## CHRISTIANS GET WOOTEN FOR PASTOR

DEAN OF MIDLAND COLLEGE ACCEPTS CALL TO HEREFORD

## IS NO STRANGER

Was Formerly Pastor Here And Helped Start New Church Idea

The Christian Church of Hereford has called the Rev. J. N. Wooten of Midland to the pastorate. He has already assumed his new duties. He has been in Hereford for several weeks, camping at Sulphur Park Club grounds and has been filling the pulpit every Sunday.

Rev. Wooten is not a stranger to Hereford by any means. He was formerly pastor of this same church and the first subscription for the present magnificent building was started during his regime. He has lived at various places since leaving here. He has been pastor at Paris and Temple, Texas, and of late has been Dean of the Midland College, Midland, Texas.

Rev. Wooten is described as an extremely earnest and spiritual preacher and the church members believe that in him they have secured a man who will do wonders toward preaching the true gospel in these times of loose morality and lack of proper consecration to church ideals.

## Plainview Legion Plans Big Times For Fourth July

Dr. W. F. Gabbert is in receipt of the following letter, which is self-explanatory:

"Plainview, Texas, June 23, 1921.

"Post Commander, Hereford, Texas.

Dear Sir:

"Confirming our telephone conversation of last week this is to advise you that the American Legion of this city is fostering an Ex-Service Men's picnic here on July 4th. We are doing this in an effort to bring the Legion Posts of the Plains in closer co-operation and we believe that if we can successfully start such a movement this year it will be kept going in the future by other towns so we propose to organize a West Texas Legion Association which will not be in conflict with the Department of Texas, but will be subsidiary to it. There will be plenty of free eats and entertainment for your amusement. "Bo" Sexton of our city, and "Young Nelson" of Amarillo will box that day, and they are both very high class performers. Joe Snyder will wrestle. There will be a parade of Ex-Service Men at 10:30 a. m.

"We are offering a \$50.00 prize for the best Post colors and color guard in that parade; \$25.00 second prize; \$25.00 to the best section in that parade representing some post outside of Hale County. Hale County will not be eligible for any of these prizes, and we believe that these prizes will defray the expenses of the winning post.

"We have extended a very cordial invitation to all post commanders as far south as Sweetwater, as far north as Dalhart and Canadian, as far west as Clovis, N. Mex., and as far east as Childress, so come out one and all, and let us have every post in that area represented; and be sure to send a delegate. If you are unable to send a color guard, pack your colors securely and we will furnish a color guard and be responsible for returning the colors to you.

"Spread the good news among the Ex-Service Men; come over and bring a with you.

"Yours for the Legion,  
MEADE F. GRIFFIN,  
Post Commander."

## H. E. BAIRD HAS WHEAT THAT LOOKS GOOD AT HARVEST

H. C. Baird, who lives eight miles southeast of Hereford, has contributed a sample of good wheat to the display at the Chamber of Commerce. This wheat was planted the latter part of last October. He has about seventy-five acres of the kind from which the sample was taken, and he believes it will thresh ten bushels or better. A header in that neighborhood started to work Monday morning, manned by men from the different farms, who are "swapping" work, and several hundred acres will be cut by this one crew.

ALVA DEBNAM; JACK TURNER; GILBERT WETLING

New York, June 20.—Representing 2,000,000 American farm boys and girls, the Champion live stock judging team of the United States and Canada, composed of three Texas farm boys, sailed from New York for a two months' tour of Europe and the British Isles. The youngsters, all under eighteen years of age, last October defeated twenty States in the International Stock Judging Contest at the Southeastern Fair and Exposition at Atlanta, Ga., winning by 145 points, with a total score of 3,110 points.—They are, John Turner of Hillsboro, Tex.; Alva Debnam, of Lamesa, Tex., and Gilbert Wetling of Marlin, Tex.

Rural America will watch the overseas trip of these boys with interest as they are outstanding specimens of the material from which the ranks of the farmers of the future are being recruited.

## Help! Succor! Assistance! Deep Plot is Unearthed to Hand Amarillo All Our Old Scotch!

Taint fair! After all the strenuous trouble, hopes, expectations, and final despair connected with that 59 cases of Old Scotch, Uncle Sam's booze hounds are going to give away that high-proof stuff to Amarillo charitable institutions.

Didn't Deaf Smith county officials grab the stuff, arrest the custodians, foot the bills—and then lose the whole works? And haven't we some Sanitariums, and charitable institutions, and snake-bitten folks? Just listen at this in the Amarillo News:

"There is in Amarillo an official who has in his possession 59 full cases of whiskey, lacking one quart, and he has orders to give it out to hospitals, old soldiers, sick and decrepit people.

The liquor is genuine old Scotch, bottled-in-bond, and would not be turned down by anyone who countenances the stuff in any form. The custodian would not have his name published nor the number of his room divulged for he opines there would immediately be an epidemic of sickness in the country and he would be besieged by the sick, lame and halt, pleading for his medicine.

"Without any advertising the official declares that he is confronted with pained and pitiful men upon opening his door mornings, but the "Doc" has not yet broken a seal for his would-be patients."

Another question: What did they do with that missing quart?

## McNeil Brothers Released on Bond In Sum of \$1200

Abe and Hugh McNeill, arrested last Wednesday by Sheriff Purcell and charged with unlawfully operating a still, made bond before the week was out and have been released.

Judge W. M. Megert, sitting as a magistrate, fixed their bonds at \$1,200 each, which they made. Canyon parties went on the bond. Both men are understood to call Canyon their home. Their trial will not take place until the fall term of the district court.

These men were already out on bond on bootlegging charges preferred against them in the Potter county district court. They were intercepted on the way from Canyon to Amarillo. It being alleged that they had a quantity of "white male" in their car.

Sheriff Purcell has the still and "product" safely locked up, ready for examination when trial time rolls around.

