Big Spring, Texas, Friday, January 13, 1928

By T. E. Jordan

HONOR ROLL OF FEDERATION CLUBHOUSE.

Following is a list of names that appear on the honor roll of the Federation Clubhouse, that is to be erected on the southwest corner of the Courthouse Square. New names continue to be added daily, and more are still wanted. If you would like to have your name on the honor roll, please Mrs. C. W. Cunningham, or any of the other Federation women, and they will appreciate it. If any name is omitted on this list, that should be on it, is unintentional, and will be placed there, just as soon as attention is called to same. These are the 110 names:

Mrs. H. De Vries, Mrs. J. M. Moran, Mrs. J. I. McDowell, Mrs. C. W. Cunningham, Mrs. F. F. Gary, Mrs. W. Fisher, Mrs. J. D. Biles, Mrs. J. O. Bostine, Mrs. L. L. Freeman, Mrs. H. McNew, Mrs. A. M. Ripps, Mrs. Jess Slaughter, Mrs. Victor Wellington, Mrs. Max Jacobs, Mrs. C. Douglas, Mrs. C. K. Bivings, Mrs. Nell Hatch, Mrs. Frank Ross, Mrs. C. S. Holmes, Mrs. W. P. Edwards, Mrs. Wm. Fisher, Mrs. R. Matthews, Mrs. L. S. McDowell, Mrs. Sam Hall, Mrs. Gertrude McStyre, Mrs. Chas. Eberly, Mrs. J. Fisher, Mrs. J. J. Bair, Mrs. Walter Pike, Mrs. Bob Austin, Mrs. Marion Edwards, Mrs. Ben Miller, Mrs. Mabel Quinn, Mrs. Clay Reed, Mrs. W. A. Earnest, Mrs. T. S. Currier, Mrs. Etta Middleton, Mrs. John Parks, Mrs. Agnes Young of Toyah, Mrs. Vid Van Gleason of Toyah, Mrs. H. Morrison, Mrs. J. G. Carter, Mrs. H. W. Taylor, Mrs. A. C. Walker, Mrs. Harvey Rix, Mrs. Chas. Morris, Mrs. Leslie Thomas, Mrs. G. Brown, Mrs. P. G. Stokes of Slaton, Mrs. C. D. Baxley, Mrs. J. R. Copeland, Mrs. Shilna Phillips, Mrs. L. T. Piner, Mrs. A. E. Pistole, Mrs. L. Wilke, Mrs. N. W. McClosky, Mrs. A. M. Fisher, Miss Jennie Jordan, Mrs. Harry Lester, Mrs. Dora Roberts, Mrs. W. R. Settles, Mrs. Chas. Busey, Mrs. Harry Lees, Mrs. Ike Williamson, Mrs. B. Reagan, Mrs. O. E. Wolfe, Mrs. H. D. Hillard, Mrs. W. Y. Smith, Mrs. James Little, Mrs. C. T. Watson, Mrs. Slover, Mrs. Gordon Phillips, Mrs. Fred Phillips, Mrs. E. O. Ellington, Mrs. E. Whelan, Mrs. W. A. Ricker, Mrs. M. H. Bennett, Mrs. Eddie Price, Mrs. C. E. Talbot, Mrs. G. B. Cunningham, Mrs. R. C. Strain, Mrs. W. N. Paulson, Mrs. Chas. Yarnell, Mrs. C. Hut, Mrs. Chas. Dublin, Mrs. Fox Stripling, Miss Spencer Leatherwood, Mrs. W. R. Purser, Mrs. J. D. Pusey, Mrs. Sam Elson, Mrs. Bob Cuhanka, Mrs. J. B. Pickle, Mrs. Das Pickle, Mrs. W. D. McDonald, Mrs. Wm. Cushing, Miss Dittie Gilluly, Mrs. J. L. Thomas, Mrs. Fred Keating, Mrs. W. C. Barnett, Mrs. A. B. Trae, Mrs. Arthur Woodall, Mrs. J. O. Tamatt, Mrs. Jay Johnson, Mrs. W. B. Hardy, Mrs. B. O. Jones, Mrs. R. J. Compton, Mrs. Victor Martin, Mrs. Fred Stephens, Mrs. Lawrence Simpson, Miss Jennie Bell of San Francisco, California, Mrs. W. W. Inkman, Miss Fyrl Bradshaw, Mrs. A. G. Hall, Mrs. W. A. Gilmour, Mrs. E. H. Hoppel, Mrs. Jack Wilcox, Mrs. Guy C. Brown of Waco, Mrs. Kirby Miller, Mrs. W. R. Dawes, Mrs. S. Patterson, and Mrs. Lindsey Marchbanks.

MR. AND MRS. G. L. WILKE DELIGHTFULLY ENTERTAIN

The first notes of springtime were sounded in the details of the bridge luncheon given last Friday evening, with Mr. and Mrs. G. L. Wilke delightfully entertaining friends in their home on South Gregg street. Cut flowers artistically arranged in vases, gave pretty adornment to the attractively laid tables and other floral effects were carried out in the tallies, and bridge appointments. Guests were seated around the bridge tables, and served a delectable luncheon, consisting of Fruit cocktail, "Wild Turkey" dressing, creamed peas in potato nests, spinach, tomato salad, hot rolls, olives, individual caramel pie and coffee. Following the meal, bridge accessories were placed on the tables, and the guests found diversion in several interesting games of bridge. In the play high score among the men was won by Steve Ford, and Mrs. Hub Everett made high among the ladies. Mr. Wilke was the successful in downsing the wild turkey that occasioned this delightful party, and those feasting on same were: Mr. and Mrs. Fred Phillips, Mr. and Mrs. Steve Ford, Mr. and Mrs. Lib Coffee, Mr. and Mrs. L. F. Croft, Mr. and Mrs. V. H. Flewallen, Mr. and Mrs. Albert Fisher, Mr. and Mrs. Fred Stephens, Mr. and Mrs. Bob Austin, Mr. and Mrs. S. H. Parsons, Mrs. Tom Wood of Nowata, Oklahoma, Mr. Taylor of San Antonio, Mrs. Shilna Phillips, Mrs. Elmer Craven, Mrs. Hobb Everett, and Mrs. Homer McNew.

BUFFET SUPPER GIVEN FOR S. S. TEACHERS

Complimenting the Sunday school teachers of St. Mary's Episcopal Church, Mrs. F. H. Stedman delightfully entertained with a buffet supper on Sunday evening at the Episcopal rectory. From a beautifully appointed dining table and buffet the guests were served a delectable meal, consisting of meat loaf, cold sliced tongue, scalloped combination salad, hot rolls, jelly, fruit cake, individual chocolate cakes, hot cake, coffee and stuffed dates. They were seated at small tables, attractively set for the meal with pretty linens and silver. Following the supper a short business session was held at which time W. R. Scott Jr., Sunday school superintendent, discussed the Sunday school work, and made plans for the future, giving the teachers some practical suggestions. The teachers enjoying Mrs. Stedman's hospitality were: Mrs. Shilna Phillips, and Misses Helen Hayden, Olive Ruth Bird, Reta Winslow, Edith Stedman, Alice Hayes, and W. R. Scott Jr. Mrs. W. A. Gilmour who is also a Sunday school teacher, was unable to attend the buffet supper.

SUSANA WESLEY CLASS MET WEDNESDAY AFTERNOON

The members of the Susana Wesley class of the First Methodist Church met in regular business and social session on last Wednesday afternoon in the parlors of the church. Hostesses of the afternoon were Mrs. J. A. Myers, Mrs. Arthur Woodall and Mrs. W. Clifton. Mrs. W. N. Paulsen president of the class presided during the business meeting. A drawing contest was held in which the members each drew for their "Love Mate." The identity of each one is kept secret until the end of the six months then revealed and new ones are drawn. Each member is expected to be kind and thoughtful of her love mate during the six months and to be especially good to her. During the social hour the members enjoyed delicious refreshments served in a dainty manner by the hostesses.

1928 BRIDGE CLUB

GUESTS OF MISS ZOU HARDY Miss Zou Hardy delightfully entertained the members of the 1928 Bridge Club, on Tuesday afternoon, this being the initial meeting of the New Year. Four tables of players were guests, and found interest in the card games of the afternoon. At counting time, when scores were compared, high honor among the club members went to Mrs. Chas. Dublin, and Mrs. Ilie Hatch made visitors high score. Salads and loaf were served at the refreshment hour. Mrs. Tom Helton of Parsons, Kansas, was an out of town guest.

HARVE DUNAGAN AND MISS UNA CASTLE WEDDED SUNDAY

Just as the sun began to light the cliffs with gold and shed its beams upon a sleeping world and bring another golden day — the Lord's Day, Mr. H. L. Dunagan and Miss Una V. Castle both of Big Spring, were solemnly united in the sacred bonds of matrimony.

Bro. J. D. Boren, minister of the Church of Christ performed the ceremony, picturing to the couple from the pages of Divine History the beauty and grandeur of companionship, the sacredness of the home and the paramount value and place of the Bible. That it should be a lamp unto their feet and light unto their pathway.

In the garden of delights, with the bliss of new-made elements everywhere unmarred as yet, surrounded by the tree of life, blooming ambrosial fruit of vegetable gold, beautiful flowers that laden the gentle zephyrs with odoriferous incense, that verdant world spangled with the bright colors of roses, in which grew no thorn and thistle, the devil associated with mother Eve. We know the disastrous results. It was the foul fermentation of evil in the gentle side of innocence. It was putrefaction started upon the spotless character and soul of that ineffable creature made of Adam's rib. Thus you see how that both the bride and groom should keep "Themselves unspotted from the world."

This couple is well known in Big Spring, both having made their homes in Howard county for some time. The bride is the daughter of Mr. and Mrs. J. D. Castle, and a sister of Mrs. James Campbell of this city. Mr. Dunagan is the son of H. D. Dunagan of the Elbow community, and is one of our best young citizens. They are both Christians.

Following the ceremony, the happy couple left for a trip to San Angelo, Christian and other points south, and after a week's visit they will return to make their home here. Their many friends trust their every pulsation shall be one of joy and happiness fanned by the gentle breeze of prosperity and kept by the power of God's word permeating their hearts and lives.

MARRIAGE OF PAT BUCHANAN AND MISS PRINGLE ANNOUNCED

Friends in this city were agreeably surprised to learn of the marriage of Pat Buchanan of this city and Miss Elizabeth Pringle daughter of Mr. and Mrs. Bert Pringle of Dallas. The wedding ceremony was performed in Big Spring on Nov. 17, while the bride with her parents were visiting Mr. and Mrs. F. P. Gary and family, but was kept secret until recently. Mrs. Buchanan arrived in this city Wednesday from Dallas to join her husband and they will be at home to their many friends in this city at the Leland Stone apartment on Tenth street. The groom is the son of Mr. and Mrs. W. B. Buchanan of this city and is an estimable young man. He received his education in the Big Spring public schools, where he was a popular student. At present he is clerk in the general foreman's office of the T. & P. Railway.

DELIGHTFUL SHOWER FOR RECENT BRIDE

Mrs. Homer E. Whitehead, a recent bride, was the honoree at a delightfully planned shower last Friday afternoon when Mrs. Paul Corcoran and Mrs. John Corcoran entertained in her honor at the home of Mrs. Paul Corcoran. Mrs. Whitehead was Miss Marie Larson, daughter of Mr. and Mrs. C. E. Larson, until her recent marriage. After the guests assembled at the home the honoree was presented with an array of beautiful gifts taken from a beautifully decorated Christmas tree. A delicious plate luncheon was an added pleasure to this happy affair.

MRS. L. S. McDOWELL GIVES MUSICAL TO CLUB MEMBERS

Members of the Delphian Chapter and Hyperion Club of the city were entertained in the home of Mrs. L. S. McDowell on Saturday, December 31st, with a musical. Compositions of such music masters as Mozart, Bach, Handel and Beethoven were heard, the piano rolls being used. Following the musical program, delicious refreshments were served.

JUNIOR HIGH P. T. A. WILL MEET TUESDAY

The members of the Junior High P. T. A. are requested to attend the regular meeting of the association to be held at the Junior High School, next Tuesday afternoon, January 17th, at 3 o'clock. Business will be discussed and the following program will be given: A paper on "Thrift" — Mrs. Fox Stripling. Reading. A paper on Benjamin Franklin — Mrs. Chas. Kobers. Reading. All members are urged to attend. Visitors are welcome.

MISS VELMA WASSON AND A. S. BARNETT WED

Mr. and Mrs. A. L. Wasson have announced the marriage of their daughter, Velma, to Albert Stanton Barnett of Dallas. The wedding took place Thursday evening at the home of the Reverend Hubert A. Allen, pastor of the Methodist church, and only the members of the immediate families were present. The bride wore a midnight blue accordin-pleated frock with white trimmings, and accessories to match. Her flowers were orchids and orange blossoms.

Following the ceremony, a dinner and reception was held in their honor at the home of the groom's parents in Dallas. The beautiful wedding gifts of silver, and other things were on display during this time. The bride has made her home in Big Spring for several years, where she has many friends, who wish her every success and happiness. The groom is general manager of the Major Clevor Cotton Exchange in the United States. These cotton brokers have offices in Liverpool, England, Birmingham, Alabama, and other points, and Mr. Barnett is general manager of the offices in the United States. The happy couple will make their home in Dallas.

SOCIAL SERVICE MEETING OF MISSIONARY SOCIETY

The Social Service meeting of the Missionary Society of the First Methodist church will be held at the church, at 3 o'clock, Monday afternoon. An interesting program is being arranged, and all of the members are urged to be present.

PARCEL POST SALE FOR BENEFIT OF P. T. A.

A parcel post sale will be held at the South Ward school at 3 o'clock, Friday afternoon, January 27th. The proceeds from the sale go to South Ward, the sale being sponsored by members of the Parcel Post Teachers Association. Everyone is invited to attend this sale. Light refreshments will be served.

DISTRICT DEPUTY TO PAY OFFICIAL VISIT TO O. E. S.

District Deputy Grand Matron, Mrs. Clessie Baggett, will pay her official visit to the Eastern Star chapter, in Big Spring, next Tuesday evening, January 17th, at 7:30 o'clock. Every member of the local chapter is urged to be present, Tuesday evening. All visiting Eastern Star members are invited to be present.

NOTES FROM GIDEON BAND Boys' Class

First Christian Sunday School New Year's day was the coldest day this winter, but seven of our members began the New Year by braving the cold, so we have their names on our honor roll, as follows: J. W. Phillips, James Stiff, Charles Bussey Jr., Harry Rogers, Arlie B. Martin, Vere Hartman, Marvin Martin. Visitors from another boys' class were, Don Yarbrough, Gene Link, and Walter Butler. Friday, Jan. 6th the class met at home of teacher for a business meeting, with the president Charles Bussey, as chairman.

TRIANGLE BRIDGE CLUB GUESTS OF MRS. PITMAN

Mrs. W. B. Hardy was successful in making high score among the club members of the Triangle Bridge Club, at which time they were delightfully entertained in the lovely new home of Mrs. Omar Pitman in Fairview Heights, on Wednesday afternoon. In a pretty setting, three tables were arranged for the bridge play, with attractive tallies, score pads, and markers appointing the tables. Mrs. James Crawford made visitors high score. Dainty linen luncheon covers were spread at the refreshment hour, and a tempting plate luncheon was served to the twelve guests.

I-DEAL BRIDGE CLUB GUESTS OF MRS. FRED PHILIPS

Mrs. J. Fred Phillips charmingly entertained the members of the I-Deal Bridge Club on Wednesday afternoon, having as guests three tables of players. Around attractively appointed tables, the guests found interest in the series of afternoon card games, and at the conclusion of the play, high score honor among the club members went to Mrs. Ashley Williams. Mrs. H. G. Whitney made visitors high score. Unusually delicious refreshments in two courses, were served in a dainty manner at the tea hour.

G. R. A. MEETING TO BE HELD NEXT THURSDAY

All members are requested to take notice of the G. R. A. meeting to be held in the W. O. W. Hall next Thursday afternoon, January 18th, at 3 o'clock. A good crowd is expected to be in attendance. Members are requested to be present. Visitors are welcome.

W. M. Hastings returned Friday from a visit with his daughter, Mrs. C. H. Arrington, at Granbury in Hood county.

HOME GARDEN FLOWER CLUB MET WEDNESDAY AFT.

The Home Garden Flower Club met in regular business session at the court house on Wednesday afternoon, Jan. 11. Mrs. J. M. Morgan presiding, the roll was called and minutes of the last meeting were read. 11 were present.

Mrs. L. S. McDowell was elected press reporter and Miss Marian McDowell secretary and treasurer. It was voted to assess each member dues of \$25 a year. The club will meet on the second Wednesday of each month. A plant exchange day will be announced, also definite plans will be made for a spring flower show.

The magazines, "Better Homes and Gardens," at \$60 a year, "Holland's Magazine," were recommended to members of club. Mrs. Morgan gave a talk on roses the kinds to plant and how to plant them. Some roses adapted to this climate are: "American Beauty," "Pink and Red Radiance," "La France," "Luxembourg," "Madame Butterfly," "Lady Hillingdon," "Columbia."

The rose bed should be dug deep and fertilized well in the fall. Roses should be watered thoroughly once or twice a week. They should be pruned early in the spring. Other flowers discussed:

1. Chrysanthemums should have a deep, rich soil, transplanted every two years.
2. Camellias make a fine background. Yellow and red varieties especially hardy.
3. Geraniums easily rooted from cuttings.
4. Bulbs recommended: 1. Amaryllis, pink and red; 2. milk and wine lily.
5. Philox, perennial peas, sweet peas, bluebonnets, lark spur, can be started from seed sown in fall or early spring.
6. Japanese four o'clocks, height five feet.

Suggestions for flower beds: lark spur, sindeca, shaasta daisy. Shady places on north side. Parosias, violets, geraniums.

MODERN WOODMEN TO CELEBRATE 45th ANNIVERSARY

The 45th anniversary of the Modern Woodmen of America will be celebrated next Wednesday night, January 18th, in the Woodmen Hall. At this time, the members having birthdays in January will also celebrate their anniversaries. Every member and visiting member is invited and urged to be present at the celebration.

HIGH SCHOOL P. T. A. MEET JANUARY 20th

The January meeting of the High School P. T. A. will be held in the High School Auditorium, Friday afternoon, January 20th, at 3 o'clock. No program is being planned, but important business is coming up for discussion. It is earnestly requested that every member and friends of the Association be present. A large membership is expected.

