Seniors to Present Play Friday Night

"Trouble Ahead" Is Title of Hilarious Comedy at High School Auditorium

Friday night will be one of the high spots of the year, so far as the seniors are concerned, when the class play, "Trouble Ahead," is produced in the high school auditorium at 8:15 o'clock.

This year a distinct effort is being made to offer a play that is entertaining, with fast, light action from opening line to finish. The plot deals with the troubles of Fred and Joan to persuade her mother, Mrs. Bryant, rich society matron, Beatrice Buchanan; Joan Bryant, her daughter, Virginia Lane; Fred Wesley, would marry Joan, Sidney Fuller; George Sutton, man about town, Loys Carmichael; Mrs. Ellen Frey, Joan's aunt, Nancy Conkright; Edna Main, one of the girls, Betty Jones; Charles Hawley, another guest, Barbara Buckner; Bertram Clyde Effingham, from Henley-on-the-Thames, Henry Jowell; Radir Singh, Hindu astrologer, Basil McKinley; Augustus Theodore McCully, Dean Story; Katherine Moss, the maid, Sallie Gilbreath; Boles, the butler, Troys Carmichael.

Tickets will be offered for sale by some of the senior class before the night of the play. They may

also be secured at the door on Friday night. The choice section of the house will be reserved. These reserved seats may be secured from the ticket-sellers or bought at the door for ten cents extra. General admission will be 15 and 25 cents.

The following students make up the cast: Mrs. Bryant, rich society matron, Beatrice Buchanan; Joan Bryant, her daughter, Virginia Lane; Fred Wesley, would marry Joan, Sidney Fuller; George Sutton, man about town, Loys Carmichael; Mrs. Ellen Frey, Joan's aunt, Nancy Conkright; Edna Main, one of the girls, Betty Jones; Charles Hawley, another guest, Barbara Buckner; Bertram Clyde Effingham, from Henley-on-the-Thames, Henry Jowell; Radir Singh, Hindu astrologer, Basil McKinley; Augustus Theodore McCully, Dean Story; Katherine Moss, the maid, Sallie Gilbreath; Boles, the butler, Troys Carmichael.

MARY KATE BROTHERTON WINS REGION SPEECH CHAMPIONSHIP

Mary Kate Brotherton, Hereford High school senior, won the extemporaneous speaking championship at the Regional Interscholastic League meet in Canyon last Saturday, taking the title among the senior girls. Miss Brotherton duplicated her feat of the preceding week in the district meet at Amarillo.

The region is made up of four districts with their centers at Lubbock, Pampa, Childress and Amarillo. Miss Brotherton was the only Hereford entrant in the literary contests. She will compete in the state meet.

Seniors Select Honor Students

Sallie Gilbreath has been chosen valedictorian and Mary Kate Brotherton salutatorian of the high school graduating class. They were elected by members of the senior class from the five highest ranking students.

Rev. T. C. Willett, pastor of the Methodist church, will deliver the baccalaureate sermon to the graduating class on May 20, and commencement exercises will take place Friday, May 25.

Winners of scholarships have not yet been named. They will be determined on a basis of grades.

Edmonds Visits Here.

John E. Edmonds, district agent of the Extension Department, was in Hereford last Saturday conferring with County Agent Dewey Reed and the members of the wheat and corn-bog organizations.

ANGLERS GET TACKLE READY FOR FISH SEASON ON MAY 1

Anglers of Texas will start their annual assaults with rod and reel next Tuesday, May 1, when the closed season on bass and crappie ends. And many will be doing "nigger" fishing, using the old cane or willow poles with worms, grasshoppers and other fish delicacies.

On fish other than bass or crappie the season has never been closed. These two enjoy protection during March and April, the months when they do their spawning. Users of artificial lure or any other than natural baits must have the state license. For residents this costs \$1.10 and is good until August 31, after which it will have to be renewed. For the non-resident a license costs \$5 for the year, or \$2.50 for a two-day license. These may be obtained at the county clerk's office and various stores here.

Black bass smaller than 11 inches in length may not be taken and

the minimum on crappie is seven inches. Fifteen bass is the daily limit, with the same on crappie and white perch. Goggle-eye and bream maximums are 25 fish. Possession limit is twice the daily catch limit.

Tierra Blanca was stocked plentifully last fall with bass and crappie. More than 15,000 fingerlings were put in the stream in the vicinity of Hereford. Most of the landowners along the creek allow fishing for a small fee.

Stren and Kerr hardware stores have laid in complete stocks of fishing supplies, including the latest lures, rods and other necessary paraphernalia. They have plenty of good-old cane poles and cork bobbers and plain hooks for those who prefer them, and for the high-powered anglers to fall back on when the flies and plugs cease to fool the fish.

Await Instructions On Highway Building

RELIEF WORK NOT STARTED; AWAIT ORDERS

Work relief has not yet started in Deaf Smith county. Direct relief, however, goes on in accordance with the needs, according to W. W. Chilton, county administrator.

The new accounting system has been installed at the office and investigation of cases is approaching completion, Chilton said. Work is to be given to persons on a basis of actual needs of their budgets.

Chilton will begin work on projects upon receipt of orders from the state office at Austin. The county's quota of workmen is 325 and all are expected to be put to work soon after orders are received.

Speaking of direct relief Chilton said: "Nobody is going to be turned down if they are in need of assistance. All they need do is ask for help. That is what we are here for."

A community garden project has been approved and will be started as soon as work is ordered. Seeds for family gardens will be furnished individuals who need them, upon application at the relief office.

Stanfield Runs for Re-Election

H. K. Stanfield of Amarillo, state representative of the 123rd District, has announced his candidacy for re-election. He is the present incumbent, having served during the current term. He asks nomination in the Democratic Primary of July 28. In the legislative district are Oldham, Deaf Smith, Randall, Armstrong, Potter and Carson counties. Mr. Stanfield has come to be recognized as one of the leaders in the legislature. He received nationwide publicity upon his refusal to accept shoe-shines paid for by the State.

He issued the following statement: "In announcing for re-election for a second term to the office of Representative, I wish to express my appreciation for the support I have received at the hands of the voters of this district in the elections in 1932. I have at all times attempted to justify the faith of the voters in me by working hard at my job and by representing the views of the people of this section of the state

Wheat Inspection to be Made in May

Inspection of wheat fields to determine if farmers have complied with wheat reduction contracts will be made in May, County Agent Dewey Reed said yesterday. Orders have been received to start training the inspectors for their work.

Farmers are advised that contracted acreage—the acreage kept out of cultivation—must be staked off and plainly marked. This acreage must be measured accurately and not stepped off, Reed said. Second payment of the 1933 allotment will not be made if the inspection reveals a farmer is not complying strictly with his contract.

In cases where the minimum acreage required to be planted to wheat has been wholly or partially plowed up because of drought, farmers must have the written permits from the county allotment committee. This is a safeguard insuring the payment of the remainder of the 1933 allotment and making the farmer eligible for the 1934 allotment.

Homesteads Must Be Rendered April 30

Home owners must render their property for taxes before May 1 in order to have the \$3,000 homestead exemption from state taxes. Unless the property is rendered before that date the exemption will not be allowed on 1934 state taxes.

Dimmitt Golfers Beaten As Posey Sets New Mark

(BY HOMER FOX)

Last Sunday the Dimmitt golf ball hunters came up and had a battle royal with the local divot diggers. In the first game of the Wheat Belt Golf League, 17 of the Dimmitt warriors were here and all of them went home scalped. It was a perfect shutout, with the Hereford boys hot as fire-crackers, and the Dimmitt boys way off their usual game, together with all the trouble they had crossing the Tierra Blanca, made Washington crossing the Delaware mere child's play in comparison.

