FRIDAY NIGHT'S PROGRAM LAST ONE FOR GRADS

Formal completion of graduation exercises for Hereford High's 51 Seniors will take place Friday evening at the auditorium, with Dr. J. A. Hill of West Texas State Teachers College at Canyon giving the commencement address.

Members of the class will be featured on the program. Mary Kate Brotherton, salutatorian, and Sallie Gilbreath, valedictorian, will make their official addresses.

Marvin Thomas will pronounce the invocation. Efflye Whitsett and Nancy Conkright will sing a duet, and a quartet composed of Elizabeth Ireland, Betty Jones, Leys and Troys Carmichael will sing "When a Maid Comes Knocking at Your Heart."

Following Dr. Hill's address, diplomas will be presented as well as scholarship and honor awards. Sully Skelton will give the invocation. Edgar Pickett is slated to play the professional.

It is the 29th annual commencement of Hereford High school. Hour of the program is 8:15.

Old Time Cowboy Makes Visit Here

Almost 50 years ago Tex Bishop was a well known cowpuncher in the Panhandle. A little man and of English extraction, he came by the nickname "Tex" naturally, as he was christened Baxter St. George Bishop. Tuesday afternoon he returned to the Panhandle from his home at Phoenix, Arizona, with Frank Williams of Phoenix, a frequent visitor here.

In Hereford Bishop met up with two of his old buddies, Bob Baird and Uncle Walk Brady, both of whom worked with him on the old T-Anchor Ranch. Bishop also worked on the LX and XII. They recalled the drilling of the well at the T-Anchor headquarters north of Canyon where the old log house still stands. It was the first well in Randall county.

Since leaving the Panhandle Bishop has lived in Montana, where he engaged in business; in Klamath Falls, Oregon, where he was mayor and later state senator. In Grant county, New Mexico, he was sheriff and engaged in the cow business with Vick Culbertson, former president of the National Cattleman's Association. From there he moved to Phoenix, where he now lives.

He went on with Mr. Williams to visit in Amarillo and call at the T-Anchor headquarters. He will return to Phoenix the latter part of the week. For a man of his years, Mr. Bishop is still quite active. He weighs only 126 pounds "but he was as good a cowhand as ever rode a horse," old-timers declare.

County Commissioner W. B. Phillips has been ill at his home all this week.

Half Dozen Projects Employ Relief Labor

Athletic Field, Sanitation, Gardens, Road Receive Improvements In Program.

A half-dozen projects—manned by relief labor—are under way in the county. More than a dozen men are employed building bleachers and improving the grounds at the high school athletic field. Two community gardens are well under way.

A crew of 14 is at work on sanitation projects under the supervision of Beryl Witherspoon, building sanitary pit toilets and septic tanks, mostly for farm homes. Improvement is being made in the bridge on 25-Mile Avenue north of Hereford. Another crew is repairing culverts and cleaning drainage ditches on county roads.

W. W. Chilton, administrator, advises that direct relief for those who cannot be provided work is continuing. "All needy persons will be furnished food and clothing," he said. "We want also to emphasize that those on relief should raise gardens. We will furnish orders for seed if they will call."

Ellsworth Talk Will Be June 2

Dr. J. O. Ellsworth, head of the agricultural economics department at Texas Tech, will address the farmers and business men here in the district court room on the afternoon of Saturday, June 2. The hour will likely be 2:30, according to Alex Thompson, chamber of commerce president. The chamber is sponsoring the talk. Dr. Ellsworth spoke at the recent banquet of the chamber, given in honor of the county wheat board.

He is being brought back because of the popular demand. A number of citizens have requested that he be allowed to give a complete outline of his ideas of the agricultural situation. His talk at the banquet, as he pointed out, was necessarily sketchy. Dr. Ellsworth has worked with agriculture in the Panhandle and in Oklahoma for the past 30 years, having been with Oklahoma A. & M. College before taking up his present work.

FARMERS COOPERATION SOUGHT IN MEASURING WHEAT ACREAGE

C. N. Harrison, Jr., engineer with the highway department who has been stationed here since last fall, returned to Canyon Sunday. Harrison was to supervise construction work on Highway 33, but labor for the project was not furnished by the relief department as required by the highway department.

