PRELIMINARY WORK STARTS ON OLD LAKE

EYESORE TO BE CONVERTED INTO PLAYGROUND

GOOD TIME JOB

Step at Time is Motto Board. Following Concrete Plans

Preliminary work by the City Board in beginning the beautification of the lake site near the Christian church will begin on Thursday of this week. The south slope of the old lake will be plowed and leveled down, driven for tree planting and made for running water lines on the plot.

The City has a plan for this lake bed up by Elrod & Company which will take time and considerable money to carry out. Provision is made in this plan for a wading beach for the kids, borders, tree clusters and other things which go toward making a beautiful playground out of what has been an abandoned eyesore. The Park Board will have to go slowly in carrying out this plan, taking it step by step and the work Thursday is the beginning. It is hoped in the course of a few years to gradually work up to completion of the plan.

Butler, tree surgeon, has the charge for the city and will do the final work in laying out location. Information regarding the kind of trees to plant, etc., has been collected, and the idea now is to get the water system completed and ready for planting time about March. Mayor Knight puts it: "Before you look the hare-bit, you must first catch the rabbit." The Park Board, which organized several years ago, has funds or ground to begin work at once. Since its organization, it has been proceeding slowly, accumulating a little money and acquiring ground to beautify. Its work is beginning to be a tangible thing. It is another year the idea that Messrs. Elrod & Co. had in mind for the old lake will be visible to the eyes of the Hereford population.

Warm Weather is Broken By Winds And Rain Dashes

The balmy weather of the past weeks was suddenly broken Monday afternoon by high west wind and cloudy skies. In the evening dashes of light fell over this community, the wind most of the night, a cool snap dropped before daylight, and the weather was what the government bulletin had emphatically called "unsettled." Monday is fair, windy and snappy. Rain is what the farmers need, and they are glad to look as though all local records will be smashed by the lateness with which a killing frost will come this season.

FRISCO AND HERBST TAKE IN DALLAS FAIR PLEASURES

Capt. John Estes and Albert Herbst left home Sunday night, after a visit to Ft. Worth and Dallas. The Capt. went to Dallas to take in the Fair. Mr. Herbst was called to Fort Worth on business and only incidentally took in the Fair and the Texas-Colorado football game. Both report a splendid time and a pleasant journey.

FRISCO AGENT IS ADVERTISING THRU ST. LOUIS ROUTES

R. N. Brooks of St. Louis, traveling live stock agent for the Frisco railroad, spent a few days the latter part of last week in this section. Mr. Brooks said that through service on the Frisco has been made possible from Cherryvale, Kansas, to St. Louis, making a practical through service from the Panhandle to St. Louis market for live stock.

A GOVERNMENT APPRAISER VISITS HERE LOOKING AT LAND

T. T. Collins, of Amarillo, government appraiser for the federal land bank, transacted business at Dismitt and Hereford last week.

October 25—W. E. Betts, one car calves to Claude, Texas.

Mrs. C. R. Smith Heads Campaign Christmas Seals

Announcement was made this week that Mrs. C. R. Smith has accepted the position as county chairman of the "Christmas Seal Stamps" campaign. The Texas Public Health Association is financed by the yearly sale of these seals. This association is doing a magnificent work for the state, especially among the school children. Hereford has recently had a demonstration of its effectiveness in the work of Miss Pearl Hyer, who has been working here among the children both last year and this fall.

Tuesday afternoon Miss Hyer was planning to demonstrate the teachings of her work through a little play put on by thirty-five school children. The play was to be staged at the Central School building beginning at 3:30 o'clock.

CLYDE WRIGHT AND FAMILY ARE ENROUTE TO PLAINS

Clyde Wright, of Seattle, Wash., writes Hereford relatives from Needles, Ariz., that he and his family expect to reach Hereford the last of this week in their car. The Wrights left Seattle soon after October 1. They will remain in Hereford for a week or ten days before locating on their farm near Plainview.

GREEN VALLEY OWNERS INSPECTING BIG PLAINS RANCH

W. C. and J. L. Eurneaux, of Dallas, owners of the Green Valley ranch property near Canyon, were in Hereford Friday. They are on a trip of inspection of their holdings in this section.

