephrine, a decongestant which has been prescribed

by doctors since 1927 for relief of colds. They actually found in natural form, a substance which had previously been made in the laboratory.

Anyway, it seems that eight to 12 ounces of tangerine juice has as much of the medicine as doctors usually prescribe as the minimum dose for a cold.

All citrus fruits have long been recommended for warding off colds, but now there is reason to believe that the little tangerine may help after you catch a cold. And anything that even might help is welcome, when you have a cold!

Information For Members Slated

Better acquaintance of members with all phases of work in St. Anthony's Parish Council, was planned at a recent meeting of the Council's board of directors. Mrs. Werner Koelzer presided for the general discussion in the rectory.

It was decided that at each meeting one or more chairmen will present a program or skit to acquaint members with their work. The Public Relations chairman will be in charge of the February program.

Present were the Rev. August Delahunt and Mmes. Mike Betzen, Ed Paetzold, Ed Loerwald, George Turrentine, Leo Ohlig, Gene Loerwald, Mark Konig, Koelzer, A. H. Reinart, Leander Reinart, Wilson Mouser, Ed Bezner, Alfred Reinart, Leo Witkowski, Ed Schilling and Arnold Husmann.

A small amount of ham left over? Dice it fine and add it to cooked rice to be served with chicken and gravy. In India, curries are sometimes served with rice flavored with cinnamon; for this service, a vegetable curry is chosen.

ATTENTION FARMERS

To those who are now drilling and planning on irrigation wells — We are the closest pump factory to you! We invite you to come see us and talk with the farmers of this area see why most all of the pump companies are not now represented in this area. See why the light, cheap construction pumps have been thrown away and have been replaced by better pumps.

We repair all makes of pumps. When you need to repair your pump you can bring it here, it can usually be rebuilt in one day, service at less cost. We are selling direct to the farmer at a dealers cost. You should save 20 to 25% on the pump cost. Provided all work and material is paid for with cash before it leaves the shop.

We manufacture 13 types of pump bowls. We are building an 11" OD pump with lifts of 968 GPM, 68 ft. We are building a 12" OD pump with wall thickness of 5/8" to 3/4" for bad water. We are building an 11 1/2" OD pump with 1,000 GPM, 75'.

