## Hornets Are Stingless and Lose, 13 to 6

Maroon and white proved a longer shade than red and white in Hereford met Tulsa here Thursday afternoon in a football classic, and the game ended as all Thanksgiving home-comes ought to end, 13 to 6 in favor of the home school. Wilkin's trained toe for the sitting Hornets was out of order. It made a difference between victory and defeat Thanksgiving on that other engagement at Tulsa on a windy October day when results were reversed. Stone related his past performance in playing through the line and playing the best game of the year, though handicapped with an injury. There was no stopping of this determined and grim fullback opening of the third quarter, with a behind an inspired forward.

In the class tournament held in the gym this week, Freshmen boys defeated Juniors, and Seniors bested the Sophomores Monday evening. In the finals played Tuesday night the Seniors noosed out the Freshies by a score of 12 to 10. The Sophs also defeated the Juniors.

The Whites took the lead in the first quarter following a favorable break. Tulsa fumbled on the 30-yard line, Russell, Bartley and Stone obtained 20 hard yards in line plays, and then Russell passed a neat one to Climer for a touchdown, and pass to Ireland diverted for extra point. Orr paved the way in opening third quarter for second count by taking kickoff on 30 yard line and returning to own 46. On next play Jack Russell showed his class by breaking through the line in making a pretty run to Tulsa yard line, where a pass to Wilkin and line plunges by Stone carried the ball over.

In tonnage the Hornets had the best of the Whites for the last 100 yards of the game. The local (Continued on Page Eight)

## Charity Game Staged Friday by Fire Boys

While there has been some shifting of lineup, the charity football game will be held Friday as scheduled, with the Yaga Outlaws moving in place of the local American legion against the Hereford Volunteers.

The Outlaws are the town team of Vega, composed of eleven husky, hard-hitting ex-grid stars of Oldman county. To bear the brunt of the invaders' attack, the firemen have produced a formidable line-up, made up principally of former high school football players. The local lineup to start with will be: Captain: Tom Smith; Guards: Peter Corbett, Glenn Willard and Ed Witherspoon, Earl Wood, Ed Gannon, H. F. Sindt, Onias Card, H. Chas. Sowell, J. C. Gregory, H. Mitchell, Bud Nowell, Dean Lee and Earl Phillips. There will be others on the relief squad.

The game will be called Friday afternoon at 2:45 o'clock on Whitefield field. Suits, equipment and uniforms have been donated by the high school. Gate receipts will be for charity, with some of it probably applied in purchase of ointment and bandages for wabby warriors.

**Stork Specials.**  
Born to Mr. and Mrs. Mr. and Mrs. Jas. Ricketts, November 29, a son, named James Ar. A. L. Haberer, November 29, a daughter. Dean Russell, son, November 29,

## SCIENTIFIC TURNIP TAPS RADIO ACTIVITY

The most modern turnip on record was revealed a few days ago by J. A. Daniel, when he was pulling some turnips in his garden for a noon meal. As the turnip came out of the ground an electric battery connection was lifted out with it; the eye on the wire end had been neatly fastened by the seed sprouting upward through the hole and the root expanding sufficiently to give a tight connection. Apparently an effort had been made by the vegetable to tap the radio activity of the sun and conduct the power by wire directly into the root system.

## Cage Practice by Basketeers In Full Swing

The first basketball game of the new season will be played here December 17, with Dimmitt. It will be a double-header, both boys and girls having a match. This is the only cage engagement before the Christmas holidays.

The quality of the team this year is unknown as all letter men from the previous season were lost. Practice was started Wednesday, and in the squad coming out are several boys of lengthy stature who should develop into expert basket ringers.

In the class tournament held in the gym this week, Freshmen boys defeated Juniors, and Seniors bested the Sophomores Monday evening. In the finals played Tuesday night the Seniors noosed out the Freshies by a score of 12 to 10. The Sophs also defeated the Juniors.

## Eyes Turned to Lubbock Monday In Rail Hearing

The momentous hearing that will determine whether Hereford will get the T. & P. railroad will open next Monday at Lubbock when principals and intervenors begin pleading their cases before the Interstate Commerce Commission. Interventions for and against have been filed by chambers of commerce and other commercial bodies in various parts of the state, Galveston being one of the last to come in opposing the permit. In numbers and scope of territory that would be favorably affected in building of the new rail line, those who are asking for the road far outnumber the opposi-

tionists. The hearing will be held in four other railroad systems.

John P. Slaton is leading the fight of Hereford and Deaf Smith county in their contention that the rail line is a necessity and will meet an urgent public convenience.

## Farris Smith, Member of U. S. Destroyer Squadron, Singapore, Attacked by a Vicious Native

Relatives of Farris Smith, who is on the U. S. S. Whipple, a destroyer in the Pacific fleet, have received a letter from him telling of his stay in the Malacca strait. Farris is the son of Mr. and Mrs. H. M. Smith of Hereford. The letter was written at Singapore, the most cosmopolitan city in the world, and one that reeks with pure orientalism.

In the following letter, the writer speaks of a "run-in" with a native who brandished a knife in a threat to carve up four Americans:

Singapore Oct. 15.—I can speak a few words of Chinese and a little Lagarlic, enough to get by on. In the Peninsular the higher class of people dress pretty well but all the lower classes go barefooted and scarcely enough clothing to cover themselves. The small children, two to 14 years old, go nude.

