

School Race Crowded With 8 Candidates

Two File Late As One Withdraws

Two more candidates—one an incumbent—filed before deadline time Wednesday for places on the Hereford School Board, but another withdrew Thursday morning to leave eight candidates seeking the three positions up for election.

Bobby Veigel, the incumbent for Place 3, created a mild surprise when he filed Wednesday as a candidate for Place 2, while Clark Andrews—a former board member—filed in the Place 3 race.

Dwaine Walker, who had filed for Place 2, announced Thursday morning that he was withdrawing from the race "due to a technicality." Walker discovered that two relatives by marriage could lose employment under the nepotism law should he win election to the board.

If a relative has completed two consecutive years of employment with the district, the rule is waived. However, Walker's two cousins by marriage lacked almost two months of reaching the required time period.

"I hate to withdraw," stated Walker, "but I do not wish to jeopardize their continued employment." He added that it seemed "like a technicality, but I checked it out and that's the law."

The last-day turn of events left eight candidates, matched in the following order:

Place 1—James Gentry vs. Bob Josseland. (Incumbent Hugh Clearman did not seek re-election).

Place 2—Jim Arney (Incumbent), Rev. Jose Gilligan, and Bobby Veigel.

Place 3—Joe Whitley, Bud Snyder, and Clark Andrews.

This is the first trustee election to be conducted under the "place" method of voting. Prior to this year, all candidates were in one field and the top three vote getters were named to the board. The candidates now designate the place on the board for which they seek election.

The possibility of runoff elections is created in the Place 2 and 3 races, since a candidate must have a majority of the votes to win. Should a runoff election be required, it must be set within 30 days following the regular election. The school board election will be held April 5.

Veigel, the latest candidate in Place 2, is completing his first election term on the board. He was appointed to the board for six months to fill the unexpired term of Lowell Sharp, then was elected for a three-year term. Veigel, 37, is a farmer in the Milo Center area and is a native of the

county.

His wife, Ella Marie, is also a native of Hereford. They have three children—Steve, Holly and Vicki, and are members of the First Christian Church.

Andrews, 42, is also a native of Hereford and is a farmer in the Frio area, about seven miles south of town. He attended Hereford schools and spent two

years in military service (1952-54). He and his wife, Sue, have three children.

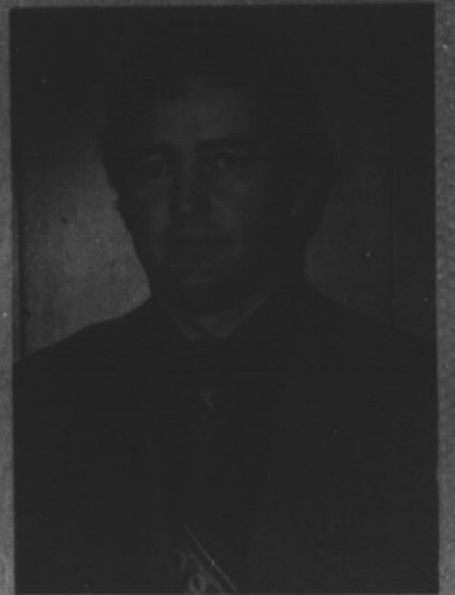

Andrews was appointed to fill out Raymond White's unexpired term in August 1972. He sought election to his first full term in April 1973 when two posts were open and four men filed for the places, but he was an unsuccessful candidate.

County Spelling Bee Champion Named

Kirk Jones, a sixth-grader at Aikman Elementary, is the Spelling Bee champion of Deaf Smith County and the crown did not come easy.

Kirk had to outspell 13 other elementary students Thursday and win the junior bee before becoming eligible to compete in the senior bee Friday with six junior high students. The 11-year-old champ had finished second in the Aikman school bee.

The words "biennial" and "bituminous" led to his success Friday, after capturing the junior bee the previous day by correctly spelling "height" and "meridian." He and runner-up Vanessa Bishop spelled 54 words each before Vanessa tripped up on "biennial" in the spell-down Friday afternoon.

Kirk, the son of Mr. and Mrs. Lee Jones of 415 Ave. K, was making his first start in the county spelling bee. Vanessa, an eighth grader at Stanton Junior High, is the daughter of Mr. and Mrs. E. E. Bishop. Next in line before elimination were Janelle Coupe, seventh-grader at La Plata and daughter of Mr. and Mrs. Dick

Coupe, and Dewayne Kimbell, Stanton eighth grader and son of Mr. and Mrs. T.L. Kimbell.

As might be expected, the champion likes to read and his hobbies include collecting stamps and rocks. By winning the county contest, Kirk earns a trip to the Regional Spelling Bee in Amarillo April 26.

The junior high contestants in the county contest included Vanessa Bishop and Dewayne Kimbell of Stanton, Janelle Coupe and Donna Sims of La Plata, and Nita Fortenberry and Becky Munica of Walcott.

In the junior division Thursday, Kirk Clark, an 11-year-old from Shirley Elementary, was the runner-up. Third place went to Suzanne Hulsey, the other entrant from Aikman.

Leta Kaul, a retired teacher, served as the announcer for the county bee, which is under the direction of County Judge Sam Morgan. Judges for both events were Johnnie Turrentine and O.G. Nieman.

Spelling Bee Champion

Kirk Jones, left, captured the Deaf Smith County Spelling Bee championship Friday and will represent the county at the Regional Bee in Amarillo. County Judge Sam Morgan, director of the local bee, congratulates Kirk and the runner-up, Vanessa Bishop. Kirk was also the junior champ in the Thursday contest and is an 11-year-old from Aikman Elementary. Vanessa is an eighth grader at Stanton Junior High.

*****Vegetable Growers Start Planting*****

Budding trees, robins and birds flying north indicate that spring is on the way, which means vegetable growers are at the beginning of their growing season. A check with vegetable and sugar

beet producers showed that some of the planting was done in the past week and more is expected in the upcoming two weeks. In addition, County Agent Juston McBride says the wheat crop seems to

have made great strides in the past week.

Bud Snyder, with the E.C. Reinauer and Sons, said that workers set out over 100 acres of onions in the past week, about one third of the crop. Snyder said that the planting was moving along well and that, if the weather stayed warm, some red potatoes would be set out next week. Weather was a little cool for potatoes this week, but warm temperatures would make the time right.

Bob Ginn, agriculture manager at Holly Sugar, said that only a few sugar beets were planted the past week, but that more would be planted in the coming week and the following week. Holly Sugar has contracted 38,000 acres of sugar beets for the coming season and all but a small portion of the seed have been distributed to the farmers.

Ginn said most of the farmers have

their ground prepared for the planting and that good subsoil moisture will facilitate the planting.

McBride said that although he had been away, a quick tour showed that the wheat crop had recovered well from the recent cold weather. He said the wheat had grown well in the past week, showing a rapid recovery during the warm days. The recent moisture seemed to have been a great help to the crop, McBride said.

The county agent said that the wheat has had few problems to date after recovering from some rust early last fall. Few insects have been found in the wheat.

Wheat that was grazed pretty close has greened back. The one thing that would help, McBride said, is some more rain for the dry land crop.

Fearful Reporter Looks at Body

By DAN WELTY
Brand Staff Writer

My throat was going dry. My eyes bugging out. My knees were knocking. And my voice cracked as I said, "You want me to come shoot a picture of what?"

Newsman have long held the reputation of liking the gruesome, and most could tell you stories that would stand your hair on end. But when Vernon Hope called from the police department, I wasn't sure I wanted to go.

"Dan, we've got a dead man over here at the police department if you want to come shoot some pictures of him," Vernon said.

"Oh, really," I said nonchalantly. "Where'd he come from?"

"Telephone company man found him under a house with an iron stake stuck in his back. He'd been under there a long time," Vernon said.

I gulped, "You're kidding."

"No, I'm not kidding. He's got long dark hair, a blue sweater and Levi's on. Wish you'd hurry," Vernon said convincingly.

I consented and began screwing up my courage. I told the editor where I was going and drove slowly to the police department. The flight of stairs I usually take two at a time seemed mountainous as I trudged up.

I later found out the dead man had been the center of a lot of attention in the past few minutes. When the telephone installer had happened on him underneath the dark house, the police, sheriff's deputies, ambulance, coroner and fire department had been called to the house at 211 East Park.

Police officers had pulled the dead man from under the house and brought him to the police station.

I pushed open the door to the police department half expecting to be assaulted by the smell. Sure enough, there on the floor was the dead man, the iron stake still plunged into his back.

A dead man. A long dark wig on top of a sweater and a pair of Levi's stuffed full of papers. Probably left over from Halloween.

Oh, be still my beating heart!

1975 Irrigation Picture Forecast At Conference

Panhandle agriculture depends on a dwindling irrigated water supply, which costs more each year as energy becomes increasingly scarce. It is concern for this situation as well as advancing technological developments that will occupy those attending the High Plains Irrigation Conference in Hereford's Bull Barn Friday.

According to Deaf Smith County Extension Agent Juston McBride and Charles Schlabs, chairman of the Deaf Smith County Water Association, the conference will deal with the outlook for irrigation in 1975.

THE ONE-DAY event begins at 9:30 a.m.

An elite three-member panel, consisting of top officials of Deaf Smith Electric Cooperative, Pioneer Natural Gas and Southwestern Public Service, will lead an afternoon session on energy. Particular attention, says McBride, will be directed to the availability and costs of energy for irrigation purposes.

McBride will moderate the morning session. A Nebraska Agricultural Extension Service engineer, Paul Fischback, is slated to get the conference off on an optimistic note about new developments in automated gated pipe irrigation systems. He'll also discuss limited water applications through the center pivot sprinkler system, a new concept in sprinkler irrigation, McBride adds.

RESULTS OF GROWER irrigation field tests will be reported by Texas Agricultural Extension Service specialist Leon New of Lubbock. The tests were conducted in Castro, Farmer and Deaf

Smith counties.

Dr. Nolan Clark, USDA-Agricultural Research Service engineer from Bushland, will update the gathering on irrigation research conducted at the USDA Southwestern Great Plains Research Center.

Water importation into the West Texas area is not a dead issue. That thought, along with new information about the status of water importation, will be presented to the conference by Duncan Ellison, executive director of Water Incorporated of Lubbock.

A.L. Black, a Frio grower and member of the Texas Water Development Board of Directors will address noon luncheon guests. He will detail the actions required to maintain irrigated production levels on the Texas High Plains. Moderator for that noon session is Bill Albright, executive vice-president of the Deaf Smith County Chamber of Commerce.

Moderating the afternoon session will be Charles Schlabs. Wayne Wyatt, of the Austin-based Texas Water Development Board, Groundwater and Protection (See IRRIGATION, Page 2A)

Garment Firm Investigates Hereford for Plant

It's been awhile since a company has even expressed an interest in locating in Hereford, but a ray of sunshine surfaced this week as a large garment company from Dallas began taking names in a survey of the local labor market.

The survey is being taken by David S. Hardenbergh of Hardenbergh, White and

Trego Inc., a Dallas management consultant firm, for the garment company. The name of the company was withheld pending final decision on locating here.

"I don't want to get the hopes of the community up too high, but I feel real positive about this location," Hardenbergh said. The plant would manufacture clothing items and ultimately could employ up to about 150 sewers if the plant is located here.

The survey is being taken to measure the possible number of qualified sewing machine operators in Hereford and as of Friday afternoon, about 60 prospective operators had signed survey forms, a Texas Employment Commission spokesman said.

Although the survey actually ended Saturday for an initial estimate of the labor market, forms are still being taken at the Deaf Smith Chamber of Commerce office to determine the fullest possible extent of the labor force.

Bill Albright, executive vice-president of the C of C, said those who have already submitted forms are encouraged to turn another one into the Chamber so that it

can keep an accurate count of the qualified workers.

"The pay scale of the garment company is well above the minimum salary level of \$2 an hour," Albright said. "I think it would be very worthwhile for persons to submit forms."

A reproduction of the labor survey form is reproduced on page 2B of this issue of The Brand. It may be filled out and returned to the C of C office at 701 N. Main.

The company, a ladies garment manufacturer, presently has about five plants across the state and is looking for another four or five locations to build new plants. It now employs between 600 and 700 persons and takes in \$30 million and \$50 million in annual sales according to Hardenbergh.

The results of the survey will be relayed to company officials by the first of next week and the final decision on the plant is expected shortly after the company gets the findings of the management consultant firm.

"They are fast decision makers and should make up their (the company) mind quickly," he added.

Dead Man Revealed

Hereford police detective Vernon Hope lifts the wig from a dead man that reveals he is only stuffed with papers. The dead man caused quite a stir Thursday afternoon when he was discovered under a house with the iron stake sticking out of his back.

Deaf Smith Grand Jury Returns 7 Indictments

The Deaf Smith Grand Jury returned three sealed indictments, four indictments, on at-large defendants and six no bills during a Thursday session in the county courthouse.

The three sealed indictments were brought against Patricio Guerrero and Rene Saenz Montez for Felony Driving While Intoxicated (DWI) charges and Bert Hale for criminal mischief.

The no-bills involved three counts of burglary each against Raymond Wesley Nolen and Terry Dean Hicks for the

recent burglary of county facilities north of Dawn.

The at-large defendants were indicted for two felony DWI convictions, one forgery and passing offense and one criminal mischief offense.

Serving on the grand jury are Mrs. Francis Hill, Arthur Gonzales, Howard Godwin, Jr., Dennis Lomas, Barnell Landers, Manuel, Pacheco, Dave Hopper, Jim Culpepper, Dale Christie, Charles Burfield, Lynton Allred and James McDowell.

Hereford Cattlemen Impressed With Legislators

BY BOBBY TEMPLETON
Brand News Editor

Recent visits with federal legislators concerning the unprofitable cattle market have for the most part left a bad taste in the mouths of beef producers. They have usually been strong headed when they have gone and communications between the cattlemen and the lawmakers for some reason or other have usually not been successful nor beneficial.

However, such was not the case when seven Hereford cattlemen and representatives left the nation's capital this week with a smile and a renewed hope in the legislator's work ethic.

IN A MEETING with the local news media Friday at the Deaf Smith Chamber of Commerce office, five of those attending expressed platitudes for the

congressmen they visited and jointly agreed that "the country hadn't gone to the dogs."

Impressions of the seven cattlemen will be relayed in public at the Joint meeting of local service clubs at 11:30 a.m. Tuesday March 18 in the Bull Barn. It is being held with the Deaf Smith County Bicentennial Committee. It is open to the public and reservations may be made with the C of C.

The seven were in Washington to attend the West Texas Chamber of Commerce last Monday. They got what some persons would spend up to three days getting — face to face meetings with 24 congressional representatives and six senators.

And as one of the local cattlemen said, "Even if you were a bit shy, a senator would come right up to you and ask you about your problems." One of these senators was Hubert H. Humphrey, who

was said to have felt a real concern for the cattlemen's woes.

Attending the meeting were Charles Hoover, Bruce Coleman, Bill Albright, C of C executive vice-president, Raymond Schlabs, Eldred Brown, ag committee president, Calvin Goodin, Bud Eades, C of C president, and representatives of The Brand and KPAN.

THE HEREFORD delegation went with both barrels loaded as they did their homework and prepared a fact sheet containing suggested solutions. And the facts, which were of special interest even to the consumer advocate congressmen, included the down to earth costs of raising corn, milo, wheat per acre as well as the well publicized problems of the cattle market.

The solutions included easing restrictions on eligibility for the emergency livestock loans increasing

government guarantee to at least 95 percent, embargoing beef imports, increasing government purchases of beef and stabilizing farm production by providing a reasonable measure of control through an increase of grain loan levels and target prices.

Hoover of Southwest Feedyard said all these were acceptable to the legislators except the embargo on beef.

"You would get different excuses why it couldn't be done, but it was apparent for whatever reason that beef imports were not going to be limited," he said. It was suggested that foreign policy commitments were responsible for no embargo limitations.

While in the capital, Coleman, county commissioner and local cattle producer, testified before a House agriculture subcommittee, which was considering a bill to allow the government purchase of

between \$1 billion and \$2 billion worth of beef as well as to set target and loan value prices.

The bill which was passed by the subcommittee Wednesday will be considered by the full house within a few days. The target and loan prices recommended are: cotton, 48 cents, 40 cents; corn, \$2.25, \$1.87; wheat, \$3.10, \$2.50; and milo, \$2.14, \$1.78.

IN TESTIMONY Coleman made the cattle situation as plain as day when he said, "In a year and a half, I've lost most my net worth as a cattleman. I'll have to sell my last 500 head at a net loss of about \$175 per head."

He explained Friday that the situation has to improve or the local feedlots will be going out of business in a few months and that means many jobs.

However, the Hereford cattlemen said it was not a fault of just consumers or

legislators, but of "ourselves." Consumer groups are organized and that beef producers must do the same.

"No wonder the legislators are confused. One agriculture group says one thing and right behind them another one says something else completely different," said Hoover. "We must go to Washington in small groups and provide solutions. That's what the legislators are looking for."

Coleman concurred saying that the lines between the consumer and the producer must be opened and maintained.

But above all, the point was stressed that a positive attitude must be established about the future and the Hereford cattlemen were certainly given a boost in this department when for once the capital rejuvenated their hopes.

Teacher Appointed To Commission

The Texas Governor's office has announced that Nancy Richie of 115 S. Douglas has been appointed to serve on the Teacher Professional Practices Commission.

This commission is a government body which is empowered, in cases in-

volving educators, to revoke teaching certificates. Dr. Roy Hartman, superintendent of this school district, was appointed as a commission member last year.

MRS. RICHIE, music teacher at Northwest Elementary School, is a

director on the board of Texas Classroom Teachers Association. She was recently presented a gold pendant and certificate of appreciation for "valuable and dedicated service" to TCTA. She has been re-elected to another two-year term as a state board member of District XVI.

Serving on the TCTA budget committee, Mrs. Richie is currently working with a special task force on finance and an organizational affairs committee. A state convention delegate for the previous eight years, she has been membership chairman of this district. Mrs. Richie has also attended leadership conferences since 1967.

the local unit and delegate to the state convention. Involved in a variety of TSTA committees, she has been a faculty representative for the group.

The local woman holds life membership in the National Education Association and is enrolled in Texas Music Educators Association. She is music chairman of Delta Kappa Gamma and has participated in Texas Teacher Certification Project.

IN ADDITION to career-related activities, Mrs. Richie is active in numerous community organizations. A Campfire Girl leader, she is a member of La Plata Study Club, Zeta Tau Alpha Alumnae and American Association of University Women. She has served in a variety of capacities at First United Methodist Church.

West Texas State University was where Mrs. Richie earned a Bachelor of Science and Master of Education degrees.

She has a daughter, Shellee.

Confiscated Paraphernalia

Hereford police officers confiscated the above items from a car driven by three Hereford men after it was stopped for speeding. The items just left of the cooler are water pipes, used to filter the hot vapors of marijuana smoke. The plastic bags in the middle of the table contained various amounts of marijuana.

Josserand Named Prexy Of Prochemco Cattle Co.

Robert D. Josserand, 43, Hereford, is the new president of Prochemco Cattle Company. Scott M. Spangler, president of Prochemco Inc., the Amarillo-based natural resources company made the announcement Tuesday. Prochemco Cattle is the custom cattle feeding subsidiary of the parent corporation.

Josserand, Senior Vice President-Cattle Operations for Prochemco since August, 1973, now becomes chief operating officer, responsible for Prochemco Cattle's custom feeding services and ranching operations. The company operates four custom feeding facilities including Hereford Feed Yards at Hereford, Heaton Cattle Company at Pampa, Sooner Beef of Guymon, Okla. and Mid-America Feed Yards in Nebraska. Combined one-time capacity

of the yards is 130,000 head.

"We are fortunate to have Bob Josserand," said Spangler. "He and his crews at the home office and the feed yards helped the company through the industry's disaster year of 1974 with comparatively slight losses. This new assignment is designed to help him further streamline operations and increase our efficiency."

A graduate of Colorado State University with a degree in animal science, Josserand was regional manager for a feed company, and general manager of an integrated farm and livestock feeding operation prior to 1973. Josserand and his wife Nancy have four children, all at home in Hereford.

AS A MEMBER of Deaf Smith County CTA, she has been president, vice president and faculty representative of the local chapter.

Her career has also qualified her to join Texas State Teachers Association. As a life member of this organization, Mrs. Richie has been vice president of

County Court Handles Light Case Load

Cases in Deaf Smith County Court this week were lighter than usual as the court activity culminated Friday with the guilty pleas of two defendants for possession of marijuana.

