RELIEF WORK TO START HERE FRIDAY; GARDENS PROJECT IS SPONSORED

Some relief work will start in Deaf Smith county Friday, W. W. Chilton, administrator, has announced. Survey and investigation of those needing work is almost completed, with more than 300 eligible to work, Chilton said.

These persons will be put to work upon orders from state headquarters. Projects have been submitted for every section of the county. Case records on all eligible workers are on file at the office and they will be notified as fast as they are wanted. It is Chilton's hope to obtain authority to have the county's full quota of more than 300 employed this month.

While work has been held up due to the change over from OWA to work relief, direct relief has been going on full blast. "Needy people have been furnished with food and clothing all the time, and we will continue to take care of them," Chilton pointed out. "And I want to urge everyone who is needing assistance to come to the office and get it." He is particularly anxious to pass out a shipment of salt pork on hand because of lack of refrigeration.

A community garden project which will provide even more vegetables than last year's gardens has been submitted to state headquarters and will be approved. The office is furnishing seeds for private gardens to individuals and families who are on the relief list. They are urged to call for seed.

Amarillo Young Demos Seek State Convention

Young Democratic Clubs of West Texas will seek to bring the next meeting to Amarillo at the bi-annual convention this Friday and Saturday in Dallas. John L. McCarty of Dalhart and Damon Blake of Amarillo, members of the state executive committee, will head the North Plains delegation. Hugh Anderson and J. Doyle Settle of Lubbock will lead representatives of the South Plains. The Amarillo Chamber of Commerce and delegates from all of West Texas are behind Amarillo for the next convention.

County Singing Meet To Be Held May 13

Semi-annual county singing convention will be held at the school in Messenger community on Sunday, May 13, announces J. S. Garrett, president of the convention. Mr. Garrett has called all officers as well as singers to be on hand at 10 o'clock that morning. Singing will start at 10 and end at 4 in the afternoon.

Those who attend are asked to bring their own dinner. The new 1934 books have arrived and everyone is asked to come out and use them. Messenger school is 25 miles west of Hereford on Harrison highway.

Clifford Estes Winner In Essay Composition

Clifford Estes, son of Mr. and Mrs. Cliff Estes, won the Texas History essay contest conducted by the county federation of women's clubs, it was announced Tuesday. The youngster's essay was written on the T-Anchor Ranch. He read it before the meeting of the Federation Tuesday afternoon.

Wind Runs Scores Up While Local Golfers Lick Friona

(BY HOMER FOX)
Last Sunday the Hereford golf ball cutters slipped down to Friona in the second league game of the Wheat Belt circuit, and won and makes 7 3-4 points to 2 1/4 as and makes 14 4 points to 2 1/4 as two one point and one 1/4 point men lost, as the scoring goes, the first six men count 1 point, the next 1/4 point and the rest 1/4 point.

When the first round started there was a cloud coming up from the southwest and it began to look like rain, and these old Hereford boys just can't take it in rain and looked like it was just too bad for the bunch, but we had a nice break when the second round started cause the wind started blowing and from the south and howdy, our bunch was right at home—they just ducked their heads and started playing golf. Looked like a race horse on the home stretch when he gets the

New Wheat Deal Contracts Taken

Contracts in the re-opened wheat reduction program are to be taken at the county agriculture office this week and next week only. A number of contracts were made this week, reports Dewey Reed, county agent. Farmers who made applications last fall then turned down the contracts may make those contracts now and receive the second 1933 allotment payment. All farmers who had wheat in 1932 and 1933 and prior years and who have not entered wheat contracts may do so under the re-opened program.

Allotment Group Seans Contracts

Corn-hog contracts of Deaf Smith county are now in the hands of the county allotment committee who will review each one, set the allotment and submit them to the state board of review for final action before they are sent to Washington for payment. The committee will finish its work this week, says County Agent Dewey Reed.

Tabulation sheets and sample contracts submitted to the board several weeks ago have been returned by E. N. Holmgren, chairman of the state review board. He said they are in excellent shape and directed Reed to have the allotment committee make the final adjustments.

No hint as to the time allotment payments will be made has been given Reed, but he expects the money in June.

Griffin Installation To Be Friday Evening

Friday evening at 8 o'clock the Rev. W. M. Griffin will be installed as pastor of the First Presbyterian church. Ministers to officiate will be C. L. Dickey, Canyon; J. Hoyt Boles, Tulla; Frank D. Travis, Childress; F. T. Charlton, Canyon; J. R. Sharp, Canyon, and J. A. Hornbeak, Hereford.

Before the installation service supper will be served in the basement, beginning at 6:30 o'clock.

Clifford Estes Winner In Essay Composition

Clifford Estes, son of Mr. and Mrs. Cliff Estes, won the Texas History essay contest conducted by the county federation of women's clubs, it was announced Tuesday. The youngster's essay was written on the T-Anchor Ranch. He read it before the meeting of the Federation Tuesday afternoon.

BEGIN DRIVE TO BEAUTIFY ENTIRE CITY

For the third year in succession Hereford is to have a city beautification campaign. Mrs. R. F. Guthrie has been named general chairman of the campaign, which is sponsored throughout all the area by the West Texas Chamber of Commerce. Mrs. John P. Slaton handled the work last year and has recently rendered her report of the year's work.

Mrs. Guthrie has announced that the campaign will begin at once. She has enlisted the aid of the women's clubs and civic organizations. Various committees will be announced next week as will the complete plans for staging the campaign.

Ray Johnson Hurt In Auto Accident

Striking a culvert as he was driving toward his home at Summerfield Sunday night, Ray Johnson, secretary of the Consumers Fuel Association and Summerfield farmer, was seriously injured. He is in the Deaf Smith county hospital, where attendants report he is convalescing "as well as could be expected."

A skull fracture in the forehead above the left eye necessitated an operation to remove the crushed bone and relieve pressure on the brain. His right collar bone was also broken. Doctors reported he was suffering shock and sprains as well as numerous bruises and laceration about the body. Barring complications, his chances for recovery are said to be good.

The accident took place five miles west of Hereford shortly after midnight Sunday. Johnson was alone. A passing truck driver discovered the accident but was unable, because of Johnson's size, to load him into his vehicle. The driver summoned help from town. Dr. R. D. Gist of Amarillo assisted Dr. G. F. LeGrand in performing the skull operation Monday.

Highway Program Is Still Unsettled

Although state and federal relief authorities are unable to reach an agreement as to the expenditure of the \$8,900,000 road fund for relief of drought stricken counties, it appears Highway 33 is to be improved in Deaf Smith county. The road has been approved by the Highway Department for a caliche surface, using relief labor, for three months. To date the relief office has been unable to furnish labor.

