With campaign completed, candidates for precinct, county, district and state offices, whose candidacies are subject to the Democratic primaries, Saturday place their names before the voters. The polls will be open from 8 a. m. to 7 p. m.

A number of votes already have been cast, but they will be canvassed Monday along with the others. They are the absentee votes, of which 70 were sent out. Most of them have been returned prior to the closing of absentee balloting yesterday.

Lions Win Ball Game—If That's What to Call It

BY HOMER FOX
Friday afternoon, 30 minutes behind schedule, the Lions won the around-the-block baseball game—but didn't. With 400 ball players on each club neither side could dig up but 10 players each and had to borrow a couple of hard choppers from the Star Theatre—Jean Hearne and Jack Barber. The Lions started lobbing the ball over, taking it easy like a mile sprinter, while the Firemen, as usual, started like a horse on fire. Son Woods made the catch

RURAL SCHOOLS RECEIVE \$745 FROM STATE BOARD

Rural schools of the county Tuesday morning received a deposit voucher for \$745.50 from the state department of education, representing the final installment on the original allotment of \$17.50 per scholastic as set by the state board in July, 1935.

The board also announced that an additional \$1 per scholastic will be sent out as soon as the money accumulates in the state treasury. This is in compliance with action of the state board in May, 1936.

The board recently set an apportionment of \$19 per capita state aid to public schools for next year, the highest in history. Some had predicted it might be \$20. It has been estimated there will be 1,600,000 scholastics in the state next year.

FRANK MARRS AND FRENCH THURMOND SET FISH RECORD

They're biting at Sulphur Park—least they were yesterday afternoon for Frank Marrs and French Thurmond, who made one of the biggest hauls of bass in this section in several years. Frank topped the catch with a 7 1/2 pounder, and followed up with one of three pounds and another of 3 3/4 pounds. French's best weighed 3 3/4 pounds and to that he added one of 2 1/2 and another of 1 3/4.

The men fished from 5 o'clock yesterday afternoon until sundown. French used frogs for bait and Frank, who was more or less attempting to prove to French that artificial bait was superior, was using a wooden plug. Frank dressed one of his prizes and presented it to Bobo McLean. The 7 1/2 pounder is not an all-time record catch here but it will go in the largest 5-pounder

AROUND TOWN

Sights and Faces Seen

Comes word from Austin that William Franklin McLean, son of Mr. and Mrs. John McLean, was one of the 713 students who were placed on the University of Texas honor roll during the spring semester.

Mrs. Ona Hammer is acting as Hereford's city secretary during the absence of Mrs. Eva Pitman.

Mrs. John Kropff has informed the Brand that she will kill every dog that comes on the Kropff farm two miles north of town on 25-Mile Avenue. And under the circumstances, we don't blame her one bit. It is the only way in which she can protect her own property so long as town people allow their dogs to run at large and so long as there are strays in the city without masters. A group of dogs went out to the Kropff farm last Thursday night and killed more than 60 of Mrs. Kropff's fliers. Can anyone blame her for taking drastic action against the pests.

Bill Sims of the Jewell community seems to have set a record for this section when he harvested 1,000 bushels on 20 acres of his choice wheat. He is reported to have about 800 acres and hopes to have about 25,000 bushels of wheat. He has delivered more than 20,000 bushels to the elevator.

Most of the wheat in the county, with the exception of irrigated

COLLEGE STUDENTS WHO NEED NYA AID ACT NOW

All students who wish to attend college with the aid of National Youth Administration funds should get in touch with the president of the college they wish to attend in the immediate future. Mrs. Dyantha Brady announced this week.

They should apply for the type of work they wish to do, Mrs. Brady said. The president of the school, along with other assistants, select their NYA students from the applications. The work is open to both relief and non-relief pupils who need assistance.

TWO STORES TO POST RETURNS OF ELECTION

Election returns will be available Saturday night in at least two places in Hereford, the Corner and City Drug stores have announced they will post returns on boards in front of their places of business.

The results of all races in the county will be posted as fast as they come in, and bulletins probably will be posted on state races as they come in from time to time over radios. The boards will be visible for some distance in front of the stores.

Funeral services were held Monday morning for Mrs. Margaret Kimbell, 67, who died suddenly at 7:45 o'clock Saturday night at her home in Dimmitt. Stanley Given Life Sentence

CONVICTED OF ROBBING PRIONA STATE BANK LAST JUNE 29

A jury of Farmer county farmers, after deliberating little more than an hour, last night returned a verdict of guilty in the trial of Farwell of Herbert (Hub) Stanley, escaped Texas convict, for the robbery of the Priona State Bank last June 29. His penalty was set at life imprisonment, the least possible, since he already is under conviction for a capital offense.

The jurors voted only three times, once on Stanley's guilt and twice on the penalty, and returned their verdict at 9:32 o'clock last night. District Attorney James W. Witherspoon carried the trial through to a speedy close, with both state and defense resting yesterday at noon after only two and one-half days, and prepared to go almost immediately into the trial of J. C. Britton, alleged companion of Stanley during the bank robbery.

Stanley was identified as one of the pair of unmasked bandits who entered the bank during the afternoon, forcing Mr. and Mrs. C. E. McLean, Miss Orma White and Hugh B. Lee, a customer, to lie on the floor while they scooped up \$2,914 in cash and checks. Britton was identified as his companion from photographs following their capture in Fort Worth eight days after the bank robbery.

