## Around Town

Sights and Faces Seen

There may be more than 359 men recorded for that Feb. 16 registration, after some of the 20-45 age group recover from the mumps. At least five men were prevented from registering by an attack of the alleged "children's" disease.

A novel hobby is that of Adeline Koelzer who last week was proudly displaying a miniature oil derrick which represented about eight days of hard work. Adeline has also built model airplanes and done a good deal of spare time carpentering in furniture building and various household remodeling jobs.

"Daddy is a carpenter," she says, "so I guess I just picked it up."

"Bicycles are fine," says City Marshal Ed Curtsinger, who wouldn't want to discourage the thrifty bicycle vogue. "But," he adds, "don't ride your bicycles on the sidewalks in the business district; it's a dangerous practice and contrary to a city ordinance."

Possibilities for a quick increase in the chicken crop was pointed out this week by Mrs. John Kropff who brought in a dozen picked large size eggs, every one of which she says, has two yolks. Mrs. Kropff estimates that she gets two or three such eggs every day from her flock of hens.

Weight of the large eggs is about 2 1/2 pounds a dozen. Ordinary eggs average between 23 and 25 ounces a dozen.

And now it's not one, but two milk wagons on Hereford streets. (Continued on page 12)

## Benefit Groups Vote To Combine

In a meeting held Monday, Feb. 16, members of the two Hereford Benefit Associations voted to consolidate the organizations, pointing out the increased efficiency and generally greater value to all members possible under a single leadership.

In announcing the change, officials of the groups stated that they hoped soon to have a membership of 1,000 in the single benefit association. Membership now is 675.

The groups have a record of service of 40 and 20 years respectively, and officials point out that the Hereford Benefit Association will continue to be a non-profit organization conducted solely for the benefit of Hereford people.

Officials of the two associations who decided on the change are N. E. Gass, president; G. W. Brumley, vice-president; C. C. Acker, treasurer, and D. H. Alexander, A. O. Thompson, Fred Baird and E. D. Fox, directors of Association No. 1; and H. G. Conkright, president; J. E. Cockrell, vice-president; Edah Park, treasurer, and Miles Roberson, Dyalthisa Brady, Glenn Weir and Wirt Phillips, directors of Association No. 2. Mrs. Dorothy Ross is secretary of the Association.

### Cox Lists Air Raid Wardens

Wallace Cox, chairman of the Civilian Protection Committee in charge of air raid defense for Hereford this week appointed J. M. Pitman, W. J. Stanford, A. O. Thompson and H. E. Danforth as air raid wardens for the town; and a meeting has been called for Thursday night in the county court room where plans will be made for the duties to be performed by the wardens. Letters have been written to volunteers who will be organized into an important group whose duties will be announced soon.

Air raid wardens will be expected to see that all lights in the city are turned off immediately when a warning signal is given. The signal for the blackout will probably be a blowing of the fire siren in some manner to differentiate the call from an ordinary fire alarm.

A film entitled "When Air Raids Strike" will be shown at the Star Theatre this month, and Mr. Cox points out that the film will have much valuable information. Air raid wardens in each community are especially urged to see this film which is said to contain some startling and little-known facts about air raids.

## Funeral Rites For Mr. Callaway Held Saturday

W. A. Callaway, aged nearly 81, died Friday morning at his home in Hereford; funeral services were held Saturday at the Black Funeral Home in charge of Rev. A. A. Daly of the Assembly of God Church.

Mr. Callaway was born April 14, 1861 in Kentucky and had lived most of his life in Oklahoma until moving to Texas in 1911. He was a farmer in the (Continued on Page 12)

## Rural School Stamp Sales Set High Mark

Deaf Smith County rural school students are determined to do their part in the purchase of defense stamps and bonds, County Judge A. J. Schroeter declared this week, pointing out that a lively rivalry has developed among the schools of the county to see which one can set up the best bond buying record.

Average stamp purchases per child during January amounted to 32c, the county superintendent stated, adding that the record for February would probably be even better with some schools having special stamp selling programs to stimulate the campaign.

At Summerfield School last Friday afternoon the children were entertained at a party where defense stamps took the place of Valentines. More than 49 dollar's worth of stamps and bonds were sold, according to the Summerfield teachers, Mrs. Laura Shaw and Mrs. Tandy Legg.

## Fraser Feed Mill Starts Operating

Production started this week in Hereford's new, 200-ton daily capacity feed mill, which will be operated in connection with present facilities of the Fraser Milling Company.

In announcing the opening of the new enterprise, Alton T. Fraser, owner and manager, said that the mill will turn out 39 different kinds of feed for cattle, hogs, poultry, and sheep.

"We are using new, balanced formulas which have been especially designed for this territory," Mr. Fraser stated. "Because our feed formulas are rich in vitamins, minerals and glandular activating agents, we believe that producers will find in them the answer to a definite need of long standing. With prices on livestock, poultry and hogs at a high level, it will be more profitable than ever to use the kind of balanced feeds which will mean better growth and for that reason we have checked and double-checked our feeds and formulas with scientists in laboratories to secure feeds which will actually mean higher production for the farmer and stockman."

An addition was constructed onto the Fraser Mills several weeks ago to house the new feed mill department, and Mr. Fraser extended an invitation for all farmers and stockmen of this area to visit the new mill and to personally inspect the cubes, mashes and feed formulas which the new enterprise is offering.

In addition to immediate distribution in this community, the new feeds will also be marketed over the Texas Panhandle. (Continued on Page 12)

## Still Time To Renew Driver's License Without Taking Regular Exam

Officials of the department of public safety again this week reminded motorists that all old time driver's licenses numbered from 960,000 down are due to expire on March 30 and that drivers should come by the sheriff's office immediately to fill out renewal forms.

Failure to renew the licenses will force the motorist to take a regular driver's examination to get a new driving permit.

## Candidates Must File for Place On Ballot By June 13

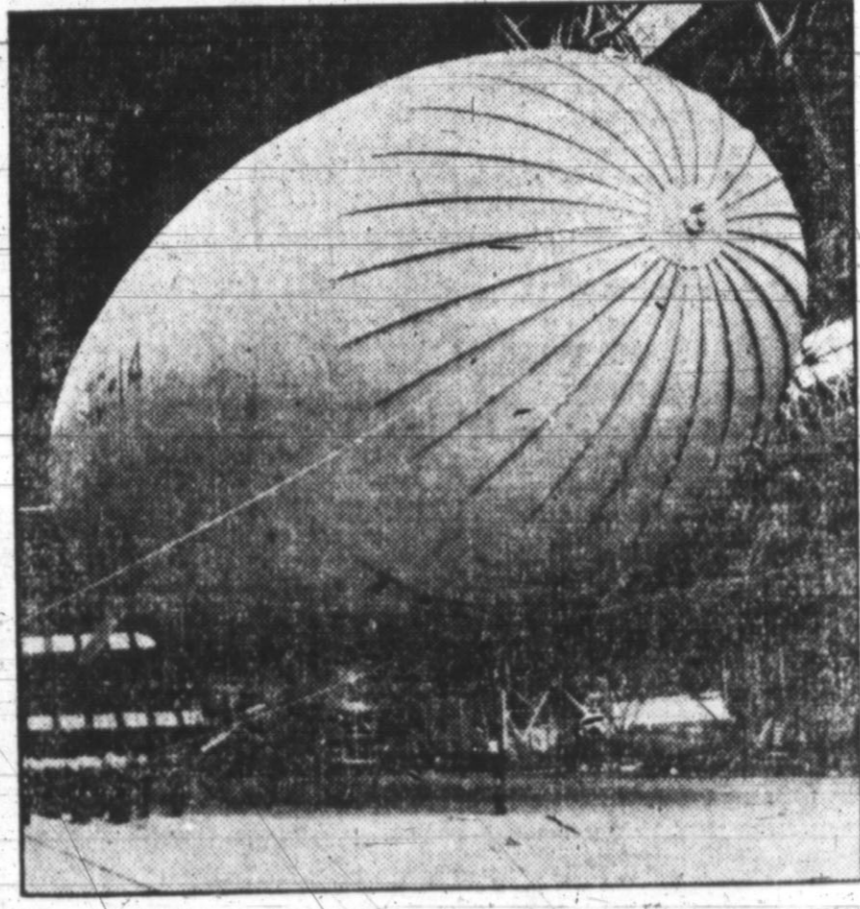

In reply to inquiries of candidates as to when applications must be filed and other information relative to the candidate's expense in the Democratic primaries, E. S. Ireland, county chairman of the party, this week explained that applications for a place on the ballot must be filed with the county chairman on or before Saturday, June 13, 1942.

