Five Cents Per Copy

LOCAL CATTLE ENTERED IN PLAINS FAIR

The choice dairy cattle of Deaf Smith county that will go to the Amarillo Tri-State Fair next week will be on exhibition in the Hereford sales pavilion tomorrow (Friday) afternoon before going up to Amarillo Saturday, and Deaf Smith county citizens that are interested in seeing extra fine dairy stock are urged to see them there. Guernseys and Jerseys make up the exhibit.

The Jerseys will go as a county exhibit as well as for individual exhibitors, there being required eight animals from five exhibitors to qualify for county representation. W. E. Schelhan will show two bands of senior yearling heifers, Mrs. Herman Shuis a junior yearling heifer, Roger Brumley (this is a 4-H club exhibit) a junior yearling heifer, Kermit Wilson (also 4-H) a junior heifer calf, Ray Chapman (also 4-H) a senior heifer calf, J. L. Lookingbill a three-year-old cow, and R. M. Tankersley a three-year-old bull.

The Guernseys will go as individual exhibits except the two junior yearling heifers Payne and Clinton Rutherford, sons of O. L. Rutherford, will show as a 4-H exhibit. Fred Pittner will show from his noted herd a senior yearling bull, senior yearling heifer, two junior yearling heifers, a senior heifer calf, a junior heifer calf and a three-year-old cow. O. L. Rutherford will exhibit an aged bull, a senior yearling bull, two senior yearling heifers, and two junior yearling heifers.

South Hereford to Have Gas In Near Future

Announcement is made this week by the West Texas Gas Company that the services in Hereford will be extended across the Tierra Blanca to citizens on the south side of the creek may have the advantage the north side folks have been enjoying for the past ten months.

The extensions will consist of about one and a half miles of two-inch pipe for mains, and will service at first twenty residences and three big irrigation wells. The county commissioners in recent session granted permission to the West Texas Gas Company for the extension line to cross the Tierra Blanca on the concrete bridge south of town.

Word from the district manager's office to the Hereford office of the company advises that the work of laying the pipe and getting the line in operation will be completed as soon as possible.

Thoroughbred Animals Will Be Auction Here

An auction sale of registered Herefords and Shorthorns is being planned by Col. Ray Barber to be held in the Hereford Sales Pavilion Monday, September 30. The Herefords are of the herd of J. D. Lora, of Endee, New Mexico, consisting of thirty cows and heifers and one herd bull, all registered, all high quality animals of Anxiety breeding. The Shorthorns belong to Homer E. Bell, north of Hereford, and consist of ten head of cows, heifers and bulls of the highest type of this breed of dual purpose cattle. Shorthorns are ideal animals for a good production of both milk and beef, and are regarded by many as the coming cattle for the Panhandle country as it gets more settled up and range conditions change to smaller pastures. The Brand will carry a further announcement of this offering of choice registered stock next week.

Kerr Implement Co. Adds Improvements

Work of tearing out the old front of the Kerr Implement Company building was begun this week to make way for a new front of modern design. This is a distinct mark of progress and is in keeping with the spirit of Hereford to build new and modern accommodations for its business houses and residences.

Fans All Excited Over Prospects of Fast Game

The Fort Worth Cats will make their appearance according to schedule, to meet the Hereford baseball team at West Park next Monday afternoon. Local fans are getting more and more excited as the time of the game approaches. Apparently there will be plenty of rooters out, who will not only want to see how the Whitefaces stack up against Class A players, but also how those said "big league" players look and perform. The great ones who make baseball history for Fort Worth and the Texas League will show those who have not seen "big time stuff" just what it takes to put the game over in a snappy manner.

The local team is in good shape and will put up one of the best games of their career. Very little outside material will be used, because Hereford will prefer to see their own players in action.

The game is called for 3:30 o'clock sharp and everything is about in readiness for the call "play ball!" One thing Hereford fans appreciate is that Jimmie Walkup, a favorite everywhere, will pitch for the visitors.

President T. E. Seigler, of the Chamber of Commerce, in an interview this morning, urged that Hereford citizens support to the fullest extent the local ball team in bringing the Cats here, as a heavy expense was involved and the move was deserving of high commendation.

Dairymen Banquet at Amarillo September 24

The dairymen of the Panhandle Plains county will meet in Amarillo next Tuesday evening, September 24, for a banquet at the Herring Hotel, according to announcement made this week by County Agent R. O. Dunkle. An announcement of interest to all dairymen over the territory will be the naming at this banquet of the prize-winners in the Master Farmers' Contest which closed September 1, after running for the past year. S. Q. Wilson, Lester Galley and J. L. Lookingbill of Deaf Smith county were participants in the contest.

New Business House Planned for Hereford

Mrs. Ezra Norton purchased the H. H. Hawkins business building located on North Main Street, one day last week. Mrs. Norton acquired this desirable lot for the purpose of erecting a modern brick business building. Construction may begin, Mr. Norton said, in the next thirty or sixty days, but it has not been learned what the building will be used for.

Hereford Band to Furnish Music at Fair

Hereford citizens who attend the Amarillo Tri-State fair on Saturday of next week will have the pleasure of hearing their own high school band furnishing music for the occasion, according to the announcement of T. E. Seigler, president of the Chamber of Commerce, and also a director of the Tri-State Fair.

Hereford Talent Offers Program Friday at Noon

All of Hereford's citizens that can get access to their own or somebody else's radio will be listening in tomorrow noon when the Hereford Chamber of Commerce will broadcast a program by Hereford's own talent over KGRS from Amarillo, from 12:00 noon till 12:30.

The program is made possible by courtesy of the Lee Electric Company, who will make use of the opportunity to tell something of its business and the plans the company has for operation in Hereford this winter. That the program will be most interesting goes without saying. Some of the best talent to be found anywhere is right here at home and those who enjoy listening to others broadcast have often wondered just what "our own folks" would sound like. Tomorrow they will all know, and it is the firm belief of all that they will in no way be disappointed.

FIRST GAME OF FOOTBALL FOR TEAM FRIDAY

Football will open with a bang on the local field tomorrow afternoon when Tulla Hi puts in its appearance for the first game. Fans have been comparing notes for the past several weeks, some have been watching the local boys work out, and predictions of a very successful team to follow last year's champions are heard on every side. Eight of the regulars of last season are back again, better than ever, and several who were mediocre last year have been either in secret training or else are determined to make a place for themselves among the stars, for they have been going like wild-fire, according to those who have them in charge.

A heavy yet fast line will confront all teams opposing Hereford this year, and the backfield will be just as fast as anyone will hope to find anywhere. It will just be too bad for an opponent when some of these boys get going. Tomorrow's game will probably see in the line-up Ralph Glennin at quarter, "Babe" Russell and Woodrow Gilbreath at halves, and "Sandie" Jewell at fullback. The line will be built around B. Seed at center, with Homer Brumley, Richard Stone or George Mitchell as guards, G. T. Higgins and Roger Orr are tackles, and J. C. Gregory, Newt Gilyand or Elbert Bowen as ends. There are substitutes galore; for the backfield are Jack Russell, Hal Kester, Russell Whitehead, Carl Kropp and Andrew Habermacher, and for the line are Woodrow Ireland, J. C. McCollough and Edward Robertson.

Coach McCollum says the Whitefaces will go into the game tomorrow in mighty fine condition and the game will be hard-fought from start to finish if it takes that from his team to win. "Babe" Russell, Seed and Glennin are in extra fine fettle. J. C. Gregory, who starred at tackle last year, has been transferred to end and is going fine. George Mitchell is tearing things loose as a guard, Roger Orr is tackling like a demon, and Woodrow Ireland runs interference like a veteran, all of which "listens good" for Hereford and "just too bad" for their opponents.

Among other things, most all Hereford will be out to the game. Texico-Parwell will be here for a game on Friday of next week.

Lots of Folks Would Say Hereford Is Booming, But Citizens Know Better; Improvements Listed Here Only Indicate Our Steady, Normal Growth

Building activities over Hereford in the past few months have taken such a stride that a brief list of the new businesses and homes built perhaps would not be amiss at this time. It is very probable that the Brand has not been able to get all the operations listed. If such is the case, the paper will be only too glad to include those unintentionally left out in a later publication. Hereford has just cause to be proud of its recent progress in rebuilding and remodeling homes and business houses.

These building activities are not anything like a boom, but are the result of a gradual growth that has been reached during the past several years.

The A. C. Thompson Lumber Store was finished the last of July. This business equipment consists of an entirely new lumber yard, with an office 24 by 40 feet, two lumber sheds each 20 by 200, a ware house 24 by 70 and all the grounds completely fenced.

The R. B. R. Implement Company has added a brick structure 25 by 50 feet to their former building and moved into it the first of August.

Mrs. T. M. Palmer built two 5-room modern stucco residences on East Third street. These are extra well located and are finished with all modern conveniences.

The outstanding residential construction is, of course, the beautiful new home of H. G. Conkwright on West Fifth Street, which is just now receiving its finishing touches. This is a two-story En-

Many Hereford Students Off for Year In College

No country needs fear for its future as long as its youth will attend colleges and universities. While probably most of Hereford's citizens know that many of the young people of the city attend schools of higher learning, The Brand is presenting this week a list of the names of those the paper has been able to learn, who will be away from home this year in the interest of a better education. Perhaps the list in itself is educational to those at home. The Brand is fully aware that probably there are some whose names were not learned, for which the paper is very sorry. The list follows:

Ruby and Margaret Thompson, daughters of Mr. and Mrs. A. O. Thompson, will be in Simmons University at Abilene, where Miss Margaret will be a senior and Miss Ruby a freshman.

Ruth, daughter of Mr. and Mrs. Leo Wolfe, will enter Tech. College at Lubbock.

William, son of Mr. and Mrs. J. T. Mitchell, will go to A. & M. College.

Imogene, daughter of Mr. and Mrs. John L. Wilson, will be in Baylor University at Waco.

Ruth, daughter of Mr. and Mrs. E. G. Conkwright, will be a sophomore at Baylor.

Virginia, daughter of Mr. and Mrs. W. M. Stovall, will enter W. T. S. T. C. Canyon.

Alton, son of Mr. and Mrs. J. H. Miller, will be a student at Lubbock Tech.

Virgil, daughter of Mr. and Mrs. G. W. Brumley, will be in Simmons University at Abilene.

Mattie Lou, daughter of Mrs. E. W. Harrison, will be a student at W. T. S. T. C. Canyon.

John, son of Mr. and Mrs. John Jacobson, will be in Lubbock Tech.

Nell, daughter of Mr. and Mrs. F. M. Kester, will be a student in the College of Industrial Arts, at Denton.

Miss Dorothy Blalock will be in WTSSTC, Canyon.

Miss Lillie Smith will be numbered with those at C. I. A. at Denton.

Ella, daughter of Mr. and Mrs. H. L. Broadwell, will be a junior at State University, Austin.

Artis, son of Judge and Mrs. W. H. Russell, will be a sophomore at State U., and another son, Jesse, will be a junior at A. & M. College.

Molly Ray, daughter of Mr. and

51 Head Cattle Get Tuberculin Treatment

A wonderful response met the appeal of County Agent R. O. Dunkle for co-operation in securing dairy stock for the tuberculin test last Monday. Dr. D. F. Little of Amarillo with Mr. Dunkle visited twenty-four farms that day and administered the vaccine to 51 head of animals. Today Dr. Little is here again examining those vaccinated to learn what reaction was had.

H. B. Webb has just completed a duplex on West Fourth, with three-roomed modern apartments on each side; having ready built kitchen cabinets and other modern conveniences, double garage, and everything epic and span. This is the second duplex Mr. Webb has built. E. Miles had the construction contract.

Boone Whitaker is building an English type bungalow of stucco construction on Twenty-Five Mile Avenue in West Hereford. This is a five-room modern home, with a big sleeping porch and everything nice as can be. W. H. Craddock, who recently moved to Hereford from Cisco, has charge of the construction.

W. S. Kerr has recently completed the construction of a modern English type bungalow in North Hereford.

H. Jennings is completing a remodeling construction job in North Hereford, consisting of a new roof, stuccoing, complete interior rebuilding and decorating.

J. F. Ward has under construction the second duplex he has built this summer at Miles Avenue and Fourth streets. These beautiful apartments are of gray brick veneer, modern in every way, with hard wood floors and built to make some of the nicest living quarters to be had in Hereford.

J. S. Orr has completed a duplex on North Jewell Avenue that

J. A. MILLER IS SECRETARY HEREFORD C-C

A new Chamber of Commerce secretary has been chosen and will assume the duties of his office next Monday morning. J. A. Miller, who has recently been associated with the Amarillo Chamber of Commerce in extension work over the Panhandle, is the man selected. This announcement was made to The Brand this week by T. E. Seigler, president of Hereford's Chamber of Commerce.

Mr. Miller has had wide experience on the staff of the Dallas News, Austin American and with the Amarillo News-Globe. He comes to Hereford with the highest of recommendations and should, when acquainted with local conditions, make the city a very efficient worker. His pleasant personality will make him a favorite with those with whom he comes in contact.

Mrs. Miller and their son will come to Hereford with him next week and make their home here.

N. C. Vogele Again Joins Brand Force

W. E. Moore, who for the past several months has been associated with The Brand in an editorial capacity, last Saturday gave up his work on the paper and withdrew from the employ of The Brand. N. C. Vogele, who was an employee here during Seth B. Holman's period of ownership, is back on the "force" and has been rendering very capable assistance this week. The reception given Mr. Vogele by the business people in welcoming him back in The Brand "family" is very gratifying to the management.

