C. of C. Goes To Bat To Aid Park Building

Challenge was issued, accepted and seconds appointed, during the luncheon hour of the chamber of commerce at the Club cafe Monday, for a diamond duel between the commercial organization and the Lions club. The baseball game will be played Friday afternoon on the field, east of the depot, as a benefit affair for the children's playground.

Miss Nell Hall, county health nurse, volunteered, upon earnest solicitation of both sides, to be present with a first aid kit for ministering to the afflicted, injured and sick.

Judge Jno. P. Slaton and Joe L. Pope picked up the gauntlet flung down by R. M. Kessie, amidst the "Ooh-wahs" of Lions present, and a partial selection of a chamber of commerce lineup was made, including G. A. F. Parker, George Muse, Jno. P. Slaton, Joe Pope and other similarly flexible timber.

Fans thought they saw something last Friday in the art of staging nine innings of the national pastime, but the new billing, according to advance sheets, is bringing one of the big shows here, an entirely new repertoire and complete change in comedy films. A part of the production has been 50 or 60 years in the making and should be as good as old wine.

There was no prepared program at the luncheon but the 45 members present enjoyed one of the most splendid banquet-meals ever set before them. A return next Monday to the Club cafe was voiced unambiguously. The menu consisted of fried chicken in abundance, hot biscuits, fruit salad, cantaloupe, and a variety of other appetizing dishes, topped off with strawberries and whipped cream.

Starting Lineups.
Lions: McCracken, Hopkins 3b, Robinson ss, Smith 2b, Rosson 1b, Stanford lf, McEntire cf, Garrison rf, McLean p.

Chamber of commerce: C. A. Skelton and G. J. Beane, pitchers, Kirk Bippus, Otis Foster, L. W. Carlyle, catchers; C. T. Guseman, J. M. Posey, Fred Oberthier, 1b; C. L. Whitehead, John Patton, Dean Rice, 2b; Mont Baker, Roger Corbett, 3b; A. A. Foster, Henry Sherman, ss; Glenn Snyder, John Olson, Omer Baker, outfield; W. D. Kelleher, Joe Pope, E. B. Posey, George Muse, G. W. Brumley, E. B. Black, G. A. F. Parker, and Dr. G. W. Heard, utility.

Homer Fox is manager for the commercial nine and John McLean and S. P. Rosson are the managing committee for the Lions.

Miss Estes Is to Take Charge of Park Friday

Miss Carey Estes will assume the position as supervisor of Lake park during the summer and has wired from Waxahachie that she will return to report for duty Friday.

Soon after the park was improved by the city this spring and playground equipment had been installed, it became evident that a supervisor was needed in order to have a leader with authority on the grounds in guiding the children in their play.

Organizations have been at work to devise a plan of financing the salary of some lady who would accept the position. This is to be done through the clubs of the town, assisted by the city commission.

Miss Estes will be placed in charge of the park as it pertains to visitors. She will be an officer of the city, virtually having police powers and possessing full authority to regulate conduct in the park. The boys and girls who come there for amusement will be subject to her guidance, under penalty of expulsion or permanent disbandment.

No flagrant misconduct is expected, but some supervision of a large crowd of children is necessary and helpful to them, and it is with this in mind that Miss Estes has been selected. She will be in charge during June, July and August.

Recovers from Operation.

K. B. Hunter, who was operated on for appendicitis last Thursday at the hospital, is reported to be recovering rapidly.

Main Building of Tipton Orphans Home

"The Home that Has Never Turned a Destitute Child from Its Doors."

The truck dispatched annually by the Tipton Orphans Home, Tipton, Oklahoma, will be in Hereford Thursday, June 4, gathering cash, clothing, food and other suitable gifts for the children under its care.

The home is under management of the Church of Christ, caring for 200 children taken from families of all religious beliefs.

The annual visits of the truck make possible the comfort and maintenance of these little ones.

Those who wish to make any contributions are asked to see some member of the local Church of Christ so that the material may be handled expeditiously for the orphans' emissary.

Will Select Fair Officers in Mass Meet

A mass meeting of all the citizens of the county will be held Saturday afternoon at three o'clock for the purpose of organizing and naming officers of the Deaf-Smith county fair.

The dates for the exposition have already been set, September 16, 17 and 18. The Saturday gathering will name a president, assisting officers and probably all necessary department heads and community chairmen will be selected at the session.

Lunch System at Central Is on Safe Basis

The Central school cafeteria closed its books with a successful margin and will be able to open next fall without donated groceries, according to Miss Edith Shields, principal, who completed her report this week.

The Parent-Teacher association sponsored the cafeteria system, meeting with such success that the plan was expanded to serve lunches and hot dishes to the high school students.

"We realize that our achievement could never have been possible," said Miss Shields, "without the generous cooperation of our friends in town. They were patient with us at first and to them we give credit for a successful year."

The school and those connected with the cafeteria enterprise commend most highly the citizens who contributed to the school lunch fund, from whose kind gifts about 27 children were given a good lunch every day.

"If they could have seen how those little fellows enjoyed their lunches and could have seen the change in their general appearance

as the time went on, they would not need any other thanks," Miss Shields said, in giving information about a form of relief work which was quietly performed at the school.

Legionnaires Hold Ceremony for Comrades

In respect to veterans of all wars who lay sleeping in West Park cemetery and in memory of all comrades-in-arms who had "gone west", graves of the country's defenders were marked with flags and a rifle salute was fired by a squad of legionnaires at the gravesides Sunday afternoon at 3:30 o'clock.

The ceremony was observance of Memorial Day, postponed from Saturday. Prayer was spoken by Rev. M. J. Johnson and an address in keeping with the sacred hour was given by Joe L. Pope. Taps were sounded by Ralph Smith, the requiem and farewell to a comrade who has laid down his arms for the last time.

Sufficient flowers were not available to decorate the graves and small flags were used instead.

Saturday was observed by the business section in display of flags on the sidewalks. The banks and post offices were closed all day, but mercantile establishments remained open to accommodate the Saturday shoppers.

WAGLEY INFANT BURIED HERE SUNDAY AFTERNOON

Funeral services were held Sunday afternoon at three o'clock for the infant daughter of Mr. and Mrs. B. B. Wagley, whose home is in Balboa. The child was born at the hospital here Saturday night and lived only a few hours. Rev. M. J. Johnson conducted the services at West Park cemetery.

Mrs. Wagley was formerly Miss Mae Murchison, daughter of Mrs. Lela J. Murchison. She is reported to be doing nicely.

Band Is Lauded for Conduct on Concert Travel

As effective messengers of good will, the high school band was received in New Mexico while on its tour last week as evidenced by a letter received here from the Carlsbad chamber of commerce and the reaction to the visit given by the Daily Current-Argus of Carlsbad.

The band members, mothers and Director Ralph Smith arrived home Friday from the seven-day concert trip which took them to Roswell, Carlsbad, Clouderfoot, Alamogordo and Ruidoso.

"Ralph Smith and the Hereford band arrived here Sunday morning and at five o'clock that afternoon rendered a very enjoyable program on the court house lawn," wrote Victor L. Minter, secretary at Carlsbad, to Joe L. Pope, secretary-manager here. "The concert was not only enjoyed by citizens of Carlsbad, but by many of the tourist visitors to the caverns who had returned at the hour of the concert."

"Your city is to be complimented for its interest in and maintenance of this worthy organization under leadership of Ralph Smith. Its personnel made an excellent showing in the attractive uniforms, and the deportment of the entire party, both here and at the caverns, was the subject of very favorable comment."

