48 High School Graduates Get Diplomas Friday Night

COMMENCEMENT BRINGS CLOSE TO SCHOOL YEAR

Forty-eight Hereford High School graduates will step forward tomorrow night to receive diplomas that mark an end to their high school careers and send them on to higher institutions of learning or to home life.

With examinations completed last week end, that was the number of graduates approved yesterday. However, several of them were taking exams yesterday in non-senior subjects which they had not completed and it was possible for the number to be reduced by perhaps one or two.

Commencement Program.
The commencement program will start at 8:15 o'clock at the high school auditorium. It will carry out a Centennial motif, featuring the theme Mirabeau B. Lamar and Education. Included in the program will be addresses by the valedictorian, George Conklin, and the salutatorian, Mary Virginia Eberle; a dramatic sketch por-

Court Ruling May Affect Local Plan

AROUND TOWN

Sights and Faces Seen

All cowboys are not what they seem, it has been revealed since the parade here recently. Noah Ewton rode as though he had lived in the saddle, but he gave himself away when a small child ran across the street in front of his mount. Forgetful of the type of transportation he had at the moment, he tried desperately to "blow" the saddle horn.

Jerry Jowell isn't trying to start a new fad with his sand and rain spotted suit. He got that way while seeking a ride out of Amarillo during the combination dust storm and rain.

Mayor Charles J. Paddock says that termite are thick in Hereford and that something has got to be done to prevent them from doing hundreds of dollars worth of damage to homes and buildings this summer. They are extremely bad in the western section of town, Paddock says, and he is certain there are some on the east side. Home owners should check up right away and if evidence of these little insects can be found, spraying should start at once, spraying should start at once.

Ernest Medkief says who are getting a little old don't want it to rain because we are afraid of rheumatism.

This is the third straight year that it has come a good rain on Myose Pitman's birthday! Most

WORK CONTINUED, HOWEVER, ON RESETTLEMENT SURVEY

Hereford's proposed resettlement project, which is now in the stages of water survey to determine the extent of irrigation possibilities, may be delayed by the decision of the District of Columbia Court of Appeals Monday, declaring the use of relief funds for the Resettlement Administration unconstitutional.

However, it was generally believed by those behind the proposed project here that the decision would be carried to the Supreme Court before instructions would

Black Defeats Firemen's Nine In Wild 9-3 Go

BY HOMER FOX
Guess those old Firemen won't be so cocky after all. Cliff Johnson brought a bunch up from Black Sunday and spanked the Mercer Whistle Runners 9 to 3.

The Firemen took the lead in the first frame when they made two runs, and then made two more in the fourth. That old yo-yo ball of Buddy Witherspoon was going good (going to Carroll at short to first). The Black boys scored two in the fifth after a couple of errors and a two-bagger by Meade. But the Firemen came back and made two more after two outs. Carroll hit a smashing home run into left field. A single by With-

New Program Swings Into Action Here

NEARLY 500 FARM WORK SHEETS TURNED IN EARLY IN WEEK

The signing up of work sheets on the new farm program got under way Monday in each of the 10 agricultural communities in Deaf Smith county. Approximately 475 work sheets had been received Tuesday afternoon, County Agent Alex R. Bateman stated.

There is a maximum of about 1,000 that could be secured in the county, but the start was so exceedingly slow, Bateman pointed out, considering the fact that 75 per cent of the farms are owned by non-residents and that a large number of them have been operated by non-resident tenants, who have not reached a conclusion as to operating agreement.

Mr. Bateman said there seems to be some confusion among producers as to who is responsible for making out work sheets. If

Dimmitt School Senior Drowned At Class Outing

HORACE JOHNSON, 19, DIES AT CARLSBAD, NEW MEXICO

Horace Johnson, 19-year-old son of Mr. and Mrs. Spurgeon Johnson, of Dimmitt, was drowned in a lake near Carlsbad, New Mexico, Saturday afternoon.

The Dimmitt high school senior had accompanied a busload of classmates on an outing that was to have taken them to Carlsbad Canyon, Ruidoso and El Paso. Arriving at Carlsbad late Saturday afternoon, members of the party decided to take a swim in one of the nearby lakes.

According to class mates of the drowned youth, several of them already had entered the water when Johnson plunged in. He came up once and called for help. Several of his mates rushed to his aid immediately but he was lifeless when taken from the water.

The party returned to Dimmitt Sunday morning. Funeral services were conducted at the First Baptist church at Dimmitt at 9:30 o'clock Monday morning, with interment at McLean. Pallbearers were Sam Kirkpatrick, Leon Lile, C. G. Maples, Clifton Sparkman, Leslie Lowder and Pat Hyatt. Honorary pallbearers included several members of the senior class.

