

GETS "POCKET MONEY"

Jeweler Abducted; Attempted Robbery Of Store Fails

By TOM PORTER
Staff Writer

An apparent well-planned armed robbery by two men failed late Saturday night, but not before they had held a Hereford couple captive for nearly an hour.

Mr. and Mrs. Lynn Kester, who live on South Main about one mile from their business establishment — Kester's Jewelry — were threatened several times with their lives by the strong arm bandits who finally took \$53 and all of Kester's keys from the home.

Kester said it was just before 10 p.m. Saturday when the men came to his door, exhibited some kind of badge and told the jeweler they were with the Amarillo Police Department. After explaining in a pleasant manner that he had a couple of pictures he thought Kester could identify, the man and his companion, who had stood behind his partner nearly all of Kester's vision, were introduced into the home.

"I guess that was my first

mistake, inviting them in," said Kester. Once in the house, the pleasant disposition of the man changed as he poked a gun in Kester's stomach and said "this is a holdup."

Thinking that he could scare the men off, Kester snapped "you had better get out of here. You can't get away with that." The gunman slammed Kester on the left side of his face with the gun, knocking him to the floor. He growled "I've already killed three men and I wouldn't hesitate to kill you if you cause trouble."

About that time, the second man came into the room pulling a woman's stocking over his face. The man who had struck Kester then said they were going to tie up the couple. Producing a coil of rope and roll of tape, both new, the men bound, blindfolded and gagged Kester and his wife, Katherine.

While the hooded robber was tying Mrs. Kester, he "sort of cut my breath off and I kind of moaned," Kester told the men "you better not hurt her," and

the gunman told his companion, "don't tie her too tight. If you'll just take it easy, you won't get hurt."

The gunman then told Kester that he was going to take him to the jewelry store and "if anything goes wrong, this man is going to stay here with your wife and kill her."

Kester was led out of the house and laid in the floorboard of his station wagon as the man drove to town. Arriving at the back door, the man told Kester they were going in the back way. The jeweler explained that they couldn't because the door was barred from the inside.

"We're going around front," the gunman then told Kester as he untied his hands, "and I'll have a gun in your back." Kester explained that if they went in the front, it would set off the burglar alarm.

"If it does, I'll kill you," said the gunman. "You had better plan on killing me then, because it will," Kester replied.

Kester was returned to the car, tied up again and his mouth

taped. After he had been returned home, the gunman told Kester that he was taking his keys and returning to the store. "I better get in alright or I'm coming back and kill you."

The holdup men then ransacked the Kester house, taking a total of \$53 from his billfold and his wife's purse. "They were real careful, and didn't mess up the house much," said Kester.

While the men were going through the house, Kester said he noticed slack in the bonds on his legs, which were tied to his hands behind his back. As soon as the men had left, he pulled his feet up high and slipped his hand out. "I guess I wasn't as old and stiff as they thought," he explained.

Kester then got out his pocket knife and cut the bonds. He quickly dialed the operator and told her to call the sheriff's department. He then went back and cut his wife loose, ran and locked the door leading to the garage in case the men came back and then told the operator

to connect him with the police. One patrolman was dispatched to the Kester home, while other members of the department and sheriff's deputies staked out the jewelry store in case the bandits showed up there.

Kester explained that the policeman arrived at his home so fast that it was possible he had passed the two men as they headed back to Hereford.

Mrs. Kester said the man left to guard her but did not talk all the time her husband was gone with the other robber. "When they were tying me up, I said 'would you please be careful with my glasses, they're a hearing aid.' They took them off carefully, asked Lynn how to turn them off and left them in the kitchen."

while the others were gone because she "could smell liquor real strong."

Because the men wouldn't let her turn around, Mrs. Kester didn't get to see them. "Neither one was an amateur, but the man was the leader and the other followed instructions. He did very little talking, and answered the other one in very little words."

Kester described the man with the gun as being about 35. He had dark, ruddy complexion with dark hair which had a tinge of red. The man was about 5-foot-6 or 5-foot-8 and weighed approximately 180 pounds.

The man was wearing a black slack coat, dark pants, a dark sport shirt and a small, plaid sport hat.

The second man was just over six feet tall and weighed 150-160 pounds. He was wearing light khaki clothes which were wrinkled and baggy. Kester judged the man to be younger than the gunman, and got the impression the man was blond, although he did not see his

hair. Soon after the gunman left and the police arrived, the Kesters could not find their son, Bill, and worried that he also had been abducted.

Bill, who lives at 236 Ave. J, had been helping work on a car and was unaware of the happenings. About 11 p.m., he and Brian Kelley drove by the jewelry store.

Seeing lights still on in the windows, Kester went to put them out and was surrounded by several officers with sawed-off shotguns and pistols. "It took some quick explaining," said Kester.

Sunday night the Kesters were home and saw a car turn off its lights and coast to a stop in front of the house. Hearing a car door slam, Bill, who was spending the night, called the police.

Within minutes, the police, sheriff's office and Highway Patrol converged on the scene to find a man who had run out of gas and stopped near the See JEWELER Page 2

Murder Charge Filed Following Shooting

A 64-year-old Hereford man was charged with murder with malice late Saturday in shooting death of Jack Hickman, 47, of Crosbyton, just outside the Green Hedge Cafe, 513 E. First Street.

James Monroe Partain, whose address is listed as General Delivery, was arraigned before Deaf Smith County Judge H.C. Williams Sunday morning and ordered to jail after bond was

denied. A city patrolman was dispatched to the scene at 10:55 p.m. after someone reported that a shooting had occurred. The officer said he started in the front door of the cafe when a man seated on the curb in front of the building hollered "Here I am."

As he approached the man, the officer asked what had happened. The man pulled a .22 caliber revolver from his pants pocket and said "A fellow tried to jump me and I shot him." He then showed the policeman the body of a man on the east side of the cafe.

Bleeding heavily from a head wound, the injured man had a faint heartbeat when examined by the officer. However, when the ambulance arrived about two minutes later, he was dead.

Judge Williams, acting as coroner, pronounced Hickman dead on arrival at the hospital and ordered an autopsy on the body.

Medical examiners found a gunshot wound in the man's right side just above the hip, another in his upper right chest which came out parallel in the right side of his back and three wounds in the head.

Several persons in the cafe said Partain came in and asked Hickman to come outside and help him get his pickup started. Shortly after, several shots were heard just outside the cafe.

Funeral services for Hickman were scheduled for 2:30 p. m. Tuesday in the Crosbyton Church of Christ. Burial was in the Afton Cemetery by King Funeral Home, of Crosbyton. Hereford arrangements were by Gilliland Funeral Home.

Survivors include two daughters, Peggy Hickman of Crosbyton and Barbara Hickman of Cubertino, Calif.; his parents, Mr. and Mrs. S. J. Hickman of Crosbyton; three brothers, Bill of San Antonio, Tommy of Hereford and J. P. of West Memphis, Ark.; five sisters, Mrs. Will D. Griffin of Crosbyton, Mrs. Bill Wilkinson of Fort Worth, Mrs. Earl Wisley of Tulsa, Okla., Mrs. Wayne Dobbs of Idalou and Mrs. Arthur Griffin of Plainview.

Some area breeders not included in the tour itself will have their cattle displayed in pens at the Little Bull Barn, to be inspected by tour members after the noon meal. Cattle here will be shown by J. Frank Ford Sr., L. J. Iwig, Larry Kaui, Olen Caviness, Bud Minor, R. A. Daniel, R. Paul Conaway and G. C. "Preach" Merritt Sr.

The tour, which is free to all those wishing to participate, is open to anyone who is interested in Hereford cattle, Konkright says. Overall chairman for the event has been Wayne Maddox of Miami, assisted by Konkright and Johnny Summerour of Dalhart.

Schedule for the trip will be: Dalhart — Monday, 7:30 a. m., breakfast at the Ponger Brothers Ranch; then to the Summerour Ranch, Green Ranch, Porter Ranch, Rita Blanca Lake for lunch, Robert Meeks Ranch, Latham Ranch, G. I. Edlin & Son Ranch of Channing, then to Amarillo for the night, where an evening of entertainment has been planned. Coronado Inn in Amarillo is the tour headquarters.

TO HOLD REUNION
The Hereford High School class of '47 will hold a class reunion Saturday, August 12 at the Community Center from 3 to 5 p.m. The afternoon visiting session will be followed by a dinner at the Hereford Country Club from 7 to 8:30 and dancing thereafter.

Visitors are invited for the dancing after the dinner. Class members are asked to call Virginia Robinson, 364-0116, or Cecilia Monroe 280-5534 when arriving in town.

NOT MUCH LEFT TO SCRAPE — David Soto and Alfred Figueroa, employed by the Hereford schools this summer, found that there wasn't much paint left to scrape as they finished up the job at the Whiteface Stadium this week. When paint arrives, Tom Harkey, business manager at the schools, will put a contingent of Neighborhood Youth Corps workers on the project to have the stadium bright and shining in anticipation of the first football game here with Floydada Sept. 8.

THURSDAY, FRIDAY

WTCC Meet Draws 150

Some 150 persons are expected in Hereford this weekend as West Texas Chamber of Commerce directors gather here for a two-day meeting.

The group is expected to begin registration today at 11 a.m. at the Red Carpet Inn, headquarters for the board of directors meeting. Dinner and entertainment, preceded by a reception, at the Hereford Country Club will be the evening's agenda, following a day of committee meetings.

The agriculture and ranching committee will meet at 1 p. m. in the Community Room of the First National Bank; the water committee will meet at 2:30 at Pioneer Natural Gas, and the executive committee will have a four o'clock meeting at the Hereford State Bank.

The directors are expected to pass resolutions supporting or opposing each of 10 proposed amendments to the Texas constitution. Action on this front will come after a report from the state affairs committee of the chamber, headed by Hubert M. Preston of San Angelo. In particular, the agriculture and ranching committee will discuss legislation affecting the region's agri-ranching industries. Headed by Alvie Cole of Sterling City, the committee will consider establishment of subcommittees regarding imports subsidies, research, and brush control.

