

The Big Spring Herald

XX NO. 6.

Big Spring, Texas, Friday, October 26, 1923

By Jordan & Hayden

DEVELOPMENT IN THIS SECTION

Comment Casing in McDowell No. 4

Activities in Mitchell, Reagan and Crockett Counties

At McDowell Well No. 4

The packer failed to shut off the water in McDowell well No. 4 and it has been decided to try setting the pack in concrete. A pump is being used up to force the concrete mixing to the bottom of the well. A little time may be necessary to complete this work but it is believed the plan will prove successful.

Another Well Spudded

Enders Smith & Company in Crockett County was duly licensed Thursday, on Section 23, No. 6, which is southeast of the town of Enders and on the same acreage as that of the discovery well.

Smith who is on the scene of operations says that they are going to every advantage to complete the well as soon as possible. "We feel that we can get production in ninety days," continued Mr. Smith. The location was made by one of the best and most well known geologists in the state, and they too are confident of production. The well is being drilled by the best drillers, is in charge of Mr. J. W. Redmond, considered one of the best drillers in the state.

Wells for Reagan County

Four new wells to be located by the Transcontinental and new locations to be made by those recently located, is more than a big development plan is underway. News comes that the Sinclair and Hummer interests are making preparations to enter this field for development.

It has been rumored in the field that the Transcontinental purchased additional acreage comprising ten sections from the Texon Oil & Gas Co., however this report was of official confirmation from the company.

It is understood that drilling will be commenced at No. 2 within the next few days.

It is drilling near the 900-foot mark.

Cars of oil were shipped from Santa Rita this week and three more are to be loaded today for the Grand Refining Company of El Paso.

George Vidler, Fort Worth geologist, made a location for the Coahoma Field Drilling Club in Section 10, Block BB 2, on the L. P. Railroad, which is eight miles north of Enders Smith & Co. well south of Santa Rita. Material was shipped here for construction of the rig. Drilling of this well is started within ninety days from the start of contract.

Vidler says that this is the best location.

Madison County Oil News

Continued rains of the past has retarded development in Madison County field, but with the rains at O'Neill and the weather Morrison No. 4 drilling is in progress, the field should add production during this week.

The Oil Company has completed the Smart No. 2 and are now drilling. This is an offset to the Miller No. 1 of Sloan et al, which came in sixty days ago with a production of 270 barrels. This is located 1 1/2 miles west of H. C. Miller in the S. E. corner of the Quarter of Section No. 21, T1N 30E.

California Company's Morrison No. 1 is drilling at 3905 feet. The Underwriters-Morrison No. 29 is completed and is waiting for tubing and rods and is on the beam.

At Badgett No. 1 will drill a few feet deeper and shot a commercial producer. This is located 3 1/2 miles northeast of J. C. Miller No. 1 and has increased the field that discovered.

R. V. Dixon, Amon W. Elbert and H. Clark, all from San Antonio, have been in the field for a few days as the guests of S. A. These gentlemen are interested in the field and while they are in the Mitchell County wells as large as the big California wells, they have every earmark of a long and consistent production report roads to the field

are in bad condition and some almost impassable, hence little activity in the field at this writing the earlier part of the week.—Colorado Record.

CONCERNING OUR EXHIBIT AT DALLAS

W. H. Cardwell who has been in charge of the Howard County Exhibit at the Dallas Fair returned home Monday. Mr. Cardwell states that while we were away down in the running this year there was not another county in Texas that could rustle up an exhibit in three or four days as we did and make such a good showing. While we only had six units in competition we received 641.3 points. Had we started in time our county could have had an exhibit that would have been among the top-notchers.

Mr. Cardwell gave them notice that Howard County was coming back strong next year and was going to make the county that won first place get up and hustle. He stated that he took particular pains to study every phase of the exhibit game and is going to be in a position to help get up a real exhibit next year. Mr. Cardwell gives notice right now that he is going to get in the game and do everything possible to aid Howard County in having an exhibit that will be in line for first prize next year. He asks others to volunteer and let's get started on getting the exhibit in August in 1924.

OFFICER KILLS MAN IN DAWSON COUNTY

E. A. Simmons, aged thirty-four years, was killed in Dawson County last Sunday morning when officers were attempting to make him surrender. It seems that Sheriff Cooksey and deputy W. A. Henderson had raided a crap game early Sunday morning and made several arrests. Simmons was supposed to be among the number and made his get-away. The officers were pursuing him across fields eight miles south of Lamesa when deputy Henderson shot towards Simmons in an effort to make him stop with no intention of hitting him. The bullet, however, struck Simmons in the shoulder severing an artery and he died before medical assistance could be procured.

The remains were brought to Big Spring Monday afternoon and sent to Hico, Texas, his former home, for burial.

Deceased is survived by a wife and five months old baby, a father and two sisters, Jno. Simmons and Mrs. Mc Christian of Hico and Mrs. Dave Barrow of Hamlin.

District Game Warden Here

E. A. Preskitt of Decatur arrived last week to take up his duties as district deputy fish and Game Warden of this district. Mr. Preskitt has twelve counties under his jurisdiction and will appoint assistants in the various counties to assist in seeing that the game laws are obeyed.

Mr. Preskitt announces that he desires the active cooperation of all our folks to the end that the laws be respected and the wild game protected.

He states that it is now in order to hunt ducks.

The season for hunting quail is Dec. 1st to Jan. 31st. All hunters must have a license. All good sportsmen will obey the game laws and report those guilty of violations.

Mott Sells Restaurant

Forrest Mott, this week, sold his restaurant on East Second street to Joe Cochran, former proprietor of Cochran's Meat Market. This has been a busy and popular eating place ever since its establishment and Mr. Cochran is lucky to secure same. Mr. Mott expects to engage in other work, but will continue to make his home here.

Reading-Wade

Friends in this city are in receipt of the announcement of the marriage of Julius E. Reading and Anna M. Wade. The ceremony was solemnized at Los Angeles, California, on the 29th day of September, 1923. Mrs. Reading is a former resident of Big Spring and has many friends here.

Teachers Institute October 29th.

The teachers of Howard, Mitchell and Borden counties will hold a joint Teachers Institute at Colorado, Texas, beginning Monday, October 29th. All interested will please take note and arrange to attend this institute.

Mrs. Iva Lawson arrived last week from London, England, for a three months' visit with her parents, Mr. and Mrs. D. W. Christian.

BOY SCOUT MOVEMENT

Campaign to be Launched to Mobilize the Men to the Service of Boyhood

A movement has been launched in Big Spring to place the Boy Scout movement on the same intensive and efficient basis that it is elsewhere throughout the country.

Last spring a representative body of citizens—Nolan, Fisher, Scurry and Marshall counties met at Sweetwater and petitioned the national headquarters of the Boy Scouts to send a field man to that district to aid them in raising the necessary funds to save its vital or the 10 per cent of its population which is composed of boys. With this great program consecrated to developing "men of character trained for citizenship."

The man was sent and after a short intensive organization campaign all of the communities in the district were alert to the crying need for this program, accepted their quotas and were prepared to raise the necessary funds when the region was paralyzed financially because of the cyclone and the following relief work.

E. E. Voss, national field man for the organization was in Big Spring Thursday to extend the hearty invitation of the other four counties in the district to merge Howard County with them and form the biggest district council in the United States.

A committee, composed of J. M. Manuel, R. L. Price, Henry McDaniels, W. G. Hayden, E. E. Fahrenkamp, Earl E. Phillips, Charles Holmes, W. W. Rix and Robert Piner heartily endorsed the move, and are laying plans for financial campaign to raise Howard County's quota of \$1500 next week. The quotas have been worked out on the basis of population, the budget totaling \$6,000 for the entire district. These funds will provide for salary of the executive and overhead operating expense of the organization.

The plan as operated will give Howard County about one week's time of the high-powered field man's time each month organizing troops, mobilizing the men of the community to the service of boyhood, organizing camps, meets, rallies, conferences and contests. Monthly Courts of Honor will be organized at which boys will be awarded badges and honors won by them. The Scouts of each community will be inspired to live the Scout Oath and Law, and to do at least one worth while piece of civic service for their community each month, such as old clothes campaigns, prevent a puncture campaign, guides at conferences and fairs, etc.

J. M. Manuel has done a splendid piece of work through the Y. M. C. A. and is very anxious to see the work placed on a more permanent broad basis and made available for all of the boys in Howard County.

During the past 13 years over 3,000,000 boys have been members of this great national program, and the state penitentiaries where surveys have been made, fail to reveal any ex-members of the organization within their walls. That is after all, the acid test of success of the organization.

