Eight New Roads Ordered Opened by Commissioners

The County Commissioners in regular session Monday of this week disposed of work that will be much to make history for Deaf Smith county. County Judge Earl W. Wilson presided, with all commissioners present, O. J. Paddock, Precinct No. 1; H. G. Conkright, Precinct No. 2; J. T. Guinn, Precinct No. 3, and W. T. Womble, of Precinct No. 4.

In Monday's session the commissioners established eight new county roads for a total of sixty-seven miles. Five of these roads are in the northwestern part of the county and lead from the Oldham county line to already established roads in Deaf Smith county that run in to Hereford. The locations for these five roads were headed respectively by H. V. Van Hise, H. B. Girard, George M. McLean, A. A. Elwert and Ole T. Larson.

A sixth road was established west of Hereford to run from Summerfield to the Harrison Highway. This petition was headed by Alton Frasier.

A seventh road, whose petition was headed by T. E. Baker, begins one mile east of Progressive school house to run three miles north and one mile west and come out in Progressive Avenue.

The eighth road whose petition was headed by George Guinn, leads from the Farmer county line north to the Harrison Highway, which it enters at the syndicate school house.

The exact locations with surveyor's field notes of these roads will be posted on these routes and also in the court house at Hereford, according to announcement of Judge Wilson Tuesday. He also pointed out that a new ruling will prevail in connection with the establishment of the new county roads. Whereas in times before, land owners were given 90 days time to get their fences moved back from new county roads right of ways, the commissioners court ruled that five months was considered a sufficient length of time to allow for this work. That does not mean the fences cannot be moved before the five months time—they may be moved any time before that, but that legal measures may be resorted to to enforce their removal at the end of five months.

Petitions for two other Deaf Smith county roads were presented to the county commissioners on Monday, and they were granted and the juries of view appointed. The first petition was headed by O. T. Kibbe and asks that a county road be opened to lead from the north and south road 2 1/2 miles west of Hereford to come into 25-Mile Avenue just north of the city.

The other petition was headed by D. Haney and asks that an east and west road be established to connect what was formerly known as the Askren community with Hereford and Dawn.

Wife of Dr. Armstrong Buried Friday in Bovina

Friends of Dr. O. W. Armstrong were saddened to hear of the death of his wife last Friday at Fresno, California. The remains were sent to Bovina, Texas, former home of Mrs. Armstrong, where funeral services and interment took place Tuesday morning, funeral directors, the E. B. Black Co., being in charge.

Mrs. Armstrong was formerly Miss Nellie Irene Tidenburg, a teacher here for a number of years in the Central school. She was united in marriage to Dr. Armstrong following her services as a teacher here. Dr. Armstrong will be remembered here as a chiropractor practitioner about seven years ago. A number of friends of the Armstrongs and Tidenburgs attended the funeral.

W. U. Men Here; Say Uptown Office Possible

Messrs. H. Z. Woodall and F. B. Paschall of Dallas, both representing the Western Union Telegraph Company, were here last Saturday making inspections relative to establishing an up-town telegraph office.

Mr. Woodall is a line inspector and Mr. Paschall is an office equipment inspector for their company. Mr. Woodall stated that prospects were good for a city office in Hereford.

Hereford Golfers Get Best of Clovis In Several Close Matches Here Last Sunday

Hereford golfers took the measure of visiting players from Clovis and Texico-Farwell in an inter-city match played on the local course Sunday afternoon. Hereford won 13 out of the 19 matches that were completed for the full 18 holes, although the visitors took away the two low scores. J. E. Lindley and W. W. Pipkin of Clovis tied with 78 strokes each for the afternoon. J. J. Clark and Doug Fox were the respective victims of such treatment.

The thrilling finish of the day was the climax of a tie match between J. M. Posey, Hereford, and E. M. Baird of the visitors, with 90 apiece for the scheduled 18 holes. In the play-off the 18th hole was again a tie, but Baird made the 20th in one less than Posey and took the match, 1 up. Hereford's winning play was due to the average low score of the local players, being well below 90, while the visitors average scored considerably above that. Plans are being laid for a return match at Clovis soon, according to announcements made in the Clovis paper.

