County Welfare Directors Meet In Regular Session Next Monday Afternoon

The monthly county-wide Board of Directors meeting of the Deaf Smith County Welfare Association will assemble in the county court room Monday of next week, January 8, at 2:00 p. m. It is the expressed desire of W. Jesse Stanford, chairman, that every official representative of each community be present at this meeting, together with as many interested citizens as it is possible to attend.

The Executive Board will present to the directors at that time a detailed report of the activities of the work since its beginning, telling what has been accomplished, with the number of families reached and the amount of assistance given. At the same time plans for future conducting of the work will be given for the discussion and final approval by the directors.

It is essential that as large a membership of the directors be present Monday as possible, so the deliberations of the board will reflect the sentiments of the entire county. In the administration of the welfare work the Executive Board has spent every effort to reach each deserving case brought to its attention, and citizens over Deaf Smith County, in addition to the members of the board of directors are urged to be at Monday's meeting, that all may learn at first hand just how comprehensive is the scope of the work under its present plan, and that as many as possible will present evidence of distress among citizens they know of the work may reach them.

Applications citing specific needs for further federal assistance in Deaf Smith county are before national administrative heads in Washington this week, and the results of action there will determine in a large measure the scope of the work here henceforth. This work required by far too little federal assistance from national funds provided for this purpose in a series of distributions last fall, and special effort is being made to materially increase the several hundred dollars allotted here.

Too high commendation cannot be given the present executive board for the way the welfare work has been conducted. Several of the individual members are giving one-half or more of their time to looking after cases as they are brought to the secretary's attention. Not only must provisions and necessities be distributed but the work must be done equitably, seeing that none are slighted and at the same time due investigation must be made to see that none take advantage of the situation to obtain free living without rendering just compensation. In almost every instance those who receive assistance are required to perform tasks to assist in the welfare work or to be of benefit to the public life of the county.

By virtue of becoming county judge Monday, C. W. Humble succeeds former Judge Earl W. Wilson as member of the Executive Board to officially represent the county's interests, with the other four members remaining as before: W. Jesse Stanford for the Lion's club, K. F. Rowson of the Chamber of Commerce, J. D. Buchanan, the City of Hereford, and John McClean the citizenship of the county at large. Mrs. C. R. Bentley is secretary and looks after the records and dispensing of the supplies upon approval by one or more of the Executive Board, and Cliff Estes is treasurer.

So accurate has the welfare work been administered to date that when this week's balance was drawn from two sources, although the work has been mixed with the distribution of hundreds of dollars worth of free food and clothing contributed by a number of ways, and for which no set price has been fixed, the distributions and financial accounts agreed to a cent.

It cannot be too strongly urged that each and every citizen of the county should feel a solemn obligation to assist the welfare work in its endeavors to reach and properly care for the distressed here. No one should feel it is someone else's place to render information—it is the duty of that person who knows exact conditions to make the report to the secretary, by truthful statements, which help perhaps that person only can render and without which someone may be unnecessarily suffering. It is the job of everyone to help in every way possible. If anyone knows enough to blame or censure welfare officials for the way the work is conducted, they are enough to give valuable information, and should let it be known to the secretary.

It is the consensus of opinion

LIONS VOTE APPRECIATION OF SANTA CLAUS AND MERCHANTS FOR PARADE

The Lions club Wednesday noon, at its regular weekly luncheon, voted an expression of appreciation to Santa Claus, the Star Theatre, the high school band, and the merchants of Hereford whose assistance had brought pleasure to so many children here December 17, when a spectacular parade appropriate to the Christmas season was presented, and a gift of candy, fruit and nuts was given each child who attended.

The brand was fortunate to get a number of excellent pictures of different stages of the occasion, and they will be found on exhibition in the newspaper window. A thousand children were made happy the day of the parade and many others received their treat as soon as they were able to come to town.

An evening stag luncheon will be held by the club Thursday evening of next week at 7:30, to which every member and former lion is given a cordial invitation to be a most free guest. The purpose of the meeting is to get ideas and promote a discussion of the club's possibilities for 1933.

Cliff Acker, Dave Alexander and Gaston Baer are in charge of entertainment on the program that evening.

F. R. C. Leaves Deaf Smith Off of List for Aid

Daily press stories today carry the announcement of various amounts of relief being given 24 Panhandle counties by the Federal Reconstruction Corporation, but the name of Deaf Smith county was omitted from the list. All efforts up to press time to determine whether or not the county was given any Federal relief have been unavailing.

Inasmuch as but a few hundred dollars were given this county earlier in the fall when thousands were needed, for while other adjoining Panhandles received thousands and one Panhandle was awarded more than a million, much anxiety is felt in local circles over the outcome, and a diligent search will doubtless be made for the reason Deaf Smith county has been so treated.

Heart Attack Takes Calvin Coolidge Today

A radio announcement just before press time tells of the sudden death of Ex-President Calvin Coolidge of a heart attack at noon today.

After working in his office this morning, he had, with his secretary, gone to his home, death coming in just a few moments after his arrival there. No sickness had been reported to press agencies, and apparently it was not known that he was in any ill health.

FIRST MAYOR OF HEREFORD CHOSEN 1903

(Editor's Note—The following article relative to early days in Hereford, dealing principally with the first incorporation, move on the part of citizens to better living conditions here and a short sketch of our first Mayor, was compiled with the able assistance of G. A. F. Parker, and further aided by access to old files of the Brand. It does not cover the events in full for the simple fact that happenings of many months are crowded into a limited space. Mr. Parker has the thanks of The Brand for his assistance.)