## BRAND WILL GIVE EXPERT ADVICE ON ANY GARDEN TRUCK

The Brand acknowledges receipt of a delicious mess of new Irish potatoes, raised in Hereford and donated by Red Smith. The potatoes were all larger than hens eggs, with a fine flavor and the kind of all-around spuds that will put the fat on a man's ribs.

There has been a myth around here for some time that Irish potatoes could not be raised here, but the accomplishments of Mr. Smith and others in this community prove that this theory has just about as much basis in fact as the one that corn will not do well here.

Incidentally, The Brand force claim to be good judges, and if any other kind-hearted gardeners want some expert advice, it will be cheerfully donated, if samples are submitted.

## MILK CONSUMPTION GROWS; DEALERS PROFITS SHRINK

One hopeful sign of the general disappearance of the thirst for booze is the apparently increasing desire for good milk, say the Hereford milk dealers.

Unfortunately this increase in consumption is not reflected in the sales books of the men who sell milk for a living. Rather it shows up in the Profit and Loss account. For strange it appears, these new advocates of the drink without a kick prefer to obtain it without cost to themselves.

Both the Harman and Schultz dairies have been mysteriously losing milk bottles of late. The drivers will leave the bottle. Next thing they hear is a phone complaint that "you failed to leave my milk; what's the matter?" Then, of course, it's hard for the driver to make the customer believe the milk actually was left and also hard to make the boss believe it.

Lately the bosses themselves have been making the rounds to test the thing. Then the drivers got a clean bill of health, so far as their jobs are concerned. The bosses lost their milk bottles just like the hired help. Investigations lead to the belief that boys are systematically swiping the milk, bottles and all, and actually drinking it.

Milk is good for boys, internally, but this method of obtaining it is strictly against the law. The sheriff's office is working on several clues.

## Labor Bureau, For Farmers' Benefit, to be Maintained by Hereford Chamber of Commerce

A Labor Bureau has been established by the Hereford Chamber of Commerce. Ralph Barnett has been designated as Director of this Bureau. Headquarters will be maintained at the Chamber of Commerce office, where the young lady in charge will receive all applications for help and for positions and endeavor

## COWBOYS AND FIREMEN HOLD TWO DAYS FROLIC FOR CROWD'S PLEASURE

ROUNDUP-FRACAS PLEASES GOOD AUDIENCES AT ALL PERFORMANCES. ROUNDUP ATTENDANCE UNDER 1920

## IS WHOLESOME FUN THROUGHOUT

Mule Riding Feature of Roundup While Boxing and Wrestling at the Two Fracas Performances Delight Spectators. Band Gives Splendid Assistance

Hereford and the surrounding country made a big gala occasion of the Roundup and Firemen's Fracas, held here on last Friday and Saturday, and everybody appeared to be happy and to extract a lot of fun and good fellowship out of the celebration. While the Roundup was not as liberally patronized as last year, that fact was not due to lack of publicity, as was averred by some, but to the general condition of the country, which has effected attendance at all similar attractions. How-

ever, a generous crowd was on hand both afternoons and some skilful work was witnessed in riding, roping, bulldogging, goat roping, etc. The feature was the mule riding, which was above the average. On both days Robert Slak rode steers backwards as well as bulldogging a goat from a bicycle. Jake Williams also rode a steer backwards on both days. One of the participants was J. R. Loring of Magdiens, N.-M., on the Arizona line, who accidentally happened to come through here at the time.

The Fracas on both nights was a scream and delighted large audiences. Everything given was by local talent. On Friday night Mayor Knight was introduced by Referee D. L. McDonald, and opened the occasion with a talk on Hereford's Fire Department. A Battle Royal followed, participants being Corn, Williams, Wederbrook, Engle and Maxwell. The five were in barrels and the crowd was hilarious with joy over the mixup that followed. Kid Caskey and Cook put on three rounds with the gloves, Jake Williams and Corn had a wild slugging match, Curley Morgan was awarded a fall over Paul Jewell in the third round of a hard wrestling match, and Captain Robert Elliott and Jim Robinson, heavyweights, struggled through three rounds without a decision.

Saturday night Alban took two falls from Buster Lewis, and the Battle Royal was participated in by Williams, Maxwell, Porter, Hassell and Menton. Boxing exhibitions were given by Slak and Elliott, Senle and Standifer, Connel and Bailey, Walker and Taylor, and Engle and Hassell. In the last named bout Hassell threw his arm out of joint in the first round. This ended the affair, although no serious results came out of it.

No decisions were made in any of the events, the spectators being left to judge for themselves. While some of the matches were wild, quite a bit of (Continued on Page Five)

## HARVEST TIME IS HERE; EVERYBODY EXTREMELY BUSY

Harvest operations are in full swing now all over this section, following the close of the "rainy season" and the sunshine of real summer. Crews are being organized in every neighborhood, appeals for harvest hands are going up everywhere, machinery is being oiled up and made ready for the strenuous work of the next few weeks. The "ghost" is going to walk for many wheat farmers who can easily use the money, and the same ghost will thereafter walk for the merchant and the baker and the candlestick maker who reside in these parts.

The silver lining is determinedly pushing the black clouds into the background.

## WILL MERCHANTS CLOSE THE DOORS ON FOURTH JULY?

There is a movement on foot among the merchants to close the stores on July 4. So far the idea has not reached the stage where an agreement has been signed, but such a step is understood to be under consideration.

## BRUNK TENT SHOW POSTPONED DATE HERE TWO WEEKS

Brunk's Comedians, billed to appear this week, decided to make a two weeks stay in Canyon instead. Next week they are billed in Clovis, where there will be a big Fourth of July celebration, and they will reach Hereford Monday, July 11.

## Boys' Difficulty Results in Knife Wounds For One

Robert Burns and William Weems, both boys in their teens, engaged in a difficulty on Main street last Saturday and as a result Burns is in the Sanitarium with two knife wounds and a charge of assault and battery stands against Weems in Justice Farmer's court, filed by City Marshal Anderson Witherspoon.

