## Silver Star Winner Is New Paisano Lions President

**By EARL MOSELEY**  
Staff Writer  
Joe Zepeda, grocery store operator and apartment house manager among other business activities in Hereford, will be installed as president of the Paisano Lions Club for the coming year in Monday night ceremonies at the Hotel Jim Hill. Zepeda, who has been ac-

tive in many civic projects during the four years he has lived in Hereford — including Boy Scouts, Camp Fire Girls, Little League, and VFW — is also a recipient of the Silver Star which was awarded for his actions under enemy fire during the Korean War. Born and raised at Three Rivers, south of San Antonio,

Zepeda entered the U. S. Army on January 4, 1951, to become a private in the first war in history in which troops of a world organization acted as "police" to fight an aggressor nation. He came out of the "most unpopular war" as a staff sergeant in October 1953.

Out of it he also received the Korean campaign medal, the Korean Presidential citation, and the Purple Heart among other awards.

The action which resulted in his Silver Star occurred in a village similar to Korea's "punch bowl" following the U. S. Tenth Army Corps' amphibious landing at Inchon on Korea's west coast — a lighting surprise move that altered the course of the war.

"Every town had an attack," he said. "People were going all over the place. Our commanding officer was killed and we lost our platoon leader. I became the ranking non-com of the outfit. We only had 66 men in our platoon, when once we had had over 100. It was 38 days before we could regroup."

His citation stemmed from a "running battle" where he led his men through a village and defeated the enemy in such fashion as to make him a credit to the military.

He was in the Seventh Infantry Division as a combat engineer. He crossed the 38th Parallel and eventually went all the way across to east Korea near the farthest Army advance there. His specialty was mines and booby traps.

Compared today with the war in Vietnam, the Korean War saw Gen. Douglas MacArthur removed from command by former President Harry S. Truman, under bitter controversy. Zepeda has his own comment. See WINNER, Page 2

## 402 Register For Summer Session

A total of 402 children were enrolled in the summer elementary school session at registration held Friday at Northwest School, according to Mrs. Naomi Hopson, supervisor.

Mrs. Hopson stated that of the 402 children enrolled, only a very small percentage of them will be in the pre-school language development and in order for the program to go over more children are needed. She also asked that parents take their children to school the first day.

Children attending the summer session, which is to be in Northwest Elementary School this year, will be instructed in art, reading, language, music and physical education by experienced public teachers. Also to be included in the session will be swimming and trips to be taken by the students.

Parents whose children are attending the classes are reminded that buses will be sent

out to pick up the children along certain routes, and if a bus does not pass directly by anyone's house, children are urged to meet the bus on one of the streets in town or along one of the roads which the bus will travel.

Bus routes will include U. S. 385 north for 11 miles; FM 1062 eight miles (Gentry Farms and also Allison Feed Yards); Highway 60 east to Dawn; Highway 60 west to Summerfield; FM 1057 between Harrison Highway and Summerfield; U. S. 385 south four miles; FM 1058 to Westway; Austin Road three miles east; and Dairy Road two miles east.

For city pick-up, buses will travel down Blevins, South Schley, Union Ave., 8th Ave., North St., Lake St., Dump Ground Road (Progressive), Brevard, Walnut Road, Grand Ave., Holly Sugar Road, 13th St., Buena Vista, County Lane, and Florida Lane.

Pick-up time for the buses going down U. S. 385 north for 11 miles and FM 1062 eight miles is 7:15 a.m. each morning and for the remaining rural routes, 7:30 a.m. For the in-town routes, pick-up time will be 7:45 a.m.

Classes are scheduled to begin Monday and will conclude August 1, Mrs. Hopson reported. Breakfast will be served to the children through the school's breakfast program.

Classes are also scheduled for kindergarten through the sixth grade who have moved here since Jan. 1, 1967. These classes will begin at 8:30 a.m. and conclude at 2:30 p.m. The only requirement children who fall in this class must meet is that their parents be connected with agriculture or agri-business.

Classes for the younger children who will be attending the regular summer session will begin at 8:30 a.m. each morning and will finish at 11:30 a.m.

This year's program will concentrate on the English language.

## Summer School Begins

Summer school begins Monday at Hereford High School.

Principal Bill Michael reported that math and social studies are courses which will be offered. English and typing will also be offered provided there is sufficient demand for these courses.

Enrollment will be conducted at the principal's office.

Tuition for the two 4-week semesters is \$20 per semester. The first semester ends July 3, with the second beginning July 7 and continuing through July 31. Classes begin at 8 a.m. and finish at noon.

Michael said that students must attend four weeks in order to earn a half credit or eight weeks to earn one credit.

## Board Meets, May Assign New HHS Principal

Regular board meeting of the Hereford Independent School District is to be conducted Tuesday beginning at 8:30 p.m. in the School Administration Building.

On the agenda is the possible assignment of Jerry Don George, former principal at La Plata Junior High and later administrative assistant, as principal at Hereford High School.

G. W. Michael, currently HHS principal, has resigned and will go on a new school assignment at Belton following the summer school semesters here.

## Golf Tourney Is Set This Week

Jim Young and Mike Holder, defending champions of last year's Hereford Partner's Cup Golf Tournament, will put their title up again this week when the annual event is played Saturday and Sunday.

Entry fee for the tournament has been set at \$35 per team and players will be flighted by combined handicaps, according to Cal Garrett, local pro. Low total on 36 hole stroke play will determine the winner.

All persons interested in participating in the tournament are urged to pre-register early so that pairings can be made. Deadline for registering will be Friday at 5 p.m.

The tournament will begin with a shotgun start at 8:30 a.m. each of the two days, and another shotgun start at 12:30 on each day.

Awards will be presented in the form of gift certificates to each of the top four places in each flight.

A limit has been set at 60 teams for the tournament so persons are urged to register as soon as possible.

## Tour United States Japanese Ag Leaders Visit

**By MARSHALL DAY**  
Staff Writer

Three Japanese leaders in the field of agriculture made a brief stop in Hereford Friday as a part of the Japan Feed Grains Mission tour to study the area's processing techniques of feed grain.

Guests of the Panhandle Grain Sorghum Producers Association at a noon luncheon at the Country Club were Toshio Minagawa, Shiro Kawada and Kakuo Okada, along with several U. S. Feed Grain Council representatives and state agriculture officials.

The group came to the United States at the invitation of the U. S. Feed Grains Council in cooperation with the Foreign Agricultural Service of the United States Department of Agriculture to visit various milling and grain handling centers and to confer with American agribusiness leaders, association executives, and government officials. Kawada is vice president of Japan Feed Council and president of Japan Feed Manufacturers Association and Okada is vice president of Japan Local Horse Race Association and former director of Livestock Bureau of the Japanese Ministry of Agriculture and Forestry. Minagawa is Feed Promotion Specialist, Far East Office, U. S. Feed Grain Council.

The group departed from Tokyo, Japan on May 23 and arrived at San Francisco, Calif. to attend a meeting of the USFGC. Their stay in San Francisco included several meetings before leaving for Kansas City, Missouri. They also attended meetings in Minneapolis, Minnesota, Buffalo, N. Y., New York City, Washington, D.C. and visited Niagara Falls before coming to Hereford.

Their future schedule includes a trip to Lubbock, then to Las Vegas, Nevada, for sightseeing. Los Angeles, Calif., Hilo and Honolulu, Hawaii will finalize their mission before returning to Tokyo on June 14.

The group expects, as a result of the visits and conferences, to return to Japan with valuable information on the new techniques and modern developments currently being used in production, harvesting, processing, storage, transportation and marketing of U. S. feed grains and on government policies affecting them.

Through their desire to catch up with Occidental living standards, the Japanese people have expressed the willingness to buy from an expanded cash market for U. S. agricultural products. It is through this desire that the U. S. Feed Grains Council, in cooperation with the Foreign Agricultural Service of the U. S. Department of Agriculture,

is carrying on programs such as the one the three visiting dignitaries are a part of. Through efforts of the USFGC and FAS, Japan's production of meat, milk and eggs — mankind's vital protein foods of animal origin — has more than doubled and her production of formula feeds has almost quadrupled. Products promoted by the USFGC—FAS are corn, sorghum grains, barley, dehydrated alfalfa pellets, rye, oats and feed additives.

Records indicate that during the period between 1960 and 1968, Japan's production of meat, milk and eggs, by weight, was up 228 per cent while their production of formula feeds was up even more to 300 per cent. For the same period, their purchase of U. S. Feed Grains, for cash, was up 1888 per cent.

A great deal of the reason given for the sharp rise in the production and importation in Japan's market has been credited to the opening of the U. S. Feed Grains Council's far east office in Tokyo in 1961. Under the leadership of this office, Japan's market development program has taken giant strides in market research, technical service, end product promotions information, education service and publicity, trade and public relations.

## Housing Is Needed For AFS Students

**By MARSHALL DAY**  
Staff Writer

Housing is desperately needed, it was announced, for the 34 American Field Service students who will make Hereford their home for three days, enroute to Washington, D.C.

Representing 23 countries, the student tour of the country began on the west coast, has swung south and is now heading for Hereford where they will spend three days, June 27-29. The group scheduled for the stop here is just one of 75 such bus loads making their way to the nation's capital.

Each of the students has completed a year's study in high schools throughout the United States, and will converge on Washington where they will meet with some 3,000 other AFS students.

The purpose of the trip is to expose the students to more of the United States than they would otherwise see from their home communities. Over 25,000 families in over 650 communities host bus trip students, and a dire need has been expressed here for housing for these students.

Plans during the three-day stop-over in Hereford include a hayride, Saturday, June 28. Plans had been made to take the students to see the production of "Texas" at the Amphitheatre in Palo Duro Canyon, through the courtesy of the Panhandle Plains Historical Society, but due to the shortage of time, this was cancelled. Persons furnishing housing for the

students may take the students to the production, but it was pointed out that the group as a whole would not attend. The American Field Service conducts International Scholarship Programs for students 16 to 18 years of age from many nations. A non-profit organization with no religious or political affiliations, it seeks to foster understanding of the differences and similarities which exist among peoples of the world. To

accomplish this aim there are two American Field Service Programs: (1) Students to the U.S., which brought more than 3,000 students from 61 countries to live, study and join in community life in the United States in 1968-69; (2) Americans Abroad, which sent 1400 students to 48 countries overseas for an equivalent experience.

In the past 21 years, over 47,000 students from 75 countries have participated in the AFS programs. AFS has 40 overseas offices and 3,000 volunteer chapters throughout the U.S.

Anyone wishing to provide housing for one or more of the visiting students are asked to contact either Tom Kendrick or Walter Bryan who are in charge of handling arrangements for the bus stop.

 ments regarding these issues: "I thought removing MacArthur was the worst thing they could have done. He was a good man. Like Vietnam, we were sent to Korea for a reason, otherwise we wouldn't have been sent. But I believe if they had left it up to MacArthur, there would have been no Vietnam."  
 After a long series of truce talks between the Allies and the Communists, a truce was finally signed. But the truce left much to be desired. It was as if no one had actually won.  
 Zepeda said, "Korea has had a chance to regroup and fatten up to start all over again."  
 "It was also a war that saw several G. I.'s defect to communism and cross into Red China."  
 Zepeda shook his head. "I couldn't tell you why they did that. To me, there is no reason."  
 Zepeda, who is married and the father of four boys and a girl, said that he is much more interested in informing people about the Paisano Lions Club and searching out different ideas for projects.  
 "Now we have a lawn mowing project going," he said (also being a yard work contractor of experience). "This work is hard, but it is done by the membership to finance club projects which we believe have already provided much help for deserving people and areas of need."  
 He stressed that this project also includes the cleaning of alleys, yards, and vacant lots. "We will also clean bar dishes — we don't care. We furnish our own equipment to do the work. We know it's hard work, but we believe we have good projects."  
 Zepeda also said, "I like for people to ask about the Paisano Lions. We are glad to furnish any information — we want ideas on more projects. I also think we ought to have more eagles in the Boy Scouts, more Camp Fire activities, more involvement. I think that is all to the good."