Survivors include the parents, and two brothers, Cay and Spurgeon, Jr. The family moved to Dimmitt in July, 1935, from Wheeler county.

Howard J. Eberle, son of Mr. and Mrs. Frank J. Eberle, will graduate Saturday, May 30, from the Texas University Medical school at Galveston, completing eight years of college study and receiving his M. D. degree.

Howard spent four years at Texas University in Austin, where he received his B. A. degree, and then four years at the medical school. He was an outstanding student and made an enviable record in high school, the university and medical school. He is a member of Alpha Kappa Kappa fraternity.

Following his graduation, Howard will come here for a two weeks visit before leaving for Washington, D. C., where he will serve his internship.

Howard's new NYA project to provide employment for 15 girls whose Central School cafeteria work ends this week and to provide a summer educational center for children has been prepared and sent to state offices at San Antonio for approval. The plan was submitted last Friday, but it is not known when action will be taken.

Several applications for the position of director have been received by the library board, which will have charge should the project meet with approval. However, no action will be taken until word is received from San Antonio. Under the set-up, Miss Lillie Hostetler, librarian, will have charge, with the supervisor working under her direction.

The plan is to provide children of the community with supervised play, reading and study in woodcraft, swimming, sewing and the like, for about four or five hours daily throughout the summer months. The city hall and club house would be used as centers for the activities. The 15 girls would act as squad leaders. Several local organizations have offered to get behind the project by supplying funds for the supervisor, which is the only salary not paid by NYA.

Farmers Urge Move To Western Region

RESOLUTIONS REQUEST CHANGE OF ENTIRE PANHANDLE

Deaf Smith county farmers and the County Agricultural Conservation Association Saturday urged by resolution that the Panhandle of Texas be taken from the southern agricultural district and placed in the western district, whose interests are nearer their own.

Judge John P. Slaton introduced the resolution before the farmers, who had gathered at the court house for the final explanation of the new farm program, and later to the county association itself. Every county in the Panhandle will be urged to adopt a similar resolution.

The resolution follows: "Whereas, the Panhandle of Texas has heretofore been placed in the Southern Region of farmers, which Southern Region is adapted to the cultivation and production of cotton, tobacco and rice; and

RAIN AND HAIL!

PLANTING OF ROW CROPS TO START: 5 INCHES FALL AT FRIONA

Rain and hail swept down on Hereford out of the northwest yesterday afternoon, bringing an estimated two and one-half inches of moisture and doing considerable damage. A veritable cloudburst, the storm halted traffic for a short time as automobiles were drowned out and streets flooded.

The downpour apparently was centered around Hereford, although Black reported about an equal amount of moisture. The rain gauge at the First National Bank registered only 1.6 inches, but it probably was stopped up by hailstones during the heaviest fall. Gauges on the soil conservation project west of Hereford varied from 1.5 to 1.75 inches, with workers estimating the hailstorm as considerably lighter than here.

Highway 80 through Hereford and numerous streets were flooded by a foot or more of water. Leaves and limbs were beaten off trees and small plants were crushed. Although no glass broken by the hailstones was reported, tops were said to have been pounded full of holes on several cars caught in the storm, and several electric signs in the business section were damaged. Communities as near as Friona and Vega had only light showers. The storm apparently extended to the southeast where no reports were available this morning.

Varying from a steady downpour that brought great benefits to farmers to a cloudburst that all but flooded the Friona section, the entire Hereford territory received life-giving moisture Monday night, the first rain to fall generally over the area this year in sufficient quantity to provide good seasoning.

The rain came out of the west late in the afternoon, flooding the western section of the area, and then passed over, only to return Monday night with a steady fall that lasted several hours.

To Rush Planting.
Since farmers have waited for just such seasoning before starting the planting of row crops, the work was expected to be in full swing this week end. Row crop planting is expected to be heavy

Father of Local Woman Dies Here

S. J. Virden, 77, of Plainview, passed away Monday afternoon at 5:50 o'clock at the home of his daughter, Mrs. Marlin Gilliland, following an illness of 10 days. He was brought to his daughter's home early last week end.

Funeral services were held Tuesday afternoon at 3 o'clock at the First Baptist church in Plainview, conducted by Rev. B. N. Shepherd, pastor of the Hereford Baptist church. Interment was at Plainview.

Mr. Virden was born in Georgia February 9, 1859. He came to Texas in 1884 with his parents and lived in Floyd and Hale counties. He was a member of long standing of the Baptist Church. Survivors include two daughters, Mrs. Gilliland and Mrs. Ruby Moore of Tulsa, and five sons, Willie Virden of Lockney, and Alex, Robert, Maynard, Bennie and Charles Virden, all of Plainview.