J. M. Posey again lowered the course record for 18 holes, and of course he held the record already with a 63, but this is no news, if Doc Morgan or Harry Rice or some of these other good golfers would come in with a 63 IT WOULD BE NEWS. Course no one would believe it, but it would be a change—but, boy, this old Pose really can make that pill do like he wants it to—just like us Midgets play ball. Just this minute heard something about Doc Morgan, and we will have to put someone else up to lower this record, cause it will

be weeks before Doc could tell you what direction the golf grounds are from town.

Curfew now rings:

Posey	63	Blanton	78
J. Pitman	78	Gladman	81
Foster	73	M. Webb	75
Streu	82	Collins	86
Clark	78	Dent	83
B. Posey	76	McCune	86
Patton	81	Singer	92
D. Fox	83	Harris	86
Young	76	Griffith	87
Rice	78	Whitlow	87
Phillips	84	T. Webb	95
Allred	85	Brooks	96
Garrett	89	Hutchinson	101
Henry	95	Meachum	114
A. Posey	86	R. Singer	106
Sindt	90	Cochran	101
H. Fox	87	Woods	93

And here is J. M. Posey's new score:

Par	3	5	4	3	3	4	4	5	36
Out	3	4	4	3	2	5	3	4	32
In	3	4	4	3	2	3	4	4	31

Next Sunday the boys will go to Friona to play. This game was scheduled for May 6, but has been moved up to next Sunday, and if our gang get as hot as last Sunday somebody had better start ducking.

Announce League County Included In Wheat Waiver

Warfare in the city baseball league will begin next Tuesday afternoon, May 1, with the Lions and Firemen teeing off in the race. On the following Thursday the Odd Fellows will compete with the Midgets to complete the first round of play. And so it will go throughout the season, games on Tuesday and Thursday of each week.

All games will be played at the diamond out on the southeast corner of town. As to who will do the umpiring no announcement has been made. Homer K. Fox, the Brand's own Ring Leader, has agreed after much persuasion to cover the contests for the Brand's readers, assuring them of the Panhandle's best sports writing during the coming month.

The schedule for the first half:
May 1—Lions vs Firemen.
May 3—I. O. O. F. vs Midgets.
May 8—I. O. O. F. vs Lions.
May 10—Midgets vs Firemen.
May 15—Lions vs Midgets.
May 17—I. O. O. F. vs Firemen.
May 22—Lions vs Firemen.
May 24—I. O. O. F. vs Midgets.
May 29—Midgets vs I. O. O. F.
May 31—Firemen vs Midgets.
June 5—I. O. O. F. vs Firemen.
June 7—Lions vs Midgets.
June 12—I. O. O. F. vs Lions.
June 14—Midgets vs Firemen.
June 19—Lions vs Firemen.
June 21—Midgets vs I. O. O. F.
June 26—I. O. O. F. vs Lions.
June 28—Midgets vs Firemen.

Official confirmation that Deaf Smith has been added to the list of counties in which, because of drought or other conditions, the minimum planting requirements of the wheat reduction contracts may be waived was received from Washington Monday.

Information from the Agriculture Adjustment Administration said Potter, Hartley, Dallam, Oldham, Hansford, Moore, Randall and Sherman counties were also included.

As stated before by County Agent Dewey Reed, farmers will be required to obtain written permission from the county allotment committee to plant less than 64 per cent required by the reduction contract. A nationwide survey is to be made at once to learn how much wheat land will be abandoned this year.

Farmers may plant any other crop on the land held out of cultivation to wheat under this arrangement. The contracted acreage, however, must remain out of cultivation or be worked under the limited requirements of the contract.

Lazbuddy Woman Dies.

Mrs. Bessie Nigh of the Lazbuddy district died Wednesday, April 25. Funeral services and burial took place today and was in charge of the E. B. Black Company.

MONDAY, APRIL 30, DEADLINE FOR CROP LOAN APPLICATION

Applications for crop loans will not be accepted in Deaf Smith county after next Monday, April 30, according to George Muse, chairman of the local committee.

A great number of farmers have applied for these loans here and many have already been delivered checks. Applications may be made to Miss Peggy Mitchell in the chamber of commerce office at the court house.

Loans up to and including \$145 may be applied for direct to the office. If the loan is to exceed that amount then the farmer must apply first to the production credit association and obtain a rejection after which he may ask for a crop loan. H. D. Reed in the agricultural office will furnish these rejection slips. Farmers must be complying with government programs to be eligible for the crop loan.

Maximum on these loans is \$250 and must be used to produce the 1934 crop. The crop itself is security.

NEW PROGRAM ON WHEAT TO OPEN MONDAY

Contracts for the new wheat reduction program will be taken at the county agricultural office beginning next Monday, announces Dewey Reed, agent.

Any wheat farmer who has not already made a contract for reduced acreage is eligible to enter a contract under the new deal. Terms of the contract will be outlined to those making applications.

Farmers are requested to bring with them complete and accurate information as to acreage and production during base years and land seeded for 1933 and 1934 harvest.

Glee Clubs Give Operetta May 4

Boys and girls glee clubs of the Hereford High school will present a comic operetta, The Sunbonnet Girl, on the evening of Friday, May 4, at the high school auditorium. It is to be staged under the direction of Miss Thelma McMinn.

Leona Tiefert will take the title role as Susan Clifton. Others in the cast are Betty Bruce Jones, Beatrice Lawrence, Donald Hicks, Francis Higgins, Billy Valentine, Jim Kirby, Earl Trimble, Elizabeth Spradley, Loys Carmichael, Elizabeth Ireland, Troys Carmichael, Jean Morgan, Marvin Thomas, Elizabeth Bowman.

Songs and action are built around a well knit plot. Ample humor and worlds of good singing are promised in the production.

Mrs. Emily Gollehon Dies at Dimmitt Home

Mrs. Emily Gollehon, 78, died at her home at Dimmitt Tuesday, April 24. Funeral services were held at the Dimmitt Baptist church Wednesday, interment following in the Dimmitt cemetery.

Mr. and Mrs. John Gollehon came to Castro county from East Texas about 35 years ago and made their home there continuously, he having passed away about 12 years ago.

Those who attended the funeral services from here were Mr. and Mrs. C. F. Kerr, Noel Gollehon, Mr. and Mrs. E. S. Ireland, Mr. and Mrs. W. S. Dixon.

Surviving Mrs. Gollehon are two sons, Robert and William Gollehon, of Castro county, three grandchildren and two great-grandchildren.

Blakeney Child Dies in Amarillo Hospital

Richard Earl Blakeney, son of Mr. and Mrs. C. Alford Blakeney, died in an Amarillo hospital Wednesday, April 25, with pneumonia. His age was two years.

Little Richard Earl had been ill several weeks and was taken to the Amarillo hospital Tuesday of last week. He made his home practically all his life in the home of his grandparents, Mr. and Mrs. E. C. Eubanks.

Funeral services were held this afternoon at the Methodist church at 4 o'clock, Rev. T. C. Willett officiating. Burial followed immediately in West Park Cemetery.

District 7 Schools End Term Last Week

Rural schools in district seven closed last week after an eight-months term. Others, according to Judge C. W. Humble, will run nine months. Schools in the district are Sims, Thomas, Dean, Higgins, Progressive, Fairview and Daniel. Ford school is also in the district but will run another week in order to make up for time lost during the year.

Girl Scouts to Hold Bake Sale

Girl Scouts of the city will hold a bake sale all day Saturday at the Furr Food Store. Proceeds will be used to buy equipment.

Seek Avenue Designation

No definite word as to road work that will be done in Deaf Smith county under the emergency relief program of road building has been received. It is practically certain, however, that Highway 33 will be included.

Prospects for having 25-Mile Avenue designated as a state highway were considerably improved this week, W. W. Chilton said after a conference with Gibb Gilchrist, state highway engineer, in Amarillo Monday. The Avenue will have to be designated officially if it is to be improved under this program, since the funds are for state highways only.

Chilton has asked that all veterans and others needing work call at the relief office and register for work so that workmen will be available in case they are needed for the road.