A progress report on efforts to import water to West Texas,

including a report on the development and actions of the newly-formed Water, Inc. organization, will be the main topic in the water committee. See WTCC Page 2

Local Children Hold Carnival

A neighborhood carnival, sponsored by several young people on Beach St. in Hereford for the benefit of the muscular dystrophy victims will be held August 10, 11 and 12 at 200 Beach St.

Lynn Lauderback, 11-year-old son of Mr. and Mrs. Arnon Lauderback, will serve as ringmaster, assisted by Brenda Patterson, 14; Lisa Patterson, 9; and Sandra Patterson, 11. The Patterson children are daughters of Mr. and Mrs. Johnny Patterson of 200 Beach.

The carnival, which begins at 2 o'clock, will feature such games as "Guess The Number of Beans in the Jar," "Tin Targets," and "Clothes Pin Toss." There will also be door prizes. All proceeds of the carnival will go to aid the fight against muscular dystrophy and related diseases afflicting millions. The children got the idea for staging their event while watching TV personality "Mr. Mimi." See LOCAL CHILDREN Page 2

Proposed Gas Rate Hike Passed Again

Hereford City Commissioners again postponed action on an application for a rate increase by Pioneer Natural Gas Co. during their meeting Monday night until "the matter can be investigated further."

After lengthy discussion with K. Bert Watson, vice president of PNG and Dale Young, local manager, a motion was made by Commissioner Dick Bernard to accept the rate increase. The motion died for lack of a second from the other two commissioners attending—D. C. Kinsey and Lloyd Sharp. Absent was Albert Maxwell.

"I just don't want to put the burden on the other cities to investigate," said Sharpe. "It wouldn't be right for us to pass this not knowing any more about it than we do."

During the meeting of July 17, Young told commissioners that Pioneer was applying for an increase of 11.5 per cent to gas customers because of increased costs of doing business. The increase for general service users, he said, will average 72 cents monthly.

Beginning his presentation of Beans in the Jar" Tin Toss Monday night, Watson told com-

missioners that his company had re-evaluated their properties and had raised the renditions to the city. In the last meeting City Manager Dudley Bayne and Henry Benson, city tax assessor-collector, produced figures which showed that Pioneer had lowered the value of their meters for the first time in a five-year period.

Since the last meeting, and after appearing before the three taxing agencies during tax equalization hearings July 24 and 25, the renditions had been raised from \$254,880 to \$288,280, Watson reported.

The renditions were brought up with the raising of the "cost we have invested on a per meter basis" from \$115 to \$136, said Watson.

Pioneer already has proposed to pay the city 3 per cent tax on its gross receipts. By law, public utility companies such as Pioneer have to pay cities 2 per cent tax on the gross receipts, but the ad valorem tax can be raised by mutual agreement between the city and company involved.

Bayne, who said he is opposed to the gas rate increase, asked Watson if Pioneer had not shown a profit during last year's operations. Watson said it had, but pointed out that some of the company's divisions and interests had done much better than others.

It was brought out that the 55 Panhandle cities served by Pioneer are divided into eight divisions. Bayne said he didn't think the company should ask for a rate increase if the total operation, including all divisions, had a reasonable rate of return.

The policy of Pioneer, Watson said, is that each division pays its own way. He said the bookkeeping costs would be too high if each city had its own rates. "You mean if we struck uranium, that the gas rates should go down?" Watson asked Bayne. The city manager said that wasn't what he had in mind.

Watson assured Mayor Ray Cowser that should commissioners pass the rate increase, it would not put the city to any disadvantage in the future. Commissioners assured Pioneer officials that they would reach a decision during the next meeting Aug. 21. The rates would become effective Aug. 15 and See GAS RATES Page 2

Beet Prices Up

Increased sugar prices and Holly's improved 1967 Beet Contract plus excellent crop growth to date make sugarbeet prospects very favorable, according to P. M. Rosenow, Agricultural Manager of the Texas and New Mexico districts of the Holly Sugar Corporation.

"The price per ton of beets should be up more than \$1.25, and the beets continue to look good", Rosenow stated. Holly's Agricultural Staff reports that due to the skillful attention growers have given their beets the crop has made excellent progress in spite of spring rains that delayed thinning and weeding. They also noted that a beets which had been damaged by hail during the unsettled spring period have made a remarkable recovery so that the development of the beets now compares favorably with that of last year.

Rosenow pointed out that leaf-spot can be found in many fields at this time but stated, "We are confident that the lessons learned from last year's spray program can be profitably put to work this season. Our observations to date lead us to be very encouraged about our 1967 spray program", he continued.

Rosenow believes that these three plus factors, higher sugar prices, an improved contract scale, and a better than average yield potential will result in a significant increase in per-acre income from sugarbeets this fall.

Kester said he had many thoughts of trying to escape while being held at gunpoint. "I didn't know but what they would kill us anyway, so I might as well make an effort."

He expressed appreciation to all three law enforcement agencies, especially the Police Department. "We are out of the city limits, but they were out here in minutes and all departments have been checking with us since. I guess you never realize how valuable they are until something like this happens."

Soon after hearing of the incident, Maurice Tannahill of 123 Beach told police that a man matching the description of the gunman came to his home between 9 and 11 p. m. Friday and asked directions to Kester's home. The man was walking.

Sheriff's deputies took fingerprints at the Kester home and a description of the men was sent to other law enforcement agencies.

At 7 a.m. Tuesday, the group will have coffee and doughnuts at F. G. Collard's Ranch, located at the end of Amarillo Boulevard West in Amarillo; leaving there at 8, the group should arrive at the Dawn Allred Ranch at Wildorado by 8:40. Then the tour will go to the Colby Conkright & Son ranch, 10 a.m.; H. D. Robbins, 11:10; Bull Barn in Hereford for lunch; Sparkman Hereford Ranch, 1:40; Gault's Diamond Hereford Ranch, 2:40; Collard-Bidegain Cattle Co., 3:35; Walter Graham's Happy Hereford Ranch, 4:40, and then to the Warren Hereford Ranch, 4 miles east of Canyon, at 6 p.m., final stop. The tour should end about 6:45, Conkright said.

Conkright pointed out that interested persons may join or leave the tour at any time they desire. He said that a service truck, furnished by East Side 66 service station in Hereford, will accompany the caravan, as well as a car from the Deaf Smith County sheriff's department. The Department of Public Safety also will help. The American Hereford Association is assisting the sponsoring groups.

reported a 10-foot easement would be sufficient.

The contract of Jim McMorries of Amarillo, tax consultant for city, school and county, was dropped by the city commissioners after brief discussion Monday night. Bayne pointed out to commissioners that there have been many errors on tax evaluations made by the taxing firm this year and they still are being found.

Commissioners authorized Bayne to pay McMorries the amount specified in his contract and inform him that it would not be renewed.

An audit report presented by Bayne showed that the city took in only \$822.78 less than had been listed in the proposed budget.

Also, the total expenditures had exceeded the proposed budget by \$72,699.93. Bayne stressed, however, that the actual expenses had gone over the budget only \$7,699.93, but the fire at the city barn, land purchase and additional monies to supplement the bond issue had raised the total.

The proposed 1966-67 budget had called for \$772,585 in receipts, but the actual receipts were \$771,762.24. Under expenditures, the budget had called for a total of \$729,190, while the actual total at the end of the year was \$801,889.93.

Tea Is Among Parties Honoring Bride-Elect

Dozens of friends called to honor Miss Ruth Ann Allison, bride-elect of Mack Cansler, at a tea shower Tuesday afternoon in the home of Mrs. Wayne Edwards, 112 Centre.

It was a stellar event in the list of parties to compliment her before the wedding date, August 26, and followed a shower given by a smaller group Friday.

Mrs. Edwards greeted guests Tuesday and the receiving line included Miss Allison; her mother, Mrs. J. R. Allison; her aunt, Mrs. A. C. Hayes of Dimmitt, and Mrs. Zearl Cansler, her fiancé's mother.

Miss Royce Ann Gilliland and Mrs. Earl Jackson were at the registry table. Mrs. Jonny Cloud and Mrs. Ronnie Bell poured punch.

Pink sweetpeas and roses in an antique silver winebibber from Austria centered the pink cloth on the serving table. Refreshments were in colors chosen for the wedding, pink and green.

Piano selections by Mrs. Harvey Penner made a pleasant background for conversation during the afternoon.

In the hostess party with Mrs. Edwards were Miss Vida Hicks, Mmes. B. Y. Crosthwaite, A. H. Cook, Ernest Flood, A. R. Dilard, Dub Curtisinger, M. G. Duvall, Lowell Sharp, Howard Gault, Alton Fraser, Chester Wiggins.

Also Mmes. Pat Robinson, A. L. Manjeot, D. C. Kinsey, Lloyd McGee, M. W. Nobles, Jimmie Gillentine, J. B. Sowell, J. O. E. Hodges, W. T. Carmichael, Clint Formby, H. E. Miller, Joe Reinauer.

Mrs. Cloud was hostess for the party Friday evening, a sur-

prise lingerie shower at her home. She made tissue roses in pink for decoration, appointing the table in pink and green to serve ribbon sandwiches, cookies and punch.

Guests were Misses Allison, Barbara Langley, Sharon Tinnin and Royce Ann Gilliland; Mmes. Harvey Penner, Robert Bell, Earl Jackson, Mike Ferguson and John Bob Drake.

Season Preview Given To Club

Presentation of the 1967-68 yearbook was made to Veleda Study Club members at their summer coffee Tuesday evening in the home of Mrs. Joe Frank Clark. Mrs. Robert Willmot was co-hostess for the informal meeting.

Mrs. Armon Lauderback, program chairman, sketched the yearbook contents for club approval prior to sending it to the printer. Routine business preliminary to start of a new season was conducted with Mrs. Willmot presiding.

September will see the beginning of regular club meetings, scheduled on second and fourth Tuesdays of each month. The coffee was the second summer meeting; members previously entertained their families and other guests with a swimming party.

Refreshments were served to a new member, Mrs. James W. Durham; a guest, Mrs. Duane VanderVoerde, and Mmes. Dale Barkley, Don Baugous, Gid Broward, Hugh Clearman, Armon Lauderback and George Ritter.

Starret Wins Big In Sunday Races

Stacy Starret took top honors during action Sunday at the Hereford Speedway as he won the Trophy Dash, Second Heat and the Jackpot Derby.

