Station Blaze
Damage Is \$2500

About \$2500 worth of damage resulted when a gasoline pump was knocked over and caught fire at Bryant's 66 Service Station Sunday morning.

Well-dressed volunteer firemen, all ready for church services, responded to the alarm about 10:15 a.m., but were hampered by a huge throng of sight-seers who gathered in the vicinity of the highway 385 and 60 intersections.

The brief blaze, which caused a huge cloud of black smoke to hang over the city, damaged two pumps, lights and some station property. The damage estimate was made by Jimmie Allred, Phillips 66 wholesale distributor.

D. C. Bryant, station operator, told investigators that Miss Moreno drove into the station and hit one of the pumps while he was servicing another car. A short circuit in the pump's electrical system ignited the escaping gasoline, he said.

Driveways pumps at the station are fed by an underground pump, which operates when any of the service pumps is turned on. The blaze soon burned out after the underground pump was turned off.

There were no injuries and the station resumed operation about 90 minutes after the fire.

FIRE at the D. C. Bryant Phillips 66 station hit a gas pump Sunday. A short circuit in the pump's electrical system ignited gasoline fed to the pump. (Staff Photo)

Indians Remain On Warpath
With 21-5 Romp Over Tigers

The Indians scalped the Tigers 21-5 in Pony League play Tuesday night. Using 14 hits to bring in 21 runs, the Indians only allowed the Tigers six hits for the game.

Jennings took advantage of a pitcher's error to get to first base. Jim Haney walked. A single by Bill Steele aided in bringing in the two scores.

The Tigers accounted for three runs in the first inning when Charles Calloway got on by a fielder's choice, Randall Long doubled and Carl Stapp singled to score.

Youth Is Boys' Nation Alternate

Jimmy Conkwright, son of Mr. and Mrs. Colby Conkwright of 408 E. Fifth, was elected as second alternate to Boys' Nation at the recent Boy's State session.

The Indians went on the war path in earnest in the second inning when 12 runs were scored. The order of the inning seemed to be that everybody bats twice.

The Tigers retired in 1-2-3 order to close the inning. The fourth inning saw one Indian score come in before the books were closed for them.

Guilty Of DWI

William Allen Hall, 30, of Friona, Monday was found guilty of driving while intoxicated. Judge Homer E. Henslee set the sentence at five days in jail, with \$100 fine, plus court costs.

Registration Set For Swimming Safety Courses

Registration for all ages children who have completed the first year in school and older, and who are interested in taking swimming instruction, will be held at the Hereford Municipal Swimming Pool Friday and Saturday mornings, June 19 and 20, from 9 a.m. until 12.

Registration Set For Swimming Safety Courses

Registration for all ages children who have completed the first year in school and older, and who are interested in taking swimming instruction, will be held at the Hereford Municipal Swimming Pool Friday and Saturday mornings, June 19 and 20, from 9 a.m. until 12.

Jimmy Conkwright

Around Town

Harvest fever is beginning to invade Hereford, with all the attending speculation, talk of bumper yields and prospects for maize and vegetable crops.

A meeting of World War I veterans will be held Friday, June 19, at 8 p.m. in the American Legion hall. Application for national charter will be made during the meeting.

A 1953 Cadillac was destroyed by fire late Tuesday night near Friona. Hereford fire marshal Clay Angelo and Highway Patrolmen battled the blaze, which was out of control when they arrived.

Little League mothers will hold their annual bake sale Saturday, June 20, at Cooper's Market. The sale, which will feature home-made pies and cakes, will help support the summer baseball program.

Fifteen girls ask that you call the high school if you would like to donate ground meat, syrup, shortening or fresh fruit to their annual pie-bake. An FHA member will pick up any donation. Pies will be sold during the Lions Club carnival, with proceeds going to the exchange student program.

Hear that Lloyd Pruet is erecting a new steel, flat storage grain elevator at Black, with a capacity of about 300,000 bushels.

Also understand that N. D. Bartlett Jr. has taken over the old Furr Food building on west 3rd for an indoor parking lot. I hear that it will be limited to regular customers, on a monthly basis.

Marvin Kearns' wife had a class ring made up for him, just in time for the 1959 class reunion. Grant Fuller, who MC'd the banquet called on Marvin to show off the new ring.

Dallas Morning News carried a follow-up story last week on a Capt. Daniel J. Holland going back to flight duty in a B-58 jet bomber. Capt. Holland, you may recall, was one of three officers who bailed out of a B-58 last December in the northwest corner of the county. He was seriously injured, as was another.

State Recommends, But . . .

Small, Lidded Garbage Cans Rejected By City

In a short meeting Monday night, Hereford City Commissioners decided not to require use of covered 32-gallon garbage cans, as recommended by state Department of Health authorities.

A letter to Bayne from F. J. Von Zuben Jr., chief engineer of the general sanitation services, division of sanitary engineering for the state health department, said:

of your program are very satisfactory. Twice per week collection service in residential areas, daily service in commercial areas through the use of enclosed packer-type trucks and disposal through sanitary land-fill operations certainly meets our recommended procedures for proper refuse handling practices.

storage facilities prevent backyard 'miniature' dump grounds. It has also been our experience that collection personnel are subject to serious injuries when handling oversized containers.

The action came after City Manager Dudley Bayne read a letter from the department, citing the city for its effective collection and disposal phases of its refuse sanitation program.

"We have reviewed the Hereford refuse sanitation report as prepared by our staff members, Mr. Jimmie D. Dickens and Mr. V. T. Hancock (after an inspection here)."

"This report indicates that the collection and disposal phases of your program are very satisfactory. Twice per week collection service in residential areas, daily service in commercial areas through the use of enclosed packer-type trucks and disposal through sanitary land-fill operations certainly meets our recommended procedures for proper refuse handling practices.

Delegates Secure Highway Meet For Hereford

The annual convention of the International Parks Highway Association will be held at Hereford in June of 1960, according to Guy Lawrence, chairman of the Deaf Smith County Highway Development Association.

United Fund Names Ed Line President

J. Ed Line, Hereford attorney, Monday was elected president of the Deaf Smith County United Fund organization for the 1959-60 year.

J. Ed Line . . . UF President

He was one of four new officers named during a meeting of the UF Monday evening. Other incoming officers include Bill Stanford, vice president; Margaret London, secretary; and Al Yeager, treasurer.

Set Equalization Meet For County

During a Commission meeting Monday, the Deaf Smith County Equalization Board was ordered to convene on Monday, July 6, to hear public discussion on valuations.

County Gets Man Sought 2 Years

Deaf Smith County Monday got custody of a man sought for more than two years on charges of swindle by worthless check.

Cardinals Push By Dodgers In 4-3 Little League Game

The Cardinals outscored the Dodgers 4-3 in a tight Little League ball game Tuesday night.

Bruner Rites Held Tuesday

J. D. Bruner, 72, of 513 Star, died at 2:30 a.m. Monday in Deaf Smith County Hospital following an illness of two years.

Registration Set For Swimming Safety Courses

Registration for all ages children who have completed the first year in school and older, and who are interested in taking swimming instruction, will be held at the Hereford Municipal Swimming Pool Friday and Saturday mornings, June 19 and 20, from 9 a.m. until 12.

TERRI LYN WATERS, seven, of Dallas, Tex., isn't quite sure if its just a gag or if winding the big key on Dewitt Burrow's foreign sports car really makes it go. Burrow, 24, an engineer with a Dallas instrument company, installed the key as a gag and finds it draws many comments from passing motorists and lots of questions from the kiddies. (AP Wirephoto)

Around...

(Continued from page 1) other of the men, while the pilot was killed when he ejected close to the ground. Medical officers said Captain Holland's recovery was a "minor miracle".

Small...

(Continued from page 1) of Hereford... Commissioners decided to keep the present 55-gallon trash containers in residential areas. They presented several reasons for the decision. First was the cost of the smaller cans, with the feeling that the average family would need at least two of the small containers. Second, they felt that trash collections would have to be more frequent, with a higher cost to the city, and to the taxpayers.

In other action, the commission approved the installation of a street light at the intersection of Grand and Avenue G and okayed previous transfer of funds within the city to satisfy requirements of the city auditor. They also discussed the presence of two pool halls in the city, but the city attorney informed them that any action would have to be initiated by authorities other than the city, which has no jurisdiction. Statutes in the state penal and civil codes, dating back to 1919, prohibit such establishments, but provide that action must be taken by county or district attorneys.

Hereford High's home economics department will sponsor a Freezing School on Friday, June 19, from 2-4 p.m. in the REA building. Mrs. Nancy Marckel of Floydada will give demonstrations in freezing and preserving foods. The school is open to the public.

Virgil Dodson mailed us a copy of the Fairbanks Daily News-Miner for Wednesday, June 10, marking a couple of items for particular notice. One was a story about a battle in Fairbanks and Anchorage with the Teamsters' Union. Another calmly announced, in the weather box, that sunset would be at 10:35 (p.m.) and, about one yawn later, the sunrise at 1:07 (a.m.). Apparently the natives are so used to the short summer night, the paper doesn't even bother to put down a.m. or p.m. That might get pretty tough on some of the local farmers who brag about working in the summer from sun-up to sun-set.

U.S. Highway 385 for the full route in the United States. The Canadian delegation planned to take steps to have the extension through Saskatchewan redesignated from 35 to 385.

During the convention, reports were heard from each state on improvements underway or planned for the highway. A new pictorial brochure was presented to the convention and will be distributed to highway boosters.

DIZZY EXPERIENCE
WAUKESHA, Wis. (AP) — Four-year-old Billy Sargent knows the inner workings of an automatic clothes dryer.

Billy and brother, John, 2, were watching their mother, Mrs. Lawrence Sargent, do the laundry. When the phone rang she went upstairs to answer it.

Bruner...

(Continued from page 1)

Okl., until 2 p.m. Wednesday when graveside services were conducted there.

Bruner was born Nov. 1, 1886, in Hawesville, Ky., and was married to Mrs. Hazel Cronin at Butler, Okla., on June 11, 1939. They came to Deaf Smith County in 1947 from Sentinel, Okla.

He was a retired farmer and a member of the First Baptist Church of Hereford.

Survivors include his wife, three sons, Thurman B. Bruner of Hereford, Gilbert B. Bruner of Tulsa, Okla., and J. T. Cronin of Hereford; three daughters, Mrs. Nellie Ruth Wray of Pampa, Miss Marguerite Bruner of Tulsa and Miss Rosemary Cronin of Lubbock; four brothers, Oliver of Manitou, Okla., Austin of Frederick, Okla., and Lee and Hardy, both of Weldon, Tex.; four sisters, Mrs. Fannie Harris of Frederick, Mrs. Eav Mathis of Kensett, Ark., Mrs. Lillie Mae Kastrett of Mount Pleasant, Tex., and Mrs. Rene Belle Grisson of Houston; and two grandchildren.

U. S. Highway 385 for the full route in the United States.

The Canadian delegation planned to take steps to have the extension through Saskatchewan redesignated from 35 to 385.

During the convention, reports were heard from each state on improvements underway or planned for the highway. A new pictorial brochure was presented to the convention and will be distributed to highway boosters.

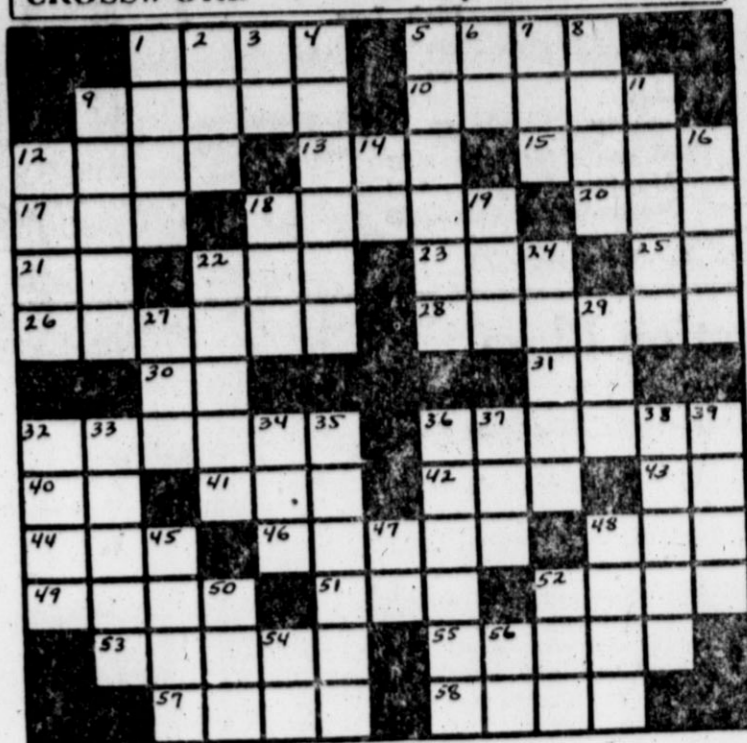

Attending the convention from Hereford were Guy Lawrence, Mike Baird, Fred Baird, Mr. and Mrs. W. J. Hacker, Mr. and Mrs. Al Bezner and Bill Thompson.

About 200 people attended the convention from six states, through which the highway passes, and from Saskatchewan. The Hereford delegation represented 18,000 man-miles of travel, Lawrence added.

Billy climbed inside the dryer for a look around, John shut the door and turned on the motor.

Mrs. Sargent came running, rescued Billy unharmed, spanked John and set about rewashing the clothes that had been in the washer.