Thompson Is Big Hit At Lions Convention

"The hit of the convention," is the verdict on a speech by Alex Thompson brought back by Lions from the District 2-T convention at Colorado. The convention started Monday and lasted through Tuesday. Making the trip were Thompson, L. H. Foster, Harold Close, Jim Robinson, Jesse Stanford, John McLean and R. E. McWilliams.

On a model luncheon program Monday noon Thompson straggled into the banquet room in old disreputable clothes and with a week's growth of beard on his face. He spun a hard luck yarn that put an end to all feeling of gaiety. Long after his talk the listeners were finally put wise to the fact that it was a gag. His stunt was pronounced the biggest success of the meeting.

The Canyon Rotary Club has invited the local Lions to be their guests at a luncheon on May 15. Jim Robinson was elected baseball captain for the club at the Wednesday luncheon.

Dandy Bouts Staged By American Legion

A good-sized crowd saw four boxing bouts and a couple of wrestling exhibitions last Friday night at the bull barn arena and went away pleased. The show was staged by the American Legion. Bill Smith announces there will be another on the evening of Thursday, May 3. He is lining up an attractive card.

Earl Trimble and Jim Kirby opened with a tumbling exhibition. The second number was a four-round glove slinging melee in which Kir Streun and Jack Croft went to war. Gilford Miller and Sandy Jowell went four fast rounds and, although there was little hitting around the head, the body punishment was copious.

Nasty Clayton and Earl Trimble wrestled a one-fall contest with the former winning in a few minutes after the smaller Trimble received a mean blow on the head. Hugh Harman and Wayne Evans, a couple of flea-weights, put on the best bout of the show, going four rounds without pretending to do anything but fight. Clayton returned with George Smith and won his second match by pinning Smith in a dozen minutes.

Jack Barber and Wayne Ruthford mixed in the final, showing more skill as fighters than any of the others.

Reed Gets Instructions To Measure Wheat Land

A school for inspectors of wheat farms under government reduction contracts is being held in Amarillo today. An official of the Department of Agriculture is instructing in methods of measuring acreage held out of production. Dewey Reed, county agent; Jim Lipscomb, member of the county board, and Bill Hutson are attending. They will school inspectors who will check up on Deaf Smith county farms.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon due notice of same being given to the editor personally at the office at 402 Main Street, Hereford, Texas.

A REAL SERVICE

A public service of which most of Hereford citizens are not aware is being rendered by the fire department and schools of the city. Because of the efficient manner in which fire prevention is taught in the schools and the capable way the students handle fire drills the city's key rate on insurance is three per cent lower than it would otherwise be.

After leaving Hereford last week, Miss Olga Juniger, supervisor of education for the state insurance commission, made the statement that Hereford's schools were far ahead of any others she had inspected in the teaching of fire prevention.

One of the most important achievements of the teaching during the past few years has been its work in overcoming what Miss Juniger termed "moral hazards." In plain English she meant that during the depression the temptation to burn insured property has been too strong for some. That condition, she pointed out, evidently does not exist in Hereford.

So we pass an orchid to Fire Chief Dow Mercer and his crew and to Superintendent C. H. Dillehay and his efficient corps of teachers.

CHILDREN'S HEALTH

"Mothers and Babies First" is the slogan for Child Health Day, which will be held on May first, according to Dr. H. N. Barnett, Director, Bureau of Child Hygiene. Texas will join with the other states in the nation-wide celebration. There is a special significance in this year's celebration because children are always among the greatest sufferers in periods of hard times.

Child Health Day is a challenge to all adults to take stock of the health-needs of all children, babies as well as those of school age, in their communities. All should be interested in furthering all measures to conserve health and promote happiness of children. An examination by the family physician at this time would not be amiss. He can detect signs of malnutrition, unsound teeth, heart defects, poor vision, poor hearing, and many other defects and can advise the parents of the proper treatment necessary.

Parents should take an inventory of what they are doing for their children, to see if they are neglecting anything that should be done to remove health handicaps.

By Their Words What Panhandle Papers Say

There is a striking difference in the attitude of farmers and of laborers and labor users in the benefits under our recovery administration. As a whole, farmers are cooperating together to get full benefit of the plans advanced for their relief, and are going to get all the help available. Labor and some industrial enterprises, on the other hand, are filling the front page columns with news of strikes, threats, quarrels and lack of understandings. There is an evident effort to kill the goose which is laying the golden eggs. By try-

ing to jump right into the middle of the commercial millenium, labor has hurt itself in some cases. By trying to boost prices too much, some lines of industry are hurting their demand. It is difficult out here to judge well the activities of the eastern industrial centers, but we who are not so directly affected by strikes and labor trouble are really affected plenty since such activities boost the prices of what we buy and we may buy less. Ours may be the wee small voice when it comes to speaking out in such troubles but it can be heard when we slacken buying either, because of too high costs or because of lack of available stocks. Curry County, New Mexico, Times.

It seems absurd to be talking about ways to stop speculation in stocks, and at the same time talking about establishing a national lottery, but that's what's happen-

A LONG TIME AGO IN HEREFORD

(From The Hereford Brand, April 24, 1903.)

Carl Gilliland and family had arrived in Hereford from their former home in Lilydale, Tennessee, and announced they had come to make Hereford their home.

The biggest trust, as the editor saw it: The biggest trust on earth is the newspaper trust. It trusts everybody, gets cussed for trusting, mistrusted for cussing, and if it busts for trusting gets cussed for busting.

College students enjoyed a picnic at the home of their classmate, Ezra Norton, and the following day partook of the hospitality of Misses Laura and Emprias Jowell at their home on the Tierra Blanca.

Mrs. Parker and grandson, Clifford Acker, the latter whom had been attending Hereford College, had gone to Ennis and other East Texas points for a visit.

A. O. Thompson had been in from his ranch and paid the editor a pleasant visit.

This region had been visited by a splendid rain which enhanced crop prospects.

Hereford College commencement exercises had been held at the court house, and among those on the program were Leron Gough, Willie Tygret, Roy Davis, Bertha Dameron, Ezra Norton, Verua Owen, John Herod, Roxie Wither-

ing in Washington. Representative Kenney, of New Jersey, has introduced a bill which some take seriously, to authorize a lottery operated by the Veteran's Administration to raise money for pensions. In this topsy-turvy world it seems to be the idea that it is better to have people gambling in ways whereby they lose everything if they don't win, than in ways which at least leave some of them some sort of property, even though it is not worth what it was, if they lose. To buy stocks with borrowed money is labelled as wicked, but who is going to insure that people don't borrow money to buy lottery tickets?—State-Line Tribune.

You will find people whose greatest ambition and highest aspiration is to be the most stylish person in the world, even to the exclusion of honesty, charity, usefulness and virtue. For instance, an old country boy moved to Dallas and got him a job in a bank and married a very stylish woman, built a stylish mansion and equipped it with everything that was the very latest and he got so he would not have anything to do with the rubes he grew up with. The last heard of him was an account in the paper where he was charged with embezzlement of \$28,000. One boy said, "When I get enough money I am going to dress according to Hoyle," and his father said, "Son, clothes don't make the man, but

An open trail for use of cattle drovers had been opened south of Hereford and cattlemen were expected to have a much easier time getting stock to this point for shipping.

(From The Hereford Brand, April 25, 1913.)

Dallas trade evangelists had made a 45-minute stop in Hereford and it seemed they jarred Main Street from end to end. Brass bands 'en everything.

An election had been called to fill the place of J. C. Hunt, deceased, as representative from the 123rd district.

Many Hereford farmers were preparing to plant a new forage crop, Feterita, for the first time.

Rain amounting to 1.45 inches had fallen in this vicinity.

The J. H. Williams home had been destroyed by fire. Jake, one of the smallest Williams children, seeing his dog under the house, which was then falling in, rushed up and went under the burning structure to save his pet. He did.

The scholastic population of Deaf Smith county was 637, all of whom were white.

it is useless to create a disturbance by going about without them."—McLean News.