ANNUAL RED CROSS ROLL CALL 11-24

RENEWAL OF \$1 MEMBERSHIPS ASKED FOR ONE YEAR

FOR HUMANITY

Red Cross is Helping in the Reconstruction of the World

The Annual Red Cross Roll Call for 1921 is announced to begin on November 11 and last through the 24th. Mayor Knight is local Chairman and plans will be made for the conduct of the Roll Call in this county. There is no other agency in the world today doing so much for the ex-service men and for humanity in general as the Red Cross and there is no doubt in the minds of the local officers about Deaf Smith county coming through handsomely with its quota. Why should YOU belong to the American Red Cross?

Because it is helping the nation's disabled service men.
Because it is helping to safeguard American life.
Because it relieves suffering from disasters and accidents.
Because it is still helping in the reconstruction of the world.

During the last year 2,397 American Red Cross Chapters, in as many communities, carried on organized work for the service and ex-service men of the American Army and Navy and their families.

The American Red Cross Nursing Service, at the request of the Government, provides the reserve out of which nurses are furnished for the Army and Navy Nursing Corps and the U. S. Public Health Service.

In the United States last year 75,432 people were killed by accidents, and there were 3,500,000 disabilities due to industrial accidents.

Over 300,000 were injured in railroad accidents alone.
To try to prevent this waste of life and labor 347 Red Cross Chapters last year conducted 5,100 first-aid classes with an enrollment of 104,496 students.

Your Membership Dollar will help to keep this work going until the need is over.

Hog Industry Is Growing Fast In This Community

Increasing numbers of high grade hogs are beginning to be raised in this community. Good blooded sires are constantly being imported and a hog census right now would probably astonish many Doubting Thomases.

T. T. McDermott has gone into the Duroc Jersey business on a rather large scale. He has the Orion Cherry and Pathfinder strains. Last week he reported an addition of no less than fifty youngsters to his herd, one sow alone presenting him with a litter of seventeen.

E. W. Harrison also has a herd of sixteen head of fine Duroc Jerseys. He breeds the Senation strain, although he has one sow of the Orion Cherry King line. He owns seven fine males that are now seven months old. They average 200 pounds. At five months of age one of them weighed 100 pounds.

Mothers' Club To Present Play on Thursday Evening

On next Thursday night, October 27, The Mothers' Club of Hereford will present a home talent play at the Star Theatre, entitled: "A Poor Married Man." The curtain will rise at eight o'clock. The Club has worked out this play in order to raise funds with which to install lights in Mothers' Park and three weeks of hard work have been devoted toward making the effort a success in every way.

The Chamber of Commerce Band will furnish music between acts, the musical numbers being selected from the following list:

- March—Emblem of Freedom—King
- Rag—Frozen Bill—Arthur Pryor
- Overture—Carousal—Daby
- Thombone Drag—Laway Massy
- Jewell
- Two Niggerisms
- The Darkies' Dream—Lansing
- The Darkies' Awakening—Lansing
- March—Woody Vaux—King

Cast of Characters
Rosalind Wilson, the College reporter
Inez Hodges
June Graham, the Freshman,
Lella Orr

- Dr. Graham, The Country Doctor—Earl Gough
- Jupiter, The Colored Servant—Robert Sisk
- The Bride—Corrine Smith
- Billie Blake, A Senior Disappointed-in-Love—Joe B. Elliston
- Mrs. Inna Ford (some mother-in-law)—Marie Burns
- Prof. Jno. B. Wise, A Poor Married Man—Bank Ramey

SCENE

A small college town in the Middle West.
ACT ONE—Interior of Prof. Wise's bungalow. Hall to the Bride. Distant thunder storm.

ACT TWO—Same scene as Act One. Too much mother-in-law. It never rains but it pours.

ACT THREE—Two years later. A happy little home. After the storm comes calm.

S. R. CRESAP HAS CHEAP CORN PURCHASED FOR FEED

S. R. Cresap returned from Tucumcari Monday where he and his brother completed a shipment of 400 head of cattle to Burlington, Iowa. He reports that they contracted for 20,000 bushels of corn at twenty cents per bushel with which to fatten the cattle.

Big Prairie Fire Near Littlefield Is Reported Here

Reports from Castro county state that a whale of a big prairie fire raged Monday afternoon fifty miles south of Spring Lake, below Littlefield. The smoke could easily be seen from Dismitt and vicinity and many men went to help fight the flames, thinking the fire much nearer than it actually was. No further details could be obtained before going to press.