Measuring of wheat farms is being hindered in the county by failure of farmers to stake off wheat lands, and acreage contracted to be withheld from cultivation, according to County Agent Dewey Reed. "It is absolutely necessary," he pointed out, "that we have cooperation of the farmers in this work. There are several things we must do in proving compliance with the contracts and one of them is measuring off the acreage—it is by far the most important. We are asking that farmers stake off all plots of land concerned in the contracts as they must be measured. All delay and failure to assist results in added expenses which will be charged to the county's allotment."

Nine crews are doing this work, one in each of the county's districts. Deadline for completion of the compliance check is June 16. Farmers are urged to call at the county agent's office when they are notified by card to fill out the certificates of compliance.

Mercer's Fighting Firemen To Play Series In Amarillo

Jess Russell and his league-leading Firemen will journey to Amarillo tomorrow where they will play the high-flying Amarillo Governors the first of a five-game series. The Governors, under the tutelage of Skeet Gibson, are developing into the fastest young baseball team in the Panhandle.

The series will start with the Friday game, a single game Saturday and a double header on Sunday, all at Metro Park in Amarillo. The series will last until one team wins three games.

Russell has not announced his lineup, but he will use several players from other league teams to strengthen his crew. Onias Carroll will likely pitch the opener.

Jess, Pleas Baker, Buddy Witherspoon and Clay Angelo are figured as the infielders, with Babe Russell, L. B. Russell and Carmichael in the outfield and Dick Bountree and B. H. Hopkins doing the catching.

The Amarillo crew is undefeated. Pampa's young team was their latest victim, dropping a pair of games.

Union Revival To Be At Christian Church

Union revival services will be started Sunday night at the Christian church. The Presbyterian, Christian, Baptist and Methodist churches will cooperate in the two weeks meeting. Reverends E. R. McWilliams, W. M. Griffin and T. C. Willett will do the preaching.

Meetings will be held each night except Saturday at the Christian church, beginning at 8 o'clock. Committees are at work now arranging special music and zoning the city to make visits and surveys for attendance. Prayer meeting groups are being organized.

Meetings for the young people will be held each evening before the regular services. Everyone is invited to attend. Further announcements will be made at the Sunday night services.

last Saturday and Sunday in Amarillo.

Fred Langer Dies of Long Illness

Fred Langer, 76 years old, pioneer West Texan and a resident of Hereford for the past 14 years, died last Sunday at the home of his son, Joe Langer, in Bovina. He had been ill for some time and had been at his son's home a week before his death.

Funeral services were held Monday morning at the Catholic church in Bovina, with Fr. Mathias, of the Hereford Catholic church, officiating. Burial was in West Park Cemetery here Monday afternoon following a short service at the Hereford Catholic church.

Five children survive Mr. Langer, who was a widower, his wife having died here eight years ago. The children are two sons, Joe, of Bovina, and Fred of San Pedro, California; and three daughters Mrs. George Amundson of Ismay, Montana; Mrs. Edward Stangler, of St. Peter, Minnesota, and Mrs. Truman Hines of Hereford. There are also two brothers and a sister who live in North Dakota.

Fred Langer was born at Waukegan, Wisconsin, May 26, 1858. As a child he moved with his parents to Plainview, Minnesota. In 1884 he was married to Minnie B. Springer. In 1908 they took up their residence at Bovina where they resided until 14 years ago when they moved to Hereford.

Free Parking Given By City On Saturdays

Mayor Charles Paddock has announced that the city will furnish free parking space to shoppers and visitors in Hereford on Saturdays. The lot north of the Hawkins building, back of the Piggly Wiggly store will be used. Mayor Paddock said the lot will be lighted and a watchman will guard the cars at night. This action is in line with the policy of making parking space available to the Saturday crowds, recently started by the mayor.

Seniors Hold Elaborate Class Night Exercises

A lot of fun and a few tears marked the observance last evening at the high school auditorium of class night by the graduates.

Nancy Conkright played the professional, then the group sang their class song with Marvin Thomas leading, and Theda Lou Slaten played the accompaniment. Friendship was the theme of a talk given by Estelle Gilliland. Efflye Whitsett sang Barron's solo. How We Hunted a Mouse was explained by Sallie Gilbreath, then Peggy Valentine addressed her classmates on Seniors of '34.

Elizabeth Ireland, Bettye Jones, Leys and Troys Carmichael sang several quartet numbers and were followed by Walter Seed, who talked on Sportsmanship. Song of Songs was Dean Story's offering. Much merriment resulted from Sidney Fuller's presentation of the class history. Hugh Harman played his trombone.