August 1 Last Transfer Date

August 1 is the final date for the transfer of scholastics from one school district to another, County Judge Mal Stewart has warned. This applies to all children who change districts. They must be listed in the district in which they live, and it is up to the parents to see they are properly transferred if the district is changed. This may prevent the necessity of paying tuition.

Some students will be moved from the rural schools to an independent district or to an adjoining district, he said. The transfer must be made so that the school teaching the child will receive the state aid. Otherwise, the aid will continue to go to the district in which the child was enumerated.

Republicans To Meet August 1

The Deaf Smith County Republican convention will be held at the court house here Saturday, August 1, preceding the state convention, which will be held August 11. The convention will convene at 4 o'clock.

E. L. Donner is president and N. C. Vogele secretary of the county organization. A large portion of the county's 150 Republicans are expected to be present.

Brumley's New Ranch Home To Be Model of Modern Rural Dwelling

A model rural home, as nice a place to live in the country as anyone could desire, is being constructed by Bonnie Brumley on his ranch two miles east of Hereford. And it will be surrounded by an attractive lawn and numerous shade trees. Brumley has been planning to rebuild for a long time but just never had found time before to do it.

An eight-room, stucco structure, the rural home will have all modern conveniences, including numerous built-in features; natural gas for cooking and heating and its own power plant for lighting and power. The modern features will include hot and cold water, modern bath, hardwood floors and almost everything one can think of to put into a home for convenience, from a basement to attic.

The house takes west. The bed

17 Are Injured In Accidents Over Area During Week-End

HOSPITAL NEEDED SRO SIGN EARLY THIS WEEK

Nurses and doctors at Deaf Smith county hospital wanted to hang out the SRO sign—or better, a no admittance sign, early this week.

It all started when four babies were born in less than four hours, an appendix operation was performed in 13 minutes, two patients were brought in to be treated for burns, and one was already there receiving treatment. Four persons were brought in for treatment of injuries received in an automobile accident—and then the final blow, 11 more crash victims came in.

They had them on cots in the office, in the operating room, waiting room and in the basement ward. But the nurses didn't complain until the hallways became jammed with visitors. Relatives were allowed to stay, but those who were merely curious were chased out none too gently. Can you blame them?

Mercury Soars To New Record

SATURDAY IS HOTTEST OF YEAR WITH 106.5 DEGREE TEMPERATURE

The temperature soared to a new seasonal high here Saturday afternoon when the mercury climbed to 106.5 degrees. The wave continued over the week end, with the daily maximum reaching or surpassing the former seasonal mark of 104 degrees, reached early in June, until cloudy weather and extremely light sprinkles brought relief Tuesday.

Although Saturday marked the highest point, the temperature stood at the record mark for only a few minutes. After a comparatively cool forenoon, the mercury climbed above the century mark about the middle of the afternoon and from 5:15 until 6 o'clock it mounted from 101 to 106.5 and dropped back to 102. However, it remained above the 100 mark until 7:30.

Sunday's heat was more extensive and missed the Saturday mark by only half a degree. The mercury passed the 100 mark at 11 a. m., mounted gradually until reaching 106 at 4:45 and again dropped below 100 at 6 o'clock. The highest Monday was 104, at which the temperature stood for 15 minutes, from 5 o'clock until 5:15, after passing 100 at noon and again going below 100 at 6 o'clock.

Despite the heat of the day, the nights and early mornings have been cool. The minimum temperatures for the same period were Saturday, 6 a. m., 69 degrees; Sunday, 6 a. m., 71; Monday, 6:15 a. m., 73, and Tuesday, 5:30 a. m., 74 degrees.

Revise Budgets For Districts In New Program

C. W. HUMBLE IN CHARGE OF EROSION CONTROL PREPARATIONS

Officials of the nine wind erosion districts to receive government cooperation in a long range control program are busy this week revising their budgets in a more uniform manner in order to get the program launched as soon as possible.

The rush followed a meeting of the executive committee in Amarillo Monday. At this meeting the committee recommended to the U. S. Soil Conservation Service that Hemphill county be included in the new cooperative program in this area. Hemphill is the only one of the remaining five districts not receiving state ad valorem tax refunds which requested to be included in the program in which the county and Federal governments will share expenses on a 50-50 basis.

C. W. Humble, former Deaf Smith county judge and ex-officio school superintendent who joined the erosion service shortly before January 1, was here Tuesday to check the records of the county and to make a study of the budgets before they are forwarded to Washington for final approval before equipment is sent out. He was to visit each of the nine counties during three days.

To Conference In Ceta Canyon

Misses Mary Ann Baird and Elsie Mae Wilkins were taken to Ceta Canyon early this morning by John Olson so they might attend the Panhandle Presbytery Conference. Mr. Olson was to return later in the morning, accompanied by Misses Vivian Olson and Rachel Ireland, who are returning from the intermediate conference.

Misses Baird and Wilkins will remain at the canyon conference for a week, it closing next Thursday morning following breakfast. Misses Olson and Ireland went up Monday with Rev. John C. Thorns for the intermediate conference.

Gasket Bursts, Frees Amonia

Amonia spread over a section of the city surrounding the Texas Utilities Company Sunday morning, driving away passers-by and filling station attendants in the neighborhood. A gasket had burst at the ice plant in the rear of the utilities building. A half charge of amonia escaped before valves could be closed to shut off the flow of gas.

The explosion was caused by extreme water pressure in the plant condenser due to the use of warmer cooling water than is usually used in the condenser. The break occurred about 9 o'clock Sunday morning and it was an hour before the gas had escaped from the building sufficiently to allow workers to enter and close the valves. No ice was lost.

