Rev. Marvin B. Norwood remarks that Easter spells have been coming mighty frequently this year. He says that he is beginning to doubt the belief that the Easter cold spell is the last one of the winter.

"Spring," according to Homer Fox, "is just around the corner." Let's all hope he is nearer right than Hoover was about prosperity.

Something occurred the other day that raises serious doubts as to the character of Hugh Clearman and Cecil Boyer at the County Agent's office. Entering the office yesterday, this columnist addressed them with a "Howdy, gentlemen," whereupon Fay Brady promptly averred that there were none present.

What's your theory about the purpose of those doorknobs on the new postoffice roof? Latest one advanced is that they are to keep accumulated snow from suddenly sliding off on the heads of unsuspecting persons.

Golf Course To Be Soon Ready For Play

Having reached the required goal of 50 members for the Hereford golf club, a Lions club committee this week announced that work on the golf course will start within the next day or two. The course will have nine holes

HEREFORD GOLFERS TO GO TO FRIONA SUNDAY
Hereford golfers have accepted an invitation by Friona players to meet their team at Friona Sunday afternoon at 1 o'clock. Buddy Posey has announced.

All Hereford players who can do so are urged to join in playing the Friona Team. Mr. Posey said.

After the course here is finished, Friona, Canyon and other towns will be invited to come here for match play.

and will be in the same location as the old one on Tierra Blanca Creek.

Some time ago the Lions Club agreed to repair the course provided as many as 50 persons would pay a year's dues in advance.

The Lions club committee which will have supervision of the course is composed of Alton Miller, A. J. Schroeter, Dr. E. R. Wills, and Frank Cogdell.

Spring Training For Whiteface Squad Gets Under Way Monday

Encouraged by the fact that the proposed 18-year rule which would have crippled the squad did not pass, Coach Tommie McCollum and prospective football players opened spring training Monday afternoon.

Eight lettermen from the 1939 squad are back. If the proposed rule had been adopted, only one would have been eligible for 1940 play, McCollum said.

After about two weeks of practice, regular scrimmage games, once or twice a week, will start. These will be opened to the public.

Lettermen who are coming out for spring practice are Henry Ford, Leonard Johnson, Joy Worley, Harold Loerwald, Kenneth Lignabee, Ewell Fox, and Joe Brock. Jack Smith will not be out this spring because of an operation, but will be back in the fall.

Get Car Ready For Warm Weather Driving Is Sovereign Advice

Troy Moore, local Sovereign Service dealer, has announced that his station is completely equipped to provide thorough spring conditioning for all makes and models of cars.

Referring to the Sovereign Service slogan, "Get your car ship-shape for Spring," Mr. Moore advised a switch to warm weather grease and lubricants and a thorough check of battery and radiator to insure hot weather efficiency.

The Sovereign Service stations, which are home-owned and independent, is an organization which has grown until it now blankets the central west.

H. C. Aulick Moves His Plumbing Shop To New Location

H. C. Aulick, plumber, is this week announcing removal of his shop to the rear of the Star Barber Shop. The shop was formerly at the rear of Streu Hardware.

In announcing the move, Mr. Aulick said that his headquarters would be at 711 Miles Avenue and the shop in its new location.

He has announced that he is equipped to install and repair, and that he will handle a full line of plumbing fixtures, including water heaters and floor furnaces.

He extends an invitation to his friends to visit him at his new location.

Funeral services were held Saturday afternoon at 3 o'clock for Mrs. B. M. Wiltshire, conducted at the First Methodist Church by Rev. Marvin B. Norwood, assisted by Rev. H. M. Redford, pastor of the First Christian Church. Interment was in West Park Cemetery.

Mrs. Wiltshire, the former Miss Pauline Elizabeth Steele, was born April 2, 1909, at Groom. She united with the Methodist Church on July 9, 1920. She moved here with her family in the fall of 1923. She married Dr. B. M. Wiltshire on November 23, 1930, after graduating from Hereford high school and attending WTSC, Canyon, and Southern Methodist University at Dallas.

A large crowd of friends and relatives from far and near gathered to pay tribute. Many feel a personal bereavement, because "Polly," as she was lovingly called, possessed in unusual degree the qualities that make for friendships. She was a talented musician and was always generous of her time and talents, both as a young girl and when she took her place in the community after marriage.

Her unflinching enthusiasm for tasks she was assigned, or for a worthy cause she became interested in, endeared her to those with whom she came in contact, and a willingness to do her part in the social, religious and educational life of the community was her dominant characteristic. During her critical illness of 18 days she made no complaint of suffering.

She was a member of the Music Study Club, a member of the Junior Bay View Club for a while, and the Wednesday Luncheon Club. She was active. (Cont. on Page 8, Sec. 1)

Youth Revival Will Come To Close Sunday

Marked by good attendance and good results, the Youth Revival now in progress at the First Baptist Church comes to a close Sunday. The meeting began last Sunday morning.

Services are being held twice daily, at 10 a. m., and 8 p. m. Rev. J. H. Haldeman of Ida, La., is bringing the messages, while Frank Charton of Ft. Worth is in charge of song services.

Weir Buys Bell Meat Market; Places Ralph Jennings In Charge

Purchase of the Bell Meat Market is announced this week by Glenn Weir of the Red and White Store.

"We will carry a complete line of meats in and out of season," he said.

Ralph Jennings, formerly in the market at Hudson's grocery is in charge of the market which was formerly owned by William Bell.

Announcement was made this week of the appointment of Davis-McCracken as Firestone distributors for this territory. The new dealers will open a complete Firestone store in connection with their implement house here, featuring wholesale and retail sales on tires, accessories and other items included in the complete line.

The new line was being installed Thursday afternoon and will be in operation this weekend.

Beginning yesterday and continuing through Saturday, Corner Drug Store this week is offering four big days of values in its One Cent Sale.

Wheat Damage From Freeze Undetermined

Anxious eyes this week turned toward wheat fields over this territory as the topic of probable loss from the late freeze last Friday became paramount over the area.

To what extent the wheat has been damaged generally cannot be determined, according to farmers and grain men over this section. In a few instances wheat growers report that their entire fields of wheat were frozen and that the wheat is turning black. However, with additional moisture this spring it is believed probable that the crop may sucker out and make a fair yield. In most instances of this type the crops were well advanced and had excellent prospects. The J. E. Hill acreage was one of those which was completely (Cont. on Page 8, Sec. 1)

First woman ever to hold the position, Mrs. Seth B. Holman, publisher of The Hereford Brand, Saturday was elected president of the Panhandle Press Association, succeeding Ed Bishop, publisher of the Dalhart Texan; Previously she had served as 1st vice-president.

Curtis Douglass Announces For State Senate

The Brand is authorized to announce that Curtis Douglass, popular Panhandle attorney and former District Judge, is a candidate for the state senate. Yesterday he announced his platform would be based on a fair deal in attempting to "better the welfare of Texas with action instead of promises."

"It is the duty of the Legislature to cooperate with the administration in power," he said. "If there is a failure on the part of the administration to chart the proper course, then the Legislature should lead the way. The mandate of the people should never be ignored. Legislators should live up to their campaign promises. A do nothing policy leads to ruin."

Douglass ran second to senator Small and was eliminated by a few hundred votes in 1936.

The candidate said, "I still believe no state lawmaker should represent corporations, interests and clients whose interests are contrary to the general welfare and still pretend to serve the people who elected him. I am a firm believer that every lawmaker should be required to file his inventory of property, under (Cont. on Page 8, Sec. 1)

Court of Honor And Camp Claim Scout Interest

Two major events are claiming attention of Hereford Boy Scouts this week. Tomorrow night the Court of Honor will be held in the district court room and Saturday and Sunday about 40 scouts will go to Paint Rock, northwest of Adrian, for a two-day camp, unless weather prevents.

Forty-seven badges will be presented to 14 boys at the Court (Cont. on Page 8, Sec. 1)

Plans Outlined For Softball Teams; Season Opens May 6

With spring said to be just around the corner, Soft Ball fans of Hereford have been working out a plan for the summer's activities. While there is nothing definite as yet, the tentative set-up calls for four teams, probably the Lions, Plowboys, Firemen, and Knights of Columbus.

Each team will be allowed a roster of 25 men and the season will start May 6. The season will be split and final play off will be between the winner of the first and second halves. A prize of \$50 will be awarded the winner and a second prize of \$25 for the runner-up.

The idea of four teams is to give the fans what they want in good ball games. The 25 roster means 100 men to play ball which will give every man that wants to play a chance to do so.

There is also a lot of conversation about a hard ball club for this summer. The plan is well underway and something more definite should be known in the next two weeks.

Free Musical Show To Be Given By Dallas Group April 24th

Dallas, April 18 (Special)—Hereford will see and hear a group of the Southwest's most popular radio stars when the 39th annual Dallas Business Tour brings its entertainment salute to that city at 1:05 p. m. Wednesday, April 24.

George I. Plummer, general chairman for the Business Tour, announced today that details of the program which the Dallas business men will stage in Hereford are complete. The 75 Dallas business executives will arrive on an 11-car special train, accompanied by their band and radio entertainers. They will parade into the business district, to be welcomed to Hereford. After a response to the welcome address by a member of the Dallas party, the band and radio entertainers will give a musical show to which all the people of Hereford and its trade territory are invited.

Wilbur Ard of the Station WFAA staff, will be in charge of the show. The radio stars will include Peg Moreland, famous singer of ditties and ballads; the Cass County Kids, and the Plainsmen's Quartet.