Townsend Club Is Formed Here

A Hereford Townsend Club was organized here Monday night, with visiting speakers from Amarillo, Dalhart and Borger, and the first meeting of the organization was called for Tuesday night at 8 o'clock at the county court room.

Dr. C. W. Bayneham of Amarillo, J. N. Johnson of Dalhart, assistant state Townsend Club manager, and John R. Miller, Borger mayor, were the speakers. Ray Cottingham was elected president of the local club and C. E. Carl was named secretary-treasurer. About 60 persons attended the session.

LOOKING INTO THE FUTURE

Since all minds appear focused on graduating seniors, we owe them a word: Those seniors who graduate this year face a new problem, that of entering into the world's business, although sadly departing from high school, yet we look forward to our new life. Besides the fact that we are finishing, we are also beginning. Despite many past mistakes, we plan to atone for our former reputations by helping to do our part in the world.

Turning over all senior careers and pleasures to this year's juniors we gladly, in part, and sadly in part, say: Farewell!

APPRECIATION

The Whiteface Roundup staff wishes to express gratitude to The Hereford Brand for space in which to publish the school paper.

All the kind help, consideration and tolerance which the Brand staff has extended the high school staff is sincerely appreciated.

"WE THROW THE TORCH"

Having sponsored and led the school paper this year, the seniors are grateful to those students in other classes who helped with the paper in any way. Each reporter in their classes and each senior who, although not on the staff, wrote articles for the paper, is individually and heartily thanked for his cooperation.

Next year it is hoped that the new staff will make the Whiteface Roundup a bigger and better paper. At any rate, with this, our last issue, the present staff says: Thank you, and Farewell!

EXCHANGES

Traveling more than 800 miles, and stopping at two tourists camps and many towns, 37 members of the 1936 senior class and eight sponsors made a tour of South-eastern New Mexico, including stops at Carlsbad Caverns and Ruidoso, last week end.

A certain senior cannot talk above a whisper. It seems that he was the object of a couple of buckets of water. Another boy went crazy trying to put a puzzle together on the road home.—The Tulla Hornet.

The Canyon high school band won third in class D at the Music Festival held in Amarillo, May 1.—The Eagles' Tales.

JUNIORS GET BANNER

We can look back with great pleasure and see how enjoyable our high school life has been. Of course there were a few sorrows that came with pleasures, but they only taught us that everything in life that is worthwhile has difficulties. It is with both sadness and happiness that we greet graduation. Sadness, because high school life has been very enjoyable, and because seniors are sentimental. Happiness, because youth is undaunted and loves adventure.

We repeat with deepest sincerity that we are leaving, but hope the seniors in years to come will enjoy high school years as much as we have.

JUNIOR CLASS

Juniors of '36 had the last meeting Wednesday, May 13. The discussion consisted of the summer ring order and in getting 16 junior girls to usher for the seniors. The class received a red banner for having the best paper during the time different classes competed in the Whiteface Roundup paper.

ALAS!—HURRAH!

Hi-Y had its last meeting of the school year. The boys will never meet as the same group, but when the prospects for next year's members are looked over, the sadness is gone and happiness takes its place because of the quality of the boys who are interested. Refreshments were served and if consumption is a sign of quality and ease of mind, these new members certainly seem to be at home.

These boys in signifying their interest in the club understand the slogan of the club is "Clean speech, clean athletics, clean scholarship and contagious Christian character," and that its purpose is to create, maintain and extend throughout the school and community high standards of Christian character. So the Hi-Y, the club with a purpose, looks forward to a new year with new officers, new members and new spirit.

OFFICERS' HELP!

Bill Stanford was elected president of the Hi-Y. Bud Brady, vice president; Clyde Posey, secretary, and Wilbur Willett, treasurer. Good luck to next year's officers, and the club will try its best to stand behind these new officers and make the club better.

HISTORY OR HISTORY

History has been made. Things have been done. Good deeds have been perpetuated. Great pleasure of seeing others have been the reward of Hi-Y. Let us look backward: Fall training camp at Ceta Canyon. Hereford club had one of its members elected president of next year's camp. At this camp was started the movement to buy lots for a permanent Hi-Y camp. Thanksgiving, members made sandwiches and drinks for hungry hitch-hikers; only a few were fed but those fellows were happy. Hi-Y candy sales came next. Candy seemed to be appreciated by students. The club sponsored two entertainments, The Electrical Display and the Womanless Wedding, proceeds of which were used to pay Pat Henry's salary and buy lots at Ceta Canyon. Older Boys Conference was next, and the boys derived good from this conference. One local member was elected vice president of next year's conference.