### Parsons Family Reunion Held

For the fifth year the Parsons families held their reunion and day of "swapping out sorries" of their past year's experiences at the Bull Barn, on Monday.  
 One of the 'youngest oldsters' was Aunt Ollie Parsons who is stepping along with a near ninety-one. Several of the others are

## Jacksons To Host Pakistans Here

Six agricultural leaders from Pakistan will arrive in Amarillo on Continental flight 179 on June 21 as part of a six-week tour of visits with U. S. farm families. They are under the sponsorship of the Farm Leader Exchange Program of Farmers and World Affairs.  
 Mr. and Mrs. Clinton Jackson of Hereford are in charge of the Pakistani exchange team's visit in this area. The Jacksons and other local families who will

host the team members will meet them at the airport.

Clinton and Jerre Jackson were part of the U. S. team which FWA sent to Pakistan this past winter.

The Pakistani visitors are Mr. Anisuzzaman Khan, Mr. Maqbool Ahmed Khan, Mr. M. Mahtabuddin Khan, Mr. M. Bahasuddin Khan, Sardar Khalid Omar, and Mr. Rais Ali Nawas Umar.

During their tour, the Pakistani farmers share the day-to-day life of their hosts and the activities of a rural community. They see American agriculture and its related industries firsthand, and learn about the organizations which serve U. S. farmers.

## Pastor Resigns

Rev. Ronald A. Harpster, pastor of the Avenue Baptist Church in Hereford for the past four and a half years, submitted his resignation Wednesday night.

Rev. Harpster will conduct his final services here June 29. "I have had a great ministry here," he said. "I have enjoyed it. Hereford will always be a special place to us. But I feel that I have received the call to preach elsewhere and must accept it."

Rev. Harpster did not announce his future plans. "There is one place that I definitely have in mind, but I have been asked to consider a pastorate at another place also. I intend to make an investigation prior to reaching a final decision."

He said that he would announce his plans as soon as possible.

Rev. Harpster has been active in many projects outside the Avenue Church. Among them has been participation in the Deaf Smith County Council on Alcoholism.

Moreover, he has driven a school bus for the Hereford Independent School District for two years — minus a semester during which time he taught a Bible course at West Texas State University.

His successor at the Avenue Church has not been named.

up in years also. Many enjoyed the basket lunches spread and shared together, along with looking over pictures, games of 42, and chatting with each and all.

The first Sunday in June for 1970 was voted on to be reunion day again, same place, the Deaf Smith County Bull Barn.

Some 53 attended this year. Mrs. Ollie Parsons, Mrs. Maude Parsons, Mr. and Mrs. Lot and Carrie Kimbriel, Rubine O'Neal, Nora C. Bowling, Grady Parsons, Mr. and Mrs. Buck Parsons and family, Mr. and Mrs. Jack Parsons, Mr. and Mrs. Emmett Parsons, Ernest Parsons, Mr. and Mrs. Bruce, and Alan Parsons, Edmond Parsons, Ocll Parsons, Mr. and Mrs. Ross Duff, Mr. and Mrs. James M. Malone and family. Also Mr. and Mrs. Joe Culppeper and family, Mr. and Mrs. Beverly, Mr. and Mrs. Audrey Talley, Mr. and Mrs. Harry Jarrett, Mrs. Lottie and Miss Imogene King, Mrs. Murtie Cook, Mr. and Mrs. Ray Hardaway, Mr. and Mrs. Everett Hardaway, Mr. Oble and Tony Malone, Cecil and Nerine Malone, and Frank Hall.

and six American teams have gone there. FWA also has an exchange with India, and has had them with Egypt and Venezuela.

The group will be in the Amarillo area until June 25. The group's guide, Miss Ruby Yeutter, Clayton, Michigan, has worked with FWA groups from abroad since 1961, and has traveled in Pakistan and India for FWA with U. S. farm leaders. She has held state offices in both the Grange and the Farm Bureau.

This is the eighth team of Pakistani agriculturalists to visit the U. S. through this program.

## Forrest ...

(Continued from Page 1)  
 Rep. Bill Clayton and another from Bill Lewis, editor of the co-op's publication, regretting their individual conflicts in other areas which prevented them being in attendance.

Additional telegrams were received from former President and Mrs. Lyndon Johnson, NREA administrators David Hamill, Robert Partridge, Clyde Ellis, and Leon Evans, Gov. Preston Smith, Lt. Gov. Ben Barnes, John E. Hutchison, Dean J. O. Kunkel, Rep. Bob Price, and Sen. Ralph Yarborough.

The speeches and music were primarily lighthearted — as friends addressing other friends.

Seigler recalled a motor trip he and Forrest had taken together a few years ago to San Francisco. "Leo," he said, "ran through two or three red lights there — and caused me to hug the floorboard! He told me he was color blind and was having difficulty seeing the lights!"

But Seigler said that he would recommend Forrest for anything — "except as a taxi driver in Los Angeles!"

Gollehon, who first sang "Les Bicyclettes de Belsize," remarked to Forrest prior to the second number, "I may have a new job for you" — whereupon, he sang "Wichita Lineman."

Cobb told the Forrests, "Don't go too far away. Many people will be calling on you for advice and counsel."

He said that "we must attract rural youth. We must find ways to make them stay in their hometowns — support their families there. Leo has always been concerned with our youth."

"Let's be sure they receive the best opportunities," Forrest has said many times. And he has worked toward this."

Cobb stated, "We appreciate most highly all that you have done — local, state, national, and even international. You helped so much to bring electricity not only to the rural areas here but in South America."

He mentioned that Gov. Nelson Rockefeller "needs a little help now in South America. If he had taken a man like Leo with him, he would have been welcomed with open arms. That is the kind of man Leo Forrest is."

Mrs. Osborn said, "To know Mary Elizabeth Forrest is to love, respect and appreciate her."

## Peace Officers Organize

Peace Officers Association of Hereford was formed here Thursday night by local representatives of the sheriff's department, the police, Liquor Control Board agent, Department of Public Safety patrolmen, and the game warden.

Deputy sheriff Kirven Roper was elected president, police captain Ray Reynolds vice president, and Sheriff Ed Roberson secretary-treasurer.

Roper said that the purpose of the association is to cement a closer relationship between the various agencies, in an effort toward greater understanding and protection of all the people in Deaf Smith County.

"It is actually a fellowship of officers," Roper said. "To my knowledge, this is the first time all local law enforcement agencies have gotten together. We had between 25 and 30 representatives present at our organizational meeting, and all of them expressed the opinion that this move is a step in the right direction."

One meeting per month has been set by the officers, at 7:30 p. m. on the first Thursday night of each month. "We will probably alternate meeting sites, but our next meeting, on July 3, is set at Jones Restaurant."

Also planned is a 15-minute program on Radio Station KPAN on a regular basis, to keep the public informed of the department's activities. Named to this committee were deputy sheriff Travis McPherson, police lieutenant Ed Owsley, and DPS patrolman Charles Moore.

Appointed to the overall program committee were DPS patrolman Glen Toles, game warden Charles Cosper, and police sergeant Ray Morgan.

TRADITIONALLY NEW... FIELD TO FEEDLOT

### NOW... A CYLINDER CHOPPER that merits the Gehl name!

A cylinder cutterhead is the heart of this new Gehl "300" chopper. Nine knives whirl at 1000 RPM to cut and throw material with each razor-sharp slice. Standard tungsten-carbide faced knives and cutterbar built-in knife sharpener. No feeder apron. Crop attachments pivot with the feed-in mechanism — the opening is always perfectly aligned with feed rolls, providing steady, even bites to the knives. Three attachments available: hay pick-up, one-row, and a two-row that handles both wide and narrow rows.

### HAY PICK-UP

## Class Dates Change!

Starting dates for the two mechanics classes which were set to begin in mid-June, have been set back to July.

Ted Swindle of the Texas Employment Commission reported

that the Texas Education Agency has rescheduled the auto mechanics class for July 7 at Hereford High School's auto shops. Farm equipment mechanics class will begin one week later on July 14 at 112 Roosevelt.

TEC has not been successful in securing enough qualified applicants for these classes in June. They reported that they feel the qualified number can be gotten under the new dates here. Change of dates has been an unexpected move.

Fifteen students are to be enrolled in each class, under the Manpower and Development Act of 1962, at no charge to the individual who is enrolled in the "course. Some will also qualify for a training allowance under the act, it was reported.

Swindle said that the local TEC office is still urging prospective applicants to register at their office at Seventh and 25 Mile Ave. He also said that other offices in the area have begun to assist them in the search for the applicants.

Ed Robertson  
Sheriff of Deaf Smith County, Texas

**Legal Notice**

Notice is hereby given that the Zoning Commission of the City of Hereford, Texas will convene at the City Hall at 7:30 P. M. on the 24th day of June, 1969 to consider rezoning the following property:  
A part of the South West one fourth of Block 1, Rickards Addition to the City of Hereford.

**Farm Bureau Vs. Potato Check-Off**

WACO — Texas Farm Bureau President Sidney Dean has asked

members of the Texas delegation in Congress to vote against a potato check-off bill when it comes up for vote.

Dean said the defeat of H. R. 2777 is vital to the interests of food producers. The bill, which provides for a check-off to finance promotion of potatoes, is expected to be up for vote in the House in the near future.

"This would be the first time for the federal government to be involved in collecting

money for a program where one specific commodity would be competing with producers of other food items," Dean said. He explained that the cotton and wool promotion programs, which are under government jurisdiction, are designed to compete with man-made, non agricultural commodities.

The TFB president said also that the potato bill, if enacted, could bring on other similar check-off programs for other co-

mmodities.  
"This could result in a producer having a deduction made for each of his food crops — with the result that he would be competing against himself," the state farm leader pointed out.

Dean said Farm Bureau supports sound promotion and research programs for potatoes and other agricultural commodities.  
"Such programs can be car-

ried out successfully without involving the federal government," he said. "It is being done this way in livestock, dairy, poultry and other commodities."

PUBLIC HEARING NOTICE  
Texcon Ponds, Inc., Box 1482, Hereford, Texas 79445, has applied to the Texas Water Quality Board for a regular permit pertaining to the control of a variable amount of rainfall runoff containing wastes from its feedlot operations located approximately one (1) mile east of Hereford and west of A. M. 2942 on Tierra Blanca Creek in Deaf Smith County, Texas. Texcon Ponds, Inc. proposes to retain all the rainfall runoff from the feedlots in lagoons. A public hearing on this application will be held in the Shamrock Oil and Gas Corporation, Fourth Floor Auditorium, First National Bank Building, Amarillo, Texas at 10:00 a. m. on July 1, 1969 to determine the conditions, if any, under which the permit may be granted. Additional data will be developed at the hearing, but further technical information concerning any specific aspects of the discharge, if available, can be obtained by writing the Texas Water Quality Board, 1108 Lavaca Street, Austin, Texas 78701.

**Legal Notice**

PUBLIC HEARING NOTICE  
Hocker and Sons Meat Company, Route 3, Hereford, Texas 79445, has applied to the Texas Water Quality Board for a regular permit to discharge a maximum average of 4,500 gallons per day of treated industrial (domestic) sewage at a 15 percent, kill floor cooling water-75 percent, and boiler blowdown — 10 percent) wastewater from its slaughterhouse located approximately one mile east of Bull Barn on Dairy Road east of the City of Hereford in Deaf Smith County, Texas. The effluent will be wholly retained on company-controlled property. A public hearing on this application will be held in the Shamrock Oil and Gas Corporation, Fourth Floor Auditorium, First National Bank Building, Amarillo, Texas at 10:00 A. M. on July 1, 1969 to determine the conditions, if any, under which the permit may be granted. Additional data will be developed at the hearing, but further technical information concerning any specific aspect of the discharge, if available, can be obtained by writing the Texas Water Quality Board, 1108 Lavaca Street, Austin, Texas 78701.

**Legal Notice**

Notice is hereby given that the zoning Commission of the City of Hereford, Texas will convene at the City Hall at 7:30 P. M. on the 24th day of June, 1969 to consider rezoning the following property:  
All of Lots 13, 14 and 15 and the E 80' of Lot 16, of Northdale Addition to the City of Hereford, Deaf Smith County, Texas.  
The above property requested to be rezoned from the "A Residential District" to the "Multi-Family District". Those interested in the above request are invited to attend the meeting on the date set forth above.  
The recommendation of the Zoning Commission of the City of Hereford, Texas on the above described property will then be considered by the City Commission of the City of Hereford, Texas on the 7th day of July, 1969 at 7:30 P. M.  
Mary V. Watts  
City Secretary

## Legion Boys State Now In Progress

AUSTIN — A delegation of seven hundred and fifty high school junior boys assemble on the Campus of the University of Texas Saturday for the 1969 session of American Legion Boys State, RQOBT P. Walsh, Department Commander, announced.