Mr. Plummer also announced (Cont. on Page 8, Sec. 1)

Star Barber Shop Completes Moving To New Location

Removal of Star Barber Shop from its location in the Star Theatre building to its new location just north of E. B. Black Co., in the place formerly occupied by Plains Insurance Agency, was completed Monday, and the shop opened for business Tuesday morning.

The shop now has three chairs instead of two as in the old location. Walls and woodwork have been repainted. C. O. Wilkins and A. C. Hales, owners, invite the public to visit them in their new place.

Hopes For Fruit Crop Gone With The North Wind

Sub-freezing temperatures last Thursday night of 14 degrees and a low of 22 degrees last night appear to have destroyed all hopes of a fruit crop here with the possible exception of late blooming cherries and grapes.

A driving mist with small quantities of snow fell intermittently yesterday and a cold wind again forced spring-anxious persons to don overcoats and other winter apparel.

Freakish weather last Thursday night brought a small amount of snow which covered the ground Friday morning. Tuesday afternoon saw an old-fashioned duster roll up from the west.

BY MRS. MERLIN KAUL

The Home Demonstration Club play "There's A Man in the House" was repeated by request Friday night at the schoolhouse. The play was a decided success and added \$15 to the club treasury.

The story of the play is unique in that no man character appears on the stage—although several are involved in the plot. One gets as close as a whistle outside a window, but the audience never sees him. This is a feature rather than a handicap in the story which has all the elements of melodrama, mystery, and crime.

The characters of the play were well chosen and each interpreted well the character represented.

Those having parts in the play were Mrs. Floyd Tucker, Mrs. Buren Sowell, Mrs. W. L. Jones, Mrs. Maurice Tannahill, Mrs. R. L. Wilson, Mrs. E. B. Osburn, Mrs. Paul Rudd, Mrs. Bill Rice, and Mrs. Merlin Kaul.

Musical specialties between acts included three numbers by Miss Mary Lee Hood accompanied by Mrs. T. B. Cox and two duets, "Old Pal of Yesterday," and "Sailboat of Dreams," by Mrs. T. B. Cox and Mrs. R. L. Wilson accompanied by Mrs. Merlin Kaul.

Mr. and Mrs. Zack Malone of Friona were visitors last week from Tuesday until Thursday in the home of their niece, Mrs. T. J. Parsons. Mrs. Parsons took them home Thursday evening.

Mr. and Mrs. Jim Dale and Jennie Jean went to Shattuck, Okla., last week where they were called by the serious illness of Mrs. Dale's sister, Mrs. Ralph Cannon. Mrs. Cannon has been ill with double pneumonia. Mrs. Dale and Jennie Jean returned last Tuesday and Mr. Dale returned Saturday leaving his sister improved. Mrs. Cannon, who was formerly Miss Alice Dale, has visited her brother here and made many acquaintances.

Mr. and Mrs. Al Werner and George Turrentine were dinner guests Sunday of Bob McConnell near Happy.

Miss Lou Ella Scarborough spent the week end in the home of her parents, Mr. and Mrs. T. E. Scarborough at Flagg. She also visited Mrs. Carrie B. Herring and other friends in Flagg.

Welcome visitors at Sunday School Sunday morning were Mr. and Mrs. T. J. Parsons and sons, Lloyd and Don, and Mrs. Jim Dale and Jennie Jean.

Paul Mathers went to Wichita Falls Saturday to consult Dr. O. B. Lee. Dr. Lee is an uncle of Mrs. Mathers.

Weldon Stephan is still ill with a very bad sore throat.

Mrs. F. W. Dodson took Helen Marie Tucker and Wanda Marie Allmon to Canyon Friday where they entered the District Meeting of the Interscholastic League. Helen Marie won second place with her declamation.

Jack Allmon, Daniel Turrentine, Loy Cook, and Vesta Mae Landers were contestants at the District Interscholastic League Meet at Canyon Friday. Loy won second place in extemporaneous speech.

Mr. and Mrs. Henry Allmon and Wanda Marie drove to Petersburg Sunday where they spent the day in the home of Mrs. Allmon's sister, Mrs. Albert Clubb and family.

Mrs. Merlin Kaul substituted for Mrs. F. W. Dodson Friday in the primary grade.

Mrs. R. M. Gunn and Mrs. Joe Landers and Ross Joe visited Friday with Mrs. Guy Lawrence and Nelda Guy in Hereford.

Kenneth Durstine returned last Wednesday to his home near Friona. He has been helping Merlin Kaul with his work.

The Home Demonstration Club met Thursday at the home of Mrs. A. C. Pierce with Mrs. R. M. Gunn as co-hostess. Mrs. Paul Rudd was the lesson leader and discussed "The Art of Living." After the meeting the hostesses served refreshments of two kinds of cake and lemonade to those present.

Mrs. T. J. Parsons and Mrs. C. E. Hood became members of the club.

Larry Carroll Kaul celebrated his third birthday by serving

lolly-pops to the children present. They included Carlton Tannahill, Lloyd and Don Parsons, Ross Joe Landers, Nathan Wilson, Elvin Wade, and Walter Lynn Kaul.

The next meeting will be held at the home of Mrs. W. L. Jones on Thursday, April 25. Mrs. Paul Rudd will have charge of the recreation. Answer roll call by giving a reason for your preference in lawn grasses.

Mr. and Mrs. F. W. Dodson and Monte Max went to Olton Saturday where they spent the week end with Mrs. Dodson's parents, Mr. and Mrs. A. T. Walthall. Mr. Walthall has been quite ill.

Dinner guests in the V. Skypala home Sunday included Mr. and Mrs. Clem Friemel and son Elvin and Mrs. Josephine Skypala of Umbarger.

Mr. and Mrs. Glenn Ratcliff of Rotan were dinner guests Saturday of Mr. and Mrs. Henry Allmon.

Mr. and Mrs. Buren Sowell, Margaret and David, visited Mr. and Mrs. Henry Tiefel in Hereford Sunday afternoon.

Ava Gene Gore spent Saturday night and Sunday with her aunt, Mrs. Jack Flowers and family in Hereford.

Visitors in the R. M. Gunn home Monday included Mr. and Mrs. Clyde Rainer of Kansas City, and Mr. and Mrs. Jim Madole of Hollene, N. M. Mr. and Mrs. Rainer were enroute to Kansas City from Corpus Christi where Mr. Rainer has been doing carpenter work. They accompanied Mr. and Mrs. Madole to Holene to spend the night. John Ross also accompanied the Madoles to their home for a short visit.

Mr. and Mrs. Ross Madole of Lexington, Okla., visited Mr. and Mrs. R. M. Gunn Sunday afternoon.

Mr. and Mrs. Guy Lawrence and Nelda Guy of Hereford visited Mr. and Mrs. R. M. Gunn Sunday evening.

Mr. and Mrs. Vernon Wilson moved their trailer home Saturday just west of the Grady Wilson home.

Mr. and Mrs. M. S. Roe and Monte Morris of Hereford spent Sunday with his parents, Mr. and Mrs. J. A. Roe.

Mrs. M. S. Roe and son of Hereford visited Saturday with her mother, Mrs. Grady Wilson.

Gene Osburn attended a Sunday School Class Picnic of the First Christian Church Sunday. The group went to Williams Ranch and Conchas Dam.

Mr. and Mrs. Hughes Millard and little daughter, Sheila, of Hereford, were dinner guests Sunday in the Grady Wilson home.

Grady and Elvin Wilson attended the F. F. A. Banquet at the High School in Hereford

Monday night. Bill Rice and E. B. Osburn left last Tuesday for a visit with relatives at Paducah, Wichita Falls, and Dallas. Bill will visit his grandmother, Mrs. W. A. Strickland at Dalas.

Grady and Elvin Wilson attended the revival at the Baptist Church in Hereford Sunday night.

Kelly Gray is having his house stuccoed this week. T. B. Cox is building a new yard fence and putting out more grass in the yard.

Homer King, expert potato grower from Idaho helped Edwin Skypala plant onions Saturday and Monday. They planted them with an onion planter. Mr. King will help Edwin plant potatoes this week.

Mr. Hoffman is planting potatoes this week.

Smallpox Still Health Problem In Texas

"Small pox, historic scourge of nations, is still an important public health problem," states Dr. Geo. W. Cox, State Health Officer.

The number of reported cases last year in Texas, according to epidemiological reports reaching the State Health Department, totalled 502, which is the lowest of the decade 1929-1939 except for the year 1936.

Prevalence of smallpox in Texas in 1938 accounted for 23.5 of the nation's total of 15,000 cases, although Texas' percentage of United States population is only 4.7.

In 1936, Texas, with a population total of 6,300,000, had six times the prevalence of smallpox as England, Wales, and Germany, with a population of 108,000,000.

"In view of the success of other nations of the world in practically stamping out smallpox," says Dr. Cox, "the situation prevailing in the United States and Texas reveals indifference to the existence of a disease which can be prevented and controlled by well-known methods."

"No other disease of mankind," Dr. Cox states, "is so easily controlled. The efficacy of vaccination needs no further demonstration, and with modern methods, this simple prophylactic procedure causes little or no discomfort. The cost is so small as to make it readily available and within the means of everyone. With a proper regard for, and the application of, this effective means of prevention, there is no doubt that smallpox can be eliminated from Texas."