BIG MUSICAL TRIUMPH IS SCORED HERE

REED MILLER AND NEVADA VAN DER VEER ARE PLEASING

IS HIGHER ART

Audience Held Spellbound Throughout Program Of Inspiration

(By Mrs. B. F. Gubrite)

A complete musical triumph was scored by the Music Study Club Monday evening in the signally successful presentation of its third annual musical—the joint recital of Madame Nevada Van der Veer and Reed Miller. The occasion settled once for all any doubts as to whether or not Hereford is big enough mentally, morally and musically to successfully materialize really big musical ideas; and gave, as well, to the music-loving public of the community its richest musical experience.

Only consummate art could have swayed and thrilled, and held captive as did Monday evening's program. From the opening number—Ferari's classic "Jewels of the Madonna"—to the catchy little past song, "The Keys of Heaven," given as a closing encore, the audience was a perfect unity of rapt attention. A feeling of mutual understanding and sympathy between performers and listeners was easily discernible from the beginning, appreciation growing with each succeeding number and becoming toward the close a continuous ovation.

Singly, each voice was a model of musical artistry, and a beautiful exemplification of its particular type; together, they created an exquisite harmony of tone production that attained every ear to quick response. A delightful personality, manifest in the graciousness with which both artists responded to the enthusiastic reception of their every number, added effectiveness and charm to their work.

Favorite numbers were the tenor solo, "If With All Your Hearts"—Elijah by Mendelssohn, "Morris Dance" Old English, and "The Lane to BallyBree," sung by Mr. Miller; and "Oz so old Bayou" by Strickland, "Song of the Robin Woman" and "Annie Laurie"—the latter an encore number—sung by Madame Van der Veer. "Oh Lady" and "Swing Low Sweet Chariot" were tenderly appealing and showed the art of both singers in negro spirituals. The duet, an Old English arrangement of "Who is Sylvia," was also received with much favor.

Mr. Stewart Wille, as piano soloist and accompanist was a favorite with the audience. His artistic work was a valuable contribution to the program not less enjoyed than were the vocal numbers.

A beautiful tribute to both the personality and art of Madame Van der Veer was the presence in the audience of Miss Louise Jones, a talented young musician, totally blind, who with her brother, drove sixty miles to again hear this artist whom Miss Jones had once heard in Alamogordo, New Mexico.

Other out-of-town people present were: Prof. and Mrs. Emil F. Myers, Mrs. Tandy, Mrs. Krug, and Miss Millie Lamm, all of Amarillo.

That the club could in times like these, meet such a financial guarantee as was necessary to bring this talent here, speaks forcibly for the moral and musical standards of the community, as well as for its public spirit.

PLANNING TO IMPROVE HALF SECTION NEAR BLACK

Mr. and Mrs. S. Shipman arrived in Hereford Tuesday morning from Robinson, Ill., their home, and are visiting in the C. H. Dyar home. The Shipmans and Dyars are old friends.

Mr. Shipman is the owner of a half section of land between Black and Frison, now occupied by E. W. Davidson. He plans some immediate improvements on his place, including a four or five room house, barn, sheds, windmill, fencing, and will also put in some wheat.

DR. HEARD'S BOY MUCH IMPROVED AFTER OPERATION

Mrs. G. W. Heard and son, George, returned from Amarillo Saturday morning, where the little boy had an operation on his left ear one day last week. He is improving steadily and will soon be able to return to school, as his hearing is now almost normal.

SCHOOL NOTES

"Honor and shame from no condition rise; Act well your part, there all the honor lies."

The chapel exercises will be conducted next Thursday morning by the Senior Class.

Mia Swisher will begin practice soon with her newly organized Glee Club. Every High School girl who sings, should join this club.

The new Mental Arithmetics have now arrived and the 8th grade boys and girls are happy.

The subject of "Fire Prevention" will be taken up next Monday morning in our Public School and taught—two lessons each week in the lower grades; and in the higher grades it will be treated in discussions and written themes on all topics closely related to the subject.

"Is Professional Baseball, sport?" asks a headline in the Literary Digest. Yes, when the home town wins.

The second month of our school closes the coming Friday. Examinations will be given in all the grades in the High School, beginning Wednesday.