The future was read by Henry Jewell as he gave the class prophecy. Last will and testament of the class was read by Virginia Line. Farewell to Thee was sung by Leona Tiefert to wind up the program, and Basil McKinley dismissed the class.

Tom Vaughn Asks Commission Post

Tom L. Vaughn today announced that he is a candidate for commissioner, from precinct No. 2 of Deaf Smith county, subject to the Democratic Primary of July 23. Mr. Vaughn solicits the support of his friends and the voters of the precinct.

He has lived in Deaf Smith county since 1906. His farm home is ten miles west of the city on Harrison Highway. He is a son of D. E. Vaughn.

"I promise the best that I can give if elected to the office," he declares. "My friends will testify as to my integrity, character and ability."

EXTEND LIMIT ON CROP LOAN UNTIL JUNE 1

Deadline on crop loans will be June 1. Extension from May 15 was made last week. Limit on loans here was raised from \$250 to \$400 through the efforts of Congressman Marvin Jones. This year's feed crop is collateral for the loans. Applications are being taken by Miss Peggy Mitchell at the chamber of commerce office. Conditions governing obtaining of loans have not been changed.

Through Wednesday applications for 270 loans had been made here. Nearly all of them will be granted. Average amount on these applications is \$75. J. E. Brown of Dallas, state supervisor of the crop loans, was in Hereford Tuesday checking up on the work of George Muse, chairman, Gus Streu and H. G. Conkright, committee men.

Senior Sermon Is Given by Willett

Spiritual relationships with God and with one's fellow man were stressed by Rev. T. C. Willett, Methodist pastor, in his baccalaureate sermon to Hereford High's 51 Seniors last Sunday evening at the school auditorium.

Mrs. C. H. Dyar played the professional and choir composed of Meses. A. C. Hales, H. K. Fox, B. M. Whitshire, A. O. Thompson, A. J. Schroeter, A. C. Thompson, and Messrs. Will Kerr, E. R. McWilliams, John Biggs and Urshel Young sang. Mrs. Carl Mounts gave a vocal solo.

Rev. McWilliams read the scripture lesson and Rev. W. M. Griffin pronounced the invocation. Parents and friends of the graduates filled the auditorium for the service.

Finish High School Bleachers Next Week

Bleachers at Whiteface Stadium will be completed within the week, announces B. H. Hopkins. The new stands are being built on both sides of the field, 44 yards on the west and 16 on the east, each placed in the center. These 60 yards of bleachers will furnish 600 seats. The bottom row of seats is built high enough to enable spectators to see over the tops of the heads of those who stand along the side-line fences.

In addition to the bleachers, two-inch pipelines have been laid to the field to facilitate watering of the Bermuda grass on the turtle-back gridiron. A pipeline has been laid along the tree row between the school building and the field and also two inch lines are being installed in the grounds in front of the high school building and the tennis court backstops are being rebuilt.

Labor for the project is being furnished by the relief office and materials purchased through sale of reserved seats in the stands by the Lions Club.

New Wheat Contracts Ready for Reviewing

More than 75 new wheat contracts were drawn up here in the re-opened wheat reduction program, according to Dewey Reed. These are to be submitted to the district board of review at Amarillo upon call. After the contracts are reviewed, they will be sent to Washington for allotment payment. No more contracts will be taken.

WOMENS' CLUBS NAME LEADERS IN DOWNTOWN BEAUTIFICATION

Captains for certain blocks and public grounds, to direct beautification works have been named by the Bay View and Business and Professional Women's clubs. Merchants and property owners are urged to cooperate by making the general appearance of their property as attractive as possible. This includes cleaning of windows, arranging of merchandise and removal of trash.

Captains suggested by Miss Lillie Hostetler, chairman, for the various blocks and areas are as follows: Brand block, Mrs. Minnie Hanna; Central School block, Ella Broadwell; City Hall and premises, Eva Skelton; creamery block, Bessie Smith; First National Bank block, Edah Park; Gass & Son block, Mrs. N. E. Gass; High School block, Sayde Rigler; Hospital block, Edna Bruner; Post Office block, Cecil Williams; Sales Pavilion block, Lillie Hostetler; Bell Telephone block, Iva Cocanougher; Star Beauty Shop block, Bess Jennings; West Texas Feed Co. block, Viola Carpenter; West Texas Gas Co. premises, Victoria Wilson.

