

Allied Force Moves To Cut Off Rommel

Hope Revived For Rickenbacker As His Pilot Saved

Capt. Cherry, Brother Of Local Man, Picked Up By Navy In Pacific

WASHINGTON, Nov. 13. (AP)—Hope for the rescue of Captain Eddie Rickenbacker, the famous World war ace who has been missing in the Pacific since October 21, was revived today when the war department announced the rescue yesterday of a member of the crew of the plane which was last heard from over Hawaiian waters.

Hopefully the war department said: "It is believed possible that other survivors may be on life rafts in the same general vicinity."

Days after the plane disappeared, Secretary of War Stimson still had held hope of Rickenbacker's rescue, commenting that the flier was "an exception to ordinary rules."

The rescued flier was Capt. William T. Cherry, Jr., Abilene, Tex. The department said he was picked up by the navy yesterday, "in good condition, but weak."

American Subs Take Big Toll Of Jap Ships

WASHINGTON, Nov. 13. (AP)—American submarines and bombing planes, striking at Japanese supply lines sprawled across the South Pacific, put at least 11 cargo or transport vessels out of action in the battle for the Solomon Islands and New Guinea.

Seven of the equipment and troop-carrying craft were sent to the bottom by torpedoes launched from far-ranging submarines.

Heavy bombers caught four others in the harbor at the Japanese Buin-Falal base in the northern Solomons. All were damaged.

On land in the Solomons a lull apparently has developed in the battle between American troops and Japanese invaders seeking to regain Henderson airfield from which bombers can control many shipping lanes.

In New Guinea, however, the battle of ground troops continues to pile up victories for American and allied forces. Gen. Douglas A. MacArthur reported the enemy was retreating from the Oivi-Gorari area where the Japanese had sought to gain control in the Owen Stanley mountain area.

The retreat might develop into a disorderly rout, official reports indicated, for the Japs have abandoned much equipment and left behind some troops.

Enemy aerial attacks on American held positions in the Solomons were made at heavy cost, the navy reported. Navy intercepter planes shot down 17 Japanese bombers and zero fighters and possibly three more dive bombers and two fighters were destroyed. American losses in repelling the attack were seven planes.

Reds Repulse Nazi Assaults

MOSCOW, Nov. 13. (AP)—Repeated German attacks, which Red Star characterized as the beginning of a new Nazi offensive, were hurled at the defenders of Stalingrad yesterday but the Russians declared today that all the assaults had been repelled with heavy Nazi losses.

The Red army organ said the Germans had thrown overwhelming superior forces into the battle and the midday communique of the Soviet information bureau described the fighting as fierce.

The official bulletin, however, did not go so far as to label the assaults a full-fledged offensive and the details which it gave were not indicative of a large-scale battle.

City Sells Scrap At \$5.25 A Ton

Chairman Boyd McDaniel of the salvage committee reported today the sale of the city's scrap piles to the Big Spring Iron & Metal Co. at \$5.25 per short ton, indicating that the proceeds would go to the Office of Civilian Defense for the maintenance of the soldiers' recreation center and operating expenses of the office.

Whether the deal would include school and P. T. A. scrap piles had not been decided, McDaniel stated, adding that school officials had been contacted but as yet no commitment had been received.

Approximately 170 tons of scrap iron are involved in the transaction.

Wife Hears Of Exploit—The wife of Maj. Gen. Mark W. Clark, second in command of allied forces in North Africa, held the 46-year-old general's favorite cocker spaniel "Pal" as she got news of his secret trip by submarine into enemy-dominated territory to confer with French officials. At left is a picture of the general. This photo was taken at Washington.

Wide Variety On Sunday's Civic Show

A tenor solo, a baritone solo, a brother-sister novelty song, a violin-guitar duet, a vocal trio and a saxophone trio are just a few of the musical numbers planned for the entertainment of soldiers and civilians at the city's third variety show at 3 p. m. Sunday in municipal auditorium.

Started three weeks ago, the programs have met with instant success and created such enthusiasm that the City Pastors' association, sponsors of the show, decided they would be continued as long as sufficient interest was shown.

Sunday's show, as always, will open with the singing of "America" by the audience.

Sgt. Marcus Williams will direct two groups of numbers by an ensemble from the post band followed by the Rhythmettes, a girls' trio.

Clifford Prather of the high school band will play a bass solo, and Cpl. Harry T. Toesch, Sgt. Vernon Barnes and Sgt. Velt N. Rice will be presented in the saxophone trio.

Pvt. Donald Fey, baritone, will sing the Army Air Corps song, accompanied by the Rhythmettes, after which Pvt. Joe Kling will be featured in a tenor solo.

Perry and Billy Jean Walker will sing a novelty tune, and Pvt. Eugene Navattl and Pvt. Hal Harris will bring the guitar duet.

The program will be concluded with a sing-song led by Director Dan Conley of the high school band.

Soldiers, who attended the first show in small numbers, made a good showing last Sunday and are expected to swell attendance considerably at the third show.

New Speed Mark On Ship Launching

SAN FRANCISCO, Nov. 13. (AP)—Another unbelievably fast ship construction record was set on San Francisco Bay today. The Pacific Bridge Company launched the 8,000 ton freighter Samuel Very, 80 hours after the keel was laid.

This shattered Henry J. Kaiser's record, set yesterday at his Richmond No. 2 yard, of 111 1/2 hours for the larger cargo carrier Robert E. Peary.

One of the last messages to the delegates was on the wide field still open to home mission workers, whose tasks parallel those of foreign missionaries. The principal report came from the Rev. J. L. Moyer of San Antonio, who pictured the work that could be done among 700,000 Italians, 2,000,000 Spanish-Americans, and 11,000,000 negroes and others living in the 19 states of the Southern convention.

The convention approved a resolution calling for the teaching in Baptist-supported Texas schools of courses on the evil effects of liquor and its costs to the citizenry.

Rep. Maas' Speech Brings Demand For An Investigation

WASHINGTON, Nov. 13. (AP)—Accusing Representative Maas (R-Minn) of having "rendered aid and comfort to the enemy" in a speech broadcast last night, Representative Vincent (D-Ky) called today for a congressional investigation of Maas' "serious charges."

In a letter to Chairman Vinson (D-Ga) of the naval affairs committee, the Kentuckian said he was astounded by some of the statements made by Maas, who charged lack of

organization in the armed forces.

"If his speech had been dictated in Berlin or Tokyo," Vincent wrote, "it could not have been more effective in breaking down the morale of our people."

Rep. Martin of Massachusetts, the minority leader in the house, called for immediate action by congress to remedy the situation described by Maas.

Maas, a colonel in the marine reserves who returned recently from a four months tour of duty in the Pacific, declared also that official reports of "defeats and disasters" had been "twisted and played down."

In an interview, Martin said that the responsibility of correcting the situation described by Maas belonged to congress, and called for formation of a special joint house and senate committee to tackle the assignment.

President Roosevelt was asked at his press conference today whether he had seen or heard about the Maas speech. He replied in the negative.

White Heads Baptist Group

FORT WORTH, Nov. 13. (AP)—Texas Baptists went back to their homes and churches today charged with the task of bringing their version of the gospel to thousands who lack it and of fighting for prohibition.

The new president of the Baptist General Convention, which concluded its three-day meeting last night, is Dr. W. B. White, president of Hardin-Simmons University at Abilene. He has served pastorates in Fort Worth, Oklahoma City, Greenville and Lubbock and was once executive secretary of the general convention.

He succeeds A. D. Foreman, Sr., of Houston, thrice president.

One of the last messages to the delegates was on the wide field still open to home mission workers, whose tasks parallel those of foreign missionaries. The principal report came from the Rev. J. L. Moyer of San Antonio, who pictured the work that could be done among 700,000 Italians, 2,000,000 Spanish-Americans, and 11,000,000 negroes and others living in the 19 states of the Southern convention.

Race Is On To Beat Nazis To Major Port Of Tripoli

LONDON, Nov. 13.—A powerful striking force of Lieut. Gen. Dwight D. Eisenhower's combined British-American army swept toward Tunisia today in strength which suggested that it might break on through and beat Field Marshal Rommel to Tripoli, the last major port of escape left after his headlong flight west of Tobruk.

There were many indications that this time the axis was too late with too little in its effort to grab off Tunisia—and was well aware of it.

A British announcement that RAF fighters had shot down six big Italian troop-carrying planes filled with German troops and "flying north, probably from Tunisia", indicating that the nazis might be hastily pulling out the garrisons they had rushed to that French protectorate.

Bright with prospects of continued allied successes, this was the pattern of developments:

1—American assault troops leading the new British First army were expected to cross the Tunisian frontier today, coming within 400 airline miles of the great Libyan port of Tripoli, with little prospect of any resistance in Tunisia that they cannot handle.

2—Racing for safety, Rommel abandoned the historic siege port of Tobruk to the British this morning, too hard-pressed to put up a fight, with fully 500 airline miles of desert trail between him and Tripoli.

3—French North Africa was adjusting quickly to its new role as a vast American-British offensive base, and the German-controlled Vichy radio said Gen. Auguste Nogues, former French commissioner general of Morocco, had joined Admiral Jean Darlan in allied councils at AEF-occupied Algiers.