Cotton Reported to Be Opening Fast and Gin Is Started

The first bale of cotton of this year's crop was brought in to Hereford last Saturday, October 12, by E. M. Potter, who lives five miles south of town. Mr. Potter has five acres in cotton this year and picked 1389 pounds of seed cotton at the first picking and expects to pick another bale in the next ten days. The bale weighed 545 pounds and contained 11500 bolls, the staple measuring fifteen-sixteenths of an inch in length.

The Hereford Chamber of Commerce gave Mr. Potter a premium of \$35.00 for the first bale. Cotton is of a good quality this year owing to the extremely dry weather, a number of farmers have reported.

J. S. Smith and two sons of Flagg sold five bales of baled cotton to the Hereford gin the first of the week. Mr. Casbeer, manager of the gin, said that Mr. Smith expected to market all his cotton here.

J. E. Andrea, south of town, brought in a load of cotton Tuesday and had it baled at the local gin. Cotton is beginning to come in, Mr. Casbeer said, and if he can get the engine in good running condition, will bale 250 to 300 bales this season.

Car Collision Fatal to Glenn Smith; Others Uninjured

Glenn Smith, 17, was killed and Allen Johnson, and Thurston Kuykendall were slightly injured last Thursday night in an automobile collision about a mile west of town. Neither Johnson or Kuykendall were hurt. Glenn and Loy Smith, brothers, were on their way to the Ira Cocheil home to spend the evening. Glenn, son of Mr. and Mrs. Guy N. Smith, was instantly killed when the automobile occupied by himself and brother Loy, 14, collided with the car occupied by Johnson and Kuykendall. Loy Smith crawled from beneath the car and came to town for help. When the boy returned with a party, Johnson was found in a nearby deserted house. Kuykendall was not found until the following morning, having been picked up by a passing truck and taken to a plowing camp twenty miles west of here. Loy Smith received only minor injuries and started back to school last Wednesday.

Funeral services for Glenn Smith were held at the Baptist church last Friday afternoon, Rev. V. M. Cloyd officiating. Interment immediately followed at the City Cemetery.

Plains Exhibit Now Showing at Dallas

E. B. Black, president of the Panhandle-Plains, Inc., left Tuesday morning for Dallas to attend the State Fair and view the great exhibit the Panhandle-Plains Association as it has been assembled at the fair. The nucleus of the exhibit of products as shown in the third truck load of fine grains and crops that has been displayed at the Oklahoma State Fair and different points throughout South Texas and Louisiana since September 1. This has been added to and greatly enhanced in attractiveness by different products as shown by Panhandle and Plains communities at the Tri-State Fair at Amarillo, which have been carefully collected and selected to show the diverse fruit, crop and vegetable possibilities of the Texas Panhandle. It is intended that the exhibit at the State Fair this year will far eclipse any so far shown and already plans are under way, according to Mr. Black, to have next year's showing at the State Fair make this year's seem tame in comparison.

To Contest for Free Trip to Live Stock Show

Kermit Wilson has been chosen from this county as a contestant for the Santa Fe railroad trip to the Live Stock Exposition held in Chicago the latter part of November.

The Santa Fe traverses approximately thirty-two counties in Texas and contestants from the local 4-H clubs from each county are judged according to the project they worked for the past year. Kermit won on junior calf at the recent Tri-State Fair at Amarillo, and this winning will largely increase his standing as a contestant for the free trip to the Chicago Exposition.

BIG CATTLE DEAL CLOSED

A story in Wednesday's Amarillo News reported the sale of 700 head of registered Herefords by Truman Hines and Will O'Brien from their Paducah ranch to John Young of Portales, New Mexico. Included in the sale were 22 line-bred Anxiety 4th bulls. Mr. and Mrs. Hines are at present at Hot Springs, Arkansas.

Rev. E. P. Gelsner and Rev. J. A. Hornbeak returned Wednesday evening from attendance at the State Synod of the Presbyterian Church at McKinney, Texas. Mrs. Charles Donald also was a delegate to the Synod from the local congregation. They were accompanied on the trip by Misses Edna and Lois Schulz, sisters of Mrs. Gelsner, who are here from Chicago visiting in the pastor's home.