Some things that the Educational Column would like to see:

Every girl and boy of school age in Deaf Smith County attending school;

The parents seeing to it that their children make, at least, some preparation each evening for the next day's recitations;

Every citizen of Hereford working for the interests of the Public Schools—talking for them on the streets and public highways.

"Govern thyself, and thou wilt be able to govern the world."

"To know yourself well, is to esteem yourself little."

"O, wad some pow'r the giffie gie us, To see ourselves as others see us."

The teachers have already begun to plan for the School Fair that will be some time in the spring.

Mr. Oscar Vaughan can be seen almost any time of the day, at the High School building with his arm in one hand and a good sized cloth in the other, shining up the windows and the glass in the doors.

We have several contributions now in the way of magazines and daily papers to our High School Library.

Mr. Prewitt and the boys are making things hum these days out in the Manual Training department. The sound of the machinery in action is easily heard in the High School building.

Many are the Historic trees and forests of the world. Man's original home was in a garden of trees, a paradise, or a park of pleasure.

Palestine had her sacred trees—the cedars of Lebanon, the oaks of Bashan, the royal palm. Trees in the garden of Athens that Plato taught his idealistic philosophy.

Stanley, when in the jungles of the

"dark continent" amidst the lairs of the wild beast, where the venomous Python and Cobra loomed, could look up through those solemn depths and worship nature's God.

Trees and forests are nature's monuments of momentous events. In Germany the oak is still standing where Luther burned the Papal bull. How the hearts of children have been thrilled with the tales of bold Robin Hood and his outlaw band in Sherwood Forest.

We can justly point with pride to our monumental trees around which cluster so many hallowed associations—Charter Oak, and Cambridge Elms, under which Washington first drew the sword of Liberty.

When in the Civil War, a great battle had been fought on the field of Shiloh, and as the shades of night gathered over the scene of carnage, General Grant, rather than witness the suffering of the men he could not allow, went out in the falling rain and passed the night under an oak tree. It was under the shade of a friendly tree that Lee and Jackson planned the battle which resulted in the victory at Chancellorsville.

To California has Congress given the direct control of that wonder of the Pacific slope, the "Mariposa Grove." For aught we know these aged monarchs of the forest may have been contemporary with the building of the Pyramids of Egypt. The Indian warrior and his dusky mate have worshiped the "Great Spirit," and danced the war dance under their stately boughs. In their leafy cloisters the lonely Spanish Jesuit has rested. Generations have come and gone, but yet they stand.

There is yet another tree, which the Bible tells us about. It is the "Tree of Life, whose leaves are for the healing of the Nations."

PEEPING TOM HAS HIGGINS WORRIED

That scurvy individual who, a couple of weeks ago, badly scared some of the lone women of the town by peeping into their homes, when the men were absent, has been prying again, and some of the women are almost at their wits end.

It would seem as though the men will have to stay closer to home, or the women will be obliged to learn the art of self protection, a-la-the-days-of-the-45, and teach this intruder of the privacy of the home a good, wholesome lesson.

We, personally, know of more than one woman who is capable of handling that efficient instrument of offense and defense, and who will use it in case of need—and that would be very well!

In cases of this kind the officers of the law are all but helpless, and the punishment of the criminal will be in the hands of the victims. No man, no

matter how efficient he may be, can be in all places at the same time. It would be an utter impossibility for an officer to guard every home in the city, and it is a case of every household making due preparation, and greeting the intruder in a befitting manner.

Perhaps a shotgun shell, loaded with heavy charge of coarse rock salt, or No. 8 shot, and properly used, would brand the critter, so that all men would know where to put the blame, and a .45, in

efficient hands, would put a total quietus on the activities of the peeper.

When all is said, is matters but little which of these remedies may be applied, so long as the job is done well. A man of this description is not entitled to any kind of fair treatment, and he need not be surprised to meet up with a dose that will be equivalent to the crime he is guilty of.—Higgins News.

LAW OR ANARCHY? HEAVEN OR HELL?

There is no question that a certain number of average good citizens don't like prohibition. But as the country press—much more than the city press—has pointed out, that is no longer the question. The question now is:

DO WE BELIEVE IN LAW?

