## County Cotton Men Give Quota Views At Hearing

County cotton men and Chamber of Commerce representatives took their cause to Waco Wednesday to tell the Agriculture Committee of the House of Representatives how unfair they believe the present county cotton quotas to be.

Delegates were selected at a meeting Monday in Hotel Jim Hill, after which facts and figures were compiled by the group, and plans made to co-operate with delegates from other counties in presenting their side of the problem.

**Holding Hearings**

The House committee is holding hearings to gather information for use when a new bill on cotton quotas is brought up in Congress with the next few days. The last hearing is scheduled for Memphis, Tenn., today.

As one of the 37 persons present at the meeting Monday put it, "If we build up a cotton history by planting as much of our land as possible in cotton, then get cut out by quotas, we won't have any cotton, and we won't have any wheat history, so we won't be able to plant either of those basic commodities. At that rate, we could be put almost out of the farming business."

**Some Farms Short**

Because some farms are short on water, it was brought out that those farms cannot produce feed, though they do have enough water for cotton, and only irrigated land is being used for cotton now.

Chosen to go from Deaf Smith County were Jim Kirby, P. L. (Pete) Carmichael, John McCleskey, Orpha Click and G. E. Mullins, J. T. Gilbreath was to meet the county delegates in Waco.

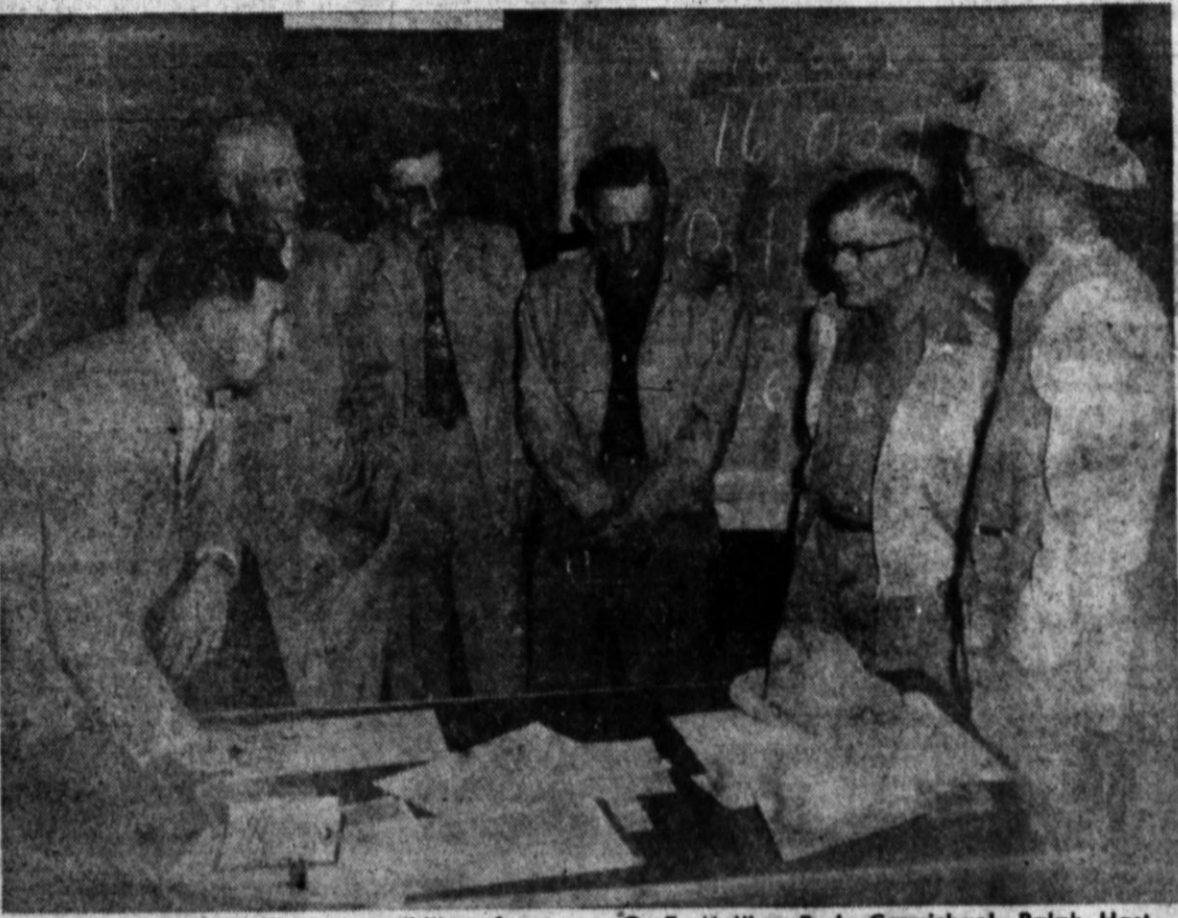

If the proposed bill is passed, it will mean an increase of 5,581 acres for Deaf Smith County.

**Could Re-Appoint Acreage**  
Apparently, this is the same bill, or one very similar, being considered by the Senate Agriculture committee. Under the terms of that bill, the county committee would be allowed to apportion to county allotments on the basis of farm cotton acreage history for the past three years, rather than on the basis of a uniform county cropland factor.

Deaf Smith County was hurt badly by the acreage allotments because it had a three year average of only 16,027, which gave the county an allotment of 7,063 acres.

Before leaving Hereford, the delegates tried to estimate the amount of cotton farming equipment which would be left idle in the county this year under the present allotments and methods of handling the allotments.

A meeting has been tentatively scheduled for next Monday for the county delegates to report on the Waco hearing.

MEN INTERESTED in the possibility of getting an increased cotton acreage for Deaf Smith County met Monday and elected delegates to attend a hearing of the House Agriculture committee at Waco. Five were selected to make the trip. Shown, from left, are G. E. Mullins, P. L. Carmichael, Ralph Hostings, advisor to the Chamber of Commerce Agriculture committee, who did not go to Waco; Orpha Click, John McCleskey and Jim Kirby. (Staff Photo)

## Church, Sunday School Called Insurance Policy For Youth

"The best insurance policy for youth is to see that they attend Sunday School and church regularly," Carl Perryman, Federal Bureau of Investigation agent stationed in Amarillo, said Monday at the Hereford Rotary Club.

QUIZDOWNERS FROM CENTRAL SCHOOL and the Sixth Grade in Hereford defeated the quizdown team from Buena Vista School near Borger by a score of 850 to 475. Each member of the group received a medal and a pencil. The children appeared on the regular Quizdown Program which is held over station KGNC and KGNC-TV, Amarillo, each Sunday afternoon at 2:30 o'clock. Questions for the program are sent in by pupils from various schools throughout the Panhandle. These children who participated in the Quizdown were chosen for the program by their grades, and principally on scholastic standing. Front row, from left are: Mickey Bensesio, fourth grade; Kenneth Walsler, fifth grade; Larry Bain, fourth grade; Delores Price, fourth grade. Back row, from left: Jimmy Conwright, sixth grade; Carroll Don Martin, fifth grade; Nancy Parsons, sixth grade; Beth Lemons sixth grade, and Norma Jean Warrick, fifth grade. D. C. Martin, principal of Central School, Mrs. Cowithon Bryant, Miss Ethel Wamble, Mrs. J. J. Durham and Miss Flo Dickerson accompanied the children to Amarillo. (Staff Photo)

## Police Assume Role Of Adoption Agency

Policemen who spend most of their time checking for traffic violations and checking parking meters found themselves playing the roles of temporary foster mothers to five part-Collie pups in the police station Monday.

Brought to the station when the mother was accidentally killed, the pups were badly in need of new homes in a hurry, or they would have to be destroyed. Word of mouth, and other means of communication, were brought into play, until finally only one yapping, whining little fellow, his eyes hardly open, was the only one left, and he was fed from a baby bottle during the early part of Monday afternoon.

Finally his new owner called to pick him up and the police were again able to devote their full time to other things—such as answering the telephone to tell youngsters that there were no more puppies available.

## Two Vehicles Damaged Sunday

Approximately \$140 damage was done to a 1948 Chevrolet pickup and a 1953 Chevrolet Belaire in a collision at the intersection of West Third and Miles Streets Sunday afternoon about 2 o'clock.

Both the pickup driven by J. R. Moore, Route 1, and the Belaire driven by Mrs. Fruese McGowan Lambert, 706 E. Third, were going west on third when the pickup attempted a left turn. Mrs. Lambert attempted to pass the pickup, and the pickup struck the middle of the right side of the Chevrolet with its left fender.

