Oregon Coast Is Target Of Enemy Shells

Submarine Fires On Vancouver As War Comes To The Northwest

By The Associated Press. Submarine shelling of lonely Vancouver Island in Canada's British Columbia and gunfire upon the Oregon coast from unidentified craft lurking offshore today brought war to the doorstep of an alert and expectant Pacific Northwest.

Sea Battle Is Reported In The Channel

LONDON, June 22 (AP)—Out of the veil of haze which shrouded the English Channel today were heard the distant thunder of guns and bombs from the direction of France.

Overhead, heard plainly although too high to be seen, a large force of RAF planes raced over the channel in the direction of Dunkerque, presumably in a resumption of early daylight assaults upon the occupied French coast.

The air activity continued at intervals throughout the day, interspersed with the distant explosions.

(The Berlin communique said there has been a night engagement off the Dutch coast between German minesweepers and light British naval units including motor torpedo gunboats. The Germans said three of the gunboats were sunk and several other vessels were damaged.)

Nazi air raiders, apparently replying to two successive RAF night assaults on Emden and other targets in northwest Germany, unloaded high explosives on Southampton last night in a sharp attack which caused some damage and casualties.

Two of the German planes were reported shot down by heavy anti-aircraft fire and two more were destroyed by RAF fighters over their continental bases.

The RAF fighters also strafed German airdromes in northern France and the low countries and blasted at railway communications, the air ministry said. One British bomber was reported lost during the night in the course of mine laying operations in enemy waters.

WPB Changes Are Slated

WASHINGTON, June 22 (AP)—Completing reorganization of the War Production Board, including a reshuffling of some top officials, probably will be announced this week, with indications that WPB's future operations will be tied even more tightly to demands of military strategy.

Heading up the personnel changes, it was learned today, will be the transfer of William H. Harrison, chief of WPB's production division to the war department, where he presumably will take over an important post in the procurement setup of the service of supply.

Posts Damaged In Lumber Yard Fire

Fire, which for a time threatened to spread to sheds housing lumber, damaged a stack of cedar posts at the Higginbotham-Bartlett Lumber Co. at E. 2nd and Runnels street early Sunday evening.

"We were lucky enough to get there early and with enough water to knock the blaze out quickly," said E. C. Gaylor, assistant chief, and added that wind was out of the right direction and strong enough to have whipped flames quickly along to an adjacent shed.

Germans Push Deeper Into Sevastopol Defenses

Japs Setting Up A Base On Kiska Isle

Under Cover Of Fog, Are Inching Closer To Alaska

WASHINGTON, June 22.—Under cover of fog and thick weather, Japanese landing forces have inched along the Aleutian Island chain toward Alaska and now are establishing themselves at Kiska, only 585 miles from the United States navy base at Dutch Harbor.

This was disclosed in a communique yesterday that told of the bombing of "a small force" of enemy ships in Kiska Harbor. Army fliers reported hitting one cruiser and sinking a transport.

The communique said operations in the Aleutians "continued to be restricted by considerations of weather and great distances."

"Within the last few days, however," it added, "the weather was sufficiently clear at times to permit some restricted air operations against Kiska where tents and minor temporary structures were observed to have been set up on land."

The navy reported on June 13 that a small enemy force had landed on Attu, a barren, rocky islet marking the westernmost tip of the Aleutian chain, but they were reported shortly afterward to have been driven away.

Kiska, formerly used as a navy coaling station, is about 215 miles east of Attu. About 20 miles long, it is sparsely inhabited by Indians and a few white traders.

Kansas Faces Flood Threats

By The Associated Press. The Arkansas river surged to its highest level since the disastrous floods of 1923 on southern Kansas today, driving lowland families from their homes and threatening the Arkansas City water supply.

The new flood report came as farm and city folk in other sections of the state were girding to meet high water threats along the Kaw, Verdigris, Neosho and Missouri rivers.

The Arkansas stood at 21.78 feet above flood stage. Heavy dikes were keeping the overflow out of the city but a small Cowley county dike gave way during the night and exposed the main city water supply line to the churning flood waters.

The heavy main was dangling underneath the stream, filled with heavy timbers and driftwood carried down from upstream.

In the Parsons area, the Neosho river was spreading over thousands of acres of farmlands.

At Chanute the Neosho dropped four inches overnight and levees were still holding.

The Verdigris left its banks and sloshed into lowlands in the Coffeyville area.

The Kaw still presented a serious threat between Lawrence and Kansas City and was out of its channel in numerous places.

Three Killed In Powder Plant Blast

UNIONTOWN, Pa., June 22 (AP)—Three men were killed and two injured today by an explosion which wrecked a unit of the Liberty Powder Plant near here. Other buildings on the company's property were undamaged.

Statement Due Soon From FDR-Churchill Parleys

WASHINGTON, June 22 (AP)—Vital conferences between President Roosevelt and Prime Minister Churchill were described today by the White House as progressing day and night in a "very satisfactory way" and it was disclosed that the two United Nations leaders expected to issue a joint statement later on.

"They are conferring together and also with military, naval and air experts of both countries. This much was disclosed at Presidential Secretary Stephen Early. But he had nothing to add on specific details of the conferences, such as whether Mr. Roosevelt and the prime minister were focusing their attention primarily on the question of opening a second fighting front in Europe or on possible steps to stave off an even more decisive defeat at the hands of the axis armies in North Africa.

Battle At Climax—Germans driving at Sevastopol from two directions (black arrows) declared that the entire Sevornaya bay region on the northern side of the base's defenses had been cleared of defenders with the capture of the last coastal fort. The Nazi advance continued despite tremendous casualties.

Housing Parley Set For Tonight

Chamber of commerce leaders were hopeful that out of a meeting set for 8 o'clock this evening in the Settles hotel that a solution to the pressing housing situation here might be indicated.

A representative from either the Fort Worth regional or the Lubbock district FHA office will be on hand to answer all questions.

Jack Oliver Is Country's Only 'Flying Private'

HARLINGEN ARMY GUNNERY SCHOOL, Harlingen, Tex., June 22 (AP)—The air force has its "Flying Sergeants" but the Harlingen Army Gunnery School now has its own "Flying Private" in the name of Jack Oliver of Big Spring, Texas.

Private Oliver is the only "Flying Private" in the country.

Just transferred to the United States forces from the Royal Canadian Air Force, Private Oliver is the only "Flying Private" in the name of Jack Oliver of Big Spring, Texas.

Private Oliver had more than 1000 hours in the air while with the Royal Canadian Air Force. He served with the coast patrol and also as an instructor at a bomber school in the bush country, Saskatchewan, Canada.

It is Private Oliver's ambition to fly the twin-engine planes and he hopes that he will be able to get into the big fight before very long, even if he has to go as a private.

Japanese Drive In China Stalled

CHUNGKING, June 22 (AP)—The Japanese effort to close the gap between their columns driving from either end of the strategic 450-mile Chekiang-Kiangsi railway has made no substantial progress in the last four days and the Chinese still hold approximately 50 miles of the line, informed sources indicated today.

25 Ships Lost In Past Week

By The Associated Press. The United Nations today counted 25 merchant ships sunk in the Atlantic last week as the deadline neared on Hitler's order for even more intensified U-boat activity.

The navy added one to the total yesterday with the announcement that a small Norwegian vessel had been sent to the bottom of the Gulf of Mexico. This brought the announced toll in the Atlantic and adjacent waters to 290 since Pearl Harbor.

Hitler has ordered his submarine commanders to intensify the blockade to include shipping north of the West Indies and Ireland and east to Europe, effective Friday.

In answer to this threat, Sen. Hill (D-Ala.) urged that giant cargo-carrying undersea craft be built and three more United States warships—two destroyers and a submarine—were launched at east coast shipyards. The destroyers Jenkins and LaVallette went down the ways at Kearny, N. J., and the submarine Haddock at Groton, Conn.

Bids To Be Taken On Mail Delivery

Bids will be accepted by Postmaster Nat Shick for two routes operating within the downtown radius of Big Spring, he said Monday.

One will be for carrying mail between the postoffice and the T&P depot, and the other between the postoffice and the bus station. Seal proposals must be in by 3 p. m. on July 2 when Shick will open them.

Struggle For Naval Base Is Near Climax

Hitler Puts On More Pressure Despite Great Casualties

BERLIN (From German Broadcast), June 22. (AP)—In hard street fighting, house after house in the shipbuilding section along Sevornaya Bay on Sevastopol's northern defenses were stormed by German troops today, according to high command sources.

A group of Russian forces was surrounded and annihilated, it was said.

MOSCOW, June 22. (AP)—Sevastopol defenders dropped back from the north and south fortresses guarding the Crimean naval base today before enormous German pressure, exerted ceaselessly despite the heavy casualties, estimated at 100,000, which axis forces have suffered in less than three weeks.

A fresh Nazi wedge was forced in the fortifications to the north where the enemy masses a huge force of infantry, artillery and tanks, press accounts said.

In the south, where the Russians had dropped back to the central line, a furious battle was reported under way for a hill dominating the sector.

Today marked the start of the second year of the war for the Soviet. As the battle for the last remaining bit of Crimea entered its climactic stage, German vessels appeared off Sevastopol, dispatches from the beleaguered city said.

Two German torpedo cutters with speeds exceeding 45 miles an hour were reported detected by two small Russian rowboats on a mission close to the shore. The Russians claimed to have damaged one. The rowboats also were said to have found an enemy submarine on the surface. The vessels could have come from Rumania, Bulgaria or the occupied Russian port of Odessa.

Sporadic fighting was reported continuing on the Kharkov front, 400 miles to the north. The German were said to be attempting to restore lines in a sector where they previously had lost four Ukrainian villages but the attack of two companies was reported repulsed.

The Germans besieging Sevastopol already were lodged in the outer defense lines.

The fate of the historic Crimean fortress appeared to be in the balance as the second year of the costly German campaign in Soviet Russia opened, but Russia's "peanut president," Michael Kalinin, found cause to assure his people that "the end of Hitlerism is inevitable."

