Around Muleshoe

Eddy Nicholson will speak at the Trinity Baptist Church, Sunday, September 30 at 7 p.m.

Nicholson is known as America's Rocking Chair Philosopher, and a Christian humorist and entertainer. He wears Bib Mac Overalls, flour sack shirt and sits in a rocking chair during his performances. Everyone is welcome to come and find out how to enjoy life - the old time American way.

Ernie Vela, a West Texas State University freshman, has received first place in duo dramatic interpretations at WTSU's first tournament of the 1979-80 year.

Vela and Kelly Gazaway, a Pampa sophomore, were awarded first place at the Southwest Texas State University Invitational Tournament at San Marcos.

Vela is a physical science education major.

A public hearing regarding proposed changes in the minimum standards for day care centers will be held in Lubbock at the Garden and Arts Center, 4215 University, from 1 p.m. to 7 p.m. on Wednesday, October 3.

The only substantive changes being proposed, which could be considered more stringent, according to the Texas Department of Human Resources day care licensing division, are those which relate to character/investigation of employees.

The Muleshoe Twisters Gymnastic Team will host a style show Tuesday, October 9 at 7:30 p.m. in the First United Methodist Church Fellowship Hall.

The style show will be presented by Charles of Muleshoe and the gymnastic team from Cindy Purdy's School of Dance and Gymnastics will perform.

Tickets will be \$2.50 for adults and \$1 for children. The money will be used to travel for competition.

ADDING MORE YARDAGE: Three Way Eagle Mike Nichols drives in for more yardage against the Lubbock Western Hills Baptist Academy in homecoming action Friday night. This Western Hills player attempts to stop an Eagle by grabbing the 'illegal' facemask. The Academy was penalized a total of 35 yards in the game. The final score was Three Way 55 and Western Hills 8.

Eagles Fly Over Academy For Homecoming Win 55-8

Three Way running back Mike Nichols galloped 134 yards on nine carries to lead his hometown Eagles to a 55-8 win over the Western Hill Baptist Academy Eagles, in a non-district six man game at Three Way Friday night.

Nichols scored the first touchdown in the game

FOL Officer Elections Are Slated

Friends of the Library, a voluntary group of people who have formed a group to help the library, is beginning a new year.

They are kicking off the year with a meeting on Wednesday, October 3, at 10 a.m. at the Muleshoe Area Public Library. New officers will be elected during the meeting.

An FOL officer commented, "As most of you know, the Muleshoe Area Public Library is a major asset for our community, schools and families."

with kicker Tommy Brown scoring the extra points. Nichols scored again in the first quarter with 2:22 left on the clock. He came back to recover the ball on the seven yard line for Three Way's third touchdown in the first quarter.

To finish out the first half of the game, Nichols scored two more touchdowns to assure the Three Way Eagle homecoming fans of a sure win with a score of 37-0.

The Western Hills Eagles came back in the third quarter with Randy McCollum making a 60 yard touchdown which was called back because of illegal use of his hands. Three Way Eagle Tim Roberts came in with another touchdown with 3:29 left in the third quarter making the score

43-0. At the end of the third quarter, Western Hills Eagle Mark Shadden scored the teams only touchdown for the night. Mike Nichols scored a 55 yard touchdown in the last of the third quarter to bring the score to 49-8.

Three Way Eagle Wayne Parkman scored another touchdown in the fourth quarter with 6:57 left on the clock for a call game with the final score of 55-8. This brings the Three Way Eagles a 4-0 record and drops Western Hills to a 0-4 record.

During the homecoming activities Dale Simpson was named the football hero for 1979-80. The new homecoming queen is Sandy Feagley. Last year's hero and queen were Tommy Tucek and Jackie Carlisle.

State Water Meeting Scheduled In El Paso

J.R. Carter, Lewis Wayne Shafer and Allan Davis, directors from the Blackwater Valley Soil and Water Conservation District, will be in El Paso October 2-4 to attend the Thirty-Ninth State Meeting of Texas Soil and Water Conservation District Directors.

Theme of this year's meeting, which will host several outstanding speakers, will be "Challenge of the 80's."

According to a water district spokesman, the purpose of the meeting is to review developments affecting Texas conservation programs and to plan

State-Ranked Longhorns Fall To Silvertown

The Silvertown Owls upset the state-ranked Lazbuddie Longhorns Friday with a score of 6-2. Silvertown is now 3-1 for the season and Lazbuddie has a record of 2-2.

The Owls got their six points in the first quarter after Lazbuddie fumbled the ball inside their own 20 yard line. Running back

No City Tax Increase For \$1 Million Budget

Montgomery Is New President

"One of the main things anyone will get out of Kiwanis is what you get out of it as an individual," cautioned Max King, special guest speaker for the Muleshoe Kiwanis Club Officer Installation banquet Tuesday night.

He spoke on some of the advantages of being a member of a civic organization such as the leadership training and warned the members, "One important thing to remember is that if you are ever a leader, remember how important it is to be a follower."

King told the Kiwanians to always have fun while they were working as members of the civic club and told them to always have a 'commitment' to do more, bigger and better things.

The speaker stressed **No Decorations Probable For This Christmas**

This week, the board of directors of the Muleshoe Chamber of Commerce and Agriculture met to consider the street decorations for Christmas. Following the meeting, John Gully, manager of the CoC issued the following statement:

"The Board of Directors of the Muleshoe Chamber of Commerce and Agriculture has met to determine the feasibility of a street decoration program for this Christmas.

"The current decorations are in such a state of disrepair that they will be of no use this year. Due to the Chamber's current financial condition, there are no plans to decorate the streets this Christmas.

"We regret this situation; if there is sufficient interest, an attempt will be made to secure decorations for the Christmas of 1980."

Puente Named Alternate To SPAG Board

Marcus G. Puente of Muleshoe was elected as an alternate delegate to the South Plains Association of Governments in a special called meeting of minority representatives from Lamb, Bailey, Cochran and Yoakum counties.

The meeting was held on Thursday night in the Cochran county community building.

Puente graduated from Muleshoe High School in 1973 and attended West Texas State University and South Plains College where he received his Real Estate Certification. Puente has worked with

Taxpayers Receive 1980 Tax 'Break'

Tax-burdened citizens of the City of Muleshoe have a tax 'break' despite the Friday morning adoption of a record budget for operations of the city for the next year.

Approved by the Muleshoe City Council was a total budget of \$1,174,246, which is \$114,942 above the record budget for last year. In 1978, the budget broke the \$1 million mark at \$1,059,304.

However, the city council decided against a tax increase, and the current tax rate of .66 per \$100 valuation was continued for the next year.

A resolution was adopted establishing the amounts budgeted for various operations of the city budget. For the General Fund for general operating expenses and capital outlay, the sum of \$686,069 was budgeted.

An additional \$333,684 was budgeted for the Water and Sewer Revenue Fund, for the second largest item on the budget.

For payment of accruing interest for the General Debt Service Fund, and redeeming serial bonds and warrants as they mature, the amount of \$92,248 was budgeted.

Arthritis Forum Scheduled Here Thursday Night

Arthritis and Rheumatism will be discussed Thursday, October 4, at 8 p.m. in the Methodist Fellowship Hall in Muleshoe. The public has been invited to hear Dr. Bruce A. Bartholomew, Rheumatologist and Dr. Kenneth C. Scholz, Orthopedic Surgeon, present the latest information accumulated by medical research on one of the nation's largest crippling diseases - arthritis.

Fall Adult Education Will Begin

Adult Education begins on Thursday, October 4, at the local school, explained Tom Jinks, director of special programs for the Muleshoe Independent School District.

Level I, II and III, along with GED classes will be offered if enough interest is demonstrated by local participation, explained Jinks. He said a minimum enrollment of twenty students per level must be maintained if a teacher and teacher aide are to be provided.

The classes will meet two times each week for two and one-half hours each evening session. Jinks said every effort will be made to provide each and every individual with the highest quality of instruction by professional educators.

A minimum of 100 free hours of instruction will be available to anyone interested in taking advantage of this opportunity, he added, provided the minimum number of students

DECA To serve Supper Friday For Homecoming

Next Friday night, prior to the Muleshoe-Abernathy homecoming game, the Muleshoe Chapter of Distributive Education Clubs (DECA) of America, will host a German Sausage supper.

DECA will be serving at the Muleshoe High School cafeteria from 6-8 p.m. on Friday, October 5. For \$3 for adults and \$2 for children 11 and younger, served will be German Sausage, potato salad, red beans, homemade rolls, fresh garden vegetables, applesauce cake, and tea or coffee. The Sausage will be prepared by Winkler Meat Company.

The DECA students, their parents and training sponsors urge and encourage everyone to support the local chapter by contacting them for tickets or by purchasing them at the door.