Older Chinese women have small feet, about six inches long, but the custom of foot binding has been discarded and younger wo-

## HOSPITAL MAKES REPORT FOR MONTH OF NOVEMBER

The county hospital cared for 13 patients during November. There were 3 accidents, 4 minor operations, and six medical cases. The following towns were represented: Hereford, 9; Canyon 1; Black, 1; Vega, 1; and New Edinburg, Arkansas, 1.

## RED CROSS COMPLETES ITS DRIVE FOR FUNDS

The Red Cross annual roll call in Hereford raised a fund of \$300, according to C. W. Humble, who had charge of the membership campaign. A large portion of the money will remain here for local distribution by the home chapter, he said. It will go to support of such activities as the county health service.

Mr. Humble stated that he considered the drive a success and thanks all the volunteer workers who undertook the solicitations and the citizens who made donations through their enrollment.

## Audit Shows Creamery In Good Shape

G. A. San'l & Co., Amarillo firm of auditors and accountants, who have just completed an audit of Farmers Creamery Association, Inc., for the quarter ending October 31, report this concern in excellent financial condition, with current assets nearly twice current indebtedness and no other liabilities. The concern leases its building but owns its machinery and equipment, costing nearly \$10,000.00.

The Farmers Creamery Association, Inc. commenced operations about 15 months ago and has just closed the first quarter of its second year with very satisfactory earnings. The concern is a home-owned institution, its stock being owned by farmers, cream producers and business men in and about Hereford. Its product, Cream-O-Main butter, has rapidly become a favorite in the local and surrounding territory markets, and its ever increasing sales attest to its high grade and standard quality. The company gives employment to four local people, headed by Herman Schulz, manager; S. O. Wilson is president of the company; Lester Galley, secretary, and Mrs. Turrittine, Fred Pittner, George Lewis, J. L. Lookingbill and Herman Schulz are other members of the board of directors.

**Friena Man Hurt.**  
G. W. Weaver of Friena, was brought to the Deaf Smith county hospital Monday suffering with a cut shoulder. He was working with a tractor Sunday night, having it jacked up, when the machine fell against his shoulder. The injury is not serious, and Mr. Gardner is rapidly recovering.

## Exchange for Women Voted In Club Meet

A Woman's Exchange is to be established for Deaf Smith and a tree and flower planting campaign carried on for beautifying homes and schools as a result of the December session of the federated clubs of the county at the First Baptist church Monday, when a covered dish luncheon was served, and a prepared program rendered in the afternoon. Mrs. George Garrison, president of the federation, presided over the meeting. The Frio and Progressive clubs were hostesses, with a large delegation from each in attendance. Over 40 ladies of the county were present.

A committee of seven was appointed to work out detailed plans for the Woman's Exchange, of which a definite announcement will be made later. The home and school beautification campaign was endorsed and members of the various clubs were urged to become active in promotion of this civic movement.

The nine clubs represented were Progressive, Frio, Ford, Ward, Summerfield, Palo Duro, Westway, Mother's and Music Study.

Program numbers were: Beautifying the homestead, Mrs. J. P. Slaton, Duet, Mrs. Jesse Stanford, Miss Dessie Mae Steele; Solo, Mrs. Ray Conaway; Violin solo, Mrs. A. C. Thompson, Reading, Mrs. Grace Guthrie.

## Sub-Spillway System of Park Makes Progress

Installation of the three-foot concrete drainage for Lake Park is about two-thirds finished, work this week being on the lower part of the spillway. Preparations were under way Tuesday morning to pour concrete around the forms just north of the court house.

Iron moulds are set in place for a distance of 105 feet at a time and several inches of concrete are poured around the tubular forms. In order to make certain the drainage of the lake which will be beautified later, a mammoth ditcher is used to sink the storm sewer to a depth that will insure sufficient fall to carry the water into Tierra Blanca creek without accumulating and backing up on the park grounds.

## Three Hereford Men On Board Tri-State Fair

At a recent meeting of the Tri-State fair at Amarillo officers and directors were elected for the coming year. Tom Ivey, T. E. Seigler, and O. L. Rutherford were named as directors from Hereford.

Dr. O. H. Loyd of Vega and Jesse M. Osborn of Friena are all in on the board.

## E. RAMEY HAS RETURNED FROM FATHER'S FUNERAL

E. Ramey, one of the Farmers Creamery force, with his wife and daughter, Miss Eunice Olive, have returned from Fannin county where they attended the bedside and funeral of Mr. Ramey's father, F. N. Ramey, who was stricken with paralysis and pneumonia. Deceased was 77 years of age.

## BRAND PUTS OUT LARGE PRINT ORDER FOR GASS

The double-page advertisement circulated throughout the Hereford trade territory this week by D. R. Gass & Son is a product of the Brand printing shop. This dry goods store has worked out a big Christmas sale, and desiring to broadcast the news effectively and in as attractive style as possible, called upon the Brand with its illustrative features and printing facilities to do the job. Credit is also due George Stambaugh for his efforts in assisting on an artistic layout of copy.

## Hereford To Be Decorated for Holidays

That all Hereford will put on a metropolitan air and assume a gala holiday attire for the Christmas holidays, especially the business section, is indicated in the announcement of E. S. Ireland, mayor of the city, Sank Ramey, adjutant of the legion post, and Fred Oberthier, manager of the Texas Utilities company, that installation of decorations will begin next week.