Pleading guilty to the charges of possession were Curtis Harold Barton and Eldon Ray Casey. Each received sentences of 15 days in county jail and fines of \$100 plus court costs. The sentences were probated for one year.

Charged in the same possession of marijuana incident was Robert Link Wyssmann. Bond was set at \$500 for him and the case is pending.

Three driving while intoxicated cases were decided against Billy Clifton

Harrell, Edward Hernandez Casanova and Augustine Coronada. Hernandez was given a fine of \$150 plus court costs and 15 days in county jail on a one year probation. The other two were each fined \$100 plus court costs and sentenced to 15 days in jail on one year probations.

DWI cases filed included those against Sam Porter Lindsay, Stanley Ray Nelson and William Joseph James.

Also charged with possession of marijuana was Danny L. Cheatwood, who was sentenced to 15 days in jail on a one year probation and fined \$100 plus court costs.

Joe Yanez Lopez was sentenced 20 days and fined \$100 plus court costs for fleeing a police officer.

Also in county court, probation was revoked for Donald Horn who was required to serve his earlier sentence for making a false statement to a police officer.

On appeals from justice of the peace court, speeding ticket cases were filed with the county court for Thomas Scheil Hoekstra and James Marvin Clark.

In a Brand district court story appearing Feb. 27, it was incorrectly reported that probations were given William Mair for unauthorized use of a vehicle and Ruby Darling for passing a forged instrument. Each was ordered to the state penitentiary to serve terms of four years for Mair and two years for Darling.

Also Alfred Mesza was given a two year probation on a two-year county jail term for felony DWI. No probation had incorrectly been reported earlier.

Police Beat Four Local Men Charged With Possession Of Grass

Three Hereford men were arrested at about 12:35 a.m. Friday and charged with possession of marijuana after they were stopped for a traffic violation.

Police said they stopped the car for speeding and discovered the occupants of

the vehicle were drinking beer. A further search of the vehicle turned up a large amount of beer, drug paraphernalia and three baggies of what officers said was marijuana.

Charged Friday morning with possession of marijuana were Eldon Ray Casey, 19, of 125 Northwest Drive; Curtis Harold Barton, 18, of 607 Avenue J; and Robert Wyssmann, 17, of 228 Ave. B.

According to the County Judge's office, Wyssmann pled not guilty to the charges and was arraigned before Judge Sam Morgan Bond was set at \$500 each. Barton and Casey pled guilty to the charges, were fined \$100 plus court costs and sentenced to 15 days in jail on one-year probations.

Officers said they found three baggies of marijuana in the car, one weighing approximately 3 and one-half grams, one weighing about 5 grams and a third containing seeds and marijuana weighing approximately 18 grams.

In addition, officers said they discovered a quantity of beer, some unidentified orange and yellow pills, various roach clips, several pipes, several water pipes, a cigarette rolling machine with traces of marijuana in it and several packs of cigarette papers.

Another Hereford man was arrested by Hereford police officers at 12:27 a.m. Saturday for possession of marijuana. The 20-year-old man had been stopped and questioned when an officer discovered a plastic baggie in the man's pocket. The bag contained about six grams of the weed. Formal arraignment of the suspect was not completed at presstime.

Joe Zepeda Jr. of 222 Bradley, told officers two speakers were taken from his auto while it was parked at the Northwest School parking lot. The theft apparently occurred about 6:15 p.m. Wednesday. Value of the speakers was estimated at \$25.

O.R. Sanders, manager of the A.D. Gugenheim Company store here, reported an air grinder missing from the store at 309 South Main. The grinder was apparently stolen from a display shelf sometime during the afternoon Tuesday. Investigation in the case continues. Value of the grinder was \$80.

Robert Stewart of 433 Western reported a picture window that apparently was shot out with a BB gun while he was away for the weekend. Stewart said it was the second time the \$35 window had been shot out.

Heart Fund Drive Reaches \$6,500

Local Heart Fund drive chairman Helen Nelson says donations in the amount of \$6,500 have been collected in Deaf Smith County.

This is still short of the goal set at \$7,023.44, but Mrs. Nelson said that many donations were still coming in and that the goal would probably be reached.

In the Feb. 26 report on the Heart Fund in Texas, Deaf Smith County was recognized with an award of achievement. The county is one of 12 in the state that has collected 21 cents per capita or higher in donations.

School Board Set To Meet Tuesday

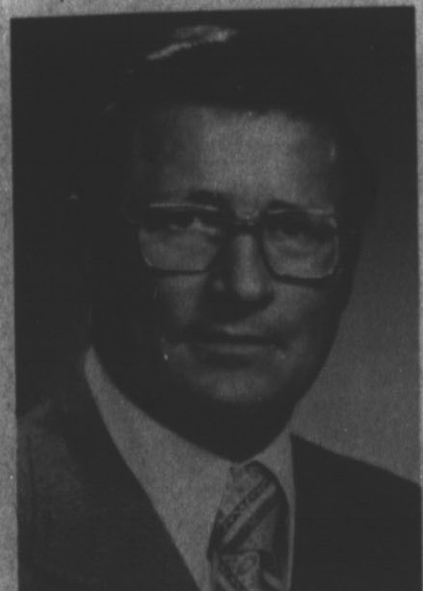

The Hereford School Board of Trustees is scheduled to meet at 4 p.m. Tuesday in the administration building.

On the agenda for consideration are textbook adoptions, report on early child hood program, report on in-service training, essay contest request, amended budget for 1974-75, update on insurance program, and resignation and election of new teachers.

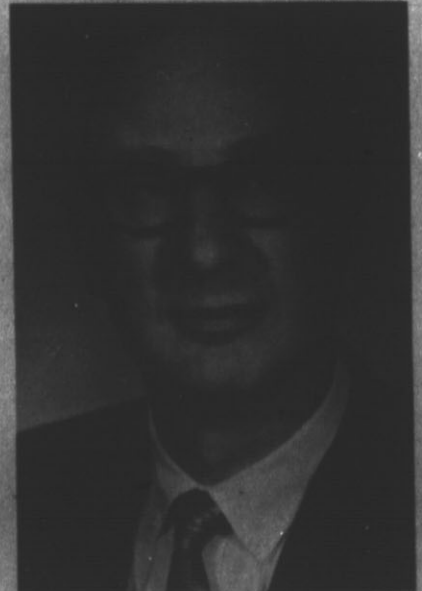

Rotary Invites School Board Candidates

School board candidates for the April 5 election have been invited to attend the noon luncheon of the Hereford Rotary Club Monday in the Civic Center.

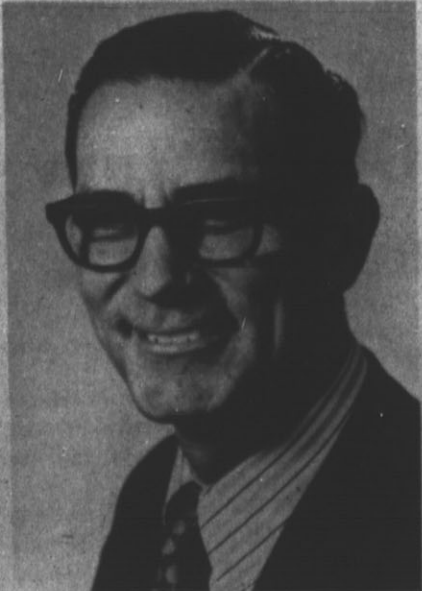

Roland Saul, program sponsor, said that all candidates had been contacted although all may not appear due to conflicts. Each candidate is invited to discuss the issues that are concerned with the upcoming election.

BERL SPRINGER
SPS Vice-President

Is it true that hailstones sometimes get as big as baseballs? What makes big hailstones and why does hail fall during a thunderstorm?

The answer to the first question is that hail does sometimes get as large as a baseball or larger. Many of the so-called tall tales one hears about big hailstones are probably closer to the truth than the listener realizes.

Hail is usually formed in thunderheads because these storm clouds contain very strong up-drafts and down-drafts. Rain droplets begin to fall, are caught by an up-draft and suddenly carried to an altitude where the temperature is below freezing. The rain droplets freeze into hail.

Three Deaf Smith County 4-H members were included on the new list of Who's Who Among American High School Students. They are, from left, Wesley Strain, Sandra Stallings and Britt Hicks.

Residents Concerned

About Civil Service

Complaints and inquiries are being received from local residents concerning the current operations of so-called "Civil Service" schools. Mr. William H. Rima, Director of the U.S. Civil Service Commission's Dallas Region, said today.

No "Civil Service" school, Mr. Rima said, is connected with the Civil Service Commission. No branch of the Federal government gives coaching courses in preparation for civil service examinations, or has agents who offer such courses.

Also, no school can obtain special advantage for its students in civil service examinations or appointments. Schools that give special preparation for civil service examinations are not given any advance or special information that is not available to the general public without cost.

No fee is charged for securing Federal employment. It is not necessary to secure the services of a "Civil Service" school

or complete a correspondence course to compete in civil service examinations.

Any person in the North Texas area who wishes information about civil service positions may call (toll free) 1-800-492-4400. Civil service job information and pamphlets will be furnished on request.

Students Of The Six Weeks

The Hereford Lions Club recognized "students of the six weeks" from Hereford High and both junior high schools at the regular luncheon meeting Wednesday. Nick Nixon, left, was

honored as "teacher of the six weeks." The students selected by the National Honor Society were, left to right: Pete Hale, Terri Hetzel, David Arney and Donna Paetzold of La Plata,

and Renee Russell and Ernest Suarez of Stanton. The students are selected on the basis of grades, attitude toward teachers and school, and participation in school activities.

H₃ / HUSTLE HUSTLE HUSTLE

By Bill Albright, Executive VP
Deaf Smith County Chamber of Commerce

It's Spelling Bee time! How do you SPELL Hereford—and Deaf Smith County? You spell it with a capitol "A" for Agriculture—Because that's the way it is. And without agriculture where would you, your family, your business or your job get the resources to live? Knowing then, that our economy is directly tied to agriculture, we must be aware of the current status of legislation and conditions that affect all aspects of the agribusiness-man, be he farmer, rancher, cattle feeder, wholesaler, retailer or what ever his capacity.

Ten days ago, the Chamber's Ag Committee, Eldred Brown, Chairman, decided it was time to act—time to do something about the deteriorating situation in agriculture. To make a long story, short—seven members of the Hereford—Deaf Smith County Community, went to Washington D.C. for a two-fold purpose.

One, to attend the West Texas Chamber of Commerce Annual Reception for Texas Congressmen, and two, to let selected folks in Deaf Smith County feel, needs to be done. Else where in this edition of the Brand is a more detailed account of that visit. What I want to say, is that I feel this community can really be proud of the representation presented by the group that made the trip.

An attractive brochure was presented to several representatives and senators, to the U.S.D.A., to an aide to President Ford, to the Chamber of Commerce of the United States and to the West Texas Chamber of Commerce. The brochure outlined the situation and the background explaining those circumstances.

It offered several very substantive recommendations which would create more favorable conditions regarding target prices, loans, and disposition of existing beef surpluses. It compared cost of production of various crops with the price received and highlighted the consequences of too little action, too late.

We were well received in most every instance and I believe our presence did much to impress those to whom we spoke. We observe government in action and I feel we were favorably impressed with the seriousness of our officials, their dedication to our country and their expressed interest in what we had to say. We are following up our visit with letters to those and other legislators and especially those who represent consumer oriented constituents.

Of course, we are writing to those Congressmen who

listened and indicated their concern and agreed to assist the agricultural program. You can help—if you will write to Senators and Congressmen expressing, individually, your support of our recommendations. Details of those solutions are available at the Chamber Office, as are necessary addresses.

We are indebted to our own George Mahon and his efficient courteous and hospitable staff. They are entitled to a very personal recognition which of course is an H₃ pin—our brand—which stands for our motto—HUSTLE, HUSTLE, HUSTLE!

ON CAMBODIA
Secretary of Defense James R. Schlesinger reported that the situation in Cambodia was grim, but not irretrievable provided the United States were to provide additional military aid.

Alcohol, Drug Abuse Meeting Set

Congressman Jack Hightower will be the guest speaker for the second annual Panhandle Regional Institute on Alcohol and Drug Abuse dinner banquet, March 21.

Hightower will address the issue of current health legislation, and in particular, legislation relating to alcohol and drug abuse.

Sponsored by the Panhandle

Regional Planning Commission, the Institute on Alcohol and Drug Abuse will be held at the West Texas State University activity center, March 21 and 22.

Speakers for the opening session include K.E. Beahan, director of the Texas Commission on the general impact of alcohol on the American society, and A.S. "Jack" Baylor, director of state planning on drug abuse, will speak on the general impact of drug abuse on American society.

The institute is designed to provide pre-service and in-service training for professionals, para-professionals and volunteers working in programs with the alcoholic or alcohol abuser and the addictive personality within the Panhandle region, according to Betty O'Rourke.

SOS Program Explained

Irene McKinster, left, and Sherry Hoover, right, presented the program for the Hereford Lions Club Wednesday and drew friendly welcome from Dyal Garner, the club's faithful. The program concerned the Special Organizational Services which are offered free at Hereford State Bank.

Lions Hear SOS Program

Irene McKinster and Sherry Hoover, SOS advisors at Hereford State Bank, presented a program on "Special Organizational Services, Inc." at the regular weekly luncheon meeting of the Hereford Lions

Club Wednesday at Civic Club Center.

Another highlight of the meeting saw president Wayne Lady present pens to the "students of the six weeks" from high school, Stanton and La Plata. Receiving the special recognition were Terry Hetzel and Pete Hale from high school, along with teacher Nick Nixon; David Arney and Donna Paetzold from La Plata Junior High, and Renee Russell and Ernest Suarez from Stanton.

The SOS program included a slide presentation narrated by Mrs. Hoover. Offered as a free courtesy service to anyone in the community, "SOS" helps people organize the detailed

information needed when a member of the immediate family dies.

People are not trained or prepared to get their affairs in order when a mate dies, explained Mrs. McKinster, and the SOS program helps to avoid frustration and simplifies tasks following a death. The advisors provide a manual which gives directions and advice in specific areas, before attorney, CPA or other professional persons.

Mrs. Hoover pointed out that approximately 2.3 million people die each year, and statistics show that only 1 out of 4 has organized their personal affairs. There is no charge for the SOS service locally, and it is available for customers and non-customers of Hereford State Bank.

Lions were presented a slate of candidates for 1975-76 club year, and campaign managers have been appointed. The club will hold its annual election party March 20.

Lady reminded Lions of the Bicentennial luncheon March 18, when civic clubs will hold a joint meeting.

A GAS HIKE?

House Ways and Means Committee Democrats have unveiled a sweeping set of proposals, including gradual oil import quotas and a tax hike to 40 cents a gallon by 1979 on "excess gasoline use."

Levi considers death penalty a deterrent.

TEXAS TALK

CBS Television in their regular program called "60 Minutes" took some time last month to talk about grass-fed cattle. Charles E. Ball, executive V-P of the Texas Cattle Feeders Association told Texas Talk why he wrote a letter to CBS taking exception to some of the comments. Mr. Ball indicated the program implied that feeding grain to cattle was immoral. Saying that grain not fed to cattle would not prevent starvation in another part of the world. Mr. Ball pointed to the practical problems of transportation, storage and economics as factors which would prevent the grain from reaching starving people. Ball said the cattleman is already using grassland as effectively as possible without intensifying the energy problem (use of fertilizer). Other points were made by Mr. Ball including the fact that much of the grain fed to cattle is not suitable for human consumption. Many of us will be watching now to see if a reply to his letter is forthcoming from CBS.

***** Kiwanis Auctions Members *****

The Civic Club Center was filled with the sound of the auctioneer's chatter Thursday as the Noon Kiwanis Club auctioned off its members to raise funds for the Texas-Oklahoma Kiwanis Foundation.

Although a majority of Kiwanians were sold at the Slave Day, time ran out before all members could be auctioned. President R.C. Hoelscher said the remaining members would be sold at the Thursday, March 13, meeting and urged anyone who missed the first sale not to miss the second. Members were sold to the highest bidder in exchange for one day's work. Working dates and the type of work were left up to the buyer. The funds earned Thursday, which totaled

over \$50, will be sent along with whatever additional funds are made to the T-O Kiwanis Foundation.

The Foundation's principal is left intact and funds received on the interest are used for youth activities. The money donated from here will be given in memory of Tom Duncan, the late Governor of the Texas-Oklahoma district. Duncan died while attending a meeting in Hereford last December.

A rather jovial spirit surrounded the sale Thursday as civic and business leaders of the community went on the auction block. Kiwanis president R.C. Hoelscher was sold first. He went to Dean Herring for \$25. Bud Eades, president of the Deaf Smith

County Chamber of Commerce, was up next and brought the sum of \$60.

Bidders really got into the buying spirit when club sweetheart Monica Herring was auctioned off. Monica, who also is the reigning Miss Hereford, was purchased for a day by Bill Allen. Sale price on the pretty blonde was \$100.

Among other Kiwanians sold and their highest bid were: Dub Boyd, \$15; Lee Umsted, \$22.50; Don Lane, \$15; Bub Sparks, \$25; Howard Birdwell, bought himself for \$20; the Reverend Gene Brink, \$27.50; Bill Craig, \$25; Rodney Gordon, \$20; Ed Copen, \$25; Rodney Laubhan, \$25; Aaron Lauderback, \$27.50; Jack McCracken, \$20; Key Crawford, \$27.50; Bobby Vlegel, \$36; Jim Arney, \$36; Robert Rhoton, \$25; Bartley Dowell, \$25; Dean Herring, \$25; Gene Campbell, \$22.50 Lloyd Sharp, \$32.50; Travis McPherson, \$20; Bobby Owen, \$42.50; Andy Shoval, bought himself for \$30; Dan Welty, \$30; Bill Allen and Tom Templeton, together sold for \$30; Don Tardy and Don Childers, together sold for \$30; Wayne Phillips, who sold for 11 cents a pound; Bobby

Byers, \$20; and Mike Carr \$20. Jim Tucker provided his auctioneering services for the sale.

Revival Begins Today

Summerfield Baptist Church invites the public to attend a revival which starts today. Worship services are held 7 a.m. and 8 p.m. each day through Saturday.

The Rev. Bill Broxson, pastor, has announced that Rev. Carrol Waters of Mulberry, Ark., will be the guest preacher. Bible classes for youth will be conducted before evening services.

Church choir director Johnny Price will lead hymns presented by a "jelly bean" choir of children. New Testament Bibles will be presented each evening to the family unit bringing the most guests.

Rev. Waters is pastor of the First Baptist Church of Mulberry. He and his wife, Joy, have two sons and two grandsons.

A graduate of Southwestern State College at Weatherford, Okla., Rev. Waters has accredited hours at Southwestern Seminary. He began his ministry at Central Baptist Church, Pampa, prior to being licensed and ordained to the Gospel clergy.

He served as minister for a church in western Oklahoma after attending Wayland Baptist College at Plainview.

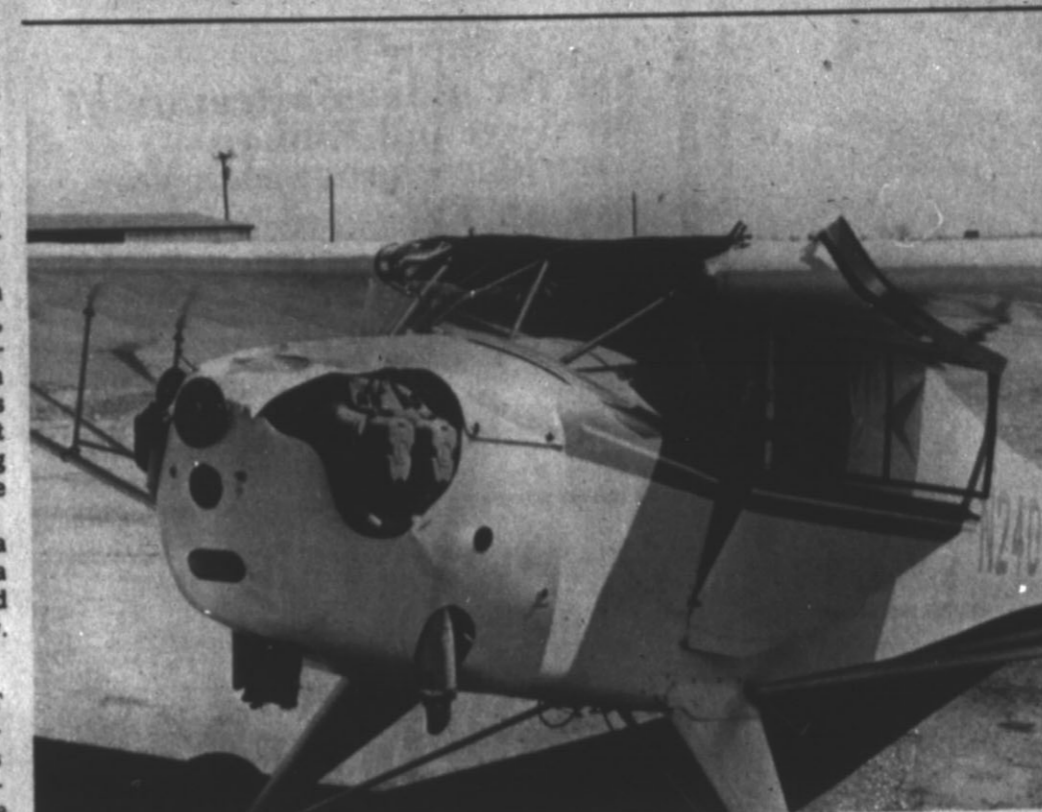

YOUNG KARATE STUDENT
CHARLESTON, W. VA.--Matt Hodges, 4, is a serious Karate student. The youngest at a local Korean karate academy, Matt says he wants to be a karate instructor when he grows up.