Other winners included Bill Paetzold in the First Heat; Frank Easton in the Semi Main, and Coy House in the Main Event.

Phylis Scott won a free pass, Mike Horton a free hair cut, Joe House and Nancy Howard a free set of school supplies each, and Barbara Gammage a 50-pound sack of lawn and garden fertilizer.

Races begin each Sunday at 3 p.m. at the Speed Bowl east of the city and south of U. S. 60. The Optimist Club jackpot will be \$15 for the Sunday drawing.

Other results from Sunday's races included:

TROPHY DASH — Starret, first; Gary Easton, second, and Willie Lyons, third. FIRST HEAT — Paetzold, first; Marvin, Tohmas, second, and James Bradley, third. SECOND HEAT

— Starret, first; Bill Byers, second; David Watson, third, and Frank Easton, fourth. SEMI MAIN — Easton, first; Coy House, second; Max Bridges, third; George Heard, fourth, and Sam Morgan, fifth. MAIN EVENT — House, first; David Watson, second; Easton, third; George Armstrong, fourth, and Heard, fifth. JACKPOT DERBY — Starret, first; Bill Paetzold, second; Travis West, third; Watson, fourth, and Heard, fifth.

Search Continues For 13-Year-Old

A 13-year-old Latin American girl has been reported missing to the Hereford Police Department.

Hermira Soliz, daughter of Mr. and Mrs. Demetrio Soliz of 215 Hereford Calle, has been missing since Friday.

The girl is described as being 5-feet, 4-inches and weighing 90 pounds. She has short, brown hair, brown eyes, and was wearing a pink dress and pink shoes at the time she disappeared.

Furr's SUPER MARKETS

By MELVIN YOUNG
Fast thinking and a clear head averted what might have been a disaster Saturday night when a local jeweler and his wife were abducted at their home in South Hereford by a couple of thugs who gained entrance into the home by posing as two Amarillo law enforcement officers. The purpose of the abduction of course, was robbery of Kester's Jewelry store in downtown Hereford.

The attempted robbery failed when Lynn C. Kester, owner of the store, assured the men that any attempt to enter the building would set off a burglar alarm bringing the police swarming down on their necks like bees on honey. Even the threat of bodily injury could not persuade Kester to take the men into the store, and apparently when they had decided that he would not disconnect the burglar alarm, they figured the plot would fail, took what cash the Kester's had in the house, plus the keys to the jewelry store and left.

After binding and gagging both Mr. and Mrs. Kester, the men left the home. Soon afterwards Lynn managed to slip out of the ropes and called police who immediately converged on the area and stalked out the store. The would-be robbers wouldn't have had a chance had they decided to use the keys to enter the store. Apparently they decided not to.

But every incident has a humorous side. Bill Kester, Lynn's son, riding down main street Saturday night with a friend, and unaware of the drama that was unfolding about his family, noticed that the jewelry had not been taken from the store's window and decided that his father had forgotten to do so.

Consequently, he parked in front of the store and walked up to the door, took out his keys and started to enter the building, still unaware that anything

was wrong. Meanwhile, the police radios started buzzing, and moments later young Kester could see nothing but a half dozen burly policemen with shotguns leveled on him.

Needless to say, he was somewhat shook-up over the whole deal, but after some fast talking he convinced the policemen that it was a legitimate entry.

And due to the threats made by the gunmen against the Kester family, the local police department has been watching the home as well as the store, although it is doubtful that the thugs will decide to come back to town.

The climate would probably be a little unhealthy for them here since Herefordites take a dim view of folks threatening their citizens.

Sunday night however, as the Kester family was preparing to retire for the evening, an automobile with motor cut, coasted to a stop a short distance from the home. A lone man got out, hesitated a few moments, and then started walking up the road towards the house.

That was the wrong thing to do. The police had him covered so fast it would make your head swim.

And again, an innocent party had stumbled into a situation not of his making, but one that he will remember for a long time to come. He was a local Latin-American who had run out of gas at that particular spot. We're betting there is one man who will always keep one eye peeled on the gas gauge from now on.

And we're betting too, that the Kesters will be doubly careful who they let enter their home from now on. The incident could have been disastrous for the family, and we're all thankful of course that it was not.

The thugs will be apprehended. The police have a way of finding these people. It may take a while, but the record of

arrest and conviction has been excellent in our local police and sheriff's departments and we're betting that this will be no exception.

Meanwhile, we might add, Hereford is growing up somewhat, and it's wise to keep the doors locked at night and to be extra careful who enters your home.

That's one of the penalties a city pays for getting larger.

The Hereford High School class of 1947 will hold a reunion Saturday, August 12 with visiting at the Community Center from 3 to 5 p.m. and dinner at Hereford Country Club 7 to 8:30 p.m. Visitors are welcome for dancing after the dinner.

Class members may call Virginia Robinson, 364-8116 or Cecilia Monroe, 289-5534 when arriving in town.

According to local crop dusters, the Sorghum Midge threat to this area is light if there is any threat at all. Midge infestation has been discovered in some southern regions of the High Plains, but it is believed that none has been discovered in the Hereford area.

However, the local operators will be keeping tabs on the situation and if there is any danger here, we will be informed.

And one harassed mother found a new use for her child's playpen. Every afternoon she sits in it where her youngsters can't get at her, and she reads peacefully.

A neighborhood carnival for the benefit of muscular dystrophy victims will be held August 10, 11 and 12 at 200 Beach St.

The carnival is being put on by a bunch of neighborhood youngsters who have put up their own money to buy prizes for the event. All proceeds will be donated to the muscular dystrophy funds.

The youngsters, in the age range from 11 to 14, figured they could take the expenses from the carnival off their income tax — that is, if they were paying any. Besides, they figure it to be their contribution to the fund. Let's all give them a hand and attend the little carnival.

The youngsters are: Lynn Luderback, 11, son of Mr. and Mrs. Armon Luderback, Brenda, Lisa and Sandra Patterson, ages 14, 9 and 11, daughters of Mr. and Mrs. Johnny Patterson, 200 Beach.

Gault & Son Enters Herefords In Fair Show

Howard Gault & Son, has entered 9 head of Herefords in competition at the Register of Merit Hereford Show at the Colorado State Fair to be held in Pueblo August 19-27.

This is the first Register of Merit Hereford show of the season, and is drawing entries from many of the leading Hereford herds across the nation," according to Don Svedman, Fair Manager.

The Colorado State Fair and the Colorado Hereford Association are hosts for the show, and are staging an all-out effort to make this an outstanding Hereford exhibition.

Hereford activities get underway with breeding cattle entered by juniors being judged at 8 A.M. Sunday, August 20, to be followed by Register of merit female judging at 1 P.M.

Hereford bulls and bull groups will be judged beginning at 9 A.M. Monday, August 21, with the best 10-head by one exhibitor selection to be made that evening in front of the grandstand. Steer judging will be on Tuesday, August 22.

A social hour and buffet has been scheduled for Sunday evening at the Ramada Inn with all Hereford enthusiasts invited.

Theatre Partner Dies In Dallas

Funeral services for H.J. Griffith, a partner in Frontier Theatres, were in Dallas Wednesday. The Frontier Theatre corporation owns an interest in the Star Theatre in Hereford, managed by Francis Hardwick. Griffith died Monday in Dallas. The Griffith and Hardwick families had been in partnership here since 1932, and today the partnership includes theatres in Hereford and Clovis. Griffith also owned theatres in New Mexico, Missouri, Kansas and Oklahoma, as well as others in Texas. He had interests in other small businesses. The chain of theatres owned by his corporation was begun soon after WW I. The Hardwick family also was in partnership with Griffith in the Frontier Realty corporation.

'IT'S UNBELIEVABLE'

Asian Tour Creates U.S. Appreciation

Sp. 5 Gerald Harder, 23-year-old son of Mr. and Mrs. Ernest Harder and a veteran of the Vietnamese War, is in Hereford on a 30-day furlough following a year's tour of duty in Viet Nam. Talking to Harder, one may hear the comment, "It stinks." Harder won't be talking about the war itself, but rather the general condition of a country that has given him a sincere appreciation for home base, the United States.

Harder, who entered the U.S. Army in December, 1965, will be discharged this December. He does not know at this time where he will spend his remaining four months. Following his basic training at Fort Polk, La., he was stationed at Fort Stewart, Ga., before leaving for Viet Nam with his unit, the 7th Medical Detachment, in August. Harder did not actually serve in combat zones, but has been stationed as a clerk in Saigon.

He first was stationed at Cam Ranh Bay, where his group was attached to the 22nd replacement battalion. After seven months, he was transferred to Saigon, where he was in the headquarters of the 44th Medical Brigade, head of all medical services in Viet Nam.

Granted, the United States may have a cause to fulfill in Viet Nam, Harder will say, pointing out terrorist tactics used by communists in their attempt to swing the upcoming elections in September. But the city citizens, are oblivious of the conflict. They don't understand, they don't really care, Harder says.

But the United States has a big stake in the war effort, and with investment as high as it is now, this country cannot afford

to pull out of the war, Harder believes. "It's the only way of life these people know," he comments, pointing out that war and bloodshed have been a common occurrence for Vietnamese most of their lives. War is nothing to get excited about. A big part of the victory will lay in educating the Vietnamese people, he says.

"The whole country stinks... it's unbelievable the way they live," Harder relates. "It's a wonder they don't all die of food poison." He remembers making detours on the sidewalks of Saigon going around the piles of garbage.

Harder hopes to return to the Hereford area to begin farming when he is discharged.

Second-Time Resident

By SUE COLEMAN Women's Editor Not as strangers the C. E. Matthews family moved to

Mrs. C. E. Matthews And Daughters - twins Sharon, left and Karon, and Genell

Church five years ago. NOW ASSIGNED as associate pastor in the church, he has brought his family to a home in the "old parsonage" at 429 Miles. The intervening five years have been spent in Lubbock where the minister was director of youth work in Northwest Texas Methodist Conference.

Mrs. Matthews and three daughters have been busy settling into their new home and renewing acquaintances here. This week they are holding a family sewing bee, helped by Mrs. Matthews mother, Mrs. Wesley N. Drury of Carlsbad, N.M.