"On Monday, June 15," Mr. Ireland continues, "the county executive committee will meet to make the assessments, after which each candidate will be notified of the amount to be paid." The assessments must be paid on or before Saturday, June 20, 1942.

The first primary election will be held on Saturday, July 25, and the second on Saturday, Aug. 22, 1942.

## Largest Group Yet Takes Army Physical Tests

To Hunt Pacific Submarines

Anti-submarine protection for shipping off the Pacific coast will be provided by the San Francisco Bay's first naval airship patrol squadron. Lieut.-Comm. George F. Watson is in charge of the squadron.

Largest contingent yet forwarded from Deaf Smith County for pre-army physical examination was sent to Lubbock Thursday when 52 men reported to the examining board.

The local board has not yet received an official report on the number of men who passed the physical test.

Forwarded by the local board were:

Glen Virgil Short, Fred Murphy Caldwell, Bennie Felix Urbanczyk, Herbert Ernest Bippus, William Lawrence Pillow, Lewis Robert Sherman, George Woodrow Lutz, Forest Anthony Marshall, Cibola Laredo Goad, Willie Stewart Lee, Charles Raymond Kropff, Kyle C. ### Penalties For Wheat, Potato Overseeding Announced For County

Approximately \$22 per acre will be the 1942 penalty for overseeding of potato allotments in Deaf Smith County if it was announced today by James D. Eiland, secretary of the county AAA committee, who explained that the official penalty is set at 20c per bushel times the normal yield per acre.

Penalty for overseeding of wheat allotments, Mr. Eiland says, will average \$8 per acre in this county. The rate is fixed at \$1 per bushel times the normal yield.

Penalties will be deducted from 1942 conservation payments.

Agricultural conservation payments in 1942 will be 72c per acre, or an increase of 8c over the 1941 rate, the AAA secretary said.

## Mrs. S. J. Seed Funeral Rites Held Saturday

Funeral services were held Saturday at the First Christian Church for Mrs. S. J. Seed, 86 years old, who died Friday morning at the home of her son, Harry Seed, following a brief illness.

Mrs. Seed, a native of Pennsylvania, had lived in Lawrenceville, Ill., for many years and had lived in East St. Louis, Ill., for about a year before moving to Hereford in July, 1941, to make her home with her son.

A long-time member of the Methodist Church, Mrs. Seed's devotion to her faith was apparent to all who knew her. She (Continued on Page 12)

## Eight Scouts Receive Court of Honor Awards

Six promotions to the rank of First Class Scout, one promotion to Second Class rank and the awarding of a merit badge were made at the Scout Court of Honor held here Monday night.

The following boys were promoted to First Class Scout: Don Bookout, Leroy Boyer, Edwin Huff, Jack Miller, Johnnie Rogers and Gale Rogers.

David Phillips received his Second Class Scout rank, and Dave Beavers was awarded an automobile merit badge.

The Court of Honor came as a climax to Scout Week observance held here last week.

Unheralded, the Hereford Whiteface basketball quintet last Saturday emerged as the cage kings of District I-A, to complete the records of one of the most successful athletic seasons in the history of Hereford High.

The Whitefaces, a six man squad with one substitute doubling on all positions, came out on top at the district tournament held in Friona last weekend by trouncing Canyon, Dimmitt and Friona. The Hereford boys played four games, meeting the Friona Chieftains in both quarter-final and final contests.

Official scores for the Whitefaces in the tournament were: Hereford-31, Canyon-28; Hereford-32, Dimmitt-22; Hereford-26, Friona-35; and Hereford-38, Friona-36. Their opponent in a bi-district game has not yet been named.

On the Hereford team are Wayne Phillips, Lee Roy Suttles, Jack London, George Weems and Daniel Russell with John Estes, substitute. London, Russell and Phillips were named to the all tournament team and Russell was high point man with 57 points. The Whitefaces won a cup to match their cup won last fall as district football champions.

If the local boys win their bi-district title they will be eligible to play in the state interscholastic league contest at Austin next month.

## Lieut. Fullwood Visits Here On Way to Calif.

Second Lieut. E. F. Fullwood, son of Mr. and Mrs. Bob Fullwood, arrived in Hereford Friday for a short visit with his family before reporting to active duty with the 176th Signal Repair Corps at Ft. Ord, San Francisco, Calif.

Lieut. Fullwood came here from Chicago, where he has been employed since his graduation from Texas A & M in 1940. He is an electrical engineer.

He left Wednesday morning for California.

## New Styles Prettier Than Ever, Says Mrs. Gillis

"The new spring styles will be more attractive than ever," says Mrs. W. F. Gillis, who returned recently from the Kansas City market.

While there are some lines where shortages are already felt, there are ample supplies of nearly everything in the lady's ready-to-wear line, Mrs. Gillis declares, adding that the main influence of the war is on fashion trends.

New spring merchandise is already beginning to arrive at the Fashion Shoppe and Mrs. Gillis invites the public to come in and see the new styles.

## County Has 359 Men In Third SS Registration

Three hundred fifty-nine men in the 20 to 45 year age group were registered in Deaf Smith County Monday, according to the local selective service board. The figure is only 41 short of the 400 men predicted for this county.

A list of the men registered will not be ready for publication until about Mar. 9, it was learned today, as the local board has been notified that numbers will not be shuffled to determine serial numbers until that date.

Members of the local board expressed appreciation to Knox King, volunteer workers who have in charge of the registration. "Everything went off smoothly and efficiently," say board members who praise the work of the draft registrars.

## Lion Beauty Contest May End In Brawl

Winner of the beauty contest at the Lions Club Minstrel next Thursday night is entitled to a free ticket to Atlantic City, there to compete for the title of "Miss Frankenstein of 1942." It was announced unofficially by members of the club who point out that winning of the coveted title ought to spur the contestants to even greater efforts. In fact, town gossip this week had it that some beauties were out to bribe the judges, which is slightly premature as judges W. C. Pitman, John McLean and H. M. Redford have not yet announced their price.

Gilliland Disqualified Entirely apart from the possibility of bribing the judges, it is rumored that contestant Jack Gilliland, entered as a "blonde" may be disqualified on a technicality and has hired a special boozing section to let the judges know that he really does have beautiful golden tresses. But contestant Bill Smith says that such tactics never pay. "With my bustle," Mr. Smith modestly admits, "I am a riot, and I expect to win the contest on pure merit."

Other contestants say that they will let Smith and Gilliland do the talking, pointing out that charm—not say appearance—is all on their side.

"It's captivat'g, it's colossal, it's even good!" says Alec Thompson of his own imitation of J. B. Elliston in the State Fair sequence at the Lions Minstrel. "I know," says Mr. Thompson, "that a lot of people have wondered how Byrle could talk so much at Dallas and still be able to talk so much after he gets home." Thompson promises to "tell all" about the Elliston talking technique, but says nothing about the possibilities of Charlie Hardwick telling at least something about Alec Thompson at the fair.

The Daily 3 Doses "A Lion Minstrel has its practical side," according to Alton Miller, who is getting his dally three dozen by pushing G. M. Hudson across the stage in a wheelbarrow. But Bill Phillips feels that a wheelbarrow would be mere feather lifting compared to the various weights and pads he has to carry around in his imitation of Hudson.