4—An allied spokesman declared that "considerable numbers" of the German 1940 armistice commission in North Africa had been captured by the United States forces and presumably were considered prisoners of war.

5—Field Marshal Jan Christian Smuts, premier of the Union of South Africa, declared that the spectacular British-American campaign made possible a great allied offensive year in 1943 which might end the war in 1944.

An allied spokesman said "preliminary and partial reports show that United States casualties in the North African operation have been extremely light."

Observers here estimated that an American assault force which landed yesterday at Bone, 60 miles west of the Tunisian border, should cross that frontier easily today, leading the way for Lieut. Gen. K. A. N. Anderson's British First army.

The Berlin radio broadcast a Vichy communique which said United States planes had bombed the Tunis airport. The Vichy radio said Tunis had alarms last night from 8:15 to 10:30 p. m., and this morning from 2 to 4 a. m., and from 6:10 to 8:45 a. m.

A spokesman at the allied headquarters said he did not know definitely that the destruction of axis planes carrying Germans north from Tunisia meant a pre-emptive exit from the protectorate, but "I hope it does mean that."

The Germans had little choice, however. There seemed no way by air or sea that they could reinforce the few thousand men they rushed to Tunisia sufficiently to check the allied advance.

Some sources speculated that the Germans shot down might have been demolition experts sent into Tunisia for the sole purpose of attempting to wreck airfields in installations which might be useful to the allies.

Another possibility was that the planes might have carried reinforcements to Tunisia which were ordered back without landing when it was realized that a stand there would be costly.

Teen Draft Is Up To FD

WASHINGTON, Nov. 13. (AP)—The teen age draft bill awaited President Roosevelt's signature today. Prompt approval would mean that some 18 and 19 year old youths may be called to the army by Christmas.

About 800,000 youngsters out of a total of approximately 1,500,000 available 18 and 19 year olds are expected to be called up this winter, deferring the same number of married men and men with families. Maj. Gen. Lewis B. Hershey has estimated that his selective service organization will "lose" possibly 200,000 of the 1,500,000 to the army, navy and marine corps through voluntary enlistment.

The group liable to service taken in all youths who had passed their eighteenth birthdays on the last registration date, April 27. The senate debated nearly five hours yesterday before adopting the recommendations of a joint senate-house conference committee which eliminated an amendment requiring 12 months pre-combat training.

A half dozen senators reiterated their objections to knocking out the training clause, but only a few scattered nay votes were heard when the report was adopted by a voice vote.

New Demands Heard For Suspending 40-Hr. Week

WASHINGTON, Nov. 13. (AP)—Demands for suspension of the 40-hour week rose to a new pitch in congress today amid charges that the nation's labor resources were not being used efficiently.

Senator Byrd (D-Va.) told reporters he believed the problem of speeding supplies to a large American expeditionary force in North Africa had tremendously increased the need of obtaining the maximum production he felt could be reached only by lengthening the work week.

"The time has come when we must press the fighting stronger and stronger every minute," Byrd declared. "We have to utilize the manpower strength of the country to the fullest extent and we are not doing that with the 40-hour week."

Asserting that the average work week in war industries appeared to be only about 42 hours, Byrd said he thought the length of the war could be cut considerably by

stretching this to 48 hours.

At his press conference today President Roosevelt reiterated that the nation was practically on a 48-hour work week now.

Mr. Roosevelt made the statement when asked whether he had read the recommendations of the senate defense investigating committee for a 45-hour work week, and appointment of a single administrator to direct both civilian and industrial manpower mobilization.

The president said he had only seen newspaper accounts of the report.

To avert any inflationary effect from resulting overtime pay, the senate committee proposed that all overtime in excess of the 1942 average be paid in bonds redeemable after the war or usable for federal tax purposes.

Overtime pay in war industries would all be at time and one half, but in non-war industries overtime beyond present averages would be at regular basic wages.

Working with him in the sub-station here are E. W. Stanley and Derald Lehman.

He succeeds S. L. Cooke, who was transferred last week to the district office in Dallas after heading the Big Spring unit for most of a year. Baucom is from Dallas, although he had been in Norfolk, Va., for a time before being moved back to the Dallas station preparatory to being sent to Big Spring.

Sew & Sew Club Quilts For The Red Cross Unit

Members of the Sew and Sew club met with Mrs. Clyde Thomas, Sr., Thursday for an all-day sewing session and luncheon.

Two quilts were completed, making a total of 13 quilts donated to the local Red Cross chapter by the club.

The group will meet with Mrs. Thomas again Thursday, Nov. 19. Luncheon was served and those attending were Mrs. Jack Haines and daughter, Betty Kay, Mrs. D. A. Watkins, Mrs. Charles Crouch, Mrs. C. E. Talbert, Mrs. R. O. Easdale, Mrs. Ollie Deal, Mrs. Clyde Johnston, Mrs. Raymond Flunkett, Mrs. Wayne Gounds and son, Norman.

Yell Leaders Sponsor Sadie Hawkins Dance In School Gymnasium

The yell leaders of the Big Spring High school are sponsoring a Sadie Hawkins costume dance which will be held in the school gymnasium tonight at 8 o'clock, with prizes being awarded for most original costumes.

At the close of school this afternoon, a race was to be held, with girls racing the boys, pinning a "ketchup" sign on their backs. Girls will furnish transportation, and escort their dates to the girl tag affair.

Publication Of School Yearbook To Be Decided

Publication of the El Rodeo, high school yearbook, is shrouded in many wartime "ifs", it was disclosed Friday.

Primarily, sale of 500 of the books must be guaranteed. Next a photography contract must be closed, and then students must be prepared to accept several restrictions on the book. In view of this, seniors will meet during guidance period Monday to reach a decision. Staff members will get a consensus by visiting the home rooms.

If it is decided to undertake the book, sale will start immediately, but no pictures will be taken before Jan. 1. Tentatively plans call for the \$2 book price to cover photographic costs.

One Car Purchase Granted By Board

One new passenger car was authorized this week by the War Price and Ration board for Robert Perry Stewart.

Also granted were 12 passenger car tubes and one passenger car tire, 16 truck retreads and 24 passenger retreads. The board permitted 19 truck tires and 15 truck tubes along with 52 obsolete tires. Four Grade Two tires were also granted.

The staff design the cover, although they could have some choice in colors.

The book would be a compact one, containing pictures of students, favorites, sports, and other activities as before, but because of the war effort, it must be curtailed somewhat or abandoned entirely.

TEST PETROLEUM JELLY THIS WAY
Press Molinee between thumb and finger. Spread slowly apart. Long fibers prove Molinee's high quality. For minor cuts, burns, bruises, etc., Molinee, 10c.

Two Hostesses Entertain The X. Y. Z. Club

Mrs. J. D. Jones and Mrs. Leon Lederman were hostesses to the X.Y.Z. Club at the Settles Thursday evening at 7:30 o'clock.

Mrs. Alex Miller was introduced as a new member and two guests present were Mrs. Jeff English and Mrs. Cecil Snodgrass.

Yellow roses and chrysanthemums centered the table.

High score for forty-two went to Mrs. W. L. Thompson and high for bridge to Mrs. V. A. Whittington. Mrs. Charles Girdner was awarded bingo prize.

Mrs. Coy Nalley and Mrs. Ennon Lovelady are to be next hostesses.

Others present were Mrs. H. P. Wooten, Mrs. Roy Reeder, Mrs. Lee Harris, Mrs. W. D. Carnett, Mrs. Doyle Vaughn, Mrs. Ennon Lovelady.

Annual Chili Supper To Be Held Saturday

The Altar Society and Parish Council of St. Thomas Catholic church are sponsoring a chili supper to be held all day Saturday from 11 o'clock until 9 o'clock in the evening at the old J. C. Penney store location.

The public is cordially invited to the annual supper.

VISITS AND VISITORS

Mrs. L. N. Cox of Selma has returned to her home after a visit with her daughter, Mrs. W. J. McAdams and Mr. McAdams.

Mrs. A. T. Lloyd is in San Antonio visiting Dr. and Mrs. Raleigh Davis. She was accompanied by Sgt. and Mrs. S. W. Applin.

Mr. and Mrs. R. V. Foreyth and Mr. and Mrs. Jones Lamar left Friday morning to visit in Dallas and Denison.

Mr. and Mrs. B. F. Blum and sons, Bobby and Billy, will spend the weekend in Morton, visiting with Mr. and Mrs. Clyde Reynolds. They will return Sunday.

Mrs. Cecil Snodgrass of Austin is the guest of Mrs. Ted Groehl for several days. Mr. and Mrs. Snodgrass are moving back to West Texas after an absence of over a year.

Mr. and Mrs. W. J. Goodson have received word from their son, Richard, who joined the navy in Burbank, Calif., and has been stationed at San Diego, Calif., as machinist mate.

John Bill Gary of Sonoma, Calif. is visiting his mother, Mrs. L. M. Gary and Mrs. Tom Cantrell.