Ninety-nine seniors and old grads attended the annual banquet Tuesday evening of the Hereford High school Alumni Association at the Christian church. Hal Kester was elected president to succeed Edgar Ireland, Jr.; Ina Mae Hastings takes Mrs. Early Joiner's position as vice president, and Nora Alice Daniel was named secretary, replacing Lueta Borden. Ireland welcomed the class of 1934 to the ranks of the alumni with Kermit Wilson, class president, responding. Marlin Gilliland, toastmaster, directed proceedings and contributed a reading to the program.

Rev. E. R. McWilliams gave the invocation. A duet was sung by Lueta Borden and Ruth Marie Mountz. Mary Posey gave a violin selection. Edgar Pickett played a piano solo. Music throughout the banquet was played by Herb Sindt's orchestra.

Members of the graduating class were furnished tickets by the chamber of commerce.

Adult Education Will Be Resumed

Adult Education classes will be resumed next week. Approval of the project authorizing employment of six teachers was received Wednesday from the state department of education. The project sponsored by CWA and terminating last March will be taken up where it left off at that time.

Persons interested in enrolling are asked to get in touch with Miss Lillie Hostetler, county librarian. Classes will be started as soon as possible. Subjects offered will include practical radio, English, Spanish, Latin, mathematics, history, business courses, arts, physical education, public speaking and business mathematics.

Teachers authorized to direct the work are S. L. Easley, Mrs. R. E. McCullough, Ella Broadwell, Frances Dameron, Katherine Kirby and Nell Kester. Classes will be held at the court house. No tuition of any sort will be charged and in many cases textbooks will be furnished by the library.

To Observe Memorial Day

Memorial Day, next Wednesday, will be observed by the Hereford Post, American Legion. The program is being worked out by Prentice Rosson, C. W. Humble, Ralph Smith and Sank Ramey.

Deaf Smith county joined in the Panhandle-wide fight to get the area's just dues in the way of emergency drouth relief.

The fight, sponsored by Gene A. Howe, of the Amarillo News, has been taken direct to President Roosevelt.

County Judge C. W. Humble, Mayor Charles Paddock, W. W. Chilton, relief administrator, Alex O. Thompson, chamber of commerce president, and N. E. Gass, city commissioner, attended the mass meeting in Amarillo Monday night and endorsed all moves to obtain the funds set aside last fall for this area.

This county stands to obtain permanent improvements on Highway 33 and 25-Mile Avenue if funds are allocated. Last week Jim Lipscomb, relief chairman, Humble and Commissioner Jack Rose were in Austin conferring with state highway officials in regard to road building.

Chairman John Wood, D. E. Martin and Judge W. R. Ely of the Highway Commission stated they would approve any project regarding 25-Mile Avenue that is recommended by W. J. Van London, district engineer, and Chilton. This means that the road will be built if the funds are made available.

Finishing of Highway 33 was approved by the highway department last February, but is contingent upon relief labor. The department has arranged to furnish materials. Furnishing of the labor through the relief department depends entirely upon making the special funds available.

Meanwhile the farce regarding Panhandle drouth relief is continued by Federal officials. Their latest move is a request that the agriculture department study conditions here to see if special attention by relief authorities is warranted. While this is going on plans are being made for the immediate expenditure of 50 million dollars in middlewestern states following last week's sandstorm in those areas.

Last fall the President recommended that this country be furnished with \$8,900,000 for road work as drouth relief. The money is still being sought. State and Federal officials pass the buck back and forth. Daily reports from Washington state that Congressman Marvin Jones and Senator Tom Connally have been assured that the funds have been located and will be spent here. So far, those promises have been the extent of the benefits received here. Citizens of Deaf Smith county are unanimous in endorsing the fight sponsored by the Amarillo editor.

H. B. Connor of Claude was here the first of the week on a business trip.

Firemen Trounce Lions Again

BY HOMER FOX

Tuesday afternoon the old, long-haired, roaring Lions and the fire-fighting, ball-playing firemen staged a real thriller in a variety of baseball that would make Heinz pickles look like nothing. Booming, kicking, boneheading, biting, crying, scratching, gripping and strike-outting, that would make a Maatell wrestling match look like a pink tea party. Mercer's boys won 11 to 9.

The Firemen made three runs in the first, on a walk, an error and two doubles by Carroll and J. Russell.

The Lions came back with two runs, on two errors and one bonehead.

The Firemen failed to reach second in the second, and the Lions came across in their half of this frame with three runs, with four singles, taking the lead by two runs.

