AROUND A Town

Sights and Faces Seen
Any remarks about Bob Higgins "the big sheep man" are strictly untrue because this week Bob's friends discovered the real source of all that wool Bob sells. It comes from rats—white rats—a new source for wool and discovered by Bob after an admirer left a white rat on his doorstep.

Glenna Sue is the name given by Mr. and Mrs. Louis Woodford to their baby daughter. They were reported having some difficulty picking out a name "good enough"—and we hear that the final decision was in honor of Glenn Weir, Mrs. Woodford's uncle.

An "Around Town" item last week seemed to arouse the wrath of one Deaf Smith County farm housewife, who wrote in to tell us that there were no cases of labor surplus—and if there were it was because of the outrageous prices of farm labor. Anyway, the original item concerning some farm hands who signed up for service and then were not called for by the farmer who hired them, was reliably reported to us—and we are sorry if it started any controversy over wages, which were not mentioned and we are no authority on the subject, anyhow.

But we apologize all around. The purpose of this column is to be bright, cheerful, etc. (though the effort is admittedly feeble). We certainly don't believe in civil wars, but it is remarkable how controversial Around Town can be. Witness the prairie dog war, which started in this column.

Some enterprising capitalist missed a big opportunity in failing to put in a cold drink stand down on the highway about halfway between the Fraser elevator and 25 Mile Avenue. It would really have done a big business while those wheat trucks were lined up in strings of 100.

A correspondent writing under the pen name of "Winnie Peabody" has submitted some very interesting items from the "P. U. Community"—sample: "The wheat harvest done ended this week on account of ever one got kinda tired. We reckon to finish next year so as to plant wheat next fall."

A truly promising example of the Mountain William or Lil Abner literary school and we think Miss Peabody has a definite future which need not be described at this time.

A dance will be held at the club house Monday night under USO sponsorship. The camp orchestra will play, and girls may receive admission cards at the USO.

B&PW Club Wins Bond in C. of C. Community Planning Contest

The entry of the Hereford Business and Professional Women's Club won the \$100 bond in the Chamber of Commerce "What to Do and How to Do It" contest, it was announced this week by Harold Close, C. of C. president, who praised the general quality of the entries and said that ideas presented in both the winning essay, and other essays will soon be presented to the public.

Submitted by the B & PW Club, the winning entry was worked up by the club's post war planning committee, Mrs. Cecil Williams, Mrs. Dyalthis Brady and Mrs. Beasie Lee West, with suggestions based on ideas developed in several programs in the 1944 B & PW study program.

Although original contest plans called for no award other than the \$100 bond, three additional cash prizes of \$5.00 each were awarded to the runners-up—Mrs. H. V. Stanton, Mrs. Elmer Patterson and Lloyd Man-

Shooting Fray Ends in Death Of One; Three Men Being Held

Three Hereford men, J. W. Fox, 51, his son, C. F. Fox, 27, and Allen Johnson, are being held in connection with the fatal shooting of Charles F. Jones, about 45, of Silverton, Okla. The shooting occurred around 11 o'clock Wednesday night in the Jones tent, located in the group of harvest-worker tents south of railway tracks.

Jones, who died, around 1 o'clock this morning is survived by his wife and a large number of children, who are still in the "tent city". The Jones family came to Hereford around 10 days ago and he has been working in the harvest.

While county officials declined to give complete details until an inquest can be held, it was understood that the shooting occurred as the result of a crap game earlier in the evening.

The story, as related by C. F. Fox, the son, states that he was sitting in his father's house (the old Bill Sawyer house north of Taylor Blacksmith Shop) when his father and Allen Johnson came in and asked him if he wanted to go with them a few minutes. The three left in the C. F. Fox car and went across the tracks to the Jones tent.

J. W. Fox, the father, said he wanted to collect \$5.00, which Jones owed him. They met Jones and an argument followed. A pistol was produced and Jones was shot five times in the stomach. The son, C. F. Fox, claims to have assisted Homer B. Roberts, a son-in-law of Jones, in stopping the shooting. The father, J. W. Fox, claims that he did not do the shooting, and Johnson states that he fired as soon as the first shot was fired.

It was developed Thursday morning that C. F. Fox also had a bullet under his left shoulder blade and a bad powder mark on his right hand. He said the injury occurred while he was trying to secure the gun and stop the shooting.

Roberts went to town and located Constable Joe Bishop and Sheriff J. O. Newell. Jones was taken to the Deaf Smith County hospital, but was so badly injured that he died around 1 o'clock.

The gun, a .22 calibre pistol, was identified as one stolen two months ago in a tackle box owned by Chas. Cogdell. Cogdell set the box on the sidewalk, turned to talk with a friend in a nearby car, and a few minutes later returned to find his tackle box gone. Officers had the number of the pistol and identified it immediately.

J. W. Fox came to Hereford several years ago and lived for some time in the Weems house, which burned a few months back. The son, C. F. Fox, came here around nine months ago and has resided here since, being located at present in the apartments across southwest (Continued on Page 12)

Green Escapes From Jailers; Back in Service

Pvt. Robert Green undoubtedly will have some colorful war memories to relate—when censorship restrictions are lifted and he can tell of what happened to him during the nine months after he escaped from his jailers somewhere in Italy until he reported back to his own American outfit near Rome last month.

Pvt. Green, taken prisoner by the Italians soon after the American landings in North Africa in November, 1942, had been progressively moved back to prison camps farther behind the Axis lines until the American landings in Italy in September, 1943, at which time he is believed to have made his escape. His family had not been able to communicate with him through Red Cross channels since that date; but a telegram received last week by his mother, Mrs. Robert Green of Dallas, stated that he was back in service, feeling well and looking fine. To complete a string of coincidences, he was checked in by another Hereford boy, Harold Harlin.

Pvt. Green, a grandson of Mrs. W. B. Green of Hereford, lived here most of his life before entering the army.

Memorial Services For Pfc. Roberts Held in Floydada

Memorial services for Pfc. Macy Roberts, son of Mr. and Mrs. H. W. Roberts of the Messenger Community, were held last Sunday afternoon in Floydada, the Roberts' former home. Pfc. Roberts was killed last Feb. 18 during the assault of U. S. Marines on Jap-held Eniwetok Island in the Pacific.

Production Room Requests Donation Of Old Felt Hats

Old felt hats are at present urgently needed at the Red Cross Production Room. It was announced this week by Mrs. Carl Gilliland, production chairman, who says that the felt is needed to help make slippers for wear by servicemen in Army and Navy hospitals. In order to be usable for this purpose, the hats must be washed in hot, soapy water, then cut, half and half through the crown, in order that the pieces may spread out flat. The felt should then be pressed (while covered with a wet cloth) until it is flat and dry.

The old hats cannot be used unless they are cleaned and prepared according to directions, Mrs. Gilliland said, expressing the hope that many local citizens will aid in the work and bring the felt hats—cleaned and pressed—to the Red Cross Production Rooms at the City Hall.