151 Head Cattle Get Tuberculin Treatment

A wonderful response met the appeal of County Agent R. O. Dunkle for co-operation in securing dairy stock for the tuberculin test last Monday. Dr. D. F. Little of Amarillo with Mr. Dunkle visited twenty-four farms that day and administered the vaccine to 151 head of animals. Today Dr. Little is here again examining those vaccinated to learn what reaction was had.

Dimmitt C. of C. Here Short Time On Wednesday

A call for a special meeting of the Deaf Smith county citizens at a Chamber of Commerce luncheon Wednesday noon was sent out by telephone that morning, and for the short time allowed a very creditable turn-out was made. The occasion was a trip of the Dimmitt Chamber of Commerce boosters who had graciously included Hereford in their itinerary being made to tell the Plains country about the Castro County Fair to be held at Dimmitt next Friday and Saturday.

The Hereford bunch was waiting at the Baptist church for the Dimmitt crowd when they arrived with all their automobile horns blowing at 12:30. Fifteen cars of them counted out forty-eight Castro county enthusiasts, who immediately in true western style proceeded to make themselves at home. Very little visiting was done until the call to luncheon was given and all got down into the church basement in short order to do justice to one of the finest feeds ever put out in the city. Rev. N. M. Gilbert of Dimmitt gave the invocation. Necessarily most of the conversation for a while was of the short distance variety because everyone was pleasantly engaged with other things coming before them.

President T. E. Seigler of the local Chamber of Commerce, pre-

(Continued on Page Seven.)

F. N. Welch Buys Into Local Firm

A business change was consummated last week whereby F. N. (Ford) Welch of Friona became the partner of his brother, Fred Welch, of this city, in the firm that will now be known as the Welch Machinery Company. Mr. Welch purchased the half interest of the Welch & Jones Implement Company from W. N. Jones. Mr. Jones has not made any future plans, but will in all probability engage in some line of business here.

The new company will operate at the same place as the old firm, the Britain-Dunlap building on South Main Street.

Red Cross Work Discussed at Meeting

Members of the local Red Cross board met last Tuesday night in the offices of the president, Ralph Barnett. A number of questions came up for discussion, relative to the betterment of the Red Cross situation here. One of the business transactions was the election of a new president, C. W. Humble. Mr. Barnett having previously resigned after having served the organization well for the past five years.

Miss Charlotte Murray of Albuquerque, New Mexico, and a field worker for the Red Cross in this territory, was present and gave them valuable information relative to gathering. Mr. Humble announced that a new board will be named, and announced in The Brand next week, also plans for the annual drive, November 11.

Fifty-Three Transfers to Hereford

According to figures made public Saturday by Earl W. Wilson, county superintendent of rural schools, a total of 53 pupils have transferred to the Hereford public schools from rural districts. Of this number 36 were transferred to the Hereford high school and 17 to the various grade schools of the city.

Transfers by districts were:

District	Grade	H.S.	Total
No. 1	0	5	5
No. 2	4	3	7
No. 4	3	6	9
No. 5	3	7	10
No. 7	6	11	17
No. 8	1	4	5
Total	17	36	53

BUYS STOCK OF TIRES.

N. J. Lennox bought the stock of tires and accessories of the Texas Filling Station from Chas. Gatlin. Mr. Lennox took charge of his new business the first of this week.

NEW LAUNDRY TO BE READY AT EARLY DATE

Hereford's laundry site has been located and work will begin at once on the construction work, according to the word given the Brand this morning by the Chamber of Commerce, and by W. H. Griffin, who will be in charge of the construction work. The laundry will be situated on the corner east of the Panhandle Lumber Company, and will be housed in a building 36 by 90 feet.

M. Howard, who is installing the plant, says he will put in equipment capable of doing the very best of laundry work, and add features to soften the water used before laundering, thus assuring the very highest type of work. The plant will be rushed to completion at the earliest possible date.

"Father and Son" Program by Masons

Hereford members of the Masonic Lodge are making preparations to carry out their "father and son" program this evening in good order. Visiting Masons from neighboring lodges have sent word that they will be on hand for the entertainment.

Commissioners Set Tax Rate for This Year

At a called meeting of the Commissioners Court held Friday, the county tax rate was set at 90 cents per \$100 valuation.

The increase of 15 cents over the 1928 tax rate is accounted for by the special road tax of 15 cents which was voted by Deaf Smith county voters a few weeks ago.

With the exception of the special road tax, the other items in the 1929 rate are the same as that for 1928, being divided as follows: roads and bridges, 12 cents; general improvements, 12 cents; jury, 11 cents; county hospital, 12 cents, of which six cents goes to the interest and sinking fund and six cents to local management; and the general funds, 25 cents.

The appropriation of five cents per \$100 valuation for a free county library, decided upon last week by the Commissioners Court is taken from the general fund and no additional tax is levied in order to provide for the library or its maintenance.

School taxes in the various districts were set by the Commissioners as follows:

Common school district No. 1: Interest and sinking fund	\$.20
Local and maintenance	\$.90
Total	\$1.10
Common school district No. 2: Interest and sinking fund	\$.15
Local maintenance	\$.85
Total	\$1.00
Common school district 4	\$.50
Common school district 5	1.00
Common school district 6	\$.50
Common school district 7	\$.50
Common school district 8:	\$.25
Interest and sinking fund	\$.25
Local maintenance	\$.75
Total	\$1.00
County poll tax for 1929 is	25 cents.

The state tax rate has been set at 68 cents per \$100 valuation. Hereford Independent school district tax rate is \$1.00 per \$100. The city tax rate, which last year was \$1.35 per \$100 valuation, has not yet been announced for 1929 by the city council, but it is expected that the rate will be decided this week.

Total valuation for Deaf Smith county for 1929 is announced as approximately \$3,380,000. The total valuation for the county in 1928 was \$3,338,955.

With the announced tax rates, those tax payers living in Deaf Smith county outside the city limits will pay a maximum of \$2.53 per \$100 valuation, which includes state, county and school district taxes. Those living inside the city limits of Hereford will pay this amount plus the city tax, which last year amounted to \$1.35 per \$100 valuation. With the same city tax rate for this year, or a slight increase, the tax payer within the city limits will pay a total of slightly less than \$4.00 per \$100 valuation.

Locals

Mr. and Mrs. M. B. McLean arrived home last Thursday from Denver and other points in Colorado.

Richer, clearer and purer tones than were ever before known to radio are found in the PHILCO.

Mr. and Mrs. J. B. McMinn of Canyon, were here last Saturday visiting in the home of Mr. and Mrs. J. F. Ward. The McMinn's spent the first of the week at Muleshoe visiting their son, Perry McMinn.

The famous Thomas wheat drill in both standard and deep furrow. None better on the market. See them at J. A. WEAR IMPLEMENT STORE, first door south of the City Hall.

Miss Ethel Rice, of Lockney, motored to Hereford last Friday evening. Miss Rice was here visiting her parents, Mr. and Mrs. H. L. Rice.

Elk Dunlap of Dallas is here this week looking after his wheat planting on his farm northwest of town.

Misses Opal Cawthon and Ruth Moore visited last week in Vernon, Childress and Wichita Falls, Texas. While in Vernon they visited Mary Ester, formerly of this city.

Mr. and Mrs. John Flanagan of Dimmitt were Hereford visitors last Saturday.

Tonal fidelity that is note-perfect—hair-line selectivity—tremendous distance range—that's PHILCO reception.

Mr. and Mrs. Henry Cox and little daughter, of Pampa, arrived here last week and are visiting in the homes of Mrs. Cox's two sisters, Mmes. Cal Walker and Rat Jowell.

I buy my Drugs at CLARK'S.

Mrs. John Burch and daughter, Miss Eula Lee, were here the latter part of last week.

Mr. and Mrs. Ray Hershey reached home the latter part of last week from Abilene, Texas.

\$350.00 buys fine block of ten lots, gas available. L. BASKIN, Owner.

The Papee hammer mill feed grinder is the greatest mill invented to date. Has governor control and will grind from four to six thousand pounds per hour. This machine and its work must be seen to be appreciated. J. A. WEAR, first door south of City Hall.

Mr. and Mrs. D. M. Rayzor and little daughter, Billie Maxine, spent Sunday in Canyon visiting with relatives and friends.

NOTICE IN PROBATE

THE STATE OF TEXAS,
To the Sheriff or Any Constable of Deaf Smith County, Greeting:

You are hereby commanded to cause to be published once each week for a period of twenty-one days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Deaf Smith County, a copy of the following notice:

THE STATE OF TEXAS
To all persons interested in the estate of Christian H. Ehlers, deceased; be it known that John

Ehlers, of the County of Seward, State of Nebraska, has filed an application in the County Court of Deaf Smith County, on the 6th day of September, 1929, for the probate of the last will and testament of Christian H. Ehlers, who departed this life on the 18th day of November, 1928, in Seward County, Nebraska; that a duly certified copy of said will probated in Nebraska be entered in the probate records of this county as provided by law, and that Letters Testamentary issue to John Ehlers, which said application will be heard by said court on the 7th day of October, 1929, at the Court House of said county, in Hereford, at which time all persons who are interested in said estate are required to appear and answer said application, should they desire to do so.

Herein fall not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Hereford, Texas, this 6th day of September, 1929.
(SEAL) L. H. FOSTER,
Clerk, County Court, Deaf Smith County, Texas.

TRUSTEE'S NOTICE OF SALE

Notice is hereby given that on the first day of October, 1929, between the hours of ten o'clock a. m. and four o'clock p. m., I, Frank F. Ferry, Trustee, shall proceed to sell at public outcry in front of the court house door of Parmer County, in Farwell, Texas, to the highest bidder for cash, the following described property situated in Deaf Smith and Parmer Counties, Texas, to-wit:

Three hundred and twenty (320) acres of land out of Capital League Number 448, and out of Capital League Number 449; and particularly described as the Fourth one-half (S. 1/2) of Survey or Section Number Thirty (30) of Township Number Two (2) North, of Range Number Four (4) East, of a "Capital Syndicate Subdivision" as shown by Plat of such Subdivision of record in the Deed Records of said Counties of Deaf Smith and Parmer in the State of Texas, Volume 19 and 5 at Pages 23 and 394 respectively. Patented to Abner Taylor. Located about 38 miles west and 6 miles south of Hereford, Texas, and about 24 miles north of Farwell, Texas.

Said sale is to be made at the request of John V. Farwell, Francis C. Farwell and Arthur L. Farwell, the present holders of the notes hereinafter mentioned, and by virtue of the authority conferred upon me by the terms of a deed of trust executed by L. J. Wilson, dated Fifth day of September, 1917, and recorded in Vol. 17 and 18 at pages 510 and 154 respectively, of the Deed of Trust Records of Deaf Smith and Parmer Counties, Texas, whereby the said L. J. Wilson conveyed to me, as Trustee, the above described property, for the purpose of securing the payment of certain notes executed by the said L. J. Wilson particularly described in said deed of trust, and the proceeds thereof will be applied to payment of the balance due upon said indebtedness, the expense of making said sale, and the remainder, if any, paid to the said L. J. Wilson or his order, all in accordance with the terms of said deed of trust.

Witness my hand this the twenty-eighth day of August, A. D. 1929.
FRANK F. FERRY,
Trustee.

**Auction Sales Are Profitable
Two Buyers Are Better Than One**

The more buyers you have bidding against each other for whatever you are offering for sale, the higher price you are going to get for it.

You Know That Is True

So, when you want to sell your livestock, household goods, farm machinery or even your farm, town lots or a stock of merchandise, why deal with just one buyer, and take only what he offers, when you could easily have a number of buyers bidding for the property? If you want all you can get for your property, of any kind, when you sell it

Hold An Auction Sale

You get more buyers and you get more money. As an auctioneer of a number of years of experience, I know how to bring the crowd of buyers to your sale; how to arouse their interest and how to get them to buy. Ask some of those for whom I have held auction sales.

Everyone Has Money Now

"The early bird gets the worm" and the early seller is going to get the money. Write or see me now if you plan on holding a sale.

Marquette
DELIVERS PERFORMANCE THAT ONLY BUICK BUILDS

Into the Marquette, Buick has built an extra margin of every quality that makes an outstanding leader. On the road the brilliant performance of this swift, smart new six is unmatched by that of any other car of comparable price. Nowhere in the thousand-dollar field can you find such thrilling response, such effortless speed, such big reserves of power.

Only Marquette with its priceless background of Buick craftsmanship can offer such superlative performance at moderate cost. Only Marquette in the thousand-dollar class has an engine of 212.8 cubic inch piston displacement. Marquette alone provides the extra endurance and extraordinary economy of operation that Buick alone knows how to build.

And this handsome new six has even more to offer than supreme performance and economy. In its class, Marquette is the only car with the remarkable new waterproof, dustproof, wearproof upholstery and the wonderful new non-glare windshield. A host of other exceptional features contributes to its completeness: Dustproof, tilt-ray headlights. Four Lovejoy hydraulic shock absorbers. Big, smooth, fully-enclosed brakes. Airplane-type stepped-size bearings. A completely sealed engine. Beautiful, harmonizing finish, inside and out. Perfect fittings and appointments.

Here is one of the smartest cars on the road . . . setting the style with new, low-swing, faultlessly tailored bodies by Fisher . . . and providing performance unmatched in the moderate-price field. See it—drive a Marquette today and know why the world is saying: "A GREAT PERFORMER!"

Here and There.