A short news item carried in the Hereford Reporter back in 1901 started a move toward the incorporation of Hereford. At that time the editor's only expressed

ROSS W. DAVIS
First Mayor of Hereford.

wish for such incorporation was that the town might employ a scavenger to keep the streets of the city clean.

The agitation was continued, until finally, on March 13, 1903, an election notice was carried in the Brand calling an election on Monday, March 23, for the purpose of determining whether or not Hereford should be incorporated.

As was usual in the early days, Hereford citizens took their elections seriously, and this was no exception. Argument pro and con was heard up and down the street, and the editor used quite a bit of space in the Brand in which to advance the advantages of incorporation.

Election day came; votes were counted, and the people found themselves living in an incorporated town, and ruled by the following official family:

Ross W. Davis received the nomination as Hereford's first mayor, having received 83 votes. A. J. Lipscomb received 80 votes, Ira A. Loveless, L. W. Ricketts and E. B. Fuller, for aldermen, each received 85 votes. In the place as marshal there were three candidates, W. G. Ross winning out when he polled 37 votes, compared with 15 for Guy Gamble and 35 for W. T. Smith. Election judges were J. P. Connell, presiding officer; Eugene Dyer, Chas. Orr, Frank Cardwell and L. A. Simpson, assistants.

Mr. Davis, the mayor, was a splendid young man. He came to Hereford, with his wife and young family, from Waxahachie, and at first engaged in the real estate business. Later he became assistant cashier of the Western National Bank, and when F. B. Fuller, cashier, moved to California, Mr. Davis succeeded him as cashier, continuing in that capacity until June, 1906, when, because of falling health, he and his family removed to San Antonio, much to the regret of the Western National Bank, which institution presented him a fine gold watch as a mark of appreciation for splendid services rendered. Mr. Davis is now making his home in Waxahachie.

But back to the incorporation part of the story: Even back in 1903 taxes were nothing to be taken lightly. Before the incorporation had progressed to a point of practical worth, many of its supporters began to get cold feet. They wanted sidewalks; they wanted paved streets, and above all, an adequate city water system. Fine and well—but who was to pay for them? They decided the tax payers might have to foot the bill, and this started the agitation of voting Hereford back into the class of unincorporated towns.

John W. Kropff Baby May Be First Of 1933

A fine baby girl—who has been named Ruth Marie, was born to Mr. and Mrs. John W. Kropff, north of Hereford, at 6:30 Tuesday morning, January 3.

This being the first baby reported born here during the year, the Brand is curious to know whether or not little Miss Kropff will be the official Miss 1933 in the later history of Deaf Smith county.

Mrs. Annie Sawyer Dies at Home Here Early Thursday

Seven-Months-Old Pullets Lay Plenty Of Eggs

An occasional incident is called to the attention of the Brand wherein a citizen has demonstrated one or more features of an intensive live-at-home program.

This week a trip was made to the Golden Rule Hatchery, just east of town, to see a flock of White Leghorn pullets Leslie Robinson raised, and because of careful handling and feeding now are laying eggs at a very profitable rate. Monday the production had reached 54 per cent and was increasing each day.

There are 280 in the flock. They were hatched less than seven months ago, June 12, and were raised on home-grown feeds prepared by the West Texas Feed & Seed Company under the trademark name of Just-Right feeds, being fed the starting, growing and laying preparations as their ages justified.

The flock was kept indoors during the recent inclement weather, production being started during that period. More than 100 eggs were taken from nests Monday evening. Electric lights are turned on each morning at 5:00 o'clock and scratch feed scattered through straw litter covering the floor. In a few moments, Mr. Robinson says, all the pullets are off the roosts busily engaged in scratching thru the straw in search of grain, and long before daylight some are waiting for others to get off the nests so they can lay.

BEREAN SUNDAY SCHOOL CLASS HAS MEETING

The Berean Sunday school class of the Baptist church, Rev. V. M. Cloyd, teacher, held a meeting Wednesday night and elected new officers, the present president and secretary being chosen to serve another quarter.

Owing to the small number present, many important business matters were not voted for fear it would not meet the approval of the entire class.

It was planned to hold some kind of social entertainment, but no date was set and this will likely be discussed at some future meeting.

The Berean class is composed of young men, assemblies every Sunday morning in the young people's department of the church and urgently invites any young man who is not attending Sunday school to meet with them.

Deaf Smith Officials Took Formal Oath and Began Service of Term Monday

New officials were inducted into their respective duties and former public officials again affirmed allegiance to their constituents of Deaf Smith county when they took oath of office in a formal ceremony in the commissioners court room at 10:00 o'clock Monday morning.

AROUND the WORLD IN THE PAST SEVEN DAYS

Friday, December 31.—Six Southern States were harassed by overflowing rivers that flooded lowlands, invaded low-lying sections of a number of towns, and kept on rising with more rain in sight for the headwaters.

State Auditor Moore Lynn declared Texas faces a grave situation with respect to the public school fund. If the per capita tax for 1934 and 1935 is to be maintained at \$17.50 and if claims for more state aid amounting to \$843,200, are to be paid, the additional taxes required will be more than \$19,810,000, Lynn said.