A new charge of amonia was rushed from Lubbock. The damaged gasket was replaced, but too much air had entered the condenser, and another break occurred about 2 o'clock Monday morning. However, workmen were prepared and closed the valves immediately. The trouble meant a full day for Alton Miller, plant manager, who, along with repairing a transformer, worked 50 hours in an almost continuous stretch. Fred Oberthier, district manager, and several men from the Canyon plant assisted in repairing the damage.

AUTOMOBILE MISHAPS HURT 15; TWO ARE BURNED BY GAS

Seventeen persons figured in accidents in the Hereford area over the past week end, with their injuries ranging from minor bruises and cuts to broken limbs and severe burns. None, however, was fatally injured, and all were well on the road to recovery later in the week.

Fifteen persons were injured in two automobile accidents Sunday on Highway 60 west of Hereford and two youths were burned while filling tractors with fuel late Friday. Eleven were admitted to the Deaf Smith county hospital for treatment and observation, while the others received emergency treatment only.

Extent of injuries. The injured: Paul Colvert, Oklahoma City, badly bruised; Mrs. Colvert, badly bruised; Catherine Colvert, minor bruises; Mary Colvert, minor bruises; Tom Galloway, Friona, lacerations about the head and bruises about neck and back; Mrs. Galloway, lacerations and bruises about body; Henry Lewis, Friona, minor bruises and cuts; Mrs. Lewis, badly fractured

Deadline Nears for Planting of Conserve Crops

Attention of farmers is again called to the fact that July 31 is the last day for them to have their conserve crop planted on diverted acres consisting of 15 per cent of their base depleting acreage under the domestic allotment and soil conservation program.

Such crops as sudan, millet, small grains, milo, hegar, kafir corn, cane, beans and peas are all conserving crops when left on the land or plowed under. They cannot be harvested or grazed if the farmer wishes to receive payments. However, sudan is an exception to this rule. It can be grazed but not harvested. When it is grazed the big payment will be made for diversion of crop, but the \$1 per acre building payment will be withheld. It is up to the farmer to decide, in this instance, whether the sudan is worth more than \$1 an acre for grazing purposes.

Right-of-Way Hearing Set

A jury review will be held in the commissioners court room at the county court house here Monday to accept estimates of damages to land along the right-of-way of the new Hereford-Castro county route which is to be started soon. All land owners along the route have been notified.

The jury will also set its valuation on the land, and both figures will be turned over to the commissioners court for settlement. The county probably will set the fence back and grade the road as soon as possible after the right-of-way is opened. It will give Hereford a direct connection with the north portion of Castro county and with Dimmitt, and may some day be a portion of a state designated highway from Plainview to Dalhart, via Dimmitt, Hereford and Vega. The route goes south on 25-Mile Avenue to a point near Renfro Airport and then swings to the left, meeting the new route north from Dimmitt at the county line.

JOE E. BROWN EVOKES RIOT OF LAUGHS IN NEW COMEDY

The most uproariously funny Joe E. Brown picture is his latest, "Sons O' Guns" to be shown at the Star Sunday and Monday. All who attend roar with laughter at the comedians antics in the battle line of the French front. It is a comedy of the World War, though it is bloodless and deals only with the humorous side.
 It is based on the Broadway hit of the same title, and carries the same songs. In addition are new airs by Harry Warren and Al Dubin. Joe was never so funny as he plays the dumb doughboy who captures a regiment by mis-

He was very seriously injured in December, 1934, when he fell from a windmill tower. His troubles are about to end before a firing squad, when an amusing turn of events makes him a hero, whereupon he is grabbed off by a French lassie who tames him. Clint C. Small
 for
State Senator

Clint Small wrote and voted for the moratorium bill!

His opponent is guilty of vicious and deliberate misrepresentation of facts.

We refer you to Page 390 of the Senate Journal, Second Called Session, 1934, wherein is the record showing that Clint Small was one of 22 Senators voting for immediate adoption of the Moratorium Bill. We repeat: "Clint Small voted 'YEA' on the Moratorium Bill after writing it himself.

His opponent has made capital of the fact that Senator Small opposed an amendment to the bill which he belieyed made it unconstitutional—and which proved true. Senator Small voted against adoption of the conference report, including the amendment. When overruled on the motion to exclude the amendment, Senatr Small voted "YEA" on the bill, despite the fact he did not think it would be upheld in the courts. His technical knowledge of legal matters was verified when the Bill was later declared void and unconstitutional due to the very amendment he would have excluded.

Another example of misrepresentation is the attempt to confuse elderly people as to Senator Small's stand on pensions. Clint Small WROTE the resolution which submitted the pension amendment to the people of Texas. He voted FOR the pension bill as submitted to the Senate. He then WROTE a tax bill increasing the levies on corporations, insurance companies and on natural resources. He secured its passage in the Senate (Senate Journal, Second Called Session, 1935, Page 348), but it was permitted to die in the House. It would have permitted immediate payment of old age assistance.

CLINT SMALL HAS NEVER FAILED THE PANHANDLE!

THE PLOW THAT BROKE THE PLAINS

People of the Hereford section who witnessed Rexford Tugwell's much discussed picture last week at the Star Theatre are not likely to forget for some time what the drought and the post-war frenzy almost did to the Great Plains area of America. The picture, in the writer's estimation, was one of the most powerful non-fiction films ever produced.

We must not forget the closing words, the last warning: "Another decade of such practices and the High Plains will surely be the great American desert." That phrase carried real meaning to those who saw the film.