IT'S NOT ALL GLAMOR--Tanks have to be resupplied if they are going to keep shooting. SP4 Lawrence Gilbreath of Sudan unloads armor piercing tank rounds. He spent part of the summer at hot, hot Fort Irwin, Calif.

Sudan Soldier Finds Tankers Good Training

FORT IRWIN, Calif. -- When a Sudan soldier stepped into the 110 degree temperature of the Mojave desert this summer, it actually was a relief -- because the inside of his M60 tank was 130 degrees.

For Specialist Four Lawrence Gilbreath, son of Mr. and Mrs. Lloyd Gilbreath of Sudan, and a 1969 graduate of Sudan High School, spent a month this summer at Fort Irwin, Calif., only 40 miles south of Death Valley.

Commenting on his experiences in the sand and rock of Irwin's 640,000 acres, Gilbreath stated, "Fort Irwin is a great training area, and it makes you appreciate home much more."

Gilbreath's unit is normally stationed at Fort Hood, Tex. It moved to Irwin on an "emergency" basis, and was issued tanks and equipment from training stockpiles.

Irwin is a tanker's dream -- and nightmare. It's "wide open spaces" allowed training exercises to take place over realistic distances, and with all types of "live fire." But those same realistic distances, and conditions, make this training as fatiguing as combat. Long hours on the trail "eating dust" and being pounded by tank noise is more than even a dedicated "off the road" enthusiast would enjoy.

Regarding the desert training, the Brigade

Commander, Colonel John Wooley stated, "We had to meet the desert on its own terms. We had to ready ourselves for the temperature and the terrain before we could face the opposition, and because we were prepared, less than 15 heat injuries were suffered, none of which was serious."

Gilbreath, who joined the Army "for job opportunities -- and to defend my country" commented on his future plans. "I hope to stay in the Army as a 'tanker.' It's not that easy, but promotions are faster," he stated.

Cost Containment Bill For Hospital Snubbed

Texas hospitals were cheered this week by Congressional action that appeared to recognize their long fight against rising health care cost. The leadership of the Texas Hospital Association and hospitals in Texas today expressed their congratulations and appreciation to the Health Subcommittee of the House Interstate and Foreign Commerce Committee of the Cong-

ress. By a vote of 8 to 4, the Health Subcommittee tabled the Administration's Hospital Cost Containment legislation, H.R. 2626.

THA President O. Ray Hurst said, "Hospitals in Texas and across the nation have been opposed to this legislation for over two years. It is gratifying to see a prestigious health committee of the Congress express themselves in a manner similar to our feelings about this unneeded and bad legislation. We want to particularly thank both Texas Congressmen on the Subcommittee for being supportive of the hospitals' position on this legislation. These are Congressman Phil Gramm (D) College Station and Congressman Mickey Leland (D) Houston. Hopefully, other Congressmen will see that this legislation is not needed when it is before the full committee next week and will vote accordingly."

Hurst went on to point out that the reason hospitals do not believe legislation to be necessary is because of the successful voluntary efforts by all Texas hospitals to hold down costs. Hurst said that since 1969 hospitals in Texas have been fighting the rising cost of health care. THA, in conjunction with many of its member hospitals, has implemented effective programs

to assist hospital management to restrain rising costs. Among these are management engineering services, group purchasing programs and sharing of innovative ideas to conserve hospital resources. Hurst said, "In 1978, hospitals in Texas increased productivity in

excess of 5%. This increase in productivity means savings to patients using Texas hospitals that totaled in excess of \$60 million. The average cost of a hospital stay in Texas is now over \$389 less than the national average. The Administration's Hospital Cost Containment Bill

would be very punitive for hospitals in Texas and would reduce both the quality and quantity of hospital care available to Texans." The Texas Voluntary Effort (TVE) which began in early 1978, is a concentrated program to reduce hospital costs. TVE is supported by hospitals, health care professionals,

state government, business and industry in Texas. Through a concerted effort to restrain the rise in hospital cost, TVE has now brought the rate of rise in hospital costs in Texas below the projected national inflation rate. THA is an Austin based trade association for hospitals in Texas with over 700 institutional members.

 Separation between the disconnect and control panel is only one (1) reason the Lockwood control panel hangs outboard of the pivot. By opening the disconnect on the pivot any service operation can be performed safely on the collection ring, control panel, and all points beyond. It also makes possible the use of only a six ring collector ring which is less expensive to replace should it be damaged and less apt to induce stray voltage in control or safety circuits. Low voltage control circuits are less likely to malfunction or lose integrity by not passing through the collector ring. The outboard panel lends itself readily to the addition of options should they be desired.

STATE CAPITAL HIGHLIGHTS
By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Work crews have yet to cap the off-shore oil well spewing barrels of crude daily into the Gulf of Mexico, but all the early indications of a courtroom collision between Gov. Bill Clements and Texas Attorney General Mark White apparently will be realized. White told reporters last week he will sue SEDCO, the drilling company founded by Clements, and Mexico's nationally owned oil company PEMEX sometime this fall.

SEDCO is now run by the governor's son, B. Gill Clements, while the governor's stock is in a "blind trust." Though the governor may never appear in the courtroom, the political effect of the lawsuit will remain the same: one of the state's top Democrats will confront the top Republican state official.

Will Allege Negligence

White said he will allege negligence on the part of SEDCO, which had leased the off-shore rig used by PEMEX to drill the blown-out well.

"It (the blow-out) wasn't an act of God. This thing occurred apparently because of mismanagement, negligent operation, negligently maintained equipment, whatever," White said.

He added that SEDCO's subsequent sinking of the damaged rig in deep international waters on July 12 "cast grave suspicions on everything they (SEDCO officials) have said" about the company's role in the blow-out.

White said he expects to delay until after President Jimmy Carter and Mexican President Jose Lopez Portillo meet Sept. 28 and 29.

Clements: In Yugoslavia

Clements, meanwhile, has been unavailable for comment while leading a Texas

delegation tour of several Communist-block countries. Reports indicate he is optimistic about future joint U.S.-Yugoslavia ventures. When he returns he will

find a message on his desk from Speaker of the House Bill Clayton saying there is no political support for a special session of the Texas Legislature.

Clements had promised to call the legislators back to Austin to pass an initiative and referendum bill, among other issues, but Clayton advised the legislators who failed to reach agreement on the issue last spring would probably not resolve the issue in a special session.

State Rep. John Bryant of Dallas, who heads the House minority bloc, thinks Clements should offer a pure initiative and referendum proposal or none at all.

Demo Chairman Race

In times past a Democratic Texas governor has always hand-picked the chairman of the Texas Democratic Party, but not this season.

With Republican Clements in the statehouse, the crucial Demo leadership post may be filled by a person emerging after a bona fide convention ballot, not

Ms. Patman is the wife of State Sen. Bill Patman, who is expected to meet a serious primary challenge for his seat from State Rep. John Wilson of La Grange. Wilson, who had long eyed the Speaker's chair, instead has mustered the opposition Patman incurred as a participant in the "Killer Bee" episode last session.

Short Snorts

Billy Goldberg, the current party chairman, will not seek re-election. Instead, he has announced he will join the movement to draft Sen. Edward Kennedy for the Democratic presidential nomination.

Col. Wilson E. Speir, director of the Texas Department of Public Safety, will retire on Dec. 31. The veteran law enforcement officer, 62, gave health problems and age as his reasons for stepping down.

A \$20 million miscalculation by the staff of the Public Utility Commission may result in a higher-than-expected rate hike for a telephone company.

Southwestern Bell Telephone Company may now be granted the entire \$145.2 million hike it requested last month. The PUC staff had recommended a \$136.4 million hike, but following discovery of the error, it changed its recommendation to \$156.4 million, about \$9 million more than the company can receive legally.

Mr. and Mrs. George Tyson spent from Thursday until Sunday in Lubbock with their daughter, the Tommy Durhams and visited their son, the Troy Tysons Sunday afternoon in Levelland.

The Three Way Baptist women met Monday morning.

Mr. and Mrs. Darrell Roberson of Haskell spent the weekend with her father, John Tyson. The family honored Tyson with a birthday dinner Sunday.

Mr. and Mrs. Richard Burkett and Mr. and Mrs. Blake Perser of Milensand, N.M. visited the George Tyson family Monday evening.

LARGE CATCH: Iona Elliott caught this eight and one-half pound pike at Ute Lake in Logan, N.M. on September 24. It measured 30 inches in length. She also caught a five pound pike Sunday, during their week fishing trip. Her husband, Hubert Elliott, caught several crappi.

Secretary of Agriculture Bob Bergland's visit to the Lubbock area September 20, according to Donald A. Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock, may well have an impact on the future of High Plains agriculture far beyond the immediate benefits expected from the trip.