The answer to the question "Why do we continue to have small pox" is found in three words: failure to vaccinate. One of the explanations—not excuses for this state of affairs is probably the comparative mildness of this disease in recent years and the reduction of incidence, as compared with that of two decades ago. Except in outbreaks of virulent type, relatively few persons die of smallpox as compared with earlier years; and, although authorities differ in opinion regarding the possibility of the malignant type developing spontaneously from the milder forms of the disease, past experiences demonstrate that this possibility must be considered.

In addition there is also the danger that the malignant form may be introduced from outside our boundaries. In either instance the building up of a large group of non-immune persons by the neglect of vaccination presents an exceedingly serious situation. It may be noted that in recent years, with compulsory smallpox vaccinations being made prerequisite to school attendance in many localities, children have become protected against smallpox in a high percentage of cases, and the disease has become more prevalent among adults who have neglected vaccination than among children.

Sound Modern Homes Costing \$2,500 Become a Reality Under FHA Program

This well-planned home, located in a large eastern city, was sold under the FHA plan for \$2,650, including \$150 for the land and \$2,500 for the house. The price of the house was covered by an FHA-insured mortgage loan of \$2,500. The home is one of several hundred in this price category already completed or under construction in the same locality.

All the rooms have cross-ventilation except the dining room, but there is still plenty of wall space to simplify the furnishing problem. The kitchen and bathroom are small but compact, and the kitchen is fully equipped. The L-shape design and the front porch give the house an attractive exterior.

Washington, D. C.—Thousands of small homes will be built throughout the country this year by private industry for families with incomes of \$1,000 to \$2,000. They will be sold on the most favorable financing terms in history. Never before has the building industry geared its operations so largely in the direction of the low-cost market. The result will be the biggest volume of good homes in the \$2,500 price class ever built in the United States, according to Washington officials.

Federal Housing Administrator Stewart McDonald points out that the FHA's insurance of home loans made by private lending institutions has brought home ownership within the reach of many thousands of families heretofore unable to buy their own dwellings because of difficult and unsound financing plans.

He predicts that private residential building this year will probably outstrip the 1939 volume, which was the highest in 10 years. Large-scale construction of homes such as the one pictured above will now begin in earnest, and this

kind of construction will constitute a major part of the year's total residential building volume, he says. In 1939 residential building approximated 465,000 non-farm dwelling units.

Private industry is enthusiastic in its response to the FHA's program of small-home construction. The home shown above, recently constructed and sold in an eastern city, typifies the modern small dwellings which are being built all over the country this year under the FHA's streamlined financing program.

Over half the nation's families earn between \$1,000 and \$2,500 a year. This group will provide a tremendous market for the 1940 \$2,500 home, which may be paid for under the FHA program with as little as 5 to 10 per cent down and monthly payments of as low

as \$15 to \$20 over periods of 15 to 25 years.

Proof of the market for such homes, when they are soundly constructed, carefully planned, and architecturally attractive, is demonstrated by the experience of the builder who produced the house shown above. He writes: "Construction was started on November 24, and the first advertisement appeared on January 13. Four days later 14 sales had been made, and by the end of the week contracts had been closed on the entire group of 20 houses."

In a recent statement, Federal Housing Administrator McDonald said:

"Technological, financing, and marketing factors have now combined for the first time to make possible the inexpensive small house of the modern type. Special emphasis is being directed toward stimulating and facilitating the purchase of houses by families in the \$1,000- to \$2,000-a-year income group."

Deck Wells Says Would Oppose U. S. Entry in War

Wellington, Texas.—As the first candidate to come out flatly against sending our American boys to die in a European war, Deskins Wells, country editor of Collingsworth County, announced this week that he was definitely in the race for Congress and that his platform would be announced shortly.

In announcing Deck Wells said: I intend to make few promises, but to run on my known record of having worked for farmers and ranchers in my home county, but to make myself perfectly clear, I do give the people of the Panhandle this pledge: I will vote against the entry of the United States into any European war.

I believe in preparation strong enough to resist any outside aggression, but that our best course is to remain strong and free by conserving our resources and our boys.

I was born on a farm near Wellington over 38 years ago, and lived on the farm until I was 25. As a country editor I have worked with and for the people on the farms and ranches for 15 years. Since Marvin Jones' most important service was rendered in behalf of agriculture, I will strive to continue this service to the limit of my ability.

Not only do I favor the soil conservation program and the farm program, but I will also work for the conservation of human lives. In this district, farmers moving from the land have made worse the plight of workmen who could not find jobs in the towns and cities. For that reason I will support the Farm Security program, the Farm Tenant Act as well as all sound legislation to relieve unemployment.

In my platform, which will be announced shortly, I will be more specific on other important matters and especially the need of enforcing the immigration laws, tightening them if necessary to keep down un-American activities, which in the main are conducted by the foreign born who are sent over here for that purpose by ruthless governments.

I am strongly in favor of social security including pensions for the old, and I will work to create jobs for the young people.

I do not intend to try to fool the people into believing that I know all that there is to know about being a Congressman, but I do know enough about the working of the Congress of the United States to realize that any new man you may send to Washington will be a freshman in Congress, and that he will have to work as such at first regardless of his age or how long he has been in politics. I am new to politics and will be to Congress, but I will work hard and faithfully if you send me there.

I am making this statement in order that my friends over the Panhandle may know for sure that I am in the race. I will appreciate greatly the opportunity of going to Washington and working my way up in order to be in a position to continue the splendid work that has been done by Marvin Jones, whose place cannot be filled but whose sincerity of purpose can. Your task is to judge the candidates and select that one of a man regardless of whether it be Deck Wells or someone else.

ATTEND SCHOOL OF INSTRUCTION

A Long Time Ago In Hereford

29 Years Ago
The Parent Teachers Association urged adoption of a regulation uniform for high school and seventh grade girls. In urging a taboo on extravagant clothes the association cited high cost of clothing as a reason for low-cost uniforms and also recommended that boys abandon use of silk shirts, silk socks, and other extravagant and unsuitable clothing at school.

Hereford Garage and Machine Works sold their shop department, tires, tubes, accessories, etc., to Terry Bros. Retiring members of the Hereford Garage are E. W. Kinney, Verne Wither-spoon, George Beams and Edgar Webb.

First annual Hereford Breeders Association sale was to be held April 13. Thirty-five bulls and 20 females had been consigned by 22 local and nearby breeders.

Do You Have Cut Worms In Your Garden?

Colege Station.—Along this time of year cut worms work havoc with spring gardens. What makes most gardeners so mad is that the worms apparently work for spite. Instead of eating the plants they have cut down, they move on to others. Cut worms like tomatoes best of all but they will work on almost anything.

Several thicknesses of newspaper, when wrapped around the tomato plant stems, will foil the worms to some extent, or at least make them work for what they get.

For real satisfaction in cut worm control—and a gardener who has lost a row of his pet tomatoes wants all the satisfaction he can get—Cameron Siddall, entomologist of the Texas A. and M. Extension Service, recommends a poison mash.

The formula for the mash is 3 ounces of white arsenic or paris green, 5 pounds of coarse wheat bran, 1/2 pint of molasses, and enough water to make the mixture sticky.

He says to 'strow' it along the row late in the evening so that the worms can get a dose of it that night.

Gold Mining In Montana

Gold-mining operations throughout the United States, as well as in other parts of the world, have been greatly increased in the past few years as a result of the higher price paid for the metal by the United States Treasury and by official purchasers in other countries.

Mines long abandoned and other deposits which had previously proved unprofitable due to the cost of extraction are being exploited everywhere. The Reconstruction Finance Corporation has made loans of many millions of dollars to mining companies, including those mining gold as well as other metals.

Shown above is the gold dredge of the Perry-Schroeder Mining Company operating on the shores of Hauger Lake about 15 miles northeast of Helena, Mont. The dredge was completed in November 1938 and has successfully been mining gold from the placer gravel deposits which occur in this section. A loan of \$250,000 was made by the RFC for the construction of the dredge.

not have at least a fair-sized stream emptying into it. White bass, like salmon, must travel upstream in the spring to find suitable places in which to spawn. Following the spawning season they return to the lake proper but will never spawn in a lake.

That is the reason the State Game Department cannot raise white bass in hatchery ponds. However, the department is able to obtain sufficient brood bass from lakes with which to stock lakes and the invasion of the striped bass continues.

Lake Dallas provides an excellent example of the proficiency of the white bass. A year after the thirteen brood fish were placed in Lake Dallas a few of them were caught. However, by 1935, just three years after the transplanting, striped bass were caught by the thousands. Commercial fishermen easily netted as many as 400 pounds of them in a day. However, it was not long before the Game Department was able to apply the same regulations to this species of bass as applies to other bass.

Following the successful transplanting at Lake Dallas, the Game Department started stocking other lakes. In 1938 Bill White present superintendent of the Lake Dallas Hatchery, placed 100 in Lake Kemp, 140 in Lake Buchanan, 126 in Medina Lake, 50 in Eagle Mountain Lake, 108 in Lake Waco and 125 in Lake Wichita. They have prospered in all those lakes. Last summer many sportsmen working those bodies of water wondered what kind of a strange fish they had caught. This winter scores of fishermen are catching many of the bass at Buchanan Lake, despite the fact that body of water, like many others, was stocked with a few brood fish less than two years ago.

White bass weighing from one-half to two and a half pounds are used for stocking purposes. The reason these bass are able to stock a lake so quickly will readily be understood when it is known that each female lays from 400,000 to 500,000 eggs. A laboratory count in Texas last spring showed 480,000 eggs taken from a two-pound fish. When these figures are compared with the egg capacity of other species of fish it can readily be understood why sportsmen are catching white bass in goodly numbers. A 20-pound salmon will average 16,000 eggs. Two to four-pound rainbow trout lay 3,000 eggs, brood trout of the same size 2,500; a two and a half pound small mouth bass 3,000 to 10,000 and a largemouth bass of the same size 6,000 to 20,000 eggs.