Where a year ago the German armies struck against Russia during the night, this year, according to today's mid-day communique of the Soviet information bureau, "no significant changes took place at the front" in the hours of darkness.

Military quarters here said Rommel might find it difficult to move supplies through Tobruk as long as allied air forces can contest control of the skies. It was presumed, however, that the Axis leader would hasten to concentrate strong fighter plane forces at nearby El Adem and other desert airports to protect his overseas supply lines.

The question of the RAF's existing strength in this area, moreover, was rendered doubtful by Home reports that Axis dive-bombers had met no British fighters over Tobruk in the smashing attacks which paved the way for its capture.

Egypt's well-trained army of 40,000 regulars, augmented by 100,000 guardsmen, is ready for action, and actually is performing valuable service in support of the British by patrolling vast stretches of the western desert.

Egyptian anti-aircraft batteries are in position to defend both the Nile valley and the Suez Canal and have, in fact, already shot down raiding Axis planes.

The official position of the government, pledged to give Britain all aid short of war, is that it will not make any declaration against the Axis powers unless invaded.

KING CHRISTIAN X. BERLIN (From German Broadcast), June 22 (AP)—The Berlin radio reported from Copenhagen today that 71-year-old King Christian X of occupied Denmark had entered a hospital because of jaundice, but no immediate alarm for the king was expressed.

Whole Position In Danger As Nazis Press Advance

CAIRO, Egypt, June 22 (AP)—Driving forward without a pause from their capture of Tobruk, Nazi mobile columns have clashed with British forces only a few miles from the Egyptian border, the British reported today, as the allied position in the entire Middle East appeared threatened by the disastrous rout in Libya.

The British command said the clash occurred 12 miles northwest of Fort Capuzzo, which is just across the border in Libya.

It was indicated that a few of the garrison troops—British, South Africans and Indians—had escaped from the Tobruk disaster. Some small craft moved out of the harbor while it was under shellfire from German tanks and other parties fought their way through enemy formations in the desert.

(The Germans declared they have destroyed a British naval formation of small ships leaving the harbor.) Isolated parties also were reported continuing resistance.

The booty gained by the Germans still was not known here, but it was reported that great quantities of material were destroyed. One of the gains of the Germans was a recently built extension of the desert railway to a point south of Tobruk. This formerly reached only to Matruh in Egypt, 120 miles from the border. Retreating troops were reported to have torn up stretches of the railway, however.

The Egyptian government issued an order today to check the downward trend of the Cairo stock market.

The Axis air forces, following up quickly their success in Libya, bombed the Egyptian coast between Sid Barrani and Fuqa. As the battered British survivors of the bloody Libyan campaign worked feverishly to strengthen their positions along the Egyptian border, military quarters here conceded the probable truth of Axis claims that 25,000 of Hitler's men had been captured by the combined German-Italian forces which completed occupation of Tobruk yesterday.

There was no denial either of official reports from Berlin that German troops had pushed on from Tobruk to capture El Bahari, a desert track center 60 miles to the southwest and the port of Bardia, only eight miles from the Egyptian border.

While some British forces were still operating west of the Egyptian frontier, virtually the whole of Libya was presumably to all intents in Axis hands. It was expected here that Field Marshal Erwin Rommel would attempt to capitalize on his successes by striking swiftly in the hope of dealing Ritchie's remaining forces a death blow before they could be reorganized.

The fall of Tobruk, which the British held since Jan. 23, 1941, and which had withstood a seven-month siege last year, gives Rommel an important supply port close to the Egyptian frontier and thereby vastly improves his chances for a successful thrust toward Suez.

Military quarters here said Rommel might find it difficult to move supplies through Tobruk as long as allied air forces can contest control of the skies. It was presumed, however, that the Axis leader would hasten to concentrate strong fighter plane forces at nearby El Adem and other desert airports to protect his overseas supply lines.

The question of the RAF's existing strength in this area, moreover, was rendered doubtful by Home reports that Axis dive-bombers had met no British fighters over Tobruk in the smashing attacks which paved the way for its capture.

Egypt's well-trained army of 40,000 regulars, augmented by 100,000 guardsmen, is ready for action, and actually is performing valuable service in support of the British by patrolling vast stretches of the western desert.

Egyptian anti-aircraft batteries are in position to defend both the Nile valley and the Suez Canal and have, in fact, already shot down raiding Axis planes.

The official position of the government, pledged to give Britain all aid short of war, is that it will not make any declaration against the Axis powers unless invaded.

KING CHRISTIAN X. BERLIN (From German Broadcast), June 22 (AP)—The Berlin radio reported from Copenhagen today that 71-year-old King Christian X of occupied Denmark had entered a hospital because of jaundice, but no immediate alarm for the king was expressed.

UNDER MARTIAL LAW. SAN FRANCISCO, June 22 (AP)—Amoy, Japanese-held island city on the south China coast, was under martial law today as a result of an attack on the enemy's naval headquarters.

The greatest danger is that Hitler will not only stage a violent air offensive against Egypt, but may also reinforce Rommel with air-borne troops and supplies. Therefore control of the air over Egypt becomes a matter of paramount importance, and it will be surprising if the British aren't urging the immediate dispatch of substantial air reinforcements from the United States.

Allied mastery of the air over Egypt would entirely change the set-up.

By DE WITT MacKENZIE. Wide World War Analyst. Tobruk and the precarious position of Russia's great naval base at Sevastopol under furious German assault—operations vitally linked with Hitler's attempt to break into the Caucasus and middle east—bring us appreciably nearer the moment when the Nazi chief will unleash his full pack and race for a kill.

Our immediate concern is with Tobruk, for Sevastopol still stands. The British now are back on Egyptian soil, preparing to defend their mighty base at Alexandria and block the road to the Suez Canal. Obviously the position is serious.

The London press, surprised and angered at this defeat, demands whether there has been a blunder. That's a legitimate question, but pending further information we are entitled to say no more than that Rommel again has demonstrated that he is a master strategist and is perhaps even greater as a tactician on the actual battle field.

Still, while the British certainly must inquire into the circumstances of the defeat, the problem now is to defend Egypt and the canal, for they must be held at all costs. We don't know how much the British have salvaged from their shattered Eighth Army which was operating in Libya, though a considerable force withdrew across the border. Apart from this, there are the Egyptian army of 40,000 well trained men and 100,000 Allied guardsmen.

Some Travelers Return Home While Others Leave On Vacations

A few travelers began to return home this week from short vacations to not too distant points while others were still counting the days for their vacations.

Jon McLaren left Sunday for Dallas where she will spend the summer months with relatives.

Mrs. Tommy Radloff arrived here Sunday from California to make an extended visit with her parents. She is the former Nellie Ruth Steward, daughter of Mr. and Mrs. W. T. Steward.

Mr. and Mrs. H. C. McPherson had as Sunday guests, Mr. and Mrs. M. G. Folk and Mrs. J. W. Wade of San Angelo.

Mr. and Mrs. Herschel Petty and Clarice and Bennett Petty are on a two day fishing trip near San Angelo.

Mr. and Mrs. W. N. King visited in Millsap over the weekend and brought home their daughters who had been visiting there for two weeks.

Mrs. B. M. Robbins and son, James David, have returned to Corpus Christi after visiting Mrs. J. E. Pond here and Mr. and Mrs.

Calendar Of Weeks Events

TUESDAY
REBEKAH LODGE 284 will meet at 7:30 o'clock at the I.O.O.F. Hall.
BETA SIGMA PHI will meet at 8 o'clock at the Settles hotel.

WEDNESDAY
MOTHER SINGERS will meet at 2 o'clock at the First Methodist church for practice.
CHILD STUDY CLUB will meet at 12 o'clock at the Settles for luncheon. Members are to call Mrs. J. E. Brigham or Mrs. H. E. Clay for reservations.
AIRPORT WIDOWS will meet at 12 o'clock at the Crawford for luncheon followed by a theatre party and swim. Mrs. W. K. Edwards, Jr., is hostess.

THURSDAY
ROYAL NEIGHBORS will meet at 2 o'clock at the W.O.W. Hall.
FIRST BAPTIST RUTH CLASS will meet at 10 o'clock at the church for a business meeting.
YOUNG MOTHER'S SEWING CLUB will meet at 2:30 o'clock with Mrs. R. E. Bridwell, 1008 Gollad.

FRIDAY
WOODMEN CIRCLE will meet at 8 o'clock at the W.O.W. Hall.
LADIES GOLF ASSN will meet at 1 o'clock at the country club for luncheon.

SATURDAY
COUNTRY CLUB members will be entertained with an Open House at the clubhouse.

Frills From The Past garnish a modern dress. The lace bow-tie jabot and matching wrist frills shown here were inspired by a high-necked jabot blouse of about 1855.

Norwegian Ship Victim Of Sub

A GULF COAST PORT, June 22. (AP)—A submarine with gunners who "couldn't shoot very well, so they were probably damn Italians" sank a small Norwegian cargo vessel without warning in the Gulf of Mexico June 17 with the loss of one life, the navy revealed yesterday.

The attacking undersea craft fired on the ship 35 times with a four-inch gun before sinking it after a torpedo hit at 7 a. m. Central War Time, survivors said. Only one man in the crew of 19 saw the torpedo.

Eighteen survivors were brought ashore in two lifeboats, towed by a fishing vessel. Three were hospitalized and the others were taken to a coast guard base. A Norwegian, Alf Christensen, was killed.

Capt. William Thorsen said all of the survivors "are going back to sea as soon as we can get a ship."

"We couldn't tell what kind of a submarine it was," said a crewman, "but it wasn't a large one. They couldn't shoot very well, so they were probably damn Italians."

Texas Rubber Collection Is Going Ahead

By The Associated Press

Rubber collections in Texas stretched out cheerfully Monday and George D. Bowers, area petroleum chairman, said the campaign was far exceeding his expectations.