The Secretary came primarily to gain first-hand knowledge of hail losses suffered by area farmers in late August. Describing the damage as "horrendous," Bergland said current FmHA loans to affected farmers could be extended, deferred or ballooned, and promised to use his authority to keep anyone from being forced out of farming by the disaster.

Johnson expressed PCG's gratitude for the Secretary's assurances, and said "I also tend to believe what Bergland saw here may give him a better understanding of the need for continuing programs that give farmers more adequate protection against such disasters."

In addition to new disaster loans and extended or deferred current loans, farmers who lost all or part of their crops will be eligible for payments under disaster provisions of the current farm law. On cotton the payment will be equal to 19.2 cents per pound times the difference between actual yield and 75 percent of the farm's ASCS-established yield.

Obviously such a payment will not fully compensate farmers for losses, "but they will help," Johnson says. "But unless ongoing efforts to secure an extension of the disaster program are successful," he adds, "we won't have even that much protection for the remaining two years of the present farm law."

The Senate has passed a bill providing for an expanded Federal crop insurance plan and a two-year extension of the disaster program. But the House has yet to act on a similar but less palatable measure reported by the House Agriculture Committee. The House bill, as now written, would expand Federal crop insurance but would extend the disaster program for only one year.

The House is expected to consider the Committee bill in October, at which time an amendment will be offered to make its extension of the disaster program compatible with that passed by the Senate.

"This amendment and the bill itself are going to need all the support they can get from the Administration," Johnson believes, "and although the Secretary already has agreed to support the amendment, we're hoping his support will be somewhat more enthusiastic now that he has seen for himself the producer's dire need for protection."

Johnson was also encouraged by the Secretary's remarks on the importance of agricultural exports and the imperative nature of meeting High Plains water needs in the future.

A saleswoman writes: "I am in my early 40's, am healthy and have no history of breast cancer in my family or any other risk factors. I was told that I shouldn't have routine breast x-rays until I am 50. What kind of examinations should I be having?"
ANSWERline: First of all, you should be examining your breasts yourself each month for any possible changes. Breast self-examination is a life-saving habit that women of all ages should acquire and complete and easy instructions are available from local units of the American Cancer Society free of charge. Also, each year you should have your breasts examined by a physician who will also go over your medical history. Naturally, if you notice any changes in your breasts between these annual checkups, you should see your physician as soon as possible.

A reader shares this experience: "Ten years ago in my third pregnancy I developed a very rare form of cancer called choriocarcinoma. I was successfully treated and I am very much alive. I think that your readers would be encouraged to learn about what's being accomplished."
ANSWERline: Choriocarcinoma is a rare form of cancer which develops after pregnancy, and used to kill women. But in 1955, two scientists, Drs. Min Chiu Li and Roy Hertz, treated a young woman with advanced choriocarcinoma with a drug that made the cancer disappear. Today, 27 years after their original discovery, some of the first patients that they treated are still alive and well. Now, using a combination

of drugs, physicians are able to cure between 95 and 100 percent of women in whom the disease is detected in an early stage and achieve remission (disappearance) of the disease in 75% of women with advanced choriocarcinoma. This achievement is important not only for the women with this particular form of cancer, it is another medical milestone in the use of drugs to treat cancer.

A lithographer asks: "Who is more likely to get cancer—a man or a woman?"
ANSWERline: In 1977, approximately 347,000 American men will develop cancer as will 343,000 American women. There is a far more startling difference, however, when you consider who is more likely to die of cancer. Cancer is most curable when detected in an early stage and treated promptly, and women are more likely than men to have regular physical checkups and pay attention to cancer's warning signals. Also, there is an enormous lung cancer death toll of American men because of cigarette smoking which is far beyond that for women although in the future greater numbers of women may die of lung cancer because of their increasing cigarette habit.

Do you have further questions? Call your local unit of the American Cancer Society or call M. D. Anderson Hospital & Tumor Institute's Cancer Information Service, 1-800-392-2040 toll-free in Texas, 792-3245 in the Houston area.

Progress 4-H Elected New Adult Leaders

The Progress 4-H Club elected adult leaders Tuesday, September 18 at 7:30 p.m. in the West Camp Community Center. Those elected were Mr. and Mrs. Herman Morrison and Mr. and Mrs. Wayne Tunnel. Jimmy Gleason was elected vice president to replace Sally Lunsford who resigned.

Project enrollment blanks were filled out for the new year. County Extension Agent Spencer Tanksley gave a talk on cooperation with leaders and responsibilities of older 4-Hers to

Epsilon Sigma Alpha Hosted Fall Barbeque

Parents and guests present were Mr. and Mrs. Herman Morrison, Mr. and Mrs. Wayne Tunnel, Mr. and Mrs. Jack Dunham, Mr. and Mrs. Charles Farmer, Mr. and Mrs. Donald Harrison, Mr. and Mrs. Robert Hunt, Spencer Tanksley, Jim Irwin and Linda Huckabee.

Note To Men

If you're over 40, your health plan should include a "procto." This is an examination of the colon and rectum that could help to save your life. The American Cancer Society says that colorectal cancer is highly curable if detected early. A "procto" can reveal precancerous growths which can be easily removed.

Goodbye Cigarettes

The American Cancer Society reports that 30 million Americans have given up cigarettes—and you can too. If you need help in quitting, check with your local ACS Unit for free information. Some of the Society's Units sponsor smoking withdrawal clinics.

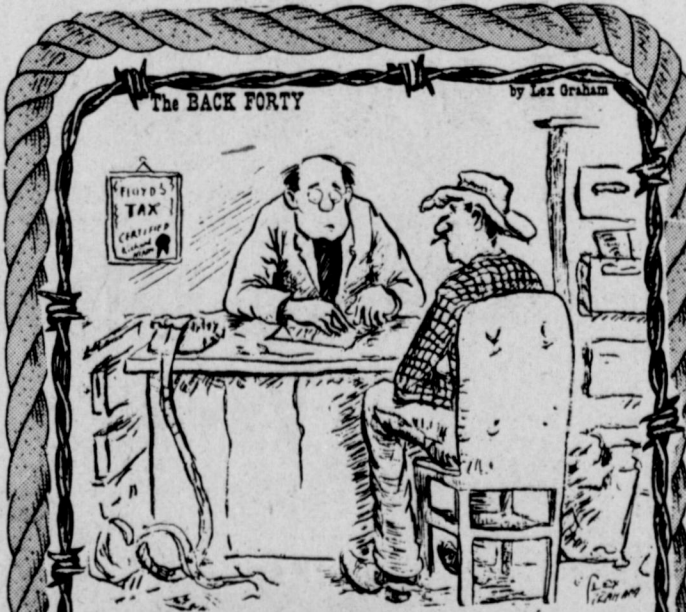

The Seasonless Pie

Light yet satisfying, deceptively easy to prepare—this fluffy-textured pie welcomes fresh fruits of the season. Make the most of peaches now in a pie that begins by preparing any flavor of Jell-O gelatin as directed. Then, simply blend in thawed frozen whipped topping and whip until smooth before folding in fruit and chilling the mixture in a baked pie shell. In about 2 hours, whisk the pie to the dining table with garnish of additional fresh peaches. Long after fresh peach season, this sensational fluffy pie can be prepared with canned peaches instead of fresh.

- | | |
|--|--|
| 1 package (3 oz.) fruit flavor gelatin, any flavor | 1 container (8 oz.) frozen whipped topping, thawed |
| 2/3 cup boiling water | 1 cup diced peeled, pitted fresh peaches* |
| 2 cups ice cubes | 1 baked 9-inch pie shell, cooled |

*Or use 1 can (8-3/4 oz.) sliced peaches, well drained and diced. Dissolve gelatin completely in boiling water, stirring about 3 minutes. Add ice cubes and stir constantly until gelatin is thickened, about 2 to 3 minutes. Remove any unmeted ice. Using wire whip, blend in whipped topping; then whip until smooth. Fold in peaches and chill, if necessary, until mixture will mound. Spoon into pie shell. Chill 2 hours. Garnish with additional peaches, sliced and dipped in lemon juice, if desired.

He reminded how a small community of 5,000 people, worked together and constructed the new hospital in Muleshoe.

Prior to the installation of the new officers at the Bailey County Exhibition Center and Coliseum, outgoing Kiwanis President Terry Bouchelle presented several awards of appreciation. These were to Jerry Morrow, new Lt. Governor of Kiwanis District 33; Morrow's wife, Charlie; Frantonya Berryhill, Kiwanis Sweetheart; Pat King and Max King and the chairman for the 1979 fireworks stand, Kiwanian Don Martin.

He then presented the special award for the Kiwanian of the Year. He said the recipient liked Kiwanis, liked people and liked to be useful to his fellowman. The recipient had a perfect attendance record for the 6:30 a.m. meetings except for one instance. He is past president of the Muleshoe Chamber of Commerce and Agriculture; a Cub Scout representative; and was formerly named the Jaycee Citizen of the Year. Bouchelle presented the award to Howard Watson.