CALENDAR

SPEEDERS FINED
Two speeders were fined \$14 each in Justice court Thursday and one fine of \$18 was levied on a man on charges of assault.

Mrs. Blomshield Entertains The Justamere Club

Mrs. Carl Blomshield entertained the Justamere club with a 1 o'clock luncheon in her home Thursday afternoon with Mrs. James Little and Mrs. Ben Carter present as guests.

Mrs. J. B. Young won club high and Mrs. James Little, high score for guests.

Yellow chrysanthemums decorated the entertaining rooms.

Those attending were Mrs. H. W. Leeper, Mrs. R. C. Strain, Mrs. M. H. Bennett, Mrs. J. Y. Robb, Mrs. E. O. Ellington, Mrs. J. B. Young, Mrs. Roy Carter, Mrs. A. V. Karbher, Mrs. Cal Boykin, Mrs. V. Van Gieson.

Mrs. E. O. Ellington is to be next hostess.

Mrs. Robert Hill To Represent The West Ward P-T.A.

Mrs. Robert Hill was elected to represent the West Ward Parent Teacher's Association when the group met at the school Thursday afternoon for an executive committee meeting.

Mrs. Hill, with delegates from other local schools will represent Big Spring at the P-T. A. convention to be held in Houston Nov. 18 and 19.

The group discussed needs of the school and others present were Mrs. C. R. Moad, Mrs. M. E. Boatman, Mrs. Harry Montgomery, Mr. Hill and Lois Garden.

Three Royal Neighbors To Attend Homecoming In Abilene Today

The Royal Neighbors will have an all day home coming at Abilene today which will be the last for the duration, it was announced at the Thursday meeting of the local chapter, when the group met for a short business session at the W. O. W. hall.

Those from the local Royal Neighbors Lodge who will attend the party include Mrs. Gordon Buchanan, Mrs. Roy Wilson, Mrs. Claud Wright.

"America Pitches In" Subject At Meeting Of West Ward Group

A round table discussion on "America Pitches In" was the program feature of the West Ward Study Group when they met at the school at 3:30 o'clock, Thursday.

Those present included Mrs. W. R. Grady, Mrs. C. R. Moad, Mrs. M. E. Boatman, Mrs. D. H. Stewart, Mrs. Rufus Davidson, Mrs. Robert Hill, Mrs. Stanley Clairborne, Mrs. G. R. Burnett and Mrs. A. M. Ripps.

Advisory Board Hears Reports On Needs Of The Nursery School

The Nursery School Advisory board met Thursday evening at the Settles hotel maxzantine to hear reports on needed repairs to be made at the school.

Mrs. Shelby Hall, who has resumed duties as manager, reported on the need for a new roof on the nursery before the advent of cold weather. A new inside ceiling is also needed at the school, she reported.

Mrs. W. J. McAdams presided over the meeting. A guest was Mrs. Gordon Buchanan.

'CHUTE DIDN'T GET HIM RIDE - Although Bill's mother made him a parachute just like Dad's the youngster still didn't get to go for a plane ride. Bill's father, J. W. Martin, is an Army Transport pilot.

Downtown Stroller

Visited a moment with Mrs. SHINE PHILIPS and Mrs. ELLEN WOOD. Mrs. PHILIPS, by the way, is a W.W. (working woman) these days and claims so far that working downtown is easier than housework. So the next time somebody tells you housewives that you don't have anything to do, you know what to tell them.

Had a chat with Mrs. FRED HALLER, who is leaving this weekend for Brownwood to visit her husband at Camp Bowie before gas rationing. Gas rationing is going to be hard on these war-widows who have kept the roads busy going back and forth to see their husbands.

Before we forget, don't break any mirrors today, or cross any black cats' paths, because today is the old hoodoo day, Friday the 13th. Personally, we have our bad luck on as many Thursdays as Fridays the 13th, but it's traditional and traditional is always right.

And then there's the one about the boy who wrote to his folks from a censored address, "I'm in the land where Christ was born. I wish... I was in the land where I was born." This is a complaint that several of the fellers could use, no doubt.

Gas Ration Registrars Are Given Final Instructions

Final instructions for registrars in the mileage ration passenger car registration to be held November 19-20-21 at local and county schools were given this morning at the court house by Vance Apple of Lubbock, state representative.

Meeting together were members of the tire panel, gasoline panel, city and county school superintendents, and ration board clerks.

Apple in a talk to the group emphasized that enough gasoline would be permitted for any necessary driving but not for pleasure driving.

He told the gasoline panel members that it was urgent to act on supplemental applications, requests for more than the basic A card allotments of gas, in 48 hours if possible but at least within 10 days after application is made to the board.

Brought out in the meeting was the information that the passenger car owner must bring a completed application form to the school registrars, along with a 1942 motor vehicle registration card receipt.

Apple pointed out that if the registration receipt is made out in someone else's name, the present car owner must secure an additional certification card from the ration board before going to the school to register as registrars will not be permitted to issue the basic A book unless the names on the application and

receipt tally or unless the additional certification card is attached to the application in case the names do not tally.

Registrars will also not be permitted to issue A books to car owners who admit to owning more than five tires.

In the case of a wife driving a car registered in her husband's name, and the husband is in the armed forces or unable to be reached in order to affix his signature on the application, the wife must secure the additional certification card along with the application, in order to be issued a ration book.

Further instructions for registrars, which will be necessary in registering for the basic A book were given by Apple.

Service Men Like Action, Mystery Stories, Library Check Reveals
Zane Grey is the most popular author at Big Spring Bombarrier School if the files of the post library are any criteria. The action novels of the west written by Grey led the varied list of books read by the soldiers at the school. Action novels generally were the leaders at the library, Chief Librarian Mrs. B. T. Cardwell reported. Such western authors as Rains and Curwood were also high on the lists.
Mysteries were among the leaders. The Sherlock Holmes stories and the works of Stanley Gardner were frequently loaned. Another popular book, although it is far removed from mystery fiction, is "My Ten Years in a Quandy," written by Robert Benchley. Such

Gas Registration Procedure To Be As Announced
Change in the date of registering for basic gas ration books from Nov. 15-14 until Nov. 19-21, will make no difference in the plans of the local War Price and Rationing board procedure except to push the days a week ahead, officials said today.
Original plans for registering Howard county passenger cars will proceed as announced, on Thursday of next week. County schools will observe a holiday Friday when an effort will be made to register all rural residents' passenger cars. However, teachers in rural schools will also be on hand Thursday and Saturday for those who cannot come to the schools on Friday.
In city schools, the registration will be handled as previously announced. Application blanks may be obtained through service station dealers or at the local board and must be presented at the time of registration along with registration certificates on the car.
Gasoline rationing becomes effective December 1.

Thousands Say TAKE SWAMP ROOT TO AVOID GETTING UP AT NIGHT
Elmer follows had fast relief with Swamp Root's tonic that helps each every night sleep. Fed better, less a night.
Thousands get fast, wonderful relief from backache or getting up nights due to sluggish kidneys with the remarkable stomachic and laxative liquid tonic called Swamp Root. For Swamp Root acts to flush out acid material from your kidneys. This soothing liquid relieves backache.
Originally created by a well-known practicing physician, Dr. Elmer, Swamp Root is a combination of 14 herbs, roots, vegetables, balsams and other natural ingredients. No harsh chemicals or habit-forming drugs. Fast good ingredients that quickly relieve bladder pain, headache, run-down feeling, loss of food interest. And you can't taste the marvelous tonic effect!
Try Swamp Root first! Thousands have found relief with only a sample bottle. So send your name and address to Elmer & Co., Inc., Department "E", Stamford, Conn. for a sample bottle free and postage. This is guaranteed. Offer limited. Send at once! All druggists sell Dr. Elmer's Swamp Root.

Feeding Tests In New Cycle

Six lots of eight yearlings each were placed on regular rations Wednesday as a new cycle in feeding tests was started at the U. S. Experiment Farm, said Fred Keating, superintendent.

Two of the steers were cut back when all animals passed the preliminary feeding in good condition.

Tests this season, which start a new series of three, follow on the heels of three just completed in still seeking after an answer to the question of "What causes urinary calculi?"

But, more interesting than that, the tests also will make a direct comparison of the qualities of corn and maize as finishing grains. Also being tested as a roughage is cotton seed hulls, a product native to and abundant in this section. The tests will end in late May or early June of 1943.

Parallel Parking Near Scrap Pile

Motorists are asked to observe parallel parking regulations in the 900 block of South Main street pending removal of scrap iron and other salvage material to the shipping point, City Manager Boyd McDaniel stated today.

Livestock

FORT WORTH, Nov. 13 (AP)—Market on all classes of cattle and calves fully steady to strong. Hogs unevenly 15-30c above Thursday's levels with small killers paying up to 14.20 and 14.25, latter for a carload, while packers stopped at 14.10. All classes sheep and lambs steady.

Medium to choice grade steers and yearlings 11.00-14.00. One load fed steers 14.00; four loads cake-on-grass steers 12.75; four loads South Texas grass steers 12.50. Cattle and common steers and yearlings from 7.50-10.50.