Only a carp rivals the white bass in egg production. A four to five pound carp will produce 400,000 to 500,000 eggs. The white bass, by that or any other local name tacked on it, is a good fish for sport or for the table. It attains a length of eighteen inches. Not too particular in its diet, it will take a hook when baited with small minnows, angleworms or grubs and will also strike flies and plugs. It can be recognized by its silvery color tinged with golden below. Its sides are striped with narrow dusky lines, about five above the lateral line, one along it and has a variable number below it.

Where Their Fathers Fought and Died

Men of the Welsh guards, British forces in France, are treated to a cup of tea by a French woman. The soldiers stand amid the ruins of a building partially destroyed during the World War. Many of the men are some of those who fought and died in this spot during the last world conflict.

TEXAS OUT-O'-DOORS

Texas is being invaded again! Members of the onrushing horde are spreading so rapidly that in a short time they have traveled from deep East Texas as far west as Medina Lake.

However, the timid need have no fear for the invaders are white bass, often called striped bass, sand bass and bar bass. These fish, which rank with the carp as being the most prolific in fresh waters are being helped along in their invasion by the Texas Game, Fish and Oyster Commission, which has high hopes of being able to stock every suitable lake in the state with this fine sport-food member of the finny tribe.

Actually the spread of the white bass has been amazing. Oddly enough, it, many, many years ago was a denizen of salt water, but members of the clan transported to fresh water adapted themselves to their new environment and are now providing much sport for Texans who wield rod and reel or an ordinary cane pole.

Until 1932 the only lake in Texas in which white bass were known was Caddo. That year J. A. Wilkerson, then superintendent of the Dallas State Fish Hatchery brought thirteen brood white bass to the Dallas hatchery and then transplanted them in Lake Dallas.

From these thirteen brood fish and a few more which have been taken from Caddo Lake has come enough fish to stock several other huge lakes. Plantings in all but one or two lakes have been successful and in almost every instance of failure it was because the lake in question did

Lights in Poultry House Will Result in Greater Egg Profits

Lighting such as this maintains egg production when prices are highest.

By IRA MILLER
Rural Electrification Bureau

WILL the egg production of your flock decline sharply with the coming of winter? Or will there be little or no decrease in the number of eggs you obtain? Assuming, of course, that your hens are free of disease, the answer will depend almost entirely upon whether or not your poultry house is wired for electricity.

What has electricity to do with maintaining the laying efficiency of your hens? In the first place, they require thirteen to fifteen hours of light per day to consume sufficient food to lay regularly. When days are short—September to April—there is only enough natural light to permit them to eat little more than is necessary to keep up their body weight. As a result, the production of eggs is greatly decreased just when prices are highest.

By using electric lights to artificially increase the working day and thus give your hens a normal amount of time to exercise and eat, their egg production can be kept approximately uniform throughout the winter. Although standard light bulbs are commonly used for poultry house illumination, ultra-violet lamps have become increasingly more popular during the past several years. These also furnish an invisible light that supplies the necessary quantities of

Vitamin D—an essential to strong, healthy birds and to more eggs with a greater percentage of hatchability and fertility.

A second major use of electricity in maintaining the winter laying efficiency of your flock is for water warmers. As an egg is about two-thirds water, much if not all of the benefits of electric lights will be lost if your hens are not provided with an adequate and regular supply of water at the proper temperature—a minimum of approximately 50 degrees. The safest and most convenient method of warming the water is with electrical heaters, the immersion type with thermostat control being preferred because of its ease of handling and freedom from attention.

What will poultry lights and water warmers cost you? Excluding wiring, and when power at five cents per kilowatt-hour, the lights will vary from 1/10 to 3/10 cents per bird per month, depending on the schedule you use. Water warmers, at the same rate, will cost from one to five cents each per day, the average being nearer the lower figure. When used from about September 1 to April 1, lights and water warmers will give you a net gain in income of 25 to 50 cents per hen per year—frequently more.

Full information on the wiring and lighting of poultry houses can be obtained from your state college or university, or from the equipment manufacturers.

Short'nin Bread For Mammy's Little Nigger

"Mammy's little nigger love short'nin, short'nin, mammy's little nigger love short'nin bread" are the words to an old darkey song. And short'nin bread is especially good to eat in this cold weather, according to Miss Sadie Lee Ojiver, CHDA. Other cold weather breads, hoeecake, corn dodgers, crackling bread, and spoon bread are all full of calories to provide warmth and energy. Recipes for these old time "deep south" breads are given below:

HOECAKE
Moisten salted cornmeal with scalding water or milk. Allow it to stand for an hour. Put 2 or 3 teaspoons of this on hot greased griddle. Smooth it out to make cakes 1/2 inch thick and let it cook—When one side is done, turn over and brown the other. Serve very hot. This dish goes well with sausage and turnip greens.

CRACKLING BREAD
1 cup cracklings, diced, 3/4 cup wheat flour, 1 cup sour milk, 1 1/2 cups cornmeal, 1/2 teaspoon soda, 1/4 teaspoon salt. Cracklings are the pieces of meat remaining after the lard has been rendered from the pork. Mix and sift together the dry ingredients. Add the milk, stir the cracklings in. Form into oblong cakes and place in greased baking pan. Bake in hot oven (400 degrees) 30 minutes. Serve with molasses.

SHORT'NIN BREAD
4 cups flour, 1 pound butter, 1 cup light brown sugar. Mix flour and sugar. Add butter. Place on floured surface and pat to 1/2 inch thickness. Cut into desired shapes and bake in moderate oven (325 degrees to 350 degrees) for 20 to 25 minutes.

SPOON BREAD
3/4 cup cornmeal, 1 teaspoon salt, 3 tablespoons melted butter, 1 cup boiling water, 1 cup milk, 2 teaspoons baking powder, 2 well beaten eggs.

Mix cornmeal, salt and butter, then add boiling water, beating until smooth. Add milk, eggs, and baking powder. When well mixed turn into a greased baking dish or pan and bake in moderate oven (350 degrees) for 40 to 50 minutes. Serve with whole milk for supper. Or serve with Southern Fried Chicken.

Omer Baker Is Buried Here Sunday

Burial services for Omer Baker, former peace officer and business man of Hereford, and a brother of Mont E. Baker, were held at West Park Cemetery Sunday afternoon, following funeral services that morning at Sunray. He died in Moore county hospital April 11.

He had been at various times deputy sheriff and city marshal of Hereford, and had operated the Stockmen's Cafe here. He was a former Texas Ranger. He had served as deputy sheriff and constable at Sunray after moving there in 1936 and was special officer for Shamrock Oil and Gas Company at the time of his death.

Immediate survivors include his wife, Mrs. Nola Baker, a son, Richard; two daughters, Bobbie and LaVerne, all of Sunray; another daughter, Mrs. Lois Gannon, Oceanside, Cal.; two brothers, Mont Baker of Hereford, and Curtis Baker of Ft. Smith; three sisters, Mrs. Alvie Porter of Shawnee, Mrs. Robert Porter of Oklahoma City, and Mrs. Henry Moore of Monroe, Okla. Rev. I. J. Lloyd officiated at funeral services held at Sunray Baptist Church.

Home Demonstration Club Women Attend Meeting At Amarillo

More than 140 women registered at the district meeting of the Texas Home Demonstration Association held in Amarillo on April 16 at the Polk Street Methodist Church. Two Extension Service Staff Members were present, Miss Doris Leggett, District Agent and Miss Onah Jacks, State Girls' Club Agent.

The response to the Address of Welcome was made by Mrs. Lee Cocanougher. Mrs. R. A. Frye of Dawn was nominated chairman of the District Education Committee. Mrs. Ira Ott read the county report.

Those present from Deaf Smith County were Mesdames Lee Cocanougher and Ira Ott of Wyche; J. E. Springer and Aldon Hawks of Frio; R. A. Frye and Albert May of Dawn; G. A. Frye of North Hereford; P. B. Sowell of Westway and the County Home Demonstration Agent.

Spud Growers Sign For Shares Of Common Stock

Growers began signing up for shares of common stock in the Hereford Potato Growers Association at a meeting Tuesday night in the courthouse. Thirteen growers signed then and as many more are expected to sign up by Saturday. Shares of common stock have a par value of \$100 each.

Charter papers for the association are now at Austin for examination by the Secretary of State.

Sale of preferred stock at \$5 per share is progressing nicely, with \$1,950 already subscribed. Construction of the warehouse is expected to start soon.

Present at the meeting were several prospective growers from Idaho.

Curtis Douglass

When he is elected and another inventory at the end of each succeeding year, showing his people all sources of revenue obtained and from whom received. This would give the voter a check on all incomes of their public servants.

Discusses Pensions On pension matters, Douglass stated, "It is the mandate of the people that the pensions be paid, that the school teacher's retirement fund be paid, the blind be cared for and all other social security obligations be met. The voters decided all of this in no uncertain terms. I shall favor any reasonable tax bill to procure these funds as long as it does not incur hardships on any particular group or upon those we wish to aid. I do not think it proper for me to announce a cure-all law for any problem, for after all, I would only be one of 31 senators they would have a voice in the matter.

"I do believe such a problem can be worked out satisfactorily by both the legislative and executive branches of the government to fulfill the mandate of the people, and I will certainly

fight for the solution of these problems.