CITIZENS BUY BLOCK OF LAND FOR SCHOOL PROPERTY

The citizens of the Jones Addition, are alive and wide awake. They have civic pride, and are doing many things for the improvement of their district. Recently they waged a campaign to improve and clean up all of the property in Jones Addition, and each property owner was requested to give his holdings attention. The place took on a new appearance, and now this addition can be looked upon with pride. The people living in this part of town is to be commended. Citizens who are prepared to betterment program are to be commended.

Now they have taken another big step that will be the biggest asset to the Jones Addition. The citizens and property owners have bought a block of land from Mr. Howell and have donated it to the Independent School District, for a new ward school. This property is centrally located and ideally situated for a school. The citizens have bought and paid for this land and now they want a school, and rightfully deserve one.

Judge Frits R. Smith, district judge, and George H. Mahon, district attorney of Colorado, were business visitors in Big Spring, Thursday.

Help us grow. Collins Bros., Druggists.

CIVIL SUIT TO FOLLOW

DEATH OF MEXICANS

Actual damages of \$25,000 and exemplary damages of \$150,000 for the deaths of Hilario Nunez and Norberto Diaz and the serious wounding of Victor Ramos, all Mexicans nationals, will be asked for in a civil suit to be filed shortly, Mexican Consul R. Cantis Lara announced here (Dallas) last Wednesday.

The Texas Bankers' Association, as sponsor for the \$5,000 reward for "dead bank bandits," will doubtless be made a party to the suit in the plaintiff's petition, Mr. Lara said. Mr. Lara has just returned from San Antonio, where the Consul General for Mexico is in touch with the situation resulting from the death of the two Mexicans at Stanton, Martin County, two days before Christmas.

Mr. Lara refused to discuss further details of the preparation of the suit, except to say that when filed it will be in behalf of the families of the slain Mexicans.

"I am certain the Consul General at San Antonio," said Mr. Lara, "is willing for me to say that our Government is satisfied with the steps already taken by the civil authorities of Texas to deal with the criminal aspects of this situation. If there are any, Gov. Dan Moody has announced that special prosecution will be ratcheted in the trial of C. C. Hase, Glascock County deputy sheriff, and Lee Smith of Wink, who are charged with murder. We have every confidence that justice will be done.

"The sums being discussed at this time are \$10,000 damages for the death of each of the two men killed. This is twice the amount of the offer made by the Texas State Bankers' Association for each dead bank bandit. We are not in a position to argue as to the cash value of a dead bank bandit, nor to discuss the ethics of such a legal procedure. A sum of \$10,000 for each life is, in my opinion, a modest request. The other \$5,000 in actual damages will be asked, I assume, for the injuries received by Victor Ramos.

"Regarding the matter of exemplary damages, I am informed that such a request is being made as a protest against the form of the bankers' reward," continued Mr. Lara. Dallas News.

ASK ME ANOTHER

1. Where is the National Leper Colony located? (C. M. Watt).
2. Does the failure of a vaccination to "take," indicate immunity against smallpox? (J. A. C. LaGrange).
3. After exposure to smallpox, is it worth while to be vaccinated? (J. A. C. LaGrange).
4. What is the length of time between exposure to smallpox and development of the disease? (J. A. C. LaGrange).
5. Is it harmful to the hair to bleach it with hydrogen peroxide? (Girl Reader, Henderson).
6. Is there any preparation which will prevent blond hair from getting darker as the person gets older? (Girl Reader, Henderson).

ANSWERS

1. The National Leper Colony is located at Carville, Louisiana, and lepers from all parts of the United States are confined and treated there.
2. The failure of a vaccination to "take" does not indicate that the person is immune against smallpox. Every person should be successfully vaccinated against this disease.
3. Successful vaccination performed on the day of exposure will almost always give protection against the smallpox attack, and vaccination even a few days preceding the attack will at least make the attack milder.
4. The incubation period of smallpox from effective exposure to onset is usually eight to eighteen days, tending to be longer with the milder strains.
5. Hydrogen peroxide when used as a bleaching agent has no harmful effects upon the hair. Some authorities believe that constant bleaching with hydrogen peroxide retards hair growth, but this has not been scientifically proven.
6. There is no preparation which will prevent blond hair from changing color as the person grows older.

There is, perhaps, not yet a full realization by farm women that failure to play means that work becomes drudgery, and that failure to rest means that work becomes forced and of poor quality. No one needs a vacation away from home more than does a housekeeper.

RADIO TROUBLES

If you are having trouble with your radio, phone 121 or 122. Seth H. Parsons. 17-4f

HOMES OF EARTH

Earth has been used for building dwellings and other structures for many centuries. One method of use, superior to others and which was known and used by the Romans, is being revived for modern buildings. The method consists of ramming slightly moist earth, without the addition of straw or other material, between movable forms, and is known by its French name "pise de terre" which means "rammed earth." Rammed earth is a reliable building material when properly handled and is admirably adapted to buildings on farms, especially if suitable earth is at hand. Where it is difficult to obtain other building materials such as are commonly used for farm structures, earth may be a successful substitute because it is already on the building site. A suitable soil consists of a mixture of clay and sand. Earth that forms into clods when dug will likely prove suitable. Earth of the proper kind, tamped hard in forms like those used for concrete construction will make very desirable walls, possessing excellent insulating qualities. Such walls have been known to stand for a hundred years or more. Instructions for "rammed earth" construction can be obtained from the U. S. Department of Agriculture.

Festus Heffernan who has been in the hospital the past three weeks, having undergone an operation for appendicitis was able to be up town the latter part of last week, and is again on duty in Dr. G. T. Hall's office.

LOWER ELECTRIC AND ICE PRICES PROMISED

The proposed municipal light plant was discussed at a meeting at the city hall Tuesday night when the committee recently appointed and various citizens met to hear statements from representatives of the Texas Electric Service Co., who presented facts relative to the Colorado business of the company and told the citizens that rate reductions would be made in accordance with the business here. Their schedule as presented showed a voluntary reduction in rates here due for this year, which is in addition to the reduction made last fall. A reduction in ice prices was also announced. These company officials stated the reductions were made possible by an increase in business and the cutting down of plant expense. Colorado Record.

DOROTHY GRAY, ONE OF THE FINEST TOILET LINES IN THE WORLD. CUNNINGHAM AND PHILIPS.

Mr. and Mrs. J. J. McElreath and daughter Miss Ada, and son Jesse, returned Saturday from Galveston where they spent the holidays. This was Mr. McElreath's first visit to his old home in 21 years and of course he enjoyed seeing old friends and renewing old acquaintances.

Parallel parking should be adopted for the narrow business streets. When trucks head into the curb, a big portion of the street is put out of commission. Loaded trucks will continue to prove a danger unless forced to park parallel to the curb.

Mr. and Mrs. Elmer Cravens are having a five room residence with bath and breakfast room erected on their property at 1800 Main. The house will be brick veneer and work on same is well underway.

Misses Mary and Rose Morgan after spending the holidays in this city with their parents, Mr. and Mrs. J. M. Morgan, returned to Dallas Sunday night.

ABOUT QUALITY OF GAS
The editor of the Herald does not know much about gas as a fuel, so giving some information relative to the same which F. A. Hornaday, head of the Big Spring Public Service, sends to the Herald in a letter from San Antonio.

San Antonio, Texas, Jan. 4, 1928.
E. Jordan, Editor.
Spring Herald.

Sir:
I have just received a copy of your paper of December 30, and am much interested in the article "Gas To Be of Very Best Quality" and enjoyed your reply to the "rumor monger."

I did not know that an occasional storm, along with its other greasable qualities, had brought your good city a "rumor monger" who states about "wet gas" and he probably does not know what wet means. It probably backed by motives and not with the right of benefiting Big Spring; my faith in Howard County the quality, the supply, and the future of Big Spring, I am willing with the expenditure of approximately a quarter of a million dollars.

What I know about natural gas is recorded in a very small space and what I don't know about could probably fill several pages but for the "rumor monger" information, I do happen to know what the term "wet gas" means. It means gas that has a high content of gasoline per foot. For the information of those who care, a very large percentage of the natural gas consumed in Arkansas, Kansas, Louisiana, Oklahoma, and Texas is "wet gas," that deal of it having the gasoline extracted before it is delivered to the pipe lines and which does depreciate the value of its for because the extraction of the gas does not take enough heat to amount to anything nor the gasoline being left in the gas in any way interfere with the heating of it nor does it add to the heat units to materially increase its value.

F. A. HORNADAY.

PAVING NEEDS ATTENTION
I don't know much about paving, and one thousand dollars is a very important proposition but we would like for the City to consult engineers as to repairing the paving put in the business district last year.

There are mighty bad looking crevices making their appearances and they should be given attention. There should be some material applied to seal these breaks. It is not going to help this paving if water is permitted to seep under and undermine it. A little more money might save an expensive bill later.

IT DRIVES OUT WORMS
The best sign of worms in children is lack of interest in play, fretfulness, irritable appetite, picking at the corners of the mouth, and when symptoms appear it is time to give them a course of Vermifuge. A few doses of the worm and puts the little one on the road to health again. White's Vermifuge has a record of fifty successful uses. Price 50c. Sold by CUNNINGHAM & PHILLIPS.

RED BED AT EACH STATION
St. Louis-San Francisco Railroad has appointed a florist, whose duty shall be to direct an extensive program of beautification of the property. "A Flower Bed at Each Station" will be his slogan.

Our Future
We never know for what God is preparing us in His schools; for what work on earth, for what work in the hereafter. Our business is to do our work well in the present place, whatever that may be.—Christian Exposition.

Learn Secret of Prayer
We need to learn the secret of important prayer that takes hold of God's promise and refuses to let go until the blessing comes.—Thurber's.

LESSON TEXT—Mark 2:1-17.
GOLDEN TEXT—I came not to call the righteous, but sinners to repentance.

PRIMARY TOPIC—Jesus Forgives a Sinner.
JUNIOR TOPIC—Jesus Heals and Forgives.
INTERMEDIATE AND SENIOR TOPIC—Jesus Shows His Sympathy and Power.
YOUNG PEOPLE AND ADULT TOPIC—Jesus' Power to Make Whole.

I. Jesus Preaching the Word (vv. 1, 2).
1. The surging crowd (v. 2).
So great was the crowd gathered about the house where Jesus was stopping, that there was no room to receive them. As soon as it was noised about that Jesus was in the house, the multitudes gathered.

2. What Jesus preached unto them (v. 2).
He preached unto them the Word of God. He always preached the Word before He wrought miracles, for to make known the will of God was His supreme mission. Miracles were not an end in themselves, but to authenticate His work. The people came, some to be healed, and some out of curiosity. He gave them that which they needed, regardless of the motive which actuated their coming.
II. Jesus Forgiving Sins (vv. 3-5).
The man brought to Him was suffering from the dread disease of palsy, but his most deadly affliction was that of sin. This miracle was wrought by Jesus in confirmation of His message.

I. Faith coming to Jesus (v. 3).
The actuating impulse of the palsied man and the four friends who carried him was faith.

2. Faith overcoming difficulties (v. 4).
Though prevented by the crowd from coming to Jesus, they ascended the outer stairway and let the afflicted man down through the roof.

3. Faith rewarded (v. 5).
No word was uttered either by the paralytic or his bearers. Their action was enough. The paralytic got more than he expected. He desired healing of the body and he got bodily healing plus forgiveness of sins.

III. Jesus Answering the Scribes (vv. 6-10).

1. Their objections (vv. 6, 7). They asked:
(1) Why does He thus speak? (2) Who can forgive sins?
They were entirely right in their reasonings that only God can forgive sins. Their blunder was in not perceiving Him to be God.

2. Jesus' answer (vv. 8-10).
He knew their inner thoughts and reasonings and manifested unto them His essential deity in that He had power to know their thoughts. He inquired, "Which is easier to say, thy sins be forgiven thee, or to say, arise and take up thy bed and walk? But that ye may know that the Son of man hath power on earth to forgive sins, I say unto thee, Arise, and take up thy bed, and go thy way into thine house." He was willing that His power in the invisible realm should be tested by His power in the visible.

IV. Jesus Healing the Paralytic (vv. 11, 12).

1. His healing was by the direct method—speaking the Word (v. 11). Christ's words are enough. With the command was given the strength to obey. That which Christ commands He gives the strength to perform.
2. The obedience of the man (v. 12). He immediately arose, took up his bed and went forth before them all. The poor helpless man walked away with his bed upon his shoulder.

5. The people were amazed, and glorified God (v. 12). They said, "We never saw it on this fashion."

V. Jesus Eating With Publicans and Sinners (vv. 15-17).

1. The call of Levi (v. 14). Levi was a tax-gatherer under the Roman government. As Jesus passed by, He commanded Levi to leave his business and follow Him.
2. Jesus dining in Levi's house (v. 15). It seems that Levi, when he found the Savior, invited many of his business associates to eat with him. This gave an opportunity to Jesus to come into touch with these sinners.

3. The perplexed scribes and pharisees (v. 16). They asked, "How is it that He eateth and drinketh with publicans and sinners?"
4. Jesus' reply (v. 17). "They that are whole have no need of the physician. I came not to call the righteous, but sinners to repentance."

Our Future
We never know for what God is preparing us in His schools; for what work on earth, for what work in the hereafter. Our business is to do our work well in the present place, whatever that may be.—Christian Exposition.

Learn Secret of Prayer
We need to learn the secret of important prayer that takes hold of God's promise and refuses to let go until the blessing comes.—Thurber's.

SANTA FE PLANS MUCH FOR SAN ANGELO

It is learned here definitely that the Santa Fe made an appropriation of about \$250,000 for improvements in San Angelo, to be made here by work beginning in the spring. This appropriation was said to have been made at the meeting of officials this month.

A new roundhouse and a new freight house will be included in the program.

Whether or not any action was taken toward closing any of the dead ends of the road in this section is not known but rumors have been persistent here that such a program is planned.—San Angelo Standard.

NOW WE ASK YOU

Said a certain young lady named Della
While riding with a husky fella,
"Big Boy, you're too rough,
Quit pulling that stuff.
Do I look like a bloomin' cava
qwella?... Ex.

W. W. Greshaw returned Friday from a business trip to El Paso. Willis says it was surely cold there last Saturday night and Sunday.

BANDITS TAKE GAS FROM TRUCK DRIVER

While returning to the city after making a delivery Thursday night of last week, Quinn Simpson, agent for the Pierce Oil Co., was relieved of ten gallons of gas and three quarts of oil by two men in a car a few miles east of town on the highway.

"The two men saw the oil car approaching and suddenly threw their car across the road and demanded the goods, and I had nothing to do but make the delivery and let them go," said Mr. Simpson.—Stanton Reporter.

LACK OF WATER HURTS MIDLAND STEAM LAUNDRY

Ed Selvidge, proprietor of the Midland Steam Laundry, stated to the Telegram yesterday that he had been forced to close down his business from lack of water. He asked that it be announced to the citizens of Midland and said that as soon as he could get water in sufficient quantities that he would reopen.—Midland Daily Telegram.

Penslar rheumatic remedy.... A few doses relieve the pain..... Cunningham & Phillips.

T. & P. TO PAY ONE HALF COST OF \$187,000.00 UNDERPASS

The T. & P. Railway announces ready to pay one half the cost of a \$187,000 underpass on Good street in Dallas.

Sounds good—but it would sound better if the T. & P. would announce ready to pay one half the cost on the needed \$100,000 viaduct across the ten railway tracks on Grogg street in Big Spring.

Eddie Polacek who underwent an operation for the removal of his appendix the latter part of last week is reported to be getting along nicely.

COAHOMA MEN LEASE FILLING STATION AT COLORADO

H. C. Runyon and Nando Henderson of Coahoma have leased the filling station at the corner of Second and Pine streets in the laundry building and announce they will open for business on next Monday, January 9. Runyon is a former Colorado man and is an expert mechanic as well as an experienced filling station operator.—Colorado Record.

Mr. and Mrs. E. J. Arrington of Granbury spent the week end visiting relatives and friends in Big Spring and community.

Again - the Greatest Sensation of America's Greatest Industry

Again, Chevrolet has created an automobile so far beyond all expectations in the low-price field that it constitutes the greatest achievement of America's greatest industry.

Built on a 4-inch longer wheelbase—offering numerous improvements in performance, beauty and safety—the Bigger and Better Chevrolet marks a spectacular epoch in the development of luxurious transportation at low cost.

The engine is of improved valve-in-head design with alloy "invar strut" pistons... hydro-laminated camshaft gears... mushroom type valve tappets... AC oil filter... AC air cleaner and a new crankcase breathing system.

Throughout the entire car similar

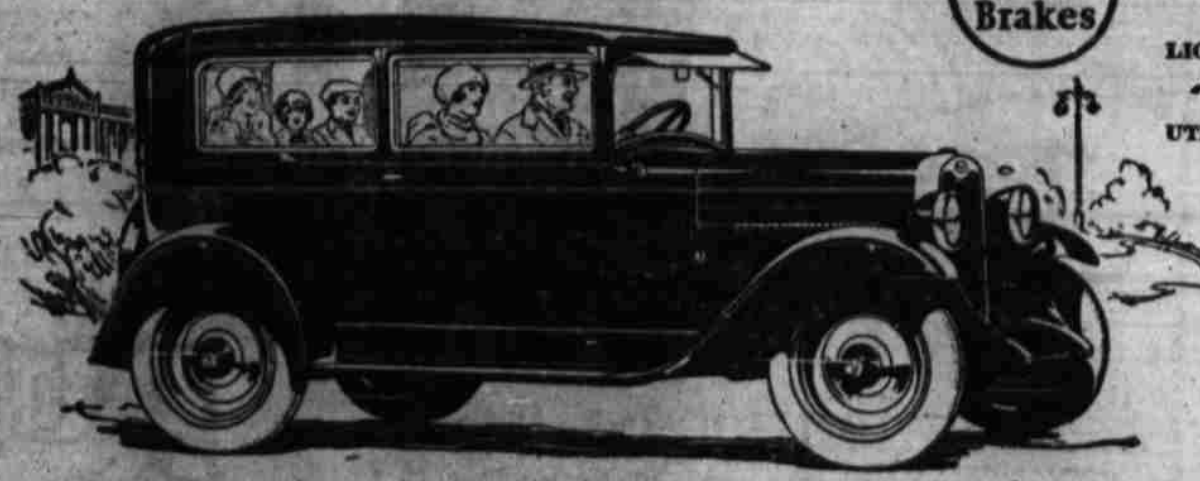

Every feature of advanced design demanded in the finest cars now offered in the New Chevrolet! Read this partial list.