"Those who heard the concert may forget the music, but they will not forget Hereford, and thus the publicity so beneficial to your city. We are hopeful that we may be favored with frequent visits from the same party that was here Sunday."

From the Current-Argus: "Carlsbad had an unexpected band concert Sunday afternoon. Although the concert had not been announced, it was enjoyed by a large crowd. Parked cars quickly gathered and from them came applause from tooting horns after each number by the Hereford high school band."

"We enjoyed having your band in Roswell and they were a fine bunch of people," writes Claude Simpson, secretary of the Roswell chamber of commerce. "They played a splendid concert on the court house lawn Saturday and made a most favorable impression."

PLANS MADE TO FORM H-Y ORGANIZATION

Grover C. Good, Dallas, state organizer for H-Y organizations, will be in Hereford about June 15 to form a unit here. The H-Y is a branch of the Y. M. C. A., covering high school students.

Eubanks Are Grandparents.

Richard Eric Blakeney was born June 2 here to Mr. and Mrs. C. A. Blakeney. The grandparents are Mr. and Mrs. E. C. Eubanks. The mother was formerly Miss Terry Ray Eubanks.

Clubs of City Are Unanimous for Playground

Clubs and organizations of the community pledged each cooperation and assistance in Lake park improvement in an inspirational program held by the Lions club at the Wednesday luncheon, to which presidents, heads or representative officials of the local organization groups were special guests.

There was unanimity of pooling resources and moral support in the playground movement, and each visitor, speaking for her or his organization, gave brief talks for joining hands in support of the activities which are under way.

The program was in charge of J. A. Neill. Jesse Stanford opened the remarks by expressing a great pride which the Lions felt in having the cooperation of the fine organizations at work within the city and of having as guests such splendid leaders.

The occasion was to bring together the organized units of Hereford and let them know they were a part of the park development program, to seek their aid and suggestions and to offer them help and cooperation from the Lions in whatever they saw fit to do.

Club representatives present were Mrs. Rex Tynes, president of the Mother's club; Mrs. H. C. Van Bibber, president Parent-Teacher association; Mrs. Homer Fox, president Music Study club; Mrs. Geo. Garrison, student federated clubs of county; Dow Mercer, chief fire department; E. S. Ireland, mayor; Sank Ramey, adjutant American Legion, and Joe L. Pope, secretary-manager chamber of commerce. W. L. (Mule) Davis was a guest of B. H. Hopkins.

Wheat Haulers Warned About Over-Loading

Wheat truck haulers are warned by John Keller, state license and weight inspector, who was here Wednesday, that they must take out additional license to cover what they expect to haul or be subject to a heavy penalty.

The loaded trucks will be weighed and if found overweight operating on the streets, alleys or highways, the drivers will be arrested, and prosecution pushed.

Mr. Keller is operating out of Lubbock and Amarillo, covering 46 counties as representative of the state highway department.

Where any motor vehicle has been purchased, according to a new law passed by the last legislature, if buyer does not record his transfer to himself within ten days he will be penalized \$2.50. If not within 20 days, the penalty is \$5. The record charge has been reduced from \$1 to 25 cents. The law was designed to straighten out titles quickly and facilitate apprehension of stolen cars.

It is required also that three bills of sale be executed in transfer of motor vehicles and each one must be attested to by a notary public.

Library Reopens Monday.

The Deaf Smith county library has been closed all this week while workmen are refinishing the flooring. It will be open Monday to accommodate the reading public, says Miss Hostetler.

Pickwick Bus Halted Here for Overwidth

A passenger bus of the Pickwick-Greyhound company, coming in from the west with a load of passengers, was detained here Wednesday afternoon, through arrest of the driver, R. A. Burnett, by John Keller, license and weight inspector of the state highway department, who filed charges with the county attorney that the driver was operating a vehicle wider than eight feet upon the highway.

The state law prescribes a maximum of eight feet, according to Mr. Keller, and he stated he found by measurement that the bus was eight feet, six and one-quarter inches in width. The matter was turned over to local officials and the bus and passengers were still here at 3:30 o'clock Wednesday afternoon, while the driver was in communication with officials of his company who were trying to get in touch with the state highway department at Austin. Mr. Keller stated that the Pickwick-Greyhound company had been warned before that operation of such bus vehicles was in violation of the law because of over-width.

Unique Book Compiled by Miss Camp

A commendable and unique book, original in content and technique, has been donated to the county library by Miss Margaret Camp, teacher, and the Walcott school where the book was compiled.

The book is a symposium on Texas, covering agriculture, buried treasures, origin of county names, populations, Palo Duro canyon, products, rainfall, road and surface maps and other interesting data, presented in picture and news clippings.

The edition was compiled by Miss Camp, assisted by her pupils who drew many of the maps. In the foreword, Miss Camp indicated that the work was only an idea, a beginning, and suggested that some other school might undertake the task and turn out a more finished product.

Much painstaking effort has gone into the book which was evidently designed to assist in teaching Texas history to her pupils, of interesting them in the varied phases that go to make history. For a binder and sheets to attach the assembled data, a wholesale tailoring company's catalog was used. It has been carefully and copiously indexed and cross-indexed.

"May the work that you have done be the play that you love," reads a quotation in the volume, and therein lies the heart of the work. History is a work for students in school but Miss Camp undertook to make it a play that they loved.

Among the newspapers from which clippings have been gathered freely were the Brand, Dallas News and Amarillo News. The pictorial edition of the Brand, July, 1930, was included in toto.

This odd contribution will be on display at the Deaf Smith county fair this fall, said Miss Lillie Hostetler, librarian, who has much praise for the work and considers Miss Camp as having a remarkable aptitude along the lines mentioned.

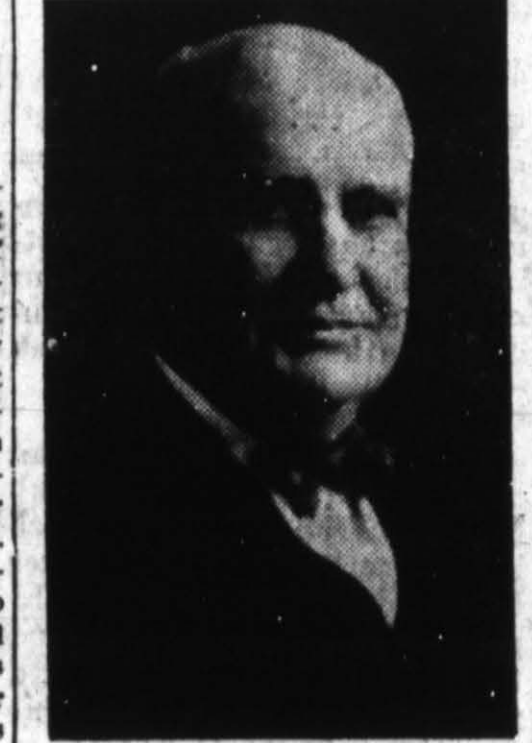

Farm Board Is Out; Wheat Is Down 17 Cents

The wheat market opened Wednesday morning with a drop of 17 cents a bushel over the 57-cent level Tuesday morning, following the definite announcement of the federal farm board that this government agency was completely out of the market.

F. H. Oberthier said Wednesday that he had shipped a carload of wheat from Dawn Tuesday which he had bought at 57 cents but that the local market was now 40 cents. He predicted that 40 cents was the bottom and was of the opinion, with the government out, speculation would start in and the price would advance, but he was doubtful if it would go back to 57 cents.

Less than 40 cents a bushel is not looked for, Mr. Oberthier said.