Last Saturday night a group of boys, sponsor and several of the advisory council went to Amarillo to attend the senior Hi-Y club's father and son banquet, and were deeply impressed. Closed is the book of 1936 accomplishments and our prayer is that the new year will bring forward newer methods of educating and higher purpose to make our community and our country reach new heights of accomplishment and peace.

Miss Dorothy Taylor of Amarillo spent last week end here, the guest of Miss Eloyse Pitman.

SPEECH

This past year our school has done a great deal in speech. The school took part in debate, dramatic reading, and declamations. Students have also taken part in classic reading and extemporaneous speaking. The oratorical contest will end the speech events.

HOME ECONOMICS CLUB

The home economics club has accomplished a great deal this year. The purpose of this club has been to make money to send delegates to the home economics rally at San Angelo. To make this money the club sponsored "Shipmates Forever," a candy sale, skating party, and an opera. The girls who won the trip to San Angelo reported a very good as well as profitable time.

The home economics club and classes wish to express appreciation to their sponsors, Miss Sullivan and Miss Houston, for their fidelity and cooperation during the year.

FAMOUS LAST WORDS

Here's where I snap a picture right between the bars of the cage. Oh, I guess one more little one won't hurt me.

Sure, I know the road like a book, or I'd slow down on curves. I'm going home to mother.

How can I get a shock when I'm standing on this wood?

These trains always whistle a mile away before they get to the crossing.

Now watch me open this bottle without a cork screw, just by applying a little leverage to the right place.

Rainwater is so highly styled this season that it is actually a pleasure to wear.

One man, a truck driver, stopped at a filling station on the outskirts of town during a dust storm. He asked if they were always that bad, and Maludgin answered that he and his wife sat in the same room six hours without seeing each other.

An ex-football player was teaching cowboys how to play football. He explained rules and ended: Remember, fellows, if you can not pick the ball, pinch the man on the other side. Now, let's get busy—where's the ball. One of the cowboys shouted: To heck with the ball let's start the game!

Will this happen to a senior, especially the girls? He took her hand in his and gazed at the engagement ring he had placed on her finger. Did your friends admire it? he asked. They did more than that, some of them recognized it!

So that's where they go!

BROOKS' DRUGS

You'll finish your trip (but not your engine) with **alloyed oil... Lots different!**

Maybe you've streaked four or five hundred miles since sun-up. In safe places perhaps your speedometer hit "tops." And it was hot enough for you all day. But you're not one of those drivers who lie awake wondering what happened in the engine. *It didn't happen* if you started out with Germ Processed, the alloyed oil, and there are positive reasons why.

The big reason is that alloyed oil goes far beyond plain oil-film protection. It's true that the patented Conoco Germ Process of alloying oil—unlike other

"latest methods"—actually steps up film strength tremendously. But alloying does something even greater. It enables oil and metal to **UNITE**.

All surfaces—even the most sensitive bearing surfaces in any engine become completely **PLATED** with this alloyed oil. It's **IN** all working surfaces, and then the extra-strong Germ Processed oil-film slides between!

Here's a combination only alloyed oil can give you. All you've got to do is so swing in at the sign of the Red Triangle. Continental Oil Company.

Senior Class Honored At Annual Alumni Banquet

The 21st annual alumni banquet honoring the senior class of Hereford High School was held Monday night at the Baptist church. The tables were decorated with red and blue flowers and placed attractively in the quiet room. The table was decorated to carry out the Centennial theme. Programs, in the shape of a five pointed star tied with blue cellophane ribbon and printed in red, decorated the program for the evening and the menu, which was in cowboy style. Chuck consisted of red lemonade, son-of-a-gun, decorated spuds, green frijoles, stuffed fodder, horse feed, cukes, red hash, sour dough biscuits, axle grease, poor man's pudding and cold chaser.

Round-up, the program, was as follows: Ranch foreman, Dick Barnard; Stampede, Musical Cowboys; Blessing, Rev. B. N. Shepherd; Round the Chuck Wagon, Genevive Eberle; Sayin' a Speech, Mrs. A. O. Thompson; Home on the Range, Byron George; Fiddle Tune, Marvin Thomas; Round-up Times, Leona Tiefel; Horn Tootin', Ernie Schelhaugen; Branding the Dogies, Reavis Kerr; Corraling 'em, George Conklin; Speech, C. H. Dillehay; Roused Up in Glory, Ruby Thompson.

"—WON'T BE BACK FOR SUPPER!"