Douglass said he believed that all types and sizes of business should be considered on the passage of any law that there should be no discriminating laws.

He said he believed that labor should have the rights of bargaining.

He strongly favors that school proportionates be based on the number of students rather than population of districts, he said.

Douglass said he is an advocate of consolidating equalization boards tax assessing and collecting agencies into one, thereby saving thousands of dollars in costs of administrative government and also equalizing school county and state tax rates. He cited three examples of counties in the Panhandle that employ a gas and oil expert each year to assess taxes for the county. "Then the school employs this expert to set their taxes," Douglass said, "and when this expert has finished duplicating his first list, he has received thousands of dollars in salary for doing the same work."

Sees Economy Ahead Douglass said he believed in practicing economy, stating: "You can't tell me that we cannot economize, and by that I don't mean to quit spending where the spending is doing good. We are living in a progressive age, and our advanced and modern views demand better schools, better advantages and better living conditions in general. It is not those expenditures going to the progressive and beneficial things I would cut, it is the useless waste and spending that should be discontinued. There are too many duplications, too many overlapping, tax eating agencies, too much waste and far too many useless jobs. A real practiced economy, without regard to political favoritism, would mean millions of dollars saved, likely rendering new taxes of any kind unnecessary."

Douglass said he believed the state, in cooperation with the federal government could be induced to establish a natural gas laboratory in the Panhandle of Texas to determine the fullest extent of the many uses of natural gas. Such an experimental station, Douglass said would prove beyond all doubts that new industry could thrive in this area, leading to many manufacturing plants being established in the heart of the largest gas field in the world.

"Give business and industry both large and small, a fair deal," he said. "The progress, development and welfare of the country depends upon the success of business institutions, and the people, in turn, rely upon the prosperity of business for their security.

"Plans Only Clients." "To sum it all up we must have a new order of things. We must have an order that will mean that our lawmakers must and will look to the interests of the people rather than the interests of a special few. There will be little or no relief in taxes, in pensions, in economy and all the other problems confronting us so long as our legislators continue to serve two masters. 'No man can serve two masters.' That saying is as true today as when written 2,000 years ago."

"The government of Texas must be returned to the people. If common sense, fairness, a willingness to work, and the sacred interests of the people as a whole could be called a platform, such is my platform. "I shall have only one client while in the Senate and that client will be the citizens of the Panhandle of Texas."

Southwest's (Cont. From Page 1, Sec. 1) that a colorful 16 page book, in which Dallas will pay tribute to Hereford, is being prepared and will be distributed by messengers to the business houses in the city during the Dallasites' visit there April 24.

The party of 75 business leaders of Dallas will be the largest group that has ever gone on an annual Dallas Business Tour, Mr. Plummer said. Included in the party will be representatives of the City of Dallas, County of Dallas, Chamber of Commerce, State Fair of Texas, Dallas Manufacturers and Wholesalers Association, and more than 60 executives of banks, hotels, manufacturing, wholesaling and insurance firms of Dallas.

Dunlap, field executive of the Llano Estacado Council. The Court of Honor is composed of John McLean, chairman, and Riph Smith, Hall Beavers, W. L. Davis and A. O. Thompson. Badges will be presented by Major Schroeter, scoutmaster of Troop 2, and by U. L. Streu, scoutmaster of Troop 1.

Scouts from both Troops 1 and 2 will participate in the camping trip. Most of Saturday will be devoted to instructions in scout work. Sunday will begin with a sunrise worship service led by Rev. Marvin B. Norwood. Adult leaders at the camp will be U. L. Streu and Major Schroeter.

Wheat Damage

(Cont. From Page 1, Sec. 1)

On other farms no damage is anticipated at all. The situation is almost parallel with that of 1938, when a late freeze and deep snow did tremendous damage to crops over the entire Panhandle. Except for the recent freeze the wheat crop was reported to be 71 percent normal and growth of wheat was reported 95 percent normal in this county.

Wildflower Preservation Is Urged By Hereford Garden Club Members

Why not preserve the wildflowers of the Plains? Now is the time to begin thinking about the protection and preservation of the flowers that grow wild on the highways and prairies which will please the eye with bloom later on in the summer, according to members of the Hereford Garden Club. Urging the public to become interested in the preservation of the wildflowers, Mrs. N. E. Gass, president, appointed a committee to draft resolutions concerning the matter at the club meeting held at the W. B. Anthony home Friday afternoon with Mrs. C. C. Cox as hostess. Those on the committee are Mrs. Homer Brumley, Miss Sadie Lee Oliver and Mrs. Cox.

Pointing out that while the Panhandle does not have the many varieties of wildflowers, nor do they grow in profusion as in some other parts of the state, it preserved the native flowers can afford attraction for travelers as well as esthetic landscapes for local residents; Mrs. Gass, instructed the committee to seek co-operation from county officials and other civic leaders.

The petunia was adopted as the club flower for the ensuing year and "Civic Beauty a Civic Duty" was chosen as the club motto.

The program for the afternoon opened with roll call featuring descriptions of flowering shrubs suitable for this locality.

Mrs. F. M. Kester was leader with "Vines" as a central theme. Annual vines, flowering and fruiting vines and clinging vines were discussed by Mesdames E. Ramey, Homer Brumley and Ralph White respectively.

Those attending the meeting were Mesdames N. E. Gass, Homer Brumley, Ralph McCullough, C. C. Ferguson, Ralph White, F. M. Kester, E. Ramey, F. H. Oberthier, W. A. Dobbins, John P. Slaton, C. C. Cox and Miss Sadie Lee Oliver.

Mrs. Jim Lipscomb and Mrs. L. H. Shore were visitors.

The next meeting will be held at the home of the president. Hanging Baskets and Window Boxes will furnish topics for the program.

Mrs. J. D. Neill Is Club Hostess

Mrs. J. D. Neill entertained for members and guests of the Justakrd Club at her home last week.

Two special guests were entertained with members. They were Mrs. J. M. Posey and Mrs. Ernest Medkief.

Outstanding Book Review Is Given

Members of the Woman's Missionary Society of the Christian church entertained Wednesday with a tea and book review at the church.

Feature of the afternoon's entertainment was a review of "The Nazarene" by Asch, given by Mrs. O. E. Stephenson of Sudan. "The Nazarene" an outstanding literary production, is an intimate biography of Christ, supposedly taken from facts written down by Cornelius the centurion.

The guests were greeted by Mrs. Ellis Coombes, president of the W. M. S. and Mrs. H. M. Redford.

Mrs. Harry Seed entertained with special music and Mrs. Coombes introduced Mrs. F. M. Kester who introduced the speaker, an old-time friend and neighbor of Mrs. Kester.

The refreshment table was decorated with peach blossoms and pear blossoms and other spring floral suggestions were used.

Those in charge of arrangements were Mrs. F. L. Lucas, Mrs. James Williams and Mrs. Kelton. Approximately one hundred guests attended the review.

Clubwomen Look To District Meet At Shamrock

Hereford Clubwomen's interest will turn to the latter part of the month to the Nineteenth Annual Convention of the Seventh District, Texas Federation of Women's Clubs in Shamrock.

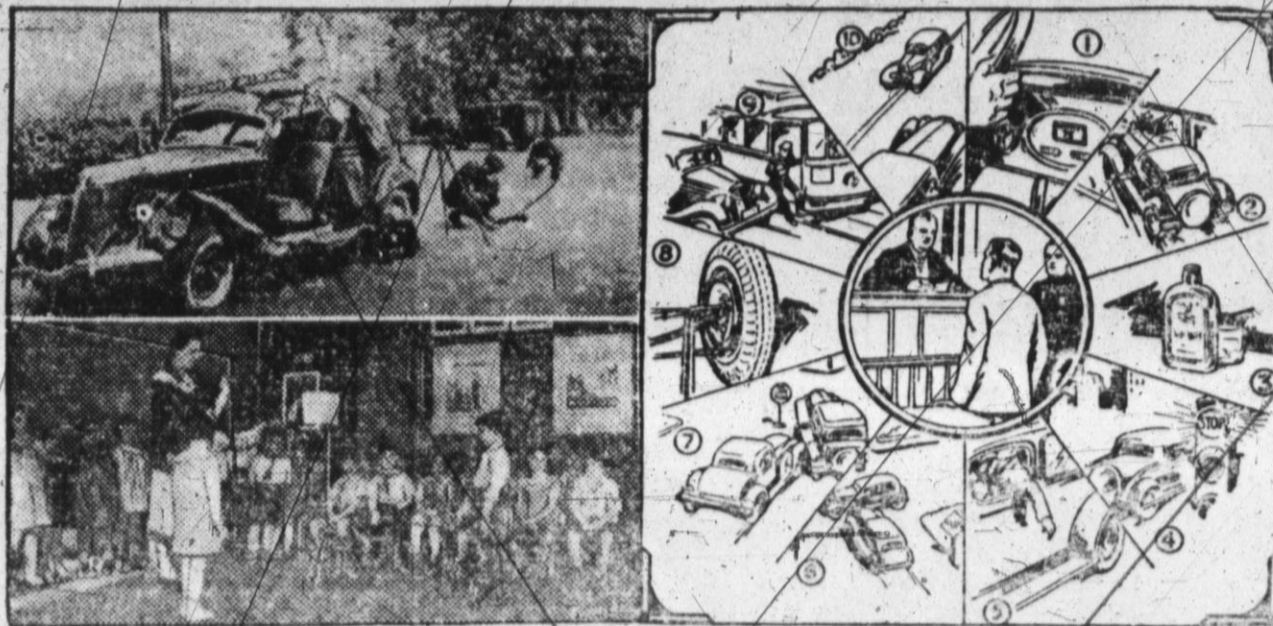

The scheduled dates are April 29 and 30 and May 1. Delegates have been chosen from the federated clubs of the city and a member of the Junior Pioneer Club will be asked to introduce J. C. Kellam, state youth administrator, on the Junior program.