Howard County Exhibit Good

Howard County sent up another splendid exhibit in charge of T. H. Johnson of Big Spring. Part of the county is above the caprock and part below it. W. H. Cardwell arranged the exhibit, which was said to have been gotten together in a hurry, is considered very good, despite the fact that it could have been improved had more time been spent in preparing it. It contains almost every product of the garden and farm raised in West Texas, including cotton, corn, turnips, tomatoes, apples, pumpkins, potatoes, peas, kafir, milo maize, beets, cabbage, turnips, melons and plums, apricots, grapes and other fruits and vegetables.—Dallas News.

McWhorter-Lawson

At the Methodist parsonage in this city at 3 o'clock Tuesday afternoon, October 23, Rev. Ben Hardy performed the ceremony which united in marriage J. M. McWhorter and Miss Loretta Lawson. We join many friends in extending to this happy couple best wishes for much happiness in their journey thru life.

Mrs. Cliff Talbot and baby girl returned Sunday night from a visit with Miss Avenell Talbot who is attending the Texas Womens College at Fort Worth.

B. S. to be Next Game for Abilene Hi

Cancellation of the game between the Abilene high school team and Sweetwater high, scheduled for Tee Pee Park here Friday afternoon, was announced yesterday. Abilene will journey to Big Spring Friday where they will take on the high school team of that place.

So far, Big Spring has made a good record, although she was defeated 7 to 0 at the hands of Stamford. The Big Spring eleven romped away to an easy victory over Sweetwater, however, and will probably be able to offer much stronger opposition to Shotwell's men than the Sweetwater team. If the Abilene team is only one touchdown better than Stamford, then Friday's game will be a doubly interesting affair.

These members of the Abilene team, Wells, quarterback; Hanna, halfback, and Johnson, halfback, have been slowed down considerably by injuries this week. Wells and Johnson will be able to get into Friday's game. Hanna, whose toe is one of the main assets of Abilene's offensive strength, will be forced to remain at home with a strained ankle that cannot possibly improve sufficiently for him to get into the contest.

The clash with Big Spring marks the fifth interscholastic league fight Coach Shotwell's team has made this season, each of the games resulting in a score for Abilene. A total of 198 points have been piled up against opposing teams, while the Abilene goal line is still uncrossed.—Abilene Reporter.

Recital

A delightful hour was afforded the public Friday night with the recital given by Misses Reeves and Willis and assisted by Miss Hardy and Mr. Chenault. The appreciative audience which filled the auditorium of the First Baptist Church heard a well planned program of reading, piano, voice and violin.

Miss Reeves commenced the program with a selection from "Young Lochinvar" and concluded it with "That Old Sweet-heart of Mine." She was especially pleasing in her number, "At the Soda Fountain" in which she showed much individuality of expression.

Miss Willis never fails to charm with her playing. We have learned to look forward eagerly to her appearance. She finished music with honors at the Texas Christian University and is now teaching at home. Her career will be followed with interest.

Miss Hardy always receives a hearty response from her audience. Her lovely voice and gracious personality insure it. Miss Hardy studied this summer at San Antonio where she received exceptional encouragement upon the qualification of her voice.

Accompanied by Miss Winslow whom he introduced, Mr. Chenault played many general favorites. Mr. Chenault found the town starved for violin music and has been cordially received.

We trust that this is the beginning of a season filled with like entertainments.

Over 10,000 Bales of Cotton Received

The receipts at the local cotton yard were 7,715 bales up to Wednesday night. At Coahoma more than 2800 bales had been received prior to that time; making the total for the county more than 10,000 bales. This means that the farmers of Howard County, about six hundred in number, have already produced \$1,500,000 cash and more, from cotton alone. It is estimated that at least 1,000 or 5,000 more bales of cotton will be secured by our county.

Rainy weather which set in Thursday morning is going to delay cotton picking for the present.

Cotton Brings Thirty Cents

The Howard County Farm Labor Union on Tuesday sold to C. E. Morris, three hundred and forty bales of cotton for thirty cents per pound, middling basis. This is the highest price paid here this season for cotton and the Farm Labor Union is to be commended as it was thru their efforts the membership held their cotton off the market, thus making it possible for this price to be secured. As some of this cotton would grade better than middling a price of thirty and three-fourths cents per pound was paid for part of this cotton by the purchaser.

None of our folks will plead guilty to having ordered the present rainy spell. We could have gotten along very well without it.

RED CROSS ROLL CALL

E. E. Fahrenkamp Selected to Direct Annual Red Cross Roll Call in Howard County

At a recent meeting of members of the American Red Cross and a representative from the office of the Southwestern Division at St. Louis, the following were named as members of the executive committee of the American Red Cross Chapter of the Howard County: Rev. W. L. Shepherd, Rev. Ben Hardy, Rev. Geo. J. Ruth, Rev. F. B. Eason, W. W. Rix, P. B. Rattle, Miss Nell Hatch, Miss Gertrude McEntire, Mrs. C. S. Holmes, Estamine Hair, and W. G. Hayden.

The members of the executive committee are called to meet at the office of the Chamber of Commerce Monday afternoon, October 27th, at 4 o'clock to perfect their organization, plan for the annual Roll Call and transact such other business as may come up for consideration.

E. E. Fahrenkamp has been selected as Roll Call chairman and plans a thorough campaign—November 11 to 29th. One of the big plans for the local chapter of Red Cross is a health program in our schools.

Nearly every county in Texas at this time has some health work in its schools and our folks think just as much of the boys and girls of Big Spring as other towns and cities think of the welfare of their school children. Since 1918 one of the activities of the Red Cross has been a health inspection of school children. Since the federal government is now providing funds to pay the salary of health nurses to do this work it is possible for a Red Cross committee to provide the service of a trained nurse by paying her expenses only, while she is working in the community. During her stay the children are weighed, measured and given a physical inspection with the assistance of physicians. Especial attention is given to mal-nutrition. The children themselves become interested in diet and health, thus enabling the backward child to again take his normal place when his health is improved.

The Board of Education, realizing the great benefit this will prove to our schools will render every assistance in the effort to secure this health program. Every parent who is interested in the welfare of his child should also aid during the Roll Call and thus insure our being able to insure this health program being carried out.

Midland District C. E. Convention

Following is the program for the convention which will be held in Big Spring, October 26, 27, 28.

Theme: True to Duty.

8:55—Address—Our Young People. Rev. Colby Hall, Fort Worth. Decision Service—Field Secretary.

A young fellow held in the jail here on a charge of forgery made a dash for liberty while engaged in doing some work at the jail under the supervision of Sheriff Satterwhite, Tuesday evening about 6:30 o'clock. Mr. Satterwhite recaptured him in the alley just west of the Methodist Church. It was necessary to discharge a pistol twice before the prisoner heeded the warning to halt.

Mr. and Mrs. C. W. Davis and children and Misses Helen Hatch, Leta Purser and Goldie Thomas returned Monday from a visit to the Dallas Fair.

Rook Club Meeting

An especially delightful meeting was enjoyed by the members of the Rook Club on Thursday afternoon of last week at which time they were the guests of Mrs. L. L. Freeman.

The five tables of players were undecided as to whether the interesting games or the delicious refreshments served played the largest part in making the occasion one of complete pleasure. Mrs. M. H. Jones made club high score at this session and Mrs. Bob Austin made visitor's high score.

Bridge Tea

Mrs. John Hodges Jr. and Mrs. Robt. T. Piner entertained at bridge on Thursday of last week with four tables of players enjoying the occasion. A Halloween motif was carried out in the decorations and favors. Lovely refreshments of two courses were served, the hostess being assisted by Mrs. John Baggett and Mrs. John Hodges Sr. Mrs. Robt. Middleton made high score of the afternoon and Mrs. T. C. Cory second high.

Bridge Tea

On Friday of last week Mrs. Robt. Piner entertained at bridge. Seven tables of players enjoyed the afternoon. A Halloween scheme was used in the decorations and favors. The hostess, assisted by Mesdames Ford, Inkman and Coffee served delicious refreshments of two courses.

Mrs. Gordon Phillips won high score in the series of games and Mrs. W. W. Inkman second high score.

County Judge James T. Brooks left Wednesday for a business trip to Sweetwater.

Dr. Campbell

of Abilene

will be in Big Spring every Saturday to do Eye, Ear Nose and Throat work, and fit glasses.

Harley Sadler Here

Harley Sadler's Lone Star Chautauqua Company has been playing to capacity crowds in the big tent opposite the city hall this week. In fact many were unable to be admitted the first three nights on account of the crowded condition; even the standing room being at a premium. Harley is a real comedian, and he and his company are pleasing the crowds as has always been the case. They will give entertainments to-night and Saturday night and a matinee on Saturday afternoon. Mr. Sadler is giving the Mt Olive Cemetery Association ten per cent of the proceeds.

Within Next 30 Days Will Sell
320 acres; 50 acres in cultivation. 2-room house, 8 miles from Big Spring at \$15.00 per acre.