All of which perhaps gives Hereford people an idea of what to expect at the Lions Club Minstrel next Thursday, Feb. 26, at the high school auditorium at 8:30 o'clock war time. But of course it's only an idea, the cast will have plenty of new slants worked up by curtain time next Thursday night.

### from The People

**Editor's Note:** The following letter was received in reply to the request last week for opinions on the prospective labor shortage in this territory. The Brand welcomes letters to this public opinion column.

We have been asked to give our ideas as to how we are to carry on production.

I would suggest that every able bodied person be trained to do some kind of work that is essential. I would suggest that we petition our government to discontinue the AAA program for the duration of the war since there are hundreds of thousands employed in this program who could otherwise be aiding in production.

There was a time when the AAA was very essential, but now we need no restriction on production of any food commodity, not even wheat. When we get the oceans cleared so we can deliver wheat to the starving millions of the earth, we will not have a supply of wheat to last six months. I do not believe that one acre of volunteer wheat should be plowed up. We have good moisture to grow this crop; we may not have it for another year. Are we exercising good judgment in using up rubber, gasoline, machinery, and labor to destroy a food that millions need and then turn around and plant another like crop?

We should use common sense about this thing. Our nation is now spending 1-2 its income and will likely spend hundreds of thousands of lives to liberate the millions that are enslaved. Why not save our food commodity?

## Music Study Club Meets At Home of Mrs. C. C. Acker, Monday

A lesson on "Musical Texture and Structure," as outlined in the club's study course, was enjoyed when the Music Study Club was entertained Monday afternoon by Mrs. C. C. Acker.

Mrs. J. G. McCracken, president of the club, presided over the business session when members voted to change the time of meeting to 3:45 p. m. for future sessions. Mrs. C. H. Dyar was

leader of the lesson and outlined the methods of distinguishing the types of musical structure and texture.

### Musical Structure

Beginning by pointing out that structure in music is no different from structure in any other art. Mrs. Dyar told of the formal molds which composers use for various purposes. "Sometimes they are props to lean on, sometimes they give inspiration. As a playwright chooses a form for his play, so the composer of music must choose an architectural or structural scheme that is psychologically correct for the nature of his material," she said.

### Tells of Texture

In order that things to listen for in music may be better understood. Mrs. Dyar continued by naming three different kinds of musical texture: the monophonic or single line melody, unaccompanied; the homophonic or principal melody having chordal accompaniment; and the polyphonic, in which several melodic strains are woven together to form harmony. "Monophonic texture may be illustrated by Oriental as well as the Greek music and the early Italian composers are credited with the homophonic development while Bach may be cited as an exponent of types of polyphonic texture," the leader said.

Musical selections presented on the program included "Song Without Words" (Mendelssohn) Mrs. Dyar; "Prelude, Op. 28, No. 4 & 7 (Chopin), Mrs. A. J. Schroeter; "By the Lakes of Killarney" (Case) Mrs. H. K. Fox and "Dance of the Candy Fairy" (Nuttercracker Suite) (Tschalkowski) Mrs. W. J. Stanford.

Members present were Mesdames J. E. Beyer, J. R. Allison, H. L. Broadwell, Ellis Coombes, C. H. Dyar, C. C. Ferguson, H. K. Fox, Jeff Gilbreath, J. B. Jones, J. C. McCracken, G. A. F. Parker, T. W. Roberson, A. J. Schroeter, A. C. Thompson, A. O. Thompson, H. A. Close, Miss Eloise Pitman and the hostess.

## Birth Party Is Given At J. J. Clark Home

For several years friends have gathered on Mrs. J. J. Clark's birthday to surprise her with a luncheon and party. Saturday was no exception to the rule and while the surprise element has about vanished the proof of friendship still carries on.

After the informal luncheon Saturday at the Clark home, Red Cross knitting and conversation made up the afternoon's entertainment and gifts were presented to the honoree.

Those participating in the day's celebrations were Mesdames Geo. Guinn, J. M. Gilliland, Ethel Barnett, Allen Powelson, J. L. Fuqua, J. L. Mauk, C. R. Smith, J. B. Stoker, George Muse and Rev. and Mrs. H. M. Redford. Calling in the afternoon to wish the honoree many happy returns of the day were Mrs. John Hickman, Mrs. Jno. Cunningham, Mrs. Nona Jewell and Mrs. Ellis Coombes.

## Stella Fortenberry Is Married Saturday To Raymond E. Sevier

The marriage of Miss Stella Fortenberry, daughter of Mr. and Mrs. Jack Fortenberry of the Bippus Community, and Mr. Raymond E. Sevier of Frio, took place Saturday evening at the home of the Reverend Virgil Lemons of Hart who read the ceremony.

The bride wore a navy blue crepe dress with spangle brown accessories. She is a graduate of Hereford High School and of West Texas State College at Canyon. For the past two years she has been teaching at Frio and will continue her school work there.

The couple will live in the Frio Community.

## Frio H. D. Club

The Frio Home Demonstration Club met Feb. 4, in the home of Mrs. Haskel Benson. Mrs. W. A. Springer was appointed finance chairman and Mrs. Dickson membership committee chairman.

## H. D. Club Reporters Study News Writing

News writing for home demonstration club reporters was studied at a meeting held in the home demonstration agent's office Saturday afternoon, Feb. 14. Four clubs of the county's ten home demonstration clubs were present.

News Tips by Jimmie Gillentine and-A Handbook for Club Reporters written by Laura Lane, Acting Extension Editor, were read and studied at the meeting. Miss Lane listed four big duties of an efficient club reporter. The four duties are as follows:

First, to announce meetings, social events and other future activities of the club.

Second, to give interesting newspaper reports of these events as soon as they have happened.

Third, to know your editor.

Fourth, to train an assistant reporter.

Club reporters present were Mrs. H. M. Benson, Ford Club; Mrs. R. A. Fullwood, North Hereford Club; Mrs. Ed Dziuk, South Hereford Club; Mrs. A. C. Hawks, council reporter, Frio; and Miss Sadie Lee Oliver, County Home Demonstration Agent.

## Shower Compliments Friona Bride-Elect

A lovely shower and luncheon complimented Miss Georgia Nell Coleman Thursday when members of the Messenger Home Demonstration Club entertained at the home of Mrs. J. T. Guinn.

After the luncheon members of the club entertained by describing their wedding dresses and giving the date and place of the wedding.

The valentine motif was featured throughout in decorations and appointments.

Miss Coleman was married Sunday to Mr. Dallas Earl Coldiron, Jr. of Friona and the couple has moved to Pampa where he is employed.

Attending the Thursday party were Mesdames J. L. Smith, Lewis Smith, Hoyt Smith, and the honoree, guests of the club, and the following members Mesdames J. T. Guinn, R. J. Coleman, Roberts, Runyan, Alta Wiley, W. H. Evans, E. M. Jack, W. J. Perry, F. E. Gaines and Sam C. Smith. The next meeting will be in the home of Mrs. Sam C. Smith on March 12.

## World Day Of Prayer To Be Observed Friday

World Day of Prayer will be observed Friday afternoon at 3 o'clock at the Baptist Church. A program has been arranged by the Federated Council of Church Women. Mrs. O. G. Hill will be the leader and Mrs. H. D. Reed the reader. Mrs. R. P. Conaway and Mrs. Ellis Coombes will have charge of a musical program.

The World Day of Prayer is being observed in 51 countries. It is estimated that 10,000 separate services will be held in the United States.

An urgent invitation has been extended to the general public to attend the observance.

## Citizenship Program Is Presented At Child Study Club Meeting

Child Study Club met Thursday afternoon at the home of Mrs. Ernest Wade. The Citizenship Committee introduced the program with Mrs. Leo Forrest giving the "History of the Flag" and "Codes of the Flag" and Mrs. Gordon Witherspoon giving the rules for saluting the flag.