Good beef cows 9.25-10.25; common to medium butcher cows 7.75-9.00; canners and cutters 4.00-7.75. Good heavy bulls 9.50-10.00; common to medium grades 7.25-9.00.

Good to choice fat calves 11.50-12.50; common to medium butcher calves 8.50-11.25; culls 6.50-8.00. Good to choice stocker steer calves 13.00; best heifer calves 12.00. Common to medium stocker calves 8.00-11.50. Stocker steers and yearlings 8.00-12.50; stocker cows 9.25 down.

Most of good and choice 180-300 lb. butcher hogs 14.00-16 with good 150-170 lb. averages 13.50-14.00. Packing sows strong to 25c higher at 13.00-50. Stocker pigs 12.75 down or steady.

Bulk of sheep receipts made up of low grade ewes at 5.00-60 while choice ewes sold up to 6.00. Medium and good slaughter lambs 12.50; yearlings 11.50; aged wethers 6.50; most feeder lambs sold downward from 10.50.

Defense Guard Helps Men Who Go In Army

Convinced that it has something valuable to offer men who may go into the service, Co. E, 34th Bn., Texas Defense Guard, is seeking recruits in an effort to build back up to full strength.

Many of its members have either gone into the armed forces, or into defense work, leaving the company in need of new blood in order to maintain an efficient strength. Further proof of the company's value, said Lieut. L. D. Thompson, came in a comment from Pvt. J. R. Collins, local businessman now stationed at the bombardier school here. As a new recruit, Pvt. Collins observed that about the only one of the rookies who really knew what it was all about was Pvt. Thomas E. Jordan, Jr., who had been in the guard unit since it was formed. This convinced Collins of the advisability of TDG membership, and he added "I'd give anything if I had had it."

Last week Pvt. Seth H. Parsons, who had been in the company a comparatively short time, said that the training he received cut short his basic drill period by four weeks.

Letters from many other former Co. E. members have told similar stories. Several who had the training here found that they were promoted rapidly and one was in a group chosen out of a large number for special officer training. "The company meets at 8 p. m. at the county warehouse on each Tuesday and Thursday and men interested in membership may inquire there," said Lieut. Thompson.

Govt. Rests In Treason Trial

CHICAGO, Nov. 13 (AP)—The government rested its case today in the treason trial of three Chicago couples accused of aiding a young German saboteur who came to this country with seven other Nazi agents on a mission of destruction.

With the jury excluded, the defense presented five motions, one asking a directed verdict of acquittal. All were denied by federal Judge William J. Campbell, who ordered the defense to proceed at 2 p. m. (cwt).

Chennault's Men Win Decorations

WITH AMERICAN FORCES IN CHINA, Nov. 12 (AP)—(Delayed)—Brig. Gen. Claire L. Chennault, commander of U. S. air forces in China, decorated 37 of his officers and men today for heroism and gallantry in action. He congratulated the assembled fighter and bomber squadrons for their brilliant combat records but warned "we've got to hit harder. The Jap hasn't yet been driven out of China and we've got to do it."

Miss Haupt Closes Lecture Series In Big Spring

Miss Hope Elizabeth Haupt, for 30 years a missionary and researcher among the Catholics, Protestants and Mormon Indian missions and government posts of the North American continent, and a student of Chinese history, concluded a series of lectures here this week in an appearance before the third and fourth periods of the high school social relations classes.

She delved into Indian lore and also told the story of Soong family, of which Madame Chiang Kai shek, wife of China's generalissimo, is a member.

Sunday Miss Haupt spoke at the St. Mary's Episcopal Bible school and the same evening before the Mt. Bethel (colored) Baptist church. Tuesday she addressed the Mormon Women's Relief in the home of Mrs. M. S. Toops at 1901 Donley. Wednesday evening she appeared before the Assembly of God prayer meeting, and Thursday and Friday she spoke to several school groups. Her work, she said, "is an effort to bring together humanity." From Big Spring she planned to go to Colorado City, Sweetwater, Abilene, Fort Worth and Dallas.

Allied Forces

(Continued from Page 1)

would be futile. The axis already has paid considerably for its attempt to interfere with the Northwest African operation. An allied spokesman said that allied counter-action to German air attacks against the North African expedition had been extremely effective, and that "between 40 and 50 per cent of their air effort has been destroyed."

From the east, the British Eighth army kept Rommel on the run with an advance that set speed records in the desert campaign. At Tobruk the British had advanced 300 miles in nine days after breaking the old El Alamein line.

They were so close on Rommel's heels that it was not regarded as likely, with the limited force at his disposal, that he could put up enough rear guard action to escape by the bomb-battered port of Bengasi, 230 miles air line across the hump of Cirenaica from Tobruk.

British military observers said the nearest line on which Rommel could attempt a stand was at El Agheila, on the Gulf of Sirte southwest of Bengasi. That was the highwater mark of previous British drives into Libya and there a narrow line like that at El Alamein could be established extending from the coast into a trackless desert.

Even at El Agheila, Rommel will be roughly 400 miles air line from Tripoli, with every further retreat bringing him closer to the Americans and British closing in from the west.

Man Injured By Runaway Elephant

WABASH, Ind., Nov. 12 (AP)—Modoc, runaway elephant, charged today at a group of her pursuers and Kenneth Kindley, 35, a farmer who had joined the Hoozier safari, suffered dangerous injuries. Kindley was taken to a hospital at Huntington. Fellow companions in the hunt said he may have suffered a broken neck. There were conflicting reports as to whether he had been trampled by the animal or was injured in a fall while scrambling to escape its charge.

The elephant dashed as a group of farmers who had surrounded her on the farm of Roscoe McDaniel along the Salamonie river nine miles south of Andrews.

Here 'n There

Matt Harrington, Curtis Driver and Roy Anderson are visiting in town for a few days with their wives and families on a furlough from CPT flight training at Lubbock. The men have completed the primary course and will begin their secondary course soon and will be notified where to report for the second phase of the training.

Marvin K. House, Jr., who reported Wednesday to the West Texas district recruiting headquarters in Lubbock to begin his training as an aviation cadet, has been assigned to Santa Ana, Calif., his parents have been advised.

Buren Edwards, former Big Spring high school star athlete and who made an enviable record as a Texas University trackster, left Thursday night for Dallas to complete his enlistment in the U. S. Navy.

A 2-year-old who strayed from his home at 501 Young Street about 10 o'clock this morning was recovered shortly afterward by city police who returned the youngster to his mother. Notified of his disappearance by the frantic mother, police found the child nonchalantly sauntering toward home.

One recruit was shipped Thursday by the U. S. army recruiting station here, Sgt. Edwin K. Turner, recruiter, announced.

He was Jay D. Maston, Pecos, who went in as an air corps specialist, unassigned.

L. S. McDowell, pioneer rancher in this area, has entered into an agreement with the Martin-Howard Soil Conservation district as a cooperator.

The agreement places some 50,000 acres in Glascock (a small amount in Howard) and Borden counties under practices suggested by the SCS. No mechanics are involved in the program. McDowell ranches have followed practices similar to SCS ones for years.

Weather Forecast

WEST TEXAS: Warm again this afternoon, but quite cold again tonight.

EAST TEXAS: Little temperature change in northwest, not so cool in east and south portions tonight.

What becomes of the miles you don't drive?

Today's **undriven miles** are war weapons.

The rubber you don't use is airplane tires, antitank-gun treads, machine-gun mounts, life rafts, tank-interior pads, pontoons, and hot water bottles for field hospitals.

The gasoline you don't use is fuel for fighter and bomber planes, for jeeps and tanks, for motor torpedo boats and armored cars. And more, the magic of the new petroleum chemistry takes the material, which formerly became gasoline, and Aladdin-lamps it into precious synthetic rubber and devastating high explosive.

The same intensive Phillips research which in peacetime was

dedicated to improving Phillips 66 Poly Gas and Phillips 66 Motor Oil now, vastly increased in scope and faster in tempo, serves the Nation's victory program.

In the same national interest, every patriotic driver is cutting his miles and his speed, making his car and his tires last longer and go farther.

Every Phillips 66 Service Man is pledged to help you in this effort. Make certain to enlist his aid when you stop at any Orange and Black 66 Shield for Phillips 66 Poly Gas, famous for fast-starting pep and extra mileage . . . and Phillips 66 Motor Oil, 100% paraffin base.

Phill-up with Phillips for Instant Starting

Herb Barker Makes His Selections On Week's Grid Tilts

By HERB BARKER

NEW YORK, Nov. 13 (AP)—Reserving the right to demand a recount after all the returns are in, this football guesser goes along with his incoherent way:

Michigan-Notre Dame: You can tie yourself into a fine knot if you try to come up with the winner of this one by looking over their records and draw the appropriate comparisons. This corner is going to forget all that, toss the coin which says... Notre Dame.

Alabama-Georgia Tech: This is precisely in the same category. The Crimson Tide has one of the strongest defensive outfits in the country but could not halt Sinterich and Georgia through the air. Tech's defense has been more than adequate and its passing game is the strong point of its attack. Doubtfully, Georgia Tech.

