## JOHN M'FARLIN IS DEAD AT DALHART

EXPIRES AFTER LONG FIGHT AGAINST INEVITABLE

### WENT TO MAYO'S

Body Being Shipped Today To Georgetown, his old Home Town

John McFarlin, Hereford plumber, who had his back broken in an unfortunate automobile accident several months ago, passed away in Dalhart about 8:30 o'clock Friday morning, after fighting a losing but cheerful battle for his life. The body was to be shipped Friday, passing through Amarillo at 6:30, to Georgetown, Texas, near his childhood home, where he will be buried. Mrs. McFarland and other relatives were at his bedside at the end.

Mr. McFarland was taken to Mayo Brothers for examination and operative surgery. Everything that human skill could do was resorted to in an effort to restore him to health and strength, without avail. He leaves a host of friends here who will mourn his untimely end.

## Appreciate Water Around Hereford Reports L. Gough

Sulphur Park Club Grounds stock is still selling steadily in spite of financial conditions, it was revealed upon the return of Judge L. Gough from a trip to Amarillo and Clarendon last week. Judge Gough says it is nothing short of remarkable the way the people of the Panhandle are interested in this proposition, considering conditions:

"The people realize the value of water," said the judge. "I never appreciated this point so much before, until I took hold of this club matter. You will find towns all over the Panhandle, without adequate water facilities, that are eager to go miles and miles to have a place to camp, fish and hunt. Hereford has in her water supply an asset that is not nearly appreciated at its true value locally, but that is beginning to be appreciated away from home."

Among the purchasers of stock the past week was Sam P. Braswell, editor of the Clarendon News. Clarendon people have gone out from town, scooped out a place in a draw below a spring on another man's land and endeavored to make a country club out of that. This gives some idea of the natural craving of tired business men for water and its attendant pleasures.

Judge Gough plans to incorporate January 1, after which the price of the stock will advance.

## MISS BAILEY NOW BRIDE OF FARMER NEAR DAWN CITY

Miss Mavor Bailey, of Hereford, and George Thorp, of Dawn, were united in marriage in Amarillo Wednesday and immediately came back to Hereford to make this their home. They will reside on a farm about three miles south of Dawn. Mr. Thorp is a farmer and Miss Bailey has been an operator at the local telephone exchange.

## AUTOMOBILE PARTY SPENT TWO WEEKS IN CENTRAL TEXAS

Mr. and Mrs. W. A. Ricketts and daughter, Miss Inez, and Mrs. C. D. Shaw reached home Wednesday, after an automobile trip to points in Texas. The Ricketts family visited friends and relatives at Ennis, while Mrs. Shaw spent most of the time in Corsicana. The party was gone about two weeks.

## MR. AND MRS. ARCH COLLINS BACK AFTER TEXAS VISIT

Mr. and Mrs. Arch Collins and baby returned to Hereford last Friday, after a thirty days trip to Wichita Falls, Dallas, Vernon and Cleburne. At Dallas the baby boy was given corrective treatment by specialists.

## FIRST ARRIVALS FOR DISARMAMENT

FROM ENGLAND

FROM BELGIUM

FROM ITALY

World war heroes from all nations have commenced to arrive in the U. S. for the Disarmament Conference called by President Harding. First to arrive was General Armando Diaz, of Italy, shown here reviewing West Point cadets; next was General Baron Jacques of Belgium, shown arriving in New York and third, Admiral Beatty, of the British Navy, with his wife upon arrival in New York.

## Postoffice Outlook Brighter as Inspector Works

The Brand has been informed that the prospects for a new postoffice continue to brighten up. Nothing definite has been announced as yet, but the return visit of postoffice inspector Johnson this week, together with his visit to Clovis accompanied by a local property owner, to inspect fixtures at that point, looks significant.

## BEAUTIFUL WEATHER PREVAILS, BUT MOISTURE NEEDED

The local weather is simply ideal. The days are neither too cold nor too hot, with enough ozone to make 'em snappy and enough sunshine to temper the snap. Early mornings are chilly and the nights were designed to sleep through.