If it carries a lesson to the people of the affected area, so does it to the people of every section. We cannot understand the great objection raised to its showing over the Nation. It pictures only the isolated cases and gives the appearance that the entire Plains area is desolate and in ruin; it creates too much adverse publicity which in actuality is not entirely true. That is the criticism they raised.

We cannot see that such is the case. It painted a desolate picture, indeed, but it also showed how much of the land was ruined and how much was damaged, but not beyond saving. Thereby, it also showed how much of the land was still in excellent condition. It showed the other side of the picture, illustrating how the Resettlement Administration was reclaiming much of the land and rehabilitating farmers. It showed that when proper agricultural methods were used and when the farmer does not attempt to cultivate more land than he is capable of caring for, then the Plains carry high hope of prosperity and a promise for the future.

HOW MANY WILL VOTE?

Approximately 1,500 persons in Deaf Smith county are eligible to cast their votes in Saturday's primary election. Wonder what the total will be when the votes are counted. Four years ago the vote was heavy. People were highly interested. They were ready to turn the political administration inside out because they were tired of the old. They voted.

Saturday does not hold such threat of "bloodless revolution." Voters in general are fairly well pleased with the leaders they have, and in cases where a new officer must be selected, they are not so particular which it will be. Besides, this is only a primary election. Yet, is it not just as important as ever that he who has the right to take part in the selection of public officials do so? Is it not just as much a duty to help select or express confidence and offer support as it is to overthrow? If you think so, use your ballot privilege Saturday.

THESE THREE!

We've all heard lots of complaints, etc., about our governmental agents, but at that the Panhandle is pretty fortunate in having the men they have in important positions in the state and Federal governments. Congressman Marvin Jones is one of the most influential men in Washington today; Senator Clint Small is wide awake to the needs of his district, and he has never yet fallen down when it was possible to accomplish something worth while, and Governor Allred has been outstanding in every way and much more sympathetic and cooperative than any previous executive.

As far as competent representation and "equal opportunity" is concerned, we really have little to worry about in either Austin or Washington so long as these men remain in their respective positions.

Yet, apparently, everyone cannot be satisfied. They would trade these men for new blood that, despite whatever qualifications they might seem to possess, have not been tried and at the best could be no more than a "shot in the dark". That would be understandable if these three men were not capable and of high standing, but under the circumstances we can consider the opposition of no great consequence.

Kirby Goes to Pampa.

B. H. (Doc) Kirby, former Hereford citizen and member of the Brand force, has been selected as advertising manager of the Pampa News. He has held a similar position with the Clovis Evening News-Journal for the past three years and was connected with the advertising departments of both papers after leaving Hereford.

Mr. and Mrs. Emmett Green and young son of Fort Worth are here this week end visiting his mother, Mrs. Ross Fuller.

Cathey Dies in Houston.

William H. Cathey, brother of Mrs. D. W. Hawkins of this city, passed away at his home in Houston Monday night. Funeral services were held Tuesday afternoon. He visited on several occasions in the home of his sister and had numerous friends here.

Charles R. Veiger of Plainview spent last week here with his son, Robert Veiger, helping harvest. Mr. Veiger is a wheat farmer, having farms at Plainview and northwest of Hereford.

A LONG TIME AGO IN HEREFORD

(From The Hereford Brand, July 21, 1905.)

About 70,000 pounds of wool had been shipped from Hereford, concentrated here by growers in Deaf Smith and Castro counties. Sale netted some \$14,000.

Hereford's second car of wheat had been shipped by Galbreath and Fox sent about 600 bushels to market. It included grain raised by Robert Humphrey, R. L. Boll, H. B. McKinley and B. A. Keithly, all of whom reported yields ranging from 15 to 31 bushels per acre.

Hereford had been tightly closed the past two Sundays. Hot weather caused suffering on the part of those who would indulge in cold drinks, cigar smokers were out of luck if they failed to provide the previous day, and even ice cream was hard to get.

Rent houses were scarce, and it was felt that more desirable rent houses would increase the population to a great extent.

Poor service by the then existing telephone company in Amarillo brought about the necessity of the inauguration of a second system, which was to be organized soon.

Measured at the thrasher, Robert Humphrey produced 282 bushels of wheat, but so well developed was the crop that when sold by weight he received pay for 310 bushels.

Robert Wilson, bitten by a snake, was improving and was thought to be out of danger.

Ed Connell was in Missouri for two weeks for the purpose of advertising the Panhandle to the "Show Me" people.

The editor extended sympathy to Texico, occasioned by importation of several carloads of negroes for railroad work.

(From The Hereford Brand, July 23, 1915.)

Panhandle bankers gathered in Hereford for a two-day session greatly enjoyed the hospitality of Hereford, Clovis,

New Mexico, was to be host city the following year.

The City Dads had decided, after many requests, to put a light in Mothers Park for the convenience of those who desired to spend a quiet evening there.

F. W. Lambert had completed the shearing of 25,600 head of sheep in this region. About 192,000 was the estimated yield, which was expected to bring around 20 cents.

The Brand reported the sale of the local Kemp Lumber yard to the Palmer and Hereford lumber companies, which concerns were to absorb the Kemp stock.

Mrs. F. H. Oberthier, Louise, Elizabeth and Fred were home from a vacation spent in Colorado.

A horse, ridden by Doris Stanley, ran into a wire fence and inflicted several deep cuts none of which were expected to prove serious.