A large representation from the clubs of the district is expected and plans are being made by the Shamrock organizations for a number of entertainment features, in addition to the regular business sessions.

for score award and Mrs. Henry Sears, second high.

A salad course was served after the games to Mesdames Geo. V. Stambaugh, R. R. Wills, Henry Sears, Meade Halle, J. W. Witherspoon, Grant Fuller, J. M. Posey, Ernest Medkief and the hostess.

Program Is Enjoyed By Study Club

An interesting program on "Child Problems" was enjoyed by members of the Child Study Club at the meeting held Thursday afternoon at the home of Mrs. Cecil Lady.

Mrs. J. B. Whitlow presided in the absence of the president.

Four phases of child problems were discussed. Mrs. M. T. Rutter talked on the Timid Child stressing the fact that no set rule could apply—but that the mother should study the individual characteristics of the timid child and develop an interest among other children. Mrs. J. W. McVay explained that the

On the opening day there will be a board luncheon through the courtesy of the Shamrock Chamber of Commerce, with the Athenaeum Club in charge of arrangements. The 1935 Forum Club will be host at a Tea in the afternoon. Tuesday the Times Study and the Twentieth Century Clubs will have charge of a Coronado Luncheon at noon, and a "Gay Nineties" dinner will be featured in the evening with arrangements by the Thursday Literary and Thursday Fine Arts Clubs. A May Day luncheon has been planned for May 1 with the Home Craft and the Athenaeum Clubs, as hostesses.

All general sessions are open to the public.

Lazy Child is often indolent because of malnutrition and poor health. She pointed out the need for glandular examination for the lazy appearing day dreamer. Mrs. John Robinson told the

Bad or Criminal Child may be dealt with, without resorting to the Juvenile officer. She advised parents to try to recognize criminal instincts in their children. Mrs. Joe Story said the need for co-operation between parents and teachers could not be over-estimated in dealing with The Stupid Child. She stated that here again no definite rule can be followed and that often when children appear stupid, it becomes another health problem. The fact that very few children are really stupid makes the problem all the more vital.

Those attending the meeting included Mesdames Ira Foster, G. W. Newsom, J. W. McVay, Lloyd Lookingbill, George McConnell, Mack Bainum, John Robinson, Tom McCollum, J. W. Witherspoon, R. P. Coneway, M. T. Rutter, Claude Longbottom, Jim Williams, J. B. Whitlow and the hostess.

Buckboard Had Many Advantages In The Old Days

Lubbock.—A buckboard wagon, necessary equipment of the average farm family of the South Plains thirty years ago, is on display at West Texas museum on Texas Tech campus. The buckboard was a light spring wagon with detachable seat and side boards.

"Riding in one of these was like riding a freight train," a museum official said. "Although the buckboard has not been given

en the publicity of the 'prairie schooner' it probably had more to do with the actual process of civilizing the west. "It had one advantage over today's automobiles. No matter how large the family could always be jammed into this kind of conveyance. The parents would ride on the spring seat with the youngest of the brood squealing to hold the reins. Just back of the spring seat rode the oldest daughters or the more decorous members of the family group on stiff bouncing chairs, and just below these rode the rest of the children, who along with the dogs, made the family complete."

Change now to OIL-PLATING... and "the old gray engine seems more like she used to be"

At birth her cylinder walls were almost like mirrors. The more of that polish you want to keep, the more you want your engine OIL-PLATED by changing now to patented Conoco Germ Processed oil.

OIL-PLATING in your engine, like chrome-plating on bumpers, stays constantly PLATED UP. For an apparently magnet-like attraction comes to Germ Processed oil from its man-made extra ingredient, so that engine parts are surfaced with their close-held shield of OIL-PLATING... drain-proof.

Remaining fully PLATED UP in the highest-speed engines, OIL-PLATING plainly keeps Wear from doing Summer "business as usual." Wear once thrived during starting periods, but now before the starter ever starts, your OIL-PLATED engine is ready-lubricated—a positive step toward preserving the old gray engine... or a new one. OIL-PLATED cylinders long keep the roundness of youth, and that makes your Germ Processed oil keep. Change today—to Your Mileage Merchant's Conoco station. Continental Oil Co.

Hereford Fails To Win Any First Places In District Meet

Hereford High School won several honors at the district meet last week at Canyon. In the speech event Vivian Olson placed second in semi-finals in girls' declamations. Loy Cook placed second in finals in boys' declamations. Wilma Higgins and Polly Anna Crawford won second in girls' debate.

Gertrude London and Lillye London won fourth and fifth places in typing. Mary Beth Hicks won fourth place in the shorthand contest. In tennis, Clifton Cox and Jack Allmon won second in the finals. In girls' tennis, Helen Francis Streu won third in semi-finals. Joe Brock won regional in the javelin throw.

Although the Spanish students of Hereford did not place, the judges said this is the best year in Spanish they have ever had. Saturday night and Sunday in the home of their parents, Mr. and Mrs. A. T. Jones. H. Bowers of Lazbuddy spent Saturday night in the home of his brother, J. C. and Mrs. Bowers and children. Sunday Mr. and Mrs. J. C. Bowers and children and brother, Hugh, visited their mother, Mrs. E. F. Bowers who is still in the Lubbock Hospital. Mrs. Bowers has been in the hospital the past four weeks but is reported to be recovering nicely and will be able to return to her home near Clovis in about two more weeks.

Mrs. J. M. Dixon spent Tuesday with Mrs. W. A. Dobbins of Hereford. Mr. and Mrs. C. C. Morris, who have been living in this community the past few months, have moved back to their home in Dimmitt. Olivia and Virginia Benson, Lurline Dixon, Dortha Hodges, Earl and Louise Lowery and Juanice Brooks visited Ray Swartz Thursday night. Ray has just returned home from the hospital.

Mr. and Mrs. John Johnson and daughters, Treva Jo and Wanza, Mrs. Brooks and Virginia and Olivia Benson were Amarillo shoppers Saturday. While there they visited in the L. F. Tennis home. Mr. and Mrs. Earley Welch of Friona called in the Will S. Dixon home Wednesday. Mrs. Dave Benson returned home Saturday after a ten day stay in Pampa with her daughter, Margaret and little son. Mrs. Sims and baby are both doing nicely, reports Mrs. Benson.

Mr. and Mrs. J. M. Dixon and family visited Mr. and Mrs. J. T. Hartley of Plainview, Saturday. Friends of Mr. Hartley will be glad to know that his condition is much improved. The Dixons then went on to Lockney where they visited W. R. Childress, a brother of Mrs. Dixons. J. B. Harlin Jr., spent Sunday in Hereford with his parents, Mr. and Mrs. J. B. Harlin, Sr., and Harold, and attended church in Hereford Sunday night. Mr. and Mrs. Malcom Cassels and children visited Mr. Cassels' father, G. W. Cassels of Hereford, Sunday afternoon. Jack Owen took dinner in the home of his grandparents, Mr. and Mrs. Joe Stagner of Hereford Sunday. Earl Stagner of Canyon and Della Stagner of Canadian were visiting over the week end and the dinner was in their honor.

"Little Sister Night" Is Held By Girls' Hi-Y

Tuesday was "Little Sister Night" for the girls' Hi-Y in the high school auditorium. The meeting was in the form of a mock banquet. Bobbit Turner planned the program for the night and officiated at the banquet. The theme for the program was "How the Hi-Y Helps Me to be a Better Girl."

Miss Crawford led in prayer after the girl's sang "Living for Jesus." At the beginning of the banquet the toasts were presented. Billie L. Crawford gave a toast to "The Girl I Want To Be"; Nadyne Newell gave one to "The Little Sisters"; and Bettye Dunlap gave a toast to "Hi-Y." Vivian Olson then gave the welcome to the little sisters, and LaNelle Farmer, Rena Rae Renfro's little sister, gave the response.

Bettye Jo Kendall zegan the discussion by telling "How the Hi-Y Emblem Originated"; this was concluded by four talks centering around the Hi-Y emblem. Ann Cockrell told the value of a spiritual life in girls in her discussion of the "Spirit" side of the Hi-Y emblem. Margaret Olson told of values that will be needed in meeting the tests of life in her discussion on the "Body" side of the emblem. Bernadine Phillips told the need of good mentality today to combat the temptations of modern youth in the discussion of the "Mind" side of the emblem. Louise Cress, in a summary of the emblem, told the need of Christian leadership in her discussion of the "Service" side of the Hi-Y emblem.

Refreshments of punch, cookies and mints were served to the little sisters and the Hi-Y girls. The girls repeated the Hi-Y benediction.

Mr. and Mrs. Will S. Dixon visited their son, Elmer Dixon and Mrs. Dixon at their old home in Cleo Thursday. Roy and Vernon Louder, who are working at the old Herring place, went to Breckenridge Friday and visited relatives over Sunday.

Mr. and Mrs. Malcom Cassels and children called in the H. J. Roberson home Sunday afternoon. Mr. and Mrs. Sam Adams of Rance visited in the J. C. Bowers home Saturday afternoon.