The Lufkin Daily News estimated 162,000 pounds assembled there; 192,000 pounds were collected in Ellis county last week. These returns were given by George Butler of the state salvage committee.

Bear county, 200 tons; Harris county, 250 tons; El Paso, 150 tons.

Bowers said the Dallas total reached 500,000 pounds, but Bill Russell, Dallas chairman of the operations committee, estimated Dallas filling stations had assembled 1,400,000 pounds.

Junk dealers selfishly bidding against authorized agencies for profit in the rubber campaign drew the attention of Gov. Coke Stevenson, who said, however, such operators were not numerous.

The petroleum industry has been authorized to collect the scrap, paying \$20 a ton and selling to the government for \$25 a ton. The difference goes to the USO and the Army and Navy relief funds.

Bowers explained that the major companies are financing both their own and independent filling stations in purchasing scrap and concentrating it in warehouses. Shipping instructions when cars are available can be obtained from the reserve rubber corporation in Washington, which will purchase the rubber from the petroleum industry for the government.

Chipmunks Bring A Penny A Pound, Too

REDWOOD, Ore., June 22. (AP) Central Oregon's scrap rubber drive has yielded 250,000 pounds of rubber—and several chipmunks.

The chipmunks had made their nest in an old tire casing, and weren't discovered until the service station attendant already had paid a penny-a-pound for them.

The people of Belgium speak two languages—French in the southern area, Flemish in the north.

Nationwide Gas Rationing Program May Be Abandoned

WASHINGTON, June 22. (AP)—Abandonment of plans for nationwide gasoline rationing was predicted in some congressional quarters today as administration lieutenants reportedly gave the "go ahead" signal for a senatorial investigation of the entire situation.

Leaders were said to have agreed to support a proposal by Senator Maloney (D-Conn) for a five-member special committee with a \$5,000 appropriation for an immediate inquiry into shortages of gasoline and fuel oil, as well as the methods being employed to provide deliveries "for ordinary consumer use."

While this investigation was expected to deal primarily with conditions in the 17 eastern states now on short fuel rations, several senators predicted the inquiry would have a direct bearing on any future move to extend rationing to other sections.

There have been indications that expansion of the curtailment area might depend largely on the success or failure of the current scrap rubber collection, but Senators Connally (D-Tex), Thomas (D-Okla.) and Wheeler (D-Mont) said they did not believe there would be any nationwide rationing.

"I think the people are doing a better job now of conserving rubber than they could be done by nationwide rationing of gasoline," Connally told reporters.

Thomas said he was convinced that there was no need for limiting gasoline sales except in the eastern seaboard and predicted that no such action would be taken.

Downtown Stroller

Comes a card from Mr. and Mrs. CHESTER WILEY who are living in Brownwood now. They are liking their new home, they write, but want to know what's going on here and how the home town is getting along.

Made a short visit on Mrs. LARSON LLOYD who is living on scenic Mountain now. If they ever get fully moved in, Mrs. LLOYD claims, they will begin to feel at home. But since this is the first time she ever made a move, Mrs. LLOYD is finding out what kind of a job it can be. If you want any pointers on what to do or not to do, Mrs. LLOYD feels fully qualified to give advice.

News from Hunt where BEVERLY ANN STULTING is spending the first semester in camp tells of an Allied Nations dinner dance at Camp Waldemar. Everybody came in costumes and danced to the camp orchestra and must have had much fun.

The Business and Professional Women's dance at the Crawford Saturday night looked like a preview of the U.S.O. dances we'll be having come fall. The few civilians there were definitely in the minority.

And speaking of the army, maybe he won't appreciate the build up but we met Capt. Earl H. Hury, who arrived Saturday to be Post utilities officer at the flying school here. From our point of view he is a number one guy. Right now he is looking for a spot to move his family in when they arrive.

Club Entertains With Dance At The Crawford

Red, white and blue streamers and clusters of balloons repeating the color theme were used for decoration when members of the Business and Professional Women's club entertained Saturday night with a dance at the Crawford hotel.

Nickelodeon furnished the music for approximately 30 couples who attended. Funds from the dance will be used this fall for local soldier entertainment.

Red Cross Life Saving Course To Begin Today

The Red Cross life saving course, taught by Walton Morrison, will begin at 5 o'clock this afternoon at the city swimming pool. New students are urged to take the course and all present holders of certificates are required to take the course in order to renew their status.

Morrison will have charge of the first part of the course and a St. Louis representative will conduct the last half of the course.

Surprise Party Is Given Mrs. Hull On Birthday

Surprise birthday shower was held for Mrs. M. R. Hull Friday in the home of Mrs. Jeff Chapman when Mrs. Hull celebrated her 82nd anniversary.

Hostesses were Mrs. W. C. Killough, Mrs. Lillian Smith, Mrs. T. E. Sanders and Mrs. Chapman.

Cake and lemonade were served to the Rev. and Mrs. E. E. Mason, Mrs. H. A. Moore, Mrs. A. A. Chapman, Mrs. D. W. Stutes, Mrs. B. T. Bridges, Mrs. E. H. Adkison, Mrs. W. B. Rucker, Mrs. H. T. Moore, Mrs. J. N. Shanks, Mrs. Betty White, Mrs. Bell Haggard, Mrs. Arvin Hart, Mrs. Britton Hull, Mrs. Lige Hull, Edna Earl Sanders, Frieda Killough, Betty Jean Richbourg, Ula Mae Master.

Sending gifts were Roy Hull, Mrs. Jack Hull, Mrs. Carey Williams, Mrs. Doug Thompson, Mrs. Ruby Murphey, Mrs. Edith Akins, and Mrs. Jack Richbourg.

Girl Begins 150th Week Of Sleeping

ALBANY, N. Y., June 22. (AP)—Delicate seven-year-old Doreen Stook began today her 150th week of uninterrupted sleep.

Physicians see "no hope" of her ever awakening from the slumber, an unknown form of encephalitis, which struck suddenly August 14, 1939. The gentle, deathlike sleep, they say, has destroyed the pretty child's brain cells.

Fugitive 25 Years, He Admits Murder

ROANOKE, Va. — Jack Furrow, who said his conscience hurt him so much that he feared going insane, has given himself up here for the slaying of a Franklin county man some 25 years ago.

County Sheriff Grady Gregory said a murder charge would be placed against Furrow, reopening a case that county authorities thought never would be solved.

Details of the murder were as vivid in the mind of Furrow as the day he allegedly committed the crime. He said he killed the man with a heavy rock.

After the murder, Furrow said he escaped by walking through the mountains at night and sleeping during the day. He went to Detroit, later to Louisville and finally to Maryland, where he decided to give up.

It is estimated that 10,000 safety engineers will be needed by the United States within a year.

Ruth Class To Attend Revival And Meeting

Ruth Class members will meet at 10 o'clock at the First Baptist church for a business session. The class is urged to attend the revival meeting from 9 o'clock to 10 o'clock and then go to the business session.

Most Polish schools have been requisitioned as military barracks by the Nazis.

Mr. and Mrs. John Chaney and Jim Bob are spending the week visiting with their daughter and husband Mr. and Mrs. George Amos in White River, Ariz.

Mrs. L. O. Johnson had as weekend guest her mother, Mrs. Dixon, of Snyder.

Ann Anderson of Dallas was the weekend guest of Elizabeth Caruthers.

Mr. and Mrs. W. E. Grass have as guests his mother and sister, Mrs. Earl C. Grass and Nancy of Edcouch, Tex. Mrs. Grass will accompany the guests to their home the middle of this week.

Edna Vern Stewart, daughter of Mr. and Mrs. L. I. Stewart, left Sunday for San Angelo where she will enter Jolly Beauty school for training.

Youth Is Drowned In Texas Lake

SAN ANTONIO, June 22. (AP)—J. Y. Jones, 19, grandson of Bob Barker, former secretary of the state senate, was drowned near Del Rio late yesterday while swimming in Lake Walk on the Devil's river with a party of University of Texas students. Funeral services will be conducted here tomorrow afternoon.

Jones was drowned when a boat from which he had been diving drifted away. The boat was recovered by Clyde Sellers, Sr., rodeo producer, who rescued all of the party but Jones. In the group were Miss Frances Adare Thefford of Dallas, Miss Dorothy Virginia Gilliam of Austin and Clyde Sellers, Jr.

Big Spring Hospital Notes
 Charlie Hunt, Garden City, had surgery Saturday night following a month injury when he was struck by a pulley. He is employed as a stock truck driver.

Mrs. Wilford Currie, Stanton, gave birth to a son Sunday.

Mrs. D. C. Saunders is a surgical patient.

Candidates May Go Into Joint Debate

JACKSON, Miss. — The rubber shortage may bring back the old free-for-all political debate.

Because of slick automobile tires and prospects of extended gasoline rationing, one of Mississippi's five senatorial candidates already has suggested joint speaking engagements.

Roland Wall, former state WPA administrator and one aspirant to the position of the late Sen. Pat Harrison, wrote the other candidates that joint rallies would save cars, tires and gas of the politicians and the public.

Douglas Smith, local florist taking his first fling at public office, accepted Wall's proposal. The other candidates, Sen. Wall Doney, Rep. Ross Collins and attorney James C. Eastland, did not answer immediately.

Extended use of newspaper and radio appeals so far is the only feasible alternative to a village-by-village campaign. Meanwhile the citizenry gleefully awaits the possibility of two to five politicians mixing it up verbally from the same platform.

Chipmunks Bring A Penny A Pound, Too

REDWOOD, Ore., June 22. (AP) Central Oregon's scrap rubber drive has yielded 250,000 pounds of rubber—and several chipmunks.

The chipmunks had made their nest in an old tire casing, and weren't discovered until the service station attendant already had paid a penny-a-pound for them.

The people of Belgium speak two languages—French in the southern area, Flemish in the north.