The city has strings of colored light globes for suspension over its main business streets, and legion members have volunteered to see the business houses, about dressing up their stores in holiday lights and other attractions. Citizens are also encouraged to decorate their homes and lawns.

Much favorable comment was passed by visitors last Christmas on the beautiful appearance of the city, when only a short time was had for planning. A great improvement is to be made this season in the variety and extent of decorations, according to Mr. Ireland, and an early start is being taken.

Local residents will be pleased with the civic pride instilled, and people of the trade territory will find a great delight in visiting Hereford ablaze with its new holiday dress, said the Mayor, and he urges everybody to use their ingenuity in making their premises aesthetic and attractive during the period of good cheer.

The Lions club has accepted responsibility of conducting a decoration home contest to promote the Yuletide spirit. Funds will be raised and prizes given for the most attractive Christmas display at the homes, and judges will be selected to pass upon the merits. Individual members of the club intend to start the movement by beginning with their own homes.

## Santa Fe Is Stringing Heavier Steel for Replacement of Old Line Between Hereford, Canyon

Crews of Santa Fe trackmen are stringing steel along the right-of-way between Hereford and Canyon. The rails are for a new track over the 30 miles of roadbed, but no double trackage is contemplated at the present, it is indicated. The steel is 20 pounds heavier than the present track, replacement being made with 110 pounds.

Construction work will probably not begin until after the first of the year. The Santa Fe has appropriated \$6,000,000 for new steel to be used on new roads and in improving stretches of others that are presently operated.

## MISS DUNN IS MANAGER OF HEREFORD BAKERY

Miss Hazel Dunn has assumed management of the Hereford Bakery, which is owned by R. M. Dunn, effective last Friday. Hank Reynolds, former manager, left Friday with his family for Amarillo where he has accepted a position with Sears, Roebuck & Co.

## WANTS OTHERS TO READ THE BRAND

An interesting sidelight on the Hereford Brand is contained in the following letter received from Mrs. John Bolling, a staff correspondent of the Brand for the Fairview-Palo Duro communities:

"We enjoy having our community represented in your worthy paper. Hope we can induce others to subscribe for the Brand, as we do think it very worthwhile. We read it from cover to cover."

## School Variety Is Announcing Unique Program

The Central School Variety promises to be one of the most interesting entertainments in Hereford during the holiday period. This is the name of a miscellaneous program which will be held at the high school auditorium Friday night, December 12. Not less than 200 children will appear in this program of playlets, dancing and music. It will be an event that no one will want to miss, according to Miss Edith Shields, principal of Central school.

Among other things there will be two bands. As last year there will be a first class rhythm band, which will have a new group of children this year, and they are said to be just as good as the previous performers. Ralph Smith will have a new feature in his Central school band of about 30 children who have been doing some excellent work.

Other interesting numbers of the School Variety are a Christmas Operetta, Doll Pantomime and two short plays.

## Acker Succeeds Cronin, Member School Board

C. C. Acker was appointed a member of the school board at a meeting November 25. Mr. Acker will serve out the unexpired term left vacant through resignation of J. T. Cronin. Mr. Cronin resigned from the board the latter part of September.

The trustee personnel is now A. H. Stren, L. W. Carlyle, E. B. Posey, H. G. Conkright, J. T. Gilbreath, C. O. Lee and C. C. Acker.

## GET LARGEST DEER EVER BROUGHT TO HEREFORD

The hunting party composed of Johnnie Haberer, Henry Sherman, Messrs. Haberer and Walter returned home with three large bucks. The three lucky sportsmen were Henry Sherman, with a 7-point deer; Mr. Haberer, with an eight-point one, and Johnnie Haberer, with an 11-pointer. Two of these deer are said to be the largest ever brought to Hereford.

## LIONS CLUB TO PRESENT PLAY OF HOME TALENT

Mr. and Mrs. T. E. McCollum have been appointed directors general for staging a play with Lions club talent in whatever manner and on whatever date they see fit. Receipts from the play will be applied in redeeming the club's pledge to put playground equipment on Lake Park next spring for the kiddies.

## Auto Plates Put On Sale At Old Rate

The new 1931 motor vehicle license tags were put on sale Monday by the tax collector's office, and Arthur Thompson has the distinction of buying the first one. He was first last year, and Deputy Collector Jewell Murchison says Mr. Thompson has a penchant for wanting to get the first tag every year.

The new tags are white figures on black background, starting with a C in this district. Deaf Smith county's allotment consists of 2500 auto and 450 truck plates, the automobile starting with C5-4301. Letter initials are used this year in order to keep the figures from running so high as to become less legible.

While tags are on sale during December, they should not be attached to the vehicles until January 1, according to Mr. Murchison. Grace period for paying the highway tax ends with January 31.

There has been no change in highway traffic laws. The tax for trucks, trailers and autos is the same as for 1930, and all the laws and regulations are in effect as before, no new legislation being passed. The collector says every taxpayer must present a light testing record or the tax numbers will not be issued.

Sheriff Miller's office has also announced a new ruling on payments. This year no checks will be accepted for highway licenses. In a strictly cash basis to all. During the year just closing Mr. Miller states that he has had endless trouble getting bad checks made good.

Checks will be received on all other taxes, and it is desired that taxpayers issue a separate receipt for school taxes, since deposits to that account must be made separately.