MAN WHO WOULD BUILD HEREFORD SECOND RAILROAD

J. L. LANCASTER

Among one of the "big nine" in Texas industry is found the name of J. L. Lancaster, Dallas, president of the T. & P. railroad. Mr. Lancaster stands out among railroad builders and developers of the Southwest, having made of this system one of the best paying lines and highest developed in the state.

John Lynch-Lancaster was born in 1869 in Jackson, Tenn. He received a public school education and was given his degree in railroad work after many years of arduous labors beginning as a rodman for the Illinois Central, and during the next 20 years connected with several leading roads of the country. He served as president of the Union Railway of Memphis and then came to the Texas & Pacific as assistant to first vice-president and then by quick jumps to the presidency of this system of railroads.

Mr. Lancaster will be one of the inspirational speakers at the San Angelo meetings of the Texas Press Association to be held there June 11, 12 and 13.

Bands Called To Meet Two Times Monthly

The municipal band will meet Monday and Thursday nights during the summer at the city hall at 8:30 o'clock, announces Ralph Smith, band director. All members of the high school band will meet with them, and an invitation is given all other musicians in the city.

Early Days of E. F. Connell in Libel Case

Men, places and events in Deaf Smith county in 1903 and earlier have been reviewed in the suit of Fred Spikes against the Capital Syndicate for \$200,000, on trial at Lubbock.

The chapter in the historical book, "The XIT Ranch of Texas," which caused the libel action, recites alleged cattle rustling on the part of the Spikes boys and how two or them met death. Fred Spikes now living claims he has been libeled.

One witness in the trial told how Fred Spikes was brought to Hereford, suffering from gunshot wounds.

In the story of the ranch and in the disputed chapter, Ed E. Connell, ex-sheriff of Deaf Smith county and now a resident of Hereford, serving in capacity of deputy sheriff, receives several paragraphs. He was known then as "Big Ed". He was located at Tombstone to watch the Strip, being there on detached duty from a Ranger company of which he was a member.

Foreman of the ranch was Ira Aten, and a son of Mr. Connell was named for him.

An interesting excerpt from the book may be quoted: "When loss of cattle was discovered, Aten called his two main fighting men, Connell and Saunders, and, with an armed outfit of cowboys, crossed with his wagon into New Mexico and rounded up the country. By fast work he was usually able to gather most of his cattle before the rustlers had picked up the calves."

Much of the action described happened in the rough country along the New Mexico border and northwest of Hereford.

Optimism Back Again. Follows 3.5-Inch Rain

The rain which fell for several hours Friday night brought the precipitation for the week to 2 3/4 inches in Hereford, according to local rain gauges. Reports from the territory give a greater amount of moisture in some districts and a little less in others.

With the exception of the east third of the county, where the sub-moisture has been unusually light all the year, the recent rains arrived on opportune schedule to carry the wheat to maturity without any damage from dry weather and hot winds.

Deterioration was reported to be heavy in the fields of the eastern side of the county and many were planning on plowing the grain under, but the heavy downpour gives the growers more hopeful prospects and a fair yield for the affected area is predicted.

In the other parts of the trade territory the grain is in fine shape and the more than average rainfall for the month of May should prove ample to insure some high acreage yields.

Row crop planting has been in full swing the past two weeks with much of it up to a good stand, and the deep moisture is ideal for carrying the small grain a long way into the summer.

Midgets, Lions Battle To No Decision, 12-12

The lions and lambs bore no grudge and would have lain down together, following the baseball game Friday afternoon, but the former were too sore and bruised to negotiate a truce.

Before a fair-sized crowd that was decidedly Midget supporters, the Midgets and Lions battled to a 12 and 12 tie in nine innings.

The Lions blew up in the ninth and let in four scores to tie the game, and though according to baseball rules the struggle should have gone on to extra innings the wires took charge of the club members, hauling some to the drug stores and the remaining home for applications of arnica.

The Midgets took the field and let some long hits get away for one run for the club in the first inning, but, nothing daunted, the youngsters soon hit their stride and made the count three to one in the third, making another in the fifth. The Lions tied the score in the sixth, only to fall behind two when the Midgets finished their part of the same inning. The seventh was the club's high period, knocking in five runs on five hits. The last inning opened with the Lions leading 12 to 8, but the youngsters worked two hits and misplays by the opposition into four runs to stave off defeat.

In all other departments of the play the Midgets had the best showing, being superior in field work, only six falling by strikeouts, making 15 hits. The Lions made 14 hits and seven members were struck out. No record was kept of errors.

Mrs. J. C. McCracken, sweetheart and pianist of the club as Miss Dessie Mae Steele, pitched the first ball which was a strike.

Lions were more concerned after an hour or two of playing in the Friday baseball game, with extent of casualties than with the amount of tallies made. Some thought the count was 12 to 11 in their favor, others said it was a tie, but all agreed that stopping ground-skippers, running bases, catching hot ones and snapping balls to first or relaying them from the outfield was something different from office work.

Some misguided Mason challenged the club for a like-benefit game but it was not accepted on the spot. He was told the proposition would have to be talked over and injuries inventoried to see if any were left fit to go through another fray.

The sum of \$36.16 was realized and the good this money will do for the children's playground will be the best salve for getting the boys back to normal. Since there is no reg-

Nineteen Years Ago In Hereford

(From Files of The Brand, June 7, 1912.)

Census showed 446 school children, 7 to 17 years, in the Hereford Independent school district, and 196 for the 17 common school district. Summerfield had 25, and Berre 22.

The Western National Bank had been given a place on the honor roll by the comptroller of currency. There were only two other national banks in the Panhandle with such distinction:

J. B. Cooper of Wortham had visited his uncle, W. B. Farmer.

J. S. Jones had announced for re-election to the office of county clerk.

A committee had been chosen to extend the courtesies of the town to Choice B. Randall, candidate for U. S. Senator.

A. J. Gibson, J. H. Pitman and H. B. Webb composed the city board of equalization to adjust property assessments.

The light and power company was announcing that power would be on Tuesday and Friday mornings to accommodate electric iron customers.

Atticus Webb lectured on the streets against the open saloon.

Drug stores doing business in Hereford were Corner Drug, Woodburn & Son and Betts-Clark.

Admission to see "The Matinee Girls" at the Star theatre was 75 cents. A charming beauty chorus was in prospect.

Mrs. W. T. Stanberry was doing china and water coloring.

There were only 24 property owners whose city real estate was on the delinquent list.

ular town team here this summer, the club planned on starting a series of games as an avenue of raising funds for improving the park in which every citizen is interested.

The Friday's tilt was just an opener, and whether the club be on one end of each match is immaterial. Let the games be scheduled as often as the public desires to come out, and the park will be amply cared for without burdening any one organization. John McLean and James W. Robinson compose the club's baseball committee, and any other group wishing to join in an exhibition for this community enterprise may consult them about dates.

Everybody, excepting the frogs, is pleased with the transformation that has taken place at the lake grounds. For the hopping toads it has been a calamity, but they did not realize it until Friday night. The rains of the past week were the biggest falls recorded locally since the new drainage system was installed, giving the facilities there a test and promising to the old-timers in the frog kingdom plenty of water right in the heart of the city where they could hold their musical concerts.

Late Friday night, during the downpour, the streets were alive with frogs, hopping with all their might toward the lake site, as has been their custom when flood waters filled the basin. It must have been a bitter disappointment provided by the city commission when the amphibians found a children's playground instead of a swimming pond. It will take more than three and one-half inches of rain to make a lake and please the concertists.

VOL. I. JUNE 4, 1931. NO. 4.