About \$40 damage was done to the pickup and \$100 damage done to the Belaire.

## Jail Sentence Given On Bad Check Charge

Jack Sanford, charged with swindling by worthless checks in September of 1952, plead guilty before County Judge Horace L. Schloss Tuesday.

He had been picked up by the Sheriff's department on January 8 and placed in the county jail.

Sanford was sentenced to a period of ten days in the county jail, but was given credit for the time he had already served.

# Lawmen Getting Methods Review

LAWMEN LEARNED more about their own guns in most cases, when Leo Robertson, FBI instructor, showed them various things about the guns at the Tuesday afternoon session of police school, which is being held this week in City Hall. (Staff Photo)

## FBI Instructor Giving Course

Officers from Hereford, Friona and Dimmitt are back in school this week, taking two hours of instruction daily in the techniques of police work from an instructor from the Federal Bureau of Investigation.

Starting off with techniques of arrest Monday afternoon, Leo Robertson, FBI man from Dallas, then went on Tuesday in the use and care of firearms, and types of weapons which are especially useful on special assignments.

**House Arrests**  
Taking up the subject of house arrests, which can be among the most dangerous, Robertson said that if wanted men are known to be "holed up" at a definite location, there is no need for one or two officers to rush out and try to make the arrest, and probably get killed in the process.

"Wanted men who have killed before are usually willing to kill again," Robertson pointed out, "so care should be taken in planning the raid. Such things as traffic, proximity of schools or other public buildings, and other things which might put innocent bystanders in danger should all be considered."

**General Suggestions**  
He then gave a number of general suggestions for posting officers around a building so that none of them would be likely to get hurt by the crossfire from other officers' guns. "Above all, don't shoot until you know who or what you are shooting at," the agent warned.

Continuing with the methods of arrest, he gave pointers on searching men who are captured, and told how often officers get careless in searching persons who have been arrested, which sometimes leads to jail breaks and loss of life.

In mentioning arrest methods, Robertson particularly warned officers not to let a person being arrested talk them into taking off

## Mexican Cultural Agents To Speak At CofC Banquet

One of Texas' neighbors to the South, Roberto de la Rosa, will be guest speaker at the annual Chamber of Commerce banquet Tuesday night.

Born and educated in Mexico, Senor de la Rosa is now stationed in St. Louis acting as Cultural Agent for the Mexican government in co-operation with the consular office there. He is in training to enter the Mexican Diplomatic Corps.

## Achieved Musician

In addition to being an excellent speaker who has become popular both as an after-dinner speaker and lecturer during the five years he has been in the United States, De la Rosa is also an accomplished musician and often illustrates his programs with music and songs from his native land, particularly when lecturing about the folklore of his people.

## Present Mission

His present mission in the United States is a part of Mexico's contribution to the "Good Neighbor" campaign, in which the 21 American republics have been engaged for the past 20 years.

He is one of the 12 "good-will" ambassadors who are currently touring this country to help promote better understanding between the United States and Mexico.

## Houston Ewing Back In Dallas Hospital

Houston Reed Ewing, 12, son of Mr. and Mrs. Willie B. Ewing, 210 Avenue I, was admitted to the Scottish Rite Hospital For Crippled Children in Dallas for the second time on January 8.

He fell on a broken pop bottle last March and cut the ligaments and nerves in his left wrist. Mr. and Mrs. Ewing took him to the Scottish Rite Hospital November 11 for an operation and he returned home December 1.

Houston's arm was in a cast to above his elbow during the time (Continued on Page 2)

## Postmaster's Exam Announced For Dawn

An examination to fill the position of fourth-class postmaster for the postoffice at Dawn has been announced by the United States Civil Service Commission.

Annual salary for the position is \$2,611. Applicants must actually reside within the territory supplied by the Dawn Postoffice. Age limits, which are waived for persons who are entitled to veteran's preference, are from 21 to 65.

Full information and application forms may be obtained at the Dawn Postoffice or from the Civil Service Commission's Washington office.

Applications must be on file with the U. S. Civil Service Commission, Washington 25, D. C., not later than February 11, according to the notice sent out by the Commission.

Mr. and Mrs. J. E. Beyer are in Topeka, Kans., where he was scheduled to undergo surgery Wednesday in the Santa Fe Hospital. The couple was joined there by their son and his wife, Mr. and Mrs. J. E. Beyer Jr., of Hutchinson, Kans.

## Around Town

A talk about the pageantry which accompanied the coronation of Queen Elizabeth II was made at the Hereford Lions Club Wednesday by Joe Findley of West Texas State College, who illustrated his talk with slides and injected his own witticisms about historical places he saw and persons who had been there in the past.

Persons coming into Hereford, and asking for donations for personal use should be checked on at the Welfare office or Red Cross, according to a warning sent out Wednesday by those two offices.

"There are some people who use some personal misfortune as a lever to gain funds far beyond those they would normally get from helping agencies in such circumstances," Mrs. Jewel Smith of the Welfare office warned. "There must be a line drawn between legitimate emergency aid and other donations, which would not serve the purpose intended by the donor."

## Saturday Coffee Sales Earmarked FOR MARCH OF DIMES

Saturday the coffee drinkers will do their bit to help the fight against infantile paralysis when they are asked to pay 10 cents for each cup of coffee.

Boy Scouts are going to put Milk bottles bearing the March of Dimes label next to the cash register in each place that sells coffee, and the money will be deposited directly in the bottles.

In nearly all cases, all of the money will go to the March of Dimes, with the establishment paying for the coffee, cream and sugar, according to Clint Formby, city chairman for the campaign.

Those participating include the Candy Kitchen, Cream O'Plains Dairy, Big Burger Drive In, Delano Cafe, Florence's Cafe, Greth Hedge Cafe, Ike's Steak House, Little Diner, Tasty Drive Inn, Triple E Cafe, Western Wheel Inn, Hereford News Stand, City Drug, Rogers Drug, McDowell Drug, Park Avenue Drug and the Jim Hill Coffee Shop.

Every Dime-Helper "We don't expect to get any large amount from the March of Dimes coffee," Formby said, "but every dime that comes in will help that much, and the dime soon add up to dollars."

# Plans Complete For Car Rodeo

Hereford Road Knights are adding a written examination for contestants in their Car Rodeo which will be held at 2 o'clock Sunday afternoon at the Hereford Rider's Club arena.

For those who wish to take part in the car rodeo, the written test, based on information in the Driver's Handbook issued by the Department of Public Safety, will be given between 9:30 and 10 o'clock Sunday morning, upstairs in City Hall. Failure to pass the test will automatically eliminate that person as an entry in the rodeo in the afternoon.

**Public Invited**  
The public is invited to watch the Car Rodeo without charge, but there will be an entry fee for each participant — 50 cents for members of the Road Knights, and 75 cents for non-members.

Two other clubs have been specifically invited to attend and participate in the rodeo. They are the Amarillo Dusters, and the Road Dusters of Lubbock.

**Officers To Judge**

This time, the Knights have asked Sheriff Lowell Sharp and Chief of Police Leo Box, with any help that they care to take with them, to act as judges.

Members of the Hereford Junior Chamber of Commerce are also scheduled to help in putting on and judging the program, according to Robert Miller.

**Tale of a Swindler**

In concluding his talk, the agent told a half-humorous tale of a man who swindled a number of small-town banks over a period of eight years, before a chance remark led to his capture.

Leo Robertson of Dallas, FBI instructor who is teaching the police school in Hereford this week, was also a guest at the meeting, which was attended by 43 persons. Dr. Millard W. Nobles, who has

been away from Hereford doing post-graduate study, was welcomed back to the club. President George Heard presided at the meeting.

"Regardless of what happens in a case like this, you leave both yourself and your department open to censure," Robertson continued.

**Gun Characteristics**

Borrowing sidearms from a number of officers present at the meeting, the agent went over the various models, explaining some of the differences in firing characteristics and the way they are built, to give the officers a better understanding of their guns.

Going from that to larger weapons, he recommended the sawed-off shotgun (riot gun) as one of the best weapons that an officer can have, both for its ability to

throw a large number of pellets for a good distance, and for the psychological effect it has on criminals who are familiar with what such a weapon can do.

**Attending School**

Officers who are attending the school include city marshals Jim Roberts of Friona and W. C. Cook of Dimmitt; Sheriff Lowell Sharp and Deputy Sheriff Neal Young; Hereford Chief of Police Leo F. Box, and Hereford officers Joe P. Stevens, Herma V. Helton, Marvin J. Boever, Morris L. Brown, and Clyde Barker, on Monday; Mayor Henry Sears, Commissioner Raylan Evans, and City Manager Cecil Massey attended the session.