Jerry Morrow of Amarillo, the Kiwanis Lt. Governor, presented brief remarks before installing the incoming officers for

the year. Installed were Robert Montgomery, president; Herman Morrison, vice president; Don Martin, secretary; Bill Kinard, treasurer and Bob Donaldson, Jearl Petree, Lonnie Merriott and Dale Burden, directors.

Also recognized continuing directors, Weldon Stevenson, Tom Lobaugh, Bob Gage and Melvin Griffin and outgoing officers; Terry Bouchelle, president; Robert Montgomery, vice president; Melvin Griffin, secretary; Loyd Garlington, treasurer; and Gary Dale, immediate past president.

Incoming president Montgomery presented the outgoing president's plaque and pledged a good year as president of the local civic club. He said he had several things planned for the year and said he is looking forward to a productive year.

A second ordinance established the tax rate and methods of payment of the taxes, including penalties for late payment, and discounts for early payments of the taxes on both real and personal property.

Despite an open hearing conducted, as required by law, on the proposed use of Revenue Sharing Funds, no one appeared during the hearing to comment on proposed use. The Revenue Sharing Funds are generally placed in the General Funds and are used for capital outlay, such as the street sealcoating programs, fire equipment, and for public safety.

City Manager Dave Marr announced during the meeting that Jake Diel Dirt Moving and Paving had completed repairs to earlier paving projects and are presently in the process of cleaning up. Included was the placement of a concrete drainage area at the intersection of West Reno and Ash Streets.

Finance Committee, Grant Jones has sponsored the General Appropriations bill, Property Tax Code and the recodification of the Parks and Wildlife Code. Jones also sponsored in the Senate H.B. 1060 which dealt with the implementation of Constitutional Changes adopted in November 1978.

Featured speaker at the Wednesday evening banquet will be John Henry Faulk, a regular personality on the Hee Haw Show. Faulk, of Madisonville, is considered to be one of America's foremost political and social commentators. He is an author, columnist, humorist and historian.

Speaking on the Thursday morning General Session program will be Congressman Charles Stenholm. Stenholm, a farmer, serves on the U.S. House of Representatives' Committee on Agriculture with subcommittee assignments to Cotton, Dairy and Poultry, Livestock and Grains, Oilseeds and Rice. He also serves on the Committee on Post Office and Civil Service with subcommittee assignments to Investigations.

The Association of Texas Soil and Water Conservation Districts will elect three state directors and four alternates during area discussion meetings on Wednesday, October 3. A new president and vice president will be elected at the business session on Thursday.

Swine Breeders

Form Association

In Parmer County

Parmer County swine breeders officially formed the Parmer County Swine Breeder Association during a breakfast meeting at Bovina last week.

Officers elected to the new association were Max Eubanks, president; Farwell; JeDon Gallman, vice president; Friona and Gaylon Rhodes, secretary-treasurer, Bovina.

Named to the board of directors were Richard Montgomery, Laurence Widner, Butch Willoughby, Benny Pryor, Paul Smith, Scotty Windham and Seth Ralston.

They explained that membership is open to any Parmer County swine breeder, and 4-H and FFA youth.

First activity for the association will be a pig sale, scheduled November 6 at 7:30 p.m. in Friona. Any interested producer may contact the Parmer County Extension office for entry forms.

Water Use Efficiency Is Studied

A whole new approach to increasing plant water use efficiency is about to break ground...Scientists at the Texas Agriculture Experiment Station are betting on the possibility of reducing water use by crops grown on the High Plains by forty percent, while maintaining current yields. Better still, they hope to increase yields by over fifty percent with the same amount of water by applying chemical plant growth regulators. Drs. Charles Wendt and John Abernathy of the Lubbock Experiment Station will soon be evaluating the use of plant growth regulators to chemically increase water use efficiency on High Plains crops. The High Plains Underground Water Conservation District will participate jointly in this research effort with the TAES by providing approximately half the funds for the twenty-four thousand dollar project.

Herbicides are examples of plant growth regulators which are used by farmers.

Lazbuddie...

Con't from page 1

McPherson ran one yard for the touchdown, but the extra point kick missed.

Both teams had six first downs in the game and the Longhorns topped the Owls in running yards with a total of 125 compared to the Owls 104. The Owls had 25 yards passing and Lazbuddie had 75. The Longhorns had a total of 200 yards compared to the Owls 129.

The Lazbuddie Longhorns were ranked 19th among Texas Class B schools by the latest Harris Rating System poll, and was a seven-point favorite over Silverton.

These chemicals have saved producers on the Texas High Plains millions of dollars in weed control in the past few years. New types of growth regulators have been developed which change the way plants grow and develop. Scientists have recently found that a growth regulator called "PIX" produced by the BASF Wyandotte Corporation increases cotton yields by as much as fifty percent. In another test, the application of a compound calls BAS 105 increased corn yields in Colorado by sixty percent. Laboratory research at Arkansas has shown that PIX reduced the water use of cotton by 40 percent while still producing the same amount of yield. It is not known how crops are affected by these regulators. Researchers speculate on whether the chemicals thicken leaves, slow down water use, or cause deeper root systems so the crops get more soil-water. Some of these chemicals also appear to stabilize the growth of the plant under excess water situations.

Another unknown is the influence of these compounds on water use efficiency and the climate and soil conditions under which yield increases can be expected. Wendt and Abernathy will be looking for the answers to how "PIX" influences water use efficiency on cotton under dryland and irrigated conditions and the potential of other plant growth regulators to increase the water use efficiency of crops grown on the Texas High Plains beginning with 1979 field conditions.

Easy Does It
You don't have to live under a rock to escape skin cancer, says the American Cancer Society. Sunbathing in moderation and using sunscreen preparations containing PABA (para-aminobenzoic acid) can go a long way toward preventing skin cancer and premature aging of the skin.

Featured speakers will be: Anatomy and Fetal Development - Jan Quinn, R.N., obstetrical nurse; Nutrition during Pregnancy - Kathy Chauncey, M.S., R.D., nutrition consultant for Texas State Dept. of Health and for local physicians; Fitness and Exercise - Jackie Lambert, M.S., assistant professor of health education at Texas Tech Univ.; Preparation for Breastfeeding - Pat Romines, certified La Leche Leader.

A book table, reading list, and refreshments will be available. The Early Bird Class, presented by Childbirth With Preparation of Lubbock will be given approximately every 2-3 months during the year.

Childbirth With Preparation of Lubbock teaches the Pavlov-Lamazé method of prepared childbirth. Instructors teach couples in small groups usually in the instructor's class series in the last two months of pregnancy.

The class series is 7 weeks in duration including such topics as: Information about labor and delivery, Relaxation &

breathing techniques used during labor and delivery. Theory behind the Pavlov-Lamazé method of prepared childbirth, Variations of labor and delivery, Medication information, Postpartum information for after the baby comes and Labor Rehearsal.

A class series for women expecting to have or recently having had a Cesarean section birth and the Early Bird Class for women in early pregnancy are also taught by Childbirth With Preparation of Lubbock.

TOPS Has Weekly Meeting

Leader Clara Lou Jones called the TOPS Club to order on Thursday, September 27 at 6 p.m. in the Community Room of Bailey County Electric.

Members sang the TOPS song and recited the pledge. Evelene Harris gave the roll call with 27 members weighing in.

Evelene Harris was crowned the weekly queen with Zeffa Shaffer and Lanell Skaggs tying for first runner up. Leavell Parker and Lauranette Mason tied for second runner up.

Sue Murphy reached her KOPS status. Dovie Knowles and Zeffa Shaffer received material for three weeks of consecutive weight loss.

Dovie Knowles drew and accepted the "can-can".

Clara Lou Jones showed a film entitled, "Eat To Your Heart's Content".

The meeting was dismissed with the singing of the Goodnight Song.

SUMMERTIME TREAT: With summer coming to a close, the Muleshoe Young Homemakers served watermelon to the Muleshoe Nursing Home residents Wednesday afternoon following the regular singing activities. Young Homemakers that were present are Cherry Estep, Elaine Stout, Terri Byers, Iva Noble, Teresa McGerrah and Margaret Copley. The watermelon was donated by White's Cashway Grocery.

HONORED WITH PARTY: Mandy Balderas celebrated her fourth birthday in the home of her grandparents, Manuel and Janie Balderas of Muleshoe. Present to help her celebrate with a birthday cake and ice cream were five cousins and her uncle, Tommy. Mandy was born in Frankfurt, Germany on September 21, 1975. She is the daughter of Mr. and Mrs. Bobby Balderas. They are from Worms, Germany.