Panhandle Lumber Co.
Hereford, Texas.
D. H. ALEXANDER, Mgr.

Profits derived from the business will take care of itself, if we take care of the customers.

One must possess a reasonable amount of money if he is to retain possession of his own soul.

Making satisfied customers has kept us in business that we got into to make money.

Teacher: Now, Tommy, if I take a potato, cut it in half, then in quarters and then in halves again, what shall I have?
Tommy: Chips, Miss Clark.

The three stones upon which the foundation of our business rests are Quality, Service and Courtesy.

Don't expect to be slow pay unless you are well-to-do or your reputation will suffer as a result.

Serving with out profit is liable to be the position a man finds himself in, that tries to profit without serving.

Many a town which has no zoo boasts of a social lion, a white elephant, a half-dozen queer birds, and three or four blind tigers.

Our community is the loser of some highly respected citizens, Mr. and Mrs. W. H. Dowell. That they will be successful in their new field of endeavor, is the wish of every one who knows them.

He is indeed a poor fish who never knows when to keep his mouth shut.

Many years of happiness for Mr. and Mrs. Travis Dameron is the wish we join others in extending to them on this their voyage of matrimony. May they have a long, useful life in this community.

Our sincerest sympathy goes out to K. R. Hunter, for it is mighty tough to have to lie in bed, especially at this time of the year when we have so much beautiful weather.

Full value and courteous service will be given you if you buy from the Panhandle Lumber Company or any of their competitors.

Maybe we can offer some valuable suggestions if you will bring your building problems to this office. Come in and have a chair, make yourself comfortable, and we will talk it over.

Laymen Will Give Program

A layman's program will be held at the Methodist church next Sunday, with D. W. Hawkins in charge. Prof. Condron of Canyon will deliver the address at the 11 o'clock service hour, speaking on "The way to spiritual power."

Mr. Condron is a capable speaker and a profitable service is promised.

At 8:30 o'clock in the evening Noel Bryant, a home boy, will be in the pulpit. Sunday school opens at 9:45. Charles Simpson will have charge of the league at 7:30 in the evening. The public is invited to all the services.

Graduated from Oak Cliff.

G. F. Williams, who has a hobby of passing state tests for pharmacists, went to school in Hereford but did not graduate here, according to his mother, Mrs. E. J. Williams. He graduated from the Oak Cliff, Dallas, high school in 1927, corrects Mrs. Williams who claims that G. F. is the youngest registered pharmacist in the United States.

Guests of Mr. and Mrs. E. E. Ramsey last week were Mr. and Mrs. Ed Drennan and daughter, Miss Margaret, and Miss Lola Mielke, all of Lawrence, Kansas. Miss Drennan has been supervisor of music at Dawson, New Mexico. She and Miss Mielke will enroll at Kansas University for the summer course.

True International Quality
At Low Price—a New 1½-ton
International with 4 Speeds

Only **\$675**

136-inch wheelbase chassis, standard equipment, f. o. b. factory

International Harvester announces a new 1½-ton, 4-speed, 136-inch wheelbase truck—the Model A-2. A better truck with more power than International has ever been able to offer at the low price of \$675 f. o. b. factory. It is a true International from front bumper to tail-light—a truck of the same high quality and backed by the same company-owned service that has made Internationals famous for low-cost hauling.

Here are power, speed, stamina, attractive lines, and all-around dependability. Here also is absolute assurance of low upkeep expense and unusual operating economy over a long period of years.

Ask for a demonstration of this new truck. Drive it. In no other way can you appreciate the quality that has been built into the Model A-2. It is another International achievement that will add to the ever-increasing popularity of the International truck line. Come in and see this 1½-ton, 4-speed truck, the Model A-2.

Model A-2 Features

MEMBER OF BAND WRITES CONCERT TRIP DETAILS

By ADDINE HASTINGS

Saturday morning at about six o'clock the Hereford high school band started on their annual trip with the gas tanks filled with the compliments of T. E. Major's Phillips "08", this trip being to New Mexico. The band is directed by Ralph Smith, who has been directing bands and orchestras in this school for many years. The party consisted of 41 members, 30 of which were band members, the others being parents of the musicians.

The party left town with every one wishing them a wonderful time. These wishes were filled to the utmost and started in Roswell. The Roswell chamber of commerce greeted us as a long-known friend and directed us to

camp Comino, where we were guests for the night. We gave an open air concert and parade, the concert was given from the court house lawn. Later a big swim was taken, after which a banquet was given at the Busy Bee cafe. We did not want to depart from such a beautiful city of trees and everyone so nice and friendly, but it seemed compulsory and we found ourselves in Carlsbad Sunday at about noon. We certainly enjoyed being in Roswell and hope some day to accept the kind invitation to return.

Hot! Carlsbad seemed to be a very warm little city, not only weather but in accepting our arrival. Our concert was given late Sunday afternoon, then we had another swim, this one being at the "beach". We were up early the next morning to start for the cavern. This was a most wonderful trip, one we can hardly tell about. We can only say, see it for yourself, it is great! Through the wonderful cooperation of their chamber of commerce the band members were guests to see the cavern. The Carlsbad cavern was wonderful, but the sign "Camp Hermoso" looked great as we were returning to Carlsbad to spend the second night.

From Carlsbad we traveled to Alamogordo Tuesday. Even though we were hard of hearing from crossing the mountains and very dirty, we received wonderful cooperation from their chamber of commerce. Our concert was drowned by dusk. However, we didn't mind, for a big supper and theatre party were awaiting us. The next morning they furnished cars for us to visit the "White Lands", the "Pool of Siloam" and other inter-

Our time was slipping so we had to rush on to Ruidoso. How different from Carlsbad; in fact, we nearly froze to death at night, but it was a beautiful place—a place for you to spend that summer vacation, where it is cool and the most comfortable cabins for rent. Our concert was given there on Thursday night, which was enjoyed immensely by both audience and musicians.

The worst part was starting home—not that we do not love home, but that our marvelous trip was over! However, home looked good.

Each of us more than enjoyed our trip. We had a wonderful time. We are now looking forward to another trip—bigger and better.

SCHOENROCK GIVES POOR PICTURE OF OLD BOSQUE

A letter has been received from Paul Schoenrock at Clifton, asking that the Brand be forwarded to him. He was a resident here for several months up to a few weeks ago when he returned to his farm in Bosque county.

Mr. Schoenrock stated that "reaping" of small grain had begun, corn looked fair and it was too cool for cotton. If he could sell out he intends to move to Deaf Smith county. According to his letter, conditions are not promising in Central Texas. He said he sold some oats for 23 cents a bushel, that twine cost 1½ cents a pound and that threshing costs would cover whatever was left.

Women of County Meet Here June 17 In Achievement Day Program; Wyche 4-H Club Will Stage Play

Glorifying the Farm Home night will be the subject dominating the program June 17, when under leadership of Miss Emma Gunter, Deaf Smith county home demonstration agent, women from all sections of the county gather to participate in and witness the Home Dress Contest as a part of the annual clothing day exercise in Hereford.

On the date set for this contest and annual clothing day, Miss Gunter will have been in the Deaf Smith county work exactly one year, a coincidence and not of set design. During the year, Miss Gunter has assisted 300 women and girls of Deaf Smith county with problems incident to making farm homesteads more attractive. Coming to the task fully equipped with experience and technical training, the tasks of the farm homes have been made her tasks, and that too with an earnestness and sincerity that has endeared her to the housewives and daughters of the entire area which she serves.