BIG SPRING BUSINESS and PROFESSIONAL ACTIVITIES

THESE FIRMS AND INDIVIDUALS OFFER HIGHEST TYPE SERVICE AND VALUES

23,000 Chickens In 16 Months— Chicken Shack Specialty Is Popular With B'Spring Folk

Over 23,000 chickens have been served at Leslie's Chicken Shack, 805 E. Third St., in the year and four months it has been operating in Big Spring and gives some proof of the popularity of the place with local residents.

Managed by Ed White, the Chicken Shack in Big Spring—as well as those in nine other towns in Texas—specializes in fried chicken that will melt in your mouth. From 10 o'clock in the morning to 11 o'clock at night and from curb service to table service, fried chicken lovers can be found at Leslie's munching on chicken better than "mother" used to make.

The chicken is prepared by a special process and tenderized, that is frozen twice, before being served to the customers.

Popular with picnickers and housekeepers with a sudden household of guests, is the service provided by the Chicken Shack which prepares orders to be taken out which are put in plastic sanitary bags.

The chicken used at the Shack is raised on colony fed farms where the chickens never touch the ground and are ready for consumption between eight to ten weeks old when they weigh just two pounds.

In addition to the chicken, the Shack also specializes in salads as a part of the fried chicken meals. White, who came to Big Spring to manage the local Shack, managed a Leslie place in Abilene for over a year. The Leslie fried chicken places originated in Red Bluff, Calif., and were later opened in Texas by F. L. Strange, Sr., of Waco.

Cosden Workers Put 10 Pct. Into Bonds, Stamps

Setting the pace in this community in response to the government's appeal to "make every pay day bond day" are the Cosden Petroleum corporation workers, who have a 100 per cent record on the payroll deduction plan.

And, Cosdenites are meeting the government's quota of 10 per cent into war savings.

The payroll allotment to bonds and stamps averages a full ten per cent. While some employees are not able to authorize that much, others are having as high as 20 per cent deducted from their salaries to go into the win-the-war investment program.

The bond-stamp record is in keeping with Cosden workers' fine record of civic support. The group always has been a leader in contributing to such funds as Red Cross, USO, and Navy Relief.

Big Spring Iron-Metal Big Shipper Of Scrap

Primarily a dealer in metals, the Big Spring Iron & Metal Co., 1501 W. 3rd street, stands ready to aid in the rubber collection campaign.

"We will buy rubber as well as metal scrap," said Isadore Wiener, operator of the business. "We can handle any amount and will pay the established price of a cent a pound."

For months now the Big Spring Iron & Metal Co. has been sending desperately needed scrap metal to mills, thus aiding in the war effort. When the need for scrap became urgent, the company was already among those working its stock out in shape for shipment.

Weiner estimated that since the first of the year possibly 20 cars a month had cleared through the Big Spring Iron & Metal Co. yards here, that this amounted to around 600 tons for each month.

This amazing metal collection, which at times appeared to have gutted the yards, consisted of almost every type of scrap. Oil fields have proven a fertile field, said Weiner, and there has been an abundance of sheet metal and lighter scrap which was pressed in the yards and prepared for shipment. Even tin cans have been handled, but the market for this material now is currently stalled, he added.

Besides its scrap purchasing activities, Big Spring Iron & Metal Co. engages in an active pipe business. There is on hand a considerable supply of various sizes of used steel pipe and tubing, entirely ample for water wells. In addition, the company sells lots of machine parts, fittings, structural steel, tank steel and salvage parts.

The business is approximately 12 years old, having been established by the late Barney Bronstein, who later became Weiner's father-in-law. Two and a half years ago Weiner acquired the concern and under his management it has continued to expand.

All Type Of Leather Work Handled Here By Christensen's

Leather work of any kind is the specialty of Christensen's Shoe Shop, and no job is too large or too small to handle.

This establishment was opened in Big Spring some three years ago, when most people were skeptical over possibilities of such a business in this area. However, by giving the best in satisfaction and keeping an excellent force of skilled workers the firm has grown considerably during this period and now is one of the most complete shops in West Texas.

Some of the different kinds of work for which Christensen's is famous are strap work, shoe repairing, saddle work and complete boot service. Half a dozen competent employees assure the public that no better work in their line can be had in the entire country.

Although the war has brought on a shortage of leather materials, wise use of products and wise buying make it possible for Christensen's to still give first class service.

The shop has two departments, one for general repairing and shoe work and another for saddles, chaps, etc. Both these departments are well equipped.

The Christensen shop is proud of the reputation it has built in Big Spring, and hopes to continue giving first class service to its patrons in this area.

Mort Cooper Manages To Cop One Game For Cards

WT-NM Loop Continues Without Dukes, Pirates

ALBUQUERQUE, N. M., June 22 (AP) — Albuquerque has ended its second venture in professional baseball since the first of the year.

Bowing to financial difficulties, the Albuquerque Dukes folded up their efforts in the West Texas-New Mexico league at the conclusion of Saturday night's 11 to 1 defeat in Amarillo.

The withdrawal, reported likely after gate receipts were attached at the conclusion of their last home stand, came about six months after the Dukes' predecessors, the Albuquerque Cardinals, quit the now defunct Arizona-Texas league because of financial troubles.

The West Texas-New Mexico league is to continue with six teams.

Milton Price, league president, announced in Dallas that the circuit would be evened up by withdrawal also of the former Big Spring team which has been operated by the league since it met

Dodgers Take Four Of Five, Widen Lead

By AUSTIN BEALMEAR, Associated Press Sports Writer

Sadder but wiser, the St. Louis Cardinals limped toward Boston today, able to rejoice in only two things — their departure from Brooklyn and the discovery of one pitcher who can fool the devastating Dodgers.

When the Cards invaded flatbush last week they were riding on a seven-game winning streak and trailing the National league leaders by only four games and a half, but they bumped into a Brooklyn team that apparently is serious about representing the circuit in the world series once more.

The Dodgers slapped the Cardinals down four times out of five, pushed them three full games further behind, and sent them on their weary way.

For the Cards, the only bright spot of their visit was provided by Mort Cooper, their pitching ace, who might keep his club in the pennant struggle if he could do all the hurrying whenever the two teams met.

Cooper handcufted the league champs on five hits in the first game of yesterday's doubleheader, while his mates hopped on three Dodger pitchers for 14 safeties, including home runs by Ray Sanders and Stan Musial, to compile an 11-0 shutout.

But the second game was the same old story. Kirby Higbe pitched seven-hit ball for the Dodgers, who bunched their blows off Howard Pollet for a 6-2 decision. Joe Medwick connected safely in both games, stretching his consecutive game hitting streak to 25.

There were other sparkling mound performances.

Tex Hughson of the Boston Red tossed a neat three-hitter, Cliff Melton pitched a four-hitter for the New York Giants and Hank Borowy of the New York Yanks turned a five-inning shutout. Luman Harris of the Philadelphia Athletics and Ray Starr of the Cincinnati Reds also have five-hitters.

Ted Lyons of the Chicago White Sox became the second active pitcher to win 250 games, joining Red Ruffing of the Yanks, who reached that goal only two weeks ago.

Melton pitched the Giants to a 5-0 triumph over the Chicago Cubs in the first game yesterday, but the Cubs took the nightcap, 7-2.

The Cincinnati Reds and the Philadelphia Phils split, the Phils winning first, 3-2, behind six-hit pitching by Tommy Hughes and the Reds rallying behind Starr to square accounts, 2-1.

Pinch-hitter Eddie Stewart tripled in the tenth with the bases loaded to give the Pittsburgh Pirates a 7-3 decision over the Boston Braves. Their second game bowed to the weather.

The Cleveland Indians handed the New York Yankees their fifth straight loss, 3-2, but Borowy led the world champions out of the wilderness with a 4-0 shutout in the nightcap, preserving that seven-game lead.

Lyons pitched the White Sox to a 6-5 win over the Boston Red Sox in the first game, but Hughson evened it up in the second 7-0.

Detroit beat Washington 4-1, in the top half of their twin bill, only to lose the 10-inning nightcap to the Senators, 3-2, when Virgil Trucks, Tiger reliever, walked a man with the bases loaded.

The Philadelphia Athletics took both games from the St. Louis Browns, 4-2, and 4-3.

Softball Plans Arranged To Fit Army Program

LA FERIA, Tex., June 22 (AP) — The Amateur Softball Association is going to bat for Uncle Sam's fighting men.

E. C. Bacon of La Feria, governor of the southwest region which takes in Texas, Louisiana, Arkansas, Oklahoma, New Mexico and Arizona, says the organization has adjusted its national set-up to conform with the army corps area.

There is no tendency to forget the boy on the corner lot, the man who builds ships or guns or planes, the office worker, the salesman, the girls and women.

But the most important thing right now is the war effort and that's why America's official softball association is concentrating on a competitive program for the service men.

Bacon, working closely with Army athletic officers in the Eighth Corps Area, has arranged for championships of the six states to be determined by Aug. 23. The regional title will be determined in September, the winner going to the world tournament in Detroit.

Hogan Bests Record 10 Strokes To Capture Hale America Title

Little Texan Finally Cops Major Award

CHICAGO, June 22 (AP) — Little Ben Hogan, some 135 pounds of purewhipped, finally crashed through to win that major golf championship which eluded him so long while he was busy winning most of the money and otherwise establishing himself as the uncrowned king of the links.

His victory in the Hale America tournament which ended yesterday at the Ridgemoor club was about as brilliant a feat as golf has seen. His total of 371 for the 72 holes shattered by 10 strokes the record for the National Open championship.

Yet, ironically, the supreme goal of every golfer still eludes the "Texas" first prize will not appear in golf's record book as winner of the National Open title. Because of the war, there will be no Open tournament this year. This is the closest thing to it. Hogan, though, was not in a mood to accept any sympathy after he had rolled in putts from all sorts of distances to score his clinching 68 yesterday.

"What difference does it make?" he demanded. "If this wasn't an Open championship I don't know what would be. Everybody was in it. I'm glad to win, whatever they call it. I never expected to be close after that 72 I shot the first day. There were 62 other players even with me or better than I."