The school will continue through Friday of this week. Another two weeks of training is scheduled for April, and the final two weeks for some time in July.

Starring Jeff Chandler, Marilyn Maxwell, Anthony Quinn and Suzan Bell.

Jeff Chandler plays the part of an American tin-mining engineer on a Pacific Island and because the home office does not back up the engineer's pact with the ruler of the island, played by Anthony Quinn, trouble starts.

Suzan Bell plays the part of a native princess who has fallen in love with Chandler and helps him and his company. Miss Maxwell, with her immaculate beauty, seems slightly out of place.

The action packed story is highly entertaining and the Technicolor photography considerably enhances the Far-Eastern setting.

Young Driver Blamed BEVERLY, Mass. (AP) - A 4-year-old boy and his 3-year-old brother have crashed their first truck. The boys were riding a toy fire engine on the sidewalk when they lost control. The truck went over the curb and collided with a car that was coming to a stop for a traffic light. Both boys had to be taken to the hospital.

Flying Hearse Effective HILLSBORO, Tex. (AP) - Louis Marshall operates an aerial hearse. An undertaker, Marshall bought a plane for pleasure. Then he hit on the idea of using the plane to replace an ambulance for long trips. He has transported bodies then converted 4-passenger Cessna 180 from such distant points as El Paso, Tex., Kansas City and New Orleans.

Most Suicides Not Married OMAHA (AP) - Married people in this area are least likely to commit suicide. Widows, widowers and divorced persons head the list. Single persons are next. A study by Florence Izenstate, sociology student at the University of Omaha shows more than half the 1,009 suicides in 22 years were recorded during the depression years, 1931 to 1938. Aged persons were the most likely to take their own lives. Most of the self-inflicted deaths were among those in the middle and upper-income brackets.

**Malaria Resists New Drug**  
KUALA LUMPUR, Malaya (U) — Malaria control experts are worried about the increasing resistance of malaria germs to the new drug, paludrine.

In its report, the Malaria Advisory Board said resistance was first detected about the end of 1948 when a large number of cases

failed to respond to treatment. By 1950 many more cases failed to respond and by 1952 resistance was reported all over Malaya.

**Firemen Go Formal**  
TARIFFVILLE, Conn. (U) — For one night this Connecticut village had the nation's most formal fire fighters. They were in evening

dress for their annual ball when an alarm sounded for a minor chimney fire.

Chief Vincent Plona was a little late getting to the scene, but he arrived dressed as fireman should be. He was in the bathtub when the alarm sounded.

# A REPORT ON THE GROWTH OF THE NAZARENE CHURCH

Substantial gains in every phase of International work of the Church of the Nazarene were reported in year-end statistics released by Dr. S. T. Ludwig, general secretary of the denomination, which maintains its international headquarters in Kansas City, Missouri.

Setting the pace of progress was the amount given by members for all purposes—nearly \$30 1/2 million, which is a per capita giving of \$118.33, the largest in the history of the denomination.

### STATISTICS

Membership	258,000
(A Gain of more than 3 Per Cent)	
ESTABLISHED CHURCHES IN U. S.	3,826
Established Churches in Canada	117
Other World Areas	97

### TOTAL

4,040  
In addition, the church now has 265 missionaries and 1,150 native workers on 25 foreign fields.  
The Sunday-school organization showed similar gains, reporting 537,000 enrolled. This is an increase of 3 per cent over last year, and more than twice as many as listed for church membership.

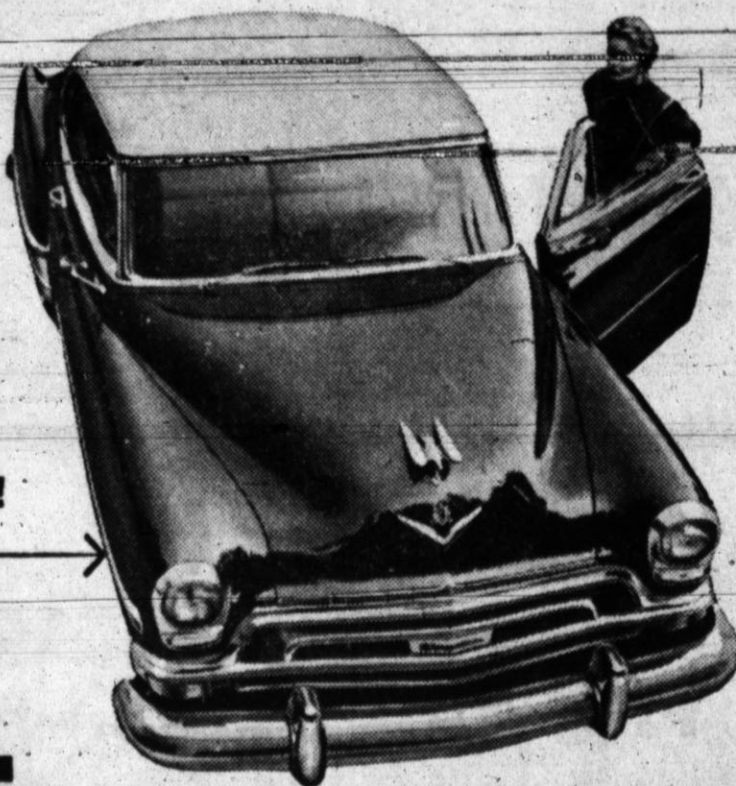

The Nazarene Church in Hereford is located at 4th and Jackson. The Church was built in 1944. The members and pastor invite you to attend their services every Sunday morning at 10 a.m. and every Sunday and Wednesday evening at 7 o'clock.

The cold weather has started. This is good. All we need is a lot more, plus some rain. This is right in line with my prediction of a banner year in '54. A lot of people are giving me the horse laugh on this deal, but I am really sincere. Just wait and see. From 15 to 25 bushels wheat on dry land. Big fine lettuce, juicy sugar beets—even an increased cotton acreage before the year gets well underway. Fair cattle prices, bumper potato yields—and we'll beat Phillips in football.

Either I am right, or I have lived out in this country too long. It has always been a great "next year" country. Maybe I am just getting the habit.

Around The Brand office, we are about ready to get rid of the electricians, carpenters and painters. These boys sure have changed with the times. Nowadays they are clean, sober, hardworking fellows. The painting trade has probably been hit harder than any other craft. Lots and lots of people are doing their own painting. This is due to the fact that the new rubber base paints are much easier applied and, generally speaking, the painters have priced themselves out of the field on a lot of jobs. Lots of people can paint, but not too many can do finished carpenter work. While the painters were around, however, most of us in The Brand office were surprised to find out what they pay for paint brushes. Some of those big ceiling brushes cost \$30 each, while ordinary four and five inch finish brushes run from \$6 to \$9 each.

I always paid from 50 cents to 85 cents for a brush when I painted. I guess the big difference is that my time isn't worth near as much. For the most part, however, these fellows really pitch in and do a day's work.

Printers have changed, too. They once were fairly well classified as a bunch of drifters and sots. Now they are generally good, solid citizens. They seldom drink—and never on the job. Frankly, I doubt if they are as good craftsmen as the old breed, but this is mostly because the great majority have been trained since the war and haven't had time to develop into master-craftsmen. It is a rare occasion nowadays when a "tramp printer" shows up around the office. They are still very good, but generally get on a rampage and leave. Printers are not so temperamental as they used to be, either. This seems to go pretty well with the carpenters, painters and electricians. Times are changing. Streamlined, faster production has eliminated the demand for the old fashioned dyed-in-the-wool master craftsman. There is also the factor of more modern materials, equipment and tools to be considered.

To say the least, production has been increased in all skilled lines—especially since the war. It is better all around. The people who buy and, more especially, those actually in the skilled lines are happier. To me, this represents a step forward in civilization in America. They are a splendid bunch of fellows, but we sure will be glad to get rid of them and settle down to running the paper once again.

Frank Daniel is still carping about our red paint. He wanted a brighter red. I am sorry, but he will just have to look at it as is. I should have gone ahead and painted it purple like I planned.

