

Between The Goal Post

By FRED HARREL

The Dimmitt Game
Fans last Friday were shown some good playing by the Whitefaces. If there are any doubts that Hereford has the best team it has seen since 1935's great squad, that doubt should be dispelled by now. We feel that coach and players are both due some praise. Naturally the backfield playing was the easiest to see and Petersen, Schumacher, Johnson, Loerwald were particularly outstanding.

Promise of Power
Didn't you fans get a thrill out of the power the Whitefaces unleashed to drive from their own 20 to a touchdown in the second quarter? That was a championship team playing then. And don't forget that those beautiful plays could not have been made without perfect cooperation from the line. Knox Estes, Lisenbee, Ford and Brock are fast becoming veterans of the line, while Hallum and Hager are scrapping for tackle honors. Jack Smith showed up creditably. He was playing end instead of Danny Hales, who was injured in the Portales game. Burleson and Worley did a good job while they were in the game.

Good Playing, But
And now that the boys have shown that they can really play ball, we believe that a little criticism will be taken in the same fine spirit with which they played. It seems that some of the players like the neck better as a tackle place than the shoe-tops. Everyone knows it takes a little extra amount of guts to hit for the shoestrings. How about it Whitefaces? Show the loyal fans you've got that extra bit. Did you notice what a vast

improvement the team has made in kicking and passing? And did you notice the shift they have added to their offensive tactics?

Just Like Old Times
We mean all those fights and would-be fights plus the wordy recriminations generously bestowed behind the East grandstand last Friday night. And from the actions of the crowd there, a good fight is still more interesting than a football game.

Band and Pep Squad
Whether or not the Whitefaces are of championship caliber remains to be seen, but the band and pep squad certainly are. Both units are beautifully drilled and top performers. "Cute" is the only word for the mascots.

Now for Dumas
About the first thing that came to the minds of a lot of fans last Friday night, we betcha, was "I wonder if we haven't got a pretty good chance to beat Dumas, now?" On the basis of comparative scores Hereford is 6 points better than the Dumas squad. Dimmitt scored six points on Dumas and failed to come anywhere near scoring on Hereford. On the other hand Dumas and Hereford rolled up exactly the same number of points over Dimmitt—19.

Most intelligent animal?

It's HARD to tell... but EASY to pick a winning oil

THE chimp is no chump but the champ of all animals, in intelligent behavior. Yet when trainers select from a group of apes the one which will learn tricks most rapidly, they can rely only on hunch or guess.

But when you want to pick a winning oil... you have clues to help you choose. You have facts which solve the problem. Here they are:

To fit various needs and varying pocket-books, Phillips refines many oils. But you need have no question or doubt, if you want our best oil, because Phillips speaks out plainly. Tells you frankly, in unmistakable terms, that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value among all the oils we offer.

So whether you are adding a quart or draining and refilling, it's easy to pick a winning oil. Ask for Phillips 66 Motor Oil at the Orange and Black 66 Shield.

County-Wide Tour Of Farm Plantings Conducted Last Week

The county-wide tour of farmstead plantings which included windbreaks of evergreen and deciduous trees, foundation plantings, screen plantings, shade trees and lawns was made on September 27. All plantings visited have been made since March 1.

"There were 13 windbreaks with 7,650 trees. This did not include the shade trees and fruit trees. There were over 30 of these reported in this community (Dawn) and the total would run over two hundred if we could have obtained accurate information," writes Mrs. Carl Wimberley, reporter for the Deaf Smith County Home Demonstration Council.

At the J. Fields Matthews home (Daniel) the windbreak encloses the entire farmstead on the north, west and south. Evergreens used are red cedar. Further protection will be afforded the residence by a clump of five pine trees. A windbreak should be located from 100 to 150 feet from the buildings protected. If closer the summers will be too hot. If farther away the wind will rise over the windbreak and fall again to strike the buildings which should have been protected.

At the Carl Wimberley home (Dawn) native grass has been watered and mowed for two seasons. A few bare spots have been planted. The back lawn was extended this year to make a more

satisfactory setting for the residence. A screen planting between the lawn and vegetable garden of Maximilian sunflowers was at its prime.