This community was visited by light shower Sunday evening. There were 65 present at Sunday school last Sunday morning. Rev. Mr. Bright of Dimmitt preached at 3:30 in the afternoon. Mr. and Mrs. Joe Andrews visited friends and relatives at Wellington last week. Mr. and Mrs. W. S. Dixon were recent Carlsbad Cavern visitors. Mrs. K. R. Hunter and Mrs. Staples took their mother, Mrs. Logan, to Temple last week where she entered a sanitarium for medical treatment. Her many friends of Frio hope to hear of her rapid improvement. Mr. and Mrs. Leo Williams and Mrs. Oscar Campbell were Floydada visitors the latter part of the week. Mr. Gillispie of Pampa, who recently purchased a quarter section of land from Harry Lane, moved his family here last week. Mr. and Mrs. Earl Springer, Mr. and Mrs. A. T. Jones, Mr. and Mrs. C. E. Tice and Mrs. G. F. Springer were Sunday visitors at the H. M. Mobley home. Frio school began Monday with Mrs. Stagner and Mrs. J. L. Fuqua, Jr., as teachers. Mr. and Mrs. Coy Hawkins of Clovis spent Sunday at the C. M. Bell home. Mr. and Mrs. Chamness spent Sunday afternoon at the Whitefield home. Mr. and Mrs. Andrew Gilliam, Mrs. Springer, Miss Tiny Lee and Miss Gladys Jones spent the weekend at Roswell. Mrs. Atchley and children moved to Friona last week where Mr. Atchley has been working during the summer. Mr. and Mrs. J. E. Harlen called at the Gleave Owen home at Summerfield Saturday night. Misses Alma and Ruby Andrews, Maxine Tice and Helen Jones spent Sunday with Moelle Whitefield. Mr. and Mrs. J. J. Lindsay took their son, Harvey, to Kenn, Texas, Sunday, where he will enter the school there. They also will visit with Mrs. Lindsay's parents at Lockney. Mr. and Mrs. Andrews took Sunday dinner at the Sparkman home. Mr. and Mrs. H. M. Mobley have moved back to the Estes place so as to be nearer school. Rev. Ansmers of Lubbock will preach at Frio Saturday night, September 28, instead of on Sunday night, but after that date his appointment will be the same as before.

Ward News Notes

Mrs. Caraway returned to Abertnathly last week to be with her sister who was to undergo an operation the latter part of the week. Mr. and Mrs. Jim Lipscomb took supper with Mr. and Mrs. G. M. Suggs Sunday night. Mr. and Mrs. Jack Hutson visited in the home of their daughter, Mrs. Sonny Ledbetter at Vega last Sunday afternoon. Misses Bob Higgins, Jim Lipscomb and G. M. Suggs were guests at the Ford Community Club meeting which was held at the Bill Schwartz home last Thursday afternoon. Mr. and Mrs. Jeff Roberson and son, Edward Ray, and Miss Beatrice Hutson were Sunday dinner guests in the home of Mr. and Mrs. Wiley Roberson. Mrs. Bob Higgins spent Sunday afternoon with Mrs. Suggs. Miss May Harrison spent the week end in the home of her sister, Mrs. Lois Rushing at Dimmitt. Misses Lipscomb, Suggs and Higgins called on Mrs. Crutchfield last Thursday afternoon. Miss Houghts spent the week end in Hereford with home folks. Mrs. Suggs called on Mrs. Jim Lusk Friday afternoon. Mrs. Upton and little daughter, Juanita, of Summerfield, visited Mrs. Roberson Friday afternoon. Alton Higgins left Tuesday for Lubbock to enter the Texas Tech for his second year's work. Mrs. George Lewis left the latter part of last week for Leavenworth, Kansas, to visit relatives. Mrs. Earl Phillips and Mrs. J. B. Phillips were callers in the Suggs home Friday. Mr. and Mrs. Saltzman and family visited in the home of Mr. and Mrs. Lisenbe Sunday afternoon. Miss Garrett spent the week-end in the home of her aunt, Mrs. S. M. Hicks in the Walcot community. Misses Saltzman and Roberson called on Mrs. Suggs last Monday morning. Miss Anna Copeland and Mrs. J. E. Copeland spent the week-end with home folks.

SUDAN GRASS MAKES FINE PASTURE IN TEXAS

College Station.—Adapted as a hay and pasture crop to virtually all farming sections in Texas, sudan grass is the most important cultivated pasture crop in Texas, it is pointed out in a recent bulletin of the experiment station, A. & M. College, prepared by R. E. Karper, J. R. Quincy and D. L. Jones of the station's headquarters and field staff. Sudan grass is an annual grass sorghum introduced to and first planted in the United States in a small rod row plot at the Chillicothe substation in 1909. This introduction was made from the Sudan region of Africa by the office of foreign seed and plant introduction. Virtually all the sudan in the United States at present came from the small beginning at the Chillicothe station. The South Plains region of Texas is the principal seed producing area for the United States. When grown in rows sudan furnishes more continuous pasture than broadcast planting, especially if the season be favorable. Growing in rows for pasture also allows heavier rates of seeding than are necessary for hay production are desirable when planting for pasture, since thicker planting will allow earlier grazing and tends to reduce trouble from weeds. In Texas small grain for winter pasture and sudan grass for summer pasture furnish a combination that provides grazing throughout virtually the entire year. **NORTEX OATS DESIRABLE TO ELLIS COUNTY FARMERS** Waxahachie.—Increased yields of from 12 to 25 bushels per acre over common varieties of oats have been harvested this year by Ellis county demonstrators who have grown Nortex oats. This strain of oats was developed by the Denton Experiment sub-station and was introduced into Ellis county two years ago by the county agent. Moran impresses strangers as a church town because of its several beautiful church buildings. Close to \$70,000 is invested in the buildings.

TIME SOON HERE TO PLANT SMALL GRAIN PASTURES

College Station.—Pointing out that oats, barley, rye and wheat are all valuable winter pasture crops for livestock and poultry in most parts of Texas, as well as serving a very useful purpose as cover crops to hold available food for plants in the soil, E. A. Miller, extension agronomist, suggests early sowing of these crops to get the most out of them. Experience has shown, he says, that small grains sowed by the middle of September furnish more grazing than crops seeded later. To get early pasture these crops may be drilled between cotton or corn or grain sorghum rows with a small grain drill, or may be broadcast and then covered by the use of a fine tooth one row cultivator, harrow or other scratcher. Seeding should be thick at the rate of about 90 pounds per acre, if grazing is desired. When the crop is to be saved for grain as well it is advisable.

Mr. Miller states, to spray out or barley seed with a formaldehyde solution at the rate of about one pint of formaldehyde to ten gallons of water to prevent smut. This amount will be enough to treat 40 bushels of seed. After spray-

ing the seed should be shovelled over two or three times, placed in a pile and covered with a wagon sheet for several hours. It may be sowed without further drying. Wheat smut is controlled by the copper carbonate treatment. The seed is placed in a tight contain-

er so arranged that it can be revolved on an axis. From two to three ounces of powdered copper carbonate should be sprinkled on each bushel of seed and thoroughly mixed by revolving the contain-

THIS MAN SAYS SWEET CLOVER IS BEST PASTURE

E. R. Barger of west of Muleshoe, has proved to his satisfaction that white sweet clover is the best all season pasture for this part of the Plains. The first reason Mr. Barger gives for preferring the clover is that dry weather does not have any serious effects upon it. One acre of clover will make ample pasture for three to four head of dairy cows under any conditions, with plenty to spare. He has twenty acres planted to clover which he will cut for seed August 15. When asked if sweet clover did not give the milk a bad taste when used as pasture, Mr.

Barger said: "It is quite a common belief that clover will give milk a disagreeable taste. This is erroneous. When clover is not planted at the proper time a poor stand is the result. Consequently there are about as many weeds as there is clover. When cows are turned on this pasture they eat weeds with the clover which will taint the milk."

"Clover may be planted in May or June, but I prefer fall planting," Mr. Barger said. "This will eliminate the weeds as a perfect stand may be obtained if the soil is prepared in the right way. August or September is the best time and 8 to 10 pounds of seed to the acre is about right. The pasture season is from about March 15 to December 1. Stock should not be turned on the pasture when there is a heavy dew as there is danger of bloating. The hay should be cut when the clover first begins to bloom and should be stacked as soon as it can be raked."

Mr. Barger said that stock seemed to prefer the hay to most any kind of green pasture. The cost of seed for planting is considerably less than alfalfa and anyone interested in planting clover and desiring further information or assistance should inquire at the Blackwater Valley State Bank—Muleshoe Journal.

"OLD SETTIN' HEN" LOST RACE WITH MODERN HEN

The fluffy old mother hen continues to lose out in the race with the mechanical substitutes, but she is still on the job, according to the reports sent to the U. S. department of agriculture by crop correspondents of the bureau of agricultural economics. About 43 per cent of all chickens raised are hatched under hens, the reports indicate. Incubators on the farm hatch about 24 per cent of the chickens raised, and eggs supplied by farmers and hatched for a fee amount to about 10 per cent. Commercial hatcheries now hatch

about 23 per cent of the annual baby chick crop.

A distinct difference is evident when regional areas are compared. In the South Atlantic states from Virginia to Florida, and in the South Central states the hen holds her own and hatches about two-thirds of the chicks as compared with all others, Rhode Island with only 14 per cent of hen-hatched chicks is the lowest in this respect, and in no other states is the percentage lower than 20. The North Atlantic states and the Western states buy the largest proportions of baby chicks, 45 per cent and 41 per cent respectively; Farm hatching of chicks in incubators is most popular in the North Central states more than 30 per cent being reported from this source. Missouri and Kansas each with 40 per cent of their chicks hatched in incubators on the farms are high in this group.

W. C. Morgan left the first of the week for Lubbock where he will attend Texas Tech. Mr. Morgan will enter the university to take a four years banking course. Howard Hershey will fill Mr. Morgan's place at the Popular Store.

Mr. and Mrs. Frank Ball motored to El Paso last week, returning home the latter part of the week. Enroute home they stopped over at Sweetwater and Lubbock.

Mrs. C. V. Steele left Monday for Greenville, New Mexico, where she was called by the death of Mr. Steele's father, A. G. Steele, Sunday night.

ETHYL to stop knocks

CONOCO gasoline to give you extra miles

the greatest combination you can put in your car

THE amazing way in which Ethyl stops knocks and gives a steady flow of power, no matter how old or how full of carbon the motor may be, is one of the marvels of modern engineering skill.
 By adding "Ethyl" to a gasoline especially refined to give you extra miles in every gallon used, Conoco Ethyl offers you a motor fuel different from anything else you can put in your car.
 Driving economy plus the greatest of driving comforts—no need to worry about every little extra load on your motor, no need to throw her into second on every hill, no need of frequent carbon removal!
 Conoco Ethyl is another example of the extra value in gasoline and motor oil which the greater Continental Oil Company is offering to motorists.
 Stop at the new red triangle Conoco sign and fill up with Conoco Ethyl today. Enjoy the greatest driving pleasure you have ever known.

EXTRA KNOCKLESS MILES

Drive a Chevrolet Six!

—so Delightful to Drive!
 The Chevrolet Six delivers its power with that smooth, even, velvety flow which characterizes the truly fine automobile. At every speed, you travel without the slightest annoyance from vibration. Equally delightful are its comfort and handling ease. Four long semi-elliptic shock absorber springs provide the road balance found in the finest cars. And the steering gear is equipped throughout with friction-free ball bearings.

—so Economical to Own!
 Many people still do not appreciate how little it costs to own a Chevrolet Six. You can actually secure a Chevrolet Six for practically the same cash and monthly payments you would expect to make for any low-priced car. Furthermore, it is unusually economical to operate—better than 20 miles to the gallon of gasoline, with unusually low oil consumption. Come in for a demonstration today!

—so Durable and Dependable!
 The Chevrolet Six is built to the world's highest standards. Its design represents more than four years' development and testing. Materials are carefully selected. Highly skilled workmen perform every manufacturing operation. And inspection is rigorous and continuous. The result is quality so high that you can confidently look forward to thousands upon thousands of care-free, dependable miles!

Judge Tatum Returns From Trip In East

During an interim between court sessions recently, Judge Reese Tatum, of the 69th District Court, enjoyed a brief vacation trip to a number of Eastern Cities, including New York, Washington, Baltimore, Kansas City and St. Louis, and numerous other cities.
In New York City Judge Tatum met Martin W. Littleton, famous lawyer who is a former resident of Texas, and in Washington, D. C., had the pleasure of meeting Senator Tyson of Tennessee, Justice Sanford of Tennessee, a member of the United States Supreme Court, and Senator George of Georgia.
Judge Tatum said that half an hour after he alighted from the train at St. Louis he met Douglas Fox, of the Fox Mercantile Co., of this city. In fact, stated the Judge, in practically every city in the East which he visited he met someone from Texas whom he knew.
Among the interesting experiences encountered at Philadelphia, Judge Tatum enjoyed occupying temporarily the chair at Independence Hall that was used by John Hancock when he presided over the Continental Congress and which also was used by George Washington when he presided over the Constitutional Convention.
One of the largest judicial districts in Texas, including a total of seven counties and embracing a territory 230 miles long by more than 150 miles wide. The counties are Deaf Smith, Parmer, Oldham, Hartley, Dallam, Sherman and Moore.

OUTLOOK FOR POULTRY BIG

Never in the history of the poultry business in this country has it been so flourishing and the market so hot, said Walter Burton, superintendent of the poultry department of the State Fair of Texas, who has returned from a trip to Northern and Eastern States on behalf of the 1929 State Fair Poultry Show October 12-27. He attended the International Baby Chick Hatchers' Association convention at Minneapolis and the American Poultry Association convention at Springfield, Mass., the poultry shows at the Illinois State Fair at Springfield, Ill., and the Central States Exposition at Aurora, Ill.
Mr. Burton said more than 40,000 birds were shown at each of the expositions and that practically all of the exhibitors were interested in the Texas State Fair poultry show.
In New York City Mr. Burton visited the poultry market. He said the market was more than 1,000,000 turkeys short on the coming season and that the dealers there had predicted a great fall business for turkeys and all kinds of poultry.
He also visited a number of the duck ranches on Long Island.
Dealers of the North and East are looking to the Southwest to supply the poultry and turkeys needed to overcome the shortage.