Because, if American laws generally are to be scorned and flouted as this new constitutional law is being flouted, it will be good night to this nation as a home of the free. "Liberty Enlightening the World" will have to move on. Just plain anarchy will follow.

Some of our "best" citizens who are buying and selling liquor today—secretly, of course—defend themselves among friends on the ground that the 18th amendment is not law because it has never been voted on. If they were really intelligent men they would know that not one of the previous 17 amendments to the Constitution was voted on at the polls either.

But the 18th amendment actually WAS VOTED ON. This is a country where the laws are made by representatives who are elected by the people. The representatives in the legislatures of 45 of our 48 States ratified the 18th amendment and made it a part of the Constitution of the United States. Can anybody even faintly imagine that the legislators of 45 of the 48 States deliberately voted for prohibition, knowing that the majority of their constituents at home were not for prohibition?

In the 48 states there were 1,511 senators (state) and 4,671 representatives (state), a total of 6,182 that voted on the 18th amendment. Here's how they voted: To ratify prohibition—5,030. Against, 1,147.

This is what they would have us believe; a majority of 3,883 in a total of 5,030 representatives and senators sat in their seats and voted for prohibition, thus voting in defiance of their constituents and also in defiance of all the distillers, brewers and saloon interests of the whole land.

Not much!

A THREATENED CATASTROPHE

If, as Grand Chief Stone, of the Locomotive Engineers' Brotherhood says, "the die is cast," we can only look on a nation-wide railroad strike as a calamity.

The first thought of the ONE HUNDRED AND FIVE MILLIONS of people in this country, including, we think, the million and a half railroad workers—is a hope that before October 30 a compromise will be effected so that this land will be spared the suffering and terrific business dislocation that a strike will surely entail. It is good to know that within a few hours of the labor men's decision, President Harding had moved government agencies to action in the matter.

The labor leaders' stern injunction against violence is heartening, but when hundreds of thousands of men, with bitterness in their hearts, go on strike simultaneously, there will be many among them who will pay no

heed to the peace order. They and their sympathizers are pretty certain to be guilty of outbreaks here and there, and it is hoped, therefore, that the law will be ready to act against the disorderly and violent.

It is distressing to anticipate the suffering that will follow if the railroads of the nation are shut down for even a few days. The very first to feel the effects of the catastrophe will be the babies and the sick in the cities, because it will be difficult to move milk except in small quantities by motor truck from the farms that are within a score of miles of the bigger cities. The thousands and thousands of dairy farmers who have been accustomed to shipping their milk from a distance of 30 to 100 and even 200 miles, will certainly be placed in a dismal situation. What to do with the great product of their farms will be a problem.

But we won't cry till we see that strike.

OKLAHOMA MARKET

Okahoma City, Okla., Oct. 22, 1921.

CATTLE

With a larger total receipts, the live stock market in Oklahoma City made a fairly good showing. The cattle market closed this week 10c to 15c lower. 11 loads of steers sold from \$3.75 to \$4.35. The market on butcher cattle declined 25c to 50c this week, the decline being mostly on grass cows and heifers. To bring \$4.00, cows or heifers must be of first class grade, while the bulk of medium to good kinds are selling from \$3.25 to \$3.75. The canner and cutter market remains the same, that is \$1.50 to \$2.25. The calf market is steady and active with \$8.50 top on good to choice light-weight veals. Heavies are bringing around \$4.75 to \$5.00.

The receipts of stockers and feeder cattle are falling off, likewise the demand. The market closed this week on a \$3.50 to \$4.00 basis, on medium to good kinds, with those of the common grade around \$3.00.

HOGS

The receipts of hogs are falling off considerably and the market closed 15c higher for the week, top being \$7.65 with the bulk selling at \$7.50 up.

Best grade of stockers and feeders are selling from \$7.25 to \$7.75, with the bulk of common to good stuff selling around \$7.00.

Hogs slaughtered for the week, 2,083. Hogs slaughtered same week last year, 6,051.

JOEL

Mrs. Arch Conklin had a birthday last Thursday and the ladies of the neighborhood went in to remind her of the fact, and enjoy the nice fresh strawberries right out of the garden. Those fortunate enough to enjoy the occasion were, Mesdames Green, Ray Hershey, O. L. Sharp, O. Johnston, M. Chamness, L. Galley, L. West, Wm. Negeline, E. Dunn and C. F. Galley.