"A holiday sale is on but we do not have any Christmas rates," says Mr. Murchison. "We want the public to buy now and avoid the rush at the end of the period. The shipment of plates on hand, a total of 2500, is less than will be used during 1931. We expect to have issued that amount by July, as in the past our first allotment has always been taken up at the end of the first six months."

## Blaze Destroys Culwell Home, Knight Street

The home of Otto L. Culwell on Knight street, West Hereford, was totally destroyed by fire early Tuesday morning, while the family was absent. Fire alarm was turned in at 12:15 a. m., and the volunteer fire department made the run to the scene. The blaze had nearly reached the roof when firemen detected that the department could do nothing towards saving the structure. Contents were also lost.

Monday night a fire in the top part of the house had been found and apparently extinguished by members of the family, according to Mr. Culwell. It is thought smoldering embers were missed, and during the night they broke out into a blaze.

The fire department was called to Sam Angelo's home on B street at 7:05 o'clock Monday morning for an automobile fire. A 1928 Chevrolet sedan, owned by Brumley Chevrolet company and driven by a salesman, had caught on fire from unknown causes.

Emmett Green lost his Oakland coupe Monday when it was destroyed by fire on the highway between Hereford and Umbarger.

A Franklin car, driven by the Franklin dealer at Amarillo, collided with another car on the roadside last Friday afternoon between Dawn and Umbarger. The collision caused the Franklin to catch on fire, and the car was burned up.

Another automobile lost by fire was a Hupmobile, owner unknown, which was burned one day last week on Harrison highway, 18 miles west of Hereford.

You may not believe this one, but the Brand is so popular that we get subscriptions by telegraph. A telegram was received last week by the circulation department from Ted Lane, Carthage, Illinois, requesting that the Brand be started at once as a birthday gift to Mrs. Lane. Western Union added that the subscription price had been remitted by wire, and if a call should be made to the Hereford office, R. A. Walls would turn over the cash. And he did. Who's next?

A magazine conducting a department of advice to the perplexed received the following question: "What can I get for my wife on our wedding anniversary?" The answer was: "I am sure I don't know. How many anniversaries have you had her? Have you had any offers?"

A mercantile company also wrote to the same department that a retrenchment policy had been decided upon and wanted to know if the best way of saving money was by stopping all newspaper advertising.

The reply was unique: Business advice is a little out of my line, but in this instance anybody could see that you have a real idea. Certainly you will save money. You will not only save what you have been spending for advertising, but you will save much more on your payroll, as you will need

National magazines and the newspapers are not overfriendly, for the periodicals are always trying to hog the daily and weekly press out of a just share of national advertising. Just to show that these magazines do not know America, that part of it outside metropolitan centers and beyond the pale of gangsters and racketeers, one of these weekly magazines, with more than two million circulation, stated editorially that all the bread supply of the nation was tied with twine imported from Mexico.

That editor writes only one editorial each week, and a couple of weeks ago he undertook to show how dependent our nation was on other nations, and he figured that we had to buy sisal from Mexico to tie our wheat into bundles. The West Texas chamber of commerce, which is on the trail of geography makers that still portray West Texas as semi-arid, might inform this national weekly that combines have been invented and that most wheat growers own and operate one. About a million bushels of wheat went to market last summer in Deaf Smith county, and we were never able to see any twine or bagging used in any of the processes.

**We'll Save you money on house paint!**

Buy your paint on the yearage basis, and we'll prove to you that we have the most economical paint in the Southwest! Not because it is a bargain paint. But because it has yearage which means the same to paint as mileage does to tires—because it lasts from one to three years longer than other paints. Also it spreads further—it covers 35 per cent to 40 per cent more surface. Paint your home—it's a shrewd investment!

## International Sunday School Lesson

BY DR. J. E. NUNN

December 7, 1930.

**STEPHEN**  
Early Interpreter of Christianity.

Acts 6:1-10; 7:54-60.

Text: They chose Stephen, a man full of faith and of the Holy Spirit.—Acts 6:5.

**Introduction.**

After the attacks of the Jews on the young church, that followed the events of Pentecost, there came a period of quietness and growth. The gospel was commended to be regarded in many quarters as merely a new form of the Jewish faith, whose acceptance did not necessitate a break with synagogue and temple. The Jewish Christians of Jerusalem regarded themselves as Jews. The danger of such a condition of things is obvious. Jesus said that you cannot put new wine into old wine-skins. Was this new religion to peter out into a Jewish sect? It looked as if it might. Then two men were said, No! They were Stephen and Paul, whose spiritual forces had such tragic, brief, but lasting contact. The former's martyrdom began the loosening of the gospel from the Law; the latter completed it. Because Stephen was the first disciple, so far as we know, to follow the Master even to death, we call his protomartyr.

**The Lesson Study.**  
The story begins with the record that Stephen was a man of the best repute there at Jerusalem; honored, beloved, sincerely religious (Acts 6:5-8). Then all was overshadowed by the fact that he was of the despised sect of the Nazarene.

The story ends with the mangling of the body of Stephen? No, it ends with the brief word written after, "stimulate interest and suggest something still to come. 'And Saul was consenting unto his death.'—Acts 8:1.

"In his heavenly vision he did not forget his fellow men, however deeply they had stinned. They were still the people for whom that glorified Saviour died."—The Abington Commentary.