Someone turned in an alarm and the blaze-killers rushed out old Nappy and pushed two more across to tie the score in the third, with one hit, an error, a F. C., and a couple of boneheads. After two men were out in the third, Speed Patton singled, but Posey popped to catcher.

Then it did happen: In the fourth play ball, and it went for a home run, scoring three runs.

The Lions made two more in the sixth, after one out. Close was safe on an error by third; Robinson was safe on another error, of course—those Lions certainly poured it on that old boy on third all during the game. They hit him with that ball every place on him except his glove.

Anyway, old Hop stuck out his chest and stepped into the bucket (it's a big bucket) with just one idea of bringing those two runners in, and he did. The pitchers have thrown every place to Hop except behind him, and they just can't get him out—he hit

RELIEF

Quite a lot will be written throughout the Panhandle this week on the drouth relief situation. Much comment will be made on the editorial carried last Sunday in the Amarillo News-Globe. We congratulate the Amarillo paper on its courage and leadership in sponsoring a move to take the Panhandle's problem direct to the President.

Gene A. Howe, editor of the Amarillo paper, places the blame for neglect and betrayal of the Panhandle squarely on the shoulders of Federal Administrator Harry Hopkins. It is the belief of the Brand that a more friendly feeling for the Panhandle in the state office at Austin would have resulted in a more favorable distribution of relief funds. As for Deaf Smith county, it is due to local administration that we did not share more largely in CWA relief last fall and winter.

Our hats are off to the Amarillo editor, however, and we are ready to fight with him for the Panhandle's just dues.

WHEAT PROGRAM BENEFITS

Canada has taken steps to comply with the International Wheat Agreement and is thus cooperating with the Agricultural Adjustment program of the United States. A marketing control program will be put into effect for the 1934 crop if estimates show the yield will total more than 385 million bushels. This amount is the estimated yield should acreage be cut 15 per cent as was done in this country. Argentina, on the other hand, threatened to glut the world wheat markets by keeping production as high as possible, ignoring the International Wheat Agreement.

Be that as it may, farmers are partially insured against poor price and drouth by the wheat allotments. Few Texans paid much attention when they signed the contracts, but the 20 cents per bushel payments for 54 per cent of what the farmer raised between 1928 and 1932 came in handy this year. There's a drouth on here now, but there will be another wheat check along next month and it will help.

The crop insurance feature of the wheat program is important. It means better income from the crop, improved prices and protection against ruination through accumulation of great surpluses. It also means a balanced income for farmers as between one year of cruel drouth and other years of plenty. It means sustaining the purchasing power of the farmers through the years.

A LONG TIME AGO IN HEREFORD

(From The Hereford Brand, May 22, 1933.)

The Amarillo Champion told of a new railroad project originating in that city, going from there to Big Spring, San Angelo and thence to a direct Gulf port connection.

XIT officials denied the report out of Chicago that the company had lost 13,260 cattle within the past two months, and placed actual losses at 7,500 head. Cause of this loss was not given.

Mayor and Mrs. R. W. Davis had been hosts to the Mysterious Club.

Hereford Public Schools were closed May 15 with appropriate programs.

Heavy rains had caused postponement of an ice cream supper for the benefit of the ball team and band, and was to be given Friday evening.

B. W. Miller, T. H. Collins, W. H. Rayzor, W. H. Russell, T. J. Graves, R. F. Holloway, Ross W.

Davis, S. H. Morris, J. A. Williams, R. J. Graves, J. W. Morris, G. W. Dale, Jno. P. Slaton, F. B. Fuller, C. G. Witherspoon and L. Gough had received notification of their appointment as notaries public.

A seven-car special train carried members of the Kansas City Commercial Club on a tour of the Panhandle, and a brief stop was made in Hereford.

The ranch house occupied by C. C. Wilson and situated about seven miles southwest of town had been destroyed by a miniature cyclone on Wednesday. A 17-day-old infant was instantly killed, and Mrs. Wilson later died of injuries. Mr. Wilson was seriously injured, as were other members of the family.

"The man who went out to milk and sat down on a boulder and waited for the cow to back up to him, was the eldest brother of the man who kept store and did not advertise, because he reasoned that the purchasing public would back up to his place when it wanted something."

(From The Hereford Brand, May 23, 1913.)

Hereford had just closed a contract with a Wichita concern for the purchase of a new fire engine.