Roger Corbett says he knows what I mean about hating to throw things away. He says a summer or so back the boys asked if they could clean out his basement. He told them OK, so they hired a truck and spent two full days hauling things out to the dump ground. Roger wouldn't even watch; it pulled his heart strings out by the roots. He wound up just like I did. He hasn't been able to find a single thing since. Earl Phillips was also by to make a few wisecracks. He says this is a big bunch of hokum about cleaning out my desk. He figures I just got a new one and sent the old one out to the dump ground. Roy Jewell was also by to borrow the Caddo newspaper. Roy says he was reared in Caddo. The paper was all Civil war news, however.

About all we need around here now is some asphalt tile, but we know we can't afford it—and it would definitely present a mopping problem. The telephone man has been worried about putting down floor cable. He wanted to know how often we "wet mopped" the place. I told him I had only been here since 1937—and it had never yet been damaged by a mop. He thought I was kidding. It is like that old saying, "Too many chiefs and not enough Indians" around The Brand office. We can't afford a regular custodian and these skilled labor boys all figure someone else should do the mopping. His cable may get damaged, but I'll guarantee it won't be from excessive "wet mopping".

Another thing that gripes me quite a bit is the fact that we planned a coffee room in the remodeled Brand office. What happens? The price of coffee soars out of sight. They are predicting up to \$1.25 a pound. However, I guess that's part of this prosperous "more in '54" I have been predicting. If you see the whole Brand delegation stringing across the street, each with a pound of coffee, you can guess someone has it on special with a "1-pound limit to each customer." Anyway, it looks as if "nickel coffee" will become a thing of the past. Already a few of the local cafes have jumped to

the dime bracket. A news release recently predicted 15-cent coffee in New York City. Most places have been charging 7 to 10 cents for a long while. Maybe we will settle on 2 cups for 15 cents.

G. W. Brunley was just by and he doesn't like the cold weather. "Snow is fine," says G. W., "but cold without snow is not so good." He will be all smiles before the month is over, though. It will start raining again. Wait and see. Wait and see.

The Texas Press is meeting Saturday. Ben Guill, former congressman from this district, will be one of the feature speakers. Ben is now Assistant to the Postmaster General and will talk on postal regulations, rate increases and other phases pertinent to the newspaper business. Henry Sears, an old schoolmate of Guill's, says he

is going with me to the meeting. It's not every day you can have the company of the mayor at a newspaper meeting. Maybe I'll learn all about sewer systems and catching stray dogs during the long drive to Austin. Anyway, I should learn something, which is more than Henry can expect to do.

Speaking of post offices, I notice where they are giving exams for a new postmaster at Dawn. Henry Turner, it seems, is resigning the post. The Dawn office, I hear, is one of the few small offices which is operating on a paying basis. In addition to Hereford, it is the only other post office in Deaf Smith County, which is most unusual.

Moon Mullins, incidentally, has a dandy talk he gives on "Texas." It is pack-jammed with statistics, but Moon makes it funny and really enjoyable. He said his wife

### New Officers Chosen By Camp Fire Group

New officers for the next three months were elected at a meeting of the To-Wa-Ka Camp Fire Group Monday afternoon in the Camp Fire Hut. Suzanne Yarbrow, outgoing president, presided at the meeting.

Officers elected are: Zell Crump, president; Kay Caraway, vice president; Patsy Wooddell, secretary; Rita Latham, treasurer; and Karen Sue Daniel, scribe.

The meeting was closed in a friendship circle with the group singing "Wo-He-Lo, which means work, health and love."

Those present were: Linda Jean Addie, Zell Crump, Rita Latham, Patsy Wooddell, Karen Sue Daniel, Judith Raye Haseloff, Nicky Nan Noland, Ada Mae Bettis, Marjorie Sue Muse, Sandra Brumley, Pam Clay, Linda Sue Witherspoon, Marilyn Joy Jones, prospective member; Hallie Culpepper, Jean Ann DeShazo, Lu Ann Higgins and Chermayne McCort. ## Mrs. Corbett's Recipe Makes Chili That Can Chin Itself

Chili—real chili—chili Texan style—says the late Joe Cooper in his book "With or Without Beans", must have strength to chin itself, even with a big rock in the bottom of the pot.

Whether it comes from the home kitchen, the restaurant, or the commercial manufacturer, the end result is no farther removed from basic chili than kessin' cousins.

Mrs. Paul Corbett entered this recipe and a quart of chili made up with a Hereford Potato in the chili contest sponsored by the State Fair at Dallas in 1951 just before Joe's book came off the press.

Mrs. Corbett likes the potato because it absorbs some of the grease usually found in chili.

- Chili**
- 1 lb. meat—either hamburger or chili grind
  - 1 medium sized potato, cubed
  - 1 medium sized onion, diced
  - 1 clove garlic
  - 1 tablespoon ground cumin or comino
  - 2 teaspoons chili powder
  - 1 teaspoon salt
  - 1 No. 2 can tomato juice or tomatoes

Brown meat, add comino and chili powder. Then add all of the ingredients except tomato juice. Cover with water then add tomato juice. Cover and simmer over low (Continued on Page 2)

### Landscaping Program Getting Good Response

Home Demonstration Club women may be eying a corner of the yard or the bare ground in front of the house as they select a plot on their farmstead for landscaping.

Argen Draper, County Home Demonstration Agent, who will have charge of the program, has already started her work with the various clubs and is receiving a very enthusiastic response from the women, who are undaunted by the fact that a tree planted on the plains must usually be watered all its life if it is to survive.

**Progressive**  
Mrs. Draper presented a graphic picture of ideas for landscaping home grounds to members of the Progressive Home Demonstration who met with Mrs. Lester English on Tuesday of last week.

In the demonstration, Mrs. Draper emphasized considering each member of the family. Different types of shrubs were identified and discussed as to place in the landscape.

Members present were Mesdames: T. J. Parsons, Dee Buttrel, Taft McGee, Ira Ricketts, Pete Carmichael, Fred Saltzman, C. C. Billingslea, Bert Coffin, V. E. Dodson, R. L. Lloyd, Miss Augustine Gregory, the hostess and Mrs. Draper.

**Wyche**  
New Officers of the Wyche Home Demonstration Club were installed last Thursday at the home of Mrs. Wayne Newsom with Mrs. Walter Paetzold as co-hostess. Mrs. Tom Draper was installing officer.

New officers include Mrs. W. R. Scarth, president; Mrs. E. C. Howell Jr., vice - president; Mrs. Wayne Newsom, secretary; Mrs. J. V. Pickens, treasurer; Mrs. Bob Baird, council delegate; and Mrs. Charles Packard, reporter.

**Landscaping Points**  
Following the installation rites, Mrs. Draper brought out many good points on landscaping, stressing the importance of drawing off your homestead and landscape plans on paper first, as it is much easier to move a tree or shrub than after you have it in the ground.

Other members attending were Mesdames W. P. Axe, G. W. Newsom, Ira Ott, Jim Cross, C. R. Dameron, C. C. Ellis, E. A. Wilke, Edwin Flood, and a visitor, Mrs. W. H. Gable of Washington.

**Westway**  
Mrs. P. B. Sowell was hostess to the Westway Home Demonstration Club Wednesday, January 6. Mrs. Leo Ohlig, landscape demonstrator, introduced Argen Draper who gave a program on landscaping. The agent stated that it is better to keep lawns small, and that native grass is good in that it is easily cared for.

JUNIOR HODGES, FIVE YEAR old son of Mr. and Mrs. Aubyn E. Hodges, displays to his little sister, Deborah Jan, just how the sliding doors at the head of his bed work. A small radio and books will fill the compartment. (Staff Photo)

## Years Ahead Are Included In Design Of Boys Room

A boy's room with an appearance as many as the five-year-old lad for whom it was planned is the pride of Junior Hodges, son of Mr. and Mrs. Aubyn E. Hodges, who have recently remodeled their home at the site of the old Prison-of-War Camp southwest of Hereford.

Mrs. P. B. Sowell, president, presided at the business meeting.

**Alternate Elected**  
Mrs. Phillip Miller was elected alternate council delegate to replace Mrs. Harrold Rudd, who is moving away. Yearbooks were filled out and Mrs. Dalvin Awalt was welcomed as a new member.

Junior likes to show visitors the sliding doors to his book case type bed, which is full sized and will accommodate a small radio and other items as well as books in the shelf space at the head.

**Accident Conscious**  
Those present were Mesdames Joe Landers, A. Drager, Jimmy Thomas, Leo Ohlig, R. L. Wilson, George Turryntine, Phillip Miller, C. H. Owens, Kenneth Rudd, Harrold Rudd, Johnnie Townsend, Dalvin Awalt, P. B. Sowell and Mrs. Draper.