**First Mention of Stephen.**  
We first hear of Stephen in connection with the complaint of the Hellenist Christians in Jerusalem that their widows were being neglected in the distribution of the poor fund. In order to remove all ground for this complaint and thus end discussion in the church as well as to relieve the apostles of the burden of caring for the poor,

a committee of seven, whose Greek names suggest that they were themselves Hellenists, were chosen to administer this fund. It is possible that the later office of deacon was suggested by the work of this committee, but the New Testament references to deacons do not give us any very clear light on their specific duties.

**Stephen, the Deacon.**  
It is common to refer to Stephen as a deacon, but the New Testament never does so. The word "diakonos", from which we get our word deacon, is commonly used in the New Testament to denote one who serves, or ministers to another. It is applied to Christ, to Paul, to Apollos, to Tychicus, to Timothy and others, but never to Stephen and his fellow members of the committee chosen to administer the poor fund. This term does not appear to be used to denote a special officer in the church until years later, when Paul used it in Philippians and First Timothy.

The qualifications that Stephen was required to have before he could be a member of the relief committee, or a deacon, are worthy of special notice. Briefly stated they are: good reputation, good religion and good sense.

**Stephen, the Preacher.**  
Stephen had developed wonderful power as a preacher. As in the case of Peter, the spirit of Jesus was making him more effective than the living Jesus had made the Twelve. He was winning many converts. The Jews of the foreign synagogues in Jerusalem, of which there were many, became his bitterest opponents; tried to answer him and counteract his influence. But in vain. Then they resorted to the cowardly alternative—a "frame-up". Stoning was the usual Jewish method of capital punishment.

**Stephen and Paul.**  
"If Stephen had not prayed, the church would not have had Paul," is a saying attributed to one of the fathers. "The hour of Stephen's death saw a new name entered upon the roll of heroes of the cross." (The Abington Commentary). There can be little doubt that the sight of the shameful execution heroically endured, in patient, glorious faith of this protomartyr opened Paul's eyes to see Stephen's Lord in a different light than he had seen him before. We take for granted that the sight was in his mind's vision all the way to Damascus; that it was a factor in "the prick" that in vain he struggled against.

**Stephen and Jesus.**  
New Testament students have

been fond of drawing parallels between this first of the martyrs and the Saviour, especially in the ending of their earthly careers: They were both killed by their own people, Israel; and by the same council, the Sanhedrin. The ostensible charges brought against each were similar. The place of the stoning was probably not far from where the cross had been planted outside Jerusalem to the northeast. Each offered in dying a prayer for forgiveness for his executioners. Jesus commends his spirit to the Father, Stephen to Jesus. Stephen's dying vision was one that Jesus had promised (Matt. 26:64). One might add the curious fact that in the ecclesiastical calendar Saint Stephen's Day falls on December 26, the day following the Christ festival.

**The Charge Against Stephen.**  
The success of Stephen in his synagogue debates embittered his defeated opponents. Unable to cope with him in argument, they adopted the contemptible course of slander; hiring false witnesses against

him, and charging him with blasphemy—the same charge that led to the crucifixion of Christ. They brought him before the highest tribunal of the Jews, the Sanhedrin—or Council of seventy elders, scribes and priests. They charged him with declaring that Jesus of Nazareth would destroy the temple and change the revered customs ordained by God through Moses. These abominable lies have been uttered, the high priest, the president of the Sanhedrin, gave Stephen an opportunity to speak in his own defense. And then, as the eyes of all the assembly were riveted upon him, they "saw his face as it had been the face of an angel."

**Stephen's Answer.**  
Stephen answered—the charge against him by giving a long and strange history of the Jewish people. "Although Jesus is not mentioned in this review of Hebrew history, he is in the speaker's mind throughout; and the hearers could not fail to draw the hidden reference to him from every bit-

ing sentence. He was rejected, scorned, ill-treated, like Joseph and Moses. The Jews had disbelieved the promise made in him as they had disbelieved past promises. This meaning was so evident that the audience, judges and witnesses grew even more angry. He charged them all with the murder of the prophets and of the Righteous One, and with continual disobedience to the Law in its letter and its spirit. The audience was now mad with fury at this open defiance, as Stephen trampled on their deepest prejudices and their pride of race and birth and institutions. They could not restrain their rage, and their demonstration stopped the speech."—Sir William M. Ramsay.

**They Stoned Stephen.**  
"And they stoned Stephen, calling upon the Lord." No object of the Greek participle is expressed, but obviously "the Lord" is to be understood from what follows. In his death Stephen continued his testimony that Jesus was divine. "And saying, Lord Jesus, receive

my spirit." Very likely Stephen was present at Christ's crucifixion, and heard his last cry, "Father, into thy hands I commend my spirit."—Luke 23:46.

"He fell asleep." No more fitting and beautiful words can be found to describe death, at least such a death. No implication of an ending, but a morning with its sunlight and cheer. The word "asleep" has been reproduced upon hundreds of thousands of Christian tombstones. Our word "cemetery" even, means "sleeping place." "Sweeter to the martyr would be the glory of Emmanuel's Land when he touched its shore, because of the storm through which he had passed."—Arnold. "It is a glorious tribute to the gospel that those who love it and live by it die well."—D. J. Barrell.

J. O. Woods, former county agent of Curry county, New Mexico, accompanied by his wife and Mrs. H. C. Green, was over from Clovis to spend Thanksgiving with Mr. and Mrs. R. E. Kessie.