But W. W. Chilton, administrator, has submitted a project calling for the placing of workmen on the job. He is of the opinion that some labor will be furnished to Engineer Cooper Dewey this month with the number to be increased gradually.

If state officials can arrive at a definite conclusion as to using the emergency fund, the project is among the first upon which work will be started, officials say. As for Highway 143, 25-Mile Avenue, official state designation has not yet been given, although it is believed the chances are good that it will be designated. Designation of the road would make it eligible to participate in the special fund.

The 33 project as approved by the Highway Department calls for a caliche surface on the road from the city limits east to Randall county and completion of the curb and gutter and application of an asphalt surface within the city.

CANDIDATES TO ATTEND W. T. C. C. CONVENTION

A political carnival will be held on the Tom Green county court house lawn at San Angelo each evening of the sixteenth annual convention of the West Texas Chamber of Commerce May 14-16. All candidates for governor and other state offices and for congress and the United States Senate have been invited to participate. Major Mark McGee, Fort Worth attorney, will be the presiding officer each evening.

Annual C of C Banquet To Be Tuesday Night

Members of the county's wheat board will be honored at the annual banquet of the chamber of commerce to be held next Tuesday evening, May 8, at the Baptist church. Dr. J. O. Ellsworth, head of the agriculture economics department of Texas Technological College, will be the principal speaker and will talk on agricultural problems and the government's program for the aid of agriculture.

All the 27 members of the nine community wheat committees in the county will be present. Dewey Reed, county agent, and County Judge C. W. Humble, who is treasurer of the wheat association, will also attend.

Music will be furnished by Ralph Smith's string band, Mrs. Carl Mounts will sing, and Miss Katherine Kirby will give a reading to round out the entertainment features.

President Alex O. Thompson of the chamber of commerce will present DeWitt Landis, who will act as toastmaster. B. H. Hopkins will introduce Doctor Ellsworth, and John Olson will review the work of the wheat board. Dewey Reed is scheduled to introduce members of the board.

Mary Brotherton In State Contest

Mary Kate Brotherton, senior in Hereford High and an honor student, went to Austin yesterday where she will take part in the extemporaneous speech contest at the State Interscholastic League meet. Miss Brotherton was winner in both the district and regional meets, the former as Amarillo and the regional at Canyon. She is believed by her coach, Miss Irene Crawford, to stand a good chance of returning from Austin as state champion.

Miss Crawford and C. H. Dillehay, superintendent, also went to the state meet, driving through in Mr. Dillehay's car. No other Hereford pupils are competing in the state contests.

Firemen Trounce Lions In First Tilt

(BY HOMER FOX)

Boys, did baseball start off with a bang? Tuesday afternoon the Firemen and Lions crossed bats for the first game of the season and it was rained out in the first of the fourth. Think of it—a ball game rained out in Hereford—it is the first time it has happened since Rat Jewell and Dow Mercer dug the Tierra Blanca, and Ed Connell won a beauty contest—and that has been plenty of years.

But the boys fought it out Wednesday afternoon and the Firemen won, 7 to 6.

The Firemen were first up, and two men went out like Lottie's eye. J. Russell, next man up, was safe on an error. Angelo hit a high fly that looked like it was going to center, then second and short, and finally Ralph Smith at third, after circling the diamond three times, wound up with the ball. It was so crooked the umpire had to call time out to unangle Ralph, but it was some catch.

The Lions went out one-two-three. In the second inning no one scored. But in the first of the third the Firemen, after two outs, made three runs on a walk, one error and two singles. The Lions in their half got a couple of singles by Baker and Acker, but failed to scratch.

The Firemen went haywire again in the fourth, when Witherpoon hit a figure eight to right field and Baker thought he was doing good to stay out of the hospital, and the boy stopped at third. G. Witherpoon was safe on a fielder's choice, and W. Witherpoon scored on the play. Wood busted

MRS. PHILLIPS, PIONEER HERE, DIES SATURDAY

The ever thinning ranks of the Panhandle's pioneers suffered a severe blow with the death last Saturday of Mrs. W. B. Phillips. She was 64 years old and had lived in the Panhandle since 1891, when she moved with her parents, the late Mr. and Mrs. J. C. Wombles, to Amarillo.

Mrs. Phillips died at her home unexpectedly Thursday after being taken home from the Deaf Smith county hospital following an operation. Funeral services were held Sunday afternoon at the Baptist church with Rev. J. M. Dyer of Wildorado officiating. Burial was in West Park Cemetery. Pallbearers were A. O. Thompson, J. C. Alred, Wirt Phillips, H. G. Conkright, Arthur Thompson and N. E. Gass.

Mrs. Phillips was born October 26, 1871, in Chatam county, North Carolina. She was married to Mr. Phillips in 1892, a year after moving to Amarillo. They moved to Deaf Smith county in 1898 and to Hereford in 1923.

Surviving are two sons, Coy of Wildorado, and Earl of Hereford; four sisters, Mrs. L. R. Brady and Mrs. W. T. Smith of Hereford; Mrs. G. B. Combs of Canyon and Mrs. M. O. Meeks of Amarillo; four brothers, Troy, W. T. and M. D. Wombles of Hereford, and G. H. Wombles of Hume, Missouri, besides her husband.

All but Mrs. Smith and G. H. Wombles attended the funeral. Four grandchildren and several nieces and nephews also survive.

T. L. Suttle Dies In Car Accident

T. L. Suttle, superintendent of the Hanna Hall Construction Co., who had charge of construction of grade and drainage on Highway 33 here, was killed in an automobile wreck near Tulla Monday afternoon.

Suttle was enroute to Hereford at the time of the fatal accident. The cause had not been learned. His home is in Waco, headquarters of Hanna & Hall. He was well known in Hereford, having worked in the county from last fall until recently.

Medical Society To Gather Friday

(BY HOMER FOX)

Dr. A. J. Streit of Amarillo will be the principal speaker at the meeting Friday evening of the Tierra Blanca-Medical Society. Dr. G. T. Vineyard, district councillor, also of Amarillo, will discuss state medicine.

Doctor C. E. Donnell of Canyon is president of the society, and Dr. T. L. Morgan secretary. Medical doctors of Randall, Deaf Smith, Castro, Parmer and Oldham counties comprise the membership.

Agriculture Students Plan Week-End Outing

Pupils in vocational agriculture classes of Hereford High will have a two day camp in Ceta Canyon. They will leave for the camp tomorrow afternoon with B. H. Hopkins, instructor. About 35 boys will go, Hopkins said. This is an annual affair. The group will return Sunday afternoon.

Press Convention This Week-End In Amarillo

Problems of the newspaper industry will be aired at the annual convention of the Panhandle Press Association, to be held Friday and Saturday of this week in Amarillo. Mrs. Seth B. Holman and DeWitt Landis of the Brand staff will attend.