**Low Clothes Rods**  
The closet takes care of toys as well as a little boy's short reach. Two level clothes rods have

Little sister Deborah is fascinated by the reading lamp on the bedside table but an older person who is accident conscious will approve the plain front of the large dresser and the chest of drawers where there are no outside drawer pulls for youngsters to bump into.

The tan broadcloth pull curtains, made by the boy's mother, blend with darker walls on which clever Mother Goose pinups are the only ornament.

### 4-H Leaders Discuss Poultry Show

4-H Leaders met in Council on Monday. Mrs. M. W. Sumner, Hereford presided at the meeting, which was held in the Home Demonstration Agent's office. The Leaders Committee made the following plans and recommendations at this time.

(1) 4-H Committee Plans were made to present to H. D. Council, February 1.

(2) Rules and regulations for the Poultry Show were discussed at this time.

(3) A committee was chosen to work on club yearbook. 4-H Yearbooks will be ready February 1. Mrs. C. F. Homfeld of Adrian was elected as Council Chairman for 1954.

Persons attending were: Mrs. J. E. Dyer, Leader Jolly Girls 4-H Club. Mrs. C. F. Homfeld, Leader Caprock 4-H Club. Mrs. M. W. Sumner, Leader, Workers

4-H Club, Mrs. Ira Ott, Leader, Happy Homes 4-H Club. Mrs. Charlie Burk, Leader, Walcott 4-H Club. Mrs. Ed Dzuik, Leader, Jr. County Wide 4-H Club.

### High Pressure Sales

LITTLE ROCK, Ark. (AP)—M. V. Burleson, owner of a used car lot, said he turned down an applicant for a salesman's job, explaining that business was too slow to warrant extra help.

Attending to other business off the lot, he returned to find the stranger closing a deal for a car. Burleson signed the papers and the applicant sold another car. Closing the deal, Burleson looked out his office to see the man finishing another sale. Before he could reach the scene, he said, the man pocketed a \$75 down payment and left the lot.

He filed a complaint.

### Decisions Are Postponed On Junior Stock Show

The Hereford Boys 4-H Club met in the County Court room on Wednesday afternoon, January 6, and discussed plans for the Junior Livestock and Poultry Show coming up in February.

Some important decisions were postponed until the next meeting on January 20 when all members and their dads are urged to be present.

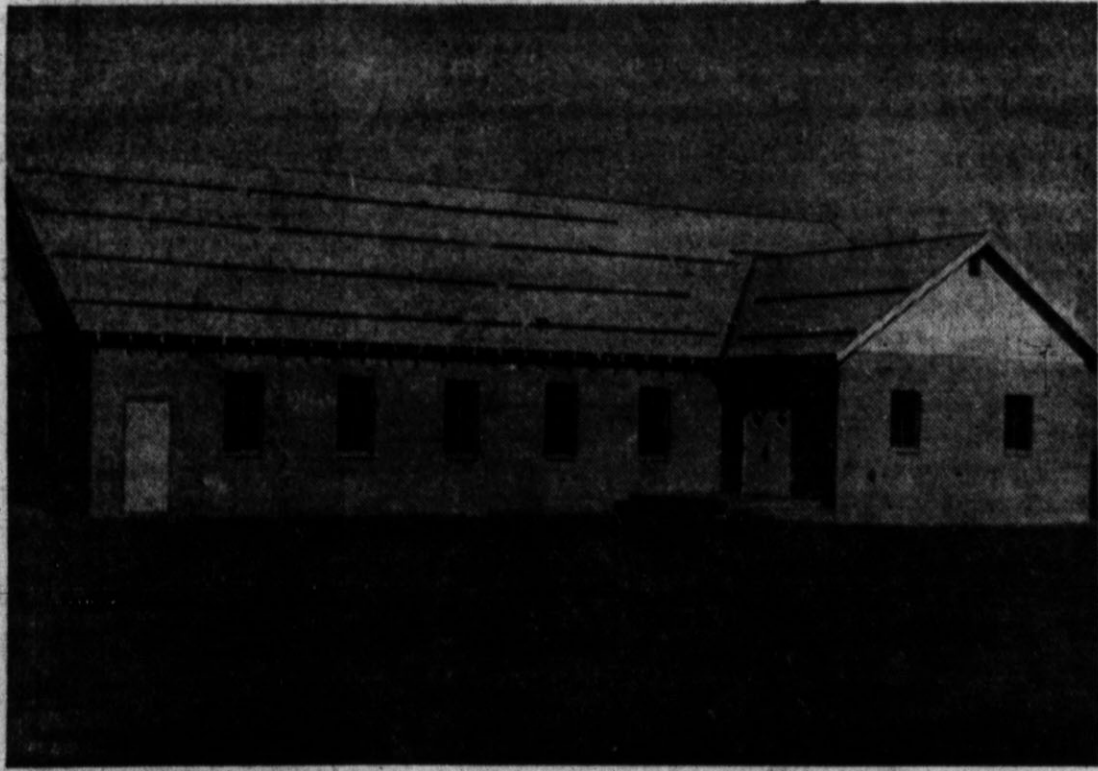

### Love Is Elusive

PARIS (AP)—A Paris paper printed this anecdote, which it said was true, illustrating the French attitude toward l'amour.

A master of ceremonies, trying to enliven a party, posed the question: "What is love?"

"I don't know", replied a young pretty woman. "I haven't been unfaithful to my husband yet."

## A Salute to Hereford's Churches

### WESLEY METHODIST CHURCH

The Wesley Methodist Church is one of the most recent completed in Hereford. It is located on the Airport Road, or K Street. There are approximately 75 members in the Wesley Methodist Church, and they had previously been meeting in the Deaf Smith County Court House. The ground breaking date for this new church building was September 14th, 1953.

The first and present pastor is E. L. Naugle. Rev. Naugle is well known in Hereford. He attended school at Southern Methodist University.

THE FIRST NATIONAL BANK is proud of its part in assisting in the development of the fine Churches of Hereford.

## Now... See and Try America's First Transparent-Top Car!

Now really see the scenery—and high traffic lights—without bending your head. The permanently fixed transparent section is made of super-tough plexiglas.

1954 Mercury's revolutionary new Sun Valley lets you see through the roof! Yet that green-tinted plexiglas section gives hard-top protection against wind and weather.

No, this isn't one of those someday-maybe "dream cars." The new Mercury Sun Valley is already in quantity production. It's on display right now at our showroom. And it costs less than you'd expect. You have a wonderful sensation driving with no-top at all—

except that you enjoy the wind and weather protection of a standard sedan or hard-top. The soft light that filters through the sea-tinted plexiglas top is cool, restful. Entirely new 161-horsepower engine—The new Sun Valley, like the 7 other stunning, newly

styled Mercury models, features a completely new overhead valve V-8. It has more power per cubic-inch displacement than even Mercury has ever been able to offer before. In short, it introduces fine-car power to the popular-price field. # Wrestlers Try Choking To Subdue Opponents

Choking seemed to play a major part in the wrestling at the Bull Barn Saturday night. There was a double main event, and it seems that Mr. Sakata and Frankie Hill Murdock both had the same idea as to how to dispose of their opponents.

The first event was a two out of three fall with a one hour time limit match between Mr. Sakata of Japan and Ruis Martinez of Mexico City.

**Judo Used**

Sakata won the first fall in 16 minutes with a body press followed by a judo slash off the ropes. Martinez won the second fall in 11 minutes with an airplane spin followed with a top body press. Martinez also won the third fall in seven minutes when Mr. Sakata was disqualified for choking and unnecessary roughness.

The main event was a two out of three falls, one hour time limit match between Tommy Martindale of Amarillo and Frankie Hill Murdock of Waxahachie.

Martindale won the first fall in 17 minutes when Murdock was disqualified. Murdock hid the bell rope in his trunk and proceeded to try to choke Martindale.

**Tried To Choke Referee**

When the referee, Gene Denton, tried to interfere, Murdock turned on Denton and tried to choke him. Both Martindale and the referee took the bell rope from Murdock and gave him some of his own treatment. Chances are, he won't try to choke Denton or Martindale again.

Martindale won the second fall in four minutes with a top body press to end the rough and roudy match.

**CARD OF THANKS**

We wish to thank all of our many friends who called, sent food or messages, and every act of kindness, of which there were too many to number.

To Brother Dunnam, Brother Naugle and Brother Davidson, I wish to say, you lifted me upon wings of hope. For the many, many beautiful flowers we wish to say, He loved flowers so much.

To the pallbearers, and J. M. and Marlin Gilliland, you were so nice and thoughtful. To all of Mr. Coy's friends, Thank you and bless you.