Club Work Expands.
Attention is called to the fact that in the inceptive periods of home demonstration work in Texas about 15 years ago, the activities were confined almost purely to canning and preserving. From this as a beginning, it has extended to many direct and implied angles pertaining to the rural household. Work in the county during the first completed year will show

friendly interest in the achievements shown.

Feature Year's Work.
No. 1. Three months study and work in improvements of the living rooms on the farm. In this connection, it is stated, special judges and experts have been brought in touch with the women and girls concerned in bettering their living rooms.

No. 2. Three months work and study on clothing problems of the farm homes. The clothing expert of the state has been called upon to assist the women and girls on the farmers of the county in mastering the knotty aspects of desirable dress for all occasions.

No. 3. Four months have been devoted to study and work in connection with the 4-H pantry. This has to do with supplying the farm tables with desired food products in season and out. Canning, preserving, pickles and drying have had their place in this important schedule. It is stated, vegetables and fruits have been supplemented by poultry and game, as well as by the heavier meats, each and all passing through the proper canning process, under direction of the expertly and scientifically trained and thoroughly experienced home demonstration agent.

Exhibit of Achievements.
Thus have ten months of the twelve been accounted for, and now comes an accounting of the remaining 60 busy, purposeful days: Achievement day programs must be arranged for exhibiting the handwork of these demonstrators who have been assisted in their labors for home betterment by the county representative in their particular fields of endeavor. These programs must be held for each of the ten community clubs.

In addition to these achievement days, with their exhibits, there must be the making, submitting, classifying and filing of reports from each of the clubs in order that no record of worthy accomplishment be lost to the housekeepers and home makers of the county. Does one say that this is a considerable task? Yes, that is true, but the brief statements contained in the foregoing tell of only a part of the work accomplished by the women and girls.

Five communities, having individually not a sufficient number of women and girls to form a club, gather in what Miss Gunter terms office club for study and work on schedules identical with those prevailing in the regularly organized clubs of the communities. These gather in the office of the agent and equip themselves to improve their homes and surroundings, despite the fact that they are few in number.

Program for June 17.
For the annual clothing day, with its home dress contest, the following program has been announced by Miss Gunter:
Forenoon session begins at 9:30 o'clock.

Presiding officer, Mrs. S. A. Miller, president Deaf Smith county home demonstration council.
Club songs and yells; Officers and club members.
Announcements and introductions: Mrs. Miller.

Address: County Judge Wilson. Songs: Officers and club members.

Address: Joe L. Pope, secretary-manager chamber commerce. Announcements and adjournment for lunch.

Afternoon session, 1:30 o'clock. Songs and yells: Officers and club members.

One-act play: Wyche 4-H demonstration club.
Style Revue: Participating contestants.

Awards: Miss Gunter, home demonstration agent.
It is estimated there will be 150 women and girls from the farms, supplemented by those from the county seat, attracted by their friendly interest in the achievements shown.

Bill Floyd is home from the hospital after a long and serious illness.

E. W. Womble and wife visited relatives in Hereford over the past week end.

Mr. and Mrs. Sam Griggs spent Sunday in the C. McBroom home. Mrs. S. Cretzinger left last week to visit her parents at Bridgeport and was accompanied by Viola Hudson who returned to her home at Bridgeport.

Lee Moore and son returned last week from a trip to Missouri. Mr. and Mrs. C. Cretzinger visited the J. Bedink home Sunday.

Misses Frances Campbell and Dorothea Davis, pupils of Mrs. Reynolds, gave a joint piano recital at the Amarillo Music College Saturday evening.

Thursday afternoon with Elaine Dyer.

Boone Whitaker and family visited the Hall home Wednesday. Cora Lee Franks is visiting the Glenn Gilliam home.

Mrs. C. O. Hunter and children visited her mother, Mrs. Wilkerson, Friday.

Mr. and Mrs. Jesse Lindsay of Wyche visited the Thomas home Sunday.

Mr. and Mrs. M. L. Hardy made a trip to Black last Monday. Pauline and Merle Matthews visited Mrs. Baggott Thursday.

Mr. and Mrs. Perry Graham and Jean of Dimmitt visited the M. L. Hardy home Sunday.

CHILDREN'S DAY PROGRAM AT CHRISTIAN CHURCH

In observance of Children's Day a pageant is being prepared, with children taking the parts, in a mission play, for the Christian church Sunday evening at eight o'clock. Mrs. A. M. Jones has charge of the program.
The pageant will represent mission work in the 10 foreign fields, India, China, Jamaica, South America, Africa, Tibet, Mexico, Porto Rico and Philippine Islands.
In these fields are 251 missionaries, 251 churches, over 44,000 Christians, 789 native preachers,

554 native teachers, and 13,780 students. There are 34 missionary doctors who are ministering to 377 patients each day in 16 hospitals.

The children's program has been designed as an inspirational presentation of what has been done and what needs to be done in foreign countries.

Keep Progressive With Electricity

Civilization has made greater advances since the discovery of electricity and its many uses, than it made in all the ages before then.

Yet electricity is the cheapest thing you can use today. A month's supply with its transmission equipment and our service, which makes electricity your servant to light your home, wash your clothes, do your ironing and pressing, run a fan, furnish your refrigeration or clean your rugs and tapestries, costs but a few dollars.

Growing Mash

Never forget for a moment that the feed and care your growing chicks receive determines the quality and vigor of the adult birds next fall and winter.

Pullets fed on MERIT GROWING Mash now will doubly repay the careful attention during the summer months.

MERIT GROWING MASH is formulated in a scientific manner to give the correct proportions of the proper ingredients to develop the growing birds into profit makers when egg-laying-times comes.

There are plenty of feeds that chickens will eat, but MERIT GROWING MASH is exactly balanced to obtain the desired results—no over-stimulation nor any under-nourishment.

Miss Dessie Mae Steele Wedded to John Clayton McCracken In Simple Ceremony Here Saturday

The marriage of Miss Dessie Mae Steele to John Clayton McCracken was solemnized Saturday afternoon at 5:30 o'clock at the bride's home, 410 East Third street, with Rev. J. M. Fuller, pastor of the Methodist church, officiating.

Only relatives were present for the nuptials. A wedding dinner was served at six o'clock, after which the couple left for a short trip. They are at home in their new residence on East Third street.

The bride is the talented and charming daughter of Mr. and Mrs. M. Luther Steele. Mr. Steele is known throughout West Texas and New Mexico as a banker and gentleman. He is connected with Drovers National bank, Kansas City, and has ranching interests near Fort Sumner, New Mexico.

Mrs. McCracken is one of Hereford's favorite musical artists. She is a graduate of W. T. S. T. C. Canyon, where she taught piano and did lyceum work with concert companies operating under auspices of the college. She is a former student of Southern Methodist University, Dallas, and spent two years in Los Angeles, California, taking special piano study under Prof. E. W. Grabill, rated as a foremost teacher of the present time. Mr. Grabill considered her one of the most promising young pianists that has ever come under his tuition.

For the past two years she has maintained piano studios at both the schools here. When the Hereford Lions club organized last July she was elected pianist and sweetheart of the club, being an unusually faithful performer and having an attendance record better than that of most of the members.

The groom is a young business man of the city. He is territorial representative of the Caterpillar company, makers of farm machinery.

For the wedding rites the bride wore a flowered chiffon dress with accessories to conform. Her traveling costume was a navy blue crepe suit, with egg-shell blouse, blue kid slippers and blue hat, matched by beads and purse.

Is the tire you plan to buy insured against accidents or merely "guaranteed"? Brunswick tires are insured by RICE.