# THE NEW CHEVROLET SIX

Strikingly beautiful, fleet and smart  
—a masterpiece of Fisher styling

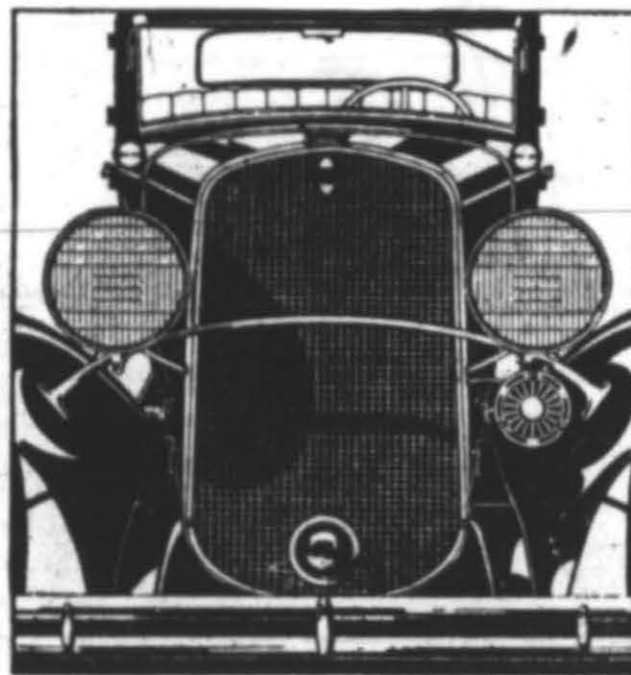

In the entire field of modern coachcraft no symbol has come to mean

more to the buyer of a motor car than *Body by Fisher*. And never has Fisher's superiority been more strikingly exemplified than in the beautiful new bodies of the Bigger and Better Chevrolet Six!

Working with the added advantage of a lengthened wheelbase, Fisher designers have been able to achieve in the new Chevrolet a degree of smartness, comfort and impressiveness hitherto considered exclusive to cars far higher in price.

Inside and out, you will discover scores of refinements that stamp this car as a masterpiece of modern coachwork. Radiator, headlamps and tie-bar have been artistically grouped to create an unusually attractive and distinctive ensemble. Mouldings sweep back from the graceful new radiator in an unbroken line to blend with the smart new body contours. And new colors, in carefully devised combinations, lend a new individuality.

Front view of the new Chevrolet Sport Coupe

Interiors, too, are exceptional in every way. The new mohair and broadcloth upholstery is tailored with exceptional smartness. Seats are wider and deeper and more luxuriously cushioned. A deeper windshield and wider windows give better vision for both driver and passengers. And beautiful new hardware, of modern design, lends a final note of charm.

The greater quality and beauty of the new Chevrolet-Fisher bodies have a counterpart in the many improvements which have been provided in the chassis of this Bigger and Better Six. Among these improvements are a longer, deeper, stronger frame; easier steering; a more durable clutch; a quieter, smoother-shifting transmission; and engine refinements which make the new Chevrolet a car you will be happy to drive—as well as proud to own.

The Bigger and Better Chevrolet Six is now on display in our showrooms. See it today—drive it—and learn for yourself that it is the Great American Value!

# Cotton Frocks Enliven Winter Styles

DESIGNED IN WIDE VARIETY OF TONES, NEW COTTONS GIVE DASH AND GAIEITY TO SOMBRE WARDROBES—CAMBRAY IS TYPICAL MATERIAL

BY HARRIET

THERE is a place in the winter wardrobe for several cotton outfits.

It is pleasant to have some pretty things to slip on when you come home from work. Wearing out last summer's things is not inspiring, especially when you consider how charming and inexpensive a few cotton frocks made in winter styles can be.

With offices and schools heated as they are, there is a real place for the cotton corduroy suit, the stamine frock, the voile or batiste blouse with the jersey suit.

New winter cotton things hold to the color scheme advanced by woolsens and silks. They come in exquisite beige tones, in wine reds, all-ferent blues, greens and browns. One of the nicest uses for cotton frocks is the informal print or embroidered frock that you put on for dinner with your family. There is a subconscious satisfaction in changing your work clothes for something gay.

For this type of dress, there are many new styles to copy and many materials to choose. One of the newest cottons is a sheer chambray that comes embroidered in dots or eyelets. A dress made of it, with a double flounce, short sleeves that also flounce and a pleated back yoke flaring its pleats across the waistline, in bolero effect, is exceedingly smart and dressy.

This dress is maize colored, with brown dots. It uses brown buttons for decorations.

FOR the girl who hasn't too much to spend and yet desires always to be well dressed, the new tweed corduroy in the rich winter tones offers real opportunity.

A suit of this material uses rich shades of brown for its tweed pattern and a green blouse and lining to the scarf collar and green to complement the tweed for a draped hat.

The skirt of the suit has a deep pleat at each side, in the front and the back, all of which flare at quite a low line. The jacket is made with a collarless French neckline, and

A delightful new cotton is "sheer cambray," left. It is maize colored with brown dots. A jaunty, inexpensive suit of new tweed corduroy, right, has rich shades of brown combined with bud green. New features are the collarless neckline with separate scarf incrustated with green.

has a separate scarf that can be snapped onto the back and wound around the neck. It may also be removed for the blouse's collar to be put outside the coat.

There is a brown belt to the suit, though it can be belted in self-material if the wearer wishes. It is a serviceable, jaunty suit for the modern girl who earns her own living.