Bacon was the winner who pocketed first prize of \$1,100. The "goat" was Jimmy Demaret, of Detroit, who needed only to shoot the last four holes in par to score a 66 on his final round and finish in a tie with Hogan for the title. Instead, he went to pieces, drove like the roughest duffer on three consecutive holes and wound up in a tie with Mike Burns for second place with a total of 374.

Seven strokes behind Hogan at 278 were Horton Smith, Jimmy Thomson and Byron Nelson. Tied at 280 were Lawson Little and Eddie Burke; at 281 were Dick Metz, Jim Ferrier and Lloyd Mangrum. From there they soared on into the 300-odd brackets.

Local Poloists Defeat Lubbock By 11-2 Score

Big Spring riders rolled up a thumping 11-2 victory over a Lubbock polo team at Lamesa Sunday. Gus White, Jr., whose services the locals are due to lose right away, paced the scoring parade with five tallies. Lewis Rix fired three points and Rip Smith added three more, and all of them were aided by some good position shots by Doc Bennett.

Charley Smith, Guy Smith, Claude Hurlbut, Pescoe Petty and Bobby Wiley represented Lubbock.

Sol Cleveland, one of the riders on the Lamesa White team, has moved to Big Spring, and Gus White, Jr., likely will replace him on the home crew. That means probably that Cleveland will be riding henceforth under the Big Spring banner.

The locals will play another Lamesa four on the Lamesa field next Sunday.

Indians Grab 4th Straight From Exports

By The Associated Press

The Oklahoma City Indians, on the warpath and without a loss since John Kroner took over as manager, sent the league-leading Beaumont Exporters away with four defeats out of a four game series that ended last night when the Redskins took a pair, 10 to 8 and 9 to 6.

Hal Harrigan hit a homer with the bases full in the third inning to take last night's opener. Pitcher Ed Lopat took credit for both games, hurling a six inning relief in the first tilt and returning in the second to stop the Shippers.

Fort Worth won a double bill from San Antonio, 6 to 2 and 3 to 2. The 10-inning second game ended when Ford Garrison lined a hit with the bases loaded.

The Tulsa Oilers worked long and hard, took a 15-inning joust from the Shreveport Sports, 3 to 1, then lost the 7-inning second game, 3 to 2.

Paul Dean of Houston won his ninth game of the season, beating the Dallas Rebels, 2 to 0.

Mrs. Van Ryn And Schroeder Take Titles In Tennis

HOUSTON, June 22 (AP) — Ted Schroeder of Stanford and Mrs. John Van Ryn of Austin captured the men's and women's tennis titles of the Texas state sectional tournament yesterday.

Schroeder, ranked No. 3 nationally, had some difficulty beating Ray Gladman, unseeded Rice Institute sophomore, in the finals, 6-1; 10-8; 6-1.

Mrs. Van Ryn swept by Mary Jane Bullington of Fort Worth, 6-1; 6-1. Miss Bullington took the junior girls title by beating Margaret Eby of Houston, 6-4; 6-3. Schroeder and Larry Dee won the men's double title in the all-States final, defeating Emory Neale and Jim Wade, 6-2; 6-3; 4-6; 7-5.

Champion 5 Years, Louis Now Trains For Uncle Sam

NEW YORK, June 22 (AP) — Five years ago tonight in Chicago Joe Louis knocked out James J. Braddock for the heavyweight boxing title and today the young negro heads back to the midwest, this time as Corp. Joseph Louis Barrow, to condition himself for fighting of a different sort.

Louis will go directly to Fort Riley, Kan., where he will complete his basic military training.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

NEW YORK, June 22.—Look for more big news to pop any day now on the athletic teams that have been doing a fair country job of advertising our armed forces. . . . But ask us to guess which direction it will pop. . . . A lot of hints have been buzzing around that there's pressure from the upper regions to give the athletes less publicity and to keep them at their training chores, but there's also the unanswerable fact that their appearances speed up enlistments.

Strike—Who's Out? Fort Worth sports scribes tell how Stub Overmire missed his swing at a third strike the other day and the right fielder threw him out at first base. . . . Yes, it really happened. When the ball got away from the catcher, Overmire was slow in starting to run. The catcher threw over first, but the

right fielder recovered the ball and got it to the bag in time to retire Stub.

Today's Guest Star —Tommy Fitzgerald, Louisville Courier-Journal: "Scout Johnny Nee of the Yankees has gone to Florida to sign up a couple of high school baseball players. Well, they've said all along that if there's any baseball next year we'll probably have to use kids in knee pants.

Service Dept. —When a group of officers from the South came to Chanute Field, Ill. for specialized work, a private was assigned to give them physical training. . . . Noting that the Doughboy hesitated to shout orders to guys with bars on their shoulders, one of the southerners holered: "Go ahead soldier. We're up here to learn some of your Yankee tricks. . . . Samuel Hardwick, who was known as the "Dublin flash" when he played backstop for Virginia Tech, has been promoted from captain to major at Fort Benning, Ga. Sounds like a natural for the A. E. F. in Ireland

What Price? —Price Brookfield, the sharpshooting West Texas basketballer, isn't pitching 'em so straight on the ball field. . . . In his first four appearances as a flinger for Berger in the West Texas-New Mexico league, Brookfield gave 15 runs, 22 hits, 13 walks, fanned eight, hit one batsman and made four wild pitches. . . . But he whacked nine hits in 12 times at bat to lead the league with .750.

Comfort IN CORPUS CHRISTI MEANS THE Nueces HOTEL

You are at the center of everything in Corpus Christi when you make the comfortable and cool NUECES HOTEL your vacation home. Overlooking the city's famed Shore Line Boulevard, its home-like rooms and spacious lobby are cooled by salt-laden ocean breeze—a tonic for wartime nerves. Cuisine in dining room and coffee shop the finest.

May we suggest that you make reservations in advance.

JAMES E. BARRETT, Manager

There Are Lots Of Good Reasons Why Your Car Runs Better And Lasts Longer When Serviced Regularly At Flew's Service Stations

College Golfers Start Tourney

SOUTH BEND, Ind., June 22 (AP) — The nation's top college golfers teed off today on the Chain O'Lakes course in the 45th annual intercollegiate tournament.

Eighteen holes of medal play were scheduled today and a similar round tomorrow. In addition to seeking a place in the select field which will begin match play Wednesday, the college golfers will be out to win the team championship from Stanford's defending Indians. The biggest threat to Stanford's supremacy was expected to come from Notre Dame's team, undefeated this season but tied once.

Other teams which were expected to make strong bids for the title included Louisiana State, led by Captain Earl (Red) Stewart, who took the college title last year.

Sunday Travel Exhausts East's Gas Supplies

By The Associated Press

Dry gasoline pumps stranded thousands of motorists along the Atlantic seaboard yesterday as summer's first weekend brought an increase in travel and exhausting demands on filling stations.

As hurried cars hung out "no gas" signs, drivers with empty tanks were forced to leave their cars at the roadside or have them towed to parking lots and garages.

Philadelphia was hardest hit with all of its 3,500 stations closed by midafternoon Sunday. Many motorists, including tourists, were stranded and some war workers were unable to get to their plants.

A. Reed Engle, president of the Associated Gasoline Dealers of Philadelphia, said the shortage was caused by doubling the value of units on ration cards to six gallons without increasing the supply to stations. "We're (the operators) taking plenty of abuse," he said.

Governor Proclaims Aid-To-Russia Day

AUSTIN, June 22 (AP) — Marking the anniversary of the Nazi attack on Russia, today is "aid to Russia day in Texas" by proclamation of Governor Coke Stevenson.

Urging Texans to contribute as much as possible to the Russian war relief campaign, the governor asserted that "the efficiency of the Russian medical corps is reputed to be such that 83 per cent of the wounded can be restored to the fighting lines if the necessary medical and surgical supplies are made available."

New Excise Taxes Being Considered

WASHINGTON, June 22 (AP) — With sales tax proposals defeated, the house ways and means committee turned to a few new excises today in an attempt to swell still further the record-breaking total of \$6,640,000,000 in new taxes it already has approved to help finance war.

Two proposals have been advanced to tax bank checks, either a definite amount on each check or a flat monthly percentage levy against the total withdrawal from a bank account. And the treasury has suggested that soft drinks be taxed about \$146,000,000 annually.

FEDERATION MEETS — FORT WORTH, June 22 (AP) — The Texas State Federation of Labor begins its convention today following the meeting of nine labor unions. Corpus Christi and Galveston were preparing to make bids for next year's session.

Importation into St. Pierre and Miquelon of all arms and ammunition has been prohibited, says the department of commerce.

WOMAN SERVES AS CLUB'S GOLF PRO

SANTA CRUZ, Calif., June 22 (AP) — The fashionable Pasatiempo club has a woman as its acting golf professional.

Mrs. Earl Eckerl was given the job yesterday replacing her husband who left the club for a position at the South San Francisco airport.

Goodman After 4th Trans-Miss Crown

KANSAS CITY, June 22 (AP) — Johnny Goodman of Omaha, former National Amateur and National Open king, will seek his fourth trans-Mississippi golf title in the tournament which starts tomorrow on the Blue Hills course. The defending titlist is Frankie Stranahan of Toledo and Coral Gables, Fla.

TRACK MEET

PASSAIC, N. J., June 22 (AP) — Track stars of the nation compete tonight in a twilight invitational affair in Passaic Stadium at which the National A.A.U. relay titles also will be decided.

PATTY BERG MISSING FROM WOMEN'S WESTERN OPEN

CHICAGO, June 22 (AP) — The 15th annual women's Western Open tournament, biggest event of the year for feminine golfers, opened a six day stand today at Elmhurst country club, but the biggest name in women's golf was not among the 104 entries.

Red haired Patty Berg planned to sit on the sidelines and watch others fight for the title she is unable to defend. Patty, now a professional, was injured in an automobile accident last fall and was not sufficiently recovered to compete in the links classic.