480 acres; 170 acres in cultivation. Two good homes, abundance of water 25 miles from Big Spring. \$15 per acre.

160 acres; 100 acres in cultivation. 2-room house, plenty of water. 7 miles N. E. Big Spring. at \$25 per acre.

1-room house and lot on Main St. in Big Spring—\$1,200. Part cash on all. JOE CUNNINGHAM
Box 417, Phone 191, Big Spring, Texas. 6-3t-pd

Some of our business men have agreed to close their places of business for the Big Spring-Abilene football game and most of the other have stated they will permit any or all their clerks to attend the game if they wish to do so. The bigger the crowd the harder effort the home team will make.

BIG AUCTION SALE

25 Horses, Mares and Mules will be sold at Public Auction to the highest bidder at Joe B. Neel's Wagon Yard in Big Spring, Texas on Saturday, November 3rd. Sale starts at 1:00 P. M. This stock will be sold regardless of price.

No bi-bidders at this auction sale.

It's A Whale!

OF A PICTURE

MONDAY
October 29

TUESDAY
October 30

Vivid, tremendous, exciting and remarkable is this story of early whaling days. Every man who loves the sea and every woman who loves adventure will enjoy "Down to the Sea in Ships." The story is vivid, tremendously exciting and remarkable in its accurate presentation of the ways and days aboard a whaler a hundred years ago. From the moment the majestic square-rigger, with all her canvas bellying in the fair winds of New Bedford, sails into the rising sun until, after eighteen months, she returns storm-swept and staggering, the spectator is spellbound. See the wounded and maddened 90-ton whale fight his pursuers and you will see the greatest thrill in motion picture history.

Pulling Together

Community harmony is wonderful. Its absence is lamentable.

With harmony there is much that a community can accomplish. Without it there is little that can be done.

One group of citizens can hardly secure needed improvements if other groups are knifing the project in the back.

It is fortunate that we do not all think exactly alike, because many of us are married and that would complicate matters tremendously.

But there is no reason why a common ground can not be found upon which opposing groups can meet and work in harmony for civic development and moral improvements.

Turn the thought over in your mind for a while. It may develop a better one.

Good Young Mules for Sale
Have several mules—aged 3 to 4 years—unbroke, for sale, at right prices. See F. G. Sholte or O. A. Goodman.

S. W. Moore of El Paso has been a business visitor here this week.

Wednesday Bridge Club

Mrs. Sam H. Brewer was hostess to the Wednesday Bridge club on Wednesday afternoon. The tables were had by the four tables of players. The decorations were where in evidence and the party one of the prettiest of the season.

The guests included Mesdames B. Cooksey, Albert Fisher, E. W. W. Rix, H. Everett, W. W. Rix made visitor's high score and Mrs. Oxshere club high score. Delicious refreshments of two courses was served; the hostess assisted by Mesdames Albert Fisher and T. C. Cory.

"Down to the Sea in Ships"
(Reviewed by Roger Ferri)

When the ten best productions of the current season are finally sorted out, this Elmer Clifton offering should not be overlooked, for it is one of the most marvelously amazing attractions ever offered owners of motion picture theatres. In its class it stands alone and as an unquestionable masterpiece. Here is a production that is just that and more—a picture with a real heart. It is at the same time a great education and a remarkable entertainment vehicle. Its value goes beyond that of the theatre, for it will create talk and discussion that will live for a long long time.

Cinematographically, "Down to the Sea in Ships" is that much-sought, different production exhibitors have prayed for. It is dramatic, sensational, romantic, comical and picturesque, dwelling on a story that is appealingly human.

It is big in everything. You don't have to take any risk when you grab this one, for it is that type of production that will appeal to everybody, for it has everything in it—and, most important, it is in possession of heart-throbs that are gripping and leave a permanent impression that will prompt word-of-mouth boosting.

Elmer Clifton is deserving of much commendation for "Down to the Sea in Ships," for it is what this writer would gamble two to one in predicting that it will prove a huge box office winner. It's a production that will justify the investment of several thousands of dollars in exploitation, for the picture will earn it all back 100 times.

It will be a wise distributing agency that will grab this one and a wiser exhibitor who will allow it to bring the silver to its box offices.

For sensations, "Down to the Sea in Ships" is the best yet. And these sensations result from every-day, hair-raising experiences of whalers. And they are not faked. This writer knows New Bedford and many a time was dispatched there by a Boston newspaper to "cover" shipwrecks, etc., in that picturesque locality.

To enumerate the innumerable thrillers depicted in this attraction would mean the use of an entire page. Suffice, however, to say that this picture is so securely packed with dangerously bold feats in which whales unconsciously play an important role, that it has any 15-episode serial, this writer has seen to date, washed off the board.

See this picture at the R. and R. Lyric Theatre, Monday and Tuesday, October 29th and 30th.

For Sale

2 teams of good mules and harness; 2 mares and one colt; 2 yearling mules; 1 yearling filly. Also choice bundle feed, just cut and also maize heads. 1 feed crusher and other farm implements. Have a good 1922 Ford to trade for truck. Also some fine chickens for sale. See or address A. C. BRIGANCE, RFD 1, Big Spring, Texas. 6-1f.

H. M. McReynolds of Stanton was a business visitor here Wednesday. Mr. McReynolds states that folks are certainly buying Martin County land now. He cited the sale of twenty-five tracts of land, comprising 6400 acres. And best of all it is assured that twenty-five families will arrive about the first of the year to make their homes on this land.

Land on Easy Terms

I am cutting up one of the best tracts of land in Martin County—10 miles northwest of Stanton; one and one-half miles of 3-room school—\$20 per acre; \$3 per acre cash—and 8 years. H. M. McREYNOLDS, Exclusive Agent, Stanton, Texas. 6-3pd

The Y. M. C. A. membership campaign is now in full swing. If you are not a member of this association join during the week's campaign. If you are a member—send in your renewal and urge others to join. You need the Y. M. C. A. and the Y. M. C. A. needs you.

Coahoma Items

Mr. and Mrs. R. W. Crayton spent Thursday in Coahoma. They had been several days near Sweetwater with their son's family. Mr. Archie Crayton of Shep died during their sojourn there. He was their oldest son. Friends offer consolation to the bereaved ones.

The Senior C. E. did not have their regular meeting Sunday nor will they next Sunday and most of the members hope to be at the Convention in Big Spring. Our society failed to get first place in sending in registration fee—suppose however second place is better than farther down. But we are expecting to get the first banner for attendance—having the largest number of delegates present Friday night.

Mrs. P. L. Fletcher was seriously ill for a few hours Monday—glad to say she is feeling fine again.

The Indoor Carnival at the high school auditorium was enjoyed by a large crowd. The booths which served well cooked and delicious refreshments, were well patronized. The concert tickets were all sold. Many of the concert tickets drew prizes, which had been donated by the merchants of Coahoma and Big Spring. The net proceeds were a little in excess of \$250. The trustees and teachers appreciate the generosity of the patrons in the donations; as well as in their attendance. Lack of time prevented the complete rendering of the program. As it was, many did not reach home till the wee sma' hours of the night.

Walter Roe and J. B. Wheat have each this week installed a new gas-light plant in his home.

Mrs. J. J. Hair Jr. spent Saturday, Oct. 20th, with Mrs. B. B. Liles. They enjoyed discussing Ranger boom days.

Many Coahoma cars have carried their owners to Big Spring to hear Sadler and his company this week.

Mrs. J. A. Roberts, Mrs. A. W. Thompson, Messrs Bennett, Hoover, Bethel Graham, Walter Runyan, V. L. Roberts and A. W. Marshal left Tuesday night for the Fair at Dallas.

Frank Eggleston bought a new touring light six Studebaker. It was driven over from Lubbock Wednesday.

Berzie Thomason is suffering with a sore hand—this is sending much cleaning of clothes to Big Spring.

The Junior C. E. spent the regular hour for their program practicing for their part of the program for the C. E. convention. All present are interested, and the superintendent is hoping that much lasting good will be gained by them while attending the convention. Several of the seniors will camp with the Juniors—thereby sharing the responsibility with the chaperone.

Salem News Items

Cotton picking is the order of the day.

Bro. Green filled his regular appointment Saturday night, Sunday and Sunday night with good attendance each service.

After the eleven o'clock service Sunday Bro. Green was called to H. P. Long's to perform the rights of matrimony for Mr. Long's daughter, Miss Jimmie to Ben Long of Knott. We wish them a long and happy life.

S. L. Hull returned from Cisco Friday where he had been to see his son who has had typhoid fever but is now recovering.

H. L. Webb and family of Stanton attended Sunday school and church Sunday.

D. W. Anderson and family visited Charlie Thomas and family Sunday afternoon in Big Spring.

J. T. Rogers and family spent the afternoon Sunday with W. H. Robinson and wife.

Salem's B. Y. P. U. is progressing fine. Everybody cordially invited to attend. Group No. 3 is on program for Sunday night, Oct. 28.