For the school girl, a frock of cotton tweed or a jumper dress of cotton tweed with a voile blouse, can be topped by a smart little bolero or longer jacket of plain colored velveteen. Suits of velveteen are also smart now.

## Citizens Mourn Death of Mrs. Webb, Pioneer

Funeral services were held, at the family home for Mrs. Mollie Elizabeth Barnard Webb, wife of H. B. Webb, Tuesday afternoon at 2:30 o'clock, and interment was made in West Park cemetery. Rev. J. M. Fuller, assisted by Rev. V. M. Cloyd, conducted the rites. A host of friends came to pay their respects to the departed.

Mrs. Webb, who had been in failing health for several months, died Sunday night at the age of 64 years, nine months and 20 days. She was born February 10, 1866, and was married to Mr. Webb August 14, 1884. She and her husband had been in Hereford for 28 years, coming here from Parker county in 1902 for his health. Mr. Webb is a retired business man, a native of New York, who settled in Parker county in the early days, where he met his wife.

## Proceeds of Ring Auction Go to Charity

A get-acquainted sale is announced by C. R. Bentley, to start Monday morning, December 4. Mr. Bentley states that he is in Hereford to stay and is launching this sale, which permits a 40 per cent discount on all articles bought, in order to have the public get acquainted with his new and modern jewelry store on West Third street.

A diamond ring will be auctioned by Col. Ray Barber Saturday afternoon at four o'clock, and the proceeds will be given to the American legion charity fund. The legion is assembling a Christmas cheer purse in order to see that the more unfortunate children of Hereford receive a visit from Santa Claus, and it is hoped that the proceeds from the ring sale will make many little hearts happy at Christmastide.

It is also announced that a jewelry salesman will be at the Bentley store next Tuesday with extra stock and customers are allowed the privilege of selecting articles carried by the salesman at a same figure of 40 per cent discount.

Mr. Bentley has inaugurated a transportation service also. If a prospective customer desires to look over his stock and has no way to come to town, he will call for her in his automobile and take her home when through shopping.

## FLOCK OWNERS BECOMING INTERESTED IN EXHIBITS

Advertisement of the 4-H club and vocational agriculture poultry exhibit at Perryton has been received from T. D. Moss, former secretary of the Hereford chamber of commerce. The show will be held there four days this month, December 15-18.

Preparations are under way for the poultry show here some time in January, sponsored by B. H. Hopkins and his agriculture class of the high school. Owners of standard bred flocks in the county are considering joining forces and staging a general poultry show at the same time.

## Local Baptist Church Leads Tierra Blanca

Minutes of the Tierra Blanca Baptist association 25th annual session, held with Cleo Baptist church last September 18 and 19, have been published in a 28-page booklet. Rev. J. A. Lindley of Tulsa was elected moderator, succeeding Rev. V. M. Cloyd, Hereford, who preached the associational sermon.

The next session will be held in Friona on the Thursday following the second Sunday in September, 1931.

Many interesting facts are revealed in reports of the twenty churches affiliated with the Tierra Blanca association:

The Hereford church is the largest in the group, having 796 members. It was organized in 1895. Its church and parsonage have a value of \$102,000. Dimmitt's church property is second, with a valuation of \$25,000; Tulsa, third, housed in \$20,000 home. The Hereford church has a Sunday school enrollment of 513, under superintendency of A. O. Thompson. A grand total of \$14,032.19 had been given for all purposes by the church and its departments; compared to Tulsa's \$8,238.15.

New churches received were Frío, Westway and Childress.

A report of resolutions was made by Rev. V. M. Cloyd, which contained the part:

"Whereas, we have received such royal hospitality in the homes of the members of the Cleo Baptist church; also we have enjoyed the splendid lunches served at the church; therefore, we express our hearty appreciation for the hospitality of this church. Resolved that this association go on record as opposing the Sunday picture show and pledge our influence and support in suppressing same. We unreservedly condemn the Sunday shows as one of the greatest evils of the day."

## Fatally Shot, E. W. Morgan Is Buried Here

Funeral services were conducted at the Methodist church Monday afternoon for Edgar Woodward Morgan, who accidentally shot himself in Canadian Tuesday afternoon of last week. Rev. J. M. Fuller had charge of the rites, and interment was made in West Park cemetery.

Mr. Morgan, who was 77 years old, died at his home in Canadian early Saturday morning, following a fatal gunshot wound in his body. The accident leading to his death occurred when he was attempting to remove a jammed shell from a large pistol. In some way the gun was discharged and the bullet went completely through his body.

Hereford is deceased's former home. He lived here for 14 years before going to Canadian where he was engaged in business, operating the Morgan cash grocery. Mr. Morgan was born in Fulton county, Illinois, August 20, 1853, and was married to Miss Florette June Thompson, on June 7, 1876. He was a descendant of the Morgans who came to America in the Mayflower as one of the Pilgrim Fathers.

Surviving are the widow, a son, Gerald F. Morgan, Summerfield; two daughters, Miss Maude E. Morgan of Washington, D. C., and Mrs. Inez A. Humphrey, Canadian. His son's wife, Mrs. Gerald Morgan, is the daughter of Mr. and Mrs. John L. Wilson.

## Star Theatre Showing Some Good Programs

The Star theatre is offering some of the best programs of the year during the next few weeks. Any Clara Bow picture is sure to be a good one, and "Her Wedding Night" playing for the last time today, is the equal of any of the favorite red-head of the talkies has played in.