Floydada Firm Makes Gift to Red Cross

Martin and Company, Floydada implement dealers who are now harvesting wheat acreages in Deaf Smith and Oldham counties, have made a generous contribution to Red Cross chapters in the two counties, it was announced this week.

According to a letter received by the local Red Cross, the Floydada firm is dividing the proceeds from the sale of one load of wheat, and the Hereford chapter will benefit from the sale of 62 1-2 bushels, amounting to a cash gift of more than \$80.

Total Quota Goes Over; E Bonds Short

Though the total county quota has been oversubscribed by \$41,124.95, Deaf Smith County still lacks \$30,576.08 of meeting its "E" bond quota, it was announced yesterday by J. C. Ricketts, county war finance chairman, who pointed out that despite the total oversubscription, Deaf Smith County still will have failed on a patriotic task so long as the "E" bond quota remains unfilled.

Sales of "E" bonds for the remainder of this month will be counted on the Fifth War Loan quota, Mr. Ricketts said, urging that individual investors finish the job within the next few days.

"I know that people are busy, and some have simply neglected to take time to buy bonds," Mr. Ricketts said. "At the same time, I think we all know that we should buy bonds and why we should buy them, and we ought to complete the subscription of the Fifth War Loan immediately."

School Transfers Must Be Recorded in July

School transfers must be properly recorded by July 1 if school funds are to be correctly apportioned it was announced this week by County Judge Fred W. Baird, who states that transfer papers are available at his office and clerical help is ready to aid parents in filling out the transfer.

Transfers should be recorded for all children who will attend school in any but their home school district this year, Mr. Baird said, pointing out that this includes all children from the country who will attend high school this fall, and many elementary school children who ride the bus into a town school.

A proper recording of transfers will aid greatly in school financing, Mr. Baird said, urging that parents take care of the matter as soon as possible.

Wheat Loan Rate Increased 7 Cents

The rate on government wheat loans has been increased seven cents a bushel, it was announced this week at the local AAA office. The newly announced rates are \$1.35 a bushel on warehouse-stored wheat and \$1.42 a bushel on farm-stored.

F. G. Coiler of the Deaf Smith County AAA Office said that, although little wheat was put in the government loan during the first days of the harvest, several loans were made last week; and the loans will probably continue with the announcement of the new loan figures.

Vaccinate Now for Fowl Pox Prevention

Spring pullets should be vaccinated now to prevent fowl pox later, according to Zack Jagers, Asst. County Agent.

Fowl pox is an expensive and prevalent fall and winter disease, Jagers said. It can and often does break out in flocks where pox has never been before. When the disease hits a flock, production almost completely stops for from two to six weeks; and after pox gets into the flock, treatment does very little good except to prevent a small per cent of death loss.

The time to treat for fowl pox continued Jagers, is when the pullets are from 12 to 20 weeks of age. If treated then they are completely recovered from the effects of the vaccine and are immune to pox before going into production. It is inadvisable to treat pullets after they come into production as they will be thrown out of production for a period of about three or four weeks as a result of the treatment.

Rev. Holdridge Speaks at Local Church, Sunday

Rev. H. Paul Holdridge of Plainview, district superintendent of the West Texas District, Assemblies of God, will speak at the local Assembly of God Church at both the morning and evening worship hours Sunday. It was announced this week by Rev. S. E. Eldridge, pastor.

Services will be held at 11 o'clock in the morning and at 8:30 o'clock at night and members of the church and the general public are invited to hear the guest speaker.

Rev. Holdridge has visited in Hereford often in the past and has many friends here.

Miss Jessie Newton Dies in Oklahoma

Miss Jessie Newton who made her home in Hereford for several months, died in a Lawton, Okla., hospital this week after a several weeks illness. Funeral rites will be held in Lawton today.

Miss Newton had been visiting her brother in another part of the state and became seriously ill and was taken to the Lawton hospital where she passed away Tuesday night. She is a cousin of W. F. Gillis and for a time was employed here at the Fashion Dress Shoppe.

Mrs. Eugenia Lee New Pension Program Worker

Mrs. Eugenia T. Lee has been appointed as regular old-age assistance worker in Hereford and will represent the state program in Deaf Smith and surrounding counties on a full time basis.

Mrs. Lee will be in her Hereford Office on the first and third Mondays of each month and will divide the rest of her time between home visits and visits to offices in the other towns in this district.

Her office hours will be from 8 until 5 o'clock.

President Upholds Local Board in Draft Appeals

The local selective service board last week received notice that the president had upheld their classifications of four men after the cases had been appealed from the local board ruling.

The men, Herbert Harold Hoover, Aubyn Earl Hodges, William Fred West and Sidney Ray Sharp, were classified 1-A by the local board; then placed in 2-C (agricultural worker classification) by the appeal board. The 1-A classifications of all four were upheld by the president.

"Give mother her brass knuckles, Junior; she's going to a cigarette sale."

To be perfectly truthful, maybe mama doesn't need her brass knuckles to wade into a cigarette counter when and if a supply of weeds arrives in town—but mama and papa, too, probably found it entirely out of the question to buy cigarettes in Hereford this week.

And it wasn't just a matter of "favorite brands" because practically anything that looked like a cigarette would have sold if it had been available. According to reliable information, the government has bought up a 60 day supply of the "big three" cigarette brands; and while a trickle of supplies will be available to civilians, those days of buying by the carton, are out for a time.

According to local merchants, the respected western art of "rolling your own" is being relearned fast by a lot of town cowboys; sales of pipes, cigars and chewing tobacco have taken an upswing—and maybe snuff dipping will make a comeback in polite society.

Actually, nylon sale manners have not yet made their appearance, in the search for cigarettes; and addicts are hoping that the nicotine drought breaks before they are forced to make good on that old boast—"Well, I could quit anytime—if I wanted to."

Second Period for Sugar Application From July 1 to Dec. 1

A second period for the issuance of home canning sugar which will run from July 1 to Dec. 1 of this year, has been announced by the district OPA.

The purpose of this second period is to take care of late fruits available for canning. If you have already received sugar for home canning during the first period and can establish eligibility for additional sugar, application may be made to your War Price & Rationing Board for it, according to George H. Wilson, District Food Rationing Officer.

The rationing official stated that if you did not apply during the first period for the first allotment, you may apply now and attach to your application spare stamp No. 37 for each member of your household for whom you are applying. Failure to apply during the first period will not prohibit your receiving the maximum amount granted for home canning if you can establish eligibility for all of it, he said.

Short Ballot But Heavy Vote Seen In Democratic Primary, Set July 22

One of the shortest July primary ballots in the memory of election officials is now ready for Deaf Smith County voters; and according to early reports of absentee balloting and the fact that county poll tax payments set a record this year, the short ballot will draw perhaps the heaviest primary vote in the county's history.

Thus far, political interest and activity in the county have been comparatively light, with only three contested county offices and no prospect thus far of the heated state races usually characteristic in Texas.

In the county, Onias Carroll and J. O. Newell are candidates for sheriff and races in two commissioner's precincts—two and four—will have a contest. Jim Clark and Jeff Roberson are candidates in precinct two and John I. Morris and Ernest T. Allied are seeking the commissioner's post in precinct four.