- Improved valve-in-head motor.
- New stronger frame 4" longer wheelbase 107".
- New four-wheel brakes.
- Thermostat control cooling system.
- New alloy "invar strut" pistons.
- New instrument panel indirectly lighted.
- New ball bearing worm and gear steering.
- Semi-elliptic shock absorber springs 84 per cent of wheelbase.
- Safety gasoline tank at rear.
- Large balloon tires 30" x 4.50".
- New streamline bodies by Fisher.
- New Duco colors.
- Theft-proof steering and ignition lock.
- A. C. oil filter.
- A. C. air cleaner.
- Single-plate dry disc clutch.
- New crankcase breathing system.
- New two port exhaust.
- Heavy one-piece full-crown fenders.
- Alumite pressure lubrication.
- Vacuum tank fuel supply.
- Improved Delco-Remy distributor ignition.
- Combination tail and stop light.
- Large 17" steering wheel with spark and throttle levers located on top.
- Rear view mirror.

LEWIS BLEVINS INJURED IN AUTOMOBILE ACCIDENT

Lewis Blevins, who received painful injuries in an automobile accident on East Third street, last Thursday, is reported to be getting along nicely. As we understand it, Mr. Blevins was going east on the highway, and another car, at the intersection at Goliad street, hit the rear of the car, knocking it against the concrete culvert, causing it to turn over several times. Mr. Blevins was with two other young men, but both of them escaped uninjured. The Buick car in which they were riding was badly damaged.

INJURED IN ACCIDENT

Thurman Patterson of Knott was painfully injured in an accident on West First street last Friday afternoon when a Ford roadster in which he was riding struck some lumber on a truck, which was extending out into the street. Driving westward, the sun blinded the driver so it was almost impossible to see clearly and then too, no red flag was displayed on the loaded truck.

The top of the Ford was torn away and Patterson was struck in the head and chest. In addition to being badly bruised, Mr. Patterson suffered a broken collar bone.

SOASH NEWS

The weather is fine here at present, and the farmers are getting their cotton gathered rather rapidly.

On last Friday night the Parent Teachers Association held their regular meeting at the school house. A short program was rendered before the business session. The next regular meeting will be the first Friday night in February at which time a social hour will be enjoyed after the meeting.

Quite a number of people from this community went to Ackery Saturday night to the picture show, and to see the stout man perform.

Rev. Webb filled his regular appointment at the Baptist church Sunday morning and night.

Mr. and Mrs. R. N. Adams had as their guest Sunday, Mr. and Mrs. G. T. Palmer and children, Mr. and Mrs. C. A. Wilhite, Mr. and Mrs. Holman and family of Knott, and Mr. and Mrs. Thomason and Mrs. Thomason's sister of Big Spring.

The young folks of the community went kodaking Sunday afternoon and reported a splendid time.

PAVING TO START SOON

The work of paving forty blocks in the residence district of Big Spring is to start in the near future. All contracts were signed up this week by E. B. Williams representing the Carl Pleasant Construction Co., of Amarillo, Texas. The equipment and some of the material to be used in the paving is beginning to arrive.

The city will have funds to pave an additional ten blocks of paving after the forty blocks have been completed.

According to present plans Mr. Williams expects to complete the 40 block paving contract by March 1st.

DONATES \$15.00 TO CEMETERY ASSOCIATION FUND

Mrs. Gay C. Brown of Waco this week donated \$15 to the Cemetery Association fund, and this amount was gratefully received.

Donations from everyone who has loved ones buried in the Big Spring cemetery and others who will contribute are wanted. Mail your money or check to John F. Wolcott, chairman.

RESOLUTIONS OF RESPECT

We, the officers and members of the Altar Society of St. Thomas Catholic Church, extend to Mrs. A. F. Weeg and family our deepest sympathy in the loss of your father and grandfather, David Hoefle, who was called to his home on high. Even though your hearts are breaking, keep faith with Him, who knows best, and you shall find everlasting life when you join your loved ones in that Home on High.

Whereas, the Death Angel has taken your loved one from you, be it resolved that we extend our sympathy to the grief stricken ones, and further resolve, that a copy of these resolutions be sent to the bereaved family, a copy be spread on the minutes of our society, and also printed in the Herald.

"May the world be a little more tender."

"The skies a little more blue, may hearts find quicker in friendship."

"Let us be closer to you." Max Welson, J. M. Morgan, Chas. Vines.

Let us have a chance to show how we appreciate you by calling on us.

NOTICE OF FINAL ACCOUNT

The State of Texas, To the Sheriff of any Constable of Howard County, Texas, greeting:

Bassey Dale Harding, administrator of the estate of Stonewall Jackson Harding, deceased, having filed in our County Court her final account of the condition of the estate of the said Stonewall Jackson Harding, deceased, together with an application to be discharged from said administration, you are hereby commanded, that by publication of this writ for twenty days in a newspaper regularly published in the County of Howard in the State of Texas, you give due notice to all persons interested in the account for final settlement of said estate, to file their objections thereto, if any they have, on or before the February Term A. D. 1925, of said County Court, commencing and to be holden at the Court House of said County in the City of Big Spring, Texas, on the 5th day of February A. D. 1925, when said account and application will be considered by said Court.

Given under my hand and seal of said Court, at my office in Big Spring, Texas, this the 11th day of January A. D. 1925.

J. I. PRICHARD, Clerk of the County Court of Howard County, Texas. 17-31.

NOTICE OF HEARING

COUNTY OF HOWARD, COUNTY OF HOWARD.

To all persons interested in the welfare and estate of Pauline A. Melton, minor:

Notice is hereby given, by publication hereof in one issue of a newspaper published in Howard County, Texas, that on the 31st day of January, A. D. 1925, there will be presented to and heard by the County Judge of Howard County, Texas, an application by the undersigned to make an oil and gas lease to W. H. Owens and Moutie Sampson for a period of five (5) years upon the undivided one-eighth interest owned by said minor in and to all of Sections numbered two (2) eleven (11) twelve (12), thirteen (13) and fourteen (14) in Block 45-1-2, and twenty-five (25), twenty-six (26) and twenty-seven (27) in Block 40 Public School Lands of Hudspeth County, Texas, as more fully appears from said application filed in the County Court of Howard County, Texas, on the 11 day of January, A. D. 1925.

CORA M. HOLMES, Guardian of the Person and Estate of Pauline A. Melton, A Minor.

TO DEBTORS AND CREDITORS THE STATE OF TEXAS, COUNTY OF HOWARD.

To Those Indebted to, or holding claims against the Estate of W. M. Miller, Deceased:

The undersigned having been duly appointed executor of the estate of W. M. Miller, Deceased, late of Howard County, Texas, by H. R. DeBunport, Judge of the County Court of said County, on the 15th day of December, 1927, during a regular term thereof, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to Morrison & Morrison at their office in Big Spring, Howard County, Texas, this 3 day of January, A. D. 1928.

E. HOMER MILLER, Executor of the Estate of W. M. Miller, Deceased.

A complete line of School supplies. Collins Bros., Drugs.

The Temple Telegram carries a special section of fourteen pages, carrying a list of delinquent property taxpayers in Bell county for the years 1924, 1925 and 1926.

Set in 6-point type, the list fills 11 columns 28 inches deep. Allotting 12 lines to the inch, and two lines to the item, that makes a total of 19,929 separate pieces of property delinquent in Bell county.

Bell is one of the oldest counties in the state. It has in times past been one of the most productive. But a few years ago it went through one of the severest droughts in the history of Texas, and no doubt this long list of delinquent property is the result.

It all goes to show that the Black Wax Belt is just as subject to periods of drought and depression as any other section of the state.

WEST TEXAS BASEBALL LEAGUE

There is talk of re-organizing the old West Texas Baseball League. From 6 to 8 teams are proposed. H. R. Wanderling of FLE. Worth is working on the proposition. The following cities will be asked to enter the league: Abilene, Big Spring, Brownwood, Cisco, Midland, San Angelo and possibly two other towns.

Vitamins and Minerals

Vegetables and fruits are rich in minerals and vitamins and these are food substances, that children especially need for building strong, healthy bodies. Children need two servings of fruit and one or preferably two servings of vegetables every day in addition to potato, so the child specialists say. Though practically all kinds of fruit and vegetables are good for children, they recommend that oranges, grapefruit, tomatoes and green-leaf vegetables be given most frequently.

Poor Use for Abandoned Well

Do not use an abandoned well for a cesspool. Such practice may pollute nearby wells or distant downhill wells, and is prohibited by law in many of the states. Methods of safeguarding wells are explained in two Farmers' Bulletins, "Farmstead Water Supply" and "Sewage and Sewerage of Farm Homes."

Food Label Requirement

The only positive label requirement in the federal food and drugs act is that all canned food labels shall bear a correct statement of the net weight of the contents of the can. If other statements are made on the label, they must be true and must not be false or misleading in any particular.

Dutch Coconos Different

Dutch coconos have a somewhat different color than some of the other varieties. This is because of the addition of a small amount of alkali, which makes the coconos darker and keeps it suspended in the liquid better. This treatment does not affect in any way the food value of the coconos.

The W. B. A. hold their regular meetings every second and fourth Wednesday afternoon at 3 o'clock, in the I. O. O. F. Hall. All members are urged to attend the meetings regularly. A cordial invitation is extended new members in the city or visiting members.

MEXICAN SUPPER

There will be a Mexican supper at the Blue Cross Hall Saturday afternoon from 4:30 until 8 o'clock. Hot tamales and enchiladas will be served. Everyone is invited to come and eat with us.

The 10 year old son of Mr. and Mrs. E. C. Crittenden, who was painfully injured Saturday afternoon, when he was knocked down by a passing car, is reported to be getting along nicely. The accident happened on the Gail road, out near the cemetery. The boy had jumped from the truck, on which he was riding, to get a pair of gloves that had blown away. He picked up the gloves, and just as he started back to the truck, he was hit by a passing car, it is reported.

Mrs. W. G. Bailey returned Wednesday night from Fort Worth, where she has been with her daughter who has been ill. She reports the condition of her daughter much improved.

GOSPEL MEETING TO BEGIN AT THE CHURCH OF CHRIST

The Gospel Meeting to be conducted by Evangelist J. D. Harvey of Colorado, will begin this evening, Friday, January 13th. Good sermons and good singing will be features of the meeting, and everyone is invited to come out and make the services a success each day. The public is cordially invited to come.

SMALLPOX SITUATION

City Health Officer, Dr. M. H. Bennett advises citizens to be vaccinated for smallpox, and to prevent an epidemic of same in our city. About ten cases have been reported to date. Midland, Odessa and other west Texas towns also have reported several cases of smallpox, and one death has resulted from same, in Midland.

Wednesday, Jan 13th, one day, to load on Poultry Car. Come early with your poultry. The White House.

She Loved Birds and Beasts

By DOROTHY DOUGLAS

COLEBROOK stretched his long legs comfortably and gazed idly at the assortment of birds and beasts scattered about his flat.

First came Tot and Totto, the sweet little birds, then Blimbo the great dog and Peps the tiny Pekinese. Along the diagonal fox terrier it was always leading into trouble, but there was the magnificent many-apprised among cats.

Colebrook had been contemplating seriously of late the idea of still another member to his family, but this time it would be a human one.

He knew that if he married Elsie although there would have to be sacrifices from his animal family, the altar of marriage, Elsie was very keen on dogs.

Then there was Connie Dean. She didn't mind the animals so much but she was frightfully fond of dancing. Theaters and Colebrook wondered the house would suffer neglect if were to select her as a mate.

Colebrook knew that he owed it to Elsie to marry, for she was eternally doing things for him that only a wife would do. She was quick to mend his socks and shirts when she had a batch of growing children and a husband of her own to tend for.

Colebrook felt that he would like to wander clear-eyed and clear-headed through a room full of girls and nestle them all to see if their likes and dislikes were in common with his own. But since that sort of thing was done he felt the best thing was to take a chance on either Connie or Elsie.

Always on holidays he had been used to send Blimbo, Peps and Rags to her home and Johnny to a cat home. The birds, Tot and Totto, Blimbo and cats of her own she dared not bring such a variety together under one roof.

It was in his very darkest moments of despair regarding the kindly disposition of his loved animals during these weeks' trip to Maine that his poor bell rang somewhat timidly.

Colebrook went to the door with the three dogs in close pursuit.

The girl standing outside smiled when she saw the bodyguard, and as matter of fact greeted the animals before she made known her mission to the man.

This putting of man in the back-ground, in this particular case, somewhat settled Colebrook.

"Are you Mr. Philip Colebrook?" questioned the girl.

"I am," said that person.

"Well, I hope you will pardon my calling—but Mr. Avery sent me to you to see if you might just want me to look after your animals while you are away. I do a lot of this kind of care-taking and I—love doing it."

Colebrook could only stand and gaze at this wonderful girl who seemed to come out of the clear blue sky as if in answer to his needs.

"But there are birds and cats and dogs," he said for want of anything more brilliant coming to his brain.

"I wouldn't mind. If there were cows," she laughed the girl, "except that I could hardly care for a cow in my apartment. I have had a lion cub but no elephants."

Colebrook laughed and asked her to see if she might become acquainted with his family.

The dogs had taken a sudden and violent fancy to this young lady and threatened to quarrel among themselves over her.

Johnny, too, greeted her in cat fashion by rubbing against her slim ankle and the love birds fluttered joyously on their perch.

Then and there Colebrook knew that he must for a wife who would end with his other marrying this girl or none at all. He, of course, kept this knowledge, for the time being, to himself.

"If you want to go away and feed that your animals are in perfectly safe keeping and not in any way unhappy about being put in strange hands, I could come here and live," said the girl—"that is, if you care to trust me. I have done this a good deal during the last five years and find that people appreciate having some one who can care for their pets and home at the same time. I have very good references," she added and looked up straight into Colebrook's eyes.

"You don't need any reference as far as I'm concerned," he said, "and I don't think any of the rest of the family will ask any. They have all devoted me shamefully since you came." He sighed heavily. "My dear young lady," he added, "you don't know the weight you have lifted from my mind. I can go away now and feel absolutely happy about my pets. You know," he said a bit hesitantly, "I'm a bit of a fool over animals and birds."

"Not a bit worse than I am," laughed the girl. "It was my love for them that led me into this somewhat curious business. But I had to earn a living without any business knowledge."

Tot and Totto drove merry together on their perch—the two little birds were perhaps missed that driving together of two little mates and they weren't going to be outdone in the new game.

LOST—Between Runnels and Gollad street last Sunday afternoon a black leather portfolio, containing valuable papers. "Bates Adjustment Company" appeared on several of the papers. Finder please return to the Herald office. 1t-

A BRIEF HISTORY OF A GREAT ACHIEVEMENT

IN THE Spring of 1925 Dodge Brothers undertook an important and gigantic task—which is now complete.

Since its inception in 1914 Dodge Brothers had specialized exclusively in a four-cylinder product. During these years more than two million units of that product were sold to America and to the world.

It is unnecessary here to comment on the singular merits of that famous Four.

It was honored on the battlefields of war, and achieved equal distinction on the highways and byways of peace.

Its long life and complete dependability had become an adage.

Meanwhile, however, times were changing and tastes were changing with them.

While still as important as ever, dependability alone was no longer sufficient.

Greater speed and comfort, more style and luxury were the growing prepossessions of the hour.

Two years ago Dodge Brothers appraised its task and embarked upon a program designed to place it and its Dealer Organization in a position on January 1, 1928, second to none in the industry.

The astonishing results of this great achievement are now known to the world.

It is doubtful if industrial annals can

cite, over a similar period, an achievement so outstanding.

A smart, swift, low-priced and immensely popular quality Four has replaced its famous predecessor.

The Senior Six, outstanding in performance, quality and luxurious appointment, has been created.

Graham Brothers Trucks and Motor Coaches (formerly exclusively Four) have been supplemented by sixes. Fifty new types have been added. The capacities are broadened to range from one-half ton to two-ton, all resulting in the most complete and capable line of work cars known, and with prices ranging from \$670 to \$4290.

Then Thursday came The Victory—a Six for \$1045 and up—the most spectacular engineering achievement of the decade.

These accomplishments, one following the other in steady progression, have now provided Dodge Brothers Dealers throughout the world with the most diversified and comprehensive line of passenger and commercial vehicles ever manufactured and sold by a single organization.

For every need and purse there is now a Dodge Brothers vehicle built dependably and in full recognition of the progressive ideals of today and tomorrow.

Adhering rigidly to the sound and honorable standards of a great past, Dodge Brothers have met the challenge of a still more exacting future.

THE VICTORY SIX	THE SENIOR SIX
Coupe \$1045	Sedan (leather upholstery) . . . \$1495
Sedan 1095	Coupe for Four 1570
Brougham 1095	Sedan 1595
	Cabriolet Convertible 1595
AMERICA'S FASTEST FOUR	GRAHAM BROTHERS TRUCKS AND MOTOR COACHES
Coupe \$855	
Sedan 875	
De Luxe Sedan 950	
Cabriolet Convertible 955	

A chassis and body for every conceivable kind of business. Capacities from 1/2-ton to 2-ton—four and sixes. Prices ranging from \$670 to \$4290

Tune in for Dodge Brothers Radio Program every Thursday night 8 to 8:30 (Eastern Standard Time) NBC Red Network

\$2.00 A YEAR IN COUNTY
\$3.50 A YEAR OUTSIDE COUNTY

Entered as second class matter at the Postoffice, Big Spring, Texas, under Act of Congress, May 8, 1897.

Big Spring, Friday, January 13, '28

NOTICE TO THE PUBLIC: Any erroneous reflection up the character, standing or reputation of any person, firm, or corporation, which may appear in the columns of this paper, will be gladly corrected upon its being brought to attention of the editor.

If the automobile price war take on the proportions some folks seem to think, it will, they may be giving autos away as prizes with five-cent boxes of Crack-a-Jack before the end of the year.

Spain, having suffered more from forest destruction than any other country of Europe, has recently appropriated \$19,300,000 for a reforestation program to be carried out before the end of 1936.

Feed silage as soon as it is taken from the silo, and do not feed it when frozen. Feed dairy cows after milking to prevent the milk from taking up the flavor and odor. A low feed truck that can be pushed in front of the mangers will help greatly in feeding silage.

Paint up, clean up and plant trees and flowers should be our watchword from now until we transform the old town. We could certainly improve the appearance of Big Spring if we had the gumption to do so. A run down looking burg repels many good people who are looking for a place to make their home.