Editor Elbert Smith of the Lamson Reporter, spent a few hours in Hereford Wednesday of this week visiting friends. Mr. Smith was enroute from Amarillo to Lamson.

Bank Statements Show This Section of Texas Has Plenty of Spending Money

The financial statements of the banks of Hereford of the date of October 4, and published in this issue of The Brand show that business conditions of Deaf Smith county are flourishing.

When the last call for financial statements was made the first of July, the combined deposits of Hereford's three banks amounted to slightly over a million dollars. The present statements of the banks reveal total deposits of \$1,444,521.02, or a gain of nearly fifty per cent in the past three months.

Clovis Wildcats Tamer Since Friday's Game

It was a determined Wildcat football eleven that Clovis brought over to Hereford Friday, and they had lots of fans, rooters and a right sizeable pep squad to cheer them on, but it was of no avail. Hereford outplayed them consistently all the way through the game, which was bitterly fought from start to finish to win by a score of 12-0. It was by far the best game the fans have seen played this year—up to everything expected of it.

Few substitutions were made by either team, both the Whitefaces and Wildcats were in the game with full strength of all the regulars available. It is regrettable that Hereford's crack quarter, Ralph Clement, was injured and had to leave the game for a while, only to go back in and again have to withdraw because of further injuries. Hereford's team work has been improving steadily, and the boys put out a very creditable exhibition Friday. Occasionally they flashed a play that showed there was a reserve of tricks available when the time was appropriate.

The Clovis team was a fast, clean, hard-playing bunch, asking no quarter, and giving none. They came over to win the game and were still after it with all they had when the final whistle blew. The visitors made very little progress during the first half of the game, but opened up a passing attack in the last quarter that threatened to be dangerous, only to lose force from several fumbles followed by a brilliant interception by Hereford.

Hereford's pep-squad with their new black and gold suits added much to the color of the game. Their snappy yells and choruses, aided by the band, gave further entertainment during the rest and time-out periods, and the drill given between halves was a clever stunt. It amused the big crowd to hear the Clovis and Hereford pep-squads giving their yells and songs back and forth across the field to each other, sometimes joining in together in those they both knew, and occasionally leaving off cheering their own gang for a while and pay tribute to their opponents.

Hubert McEntire Buys Interest in Corner Drug

Hubert L. McEntire has purchased an interest in the Corner Drug Store and began working there Tuesday evening, being now associated in the store with Rex Tynes and C. W. Humble, former owners. Mr. McEntire is an enterprising young man and deserving of success in his business venture.

He is a graduate of Hereford high school and later graduated from Danforth's School of Pharmacy, Fort Worth. Last year he passed the test before the State Board of Pharmacy in his first attempt, a feat seldom accomplished. Being a registered pharmacist, he is well fitted for his work and new position. His father, J. M. McEntire, formerly owned the drug store at Dimmitt.

Car Wreck North of Town Friday Night

Two cars collided last Friday night eleven miles north on 25-Mile Avenue just after dark. C. L. Goad and family, who live about fourteen miles north of town on the Avenue, were on their way home when a car coming in the opposite direction crashed into them. Both cars were badly damaged but the occupants were only slightly injured. Mr. Goad stated that he was on his side of the road and was not responsible for the accident. Two of the three men in the other car were Messrs. Henry Girard and Bain, of Vega, it is reported.

County Library to be Opened by First Day of January

The County Commissioners Court in session last Monday met with the advisory committee of the newly established county library and gave the committee full power to go ahead with the further work of making the library a reality. The members of the board, City Superintendent of Schools C. H. Dillehay, Mrs. George Garrison and Mrs. Frank Roloson, were told by the commissioners court that getting the library in operation would be accomplished more readily if the advisory board were placed in a position of full responsibility.

A fully trained librarian whose credentials are accepted by the state librarian, will be employed by the committee, and plans will go forward to get the library in operation by the first of next year.

The commissioners court has placed at the disposal of the board a group of several rooms on the lower floor of the court house which will be remodeled into one large room. The books of the old library which has been taken over by the board, will be rebound, new books will be purchased, and a new series of shelving put in.