BRIDGE-SHOWER GIVEN IN HONOR OF RECENT BRIDE

A lovely bridge-shower was given Tuesday afternoon in the home of Mrs. A. C. Hales, honoring Mrs. John C. McCracken, recent bride. Mrs. Egbert Brady and Mrs. Hales were hostesses to three tables.

High score was made by Mrs. B. M. Wiltshire and low by Mrs. Ivor McClendon.

For the shower each guest brought an article for the kitchen. Refreshments of angel food cake and ice cream were served to Meses. John C. McCracken, Oscar Easley, Dean Rice, J. W. Hendrix, Alton Fraser, B. M. Wiltshire, Ivor McClendon, Hubert McEntire, M. L. Steele; Misses Gladys Selgier, Eva Skelton, Floyd Wilson, Emma Jeanne Donald, Dorothy Flanery, Martha Duncan and Mrs. Jimmie Witherspoon.

Miss Pauline Smart, Liston Wilson Wedded

Announcement is made of the marriage of Miss Pauline Smart and Liston Wilson in Clovis last January 30. Miss Smart was a senior in high school here and the wedding was not made public until she had completed her studies.

The bride is the young daughter of Mr. and Mrs. W. S. Smart, this city. She graduated with the 1931 class and during the year was editor of the Whiteface Roundup, school page run weekly in the Brand.

Mr. Wilson, son of Mr. and Mrs. S. O. Wilson, graduated here in 1929, and was a student in Texas Tech last year.

The couple will leave the middle of the month for a trip into New Mexico, Mexico, and Oklahoma. They will be gone two or three weeks.

Don't wait until the heavy wheat hauling begins before getting that truck in shape. 32 x 6 10-ply Brunswicks, \$30.80. At RICE'S.

MRS. E. H. PAYNE ELECTED SECRETARY NORTH HEREFORD CLUB

The North Hereford demonstration club met in the home of Mrs. R. J. Kibbe May 25. During the business session Mrs. E. H. Payne was elected the new secretary-treasurer. Mrs. Garret Smith was chosen council delegate.

After an interesting program, led by Mrs. John Kropff and Mrs. Garret Smith, the club was dismissed.

The next meeting will be with Mrs. J. W. Brown on Monday afternoon, June 8 at 2:30 sharp.

Program as follows:
Roll call: The kind of storage space I have.

Paper, Clothing storage: Mrs. J. W. Brown.

Talk, Cleaning and removal of stains: Mrs. Ted Matthews.

Control of moths: Mrs. J. W. Long.

Demonstration, A well planned storage space that cares for clothing in season and out: Miss Emma Gunter.

There are still a few who want to join and the club has room for them.

Noah's Ark Motif Used At Bridge

Twenty ladies were delightfully entertained at Bridge, Thursday afternoon by Mrs. Jesse Carter at the home of her mother, Mrs. O. L. Rutherford.

The clever motif of Noah's ark was carried out during the afternoon. Tallies were animals with two of each kind to determine partners for the first game. Each guest was given a boat of candies covered with an animal. A squeaking mouse was used at head table instead of a bell.

After the games Marlin Gilliland read a well-chosen selection, "A Modern Noah".

A salad course was served completing the Noah's ark motif. The plates were decorated with unique animals made of radishes and turnips.

High score was awarded Mrs. B. M. Wiltshire and consolation to Mrs. Bodenhammer, who is here from Dallas, the house guest of Miss Emma Jeanne Donald. Mrs. Percival, Clovis, sister of the hostess, was present.

Others who played were Meses. B. H. Hopkins, B. M. Wiltshire, J. M. Posey, A. C. Hales, Egbert Brady, James Witherspoon, J. W. Hendrix, Alton Fraser; Misses Gwendolyn Spradley, Zella Mae Walsler, Blanche McDonald, Martha Duncan, Floyd Wilson, Dessie Mae Steele, Emma Jeanne Donald, Eunice Glibreath, Margaret Thompson and Gladys Selgier.

Miss Flannery Honored In Line Party

Colby Conkright entertained with a dinner and line party last Thursday evening in honor of Miss Dorothy Flannery who was leaving soon for her home in Sherman. Miss Flannery has been teaching in the high school here.

Dinner was served at Stockman's cafe, after which "Her Man" was seen at the Star theatre. The honoree was also favored with handkerchiefs. As it was gift night at the theatre the party showered Miss Dessie Mae Steele, bride-elect, with the towel presents.

In the celebration were Meses, and Meses. Alton Fraser, B. M. Wiltshire, Hubert L. McEntire, Misses Dorothy Flannery, Dessie Mae Steele, Meses, J. C. McCracken and Colby Conkright.

MRS. ALTON FRASER ENTERTAINS OTRA VEZ CLUB

The Otra Vez club met with Mrs. Alton Fraser Wednesday afternoon, May 27, with everyone wearing house dresses. Punch was on the table, being served to the members and guests as they passed by to receive their tallies.

Mrs. A. C. Hales was given high club prize and Miss Gladys Selgier high guest.

A salad course was served to guests: Meses. Hubert McEntire, Dean Rice, Jesse Carter, B. H. Hopkins; Misses Dorothy Flannery, Gladys Selgier, Gwendolyn Spradley, Blanche McDonald; members, Meses. E. L. Brady, Tom Carter, Ike McLendon, A. C. Hales, Jowell Murchison, Finis Owen, J. M. Posey, B. M. Wiltshire, Jas. Witherspoon; Misses Eunice Glibreath, Dessie Mae Steele and Martha Duncan.

CAMPFIRE GIRLS HAVE SURPRISE IN TREASURE HUNT

The surprise so greatly looked for by the young campfire girls was sprung in the meeting at the court house last week. It consisted of a treasure hunt. The members found 12 notes which charted the way to treasures and at the end ice cream and cake awaited the girls.

It was decided to change the meeting dates to Mondays at four o'clock in the dormitory of the court house.

The girls sold poppies and candy on the streets and in the stores in Saturday's Poppy Day observance for the disabled veterans of the world war.

ALUMNUS OF HIGH SCHOOL MARRIES AMARILLO GIRL

Buddy Norton, former graduate of the high school here and nephew of Ezra Norton, was married to Miss Lois Brown in Clovis May 20. Both are from Amarillo and they are making their home there.

Miss Lois Lobdell Weds Travis Dameron

A wedding of much interest to Hereford people and elsewhere took place in Clovis Sunday when Miss Lois Lobdell and Travis M. Dameron were united in marriage.

A message received by relatives from Roswell stated the couple were on a trip through New Mexico and would return within a few days to make their home here. The bride is a popular young business woman of the city, having been employed in the real estate office of Hill & Ricketts. The groom is the son of Mr. and Mrs. W. B. Dameron. He is a young attorney, in law practice with his brother, W. F. Dameron.

Vacation Gas

This Is Vacation Time--and--

—We hope all of our friends may have an enjoyable one.

—Their vacation will be more enjoyable and much anxiety will be avoided if they make sure that all gas is shut off tightly before they leave home.

—They should also be certain that there are no leaks in their house lines.

—A number of leaks may result in a larger bill than expected—besides gas leaks are dangerous.

Society Clever Party In Witherspoon Home Tuesday

Mr. and Mrs. Jimmie Witherspoon entertained Tuesday night in their new home on Lawton avenue with one of the cleverest bridge parties of the year.

Flowers were arranged throughout the house. It was a racketeer party. The tallies were little paper guns. Every time game was made, the principals received a notch in their guns. A thrilling detective story book was awarded Mrs. B. M. Wiltshire for ladies and Jesse Carter for men for prizes in having the most notches. Mrs. Jowell Murchison received a beautiful luncheon cloth as high for the evening. Frank Moseley was given a flashlight as high for men.