In presenting a paper on "Making the Best of My Income," Mrs. Mac Bainum included the Texas Food Standard as a guide for food buying saying "housewives must buy carefully in order to become good home makers."

Mrs. James Alken read a paper on "Teaching our children the dignity of honest labor," bringing out the thought that children like to be busy, they even like to work hard, and if properly guided they will grow up with proper attitudes toward labor. In discussing ways for children to earn spending money Mrs. Alken stated that childhood experiences sometimes have very definite effects on the grown-ups.

During the business meeting Mrs. C. P. Grimes, Mrs. Ernest Wade and Mrs. Gordon Witherspoon were named to serve on the nominating committee for next year's officers.

Present were Mesdames G. M. Hudson, George McConnell, Jas. Alken, Mac Bainum, Leo Forrest, Glenn Witherspoon, Gordon Witherspoon, C. P. Grimes, Merlin Kaul and the hostess.

Attending the meeting were Mesdames A. C. Hawks, J. E. Springer, W. A. Springer, Elmer Jones, Mack Dixon, Chester Lowery, Dickson, the hostess and Misses Alma Andrews, Stella Fortenberry and Oliver.

## Georgia Nell Coleman Marries Dallas Earl Coldiron, Jr., Sunday

The Friona Methodist Church was the scene of the wedding of Miss Georgia Nell Coleman and Dallas Earl Coldiron, Jr., Sunday afternoon with the Rev. L. L. Hill officiating. The bride is the daughter of Mr. and Mrs. R. J. Coleman of the Messenger Community and Mr. Coldiron's parents live in Friona.

The altar was arranged with ferns and sweet peas in varied colors. Harley Bulls played the pre-wedding music and accompanied Miss Mattie Mae Swisher who sang, "Ah, Sweet Mystery of Life." Mr. Bulls also played the wedding marches.

The bride wore a soldier blue suit with Paris-sand accessories. Her pill box turban was draped with a Paris-sand veil that fell in soft folds at the back. She wore a corsage of Talisman roses.

Attendants were Mrs. W. F. Crow, sister of the bride-groom, and Mr. Crow.

The bride wore a soldier blue Friona High School and a second year voice student at Texas State College for Women at Denton. She is a talented singer and has appeared on numerous programs in Hereford.

Mr. Coldiron is employed at

the Cretney Drug Store in Pampa and the couple will live in that city.

Guests from Hereford attending the wedding were Miss Sadie Lee Oliver and Miss Mattie Mae Swisher.

## Mrs. Jack Dean Is Hostess For Study Group

Mrs. Jack Dean was hostess for the L. A. E. Club at the Arlie Dean Home Tuesday afternoon. Using Walt Whitman's quotation, "Society waits unformed and is between things ended and things begun" the program was built around social work.

Delinquent prevention was the subject for roll call and Mrs. Robert Veigel talked on "The Origin of the Parole System." Mrs. Bob Higgins discussed "Osborne's New System."

The next meeting will be held at the home of Mrs. T. W. Roberson.

## "Texas" Is Topic For Junior Pioneer Study Club Group

A "Texas" program interested members of the Junior Pioneer Study Club Tuesday night when the meeting was held at the home of Mrs. R. B. Scott with Mrs. O. H. Cuipepper as co-hostess.

Roll call featured Favorite Texas Beauty Spots as remembered by members.

"Palo Duro Canyon" was the subject discussed by Mrs. Elmer Patterson who gave a brief sketch of its history. She said in part: "The first recorded mention of the Palo Duro Canyon was by Coronado in 1541 who gave an account of his travels in that section. It was used as an Indian camping ground and was the cradle of the cattle industry of the Panhandle for it was in that region that Col. Charles Goodnight started his first herd. Since 1930, forty miles of the Canyon has been set aside as a State Park; developed through the C. C. C. Mrs. Patterson also showed moving pictures in color of the Canyon. The next meeting will be held at the home of Mrs. R. R. Willis on Tuesday evening March 3, at 8 o'clock.

Those present were Mesdames Alton Miller, Elmer Patterson,

**Boys Build Model Airplanes for Navy**

New Orleans, La., High school students in Texas will be given an opportunity to participate in a vital part of the U. S. Navy training program by Secretary of the Navy Frank Knox.

Under a new plan, 500,000 aircraft models—10,000 models each of 50 different types of fighting planes—will be needed for training personnel in aircraft recognition, range estimation in gunnery practice and civilian defense training. The Navy soon will call on Texas students to build at least 20,000 of them.

The United States Office of Education, which will administer the program, will send letters outlining the plan to state superintendents within the next few days. The first set of working drawings will be in the hands of cooperating schools by Feb. 23.

The models will be on a precise scale of 1 to 72—one inch on the model represents 6 feet on the actual airplane. The same proportion holds true as to distance; a model seen at 35 feet is identical with the true airplane seen at just under half a mile. Studying the models through the standard ring sight, used on aerial gun mounts becomes invaluable training for the cadet flier, teaching him not only type and identification, but range. Only three dimensional models can serve properly for all these functions.

After a review of every model submitted, students completing stated quantities of models, will receive certificates in recognition of the importance of the work. Approved models will be sent to aviation units ashore and afloat.

The Boy Scouts of America, the 4-H Clubs, the Air Youth of America, the Junior Birdmen, various Boys Clubs and other youth organizations throughout the state have pledged support.

## Musical Program Is Presented At Calliopean Club Meeting

A program on music with the study of the symphony as the main topic for consideration, was presented for members of the Calliopean Club Thursday evening at the meeting held at the home of Mrs. David Rodgers.

Mrs. James R. Allison was in charge of the lesson and gave a life sketch of Tchaikowsky, using his Symphony No. 5 in E Minor as a selected recording. She said that the composer is by far the most interesting and most national of the Russian composers and that in addition to his six symphonies he wrote a great deal of chamber music. As an example of the current trend toward popularizing "the stealable classics," Mrs. Allison played the Freddy Martin recording of the Tschalkowsky "Concerto in B Flat Minor."

During the business session, members voted to meet at 8:30 o'clock for regular meetings in the future.

Those present included Mesdames W. L. Davis, Alton Fraser, Jimmie Gillentine, W. C. Pitman, and Elizabeth Wombie and Misses Nancy Conkright, Edna Daughette, Robbie Foster, Katherine Kirby, Lois McCaslin, Eloyse Pitman, Decimae Ramey, Mary Kate Brigherton, Ivey Chollar and the hostess.

## Two New Members Are Welcomed For Luncheon Club

Two new members were welcomed into the Wednesday Luncheon Club last week when members met for luncheon at the Rose Room at noon. After the luncheon games of contract were enjoyed at the home of Mrs. W. L. Davis. The two new members are Mrs. C. C. Acker and Mrs. H. K. Fox, both of whom played high for score awards.

Others enjoying the luncheon and party were Mrs. Alton Fraser, Mrs. Jimmie Gillentine, Mrs. S. P. Rosson, Mrs. Oscar Easley, Mrs. J. C. McCracken and the hostess.

## Mrs. Carnahan Is President-Elect For Ford Study Club

Mrs. Byron Gist, Jr. was hostess to the Ford Study Club last week. The program which had to do with "American Women of Interest," included a paper on Margret Mitchell, author of "Gone With The Wind," read by Mrs. C. D. Carnahan and a paper on Helen Keller read by Mrs. F. C. Benson.

## KEEP 'EM FLYING WITH U. S. DEFENSE BONDS AND STAMPS!

*Sure we can do it!*

Old Man Texas has sharpened his pencil. There's a job to be done. Uncle Sam has a war to win and it will be paid for by you and me.

Our big job is to meet rapidly increasing federal taxes and buy defense bonds. And added to these are the costs of our local and State governments, including bond issues. The money to pay for them must all come out of the same pocket.

To make the bill fit our pocket, we're going to have to cut out some of the things we can do without. Among these are new bond issues, new State and local taxes and nonessential spending in every branch of government.