Only one district job—that of representative from the 19th district—will be a contest. La Harri and Bailey of Randall County has

The weather man this week turned his scales on the side of the forces which are hindering a record war-time wheat harvest in Deaf Smith County as rain (1.23 inches during the week, up to this morning) put a stop to cutting in widely scattered sections over the territory. Fall Is Spotted

Tuesday night's rain amounted to .78 of an inch in Hereford and fell during a hard wind which knocked down and tangled up wheat in some fields, but the rain was reported as spotted. In the Frio community, six miles south of town, the rain fall was not measurable and farmers in that area—most of whom have completed wheat cutting—are eager for rain for row crops. In the far northwest section of the county, the rain skipped entire fields and cutting was continuing yesterday morning at the Charley Hoover place; but at the Herbert Hippus farm the rainfall was reported as about three quarters of an inch and some farmers are reporting their row crop as "made."

Though wheat cutting in the territory as a whole is well past the halfway mark, many fields to the west and north of Hereford are still untouched and good weather is vital to the completion of harvest.

No Vacation At Red Cross Room During Summer

"The boys at the front are taking no summer vacations, and regular workers at the Hereford Red Cross sewing room have voted to continue work throughout the summer."

This statement was made today by Mrs. Carl Gilliland, local production chairman, who says that the "old faithful" group of workers at the sewing room have voluntarily decided to continue their job through the summer; though it has been customary in the past to close for a couple of months.

"While we feel that it is most praiseworthy for this group of women to continue their regular schedule," Mrs. Gilliland points out, "at the same time, we believe that there are many more women who could and should be assisting in the Red Cross sewing; and we invite and urge that more women make plans now to work regularly."

This is one field of volunteer service, the production continues, by which women can make a definite contribution to the war effort and more women in Hereford and Deaf Smith County should be in the work.

Filed Against Present Representative, Gene Worley of Shamrock

There are nine candidates for governor, but only one, Mrs. Minnie Fisher Cunningham of Walker County, has drawn much press notice in her campaign against Governor Coke R. Stevenson. Four candidates Lee Satterwhite, Mat Davis, William David Turner and John Lee Smith, have filed for lieutenant governor; and considerable interest is being shown in the attorney general's race, in which Jesse E. Martin of Tarrant County and Fred Brisman of Gregg County are opposing the incumbent, Grover Sellers, who was appointed last year to fill out the unexpired term of Gerald C. Mann.

Candidates for governor, besides Stevenson and Mrs. Cunningham, are Martin Jones of Woodson County, W. J. Minnifield, Grayson County; Gene E. Porter, McLennan County; Herbert E. Mills, Galveston County; and Edward L. Gray and (Continued on Page 12)

Do You Remember?

JULY 8, 1904
On the morning of the Fourth which came around last Monday, a Brand representative watched with grave apprehension the indications of rain which were made manifest by the gathering clouds and remembered with prophetic regret how seldom a Fourth of July passes down in Texas without a downpour, for an invitation had been previously extended him to occupy a seat in the carriage of R. N. Mounts, which carriage was to have an early start for Bassett's school house on the North Draw where the

people of that part of the county were to celebrate the Fourth in a Union Sunday school picnic, and no one wants to miss the fun attending a picnic on July 4th when there has already come a great sufficiency. (P. S. It didn't rain.)

On Tuesday evening of this week, Misses Linnie and Georgia Herron entertained the following members of the Hereford "Skeeter Fleet" crowd (so-called by the grown-up folks): Misses Annie and Ambra Collins, Margaret House, Imo Gass, Jessie Wright; Messrs. Paul Barnett, Byrle Elliston, Luther Coffey and Sam West.

Grocery prices as advertised by Stambaugh and Lipscomb: 7 lbs. Arbuckle coffee, 95c; 22 lbs. navy beans, \$1.00; 50 oz. baking powder, 50; best quality hams, per pound, 13c; 100 lbs. Honey Bee hard wheat flour, \$2.50.

Used Car Ceilings Aim To Aid Transportation

Used car ceiling prices will serve the intended purpose of keeping our transportation system operating during the present crisis if both dealer and consumer can realize the importance of cooperation regarding the price regulation," according to J. B. Mooney, district OPA price executive.

Pointing out that cooperation comes through understanding the working details of the regulation, Mooney announced that Price Panels of local War Price and Rationing Boards will make an extensive survey of all used car dealers sometime during the week of July 12-19. The purpose of the survey, he stated, is to make sure that all dealers have received copies of the regulation, to answer any questions pertaining to the regulation, and to see if they understand the provision that all cars must bear the official price tag. Proper tagging, Mooney stated, is one of the most important parts of the regulation.

Local board members have received instructions from the district office on the details of the survey.

THIS WEEK... AT THE USO

Something new has been added! Our new drapes! And the men noticed them. Mrs. Pink Gilliland was in charge of getting them made and she and her helpers did an excellent bit of sewing. The assistants were Mrs. Henry Hastings, Mrs. Walter Dunlap, Mrs. Raymond Richardson, Mrs. Reber Howton, Mrs. Henry Williamson and Mrs. T. E. Seigler. The Acme Cleaners pressed them, gratis; and Harry Taylor did the carpenter work necessary to hanging them.

Lt. Isadore Maltinsky has been appointed Special Service Officer for the Camp. He came in Friday afternoon for a conference. He report-

LIFE'S Little TROUBLES

-CAN'T SLEEP-
No need to lie in bed—toss—worry and fret because CONSTIPATION or GAS PRES-SURE won't let you sleep. Be sensible—get up—take a dash of ADLER-I-KA as directed, to relieve the pressure of large intestines on nerves and organs of the digestive tract. Adlerika assists old food wastes and gas through a comfortable bowel movement so that bowels return to normal size and the discomforts of pressure stop. Before you know it, you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun. Get Adlerika from your druggist today.

ed a desire on the part of some of the boys for a dancing class. He thinks he can find a teacher if there are girls who would like to learn also. Or if there are girls interested in helping with the teaching. Please let us know if you want to work on this project.
Our thanks to the Garden Club! Its members are furnishing cut flowers for the USO three times a week and the bouquets have been beautiful!
Have you seen our Redwood tree? or sprouts? Cpl. Courtney owned them and when he was transferred to Camp Beale he turned them over to Pfc. Stewart. He, in true soldier style, passed the buck to us. We have written to Henry for instructions on how to keep them alive and green.

Pvt. Fields—we don't know his first name—is on furlough. But he isn't spending it in his home state of Kentucky but on a Deaf Smith county ranch harvesting wheat. Page Ripley!

A number of the men are still working at the elevators—except when it rains. Stormy said he sneezed so much at the wheat dust that the boss asked him if he wouldn't rather work in the office. He runs a posting machine which "does everything but cook and it did that I'd take it back to camp."

Cpl. Technicians Tremullo and Minervini came back from furlough to a Cpl. rating. And Cpls. Edelschick, Solomon and Tangle are now Sgts. Congratulations YOUALL!