Ohio State-Illinois: Very close. However, this guesser strings along with Ohio State.

Wisconsin-Northwestern: The Badgers should have recovered from their shocking upset by Iowa and read the nod, Wisconsin.

Fordham-Boston College: The undefeated Eagles look far too tough for this Fordham outfit. Boston College.

Texas-Texas Christian: The Horned Frogs seem to have run into a slump. Texas.

Baylor-Tulsa: This should prove whether or not Tulsa, unbeaten and untied, belongs in the upper brackets. This corner thinks it does and casts the ballot for Tulsa.

Missouri-Oklahoma: This should be the spot for the Tigers to clinch the Big Six crown again. Missouri.

Yale-Princeton: Both in-and-outers and none of the rules of form apply to this particular game anyway. Out of the hat... Princeton.

Oregon - Southern California: Playing at home, Oregon engineered one of the season's prime upsets in beating U. C. L. A. last week. This will be played in Los Angeles. Therefore, Southern California.

Columbia-Navy: Governall will test Navy's aerial defenses to the limit but the vote must go to the midshipmen.

Dartmouth-Cornell: Wally Kretz apparently is just what the doctor ordered for the Big Red. Cornell.

Brown-Harvard: Sheer guessing. Brown.

Colgate-Syracuse: Ditto on this one. Syracuse.

Duquesne - Mississippi State:

A&M To Meet Rice, Ponies Play Porkers

By HAROLD V. RATLEFF Associated Press Staff Editor

Two weeks ago the Texas-Texas Christian game was heralded as the decisive point in Southwest conference football—the battle that would decide a championship.

Many went further than that and predicted this meeting would be the major test for the Horned Frogs as they sought a high place in national rankings.

Well, the Texas-Texas Christian game will be played at Fort Worth tomorrow and it finds the Frogs battling for survival and a possible share in the title — there would have to be some huge upsets for the Christians to win the undisputed championship even if they took all their remaining games.

Visions of national glory faded when Baylor beat the Purple and blacked out when T. C. U. fell before Texas Tech.

But that doesn't mean tomorrow's contest isn't going to be a good one.

The Frogs at full strength are as tough as they come and indications are that T. C. U. will be pretty close to that after being injury-riddled in their last two games.

Texas has lost a regular wingman and guard Harold Fischer will be unable to play for the second straight week but fullback Roy McKay has recovered from an injury in the Baylor game.

All in all the two teams should be about even from the injury angle.

The Longhorns will rule through favorites, however, on the basis of reserve strength and from the way the Orange has been rolling the last few weeks. Texas beat Baylor decisively and Baylor took T. C. U. out 16-7. The Frogs had plenty of trouble with Arkansas and Texas smashed the Razorbacks by a topheavy score.

Two other conference games are on the schedule with Rice playing Texas A. and M. at Houston and Southern Methodist engaging Arkansas at Dallas. S. M. U. is a decided favorite but the Rice-Aggie battle looks like a toss-up.

A. and M. has staged an amazing comeback from its early season defeats and would occasion no particular surprise in beating Rice to eliminate the Owls from the conference race. Rice is in the same position as T. C. U.—it must win all its remaining games to hope for even as much as a tie for the championship.

Arkansas has lost its last fifteen conference games. There is no reason to think the Porkers can snap out of it now. Anyway, Southern Methodist offers the last opportunity of the season and a fairly close game may be expected. Arkansas finally will enter a game with its line intact. In all other tilts injuries hampered the work of the Porker forwards.

Baylor plays undefeated, untied Tulsa at Tulsa and won't have to worry about its standing in the conference race. Baylor definitely is the underdog in this game.

T. C. U. was the only team that didn't do us right last week. We use our hit-and-miss system to pick them like this Saturday (anticipated attendances in parentheses):

Texas vs. Texas Christian at Fort Worth, 2:30 p. m. (18,000) — It ought to be a grand game but the cards say Texas will win.

Texas A. and M. vs. Rice at Houston, 2:30 p. m. (18,000) — Rice will get the nod in most quarters but we're taking a ticket on the comeback kids of Aggie-land.

Arkansas vs. Southern Methodist at Dallas, 2:30 p. m. (10,000) — Arkansas ought to be better than usual but the nod goes to S. M. U.

Baylor vs. Tulsa, 2:30 p. m. (15,000) — Picking Tulsa but won't be shocked by a Baylor victory.

everything it is possible to do on a football field. Dawson is perhaps the finest all-around back in the district. Too, the Mitchell brothers, one a back and the other a center, are mainstays on the Sterling team. The center is a terror in line-backing.

While boasting less speed and maneuverability than Sterling, Courtney has a more rugged team and will go into the tilt with a weight advantage. It is entirely possible that the Courtney defense will be strong enough to stall the offense of the defending champions, who, like the challengers, are undefeated this season.

Originally Courtney, winner of the northern zone, had been scheduled to come to Sterling for a Friday afternoon clash with the defending champions, the Sterling City Eagles.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

NEW YORK, Nov. 13 (AP)—Did you know that there's a football team representing one of the "major" eastern colleges that is undefeated so far and hasn't had a nickel's worth of publicity about it?... And, what's more, it has won it's league title four times in five years.... The team is Princeton's 150-pound outfit, which may come through to another title if it can knock off Penn today.... The lightweight gets only four games this year, since Yale and Lafayette suspended operations in the eastern 120-pound league, but they play every one as if they were in the Ross Bowl.... Since the league was organized in 1934, football for fun has caught on so well that games have drawn as many as 10,000 spectators, with an average of around 1,500, and the squads run anywhere from 60 to 150 players.... And it's inexpensive, too. When the kids have to weigh in at 154 pounds just before the game, they don't go for those big, juicy steaks.

Today's guest star—Jack Clowser, Cleveland News: "The inventive genius of the modern scientist is likely to figure the answers to anything. They know how to knock out Stukas, put the kibosh on pneumonia in a few days and operate planes with no human beings in them. It will only be another decade or two before they learn how to stop Don Hutson."

Shorts and shells—Sun Bowl game has been called off. El Paso fans like their post-season football so much that they've invited the Second Air Force team from Fort George Wright, Wash., to play there Dec. 12, probably against Hardin-Simmons. The Mineralites bowling team of Chicago needed only a hour and 45 minutes to roll a 3234 score recently, which should be a lesson to athletes who claim you have to "take your time" to be good.... If the Boston College Eagles keep on winning, every senior on the team will have a souvenir football at the end of the season.... On a recent long trip, the Ice Follies skaters, who used to travel in style, rigged up makeshift hammocks and even found some old doors which they laid across railroad coach seats in an attempt to get some sleep.

High school high links—Here are some of the kids that high school grid fans think are the season's champs (no college scouts are allowed to beat the scouting gun): Bob Lucas of Paulding, O. high has scored 272 points and gained 1,714 yards from scrimmage in seven games.... Juke Honn of Anamosa, Ia., completed 77 of the first 84 passes he threw this season for 1,434 yards.... And Bob "General" Lee of New Castle, Pa., has gained 1,145 yards by rushing in 130 tries, completed 21 of 45 passes, scored 15 touchdowns and, as safety man, hasn't score.... Oh yes, he does the punt-kick and calls the signals.

Service dept.—Phil Wrigley, head-man of the Chicago Cubs, is taking an orientation course at the Fort Sill, Okla., army officers' school.... Garvey Young, the marine, welterweight who is turning over his purse from tonight's fight against Bobby McIntyre to buy athletic equipment for service men, celebrated the marines' 167th birthday by buying a \$1,000 war bond.... A "pre-season" basketball tournament at the army air forces technical school at Sioux Falls, S. D., drew 72 teams.... Just wait until the season really starts.

While boasting less speed and maneuverability than Sterling, Courtney has a more rugged team and will go into the tilt with a weight advantage. It is entirely possible that the Courtney defense will be strong enough to stall the offense of the defending champions, who, like the challengers, are undefeated this season.

Originally Courtney, winner of the northern zone, had been scheduled to come to Sterling for a Friday afternoon clash with the defending champions, the Sterling City Eagles.

Sterling City was planning great hopes on Bill Dawson, a triple-threat youngster who does about

everything it is possible to do on a football field. Dawson is perhaps the finest all-around back in the district. Too, the Mitchell brothers, one a back and the other a center, are mainstays on the Sterling team. The center is a terror in line-backing.

Two Schoolboy Dist. Titles At Stake

By The Associated Press

Two district championships will be on the line today as firing opens on every front in Texas schoolboy football.

Yaleta will attempt to repeat as district king in a battle with Bowie at El Paso. Both teams are undefeated in district play and this is the final conference game.

At Goose Creek, Port Arthur will seek to dethrone the Ganders for the District 14 title. No other school has a chance at the championship, although this game does not end the schedule.

In district 10 Waco plays Temple in the district finals which the winner of another division. Bryan needs only to hurdle down-trodden Mexia to clash with the Temple-Waco winner for the championship.

Two games were played in the state last night.

John Reagan advanced a step nearer to what appears to be a certain championship of the Houston district by beating Milby 21-12. Poly defeated Arlington Heights 15-0 on a game having no bearing on the Fort Worth championship.