The county will owe much to the efforts of the advisory committee. The members work without pay. They were chosen to head the library work because of their endeavors to arouse interest in establishing the library here. The value of the library to Deaf Smith county probably is not apparent now to the average citizen, it will take the efforts of the librarian directing the use of all the county may make of the books, and their value to the county as a whole can only be realized through a period of years, yet the ones who are members of the first advisory committee had the foresight to see the possibilities of a county free library, and give of their time and efforts to get it established. Truly their reward should be great.

Scouts to Have Big Jamboree at Plainview

E. L. Roberts, scout executive of the Central Plains Area, with headquarters at Plainview, was a visitor on official business with local boy scout authorities Thursday and Friday of last week. He met with Scoutmaster R. P. Conaway and the Hereford Boy Scouts in their weekly assembly at the Hillside Hatchery Thursday night. Mr. Roberts has supervision over the Scout work of Deaf Smith, Castro, Swisher, Motley, Floyd, Hale, Briscoe and north half of Lamb counties, and reports the activities increasing rapidly since the beginning of school work.

At present Mr. Roberts is working hard in the interest of a big rally of boy-scouts of this district to be held at Plainview on the Friday following Thanksgiving. The rally will be a contest meet between the troops of the district—the events to be chosen from the training work the scouts have been doing. Among the trials of skill will be making a camp fire and boiling a quart of water, signaling, both by Morse code and semaphore, tent pitching, fire by friction, fire by flint and steel, wall scaling, tower building, first aid, archery, flying model airplanes, knot tying, antelope race, and a final mystery event which the boys will not know about until time for the test.

CONSTRUCTION COMPANY REPLACES CONCRETE STRIP

The faulty concrete strip between the sidewalk and curbing on Main street is being removed this week by the L. H. Howard Construction Company of Lubbock. This was laid at the time the paving was done on Main Street about a year ago by the Howard Company, but after a year's service was found to be defective. The new strip will be put in place without expense to the city.

Go Hear the High School Band Some Monday; the Kids Are Getting Good

Those who have not yet availed themselves of hearing the Hereford high school band at its usual Monday morning performance are missing something. Conductor H. E. Frazier has a whole stage full of boys and girls and they are a real band. The service begins at 9:45 and lasts until 10:45 each Monday morning and every bit of it is worth while from start to finish.

Patrons and friends of the school are invited to be present. This week he band played several brilliant numbers, one of the boys sang the chorus of a popular song to the band's accompaniment; the pep squad responded with some yells. J. A. Miller, secretary of the Chamber of Commerce, spoke extemporaneously in praise of the band and the school, and the Band editor stumbled through a few remarks that he hopes expressed at least half of what he wanted to say. Mr. Frazier says that he has a real treat in store for those who attend the period next Monday.

Building Activity Continues Steady Throughout City

Following is a list of houses being remodeled and new ones under construction in Hereford at this time:

J. E. Harris, in North Hereford, is adding a room to his residence, digging a basement, eight by twelve, shingling the roof and stuccoing the exterior of the entire house. Some minor improvements are being made on the interior.

Jerry Craven is having a residence house on North E street built, having started work the first of this week. The house will consist of three good sized rooms and the interior will be finished in sheet rock and Textone. Mr. Craven expects to move to his new home in about three weeks.

The J. A. Buckner house, recently moved to North E street, has been completely remodeled and a two-car garage has been added to the property.

Arch Johnson, formerly of Dimmitt and Canyon, has under construction a new stucco six-room house on the corner of Schley Avenue and Fifth street. The new house measures 32 x 36 feet and will be very modern. A double garage, 20 x 20 is also under construction.

Ground was broken for another duplex Wednesday when Contractor Lee Lambert and his crew began excavating for a basement for the Mrs. J. B. Hammer residence which will contain four rooms and bath on each side. Construction will be of frame and stucco and have the usual modern appearances both inside and the exterior. Mrs. Hammer is building on Schley Avenue.

Mr. and Mrs. Seth B. Holman Here Tuesday

Hereford citizens were delighted Tuesday to welcome Mr. and Mrs. Seth B. Holman back to town from a several months tour of the Northwest and Western coast line of the United States. Mr. Holman for years had been owner and editor of the Brand before selling it to Nunn-Warren Company last April, and endeared himself to the people of Hereford by the representation he gave them and the city through his management of the paper.

