

Second Accident in Two Weeks

Crash Fatal To Hereford Cropduster

Fatal Plane Crash

The skeletal remains of the Piper Cherokee crop dusting plane are closely inspected by a curious observer. The plane which had just been used to finish spraying a nearby field crashed and

caught fire a short distance after slicing the isolated telephone pole, left. A large portion of the plane's right wing, in the wheat behind the pole, was severed upon impact with the pole.

Aaron Daniel Huddleston, 34, of Hereford, died in the fiery crash of his single-engine Piper Cherokee spray plane about 11:45 Sunday morning on the Clois Kemp farm, ten miles northeast of Hereford.

Huddleston, father of three, was completing a spraying operation when his aircraft struck a utility pole, lost a wing and burst into flames, after going down in a wheat field. Huddleston was pronounced dead at the scene by Justice of the Peace Sam Morgan.

THE SUNDAY MORNING crash was the second fatal air accident involving local crop dusters within a ten day period. Charles W. Seale, 30, also of Hereford, was killed June 5 when his Cessna Ag Wagon struck a utility pole, crashed and burned in a wheat field eight miles south of Vega.

According to Texas Highway Patrol officers, Huddleston's craft continued about 150 yards after the wing fell off. The Cherokee then went down in the

wheat field, bursting into flames. OFFICERS REPORTED that the heat of the fire melted the covering of the plane and explosions prevented rescue workers from removing the pilot's body from the cockpit.

Officials from the FAA arrived here Sunday afternoon to investigate the crash.

An employee of Cherry Flying Service of Hereford, Huddleston came here from Napa, Calif. in 1973.

Services for Mr. Huddleston were held Wednesday at 2 p.m. in the Hereford Seventh Day Adventist Church.

Burial was in West Park Cemetery under the direction of Gilliland-Watson Funeral Home.

Mr. Huddleston was a member of the Seventh Day Adventist Church here.

SURVIVORS INCLUDE his wife, Sharon and three daughters, Dana, Rebecca and Rachelle, all of Hereford; and one sister, Mrs. Erma Horowitz of Orange, Calif.

Branding Time

By Speedy Nieman

That feller on Tierra Blanca Creek says a square is someone who doesn't spend all his time looking for the right angles.

In the pursuit of happiness, the difficulty lies in knowing when you have caught up.—R.H. Grenville

In matters of principle, stand like a rock; in matters of taste, swim with the current.—T. Jefferson

Leaders of Deaf Smith County Chamber of Commerce have found the secret to successful membership meetings. The chamber formerly held quarterly meetings and was lucky to draw 50 persons to a noon luncheon. But the "Fun Breakfast" meeting, such as was held Tuesday morning, has changed all that.

Fun, prizes and entertainment are emphasized at the meetings, and the talks and reports are short and to the point. A chamber member can get exposed to the happenings of the C of C and community events without getting "overloaded." Emcees Doug Manning and Lynton Allred handled the Tuesday breakfast with fun and flair!

Since I was the lucky person who picked up the \$200 prize at Tuesday's session, no one would be surprised to hear me singing the praises of the program. However, there are many good reasons for the format of these meetings, and you'll hear other folks talking about them, too.

A couple of new members who were introduced got some "special" treatment. Bob Goss, presented with a cowboy hat to go along with his image. Neill Cooper and James Gentry took some good-natured kidding about the name of their firm—First Realty of the Southwest.

Great "wake-up" music was provided by a Dixieland group composed of Charlie Bell, Bobby Wynne, Tommy Weemes, Glen Nelson and Rex Barber. And, Susie McGee played appropriate piano music during the program to keep things lively.

The only criticisms we heard on this week's breakfast were constructive ones—to improve the public address system and make sure there's enough food. Breakfast planners have already noted these items and pledge to be ready on both counts for the next breakfast.

A promotion to help publicize Hereford is scheduled next Wednesday, when "Bumper Sticker Day" will be conducted by the publicity committee of Deaf Smith County Chamber of Commerce. Anyone desiring a free bumper sticker can drive by the C of C office, 701 N. Main, next Wednesday and get one put on their car. There is no charge, according to committee chairman Lynn Brisendine. The crew will be at work from 9 a.m. to after 5 p.m.

Early Morning Risers Entertained At 'Fun Breakfast' Tuesday

Fun and games were promised for the Deaf Smith County Chamber of Commerce "Fun Breakfast" Tuesday morning and those in attendance weren't disappointed as jokes abound and laughter erupted from the natics of those playing some rather "cool" games. Rising early to attend the 6:30 a.m. meal at the Hereford High School cafeteria, about 275 of Hereford's citizens braved the early morning breezes while waiting in line for coffee and an array of breakfast food.

It was the second such successful breakfast arranged through the C of C. Each is sponsored by an organization or commercial establishment with prize

money being furnished and meals paid through nominal charges. The next one will be held August 12 and from then on during alternating months.

The first one was held last November through the sponsorship of Hereford State Bank. The Downtown Merchants Association sponsored Tuesday's breakfast.

As latecomers gobbled down food, Lynton Allred and Rev. Doug Manning kept the activities moving as a fast pace leading to the morning climax—the \$100 and \$200 drawing is held on a continuing basis for C of C members.

The first lucky soul was Helen Reed, 222 Hickory, who went home with one

hundred dollars. The \$200 was none other than The Brand's Publisher O.G. (Speedy) Nieman.

A unique feature of this and all future breakfasts is the presentation of the Bull Chip Award. Out-of-towners have always been hospitably recognized here through the Hereford Bull Award but now residents will have a chance to receive long awaited recognition for their community efforts.

The first award was presented to Butch White, for his organization of the Cowgirl Hall of Fame All Girl Rodeo Here May 16-18.

A roaring laugh followed the presentation of the award by Speedy Nieman. He said some of the behind the scenes factors resulted in White's selection.

For instance, Nieman pointed out that White, "even with his knowledge that Hereford already has too much manure, he did knowingly cause much more stock to be imported into the city, there by raising the manure capacity to a dangerous level."

"And, to top it off, he did seduce...I mean induce, numerous women—who should have known better—to don tight-fitting western britches and further, did use the pretense of community obligation to talk some men who don't even use Skoal, into dressing as cowboys."

During the games, the team of Jerry Don George, Linda McDowell and Ted Higgins were pitted against the team of Arnon Lauderback, John Poindexter and Mary Coleman in a contest of passing oranges from chin to chin. The latter team won, but it was a close race as each team faced some cold moments since the oranges were frozen.

The second competition involved bubble gum chewing and attempts to blow bubbles. Carol Ann Simmons won this with a rather small bubble, but her competitors Harlod Wheeler and Bill Devers were without hope as their gum was a little iced over.

A continuous stream of speakers dared approaches to the podium but each time, with a bit of hilarity, Tom Burdett, president of the Hereford Industrial Foundation, reported the current \$37,000 in cash and pledges received in the foundation fund drive. He said it was going strong with hopes of reaching the \$45,000 to \$50,000 goal.

Mrs. Dwight McGee, who provided the piano accompaniment during the breakfast, reported that Monica Herring, Miss Hereford, was preparing for the Miss Texas Pageant in Fort Worth on July 9-12. She introduced both Miss Herring and Donna Kendall, Miss Teen Hereford.

Mrs. Lavon Nieman, chairman of the C of C Women's Division, said a send off party was going to be held for Monica shortly before her departure. She said the Summer Youth Program has 294 persons enrolled.

Mrs. George Turrentine, chairman of the CARE committee, said the local Chamber Singers have scheduled a special concert July 1 at the HHS auditorium to raise money for a trip to the Texas Choral Directors Association convention in San Antonio. They were the

State Mails Hereford Sales Tax Rebate

Hereford received the sum of \$29,067.56 as its share of \$28.8 million paid by the state to more than 800 Texas towns and cities in the third round of monthly city sales tax rebates.

State Comptroller Bob Bullock recently mailed checks to Texas cities for their share of the rebates.

Bullock said the June payments were considerably higher than the previous two months because of big end-of-the-quarter tax payments made by merchants following the April 30 deadline for reporting taxes they collected from the public in January, February and March.

Bullock converted the city sales tax payments to a monthly system in April to

get away from the old quarterly rebate system which had been in use since the start of the city sales tax and which forced cities to wait 60 to 90 days for their money.

"The interest alone—at six per cent—on the \$16 million we paid in April and the \$19.9 million we paid in May was worth a good quarter of a million dollars to the cities just by not having to wait until now for a quarterly payment," Bullock said.

Every city which has adopted the one per cent local tax received payments this month regardless of the size of the rebate. Payments in the first and second month of each three-month cycle are not made on rebates of less than \$600.

Bull Chip Awarded

Butch White, left, is presented the Bull Chip Award by Speedy Nieman during early morning festivities Tuesday. It will be presented to one deserving citizen at each of the Bi-monthly C of C breakfasts.

74th Year, No. 49 26 Pages plus TV Section 15 Cents

Cablevision Rate Increase Approved

Compromise dominated the regular session of the city commission Monday night as the commissioners voted to allow the Hereford Cablevision System to increase its monthly rate from \$5.45 to \$6.50 per single connection.

Although the cablevision system had originally asked for an increase to \$6.95, spokesmen for the system said that they could "live with" the lower figure.

BILL MCMORRIES, rate consultant for the city, recommended an increase to \$6.05. The company was entitled to the lower increase, he said, because the cablevision system was having difficulty making a fair rate of return at its current level of charges.

At the current rate, McMorries said, the system would bring in about \$153,000 annually, with expenses of about \$132,000, leaving the system's net income at about \$21,000. He said that an increase to \$6.05 a month would gross an extra \$15,000 annually for the system.

The cablevision system here has been in operation about two years. McMorries said that the system should be watched closely, and that after a period of time, additional increases might be considered.

Speaking for the cablevision system,

Clint Formby discussed the problems the system has experienced, particularly the problem of disconnections.

He noted that the cost of living index has increased by 24.5 per cent over the past two years. He said that the city's suggested increase for the system was lower than this cost of living figure.

FORMBY ALSO MENTIONED that the charge for cablevision in Hereford is lower than the figures charged in other area cities. He said that Muleshoe charges \$7.50 per month; Dalhart, \$6.95; and Friona and Dimmitt, \$7 each.

He also said that some of these towns do not have a microwave system, which costs the Hereford system about \$900 a month. "I don't know of a microwave town in Texas with a rate as low as ours," he said.

"During the first six months, we had the growth pattern we expected," Formby said. "But we have had so many disconnections since then that our growth pattern hasn't been what we had hoped," he continued.

He said one reason for the high number of disconnections was the fact that itinerant farm workers come and go, and

Tennis Complex Closer To A Reality

City Favors Tennis Courts

By JOE LACKEY
Brand Staff Writer

The prospect of cooperation between the three major local governmental units, the Hereford City Commission, the Deaf Smith County Commissioner's Court,

and the Hereford School board, appeared certain after the City Commission Monday night agreed in regular session to cooperate in the building of four new tennis courts. They will be centrally located at the high school.

It has been estimated that the cost of the building of four new courts, and the

resurfacing of four existing courts, will amount to about \$46,000, based on figures from other Texas cities which have been involved in similar projects.

BURNS HAMILTON, representing a group of interested citizens, said at the meeting that new tennis courts would cost about \$10,000 each, with the expense of resurfacing the old courts to amount to about \$6,000.

He also strongly urged that the tennis courts be built in one central location, and not be spread out over the city.

"It would be best to build a central tennis complex now, and later, if still more money is available, spread tennis courts over the city," he said.

Major Jim Sears expressed the opinion that the possibility of using revenue sharing money for the project no longer exists. The City Commission might have used the money had it been forced to go it alone in building new courts, but the cooperation between the three bodies caused a change of plans.

Therefore, the revenue sharing money has been freed for other uses.

CITY ATTORNEY Earnest Langley, discussing the legal situation which would result from all three units sharing money, said that the city should contract with the school and county in the building of the courts. He indicated that there would be no legal problems with the project plan written up in official contract form.

Emory Brownlow, city commissioner, mentioned that the county commissioner's have tentatively agreed to participate in the project, but that future maintenance and administration of the courts will be up to the school or the city, since the county "doesn't want to be involved in future administration of the courts."

The city will pay the electricity, with the school paying for maintenance of the courts, if current plans are adopted, Brownlow said.

Langley said that it won't make any difference whether the school or the city lets necessary contracts and supervises the building of the new courts and the resurfacing of the old ones, so long as the

school and the city approve a plan for the subject, and put it in contract form. BROWNLOW then moved that the city participate in the project, assuming that the school board and the county agree, contingent on a contract, so long as the city's share of the project does not exceed one-third of \$46,000. The motion passed unanimously.

The city is dropping plans for letting bids on resurfacing the old courts. The school, should the school board agree, will now let the bids, with the three units splitting the costs of the resurfacing.

"I hope that the school will use the plans for resurfacing which have already been drawn," said Dudley Bayne, city manager, after the meeting. "This would speed things up considerably."

IN OTHER ACTION during the meeting, the commission discussed a letter from the Panhandle Regional Planning Commission concerning acceptable levels of chemicals in water supplies.

The letter involved Environmental Protection Agency (EPA) standards for water supplies.

Bayne said that the EPA has developed new guidelines, but has started enforcing them without informing municipalities of the details of the new rules. The City Commission then agreed to take no action on the situation until it has more information.

The new state public utilities law was discussed. Whether Hereford will have the chance to "opt out" of the new law's coverage, or whether it will necessarily be subjected to the new law is not known at this time. The commissioners, Bayne, and Langley agreed to study the law further.

The improper functioning of the traffic light at the intersection of Highway 60 and Highway 385 was discussed. Bayne said that the difficulty had been caused by extreme heat, and that an engineer is currently working on the problem.

The commission adjourned after considering the possibility, with no action, of widening more of Park Avenue than had been originally planned. It is possible that this matter will be on a future agenda.