The Sunday school elected new officers Sunday. H. W. Dearing was elected superintendent and Jewell Rogers, secretary. We are to have prayer meeting every Saturday night—everybody come.

YOUR CHILDREN
WHAT ABOUT THEIR FUTURE?

Of course you will give them the advantages you had—and many more which you were denied. Education—a start in life—possibly a business for them to grow into. Whatever your plans, happy and fortunate will be the lives of your children—If your plans are carried out.

BUT—Do you realize that four out of every ten who go to college give up their studies and leave before graduation—the usual cause being family reverses—plans that are miscarried!

Would you be interested in a plan which will throw absolute safeguards around the money you wish your children to have at a certain age? Wouldn't you feel more comfortable if you were working out a plan to help assure their future?

We suggest that you let us tell you of the many ways of saving and making money, whether your income is large, moderate or small. Our banking institution is pledged to serve the people of this community. We will help you whether you be a new depositor in the saving department or a patron seeking sound business advice on investment of money which SHOULD be working for you.

Big Spring, Texas

Mrs. Leslie Thomas Entertains

Wednesday afternoon Mrs. Leslie Thomas entertained a large number of her friends in a most delightful manner at her home on Bell street.

On entering, the guests found the Halloween spirit largely in evidence. Black cats, witches, goblins, spooks, and Jack-o-lanterns adorned the draperies. A mellow glow from yellow shaded chandeliers made a subdued effect of "the harvest moon in the month of October." A sense of unreality pervaded the atmosphere, enhanced by the black cats and witches that served as score cards.

After quite a number of games of Rook, a delicious six o'clock dinner was served, the lunch cloths and napkins carrying out the Halloween motif. Hot rolls, hot fried chicken, and all the rest of the dainty menu made "a perfect end to a perfect day" the guests thought—but the end was not yet. Fantastic creations of headwear in Jack-o-lantern shapes were presented all those present as souvenirs, and discarding their hats, the entire party adorned themselves with the fanciful and novel favors, and formed into a parade, driving down Main street and back blowing horns, and disporting themselves in very much the same manner a bunch of children would. Thus does the real spirit of Halloween enter into merry hearts who honor aright the festive season. Mrs. Thomas was ably assisted in entertaining by Mesdames Hall and Purser. High score was made by Miss Barnes.

Program for Sunday

Methodist Junior Missionary Program for Sunday.
Song—Child's Consecration Hymn.
Leader—Miss Lucille Crossett.
Bible Lesson—Matt. 6:1-14.
Teaching Immigrant America to understand immigration—Mary Burns.

fresh Snowdrift

in a **new** blue airtight bucket

as easy to open
as winding
the clock!

THE only way to keep cooking fat fresh as the day it was made, is in an airtight tin.

An old fashioned airtight tin not only kept out the air, but it tried to keep you out, too. You had to tackle it with a knife or can-opener. The difference between fresh Snowdrift and ordinary cooking fat was worth the trouble—and more—

But the new Snowdrift bucket gives you freshness without the bother. It's absolutely airtight, but it's the easiest thing to open you ever saw.

Do You Know?

The great fire at Berkeley, California, recently, which burned over an area of fifty city blocks, not only destroyed property worth approximately \$10,000,000 but brought to light the interesting and deplorable fact that only about \$4,000,000 of fire insurance was in force throughout the devastated section. Americans, apparently, will never learn. With the lessons of the San Francisco conflagration still fresh in the minds of many; with the records of the Baltimore blaze not yet dry on the pages of insurance history, and with the horror of the Japanese catastrophe even now before their eyes, men and women go about the affairs of their daily lives and either do not insure their property holdings at all or else, in many cases, fail to protect them with an adequate amount.

First Baptist Missionary Meeting

The ladies of First Baptist Church had a very pleasant and interesting meeting Monday afternoon, October 22, at the home of Mrs. A. L. Wasson on Main Street. It was very encouraging to have such a large attendance of which several were new members. Mrs. A. T. Lloyd, who was leader, had prepared an instructive program with "Hospital Work of Southern Baptists," as her subject. The program follows:

Opening Hymn—"Jesus Calls Us"
Prayer for the World's Sick and Suffering—Mrs. Beckett.

Bible Study—Mrs. A. T. Lloyd.
Hymn—"A Volunteer."
Hospital Work in the U. S.—Mrs. Maupin.

Baptist Hospitals in Southern States—Mrs. McNew.
Medical Centers in Interior China—Mrs. Patterson.

Our Woman Physicians in Mexico—Miss Velma Wasson.
Come Ye After Me—Mrs. Hatcher

Closing Prayer—Mrs. Strother.
After the close of the program Mesdames P. G. Stokes, Pittman, Lloyd and Wasson served delicious refreshments, consisting of sandwiches, cake and coffee. It was such a pleasure to have with us Mrs. Covert of California, one of our beloved members who has been away for about a year and a half. She recently underwent a serious operation and has come to recuperate in the home of her daughter, Mrs. Nat Shick.

Just a word about our Junior department of which the writer is one of the teachers. We started our new year Sunday with greater zeal and determination to have a successful year than ever before. There were about fifty children present, with happy faces and sparkling eyes, eager to do their bit for the Sunday school that they love. A Hallowe'en party is being planned for Tuesday evening October 30. Let every Junior be present Sunday. Reporter.

Mr. and Mrs. Dave Christian returned Sunday morning from a visit to the Dallas Fair.

Paint in small cans for any purpose...Cunningham & Phillips.

To the Methodists of Big Spring

Next Sunday closes my fourth year as your pastor. They have been busy and pleasant years.

There have been more than 300 additions to the church, half of this number on profession of faith. The church has raised for all purposes more than \$25,000 for the four years. During this time I have conducted or assisted in conducting 85 funerals, have married 146 people, or 73 couples, have baptized 64 infants and more than that many adults. Have not missed a single service on account of sickness. Looking back over the years I see many things that I ought to have done that I left undone and some that I did that I ought not to have done, but for what has been accomplished I am grateful. I am grateful first of all for the loyal support and cooperation of the official family, splendid men and women all. Then for the membership at large, many of whom were faithful and loyal. Then for the friends in other churches and in no church. I shall never be able to pay the debt of friendship I owe but am glad to acknowledge it.

One main objective for the near future should be a new and adequate church building. Towards that we should drive with a united front.

Next Sunday will be the last Sunday of the conference year. Let me urge those who have not yet paid your centenary or conference assessment to do so. Our assessments for the different benevolences is \$1100. It will be necessary for every one of us to do our part if we make the report we have always made, of everything in full. This money goes to Home and Foreign Missionaries, to our worn out preachers and their dependents, to our Orphans Homes, for church extension, education, etc. With a strong pull, a long pull and a landing. Let every member be on hand next Sunday. There will be some very important plans discussed concerning the work next year.

BEN HARDY.
P. S.: I wish to thank the Herald for the space granted and the many courtesies extended.

For Sale

Four mules and harness for sale. One span, 7- and 8-year-old, for \$225; one span, 4-year-olds, for \$250. Also one 2-row Case tractor planted for \$110. Address, ANDY WILLIAMS, Lamesa Route, Big Spring, Texas. 4-3t-pd

Memories of California

I. D. Eddins who recently returned from California states that one of the most delightful memories of his visit was a surprise birthday party given in honor of Mrs. Eddins at the home of her brother, D. R. Glenn. The relatives began arriving early in the morning, and the entire day was most happily spent. There were thirty-five present, including, D. L. Glenn and family, T. B. Gramer and family, J. B. Glenn and family, V. S. Davis and family, J. A. Glenn and family, J. C. Glenn and family, Mr. and Mrs. H. E. Tynes.

The birthday dinner was a sure enough feast. The birthday cake was a beauty and surrounded by flowers and adorned with lighted candles, made a beautiful centerpiece for the festive board. The table was loaded with everything good to eat, and everyone did full justice to the feast. The hour for parting came all too soon and was the only unpleasant part of a perfect day.

Mr. Eddins states that his stay in California was indeed pleasant and his health as well as that of Mrs. Eddins was much improved. He also added that he is now back home and very much enjoys being among his old friends once more.

Coughs become dangerous

If allowed to run on. Check them at once with Dr. Bell's Pine-Tar Honey. Dr. Bell's contains just the medicines the best doctors prescribe combined with the old-time remedy—pine-tar honey. Dr. Bell's loosens hard-packed phlegm, stops coughing and soothes raw tissues in throat and chest. Keep it on hand for all the family. It's a favorite with young and old.

All druggists. Be sure to get the genuine.
DR. BELL'S Pine-Tar Honey

Campaign for Presbyterian Schools.