People whose criticism works against rather than for the peace officers of the Panhandle would change their sentiment had they been present when officers from 22 Panhandle counties gathered at Pampa to start a manhunt for Pete Traxler, ex-convict, jailbreaker and bandit.

They were to be divided into groups of four or five in order to cover every road in the territory; for it was understood that Traxler and a companion were heading for Oklahoma. They believed the outlaws possessed a machine gun.

Four or five peace officers with pistols facing two desperate men with a machine gun! That wasn't a perfect setting for a picnic, was it? Before the officers started out from Pampa a photographer was called to take their pictures. They were told in all earnestness:

"We want these pictures because some of you won't be back for supper."

They took Traxler alone, without an officer being scratched. But they had not suspected such luck. They all returned for supper, but it may not be that way the next time.

"Yes, all the officers in the Panhandle have to gang up on one bandit in order to catch him," one person said.

That is the sort of criticism that works against the officers. They didn't gang up on Traxler. Had he had a companion with machine gun, the odds would have been against the officers, as so often is the case. That is what they expected, yet the posses who did not see action were disappointed because he did not come their way. No wonder that in their hearts, most of the men hoped that he would not be taken alive. They didn't want to do the shooting themselves, but still they hoped—!

Panhandle peace officers are better organized today than ever before—that is one thing Traxler and his terrorism did for them. If public sentiment will support rather than hinder them, they can do more to carry out their tasks and safeguard the law abiding citizen and visitor to this country.

Approximately 15 letters have been sent out this week by the city board of health warning local residents against dirty and unhealthy accumulations around their homes. That many barnyards, manure piles and other unsightly and dirty places have been found or reported to the board.

(From The Hereford Brand, May 19, 1905.)

Arthur Dendy had drowned in a tank about 15 miles north-west of Boom.

Clarence Wheeler was bringing a load to town. His team bolted, scattered the load over considerable territory. Clarence was badly bruised.

Barney Hicks went to the races! He wasn't the only one, of course, but Barney also had a horse. Prince Westend was Barney's choice, and Prince Westend came in, but just as happens sometimes when you order from a catalog. Barney chose his horse by number, and he got it wrong. Barney learned they don't pay off on horses you intended to pick.

F. P. Are is doing some repair work at his home, and Travis Dameron is installing a new irrigation well on his place east of town.

Farmers Urge

(Continued from page one)

"Whereas, the entire Panhandle of Texas is adapted to the cultivation and production of wheat, sorghum grains and pasturage, there is no community of interest between the Southern and Western Regions, and by nature the Panhandle of Texas belongs in the Western Agricultural Region and not in the Southern Region.

"Therefore, be it resolved: That the Honorable, Marvin Jones, Parker D. Hanna and H. H. Finnell be requested and urged to have the proper authorities to take from the Southern Region and put in the Western Agricultural Region, all the 18th Congressional District of Texas, which 18th District is composed of the Panhandle counties.

(From The Hereford Brand, May 21, 1915.)

A temperature of 34 degrees was reached Tuesday night.

Carl Frye had driven to Summerfield in his auto for a visit with Mr. and Mrs. Johnson.

"Midsummer Eve," seventh grade play, had been presented by Sena May Mounts, Dorothy Barnett, Myrtle Bennett, Caldwell Hicks, Lucille Garrison, John L. Wilson, Jr., Roger Wilkinson, Gwendine Pearl, Beulah Lee Rutherford, Pearl Pollock, Marjorie Dameron, John Wood, Hazel Green, Emma LeGrand, Helen Lambert, Jesse Womble, Corinne Jewell, Ruth Owen, Lillian Robertson, Dorothy Ramsey, Eddie Connell, Ted Holman, Jeff Robertson, Carl Lewis, Vivian Stambaugh, Jarvis Rayzor, Fred Patton, Frank Carl, Louie LeGrand, Frances Wilson, Wm. Black, Lewis Anthony, Cecil O'Brien, Lois Brazil, Daniel Bell, Annie Fitzhugh Parker, Floyd Wilson. Accompanist, Miss Clyde Wilson. All of these were not seventh graders.

Parts in the senior play were taken by Myrtle Bennett, Calvin Barnett, Buford Farmer, Cecil Cook, Gilbert Fox, Johnathan Pitman, Grace Wilson, Jewell Murchison, Mary Wood, Cassie Phillips, Juanita

"It is further resolved: That a copy of this resolution be furnished the Honorable Marvin Jones, Parker D. Hanna and H. H. Finnell."

The resolutions were signed by J. K. Gray, chairman, and Phillip Miller, secretary, of the temporary organization of farmers and by the officials of the agricultural association.