Good Weights Reported On Dryland Wheat Crop

Harvesting of Deaf Smith County's dryland wheat crop is now underway and according to reports from local elevators, the dryland fields are yielding heavy grain in fairly good quantities.

E.C. Hewitt kicked off the 1975 wheat harvest for the county Friday when he brought in the first load of wheat to Pitman Grain of Hereford.

Combines are rolling in dryland fields and elevators report that the grain crop is trickling in, with the real majority of harvest on dryland acreage expected to be in progress late this week.

Harvesting of the irrigated wheat crop isn't expected to begin until sometime next week, due to the late maturing of the grain.

Alan Wagner of Easter Grain reported that the Easter facility had received "a few loads" of dryland wheat late Tuesday

with test weights ranging anywhere from 55-60 pounds per bushel.

Hereford Grain Corp. reported "quite a bit of grain coming in" Tuesday with test weights of 60 pounds and over. Average moisture content was estimated at about 12 per cent.

A spokesperson for another Hereford elevator reported that yields on the dryland wheat which the facility has received thus far have been good, ranging from 15-30 bushels per acre, and test weight are heavy, ranging from 60-62 pounds.

Weather is one of the main concerns of farmers right now. Heavy clouds and high temperatures Monday afternoon caused more than one local farmer to worry about hail, and all will rest easier when their wheat crops have been harvested.

Rebuttal Testimony To Be Presented At Gas Hearings

John Aikin, attorney for the Plains Irrigation Gas Users Association reported Monday that a witness will be called late this week or early next week to rebut General Motors testimony presented by James T. Jensen, who has been speaking as an expert witness on "process gas" at hearings on the possible curtailment of gas now being held in Washington, D.C.

Aikin also reported the Federal Power Commission has already extended emergency interim relief on natural gas used for irrigation fuel until June 15, 1976. A decision was made by the FPC June 9 to extend a Priority 2 status for irrigation use of natural gas.

Previously, on March 21, the commission had extended the relief until Sept. 20, 1975, until a series of hearings on the subject could be held.

In addition to the Washington hearings, field hearings were also held last month in Phoenix, Albuquerque and Lubbock.

The June 9 order issued by the FPC said "Sufficient evidence of probable irreparable injury to southwestern growers exists to justify the emergency extension of the deferral of interim irrigation pumping use curtailment until June 15, 1976."

According to Aikin, the FPC judge will have 30 days following the conclusion of oral arguments June 27 to write his decision concerning the matter.

Aikin reported that when irrigation farmers first intervened to try to secure a restoration of irrigation gas to a No. 2 commercial priority, the FPC held that there would be no curtailment of natural gas for irrigation until after the hearings had concluded and all of the testimony from farmers had been fully considered and a final decision rendered.

General Motors Corporation, which has been testifying against use of gas for irrigation farming objected by motion,

and asked the FPC to fix a 90 day deadline on the postponement of the curtailment. The FPC responded on April 23 by fixing a 150 day limit after which curtailment would begin.

The commission then made its June 9 extension decision.

Weekend Hectic For VFD Members

Hereford volunteer firemen were kept busy this weekend as they responded to eight fires in a 24 hour period and the hectic pace continued through Monday and Tuesday.

The weekend's largest fire was a blaze at a home at 207 Catalpa. Firemen responded to the fire at 2:30 a.m. Sunday. The home, owned by Tom Hall, received extensive damage and cause of the blaze is still under investigation according to Jay Spain, fire marshal.

At 1:40 p.m. Saturday two units responded to a pile of cotton seed on fire in an alley. Units also responded to three small grass fires and a haystack fire, and late Saturday afternoon the city dumping grounds had a landfill pit on fire.

At 11:54 a.m. Sunday firemen responded to a fatal plane crash ten miles northeast of the city. Aaron Daniel Huddleston, 34, of Hereford, was the victim of the crash.

Monday afternoon at 2:36 firemen responded to a report of a wheat fire near the Sims community. Spain reported that low clouds and dust made it appear as if "the whole country was on fire" but no blaze was discovered.

Firemen were called to a grass and post fire five miles west and 1 1/2 miles south of Bootleg Corner at 9:23 p.m. Monday.

Volunteers had their sleep disturbed early Tuesday morning by a false alarm at TG&Y.

Cablevision-- from Page 1

do not keep cablevision as long as some citizens.

The system has about 2,180 connections at the present, Formby said.

Roger Hale, the manager of the Hereford Cablevision System, said that nonpayments are involved in many of the disconnections.

Formby noted that the increase to \$6.95 a month would amount to a 27.5 per cent increase, which would be only slightly larger than the cost of living increase.

However, McMorris argued that utility rates usually don't parallel consumer cost of living increases.

At this point, Formby stated that the system could live with a lower figure, in the \$6.25 to \$6.50 per month range.

Cliff Gardner, president of the company which built the Hereford Cablevision System and which still oversees the engineering and accounting of the system, argued that the system would have extreme difficulty in operating at the current figure and that an increase was necessary. He also said that the system would even have difficulty in operating with the suggested increase to \$6.05. "But we could live with \$6.25," he said.

Mayor Sears noted that the commission hasn't had experience in dealing with requests for rate increases from the cablevision system. "We have more experience with other utilities," he said. Cable television is a high risk industry,

Gardner noted, and also said that the cablevision people don't think of themselves as a utility.

"We're just a big master antenna system," he said. "But I do believe that we perform a worthwhile service."

When asked by Commissioner Brownlow about the future, Gardner said that the system's future growth rate will determine whether future requests for additional rate increases are necessary.

The system has considered two or three new services, Gardner said, but these would be too expensive, even with the \$6.95 figure. The new services would involve local programming, movie packages, and syndicated programming in addition to what is already provided over the system.

McMorris noted that if the disconnect rate is as high as five per cent, then the possibility of a \$6.20 figure would be reasonable.

He said that he had based his recommendation on a three per cent disconnect rate. The cablevision representatives quickly stated that five per cent is already a reality.

City Commissioner Paul Abalos then moved that the monthly rate be increased to \$6.20 a month, with the charge for additional connections to be left at \$1.00. The motion carried unanimously.

All commissioners were present at the meeting. See a related story in this issue for other action taken.

Eye Opening Photo

A simple object, but one of beauty when photographed in a unique way as above. The photograph was taken by local portrait photographer Bill Bradley. It won in a contest in connection with "Texas," a drama performed all summer long at Palo Duro Canyon State Park. The contest was held for all area artist and photographers, who were competing to have their work displayed at Amphitheatre where "Texas" is performed. The play opened Wednesday night and Bradley's photo will be on display all summer. All photos displayed were to demonstrate the theme, "Openings."

BILL BRADLEY

Dry Wheat May Pose Fire Hazard

With Deaf Smith County's wheat crop at or nearing the ripe stage, local residents are reminded to use extreme caution with fire.

Sparks from discarded cigarettes, burning trash, fireworks and other fires can lead to a lost wheat crop in a hurry.

Local farmers and residents are reminded of still another fire hazard this year.

Data received from automobile manufacturers indicate that the normal operating temperature of the catalyst inside the new catalytic exhaust systems on most new automobiles is approximately 1,200 degrees F. Another set of tests indicate that the surface temperature can be 990 degrees F under severe load conditions and will run 600 degrees F under normal conditions.

Because of the catalytic converter's mass and insulation, it cools off slower than a conventional exhaust system, resulting a prolonged period of temperature hazard.

Individuals are warned to avoid driving into wheat fields in vehicles equipped with the catalytic muffler systems, in order to avoid the hazard of fire.

Branding--

from Page 1

Pageant. The 70 bags will be presented to other contestants in the pageant. So far the bag will contain a bag of Arrowhead Mill's granola, Hereford water, CowBelle button, and a package of Holly Sugar. Call Lavon Nieman within a few days if you wish to contribute 70 items to be included in the bags.

Police Checking On Rash Of Thefts

Hereford police are currently investigating a rash of break-ins and burglaries which took place in the city over the weekend.

According to police reports, two citizens band radios were stolen from vehicles over the weekend.

Other items taken in burglaries and break-ins at residences included stereo tapes, a record player, jewelry, household items, cash, and batteries.

A sales rack for the Amarillo Globe News valued at \$150 was stolen from the Furrs store here.

A spokesperson for the police department indicated that the thefts occurred over a period of time from late Friday afternoon through Sunday.

City police also made three DWI arrests this weekend.

Breakfast--

from Page 1

only group in Texas invited to perform. Bill Johnson said special 4th of July activities this year would get underway at 10:30 a.m. that day at the County Courthouse. Special projects are being considered by the Bicentennial Committee to begin July 4.

John Thames of the Hereford Riders Club explained that the club's annual rodeo is set for Thursday-Saturday, June 26-28, at the Hereford Riders Arena.

C of C president Bud Eades introduced the new chamber members joining this year.

The Hereford Brand

Established 1901

Entered as second class matter at the Post Office in Hereford, Texas under the act of March 3, 1897. Second postage paid at Hereford, Deaf Smith County, Texas.

Obituary

DUSTY RHODES

Twelve year old Dusty Rhodes, son of Mr. and Mrs. Jackie Rhodes of Dallas and former Hereford residents, died at his home Monday of a gunshot wound.

Dusty was born in Hereford and lived here with his parents about five years before moving to Dallas.

Services will be held today at 1 p.m. in Schooler-Gordon Funeral Home Chapel in Clarendon. Burial will follow in the Clarendon Cemetery.

Survivors other than his parents include three sisters, Jacqueline, Neesa and Renata, all of the home; his two grandmothers including Mrs. Addie Phillips of Hereford; and an uncle of Hereford, Dean Stallings.

Blasingame Wins Saddle

Bill Blasingame, 18, son of Mr. and Mrs. Tommy Blasingame of Westway came home with a prize saddle from the Tri-State Rodeo finals held at Dumas this weekend.

Blasingame won honors with the top average in team roping and also won the prize saddle in the event.

His partner was Brent Lookingbill of Vega.

The Hereford cowboy compiled a total of 119 points in team roping for the season.

A senior at Hereford High School, he is a member of the HHS rodeo team and the Tri State Rodeo Association.

A little politeness goes a long way and is usually re-paid two-fold.

Short Courses Slated At WTSU

Students will still have a chance to register for one of five different West Texas State University Summer School Short courses offered June 23-July 10 if it will be the only course they will be taking at WT.

The registration will be the first day of class at its scheduled location. The WTSU summer class schedule should be checked for detailed information.

In arts and sciences, the courses available are Modern Mathematics, an analysis of the properties of mathematical systems taught by Dr. Fletcher Moseley from 7:30-10:20 a.m., and Spanish Composition and Reading, which is work in grammar, composition and prose to be taught at 7:30 and 10:30 a.m. by Dr. Tarrab.

In education, Dr. Carl Pride will teach a class in Individual Mental Testing from 1:30-4:30 p.m., and will look at the administration, scoring and interpretation of several individual intelligence tests. Learning Disabilities, a survey of methods to teach students with learning disabilities will be taught by Dr. Wilma Jo Bush from 7:30-10:20 a.m. Both

education courses are graduate credit.

The Choral Conductors Workshop will be offered from June 23-27. Dr. Lynn Whitten, nationally-known choral conductor from the University of Colorado, will teach the class from 12-3 p.m.

Total tuition and fee cost for three hours is \$46.95. More information can be obtained from the registrar at telephone 656-3331.

Casper W. Weinberger, Secretary of Health, Education and Welfare, on Social Security hike:

"I fear this will add additional pressures to the economy and inflation."

George Wallace, Alabama Governor, on presidency:

"If I get involved, it will be because I think I have a chance to win."

L. Dean Brown, Ambassador, director of the President's refugee task force:

"If there are no wide-spread killings in South Vietnam, I believe we will see a large outflow back."

Bicentennial Medals Available in Hereford

Hereford and Deaf Smith County bicentennial commemorative medals are currently being sold as a fund-raising project for community bicentennial activities.

A limited edition of the serially numbered medals are available. 100 24-karat gold coins, on 999 fine silver have been struck. Fifty are included in sets of four numbered one through 50, fifty are separate coins numbered 51 through 100.

Unnumbered antique silver coins are available for \$3.25 each. Unnumbered bronze medals are sold for \$2.50 each.

Gold medals, numbered 51-100, are sold for \$50.00.

Sets of four coins, gold, silver, antique silver, and bronze, numbered 1-50, are available for \$100.00.

Sets of three coins, silver, antique silver, and bronze, numbered 51-100, are being sold for \$50.00.

Antique silver and bronze coins, sold in sets of two, numbered 101-250, are sold for \$12.50.

Necklace pendants, either in gold color or silver color, are sold for \$3.50 each.

The medals and pendants are available at the Chamber of Commerce office, and at both banks here in Hereford.

Tech Schedules Soil Conservation Workshop

Cutting back on dust storms could mean both good news and bad news for West Texans, and the Soil Conservation Service and Texas Tech University have arranged a workshop to discuss both the good and bad.

The workshop, Monday through Wednesday (July 14-16) at The Museum of Texas Tech University, will deal with wind erosion, brush control and rangeland research, and irrigation with a limited water supply. It will open with a discussion of wind erosion July 14.

Of concern are regulations already in effect in Kansas and Iowa and under discussion in Texas. The new laws limit the amount of particulate matter in the air, and particulate matter in West Texas more often than not means blowing soil.

Dr. Harold Dregne, chairman

of the Department of Agronomy at Texas Tech University, is co-chairman of the opening session. He explained that both the Environment Protection Agency and state legislators are aware of the need to control dust and other particulate matter in the atmosphere, and regulations are under consideration in many states.

"What might be acceptable in a city the size of Houston and what is acceptable in a highly agricultural area such as West Texas obviously are two different things," Dregne explained.

Social Security

Questions and Answers

[Have you a question about social security? Address it to the Social Security Administration, 317 East Third Street, Amarillo, TX 79101. You will receive an answer in this column or by mail.]