The boys are said to have had an argument over a small amount of money which led to blows. Weems then purchased a pocket knife and when he came out of the store the argument was resumed. Burns was cut between the ribs on the left side near the heart, and his left arm was slashed to the bone just below the elbow, the leaders being severed. He lost a lot of blood and was hurried to the Sanitarium, where he is reported Tuesday to be doing very well.

Burns is a son of Geo. E. Burns and Weems of Henry Weems, both of Hereford.

## G. BOARDMAN AND WIFE ARRIVE FOR SUMMER VACATION

Mr. and Mrs. Glenn Boardman, of Chicago, arrived in Hereford Monday morning for a two months visit with Mr. Boardman's parents, Mr. and Mrs. H. H. Boardman.

Mr. Boardman is an artist, doing work on magazines and illustrated publications.

## OH, LOOK WHO'S HERE!

## Stores to Remain Open Longer For Benefit Farmers

Hereford's merchants, in order to accommodate the harvest crews of the next few weeks, have agreed to open their stores early in the morning and close not earlier than nine o'clock at night.

This decision was reached Monday, after a committee from the Chamber of Commerce had made the rounds and requested that such action be taken. There was not a dissenting vote on the proposition.

At the luncheon it was pointed out that the harvesters needed every hour of daylight and had to secure parts for machinery and groceries for the men either very early in the morning or after work hours in the evening. Some complaint had been received that stores were not open at hours when the farmers could afford to come to town. Grocery and hardware stores are more affected than any other, but every merchant called upon by the committee agreed to keep open until at least nine o'clock, for the next few harvest rush.

## MOTORCYCLE CLUB MAKES LONG RACE ON LAST SUNDAY

The Amarillo Motorcycle Club staged a tour through Hereford last Sunday, arriving here about noon. This organization, created in 1916, makes a tour each year. Twelve machines checked out of Amarillo Sunday morning, headed by Mechanic and Tour Master C. E. Eberly. The machines were given a thousand points each and are checked for various accidents. The winner is the one with the best score at the end.

There were about 22 people in the party Sunday. The schedule for the day called for stops at Canyon, Umbarger, Dawson, Hereford, Vega, Wildorado, Bushland and back to Amarillo, arriving home about 6:15 p. m.

### ANOTHER INSTANCE

We note the following sad complaint from France, told in a cable dispatch from Paris:

"That French grape growers and wine merchants are greatly disappointed at the slow increase of wine shipments to the United States since the war; that only 8,000 more bottles of champagne were shipped here during the first five months of this year than during the corresponding five months last year. The dispatch said that total shipments so far this year to the U. S. were only 55,000 bottles, indicating that we would take no more than 140,000 bottles of champagne this year."

Ahem! So some people in this country have been able to get 55,000 bottles of champagne in this strict prohibition year of 1921. Necessarily those 55,000 bottles of highly expensive wine had to go through the custom service of the same government that is supposed to enforce prohibition. Who are the people favored?

We suppose some doctor will remark that the champagne was for sickness. But how about the millions of bottles of wine that were in storage when prohibition went into effect? Is that all gone? And who consumed it? Moreover, if it is still in storage why add 55,000 to it in five months?

There has been a great deal said that prohibition is for the poor man and not for the rich man. It behooves our enforcing authorities to see to it that this law applies to everybody.

The freeing of the five bootleggers by the district court in Hereford will be good news to bootleggers in general. Caught with the goods, they were acquitted under technicality. This technical stuff may sound reasonable to the legal mind, but to the ordinary layman, it is pure bunk. Instead of making

## HOME TRADE ON EVE OF VICTORY; PEOPLE NOT FOOLED FOREVER

BE LINCOLN said: "You can't fool the people all the time."

The mail order houses fooled the people for a long time and made hundreds of millions of dollars profit by it. But the wisest among woke up, with the result that the mail order business is now going down hill so fast that the rich gentlemen behind such concerns are wild with alarm. They are frantically adopting new tactics in order to "fool some of the people" for some more of the time. But their end is near.

It is a great victory for home trade! Hurrah!

GOING! GOING! —!!

But in the day of victory let those of us who sell dedicate ourselves to BETTER and GREATER SERVICE to the public of this community who buy. The people who once depended on the ever-present catalogue will want something in place of it. They will want the attraction of picture, description and price, placed before their eyes in the most attractive and easiest form. The world knows that this means advertising—advertising in the newspapers that the people read.

This newspaper not only offers its advertising columns to every person in this community that has something worth while to sell, but it offers every one the liveliest co-operation to the end that your buyers—our neighbors—shall be served to the utmost, to the last word.

more laws, the legislature should discard all existing laws, and write some that will hold up, giving common sense a chance to rule the land.—Randall County News.

Our laws have too many technicalities in them. They were, in the main, made by lawyers who should have known how to draw up a bill free of technicalities, but they seem to have put as many in each law as they could get in. We would not suggest that this was done for the benefit of the lawyers as a profession.—Lockney Beacon.

The local officers can hardly be expected to go out of their way to capture bootleggers when the laws of Texas are so absurd that these bootleggers cannot be convicted even when all of the necessary evidence is right at hand. The sheriff of Deaf Smith county caught a party of four men and two women with 50 cases of Scotch whiskey. The sheriff exposed himself to personal injury and possible death in landing the party. Yet every one of the gang was freed in the district court, and only one member of the party has been transferred to the federal court, where a mere fine is possible under the law. Will the sheriff of Deaf Smith county be expected to run the

risk of getting his hide filled with shot from the bootlegger's gun to make another arrest under similar circumstances? The coming special session of the legislature should amend the law and make it effective, or repeal laws relating to bootlegging and give this gang a free unhampered hand.—Randall Co. News.