We thought Jack Gillings, being from Canada, would know how to handle a canoe but we understand that while he was on furlough he and a certain girl got wet. And Jack says it was all the fault of the girl. We don't believe it.

Mrs. Ator and Neal came back to Hereford on Monday. We were so happy to see them and hope they can find a place to live so they can stay here.

MRS. W. R. MOORE

The farmers have been delayed in cutting wheat the last three days because of rainy, damp weather.

The row crops in this community look fine.

Mr. and Mrs. R. E. Curtsinger and children attended a birthday dinner in Hereford Sunday in honor of Mrs. O. C. Curtsinger, Jr., and Mrs. Clarence Strange.

Mrs. C. L. McBroom, and Mrs. Kem Ware and children visited with Mrs. Tom McBroom in Canyon Wednesday.

George Muse from Hereford called at the W. R. Moore home Wednesday.

Miss Ruth Moore and Kenneth Dygart from Amarillo visited in the W. R. Moore home Sunday afternoon.

Mr. and Mrs. J. T. McClain called in the C. O. Phillips home in Hereford Saturday.

Harold Dean Moore broke his arm last Thursday when he was cranking a tractor.

Miss Neta Jo Moore attended a party in Canyon Friday night.

Mr. and Mrs. J. T. McClain and children visited in the John Boling home in Canyon Friday evening.

Mr. and Mrs. Jimmie McClain from Ralls and Miss Emma McClain visited in the J. T. McClain home Wednesday.

Mr. and Mrs. Bob Axe and boys made a business trip to Hereford Monday.

TRANSFER OF SCHOOL CHILDREN

If, during the coming school year, your school age children will attend any school other than in the home district, you should transfer them right away. Blanks may be had at the office of county judge where a clerk will assist in preparing them for you.

World's Greatest Customer!

G. I. Joe

EVERY HOME FRONT SHORTAGE stems from the needs of our Armed Forces . . . now in action or ready to fight in 65 different countries or islands around the world.

Symbol of our millions under arms, G. I. Joe is the world's greatest, most-deserving, high-priority customer.

As evidence of his tremendous consuming capacity, consider the fact that every day, 60,000,000 gallons of petroleum products go to our Armed Forces.

Let the figures sink in: 60,000,000 gallons a day! No wonder there is concern not only about current supply, but also about the nation's petroleum reserves.

With the same initiative and energy, which prompted its long peacetime research for new and better things from petroleum gases as well as from petroleum, Phillips is now actively engaged in speeding up production and discovering new sources of crude supply.

Geological and seismograph crews are exploring new territory at an intensified tempo . . . new wells in large numbers are being drilled . . . old wells are being repressured and

treated to increase flow, in accordance with new techniques developed by Phillips research men and scientists.

At every well, in every refinery, in every production unit, the spirit is: "Leave nothing undone which might contribute to an earlier victory." Twenty-four hours a day, Phillips best efforts are devoted to the production of petroleum products for the war effort: gasoline, lubricants, fuel oils, 100-octane, butadiene, and other synthetic chemicals.

That is why we say, every time you see the Phillips 66 Shield, let it remind you that Phillips great refineries are gigantic chemical plants pouring out weapons for victory.

Income Tax Changes Will Affect Farmers After Jan. 1, 1945

Two changes of particular interest to farmers are made in the income tax simplification bill recently passed by Congress and effective for the income year starting next Jan. 1. They are:

1. A new definition has been given to what constitutes a farmer. Under the new bill any person who derives more than

two-thirds of his income from farming shall be considered a farmer. Heretofore, more than 80 per cent of income had to be from farming.

2. A farmer may make a final return on or before Jan. 15 following the close of the calen-

dar year. If he so files, he can dispense with filing any declaration of estimated tax. However, if unable to file a final return on Jan. 15, he must file a declaration of estimated tax on or before Jan. 15 and file the final return on or before March 15.

Farmers earning \$5,000 a year or less may also take advantage of a new simplified tax table which is provided in the bill. The bill does not become effective until Jan. 1, 1945 and consequently will not affect returns on this year's income.

GAS cooking is proving itself brilliantly despite adverse wartime conditions.

Good cooking, always an art, has become truly a science now—under the pressures of wartime food needs on fighting and home fronts.

There is today greater knowledge of food values and better knowledge of the effect on food values of proper cooking procedures, largely effected by modern Gas cooking equipment with far better controls.

This new slant on food and cooking has not been lost on the home front, either—and therein may be a fact which will have a bearing on your own peacetime business.

Keep yourself informed on new developments in Gas cooking equipment.

SONS
 In the Service

In Invasion
 Johnny Hampton, son of Mrs. D. R. Vandiver who lives five or six miles west of Hereford, has written his mother that he was in the big middle of the Invasion of France. A second class seaman, he is a member of a submarine crew and has been overseas for the past year. He is a nephew of Mr. and Mrs. W. F. Gillis.

Another nephew of the Gillises was also in the European theater. He is Alfred Williams, son of Mrs. Viola Williams of Amarillo. He is serving with the 90th Division and writes that he is seeing plenty of action.

Hicks Home On Leave
 Elmo Hicks, son of Mr. and Mrs. C. M. Hicks, arrived home last week for a 30 day leave of absence after spending 20 months in overseas duty. He is carpenter's mate first class and has been at the U. S. Naval repair docks at Newfoundland. At the conclusion of his leave he will report for a new assignment in overseas duty. The same day he arrived home he left for his brother Don's home near Vega, where he is assisting in the harvest field.

LOCALS
 Capt. and Mrs. B. M. Wiltshire and daughter Patsy are home for a 20-day leave after spending several weeks in Hot Springs, Ark. He will report soon at a California station for permanent assignment in the U. S. Army.

Mrs. Stanley Marsh and Mrs. Fred Dennis of Amarillo spent Saturday here with Mrs. Seth B. Holman. Mrs. Henry Gooch who had been Mrs. Holman's house guest for a week, returned with them to her home in Amarillo.

Mr. and Mrs. Nelson McRight of Amarillo were guests of his brother Nelson McRight, and family the past week end.

Mr. and Mrs. Duane Orr of Corpus Christi are visiting his parents, Mr. and Mrs. J. S. Orr.

SOCIETY.

O. E. S. Presents Patriotic Program

After the regular meeting held by members of the local chapter of the Order of Eastern Star, a patriotic program emphasizing a harvest time theme was presented.

A flag ceremony was presented under the direction of Mrs. Henry Melton followed by prayers offered for those in the O. E. S. service roll. "Patriotic Thoughts For the Day" was given by Mrs. Horace Hershey. Miss Erva Fluitt entertained with a vocal solo, accompanied by Mrs. H. D. Reed at the piano. Because of the harvest time season special tribute was paid to those who have served as Ruth during their membership in the O. E. S. They included Mrs. W. S. Fluitt, Mrs. Joe Evans, Mrs. H. D. Reed, Miss Lucy Reed and Mrs. Beulah Mercer.

Out-of-town guests at the meeting was Mrs. Cobbett of Iowa Park who accompanied Mrs. Ed Buggess of Friona.