Q. I receive social security checks on behalf of my retarded brother. Does social security have any kind of record book I can use to keep track of his benefits?

By Maurine A. Travis

Q. My wife got a notice from Internal Revenue to get a social security card, but she already has a number. What should we do with the form sent by Internal Revenue?

A. If your wife already has a number, but her card shows her maiden name, she should visit the social security office to fill out form 7003, Request for Change in Social Security Records. If her card shows her correct name, fill out the card sent by the Internal Revenue Service and return it to them.

A. You can get a free copy of "Social Security Representative Payee Account Book" at any social security office. Track Meet Set Here Saturday

A preliminary AAU Junior Olympics track and field meet will be held at Whiteface Stadium Saturday.

Participants in the meet must be members of the AAU. Those not already members can register into the AAU Saturday morning; a \$2.50 fee is required for AAU membership.

Registration for the meet

begins at 8 a.m. Saturday at Whiteface Stadium. The meet will begin at 9 a.m.

The event is sponsored by the Sports Committee of the Deaf Smith County Chamber of Commerce.

The event is sanctioned by the West Texas AAU. Chevrolet Motor Division is the national sponsor.

Competition will involve both boys and girls in five age divisions in a wide-ranging variety of events.

The age divisions are the bantam division, midget, junior, intermediate, and the senior division.

Winners of events in the intermediate and senior divisions, with the exception of the 440 yard relay, will qualify for a regional meet to be held later in the summer.

ONE MINUTE SPORTS QUIZ

- How many gold medals did swimmer Shane Gould win in the Munich Olympics?
- Who claimed the NASCAR 400?
- Name the winner of the Belmont Stakes.
- Who was the jockey?
- Who holds the record for career base hits?

Answers to Sports Quiz

- Three.
- Richard Petty.
- Avatar.
- Bill Shoemaker.
- Ty Cobb with 4,191.

Let Carol Rose show you how you can qualify for FHA, VA or Conventional Loans

HHS Staff Plans Basketball Camp

The Hereford High School basketball staff has scheduled the Whiteface Basketball Camp for July 7-18, according to coaches Barry Arrwine and Joe Tubb.

Approximately 30 youths have already signed up for the camp, but registration will continue through the first two days of the camp. The camp will be for youths

aged 8-14, providing that the 14-year-olds will not be high school students this year.

An entry fee of \$30 is required. The camp includes 20 hours of basketball instruction, insurance on each camper, and a T-shirt.

The purpose of the camp, according to Coach Arrwine, is to give the basketball staff a chance to work on fun-

damentals with the kids without having to cope with the pressure of actual game situations.

Such basketball fundamentals as dribbling, rebounding, shooting, passing and so forth will be emphasized.

The camp will be conducted at the High School gymnasium here on July 7 through July 11, and then from July 14 through July 18. Weekend sessions will

not be held. Both morning and afternoon sessions will be held. Participating youths can attend either the morning or afternoon sessions, either from 9 a.m. until 11 a.m. or from 1 p.m. until 3 p.m.

Those interested in registering for the camp should contact Barry Arrwine at 364-0229, or Joe Tubb at 364-4246.

TAES Gets Grant To Study Doves

The Texas Agricultural Experiment Station has just received a \$21,400 grant to study and evaluate habitat requirements of mourning doves with a goal of increasing dove numbers, U.S. Cong. Otin E. Teague (Dem.) of College Station has announced.

The project, due to begin immediately, will try to determine how quality and quantity of vegetation, land utilization and human disturbance affect dove numbers.

Dr. Jarvis E. Miller, director of the Texas Agricultural Experiment Station, the state's agricultural research agency, said the research will be supervised by Dr. James G. Teer, Station scientist and head of Texas A&M University's Department of Wildlife and Fisheries Sciences, and Dr. N.J. Silvy, Experiment Station scientist in wildlife ecology, as co-project leaders.

Cooperating in the project will be the U.S. Fish and Wildlife Service and the Texas Parks and Wildlife Department, whose biologists will assist with data collections.

Scientists will use field studies at random locations to detect changes in mourning dove (*Zenaidura macroura*) breeding populations.

"Once determined, the environmental factors associated with high densities of breeding

mourning doves can then be used as an aid to future habitat requirements for the dove," Silvy said.

The scientist explained that each field survey site is 20 miles long with 20 listening stations situated one mile apart. During the survey, researchers will

start listening one-half hour before sunrise and listen for three minutes at each station, then record the number of calls as an indicator of dove densities.

After analysis of the data collected, results will be published as a guide high-

lighting breeding dove habitat requirements in Texas. "Then wildlife biologists and game managers should be better able to manipulate and maintain dove habitats to increase numbers," Silvy said.

Local Athletes Attend Camp

Two members of the local Fellowship of Christian Athlete chapter and two college students to serve as huddle leaders left Hereford Sunday morning to spend a week at FCA Camp.

Craig Nieman, son of Mr. and Mrs. O.G. Nieman, and Steve Corneilus, son of Mr. and Mrs. Guy Corneilus, traveled to the Air Force Academy in Colorado with Steve Nieman, also son of the Niemans, and Jerry Lane of Cleburne, who will serve as huddle leaders.

Theme for this year's week long camp is "We Really Do Need Each Other". Another group of local FCA members plan to attend camp in August. Funds for some of the expenses were raised through a golf tournament held earlier this year.

Smashing the Ball

Launching a powerful serve is Rocky Rodriguez in a practice session designed to prepare his game for a local tennis tournament, to be played June 26-29. The event is sponsored by the Deaf Smith Chamber of Commerce.

Receives Boxing Award

Eddie DeLeon of Hereford received the "outstanding boxer award" of the West Texas Amateur Athletic Union at the annual AAU all sports banquet Saturday night in Lubbock. DeLeon ended up the boxing season with 23 victories and 1 loss as a member of the Hereford Boxing Club. He lost a split decision earlier this month in Houston at the Region 9 Olympic Tournament.

Dory Jr. To Wrestle

Dory Funk Jr., a wrestler who has filled arenas from New York's Madison Square Garden to Kiel Auditorium in St. Louis, returns to wrestle for the Hereford Lions Club at the Bull Barn next Saturday night.

Dory is a Panhandle rancher now, and would rather wrestle close to home, he says, than seek big money away from

Texas. He will team up with popular mat stylist Johnny Starr against the Interns.

Starr is a Nashville, Tennessee product, but has never sung at the Grand Old Opry. He learned from his wrestling father to play a song instead on the skulls and bones of other wrestlers.

The Interns are a large and rugged duo, managed by self-styled "Dr." Ken Ramey. A perpetual-motion team, they are highly rated nationally, but not noted for being overly careful about sportsmanship.

In the semi-final, the 260 pound, 6'4" Alaskan meets a much smaller but highly-conditioned Nick Kozak. Both men have been lumberjacks. Nick is known to his Panhandle fans as "The Burt Reynolds of

wrestling." In the opener, Billy Ravens, a 6'6", 280 pound grappler, meets a stiff barrier for a comparative beginner in veteran Alex Perez. Perez, a former boxing great, is a durable and experienced wrestler.

Former world champion Dory Funk Jr. is now training by wrestling hay bales and working crops and cattle on a recently-acquired spread. Said Funk: "The old carnival wrestlers said that as a class, farmers were their toughest opponents. That was in the days when they took on all comers—sometimes thirty a day. Running, lifting weights—nothing pushes the body like working the land....."

Action at the Bull Barn begins at 9:00 p.m.

Gun Club Shoot Scheduled

The first Hereford Gun Club Trophy Shoot has been scheduled for 8 p.m. Friday at the Trap Range at the Hereford Airport, according to Johnny Haney, president of the gun club.

Anyone can enter the shoot. A traveling trophy will be awarded the winner of the shoot. Future shoots will be held at six month intervals.

The shoot will consist of 100 rounds. Ammunition and 12

gauge shotguns will be provided, but entries will be permitted to furnish their own ammunition if they wish.

An entry fee of \$6 will be charged. All persons are invited to attend.

Correct Fishing is less cruel than hunting. The amateur never has to explain that he thought his companion was a fish.

View From The Plains

BY J.D. PEER
TEXAS PARKS AND WILDLIFE DEPT.

The Texas Parks & Wildlife Department registered over 63,000 boats last year and department field offices are reporting an increase in 1975. Revenue from these new boats, renewals, transfers of title and duplicates of registration totaled over \$7,700,000. The increase of new boat

owners and operators along with the seasoned boaters have created some problems on area lakes and conditions for boating accidents become evident. The P & W department keeps records of all boating accidents that occur or are reported in Texas and this information is sometimes surprising to the department and state boaters.

"For the first quarter of 1975, we have already reported 22 boating accidents with 11 fatalities," Joel Block, water safety coordinator said today. "It is apparent the young boat operators are not as dangerous nor do they cause most of the accidents," Block continued. "The 26 to 50 year old operators are involved in the majority of the accidents and most of these boaters have over 500 hours of experience." Most of the accidents occur on a clear, calm day with a light wind from 12 noon to 7 p.m. in boats with higher horsepower engines.

If you are involved in a boating accident and there is a death or an injury that requires professional attention or property damage exceeds \$50, you are required to submit a written report within 30 days to the Texas Parks & Wildlife Department.

Tech's Bicentennial Tent Show May Travel in 76

If present plans materialize, Texas Tech's Bicentennial tent show may "go on the road" following its presentation here in 1976.

An invitation has been received to bring the Harley Sadler-type production—bally-hoo candy, tent and all—to the Bicentennial Festival at Round Top for a two-week engagement next summer, said Speech Prof. Clifford Ashby, director of the repertory theater project at Tech.

"The prospect is exciting and we are exploring the possibilities of such a venture," Dr. Ashby said. "An engagement such as this would entail considerable work but it would be worth it. I think, as a showcase for our theatre arts program and for the opportunity it offers to gain a wider audience."

The proposal came from Tom M. Johnson of Houston, one of the planners for the 1976 Folk-life Festival at Round Top, site of a restoration project sponsored by the Texas Pioneer Arts Foundation. "The Toby Show will be an excellent representation of the Texas folk culture," Johnson said in expressing his interest in this type of historical preservation.

Modeled on the traveling tent show that was popular several decades ago, Tech's show under canvas will seek to recapture some of the flavor and atmosphere of those early day productions.

Several plays will be performed in repertory format—a different play each night—beginning July 4, 1976, and continuing for several weeks.

"The length of the season here will depend on whether we are able to accept the Round Top engagement, which has been tentatively set for August," Ashby said.

The repertoire will include Westerns, melodramas and

Comedy Set At Museum

The riotous routing by Laurel and Hardy of a dishonest saloon keeper who has taken a little girl's gold mine will be seen at the Panhandle-Plains Historical Museum's Sunday summer afternoon fare June 22.

"Way Out West" is the boisterous comedy, also featuring the Avalon Boys, which will be shown at 2:30 and 4:30 p.m. in the Museum's new lecture hall on the second floor of the main building.

Heavyweights Mae West and W.C. Fields will verbally duel in "My Little Chickadee" June 29. Each wrote their own material for this famous feature film, whose wedding sequence in which Ms. West substitutes a goat for herself in the nuptial bed gives Fields a rare chance to perform verbal surgery on her.

July will be Bicentennial month at the Museum, and the Sunday afternoon flicks will open with the musical "1776," to be followed by several Walt Disney movies on American colonial times.

PATIENTS DISMISSED

Forty-one secondary school teachers will arrive on the Southwestern Oklahoma State University campus Monday, June 23, for a four-week Interdisciplinary Summer Instructional Improvement Project in Environmental Studies.

Environmental Project Includes Local Teacher

During the period from June 23 to July 18 the teachers will have the opportunity to increase their subject matter competency in environmental education, which should, in turn, strengthen their capacity for motivating able students to consider careers in the social, biological and natural sciences.

Among the participants in the project will be Robert Priest, Science and Department of Social Sciences.

HAND-FISHING
FORKS TOWNSHIP, PA.—Stephanie Minotti, Lauren Minotti and Jennie Meneer were playing along the Delaware River when they found a carp trapped in a water hole near the river. They carried the 20-pound fish home, kept it alive in a water-filled wheelbarrow, then put the fish back into the river and it swam away.

ENCYCLOPAEDIA BRITANNICA JUNIOR VOLUME 21

For God So Loved The World

THE *Past* IS ONLY A *Beginning*

Here is life's romance: a grandfather guiding the mind of a young boy and the young boy seeing the world through grandfather's eyes. This may be hero-worship, but it is a grand time to teach him to pray to introduce him to the eternal Friend.

Oh, for the faith of grandfathers who care, and who help youngsters find the way to God.

PERCY MAYS EXPLAINS MINISTRY

One-Man Ministry Program Explained To Rotary Club

One man's campaign for Christ was presented to the Hereford Rotary Club Monday by Percy Mays, a high school track star here, who has devoted the past five years to spreading messages of "God's love" across the country.

Mays, who went to West Texas State University on a track scholarship, said his evangelistic efforts began after becoming a Christian. This happened when a fellow student at WT gave him a pamphlet which convinced him to spend his life for Christ.

He has traveled from coast to coast appearing at military bases and college campuses to present his program, a combination of religious songs and testimony for God. So far, Mays has 149 decisions for Christ, which is slowly bringing him to his goal of 500 decisions.

"Every man needs God and can get involved" with his work, Mays said. "I appear at banquets, concerts and youth retreats where I use the music and comedy medium to deliver my program."

He said he is received well wherever he goes. "I find an openness for what I say."

Presently, Mays is working on an album in Oklahoma City. It will include a variety of songs expressing the love of the Lord.

He played recordings of two of the songs, which he said could appeal to all ages. He is financed through donations and hopes that the album will afford him a more secure income.

Rotarians are presently planning for a barbecue for Kids, Inc. at 7 p.m. Friday, June 27 at the Bull Barn. Also planned is a Ladies Night at 7 p.m. Monday, June 30 at Caison's Steak House.