Refreshments of potato salad, sandwiches and doughnuts with lemonade served on paper plates and cups were served to Messrs. and Misses J. M. Posey, John C. McCracken, Alton Fraser, John Coffee, Egbert Bradley, B. M. Wiltshire, Tom Carter, Dean Rice, A. C. Hales, Jowell Murchison, Lloyd Edwards; Misses Martha Duncan, Fannie Oberthier, Gladys Selgier, Dorothy Flanery, Emma Jeane Donald, Eunice Gilbreath; Messrs. Ted Houston, Marlin Gilliland, Artie Russell, Colby Conkright, Lyle Woodford, Frank Moseley.

WINNERS CLASS SHOWER MR. AND MRS. L. WILSON

The winners class of the Methodist church was hostess Tuesday evening to friends of Mr. and Mrs. L. Wilson, at the home of Mr. and Mrs. J. F. Ward.

Games and toasts to each of the happy pair, with a prayer in their behalf, brought glad time near. It was announced that the couple put out their first washing, and a washboard and tub containing many useful gifts, were brought in to them.

Delicious ice cream with angel food and chocolate cake, was served to about 25 guests.

Another Young Couple Marry In Clovis

Marriage license was issued in Clovis the week end for Miss Lois Clayton and Marion Rutter, two young people of Hereford, according to the Tuesday News-Journal of Clovis.

The bride graduated from the high school here last month. She is the daughter of Mrs. J. J. Clayton, South Main street. Mr. Rutter is the son of Mr. and Mrs. D. L. Rutter.

Miss Anna Bell Harris, Raymond Hawkins Married

Miss Anna Bell Harris and Raymond Hawkins were married Saturday and are on a wedding trip, surprising their friends here by driving to Clovis for the ceremony.

Miss Harris is from Panhandle but since the first of the year has been living in Hereford with Mrs. Bessie Smith. She is a niece of J. C. Allred.

Mr. Hawkins is a local business man, operating a truck line between Hereford and Amarillo.

Church Gives Johnson Call for Full Year

The ministerial call given Rev. M. J. Johnson for the pastorate of the First Christian several weeks ago was unanimously extended to June 1, 1932, by the board at a meeting Sunday night.

Rev. Johnson left Tuesday in his car for Columbus, Mississippi, to bring his family to Hereford. His children have been in school there. He expects to return within about ten days.

There will be no preaching services at the church next Sunday.

CLOVIS BEATS MIDGETS; MEET AGAIN TUESDAY

A bunch of young ball players from Clovis visited the Midgets here Monday afternoon and cleaned up on the Hereford players 16 to 8. A return engagement has been matched for Tuesday when New Mexico will be invaded. The Midgets are determined to even the count.

JESUS CRUCIFIED.

Luke 23:33-46

83. And when they came unto the place which is called the skull, there they crucified him, and the malefactors, one on the right and the other on the left.

84. And Jesus said, Father, forgive them; for they know not what they do. And parting his garments among them, they cast lots.

85. And the people stood beholding. And the rulers also scoffed at him, saying, He saved others; let him save himself, if this is the Christ of God, his chosen.

86. And the soldiers also mocked him, coming to him, and offering him vinegar.

87. And saying, If thou art the King of the Jews, save thyself.

88. And there was also a superscription over him, THIS IS THE KING OF THE JEWS.

89. And one of the malefactors that were hanged called on him, saying, Art not thou Christ? save thyself and us.

90. But the other answered, and rebuking him said, Dost thou not fear God, seeing thou art in the same condemnation?

91. And he indeed justly; for we receive the due reward of our deeds; but this man hath done nothing amiss.

92. And he said, Jesus, remember me when thou comest in thy kingdom.

93. And he said unto him, Verily, I say unto thee, Today shalt thou be with me in Paradise.

94. And it was now about the sixth hour, and a darkness came over the whole land until the ninth hour.

95. The sun's light failing; and the veil of the temple was rent in the midst.

96. And Jesus, crying with a loud voice, said, Father, into thy hands I commend my spirit; and having said this he gave up the ghost.

Golden Text: He was wounded for our transgressions, he was bruised for our iniquities; the chastisement of our peace was upon him; and with his stripes we are healed.—Isa. 53:5.

Time: From 6:00 a. m. to 3:00 p. m., Friday, April 7, A. D. 30.

Place: Pilate's judgment hall and Herod's palace in Jerusalem, Calvary, outside the walls of Jerusalem, probably on the north.

Introduction.

"To gain a clear idea of the awful event, the crucifixion, it is important to compare and combine the accounts of all four evangelists. Because of the excitement of the terrible hours each eyewitness who reported the story in after years would remember a certain particular that had impressed him; so these several narratives differ, but are not in conflict. That there is some confusion as to the order of events, and to minor details, is perfectly natural."

"Notice that there is a reverent, delicate passing-over of some hor-

rible particulars, and no attempt on the part of the evangelists to excite emotion by detailing them. They know that that is not necessary. They tell their story with a simple realism that makes their picture cut into the memory and heart of the reader. Their one overwhelming note would seem to be: This is your Saviour, dying for you! It has been remarked that the crucifixion is John 3:16 dramatized."

Crucifixion.

"Crucifixion is of all deaths the most horrible, and possibly the most painful. The Jews did not practice crucifixion; the Romans seem to have got it through the Phoenicians. The crucifixion was after this manner: The upright piece was firmly set in the ground, and the victim was then extended, with arms tied to the cross-piece, to which his hands were spiked. Then by means of ladders and ropes he was raised to a position so that his feet would be about a foot from the ground. The cross-bar was then either tied or nailed to the upright. Then the torturing rest was placed beneath him, and his feet were stretched down and either spiked through with one long nail or each separately nailed to the cross. Thus the unfortunate victim would hang until death came as a tardy relief. The heart of many a hardened sinner has been broken in contemplating that the Saviour went through this ordeal."—Rev. John H. Cable.

Words from the Cross.

"And Jesus said, Father, forgive them; for they know not what they do." This is the first seven "Words from the Cross," probably spoken during the agonizing first stages of fastening the Saviour to the cross. This utterance shows that our Lord, at a time when most men shrieked and cursed, was engaged in prayer, not for himself, nor even for his dear ones, but for his enemies; and more than that, that he was finding in their ignorance of what they were doing an excuse for their terrible deed. The dying prayer of the protomartyr Stephen (Acts 7:59) is only one example of the profound impression which these words of the Crucified has made upon the world. "We can never forget that he who spoke these words had said not twelve hours before, 'He that hath seen me hath seen the Father.' The forgiveness in this first sentence from the cross in the forgiveness of redeemed humanity. The forgiveness of the cross is the revelation of the forgiveness of the Father in heaven."—Bishop Chas. L. Slattery. In this word from the cross Christ illustrated his own precept, "Love your enemies, and pray for them that persecute you."—Matt 5:44.

Jesus On the Cross—Mocked and Derided.

The writers emphasize the fact of sin and the spiritual anguish of our Lord by recording the scoffing which he had to endure. The rulers taunted him with accusations of failure: "He saved others, let him save himself." The soldiers, who, indifferent to his an-

guish, had gambled at the foot of the cross for his garments, took up the scoffing of the Jews, and jeering, offered him some of their sour wine to drink. The superscription, "This is the King of the Jews," was turned by them into a mockery. And even the two robbers who were crucified with him reproached him with failure.

The Thief On the Cross—Saved by Grace.