We hope she may have many more birthdays.

Mrs. Felix Robinson and family, of Hereford, were Sunday visitors with Mr. and Mrs. Elijah Dunn and attended Sunday School. Our old neighbors receive a hearty welcome.

Mrs. Norman Cabot and little son, of Wildorado, brought C. P. Galley home Saturday night and stayed over and attended Sunday School.

J. L. Park was the first to begin threshing this season in our neighborhood. M. C. Chamness' rig is doing the job. The combines of Messrs. Hershey and Snyder have been running for the past two weeks.

Horace and Howard Hershey, who have been helping their father take care of his crop, started back to school Monday.

Ray Hershey went to Canyon Monday on business.

Mrs. Cleveland Bromley has not been

well lately, but is feeling somewhat improved at present.

SHERIFF'S SALE

STATE OF TEXAS, COUNTY OF DEAF SMITH.

By Virtue of an alias order of sale issued out of the Honorable District Court of Deaf Smith County, Texas on the 24th day of September, 1921, by the Clerk thereof, in the case of F. P. McCormick, plaintiff, vs Carl Lorenz and R. L. Lorenz, defendants, said cause being No. 1208 entitled "F. P. McCormick vs Carl Lorenz et al" and to me, as sheriff, directed and delivered, I will proceed to sell within the hours prescribed by law for sheriff's sales on

the first Tuesday in November, 1921, it being the first day of said month, before the courthouse door of said Deaf Smith County, Texas in the City of Hereford, the following described real estate situated in Deaf Smith County, Texas and being all of lot No. 17, Block No. 11 of the town of Hereford, levied on as the property of Carl Lorenz to satisfy a

judgment for the sum of \$221.52 with interest thereon from November 5, 1920 at the rate of 6 percent per annum and costs of suit.

Given under my hand on this the 30th day of September, 1921.

C. S. FURCELL, Sheriff, of Deaf Smith County, Texas. 59-61-63-65

THE STATE OF TEXAS

To the Sheriff or any Constable of Deaf Smith County—Greeting:
YOU ARE HEREBY COMMANDED to summon A. R. Teeple, the defendant, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Deaf Smith County, to be holden at the Court House thereof, in Hereford, Texas, on the last Monday in October, A. D. 1921, the same being the 31st day of October, A. D. 1921, then and there to answer a petition filed in said Court on the 22nd day of September, A. D. 1921, in a suit, numbered on the docket of said Court No. 1327, wherein J. S. Jones is Plaintiff, and A. R. Teeple is Defendant, and said petition alleging that the City of Hereford is a municipal corporation with a commission form of government, of Deaf Smith County. That on the dates mentioned in plaintiff's petition during the year 1917, the defendant was the owner of Lots 10 and 11 in Block 18 in the City of Hereford according to a recorded plat of the town.
 That the City Commission of Hereford determined to pave and to require portions of certain streets to be paved; two-thirds of the expense of which should be borne by the property owners

and one-third of which should be borne by the City under the authority of Chapter 11 Title 22 of the Statutes of Texas. That the City Commission required that Sampson Avenue in front of the lots mentioned, constituting a frontage of fifty feet, should be paved.
 That the City Commission caused estimates and statements to be prepared showing the proposed costs for constructing said paving, and the amount proposed to be levied against each lot and that the costs for paving in front of the two lots mentioned would be \$197.01.
 That said statement was published and notice given to all property owners affected, by three publications in the Hereford Brand notifying all persons interested that a hearing would be had before said Commission on the 4th day of June, 1917.
 That thereafter the contemplated paving was done in front of the lots mentioned under a contract previously entered into between the City of Hereford and F. P. McCormick and that the contractor's price for doing the work was \$3,857.1 per front foot.
 That on the 6th of July, 1917, the City Commission adopted an ordinance

assessing against the property abutting on the paved streets and the owners thereof two-thirds of the costs of the paving and other street improvements incident thereto, except the cost of constructing curbs, and that the amount assessed against the two lots above described was \$197.01.
 That said ordinance provided that said amount should be payable in three installments, the first of which was due thirty days after the 6th day of October, 1917, the second to be due on the 6th day of October, 1918, and the third on the 6th day of October, 1919, with interest thereon from November 6, 1917, at 8 per cent.
 That said ordinance provided that the assessment levied together with the cost of collection and reasonable attorney's fees should be a first lien against the property, superior to all other liens except State, County, and Municipal taxes, and a personal liability against the owner.
 That on the 11th day of October, 1917, an assignable certificate was issued by the City Commission under authority of said ordinance certifying the amount due for the construction of said paving and specifying the terms of