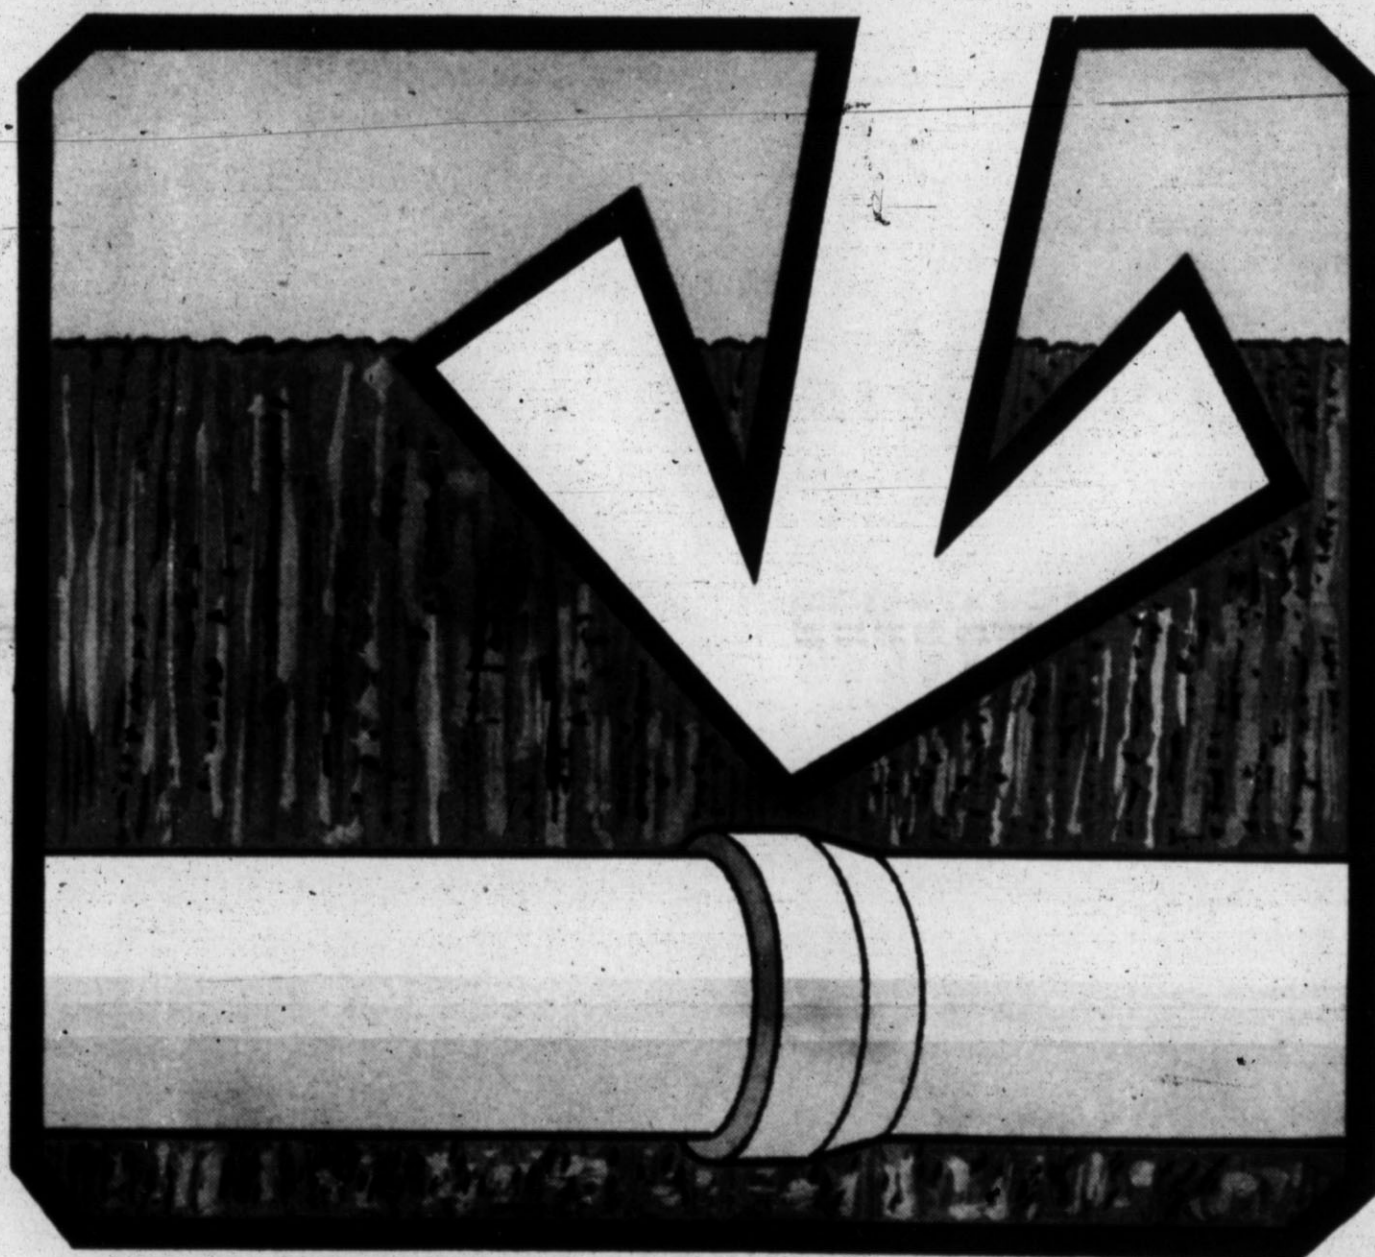

Think how much money you save on parts! Other pump parts would cost you 2 to 5 times our prices.

DEPENDABILITY!

An underground irrigation system can be one of the most important improvements on your farm! Besides conserving valuable irrigation water, you save productive acres and labor costs when you put your irrigation water underground. You'll want the most dependable products when you install an underground system and that means Gifford-Hill-Western's LOCK-SEAL irrigation pipe! LOCK-SEAL'S rubber gasket joint is flexible yet remains watertight... eliminates soil movement and variable temperature problems. Flexible joint, rigid wall and quality controlled construction all add up to generations of trouble free service. Contact Gifford-Hill-Western for all of your irrigation system needs.