Misses Mate Hunt, Ethel Fuqua, Edna Fuqua, Zollie Garrison and Hazel Wilson were listed among the graduates of West Texas State Normal, Canyon.

Closing exercises of Hereford schools were to begin Sunday with a sermon by Rev. R. H. Purser, to be followed Monday evening by the class play, graduation exercises on Tuesday evening. Graduates were Mary Blacet, Jewel Baster, Lois Garrison, Clara Lambert, James R. Lipscomb, Jesse E. Lust, Bessie Nance, Alma Norton, Cotta Slak, George E. Webb, Nell Wilson and Virginia Wyche.

By Their Words

What Panhandle Papers Say

The second year of the farm adjustment administration began Sunday; it was a year of cooperative effort unprecedented in America. Nearly three million farmers enrolled in plans to control production, a goal which has always been desirable but always a mirage. Secretary Wallace reviewed the year's attack on huge farm surpluses and declared the outstanding accomplishment was "driving home to the farmers themselves the cause of their trouble." There is much yet to be done in some lines. The plans so far carried toward success, however, have shown a means which has been heretofore lacking, devised to overcome an emergency so great as to threaten the fundamental industry of our nation.—Curry County (New Mexico) Times.

Advertising is misunderstood to considerable extent by many merchants. Some of them take it for granted that the people in their trading area know that they are in business, what they sell and give them such business as they may have. The business men are aware of the fact that large department stores in the cities occupy buildings that are sometimes outstanding and the object of amazement to their customers. Certainly, everyone in the trading area knows that the department store exists and because they sell practically everything, and what they have for sale. Nevertheless, it is not uncommon to see a large department store using from three to four pages of advertising in a single issue of the large newspapers at a tremendous cost. However, measured in results the cost dwindles and, in the end, the wise manager of these stores knows that "advertising pays."—Turkey Enterprise.

Have you ever noticed that no matter where you are visiting some one is pretty sure to suggest driving around and seeing the pretty yards in his town? It is natural for citizens with any degree of pride to be proud of pretty yards, and the citizens who strive to beautify their homes are in this respect public benefactors. You can have fine

furniture and things like that and keep them strictly for your own use and enjoyment, but a pretty yard affords pleasure to every passerby.—State-Line Tribune.

A candidate who will not patronize home industries, at least when all other conditions are any ways near equal, is not entirely sincere in his aspirations to serve the constituents of the county in which he lives. He is dominated by selfish motives—probably the salary attached to the office. Any candidate who goes outside his county to have his candidate cards printed when there is within the border of that county a printing plant that can serve him adequately and perhaps even better, is scabbing on the interests he proposes to represent. If a candidate will do such as that before election there is no telling what he will do should he become elected to office. Voters had better beware of such at the ballot boxes.—Muleshoe Journal.

The startling speed with which three men involved in the Gettelle kidnapping in Los Angeles, were given life sentences, is the most significant move made to halt crime in years. Within two days after their capture they were sent to jail for life. When our court procedure in this country is speeded up so a man can be tried and convicted or freed within one or two weeks after a crime is committed, there will be a marked decrease in criminal activities and a tremendous decrease in court costs and taxes. It will also bring about a revolutionary respect for law.—Dalhart Texan.

Lubbock has a candidate who will not reveal his name until he completes publication of a series of advertisements setting out the issues involved. At first glance, it looks like an excellent approach to his candidacy. He wants no personalities to color the consideration of his platform. But, thinking it over leisurely, we're not convinced of anything but that he has a clever advertising manager.—Olin Hinkle, Pampa News.

NOTICE OF SHERIFF'S SALE OF REAL ESTATE

By virtue of an Order of Sale issued out of the Honorable 14th Judicial District Court of Texas in and for Dallas County, on the 12th day of May, 1934, in the case of THE DALLAS JOINT STOCK LAND BANK OF DALLAS versus T. C. CALLEY ET AL, No. 7256-A, and to me, as Sheriff, directed and delivered, I have levied upon this 21st day of May, A. D. 1934, and will between the hours of 10 o'clock A. M. and 4 o'clock P. M., on the first Tuesday in July A. D. 1934, it being the 3rd day of said month, at the Court House door of said Deaf Smith County, in the City of Hereford, proceed to sell at public auction to the highest bidder, for cash in hand, all the right, title and interest which T. C. Calley, Doyle V. Calley, E. L. Walser, J. A. Bray and the Lubbock National Bank had on the 1st day of January A. D. 1934, or at any time thereafter, of, in and to the following described property, to-wit:

All that portion of land situated in Deaf Smith County of the following described land:

Being situated in Castro and Deaf Smith Counties, Texas, and being all of Section No. 71, in Block M-7, containing 655.4 acres of land, and

Being the same land conveyed to T. C. Calley by S. L. Easley and wife, by warranty deed, dated July 25th, 1924, recorded in Volume 30, Page 620, Deed Records of Castro County, Texas.