**CONGRESSMAN WALTER ROGERS SAYS**

**President Pointedly Left Out Comment On Bricker Amendment**

At twelve o'clock noon on January 6, 1954, the House of Representatives of the United States was called to order by the Speaker, the Honorable Joseph W. Martin, Jr., of Massachusetts.

The chaplain, Rev. Bernard Braskamp, D. D., offered the prayer, which was concluded by the Lord's Prayer, in which all of the Members joined, in voice as well as in spirit. A roll call reflected the presence of 392 members, which constituted a quorum. The Speaker then laid before the House communications from the Clerk concerning the election of four new Members to the Congress. These Members were sworn in and the House proceeded with its business of the day.

As soon as this was concluded, a tribute was paid by members on both sides of the aisle to the Honorable Sam Rayburn, former Speaker of the House. The occasion was the seventy-second birthday of Mr. Rayburn. Honorable Robert Byrd, of West Virginia, included in his remarks a poem that I would like to leave with you. It is as follows:

"Count your garden by the flowers,  
Never by the leaves that fall;  
Count your life by the sunny hours,  
Not remembering clouds at all;  
Count your nights by stars,  
Not shadows,  
Count your days by smiles,  
Not tears;  
And on this, your happy birthday,  
Count your age by friends, not years."

**Joint Session**

The House adjourned on Wednesday until noon on Thursday, January 7, at which time it met in joint session with the Senate to receive the State of the Union Message of President Eisenhower. The President was escorted into the Chamber at 12:30 p. m., by Senators Knowland, of California, Johnson, of Texas, and Bridges, of New Hampshire, by Representatives Halleck of Indiana, Arends of Illinois, and Rayburn, of Texas. He proceeded to deliver his State of the Union message. The President looked very healthy, appeared in fine spirits, and made a splendid presentation of his message. Needless to say, the galleries were filled to capacity, and included Mrs. Eisenhower and her mother, Mrs. Doud. Cameras of every make and description were grinding away in every direction, and the television lights were so bright that you felt you were sitting under the brilliant sunshine of a fine spring day in the Panhandle. The President was preceded into the Chamber by the members of his Cabinet. Shortly before the arrival of the Cabinet, the Ambassadors, Ministers and Charges d'Affaires of foreign governments entered the hall.

**Embarrassing Situation**

Incidentally, Russia was represented in this group. It was shortly after the entrance of these diplomats, that a somewhat embarrassing situation was created. How embarrassing will not be known for awhile. It seems that seating arrangements had not been properly arranged, and there was not sufficient available seating space for the diplomatic corps. They were crowded into the aisles. Many of the Members of both the House and the Senate who were sitting close to these aisles, realizing the situation, graciously offered the diplomats their chairs. Some of these invitations were accepted. However, the substantial majority of the diplomatic corps

continued to stand through the President's message. It appears that this is the first time that such a situation has arisen. Actually, there was no need of it, as plenty of seats could have been made available for them. I sincerely hope that all of the diplomats appreciated a human mistake and that none became offended. Every member of the House would have been more than glad to have yielded the seats to the foreign visitors. However, the situation arose so soon before the arrival of the President and the commencement of the Message that there was not time to rearrange the seating.

**The President's Message:** The President's message was brilliantly worded and was delivered in an outstanding manner by the President. In fact, much better than his previous performances. The message gave general treatment to almost every important issue that this Congress will face. I say general because the President recognized this himself and pointed out that he intended to deliver specific messages to the Congress on the several subjects at subsequent dates.

**One Item Omitted**

One item or issue of explosive proportions was noticeably omitted. I refer to the Bricker Amendment, or legislation pertaining to the curtailment of the treaty-making powers of the Executive Department of the government. The President has heretofore voiced his opposition to the Bricker Amendment, as it presently reads and I presume concluded that there was no reason to say more about it. The explosive nature of this issue is building up daily.

Some think that Senator Bricker will retreat and accept a compromise of the wording that would, in effect, actually leave the law as it is today. Others think that he will continue his fight and insist upon wording that will clearly spell out the supremacy of the Constitution over treaties and executive agreements.

I shall, of course, support the Constitution of the United States and the theory that it is the supreme law of the land and supercedes all others, whether they be treaties, executive agreements, statutes, administrative decisions or otherwise.

There are many things in the President's Message to which I can wholeheartedly subscribe. On the other hand, there are a number of things with which I must beg to disagree. Some of these are items and issues that I have fought in prior administrations and which I intend to continue to fight, regardless of the personalities involved. This country was not built on personalities. It was built on principles, and on principles its survival must depend.

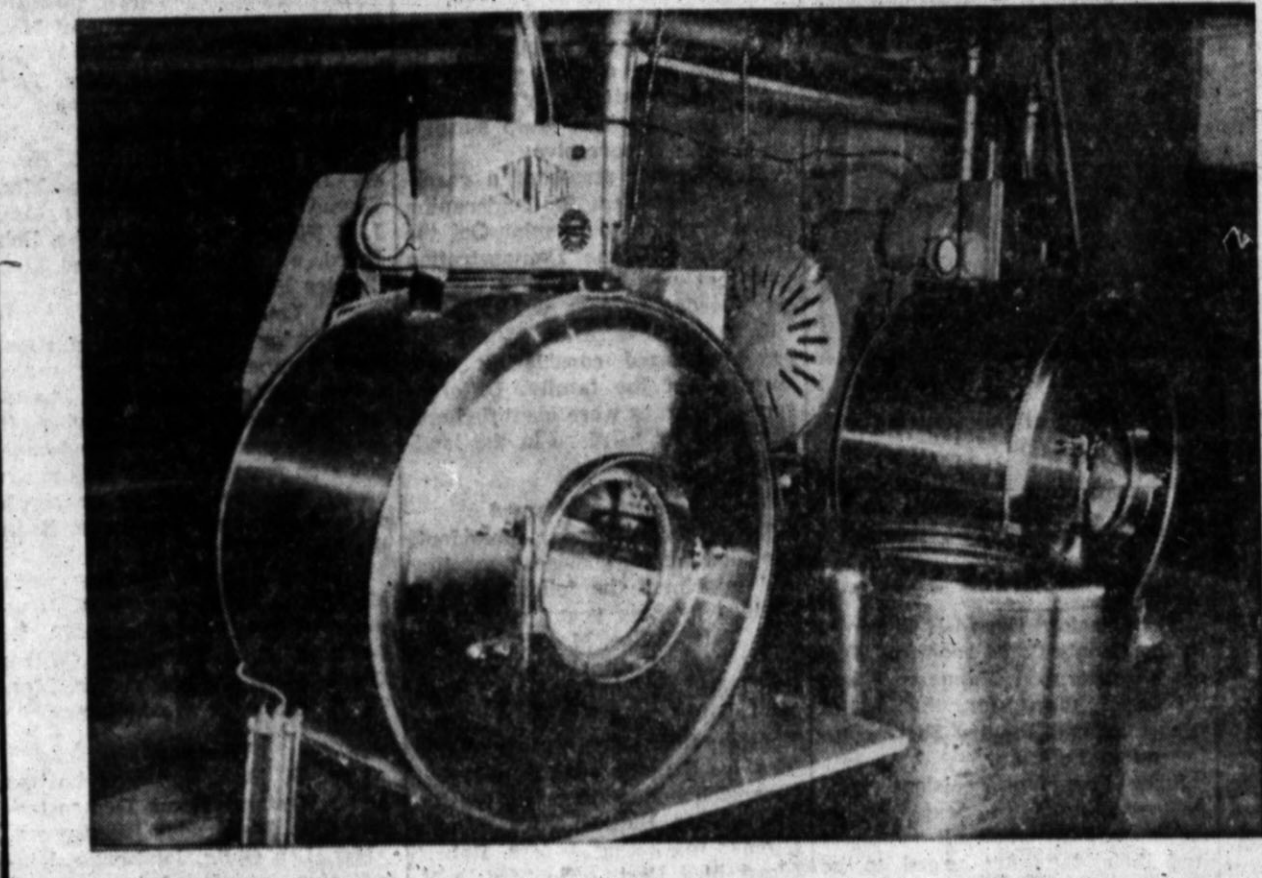

**Women Take Over**

SALEM, Ark. (AP)—Politicians looked on the city elections here as "just a formality"—until the voters were counted and they discovered a Republican grandmother was the new mayor.