There are a number of small industries we could secure for Big Spring without a great outlay of money. It would pay us to land a number of these, rather than burn all our powder in an unsuccessful attempt to land one million dollar factory. Many small industries started right soon make a rapid growth.

If a cow leaves part of her hay or silage or does not clean it up greedily, it is a pretty good sign that she is getting a little too much. It is always good practice to give a cow just a little less feed than she cares to consume. A cow will eat from 7 to 20 pounds or more of hay daily, depending on her size and condition and on the kind and quality of the hay.

We certainly cannot expect Santa Claus to send us a bunch of men like A. J. Crawford who gave our city a 150-room hotel. If we know Santa would send us more such men to build our needed office building, modern apartments, more residences, etc., our tightwads could continue to rear back, count their pennies, and imagine they were setting the world on fire.

The suggestion of Colvin B. Brown that we build Big Spring from within rather than from the outside is sane advice. A bonus of \$5000 to secure a reputable company to establish a refinery, another \$5000 bonus to establish a cotton mill would be a better investment than \$10,000 paid out to a high powered publicity man to "spread the bull." Taking care of the folks now coming to Big Spring is our first big task.

Home-making is more important than housekeeping, although it usually includes housekeeping as a part of itself. "Too often," an authority on home-management says, "time and energy consumed in housekeeping have made real home making impossible." The farm wife as the business partner of the farmer, the manager of the farm home, needs time and energy to think and plan for real home making through cultivation of those qualities of mind and soul which makes her an interesting and attractive companion to her whole family.

Candidates will begin to announce for various offices within the next few weeks, and the campaigns will increase in fury as the hot summer days approach. The political bees have come from hibernation and are getting in bonnets. Some want to go higher and others will be content where they are. But while politicians are thinking the people should be doing the same thing. Pay your poll taxes and be qualified to argue or fight. Don't get so enthused over any one man that you will forget issues. Texas needs greater men in public office. — Coleman Democrat-Voice.

A few trees and flowers around a place make a wonderful improvement in the appearance thereof. More trees and flowers should be planted this spring than during any other spring in the history of our city.

If we can help make every farm in Howard County a money-maker for the owner we will be doing something worth while. When agriculture is in a prosperous condition every other line of industry is prosperous.

We would like to see a speedway built across our continent for the use of speed fiends, drunks and other irresponsibles. Careful drivers to be barred from use of this highway. Place the fool-killer in charge, and let the reckless drivers take to it. It wouldn't take these birds long to eliminate each other.

OUR GIFT SHOP WILL BE OPEN ALL YEAR. WE WILL HAVE GIFTS FOR EVERY ONE AT ALL TIMES. CUNNINGHAM & PHILIPS.

HEARST AND MEXICO AT WAR

The Mexican government is to sue William Randolph Hearst for \$10,000,000 for alleged damaged growing out of Hearst's publication of certain "false reports and forged documents." This deals with the articles appearing in Hearst publications charging that certain U. S. Senators were bought off to influence their attitude toward the Calles regime.

TO PREVENT SPREAD OF SMALLPOX IN MIDLAND

Immediate vaccination of every citizen as a precaution against an outbreak of smallpox in the city is urged by city officials, according to Mayor B. Frank Haag—Midland Reporter.

Make our highways safe for decent drivers is the big problem. Anyone who uses the highways to take joy rides these days and times, is likely to wind up by riding in an ambulance.

STATE BUDGET MAY BE \$50,000,000.00

Austin, Jan. 5.—The next annual budget of Texas may total between \$40,000,000 and \$50,000,000 according to R. B. Walthall, member of the State Board of Control, which already is beginning to make up its list of recommendations, although the legislative session is nearly a year away.

More than \$50,000,000 will be asked of the board by various departments of the State government, Walthall said, and these requests will be "cut by millions," in order to keep the budget within prospective revenue.

MARLAND OIL COMPANY PRESIDENT TO MARRY

New York, Jan. 5.—E. W. Marland, president of the Marland Oil Company, Thursday confirmed reports of his engagement to Miss Lydie Miller Roberts, daughter of Mr. and Mrs. George F. Roberts of Philadelphia.

The wedding will take place at the home of the bride-to-be's parents in the next month.

Miss Roberts, who is 33, was adopted by Mr. and Mrs. E. W. Marland in 1916. Mrs. Marland died two years ago. Mr. Marland is 53.

LITTLE STORIES TAKEN FROM DAILY LIFE

By B. Gandelinger

His New Car

Cop, (to man driving past a stop signal)—"Hey there can't you read?"

Motorist—"Sure I can read, but I can't stop."

Bill was arrested last night for driving without lights, and also for being drunk. Bill was lit up, but the car wasn't.

Boarder—Will you please tell me where I can find the bath room? Resident—I don't know, I have only been here three weeks.

The pastor of a church, during Sunday morning services noticed a boy in the balcony throwing pecan shells down on the congregation. The minister was horrified and stopped to asked him what he was doing. The kid replied: "You go on with your preaching, I'll keep 'em awake." — Exchange.

SURE PUNISHMENT FOR LAW BREAKERS

Is America going to have a wave of kidnaping? It would not be surprising to those who have watched the development of crime in recent years. Murders and bank robberies have increased at an alarming rate. Courts must work faster and juries inflict death penalties, not giving the defendant the benefit of all the doubt. Germany, England and Canada have no such orgy of crime because crime in those countries is dangerous. — Coleman Democrat-Voice.

A. G. Hall left Friday night for Culver, Ind., where he is attending Culver Military Academy.

CARELESS YOUTH

It was the old lady's first time in a taxi, and she watch with driver continuously putting his hands outside the car as a signal for traffic following.

"Young man," she cried, after driving and watch what are going. I'll tell you it is raining!" — Arizona Cattleman Farmer.

"INSIDE" INFORMATION

Cranberry sauce and jelly may be used with a meat dish, and cranberries are available the greater part of the winter.

Supplement to The Big Spring Herald

XXIV. No. 17

Big Spring, Texas, January, 13, 1928.

By T. E. Jordan

NOTICE BY PUBLICATION

TATE OF TEXAS

Sheriff or any Constable of Howard County, Greeting: are hereby commanded to return this Citation once in each of four consecutive weeks to the return day hereof,

a newspaper published in this county, if there be a newspaper published therein, but if not, then a newspaper published in the judicial District, but if there be no newspaper published in said District, then in a newspaper published in the nearest District, in the nearest District, or at the next regular term of the District Court of Howard County, to be held at the Court house in Big Spring, Texas, the first Monday in February, 1928, the same being the 1st day of February, A. D. 1928, and there to answer a petition filed on the docket of said Court on the 16th day of January, A. D. 1927, in a suit No. 1153, wherein Effie Keen, plaintiff, and J. M. Keen is Defendant and said petition alleges that or about October 29th, 1924, Effie Keen, plaintiff, was legally married to defendant, the county of Hill, State of Texas, and continued to live with J. M. Keen, as his wife until the 5th day of October, A. D. 1924, since which time he has been an actual bona fide resident of the State of Texas, where this suit is filed, for a period of twelve months, and where this suit is filed, and of six months, next preceding the filing thereof, all times while married to defendant, plaintiff has conducted herself with propriety, doing her duty as a wife, has at all times been a defendant with kindness and affection.

Plaintiff would further show to the Court that within about three months after said marriage, defendant need a course of harsh and treatment towards plaintiff, nursing and abusing her and causing her to leave her and to live with other men, calling her names, which greatly humiliated plaintiff, causing her much suffering and humiliation; that defendant would often slap and plaintiff and ordering her to come, saying that he did not intend to live with her and that he would leave her and at the same time continued to accuse her of being untrue to him and of being too intimate with other men.

Plaintiff further alleges that this treatment continued until October 14th, 1924, at which time she was forced to leave defendant's home which time defendant has supported plaintiff nor her children.

Plaintiff would further show to the Court that there was born two children, a girl by the name of Florine, being seven years and one boy by the name of Pearce, being four years of age, and plaintiff asks that said children be awarded to her and that she have the care and custody of said children and that defendant be ordered to pay for the maintenance of said children and that the costs of this suit be awarded to plaintiff.

Plaintiff prays that she be awarded the care and custody of the children and that the costs of this suit be awarded to plaintiff and that she be awarded the care and custody of the children and that the costs of this suit be awarded to plaintiff.

Plaintiff prays that she be awarded the care and custody of the children and that the costs of this suit be awarded to plaintiff.

diverred a Warranty Deed to Defendant, M. N. Parker, for said land but misdescribed the same in that the call for the Western boundary line of said tract of land is as follows: "Thence S. 13 E. along the North boundary line of said 1 1/4 acre tract 206.4 feet to its S. W. corner"; when in truth and in fact it should have been, Thence S. 13 E. along the Western boundary line of said 1 1/4 acre tract 205.4 feet to its S. W. corner.

Then on the 8th of September 1910 said M. N. Parker and wife, H. J. Parker, executed and delivered a General Warranty Deed to Defendant, L. C. Faulkner, and the same error in description was made therein to the above described land as in the deed from W. L. Self and wife, Mollie Self, to said M. N. Parker.

Then on August 19th 1911, said L. C. Faulkner and wife, Lizlie Faulkner, executed and delivered a Warranty deed to said land, W. D. Payne and in said description made the same error as in the said deed

FROM INJURIES RECEIVED IN ACCIDENT.

Robert E. Spears, 45 years old, was fatally injured in an automobile accident, near Strawn, Texas, at 3 o'clock last Saturday afternoon, died as a result of the injuries, late Saturday night, in the Strawn hospital. Mr. Spears, in company with two men from Colorado, Ed Smith and Henry Lewis, enroute to Fort Worth on business. They were in a Ford car, and a man and woman driving a Dodge roadster passed them, ducked ahead of them so close that he hit the Ford car in which three men were riding, and knocked it into the ditch. It is that the driver of the Dodge did not stop to see if the occupants of the Ford car were injured. Spears was the most seriously injured, but Mr. Smith was badly hurt, and Mr. Lewis sustained a cup lip and a painful injury to his back. They were given treatment in the hospital at Strawn. The remains of Mr. Spears were taken to Big Spring, on passenger train, No. 9, Sunday morning for burial. The body lay in state at Eberley Undertaking Parlors the hour for the funeral services which were held at the church of God on Main street, at 10 o'clock, Monday afternoon, Rev. J. Walters, pastor, conducting services. The body was laid to rest in the Mt. Olive cemetery.

Mr. Spears was a former resident of Big Spring, having made his home here for many years, to his going to Midland some months ago, where he was employed at the Union Bus Terminal. He was a wide circle of friends in Big Spring, who sincerely mourn his death.

Surviving is his devoted wife, one Mrs. R. Spears of Dallas, one daughter, Mrs. Lois Marchbanks of Midland, and one son, Mr. W. N. Norris of Sparrow, and Mrs. E. H. Langford of Midland.

Herald Jing the many friends extending deepest sympathy to the bereaved relatives in their hour of sorrow.

HAM GLANDENING DEAD

Ham Glendenning, 80 years, 3 days, passed away at 10 o'clock, Sunday morning, January 8th, from injuries received when he was knocked down by a car, at 1:30 o'clock, Saturday afternoon. Mr. Glendenning received injuries to his leg, and also suffered from shock. He had been visiting his daughter, Mrs. Morgan, who lives on Lancaster street, and was on his way to the home of his daughter, Mrs. W. B. Tolleson, on Gregg street, where he made his home, when the accident occurred. Two cars passing him on the highway and as he evaded one, stepped on the pathway of the car driven by Mrs. Williams, and was knocked

Funeral services were conducted at the graveside in Mt. Olive cemetery at 2:30 o'clock, Tuesday afternoon, by Rev. T. K. Maynard, pastor of the Christa Delphina Church, of Big Spring.

He was born on October 13, 1847, in Tennessee. He was a Christian gentleman, held in esteem by all who knew him, and his friends sincerely mourn his death.

Surviving are two sons and three daughters, J. T. Glendenning, H. M.

at the courthouse thereof in Big Spring, Texas, on the first Monday of February, A. D. 1927, same being the 4th day of February, 1927, and there to answer a petition filed on the docket of said Court on the 16th day of January, A. D. 1927, in a suit No. 1153, wherein Effie Keen, plaintiff, and J. M. Keen is Defendant and said petition alleges that or about October 29th, 1924, Effie Keen, plaintiff, was legally married to defendant, the county of Hill, State of Texas, and continued to live with J. M. Keen, as his wife until the 5th day of October, A. D. 1924, since which time he has been an actual bona fide resident of the State of Texas, where this suit is filed, for a period of twelve months, and where this suit is filed, and of six months, next preceding the filing thereof, all times while married to defendant, plaintiff has conducted herself with propriety, doing her duty as a wife, has at all times been a defendant with kindness and affection.

Glendenning of El Fredo, Arizona; Mrs. W. B. Tolleson and Mrs. C. E. Morgan of this city, and Mrs. D. E. Bloomer of Stanton. One son, J. T. Glendenning was unable to attend the funeral services.

Deepest sympathy is extended the bereaved ones.

J. M. WHITAKER DEAD

Many hearts were saddened at the death of Joseph Montgomery Whitaker, 66 years, 9 months, 18 days, who passed away at the home of his son, Fred Whitaker, at noon, Friday, January 6, following a several months illness. Mr. Whitaker underwent an operation in September, from which he never fully recovered. He remained in the Harris hospital in Fort Worth until about a week ago, when he was brought to this city to the home of his son. Funeral services were conducted at the Methodist Church at Vincent at 2:30 p. m. Saturday, January 7, by Rev. J. M. Cochran, pastor of the Coahoma Methodist Church, and the remains were laid to rest in the Vincent cemetery.

Mr. Whitaker who made his home northwest of Big Spring for many years was one of our most highly respected citizens. He was esteemed by both young and old and was a good christian gentleman. He was kind and unselfish and ever ready to lend a helping hand to those in need. His death is sincerely mourned.

He is survived by his devoted wife, six sons and two daughters, W. T. Whitaker, Olton, Texas; J. K. Whitaker and J. Fred Whitaker of this city; B. F. Whitaker, George S. Whitaker and Frank Whitaker of Vincent; Miss Delphina Whitaker of Vincent, and Mrs. J. A. Brashears of Knott, and a sister, Miss M. A. Whitaker who made her home with him. All were here to attend the funeral services.

Heartfelt sympathy is extended the grief stricken ones.

BUILDING PERMITS ISSUED

The following building permits have been issued by the city the past week:

R. H. Waldo, a brick business building on East Third street, size 34x50 feet, estimated cost \$3000.

Mrs. Hattie Crosssett, a residence 20x34 feet on Aylford street; estimated cost \$2900.

J. W. Bradley, a frame residence 32x40 feet at 1800 Main street; estimated cost \$4000.

C. H. Bunner, tourist camp and filling station in Baner addition; estimated cost \$2000.

Mrs. S. H. Morrison, a 3-room residence for Mexican pariah house; estimated cost \$450.

Robert Michael, a filling station on lot 11 in Price Addition; estimated cost \$260.

J. W. WARD SERIOUSLY ILL

The many friends in this city are hoping for the early recovery of J. W. Ward, postmaster, who has been seriously ill since last Sunday. A noted specialist, Dr. Carpenter of Dallas, was here Tuesday to confer with local physicians as to the necessity of an operation.

Mrs. Ward and Mrs. Molly Grady a sister of Mr. Ward, arrived Wednesday night from California to be with their loved one.

FREIGHT WRECK

NEAR WARFIELD

Eight tank cars were derailed and damaged when an oil train was sideswiped by another freight on the Texas & Pacific railway passing track at Warfield, 50 miles west of Big Spring, Monday night. Traffic was delayed about five hours while the wreckage was being cleared.

Mrs. R. N. Adams was a business visitor in Big Spring, Tuesday.

GEORGE C. CARTER CLAIMED BY DEATH

It was with deep sorrow that the news of the death of George C. Carter, 49 years, 1 month, 25 days, who passed away in the hospital at Wichita Falls at 10:10 o'clock Sunday night, Jan. 8, was received in this city. Mr. Carter has been in ill health the past few months. He underwent an operation at the T. & P. hospital at Marshall in September, and instead of regaining strength he became weaker. Mr. and Mrs. Carter and children left Christmas week for Wichita Falls where Mr. Carter was placed under treatment in the hospital there. His condition showed no improvement and death took the upper hand.

The remains were brought to this city on passenger train No. 5 Tuesday morning, accompanied by his wife and children, his sister, Mrs. Albert Dennis of Wichita Falls, and brother Don Carter of this city, who were at his bedside when the summons came.

Funeral services were conducted at the First Christian Church at 4 o'clock Tuesday afternoon, Claude Wingo, pastor, officiating. Members of the Masonic lodge and the Order of Railroad Engineers, of which Mr. Carter was a member attended the services in a body. The Masons concluded the services at the graveside in Masonic cemetery. At the conclusion, members of the Engineer's Auxillary lowered the heart of flowers into the grave.

Mr. Carter has made his home in Big Spring a number of years during which time he has been in the employ of the T. & P. railroad Co. He had proven himself to be an efficient and loyal employe, and was held in high esteem by his fellow workmen and officials. He was a substantial citizen, a true friend, and a kind and indulgent father, and many hearts mourn his loss.

Deceased is survived by his devoted wife, three daughters, Misses Donna, Addine and Agnes Carter, a brother Don Carter of this city, and two sisters, Mrs. Albert Dennis of Wichita Falls and Mrs. Annie Lewis of Vernon. Mrs. Lewis was unable to attend the funeral services.

The Herald joins the friends of the family in extending heartfelt sympathy in the loss of their loved one.

GRANDMOTHER WISE DEAD

Mrs. Rebecca Virginia Wise, 73 years, 3 months, 14 days, passed away at the family home northwest of Big Spring on Saturday, Jan. 7, following an illness of several months. Funeral services were conducted at the Center Point Church by Claude Wingo, minister of the First Christian Church, Big Spring and Rev. J. M. Cochran, pastor of the Methodist Church at Coahoma. Burial was in the Masonic cemetery.

"Grandmother" Wise, as she was familiarly and lovingly known by everyone has been in ill health since August, but because of her cheerful nature, and kindness, she bore her suffering patiently and with forbearance. She was born in Mississippi but has made her home in Texas many years. The Wise family have made their home in the R-Bar community a number of years. Mr. Wise who passed away in 1908, was a highly respected farmer of that community.

Deceased had lived the consistent life of a christian since early life, and practiced the teachings of the Golden Rule in her daily living. She was ever thoughtful to others and was ever ready and willing to render aid to those in need.