Judge Slaton, in discussing the proposal said: "I believe we have been placed in the wrong agricultural district. Because this territory is in Texas, they don't know what we raise. We have been placed with the cotton, tobacco and rice men, and it is injurious to us."

He asserted that "if we could cut loose from the southern section and get thrown in with the western section we could plow under tumble weeds and get paid for it." He pointed out that no provision had yet been made for wheat and grain sorghums in the southern division, but that if the Panhandle were in the western district, "we would know what we are going to get."

The resolution was passed unanimously by both groups.

Court Rules

(Continued from page one)

he sent to W. R. Stanley, engineer making the water survey. Mr. Stanley has been here for several weeks, testing 21 irrigation wells, and he continued with his survey awaiting possible instructions from RA headquarters.

The court granted the right of Congress to appropriate funds for the relief of unemployment, but restricted the use to which such funds might be put. It held that President Roosevelt's allocation of relief funds to the Resettlement Administration was an improper delegation by Congress of legislative power and that it invaded the rights of the states. The decision was rendered in an injunction brought by Franklin Township, Somerset County, New Jersey, against a proposed resettlement project in that locality. The Hereford Chamber of Commerce and its acting secretary, H. V. Hennen, have worked for

months toward obtaining such a project for Deaf Smith county. They felt that their efforts were about to be rewarded when the irrigation survey was started. The project, if obtained, would have called for the purchase of 4,000 acres of land, dividing it into farms of 80 to 100 acres, equipping each with home, buildings, stock and poultry and irrigation plant, and selling them to relief farmers on a long-time payment plan.

New Program

(Continued from page one)

the tenant has the land rented for the coming year (including both row crop and wheat crop) he must make out the work sheet. In cases where landlords have not made a decision regarding the tenant, it is very important that the landlord see that the work sheet is handed in, he stated. It can be changed after the tenant is selected, but on each farm if there is no work sheet, there will be no opportunity to make application for grant later. The work sheets must go in Saturday, therefore, they must be filled out here before that date.

The set-up for the new program was completed last Saturday when community chairmen gathered at the court house for final instructions. J. A. Pitman, Jim Lipscomb, R. L. Campbell and Paul

Mathers were elected county committeemen, and C. S. Perrin and C. M. Brown were named alternates. Community committeemen and their alternates are as follows: Campbell and Claude Tomlinson, Fairview; Perrin and J. W. Kirby, Bippus; George Benson and John L. Whitsett, Ford; N. G. Elliston and Dock Roberson, Wyche; Pitman and A. Lawther, Hereford; Brown and J. T. Guilan, Messenger; Lipscomb and R. E. Hutson, Ward; T. P. McCollister and John L. Morris, Simms; Mathers and G. C. Hartman, Westway, and R. A. Frye and Alfred May, Dawn.

F. M. Kester and son, Lynn, attended an optometric meeting in Lubbock Sunday. They reported a large attendance of combined groups of several districts and said the meeting and discussions were very interesting and profitable.

Black Defeats

(Continued from page one) erspoon and a couple of errors made another eye.

Then the sixth! Lee singled, Barnett blasted one to Carroll at short that he failed to handle; Guyer singled, Welch hit a screaming liner almost to left field. Carroll got it. Carroll smeared Snooks Johnson's hard grounder, Presley was safe on a fielder's choice, Meade went out at first. Witherspoon dropped Cliff Johnson's fly to left, Hays hit one to the second turn this side of Dimmitt and made it to third. Lee hit a long, lazy fly to center. Corbett camped under that baby. It was an easy out, but Rod said he had to get his glove up to keep from getting hit on the head.

Anyway, Black made seven more runs. Just a lot of exercise and the kids all had a good time. Dubs Pitman led the squad with the bat, struck out twice and appointed Bob Renfro for pinch hitter and he whiffed. Earl Phillips pulled the best play of the day when he put a man out with the ball in his left hand and tagged the runner with his right. Ontas Carroll hit 1,000, single, double, home run and a walk. Corbett was the hero of the fans cause he hit a nice single in the fourth that really counted. Rountree and B. Witherspoon both hit three for four.

CLYDE POSEY DEFEATS J. M. TO TAKE LOCAL GOLF HONORS

It turned out to be a family affair in the championship flight when 29 golfers from Hereford, Friona and Muleshoe competed in the 27-hole medal tournament over the city course Sunday. Clyde and J. M. Posey qualified in the top division over the first nine and then shot the 18-hole contest round in 70, two below par. Required to go an extra hole to decide the winner, Clyde nosed out his brother with a three to J. M.'s four.

J. R. Roden was third in the top division with a 74, with A. A. Foster following with 76, and Ted Young touring the course in 79. Only five players were placed in the top group.