Roswell Meeting to Discuss Future of U. S. Highway 366

Amarillo, Hereford, Clovis, Portales, Roswell, Alamogordo and El Paso and intervening towns are to be linked with an active highway association if plans go through at a meeting called at Roswell, September 23. This will be known as Highway 366 Association, the route following United States Highway 366, which extends from Amarillo to El Paso, connect U. S. Highways 66 and 164 with U. S. Highway 80 at El Paso. The meeting has been called by the Clovis Chamber of Commerce, and will be held in Roswell because of the more central location.

Those calling the meeting and interested in promoting travel along this route point out that it is a logical winter and summer route and that road conditions are good. The road is surfaced practically the entire distance through New Mexico from Farwell at the New Mexico line to El Paso, and much of the road in the Panhandle of Texas is surfaced.
Attention is also called to the fact that this route enables tourists going west to visit the famous Carlsbad Cavern, the trip being made to the cavern from Roswell over New Mexico Highway No. 2. There are other scenic attractions along 366 which tourists enjoy, the promoters say. These include the Lincoln National Forest, the Mesquero Apache Indian Reservation, and the famous White Sands. The distance from Amarillo to El Paso over this route is 435 miles.

R. B. CLUB HONORED

Dr. and Mrs. G. W. Heard were hosts Friday evening at a lovely four course dinner, honoring the boys of the R. B. Club, who are leaving for college.
In a room made beautiful with autumn flowers, covers were laid for Aton Miller, Bill Parker, Oliver Ray, Paul Wright Barnett, Keith Guthrie and George Heard. After the dinner the boys were entertained in the home of Mr. and Mrs. Ralph Barnett with a bunking party and waffle breakfast.

THE STUDIO MURDER NEXT THURSDAY AND FRIDAY

A talking thriller supreme awaits talkie patrons at the Star Theatre Thursday and Friday nights of this week.
Vengeance stalked that night on the shadowy stages of Hollywood's largest all talking picture studio. The world's most popular actor is found dead. Hollywood alive with police, investigators, detectives! Who killed Richard Hardell, screen-dom's most popular star?
See and hear this baffling mystery story. Follow the mystifying clues. See all talking moving pictures in the making. Listen to the dazzling lighted studio stages. Watch the players at their work. Can you beat the police to the killer?
Two million people thrilled to the story when it ran serially in Photoplay Magazine. Paramount has made it into a gripping, all-talking moving picture. Equalling "The Canary Murder Case" for thrills, action and mystifying drama. Acted by a cast of stars including Neil Hamilton, Doris Hill and Frederic March. Directed by Frank Tuttle.

MOTHERS ENTERTAINED

The Junior G. A. girls of the First Baptist church, entertained their mothers and several visitors Friday afternoon, September 13, at the church building with a program which consisted of songs and readings. Refreshments of cocoa, marshmallows, cookies and sandwiches were served after the program to seventeen girls and ladies.

LOW RATES FOR FAIR VISITORS

One-cent fares to Amarillo from various Panhandle points will be offered by the Rock Island, Santa Fe and Fort Worth & Denver railways on Wednesday, September 25, which has been designated as Early Settlers' Day by the Tri-State Fair Association, Wilbur C. Hawks, president, announces this week.

Mr. and Mrs. Walter Nance and small son, Billie, of Clovis visited in the C. H. Dyer home Monday. They were accompanied home by Mr. Nance's mother, Mrs. T. G. Nance, who will spend a few days in their home.

Dunkle Wants All Seed Wheat Disinfected

With the majority of the farmers in this territory preparing to start sowing wheat within a few days, R. O. Dunkle, county agent, is calling attention to the importance of treating seed wheat with copper carbonate dust before planting it in order to avoid loss through reduction of yield and through dockage at the elevators because of smut.

P. C. Mangelsdorf, Agronomist of A. & M. College, who is in charge of corn and small grain investigations in Texas, states that treating seed wheat with copper carbonate dust is the one sure way of preventing smut in wheat. Treating seed wheat with copper carbonate dust is urged by the U. S. Department of Agriculture and by the Texas A. & M. College, states Mr. Mangelsdorf and if properly applied to the seed wheat will prevent smut.

Directions for applying copper carbonate dust to seed wheat is given by Mr. Mangelsdorf as follows:

Any method that thoroughly mixes the grain with the chemical and results in a coating of carbonate dust on every seed may be used. For treating small amounts of seed a small rotary churn is satisfactory. For larger amounts a barrel or fuel drum mounted on an axle so that it may be readily revolved is commonly used. One of the most simple and easily constructed mixers consists of a metal drum with a three-fourths or one inch pipe run through diagonally from top to bottom and mounted on a pair of standards or "horses," with another section of pipe used as a handle.

"The grain may also be mixed with the chemical in a concrete mixer or by shoveling on the floor or by stirring the dust into the seed box of the drill. These methods are not recommended, though, because they expose the operator to clouds of copper carbonate dust, which is a poison and when inhaled causes irritation of the mucous membranes and nausea.

"If exposure to the dust cannot be avoided, the operators should be protected by respirators or moist cloth over the mouth or nose.

"When applied in a closed mixer copper carbonate is used at the rate of two ounces (two heaping tablespoons) per bushel of seed. If applied by other methods, more dust will be required. Copper carbonate, fine enough to pass through a 200 mesh sieve and with a copper content of about 52 per cent is generally recommended for treating seed. Coarser dusts or dusts with a lower copper content require the use of larger quantities of the dust and increase the expense of operations. Copper car-

bonate dust of the required fineness and percentage of copper may be obtained, states Mr. Dunkle, at any of the local drug stores for only a few cents per pound. Usually, he says, seven or eight bushels of seed wheat can be treated with copper carbonate dust for about 25 cents. Seed can be treated at any time before sowing, states Mr. Dunkle, and can be stored indefinitely without danger of injury to germination.

As a convenience to farmers who will plant large quantities of wheat, the S. E. Cone Grain Co. has installed at their elevator here machinery for treating seed wheat with copper carbonate dust at only a small charge per bushel.

AMARILLO ODD FELLOWS TO CELEBRATE

There is to be a big birthday party at the Odd Fellows' Hall, Amarillo, on Tuesday evening, 8:00 o'clock, September 24, in honor of the anniversary of the founding of Rebekahism. This party is for all branches of the Order in the entire Panhandle.

An appropriate program has been arranged and a good time is guaranteed to all.

Chamber Commerce Luncheon Monday

The bi-weekly luncheon of the Hereford Chamber of Commerce will be held at the Hereford Hotel next Monday noon. This was announced by President Seigler this morning. He said that matters of great importance to the city's interests would be up for discussion and it was very urgent that all members, as far as possible, be present.

STORK SPECIALS

Born to Mr. and Mrs. A. C. Hayes, a son, September 16.
Born to Mr. and Mrs. B. E. Roberson, a son, September 16.

MRS. STEWART ENTERTAINS

Mrs. Herman Stewart entertained a number of friends Sunday with a birthday dinner, honoring the birthdays of her husband and little daughter. The daughter celebrated her first natal day. A delicious dinner, with two large birthday cakes, was served to Mr. and Mrs. Art Grimes, Mr. and Mrs. Davis Stewart and family, Mr. and Mrs. J. W. Clark and Mr. and Mrs. Robbins of Canyon.

LAYMAN PUBLIC SALE

The A. T. Layman public sale held Wednesday of this week in the Jumbo district was a good one. Reg. Barber, auctioneer, who stated they had a good attendance and that practically everything was sold well. Mr. Layman and family are leaving for Colorado Springs, Colorado, where he will engage in some kind of business.

Umbarger Sale To Attract Many Buyers

One of the biggest sales of the season is billed for September 19, 20, Thursday and Friday of this week, at Umbarger. The sale consists of the entire stock of merchandise of the Umbarger-Medcattle Company, S. C. McAdams owner. Along with this large stock will be offered new and second-hand tractors, plows, hardware, farm implements, oil, grease, meat cooler and a number of household necessities. Col. Ray Barber will be auctioneer and B. R. (Dick) Dickson will officiate as clerk. Mr. McAdams and family moved to Hereford last week.

NEW "M" SYSTEM MANAGER

Claude Longbottom, former football star and graduate of the local high school, accepted the position as manager last Monday of the "M" System grocery store, owned by Messrs. Frank Gyles and Lem Carlyle, and formerly managed by H. D. Reed. If Mr. Longbottom makes as good a business man as he was a football player, there is no doubt in the minds of his many friends that he will be a howling success on his new venture.

PEP CLASS ENTERTAINED

The Pep Class of the First Christian church was honored Thursday evening by Mrs. Ruby Faye Ansley at the attractive home of Mr. and Mrs. H. D. Reed.

After a line party to see "Hearts in Dixie" at the Star Theatre, the guests returned to the Reed home, where music and games were enjoyed during the evening.

A refreshment course of lime ice and angel food cake was served to Misses Carey Estes, Ruby Redin, Ruth Dozier, Edith Shields, Ruth Elliston, Lucille Hicks, Virginia Earl and Wanda Gene Reed, Mrs. Grace Elliston Hevel, Mrs. Ruby Faye Ansley, Rev. J. W. Boultinghouse, L. H. Foster, Frank Moseley, Dr. Wiltshire, Mr. and

Mrs. Harold Arnold, Mr. and Mrs. John Robinson, Mr. and Mrs. Hubert L. McEntire, Mr. and Mrs. H. D. Reed.

The Superior is THE Deep Furrow Drill. It puts the seed down in the right place, protected from winds and where it will get the benefit of all the moisture. M. D. WOMBLE. 361tc

Mrs. Grace Guthrie and son, Keith, returned this week from Kansas City, Princeton and other points in Missouri, where they visited friends and relatives.

Miss Chloee Camp, county superintendent of Curry county, New Mexico, and Miss Kate Cross were visitors over from Clovis Tuesday.

The Home Team by A. J. Dunlap

Give me a bright day again in July,
Ball diamond gleaming as slick as a rat;
Home folks all there and the score six to six,
End of the bench and the home team to bat.
Pitch me a drop again right in the groove,
Or let me feel the quick goal stirring thrill
Known to the heart of the batter alone
When he connects with the swift flying pill.

Let me steal second and third by a hair
Fly on to home and my run win the game,
Home folks all raising a hullabaloo
Shouting and whooping and calling my name.
Give me a place on the home team again
Known to the workers who play in the street.
Give me the praise of the home town again
Life has no honor as deep or as sweet.

Building

(Continued from Page One)

...a model in neatness and convenience of arrangement. It is of stucco, with hard wood floors, rooms, with beautiful interior decorations in each of the apartments. H. H. Marshall had charge of the plumbing contract.

miles north of town on Twenty-Five Mile Avenue. This country home will be modern in every way, with electric fixtures for all conveniences, which will include lighting, pumping, cooking and heating. There will be a sewer system with septic tank. The irrigation well on Mr. Jackson's farm is a big one, being installed about fifteen years ago and still going strong.

Mr. Jackson is also building a modern five-room stucco residence on another of his farms two miles farther north up the Avenue, which will be ready for occupancy in a few weeks.

L. Skypalo is building a six-room modern farm home nine miles west of Hereford, with all possible conveniences, including many labor-saving kitchen features. Mr. Skypalo recently moved to this region from near Umbarger.

A. C. Thompson recently completed extensive repairs and additions to a house on Lawton street, making it one of the most desirable in the city. This property was sold to and is now occupied by Mr. and Mrs. Paul Foster.

Dimmitt Trippers

(Concluded from Page 1)

added over the program following the repast. He called on G. A. F. Parker for the welcoming address and Mr. Parker did a good job of it. Editor George C. Smith, president of the Dimmitt Chamber of Commerce, gave a capable response in behalf of the visitors, sketching the route they had traveled this week in the interest of their fair next Friday and Saturday, and extending a warm invitation to all of Deaf Smith county to come down, see what Castro county has to exhibit and to celebrate with them. County Judge and ex-officio superintendent of schools, W. R. Avery of Castro county, then followed with a speech brimming over with optimism, progress and good cheer in which he expressed an appreciation of the fine fellowship existing between Deaf Smith and Castro counties, W. G. Bolez, who will shortly open a hardware business in Dimmitt, next spoke and told of searching through many states for a suitable location and after passing up irrigated sections of Wyoming, Idaho, Utah and Colorado had picked on the Plains country and Dimmitt for a home. He was followed by L. P. White, manager of the Panhandle Lumber Yard at Dimmitt, who laughingly told how his chief mission with the boosters was to act as "pig-tail" and bring up the rear. Mr. White was formerly president of the Dimmitt Chamber of Commerce and seemed to know his stuff, as he called attention to the amount of noise their cavalcade had made as they reached Hereford and came up to the church, and assured those present that only the fact of their being late for lunch kept them from really making a sure-enough racket.

A visitor of the day, Judge M. M. Keator of Tucuman was called on by the toastmaster, and responded with a thrilling appeal for present co-operation in citizenship which would tie up with the constitution of the Nation, and stand four-square for law-abiding everyday living. Judge Brannon, president of the Littlefield Chamber of Commerce, who with other officials of the Plateau Singing Convention was with the boosters, convulsed his listeners by declaring Castro county and Deaf Smith county were doing lots of talking, but that there was "some action" over in his part of the world. He extended an invitation to everyone to attend their luncheon any Tuesday noon and assured them of "hoss-fits" treatment.

