Auto Dealers Heard

1975-76 City Budget Approved

In a longer than usual meeting Monday, the Hereford City Commission approved a \$1,914,613 budget for the 1975-76 fiscal year, heard from representatives of the Hereford Auto Dealers Association and passed parking restrictions on Park Ave.

Also, the commissioners approved an easement for the county for a road at the municipal airport, authorized bids be taken for four pickups and five patrol cars and granted Armour Foods Co. a request to put a radio antenna on the city-owned water tower at the Armour plant.

THE BUDGET was approved along with the effective tax rate of \$1.20 per \$100 yaluation. Of this \$0.3091 is for the interest and sinking fund and \$0.8909 is

for the general fund.

The total estimated valuation in 1975 is \$103,875,000, as compared with last years' valuation of \$99,758,000. The total taxable amount based on a 45 per cent assessed valuation is \$46,744,000, which is expected to raise about \$516,054 if at least 92 per cent of the taxes are

collected.

Included in the budget are revenues projected at \$1,645,446 and expenses of \$1,605,769. This leaves a surplus of about \$308,000. The only increased cost to residents is that of the trash charge which went up last month from \$1.25 to \$2.50 per month for single-family residence. No tax increases are forecast.

THIS YEAR is expected to compensate for last year's budget which went into the red due to the incinerator fire. That was first time in 18 years the city went in the hole.

In a prepared-written statement, Orval Watson asked the commissioners to change the bidding procedure by not opening bids until the time of City Commission meetings. Presently sealed bids are opened at 2 p.m. on the same day the commissioners meet to accept

The Hereford Auto Dealers Association appeared to straighten out the problems that existed with bidding city equipment during the past two months. In December the City Commission threw out all bids submitted because two were changed or withdrawn after being turned in and in the last meeting, commissioners accepted the highest bid due to changes of bids after submission.

However, the present method used by the city was termed "legal" and appropriate as time is needed before meeting for bid examination by the city staff and other concerned parties.

watson claimed that The Brand story about the Feb. 3 meeting made the dealers out to be thieves and that the headline with it was "slanderous." The story also contained a quote from Mayor Jim Sears describing the bid proceedings which had taken place as "Mickey Mouse business."

Sears didn't deny the statement but said that no intent was meant on the part to the commission to malign any of the car dealers. Other commissioner concurred in the statement and agreed that they sympathized with the problems the dealers were having in getting firm price quotes for bids.

Watson also said that the dealers were just trying to correct the bidding procedure and not trying to condemn the City Commission.

Other car dealers also relayed similar information on the subject including

Winter Wheat Crops

Heavy Snowfall Helps

The winter wheat should be a little more golden and grow a little taller this summer as a result of the white, fluffy snow that fell over the weekend.

The five inches of snow that fell in the city Saturday, Sunday and Monday was reported as being the most received this year, according to KPAN figures.

OF COURSE, the streets became a soshy mess Tuesday and Wednesday as the snow melted off under the sunshine which sprang forth Tuesday. It was welcome telief for those who were cooped up all weekend, but area growers weren't unhappy to get the moisture.

The slick streets also resulted in different traffic mishaps. Compounding the driving hazard was the thick fog which moved in Monday morning. About five accidents were reported by local police as of Tuesday.

County Agent Juston McBride said Monday. "This 4 inches of moisture that we received will be very beneficial for our wheat growers. The moisture we have had in the past has been very limited.

"But we are looking at much better prospects for the future. This snowfall will not get out a wheat crop, but it will certainly hold us over until we get another snow or rain," he said.

THE COUNTY AGENT said, "This time last year we were going through a dry spell, which started after October. By January the situation was getting better, but not near as well as this year's wheat conditions.

Snowfall amounting between 4 and 5 inches was about the same in all parts of the county, except for the Easter Community which reported 9 inches. The area east of Dawn received 8 inches.