Yankees Blank Giants, 11-0

The Giants didn't even get off the ground as they were smothered by the Yankees 11-0 Monday night at Little League Park. A Yankee score in the second started activities and the Yankee track meet started in earnest in the third inning.

Robby Lemons accounted for the score in the second. Scores were made in the third by S. D. Baize, Charlie Moreno, Gene Duvall, Danny Baize, Robby Lemons, Jimmy Allison, Terry Hill, Steve Hodges and Robert Strange. The third inning ended 10-0 for the Yankees.

One more score was accounted for before the game ended when Bill Gilliland tallied for the Yankees.

Legal Notice

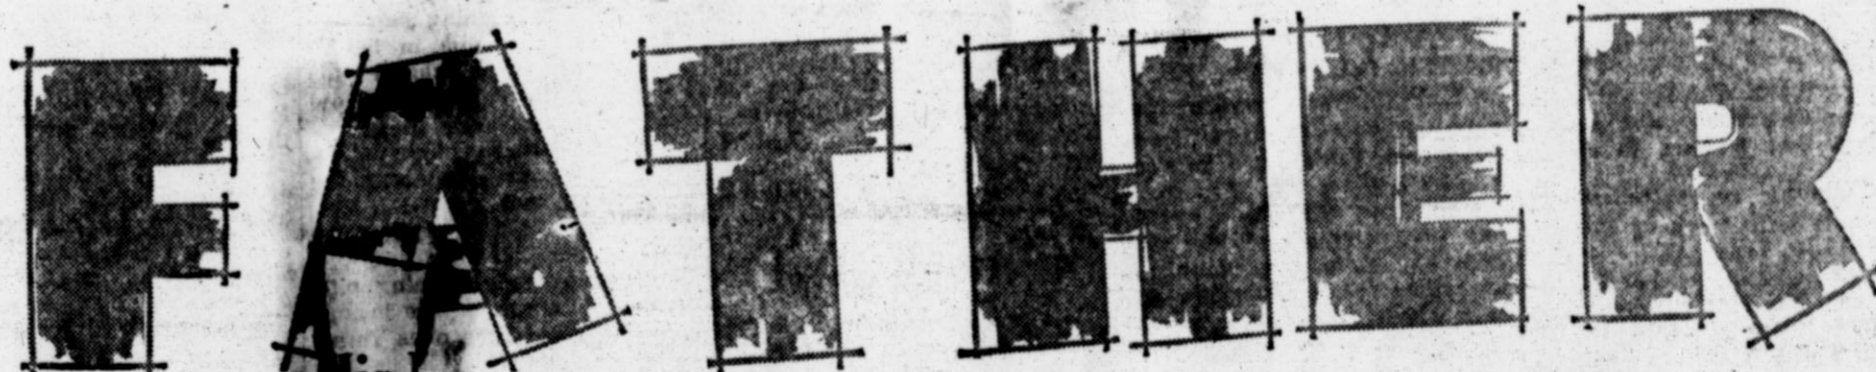

The Deaf Smith County Board of Equalization will hold its meeting Monday, July 6th at 10:00 A.M. in the County Commissioner's Court Room.

Signed
Homer E. Henslee
County Judge, Deaf Smith County

HD Club Studies Home Resources

The Messenger Home Demonstration Club met Friday in the home of Mrs. Ernest Brown with Mrs. Argen Draper, county home demonstration agent presenting the program on "Management Process."

Mrs. Draper discussed the steps to be taken before the final goal becomes a reality, such as establishing a goal, gathering facts, analyzing resources, establishing routes, making decisions, putting the plan into action, assuming responsibility and evaluating the results.

Mrs. J. E. Rouse gave a council report and Mrs. Bertram Jack reported on family economics.

Attending were Mesdames Ruth Coleman, J. E. Rouse, Hicks, N. A. Brown, Pinkerton, Elmer Northcutt, Bertram Jack, Floyd Brown, Jack Buse, E. M. Jack and Argen Draper. Also present were Wanda Northcutt, Dianne Jack, Marla Jack, Barbara Brown and the hostess.

4-H Entertains HD Members

The Caprock 4-H Club girls entertained the Bippus Home Demonstration Club Thursday when they modeled garments made in 4-H Club work.

Mrs. John Horton was in charge of the program.

Club members present were Mesdames C. F. Homfeld, Jim Perrin, V. T. Adrian, Jack Fortenberry and Christine. Others attending were Mrs. John Horton of Adrian and Mrs. Roscoe Pinnell of Sims.

4-H Club members present were Peggy Sifford, Glonda Homfeld, Paula Creitz, Marlene Williams, Cathy Kromer, Coralie Fortenberry, Rita Speed, Joe Ann Lane and Doris Horton.

The next meeting will be held with Mrs. G. V. Hall.

Jack Ramey Attends Water Safety School

Jack C. Ramey, son of Mrs. Mildred Ramey and former Water Safety instructor for the local Red Cross Chapter, attended the Water Safety School in Ardmore this summer and acted as an instructor's assistant. The 10-day course ended June 13.

Ramey also took special courses in Boat and Light Craft Safety Program since he lives and works there.

THURSDAY NIGHT VISITORS

Mr. and Mrs. Dwight Stone and sons, Roy, Dale and Gary, of Ector, were Thursday night visitors at the home of Mrs. Emma Gentry, an aunt of Mrs. Stone.

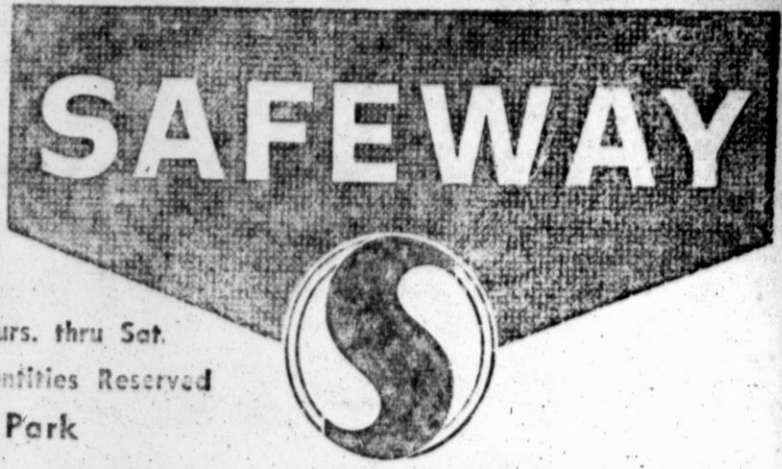

The Stones left Hereford for Hart where they will visit an uncle of Stones. They had been in Colorado.

WILHELM GRANDSON

Mr. and Mrs. George Andriakos of New York City are the parents of a boy born Wednesday at 12:57 a.m. in New York. Mrs. Andriakos is the daughter of Mr. and Mrs. Frank Wilhelm of Hereford.

The city hall in Kansas City has outdoor fountains which spray 4,000 gallons of water per minute.

NEED HELP!<

BOBBING LIKE A CORK, the Italian-owned "Black Beetle" offshore drilling platform rides out a rough sea during the 7,000-mile tow-voyage from Vicksburg, Miss., to its present drilling location off the coast of Sicily. At times the rig encountered waves up to 75-feet high, but its rugged stability kept it afloat and it suffered no damage. The \$1,000,000 platform was designed and built for the Italian government by L. G. LeTourneau, Inc., of Longview, Texas. (AP Wirephoto)

By JIMMIE GILLENTE
PICTON Canada, June 14 — And everyone is getting a bit excited as the first week draws to a close. We have covered something like 1,500 miles — and although we have traveled both by bus and by train, we are beginning to think that we are making most of the trip on our stomachs. You never saw such food. Not even in Texas. So far we have attended 19 receptions in the seven day period. These receptions generally include His Worship, the Mayor, the Board of Aldermen, Chamber of Commerce officials, and other community VIP's. Most often our group is outnumbered — and we carry 30 U. S. editors, plus a staff of eight men representing the Ministry of Publicity and Travel of Ottawa.

flies his own airplane." Her companion, still not impressed, replied that many people flew their own private planes. "Maybe so," responded the excited lass, "but not in his house like this Texan does."

The Rotary and Lions Clubs exist in the area, but they take a back seat to the Kiwanis, Kinsmen and Optimists — ranking in about this order. My fishing guide today had attended Rotary International in Switzerland in 1958 — at the expense of his local club. This seems to be a common practice in Canada.

An unusual custom appears in the Finnish steam bath which George Spencer of Sudbury was telling me about. This bath he maintains as a hobby and it is one of several in the Finnish population area around the International Nickel industrial center. George has operated a general store in the area for 31 years. The Finnish steam bath is a family social affair. The family, including seven children, in-laws and dates of those still unmarried, gather in the bath, disrobe and sit in the nude amid clouds of steam for some 20 minutes. They say the temperature becomes so hot (40 degrees) that you cannot hold your hand on your hair. Then each person dips into the cold lake water, returns to the room for a few more minutes and leaves to dress for the trip to the house. In the winter, they cut holes in the ice for the dip — and everyone insists that it does not seem cold at all. They say it leaves one feeling quite fit.

Sturgeon Bay, incidentally, is the home of North American caviar which sells for about one-third the price of Russian caviar. An American came in and developed the plant. Before this time, the fish roe was somewhat of a problem because it collected along the beaches and was constantly creating trouble for swimmers.

The English are also in there pitching. In North Bay I saw my first menthol snuff. A sort of take-off on the menthol cigarette. Most salaried workers draw \$85 to \$90 a week. Gasoline sells for 48 to 51 cents per gallon, but they use English gallons, which give you approximately five American gallons in four English gallons.

Schools are still operating in most places. Our hosts indicate that most schools will dismiss around June 22. State schools and parochial schools are included in all areas. It is also

Interesting to note that the Constitution provides for French language along with English. In Ottawa, the schools include both French and English on a parallel basis.

Industry has taken its toll around Sudbury, home of the huge Inco plant. Separation of the nickel and copper results in sulphuric acid fumes, which have defoliated all vegetation for a radius of more than 12 miles surrounding the plant. The residents insist, however, that humans suffer no ill effects — and point to a 96-year-old resident who has spent his entire life in the area. French is so dominant in the Sturgeon Falls area that the "Red and White" signs appear "Rouge and Blanc" on the super market front. Most all signs in the Sturgeon Falls, North Bay and Ottawa areas are in both languages. The folks in Ottawa are proud to point out that Ottawa is the nearest 50-50 bi-lingual city in the world. This is the capital of Canada and all official records in the library are filed both in French and English, and are cross-indexed in both languages. We had an interesting visit with the Speaker of the House in Ottawa and were given front row space for the "parade" which he leads as part of the daily ceremony of the opening of the House. He grinned broadly as he told the story of a little girl who came with her mother to view the "parade."

"As we marched past," said the Speaker, "I heard her whisper to her mother, 'This is not a parade. They don't even have a band!'"

Probably the most interesting place of all has been the Royal Canadian Mounted Police Academy of Ottawa. We saw the famous horse jumping team which will compete soon in the States; also drill squads, and a gymnasium workout which keeps the men fit. It seemed quite an ordeal to most of our boys. I was most interested in the way a fellow gets out of the RCMP. One of the Mounties mentioned it and I asked Inspector Teal for further information.

A fellow enlists for five years, during which time he cannot get married. If he wants out for some reason, he must buy his way. The price is \$5 for each month of his remaining enlistment. Often this is paid by his family but, still more often, it is paid by his fiancée. The academy includes approximately 120 courses and the term is eight months. The course is one of the most rigid in the world. Such things as dog sled operations are learned in the field.

Tomorrow we leave out for Coburg and on into Toronto, where we will remain two days. Toronto is the capital of Ontario — and headquarters for our hosts, the Ontario Ministry of Publicity and Travel. No doubt we will have a few more receptions and some more outstanding food, though I don't see how in the world they can surpass what we have already enjoyed. They warned that we would gain 11 pounds on the trip — and I think I have already gain-

Household Scrapbook

Shoe Leather Stains
If there are shoe leather stains on white stockings or socks, use oxalic acid in a proportion of 1/2-ounce to a pint of water; rinse and repeat until stains are removed, washing very thoroughly afterward. Borax water will also remove leather stains; soak them, then wash as usual.

The Oven
A slow oven means one with a temperature of from 250 to 300 degrees Fahrenheit; a moderate oven, one of from 300 to 350 degrees; and a hot oven is from 400 to 450 degrees.

Care of Rubber
A little glycerine rubbed over the children's rubbers before putting them away will keep the rubber from drying out, and they will also wear much longer.

New Shoes
If the new shoe pinches, wring out a cloth from very hot water and lay it across the tight spot while the shoe is on the foot, changing as soon as it cools. This will cause the leather to shape to the foot.

White Kid
White kid is very effectively used 15 at the halfway point.

My Oklahoma roommate, Wheeler Mayor of Sallisaw, had an upset stomach this morning and when our host, George A. Shipman of Picton Manor learned of the situation he dispatched a nurse, secured a doctor pronto and soon had Wheeler a whopping big breakfast, along with a large electric heater in our room. The doctor said he thought perhaps Wheeler was eating and smoking a bit too much.

When the doctor left, Wheeler remarked:
"Heck, I knew that already — but what the devil can you do about it?"

His remark pretty well summarized what we are all thinking. We have also decided that if we live through this one, we will never again have the opportunity of such a trip.

cleaned by using a mixture of equal parts of powdered alum and fuller's earth. Dip a flannel cloth into this and rub on the spots. When clean, brush with a clean flannel.

Removing Beet Stains
After placing the beets in hot water for a short time, drain off the hot water and immediately fill the vessel with cold water. The skins will then come off very easily.