The only fly in the ointment of perfect content, however, is lack of moisture. The country needs rain or snow, and lots of it, right now. Only those daring enough to plant in the dust are still putting in wheat. If a slight rain or snow comes, then b-l-o-e—but if a regular rain or snow is granted them they are away ahead of the game.

## ARTIS DANIEL IS COMING BACK ON A NEAR-BY RANCH

Artis Daniel, wife and two children are expected to arrive in Hereford some time next week to again make Hereford their home. They are planning to live on the Allen Bell ranch.

Mr. Daniel, a son of Mrs. M. B. Daniel of Hereford, was raised here and has many friends over this section. For the past several years he has made Kentucky his home state.

## CLYDE WRIGHT IS HERE ON WAY TO PLAINVIEW FARM

Mr. and Mrs. Clyde Wright and family arrived overland in Hereford Wednesday night, after a long and interesting trip from Seattle, Washington. They expect to remain here until next Tuesday, when they will depart for their farm near Plainview.

## C. R. Smith Makes Splendid Recovery; Comes Home

The family and friends of C. R. Smith were surprised and delighted Wednesday afternoon when Mr. Smith arrived in Hereford unannounced, after his operation at Mayo Brothers Hospital. He was not expected here for some time.

Mr. Smith was confined to the hospital just eleven days after the date of his operation and lost but two pounds in weight while away. He is smiling and rapidly getting back to normal, and generous in his praise of the institution that discovered and removed the cause of his long illness.

## College Pups In Senior Classes, Says Dr. Gabbert

A "College" training for your young bird dogs is the very thing, declares Dr. W. B. Gabbert, who is just back from a trip of inspection to Higgins, Texas, where three dogs belonging respectively to Dr. Gabbert, J. J. Clark and Homer Fox, are taking an intensive training course under B. M. Brown, expert trainer.

The three pedigreed youngsters were shipped to Mr. Brown's school of learning about October 1. Last week Dr. Gabbert just couldn't stand it any longer and quietly slipped off to Higgins to take a look at results. He is very enthusiastic over what he found. Mr. Brown took the Doctor and the dogs on a trial hunt. The pups have successfully passed through the freshman, sophomore and junior grades, declares the Doctor, and are now finishing up the Senior work. They handled themselves like veterans in the field and give promise of a great field future. They will be sent home some time this month.

Dr. Gabbert is warm in his praise of the training work of Mr. Brown, whom he says is as finished and conscientious a trainer as he has ever found.

## Two Land Deals By One Concern Are Turned Over

The real estate firm of Suggs & Bray announced this week the closing of two deals in land. D. C. Laird sold a section in Castro county near Dimmitt to I. M. Cates of Crowell, the transaction being all cash. T. H. Buser also sold 900 acres to G. B. Warren, consideration \$20 per acre.

Both purchasers were old friends of Mr. Bray.

## FARWELL FOOTBALL TEAM PLAYS HERE-FORD ON FRIDAY

The Farwell high school football eleven, undefeated so far this season, was scheduled to come to Hereford for a game Friday afternoon. Farwell defeated Hereford earlier in the season at Farwell, and have since beaten the Clovis aggregation, but notwithstanding this fact the locals are practicing hard for the scrimmage, determined to convert a disastrous season's beginning into a victorious ending, beginning with Friday's game.

## NON-JURY DOCKET OCCUPIES ATTENTION OF THE COURT

Judge Tatum has been busy clearing up his non-jury docket this week in preparation for jury trials beginning next Monday. Three cases disposed of so far are:

J. S. Jones vs A. R. Teeple; judgment for plaintiff. J. L. Fuqua vs D. F. Jones et al; continued by agreement. City of Hereford vs L. W. Ricketts, unfinished.

## KENTUCKY CHILD OF NINE READS MINDS

Nellie Cardell, nine-year-old girl from amongst the Kentucky mountains south of Cincinnati, has long mystified neighbors and friends by her ability to read minds. Facts and figures held in thought by others are no secrets to her—and now theatrical managers are trying to get her to tour.