He said while here Tuesday that his health was much improved and that he and Mrs. Holman were delighted to get back to the Panhandle country again. That afternoon they drove on to Amarillo where they will stay for a while before returning for a longer visit with old Hereford friends.

Rains Through Area Encourage Farmers

Rains around Hereford and in Deaf Smith county for the past week or ten days have been trying to overlap the areas reached to make the precipitation general, but so far there are some spots that have not been rained on.

Paris of the county have been blessed with a considerable rainfall during this time, which will prove of great value to the newly planted wheat. While probably the greater part of the proposed wheat acreage of Deaf Smith county has been sown, there is still a large part to be put in.

Hereford to Tulia for First Game of Conference Year

Off to Tulia tomorrow for the first conference game of the season. The Whitefaces are in good condition, high spirited and full of determination to equal or surpass last year's record of the Class B Championship of the district. The team's playing has worked out its rough spots and there is a snap and vim to the boys actions that promises to carry them far.

The game at Tulia tomorrow is not considered an especially hard one, but no chances are going to be taken. The Tulia game with the one here next week against Happy will give the boys good stiff competition to pave the way for the great battle to come on November first when the Canyon Eagles come over here.

The Canyon game is the decisive one of this end of the district, the winner going on to meet the conqueror of the other parts. All Hereford should begin laying plans to make the Canyon game a thing to be remembered from the fans standpoint and the Whitefaces will do their part of the winning.

T. E. Seigler Returns From Trip Downstate

T. E. Seigler, president of the Hereford Chamber of Commerce, returned home the first of this week from an extended business and pleasure trip to Wichita Falls, Olney and Fort Worth. While he was gone Mr. Seigler sold his choice registered Hereford bull, Royal Randolph 7th to S. J. Marcell, president of the Olney Oil and Refining Co., and sold his this year's pure bred Hereford bull calves to E. W. Hunt, president of the First National Bank of Olney, who last year purchased Mr. Seigler's calves.

After attending to business matters at Wichita Falls, Mr. Seigler says he went on to Fort Worth for a visit with their daughter, Miss Gladys, who is a student in T. C. U. He reports having had a fine trip, but is glad, as always, to get back to Hereford.

in a warm room every morning

There's a way to avoid chilly discomfort at the beginning of the day. Just let us install a Humphrey Radiantfire in your bedroom. Start it up when you close the window...

Radiantfires are healthful, too, for every room in the house. They throw off that glowing, penetrating "sunlight" heat which is nature's method of warming the human body. And they burn gas, which means flexible and economical heating service.

We will demonstrate, if you wish.

CONTROLLED VOLATILITY...

What have tank cars to do with motor cars? Just this. Every day, tank cars filled with Phillips 66 are shipped North, South, East and West. The volatility of the gasoline in each of these tank cars is scientifically controlled to fit the climatic conditions of the locality in which it is sold. The result? Instant starting, quick warm-up, rapid acceleration, remarkable power and mileage—regardless of weather—at no extra cost! For best results try a full tank of Phillips 66... or 66 Ethyl.

Phill-up with **Phillips 66**

© 1929, Phillips Petroleum Company
WHEN THE THERMOMETER GOES DOWN THE VOLATILITY GOES UP

Gasoline must vaporize before it can be fired in the cylinders of your motor. Volatility refers to the ability of gasoline to vaporize. With volatility controlled, Phillips 66 vaporizes as quickly in cold as in warm weather.

"SPEEDWAY" AT STAR FRIDAY NIGHT

William Haines, whimsical comedian of the screen, turns to thrills, heart throbs and romance in his latest role of the silver sheet in "Speedway." Metro-Golywn-Mayer's spectacular drama of the auto race track, filmed at the Indianapolis races and appearing tomorrow only at the Star Theatre. Haines shows the evolution of a "fresh" youngster into a man, assuming and facing a man's responsibilities, in one of the finest pieces of acting the screen has seen in years. "Speedway" is an intimate portrayal of the inside of auto racing and a pretty love story runs through its laughs and thrills.