REP. ROGERS REPORTS

Can't Term Guns 'Either-Or' Deal

Being overlooked by some in the so-called "guns versus butter" controversy is this fact: We must have guns — meaning a military establishment without equal in this dangerous world — and Congress is going to see to it that we do have guns and

all the guns needed. This is not an "either-or" proposition. We must protect this Nation, and defense comes first. "Butter" — meaning luxury programs aimed, according to their advocates, at improving the "quality" of American life

— may not be spread around as generously as in the past. Again, defense comes first, and if something goes it is sure to be the better. IT IS the same as with a family's budget. Food, clothing, shelter, and health care are essentials. These are the items equivalent to the national budget's defense items. A family's budget is governed by the demands of these essentials, and becomes most flexible when the family determines how much is to be spent for such non-essentials as entertainment. From the very beginning, we Americans have put our defense

first. Pioneers moving away from the seaboard cleared land and built a fort for their protection as the first step. Before a man provided himself with articles he saw to it that he possessed a good gun. These early necessities of the frontier have become American traditions; they are ingrained in the spirit of all Americans. On Lexington Common, a triangular village green in Massachusetts, a tiny group of embattled minute men under Captain John Parker faced an advance guard of four hundred British regulars in the pale dawn of April 19, 1775. This hallowed

ground is often called "The Birthplace of American Liberty," for it was here the Captain Parker gave his immortal command: "Stand your ground. Don't fire unless fired upon, but if they mean to have a war let it begin here." And so the Revolutionary War began. LESSONS learned in that war have helped us since in maintaining the capacity to protect and defend ourselves as a Nation. With no experience, the Revolutionary patriots had enormous difficulty in financing the war. The principal reliance fell to paper money and a frightful inflation ensued. Barbershops

were papered with continental notes (you've heard the expression, "I don't give a continental . . ."). We had offsetting advantages in the Revolution, of course, and paramount was the courage and spirit of liberty that prevailed with the patriots fighting for their independence. Now, with an expenditure of nearly two thirds of the national budget earmarked for defense or defense-oriented purposes space programs are included in the latter) this country is on such economic footing that we can finance the cost of fighting a costly war in Viet Nam, maintain hundreds of fighting men at

stations all around the globe, and support in addition the military establishments of our allies. WE CAN do this and still have the capacity left to provide some "butter" — but we must not become so addicted to the taste of butter that we can't get along without it. Certainly savings can be effected, programs can be trimmed. And certainly we can do this in order to avoid any increase in tax burdens. With the economic strength the United States now boasts, our capacity to defend ourselves is enormous from the standpoint of buying guns — but let us not forget that it is the courage and stamina of our people that in the end will keep us free. WALTER ROGERS MEMBER OF CONGRESS 18th DISTRICT OF TEXAS

ABBEY MEDALS SOLD LONDON — The 900 gold commemorative medals, struck 900th anniversary of the foundation of Westminster Abbey, have been sold out at 100 pounds (\$280) each. No more will be struck, but some silver medals at five pounds (\$14) and bronze ones at two pounds 10 shillings (\$7) are still on sale at the Abbey bookshop.

El Lano Club Heres Story Of Soda Fountain

An American institution, the soda fountain, was the subject of a program for El Lano Club members Monday evening in the home of Mrs. G. D. Caison.

Mrs. Boyd Foster was the speaker, who told the history of the drug store refreshment spot which for generations has been a social center in towns across the nation. It began, she said, with the development of carbonated water in 1770, water which was first advertised as an aid to weight reduction.

The first fountain to dispense soda water was opened in New York in 1770 by John Matthews,

an immigrant from England. Mrs. Foster said. In 1806 one Benjamin Silliman bottled a carbonated beverage and in 1830 the first flavored syrups were made. Before then, in 1814 Robert Green had concocted the first ice cream soda.

From these beginnings, the speaker traced the rapid growth of the bottling business to a major industry and the corner drug store to a social center.

A party to entertain husbands of members was planned for the next meeting, Feb. 28, at the Caison House. Mrs. Jack Meredith presided for business.

Other members present were Mmes. Jesse Geron, Pete Caviness, Jim Bookout, Ivan Block, Labry Ballard, John Jacobsen Jr., Don Paris and R. C. Winget.

Amarillo Man Sentenced On Forgery Charge

An Amarillo man, Milton Putney, entered a plea of guilty to a charge of forgery in 69th District Court Monday.

A sentence of not less than two years nor more than three years was assessed to Putney by District Judge Harry Schultz.

Putney advised that he will file an appeal in the case.

Putney was arrested July 31, near the intersection of 25 Mile Ave. and Highway 60 by a deputy sheriff. The officer had been notified by a local business that he had left the store after trying to cash a \$50 check. He was reported to have left the check at the store.