In February the W. P. Caraway family began to fill in the lawn which had been blown out in spots as much as 18 inches. This soil was watered as quickly as water was available. In April rows of Buffalo grass roots were planted about a foot apart. Chinese Elms were put out for shade. The grass has covered the lawn in this one summer. In such caliche soil Chinese Elm trees and red cedar should grow better than others.

The tour was routed by the W. W. Wimberley home to see the native buffalo grass lawn set this spring and watered when set. It has made splendid growth with no further care.

At the Aubrey Wimberley home a glance was given to the well fenced plot where they plan to build a new home. The entire farmstead has been drawn to scale and includes convenient drives for the family and convenient loading chutes, gates and feeding arrangements for livestock. One reason for choosing this location was that a deeper soil will grow a larger variety of plant material. Many of the trees set out had been grown in a nursery plot in the orchard.

Changes in the plan made and reasons for the changes were explained at the G. E. Thiele home (Wyche). Extended lines of windbreaks will give better protection to barns and livestock. A test planting of 14 varieties of grapes was inspected. One red cedar in the windbreak had been topped by some accident. Its spreading type of growth was corrected by pruning back all branches except one which was staked to an upright position. After six weeks growth this fall the stake was removed and an upright growth was assured by the branch which has become a satisfactory "leader."

The chickens have been fenced into a poultry yard from which they are permitted the run of the place about two hours late each afternoon. This arrangement is considered more satisfactory than the usual method of fencing them out of the yard.

Mrs. Thiele served coffee to the crowd with doughnuts furnished by Mrs. Ira Ott.

The group drove by the G. H. Reeves home (Wyche) where a windbreak planting is to be put out in 1940.

Two families left the Nollie Elliston home (Wyche) with Gem Everbearing strawberry plants for a trial fall planting. Theoretically such runners planted in September produce earlier the next year than those transplanted in the spring.

At Westway, Mrs. Al Werner gave a fairly complete report of the plantings in that community this year and conducted the group on a tour of the plantings at her home. She has more than enough plant material in a nursery row to replace the few plants which died this year.

Because the west windbreak is so far from the house a second line of red cedars will form a background for the flower garden and protect the residence on the southwest.

Arizona Cypress at the Dennis Barnard home (Ford) form the evergreen planting. Rabbits injured the Tamarix line in the windbreak during the growing season. Two rows of the west windbreak were plowed up by an employee who failed to see the small plants.

Experience indicated that late plantings of shrubs or trees failed to develop a sufficient root system. They died during the dry weeks of mid-summer. Mr. Barnard is convinced that the complete planting of a farmstead is too much to undertake in one season.

Near Adrian at the Vic Lemke residence Mrs. Lemke explained the plantings made by her son, Walter, who is a Sophomore at Texas Tech. He worked out a system of ditches and dykes before planting a windbreak of Chinese Elms in the spring of 1937. After three years growth these afford considerable protection from the winds to the south and west. They enclose the orchard and barns as well as the residence. When one inch of rain falls all depressions fill and after about three days the dykes are opened and the surplus water drained away. The orchard planting in part is experimental. Adapted varieties as recommended for this area are making more vigorous growth.

Ice tea and cookies were served to Miss Frances Wilroy, CHDA of Canyon; Messrs and Mesdames J. W. Wesley, Happy; G. E. Thiele, Wyche; R. A. Frye, Dawn; Mesdames R. L. Cocanougher, F. D. Ferguson, Louie Olson, and Ira Ott, Wyche; Al Werner, Paul Rudd, Glen Rutter, Westway; and Oscar Vaughn of North Hereford.

Others who made all or part of the tour were Messrs and Mesdames G. H. Reeves, J. Fields Matthews, Carl Wimberley, and Nollie Elliston; Mesdames Floyd Tomlinson, W. S. Rice, George Brashier; C. P. Caraway, Misses Adeline Koelzer and Sadie Lee Oliver.