Garrett Smith, who moves to Hereford from Borger, has just completed a four-room modern home with basement, and moved into it about ten days ago. Mr. Smith is a rig builder and is employed in the Hutchinson county fields the greater part of his time.

W. E. Moore has completed a four-room modern home on a twenty-acre tract on Twenty-Five Mile Avenue. Mr. Moore was formerly an automotive electrical worker in Denver and comes to Hereford to engage in the truck and country business.

Jim Carroll will begin in a few days the erection of a five-room modern home, with basement, English type bungalow on West Fourth Street, for which Jake Ixel has the contract.

O. B. Rutledge will build in North Hereford on Block 40, just east of his other place.

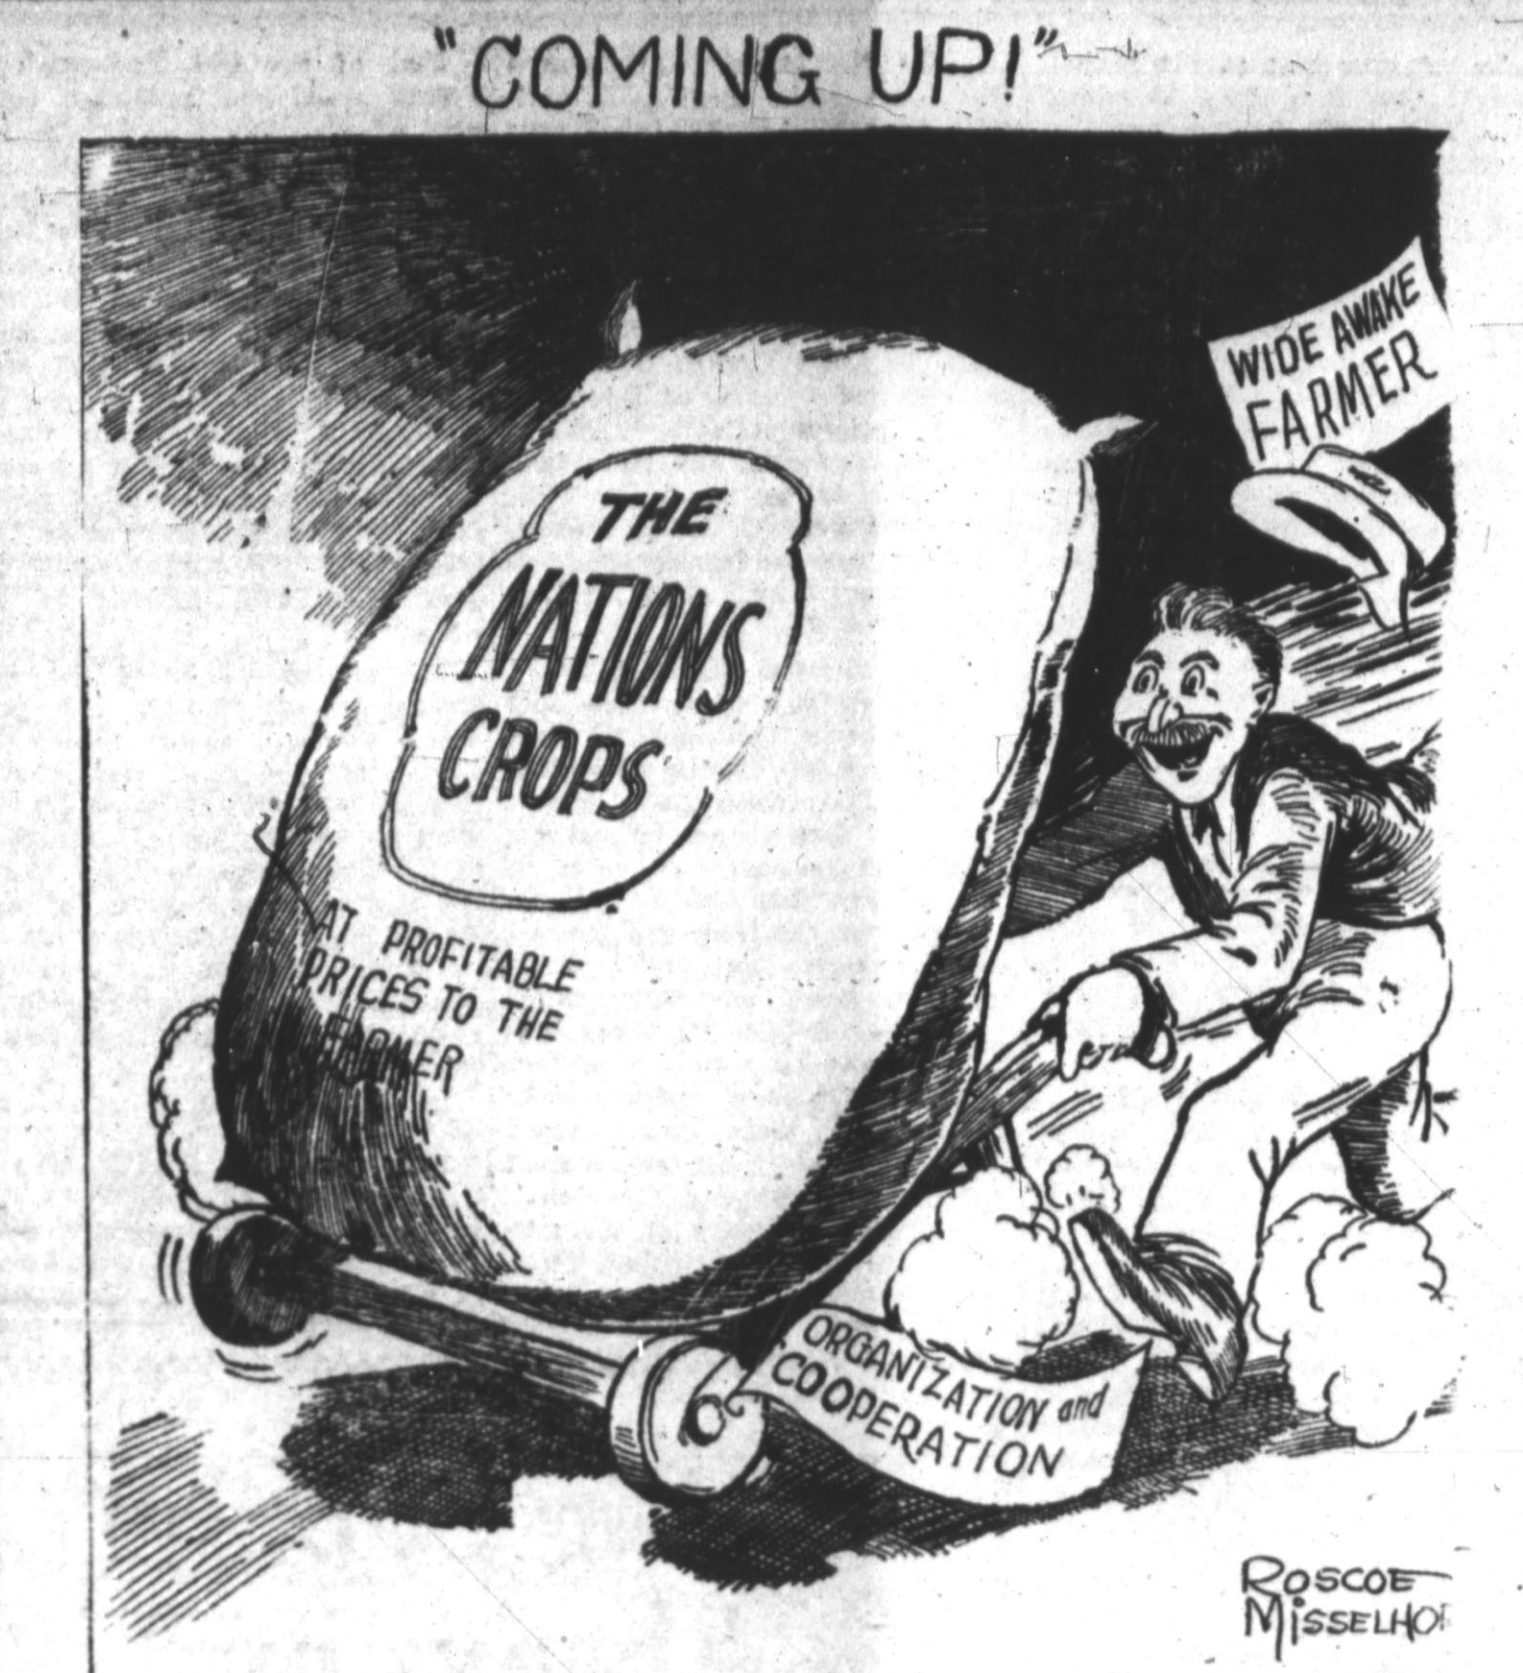

N. M. Bartley has a new five-room modern stucco on Tenth Street near the nursery, facing the City Park. This is a three-acre tract which Mr. Bartley plans to develop into a small chicken ranch. W. E. Griffin has the contract.

Mrs. Grace Hughes is building a five-room modern stucco bungalow at Miles and Sixth, with a front porch of brick and concrete, which gives the residence a very pleasing appearance. This is the second dwelling Mrs. Hughes has built in the past year.

J. H. Head is erecting a five-room modern stucco residence next to his home on West Third Street. This property will have a number of the most modern conveniences and time-saving features. W. J. Hacker is the contractor for his building.

Mrs. Beatrice Parker is remodeling the old LeGrand property on East Tenth Street, near the nursery. These improvements will consist of a new roof, stuccoing, and the installation of gas and city water piping. The plumbing contract is by J. C. Cummins-Co. Mrs. Frances Bernard and family of Englewood, Kansas, moved Saturday into their newly re-modeled modern home on East Fifth Street. The improvements including stuccoing and complete repainting and papering of the interior, and decorating was done by Jerry Cravens.

R. B. Jackson last week moved into his beautiful new brick veneer home on his irrigated farm two

BIG TENT REVIVAL OPENS IN HEREFORD

The revival in the big brown tent on North Main street was opened last Thursday night by Mr. and Mrs. Mack Wyatt, young evangelists of Houston. Mr. Wyatt is a well known minister and lecturer and student of Bible prophecy. His creed is "nothing but the Bible." The meetings are strictly undenominational and all Christian people are invited to come and assist in making these meetings a success for the cause of Christ in Hereford. Mr. Wyatt's most important subjects are "The blood covenant," "Divine healing," "The Holy Spirit," "The coming of the Lord," "Is Mussolini the Anti-Christ?" and other prophetic ser-

EVANGELIST WYATT

mones. Assisting in the revival are Mr. and Mrs. Fred A. Campbell of Wichita, Kansas, internationally known musicians and singers, who will furnish special music at each program. Every musician and singer in town is invited to attend these meetings and give special numbers in music or song, and a very special invitation is extended to all the young people in the vicinity to attend these meetings and assist in winning Hereford for Christ.

Meetings each night at 7:45 and special Sunday afternoon services at 3:00 o'clock. Everybody welcome.

COMMITTEE.

Mrs. Ella Burch and daughter, Eula Lee, of Amarillo, accompanied by Mrs. W. F. Gabbert, left Saturday for Phoenix, Arizona. Mrs. Gabbert and Miss Eula Lee will remain there several weeks, and Mrs. Burch will return in about ten days.

The PHILCO is a quality radio at a fair price. 1tc

Mrs. F. M. Faulkner of Canyon spent the week-end with her daughter, Mrs. Bob Wilson.

Mr. and Mrs. Carl Gilliland and daughter, Margaret, spent Tuesday in Amarillo.

J. E. Golden and family returned this week from an extended trip on which they visited friends and relatives in Kansas, Missouri, Oklahoma and other states.

Mrs. Bob Wilson and Mrs. H. L. Rice left Wednesday to attend the Floyd County Fair at Floydada.

Mrs. M. L. Steele and daughter, Polly, visited in Canyon Tuesday.

Miss Eunice Glibreath was an Amarillo visitor Monday.

Mr. and Mrs. Simpson of Pasadena, California, spent Thursday here in the home of G. H. Guinn and family. They were enroute to Fort Worth.

Pep up your radio with fresh batteries and tubes. ORR'S TAILOR SHOP. 1tc

Mrs. L. D. Rhodes and son of Dalhart are visiting in the home of J. T. Glibreath and family this week.

Mrs. G. H. Guinn and daughter, Frances, were in Amarillo Tuesday.

C. E. Smith of Amarillo was here Wednesday on a business trip.

Brunswicks are "Famous for Quality." RICE sells them. 1tc

Miss Charlotte Murray, of Albuquerque, New Mexico, was here the first of the week doing Red Cross organization work.

H. E. and T. A. Sullins motored to Canyon Monday. The Sullins brothers were called there by the serious illness of their brother, F. I. Sullins, who is now a patient in the Baptist Hospital at Clovis.

See STREU HARDWARE COMPANY'S south window for special bargains next Saturday.

Miss Estelle Burleson left Tuesday morning for San Antonio, where she will visit in the home of her grand parents, Mr. and Mrs. J. D. Sullins. Later Miss Burleson will visit her sister, who also lives in San Antonio.

Mac Beach and family will motor to Wichita Falls the latter part of this week where they will attend the golden wedding anniversary of Mr. Beach's parents, Mr. and Mrs. W. B. Beach. Mr. Beach will be remembered in Hereford by the old timers as president of the First State Bank and Trust Company about twenty years ago.