"We usually get some sewing done when Mother is visiting", Mrs. Matthews explains, "and this is just the right time to make school clothes".

SHE AND THE OLDER girls, twins, Sharon and Karon, do most of the family sewing. The twins are learning from their mother, who earned a degree as a home economics education major but has practiced home-making at home rather than as a teacher.

Her daughters are willing pupils, she says, and even the youngest, Genell is a beginning seamstress with doll clothes as her field of practice. The girls help with housework and meal preparation, too.

Blonde Mrs. Matthews was born in Carlsbad and completed high school education there. She became a Texan when she went to Fort Worth to attend Texas Wesleyan College and was married immediately after graduation.

HER TRAINING as a teacher has served her not only at home, but in work in the children's division of the church. Her only professional teaching was a year in a church kindergarten. She also has been active in the Women's Society of churches her husband has served, holding a number of offices.

As a family the Matthews enjoy music, camping trips and such outdoor activities as hiking and campfire cooking. The girls all are taking piano lessons and are members of church choirs. Mrs. Matthews and the twins have joined bell choirs in the church here.

Their interest in camping is a reflection of their grandparents' hobby. Dr. and Mrs. Drury, who are visiting here this week, travel considerably with their

FRENCH YELLOW SQUASH Wash several small yellow squash until they are clean; do not peel. Grate on medium grater and place in greased casserole. Add salt and pepper to taste and dot with margarine. Cover and bake at 300 degrees until squash is tender.

Remove from oven and sprinkle with about 1/2 cup buttered bread crumbs and 1/2 cup grated Cheddar cheese. Return to oven and cook uncovered until cheese is melted and crumb-browned.

BLONDE BROWNIES 1 cup flour 1/2 tsp. baking powder 1/4 tsp. soda 1/2 tsp. salt 1/2 cup chopped nuts Measure and sift together and set aside. Melt one-third cup butter or shortening in saucepan. Remove from heat, add 1 cup firmly packed brown sugar and mix well. If vegetable shortening is used, add 1 tb. hot water.

Cool slightly and blend in a beaten egg and 1 tsp. vanilla. Add the flour mixture and mix all well. Spread in a 9x9x2-inch pan, which has been well greased.

Spread 1/2 pkg. chocolate chips over the top and bake in a moderate oven, 350 degrees, 20 to 25 minutes. Do not over-bake. Cool in the pan; cut in squares.

Mrs. Matthews has found it wise to double this recipe because a small batch of these brownies doesn't last long. And as a bonus, by doubling she avoids measuring that 1/4 teaspoon of soda; 1/4 teaspoon is much simpler!

Rites Scheduled For J. S. Bates

Funeral services for James S. Bates, who was drowned Monday in an irrigation ditch on the Alton Fraser farm, will be conducted at 10 a.m. today in Rose Chapel of Gilliland Funeral Home and burial will be in Llano Cemetery at Amarillo.

He was born May 9, 1922, in Arkansas and was a veteran of military service in World War II. Survivors include two sons, Garry Tanner and Darrell Tanner, both of Poteau, Okla.; a sister, Mrs. Laverne Williams of Venita, Okla., and a brother, D. A. Gregory of Poteau.

Mr. and Mrs. Guadalupe S. Gamboa are the parents of a daughter, Yvette, born August 6.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finance. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization) and the lands purchased therewith contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands not dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the re-

tirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following: "FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

"AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

State Highway Engineer Retires After 40-Years

By VERN SANFORD
Texas Press Association
AUSTIN, Tex. — One day after receiving a 40-year service award from the Texas Highway Commission, State Highway Engineer Dewitt C. Greer announced his retirement.

since 1928 except for the World War II years when he served in the U.S. Army Corps of Engineers and four years he spent as Engineer - Manager of the Texas Turnpike Authority supervising the financing, design and construction of the \$58,000,000 Dallas - Fort Worth Turnpike.

Dingwall served as the Department's supervising urban engineer in Houston, overseeing construction of the Gulf Freeway — the first major freeway built in Texas. He has been assistant state highway engineer since 1958.

In other Highway Department activity, Hal Woodward of Coleman was sworn in as chairman of the Highway Commission, and Herbert C. Petry Jr. of Carrizo Springs took the oath to begin an unprecedented third six-year term on the Commission.

Woodward, who succeeds Petry as chairman, was first named to the Commission in 1955.

A deed has been signed by the School Board giving the United States the minerals under 47,895 acres in Guadalupe Mountains National Park.

Two days of hearings, October 17-18, have been scheduled by the Texas Water Rights Commission on proposed cancellations of unused water rights for diversion of water from the Rio Grande, indicating that the Commission will apply the newly passed Water Rights Adjudication Act to Rio Grande rights first.

Water Rights Commission has found that directors of Brazoria County Water Control and Improvement District No. 8 have failed to comply with the law by appointing directors to fill vacancies for which there is no unexpired term of office; by not holding annual elections for directors; by assessing taxes which are not equal and uniform; by not appointing a board of equalization; by collecting too much from the District for services and expenses; and by not calling a special election to fill vacancies.

Board of Insurance put the new driver penalty point system into effect on August 1. By levying \$6,439,362 in penalties on drivers who had wrecks or serious traffic offenses during the year just ended, the Board was able to cut average rates by one per cent.

Texas Employment Commission reports that a total of \$2,200,000 in unemployment insurance benefits was paid to eligible claimants in Texas during the April-June quarter.

PRICE - FIXING SUIT
State of Texas has filed a price - fixing suit against five big drug firms.

Suit, entered in federal court at Dallas by Atty Gen. Crawford C. Martin, seeks triple damages totaling about \$12,000,000 from the producers of aureomycin, terramycin and tetracycline products. Drugs involved are used to treat both human and animal diseases and as animal feed supplements.

According to Martin the federal government already has an anti-trust suit pending against the same firms: Charles Pfizer and Co., Inc.; American Cyanamid Co.; Bristol - Meyers Co.; Olin Mathieson Chemical Corp.; and the Upjohn Co.

Martin alleges that the drug manufacturers charged state and local governments 'unreasonably high' prices for the antibiotics through a conspiracy to limit their manufacture and sale.

Furthermore, the attorney general contends, the firms' actions inflated prices to retail druggists, wholesalers, private hospitals and the consumer. Martin estimated more than \$3,000,000 has been spent by state and local governments alone between November, 1953, and November, 1966, to buy antibiotics for use in public-supported hospitals, schools and other institutions and health or welfare programs.

Other states are contemplating similar suits, Martin said, and state attorneys general will discuss the case at their conference in Portland, Ore. on August 29.

Westgate Honors Two Residents On Birthdays

Two of the residents at Westgate who have birthdays during August were honored with a party Monday.

Lillard, who will be 71 on August 27, were guests of honor for the party. Approximately 15 nursing home residents and five members of the Wesley Methodist Church WFCF attended and enjoyed cake and punch. Mr. Oberthier also was honored with a party in the home of his daughter, Mrs. V. O. Hennessy of 703 N. Lee, on his birthday.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Section 33, Article XVI, Constitution of the State of Texas, be amended to read as follows:
"Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust, or profit under this State, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard or Air National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, the Organized Reserve of the United States, nor to retired officers of the United States Army, Air Force, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Air Force, Navy, and Marine Corps. It is further provided, until September 1, 1969, and thereafter only if authorized by the Legislature by general law under such restrictions and limitations as the Legislature may prescribe, that a non-elective State officer or employee may hold other non-elective offices or positions of honor, trust, or profit under this State or the United States, if the other offices or positions are of benefit to Texas or are required by State or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this State or the United States from holding any other office or position under this State; and adding members of the Air National Guard, Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."

Ground Breaking Sunday At Frio

A ground breaking ceremony Sunday following worship services at Frio Baptist Church, south of Hereford, will mark the beginning of construction on a \$40,000 addition to the church building.

The new addition, connecting with the north wing of the present education building, will be 100 feet by 46; it will contain at least six new classrooms, a pastor's study, a fellowship hall and kitchen, and two restrooms.

Mrs. Sears Is Little Theatre Drive Chairman

Mrs. Henry Sears, Hereford, has been named area chairman for the membership drive of the Amarillo Little Theatre, an announcement from that association indicates. Mrs. Sears will be selling memberships for the coming fall season; she can be reached at 364-4338 or after 1 p.m. at 364-1149.

Bill Strive has been chairman of the building committee at the church; Dpc Miller will do the contracting for the construction work, and anticipates ground work to begin immediately. The church hopes to be using the new facilities by the first of December.

Besides the new construction of concrete block, remodeling work has been included in the \$40,000 figure. Present plans are to do some brick work on the existing building.

The Rev. Sam Ogan, pastor of the church, says that a fellowship dinner will be held at the church immediately following the ground breaking ceremonies; the public is invited to the services, he said.

Frio Baptist Church, which has over 200 members, is situated six miles south of the Hereford City Limits on F-M 1055.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III to be known as Section 32e, reading as follows:
"Section 32e. Each county in the State of Texas is hereby authorized to pay all medical expenses, all doctor bills and all hospital bills for Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that while said Sheriff, Deputy Sheriff, Constable, Deputy Constable or other county or precinct law enforcement official is hospitalized or incapacitated that the county shall continue to pay his maximum salary, providing, however, that said payment of salary shall cease on the expiration of the term of office to which such official was elected or appointed. Provided, however, that no provision contained herein shall be construed to amend, modify, repeal or nullify Article 16, Section 31, of the Constitution of the State of Texas."
Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of this state at an election to be held on November 11, 1967, at which time the ballot shall have printed thereon the following:
"FOR the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that while said Sheriff, Deputy Sheriff, Constable, Deputy Constable or other county or precinct law enforcement official is hospitalized or incapacitated, that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Section 9, Article VIII, Constitution of the State of Texas, be amended to read as follows:
"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-five Cents (35c) on the One Hundred Dollars (\$100) valuation; and no county, city or town shall levy a tax rate in excess of Eighty Cents (80c) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided, further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80c) on the One Hundred Dollars (\$100) valuation in any one (1) year. Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year; and the Legislature may also authorize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided that a majority of the qualified property-owning voters of the county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15c) on the One Hundred Dollars (\$100) valuation of the property subject to taxation in such county. Any county may put all tax money collected by the county into one general fund, without regard to the purpose or source of each tax. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This Section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution."
Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed on them the following:
"FOR the constitutional amendment allowing counties to put all county taxes into one general fund."
"AGAINST the constitutional amendment allowing counties to put all county taxes into one general fund."