POT-LUCK SUPPER IS HELD BY CLASS

A Pot-Luck supper party was enjoyed by members of the Fiddlers Matrons Class of the Baptist Church at the home of Mrs. W. F. Harlow Friday evening.

The attractive back yard at the Harlow home was the scene for the party and after the supper a business session and talk fest was held.

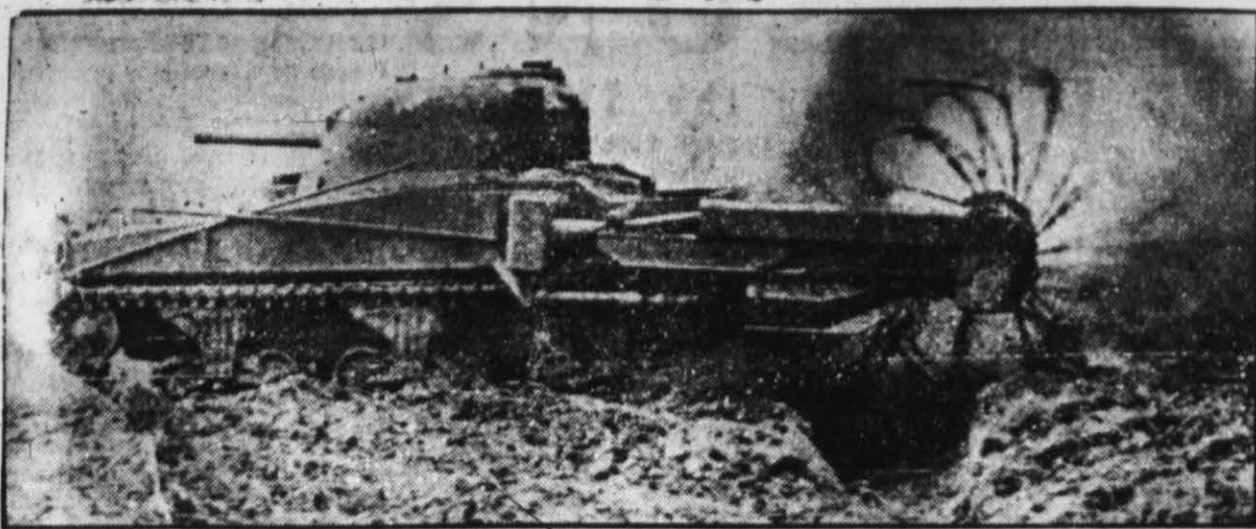

Those present were Mesdames S. B. McLellan, Carroll Whiteside, Leonard Curtsinger, A. L. Manjeet, teacher of the class, Harvey Hefner and the hostess.

REBEKAHS INSTALL NE WOFFICERS

Rebekah Lodge members held installation rites for new officers at the meeting held at the IOOF Hall Tuesday night.

Those installed were Mrs. Lydia Hopson, noble grand; Mrs. Velma Kendall, vice-grand; Mrs. Ethel Fridley, secretary; Mrs. Edna Bowe treasurer; Mrs. Alice Woolery, warden; Mrs. Lois Russell, conductress; Mrs. Ola Womble, chaplain; Mrs. Emma Woods, district deputy; Mrs. Alice Cox,

Minesweeper

It's Britain's new "flail tank," shown in action in France. The drum, extended beyond the front, spins when the tank moves, and loose-end chains flail the ground, exploding any mines to make a path for infantry. (British War Office photo via Army Radio-Telephoto.)

ATTENTION! ALL HOME CANNERS!

Before you begin your 1944 canning, Good Housekeeping Magazine advises you! Use the boiling-water bath method for tomatoes and fruits only. Can all vegetables except tomatoes by the correct use of a pressure cooker to be sure of killing botulinus germs. In the last few years, cases of botulinus food poisoning have cropped up in widely different parts of the country. Buy, borrow, share a pressure cooker—but don't can low-acid vegetables any other way. If you want further information, write Good Housekeeping Magazine, 959 Eighth Avenue, New York 19, N. Y.

Visit Parents

Mr. and Mrs. W. L. McGehee and son Charles of Kansas City, Mo., were in Hereford last week visiting his parents, Mr. and Mrs. Wm. McGehee. A daughter Mrs. R. O. Stark of O'Donnell came to visit with her brother and family and remained for a longer visit with the McGehees.

Two former nurses in the Deaf Smith County Hospital are now employed in the Presbyterian Hospital at Albuquerque, N. M. They are Miss Mary Miller of Plainview and Miss Idabelle Hicks of Hereford.

Mrs. Conkright Returns Home Mrs. Colby Conkright and son Jimmy have returned home after spending the past two weeks in the home of her parents, Mr. and Mrs. J. J. Flannery, in Sherman.

Guy Gilliland and daughter Betty Jo of Lubbock visited his daughter Bobby Jean here last week. Bobby Jean is spending the summer here with her uncle and aunt, Mr. and Mrs. P. H. Gilliland.

Dan McCowan spent the past weekend in Portales with a sister, Mrs. Claude Burkett.

Mrs. R. L. Dowell, Jr., arrived Tuesday night from Tallahassee, Fla., where her husband, Lieutenant Dowell, has been completing his training in the Army Air Corps, preparatory to leaving for overseas service.

SERVING OUR COMMUNITY

IS AN OBLIGATION AND A PRIVILEGE!

We had this Business Fundamental in Mind when we constructed 1,240,000 Bushels of U. S. Licensed Storage in Hereford. We realized that our storage capacity would equal that of many terminal elevators . . . that it would seldom be needed — but when it WAS needed, it would be NEEDED BADLY!

1944 is ONE OF THOSE YEARS and we are mighty glad that we can offer the people of this community a storage that will SAVE WHEAT for them and for a NATION AT WAR!

FRASER Milling Company

HEREFORD, TEXAS

We realize that our handling service is sometimes slow, but we know that you realize our handicaps—and we want to express our appreciation for the fine spirit of cooperation shown by all of you!

HEREFORD

BULL

(Editor's Note: This year, 1944, is the first time we have ever seen a satisfied farmer. Usually when it rains, the wheat is going to rust; if it doesn't rain, the drouth will get them, etc. Farmers were never satisfied until this year, but now they are all making more wheat than they expected. We got to wondering why and every time we asked anyone, they kept referring us to one single man. The one man in all Deaf Smith County who wants to ration wheat harvesting, the man who has seen a thousand harvests—but has never scooped a bushel of wheat—that incomparable grandstand strategist... Homer Fox.)

By Homer Fox

Boy did you ever see so much wheat? Big full heads and big full grains; no one ever saw better wheat any place and we haven't even started to harvest! If someone had told us back in '33 and '34 that we would ever make a crop like this, well, he probably would have had to leave town. There is more green cover in the bar pits from here to Summerfield than there was in the whole county in both years of '33 and '34.