He reminded how a small community of 5,000 people, worked together and constructed the new hospital in Muleshoe.

Prior to the installation of the new officers at the Bailey County Exhibition Center and Coliseum, outgoing Kiwanis President Terry Bouchelle presented several awards of appreciation. These were to Jerry Morrow, new Lt. Governor of Kiwanis District 33; Morrow's wife, Charlie; Frantonya Berryhill, Kiwanis Sweetheart; Pat King and Max King and the chairman for the 1979 fireworks stand, Kiwanian Don Martin.

He then presented the special award for the Kiwanian of the Year. He said the recipient liked Kiwanis, liked people and liked to be useful to his fellowman. The recipient had a perfect attendance record for the 6:30 a.m. meetings except for one instance. He is past president of the Muleshoe Chamber of Commerce and Agriculture; a Cub Scout representative; and was formerly named the Jaycee Citizen of the Year.

Bouchelle presented the award to Howard Watson. Jerry Morrow of Amarillo, the Kiwanis Lt. Governor, presented brief remarks before installing the incoming officers for

the year. Installed were Robert Montgomery, president; Herman Morrison, vice president; Don Martin, secretary; Bill Kinard, treasurer and Bob Donaldson, Jearl Petree, Lonnie Merriott and Dale Burden, directors.

Also recognized continuing directors, Weldon Stevenson, Tom Lobaugh, Bob Gage and Melvin Griffin and outgoing officers; Terry Bouchelle, president; Robert Montgomery, vice president; Melvin Griffin, secretary; Loyd Garlington, treasurer; and Gary Dale, immediate past president.

Incoming president Montgomery presented the outgoing president's plaque and pledged a good year as president of the local civic club. He said he had several things planned for the year and said he is looking forward to a productive year.

A second ordinance established the tax rate and methods of payment of the taxes, including penalties for late payment, and discounts for early payments of the taxes on both real and personal property.

Despite an open hearing conducted, as required by law, on the proposed use of Revenue Sharing Funds, no one appeared during the hearing to comment on proposed use. The Revenue Sharing Funds are generally placed in the General Funds and are used for capital outlay, such as the street sealcoating programs, fire equipment, and for public safety.

City Manager Dave Marr announced during the meeting that Jake Diehl Dirt Moving and Paving had completed repairs to earlier paving projects and are presently in the process of cleaning up. Included was the placement of a concrete drainage area at the intersection of West Reno and Ash Streets.

Finance Committee, Grant Jones has sponsored the General Appropriations bill, Property Tax Code and the recodification of the Parks and Wildlife Code. Jones also sponsored in the Senate H.B. 1060 which dealt with the implementation of Constitutional Changes adopted in November 1978.

Featured speaker at the Wednesday evening banquet will be John Henry Faulk, a regular personality on the Hee Haw Show. Faulk, of Madisonville, is considered to be one of America's foremost political and social commentators. He is an author, columnist, humorist and historian.

Speaking on the Thursday morning General Session program will be Congressman Charles Stenholm. Stenholm, a farmer, serves on the U.S. House of Representatives' Committee on Agriculture with subcommittee assignments to Cotton, Dairy and Poultry, Livestock and Grains, Oilseeds and Rice.

He also serves on the Committee on Post Office and Civil Service with subcommittee assignments to Investigations.

The Association of Texas Soil and Water Conservation Districts will elect three state directors and four alternates during area discussion meetings on Wednesday, October 3, a new president and vice president will be elected at the business session on Thursday.

Water Use Efficiency Is Studied

A whole new approach to increasing plant water use efficiency is about to break ground...Scientists at the Texas Agriculture Experiment Station are betting on the possibility of reducing water use by crops grown on the High Plains by forty percent, while maintaining current yields. Better still, they hope to increase yields by over fifty percent with the same amount of water by applying chemical plant growth regulators. Drs. Charles Wendt and John Abernathy of the Lubbock Experiment Station will soon be evaluating the use of plant growth regulators to chemically increase water use efficiency on High Plains crops. The High Plains Underground Water Conservation District will participate jointly in this research effort with the TAES by providing approximately half the funds for the twenty-four thousand dollar project.

Herbicides are examples of plant growth regulators which are used by farmers.

Lazbuddie...

Con't from page 1

McPherson ran one yard for the touchdown, but the extra point kick missed.

Both teams had six first downs in the game and the Longhorns topped the Owls in running yards with a total of 125 compared to the Owls 104. The Owls had 25 yards passing and Lazbuddie had 75. The Longhorns had a total of 200 yards compared to the Owls 129.

The Lazbuddie Longhorns were ranked 19th among Texas Class B schools in the latest Harris Rating System poll, and was a seven-point favorite over Silverton.

These chemicals have saved producers on the Texas High Plains millions of dollars in weed control in the past few years. New types of growth regulators have been developed which change the way plants grow and develop. Scientists have recently found that a growth regulator called "PIX" produced by the BASF Wyandotte Corporation increases cotton yields by as much as fifty percent. In another test, the application of a compound called BAS 105 increased corn yields in Colorado by sixty percent. Laboratory research at Arkansas has shown that PIX reduced the water use of cotton by 40 percent while still producing the same amount of yield. It is not known how crops are affected by these regulators. Researchers speculate on whether the chemicals thicken leaves, slow down water use, or cause deeper root systems so the crops get more soil-water. Some of these chemicals also appear to stabilize the growth of the plant under excess water situations.

Another unknown is the influence of these compounds on water use efficiency and the climate and soil conditions under which yield increases can be expected. Wendt and Abernathy will be looking for the answers to how "PIX" influences water use efficiency on cotton under dryland and irrigated conditions and the potential of other plant growth regulators to increase the water use efficiency of crops grown on the Texas High Plains beginning with 1979 field conditions.

BOW HUNTERS HAVE CHOICE

LUBBOCK -- It will depend upon which county the bow hunter chooses to hunt as to whether white-tailed and/or mule deer can be harvested when the annual archery season rolls around October 1.

Since West Texas has such varied deer habitat with both species overlapping in many areas, the Texas Parks and Wildlife Department has separated the hunting of the white-tailed and mule deer county by county across the state.

The Texas archery season for mule deer has been set for Oct. 1-9 and the bag limit will be one buck mule deer in Armstrong, Borden, Briscoe, Carson, Childress, Cottle, Crosby, Dallam, Deaf Smith, Donley, Fisher, Floyd, Garza, Gray, Hall, Hartley, Haskell, Hemphill, Hutchinson, Jones, Kent, Knox, Moore, Motley, Ochiltree, Oldham, Potter, Randall, Roberts, Scurry, Stonewall, and Swisher counties.

The archery bag limit for mule deer is not in addition to the regular open season bag limit. In other words, once an archer bags a mule deer buck, he cannot bag another mule deer buck during the regular (gunning) season.

The bow hunter after white-tailed deer in Mitchell, Nolan, and Taylor counties and south into central Texas may hunt from Oct. 1-31. The bag limit for this region will be three white-tailed deer, either sex, no more than two bucks. No antlerless permits will be required by the bow hunter in these counties.

A more restricted bag limit of two white-tailed bucks has been set for Archer, Baylor, Borden, Clay, Cooke, Crosby, Denton, Duval, Ector, Ellis, Fisher, Garza, Glasscock, Harris, Haskell, Howard, Jones, Kent, Knox, Midland, Robertson, Scurry, Shackelford, Stonewall, Throckmorton, Wichita, Wilbarger, and other counties into central Texas listed in the new 1979-80 Texas Hunting Guide.

Bow hunters in the Texas Panhandle after white-

tailed deer will have a one(1) white-tailed buck deer limit in Armstrong, Briscoe, Carson, Childress, Collingsworth, Cottle, Donley, Floyd, Gray, Hall, Hansford, Hardeman, Hemphill, Hutchinson, Lipscomb, Moore, Motley, Ochiltree, Potter, Randall, Roberts, Sherman, Swisher, and Wheeler counties during their Oct. 1-16 season.

The archery bag limit for white-tailed deer is also not in addition to the regular November season bag limits.

There will be NO archery open season for white-tailed deer in Andrews, Bailey, Castro, Cochran, Dallam, Dawson, Death Smith, Dimmitt, Gaines,

Correct billing errors by knowing your rights and what steps to take.

If you think your bill is wrong -- or if you just want more information about it, follow these steps:

1) Notify the creditor in writing -- within 60 days after the bill was mailed. Tell the creditor your name and account number. Explain that you think the bill is wrong and why you think so.

2) Be sure to tell the creditor the actual amount in question -- or describe the item you want explained.

3) Pay all parts of the bill that are not in dispute, but you don't have to pay the part in question, called the "disputed amount," or any minimum payments or finance charges that apply to it -- until the dispute is settled.