KPAN reported .6 inches of moisture over the past few days. Sunday temperatures reached 33 degrees with a low of 19, Monday's high was 29 and low of 22, Tuesday the low was reported being 15 with the high temperature reaching 35. The forecase calls for continued cold with snow ending.

Reports from other areas of the Panhandle were similar to local ones with heavy apow and fog prevailing. And as here the prospects for the wheat crop are good.

adverse reactions to what had taken place. They accepted the wishes of the city to abide by the existing bid procedure.

THE PARKING restrictions on Park forbids any parking along either side of the street due to the State Highway Department's requirements for a four-lane street. The city requested that the street be a four-laner because of the present traffic mishaps which have resulted since the street isn't marked.

The portion of the street in front of Dr.

John Chandler's office and Stan Knox TV

and Music was changed from angle
parking to parallel parking.

The THD is expected to mark the street as a four-lane street with the passage of the restriction.

The easement for the county was granted after no reasons were found that a road at the airport would in anyway hamper city operations.

The bids on the city vehicles are to be submitted no later than 2 p.m. March 17 to the city manager's office. The patrol cars are naturally for police department use and the pickups will be used by city employes for various duties.

Child Abuse Seminar Set

A Child Abuse Seminar will be held in the Community Center at 8 p.m. Thursday, Feb. 27. The program is sponsored jointly by the Hereford Jaycees and the Deaf Smith County Child Welfare Department.

Three films will be shown dealing with the problem of child abuse. The films are furnished by the State Welfare Department.

All doctors, teachers, teacher's aides, law enforcement officers and interested citizens of the community are invited to attend. There will be no admission charge.

City Commission Plans Move To Limit Utility Rate Increase Requests

By BOBBY TEMPLETON Brand News Editor

Utilities have generally had an upper hand when asking cities for base rate increases, but Hereford City Commissioners moved Monday night toward an ordinance which would limit the amount of higher rates.

In a unanimous vote after extensive discussion, City Attorney Earnest Langley and City Consultant Bill McMorries were authorized to draw up an ordinance which would set guidelines and a formula by which rate increases would be granted.

THE EVENTUAL adoption of such an ordinance is considered a significant move among Panhandle cities as it would

lead to other cities following Hereford's example to control utility companies. With the interest to the creation of a possible state utilities commission, an eventual head to head confrontation, either in the courts or before the Texas Railroad Commission, is anticipated between Texas cities and utilities.

"By adopting such an ordinance,"
City Manager Dudley Bayne said, "we would have a foundation on which to determine future base rate increases requested by utilities. It would set standards for us to require utilities to submit specific information justifying their requests."

Also, the city would possess a "black and white" statement to protect it if called before the Railroad Commission or into the courts either from a suit by a utility or by one filed by the city. "IN EITHER case, we're protected with the ordinance. It would work to our benefit either way." Bayne said.

Mayor Jim Sears and Commissioners
Frank Barrett and James J. Boyd
expressed apprehension that the city
would be possibly inviting a suit and
therefore might be running the risk of
being out a lot of money for court costs.

Langley estimated that such costs, if
incurred, would run between \$50,000 and
\$75,000 in the courts and much less if just

Langley estimated that such costs, if incurred, would run between \$50,000 and \$75,000 in the courts and much less if just called before the Railroad Commission. Bayne recalled the previous effort by Panhandle cities in 1967 to fight the utilities and the share of costs of Hereford only ran about \$1,600.

"If we did go to court, with other cities, the costs would be prorated," the

cities, tae costs would be protected.

The proposed ordinance, which could take about a month to draw up, could base rate increases on 60 per cent of original cost less depreciation and 40 per cent of replacement cost new with a maximum of 110 per cent of original cost.

RECENT CONCERN for utility control has surfaced locally due to the last bill mailing by Pioneer Natural Gas Co. The bills were higher in some cases double because of the 100 per cent monthly pass through by Pioneer and increased gas use from this year's colder winter.