Old Man Texas is looking to taxing officials all over State to be on the alert to effect economies.

Every local tax dollar saved for Texas taxpayers is another dollar available for victory.

### "Dust to Dust" Is Fearless Show Fare

An attraction so fearless and bold patrons frequently faint while watching it in the nation's leading theatres, "Dust to Dust" is scheduled for a one day engagement at the Texas Theatre, Hereford during its 7th annual coast-to-coast tour.

Records reveal more than 10,000 persons have fainted during performances of "Dust to Dust," out of a total of more than 3,000,000 to whom it has been shown to date.

Statistics point out the male is the "weaker" sex in this case, because where one woman faints while watching "Dust to Dust," an average of six men will go "bye-bye."

Howard Russell Cox, the noted commentator, known as the fearless Kentuckian who pulls no punches, will appear here in person, on the stage at each performance.

"Dust to Dust" is a vital, frank and fearless attack upon delinquency and social diseases. It seeks to enlighten the masses to the benefits of moral living by parading before their eyes a motion picture document of evidence that is startling and shocking to put it mildly.

Parents are urged to live closer to their children and to give their youngsters greater counsel on human relations problems.

### Wrong Cold-Weather Starting Shortens Life of Car Engine

Most of us are giving a lot more thought to taking care of the family car since the production of new ones has been halted. And, if starting your car is giving you trouble these cold winter mornings, you'll be interested to learn that improper cold-weather starting is one of the surest ways of shortening the life of your engine and draining the battery.

Here are a few suggestions from the Consumer Division of

the Office of Price Administration on getting your car started in cold weather with a minimum of wear and tear on your car—and your nerves.

Believe it or not, your starting troubles may be in your oil. If you are in the habit of using a heavy oil, try switching to a lighter grade—10 or 10W—and you will reduce your starting difficulty.

Get in the habit of allowing your engine to warm up for at least a minute before you begin to drive. The colder the weather, the longer you should allow for the warm-up. Your engine is warm when it will run with the choke all the way down.

Never race a cold engine. When your engine first turns over, keep it at just enough speed so it doesn't die, until it is warm.

Here's a good formula for starting your car in cold weather, if the car is equipped with a hand-operated choke: Pull the choke all the way out.

Then, leaving your ignition switch off, depress the clutch pedal, and step on the starter.

Now count to four, slowly, while the motor is turning over.

er. Now push your choke back in until it's between one-quarter and one-half way out. The colder the weather the farther out you should leave the choke.

Now turn on your ignition and step on the clutch pedal and starter.

Your engine should catch at this point. If it doesn't, repeat the process, starting from the beginning.

Your clutch pedal should always be depressed when you step on the starter, cold weather or warm. This practice will reduce the load on your battery and make for easier starting.

## Miss Throckmorton Becomes Bride Of Mr. Brumley In Church Ceremony

### At Sunday Ceremony

A marriage of wide interest here was solemnized Sunday morning when Miss Novelle Throckmorton, daughter of Mr. and Mrs. J. E. Throckmorton of Canyon, became the bride of Mr. Roger Brumley, son of Mr. and Mrs. G. W. Brumley, at 9 o'clock at the Presbyterian Church. Rev. James Aiken, Jr., pastor, read the single ring ceremony. Appropriate pot plants and blooming flowers decorated the altar. The pre-nuptial music was played by Wayne Evans, classmate in Hereford High School of the bride-groom, who also played the wedding marches.

Pictured are Mr. and Mrs. Roger Brumley, whose marriage Sunday took place at the Presbyterian Church. Mrs. Brumley is the former Miss Novelle Throckmorton, daughter of Mr. and Mrs. J. E. Throckmorton of Canyon.

Mrs. Urban Brown of Canyon, the bride's sister, was matron of honor. She wore a two-piece frock in pale blue and her flowers were pink roses. Homer Brumley was his brother's best man.

The bride was dressed in a navy and pale blue suit-type dress with contrasting embroidery. Her accessories were navy and she wore an off-the-face hat. She wore a shoulder bouquet of pink open-roses.

Mrs. Brumley has made her home in Hereford since September since which time she has been employed as cashier at Haile Drug Store.

Mr. Brumley is a graduate of Hereford High School and operates a cattle ranch about 25 miles northwest of Hereford.

### Reception Follows Marriage Service

Members of the two immediate families who attended the wedding were entertained at a reception at the home of the bride-groom's parents after the ceremony. A tiered wedding cake topped by a miniature bridal couple, was cut by the bride and served with coffee to the guests.

Out-of-town wedding guests were Mr. and Mrs. Urban Brown of Canyon and Mrs. J. O. Baker and small daughter of Dallas.

After a short trip to points in South Texas the young couple will live in Hereford.

### ATTENDS N. E. A. MEET

Knox Kinard left yesterday for San Francisco, Calif., to attend the National Education Association meet being held there next week. Mr. Kinard joined a group of school superintendents at Sweetwater for the trip which will be made by train to the west coast.

**VITAMINS**

EXTRA vitamins for EXTRA results. Our formulas are developed to supply a well rounded fortification of ALL the essential vitamins with special attention to Riboflavin, the so-called GROWTH VITAMIN and Vitamins A and E for REPRODUCTION. Many authorities proclaim most livestock rations are lacking in proper vitamin content thus retarding growth and development below the normal capability of the animal.

**Why Not Make EXTRA Profits?**

IT DOESN'T COST YOU ANY MORE to get EXTRA RESULTS that it does to experience "just get-by" results. In fact, IT'S CHEAPER as our Fortified feeds cost you no more than just ordinary "not-fortified" feeds, yet offer results which we feel are years ahead of general present-day feeding practices. The entire livestock industry has been built by progress. Here is a feeding method for you brought up to present high levels of breeding.

**MINERALS**

Constant rains and weather conditions have leached or washed out of our soils much of their original mineral content, which is reflected in the crops and grasses. Recent investigations have revealed that certain serious conditions—slow gains, subnormal reproduction have been caused by simply a lack of minerals. NOW . . . you don't have to guess any longer. You don't have to take chances. Here's an economical, safe and wise way to capitalize on recent research findings that are to YOUR advantage if applied.

Dear Friend:

In keeping with our desire to be of ever better service to you, we're proud to announce that our new, modern feed mill is now completed. Also that our quality feeds will be sold under the trade name of FRASER'S SUNNY BOY (Checked and Double Checked).

Through special arrangements with one of the leading laboratories of its kind, our SUNNY BOY FEEDS have a base product that eliminates DANGEROUS GUESS WORK about the vitamin-mineral biological balance. As an added precaution — another CHECK-UP — our feeds are sent back to the laboratory and RE-CHECKED for all-around balance. That's why we call SUNNY BOY FEEDS "Checked and Double Checked".

Our formulas, too, are made, tested and proved for this part of the country. Yet, with all their advantages, SUNNY BOY FEEDS cost no more than "just ordinary feeds." These "Checked and Double Checked" Feeds enable you to secure high quality, result-producing feeds at prices you can afford to pay. At the same time, they enable you to PRODUCE MORE LIVESTOCK, POULTRY, HOGS, EGGS, etc., at a time when these products are at a fair price.

Win-The War programs now call frantically for "Stepped-Up" production of meat, milk, wool and eggs. Here's a chance for you to get the very latest in modern feed formulas — your chance to "Step-Up" production now. Naturally this also means "Fair Prices" on such products in addition to doing a real service for our country.

Moreover, we will be glad to have you visit our plant and to personally inspect the important minerals, vitamins and quality materials which are going into these feeds — or write to us for additional information regarding any specific feed you may have in mind.

Our new feed mill is complete throughout and our technicians will be glad to give your personal problems their attention. We sincerely believe these balanced feeds will give you greater returns for your time, work and money leading to greater financial independence. These feeds are balanced to fit this country. Resolve now to secure complete details.