The PHILCO is the year's sensation in radio—hear it and decide for yourself. 1tc

W. G. Slagle is installing natural gas this week in his farm residence six miles east of town. Mr. Slagle stated that he used natural gas in his Fairbanks-Morse irrigation engine the past summer at quite a large saving over the fuel he has been using.

We have several fine battery type radios that will give wonderful service, for sale at good prices. ORR'S TAILOR SHOP. 1tc

Mrs. J. M. Kindrad and Mrs. C. H. Kistwich of Farwell were week-end visitors in the home of Mr. and Mrs. C. H. Dyar and Mrs. T. G. Nance. Mrs. Kindrad is the widow of Captain Kindrad, and is numbered among one of the oldest pioneers of the Plains.

Rev. E. B. Bowen attended the funeral of District Attorney John A. Holmes of Borger, who was buried at Panhandle Monday.

SCRUB BULL IS HALED INTO COURT

Indicted for robbery, larceny and a few other such charges, Scrub Bull went on trial for his life at Laurel, Miss., recently. It seems that for some time people had suspicions that Mr. Bull was hindering the right and lawful development of the dairy industry, thereby "maliciously" and wilfully hindering and lowering production and decreasing profits in the dairy business, says the Bulletin of the American Bankers Association Agricultural Commission in commenting on the case.

This, it says, was the first trial of its kind ever held in that section was attended by several

HOUSE YOUR MACHINERY

Are those high priced tractors, combines, discs, plows, drills and other farm implements going to be kept out in the weather until you use them again. Don't you know that the weather is harder on your machinery than your use of them? Get them out of the rains, snows and winds and they will more than repay the cost of a shed in their resale value or usefulness next year.

It is cheaper to house your machinery than to let it stand in the weather!

COME IN AND LET US SHOW YOU.

hundred people. The jury, representing every vocation within the boundaries of the Laurel trade territory, rendered a unanimous verdict of guilty. The death sentence was pronounced, "but during the night, before the sentence could be carried out, friends of the convic secretly spirited him away and he has not been seen since."

The arraignment came during the Milk Products Show, sponsored by the banks of Laurel. People attending the show had the opportunity of also attending the bull's trial and went away firmly convinced of the seriousness of lax and out of date methods in the pursuit of dairying. The purposes of both the Milk Products Show and the trial were three-fold, namely, to develop public sentiment for more and better Jerseys; to foster a more cooperative spirit for dairying and livestock growing and to promote tick eradication.

The banks of Laurel entered into a cooperative arrangement in their efforts for fostering agricultural development and successful farming in the community, offering \$2165 as premiums to the outstanding farm workers throughout the territory during 1929. An instructive booklet has been issued showing the agricultural activity of the banks, together with announcements of contests for the farmers, exhibits in the bank lobbies and prizes offered.

BANKERS DEVELOP NOVEL INSTITUTE

The Georgia Bankers Association in co-operation with the State College of Agriculture has sponsored a series of farmers institutes in various parts of the state of an entirely new character. The principle feature is a large and comprehensive exhibit transported in four large trucks and set up at each stop. When set up it fills a space 40 by 60 feet and consists of panels, charts and models on practically every phase of

agriculture including agronomy, horticultural engineering, poultry, animal husbandry, soils and fertilizers, home economics and marketing. A large electrified farm model showing the uses of electricity on the farm, model farm buildings and the ideal layout and landscaping of the farmstead, is one of the most elaborate and attractive exhibits.

Local bankers in each locality visited gave the money to cover expenses for the transportation and installation of the exhibit in their territory and assisted in the preliminary advertising and publicity. The College of Agriculture assembled the exhibit and conducted the tour through its various extension specialists.

EDUCATE DRIVERS TO GIVE SHARE OF ROAD

"Educate your drivers to give the public its full share of the road and if possible more than its share," was the advice of Chairman Clarence E. Gilmore to the Texas Warehouse and Transfermen's Association in its convention at Mineral Wells last week.

Chairman Gilmore outlined the new motor truck law administered by the railroad commission.

"Before I go into a discussion of the law I want to remind you," Gilmore told the warehouse and transfer company operators, "that you owe a very definite obligation to the public on the highways. Many complaints come in to the commission of the failure of drivers of trucks to properly share the public highways with citizens. The first thing you should do is to educate your drivers to give the public its full share of the public highways, and if possible more than its share. The commission will endeavor to see to it that the rights of citizens on the highways are protected not only by motor truck drivers, but by motor bus drivers as well."

Lesson

BY DR. J. E. NUNN

1. Behold, I send my messenger, and he shall prepare the way before me; and the Lord, whom ye seek, will suddenly come to his temple; and the messenger of the covenant, whom ye desire, behold, he cometh, saith Jehovah of hosts.

2. But who can abide the day of his coming? and who shall stand when he appeareth? for he is like a refiner's fire, and like fullers' soap.

3. And he will sit as a refiner and purifier of silver, and he will purify the sons of Levi, and refine them as gold and silver; and they shall offer unto Jehovah offerings in righteousness.

4. Then shall the offerings of Judah and Jerusalem be pleasant unto Jehovah, as in the days of old, and as in ancient years.

5. And I will come near to you to judgment, and I will be a swift witness against the sorcerers and against the adulterers, and against the false swearers, and against those that oppress the hireling in his wages, the widow, and the fatherless, and that turn aside the sojourner from his right, and fear not me, saith Jehovah of hosts.

6. For I, Jehovah, change not; therefore ye, O sons of Jacob, are not consumed.

7. From the days of your fathers ye have turned aside from mine ordinances, and have not kept them. Return unto me, and I will return unto you, saith Jehovah of hosts. But ye say, Wherein shall we return?

8. Will a man rob God? yet ye rob me. But ye say, Wherein have we robbed thee? In tithes and offerings.

9. Ye are cursed with the curse; for ye rob me, even this whole nation.

10. Bring ye the whole tithes into the storehouse that there may be food in my house, and prove me now herewith, saith Jehovah of hosts, if I will not open you the windows of heaven and pour you out a blessing, that there shall not be room enough to receive it.

11. And I will rebuke the devourer for your sakes, and he shall not destroy the fruits of your ground; neither shall your vine cast its fruit before the time in the field, saith Jehovah of hosts.

12. And all nations shall call you happy; for ye shall be a delightful land, saith Jehovah of hosts.

GOLDEN TEXT: Behold, I send my messenger, and he shall prepare the way before me.—Mal. 3:1.

TIME: Malachi prophesied (Boecker) about B. C. 428. In Athens, at that time, Socrates, Aristophanes, Alcibiades, The Peisistrachus was in progress. Artaxerxes was king of Persia.

PLACE: Jerusalem.

Introduction.

The Book of Malachi belongs to the period of Ezra and Nehemiah; and after the temple had been rebuilt and dedicated; somewhere between 445 and 432 B. C. The abuses that it attacked are those that Nehemiah found upon the occasion of his second visit to Jerusalem in 432. Yet he is evidently not the governor mentioned in 1:8.

It is a gloomy picture that this last book of the Old Testament canon presents to us of the religious and social life of the Restoration; selfishness, mean ideals, lack of faith in and low conceptions of God, carelessness of the law and in worship—were found not only among the people, but what was worse, among the priests, their religious leaders. The prophet warns of the Day, that comes, with its awful retribution (chapter 4).

The book has, however, more hopeful notes; there is a pious, faithful minority (3:16-17) that God will splendidly look out for, and "the great and terrible day of Jehovah" will come with healing and joy in its rays for those that fear his name (4:2). Accordingly, for all its gloom, the book closes with a definite bright outlook toward the New Testament gospel four centuries further on.

Malachi's Message.
The burden of Malachi's Message is "the love of the Lord." "Malachi is the Sunset Book. Its key-word is 'Heal.' Its key-text is Malachi 4:2 'But unto you that fear my name shall the sun of righteousness arise with healing in his wings.' Malachi was the last voice before the long silence. And

like all the prophets, he spoke faithfully, partly in rebuke of Israel's sins, partly in reminder of Israel's redemption."

"Malachi brings Sabbath and week-day, the temple and the city streets, the altar and the home, into perfect spiritual harmony."—Prof. Alexander R. Gordon. "Malachi is a mighty reasoner. If his be not the inspiration of poetry, eloquence or action, it is the inspiration of logic. He wields the sledg hammer of argument."—Rev. George L. Petrie, D. D.

Malachi Rebukes the People.

"Your homes are ruined," says Jehovah. "Your men dismiss their wives with thoughtless gestures of disdain. Children are deserted, households are shattered, every part of the nation's life is poisoned by this vile contagion. Foreign women are enthroned in the places of your faithful wives. Remember the bride of thy youth. Remember the promise of thy goodly seed. Remember the beauty of a godly home." The laws of divorce lax. The morals of his day were lax. The moral of his day were tragically lame. Malachi held before his people the picture of a home at its best, and the lurking temptations of loose morality seemed like the sordid, bitter things they really were. One of the most tragic facts of modern life is the gradual disappearance of the American home. All the ills of our life can be traced to the ills of the modern home."

God Requires Our Best.

"But cursed be the deceiver, which hath in his flock a male, and voweth, and sacrificeth unto the Lord a corrupt thing; for I am a great King; saith the Lord of hosts, and my name is dreadful among the heathen." When we offer him our left-overs, what we don't want, our second or third best, the thing that we wouldn't think of offering to a man whom we wanted to honor—we are polluting God's altar. The prophet doesn't matter.

God Requires Our Best.

"But cursed be the deceiver, which hath in his flock a male, and voweth, and sacrificeth unto the Lord a corrupt thing; for I am a great King; saith the Lord of hosts, and my name is dreadful among the heathen." When we offer him our left-overs, what we don't want, our second or third best, the thing that we wouldn't think of offering to a man whom we wanted to honor—we are polluting God's altar. The prophet doesn't matter.

"Give of your best to the Master, Naught else is worthy his love."

The Lord Is Coming.

"The prophets of the early years of restoration exulted in the thought that Israel's sin had been purged away by her exile and that her glorious hopes were to be realized in fullest measure. In Malachi's day, the years have shown that sin still dwells in the people, and the new prophet of righteousness sees that the process of separation between the righteous remnant and the sinful must go on. The day of Jehovah's judgment, the day that shall consume the wicked, root and branch, is yet to come."—Prof. Henry T. Fowler.

"But who can abide the day of his coming? and who shall stand when he appeareth?" Who is so pure, so true, so noble as to endure the scrutiny of the Infinite Judge when he appears? The Psalmist asks, "If thou, Jehovah, shouldst mark iniquities, O Lord, who could stand?"—Ps. 130:3. We cannot begin too soon to prepare ourselves for that perfect judgment.

Will a Man Rob God?

"Will a man rob God? Yet ye rob me." It seems incredible that any one should rob God. It is terrible enough that one man rob another man, and how can any one rob God? Yet the Lord said these ancient people of his had been robbing him. How? They had not broken into Heaven and stolen the gold, silver and precious stones from the walls and streets. They had robbed God by keeping back from him the gifts they ought to have brought to him. They had not paid their tithes, they had not brought the required offerings. Not paying what we owe is robbery."—J. R. Miller. "But ye say, Wherein have we robbed thee? More pretended ignorance and injured innocence. It is like the question which Christ said would be addressed to him at the last day, 'Lord, when we saw thee hungry or athirst or a stranger or naked, or sick, or in prison, and did not minister unto thee?'—Matt. 25:44.

Tithing a Divine Command.

"In tithes and offerings provision is made for the paying of tithes to the sanctuary, there to be eaten by the offerer and the Levite. But for those who lived at a great distance from the sanctu-

ary, the gift might be commuted into money to be spent in a sacrificial banquet. Every third year the tithe was to be distributed to Levites, strangers, and the fatherless. Tithes are prescribed as a means of support for Levites, i. e., apparently as remuneration for services in lieu of a share of the land. But the Levites themselves are required to give of this tithe to the priests (Num. 18:26-28). Both these forms are pure land taxes and do not include a tithe from the flock or herd. Hence, such a tithe is introduced in a third form (Lev. 27:32-33; 2nd Chron. 31:5, 6).

Bring Ye the Whole Tithe.

"Bring ye the whole tithe into the storehouse." Malachi had just charged the Jews with presenting the inferior offerings, animals blind and lame; now he charges them with keeping back part of the offerings that are due, giving only part of the tithe and not the whole. Since few would know just how much was being tithed this form of cheating was easy. It is equally easy in our modern churches, for few indeed make public what their incomes are. The store house in the temple court is meant; in our day the church treasury, the treasury of the mission board and of all other Christian undertakings.

End of the Old Testament.

This wonderful prophecy ends with a splendidly hopeful and inspiring message. First the assembly of the wicked is pictured, while over against it "they that feared Jehovah" spoke one with another, taking counsel for the promotion of the kingdom of God. All their righteousness God will set down in his "book of remembrance." A day is coming which will burn up the wicked as stubble in a fierce furnace; but as to those that fear God's name, on them "shall the sun of righteousness arise with healing in its wings."

The closing words of the Old Testament of "Elijah the prophet," who will appear before the coming of "the great and terrible day of Jehovah"—a prophecy fulfilled in the work of John the Baptist. Christ's herald who comes "in the spirit and power of Elijah." Thus the closing words of the Old Testament fit on to the opening of the New Testament, and the entire Book is fused into a blessed unity.

America's finest medium-priced automobile

Today's Oakland All-American Six stands unmistakably as America's finest medium-priced automobile. Its value supremacy has been established by facts revealed in comparison of the All-American Six with twenty other medium-priced automobiles. Let us go over all the results of this comparison with you. When you have seen how on every basis of comparison the All-American Six towers above its field—you will agree with us that you get more for your dollar in America's finest medium-priced automobile.