CHDA NOTES

By Sadie Lee Oliver

When the Fairview club met at the home of Mrs. McCraw in August it was generally agreed by the women present that when summer squash is processed at 15 pounds pressure for 75 minutes that the resulting product is darkened in color indicating that it is overcooked. This problem was presented to Miss Grace I. Neely, Extension Service Specialist in Food Preservation who writes as follows:

"I realize you are right in that 15 pounds pressure for 75 minutes does not give a desirable product. Commercial people realize, too, that the temperatures

today that are safe for the canning of squash do not give the most desirable product. Until safe temperatures are perfected I do not think we would be justified in changing any time or pressure for such products. Why not grow the type of squash that can be stored? With the ideal climatic condition in the Panhandle storage has wonderful possibilities. This, as you know, will be less expensive and result in a nicer product."

"Federation" was the subject of an instructive program featured at the Junior Pioneer Club meeting held at the home of Mrs. O. H. Culppeper Tuesday night.

During the short business session Mrs. Alton Miller was appointed County federation councillor. Mrs. Urlin Streu was leader of the program. Roll call was answered with future hopes for the club.

"What Constitutes Good Leadership," was explained by Mrs. Elmer Patterson who listed three things required of a good leader. First—spirituality, second—executive ability and third—clear thinking. Continuing Mrs. Patterson said "Leadership is democratic rather than autocratic, as some would have you believe, and that trained leadership is needed in every phase of life."

Miss Edna Daughtee spoke on "Following the Leader" bringing out the thought that the ability to follow required adaptability and consecration and that good followers were essential to good leaders.

"Falling Down on the Job," was the topic discussed by Miss Rosalie Johnson who said in part, "Officials depend upon members. Guidance and planning comes from the officials but each club member has a part to do and should accept the responsibility."

Members attending were Mesdames Troyce Carmichael, Willis Edelman, Meade Halle, Frank Huckert, Lynn Kester, Jack Telford, Alton Miller, Troy Moore, Elmer Patterson, Libburn Ray, Ralph Roden, A. J. Schoeter, R. S. Scott, Urlin Streu, J. B. Whitlow, R. R. Wills, Misses Edna Daughtee, Rosalie Johnson and the hostess.

Program Is Given By Ford School P.-T. A.

A program, sponsored by the newly organized P. T. A. of the Ford School, was enjoyed at the Ford School house Friday night.

The entertainment was presented in the form of a track meet with the group divided into four divisions representing four schools; Purkin Center, Possum Trot, Hog Wallow and Hollow Log Valley.

Games in the form of relays, obstacle races, dashes, spelling matches, high jump, potato races, basket ball, and other track

Seventh District Club Institute Is Reported Best

In closing the annual club institute held by the Seventh District, Texas Federation of Women's Clubs, in Amarillo Friday, Mrs. J. M. Rutherford of Chillicothe, district president, declared the institute to be one of the best and most beneficial meetings ever held in the district.

The institute is held each year near the beginning of the club season for the purpose of straightening out the problems of federated clubs throughout the district, in order that the organizations may get off to a good start without the usual slow process of ironing out the kinks that accompanies the reassembly programs.

Highlights of the day included talks by Mrs. Joseph M. Perkins of Eastland, president of the Texas Federation of Women's Clubs, who spoke on the "University of Federation," and Mrs. Harry Willis of Borger, first vice president of the district organization, who talked on "Fundamentals of Organizing a Club."

meet features, including a one-act play, furnished the fun for the evening.

Refreshments were served when school children representing pedlers, sold packages of sandwiches and cookies.

Approximately fifty members of the Ford Community attended the party.

Talks were given by Mrs. Walker of Plainview, state treasurer and former district president, and by the district program chairman, Mrs. T. G. Rogers of Quannah, who announced that 27 complete programs were available to federated clubs.

Three Hereford women attended the institute. They were Mrs. H. L. Broadwell from the Bayview Club, Mrs. Homer Brumley from the Junior Pioneer Club, and Mrs. Robert Viegel from the L. A. E. Club.

Mrs. Homer Brumley is district

second vice president and gave the response to Mrs. J. E. Grigg's address of welcome.