Government experts will try to take steps to stop wheat-soil blowing. But they continue to do nothing about the surplus wind. This is typical about the federal bureaucracy—never getting down to fundamentals of any problem. A Ferguson Forum reaches our desk, and while many a jobless man tells us Jim has failed him, we're far from ready to read the Fergusons out of Texas politics. Jim's voice has lost some of its bitter edge, but his typewriter still beats a familiar tune. No truer statement could be made than that of Jim when he says that "there will be three or four hundred incompetent candidates who will butt into the legislative campaign, and if a majority of them is elected it will be just too bad." We have a hunch, however, that Jim's warning comes a bit too late.—Pampa News.

PRICES ADVANCED

Dodge and Plymouth Cars

The price of any product is governed by the price of the labor and materials entering into its manufacture, hence the recent advance in both labor and materials has made it necessary for most manufacturers of automobiles to advance their prices, and Dodge and Plymouth are among them.

Any manufacturer is entitled to a fair profit on its product and unless their profits are greater than they should be, they are forced to advance their prices to take care of any increase in the cost of production unless they are to operate at a loss, and the automobile fortunes were not made on losses.

Dodge and Plymouth cars have always been sold at a fair price, but their profits were not great enough to enable them to absorb the increased cost of manufacture, hence a slight advance in price was necessary. As heretofore, they will continue to give the public the greatest value on the market.

We make this explanation so that the public may understand why it was necessary for an advance in price.

**KNOW THE TRUTH ABOUT MOTOR OILS—
Conoco dares to give you the facts!**

Here are no idle claims—But PROOF!

COMPARE this positive proof of superiority with all the exaggerated claims you hear about motor oils—now the facts can be told. We arranged with the Contest Board, American Automobile Association, to test five widely-known and advertised motor oils along with New and Improved Conoco Germ Processed Motor Oil in a daring "Destruction Test."

These six oils, a single fill of 5 quarts, with no more oil added, in six brand new strictly stock cars, were driven until the motor in each car was destroyed from lack of lubrication. The first oil failed with motor destroyed at 1,713.2 miles—others failed in rapid succession. The best of the competing oils ran a total of 3,318.8 miles... while New and Improved Conoco Germ Processed Motor Oil lubricated its motor for a total of 4,729 miles!... more than 3,000 miles farther than the first oil to fail... and more than 1,400 miles farther than the second best oil. Thanks to Conoco's Hidden Quart protection, this amazing victory stands unchallenged!

This is evidence... these are facts... that should open a new era of results and economy for your motor. Drive into a Conoco Station or dealer—fill with this New and Improved Conoco Germ Processed Motor Oil. There's no longer any guess about what oil is best for your car!

Warning TO NEW CAR OWNERS

Some car manufacturers are using new types of bearings which will stand greater pressures and temperatures, resulting from increased power and speed. New and Improved Conoco Germ Processed Motor Oil has been exhaustively tested on these new bearings. The results show that it gives them greater protection against damage than many straight mineral oils now on the market. Protect your new car by using the motor oil you can be sure of.

Frank and Ed Bezner of Hereford were in this community last Saturday.

Mrs. Fangman and children were shopping in Hereford Saturday.

Match the Performance

of the FORD V8 for 1934

against any Car at any Price

THE car that flashed down a Florida beach to the world's land speed record was powered by the V-type engine.

The V-type engine knifed an Italian plane through the air at the record-smashing speed of more than 420 miles per hour. On the St. Clair River, the V-type engine swept a speed-boat to the world's record of 124.8 miles per hour.

And that's the type of engine that powers the Ford V-8 for 1934. It's the only V-8 engine in a car selling for less than \$2,545.

AUTHORIZED FORD DEALERS OF THE SOUTHWEST

That's why the Ford V-8 will streak down a highway at 50 or better. That's why it will purr along at 50 or 60 without the slightest effort. And why it is unsurpassed in acceleration by many high priced cars!

Despite its power, the new Ford V-8 is the most economical car that Ford has ever built. The new Ford V-8 gives you the riding ease of free action for all four wheels—with the safety of strong axis construction.

Before you buy any car at any price, drive the new Ford V-8.

8,000	93%	82%
16,000	81%	36%

Supertwist Cord—a Goodyear patent—stretches, absorbs shocks, and comes back strong! Thoroughly rubberized to resist heat, it gives lasting blowout protection in every ply. Ask us to demonstrate!

4 Four Full Piles of Supertwist Cord—insulated with heat-resisting rubber.

Here's a lot of tire and a lot of blowout-protection for a little money. An example of the greater value that we can give you because more people buy Goodyears than any other tires. See us before you buy—we'll show you the most for your money at any price you name.

Do Your Tubes "Pinch" and Puncture?

Here's a tube that puts against them the toughest rubber Goodyear has ever developed for tubes. Thicker rubber, too. Ask to see the Du-Tone Heavy Duty—costs little extra, saves many a stop.

Small Platform Given at First Campaign Talk

Declaring that the ad valorem tax must be reduced and a new system of financial administration established in Texas, Senator Clint C. Small Friday opened his campaign for the nomination for governor in the July Democratic primaries with a ringing declaration for the creation of a new law enforcement system as a challenge to organized criminal terrorism in Texas. The Senator declared that every state department which serves a particular interest should be supported by fees from those whom it serves, that banks should support the banking department, insurance companies the insurance department and so on. He estimated that such would reduce the ad valorem taxes 25 per cent.

He outlined a policy of reduction of court costs with the Civil Courts also maintained without expense to the state by a system of trial fees. He demanded the creation of a professional expert state constabulary to wage war against bandits and bank robbers and all terrorist crime. Other proposals made in his platform include Economy as far as possible without crippling the vital functions of the state; home rule jointly for cities and counties; the creation of a pardon board with full power to act and a strict limitation on the issuance of pardons and paroles; state leadership in justice to labor in the fixing of hours and wages for state employees; no diminution in the funds for building highways and extension of highways to the rural sections of the state; a new commission to have entire charge of the natural resources of the state; placing of the control of utilities in Texas under the state railroad commission; repeal of the state amendment prohibiting the sale of liquor and the enactment of stringent regulations for such sales and complete protection for counties in the state dry by local option.
 Maintenance of the \$16 per capita school fund, no cut in school appropriations and maintenance of rural aid; expansion of the state's humanitarian activities to include aid for crippled children, an institution for the treatment of malignant diseases and the study of their cure and more institutions for the tubercular sufferers of the state; continued non-partisan administration of the state prison system; a halt in the tendency to intrude state control into private business; an adequate Texas Centennial celebration; accord between the legislative and executive branches of the state government to bring about legislation under this platform.

Pupils Given Pictures In Art Memory Contest

Several pictures were awarded to school children following the art exhibit at Central School last week for scores made in a picture memory contest. The top ranking pupil and all those scoring within five points of the top in each grade were given pictures.
 Joy Wagley led the sixth and seventh grades with 141 points out of a possible 150. No other was within five points. Grant Fuller scored 129 for second. Three fifth grade girls won pictures. They were Louise Blythe with 117 out of 120 points, Vivian Olson, second with 115, and Lois Standifer third with 113.

Fair Race Meet Will Commence On June 15

Although the bugle call "boots and saddles" is several weeks away interest in the coming Tri-State Fair's horse race meet at Amarillo has reached a high mark. Inquiries from horse owners, jockeys, stablemen and others are pouring into the office daily. Fans are asking about grandstand admission prices and the system under which pari-mutuel certificate system will be held.
 With seven events daily and at least three of them thoroughbred races scheduled, fans will see some of the classiest horse flesh and racing in West Texas. The meet will open on June 15 and close with the Panhandle Derby June 25. No races will be held on Sunday.
 Prices to grandstand will be 75 cents, tax included. Special rates for seasonal box seats may be obtained by writing Ted Taylor, Fair Secretary.
 The St. Anthony's nine defeated a bunch of the Firemen in a ball game last Sunday. It was impossible to learn the exact score, but it mounted to a huge total. The team will meet again next Sunday.