Several cities have named dates in the statewide movement for Christian education now being conducted by the Presbyterians of Texas for \$1,350,000 for their schools and colleges. Word has been received at headquarters in Dallas that the Presbyterians of Houston have decided to launch their campaign on November 8. On November 16 there will be a dinner to the church officers at which time the plan of campaign will be explained. On Sunday, December 2, the churches will be occupied by visiting ministers and special sermons will be preached on Christian education. The intensive canvass among the members will open on Dec. 4 and the campaign will close on Dec. 13. This is the first of the large city campaigns in the Texas movement.

Bryan Presbyterians will open their campaign on November 24 and the dinner to church officers will be held on November 27. Tyler will open on November 3 and the opening dinner to officers will be held on November 9. Campaigns are now being conducted in Navasota and Paris and will close in both places next week.

There will be city campaigns in about 45 of the cities and towns of Texas in addition to the work in the smaller churches conducted by the field division.

Are You Insured?

A. J. GALLEMORE
Big Spring, Texas

One afternoon a stranger debarked from a train at a hustling town in the West and headed up the street. Finally he met a man who looked like a native. "Pardon me," said the stranger, "Are you a resident of this town?" "Yes, sir," was the reply of the other. "I have been here something like fifty years. What can I do for you?" "I am looking for a criminal lawyer," responded the stranger. "Have you one here?" "Well," said the native, reflectively, "we think we have, but we can't prove it on him."—Washington Herald.

This Week

By Arthur Brisbane

HENRY FORD, ACUTE STAGE. FARM HOUSE CONVERSATION. AN ELECTION STARTER. SECRETARY WEEKS' POSITION.

Henry Ford's public message to Mr. Weeks, Secretary of War, will interest politicians and farmers. Ford invites a libel suit by his blunt statement that Weeks is selling Muscle Shoals piecemeal to prevent Ford's producing cheap fertilizer there for farmers, thus interfering with the fertilizer trust, which practices extortion notoriously.

Ford's talk is blunt. Every real newspaper in the United States will print it. Weeks accused of destroying what might be made "the greatest munition plant on earth, our greatest assurance of victory, in case of war," to keep Ford from giving cheap fertilizer to farmers.

President Coolidge knows that this statement by Ford will be discussed in every farm house in the United States, and believed by 999 out of 1,000 farmers.

After this attack on Weeks, Ford will be bound to enter the 1924 election as a candidate against the Republican party, and let farmers decide between him and the Republican administration. Ford couldn't possibly less.

It's an interesting situation for Mr. Coolidge, also for Mr. McAdoo.

The sane decision that ninety per cent of the people who own Muscle Shoals would advocate would not Ford take the plant and show what he can do about his promise to supply cheap fertilizer and send cheap power 200 miles in all directions.

Any Republican who thinks that Ford would poll a small vote as an independent knows little about politics or the present mood of American farmers and workingmen.

Secretary Weeks won't sue Henry Ford for libel. He'll ask Congress to investigate Ford's charges. This shows a Christian spirit, for no charge could be more serious than Ford's accusation against Weeks.

Ford, who passes rapidly from one cage to another, like the boy at the Zoo, now announces a plan to let his employees share in the profits of his railroad.

He will help them buy profit sharing certificates in installments from their wages. They may get their money back any time, but must keep their certificates, not sell them, "unless to fellow employees."

Whatever you may think of Henry Ford, you must admit that the problems of this country would be simplified and the security of those that have money increased, if other big employes understood as Ford does the handling of workingmen.

"Milk from contented cows" is a well-known, ingenuous motto.

"Work from contented workmen" ought to be the employers' motto. Contented cows don't kick or buck.

John D. Rockefeller, Jr., has given \$500,000 to the Zoological Society, promising to duplicate that amount. E. S. Harkness gave \$100,000, the estate of Mrs. F. F. Thompson \$50,000.

The work of the Zoological Society is done scientifically. It does not merely collect elephants to amuse children and monkeys to rebuke men. It carries on admirable, permanent, scientific work. In days to come not one of the specimens in the Zoo will be left alive on this earth. All will have gone to join the carnivorous dinosaur, great auk and the dodo. This is the time to gather information.

Mr. Francis O. French, who has William H. Vanderbilt for a cousin, and other rich folks, having lost his money in Wall Street, starts driving a "checker" taxicab. His home is one furnished room, "although his family has houses in New York, Tuxedo, Newport and Paris."

The society reporters weep over this, of course. But, rich parents that spoil children please notice that this young man's first day of real education will be his first day on that checker cab. He will learn that if you don't steer straight, you will be bumped. And as he counts up his day's profits, he'll realize that a dollar means something.

Fall over a chair or keep a flash light. Figure which is cheapest. Cunningham & Philips.

Fordson

TRADE MARK

Every bolt and bar made of the toughest steel that science can produce; every piece of metal put there for a special purpose with ample reserve strength to withstand the most unusual strain; and every drop of kerosene that goes into the tank transformed into power—that is the Fordson Tractor.

Whether it is required to drag the implements of agriculture across the fields or to turn the wheels of stationary machines, the Fordson will do all that is claimed for it and more.

We will gladly demonstrate to you this the most powerful tractor for its size on the market.

Severe Indigestion

"I had very severe attacks of indigestion," writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Miss. "I would suffer for months at a time. All I dared eat was a little bread and butter. . . consequently I suffered from weakness. I would try to eat, then the terrible suffering in my stomach! I took medicines, but did not get any better. The druggist recommended

Theford's

BLACK-DRAUGHT

and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain.

"In two or three weeks, I found I could go back to eating. I only weighed 123. Now I weigh 147—eat anything I want to, and by taking Black-Draught I do not suffer."

Have you tried Theford's Black-Draught? If not, do so today. Over 8 million packages sold, a year. At dealers' F. 95

"Newly, Friend."

The official greeting to be given on the celebration of the Jubilee in Fort Worth Nov. 14. Entertainment will be everybody will be royally entertained.

This is the word that is being used by the executive committee in charge of Jubilee arrangements.

Railroad rates have been reduced for the celebration by Texas agents. The rates are: one-third fare for round trip all points within 166 mile radius; one and one-third fare for round trip all points in Texas within 166 mile radius.

will go on sale Nov. 10 on all trains reaching Fort Worth on or before the morning of Nov. 14. They expire Nov. 15.

response to plans for entertainment by the thousands is being received by the various committees. The chairman of the music committee, receives applications for the band contest daily.

the band contest daily. The band of 149 pieces will contest so far. Mammoth parades are in preparation. One will be a parade of veterans and soldiers of the wars which have taken the several generations.

A big automobile parade will also be staged during the week. The showings of late models of cars. The schools, churches, and private, will parade in the last day of the celebration.

A big general picnic, with a big parade, will be another unique feature of the Jubilee.

business district of Fort Worth will be gaily decorated. Plans for a welcome arch, featuring a statue of General Worth, for whom the city is named, and for other features in incandescent lights and banners. The banners of all nations will fly in the city in 1856 when it won its title over the county seat has been decided, and will be beaten during the celebration. The historical society is finding other precious objects with the spirit and energy of Fort Worth and Texas, will be displayed. This committee has also located a grand and great granddaughter of General Arnold, commander of the military fort upon which Fort Worth was founded. These descendants of Major Arnold now live in Fort Worth and will have part in the Jubilee program.

Health Hints for Children
Begin the day by drinking a glass of water and drink at least six glasses during the day.
Do not go to school without breakfast.

Eat regularly three times a day.
Eat slowly and chew all food well.
Drink milk every day—four glasses are not too much.

Eat some breakfast cereal every day.
Eat some vegetables besides potatoes every day.

Eat bread and butter every meal.
Eat some fruit every day and spend the pennies for apples instead of candy.

Eat candy only after dinner and supper, never after breakfast.—The Progressive Farmer.

Own a Diamond
—it's a good investment.
—it's a source of great pleasure.
—it's a good security for a loan.
—it's something that never wears out.
—it's something that grows more valuable, and—
—Buying a diamond on our Easy Payment Plan is a good way to save money. Clyde Fox Jewelry & Drug Co.

Mrs. C. B. Peake left Monday evening for a visit in Dallas. From there she will go to San Antonio and El Paso for a visit.

Are We Robbing the Lord?
The Times editorial writer can not lose an opportunity at this time to write under the suggestion, "Are we Robbing the Lord?" We are inclined to the suggestion that such is the case. One time the question, "Will man rob God?" was asked by a man who wrote by inspiration. The writer has watched closely man's efforts the past few years in his service to his Maker, and we have become thoroughly convinced that man will and does rob God. He robs Him in service, in his substance and his irreverence to things in general.