Mr. and Mrs. J. M. Dixon and family visited friends of Mr. Dixon's in Portales, N. M., and West Camp Sunday. Mr. and Mrs. W. A. Springer and family attended the funeral of Mrs. Wiltshire Saturday afternoon.

Mr. and Mrs. Hartland Caraway were Amarillo visitors Saturday afternoon. Mr. and Mrs. Malcom Cassels and children called in the Joe Stagner home in Hereford Sunday.

Mary Lois Springer is now staying at home again and going back and forth to school instead of boarding in Hereford. The Frio Club women take this opportunity to thank Mr. Rosson and Mr. Hays for letting us serve their dinner last Thursday. We also want to thank each woman that helped to make our dinner a success as each woman filled her appointed place and everything went off smoothly. We took in a little over \$34 and our club can use this to a great advantage. Henry Kendall and family visited in Clovis part of last week.

Grab A Boy, Gals, Tomorrow Is Sadie Hawkins

Can you imagine: four beautiful Daisy Mae's and four big, strong, handsome Li'l Abner's all in the same day; all the girls carrying the boys' books, opening doors, and performing other such courtesies; a whole Dog-patch of people, from Marryin' Sam down to Mammy Yokum, instead of the usually well-regulated students of Hereford-High? Such will be the situation Friday, the date of the second annual Sadie Hawkins' Day, sponsored by the F. H. T. Club of Hereford.

The candidates from the Freshman Class for the honored position of Daisy Mae and Li'l Abner of the school are: Nona Jean Luttrell and Daniel Russell; from the sophomore class are Agnes Albracht and Nolan Miller; junior class, Virgie Lee Sparks and O. G. Hill; and those from the Senior Class are: Bettye Perryman and Junior Ward.

Be sure to cast as many votes as possible for your favorite and then attend the sack supper to see who is finally selected. It's the chance of a lifetime, gals, so get your dates early and avoid the last-minute rush.

Holland Now Only Place In Europe To Get Unbiased News

Austin—Amsterdam. Holland becomes the only city in northern Europe from which the American newspaper reader can expect unbiased news, now that the German army has invaded Norway and Denmark, DeWitt Reddick, University of Texas associate professor of journalism and propaganda expert, said here today.

The wireless and cable communications in Copenhagen, Denmark, are now controlled by Germany, while the cable messages from Stockholm, Sweden, are routed through Denmark, Mr. Reddick pointed out.

American newspaper editorial policy in the next few days will criticize Germany for its action and England for its refusal to observe international law, he believes.

Roundtable Discussion Held At Boys' Hi-Y

The subject of the Boys' Hi-Y Tuesday April 19, was: "What we expect to get out of Hi-Y" and "What Hi-Y has gotten out of me." Each member expressed his opinion on those subjects. The club voted in three new members. They were: Horace Lee Altman, Delbert Kassahn, and Jeff Burk.

The club discussed the coming Mother and Son Banquet. The club also made arrangements to send Jack Smith, one of the club members, who has been in the hospital recovering from an appendicitis operation, some fruit.

The absent members were George L. LeGrand, and Bruce Beene.

Evangelists Talk At Assembly Period Mon.

Mr. Frank Charton, evangelistic singer, and Rev. John Henry Halderman, minister at the Baptist young-people's revival, entertained the student body on April 15 with songs and an interesting talk. Mr. Charton sang: "Will You Remember?" "His Eye is on the Sparrow," "Alone," and "The Holy City." He is a student in the Baptist Seminary at Ft. Worth.

Employees Get Receipts For Tax Deductions

Employers covered by the old-age and survivors insurance law are now required by law to give their employees receipts for the money taken out of their wages for old-age and survivors insurance taxes, according to Dewey Reed, Manager of the Social Security Board field office at Amarillo. This new requirement of the Social Security Act, he explained, went into effect January 1, 1940.

Mr. Reed pointed out that formerly the employer was only required to furnish the employee with a notation which would permit him to check the accuracy of the tax deduction. "This," he said, "could even be included on a pay check which would, of course, eventually be returned to the employer. But now the law specifically stipulates that the employer must furnish a statement suitable for retention

Junior Class Wins Assembly Banner

The Assembly Banner Award for the month of March was given to the Junior Class for presenting the best program of that period. This program featured a Kay Kayser's College of Musical Knowledge. The runner-up for the banner was the Freshman Class.

by the employee." He added that the law provides a \$5.00 penalty for each willful violation of this provision. Certain specified information must be included on the receipt, but the wording is left to the employer. In addition to the amount of tax deducted, the receipt must show the name of the employee, the period of time covered by the receipt, and the total amount of wages paid to the employee during this period. Employers are required to furnish such receipts at least once a year and may furnish them oftener—every quarter, or every month, or every payday, as they see fit.

Methods Change But Principles Never Do!
A Bank That is Able to Serve Your Present Needs
The First State Bank is a home firm whose roots go back deep into the history of Deaf Smith County, but at the same time the experiences of many Deaf Smith people in recent years and recent months prove that this bank is pre-eminently qualified to serve your present needs.
It is true that the banking needs of our people have changed in the years since this bank's founding, and the methods of this bank have been brought up to date to meet the requirements of its customers. But the fundamental principle of service on which it was founded remains as sound today as it was in 1900.
That is the reason we say, "Methods change, but principles never do!"

Hyena Fossils Found In Palo Duro Canyon

Canyon—A new find in the Palo Duro canyon excavations sponsored by West Texas State College and unearthed by WPA scientific project crews is a species of hyena never before discovered in this country.

Tentative identification made here has been confirmed by paleontologists of the University of California. Mrs. C. Stuart Johnston is supervisor of the project, on which about 25 men are working.

A continuation of the project with increase in the number of workmen to 42 has been asked by the College. The new giant would make possible excavations in several Panhandle counties.

Cataloging of archaeological materials and cross-filing of paleontological collections are being directed by Wayne Christian, field and laboratory supervisor. Meanwhile, history and archaeological field projects are continuing with ample funds and enriching the museum each month.

Fossil fish collections have been sent to the University of Oklahoma for study and insect fossils have been sent to the University of Chicago. These were taken from shale beds west of Channing. Some of these fossils are so faithful in detail that outlines of digestive systems of fish and antennae of mosquitoes can be noted.

Appointment of a professor of archaeology, geology, and paleontology to succeed the late Prof. Johnston is expected to be announced soon.

Texas Reports 129 Deaths From Lockjaw

Austin—Texas had 129 deaths from tetanus (lockjaw) in 1938, according to vital statistics records of the State Department of Health. The number of deaths from tetanus year by year for the past decade has shown no appreciable decrease or increase, the mean average being about 130 for each year of the decade. Peak of the decade was the 151 recorded deaths in 1934.

A significant factor in tetanus prevalence is that the disease develops usually from a trivial wound or injury which too often is neglected until complications set in.

"In the course of the disease convulsions may be frequent and set off by any slight stimulation to the central nervous system. Stiffening of the muscles of the jaw is one of the first symptoms of tetanus, a characteristic which gives the disease its name. "Puncture wounds, such as

those from sticking a nail or thorn in the foot or hand, prove the most dangerous. This is explained by the tetanus characteristic whereby the germs thrive only in a closed wound or in the presence of other germs that use up the air present. "Tetanus germs cannot live in open air," stated Dr. George W. Cox, State Health Officer.

"Preventive technique against lockjaw should include proper care of all minor injuries and wounds. Closed wounds should be made open wounds and kept thoroughly clean. Anti-tetanus serum should be given after a puncture wound. Gunpowder wounds are also frequently followed by lockjaw. The period of incubation for the disease to develop in man is usually from six to fourteen days, according to the degree of infection. When the incubation period is brief, six days or less, tetanus is almost always fatal. With a longer period for the disease to develop, it becomes milder.

DESSERT BRIDGE ENTERTAINS CLUB

Bluebonnets and white violets were used in decorations when the Wednesday Night Bridge Club was entertained with a dessert bridge at the home of Mr. and Mrs. John Olson Friday night. Small tables were centered with bouquets of violets where, after dessert, games of bridge were enjoyed. High couple prize went to Mr. and Mrs. Jim Lipscomb.

Others playing were Messrs and Mesdames Jim Black, Reed Williams, F. L. Lucas, Frank Gyles, and the hosts.

PHEBEAN CLASS IS ENTERTAINED

Phebean Class of the Baptist Church was entertained at the home of Mrs. Carl Gilliland Friday afternoon with Mrs. M. T. Rutter and Mrs. Gilliland, co-hostesses.

After a short business meeting and devotional conducted by the class president, Mrs. Lillburn Ray, an interesting program was presented. Mrs. George Suggs talked on "Faith" using Abraham as an example and Mrs. E. W. Young spoke on the subject of "Obedience" using Paul as an example.

After a social hour refreshments were served to Mesdames J. B. Whitlow, A. T. Layman, George McConnell, George Clark, Cecil Guntter, Harold Wester, George Suggs, E. W. Young, M. T. Rutter, Claude Longbottom, Owen Stagner, Ira Foster, Lillburn Ray, Ralph McCullough and Mrs. Gilliland, class teacher.

Bobby Davis Entertains On Eighth Birthday

Last Saturday afternoon Bobby Davis was host to fourteen boys and girls celebrating his eighth birthday. Thurman Nixon and Nancy Carl won a prize for guessing the nearest to Bobby's weight.

Out of town guests were his cousins, Cecil and Buddy English from Flagg.

After ice cream and cake were served games were played out side.

SPRING SOCIAL AFFAIR GIVEN

Among last week's social affairs was the afternoon party given for members and guests of the Coterie Club at the home of Mrs. F. L. Lucas.