ALVIE KNOWS A LOT OF ANSWERS

How long does it take to hatch an ostrich egg? . . . How many bachelors in Bolivia? . . . How much blubber in a male whale??? Alvie knows these answers and a jillion others. Folks smile and agree that Alvie is a regular encyclopedia of "useless information" but they never question the accuracy of his peculiar knowledge. That's because everybody knows Alvie gets his "answers" by memorizing the little space-fillers we all see in our newspapers. And to all of us, what we see in our home-town newspaper is immediately acceptable and believable!

Loan Association Ten Years Old--Still Growing

Hi-Plain Savings and Loan Association, based in Hereford, has seen a growth commensurate with the country's economy as it has added about \$1 million to its assets' value every year since its organization in 1957.

Located in a fairly new building at Fourth and Sampson streets, Hi-Plains today is a real estate lending institution with assets in excess of \$9 million. Executive vice-president and manager of the corporation is Myron Morgan, who has served in that capacity since 1960.

Hi-Plains Savings & Loan Association, regulated by the Savings and Loan Department of the state government, makes loans throughout a three-county area, including Deaf Smith, Castro and Parmer counties. Business done in Dimmitt and Friona is extensive, Morgan points out, and says that loans have also been made in Vega, Nazareth, Hart, Bovina, Farwell and Muleshoe. Loans can be made within a radius of 100 miles, but complications in administration and competition tend to keep loans closer to home, Morgan points out.

A capital (permanent) stock corporation, Hi-Plains Savings

and Loan is today owned by 88 stockholders who have seen their investment gain with 'healthy, steady growth' since 1957. Hi-Plains was one of the few institutions to grow even during the tight money period which credit men experienced in 1966.

Officers of Hi-Plains are Bob McLain of Dimmitt, chairman of the board; Jimmie Allred, president; Sloan Osborn of Friona, vice-president; Ray Cowser, secretary-treasurer; Morgan, executive vice-president, and Mary Jean Gore, assistant secretary. With the exception of Morgan, this is the same group of officers who began their duties when Hi-Plains was organized ten years ago this month. The savings and loan association was first located across from the Jim Hill Hotel at 128 E. Third St. before moving into the new building in December, 1963. The new location is valued at some \$150,000.

Others on the board of directors are B. E. Roberson, Steve Taylor, G. B. Buske, Carl McCaslin and A. C. Hays Jr. McCaslin and Hays replaced W.M. Decker and Jesse Osborn, who served on the original board.

Although Hi-Plains does not maintain branch offices in Dim-

SINCE ITS ORGANIZATION — Mrs. Mary Jean Gore has served as assistant secretary of the Hi-Plains Savings & Loan Association since its organization here in 1957. Today the growing real estate lending agency has assets amounting to over \$9 million.

mitt and Friona, it does have agents there who receive loan applications. The agent in Dimmitt is Jack Cowser, in Friona, Eric Rushing. Loans, after being screened by a loan committee made up of any three members of the board of directors, then have to be ratified by a full meeting of the board. When everything is in order, a

prospective borrower whose request receives approval can expect to get his money within 10 days. Loans to build, buy or remodel homes or commercial buildings will average, historically, \$10,000 to be paid back over a period of 13½ years, Morgan says. Office workers at Hi-Plains in-

clude Mrs. Pat Goforth, secretary and teller; Mrs. Mary Phillips, bookkeeper and teller, and Mrs. Gore, assistant secretary of the association.

Hi-Plains is a member of the Federal Home Loan Bank system; it is FHA approved, but does not make loans for that federal agency. It is also a member of the Federal Savings

and Loan insurance corporation, which insures accounts up to \$15,000 for depositors. There are some 2500 savings accounts at the financial institution.

The real estate lending agency, as of June 30, had \$6,915,706 out on first mortgage loans, \$153,539 as loans on savings accounts, and \$185,004 as property improvement loans. It will pay

4% per cent per annum (compounded quarterly) on savings, beginning this quarter. There is \$8,374,203 deposited as savings at Hi-Plains.

Although the growth of Hi-Plains may not be regarded as 'phenomenal,' it does reflect the growth of the areas economy, Morgan will point out. He will admit — the larger

companies in metropolitan areas can help out the local institution when a request for a 'perfectly good' loan comes in which Hi-Plains simply because of its size cannot fill; but competition gets rough when a smaller company tries to work its way into the larger city. Hi-Plains anticipates keeping its business within its three-county service area.

A FAMILY OF HAM OPERATORS

Goheens Like Radio Hobby

The TV has taken second place, for one Hereford family at least, since radio has now come in style in the Tommy Goheen home at 300 Centre St.

Mr. and Mrs. Goheen and their five sons have all taken up a hobby, a somewhat intricate one, by learning how to operate their own short-wave radio. After a year's work, four members of the family have come close to getting their amateur radio general class license, issued by the Federal Communications Commission. Father Tommy and sons Rodney, 17, Gary, 15, and Dennis, 13, will soon be taking tests to see if they qualify for the right to do their own non-commercial and non-profit broadcasting as ham radio operators.

The test won't be an easy one, the students are predicting. To begin with, each one has to be able to send or receive 13 words a minute in international (Morse) code — which amounts to transcribing 65 characters a minute, no easy task, particu-

larly if you're on the receiving end. Tommy, who has to attend a Citizens' Band radio reunion in Dallas Aug. 18, will take his test there at that time. The other boys will either take it in Lubbock or Oklahoma City early this fall.

And the others — Mrs. Goheen and Jim, 9, and Keith, 6, will get their licenses a little later. Mrs. Goheen may be able to go on the air within a year's time, she predicts; the two youngest members of the family

will have to wait a little longer before they get their high school algebra in order to be able to pass the test.

Not only will the would-be hams have to indicate their ability in transmitting messages, they will also have to pass a strict written test which will draw on their knowledge of radio technical information learned in a school taught this last fall by other Hereford hams. The school, which ran from July to January, was taught

principally by Bill Thompson, R. L. Ethridge, Dr. Roy Grubbs and Marvin Kearns.

Another school will begin as soon as 10 people are found to attend classes once a week for 18 weeks, Thompson says. The teachers again will be members of the Amateur Radio Club. Although the school is open to all ages, Thompson says that children under 12 probably would not be able to comprehend all the instruction involved. The courses will include code, theory and radio regulation.

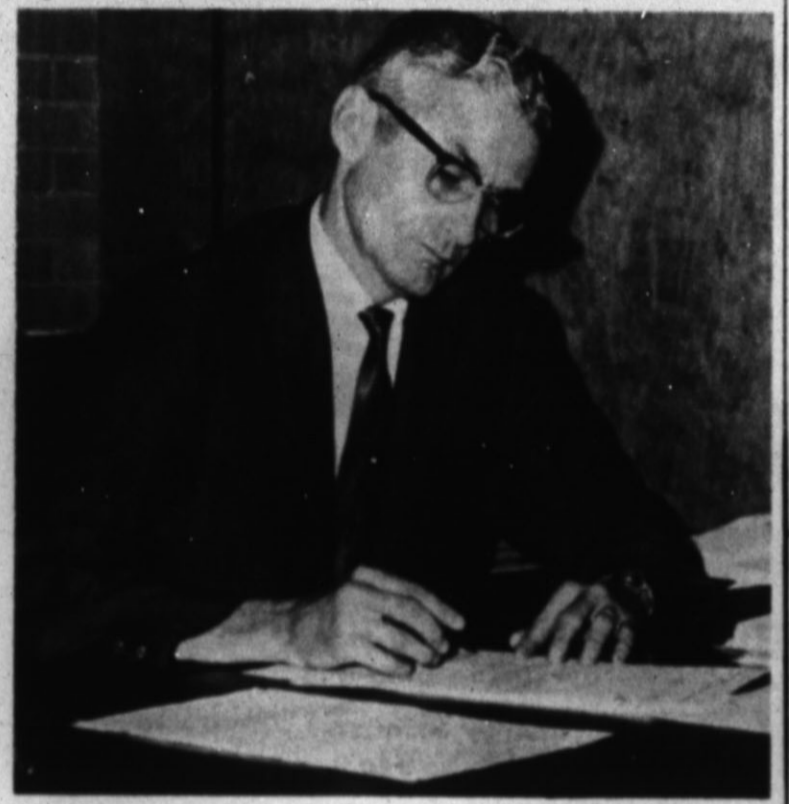

Although they aren't qualified to transmit, the Goheen family still gets its share of pleasure out of the \$100 radio. They have picked up London, Japan, Australia, Spain, Mexico... just to name a few. "But we still can't understand the foreign languages," Goheen laughs. They do get correct time out of Fort Collins, Col., every five minutes, though.

The Goheens could have stepped things up a bit by working to get their novice licenses; they decided it wouldn't be worth it, however, and went ahead to apply their efforts only toward the general permit. A novice license is good for only one year, and is not renewable. Goheen explains. With a novice license, a radio enthusiast is permitted to broadcast in international code; he cannot, however, transmit his voice. The novice operator has to be able to send or receive five words per minute in Morse code.