payment, the rate of interest, which was made payable to F. P. McCormick in payment for constructing the pavement in front of the lots above mentioned.
 That said Certificate provided that if default should be made in the payment of any installment and a suit should be brought thereon that reasonable attorney's fees should be added.
 Plaintiff alleges that no part of the amount shown to be due by said certificate has ever been paid and that the plaintiff has purchased the same from F. P. McCormick and is now the legal owner and holder thereof.
 Plaintiff prays to recover the amount

shown to be due by said certificate with costs and attorney's fees and that the lien created by the ordinance mentioned may be foreclosed and the property sold in satisfaction thereof.
 Herein Fall Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
 Given Under my Hand and the Seal of said Court, at office in Hereford, Texas this, the 22nd day of September, A. D. 1921.
 (SEAL) A. L. BIGGS, Clerk.
 District Court, Deaf Smith County.

JEWELRY WINDOW SMASHED BY ROCK

Sometime Tuesday night, thieves broke the large plate glass window of J. C. May Jewelry establishment and made away with several watches and a quantity of jewelry. The loss is estimated at \$112.00. The robbers overtook a diamond ring and a watch valued at \$45.
 Insurance was carried on the window; but the large plate glass was not covered. Officers are making every effort to obtain a clue, but up until Tuesday night no trace of the robbers had been found.
 The glass was broken with a large rock and was plainly the work of amateurs.—Lynn Co. News.

The Moral Risk

When the time comes to seek credit, a bank will want to know what you ARE as well as what you have.
 That's where the moral hazard comes in.
 And you can't establish credit over night. Rather, it is a matter of becoming known at your bank, of establishing confidence by the way in which you have kept your account, regardless of the amount you have to your credit.
 Get Acquainted—that's the first thing. Then develop that acquaintance into friendship. It will stand you in splendid stead when the time comes. Remembering also, that this bank offers you a complete banking service.

arrested by the destroying process of nature. There was a clinking of jaws that took on the sound of smacking lips. The chorus of groans and chants of anticipation indicated that some one in the graveyard was under the impression that Gabriel had started up the eternity tune of his trumpet. The curious thing about it all was the laboring seemed to come from the graves of the old soaks who died game and drinking to the last. The grave digger found a barrel of home brew in the cemetery tool house, and when this was destroyed peace and quietude again reigned over the City of the Dead, and the threatened insurrection vanished like an Indian Summer dream.—Canadian Record.

DRY GOODS FIRM LOSES CLOTHING

Sometime Tuesday night the store of the Childress Dry Goods Co. was entered by a robber or robbers and clothing to the value of \$350 or more was taken. Among the articles missed this morning were 17 pairs of blue serge trousers, 8 or 10 suits of men's clothes, 12 silk shirts.

Entrance to the store was effected by cutting the screen so that it could be unhooked, then cutting a neat hole out of the glass window pane, permitting the unfastening of the window catch and thus the raising of the window. A glass cutter was used on the window and the entire job bears the marks of an expert, rather than an amateur. The trousers taken were all of large sizes.

Officers inspected the rear of this store at 1:30 this morning and they believe the robbery was committed after that hour. They state that there were a number of suspicious strangers in town during the night and they were afraid that some crime was contemplated.

This is the third or fourth time this store has been burglarized within a few months, but the methods used in this job would be successful on any store in the city.—Childress Post.

or substituted on the basis of their comparative analysis, provided the meat scrap or animal-protein feeds are not replaced by cottonseed meal or other high vegetable-protein feeds. All changes in the feed should be made gradually, as sudden changes may decrease egg production materially.

Ration No. 1, mash.—10 lbs. corn meal, 6 1/2 lbs. meat scrap, 1 lb. bran, 1 lb. middlings. Scratch mixture: 1 lb. cracked corn, 1 lb. wheat, 1 lb. oats.