Seminar Focuses On Tragedy

Every tornado or hurricane experience—in any location throughout the world—is related to every other disastrous wind experience, according to engineers who are developing construction guidelines to protect life and property.

Dr. Joseph E. Minor, director of Texas Tech University's Institute for Disaster Research, made the point clear as he announced a special seminar on "Cyclone Tracy and Darwin, Australia—Christmas Day 1974."

The seminar will take place at Texas Tech University beginning at 1:30 p.m. Friday, June 27. It will be conducted by Dr. George R. Walker, senior lecturer in civil engineering at James Cook University of North Queensland, Townsville, Queensland, Australia. Sessions will take place in Room 52 at the Civil and Mechanical Engineering Building at Texas Tech.

Minor said the seminar was arranged to give engineers and others concerned with construction an outline of recommendations made to the Australian government following the devastating hurricane last December.

"The Darwin experience should not be considered a remote occurrence of limited consequence for our own construction practice," Minor said.

"While a degree of sound engineering attention had been given to housing in Darwin," he said, "a few design misjudgments and a few oversights in the details of construction led to a major disaster. The Darwin experience causes us to reflect on our own residential construction."

"When it is realized that residential construction in the United States has escaped the attention of structural engineers for many years, at least in regard to design for wind forces," he said, "we can only conjecture what deficiencies might lead to in cities and size of Houston, Miami or New Orleans should they be struck as Darwin was."

Winds ranging up to 168 miles per hour buffeted Darwin for more than four hours, Minor said. The top wind in Hurricane Celia, which hit Corpus Christi in August, 1970, was 161 miles per hour, he said, and those winds lasted less than one-half hour.

BIKE FOR SEVEN

SANTA CLARA, CALIF.—The J.P. Gentle family has a bicycle built for seven. Three ride in a line on the right, three on the left, and four-year-old Andy sits on a special seat. Both of the parents are blind.

SAVES WOMAN

MURRAY, UTAH—Raymond W. Cromar, 27, of Salt Lake City used his bare fist to break the rear window of a car swirling in a stream and rescued a 60-year-old woman, police said.

Honor Received

Capt. David S. Albright, left, was recently presented a silver punch bowl after being named outstanding graduate of the Club Management Class at Ft. Lee, Va. Col. John T. Bilon made the presentation. Capt. Albright is the son of Mr. and Mrs. Bill Albright of Hereford.

Weed Control In Beets Discussed At Field Tour

Dr. A.F. Wiese, weed researcher with the Texas Agricultural Experiment Station discussed weed control research on a field tour held at research plots east of the Holly Sugar plant last week.

Studies underway include evaluation of preplant and post emergence herbicides alone as well as experiments where preplant and post emergence treatments were combined.

At the conclusion of the tour at Hereford, Wiese stated "Previous research showed us how to control pigweed in sugar beets without much hoeing, and 1975 results indicate that the right combinations of cultural practices and herbicides can almost eliminate kochia and watergrass."

Dr. Steven Winter, Texas Agricultural Experiment Station sugar beet researcher commented on weed control, planting to stand, and fertilizer studies at the USDA Research Center at bushland. He pointed out that in 1974 hand weeded plots yielded 34 tons per acre and a combination of Nortron incorporated prior to planting followed by SN 503 and Treflan sprayed post emergence eliminated pigweed and yielded the same. "This year our results will not be spectacular," Dr. Winter stated, "because the test area is infested with not only pigweed but kochia and watergrass which are harder to control."

In another study, six rates of seed from 3 to 7.3 per foot of row were planted. The two highest rates were hand thinned to about two plants per foot for comparison. On the average, 53 per cent of the seed produced plants. Consequently, there are 1.5 plants per foot of row or the lowest seeding rate. Previous experiments have shown that 1.5 to 2 plants per foot is enough for maximum yields. Dr. Winter pointed out that objectives of the study were to eliminate hand thinning and determine the highest seeding rate that will not reduce yields. With this planting rate, the need for hand thinning could be greatly reduced because usually less than 50 per cent of planted seed emerge.

Dr. Winter pointed out that previous research shows that 10 pounds of available nitrogen in the soil is adequate to produce one ton of sugar beets with a high sugar content. Nitrogen should be available in the summer to stimulate

growth but be gone in the fall to reduce leaf growth and promote sugar in the beet. The experiment was designed to solve an unusual problem that will face many sugar beet growers who have started to control nitrogen application. The top four feet of soil was deficient, but excessive nitrogen was in the four to ten foot soil depth. Finding the nitrogen rate that would allow beet roots to grow four feet to where fertilizer is adequate was the objective.

Dr. Winter speculated that 35 to 70 pounds of nitrogen per acre would be required to produce 25 or more tons of sugar beets. Soil samples at one foot intervals to ten feet are being taken every three weeks to determine where and when sugar beets utilize nitrogen

Pigweed was controlled by most single or combination treatments but kochia and watergrass were not controlled with either preplant or post emergence applications alone. Applications of both preplant and post emergence herbicides controlled the two pests. Preplant herbicides, used in conjunction with post emergent herbicides were RoNeet, Nortron, Antor and mixtures of Nortron with either RoNeet and Antor. These preplant applications were followed by either SN 503, Betanex, Nortron with oil or a mixture of Nortron and Betanex.

Several combinations gave 90 per cent or more control of both kochia and barnyard grass and did not injure sugar beets. The most consistent was RoNeet mixed with Nortron preplant followed by a tank mix of Nortron and Betanex applied when beets had two true leaves and kochia was less than one inch tall. SN 503 and Betanex applied to weeds remaining after a preplant application of Antor also gave excellent control of both kochia and watergrass.

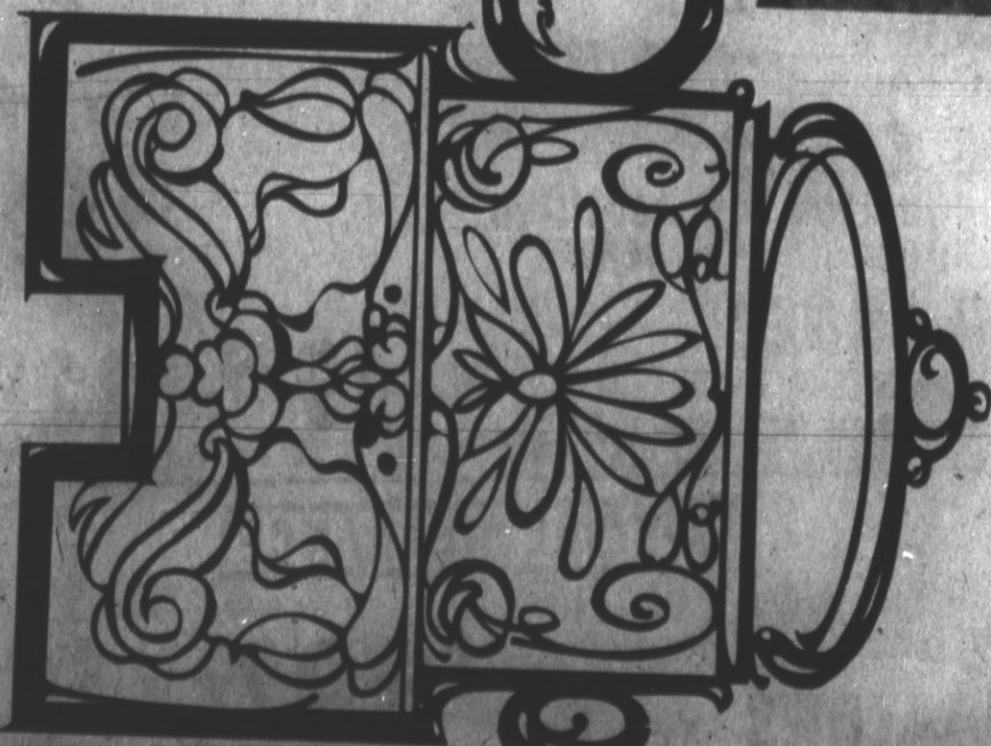

In another experiment at Hereford, preplant herbicide incorporation with a lister was compared to incorporation with a power tiller. Eptam, RoNeet, Antor and Nortron were effective with either incorporation method, but less herbicide was required with lister incorporation than power incorporation. Granular Eptam and RoNeet were equally effective. Weed control was markedly improved when Betanex at one pound per acre was applied over the top of preplant treatments.

Pictured is the party scene from "TEXAS," the musical drama of Panhandle history, authored by Paul Green. The production plays in the Palo Duro Canyon State Park each summer. The 1975 version of the drama begins June 18.

Young Winner

Jana Johnson, 7, daughter of Mr. and Mrs. Clifford Johnson of Hereford shows off the trophies and prizes she has received in horse shows since April 19. Among the most prized of the awards are a saddle and Indian blanket which the young cowgirl won in the Lubbock Open 4-H Horse Show Saturday. Although Miss Johnson is a bit small for the saddle, she plans to keep it in the den of her home until she grows into it.

Miss Johnson Wins At Show

Jana Johnson, seven year old daughter of Mr. and Mrs. Clifford Johnson of Hereford out did older competitors to win first place overall honors and top honors in the Pee Wee division of the Lubbock Open 4-H Horse Show held Saturday at the indoor livestock pavilion at the South Plains fairground.

worth of prizes in the competition as she compiled a total of 21 points. Her closest competitor managed 18 points. Miss Johnson was awarded a prize saddle Saturday night as the overall winner. Her placings in various events and prizes received included: Western pleasure, third, saddle blanket; horsemanship,

first, biting rig; reining, first, head stall; barrels, sixth, rosette; and poles, third, horse sheet blanket. The youngster, who has just completed the first grade at Tierra Blanca Elementary, competed with some 590 entrants in the contest. Miss Johnson is an honorary member of the Deaf Smith County 4-H Horse Club.

Gospel Fellowship Plans Meeting

The Hereford chapter of Full Gospel Business Mens Fellowship International plans to meet at the Civic Center at 8 p.m. Saturday. The meeting will be preceded by a buffet supper at 7 p.m. The charge for the supper will be \$2.65. Fount Shults, professor of Bible at Southwest Texas State University, will speak. All Hereford residents, and other interested persons, are invited to the meeting. Fount Shults is a highly

educated young man who holds a B.A. and Masters degree in Bible, PhD in Hebrew and teaches bible at the university & college level. Born & raised in the Church of Christ, he hungered to know truth. In his search he tried Yoga, meditation etc, without satisfaction. Then hoping truth and fulfillment could be found in being able to study the Bible in the original languages of Hebrew and Greek, he mastered these but still there was an emptiness within him. One day he happened to see a

pentecostal preacher on T.V. Although the man was obviously uneducated, Fount realized this preacher had something he himself didn't have but needed. Also at that time some of his students at Eastern New Mexico University began receiving the Baptism in the Holy Spirit. Seeing the beautiful change in their lives he began to study the Holy Spirit and soon received this wonderful experience himself. He is currently teaching bible at Southwest Texas State University and is involved building a Bible College in San Marcos. Truly, his testimony is a monument to the love & grace of God.

Social Security Rep Schedules City Visits

A representative of the Amarillo Social Security Office will be at the Hereford Courthouse each Tuesday in July, August, and September. The representative will counsel interested citizens on any matter relating to Social Security, Supplementary Security Income, or Medicare from 9:15 a.m. to 12 noon, and from 1:00 p.m. to 3:00 p.m. each Tuesday during the three summer months. Service can also be obtained at the Amarillo Social Security Office at 317 East 3rd in Amarillo, or by telephoning 376-2241.

Residents of Hereford may phone the Amarillo office toll free by dialing the Hereford operator and asking for 368-3353. Civic clubs, groups, or classes desiring programs on social security, should call 376-2241. We're in favor of a vacation each season of the year, now being behind several.

The Abundant Life

Listening

By BOB WEAR

Effective talking is a great art, and a very important one; but the "art of listening" may be even more important. Most of us put forth some effort learning how to talk, and some of us do special work in this area; but how many of us try to learn how to be good listeners? MANY UNFORTUNATE HAPPENINGS occur because somebody does not listen. Much of the failure, perhaps most of it, is not intentional. The persons involved just don't listen. All of us know, to some extent, the importance of "listening" to what others are saying; but many of us do not listen; not as we should listen.

We often hear what people are saying, but we don't really listen. In some instances, we have had occasion to be very sorry that we did not listen. Perhaps we try to fix things up by saying that we didn't understand, but we are reluctant to admit that we did not pay attention; we did not listen.

Misunderstandings are much too frequent and cause too much unhappiness, in the lives of too many people. We know that there are a number of different causes of these misunderstandings; but somebody's failure to listen is generally considered the most common cause. Much of this is just carelessness, but it is a kind of carelessness we cannot afford; and should want to overcome. RUDENESS IS ADMITTEDLY one of the reasons for

not listening. Perhaps it is more nearly accurate to say that not listening is rudeness. There are different ways to be rude, but one of the most frequent way is in not listening, not paying attention to a person who may be talking to us. This is one expression of rudeness that we should certainly try to overcome, and it can be overcome. All rudeness is undesirable, but the rudeness of not listening may be considered the most despicable of all; it is a special kind of insult which shows a lack of respect and regard for a fellow human being.

Someone who will listen can often do more to help than those who are willing to give advice. Of course, there is a time for talking; but there is also a time for "listening". There are times when "listening" is the only way to help.

It is an established fact that there are times when all of us have a great need to talk to someone who will listen, someone in whom we can confide, someone who will keep our confidence.

"One of the greatest needs in our times of stress and strain is for understanding people who are willing to listen." -DeLoach.

IN THE COMMUNICATION essential to meaningful associations, both talking and listening have a place; and "listening" is probably more important than talking.

Travel Guide Includes Chateau Inn of Hereford

Chateau Inn Motel, located at 500 West 1st in Hereford, has been listed in the 1975 edition of the Mobil Travel Guide, a travel guidebook.

The announcement was made recently by Dovell L. Jones, owner-manager of the motel.