Mrs. Caraway's Parents Have 50th Anniversary

Living in one house 50 years and celebrating their Golden Wedding anniversary in the same house is the distinction of Mr. and Mrs. J. C. Bargeley of Ranger, parents of Mrs. Nannie Caraway of Progressive community, several miles northeast of Hereford.
 Mrs. Caraway attended the celebration of her parents' fiftieth anniversary which took place last month. Present were 133 friends and relatives.
 In addition to the distinction of living in one place for 50 years, several more unusual and unique facts marked the day's celebration.
 Rev. C. H. Ray, now a retired Baptist minister of Weatherford performed the marriage ceremony on March 15, 1884, and was also present at the golden wedding anniversary celebration and made a talk to those gathered. Four generations were also present.
 Mr. and Mrs. Bargeley live in a comfortable two-story farm home on their 160 acre farm, one of the best in the Caddo Valley district. The present house replaced a log cabin, the lumber for which was hauled from Eagle Ford, six miles from Dallas, the nearest railroad point at that time. Some of the logs from the old house are still on the place.
 No death has ever occurred in the family, and the six children, two of Mrs. Bargeley's by a former marriage, and four children of Mr. and Mrs. Bargeley, were all present at the celebration. They are F. J. Bargeley of the Lacasa community; Mrs. Vallee Jones, Abernathy, Texas; Mrs. P. L. Wilberly, Plainview, Texas; G. L. Hefley, Crosbyton, Texas; A. L. Bargeley, Eastland, and Mrs. Caraway.

Sunday School Contest Results In Party

The losers turned out to be winners in a membership contest between the Sunday school classes of Mrs. J. F. Ward and D. W. Hawkins, when the two classes met at the Ward home last Thursday night for the final decision as to who were to be winners. About 60 attended and the evening passed merrily with talks, reading and music.

The men folks then donned aprons and served the ladies ice cream and cake, furnished principally by the ladies, who did all the hard work preparing for the party.

The ladies claimed the membership drive by winning the most members to their class.

MRS ALLRED GIVES PARTY FOR CLASS

A kid party for members of her Sunday school class was given last week by Mrs. R. M. Allred at her home. Birthdays of Ruth Callahan, Helen Ann Snyder, Virginia Eric Reed and little Barbara Jane Brotherton were also celebrated.

Ruffles, hair ribbons and dolls helped to make the affair a success. Last but not least were the suckers, ice cream cones and cake. The group attended the theatre after the party. Guests were Barbara Jane Brotherton, Helen Ann Snyder, Mildred Eubert, Dorothy Funderburg, Virginia Eric Reed, Rena Allred, Minnie Dea Smith, Ruth Callahan and the hostess.

PATTERN DEMONSTRATION GIVEN BY MRS. HINDS

At an all-day meeting of the North Hereford Demonstration club Tuesday, April 24, at the home of Mrs. Elmer Patterson, Mrs. J. L. Hinds of the Black Demonstration club, demonstrated the making of new sleeve designs from foundation and commercial patterns. Mrs. Hinds not only taught the women who participated in the demonstration how to design and cut the sleeve patterns, but she also discussed the materials suitable for use with each of the patterns. A covered dish luncheon was served at noon to eight club members and four visitors.

At the business meeting, it was decided that members of the club attend the sewing machine school in Amarillo Friday, May 11. The ladies who wish to go will be guests of Mrs. John Allen of Amarillo, who was vice president of the club when she lived in Hereford. All club members are urged to take advantage of the opportunity to study modern sewing methods. Those who wish to go should see Mrs. Effie Brown or Mrs. Elmer Patterson on or before May 10.

HANDKERCHIEF SHOWER HONORS MRS. DOUGLAS

A handkerchief shower and luncheon honoring Mrs. R. O. Douglas was enjoyed last Wednesday evening at the E. E. Fridley home in North Hereford.

Mrs. Douglas is due to leave some time this week for her new home in Springdale, Arkansas. Places were laid for 24 guests and members of the Bible Study class were sponsors of the shower.

MR. AND MISS BOYD AND MISS ARCENEAUX HONORED

A farewell party, the Last Round-up, was given in the Blakemore home Friday evening in honor of Miss Lillith Boyd, Miss Evelyn Arceneaux and Lawrence Boyd, teachers of the Progressive and Hiking schools, with Meses. J. E. Blakemore and C. C. Bowman as hostesses.

Cowboy games, stories, songs and a mock wedding were enjoyed. In due time the chuck wagon, with its repast of chicken sandwiches and tin cups of cocoa made its appearance. Those present were Meses Lillith Boyd, Evelyn Arceneaux, honorees, Eunice Caldwell, Elizabeth Bowman, Grace Botts, Augustine Gregory, Lucille Park; Messrs. Lawrence Boyd, Fred Caldwell, Harold Donovan, Spade Ratcliff, Harlin Caraway, Donald Hawkins, Matt Taylor, Jake, Millard and Weldon Gregory, David and Cecil Boyer, Bill Cocanougher, Noel and Garland Higgins, Ray Botts, William Bowman, Forbes and Jimmy Blakemore, Emmett Blakemore C. C. Bowman and the hostesses.

BAND MOTHERS TO MEET MONDAY

Officers for the coming year will be elected by the High School Band Mothers at a meeting next Monday afternoon. They will gather in the music room at the high school at 3:30. All members are urged to attend.

Federated Clubs To Meet Monday

The County Federation of Women's Clubs will hold their final meeting of the year at the Presbyterian church next Tuesday, May 1, beginning with a covered dish luncheon at noon. The Ward, Messinger and Wyche Demonstration Clubs will be hostesses. Junior clubs will have charge of the program. The prize winning Texas History Essay will be read and prizes awarded.

RECREATION GROUP FORMED IN PARMER

At the April training school meeting of Parmer county clubs a permanent recreation association was formed. Eight representatives from each of the following communities, Friona, Rhea, Black, Lazbuddy, Lakeview and Homeland, are members.

J. Irvin Kimmins of Black was elected chairman, T. L. Welch of Black vice chairman; Miss Rosella Dixon of Rhea secretary - treasurer. A program committee was appointed to outline the programs and recreation activities to be sponsored. Members of this committee are Clyde Prather, Lazbuddy, Jimmie Hays of Black, Melford Alexander of Lakeview.

The Friona recreation meeting will be held the second Friday night of each month, beginning at 8 o'clock.

MRS. HOLMAN HOSTESS AT BRIDGE DINNER

Members of the Dinner Bridge club met Tuesday evening in the home of Mrs. Seth B. Holman. High scores for four tables of bridge went to Mrs. J. A. Pitman and Prentice Rosson.

Covers were laid for Messrs. and Meses. J. A. Pitman, Homer Fox, C. C. Acker, C. A. Skelton, Oscar Easley, Prentice Rosson; Miss Eloyse Pitman; Messrs. Mack Pitman, E. D. Fox and Hugh DeWitt Landis.

JUNIOR PIONEER CLUB MEETS WITH MRS. STREU

The Junior Pioneer club met last Thursday afternoon at the home of Mrs. Jean Streu, who was assisted by Mrs. Marie Cogdell as hostess.

The subject for the afternoon discussion was Modern American Authors, and was led by Miss Nell Kester. Interesting topics on the lives of great authors and their accomplishments were given by various members.

Refreshments were served to Meses. Bettye Ruth Miller, Marie Cogdell, Marie Brown, Violette Orr, Laverna Harman, Ruth Sindt, Jean Streu, Florence Rose, Lois Moore and Lyndell Mitchell; and Meses Lueta Borden, Nell Kester, Nora Alice Daniel, Genevieve Eberle and Ardelle Foster.