Betty Jameson of San Antonio, Tex., former National champion, ranked high in the list of favorites.

Polly Riley Cops Westex Golf Honors

MINERAL WELLS, June 22 (AP) — The West Texas women's golf title today is in the possession of Miss Polly Riley of Fort Worth, who yesterday defeated Mrs. R. E. Winger of Fort Worth in the 90-hole finals, 8 and 6.

Mrs. Claude Akey of Lubbock took first flight honors by a victory over Mrs. Hubert Ingraham of Abilene, 1 up in 20 holes.

Mrs. C. C. Dillon of Odessa won the championship consolation by defeating Mrs. Ted Heustis of Abilene, 2 and 1. Mrs. Virgil Couch of Wichita Falls took the first flight consolation 3 and 3 from Mrs. O. W. Little of Abilene.

How Salvage Rubber Helps War Program

(This is the first of three articles from the Division of Information, Office of Emergency Management, showing how important to the nation's war effort is the scrap rubber collection.—Ed.)

There is nothing new about the process which will convert your discarded overshoes and soiled rubber hose, your broken hot-water bottle and your out-worn galoshes, into rubber products which will overcome the rubber shortage and win the war.

For many years a number of what are called "reclaiming plants" have been taking junk rubber and converting it, by a very interesting process, into serviceable rubber, which met commercial standards to a number of items and which, mixed with a certain percentage of new crude rubber, was in many respects the equivalent of crude rubber itself.

Most of the rubber used by the reclaiming plants—the maximum capacity of U.S. reclaiming plants is something like 320,000 tons a year—came from old automobile tires. Even today used casings—casings which have blown out or which have so little tread left that retreading is impossible—should furnish a great part of the reclaimable rubber which we must get into the reclaiming plants.

Here is what happens to the rubber you have contributed to the war effort. When enough of it has been collected to make shipment worthwhile, it is loaded into a railway car which eventually is shunted onto a siding at a reclamation plant. Here big cranes reach down mechanized hands for loads of junk rubber: the dismal looking tires from your garage, the rubber boots and nipples and galoshes and mats and hose—even the rubber toys and the rubber balls.

Let us follow the almost-gone tire that you contributed—the tire you told yourself "might come in handy", although you knew better right along. This tire passes into the plant and on to what is called a "de-banding" machine which strips the beads from its surface. The "scalped" tire then is ground. It passes through rollers past rapidly rotating knives, which cut it up into minute particles for the purpose of "digestion", just as your teeth prepare food for your stomach.

This ground-up scrap rubber is "digested" under pressure by means of caustic soda. Together with certain oils, it acts on the scrap rubber while at the same time high temperatures and pressure do their work.

Long before this the scrap has ceased to bear any resemblance to discarded rubber. It does not quite resemble crude rubber but it is definitely a material rather than a conglomerate of useless junk. The reclaimed rubber then is put through rollers while at the same time certain ingredients are added to give it such specific qualities as may be desired. The reclaimed rubber is now slab rubber and the slabs are passed through a refining operation. The refiner is much like a rolling mill, but a mill capable of exerting tremendous pressure compressing the individual particles of rubber into a very fine sheet. Temperature plays its part here, too. The surface of the rollers is heated to temperature between 180 and 225 degrees Fahrenheit. During this refining operation, any yet unsoft pieces of scrap are expelled by the rollers. These hard pieces of scrap are called "halings" and must be put through the digestive process again.

At this point the scrap rubber is "strained", but the straining process isn't like straining as we ordinarily think of it. The slabs of scrap—by now in a state perhaps 1/10 of an inch in thickness—are fed into a machine with a barrel and screw. The screw, operating in the barrel, forces the scrap through a fine screen and removes such non-magnetic metals as brass and copper and any final traces of the steel, the bulk of which was removed earlier in the course of the grinding operation.

They Divide Honors On 50-50 Basis

ALBUQUERQUE, N. M., June 22 (AP)—Since 1938, Dr. Dewey Mullings and Dr. J. S. Ellar, both of Albuquerque, have divided the New Mexico dental society's golf championship. Mullings winning in even and Ellar in odd years.

The precedent continued yesterday, Doctor Mullings edged out Doctor Ellar by three strokes for the 1942 title.

RAIL MAN EXPIRES GALVESTON, June 22 (AP)—Edwin Frank Adams, retired general passenger agent for the Santa Fe railroad in Texas, died at his home here last night. Funeral services will be held today.

Editorial - - A New Idea Makes Headway Rapidly

Old ideas die hard, new ideas take hold with sickening slowness. The irresistible body meets the immovable object; two solids can't occupy the same space.

There have been evan-gels of air power ever since the airplane was invented. Some of them were martyred on the cross of ignorance, prejudice, stupidity, fear and hate—just as the first great martyr was.

But the thesis that air power is now the dominant factor in warfare is beginning to catch on. After all, the impact of facts can't all be Hollywood.

Hollywood—Mr. Cugat Finds The Film Capital Is No Different

By ROBBIN COONS
HOLLYWOOD — Mr. Xavier Cugat, of the Waldorf, sat behind the camera and watched Rita Hayworth and Fred Astaire glide and swing to a playback of Mr. Xavier Cugat's music.

"Hollywood," he said, "is still Hollywood. It hasn't changed a bit." He had been on the set all day. So had the boys of his band. It was now shortly after four. An assistant came up. "You may go now, Mr. Cugat. Tomorrow at 12."

Mr. Cugat, muy simpatico, grinned amiably. When he grins, his eyes close to twinkling slits. If he were considerably more paunchy, if his features were less sharply those of the Spanish grandee, he would look like a suave, debonaire, contented biliken.

If Hollywood hasn't changed, Mr. Cugat has. A dozen years ago he was here in a dual capacity, still undecided as to whether music or the art of caricature was his calling. He scored pictures, and he drew caricatures.

Now Mr. Cugat is scoring the Astaire-Hayworth musical, he is drawing caricatures—for at least one sequence—and he is acting. He is acting the role of a band-leader in a swank Latin-American hotel, a band-leader who hates his boss, Adolphe Menjou.

The Cugat career swun definitely to music when he organized the country's first Latin band in the Cocoanut Grove here. His tango rhythms alternated with Gus Arnheim's American jazz—Gus who had a crooner named Crosby. Cugat also had future names: Carlos Molinos, Deal Arnez. He went from the Grove to the Waldorf, has been there 11 years making America so tango and rhumba-conscious that today his name is tops.

Caricature is still a sideline with him, but a prodigious one. He has large files of quick sketches, made on the spot as he met or glimpsed celebrities anywhere, for ready reference when he gets an order. "All Latin are born caricaturists," he says. He himself polished his talent while traveling with Enrico Caruso, whose workers backstage at the Metropolitan are now carefully preserved under shellac.

Mr. Cugat, a band leader minus baton, a band leader who dances, who studies the dancers swaying beneath his platform smile, always has a wonderful time. But currently he's a little bewildered by Hollywood. Quite soberly, he says he can't understand this thing: Isobel Scott Rorick, who once lived at the Waldorf, wrote a book and called it "Mr. and Mrs. Cugat," which Paramount bought and filmed. Mr. Cugat, positive there was no other Cugat in the country, sued. Paramount settled for \$15,000—and agreed to specify in a foreword that their Mr. Cugat wasn't the Mr. Cugat—and the publisher for \$10,000.

"So I get \$25,000," says the bewildered Mr. Cugat, "and Paramount changes the title of their very charming story to 'Are Husbands Necessary?'"

Are you entitled to wear a target lapel button? You are ONLY if you are investing at least ten percent of your income in War Bonds to do your part on the home front toward winning the War.

The target lapel button is a badge of patriotism, a badge of honor. You should feel proud to display it. The buttons are obtainable at your plant management, at the office of your local War Bond chairman, or at your Payroll Savings Window where you authorize your ten percent payroll deduction.

Enlist the ten percent War Bond army and do your part to win the War. U. S. Treasury Department

MRS. MURDOCK TAKES A CASE

by George Harmon Coxe

Chapter Seven
Gloomy Garden

"Lay the money on the line," Clarke was saying, "and it's yours. You've got until tomorrow morning."

The answering voice was low and precise. "Very well. I'll get in touch with you."

With that the stranger turned and started for the gateway. Perry Clarke watched him and if Joyce had not at that moment shifted her glance she would never have known that there was still another witness to that meeting on the lawn.

She had already lost the stranger in the shadows and had glanced along the terrace. Between her and the corner, light from four windows made a bright, clear-cut platform; beyond, the corner of the house was all but hidden in the darkness.

What is fast work for an idea, as ideas go.

Manhattan—Hunch From The Dodgers Brings Derby Victory

By GEORGE TUCKER
NEW YORK — A radio, a nag, and the Brooklyn Dodgers. What influence did these play on the recent Kentucky Derby? Considerable, as I understand it.

Mrs. Payne Whitney, a hunch player and an admirer of good horse flesh, reads very little. Her eyes forbid this. Naturally she leans heavily on the radio for entertainment. One afternoon she was turning over a list of names in her mind. She had to select a name for a new colt. He was some colt, or so he seemed to be. She couldn't make up her mind.

"No," said Mrs. Whitney, playing that hunch. "It's got to be Shut Out."

I told you Mrs. Whitney was a hunch player. She named the horse Shut Out. But there are other horses in the Whitney stables. Good horses, too. Devil Diver, for instance. When it came time to list her entries for the Derby, Mrs. Whitney talked it over with her trainer.

"I think it ought to be Devil Diver," he said.

"Maybe you're right," she said. She turned on the radio. The Dodgers had just won another game. By a shutout, Red Barber said.

"Well," he said, "I got a bad leg. I got hurt there when I was a kid. It was like this when the first World War broke out. The skin wouldn't grow over the shin bone. I wear this shield to keep from getting cracked there. I tried to enlist, but they wouldn't have me. I went back again, and they wouldn't have me. I guess I went to a dozen places. One day I tried to enlist again."