Friday and Saturday pictures will feature Jack Holt in "The Squealer", a story of the New York underworld, and devotees of the juvenile star, Davey Lee, and the inimitable Zazu Pitts, will find them up to their usual ability to entertain in this as well. W. L. Picketts, Star manager, had the misfortune to have his release date on "The Squealer" changed several weeks ago, but says it will put in its appearance for sure this time.

The great program for the first three days of next week will show Richard Arlen at his best in "The Santa Fe Trail", a story of the pioneering days of the old Southwest, and presented as one of the epochal dramas in pictures produced during the year. It is said to have required one of the largest casts ever got together for a picture and scenes were photographed in several states in the process of its filming. As the Covered Wagon was historical of the Old Oregon Trail, so is The Santa Fe Trail an undying picture in film, music and speech of the early Southwest.

Whenever you're in a hurry for hot water—who does the "running"? YOU or the faucet? Must you race downstairs to build a fire, upstairs to wait for results and then down again to bank it? Or do you hurry to the kitchen to heat a basinful in the tea kettle?

Now, whenever you can have "running hot water" from any faucet, at any instant. A Self-Action gas water heater will give an ample supply at all times.

### NOTICE, EVERYBODY!

Are you coming to the high school Friday night, December 5, to the carnival sponsored by the Pep Squad, Cowhands and the Band? Come and see the baby show, athletic show, Fun house and other features. Well, you will have to come and see. Now, don't miss this opportunity—put off everything else, because this chance only comes once in a lifetime and, now's your chance. Don't forget, everybody, come. Admission ten cents.

### The Hi-Y Club.

The Hi-Y club met Friday morning, November 21, for a strictly business meeting. Noel Bryant was chosen club reporter. After December 1, the club will meet each Monday night at 8:30 in the high school gym. The club dues are to be 25 cents each month, starting with December.

The club met again Wednesday night in the school gym. A regular discussion period was held, and then a number of games were played in the gymnasium and a fine time was had by all present.

### Debating Club Organized.

A high school debating club was organized Wednesday. Virginia Bowman was elected president; G. T. Higgins, vice president; Kellar Muse, secretary; Robert Bell, reporter. The club plans to debate with Amarillo, Canyon, Friona and other surrounding towns, and to enter the district meet in the spring. The interscholastic league question this year is, "Resolved that the Eighteenth Amendment should be abolished."

### Summary of Football Season.

While the Hereford Whiteface football team did not win any championships this year, they had a fairly successful season. The Whitefaces were defeated for the first time in three years this year. Canyon beat us for the first time in three years. Tulla and Lockney won from Hereford for the first time. Is not this a fine record? Here are a few figures: Hereford won nine out of 12 starts for this season. The Whitefaces scored 234 points to 44 for the opponents. It's tough, but we can't win all the time. We are glad to have Dalhart win district one this year. For the last two years they have been defeated by the Whitefaces and they took it and came back for more. Slaton won district two. The winner of district one and two will probably play Olney for the regional championship. It makes us feel discouraged. How would you like to be running a special to Slaton for bi-district?

## Out SMART-ing 'Em

Athletics in our school, or any school, are not necessary—but, oh, so essential!

What kind of a school would Hereford have without athletics? They offer social and moral training in which the whole school shares by being loyal to our school, whether a member of the team or not. We are developing the qualities of loyalty, of social morality and of social conscience. Athletics promote school spirit and a friendly sportsmanship between opposing schools. What is more thrilling than to hear on school give a good lusty cheer for another?

Sports produce clear-eyed, clean, healthy boys and girls. They are an incentive to concentrated work on studies. Why develop quick thinking and strong bodies and they improve the character of the players and well as that of the school.

In sports, cooperation, teamwork and fair play are three essentials that are absolutely necessary. Once a player has learned these he will not quickly forget them. They are not only necessary in school games, but also in the game of life. There is no better time than the present to learn them, and if athletics help us in this way, they are all important in our schools.

It used to be that a town's electrical possibilities were limited by the size of the town—the larger the town, the better the service—and the smaller the town the "sorrier" the service.

In these days when transmission lines carry electricity for hundreds of miles in all directions from a huge generating plant to towns who also may receive electricity over transmission lines from some other distant super-plant, poor electrical service is almost unknown.

Thus Hereford is assured as dependable electric power, heat and light as the largest cities in the land, yet it can boast of no better than villages and smaller towns on the same transmission lines.

### Great Show of Poultry May Be Seen at Slaton

Slaton, Dec. 4.—"It's going to be one of the greatest exhibitions of poultry even seen in the Southwest", says Taylor White, of Tahoka, president of the Texas Panhandle-Plains Poultry association, in speaking of the first annual poultry show which the association will hold in Slaton next Wednesday, Thursday and Friday, December 10, 11 and 12.

Scores of entries are already being received from over 54 counties of the show's territory, according to L. A. Wilson, secretary, at Slaton. He said exhibitors are urged to mail their entries early, at least so they will reach Slaton by Tuesday, December 9. All birds must be in the show room by 11 a. m., December 10, it was announced.

Excellent accommodations for the show have been provided. A brick building 50 by 150 feet will serve as the showroom, and regardless of weather conditions the fowls will be perfectly protected. Officers of the show have assured exhibitors that the utmost precautions will be taken to insure that sanitary conditions will be strictly maintained throughout the three days.

The annual banquet of the association, to which all exhibitors are invited, will be held Wednesday night, December 10, at Slaton club house.