RAINBOW STUDIO PARTY

The Junior Study Club of Summerfield was entertained with a clever rainbow studio party at the home of Mrs. Perry McMinn last Thursday afternoon. The entertaining rooms were beautifully decorated with rainbows and flowers in rainbow hues. The pot of gold was also found at the foot of the rainbow.

An unusual program was presented after which a lovely luncheon, also in rainbow colors, was served. A huge parasol covered with rainbow colored streamers stood in the center of the dining table. Favors were little gold pots of rainbow-colored candy. Twelve members were present. The Senior Study club assisted with the entertaining.

Business, Professional Women Honor Seniors

A reception honoring the girls of the senior class of Hereford High was given Monday evening at the home of Mrs. Paul Foster by the Business and Professional Women's club. Meses Ella Alkman and Neville Wrenn acted as hostesses. On the program were Thelma McMinn, piano number; Mrs. Calla Mountz, vocal solo, accompanied by Miss Ruth Marie Mountz; Miss Katherine Kirby, reading; Mrs. Foster, violin solo.

Refreshments consisted of iced punch and angel food squares. Favors were pansies tied with yellow and white. The rooms were decorated with pansies, tulips, bridal wreath and lilacs.

MRS. ACKER TO HEAD MUSIC STUDY CLUB

Mrs. C. C. Acker was elected head of the Music Study Club for the coming year at a business session last Monday. Other officers named were, first vice president, Mrs. C. H. Dyar; second vice president, Mrs. J. C. McCracken; recording secretary, Mrs. W. E. Dameron; corresponding secretary, Mrs. Paul Foster; treasurer, Mrs. Jesse Stanford; reporter, Mrs. Homer Fox; librarian, Mrs. H. L. Broadwell. The business session was held in the home of Mrs. Homer Fox after a luncheon and program at the Presbyterian church.

Several visitors attended the meeting at the church. They were Mrs. Timothy Tinsley of New York, a former member; Mrs. Pearl Caldwell, Dallas; Mrs. B. H. Hopkins, Hereford; Mrs. Ardelle George, Dawn; Mrs. Josie Wesley, Mrs. Harry Seed, Mrs. Alice Lee and Meses Eva Skelton and Arlene Willett.

The Junior Pioneer choral group was on the program, singing numbers with which they won the contests at the district meeting in Amarillo recently.

Mrs. Tinsley sang two numbers, Miss Mattie Mae Swisher of Canyon sang a solo and a duet was rendered by Mrs. Sallie Hales and Mrs. A. C. Thompson. Mrs. Thompson also gave a violin solo. Mrs. A. O. Thompson acted as toastmistress. Decorations were of lilacs, tulips, spira and wisteria.

The club will hold an open meeting at the home of Mrs. C. C. Ferguson on May 4.

Harry Rice's Flowers Sent All Over Country

Although H. L. Rice raises flowers as a hobby, so successful has he been that he is building up a demand for bulbs and roots extending over almost all the country. He specializes in dahlias and gladioli and each year he buys a number of the newer ones, paying fancy prices for them. He sells only enough of his surplus stock to pay for the new ones.

Each spring his price list goes to almost every state, and his shipments have gone as far as San Francisco and New Hampshire. Friends are invited to see his garden.

ATTENTION

Hog and Poultry Feeders

Buttermilk is an excellent food for your growing hogs and baby chicks—it is also an excellent egg producer for your farm flock, insuring better egg fertility.

With the increase of cream production we now have a larger supply of good buttermilk; however, the supply is limited. Our extremely low price of one-half cent per gallon on 50 gallons or more, and one cent on quantities less than 50 gallons, provides for stock an inexpensive protein ration content with your regular grain feed that has no equal. Bring separate containers for buttermilk.

STANFIELD

(Concluded from Page 1)

in the House of Representatives. The facts are that a man always has to work very hard in Austin to get any appreciable consideration at all from our section of the state.

Economy: "During my short period of service in the term in the Texas Legislature, I have at all times taken my stand for the strictest economy in the operations of the state government. The 43rd Legislature reduced the

H. K. STANFIELD

amount of appropriations for the state government by over \$11,000,000 for the biennium ending August 31, 1935. It was my privilege to cooperate with the majority of the present members of the Legislature in bringing about the reduction.

Major Committees: "My membership on four major committees during all sessions of the 43rd Legislature has permitted me to take an active part in the writing of much important legislation, and I shall continue to take an active part in proceedings of the Legislature as long as I am a member, and if the voters of this district are satisfied with the service I have rendered them and continue me as their representative, the fact that I have been again entrusted by them to represent them in the Legislature will add much to my opportunity to be useful.

Bills Introduced and Sponsored: "As to my ability to successfully represent this district in the Legislature, I believe I can, with some satisfaction, refer the voters to my record. I was author, co-author of, or sponsor of, the following bills in the House:

House Bill No. 68, which abolished the 114th District Court at the request of the citizens of Carson county; House Bill No. 82, which had for its purpose the placing of Armstrong county under the stock law; House Bill No. 546, which amended an article in the statute which prohibited the placing of a baggage car either in front of or in rear of a passenger car. This bill was introduced at the request of the National Guard of the State of Texas, and is very beneficial to all National Guard units when said National Guard units move to and from camp; House Bill No. 231, known as the Greathouse Moratorium Bill; House Bill No. 275, which restored civil jurisdiction to the 47th District Court located in Potter county. This bill was passed at the request of the Bar Association of Amarillo; Senate Bill No. 532, which authorized Texas State Park Board to acquire State Park sites and made possible the placing of several government re-forestation camps in the Palo Duro Canyon; Senate Bill No. 146, which had for its purpose the validating of certain school districts; Senate Bill No. 527, which reset the terms of court for the 84th judicial district; Senate Bill No. 145, which defined the offense of tapping pipe lines.

Bills Supported: "I was active in the passage of the following bills: House Bill No. 247, Gasoline Tax Enforcement Law; House Bill No. 263. Funds for the county highway indebtedness; Senate Bill No. 144, Extending payment of auto fees; House Bill No. 15, Regulating highway traffic and abolishing chauffeur license requirement for farmers; House Bill No. 49, Repealing auto headlight law; House Bill No. 298, Repealing farm statistics law; Senate Bill No. 416, Bank moratorium law; House Bill No. 150, Anti-deficiency judgment law; House Bill No. 28, Repealing marriage license law; Senate Bill No. 195, Congressional Redistricting; House Bill No. 19, New 54-hour law for women; Senate Bill No. 472, Summer school appropriation for West Texas State Teachers College; Senate Joint Resolution No. 2, Abolishing constitutional fee system; Senate Bill No. 262, Delinquent tax relinquishing act, releasing interest and penalty on all delinquent ad valorem and poll taxes; Senate Bill No. 191, Interest bearing warrants for teachers; House Bill No. 166, Educational appropriation bill for West Texas State Teachers College; Active in defeating the Anderson-Metcalf-Hughes Bill which would have abolished West Texas State Teachers College; Active in retaining 4% gas-refund for the farmers which was seriously threatened; active in the passage of bill which reduced license fees on light truck used only by farmers for hauling their own products.

Taxation: "I supported the Constitutional Amendment which limits the amount of money any Legislature may appropriate for any biennium to not exceed \$22.50 per

capita. This amendment has the necessary safeguards to take care of the emergencies that may arise. Such a provision in our Constitution will go a long way towards holding down future expenditures. This amendment will be on the ballot in the general election this year for your approval or rejection. I expect to cooperate with the members of the 44th Legislature, if a member of that body, in bringing about a more equitable distribution of the burden of taxation. My policy has been: "No new taxes unless some of the present taxes are removed, or an adjustment of present system be made."

Education: "I have always favored a suitable and ample state's scholastic appropriation for school purposes, as the various school districts—usually need money, and the state can raise it better than the districts can. I fully realize that our schools have suffered during the present depression, but the 43rd Legislature has done its part towards giving the school system its share of the revenues; and those who are familiar with the record know that the schools greatly benefitted by many of the acts of the recent sessions. They reap large benefits from the law that brought about better enforcement of the gasoline tax, cigarette tax, diversion of the cigarette tax and the enactment of a tax on beer, and other benefits. I supported these measures for the reason that I believe every child in this state should at least have the opportunity to get a high school education.