Among them was Santry Rushson of Dr. and Mrs. C. E. Rush of Hereford.

The program sponsored by The American Legion, Department of Texas, is an annual event in which the organization teaches boys the responsibilities of citizenship in actual "do it yourself" type program from which comes its motto, "Learn by Doing."

## Ford H.D. Club Closes Season

The Ford Home Demonstration Club met June 4 at the Ford Community Building. Presiding officer was Mrs. Tex McKnight, president, and serving as hostesses were Mrs. Joe Gonzalez and Mrs. Steve Meiwes. Home Demonstration Agent Argen Draper, stated that since one delegate to the state convention in September would not be able to go, Mrs. Steve Meiwes, first alternate, would go in her place. Discussed as the main business was the project of landscaping the Ford Community Building grounds. A work day was set for Friday, June 13, at which time grass springs will be set and other landscaping planned such as planting shrubs, putting in sidewalks, and fencing the area in front of the building.

Speaker, Mrs. Draper, presented the program on cosmetics and care of the hands, stating that "lovely hands can be attained. The skin, especially on the backs of the hands, must be smooth and dewy fresh. This requires faithful massaging of hand cream or lotion into the hands following each washing, plus overnight treatments of more cream or lotion."

Refreshments were served to Mrs. W. A. Carter, J. Raymond Flores, Joe Gonzalez, A. B. Kent, Tex McKnight, D. B. Roberson, John A. Smith, Raymond Smith, Steve Meiwes, and Billy Bramlett.

The first meeting for next season will be held at the Ford Community Building on September 17.

Delegates converged on Austin and commenced registration at 2 p. m. Saturday at Moore-Hill Hall. Following an evening meal the new citizens of Boys State assembled for orientation in their respective Boys State cities.

The sixteen cities of Boys State are named in honor of past department commanders of the Legion who are now deceased.

The American Legion believes that youth should be offered a better perspective of the practical operation of government; that the individual is an integral part of, commensurately responsible for, the character and success of his government. Boys State is an activity of high educational value, born out of a need for youth training in practical citizenship. Citizens must remember that

whether we of this generation like it or not, the young men and women attending high school and college now will eventually be the chosen leaders of this land. Boys State brings future goals within sight by developing civic leadership and pride in American citizenship; by arousing a keen interest in the detailed study of our government; by stressing the importance of maintaining our form of government and by bringing a full understanding of our

American traditions and beliefs in the United States of America to the more than 27,000 youths throughout the nation who participate this year.

"Boys State is one of the outstanding youth training programs of the Americanism Commission of The American Legion," Commander Walsh stated. "Not only do the youths learn more about the functions of government but also they see the importance of the role played by each good citizen in dis-

charging his basic citizenship possibilities in voting. They soon discover how the quality of government is related directly to active interest of each citizen."

On Friday, the citizens of Boys State will visit the State Capitol and actually sit in the chairs of the office to which they were elected and run the state government for a day.

A Governor's Ball will climax the week's activities at the Student Union on Friday night.

Lt. Jimmie L. Winders

## Lt. Winders Is Reece Graduate

LUBBOCK — Second Lieutenant Jimmie L. Winders, son of Mr. and Mrs. Leon Winders, Clayton, N. M., has been awarded U. S. Air Force silver pilot wings upon graduation at Reece AFB, Tex.

Lieutenant Winders, an Air National Guardsman, is returning to his Wyoming ANG unit at Cheyenne.

The lieutenant, who received a A. A. S. degree from Trinidad (Colo.) State College, has also attended the University of Colorado. He is a member of Lambda Gamma Kappa.

His wife, Susan, is the daughter of Mrs. Marie Stringer of Hereford.

Read The Classifieds Today.

## Hand Care Club Topic

Mrs. Argen Draper, County Home Demonstration Agent, presented the program for the Dawn HD club Friday in the Dawn Community Building, discussing Care of Hands.

Mrs. Draper pointed out to the club that direct rays of the sun, between the hours of 11 a. m. and 12 noon were the most damaging to the hands. During this time, she pointed out, gloves or other types of coverings should be worn to protect the delicate skin.

The club also read a letter they had received from Billy

Nairn, of Girlstown, thanking them for gifts sent to her by the club.

The next meeting of the club will be Sept. 5, it was announced.

Members present included Mrs. T. J. Carter, H. D. Fowler, Jerry Haley, Richard Golden, H. V. McCabe and J. E. McCabe. Guests included Diana Golden, Cathy Carter and Mrs. Draper.

# Insurance Execs Tour The County

Executives of one of the largest insurance companies in America toured the Hereford area Thursday.

Southland Life Insurance Company, which is celebrating its 60th birthday, held its annual board of directors meeting in Amarillo Thursday — which also marked the first time in the history of the company meetings had been held outside the City of Dallas — and they came to Hereford on their way to Lubbock afterward.

While in Deaf Smith County the executives toured the Bill Gentry farms, "where they got a good view of irrigation farming and cattle grazing," then into Hereford for Sugarland Mall, the downtown section where they observed the businesses and grain elevators, Holly Sugar plant, Wilson & Co. plant site, and the Sugarland, Hereford and Three R feed

yards. One of the local SLIC agents, Herman Ford, reported that this was the board of directors' own idea — their tour of Hereford. "They came here to get a first-hand view of the economy they had heard so much about. This is the highlight of our trip," I heard them say several times.

Ben H. Carpenter of Amarillo, who is chairman of the board of the company, said, "There were several reasons why the official board of Southland Life Insurance Co. wanted to get a first-hand view of Hereford's economy. One of those reasons, of course, is the current opinion throughout the state that Hereford is the economic 'hot spot'. We also have many mortgage loans in this area and many millions of dollars of life insurance in force. . . and of course another good reason is the fine representation we have here in J. W. Robinson Jr. and Herman Ford, who are two of the top agents of our company. "We decided to come here-we came, we are glad we did, for we surely like what we have

seen." James B. Goodson, president, stated, "We are certainly pleased to have the opportunity to visit this outstanding and prosperous area. We like the country, the economy and the people we find here very much. We certainly hope to continue to be an active participant in the future growth and development of the area. This has been a high point of our trip. We hope to be back in the future."

Other directors for the firm who made the tour were W. L. Candler of Dallas, R. L. Dillard Jr. of Dallas, Charles F. Hawn of Athens, John E. Mangrum of Dallas, B. Lynn Sanders Jr. of Corsicana, Louis Runge of Dallas, Gail Whitcomb of Houston, Leslie H. True of Dallas, Henry J. Smith and Jay Taylor, both of Amarillo.

They were joined by a group of Hereford bankers and businessmen. Carpenter reported that the company now has approximately 100 loans in the Amarillo area and 1,700 in the territory of the Texas Plains Agency.

Eddie Tucker - Vietnam bound.

Jerry Tucker - Receives citation.

## Two Sons Have Vietnam Story

Mr. and Mrs. James I. Tucker of 422 Western have announced that their son Jerry, who is now a fireman in Amarillo, has received the Army Commendation Medal for service in Vietnam which he completed last fall, and that another son, Eddie, has completed Officers Training School at Fort Sill, Okla., and is now in San Francisco awaiting shipment to Vietnam.

Sgt. Jerry Tucker distinguished himself by meritorious service in connection with military

operations against an armed hostile force in the Republic of Vietnam while serving as a squad leader in Battery D (machine gun) 71st Artillery during October 1967-September 1968.

His brother, Eddie Tucker, 24, went into the service in June 1968 and took his basic training at Fort Bliss, Texas. He was transferred to OCS at Fort Sill last August.

He originally graduated from Tascosa High School at Amarillo and attended Texas Tech in Lubbock.

Marinate drained canned asparagus spears in a well seasoned French dressing; arrange on salad greens and top with strips of pimiento. This simple but delicious salad goes well with meat or fish.

## Bridal Shower Honors Miss Judy Lookingbill

Miss Judy Lookingbill, who will marry Gregg Richards on July 18, was honored by former classmates Saturday evening with an informal "bottle" shower at the home of Mrs. Gene Streun, 504 E. 4th.

Setting for the garden party was the back yard where the refreshment table was covered with a cloth decorated with umbrellas and centered with an arrangement of pink roses under

a gaily decorated umbrella. Other decorations and appointments carried out the same motif.

Guests at the shower were greeted informally and seated for games and to see the honoree open her gifts, all of which came in a bottle or can.

Refreshments of ice cream and individual cakes decorated with water canisters in the bri-

de's colors, pink and white, were served. Favors were small nut filled umbrellas.

Approximately 33 persons attended.

### Local Churches To Host Choir

The First Baptist Church and the First United Methodist Church will host the Kansas City Youth Choir Wednesday, June 18.

The Swope Park Baptist Youth Choir will give a concert

for the entire Hereford community in the sanctuary of the First United Methodist Church.

The program will be comprised of music from the choir, a handbell choir, and will be intertwined with spoken statements of faith from some of the youth.

Following the concert, the congregation is invited to the First Baptist Church for a time of fellowship with the visiting choir.

Terry Hanratty completed 304 passes in 590 attempts during his three football seasons with the Notre Dame varsity. Both are school records.

**VISITING FROM GIRLSTOWN —** Miss Gina Mahood and Delores Higgins have been visiting in Hereford for the past week in the home of Mrs. Viola Williams, 404 Western. Mrs. Williams is on the board of directors of Girlstown. —Staff Photo

### Social Security

Disabled workers should file their social security applications early, according to Travis Briggs, social security district manager. Although benefits for disability cannot be paid until after a worker has been disabled for six months, an application can be filed any time after a disability begins.

Briggs explained that the process for determining eligibility for disability benefits can sometimes be rather long and complicated. Therefore, no one

should delay applying until the six months waiting period expires. Applying early permits the claims process to begin so that a decision can be made early enough to mail the first check on time.

Briggs reminded area readers that social security benefits are payable to workers when they have become too disabled to do any substantial work. The disability must be expected to last at least 12 months. A disabled worker's children under age 18 (and those 18 to 22 who are full-time students) and his wife may also qualify for benefits.

Contact the Amarillo social security office at 1006 South

Adams Street for more information, or see the representative who visits your area on a regular schedule. The post office has the dates of the visits.

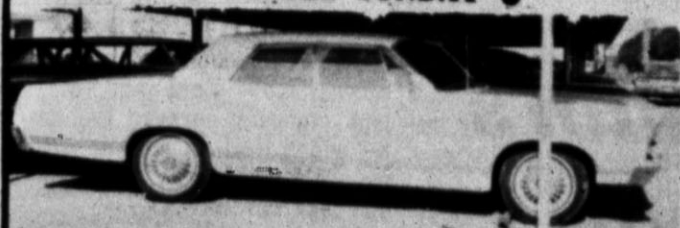

The Detroit Tigers had eight different players at first base in 1968 — Norm Cash, Al Kaline, Bill Freehan, Tom Matchick, Mickey Stanley, Gates Brown, Ed Mathews and Bob Christian.

## Music Camp Plans Three-Day Meet

CANYON — The 17th Annual West Texas Music Camp will be held at West Texas State University July 13-25.

More than 800 students from area schools are expected to attend the camp.

Camp students must have completed the seventh grade. They will receive instruction in orchestra, band, drum majoring and twirling as well as section instruction and private lessons. A number of recreation activities are also planned.

Student cost for the two-week camp session includes \$32.50 for tuition and enrollment and \$47.50 for room and board. Enrollment deadline is set for June 13.

Instruction in band includes honors and symphonic bands, which are made of the most advanced instrumental players in camp. Concert and varsity bands are composed of high school musicians who have not yet qualified for honors or sym-

phonic bands.

Eighth and ninth grade students may be in junior honors band, junior symphonic band or junior concert band. Students may also participate in reading bands, volunteer organizations of high school and college students whose function is to read recent releases and demonstrate new materials.

A director's band will also play during the camp.

The string orchestra and symphony orchestra each rehearse one hour daily. The most advanced wind and percussion players, elected by audition, use orchestra as one of their elective classes, and must be enrolled in one of the bands.

The instructional program in twirling is under the direction of Beverly Miller Johnson, former Senior National Champion.

Directors enrolling for Music 523 may earn two semester hours graduate credit. The director's workshop is taught by

Mr. Frederick Ebbs of Indiana University.