Capt. and Mrs. David A. Palmer and Capt. and Mrs. Joseph R. Westley of the 25th Infantry, U. S. Army, were shot to death, and Lieut. Harry R. Matthews seriously injured when a negro private ran amuck at Fort Huachuca, Arizona.

Rescuers removed the last of the 54 victims of a mine disaster at Moweaqua, Illinois.

Richard W. Robbins, president, Transcontinental and Western Air Inc., that commercial aviation will have set a record for increased business when the books for 1932 are closed.

Signs of encouragement in the economic situation for next year were described by Secretary Chapman of the Commerce Department, who said the Nation was better equipped for building up the earning and buying power of the domestic markets.

Saturday, December 31.—Japanese war offices announced it has decided not to issue a statement for the present on the situation in Jehol, Manchuria's border state, where Chinese troops were reported concentrating.

Live hogs Saturday dropped to the lowest level in Chicago since December 1878. The peak paid Saturday was \$3 for light animals weighing from 160 to 200 pounds.

President Eamon de Valera's plan for bonus reductions in civil servants' pay threatened to wipe out the narrow majority which has kept him in his Irish office since March.

William Gibbs McAdoo, former Secretary of the Treasury, heads a list of ten persons who, E. W. Woodward, the author, believes are marked as potential leaders of 1933.

John Patrick O'Brien, whose lineage has been traced back to the first King of Erin, was sworn in as Mayor of New York City.

England sends 2,300,000 pounds of gold to America to apply on war debt.

A drive for authorization of \$100,000,000 a year for the next two years for federal aid to state highway construction was under way in the House.

Speaker Ganner today sent his resignation as a member of the House of Representatives to the next House to Governor Sterling so that his successor as Representative from the Fifteenth Texas District may be elected before March 4.

One of the sharpest earthquakes ever experienced in South Africa was felt Saturday, but there was almost no serious damage.

Soviet Russia embarked on the period set aside for the second five-year plan, designed to complete the reconstruction of its national economy on a socialistic basis and at the same time to double or triple the living standards of the masses.

An emergency farm relief plan designed to start the country toward prosperity will be the first

ler, sheriff and tax collector; L. H. Foster, clerk; A. O. Thompson, surveyor; J. H. Wilson, Justice of precinct No. 1, and J. Walker Braddy, brand inspector, all of whom were re-elected to office during 1932 except the last, who succeeds Henry Hastings.

Guin Sworn Twice.

J. T. Guin being absent at the time, W. B. Phillips, re-elected in precinct No. 2; Mal Stewart, re-elected in precinct No. 4; E. J. Rose, who succeeds C. J. Paddock as commissioner in precinct No. 1; and C. W. Humble as judge, were next sworn into office. Immediately thereafter, Mr. Guin entered the room, and without thinking that his successor had been sworn into office, Judge Wilson delivered the oath of office to his former co-worker as commissioner of precinct No. 3. When Justice J. H. Wilson called attention to the fact that, technically, Mr. Guin was not in office, Judge Humble was called to his first public duty and he again gave the oath to Mr. Guin.

In a short speech of acceptance Judge Humble expressed pleasure upon entering the work before him, paying due regard to the responsibilities of his office and the obligations carried by it to the people of the county, asking that the assistance and cooperation of each citizen be given him to make the administration most effective, pledging himself to give every effort in an endeavor to make the work as beneficial as it had been in the past, and paying high compliments to Judge Wilson by wishing the incoming administration would as nearly fill the needs of the people as had the former one.

A. O. Thompson, county surveyor, serving as "greeter" to the new official family, said that as he and Justice Wilson were now grandpas, they felt the responsibility of looking after the affairs of the court house "family". In a reminiscent mood he told of the happy relationships that have always existed between the various departments of the county government and expressed a desire that the same would continue. He said he gave advice freely to the newcomers whether they accepted it or not, as he was but living up to the scripture, "It is more blessed to give than to receive," which he felt applied as well to advice as to other things. Mr. Thompson compared the change of officials to the change of the years, always regretting the losing of the old ones and welcoming the advent of the new.

Kellas Muse left Mont Port Worth where he is a man in Texas Christian University after having spent the past weeks here with his parents and Mrs. Geo. Muse.

A LONG TIME AGO IN HEREFORD

(From Files of The Hereford Reporter, January 17, 1902.)

Announcement was made in this issue of the Reporter that beginning about March 1, that publication would issue a new paper from its office to be known as "The Brand." From this announcement we gather that The Brand was to be a Panhandle-wide institution and devoted to the expansion and advertising of this entire region. One announced plan for The Brand was to work for the establishment of an experiment station in the Panhandle, which, it was hoped, would be of direct benefit to the farmers.

Business changes: Beach & Orr sold their confectionery to B. T. Hinton. Mr. Hinton had transferred his furniture business to Beach & Orr. Robert Humphries had sold the Humphries House to S. H. Morris and Marcus Jacobsgaard. G. A. Stambaugh transferred his interest in the grain and coal business to W. B. Beach and G. R. Hays, the latter two also buying enough of the interest in the same business from J. R. Camp to give each of the three partners a one-third interest. Geo. A. Sachse had bought an interest in the Galbreath & Fox Store, and that business in the future was to be known as the Galbreath, Fox & Company.

Miss Lora Kibbe was recovering from a severe attack of pneumonia.

Rat Jowell had bought a mule. That mule exactly matched a fine one already owned by him, and it was a matter of common knowledge that he then had the finest mule team to be found in these parts.