"Among other things I favor a policy to keep the state's general running expenses to a reasonable figure. In the 43rd Legislature I actively supported a bill which would have reduced the state property tax rate from 77c to 57c on the \$100 valuation. I have always believed that the best way to cut-down taxes is to eliminate the unnecessary expense in the operation of this government because every saving by reduction of expenses is a saving of taxes.

"I believe I know the problems of the citizens of this district, and I have attempted at all times during my service in the Legislature to serve the interests of all and to show no fear nor favoritism, and, above all, to be fair and just to everyone in casting my vote on pending measures.

"Past experience carries a certain degree of leadership and seniority in legislative matters which should enable me to render better service in the future than in the past; and I appreciate having served you as your representative in the Legislature of the Great State of Texas, and if re-elected for a second term will consider it an expression of your confidence in me to serve you and will do all in my power to meet that confidence.

"I expect to canvass the district before the primary and will be glad to meet and talk with the people of the various counties which make up my district; however should I fail to see you, I want you to consider this article as my personal solicitation."
"H. K. STANFIELD."

IDENTIFY DEAD MAN FOUND NEAR FRIONA

The man found dead near Friona last November has been identified as O. D. Sanborn of San Angelo. No clue as to his identity was obtained until last week when Mrs. Sanborn communicated with officers at Clovis, where the body was being held. Description of a foot deformity and a dentist's examination established the identity. Doctor's said at the time the body was found some two miles east of Friona that he had been dead two months. Mrs. Sanborn said her husband disappeared last August.

Mr. and Mrs. H. C. Falwell of Friona, spent a day in Hereford this week.

FAIR PRICE begins where your Telephone is made

The men and women who furnish your telephone service here could not do their job so well without the help of Western Electric Company, supply unit of the telephone service.

SKILLED workmen at the lathes and furnaces at Western Electric Company turn raw materials from the far corners of the world into the 100,000 delicate parts and appliances needed for the telephone service.

These parts are sold to the 24 operating companies of the Bell System... of which the Southwestern Company is one... at a cost that, as a proven fact, is below what they would have to pay in the competitive market.

Western Electric, the purchasing and manufacturing agent of the Bell System, is one of a specialized group of organizations that plays an important part in giving you good telephone service at a fair cost.

This policy has been chosen deliberately as the course that will in the long run prove soundest for the telephone company. We believe that in an organization planned like the telephone service for the long pull, what is best for the telephone user becomes in the end the policy that will bring us the surest, more certain success.

NEWS OF HEREFORD HIGH SCHOOL

CALENDAR

April 26—Seniors invited to an informal tea by Tierra Blanca Association W. M. U. at First Baptist church. Program will be presented by Wayland College.
 April 27—Senior play, "Trouble Ahead," at 8:15 in high school auditorium. Admission 15c for students, 25c adults, reserved seats, 10c extra.
 April 28—H-Y party in gym.
 May 4—Opera presented by the Glee Club, "The Sunbonnet Girl."
 May 8—Rev. Griffith scheduled to speak in assembly.
 May 11—Oratorical contest of the public speaking class. This will be in the evening.

SOPHOMORE PARTY

The moment the Sophomores have waited for has come and one, but the memory lingers. This was their party April 14 in the high school gym. Card games were played, the first part of the evening. Everyone sees now why Sylvia Wilson's nickname is 'Pig.' Is queer how she can lose so many times while playing such a simple game. Flying Dutchman, red-deep and other running games were played at the latter part of the evening. After these games the group divided into groups of four and went to tables where they were to wait for the next part. It was the most important part of the party, the refreshments. After a while ice cream was passed to each, and while we waited for the next course, Miss Wren announced that she would be no pop unless some one would after a bottle opener and her some time and trouble an end was secured and the party ensued.

TRACK MEET

The Freshmen won the class track meet Wednesday, April 18. The Juniors got second and Seniors third. The Freshmen got 43 points, Juniors 30, and Seniors 21. A Freshman didn't win the 100 yard dash, but the two high points were Freshmen. They were Ed Smith with 22 1/2 points and A. Daniel with 19 1/2. Third place point man was a Sophomore, D. Clayton, with 13 1/2 points. Kirby, Junior, got fourth with points. Coach Tommy McCollum and James Wilson are working on a plan which will be an annual fair for all kinds of sports, and athletic events, the winning team to receive a reward. These are not complete, nor have they been placed before the authorities of the school to be approved.

SENIOR ACTIVITIES

Everywhere the Seniors may be seen scurrying to and fro. There are so many things to do. Incidentally this gives them a feeling of great importance.
 Some of the Seniors are rushing preparations for the big play tomorrow night. Others are planning the class night program for May 23, and those on the program are making sure it will be a success. Every class meeting important things are discussed. They have had their pictures taken and selected. Invitations are expected soon. Although some of them may be bewildered, these Seniors really could not be hired to change places with anyone else. It is all a part of graduating.
 That brings to mind an unpleasant thought: Perhaps some of the Seniors will not graduate! In fact, according to the reports Mr. Hudson put out, about 19 Seniors are going to do an extra amount of studying if they make the grade. This list includes 11 girls and eight boys. Come on, Seniors, don't have the worst record in the history of the school. SG

H-Y

Hi-ho, the last five weeks of school are here, and what hectic weeks they are. The Senior H-Y is now winding up the tag ends of the old year's business and preparing to install, with a hearty welcome, a new set of officers. As the boys were feeling like nightingales at the last meeting, many songs were slaughtered, to be tossed, echoed and re-echoed in the old Alma Mater building. When the steam had cleared away and also the smoke, the meeting began.
 Well, the business finally was wound up into two split political parties. The staunch, sturdy and hearty eaters and the heavier eaters. The issue for discussion was the type of chicken to be served at the mother and son banquet, as G. M. Hudson was on the latter party. It naturally won. Mr. Hudson then suggested strawberry ice cream and angel food cake for dessert. He was acclaimed to be a jolly good fellow for this, and was promised an extra large dish.

SUB-FRESHMEN

When the sub-Freshmen had their civics test the other day, Mr. McCollum asked what extradition papers, habeas corpus, ex-post facto law, quorum and public domain were. Here are some of the answers: Extradition papers are papers taken out to make a citizen of a person. On ex-post facto is a law that is a law that is almost connected with the constitution. Habeas corpus is the clue. A quorum is the extra calling of the president. Extradition papers are the papers allowed all persons suspected of some crime who they cannot put in jail. Public domain is the people the city contains. Extradition papers are some papers that have to be taken out when some other states are going to secede from the Union. The quorum is what they are going to talk about on that day.
 Here is the way some of the words were spelled: Farley, Farly; liquor, liquers; Morganthor, Morgantha; agriculture, agliculture; economics, ecknconomics; meet, meat; Monday, Mondy; postal, postial; impeachment, imphment; supreme court, sprem cort; have, to; hafte; employment, emploimet. HF

RAZZ, ROSE AND RIGHTO

A razz is thrown to the assembly. What an insult it is to the students. Is it possible that the instructor in music does not believe the students can learn anything? Complaints have been made concerning the students' singing. This is the result of two things: First, we do not sing but about once every two months, and second we are tired of the same songs. In the entire book of music, I can not remember having ever sung but one of three songs. No wonder when the Holy, Holy, Holy, Christian Soldiers will stop Marching Onward, because they must work for the Night Is Coming. Teach new songs, sing more often, and I guarantee you that old HHS does have the life and spirit to stand on both feet, open mouths and burst forth into the sweet ecstasy of harmony. Give them a chance. IOU

PEP CLUB

In case you didn't know, the Pep Club installed new officers last Thursday night. The program began with the reading of the Constitution. This surprised several members as they didn't know the Pep Club has one.