"I stripped and walked into a room, there were about 20 men, all stripped, all enlisting. When they passed on to the next room, I went too. A doctor said, 'You can't get in the Army like this.' But I said, 'The heck I can't, they passed me back there, didn't they?' This Army doctor shrugged, and I was in. Then we went to France, and the first thing I knew I was in a hospital. The Colonel raged when he saw my leg. 'Who let you in this Army!' he screamed. Nevertheless, I was in, and there I stayed. For nearly 22 months. I don't want to encourage the maim and the sick to throw away their crutches, but I do say that if you can walk, and if you want to get in bad enough, and if you've got gall, or whatever it takes, you can make it. I did."

Washington Daybook - - Rumor Rides High Over The Nation

(First Of Two Articles)

By JACK STINNETT
WASHINGTON — In spite of all the common sense with which every American is supposed to be born, that Nazi precursor of hysteria, Dame Rumor, has been riding wild in the United States—and still is.

No government agency has to sweat over the wanderings of that old crone through the maze of exaggeration like the Federal Bureau of Investigation. Sooner or later, every rumor sifts into the FBI files. The FBI considers it from two viewpoints. There might be an element of truth in it; or it might be an Axis planted story, designed and circulated to create confusion,

uncertainty, hysteria, or distrust of responsible government agencies. In either event, the rumor has to be traced to its source and in a file at the FBI, an analysis of the sources reached is rapidly growing into one of the most interesting statistical studies on "RUMOR" that ever has been assembled.

In a mid-western community, a farm hand who went about in his spare time snapping pictures of anything that caught his fancy became through rumor, an Axis agent who was mapping strategic roads, bridges and grain concentrations. The poor fellow turned out to be just another camera fan who if one had bitten him on the ankle, wouldn't have known an Axis agent.

In another locality, the death of a canary gave rise to the widely spread rumor (and some hysteria in this instance) that the city's water supply had been poisoned. The FBI called a veterinarian in on that one and found the canary's feeding had been neglected for so many days that it died from overeating when it was finally given food and water.

A report that ground glass had been found in sponges for bandages being prepared for the armed forces sent the agents scurrying—especially since the report carried detailed information on how the ground glass was being smuggled into the bandage rolling rooms in the pockets of workers. That one started in the lecture of a conscientious instructor who, in cautioning his pupils on the necessity for care and sanitation in preparation of the bandages mentioned, said that ground glass had been found in some bandages in World War I.

A physician who treated a young woman who worked in a gas mask manufacturing firm for a nasty needle stab in her finger was supposed to have expressed the opinion that the needle was used to puncture the masks. The rumor was given credence when another story spread that a number of gas masks produced by this firm had been condemned. Some gas masks had been condemned—because of pinched eye-pieces resulting from a defective die. Further investigation showed that it would have been virtually impossible for the doctor's patient to have punctured gas masks at any point with the size needle she stuck in her finger. The gas mask materials were too thick and tough.

(Tomorrow: What to Do About It.)

The Timid Soul

ER-UH-YOU'RE NOT GOING THERE TO PLAY BRIDGE ARE YOU? REMEMBER WHAT'S HIS NAME IN WASHINGTON SAID WE SHOULDN'T USE UP GAS GOING TO BRIDGE PARTIES OR BALL GAMES. UH—I'D LIKE TO RIDE YOU OVER, BUT—ER—UNLESS YOU CAN ASSURE ME THAT THERE WILL BE NO BRIDGE I'M AFRAID I SHALL HAVE TO DECLINE

SAY, BUDDY, HOW'S ABOUT GIVIN' US A LIFT TO TH' U.S.O. RECREATION CENTER?

"Don't be angry with her," Ward said. "I'm not angry," he said, following as she started from the room. "I'm just—all chewed up inside."

The piano playing had grown in volume, and as Joyce started across the drawing room she saw the reason. Della Stewart was seated on the bench beside Perry Clarke. They were playing a four-handed duet, and an appreciative audience had gathered around them.

A familiar voice made her look up.

"Why so grim?" Kent Murdock said, one brown cocked.

"I feel grim," Joyce said.

"I did sort of desert you, didn't I?"

"It's not that," Joyce said. "Although now that I think of it you certainly did."

She brought her eyes back to Perry Clarke and Kent followed her glance.

"Oh," he said presently. "Him."

"I only wish we could do something about it," she said.

Late Visitor

It was exactly 11:30 when the buzzer sounded. Joyce Murdock noticed this at once because the sudden noise surprised her and "It's Nothing!"

cars. See M. Wentz; 208 Runnels.

Story

Continued From Page 6

she had worn to the cocktail
party, but over it she had put on
a camel's hair coat and a plain
brown felt hat. Below the brim
her color was high and her eyes
were wide and bright.

"Well," Joyce said, "Della."
"Oh, Joyce." The girl put her
arms around her and hugged
hard. "I've just done the most
awful thing. And now I don't
know what will happen. I might
even be arrested. So I just had
to come..."

Joyce screwed up her eyes and
held the girl off, feeling the ex-
citement herself now and groping
for something to say. Della didn't
wait. She tore off her hat and
coat and flopped on the divan. She
folded her arms and hugged her
breasts and sat looking at Joyce
as though she could not utter an-
other word.

To Be Continued

J. E. SPIES DIES
BONHAM, June 22 (AP) — John
Earl Spies, 74, died here yesterday.
A former county judge of Fannin
county, he was the father of Dean
John W. Spies of the University
of Texas medical school. Funeral
services will be held today.

The umbrella bird, found in tropi-
cal America, gets its name from a
mushroom-shaped crest of feathers
on top of its head which it can
raise at will.

Bond Sale Plan For July 1 Gets Full Support

Housing and bond sales—two vital problems—were discussed by chamber of commerce directors at their semi-monthly luncheon Monday at the Settles.

After reporting on a visit to surrounding defense housing areas, a committee urged wide attendance of a housing meet set for 8 p. m. today in the Settles in order to "get information first hand."

Planning for the July 4 celebration, chamber officials began to explore the possibility of having a bond sale in conjunction with the holiday program.

A. Swartz, chairman, led off with a pledge to cooperate in the move to cease business from 12 noon to 12:15 p. m. on July 1 and devote full force of the staff toward sale of stamps and bonds during the period. Others representing businesses who gave similar pledges were A. S. Darby, Max Jacobs, W. G. Hayden, T. S. Currie, Carl Strom, R. R. McEwen, Dr. P. W. Malone, Ira Thurman, Iva Huneycutt, Dave Duncan, Ben LeFever, John Davis and Willard Sullivan.

Moody Asks Folks To Hear O'Daniel

AUSTIN, June 22 (AP)—It's probably been done before but, to say the least, it's unusual in a Texas political campaign.

Don Moody, candidate for the U. S. senate, today asked folks in his own home town of Austin to turn out and listen to one of his opponents, incumbent W. Lee O'Daniel, who talks here tonight.

Of course, Moody, in Fort Worth, wasn't entirely altruistic in making the request, saying:

"Ask O'Daniel to explain why he voted in favor of special gasoline privileges for congressmen, why he voted in favor of disbanding our army at a critical moment, why he should be returned to the senate when he admits he can't get anything accomplished."

Tuesday Dallas; Wednesday Groesbeck, Mexia, Fairfield and Palestine; Thursday Jacksonville, Henderson and Nacogdoches; Friday Center, Jasper and Lufkin; Saturday Crockett, Madisonville; Buffalo and Bryan.

Camp Scene for this year's Buffalo Trail council camp will be in this picturesque Philmont ranch near Cimarron, New Mexico. Reservations are being received in the office in Sweetwater from Boy Scouts who wish to make the trip from July 15-25. Transportation arrangements, said S. F. Gaskin, area executive, are being made for 100. Many boys are making their own tents for the occasion where troops do not possess tents. Pack racks for hiking and bed rolls and other camping articles boys have dreamed of accumulating are shaping up in anticipation of a big week in a country of rugged canyons, big timber, icy streams and sharp mountain air.

Land Measuring Work Progresses

Land measuring is making fair progress in Howard county, C. M. Weaver, local AAA administrator said Monday, but it may take some time before the entire county is covered.

Nine men are working at present, and they got into full swing with their work during the past week. According to their reports about 50 per cent of the farms already measured showed excess cotton acreage. Nearly all farmers planted their total allotment this year, and the final averages for the county are expected to show that all the allowable was used.

Due to the shortage of workers in the measuring duties, Weaver urges farmers who know their acreage is above their allotments to go ahead and plow up the excess if possible in order that they may plant the land in something else. Workers are getting to the farms as quickly as possible, but it probably will be about two months before the county is covered, he said.

District OPA Offices Will Be Located

FORT WORTH, June 22 (AP)—Mark McGee, state director of the Office of Price Administration, today began a survey to determine the location of district offices of the organization.

The survey was to start in Austin, where McGee said it already had been decided that a district office will be established. Another will be opened at Houston, he said, in the place of the OPA zone office previously located there.

McGee said he would be in San Antonio Tuesday, and on Monday and Tuesday of next week in El Paso, Harlingen, in the Rio Grande valley, will be visited on July 6.

Other sections of the state also will be visited, McGee said, but definite places and dates have not yet been fixed, nor has the exact number of district offices to be opened.

Guest Speaker At Nazarene Church This Evening

The Rev. A. LeRoy Taylor, Bethany, Okla., will speak this evening at the Church of the Nazarene in a series of appearances he is making in the Abilene district in the interest of Bethany-Penal college, Bethany, Okla.

The Rev. Taylor for several years has been superintendent of the largest Sunday school of the Nazarene movement, the Bethany church of the Nazarene, which averages a weekly attendance of over thousand persons. He is also superintendent of the Bethany public schools and an ordained elder in the Nazarene church of the Nazarene.

Bethany Penal college is one of the eight full-credited colleges in the United States and Canada that are supported by the Church of the Nazarene. The college was established in 1910 and has an enrollment of 500 students.