Surviving her are the following children: W. H. Wise and Lester Wise of Big Spring; I. D. Wise and Miss Beattie Wise of the R-Bar community. C. C. Wise of Stanton, Mrs.

NOTICE BY PUBLICATION

THE STATE OF TEXAS

County of Howard

To the Sheriff or any Constable of Howard County—Greeting:

You are hereby commanded to summon the heirs of H. D. Coffee, deceased, and their heirs and legal representatives, to appear at the next regular term of the District Court of Howard County, to be held at the courthouse thereof, in the city of Big Spring, on the first Monday in February, 1928, being the 6th day of February, 1928, then and there to answer a petition filed in said Court on the 3rd day of January, 1928, the file number of which is 1174, in which suit M. Segell is Plaintiff and the heirs of H. D. Coffee, deceased, and their heirs and legal representatives, are defendants, the cause of action being alleged as follows:

1. On the 1st day of December, 1927, plaintiff was, and still is, the owner in fee simple of the following described premises situated in the County of Howard, State of Texas:

1879.

Big Spring, Friday, January 1, 1933

NOTICE TO THE PUBLIC:
erroneous reflection upon
character, standing or repute
of any person, firm, or cor-
poration, which may appear in
columns of this paper, will
gladly be corrected upon its
being brought to attention of the
publisher.

If the automobile price
take on the proportions some
seem to think it will, they are
giving autos away as prizes
five cent boxes of Crack-a-jack
before the end of the year.

Spain, having suffered
from forest destruction than
other country of Europe, has
recently appropriated \$19,300,000
a reforestation program to be
carried out before the end of 1933.

Feed silage as soon as it is
from the silo, and do not feed
when frozen. Feed dairy cows
milked to prevent the milk
taking up the flavor and odor
of low feed truck that can be put
in front of the mangers will
greatly improve feeding silage.

Paint up, clean up and plant
and flowers should be our war
word from now until we transplant
the old town. We could certainly
improve the appearance of
Spring if we had the gumption
to do so. A run down looking
repels many good people who
are looking for a place to make their
home.

There are a number of small
industries we could secure for
Spring without a great outlay
of money. It would pay us to have
a number of these, rather than
put all our powder in an unsuccessful
attempt to land one million dollar
factory. Many small industries
started right soon make a rapid
growth.

If a cow leaves part of her
feed or silage or does not clean it
greedily, it is a pretty good sign
that she is getting a little too much.
It is always good practice to give
a cow just a little less feed than
she cares to consume. A cow will
eat from 7 to 20 pounds or more of
feed daily, depending on her size, her
condition and on the kind and quality
of the hay.

We certainly cannot expect Santa
Claus to send us a bunch of men
like A. J. Crawford who gave our
city a 150-room hotel. If we knew
Santa would send us more such
men to build our needed office
building, modern apartments, motels,
residences, etc., our tightwads could
continue to rear back, count their
money and imagine they were set
for life.

The suggestion of Colvin B.
Brown that we build Big Spring
from within rather than from the
outside is sane advice. A bonus
of \$5000 to secure a reputable com-
pany to establish a refinery, another
\$5000 bonus to establish a cotton
mill would be a better investment
than \$10,000 paid out to a high
powered publicity man to "spread
the bull." Taking care of the folks
now coming to Big Spring is our
first big task.

Home-making is more important
than housekeeping, although it usu-
ally includes housekeeping as a part
of itself. "Too often," an authority
on home-management says, "time
and energy consumed in housekeep-
ing have made real home making
impossible." The farm wife as the
business partner of the farmer, the
manager of the farm home, needs
time and energy to think and plan
for real home making through cul-
tivation of those qualities of mind
and soul which makes her an inter-
esting and attractive companion to
her whole family.

Candidates will begin to announce
for various offices within the next
few weeks, and the campaigns will
increase in fury as the hot summer
days approach. The political bees
have come from hibernation and
are getting in bonanza. Some want
to go higher and others will be
content where they are. But while
politicians are thinking the people
should be doing the same thing.
Pay your poll taxes and be qualified
to argue or fight. Don't get so en-
thusiased over any one man that you
will forget issues. Texas needs
greater men in public office. —
Coleman Democrat-Voice.

regard for him that a wife should have for her husband.

In 1919, plaintiff purchased 648 acres of land in the State of Colorado and in 1922, being under necessity of procuring work, borrowed \$640.00, securing payment with a mortgage on said land, placing \$600.00 of said money in bank and using the other \$40.00 to pay expenses while procuring a job, which he did in Wichita, Kansas; being boiler-maker by trade, but plaintiff refused to go to plaintiff, until he pretended to be sick, and then stayed only a short time and while there plaintiff conveyed said land to her and she returned to Colorado under pretense of looking after said parcel of land; that she checked out the \$600.00 and, after paying some bills, appropriated balance, \$400.00, to her own use and went to El Paso. Plaintiff went to El Paso and tried to induce plaintiff to return and live with him, but she refused and the next time he heard of her she was in Los Angeles, California. Thereafter, defendant became sick and plaintiff went to Los Angeles and removed her from county hospital to private hospital; paid all bills and later, when defendant had an operation, paid doctors' bills and other expenses incident thereto. Plaintiff sent her passes for her to come to him at Altus, Oklahoma, but she refused, returning the passes.

Plaintiff says that defendant conducts herself in a way unbecoming a wife; is addicted to using violent and abusive language, swearing and cursing and even in letters uses coarse words; is addicted to smoking cigarettes and has shown to plaintiff that she has no regard for him or his feelings; but has only pretended to have in order to induce plaintiff to furnish her with money, which plaintiff says he has done from time to time.

That during 1926 defendant came to Big Spring, but refused to go to the home of plaintiff's parents with whom plaintiff was residing, but went to hotel and while there was guilty of conduct unbecoming a wife; that plaintiff gave her \$175.00 while she was in Big Spring and after she returned to Los Angeles wrote plaintiff, using coarse words in regard to Big Spring and also using expressions derogatory of plaintiff's parents and sisters and that she was then living to suit herself, where before she had been holding onto plaintiff.

All that certain lot or parcel of land known as Lot 12 in Block 2, in the Boydstun Addition to the city of Big Spring.

On such day, also he was in possession of such premises; and afterwards on the 2nd day of December, 1927, the defendants unlawfully entered upon and dispossessed him of such premises and withholds from the possession thereof.

That plaintiff has had peaceable and adverse possession of the lands and tenements above described, using, improving, and enjoying the same for more than ten years, before the commencement of this suit, and before December 1, 1927, during which period he has had such lands and tenements actually inclosed, wherefore he says that if defendants ever had any right of action, which is denied, and not admitted, the same is barred by the statute of limitation of ten years.

Wherefore plaintiff prays that the defendants be cited by publication to answer this petition, and title and possession of the above-described premises, for costs of suit and for such other and further relief as he may be entitled to either at law or in equity.

Thomas & Whitaker, Attorneys for Plaintiff. This action is brought as well to try title as for damages.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Howard County, Greeting:

You are hereby commanded to summon J. M. Keen by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Howard County, to be held at the Court House thereof, in Big Spring, Texas, on the first Monday in February, A. D. 1928, the same being the 6th day of February A. D. 1928, then and there to answer a petition filed in said Court on the 16th day of November, A. D. 1927, in a suit numbered on the docket of said Court No. 1153, wherein Effie Keen is Plaintiff, and J. M. Keen is Defendant and said petition alleging that on or about October 29th, 1916, Effie Keen, plaintiff, was lawfully and legally married to defendant in the county of Hill, State of Texas, and continued to live with J. M. Keen, as his wife until about the 14th day of October, A. D. 1924.

Plaintiff has been an actual bona fide inhabitant of the State of Texas for a period of twelve months, and has resided in the said County of Howard, where this suit is filed, a period of six months, next preceding the filing thereof.

At all times while married to defendant, plaintiff has conducted herself with propriety, doing her duty as a wife, has at all times treated defendant with kindness and forbearance.

Plaintiff would further show to the court that within about three years after said marriage, defendant commenced a course of harsh and cruel treatment towards plaintiff, often cursing and abusing her and threatening to leave her and would often accuse her of being too intimate with other men, calling her vile names, which greatly humiliated plaintiff, causing her much mental suffering and humiliation; that defendant would often slap and abuse plaintiff and ordering her to leave home, saying that he did not want to live with her and that he wanted her to leave and at the same time continued to accuse her of being untrue to him and of being too intimate with other men.

Plaintiff further alleges that this cruel treatment continued until about October 14th, 1924, at which time she was forced to leave defendant. Since which time defendant has not supported plaintiff nor her children.

Plaintiff would further show the court that there was born two children; a girl by the name of Juanita Florine, being seven years of age and one boy by the name of Frank Pearce, being four years of age and plaintiff asks that said children be awarded to her and that she have the care and custody of them; that defendant is not a proper person to rear said children.

Premises considered, plaintiff prays that defendant be cited to answer this petition, and upon final hearing she be awarded the care and custody of the children and that the bonds of matrimony heretofore existing be dissolved and for such other and further relief, both in law and in equity, as she may show herself entitled to.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness, J. I. Prichard, Clerk of the District Court of Howard County.

Given under my hand and the Seal of said Court, at office in Big Spring, this 19th day of December, A. D. 1927.

J. I. PRICHARD, Clerk, District Court, Howard County.

GAS ORDINANCE AN ORDINANCE REGULATING GAS PIPING, APPLIANCES, FIXTURES AND APPARATUS IN ALL BUILDINGS AND STRUCTURES OF GAS CONSUMERS, AND THE INSTALLATION, CONSTRUCTION, RECONSTRUCTION, ADJUSTMENT, AND REPAIR THEREOF, PROVIDING FOR PENALTIES FOR VIOLATION OF THE TERMS OF THIS ORDINANCE, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF BIG SPRING:

SECTION 1. The City Plumbing Inspector and his assistants are hereby authorized, empowered and directed to supervise all gas piping, appliances, fixtures and apparatus, whether now or hereafter existing, placed in or in any manner connected in any building or structure of any character, whether used for business or residence purposes, in the City of Big Spring, and the installation, construction, adjustment and repair thereof. And it is further ordained that no gas appliances, fixture or apparatus, either for heating, illuminating, or hot water heating shall be installed until the type of said appliance, fixture or apparatus has been approved by the City Plumbing Inspector or his assistant.

SECTION 2. The City Plumbing Inspector and his assistants shall be subject to the order of the City Manager of the City of Big Spring, Texas, and they are hereby vested with full authority to enter any building, or structure, public or private, at any time in the discharge of their duties.

SECTION 3. No person, firm or corporation shall enter upon the installation, construction, reconstruction or repair of such gas piping, appliances, fixtures or apparatus or any change thereof, until the said person, firm or corporation shall have secured a license as hereinafter provided, and shall have executed and delivered to the City Secretary of the City of Big Spring, Texas, a bond in the sum of \$1500.00, with a responsible surety company, as surety, conditioned to protect and save said city harmless against all loss or damage occasioned by the negligence of the principal therein failing to properly execute and protect all work done by him, or his employees, or under his direction and supervision; and that the principal will replace and restore any

opening that he may make, to as good condition as he found it, and keep the same in good condition to the satisfaction of the City for a period of twelve months thereafter, that the principal will observe all ordinances at any time enacted by said City, relating in any way to gas fitting, and that he will pay all fines imposed upon

him for violating any terms of this ordinance, or others of a similar nature, or any rules and regulations imposed by the City. Said bond shall be approved by the City Manager, if sufficient in form and surety and amount, and may be sued on by said City in any court of competent jurisdiction. Said bonds shall run for a period of one year and be renewed at its expiration, and no gas fitting work shall be done, and no permits shall be issued, to any person, firm or corporation when such bond is not in full force and effect.

SECTION 4. Upon the approval of said bond, the person, firm or corporation desiring to do such work shall secure from the City Secretary of the City of Big Spring, a license which shall run until the first day of January next succeeding its issuance, unless sooner revoked, and shall not be transferable; each person, firm or corporation shall pay to the said City the sum of \$30.00 for the first license so secured; after the expiration of said license, the same may be renewed for the sum of \$18.00 annually.

SECTION 5. The size of the pipe used in gas fittings and connections shall be not less than called for in the following tables:

FOR GAS LIGHTING

Size of Pipe	Greatest Length Allowed	Number of Burners
3/8 inch	15 feet	1
1/2 inch	25 feet	2
3/4 inch	40 feet	3
1 inch	70 feet	5
1 1/4 inch	100 feet	7
1 1/2 inch	150 feet	10
2 inch	200 feet	15

FOR GAS RANGES

Size of Pipe	Greatest Length Allowed
3/4 inch	40 feet
1 inch	70 feet

FOR AUTOMATIC WATER HEATERS

Heater No.	Size	Greatest Length Allowed

20 hp.	2 inch	2 inch
30 hp.	2 inch	2 inch
30 hp.	2 1/2 inch	2 inch
50 hp.	2 inch	2 inch

Hot air furnaces, boilers, etc., using burners having two or three air mixers shall use 1 1/4 inch pipe; the same with four or five mixers shall use 1 1/2 inch pipe; for larger installations, approval of size shall be secured from City Plumbing Inspector.

SECTION 6. Air mixers shall not be placed in air tight ash boxes, but must be placed where a free flow of air can reach them at all times. No house riser shall be less than 2 1/4 inch pipe. No branching for cooking stoves shall be less than 3/4 inch pipe. Elbows not absolutely necessary will be condemned. Obstructions shall be offset, rather than rounded with elbows.

Plans for piping all large buildings shall be taken up directly with the City Plumbing Inspector before any pipe is installed. Gas shall never be supplied from a smaller pipe to a larger one. The riser shall be extended to a point within 18 inches of the proposed location of the meter, and to right of same at least 20 inches above floor.

Meters shall not be placed nearer than 18 inches to any furnace or oven. **SECTION 7.** When one or more meters are desired in a given building, the gas supplying company may set as many meters as there are separate consumers, connecting the meters to one service pipe, provided that the riser or pipes leading to these different consumers are extended to within 18 inches of the proposed location of the meters, which are to be in the same location. Risers shall not be scattered, but shall drop together in alignment to the room where meters are to be placed. They shall be kept at least 18 inches apart, and shall not cross each other at any point on the floor.

Lines and valves shall not be used in concealed work, but long runs of pipe shall be used. If a company shall be used

instead. Long runs of horizontal pipe shall be firmly supported at short intervals by metal fasteners to prevent sagging. All branch outlet pipes shall be taken from the sides or tops of running lines, never from below. Bracket pipes shall be run from below when practicable. Drop extensions must be supported with at least three supports, one under pipe at drop, one across drop between cap and ell or bend, and one half-way between drop and main pipe. All supports shall be 3 inch by 1 inch or larger lumber. Two supports shall be used for all bracket extensions, one directly under riser ell and one half way between ell and main supply pipe. House pipes shall be sunk and covered as to be readily accessible. No cast iron fittings smaller than three inches shall be used. **SECTION 7.** No individual, firm or corporation shall enter upon the installation, construction or reconstruction of any work provided for herein until a permit has been issued by the City Plumbing Inspector, covering such work, and when required by the City Plumbing Inspector, plans and specifications for the proposed work shall be filed with him before the permit is granted, or during the progress of the work. **SECTION 8.** When the plumber or fitter has completed the system of piping and has all full drop and bracket extensions and heater openings firmly and permanently fastened, he shall test the piping, and if found tight, file a written application for tests with the City Plumbing Inspector, and the City Plumbing Inspector or one of his assistants will call and inspect the piping and witness the test, and if the inspector finds the piping tight, and the sizes and work in accordance with this ordinance, then he will issue proper certificate to such effect. The piping must be tight under a pressure of ten inches of mercury column. This test will be made before the fixtures are hung and appliances connected, and before the piping is closed in. The use of gas fitter's cement for repairing leaks is strictly prohibited. Any additional piping or outlets installed after a certificate is granted must be reported for inspection and test. No gas fitter, plumber or other person doing work in any house or structure shall conceal any of said gas piping until certificate of inspection is issued and inspection card attached to said piping. **SECTION 9.** If any person, firm or corporation shall fail or refuse to remedy any defects found by the City Plumbing Inspector, or his assistants, in any work provided for herein, within seventy-two hours after he is so notified, or so further peremptory shall come to such person, firm or corporation in 30 day fitting work, all such defects shall be corrected at a cost shown that said person, firm

or corporation is incompetent to do such work, then the license of any such firm, person, or corporation shall be subject to forfeiture by the City Commission. Said City Commission may also forfeit the license of any person, firm, or corporation violating the provisions of this ordinance, or future ordinances regulating such work, passed by the City Commission; such forfeiture, however, shall not in any way affect the liability of the principal of sureties on the bond hereinbefore provided for work done prior to the forfeiture of said license.

SECTION 10. Any gas piping, apparatus, appliance, or fixture, deemed unsafe by the City Plumbing Inspector or his assistants, may be by them condemned, and the gas supply be disconnected therefrom until such condition is remedied; and it shall be unlawful for any person to in any manner reconect the same until the Plumbing Inspector or his assistant has issued a certificate of acceptance to the new construction or adjustment made. **SECTION 11.** In every gas installation all piping and attachments must be of at least such capacity as will supply gas up to the full maximum requirements of all appliances contemplated to be connected thereon according to the requirements of this ordinance. **SECTION 12.** No gas piping, appliances, fixtures or apparatus shall be put to use or connected to any supply of gas until inspected and accepted by the City Plumbing Inspector. **SECTION 13.** Any gas installation or fixture, not specifically covered by this ordinance, must be approved by the City Plumbing Inspector. **SECTION 14.** Any person, firm or corporation who shall violate any of the provisions of this ordinance, or who shall fail to comply with the requirements of this ordinance, shall be deemed guilty of a misdemeanor, and upon conviction shall be fined in any sum not exceeding one Hundred Dollars, and each and every day's continuance of any violation of this ordinance shall constitute and be deemed a separate offense. In case of any violation of the terms of this ordinance by any corporation, the officers and agents actually in charge of the business of such corporation, or the person or persons actually performing the work for such corporation, shall be subject to the penalties herein provided. **SECTION 15.** Applications for inspection shall be filed with the said City Plumbing Inspector and recorded in a book kept in his office for that purpose. An inspection fee of \$1.00 will be charged for the first fixture, and 25 cents for each additional fixture thereafter, and shall be paid by the contractor. **SECTION 16.** The fact that an outside inspector and inspector are fitting work is being reconstructed shall not constitute a violation of this ordinance.

emergency, and an emergency hereby declared, and is hereby ordained that the rule regarding the City Commission by disposed with, and the same shall take effect immediately after its passage and approval by the Mayor, and its publication required by law. Passed and approved this day of January, A. D. 1911. R. D. MATTHEWS, Mayor, City of Big Spring, Texas. J. A. DAVIS, City Secretary, City of Big Spring, Texas.