RAINS FALL OVER BIG AREA TUESDAY AND WEDNESDAY; 1.75 INCHES TOTAL IN CITY

Taxes to Increase After July First

Payment of delinquent taxes before July 1 will mean a great saving. Under the present law, state and county taxes for 1932 and prior years will draw no interest and only six per cent penalty if paid by the end of June.

Interest at the rate of six per cent per annum plus a penalty of 10 per cent must be collected after July 1. In addition, the following assessments will be made: On 1930 taxes 30 per cent interest will be added; on 1931 delinquent taxes 24 per cent interest will be added; on 1932 delinquent taxes 18 per cent will be added.

A delinquent cost will accrue in addition to the above charges. As advocated by the Texas Junior Chamber of Commerce, payment of back taxes will prevent necessity of a raise in the tax rates at the next session of the legislature. It has been estimated by the organization that the state's fiscal affairs can be put on a sound basis by payment of slightly more than 50 per cent of taxes now unpaid.

Peggy Mitchell Is City's Queen

Miss Peggy Mitchell will be the princess of Hereford in the Rainbow Roundup at the West Texas Chamber of Commerce convention in San Angelo, May 14 to 16. The Roundup is the big show feature of the opening evening program at the convention.

Most of the towns in the area will have representatives in the revue and show.

S. P. Rosson, a director of the WTCC, and his family will also attend the convention.

WASHINGTON MAN LIKES HEREFORD CORN MEAL

"Everybody in these parts already knows how good our corn meal is," declares Harry Danforth, manager of the Packard Milling Company. "And they are finding out about it in places a long way off." The occasion for his speech was the following letter received from Spokane, Washington.

"The writer was in Texas last October and bought some of your corn meal and hauled it all the way to Spokane. It is impossible to get such corn meal here and since we must have our corn bread, an enclosing check and will appreciate it if you will send me a sack."

It was signed by T. C. Burnett and was written on stationery of the Industrial Finance Company. The corn meal was sent.

OPERETTA, SUNBONNET GIRL, TO BE GIVEN FRIDAY NIGHT

(BY HOMER FOX)

An intricate and interesting plot forms the story around which is built the action of The Sunbonnet Girl, comic operetta which girls and boys glee clubs will stage Friday evening at the high school auditorium. Good voices and excellent songs add to the strong story to make the play first class entertainment, declares Miss Thelma McMinn, director.

In the title role as Susan Clifton is Leona Tiefert, who was left an orphan as the ward of Abijah Scroggs and wife, a wealthy but skintight couple. A music contest is to be conducted in the home town by Mrs. Coleman who is accompanied to the town by her son, Bob, and daughter, Barbara, as well as Bob's chum, Jerry.

Susan, coming of musical parents, desires to take part in the contest, but Abijah and wife forbid because their daughter, Evalina, is a contestant and Susan is needed to do the housework any-

way. Discouraged, Susan meets Bob, Barbara and Jerry, tells her story and enlists their sympathy. She believes her parents left her some property which the Scroggs have not revealed. They promise to call on Ezra McSpenny, village constable, and persuade him to use the law in Susan's behalf.

After a lot of complications she is allowed to sing and is awarded the prize. Bob offers his heart and hand which is at first refused. But after the constable's report the curtain falls on the prospect of a double romance: Sue and Bob and Jerry and Barbara.

In the cast are Bettye Bruce Jones, Beatrice Lawrence, Donald Hicks, Francis Higgins, Billye Valentine, Jim Kirby, Earl Trimble, Elizabeth Spradley, Loys Carmichael, Elizabeth Ireland, Troy Carmichael, Miss Thelma, Jean Morgan, Marvin Thomas, Elizabeth Bowman and choruses of village boys and girls.

Rain—the gully-washing, drouth breaking rain fell here and in all the surrounding area Tuesday and Wednesday nights. The fall varied over the county, but all told the two downpours totaled more than an inch and a half.

In Hereford there was nine-tenths of an inch Tuesday night. Last night's rain, while falling more rapidly, amounted to three-fourths of an inch, bringing the total for the two nights to an inch and 65 one-hundredths.

Two weeks ago there was a half-inch rain and in March snow brought about two inches of moisture. This is the extent of the area's rain since last August excepting a trace of moisture in early November.

Some wheat is in fair shape. On the whole, however, the moisture came too late for a normal yield of wheat. Farmers agree that the set-up now is perfect for planting of feed and row crops. Wheat that had a stand is already "made".

The entire Panhandle was favored with rain. In the area of Kress and Tulla the deluge reached flood proportions, around nine inches falling and washing away roads and in numerous instances, crops.

Distribute Blue Eagle To Firms Under Codes

For that relatively small percentage of employers not yet under permanent codes, an executive order will permit the continued use of the Standard Eagle as a sign of acceptance of the President's offer to extend his Re-employment Agreement until a code for their industry has been approved, it has been announced by the office of Sherwood H. Avery, executive assistant of the Dallas NRA office.

"Last year employers were asked to display the Blue Eagle as evidence of the promise to do their part and as a symbol of their faith in the ability of the American trade and industry to defeat depression. This year the members of industries operating under permanent codes are asked to display the Code Blue Eagle as a symbol that they have united to complete the work of recovery," Mr. Avery said.

Distribution of the Code Eagle was scheduled to start May 1 from San Antonio. Cards and instructions have been mailed to every employer. If no code has been approved for an employer's principal line of business, the card should be filled in and mailed. A Blue Eagle will be mailed to the employer when a code is approved.

Band to Give Concert.

An open air concert will be played by the Hereford High School Band next Monday evening. Director Ralph Smith has announced. If the weather is bad the concert will be moved to the high school auditorium.

HOME BEAUTIFICATION

For the third consecutive year Hereford is having a campaign of beautification both in the residential and business sections of the city. It is a movement that deserves the whole hearted cooperation of every person in the city. Mrs. B. F. Guthrie has taken charge for 1934. Last year Mrs. Jno. P. Slaton directed the campaign, and it must be said it was an unqualified success. Both women deserve the thanks of the entire community.

And the women's clubs of Hereford have plunged into the campaign with enthusiasm. Although it is the mission of these clubs to contribute something to the community, they are, nevertheless, to be praised. And so are the rest—the Lions Club, Chamber of Commerce and various individuals.

Merchants of the city contribute much to this campaign every year. They give of their time and money to make it successful. They, too, are doing a good work.

With all this unity of effort, is it too much to want and expect Hereford to be the best dressed town in West Texas? Why not try it?

AS TEACHERS LOOK AT LIFE

The schools are supposed to make good citizens out of boys and girls from all kinds of homes. We wonder if it occurs to parents that the teachers expect some high grade help in this greatest of all public enterprises.