Over 20,000 restaurants, hotels, motels and resorts are listed and rated on a one-to-five-star basis in the seven volume Mobil Travel Guide, which has been compared by travel experts to the famed Guide-Michelin.

To be listed in the Mobil Travel Guide, the establishment must be personally inspected by an impartial, trained inspector, who is employed by a completely independent organization. The inspector's findings are reported to an editorial board of the organization, which has instituted a set of standards for listings and ratings.

Each of the seven regional editions provides valuable

information on local history, sightseeing, amusements, sports, and recreation facilities, in addition to the star-rated food and lodging listings. Also included are regional road atlases and detailed maps of major cities, special auto-tour routes, and helpful advice to travelers.

The 1975 Mobil Travel Guide books are available at Mobil service stations, bookstores, magazine outlets, and other places where books and magazines are sold.

Letter To The Editor

Dear Editor: After the recent increase in ag aircraft accidents in the Hereford area, I discussed some of the problems connected with this occupation with local pilots.

There are two problem areas in which each farmer can help make this occupation less hazardous. The first is rusty stand pipes, a coat of silver paint greatly increases the visibility of these needed items. The other is full length telephone poles which have been left at random where underground cable has been installed and cross over lines to abandoned houses. West Texas Rural Telephone Co., in the Hereford area, has assured me that these poles will be cut down, if the local people will advise them of their locations. Cooperation in these areas will allow the pilots to do a better job for the farmer and perhaps save a few lives.

Scribbles and Scratches

By Karrie Wamble
Women's Editor

RESEARCHING THE story about Mrs. H.E. Henslee, which appears in this issue, revived an interest in her namesake, Susan B. Anthony.

Now if you referred to Gloria Steinum as a suffragette, she'd probably take offense and hit you with a copy of Ms. magazine, simply on a matter of principals for calling her any label with a feminine suffix. But, whatever the consequences, Ms. Steinum is the closest similarity to the original feminist, Susan B. Anthony. It's doubtful that Miss Anthony foresaw her diligent

campaign for women's rights snowballing into an avalanche of singed bras, unisex fashions and male chauvenist you-know-whats. No matter how ludicrous and hair-raising the power struggle becomes, Miss Anthony started it all and the American society owes her a giant debt.

When she was 17 years old, she was already demanding equal pay for distaff teachers and this goal mushroomed into co-educational opportunities for women, plus college training. An ardent foe of alcoholic beverages, she tried to join the

Sons of Temperance, but was booted out because she was a woman. Not to be denied, she instigated her own anti-liquor movement called Daughters of Temperance.

Women's rights were not the suffragette's only concern. During the Civil War, she was an outspoken supporter of abolition and co-organized Women's Loyal League to Support the Emancipation Proclamation.

Miss Anthony was literally militant in her belief that women should have the right to

vote. With Mrs. Elizabeth Cady Stanton, she helped establish the National Women Suffrage Association in 1869 to work for a woman suffrage amendment to the federal constitution.

With little progress on this front, she led a delegation of women to the polls in Rochester, N.Y. to attempt to cast a female ballot in 1872. However, the endeavor was thwarted and Miss Anthony was arrested and indicted on a charge of illegal voting. Found guilty, undoubtedly by a male jury, she was fined, but true to her colors, she never paid the remittance.

The renowned leader did not live to see this particular aim be accomplished. Although in failing health, she continued to lecture at rallies for women's equality, a platform which gained momentum at the turn of the century. She died in 1906.

WHILE THE FIRST rumble of the women's liberation storm was brewing in the late 19th century, housewives were reading such publications as the Everyday Cookbook.

The book, which is guessed to be about 100 years old, says in reference to "The Art of Beauty in Dress:"

"It is far easier to find fault with existing customs than to devise and put in practice other and better ones.

"Ladies do not like to appear singular and make themselves conspicuous by wearing such articles of dress as are laughed at, possibly, certainly not worn by any other persons in the city or county in which she may belong. And so the matter goes on. Manufacturers, dry good dealers, milliners and dress-makers carry the day with a high hand yet there is always some choice and as, thanks to our

civilized habits, a full-length mirror is obtainable by most ladies, given the resolution to make the most and best of themselves, the greater number of women can so study the art of dressing well as to produce some excellent results."

SUMMERTIME MEANS the dregs of the television season: Cher is doing the same old striptease, Archie's yelling too familiar, rude epithets at Edith, and the doctor shows and crime series are swapping around four different scripts and changing the names to protect the guilty.

Everyone's so tired of reruns that even the Waltons are bickering with one another. Alas, Mary Tyler Moore may go so far as to thumb her nose at Phyllis.

There are some bright moments, however, in watching

McClean Stevenson in his final days on M*A*S*H* and Robert Blake's off-guard and fascinating portrayal of Barretta.

EXPERIENCE AT A pageant judging workshop at Washington D.C. will come in handy Saturday evening when Miss Kandy Newman will be a judge at the Miss Wheeler County Beauty Pageant. Other judges

will be Val Carver, a professional model from London England; Debbie Le Grand, Miss West Texas State University and Peggy Brady, representative of American National Bank.

Miss Newman, who has been cited several times for accomplishments in the modeling field, is the daughter of Mr. and Mrs. Joel Newman.

Happy Helpers Seat Officers

The Happy Helpers 4-H Club of Easter held its officer installation ceremonies and a pot luck supper June 12, according to Vonda Richards, club reporter.

Irene Keating, county agent for Castro County installed Sandy Harkins as president.

Other officers installed include Tammy Behrends, vice president; Laura Downing, secretary treasurer; Vonda Richards, reporter; Kylene Behrends, song leader; Teri Harkins, inspiration leader; Shelly Frye, telephone chairman; Kim Manion, ritual chairman; and Bob Behrends, council delegate.

Wedding Scheduled

August 16 is the date selected by Randall Lyle Alexander and Miss Yvonne Duggan for their marriage in First United Methodist Church. The bride-elect is the daughter of Mr. and Mrs. W.R. Duggan, Route 4. Mr. and Mrs. Dempsey Alexander of 504 Willow Lane are parents of the prospective bridegroom, who is now studying business administration at West Texas State University. Miss Duggan is also attending WTSU and is employed by DeGrasse-Bates Insurance Firm at Amarillo. The couple are 1973 graduates of Hereford High School.

While the just are preparing to inherit the earth, the unjust are rapidly grabbing it.

No greatness exists unless it's based upon principle and not upon profits.

Library To Present Classic Film Today

"Robinson Crusoe," an entertaining film for the general public, will be shown at 7:30 p.m. tonight in the Heritage Room of Deaf Smith County Library. There is no charge for the movie. The presentation is in addition to children films which are shown at 4 p.m. each Monday through June, July and August in the Heritage Room. As with all library programs, parents are asked to accompany small youngsters. Mrs. Ted Panciera will analyze the book "The Nine Lives of Deaf Smith" by Faye Campbell Griffin on June 26 at 10 a.m. in the Heritage Room. The biography centers around this county's namesake, Erastus "Deaf" Smith. "Making Revolution," another episode in Alistair Cook's America series, will be screened at 8 p.m. Tuesday in the Heritage Room. All of these events are sponsored by Friends of the Library. Special exhibits to be featured through the remainder of this month include artwork by Mrs. Gladys Braly and Judge Sam Morgan's knife collection. Mrs. Gwen London, main librarian, urges the public to take advantage of the local library facilities.

Rebekahs Prepare Opry

Musicians from Amarillo, Pampa and Friona, as well as local talent, have registered to perform in the "Li'l Grand Ol' Opry" here June 29, it was announced to Rebekah Lodge 228 Tuesday in 100F Hall. Country and western music will be featured at the program which will have Lynton Allred as master of ceremonies. Advertising posters were distributed for placement by members. Members were reminded of several upcoming activities, including the 100F and Rebekah Regional revival slated July 12 at Plainview. State grand master and Rebekah Assembly president are expected to conduct this meeting. Also, lodge members and their families are invited to a film presentation Friday at Friona. Individuals planning to attend should assemble at the 100F Hall at 7 p.m. tomorrow evening. A school of instruction on flag

etiquette was presented by Mrs. R.E. Curtsinger lodge deputy. Among the 18 members present, 62 sick visits and 18 greeting cards were reported since the previous meeting. Mrs. L.R. Freeman served as hostess.

Rainbow Girls Will Operate Fireworks Sale

A fund-raising project prior to the Fourth of July was planned by Order of the Rainbow for Girls Monday when they met in Masonic Temple. A firecracker stand will be established near Barrick's Furniture on West Highway 60 for the June 25-July 4 period. The stand will be operated by members from 10 a.m. until dark on weekdays; all day Saturday and from 2-8 p.m. Sunday. Other business included initiation of Merry Rainbow by the officers, who also closed the meeting.

To hear some people tell it, all the world's problems fade into nothing when matched with their brains.

MRS. H.E. HENSLEE ...Was Suffragette baby in Kansas

80th Birthday Celebrated

Women's Rights Not New Cause To Local Woman

Equality for women, still a topical issue, has been instilled in Mrs. H.E. Henslee since birth at Scranton, Kans., where she was christened Susan B. Anthony Worth after the famous suffragette. Eighty years have passed since the local woman was a suffrage baby and her children honored the octogenarian Saturday with a birthday party-openhouse in her home, 306 McKinley. Welcoming guests with their mother, were Mr. and Mrs. Homer E. Henslee of Houston, Mr. and Mrs. George L. Mager of Amarillo and Mr. and Mrs. Don Henslee of 123 Star. newspaper plea for the young couple, the Topeka suffrage women "took it upon themselves to provide for the emergency, which they did, their expenditures being secured by a first mortgage on the baby's name. They foreclosed and the infant was christened with the name of the great suffrage leader." This quote is an excerpt from a newspaper article which appeared in the Topeka paper in 1895. There was some controversy in the articles to follow as the suffrage baby had "no teeth and is bald-headed, or nearly so...nor is this all. Someone has even declared that it is a boy."

Fresh summer flowers were combined in a centerpiece bouquet which matched small nosegays enclosed by a large "80" on the serving table. Petite fours, punch and coffee were served.

The honoree was born in 1895 to Samuel and Ellen Worth, who had fallen into financial straits earlier that spring. Through a

However, this "vile calumny" was proven false. She retained her honor and "was in every respect worthy the admiration of her numerous godmothers and the public generally." Mrs. Henslee, who came to Hereford in 1925, is the widow of the former county judge. She is a member of Lone Star Study Club.

Elderly Learning

Why all the talk nowadays about learning and the older person?

"Because one of the greatest resources of all older Americans is the individual capacity for continuing personal development." Mrs. Vivian Blair, family life education-aging-specialist explained this week.

This is the critically important factor for success in many new services for this age group, the specialist with the Texas Agricultural Extension Service, The Texas A&M University System, noted. "Also, learning can make adjustment to new life styles easier and add exhilaration to new leisure interests.

"Older people can learn to care for their own health problems and help others in their group. This is more important now than ever as costs continue to rise for improved health and other services to the aging," the specialist added. "Learning can help older people become better consumers. They can make better use of facilities such as libraries and museums, along with learning better nutrition, health

maintenance, and keeping up with current legislation, art, music, religion or job training."

Some learning programs are operated entirely by older people themselves or older volunteers. In any sizeable group of older people, almost any talent is likely to be available, Mrs. Blair reminded.

New Chapter Of TOPS Organizing

Working women who are watching their waistlines are invited to join a new TOPS (Taking Off Pounds Sensibly) chapter which will be meeting at 6 p.m. each Monday in Community Center.

Anyone interested in membership should attend the first meeting this Monday or contact Mrs. Susie Montgomery, 364-2509 or 364-4464.

Well-planned advertising works for intelligent users, regardless of the state of business.

Leadership Meets Set

Sunday School Leadership Conferences offering sessions in special interest areas and for all age group leaders in Sunday School will be held this summer at Glorieta N.M. Baptist Conference Center June 28-July 4 and July 5-11.

A Conference for workers with mentally retarded, one of the special interest conferences, will be directed at both Sunday School weeks by Doris Monroe, a consultant in the Sunday School department of the Southern Baptist Sunday School Board.

Other special interest conferences include a Conference On Bus Outreach, directed by D. Lewis White, bus outreach consultant in the Sunday School Board's Sunday School depart-

ment; and a Conference for Sunday School Workers With Deaf, directed by Mrs. Doris Swann, an editor in the Sunday School department. Both of these conferences will be offered only during the second week, July 5-11.

During the first week a Youth Bible Conference is planned for the first 200 to register. This conference is for youth who have completed the seventh grade and above.

Several afternoon conferences are planned which range from one to four sessions. Included are Learning How to Interpret the Bible (related to Adult Sunday School curriculum), Dialogue on Single Adult Sunday School Work, Planning and Conducting Youth Bible Conferences, Youth January Bible Study, 1976, Youth-Parent Relationships and Weekday Early Education.

Local Youth On Dean's List At Southwestern

Southwestern Oklahoma State University at Weatherford has released its Dean's List for the spring semester.

Among those listed is Daniel K. Anderson of Hereford. To qualify for the Dean's List, students were required to finish the semester with a grade-point average of 3.0 or better on a 4.0 scale, with no individual course grade below C.

Only those students enrolled in 12 or more semester hours in which letter grades were earned were considered for the list.

Higher cost furnishings and limited fabric selections will likely result from the Consumer Product Safety Commission's proposed standards for making household items impervious to carelessly handled cigarettes, predicts Mrs. Jane Berry, housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Miss Jane Pitman Described In Book

"The Autobiography of Miss Jane Pitman," the moving biography of a Negro woman who survived 100 years of social upheaval, and "The Snow Tiger," centered around an avalanche, are being featured this week at Deaf Smith County Library.

With lyrical simplicity, Ernest Gaines uses the proud, humorous and dignified words of Miss Jane, a fictional Negro woman who typifies a changeless humanity. Still demonstrating for freedom, the black woman traces her life back to a childhood during the Civil War.