Dimmitt was scheduled to pull a big picnic July 29.

Auto Overturns

Mr. and Mrs. Colvert and children were injured when a blowout threw their car into a ditch about five miles west of Friona. Mr. Colvert is secretary of the Oklahoma Board of Public Affairs, and he received telegrams after being brought to the local hospital from Governor Marland of Oklahoma and from the warden of the Oklahoma State Prison offering their assistance if help were needed. R. G. and W. L. Colvert, his brothers, and R. G., Jr., of Oklahoma City, came Monday, returning later.

The other automobile accident victims were injured at about 4 o'clock Sunday afternoon two miles west of Summerfield when the pick-ups in which they were riding met in head-on collision. The Galloways and Lewises were enroute to Canyon where they were taking Mrs. Luna and daughter prior to their return to Dallas. The Hawks boys, Hughes and Legge were riding west in the car that crashed into the Galloway machine. Both cars were demolished.

A. C. Hawks, the Galloways and

Hughes were dismissed Monday. Mrs. Lewis is still confined to the hospital, and the others received emergency treatment only. Mr. and Mrs. Colvert were to remain in the hospital for observation until today, when they were to continue their return trip to Oklahoma City.

Gasoline Burns

Summey, 17-year-old youth employed on the Tom Cook farm near Adrian, was burned Friday night while filling the fuel tank of a tractor by lantern light. The fuel burst into flames and burned his hands and right leg from the knee down. He extinguished the blaze and walked a mile to the house to summon aid. He was brought to the hospital by Mr. Cook.

The Evans youth, also 17, was burned to the elbow on each arm and along the right side. Gasoline which he was pouring into a tractor spilled onto the hot exhaust pipe and exploded. He at-

tempted to toss the can from him but in so doing covered himself with the fuel. He rolled in the dirt to extinguish the flame, and was rushed to the hospital by his father, J. G. Evans, on whose farm both were working. His condition was considered critical for several days, but he was reported greatly improved yesterday.

FURR FOOD

(Continued from last week)

He rubbed in the mess and gave the weak solution of potash lye time to act. After that came the rinsing. He waded out and sat down in the water up to his neck. Thus protected from the swarms of stingers, he stripped off one garment at a time, washed it clean of ashes and tossed it upon the edge of the beach. Before coming out, he took a luxurious swim in the clear river water.

First Ramill and then Huxby rather gingerly copied Garth's method. Like him, both wound up with a swim. Neither, however, ventured far out into the vast slow flood of the Mackenzie.

With the landing came the comedy. The others ended their bathing before Garth. He tread water to watch them. Both had wrung out their clothes and flung them well up the beach. The moment they splattered ashore,

the waiting swarms of blood-suckers buzzed to the feast.

Huxby cursed, snatched up his half-dry rags and dashed back in, to dress under water. Mr. Ramill, however, had no desire to put on wet clothes. He beat at the stinging pests with his tattered union suit. It enabled him to get into the leather trousers and coat without being stung more than half a hundred times.

Garth's mirth was mixed with admiration for the mine investor's nerve. Along with this he felt a glow of satisfaction over the results of what his rigorous training had done for the once-soft millionaire. Though still heavy-set, the portly gentleman had become something of an athlete in appearance. His flabby muscles had been hardened; his loose jowls were now firm. His paunch had disappeared.

"My word, sir," Garth sang out, "you look fit for the football squad. That should be worth more to you than a dozen platinum claims. At least you might toss me my buckskins."

Mellowed by the bath and swim to a temporary return of friendliness, the millionaire chuckled and came down the beach to fling the sodden garments out to their owner. His loitering afterwards may have been for Huxby. Yet he went back to the dead fires with Garth, when the engineer muttered something about having dropped his penknife.

As the two disappeared over the top of the ice-gouged bank, Huxby sprang to open the wolfskin knapsack. From it he snatched a piece of rancid bear-cub fat, a clip of pistol cartridges, and his "lost" automatic.

With swift, purposeful movements, he rubbed the fat on the rusty pistol and began working the mechanism. It jammed repeatedly. But as the sun-melted fat soaked the rust, the action became normal.

Still quick, yet unhurried, he loaded the clip into the hollow butt and slid back the outer barrel to throw a cartridge into the breech.

As was of course to be expected, Lilith Ramill had not returned from her own dip and wood-ashes laundering. Garth sat down beside the tin cup and little alum-

inum pot to mend a rip in his buckskin trousers.

Still in a friendly mood, but with shrewd calculation in his eyes, Mr. Ramill stretched out on his back in the long grass beside Garth.

"Well, young man, it appears that the game is played out. The joke on us is that you had the cards stacked. A cold deck and no stakes up."

Garth differed: "Why not put it according to the facts, sir? I offered a square deal—a straight business proposition. The placer was in on that. Had I not sent out my papers for record, I would have had no legal claim to offer in my bargaining."

"Why—er—But when I refused your terms and you refused mine, you said you preferred to play out the game."

"My game," Garth qualified; "not yours. It was you and Huxby who thought you had the cards stacked to win."

"But—your game? You had the placer cinched. Why not have said so at once, or at least there at the lake when you turned the tables on us? I might have accepted your terms. At least we could have flown out together. Instead of going through all these weeks of privation and hardship."

The last words won an amused glance from Garth.

"Hardship—privation? You must know several fellow millionaires who call it prime sport to spend a month in the bush."

"Sport?"

"Oh, well, if you can't see that side of it, just recall yourself as you were when I had to hoist you out of the monoplane cabin."