CARD OF THANKS

Dear loved ones, relatives and friends: God's rule is law to all. When our dear son, brother, grandson and nephew was taken into His kingdom, all of you did your part. May we try to give our uttermost thanks to each and every one who helped, even the least bit, in any way. Especially do we want to thank the hospital attendants, Dr. LeGrand, Mat Gilliland, Bro. Cloyd, Mrs. Mountz, ladies of the Baptist church, the pall-bearers, flower girls and relatives. The beautiful flowers helped so much to bear our sorrow for we know they were given to Glenn. Dear Lord, take all of us to live with him in his realm of love.

THE FRIONA GIN COMPANY

Appreciated the patronage given it last year by the cotton growers of Farmer county and other sections outside of the county, and is doing everything it can to merit their patronage again this season by furnishing the very best of gin facilities than any gin anywhere can give, by interested and courteous treatment of all gin employees, by providing a market second to none on the Plains, as our buyer has instructions to pay just a little less than the market at all times, assuring the cotton grower of as good a price for his cotton as the market will justify. He will make just one bid on a bale of cotton each day. If the bid does not take the cotton, it will be withdrawn and a new bid will be placed on it each day until sold, if the grower desires to sell the bale.

We have an excellent crew of men to do your ginning. They are working harmoniously and with best of co-operation in every way. It is their desire to give the farmers and the gin owner just that kind of service which makes for good business relations and fair understandings between the cotton grower and the ginner. Let us hope that this fine spirit among the employees will continue throughout the season, resulting in a closer friendship between the cotton growers and those operating the gin.

With one of the best gins to be found anywhere, with a crew of employees co-operating to the fullest extent to the end that the gin may do the best of work at all times, with the assurance that you will find as good market at Friona as anywhere on the Plains, we enter the best season the gin has ever had with a desire to faithfully serve the cotton growers and the Friona community sincerely and well.

POWELL IS SUPREB IN LEADING ROLE

If only one reason were needed for the continued success of talking moving pictures that reason

could well be William Powell. He is an actor who was seemingly born for the talkies. Brilliant performer that he appeared to be in his earlier work in the noiseless mummery of the silent screen, he is by contrast a veritable demigod in the newly vocalized screen world. Monday and Tuesday of next week you will have the opportunity to hear and see Mr. Powell at the Star Theatre in "The Green Murder Case." It is a great play, thrilling, tense; packed with action and amazing plot situations. It is better than "The Candy Murder Case," because the crimes seem more baffling of solution, because the story carries a greater number of surprises.

CAMP FIRE GIRLS.

Hereford Camp Fire Girls enjoyed a treat from their guardian, Mrs. W. H. Howell, last Friday evening when they met at her home for their regular weekly session. After a period of practice in knot tying they were taken to a drug store for treats and afterwards made up a line party at the Star Theatre.

Alice Hackett to Appear in Recital Monday

Alice Hackett will appear in a piano concert next Monday night at the high school auditorium, beginning at 7:30. She has many press comments, especially from the Minneapolis schools where she

played before 10,000 students of school age. No doubt Hereford is due to have a pianist next Monday night far above the average. Mrs. Hackett's talks which accompany her playing serves to clear the picture to the vision of her audience and her own colorful playing re-creates the scene that was at some distant or recent date, the inspiration of the composer.

SENIOR CLASS ORGANIZED

On September 6, the Senior Class of 1929-30, organized. We elected Wright Ireland president, Vendell Brooks vice-president, Kathleen Cronin, secretary-treasurer, and B. H. Hopkins sponsor. The subject of our Annual was put before the class and we voted unanimously to publish one. This led to the election of the Annual staff. We elected Wright Ireland, editor-in-chief; Edgar Johnson, business manager, and Erle Marie Foster, art editor.

A committee for selecting our rings was appointed. Those on this committee were: Florence Shore, chairman; Wright Ireland, T. E. Seigler, Aleno Hughes, Vendell Brooks. The committee was also to select our invitations.

Ralph Hastings was elected by the Senior Class as student business manager to the Athletic Association, and Howard East and T. E. Seigler as Senior class representatives.