A small New Zealand mining village is the scene for impending disaster in "The Snow Tiger" by Desmond Bagley. Flashbacks, testimony during a public hearing and passionate flare-ups are tools which the author uses to reconstruct the tragic avalanche of snow which consumes a town.

Deaf Smith County Library is open free to the public from 9 a.m.-9 p.m. Monday and Thursday; 9 a.m.-6 p.m. weekdays and until noon Saturday.

THE AUTOBIOGRAPHY OF MISS JANE PITMAN

by Ernest Gaines

This brilliant fictional autobiography by a man Newsweek called "one of the finest American writers today" marks the high point in his illustrious career. Told in the finest tradition of oral history, this novel is the life story of a black lady born in slavery on a

Louisiana plantation who is freed at the end of the Civil War and lives for one hundred more years to see the second emancipation. The story is told in her voice as she might have told it to a young historian who taped it.

Miss Jane's story begins in 1864 when, as a child of eight or nine, she has to serve water to retreating Confederate troops and attacking Union soldiers on

the same day, and it ends one hundred years later as she sets out with a group of friends to lead a demonstration for the freedom that had been promised a century before.

A person of more significance than she could realize, Miss Jane survived the most trying hundred years of our history with pride, with dignity, and with love for man, God, and nature, as well as an abiding fondness for baseball and vanilla ice cream.

As one reviewer said of a collection of short stories by the author: "Reading Gaines is like growing up all over again in your grandmother's kitchen, staying awake past bedtime to hear the tales of the elders." Miss Jane's life is recounted with lyrical simplicity, warm humor and absolute authenticity.

THE SNOW TIGER

by Desmond Bagley

Snow is not a wolf in sheep's clothing—it is a tiger in lamb's

clothing. That saying only partly suggests the incredible savagery of an avalanche—one of the most deadly, fiercest, most capricious phenomena of nature.

This novel is the story of a small New Zealand mining town that lives unwittingly in the shadow of such a disaster. It is the story of the unread signals and unheeded warnings that prepared the way for a human catastrophe so immense no one could quite believe it was real—even while it was happening.

A lot of people had invested interests in the small community of Hukahoronui—especially in the struggling gold mine that was the valley's lifeblood. All of those people would be tested to the fullest as the unusually heavy snows accumulating on the steep slopes above them gathered into one huge force of destruction and death. And one man in particular,

Ian Ballard, who had returned to his childhood home in Hukahoronui as manager of the mine his family owned, would be forced to make the decision of his life—not once, but many times over.

The story unfolds in the dramatic form of a public hearing after the event, in which flashbacks, testimony, and violent human passions—courage and cowardice—blend into one superbly exciting narrative of suspense.

MR. AND MRS. JOE CURTSINGER Honored at reception

Golden Anniversary Observed By Couple

Mr. and Mrs. Joe Curtsinger of 117 Catalpa were honored at a Golden Wedding Anniversary reception Sunday afternoon in the Fellowship Hall of First Baptist Church.

Chrysanthemums and daisies in hues of yellow were decorations for the celebration, which was organized by the couple's daughters, Virginia Curtsinger and Mrs. Bruce Wiggins of San Antonio.

Receiving guests with the honorees were their daughters and their grandchildren, who included Mr. and Mrs. Joe Wiggins and Mr. and Mrs. Edward Wiggins, all of San Antonio and Jimmie Curtsinger of Hereford. They have another grandson, Dare Wiggins, who is serving in the U.S. Navy and was unable to attend.

Mrs. Stan Slagle registered guests, who included Mrs. Curtsinger's mother, Mrs. L.A. Ashlock of 621 Whittier. Out-of-town visitors attending the reception were Mrs. Rosa Church and Mrs. Annie McIntire, both of Claude; Miss Lillie Hundley of Canyon; Mr. and Mrs. Lige Ashlock of Fort Worth; Mr. and Mrs. James Gillean and Mr. and Mrs. Claude Gillean, all of Clovis, N.M.; and Mmes. Dolores Emmett Kelly Jr. for Southwestern Bell.

Salazar, Richard Lippis and Jon Logan, all of California.

A large bouquet of yellow chrysanthemums and daisies mixed with babybreath centered the serving table, which was draped in white. Corsages of pink sweetheart roses were worn by family members.

Hostesses for the house party were Mmes. Charlie Callaway, Hugh Latham, Doug Curtsinger, Guy Cornelius Jr., Clarence Strange and Miss Denise-Strange.

Piano selections were provided alternately by Miss Lori Euler and Mrs. Raymond Curtsinger.

Leta Ashlock and Joe B. Curtsinger, both of Hereford, were wed June 14, 1925 in the Baptist parsonage at Canyon. They were attended by Miss Marie Ashlock, now Mrs. Guy Cornelius, and Andrew Cocanougher.

Natives of Denton County, Curtsinger had resided in Deaf Smith County since 1901 and his bride had come here in 1920. He worked on area farms and ranches and was manager of Domino Hall before his retirement. Members of First Baptist Church, the couple have the two daughters, Betty and Virginia, and four grandsons.

Swimming Classes To Begin Monday

Enrollment for the second series of Red Cross swimming classes will be tomorrow at Hereford City Pool, according to Mrs. Richard Zinser, local water safety chairman.

The only charge is \$2.25 per person and this amount pays for maintenance of the pool. All levels of instruction from beginners through swimmers and Junior Lifesaving will be offered to adults and young-

sters, who must have completed first grade.

Classes will be held each weekday starting at 9 a.m. Adults are welcome to participate in this course or take a special one at 6:30 p.m. Instruction for the second session of classes will begin Monday.

Persons interested in senior lifesaving can also register Friday. Basics of lifesaving will be reviewed during a free training course July 7-11. A new advanced lifesaving class will then be held on July 14 and will offer innovative techniques for water safety.

For further information, contact Mrs. Zinser, 578-4555.

Tips Given

For Freezer Care

Freezers need defrosting and a thorough cleaning before storing the new crop of fruits and vegetables, Frances Reasonover, foods and nutrition specialist, reminded this week.

She suggested consumers should consult their freezer use-care booklet. "But if it's misplaced, here are some suggestions," the specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said.

Unplug the freezer and remove all frozen food. Store the food in a cardboard box or wrap newspapers around it to prevent thawing.

Place clean towels in the bottom of the freezer. Pour cold tap water along the sides to thaw the frost. Using a wooden spoon may help loosen the frost, but don't use metal because it

will scratch the lining of the freezer, the specialist cautioned.

"As the towels absorb the water, wring them out and replace. When all frost has been removed, wash the inside with one quart warm water to which one tablespoon baking soda has been added.

"Rinse with clean water and wipe dry. Replug freezer and wait about 30 minutes before replacing the food."

Turning to other freezer use reminders, the specialist said, "Take an inventory of food and place the packages which have been stored longest at the top or front.

"Now is a good time to match up polyethylene freezer boxes with their lids. Then when it's time to package the food, this job is done."

60%

Weekend Travel Plan:

60% Savings on out-of-state Long Distance Calls.

Travel by Long Distance this weekend and save. When you call out of state the One-Plus way on weekends (all Saturday and Sunday until 5 p.m.) you save 60 percent over the day rate. These savings are also

in effect every night from 11 p.m. to 8 a.m. And when you travel to another state by Long Distance you can afford to stay awhile. Additional minutes always cost less than the first. Have a good trip.

Where One-Plus dialing isn't available, One-Plus rates apply on station calls. If you dial direct and reach a wrong number, call the operator. You won't be charged.

One-Plus Discount Rate Periods

| | MON | TUES | WED | THUR | FRI | SAT | SUN |

★★★ SAWO Adjourns For Summer ★★★

Year-end reports from standing committees and officer installation ceremonies were main points of business last Thursday for a meeting of St. Anthony's Women's Organization in the parish Antonia Room.

Mrs. E.N. Reinart presided at the installation, giving each officer the name of a Catholic saint as symbol of her new position. To serve one-year terms are Mrs. Robert Diller, president; Mrs. Herman Hund, first vice president; Mrs. James Paetzold, second vice president; Mrs. Clarence Betzen, secretary; Mrs. Jim Messer, treasurer; Mrs. James Burrus, parliamentarian; Mrs. Fred Gamboa, historian-reporter.

Mrs. Al Simmacher directed

the meeting, which was conducted after a special mass. Mrs. Diller read the minutes of the last meeting and the treasurer's report was given by Mrs. Ernest Flood Jr.

Annual statements were called for from committee chairmen.

Mrs. Johnny Jesko, who is in charge of the church unit, reported that her division is responsible for the following equipment: chalices, candlesticks, flowers, kneelers, buses, vigil lights and the religious article shop, in addition to building maintenance. She expressed appreciation to fellow members who aided in this area.

Parish activities under the supervision of Mrs. Joe Artho were summarized. She explained that her delegation assisted with visitation of newcomers and shut-ins, CYO socials, Christian Mothers, hospitality hours, special masses, rosary services, the annual assembly and craft day.

Mrs. Artho reported that more than 300 parishioners participated in St. Anthony's Day recently. She also reminded SAWO that CYO will have a swimming party July 16.

Family affair activities were

repeated by Mrs. Neal Lueb, chairman. Programs conducted by this group include Bible study during the autumn, a first aid course and vacation Bible school. She expressed gratitude

to those who were instrumental in these classes, particularly teachers, aides and nursery workers.

Mrs. Sonny Evers, chairman of the community delegation, explained that her unit was chiefly concerned with Church Women United, fund-raising drives, Meals-On-Wheels, Westgate and hospital auxiliaries, Right to Life, Citizens for Decency Through Law and Camp Fire Girls.

Telephone and membership concerns of SAWO were summed up by Mrs. Roy Kuper, who was substituting for Mrs. Leander Reinart, chairman. Projects completed by this group include Sylvester Faigman Farm Sale, arts and crafts day, an auction, Valentine's party and quilt raffle.

Mrs. Kuper continued,

stating that a barn dance will be held July 11. Other responsibilities of this unit include ways and means, international duties and collection of tapes and coupons.

During other business, members voted to sponsor a Camp Fire Girl group which will be led by Mrs. Evers. A donation of \$25 was earmarked for Christian Mothers, who welcomed 10 new members Thursday evening.

Mrs. Jerry Grossman was recognized as a new member of SAWO. The door prize was won by Mrs. Ewald Berend.

The Rev. Bernard McGorry, pastor, was present in addition to about 35 members. The next meeting will be in September.

Hostesses were Mmes. Arhart Reinart, Ewald Berend, Sam Valdez and Edwin Bartels.

Fluorescent Lighting Saves Money, Energy

Well-planned fluorescent lighting in the home is a boon to money and energy conscious consumers. Mrs. Jane Berry, housing and home furnishings specialist, said this week.

"For years fluorescent lighting has been standard in commerce and industry because of its efficiency.

"Now recent tests in a model home which used more efficient fluorescent lamps instead of incandescent lighting, showed a 45 per cent savings in electricity costs," the specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said.

Tests in this model home, designed by the National Association of Home Builders with the help of a lighting specialist, measured electricity

costs in each room where fluorescent was used. These were compared with a similar incandescent lighting system, she explained.

"Savings realized from the use of fluorescent lighting ranged from 29-66 per cent per room—for an average of 45 per cent."

Previous consumer complaints about fluorescent lighting are esthetically related and can usually be attributed to a poorly designed installation or improper choice of light color. Mrs. Berry said.

"Most of these can be corrected merely by using the more flattering colors of fluorescent lighting—deluxe warm white and deluxe cool white," she explained.

Summer Sketching Students

Free art instruction through the Summer Youth Program is involving more than 50 youngsters, who are being taught by Mrs. James Hamby, standing at left, and Mrs. E.A. Guinn, who explains drawing principles to a student at right.

Mrs. Hamby is also instructing a beginner sewing course from 2-4 p.m. each Tuesday at Community Center. The entire program is under auspices of the Chamber of Commerce Women's Division.

Groceries Feature Fruit, Vegetables

Meat takes a back seat to fruit and vegetables on the economy scene at supermarkets this week, one observer says.

"Corn is plentiful and prices just a bit lower, while tomatoes are coming from several growing areas, with quality varying from fair to excellent," Mrs. Gwendolyn Clyatt reported.

"Beets, snap beans, cucumbers, okra, radishes and green onions are also worthy of consideration, price-wise," the consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System, added.

Cantaloupe, oranges, bananas, pineapples and Texas-grown honeydew melons are moderately priced, while peaches, nectarines, cherries,

apricots and blueberries are on the high side, Mrs. Clyatt said. She cautioned consumers to make head lettuce selections carefully, because "there is wide variance in quality, size and weight due to an unfavorable growing season."

Mrs. Clyatt termed egg prices low, with grade A, large-size the best buy.

At dairy counters, there are some "attractive values" on low-fat milk, cottage cheese and a variety of cheddar cheeses—for June, which is Dairy Month, the specialist noted.

At meat counters, best beef values generally include arm and blade pot roasts and steaks, ground beef, round steaks and roasts.

CONSUMER WATCHWORDS: In buying cut-up fryers, or parts, expect to pay six to ten

cents more per pound—unless a special features these at a lower price than whole fryers.

But if a family will eat only

certain parts of a chicken, then fryer parts easily might be the economical alternative.

Sweet potatoes and yams are different but can usually be interchanged in most recipes. But if a recipe calls especially for yams, be sure to use them, because they have extra moistness, Marilyn Haggard, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

Parent-child interaction is affected by the knowledge, expectations, attitudes and behaviors of the parents, Roberta Dix, family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System, points out.

The Conservation Party. Join In.

Do your bit for conservation while you do your thing. A gas grill lets you cook outside and take the heat with you. You don't put an added tax on your air conditioner with cooking heat. A gas grill is so convenient (no charcoal mess or bother) eating "out" will become an everyday affair. And, it will add a charisma to your outdoor living that will last all year long. Get the voters "out" and that wonderful charcoal taste will earn you a vote of confidence from family and friends. You'll receive a mandate for more gas grill cooking. Ask any Pioneer employee.