Officers and directors of the First National Bank had been elected as follows: John E. Ferguson, president; F. M. Avis, vice-president; F. B. Fuller, cashier; A. G. Bell, bookkeeper; F. M. Avis, T. M. Palmer, Ira Aten, R. J. Kibbe, F. B. Fuller, E. Carter, W. A. Higgins, A. J. Lipscomb and John E. Ferguson, directors.

Ira Aten, manager of the Escarbada division of the XIT ranch, had spent Sunday with his family in Hereford.

Dow Mercer had bought 67 head of cattle from W. R. Higgins.

J. W. Fewell had inaugurated a 36-hour freight service from Hereford to Plainview and Lubbock. Motive power was supplied by a steam "traction engine" and eight wagons would be pulled when business justified.

(From Files of Hereford Brand, January 5, 1912.)

Lots of space was taken up by business men and farmers forecasting business prospects for the coming year, all of whom were very optimistic.

Great sport was being enjoyed by many in finding and catching jackrabbits in the deep snow then covering the ground. J. L. Fuqua got 24. A. W. Gregg and son 20, E. E. Ramsey quit counting after he had killed over 30. Jim Robinson had 25, part of which were killed by moonlight, and J. W. Robinson had more than 20.

Mexicans, 180 of them from Hereford, had left this area for warmer climes in the South.

C. J. Paddock had been in from his farm seven miles east of town and reported that he had about finished harvesting his jackrabbit crop.

Miss Ina Gregg had been very ill at the home of her sister, Mrs. C. D. Wright.

Henry Hubber had announced as a candidate for re-election as constable.

Mr. and Mrs. Vern Witherspoon had visited at the R. L. Wilson home at Summerfield Christmas Day.

A Mexican sheep herder had frozen to death 30 miles west in the sub-zero temperature which at that time prevailed here.

The first carload of sugar beets ever to be shipped from Texas had gone out to Kansas City, and the price was \$4.00 a ton, f. o. b. Hereford. These beets were produced on the McDonald-irrigated farm, and it was confidently expected that 25 tons per acre would be produced in the future. This venture was expected to lead to the establishment of a \$1,000,000 sugar factory in Hereford.

Three sub-zero days had been recorded that month. On the 27th 12 below had been reached. The entire month had an average temperature of 30 degrees, and 11 1/2 inches of snow had fallen. "Flying frost" on the night of the 30th had covered posts and wires to a depth of three inches.

The editor noted that the year previous had had 53 Sundays in it.

HERE IS PROOF!

JUST-RIGHT EGG MASH

—There is ample proof of the excellence of Just-Right Egg Mash as demonstrated in the Leslie Robinson flock of White Leghorn pullets at the Golden Rule Hatchery, east of town.

—Using Just-Right feeds to start, grow and bring the 250 pullets to production, they are now laying over 100 eggs per day at the age of seven months.

—Ask Leslie what he thinks of Just-Right Feed.

—With the exception of a concentrate, it is made entirely of home-grown grains, scientifically ground and mixed to a specified formula to obtain the exact results desired.

—TRY JUST-RIGHT EGG MASH FOR REAL PRODUCTION.

JESUS BEGINS HIS WORK

Mark 1:12-20

12. And straightway the Spirit driveth him forth into the wilderness.

13. And he was in the wilderness forty days tempted of Satan; and he was with the wild beasts; and the angels ministered unto him.

14. Now after John was delivered up, Jesus came into Galilee, preaching the gospel of God.

15. And saying, The time is fulfilled, and the kingdom of God is at hand; repent ye, and believe in the gospel.

16. And passing along the sea of Galilee, he saw Simon and Andrew the brother of Simon casting a net in the sea; for they were fishers.

17. And Jesus said unto them, Come ye after me, and I will make you to become fishers of men.

18. And straightway they left the nets, and followed him.

19. And going on a little further, he saw James the son of Zebedee, and John his brother, who also were in the boat mending the nets.

20. And straightway he called them; and they left their father Zebedee in the boat with the hired servants, and went after him.

imprisonment of John the Baptist, March A. D. 28, at Machaerus to the east of the Dead Sea. The calling of the four fishers, April-May, A. D. 28, on the shore of the Sea of Galilee.

Introduction.

In the present lesson Mark tells us of the temptation of Jesus which immediately followed his baptism in the Jordan; of the return to Galilee at the close of his Judean ministry; and of the inauguration of his work in Capernaum with the call of four fishermen to be his permanent associates.

Jesus was Tempted. That was a historical fact with its supernatural elements indeed but veracious in every recorded detail (see also Matthew and Luke). The reality of the temptation is not to be doubted for a moment; for Jesus "was in all points tempted like we are". He therefore faced every test that comes to men but he is the only one of us who did it "without sin". He is thus our model and our Master.

The Forty Days' Fast.

"And he was in the wilderness forty days." A forty days' fast used to be considered by the skeptics to be impossible, but in recent years fasts of that length and even of much greater length have been kept by experimenters in the interest of science and by "hunger strikers" in prison.

The First Temptation.

Through all the forty days our Lord was constantly tempted, but in giving an account of his experiences he summed them up in three typical temptations. One was physical; he was seized by fierce hunger, and Satan tempted him to prove himself the Son of God by turning into bread the flat, loaf-like stones around him. He could do it easily enough; he worked a similar miracle once for five thousand persons and again for four thousand. But Christ never used his divine power for himself, only for others; so he answered Satan's suggestion by quoting Deut. 8:3.