Proof of Oakland Value Superiority

The following facts were obtained from a comparison of the Oakland All-American Six with 20 other medium-priced automobiles. All told, 878 individual comparisons were made. Of these, Oakland proved to be distinctly superior in 451 or 51.37 per cent. The 20 cars compared were at least equal to Oakland on 382 or 43.50 per cent. And 13 of the 20 were higher priced than Oakland.

- WHEELBASE**
Only one car as low-priced as Oakland has a wheelbase as long as Oakland's, which is 117 inches. That car requires a turning circle to the left of 42 feet as compared with Oakland's 36 feet. Six higher-priced cars have shorter wheelbases.
- BRAKES**
Only Oakland and one other car in its field use the fine type of brakes which Oakland employs. And no car in the field equals Oakland's 299 square inches of brake band area. Oakland's automatic emergency brake operates on the transmission. Seven cars in the field have no separate emergency brake, although three of them exceed Oakland in price.
- FISHER BODY**
Only Oakland and two other cars in the field offer bodies by Fisher. And one of the two is nearly \$100 higher in price than Oakland. Of the 18 cars which have less-towers bodies, 11 are priced above the All-American Six.
- PISTON DISPLACEMENT**
Oakland's 228 cubic inch piston displacement is greater than 12 of the 20 cars in its price field. Of the 8 remaining cars, 7 are much higher priced than Oakland.

Ford Doings

The Community Welfare meeting at the home of Mrs. Bill Schwartz was one of a business success. Games were played and delicious refreshments were served. Everyone reported a nice time. The next meeting will be with Mrs. Hardy Benson September 26.

Rev. Mr. Cloyd held his monthly preaching services at Ford last Sunday, and ministered to a large and attentive crowd.

The Bible class at Ford was honored by having J. E. Hill back to take his place as teacher after having been away for several weeks. The young people's class being without a teacher, elected Mrs. Bill Schwartz to fill the place.

Mrs. Hardy Benson's sister, Mrs. Allison and daughter, are here on a three or four weeks' visit.

Mr. and Mrs. Dewey Larson and family spent last week end in New Mexico looking for apples and tomatoes to can.

Mr. and Mrs. Edward Simpson were in Hereford Sunday.

Sunday afternoon visitors at the O. D. Frazier home were Mr. and Mrs. Harold Wilson.

Mr. and Mrs. George Remple and family visited at the Mann home Sunday afternoon.

Mrs. Thurman and daughter, Blanche and Maple had started home from Sunday school Sunday when they ran their car into a ditch, causing it to overturn. All escaped without injury and the car was not damaged.

Jewel Norton returned from Mountain View, Oklahoma, Sunday.

Mrs. Hardy Benson entertained a group of people including Mrs. Dyer and sons, Wayne and Robert, Lura, Blanche and Maple Thurman, Joe, James and Nancy Anne Garrett, Floyd, Thomas and Vineta Simpson, Jewel Norton, Cecil Rainer and Ruby Remple.

Visitors at the D. B. Mann home Sunday night were Mr. and Mrs. O. D. Frazier and son, Freeman, Joe, James and Nancy Anne Garrett, Floyd, Thomas and Vineta Simpson, Jewel Norton, Cecil Rainer and Ruby Remple.

Mr. and Mrs. John Remple and son, John, Jr., were visitors at the O. D. Frazier home Sunday.

Charles Simpson spent the day last Sunday in Amarillo.

Mrs. Ed Morgan of Canadian spent the week-end with Miss Olive Perkins.

Herbert Willis spent Saturday night with the Caldwell boys. Mr. and Mrs. Ira Ricketts called on Mrs. Arch Daugherty Sunday afternoon.

Mr. and Mrs. Ricketts, Ira Jean and Glenn returned Tuesday from Silverton where they had been visiting Mrs. Ricketts' parents.

Messrs. and Mmes. Ray Hershey, Horace Hershey, Howard Hershey, Mary Ella and Katherine Hershey were dinner guests Sunday of Mrs. Arch Conklin.

Mrs. Cockrell entertained Mr. and Mrs. W. R. Mathews and family Sunday.

Mr. and Mrs. J. G. Roberson and son and Mr. and Mrs. Cecil Hodge and daughter visited home folks Sunday.

Mr. Benson visited his son at Wellington last week.

Mrs. Ed Morgan and Miss Olive Perkins called on friends in Hereford Monday.

Mr. and Mrs. Webb and children spent the week-end in Amarillo.

Mr. and Mrs. Allan Hutchenson visited in the Baker home Thursday night.

Mr. and Mrs. Baxter of Fort Worth visited Mr. and Mrs. Caldwell last week.

Mr. and Mrs. Ira Ricketts spent Sunday with his parents, Mr. and Mrs. W. A. Ricketts.

Eunice Caldwell spent Friday night with Anita Jowell.

KIWANIS LEND AID TO 4-H BOYS AND GIRLS

Chicago.—There are 464 Kiwanis clubs in the United States and Canada which have given assistance to thousands of boy and girl farm members of the 4-H clubs this year, Fred C. W. Parker, executive secretary of Kiwanis International, announced recently.

"The main work has been to finance poultry, calf and pig clubs," he declared. One of the major objectives of the service organization this year is to promote the spirit of understanding between the farmer and city man, encouraging an appreciation of unity in aims and purposes.

Last Mexican War Survivor Is Buried

Washington, D. C.—With members of Lafayette Lodge of Masons acting as pallbearers, Owen Thomas Edgar, 98 years old, last survivor of the American forces that fought in the War with Mexico, was buried recently. The services at the grave in the Congressional cemetery were brief but impressive. The rituals of the Spanish War Veterans and of the Masonic Order were read, then the flag-draped casket was lowered into the grave, three volleys were "red and taps" were sounded by a bugler.

Mr. Edgar died at the John Dickson Home here recently, after an illness caused by a fall from his chair. Until recently he shared the distinction of being a survivor of the Mexican War with William Fitzhugh Buckner, of Paris, Missouri. Mr. Buckner died last June 16.

Texas Ranges Dry, Says State Report

According to the United States Department of Agriculture, Texas ranges as a whole are getting short and dry, with rains if a winter feed supply is to be available. Cattle and sheep showed some shrinkage in August. Cattle have held up well, but if rains do not come there will be some forcer marketing in some sections of the state due to short feed. Range feed in the seventeen western states is short and dry, but livestock is in generally good condition. This report was made September 1.

MORE ABOUT THE "FAKE ADVERTISING SCHEMES"

Every once in a while, says the McLean News, a smooth talking guy hits town and tries to sell our advertisers a so-called advertising service at a price equaling and in some cases more than the space costs of the News. Some of the "services" are all right and probably worth the money, but more often the price is all out of proportion.

Every so often a high powered advertising salesman approaches the editor of the News and asks the price for a page advertisement

and when told, promptly informs us that he is going to sell a "community page," to our merchants at a price to return him a profit out of all proportion to the cost of running the advertisement. When we learn the particulars the gentleman is politely informed that we have no space of any kind to sell him. The News will not penalize the merchants for the opportunity to run a page advertisement. The home paper and the home merchant are not making any big fat profits and we will have nothing to do with any scheme that promises several hundred dollars to the promoter for a few hours work.

All towns reach the point where they have to have some central committee to refer donation schemes to, if they are to keep from spending hundreds of dollars worthless each year. And that such a committee has been tried successfully in McLean should encourage us to use committee when occasion arises. Just the asking the solicitor if he has the endorsement of the committee is many times all that is needed to discourage the peddler of worthless wares; while on the other hand if anything worth while comes to town it is nice for everyone to be in on the

proposition and the committee's endorsement will help to put it over 100 per cent. But it must be remembered that the committee will be useless unless everyone thinks to demand their endorsement from the peddler.

\$5.89 PROFIT FROM WHITE LEGHORN HENS IN MONTHS

San Antonio.—After deducting for feed, mortality and depreciation of stock, a net profit of \$5.89 for each of 40 home raised White Leghorn pullets has been made in 8 months time by Herman Rittiman, Bexar county 4-H boy. Entering his flock in the third annual farm flock contest here, Herman closely followed the instructions of Paul Cunyus, assistant county agent, as to feeding and housing and management. His flock averaged 73.6 percent production through this period ending June 30 and the eggs were sold for an average of 39.9 cents per dozen. One year ago this young poultryman made a net profit of \$3.50 per bird from a flock of 100 Barred Rocks.

ALL TRAILERS MUST BE TAGGED IN STATE

All trailers, whether drawn by passenger cars or trucks must be licensed under a new law passed by the last legislature, according to information received by L. B. Barkley, highway inspector of the Department.

The law is in effect now and will be enforced as soon as the public has had time to become acquainted

with it, Barkley said. Those who do not comply with the law within a reasonable length of time will be arrested, he said.

License for the trailers will be based on 30 cents per hundred pounds capacity, it was said. Barkley advised all owners to comply with the new regulation as early as possible.—Amarillo News.

9 Feet of Heat Travel Through the LAUREL OVEN TOP

Enough heat leaves a gas range of regular construction to supply another oven; consequently the long heat travel in the Laurel gas range not only provides an even temperature throughout the oven but saves these valuable heat units which are ordinarily lost.

The 3-Way Laurel Gas Oven is complete in itself, built in sections of bright rust resisting metal. It is inserted into the body of range case which is enough larger so as to create a 3-4 inch air space which completely surrounds it.

This air space becomes an insulator of greatest resistance, retaining the heat in the oven and simultaneously protecting the body or case against the direct action of the fire.

USED CARS

with an OK that counts

To start our Fall Selling Campaign we offer at a Real Bargain the following Used Cars:

- 1928 Whippet Coupe, a dandy little car that looks and runs like a new car. This car is a real buy at the price we are asking.
- 1928 Chevrolet Coupe, almost new tires, over size, 6-ply Ajax. Here is a car that you don't find many like at the price we are asking. OK in every way.
- 1928 Whippet Sedan. This is a good little family car that will save some one plenty of money on the closed car they are planning on getting before winter. Be sure to see this good looking car before you buy.
- 1926 Dodge Coupe that can be bought at a real bargain. If you want a good cheap car that will stand the punishment, see this one. Very cheap.

Don't overlook the real value you can get in one of our OK used cars. This may be a hard winter and you can save money by seeing us before you buy.

We have plenty of new cars on hand in any model you want. Our shop service is the best. Bring that car or truck in and let us put it up in first class shape for you at a reasonable price.

Yours for Service

L. W. CARLYLE

Summerfield

W. M. S. held its last meet- at the church, when a most interesting program was led by Joe Kendall. Officers for the coming year were elected as follows: Mrs. Alva Wilson, president; Walter Huntley, vice president; Mrs. L. D. Cannon, secretary and treasurer.

The Home-Makers Study Club met Thursday at the home of J. L. Lookingbill. All the officers were re-elected. Plans for year-book were discussed. The meeting will be with Mrs. Ed Lookingbill. Program will be by Mrs. L. L. Cannon and subject will be "The sacred obligations of parent-hood."

Pauline Huckert went to Vega to visit indefinitely with his daughter, Mrs. Joe Hebelman, and enjoy long-needed rest.

Mr. and Mrs. Bernard Roberson report a baby son, born last Monday morning at the Godwin home Hereford.

Mr. and Mrs. C. B. Waiser, with their family, moved to Lubbock where the children will attend school the coming year.

Mrs. Lester Suttle is reported ill at the home of her father, B. A. Atchley. Her many friends hope for a speedy recovery.

W. G. Harris and family are moving back to Canyon where the children will attend school.

Mrs. R. J. Smith who has been sitting her daughter, Mrs. Ray Hanson the past month, returned her home in South Texas last Sunday.

Little Louise Huckert went to Marillo last week where he will enter the boys' school at the Catholic Academy.

Mr. Hattie Roberson and two sons, Joe and Clarence, went to Oklahoma last week to spend the coming winter.

Mr. and Mrs. Louis Jay went to Marillo last Thursday on a shopping trip.

There will be a social at the school house next Friday night in the way of a get-together of teachers and parents. Everybody is invited.

Mr. and Mrs. J. B. Davis have

two girls live on Hot Water and Rice

Due to stomach trouble, Miss A. and sister lived on hot water and rice. Now they eat anything and feel fine, they say, since taking Adierika.

Even the FIRST spoonful of Adierika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adierika will surprise you. Clark Drug Store. Adv)

been entertaining three of her sisters the past week. Mr. and Mrs. E. L. Keith, Borger; Mr. and Mrs. S. B. Davis, Wheeler, and Mr. and Mrs. W. B. Burroughs, Amarillo.

Bert Hickman of Waxahatchie and Mr. Nelson of Floydada were visitors in the Meharg home last Tuesday night.

Mr. and Mrs. Joe Kendall visited with relatives in Hereford last Sunday.

Miss Lucile Parks of Progressive spent the night last Thursday with her friend, Marie Meharg.

Mr. and Mrs. Adam Flowers are enjoying a visit with his two sisters, one of whom lives in Detroit, Michigan, the other at Sweetwater, Texas.

L. I. Cannon has gone to Bellview New Mexico, to drill wheat on his farm at that place.

Misses Irene Shackelford, Canyon; Thelma Humphries and Maud Noland were week-end visitors of Misses Marie and Mildred Meharg.

Gerald Morgan's mother from Canadian has been spending a few days in his home here.

Miss Alma Walker of Pampa will attend school here the coming year.

Mrs. Walter Huntley and Mrs. Ky Lawrence attended the Baptist Association at Happy last week.

MUSIC STUDY CLUB

On Monday, September 23, the Music Study Club will hold its first meeting of the year at the home of Mrs. Jesse Stanford. This will be the customary noon luncheon and social meeting with which the club opens each year.