Cleaning Stone
To remove marks on stone steps or window sills rub with coarse sandpaper. After the rubbing, they should simply be dusted with a cloth or duster. Stone cleaned in this way will stay white much longer than by using water.

Burning Feet
A little powdered tannin or powdered borax shaken into the stockings will work wonders if your suffer from burning feet. Either remedy is very soothing.

Griddle Cakes
Smokeless griddle cakes are made by rubbing a raw potato over the griddle instead of greasing it. The cakes will brown just as well.

Firm Candles
Candles may be kept firm in the candlesticks by first melting paraffin, pouring into the sockets, and while still hot setting the candles in the holders.

Hunting deer with long bow and arrows is now legal in West Virginia.

CARD OF THANKS
We wish to express our sincere thanks and appreciation to all of our friends and neighbors for each act of kindness during the loss of our loved one, Mr. and Mrs. Walt Perkins and Ruby, Mr. and Mrs. Lee Perkins, Mr. and Mrs. Jeff Perkins, and families.

Bible Words for Today

MATTHEW 11:28. "Come to me, all who labor and are heavy-laden, and I will give you rest." (RSV)

Many people are glad when they find some criticism which appears to undermine religion — perhaps because they thus rationalize their own rejection of the faith. A considerable part of the human race has abandoned religion on the basis of Marx's criticism, that religion is "the opiate of the people," that it teaches men to accept injustice meekly by falsely promising compensation in a life to come. In such a view religion is just an escape from reality, and a misguided and cowardly one at that.

But the human predicament would often be intolerable without ways of escape. Every normal person welcomes opportunities to relax, to laugh off troubles for the moment, to take a vacation, to forget oneself in a hobby or movie or novel. Some fall prey to harmful escapes such as habitual alcoholism or irresponsibility.

Let us be thankful that the Christian religion offers us an escape from the powers of sin, discouragement, meaninglessness, self-centeredness and materialism. Faith, fellowship, prayer and worship are tried and true ways of escape — of salvation — from such enemies into the abundant life with God. It can be found by responding to Jesus' invitation to the hard pressed, "Come to me."

Professor Norman A. Huffman

Salem, Ore.

Moslem Blonde Becomes Mayor

Setif, Algeria (AP) — A 34-year old blonde Moslem woman has cast a spell on this town's 60,000 Arabs.

She is Rebiha Kebtani, who one year ago took off the traditional veil of Moslem women and chanted the name of French President Charles De Gaulle.

Today she is deputy to the French National Assembly and mayor of this terror-plagued city in eastern Algeria.

To the French administration, Madame Kebtani represents a symbol of peaceful, progressive transformation of Algeria's Moslems.

The 10,000 Europeans of Setif regard her more or less as an intruder, whose candidacy was forced upon the town by De Gaulle's administration.

They are Madame Kebtani's most difficult problem.

But sitting behind a heavy mahogany desk in the white walled Mairie (town hall), she beams confidence in the success of her work and Algeria's future.

"I am for total integration," she said, toying with a string of pearls. Her shiny blonde hair was neatly combed and she wore a striped silk suit. Two French advisers stood nearby.

"Integration to me means equality of Moslems and Europeans and that's what I am fighting for."

To an average European of Algeria, integration means above all political integration of Algeria and France.

Madame Kebtani, wife of a construction agent and mother of three children, has little formal education. She speaks fluent French with a slight accent typical of Moslems of North Africa.

"We are all here for General De Gaulle and we give him our complete confidence," she said.

LEAN VS. FAT
MADISON, Wis. (AP) — Jack Sprat and his wife might welcome two new methods of measuring fat and lean.

Of particular value to the swine breeder are the "back fat probe" and the "lean meter," according to University of Wisconsin meat specialist Robert W. Bray.

The "lean meter," developed by Purdue University, has a small needle wired to a meter. Impulses from the needle, thrust into the hog back, make the meter register depth of fat. Cheaper to use is the "back fat probe." A small, painless slit is made in the hog's back, and a small ruler is inserted to measure depth of fat over the seventh rib, an area indicative of the average fat covering the hog.

Graduating Class Of 1939 Holds 20th Year Reunion

Graduates from the Hereford High School class of 1939 traveled from four states to attend the group's first reunion in 20 years last weekend.

The 22 homecoming graduates were entertained at a picnic at the IOOF Hall Friday night, a coffee at the First National Bank's friendship room Saturday morning, a tour of the town Saturday afternoon, and a banquet at the Jim Hill Hotel Saturday evening.

George Springer was in charge of the picnic and Mrs. Richard Winget, formerly Virginia Newell, and Mrs. Irving Alexander (Teddy Baer) were hostesses for the coffee. Neal Young arranged the tour.

Grant Fuller Jr. of Houston acted as master of ceremonies for the banquet which was arranged by Mrs. Jack Higgins of Wildorado, the former Caroline Frye, Mrs. Carl Oldham of Woodward, Okla., formerly Betty Jo Cokrell, was in charge of the program.

Clinton Massie of Hereford

gave the welcoming address to the returning graduates and Jerry Jowell of San Angelo led the group singing. Mrs. Mickey L. Miller of Albuquerque, N. M., formerly Mary Louise Dean, told the whereabouts of absent members of the class.

Mrs. Higgins was in charge of memorial services for the three deceased class members, and Mrs. Leonard Hicks of Austin, formerly Edith Jackson, presented special awards.

Mrs. Harold Avery (Dorothy Nell Adams) received a road map for having traveled the greatest distance to the reunion; Mrs. Higgins was given a sack of beans for her "most children"; George Springer received a large bottle of pink shampoo for his "baldest head"; Mrs. Bill Quinn of Arlington, Tex., (Joane Williams) was cited for the "greatest hair"; and Mrs. Richard Winget received a loving cup inscribed with the words, "20 Years" for being the "least changed."

Grant Fuller was unanimously chosen the "most changed" and received a diaper.

Special guests for the reunion included John Willoughby of Amarillo, class sponsor, and Mrs. Willoughby; Mrs. Howard Turner of Roswell, N. M., formerly Minnie Dea Smith; Mrs. Irving Alexander and Mr. and Mrs. Walter Seed.

Attending the banquet were Mr. and Mrs. Irving Alexander, Mr. and Mrs. Neal Young, Mr. and Mrs. George Springer, Mr. and Mrs. Richard Winget, Mr. and Mrs. Jack Higgins, Mr. and Mrs. Roy Landers, Mr. and

Mrs. Marvin Kearns, Mr. and Mrs. Clinton Massie, Mr. and Mrs. Walter Seed, all of Hereford;

Mr. and Mrs. Leonard Hicks, Mr. and Mrs. Jerry Jowell, Mr. and Mrs. Harold Avery of Hot Springs, Ark.; Mr. and Mrs. H. M. Hanson of Dallas (Faye Crosthwait); Mr. and Mrs. Bill Quinn, Mr. and Mrs. Mickey L. Miller, Mr. and Mrs. Grant Fuller, Mr. and Mrs. Carl Oldham, Mr. and Mrs. John Willoughby, Mr. and Mrs. Floyd Ross, all of Amarillo; Mr. and Mrs. E. B. Posey Jr. of Austin and Mrs. Turner and Mrs. Joe Fortenberry (Barbara Brotherton) of Amarillo.

Also in attendance at the picnic and coffee was Mrs. Derwood Nollner (Virginia East) of Abilene.

German Program At Rural Home Meet

The Rural Home Variety Club met recently in the home of Mrs. Paul Graham with Mrs. Doyle Brown presenting the program on her native country, Germany.

Mrs. Brown told of the customs, educational system, government, fashions and churches in Germany. She and her husband and daughter are visiting his parents at 302 Ave. K in Hereford and plan to leave the last of the week for San Francisco where he will be stationed.

Mrs. Maurice Means was welcomed as a new member of the club.

Gifts were received from secret pals by these having birthdays or anniversaries in June.

Guests present were Mrs. Jerry Brown and Mrs. Doyle Brown. Members attending were Mesdames Dave Downey, Floyd Dumavant, W. P. Dutton, Arthur L. Howe, Bill Ott, Clinton Robinson, Ted Royal, Davis Sawyer, Maurice Means and Paul Graham.

The next meeting will be held in the home of Mrs. Arthur L. Howe.

Bread can be stored in your freezer for two or three months without losing any of its freshness.

Mrs. W. P. Dutton Honored With Coffee

Mrs. W. P. Dutton was honored on her birthday with a morning coffee in the home of Mrs.

Ted Royal June 11. She was presented gifts and refreshments of doughnuts, chocolate brownies, mints, coffee and punch were served to the guests. Those present were Mesdames

Oscar Timms, Arthur L. Howe, Bill Ott, Clifton Robinson, Davis Sawyer, John Martin and Ted Royal.

Rites Set For Man's Brother

Funeral services for William Maude Good of Perryton, brother of Walter Good of Hereford, will be conducted at 2:30 p.m. today, in the First Baptist Church of Perryton.

The Rev. Carroll B. Ray, pastor, and the Rev. Joe Frederick, pastor of the First Christian Church of Perryton, will officiate.

Mr. Good, 76, died at 3 a.m. Monday in Perryton Hospital. He moved to Ochiltree County in 1917 from Hemphill County and settled in the Notia Community near there. He moved to Hemphill County in 1904 from Tennessee.

He served as president of the Rural Electrification Association for 10 years and was a long-

time businessman in Perryton. Survivors include his wife of the home; three sons, Lawrence Arnold and Warren, all of Perryton; two daughters, Mrs. Frances Foster of Amarillo and Mrs. Opal Rucker of Wichita, Kan.; five brothers, Walter of Hereford, Harold of Fresno, Calif., Roy of Riverside, Calif., Norman of Siloam Springs, Ark., and Basil of Shamrock; a sister, Mrs. Carmen Scott of Amarillo; 14 grandchildren and 15 great-grandchildren.

COMBINING wheat is beginning to get started cutting a small field of wheat Monday. South of town a combine day. (Staff Photo)

A CENTRAL compressed air system is enabling employees at Chance Vought Aircraft in Dallas, Tex., to start as many as 23 planes on its run-up ramp. Three 13,000-gallon tanks, upper left, provides compressed air to drive starting units located along the ramp. Islands housing the compressed air power units can be seen to the left of each plane's fuselage insignia in the above photo. The system eliminates the electric starting carts familiar to commercial airports and reduces costs.

Red Sox Win 9-4 Over White Hose

Gary Kendrick and Drew Kershen struck out 15 men and allowed one run as the Red Sox took a win over the White Sox 9-4 in Pony League play Monday night.

The first inning ended with one run scored by Richard Patton on a walk.

The Red Sox accounted for four runs in the first when Bill Brown, Barry Gabbert and Gary Smith walked to score. Ray Pettyjohn and Glenn Baker scored off singles.

Both teams were retired scoreless in the second inning.

Don Payne and Patton walked to the score in the third inning for the White Sox and the red team was retired with no runs. The third inning ended tied up at three for all.

The fourth inning saw both teams retired in the order they batted.

Short work was made of the White Sox in the fifth inning, but the Red team used four hits

to bring in four scores.

Butch Hoff got on with an error and Gary Smith herded him in by hitting a homer. Drew Kershen singled and Kendrick hit a double. Kendrick was batted in by Virgil Strange who hit a double. Strange was stranded

on third base.

The only White Sox hit of the game was a triple in the sixth inning by Neal Lueb. Taking advantage of a second base error, Lueb went to home base for the fourth and last score for the White Sox.

The Red Sox relinquished the home base territory after Jack Andrews used a double to account for the last score of the game. The seventh inning ended with one player for the White Sox stranded on third.

Kendrick, who pitched a no-hitter until he was relieved by

Kershen, was the winning pitcher of the game. Larry Hair pitched five innings for the White Sox to be the defeated pitcher. He was relieved by Patton.

Mrs. G. Allred Attends State's PTA Congress

Mrs. Glenn B. Allred returned home Friday from attending a four-day leadership training conference sponsored by the Texas Congress of Parents and Teachers at Kinsolving dormitory on the campus of the University of Texas in Austin.

Some 170 persons from over the state participated. They included the executive committee, district presidents, council presidents, certain district chairmen, as well as consultants and resource persons.

The theme, "Education - Whose Responsibility?" was developed through panels, talks and group sessions.

In October District 8 will sponsor a workshop patterned after the session and in January the Deaf Smith County Council of P-TA will conduct a similar workshop.

Others attending from this District were Mrs. Melvin Anderson, District president; Mrs. J. R. Shackelford, state parliamentarian; Charles Eads, first vice president of Amarillo City Council and principal of Lamar School; Mrs. W. D. DeGrassi, state president from Amarillo; and Mrs. W. E. Miller, state Henry, state recreation chair-vice president; and Mrs. Crews man from Canyon.

smoothly as could be expected. The operation has improved with each game, too.

Texas has shown superiority in junior college football, basketball and track when it was remarked last year that if it also went in for baseball it probably would lead the nation in that, too.

Well, Paris Junior College took care of that "little detail" the other day when the Dragons, won the national title with four straight triumphs in the tournament at Grand Junction, Colo. It was the first time for Texas to make the try.

Paris showed it didn't take Yankee-type manpower to win in baseball, too. There were only 40 men on the squad yet the Dragons won the last two games by overwhelming scores.

This completes the cycle for Texas. Five times this state has won the national junior college basketball title, six times it captured the track crown and twice it lapped up the football championship. That's 14 titles in nine years.