Honorary CowBelle

Melvin Cordray was named Honorary CowBelle Tuesday night with the Hereford CowBelles held their annual awards party. Placing the cow bell around Cordray's neck was Mrs. Bob Josseland. Cordray was cited for his cooperation with the CowBelles for the past three years. Another winner announced was Armondoe Perez who won a cut of beef from a Fathers Day drawing. The dinner-dance was held in the Hereford Country Club.

First Capping Ceremony Held Here For Nurses

Good Luck Bags

Making "Good Luck Bags" for Monica Herring, Miss Hereford, to take to the Miss Texas Pageant and present to each of the 70 contestants has become a project of the Women's Division of Deaf Smith County Chamber of Commerce and the 4-H girls. Mrs. Roy Shipp is chairman of the project and is being assisted in the picture above by 4-H'er Debbie McCarley, daughter of Mr. and Mrs. Bill McCarley. The women would like other small items to go in the bags to go with a bag of Granola from Arrowhead Mills, a small bottle of Hereford water; a package of Holly sugar and a button from the CowBelles. If businesses are interested in contributing something, they should call Mrs. O.G. Nieman.

Thirteen students were presented caps in the first Capping Ceremony for Vocational Nurses at Deaf Smith General Hospital. The ceremony was conducted at 2:30 p.m. Tuesday in the board room at the hospital by Amarillo College, Hereford Extension.

The class, under the unstruction of Sydney Ann Owens, began Feb. 3, 1975, said Sue Ann Hicks, chairman of the Vocational Nursing program at AC. The Capping ceremony indicates that these students have finished the first five months of a 12 month Vocational Nursing program.

Mrs. Hicks greeted the students and Mrs. Owens presented each with a cap. They were assisted by Mrs. P. Oakes. Following the ceremony, Mrs. Margaret Arnett of Amarillo, a member of the Gideons Auxiliary, offered white Bibles to the novices.

Those who received caps were Kathleen Brieger, 440 Ave. B. Apt. B; Barbara Cooper, 136 Mimosa; Gloria Cortinas, 110 Ave. D; Carolyn Hill, 605 Star; Chris Marnell, 124 Aspen; Alvina Martinez, 433 Ave. D; Alice Mitchem, 441 Long; Shirley Moore, Rt. 4; Odessa Pumroy, 320 Star; Dorothy Schumacher, 325 Cherokee; Karen Shields, 522 Ave. J; Jon Bailey, 107 Sunset who could not attend; all of Hereford; and Jayna Gail Jackson, R.R. Rule, Rt. 3, Friona.

Refreshments of punch and cookies were served. Special guests at the ceremony included

First Capping Ceremony

Pictured above are the first students to be cited in a Capping Ceremony for Vocational Nurses at Deaf Smith General Hospital. Caps presented are the "new look". Standing from left are Sydney Ann Owens, instructor, Shirley Moore, Alice Mitchem, Jayna Gail Jackson, Karen

Shields, Carolyn Hill, Kathleen Brieger, and Odessa Pumroy. Seated are Alvina Martinez, Gloria Cortinas, Chris Marnell, Dorothy Schumacher, and Barbara Cooper. Not pictured is Jon Bailey.

Ron Welty, hospital administrator; Kathryn M. Acton, director of Nursing Service; and

Mrs. C.B. Witt, a member of the Gideon Auxiliary of Amarillo.

Look Who's New

Mr. and Mrs. Joe Paetzold are the parents of a son, Jason Paul, born June 10. He weighed 6 lbs.

Mr. and Mrs. Demetrio Zuniga are the parents of a

daughter, Lisa, born June 13. She weighed 7 lbs. 10 oz.

Mr. and Mrs. Jesse A. Perez are the parents of a daughter, Monica, born June 15. She weighed 5 lbs. 14 1/2 oz.

FFA Plans Horse Ride

The Hereford FFA will hold a horse ride at buffalo Lake June 22.

The group will leave from the agriculture building at 1:30 and those planning on making the ride should have a horse and trailer and should bring a sack lunch.

Anyone without a horse or trailer should contact one of the FFA officers.

All outgoing and new members are invited to attend.

Shell loses \$290-million in a nuclear venture.

Caps With New Look

Gloria Cortinas is shown as she receives her cap during the Capping Ceremony for Vocational Nurses at Deaf Smith General Hospital. Making the presentation is her instructor, Sydney Ann Owens. Twelve other students also received caps.

College isn't the only place to continue your education.

You may not join the Army to get a college education, but it may end up that way.

Last year alone, 90,000 young men and women earned college credits while serving in the Army. And the Army paid up to 75% of the tuition.

And now, through the Army's newest educational program, Project Ahead, you can enlist in the Army and start college at the same time.

For more information, see your local Army Representative. You'll find the address in the Yellow Pages under "Recruiting." Or call 800-523-5000 toll free.

Join the people who've joined the Army.

Fun-Food-Fellowship Club at First United Methodist Church, 11 a.m. and lunch.

Noon Lions, Civic Club Center, noon.

Story hour for preschool children at Deaf Smith County Library, 3-3:30 p.m.

BIRTH ANNOUNCED

Mr. and Mrs. George Bullard of 405 Ave. C are the parents of a daughter, Erin Camille, born June 13 at Farmer County Community Hospital, Friona. She weighed 8 lbs. 12 1/2 oz. Grandparents include Mr. and Mrs. James Jesko, Route 2.

Church To Practice Old Worship Styles

Worship styles dating back to the turn of the century will be adopted for the ensuing nine weeks at First Presbyterian Church, according to the Rev. Roger B. Knapp, pastor.

This unique program will involve temporary suspension of the regular Sunday School, moving the worship service to 10 a.m. each Sunday, beginning June 22. Under action of the Session, the official ruling body of the Presbyterian Church, stress will be placed on family worship and fellowship.

Each service will depict a different era, starting with the congregation's first years at La Plata, which was the county seat at that time. Following weeks will use changing formats of the first 25 years of the church's existence, according to research of church records and historical information.

Practice of these pioneer worship services promises to be "inspirational, serious yet at times humorous," Rev. Knapp said. Each Sunday service will be followed by a period of coffee and conversation.

Camp Fire Festival Planned

All Camp Fire Girls, including Bluebirds, are invited to participate in a Fun Festival Swim Meet from 9 a.m.-1:30 p.m. Saturday at the City Pool.

By entering competition, Adventure Club and older girls can earn swimming honor beads. There will also be entertainment for non-swimmers.

Following the water sports, the girls will be served hot dogs in Damron Park.

Youth planning to attend should call the Camp Fire Lodge between 10 a.m.-noon, appear at the pool Friday or contact Mrs. Jimmy Dawson, director.

Same size ready-to-wear garments may vary as much as one and one-half inches per body measurement. Sizes vary according to different manufacturers, price-ranges and garment types, Mrs. Becky Culp, area clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System, explains.

Tense Concentration

A game of chess, which is included on the list of activities in the Summer Youth Program, draws an audience of peers and Miss Cindy Hairgrove, the first part-time employee with the SYP. Almost 300 local youth are participating in the youth-oriented program which began this month and is being conducted under direction of Mrs. BHI Allen.

Chinese Designs Influence Fashion

Chinese influence is the biggest fashion story for fall '75 from top American and European designers, Beverly Rhoades, clothing specialist, reported this week.

"Karate, coolie or workers' jackets--inspired by Chinese origin--are worn over skirts, dresses or pants.

"Side wraps with frogs or wooden toggle closings are

popular for dresses, coats or jackets," the specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said.

In traditional Chinese style, the silhouette is slim. Look for jump suits as well as tunic tops over pants.

Other Chinese influences include mandarin collars, contrast piping and body-shaped,

side-slit dresses, the specialist said.

"Shiny quilted fabrics and Chinese mohair create the oriental look. Colors are strong and deep--lacquer red, jade green and shiny black patterns.

"Jade and coral jewelry complete the look. Other accessories include finely carved pendants and silk scarfs around the neck."

DEAF SMITH COUNTY

FARM NEWS

Record Wheat Crop Pressures Prices

Harvesting of a record wheat crop is under way, and pressure is mounting on the prices farmers receive for their crop. Roland D. Smith, grain marketing specialist for the Texas Agricultural Extension Service, sees wheat prices at the \$2.75-\$3 per bushel level during the coming weeks as the 1975 crop moves to market.

"Harvesting of the estimated two-billion-bushel crop is gaining momentum in the wheat producing areas," points out Smith, "although late winter weather and heavy spring rains caused earlier delays. According to the U.S. Department of Agriculture report of June 10, the Texas wheat crop is estimated at 132 million bushels, more than double last year's output."

The specialist feels that early harvested wheat will be marketed on schedule but that a considerable amount will be stored in elevators as the harvest progresses and prices

begin to decline. "In addition to the expected record harvest in the United States, limited exports and an expected increase in world wheat production also will have a dampening effect on the prices U.S. farmers receive for their wheat," points out the Texas A&M University System specialist.

"Wheat exports are well behind USDA projected levels of 1.1 million bushels, meaning a larger carryover than expected. Of course, the cancellation of wheat contracts by Turkey (some 18.6 million bushels) was a damaging blow. Now importers are counting on the big crop to push prices lower before they have to buy. India is the only significant single buyer of the new-crop wheat."

World wheat production in 1975 should be some 7 per cent above last year, according to the International Wheat Council. There is still much concern over the all-important

USSR crop, but recent rains were reported to have alleviated some of the dry conditions.

"This increase in world production is expected to enhance the competition for wheat exports during the coming year," contends Smith. "The European Common Market has enacted an export subsidy to undercut current U.S. wheat prices."

On the brighter side, some expansion of wheat feeding is expected this summer, with the possibility that wheat usage as feed may reach 200 million bushels, according to the specialist.

"Animal nutritionists say that wheat can be substituted in cattle rations up to 35-40 per cent. Wheat prices are already competitive with feedgrains in some of the Plains states where feedgrains are in short supply due to a poor crop last year. Wheat at \$2.85 per bushel would

be at about a break-even price with corn at \$2.67 per bushel. This situation might help set a floor price for wheat, although livestock feeding is still limited.

"Farmer selling intentions are a critical consideration in price projections," believes Smith, "since they control virtually 100 per cent of the wheat supply this year. Last year wheat producers held their crop past harvest, partially resulting in higher prices received."

The specialist contends more wheat will likely be stored in Texas and Oklahoma this year if prices fall much below the \$3 level. North Texas elevators are reporting limited selling at harvest. Furthermore, wheat producer organizations are advocating "orderly marketing" to insure better prices for growers.

"The wheat market is quite weather-oriented now and will be through July," says Smith.

"Good harvest weather will mean a record crop and that will put pressure on the wheat market. Wheat as well as other

grain producers will have to pay particular attention to the market situation this year to get the most for their crops," he adds.

Farmers Asked To Return Form

Letters appealing to 99 thousand Texas farmers to return completed report forms for the 1974 Census of Agriculture are being mailed by the Bureau of the Census. In January, 323 thousand forms were mailed to Texas farmers and residents associated with agriculture and so far, 69 per cent have been mailed back or otherwise accounted for.

Bureau officials say this is the last in the planned series of follow-up letters, as collection of census data is scheduled to be closed out June 30. In addition, telephone calls are being made to selected farmers who have not yet returned the forms in order to obtain information about their 1974 agricultural

operations. Everyone who received a form should return it, even those not actively engaged in farming, such as landlords or those no longer farming. That information can be noted on the form which should be mailed back in the envelope provided.

Response to the census is mandatory by law. By the same law, all information about individual farms is confidential and can be used only for statistical purposes.

Farmers can refer to farm business records for many of the figures called for in the form. When records are not available, reasonable estimates are fully acceptable, Bureau officials say.

ASCS News

Records Important For Farm Payment

Some of you did not receive all or part of your disaster payments in 1974, due to plowing or grazing and the fields prior to inspection, not reporting low yield crops prior to destruction of the crop residue, etc. The following was printed in the Farm County ASCS Newsletter. I thought it was worth passing on:

"WHEAT LOW YIELD PAYMENTS: Wheat producers that do not make more than about two-thirds of their normal yield should check with this office within 15 days after harvest is completed and before the stubble is destroyed. It just might be that they would be eligible for a low yield payment. We stress the "might be". A lot depends on the total acres planted. Also, feed grain acres could get into the picture.

In the event a producer is eligible, he will need to furnish accurate production records. This includes sales documents, warehouse receipts, warehouse ledger sheets, or elevator receipts. Wheat stored on the farm will have to be measured by a representative of this office.

Be sure and keep production separate between farms.

CROP DISASTER: If you should lose wheat, feed grain or cotton because of conditions beyond your control, be sure and let us know immediately. We must inspect the remains of the crop. It is possible that you could qualify for disaster payment."

If you have any questions in regard to the farm program on your farm, please check with us. This way you will be sure on

what you need to do. All programs administered by Deaf Smith County ASCS are available to all persons without regard to race, creed, color or national origin.

Quality has always been first at Safeway! We spare no effort to bring you the best foods at reasonable prices. Safeway meats are top quality, close-trimmed to remove excess fat and bone to give you more for your money. Sparkling fruits and vegetables offer an abundant selection each time you visit our store. Residents Bound For Beet Meet

Hereford residents joined representatives from the European Common Market countries at the third annual meeting of the Common International Beet Association in Washington, D.C. Tuesday.

Those attending from Hereford include Mr. and Mrs. Virgil Marsh, Mr. and Mrs. Don Shipley, Mr. and Mrs. Homer Garrison, Mr. and Mrs. Jay Boston and Mr. and Mrs. James Witherspoon.

Representatives from Spain, Germany, France, Ireland, the Netherlands, Switzerland and Italy also attended.