### OFFICERS CAPTURE STILL OF HUNDRED GALLONS CAPACITY

Friday night Sheriff Jim Crane, City Marshal John Compton and Sheriff Langford of Wellington uncovered a whiskey still of 100 gallons capacity. It was situated in a cave in the extreme northwest part of Childress county on the Smith ranch and included a complete outfit consisting of two 50 gallon boilers, six barrels of mash and other equipment for making corn juice on a large scale.

Recent heavy and protracted rains had made trouble for this distillery, for water had poured through a hole in the top of the cave and had spoiled the mash in the barrels. For this reason no operations had been going on for several days and nobody was caught at the place of business.

From the fact that the barrels and

other property composing this still showed to have been bought at Wellington, and other evidence in possession of the officers, it is believed that the owners of this still live in Wellington. It was located in one of the most remote and inaccessible places in the county, a place where ranchmen seldom go, hence was comparatively safe from the disturbing prowls of meddling officers. Its location afforded a ready market for its products in Childress, Wellington and Memphis, hence it is presumed that a thriving business was done when it was operating at full blast.—Childress Post.

The United States Government has proposed to the Mexican people that the two Nations enter into a treaty of commerce and amity such as will stabilize their relations and terminate the protracted period of mutual distrust.

## Courtesy --- Service

"Courtesy and Service" has always been the watchword of the First State Bank & Trust Co. Nearly everybody knows what courtesy is, but few, if called upon, could give a concise definition of the word. Webster says: "Courtesy is politeness combined with kindness." One can be polite, yet cold and unsociable. One can be kind, but not polite. But to be both polite and kind at the same time is to be courteous.

We thoroughly believe that courtesy, combined with service, is not only desirable but essential, not because it makes pleasant relations, but because it is a real asset, making new business and retaining established business. We believe that all who do business with us, no matter how small or large their accounts or needs may be, are entitled to Courtesy as well as Service and Safety always.

**PREPARE NOW FOR  
1922 WHEAT CROP**

Every wheat farmer in Randall county should take the time to go out and see the wheat fields of George Frank, a prosperous farmer living west of Canyon. There is a lesson in witnessing the evenness of Mr. Frank's wheat, the uniformity both as to length of the stalk and the size of the head. Furthermore, the wheat field is said to be absolutely free from smut.

Too many wheat farmers of the Panhandle-Plains country plant 200 acres, when they should plant but 100 acres. They will actually raise more wheat on the 100 acres properly prepared for wheat than upon the 200 acres planted under the usual methods.

A good judge of wheat states that several men have estimated that Mr. Frank will make nearly 20 bushels to the acre from his wheat this year, whereas the average of Randall county cannot possibly go over 7 bushels.

First comes the seed bed. If wheat is to follow this year's crop, the farmer should turn the land just as soon as the grain is off of the land this year. Summer fallow is recognized all over the west to be absolutely only guarantee the farmer has of his next year's wheat crop. Intensive cultivation of the wheat land from harvest time until planting time is almost as good as summer fallow, and land treated this way has actually proven to produce twice as much as the land treated in the ordinary way of double discing. Panhandle land is becoming so valuable now, seed wheat will be so high priced, and labor so scarce and high in price, that the Panhandle farmer cannot afford longer to slight his methods of putting in the wheat crop—merely hoping that next spring will be favorable, and that he will make a crop. Summer fallow is a positive guarantee for a good crop next year, according to experiments all over the west whose climatic conditions are similar to Randall county.

After the seed bed is well made, it is folly to plant seed wheat which has not been treated with formalin for smut. There are fields in Randall county today running from 30 to 60 percent smut. With smut so prevalent, it is almost a waste of time and money to plant seed wheat which has not been properly treated. Seed treatment is the best life insurance policy that can be taken out against the quality of your next year's crop.

The above facts were handed the Randall County News for publication, by C. F. Walker, County Agent, whose whole ambition is to see that the Randall County wheat farmer gets a just return for the money he spends for the production of the next wheat crop. Randall County News.

## Endeavor Picnic

Among recent social affairs given by the Christian Endeavor of the Christian Church none have given more pleasure or have been more largely attended than was the picnic and fish fry which brought together the members of the society and a number of friends on Monday evening.

A real joyride to Sulphur Park was a delightful prelude to the pleasures of the afternoon. Fishing was enjoyed until supper time when the fish were fried and a delicious picnic luncheon spread.

About forty young people were in attendance.

## Amarillo Visitor: Entertained

The presence in Hereford of Misses Bobby Linn Norton and Jewel Lester Baker, both of Amarillo, was the inspiration of a charming dinner party, given at the home of Mr. and Mrs. Claude Norton, on Friday, Miss Alma Knox also being an honor guest.

Covers were laid for eight, the tempting meal being served with that pleasing absence of formality, so expressive of genuine hospitality.

Horseback riding furnished diversion for the afternoon and later, the party were entertained at the Corner Drug Store.

Miss Norton is a cousin of Miss Knox and Mr. Norton.

## Little Miss Jimmie Clark is Hostess

The fortunate little folks who are members of the two primary classes of the Christian Sunday School, spent an afternoon most enjoyably on Thursday, when little Miss Jimmie Clark, one of their number, was hostess to the merry company, at her home from three to five o'clock.

The happy children assembled on the lawn whose luxuriant shade, made more attractive by velvety grass and the fragrant bloom of bright-hued garden flowers, invited to outdoor games, always in favor as summertime sports for children.

## ARMOUR DAUGHTER BLUSHING BRIDE

The poor little rich girl, Lolita Armour, only daughter of the famous Chicago packer, J. Ogden Armour, whom they said years ago would never walk, is today a beaming, healthful, blushing June bride. She was married this week to John J. Mitchell, Jr., of Chicago, a childhood playmate. Born a cripple, she was healed a few years ago when her father brought the most famous European specialist from Vienna to Chicago. When the operation proved successful, the surgeon was given a fee of \$100,000.