Dr. John Duff of New York University recently called attention to some of the absurd requirements made of school ma'ams:

In many localities, as Dr. Duff points out, teachers "have to live up to a moral standard that would put a strain on a thirty-second degree saint."

Dr. Duff cites a pledge required of all teachers in a certain North Carolina town: "I promise not to fall in love, to become engaged, or secretly married."

In another case applicants for teaching position had to sign such promises as these: "I promise not to go out with any young man, except in so far as it may be necessary to stimulate Sunday school work."

Attempt to regulate the private lives of school teachers in this way is not exactly uncommon in the United States. There are towns where prim and priggish behaviour seems to be valued more highly than teaching ability.

And it is hardly surprising if educators like Dr. Duff demand that a halt be called.

The request that a school teacher lead a model life arises naturally enough, of course. If parents want to be sure that their children are entrusted only to young women of high moral character, that is easily understood.

The point is that in many cases the school board does not stop there. It goes on and erects standards of conduct which, as Dr. Duff complains, turn the teacher either into a hypocrite or a goody-goody.

It would be a logical step if teachers would demand that parents refrain from quarrelling in the presence of their children; that husbands have dates only with their wives and wives with their husbands; that citizens do nothing which would suggest a wrong course of conduct to their younger generation.—Pampa News.

A LONG TIME AGO IN HEREFORD

(From The Hereford Brand, May 1, 1903.)

An item in Dimmitt news letter: "Judge Kerr's incubator has hatched, and since there are no mother's wings to hover over the little chicks they are helpless. The white 'pup' thinking they were good to eat, proceeded to devour a few of them. The little puppy is now in the bone yard."

Mayor Davis, Aldermen Fuller, Aten and Loveless were present at a session of the new City Council, with Aldermen Ricketts and Lipscomb absent. The body proceeded to adopt a number of ordinances, which were published in that issue of the Brand. These ordinances were lengthy and numerous, requiring more than ten pages in the paper. Included were measures against offenses against the person; Against public peace and order; Against public morals and decency; Disorderly houses; Indecent conduct; Cruelty to animals; Offenses concerning Sunday; Against public policy and economy; Tickets in lotteries and raffles; Vagrancy; Intoxicating liquors and tobacco sold to minors; Unlawfully carrying arms; Against public property and private; Concerning public square, streets, sidewalks, alleys and bridges; Selling goods on square, streets, etc., hawkers and peddlers prevented, fresh

meat; Public carriers and drivers of vehicles; Use of bicycles; Concerning street lights; Offenses against public health, concerning physicians; Offenses against public safety; Nuisances and removal of filth; Noxious trades; Animals running at large; Regulating railroads and depots; Regulating water companies; Public resorts; Fires; Buildings; Occupations tax laws; Court procedure, etc.

The Western National Bank, heretofore a private institution, had applied for a charter making it a National bank, with G. A. F. Parker, F. B. Fuller, Jno. P. Slaton, W. S. Higgins, J. P. Connell and L. R. Brady as charter members.

(From The Hereford Brand, May 2, 1913.)

The Hereford Chamber of Commerce had been organized. J. L. Walker was chosen president. Bill Ray was elected vice president, and made "one of his typical speeches, but it was nearly all wind—he said so, and to prove it told a joke.

A number of citizens were building concrete walks in front of their homes.

The commissioners court was having repairs made on steps and approaches to the court house.

By Their Words

What Panhandle Papers Say

"We occasionally hear," writes John McCarty in the Dalhart Texan, "that Dalhart is to have another newspaper." The same rumor is making the rounds in Hereford and the remarks McCarty makes anent to the subject apply in Hereford.

"Personally," continues John, "I always take newspaper competition seriously, because I know, whether another paper is successful or not, it takes all possible profit out of the field. Dalhart is not big enough for two papers, and has no use for two papers. Neither would make any money and neither could, therefore, best serve the community.

"We have tried to make this a real newspaper . . . and tried to keep busy doing something constructive for the community. We have made mistakes and some enemies. Anyone with a constructive program will

"Our merchants have been liberal with their patronage . . . we solicit a continuance of their patronage on the basis of our merit.

" . . . in view of our progressive attitude, our heavy payroll and the fact we maintain a liberal and aggressive policy of community service, we can see no reason for having two papers. . . .

"From a commercial and economic standpoint, this is a long long way from a two newspaper town. Dalhart does not need two papers and Dalhart cannot adequately support two without sacrificing the quality of its papers or assessing an unfair advertising burden on its merchants."

" . . . people of small cities and towns will give evidence of more

forbearance with a newspaper writer than will those of a metropolitan," points out the Floyd County Hesperian. "They have a more tolerant attitude toward mistakes and errors, and are more quick to forgive when their newspaper workers fall into them."

Sam Braswell says in his Cleburn News: "On thing that will greatly help solve the troubles of the country is for everyone to make things go well in his home town," to which we add, amen.

"There seem to be objections to everything," we learn from the Borger Herald, "but perhaps everyone will agree . . . that no one should have to work this kind of weather, of for—in brief—this is the springtime—tra-la-la.

Adrian Odom, former assistant sports editor on the Amarillo News and Globe, has returned to Memphis to become city and sports editor of the Daily Democrat which Lyman Robbins will begin publishing May 6. J. Claude Wells, says last week's Democrat, will be managing editor. Congrats to two good men.

You're As Old As Your Vision-

Most of your impressions of the outside world, of what is going on, are gained through eyesight. Impaired or failing vision means that it is more difficult to keep up with these things.

One of the most important factors in keeping your eyesight young, is adequate and proper lighting in home and office. You can enjoy the right kind of light and the proper amount and intensity of it, at a cost probably no greater than you would pay for ordinary lighting.

So, if you would stay young, visually speaking, for the longest possible time, look to the lighting scheme of your home and of any place where you work.

BY MRS. JOHN BOLING

This community was saddened by the death of Mrs. W. B. Phillips—mother of Coy Phillips—of this community. Mr. and Mrs. W. B. Phillips were former residents here and were active in the early developments of church and school, and in every other activity for the up-building of the community. Mrs. Phillips was especially interested with a mother's love for all the young people of the community and because of her sweet, guiding companionship, life has been made sweeter, richer, more wholesome and more meaningful for countless numbers of young people. Her radiating influence was not limited to the young people only, but to know Mrs. Phillips was to love her and to love her was an inspiration to rise above petty things in life and to render a service to mankind and to our Maker wholly acceptable unto God. During the many years since she moved from here she has ever made us feel her keen interest in the life and progress of this community. As her interest for us never died, so our memory of her shall never die. Her soul has gone to its rich reward and as we feel our loss we grieve—not because she has gone, but because we must live on without her. Life will be sterner, the way less bright, but we rejoice for her victory. We extend our deepest sympathy to the loved ones and friends and can only commend them to the Savior for His comforting power and watchful care.

Our hearts were saddened again by the loss of the infant baby of Mr. and Mrs. Mart Burum. Mrs. Burum is at an Amarillo hospital and is reported and resting fairly well.

Mrs. P. A. Brown is in a critical condition in the Hereford hospital where she was taken early last week.

Rev. J. M. Dyar, our regular pastor, filled an engagement in Hereford Sunday.

Grandmother Burum was called to Oklahoma last week because of the death of a grand daughter there.

Mr. and Mrs. Ollie Grabbe are visiting relatives at Denton.

Mr. and Mrs. John Boling visited Mr. and Mrs. Jack Burum of Lockney last week, returning home late Sunday.

Mrs. Selma Grabbe is visiting relatives in Fort Worth where her son, Alvin Grabbe, is attending high school.

Many of the women of the Missionary Society attended the district meeting in Amarillo Thursday and Friday.

The Palo Duro church will celebrate Mother's Day with a program by the Sunday school and B. Y. P. U. students. Everyone is invited.

FARM HOUSING STANDARD LOW IN TEXAS, SURVEY REVEALS

Farm housing conditions in Texas are far below the minimum requirements for a decent standard of living on half or more of the farms, figures now being compiled on the farm housing survey are showing. The survey covered most of 56 counties selected as being representative of the state. Deaf Smith and Randall included. It was a Civil Works Administration project in which the Department of Agriculture and the State Extension Service cooperated.

Total state figures are not yet available but preliminary figures indicate it would probably take at least one-half billion dollars to rehabilitate all Texas farm homes to only a moderate degree of comfort. Running water, new roofing, screens for windows and doors, and painting are listed as the most pressing needs. More than one-fourth the farm people interviewed would borrow money at low interest rates if it were offered them for improving their homes, said to be paid back over a long period of time.

"The deplorable condition of many of our farm-homes is a symptom of long standing agricultural distress," comments O. B. Martin, extension director. "It shows that the country is in need of the re-adjustment in farm and home life that the demonstrations fostered by county farm and home demonstration agents are bringing. It also shows that the effort of the Agricultural Adjustment Administration to bring quick cash relief to farmers, followed up by long-time re-adjustment of farm systems, is the need of the hour. The survey confirms what has been known by those who are most familiar with farm conditions. It gives added proof that the conditions of our army of farm people enrolled as demonstrators and co-operators are struggling to overcome are real and not fancied."

Mr. and Mrs. A. H. Elliston and daughter, Ruth, and Miss Ruby Faye Bennett returned home the latter part of last week from a motor trip to Austin, Beaumont, Victoria and Shreveport, Louisiana. Mr. Elliston reported a delightful trip for his party and the dismal prospects of the growing crops on account of excessive rainfall.

Extend Crop Loan Limit to May 12th

Deadline on applications for emergency crop loans has been extended to May 12, it was announced this week by Charles W. Sherrill, regional manager of the Southwestern Emergency Crop Loan Office of Dallas. Local applications are taken at the chamber of commerce office in the court house by Miss Peggy Mitchell. Maximum amount available to any one farmer is \$250 and the minimum is \$10. Cooperation with the various government agriculture programs and the production credit associations is required of all borrowers.

According to word from Sherrill's office, applications for loans through April 26 in Texas, New Mexico and Arizona totalled 32,000. A year ago the office completed 65,000 loans. Last year's loans averaged slightly higher than those this year which are averaging around \$73.

Fewer loans and a lower average amount indicate, Sherrill has pointed out, that farm conditions are improving in the area served by the Dallas office.

The Ford Motor Company \$5-a-day basic wage went into effect last month for all Ford workmen throughout the United States.

On Tuesday morning, March 13, this increase brought an added compensation of 50 cents to \$1 a day for approximately 47,000 of the 70,000 Ford workmen employed in this country.

In the Detroit area alone 32,681 men benefited by the increase.

A statement given out by the company said:

"This is the first blanket raise the Ford Motor Company has made since December, 1929, when it added the 'depression dollar'

to its wage rate, bringing the daily minimum of \$6 a day up to \$7.

"During the month of February, 17,000 men had received small wage increase, but Henry Ford's return to Dearborn last week he began to put into effect the plan that has been in his mind for some time.

"The increase became effective Tuesday morning, hours before it was announced. The men were told during the afternoon and received the news with great enthusiasm."

All departments of the Ford company have been working five days a week and some six. The automobile code now permits a 40-hour week.

Bailey Formally In Senate Race

Congressman Joseph Bailey, Jr., has forwarded his \$100 entrance fee to the secretary of the State Democratic executive committee, thus formally announcing his candidacy for the position of United States Senator in the July primaries. Congressman Bailey aspires to the high post held for so many years by his late and distinguished father.

The definite filing of Congressman Bailey's candidacy comes in the nature of an answer to the challenge offered him by political opponents who secured an indication on the part of President Roosevelt to the effect that the Federal administration favors Senator Connally, who Mr. Bailey will oppose at the polls this summer. Congressman Bailey returned to Washington Saturday, but will come back to Texas in two weeks and devote himself to a vigorous speaking campaign which will carry him into virtually every county in the state.

THE CHURCH WORLD

First Methodist Church
REV. T. C. WILLETT, Pastor
Had another good day at the Methodist church last Sunday. A nice increase in Sunday school attendance and in all the other services of the day. We saw a number of new faces in the congregation and several new members in the Sunday school. Comp again—we are glad to have you worship with us. The pastor will be in his pulpit at both hours next Sunday. A message and a welcome await you at the Methodist church.

First Christian Church
REV. E. R. M'WILLIAMS, Pastor

St. Anthony's Church
Sunday mass at Hereford at 9; second mass at Bovina. Thursday, Feast of the Ascension; masses at 7:30 and 10, this being a holiday on which all Catholics are obliged to hear mass as on Sundays. Week day mass at 8. Saturday, at convent, 7. May devotions each evening at 8, rosary and benediction. Thursday evening Holy Hour begins at 7, ends at 8.
The annual outing on Ascension Day will be announced Sunday. Plans will be made as to where it will be held. Members bring full baskets and a committee will distribute food at outing.
Social meetings young Ladies' Sodality Sunday, 2:30.
Young men receive holy communion in body next Sunday. Organization of the ball team is progressing satisfactorily under the management of Gene Loerwald.
St. Anthony's school children were given a treat last week when Elmer Patterson exhibited his collection of rare coins. They soon learned there was much more than mere monetary value or exchange value attached to them. It was a keen stimulus to them to hear each one of them told of entwined as they were with a wealth of interesting history.

Anson Weeks' Band In Amarillo Monday

"Let's go dancin' with Anson." How many times have you heard Walter Winchell issue that invitation over the air, when Anson Weeks and his orchestra was playing on the Lucky Strike program? Now it will be possible to "Go dancin' with Anson" right in Amarillo, because Wilbur C. Hawk, president of the Tri-State Fair Association, has signed up this radio band for a concert and dance engagement Monday night, May 7. Weeks' band has 16 artists, including Bob Crosby, Bing's brother, Frankie Saputo, originator of

"The man on the flying trapeze," and Kay St. Germaine, blues singer. The orchestra has just completed an engagement at the Hollywood Dinner club in Galveston, where Guy Lombardo and his Royal Canadians are now playing. Concert prices will be, lower floor, 75 cents, balcony 35 and 50 cents. For the dance \$1.25 per person will be charged. There will be no tax. Reservations may be made by writing Miss Lois Black, care News-Globe Amarillo.

Mrs. J. C. Parker, her sister, Mrs. Sparks and little daughter, Martha Lee, of California, spent several days this week visiting relatives in Floydada.

GIRL SCOUT NOTES
The bake sale sponsored by the Whiteface Troop was a success. Eight dollars was made which will be used to buy troop equipment. The troop wishes to thank its friends and patrons for helping make this sale a success.
May 5 will be a big day for the Scouts because the troop is going on its first hike. The Scouts believe heartily in woodcraft, in walking and hiking and all kinds of creative camping and allied activities, because they believe woodcraft is the key which unlocks the spirit of scouting, and an understanding of our pioneer heritage and leads on to satisfying and adventurous lifelong recreations. "One must begin with landscape if one is to end with soul."
From the girls' viewpoint woodcraft means fun, adventure, endless variety, sun and air and exercise, study of nature, observation, chance for sketching and many more interesting things.
For the hike Saturday Scouts should learn the words to the following song. The tune will be learned at the next troop meeting: Come out, come out, come out, come out.
A bundle and stick is all you need to carry along, along.
If your heart can carry a kindly word,
And your lips can carry a song."
And now, last, but far from least, the Troop received its charter from National headquarters last week. This means that the girls are recognized Scouts now. Needless to say, the troop is very proud of itself and its sponsor, the Lions Club.

GULF WINS MORE "HILL TESTS" THAN 32 GASOLINES COMBINED

Will your car have more power on any one gasoline? HERE'S YOUR ANSWER...
Gulf tested a total of 33 gasolines on famous American hills—12 hills in localities from Massachusetts to Georgia—and here is what they found...
The power of different gasolines varies widely! And of all 33 gasolines, Gulf is uniformly best. 7 out of 12 times, it propelled a car and load up mountain grades farther than any other gasoline tested!
It won more hill tests than 32 other gasolines combined! Prove it! Drive into a Gulf station, fill up, and test the power of That Good Gulf for yourself!

A BORROWED FORD tests 12 competing gasolines on Muldrough Hill, near West Point, Ky., to see which gas can pull the car and 3500-lb. load farthest up hill in high gear.

HOW 33 GASOLINES RANKED (IN ALL TESTS TO DATE)

All gasolines tested, except a few "third grade" brands, sold for approximately the same price as that Good Gulf. Each brand is denoted by a letter.

TEST	WINNER	2 ND PLACE	3 RD PLACE	4 TH PLACE	5 TH PLACE	6 TH PLACE	7 TH PLACE	8 TH PLACE	9 TH PLACE	10 TH PLACE	11 TH PLACE	12 TH PLACE	13 TH PLACE

EACH OF THE BRANDS of gasoline tested is indicated on the chart by a letter, A to Z6. Note that Gulf gas was uniformly best! Other high-ranking gasolines varied widely in different tests.

NEWS OF HEREFORD HIGH SCHOOL

SENIOR GIRL RECEPTION

The Senior girls of 1934 were honored with a reception given them by the Business and Professional Womens club at the home of Mrs. Paul Foster Monday evening of last week. The class was divided into three groups, each group being entertained at a different hour. Miss Thelma McMin, Mrs. Carl Mounts, Miss Katherine Kirby, Mrs. Paul Foster and Miss Ruth Marie Mounts provided the program.

The house was decorated with large baskets of lilacs, wisteria and sprays carrying out the idea of spring. Favours on each plate were a cluster of pansies and all the girls pinned theirs in their hair before leaving. The reception was very enjoyable.

SENIOR CLASS

The Seniors decided to buy a large class picture to be hung in the office so that Mr. Hudson and Mr. Dillehay will be haunted in the future by their presence.

Several girls in the class, including "Pete" and some others, were given the privilege of selling tickets for the play.

The most important business during the meeting was the election of the valedictorian and salutatorian. The Seniors voted for their choice of the five persons having the greatest total number of school credit points for this year. Nellie Gilbreath is valedictorian, and Mary Kate Brotherton is salutatorian. We are proud of you, girls.

HAVE YOU HEARD?

Berry Orr says that a brick flat is a brick house with a flat top. Yet he wonders why everyone laughed.

Marvin Thomas seems to be high point man between Babe Buchanan and Virginia Line. They surely must enjoy arguing about him.

Ah, these special committee meetings are the berries—burp!

After the assembly program last week several of the boys have wanted to go to West Point. That's the spirit boys, the girls surely fall hard for uniforms.

Beverly Alexander was seen chatting with Earl Trimble at the show the other night. Beverly, is this another admirer?

Girls, there isn't a chance for you. Henry Jowell confessed he is jealous of Jean Morgan. Jean seems to be getting the big rush, and all the breaks. Henry, you're breaking our hearts.

Poogie! So this is what Lois Carmichael is called. Lois, that sounds like the name of a lap-dog to me. Does Ireland call you Poogie?

Francis Harris has a new nick name. It is Terryoaka. Ask him where he got it and how he accomplished it. Assistant Editor.

DOUBLE HEADER

Tuesday morning, April 24, witnessed a singular assembly program in HHS. C. H. Morris, who says he is from Halifax, spoke in behalf of T. C. U. at Fort Worth. His message was largely devoted to the Seniors, and what he told them in private conference has not been made public.

Col. E. R. Coppock, officer in the regular US Army, representative of the CCC, head of the Palo Duro Canyon project, and a good guy, spoke on Palo Duro State Park, the scenic wonder of Texas. In the words of Col. Coppock, "There is more in what is left unsaid than in that which is said." Accordingly, then, everything concerning him and his talk not stated in this article is understood by the reader, with all the finishing touches necessary to suit his peculiar fancy.

He told us lots of things that most of us didn't know, and those who did know them had not made the fact public. In the first place, Palo Duro Canyon is the biggest thing in Texas. It can be used as a very powerful drawing card to get tourists to visit this part of the state. In connection with this, it is undoubtedly safe to say that nobody knew of the reciprocal migration movement explained by the speaker. Few of us know how the work being carried on down there, either. We thought it was a hard life, made harder by strict military discipline, but the Colonel told us that no military instructions are allowed, and that the problem of discipline is one of the hardest he has to contend with. According to him, the duty of the army is to receive the men certified by the CCC and to examine them thoroughly and then keep them properly clothed, fed and housed. It is the duty of the men to carry out the orders of their commander. Col. Coppock says his job is twofold—the conservation of men and material.

Public interest, when aroused and properly directed can do wonders toward promoting a project such as that now in progress in Palo Duro. In fact, it takes public interest to put it over. We don't know much about the directing of public interest, but we, as students of HHS can do a lot toward helping it. In the first place, we could get interested ourselves by merely following Col. Coppock's suggestion and accepting his invitation to visit the Canyon and see exactly how things are run. Not only will this create public interest but it will also improve the morale of his men, he says. There is a bare possibility that we might learn something and even enjoy ourselves by taking a trip through Palo Duro Canyon. So, just to see what we can do, let's endeavor to create public interest by first getting interested ourselves, and then let the camp do the directing. QED

SENIOR PLAY

The job of putting on a Senior play is a big job, just ask the Seniors if you would like to know. In calling for help to put on this successful play, the Seniors received plenty, and they wish to express their warmest appreciation to the many who helped. To name all of these people who helped would be impossible, because every one who attended the play helped. But those who helped with advertising, gave money, time and advice, and helped in many other ways I will name. To the Hereford Brand and staff we wish to express our appreciation for the loyal support, and the advertising of the play weeks before its date, also to J. C. Parker who refused to accept payment for the slide run in his theatre. The Foster printing company also heartily cooperated with us in every way. E. B. Black who has always supported school activities, furnished freely the furniture for the play. Then we wish to thank the people who had patience to bear with us our show card placards and windshield stickers. Last, but not least, we wish to thank all students not in the play for their help in presenting the play. ET

SUB-FRESHMEN

On April 19 the lower grades, including the high school body of sub-freshmen, were out for a track meet. Harvey Nunn, our star, took first place in the 50-yard dash, and also the 220-yard event. In the 440 relay the sub-freshmen got fourth place. In high jump Ray Nunn tied for fourth. Ray Nunn was elected captain of our track stars, he is also captain of our basketball team. HF

STUDENT COUNCIL

The Student Council is working on the code of ethics for the student body. This noted document contains originality plus thought, which equals a large amount of work. One of the older and more stately members is careful to oppose any measure that might seem too hard to live up to. A few of the younger members are wondering if this certain party plans to be with us again next year. JK

GIRLS BASKETBALL

The girls wanting to become great basketball players are being put through the paces once more. The girls who have never taken basketball before would have started practicing the first of the week but Mr. Wilson seemed to be going around in disguise and did not report for practice, so the girls were delayed a few days. The girls who have taken basketball before will begin practice next week. RS

FRESHMAN CLASS MEETING

Billy Smith, a representative to the Student Council, asked if there were any complaints from the former assembly programs. Some suggested that there should be more variety and combinations. The Student Council is anxious to know just what the HHS as a whole wants for assembly programs so they might plan for what is best liked.

J. M. Redwine wanted a place in which he could study rather than the balcony of the auditorium where there is continual talking. Ernest Scheithagen seconded the motion and said he thought it a good idea, because otherwise you would always be getting demerits. The president appointed Ernest to see about the class meetings, but it was later arranged to use student talent and have programs in the main auditorium for the remainder of the semester. The following committee was appointed to plan programs to be enjoyed by the Freshman class: Rena Allred, Virginia Carlyle, Meade Smith, with R. A. Daniel as chairman. For next Wednesday Virginia Miller will play the mandoline; Rena Allred, piano; Jack Barger, guitar, and Ben Shreve, fiddle. That will be the opening program. If other classes do not have class meetings, they are cordially invited to attend these programs. If the committee doesn't have good programs, they will receive the hot hand. VJH

The HHS band will not take its annual trip June 6 to Las Vegas, as was announced previously, but will go to the Carlsbad Caverns. The change was brought about as a result of our not being able to secure reservations at the Boy Scout camp until August and as that would hinder some of the members working on the farm that the trip to Carlsbad was chosen. RAZZ, ROSE AND RIGHTO

School is an institution in which one learns to use his own resources, not to create new ones. A rose I toss with best regards to a speaker we had in assembly last week, the Colonel of the CCC in Palo Duro Canyon. He gave a thought to the teachers which the students have never been able to show. No wonder he was applauded. We hope some martyr will advance the cause. Thanks, thanks, my worthy friend, for the lesson thou hast brought—for our posterity, maybe.

A smile is the outward expression of the inner soul; a frown is no expression of any soul at all. Prove you have one and s-m-i-l-e. IOU

PEP CLUB

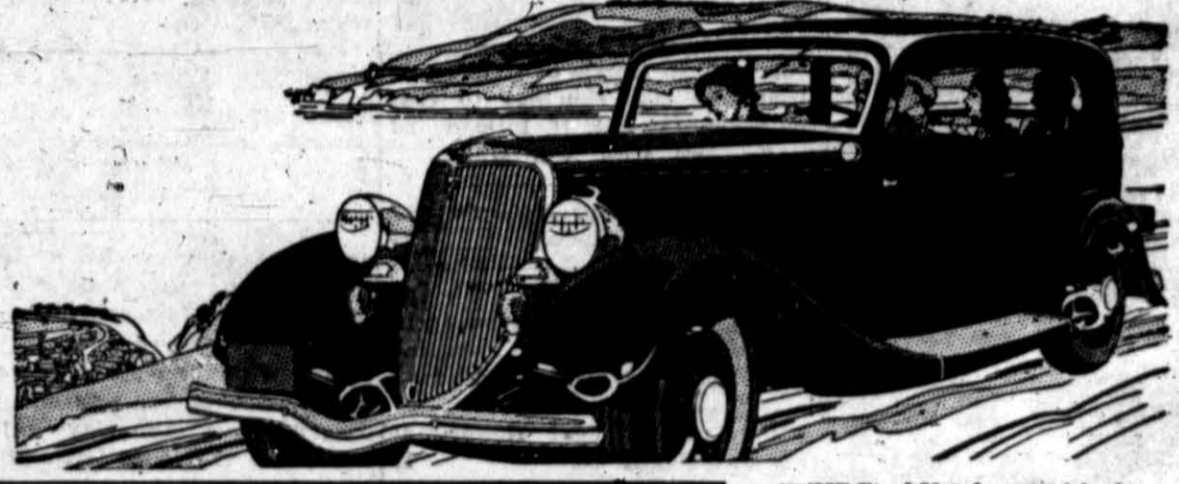

Evelyn gave the Pep club a talk on being absent and tardy. Frances Borden was late, but she said she was on her bicycle and kept falling down.