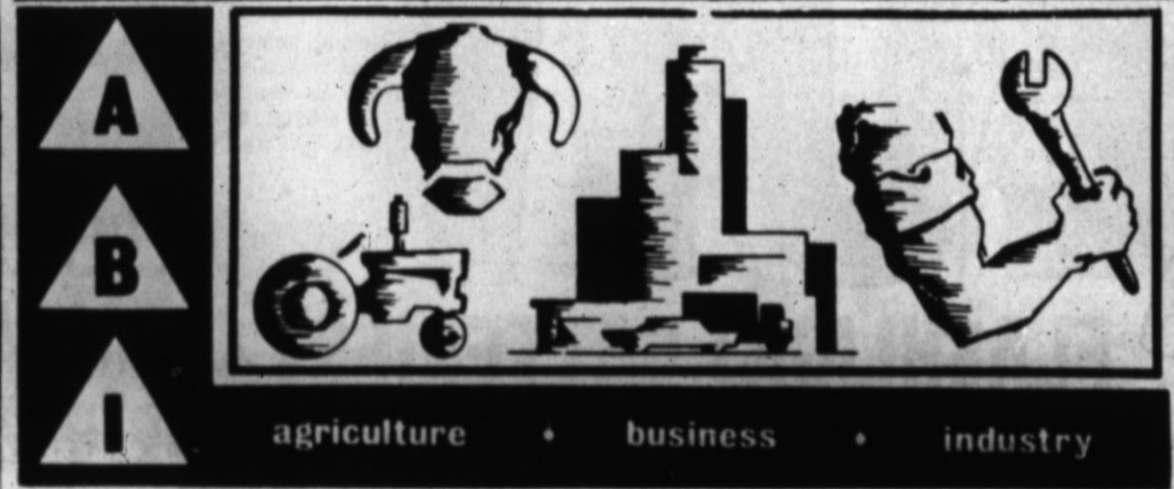

Although the Goheens just "happened" on to the hobby of amateur radio, Goheen thinks that it's easier sitting in a radio shack than digging foxholes as he foresees five sons serving their country.

IT'S ALL IN THE FAMILY — Rodney, oldest of the five sons of Mr. and Mrs. Tommy Goheen, 300 Centre, gives some instruction to his youngest brother, Keith, as he teaches him the use of the short-wave radio — a hobby taken up by the whole family. The older boys and their parents anticipate earning their general amateur radio licenses sometime this fall.

Delbert Bullard has worked with Southwestern Bell for 39 years

He's seen a lot of changes in telephone service

"They've definitely been for the better," says Mr. Bullard, chief deskman at Longview, Texas. "It hasn't been too many years ago that we were out setting poles with ropes and mules. Then we'd get one of those wet, heavy snows and we'd have to set them all over again. Now our equipment is as good as you'll find anywhere. And snowstorms don't bother buried cable and microwave towers.

"Customers get better service now—it's more reliable and costs less, too. When I started work, it was difficult to even recognize a voice on a Long Distance call. Now it's like talking across the room."

What about the changes coming in the next 39 years? "I'm not sure," Mr. Bullard says. "We've got Picturephone and the laser coming in a few years. Where do you go from there? I guess the sky's the limit."

Whatever comes along will come because of people like Mr. Bullard. He and 26,000 other Southwestern Bell people in Texas have one thing in common. They're working to make your telephone service better than ever.

Washington Report

From Congressman
BOB PRICE 18TH DISTRICT, TEXAS

1325 LONGWORTH OFFICE BUILDING, WASHINGTON, D. C. • 205 2704

Riots and near-anarchy over the nation in recent weeks have emphasized the crisis in law enforcement in this country. The very ability of government to maintain law and order and to provide personal safety has been challenged. There is an apparent need for assistance to and improvement of local law enforcement in many areas and the updating of criminal justice and the techniques of correction and rehabilitation.

In addition to an anti-riot bill recently passed by the House — I was one of its co-sponsors — and investigations already underway by both House and Senate Committees, the House is now debating The Law Enforcement and Criminal Justice Assistance Act of 1967.

Properly amended, this bill, could be an important step in the establishment of a Federal program to provide assistance to local law enforcement agencies. Unfortunately, the Admin-

istration bill that was originally submitted contained the standard Great Society formula. It would stifle local initiative and direction and place maximum Federal control in the hands of the Attorney General.

In an effort to improve the bill, the Republican members of the Judiciary Committee were able to obtain several amendments including:

A. An appropriate judicial review provided in cases where the Attorney General cuts off funds.

b. Congressional oversight on the data bank.

c. The open-end authorization was eliminated, thereby insuring essential legislative review of the Act.

d. The direct Federal payment of regular police salaries was banned.

The present emergency demands that meaningful and appropriate Federal assistance be given to state and local law en-

forcement agencies. However, this crisis must not be used as a vehicle to place Federal control over state and local police administration and to lay the foundation for a centralized Federal police force. Therefore, additional and essential safeguards on the broad powers of the Federal Administrator should be adopted.

Law enforcement and criminal justice administration are primarily local responsibilities. Crime is essentially a local problem that must be dealt with by state and local governments. Even the Attorney General has stated, "We would hope to have all the States really working for a fully comprehensive plan for the State." Any provision or measure that would upset or reverse this historic concept must be avoided. The recent riots have reemphasized the basic fact that the State and its designated agencies must have the primary responsibility for co-

ordinating the law enforcement effort within a state. Certainly, experience under the "poverty" program has demonstrated that failure to coordinate Federal activities with state activities creates serious financial and administrative problems.

Another amendment I will support is one to provide essential state coordination and eliminate the Federal Government's power to dominate and control local law enforcement. I cannot agree with the contention that the Attorney General should have authority to promulgate regulations and make other determinations as to population size for participation.

And I will support adoption of an appropriate allocation formula for a statutory assurance of the availability of meaningful funds for every state. The only such requirement in the bill now is that not more than 15 per cent of the funds appropriated or allocated for any fiscal year shall be used within any one state.

I also believe that the bill should provide for the establishment of a National Institute of Law Enforcement and Criminal Justice which in turn would be authorized to establish regional training institutes. Amarillo Air Force Base might well be considered for such a regional institute.

Improved training of local

Reasons Given For Contacting Social Security

There are four times when it is especially important for area residents to contact the local social security office.

First, if a worker in your family dies, some member in the family should contact the office promptly to determine if survivors insurance benefits are

payable.

Second, if you become disabled be sure to contact the office. As a result of the 1965 social security amendments a person may be eligible to receive monthly disability benefits if his disability is expected to last a continuous period of at least 12 months. A person no longer needs to be permanently disabled to qualify.

Third, when you reach the age of 62 you should at least stop by or telephone the office to discuss your situation, particularly if you are no longer working or working for low earnings. Remember, you do not have to be completely retired to get social security benefits.

Fourth, when you are within 3 months of age 65 you should contact the office if you haven't already filed an application. It is especially important to contact the office at this time so that you can be enrolled in the medicare program. You do not have to be eligible for monthly payments to be eligible for the medical insurance protection. Filing an application during the 3-month period before you reach 65 will insure this protection effective with your 65th birthday.

The Social Security representative visits Hereford each Tuesday. He can be contacted at the Courthouse between 9:00 and 11:00 a.m.

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

Readers Are Asking . . .

IS IT worthwhile to move to a warm, dry climate for arthritis or a sinus infection?

Patients with rheumatism, arthritis and infections of the sinuses consistently say that they feel better in a warm, dry climate. Obviously climate is not the only factor in the control or cure of these diseases. If it were then none of these conditions would ever be found in Tucson, Arizona, or in any of the other parts of the country.

Some patients of mine have been so enthusiastic about warm temperatures that they have moved their homes and businesses and permanently settled down and enjoyed it.

All of us in the practice of medicine have known people who completely uprooted themselves and relocated their families from schools, friends and businesses only to come to the unhappy realization that the move was a mistake. The benefits they sought did not materialize and only emphasized their error in moving.

In general it is a wise idea for people with chronic arthritis or sinusitis to take a long trial period in a new climate before making an abrupt change. The move is expensive and can be psychologically distressing if the good health and comfort they expected does not come true.

The enthusiasm of the local chamber of commerce must not be used as the only index to such an important step. They, too, recommend that people come and stay with them and feel the benefits before making a positive move.

Is there a medical specialty called cancer diagnosis or cancer surgeon?

Kansas visited in the W. A. Epperson home Sunday afternoon.

Mrs. Clyde Renfro and Mrs. Inez Wheeler visited friends in Friona Tuesday.

Mr. and Mrs. Loy D. Stone, Denise and Sharon were in Amarillo Saturday on business.

This is a mistaken idea. There are no doctors who specialize in the diagnosis of cancer and there are no surgeons who are classed as cancer specialists. All physicians when they examine patients accumulate as much evidence as they can before coming to a conclusion or making a diagnosis.

A general examination followed by blood studies and X-rays indicate the need for more intensive specialized workup. If any indication or confusion exists a doctor may suggest a consultation with another physician who may have a special interest in a particular problem.

All surgeons in all specialties operate on cancers in their field. For example, a general surgeon will operate on a cancer of the stomach or intestines. He will also remove gall-bladders and do appendectomies and all other operations within the limits of his capabilities.

A throat surgeon will remove a cancer of the larynx as part of his own specialty. A urological surgeon will do all the operations in his field and also a cancer of the prostate if it occurs.

There are some super specialists who have devoted themselves to very unique types of operations. They may be called in for a particularly difficult problem. Heart surgery, for example, would be in this category. There are, however, no doctors who can be classed as cancer specialists.

Oklahoma Man Found Dead

An Oklahoma man who had worked on the Fraser Livestock Farms about a week was found dead in an irrigation ditch on the farm some seven miles west of Hereford Monday morning.

Dead at the scene was James Spencer Bates, about 47, who had relatives in two Oklahoma cities. An autopsy was ordered by Deaf Smith County Judge H. C. Williams, acting as coroner.

A preliminary autopsy report revealed that Bates had drowned.

Sheriff's deputies said the farm foreman had seen Bates between 7 and 7:30 a.m., and his body was found about 8 a.m. lying in an irrigation ditch filled with less than six inches

of water. Bates was known to have epilepsy and it was theorized that he had an epileptic seizure and fell into the ditch near the farm headquarters.

Bates is survived by a half-sister of Venita, Okla., and a half-brother of Poteau, Okla.

The body was to have been taken to Poteau for services and burial. Local arrangements were by Gilliland Funeral Home.

Price Sponsors Meat Amendment

A House Agriculture Subcommittee approved a bill Friday intended to strengthen the Nation's meat inspection services. Included in the bill was an amendment introduced by Congressman Bob Price, a Committee member. That amendment will apply to foreign nations the same standards that now apply to meat and meat products produced and processed in the United States.

Price said present inspection requirements and construction standards in some foreign packing and processing plants were not up to U. S. standards.

"Close to a billion pounds of fresh meat and even more canned and cured meats are entering this country each year," the Panhandle Congressman - cattleman added. "Certainly the housewife is entitled to the same protection from contamination or filth in buying foreign meat as that assured by U. S. standards."