EXTENSION OF TIME
 We wish to express to our neighbors our sincere appreciation for the many kind words of sympathy extended to our dear husband and father, especially thank everyone for their kind words and flowers. May God's blessings be with you each and every day. J. M. Whitaker and Mrs. J. M. Whitaker.

CARD OF THANKS
 We wish to express our appreciation to our dear friends and neighbors for their loving deeds of kindness and words of sympathy, during our bereavement and at the death of our dear one, J. M. Whitaker. We remember your thoughtful prayers that God will richly bless you and all. Mrs. J. M. Whitaker and Mrs. J. M. Whitaker.

The Big Spring Herald

Vol. XXIV No. 17

Big Spring, Texas, Friday, January 13, 1928

By T. E. Jordan

Colvin B. Brown Addresses Citizens

Colvin B. Brown of Washington, D. C., discussed community building at M. E. Church Thursday.

The citizens of Big Spring are sometimes difficult to understand, distinguished visitor and an able speaker was persuaded to visit Big Spring and give as some pointers in community building. This gentleman Colvin B. Brown of Washington, D. C., a representative of the United States Chamber of Commerce, is a nationally known authority on community building and during his visit here was a guest of the local Chamber of Commerce.

We regret to advise that not many more than one hundred of our citizens found it convenient to be present at the Methodist Church on Thursday night of last week. It was a splendid address, and many valuable pointers for promoting the growth of our city were presented. Below we give an outline of Mr. Brown's address:

In the development of business enterprises from the time when one man was sole owner, worker and distributor, to present day industry where stock holding owners of a single enterprise number hundreds of thousands, and financing, manufacturing and distributing are separate and specialized functions, we have come finally to realize that what we once considered essential to success no longer applies.

We used to think that profits depended on low wages and long hours and gave little thought to the ability of the public to buy and enjoy what we had to sell. Slowly it has dawned upon us that the purchasing power of the people is what makes for industrial and commercial prosperity, and that low wages and long hours do not necessarily mean high profits for capital, but mean the very reverse of this may be true.

Employers are realizing the importance of mental and physical rest on the part of the employe and that mental rest in a job is in proportion to the increase over a living wage to one that will enable the employe to buy something more than the mere necessities of life; also that there is a point up to which a worker can produce at his highest capacity, with zeal in his work, and beyond which he cannot.

But we have gone farther than this, and many public utility and other industrial and commercial corporations are encouraging their workers to invest savings in the enterprise so that they may have a profit as well as a wage interest in its success. Recently, at the dedication of a group of buildings to house the Graduate School of Business Administration at Harvard University, Mr. Owen D. Young, Chairman of the Board of the General Electric Company said that he hoped the day may come when the great business organizations of the country will truly belong to the men who are giving their lives and effort to them.

It may be a long time before that takes place, not because of the selfishness and dominance of capital or the fact that workers lack adequate resources to margin the capital they seek, but because so many men are unwilling to assume responsibility and take risk and prefer a fixed income without risk to a share in possible profits.

This is the day of cooperative group action, where all interested in an enterprise are banding together to advance it. Nearly every line of business is organized in a trade association and nearly every city has its chamber of commerce. The one form of organization is to advance the interests of a particular line of business or trade and the other to advance the interests of a city or town. And through such associations we are learning more about the human mind, about economic facts and ethical conduct, and what we are striving for more certain of accomplishment.

So far as the chamber of commerce is concerned its town is its plant and its field of activity is in doing anything it can to improve the plant. With this in mind it has an opportunity to arrange its program. It is for the good of the

plant it is a proper activity to be undertaken.

More and more chambers of commerce are coming to realize that their growth does not depend so much on their ability to get outsiders to move in with factories and stores as it does on developing those already established and stimulating others to make a start; that the industrial and commercial growth of our cities has been largely from within and not from without; that the little fellow of today may be the big fellow of tomorrow, and that every man who prospers and expands his enterprises adds to the wealth and payroll of the community just as surely, and probably more so, than the new and unknown enterprise from outside to which financial help in some form may have been extended. What we need to learn is that organized group action can accomplish more in community building if more attention is paid to developing enterprises through local men and capital than in trying to sell our opportunities to outsiders.

Another thing we need to learn is that the growth of chain stores and mail order houses need not drive the independent storekeeper out of business nor alarm him to any great degree. Business research bureaus show that the average cost of doing business is about the same in an independent as in a chain store and that the advantage of the chain store is more apparent than real. Many merchants are negative critics of their chambers of commerce, claiming that it does nothing for them. What they really mean is that the chamber should in some way eliminate the competition of chain stores, mail order houses, house to house canvassers and stores in other communities and insure him the patronage to which he feels he is entitled by virtue of his being in business. Competition cannot be removed by fault finding or appeal to sentiment, but only by adopting sound competitive methods, such as knowledge of customer's wants, profitable stock turnover, suitable advertising, attractive displays, knowledge of operating costs, intelligent planning for future, trained sales force, and service.

The civic program of a community should have in mind future as well as present needs. We should vision our cities, not as they are today but as they are going to be years ahead, and as we are going to try to make them be. If we can once get into the public concept a vision of the city we are trying to achieve there will be a constant inspirational impulse to reach the goal.

We cannot over-ride economic laws nor regulate affairs over which we have no control, but there are many matters over which a chamber of commerce can and should exercise influence, and these matters, as they arise, form its ever-changing program of work. The Chamber of Commerce provides the machinery for the ascertainment of facts, for applying information respectfully, for safeguarding and advancing business and civil life. It succeeds to the extent that it is organized and conducted along business lines.

According to a recent statement of the Department of Commerce there are 576 cities in the United States with a population of 10,000 or over. According to records in the National Chamber there are 1535 fully organized chambers of commerce in the United States. The city over 10,000 population without a chamber of commerce is an exception, and there are about 1000 such bodies in towns of less population.

Officers and directors of a chamber should not be selected to represent sections or interests. The chamber represents the city or town, all its parts and all its interests. Nor does the community it serves and with municipal boundary lines, but covers the immediate retail trade territory. Every town is benefited by the growth and prosperity of its trade territory, and the territory is benefited by the growth of the town. Such is a market for the other.

The relation of any business group to a chamber of commerce is the

(Continued on page 4)

Directors Meeting Starts Year's Work

C. T. Watson Re-Elected Secretary and Mrs. Alice Phillips Assistant. Budget of \$15,000 for the Year.

At a regular meeting of the board of directors, Monday night, plans for the year's work were outlined with the full membership present.

C. T. Watson was unanimously re-elected to serve as secretary and Mrs. Alice Phillips elected as assistant secretary for another year. It was also agreed that they should have the assistance of one more assistant secretary on full time.

The budget for the year came up for discussion and revision. The directors, or rather a majority of those who heard the address of Colvin B. Brown, were inclined to profit from his advice. His plan was to develop the resources at hand, instead of putting a big amount of money in just publicity. He said it was possible to attract many people to Big Spring by publicity, but what would we have to offer the class of people we had attracted. If we did not have resources to develop which offered big returns for those who had money to invest we could not attract men of wealth. Furthermore, a colonization plan would not succeed at this time as land owners are loath to part with their holdings as long as oil development holds big possibilities for leases and royalties.

It was therefore agreed that a budget of \$15,000 should be sufficient to meet the needs of the year.

It was decided to employ a man at a salary of from \$150 to \$225 a month to assist the secretary in special publicity, exhibit work, putting out advertising, etc.; this to be handled thru the regular channels of the organization.

In view of the fact that the cost of collecting the small dues is so great it was voted to make the minimum dues for the Chamber of Commerce one dollar per month. It was stated that it required eighty per cent of the assistant secretary's collecting work in securing the two per cent of the budget made up by the small membership dues.

The proposition of putting the membership on a continuous basis to avoid a lot of unnecessary work and wasted time was discussed but no action taken thereon.

It was stated that Big Spring was losing some passenger traffic, because the pullman on T. & P. passenger train No. 5 was not set out at Big Spring. As this train arrived at 5:30 a. m. this was most too early for folks to pile out.

Mr. Russell of California and a former citizen of Big Spring stated that he planned to build a cold storage plant at Big Spring to serve this and adjoining counties. A motion prevailed that he be accorded the hearty cooperation of our citizenship in furthering this enterprise.

A motion prevailed that an industrial committee be appointed to make a survey of the needs of our city and the opportunities for industrial development.

The outlook for 1928 is the brightest in our history, was the sentiment of this meeting and it accorded the united cooperation of our citizenship the future of Big Spring can be clinched as a result of our efforts this year.

BARROW FURNITURE COMPANY TO BUILD

The lot at 203 Ruppels street has been cleared and work on the construction of a modern business building is expected to be started in the near future. The Barrow Furniture Co. of Abilene purchased this site with a view of building a structure and opening a large furniture store here.

GETTING READY TO ERECT \$25,000 GARAGE

The residence was moved from the Deane's estate property on Scurry street this week to make way for the new \$25,000 garage building which is to be erected on this property.

The contract will be awarded just as soon as plans and specifications are secured from the architects.

Mrs. Tom Wood of Oklahoma is the guest of her sister, Mrs. Shibe Phillips in this city.

WOUNDED NEGRO FOUND

A negro man aged about 35 years was found in a pasture 12 miles southwest of Big Spring about 10 o'clock Monday morning, with his head beaten almost to a pulp. He was brought to Big Spring and though still alive Thursday he had not yet regained consciousness. He is being given medical attention and it is hoped he will recover so he can tell who his assailants were. When found by an employe on the Quinn ranch he was lying on the ground beside his Studebaker touring car about 200 yards from the road.

The negro is from Dawson county where he has been engaged in farming. His wife and children arrived Wednesday. She said her husband had \$600 on him just before he left home.

2 Bank Robbers Killed at Rankin

Two Unidentified Bank Robbers Were Killed at Rankin Wednesday Night While Attempting To Rob The First State Bank

Sheriff Shannon and Deputy Sheriff Gillespie killed two unidentified men at Rankin, Texas, Wednesday night while the men were attempting to rob the First State Bank. They had received a tip that the bank was going to be robbed and were on guard when the men made the attempt. The robbers had broken into the bank and were making their second trip with torch and acetylin tank when the officers opened fire. One of the suspects was killed instantly while the other was dropped about 300 yards from the building.

One of the robbers is a small man about 25 years of age and weighing about 120 pounds, the other is about 45 years of age and weighed about 150 pounds. They drove to the bank in a Dodge roadster which had been stolen from the Mid-Kansas Oil Company at McCamey and the welding torch and acetylin tank had been stolen from a blacksmith shop at McCamey.

The State Bankers Association will have to "cough up" \$10,000 for this addition to the list of dead bank robbers.

Bank Officials Are Elected

Two of the National Banks Name Officers For Ensuing Year. Promotions Noted

Tuesday, Jan. 10, was the date for the annual election of officers of the banking institutions in Big Spring and the State National and the West Texas National honored the men responsible for the successful business which has been enjoyed by promotion or re-election to the post they have heretofore filled so efficiently. The First National bank postponed their election on account of the illness of their Vice President, J. W. Ward.

Not a single change was made in the list of officers and directors of the State National bank and the following officers and directors will serve for another year: W. B. Currie, president; T. S. Currie, active vice president; Ira Driver, cashier; A. C. Walker, vice president; Ben Carpenter, assistant cashier; Bernard Fisher; W. R. Dawes.

The West Texas National Bank awarded deserved promotions to three: Robt. T. Piner being promoted from the office of cashier to that of active vice president; Robt. V. Middleton promoted from assistant cashier to cashier, and Buell Cardwell promoted to the post of assistant cashier. J. B. Harding has been added to the list of directors.

The official role is as follows: B. Reagan, president; Robt. T. Piner, active vice president; R. V. Middleton, cashier; Edmund Nolentine, assistant cashier; Buell Cardwell, assistant cashier. Directors: B. Reagan, Mrs. Dora Roberts, L. F. Nall, Robt. T. Piner, J. B. Harding.

R. K. Russell and family of Los Angeles, Calif., are in the city visiting his mother, Mrs. Eleanor Russell and other relatives. Mr. Russell is planning to locate in Big Spring.

Use Herald Want Ads—They Pay

Oil Development to Continue 20 Years

Not Much New Development Expected Until Price of Crude Oil Advances — Leasing Continues

There are many wells being drilled in the Roberts, Chalk and Clay fields at this time, but most of them are offset tests. None of the oil companies are keen to bring in any more oil wells until the price of crude oil advances. Many of the tests which have been put down in Howard County of late have been to get a line on formations rather than being an effort to secure an oil well. Land owners have also shown a willingness to cooperate with oil men by giving more time for development on account of the present low price of crude.

With oil sands capable of insuring commercial wells from six different depths, the oil development in this territory is assured for many years to come, and no hectic drilling competition is expected or desired.

The oil is to be had in Howard county, and plenty of it say the oil men, and no one is in a hurry to force it on the present market to cause a continuation of the present low price of crude. Oil men are of the opinion that the oil industry will come out of the slump within the next two or three months, and if this comes to pass, they say there will be plenty doing in the wonder oil field, which, by the way, is in Howard and adjoining counties.

At the Marland Connally No. 1

The Marland Oil Company's Connally well No. 1, four miles south of Big Spring is now being closely watched by the oil fraternity, and if a commercial well is brought in another large area will be designated for development.

Six and five eighths inch casing was set in cement at 1115 feet last week and the work of drilling out the 100 foot cement plug has been in progress this week.

Oil showings were encountered around 4120 feet and the work of testing out this formation is being carefully carried out.

Since the oil from this sand has been forcing its way upward thru 3500 feet of sulphur water, oil men seem to be of the opinion that a good well is indicated. You will witness big doings if a big well is brought thru.

F. H. E. Oil Co. Hits Shallow Pay

The F. H. E. Oil Co. drilling a deep test on section 136 encountered an oil sand at 1820 feet. Although the rotary drill was making hole, the oil showing was most pronounced.

As this test was being made to tap the big pay found by the Magnolia Petroleum Co. on an adjoining tract the showing was passed up.

The F. H. E. Oil Co. failed to tap the chalk pay on their test being drilled on section 156.

They are now setting 8 1-4 inch casing and drill on down in search of the Magnolia pay.

At the Marland Richardson No. 1

The drill is now pounding away below the 2700 foot mark in the Marland Oil Co.'s Richardson No. 1, four miles east of Big Spring.

Considerable delay has been due to boiler trouble on account of the water. A new boiler recently installed was in service but two weeks when the services of a boiler maker were required. A lime or kyp deposit forms in the boiler and it is a big job to remove same.

California Co. Abandons Fisher 1

The work of plugging the test well of the California Company on the ranch of Bernard and Joye Fisher, six miles south of Big Spring has been underway this week. This test was drilled to a depth of about 3800 feet.

It is practically certain the California will drill another well if the Marland Oil Co.'s Connally No. 1, to the northwest about three miles, comes in a commercial well.

Owen & Sloan No. 2 Due In Soon

The Owen & Sloan No. 2, an offset to the Magnolia Roberts No. 1, is expected to encounter the Magnolia pay in the very near future.

as the drill is approximately that depth, 2850 feet.

The sand at 2550 feet which was good for production of 500 barrels of oil daily was passed up for the present.

McCalden EM A1 Let Contract

McCalden and other owners of eighty acres in the southeast quarter of section 137 have awarded to W. J. Riggs the contract to drill an offset to the big gas well of the F. H. E. Oil Co. and the well of Merrick and Bristow which is flowing 100 barrels from an oil sand at 1820 to 1875 feet.

At the Flowers No. 1

Work on the W. J. Flowers No. 1 which has been suspended since the Christmas holiday season is to be resumed within the next day or so according to report.

This test is now at a depth of 1400 feet and the general opinion seems to be that a commercial well is most likely to be secured.

To Develop Oil Sand at 2500 Feet

The Marland Oil Company is plugging their No. 1 Clay back to the 2600 foot depth to test out a producing oil sand found from 2500 to 2550 feet. This test was drilled on down to a depth of 3552 feet in search of the big pay found by the Magnolia Company 3 miles to the west.

At Glasscock EM A1 Well

A little hard luck at the Glasscock at 1st test to the Magnolia Roberts No. 1 the forepart of the week has delayed operations on this test. The crown block was pulled in, but no one was injured. Six inch casing is to be set at 2500 feet so drilling can be resumed.

Bristow-Merrick Get Good Well

Bristow and Merrick, independent oil operators, have secured a good well in the northeast portion of the southwest quarter of section 137, block 23, W. & N. W. survey.

This test is an offset to the F. H. E. Oil Co.'s big gas well on section 137.

The Martin Well to be Completed

W. S. Martin on whose land the Donnelly Martin No. 1, 12 miles northwest of Big Spring is being drilled, has been advised that the drill is to be sent 500 feet deeper in this test.

It may be a month or more before drilling operations are resumed.

Peer Co. Drilling Below 3200 Feet

The Peer Oil Co. is drilling below 3200 feet in their test well on the C. D. Reed ranch in the eastern part of Howard. A hard lime and sand formation is now being encountered. Water has been cased off with 6 5-8 in. casing and they are carrying a dry hole.

Magnolia Roberts 1 Gauging High

The Magnolia Petroleum Co.'s Roberts No. 1, on the southwest quarter of section 136 continues to flow at a high rate.

This well continues to flow at the rate of from 3200 to 3300 barrels of oil per day.

Schermerhorn Test Due In

The test of the Schermerhorn Co. on section 137, offsetting the F. H. E. Oil Co.'s gas well, and Merrick & Bristow's, 100 barrel producer is nearing the depth these other tests encountered gas or oil and is expected to be drilled in soon.

Luncheon Club Talks School

Plan For \$150,000 Bond Issue To Provide Needed School Facilities For Big Spring Favored

President Fred Phillips complimented the members of the Luncheon Club for another good record attendance, Wednesday, and urged them to bring a few more new members in from time to time. He requested the members to be prompt so the luncheon could be served promptly at 11 o'clock.

He called on the Park Committee for a report, but Chairman B. Reagan announced he was not prepared to make a report at this time. President Phillips made the announcement that committeemen will be expected to do the work assigned them and will be called upon for reports.

(Continued on page 5)

PROGRESS BEING MADE ON NEW TELEPHONE EXCHANGE BLDG.