MARS & LIFE
WASHINGTON--American scientists are scheduled to begin a search for life on the planet Mars in August. Two unmanned project Viking spacecraft will be launched at Cape Canaveral, Florida.

Kiwanis Slaves

Not all Kiwanis members were willing slaves when they were sold at auction Thursday. Dub Boyd, on the left, was wheeled in in a wheelchair, bandaged and bleeding. Lloyd Sharp wasn't quite as drastic. He came with bandaged foot and crutches.

Plane Damaged By Winds

Gusty winds Thursday were the cause of damage to this two-seater aircraft when the storage tie-downs pulled from the ground and the plane tumbled end over end at the Hereford Airport. Gerald Burney, owner of the 1940 model Taylor Craft, said the vintage plane could probably not be repaired and estimated the loss at about \$3,000.

Members Attend Horsemanship Clinic

Deaf Smith County 4-H agents attended a Horsemanship Clinic which was held Tuesday-Thursday, in Amarillo at the Bill Cody Arena.

Dr. Bill Clymer, Area Entomologist with Texas Agricultural Extension Service (TAES), began the program with a talk on parasite on horses. His discussion was then followed by Dr. Gene Cope, his portion of the program consisted of diseases and treatment for horses.

The main portion of the program was presented by Dr. Garv Potter and R.F. Yeates, who are State Horse Specialists at Texas A&M University. Their program was basic horsemanship, judging, reining patterns, roping and use of riding equipment.

IRAN-USSR SIGN PACT
MOSCOW--The Soviet Union and Iran have signed an agreement to cooperate on an estimated \$3 billion worth of economic projects, including a paper mill to be built in the Soviet Union with Iranian credits, according to Hushang Ansari, Iranian minister of economy and finance.

"DOC" COWAN BLOODSTONE FOR MARCH

There are many colorful varieties of chalcodony, or cryptocrystalline, quartz that qualify as gemstones. There are carnelian and tiger's eye. There are moss agate and banded agate. Chalcodony in all its varieties is enjoying a vogue. Bloodstone is recognized, along with aquamarine, as a meaningful birthstone for March.

Bloodstone, sometimes called heliotrope, is a semitranslucent to opaque dark-green chalcodony with red to brownish-red spots. India, Siberia, Australia, Scotland and Brazil are the traditional sources. It is a reasonably hard gemstone, 6 1/2 to 7, and is considered blow-resistant enough to be called tough.

It is generally believed that the superstitious denizens of Medieval Europe gave bloodstone its name. Seeing religious significance in just about everything, they fostered the idea that Christ's blood fell from the cross onto a green stone and gave us bloodstone -- a powerful amulet, indeed.

Bloodstone has one of the earliest histories of all gemstones. The ancient Greeks wore it. It was long believed to have the power to stop bleeding. Another legend gave it the ability to cause the sun to turn to red and to make thunder and lightning.

Anyone who wore bloodstone could tell the future. It preserved the wearers faculties a general health. Who ever adorned himself with bloodstone was lavished with respect. He was beyond deception. No matter what he asked, it was supposedly given to him, and what he said was always believed. Carving or engraving a gemstone often increased its magic. A carved bloodstone opened all doors.

The gemstones at Cowan Jewelers aren't guaranteed magic. You will be pleased with the prices of our colored-stone jewelry. We have a large assortment, for men and women. The colorful variety will please the eye. And Jewelry is a meaningful gift for every occasion.

NOTICE OF INTENT TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES

Notice is hereby given that Atmospheric Incorporated of 5652 East Dayton Avenue, Fresno, California, 93727, who holds License No. 2 of the State of Texas, intends to engage in a weather modification operation designed to increase rainfall and decrease hailfall, for and on behalf of Better Weather Incorporated, Littlefield, Texas, and will conduct such a program by means of aerial application of artificial nuclei as follows:

1. The area over, or within which, equipment may be operated, shall include portions of the counties of Deaf Smith, Randall, Farmer, Castro, Swisher, Bailey, Lamb, Hale, Cochran, Hockley, and Lubbock.
2. The target area, within which rainfall augmentation and hailfall suppression is intended to occur, can be described as follows:
The boundary of the target area shall be a line beginning at a point of origin at Littlefield, Lamb County, Texas and running northwest along Highway 84 to its intersection with Road 37 near Amherst; thence due west on Road 37 to its intersection with Road 303; thence due north on Road 303 to Sudan; thence northwesterly on Highway 84 to its intersection with the western boundary of Lamb County; thence due north through Lazbuddie to Highway 86; thence easterly on Highway 86 to the western boundary of Castro County; thence due north along the western boundary of Castro County to the southern boundary of Deaf Smith County; thence due east along the southern boundary of Deaf Smith County and Randall County to a point approximately four miles west of Happy in Swisher County; thence due south along Road 1424 through Edmondson to its intersection with Highway 87 near Hale Center; thence southerly along Highway 87 to Abernathy; thence westerly along the southern boundary of Hale County to the southeast corner of Lamb County; thence four miles south along the eastern boundary of Hockley County; thence due west to Road 168 south of Anton; thence northwest to a point three miles east of Highway 385; thence north to a point on Highway 84; thence northwest along Highway 84 to the point of origin at Littlefield.
3. The equipment, materials and methods to be used in conducting an operation within this area of approximately 2,200 square miles, include a 5 cm radar system, cloud seeding aircraft, and the aerial application of silver iodide or other nuclei considered appropriate to the artificial nucleation of clouds or weather systems.
4. The person in charge of this program shall be Thomas J. Henderson, Atmospheric Incorporated, Fresno, California.
5. The program may be operational at various times throughout the period from 23 April 1975 through 30 October 1975.
6. Any person who feels they may be affected in some adverse way by this program may file a formal complaint to the Texas Water Development Board, P.O. Box 13067, Capitol Station, Austin, Texas, 78711.

Signed: Thomas J. Henderson, President

NHS Members Named

National Honor Society presented keys to all members for 1974-75 Tuesday morning at High School to announce new members.

Students who are in the top 15 per cent of the senior class, 10 per cent of the junior class and 5 per cent of the sophomore class and who have shown evidence of good character, leadership and service to others were selected for the society.

National Honor Society is a national organization which is sponsored nationally by the National Association of Secondary School Principals. The faculty sponsor at Hereford High School is Mrs. Betty Oglesby.

New senior members are, Rex Barber, Regina Fetsch, Sue Ann Hamlett, Elizabeth Hawley, Joyce Jesko, Kathy Manning, Nancy McDonell, Cindy Parten, Vickie Payne and Laura Thompson.

New Junior members are, Marilyn Bradley, Debra Feagley, Elaine Frische, Mark Inmon, Joan Joserand, Luanne Kindsfather, Sandra Krueger, Alice Kuper, Tammy Lawson,

Debra Looper, Lisa Lyles, Gene Ann Shipley, Deborah Smith and Dirk VanderZee.

New sophomore members are, Anthony Albracht, Rowan Alexander, Dee Ann Calson, Ramon Castillo, Dennis Collins, Horace Games, Linda Ginn, Annette Gooch, Jaane Hair and Angeline Haschke.

Also, Laurie Higgins, Patrick Johnson, Jerome Koenig, Larry Landers, Kristi Mason, Douglas Reinart, Raybourn Strange, Juana Valdez, Becky Veazy and Phillip Zinser.

Senior members are James Arney, Linda Betzen, Danny Collins, Kevin Compton, D'Lyn Davison, Stanley Fry, Joel Fuhrmann, Jim Goheen, Beverly Hewitt, Keni Hollingsworth, Deborah Klechak and Gary Landers.

Also, Christelle Ottesen, Sue Roberts, Cynthia Ruther, Janette Schiabs, Sina Sims, Leesa Sledge, Shyla Thomas, Diane Tiemann, Debbie Walterscheid, Lynn Wiley, Denise Wozniak, Laurie Young and Jay Williams.

Returning junior members are, Dolores Abalos, Cheryl

Arney, Betty Banks, Jean Barber, David Charat, Amy Cox, Jane Ellis, Michael Foster, Terry Hetzel and Britt Hicks.

Also, Roy Newton, Renee Payne, Beverly Phillips, Wesley Strain, Rhonda Thompson, Joan Tiemann, Rose Warren, Jo Lynn Williams, William Word and Ann Zetsche.

We don't know what it is about a \$20 bill today, but you can't get any wear out of it.

Bell's Science Recognition Day

Four students along with Tommy Rosson of Hereford High School were among the 150 participants in Southwestern Bell's Science Recognition Day conducted Thursday in Lubbock. Southwestern Bell hosts the Science Day activities each year to recognize science students in area high schools. Pictured (L to R) are Chemist, Dr. Hawkins, Tommy Rosson, Joel Fuhrmann, Peter Witte, Jay Williams and Jim Goheen.

Anthony's Sets DE Scholarship

The C.R. Anthony Company has established a \$1,000 scholarship to be awarded to one of its part-time distributive education students in the three-state region of Texas, Oklahoma, and New Mexico.

One finalist will be named from each state with the final determination made in interviews at company headquarters in Oklahoma City, Oklahoma.

Locally, Anthony's employs three part-time distributive education students. Janie Betzen and Valerie Mosely work at the Sugarland Mall location and Olga Rios works in the downtown branch.

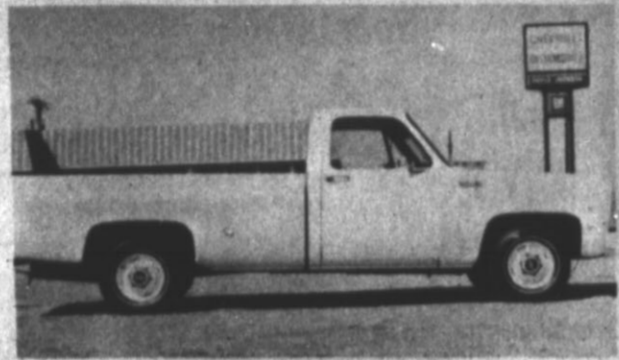

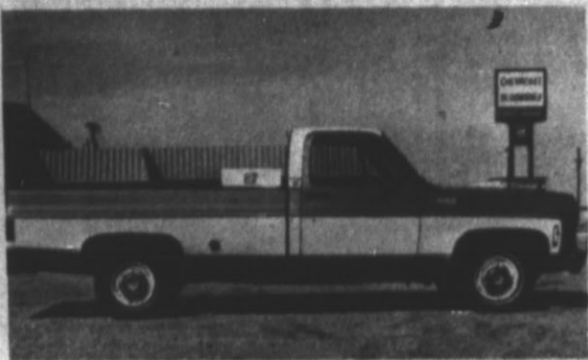

According to company president Guy Anthony, "Distributive education programs have helped us recruit trained part-time employees, many of whom have stayed with us after graduation

and many of these have become successful Anthony store managers."

There are 76 C.R. Anthony stores in 65 Texas cities.

David Thompson, program director of distributive education at the Texas Education Agency, "We extend our special thanks to the C.R. Anthony Company for this particular project. The almost universal support by local businesses of distributive education programs throughout Texas is of tremendous benefit to the more than 22,000 student trainees," commented Thompson.

In distributive education programs in Texas, students study techniques of distribution and marketing in class, and then apply what they learn in part-time jobs in local retail stores.

Utility Regulating Day Across Texas

Further appeal for utility regulation in Texas will be made by some of the state's top political leaders here Tuesday, March 18, when the Texas Coalition for Utility Regulation holds a special meeting on the Capital steps. The meeting, scheduled to begin at 12 noon, is part of a "Utility Regulation Day" across Texas.

Dr. Mike Abel of Maringdale, co-chairman of the coalition, said city councils throughout the state are being asked to proclaim March 18 as "Utility Regulation Day" in their city. Abel said this would be the best opportunity to date for citizens to show their support of legislation that would regulate the utility monopolies.

"It's time for these citizens to speak out where it counts—in the legislative halls of our state—for a utility commission

that will serve the public and not just the utility companies. All Texans are invited to attend this meeting in Austin."

U.S. Congressman Charles Wilson, who pioneered the fight for utility regulation when he was a member of the Texas Senate, will speak at the meeting. Other leading public officials have been invited to speak.

Other members of the Coalition include the Texas Consumer Association, Texas Senior Citizens, TexPIRG, Common Cause, the Texas AFL-CIO, CONCUR (Concerned Citizens for Utility Regulation) and several others.

Some plants, we are told, derive benefit from the use of artificial light. The electric plant is one of them.

by H. BOSWELL YORK, R. PH.

Are Chinese herbal medicines dangerous to take? - C.L.

Ordinarily herbal preparations are harmless and have no scientifically substantiated curative properties. Recently our government has warned against the use of Chinese herbal medications. Several Chinese herbal importers have put a powerful and potentially dangerous drug called phenbutazone into their products. One person is known dead and three other persons are hospitalized with a severe blood disease called agranulocytosis. Canadian authorities have also reported similar situations. For the time being, stay away from them.

Does regular coffee contain more caffeine than instant coffee? - R.U.

Yes, Caffeine dissolves very readily in hot water. The longer coffee is exposed to hot water, the greater will be the amount of caffeine. Percolating and boiling methods will yield the greatest amount of caffeine per cup.

What drugs cause constipation? - L.K.
Lots of them, Antacids, narcotics (which include codeine, morphine, and paregoric) mineral oil and anticholinergic drugs (which include drugs for ulcers, and drugs for Parkinson's Disease).

Tex Rhodes To Appear In Lubbock

Tex Rhodes, RoRo Records Hereford recording artist, will be appearing on the Johnny Rodriguez Show at Lubbock Municipal Coliseum on Thursday, March 13th. The Halo Corporation, owner of RoRo Records, expressed pleasure that they could make available the talents of their newest country artist for the benefit of Girlstown, USA.

Tex Rhodes has established a reputation in the western part of the United States with a refreshing new style in country music that appeals to all ages.

His first record release in 1974 was a song titled, "Gri". Although it was a limited release, it received attention from Texas to California.

Tex has appeared with such as Buck Owens and Tommy Overstreet. Tex records for the Halo Corporation in Nashville and at their studios in Hereford, Texas.

His first national release on RoRo Records, scheduled for

about April 1st, will be "That Certain Kind Of Woman."

Concert Presented By Choir

Hereford High School's choir department will present a concert in the high school auditorium at 7:30 p.m. Tuesday March 11. The choir is under the direction of Don Moore.

Three choirs will be performing, the sophomore girls, Barber Shop Quartet, principal girl's choir and Hereford High School Varsity Choir.

Each choir group will sing five numbers they will consist of popular and semi-popular selections and Negro Spirituals. The choir is preparing for an upcoming contest.

Admission for the concert will be \$1.25 for adults and 75 cents for students.

Old age is a tyrant who forbids, on penalty of death, all the pleasures of youth.

VOE Student of the Week

Kim Simpson, 18-year-old daughter of Mr. and Mrs. Ray Simpson of 229 Fir, works as a general office clerk at the Hereford High School Athletic Department. Here athletic director Fred Upshaw oversees some filing work.

Men Graduate From Armed Forces

Three local men graduated from the naval forces. Marine PFC Rodolfo Elizondo, son of Mr. and Mrs. Enrique Elizondo was meritoriously promoted to his present rank. And Marine Pvt. Raul Mariscal, son of Mr. and Mrs. Euterio Mariscal of 419 Ave. C, graduated from recruit training both graduating from Marine Corps Recruit Depot, San Diego.

Physical conditioning, discipline and teamwork are emphasized during Marine recruit training. Classes include instruction in

close order drill, Marine Corps history, first aid, uniform regulations and military customs and courtesies.

Also, Navy Seaman Apprentice Baldomero Games, son of Mr. and Mrs. Refugio Games of 816 Ave J, graduated from recruit training at the naval Training Center, Orlando, Fla.

The training included instruction in seamanship, military regulations, fire fighting, close order drill, first aid and Navy history.

PFC Rodolfo Elizondo

Seaman Baldomero Games

We hope to grow old, and yet we dread old age.
-Jean De La Bruyere.

It is not the end of joy that makes old age so sad, but the end of hope.

The best is yet to be, The last of life, for which the first was made.

NEWS NOTES

ON WATER POLLUTION
WASHINGTON—Factories responsible for nearly 80 per cent of the nation's industrial water pollution have agreed to bring their dumping down to the limits set by law, the Environmental Protection Agency announced.

A RAW-EGG DIET
SYDNEY, AUSTRALIA—Robert Hopkirk, a retired painter, has lived on 72 raw eggs a week for the past two years. He is unable to eat anything else because X-ray treatment for cancer has made his throat hypersensitive.

Colorado River Float Trip Sponsored by WTSU

For the third consecutive year, the West Texas State University Student Activities Council will sponsor a five day float trip on the Colorado River from March 24-29.

The trip will begin at 8 a.m. at Green River, Utah and end 140 miles downstream at Hite on Lake Powell five days later.

Jack Tillinghast, WTSU health and physical education instructor, will serve as head of the trip.

"We started the trip to have something to do over Easter and my interest in outdoors had a lot to do with it," he explained.

The trip will include the Canyonlands National Park and the white-water of Cataract Canyon of the Colorado River in Utah.

All cooking is done by the boatmen. Those going should bring clothing, personal items and a camera. All camping equipment, bedrolls, water-

proof duffel bags, camera boxes and life preservers will be furnished.

Professional guides will accompany the group.

Cost for the trip is \$150 per person, which is the price based on 14 passengers in a boat. A smaller passenger load will cost more.

The price is half on the regular summer cost for the trip, Tillinghast said.

All interested persons are invited to go, not just those associated with West Texas State University, Tillinghast said.

Deadline for reservations is March 17, at which time the full fare is due.

Interested persons should contact Jim Holston or Jack Tillinghast at 656-2296 or write Box 825, WTSU, Canyon, Texas 79016.

First in 4-A Competition

Herd Baseballers Win Pampa Tourney

The Hereford Whiteface baseball team won a one-day baseball tournament in Pampa Friday, the first tournament win for a Herd baseball team since the school moved into the 4-A classification.

The four-team tournament opened with the Herd's win over Dumas 4-3. Pampa defeated Canyon 3-2 in that first round, setting up the finals match

against Pampa and the Herd. Hereford downed Pampa 7-1 in the finals for the tourney win and Dumas beat Canyon 7-1 for third place.

In the finals game, the Herd scored 7 runs on 10 hits and committed one error. Roy Martinez was the winning pitcher as he gave up five hits, struck out 15 and walked four. Pampa's only run came in the

fifth inning after Harvester Chance got on base on a walk and scored on the Herd's only error of the game.

Harvey Torres led the Herd's hitting with three hits, two singles and a double. He also drove in one run. Chris King hit a bases-loaded double in the fourth inning that drove in three runs. King had earlier had a hit that drove in a single run. Pete Hale also drove in one run with a hit. Archie Crim hit a double, Mike Dudding had a double, and Martinez and Mike Crim had singles.

The win over Pampa, the team picked to win District 3-AAAA, moved the Herd's season tally to 4-1, with their only loss to Tascosa. The Herd will entertain Tascosa here Monday and then travel to Palo Duro Tuesday.

Mike Crim started the game against Dumas, but was relieved in the fourth inning by Vance Hennington. Hennington was credited with the 4-3 win, giving him a 2-0 record on the mound. Both pitchers combined to give up three runs on five hits, strike out nine and walk six. Troutman was the losing pitcher. He was relieved by Phillips in the fifth.

Mike Crim hit a triple in the first inning that drove in two runs for the Herd. Torres and

King had the other two RBI's. Dudding led the hitting with 2 hits while Torres, Crim and King had 1 hit each. The Herd committed only one error.

Hereford will play host to six other teams for a three-day tournament Thursday, Friday and Saturday. Canyon, Amarillo High, Levelland, Pampa, Dumas and Borger will play in the tourney.

ONE MINUTE SPORTS QUIZ

1. Who won the Jackie Gleason Golf Classic?
2. Who recently broke the women's one mile run record?
3. Name the winner of the Frazier-Ellis bout.
4. The World Boxing Association lightweight crown was defended by whom?
5. Who won the Carolina 500 stock car race?

Answers To Sports Quiz

1. Bob Murphy.
2. Francie Larrieu in the USSR-USA indoor meet.
3. Joe Frazier.
4. Roberto Duran KO'd Ray Lampkin in the 14th.
5. Cale Yarborough.

Laziness explains more failures than ignorance but the combination is catastrophic.

Herd Golfers Open District

The Hereford Whiteface golf team opened District 4-AAAA play at Lubbock's Meadowbrook golf course Friday, shooting their best competitive round of golf to date.

Coch Coach Terry Russell said his

golfers turned in a fine performance as they finished in sixth place for the first district matches. Hereford had a combined score of 323, 20 strokes out of first place Monterey at 303.

The Coronado junior varsity

was five strokes off the lead at 308, Coronado's varsity was next at 312, the Monterey junior varsity had 313, Plainview had 318 and Hereford was at 323.

Lubbock High was next at 331, Plainview's junior varsity had 349, Lubbock High's junior varsity had 361 and the Herd jayvees had 374.

Individual scores found Curtis Stoerner with a 76 while Greg Pagett and George Yocum had 79's. Billy Word shot an 89 and Doug Walterscheid a 93.

Junior varsity scores found Kelly Lea at 80, Tony Albracht with a 90, Randall Herr and Don Shaw with 97's and Blake Allen at 99.

Stoerner's 76 placed him in a tie for fourth place in the district after the first round of play. Monterey's Rex Robertson led the district with a 73, Bill Rice of Coronado was next at 74 and Greg Weatherred of Plainview shot a 75. Stoerner and three other players tied in fourth place with 76's.

The Herd played a non-

conference practice match against Coronado at John Douglas Pitman Municipal Course here Saturday, but results of the match were not available at presstime.

The second district match will be held at Plainview Friday.

Hereford lost a dual match to Levelland Tuesday by only two points, 326-324. Curtis Stoerner and George Yocum carded the lowest scores for the Herd with 79's. Billy Word was one stroke back at 80, Doug Walterscheid was at 87 and Greg Pagett scored an 89.

DAN WELTY

IT'S THAT TIME of year when some of the sporting activities at the school and around occur on Saturdays instead of on Friday nights. This makes it inconvenient for our readers because our paper has already gone to press by the time results of these events are available.

In other words, Saturday's track meet results will appear in the Thursday paper because they weren't available in time for the Sunday paper. We're not running a week behind (although sometimes we think we are). It's just one of the realities of a semi-weekly paper. One of the good points of the semi-weekly is that we can bring you complete results along with comments from the coaches.

And you can darn well bet we'll do our best to get you the whole story.

DAVID DUVALL, whose high school basketball career was spent here in Hereford, was recently honored for his playing ability when he was selected as a junior college All-Star.

Duvall, who attends Cooke County College in Gainesville, was one of two players on his team named to the North Texas Junior College Athletic Conference All-Star Team. Those All-Stars met the All-Stars from the Western Texas Athletic Association conference during the regional tournament held in Amarillo this weekend. Results of that contest were not available as it was played Saturday night. (See explanation above.)

Duvall was named to the All-Star squad as one of the leading rebounders and inside defenders for Cooke County.

IT'S KITE-FLYING SEASON again, that is, when the wind isn't gusting to 60 miles an hour and above. To show you that kite flying is not restricted to just the kiddies, we saw a full-page ad about kites in a magazine, right next to the centerfold.

Benjamin Franklin was a famous kite-flyer who, as we all know, discovered flying a kite in inclement weather can lead to a melted house-key. Anyway, we remember a story of the young Ben Franklin who dropped all his clothes on the river bank and hopped in the water while flying a kite. Young Ben used the pull of the kite to travel upstream. Later, no doubt, he used the kite to cover himself till he got home.

Now, we're not suggesting that you try any of these (the Tierra Blanca Creek doesn't have enough water, and with the winds the way they are around her, you might get dragged across some cactus. However, a leisurely afternoon when the wind is not too heavy, go fly a kite!

THE HEREFORD AMATEUR Athletic Association is beginning to organize for the summer again. They invite anyone interested in sponsoring or playing on a softball team in the HAAA to come out for a meeting at K-Bob's Thursday, March 13. Things will get underway at 8 p.m.

WE'RE NOT naming any names, but there are some folks in town (mainly preachers,

lawyers, fire fighters and farmers) who ought to enter the Sixth Annual World Champion Cow Chip Throwing Contest held April 26 in Beaver, Okla. (Did we forget to mention coaches above?)

For those of you who haven't heard, Beaver is the little town up there in the Oklahoma Panhandle that holds the contest every year. Official rules

state that two chips are allowed to each contestant. The Chip thrown the farthest shall be the only one counted. If the chip breaks up in the throw, then the piece going the farthest will be counted.

Chips, the rules state, shall be at least 6 inches in diameter and contestants must select their chips from the wagon load provided by the Beaver Chamber of Commerce Committee.

There are three classes in which to compete, by the way. The politicians and VIP class is held prior to the men and women's divisions.

For those of you who might have ideas of breaking the chip-tossing record, Harold Smith of Forgan holds the men's record at 176'10". Patti Bruce of Beaver is the women's record holder with a throw of 101'10". Best chip-throw by a politician was a toss of 138' by Senator Dewey Bartlett.

As the tickets to the event proclaim, "Can't think of anyone more qualified than you to be invited."

If you haven't adopted a safe driving resolution we suggest that you do so immediately.

Little League Offers Camp

Baseball season is right around the corner and Little League is making plans for its 1975 Summer Camp program. Dutch Schroeder, Little League Summer Camp Director at Waco, said the camps are open to boys 9 through 15 years of age, whether affiliated or not with a Little League team. Located on the campus of Baylor University, the camp session is a combination of sound baseball instruction and a healthful all-around recreational program. The camp experience is

geared to build confidence and ability in each youngster while providing solid fundamental baseball knowledge. In addition to baseball instruction, youngsters attending the camp participate in swimming, tennis, basketball, and other recreational activities. The latest baseball training aids are utilized. Instructors and counselors for the camp sessions are drawn from the ranks of college coaching and physical education program and from school guidance personnel. All

are selected for their ability to work with and understand the problems of youngsters of Little League age. Each youngster attending the Summer Camp has the opportunity to make new friends as he participates in training, scheduled games and recreation. Coach Schroeder said applications are being accepted for either of the three camp sessions, beginning June 15, June 29 and July 13. Youngsters and parents interested can obtain information and applications by

UP WITH SPRING

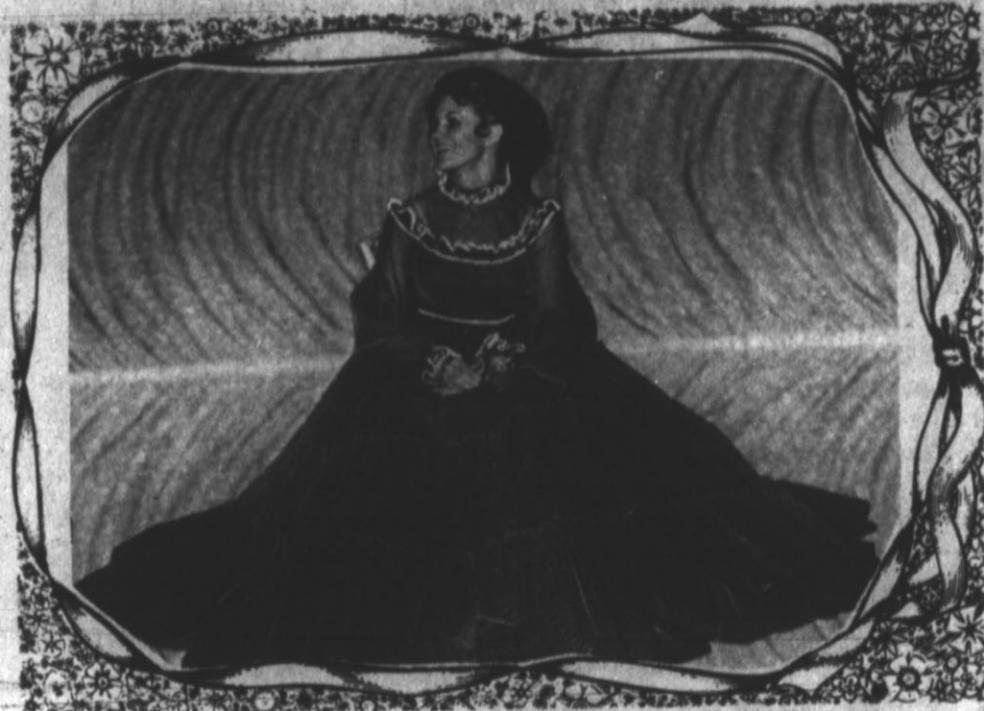

Pants paired with sheer blouses or co-ordinating jackets are popular. Items offered by Pants Coge Plus. Donning the new spring lines are from left to right, Mmes. Kim Gripp, Warner Lawson and Bill Allen.

Feminine dresses like the one worn here by Mrs. Robert Josserand will be popular this season. She will represent the Vogue.

Fashionable attire for Spring '75 includes this street-length dress worn by Mrs. Dean Stallings and a soft yellow pantsuit shown by Mrs. Steve Clements. Both styles will be premiered by Gastons.

A dotted Swiss voile gown with full ruffled skirt is modeled by Mrs. Richard Ottesen for the Vogue.

Airy spring fashions will be the focus of attention at the 'Spirit of '76' Style Show Wednesday. The noon luncheon will be held at Hereford Country Club. Proceeds will be utilized by the local Bicentennial committee. (See story inside)

Section B
Hereford, Texas, Sunday, March 9, 1975

Spirit of '76 Captures Spring

Feminine styles in colorful, cool shades will be featured in the 'Spirit of '76' Style Show and luncheon Wednesday at Hereford Country Club. Sponsored by the local Bicentennial Association, all proceeds will relieve expenses of celebration activities during the nation's 200th birthday. The spring lines, including casual clothes, sportswear and formal gowns, will be premiered

by Paris Cage Plus, Gastons, La Boutique and The Vogue. Tickets may be purchased \$5 each at these stores, the Chamber of Commerce office, Mrs. Clint Formby and Mrs. Joe Reinauer Sr. A joint meeting of local civic clubs March 18 at the Bull Barn will also raise funds for Bicentennial projects. County commemorative coins will be offered for auction.

Visitors From Mexico

Mr. and Mrs. Paul Rivera of Mexico City (center) were luncheon guests Friday in the home of Mr. and Mrs. Herschel Black (right). Mr. and Mrs. Dean Herring (left) and the Blacks met Rivera recently while touring his native city. (See details in Scribbles & Scratches.)

Annual Antique Show Plans Made

Plans for this year's antique show were discussed by members of L'Allegria Study Club Thursday morning at Community Center. The antique show will be Nov. 15-17 with all proceeds going to benefit a community project. Members viewed the new drapery at Community Center which were purchased with funds from last year's show. Mrs. Cameron Gault was appointed project chairman and will be assisted by Mrs. Burns Hamilton. They will head a committee including Mmes. Ed Reinauer Jr., Dennis Lomas, Bill Lyles, Cliff Skiles and Danny Martin.

Mrs. Martin and Mrs. Gary McQuigg were hostesses to Mmes. Bob Veigel, Wesley Gulley, Mary Gibson, Reinauer, Ed Schroeter, Jim Camahan, Dwaine Walker, Skiles, Terry Caviness, Dennis Farley. Also, Mmes. Lyles, Hugh McCrary, Rudy Metz, Hamilton, Gerald Payne, Gault, Gerald Parker, David Jeffries, Bill Warrick and Martin.

Couple Visit Merry Mixers

Merry Mixers Square Dance Club welcomed Mr. and Mrs. Floyd Eubanks as guests Friday night at Community Center. Stewart Rowan called for the 16 couples, who formed four

Ball Planned By KC

Local Knights of Columbus council members are currently working on an annual charity project, St. Patrick's Day Charity Ball. For the past 10 years, area KC councils have sponsored a charity ball, usually held in Umbarger parish hall. Proceeds were given to the Catholic Family Services, a non-profit organization serving the Panhandle and South Plains of Texas. The CAS maintains counseling services for unwed mothers and their families. The organization is a state licensed adoption agency and has placed more children in homes in Hereford than any other agency. They also contribute to the Empty Stocking Fund which runs in the Amarillo newspaper through the Christmas season. The KC councils and members solicit advertising from business and individuals in the promotion of this project and always look forward to having supporters as their guests at the charity ball. Catholic Family Services is strictly non-denominational and extends an invitation to anyone who might need assistance with counseling or other services.

Pro Sports Center Opened

The Pro Sports Center, located in the Park Plaza Shopping Center, was officially opened Thursday morning with a ribbon cutting as shown above. At the opening were: (L-R) Rex Easterwood, Betty Willson, Chamber of Commerce secretary; Bill Albright, executive vice-

president of the C of C; Peppy Blocker; Charles Keese, store service manager; Bud Eades, C of C president; Larry Sanders, parts manager; Tom LeGate, proprietor; Eldon Kock; John David Bryant; Dicky Gerries; Ray Chambliss; and Dorrel Jones.

Scribbles and Scratches

By Karris Womble
Women's Editor

MORE BLOOD has been shed in the name of religion than any other human cause. With St. Patrick's Day approaching, one wonders what happened to the Ireland which once evoked thoughts of peaceful villages of shimmering green hues. This "Land of Oz" is now ravaged by a religious war and the most tragic victims are the children. Reared in an environment of hate and violence, Irish youngsters must have a warped perspective of life's quality. This travesty has come to light in America and, with St. Patrick's Day and Ireland in mind, a group of young people are trying to help Ireland's children. Local schools received letters this week seeking only 10 cents from each Hereford student. This money will fund an "airlift" project which will bring 500 Protestant and Catholic children to the United States for a visit this summer. Youth Helping Youth is the motto of the program, designed to promote tolerance and understanding. The Irish guests will be lodged in individual

homes throughout the nation and exposed to a peaceful way of life in the U.S. ON A LIGHTER NOTE, Monica Herring, Miss Hereford 1975 will have "a wee bit of Ireland" in her perky blue eye Saturday when she celebrates St. Patrick's Day at Shamrock. An entrant in the Miss Irish Rose, Monica will ride a float in the parade that morning. She will be sponsored in the annual pageant by the Women's Division of the Chamber of Commerce. Monica and her parents, Mr. and Mrs. Dean Herring, returned from Fort Worth this week where she was recognized as a guest of the Miss Halton-Rich Pageant. The local family witnessed a Little Miss contest, which gave the runner-up title to the granddaughter of Mr. and Mrs. Bartley Dowell. MR. AND MRS. HERRING and Mr. and Mrs. Herschel Black were pleasantly surprised Friday when friends of Mexico

City dropped in for lunch. Paul and Chris Rivera, native residents of "old" Mexico, ate the noon meal at the Blacks home, 1524 Brevard. The local couples met Rivera under strange circumstances recently when touring Mexico City. The Hereford quartet were meandering through the aforementioned city and were, not surprisingly, lost. They asked directions from a passerby (Rivera) who turned out to be a fascinating representative of the Mexican culture. Rivera appointed himself as a personal guide for the Harrings and the Blacks. He afforded them a rare look away from the tourist sites of his homeland so they tasted the untouched, genuine Mexican culture. Educated at an Indiana University, Rivera is a chemical engineer. He worked in Africa for Union Carbide one and a half years. THERE ARE TIMES when one feels like a peanut in a world of cashews.

Marriage Planned

Mr. and Mrs. John E. Smith on Star Route announce the engagement of their daughter, Diane, to John Guggedahl of Lubbock. The prospective bridegroom is the son of Mrs. G.C. Stewart of El Paso and the late Mr. John A. Guggedahl. The marriage has been scheduled May 24 in the First Presbyterian Church of Hereford. A 1971 graduate of Hereford High School, Miss Smith received her Bachelor's degree from Texas Tech University in December. She is employed by Dunlap's of Lubbock. Guggedahl, currently a senior at Texas Tech, graduated from Coronado High School at El Paso in 1971. He has been accepted for study at the University of Texas Medical School at Galveston.

Women Study Decoration

New home decorating techniques were demonstrated for members of Wyche Extension Club Thursday afternoon during a field trip. Color coordination of walls, floor coverings and furnishings were explained by Mrs. Linda Yocum at her firm, Yocum Decorators. Carpet and cotton fabric samples were shown as the latest innovations in floor and window coverings. Mrs. Yocum demonstrated a technique which laminates drapery with a protective covering which is durable and easy to clean. After this presentation, HD members visited Paul Jones Upholstery, where air tools were used to refinish furniture. Jones treated an antique oak table while club members watched. Business was discussed and refreshments served in the home of Mrs. Paul Jones after the program. Members voted to help with the 4-H Bean Supper to be held Friday at the Bull Barn. Mrs. Johnny Wall and Mrs. Suzanne Lesly were welcomed as guests. The next meeting will be at 2:30 p.m. March 20 in the home of Mrs. Leroy Bodkin. Members present were Mmes. Bodkin, Frank Duncan, G.W. Duncan, Leo Hellman, Norman Hodges, J.H. Holden, C.F. Newsom, Bob Thuit, L.B. Worthan and Bob Trowbridge.

Outing Taken By Bay View

After luncheon at the Amarillo Club, members of Bay View Study Club toured the Sagebrush Art Gallery Monday afternoon. The trip was taken by Mmes. J.R. Allison, H.L. Benefield, R.W. Eades, D.N. Garner, Homer Garrison, John Gilliland, W.H. Griffin, Bob Jomeland, Earnest Langley, Juston McBride, Ansel McDowell and R.B. Miller. FAMILY IN COLLEGE DAYTON, OHIO—Going to college is a family affair for the Al Ivery family. Al, his wife, son and daughter are all enrolled at Sinclair Community College. Ivery is retired from the Air Force.

Chili Dinner Promotes Choir

An "All you can eat" Chili Dinner sponsored by the First Methodist Church will be held 5-8 p.m. Wednesday, March 12, in the First Methodist Church Fellowship Hall. The cost is \$1.50 for adults, \$1 for 6-12-year-olds and for those under 6 free. About 500 persons are expected to turn out for the event. According to Bob McFarland, minister of music food donations were given for the dinner with the purpose of helping to raise money for the Church's Coral Choir (4th, 5th and 6th grade), to send them to Oklahoma City, April 11 and 12 for the Junior Choir Festival. Few capitalists brag about their poor investments.

Bean Supper Is Friday

by Joyce Shipp

Don't forget to bring your family and friends to the 3rd Annual 4-H Bean Supper, Friday at the Bull Barn. Tickets are only \$1 per person (regardless of age). Serving time is set for 5-8 p.m.

Menu includes: beans, cornbread, cole slaw, fruit cobbler, onions, pickles, tea and coffee. Proceeds will help finance upcoming 4-H activities and events.

Thanks to George Warner Seed Company for donating our beans and corn meal; also, to Troy's Sweet Shop and Mr. John Finley for cooking the cornbread. We appreciate your support in this activity.

If you don't have your ticket yet, call any 4-H member, adult leader or our office. You can also get a ticket at the door!

MARCH 13 is the date for our Area Wide Sew Fair to be held at the Friona Community Building. Registration will begin at 9:30 a.m. for the morning session and 1:30 p.m. for the afternoon session. The following program will be given both sessions.

10:00 a.m. & 2:00 p.m.
Fashion - Sewing Ideas by Sally Olson of Butterick Fashion Marketing Co.

Make the Most of Your Sewing Machine by Marsha Fredrickson - White Sewing Machine Co.