The committee vote was unanimous on Price's amendment. Price, however, expressed grave reservations about other provisions of the bill which will be considered by the full Agriculture Committee Tuesday.

Price proposed another amendment to the bill to eliminate Federal jurisdiction to intrastate commerce and remove from the bill the authority for joint State - Federal inspection standards which would be financed by a Federal contribution of 50 per cent. That amendment would not have changed other provisions in the bill designed to strengthen and modernize Federal standards for interstate commerce.

"Most of the states, including Texas, are now meeting their responsibilities and because a few are not is not sufficient reason for the Federal government to take over the responsibility for all the states," Price said.

Tea Is Courtesy For Bride-Elect

Friends in the Simms community, where Tommy Bullard and his bride will live after their marriage Aug. 24, complimented the bride-to-be, Miss Cheryl Innes of Perryton, with a tea - shower Saturday in the home of Mrs. Robert Lloyd.

The couple plans a wedding in First Methodist Church at Perryton, home of Miss Innes' parents, Mr. and Mrs. Ernest Innes.

Hostesses with Mrs. Lloyd were Mmes. Leland Burns, Emmitt Young and J. M. Boothe. The honoree, her mother and her fiancé's mother, Mrs. James A. Bullard, received tea guests. Misses Vicki Lloyd and Marsha Burns were at the registry table in turn.

Misses Beth Lloyd and Jan Cavin served refreshments from a table centered with daisies, carnations and deep green foliage arranged with tapers of avocado green. The cloth was white linen and appointments were of milk glass.

Avocado and white, colors chosen by Miss Innes for wedding decorations, were repeated in corsages worn by the honoree and houseparty members.

Guests included Mrs. James

Haley of Canyon, Mrs. Jean Reed of Seagraves, and from Hereford, Mmes. Harlan Barber, Dave Yandell, Olin Parris and Edwin Morrison.

2-Car Collision Sunday Morning; Damages Light

U.S. Highway 60, some 100 feet west of the intersection with North Street, was the scene of a two-car collision Sunday morning.

Hereford police said a 1965 Corvair driven by Raymond Ulibari of 414 Ave. H. sustained \$75 damage when it collided with a 1965 Pontiac driven by Casimiro Galindo of the Dick Barrett Apts.

Ulibari reportedly was pulling from the driveway of a cafe about 12:30 a.m. and collided with Galindo, who was going west on U.S. 60. Damage to Galindo's auto was \$100. A citation was issued for improper observation.

Damages Result From Collision

A total of \$125 in damages resulted Saturday night in the 100 block of Kibbe Street when a parked vehicle was struck by another car.

A 1959 Chevrolet driven by Anita Amaro of 21 Catalpa Apt. 3, was backing out of a driveway at 118 Kibbe and struck the parked 1961 Chevrolet owned by Ramon Zamora of 232 Ave. C.

Damage to the Amaro vehicle was estimated to be \$25 and the Zamora car at \$100. A citation was issued for improper observation.

Big League Game Scheduled Here

Countless laughs are in store for local baseball fans Saturday night August 12, when members of the Hereford Lions Club—dressed as women—take on members of the Pleasant Valley

Lions Club of Amarillo. The softball game will begin at 8 p.m. on the Pony League field in Veterans Park. "All of the players are so good," said Leonard Haney, "that to keep any big league scouts from coming down and signing them up, all of the men will be disguised as women." The disguises will include mini

skirts, net hose, topless bathing suits, bikini's and mother Hubbard's. Admission to the game will be \$1 for adults and 50 cents for students. Advance tickets may be purchased from any club member and proceeds will go to charity.

Mr. and Mrs. Michael Jarman
... former resident is bride

Judith Fowlkes Weds In Fresno

The marriage of Miss Judith Ellen Fowlkes, former Hereford resident, and Michael Lee Jarman was solemnized in Fresno, Calif., Saturday evening, and the couple will be at home at Apt. M, 3919 N. Clark in that city.

The bride is the daughter of Mrs. Charles E. Huston of Phoenix, Ariz., and the late James Ross Fowlkes of Hereford. Jarman's parents are Mr. and Mrs. George L. Jarman of Fresno.

The marriage took place in Bethel Temple with John M. Banks, minister of College Church of Christ, officiating. Jerry R. Fowlkes of Phoenix gave his sister in marriage.

Her matron of honor was her sister, Mrs. Neal A. Cohen of New York City, and the bridegroom was attended by his brother, Wayne R. Jarman of Fresno. Ushers were Neal A. Cohen, Jerry R. Fowlkes, John L. Nelson of Pasadena and Pete C. Meux of Fresno.

Brenda Hoover was flower girl and Brad Hoover ring bearer. Cousins of the bridegroom, they live in Burbank, Calif.

Miss Fowlkes wore a floor length gown of florentine lace with empire bodice defined by lace motifs. A chapel train extended from the wedding band neckline. Her veil fell to her shoulders from a deep crown embroidered with seed pearls. She carried a colonial bouquet of pale yellow roses circling a white orchid.

Mrs. Cohen was dressed in lime green linen, the semi-fitted gown floor length and sleeve-

less, with a stand-away neckline and bows accenting the back. Her flowers were yellow daisies in a nosegay.

Wedding music was by Mrs. Roxanne Christian, organist, and Lonny Manning, vocal soloist, who presented a medley of love songs. A bridal carpet and bows on the pews marked the church aisle to the altar, which was decorated with baskets of white gladiolas and mums.

For the reception afterward in the fellowship hall, the bride's table was laid with lace and centered with mums, gladiolas and lilies-of-the-valley. Six heart-shaped cakes formed the base of the tiered cake which had a cascade of green roses down the front.

Mr. and Mrs. Jarman left for a honeymoon on the Pacific coast before returning to their home in Fresno.

She is a teacher in a junior high school there and he is a graduate student at Fresno State College. After graduation from Hereford High School in 1962, she attended Oklahoma State University and is a graduate of Abilene Christian College, where campus memberships included honor societies in both education and history as well as Alpha Delta Phi sorority.

Jarman is also an ACC graduate of 1966. He was president of the Key Club, a service organization, and vice president of Phi Delta Psi social club.

Garden Information

I have been reading Dorothy Loa McFadden's book, "Touring the Gardens of Europe". Since I had visited many of the European gardens I was curious to see how she rated them, and what others she mentioned in her book. In this book the author gives a complete direction for finding and visiting over 840 gardens and flower shows in 18 countries. She very carefully tells how to locate and reach the gardens, the mode of recommended transportation, the hours the gardens are open, and what time of year they are the most beautiful. The more I read the more interested I became. Then I started doing some comparative thinking, and to making comparisons.

The United States has many beautiful and interesting gardens, but do we visit them as much as we should, and how do we evaluate their contributions to our nation? If one can't travel personally to the many beautiful gardens which we have in the United States, they can at least do some arm-chair traveling. A book which is full of information, and in which the gardens are listed, by Syates is "A Pictorial Guide to American Gardens" by Louis H. Frohman and Jean Elliott. It is a beautifully compiled book, and full of information regarding the gardens of the USA. I prize my copy, because of its contents and then it was a gift to me from Lloyd Howton when he was at West Point, and since receiving it Art and I have visited many of the gardens listed in it, and before we go on a trip we usually refer to it, to check and learn if we will be near some of the listed gardens.

Let me recommend that in planning a vacation, do include a visit to at least one of our famous gardens. Every state has some which are worth seeing. Garden-touring is a refreshing contrast. Walking on grass paths is delightful, and if one is traveling with children, here at last are areas where they can have some freedom and then too they can be taught to love and appreciate beauty in gardening and nature. It is also a good place to make new friends.

The love of gardening brings strangers together quickly. If you know the Latin names or even common name of plants, and can identify them, soon you have a conversation going. People who love gardening and have an appreciation for nature's beauties are almost without exception the very best people with whom one can make friends. In traveling, I have been very grateful for the knowledge I have acquired in garden clubs and from experience. Always kinda proud of myself if I can come up with a name or a characteristic of a plant, tree or shrub and can share this information with one who is learning or trying to remember names, etc. I treasure friends

and associations made along garden paths.

In recent newspapers plans for new gardens have been discussed. One of these is the new botanical and zoological garden which is to be located at Carlsbad, New Mexico. This is to be under the jurisdiction of the New Mexico parks and recreation department. The initial development will be restricted to a sprawling 360 acre site, and the over all plan calls for some 600 acres to be included in the garden when finally completed. The garden is to feature native plants and animals of the Southwest. James L. Dullars, New Mexico Parks director, states that the gardens will show every type and species of plant and animal life native to the Southwest, and he feels this will be especially appealing to wildlife enthusiasts. The entire region of New Mexico, Texas, and Oklahoma will benefit from this garden project.

When this is completed, the vacationer can plan to see the Carlsbad Gardens, and then make a visit to the Cactus gardens at Las Cruces, also see the testing gardens which are maintained by the Horticultural Department of New Mexico University at Las Cruces.

Another news item I read was that of the proposed International Friendship Garden which is being sponsored by the Texas Federation of Women's Clubs. This garden is to be located at Brownsville, Texas. The Texas legislature has appropriated \$125,000 for the project, and the Federated Clubs will match this amount. Announcement has come from TGF Clubs Headquarters that the project has already been started. The city of Brownsville has offered a downtown site for the garden on the banks of the Rio Grande and a block from the International Bridge. This should be a real strong movement towards stronger International Relationships.

Since we have made mention of Cactus Gardens in New Mexico, I want to call attention to some of the cacti plantings in Hereford. Our Sheriff Eddie Roberson has a rock garden and cacti planting at his home, there is an interesting planting and arrangement at the Bradley Studio, Park and Witherspoon, and a very attractive cacti garden in the northeast part of town. I do not know the owner or the address but it is worth while to see. A number of varieties have been on the market at our local dealers. Some of the garden clubs are making special studies of succulents and cacti, and in the flower show which is to be conducted by The North Zone National Judges, planters of driftwood, in which cacti and succulent have been planted will be entries for the Horticulture classes.

This seems to be the year for marigolds, there are a number of pretty plantings in town,

some of these are at the Hardin Home, Centre St., the Ethridge Home on Western, and the Family Clinic on Park Avenue. Have also noted many others. The marigold is an easy flower to grow. It is almost 100 per cent insect and disease resistant, the range of color is beautiful, and in size they vary from the miniature which isn't much larger than a nickel, to the giant flowering ones.