Ration No. 2, mash.—2 lbs. corn meal or barley meal, 1 lb. bran, 1 lb. middlings, 1 lb. meat or fish scrap. Scratch mixture: 2 lbs. cracked corn, 1 lb. oats, 1 lb. wheat or barley.

Ration No. 3, mash.—3 lbs. corn meal, 1 lb. meat scrap. Scratch mixture: 2 lbs. cracked corn, 1 lb. oats.

Ration No. 4, mash.—9 lbs. corn meal, 5 lbs. middlings, 4 lbs. bran, 2 lbs. cottonseed meal or gluten meal, 2 lbs. meat scrap, 2 per cent bone meal. Scratch mixture: 2 lbs. cracked corn, 1 lb. wheat, 1 lb. oats, 1 lb. barley.

Ration No. 5, mash.—1 lb. corn meal, 1 lb. bran, 3-4 lb. meat scrap, 1 lb. middlings, 1 lb. ground oats. Scratch mixture: 2 lbs. cracked corn, 1 lb. wheat, 1 lb. oats, 1 lb. barley.

Ration No. 6, mash.—3 lbs. corn meal, 1 lb. bran, 1 lb. middlings, 1-2 lb. meat scrap. Scratch mixture: 2 lbs. cracked corn, 1 lb. wheat, 1 lb. oats. Feed with table scraps or cooked vegetables.

Ration No. 5 is adapted especially

for yearlings or old hens of breeds inclined to get too fat, such as Plymouth Rock, Orpington, and Wyandotte. As corn meal, fed with meat scrap, is very fattening, these two feeds are cut down in the ration.

With ration No. 6 feed all table scraps available, or vegetables at the rate of 5 pounds daily to 80 hens.

Five per cent bone meal may be used in any of these rations, and the quantity of meat scrap reduced accordingly, or 2 per cent of bone meal may be added without changing the rations.

Farmers near Claude, Texas, are working day and night doing fall plowing. Searchlights are to be seen on giant tractors every night. Large yields of wheat and maize have en-

couraged farmers to increase their acreage of these grains next year.

CHILICOTHE NOW BATTLING CROOKS

Chillicothe is being over-run by the hi-jackers, gamblers, bad check artists and all-around-beggars. The reason for this is that the crooks have learned of the good crop conditions in this section of the state and they are all flocking here with the expectation of getting some "easy money."

Saturday afternoon a bunch of gamblers were holding a nice, quiet poker game on Wanderer's creek west of town, when a hi-jacker came upon them and relieved the crowd of more than \$400.00 and made good his escape.

Yesterday two bad check artists were here trying to pass checks on the bank at Medicine Mound, but failed in the effort, when Ernest Hutchins telephoned the bank and found the checks were phony. While the checks were being investigated the holder of them fled from town and nothing more has been heard from him.

The town is over-run with beggars and "pan-handlers." Sunday morning the editor was approached three times from his office to town by beggars, who claim they are hungry and have no money. There is plenty of work here and our officers should see that the floating element either go to work or move on.

The business men are warned to be careful about cashing checks, especially for strangers.—Chillicothe Valley News.

How Do You Judge a Tire—

When you look at the tires on your car to see how they are wearing, what tells the story?

It's the rubber tread, isn't it? Every experienced motorist knows this and he knows when the tread is worn down the tire is about done for.

You are right in judging by the tread, and it's easy to understand why the Gates Super-Tread Tire with its wider and thicker tread is delivering two and three thousand extra miles at no cost.

LOOKED AT WRECK; LOST HIS MONEY
Perry Fry was interested in the wreck of the toy train in Bean's window Saturday night. Another fellow was interested in Perry. Other people came up and became interested in the wreck. The other fellow got closer to Perry and talked about the wreck. A few minutes later Perry had use for his pocketbook. The other fellow was gone; so was Perry's pocketbook. Moral: Don't carry your pocketbook in your hip pocket. Perry.—Dalhart Texan.

AUTO JUMPS OVER BRIDGE; MAN DEAD
Last Saturday night, Elmer Conner, better known here as "Pete" Conner, lost his life near Arlie when an auto he was driving became unmanageable and went off a bridge, turned over and crushed him so badly that he died Sunday night. After suffering all day Sunday he was brought to the hospital here where an operation was done in order to save his life, but in vain. He was buried at the family cemetery at Arlie on Monday.—Wellington Leader.