These old town boys are out here helping, too. Take Ike Crosthwait, he is out at daylight

and doesn't get in until dark ?? Ed Hedrick is blistered all over (I mean all of him that shows.) Miles Roberson has freckles on his face big as a quarter, must be from the harvest field, someone said Doc Willis was really making a hand and he must be, cause I haven't seen him in two weeks (but I would have to see him with a No. 10 scoop if I believed it.) Course Bill Gillis and Nester Gass have been working for themselves, but I guess that should count as it lets someone else have the hands they would use. Jimmie Aiken is using his hands for something besides talking, too. I hear Criss Renfro and Ezra Norton had to give up after the first two days, they drew a No. 12 scoop and it got them down. But I understand that Gaylord Newell and Mont Baker are breaking handles out of No. 12's most every day, it really has caused a scoop shortage—and that is why Bob Higgins is not out there doing his part. Bob couldn't find anything but a No. 10 and he refused to work with a scoop that small, however, he is still open for a No. 12.

It is hard to believe, but I guess it is true because the fellow that told me doesn't talk just for fun. He said that Charles Cogdell told Jim Perrin that he would go out and scoop for him for his board and Jim turned him down. However, Jim did tell him that if he would bring his dinner and come out after breakfast and go home before supper that he might consider his proposition; course Charles couldn't get enough gas for that and didn't go at all.

Too bad about Bill Smith, Bill had to go out and scoop or go to California for his health—and you can ask anybody where Bill is and they will tell you California. Tom Carroll is going out if Elmer will let him off, course Tom hasn't asked Elmer yet. Abe Martin says if some one will take his place in the barber shop that he will be glad to go out and call it play; cause there aint a horse in the County that works like he does.

Yeah! I know what you are thinking. Frank Marrs and I tried it and it wouldn't work, we would get a No. 10 up in the air and the scoop would go down and we would land in the truck and we are not going to make monkeys out of ourselves by using a stove shovel to scoop wheat. Probably take both of us

ANCHORS AWEIGH FOR ACTION — with Jean Parker and Robert Lowery, pictured above, to provide the romance in "Navy Way," week-end feature at the Texas. Also on the Texas bill is "Hot Money" latest in the "This is America" documentary film series. The story is about a small town girl, saying to be married, who gets a war job and buys all the fancy gadgets and clothes she can acquire, thereby sending prices skyrocketing in a market where goods are scarce.

My, How Sonny Boy Has Changed!

all day to fill one of those 30,000 pound trucks anyway.

These old boys would get the job done though if the Santa Fe would bring them the cars, and the weather man would let us alone. That flat head predicts fair weather and it rains like the dickens. Surely we have enough trucks: small trucks, pick-ups, short trucks, and long trucks. I see some trucks that look like they would hold three car loads of wheat, boy I would hate to know that I had to scoop one of those babies full. I would be with Bill Smith I expect. One old boy said after he drove by all of those trucks strung up and down the Hi-way for miles that it looked like a Ladies Nylon Auction Sale.

Anyway everyone is happy over the yield. Nearly everyone says their wheat is making from 3 to 15 bushels more than they thought it would, and whether

any of these town meat heads scoop a pound of wheat or not we will take our hats off to these old Deaf Smith County boys. Uncle Sam asked for more production and these old boys slapped him in the face with a wheat crop that will help make the Der Feurher really wish he was a Prairie dog in that hole that has no bottom in it.

NOTICE

Notice is here given that the Deaf Smith County Commissioners Court will sit in final session as the County Board of Equalization on Monday, July 24th, beginning at 10:00 a. m. All persons who have already filed claim for adjustment in assessment value, or who may now care to do so, may appear on that date to show cause in support of their claim.

Fred W. Baird, County Judge.

SONS In the Service

Like Park—With Foxholes

Sgt. John Schneider, who has been in France since the invasion, writes that the country looks just like a park—except for the foxholes. In fact John says that the army is training some wonderful diggers and there ought to be plenty of talent for the job after the war.

Cider in France costs two cents a glass, John reports, adding that it is not high but runs into money if the soldier has a big capacity.

Makes Staff Sergeant

Lawrence Wagner, who has been stationed in Hawaii for the past two years, has been promoted to staff sergeant. He is a son of Mr. and Mrs. Roy Wagner, and his work is at a utilities depot on the Army island base.

At Infantry Center

Franklin H. Burleson, son of Mrs. Frank Burleson of Hereford, has arrived at the Infantry Replacement Training Center at Camp Wolters, Mineral Wells, Tex., to begin his basic training as an infantryman. He has been assigned to a battalion stressing heavy weapons training.

Assistant Crew Chief

Sgt. Charles N. Galley, 22-year-old son of Mr. and Mrs. Lester Galley of Hereford, is now assistant crew chief at an AAF Bomber Station in England, where he helps to service B-24 Liberators.

Prior to his entry into the AAF, Sgt. Galley was employed by the Vultree Aircraft Corporation of San Diego, Calif.

In Foreign Service

Pvt. Floyd A. Fullerton, now stationed somewhere overseas, sends his address change to The Brand, which he says is really like a letter from home.

Reports At Norman

Lt. (j. g.) Lewis B. Barnett of the Naval Reserve Medical Corps, has reported to the Naval Air Technical Training Center, Norman, Okla., according to a news release from the Eighth Naval District public relations office in Oklahoma City.

Gaetz Bros Serve Overseas

Francis Gaetz and Donald Gaetz, sons of Mr. and Mrs. John Gaetz of Hereford, are both on active duty overseas. Francis is a member of an Engineer regiment in France and Sgt. Donald Gaetz is in the Southwest Pacific. On May 30 he wrote of attending memorial services for members of his company who were killed in combat.

Receives 1st Furlough

Pvt. Daniel Russell arrived Monday from Scott Field, Ill., to spend a two week's furlough in the home of his parents, Mr. and Mrs. W. H. Russell. This is Pvt. Russell's first furlough since he joined the Army Air Forces about 14 months ago; he has been taking radio training and from here will report to a replacement center in South Carolina.

Another son of the W. H. Russell, Ph. M 1-C Jack Russell, left Tuesday for San Diego after spending ten days here on leave. Jack is an x-ray technician in the Navy medical corps.

NEWS ABOUT FOOD
from local W. F. A. Committee

Recipes to fit eggs into daily meals in time of egg plenty and also in egg scarcity are featured in the new free folder, "Egg Dishes At Any Meal."

The smaller number of eggs called for in a recipe will give you a good tasty dish. But when you have an abundance and can use a larger number of eggs you get more food value. And some egg dishes, such as custards and puddings, will be smoother and richer.

Questions answered in this folder are: what eggs contribute to good nutrition, how to store eggs, how to cook to avoid toughness and curdling, how to

make use of an extra egg in gravy or sauce, how to stretch whipped cream.

To Kill House Ants

These eat grease or sweets. For the two types one poison can be used—thallium sulfate. It can be bought in local stores in a special container as T. A. T. It is and should be a slow acting poison. Wait three or four days for results after the ants have taken the poison into the colony where all will be killed. This information was given by Dr. H. G. Johnston, Entomologist of the Extension Service at Agent's Conference.

After he had dusted for cockroaches in the new house to which they had moved a few roaches continued to be seen.

Easter News
MRS. D. F. ALLEN

Cards have been sent to almost everyone, but just in case we missed someone—Let's all come to Easter, Sunday, July 16, to organize Sunday School. Several people have shown interest in organizing. Come and bring some one with you.