And why is Texas so good in junior college athletics? You can just lay it to the high schools. In this state there are so many good high school athletes that there are enough to go around to the colleges, both senior and junior, and a supply for neighboring states as well.

The Texas Interscholastic League is indeed a wonderful organization.

Ordinary exhaust pipes on trucks seldom last for more than 40,000 miles.

Texas Mexican Baseball Alliance Aids Attendance

By HAROLD V. RATLIFF

The first phase of the interlocking schedule wound up Sunday. It boomed attendance, something the Texas League had to have if it survived.

Even Tulsa and Amarillo, which have little Mexican population, did very well. In the cities where there is a large Mexican population, the results were terrific. San Antonio, for example drew almost 32,000 for nine

games.

Under the Texas League set-up this year, whereby major league clubs furnish most of the players and pay part of the expenses in exchange for their development, a club needed only to draw 100,000 to make a profit. San Antonio got a third of that in just nine games.

Austin is drawing well, so is Victoria, Corpus Christi is doing all right. Every club in the league should hit that 100,000 mark.

Games in Mexico pulled in more fans than those in Texas but, of course, they didn't produce more money. Admission is cheap in Mexico compared to the United States. But it was of no concern to the Texas League. Texas League clubs playing in Mexico took nothing from the gate. Mexican clubs playing in Texas took nothing.

The success of the venture indicates that the thing often talked but usually put down — a merger of the Texas and Mexican Leagues — can be expected next year. It could be operated on the same basis as the interlocking schedule this season — clubs in Mexico keep all receipts of their home games and clubs in Texas do the same.

There have been some difficulties but in the overall the Pan American Association, which embraces the two leagues, has operated about as

Hoopla! 1939 Class Looks Back

"May I have your attention, please. Please, may I . . ."

Hereford High School's graduating class of 1939 met Friday and Saturday for the first reunion since graduation night 'way back when.

Activities started with a bang Friday evening when the group met at the IOOF Hall for a class picnic. The community room of the First National Bank was the scene for a tea Saturday morning and the reunion was closed with a banquet in the Jim Hill Hotel ballroom Saturday night.

The event was peppered with slaps on the back, laughter and fond reminiscing about some fun-filled days at Ol' Hereford High.

" . . . married and then decided on a career."

The Hereford Brand

Hereford, Texas, Thursday, June 18, 1959 Section Two

"As I remember, you always were a big eater."

"I don't care how many times you went with her. She was still two grades below us."

"I saw her three years ago and she was still the same size."

"Where does this go? Hey, somebody, where does this . . ."

"I know for a fact she moved to Oregon about . . ."

" . . . were always the shortest kid in school."

Mr. and Mrs. Danny McLallen of Belton visited in the Owen Andrews home Tuesday night of last week. The McLallens are going to Denver, Colo., where they plan to attend school for the nine-week session. Their daughter, Lu Ann, is spending the time with her relatives at Beaumont.

Mr. and Mrs. Frank Robbins and children visited in the home of his sister, Mr. and Mrs. E. H. Little and family, at Texline during the weekend.

White gladiolus were used as the centerpiece for the refreshment table. Mrs. Olin Parris and Mrs. David Yandell were hostess and recorded music was played as guests assembled and during the evening.

Guests attending were Mrs. Coronado, mother of the groom. Mrs. E. F. Vogler, Mrs. Earnest Harder, Mrs. Margaret Gomez, Mrs. Mary Gonzales and her niece, Lupe, Mrs. Owen Andrews, Mrs. T. L. Sparkman Jr., Mrs. Henry Dobbs and the hostesses.

Sending gifts were Mesdames G. W. Parker, Weldon Stephan, Bob Doughman, T. L. Sparkman Sr., Johnny Robinson and James and Larry Dobbs.

The Frio Home Makers Club met Tuesday in the home of Mrs. Earnest Harder. The program consisted of a discussion by Mrs. E. F. Vogler on "Exercises for Good Health."

Members attending were Mesdames Ed Clark, Weldon Stephan, Owen Andrews, Glen Andrews, David Yandell, Olin Parris, T. L. Sparkman Jr., Edgar Vinson, Henry Andrews, Carlton Dobbs, E. F. Vogler, Henry Dobbs, Floyd Cole and the hostess.

The next meeting will be held Tuesday, June 23, at the home of Mrs. Clark Dobbs. All summer meetings of the club will be held at 4 p.m.

Mrs. Henry Dobbs was stricken ill at her home Friday and was taken by ambulance to the Deaf Smith County Hospital where she improved rapidly. She was able to be taken home Saturday evening where she is still recuperating.

Visitors last week in the Kenneth Cox home were his sister, Mr. and Mrs. Nancy Whitcomb of Laramie, Wyo. They had been to Oklahoma to visit other relatives and were en route home.

Mr. and Mrs. Glen Andrews and Hal attended funeral services at Dumas Thursday for Mrs. Eddie Jolly of Dumas. Mrs. Jolly was the daughter-in-law of Mrs. Bradley Burrus of Canyon. Thursday evening the Andrews took supper in the home of her brother, Troy Burrus, at Amarillo.

Ediana Vinson had as a guest Sunday Elizabeth Dalton, granddaughter of Mr. and Mrs. Owen Norris, and Sammie Ann Vinson went home with Sheila Dalton. The Dalton girls are spending the summer here with their grandparents. They live in the Rio Grande valley.

Mrs. English and Lonnie of the Pleasant Valley community near Muleshoe spent the weekend visiting with Mr. and Mrs. Bill Struve and children, Kerry and Kita Nell. The Struves are new residents of the community, having bought the Roy Bates place.

Mr. and Mrs. E. B. Berryman and Mr. and Mrs. Clark Andrews, Rocky and Kirk attended a reunion of the Higgins family. Mrs. Berryman's relatives, at Thompson Park in Amarillo Sunday.

Mrs. H. M. Mobley and Mrs. Clyde Renfro were visiting Mrs. Floyd Cole Saturday afternoon.

Mr. and Mrs. D. C. Miller and Carl visited Sunday afternoon in the home of their daughter and sister, Mrs. Pat Hawkins, in Amarillo. Another daughter, Gail, had just arrived to spend the summer with the Hawkins and Millers. She lives near San Francisco, Calif.

The Frio Trio Plus One played on the breakfast program on a radio station at Clovis, N. M., Saturday morning. The program was held in the Silver Grill and a style show was also featured. Attending from here were Mrs. Olin Parris, Mrs. David

CHIP SHOTS

By Bud Posey

Dale Tinnin, John E. McCleskey, Jim Garner and Don Martin won the team matches Sunday at the local course with a 12 under par 60. Each player received two golf balls for his efforts.

Second place was a tie between two teams with 10 under par 62's. Teams were composed of Jim Wood, Roy Hartman, John McCleskey and Taylor Sims; Charles Seed, Wendell Burdine, Ed Schroeter and Dave Miles. Each player received one golf ball.

Other teams and scores were John Ethridge, Joe Butler, Dugan Butler and Mitz Ethridge with 64; and Joe Kerr, Mack Rogers, Gordon Cooper and Gene Moore with 66.

Several holes-in-one on the Pitch & Putt course have been

recorded. Players making the shots were M. C. Coffey, Earl Stagner, John D. Pitman, Don Bridges and John McCleskey.

Remember a hole-in-one is worth one free round of golf on the nine-hole tiny layout. Also on Friday night ladies receive a free round for the first round they play.

Charge on the course is 35c for nine holes or 50c for 18 holes and the course is open every day at noon and every night, except Sunday night. Clubs and balls are available for players who do not have their own at the Pro Shop.

Joe Kerr and Bud Posey will represent the local course in the Pro-President matches at the New Mexico Military Institute Golf Course in Roswell Sunday, June 21. They team with two Roswell golfers, Frank Houghton and Ben Fields at 10:45 a.m.

John McCleskey, Joe Butler, Dale Tinnin and Bud Posey participated in the West Texas Pro-Amateur matches at Lovington, N. M., Monday, June 15.

Ola Mae Trimble won the championship consolation honors in the second Muleshoe Ladies' Invitational Golf Tournament last week in Muleshoe. Juanita Sims was defeated in the second round of play in the championship flight by Ruby Hart of Muleshoe with 3 and 2.

Dugan Butler, Ola Mae Trimble, Juanita Sims and Rowena Posey participated in the High Plains Women's Golf Association monthly event Wednesday, June 17, at Morton Country Club in Morton.

GOLF TIPS

Think your putts in. You can make yourself into a good putter. All that is needed is a little bit of concentration.

Good putting does not require any physical or temperamental makeup. Golfers putt with many various grips, styles and stances.

Concentration is the main point, but here are some sub-points that will help too.

The Deaf Smith County Board of Equalization will hold its meeting Monday, July 6th at 10:00 AM, in the County Commissioner's Court Room.

Signed
Homer E. Henslee
County Judge, Deaf Smith County

Barley Yield Above Last Year, With Average Of 50

By MRS. CARL WIMBERLEY

Barley harvest is beginning to get well underway here this week. The yield is estimated to be from 40 to 70 bushels, averaging about 50 bushels per acre. The average in barley this year is higher than last year. Jody and Sharon Bezner were among those from this county who attended the 4-H Club Round-up at College Station last week.

Jody won third place in the state for individual livestock judging, and was a member of the county 4-H judging team which entered the livestock judging.

Sharon entered the public speaking contest.

Mrs. John Cammack, who is visiting in the home of her daughter Mr. and Mrs. Alfred Smith, fell Thursday and broke her collar bone. She was in the hospital in Canyon until Saturday.

Last summer Mrs. Cammack got her arm out of socket at the shoulder and had to sleep in a chair for six weeks while the cast was on.

Charles Dixon of Wichita Falls came last weekend to visit his sister Mr. and Mrs. Bruce Wimberley.

Linda Lemons went to Morton Sunday to spend two weeks with her grandparents, Mr. and Mrs. J. M. Waller.

Mrs. W. T. Beavers returned last Thursday from Lawton, Okla., where she visited Mr. and Mrs. Donald May and children.

Brent and Keith May, her grandsons, came back with Mrs. Beavers.

Recent visitors in the home of Mr. and Mrs. Rea Cox were Mr. and Mrs. T. B. Cox of Plainview and Mrs. Everett Cox of Farmington, N. M.

The Rea Cox family attended a family gathering in the Cox home in Plainview last Saturday. Mr. and Mrs. Doyle Cox of Kermit also were present.

Douglas May left Friday with Mr. and Mrs. Earnest May of Hereford for a week's trip to Conchas Lake. The Earnest Mays have a cabin there.

Mrs. Monk Tindle and children left this week for their home in Flagstaff, Ariz., after visiting here with her mother, Mr. and Mrs. Preston Jackson. Debra Tindle had been here for several months visiting the Jacksons.

Mrs. Bessie McBay of Hutchinson, Kan., visited from Monday until Friday of last week with her brother, Alfred May.

Mrs. May's cousin, Mrs. Bobby Hall and daughter, Joyce of Stillwater, Okla., visited here the latter part of the week.

Visitors in the home of Mr. and Mrs. Alfred Smith Sunday with Mr. and Mrs. Bobby Jones and sons of Amarillo and Mr. and Mrs. Tony Benson and daughter of Lubbock. The Bensons attended the Sowell-Hodges wedding in Hereford Sunday afternoon.

Mrs. H. E. McCabe of Amarillo returned home Sunday after spending the past three weeks with her son, H. V. McCabe.

Kent, Carla, and Keith McCabe came Sunday for a two-week visit here.

Mr. and Mrs. Bill Carthel and sons of Black visited Mr. and Mrs. McCabe Sunday evening.

Mr. and Mrs. Orval Galley and children have been attending revival services in the Hereford Assembly of God Church for the past two weeks.

David Rodgers of Lubbock visited in the home of Mr. and Mrs. H. H. Miller Saturday.

Mrs. Rodgers and her mother, Mrs. Fannin, have gone to a trip to Tennessee to visit relatives.

The Rodgers family formerly lived here.

Miss Vera Crawford of Canyon was a dinner guest Sunday in the Miller home.

Mr. and Mrs. H. C. Dow were in Dawn Monday morning. They are in the process of moving from Hoover, near Pampa, to Texico, N. M., where he has been transferred.

Mrs. Carl Wimberley, Phyllis and Ted Wimberley attended the wedding of Pat Thomas and Bill Gray at the chapel at Canyon Sunday evening.

Joe Pruet, who is working this summer at Lovington, N. M., was an usher at the wedding. He and Bill Gray were in the Air Force together.

Mrs. H. G. Fuller and sons, H. G. Jr., Doyle and Joe and her mother, Mrs. Katie Wilson, went to Belton Friday.

Mrs. Fuller attended a high school reunion of the class of 1938 in Belton Saturday. Fifteen of the 36 class graduates were present.

Mrs. Fuller and sons came home Monday. Mrs. Wilson stayed at Belton.

Home Problems Studied By Club

The Dawn Home Demonstration Club met recently in the home of Mrs. H. S. Fuller with Mrs. Tom Draper, county home demonstration agent, presenting the program on "The Management Process."

Mrs. Draper gave eight steps to be used in solving a problem which might arise in a home. She said, "There is no magic formula for achieving absolute harmony in deciding what is best to do in home management. It takes self discipline, clear thinking and good planning."

The members planned the final program for the spring season which will be held with the 4-H Club girls of the Argen Drap-

Mormon Doctrine Given At Rotary

Elders Toni V. Bair and Robert George of the Church of Latter Day Saints were speakers at the weekly meeting of the Rotary club Monday.

Elders Bair and George are missionaries of the Mormon church Gulf States mission, serving in the Hereford area.