Monopoly on Fashion by Becky Culp - Clothing Specialist, Texas Agricultural Extension Service.

The H.D. women in Farmer County will have a food and drink concession for your convenience.

This is open to the public and free of charge.
Call our office if you need a ride.

We hope you'll make plans to attend one of the sessions.

H.D. Council meeting date is changed. It will meet, Monday, March 17 at 2:30 p.m. in the County Courtroom.

Couple Exchange Vows Thursday

Hurricane candelabra were decorations used at the wedding ceremony of Noraene Stallings and J.W. Strickland Thursday evening in the home of Mr. and Mrs. Jim Ward.

Officiating at the marriage was J.T. Marlin, pastor of Central Church of Christ.

The bride is the daughter of Mr. and Mrs. Roy Clark of Muleshoe and the bridegroom is the son of Mrs. Woodrow

Leaders Plan Week

Plans for Campfire Girls birthday week, March 16-22, were discussed by adult leaders Friday in Hereford Campfire Lodge.

It was announced that on the organization's birthday Sunday, March 16, Campfire Girls will attend church services in uniform as a group.

Flag ceremonies at the Campfire Lodge were slated to begin this week with different groups to be responsible for posting the banner daily this year.

Other business included distribution of "smile" buttons to Campfire leaders and members. Special thanks will be extended to the United Way campaign for gleaned funds.

Leaders discussed the Campfire resident camp to be conducted in New Mexico during July. Applications are available at the lodge.

About 20 individuals attended the monthly meeting.

PRODUCTIVITY DROP
The nation's productivity, or output per manhour, declined sharply again in the fourth quarter, and for 1974 as a whole showed its first decline—2.7 per cent—since records began to be kept in 1947, the Labor Department reported.

TO PROBE INEQUITIES
At the request of Senator Alan Cranston (D-Cal), the Senate Finance Committee said it would conduct a nationwide investigation of inequities and errors in a special program of federal benefits to the blind, aged and disabled.

U.S. to announce rise in food aid program.

Democrat Club To Meet Monday

Plans for the Jefferson-Jackson Dinner will be finalized by Deaf Smith Democratic Club Monday at 7:30 p.m. in the Heritage Room of Deaf Smith County Library.

The public is invited to attend.

No man has more pride than the man who insists he has none.

A liberal is always that way with the taxpayers' money.

Engagement Announced

Steve Hendon of Irving and Jodi Maddox of Dallas plan to marry May 17 in Woodhaven Presbyterian Church at Irving. The prospective bride is the daughter of Mr. and Mrs. G.C. Murray of Farmerville. A 1969 graduate of Farmerville High School, she completed studies at Executive Secretarial School in 1971. She is now employed by Digital Equipment Corporation of Dallas. Her fiancé is the son of Mr. and Mrs. Eugene H. Hendon of 126 Kingwood. He graduated from Hereford High School in 1968 and received a Bachelor's Degree in 1973 from West Texas State University. He is employed by Las Colinas Equestrian Center at Irving.

'Deadlier' Flu On Way

Influenza warnings are now up, reports the Health Insurance Institute. A new type A strain called Port Chalmers flu is expected to sweep most of the nation this winter. According to the Center for Disease Control, this flu is deadlier than most of the others and more likely to strike adults than children. But, says the CDC, it may be controllable with a flu vaccine that offers protection against this new strain. Port Chalmers flu was first isolated in New Zealand, appeared this summer in Georgia and Mississippi and is expected to spread through the South, Midwest, and Pacific coast.

Fashions Seen At Luncheon

A style show presented by Patsy Cage Plus of Sugarland Mall, premiered pretty apparel during the Hereford Women's Golf Association luncheon Thursday at Hereford Country Club.

During the first meeting of the year, models donned spring fashions which placed emphasis on pastel colors and feminine lines.

It was announced during the business meeting that a matched play tourney will be held this month. Members are asked to get their opponents name at the pro shop.

Offices serving this year are

Lani Walterscheid, president; Theresa Albracht, vice president; Joan Coupe, secretary-treasurer; Mary Gibson, par-

timentarian; Pat Goforth, reporter.

The next monthly meeting and luncheon will be April 3.

THE HOME GAME

BY VIRGINIA TRUAX

INSTANT APPLE PIE — If you're stuck for dessert, or need a quickie sweet to serve with coffee, spread white bread with apple sauce, dot with butter, sugar and cinnamon and heat in oven for 10 minutes. Sprinkle with powdered sugar, or serve plain. Yummy, and a great way to utilize leftover bread.

FAB FRUIT DRESSING — Make a luscious dressing for fruit salad by combining 2 tablespoons toasted sesame seeds, 2 tablespoons honey, 1 teaspoon each grated orange and lemon peel, 1/8 teaspoon salt, and 1 cup plain yogurt. Cover and chill before using. Great with a salad of orange/grapefruit sections, apples and grapes.

ENERGY SAVER — One way to reduce your electric bill is to eliminate the drying cycle on your electric dishwasher. After the rinse cycle is completed, simply turn to "OFF" and open door to let steam escape. The dishes will dry automatically within minutes.

Needed Donations

In order to widen the range of activities at Deaf Smith County Library, La Plata Study Club is seeking donations so that a piano can be purchased for the library's Heritage Room.

Contributions may be deposited in library piano funds established at Hereford State Bank and First National Bank. It is the club's goal that piano be obtained in time for the Fine Arts Festival April 12.

Serving on the committee directing the project are Mmes. Phillip Skook, Major Schroeter and Elmer Patterson.

Fame usually comes to those who are thinking about something else.

Family Reunited

Mrs. Maria Rivira, seated, returned to Hereford recently to reside and was reunited with five generations of her family. With her are her son, Victor Hill; granddaughter, Mrs. Gilbert Arellano (standing at right); a great-granddaughter, Mrs. Johnny Amaro; great-great-granddaughter, Monica Amaro.

Club Gathers Convention Awards

Hereford Garden Club resped numerous awards Tuesday and Wednesday during the 28th annual convention of District 1, Texas Garden Clubs, Inc., at Lubbock.

During an awards ceremony Wednesday morning, Pampa garden clubs received the most honors with Hereford women taking home second highest recognition. Mrs. O.G. Hill Sr., president of Hereford Garden Club, was awards chairman at the assembly.

The local club earned first place ranking for the honor roll scrapbook prepared by Mrs. W.H. Hromas and for the president's report submitted by Mrs. Hill. Second place honors were given for best programs planned by Mrs. A.L. Manjot, a delegate report written by Mr.

Hill, an honor roll yearbook compiled by Mrs. D.N. Garner, and press and publicity publications.

Citations were given for excellence in the following: horticulture report by G.W. Newsom; world gardening project directed by Mrs. H.L. Mitchell; civic project (Hereford Garden Center).

Class 1 honorable mentions were dealt to Hereford Garden

Club for the president's report and as an honor club.

Johnson Growers, a junior gardening division sponsored by Hereford Garden Club, received convention honors also. The club, which is directed by Mrs. Ray Johnson, was presented a horticulture achievement award and a \$10 prize for outstanding efforts in gardening.

BSP Convention Discussed By AIM

The Beta Sigma Phi Sorority state convention scheduled June

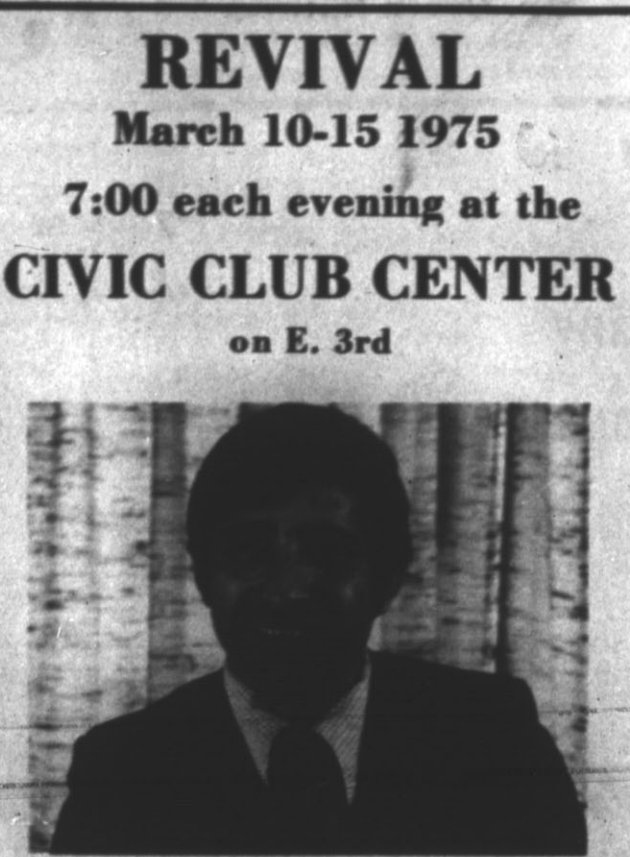

13-15 in San Antonio was discussed by members of Alpha Iota Mu Thursday evening in Community Room of First National Bank.

Also, on the business agenda, a report was read by Mrs. Chick Holbert on forum and business discussed at the area BSP convention in Amarillo.

Mrs. Ron Davies presented a program on painting to a guest, Mrs. John Schneider, and members present. They included a transferee from Canyon, Mrs. Eldon Koch, and Misses Bud Thomas, Floyd Neill, Ken Glenn.

Also Misses Davie McDonald, Clyde Whitaker, Johnnie Burkhalter, Phil Sciumbato, Darwin Huen, Coy Mason, Gerald Sledge, Bill Drake and Ken Walser, and Betty Barrett and Dixie Ford.

Those who take their work seriously are the ones who usually have the permanent jobs.

Campfire Girl Activities

Several reports were heard by members of Wa-Kan-Ki-Lo Campfire Girls when they met Monday afternoon at Campfire Lodge.

Deanna Jo Pool gave a report on musical instruments, past and present, and a report on churches was given by Mrs. Floy Eubanks as part of a Bicentennial project.

Mrs. State Norvell and Mrs. Lee Drake told the group about the Discovery Club for seventh and eighth grade groups and the goals the club would reach within the next two years.

Bicentennial table decorations were made for the quarterly meeting of the Deaf Smith County Chamber of Commerce by members of He-Ya-Yo Campfire Girls Monday afternoon.

Members present were Brenda Brown, Janelle Coupe, Becca Gibson, Kerry Hacker, Lesley Metz, Jennifer Griffin, Lynn Garrett, Sheri Whitaker, Karla Driskell, Lynette Rhoton, Karen Drake, April Holy and Linda Walker.

HD Club Appoints Reporter

Miss Roberta Campbell was appointed reporter by members of North Hereford Extension Club Thursday afternoon in the home of Mrs. Roger Williams.

Miss Campbell is filling the vacancy left by Mrs. Gaylon Bryon who presented her resignation during the meeting. Also, during the business meeting, Mrs. T.E. Bridgman, club president, heard several committee reports.

Safety was the program topic presented by Mrs. Tony Hoffman. She stressed the precautions which should be taken when handling foods, especially home canned products.

The next meeting is scheduled 2:30 p.m. March 20 in Southwestern Public Service Reddy Room.

Members present were Mmes. Paul Hoff, Iva Saltzman, Cliff Johnson, Neil Lemons and J.A. Crofford.

A thoughtful addition to a home sewn gift is a care label. The appropriate care label is available when the fabric is bought and can be sewn right into the garment. Margret Ann Vanderpoorten, clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System, notes.

Baseball fans are beginning to stir.

Nervous tension is an expensive trait.

Miss Hereford To Vie For Shamrock Title

Monica Herring, recently crowned Miss Hereford, will represent this city in the Miss Irish Rose contest Saturday at Shamrock.

Miss Herring, daughter of Mr. and Mrs. Dean Herring, will be sponsored in the pageant by the Women's Division of Deaf Smith County Chamber of Commerce. Based on beauty, poise and personality, the annual contest will present scholarships of \$300, \$150 and \$100 for the first, second and third place winners, respectively. This trio will also receive various other prizes with a \$50 scholarship to be awarded to Miss Congeniality.

The pageant will be a high point of the 29th annual St. Patrick's Day celebration. In

addition to pageant participation, Miss Herring will appear on a float in a parade which is to begin at 11 a.m. Saturday. The Irish Rose coronation is scheduled at 3 p.m. that day in the National Guard Armory.

A senior student at Hereford High School, Miss Herring was Miss Teen Hereford 1974 and received the Miss Congeniality title that year. She is Kiwanis sweetheart, 1975 Basketball

Queen and is in National Honor Society. The young woman has school memberships in Leo Club, Future Business Leaders, Future Teachers of America and the varsity tennis squad.

Tickets On Sale

For Bean Supper

Advance tickets for the 4-H Bean Supper, scheduled Friday at the Bull Barn, can be bought from any 4-H member or leader.

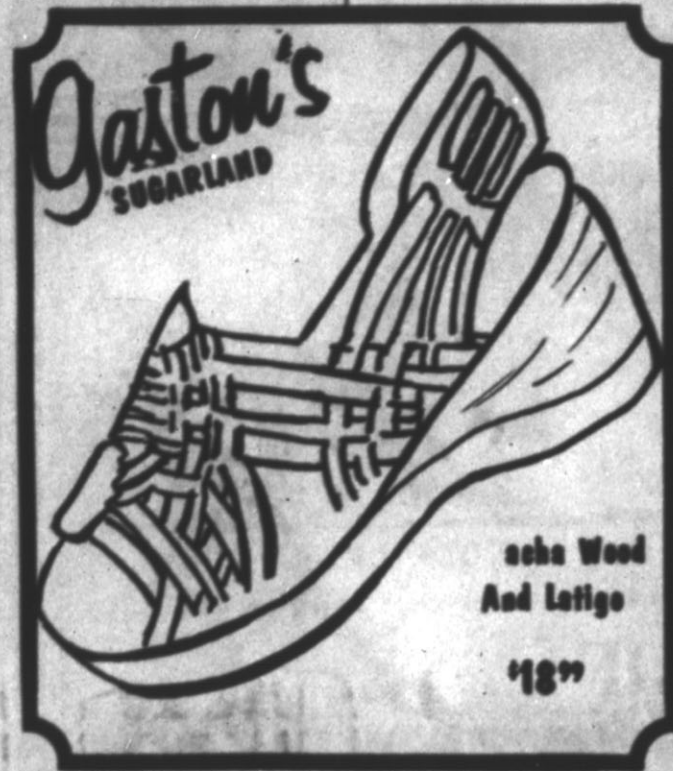

Cost per person is \$1 and proceeds will help finance 4-H trips for members and leaders. Tickets will also be sold at the door.

Serving will be from 5-8 p.m. at the third annual supper.

Last hired are first to go in recession.

Mrs. Atchley Is T of T Delegate

Mrs. Thomas Atchley was elected as a delegate to the Top of Texas convention scheduled April 4-5 in Amarillo by members of Summerfield Study Club Thursday in the home of Mrs. George DeLozier with Mrs. R.B. Baker serving as co-hostess.

Also during the business meeting with Mrs. Atchley presiding, the club voted to donate money to the piano fund for Deaf Smith County Library.

Mrs. J.R. Ester spoke on what the real issues in education are and Mrs. Ray Johnson gave a synopsis of the book, "The Flamingo Judge," by James D. Hamlin.

Mrs. Johnson stated the judge "combined the polished manner of a southern gentleman with the lusty nature of a frontier Texan. For 40 years he served as the influential and distinguished representative of the Farwell family and their capital reservation land."

Mrs. Mack Noland led the group in prayer during the meeting and Mrs. Clayton Sanders gave the pledge to the Texas flag.

Mrs. Jerry Don Lance was welcomed as a guest by members present. They included Mmes. Earl Lance Sr., Earl Lance Jr. and Mrs. Guy Walser.

Mr. and Mrs. Elmer Reynolds observe 50th wedding anniversary

Couple To Celebrate Golden Anniversary

Former residents, Mr. and Mrs. Elmer Reynolds, will celebrate their 50th golden wedding anniversary at a reception from 3-5 p.m. today in the home of Mrs. Ernest McGee. Friends of the couple are invited.

Daughters of the Reynolds will receive guests. They are Mrs. Texie Jarmon of Denver and Mrs. June Caraway of Edgemont, S.D. The couple have a son, Jack Reynolds of San Diego.

The McGee home, located at 225 Elm, will be decorated with bright, spring motif. The

servicing table will have white milk glass and gold appointments.

Beulah Pate married Elmer Patterson March 8, 1925 at Childress. As newlyweds, they lived at Crosbyton for one and a half years before coming to Deaf Smith County.

The Reynolds family lived here for 43 years. During that time, he maintained roads in this county. In 1964 the couple moved to Brady, where they now reside.

Mr. and Mrs. Reynolds are members of the Church of Christ.

June Bride-Elect

Miss Ladonna Kay Williams, daughter of Mr. and Mrs. Bobby Williams of Albany, former Hereford residents, and Johnny Max Viertel, son of Mr. and Mrs. Arthur Viertel of Moran, plan to marry June 7. The couple will exchange wedding vows in First Baptist Church of Albany. The bride-elect is a sophomore student at Texas Tech University where she is majoring in special education. She graduated from Hereford High School in 1973. The prospective bridegroom is a junior student at Angelo State University where he is majoring in music. He is a 1972 graduate of Albany High School.

Recognition Given To Artist

Six pen and ink drawings by Sue Hamlett, 18 have been bound in a portfolio which received high recognition from judges Wednesday at the Texas Fine Arts Regional Festival at Amarillo.

This portfolio was one of ten which will advance to state competition and be eligible for

an art scholarship. Miss Hamlett's drawing will be on exhibit March 24-April 11 at McMurry College at Abilene.

The daughter of Mr. and Mrs. Thomas Hamlett of 301 Westhaven, Sue also received second place honors for a single ink drawing. She is currently

studying under Mrs. Elaine White, art instructor at Hereford High School.

As a member of National Honor Society, Miss Hamlett is active in Leo Club. She plans to graduate from HHS this spring and major in art at Texas Tech University come autumn.

Jr. Music Festival Draws Local Youth

More than 100 music students from Hereford, Friona and Dawn will perform selections for individual ranking next Friday during a Junior Musical Festival.

Under auspices of Texas Federated Music Clubs (TFMC), the youth will begin performing at 8:45 a.m. in First Baptist Church.

Unlike regular recitals, students will not be competing against one another, but will be judged on merit of individual selections. Piano, organ and clarinet renditions will be ranked by Mmes. Thomas Hambrick, Robert Goodnow and Ruth Thurman, all of Amarillo. Vocal presentations will be judged by Mrs. Wesley Gulley of Hereford.

Hereford Music Club and

Dawn Music Club will be assisting during the festival. Project chairman is Mrs. Ray Stewart, recording secretary of the state TFMC board.

Performances will be categorized in the following: piano solo and concerto, hymns, vocal solo and ensemble and other instrumental.

Participating musicians are students of area instructors, including Mmes. Joe Hacker, Cecil Holman, Carl Wimberley, Lewis Newell and Jonnie Walters. Voice teachers represented at the festival will be Mmes. Dolson Palmer, Allen Canster and Eva Miller.

HD Club To Sponsor Style Show

Plans were made for the country-wide show, sponsored by Dawn Extension Club members Friday afternoon in Dawn community building with Mrs. J.D. Fowler as hostess.

The style show is scheduled to begin at 8 p.m. April 18 in Dawn Community building, with the public invited to attend free of charge.

Mrs. Don Middleton explained the sewing class which will be held at 2 p.m. Friday at the community building. The modern sewing techniques will be demonstrated.

Refreshments were served to members present. They included Mmes. Ed Sowell, Leroy Johnson, Jerry Stewart, R.T. Stewart, H.V. McCabe and James Tilley.

Speak not but what may benefit others or yourself; avoid trifling conversation.

-Benjamin Franklin.

A single conversation across the table with a wise man is better than ten years' study of books.

-H.W. Longfellow.

Show To Feature Talented Artists

Myriads of art creations will be on display and for sale at the Arts and Crafts Extravaganza next weekend at Community Center.

Sponsored by Hereford Art Guild, the art booths will be open 10 a.m.-8 p.m. Saturday and 12 noon-6 p.m. Sunday.

Renowned artists Ben Konis and Danny Gamble, both of Amarillo, will exhibit original paintings, which will be for sale. Local artists represented will include Elaine White, Jon Birdsong, Pam Trotter, Travis McPherson and Peggy Furr.

About sixty artists and craftsmen have obtained booths for the annual extravaganza. Booth rental will be used by the Art Guild for improvements at the art room of Community Center.