# Uncle John's Poem

What's the use of feelin' bitter, when yer schemer fails to go?  
There's more virtue in a titter, than than a barrel-full of woe. What's the use to act contrary, when agreement's all that pays? Heaven is gained by souls that's cheery—hell is full of grouchy jays. . . . What's the use of allers huntin' for the chadders in yer path? Ain't no happiness in gruntin'—Comfort never rhymes with wrath. . . . What's the use of bein' fearful of the fate that's on yer track? While tomorrow's smile is cheerful, what's the use of lookin' back?

"Live, an' learn, an' love, an' labor" makes a mighty sweet quartet. How it links ye with yer neighbor! How it helps ye to forget! Ain't no scripter, maybe to it—Ain't no mandate ner decree . . . but, somehow—the way I view it—It looks mighty good to me!

ed the entertainment program, and that it was intensely pleasing, was attested by the gay voices that rang out from time to time in exclamations of delight. Following the games, ice cream cones were served to about thirty-five children.

Mesdames Ralph Barnett and Jeff Gilbreath assisted Mrs. Clark during the afternoon.

## Out-of-Town Visitors Honored

Mrs. John Williams was hostess on Saturday evening to a party of friends in honor of Misses Frances Bass, of Little Rock, Arkansas, and Bethel-Burson of Silverton, Texas, who are house-guests of her sister, Miss Sena Mae Mounts.

The party was entertained with an elaborate picnic supper on the lawn at the Williams home, later forming a fine party to the entertainment put on by the local fire department.

The evening with its continuous program of pleasure was enjoyed by the honor guests and Misses Dene Dunlap, Mary Bell Reeves, of Sherman, Texas, Laura Gregg, Vivienne Steckman, Clara Dunlap, Douglas Wilson, Mary Fox, Olive, Victoria and Katharine Wilson, Hazel McQueen, Gladys Hicks, Sadie Earl Adams, of Plainview, Elizabeth Oberthier, Sena Mae Mounts; Messrs. A. Lawrence, Oden Weems, Flis Owens, Ferd Johnson, Douglas Connell, Bobo McLean, Clifford Acker, Jonathan, Mack and W. C. Pitman, Jack Mounts, Russell Newbold and Harold Fredder, of Amarillo, Mr. and Mrs. Fred Oberthier, Mr. and Mrs. John Williams.

## MR. AND MRS. BRYSON OF COMANCHE ON VACATION HERE

Mr. and Mrs. Bryan Bryson of Comanche, Texas, arrived in Hereford Monday afternoon for a visit with Mrs. Bryson's parents, Mr. and Mrs. Charles Smith. Mr. and Mrs. Bryson drove through overland and will spend several weeks in the cool Panhandle.

## THREE-TENTHS OF INCH RAIN FALLS HERE SUNDAY NIGHT

Sunday night the heavens clouded up ominously, thunder growled, lightning flashed and, shortly after most of the population were peacefully snoozing, the big raindrops began to fall. It rained at intervals for about two hours, in streaks, and then died out. The official gauge showed three-tenths of an inch in Hereford.

## MRS. POTTS WILL GIVE ADDRESS AT CHURCH MEETING

Mrs. J. Frank Potts left Monday for Hale Center, where she goes as representative of the Methodist Missionary Society to attend the Plainview District Conference.

In her official capacity as president of the local missionary society, Mrs. Potts will give an address on the subject, "Duties of Missionary Society Presidents."

## ILLINOIS SALESMAN HAS FAMILY HERE PROSPECTING TRIP

F. L. Jackson, who has been in Hereford several weeks, was joined Friday by his wife and little daughter, Anawayne, who came from their former home in Canton, Ill.

Mr. Jackson is a traveling salesman and is looking for a location in the Southwest. He and his family will spend the summer here and, if suited, will remain permanently.

## JOHNNYE WOOD IS AGAIN ON WAY TO ABILENE SCHOOL

Miss Johnnye Wood, who has been in charge of the office of the Chamber of Commerce since last fall, resigned her position Monday and left Tuesday for Abilene, Texas, where she will complete her course in a business college at that point.

Miss Johnnye has been succeeded in her work at the Chamber of Commerce by her sister, Miss Zula Wood.

## SPRATT'S SUNDAY SCHOOL CLASS IN HAPPY FISH FRY

I. H. Spratt entertained the members of his Sunday School class at a picnic last Thursday afternoon on the creek. The afternoon was spent in fishing, swimming, games, and wound up with a basket lunch and fish fry.

At a late hour the class broke camp and wandered back to their several homes. The members of the class who were present were Donald Hawkins, J. Walter Spradley, Morris Beavers, Archie, Bryan and Durwood Harper, Clarence and Marvin Laren, Wilson Forrester, Charles Newell, and Herbert Carter.

## OFFER HEREFORD'S BAND FOR PICNIC HELD AT DIMMITT

If our enterprising neighbor, Dimmitt, holds its annual picnic this year, and wants some real music, Hereford is willing to loan them the Hereford Band, an organization that is rapidly improving in technique, enthusiasm and numbers.

At Monday's luncheon Homer Wilkinson suggested that if the Dimmitt picnic was held this year Hereford ought to do her part by donating the music. The idea took instantly and a resolution was adopted requesting Mr. Wilkinson to look into the matter and offer the services of the band at Hereford's expense if the Dimmitt people agreed.

Dimmitt's picnics are famous all over the Plains as one of the best places in this wide world to go if you are

hungry and lonesome. A spirit of cordiality and hospitality and loads of real honest-to-goodness grub are sure to be supplied. And Hereford has never yet been overlooked in the invitations.

## J. E. HILL LEADS CLASS TO PARK ON GREAT FISH FRY

The Sunday School class of J. E. Hill in the Christian church, together with the Christian Endeavor of the church, enjoyed a fish fry and outing at the Sulphur Park Club grounds Monday afternoon. A total of about fifty young folks participated and all report a gorgeous time. More fish were caught than could be consumed, and the afternoon feast was topped off with vast quantities of ice cream.