"The Mormon Church has the largest force of missionaries on the field of any church," Elder George said. "Elders George and Bair, these missionaries sustain themselves on the field for a period of two years."

According to George, the Church of Latter Day Saints is the only church that claims the restoration of truth has come.

Mormonism is a non-conforming religion, according to Elder Bair. He pointed out, however, that one of the outstanding features of his church is that their missionaries start at about age 20 with no theological training and explain their faith with no contradiction.

Speaking of the Book of Mor-

mon, Bair called it the second best-selling book in the world. He characterized the book as a religious history of the peoples of the western hemisphere over a period of 2500 years beginning with the year 2241 B. C. He claimed that there have been over 22,000 books written to combat the book of Mormon and that all the arguments have been refuted.

In a question period following his talk, Bair explained that the Mormon missions were financed by the missionary working before spending the two years or by parental support. He also explained that the name Mormon, which the church is often called, comes from the book. Mormon was the prophet who is said to have compiled the book.

At Leach of Borger was a visiting Rotarian. Other visitors included Rev. Joel Treadwell, Grant Fuller Sr., Grant Fuller Jr., Neil Cooper, Mike Gunther and Joe Speight.

TEXANS IN WASHINGTON

Texan Newswriters Cover Washington

By **TEX EASLEY**
WASHINGTON (AP)—Ten Texas Correspondents report the Washington scene for Texas readers.

They concentrate on recording the doings of Texans in Washington and things of particular interest to Texas.

For example, Rep. Omar Burleson of Anson is trying to get a \$25,000 increase in the \$30,000 Budget Bureau recommendation for a flood control survey of the Clear Fork of the Brazos at Abilene.

And, of statewide interests, is the drive led by Rep. John Young of Corpus Christi for establishment of a national seaside park on Padre Island. The move is similar to that which led to creation of Big Bend National Park in West Texas.

Dean of Texas correspondents here is Bascom N. Timmons, who came from Amarillo in 1912 and now heads a news service serving six Texas daily newspapers. Over the years he has been a close friend and confidant of men in high places in Washington, such as former Vice President John Nance Garner and the late Jesse H. Jones of Houston.

Most recent arrival on the Washington scene and youngest of the Texas scribes is a member of Timmons' staff. He is John Harris, a graduate of the University of Houston and a Houston Chronicle reporter before coming here a few months ago.

Trailing far behind Timmons but second in seniority of service among those specializing in Texas news is your correspondent, born and reared in Fort Worth but now a legal resident

of Waco. He worked on the Dallas Times Herald before joining The Associated Press in 1937 and becoming AP's Special Service correspondent for Texas.

Actually second on the scene among the Texas reporters, but now devoting most of his time to subjects of national interest is Marshall McNeil of the Scripps-Howard Newspaper Alliance. He came here in 1930 after work on newspapers in Houston, San Antonio and Beaumont. His son, Neil McNeil, who was born in Houston, now reports Texas news here for Cripps-Howard newspapers in the state. He formerly worked in El Paso.

The Dallas News is represented here by its veteran and ace reporter, Walter C. Hornaday, a native Texan. Long a correspondent for the News at Austin when the state legislature was in session, he came to Washington in 1944 to chronicle Texas developments in the nation's capital. He recently was presented a distinguished achievement in journalism award by the University of Wisconsin, from which he was graduated in 1913. His Texas newspaper career started the next year and has been interrupted only by combat service in World War I.

Assisting Hornaday is Robert E. Baskin. He came from Dallas.

MAGNOLIAS bloom in the yard of Mrs. Elbert Vance, 135 Beach. Mrs. Vance said that her plant is unusual because it has bloomed two years early. The plant is five years old and is not supposed to bloom until it is seven. Mrs. Vance said her's was one of the few magnolias in the plains area. (Staff Photo)

Continue Experiments On Utilizing Natural Lakes

A major problem in using wet-weather lake water for artificial recharge results from the high percentage of clay and silt particles suspended in the water. When raw lake water is

drained into a well and subsequently into the underground aquifer, the coarse-grained suspended particles are filtered from the water by the sand and gravel but the fine-grained particles move with the water into the underground formations.

Hereford Youth Selected For Science Study

Gene Meacham, son of Mr. and Mrs. H. L. Meacham, 1007 Grand Ave., is the Hereford High School student who will be among the 26 outstanding students with an ability in science to participate in the 1959 Summer Physics program for high school students at Texas Tech.

J. W. Day, Tech associate professor of physics, said the special program is being held on the Tech campus from June 8 to July 11 under a \$5,000 National Science Foundation grant. "This program is designed for top high school scholars to receive college-level instruction in physics," said Day, director of the project. In addition to regular classroom and lab assignments, the course is featuring special lectures and a field trip to research labs.

Periodic pumping of the recharge well for an hour during a recharge cycle recovers a large percentage of the coarse particles but only a small percentage of the fines. Consequently, it may be assumed that permanent clogging ultimately might be the outcome.

In an attempt to overcome this major recharge problem, the High Plains Underground Water Conservation District is presently conducting tests at several southern High Plains lakes to determine the practicability of various distribution methods used in introducing a flocculating chemical to the water in the lake before recharge. The chemical when properly mixed with the lake water causes the ever present suspended clay and silt particles to adhere to each other and the large masses drop to the lake bed.

In a relatively brief time—normally about twenty-four to forty-eight hours, approximately 85 per cent to 90 per cent of the particles originally suspended in the water have combined and

dropped to the bottom of the lake, leaving the water in a more desirable condition than it was originally for recharge into underground storage.

Methods of application that are being used to introduce the chemical to the lake water are: 1. Dusting the chemical onto the lake surface by airplane. 2. Dusting the chemical onto the lake surface, using a mechanical hand broadcast spreader, while walking in shallow water, and while riding in a boat.

Extensive experimentation has been carried on in Castro County by the Water District under the direction of W. L. Broadhurst, Chief Hydrologist. This work was centered on the Bill Sutton farm near Dimmitt. The same flocculating chemical was used in these tests except in solution. Although diluted to one-half per cent strength the solution was exceedingly thick like honey.

The chemical was pumped in varying proportions to a point in the lake where the water entered a concrete pipeline and flowed into a large earthen settling pit. The chemical mingled with the lake water be-

fore reaching the pit; however, no flocculating action took place until the water reached the pit and slowed in velocity. From the pit, the water, relatively free

SUMMERFIELD NEWS

Commencement Closes Vacation Bible School

By **BETTY WALSER**
Vacation Bible School commencement exercises were held Sunday evening at 8:30 p. m. in the Summerfield Baptist Church. The Ceremonies closed the week's meetings.

A weekly average of 60 or more have attended the school up until Thursday. A daily average has been about 70 or more. A total of 81 are enrolled in the school.

Principal of the school was the Rev. Merle Weathers and Mrs. Mildred Welch served as the secretary. Pianist was Jerre Noland. Superintendents of the different departments were Mrs. W. C. Beene, intermediate; Mrs. Dorothy Sargent, junior; Mrs. Bettye Lookingbill, primary; Mrs. Bonnie McCathern, beginner; Ann Lance and Carolyn Lee, nursery.

Workers of the school were Eugenia Noland, Reba Allmon, Russell Patterson, Olen Baird, Reese Dawson, Billie Herrington, Billy Bell, Jim Lookingbill, Laverne Lance, Margie Botkin, Nadine Lance, J. B. Noland, J. C. Clearman, Grace Wright, Leta Lee Neil and Merle Weathers. Hot weather has really arriv-

ed and summer has definitely begun. Though many people would like cooler days again, the warm weather is speeding the ripening of the wheat and harvest will be here soon.

The Rev. Johnny Tims of Portales was in charge of the worship services Sunday at the Summerfield Baptist Church while the Rev. Weathers was holding a revival in Viego Park. The Rev. Tims is the son-in-law of Mr. and Mrs. Olen Baird of this community.

Mr. and Mrs. C. R. Walsler of Hereford visited Sunday in the home of Mr. and Mrs. Earl Lance.

Mr. and Mrs. Carl Lee and Jackie and Mr. and Mrs. Jack Howell of Dimmitt were in Carlsbad, N. M., over the weekend. Carolyn Lee and Ann Lance stayed home with Henry Clark who has been ill.

Dan Evans of Lubbock visited over the weekend in the R. B. Baker home with Durven.

Ann Lookingbill and Linda Kay Noland attended the Vacation Bible School commencement services at the South Lawn Baptist Church in Amarillo Wednesday night. The children

of Bradley Lookingbill had attended the Bible School. Ann and Linda spent the night in the Lookingbill home and Debbie returned home with them Thursday morning to spend a few days with her grandparents, Mr. and Mrs. L. B. Lookingbill.

Mrs. Kester Duran and children of Whiteswan, Wash., are visiting in the home of her parents, Mr. and Mrs. H. G. Behrends. They plan to be with the Behrends for a couple of more weeks.

Mr. and Mrs. "Doc" Lariety of Lubbock visited Tuesday and that evening in the home of Mr. and Mrs. Buster Thompson.

Visiting in the home of their aunt, Mrs. Henry Kuper, this week while their parents, Mr. and Mrs. Tony Acker, are in Ohio are Pat, Katherine, Nancy, Kevin and Dale Acker of Nazareth.

Mr. and Mrs. Johnny Tims of Portales visited in the Olen Baird home last week. Mrs. Tims is the daughter of the Bairs.

Betty Walsler was in Amarillo Wednesday with Mrs. T. J. (Continued on page 2)

REP. WALTER ROGERS WRITES:

Boosting Trade, Japanese Seek Dewey For Assistance

To the people of the 18th District:

On Dec. 7, 1941, the Japanese, in a sneak attack, all but sank the Hawaiian Islands. For several years thereafter this country and Japan were in a life and death struggle that ended only when this country had developed the atomic bomb at a cost of some 2 billions of dollars and Nagasaki - a war in which billions of dollars went down the drain and which, above all, destroyed thousands upon thousands of lives of the youth of this country and dashed to oblivion many of the hopes and prayers of their loved ones.

Less than 14 years after the forced surrender of Japan, we find a complete reversal in at-

titudes. Japan is now seeking world markets and is trading on a very friendly relationship with this country.

In fact, she is presently exporting to this country goods in the approximate amount of \$700 million per year. She is not entirely satisfied with this arrangement and would like very much to increase it, because she has cheap labor and can obtain many raw materials at prices below the cost of such materials in this country.

By combining her cheap labor with the materials, she can produce and deliver to this country many products at a much lesser price than the same product can be manufactured and sold here. Therefore, she looks upon this country as a vast potential

market for everything from electronic equipment to dried fish.

In order to expand her sales in this country and to protect the export volume already attained, she has been seeking influential counsel in this country. It has been reported in the metropolitan press of New York and Washington that she has employed the former governor of New York and a man who twice unsuccessfully ran for the Presidency of the United States, none other than the well-known Thomas E. Dewey, at the alleged fee and expense figure of \$200 thousand dollars.

It has been rumored that Dewey has denied this connection, but it is well known that negotiations have been going on between Dewey and the Japanese government for sometime. Apparently the old saying, "politics makes strange bedfellows" includes international as well as domestic politics.

The House of Representatives last week passed, by the very close vote of 188 to 177, the controversial Wheat Bill - controversial because there had been much misrepresentation about the whole story.

In the past six years the Secretary of Agriculture has continued to depress wheat prices which, in turn, increased wheat production and brought about one of the greatest surpluses in our history. The storage charges alone have become staggering.

The President began to needle the Congress to do something about the wheat situation that his own Secretary of Agriculture had created.

The Congress, after long and exhaustive hearings, came forward with a bill which would

(Continued on page 2)

AUSTIN HIGHLIGHTS

Ideas, Not Dollars, Delay Agreement On New Taxes

By **VERN SANFORD**

When tax bills finally were passed by both the Texas House and the Senate, it was not dollars, but ideas that delayed agreement.

House bill was designed to raise about \$150,000,000 over the next two years; Senate bill, about \$160,000,000. Big difference was in where the money would come from. House bill was divided evenly between selective sales taxes and taxes on natural resources and corporation franchises.

Senate, which heard a long string of witnesses on the dangers of shutting prosperity-making industries out of Texas, changed the ratio. In its version, natural gas and corporations pay about 18 per cent of the tab; selective sales taxes, 82 per cent.

Senate voted a 15-15 tie on its bill, with Lt. Gov. Ben Ramsey breaking the tie in favor of the bill.

Named to a free conference committee to adjust differences were Sen. R. A. Weinert, Seguin; Dorsey Hardeman, San Angelo; Charles F. Herring, Austin; Jimmy Phillips, Angleton; Bruce Reagan, Corpus Christi. Also Reps. V. L. Ramsey, Beckville; W. T. Oliver, Port Neches, Don Kennard, Fort Worth; Alonzo Jamison, Denton; George Cook, Odessa.

HOW THEY STACK - These items were hit, in varying degrees, by the House and Senate bills that went to conference committee:

CORPORATIONS - Senate, raise \$10,800,000 by hiking the franchise tax from \$2.25 to \$2.75 per \$1,000 capitalization. House, raise \$12,000,000 by a new two-factor tax on interstate corporations.

NATURAL GAS - Senate, raise \$8,000,000 by increasing the production tax from 7 to 8 per cent. House, raise \$36,500,000 by lowering production tax to 5 per cent and adding a 5 per cent severance beneficiary tax.

MOTOR VEHICLE SALES -

Both houses agreed on increasing sales tax from 1.1 to 1.5 per cent to bring in an additional \$7,000,000 to \$8,000,000.