## Bruce Guthrie is Drawing Attention on Gridiron

The work of Bruce Guthrie, son of Mr. and Mrs. B. F. Guthrie of Hereford, with the Fairmount College football team at Wichita, Kansas, continues to attract favorable press notices in the Wichita papers.

Bruce, well remembered Hereford High backfield man, is with a husky, aggressive squad this year that it takes a man of class to break into. He has been playing end to date, but has now clinched the full-back job with the "Wheatshockers," as the Fairmount team is called, and will play that position Friday of this week against Southwestern College at Winfield, Kansas.

In discussing the team and its possibilities the Wichita Beacon of November 2 says:

"The most radical change in the lineup will be at fullback, where Guthrie, the rangy Texan, has made a home for himself. Guthrie is the hardest hitting back on the team and only his inexperience has kept him from the regular lineup thus far this season."

## R. T. NUNN TAKES STEP TO PROMOTE POULTRY INTEREST

R. T. Nunn received eight fine single combed Rhode Island Red cockerels Friday morning from M. P. Smith, breeder of Muleshoe, Texas. Mr. Nunn's plans for these fine chickens have not been ascertained, but it is presumed he secured them to improve his farm flock.

More good poultry, more brood sows, more dairy cows, more attention to the "live at home" idea—that's the thing most badly needed in the Hereford country right now than anything else.

## TOWN TEAM'S AERIAL GAME BEAT FRIONA

BOTH LINES HOLD IN PINCHES BUT PASSING COUNTS

### FRIONA IS GOOD

Shows Unexpected Ability. Neither Team Breaks Line

The Hereford Town football eleven, with Chief Rockwell as field leader and W. R. Stockman as business manager, journeyed over to Friona Wednesday afternoon and played their first game of the season. They faced an unexpectedly good team, one that gave them all they wanted in the line, but finally beat out the Farmer county boys by the score of 20 to 0 on forward passing.

Jim Robinson carried over a pass for the first touchdown in the first quarter, but the Hereford boys were held scoreless in the second round. In the third Robinson repeated his performance of the first period, and during the fourth quarter, Fred Patton intercepted a Friona pass and ran thirty-five yards for the third touchdown. One goal was missed.

The two teams were about evenly matched in the line, neither side being able to make first down on straight football or end runs. Friona completed several nifty passes, but could not connect when near enough to the goal to make them effective. Floyd Golden, former Canyon Normal captain, directed the Friona play from quarterback, and made a nice job of it.

The Hereford team was rather hastily thrown together and several men were used who had not practiced and were not familiar with the team work and signals. Steady practice is now planned daily in order to get in shape for the contest with the Vega Outlaws at Vega on Armistice Day, November 11. The lineup:

Hereford	Position	Friona
Alban	lt	Staley
London	lt	
Jno. McDonald	lg	Young
Dubs Pittman	c	Nobles
Bennett	rg	Reeves
Dave McDonald	rt	Goodwin
Patton	re	Lang
J. Murphy	qb	Golden
Spratt	lb	Taylor
Robinson	rb	Shifflet
Jowell	fb	Sander

**Class Party Celebrates Halloween**  
Numbered among the most delightful of Monday evening's Halloween parties was that given by the Young People's Class of the Christian Sunday School at which a large number of guests were entertained.

Preluding the event, unique invitations, bearing the insignia of the "Sporty Spooks" and a preemptory summons to appear at an appointed time and place, were issued by the committee in charge of the jolly affair; so at eight o'clock on Monday evening, a company of grotesque figures, all enmasque, were gathered in the alley at the rear of the 54 Shore barn when the festivities began. After a number of hair-raising sights and sounds had fully initiated the revelers into the spirit of the occasion, they were taken in two trucks headed by a tractor, to the church, where through an open window they entered and began a ghost walk which was a continuous series of "creeps and shivers." Sliding down an inclined plane and making an unstable landing on a set of bed springs, they confronted a glowing furnace where a grinning skull and cross bones surmounting a heap of bleached bones, made a realistic picture of Hades. The walk took them over the entire building from attic to basement, nerve-racking experiences following them throughout.