**H. H. HALSELL TO SPEAK AT LUNCH ON NEXT MONDAY**

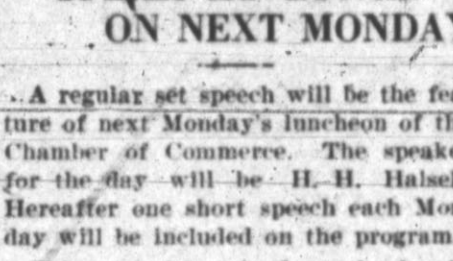

A regular set speech will be the feature of next Monday's luncheon of the Chamber of Commerce. The speaker for the day will be H. H. Halsell. Hereafter one short speech each Monday will be included on the program.

This was determined at the luncheon Monday at the City Cafe. The Secretary was instructed to secure a speaker each week, notify him in advance, and give him time to think up what he wants to say. Mr. Halsell, a new comer here, wants to tell the business men what he thinks of Hereford from the viewpoint of a man who has just moved here.

It was a scrappy session last Monday. A difference of opinion sometimes wakes up sleepy folks and injects ginger into community work. A good natured argument was indulged in for that purpose Monday and an increased supply of gas fed the machine. A number of subjects were discussed. The Secretary made a report on the results of his trip to Amarillo to attend the Secretaries' convention.

Next Monday the meeting will be held at the Stockman's Cafe. Those present Monday were: Walter Orr, Homer Wilkinson, N. C. Vogele, D. F. Ashbrook, L. Gough, C. A. Skelton, Leonard Foster, A. A. Foster, W. R. Steckman, E. B. Black, C. C. Rockwell, J. L. Foster, R. R. Johnson, J.

Plans for the organization of the greatest singing convention in the history of the country were launched this week, according to Jno. F. Taylor, president of the Curry County Singing Convention. The new organization is to be styled "The Plateau Singing Convention," and is to include more than 40 counties on the plains country. According to present plans about twenty-five of these counties will be in the Texas Panhandle, and fifteen in Eastern New Mexico.

More than 50,000 people will be directly interested in the convention, Mr. Taylor says, and everywhere the organization is meeting with approval.

The plan is to organize a singing convention in each of the forty or more counties on the plains, similar to the one in Curry County. Each county will hold four singing conventions during the summer months. Then a central convention of all the counties will be held once a year.

Curry, Quay and DeBaca counties have now organized; the other counties in Eastern New Mexico are perfecting their plans, and a number of counties in Texas already have strong organizations.

In addition to the regular annual convention, a singing normal will be conducted at some central point where everything from the rudiments to the finest points of singing will be taught by the best instructors that can be obtained.

An effort will be made to complete the organization so the central convention can be held next summer.—Clovis News.

Whereas, by virtue of authority vested in me, as trustee, named in and appointed in a certain deed of trust, recorded in volume 24 page 103, records of real estate mortgages of Deaf Smith County Texas, executed and delivered to me on the 29th day of May, A. D. 1920, by A. F. Reedy and wife, Fannie May Reedy, for better securing the payment of one certain promissory note of \$2900.00 more fully described in said deed of trust, executed by the said A. F. Reedy and wife, Fannie May Reedy, payable to W. S. Higgins at Hereford, Texas, twelve months after date, bearing ten per cent interest per annum from date until paid, interest due and payable annually as it accrues, providing failure to pay either said note or any installment of interest thereon when due, shall at the option of the holder of said note mature said note, and in such event the holder thereof may proceed to collect the same in the manner as if the full time provided for in said note had expired, and also providing for the payment of five per cent additional on the amount of principal and interest then due as attorney's fees, if placed in the hands of an attorney for collection, or if foreclosure is made by trustee.

And, Whereas, the said W. S. Higgins is the holder and owner of said note and the said A. F. Reedy and Fan-