The Seniors have already started having their pictures made. Now, that's co-operation for you! But, Seniors, we want to urge you to have these pictures made by Saturday, for you know it is like this: the Juniors and faculty are to have their's taken next week, and we want all Seniors' pictures done. Snapshots are being taken right along. Also the activities of the school have been placed in capable hands and are being well taken care of.

The Seniors of this year have a great deal planned to do and hope to make this class the greatest in the history of the Hereford high school.

Glad To Tell His Friends About It

"I've seen Dallas grow from a small town to a great city and I have many friends in Texas. I want them all to know about Sargon, and what it did for me.

WM. D. VAUGHN

"My stomach was out of order for a long time. Although I ate very little, I was often in misery after meals and smothering spells would frequently wake me at night. I was constipated, my blood was thin and my color was as yellow as gold. I had severe pains in my back and sides and my kidneys would get me up all during the night.

"Since taking Sargon, I'm in better health than for years. I eat like a hungry school boy and can digest anything. There's not a pain in my body and I sleep good all night. Sargon Pills toned up my liver and ended my constipation. Now my skin has a good healthy color and I feel like a new man." Wm. D. Vaughn, 1919 S. Akard St., Dallas.

OCTOBER 20, 1929.

Six Days for Work.

"Six days shalt thou labor, and do all thy work." Ex. 20:9. It is often forgotten that the Fourth Commandment is an ordinance of labor as well as an ordinance of rest. Until there is labor there cannot be rest, in any true sense of the word. Six times as many days are assigned to work as to rest. The Decalog condemns the idle man as severely as the Sabbath-breaker.

"A reasonable obedience to the law of labor is necessary to our full enjoyment of this merciful law of rest which limits it. Idle people, with whom every day is a day of leisure and ennui the chief of enemies, cannot know what a Sabbath means. Before they can be in a position to observe the day of repose, they must learn to do a week's work."

"Six days shalt thou labor," but that the labor may not be degradingly and exhaustingly wearisome; that the man may not become a mere machine, "worn out by the dust of its own grinding." Therefore the seventh day is the Sabbath of the Lord thy God; in it thou shalt do no manner of work."—F. W. Farrar.

The Divine Examples of Work.
 "But Jesus answered them, My Father worketh even until now, and I work." John 5:17. Jesus had just healed the sick man at the Pool of Bethesda in Jerusalem, and when the Jews persecuted him because he had worked this blessed miracle on the Sabbath, our Lord made the reply given above, thus angering the Jews because he called God his Father, "making himself equal with God."
 "God is not an inert and inactive Deity. He is a working God. He is everywhere present. He is ceaselessly active. He worketh 'in all and through all.' About the activity of the forces of evil there can be no mistake. Evidences of their deadly handiwork are all about us. We are surrounded by broken, ruined, shamed men and women. But the devil is not the only being at work. God is always also at work—and therein lies the world's hope."
 "My Father worketh hitherto, and I work." But how? Not with

much observation and glare of trumpets, but like the seed which swells beneath the soil, with an increase which no eye can measure when it is doing, but all must admire when it is done. "Why do we not all take this up and add, 'And I also work?' For that is the spirit which the Lord would see in men."

Paul's Example of Industry.
 "Ye yourselves know that these hands ministered unto my necessities, and to them that were with me." The wise Jewish custom required that every Jewish lad should be taught a trade, and Paul's was the art, so useful then, of making tents, coarse cloth for the purpose being made in his native Tarsus. That was the business which enabled the apostle to be self supporting, and also, in large part, to support his assistants.

"In all things I gave you an example." Paul's example of industry was no small part in the glorious example he set. "That so laboring ye ought to help the weak." One object of all worthy toil is to be self-supporting and another is to aid those that are less able to work than we are. Toil that has no unselfish aim belittles rather than ennobles the worker. "And to remember the words of the Lord Jesus, that he himself said, It is more blessed to give than to receive." This priceless quotation is the only addition the New Testament gives to the words of Christ recorded in the four Gospels. Working for wages, the heaping up of money, has a hardening tendency which the Christian will take pains to counteract with generous giving. As our wealth increases let our generosity grow, on our toil and its reward will be a curse to us. "These hands." "As Paul held them up, they saw a tongue of truth in every seam that marked them. Luke has made no mention in Acts 19 of Paul's manual labor at Ephesus, but these words are confirmed by 1 Cor. 4:12; written from Ephesus: 'We toil, working with our own hands.'"