Many of us are enjoying fresh vegetables from our gardens. One of the vegetables which is abundant now, are the crooked neck summer squash. These can be prepared in many tasty ways. One of the latest that I have learned is a different way to fry them. Prepare as for any method of cooking, and instead of slicing them in rounds, dice them, roll in cornmeal and fry in deep fat, stirring occasionally so that they will be browned evenly. One can use oil for frying but I have found that bacon drippings or where the sausage have been fried, gives the squash a delightful flavor. If you want to add the gourmet touch then fry the squash as above, and add to them okra, a small portion of thinly sliced onion, and some sliced fresh tomatoes. Cook slowly until all is blended well, and all vegetables are thoroughly cooked. Served with hot cornbread, a slice of cantaloupe and a glass of cold buttermilk, and you have a delicious lunch.

Let us give thanks and EAT. Glad.

Police Probe Burglary At Power Company

Approximately \$190 worth of materials was taken from the Southwestern Public Service Co. warehouse, 308 E. New York Street over the weekend.

Don French, foreman, told police that someone had cut the back fence in the warehouse between noon Saturday and 8 a.m. Monday.

Taken was a 130-foot roll of copper wire and some 500 pounds of scrap copper. The copper was believed to have been carried off in a pickup.

Rookie Tom Seaver is the first New York Met pitcher ever chosen for the All Star Game.

Jack Nicklaus says he's playing more golf this year than in 1962, his first year on tour.

TOUR EUROPE — Glenda Sue Dillard, daughter of Mr. and Mrs. A. R. Dillard, is shown displaying her charm bracelet in which she has filled with charms from seven different countries. Miss Dillard has just recently returned from Europe after touring with twenty-six other youths on a Christian Youth Tour.

Miss Dillard Tours Europe

Glenda Sue Dillard, daughter of Mr. and Mrs. A. R. Dillard, 217 Texas St., has just returned from an extended tour of Europe sponsored by Mr. and Mrs. Stanley Shipp of Dallas. Miss Dillard flew from Dallas to New York to join 26 other students for the beginning of the exclusive Christian youth tour of Europe.

Paris was first stop on the agenda and the group spent two days viewing sights such as the Eiffel Tower, Tomb of Napoleon, and the Arch of Triumph with the Eternal Light marking the tomb of the unknown soldier.

From Paris, the group then proceeded to Lausanne, Switzerland where they visited a Chalet, which was the center of all the activities such as devotions, etc. Miss Dillard stated that Switzerland was very beautiful and the scenic highlight of the tour.

Nice, France was second and the group traveled to Monaco, home of Prince Ranier and Princess Grace (former movie actress Grace Kelly). After a short stop in Monaco, they returned east and Rome, Italy.

"When in Rome, do as the Romans do", Miss Dillard reports, and they did just that by attending the amphitheatre production, "The Sound and Light."

The Pantheon, the best preserved temple of Roman antiquity, St. Peter's Square, the Basilica in Vatican City, and the famous Sistine Chapel painted by Michelangelo are a few of the scheduled stops visited.

In Venice, Italy, the group enjoyed a trip down the Grand Canal in gondolas.

Pepperdine University is a famous college not only in California, but also in Heidelberg, Germany, and was visited by the group. Other towns

visited in Germany included Munich and Koblenz-Gondorf. In Koblenz-Gondorf, the group enjoyed a night in a castle called the Schloss Liebig.

Holland was the last stop on the continent, and while in Amsterdam, the group enjoyed dinner at the famous Five Flies Restaurant and viewed the Weeping Tower and the famous Rijksmuseum which housed many famous works of Rembrandt.

From Holland the tour journeyed to London where they watched the changing of the guard at Buckingham Palace. Houses of Parliament and Westminster Abby were two stops made in the famous old city.

Although the trip was exceptional, it was a joy for all when the plane landed in Washington, D.C. and they again walked upon the soil of the U.S.A.

Miss Dillard arrived back in Hereford on Tuesday, August 1st at 2:00 a.m.

Damages Light In Pickup-Truck Collision Here

The collision of a pickup truck at the intersection of East 4th and McKinley Saturday night resulted in a total of \$250 damage.

Ricardo Chavez of the Hereford Labor Camp, officers said, was going west on East 4th Street about 7:25 p.m. when it collided with a 1961 Ford van driven south on McKinley by Louis Schumann of 330 Avenue C.

The left front of the car driven by Chavez sustained approximately \$150 damage when it hit the left rear of Schumann's vehicle, which had \$100 damage. A citation was issued for disobeying a stop sign.

Carmichael Talks To Rotarians

Mr. and Mrs. Troys Carmichael and daughter Merle have just recently returned from the Rotary International Convention in Nice, France. Carmichael entertained the Rotarians Monday at the regular noon luncheon meeting with a short speech and slides on the convention and scenic areas of Nice.

Perfect Attendance pins were awarded to Rotarians Earl Phillips for 21 years, Jack Nunnally for 11 years, and Myron Morgan for 8 years.

Rotarians are to serve a barbecue for the Panhandle State Breeders Association next Tuesday at noon for between 500 and 600 people.

FOR GOD SO LOVED THE WORLD

GRACE at MEAT

Bobby Burns calls us to thank God for food which He provides. The Jewish people use a beautiful grace, "We praise Thee, O God, who in kindness sustainest the world... Amen." They could well add their other prayer, "May our table be an altar of loving kindness, and our home a temple in which Thy spirit of goodness dwells." Many families use a poem, but more often this simple grace. — "Bless, O Lord, this food to our use, and us in Thy service; through Jesus Christ our Lord... Amen."

Every family would be blessed if they would say:
"Back of the loaf is the snowy flour, And back of the flour the mill, And back of the mill is the wheat and the shower, And the Sun and Thy Father's will."
But better than all learned prayers is our own, simply spoken directly to God.
Do you say Grace at Meat?

Expect Large Attendance At Ranch Rodeo

The 348 boys at Cal Farley's Boys Ranch are expecting a new attendance record to be set at their 23rd annual rodeo this year, and additional seats have been installed to accommodate the crowds over the Labor Day weekend.

Last year, nearly 9,000 attended the two-day event, and an additional 500 seats have been erected at the north end of the rodeo arena. Dates for the rodeo are Sunday, Sept. 3rd and Monday, Sept. 4th at 2:30 p.m.

All of the 348 boys will have a part in the rodeo with nearly 100 riding for awards and honors. Ranchers who do not ride will be serving as ushers, helping in the parking area, working at concession stands, or helping around the chutes.

Giant-size barbecue beef sandwiches will be prepared and served by ranchers who are learning meatcutting and cooking as their future vocations for spectators and visitors who arrive early to picnic.

The climax of the rodeo, the largest Labor Day event in the Texas Panhandle, will be the

by the Beautification Committee of the Deaf Smith County Chamber of Commerce.

naming of the Junior and Senior All-Round Cowboys, two of the highest honors that can be earned by the boys, Professional rodeo stock will be used in the bull riding and bare-back bronc events, and a special

stick-horse race will be featured for the four to six-year-olds.

Tickets for either performance are available in advance from the Boys Ranch office, Box 1890, Amarillo. Reserved box seats are \$2.50, general admission is

\$1.50, and servicemen's and children's tickets are 75 cents. All proceeds will be used for future expansion of the Ranch.

Small Talk

By SUE COLEMAN
Women's Editor.

Comment from an acquaintance when Eunice Peters was talking recently of plans for a Golden Wedding anniversary celebration this weekend: "You must have been the child bride of 1917!"

THE PETERSENS. - Eunice and Alex, hardly fit the traditional picture of a couple at the 50th anniversary of their marriage; nevertheless they insist that's the one they will observe Sunday.

Which brings up another point. Sunday will be the 13th, a date most couples avoid as "bad luck" for a wedding. I must remember to check on whether that is the actual date of their marriage, or just the nearest Sunday. If they did brave the jinx date, they seem to have proved its ineffectiveness.

ON VACATION FROM her work as a missionary in Mexico, Naomi Hare has spent several days with her parents and

other relatives here. She plans to leave Friday for a church camp and then return to her job as head of a Methodist school in Chihuahua.

WITH SOME VACATION visiting planned in the meantime, relatives of Charles Mims left in the past few days with the intention of being in Houston Saturday for his marriage to Amanda Struben of that city.

His parents, Dr. and Mrs. A. T. Mims, began their vacation Saturday. Mrs. Mims' mother, Mary Helen Fisher, left Tuesday accompanied by her sister, Mrs. H. M. Long of Topeka, Kan., who had been her guest

for a few days.

The sisters have scheduled a visit with relatives in Temple on their way to Houston, and in the home of a brother in Dallas on the way back.

NO SOONER WERE the V. O. Hennens home from a month in the British Isles - "We had a wonderful time!", she reports - than they began completing plans for a trip westward, this time to be confined to the continental U.S.

Their daughter, Mrs. Terry Kirby, and her children came in the first of this week from Burlingame, Calif., to stay a few days. Mrs. Hennen, Mrs.

Corpus Christi Is Site of Retail Grocery Confab

More than 2,000 retail grocers and representatives of allied food industries are expected to attend the 40th annual convention of the Texas Retail Grocers Association which begins Saturday, August 12th, in Corpus Christi.

Neil Cooper of Cooper's Market, is completing his two year term as a director of the Texas Retail Grocers Association.

Some 100 commercial exhibits, displaying the latest in food products and equipment will be shown. Robert E. Crozier, executive vice president of the association, said advance registrations indicate a record attendance.

Central on the theme, "Selling Is The Key To Profits", the convention program will open Sunday afternoon with the keynote address by Val Gould of Chicago, Illinois, winner of the Freedoms Foundation Award.

Highlight of the convention will include the annual election of officers, Tuesday afternoon, and the Convention Banquet and installation of officers and directors Tuesday night.

role.

The production, directed by Gene Frankel, is to appear at the Edinburgh and Holland Festivals, as well as make stops in Belgium, Switzerland, Norway, Sweden, Denmark, Finland and England.

The coming season is the 72nd for Big Ten football.