Mrs. W.E. Gishpeller headed a five-woman slate of candidates that took over City Hall after a successful write-in campaign. One of the aldermen—C.C. Short—was beaten by his mother, Mrs. Retie Short.

**Slim Pickings**

NEW HAVEN, Conn. (AP)—A slim burglar got a slim haul for his trouble. He squeezed through an opening 11 by 13 inches to get \$7 from a pharmacy till, and apparently got out the same way.

On Reasons For Making Will

# Wayne Thomas Speaks At Community Meeting

There are two reasons for making a will, Wayne Thomas told the people of Frio Community who attended the meeting at the community building on Thursday night.

These two reasons are to determine direction of property and to prevent shrinkage of the estate. Speaking on the subject of wills

and estates, Thomas outlined the Law of Decent, and Distribution in Texas and pointed out the legal pitfalls in which heirs may become so involved that the bulk of the estate goes for attorney fees when no will is provided.

**Advantages of Trusts**  
The speaker also explained the

advantages of trusts over guardianships for minors, since the law is always concerned with the protection of children and women.

Wills may be written in two ways said Thomas—by the person himself in long hand which requires no signature or drawn by a person who dictates the will and two witnesses.

When an individual writes his own will there is always danger of using phrases that can be misinterpreted.

**Further Work Planned**  
After the question and answer session which followed, Mrs. W. A. Springer, president, conducted the business meeting to make plans for further work in the Community Rural Neighborhood Contest in which Frio is participating for the first time.

Two community entertainment programs have already been held and a number of films shown.

Other officers and committee members include: Mrs. C. N. McClure, vice-president; D. W. Ward, secretary; C. N. McClure, treasurer.

**Committee Chairmen**  
Chairmen of committees are: Glenn Gripp, Organizing and Management of Farm Income; Mrs. Glenn Gripp, Improving Health and Services in the Community; C. N. McClure, Improving the Home and Farm.

Vera Dell Andrews is the new recreation chairman since the resignation of Danny McClallen who is in Service and D. W. Ward will head a group of five chosen to make a map of the roads in the community.

Mr. McClure will have charge of the program on the first Thursday night in February which will be on the control of Johnson grass, bindweed, and what have you.

## Film On Natural Resources Shown At Club Meeting

A film on natural resources and slides of nature scenes and flowers were shown under the direction of Bill Patton when the Bud to Blossom Club held a meeting in the home of Mrs. Irving Alexander, 401 Ave. A., Friday afternoon.

Conservation was the theme of the program for the afternoon. Arrangement for the day was made by Mrs. W. Glenn Williams, who used miniature yellow chrysanthemums with bronze mums in a green pottery bowl.

**To Meet With Garden Club**  
During the business session members voted to hold the next meeting on January 15 instead of January 22, when they will be guests of the Hereford Garden Club.

Members attending were Mesdames R. A. Daniel Jr., Preston Hagans, C. R. Higgins, Ray Howell, E. R. Kendall, Don Martin, W. H. Patton, Lloyd Sharp, Delmo Williams, W. Glenn Williams, Jim Wood, R. N. Yarbro and the hostess.

## Television Education Is Study Club Topic

The Summerfield Study Club met with Mrs. Ky Lawrence Thursday afternoon, with Mrs. J. B. Noland as co-hostess.

The program on "Education Through Television" was directed by Mrs. L. L. Cannon, who said in introducing her subject, "To advance through education and to bring about acceptance of individual responsibility in preserving the great American heritage, is a great responsibility placed upon television. It can be accomplished if that great goal be kept uppermost in the minds of program directors and sponsors."

**Group Discussion Held**  
Following Mrs. Cannon's part on the program, a group discussion of television programs was held and a televised program watched.

Those present were: Mrs. J. A. Noland, and Mrs. Charles Hardin of Hot Springs, N. M., and Mesdames Clara Blakemore, L. L. Cannon, L. J. Counselman, J. R. Euler, Rosa Mae Lance, Lillian Lookingbill, Emma Lewell Noland, Della Walser and Glenn Walser.

The practice of human sacrifice was an important aspect of the Aztec religion but was not practiced by the early Mayas.

A call has been issued by the officers of the State Bank of this city to determine whether the capital stock shall be merged into a new institution to be known as the First State Bank and Trust Company. This meeting will be held February 15. There is more talk of increasing the stock to \$100,000. The present capital stock of the State Bank is \$30,000. Thus it will be seen that the new institution, if organized, will have a much larger working capital. This is another strong evidence that 1909 will be a good year for Hereford.

umn began to go down toward the bottom. In a few hours the column had dropped from 55 at 6 o'clock p. m. to 5 degrees above zero. At Amarillo the mercury stood 3.5 degrees and the report says that it was the lowest in seventeen years. While it was very cold for Texas, it was not in the nature of a blizzard as reported by the daily papers. The wind did not have a rapid velocity and no suffering has been reported by the stockmen. On Wednesday the air warmed up and by Thursday noon the thermometer stood at 70 degrees.

The new building is modern throughout, and a number of new pieces of furniture and equipment will be added. During the evening Friday the old school building will be sold to the highest bidder. The trustees for the Frio district are A. T. Jones, K. Hunter and Mr. Andrews.

Law Curbs Scalpers

JERUSALEM, Israel (APM)—A new ordinance obliges movie owners to sell at least 15 per cent of all tickets at the minimum price, so that soldiers and people in the small income brackets can afford to go to the movies.

Another law says at least 50 per cent of all tickets must be reserved for selling in the two hours before the beginning of each performance. This is to discourage ticket scalpers.

### Horses Use Snowshoes

**VANCOUVER** (AP)—Some horses have been taught to use snowshoes on northern British Columbia winter trails and Morley Shier has produced snapshots of horses so equipped to convince doubters.

Shier said he first saw a horse on snowshoes in 1919 when he was hiking from Stewart, B. C. to Premier Mine.

Later he saw several pack trains of horses with snowshoes and was given one of the shoes by J. (Bill) Crawford, Stewart merchant.

Shier said at one time round boards were used. Now horse snowshoes are a circle of 1/4 inch pine 12 inches in diameter, with chains to the center and clips for the toe and side.

At first a horse is troubled, but soon learns the trick of putting one shoe over the other in walking on snow. When a shoe gets loose, the

horse will stop, look back and wait for an adjustment.

## Forethought Helps Both Sitter, Parents

Tonight several thousand teenage girls will baby sit while parents have an evening away from home.

Baby sitting, a once-unheard-of practice, has practically become a profession with which nearly every family is familiar.

According to Mrs. Eloise Johnson, family life specialist for the Texas Agricultural Extension Service, baby sitting can be safe and pleasant for the sitter, the children and the parents. The person who becomes the baby sitter should know what to do in case of an emergency, have explicit instructions as to special care of

the child, and know exactly what is expected of her by the parents.

**For Pleasant Sitting**

For safe, pleasant baby sitting, remember that the sitter should know the child's name or his nickname and the schedule for meals, play, bath and sleep. She should know where his clothes, play equipment, bath articles and sleeping garments are kept and the customary undressing and bathing procedures.

Help her to know that the fires or heating systems are under control, and how the kitchen range is lighted and turned off and how to use or regulate fans or cooking systems. She should be familiar with the safe areas where the child can be taught to play, and what first aid supplies are available in the house for treatment if necessary.

**Prepare Instructions**

Mrs. Johnson suggests to parents they prepare such instructions to leave with the sitter before they leave the house. This will give the baby-sitter a sense of understanding and relieve the parents themselves from worry.

Such a prepared statement for the sitter might include routine care, special instructions, other instructions including locking doors and answering telephone calls as well as what to do in illness, fire or other emergencies. Some parents include the name and telephone number of the family doctor along with the information as to how and where they can be reached.

## Mrs. Jeff McBeth Honored Saturday

Mrs. Jeff McBeth of Plainview, the former Miss Mattie Jane West, was honored at a shower courtesy given in the home of Mrs. Monroe Parker, 415 Knight, Saturday afternoon. Mrs. Jimmy Russell was co-hostess.

Games and contests provided entertainment for the afternoon and gifts were opened.

The invited guests included Mesdames Berry Miles, Richard Rochester, Oliver West, Bob Harris, B. F. West, George Hudson, C. B. Thomas, Jewell Burgess, Floyd Cummings, Moody Stephan, O. C. Cummings, Coleman Wright, Fred West, Preston West, Harvey Hudson, Floyd West, B. A. West, Miss Norma Ruth Cummings and the

honoree. Many out-of-town relatives and friends sent gifts.