"Man shall not live by bread alone." He would conquer his lower desires by the heavenly satisfactions.

The Second Temptation.

The second temptation (according to Matthew) was to go to Jerusalem and cast himself down from the roof of the temple, trusting to Ex. 17:11 (for the devil can quote Scripture for his evil ends). "He shall give his angels charge concerning thee; and on their hands they shall bear thee up lest haply thou dash thy foot against a stone." Thus he would prove to the amazed throng in the temple courts that he was the Son of God. But Christ's sufficient answer to the suggestion was another Bible quotation, Deut. 6:16, "Thou shalt not tempt the Lord thy God." God is not to be put to the proof in that way. To follow Satan's suggestion would embark Jesus on the career of a mere magician and mountebank.

The Third Temptation.

The devil took our Lord (very doubtless in imagination or vision) to a great mountain top from which he could see all the kingdoms of the world in all their glory; and made him the bold offer, "I will give you all these if you will only fall down and worship me." Christ was well aware, as he told Pilate at his trial, that his kingdom was not of this world. No power and glory that Satan could possibly give him would answer his holy purposes; so he replied with another quotation (Deut. 6:13), "Thou shalt worship the Lord thy God, and him only shalt thou serve."

Jesus' Judean Ministry.

Mark's rapid narrative omits John the Baptist's testimony to Jesus as the Messiah; the accession to Christ's ranks of five of John's disciples—Andrew, John, Peter, Philip and Nathanael; the turning of water into wine at Cana of Galilee; Christ's first driving of the traders from the temple, and his memorable night conversation with Senator Nicodemus; and the work which Christ did with John the Baptist, all of which is recorded in John's Gospel only (John 1:19-3:36). The reason why John was cast into prison is told by Mark later in his Gospel (6:17-29).

The Return to Galilee.

Jesus made Capernaum the principal base of his great Galilean ministry. It was on the shore of the Sea of Galilee, a beautiful body of water about 13 miles long and 7 1/2 miles wide. The River Jordan on its descent from Mount Hermon to the Dead Sea flows through it under sea level 682 feet. It is fresh and clear and abounds in fish. In Old Testament times it was called the Sea of Chinnereth. In the New Testament it is called Sea of Tiberias (after a Roman emperor); Lake of Gennesaret (after a plain beside it) and Sea of Galilee (after the province).

Jesus Preaching in Galilee.

"Preaching the gospel of God and saying, The time is fulfilled." The prophets had set no definite and clearly understood time for the coming of the Messiah, and the last of them (except John the Baptist) was four and a half centuries in the past. Now, said Christ, this long period of waiting and of vague expectation is at an end. God's Day had dawned. Christ came in the fulness of time. The wickedness of the world made his coming so to speak, imperative, while the condition of the Roman Empire furnished the best possible field of universal peace for the spread of the gospel. Christ could not have come, either earlier or later, at a better time.

Heeding Christ's Summons.
"And straightway." The fourth use of Mark's adverb thus far in the chapter, and there are seven more to come! "He called them," giving them the same summons to follow him and become fishers of men that he had already given to their friends, Andrew and Peter. "And they left their father Zebedee in the boat with the hired servants, and went after him." Zebedee gave his sons "freely" to the Lord, evidently approving their exalted purpose. Salome, his wife, seems to have been the sister of the Virgin Mary, so that Jesus was the cousin of James and John. John appears to have been intimate with the family of the high priest and to have had a house in Jerusalem, to which he took the mother of Jesus when she was left to him as a precious legacy by the Crucified. He became in later years the bishop of the church in Ephesus and at one time was exiled for his faith on the Isle of Patmos.

The First Disciple Called.

Passing along the lakeside, perhaps in the suburbs of Capernaum, Jesus called to the ministry two pairs of brothers, Peter and Andrew, James and John. They were already disciples of Jesus, for they had accepted him after John pointed him out as the Lamb of God. They were with him at Jacob's Well and at the wedding feast in Cana. They may have been with him during most of his Judean ministry. Yet they retained their business connections and wrought at their profession for the support of their families. Now, however, they get their call to abandon secular pursuits and give themselves wholly to the ministry. Without a moment's hesitation or delay they obeyed the call, at once giving up their business to follow him wholly and for the whole time.

LULA MAE MARTIN, AGENT.

I am glad to be back at work after the holidays, and hope that this year's work will be better than last. I believe that it can, because we know each other better. I am meeting clubs regularly this month. Our year books are off the press, and I think we have one to be proud of. They will cost 15 cents each, but with what the Council will have to pay on them I think each woman can have a year book for ten cents each. The clubs can get them by calling at the office. I am taking the year books to the clubs as I meet with them, but you can get yours sooner by coming in after them.

This year we are trying to place the responsibility on the women, where it should be placed. You will grow more if you assume the responsibility that is placed upon you. I know that I will have excellent cooperation this year, as I had last year.

Our goal this year is to reach every farm home maker in the county. We can do it by every one working at the job. Let's make this a bigger and better year for home demonstration work in Deaf Smith county.

Monday-Office.
Tuesday the agent met the West-way club at the home of Mrs. P. H. Gilliland, with 10 members and three visitors present. The new demonstration for the year was presented, which is bedroom work. Everyone seemed to get an inspiration for her bedroom improvement.

Wednesday morning the agent went to Sims to meet the girls. Their demonstration is on hot beds. The afternoon was spent with the Bippus ladies.