V-Letters, Postal Innovation To Save Space, To Be Available Soon

V-letters, described as a revolutionary move to expedite mail to and from soldiers and sailors as well as to conserve shipping space and weight, are not available here yet, but will be offered as soon as stations can turn out an adequate supply, Postmaster Nat Shick said Monday.

Two features combine to make V-mail an unusual thing with great possibilities, according to the June 15 Postal Bulletin. Stripped of its glamor, the V-letter is simply a regulation-sized sheet of paper which, when directions are followed, may be neatly folded into an envelope.

These letters will be directed to men in service as usual, with three cents for ordinary domestic postage and six cents for airmail. Those to men in foreign service will go to military postoffices either at New York or San Francisco.

If shipping space is available and it is deemed practical, they will go on by regular channels from these points. If it is believed necessary, the letters will be photographed on micro-film, which will be transported by the best means, to the point of destination.

There the film will be enlarged to 4 5/16 inches and dispatched to the addressee. In turn, his letter home, which requires no postage, may be photographed similarly.

Some idea of the advantage of this step in V-mail is that 150,000 ordinary one-sheet letters weigh 2,575 pounds and require 37 mail sacks. By straight V-mail means 150,000 letters would weigh 1,500 pounds and go into only 22 sacks. Reduced to micro-film, the letters would weigh only 45 pounds.

An added feature here is that when photographed, original letters are filed. If for some reason the films were lost enroute, letters will be photographed again until safe delivery is assured. Then the original copy of the letter will be destroyed.

Although there will be some novelty attached to the letters, the postal department is determined that V-mail shall not be made a plaything. For that reason postmasters will be held accountable for their stocks of the letter sheets just the same as for stamps, etc. and no one person may secure more than three of the sheets on any one day.

Rubber From Jap Plane Goes Into U.S. Collection

BROWNSVILLE, June 2 (AP)—A piece of inertible from a Japanese plane which participated in the attack on Pearl Harbor went into the scrap rubber collection here.

Richard Brandt, 16, who saw the air battle in Hawaii from the roof of his home at Pearl Harbor, brought in a foot-square piece of tube, slightly burned from the fire which destroyed the plane.

"It isn't much but I hope it gets back to the Jap," said Bryant.

Escaped German Prisoner Nabbed

MONTREAL, June 22 (AP)—A German war prisoner, who traveled more than 500 miles through Canadian and American territory dressed in a Nazi officer's uniform, was en route back to a northern Ontario prison camp today following his arrest near Rouses Point, N. Y.

The story of the prisoner's travels was disclosed by Royal Canadian mounted police last night after he had been turned over to them by United States border police, who made the arrest.

When taken into custody the German, identified as an Egbert Brosig, a 25-year-old under officer, was still wearing his Nazi uniform, to which he had pinned mysteriously acquired RAF insignia and several British decorations, including the distinguished flying cross.

Livestock

FORT WORTH, June 22 (AP)—(USDA) — Cattle salable 4,000; calves 1,100; common and medium beef steers and yearlings 8,000-11,000; good and choice kind 11,500-13,000; few yearlings to 15,000; beef cows 12,500-14,500; some above and below this range; good and choice stocker steers 12,000-14,000, these scarce with common and medium grades 8,500-11,500; heifer calves 13,000 down; yearling stocker steers 8,500-12,500.

Hogs salable 1,500; top 14.10; paid springling; packer top 14.00; most good and choice 17.50-20.00; 15.00-14.00; good and choice 15.00-17.00 lb. 13.25-15.

Sheep salable 6,500; all classes steady; choice spring lambs 13.00, medium and good spring lambs 10.00-12.00; medium grade shorn lambs 10.00-50, some held higher; shorn 2-year-old wethers 7.50 down, shorn aged wethers 6.00-25, mixed grade fat ewes 4.50 down, shorn spring feeder lambs 8.00-8.00.

Here 'n There

A supply of "Bulletin No. 2" which gives complete details of the price ceiling regulations, has been received here, and copies may be obtained from the county ration board. Chief Clerk Walter Wilson announced Monday. He suggested that every retailer would want a copy of the bulletin, to have the answer to any problem that might come up. Wilson said the local office had about 200 of the pamphlets, which carry the title "What Every Retailer Should Know About Maximum Price Regulations."

From the U. S. Naval Torpedo Station at Newport, Rhode Island, comes a card from Lieut. (jg) Carroll Jones, USN, advising that this is now his station. Son of Mr. and Mrs. R. V. Jones, he is former manager of the Oilwell Supply Co. Of his post, he says that there is "good scenery, people and country—but oh the prices on rents." Rhode Island, did he say?

Pictures of a record May snowstorm at Cheyenne, Wyo., have been received by Mrs. A. M. Ripps from her son, James L. Ripps, attached to the weather bureau there. While May snowstorms are unusual, they are no more so than the fact that it snowed in Cheyenne as recent as June 12—the day it was 104.9 here.

Generous contributions have been received by the VFW for the organization's new home at 9th and Goliad, according to reports from the group. Local people have given furniture, lumber, paint, dishes and silver to help repair, refurbish and furnish the building. Officials advised if any one else would like to contribute to the building to contact Mrs. T. C. Thomas or Mrs. J. T. Corcoran.

After two and a half months of silence, Mr. and Mrs. W. C. Newton have heard from their son, Raymond, who entered the army eight months ago and was assigned to the infantry. A cablegram, dated June 15, told them that Raymond was in Australia and that everything was perfectly all right—which is what a lot of other American boys have said about Australia.

A formal Howard county organization to back the candidacy of James V. Allred for U.S. senator is to be completed here this evening. Supporters of Allred have been asked to meet in the district courtroom at 8:30. Jas. T. Brooks is to preside at the meeting.

Looks like someone is picking on Mrs. J. C. Waita, Jr. The first of the week a thief snatched her purse from her house, making off with money and, worst of all, her sugar ration book. Then Sunday night as she arrived home, she found an intruder in her kitchen. She screamed and the burglar fled.

Crash At Houston Kills One, Hurts Six

HOUSTON, June 22 (AP)—The driver was killed and six Houston shipyard workers were injured today when a huge truck and trailer crashed into the dividing center post of the Franklin avenue underpass. In another accident early Sunday, a Houston man was crushed to death between a telephone pole and an automobile.

The driver, Daniel F. Guthrie, 22, killed in the Franklin avenue underpass crash, and B. F. Taylor, about 40.

Texas Business Still Is Gaining

AUSTIN, June 22 (AP)—Texas business and employment continued their upward swing during May, marking up a 9.9 per cent increase in employment over May of last year, the University of Texas Bureau of Business Research reports.

State's Deficit Is Up a Million

AUSTIN, June 22 (AP)—State Treasurer Jesse James has announced that the deficit in the state's general revenue fund, standing at \$28,906,951 at the end of last week, increased nearly \$1,000,000 the past 15 days. He called in for payment \$156,694 in warrants issued prior to Oct. 4, 1941.

New Civilian Pilot Training To Start

COLLEGE STATION, June 22 (AP)—With the demand for combat pilots and instructors growing hourly, the United States government will launch a new civilian pilot training program starting July 1 that is expected to take up the slack. Dr. Howard W. Barlow, head of the aero engineering department and OPT coordinator at Texas A. and M. college, announced today.

Applications will be accepted immediately for the new program, Dr. Barlow said. Enrollees must be between the ages of 18 and 37 and must pass mental and physical tests and the civil aeronautics authority commercial examination.

Thousands of pilots with previous experience will be able to enter the new program at an advanced stage. Many unable to pass the rigid aviation cadet examinations may be accepted.

Join Hitler Or Be 'Cheated,' Is Laval's View

VICHY (From French Broadcasts), June 22 (AP)—Pierre Laval, chief of government, told Frenchmen in a radio broadcast tonight that "we must either take part in the new Europe (of Hitler) or be resigned to being cheated."

"If I tell you this policy is the one to save France and guarantee a good future you must believe me," he said.

Germany, he declared, was making great sacrifices to create the "new Europe," and without her "the bolshevist menace would spread over Europe."

County Plants 2,000 Acres In Peanuts This Year

For the first time in several years Howard county farmers are growing peanuts for commercial purposes, and a check with the AAA office showed about 2,000 acres have been devoted to that crop this year.

Farmers report that peanuts are doing well, considering that they have not been grown on a large scale in some time. They were last grown in large quantities here about 25 years ago, but farmers abandoned them as a commercial crop because they took strength from the land.

Rubber Collection Near 200,000 Lbs.

That 200,000-pound mark loomed in sight Monday as more reports from the rubber collection showed Howard county to have kicked in more than 188,000 pounds.

Prospects were that during the day 10,000 more pounds would be added and another "hump" in the salvage rubber collection here would have been reached.

Oil companies reporting here showed 189,985 pounds up to noon Monday, and the report did not include Howard County Refining Co., which was said to have had considerable poundage since the Saturday report. Total poundage collected since the early Saturday afternoon report was 32,553, one of the largest daily accumulations since the campaign started a week ago today.

Weather Forecast
U. S. Department of Commerce
Weather Bureau

WEST TEXAS: Cooler this afternoon and tonight in the panhandle, South Plains and east of the Pecos river, with showers and thunderstorms; windy except in the Del Rio, Eagle Pass and Big Bend areas.

EAST TEXAS: Scattered thunderstorms today and in east portion tonight, cooler in west and north portions tonight.

Boston Has Surprise Air Raid Practice

BOSTON, June 22 (AP)—Air raid sirens wailed in metropolitan Boston at 11:36 a. m. (EWT) today, halting traffic and sending an estimated 3,000,000 persons to shelter in a surprise daylight test described as the first and most complete of its kind in an area of such size.

Calotabs

Next time you need calomel take Calotabs, the improved calomel compound tablets that make calomel-taking pleasant. Sugar-coated, agreeable, prompt, and effective. Not necessary to follow with salts or castor oil. Use only as directed on label.