Wirt Phillips took the first flight title with an 81, followed by Stark, Friona, with 83; Doug Fox 84; John Patton and H. L. Rice, 86; Herb Sindt, 89; Rocky, Friona, 93; Lange, Friona, 94.

Frank Cogdell controlled the second flight with an 84 on the final 18 holes. He was followed by Fred Brown, 88; Sneed, Muleshoe, 89; R. Roden, 92; L. Foster, 94; Morris, Friona, 95; Orland

What Is Asked About Pension

This is the first of a series of questions that the people of Texas are asking. Orville S. Carpenter, state pension director, answers them frankly and to the point:
Q—Why cannot assistance be paid to every person in Texas who is 65 years of age or older?
A—First, because the Texas law says that assistance may be paid only to those "in need"; second, because the Federal Government will not allow us to pay Federal money to people who are not in need.
Q—Will not Federal money mean a lot to Texas?
A—Yes. It will mean that several millions of dollars each year will be given to the aged people of Texas that they would not otherwise get; it will mean that with it a person will be able to receive as much as \$30 a month, and without it no one could get more than \$15 a month.
Q—What does the Federal law say about "need"?
A—It says that the Federal appropriation is made for the purpose of enabling states to assist "aged needy individuals." (Sec. 1.)
Q—Was this "aged needy individuals" question checked?
A—The Social Security Board stated that this was the correct interpretation of the law.
Q—How does the Texas definition of "needy" compare with that of other states?
A—Texas has the most liberal definition of "aged needy individuals" in the United States. The Texas law is more liberal on this point than that of any other state in the Union.

CONGRATULATIONS GRADUATES . . .

Upon completion of the prescribed school course that plays such an important part in preparing you for the role you must soon assume as leaders and builders of your community, regardless of your station in life.

Your Education of Tomorrow

Will consist, among other things, of the determining of values and the acceptance of progress made before your time. One of the greatest advancements has been made in the supplying of inexpensive, efficient electrical power for this great Panhandle territory. Electricity has been the foundation upon which modern enterprise has been constructed. You will accept it in your home and business as the best source of power, lighting and refrigeration, and you will learn, if you have not done so already, to protect yourself and your family with the proper use of electricity. It is the one convenience that is indispensable.

Graduated To Packard's Flours

CAUGHT IN THE WILD

ROBERT AMES BENNET

(Continued from last week) After eating his fill, Garth took Huxby's bed, beside the smudge. He wakened to find that the man had taken its northern dip and was just slanting up again over the mountain crests. It had been under much longer than June. The summer was getting all along. Huxby had stayed on watch to see the fire going. He met Garth's offhand good morning with a show of civility. His cool reasoning had brought him to the realization that nothing could be

gained by upstaging Garth. When Miss Ramill left the lean-to, Garth stooped in under the low roof and began to rub her father's knees and hips. The millionaire groaned that he had been stricken with a terrible attack of lumbago and rheumatism. It was impossible for him to move. Headless of the plaint, Garth rolled the complainer out beside the cold-baked leg of moose. The "sick" man ate more than either his daughter or Garth. Afterwards, insistent urging and the promise of an easy work-out persuaded him

to get on his feet. They wandered around through the woods, with frequent pauses in the glades. When several hours later, they returned to camp Miss Ramill had completed one moccasin and was doggedly stitching at its mate. Huxby came down from the trough with the gold pan. Garth melted the last of the moose fat in it and fried a heaping mess of mushrooms. For salad, he shook a quantity of the pleasantly acid sorrel from the bottom of his pail. With berries for dessert, the meal became a banquet. While it lasted there was a general glow of good feeling. Even Huxby spoke pleasantly to Garth. As before, Garth turned in at

the same time as Mr. Ramill. He wakened to find the first pair of moccasins finished. The girl had met his terms.

He gave Huxby the moss bed, and started to collect flatish stones as heavy as he could toss. When he had pitched a dozen or so upon the cache platform, he strung the smoked slices of meat on rawhide thongs. Raking aside the smudgefire, he stood on the rack and tied all the meat close up under the cache platform.

He then climbed upon the platform and piled the stones on the tie thongs where they came around the poles. They would keep wolves or other pilferers from gnawing the rawhide to let the meat fall. No footed creature could now get at the meat on the under side of the platform and even the ravens would have difficulty stealing much of it. To complete the job, Garth pulled off the cross poles of the smoke rack.

For breakfast, the party finished the baked leg of moose. As Garth had foreseen, his three city camp mates had developed camp appetites. Better still, they were less irritable. Their craving for drink and tobacco had begun to lessen.