Every other meeting is supposed to be a fun meeting, so last Thursday night the Pep club gave charades. The members whose birthdays were in January were first, those in February second, etc.

The charades came in this order: Quick Henry the Flit, Mary Virginia Eberle, Lena Ivey and Ode-sa Long; Shake Well Before Using, Jean Snyder, Helen Seed and Miss Westbrook; Stealing the march, Jean Millard, Mary Lee Alexander; Not finished, just began, Robbie Jackson; I'm ready, Beverly Alexander; I'd walk a mile for a —, Lucretia Wilson, Phil-lice Arthur and Gertrude Wilson; cough drops, Florene Hunter, Frances Borden, Florence Walker and Sue Vaughn; A rolling stone gathers no moss, Helen Danforth, Geneva Sue Benton, Yetma Smith, Virginia Carlyle, Evelyn Van Swearingen; Big Ben, Vivienne Davis, Gladys Lewis, Anna Mae Danforth, Irene Knox and Cath-

THE Ford V-8 for 1934 is the most economical car that Ford has ever built. It gives you even more miles per gallon of gasoline than last year's money-saving model...

Tungsten steel exhaust valve-seals inserts make valve grinding virtually unnecessary for the life of the car. Aluminum-alloy pistons minimize carbon formation...

Brakes need retuning less frequently because of the great braking surface per pound of weight. And Ford springs—which give free action for all four wheels— seldom require lubricating.

In addition, Ford parts cost from 17% to 59% less than parts for any car selling at near the price. And the record shows that Ford gives you greater "trade-in" value than any other car.

Before you buy any car at any price see and drive the Ford V-8 for 1934. AUTHORIZED FORD DEALERS OF THE SOUTHWEST

ALL-WEATHER 43% MORE Non-Skid Mileage!

Let Us Show You

And here's the GOOD NEWS

This marvelous new G-3 All-Weather with its many advantages over any other tire on the market costs you nothing extra.

● Come see this brute-for-punishment—this great new "G-3" that Goodyear has built, tested, proved out under terrific abuse, to more than offset the harder wear put on tires by today's fast-stepping, fast-stopping automobiles... It's a costlier tire to build but not to buy—consider that important fact too as you look it over and we think you'll say: "Put on a set."

BASEBALL

(Concluded from Page 1)

a nice single. W. Russell was out at first, Carroll out short to first, then Captain J. Russell scored Wood and Witherspoon with a nice single. Angelo was out, pitcher to first.

But those old long-haired boys came back in their half and made a couple of Eyes themselves. What-taman Robinson, first man up, doubled, then good old Hopkins walked up and slapped the old apple to the bridge on the Dimmitt highway, but had to stop at third, but he scored on McWilliams grounder to short. That was about all until the sixth frame. After one out, old Hop walked up and cracked that old pill to the middle of number three green on the Hereford golf grounds. Seemed like Earl Wood was gone 40 minutes, but when the ball finally came in, Hop was sliding into third—he just can't make it, folks, and that's all there is to it. You could send that ball to the President of the National League and when it got back—well Hop would be at third. But he scored on Posey's single and it was just as well. Carroll busted a three bagger in the seventh and scored on a wild throw to third.

The Lions went into the last of the seventh four runs behind, and what a thrill they gave the fans in this standup frame. Downs' first man up, lined out to catcher. Wiltshire hit one to right field, and Woods had it but lost it, and Doc had to stop anyway. Smith tripled, Close whiffed, Robinson singled off pitcher's glove, scoring Smith, and Tubby wound up at second. Hop hit one to first base and the ball was muffed, Carroll covered and muffed the throw at first. Hop was safe and Tubby scored some way—we don't know how—probably cut across the diamond, but no one caught him and it counted. McWilliams struck out, retiring the side and ending the ball game.

It was a good ball game, both pitchers going the whole route. The Firemen garnered six hits off McWilliams and the Lions made it 11 off Carroll. Hopkins led the hitting with three for four, and Wood for the Firemen with two for three. Babe Russell made a hard running catch in center. Wood gathered an impossible catch in right and stood on his head 22 minutes afterward, and the one that Smith caught at third, were the outstanding plays of the day. But on Thursday us Midgets will ride that goat without spurs.

It was reported in last week's Brand that the 30th day of April was the dead line for homesteads. I have not been notified to this effect, so I will continue to take homesteads as I assess, but would like to get them as soon as possible. H. M. BEACH, Tax Assessor.

Women's Clubs to Sell Seals for Centennial

The Texas Federation of Women's Clubs has asked the cooperation of the Deaf Smith County Federation, Bay View, Junior Bay View, Pioneer and Junior Pioneer clubs in the distribution of Texas Centennial Seals. The local clubs have been sent the seals, according to word from the State President, Mrs. Volney W. Taylor, of Brownsville.

The seals sell for 50 cents per hundred, 25 cents going to the American Legion, Department of Texas, to apply on the fund for building a state museum. The other 25 cents will go to the Federation for their permanent headquarters fund.

Pioneers to Gather At Plainview May 19

Frontier days on the Plains will be revived at the Pioneer Round Up at Plainview May 19. The largest gathering of old friends ever held in Northwest Texas is expected, to assemble to recall the days when they used dugouts, punched cattle, fought prairie fires and traveled a hundred miles to attend a square dance.

In keeping with the old times there will be covered wagons, cowboys on horseback, packhorses, buggies, buckboards and many other reminders of early days.

This gathering will be held on the afternoon and night of Saturday, May 19. Besides the visiting there will be a parade at 4 o'clock, chuck wagon supper at 6, program at 8 o'clock at the city auditorium, followed by a square dance.

This is the Sixth Annual gathering of West Texas Pioneers and is sponsored each year by the Business and Professional Women's club of Plainview.

RESOLUTIONS OF RESPECT

Whereas, an all-wise ruler of the universe called from this life Ira N. Wilkinson on the 16th day of April, 1934.

Resolved: That in the death of Brother Wilkinson Hereford Lodge No. 476 I. O. O. F., has lost one of its most faithful members, his chair was seldom vacant on lodge night; always willing and eager to do whatever task assigned.

Also Resolved: That in his death this community has lost a man of sterling character, one of its pioneer citizens.

He has gone from us, but his kindly presence will linger long in the memory of his brother Odd Fellows.

Be it Further Resolved: That these resolutions be spread on our lodge records, a copy be sent to his relatives, and that they be published in the Hereford Brand; also that the charter of this lodge be draped in mourning for a period of 30 days.