Their arrival in the basement auditorium was the signal for a band of Gypsies, who plied their trade of fortune-telling as an opening diversion. A live program of contests and games followed, creating ever increasing merriment.

A witch's cavern, dark and ghoulish, where from a boiling caldron a typical witch drew the fate of every maiden, provided a jolly means of securing partners for supper. The "fates" consisted of numbers corresponding to young men present. From these pictures, the girls chose their partners and the company formed for the grand march which was one of the best features of the evening. A wonderful array of picturesque costumes, many of them truly artistic and beautiful, created a vivid picture of gorgeous coloring which under the vari-colored lights, gave to the pageant all the splendor of more pretentious affairs; and when a whirlwind of serpentine—a perfect riot of color—was showered upon the merry-makers the scene was a veritable fairyland.

The march closed in a circuit of the beautifully decorated dining room which with its elaborately appointed tables, added its own festive note to the jolly occasion. The menu included individual pumpkin pies, gingerbread, cider and black coffee, with dainty favors of exquisite hand-made crepe paper baskets containing salted peanuts.

An informal sing-song closed the evening's program. The marked success of this most delightful occasion—one without a flaw to mar its perfect pleasure—was due to the efficient and untiring effort of the committee which was made up of Messrs. Scott Jackson, Scott Ramey, L. H. Foster, A. A. Foster, Roy Golden, Wallace Cox, Paul Corbett, and Earl Gough.

**W. W. W. Party**

The W. W. W. club, composed of nine high school girls, celebrated Halloween in fitting style on Saturday night, October 29, with a party and dance at the D. C. Laird home. Out of town guests from Amarillo were Misses Hazel O'Brien, Maurine Killough and Frances Ada Dodson. The hostesses were Misses Elizabeth Stegall, Maurine Hughes, Grace Ferguson, Virginia Laird, Mary McDonald, Eva Skelton, Frances Wil-

son, Eloyse Pitman and Kathleen Hawkins. The guests were received at the basement window and conducted over a perilous and tortuous path of dangers by scary ghosts to their final destination in the parlors, which were appropriately decorated in Halloween colors and suggestions. A feature of the evening's entertainment was the fortune teller's booth, where the past, present and future of the wide-eyed customers was skillfully dissected and laid bare by Miss Maurine Steckman. Home made candy and lemonade served as refreshments, after which the young people danced until eleven o'clock.

**Sunday School Class**

Members of the Sunday School class of Judge Jno. P. Slaton to the number of thirty-five attended a Halloween party at the Class rooms in the Methodist Church last Monday night. It was a costume party and the various make-ups presented were fearful and wonderful to behold. Numbers were pinned on each guest's back and a guessing contest as to the identity of the wearer followed. Buford Farmer took first prize in this contest. Other features were fortune telling and a full-fledged Matrimonial Bureau. Refreshments consisting of sandwiches, pickles, pumpkin pie and coffee were served.

**Miss Hill's Party**

A pretty little season's party was given Friday night, October 28, by Miss Moselle Hill to a small crowd of young friends. The house was decorated in black and yellow, crepe paper, pumpkins and kafir corn suggestions. Halloween games of wide variety were introduced. Punch was served throughout the evening, supplemented by sandwiches and coffee. Those attending were Misses Lucile Glibbreath, Zoe and Ethel Wombie, Leah Thurmond, Joyce Corbett and Moselle Hill; Messrs. Roger Wilkinson, Wilbur Slaton, Roger Corbett, Taylor Thurmond and Johnnie Orr.

**Presbyterian Parties**

Both the Junior and Intermediate young peoples associations of the Presbyterian Church observed Halloween with parties last week at the Church Annex. On Friday night the Juniors, aided by Mesdames Henry Hastings, Hugh Witherspoon and Vera Witherspoon, enjoyed a splendid evening of games and frolics and on Saturday evening the Intermediates, assisted by the same ladies and Mrs. Sharp, dodged spooks and witches, bobbed for apples, heard their life's history unfolded, and enjoyed a thoroughly planned evening's program.