Area college and high school band directors make up the faculty for the music camp. Director is Dr. John E. Green, dean of the School of Fine Arts.

### Harder Named To Association

KANSAS CITY, MO. — Ernest Harder, Hereford, recently was named to membership in the American Hereford Association, the world's largest purebred registry organization, with headquarters in Kansas City, Mo.

Fifty-six Hereford breeders were placed on the Association's official roster in April. The AHA maintains records for breeders of registered Herefords over the nation. The AHA's herd books contain more than 15,000,000 purebred Hereford records.

According to a survey by the Pittsburgh Corning Corp., manufacturers of solid glass bricks, the New York City school system paid \$1,013,560 to various manufacturers to replace 202,712 broken windows during 1968.

### Labor Camp Going?

Meeting of the stockholders of the Hereford Migrant Housing Corp., a non-profit organization who has owned the Labor Camp property since 1947, was called at the Hotel Jim Hill Thursday afternoon and resulted in having all the real property there being set as a transfer in the future into a new corporation on Federal Housing Administration guidelines to qualify under the Migrant Housing Program.

Deaf Smith County Chamber of Commerce manager W. T. Thompson reported that chamber president Ernest Langley with housing committee chairman Neil Cooper has given this project "number one priority" at this time. A meeting is planned at 10 a.m. Wednesday for purposes of organizing a steering committee.

Action in this area could mean that present Labor Camp facilities will be removed. It was also pointed out that new housing will not necessarily be constructed on the present site of the camp but could be located elsewhere in the vicinity.

Ralph Douglas of Muleshoe, a private contractor, discussed the matter at length with stockholders here. But Douglas is not bound at this time toward proposed new construction, it was reported.

Conditions explained are that such a new corporation be formed (with present owners having an option to purchase new stock in proportionate value to their current holdings), and that a grant of \$25,000 be made with the community matching this amount in cash or value.

It was pointed out that the stock has no actual value. It is regarded as a certificate of membership.

Under the Federal Housing Act, stockholders have been given one calendar year to get their program effected.

### Students Visit Palo Duro

Forty members of the Knights of the Altar of St. Anthony's Parish, comprised of boys in the fifth through eighth grades, spent Tuesday afternoon, Tuesday night and all day Wednesday in Palo Duro Canyon. Sponsors for the event were Brother John Poncia, Mr. and Mrs. Nick Milburn, Johnny Jesko, John Warren, Phil Sciumbato and Leonard Walterscheid.

Officer of the Day: Ona Bearer, Color Bearer; Tolly Otwell, Color Sergeant; Alice Snyder Sentinel; and Lady Hazel Thomas.

### Rites Held For O. J. Beene

Funeral services were held Friday in Friona for O. J. Beene, 53, with burial in West Park Cemetery in Hereford.

Mr. Beene was a brother of the late Br. Bruce Beene of Hereford.

He is survived by his wife, Decimae; two sons, Jay and Ramsey, all of the home; and a brother Bill of Friona.

Mr. Beene died Wednesday night at Parmer County Community Hospital following a lengthy illness.

A graduate of Hereford High School, he was a veteran of World War II. He moved to Friona in 1945 where he was a druggist and insurance representative. A Mason, he was also a member of the American Legion and the Baptist Church.

**GIMMES DON'T COUNT**  
MARCQ ISLAND, Fla. — Jimmie Demare registered seven birdies and a 67 in the Tony Lema Memorial pro-amateur here this spring but his score didn't count.

The three-time Masters champion picked up instead of holing a short putt on the third hole after one of his amateur partners had parred the hole.

As a result, first prize of \$750 went to Londoner Malcolm Gregson with a 68.

### Airman Domingo Pena Completes Basic Training

SAN ANTONIO — Airman Domingo C. Pena Jr., son of Mr. and Mrs. Domingo C. Pena, 408 Avenue D, Hereford, has completed basic training at Lackland AFB, Tex. He has been assigned to Keesler AFB, Miss. for training in the communications field.

Airman Pena is a graduate of Hereford High School.

### DPS Asking For New Recruits

A call has been issued by the Texas Department of Public Safety for applicants to fill a recruit training school to begin in July.

Applicants must be between the ages of 20 and 35, a height of at least 68 inches, a weight of not less than two pounds or more than three and one-half pounds per inch of height, and be in sound physical condition. They must have completed high school or submit a certificate approved by the Texas Education Agency showing an equivalent educational background. They must be a citizen of the United States, and be of good moral character.

Those selected will take their basic training at the Texas DPS Law Enforcement Academy in Austin. This training period is approximately four months in length. Upon graduation, the patrolmen will be assigned to one of the four uniformed field services — Highway Patrol, License and Weight, Motor Vehicle Inspection and Drivers License.

Because of the short time remaining to test applicants, immediate inquiry is urged for young men to contact the nearest DPS office or patrolman.

### Cheerleaders Will Do Odd Jobs

The Hereford High School cheerleaders for the 1968-70 school year are available to do all sorts of odd jobs.

The girls, Kay Lynn Lyman, Peggy Summers, Mary Sue Neff, Deborah Clark, Susan Baliden and Cheryl Cole, will wash windows, do minor repair work and even paint houses in order to raise money.

The cheerleaders are trying to raise \$1,500 to defray the expense of attending cheerleading camp in August.

If you have any odd jobs for these girls, you are asked to contact one of them.

### Nadyne Blanton Awarded Degree

DENTON — Mrs. Nadyne N. Blanton of Hereford was among 1,177 students from 33 states and seven foreign countries receiving degrees at spring commencement at North Texas State University.

The degree recipients comprised the largest spring graduating class in the university's 79-year history.

President John J. Kamerick conferred 1,010 bachelor's degrees, 144 master's and 23 doctor's degrees, including the first seven doctor's degrees in business administration at NTSU.

Mrs. Blanton, daughter of Mrs. J. O. Newell, 510 Sampson, received the bachelor of science degree in secondary education.

**TAX MAN SAM SEZ:**  
Back in the old days, most Texans lived in a rural area. A lot of us had maids and were probably liable for maid tax under the social security law. However, more than 3/4 of us live in metropolitan areas now. There are still some few that have a maid, but a more common tax problem is the yard boy problem. In the affluent society we end up paying a substantial wage to an enterprising young

### Shower Honors Miss Watson

Complimentary to Miss Shannon Watson, bride-elect of Kenneth Hagar, a pre-nuptial shower was given Saturday at the home of Mrs. A. N. Hopson on Country Club Drive.

Hosting the courtesies were Misses Becky Elliott, Regina Hampton and Carroll Todd.

Guests were received by the honoree and her mother, Mrs. Ray Watson and Mrs. W. P. Hagar, mother of the prospective bridegroom.

Miss Ginger Gholson was at the registry. Silver and crystal were com-

plained in appointing the lovely serving table. Ecu lace with a pink underlay covered the table which held an eperme with pink lighted tapers and white and pink carnations.

Punch and cake decorated with pink rosebuds were served by Mrs. Connie Urbanczyk, sister of the bride-elect, and Mrs. Terry Watson, the honoree's sister-in-law.

For the occasion, Shannon chose a pink long-sleeved knit frock trimmed with white lace. Her corsage and corsages presented her mother and her fiancée's mother, were pink and white carnations.

## Chigger Time Is Here Again

By Mrs. Argen Draper  
Home Demonstration Agent

All insects, as well as people, are looking forward to summer and summer outings. Insects, because of huge numbers, can outwit most of us unless we spend time and thought on insect control.

Chiggers, alias "redbugs" or "chiggers" give so much misery during summer months. It is good to know some of their habits.

Chiggers have four stages in their life cycle — egg, 6-legged larva, 8-legged nymph and 8-legged adult. Eggs laid by the female hatch into immature chiggers called larvae. The larvae stage is the only troublemaker, being parasitic on man and other animals. Only the larva attacks man and other warm-blooded animals.

Upon coming in contact with man or animal, the larvae move about in search of a suitable location to feed. The preferred locations are those parts of the body where clothing fits tightly or where the flesh is thin, tender or wrinkled.

Chiggers attach themselves by inserting their mouthparts into the skin. In feeding, they inject a fluid into the skin which liquefies the tissue. This injected fluid causes reddish welts, swelling, itching and (in some persons) fever.

Before going into areas where chiggers may be present, protect yourself against them by using a repellent. Some repellents are also effective against mosquitoes and some other insects. Long lasting protection can be obtained by impregnating clothing with a diluted repellent or by spraying repellent on the clothing. Dusting sulfur has been used for many years as a repellent. It is effective, but somewhat less so than some of the others.

After possible attack by chiggers, take a bath as soon as possible; then apply a dab of antiseptic to each of the welts. This will kill any chiggers not removed by the bath, and it aids in preventing infection.

Destroying the chiggers reduces the itching, but it does not stop it. The fluid injected by the chigger causes the itching. No practical way of removing chiggers has been found and no treatment is known that will give permanent relief from itching. To obtain temporary relief apply a local anesthetic.

In the home lawn, chiggers can be controlled with either dust or spray formulations. The dusts recommended are carbaryl (Sevin), chlordane, lindane, sulfur or taxaphene. These materials should be applied to grass and ground litter where chiggers are present.

In using insecticides of any kind be sure and follow the directions given on the label.

Come to the office for these leaflets on Insect Control. Texas Guide for Controlling Household Insects, L-31 The Brown Recluse and Black Widow Spiders, L-623 Texas Guide for Controlling Insects and Diseases on Fruits and Nuts, L-245, Texas Guide for Controlling Insects on Ornamental Plants, L-199

Our weather in West Texas does not make mildew a big problem. However, in swimming and picnic season bathing suits, towels, dish towels, sometimes are left damp too long. It is good to know what to do when this accident happens.

Ventilation and cleanliness are the keys to mildew prevention. Soil on clothing supplies food for mildew to grow when moisture and warm temperature are present. Most man made fibers such as Orion, Dacron, Dynel and nylon resist mildew if kept clean.

It is very important to keep ventilated closets dry. Poorly ventilated closets get damp and musty during continued wet weather and clothing in them are likely to mildew. Be sure to dry all wet clothing before putting it in the closet. Leave closet doors open occasionally to keep moisture from gathering and to circulate air. A small electric closet light burning continuously will dry air in the storage area. Keep closet door closed.

The chemicals silica gel and activated alumina may be used to absorb moisture in closets. They will not harm fabrics. Hanging cloth bags of one chemical in closets, or place an open container of chemicals on floor and keep doors closed.

## Committee To Meet Thursday

Tourist and Convention Committee of the Deaf Smith County Chamber of Commerce has set a meeting at 10 a. m. Thursday in the chamber offices.

A final report is to be made on the Highway Development Association drive, where locally 50 per cent of the goal has been reached.

Also, farm tours have been advertised for tourists but no tour guides have been recruited. A list of such guides is to be compiled.

When you feed a worm that's been bugging you new BIOTROL BTB-183, it'll be the last time he bugs you. • BIOTROL biological insecticide starves bugs to death • Active ingredient is Bacillus Thuringiensis Berliner • No tolerance, residue or drift • Use up to the day of harvest • Improved dust and wettable powder

The best way to a worm's heart is through his stomach.

For more information contact American Dusting Co. Hereford, Texas

**KIWANIAN OF MONTH** — Jim Arney, left, was named the "Kiwaniian of the Month" at last Thursday's regular noon meeting of the Hereford Kiwanis Club. Shown presenting Arney his award is Bobby Owen, president of the club. —Staff Photo

## Letter To The Editor

Dear Sir: I would like to use this means of expressing my gratitude to the Hereford Brand for the marvelous support given to our Camp Wigwam campaign. As you know, this camp is for mentally retarded children. The news items prepared by your staff was certainly appreciated. The support given to the Hereford Rotary Club in their project to raise funds to send local children to the camp was a great asset in the success of their project.

Because of your news coverage, we feel that our campaign to publicize and gain support — financially and otherwise — has been a tremendous success.

With support like the Hereford Brand, Hereford Rotary, Hereford Lions Club, Hereford Kiwanis Clubs, and individuals. I am sure you will be pleased to know that we will have ele-

Father's Day Tic Tacs COWAN'S

ven children from Hereford to attend the camp this summer.

Not only has your news coverage given support to Camp Wigwam but to our school program of Special Education, and work that is being done to provide for and care for these children.

I again express my gratitude, and I am sure, the gratitude of the entire staff of Camp Wigwam, parents, school administrators, and others who are concerned with the efforts of training and providing opportunities for the mentally retarded.

My thanks to you, to the Civic Clubs, and all those who have responded to the call for help!

Sincerely,  
Gene Y. Brock

## Teachers Attend Workshop At WT

Mrs. Mildred Todd, teacher at Northwest Elementary, and Tom Millegan, teacher at Alkman Elementary, are attending a three-week education course, "Problems In Teaching Elementary Science," which is in progress at West Texas State University.

They are among the 38 Panhandle area elementary school science teachers who are enrolled in the workshop sponsored by Panhandle Education Services Organization (PESO) and the WTSU School of Teacher Education.

The workshop emphasizes the use of modern science instruction concepts, pertinent trends and the latest research. This year a process approach, developed largely by Dr. David Butts of the University of Texas, will be studied.

Butts, director of the Curriculum Demonstration Center operated by the University of Texas and the Austin public schools, spoke to the students Thursday.

The process has been introduced in classrooms of over 5,000 teachers and 73 school districts in Texas. An estimated 125,000 children have been exposed to the new program.

Taught by Dr. Burl Brim and Mrs. Alta Smith of the WTSU Department of Education, the material will be presented in 12

modules. When combined they will provide an individualized instructional sequence such that the teacher can successfully e-

valuate the individual student's assimilation of the curriculum. The 12 modules cover such topics as interpreting data, formulating hypotheses, surveying elementary science curricula focusing on divergent philosophical, psychological and physical orientation and analysis of science teaching behavior.

## Calendar Of Events

**MONDAY**  
Paisano Lions at Jim Hill Hotel, 7:35 p. m.  
Easter Lions, Easter Clubhouse, at 8 p. m.

Optimist Club at Gourmet Restaurant, 12 noon.

## Historical Committee Is Reactivated

The Deaf Smith County Historical Survey Committee, reactivated after some two years of inactivity, Thursday named Mrs. Hap Higgins as chairman for the 1968-70 term. Mrs. Higgins, a long-time resident of Hereford, will be assisted by Mrs. Henry Sears, vice chairman; Mrs. Walter Johnson, secretary-treasurer; Mrs. Lee Newman, preservation committee; Joe Smith, advisory; and Mrs. Elmer Patterson, chairman of the historical marker committee.

The survey committee has been inactive for the past two years, but a need for additional markers in the county and other activities for which the committee is responsible, prompted the reorganization. The group discussed possible historical markers and other projects to be announced at a later date.

## Gift Presented To Sweetheart

Miss Katny Fooks, Lions Club Sweetheart, was presented a set of luggage as a token of appreciation, by Lions Club members at Wednesday's noon luncheon. Kathy is the daughter of Mr. and Mrs. Leslie E. (Gene) Fooks, 330 Star.

They will be moving to Artesia, New Mexico soon and Kathy will turn her title over to Miss Connie Hoover for the coming year. Connie is the daughter of Mr. and Mrs. Charles Hoover, 301 Sunset.

al markers in the county and other activities for which the committee is responsible, prompted the reorganization. The group discussed possible historical markers and other projects to be announced at a later date.

# "TEXAS" Gets Grant

The Moody Foundation in Galveston announced a grant of \$50,000 to the Texas Panhandle Heritage Foundation, Inc.

The purpose of this grant, according to Robert Baker, executive administrator and secretary of the Moody Foundation, is to enable the Texas Panhandle Heritage Foundation, Inc. to broaden its financial structure to

help it insure its continuing growth of the "TEXAS" show in the Palo Duro Canyon State Park.

Baker said the grant will be paid in four equal yearly payments of \$12,500 beginning in July 1969.

The legal status, financial structure, popular appeal and general impact of this show directed their attention to under-

girding this project, plus the demonstration to contribute to the lives of those who produce it, and sustain it, and see it, by furnishing a living memorial to the pioneering spirit which is TEXAS, a continuing source of basic education in Texas history an inspiring, impressive

entertaining attraction for the tourists to Texas from all over the world, a vibrant recognition of the greatness of the Creator by spotlighting His magnificent handwork as evidenced in the Palo Duro Canyon.

The Moody Foundation was established in 1942 in Texas,

with the donors William Lewis Moody Jr. and Libbie Shearn Moody with the funds to be used within Texas for the purpose and activities of many institutions, organizations and projects such as this one: The advancement and diffusion of knowledge and understanding a-

mong the people of Texas.

Give Dad A New Wittnauer or Bulova Watch COWAN'S

By MELVIN YOUNG

Miss Vickie Inman, a former Brand staffer and a recent graduate of the University of Missouri, will be returning to Hereford this week and will be back on the Brand staff for a short time. Vickie plans to be married this summer but will help out at the Brand for approximately 30 days prior to her marriage. We're happy to have her back, even if it is just for a short time.

-HB-

Another former Brand employee, Larry Fuhrmann, son of Mr. and Mrs. R. L. Fuhrmann, 505 Union, has received his degree from the University of Texas and is now employed in Austin. However, he has volunteered for naval service we understand, and will probably be inducted this fall. Larry has hopes that the navy will send him back to school — probably to M.I.T. We hope it all works out well. Larry started to work at the Brand during his freshman year in high school, and has worked off and on, summers and after school, almost continuously since that time. He was writing an editorial page column up until the first of this year when the scholastic load at the University forced him to stop. He is high on the list of our favorite young men and we wish him every success in life. He's a hard worker and has a knack for making his own "luck". He'll do all right.

-HB-

And while we're on the subject of former Brand employees, we might mention that Miss Penny Young is working this summer with the Abilene Reporter-News, one of the best daily newspapers in the state. Penny has just completed her first year at Southwest Texas State College at San Marcos where she is majoring in Journalism. She plans to return there this fall.

Another young lady who has been working with the Brand for the past year will be leaving this week to enter school at Amarillo College. She is Miss Kathy Skypala who has been employed at the Brand since last September. She was chosen as the outstanding VOE student this year. We're also proud of Kathy. She has been an asset to the staff and we're going to miss her.

Kathy has been a member of the Vocational Office Education program at Hereford High School — a program similar to the ICT (Industrial Cooperative Training) and the DE or Distributive Education program. The Brand has been most fortunate in securing top student help through these excellent school programs for many years, starting back in the 50's when the Distributive Education program (the only one in existence here at that time) was originally initiated. We've had some wonderful students who started their careers here, and it's always a pleasure to see them succeed.

By the way, we've added another one to the long list and it appears that we've been blessed with another "girl Friday". She is Miss Janie Reinart, daughter of Mr. and Mrs. Elmer Reinart. Janie has just started to work but will be with us this summer and throughout the coming school year.

-HB-

It's an ingenious golfing husband who is smart enough to convince his wife that dead leaves left in the yard from last fall are good for the soil if left there to rot.

-HB-

And as the gal on Main Street says: "As soon as the rush is over I'm going to have a nervous breakdown. I worked for it; I owe it to myself; and nobody is going to deprive me of it."

### CARD OF THANKS

Our hearts overflow with sincere appreciation to you our friends and neighbors for each act of sympathy and love extended at the death of our loved one. Each word of comfort, the flowers, food and all other

acts of kindness were deeply appreciated.

The Family of J. M. Lapeford

Veteran Bobby Usery has led the jockeys in riding winners five times at Hialeah Park.

## Hereford Group See The Atom

OAK RIDGE, Tenn. — Mrs. Don Shipley and daughter Gene Ann and Mrs. Ray Barber with daughters Jean and Dana, all of Hereford, recently visited the American Museum of Atomic Energy, Oak Ridge Hall of Science, which features demonstrations and displays on peaceful uses of the atom.

The museum, operated by the U. S. Atomic Energy Commission by Oak Ridge Associated Universities, is the first such institution in the nation devoted to nuclear science.

Especially trained lecture demonstrators show how the power of the atom is utilized in medicine, industry and agriculture.

## Returns From Colorado Springs

Mrs. C. P. Cockrell and Mrs. Bryant Caraway of Houston returned Thursday from Colorado Springs where they attended the commencement exercises of Mrs. Cockrell's grandson, Charles Osburn. Osburn is the son of Mr. and Mrs. Eugene Osburn, formerly of Westway.

The guest saw President Nixon and heard him speak at the commencement exercises.

# Miss Rogers Married In Evening Ceremony

Miss Rose Etta Rogers, daughter of Mr. and Mrs. Joe Rogers of 520 Ave. I, became the bride of Stevan Patrick Thornton son of Mr. and Mrs. S. T. Thornton, 109 Elm, in a ceremony solemnized Saturday evening in the First Baptist Church.

Escorted down the aisle by her father, the young bride presented a beautiful picture in her formal wedding gown of Alencon lace over taffeta designed with a Sabrina neckline, full skirt and long sleeves. Sequin trim highlighted the neckline, front of the gown and was repeated on the sleeves. A chapel train complemented the gown. Her veil of imported illusion fell from a crown of seed pearls and sequins and she carried a cascade of pink roses atop a white bible.

As the bride was escorted by her father, she presented her mother a flower from her bouquet. As the bridegroom escorted her out she presented his mother with the same token.

Centering the altar was an arch of greenery flanked by

spiral candelabrum and bouquets of pink gladiolas.

The Rev. Gerald Mann officiated at the double ring service.

Robert Bell presented a program of organ music and accompanied Mrs. Jim Ivy, sister of the bride, as she sang "O Perfect Love" and "The Lord's Prayer," and Ben Gollehon as he sang "Wedding Prayer."

Mrs. Bill Bookout was her sister's matron of honor and bridesmaids were Misses Teresa McAndrews and Janet Frye.

Flower girls were Laura and Deborah Rogers, neices of the bride.

Serving as best man was Scott Rundell of Amarillo and groomsmen were T. L. Haney of Seminole and Olen Nelson.

The bride's attendants wore identical formal gowns of rose satin fashioned with an empire bodice and full skirt. They wore matching headpieces and each carried a long stem pink rose.

Mrs. Rogers chose for her daughter's wedding a pink lace and nylon dress and wore mat-

ching accessories.

Mrs. Thornton, mother of the bridegroom, wore a beige linen suit and matching accessories.

Their corsages were pink roses. A reception followed in the Fellowship Hall where the white and pink decorative scheme used at the wedding was repeated.

The bride's table was laid with white satin and centered with an eperne and pink carnations. The four-tiered wedding cake was surmounted by the traditional bride and groom.

Mrs. Jack Rogers served cake and Miss Susan White ladled punch.

Miss Debbie Slaughter registered the guests. Other members of the houseparty included Misses Sherrie White and Renette Hubble.

On departing for the bride's trip to Ruidosa, N. M. the bride's ensemble was a black and white two-piece suit with a rose tie. Her corsage was pink roses lifted from her bridal bouquet.

# Miss Bridges To Wed Amarillo Man June 22

The engagement and forthcoming marriage of Miss Betty Ruth Bridges to E. Wayne Turner of Amarillo is being announced by her parents, Mr. and Mrs. E. Bridges of 220 Brevard. Mr. Turner is the son of Mrs. Bill Turner and the late Mr. Turner of Amarillo.

Vows will be exchanged at 3 p.m. June 22 at the Sunrise Baptist Church of Amarillo.

Miss Bridges is a 1960 graduate of Hereford High School.

The prospective bridegroom attended schools in Hereford and Amarillo.

The couple plans to live at Sweetwater, Okla. where he is employed by KFDO-TV at Sayre, Okla.

The bride and groom are graduates of Hereford High School, and will be at home in Amarillo following the wedding trip.

# Bride-elect Is Honored

The home of Mrs. Dennis Sims, 112 Ave. I, was the setting for a kitchen shower honoring bride-elect Betty Bridges, on Saturday afternoon.

Miss Bridges will marry E. Wayne Turner, June 22.

The refreshment table was laid with white lace over blue with a centerpiece of roses. White individual cakes decorated with tiny blue wedding bells and punch were served by Misses Ellen Bridges and Judy Phillips, neices of the honoree.

Guests were received by Miss Bridges, her mother, Mrs. E. Bridges and mother of the prospective bridegroom, Mrs. Bill Turner of Amarillo.

Mrs. Sims was assisted at the shower by her daughters, Miss Linda Sims and Mrs. Earl Drager.

Rockefeller Center in New York has a daily population of 208,500, according to the New York Convention and Visitors Bureau. In bad weather those people don't have to go outside. One and a half miles of underground passageways led to restaurants, stores, barber shops, dry cleaners, banks and a post office.

# Mortons Hold Reunion

The Morton family held their annual reunion on Sunday June 1 at the Little Bull Barn.

Out-of-state guests included Mrs. Carnegie McCullough and Mort, and Mr. and Mrs. Harold Morton and children of Clovis; families of Mr. and Mrs. Joe Norris and Mr. and Mrs. Joe Morton, of Albuquerque; from Bell Flower, California, Mrs. Gordon King and sons; from South Dakota, Billye Freeman, Janie Smyratic, Mrs. Edith Pederson, Mrs. Pam Johnson and Jo and Mrs. Jack Willis and children.

PITTSBURGH, Pa. (AP) — The infield of the Pittsburgh Pirates will be fanned by rookies this spring. Al Oliver and Bob Robertson could platoon at first base while Dick Hebner, who hit .276 for Columbus, Ohio last season, seems set at third base.

The Pirates were hard hit in the expansion draft, losing third baseman Maury Wills, first baseman Donn Cendenon and outfielder Manny Mota.

Florida's little Key deer are estimated to be at more than 500 — encouraging conservationists. But zoologists still classify them as an endangered species.

# Engagement Announced

Mr. and Mrs. Herbert E. Mattefs of Houston are announcing the engagement and approaching marriage of their daughter, Cheryl Mattefs, to Jack Sebastian of Lubbock, son of Mr. and Mrs. Joe E. Sebastian of 208 A 13th in Hereford.

The wedding is set for August 16 in Memorial Drive United Methodist Church at Houston.

The bride-elect graduated from Houston Memorial High School in 1966 and will receive her degree from Texas Tech in 1970.

Mr. Sebastian is a graduate of Tascosa High School in Amarillo and will graduate from Tech next year.

# Are Married In Guymon Service

The First Presbyterian Church in Guymon, Okla. was the setting Saturday evening for a wedding of interest in Hereford, when Miss Jerre Ann Harman, daughter of Hugh N. Harman of Guymon, became the bride of Carey Linn Perkins, United States Army, and the son of Mr. and Mrs. Alfred E. Perkins of Duncan, Okla. The bride is the neice of Mr. and Mrs. S. L. Harman of Hereford.

The double ring ceremony was solemnized before a candlelighted altar decorated with all-white bouquets of pompon chrysanthemums and stock. White bows marked the family pews.

The Rev. Harland Collins officiated for the 2:30 p. m. ceremony in the presence of a large gathering of relatives and friends.

The program of nuptial music was presented by Mrs. Christine

Frankhouser and vocalists were Harroll Backus and Pamela Harman.

# BRIDE ENTERS WITH FATHER

Given in marriage by her father, the bride's formal gown was fashioned of nylon organza. Pearled, scalloped Chantilly lace circled the waistline, formed the Sabrina neckline and was repeated on the long sheer sleeves and removable mantel chapel train.

Her finger-tip veil of illusion was held by a lace petaled head-dress of seed pearls and crystal beads.

Her bridal bouquet was a cascade of white cymbidium orchids and stephenotis.

Miss Pamela Harman was her sister's only attendant. Serving as best man was Steven Preston, United States Army.

Ushers were Clarence Eaton,

Mike Holland, Henry Wacker Jr. and Paul Fowler.

# ATTENDANT IN PINK FROCK

The maid of honor wore a floor length gown of hot pink sheer nylon over satin fashioned with an empire bodice encrusted with seed pearls. Her headpiece was a matching bow and she carried a white glabella bouquet.

For her neice's wedding, Mrs. Harman wore a blue dress with a corsage of white carnations.

The bridegroom's mother was attired in a pale green two-piece and a corsage of carnations.

Presiding at the guest book was Miss Karen Clawson.

A reception immediately followed the ceremony at the Lodge.

The bride's table was covered with a white cloth centered with the wedding cake. Branched candelabrum decorated with bouquets of white stock and hot pink pompon chrysanthemums flanked the nuptial setting.

Following a wedding trip the couple will be at home at Alexandria, Virginia where Captain Perkins is stationed with the Army.

An early August wedding is planned at the Avenue Baptist Church.

The bride-elect and prospective bridegroom are both graduates of Hereford High School and will live in Hereford after the wedding.

## At The Library

# Chili Cooking Contest

A hilarious story about a chili-cooking-contest brings out the laughter in its reader and can now be found in the Deaf Smith County Library.

### THE GREAT CHILI CONFRONTATION

Each time you read another of H. Allen Smith's raffishly humorous books, like *Low Man on a Totem Pole*, *Rhubarb*, etc. you say to yourself, "This is the funniest yet!" And it is until the next one.

Now, once again, we have the most outrageously hilarious book Smith has ever written. This time the subject is a chili-cooking contest held under the auspices of the Dallas Chili Appreciation Society International (a purely local organization).

Pitted against one another in this historic battle are two experts, each claiming to be the world's champion cooker of chili con carne. One is a Texan and a fanatic member of the anti-bean school. The other is H. Allen Smith, self-acknowledged champion of the chili-with-bean camp. The scene of their engagement is Terlingua, Texas, a broken-down adobe village that is short on population but long on Texas pride.

Naturally the contest is attended by a great deal of ballyhoo and a large number of partisan tourists: In recognition of its importance, the Governor of Texas sets aside a "Chili Appreciation Day," and Betty Furness, President Johnson's Special Assistant for Consumer Affairs, acknowledges publicly that "the chili problem certainly supersedes all others." On hand to chronicle the gastronomical happening are representati-

ves from the Wall Street Journal, Sports Illustrated, the London Daily Mirror, AP and UPI. And when the combatants are finally met over their bubbling cauldrons, everyone knows he is present at a momentous occasion.

Alas, Smith mourned, it could not be covered by the Durants because they were no longer writing history. So it was left to Smith to celebrate an event which, in the words of Sam Goldwyn, ended in a "carriage of misjustice."

Colorful reported that he is, Smith occasionally pauses in his account to consider such fascinating subjects as what really brought Christopher Columbus to America; earwax; the invention of chili; the "size" of Los Angeles; and plans for a fireplace built from ten thousand tombstones.

After reading this document, no one will be able to sit down to a bowl of chili without being convulsed with laughter.

## Frey Reported In Good Shape

Harry Taylor of Hereford reported that his son-in-law, Paul Frey of Amarillo, is progressing very well following the operation for the removal of both kidneys and part of his spleen. Frey, who is now a patient at Colorado General Medical Center in Denver, is awaiting a kidney (Cadaver) transplant. However, if a suitable transplant is not located during the next week or ten days — and there are no complications from his recent operation — he will return to his home at Amarillo.

Frey's kidney machine, which he demonstrated recently for the Hereford Lions Club, will keep him alive until such time as the kidney transplant can be performed, Taylor said. Taylor reported that his daughter, Elaine, who has been

Ed Salinas going to Albuquerque.

## Salinas Accepts Albuquerque Job

Ed Salinas, who has been department manager for J. C. Penney's, located in the Mall, has accepted a position with the same firm at Albuquerque, N. M. it was reported Thursday.

Salinas has been connected with the local J. C. Penney's store for the past six years after having come here from Rio Grande City. During his time here, he was department manager for three of the six years.

Salinas and his wife, Lillie and two children, Stephanie Ann and Stephen, will move to Albuquerque where he will become department manager effective Monday.

## WTSU Reports On Summer Roll

CANYON — Registration for the first summer session at West Texas State University reached 2,646 when class began Wednesday, according to Donald Cates, Registrar and Director of Admissions.

This number is 79 above the 2,567 who had registered for the first summer session at this time last year.

More students are expected to complete registration before late registration closes at noon Saturday. A student has not completed registration until he has paid his fees, Cates said.

Registration for the second summer session is July 14 and 15, with late registration extending through July 19.

with her husband in Denver, has already returned to their Amarillo home.

"Frey is now on a very strict diet," Taylor said. "He has to take ice instead of water. Too much water in his system and he would drown."

Michigan State's football team will play Southern Methodist, Notre Dame, Ohio State and Michigan on successive Saturdays next fall.

# King Is Attending NTSU Institute

DENTON — The first of two summer institutes in economics at North Texas State University began Monday (May 26) for 10 Texas educators.

One is Mike King, a Hereford teacher.

Directed by Dr. William S. Luker, head of the NTSU Center for Economic Education, the institute will continue through June 14 and is designed to qualify the 10 participants to conduct in-service training programs throughout the state.

The NTSU Center for Economic Education has been commissioned by the Texas Education Agency to develop a series of audio-visual tapes for use in such training programs from 13 different states.

and the participants in the NT-

SU institute will learn to interpret the material for other teachers.

Another institute, funded by a \$33,210 grant from the National Science Foundation, will be conducted June 16-July 26 for 27 high school economics instructors from 1 different states.

This summer's session is half of a sequential program which will conclude in the summer of 1970 with another institute for the 27 participants.

Taking part in the first institute are Tom Carney, Education Service Center, Marshall, Pleasant; Mrs. Clarice Everett, Levelland public schools; Miss Judy Heckendorf, chairman of the department of social studies at Spring Oaks Junior High School in Spring Branch; Mike

King, chairman of secondary social studies, Hereford; and Mrs. Bernice Lewis, Kilgore Education Service Center, Marshall.

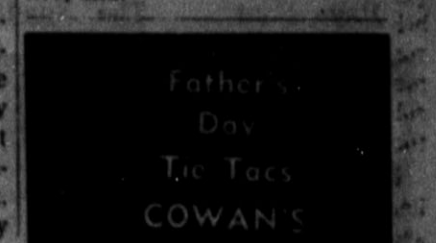

Also Mrs. Marilyn Monger, Tarrant County Junior College system, Fort Worth; Miss Patsy Moore, elementary teacher, Longview; Mrs. Jane Peckham, curriculum specialist, division of instructional services, Education Service Center, El Paso; H. G. Williams, curriculum specialist, Highland Park school system, Dallas; and Mrs. Josephine Wortham, Education Service Center, Austin.

Participating in the second workshop will be Mrs. Oia

Banks, Dallas; J. J. Barlow, Levelland; Patrick Bronnan, Saginaw, Mich.; Miss Jozell Brister, Abilene; Marcine Chatman, Mobile, Ala.; John Lee Chesney, Del Rio; Raymond Coleman, El Grove Village, Ill.; Raymond L. Doty, Logansdale, Nev.; and Harold Duncan, Helena, Ark.

Also C. J. Evans, Los Fresnos; Mrs. Paula Grubb, Carrollton; Mrs. C. M. Harris, Camden, Ark.; Sister Marjorie Holte, Wapakoneta, Ohio; Gary E. Hunt, Benson, La.; Albert Jackson, Beauford, S. C.; Grant Lantz, Amarillo; Robert R. Mickey, Channing; and Gary

Molzen, Manning, Iowa. And Mrs. Bea Murphy, DeSoto; Jerry Peacock, Anahuac; John A. Roach, Brooklyn, N.Y.; Woody Roloff, Terre Haute, Ind.; Sister Seamus Savering, Ambler, Pa.; Donald Stallings, Angelito; Larry E. Stinson, Kemp, David Taylor, Rocky River, Ohio; and Joseph Varro, Nappanee, Ind.

## Editorials

### NO. 1 PROBLEM: RE-ENTRY

## Talk of Texas

By JACK MAGUIRE

**FOOTNOTE TO HISTORY** — John Sparks, a six-foot, five-inch Lampasas County native, became the first Texan ever to govern another state when he was elected in 1903 as the chief executive of Nevada.

An ex-teamster who once freighted wagons between Lampasas, Austin and Houston, Sparks migrated to Nevada before the turn of the century. His Alamo Farms, outside of Reno, were the headquarters for a ranching empire that spread over seven million acres in Nevada, Idaho and Utah.

Entering politics, Sparks ran for the governorship as a Silver Democrat and won the office easily. After his first four-year term, he was reelected for another term in 1907 but died a year later. He is buried in Reno.

**AND PROUD OF IT** — Since Mr. and Mrs. James W. Chokas of La Mesa, California, couldn't return to their native Texas for the birth of their first child, they decided that they would bring a bit of Texas to California.