Two ounces of CERESAN will treat a bushel of seed wheat and save you loss from smut next year. WEST TEXAS FEED & SEED COMPANY. 361tc

FEDERATED MUSIC CLUBS TO MEET HERE

On November 9, Hereford will have the honor of entertaining the Federated Music Clubs of the 7th District of Texas. This district includes the entire Panhandle and a number of other counties, corresponding to the 7th district of the General Federation of Women's Clubs. Officers of this district are: Mrs. Chas. F. Smith, Amarillo, president; Mrs. H. L. Broadwell, Hereford, vice president; Miss Margaret Dooley, Dalhart, recording secretary; Mrs. E. R. Biggs, Amarillo, corresponding secretary; Mrs. E. R. Diggs, Childress, treasurer; Mrs. E. L. Robertson, Lubbock, parliamentarian.

Many members of the Music Clubs of the Panhandle are expected to be in attendance.

Flies are dangerous. They are also the filthiest insect known. They deposit germs in three ways. By contact, vomit spots and excreta. They taint everything they touch. FLY-TOX kills flies. It is safe, stainless. Simple instructions on each bottle (blue label) for killing ALL household insects. INSIST on FLY-TOX. FLY-TOX is the scientific insecticide developed at Mellon Institute of Industrial Research Fellowship. FLY-TOX brings health, comfort and cleanliness with its perfume-like fragrances.—Adv.

BLEEDING GUMS HEALED

The sight of sore gums is sickening. Reliable dentists often report the successful use of Leto's Pyorrhea Remedy on their worst cases. If you will get a bottle and use it as directed druggists will return money if it fails. City Drug Store. —Adv.

WHEAT FARMER BUILDS PLOW

It took a western wheat farmer to invent a plow that would make wheat farming profitable. C. J. Angell, of Plains, Kansas, was the man. He invented and perfected the famous Angell One Way Disc Plow in his own machine shop. He made hundreds of them for his neighbors and in this way proved right on the ground that there was a tillage implement which would grow bigger crops of wheat at less cost for-fitting the land.

The Angell One Way Disc Plow is the only plow of its type that was invented and perfected on the ground that had all the kinks worked out before it was offered to the wheat farmer. Once you buy an Angell One Way Disc Plow, you are buying a proved success—the original and only genuine One Way Disc Plow. The spool and thrust bearings are unconditionally guaranteed for three years. Call at our place of business and learn why it grows bigger crops and how it cuts the cost of preparation one-third. Come in and see the machine.

J. A. WEAR, Dealers in the famous Ohio Line of implements, first door south of the city hall. 1tc

Mrs. G. B. Warren and three daughters, Marie, Maurice and Mildred, and Miss Mary Jowell motored to San Antonio the first of last week. Misses Marie and Maurice remained in San Antonio for the purpose of attending Lady Lake College, Mrs. Warren and daughter, Mildred, and Miss Jowell arriving home Sunday.

MORE EGGS

means money in the bank

The average hen, fed on grain alone, produces only one-half the number of eggs that the same hen would produce if fed a balanced and complete ration. To keep her working at full capacity you must give her a feed containing the necessary ingredients to make sufficient yolks, whites and shells. You do this when you feed MERIT EGG MASH.

E. L. Davis made a business trip to Amarillo Monday.

S. L. Harmon left Monday for his home in Richwood, West Virginia. Mr. Harmon contemplates locating in Hereford in the near future.

\$350.00 buys fine block of ten lots, gas available. L. BASKIN, Owner.

George McConnell has his headquarters with the Hereford Electric Company on West Third St., taking the place formerly occupied by V. A. Thompson.

See STREU HARDWARE CO. for Plymouth binder twine for your fall harvest. 14 cents a pound. 36-ltc

Dick Rountree, formerly with the J. C. Cummins Plumbing Company, has accepted a position as salesman with the Brumley Chevrolet Company.

Mrs. Cecll Williams of the local post office force, accompanied by Mr. Williams, returned last week from a two weeks vacation trip to Ruidoso, New Mexico, where they are enjoying living in a log bungalow amidst the snow capped mountains. An ice cold river flowing near provided wonderful fishing, they report.

Mr. and Mrs. Roy Bruner, accompanied by their two daughters, Misses Mary Christine and Virginia, and Mrs. Keith Bruner, all of Tucumcari, New Mexico, were in Hereford shopping and visiting at the home of their son, Hal Bruner, last Saturday.

Before you buy any radio, be sure to hear the new PHILCO. ltc

Mrs. E. B. Black left Friday afternoon for a week's visit with friends in old home communities at Dallas, Fort Worth and Cleburne.

Duane Orr, son of Mr. and Mrs. J. B. Orr, left Sunday for Lubbock where he will enter Tech College.

The Superior Deep Furrow Drill puts the seed down between deep ridges that protect the wheat plants and shed the moisture directly on the roots. ltc

J. M. Huntsinger and family of near Hollene, New Mexico, are now residents of Hereford, they having purchased and moved into the Powelson property in North Hereford. Mr. Huntsinger sold his farm near Hollene and moved here to take advantage of Hereford's good public school system.

Miss Edith Mann, who sends in the community notes from the Ford neighborhood, twenty miles north, was a pleasant caller in the Brand office Saturday afternoon.

Our battery type radios are in the very best of condition and fine for homes without electric current. Moderate prices. ORR'S TAILOR SHOP. ltc

Editor and Mrs. D. V. Dobbs, of the Tribune Sentinel of Grant, Nebraska, were visiting for a short while in the Brand office Saturday morning. Mrs. Dobbs said he was a pressman and type setter on Hereford's paper in 1906 and 1907 and was now on his way to Portales, New Mexico, to visit his mother. Among other things Mr. Dobbs remarked there were some considerable changes in the looks of Hereford than when he last saw it—in fact it doesn't look at all like the same town.

Mrs. Lawrence Johnson of Sumnerfield was a very agreeable visitor in the Brand office Saturday afternoon. One of Mrs. Johnson's duties is to send in the Sumnerfield happenings for publication each week and she does good work at it.

Paul E. Foster of Hereford has been granted a state permit for trucking between here and Amarillo.

The PHILCO is a quality radio at a fair price. ltc

Rev. Jack Winsett, noted Baptist evangelist, is considering bringing his moving pictures of the Holy Land to Hereford for exhibition.

Dr. and Mrs. F. E. Bowe spent the week-end in Endee, New Mexico, visiting Dr. Bowe's son.

Mrs. W. M. Cogdell and son, Frank, left Tuesday for Abilene, where Frank will enter Simmons University.

Mr. and Mrs. Art Grimes returned last Thursday from an extended vacation trip to Frederick, Oklahoma, and Weatherford, Texas, where they visited relatives.

Mr. and Mrs. Art Grimes had as their guests the latter part of last week his brother, William Grimes and wife, of Oklahoma.

Radio tubes for both battery and A. C. sets at RICE'S. ltc

W. H. Stafford of Oklahoma was a business visitor in Hereford last Thursday.

E. W. Kinney of Plainview was in Hereford on business Wednesday.

Mr. and Mrs. L. F. Borden left overland Tuesday for Phoenix, Arizona, where Mr. Borden was called on a business mission.

M. D. Fincher recently purchased the Billie Smith residence in North Hereford and moved his family to their new home last week.

Paul Artho took possession of his new home recently purchased from Mrs. J. A. Wiles in North Hereford. Mr. Artho and family moved in last week and Mrs. Wiles left for Plainview last Saturday where she will make her home for the present.

Dr. and Mrs. F. E. Bowe attended the Baptist Convention at Happy last Wednesday.

Find out why the Superior Deep Furrow Drill will raise you ten more bushels per acre than you did this year. It's a scientific fact. M. D. WOMBLE. 36-ltc

Miss Gertrude Bowen left Sunday for Chillicothe to visit friends for several days.

Miss Doll Megert returned Sunday from an extended visit with relatives in Glendale, California.

Mrs. E. B. Handy and Mrs. Bernard Hicks were in Amarillo Saturday.

We have fresh stock of batteries for battery type radios and several battery sets we can set at interesting prices. ORR'S TAILOR SHOP. ltc

Elbert W. Smith, editor of the Lamesa Reporter, was here Saturday on business. Mr. Smith was formerly connected with the Hereford Brand.

NOTICE

I have moved my stock of hats to Sambaugh's store and am closing them out at greatly reduced prices. These are new hats, in the latest styles. HEIFNER'S HAT SHOP, at Sambaugh's Store.

Mr. and Mrs. Taylor Oglesby spent Tuesday in Amarillo.

WANTED—To do plowing, discing, anything in farm tillage, done right. ARCH CONKLIN. 36-ltc

Dick Simmons of Amarillo was here Wednesday evening transacting business.

Just received another shipment of fresh radio "B" batteries at RICE'S. ltc

Raynes Sparks of Olton was a visitor in Hereford Sunday.

Gas Heaters

GAS RANGES AND AUTO-MATIC WATER HEATERS

—Buck's Circulating Hot Air Heaters—the most efficient as well as the most economical of any heater system we have ever known anything about. We guarantee satisfaction.

—The Round Oak Gas Range—a luxury to use, they are beautiful in appearance, efficient in service and economical in cost of operation. They are guaranteed.

—The Sunshine Auto-Matic Water Heater—has many superior qualities. There will be no future trouble or expense with one of them. Figure with us.

—The Lawson Radiant Clay-back Heaters—are the best open-flame heaters on the market. We sell them.

—We will guide you right and save you some money, too, on your gas appliances, if you give us the opportunity. If you buy your gas appliances from us, we both win; if you don't, we both lose.

—Our big furniture offering is wonderful—the prices most attractive.

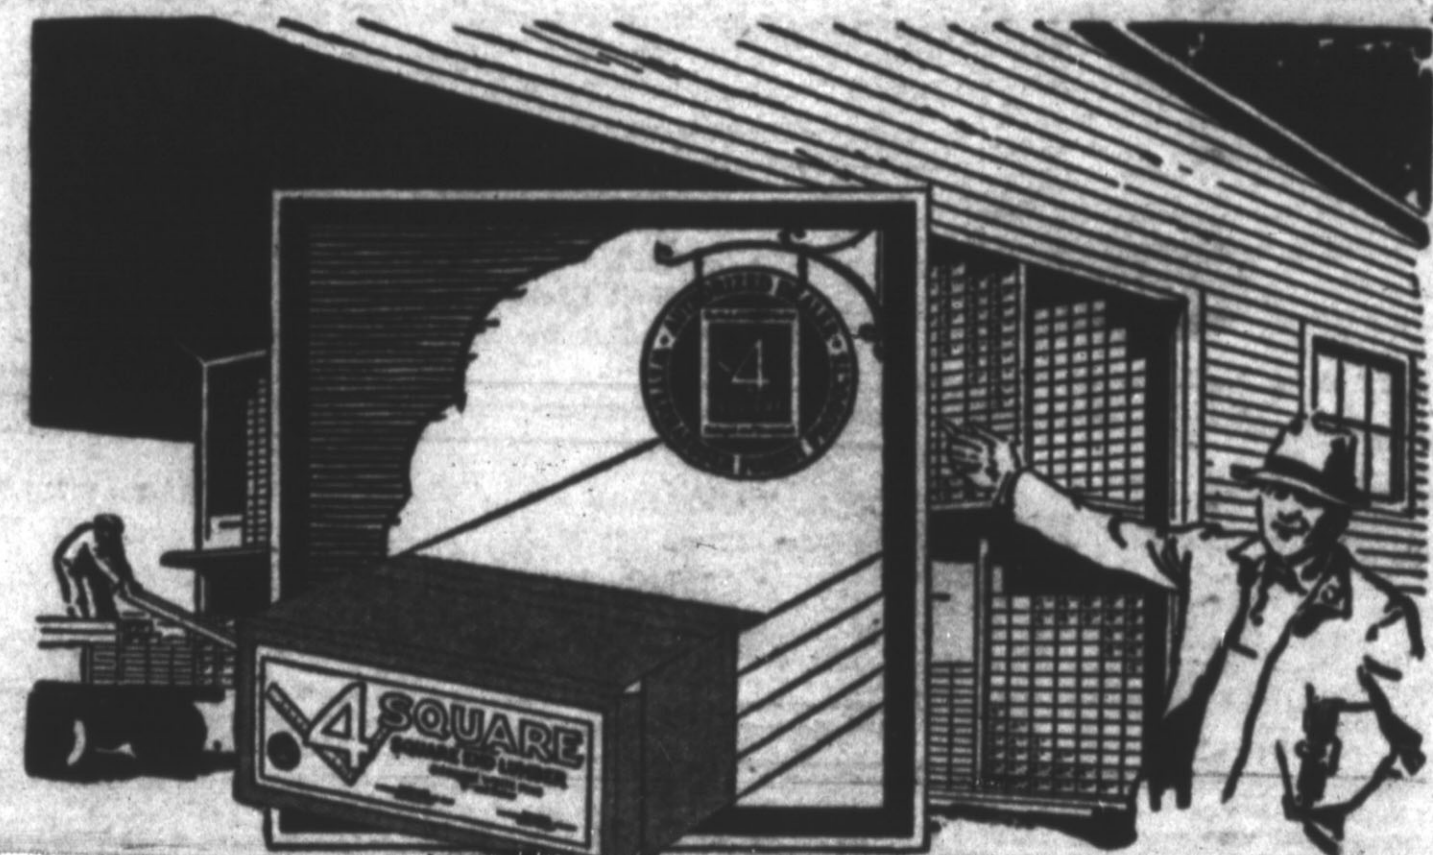

—Our big stock of rugs is in transit now, and will be in early next week.

Your Credit Is Good With us.