To one of these robbers, however, something happened. While the other was railing on Jesus he suddenly burst into speech. See verses 40-42. And in his speech and prayer and the answer of Jesus we see wonders of grace. There in the presence of Jesus and of death he was aroused to a sense of sin, and made a confession of his guilt. He saw the injustice of Christ's death, and believed in him as the Messiah who would one day come in his Kingdom. And he threw himself upon the mercy of Jesus in that faith.

The response of Jesus to this confession and prayer of faith is the response of a victor, and a fresh revelation of his grace and majesty. It graciously accepts the penitent's petition, and assures him that the companionship begun on the Cross will be continued there. "With me" makes "Paradise" wherever a soul is.—Maslaren. "It may be that our Lord saved one man at the last moment that none might despair, and only one that none might presume."—Rev. James S. Stone, D. D.

Jesus' Last Words On the Cross.

"Father, into thy hands I commend my spirit." The seventh word from the cross illustrates our Lord's perfect trust in God. "He faced death's last moment calling upon God as Father, and committing confidently to his keeping not only his personal existence, but his royal rights as Son." "In his final words there is felt the relief and anticipation of one who is going home." And having said this, he gave up the ghost. "Let us look upon the dying Christ as the centurion, amid the gloom of a heaven overcast with clouds as if nature felt the divine agony, exclaim, 'Behold, this was the Son of God!' Behold, Christ; and in his death you behold God's incomparable sorrow for sin. You behold the world-vision of self-giving love. You behold the royalty of forgiveness and sacrifice."

The Atoning Death of Jesus Christ.

"Gazing in astonishment at the sufferings of Christ I declare them

to have been vicarious sufferings, expiatory sufferings, atoning sufferings. They were vicarious sufferings, for he stood in man's place when he suffered. The penalty he bore had no relation to the life he lived. He stood connected with all human sin and failure, and seeing that he bore it, man is delivered from it. They were expiatory sufferings. Through what he wore, he exhausted human sin, put it away, he made it not to be. They were atoning sufferings in that through them he has dealt with all that separated between man and God. He has now made possible the restoration of the lost fellowship, and man may henceforth live in communion with him."—Rev. G. Campbell Morgan, D. D.

"Alas, and did my Saviour bleed?

And did my Sovereign die?
Would he devote that sacred head,
For such a worm as I?
Well might the sun in darkness hide,
And shut his glories in,
When Christ the mighty Maker
Died
For man the creature's sin."

Rev. and Mrs. J. M. Fuller and children are visiting relatives in Canton, Van Zandt county, their old home town. Mrs. Fuller's father, Mr. Blackwell, served as sheriff of Van Zandt county for about 12 years.

Mr. and Mrs. Sam Steele and daughter, Ann, Fort Sumner, New Mexico, were here during the week-end to attend the wedding of Miss Dessie Mae Steele and visit with relatives.

HOW ONE WOMAN LOST 102 POUNDS OF FAT

ALMOST UNBELIEVABLE—NEVERTHELESS TRUE

Dear Friends:
You advertise Kruschen Salts for reducing, so I finally tried them and when I started I weighed 219 pounds and when I took them for a year and 3 weeks I lost exactly 102 pounds.

I am 23 years old and I look at look 5 years younger now than I did when I was fat. I have a picture of myself before and after so if you want to see them let me know.

I am always telling my friends about the wonderful salts. I am always advertising them.

I took two bottles every month for a year and 3 weeks. It amounted to \$25 for reducing 102 pounds but it was worth it.

If I can be of any help to you let me know.

Yours truly, Miss Nellie Simpson, 1903 Wayne Street, Swissvale, Pa., October 31, 1930.

THE MODERN SAFE WAY—RIGHT WAY TO LOSE FAT

Just take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast.

You can hasten the reducing action of Kruschen by going lighter on potatoes, pastry and fatty meats.

Unlike other salts, Kruschen doesn't reduce by rushing food through your system. Rather it's an ideal blend of 6 separate mineral salts which help every gland, nerve and body organ to function properly.

Women everywhere are overjoyed with this marvelous reducing treatment. Frequently pound by pound of surplus fat leaves and soon you possess that trim, slender figure you've always craved.

An 85c bottle of Kruschen (lasts 4 weeks) is sold by leading druggists the world over—to start this SAFE method to lose ugly fat TODAY. The City Drug sells lots of it.

The New Chevrolet Sport Coupe

Matchless economy with six-cylinder smoothness

"Better than 20 miles to the gallon." "Its cost-per-mile is the lowest of any car." "Never have to add oil between crankcase changes." "Drove from Ohio to California on a repair expense of \$1.05." "It just runs and runs and runs."

—typical comments from owners of the Chevrolet Six

CHEVROLET Why is it that Chevrolet—a big, powerful, smooth-running Six—actually costs less to operate and maintain than any other car you can buy? The answer lies in five outstanding factors of Chevrolet economy:

1. **Efficient Engine Design** makes Chevrolet fuel consumption so low that 20 miles to the gallon of gasoline is nothing unusual for a Chevrolet owner.
2. **Modern Chassis Design** increases the ability of the Chevrolet Six to run dependably. This modern design is typified by Chevrolet's long heavy frame, four parallel-mounted springs, and smooth-running six-cylinder engine.
3. **Excellence of Manufacture** also adds to Chevrolet dependability and long life. Chevrolet

pistons, for instance, are built so carefully, and held true to such close limits of precision, that many owners have gone 20,000 miles or more without having their motors opened for major servicing.

4. **High-Quality Materials** are used throughout the Chevrolet car—costly nickel steel, chrome-vanadium steels, chrome-nickel steels—to assure trouble-free, low-cost service for tens of thousands of miles of operation.
5. **Economical Nationwide Service**, with its low flat-rate charges on labor and genuine parts, is available at 10,000 dealers throughout the country. Remember—in addition to all these basic economies—Chevrolet offers the extra advantage of one of the lowest delivered prices on the market.

Chevrolet passenger car prices range from \$475 to \$650. Truck chassis prices range from \$355 to \$590. All prices f. o. b. Flint, Michigan. Special equipment extra. Low delivered prices and easy terms.

Health Assay Opens Tuesday

Schedule of examinations for pre-school age children has been announced by Miss Nell Hall, to begin June 9. There will be offered immunization against diphtheria, smallpox vaccination, and the Schick test to find out if the children who were treated last year are thoroughly immunized against diphtheria.

All the doctors of Hereford are cooperating in the work, and there will be no charge excepting for the material used, which will be put out as cheaply as possible, said Miss Hall.

Parents are asked to bring their children to the health service office in the court house on the dates named if they wish to take advantage of this health measure.

Children will be received from the following places on the named dates:

June 9, Tuesday: Summerfield, Westway, Messenger, Bippus and Valentine.

June 10, Wednesday: Dawn, Daniel, Fairview, Progressive, Higgins and Ward.

June 11, Thursday: Wyche, Walcott, Ford, Sims and Frio.

June 12, Friday: Hereford.

A. M. GOSCH, HEALTH MAN OF AUSTIN, HERE

A. M. Gosch, who is doing health work in Castro county in the free extension service allotted some districts, was in Hereford Monday looking into the work that is being done here by the health nurse. He promised that the government would perform a worthwhile service for Deaf Smith county people, without charge, this summer.

Mr. Gosch is from the state health department at Austin and during the past three weeks he has been busy in and around Dimmitt. He said he had come in contact with some work done in Castro county by Miss Nell Hall and desired to become better acquainted with the fine health service which was being directed here.

He stated he would return to Hereford before long and would announce a program of activity being planned for the community.