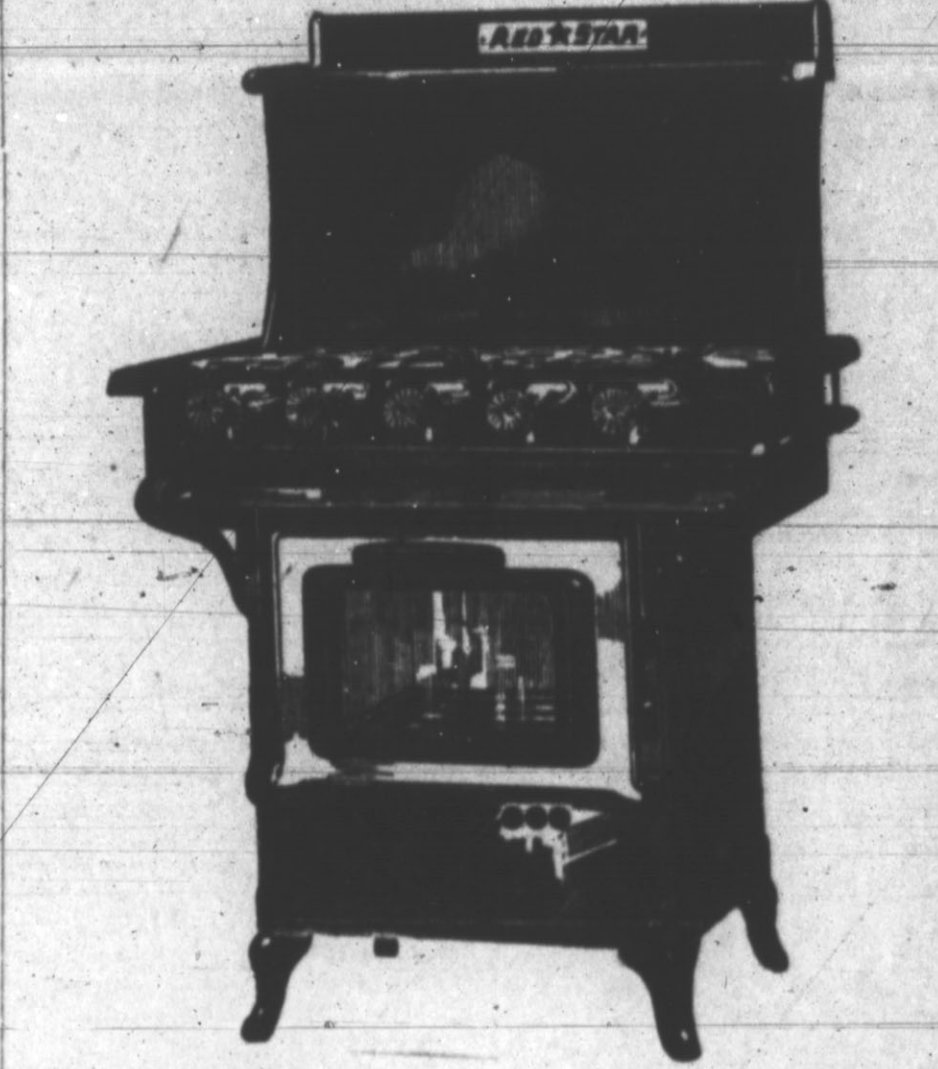

nie May Reedy has made default in the payment of said note above described, together with interest thereon, and the same is now past due and unpaid, principal, interest and attorney's fees, by reason thereof and as provided for in said note and in said deed of trust the said W. S. Higgins has declared said note and all of said indebtedness immediately due and matured and has heretofore notified the said A. F. Reedy and Fannie May Reedy in writing; and, whereas, said note is now past due and unpaid; and, whereas, I have been requested by the said W. S. Higgins to enforce said trust, I will offer for sale, between the legal hours thereof, to wit: between the hours of 10 o'clock a. m.

and 4 o'clock p. m. at public auction, to the highest bidder, on the first Tuesday in August, A. D. 1921, the same being the 2nd day of said month; at the courthouse door in the town of Hereford, in Deaf Smith County, Texas, the following described property to wit: All of the SOUTHWEST one-fourth of Section EIGHTY-SIX, in Block K-4, containing 100 acres.

Also all of the NORTHWEST one-fourth of Section EIGHTY in Block K-4, containing 100 acres of land; all of the above described land is situated in Deaf Smith County, Texas.

**PANHANDLE SHORT LINE PROPOSITION**

The Dalhart Texas carries the following in its last issue:

The following letter has been received from E. G. Cook, president of the proposed Panhandle Short Line Railroad Company:

"We have deferred answering this letter a few days thinking that before doing so that we would get in touch with Mr. Painter who is president of the Bond Company that we expect to handle the bonds, and be able to give you some definite information on the matter over his signature, but up to the present time we have not seen Mr. Painter and have decided not to wait longer.

The proposition we made and which you requested that we repeat is this: We propose to build the road from Dalhart, Texas to LaJunta, Colorado, as soon as we can reach that point in the regular course of construction, building through from Wichita Falls, Texas, via Lubbock a distance estimated to exceed 350 miles and then continue on to Dalhart, but we will commence at once at Dalhart and build through to LaJunta if the cities and residents of the territory adjacent to the proposed line agree to the following proposition, viz.

"It was the consensus of opinion at the Dalhart meeting that the division would be equitable if Dalhart and Dallam county took one-fourth of proposition; Boise and Cimarron county one-fourth; Springfield and Baca county one-fourth; LaJunta and Otero and Bent counties the remaining one-fourth of the proposition.

"The proposition resolves itself into the same terms for each section, that each section furnish the right of way free of expense to the Railroad Company, and in addition loan \$50,000 to the railroad company at 6 per cent interest payable semi-annually, to be returned as soon as the bonds are negotiated, and in the meantime the bonds can be held as collateral security.

"This \$50,000 is stipulated to be furnished as follows, the first 10 per cent to be placed to the credit of the railroad company in your own bank, subject to check on the 15th day of the month after the surveyors have started the survey on any part of the line between Dalhart and LaJunta. The next 30 per cent to be placed in the bank on the 15th of the month following the commencement of the grading. The next 30 per cent to be placed in the bank on the 15th of the month after the steel crew commences to lay steel. The final 30 per cent to be due the day the train makes connection between the city and the city connected with it, i. e. if the section between Dalhart and Boise City should be first completed then the final 30 per cent would be due from Dalhart and Boise City, likewise when the train runs from Boise City to Springfield then the final 30 per cent would be due from Springfield, the same way with LaJunta unless for some unexpected reason the train should run first from LaJunta to Springfield then the same conditions would hold out at the other end of the line.

"We are sending also a corrected copy of the blue print to each secretary. If we have omitted anything or if you desire further information free by command us.

"Very respectfully,  
E. G. COOK, Pres.,  
John Phillips, Asst. Sect."

**EXTRACT FROM SPEECH OF HON. MARVIN JONES, OF TEXAS, ON BILL AUTHORIZING SECRETARY OF TREASURY TO DEPOSIT \$50,000,000 FOR USE OF FARM LOAN BANKS.** (House of Representatives, June 23, 1921.)

"Mr. Chairman, I intend to support this measure, but I think there should be two amendments to it. In the first place, instead of making it discretionary with the Secretary of the Treasury whether the funds should be deposited with the farm loan banks it should be made mandatory. I think a great deal of the trouble that has existed in this country in the last few months has been by virtue of the discretion lodged in those who control the financial credits of the country. We were permitted to go along as a people engaged in all kinds of speculation until the currency

of the country became inflated, until perhaps it was necessary to have some sort of a halt. But it was done with all of the suddenness of a flash of lightning and without warning. If a man were up in a 10-story building, there would be two ways to get down, one would be to come down the steps and the other to jump out of the window. Financially speaking, we jumped out of the window. By virtue of the graduated rediscunt rates that were put on suddenly the country almost went to smash. I submit that if it was necessary to put graduated rates on the banking system of the country, on the money people desire to borrow, it should have been put up gradually and there should have been notice given of the intention to put rediscunt rates on a graduated scale into effect, and then the country could have adjusted itself

and been prepared to meet conditions that existed.