Relatives sent them some Texas dirt. The Chokas sterilized it with heat, then spread it on a wooden cutout of the map of Texas. When their baby, a girl, arrived in a San Diego hospital, she put her foot down for the first time on Texas soil.

**THE SIGNS OF TEXAS** — Posted outside a power station on the outskirts of Laredo is this warning: "To touch these wires means instant death. Anyone disregarding this notice will be placed under arrest."

**JAIL FOR RENT** — For 15 years, from 1868 until 1883, Texas turned over the operation of its state prison to the private bidder willing to make the highest bid for the services of the inmates.

The Legislature, having no money with which to operate the prison, hit on leasing as an answer to the problem. The terms called for the lessee to take complete charge and furnish everything needed for the welfare of the prisoners and for the upkeep of the system.

Governor Elisha M. Pease, however, opposed leasing the prison and failed to carry out the edict of the lawmakers. As a result, the prison system found itself without funds and had to seek gifts and loans from citizens in order to operate. Eventually the Legislature required the governor to obey the law and the prison was leased to an operator who profited by selling the labor of the convicts to work on farms, for railroad contractors and others.

**TRAVELING TEXAS** — San Antonio's Produce Row could have been plucked from the center of any Mexican town.

Grocery stores sell cornhusks (for tamale wrappers), cactus leaves (a favorite Mexican vegetable in season), sunflower seeds and many another item that's a gourmet specialty south of the border. Produce Row is the best place in Texas to buy papayas and other semi-tropical fruits.

The area doesn't limit its wares to fruits and vegetables, however. There are restaurants, bakeries and even a flower market.

**OLD SCHOOL TIE** — Jacksonville's Lon Morris College is the oldest junior college in Texas.

It was founded in 1873 as the Alexander Collegiate Institute. In 1912, it became Lon Morris College and has remained a two-year school since.

## ... from the Brand's files

65 YEARS AGO — 1904

The farmers of Deaf Smith and Castro counties met in regular session on last Saturday afternoon and discussed various questions pertaining to the good of our farming interests, chief among which was the culture of Indian corn.

50 YEARS AGO — 1919

Ground was broken Thursday by contractor B. A. Nicks and his crew for the three new brick buildings to be erected on the site of the recent fire by R. L. Elliston. With all plans ready the completion of the work is only a matter of a few weeks. The J. O. Newell Dry Goods Store will occupy the building next to the Betts-Clark Company, the Hereford Bakery the middle building, while the T. K. Wilson Insurance Agency will take the third house on the site of its old office.

35 YEARS AGO — 1934

Buying of cattle by the government as a relief measure will start in Deaf Smith County by the first of next week. No limit will be set on the number of animals to be bought in the county. Prices will range up to \$20 per head.

20 YEARS AGO — 1949

Clean-up Day has been called off! The town-wide clean-up day, scheduled for Thursday, has been postponed, according to last-minute word from Mayor W. E. Dameron. Heavy rains Wednesday afternoon which followed scattered showers all week were reported as having made the scheduled clean-up impractical. Wage rates for picking and hauling potatoes and for thinning lettuce this season were set by the members of the Vegetable Shippers and Growers Association in the Hereford area. Potato workers will be paid 13 cents a hundred for picking and five cents a hundred for hauling. Lettuce workers will receive \$13 an acre.

5 YEARS AGO — 1964

Deaf Smith County Democrats selected two newcomers for county commission nominees in Saturday's election, incumbents trailing for both Precinct 3 and Precinct 1 positions. Earl Hoyt nosed out incumbent Charley Sowell in the Precinct 1 race with 288 votes to 242. In Precinct 3, Bruce Coleman nosed incumbent J. T. Guinn, 74 to 63. At the Star: A Great Plains premiere showing. Troy Donahue, Suzanne Pleshette and Diane McBain in "A Distant Trumpet."

## Want To Help? Join Up!

Want to help fight fires? There is a good way to do it. Join the local volunteer fire department.

According to Fire Chief J. W. "Jap" Dickerson, a number of people have been following the fire truck to the scene of fires — some just curious — others with a genuine desire to be of service to the firemen. Actually, none of these people should be on the scene. It is strictly prohibited by state law to follow fire engines, or to hamper the firemen in any way in their efforts to get to a fire or in an attempt to help if you happen to be on the scene. The firemen are trained to do a job fast and effectively and the individual without experience who tries to help can only slow the experienced firemen.

It takes a great deal of training to become efficient in fire fighting and those who become members of the local volunteer fire department are required to complete certain phases of training at the beginning and to continue attending working sessions and training meetings all during the time they belong to the department. It's a continuing effort.

There is one way however, that you can be of service to the local fire department without becoming a member. You can stay away from the fires. And when you hear a fire engine coming your way, get off the road and out of the way. The firemen will appreciate it and you'll be doing your part for the community.

## Your Choice, "Pay or No-Pay TV"

Pay TV will become a reality on June 12, 1969 unless the Congress of the United States forbids it through legislation.

There is a short one week to take action as an individual. Write your representatives in Congress and ask them to support legislation now pending to stop pay TV.

In response to petition signers our Congressman W. R. Poage says in a letter that he is also interested in maintaining our free television and does not see how we can hope to do so if we establish the so-called "pay TV."

Senator John Tower in a letter says he is pleased to report that proposals for pay television programming will in no way infringe on your future capabilities of receiving free television programming just as you do now.

He continues by saying, "the Federal Communications Commission assures me they are considering no pay TV proposals which will in any way reduce the amount of free TV programming."

The continuance of TV, as we know it, does not seem realistic. Although the commercials sometimes irritate the viewer, the thought of putting money in a little box or calling in and having the picture unscrambled by someone and then receiving a bill at the end of the month seems to be more offensive than going to the kitchen during a commercial.

Although it will take six months to a year to get pay TV in operation throughout the country now is the time for you to act.

It has been reported that Howard Hughes of Las Vegas is bidding for sports contracts now with TV networks which expire in 1970. He will then sell the sports events to Pay TV and within a short time we will be paying to see the Sporting events we now enjoy for free.

Another facet of the pay TV will be the effect on movies. It is now envisioned that first run movies will possibly be shown for a week somewhere like Radio City Music Hall in New York and then sold to Pay TV. One print will be made of each film thus eliminating many jobs in that area. Many movie houses will be forced to close due to the lack of patrons who have seen the movie on TV or cannot afford to attend because all of their money went to the box.

The advocates of Pay TV say that those who do not wish to pay need not use the Pay TV channels. But what, in fact, will be seen on the free channels? Our favorite entertainers now appearing on TV would probably be offered more money to Pay TV and thus would switch. This is understandable.

In the long run the news programs, public affairs and other public service programs would be the only ones left on free TV. Because of the loss of financial support the companies would be forced to cut the quality of these programs.

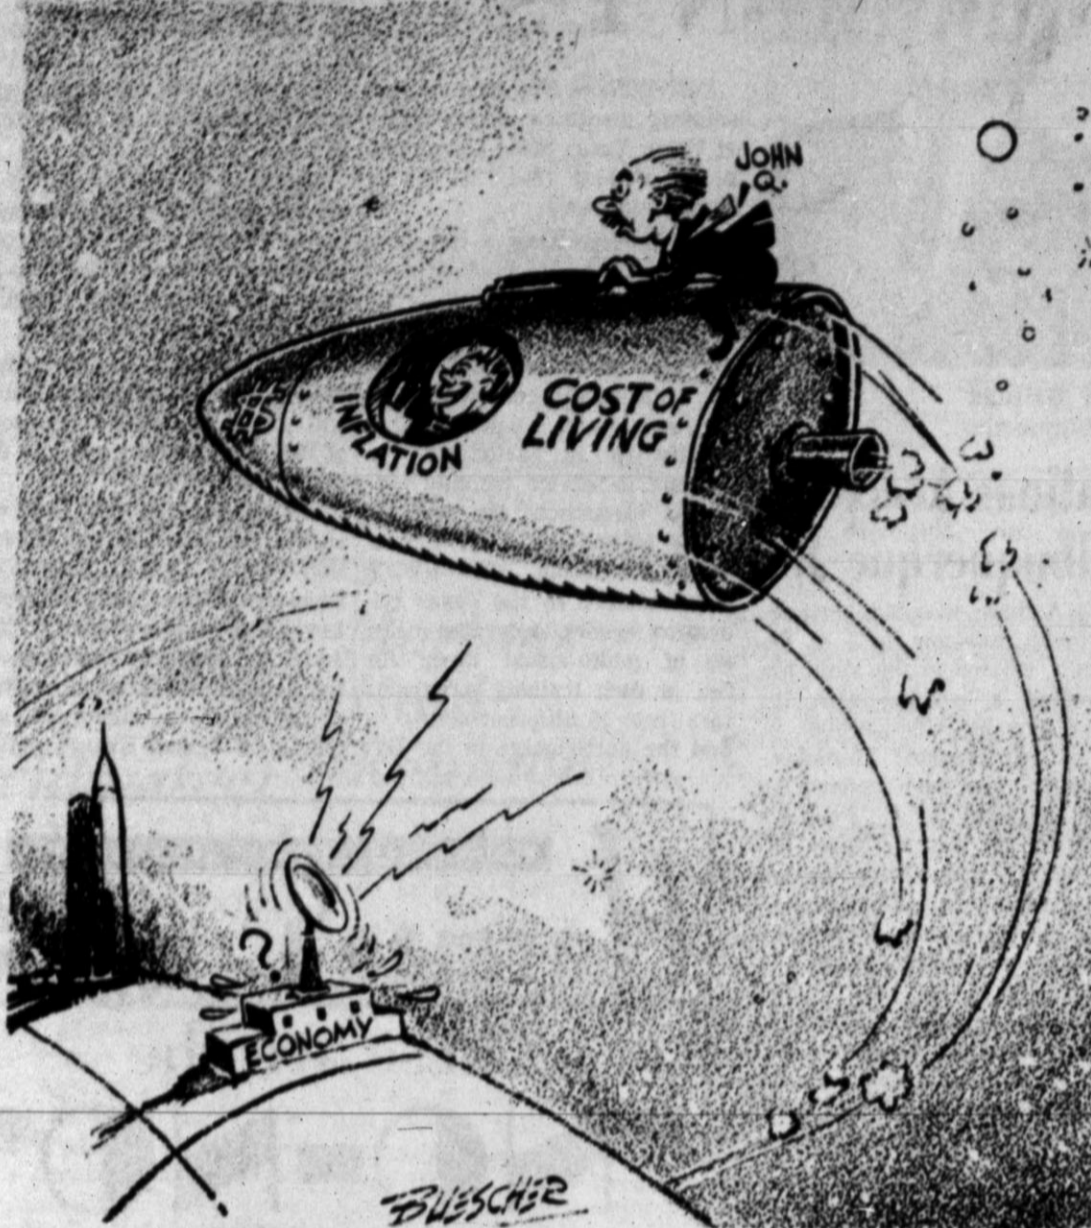

Probably the people to be affected the most will be the lower economic groups which comprise 30 per cent of our population and the shut-ins, aged and sick who derive most of their entertainment from the air waves. They will no longer be able to afford TV.

Now anyone who can afford a black and white or color TV has the same viewing privileges as his neighbor.

The FCC which is the "supreme court" of the television and radio industry would in time create a monopoly thus endangering freedoms guaranteed under the First Article of the Bill of Rights. — The Citizen Newspapers, Waco, Tex.

### WAITING LIST

Pan American World Airways says it has a waiting list of more than 100 names for the first commercial flight to the moon. Just in case you are wondering, we are not on it. — Anderson (S. C.) Independent

MAIN STREET, U. S. A.

## Odds Against Postal Reform

By BERT MILLS

Washington, D. C. — President Nixon and Postmaster General Winton M. Blount are seeking to prove to more than 700,000 employees of the Post Office Department that they don't know what is good for them.

If Nixon and Blount make the sale — and the odds appear against it now — Blount will lose his Cabinet seat but the nation might solve the perennial problem of delivering the mail in dependable fashion and at a reasonable price.

The workers are the key figures in the postal controversy. Most of them belong to powerful unions which are so influential in Congress that if the union leaders continue to oppose the postal reform package proposed by Nixon and Blount, enactment by Congress is most unlikely.

After months of study, the Nixon Administration decided to endorse with only minor changes the Lyndon Johnson plan to overhaul the postal system. Instead of a Cabinet department run by politicians, the postal service would become a government corporation run by professionals under a Congressional charter which would require a break-even operation after a five-year transition period.