CIGARETTES - Senate, raise \$31,500,000 by boosting tax 3 cents a pack. House, raise \$10,500,000 (estimated) by a 1 cent a pack increase.

UTILITIES - Senate, increase the tax on water, gas and electric utilities by 20 per cent, for an estimated \$2,600,000. House, increase all other utilities to the telephone company rate of 2.3 per cent, for an estimated \$8,000,000.

ALCOHOLIC BEVERAGES - Senate, increase liquor tax from \$1.40 to \$1.65 a gallon, to raise \$2,000,000. House, increase it to \$2.25 a gallon for \$7,000,000.

Wine, Senate increased tax by 20 per cent, for \$201,000. House doubled it for \$1,000,000.

Senate also tripled fees for selling beer and wine, doubled permits for liquor selling, for an estimated \$1,600,000. House bill does not include this.

TOBACCO PRODUCTS - Senate, would tax all such products, except snuff, by 12.5 per cent, to raise \$5,400,000. House tax is twice this.

Two Hereford Students Report To ROTC Camp

Norman B. Bookout, son of Mr. and Mrs. Hugh Bookout, and Don Zimmerman, son of Mr. and Mrs. Don Zimmerman Sr., will report to Fort Hood, Tex., June 20 for six weeks of summer training. Col. James B. Carvey, professor of military science and tactics at Tech, announced.

A total of 60 Army ROTC cadets from Texas Tech, all of whom have completed three years of reserve officer training at Tech, will apply the military knowledge learned in the classrooms under simulated combat conditions at Fort Hood.

DPS Reports Few Accidents

The rural traffic accident summary for Deaf Smith County for the month of May, 1959, was released today by Sergeant D. W. Duggan, Highway Patrol Service, Texas Department of Public Safety.

The Highway Patrol investigated a total of two accidents, of which two were property damage, none with personal injury, and no fatal accidents. These accidents caused a total property damage of \$1400 with no persons killed and none injured. "Traffic accidents take no vacation," the Sergeant said, "and with the Texas and national traffic toll on the climb, to stay safe we must step up our vigilance on the road."

"During the vacation months, thousands of motorists are on the highways, and too many of them are intent on cramming as much activity as they can into one brief vacation," Sergeant Duggan said. "The result is often tragedy." "He cautioned vacationers to be on their guard against speeders, drinking drivers, and drivers who disregard traffic laws. Above all, he warned them to make sure they are never guilty of such offenses themselves.

Calendar Says Not, However Summer Heat Needs Caution

According to the calendar, summer doesn't start until next week. But according to the weather, summer has been here for quite some time now.

For those of us who must battle the heat, a few simple health rules will go a long way in making the hot Texas summer a little more bearable. First of all, avoid heavy meals, they are difficult to digest in hot weather. Fewer protein foods such as eggs, fish and meat should be eaten, with more emphasis on fruits and vegetables.

Perspiration causes much fluid loss during the day and must be replaced. Fruit juices, two or three glasses per day, make a pleasant way to make up the loss. But don't gulp down large amounts of ice water when overheated.

The body also loses salt through perspiration, so that if your work or exercise causes you to sweat profusely salt should be replaced with salt tablets, about one every half

hour with a glass of water. Parents can place extra salt in the children's diet with salted nuts or crackers plus a little added salt during meals. Clothing plays an important role in keeping cool. Loose, light clothing is highly recommended

Frona Soldier Qualifies Expert

Army PFC Thomas G. Gibson, son of Mr. and Mrs. Thomas W. Gibson, Frona, recently qualified as expert in firing the M-1 rifle while assigned to the 24th Infantry Division in Germany.

Gibson, a rifleman in Company B of the division's 21st Infantry, entered the Army in February 1957 and arrived in Europe in December 1957.

The 22-year-old soldier attended Frona High School.

for summertime wear. Normal body temperatures are dependent on the evaporation of sweat. Clothes which inhibit evaporation should be avoided. Also, it is well to remember that white or light colors are cooler than dark, since they do not absorb hot sun rays so readily. It's smart to get some exercise all year round. But it can easily be overdone in the summer. Long periods of hard yard work or active game of tennis should be confined to the cooler parts of the day.

Swimming is one of the best summer sports, provided the proper safety rules are followed, including not swimming alone, getting chilled, waiting at least an hour after meals, and avoiding tiredness.

It is important to keep up your physical condition during the summer months by adequate sleep and a good idea to have your annual check-up before indulging in any strenuous summer activities.

WACs Seeking Top Applicants

The Women's Army Corps is seeking qualified young women with the ambition to step into a well paying, interesting, and challenging executive position. Lt. Deloris L. Browning, WAC Recruiter, announced today.

This is possible through the WAC direct commission program. This program allows college trained women, who qualify, to be appointed directly as a second or first lieutenant.

A U. S. Army commission for women provides pay, prestige and responsibilities comparable with civilian executive positions, Lt. Browning explained. Twice each year a 20-week training course is conducted for selected women between 20 and 32 years of age. The next class will begin in September of this year. It will be held at the U. S. Women's Army Corps Center, Fort McClellan, Ala.

Applications for commissions are now being accepted. All applications must be submitted before July 8 for consideration to attend the September class.

Information on the opportunities and requirements for a career as an officer in the Women's Army Corps may be obtained from Lt. Browning, U. S. Army Recruiting Office, Amarillo, Texas.

Marlene Legg Elected Head

Marlene Legg, daughter of Mr. and Mrs. Tandy Legg, Rt. 4, Hereford, has been elected president of Hunter Hall, Hardin-Simmons University dormitory for upper class coeds. Miss Legg, a senior in elementary education at H-SU, also is president of the Student Education Association and second vice president of Cowgirls, a University service organization.

Census Bureau To Begin Farm Count In October

By **TEX EASLEY**
WASHINGTON — More than 10,000 Texans will be needed to count fellow Texans and their property in two approaching censuses.

The agricultural census, taken every five years is scheduled for next fall. It determines the farm population, and such data as the size of farms and how many cows and horses and sheep and tractors are owned by each farmer.

The regular population census, taken every 10 years, starts next April 1. It also will show the kind of housing Texas folk have, how many sleep to a room and what kind of conveniences they enjoy or lack.

The farm census will require 2,000 enumerators in Texas. They will work under 134 crew leaders, who will get their directions from six field assistants to the Census Bureau's regional director in Dallas.

The population and housing census will require 8,500 enumerators working under 525 crew leaders. These crew leaders will take orders from 21 supervisors who will answer to the Dallas regional director, James W. Stroud. Some of the population census workers probably will have worked on the farm census.

A Census Bureau spokesman said the enumerators will be paid on a "piece basis" so that a diligent worker should earn \$12 to \$13 per day. Crew leaders will be paid about \$15.50 a day, supervisors and field assistants about \$24 daily. The exact amounts are yet to be determined.

Farm census workers must have a car at their command and will get 7 cents a mile for its use.

The enumerators in the farm census are expected to be busy two to three weeks; crew leaders will work a week or so more and field assistants still a little longer. Population census enumerators will be busy three to five weeks.

All the workers except Stroud a career employee of the bureau, will be appointed by Census Director Robert W. Burgess.

Practically speaking, however, the jobs will be filled by the Republican party organization, in Texas. It's the same for each state, and already many party leaders at local levels are beginning to line up the head count.

If the Democrats were in power they would name the census takers.

The political system actually saves money for the taxpayers, one Census official said, explaining that if regular employment channels were used for filling the temporary jobs the cost would be greater.

Except for a wide area in

South Texas, the farm census in the state will begin Nov. 18. Because of winter crops, it will begin earlier in the lower section.

The farm census will begin Oct. 7 in these counties: Cameron, Hidalgo, Willacy, Starr, Jim Hogg, Brooks, Kennedy, Kleberg, Jim Wells, Duval, Webb, La Salle, Zapata.

It will begin Oct. 14 in these: Maverick, Dimmit, Zavala.

Mr. and Mrs. Troy Ray of Friona visited in the R. B. Baker home Sunday.

Mrs. Dale Stringer and Mrs. Molly Stringer and daughter, Christy Jan, of Floydada visited in the home of Mr. and Mrs. Olen Baird Wednesday.

Mr. and Mrs. J. V. Evans visited in the home of Mr. and Mrs. Bunyon Evans this week and returned Tuesday.

Mr. and Mrs. Kendy Anderson and children of the Frío community visited in the Roy Campbell home Sunday.

Roy Euler, David and Kay attended a Wheat Growers barbecue in Friona Tuesday evening.

Mrs. Melvin Rainey and sons of Hereford visited in the J. M. Wright home Monday.

The Rev. Merle Weathers returned from Viego Park Sunday after conducting a revival there. Mrs. Weathers and Dianne were there for the weekend and returned home with the Rev. Weathers' Sunday evening.

Mr. and Mrs. Guy Walsler visited in the S. L. Walse: home in Hereford Sunday.

Mr. and Mrs. H. S. Tiffany visited in the Roy Euler home over the weekend. The Tifneys were on their way home to Taos, N. M., after having been in Catskill, N. Y.

Mrs. John W. Martin of Muskogee, Okla., visited recently in the home of her granddaughter, Mrs. J. V. Evans. Mrs. Evans and Mrs. Martin visited in Snyder with the D. E. Diggs for a few days. Mrs. Evans returned home and her grandmother remained in Snyder.

Mrs. R. L. Roberts of Hereford and Mrs. Nell Cotton and family visited in the Roy Campbell home Thursday.

Mr. and Mrs. Hugh Clearman and family of Hereford visited in the J. C. Clearman home Sunday.

Mrs. Dwane Walker and Mrs. Joan Rainey and sons were dinner guests of Mrs. Johnny Fields and Mrs. J. M. Wright Tuesday in the Wright home.

Dixie and Debra Baird of Floydada visited in the home of their uncle, Mr. and Mrs. Olen Baird, for a week recently.

Mrs. J. M. Wright visited in the Johnny Fields home in Spade Tuesday.

Mr. and Mrs. Lawrence Baird of Plainview visited in the home of Mr. and Mrs. Olen Baird recently for a few weeks.

Mr. and Mrs. Forbus Blake-more of Amarillo, Mr. and Mrs. Ed Peabody of Dawn and Mr. and Mrs. Oro Erhodes of Oakland, Calif., visited recently in the R. B. Baker home.

Bible School

(Continued from page 1)
 Parsons and Nancy.
 Mr. and Mrs. Tandy Legg and Marilyn of Hereford visited in the Roy Euler home last Friday.

Attending Vacation Bible School in Hereford this week are Tom and Ellen McGowan of the First Methodist Church and Mrs. J. R. Euler and children at the Wesley Methodist Church.

Mrs. Robert Ramey and son, Edgar, of Amarillo visited in the J. M. Wright home Monday.

Mr. and Mrs. Buster Thompson visited in Spår Thursday with her grandmother, who is ill.

Mrs. Myrtle Wright of Hereford and Abe Winkle of Dimmitt visited in the J. M. Wright home Sunday.

Visiting in the J. C. Clearman home Thursday from Littlefield were her sister-in-law, Mrs. Marie Day, and children, Roxie and James Stanford.

Mr. and Mrs. Milton House of Snyder visited in the J. V. Evans home over the weekend. The Evans and the Houses were at Conchas Dam, N. M., Sunday.

Mrs. C. E. Roberts of Wellington is visiting in the home of her daughter and family, Mr. and Mrs. Roy Campbell, this week.

Texans In...

(Continued from page 1)
 las early last year. Before joining the News he worked on newspapers in Fort Worth and Wichita Falls.

Jim Mathis is the Houston Post's chief Washington correspondent. He came from Houston about a year ago.

Sarah McClendon, who has drawn attention because of President Eisenhower's angry retorts to some of her questions, reports for eight newspapers over Texas. She hails from Tyler and worked on East Texas newspapers before coming to Washington as a WAC officer in World War II. She was married in the early 1940s to J. T. O'Brien, now dead and has a pretty blond teen-age daughter.

Probably the most prominent newspaper couple team in Washington are Les and Liz Carpenter, who came from Austin. They have their own news service for a number of newspapers in Texas and the Southwest.

A Beaumont woman is leaving Washington with her newsman husband to make their home in Juneau, Alaska.

She is the former Bernice Griffith, daughter of Mr. and Mrs. M. M. Griffith of Beaumont. Her husband is Frank W. Vaillie, who has been Associated Press correspondent for the Pacific Northwest for several years. Vaillie is leaving Washington to join the staff of Alaska's Gov. William A. Egan to handle press and public relations.

The Vaillies met in 1949 when he was covering the Washington legislature for The AP in Olympia and she was there visiting a sister. They were married the same year.

Household Scrapbook

China Cement
 An effective cement for broken china can be made by mixing plaster of Paris with the white of an egg to the consistency of a cream. Then apply as you would any prepared cement.

Tender Meat
 A tablespoonful of vinegar, or a teaspoonful of lemon juice, added to tough meat, or corned beef, while it is boiling or roasting will make it more tender.

Water Softener
 To make water softer for washing, use 4 ounces of alcohol and 1/2-ounce of ammonia. If for toilet purposes, add to this one dram of oil of lavender.

 he issued permanently, subject to cancellation for cause. Fees would still be collected annually, but a lot of time and money possibly could be saved by not having to type out and mail a new document each year.

Such a procedure was authorized by the Legislature in regular session for insurance companies.

Some licenses probably could not be adapted to the permanent policy. Among these would be drivers licenses, hunting and fishing licenses, and auto inspection stickers.