Sincerely yours,  
FRASER MILLING CO.,  
Alton T. Fraser.

**Glandular Activating Agents**

BETTER RESULTS . . . that's what all stockmen want. That's why these glandular activating agents are of great importance to you. Only through the actions of the various glands in the animal's body is ANY OF THE FEED "converted" into growth-milk . . . is reproduction possible. To do this more efficiently, to transform MORE of the range grasses and feedstuffs into more meat-milk pounds . . . to have better reproduction means better results, lower production costs and of course greater profits for you. A lot of feed can be put through an animal . . . it's what sticks that counts!

### Bill Boyd In Range Blitz

William Boyd as the redoubtable Hop-a-long Cassidy continues his screen career as a western Robin Hood in "Stek To Your Guns," action epic showing Friday and Saturday, Jan. 20-21 at the Star Theatre. "Hoppy" is back at the Bar-20 and is up to his old tricks at cleaning up an outlaw gang in a real range blitzkrieg.

### SONS in the SERVICE

Editors Note: The Brand welcomes contributions to this column, so send in items about your boys in the service. These stories are good local news and are also interesting to the many soldiers, sailors and marines who get the paper and would like to know what their friends are doing.

#### Learns About Yankees

Robert E. L. Bailey, son of Mr. and Mrs. Bob Bailey is attending officers' training school at the U. S. Coast Guard Station at Riviera, Fla., and this week wrote to The Brand.

Bailey says that a boy from Pennsylvania sent a copy of The Brand home. Seems the advertisement of 160 acres for rent fascinated the northern boy, who declared that it sounded like "half the world."

Bailey also says that the Civil War is still being fought at his station, adding that "we three Texans sure have to fight but one Texan is good for five Yanks."

He was chosen as one of ten men out of 100 to attend the officers school and is liking his study and life on the Florida coast, where he says the weather is fine and the men-swim, boat and fish in their spare time.

#### Likes Marine Corps

Robert L. Virden, private in the U. S. Marine Corps at San Diego, Calif., likes the marine corps fine and says that there are plenty of chances for advancement.

Virden is the son of Mrs. Alice Virden of Hereford, and a sister, Mrs. Marlin Gilliland, and a brother, E. A. Virden, also live here.

#### Lectures to 300

Sgt. Hugh White, son of Mr. and Mrs. H. A. M. White of Hereford is now teaching in the telephone radio school at Quantico, Virginia.

White, who is in the United States Marine Corps, writes his parents that he is lecturing to 300 men at the technical school.

#### Promoted to Sergeant

Donald B. Brotherton, son of Mrs. Henry Alexander of Spur and grandson of Mrs. B. L. Branson of Hereford, last week got his sergeant's rating, after he had been in the army almost exactly a year.

Brotherton is a cook in the U. S. Army Air Corps at Mather Field, Calif., and is so "sold" on the army he talks like a recruiting sergeant.

He attended an army cooking school at Randolph Field and likes "K. P. pushing" but hopes to get into the flying service soon.

#### IS MADE CORP

Sheppard Field, Tex.—Pvt. Joe E. Buckner of Hereford, Texas was promoted Feb. 1 to the rank and grade of Corporal.

He is the son of Mr. and Mrs. J. J. Buckner of Hereford, Texas and attended Hereford High School.

Corp. Buckner is assigned for duty to the 418th School Squadron, world's largest technical training school for Aviation mechanics. His duties are Supply Sgt. Mess Hall.

He was in Hereford this week visiting his family and friends on a three day pass from his army station.

## Save Time! Use The Extra Thirty Minutes

Many older people say that the younger generation live too fast, yet we waste time. Our clocks have just been moved in order to give us more time. Now we need to make use of all of our time and accomplish all we can in order to be prepared for tomorrow. Who knows what tomorrow may bring? We must be prepared for anything that may come.

One way we can accomplish something is really to study in that thirty minutes between 9 o'clock and 9:30 o'clock. Hereafter, we have all used that time to gossip, to talk about the night before, and to copy the lessons we didn't have. We just wasted that valuable time. Yes, it is valuable time, too, because our minds are more alert, and we can think better in the morning than any other time. If we use this time, we will improve our character, too, because we lower our character when we cheat by copying the day's lessons and by gossiping about our best friends.

## Who Says They Can't Play Popular Music?

The H. H. S. String Quintet is becoming quite popular in Hereford, for its members were recently starred in an afternoon musical for the members of the Junior Pioneer Study Club. The girls played four Spanish numbers: "La Media Noche" by Aviles, "Spanish Dance" by Engelman, "Sobre las Olas" by Rosas, and "Valse Espagnole" by Saenger. After playing these numbers, the girls were served cherry pie and coffee.

The Quintet was starred again, this time with the Orchestra, when it played a repeat performance of "Sobre las Olas" for the assembly program on February 13. Also on the program were three numbers by the Orchestra and a viola solo by Mildred Bowsler. Mildred played the well-known "Intermezzo" from the opera "Cavaleria Rusticana" by the composer Mascagni. The orchestra played "Springtime," a delightful little waltz which suggested very vividly, the happiness of that forth-coming season. If it ever gets here. The orchestra also played two Hungarian dances by the noted composer Brahms. One was a rather slow, dreamy, dance known only as No. 7. The other was a fast, dashing number which brought to one's mind the scenes about a Gypsy camp. And then! Yes, it actually broke precedent and played the thing. The "thing" was none other than the now famous "Tonight We Love" written by Tschalkowsky and arranged in swing-time by Freddy Martin.

Ma'an: "Why are you so hoarse today?"  
Ella Mae: "I was talking through a screen door and strained my voice."

## He's More Than Just Another Man In History

Do you know who George Washington was? Yeah, I know George; he chopped down a cherry tree. Did he really never tell a lie? The answer is "no." The cherry tree and the absolute truthfulness of Washington are merely myths.

You've also wondered no doubt why someone sometimes speaks of the two children, Martha and John, in the Washington home of Mount Vernon. They were really Martha's children. She had been married to Daniel Park Custis, a wealthy Virginia planter, and was left a widow. She married George Washington in 1759. Later her daughter died at the age of 16. Then in 1781 her son, John, died, leaving 4 children, Martha and George adopted the youngest two as their very own.

Does Washington's birthday mean anything to you? Most students don't think much of it because they don't get a holiday; but students, February 22 is the birthday of one of the greatest men in the history of the U. S. Let's stop to remember our national hero—"First in war, first in peace, and first in the hearts of his countrymen."

## Davies Is Sponsor

The Sophomores held their class meeting in the auditorium Tuesday morning.

At this meeting ways and means of making money for next year's Junior-Senior banquet were discussed.

Christine Smith was elected campaign manager for G. P. Owen, who is the sophomore candidate for vice-president of the student council.

The class then sent their president after Miss Davies, their new class sponsor. Miss Davies has taken Miss Pratt's place as sponsor.

Cornelia Hamilton then took charge of the program. Several of the students gave the place of their birth and several other facts about themselves. Mr. Reeve was quite willing to give his birthplace and "part" of his name, but Miss Davies said the town where she was born didn't have a record of her birth; so she didn't know when she was born.

## Miss Kirby Assumes New Duties in H. H. S.

Miss Katherine Kirby, who has recently come to teach Freshman English and be assistant librarian, says that she has no particular hobby. She does not make collections of any particular things, but unusual pencils fascinate her. Her pet peeve is people who "fly false colors." (Please explain.) As a pastime, she likes to read and to ride horseback. She also enjoys skating and bicycling, both of which may come in handy in the present emergency.

Did you see that sea of hands in assembly when Mr. Kinard asked the students to raise their hands if Miss Kirby had taught them? She has students in the four corners of the world. I wonder if they remember any of the geography that she taught them.

She has a B. A. degree from McMurry College, Abilene, Tex.; has done one summer's work at the University of Colorado and has a half completed degree in Library Science at the University of Illinois.