**Birthday Dinner**

A joint birthday surprise dinner for Mesdames G. P. Owen and H. J. Robinson was given at the Owen home on the Edwards ranch last Sunday. Neighbors to the number of sixty were on hand with well filled baskets and the day was spent in pleasant social intercourse.

**Bridge Club**

Mrs. Allen Skelton was the charming hostess of the Bridge Club on Tuesday afternoon, Nov. 1st. Merry rounds of the game filled the afternoon, at the conclusion of which delicious refreshments, consisting of fruited jello, sandwiches and hot tea were served. The Club was glad to have Mrs. Bobo McLean with them for the afternoon game. Miss Douglas Wilson will be the next hostess.

**Masque Party**

Last Friday night at the residence of W. F. Orr a Masque Party was tendered the members of the Senior Class of the high school. The party started in the Orr barn, appropriately decorated and electrically lighted. Later the J. L. Wilson barn nearby was invaded, where a trip through Death Valley was indulged in. The roundup occurred in the Orr residence where refreshments were served. The party was attended by most of the High School teachers.

## WHY FARM BUREAUS POINT TO DUTY OF GOVERNMENT

When country people proceed to help themselves by means of a great farm bureau organization, they are forcibly calling government's attention to the things that government itself ought to do.

"God helps them that help themselves," is all right, but the time has pretty nearly dawned for government also to help the people, and we will be very much mistaken if farm bureau federation progressiveness does not, before long, stir our Federal congress to more important action than has ever been dreamed of before.

Why should the people of a nation forever be doing things for their government, with little or no return of the compliment?

The Federal Farm loan bureau law was a good beginning, but it doesn't go a hundredth part of the way. Where it assists thousands to establish prosperous homesteads, Congress should enable it to assist millions to satisfy their homing instincts. And not only on the farms, but in our country towns.

The government has seen what good roads have done in scattered parts of the nation, bringing isolated farm people and their products close to the town and city for the benefit of the general population. Why should not Congress vastly extend good roads immediately giving work to hundreds of thousands, and paying the cost of it all twenty times over in the increased wealth of the people and of the nation as a whole?

We all know the difference between the country town (center of communities) with paved streets and the country town whose streets are paved with mud. The people for miles around are glad to drive into the former. Their visits make for good will, personal friendships and happiness; for better business in town and on the farm; for the dissemination of intelligence and education and religion; for advancement in civilization. Why shouldn't government pave the streets of our small towns—at no cost—or very little—to the community? Why?

These projects are only a few—a mere beginning—of the enterprises government could easily handle. Of course, our ultra-conservative folks might regard them as dreams, as too much to hope for, but that's because they look at things from the viewpoint of the past, which did not expect much more from government than protection, the collection of taxes, politics and the making of laws. But those things are settled facts; progress calls for constantly greater accomplishments and a people's government is not true to democracy unless it progresses.

Cost too much money? Not at all. No man improves his property without increasing its value and without increasing his wealth. It would be so with Uncle Sam. Every dollar he spent on farm, homesteads, country towns, rural roads and country town paving, sewerage, etc., would bring forth another dollar—aye, many dollars—to extend the work elsewhere.

The people of America are the government. Let the people help themselves through their own self—the thing called government.

Anyway, folks, think it over!

## HONEY PHILOSOPHY FOR 1921

Frequently you find a man who can't stop telling about it when he does something clever or worth while until he becomes exhausted. As if his friends and associates didn't know all about the smart achievement and admire him for it. And the worst of it is that his repeated talk presently chills the said admiration to the bone, and drives it to cover.