Commissioner H.A. (Hap) Caviness and Bayne said they have been contacted constantly over the higher bills and said it

was hard to explain.

Pioneer on the basis of the pass through has raised gas rates by 41 per cent since this time last year when it was granted by the City Commission, according to Bayne. No action resulted specifically on the gas bills although it was discussed that Pioneer could be limited by the proposed ordinance.

Donna Kendall New Miss Teenage Hereford

Monica Herring Named Miss Hereford

Monica Herring, daughter of Mr. and Mrs. Dean Herring, graduated from the Miss Teen title to the 1975 Miss Hereford position Saturday evening in the high school auditorium.

As recipient of the top pageant honor,
Miss Herring will represent this city at
the Miss Texas contest this summer at
Fort Worth. A \$500 scholarship, an
engraved silver tray and a sheaf of roses
were presented to the new Miss Hereford
on behalf of the Women's Division, Deaf

Smith County Chamber of Commerce.

THE MISS TEEN title was assumed by Donna Kendall, who impressed judges with her vocal selection, "My Tribute." Miss Kendall, daughter of Mr. and Mrs. Lawrence Kendall of 1401 E. 13th, was awarded a \$100 scholarship, tray and roses. She is a junior student at Hereford High School.

Caye Clearman, daughter of Mr. and Mrs. Hugh Clearman, was runner-up for the Miss Hereford title and will serve in that capacity should Miss Herring be unable to complete her term. First runner-up in Miss Teen competition was Michelle Moore, followed by Lynda Dones in the second spot.

Fifty dollar scholarships were presented to talent winners in both divisions. Nancy McDonell, daughter of Mr. and Mrs. R.B. McDonell of 120 Kingwood, won the Miss Hereford talent category with a tap dance. The Miss Teen talent honor went to Miss Kendall.

A DISTINCTION chosen by the entrants themselves, Miss Congeniality honors were bestowed on Beverly High. Miss Hereford contestant, and Lynda Dones in the Miss Teen category. Each received a \$25 scholarship.

Patient Services High For Hospital in Jan.

The Deaf Smith General Hospital was busy in January with a record volume of services to patients Hospital Administrator Ron Welty told the hospital Board of Directors in the regular monthly meeting Tuesday morning.

The information came in Welty's January operating report which indicated that the hospital experienced a 59.4 per cent occupancy rate, the highest in recent months.

The report topped the discussion at the meeting along with information concerning the good financial position of the hospital.

AMONG OTHER ITEMS considered

were future renovation of the surgical facilities, payment to the hospital's architect for work on the master plan and a project to microfilm all the hospital

"We had revenues of \$148,494 during January due to a high amount of utilization," Welty said. This was accompanied by expenses of \$126,475 for the month.

As in any operation a certain amount of accounts receivable are expected to be lost and not figured in the budget. Even though the hospital had about \$20,000 in losses on account during January, the figure was only 6.54 per cent of the revenue. This compares favorably with

8.67 per cent loss on account for the same time last year. Total loss on account last year was about 6.55 per cent.

Welty said the utilization was a healthy sign for the hospital's operation. Usually, he added, the month of January experiences higher occupancy with the previous two months experiencing lower occupancy.

"THE MAJOR thing to remember,"
Welty said, "is that a greater volume of
services were provided patients in most
areas."

Concerning the planned renovation of surgical facilities, Welty emphasized the necessity for board members to keep in

mind that the operating rooms were needing repair and that it should be taken care of at the soonest possible time.

Dr. John H. McCrary, board member, said that it was no time to be putting a bond issue before the voters since the financial situation is bad, especially the local cattle market.

Welty, however, said that a bond issue was not necessary to take care of the renovation because existing reserves could handle it. But, it was agreed that the board should wait until the fall, when economic conditions are expected to

Building Trades Educational, Saves Tax Money

Students Structure Buildings, Citizenship

By DAN WELTY

Two courses taught at Hereford High School, Building Trades and Electrical Trades, are saving the school system and tax payers money as well as providing the students in the program with useful skills.

The two courses are part of the extensive vocational education program at HHS according to teachers Rex Manley and Ed Warren.

ABOUT 40 STUDENTS are involved in the building and electrical classes, although both teachers felt that more students could reap huge benefits by being in the classes. Classes are three hours long, with a morning group and an afternoon group.

afternoon group.

In each class, about 20 minutes to an hour at the beginning of class is used for orientation. The remainder of the time is used in practical application of skills.

The classes are currently building a warehouse and workshop on the bus barn lot behind the high school, and they will remodel an existing storage building. In the past, building trades classes built an addition to the fieldhouse at the football stadium and built an addition to Shirley Elementary School.

All hands get into the act as a piece of sheetrock is secured to the

THE INSTRUCTIONAL ASPECTS of the building is not only beneficial to the students, but also to taxpayers. This year's project, the combined warehouseworkshop, will be a brick structure over a wood frame. Interior work and insulation wil complete to the final details.

Manley estimates that the construc-

tion and remodeling of an existing building close by would cost anywhere from \$50,000 to \$60,000 if contracted out. Using the student labor, total cost of both projects will be about \$20,000. When finished the warehouse will measure 70x45 feet.

Students who complete the two-year program have a head start in trades they might assume after graduation. Depending on the trade and the student's abilities, he can by-pass time in an apprentice program, and reach journeyman in a shorter time period.

THE MAIN OBJECTIVE of the program, said Manley, is to teach the kids a trade. Basic carpentry, bricklayer, painter and electrician trades are among skills taught to the students.

"But," says Manley, "there is much more to it than that. Our first objective is to teach them to get along with people. And to teach them that they can do something.

"Any guy who gets out and hustles on the job can make it. We have students who come back after graduation and tell the kids that if they get out and work hard, the people they work with will get along with them.

"I think a barometer of how well our program is doing to teach these kids to be citizens as well as tradesmen is our tools. Other places have problems with stolen tools. But we haven't lost a single tool all year. The boys have keys to the tool cabinets and know the combination to the locks. I think they have enough pride in this program to keep it from happening," said the building trades instructor.

"And you never have to tell anyone to

"We try to let every boy do every part of our building projects at least once. When we find what a boy is interested in, whether it be bricklaying or carpentry or whatever, we try to groom them in these fields. If it's something like plumbing, (due to its changing codes, instruction is better left to those in the field) we try to find a professional that the boys can be exposed to."

WARREN NOT only handles the electrical building trades job, but works with students wanting audio-visual repair training. The students do all repair work on school-owned film projectors, record players and visual aids equipment. This saves the taxpayers money by not having the work done commercially and provides the students with experience.

Old television sets and radios that are donated by the public are a goldmine to Warren and his students.

"We take parts from the old TV sets and radios and do a million things with them. Other people's junk is useful to us," Warren said.

Warren has two students that participate to the full extent in the program, working on the repairs and even sweeping up the classroom. But they are special in that they are in wheelchairs.

Warren and Manley agreed that the vocational programs suffer due to people thinking of them as remedial programs.

"People don't realize that the skills we teach here could be useful to contractors, architects and in many other jobs. We want the more advanced students to be out here taking advantage of our programs, because we can teach them, too," Manley said.

Pointing out the pride that the students have in their work Manley said that in a recent project some of the work had to be hired out.

"And the only mistakes that were made in the building were done by those who had been hired to do the work, not our boys," he said.

In relation to the master plan, O'Connell, Probst and Zelsman Inc. of Austin, hospital architectural firm, were formally approved for an \$8,100 payment.

Texas taxpayers will be required to pay out approximately \$17,819,400,000 in Federal taxes as their share of the cost of the Federal spending budget of \$349.4 billion proposed by President Ford for the 1976 Federal fiscal year beginning July 1, 1975, according to an estimate today by the West Texas Chamber of Commerce.

This estimate was based on the Chamber's calculations that Texas taxpayers bear 5.10 per cent of all Federal taxes. The West Texas Chamber of Commerce pointed out that any

Water Inc. Meet Draws 10

The annual Water, Inc. membership meeting in Amarillo Saturday attracted 10 representatives from Hereford, including director James Hull and advisory directors Andrew Kershen and Harlan Vander-

Hull reported the meeting had some "very optimistic" reports and was highlighted by outstanding talks by U.S. Rep. Jack Hightower and Texas House Speaker Bill Clayton.

"This is a long-range program, but we must keep working on the problem of water importation and water conservation," said Hull. He pointed out that most of the top state officials are now supporting the program.

Attending the meeting from Hereford were Hull, Kershen, VanderZee, Alton Higginbotham, Bud Eades, Charles Schlabs, Argen Draper, Bill Albright, Wilbur Gibson and J.B. Noland.

famous General Whattabuy to lead first wave!

ON THE FRONT LINES - General Whattabuy has been chosen by the Dept. Of Consumer Defense to lead the first attack wave in the War on Inflation. In a news conference today, Whattabuy said, "We're gonna mass our troops at Sugarland Mall, and at my signal, we'll charge down the aisles! We'll slash prices, knock down high prices and discount discounts! When we're done, there won't be an Inflation left in the Mall!

First Assault Team Wins!

A special team of Sugarland Mall troopers, armed with grease pencils and marking pens, attacked a menacing platoon of Inflated Prices last night. The quiet of the night air was suddenly broken by the furious sound of rustling price tags and scratching marking pens and pencils. Within seconds, the battle was over and Inflation was gone. a vote of

confidence

Recently there has been a lot of talk about upturns, downturns, and sideturns in business and industry.

You ask a man these days how the "outlook" appears to him, and you're liable to get a diagonal reply. Not a straight up-and-down nod. Not even a negative, sideways shake of the head.

Mostly the diagonal approach. It doesn't mean yes, business is going up. It doesn't mean no, it isn't.

The answer you frequently get is we'll wait and see. Inflation and some of the other unrests, you know

So the man and his company pull their horns in.

They wait for someone else to "take the lead," they say: No sense sticking our heads out until the situation "improves" itself.

In other words, sure we'll advertise -- or restore our budgets -- just as soon as we get more business.

Beautiful.

Everyone hangs around and waits for everything to happen automatically. Hold up. Cut back. Wait. The Prosperity Wagon is right around the corner. And it's going to come to me, old friend, me. Without me going out to get it.

Want to bet?

One thing about this economy of ours has never changed. A lack of confidence in our business system, manifested across business, only inspires more of the same. With the result that that wagon may be farther down the block than you think.

Business activity stimulates business.

Advertising helps you get sales.

Companies, agencies and media that advertise should be the ones you do business with, because we suspect you'd rather do business with confident people.

They take the time, trouble and money to inform you -- to help you know more -- about their products, their services and their markets. They care enough about you to go out of their way to tell you they want to do business with you.

We suspect that when the chips are down, this is how you can tell the real leaders.

They get our vote.

They also should get yours. If for no other reason than they are helping to build business for both of us.

The competition in the junior events is set for the second week of the show when 4-H and FFA boys and girls from all sections of the state will be vieing for toppremiums and prices. This is the largest junior

livestock show in the country. These young people will join adult exhibitors in seeking premiums of more than -\$400,000, a new record for the Houston show. Around 19,000 entries are expected.

The show will again be held in the show's \$12.5 million facility with rodeo performances in the Astrodome, First rodeo performances are scheduled for

All major beef and dairy breeds, swine, sheep and goats, horses, rabbits and poultry will compete for the top premiums

A record 22 auction sales will be held this year, including sales of three breeds' which have never been sold at auction at the Houston show.

A top array of talent will entertain at each of the rodeo performances. Stars entertaining will include the Osmonds, Helen Reddy, Conway Twitty, Olivia Newton-John, Charley Pride and Charlie Rich.

Area Men In Rodeo

Two Hereford men competed with the Eastern New Mexico University rodeo team this past weekend in the Fort Stockton Rodeo in Alpine.

Joe Anderson competed in steer wrestling, calf roping and team roping. Joe Heflin competed in the team roping. No results were available at press time.

The ENMU team holds a third place ranking in the Southwest Region of the National Intercollegiate Rodeo Association. According to Mick Trujillo, club sponsor and coach, the team has too much talent to remain in third place. Eastern is the defending NIRA Rodeo champion and both the men's and women's teams are expected to be competitive in the 1975 finals in Bozeman, Mont.

William King Driggs Sr., who was born in 1885 in Pleasant Grove, Utah, is the patriarch of the 'King Family.' This first link in the long and strong family chain of entertainers began his working days as a music teacher and later appeared in vaudeville.

Section B , Page 1 Hereford, Texas, Sunday February 23, 1975 The famous singing King Sisters have been on the musical scene for many years. They have sold more records than their recording companies can compute and during the war, sang their way around the world entertaining soldiers and civilians.

The sisters went into temporary retirement, but in the spring of 1953 they teamed with Alvino Rey and his orchestra to appear in a Los Angeles

television broadcast. They had performed with Rey and his band during the 1940's. That local television program can be considered the forerunner of "The King Family" TV series.

The King Sisters, then comprised of Luise, Alyce and Marilyn, began to make recordings again and were booked by clubs at Lake Tahoe and Las Vegas and the Copacabana at New York. Their families accompanied them

when they toured Europe.

A fund-raising show Yoonne presented for her church congregation in Orinda, Calif. developed into the King Family special. This blossomed into a regular series for the conception to incorporate the entire family in the show, although several members of the clan were skeptical about the idea. Finally convinced, the Kings raised \$5,000 for the church.

The crowd was especially moved during the Miss Hereford pageant Saturday evening when Cindy Hairgrove, Miss Teen 1973, performed. Also, a big thanks is due for the Women's Division of the Chamber. A pageant of this type results from many people working many hours. Hereford is fortunate to have a group of ladies who are dedicated to having a Hereford girl competing in the Miss Texas pageant.

New Hereford Resident Is Active In Community

By SANDY PANKEY

Brand Staff Watter A RELATIVELY new resident, Mrs. G.L. White of 535 Willow Lane, moved here recently from Amarillo and is already involved in several local organizations.

She is currently serving as secretary in both Hereford Newcomers Club and Deaf Smith County General Hospital Auxiliary.

The vivacious homemaker explains that she likes to keep busy and volunteer work fills that need. "While my three daughters were young I was actively involved with Girl Scouts of America and worked full time frequently," reflects Mrs. White.

"WHEN I MOVED here, I felt that I wasn't well enough acquainted with the Bluebird and Campfire organizations to volunteer my services, so I delved in work at the hospital.

"I also am employed part-time for an optometrist, Dr. Milton Adams, and both my husband and I are currently attending classes in conversational Spanish at Hereford High School," stated Mrs. White.

During leisure hours at home, the attractive homemaker enjoys sewing, macrame, working crossword puzzles and cooking. "I love doing crossword puzzles because when I have completed one, I feel like I have accomplished something," muses Mrs. White.

ALTHOUGH not a gourmet ook, Mrs. White explained that she loves to have small dinner but I get much satisfaction from it. So many times, especially for working women, cooking becomes routine because there isn't really enough time during the evening to spend in the kitchen and with your family,"

said Mrs. White. One dessert recipe she likes to prepare which also makes a nice gift is Applesauce Cake.

APPLESAUCE CAFE 1/4 cup flour

1 tsp. baking soda 1/2 tsp. salt 11/2 tsp. cinnamon 1 tsp. nutmeg

THE WHITE'S three daughters are Mrs. Roger Downes of Danville, Calif., Mrs. Fred Haptonstal of Simi, Calif. and Ann White of Van Nyes, Calif.

Other "family members" are a two-year-old St. Barnard. Chriss, and six-year-old Doverman Pincer, Tiger. "Our pets have become very much part of the family, although they are somewhat more lively than an average pet," laughs Mrs.

"When we first moved into our home, we had to add a foot to our six-foot fence in the back yard to keep the St. Barnard from jumping over," sighs Mrs.

Mrs. White, reared in Kansas, met her husband while attending Hartnell College in Salinas, Calif. Both attend Temple Baptist Church and White is owner and operator of B&J Truck Refrigeration.

with our special Liquid Feed Supplement 32

> The nutritional value of grass varies from time to time and from place to place. That's why T-E has developed a complete line of liquid feed supplements to meet all the conditions faced by cattlemen.

> T-E Liquid Feed Supplement 32 is the one to use when the grass is dry or poor. It delivers protein, phosphorus, vitamins, trace minerals. And it delivers the energy to make them get out and rustle for what grass there is.

(Spl.) A new baby boom appears to be in the offing in Deal Smith County. That is what is forecast for the rest of the 70's.

The indications are that there will be a marked increase in the number of births, locally and in most other areas of the country, Gramm said.

The conference was spon-outling up their own households.

(Spl.) A new baby boom appears to be in the offing in the sharp increase in the number of marriages now taking place. That is due, in turn, to the avalanche of young men and women, born between 1950 and 1965, when rates were at a record high, who are now reaching martial age and most other areas of the country, during the next few years.

LEGAL NOTICE THE STATE OF TEXAS

TO: CAROL JEAN Mc-DOWELL Respondent, Greet-

You are hereby commanded to appear before the Honorable District Court 69th Judicial District of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 Fort Worth, Thelma Mullins of o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 7th day of April A.D. 1975, then and there to answer Petitioner's Petition Pay Trends Reported A.D. 1975, then and there to filed in said Court, on the 5th day of February A.D. 1975, in this cause, numbered DC-7335 on the docket of said court and styled IN THE MATTER OF THE MARRIAGE OF W.C. McDOWELL AND CAROL JEAN McDOWELL.

A brief statement of the nature of this suit is as follows,

to wit: Petitioner, W.C. McDowell, brings an action for divorce against Respondent, Carol Jean McDowell, praying for dissolution of the marriage between Petitioner and Respondent, and for such further relief as the Court may deem proper to grant, as is more fully shown by Plaintiff's Petition on file in this

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this the 17th day of February A.D. 1975.

An unsuccessful attempt at stealing a painter's truck by Pataki, a very sophisticated thief, has Kojak baffled, especially when Yorks, who claims to be Pataki's lawyer, doesn't seem to want him out of jall, in "Two-Four-Six for Two-Hundred" on "Kojak" Sunday, Feb. 23 (7:30-8:30 p.m.) on the CBS Television Network. Russ Mayberry directed from a script by James M. Miller.

Mannix must prove murder To explore the many meanings of the words. "sky" and "seed," the ABC News children's information program, "Make a Wish," takes viewers to such far-ranging locations as Greece and California, Sunday, Feb. 23 (10:30-10:55 a.m.) on the ABC Television Network. (Rebroadcast)

If you were the sky, you might be the blue and pink sky over the coast of Greece where host Tom Chapin begins the adventure. Later, he takes viewers to Antelope Valley, Calif., where "Make a Wish" goes sky gilding, the quietest form of flying, with instructor Ted Janczarek.

"Make a Wish," an Emmy Award-winning series, is an ABC News Public Affairs presentation. Lester Cooper is the executive producer and writer. Peter Weinberg is associate