Thursday, regular meeting day for the Summerfield club.
Friday the agent goes to West-way to meet the girls, and the afternoon will be spent visiting demonstrations.

Saturday afternoon will be spent in the office.

THE A. W. MARTIN AD IN THE BRAND

SOCIETY

Lions Club Entertains With Watch Party

The old year was bid adieu and the new year welcomed Saturday night when the Lions and their ladies enjoyed a hilarious dinner and watch party. At nine o'clock they gathered at the Presbyterian church for a delectable supper, during which music was furnished by the German Band. After the introduction of the guests, Homer Grizzle, master of ceremonies, challenged A. O. Thompson to a folding contest. It seems that for several weeks they have been vying for honors. The victory was conceded to Mr. Grizzle. Other contests were engaged in until the dessert course. Prizes were given the winners.

After dinner the party moved to the basement of the First Baptist church. Immediately partial advertisements from the Hereford Brand were passed and each Lion found a lady partner by matching pieces and completing the advertisement. Then followed the Grand March. Each guest was given a paper hat, balloon and some noise makers and instructed to make as much noise as possible. Mrs. J. C. McCracken and Prentiss Rosson were judges.

The entire evening was spent at contests and games until the entrance of Father Time, lurching along on his cane and carrying his scythe, followed by the New Year. After greeting the New Year, the party dispersed, after a very gay evening.

Attending were Messrs. and Meses. Homer Grizzle, J. C. McCracken, B. M. Whitshire, A. O. Thompson, Cliff Estes, Hubert McEntire, C. E. Acker, J. W. Witherspoon, Dave McCurdy, Jesse Stanford, R. H. Hopkins, Bill Davis, R. E. Perkins, and Messrs. Leonard Foster and Harry Rice.

Word received by C. H. Dillehay, superintendent of Hereford schools, from D. A. Shirley, registrar of West Texas State Teachers College, tells of the excellent work being done by four Hereford boys and girls who are attending college there since graduating here last spring.

It is usual for a large percentage of college freshmen to fail, but Hereford's representatives are praised for not one of them receiving even a condition, and the wish is expressed that more local students attend at Canyon. The college records show are now enrolled there.

The four freshmen referred to are Carl Spratt, Oline Ramey, Burt Alexander and Addine Hastings.

Chevrolet's public showing of its new 1933 line means a material spur to national employment and materials consumption, since this company is the largest manufacturer in the largest industry in the world. More than 85,000 people are back at work, 80,000 in the company's twenty domestic factories, 21,000 more in Fisher body plants working exclusively on Chevrolet-Fisher bodies, and more than 26,000 in dealerships throughout the nation. As many more are indirectly benefited by the announcement, through making their livelihood by building parts for the car which Chevrolet buys from independent suppliers. Chevrolet's 1933 volume totals nearly 400,000 cars and trucks with a retail value in excess of \$200,000,000. This is said to be one of the greatest contributions made by any company this year to the economic welfare of America. In the new line, now on display at dealers, is a variety of models

featuring longer wheelbase, new Fisher "No-Draft" Ventilation and many other features which the company has designed to retain for it the leadership in the industry it has enjoyed for four years out of the past six. Other features included in the new line are more power and speed in the engine, which is newly cushion-mounted; improved free wheeling, plus Synchro-Mesh transmission with Silent Second gear; a new "Starterator" that greatly simplifies starting; such safety elements as shatter-proof glass in the windshield; larger and lower bodies by Fisher, in the new "Aer-Stream" mode; three fewer controls, with really automatic features in some of them retained; an Octane Selector that insures the highest possible operating efficiency from all grades of gasoline, besides a uniform gasoline cost per mile; dash instruments of airplane type, for instant, easy reading; positive brakes; and still easier steering.

With all these, and many more, the price range continues to be mindful of the buyer's pocketbook. It has been found possible to equip the new Chevrolets with many fittings that used to be confined to cars selling at several times Chevrolet's base price. Since October first, trained former employees have been going back to work in Chevrolet's widely distributed manufacturing and assembly plants, with welcome additions to the general purchasing power, made possible by more wage money in circulation. Throughout November, the increase in employment continued to a seasonal peak to the middle of December, when concentrated operations incident to prompt dealer stocking were in full swing. More than twenty million dollars worth of the new cars were in dealers' hands when the national introduction was made.

Safety First.

A little miss of four came tearfully to her mother one morning with the complaint: "How can I button my dress when the buttons are in the back and I am in the front?"

One Solomon Missed.

I like our new apartment, but the neighbors can hear everything we say. "Well, why don't you hang a heavy tapestry on the walls? But then we couldn't hear what the neighbors say."

SPOT CASH!
 TO BE PAID ON DELIVERY

Beginning January 1st, all our accounts will be handled strictly on a spot-cash basis. That means all work must be paid for on the spot when delivery is made. If payment is not made, work will be held for the charges against it.

This step is made necessary by the extremely small margin of profit it is possible to realize on each individual order, so that should payment for a single one be missed we would lose its cost of operation, amounting to much more than the profit on a number of orders, and would soon shut down our business. Be prepared to pay your laundry bills when the work is delivered.

Laundry prices will be still further reduced on January 1st on several types of work. All Flat Work will be reduced from 8 cents to 7 cents a pound; Family Finish from 8 cents on flat and 25 cents on wearing apparel will come down to 7 cents and 18 cents a pound. Tuesday and Wednesday specials will be continued as before—15 pounds rough dry on Tuesday for \$1.00, and 15 pounds of Semi-Finish on Wednesdays for 75c.