The little showers we have had in this community have been welcome by most everyone and made the weather much cooler.

Guests in the V. C. Woolery home last week were Mr. Sullivan, Mrs. Woolery's father and Mr. and Mrs. Oswald Vanhorn and son of Clovis.

Mr. and Mrs. E. M. Allen and G. W. Smith visited in the Sam Hunter home Sunday.

Willie Creig and son of California, called on the Harry Smiths and other relatives in this community Thursday.

Mrs. C. W. Frye and Charles and Patty and Mrs. Louise Sharp visited with Mr. and Mrs. Jack Higgins and family of the Daniel community Tuesday. Patty remained with the Higgins until Sunday.

Nancy Sharp came Saturday from Detroit, Tex., to visit in the home of the Carl Fries.

FOR BETTER SERVICE — BIGGER DIVIDENDS

Summerfield
MRS. GUY WALSER

Our community received about one inch of rain Saturday night and Sunday. The harvest had to stop for a few days. There is wheat piled on the ground in nearly every field, and the elevators continue full to capacity. They get in a few cars every day or maybe just one car and that is not enough to touch the car shortage problem.

Mr. and Mrs. L. G. Harris of New Iberia, La., are here visiting his father, W. G. Harris. L. G. is also helping with harvest.

Mr. and Mrs. Joe Story and children visited relatives here one day last week.

Mr. and Mrs. Dee Brown and baby of Oklahoma Lane spent the week end with her father W. G. Harris. Mr. Brown is combining some of Mr. Harris' wheat.

Mr. and Mrs. J. A. Black and Mrs. Dick Ford of Amarillo were recent visitors in the Lee Curry home.

Mrs. Otho Noland and daughter were accompanied on Monday by Mrs. George Clark and daughter of Clovis to California, where Mrs. Noland will visit her husband, Otho, who is stationed at San Diego.

Mr. and Mrs. B. A. Atchley enjoyed a reunion of all their children and their families Sunday. All relatives with the exception of two sons-in-law, R. D. Lance, who is stationed in Italy and Cleo Wade of Oklahoma City, were present. Those enjoying the dinner and reunion were: Mr. and Mrs. Ted Staats and family of Tulla, Mr. and Mrs. Bill Knox and family of Hereford, Mr. and Mrs. Walter Hawkins and boys of Lamesa; Mr. and Mrs. Denson Hill and boys of Ford, Mrs. Cleo Wade of Oklahoma City, Mrs. Hazel Atchley and Ralph of Dawn, Pfc. Thurman Atchley of Dodge City, Kans., Mr. and Mrs. Paul Marceau of San Antonio, Mr. and Mrs. George Albert Springer of Frio, Lester, LeRoy and Jim Suttles, Mr. and Mrs. C. B. Thomas and Mrs. R. D. Lance of Summerfield. The group went to Buffalo Lake Monday afternoon and took their supper. Mr. Hawkins returned home but Mrs. Hawkins remained for a longer visit.

Miss Jewell Clark returned home last week from Vaughn, N. M., where she has been with her mother, Mrs. Marion Clark went to Vaughn to stay with Mrs. Clark.

A bridal shower was given to Mrs. Cleo Wade, formerly Miss Gertrude Atchley, Monday afternoon at the home of Mrs. J. B. Noland. She received many useful gifts.

Mr. and Mrs. Roy Coker and Paul and Alvis Reed attended the funeral of their brother-in-law, Jack L. Adams in Amarillo Monday. His body was brought to Hereford for burial. Mrs. Adams will be remembered as Miss Pearl Coker, who lived here before her marriage. Our community extends sympathy to Mrs. Adams and other relatives.

Local radio fans Saturday afternoon heard Miss Laura V. Hamner discuss the early history of Summerfield on her program over an Amarillo station. The first families that lived here in 1900 were N. A. Laughlin, R. L. Wilson and E. T. Clifton. Then the J. P. Roberson family came.

Seven sons and daughters got off the train and went to the one house they saw, the Laughlin dugout. B. C. Roberson and wife, Theo, soon came and three families lived in the Laughlin dugout all winter—18 people in a three room dugout. J. P. Roberson started the first school, as he had most of the pupils in his own family. In 1902 the school house was built and Lenna Greer, now Mrs. Percy Estes of Dimmitt, was the first teacher.

Jim Noland of Amarillo visited relatives here one day last week.

Mrs. Glenn Weir is expected to arrive by plane today from Detroit, Mich., where she has spent the past month with her mother and other relatives.

Mrs. Otho Noland and baby left Monday for San Diego, Calif., where they will join Mr. Noland who is serving in the Navy there. They were accompanied by Mrs. George Clark and daughter Georgina of Clovis, N. M., who plan to visit relatives in California.

Progressive
BY LUCILLE PARK

Mr. and Mrs. H. L. Hershey and sons, Homer and Sam left Friday for Dallas. Sam will be under a doctor's care while they are away. Mr. and Mrs. Ray Hershey of Hereford are going to be at the farm while they are away.

Orin Russell and sons were in this community on business Sunday.

Pvt. Garland Higgins has returned to his field at Garden City, Kans., after a short furlough.

Mrs. and Mrs. Edgar Russell and Betty Kay of Plainview visited relatives in this community last week.

Mr. and Mrs. G. K. Allen of Stockton, Calif., visited in the Ennis Harris home one day last week.

Ben Shepherd and son of Amarillo are helping Ennis Harris harvest.

Mr. and Mrs. Jim Ricketts and family of Carlsbad, N. M., are spending their vacation assisting his father combining.

Harvest is just about completed in our community. The weather was ideal. Several women assisted in the harvest.

To The
Voters
Of Precinct 2

Like most of you, I have been working in the harvest during the past few weeks — and haven't been to do much campaigning.

Some of you I had already seen before harvest started, others I have not been able to see. However, most of you know my qualifications for the office of Commissioner, and again I want to tell you that if you see fit to elect me to the job I will devote my time and efforts toward making you a real hand — and that I will certainly appreciate your consideration in the Primary Saturday, July 22.

Cultivating and Feeding Chrysanthemums

(Note—This timely advice on the proper care for chrysanthemums during the summer months was prepared by Mrs. J. P. Slaton, member of the Garden Club.)

Now is the time to look after those chrysanthemums if the best blooms are expected in the fall. Well cared for plants will go through the season without suffering any real check in growing. They are of course better able to resist disease and insects than are uncared for, stunted or weak plants.

Good cultivation should be given during the summer growing season. Persistent cultiva-

tion—which means keeping the surface soil loose at all times—is first in importance. Next in importance is watering. Knowing when and how to water is somewhat of a horticultural accomplishment and the whole secret in watering chrysanthemums is watering only when needed and then to water abundantly. Since they are spaced some distance apart chrysanthemum plants need to be watered individually.