That held the millionaire for a long moment. Then—

"Admitting how much I've benefited from your health cure, Doctor Garth, your methods have done my future son-in-law no good. As for my daughter, to drag a delicately nurtured lady into the dirt and privations and dangers of your raw wilds—"

"Delicate!" Garth cut in. "Do you know of anyone more hard? The point in her case is that she was only a brittle, harsh alloy. Now she's at least partly tempered into true steel. I had hopes of still better results from the both of you. But hate and treachery blacken the blood."

At the bitter statement, the millionaire flushed with anger. He started to turn over on his side to frown at Garth. The movement drew Garth's glance. Above a clump of wild currants, less than ten paces distant, he glimpsed the top of Huxby's hat and the out-thrust muzzle of the automatic.

As Garth ducked forward the pistol blared. Garth pitched down on his face. At the same instant, startled by the shot, Mr. Ramill jerked up on his elbow. The long grass had hidden him. Huxby could not have known that his partner was lying so close beside Garth.

In the excitement of the moment, he must have thought he had missed his kill and that Garth was bounding up again. He instantly pulled the trigger a second time. Knocked over by the shock of the bullet, the millionaire sprawled across the faecid body of Garth.

Even as the roar of the second shot dinned in his ears, the killer saw what he had done. The pistol dropped from his paralyzed hand.

Before he could recover his wits, Lilith burst screaming from the spruce thicket. Half clad, wet hair flying, she flashed forward to fling herself down on her bare knees beside her father. Under the partly washed off coat of mosquito dope, her face was the same sallow gray as Garth's.

She looked up, her eyes black with horror. Huxby had risen to his feet. He was advancing, once more cool. She flung out a forbidding hand.

"Stop! Keep away! You—murderer!"

Tis lips tightened. "You're mad, darling—clear off your head. I shot to save your father, not at him. No, listen—you must listen to me! The d-d roughneck attacked your father—with the knife—had him down. At my first shot he dodged. I thought I had missed. Your father sprang up just as I fired again. It's the truth." (Continued next week)

THE STATE OF TEXAS
To the Sheriff or any Constable of Deaf Smith County, Greeting:

You are hereby commanded to summon Claudice Sherrill and Alton L. Sears to appear at the next regular term of the District Court of Deaf Smith County, Texas, at the courthouse thereof in Hereford, Texas, on the first Monday in August, 1936, being the 3d day of August, 1936, then and there to answer a petition filed in said court on the 26th day of June, 1936, the file number of which is 2303, in which suit Frank F. Ferry, Kent Chandler and Farwell Winston, Trustees, are plaintiffs and Claudice Sherrill and Alton L. Sears are defendants, the nature of plaintiffs' cause of action being alleged as follows:

That plaintiffs are trustees under a declaration of trust dated December 23, 1933, recorded in the Deed Records of Deaf Smith County, Texas, Volume 73, page 51, and are the assignees of the vendors under the contract here-

inafter mentioned, which vendors were Francis C. Farwell and Frederick E. French, Trustees under a trust deed dated June 5, 1915, recorded in the Deed Records of Deaf Smith County, Texas, Volume 36, page 243.

That heretofore, by written contract dated July 25, 1929, recorded in the Deed Records of Deaf Smith County, Texas, Volume 62, page 309, the said Francis C. Farwell and Frederick E. French, as trustees, contracted to sell to B. M. Wiltshire the following described land in Deaf Smith County, Texas, to-wit: All of the North-east Quarter of Section No. Three, in Township No. 4-North of Range No. 2-East.

That said contract provides that the purchase price of said land is \$2720.00, payable on or before six years from November 1, 1929; that the vendee shall each year, at the proper season, sow at least eighty per cent of the land described in the contract to wheat; that the vendee shall, beginning with the year 1930, pay the taxes on the tract of land described in the contract before they become delinquent; that failure of the vendee to perform the covenants imposed upon him by such contract shall nullify the same and all payments made and all improvements placed on the land shall be kept by the vendors; that such contract is assignable. That plaintiffs have performed all the covenants imposed upon them by the terms of such contract. That the defendant Claudice Sherrill is the owner of the rights of the vendee under said contract.

That no payments have been made on the purchase price of said land and the same was not sowed to wheat in the proper season in 1935. That on account of the defendant's default in the payment of the purchase price of said land and in the tilling of the land as provided in said contract the plaintiffs have declared the contract for the sale of said land at an end and are entitled to recover the title to and possession of said land from defendants and each of them.

That the defendant Alton L. Sears is claiming some interest in the land, the exact nature of which is not known by the plaintiffs, but whatever right, title or interest said defendant has in the land was acquired through the contract above mentioned and is subordinate and inferior to plaintiffs' title and claim to the land.

Plaintiffs pray that the defendants be cited to appear and answer their petition and that the plaintiffs recover title to and possession of the land and improvements; that the contract for the sale of the land be declared at an end, and for general relief.

You are hereby commanded to summon the defendants, Claudice Sherrill and Alton L. Sears, and serve this citation by making publication of this citation once each week for four consecutive weeks previous to the return day hereof in some newspaper published in your county, but if there be no newspaper published in said coun-

ty, then in any newspaper published in the nearest county in which a newspaper is published. Herein fail not but have you of the next term thereof this writ before said court on the first day with your return thereon showing how you have executed the same. Given under my hand and the seal of said court at office in the City of Hereford, Texas, this

the 26th day of June, A. D. 1936. (SEAL) L. H. FOSTER, Clerk of the District Court of Deaf Smith County, Texas. By Effa Rutherford, Deputy. Issued this the 26th day of June, 1936. L. H. FOSTER, Clerk of the District Court of Deaf Smith County, Texas. By Effa Rutherford, Deputy.