At timberline Huxby went up the trough with the gold pan. Garth headed again for the placer. This time Mr. Ramill did not pant and gasp so hard, nor did he have to stop so often. He managed to climb to the lower end of the glacier.

While he rested in a sunny nook on the rocky side of the lateral moraine, his daughter went down in front of the glacier with Garth. They came to the channel where the milky stream gushed out of a tunnel cave in the blue-white ice.

Garth pointed to shelf of rock on the near side of the stream. He walked into the cave along the smoothly polished ledge. Lillian Ramill shuddered and glanced up fearfully at the steep overhanging ice face that seemed about to crash down. Yet after a moment's hesitation, she followed Garth into the chilly blue shadow of the cave.

Several yards from the entrance Garth stopped before a narrow side hole that opened above a waist-high uprise in the bedrock. He reached in and picked up a bundled white skin. Out in the sun he opened the skin and showed a piece of frozen meat.

"How's that for cold storage?" he said. "Killed a young mountain sheep on my way out last month. Thought I'd test the glacier. Looks as if it's a safe meat house. No chance of spoiling, and not even a wolf has ventured inside."

Miss Ramill said nothing. She saw no reason to consider the cave of the slightest interest. There was, however, the meat. She suggested that if it was not spoiled it would make a change from the moose meat. This proved true.

The descent had been made by Ramill without aid. There was no need to support, much less back-pack him. He had already begun to get a start in training. To Garth this was all the more reason for pushing the millionaire the harder.

Jaynet Gaynor Turns in Splendid Performance in Small Town Girl

Simple, moving drama with a modern touch is in the fare dished up for patrons of the Star in "Small Town Girl" which comes Sunday for two days. It proves a film that cannot help capture one's interest from the first, thanks to a splendid new starring team. Most important of the team is Jaynet Gaynor who in Small Town Girl turns really human and becomes a most intriguing and likeable person.
 The other member of the team is Robert Taylor, on his way to become a full fledged matinee idol of the screen. Here he carried on the good pace set in Magnificent Obsession.

Sale of New Tonic Is a Sensation In Herford

Sufferers from "Run-Down" Condition Test Doctor's Prescription at Close Drug Store.

The importance of good health to all of us is indicated in the increasing numbers of Herford people who are visiting the Close Drug Store to take advantage of the remarkable offer being made or try the doctor's prescription, Williams S.K.L. Formula. This new tonic preparation which has been creating a sensation, is offered on a basis that the first bottle must produce results or money back. Men and women who have had indifferent benefits from other tonic preparations declare that this new tonic helps them to "feel" better in just a few days than they had felt for years. Williams S.K.L. Formula helps build red blood corpuscles so necessary to energy and strength. It acts as a mild stomach tonic, tones up the system, and has a mild laxative and diuretic action, thus assisting in the elimination of poisonous matter. Being a liquid highly concentrated, it is easy and pleasant to take, starts to work almost immediately, and is very economical to take. One teaspoonful with water, makes the equivalent of a brimming glassful of tonic and system cleansing elements. If you feel weak, "run-down," lacking ambition, appetite and "pep," get a bottle of Williams S.K.L. Formula today and start taking it. On Sale at Close Drug Store.

due to the shortage in wheat production.
 A five-inch downpour was reported at Friona Monday afternoon. For a few hours the highway was impassable, it was reported, and traffic from New Mexico along Highway 60 was routed via Bovina and toward Dimmitt. Later reports, however, said that a wash-out between Bovina and Dimmitt closed that route, and traffic again came through Friona Tuesday morning. Numerous automobiles were reported stranded or stuck in that locality. Railroad traffic was not delayed.

TAKE NEW APPLICATIONS FOR ENROLLMENT IN CCC

Tentative plans are being made for a CCC enrollment to take place in July, according to information from the district relief office in Amarillo. In all former enrollments the Texas Relief Commission has served as selecting agent.
 The afternoon downpour included Black and Westway, where the precipitation was said to be considerably more than one inch. A light hailstorm was reported at Westway. The afternoon rain extended to within a few miles of Herford, which received no moisture until after 8 o'clock. The total here was .70 inches, according to the gauge at the First National Bank.

agents for CCC enrollments, the notification stated, but as the commission is due to cease functioning the last of June and as no other agency has been set up for the selection of CCC applicants, it is necessary that this work be done now.
 Boys between the ages of 17 and 23 inclusive, single, unemployed and from families now receiving assistance through the different relief or semi-relief organizations are eligible. They should report to the case worker in charge if interested.
 Mrs. Donald Wyatt of Amarillo underwent a major operation Monday morning and is reported doing well. She is the former Mrs. Wanda Wilkinson of Herford.