Delegates will discuss prospects for a new international sugar agreement and will hear remarks by various sugar industry officials.

Pricing and cultural practices will also be discussed.

A Mighty Factor
The economic importance of the automobile industry has been estimated at \$77 billion. Agriculture, on the other hand, accounts for over \$400 billion in the nation's economy.

Chain reaction.

Chains. Long and short. Wear them two at a time. Or twenty two at a time. The more you wear, the smarter you look. Wear them plain. Or add a pendant. And watch the reaction. From Spidel, in gold-filled, sterling and 14K solid gold.

FARM NEWS

USFGC Official Tours East European Countries

Colonial Farm Methods Criticized by British

The productivity of America's farmers have made this nation the marvel of the world when it comes to food. Not only does the United States enjoy the lowest percentage of income spent for food of any nation, but the variety and availability is the best to be found anywhere.

It is hard to realize that the low esteem in which American farming practices were held by the British was one of the factors that let England lower her guard in the belief that the colonies could ever succeed on their own.

Agriculture was written about extensively in England, and the regard with which the British looked across the sea at the colonists was tainted by this reporting of our farming practices.

Officials of the U.S. Feed Grains Council are finalizing plans for a seminar on field, industrial and animal waste to be conducted in Yugoslavia in October. The program, designed to increase use of American feed grains, is expected to attract delegates from 15 Eastern and Western European countries and Russia.

Leading the project are council chairman Elbert Harp of Abernathy, Tex. and council president Darwin Stolte of Washington, D.C. They are currently on tour of East Europe, inspecting council facilities and promoting the use of feed grain imported from this country.

Harp is executive director of the Lubbock-based Grain Sorghum Producers Association, which was instrumental in the formation of the council in 1960, and the Texas Grain Sorghum Producers Board.

While touring Yugoslavia, the USFGC officials participated in the Novi Sad Trade Fair, which attracted displays from farm machinery to food products from 45 countries. The council booth featured a slide show on council activities, especially the use of U.S. feed grains in livestock feeding.

One day of the fair was devoted to addresses by representatives of the feed grains council and the Soybean Council of America.

Harp urged the Yugoslavians to consider long purchases from the United States, pointing out that such agreements "assure both buyer and producer that adequate supplies will be produced for a steady market."

"This seems to be a positive and favorable approach to solving some of the problems of both the exporting and importing countries," Harp said. He said that the U.S. has entered into many such trade agreements with other countries, mentioning specifically recent signing of a contract with the government of Norway for large shipments of grain to be delivered periodically during a three-year period.

"This is a commitment from our grain traders that they will secure and deliver the agreed quantity of grain as the contract states," Harp said. "It is also a commitment from our customers to our producers that ready markets will be available for that volume of grain."

"As we look forward to the crop of 1975, we expect to have a record production. This means that we should harvest ample supplies of grain for both domestic and export purposes

supplies will be produced for a steady market."

The 106,000 combinant employees are divided into various groups of tractor drivers, hand laborers, engineers, managers, etc., each working together. Each segment elects representatives to a governing board which decides how many acres of various crops to produce and then how to process and market them.

The workers are paid salaries based on the type of work and the amount of experience and productivity they have, Harp said. "The profits are divided among the workers as bonuses at the end of the year or part of it is held back for expansion of the combinant. In addition to their salaries, the combinant employees are furnished with apartments, dine in restaurants at combinant cost and vacation at combinant resorts. They are also provided with free schools and free medical treatment."

Harp pointed out that there are many combinants in Yugoslavia, each competing

with the others. He relates a conversation with a native Yugoslav who described the combinant as "a socialistic system which combines the best of socialism with the competitive spirit of capitalism and gives all the workers a goal to work for...of which their reward would be based on the success of the entire combinant."

The USFGC is an organization of farm commodity groups and agribusiness firms dedicated to improving foreign markets for American grain products. The council works under contract with the Foreign Agricultural Service of the U.S. Department of Agriculture to develop markets throughout the world.

Harp and his wife, Clara, are expected to return to Lubbock June 8.

Thrips May Hurt Sorghum

The greenbug and banks grass mite, major pests or sorghum, may cause damage at any time.

Thrips are a less spectacular pest, but with the right conditions can severely damage young grain sorghum plants, according to N.E. Daniels, entomologist with the Texas Agricultural Experiment Station at Bushland. They migrate from maturing wheat to emerging sorghum plants in adjacent fields. Thrips range up to one-sixteenth of an inch but are slender and difficult to see.

These pests injure plants with mouth parts that enable them to rasp through leaf surfaces, suck juice, and cell tissue. Heavy populations kill all leaves and very small plants die. Brown leaves on young plants are a good indication that damaging numbers of thrips are present.

Conditions were favorable and thrips became numerous on seeding grain sorghum in 1973. In order to develop control measures, Daniels sprayed several insecticides on infested sorghum at the USDA Research Center at Bushland. Azoderin, dimethoate, meta systox R, carbofuran, lamate and parathion each gave effective control. Grain yields were not reduced if thrips were controlled with insecticides on sorghum plants less than 3 inches tall. Thrips infesting sorghum larger than 3 inches did not reduce grain yield nor require control measures. "Thrips won't hit sorghum every year, but careful checking and insecticide treatment, if necessary, may save the cost of replanting," Daniels stated.

Cows of the Colonial farmer were a far cry from the prolific milk producers which are found on today's modern dairy farms.

Milk yields were extremely low. Israel Acrelius, a farmer and writer of the time, reported in 1759, "Where the pasture is fair, a cow does not give less than two quarts of milk at a time - that is, twice a day." Cows today commonly produce 25 quarts a day. And it's not unusual for a cow to produce 50 quarts in a day and some exceptional animals have produced 75 and more quarts in a single day.

There was not much improvement in Colonial cows until after 1790, when farmers began to produce forage crops in more abundance. As the half-starved animals ate better, the production of milk gradually began to increase.

14. CARD OF THANKS

CARD OF THANKS My sincere thanks for all expressions of sympathy. It was a great consolation to me and helped me to bear the loss of my husband. Mary Wolff

TO THE STATE OF TEXAS TO: THE FATHER OF JOE ANTHONY SOTO.

GREETING:

YOU ARE HEREBY COMMANDED to appear and answer before the 69th Judicial District Court, in and for Deaf Smith County, Texas, at the Court-house in Hereford Texas, at or before 10:00 o'clock a.m. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of DELFINO ROMO and VICENTA ROMO, husband and wife, Petitioners filed in said Court on the 13 day of June 1975 against MARY JANE BENAVIDEZ and the unknown father of JOE ANTHONY SOTO. Respondent (s), and said suit being No. DC7445 on the docket of said court, and entitled "IN THE INTEREST OF JOE ANTHONY SOTO, a Minor, the nature of which suit is a request to terminate the parent-child relationship. Said child, JOE ANTHONY SOTO was born on the 9th day of November, 1973 in San Antonio, Texas. The Court has authority in this suit to enter any judgement or decree in the child's interest which will be binding upon you, including the termination of the parent-child relationship and the appointment of a conservator with authority to consent to the child's adoption. ISSUED AND GIVEN UNDER my hand and seal of said Court at Hereford, Texas, this 13 day of June, 1975. MRS. LOLA FAYE VEAZEY Clerk, District Court T-49-1c

NOTICE The Texas State Department of Health has established, in accordance with the Federal Public Health Services Act, the current level of uncompensated services for King's Manor Methodist Home, Inc., Hereford Texas at \$19,039. The documents upon which the determination was based are available for public inspection at the Texas State Department of Health, 1100 West 49th St., Austin, Texas from 9:00 A.M. to 4:30 P.M. on regular business days. The level of services set out meets the presumptive compliance guidelines of the Federal regulation. T-49-1c

THE STATE OF TEXAS To: Patsy Helen Woolery Henderson

You and each of you are hereby cited, required and commanded to appear before the County Court of Deaf Smith County, Texas, to be held in the county court room in the courthouse of said county in the city of Hereford, Deaf Smith County, Texas, such appearance to be at or before ten o'clock a.m. of the first Monday next after the expiration of ten days from the date of service, exclusive of the day of service, which day and date of service shall be the date of publication that this newspaper bears, and which appearance shall be at such time on such Monday, which will be

the 30th day of June, 1975, by filing written answer to the amended application herein-after mentioned, contesting same, should they or any of them desire to do so, which amended application will, at such 10 o'clock hour and such place be acted on, said application having been filed by *Verna Clayton Woolery, Executor, in said court on the 13th day of June, 1975, and now pending there, in a proceeding on the probate docket of said court, styled** In The Matter Of The Estate of Mary Ellen Woolery, deceased, the file number of which application and the docket number of which proceedings is 2435, the nature of such amended application being for*** partition and distribution of the property belonging to the estate, and to determine the names of the heirs and their proportionate part of the property belonging to the estate of Mary Ellen Woolery, deceased.

If this citation is not served within 90 days after date of its issuance, it shall be returned unserved.

Witness, B.F. CAIN, clerk of the county court of Deaf Smith County.

Given under my hand and the seal of said court, at office in the City of Hereford, Texas, this 13th day of June, 1975.

B. F. Cain Clerk of County Court of Deaf Smith County, Texas By Cynthia Vines, deputy. Seal T-49-1c

Veterans Qualify For Home Loans

Jack Coker, Veterans Administration Regional Office Director, reported recently that a liberalizing provision of a recent law allowed it to restore GI home loan entitlement to 7,456 veterans in the first quarter of 1975 - well above the previous total for a full year. Requests for restoration in March totaled 4,699. Of that number, 3,540 were approved, pushing the three month total to 7,456. Yearly totals have ranged between 4,282 and 5,272 since 1971. Coker explained that the Veterans Housing Act of 1974 (PL 93-569, Dec. 31) relaxed restrictions on reinstating loan entitlement to previous users. Previously, loan benefits could be restored only for what the

agency described as "compelling reasons." This requirement was eliminated by the new law, and VA now may restore benefits whenever the property has been disposed of the GI loan paid in full. More than nine million loans valued at nearly \$112 billion have been guaranteed since World War II. Almost 4.9 million veterans have paid their loans in full, and thus could qualify for restoration of entitlement if they dispose of the property which secured their loans. Another provision of the Housing Act allows VA to restore a veteran-seller's entitlement and release him from liability to VA when a

veteran-buyer agrees to assume the outstanding balance on the property. The buyer also must qualify from a credit standpoint, and agree to substitute his entitlement to the same extent as the veteran-seller. VA guarantees 60 per cent up to a maximum of \$17,500, whichever is less, of home loans private lenders make to eligible military service personnel and veterans of World War II and later periods. Coker urged any eligible person interested in GI home loans or restoration of loan eligibility to contact the VA regional office which has his records, veterans county service officers, or representatives of local veterans service organizations.

VA Questions, Answers

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them. Q-I'm the wife of a World War II veteran who named his mother as beneficiary on his \$10,000 National Service Life Insurance policy. Can the Veterans Administration designate me as beneficiary if I request it? A-Yes. Under a 1973 law, VA is allowed to pay up to \$150 in plot and interment costs of veterans not buried in national cemeteries. Q-As a recently discharged veteran with a service-connected disability, I'd like to attend college under the Veterans Administration's vocational rehabilitation program. I have a wife and child as dependents, and wonder what benefits I'd be entitled to? A-Under current rates, you would receive your tuition, fees, books and supplies, plus a \$304 monthly allowance check, if you attend full time. Q-I'm a veteran in a state which has no burial space left in

Cotton Comes To Harlem

Godfrey Cambridge and Raymond St. Jacques star in "Cotton Comes to Harlem," an NBC Thursday Night at the Movies film June 19 (8:00-10:00 p.m.). (Retrocast)

Redd Foxx, of NBC-TV's "Sanford and Son," plays Uncle Bud in the film, and J.D. Cannon, a regular on NBC-TV's "McCloud" series, appears as Calhoun.

In the story, the Rev. Duke O'Malley (Calvin Lockhart) sponsors a mammoth barbecue in New York's Harlem to give would-be investors the opportunity to put their hard-earned funds in a shady scheme.

Detectives Gravedigger Jones (Cambridge) and Coffin Ed Johnson (St. Jacques) immediately begin an investigation of O'Malley.

O'Malley believes a small fortune at the affair but before he can make his getaway, ex-convict Calhoun (Cannon) has made off with the loot. When Coffin and Digger catch up with the crooks, neither has the money, and a spirited search is on.

Wednesday Preview

7:00...CBS...TONY ORLANDO AND DAWN SWIFT. "Tony Orlando and Dawn Swift." (R)

FOOTNOTE

Mike Landon, producer-star of NBC-TV's "Little House on the Prairie," is walking with a cane because of torn ligaments in his foot. "During 14 years on 'Bonanza,'" Mike says, "going all my own stunts, I never broke a fingernail. But the other day, playing football with some kids, I stepped in a hole and almost broke my neck."

SURF CASTING

Van Williams, who stars in "Westwind to Hawaii," NBC-TV's new Saturday morning children's show, was working in Hawaii as a diver when he was asked to teach diving to the late producer Mike Todd. Todd invited his instructor to Hollywood to try for an acting career. Williams left Hawaii nearly 20 years ago and has been acting ever since.

"The Honkers"

"Honkers" means wild bulls and wilder women as James Coburn stars as a fading rodeo rider trying to break his own bad luck in the television premiere of "The Honkers" on the ABC Television Network's "The ABC Sunday Night Movie" June 22 (7:30-9:30 p.m.).

Lots Hettler and Slim Pickens are also starred in the contemporary story of rodeo life that Los Angeles Times critic Charles Champlin said catches the "earthy, beefy flavor" of that world. The mixture of camaraderie and competition, with an accuracy which is refreshingly unassessive.

Filmed in and around Carlsbad, New Mexico, the movie finds Law Lathrop (Coburn) hoping to impress his hometown friends—and patch things up with his estranged wife (Lots Hettler)—by living clean and riding well when the rodeo comes to town.