I Want Your Vote

There are a great many people whom I have not solicited for their support in the coming election. I have not felt free to abandon my work and campaign throughout the county, and I hope no one will resent my failure to see them and oppose my candidacy on that account.

I am inserting this advertisement in an effort to reach those people and ask them to investigate my record as deputy under the late John B. Miller and during the time since his death. In doing so you will find that I have worked hard at law enforcement and have benefitted by experience.

I will strive to serve you as well as our former Sheriff did, and it is my ambition to be as good an officer. Your votes at the polls next Saturday will help give me this opportunity.

THE POLITICAL CAMPAIGN

Is Not the Only Subject Worth Talking About!

Everybody talking politics, just now? Politics may be a "hot subject" but it's not the only subject worth talking about.

Take these for instance:

Hereford firms give the people of this district superior service and quality merchandise and their prices are very reasonable.

Hereford is a progressive little city where the friendly spirit of cooperation prevails, and we extend a cordial invitation to home-seekers to locate in our midst.

"No Man Can Serve Two Masters"

CAN A STATE SENATOR PROPERLY REPRESENT THE MASSES OF OUR CITIZENSHIP AND BE THE ATTORNEY FOR THE FOLLOWING CORPORATIONS?

1. Great Southern Life Insurance Company.
2. Shell Petroleum Corporation.
3. Columbia Fuel Company
4. Humble Oil and Refining Company
5. Phillips Petroleum Company
6. Continental Oil Company
7. The Cargray Corporation (Hagy, Harrington and Marsh)
8. Safety Casualty Company
9. Smith Brothers Refining Company
10. Post Dated Oil Company
11. Associated Natural Gas Corporation
12. The Mert Oil Corporation
13. Buckeye Gasoline Company
14. Aerolins Gasoline Company
15. Piney Oil and Gas Company
16. Magic City Oil and Gas Company
17. Pioneer Oil and Gas Company
18. Shamrock Oil and Gas Company

These 18 corporations listed above may be authenticated from newspaper dispatches, state railroad commission hearings and court records. And yet the Senator says he has not collected \$500 from corporations in 25 years of practice. These names listed are documented, and there is a reason to believe there are many more corporations the senator represented.

PANHANDLE FARMERS!

What would you have done if you had not received your wheat, cotton and other checks under the AAA? Did you know that Senator Small was one of the co-authors of Senate Concurrent Resolution, No. 4 which petitioned the Congress of the United States: not to pass the Agricultural Act for the farmer? (See Senate Journal page 42, Regular Session 43rd Legislature 1933.)

SENATOR SMALL WAS ABSENT WHEN IMPORTANT LEGISLATION WAS VOTED UPON FOR EITHER PASSAGE OR DEFEAT AT THE FOLLOWING SESSIONS OF THE LEGISLATURE, AS FOLLOWS:

Fifth Called Session, 41st Legislature 1930, ABSENT 95 times. Regular Session, 43rd Legislature, 1933 ABSENT 275 times. Regular Session 44th Legislature, 1935, ABSENT 265 times. First Called Session, 44th Legislature, 1935 ABSENT 54 times. Second Called Session, 44th Legislature, 1935 ABSENT 81 times.

In connection with the above absences, Senator Small and his supporters say that he was never absent when important legislation affecting this section was voted upon. The voters attention is called to pages 29, 30 and 31, Senate Journal 2nd called session 44th legislature wherein Senator Small was absent five times when the Senate was voting upon amendments to Senate Bill No. One, which was a bill on the question of old age pensions.

Senator Small has accused the friends of Curtis Douglass of attacking Small's record, instead of dwelling on the virtues of their candidate; we admit that we are waging a campaign on Small's record, for that is the MAJOR reason we want to replace him.

You are hereby commanded to summon J. H. Ferry, Kent Chandler and Farwell Winston, Trustees, are plaintiffs and J. H. White and Distributors Investment Company, a corporation, are defendants, the nature of plaintiff's cause of action being alleged as follows:

That plaintiffs are trustees under a declaration of trust dated December 23, 1933, recorded in the Deed Records of Deaf Smith County, Texas, Volume 72, page 51; and are the assignees of the vendors under the contract hereinafter mentioned, which vendors were Francis C. Farwell, Frederick E. French and Charles F. Harding, Trustees under a trust deed dated June 4, 1915, recorded in the Deed Records of Deaf Smith County, Texas, Volume 243.

That heretofore, by written contract dated August 27, 1929, recorded in the Deed Records of Deaf Smith County, Texas, Volume 68, page 287, the said Francis C. Farwell, Frederick E. French

and for general relief. You are hereby commanded to summon the defendant J. H. White and serve this citation by making publication of this citation once each week for four consecutive weeks previous to the return day hereof in some newspaper published in your county, but if there be no newspaper published in said county, then in any newspaper published in the nearest county in which a newspaper is published.

Herein fall not but have you before said Court on the first day of the next term thereof this writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court at office in the City of Hereford, Texas, this the 26th day of June, 1936.