SEVEN RUN FOR SPEAKER — Now the count is up to seven in the House speakership race. Seventh man in the lineup is Rep. Frank B. McGregor of Waco. His announcement was made at a luncheon sponsored by the Waco Chamber of Commerce.

Six already in the race are Reps. Ben Glusing of Kingsville, Wade Spilman of McAllen, W. T. Oliver of Port Neches, L. DeWitt Hale of Corpus Christi, Jerry Sadler of Palestine and James A. Turman of Gober.

SHORT SNORTS — Radar traps must be test-checked for accuracy before a speeding ticket is valid, the Court of Criminal Appeals has held. Expert testimony in the case before the court had contended that as much as a 20 per cent error can occur if the radar machine is not set up properly. . . Lt. Gov. and Mrs. Ben Ramsey's new daughter, Mariben, born June 8, officially became a "princess of the senate" in record time. By unanimous vote, the honor was bestowed when she was just one day old.

Rep. Walter

(Continued from page 1)
 do what the President had sought; that is, it would measurably reduce the surplus. In other words, it would reduce production by 25 per cent, or some 480 million bushels during the two years it is applicable. It was designed to lower the cost of the wheat program during that period by more than one-half billion dollars.

At the present time the wheat farmers of this nation participating in the program are allowed to plant 55 million acres of wheat. In the bill that passed the House, these same farmers would be allowed to plant only 41 million acres of wheat. The cut-back production would be supported at 90 per cent parity, in order to prevent placing many wheat farmers in bankruptcy because of the drastic acreage allotment reduction. There is much more in the bill, but space will not permit its insertion here.

The debate did bring out some interesting facts and answers to the scathing denunciation to which the American farmer has been subjected by the metropolitan press and many of the slick magazines in the last several years.

For instance, the people living in the cities have been led to believe that the American farmer was getting rich at the expense of the city dweller in prices that the city dweller was paying for bakery products.

Here are the facts: Between 1948 and 1958 the cost of wheat and other ingredients in a loaf of bread declined 12 per cent at the farm, while during the same period processing and marketing margins increased by 55 per cent. This means that during the ten-year period the cost of a loaf of bread increased by the sum of five and four-tenths cents or 39 per cent. The price of a bushel of wheat during that time declined by the sum of twenty-six cents or 13 per cent.

The price of wheat in a one pound loaf of bread is only two and two-fifths cents, a loaf of bread that is now selling at more than twenty cents in many stores. This gives you actual information that definitely proves the conclusion that any rise in the price of a loaf of bread bought by the housewife is not due to any money received by the farmer.

Petersburg, Texas, Man Reports—

1500-pound Increase on Grain Sorghum

Frank Stanton, successful young Hale County farmer, says: "By chiseling in 85 to 100 pounds of Phillips 66 Ammonia as a side dressing, I increased my maize yield 1500 pounds per acre. This represents a \$4 profit on every \$1 invested in ammonia."

"This proved to me that using Phillips 66 Ammonia is profitable. I am using it on both my cotton and grain sorghum land this year. There are not many investments I know that will return 4-for-1."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain or ensilage are increased... profits on wheat and small grains are increased through higher grain yields and improved forage... more marketable vegetables are harvested.

Phillips 66 Ammonia can be easily applied as a side dressing either by you or your distributor. See us today for your supply of Phillips 66 Agricultural Ammonia... it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

Soil Conservation Stamp To Be Sold In Late August

By SYD KRONISH
The theme for the United States 4-cent soil conservation stamp to be issued Aug. 26 will be "the importance of contour plowing," says Postmaster General Arthur E. Summerfield.

The new stamp, which salutes progress in soil conservation in the United States, was developed in cooperation with the U. S. Dept. of Agriculture. Formal issuance will be at the annual meeting of the Soil Conservation Society of America at Rapid City, S. D.

The stamp is a tribute to farmers and ranchers who have put to use such soil and water conservation measures

as those shown in the stamp design — terracing, strip-cropping, pasture improvement, pond construction and tree planting.

Collectors desiring first day cancellations of the stamp may send their addressed envelopes, together with remittance to cover the cost of the stamps to be affixed, to the Postmaster, Rapid City, S. D., prior to Aug. 26. The outside envelope to the postmaster should be endorsed "First Day Covers Soil Conservation Stamp."

Denmark has issued a new semi-postal stamp to mark the centenary of the Battle of Solferino which gave the Swiss

Henri Dunant the idea of founding the International Red Cross. The stamp comes in two denominations, 30-ore plus 5 red and 60-ore plus 5 blue. The additional values go to the Red Cross. Depicted on the stamp is a world globe surrounded by Red Cross emblems.

A choice collection of unused United States stamps was sold for \$51,686 in New York by Harmer, Rooke & Co. The catalogue value was approximately \$42,000. Top price of \$6,000 in the collection was paid for a block of four of the 1869, 90-cent Lincoln head, which catalogues for \$2,500.

Postage stamps for the new country of Ghana have been on the market for only a short time but have created much comment with their beautiful design. Subjects covered so far are landscape, birds, flowers, fish, products, religious symbols and a statue of Prime Minister Kwame Nkrumah. Argentina has issued a new stamp to honor the inauguration of Argentine Airline flights. The green and black airmail adhesive shows a plane flying over a map of Argentina. Also issued by Argentina was a new stamp honoring the first Grand International Horticultural Exhibition.

Nicaragua reports that it soon will issue a set of 12 new stamps to honor Francis Cardinal Spellman of New York. There will be five regular postage and seven airmails in the set. The design will be the same for each stamp — a portrait of the Cardinal, his coat of arms, signature, and the flags of the United States and Nicaragua.

SUN-BOILED BEANS—Mrs. Gladys Cook, wife of a Mohave brave, checks her solar stove cooking pot during a visit from University of Wisconsin graduate student Bradley Blake.

Cooking With Sunshine Tested On Reservation

By TURK SMITH
PARKER, Ariz. (AP) — A University of Wisconsin research team is selling the Indians of sun-baked Arizona on the usefulness of sunshine.

"It's not exactly selling," Dr. Milton Barnett says. "We prefer to call it good anthropology." Dr. Barnett is head of a team which has been instructing Indians on the Colorado River Indian Reservation on the use of solar cookers developed at Wisconsin. The university wants to know if people in areas where only sunlight and poverty are plentiful will use them.

The solar cooker consists of a saucer-shaped reflector and a grill on which a pot, pan or skillet may be placed. The reflector is about four feet in diameter and made of cheap plastic coated with aluminum foil. When the reflector is pointed toward the sun, rays are focused on the grill.

Living on the sun-drenched reservation have been two members of the Wisconsin team, Mr. and Mrs. Bradley Blake. Blake is a graduate student.

"The people here are just too courteous," Blake says. "They all say they like the cookers, whether they use them or not."

The scientists had a hard time distributing the stoves at first. The neat, shiny reflectors looked like commercial merchandise to the four tribes of the reservation, who are never far from poverty.

"We had to sell them on the idea of taking something for nothing," Dr. Barnett said. Once the Indians accepted the idea, they became almost too eager to help.

Thirty-seven families accepted cookers, and all of the owners said they used them constantly. A little applied research and the scientists discovered perhaps half the families were actually using them.

Other solar cookers have been distributed to various parts of the world, but Barnett says the Wisconsin project is the first attempt at gauging the device's efficiency and acceptability in daily food preparation.

The findings? Indians have no trouble understanding, or using, the cookers.

Do It Yourself Mechanic Builds Horseless Buggy

LOCKHART, Tex. (AP) — Ever hear of "Seeliger's folly?" Like Wilbur's airplane, it wasn't supposed to work. But it did.

The late Emil Seeliger, one of this Central Texas town's early do-it-yourselfers, heard in 1902 about horseless carriages appearing on eastern streets. So he decided to build one.

Seeliger, a blacksmith, dug up a one-cylinder engine which he placed under the seat. Three

bicycle chains transmitted power to the vehicle's rear wheels.

The seat? That was the gas tank. The carburetor came from an old gasoline launch. Two dry-cell batteries served as the ignition.

Seeliger built the chassis and body from plans of a trap buggy.

A motorcycle furnished the wheels and a shotgun barrel became the steering column with bicycle handlebars attached.

J. Henry Martindale, writing for the Houston Chronicle, said Seeliger told him many years ago the contraption cost \$125, including \$60 for tires.

Finally, the blacksmith announced his horseless carriage was ready for a trial run. A curious crowd gathered one hot July afternoon in 1904 for the tests. Everyone, including Seeliger, wondered if it would

run. And how it did! Road tests proved it would not only scare the dickens out of horses but would hit top speeds of 15 miles per hour.

But the big problem was fuel, which Seeliger's automobile consumed at the rate of 14 miles to the gallon. Drug stores kept gasoline but a town ordinance at the time limited dealers' stock to five gallons.

"Seeliger's folly" had its day. But in time it became consigned to the junk pile.

His blacksmith's shop became the town's first garage.

How Can I?

Q. How can I make good tarts when using canned fruits?
A. When canned fruits are used for centers of tarts, cook the fruit with sugar until it is syrupy and thick before putting in to the pastry to bake. This is the only way to have rich tarts from canned fruits.

Q. How should knitted goods be laundered?
A. Never rub soap directly on

mitted materials when laundering them. Make a lukewarm suds and wash them in it. Rinse in the same temperature clear water.

Q. How can I make a whitener for marble steps?
A. A quantity of quicklime mixed with a half-pint of skim-milk, and used as a whitener for the marble doorstep after it has been scrubbed, will keep it in beautiful condition.

Q. How can I brighten a dining rug?
A. After a rug has been thoroughly cleaned and placed on the floor, and it still has a dingy, faded look, get a pan of warm water and put a cup of vinegar and a tablespoonful of ammonia into it. Wring a woolen cloth out of the water and wipe the rug all over. Both acid

and ammonia have a tendency to restore faded colors.

Q. How can I make a mouth wash?
A. By mixing twenty drops of tincture of myrrh in forty teaspoonfuls of water. This solution is both healing and cleansing.

Q. How can I make poached eggs hold together?
A. Add half a teaspoonful of vinegar to poaching eggs, and it will cause them to hold together. This will have the same effect on fish.

Q. How can I prevent lumpiness in brown sugar?
A. Keep brown sugar in an airtight jar and in a cool place to prevent it from becoming lumpy.

Friday at 7:30 p.m. is the Service Meeting Ministry School.

Thanks, Dad!

It is Father's Day! May we honor the guy whose heart is as tender as a woman's... the fellow whose respect is as genuine as that of a mother. This nationally celebrated day for Father didn't come too soon. *For Dad is the guy who dared the wiles of the forest and the death-dealing miseries of the prairie, to insure added comforts for Mom, and Sue, and Dan. The taming of the west is actually the story of gruff ole 'Pop' in his triumph over difficulty and danger to make a finer future for those he loved. He was the hardy pathmaker for our feet.*

Gifts for Father? Yes, but much better would be a gracious, kind word of thanks for all his sacrifices through the year. On this celebrated day, say a prayer to the great Father God, for happiness and comradeship that will soften the burdens of the remaining years, and make the last ones truly his most Golden Years.

You In The Church
The Church In You
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

Topic for Sunday, June 21: "Answering When God Calls."
Text: Acts 8:26-39.
Lest We Forget: Faith in Christ produces in us a devoted life to the Lord, without ever once considering what effects this conduct might have on our earthly prospects. Like Moses, we will esteem the reproach of Christ greater riches than all the treasures of Egypt, and greater honor and devotion will become a source of sublimest joy. We will not rest until faith fills us with this heavenly joy; we will not cease to wrestle with God in prayer till He makes us monuments of His grace on earth and heirs of His glory in the world to come.
A most cordial welcome to you.

H. D. CHATTER
Choose Colors For Room With A Purpose In Mind
By ARGEN DRAPER
There is some new information on choosing colors for a room. Our specialist from A & M says, "Choose colors for a reason - to get the special effect you want and at the same time provide a comfortable, pleasant background for everyday living. Begin by analyzing the room as to its use, shape, and exposure; then decide if you want the rooms to be light and gay, restful or dramatic or do you want them to be warm or cool?"
A good color plan has few colors, usually not more than two or three in different values and intensities. The best color schemes grow from a dark color, a light color, and a bright color. Black, white, and grey are not considered colors but are needed to give accents of light or dark. Usually you can decorate a room by using your favorite colors. Too, you can select a picture or print that has your favorite colors and plan your color scheme from that.
When you place the colors in a room choose the colors for the largest areas first—floor covering, walls and large upholstered pieces. In most cases these should be your most livable colors, or colors that are greyed in intensity. Next, colors for small upholstery and the window treatment. This may be

A blend of room colors, or to match or contrast with the walls. Lastly, choose your colors for accessories and small trays and so forth. Accessory color is the brightest color.
I think that the Western Wheel Inn was redecorated in very interesting colors. I wonder if G. D. Casin painted the dining room a deep peach knowing that peach colors make people hungry.
Different colors have different effects on people. You should analyze colors and decide what colors do for you and how they make you feel. After analyzing your feelings toward these colors, dress in those colors or decorate your house with those colors.
The Directors Room at the REA is real pretty. It will accommodate approximately 50 persons and I am sure we will be having meetings there before long.
We will continue the study of Family Economics in Home Demonstration Clubs and the 4-H clubs will be giving programs to Home Demonstration Clubs in June. The 4-H Leaders will begin workshops in Clothing Construction. Our next biggest affair will be the 4-H Dress Revue.

Chevy Gives You Smarter Style Today...

FOR HIGHER TRADE-IN TOMORROW!