Earning One's Way.
 "Neither did we eat bread for nought at any man's hand." 2nd Thess. 3:8-10. "To eat bread" is to be maintained, supported by another. Moffett's translation is very graphic: "We did not loaf in your midst, we did not take free meals from any of you." "But in labor and travail, working night and day, that we might not burden any of you." "Tent making, using coarse and heavy cloth, was

hard work, but it suited Paul's purpose because he could take it up at any time, and work on it at night and in the intervals of his preaching and evangelizing.

"Not because we have 'not the right.' In section VI will be found a reference amplifying this statement that Christian workers have a right to support from those to whom they ministered. "But to make ourselves an example unto you, that ye should imitate us." Paul was charged with diverting to his own use a part, at least, of the funds he collected for the Jerusalem poor. His punctilious refusal of a salary was a sufficient reply to this slander.

"This ye commanded you, if any will not work, neither let him eat." "The form of the Greek implies in

this case a positive refusal to labor; the man won't work; then it is God's law that he shall starve. A stern, but necessary and merciful rule, the neglect of which makes charity demoralizing. But this law of St. Paul's touches the idle rich as well as he poor; it makes that a discredit which one hears spoken of as if it was a privilege and the mark of a gentleman,—to 'live upon one's means,' to live without service to the community."

The Object of Labor-Benevolence.
 "Working with the hands, the thing that is good, that he may have whereof to give to him that hath not." The ideal of Christianity is service. No man can be called Christian, no matter how much self-control and piety he possesses, if he lacks proper consider-

ation for others. This consideration is not expressed in 'feeling toward' but in 'acting toward.' The life of service is a happy life; it is richer in potentialities and actualities of joy; it is surer, less likely to be veered off on some morbid and disastrous indulgence; it earns the love, gratitude and approbation of others; it is more blessed. "Money making is good only when it is pursued in the love of God and man."
 "Swing Into Line" Be a Worker.

"Swing into line with the eternal energy; be a force among forces, a toiler, a producer, a factor, and life will never lose its tone and flavor, its bead or glamour. There is no real taste to bread, nor bliss in sleep, for the idler."
 "We are not here to play, to dream, to drift; We have hard work to do, and loads to lift; Shun not the struggle; face it! 'tis God's gift."

Attendance In Local Schools 42 Over 1928-9

The close of the first month of school showed an increased enrollment over the same period last year, though possibly not so great as some had expected. At the close of the month there were 43 more actually coming than were in attendance at that time last year. Of this number 23 were in the grades and 20 in the high school. The attendance record for the first month was better than that of last year as there were fewer cases of tardiness and absence in proportion to the total number of days attended. The total number enrolled to date is 700, with 752 still enrolled at the close of the month. The corresponding figures for last year were 718 and 709. The compulsory school term started at the beginning of the school year as has been the custom for the past few years. A check is now being made with a view to getting all children between the ages of 8 and 14 years in school, as required by law. The enforcement of the law may add a few children to the lower grades though there are possibly as few families in the Hereford district who wait for the enforcement of the compulsory school law to require them to send the children to school as are to be found anywhere. If there are any children within the compulsory school ages who are not in school, a real service can be rendered to the children concerned if the attention of school authorities is called to such violation of the law. Visitors are cordially invited at both buildings to see the work that is being done and to lend encouragement to teachers and students. Regular work can be seen almost any time with assembly periods in Central school on Wednesdays at nine o'clock and on Tuesdays at the same hour for the departmental grades. The high school has a 25 minute activity period each day from 9:45 to 10:10. On Monday the program is furnished by the high school band. Tuesday is the day for visits by the local pastors who come every other week to conduct chapel for each department, each taking his turn, with miscellaneous students' programs on Tuesdays not scheduled for the ministers. Wednesday is set aside for necessary meetings of the four high school classes. Thursday for the glee clubs and student singing, and Friday for the regular club work.