"This bill gives the Secretary of the Treasury discretionary power to deposit this small amount of money, probably small, with those in charge of the farm loans of this country.

"Under the provisions of this bill he can practically withdraw that at any time, and it is made his duty to do so. The people who are engaged in agriculture in this country, are face to face with problems that are real and not fanciful. It is a condition and not a theory. If the time ever comes when the people who produce the elemental wealth of this country fail to function, the whole country will go on the rocks. If basic production falls, your industrial smokestacks will rust in idleness. That probably is too plain to be discussed. Therefore, I say that the Nation can well afford to say to the Secretary of the Treasury, you shall deposit funds so that they may use them in re-

lieving the distressed condition of agriculture at the present time.

"The language of this bill makes it perfectly safe to do so. There is no better security on the face of the earth than that which will be back of the securities that are deposited here. Why should it be limited to the sum here specified. That is a mere drop in the bucket. Why should not an amendment be offered to make it a sufficient amount to furnish relief. I believe it ought to be offered, and I believe it ought to be passed and made mandatory.

Five thousand acres of Texas State lands will go on sale September 1. Nearly every county in the western half of the State is represented in the list, this land having been forfeited for nonpayment of the annual interest on the unpaid purchase price. It is subject to recovery if the interest is paid before September 1.

**Prices a Year Ago and NOW**

Secretary Hoover has suggested publishing comparative prices to show the public how prices are down. We present them in a new angle to show what you can buy today for the price of an average suit of clothes a year ago.

Styleplus are America's known clothes of medium price—always have been sold in the medium-price field. A year ago they were \$45 to \$65, now \$25, \$30, \$35, \$40.

While prices are down, you are guaranteed same or better quality in every case. Spring purchasers of Styleplus Clothes are delighted and we have never seen Styleplus made so well as now.

Look at the list below—you can buy everything on the list for the price of one suit a year ago. Prices certainly have come down.

LAST YEAR

TODAY

**A Styleplus Suit Cost You \$60**

- Same Styleplus Suit .....\$35.00
- 2 Madras Shirts ..... 5.00
- 3 Quality Shirts ..... 4.35
- 4 Union Suits ..... 4.00
- 2 Pair Silk Hose ..... 1.60

**KEEPING COWS IS VERY PLAIN DUTY OF EVERY FARMER**

By J. L. Thomas, Dairy Specialist Extension Service A. and M. College of Texas

In this day of diversified farming and better living conditions on the farms, a farmer whether farm owner or tenant, is not doing his full duty toward his family, his community and the nation, if he fails to keep enough dairy cows to supply all the milk, butter and cottage cheese his family can consume.

Do you know that where milk and its products are used extensively, there is little need or desire for meat? That dairy products are the most healthful foods that can be used and at the same time, the most economical.

The dairy cow will produce more pounds of digestible human food per hundred pounds of feed consumed, than any other animal on the farm.

**Milk Necessary**  
Babies must have milk to live; older children must have milk or they do not develop normally. Children that do not have milk in their diet, are in most cases, under weight and the adult will have better health if a liberal amount of milk is consumed, than if not.

**Milk Appetizing**  
An otherwise very meager and tasteless meal can be completely rounded out and made both appetizing and satisfying, by the use of dairy products.

Milk and butter should form a part of every meal. Other fats cannot take the place of butter.

There are over a hundred recipes for combining milk and its products with other foods, to make them more palatable and nourishing.

For health, economy and appetizing meals, every farm should have sufficient cows to supply dairy products without stint for all members of the family.

**Dairy Products For Market**  
After the needs of the home are supplied, it is always found profitable to have butter or cream for market. This gives a weekly cash income to take care of the current expenses.

When butter is made or cream is sold, the by-products (skim milk) becomes available for use in the feeding of such livestock, as pigs and chickens. When these are both found along with the cow, the farm operations will be found to be nicely balanced and many of these people have money in the bank.

**Methodist Missionary Society**  
Those who failed to attend our social and business meeting last Wednesday afternoon surely missed a good time. One of the most interesting features of the meeting was the report from Mrs. W. O. Fox, who was our delegate to the Annual Conference at Quannah, May 28 to June 2.

Quoting from Mrs. Burton's report, Mrs. Fox said, "We now have in the

**THE HARVEST JUG**

*When daddy's workin' in the field, I always play that I am one o' his big har-oo-ers, 'En lift the jug up high, I drink, 'en drink, 'en drink until, I see t'fall t'even sigh.*

Northwest Texas Conference, 120 adult auxiliaries, with a membership of 3580; 32 Y. P. M. S. with 620 members; 34 Junior M. S., 1030 members, and 18 cradle rolls, 487 members.

With even as good a record from our other conferences, we have an encouraging assurance of some workers who can fill our places in the future, much more efficiently than we, who did not have even this much training in the work we have done. In truth these auxiliaries are no negligible factor in Christian Education."

Mrs. Burton reports that, despite depressing conditions, this past year has been one of our best years.

Mrs. J. M. Crawford, of Childress, reported that our Conference contributed \$8,002 for Polish relief.

Did you know that the Methodist Missionary Women are planning to build a dormitory at our State University, for our girls who will attend school there?

It was a great pleasure to have with us Mrs. Betts, also Mrs. Hill, who is visiting Mesdames Laird and Holman. Both gave characteristic talks which every one of us enjoyed.

We were glad to enroll Mrs. Haisell as a new member.

At the close of the meeting, the hostesses, Mesdames John Jacobsen, Roy Stocking and John McLean, served "refreshing" of Devil's food cake and strawberry ice cream.