Don't take it from us—take it from independent experts and from facts and figures that are now a matter of record. POPULAR SCIENCE sums up Chevy's unmistakably modern style this way: "The fact is, in its price class Chevy establishes a new high in daring styling..." This is one more reason your new Chevrolet will bring a higher allowance at trade-in time, as Chevy has over the years. A look at last year's used car prices* shows Chevrolet averaged up to \$128 more than comparable models of the other leading low-priced two.

*Guide Book figures of the National Automobile Dealers Assn.

PLUS 5 MORE BIG BESTS OVER ANY OTHER CAR IN CHEVROLET'S FIELD!

Best Brakes. Chevy showed the best brakes of the leading low-priced three in repeated highway speed stopping tests conducted by NASCAR.* No wonder, Chevy's brakes, built for up to two-thirds longer lining life, are the biggest in its field.
*National Association for Stock Car Advancement and Research.

Best Engine. Every motor magazine has given Chevy's passenger car and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."

Best Economy. No doubt about this: a pair of Chevrolet sixes came in, first and second in their class in this year's Mobilgas Economy Run—getting the best mileage of any full-size car.

Best Room. Dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room is up to 5.9 inches wider than comparable cars.

Best Ride. No doubt about this. MOTOR TREND magazine sums it up this way: "...the smoothest, most quiet, softest riding car in its price class."

NO WONDER MORE PEOPLE ARE BUYING CHEVROLETS IN '59 THAN ANY OTHER CAR!

See your local authorized Chevrolet dealer for the best buy on the best seller!

Orsborn-Norwood Chevrolet

Area Little League Teams Triumphant Three Times

By MRS. R. L. PINNELL
The Little League baseball teams have been fully organized and are now going full season. Fans are giving full support and the boys are responding accordingly.
The teams have been named White Sox and Indians. The White Sox have played two games, one with the Boys' Ranch Red Legs when the Adrian team won 17 to 6 on June 5 at Boys' Ranch, and again on June 9 at Vega when the White Sox took the game from the Vega Dodgers with a score of 10 to 9.
The Indians met the Boys' Ranch Braves Friday afternoon on the Ranch grounds. Mike Horton hit a single homer to lead his team to a victory of 11 to 7.
Six patrons drove the boys to Channing. They were Mrs. Carroll Gruhley, John Horton, Earl Brown, Mrs. Fred Harwood, Dean Whaley and Mrs.

George Gruhley. The boys went swimming following the game.
Skeet Fincher is general manager of both teams, but the White Sox are coached by Elbert Whitten and Alfred Jobe. The Indians' coaches are John Horton and Earl Brown.
On the roster of the Indians are Clinton Brown, Mike Horton, George Harwood, Dwane Gruhley, Dickie Harwood, James Whaley, David Heaton, Eddie and Jerry Campbell, Dale Gruhley, Junior Whaley, David Williams and Charles Harwood.
The White Sox team is made up of Johnson Benefield, David Whitten, Billy Perry, Mack Fortenberry, Raymond Jones, Larry Don Pridmore, William Benefield, Ricky Gruhley, Alton Dale Whitten, Alfred Jobe Jr., Carroll Weidner, Mack Perry and David Gruhley.
Mrs. Bunkins Bryant of Clovis, the former Barbara Pinnell, was honored with a post

nuptial shower Wednesday afternoon in the home of Mrs. Ernest Frank.
The home was decorated in spring flowers with the bride's table set almost entirely in white. The centerpiece was mock orange and snap dragons arranged around a styrofoam archway from which hung white and silver wedding bells. All appointments were in crystal and silver.
Pouring was Mrs. Arthur Jewett while Mrs. Billy Briggs, both schoolmates of the bride's, served.
Hostesses for the affair were Mesdames Frank, C. F. Homfeld, Bill Leslie, W. C. Briggs and Oscar Bromman.
Signing the guest register were mother of the groom, Mrs. W. H. Bryant of Grady, N. M., Mrs. C. A. Bryant of Tucumcari, N. M., sister-in-law of the bride, Mrs. E. K. Pinnell, mother of Adrian, Mrs. Martin Cribbs and Penny of Channing, the bride's sisters, Mrs. Wayne Pinnell and Robin and Mrs. Donald Pinnell of Clovis, N. M., sisters-in-law, Mrs. R. L. Pinnell and Linda aunt of the bride; Mesdames Billy Briggs, Arthur Jewett, V. E. Lemke, Homer Ehsman, Fred Brownlee, George Lotzpech, F. A. Kromer, Cynthia and Kathy, W. W. Chilton, E. L. Brown, D. W. Morgan, Johnnie Williams, Earl Brown, R. E. Caldwell, N. L. Jacobson, Billy Brown, Bessie Spande, Lorin Creitz, Robert Crenshaw and John Proctor.
The Lions Club met in the first summer meeting with Ladies' Night Thursday evening in the Methodist Fellowship Hall. The group was served supper by the ladies of the W. S. C. S. Special guests were incoming district governor of District 2 T. I. Mr. and Mrs. Don Zimmerman Sr. of Hereford. Zimmerman served as installing officer.
All incumbent officers were reinstated except the incoming president, John Horton.
Zimmerman will also be installed to his full office July 3 when he and Mrs. Zimmerman will attend the Lions International Convention in New York.
The Blankenship brothers, Morris Lee and Sidney, presented several guitar duets to the group. Ninette Pounds played the piano for the group singing.
Those attending were Mr. and Mrs. Bill James, Mr. and Mrs. E. K. Pinnell, Mr. and Mrs. Lorin Creitz, Mr. and Mrs. Jimmy Briggs, Mr. and Mrs. Vic Lemke, Mr. and Mrs. E. B. Pounds, Mr. and Mrs. John Horton, Mr. and Mrs. Alfred Jobe, Mr. and Mrs. M. W. Blankenship, Mr. and Mrs. Bob Caldwell, Mr. and Mrs. M. H. Zaring, Mr. and Mrs. Roy Brown, Mr. and Mrs. Grady Pridmore, Mr. and Mrs. Wilbur Harris, Mr. and Mrs. Arthur Jewett and James Sessions, Skeet, Fincher, John Skaggs and Mrs. Bobby Speed.
Those responsible for the meal were the newly appointed committee heads, Mesdames E. Frank, E. K. Pinnell, Bill Leslie, Lorin Creitz, Johnnie Williams and Carroll Gruhley.
The Caprock 4-H Club girls furnished the program for the Bippus Home Demonstration Club Thursday afternoon at the community house.
The girls performing for the style show of proper clothing and accessories for every occasion were Marlene Williams, party dress; Paula Creitz, play dress; Ruby Benefield, school dress; Rita Speed, summer pajamas and house coat; Linda Pinnell, dress-up suit; Joan Lane, play dress; Doris Horton, shorts and blouse; Laura Jobe,

Teens 'n Jeans

By NELDA BARNETT

Things have really been popping this week. Nearly everyone is working and, of course, playing a little.
"Krazy Daze" stepped up the pace quite a bit. If you didn't get to go downtown and see for yourself, no amount of describing could give you the full picture.
One of the cutest costumes was Clint Conway's. He was dressed as a girl with long brunette curls. Yes, everyone looked twice to make sure that he was really not a girl. Darrell Carroll gave the impression that he had just been left on a deserted shore after his ship had wrecked.
Lovilla Finley, Rosa Strange, and Kathy Betzen were dressed as western girls. They looked as though they had just walked out of a western movie set. Janie Bookout decided to resort to red legs for her costume. She

Sunday dress; Myrna Zaring, school dress; Coralie Fortenberry, blue jeans, western shirt and boots; Glenda Homfeld, play dress; and Peggy Sifford, blue jeans and shirt.
Mrs. John Horton was mistress of ceremonies for the style show. Following the program several girls presented musical selections on the piano.
The Rev. and Mrs. Robert Crenshaw and family, Jimmie, Robert, Tommy, Nancy Lee, Jeffrey and Celia Dawn, formerly of Idaho, arrived Monday night for several days of visiting in the N. L. Jacobson home. Crenshaw attended school in Adrian and lived with the Jacobsons. He will leave Monday to attend the Methodist conference in Denver where he plans to attend the Iliff School of Theology this winter. The family will remain in Adrian while he is away.
Mr. and Mrs. H. C. West Jr. of Albuquerque, N. M., are spending a week's vacation with the Lloyd Heaton's.
Visiting for two days and nights this week with Mrs. Nell Morgan was her nephew, Karl Shirley, son of Mr. and Mrs. Jeff Gilbreath of Hereford. Shirley had just returned from a two-month tour of the European continent.
While in France he visited Mrs. Morgan's son, James, and family at Poitiers. Shirley lived in Adrian at one time and is now employed at the Panama Canal Zone, but has been on vacation. He reports James and his family is well.
Mrs. C. S. Tomlinson of Coleman and daughter, Mr. and Mrs. Joe Burgoe and Charlotte Jo of Oregon, visited overnight with the H. D. Tomlinsons Wednesday and Thursday. A sister, Mrs. Gladys Preston of Amarillo, joined the family group Wednesday night.
Mr. and Mrs. B. L. Kinsey have sold their home to Mr. and Mrs. Joe Brownlee of Glen Rio, N. M., and plan to settle in Clovis in the next 30 days. The Kinseys moved to Adrian in 1929.
A family reunion for the O. G. Smith family of Hereford was held by their daughter, Mr. and Mrs. Bud Heaton and family in the Sims Community Sunday, May 31.
Attending were Mr. and Mrs. O. G. Smith, Mr. and Mrs. Russell Downs and son, Douglass, of Borger, Mr. and Mrs. Wallace Downs and sons, Ronnie, Richard and Danny, of Borger, Mr. and Mrs. W. R. Hawkins of Amarillo and Mr. and Mrs. Hester and son Gary of Hereford.
Richard and Danny Downs remained for the week with Stan-

ley Heaton. On the following Sunday the parents, Mr. and Mrs. Wallace Downs came for the children. They were accompanied by the Smiths from Hereford.
Mr. and Mrs. J. B. Jallife of Cheyenne, Wyo., were recent visitors in the Ed Jacobson home. The men were World War I buddies.
Mrs. Lawrence Rowland and daughter-in-law, Mrs. Dale Rowland, of Tucumcari, N. M., spent Saturday night with her sister, Mr. and Mrs. W. C. Briggs.
Marvin Pounds, son of Mr. and Mrs. E. B. Pounds, has volunteered for the Armed Forces and will be stationed at Fort Ord, Calif., the latter part of July.

also had on a white skirt and blouse trimmed in red.

Well, she's finally done it! Zell Crump has cut off her long pony tail. Since her pony tail was the way that everyone made sure that it was really Zell, and it was so pretty, we'll really miss it.

The Intermediate department at the Avenue Baptist Church had a party that was quite a party. They had a hayride, hamburger fry, and an icecream supper, all combined. A few of those that were present were Betty Thomas, Norma and Don Warrick, Fred Henry, Doris Barnett, Dickie Mason, Jan Story, Jimmy Collier, Audrie Self, Curtis Richy, David Sellers, Joe Self, and DeWayne Gresham. According to reports, they had a very good time.
One of Hereford's one-time residents, Polly Monroe, is to stay in Hereford for a few weeks. Polly lived here for several years before her family moved to South Dakota. We want to welcome her back and hope she has a good time while she is here.

Sunday afternoon, a bridal shower was held for Dolly Paetzold at the Pavlick home. The Hereford High School Girl's Quartet sang "Sentimental Journey." The Quartet consists of Sheila Owens, Emily Pavlick, Carol Ann Bezner, and Nelda Barnett. Suzie Loerwald gave a reading.
Everyone gave some advice to the bride and then she opened her gifts. Refreshments were served and the guests visited. Sharon Brinkman played the piano. There were approximately 40 guests present.

RETURN FROM FUNERAL
Mr. and Mrs. Leonard Craig have returned from Albuquerque, N. M., where they attended the funeral of Glenn Skaggs Friday morning.
Paris has more night clubs than New York City.

Long Time Ago

45 Years Ago

A number of citizens down the railroad towards Summerfield are mightily opposed to the proposed change in the Summerfield road. This proposed change would put the road to cross the creek at the Twenty Five Mile Avenue Simpson bridge and this is where the rub comes. Col. E. T. Woodburn and others are "agin" the change and have been circulating a petition asking for a straight road parallel to the railroad, and a bridge at a suitable place across the creek. They argue that this road is a part of the "Coast to Coast" auto line and that the local travel from the west into town justifies a straight road. Tomorrow, Saturday, a meeting will be held to discuss the subject.

25 Years Ago

From 20 to 40 men have been working daily for the past week on Highway 33 in the city. They are constructing curb and gutter west of Main Street this week. Pouring of concrete started Monday.
Turns are being excavated and filled with caliche at the intersections with north and south streets. When completed the entire mile will be surfaced with oil and an asphalt topping.
Cooper Dewey, engineer in charge, reports that progress during the week has been satisfactory. This is a special relief project with labor being furnished by the state highway department.
Men are being gaged work according to their budgetary needs and this causes the size of the crew to vary daily.

REAL PIPE DREAMS

ADAIR, Okla. — This northeastern Oklahoma hamlet whose chief claim to fame is the 1892 train robbery-gun battle the Dalton gang will soon have running water. Plumbers expect their business to boom.

1 000,000
SOUND WAVES
PER SECOND

We use the McKenna Ultrasonic watch cleaner. One million vibrations of sound per second removes even microscopic particles of dirt and old oil actually from within the blind holes and crevices of the watch.
Let us show you this new Ultrasonic watch cleaner and explain its operation.