The Bears will be seeking revenge, too, for the 20-13 shellacking administered last season by the Hurricane, which caught them on the rebound from the Texas game.

Reports from Waco indicated that the Bears were in the best physical condition of the year and confident they could withstand Tulsa's brilliant passing attack and check its seven-game winning streak.

Tulsa was in good shape, too, with Center Charles Spilman back in stride after nursing a back injury for two weeks.

No Extra Tire, But The Tube Will Do

KANSAS CITY, Nov. 13 (AP)—W. D. Leonard's automobile has two tender wells, and he didn't like that barren look on one side after he had turned in his sixth tire, at the invitation of the government.

So he had the garagemen put the tube on the rim, inflate it and then put on the cover.

"You can't tell the tire is gone," he chortled.

Yearlings Want Another Game

A game for the Yearlings—high school junior—is still being sought for next week. John Dibrell, athletic director, said Friday.

Dibrell has tried to get a game for today with the Abilene juniors, but negotiations fell through. Now efforts are being exerted to book a game with any junior team in the area.

In two tries, the Yearlings have been beaten as many times. San Angelo's Kittens did it both times—13-0 at San Angelo and then 18-0 under dismal weather conditions here last week.

Tulsa Facing Major Test With Baylor

TULSA, Okla., Nov. 13 (AP)—

Tulsa's bowl-bound Golden Hurricane reaches the climax of a great season tomorrow in a homecoming day contest with Baylor's Bears that may attract more than 15,000 fans, the year's record crowd.

A victory for the Hurricanes would virtually clinch an all-victorious season and an invitation from one of the major bowls. Their last two opponents, Arkansas and Creighton, stacked up as easy victims.

Tulsa was rated a two-touchdown favorite over Baylor but if the Hurricane is to be stopped this is the week, for Baylor often makes its greatest stands when seemingly outclassed.

A triumph over Tulsa wouldn't be so surprising as Baylor's performance last year when it held supposedly invincible Texas to a draw and ruined the Longhorn's Rose Bowl dreams. Most of the team which pulled that shocking upset is back.

The Bears will be seeking revenge, too, for the 20-13 shellacking administered last season by the Hurricane, which caught them on the rebound from the Texas game.

Reports from Waco indicated that the Bears were in the best physical condition of the year and confident they could withstand Tulsa's brilliant passing attack and check its seven-game winning streak.

Tulsa was in good shape, too, with Center Charles Spilman back in stride after nursing a back injury for two weeks.

In two tries, the Yearlings have been beaten as many times. San Angelo's Kittens did it both times—13-0 at San Angelo and then 18-0 under dismal weather conditions here last week.

West, Central To Meet In Playoff For City Laurels

Championship in the elementary school football league will be determined in a playoff between the Central and West warders, who were in a deadlock after Thursday's games which concluded the regular schedule.

The West while Central was trouncing North ward 26-0. North and East wards ended the schedule in second place, with two wins each, while College Heights came out of the cellar with a 27-0 victory over South ward. This left the South ward's mid-gets alone at the bottom of the

lat. The club has not scored during the season.

Turner and J. D. Matlock were standouts for the Westerns, Turner leading in line plunges and Matlock passing and broken field running.

G. Barrow's long dashes around end gave the Centralmen a great advantage over the eleven from North ward. Lees, Reaves, and Currie were also leaders.

A combination of Rose and Cloud smothered the Southerners 27-0, giving College Heights its first win of the season. Rose was one of those boys who just couldn't be stopped, making several 30 and 40 yard dashes before being downed.

Starting line-ups were: East Ward, Byrd, Woods, Miller, Hooper (backs). Johnson, Belcher, Cunningham, Williams, Klasey, Day, Hooper, on the line.

West Ward: Matlock, Wright, Hall, Turner (backs). Carter, Gilbert, Clinton, Pleson, Bronson, Cain, and Sims, linemen.

North Ward backs were: Moran, Abbe, J. Jabor, and Kilpatrick. Linemen were, T. Jabor, Mearns, News, Bettes, Rush, Wilkinson, and Powell.

Central Ward: Lees, G. Burrow, Reaves, and Currie (back). Hooper, J. Burrow, Jones, Erwing, Self, Little, and Day (linemen).

College Heights: Cloud, Rose, Reed, and Smith (back). Wheeler, Murphy, Rusk, Curry, White, Jones, and Velvin (linemen).

South Ward: Guthrie, Knott, Hughes, and Fort (backs). Porter, Sewell, Rossen, English, McClintan, Ross and Martin (linemen).

Walker Bailey, Forsan coach, said he would start Holt at quarterback, Green at half, and Anderson at fullback. On the line he will have Grand at center and Pritchard and Peacock at ends.

Conhoma's starters will include Buchanan, a potent fullback and James Garner, a rabbit back.

Size of the field will be pinched down for the game. Fans will find the six-man play more open and faster, and that it will differ from regular football principally in that the ball must be passed once in the backfield before being advanced.

lat. The club has not scored during the season.

Turner and J. D. Matlock were standouts for the Westerns, Turner leading in line plunges and Matlock passing and broken field running.

G. Barrow's long dashes around end gave the Centralmen a great advantage over the eleven from North ward. Lees, Reaves, and Currie were also leaders.

A combination of Rose and Cloud smothered the Southerners 27-0, giving College Heights its first win of the season. Rose was one of those boys who just couldn't be stopped, making several 30 and 40 yard dashes before being downed.

Editorial - - Get The Car Ready For Gas Rationing

What's gasoline rationing going to do to your driving habits? Some motorists have already started to find out, by taking speedometer readings and measuring the mileage for a week, together with gasoline consumption. It's a wise step, a necessary step, if one is to spread one's gasoline over a full week and keep up the necessary driving.

Here's a week's record for one car of medium size: Mileage driven in one week, 35; gasoline consumption, three gallons. Week's mileage included one round trip a day to town and back on five days of the week, two trips on Saturday and Sunday. All side or unnecessary trips were carefully eliminated.

The big surprise here, next to the unexpectedly low mileage, was the heavy gasoline consumption. It has been known a long time that town driving eats up gasoline at a rate far in excess of that used on long trips at moderate speed. But 12.5 miles to the gallon in a car that usually gives from 20 to 25 miles on long trips is decidedly an eye-opener. Perhaps adjustments will develop a better mileage rate. Perhaps driving habits can be altered in the interest of fuel conservation. But if experience with this particular car is average, a lot of people are going to be surprised when they find out they'll get only 30 miles or so from their weekly four gallons of gas, when they've been looking forward to 60 or even 80. The answer seems to be that you can get 18 or 20 miles in the country if you drive no faster than 35 m.p.h., but you can't get anywhere near that in the frequent cold-engine and incessant starts and stops of town driving.

Better test your car, if you haven't already done so. Gas rationing is less than three weeks off. It is best to anticipate the bad news by starting now to make the necessary adjustments in your car use habits. By knowing the most you can expect of your car under rationing, you'll be able to trim your habits accordingly.

Hollywood Sights and Sounds— Errol Flynn's Pictures Are Being 'Rushed Up'

By ROBBIN COONS
HOLLYWOOD — Because, just because. . .

Carmen Miranda wears those fruit-and-vegetable turbans because they lend her some height—same reason George Raft wears those built-up heels. . .

Carole Landis took her first name because of admiration for the late Lombard. The Landis came from the 'phone book. . .

Jane Wyatt is one of our own town's best-liked people because she's always—Jane Wyatt. . .

Errol Flynn's studio, with about \$2,000,000 tied up in two unreleased Flynn pictures, is pushing up their release dates—not to "capitulate" on his current difficulties, but in fear of repercussions. . .

Harry Carey, who won't drive an automobile and insists on old-fashioned lamplight in his study, is thinking of taking a flight if he can arrange one in a bomber—because he fell in love with "Mary Ann," the bomber heroine of "Air Force." . .

Preston Foster dislikes to turn his back to the camera—because he thinks he's broader in the beam than an athletic leading man should be. . .

Because Col. W. S. Van Dyke, the "hurry-up" director, seldom uses a chair on his sets but prefers to stand, the "Gentle Annie" crowd presented him with a personalized—and very fancy—step-ladder to rest a foot on. . .

Maureen O'Hara dislikes being photographed in her home—because she believes such pictures are inevitably the forerunner of divorce in Hollywood. But Dame May Whitty and Ben Webster, married 50 years, don't mind home pictures. . .

MURDER on the Campus

Chapter 22
MR. HAZEN
By JERRY BRONFELD

Susan was still up Sunday night when Peggy, Jane and Amy got home from Chicago. Amy, a somewhat bedraggled grin on her face, effected a stagger as she came in the room.

She plopped into a chair. "Whoops, am I bushed! Susie, did you miss yourself a good time this week-end? What a game and what a chapter house those Delta Sigs have at Northwestern! It's simply something, that house. But I think we get an edge in girls," she added blithely. "They've got three or four backwoods specimens who look as though they put on shoes for the first time when they came down out of the hills."

Susan laughed. "That, I imagine, is the most important note you have to offer on the whole trip."