That said contract provides that the purchase price of said land is \$4500.00, payable on or before six years from November 1, 1929; that the vendee shall each year, at the proper season, sow at least eighty per cent of the land described in the contract to wheat; that the vendee shall, beginning with the year 1930, pay the taxes on the tract of land described in the contract before they become delinquent; that failure of the vendee to perform the covenants imposed upon him by such contract shall nullify the same and all payments made and all improvements placed on the land shall be kept by the vendors; that such contract is assignable; That plaintiffs have performed all of the covenants imposed upon them by the terms of such contract.

That no payments have been made on the purchase price of said land and the same was not sowed to wheat in the proper season in 1934. That on account of the defendants' default in the tilling of the land as provided in said contract, the plaintiffs have declared the contract for the sale of said land at an end and are entitled to recover the title to and possession of said land from defendants and each of them.

That the defendant Distributors Investment Company is claiming some interest in the land, the exact nature of which is not known by the plaintiffs, but whatever right, title or interest said defendant has in the land was acquired through the defendant J. H. White and is subordinate and inferior to plaintiff's title and claim to the land.

Plaintiffs pray that the defendants be cited to appear and answer their petition and that the plaintiffs recover title to and possession of the land and improvements; that the contract for the sale of the land be declared at an end,

and for general relief.

6. Ford school house; Precinct 7, Dawn school house, Alfred May; Precinct 8, Messenger school house, C. H. Brown; Precinct 9, Bippus school house, George Bippus; Precinct 10, Daniel school house, Coy Phillips. Election judges in precincts 5 and 6 were named but could not qualify because of absence from the precincts. New judges were to have been named this week by County Chairman Carl Gilliland.

Precinct 1 and 2 divide the City of Hereford, with the first precinct taking in the southeastern section of the city and the second precinct including the northwestern portion. The dividing line runs south along Avenue I to Third Street, west to the southeast corner of the court house square, cutting diagonally across the square to the corner of Fourth and Sampson Streets, thence west along Fourth Street to 25-Mile Avenue, and south along the avenue. The boxes will be placed in the section of the courthouse included in the precinct.

Contested Offices.
Voters who express their opinions on their ballots will choose candidates for the following offices, as listed on the local ballots: United States senator, governor, state railroad commissioner, state comptroller of public accounts, commissioner of general land office, state treasurer, state superintendent of public instruction, commissioner of agriculture, representative in Congress from 18th district of Texas, district attorney, state senator, state representative, county judge and ex-officio school superintendent, sheriff, tax collector and assessor, county treasurer and commissioner of Precinct No. 1. All other positions have not more than one candidate.

Election judges are to deliver returns from their boxes Sunday, and the county executive committee is to meet Monday to canvass the returns. Of course, unofficial figures are expected to be made available Saturday night. Although the fight for office will have been completed for some of the local candidates, they still have a little work to do. Election day is also the first day for filing third campaign expense reports, with July 28 as the final date. August 4 is the date for final statement for the first primary.

Lee Morgan Lecturing.
Lee Morgan of the Soil Conservation Service is spending most of this week on the South Plains with the educational department of the SCS at Lubbock. With the aid of a picture machine, he is making illustrated lectures sponsored by the Lubbock county vocational agricultural teachers.

ists working in the nine or ten counties (if Hemphill is approved) and it appears likely that Mr. Humble will be over these men, County Judge Mal Stewart said. "If this happens," he added, "the counties will be fortunate in having a man in charge who is familiar with county problems and limitations."

Judge Stewart, a member of the executive committee, attended the Monday session. The committee instructed County Judge Noel McDade of Dumas, its chairman, to write H. H. Bennett, head of the SCS in Washington, suggesting that the privileges already extended to the other nine counties be offered to Hemphill county. This county has set aside a fund to carry on soil conservation work, McDade announced, and "we feel that it should be given equal cooperation in the new program."

Ball Game

(Continued from page one)

of his life on the second ball tossed and kept the ball whizzing around until they got to Ed Johnson. Old Spec missed it a mile and the ball rolled to Fifth Street. After it finally got back, Glenn Witherspoon let it get through and back to the same spot, and while he was thumbing a way after the ball and back, the Lions had the ball back to Flash Morgan and just one man to go. Flash grabbed the apple and made a beautiful underhand short-to-first peg to Emmons. Ox couldn't have reached it if he had been on top of a house, anyway he was away in a flash. On and on the ball rolled down Main on the paving. Those No. 13's looked like three propellers on a trimotor plane. He finally started back with the ball and by that time Glenn started back with the Firemen's ball. The next throw was to J. Russell and he muffed it, the ball tore out for the curb, rolled under a car, and like one of those old time collar buttons—after spending four hours totting water and getting the old teakettle hot, losing the soap four or five times to take a bath in a No. 2 wash tub, all the time thinking about that best girl, you drop the collar button, spend hours looking for it, then next morning you get up and the first thing you step on is that collar button. Jess did just that—he couldn't find the blamed thing until the Lions had won the game—and the ball was right in front of him all the time.

But seems like when Frank Cogdell attempted to catch the ball like a sack of flour he let it through and Tubby Robinson, next man behind him, scooped the ball up and sent it on its way, and the Lions were disqualified for breaking the rules. Tubby said he didn't know they had any rules and besides it didn't make no difference nohow, as John gave both sides passes to the show—but that last throw that Morgan made to Emmons looked just a little fishy. If Flash had been trying to win a contest trying to throw over the city water tower he made a good throw, but the way it was it looks just a little like he had it figured Ox needed some exercise—and he got it!

It was reported to this column that Edgar Ireland, Jr., plans to leave right away for the Fort Worth Centennial, where it is understood that Sally Rand lost all her clothes in the storm Monday night. Impossible, impossible!