When arrested, Putney had in his possession four checks, all being on different persons, and the remains of two checks which had been torn up.

Senior Citizens May Receive Extra Benefits

"We are looking for senior citizens 72 and over who are now eligible for a special monthly benefit," Hal Geldon, social security district manager in Amarillo, stated today.

These are older man and women who were previously denied

benefits because they had less than 6 quarters of coverage under social security. This is roughly about a year and a half of employment.

Now, men who are 76 or older and women 73 or older may receive \$35 a month if they have 9 months of work under social security.

Men 75 need 4 quarters (about a year) and those who are 74 need 5 quarters of coverage to be eligible for the \$35 a month benefit.

Women, now 72, need 4 quar-

ters, about a year. The woman who will be 72 in 1966 may qualify for the \$35 payment when she reaches that age with 5 quarters 11/4 years).

Some widows whose husbands had some social security credit may receive \$35 monthly widow's benefits when they are 72.

Geldon suggested that persons 72 or older who think they meet these requirements should get in touch with the Amarillo social security office at 1006 Adams Street.

FOR GOD SO LOVED THE WORLD

For God

Here men give evidence of some deep, deep decisions. They are casting their lots for God. In a heart-to-heart talk a father gives his witness for the deepest faith he possesses. *He has been successful in business because he kept the approval of his God.* Now he wants to know from his sons if he can count on them to perpetuate the integrity, justice and godliness which marked the history of his business. God wants to know that of you, too, Mister. This is a moment of high decision with these men. Maybe you are making important decisions too. One thing for sure... your success will be greater when God is your Senior Partner. If you are "For God" you will attend His church and support His cause on earth... be For God.

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the immaterial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCHGOER and a daily BIBLE READER.

Stock Show Sale Success Thrills Sponsors

Area Backing Gives Entrants High Returns

These in charge of the Hereford Young Farmers Junior Livestock Show credited "outstanding backing from the entire area" for a top-notch show and sale Saturday night.

Following the end of the three-day junior livestock exhibition and sale, Young Farmer officials commended Hereford businessmen and residents for their "excellent co-operation in backing the show and supporting the stock sale" which climaxed the event.

Floy Driver, superintendent of the show, said the sponsoring Young Farmers "would like to thank all the people behind us... which includes the whole town. Without their backing it would have been a different story altogether."

"THE SHOW went off actually better than we had anticipated," Driver said.

"And the sale... I don't believe we could have asked for better backing from those who gave these kids such excellent support."

"We were also very well pleased with the turnout of both exhibitors and spectators, which was very good in spite of the weather," Driver said.

He pointed out, for example, that 88 of the 94 calf show entrants arrived despite the near-blizzard conditions. "That took some determination on the part of the 4-H'ers and FFA members."

HE SAID that most exhibitors received "excellent" prices in Saturday's auction.

For instance, the grand champion calf, shown by Margaret Minks, went out of the ring to First National Bank for a sum of \$1,566, at \$1.50 per pound.

Bill Cole's reserve champ calf brought a total of \$1,082.40, from

Community Grain Co. of Easter. Bob Gleason drew \$276.25 for his grand champion barrow from Foster Fertilizer of Lazbuddie.

Prices also stood up well in the non-championship bracket, however, as the following list shows:

CALVES

Joyce Beizer of Hereford sold her 712-pound Hereford steer for 60 cents per pound to H&W Implement Company of Hereford. The sale totaled \$427.20.

Pioneer Fertilizer of Hereford purchased a 766-pound Hereford steer from Lee Robinson of Hereford for 44 cents per pound. The sale totaled \$337.04.

VA Requests Forms Return

41,900 veterans and widows who receive pension from the Veterans Administration, and 900 dependent parents who receive dependency and indemnity compensation, have returned their annual income questionnaires to the VA Regional Office according to Jack Coker, Manager.

Coker stated that 18,495 beneficiaries had not returned their questionnaires and would receive no check after January 31, if the questionnaires were not returned. These people are encouraged to take action to complete and return these questionnaires as rapidly as possible in order to avoid inconvenience.

The questionnaires are required only in the cases of veterans and widows receiving pension, and parents receiving dependency and indemnity compensation. Questionnaires are not required in the cases of children receiving pension, or veterans or widows receiving payments of compensation.

Coker stated that compensation is paid where disabilities were incurred or aggravated as a result of service, or death resulting from such a disability. Pension is payable because of total disability not necessarily the result of service.