IF IT'S THEIR ERROR If the creditor made the mistake, you do not have to pay any finance charges on the disputed amount. Also, the creditor must correct your account and send you an explanation of any amount you still owe -- so you will have time to pay any balance.

IF IT'S YOUR ERROR However, if you made the mistake, the creditor must promptly send you a statement for what you owe -- and the creditor may include and finance charges that accumulated while you were questioning the bill.

TIME LIMITS A creditor must acknowledge your letter within 30 days unless your bill can be corrected sooner.

Within two billing periods -- and no longer than 90 days, creditors must correct your account or explain why they think the bill is correct.

Hale, Hartley, Hockley, Lamb, Lubbock, Lynn, Martin, Oldham, Parmer, Terry and Yoakum counties in northwest Texas.

Bow hunters must determine where they want to hunt as regulatory counties mentioned may or may not have an archery season. Non-regulatory counties such as Dickens, King and Foard do not have a special archery season for the bow hunter.

All persons who hunt wild deer, bear, turkey, or javelina during any open archery season in which long bows and arrows may be used are required to purchase a \$3.25 archery stamp in addition to other Texas hunting license requirements. These stamps may be purchased at P&W offices and some license vendors.

Specific questions about county and deer species restrictions should be directed to the nearest Texas game warden in your area.

Comptroller Announces New Arrests

State Comptroller Bob Bullock Tuesday said an alleged illegal fuel smuggling operation along the Texas-Mexico border has resulted in the arrest of two El Paso men.

Bullock said the arrests, made under sealed indictment from the Travis County grand jury late Monday night in El Paso for violations of the state's fuel tax laws, came after a year-long investigation by the Comptroller's office into the transportation of untaxed diesel fuel.

He said the Travis County District Attorney's office, the Department of Public Safety, the El Paso County Sheriff's office and the Comptroller's office participated in the arrests.

Charged with shipping fuel without a manifest was Santiago Barunda, 32. Gustavo Aguilar was charged with selling fuel without a permit.

Both complaints are felony charges and carry maximum prison terms of 10 years and fines of \$5,000.

Other arrests are expected, according to Bullock.

"We've drained the tanks of a couple of the biggest diesel bootleggers in El Paso," Bullock said, adding, "we'll be working to round up others."

Bullock said his investigations showed that untaxed fuel was being brought into Texas from Mexico for resale to large truck stops and truckers and the Comptroller's office will investigate this illegal activity.

State tax on diesel fuel is 6 1/2-cents a gallon.

Services For Allene Chapman At Lubbock

Services were held Thursday at 3 p.m. in the Resthaven Chapel of Lubbock for Allene Shuman Chapman, 73 of Goodland. Rev. Charles Abney, pastor of the Three Way Baptist Church at Maple officiated. Interment was held at the Resthaven Memorial Park at Lubbock.

Mrs. Chapman died September 25 at 10:30 p.m. in the Methodist Hospital of Lubbock following a lengthy illness.

Born May 9, 1906 at Stamford, Mrs. Chapman moved to Lubbock in 1924 from Plains. She moved to Goodland in 1951 where she and her husband, L.W. Chapman, operated the General Store and Post Office. She was a member of the Three Way Baptist Church of Maple, the Goodland Bible Study Club and competed and won several fiddlers contest in the area.

She married L.W. Chapman on January 6, 1936 in Lubbock.

Survivors include her husband, and four sisters, Tobe Thrush and Carmen Fillingim, both of Lubbock, Tollye Munson of Ruidosa, N.M. and Mary Johnson of Fort Worth.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Creek discusses one of the qualifications for high office this week.

Dear editor:

With a Presidential election coming up next year and a lot of men with a lot of money already running, a certain phase of the thing has caught my attention. It's the so-called "blind trust."

This of course doesn't mean we put our blind trust in the candidates, however much they'd prefer it. As you know, it means that if one of them gets elected and owns something like oil wells or stocks in companies or anything that might result in a possible conflict of interest, he puts his holdings in a blind trust.

As I understand this it means he's thereafter in the dark about the management of his holdings, although I can't see how he's going to keep from at least peeping at the market reports in the newspaper to see how his stocks are doing.

But of all the blind trusts I've been reading about, the one that interest me the most is President Carter's. He put his peanut farm in a blind trust.

This puzzles me. Why go to all that trouble when, if his farm is anything like mine, it's been in a blind trust for years.

Farming is an open-air business, and you start the year off not only not being able to see the weather 12 months ahead, you can't even see it a week ahead. If that's not blind trust, I don't know what is.

You can estimate fairly accurately a year ahead what your expenses will be, if you allow a 50 percent upward margin for blown gaskets, flat tires, breakdowns, a doubled price for fuel, spare parts, seed and fertilizer, not to mention new insects and medical bills or unforeseen acts of Congress and the Arabs, but what you'll get for what you produce remains in the ultimate of all blind trusts.

If putting your fortunes in a blind trust is a requirement for serving in high office, I'm surrounded by farmers who have qualified.

Yours faithfully
J.A.

Royalty Chosen For Homecoming

The 1979 Homecoming Queen will be crowned during the pre-game activities of the game between Muleshoe and Abernathy. Homecoming queen candidates were selected by the Varsity football team and are JoRonda Rhodes, Becky Turner, and Leslie Wagnon. Escorts are team captains Mike Northcutt, Dennis Watson, and Sam Whalin.

Jo Ronda is a 17 year old senior. She is the daughter of Mr. and Mrs. Joe Rhodes. She is head cheerleader, president of the Senior class, co-editor of the Muletrain yearbook, Student Council historian, FTA secretary, and on the girl's varsity basketball team. Last month she was selected AAUW Girl of the Month. JoRonda will be escorted by Dennis Watson, a senior. Dennis' parents are Mr. and Mrs. Jinks Meyers. He is a member of FTA and is the Senior Class Student Council Representative.

Becky is the 16 year old daughter of Mr. and Mrs. Joe Mack Wagnon. She is a junior, is a varsity cheerleader, Junior class Student Council representative, member of the Blackburn-Moore FTA Chapter and District XVII FTA historian. She will be escorted by Mike Northcutt, son of Mr. and Mrs. Ed Northcutt. Mike is a member of the Blackburn-Moore chapter of FTA and is District XVII FTA president. He plays on the Varsity basketball team and runs track.

Congratulations to these six outstanding young people selected as Homecoming royalty.

Honor Society Names Officers For Next Year

The National Honor Society met Wednesday, September 26 at 6:00 p.m. at Leal's for dinner. Officers were elected and there was a discussion of things that would be done throughout the year. All 14 members and their sponsor, Mrs. Lucy Faye Smith were present.

Officers are President Mark Northcutt, Vice-President Tommy Wheeler, Secretary Lauri Burgess, Treasurer Shelley Splawn, Chaplain Cindy Hamblen, Reporter Sharla Henry, Student Council Representative Shelly Dunham, Parliamentarian Scott Baker, and Bulletin Board Chairman, Debra Stevens.

The faculty of MHS will be selecting Honor Students of the Month for the Freshmen, Sophomore, Junior, and Senior classes each month. These students will be featured on the bulletin board and in the Mule's Tale.

Plans were discussed on further meetings, and it was decided to meet on the last Wednesday of each month at 6:00 p.m. for dinner.

S.O.S.

The annual Homecoming Bonfire is now underway, and the cheerleaders are badly in need of wood. If you have some wood, that you could donate to the Antelope Roast contact Jo Ronda Rhodes, at 925-6714. Someone will be willing to pick the wood up.

Leslie is the 16 year old daughter of Mr. and Mrs. Joe Mack Wagnon. She is a junior, is a varsity cheerleader, Junior class Student Council representative, member of the Blackburn-Moore FTA Chapter and District XVII FTA historian. She will be escorted by Mike Northcutt, son of Mr. and Mrs. Ed Northcutt. Mike is a member of the Blackburn-Moore chapter of FTA and is District XVII FTA president. He plays on the Varsity basketball team and runs track.

JV Mules Are 'Short' At Tulia

The Muleshoe JV out-played, and especially in the second half out-fought the Tulia Hornets only to come up short and see Tulia go home with an 8-0 victory.

The Mules were plagued early in the game with fumbles and penalties but still managed to look the better of the two teams. The mule defense led by Greg Harrison, Brad Poyner, Wesley Rasco, and George Vela managed to stop the Tulia running game competely. The Mules secondary led by Mickey Long and Larry Beene even held the Tulia passing game to practically nothing except for one crucial play when a hornet receiver reached over a smaller Mule defender and pulled down a long pass giving the visitors the ball on the Mules' half yard line. A couple of plays later the hornets scored and added a two point conversion to make the score 8-0.