"Oh, not exactly," Amy said, starting to unpack her valise. "Jane and I managed to see Eddie for a moment after the game."

Without looking up Amy said, "Eddie mentioned that Malone was being left behind in a hospital for observation. He got a terrific kick in the head."

"Oh, I didn't know that," Susan said with an attempt at being casual.

Amy, sitting on the floor, leaned back on her elbows, her chin slanted up, her eyes regarded Susan thoughtfully.

"Look, Susie," she began slowly. "We've been together for almost four years now and we're kind of used to letting our hair down once in awhile."

"Give forth now, honey child. You might not exactly admit it to the rank and file but wouldn't you like to tell little Amy that you kind of go for the guy. Kind of. . ."

Susan rolled over and looked at her room-mate, a whimsical expression crossing her face. There was a slightly weary note in her tone when she answered. "I'd have a little more peace of mind if I knew myself. Sometimes—yes," she said. "Once in a great while—no. And most of the time I'm not sure myself," she added.

"That'll do for a starter," Amy told her. "I don't work for the Gestapo—I'll go easy on you. But I'm going to stick my ear in. You swear by him, and that's enough for me. So, if you're looking for votes I'll cast a big one."

"It sounds like you're trying to stuff the ballot box," Susan smiled.

"He doesn't need it," Amy said shortly. "Not if it's a fair election."

"That'll do for a starter," Amy told her. "I don't work for the Gestapo—I'll go easy on you. But I'm going to stick my ear in. You swear by him, and that's enough for me. So, if you're looking for votes I'll cast a big one."

Fair Amount Of Moisture Here In October

October turned out slightly wet as October's go, the monthly summary from the U. S. Department of commerce weather bureau showed here Thursday.

One big shower with .92 of an inch on October 16 was largely responsible for the 1.42 inches for the month. There were five days with some rain and five others with a trace—which bode no good for the cotton harvest.

Mean temperature for the month was 64.1 with a mean maximum of 75.6 and a mean minimum of 52.5. High was 85 degrees and low was 37, which still stands as the season's record.

The lack of hospital beds is dangerous. There have been reports

Capital Has Failed To Meet Housing Problem

(Second of two articles on housing in Washington.)
By JACK SKINNETT
WASHINGTON — The capital's 280,000 civilian government workers and the million other souls who live in the District of Columbia or its suburbs, have three legitimate complaints, all directly or indirectly traceable to the District's strange, voteless government.

The first is lack of housing; second, lack of hospital beds; third, insufficient transportation.

Since defense hiring started here, there have been 13,816 new dwelling units completed; about 22,200 more are in various stages of building; and about 20,000 more planned. It's obvious that housing is far short of needs for the capital's new 300,000 population and the 30,000 or more expected to come in the next six or eight months.

More than two years ago, civil service and budget bureau warnings about the influx of new workers were broadcast, but the haggling and delays continued through ten months of actual war, with WPB, or its predecessors, occasionally tossing a monkey wrench into the machinery with priority rulings. (WPB recently vetoed construction of 5,000 dwelling units, but when a howl went up, hurried out with the statement that order was only "temporary".)

The latest scheme tossed into the middle of the housing muddle is for the government to purchase at wholesale private dwellings to house war workers. If the owners would move out of town, it would help.

The transportation problem is likely never to be solved. The Capitol Transit Co., operating buses and trolleys, seems to have done about as well as it could. But with 75 per cent of the government workers concentrated in less than two-mile square "government quadrangle" abutting Constitution avenue from Capitol Hill to the War Department, and the most compact shopping district of any city of its size in the country, there's not much that can be done.

A third of Washington's "normal" taxicab fleet is laid up for lack of tires, gas or new cars. Private transportation has also suffered from those things.

Man About Manhattan - - Picks Up Night Club As Attorney's Fee

By GEORGE TUCKER
NEW YORK. — Some lawyers' clients pay off with potatoes, poultry and smoked hams. Attorney Dave Wolper got paid off with a night club—the Hurricane, sometimes called Tahiti-on-Broadway. It's an odd story, full of bypaths, but that the Hurricane has turned into one of the biggest moneymaking spots in town is not the least illogical—if you know Dave Wolper.

He's a big, soldierly built fellow of some 185 pounds who looks like the ex-college fullback he is. He has a round, cheerful face and is an opportunist both with humor and business.

The story begins in New York city in 1901, when Dave was born.

Life was pleasant at Brown. One of Dave's roommates was Quentin Reynolds. Besides playing football, basketball and baseball, Dave took part in a musical show as a song and dance man. In his third year he decided upon a career—law. He left Brown for Syracuse, and when he graduated he came to New York.

His father gave him a fistful of money and told him to take a trip to Europe, but Dave spent it on a good time. Then he went to work with a big law firm, with which he spent five years.

Eventually he met Seymour Robinson and they set up their firm, specializing in theatrical clients. In their first three weeks they pocketed \$10,000—but poured \$8,000 back into a bad play whose cast included Leslie Howard, Gregory Ratoff, Reginald Owen, Warren William, William Gargan, Melvyn Douglas, and a youngster named Clark Gable.

Robinson left for Hollywood to write and Dave went back to his clients. One was Virginia Hill, Georgia heiress, who had \$5,000 invested in the floundering Hurricane. She couldn't get her money back, so in April of 1941 she turned over her interest to Dave as a fee. Dave added enough to make up equal shares with Irving Zussman and James Shean, the other owners, and plunged into the business zealously. Six months later he and Shean bought Zussman's share from profits.

You can see now why the Hurricane has boomed. Theatrical-wise Dave, lover of a good time, knew who to hire for the Hurricane's shows. And Shean—shines in handling the restaurant end. They're a good team.

TRAILERS, TRAILER HOUSES

FOR SALE: Two wheel trailer, tires fair. One chicken coop, 1/2 wire and 1/2 plank. 504 Goliad.

HITLER FIRES ONE

LONDON, Nov. 13. (AP)—The Moscow radio said today that Adolf Hitler has dismissed Albert Kesselring, commander of the axis air force in the Mediterranean, for failure to tip off the German high command on the American and British offensive in north Africa.

If you see a discarded tire by the side of the highway, stop and take it to a salvage depot—every ounce of rubber is needed to keep America's war vehicles rolling.

Stronger Grid Offensive Average Shown, With Better Scoring Results

CHICAGO, Nov. 13 (AP)—Collegiate football not only is continuing its trend toward greater offense under wartime conditions, but it is doing it with an even greater economy of effort.

Slight Damage In Two Fires Here

Fire department answered two calls around noon yesterday, but reported little damage at either location. An overheated motor at the Big Spring Cotton Oil Co. in the northwest part of town shorted out at 11:16 a. m. but the fire was extinguished upon arrival of the department.

At 12:30 p. m. a blaze started by fumes from a gas heater in the fireplace at the D. W. Seale home at 107 Canyon Drive did slight damage before being extinguished by the department. Firemen were forced to tear into the walls to reach the blaze.

Christine Fewell Is Married To Jack Horn

In a single ring ceremony read Thursday evening at 6 o'clock, Jack Horn of Big Spring and Christine Fewell of Tulla were married by Justice of Peace Walter Grice in his office.

The bride wore a French blue dress with black accessories. She is the daughter of Mrs. L. C. Edwards of Tulla. Horn is the son of Mrs. L. M. Horn and is now employed at Cosden Refinery.

QUESTIONS ANSWERED

Evangelist R. E. DeLafield will lecture tonight at the Voice of Prophecy auditorium, 408 East Third Street, on the 144,000 of Rev. 7:1-3; 14:1-5. "Who are they? How will they be saved?" will be two of the questions which will be answered in this study.

Flag Ceremony Planned By Local Church Sunday

On the anniversary of the 51st year of the First Presbyterian church Sunday morning, a flag dedicating ceremony will be held honoring men from the church now in service.

The service flag, studded with 15 stars to represent church members now in the armed services, will be dedicated along with the Christian flag and the American flag.

A group of cadets from the Big Spring Bombardier School will assist in presenting the flag and acting as color guards. The service flag will remain in the foyer of the church as a permanent reminder of men now serving with the armed services.

BOMB-HITS

OUT AT THE
BIG SPRING BOMBARDIER SCHOOL

1047th Guard Sqdn.

We extend a cordial welcome to the recruits who came into our organization last week. They have received a week's instruction and are shaping up well. One of their group, Leslie W. Gilbert, served as an M.P. for 25 months in San Antonio. His help in drilling the group, is highly appreciated.

Quite a number of these new men were high school athletes. The more prominent are: Hewitt H. Nunn, football at Belvins, Arkansas; Richard Rosar, tennis and golf at Sweetwater; Herman Rhott, track and football, also at Sweetwater; Kenneth Stager, who took part in basketball, football, baseball and tennis at Cheyenne Wells, Wyoming.

A welcome addition to our day room is a new radio. One of the first items of news come over this radio was encouraging: It was the beginning of the British 8th Army's onslaught on Marshal Fommel's forces.

Pfc. Samuel O. Shachter is consistent. Well, almost so. In a recent pool match with Sgt. Maxie Hunter, Sam offered the following reason for missing his shots: "This 'darn' table is off," and "These 'dog gone' kibitzers."