Informality furnished the keynote for the springtime occasion with flowers and appointments emphasizing pastel spring colors.

Prize wrappings and other bridge accessories were in the same colors.

High scores were made by Mrs. Tom McCollum and Mrs. Grant Fuller.

Special guests included Mesdames Knox Kinard, Glenn Snyder, Tom McCollum, N. E. Mulburn, H. A. Close and George V. Stambaugh.

Members present were Mesdames E. B. Hedrick, Barnard Hicks, A. R. Bateman, C. F. Moore, Grant Fuller, J. W. Witherspoon and the hostess.

Let's Cook Something

This is a request recipe and one you should try, if you like dates, before hot weather comes with its demands for frozen desserts.

Miss Fern Carlyle, former Hereford teacher, brought this recipe from her home in Dallas and since that time it has been enjoyed in a number of Hereford homes. It is a rich dessert and you will want to use small servings. It is easy to make and its goodness lies in the way the ingredients are combined.

DATE PUDDING

Mixture No. 1... 1 cup pitted dates, 1 cup nuts, 1 cup flour, 1 cup white sugar, 1 teaspoon baking powder

Mixture No. 2... 2 cups brown sugar, 2 cups water (which has been heated until the brown sugar is melted)

Bake in a moderate oven until brown on top. Select a deep pyrex bowl for this so it won't boil over as the batter rises.

Make a batter out of mixture No. 1 and pour slowly without stirring into Mixture No. 2... Bake in a moderate oven until brown on top.

Perryton To Be Legion Host

Perryton.—When the spring convention of the American Legion Posts and Auxiliary Units of the 18th District of Texas convene in Perryton on Saturday and Sunday, April 27-28, it will be more of a Tri-State convention than just a one state event for hundreds of members and state officers from Oklahoma and Kansas will join with the Texas World War veterans.

R. B. Orrill and Mrs. Blansit Carter, Post Commander and Auxiliary Unit President of Perryton and co-chairman for the convention, in extending an invitation to all Legionnaires and Auxiliary members of the Southwest, say that there will not be a dull moment during the two-day meeting.

Registration will start at 10 a. m. Saturday. Forty and Eight luncheon at noon followed by street work and wreck at three o'clock. The Amarillo Voiture will be on hand with their new streamline locomotive and train. All registered delegates will receive free tickets to picture show Saturday afternoon. Registration will be \$1 for men and 50c for women.

A dinner honoring Mrs. George S. Berry, Lubbock, Texas Auxiliary President and Mrs. L. D. Akin, Shawnee, Okla., Auxiliary President will be held at 7 p. m. Saturday. Tickets will sell for 60c. Reservations should be made in advance to Mrs. B. Carter.

The convention dance will be at the Hotel Perryton at 9 p. m. Saturday. It will be for registered Legionnaires and Auxiliary members only. Music by the Perryton Playboys.

The Sunday program will start off with an eight o'clock breakfast for Post officers and an Auxiliary breakfast at 8:30 a. m. L. School at 8:30 with District Chairman Guy Miller presiding.

Will this calf bring 66¢ a pound?

It's HARD to tell... but EASY to pick a winning oil

To encourage the great work of the 4-H Clubs, Phillips representatives frequently bid in 4-H Club prize animals, offering 66¢ a pound in honor of Phillips 66 products.

Which of the thousands of animals now being raised will win? Even experienced judges of cattle can't answer the question until all the animals appear in the ring. But when you want a winning oil for your motor... you have a simple, easy, rapid way to pick the champion lubricant.

To do away with all question and doubt, the great-Phillips refining organization makes this plain, straightforward statement. If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer. Ask for it, when you make the seasonal change in lubricants which every engine needs.

INTERESTING FACTS ABOUT BEER AND BREWING

100 INDUSTRIES BENEFIT FROM BEER AND ALE

Did you know that the return of beer and ale brought increased business to more than 100 industries? It did. Services and materials were needed. New jobs were made for workers.

WHY BEER IS THE BEVERAGE OF MODERATION

Beer's alcoholic content is very low... lower than any other alcoholic beverage. That is why it is called "the beverage of moderation." You are not likely to get in trouble if you stick to beer.

OLDER THAN THE PYRAMIDS OF EGYPT

Beer has been brewed since the beginnings of recorded history in many parts of the world. It was known in ancient Egypt, in China, and the Euphrates valley.

NATURE MAKES BEER!

A simple natural process produces beer and ale from water, malted grain and hops. The brewer applies his skill to help give these beverages their fine taste.

BOUGHT BY BEER AND ALE: 25 BILLION POUNDS OF FARM PRODUCTS. Steadily, year after year, the brewing industry gives American farmers a big order for farm products. That's a help farmers appreciate.

"CLEAN-UP OR CLOSE-UP" A NEW PLAN TO PROTECT BEER RETAILING

One of the most interesting things about beer and ale is the brewing industry's program to keep retailing wholesome. This program is now in effect in a number of states. It is being extended. We want you to know about it. Write for booklet, United Brewers Industrial Foundation, 19 East 40th St., New York, N. Y.

BEER'S TAXES—\$1,000,000 A DAY—COULD PAY FOR GRAND COULEE DAM IN 186 DAYS

Food Lockers Bring About Big Change In Farm Way Of Living

College Station.—Refrigerated food lockers, within the next few years, are going to bring about a big change in many Texas farm families' way of living.

The change will be all to the good, believes H. H. Williamson, director of the Texas A. and M. College Extension Service. "We've tried to find the weak spot in the food locker plan, but so far we haven't been able to find any," he said.

Advantages claimed for the refrigerated food locker system include:

Saves family \$50 to \$100 a year. Makes fresh meat, vegetables and fruit available the year around.

Aids in providing balanced diet.

Makes for improved health. Refrigerated food lockers have been operating in the Mid-West and Pacific Coast for several years with marked success. Three years ago a group of Hale County farmers went to Oregon, Washington, and Idaho to study dairy cooperatives there. They kept running into food locker plants and heard a lot about the service they were giving farmers.

When they got back to Plainview, they built a 250-locker plant as a department of their cooperative creamery. The plant was so successful that another 250-locker unit was added in the fall of 1939. Now there are refrigerated locker plants—mostly cooperative but including some commercial set-ups—scattered over the Plains country, among them, plants at Floydada, Ralls, Petersburg, Tahoka, New Home and Brownfield; there are a few scattered in other parts of the state.

Number Deaths From Cancer On Increase

Austin.—There is still too much "behind closed doors talk" about cancer, Dr. Geo. W. Cox, State Health Officer, declared today in urging Texans to make the most educational opportunities which will be offered during April, proclaimed by Governor W. Lee O'Daniel as Cancer Control Month.

"We cannot fight cancer successfully by hiding from it. On the other hand, by overcoming fear and lack of knowledge, the campaign against this disease will be half won," Dr. Cox said.

Reliance upon lightning warfare will not defeat cancer. It is only a relentless crusade carried on over a period of years that will succeed in wearing down the death rate from this disease. Such a crusade requires more courage and widespread knowledge than our people possess at this time.

Vital statistics records of the State Health Department show that cancer mortality is steadily increasing. Statistics for the past half-decade, 1933 through 1938, record an upswing in the cancer death rate from 64.5 per hundred thousand in 1933, to 66.3 in 1934, to 68.5 in 1935, to 73.6 in 1936, to 72.8 in 1937, to a high of 74.4 in 1938. The Texas cancer death total in 1938 was 4593 as compared with 3863 in 1933. Whether or not this increase in cancer mortality will continue depends upon the effort every man, woman and child will put forth to learn more about cancer, its symptoms and its cure.

Free educational literature on cancer may be obtained by writing the State Health Department, Austin, co-sponsor of the Cancer Control drive in Texas during the month of April.

Scarlet Fever Is Menace To Texas Children

Austin.—"Scarlet fever is an ever-present menace to Texas children," Dr. Geo. W. Cox, State Health Officer, believes.

In 1939 there were 2426 cases of scarlet fever reported to the State Health Department, an appreciably lower prevalence total than 1938's when 4445 cases were listed.

"Too frequently people are led astray into thinking that scarlet fever is a minor disease because cases may be very mild in some children. It should be remembered, however, that a mild case can infect another case who may become seriously ill. Scarlet fever is treacherous, particularly since its prevalence is most frequent among children and rare among adults.

"Scarlet fever is spread by the transfer of the infection in the discharges of nose and throat, ears, or abscesses of persons ill with the disease and those who are carriers of the infection. Handling of articles soiled by a scarlet fever patient may transmit the disease.

"Children under ten years of age are the age group most susceptible to scarlet fever. When a child becomes suddenly ill with fever, sore throat, and vomiting, he should have immediate medical attention, and if the disease is present, be isolated to prevent spread of the disease. One should not wait for a rash before seeking medical attention, as a physician can usually make the diagnosis before the rash appears. Appearance of scarlet fever in a home should be immediately followed by a rigid quarantine for the duration of the illness, usually about three weeks. Parents should use caution not to expose young children to anyone exhibiting acute catarrhal symptoms of any kind—take no chances that scarlet fever may be present.

"Your physician has several valuable agents which he may use in treating scarlet fever. Among these is scarlet fever antitoxin, which is effective in shortening the course of the illness and probably in preventing severe complications, such as heart and kidney infections

as well as mastoid, sinus, and fever toxin. This latter procedure probably has considerable value in controlling scarlet fever, especially in areas where the disease has epidemic prevalence.