The Mules came out the second half determined to win and should have. Bobby Perez, Jimmy Gleason, and Trent Kirven ripped off big chunks of yardage behind the blocking of Benton Glaze and Larry Nowell and marched the ball up and down the field only to have each scoring threat taken away by fumbles and penalties. Evidently a Mule victory just wasn't meant to be, as a dejected Muleshoe JV watched a jubilant Tulia team leave the field with an 8-0 win.

Band Spends Busy Year

The Mighty 'M' Band has been working since school was out last year preparing for a good year this year. Many things have happened this summer that many people have never heard about. First, there was the State Solo and Ensemble Contest in Austin. Attending this contest were Kanetha Hysinger, Tena Landers, Beatrice Edmundson, and Diana Saldana. This Clarinet quartet received a second division rating for their ensemble presentation.

Band Camp was the next thing on the list. Tena Landers and Adam Laredo, the Mighty 'M' Drum Majors, attended this camp at West Texas State University. Also attending the camp were the Mighty 'M' Twirlers, Kanetha Hysinger, Chriselda Lopez, and Nora Rojas, and also Perry Flowers, Laura Leal, and Terry Baker.

The weekend before school started the Mighty 'M' Percussion section went to a Percussion Clinic at Wayland Baptist College. The clinician at this clinic was Fred Sanford from Santa Clara Vanguard, the National Champion Drum and Bugle Corps. Attending this clinic were Linette Newman, Robert Nowlin, Janelle Burks, Shawna Kellon, Shelley Davis, Sally Lunsford, Melissa Allison, and Eddie Alvarado.

Last Saturday two of the band members attended an All-State Clinic at West Texas State University. Attending the clinic were Tena Landers and Laura Leal.

band attended an All-State and Percussion Clinic at Texas Tech University. Tim Hautzenhauser from McCormick's Inc., former band director at New Mexico State University, gave the clinic at Tech.

Two weeks before school started the Mighty 'M' Band could be seen on the field getting prepared for the first football game. First, there were sectionals during the day and then there was a practice with the entire band at night. The band has worked very hard during the summer and all the band members feel they will have a successful year.

Leadership Development Is Stressed

Leadership, team work, goal setting, and other topics were the objectives of the DECA Area VI LDI (Leadership Development Institute) held Friday and Saturday, September 21 and 22, at the Lubbock Campus of South Plains College. Many activities and projects were used to show the importance in these areas. The importance of good leadership was stressed.

DECA students attending from the Muleshoe Chapter were Albert Lopez, Yolanda Hernandez, Ginger Wilcox, and Jerry Puente. Ginger Wilcox's group placed first in "Flying High with LDI" competition. Jerry Puente was nominated for "Outstanding Student of LDI." Special guests included David Jones, Area VI President, and Janet Miller, DECA State President. DECA-Developing Future Leaders in Marketing and Distribution.

The first National Yearbook Week is October 1-7, and Muleshoe yearbook staff members are actively participating in it. Some of the activities planned include entering a miniature float in the Homecoming parade and decorating a door for Homecoming. The staff will also be selling Memory Mates of the Varsity football team. The follow-up of National Yearbook Week will be the sales campaign for the 1980 Muletrain. Annuals will go on sale Monday, October 8, and may be purchased from any staff member. The Muletrain is selling for \$10.00 plus tax. \$12.00 plus tax will purchase a personalized annual including a plastic cover.

Twenty or thirty years from now when you look over your high school yearbook, you may find someone famous inside the covers. After all, today's top Hollywood stars were once high school students just like yourself.

If you look over some old yearbooks, you'll find there was frequently an early sign of the fame that eventually touched a classmate.

This is especially true for sports figures. Arnold Palmer, for example, was a member of his high school golf team for four years and won the Pennsylvania State Golf Championship. Joe Namath was on the football team of course and the slogan under his name still fits him, "Joe...magician with a football...always ready to have fun...carefree."

For those who found fame in the theater there are signs, too. Charlton Heston was in every high school play at New Trier High in Winnetka, Ill., and was a member of the drama club. Johnny Carson was a member of the Thespians and Dick Van Dyke and Jimmy Stewart also had roles in class plays.

Yearbooks have been a part of U.S. students' lives for nearly 200 years. They are frequently used as a background source by the news media.

Famous people often worked on their high school yearbook, too. For example David Sole, who plays Hutch in the hit television show "Starsky and Hutch," was once a member of his yearbook staff. Gladys Knight was on her high school yearbook staff, and had a nickname with which everyone is now familiar, "Pip."

Farah Fawcett was voted most "beautiful girl" by her class, but Cheryl Tiegs, was not homecoming queen for her school, only a princess.

It's even possible that the high school yearbook you purchase this year may increase in value long before you and your classmates gather for your future reunions. Of course that depends on how famous you or one of your classmates becomes. A

yearbook from Gerald Ford's class sold at an auction five years ago for \$475, and classmates of Farah Fawcett have had offers as high as \$150 for the yearbook which features her picture.

Even if the members of your class never achieve Hollywood stardom or become President of the U.S., chances are you'll never return for a class reunion without first checking out your yearbook. You may not recognize the people 25 years after graduation, but you'll be sure to recall their activities and the plans they had then for the future.

Why not go through the old yearbooks at your high school? You might be surprised to find a famous person inside the pages of an older edition. Right now is a good time to do it, too, because the first National Yearbook Week is October 1-7.

The week, which is sponsored by the Yearbook Printers Association, is designed to draw attention to the importance of yearbooks as current, future and historical documents. Yearbooks have become a real link between the past and present.

Muletrain co-editors are Jo Ronda Rhodes and Shelley Splawn. Staff members include Brad Poyner, Mickey Long, Lupe Rosales, Keva Roming, Sharla Henry, Lynnette Shafer, Tyree Wagnon, and Michelle Agee. Yearbook advisor is Mrs. Lucy Faye Smith.

Kristi Henry FHA Leader For 1979-80

The newly elected FHA officers met Wednesday September 26, in the clothing lab. Many possible money making projects were discussed with the selling of home economics cookbooks heading the list.

A committee of members was also appointed to draw up plans for the float entry in the Homecoming parade. The officers also voted to decorate the nursing home and a committee was appointed to be in charge of themes and decorations. The FHA officers this year are Kristi Henry president, Staci Vandiver 1st vice president, Rhonda Mills 2nd vice president, Beth Harmon 3rd vice president, Terri Dulin 4th vice president, Shelli Walker 5th vice president, Gina Beavers 6th vice president, Lavon Rhodes secretary, Sandra Agundis historian, Joni Sudduth parliamentarian, Kristi Ethridge treasurer, and Charli Hawkins

BULLETIN

School day pictures will be taken Tuesday, October 2, at 8:30 a.m. in the high school auditorium.

Homecoming Slated Friday, October 5

Homecoming festivities will begin Monday, October 1, as the miniature floats go on display in the hall. These floats are made on red wagons by each class and each school organization. Friday during the Pep Rally these floats will parade through the gym, and the winners will be announced.

There will also be a door decoration contest during the week with prizes given to the best decorated door. On Thursday night at 8:00 p.m. there will be a bonfire in the vacant lot by the boy scout hut. The bonfire is a "pep rally" to get the spirit boosted for Friday night's game. All Mule fans are invited to attend.

On Friday afternoon at 2:15 there will be an Exes Tea in the High School cafeteria. This tea will be sponsored by the Student Council. Entertainment will be provided by Sharla Henry, Cindy Hamblen, and Linda Shafer.

At 2:45 p.m. the homecoming pep rally will begin. Included in this pep rally will be a presentation of the homecoming queen candidates.

There will be pregame festivities before the Muleshoe-Abernathy game when the homecoming queen for 1979 will be crowned. The winner of the homecoming football will also be announced at this time. This football will be painted by Mark Northcutt and will have the names of all the players, coaches and cheerleaders on it. Tickets for the football are being sold by

Jimmy Carter, President, speaking to lowans: "My preference-- instead of importing a barrel of oil--is to produce a barrel of gasohol in Iowa."