Chairman of this project is Mrs. Dale Furr, guild president. Mrs. E.E. Doak is chairman of a publicity committee, including Mmes. John Gilliland, Jan Harper, Linda Warrick, Ben Childers, Kathy Axe and Hilery Aven. Hostess will be Mrs. A.L. Wilson.

Paintings in oils, water colors and acrylic will comprise the majority of art exhibits with cast bronze and wrought metal sculptures. Other booths will feature Indian turquoise jewelry, African trade beads, pastel and charcoal drawings, wood sculpture, western

photographs, rock art and miscellaneous crafts. Proceeds from individual booth entries will go to the individual artisan.

Experts, like ordinary people, seldom agree.

Selfishness will break up any partnership.

Too often habits make men instead of men making habits.

GARNER MOTORS BRINGS TO HEREFORD

THE

1975

Cadillac Caravan

Come see the entire 1975 Cadillac line . . . all models, including the newest Cadillac s in all the world, the El Deora coupe and four door sedan, designed and created exclusively by Garner Motors. Tuesday through Saturday this week, see the most beautiful show on the road in SUGARLAND MALL.

Garner Motors is your only authorized Cadillac dealer for Hereford, and if you're considering any luxury car, consider Cadillac, a very solid investment in your motoring future. With your present car worth so much more in trade-in value, and a most advantageous pricing policy, Garner Motors will make it possible for you to own just the Cadillac you've always wanted . . . RIGHT NOW.

ALLAN CHAFFIN

Come meet and talk with our special G.M. representative, who'll be on hand to explain and talk with you about all the things that are new in Cadillac this year. He'll be in Sugarland Mall at your personal representative to help you select the 1975 Cadillac that's for you.

GARNER MOTORS

OLDSMOBILE - CADILLAC

711 WEST SIXTH, AMARILLO, TEXAS "THE DEALER"

TUESDAY through SATURDAY in SUGARLAND MALL

A ding-a-ling orders Gas air conditioning now.

A telephone call to Pioneer Natural Gas brings an air conditioning specialist to your home for a free survey and cost estimate at no obligation to you. He'll answer all your questions, and tell you what it will take to install GAS air conditioning in your home. It's the first easy step toward having your dependable GAS air conditioning installed before the first hot, windy days are here.

A GAS air conditioning system is ruggedly built to cool quietly and efficiently. There are fewer moving parts, and no compressor to break down or wear out. Heat from the steady blue flame circulates a refrigerant through the system to cool the air. It's this simple principle that gives GAS air conditioning its long life with no loss of cooling capacity and easy maintenance.

Install GAS air conditioning now. You'll avoid the rush, and be enjoying the quiet, cooling comfort of GAS air conditioning while everyone else is waiting. Give us a ring . . . a-ling.

Call Us.

Comings And Goings At King's Manor

By FAY GAUGGEL

The oil painting class of King's Manor is being featured during March at the Hereford Public Library. Being a diversionary activity this class comes under the direction of Mrs. Don Davidson. Our teachers are Mrs. Wynelle Hutson and Mrs. Beth Herring. Please come by and see this exhibition.

Members of the class are as follows: Novella Stallings, Myra Mae Love, Leota Moore, Beulah Duensing, Ethel Curry, Thelma Chisum, Rubey McLaughlin, Louise Vaughan, Lucile Naylor, Fay Gauggel and our newest entrant is Julia Welty.

The exhibit represents hours of work. Being classed as therapy, it surely is more pleasant than most medicine. To be sure some of us are quite amateurish, and need close supervision. For example some of us used to dread a tree and would call for help by announcing "Teacher, I've reached the 'Only God can Make a Tree' stage."

Oil is a good medium for us because it offers so many ways of getting out of a messy situation. Our patient, lovely teachers always work with us until we are willing to call a study complete.

It's a wonder all our work isn't "a study in black and white" like Whistler's Mother because the domino players are near us in the Garden Room. They yak and make "Post Mortem" remarks after each game. I wonder if they see green, red, purple etc., etc. as they "Figure in the Head." Speaking of Whistler's Mother, what did people say when that aristocratic lady rose from her chair? Why, Why - "She's off her Rocker!" of course!

But rest assured none of us is trying to usurp "Grandma Moses" seat at the top of the "Naturals."

We appreciate the Librarian's letting us put on a show in their lovely new quarters.

Mr. and Mrs. Herman Cross of Memphis, spent Saturday night and Sunday at King's Manor with his mother, Mrs. Alma Cross.

Mr. and Mrs. Delbert Winchester of Enid, Okla. were weekend guests of Mrs. Don Davidson and Fay Gauggel.

Wednesday evening Feb. 26, the Hudsons of 428 Sunset Drive

entertained at dinner for guests from the Manor complex. The dinner was a courtesy to those who were co-hostesses at the Hudson's Valentine tea on Feb. 9. They were as follows: Mesdames Janie Hill, Louise Vaughan, Don Davidson, Beulah Wright, Roberta Seago, Ophelia Dotson, Jessie May Dodson, Leota Moore, Fay Gauggel, Kay Kendrick and Mary Helen Fisher.

Husbands attending were Dr. Dewitt Seago, Virgil Dodson and David Hill.

Vena Hudson is a cook of the first waters and the food was perfect and served perfectly too.

The remainder of the evening, was spent as we sang to Mrs. Don Davidson's piano accompaniment, many songs from our dear old Cokesbury books.

Clyde sings as well as Vena cooks and with Dr. Seago and David Hill to help, these gentlemen held their own with the ladies, even tho' we sang in parts.

We noticed every mouth was busy with words and tune. (Some feet were busy too).

The time sped by and it was an occasion we shall probably never forget. We sang like ole timey meetin' folks.

Thanks to the Hudsons for such a pleasant satisfying evening.

PROGRAM

This past week three fifth grades from Shirley Elementary School presented a patriotic program entitled "Where in the World, but in America" - a most inspiring and creditable production. Howard Birdwell is principal of the school and Bobby Boyd is his assistant.

It was the corporate efforts of four teachers who made the program possible. Nancy Jones (music teacher) was piano accompanist and Mrs. Phillip Shook, Sharon Hodges and Lula Sherman.

There were individual, as well as unison spoken parts, in which the pupils spelled out to us their ideas of traits of character which a good American must develop. Such as self-control, bravery, truth etc., etc. They elaborated on the meaning of "The Pledge of Allegiance to the Flag." Popular patriotic songs, sung by all, interspersed the entire program.

In fact, they gave us a panoramic picture of America from "Sea to Shining Sea."

Finally, in rapid sequence, we heard such names as the following called out, Abraham Lincoln, Washington, Paul Revere, Martin Luther King, Gettysburg, Okinawa and certain key statements were repeated such as, "This is America," "I speak for America" and others. They picked up ques like professionals. There were no hitches, bobbles or awkward pauses.

So impressed were we that many of us swallowed lumps in the throat and blinked tears from our eyes as we listened raptly.

In retrospect, some of us were behind the scenes laboring assiduously at their Herculean task of producing. With leadership such as this for our youth, we shall not fear the future. Our youth will be solid Christian citizens.

What a haven of retreat from the picture of "The Ugly American" we have seen during the recent war years. Oh, we could go off into a spiel of cliches - "Train up a child" etc., etc. "As the Twig is bent" etc., etc.

What a program! We laud and salute youngsters and teachers. The seeds of democracy were planted and, from the earnest look on young faces, we feel they fell in fertile ground.

Where, indeed except in America, could one see such a performance?

Family Film Scheduled For Friday

The family night film, sponsored by the Friends of the Library, will be presented at 7 p.m. Thursday in the Heritage Room of Deaf Smith County Library.

This will be an excellent film for all ages. Pre-school children must be accompanied by a parent.

There will be no charge and everyone is invited.

Also, a special feature will be presented during the story hour for children grades 1-6 at 4 p.m. Friday.

Real service: filling a small job as if it were a big job.

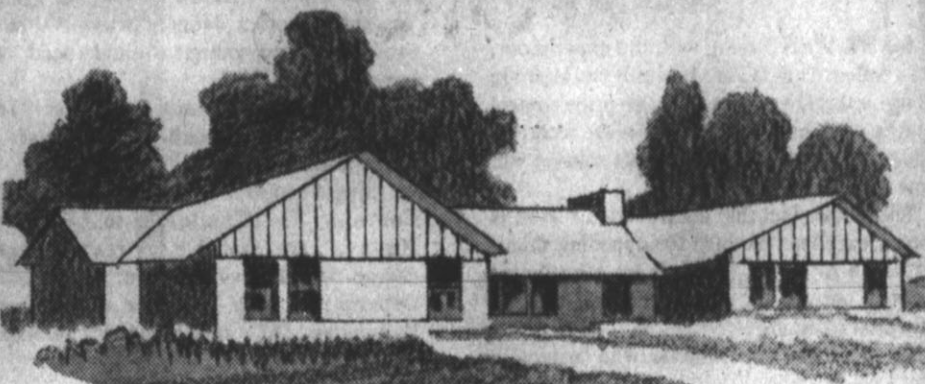

Exhibiting Paintings

The oil painting class of King's Manor Retirement Home is exhibiting their paintings this month at Deaf Smith County Library. Mrs. Don Davidson, not shown, is director of diversionary activities at the home. In top photo, from left to right, are Thelma Chisum, Novella Stallings, Lucile Naylor, Louise Vaughan and Beulah Duensing. In bottom photo, seated are Rubey McLaughlin, Fay Gauggel and Mina Mae Love. Standing are Leota Moore and Lee Curry.

People once believed that eagles were reborn in fire and water every ten years.

Now is the time . . .

to buy that new home!

Renting? A new home is a good investment... buying means using your money rather than just spending it.

Out grown your present home? Need more space, more room, then trade up...

Club To Donate Money For Piano

Members of Hereford Study Club voted to donate \$100 to the piano fund at Deaf Smith County Library when they met Thursday evening in the home of Mrs. Don Robinson of 101 Liveoak.

Proceeding the brief business meeting, Miss Gladys Settiff presented a book review of "Be Happy, You'll Like It" by Dr. Merrill Winsett.

The practicing physician, who has studied human nature from a doctor's vantage point for 25 years, made the discovery that health is not so often a six letter word but is a nine letter word - happiness.

She also stressed that the average person does not find happiness but rather happiness finds the individual. He must make himself available for contentment.

Recognized as visitors during guest night were Mmes. Gary Cone, Rex Lee, Fain Caezar, Wayne Winget and Virginia Holmes.

Strom Thurmond, Senator (R-SC):

"The North Vietnamese are encouraged in their attacks by declining U.S. aid and apparent weakening in congressional support."

Co-hostesses during the evening were Mrs. T.E. Braddy and Mrs. R.N. Yarbro.

Members present included Mmes. Labry Ballard, B.F. Cain, S.L. Garrison, W.H. Gentry, Roy Hartman, Merlin Kaul, Bob Poston, Joe Story. Also, Mmes. Art Stoy, Ed Wilson, C.R. Winget and Bob Word.

NEW TESTAMENT CONVERSION

What is conversion? Conversion is not a convulsion; it does not take place in a nightmare. Webster defines the verb "Convert" as "to turn, or to change." Now for a Bible definition: "Repent ye therefore, and be converted, that your sins may be blotted out." [Acts 3:19]. In supplying the words "turn again" for "converted," as they appear in the Revised Version, we have the expression; "Repent ye therefore, and turn again, that your sins may be blotted out." Hence conversion is a turning; a turning from the service of sin to the service of Christ.

Just what part of the sinner is converted or changed? Unquestionably every part that has been alienated from God through sin. FIRST, the sinner is away from God as respecting his heart. [Jeremiah 17:9]. The heart of the sinner is the workshop where all evil thoughts and deeds originate. [Matthew 15:19]. Hence, the heart of the sinner must be converted, or changed. But how? By faith [Acts 15:9; Romans 10:10]. Thus by a change of heart we mean a change of affections . . . a change that destroys the love of sin and establishes the love of God in the heart of the sinner. But a change of heart alone is not the whole process of conversion.

SECOND, the sinner is away from God as respecting his life; he is alienated by "wicked works." [Colossians 1:21]. But how is the sinner's life converted or changed: By repentance [Acts 3:19]. Repentance is a change of will. [Matthew 21:28-29]. But a change of life is not the entirety of conversion. Therefore, THIRDLY, the sinner is away

from God as respecting his relationship to the world and to God. He must be brought into a new relationship with God, Christ and the Holy Spirit. This change of state brings a man into the kingdom of God [Colossians 1:13]. But what brings about this change? [Read Galatians 3:27]. The apostle here affirms that baptism is that act which puts one into Christ. The word "into" is a preposition that denotes action out of one state into another . . . from the without to the within. Previous to baptism one is out of Christ, after baptism he is in Christ. There are no degrees in a state; one is either IN or OUT of CHRIST, just as he is either MARRIED or UNMARRIED, or just as he is a CITIZEN or an ALIEN. But this translation by baptism is null and void without being preceded by the change of life by repentance. Hence, Peter said to the convinced believers on Pentecost, who inquired "What shall we do?": "REPENT and be BAPTIZED every one of you." [Acts 2:38]. But both the change of RELATIONSHIP by BAPTISM and the CHANGE of life by REPENTANCE are null and void without a change of heart by faith. [Hebrews 11:6]. Thus we can see that baptism is the dividing line between the world and the church of Jesus Christ. Yet some would declare that it is non-essential. The act of baptism is initiatory; it inducts him who is turned or converted in heart and life, into the kingdom of God.

Obviously, we have been able to see from this study that New Testament conversion involves a change of heart by faith; a change of life by repentance; and a change of state or relationship by baptism.

Refreshing Report

"The country is not going to the dogs. Our system of government is still the best in the world, and we have Congressmen from all parts of the nation who are striving to serve the people's best interests."

It was refreshing to hear this statement from one of the seven men who last week made a trip to Washington and attended the West Texas Congressional reception. All seven, we should add, expressed the same general thought.

"We thought the consumer advocates were our enemies, but we found some of them more attentive to our problems and solutions than some of the ag-oriented representatives. We've had a lack of communication."

This thought was expressed by another man who made the trip to Washington. He added that sometimes "we are our own worst enemies," pointing out that the ag industry does not always pull together. It does no good to cuss, or compliment, your Congressman in the coffee shop. We need to let them know what we think—and not just the negative.

"Our professional organizations and lobbyists have a place in the system, but Congressmen need to hear from individuals and small groups who are not paid to bend the lawmakers' ears every week."

This thought was expressed by one of the local chamber ag committee members who heard a paid farm-organization representative read a monotone report, file the paper with the ag sub-committee, and hurriedly leave the meeting.

"We were received in all offices in a far more gracious and attentive manner than we expected. We've been too negative about our Congressmen. Maybe they paid more attention to the big lobbyists in the affluent years of the past, but the system seems to be getting back to where it should be."

The trip by the seven men was worthwhile, if only to hear one of them say: "It renewed my confidence in the United States government!"

The Brand Files

50 YEARS AGO

The third rehearsal of the Hereford Band will be held next Monday night. A letter of invitation to attend is going out to all bandsmen this week and it is hoped a full turnout will respond Monday. If not, then there is prospect of no more rehearsals says Director Borden. . . The good health program now being carried on here under the auspices of the Red Cross and under the direction of Miss Erickson, nutrition worker, is progressing with gratifying results.

35 YEARS AGO

Moisture of approximately .12 inch brought by freakish weather yesterday and the day before added materially to wheat prospects for Deaf Smith County. . . Plans are nearing completion for the Annual Easter Egg Hunt in which over 5,000 Easter Eggs will be hidden in Mother's and Lake Parks for hundreds of children from all over this territory to find when they are guests of co-operating Hereford merchants Saturday, March 23. . . Furr's Food today announced that free delivery service will be a feature of the store, beginning Friday according to Harry Garrison, manager.

20 YEARS AGO

The fate of proposed underground water regulations concerning this irrigation area, went into the hands of a House sub-committee for further study. . . An area-wide irrigation school will be held in Hereford Wednesday, featuring specialists in various phases of irrigation development. . . Wa-Ki-Ta Campfire Girls made plans for the annual Birthday Week observances held March 13 to 19 inclusive, at the meeting of the group held Wednesday.

10 YEARS AGO

Public health officials from Washington, Florida and Austin will be in Hereford tentatively on April 20 to observe the facilities and needs of the labor camp, where St. Joseph's Hospital has applied for federal grant of about \$30,000 to set up a three-county migrant health center. . . Hereford School Board trustees officially approved plans Monday for the new \$900,000 junior high school to be built north of the football field in northwest Hereford. . . Directors of the Deaf Smith County Chamber of Commerce decided Wednesday that the chamber will make no recommendation on the proposed site of a museum here but would suggest that individual chamber members make their recommendations to the selection committee.

5 YEARS AGO

Nelda Valdez a 13-year-old eighth grader from Stanton Junior High topped Spelling Bee action Friday in correctly spelling the word "slavery" which gained her the honor of Deaf Smith County Spelling Champion. . . The Spiritual Swingers, a vocal group from the First Baptist Church were guest entertainers for the Key Club Spring Rally, Division Six of the Texas-Oklahoma District held here Sunday. The local Key Club is sponsoring the vocal group to go to the District Key Club Convention scheduled next month in Galveston. . . Aikman Elementary third graders presented a musical program entitled "A Trip Through Texas" Tuesday evening for Parent-Teacher Organization members and open house guests. The program was directed by Mrs. Jack.

1 YEAR AGO

A clear wet-like substance fell out of the skies over the Hereford area Thursday, and at first, frightened local residents who were unable to determine what the substance was. However, a Hereford oldtimer and long-time farmer told The Brand that the substance closely resembled what is known as "rain". . . The political race for the Hereford School Board got a little crowded and interesting this week as three more candidates joined the race to bring the total number to eight for the two open positions. . . Final plans are now underway in Hereford for the annual Deaf Smith County drive for the American Cancer Society, according to Mrs. Dale Jones, crusade chairman. The Deaf Smith unit has set the 1973-74 goal at \$16,200.

The Voice of Business

By ARCH BOOTH

U.S. Chamber Of Commerce

I have been described as an "arch foe" of wage-price controls (I don't think any pun was intended), and I suppose that's a fair description.

But it would be wrong to assume either that I have always opposed controls, or that I do so in any reflexive, unthinking way.

Many executives and business organizations actually supported the 1971 experiment with controls. I was among them. So was the National Chamber. Frankly, we should have known better. But at least we learned from experience, which is more than I can say for some politicians.

Why were we willing to back something we had good cause to doubt? Several reasons:

Some of us were attracted by the theory that "temporary" controls could break the "psychology" of inflation—that is, if people expect inflation to continue, they may act in ways that contribute to it.

Some of us believed the unions had grown so powerful that only the government could restrain their wage demands.

And many of us were stung by charges that business is "always against everything," "never willing to try anything progressive," etc.

SO WE WENT along with the experiment, and it failed. That failure was only the latest in a long, unbroken string of wage-price control failures stretching from the earliest recorded history, as regular readers of this column will know.

The simple fact that controls don't work is in itself excellent grounds for opposing them. But for an American, there is an even better reason: Controls are a very serious threat to individual freedom.

In all of the experiments with economic

controls in history, one of two things has happened: Either the controls have been scrapped when they fail, or the initial failure had led to stricter controls, with greater limits on freedom.

Do we now care so little for freedom, liberty and individual dignity that we will trade these rights for a phony promise of economic stability? I hope not.

In my historical survey of controls, there is one witness I skipped over. Now is the time to call him in. This witness is an expert on the relationship between controls and freedom.

HIS OCCUPATION was Reichmarshal of Nazi Germany. His name was Hermann Goering, Hitler's deputy.

A journalist interviewed Goering, then a prisoner, in 1946. Pay close attention to his words, taken from that interview (emphasis added):

"Your America is doing many things in the economic field which we found out caused us so much trouble," he said. "You are trying to control people's wages and prices—people's work. If you do that you must control people's lives. And no country can do that part way. I tried it and failed. Nor can any country do it all the way either. I tried that too and it failed. You are no better planners than we. I should think your economists would read what happened here. . ."

As George Santayana warns us: "Those who cannot remember the past are condemned to repeat it."

(Single copies of my speech, "Wage-Price Controls: The Challenge to Learn from History," are available to readers free of charge. If you would like one, write to: News Department, U.S. Chamber of Commerce, Washington, D.C. 20062, ask for publication number 3751.)

On Wall Street

By BOB HILL
Lentz, Newton & Co.