Mr. and Mrs. L. M. Bagwell, Betty Jo and J. M. of Dasietta, have been visiting their parents, Mr. and Mrs. J. L. McFarling.

Mr. and Mrs. Ben Andis of Clarendon, and Mr. and Mrs. Clunt Tinkle of Dumas visited in the home of Mr. and Mrs. J. L. McFarling over the week end.

Progressive Club Has First Meeting

The Progressive Worker's club met with Mrs. E. T. Brookes Wednesday, September 27, for the first meeting of the new club year.

After a short business session in which several letters were read acknowledging floral offerings and cards, the following program was given: On England, "Interesting Literary Towns of England," Mrs. Brookes; "Significant English Inns and Historical Spots," Mrs. C. P. Caldwell; and "The Life of William Shakespeare," Miss Eunice Caldwell.

The course of study for this year is "Journeys in Far Lands" and a different country will be taken up at each meeting. One new member was welcomed at this meeting, Mrs. H. M. Smith.

The next country to be studied will be Germany at the home of Mrs. C. P. Caldwell and Miss Eunice Caldwell on October 4.

A Long Time Ago In Hereford

(From the Hereford Brand, Oct. 2, 1919.)

What is said to be the highest average price ever paid at a private sale for cattle of any kind was received by Jones and Dameron from Mousel Bros. of Nebraska, for 34 head of the famous Anxiety Strain of Herefords.

Judge L. Gough left Hereford Tuesday in his jitney for a visit to his farm in Cherokee county. His son, Earl, is in charge of Sulphur Park Farms.

Oil activities continued with location of a well to be sunk for Geo. L. Muse. Drilling equipment was expected for the McDonald well near Dawn, Hereford Oil and Gas Co., No. 1 was idle while 20 inch casing was being put in to block off quicksand.

(From the Hereford Brand, Oct. 3, 1929.)

World series baseball play was to be shown on a huge mechanical scoreboard at the Hereford Sales Pavilion. Plays would be shown as made, as well as positions of players, number of scores made, outs and balls and strikes on each batter.

Col. Charles Goodnight and Mrs. Goodnight stopped in Hereford last Monday for lunch. They were on their way to Arizona to spend the winter.

Mr. and Mrs. Harry Seed and W. A. Gregg left overland Wednesday morning for Cherryvale, Kan., where they will visit with Mr. and Mrs. Beyer. Later they will motor to points in Northern Indiana, the former home of Mr. Gregg.

Clifford Estes Is Elected President of Student Body In Election Held Last Thursday

Clifford Estes was elected president of the student council last Thursday in an election in which the whole school participated. Wilma Higgins, from the Junior class, was Clifford's opposing candidate.
President Estes has had one year of council service, being elected representative from the junior class last year. He officially took office Monday morning at the regular council meeting.
Clifford is also a co-captain of the Whiteface squad and a member of the Hereford High Band.

Public Opinion

There has been some opposition to having announcements during the assembly. Last week several students were asked their opinion as to whether or not announcements should be made at the assembly period. Here are the answers:
Darrel Blanton: "I think they are all right."
Mattie Louise Lewhon: "It's all right if it takes up a lot of time."
Harold Clark: "I like the way they make their speeches."
Lois Agnes Gilbreath: "I think they should be given so the whole student body can hear them."
David Neal Beavers: "I think all of the speakers should go down to the front."
Nadyn Newell: "I'd just as soon listen to them as something else they might think up."
Billy Bob Jackson: "I think all of the announcements on the bulletin board should be made in assembly."
Frank Robbins: "I am still enduring them."
Nona Dean Rose: "What announcements?"
Earl Lance, Jr.: "They are ok if the teachers like them."
Margaret Miller: "Waste of assembly period."
Dorothy Nell Trimble: "They are ok because that's the only way you can get them around."
Helen Frances Streu: "Don't ask me; I'm dumb."

Seniors Discuss Plans For Year

The Senior class, in a meeting in Room 23 last Wednesday, September 27, voted to send Orvella Hill, who is confined in Knickerbocker Hospital, New York City, a bouquet of roses. The class also signed a convalescent card which has been sent to Orvella.
A committee was appointed to investigate the possibilities of a Senior trip, and also to discuss ways of raising money for this trip.
The class voted to have a mother's meeting, October 2, at four o'clock. The class has decided to let their mothers have charge of the social for the Senior class this year instead of appointing committees to do this work.
The class elected Bert Slay the class' second representative in the athletic association.

High School Glee Club Practices New Songs

The Glee Club members have been trying their hand at student directing. During the last week they have practiced the following songs: "Moonlight Serenade," "Beer Barrel Polka," "Stairway to the Stars," "Wishing," "White Sails," "If I Didn't Care" and "Over the Rainbow."
The queens attendants were: Freshman Princess, Billie Louise Crawford; Sophomore Princess, Matilda Williams; and Senior Princess, Billie Bess Green. She was crowned by Ernest Schumacher.

Many 1938 Exes Are Working In Local Stores

Have you forgotten those ex-students that helped make our Hereford High School what it is today? May we never forget them. But now let us give mention to those graduates of old H. H. S. in 1938.
To begin we find Glenns Cockrell and Nora Jean Russell serving faithfully in Kelloggs Variety Store and sometimes we see Mary Tiefert as their co-partner. Let us turn now to the matrimonial viewpoint. The former Thama Cawthon is now Mrs. Wheeler; Mildred Curtsinger is Mrs. Renfro; Dorothy Thompson has been gloriously transformed into Mrs. Grubbs; Frank Marrs is now employed at the First National Bank; Virginia Harman left for West Virginia and married Bill Butler. Back in Hereford we find Farrel Miles employed at the Phillips '66' Station. If we were to visit Lamesa, we would surely find Wilbur Willett. Margaret Jones is taking Nurses training at Northwest Texas Hospital in Amarillo. Nedra Clayton is employed at the Hereford Hotel.
Jack Boydston is clerk at Pencys, Virginia Whitehead is employed at the Whitehead Barber Shop. Leo Hellman works at

Confidentially Yours

Hello there! Friends, lend your ears and I'll drop you a few nice juicy bits of gossip.
I happen to know for sure that Louise Cress still plays dolls. She did last Sunday.
When Harold Close was asked to make a map of Asia Minor, he replied, "Well, I don't even know how to make a map of Asia Major, yet."
It seems that Glenn Smith has turned nursemaid for the Cress family and Ernie Schumacher for the Reeds. These two fellows have been seen several times lately at those respective homes caring for the babies.
Hicks Roberson is wearing specks. Personally, Monty Montfort, Vivian Olson, Ann Cockrell, and Nell Spradley think that he looks more docile.
If you have been wondering why the school house smelled so good last Monday, here's why: Mattie L. Lawhon and Temple Hastings got into a fight over a bottle of perfume and spilled it all over Temple. Consequently everyone got a headache.
Did you notice Jack Knox's dignity on voting day? Well, he says that all a voting judge has to do is sit up and look pretty and smart and he says he's qualified.

Queen Crowned At Last Week's Football Game

Friday night Vesta Mae Landers was crowned Football Queen of Hereford High School.
She rode out on the field in a maroon convertible coupe, belonging to Mr. Miles Roberson.
The car was decorated with Maroon and White crepe paper.
The car was driven by George McLean while Paul Lyons operated the siren.
Before the queen arrived, the band and pep squad marched to the center of the field and formed an "H."
The queen was then escorted to the center of the "H" by the three football co-captains Henry Ford, Ernest Schumacher and Clifford Estes and Kathleen Miller and Martha Jane Smith, the mascots of the pep squad and band respectively.
The queens attendants were: Freshman Princess, Billie Louise Crawford; Sophomore Princess, Matilda Williams; and Senior Princess, Billie Bess Green. She was crowned by Ernest Schumacher.

Library Purchases Five New Magazines

There are five new magazines in the library this year. Two of these are business magazines, "Business Digest" and "Business Education." "Current History," "The Atlantic," and "Nature" are the other additions.
Students should become better acquainted with these magazines. They are put in the library for the use of the pupils, so why not use them?

White Wings Doves Are In Excellent Shape

White winged doves, apparently headed for destruction a few years ago, have beat back to such an extent that it is estimated 4,000 hunters took more than 50,000 in one county the first week of the open season, according to reports received by the Texas Game, Fish and Oyster Commission's executive secretary.
White winged doves are in excellent shape throughout South and Southwest Texas and Willacy county's report of 50,000 birds being killed in two days is an excellent example of the sport in Texas this year. White wings provide more difficult shooting than mourning doves. Airplanes, motor cars and trains are carrying large parties into Southwest and South Texas.

Leo Rogers, Gordon Higgins, Sylvester Loerwald are just around town. Ruth Callahan has moved to Plainview. Leota Reeves and Helen Ray Hamm are attending school. Aurelia Hoffman is staying home in Hereford!
Well, this ends up the graduates of 1938.
Troy Womble is attending W. T. S. C. in Canyon.

Whitefaces To Meet Dumas Demons In First Conference Game; Spirits Here Are High

The Hereford Whitefaces meet the Dumas Demons tomorrow for their first conference game. The game will be played tomorrow afternoon at 2:30 p. m. on the Dumas field.
Having already played Vega, Portales, and Dimmitt, our boys are in good shape for the game with Dumas.
Ernie Schumacher, Whiteface co-captain, says, "The boys are in much better condition than last year. With a better timing of our plays, we expect to really go to town!"
Clifford Estes, also Whiteface co-captain, says, "One of our main weak points is our blocking. We need more work on pass defense and offense. According to the score of Dimmitt vs. Dumas and Vega vs. Dumas, I believe we can take the Demons easily."

Defeat Bobcats In Game Here Last Week

The Whitefaces defeated the Dimmitt Bobcats last Friday by a score of 19-0. They scored in each of the last three quarters. Schumacher and Guthrie made the touchdowns.

Mrs. Reed Leads Mothers

The Senior mothers met last Monday to organize the group and to begin transactions for planning the activities of the Senior Class. Mrs. H. D. Reed was elected chairman; Mrs. Cliff Hicks, vice-chairman; Mrs. John Olson, secretary; and Mrs. Earl Lance, treasurer.

Three Offices Filled In Hi-Y

The Hereford Boys Hi-Y met in their regular meeting on Tuesday night.
Vice president R. L. Dowell opened the meeting with the devotional.
Two short talks were given by R. L. Dowell and George McLean.
The boys completed the election of officers by electing the following: Secretary, Bob Gilfilland; Reporter, Bruce Beene; and Treasurer, Clifford Estes.

Civics Classes Apply Principles Taught This Year

Mr. John Willoughby's two senior civics classes have been making a practical application of that which they have learned in class. Each class drew up a constitution for the Hereford Boys' Hi-Y Club. Committees to plan the Preamble, membership section, officers provisions, amendment provisions, ratification qualifications, and a drafting committee were appointed. When the reports of these committees are adopted and put together, they will form two constitutions, one of which will probably be used by the Boys' Hi-Y.

Central School News

Miss Belle Harris' seventh grade art class made some very attractive posters advertising the flower show, sponsored by the Home and Garden Club.
The fifth grade has received their English workbooks and will start working in them this week. Miss Ethel Womble teaches this class.

Seventh Grade Girls Play In Gymnasium

The girls of the seventh grade started playing ball Monday, September 25, 1939. They have played ball every day except on the days of assembly. They play in the gymnasium of the High school.

Here's A Book YOU SHOULD HAVE

It's a great feeling to know you have "money in the bank." No need to worry about financial reverses... emergencies that demand a large sum of money... financial dependence in later years. The best part of it all is that you get started at once with as little as one dollar. Then watch it grow as you add to it regularly! Your security is too important a matter to put off "until later" - why not open your account with us today? Then all you need do is to put away small amounts when you wish.

Methodist Women Meet At Church

Members of the Women's Missionary Society of the Methodist Church met at the church yesterday afternoon for a study program under the leadership of Mrs. E. W. Harrison.

Mrs. R. W. McCall and Mrs. Knox Kinard gave the lesson discussions on "Leavening the Mass." Mrs. F. T. Roloson conducted the devotional, using the 28-29 verses of the 11th chapter of Matthew.

Prayers were given by Mrs. E. B. Black, Mrs. M. M. Beavers and Miss Mattie Mae Swisher.

Auxiliary Groups Meet For Study

The Women's Missionary Auxiliary of the Presbyterian Church met in three groups Tuesday afternoon.

Group 1 met at the home of Mrs. Vern Witherspoon with Mrs. John Haberer, giving the devotional on Love and Prayer. Mrs. C. C. Ferguson was in charge of the lesson on "Vital Christian Experiences."

Group 2 met with Mrs. E. J. Williams to begin the Bible study with a lesson on the "Character of John the Baptist." Mrs. E. S. Ireland was leader. The group voted to meet at 3:30 o'clock during the winter months.

Group 3 met at the James Alken home with Mrs. Clay Ridgeway, leader. The study of "The Problems of Christian Life in a Modern World," was continued.

Y. W. A. Mission Program Is Given

Y. W. A. of the Baptist Church met for the Monday night program at the home of Mrs. Travis Caraway.

Mrs. Jack Roberson, sponsor, gave the opening prayer and the program centered around a mission theme. Parts relative to the subject were taken by Misses Imogene Cotton, Molly Jo Roberson, Clotilde Pace, Annie Jo Owen and Mrs. Billie Roberson.

After discussing a project for the Buckner Orphan's Home at Waco, Miss Cotton concluded the program with a prayer.

Junior Band Mothers Plan "Forty-Two" Party

Plans for a "Forty Two" party to be given in the near future were made at the Junior Band and Clarette Mothers meeting held at Central School Tuesday afternoon. Arrangements are in the hands of Mesdames: Carl Williams, Roger Corbett and George McConnell. Husbands will be entertained and new members will be extended a special invitation.

The program for the meeting consisted of a saxophone solo by Quida Kathleen Hudson accompanied by her mother, Mrs. G. M. Hudson and a talk on "What The Band Organization Means to the Children of Today," given by Mrs. George McConnell. She pointed out that one man in the United States is largely responsible for the great interest in band music today, giving the life history of A. R. McAllister, who has been the president of

BAPTIST REVIVAL
Mr. Joe Trussell, the singer for our revival is here and our people are enjoying his messages in song. He is widely known and much in demand and we are fortunate to be able to have him with us. Come hear him.

The morning services are at 10:00 o'clock and last an hour giving our women time to take care of the mid-day meal. The evening prayer services are at 7:30. Mrs. Manjoet is sponsoring the young people's division, Mrs. Ralph McCullough, the women, and the pastor is leading the men's services. Mr. Trussell will be in these services also from night to night. The evening preaching services are at 8 o'clock.

The revival will continue through next week and we invite all who will be with us.

Let's have 350 in Sunday School Sunday and 100 in B. T. U. We have been gaining in numbers steadily and those are numbers that we can reach.

Business Women

(Continued from Page 1)

next decade but to think of what they will be 100 years from now would require a most vivid imagination.

Judging from the trend of fashions the past 50 years, ladies clothing 100 years from now will resemble men's clothing of today. Suits resembling present day men's attire will be most popular and appropriate for business and street wear. Dresses will be worn only for social functions.

Men's clothing will not be materially changed 100 years from now.
And Mrs. Ethyl Robinson makes her predictions as follows:

"Another 100 years isn't going to make much change—we have

rocked along since Abraham Lincoln's time with men still wearing pants. (Imagine Jim wearing a pair of those short ones in the store here) and unless this country goes anemic there will be plenty of big men left to uphold the long trousers style.

Now as for the women—almost anything can be believed about them, but I believe that after next fifty years that they will be glad to get back to dresses, and no doubt will go to the extreme as usual, and start wearing twice as many as needed. Women just can't leave styles the same."