After a somewhat heated discussion, it was decided that the hot hand and the fine of one cent would remind the tardy members to be on time—especially would the hot hand be effective. It was also decided that five cents would be the fine for absentees unless they brought a written excuse.

Next on the program were the speeches. All incoming officers made one in this order: Loyalty, Evelyn Van Sweringen, president; What the Pep Club means to me, Florene Hunter, vice president; Sportsmanship, Mary Virginia Eberle, secretary and treasurer; Building an Ideal Pep Club, Catherine Skelton, reporter; Leadership, Ruth Smith, pep leader; Fellowship, Elizabeth Spradley, pep leader.

The Pep Club will have their last entertainment on May 11. It will be a picnic. When the subject came up, Lucretia Wilson became insistent that we have men (?)—So—

The Pep Club is going to have a bake sale next Saturday. CJS

REMEMBER THE OTHER FELLOW

It is now getting close to the end of school. Everyone is rushing wildly about doing last minute things. Everyone is absorbed in himself; there is little time to give to the other fellow. Occasionally we do not even bother to be courteous.

But let's not allow a feeling of a million things to do crowd out the little services to those near us. Perhaps it is just a smile, a word of greeting, or encouragement, answering a question, or stopping to apologize for a mistake—these things seem so little, so unimportant, yet how much they may mean both to us and the other fellow.

Never feel so tense or become so engrossed in your own affairs that you can not even see the other fellows. If you think it does not pay to be a friend to man, just think of someone who is just that and you will see they are amply rewarded through the respect and regard others have for them.

COWHANDS

The Cowhand initiation of two pledges, J. D. Clayton and G. B. Hagar, got under way as said pledges presented their first degree of our original poem of 30 lines about the Cowhands. A talk on one of a few subjects we gave them made up their second degree. Clayton spoke on Why I like to be a Cowhand. He discussed the sportsmanship of the club, his idea of why and how we select our pledges which was near to the way the Cowhands do it, and what he liked about the Cowhands. Hagar spoke on Sportsmanship, in which he told of the good and poor sportsman and gave examples of each. They were asked some questions and given further instructions for some more of their initiation. The first degrees were accepted by the club. The nomination committee gave its report on those who had been nominated for offices next year as follows: Wilbur Wombie, boss; L. W. Carlyle, L. B. Russell, Don Atherton, foremen; Francis Harris, scribe; Ralph Jennings, Jerry Jowell, reporter. As Harris has been scribe for the past two years, we felt that we should not run anyone against him. These nominations were accepted.

GIRL RESERVE

The Girl Reserve met in the music room at 4 o'clock April 18. A few members that had been unable to attend were present, besides the other members. They voted unanimously to continue Girl Reserve. The club wishes to invite all the sophomores and juniors that are not members of the club and would like to be members next year to hand their names to Bettye Jones this week. They had a very interesting program, Miss Evelyn Van Sweringen leading. Girls, will you please get your names in this week? BB

SENIOR TREASURE HUNT

Again the Senior Mothers made possible a good time for members of the Senior class by a treasure hunt. The first clue was given at the high school, which led a mad rush to Central school. Everyone walked or ran from Central school to Lake Park, and from there to the city hall, and from the city hall to South Park. Senior mothers were stationed at these places to give further clues. At South Park a large box of candy awaited. Beatrice and Theda Lou were first to arrive. We were served sandwiches, deviled eggs, pickles, potato chips, coffee, ice cream and cake. Sir Effingham Jowell and Miss Bettye Boop Jones honored, the vicinity with several classical (?) vocal numbers, and Barbara indulged in the telling of a few jokes. At 10 o'clock a tired but jolly crowd departed for town with a very gracious feeling toward the Senior Mothers. TC

Mrs. Avis Thompson and Miss Eunice Rutherford spent last week end in Tulla.

Mr. and Mrs. Ivan Ames announce the arrival of a boy last Tuesday, April 24.

Sweet potatoes, cabbage, tomato plants ready to set out. J. H. Daniel, of Hereford Floral Co. 1c

Mrs. Hugh Witherspoon is recovering nicely from a major operation which she underwent at the hospital last week.

Mrs. R. O. Douglas left Wednesday for Hart where she will join her father. They are moving to Springdale, Arkansas.

Clyde McMahon of Lubbock returned home Wednesday after a visit in the home of his sister, Mrs. O. L. Click.

Mr. and Mrs. Orland Wilson left this week for Dimmitt where he has purchased a meat market. Mr. Wilson was formerly with the Furr Food Store here.

Mr. and Mrs. H. W. Sherrieb of Skellytown were here Saturday visiting friends. They also visited relatives in Friona Saturday and Sunday.

Miss Ruby Ashburn, district home demonstration agent, attended the meeting here last Saturday afternoon of the county council of home demonstration clubs.

Frank Williams and son, Chet, of Phoenix, Arizona, arrived here last Sunday. Mr. Williams is here to inspect his ranch northwest of Hereford.

Ed Connell visited his son-in-law, Joe Trussell, in Amarillo last week end. Mr. Trussell is an evangelistic singer and conducting a revival in Amarillo.

Gladioli may be planted any time now and up to July 1st. I have some good ones and priced cheaper than catalogue prices. H. L. RICE. 1

Newt Gilliland and Andrew Pat Jones returned to College Station Saturday night. They were accompanied as far as Amarillo by Mr. Gilliland's aunt, Mrs. Reed Williams, and his brother and sister, Jack and Estelle Gilliland.

Mrs. W. J. Smith returned home Sunday from Lubbock where she had been with her mother, Mrs. F. E. Walters, who has been seriously ill in Lubbock hospital, but is now slowly improving.

Clyde Renfro, who has installed a new radial motor in his ship, flew to Dallas on business Monday. He was accompanied by Dr. J. W. Hendrix. The round trip was completed in one day, with plenty of time in Dallas. Mr. Renfro is a licensed pilot and seems very enthusiastic with the safety of his new set-up.

Mrs. S. P. Rosson and little daughter, Jo Ann, returned home Monday from a several weeks visit in Austin, Sweetwater, Abilene and Plainview. Mr. Rosson joined his family in Plainview Sunday, spending the day with his mother and returning home on Monday.

Just a little early to plant dahlias but I am putting in a few for early flowers. I will have a very limited number of my choice varieties to sell as out of town orders will take most of them. Will have a few good cheap ones. H. L. RICE. 1

Visitors to the Star Theatre from Friona Wednesday night were Messrs. and Mrs. Selden Warren, R. L. Flier and Dick Hagins; W. L. Hasty, Addie Martin, Orville Cronster, L. W. Ware, Jack Pipkin.

Young Methodists to Meet in Canyon

The Methodist young people of the Amarillo District, of which Hereford is a member, will hold a three-day meeting in Canyon this week, April 27, 28 and 29.

Registration will begin here at 5 o'clock Friday evening. The registration fee with be 25 cents. Christian Culture credits will be issued. The course offered will be Missions and World Friendship, Principles and Materials of Worship, Learning to Work as a Group, Evangelism and Church Relationships, Citizenship and Community Service, and Recreation and Personal Development.

It is thought that some of the Hereford young people will attend the meeting. All of the young people who possibly can attend are urged to do so.

See Close to Parity Price for Wheat Men

Farmers who cooperated with the Agricultural Adjustment Administration will get close to a parity price for their wheat this year if the market holds. Figures furnished the Texas A. & M. College Extension Service show the march price this year on the farm was 71 cents compared to 34 cents a year ago. Add to this the benefit payment of 28 cents per bushel on 54% of the average five-year production and the total farm price is 99 cents. This is about seven cents short of parity, or the purchasing power wheat had in the 1909-14 period.

The wheat program has been reopened for the benefit of late comers and county committees in Texas wheat counties are receiving applications for contracts. Those who sign now will miss only the first of the 1934 payments.