## Five-Star Team Wins District Championship

Quote Coach Ware: "It feels heard, that Dan Cupid was out Thursday evening pulling some of his old tricks.

Those attending the F. H. T. Valentine supper party hit one of the high spots of the year when meat balls, cauliflower, English peas, sweet potatoes, hot rolls, jelly rolls, and punch leveled each one's capacity.

Each table was decorated with standing red and white hearts from which ran colored strings to small cupid's doves as place cards.

In a diffusion of soft candle light, the group fell into a single line and proceeded to the dining room where the meal was served buffet style.

Before the meal, and also during the meal, Mr. Elmer Patterson took a picture of the group. Throughout the meal, popular recordings were played, which helped to create the illusion of Dan Cupid working at the Waldorf-Astoria.

Those attending were Naomi Brumley, J. W. Robinson, Wanda Jean Smith, Clyde Brock, Ellen Posey, Lloyd Olson, Patsy Sanders, Edward Ray Roberson, Carlie Rae Frye, Benny Womble, Barbara LeGrand, L. H. Lookingbill, Beverley Fraser, Edwin Wilson, Nancy Olson, Robert Petersen, Barbara Robertson, Pete Hopson, Wanda Lee Lloyd, Donald Roberson, Evelyn Walker, Jack McCrary, Marcella Blue, Billy London, Helen Acker, V. C. Hopson, Arline Millard, J. W. Merrill, Lonidene Martini, Bud Sparks, Kathryn Acker, Billie Gene Masse, Doris Jo Hodges, Loy Botsford, Rosemary Phillips, John Dowell, Margaret Barber, Jake Myers, Cornelia Hamilton, Gerald Banner, Phyllis Radovich, Thurman Williamson, Dorothy Banner, F. L. Lucas, Rosella Albracht, David Phillips, Juanita Beauford, Bob Jennings, Betty Jane Robinson, Joanna Adams, Mr. and Mrs. Elmer Patterson, and Miss Kathryn Davies.

## Patrolmen Address B. S. P.

Friday, the B. S. P. Class had two guest speakers, Mr. J. C. Reese and Mr. Clayton Cheshire of the Highway Patrol. Mr. Reese talked to the class about the qualifications of a highway patrolman, the duties of the highway patrolman, and the ways in which the highway patrol works.

Mr. Cheshire, who was the last speaker, talked about the school of the highway patrol and the training acquired through this school. The class expresses its appreciation for the talks made by these men.

At the business meeting, Bruce Smith was elected reporter to The Whiteface Round-up.

## Central Chatter

Room 8B had a very successful Valentine Party, Friday 13. Before they were served refreshments, they chose sides and had a spelling match. The refreshments served were soda-pop and cookies. Several pops were left over and the ones that guessed the right numbers got them. Several had to drink two and S. A. Puts was so lucky that he got to drink three. He had a time devouring the third one and decided not to be so lucky next time.

Room 7A had a Defense Valentine Party. They drew names to give defense stamps instead of valentines. Some could give valentines, too.

Miss Rutherford's Second grade room entertained, Miss Alkman's Room Valentine Day and served them chewing gum and candy.

The pupils in Miss Womble's room received nearly 600 valentines.

Miss Francis was ill last Monday, and Mrs. Jim Bob Allison taught for her.

Mr. Starr's mother visited him last week. She lives in Denton, Texas.

Several children are out of school with the measles. Among them are Tommy Jim Carter and Wayne Stagner.

Wanda Meadows of Room 8A withdrew from school to move to Oklahoma City.

A new pupil in Room 7C is Melva-Dean Lee from Three Rivers, Texas.

Rachel: "Dancing is in my blood, you know."

Poster: "Then your circulation must be bad. It hasn't reached your feet."

## Was It Cupid Or Food That Caused All This?

Maybe you saw, or maybe you heard, that Dan Cupid was out Thursday evening pulling some of his old tricks.

Those attending the F. H. T. Valentine supper party hit one of the high spots of the year when meat balls, cauliflower, English peas, sweet potatoes, hot rolls, jelly rolls, and punch leveled each one's capacity.

## "THAT CRAZY SMITH FAMILY"

"That Crazy Smith Family!" That is the name of the play to be presented by the Senior Class of 1942. It is an exciting comedy in three acts with thrills, excitement, sadness and joy. It is a play about an ordinary family that has its troubles, but they all turn out all right. The try-outs will be as soon as the books arrive.

## Tri-Hi-Y Hears Talks On Posture And Diet

How are your posture and your diet? The Tri-Hi-Y was very happy to have Miss Kathryn Davies, Miss Robbie Foster, and Mrs. Tom Carroll talk to them at their regular meeting Tuesday, Feb. 10, on various phases of health.

Miss Davies' talk was on the kinds and the amount of food one should eat. A person should have at least one egg a day, milk, a leafy vegetable, another vegetable, meat or a meat substitute and a small amount of sugar in some form.

Miss Foster gave a talk on how to improve one's posture and how to keep one's hair and skin. A person may improve or remedy poor posture by taking various exercises. Good, clear skin is usually the result of a healthy diet. A girl should wash her hair whenever it seems to need it. No set rule can be decided upon about how often she should wash it.

Mrs. Carroll gave a very informal and interesting talk on social diseases.

To begin the program, the group sang, "I Would Be True." Miss Crawford gave a prayer and Lilye London read the scripture.

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beachwood essence by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

## Lillye London Chosen D. A. R. Representative

Lillye London has a chance to go to Washington, D. C. Each year the National Society, Daughters of the American Revolution, through the Texas organization, makes it possible for a Senior girl to win a free trip to Washington, D. C. The Seniors cast their votes; a faculty committee counts them; then the teachers vote on the three highest. This year Lillye has been selected.

The name of the girl chosen is sent to the Deputy State Superintendent. One name is chosen from the District; then in turn certified to the State Superintendent. The final winner (and two alternates) will be selected by lot under the supervision of the State Superintendent.

The qualifications that the Seniors were to keep in mind were: dependability, service, leadership, patriotism and scholarship. Lillye London certainly possesses these qualities to a high degree.

The winner will be given free transportation and hotel bills and will be taken on many sight-seeing trips while in Washington.

## Hi-Y Elects Reporter

At the regular meeting of the Boys Hi-Y, Tuesday, February 10, G. P. Owen, Jr., was selected as reporter to the "Round-Up" to take the place of Don McCullough. The Tri-Hi-Y extended an invitation to the boys to attend a party on February 17.

Bruce Beene gave the devotional, and Mr. Hudson began a series of studies on sex hygiene. Not many members were present for this meeting, possibly because of the change in time or because of the basketball game.

## Whitefaces Play, Win Six Games

### Win Over Bobcats

The local five downed the Dimmitt Bobcats 29 to 14 Monday night, Feb. 9. Jack London for the second time led the way to another victory for the Hereford Whitefaces by scoring 9 points. The local lads led all the way through the game.

George Weems and Leroy Suttle played the best defense of the season. Wayne Phillips kept his man from scoring a point against the Whitefaces. Weems scored 2 points, Suttle 6 points, Phillips 4 and Russell 8 points.

The Hereford Quintets have not lost a game on the local floor. The Hereford Yearlings lost their game to the Dimmitt "B" team with a score of 20-2.

### Tulia Hornets Stung

Tuesday night, Feb. 10, the raging five sped to a fast victory over the Tulia Hornets and rounded up with a score of 46 to 21. The boys led the score parade throughout the game. Suttle came through as high point man with 13 points, Russell 9, London 7, Phillips 3, Weems 7, Estes 3, Hickman 2, Eagles Lose

Friday morning of the same week, the Whitefaces played their first game in the tournament held in Friona. They played the Canyon Eagles and beat them with a score of 31-28. The Eagles were leading at the half, but the boys came through with some fast scores, and Phillips topped off the score with two final points. Russell was high point man with 12 points, Weems second with 10 points, Phillips 2 points, Suttle 2, and London with 5 points.