Cpl. Howard F. Mayo just returned from a 10 day furlough. Howard said he had a most wonderful time. He also mentioned something about an emergency leave in the near future. We wonder why?

S/Sgt. Martin Woodward had a ten day emergency leave and came back after being gone just 4 days. It appears as if Sgt. Woodward is too much in love with his work to stay away any longer.

Mobley Expected To Set New Mark Ground Gaining

ALBUQUERQUE, N. M., Nov. 12. (AP)—The flying clats of Rudolph Mobley of Hardin-Simmons university provide the big news of the Border conference in this week-end's gridiron schedule.

Little Doo should establish a modern mark for rushing Saturday at Abilene when the Hardin-Simmons Cowboys play their last home game against Louisiana Tech.

Little Doo, the sparkplug of the undefeated and untied Cowboys, goes into the game with a total of 1,033 yards from rushing and only 89 to go before surpassing the all-time ground-gaining feats of Whizzer White of Colorado in 1937.

Tech, unable to get its usual high-scoring machine into gear this season, travels outside the circuit for a tilt with Creighton university at Omaha.

Riddled by injuries, the Arizona Wildcats travel to El Paso for a conference game with the Muckers of Texas Mines.

Another conference game brings together the two Arizona State Teachers colleges.

New Officers At Bombardier School

New officer arrivals were announced Friday by the Big Spring Bombardier School. Men sent here from Kelly Field are 2nd Lt. Robert E. Georges, of Junction City, Kas.; 2nd Lt. Cornelius W. Kobler, Penokee, Kas.; 2nd Lt. James R. Koozts, Wichita, Kas.; and 2nd Lt. Walter O. Krebs of Chicago.

The first three are flying officers, while Lt. Krebs' assignment was not announced.

ACTRESS DIES

NEW YORK, Nov. 12. (AP)—Laura Hope Crews, 62, stage and screen actress, died early today at the LeRoy Sanatorium here after a four-month illness.

FD Gets Reply To Assurances Given Spain

WASHINGTON, Nov. 12 (AP)—President Roosevelt said today he had received a very satisfactory reply from General Francisco Franco, head of the Spanish state, to his message assuring Spain that the American expedition to North Africa was in way directed against Spanish territory.

The president, talking at his press conference, gave no details of the Franco reply and said also he had no information whether the Bey of Tunis had answered his message requesting permission to send troops across French Tunisia.

In his message to Franco at the outset of the North African campaign, the chief executive not only assured the general that the invasion was in no shape, manner or form directed against the government or people of Spain, but expressed the belief that the Spanish government and people "wish to maintain neutrality and to remain outside the war."

(Advice from reliable European sources said today that Spanish foreign policy, hitherto a program of pro-axis non-belligerency when Adolf Hitler was winning victory after victory, has veered suddenly toward strict neutrality as a result of the startling developments of the past week.)

ENVOY DIES

ROME (From Italian Broadcasts), Nov. 12. (AP)—Manuel E. Malbran, Argentine ambassador Italy and former envoy of his government in Washington, died here last night.

How To Relieve Bronchitis

Cremulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremulsion with the understanding you must like the way it quickly always the cough or you are to have your money back.

Other 4-H Club Girls Show Fine Records With '42 Victory Gardens

Vivian Lomax, 11-year-old daughter of Mr. and Mrs. R. C. Lomax, and member of the Lomax 4-H Club, had a successful Victory Garden this year. Using the 16 varieties of seeds and plants furnished her by Sears Roebuck and Company, Vivian, with the assistance of her family, planted a garden containing approximately 1000 feet of row space. The first planting was made on April 27 and on May 23 she gathered her first vegetables. For a period of 47 days she supplied an abundance of nice fresh vegetables for the family table.

Vivian tells the following story of her Victory Garden:

"Daddy plowed my garden early and we planted it in April and May. I watered it often and in May and June I began gathering lots of radishes, mustard, lettuce, and green onions along as we needed them. We also had lots of beets and carrots. We gathered 75 pounds of squash, 50 pounds of okra, 24 pounds of cucumbers, 10 gallons of cream peas, more than a bushel of tomatoes, and four bushels of lima beans. I worked about 35 hours in my garden and was well paid for my work.

"We saved some lima beans for seed next year and canned 33 quarts of okra, squash, cream peas, beets, and cucumbers. I sold \$1.75 worth of okra, and squash. My Victory Garden has surely been a success and my family has enjoyed the fresh vegetables from it very much."

"I began planting my Victory Garden on April 27 and was glad to see the plants come up and start growing," said Jo Marie Myers, member of the Garner 4-H Club. "I hope to have another garden next year as I have enjoyed this one very much."

Jo Marie had the best results with her okra, cream peas, and pole beans. She gathered 14 gallons of peas, five gallons of beans and seven gallons of lima beans. She also got lots of radishes, mustard, cucumbers, and squash.

She was very enthusiastic about her garden all year, and kept accurate records of all her work, the products gathered, and the methods of controlling insects. She kept the family table supplied with fresh vegetables throughout the season.

Forty hours time spent in her garden meant a great deal to Lory Morra, 4-H Victory Garden Demonstrator of the Garner 4-H Club. Lory proudly reports a nice lot of vegetables gathered including 10 gallons of cream peas, three gallons of squash, two gallons of tomatoes, four gallons of okra, and four gallons of lima beans. She also had lots of radishes. All of her vegetables were used fresh except four quarts of peas which she canned.

Lory had more than 25 visitors to see her garden during the season.

Fire Loss During October \$1,856

During the month of October fire losses in the city caused an insured loss of \$1,856 to buildings and contents, Fire Marshall J. D. Stenbridge's report to the city commission shows.

Smoking in bed, an oil stove and defective wiring were listed as the causes of three of the blazes, and one resulted from an unknown cause.

Of the total insured loss, \$1,500 was for buildings and \$356 for contents. No estimate is made on uninsured losses.

The Dust Bowl Is Definitely Gone

TOPEKA, Kas., Nov. 12. (AP)—The Kansas dust bowl—national agrarian blight of the mid-thirties—is extinct again.

Its death this time is official, however.

The state department of agriculture today noted the disappearance in a report which said "wind erosion scars have healed to the extent that the part of the state worst affected has now produced nearly half of the second largest wheat crop in Kansas history."

Nearly everyone else conceded months ago that the dust bowl was washed out.

Beau Jack Takes A Whack Tonight At Allie Stolz

NEW YORK, Nov. 12. (AP)—Beau Jack, the negro lightweight who owns a dozen pork-pie hats of various colors in addition to an awkward fighting style, also has the prospect of a double defeat tonight — Friday the 13th — in the Madison Square Garden ring.

In order to get a crack at Allie Stolz, classy Newark lightweight contender, Jack had to guarantee the New Jersey scrapper a purse of \$10,000. Stolz gets 35 per cent of the receipts but if that falls below \$10,000, the difference must come from Jack's share.

A crowd of 14,000 and a \$25,000 gate, however, is expected for the 10-round affair.

But Jack, who was waiting tables and shining shoes in the club house of the National Golf course at Augusta, Ga., not so long ago, still is the 8 to 5 underdog in the fight proper, despite a winning streak of 11.

Tonight's winner is in line for a bout with Henry Armstrong, former triple champion, now on the comeback trail.

Motorists Tuning Engines To Make Those Four Gallons Give More Miles

Drivers who never had a thought before on how much gasoline mileage they were getting are flocking in droves to service stations and garages with instructions to the auto trouble-shooters to "give 'er the works."

And, true to form, the mechanics say, they don't give a hang about the motor—all they want is a few more miles out of that precious four gallons.

Yes, the Great American Public is mileage-conscious! Here in Texas where gasoline is so plentiful that even the fresh air that blows in from the prairies is tainted with the odor, motorists are sparing no expense in making adjustments to get an additional tenth of a mile from every gallon.

Persons who never bothered about their automobiles before as long as the engines would start, stop and chug up hills are visibly concerned over ignitions, carburetors, distributor points, spark plugs—anything to get a few more miles.

"Very receptive—willing to try anything" is the mechanic's description of the present-day, re-

Motorists Tuning Engines To Make Those Four Gallons Give More Miles

He is the man who's always had a tank full when he had the money or credit, and he's wondering just how far four gallons will go toward relieving that American urge to ride.

He's the man who wouldn't even think of indulging in a black market or cheating rationing outright, but he's lying awake nights thinking up ways of increasing the mileage he gets out of the old bus and a gallon of gas.

Tips on How to— Improve Your Lighting

Change Blackened Bulbs

Long before a lamp bulb burns out it often begins to turn dark and gives out less light than new, bright bulbs. You'll get better light if you replace blackened bulbs in reading lamps with new bulbs, and use the darkened bulbs on back porches, in closets or other places where the amount of light isn't important.

It's Easy to Replace Burned-out Fuses

You can save time and trouble by having a few spare fuses on hand if one should burn out. Just disconnect the appliance that caused the fuse to burn out, pull out the main light switch to cut off the current and then change the blown fuse for a new one.