Members
New York Stock Exchange

New York City has the country's largest municipal budget, second only to the federal government budget. New York City is broke. It is faced with drops in expected revenues, budget deficits, job layoffs and hiring freezes and a constant push to raise taxes. Don't laugh; the only difference between New York's financial plight and every other American city's or town's is the size of the numbers. The National League of Cities, for example, recently surveyed 67 cities and found that 43 of them expect revenue shortages this year; 42 expect to raise taxes, cut services or both; 36 are postponing capital improvements and 21 report job layoffs and hiring freezes.

Right now, the Mayor of New York City is trying to meet a \$1.2 billion deficit in his \$12 billion budget by eliminating 24,000 city jobs and by imposing a 10 per cent increase in property taxes. Real estate groups say this would be ruinous, especially when whole

office buildings are standing empty in Manhattan. The financial crisis in which New York City finds itself, is less dramatically being felt in other cities and states. In the third quarter of 1973, state and local governments as a whole shifted from a budgetary surplus to deficit. This means just one thing—higher taxes, reduced spending, or a combination of the two.

States in agricultural or resource-rich areas are generally comfortably off. California and Texas have budget surpluses. Texas has an impressive \$1 billion surplus.

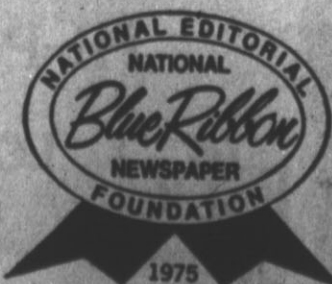

Garden Time

With food prices high and a recession in progress home gardens are timely in 1975.

One of the easiest money savers is the potato. A few rows of potatoes can carry a family for months. They require little work. Beans are another excellent investment. A few rows of beans provide enough for an entire year. Many can be frozen.

Tomatoes are rather easily grown and since they've become somewhat expensive, the gardener would profit by having eight or ten plants, their planting staggered if desired. Greens can easily be cultivated in the coming months. Carrots, radishes, onions all are easy to produce.

The advantage of one's own garden is not just in saving money but in having better-tasting, more healthful, absolutely fresh produce on the table.

Talk of Texas

By Jack McGuire

WHY TEXAS WEARS THE GREEN—If there are St. Patrick's Day celebrations across the Lone Star State this week from Shamrock to San Patricio, there is good reason. Settlers from Old Erin left a broad imprint on Texas history.

Don Hugo Oconor, an Irishman in the service of Spain, served from 1767 to 1770 as a royal governor of the province of Texas. Father Juan A. Morfi (spelled "Murphy" on the Emerald Isle) arrived in 1777 and wrote the first definite history of Texas.

There were Irish settlers near what now is Liberty by 1785. Later, when colonization began in earnest, four of the 11 major empresarios who brought settlers in were these Irishmen: James Hewetson, James McGoin, John McMullen and James Power.

Of the signers of the first Declaration of Independence (the one executed at Goliad in 1835), 25 were Irish. There are four Irish surnames on the official Declaration signed at Washington-on-the-Brazos on March 2, 1836. Eleven sons of Ireland died defending the Alamo.

At least half a hundred Texas towns and counties bear Irish names. Even San Antonio, although its ancestry is Spanish, dyes its river green on St. Patrick's Day.

DID YOU KNOW—That Tom Bradley, the first black mayor of Los Angeles, is a native Texan?

He was born in Calvert, Robertson County, of sharecropper parents. They moved to California when he was a child and he grew up in Los Angeles.

FOOTNOTE TO HISTORY—Like the fighting men of any war, soldiers

of the Texas Revolution had their share of female camp followers.

When Ralford Stripling, the San Augustine architect, was restoring Goliad's historic Presidio La Bahia, he came across a drawing of the fort made in 1836. The sketch showed a stone building near the southeast corner of the presidio labeled "Madame Garcia's House." It was connected to the fort by a bridge and a cannon was mounted atop the structure.

The establishment was a brothel. Soldiers had easy access to it by way of the bridge. And in case of an unexpected attack, they could defend the place with the roof-top cannon.

DING DONG—When the Texas chapter of the American Bell Association held a recent meeting, they took time off to tour this state's only museum devoted to the care and preservation of bells.

It is Belle Brewers Bell Museum, two miles west of Canton, Van Zandt County, on State Highway 64. Miss Brewer, who got her first bell as a gift when she graduated from Terrell High School in 1940, owned 2,465 at last count. The oldest are two small bronze bells from Iran which experts say are more than 3,300 years old.

Her museum is open daily except Wednesdays. Admission is 50 cents for children and \$1.10 for adults.

TEXANS AT WORK—Burney Chapman of Lubbock may be the nation's only flying blacksmith.

Chapman loads his anvil and a load of horseshoes into his Cherokee 180 and wings his way to any one of hundreds of ranches in West Texas.

Editor's note: The Bootleg Philosopher on his Deaf Smith grass farm on Bootleg Corner takes a look at the oil situation this week.

Dear editor:

I don't know what it is about going to Washington that robs a man of his knowledge of human nature, but something does.

Right now, with filling stations selling you all the gasoline you want, with oil companies' storage tanks brimful, with ocean tankers hanging around waiting to find some place to unload, and with the Arab oil countries cutting back on production because there's no place to go with the stuff and you can't store it in a tent, it leaks, a lot of people in Washington are worrying over the possibility of the Arabs' refusing once more to sell us any.

HOW CAN Congressmen, as interested as most of them are in their personal fortunes, think that the Arabs aren't interested in money also? When you can get \$12 a barrel for oil that cost you 25c to produce with somebody else doing the work,

you aren't going to shut the door in the face of your best customer. Oh, you might shut it once just to get the price up from \$6 to \$12, but there's bound to be some Yankee horse-trading or you might say camel-trading sense under those flowing Arab robes.

And of course, there's still some old-fashioned ingenuity left in the U.S., outside of Washington anyway. Sooner or later somebody is going to work out a useable source of energy not dependent on oil, and the Arab leaders sitting there on their bountiful pools may wind up like a man I knew a long time ago.

THIS MAN, when he was young, was told by his father: "Son, you see that wood lot out there? Hold on to it. There's going to come a time when fire wood is gonna get scarce, people will have to have it to stay warm, and a man with a good supply can charge what he wants for it. Son, it'll make you rich."

Them sheiks better remember that times change.

Yours faithfully,
J.A.

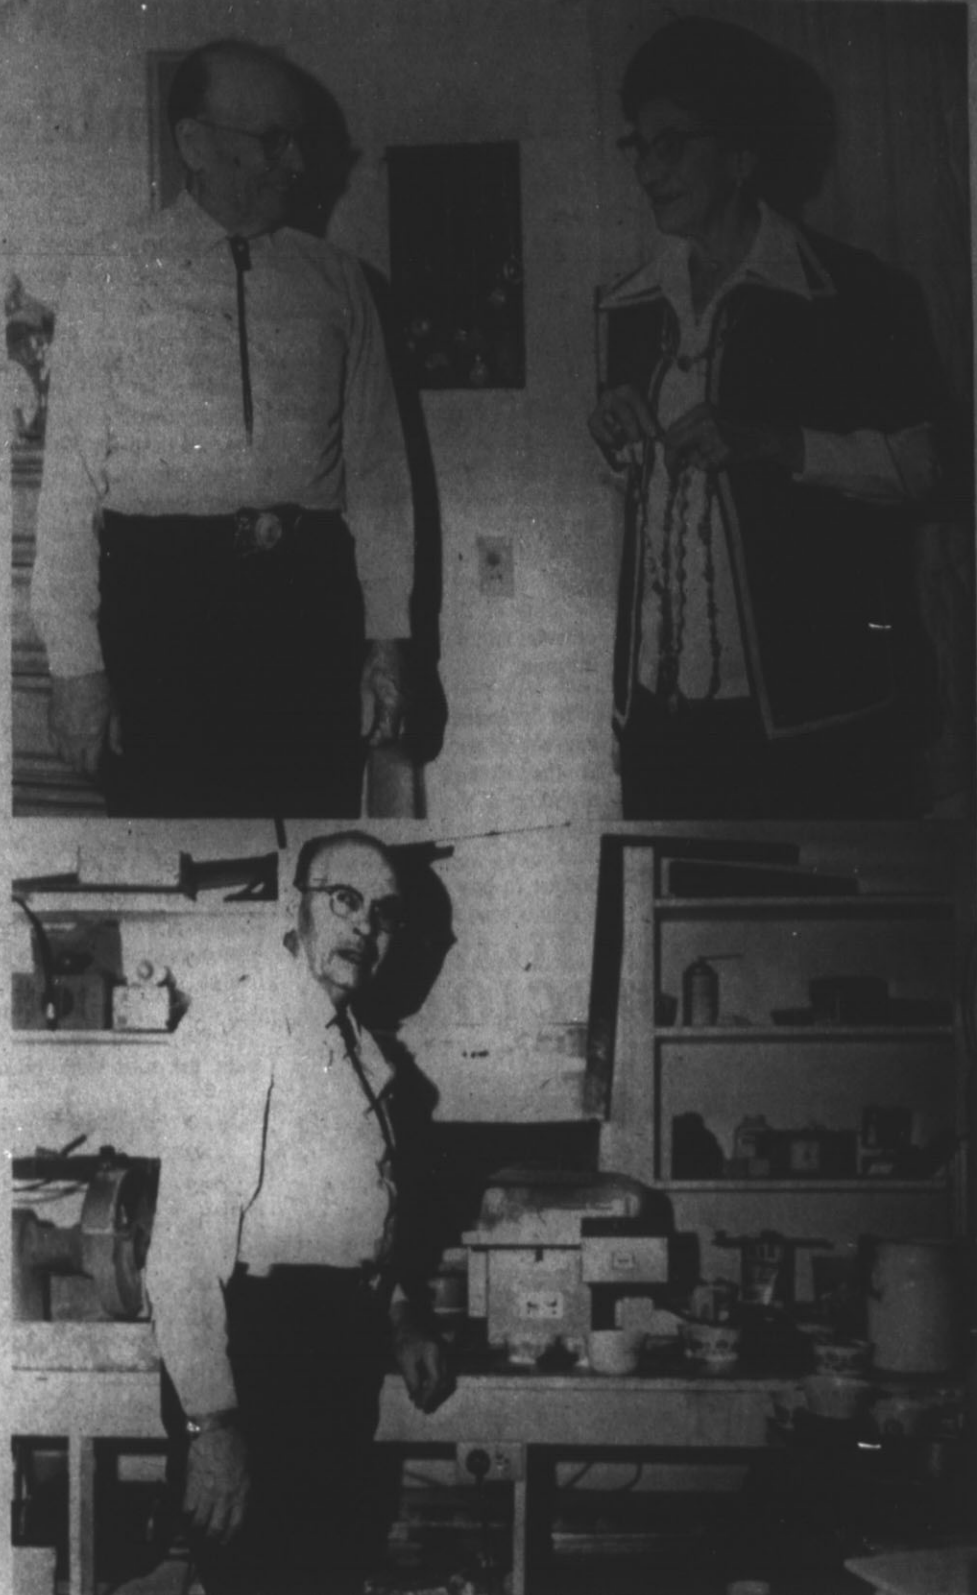

"As Ben Franklin put it nearly 200 years ago, 'In this world there is nothing certain but death and taxes.'" And the publication, "Cargo," a supplement to the Los Angeles Commercial News continues, "He might have added 'protest.' About six years later he was borne out by the Whiskey Rebellion in western Pennsylvania, a protest against a tax on whiskey that forced President Washington to call out the troops. Death, taxes and protest we still have with us. Only names and methods and causes seem to change."

"Of 17 countries listed," reports the Associated Oregon Industries News Digest, "The U.S. ranks 13th in food price increases between 1963 and 1972, according to United Nations statistics. Our food prices have gone up 35 cents compared with Denmark's 81 per cent, the hardest hit country. Others worse off than the U.S. are Spain, Ireland, Japan, Sweden, United Kingdom, Israel,

Netherlands, France, Belgium, Italy and Australia. Canada, Greece and West Germany also had smaller percentage increases than the U.S."

According to the American Gas Association, "One-third of all the energy fuel used in our country today is natural gas. The demand for this clean burning natural resource has doubled in the past 10 years! To meet this growing demand, a network of 900,000 miles of underground pipeline exists to transport natural gas from where it is found to where it is needed. Unfortunately, while we can add more pipeline, we cannot add to the supply of natural gas that exists in the earth. While we search for new sources of natural gas, it is vitally important for each one of us to do everything possible to conserve all that we have—we must conserve all of our country's resources."

Sharing Hobby

Indian turquoise jewelry, which is so popular now, is crafted by Joe Williams, an incurable rock hound. His wife displays the finished works which include necklaces, bracelets and matching earrings. Complicated machinery which refines stones into valuable rock artwork is demonstrated by Williams.

Rocks Are Fascinating For Lapidary Enthusiasts

By SANDY PANKEY
Brand Staff Writer

DEFINING their mania for rocks as a "fatal malady," Mr. and Mrs. Joe Williams of 431-A Cottage Drive delight in explaining their unusual collection of stones and jewelry made from their avocation to visitors. The couple, who are known as typical rock hounds in the world of lapidary pursuits, began their digging, shoveling excursions for rocks several years ago. Until that time, they enjoyed being ordinary camera buffs. "When we visit a state, we make it a point to take pictures of the capital cities and, of course, of the landscape," stated Mrs. Williams. "We have traveled to all the states west of the Mississippi and many of the Eastern states."

"NOW WHEN we travel, we not only are equipped with camera paraphernalia, but also a hammer, bag and shovel for rock hunting," continued Mrs. Williams.

The couple used the Rock Hound Lapidary Journal as a reference to unique rock locations. "This magazine," explains the homemaker, "is an ideal guide that marks exactly where various species of rocks can be found."

The Williams never "rough it" on their frequent expeditions, but instead they spend days at a time searching for their small treasures and then return at night to the convenience of local lodgings.

FROM THEIR many findings, which include over 100 species

of rocks, Williams creates intricate ornate pieces which he sells, but more frequently gives away to friends.

A lengthy process and several pieces of equipment are necessary in refining the raw materials into burnished stones. Williams spends long hours in his workshop located north of the cottage perfecting the stones.

After the rocks are accumulated, Williams then sorts them according to size and cuts them. He next draws a pattern on the rock either by using a set design or free-lancing.

After the rocks have been cut, he grinds them to the appropriate shape and size. Using a mixture of grit compound which comes in various grades ranging from fine to very coarse, he polishes the stones in a sanding machine.

NECKLACES, BRACELETS and earrings are among the lovely pieces of jewelry Williams designs and makes. Some of the rocks he uses includes sea urchins, tiger tale, silver lace onyx, snowflake obsidian, Apache tears, green turquoise, spider webb turquoise, and turella shells.

Souvenirs accumulated through the years are displayed in four large bookcases in his home. The rocks include chicken track, laguna, Jasper, Texas petrified palm, moss agate, malachite chrysolite and goeds.

One of the most unique rocks in his vast collection are water goeds which are more commonly known as a Brazilian

rock. When the rock is cut correctly, the observer can see a pool of water just under the surface of the stone.

THE WILLIAMS not only enjoy searching for rocks but also enjoy finding a definite pattern the rock produces. In one rock they have found the shape of a praying Madonna and still another the shape of a rabbit appears.

The couple have made their home in the King's Manor cottages for eight years with much of their time spent assisting residents. Mrs. Williams takes many of the Westgate birthday pictures and Mr. Williams is known by Manor residents as the "fix-it" man.

Members of the First United Methodist Church, the couple met in Amarillo where they both resided and were married shortly after.

WILLIAMS, an Amarillo resident for 40 years before moving to Hereford, worked in a refining department as an operator for Texaco Oil Co. He has three children. They include a son, Billy Joe Williams, a retired Naval officer from Jacksonville, Fla.; two daughters, Arletta Lockhart of Lubbock and Marjorie Fuller of Amarillo.

Mrs. Williams is the mother of two children. Her son Mac Yarborough is residing at Shamrock and her daughter, Marjorie Bunch, lives in Newburn, N.C.

They have six grandchildren and one great-grandchild.

Praises Grass Fertilizer Use

With the present world food crisis and fertilizer shortages, should fertilizer use be restricted only to crop production?

"Absolutely not," argues Dr. Richard Doble, turf specialist for the Texas Agricultural Extension Service. "Fertilizer plays an important role in maintaining grasses in lawns, parks and golf courses, and these areas make significant contributions to the environment as well as having aesthetic and recreational values."

"For instance," says Doble, "grasses release oxygen to the environment while filtering many harmful pollutants. Sul-

fur, a major air pollutant in industrialized areas, is readily absorbed and utilized by grasses. Plants also thrive on carbon dioxide exhaled by humans. Furthermore, turf-grasses significantly reduce temperatures, glare, dust and noise in urban environments."

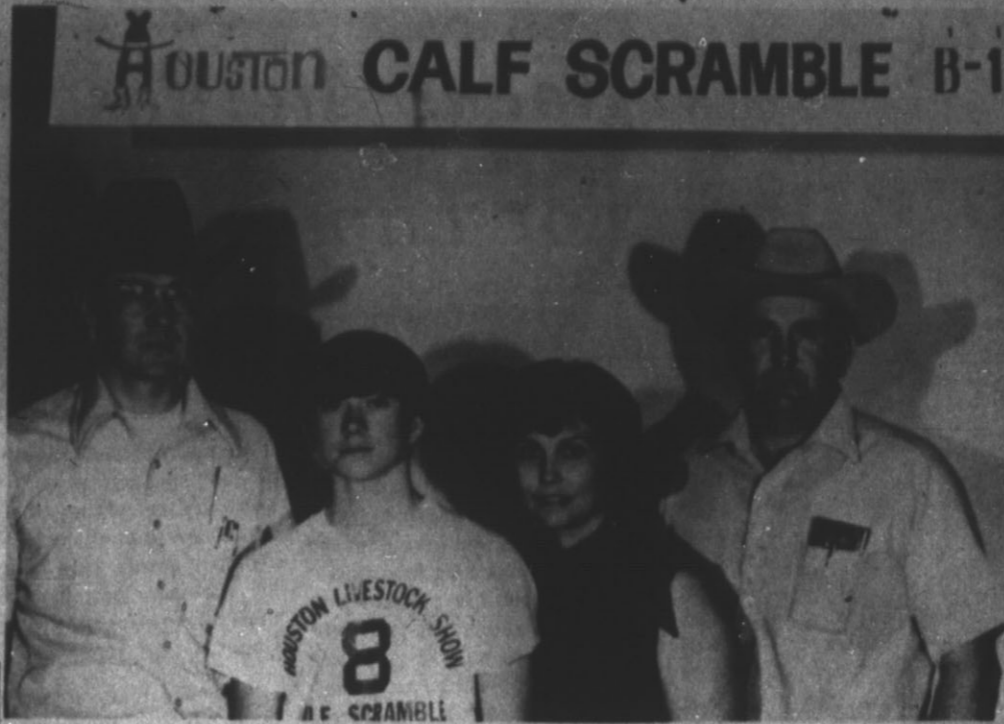

Another major function of grasses, according to the Texas A&M University System specialist, is that they reduce soil erosion and water runoff, two major problems in many areas.

What about the aesthetic and recreational aspects of grasses? "Turfgrasses are essential for the health and happiness of people in urban surroundings,"

contends Doble. "In a recent national survey city dwellers ranked 'green grass and trees' as essential for their well-being."

Green belts and open area developments, such as parks and golf courses, are becoming increasingly popular, according to the turf specialist. "Golf courses have replaced lakes as the major attraction for land developers for the sale of home sites, apartments and condominiums."

Rather than restrict the use of fertilizer for turfgrasses, Doble urges efficient use of plant food materials.

Houston Scramble Winner

Steven Douglas, second from the left, was one of 388 boys taking part in the calf scramble at the Houston Livestock and Rodeo Show recently. Douglas was a winner and collected \$275 to be used toward the purchase of a registered calf. From left to right are Garland Stewart, Steve Douglas, Mary and Donald Douglas.

Steve Douglas Wins At Calf Scramble

Steve Douglas of Hereford was one of 16 boys to be a winner in the calf scramble at the Mar. 1, Matinee performance of the Houston Livestock Show and Rodeo.

Douglas received a \$275 certificate from Donald Douglas to be used toward the purchase of a registered calf of his own choosing. Under the supervision of Garland Stewart he will feed, raise, and care for the calf until next year's show, when he will return it for judging in the calf scramble division and the junior breeding division.