Said property being levied on as the property of said above named persons and will be sold to satisfy a judgment amounting to \$10,140.49 against T. C. Calley, together with 8% per annum interest thereon from the 11th day of April, 1934, in favor of THE DALLAS JOINT STOCK LAND BANK OF DALLAS, and costs of court and the further costs of executing this writ:

GIVEN UNDER MY HAND THIS 21st day of May, A. D. 1934. J. B. MILLEN, Sheriff, Deaf Smith County, Texas.

They're paid to be dissatisfied with telephone service

Testing for decay with a pole prod

The men and women who furnish your telephone service here could not do their job so well without the help of Bell Telephone Laboratories, research organization of the telephone service.

Four thousand workers in Bell Telephone Laboratories, the research organization of the telephone service, search constantly for scientific short-cuts and inventions that will give you better telephone service at a low cost.

They have, through their researches, made it possible for you to talk across continents and seas. They have made a single long distance line carry four simultaneous conversations. In scores of ways, they have contributed to the quality and clearness of your local telephone service.

Bell Laboratories is one of a specialized group of organizations that serves the 24 Bell operating companies, of which the Southwestern Company is one. It plays an important part in giving you good telephone service at a fair cost.

This is a fundamental Bell System policy. Back of it is our belief that in an undertaking planned, like the telephone service, for the long pull, what is best for the telephone user becomes in the end the policy that will bring us the sounder, more enduring success.

1,000 See Rockwell Paint Demonstration

Introducing BPS paints at Rockwell Bros. Lumber Co., a three-day demonstration was held last Thursday, Friday and Saturday at the firm's store. W. P. Luther of Fort Worth, factory representative, and Harvey Cooper, Childress, conducted the demonstration.

More than 900 visitors called at the office, according to John

Olson, manager, and each was given a small can of paint. More than 300,000 cans of BPS paint have been given to customers at these demonstrations this spring in Texas.

"We feel that many painting problems, especially household painting, were worked out for callers during the demonstration," Olson said.

Today's News For FAT FOLKS

Keep Cool and Peppy All Summer Long While Losing Fat the Safe Way—The Right Way.

Out of the thousands of letters received we will give this one from a grateful young man.

"I am 23 yrs. old. I weighed 210 lbs. about one year ago when I started to take Kruschen Salts off and on for nine months. I lost weight straight the last 3 months. I now weigh 145. I feel better, look better and I am O. K. in every way. I also eat anything I want." Mr. J. C. Record, Miami, Fla.

While losing unsightly fat with Kruschen you gain in health for Kruschen acts on liver, kidneys and bowels and helps keep body free from poisons and acid.

ELECTRIC REFRIGERATION

is

Proven Safe Faster

There is no doubt about electric refrigeration—it is successful beyond any hazard of the fact being challenged.

And there is no danger in using the electric refrigerator—fuses eliminate all risk of electrical danger and the freezing compounds are all sealed so they cannot escape.

As for speed—no refrigeration approaches or claims to approach the electric refrigeration for freezing speed.

NOTICE OF SALE OF REAL ESTATE UNDER ORDER OF SALE

THE STATE OF TEXAS, COUNTY OF DEAF SMITH.

Whereas, by virtue of an order of sale issued out of the Honorable District Court of Deaf Smith County, Texas, on the 7th day of May A. D. 1934, by the clerk thereof, in the case of Pearl S. Harrison vs Mary A. Putty, Malcolm D. Putty, W. Cecil Putty, Paul G. Putty, Rose Moody and husband, Paul Moody, Number 2128 on the docket of said court, said order of sale being issued on a judgment rendered in said court on February 19th, 1934, in favor of Pearl S. Harrison and against all of the above named defendants for a foreclosure of the materialman's and mechanic's lien against the hereinafter described lands and against Mary A. Putty for the sum of \$9647.00 with eight per cent interest from date of judgment and the sum of \$664.76 with six per cent interest from date of judgment, and costs of suit; the judgment in foreclosure being against the following described lands and premises in Deaf Smith County, Texas, described as being all of Lots Number One (1), Two (2), Three (3), Four (4), Five (5) and Six (6) in Block Number Twenty (20) in the original town of Hereford, Texas; said order of sale being to me directed and delivered, I did on the 7th day of May, 1934, at 10:00 o'clock A. M. cry on all of the above described lands by virtue of said order of sale.