The summer has passed and the religious situation in Snyder is not the best. There has been protracted meeting after meeting. The harvest has passed, and few souls have been saved in Snyder. Time which belongs to the Creator has been wasted, and souls that should have been brought into the Kingdom of God are still out in the world. There is a reason for this state of affairs and the Times is going to present these reasons in no uncertain way. We are coming to this issue in discussion with some plain facts, presented in our characteristic style. We are going to lay the blame where it belongs, upon the shoulders of Christian people themselves, upon men and women who have professed the name of Christ, and obligated themselves to fight under His banner. The Church has become a stumbling block in the path of sinners. The individual members of the Church have placed themselves in attitude of heart and mind where they deliberately rob God. They are just as guilty in the matter of robbing God as if they had stuck their hands in their neighbor's till and taken his money. You have robbed God in service—in devotion and in consecration. Our services, half-heartedly is a mockery in the sight of the Almighty, and will be rejected by Him.

Now, let's get down to plain facts. Let us discuss the wherefores of this indifference to our Master's work in Snyder. We boldly and forcibly lay the blame at the door of pleasure seeking. The American people have all gone out of the way—are all worshipping the god of pleasure. We have had various ministers of this town to tell us that their crowds and interest is pitiful. It is heart-rending when they contemplate the vast number of men and women who have their names upon the church book and are absent from practically all the services of the Church. As a result of this indifference the Lord has refused to send a season of blessings upon this community in way of spiritual revival. Why? Because a mountain has arisen on the horizon between them and their God and this mountain is pleasure, indifference. When people go to church in Snyder and elsewhere it is through force of habit. They rush in and as soon as the benediction is pronounced they are out and gone in cars—pleasure seeking. Seeking after the ways of amusement.

This week we have had a season of the tent show. Now we are coming to the subject, and we propose to lay on in no uncertain way. We do not condemn tent shows or picture shows or any other class of wholesome amusement when it is not carried to extremes. This week has seen nightly from 1,500 to 2,000 people at Mr. Sadler's show. They have gone nightly, through mud, and all kinds of unfavorable conditions. They have taken with them each night and laid their tribute on the altar of pleasure. What they saw and heard went into one ear and out the other. There have been men and women and entire families attending these shows who, perhaps, are behind with their grocery bills. On next Sunday proceeding the show they will go to the Lord's house and place upon His altar a few measly dimes and half-hearted service. Once on a time the pastor of our church made the request that his members bring and lay on the Lord's altar the same amount of money they had spent the week before in going to the tent show. It cost the writer several dollars. We paid it gladly, recognizing that we could pay as much to the Lord as for amusement in one week's time. The writer would not condemn nor deny people the pleasure of shows, but we say that they ought to make entertainment second in matter of giving to the Lord, both in money and service.

The question at issue is that people have let pleasure come between them and the church and that they are putting these matters first. Will God bless a people of this kind? Will God continue to bless the

American people who have all gone out of the way and are seeking after light things—after pleasure and amusement? Like those of the days of Sodom and Gomorrah or in the days of Noah—they have all gone out of the way—are all seekers after pleasure and denying their Lord the whole-hearted service. If men knew that next week would mean the end of time—they would all rush to the church houses and there would be a session of continuous prayer. A few days ago we were brought a clipping from a Los Angeles newspaper in which an account of a meeting or lecture by Judge Rutherford on the second coming of Christ. Forty or fifty thousand people heard him. Rutherford says the world is coming to an end in 1925. The people of California paused in their amusement to go to hear him. They were interested—they fear the coming of the Lord. When men and women live right—sober-minded each day of their lives the second coming of the Lord does not concern them. They should be concerned in living today the Christian life and bringing men and women into the Master's kingdom.

The Times remarks that there must be a change in the attitude of the American people or else the world and the church is destined to see another dark age in the world's history. Christianity is failing in the real worthwhile matters on account of the indifference of the people. When men and women put pleasure and money making above everything else in the world there is grave danger ahead. The same condition prevails throughout the length and breadth of America. Men and women lie down to sleep and rise up to play. They go to church as a matter of custom and then go out to play. The church attendance in America is being cut shorter and shorter each year. The church membership remains intact, but the attendance decreases. All kinds of lying to the God takes place. Excuse me, Lord, I have headache this morning. Excuse me Lord, I am too tired to go to prayer meeting tonight. But the

man that offers these excuses goes to the lodge or rides forty miles to find some amusement. Excuse me, Lord, I have bought a pair of oxen and have to go and prove them. Excuse me, Lord, I have married a wife and can't go to your house of worship. Excuse me, Lord, I just am not interested. Brother so and so is not living right and I don't care to go to church and associate with him. Oh, vain man, who made you the judge of your brother?

Bring the application down to home affairs we want to ask whenever there has been 1500 men and women at church at one time in this town? Whenever has there been 1500 to 2000 men and women who would brave the storm of Thursday night to go to church as they did the tent show. How many men and women will go to church next Sunday and lay on the altar of the Lord the same amount of money they spent at the tent show? Now, we are coming to the point. We are after you. We are after ourselves. We are writing with all the power and force of our being to check these people in their indifference to church work. We are indemonstrable in our work. We are hewing to the line. God is mocked in Snyder. God is mocked in Texas. God is mocked in America. With all the show and outward appearance in religious matters there is an emptiness. There is lack of consecration, of deep interest in these matters. When a nation places pleasure above God, that nation is running amuck. No wonder murder and crime is increasing. No wonder there is world unrest. No wonder the home is breaking down and divorce on the increase. No wonder that the world is in travail. Lloyd George, the great Englishman, stated in this country a few days ago: "The world has tried war. Thirty million souls went down in the world's greatest conflict, and billions of dollars squandered in this slaughter. We have tried war," stated the Englishman, "and failed. We must look to God. The only hope of earth is to turn to the Eternal Truth as found in God's word. This is the

verdict of the big men of earth. Men must turn back to the Lord and forsake their wicked ways and seek God earnestly and prayerfully, or the world is lost. Civilization will perish, say these men of thought, unless there is a returning to God.

Our article is already too long. We conclude with this thought: "The field is white unto the harvest and the laborers are few. The laborers (Christian men and women) have gone out from the church and are seeking after pleasure rather than after the things worth while."—Scurry County Times (Snyder.)

BACK GIVES OUT

Plenty of Big Spring Readers Have This Experience.

You tax the kidneys—overwork them—

They can't keep up the continual strain.

The back may give out—it may ache and pain;

Urinary troubles may set in.

Don't wait longer—take Doan's Kidney Pills.

Big Spring people tell you how they act. Ask your neighbor.

Mrs. J. P. Green, 210 Pecan St., Big Spring, says: "I recommend Doan's Kidney Pills highly because they did me a great deal of good. I was troubled with my kidneys acting irregularly and suffered from pains in the small of my back. I am glad to say Doan's Kidney Pills relieved that trouble and I recommend them to anyone troubled with kidney disorder."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Green had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(advertisement)

BIG SPRING HERALD BY JORDAN & HAYDEN

\$2.00 A YEAR IN COUNTY
\$2.50 A YEAR OUTSIDE COUNTY

Entered as second class matter at
the Postoffice, Big Spring, Texas,
under Act of Congress, Mar. 8, 1897.

Big Spring, Friday, October 26, 1923

Why Can't We Have These?

We note from last week's Lamesa Journal that Dawson County is to have a Home Demonstration agent. That county has had a Farm Demonstration agent for a number of years past and when you consider the great strides Dawson County has made in the development of its agricultural resources it has paid them well.

The editor of The Herald often wonders why counties not near as prosperous or important as Howard County can have these demonstrators and we cannot. If we had a farm demonstrator this year it would have been part of his job to have planned and assembled an agricultural exhibit to represent our county at the Dallas Fair. If we had a man on the job months ago to look after this the exhibit of Howard County would have ranked among the first instead of being near the bottom of the list. What better advertising could our county receive than to be awarded first place as an agricultural section? Then, too, we need a county agent to encourage the boys and girls to take an interest in poultry raising, dairying and stock raising. Get a line on counties where boys and girls are interested in poultry clubs, baby beef clubs, canning clubs, etc., and you will find that the old one crop system of farming is being replaced with a safer system of diversification. Let's take this matter up with our commissioners and see if we can't have a county agent next year.

Nolan Votes \$600,000 Road Bonds.

On last Saturday Nolan County had carried a \$600,000 road bond issue by a vote of 6 to 1. The \$600,000 will be matched with \$800,000 of State and Federal aid which has been allotted to Nolan County by the State Highway Commission.

This assures the addition of at least 10 miles of hard surface road on Texas' most important highway as Taylor and Cochran counties recently voted bond issues for good roads—and which added to that already built in Eastland, Parker, Palo Pinto, Howard, Midland, Mitchell, Martin and Ector counties will link West Texas to Dallas and Fort Worth with an all-weather road.