Feeding
It is not good practice to force plants unduly during the early summer months, but plants that are not growing satisfactorily may be jolted out of this condition by an application of ammonium nitrate or nitrogen in some other readily absorbable form. Liquid manure is safe at any time and is easily prepared by putting 1-2 bushel of cow manure in a large container and covering with water. Where quick results are desired ammonium nitrate can be dissolved using a heaping teaspoon to a gallon of water.

Be sure the ground is moist when the fertilizer is applied; then water it in. One or two cups full to the plant once a week is sufficient.

Miss Madge Lawrence Becomes Bride Of S-Sgt. Shaw in Church Ceremony

In an impressive double-ring ceremony, performed Sunday July 2, at 3 o'clock at the Central Baptist Church in Pampa, Miss Madge Lawrence, daughter of Mr. and Mrs. H. G. Lawrence, became the bride of S-Sgt. James C. Shaw, U. S. M. C., son of Mr. and Mrs. J. R. Shaw of Borger.

Wedding music included "Ah Sweet Mystery of Life," "O Promise Me" and a vocal solo, "I Love You Truly." The traditional wedding marches were used.

Vows were exchanged before the altar where tall baskets of peach colored gladioli were used against a background of ferns and evergreens and tall white tapers in candelabra.

Mrs. O. J. Beene of Dimmitt was matron of honor and Miss Georgia Browning of Pampa was bridesmaid. Mrs. Beene wore a blue taffeta dress made with bodice effect and a corsage of peach gladioli. Miss Browning's dress was rose taffeta made like the matron of honor's and she carried a bouquet of white gladioli. Both wore halo caps harmonizing with their dresses. Lt. Jimmy Phillips of Borger was best man and Sgt. Reece Williamson of Pampa served as usher.

The bride who was given in marriage by her father, wore a white taffeta bridal gown with long train in the back. Her fingertip veil of illusion fell from a halo of white and she carried two orchids attached to a white satin fan with white satin streamers.

Following an informal reception which was held at the home of the bride's uncle and aunt, Mr. and Mrs. T. W. Sweatman, the couple left on a short trip to Oklahoma. For traveling the bride chose a melon rose suit with black accessories.

Mrs. Shaw is a graduate of the Pampa High School and of W. T. S. C. Canyon. Last year she taught General Science in Hereford High School.

S-Sgt. Shaw graduated from the Borger High School and before entering the Marine Corps was engaged in the automobile business with his father. He has been in the South Pacific for the past 18 months. After a 20-day furlough he will report to San Diego, Calif., for further assignment. Mrs. Shaw will remain in Pampa.

Poetry Recital Is Presented In Nature Setting

Shrubs, trees, blooming flowers and the grass-covered back lawn furnished an ideal setting for the nature program given by speech students of Miss Irene [Name] and Mrs. Jas. W. Robinson Friday night.

Students, for the most part beginners, had completed a series of poems dealing with a nature theme and the twilight hour recital provided a fitting climax to the period of study.

Presentations included "Sounds", Ann Morgan; "Apple-blossoms" Mary Estelle LeGrand; "Dandelions" Joan Hendrix; "Four Little Foxes" Don Veigel; "The Persian Garden" Johnnie Marie Paetzold; "Out in the Fields With God," Martisha Ramey; "The First Game of the Season" Bob Morrow; "Trees" Beverley Fraser; and excerpt from "The Vision of Sir Launfal," Betty Jane Robinson.

MRS. SAM HUNTER

Many people have finished wheat harvest, though some have only begun. These latter have been delayed by the recent showers, which, however, have been fine for the row crop.

Marion Powers, who formerly lived in this community, visited the Sam Hunters one day last week.

Several of the boys from this community have been home their various stations on furloughs in the last week or so. Their time has been spent in the harvest field and when you happen to meet one of them in his working clothes, you can almost imagine yourself back in the days before we lent the boys to Uncle Sam.

Anderson Axe, A. M. M. 2-c has been here several days from his Naval Training Station at Clinton, Okla., and from the pleased expression on the face of his father, F. J. Axe, he must be making a good hand.

Sgt. Orval Pierce, of Blacklands Army Flying Field at Waco, is visiting his family, the Finis Hunters, and also looks natural on a tractor.

Pvt. Bernard Wilder of the Army Air Corps is leaving Sunday after ten days spent helping his parents, Mr. and Mrs. J. J. Wilder, get in the wheat crop. Bernard, who has been stationed at Sheppard Field, is being transferred to San Antonio.

Sgt. and Mrs. Bob Baird of Lubbock are helping with the wheat harvest on the H. C. Baird farm, and Bob too, seems to be making a hand.

Though Uncle Sam has been lending us some harvest hands he seems to need some more of our regular hands. Last Thursday announce the birth of a son, Albert Byron, on June 19.

Placed by Local Ext. Labor Office

Approximately 500 workers have been placed in farm jobs in the Hereford territory since the opening of the local farm labor office in June, it was announced this week by Herman Ford, who operates the office under the direction of the extension service and County Agent A. R. Bateman.

"At no time has there been any drastic shortage of farm labor," Mr. Ford said. "However, within the past week the need for wheat shovellers has approximately doubled the size of harvest crews on many farms."

The harvest workers have come from Eastern New Mexico—Elida, Grady and surrounding communities, with fairly large numbers coming in from the section around Haskell, Brady and Big Spring in Texas. Some men have come from as far east as Franklin County, but the larger percentage comes from sections of the state immediately to the south, where wheat harvest is already completed.

Potato Growers Hire
About 70 workers have already been hired in jobs on potato farms, Mr. Ford said; and potato growers are now beginning to hire in fairly large numbers for the harvest which will begin to get underway next week.

wheat piles could be seen from almost any country road in the county.

shortage of freight cars continued to be the main hindrance to harvest throughout the Panhandle. Approximately 250 cars have been moved out of Hereford since the beginning of harvest; and local elevators are being joined by county and state government and civic groups in demands for relief in the freight car situation. Some gondola cars, not ordinarily used in moving wheat, have been pressed into service; and the Texas Railroad Commission this week sent telegrams to the railroads and to federal transportation agencies urging that refrigerator cars be pressed into service for wheat hauling during the emergency.

In the meantime, though wheat, barley and oats have been piled on the ground, the situation has still not reached the serious proportions of 1942, when

"Nearly all these suggestions," Mr. Close points out, "are of a post-war nature. However, the directors believe that the number and quality of the entries show a very constructive approach to post war problems and that after the suggestions are classified, ready for presentation to the public, some definite action can be taken."

2. The problem of recreation drew the attention of all planners, with various types of community centers, building of a swimming pool and improvements to the county and city parks all included in the ideas aimed to give Hereford and Deaf Smith County more adequate recreational facilities.

3. Improvements to the physical plant of the Hereford Public Schools were suggested by nearly all contestants and equally strong in the entries were ideas for buildings and improvements at the Deaf Smith County Hospital.

4. Various other suggestions included a general community clean-up, conservation of present municipal buildings and

potato growers by moving in small houses to their farms. Twenty tents have been erected in the county park tent town location, and Mexican labor will probably be used extensively in harvest. However, the labor service points out that this will in no way interfere with local labor, as there is plenty of work for everybody and labor needs during the potato digging season, will be great.