### Bobcats Again Defeated

Friday night the raging five were "hep" to their task and corralled 11 extra points with a score of 33-22 over Dimmitt. This game was played in Friona, also, and a number of local people cheered the boys on to victory. Russell again led the score parade with 13 points, London 11, Phillips 4, Suttle 3, Weems 2.

### Score Is 38-35

Directly after this game with Dimmitt, a game determining whom the Whitefaces would play the next morning was played. Friona came out victorious over Dalhart, and on Saturday morning the boys played the tricky game with Friona; the Chiefs were leading by 12 points at the half. The boys came back on the floor after the half with that same old spirit that has helped them win all other games and rounded up the score on the top with 38-35. Russell led with the highest number of points that he had made in the pre-

### ceding games with 16 points, Suttle 10 points, London 6, Weems and Phillips 3 each.

### Win Final Game

Friona having all other games played Saturday; the Whitefaces again played Friona on Saturday night, and it proved to be the hardest game of the season on both teams. The gymnasium was packed and the crowds were excited throughout the game, as this game would determine the winner of the tournament. The points were made alternately, in quick succession, and there were only 4 points difference throughout the game. There were only 2 points difference in the final score which was 36-38 with Hereford in the lead. Russell again had 16 points, Weems 11, London 10, and Phillips 1. This game ended the tournament and the trophy was presented to the team who came out victorious. Ten basketballs were presented to the 10 highest players from all the participating teams, and those receiving basketballs from Hereford were Jack London, Daniel Russell and George Weems.

Boy Scouts Present Assembly Program

In commemoration of the thirty-second anniversary of the Boy Scouts of America, Bill Phillips, assistant scoutmaster of troop one, with the aid of Dave Beavers, Thurman Williamson, Bill Dameron and Donald Roberson, presented in assembly Thursday, February 12, an instructive program on flag technique. To begin the program, the student body gave the pledge of allegiance to the flag. Following this, the four scouts and Mr. Phillips gave some interesting facts about displaying and disposing of the flag. Now, possibly more than ever, Americans should display their loyalty to the flag and show their deep respect for it.

### PRATT ILL IN CANYON

Miss Greadine Pratt, a former teacher of Hereford High School, had a bad time of it at Canyon, where she is now librarian. Last Monday, Feb. 9, she became ill, and Tuesday evening she underwent an appendectomy. Miss Pratt had been waiting three weeks to begin her job as librarian, when she was taken to Neblett Hospital after six days of work. She will probably be released Friday or Saturday.

# Do You Remember?

Feb. 14, 1932  
It had been a week of business changes in Hereford, with J. M. McLothlin buying the interest of C. L. Bounds in the firm of Bounds and Ward, Joe Killough and L. A. Montgomery purchasing Emmett Cardwell's confectionary business, and Jack Harwell buying an interest in the Hereford Manufacturing Co.

Hardin Russell had been in from the XIT Tuesday with the pelt of a white lobe wolf and 11 coyote scalps "which he presented to the commissioner's court and received the bounty therefor."

Births: To Mr. and Mrs. W. T. Priest, Feb. 12, a boy; to Mr. and Mrs. A. O. Syms, Feb. 9, a girl.

The editor felt that "Hereford should incorporate at once... the town has outgrown hamlet form with its evils and filthy back alleys and other nuisances... and should take on city airs with their attendant cleanliness."

T. A. Moore was offering his household goods for sale. Included were one parlor organ \$40, one set furniture (oak) \$18; three parlor chairs, 75c each; two rockers, \$1.50.

Manager A. G. Boyce of the XIT, according to a clipping from the Channing Courier, announced the surveying of the town of Bovina, for which he predicted a glowing future. To which The Reporter concurred that "Bovina is the county seat of Farmer County... and would no doubt be a good little town if properly pushed."

Feb. 14, 1918  
J. S. Jones, as county food administrator, had announced the following war schedule which was being followed by the entire nation:

Two wheatless days each week.  
One meatless meal each day.  
One meatless day every week.  
One meatless meal per day.  
Two porkless days per week.  
And, the announcement ended, make every day a fat-saving day and every day a sugar-saving day.

The Star Theatre was showing William S. Hart, first of the western acts, in "The Silent Man."

On the program at the Junior Missionary Meeting were Louise Cloyd, Mattie Lou Harrison and Mozell Hill.

According to automobile advertisements in The Brand, "gas power is dropping steadily and we may never again see a high grade gas." Recommended remedy for low quality gasoline - a Chalmers Automobile, with prices ranging from \$1,485 to \$3,625.

On the program at the meeting of the Lin Fertsch Literary Society were Nellie Parmer, Ruth Smith, Dorothy Ramsey, Caldwell Hicks, Ruth Kemp, Dubbs Pittman, Willie Dickert, Dorothy Boardman and Keith Stegall.

## Graham Cracker Roll

1 small box graham crackers rolled to meal  
1 box dates  
1 lb. marshmallows  
1 cup nuts  
Enough sweet milk to moisten.

Mix the graham cracker meal with the chopped dates, marshmallows and nuts and add milk, one tablespoonful at a time, until all is moist enough to form a roll. Mix with hands. Place roll on platter and keep in refrigerator for 2 hours or more. Slice in one inch thick servings and serve with cherry-topped whipped cream or orange cream sauce.

## Orange Cream Sauce

Orange cream sauce is delicious served on the graham cracker roll. Here is how to make it:  
2 egg yolks  
1-2 cup sugar  
juice and grated rind of 1 orange  
1 cup whipped cream

Heat grated orange rind, juice and sugar for several minutes, then strain. Cook again for 2 minutes and add well beaten egg yolks. Cook for five minutes, stirring constantly. Remove from fire and cool. Chill in refrigerator and add whipped cream just before serving.

This recipe for Graham Cracker Roll seems especially planned for the post-holiday party hostess. This year, more than ever, there is need for party hostesses—need for friendship and the sharing of hospitalities.

Graham Cracker Roll is the perfect response to a puzzled hostess. No matter how little time you have there is still the joy of preparing it and only takes minutes to whip it together. If you want to make it the day before it tastes just as good.

as Dick Walker this week put on a second horse and wagon. That gay nineties wit who coined the term "hire a horse," should have lived in 1942.

And one Hereford citizen calls attention to the nuisance created by dogs which jump and bark at pedestrians. "Not only a nuisance," says this citizen, "but the dogs are actually dangerous and often frighten women and children."

But it will take more than a mere dog to frighten those over-age girl scouts now taking the Red-Cross first aid course. In fact, when these ladies learn to tie some supposedly simple knots they will be able to tackle a mad dog, tie him in a bow knot, treat the bite and send in a report to civilian defense all at the same time—well, more or less. They admit that the "simple" knots are harder than you think.

Lakeview Community in Floyd County before moving to Deaf Smith County in 1917.

An old acquaintance of Mr. Callaway said this week: "He placed honesty and integrity at the head of the list of many virtues that he himself possessed abundantly."

Survivors are his wife, Mrs. W. A. Callaway of Hereford; five sons, Richard, Fleet M., Charlie A., Theodore R. and Ollie L. Callaway; two daughters, Mrs. D. O. Hedrick, Amarillo, and Mrs. E. J. Bagwell, Canyon; two brothers, J. H. Callaway, Childress, and B. F. Callaway, Bedford, Ky.; and eight grandchildren.

Funeral services were held at the home of Mrs. Callaway, 1115 N. 10th St., at 10 o'clock Tuesday. Burial was in West Park Cemetery.

## Emergency Crop Loans Available

Seed loans are now available to eligible farmers, it was announced this week by C. C. Gibson, emergency crop loan administrator for Deaf Smith County, who states that loans to purchase feed or to produce feed for livestock may now be made at the offices of the federal agency in the courthouse at Hereford.

In announcing the loan for eligible farmers, the administrator points out that the bureau has always urged its borrowers to follow a balanced farming program with ample acreage for feed end food crops. Planting a