By the terms of said order of sale I will proceed to sell all of the above described lands on the 9th day of June A. D. 1934, the same being the first Tuesday in June, 1934, between the legal hours of ten o'clock A. M. and four o'clock P. M., at the court house in Hereford, Deaf Smith County, Texas, offer for sale and sell it public auction for cash said lands and all the right, title and interest of each and all of the above named defendants in and to said lands and to satisfy said liens as they existed on November 9th, 1927, and said judgments in above amounts and levied on as the property of Mary A. Putty.

Given under my hand at Hereford, Texas, this 7th day of May, A. D. 1934.

J. B. MILLER, Sheriff of Deaf Smith County, Texas. By J. M. MURCHISON, Deputy.

Poppy Sale Saturday to Aid War Veterans
Saturday, May 26, will be Poppy Day in Hereford and throughout the nation. Mrs. John Olson, chairman of the child welfare committee of the American Legion Auxiliary, will direct sales here. The red poppies, replicas of the Flanders Field poppies, are made by disabled veterans and proceeds from the sales go to them and to children of soldiers killed in the war. The bulk of the funds realized from the sale will be used locally.

SANITATION COMMITTEE STARTS CLEAN-UP WORK
Improvement of sanitary condition in Hereford is the aim of the sanitation committee in the clean-up drive which started here last week. Mrs. J. M. Gilliland, chairman of the group, has issued the following proclamation which she urges all residents to heed:
"With the coming of summer, a strict observance of sanitary laws becomes increasingly necessary as a public health measure. Disease and dirt go hand in hand. Typhoid and other summertime epidemics owe their origin to causes entirely preventable if only the public consciousness is awakened to the importance of cleanliness and sanitation. The committee on sanitation working under the chamber of commerce beautification program is formulating plans for an active campaign in the interests of a cleaner, more healthful city and is urging the cooperation of every citizen to that end. While a definite program has not yet been completed, everyone is urged to begin at once by looking carefully into conditions that prevail on his own premises. Breeding places for flies should be cleaned up at once. All foods whether in the home or placed on sale should be carefully screened from flies and protected from dust.
"A beautiful city is first of all a clean city."

BALL GAME
(Concluded from Page 1)

this one over center—it was so far out that you couldn't even see the dust fly when it hit the ground and it rolled into the dog pound. One big old dog in there got the ball—don't know, but think he was a Holstein from the spots on him—but he was for the Lions, 'cause he wouldn't give up the ball. Carroll, who looks after this outfit, had to go from pitcher's box and get the ball, and the two runners were across and sitting on the side lines—and Hop WAS ON SECOND. What speed! what speed!! On a walk and two hits and the help of Corbett on the side lines the Firemen made one more in the seventh.

The Lions scored in the seventh after one out. Posey singled, stole second, stole third, and was so mad that he was going to steal home, but Smith busted another one to the third baseman and Posey scored, and that's all.

J. Russell led with the wood for the Firemen with two for three, and Speed Patton for the Lions, with two for four. Carroll whiffed 11 batters. Cliff Acker is now the leading strikeout.

Last Thursday the Lions won a rotten ball game from the Midgets. Kester pitched a seven-hit game, whiffed nine batters, busted out two doubles and then lost eight to six—thanks to the wonderful help of errors. Those kids just wore the toes of their shoes off kicking the ball. Allison pitched for the Lions in his first game of the season, and chunked a nice game, while the kids found him for 11 hits, he was plenty tight in the pinches and struck out nine batters, and now us Midgets just lack one step being on the bottom.

MULESHOE GOLFERS TO PLAY HERE SUNDAY

Another victory under their belts by virtue of a conquest of the Farwell shooters last Sunday, the local golf club will take on the swingers of Muleshoe here next Sunday. It will be a Wheat Belli Golf League match. J. M. Posey declares the Muleshoe aggregation to be the dark horse of the loop this year. "If we manage to beat this crew, we'll be well on the way to the championship," Posey said.