To encourage and further educate 4H and FFA youngsters in the raising, feeding, and breeding of high quality Texas cattle, the calf scramble has paid young winners well over \$1 million to buy more than 7,000 calves to feed and develop. Only

half of the 388 contestants taking part in this year's scramble will win in the event.

As the fourth event of each 1975 rodeo performance, the calf scramble begins with 24 contestants lined up within a square in the center of the Astrodome arena. After the signal is given, the youngsters race after 12 calves which have been tuned loose nearby. The objective is to place a halter on a calf and return it to the square. The 12 contestants who manage this feat receive certificates from area businessmen for the purchase of the calf of their choice.

In addition to the ever-popular calf scramble, other events of the Houston Livestock Show and Rodeo prove equally exciting. The show, which runs February 21 through March 2, features top professional cowboys who have come to compete for the world's largest rodeo purse...more than \$100,000. Top names in the entertainment world are also on hand for each performance.

Producers Urge Fuel Conscious

Farmers and ranchers must continue to be "fuel conscious" and stay abreast of the changing fuel situation if they expect to operate as efficiently as possible during 1975.

"Fuel use for agricultural production will continue to increase in the coming years while farm family fuel use is expected to decrease," points out Charles Baker, marketing specialist for the Texas Agricultural Extension Service.

He expects fuel used in agricultural production to be exempt from any government imposed price increases although the economic situation may dictate increases.

"Current stocks of crude oil and other fuels are high and consumption is down, but a lengthy embargo could still present serious problems," points out Baker. "Furthermore, agricultural producers are concerned with shortages of two types of fuel—natural gas and LP gas."

The demand for natural gas has far outpaced its supply at

the regulated interstate price, notes the Texas A&M University System specialist. Not only has the low price depressed supply, but it has also encouraged consumption.

"LP gas supplies are also being threatened with overconsumption due to low prices," points out Baker. "LP gas is used widely within the petroleum industry as well as in agriculture."

The economist advises agricultural producers to be "fuel conscious" throughout the year and to consider the following points to minimize inconveniences:

1. Maintain contact with a reliable supplier.
2. Keep the supplier advised of future fuel needs and changes.
3. Keep on-farm storage filled.
4. Schedule machine work to avoid rush seasons when possible.

"Farmers and ranchers are generally leading the way in fuel conservation," contends Baker, "and they must continue to do so if they are to meet their production schedules."

First Place Prize Winner

Britt Hicks was among the many 4-Her's that participated in the Houston Livestock Show and came out with a first place with his Heavy weight Limousin cross steer. Britt then sold his prize winning animal in the auction at Houston.

In England, carrying caterpillars about was prescribed as an aid to toothache!

Local 4-H Attends Houston Stock Show

Several local 4-Her's participated in the Houston Livestock Show and Rodeo.

Britt Hicks placed 1st with his heavy weight Limousin cross steer. Terry Barrier placed 4th in the medium weight Limousin steer and Jolisa Barrier placed 8th with her heavy weight Polled Hereford steer. Both Hicks and Barrier's steers made the auction sale.

Monty Hutto also participated in the show. He exhibited 2 Duroc Barrows.

The county grass judging team participated in the pasture and Range Plant Identification contest held in conjunction with the Livestock Show. Those participating from Deaf Smith were Micki Merritt, Sandee Finley, Vivian Burges and Sam Finley.

If you haven't already gotten your garden tools, trimmers and mower in shape for spring work—do it now. Carefully oil and see that all power tools are in safe working condition.

ELECTROGATOR® CIRCULAR IRRIGATION SYSTEM can make the difference

An Electrogator Circular Irrigation system can be your assurance of a good or excellent crop yield in any normal year — and a life-saver in the really dry ones. Investigate the dependability of operation and evenness of water application. These two key factors could be the reasons why so many Electrogator owners specify Electrogator again and again when adding circles. A feature that makes Electrogator superior is the 20 year warranty on our chrome-nickel-copper alloy steel pipe. This 12 ga. pipe lasts at least 3 times longer than galvanized pipe and is 36% stronger than conventional 10 ga. carbon steel pipe.

GET THE FACTS

Livestock Raisers See Improvements

"Things are looking up in the livestock business," according to one livestock marketing specialist.

An increase in the cattle slaughter, lower grain prices, reduced interest rates, and a decrease in meat imports are some of the factors enabling Dr. Ed Uvacek with the Texas Agricultural Extension Service to forecast some relief for ranchers.

"Feed grain prices are down and in some parts of Texas milo is selling for under \$4 per hundredweight. This will help

feedlots bring down costs of feedings.

"The slaughter of cows, calves, and non-fed steers and heifers continues to increase. This is especially important since an oversupply of cattle is the main cause for present low prices. Every cow and calf slaughtered now means less of a beef problem down the road," points out Uvacek.

Cow and calf slaughter for 1975 should be up a third from last year's level, predicts the specialist, while non-fed steer and heifer slaughter could be up

as much as 56 per cent.

Another good sign for ranchers is that interest rates are coming down. "This will help loosen up the money supply and decrease interest costs or ranchers," notes Uvacek.

He adds that meat imports into the U.S. for 1975 should be close to the same levels as last year and maybe even lower. "This would make the proportion of net beef and veal imports to U.S. production the lowest since 1968, and would also help cattle producers."

DEAF SMITH COUNTY

New Regulation Issued on DES

A 14-day withdrawal period and reinstatement of a DES-free certification program for all cattle and sheep has been ordered by the U.S. Department of Agriculture, according to Dr. Cal Parrott, area beef specialist with the Texas Agricultural Extension Service.

Under the terms of the order the 14-day withdrawal period for livestock feeders using oral diethylstilbestrol (DES) is immediately effective and the certification program becomes effective March 16.

And, under the terms of the order, feeders will be required to file a certificate stating they have not fed DES to livestock in the 14 days prior to slaughter.

DES is a synthetic chemical used to boost animal growth.

New regulations provide that certificates showing proper withdrawal from DES must be presented to a federal inspector before slaughter. Marketing agencies or dealers may issue certification based on the certification from previous owners.

Sugar Beet Growers Ask 'When To Plant or Not?'

To plant or not to plant is the question presently facing sugar beet growers. Recent studies of weather records from Bushland show that the middle of March is the best time to plant.

It is a generally accepted principle that early planting gives highest possible yields, fewer weeds, and reduced possibility of early curly top infection. Research by Dr. Ralph Finkner from the Research Station at Clovis, New Mexico show that 2 out of 3 years late February planting gave higher yields than later

plantings. Sugar beets froze out the third year. Unfortunately, no one knows when to plant without hazard of frost kill, or the odds of freezing out with earlier plantings.

Dr. Steve Winter, Texas Agricultural Experiment Station sugar beet researcher, studied weather records from the USDA Research Center at Bushland and came up with an answer. He set up the three assumptions. First, average air temperature for 2 weeks after planting must be more than 40 degrees to promote fast ger-

mination and good stands.

Secondly, emerged beets would be killed if there was a period with more than 24 hours below 30 degrees, or if the temperatures dropped below 20 degrees at night. He further assumed that it would take beets 10 to 20 days to emerge after watering depending upon temperature.

Optimum planting dates fell between March 7 and March 19, 12 years out of 17. Temperatures were always warm enough for quick emergence and good stands from plantings were made after March 19.

The latest freeze out date ever recorded at Bushland was April 9, 1973. The temperature got down to 13 degrees and was the lowest ever recorded for April. Many beet fields in the Bushland area froze out but very little damage occurred near Hereford. Another late freeze came in 1974. Temperatures at Bushland fell to a low of 15 degrees on March 23 and 24. Most fields of emerged beets near Hereford and Bushland were killed or badly injured. In only 2 out of 17 years studied was it safe for beets that emerged before March 15. In 16 out of 17 years temperatures were safe for beets that emerged after March 29.

Winter calculated that the middle of March was the optimum planting time in Bushland. Sugar beets planted and watered then would emerge the last week of March, and be safe from frost kill, 4 out of 5 years.

More conservative growers could delay watering for emergence until March 20 or later. These beets would emerge April 1 or later when almost all danger of freeze-out is past. Bushland is in the middle of the sugar beet planting area and safe planting dates will vary as much as 2 weeks from Dalhart to south of Dimmitt.

Wheat Weed Pests

In these two photos, weeds that can affect wheat yields are shown. In the left photo, tansy mustard in the rosette stage shows long cylindrical seed pods common in early spring. The right photo shows treacle mustard, with deeply lobed leaves that resemble dandelions. Research shows that one weed per square foot can reduce wheat yields up to 10 per cent.

Mustards Weeds Can Be Costly To Wheat Farmers

Windshield surveys do not show it, yet most wheat fields are full of weeds. Closer observations show that all fields have some weeds and many fields have heavy populations of ten or more plants per square foot.

Grain yield in these fields will be severely reduced if weeds are not controlled in the next two weeks according to Juston T. McBride, Deaf Smith County Agricultural Extension Agent. Tansy and treacle mustard are the winter annual weed pests causing the problem.

"These weeds are most prevalent in years with good fall rains or if farmers irrigate wheat for emergence according to Dr. Frank Petr, Area Agronomist, Texas Agricultural Extension Service.

Presently both weeds are in the rosette stage. Small tansy mustard are a tuft of fern-like lacy gray-green leaves.

Flowers are yellow and small orange seeds are borne in long cylindrical pods. Rosettes of treacle mustard look like small dandelions.

The leaves are about one half inch wide and are deeply lobed. Seed stalks bearing yellow flowers arise from the rosettes in early spring and sometimes grow to a height of 1.5 feet. The seed pods are shorter and broader than those on tansy mustard. The mature plant and pods develop a characteristic reddish purple color.

Research at the USDA Research Center at Bushland shows that one weed per square foot can reduce wheat yields up

to ten per cent. That's two bushels per acre in a field with twenty bushels per acre yield potential according to Dr. Petr. Spending two to three dollars per acre for control will pay big dividends. On irrigated fields with yield potentials of 50 bushels per acre or in fields with more weeds, returns for control may be up to twenty-five dollars per acre.

Control of tansy mustard can be accomplished by applying 0.5 pounds per acre of 2,4-D ester before March 15. Weeds will deprive wheat of valuable moisture if allowed to grow during warm weather in late March or early April. Treacle mustard infestations

are worse north of the Canadian river and in the Hereford area. Treacle mustard is a new pest and producers have had more difficulty controlling this weed than tansy mustard.

To solve this problem chemical weed control experiments were started in 1967 in Moore County on the Dale Coleman, Jim Clements and Jim Dowty farms by Dr. A.F. Wiese, Texas Agricultural Experiment Station scientist located at Bushland. Results over the years indicate that one pound per acre of 2,4-D or MCPA esters will control the weed if applied on or shortly after March 1.

PUBLIC NOTICES
 BECAUSE THE PEOPLE MUST KNOW

(Editor's Note: Public Notice advertising plays a unique role both in American history and in the process by which this country's democracy is preserved. Its one promise is that people must be informed if they are to govern themselves competently. Public Notice advertising first came into being with the Congress of 1792. That body, recognizing its responsibility to the people, required the Postmaster General to advertise for bids for the construction of new post offices. From that insignificant beginning to the complex publication requirements in Federal, state and local laws today, government officials have come more and more to understand their obligations to inform the public through Public Notice advertising. Newspaper over the years have been the vehicle by which these obligations have been fulfilled. They will continue to be as long as the public demands that it be informed frequently and by the best means possible.)

LEGAL NOTICE
 Notice is hereby given that the Zoning Commission of the City of Hereford, Texas will convene at the City Hall at 7:30 P.M. on the 25th day of March 1975 to consider the rezoning of the following property.

Lots 46-60 (inclusive), Block 7 Westhaven Addition to the City of Hereford, Deaf Smith County, Texas

The above property requested to be rezoned from "A Single Family District" to "B Two-Family District." Those interested in the above request are invited to attend the meeting on the date set forth above.

The recommendation of the Zoning Commission of the City of Hereford, Texas on the above described property will then be considered by the City Commission of the City of Hereford, Texas on the 7th day of April 1975 at 7:30 P.M.
 Mary V. Watts
 City Secretary

Answers To Who Knows

1. Vyacheslav M. Molotov, 1931-41.
2. Kansas.
3. There was no Poland at that time.
4. The legendary cup from which Jesus drank at the last supper.
5. 1909.
6. Arid-Zona or "the dry belt."
7. Grover Cleveland.
8. In Jerusalem.
9. Hamilton E. Smith of Pittsburgh, Pa., in 1858.

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

Two or three times a week a Laredo mother gets her five children together for a trip downtown—very much like a shopping excursion.

But in this case the mother taking her two boys and three girls to the Ruth B. Cowl Rehabilitation Center for hearing therapy. All five—ages 11, 9, 8, 7 and 4—have hearing deficiencies and are receiving help through the center and the Texas State Department of Health. The Cowl Center is one of 37 such centers throughout the state with contracted services for the State Health Department.

Hearing problems in the children were first brought to the attention of the State Health Department's Maternal and Child Health Division last year. One of the youngsters had been taken to San Antonio for hearing tests, and three other were later evaluated at the Cowl Center. The youngest, who just came along with the others, was given a hearing test to see whether she, too, suffered the same hearing loss as her older brothers and sisters.

The Health Department's Speech and Hearing Services Program is maintained for hearing-impaired children through 20 years of age who are from low income families. Its services include diagnostic evaluations, hearing aid evaluations, hearing aid and ear mold purchases, hearing aid checks, and initial counseling for the patient and family.

Another program—Crippled Children's Services—may take over a case if hearing loss is reversible through a surgical procedure.

The program has six basic objectives:

1. Identification of as many children with severely impaired hearing as possible;
2. Evaluation of these through developing coordination of the several professional skills necessary;
3. Elimination, as far as possible, of factors contributing to the hearing deficiency through medical therapy or prosthetic (hearing aids);
4. Providing parent training in special techniques and child rearing practices to encourage learning and speech and language development. Direct training of the child is a part of this objective;
5. Encouraging the public to recognize that the needs of hearing impaired children can best be met through utilization of several professional disciplines, namely otology, clinical audiology, speech pathology and education of the deaf; and,
6. Integrating the program with that of school health ser-

Food Stamp Increase Rescinded

The U.S. Department of Agriculture (USDA) will amend food stamp regulations to rescind the previously announced amendments which would have increased food stamp purchase requirements to a flat 30 per cent of net monthly income on March 1.

The action came after President Ford announced on February 13 that he would allow H.R. 1589 to become law without his signature, and it became effective (P.L. 94-4) on February 20. This law continues the current method of determining food stamp purchase requirements through 1975. Secretary of Agriculture Earl L. Butz rescinded the earlier-announced increases immediately after the President's announcement.

The announcement means that current purchase prices for food stamps (effective January 1, 1975) will remain the same. Coupon allotments will not change until the semi-annual adjustment required by law on July 1, 1975.

The rescission of the amendments increasing food stamp purchase prices will be published in the Federal Register of Wednesday, March 5, and was effective February 13.

By The Garden Gate With Glad

By Gladys Manjeot

"How deeply seated in the human heart is the liking for gardens and gardening." This quote from Ibsen, came into my mind as I walked in the garden this afternoon. Everything smelled so sweet and earthy. The grass showing some green tips and the jonquils have

buds which are almost to the bursting point. Near the garden path there was a beautiful cluster of yellow crocus in full bloom. They were nestled near the base of a trioma clump and were protected from wind storms, cold, ice and snow. They were

so pretty; it was almost breathtaking. I paused and stooped down to study the minute parts of the golden blossoms. There will be others in flower in a few days. This is a pay-day for a gardener. The spring sunshine and the growing things made me want to garden, so I got my hoe and pulled the soil to the tulips which were showing and firmed the soil around them. Also drew some water and filled the bird receptacle and sprinkled the gladioli corms, which I had placed in winter storage. I raked the fallen leaves which I had failed to get cleaned out in the fall around the base of the dogwood which had been planted. Also, I collected peelings

from the kitchen and chopped them into small pieces, burying them at the base of some of the perennials and in the vegetable garden. After checking the compost pile, I took some of the heavy stalks which had not deteriorated and threw them away.

Speaking of compost, I had a visit with Mrs. Renfro this week and she told me about her composting. She has two deep pits filled with leaves and other materials for composting. She was really thrilled over the promise of the compost for her gardens. It does one's heart good to trade garden talk with such a delightful, enthusiastic, and interested gardener. She has hundreds of jonquils in full bloom and, if the nice weather continues, there will be beauty ablaze in her gardens.

RECENTLY I have become very interested in herb gardening, both indoors and outside. When I think of herbs, I am reminded of the beautiful herb gardens at Mt. Vernon. Martha Washington planned and had them planted. They are kept today as complete as she

designed them. As we walked through the garden, the guide had us stop and enjoy the delicious, fascinating odors and look at the delicate, beautiful flowers on some of the herbs. There was also an herb-drying house, where the herbs were air-dried and then placed in containers for use in the kitchen of the Mt. Vernon mansion.

The guide also called our attention to the various types of herbs. Some are for seasoning food, others for perfume and many have medicinal purposes. Several have dual purposes. For example, basil is used for seasoning and treatment of baby's colic. Herb seasoning is a real art.

My daughter-in-law Rosemary is a gourmet cook and she uses many herbs, spices, and other flavorings. It is always a delight to be in the kitchen when she is preparing a meal. I like to slip around and lift the lids on the pots and pans, and get some exotic whiffs from the herbs and spices. There is always a delightful aroma lingering in her kitchen.

The herb is defined as a plant from which the leaves are gathered. These have many values for the homemaker. It is used by cooks throughout the world for aroma, taste, good digestion and to make foods appealing and appetizing. Also used for perfumes, sachets and medicinal purposes.

Some of the herbs which Rosemary uses and has taught me to enjoy are: anise, basil, caraway, chives, catnip, coriander, curled mint, parsley, (both curled and plain), fennel, (sweet) oregano, sage, tarragon, thyme and English true water cress. These are the ones used in food preparation.

Others are horehound, lavender, peppermint, rosemary, safflower and spearmint. These are used for flavoring, perfume, and medicinal purposes. All of these can be grown in our gardens and we can cure and store them for household purposes.

For my indoor herb garden I am planting parsley, basil, chive and winter savory. Other herbs recommended for indoor gardens are coriander, cress, dill and sweet basil. Some of these make good plants for hanging baskets or window sill potted plants.

All of these are new to me (to grow myself) except parsley, dill and basil. The latter I have grown outside and the color of the foliage is beautiful. Dill has pretty, tiny flowers, but it has to have extra care because of worms. Most insects do not bother herbs, because of their pungent odors.

It is exciting and interesting

to study herbs, spices and bulbs. In a late issue of Organic Gardening, I learned that "parsley comforteth the heart and stomach." It is also one of the herbs which is used for decorating meats, and other foods.

Most people do not eat these bits of decoration, but we should eat them because parsley is nutritional. Its deep, green leaves are excellent sources of vitamins A, B, C and E, plus calcium and iron.

To grow parsley it takes patience. One of the problems is the seeds germinate very slowly. It takes three weeks to a month for seeds to sprout and the planting depth is a mere quarter-of-an-inch.

James Jankowiak, a California gardener, recommends that in planting parsley outside, it will do well if planted sparingly with radishes. When the parsley comes up, the radishes will mature quickly and can be pulled, giving the small parsley plants room to grow and mature.

To grow parsley successfully, it must have plenty of water. In fact, Mr. J.J. advises heavy watering. The plants mature better if thinned to three inches between plants, especially the old-fashioned plain varieties.

Giant Italian (plain) is a recommended variety and is preferred by many gardeners, while others grow only the Champion Moss Curled variety. The latter is especially beautiful.

This is the variety which is used for garnish, because of its crispness and mild flavor. There are extra-curled varieties which are also grown. I have been more successful with the curled varieties.

Before frost, the parsley leaves can be gathered, air dried, and stored for seasoning. Roots are also dug and placed in

a root cellar or other storage facility. Turnip-rooted Hamburg parsley is a dual-purpose strain with roots the size of a small carrot; these can be used in soups and stews for flavor.

The leaves (fresh) can be used to make a delightful drink, called "Parsley Pick-Up." Take 1 1/2 cups chopped parsley, 2 tbs honey, juice of two lemons. Mix in a blender and add water to make a quart. Chill and drink.

Add ingredients to suit taste. Mint also makes a delightful punch. Mrs. Erceel Young, makes it, and it is truly delicious and refreshing in hot summer.