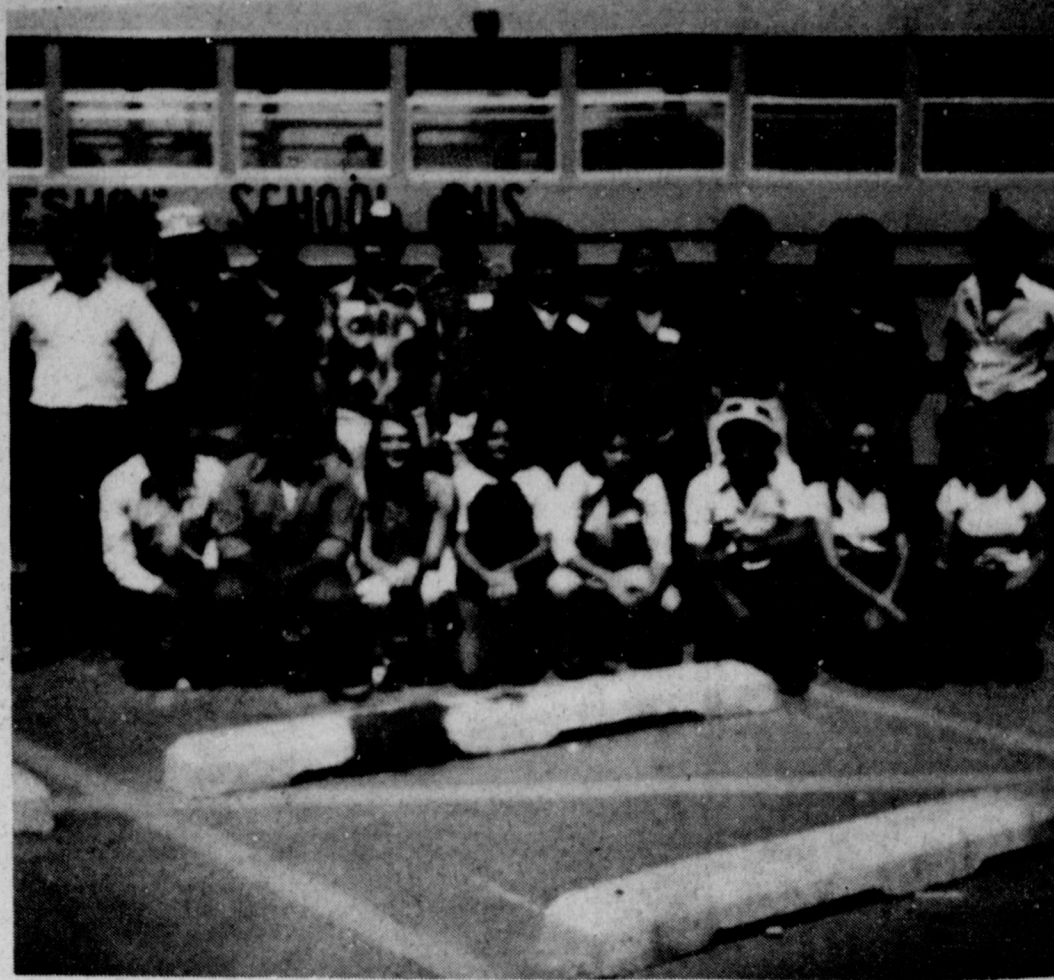

MHS Student Council. Tickets are 25 cents and can be purchased from any Student Council member.

At 8:00 p.m. will be the kickoff of the Homecoming football game as the Muleshoe Mules take on the Abernathy Antelopes.

VICA Group At Leadership Fall Workshop

This year the VICA (Vocational Industrial Clubs of America) attended a fall leadership conference Saturday September 22, 1979 at Canyon High School. The bus left Muleshoe High School at 7:00 a.m. arriving at Canyon at approximately 9:00 a.m. Attending from Muleshoe were Jo Garth, Treasurer; Darla Ramage, reporter; Lori Douglas, Vice President; Reynaldo Rojas, President; Joe Don Fabela, Sergeant At Arms; Ruben Fabela, Parliamentarian; Aurora Quintana, Ramero Torres, Joe Lopez, Raul Lozano, Paul Hurtado, Marvin Lewis, Bobby Bartholf, Quincy Kirven, Jacinto Rodriguez, Jackie Alvarado, Rita Ring, Ramon Guillen and Minerva Martinez.

The students from all across the Panhandle viewed films and slides. At 10:45 the group attended interest groups. Canyon High School had lunch prepared in the cafeteria for the students. In the afternoon after getting acquainted with others, the officers attended a training session. The closing ceremonies were at 1:45 and were attended by everyone. Then back on the buses for the trip home with the group arriving back in Muleshoe at approximately 4:00 p.m.

Coach Mike Wartes
The victory against Tulia was a very big win for us. It gave us momentum going into Open Date which we hope will carry on into the Homecoming contest. We were very pleased with the improvement made in the offensive link and the defensive secondary, as well as the improvement of the total team structure. We were very pleased with the great amount of emotion that the team played with Friday, but we were very displeased with the number of penalties and must strive to eliminate all fumbles and pealties.

I would like to congratulate the defensive unit for their shut-out. It was the first shut-out of the year for us. We are also very proud of the offensive unit for putting four touchdowns on the board.

The kicking game, especially the extra point and kick-off, need a lot of improvement. We are very proud of the deep-snapping of Rodney Unwin and the punting of Terry Burton. The punt return team has also made a lot of improvement. We would like to keep up the good spirit at school for Homecoming and work hard for the next two games before starting district play against Friona on October 19.

FTA Students At Conference In Plainview

Future Teacher members of Muleshoe High Blackburn-Moore TFTA Chapter attended District XVII TFTA Leadership and Planning Conference this past weekend in Plainview at Wayland Baptist College.

Mike Northcutt, District XVII TFTA President; Becky Turner, District XVII Vice President; Sam Whalin, District XVII Parliamentarian and local chapter president; Leslie Wagnon, District XVII Historian; Carroll Precure, local chapter vice-president; Jo Ronda Rhodes, local chapter secretary; Clifford Watson, local chapter reporter; and Michelle Agee, local chapter chaplain attended the conference along with advisors Kerry Moore and Stephen Johnson.

Mike Northcutt presided over the opening session of the Leadership Conference. Mike and Becky were chairpersons of the president's and vice-president's conference, while Sam and Leslie co-chaired the section of parliamentarians and historians.

The second session of the workshop was directed by President Mike Northcutt. In this meeting duties and responsibilities were given to local Chapters pertaining to the District Convention to be held at Wayland Baptist College on November 1.

Muleshoe's chapter will be responsible for programs, speaker, delegate and sponsor badges, and advisor's workshop.

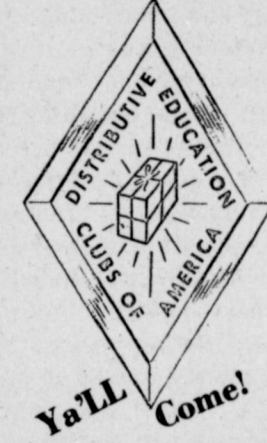

The next regular meeting for the District Officers will be Saturday, October 27, in Plainview.

ON DEATH PENALTY
BOSTON - Massachusetts re-activated the death penalty, with Gov. Edward J. King predicting the bill he signed into law would survive a court challenge. The law replaces a death penalty statute struck down by the state's high court in 1975.

The TIE that Binds...

Man and woman began their married life in church and according to God's holy word are joined together. With the Bible as the basis for the beginning of a new life together, it seems only reasonable that a continued study of God's word would strengthen and serve as a guide to any couple. The Bible can truly serve as a tie that will bind two together in accord. The church as God's agency on earth can help you in Bible study, and with the guidance of the Holy Spirit can help you to understand God's will in your life.

"And the Lord shall guide thee continually, and satisfy thy soul in drought, and make fat thy bones; and thou shalt be like a watered garden, and like a spring of water, whose waters fail not." Isaiah 58-11

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

DECEIVED

is not a film about Jonestown- its focus is the living, not the dead.

...the true stories of survivors and ex-cultists who, like other Jones victims, were from Christian homes and churches.

Nov. 18, 1978
913 People died!
They might have lived

-if they had seen a film like this.
-if they had struggled with the questions raised,
-if they had studied its Biblical guidelines,
-if they had heeded its warnings.
To understand, step-by-step, how Jones deceived them is to better understand how all cults work and how you can keep it from happening to those you love.

White's 2-155 Field Boss... built-in strength and working features in the 150-160-hp class.

If you're in the market for a big row crop tractor, we invite you to consider the extra built-in strength and working features of a White® 2-155 Field Boss® that some competitors consider options.

White provides you with the largest displacement turbocharged engine in the 150 to 160-hp class. Plus our proven 18-speed 3x6 Over/Under Transmission with 3-speed powershift and 13 working speeds is standard equipment.

More extra value features...standard engage on-the-go differential lock...a standard Cat. III 3-point hitch with quick coupler plus extra heavy duty inboard planetary final drives. Then add 14,300 lbs. of actual built-in working weight...plus a standard new deluxe Field Boss cab.

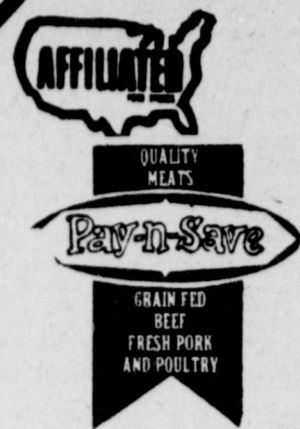

Measure our competitor's tractor...by our tractor. See us today.