RELATIVE PRICE CHANGES 1913 TO 1932

The above graph, except as to the item of taxes, is prepared from the records of the U. S. Department of Labor Statistics and is illuminating as to the relative price changes from 1913 to 1932.

The curve headed "Cost of Living" is a composite curve including food, clothing, rent, fuel, house furnishings, luxuries, etc. In 1920 Cost of Living prices were 115 per cent above 1913 prices, and in 1932 such costs are approximately 30 per cent above 1913 prices.

Food price is the only one that has reached the 1913 level.

It will be noted that costs of electricity have declined since 1913, and that in 1932 the average cost of electricity is 21 per cent below 1913 prices. This reduction in the cost of electric service was made possible through the construction of super power plants at strategic points and the interconnecting of communities by transmission lines. Such constructions called for large investments of capital and furnished labor to countless thousands of people.

Ward News Notes

BY MRS. W. P. CARAWAY

On account of bad roads and bad weather there has been no Sunday school the last few Sundays, but let everybody make an effort to be present next Sunday.

Sue Vaughn of Westway spent the week end with Gladys Lewis. Francis Hutson has returned to Hereford to attend school and will make her home with Mrs. Cecil Williams the rest of the term.

Ward regrets the loss of the A. S. Edwards family and also John Edwards, who have moved to the Progressive community.

G. T. Higgins has returned to his school work at Canyon after

regular term of the District Court of Deaf Smith County, to be held at the Court House thereof, in Hereford, Texas, on the 5th Monday in January, 1933, the same being the 30th day of January, 1933, then and there to answer a petition filed in said Court on the 29th day of December, 1932, in a suit numbered on the docket in said Court No. 2054, wherein Claude Tugwell is Plaintiff, and William W. Ryan, R. E. McGlachlin, L. V. Phillips, S. P. Stark, Frank G. Warren and the Monroe County Bank, a corporation, are Defendants, and said petition alleges that plaintiff is the owner in fee simple of the following described land situated in Deaf Smith County, Texas, and entitled to possession thereof, to-wit: All the N. W. 1/4 of Survey or Section, number 16, Township 2 North of Range 4, East of a Capitol Syndicate subdivision as shown by a plat thereof, of record in the Deed Records of Deaf Smith County, Texas.

That on or about December 1, 1932, plaintiff was in possession of said lands and entitled to possession thereof, but that defendants, on or about said date, unlawfully entered upon said lands and dispossessed plaintiff thereof, and now withhold possession thereof from plaintiff.

That the Capitol Free Hold Land and Investment Co., Ltd., is common source of plaintiff's and defendants' title.

That plaintiff deranged his title from said Company through Deed of Conveyance from said Company to defendant Stark; Deed from defendant Stark, to R. E. McGlachlin;

each and all of said notes secured by said Deed of Trust, recited in said Deeds, have been paid off and satisfied, but that neither the said Deed of Trust Lien nor the Vendor's Lien, by reason of said assumption have been released and they create clouds on plaintiff's title to said land.

That the Deed of Conveyance of said land, by defendant Stark, and wife, to defendant McGlachlin recites that the defendant Stark assume the payment of five notes, each for the sum of \$170.00; That the Deed of Conveyance from the defendant McGlachlin, and wife, to defendant Warren recites that Warren assumed payment of five notes for \$170.00; That the Deed of Conveyance from defendant Phillips to said Tyler recites that Tyler assume payment of a note for \$275.00.

That neither of said Deeds recite to whom said notes are payable or who is the owner or owners or holder thereof, and plaintiff does not know who owns or holds either of said notes, but that

Deed from said McGlachlin and wife, Grace McGlachlin, to Frank G. Warren; Deed from Frank G. Warren and wife, Sarah F. Warren, to defendant Bank; Deed from said defendant Bank to defendant Warren; Deed from defendant Warren to Ralph Barnett; Deed from Ralph Barnett to L. V. Phillips; Deed from said defendant Phillips and wife, Ida L. Phillips, to C. M. Tyler; Deed from C. M. Tyler and wife, Annie E. Tyler, to C. G. Brooks; Deed from C. G. Brooks and wife, Maggie Brooks, to plaintiff.

That on December 11, 1908, Defendant Stark executed Deed of Trust on said land to defendant William W. Ryan, as trustee, to secure two notes aggregating \$550.00, executed by defendant Stark to the Associated Land Company, and that said Deed of Trust provided that when said notes were paid, said trustee would and should release said land.

That the Deed of Conveyance of said land, by defendant Stark, and wife, to defendant McGlachlin recites that the defendant Stark assume the payment of five notes, each for the sum of \$170.00; That the Deed of Conveyance from the defendant McGlachlin, and wife, to defendant Warren recites that Warren assumed payment of five notes for \$170.00; That the Deed of Conveyance from defendant Phillips to said Tyler recites that Tyler assume payment of a note for \$275.00.

That neither of said Deeds recite to whom said notes are payable or who is the owner or owners or holder thereof, and plaintiff does not know who owns or holds either of said notes, but that

Deed of Trust and said assumption of the payments of said indebtedness.

Herein fall not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in the City of Hereford this, the 28th day of December, 1932.

(Seal) L. H. Foster, Clerk. District Court, Deaf Smith County, Texas.

freely as to the situation in Hereford. Among other things said was this from the Canyon News: "As an incorporated town, our neighbor, Hereford, is yet in her swaddling clothes, yet there is already a move on foot on the part of some of her citizens to abolish it. An election for this purpose has been ordered for June 6, and when that day closes Hereford will announce to the world either her purpose to remain as she is—a progressive, healthful town—or that, like the gourd vine, which covered the Prophet Jonah, she is withered, and like other mushroom growths of the prairie, has had her day."

According to the editor, no higher tax than 65 cents on the \$100 valuation could then be assessed. That argument was used, and was compared to the then existing assessment of state and county, \$1.00 2-3 per \$100.

Said one prominent citizen: "If the corporation is annulled, I am through donating for public improvements, as I am tired of being one of a certain few to put up all the cash for these purposes. With incorporation everybody will be donating their just share for public improvements and we will be enabled to have more and better improvements than under the method of private subscription, whereby a few do all the paying." Alas! The faithful were not enough. After a day of feverish activity and electioneering the votes were counted, and it was found that the incorporation was annulled—84 having voted for discontinuance and 41 for continuance.

It was a bitter blow to the advocates of incorporation, but they bowed to the will of so emphatic a majority. Not dismayed, they began to lay plans for the future, and the fact that our first mayor, Ross W. Davis, has been followed in order by the following mayors is evidence that their fight was a good one. The second mayor elected was L. Gough; S. B. Edwards, third; J. H. Head; fourth, William M. Knight; fifth, Edgar S. Ireland, sixth, and Epaphnetus Bushrod Black is the seventh and present chief officer of Hereford.

If at all possible, some future article will be used to bridge the gap occurring between the abolishment of incorporation and its re-establishment, and with the help of Mr. Parker, this will be straightened out and explained.

St. Anthony's Church.

The young ladies at St. Anthony's began the New Year by reorganizing the Sodality of the Blessed Virgin Mary. At the meeting held in the rectory in the afternoon Sunday, January 1, the following officers were elected: Adeline Koelzer, chairman; Marie Schumacher, prefect; Aurelia Flynn, assistant. Under the leadership of the newly elected officers it was voted that a reception of new members into the Sodality take place next Sunday afternoon.

An announcement has been made which we are confident will be a source of joy to all: On the first Friday of each month, a day especially set apart to honor the loving Heart of our Divine Saviour, a Holy Hour will be observed at St. Anthony's church from 3:00 to 4:00 in the afternoon. We know that all the parishioners and many friends outside the parish will eagerly embrace this opportunity of showing honor to Christ the King, enthroned upon His altar. And, needless to say, those who thus come to make a loving reparation to our Saviour, will find themselves in turn so loved and comforted and fortified to take up anew the battle of life for the loving heart of our God is not outdone in generosity.

Haines, Madge Evans, Conrad Nagel and Cliff Edwards are important parts in the entertaining features of the play.

The Sunday following will show Marie Dressler and Polly Moran in another of their tremendous hits, "Prosperity". A number of Hereford citizens have seen this picture in larger cities and unanimously pronounce it the best these two have ever made.

Resolutions of Respect.

In the sudden death of our friend and brother, A. M. Jones, the First Christian Church of Hereford suffered an irreparable loss; and in view of the fact that Bro. Jones was an elder in the church for many years, and one-time chairman of its official board; and in view of the fact that he was, and had been for some time, superintendent of the church school; and in view of the fact that his unflinching interest, zeal and efficiency made him an invaluable asset not only to the church which he loved and served, but to the Cause of Christ throughout the entire community;

And because of the deep sense of loss now resting upon us, and because, with hearts bowed down, we sympathize with his sorrowing family; and whereas, he was not only a Comrade in Christ, and brother beloved in the Lord, to many of us, but a close dear friend as well; and, since we shall never again in this life enjoy the inspiration of his physical presence and the uplifting power of his spirit, we will enshrine his memory in our hearts, and we will think of him as having ascended to greater heights than he ever attained in this life; and because of these things we desire to express publicly this tribute of esteem and to express openly our condolence to his grieving family.

Adopted by the Board of Officers of the First Christian Church, Hereford, Texas, January 1, 1933, as a tribute to our lamented brother.

On Texas Farms

By W. H. Darrow, Extension Service Editor.

Not one cent has been spent for groceries for two months by Mrs. John Rasberry, garden demonstrator of the New Salem Home Demonstration club in Falls county. She says most of their groceries are in cans on the pantry shelves; and additional products needed are provided by swapping potatoes for them.

With a garden of 27 varieties, Ruth Cain, Indian Rock 4-H club girl in Upshur county, provided 4,450 pounds of fresh vegetable for the family and 157 containers of canned food. The garden cost just \$12.50.

Thirty McLennan county farmers built trench silos this year and have found the ensilage the best substitute for grass, the county agent reports. T. C. Westbrook, who built the first concrete silo in the county 20 years ago at a cost of \$900, built a trench silo of the same capacity this year at a cost of \$17.50.

Raymond Browns in Titus county, Master Farmer, and demonstrator working with the county agent, has doubled the production of his land in the last five years by terracing, crop rotation and planting wilt-resistant cotton.

Of the 50 San Saba county 4-H club-baby-bees weighed in November, 22 showed average grins of a little more than 2 1/2 pounds per day, made on an average of 2 pounds of grain.