## CANYON MAN WAS VICTIM HIJACKERS

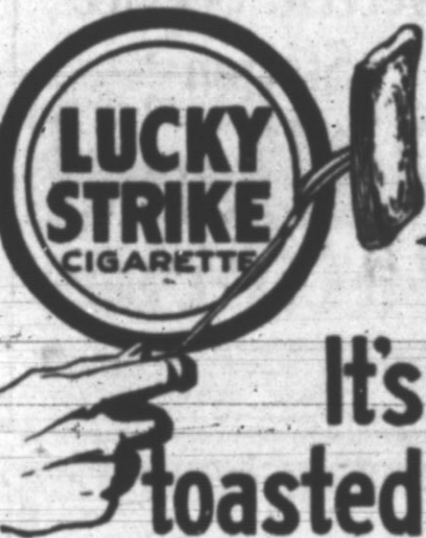

Ted Atkins was coming in, on a Santa Fe freight last Friday when he was attacked by highjackers between Canyon and Umbarger, robbed of his money and kicked off the train.

The fact was reported to Sheriff Black. It so happened that two of the three men in the gang were taken up as vags by the Amarillo police while Sheriff Black was chasing the auto thieves in Canyon, both officers landing their men in the Amarillo jail about the same time. They gave their names as Frank Christy and B. F. Rogers.—Randall Co. News.

## NORTH CAROLINA FARMERS LEARN TO EQUIP HOG FARMS

The era when "pigs were pigs" is about over in North Carolina, where the farmers are now coming to appreciate the need for better swine for breeding purposes and to realize that improved equipment and facilities make for the health and contentment of the herd. The United States Department of Agriculture has been aiding these farmers by holding 148 demonstrations, which were attended by 10,544 farmers and their families.

In connection with shows and fairs, practical demonstrations were held to illustrate the construction of wire fences, proper methods of stretching wire and bracing posts, demonstrations in the construction of automatic watering

## A WOMAN'S BACK

The Advice of This Hereford Woman Is of Certain Value.

Many a woman's back has many aches and pains.

Often 'tis the kidneys' fault. That's why Doan's Kidney Pills are so effective. Ask your neighbor!

Many Hereford women know this. Read what one has to say about it: Mrs. W. M. Megert, Hereford, says: "I have used Doan's Kidney Pills off and on when I have needed a kidney remedy. My back often got sore and lame and ached a good bit of the time. My kidneys have also been weak and pains shot through my back and shoulders when I stopped over. When I have felt any of these symptoms coming on, I have taken Doan's Kidney Pills and a few have never failed to relieve me of all the trouble in a very short time. I am glad to say a few words in favor of Doan's Kidney Pills because I know they are a reliable remedy."

### What Think You?

We Chiropractors work with the subtle substance of the soul. We release the prisoned impulse, the tiny rivulet of force, that emanates from the mind and flows over the nerves to the cells and stirs them into life. We deal with the magic power that transforms common food into living, loving, thinking clay; that robes the earth with beauty, and hues and scents the flowers with the glory of the air.

In the dim, dark, distant long ago, when the sun first bowed to the morning star, this power spoke and there was life; it quickened the slime of the sea and the dust of the earth and drove the cell to union with its fellows in countless living forms. Through aeons of time it fanned the fish and winged the bird and fanged the beast. Endlessly it worked, evolving its forms until it produced the crowning glory of them all. With tireless energy it blows the bubble of each individual life and then silently, relentlessly dissolves the form, and absorbs the spirit into itself again.

And yet you ask "Can Chiropractic cure appendicitis or the flu?"

Have you more faith in a knife or a spoonful of medicine than in the power that animates the world?

Be Modern! Investigate!

Good Job Printing at The Brand!

**What Ails Business?**

—nothing much, say the men who advertise wisely

You hear a deal of loose talk about business. Most of it is done by men to whom the simplest economic problem is a profound mystery.

Yet you hear them parrot what others of their kind say—"business is rotten!"

Is it rotten? Only in spots—badly neglected spots, for the most part.

Where it is not neglected—where well conceived and wisely applied advertising is employed as a business stimulant—you will find business good.

The men who are advertising wisely will be first to confirm this statement.

Don't be a curbstone economist! Don't agree that "business is rotten" just because you hear visionless men say it is! Advertise wisely, and be sure of your share of the good business that's abroad!

There are over 2,000 Brand readers who will help to make your business GOOD—or better if it already is good—if you will go to them with straight-forward messages about what you have to sell—and why they should buy it.