We don't agree with the old saying that a fool and his money soon part. Ours get away from us in a heck of a hurry, and we strongly object to being termed a fool.

Try to force a dose of poison down another fellow's throat and he will probably kill you. But fish it out of your boot leg and he'll pay you any price.

We frankly admit that you are entitled to your own opinion, but candor compels us to state that it should coincide with ours.

However, there are a few people who understand why it is impossible to get square with the world. The darned thing is round.

All the world loves a lover—except, sometimes, the girl.

A lazy man seldom gossips. It's too much trouble.

Know Your Town

What do you know about this town? Can you give intelligent answers to the numerous questions that might be asked you? Here is a mild test of what you do or do not know.

Who was the first settler?

When did he settle here?

When was it incorporated as a town or village, under its own government?

Who named the town, and how did it get its name?

Who was the first town or village executive?

Of what denomination was the first church, and when was it built?

When was the first school established?

When was our post office established, and who was the first postmaster?

What is a fair cash valuation of all of the real estate in town?

What is our present tax rate?

How is our municipal government supported?

How is our public school system governed?

What is our present population?

Who is the oldest male resident?

Who is the oldest female resident?

Who was the first child born here?

Who is the most persistent town booster?

Who is the most chronic objector?

What have you done for the town?

If any citizen can answer these questions correctly the editor will be glad to publish the answers in the paper. Such an article would be extremely interesting and of peculiar historical value.

New Boarding House

I have secured the large residence at 105 Scurry street and now conduct an up-to-date boarding house there. Those of you want the best of real home cooked food, and plenty of it can be assured of getting it at my place. Tell your friends to come and secure a real, honest-to-goodness meal. MRS. T. W. HUDDLESTON.

RED CROSS PLANS FOR COMING YEAR

Over \$2,000,000 in Fund for War Sufferers—National Budget Is \$5,543,077.

AID TO VETERANS

STANDS FIRST

Expended \$9,738,448 in Services to Mankind Last Year at Home and Abroad.

Washington—With a budget of \$5,543,077.81 for carrying out the program of service during the current fiscal year, beginning July 1, the American Red Cross announces that this amount was \$4,195,370.41 less than was expended during the fiscal year ended last June 30. During that year expenditures reached a total of \$9,738,448.22, of which amount \$2,605,696.09 was devoted to relief of refugees in Greece who had been driven out of Asia Minor. In announcing the budget for the year, the statement from National Headquarters emphasized the fact that its extensive work at home and abroad depends almost wholly upon the nation-wide support of the organization through enrollment of membership in large numbers during the annual roll call, which will be in progress from November 11 to November 29 under the auspices of the 3,600 Chapters in the United States and throughout the world. These Chapters, it is pointed out, during the last fiscal year expended of their own funds approximately \$3,920,000 in work for the men who wore the United States uniform during the World War, so that the estimate of some \$15,000,000 expended during twelve months by the American Red Cross as a whole is considered conservative.

Soldier Service Stands First

From July 1, 1917, to June 30, 1923, the American Red Cross spent nationally and through its Chapters close to \$164,000,000 in behalf of American soldiers who served in the war and their families. During last year the figure alone mounted to more than \$5,866,265, and for the current fiscal year National Headquarters has set aside under the heading, "Assistance to Disabled ex-Service Men and Women," \$2,065,834.20. The Chapters will continue to do their part, so that it may be predicted with confidence that again more than \$5,500,000 will be disbursed in the large variety of services to the disabled men and women and their families—services for which the Government cannot provide and which reach the individual case with the sympathy and understanding only actual contact can insure. This work of the American Red Cross approaches the fifth anniversary of the Armistice, which ended the World War with only slight decrease in calls for service in the interest of the welfare and rehabilitation of those who suffered physical disability in the service of their country.

In the interest of the enlisted man serving in the Army and the Navy the budget provides \$309,020 for the current year. This is obligatory under the Red Cross charter, for the organization must act in matters of voluntary relief and as a medium of communication between the people and their Army and Navy.

Domestic Program Extensive

The domestic operations of the American Red Cross comprise an accurate indicator of the continuing calls for expansion in all the established and authorized services. The budget aggregates \$4,636,449.70, an amount \$4,452,066.20. The abnormal demands in the foreign field in the last several years, however, have largely subsided, and in consequence \$906,628.11 has been set for the 1923-24 budget under foreign operations. On this amount \$394,303.91 is set aside for engagements which will close the work for the refugees in Greece, for whose amelioration \$2,605,696.09 was expended up to June 30, when the American Red Cross withdrew, and the work was taken over under the control of the Greek government. For liquidation and completion of general relief in Europe the budget provides \$100,000, and for American Junior Red Cross projects, foreign and insular, and assistance to Chapters listed under foreign operations.

Ready for Emergency Calls

The readiness of the American Red Cross to answer immediately with effective service in cases of emergency is an outstanding feature of its program that is universally recognized. During last year \$525,000 was spent for relief in 110 disasters, which was \$207,500 in excess of budget provisions. This year \$400,000 has been appropriated for this service. Since 1881 the Red Cross has administered more than \$20,000,000 in relief work following disasters.

Other budget items in the schedule for domestic operations include \$1,382,524.20 for service and assistance to the 3,600 Chapters and their Branches; \$80,000 for assistance to other organizations, particularly those tending child health activities; \$194,400 for Junior Red Cross projects and service; \$19,824.20 for assistance to "Spray" Training Schools, and for other activities \$111,458.80. For supervisory service activities and general management of the entire American Red Cross, less than \$225,000 is allotted.

Ford New Prices

Effective October 2, the Ford Motor Company announces the following reduced prices on all Ford Cars and Trucks:

Runabout - - -	\$265.00
Touring Car - - -	295.00
Coupe - - -	525.00
Four-Door Sedan	685.00
Chassis - - -	230.00
Truck Chassis -	370.00

All Prices F. O. B. Detroit

These are the lowest prices in all Ford history. With the recent changes and refinements that have been made in every body type, Ford Cars now offer new values in motor transportation. Especially is this true of the new Four-door Sedan with its streamline body and many added conveniences.

The Fordson Tractor

The price of the Fordson Tractor has been increased \$25.00, making the present price \$420.00 F. O. B. Detroit.

You can take advantage of these new prices through the Ford Weekly Purchase Plan

High School News

The most important item that we have this week, and the most important one we've ever had this year, is that there is going to be a football game between Abilene and Big Spring High School, here, Friday, October 26th. It has been three years since Abilene has been here.

We want to say that we welcome them. The Pep Squad is planning an entertainment to show them that we have a friendly spirit—but Oh, Jay-Hawks—our hearts are with you. Fight! Fight! Fight!!!

Big Spring vs Sweetwater — October 19th Big Spring High defeated Sweetwater High in a game featured by line bucking and forward passing at Sweetwater by the score of 20-7. The first half of the game was devoted largely to straight football; in the second half both teams used the forward pass successfully.

Pitman, full back for Big Spring, did exceptionally good work throughout the game, making two of the three touchdowns; Hoover making the third touchdown. H. Wright showed up well on carrying the ball also on defense. Porter, quarterback, played his best game of the season. The line put up a hard fight. W. Line played the usual game.

M. Mitchell, fullback, starred for Sweetwater, making several long gains on end runs.

There were practically no penalties, no squabbling and a sportsman-like spirit prevailed between the two teams.

ASSEMBLIES—Wednesday, Oct. 17th.—Mr. Burleson explained to us that Big Spring was not eliminated from the race for championship by her defeat at Stamford. The teams are being graded by a new system this year. Every undefeated team is rated with 1000 points. If a team loses one out of four games they have 750 points. That is what we have. If we win over Abilene we will have lost only one out of five games. Our standing will then be at 800.

Thursday, Oct. 18.—This assembly was really a kind of pep meeting to send the boys off with a determination to win the game at Sweetwater.

Announcements—Mr. Brewster.

Good talks were given by Mr. Burleson, Mr. Hughes, Mr. Edwards, and Miss Eubank. Frances Melton and Ruby Harwood said a few words.

Monday, Oct. 22.—Buell Cardwell from Simmons gave a good talk. He told the students to work hard and he encouraged the football boys in the good fight they are making.

The report cards were given out this week. Reporter, Frances Melton

Resolutions of Respect

Wherein our Heavenly Father in all His wisdom has deemed it best to call from our midst Mr. John Robinson;

We, the members of the Rebekah Lodge, take this means of extending to his loved ones, members of our order, our heartfelt and sincerest sympathy in their hour of deep sorrow. We feel how idle words must be to convey a shadow of comfort to your sorrowing hearts, but God in Heaven, who doeth all things well knoweth best, and may His richest blessing rest on each and everyone of you is the dearest wish of one and all of our order.

We hereby resolve that a copy of these resolutions be sent to our home paper and to the members of the family.

ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved — Dangerous and Sickening Qualities Removed. Perfected Tablets Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (Advertisement 41-13t).

Presbyterian Auxiliary Notes

Last Wednesday the Dorcas Circle entertained at the Manse with a Halloween party and a kitchen shower for the new Boys Cottage at our Files Valley Orphanage. Mrs. Barrick is chairman of the Dorcas Circle and Mrs. Dubberly had charge of the games. They proved themselves most efficient entertainers and the crowd grew quite hilarious over the contest between the cats and owls. The arrival of a visitor was announced and Mrs. Barnett, representing the matron of the new cottage, came in and told most interestingly of the things actually needed. Just at the right moment four little orphan boys (?) appeared bearing a big tub filled up with gifts showing that the needs were at least beginning to be supplied. The shower was full of useful utensils for the kitchen and a nice little sum of money was also given. All felt that the Dorcas Circle had given an unusually far reaching party. It not only provided much fun for those actually participating, but will bring comfort and pleasure to our orphans at Files Valley. Next week, Oct. 28 to Nov. 4, will be observed as "Church Paper Week" by the Auxiliary. It is just a week earlier than the dates designated, but suits our local conditions better. Posters will be on the walls of the church Sunday and the pastor will say a few words concerning the campaign. On Monday afternoon two ladies from each of the three circles will visit the church members with the goal in view of placing a church paper in every home.

STOP THAT ITCHING

Use Blue Star Remedy for Eczema, Itch, Tetter or Cracked Hands, Ring Worms, Chapped Face, Poison Oak, Sunburns, Old Sores or Sores on Children. It relieves all forms of Sore Feet. For sale by

Christian Church Notes

We will have our regular Bible school and morning service and urge everyone of the members and others to be at the morning service and hear Colby D. Hall, Dean of Brite College of the Bible of T. C. U. This will be quite a treat and you will hear a good sermon and great message.

The Christian Endeavor convention will begin Friday night the sessions all being held in the Christian Church building. The convention will begin at 7:45 Friday night and continue all day Saturday and Sunday afternoon and night. We have some fine speakers on the program and cordially invite all the young people of our city as well as the older ones to attend.

Farm and Resident Lots for Sale.

A fine 210-acre improved farm—only 4 1-2 miles from Big Spring for sale—or will subdivide into two tracts. Will make good terms to responsible parties. Also have some desirable resident lots in Big Spring, for sale. See me at office of J. & W. Fisher store. Wm. FISHER. 31f

"The Big Four Circle"

held a very pleasant and profitable meeting Monday afternoon at the Y. M. C. A. Miss Barnes led the devotional, after which other interesting talks were made by Mrs. Hardy and Mrs. Flewellen. The social hour was much enjoyed, also the delicious salad course served by Mrs. Eason and her helpers. Next Monday being a fifth Monday, a Halloween party will be given by the Circles at the "Y". All Methodist women are invited to come and meet the spooks, etc. Three o'clock is the time.

Give your Horses a Chance

How are you getting more milk from your cows or more pork from your hogs? Isn't it by balancing their rations?

Then why not give your horses the same chance? They deserve it, and will deliver the results.

You can save money by selling your grains and feeding Purina O-Molene. It is not a stock medicine, but a special preparation of oats and corn that produces wonderful results.

Two thirds of a ton of O-Molene goes further in actual feeding than a ton of oats or corn. Call us up and let us tell you how to feed it, and name your price.

RED CROSS HELPS WAR'S SUFFERERS

Aids 200,000 Veterans and Their Families—27,000 Disabled Still in Hospitals.

SPENDS \$5,866,255 IN YEAR

Individual Attention Assured to All Physically Ailing or In Distress.

Washington. — War service five years after the armistice, which on November 11 the American Red Cross marks with the opening of the annual membership canvass, shows that during the past year assistance was extended by the Red Cross to some 200,000 ex-service men or their families. To 130 hospitals throughout the country approximately 75,000 ex-service men were admitted for treatment and to 63,296 of these men definite and specialized service was extended, the Red Cross annual report discloses. In all hospitals under government operation a total of nearly 27,000 disabled veterans were reported by the Surgeon General of the Army.

These facts of the aftermath of physical and mental disability five years after the World War, and the burden resting upon the relatives and dependents of the ex-service men, show conclusively the great need of the Red Cross to act as a supplementary arm of the government in service to these many thousands of men who wore the uniform of the United States. It should be emphasized that government assistance is necessarily standardized along specified lines affecting them as a whole. The Red Cross service is to the individual man and the solution of his problems. This the Red Cross designates "home service" for its aims to give the loving care and interest of the home to these men undergoing physical reconstitution far from their actual home influences.

Year's Expenditures \$5,866,255
In the year ended last June 30 the Red Cross reports \$3,920,000 spent by its Chapters in extending individual attention to the ex-service men and \$1,946,255 spent by National Headquarters of the Red Cross, a total of \$5,866,255. In behalf of the men called to duty in the World War the Red Cross since July 1, 1917, has spent nearly \$164,000,000. Today there are 2,503 Chapters in as many localities carrying on this work, aiding the individual veteran, assisting his family furnishing creature comforts and funds to tide over troublesome periods. The strong connecting link between the Red Cross and the United States Veterans' Bureau takes the complications out of difficult cases of claims. The Red Cross in this work requiring personal representation of the ex-service man has acted in appeal cases, insurance matters, personal and family problems, camp and hospital activities, and in cases of death. This service handled nearly 12,000 compensation and insurance claims, and 2,225 allotment and other claims.

Solves Serious Problem
The financial problem of the ex-service man when traveling to and from hospitals is a serious one, and in meeting this constant demand the Red Cross expended \$138,334.17 during the year. For extra recreational equipment in Veterans' Bureau training centers \$14,806 was spent, and for the blinded veterans in the government school funds were supplied to enable some of these unfortunate men to enter business as storekeepers and poultry raisers.

In Veterans' Bureau hospitals the record of a single month illustrates the large service rendered by the Red Cross. For example, 15,504 new cases required attention, and a total of 36,007 cases were acted upon; 49,368 letters and 1,863 telegraph messages written, and more than 1,400 entertainments given in recreation houses for the benefit of the patients.

Authorities declare that the present is a critical time in the lives of many of the disabled ex-service men who during the five years since the armistice have developed misgivings of recovery.

Work Among the "Regulars"
Service to the enlisted men of the Army, Navy and Marine Corps is a charter obligation of the Red Cross, which in the last year recorded over 200,000 cases of assistance extended and 334,490 visits to the sick and disabled. Inquiries by the Red Cross at the request of Government authorities into the home conditions of soldiers, sailors and marines aggregated 17,714, and there were nearly 6,000 instances where the Red Cross located men for their families.

All these activities constituting a single responsibility of the American Red Cross demonstrated during the year that its "war service" in behalf of the veteran and the man enlisted in the nation's defensive arms must go forward unflinching and without stint of funds. The work of the last five years has welded a close bond of regard between the men who sacrificed and the Red Cross, whose efforts are praised and endorsed by the veterans' organizations. To do all that can be done to soften the consequences of the hard blows of war is the supreme duty of the Red Cross, to which it is giving its best work and most liberal service.

People You Meet

When you meet a stranger on the street, what do you do? Do you give him a greeting, or any form of recognition, or do you favor him with the once over and pass coldly on?

That stranger judges this town to a great extent by the people he meets in just that way. If they are cordial and friendly it leaves a good impression. If they are cold and distant the impression is not so good. And the impression he forms of us is passed on to other people in other places.

An American officer returning from France tells of a famous French general who attracted his attention in the port city of Brest.

This French officer had apparently been invalidated home, and each day he was seen painfully progressing along the streets of the city, presumably for exercise.

It is said that he never passed an American without according him some kind of recognition. Sometimes it was a military salute. Often it was merely a courteous inclination of the head or a friendly smile. But always the old general extended some form of recognition to the American stranger within his city.

That was five years ago, but the American officer still remembers, and continues to tell the story.

Does the stranger who comes to our town leave with the same impression of us?

Subscribe for the Herald.

Once in a while we run across a man who thinks two dollars per year is too much to pay for the little old home paper. A man who cannot save two dollars by reading the advertisements and profiting thereby is not a very good reader. Anyway we never saw a newspaper man who thought the farmer was getting too much for what he produced, and most weekly newspaper men and farmers are about on a par when it comes to being the most poorly paid for the services they render. When you come to think of it, the farmer who thinks the home paper is too high can now pay for a year's subscription with the proceeds from less than seven pounds of cotton, whereas there have been years when it would have required fifty pounds of cotton to pay the little old two dollars. And while you are on the question it might be a wise idea to pay several years in advance because it might require more pounds of cotton next year to equal a year's subscription.

Eat at the Best Place