**TVA Is Pattern**  
The U.S. Postal Service would be operated by a nine-man board of directors. The form of organization would be similar to that of the Tennessee Valley Authority and other government-owned corporations. The hired managers would be allowed to manage instead of depending on Congress at every turn.

Pay scales would be set by collective bargaining instead of by union lobbying in Congress.

and postal rates would be fixed by a rate commission within the corporation, subject only to a veto by Congress. The corporation would have the right to use bond financing to get funds for capital improvements, instead of pleading with Congress for money to modernize and mechanize.

No jobs would be lost if the corporation were established. Constantly increasing mail volume would prevent that even if improved efficiency were achieved. Workers would remain as government employees, and would retain their annuity rights, veterans preference, and other benefits.

Like all other government workers, postal employees would be denied the right to strike. Disputes over wages or working conditions would be resolved by binding arbitration, if necessary. Promotions within the service would be divorced from politics, enabling a small town Postmaster to earn promotion to a larger office.

### Congress Reluctant

Passage of the Postal Service Act would relieve Congress of some knotty problems, including the almost annual hassles over pay scales and rate schedules. However, there would be some drawbacks. The political muscle of the unions would be reduced and the campaign contributions might disappear. The unions are generous with their friends on Capitol Hill.

So the legislative problem for Nixon & Co. is either to persuade union leaders to go along on the reform idea, or to go over their heads and seek rank-and-file support which would be reflected in Congress. Sentiment among legislators is probably at least 3-to-1 against the corporate plan as the debate gets under way in earnest.

The public does not give a hoot whether the Post Office is run by a Cabinet member or a hired executive. The public does want good mail service at a reasonable price. If Congress will keep the public interest foremost in mind as it studies the reform plan, the nation should profit by the ultimate decision.

### SAVING WORDS HER HOBBY

**VIENNA** — A female post office clerk received a one-month prison term for leaving out words in telegrams for which customers had paid the full wordage. She pocketed the excess money.

The telegram senders seemed to be stingy enough with their words themselves. In the half year the woman used her scheme she made only 130 Schillings (\$5.20).

Some eight billion meteors enter the earth's atmosphere daily but intense heat from air friction vaporizes all but the largest.

Yours faithfully,  
J. A.

## THE BOOTLEG

—Philosopher

Editor's note: The Bootleg Philosopher on his Johnsongrass farm thinks he has a method of finding out if life is possible on the moon, his letter this week claims.

Dear editor:

Like nearly everybody else I guess I followed the astronauts to the moon last week and am now convinced we can actually put a man on it this summer if the money doesn't run out, but a phase of the project has been bothering me since I read an item in a newspaper day before yesterday.

According to it, great precautions are going to be taken to keep the moon-landing astronauts from picking up possible moon germs and bringing them back to earth. When they get back with their 30-billion dollars worth of rocks and soil samples, the astronauts, as I understand it, as soon as they splash down in the ocean, will be sealed with their loot inside germ-proof bags and, untouched by human hands, flown to their base and let out in a germ-proof room for a few weeks, so that if any moon germs have been picked up they'll die before they get a chance to take hold on earth.

This is no doubt a good idea, certainly we've got all the germs we need on earth now, but I was just thinking: What precautions are we taking not to get any earth germs started on the moon?

If we've got an unspoiled object that's been floating around up there for centuries and you let an astronaut with a head cold step out and the first rattle out of the box sneeze, and the moon will never be the same again.

Of course if there's no life on the moon and no possibility of any, then no harm will be done, but how do we know something can't grow up there?

This is a question that ought to be answered and I'm proposing a scientific experiment to find out.

All the space scientists have to do is shoot a small rocket full of Johnsongrass seed up there, and if that stuff doesn't take root and grow in 30 days, you know the moon is eternally barren.

## The Sunday Brand

Established 1948

Published every Sunday at 130 West 4th Hereford, Texas 79045 The Brand Publishing Company

Entered as second-class matter July 6, 1948 at the post office at Hereford, Texas, under the Act of March 3, 1879. Second-class postage paid at Hereford, Deaf Smith County, Texas. Classified advertising rates: 8 cents per word first insertion (80 cents minimum); 6 cents per word each additional insertion.

Subscription Rates: Zone 1, \$4.80 per year; Zone 2 and above, \$6.00 per year. With the Hereford Brand, both papers, Zone 1 \$5.95 per year; Zone 2, \$7.40 per year. Carrier delivery, 60 cents per month. Single copies 15 cents each.

# Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

**Q** - I didn't have to file an estimated return in April but you mailed me a reminder notice about the June installment. Do I have to pay anything?

**A** - If you do not meet the requirements for filing an estimated tax declaration please ignore the notice. Reminder notices for the June 16 installment were sent to all those who were mailed the new estimated tax packages in February based on possible liability for payment.

Briefly, an estimated tax declaration may have to be filed and installment payments made if you expect to have a balance due of \$40 or more when you file your 1969 Federal income tax return. You can obtain details on filing requirements by sending a post card to your local district office. Ask for a copy of Publication 505, Tax Withholding and Declaration of Estimated Tax.

**Q** - I've moved since I mailed my tax return. Will my refund check be sent to my new address?

**A** - Your refund check will be forwarded if you have left a change of address with the post office at your old address. If you did not, you should notify your IRS Service Center, and give your name, Social Security Number and new address.

Each year, IRS has thousands of refunds it is unable to deliver to taxpayers because they have moved without leaving a forwarding address. In these cases, the refund is credited to the taxpayer's account and reissued as soon as IRS obtains an up-to-date address.

**Q** - What records do I need for tax purposes on gifts to charity?

**A** - To substantiate a charitable contribution deduction, you will have to show the amount of the gift, the date and the name of the organization. If you make a gift of property, keep a record of its description and how you figured the value.

Cancelled checks, receipts and other records will be needed for this substantiation. When you make a cash contribution to charity ask for a receipt, so you will have a record of the gift.

For additional details send a post card to your district director requesting a free copy of Publication 526, Income Tax Deductions for Contributions.

**Q** - I've heard all your taxes have to be paid before IRS will let you leave the country. That's right?

**A** - U. S. citizens are not required to obtain tax clearance when going abroad. However,

There are three distinctive types of bagpipe music: the Ceol Gaeg or Little Music consists of dance and march tunes; the Ceol Meadhanach or Middle Music includes slow marches, retreats and simple laments, and the majestic Ceol Mor or Big Music lends itself to great sonatas and concertos.

Stop in or call  
**KNOX TV/MUSIC**  
509 Park 364-0766

many aliases required to obtain a tax clearance before their departure from the U. S. IRS Publication 505, U. S. Tax Guide for Aliens, explains this. Send a postcard to your district

office to obtain a free copy. **Q** - I teach and plan to go to summer school. Can I deduct the cost of my courses? **A** - Generally, educational expenses are deductible if they are expressly required by your employer or if they are necessary to maintain or improve

your skills in your present position. No deduction can be taken for courses needed to meet the minimum standards of employment or to obtain a new job. For additional details send a post card to your district director requesting a free copy of Publication 505, Tax Information on Educational Expenses.

**Q** - I bought some stock five years ago that has tripled in value. Is it true that if I give the stock to my son I won't have to pay income tax on my profit? **A** - Yes, tax law permits you to make a gift of this sort.

Note that if the fair market value of the stock plus any other gifts to your son exceed \$10,000 in any one year you will have to file a Federal gift tax return. Your son will have to report an income dividend received on the stock during the time he owns it. Also, if your son sells

the stock, his cost basis will be your cost basis plus any gift taxes paid. **Q** - We are expecting our first child next month. Who can we start taking withholding exemption for the baby? **A** - You can make a change in your withholding anytime after the child is born by filing

a new Form W-4, Employer's Withholding Exemption Certificate. Keep good records of your medical expenses this year as well as any contributions you receive from insurance. They will be helpful if you decide to itemize deductions on your 1969 return.

# Schenck-Kaul Married Here

Nuptial vows uniting Mrs. Joyce Marie Schenck, daughter of Mr. and Mrs. James E. Hooten of Del Rio, and Walter Lynn Kaul, son of Mr. and Mrs. Merlin Kaul, 128 Ave. J were solemnized Tuesday evening at the First United Methodist Church with the Rev. Clifford Trotter, pastor, officiating.

The double ring vows were exchanged before an altar setting of candelabra and baskets of white majestic daisies and stock.

A musical prelude, as well as the traditional wedding marches, were played by Miss Cheryl Solomon as the candles were lighted by Jimmy Clark.

Miss Solomon accompanied Johnny Clark as he sang "Al De La" and Miss Caye Cleaman and Mr. Clark as they sang "Let It Be Me."

Given in marriage by her father, the bride wore a form a gown of pale blue long sleeved bonded crepe with a sleeveless white lace coat and a lace hood lined with blue nylon. With the hood she wore a pearl tiara and pearl ear studs, a gift of the bridegroom. She wore matching shoes and carried a cascade of majestic daisies centered with an orchid.

Mrs. Danny Adams of Huachuca, Ariz. was her sister's matron of honor and bridesmaids were Misses Eva Bentley of Andrews and Joy Clark.

Flower girl was Miss Tania Stevens of Pampa. Jim Ed Schenck, son of the bride, carried the rings to the

altar on a white satin pillow. Serving as best man was Larry Kaul and groomsmen were Dave Hopper and Don Brooks. Ushers were Wade Lewis, Dan Thomas, Larry Noland and David Hill.

The bride's attendants were attired in azure bonded crepe street length gowns fashioned with a collar which came to a point at the back, edged with nylon. They wore matching shoes, long white gloves and ivory pendants, gifts of the bride. They carried nosegays of marguerite daisies.

The flower girl's dress was identical to the bride's attendants with the neckline of her gown edged with lace and seed pearls. She wore a caplet of daisies and carried a white basket of daisy petals.

As the bride was escorted to the altar she presented her mother with a pink rosebud. As she was escorted away by the bridegroom, she presented his mother with the same token.

Mrs. Kaul chose for her son's wedding, a pink silk dress fashioned with a lace bodice and wore pink and white accessories.

Mrs. Hooten, mother of the bride, wore a green bonded lace dress with beige accessories. Both wore corsages of cattleya orchids.

A reception was held in the fellowship hall immediately following the ceremony.

Registering guests at the wedding and reception was Miss Ann Pritchard.

The bride's table was laid with white net and an underlay of blue linen. Candelabra and the bouquets of the bride and her attendants centered the table. The wedding cake was decorated with blue rosebuds and topped with lace bells.

## Last Meet For Baptist S. S. Class

A devotional taken from Gal. 5:22 was presented by Mrs. Bertha Hood at the last meeting of the season when the Golden Circle Sunday School Class met Wednesday in the home of Mrs. W. O. Shelton.

Mrs. Donnie Owens gave the opening prayer followed by the group joining hands and singing "Be The Tide That Binds." Closing prayer was given by Mrs. Lessie Roberson.

Others attending were Mmes. Sanford Smith, Coy Phillips, Sam Sides, Frank Ball, John Hamby, B. F. Markham, Ella Higgins, Lottie Clark, Teresa Hale, and Jerome Miles.

The bridegroom's table was laid with white linen and centered with an arrangement of dried wood hung with horseshoes and a spur belonging to the groom. The cake was made in the shape of a horse shoe.

Miss Ann Pritchard served the groom's cake and the bride's cake was served by Miss Genie Robbins. Punch was ladled by Misses Patricia Neff and Kathleen Robinson.

Other members of the house-party included Misses Vonda and Rosellen Maness of Langtry.

For the bridal trip to points in Texas, the bride's traveling ensemble was a pink bonded sheath with an orchid corsage lifted from her bridal bouquet.

The bride is a graduate of Comstock High School and attended Texas Tech and Lubbock Christian College. At the present time, she is a teacher at LaPlata Junior High School. Mr. Kaul was graduated from Oklahoma State University where he was active in the Block and Bridle Club and a member of the rodeo team. He is employed by the SCS and is a member of RCA Rodeo. On their return trip the couple will be at home at the Kaul farm in the Westway community.

The rehearsal dinner Monday evening was hosted by the bridegroom's parents. Centering the head table was an eperne with a daisy arrangement. The decor on the other tables was daisies and English ivy with blue streamers. The bridal couple presented their attendants with gifts.