## Three D's Of Religion Used For Devotional

Mrs. F. L. Terrell gave the devotional, "The Three D's of Religion", at a meeting of the Mary Martha Class of the First Methodist Church Friday afternoon in the home of Mrs. R. L. Dowell. Mrs. C. R. Logan gave the opening prayer.

The next meeting will be held in the home of Mrs. Tom Alderson February 12.

Refreshments were served to Mesdames C. E. Williams, F. L. Terrell, C. R. Logan, H. E. Henslee, Harry Lomas, W. J. Stanford, J. C. Cummings, Lena Tons, Price Prather and the hostess.

# Faith will overcome the most miserable circumstances

## "The Whole Armor"

God commands all men to "put on the whole armor, the bullet-proof vest of righteousness, the shield of faith, the helmet of salvation." Every day is a fight against deceitfulness, covetousness, cowardice, profanity, immorality and a multitude of sins which your church does not stand for. Your armor must serve both defensively and offensively and a second line of defense, named morale, is necessary. Cheating means the enemy's missile has wounded your soul. Better put on a little more of God's armor... church-going, prayer and unselfish living. If you expect to win the fight.

**Has Brother Trouble**  
 LAURENS, S.C. (AP)—State Highway Patrolman J.A. McDonald arrested a man who had no driver's license and no license plates on his car. Three hours later he picked up another man under the same conditions—turned out to be the first one's brother.  
 Headed back into town with his second arrest, McDonald stopped two more cars, each for driving too fast. They were driven by another set of brothers.

**Harvard Consumes Who Done-Its**  
 CAMBRIDGE, Mass. (AP)—Harvard may be noted for its culture but the most popular books with students and faculty are murder mysteries, according to Robert H. Haynes, assistant at Harvard's huge Widener Library.  
 "At any particular time," Haynes says, "one or maybe two thousand murder mysteries are out of the library."  
 Pigs and sheep may live as long as 20 years.

The stunning new 1954 Buick Super Riviera, master buy in the middle-price class.

### One look settles it - Buy of the year is BUICK

WE knew them for great automobiles the moment we saw them. But it turns out we have a far bigger hit on our hands in the new 1954 Buicks than we ever figured.

Folks in a steady stream come into our showroom, look over these glamorous new beauties, and tell us—with signed orders—that Buick's the beautiful buy, hands down.

It's the biggest new-car excitement in a long, long time—and you ought to take a look at it, firsthand.

Because one look at the sensational new styling of these breath-taking Buicks shows them to be the freshest new automobiles in years.

One look into the modern interiors—and through that spectacular new back-swept windshield—firms the conviction.

One look at the new V8 power story, the new ride story, the new handling—practically wraps up the sale.

And then, one look at the prices—one eye-opening experience with the hottest values to be brought on the American automotive market in 1954—clinches Buick as the buy of the year. Come in and see for yourself—the sooner, the smarter.

**NO OTHER CAR GIVES YOU ALL THIS:**

**GREATEST STYLING ADVANCE IN YEARS**—with completely new bodies across the board, layered rooflines, longer and higher fender sweep, exclusive sweep-spear design.

**NEWEST SAFETY ADVANCE** with back-swept windshields that give 19% more visibility; greater glass area around full 360° arc.

**BIGGEST VENTILATION ADVANCE** in Buick interior comfort: new, screened intake just below windshield brings in huge quantities of outside air at hood-high level, free of road heat and fumes.

**HIGHEST V8 HORSEPOWER** in Buick history— from advanced vertical-valve V8 engines with up to 8.5 to 1 compression and 300 hp— plus more fuel efficiency from new Power-Head Pistons.

**FINEST MILLION DOLLAR RIDE**— from all-wheel springing, torque-tube drive, longer wheelbase— and a new front-end geometry that stabilizes "cornering," insures more positive control, more responsive handling.

**—PLUS THE WIDEST SELECTION OF MODERN FEATURES**—either as standard equipment or extra-cost options:

TWIN-TURBINE DYNAFLOW • SAFETY POWER STEERING  
 AUTOMATIC-BOOSTER POWER BRAKES • POWER-POSITIONED 4-WAY FRONT SEAT  
 POWER-OPERATED RADIO ANTENNA • EASY-EYE GLASS  
 WIRE WHEELS • ELECTRIC WINDOW LIFTS • DRAFT-FREE AIRCONDITIONER

# Hereford Smashes Perryton 85-46 In Conference Match

By Billy Paul Knox

The Whitefaces scored a smashing 85-46 victory over the Perryton Rangers here Friday night. The victory is the third conference win for the Herd.

They have not lost a conference game. For the complete season they have won 14 and lost 1 in fifteen starts.

**Overflow Crowd**

An overflow crowd in Whiteface gymnasium watched the Whitefaces batter the outmanned Rangers even after reserves were inserted into the lineup. The Herd led at the quarter poles 18-3, 42-21, 63-32, 85-

46. The eighty five points scored by Hereford represents the highest number of points scored by the Whitefaces this year.

The Whitefaces have scored 956 points in fifteen games for an average of 64 points per game. Tommy Woodford leads individual scorers with 204 points. Joe Streun is next with 185. The Herd has allowed the opposition 757 points for a defensive average of 50 points.

**Sizzling Pace**

The Whitefaces were again paced by Joe Streun, who has been setting a sizzling pace. He has scored 78 points in the last five

games. He has now upped his total to 185 points for the season.

The Whitefaces started out in very fine fashion, played steady ball, practicing ball control, and ran up a first quarter lead of 18-3.

Paced by Terry McRight, who was next to Streun with 18 points, the Herd played terrific ball and gained a halftime margin of 21 points. The score was 42-21.

**Reserves Too Over**

Reserves played most of the second half but the Whitefaces scored 21 points in the third quarter while holding Perryton to only 11 points to run their margin to 31 points and a score of 63-32.

Hereford scored 22 points in the final quarter to run the score to 85-46.

Hereford was led by Joe Streun who scored 20 points. Terry McRight scored 18.

Hereford played Phillips Tuesday night at Phillips. Hereford has played Phillips once before in a non-conference game. They defeated them in the finals of the Leveland Tourney 65-42.

The Landscape program is progressing nicely. I realize the most comfortable way to landscape a yard is in the living room by the fire. However, the demonstrators are up-to-date with their plans.

A written plan will be made and the farmstead drawn to scale. Mrs. Leo Ohlig of Westway Community brought their plan to club last Wednesday. She had put on the plan the things already in the yard; too, she has some pictures of the house. They will be so proud of their scrapbook when they have helped with the drawing of the plan.

Landscape is a family affair and we're trying to give it this approach.

Some of the men have come to the meetings. Floyd Brown is taking a great deal of interest and we'll watch their yard with a lot of pride. They already have a pretty fence and good lawn. If you need some advice on planning or sodding a lawn ask Floyd and Billie.

Mr. and Mrs. Wayne Newsom have a good start on their landscaping program. They did a very wise thing in that they planted only a quarter of their yard at a time. This is good management of time, energy, and water. Their grass is perennial ryegrass and bluegrass.

The yard is small and this is good management. Of course, yards can get so small the place looks out of proportion; however, more yards are too large than too small. If you don't think so, ask the family member who does the mowing.

A small plot around the house—maybe 15 or 20 feet, may be enough, then copy the George Heard's idea of the alfalfa up close to the house. The overall effect is the same and the labor saved is terrific. Other field crops could be used. The good farmers in your family can tell you which crops.

The native grass is a favorite with many of us. The Elmo Halls have good turf of native grass in their front yard. Only a few spots in their yard need to be leveled and grass from the pasture set out or seed planted.

**Hospitality in Success**

ADEN — Arab traditions of hospitality were used by a British official recently to trap a troublesome group of Aden Arabs.

The Arabs were members of the Aulahi tribes in revolt against their ruler Amer Abdullah Ben Mohsin. The Amer had appealed to British officials for aid.

The British invited rebel leaders to the Amer's house for discussion of differences. Since Arab traditions prevent any guest from carrying a rifle on entering the home of his host, the rebels arrived unarmed.

The British officials arrested the unarmed Arabs and are keeping them as hostages.

have a good demonstration sometime out northwest of Bippus. They both have a lot of knowledge of landscaping and Elmo sure does have good ideas. He can give a good talk on where to place trees for stopping wind and sand, cutting off the view, and having trees in the yard.

The Frank Rickels who are closest neighbors of the Halls have one of the neatest labor-saving landscapes in the County.

Soon we'll have a demonstration and training meeting for the landscape demonstrations and it is hoped the whole family can attend.