The foundation of the new telephone exchange building has been completed and work on the walls of the structure are underway. Rapid progress is being made on this building now that the foundation is completed. It is expected that the building will be completed early in March. Upon its completion the business office of the Southwestern Bell Telephone Co. will be moved into the new quarters, however it will require a longer period of time to install the mechanical equipment necessary to the operation of the new common-battery system for Big Spring.

Rebuilding the outside plant is to begin at an early date and when it is worked over and completed, Big Spring will have one of the best equipped telephone plants in the southwestern system.

Up to Date Building
The new home under construction for the telephone exchange will be one of the most attractive buildings in this city when completed. It will be a two-story brick building, a mat face brick trimmed with Carthage white stone, being used in its construction. The entrance is to be finished in terra-cotta, and will face on Runnels street. The colors and material will blend together making it a beautiful structure. The Fourth street side will be finished to correspond with the face of the building.

The business office will be on the north side of the main entrance, reached through the lobby, and will be equipped with new furniture and fixtures. Having the business office on the ground floor, eliminates the necessity of climbing a stairway. Every consideration is being given in the construction of this building for the convenience and accommodation of the public, and for the comfort of the employees. The remaining space on the ground floor will be devoted to plant equipment. The second floor will house the switchboards, both local and long distance and a lounge room for the operators, rest room, cloak room, etc.

The general contractor for this building is R. E. McGee and Company of Abilene. The heating contract was awarded to the Dallas Heating Company of Dallas. The heating plant will be the hot water system. The electrical work will be done by the Sun Electric Company of Abilene, and the plumbing contract was awarded A. P. Kasch of Big Spring.

MODERN APARTMENT HOUSES TO BE ERECTED BY H. L. RIX

H. L. Rix of the Rix Furniture Co. is doing all that he can to relieve the housing problem in Big Spring, and is to be commended for the steps he is taking. He is investing his money in apartment houses, and is trying to provide comfortable living quarters for the people that are being attracted here and who are seeking accommodations. He alone can't solve this problem but the steps he is taking are helping a lot.

Recently Mr. Rix bought the big two story house of Mr. and Mrs. Chas. Holmes on Main street and is having it converted into a modern apartment house.

Plans for a modern apartment to be erected on the rear of the Main street property, recently acquired, are now in the hands of architects and when they are approved, the contract will be let. The new apartment house will consist of four separate apartments. It will be a two story stucco structure and will face north. Fine materials will be used in its construction, the most durable wall coverings to be used and new built-in features. The contract will be awarded in the near future.

CARTER BROTHERS, BUILDERS COMING TO BIG SPRING

Mr. and Mrs. R. Carter and O. B. Carter of Abilene were in Big Spring the forepart of the week, looking over the prospects of building more houses and apartments in this city. The Carter Brothers are from Abilene and they build houses for sale, also deal in rentals and real estate. Mr. Carter was more than delighted with the opportunities awaiting him in Big Spring and stated that he would return next Monday morning to start work on a new house in this city. He also stated that one could readily see how rapidly Big Spring was growing, and that more houses were needed at once to take care of the great many newcomers into our city.

At present the headquarters for Carter Bros. will be at the H. E. Lumber Co. Local carpenters will be hired to do the construction work for these builders.

A complete line of School supplies. Collins Bros., Drugs.

FRICK-REID WAREHOUSE NOW BEING ERECTED

The work of erecting a portable steel warehouse for the Frick-Reid Co., dealers in oil field supplies, is now in progress. This building is at the corner of West First and Gregg streets, and is to cost about \$5,000.

This is a big corporation with supply houses located near all the big oil fields in this State and Oklahoma and they will handle a full and complete line of oil field supplies.

HARRISON'S TEXANS TO LOCATE IN BIG SPRING

Harrison's Texans, a nice piece dance orchestra from Breckenridge, Texas, have located in Big Spring and will play for dances in this section of the country. They have been secured by T. C. Miller to play for the dances given at the Miller skating rink every Wednesday and Saturday night.

AT WORK ON NEW DUPLEX

Mrs. Hattie Crossett has awarded the contract to the Rockwell Bros. Lumber Co. for a duplex apartment on West Sixth street, work on same having been started this week. It will probably be completed within the next two weeks.

Registered Optometrists.

ROBBERS VISIT BARBER SHOP.

A robber visited the City Barber Shop sometime last Saturday or Sunday night and stole a suit of clothes and some other wearing apparel.

It is not known whether the robber broke in or out. From some of the signs he left, he may have hid in the building around closing time and broke out later as it appeared he broke a panel out of a rear door by pounding from within.

Our Phone Number is 182. Collins Bros., Drugs.

We want each and every one that read our ads in this paper to remember that we are not just advertising for the fun of it. But we want you to read them and remember we will back them to the limit. We are here to stay and win the confidence of the public. We will guarantee any item that comes out of our store. Collins Bros., Drugs.

2 residences for sale, with 3 1-2 lots. Rentals pay over 15 per cent on investment. Plenty room for another house on same lots. See Geo. L. Wilke.

A HOT ONE

Jenkins was sitting down to breakfast and was astonished to see in the paper an announcement of his death. He called up his friend Smith and asked: "Have you seen the notice of my death in the paper?"

"Yes," replied Smith. "Where are you speaking from?"

Miss Emily Bradley is having a pretty new six room house erected on her lot on South Main street. Work on same is progressing rapidly.

Don't Forget the Curb Service from a Frigidaire Fount. Collins Bros., Drugs.

In All America no Better Built Car at the Price!

More power... more speed... more smoothness. A brilliant change of pace. You instinctively expect them. You somehow know that's what you get in the All-American Six... But consider these other reasons for its stirring success. The exacting care and craftsmanship with which the car is built. How marvelously it survives the tests and trials of time... Here are stamina and endurance that result only from All-American engineering. Big, rugged, oversize units. Balance and simplicity of design. Month after month of pitiless testing on General Motors Proving Ground... and super-precision construction throughout!... That's why its power, speed and smoothness are measured in tens of thousands of miles. Why economy and dependability are Oakland owners' by-words. Why All-American owners will tell you—"No better built car at the price!"

PRICES: 2-door Sedan, \$1045; Landau Coupe, \$1045; Sport Roadster, \$1075; 4-door Sedan, \$1145; Cabriolet, \$1155; Landau Sedan, \$1265.

Special Sport Equipment Available on all body types... special front fenders with tire walls... 6 wire wheels with tires... special front fenders with tire walls... two special tire locks and locking rings... collapsible trunk rack... \$100 extra on open cars... \$110 on closed cars... 6 disc wheels with same equipment, \$75 on open cars... \$85 on closed models.

The More The Quality Better

WHAT'S DOING IN WEST TEXAS
By West Texas Chamber Commerce

Hamford — National publicity West Texas in its entirety was led by the West Texas Chamber of Commerce when a recent issue of the Manufacturer's Record (timore) devoted four pages to a story and reading representation of West Texas' evolution from a range lands to a region diversified prosperity.

Well, N. M. — The Roswell Chamber of Commerce sets a good example for all commercial organizations. Out of \$10,000 paid to the body for 1927, only \$42 of amount had to be collected from two individuals pledging it; remainder of the budget was by mail, check, or in person, but solicitation.

Chillicothe — Quality poultry and the most striking feature of annual poultry show held here on 6 and 7 under auspices of Chillicothe Chamber of Commerce. The exhibition gave much impetus to high class poultry production in this section.

Worth — The Executive of the West Texas Chamber of Commerce will confer here Jan. 19. Among other work, plans for 1928 annual convention, will mark the organization's year of service to the West, is made.

Wah — Five million dollars spent in erection of three to the West Texas Utilities, any plants in West Texas on Pauline near here, the first of which will be in operation September.

Dublin will be the first of a West Texas Chamber of Commerce district convention of three district convention of when delegates of the Oil section meet here the latter of January.

Seagraves — Seagraves is the town to receive a carload of salt from a San Angelo company which is aiming to manufacture raw materials into West necessities in order to save expense from eastern markets. It took the first shipment.

Plains — F. M. Gwinn, mayor of Plains and secretary of chamber of commerce, has elected mayor of Pampa and some duties there January.

Wichita Falls — A general convention of all parties interested in rural development has been held here by the Poultry Bureau of the West Texas Chamber of Commerce.

Rowena — The 1927 agricultural show of Rowena reached well in million mark according to products marketed, which included cotton, poultry and dairy and feed stuffs.

April 11, 12, and 13 are set here recently for the Plains Dairy Show to be held in Plainsview.

Wayland College — Well in 1928, it was indicated a successful campaign to pay the debt that has hitherto existed. Several new buildings contemplated.

Wellington — A new high school is in prospect for Wellington. The structure used for this school and Legion ward school and Legion being used as temporary.

FEWER AND BETTER LAWS

It is not difficult to understand why law enforcement has broken down if you will consider the situation. So many laws have been passed that most of us are guilty of breaking some law most any day. Of course we may not commit murder, rob a bank, or steal, but we break some laws, even though unintentionally at times. So it just naturally follows that if we are law-breakers we are not going to be so hard on the other fellow when we are called upon to say whether or not he is guilty. Some folks can say they obey every law but their number is small indeed if the truth be known. Some of our best citizens, and those supposed to be law abiding, will tell you they operate their autos on the highway at a greater speed than thirty-five miles per hour. Are they or are they not law breakers? Other good citizens believe they have a perfect right to make home brew, for home use in their own homes. Will they come under the head of lawbreakers? Other citizens who condemn the fast drivers and home-brew makers may be violating some other law or ordinance they do not approve of.

So if you are going to observe the Golden Rule, how can you, a violator, mete out justice to other law violators.

We are just naturally getting too many thou shalt not laws and in-

H. L. Cook made a trip to Fisher County the forepart of the week to investigate the new oil well which the Texas Company has recently secured. Mr. Cook stated a fine little well of high gravity oil has been secured; and more development is assured.

stead of reforming folks we are making more law breakers.

It's got so a fellow is almost afraid to trust his brother when it comes to cashing checks. And as the oil development increases an influx of crooks will make their appearance to catch the unwary. Folks who pay, must not get sore if merchants sometimes endeavor to investigate before cashing a check.

Golf sticks and balls. Cunningham & Phillips.

Taking care of the folks now flocking to our city to make their home is going to be one job we must successfully handle before we try to attract more people here. Oil development is due to continue for many years and a sure but steady growth is to be preferred to a boom.

ADDRESSING OTHERS

(Continued from page 1)

same as that of any other business group. If the realtors, the merchants, the manufacturers and other each organize separately for the purpose of carrying out a community building program, there could be no chamber of commerce. There would be instead a duplication of effort and a working at cross purposes.

The realtor wants a market for his properties. The Chamber wants people to come to the city and live it well enough to buy a home and remain. The merchant wants customers. The chamber wants to attend the town's trade and commerce. The manufacturer wants living conditions that will lessen his labor turnover. The chamber wants to make the town livable and attractive to its inhabitants.

As our nation is the sum total of its community units, every chamber of commerce in advancing local interest is taking part in the national business building program. And every chamber of commerce should have a strong committee on National Legislative affairs that will work in close cooperation with the National Chamber in helping it ascertain the business opinion of the country.

FREEWYMAN AUX. NOTES

ELABORATE PLANS MADE FOR DRUGGISTS

The Crawford Hotel headquarters for the druggists during the convention. West Texas Druggists Association which convenes in Big Spring, Texas, March 3-5. Three hundred of the Association are expected in Big Spring at that time for the meeting.

Elaborate plans are being made for the entertainment of visitors while in our city to Shins Phillips. Plans include a quiet, chicken barbecue together with interesting amusements. The Chamber of Commerce are being planned. From all parts of the state accepted the invitation to the convention and are expected in Big Spring to participate in the convention. Judge Chas. A. of Stamford, former member will be toastmaster of the convention. His ability as a witty speaker is well known. He made the principal address at the Chamber of Commerce here in December. Other speakers who are expected are: W. H. Adams, Editor of the Dallas Pharmaceutical Journal; D. Adams, former president of the State Association; Earl J. Jones, vice president of the Association; Marvin J. Fort Worth; Flake W. C. D. Woody, officials of the Crawford Drug Co. They will come to Big Spring for the convention.

sons of Jones Valley had recently purchased a block of land and presented same to the school board. He stated that while he was not authorized to speak for the board just at this time he was satisfied all would favor erecting a Ward School in Jones Valley.

C. T. Watson stated he knew the schools were crowded because folks were still swamping his office with pleas for homes, rent houses, apartments and rooms. Seventeen applications for places to reside were filed, Monday, eleven of these being for families.

Mr. Watson also stated the Chamber of Commerce had recently appointed a committee to make an industrial survey of Big Spring and stated much good would result from this work being carried forward.

The following were named to be in charge of the program for next Wednesday: Roy Cornelison, J. F. Wolcott, Max Jacobs.

Hills Bros extended the boundaries of coffee flavor when they discovered Controlled Roasting

No other roasting process can produce such unlimited goodness

A GRANDER flavor! A richer aroma! More satisfaction per cup! This is what Hills Bros. give the West by roasting coffee a few pounds at a time (their patented, continuous process) instead of in bulk.

No other coffee can taste like Hills Bros. Coffee, for none is roasted the same way. Controlled Roasting is Hills Bros.' process exclusively. They invented it and patented it. But the rare flavor Controlled Roasting produces is yours to enjoy always—no matter where you go in the West.

By packing the coffee in vacuum (a method originated by Hills Bros.), all of its richness is kept intact for you. Ask for Hills Bros. Coffee by name and look for the Arab on the can. Send the coupon for a free copy of the booklet, "The Art of Entertaining."

(Continued from page 1)

from week to week.

Dr. E. O. Ellington was in charge of this week's meeting and announced that hot air was to be sidetracked while gas and schools had an inning.

J. P. Kenney manager of the Consumers Natural Gas and Power being called upon to give a statement relative to progress being made, stated that they were away ahead of schedule and were going to have gas in Big Spring before March 1st. He said six miles of the big main had been already completed and the big ditch would soon be at work on the distribution system in Big Spring. He said the company had met with fair success in signing up customers, and expected to sign up many more when work was started in Big Spring. He stated they were getting in a system capable of serving a city eight times the size of Big Spring. He also stated a dry, sweet gas was to be supplied—just as fine grade gas as is to be had in Texas. He stated that meter deposits of \$5 required of consumers will be refused when users discontinue using gas, soil property or leave away.

Dr. Ellington said the thing in which he was most interested was providing school buildings to take care of our rapidly increasing enrollment. He stated that a bond issue of \$120,000 was to be asked, to erect needed buildings. Building in addition to the High School, remodeling the present High School building, repairing Central High, and probably building a Ward School to serve the west part of the city were planned. He stated that our present valuation would not permit voting a greater bond issue. He asked the members to sign a petition asking that bond issue election be authorized.

P. B. Billie superintendent of the schools, stated that if anyone doubted that our school rooms were crowded he would take pleasure in showing them thru our schools. The scholars continue to apply for entrance at the rate of from 1 to 5 each day and a greater number may be registered following mid term examinations the latter part of this month. He said one family bring-

ing children here from Ross City stated that twenty-five more families from that point were planning to send their children to the Big Spring schools. He gave the following figures as the total enrollment up to Tuesday night 354 in High School, 410 in Central School, 359 in Junior High, 96 in South Ward, 131 in North Ward and 46 in the Mexican public school, making a total of 1496. He stated he expected the enrollment for 1925-26 to be in the neighborhood of 1800. In reply to a query he stated the new buildings planned would accommodate 300 additional pupils.

Dr. Ellington stated that Trost & Trost had been selected to draw plans for the proposed buildings and improvements and asked Mr. Hamburger their local representative to outline some of the proposed plans. Mr. Hamburger stated the new addition would cost around \$100,000, the remodeling of the present high school, repairs on Central High and other buildings with the necessary equipment—including larger auditorium, gymnasium, shower baths, rooms for manual training, agricultural department, etc., would require around \$50,000.

J. B. Pickles stated he would like to hear the president of the school board say definitely the west portion of the city was going to get a school building. He also favored a larger bond issue so we could have facilities that would meet the needs for several years instead of just one.

Fox Striplin seconded Mr. Pickles' remarks. He said the western part of our city needed and should have a public school building. He also said we should vote a bond issue that would anticipate a growth thru a period of years. Joe Fisher also advocated a larger bond issue. He said that is one mistake of the past, voting a bond issue to meet present needs, and right on the heels of that we must vote another until we are making a patch work job of it. He said men in the oil game for years tell him oil development will be in progress in Howard county for 20 years or more, and long after gusher wells in many West Texas fields will be producing water only. If necessary to increase valuations to secure a bond issue that will meet the needs for a few years, why let us increase the valuations.

Dr. Ellington stated that the city-

Always Stiff and Achy?

Too Often This Warns of Sluggish Kidney Action. LAME? Stiff? Achy? Sure your kidneys are working right? Sluggish kidneys allow waste poisons to remain in the blood and make one languid, tired and achy, with often dull headaches, dizziness and nagging backache. A common warning is scanty or burning secretions. Doan's Pills, a stimulant diuretic, increase the secretion of the kidneys and thus aid in the elimination of bodily waste. Users everywhere endorse Doan's. Ask your neighbor!

LIVE STOCK NEWS

PRIME STEERS FOR WINTER FATTENING

The inexperienced crop farmer who plans to buy a few feeder cattle this fall for fattening during winter will find that steers will fatten as easily as cows and will bring higher prices when finished.

"Old cows of equal breeding with steers will make the same gains but when finished they will not command the same price on the market, due to the fact that much of the fat is laid on as intestinal fat or in other places where the cuts are of low value," says Prof. R. S. Curtis of the animal husbandry department of the North Carolina State college. "With steers, the fat is accumulated over the back, loin, and sides or in the region of high-priced cuts. Feeders should be guided by these facts."

"This does not mean that feeders should not buy females because oftentimes the local market will not pay the price for good finished steers and will take the fattened females readily. It will also require less capital to purchase and feed old cows as they can be bought at a cheaper price. Considering the fact, however, that old cows will often be thin when purchased, they will put on more weight, much of which is known as fill, and can therefore be fed on a less margin. By this is meant that the difference between cost and sale price will be less than with steers. It should always be kept in mind that the old cows when finished can be sold more readily on the local market, while steers go to the more discriminating market of the larger centers."

Mr. Curtis states that the man who takes a pride in fattening cattle, who knows how to get into the market and is acquainted with the channels of trade will find it more profitable to feed steers.

Give Pregnant Sow Care to Insure Lively Pigs

Give the brood sow plenty of exercise, dry quarters, and a well-balanced ration.

J. M. Fargo, in charge of the swine herd at the Wisconsin College of Agriculture, believes that keeping the sows in clean, dry, well-bedded quarters, and feeding them away from houses so they will receive plenty of exercise by walking back and forth for their meals, means stronger and healthier litters. He also advises feeding the following balanced rations with either alfalfa or clover hay in feed racks:

Ration number one is made up of 40 pounds of corn or barley, 80 pounds of oats, 20 pounds of standard middlings, 3 pounds of tankage, 5 pounds of oilmeal, 1 pound of bonemeal, and 1 pound of ground limestone. This ration can be fed dry or as a slop. Just enough of this ration should be fed to keep sows in good flesh. In ration number two, ear corn is fed in quantities to keep the sow in good condition, and from 1/4 to 1/2 pound of an equal mixture of oilmeal and tankage is fed daily to each sow. This mixture should be fed dry.

Carrying Pregnant Ewes Through Winter Season

Success in carrying the pregnant ewe through the winter to lambing time depends on proper feed and care. The ewe should have a well-balanced ration, which will keep her gaining in weight without becoming fat. The best feeds for this purpose, according to expert feeders, are clover or alfalfa hay, corn silage and a little oats and corn if needed. Corn fodder, straw and other cheap roughages can be used to lower the cost of the ration, but will not do alone.

Give ewes the run of the fields whenever weather permits and see that they take exercise daily even when the weather is bad. Scattering the rough feeds over the lots or pasture is a good way to induce exercise. Salt and fresh, clean water, preferably with the chili taken off, should be supplied regularly.

Live Stock Notes

Never punish a horse for something he cannot help.

Neglect of proper ventilation is very common where hogs are confined.

Experimental work has shown that ground soy beans fed in self-feeders alone with corn and a simple mineral mixture made of ten parts acid phosphate, ten parts wood-ashes and one part salt make a good mineral mixture for swine.

A horse weighing 1,200 pounds will consume from 80 to 90 pounds of water a day.

The fertilizer problem is becoming a big one and could be greatly reduced by keeping more live stock and selling less hay and straw.

Imagine a good palatable dinner without salt and think of the farm animals that never get any. Salt whets the appetite, stimulates the digestive glands and prevents stomach troubles. All farm animals need salt.

CARD OF THANKS

With gratitude in our hearts, we wish to express our sincere appreciation to our dear friends in Big Spring, for their expressions of sympathy, and many kindly acts, at the death of our loved one, R. E. Spears. Especially do we thank those who opened their homes to us, and also those who sent beautiful floral offerings. We shall ever remember your kindnesses. May you have such friends to be with you, when you are called upon to pass through this dark hour, as you have been to us during our sorrow. We pray God's richest blessings on you.
Mrs. R. E. Spears and family.

CARD OF THANKS

We wish to take this method of expressing our thanks and appreciation to our friends and neighbors for the many kindnesses shown us during the illness and at the death of our beloved father, David Hoefle. We appreciate every thing you did for us, and will ever remember your kindnesses.

DEATH FROM INJURIES RECEIVED IN ACCIDENT.

Robert E. Spears, 45 years old, who was fatally injured in an automobile accident, near Strawn, Texas, at 3 o'clock, last Saturday afternoon, died as a result of the injuries, late Saturday night, in the Strawn hospital. Mr. Spears, in company with two men from Colorado, Ed Smith and Henry Lewis, were enroute to Fort Worth on business. They were in a Ford coupe, and a man and woman driving a Dodge roadster passed them and ducked ahead of them so closely that he hit the Ford car in which the three men were riding, and knocked it into the ditch. It is said that the driver of the Dodge did not stop to see if the occupants of the Ford car were injured. Mr. Spears was the most seriously injured, but Mr. Smith was badly bruised, and Mr. Lewis sustained a badly cup lip and a painful injury to his back. They were given treatment in the hospital at Strawn.

The remains of Mr. Spears were brought to Big Spring, on passenger train, No. 9, Sunday morning for burial. The body lay in state at the Eberley Undertaking Parlors until the hour for the funeral services, which were held at the Church of God on Main street, at 4 o'clock, Monday afternoon, Rev. G. B. Walters, pastor, conducting the services. The body was laid to rest in the Mt. Olive cemetery. Mr. Spears was a former resident of Big Spring, having made his home here for many years, prior to his going to Midland some ten months ago, where he was owner of the Union Bus Terminal. He has a wide circle of friends in this city, who sincerely mourn his untimely death.

Surviving is his devoted wife, one son, M. R. Spears of Dallas, one daughter, Mrs. Lois Marchbanks of Midland, who is seriously ill in the hospital at Midland, and was not informed of her father's death, because of her grave condition, his mother, and other near relatives. Out of town relatives here to attend the funeral services were: Mr. and Mrs. M. R. Spears of Dallas, Mrs. R. E. Spears of Midland, Mrs. Mary Spears of Granite, Oklahoma, Mrs. W. N. Norris of Spur, and Mr. and Mrs. E. H. Langford of Eastland.

The Herald joins the many friends in extending deepest sympathy to the bereaved relatives in their hour of sorrow.

WILLIAM GLENDENING DEAD

William Glendening, 30 years, 2 months, 8 days, passed away at 11:30 o'clock, Sunday morning, January 8th, from injuries received when he was knocked down by a car, about 4:30 o'clock, Saturday afternoon. Mr. Glendening received injury to his leg, and also suffered from the shock. He had been visiting his daughter, Mrs. Morgan, who lives on Lancaster street, and was returning to the home of his daughter, Mrs. W. B. Tolleson, on Gregg street, where he made his home, when the accident occurred. Two cars were passing him on the highway, and as he evaded one, stepped in the pathway of the car driven by Luther Williams, and was knocked down.

Funeral services were conducted at the graveside in Mt. Olive cemetery, at 2:30 o'clock, Tuesday afternoon, by Rev. T. K. Maynard, pastor of the Christa Delphian Church, of Eastland.

Deceased was born on October 30th, 1897, in Tennessee. He was a kindly Christian gentleman, held in esteem by all who knew him, and his many friends sincerely mourn his death.

Surviving are two sons and three daughters, J. T. Glendening, H. M.

Glendening of El Frédo, Arizona; GEORGE C. CARTER CLAIMED BY DEATH

Mrs. W. B. Tolleson and Mrs. C. E. Morgan of this city, and Mrs. D. E. Bloomer of Stanton. One son, J. T. Glendening was unable to attend the funeral services.

Deepest sympathy is extended the bereaved ones.

J. M. WHITAKER DEAD

Many hearts were saddened at the death of Joseph Montgomery Whitaker, 66 years, 9 months, 18 days, who passed away at the home of his son, Fred Whitaker, at noon, Friday, January 5, following a several months illness. Mr. Whitaker underwent an operation in September, from which he never fully recovered. He remained in the Harris hospital in Fort Worth until about a week ago, when he was brought to this city to the home of his son. Funeral services were conducted at the Methodist Church at Vincent at 2:30 p. m. Saturday, January 7, by Rev. J. M. Cochran, pastor of the Coahoma Methodist Church, and the remains were laid to rest in the Vincent cemetery.

Mr. Whitaker who made his home northwest of Big Spring for many years was one of our most highly respected citizens. He was esteemed by both young and old and was a good christian gentleman. He was kind and unselfish and everready to lend a helping hand to those in need. His death is sincerely mourned.

He is survived by his devoted wife, six sons and two daughters, W. T. Whitaker, Olton, Texas; J. K. Whitaker and J. Fred Whitaker of this city; B. F. Whitaker, George S. Whitaker and Frank Whitaker of Vincent; Miss Delphina Whitaker of Vincent, and Mrs. J. A. Brashers of Knott, and a sister, Miss M. A. Whitaker who made her home with him. All were here to attend the funeral services.

Heartfelt sympathy is extended the grief stricken ones.

BUILDING PERMITS ISSUED

The following building permits have been issued by the city the past week:

R. H. Waldo, a brick business building on East Third street, size 24x50 feet, estimated cost \$3000.

Mrs. Hattie Crosssett, a residence 20x34 feet on Aylford street; estimated cost \$2000.

J. W. Bradley, a frame residence 38x40 feet at 1800 Main street; estimated cost \$4000.

C. H. Banner, tourist camp and filling station in Baner addition; estimated cost \$2000.

Mrs. S. H. Morrison, a 3-room residence for Mexican parish house; estimated cost \$450.

Robert Michael, a filling station on lot 11 in Price Addition; estimated cost \$300.

J. W. WARD SERIOUSLY ILL

The many friends in this city are hoping for the early recovery of J. W. Ward, postmaster, who has been seriously ill since last Sunday. A noted specialist, Dr. Carpenter of Dallas, was here Tuesday to confer with local physicians as to the necessity of an operation.

Mrs. Ward and Mrs. Molly Grady a sister of Mr. Ward, arrived Wednesday night from California to be with their loved one.

FREIGHT WRECK NEAR WARFIELD

Eight tank cars were derailed and damaged when an oil train was sidetracked by another freight on the Texas & Pacific railway passing track at Warfield, 50 miles west of Big Spring, Monday night. Traffic was delayed about five hours while the wreckage was being cleared.

Mrs. R. N. Adams was a business visitor in Big Spring, Tuesday.

It Pays to Read Herald Want Ads

It was with deep sorrow that the news of the death of George C. Carter, 49 years, 1 month, 25 days, who passed away in the hospital at Wichita Falls at 10:10 o'clock Sunday night, Jan. 8, was received in this city. Mr. Carter has been in ill health the past few months. He underwent an operation at the T. & P. hospital at Marshall in September, and instead of regaining strength he became weaker. Mr. and Mrs. Carter and children left Christmas week for Wichita Falls where Mr. Carter was placed under treatment in the hospital there. His condition showed no improvement and death took the upper hand.

The remains were brought to this city on passenger train No. 5 Tuesday morning, accompanied by his wife and children, his sister, Mrs. Albert Dennis of Wichita Falls, and brother Don Carter of this city, who were at his bedside when the summons came.

Funeral services were conducted at the First Christian Church at 4 o'clock Tuesday afternoon, Claude Wingo, pastor, officiating. Members of the Masonic lodge and the Order of Railroad Engineers, of which Mr. Carter was a member attended the services in a body. The Masons concluded the services at the graveside in Masonic cemetery. At the conclusion, members of the Engineer's Auxiliary lowered the casket of flowers into the grave.

Mr. Carter has made his home in Big Spring a number of years during which time he has been in the employ of the T. & P. railroad. He had proven himself to be an efficient and loyal employee and was held in high esteem by his fellow workmen and officials. He was a substantial citizen, a true friend, and a kind and indulgent father, and many hearts mourn his loss.

Deceased is survived by his devoted wife, three daughters, Misses Donna, Addine and Agnes Carter, a brother Don Carter of this city, and two sisters, Mrs. Albert Dennis of Wichita Falls and Mrs. Annie Lewis of Vernon. Mrs. Lewis was unable to attend the funeral services.

The Herald joins the friends of the family in extending heartfelt sympathy in the loss of their loved one.

GRANDMOTHER WISE DEAD

Mrs. Rebecca Virginia Wise, 73 years, 3 months, 14 days, passed away at the family home northwest of Big Spring on Saturday, Jan. 7, following an illness of several months. Funeral services were conducted at the Center Point Church by Claude Wingo, minister of the First Christian Church, Big Spring and Rev. J. M. Cochran, pastor of the Methodist Church at Coahoma. Burial was in the Masonic cemetery.

"Grandmother" Wise, as she was familiarly and lovingly known by everyone has been in ill health since August, but because of her cheerful nature, and kindness, she bore her suffering patiently and with forbearance. She was born in Mississippi but has made her home in Texas many years. The Wise family have made their home in the R-Bar community a number of years. Mr. Wise who passed away in 1908, was a highly respected farmer of that community.

Deceased had lived the consistent life of a christian since early life, and practiced the teachings of the Golden Rule in her daily living. She was ever thoughtful to others and was ever ready and willing to render aid to those in need.

Surviving—her are the following children: W. H. Wise and Lester Wise of Big Spring; I. D. Wise and Miss Beattie Wise of the R-Bar community. C. C. Wise of Stanton, Mrs.

News From Other WT Fields

and Loving One
For Heavy Drilling
 Four new rigs in the field, reports of others to be located coming year, Reeves and Loving Counties appear to be in line for or less extensive development in spite of the small production present.

Several new major companies entered the field buying acreage for the first time. Phillips Petroleum Company is the latest, purchasing about sections of land in block 54, slip 2, in Loving County, near Green & Sloan location. Practically all of the acreage south of is leased, though few wildcat wells ever been sunk in the county.

Loving County, two new wells have spudded the past week, and their deep tests which were drilled to below 4000 feet never they find the oil bearing.

Lockhart Company's Lockhart No. 1, located about a mile from the Lockhart Allen well, is drilling steadily having spudded last week. They have more than 600 feet of hole at last report.

Grisham-Hunter, well in Loving County, along the west bank of the river north of Arno, was spudded on their location, present depth of over 100 feet. They will drill ahead as fast as possible, making a test of over 1000 feet if necessary to reach the sands.

Delaware Oil Company's Loving County, which is a distance east of the old Toyah well, is now rigging up and will be spud in the next few days. A long dig after production, the first venture of this big field in either Reeves or Loving Counties.

Green & Sloan are drilling ahead W. D. Johnson No. 1 well, at the Slash ranch head near the center of Loving and hope to complete this well in the next few months if possible. They spudded in early last week and shut down for a while when a slump occurred.

New location made by the Delaware Oil Company in Reeves north of Toyah, is just about spud on their test which is the Grisham-Hunter No. 1. This company is another to first how to the Reeves field—Pecos Enterprise.

News in Lynn County
 A party of ten or twelve men reported to be geologists in the employ of the Delaware Oil Company arrived Tuesday their necessary equipment, and have taken temporary residence here. It is currently reported that the Delaware Oil Company has taken Hart well and expects to spud the hole, though we have no information to this effect.

It has also been current that gas and oil, one or both, have been encountered in the well 18 miles west of the Brownfield ranch. It has been unable to verify this, however, and the Delaware does not seem to give much credence. The probability is that a small pocket of gas and nothing more.

"Broadway of America" Meet

This popular National Highway to Come Thru Big Spring by way of the Bankhead Highway

At a meeting in El Paso last November an organization was formed to designate, improve and advertise a highway from Broadway New York to Broadway San Diego; this highway to be known as the "Broadway of America."

Officers were elected, these to constitute an executive committee for the purpose of designating highway and organizing a large convention of representatives along the entire highway, for the purpose of launching a permanent Broadway of America Association.

Since the meeting in El Paso on the 12th of November, your Executive committee has had several meetings and we beg to report to you upon the progress we have made, as follows:

- The Route:** Your executive committee has designated the following route as the official route of the Broadway of America: On Federal Highway No. 80, from San Diego, California, through Yuma, Phoenix, Tucson and Bisbee, Ariz., through Lordsburg, Deming and Las Cruces, N. M., through El Paso, Pecos, Big Spring, Abilene, Fort Worth and Dallas, Texas; thence by Federal Highway No. 70 from Little Rock, through Memphis, through Jackson, through Nashville, to Knoxville; thence by Federal Highway No. 11 from Knoxville through Bristol, through Roanoke to New Market; thence from New Market by Federal Highway No. 211 to Washington, D. C., and thence by

Federal Highway from Washington, D. C. through Baltimore, Maryland, through Philadelphia, Pa., to New York.

The above is the route as designated, with the exception that an additional route is chosen from Abilene through Albany to Breckenridge, joining Highway No. 80 at Palo Pinto; also an additional route has been selected from New Market to Winchester back to Fairfax. Your executive committee has confirmed the entire above route through the U. S. Bureau of Public Roads and the entire route proceeds over primary Federal Aid Projects. A mailing list is now being worked up on all towns, counties, chambers of commerce, automobile clubs on the entire route.

- The Convention:** Your executive committee has accepted an invitation from Memphis, Tenn., to hold the convention in that city. The purpose of this convention will be to formulate and perfect the permanent Broadway of America Association. The convention will be held along about the middle of April the exact date to be announced later.
- Organizing Convention:** Your executive committee proposes to get out a broadcast to all towns, counties, chambers of commerce, automobile clubs, etc., along the entire route, explaining the Broadway of America idea, and requesting every locality to join the motorcade, proceeding to Memphis, Tenn. This motorcade will start from San Diego, Calif., headed by Colonel Ed Fletcher will proceed along the route picking up delegates along the entire route until it reaches Memphis. Your executive committee also plans to organize another motorcade, originating in New City, which motorcade will be scheduled to arrive at Memphis, Tenn., simultaneously with the one headed by Colonel Ed Fletcher. Work is now being done on the itinerary for these two big motorcades, and these itineraries will be inserted in the broadcast.

The El Paso Chamber of Commerce is carrying all the preliminary overhead expense in organizing the association, and is doing the work for your committee.

Your committee in no way indorses any magazine or publication as being the official magazine of the temporary Broadway of America Association.

If any of you, as directors, have suggestions to make with reference to plans already made, we would appreciate your making them.

Help us grow. Collins Bros., Drugs.

VINCENT ITEMS
 The hearts of everyone were made sad Friday, by the death of Mr. J. M. Whitaker.

Mr. Whitaker was one of the pioneers of Vincent, having resided in this community for many years. The funeral services were held at the Methodist church, after which the body was laid to rest in the Vincent cemetery.

Besides his wife the deceased is survived by his children, Mr. Ben, Frank, and Sherman Whitaker, of Vincent; Mr. John and Fred Whitaker of Big Spring; Mr. Tom Whitaker of Plainview, Texas; Miss Delphia Whitaker of Vincent, and Mrs. George Brashears of Big Spring, also one sister, Miss Molly Whitaker of Vincent.

We have been having pretty cold weather but it is warmer now.

Mr. Dick Shafer returned to Lubbock last week where he is attending school.

Miss Avvie Bishop spent the week end with home folks in Abilene.

MOTOR LICENSE
DEADLINE JAN. 20
 AUSTIN, Texas, Jan. 10.—A deadline of Jan. 20 has been set by the State Highway Department officials for the registration of motor vehicles in Texas, after which time, orders state, prosecutions will be closely pressed and penalties of 25 per cent will be assessed on the operators.

R. A. Thompson, State Highway Engineer, issued these orders Tuesday to all County Tax Collectors upon receiving information that licenses were not being procured as fast as they should and that a majority of the vehicles were being operated without new licenses.

Dr. Wilke says:
