## Easter Egg Hunt Is Set For Saturday, April 4

### Around Town

**Sights and Faces Seen**  
George Stambaugh is doing a good business in "Jap Hunting Licenses"—in fact, every one in town knows what to expect when George approaches with that purposeful gleam in his eye. Since the "tax" stamp is a defense stamp, it's all for a good cause too.

Joe Bishop says that he has an idea for candidate cards which will do away with the necessity of new cards for the second primary. He is willing to sell this idea for what it is worth, but does not guarantee that the inspiration will not also do away with the necessity for even a first primary.

Florence Wilkins is really pepped up these days because Elaye did not go to Washington after all. She stopped over in Tulsa to visit relatives, went out to visit a new ammunition plant and just accidentally got a better job than she had in Washington. So Elaye is in Tulsa, but her baggage is still somewhere en-route to Washington.

### Students May Be Used To Fill In As Farm Labor

One possible solution of the farm labor shortage in this territory was brought out this week when the United States Employment Service suggested the registration of high school and college students for work on the farms.

J. H. Bonds, Texas director of the employment service, said this week that high school and college students may be provided with an opportunity to do their bit in the war by helping the food for victory program, pointing out that the production of food is as important as the production of planes, tanks, guns and ships.

Bonds urges that young men and women who will be out of school this summer register at the employment office nearest their home—in this case, at 323 W. 7th St., Amarillo.

Since the labor situation in Deaf Smith County will be as serious as anywhere in the Panhandle territory, it is thought that students will probably have to be used in large numbers here this summer if crops are to be gathered. The purpose of the United States Employment Service is not to take youths away from home, if they are needed there, but to make a survey of labor which will be available during the busy season.

### Election April 4 For Common School District Trustees

Trustees for Deaf Smith County Common School Districts will be chosen in an election on Apr. 4, with one member to be chosen in each set of trustees.

Retiring trustees are Roy Euler, district 1; L. A. Smith, 2; R. W. Elliott, 4; M. W. Stephens, 5; Charley Hoover, 6; Elmer Womble, 7; T. B. Cox, 8; J. L. Smith, 10.

Voting places will be Summerfield School, for Summerfield Common School District; Dawn Common School District, Dawn School; Wyche Common School District, Wyche School; Westway Common School District, Westway School; Walcott Common School District, Bippus School; Borg Common School District, Daniel School; Ward Common School District, Ward School; Messenger Common School District, Bootleg Store.

A county trustee will also be elected for Precinct 3 and for the county.

### Miss Campbell Brings In First Load of Scrap

Miss Roberta Campbell won the free Brand subscription and the honor of being the first to contribute scrap iron to Uncle Sam when she dumped her load of salvaged metal on the vacant lot south of the Methodist Church Friday morning.

"I got everything on the place but the water pipes," Miss Campbell said when she brought in the load.

Jim Suttles of Summerfield was second, with a load which he brought in later Friday morning.

Few additions have been made to the scrap pile this week, S. P. Rosson, chairman of the drive, says, but reports are that children in some school districts are making collections and that interest is high in winning that \$5 defense stamp offered to the boy or girl in each school district who brings in the biggest load.

Trucks should be taken first to Pitman Grain, Packard Mill or Fraser Milling Co., where they will be weighed. Then the load should be dumped on the vacant lot south of the Methodist Church and the empty truck weighed again, with a scale ticket to be kept as receipt. When the drive closes, Apr. 8, sealed bids will be taken on the entire scrap pile, which will be sold to the highest bidder, and each person who has brought in scrap will be paid for his contribution.

### Mrs. Evans Wins First In Star Theatre Contest

Mrs. Wayne Evans won first place in the "Woman of the Year" contest sponsored last week by the Star Theatre, and Roberta Campbell placed second. First prize was \$3.50 and second prize was \$1.50.

Other prizes of two theatre tickets each went to Joe Ella Hussey, Mrs. J. Alton Miller, Mrs. Lee Renfro, Helen Hamm, Mrs. G. H. Hamm, Mrs. Charlie Calaway, Georgia Clark, Mrs. W. Anderson, Margaret Olson, John David Dowell, Mrs. George Clark and Mrs. A. L. Manjeot.

The contest attracted much interest and more than 100 entries were received.

### Hereford Freshmen Defy That 'Green' Tradition

Tradition says freshmen are "green," but at least two former Hereford High School students now attending Texas colleges have defied the tradition by ranking high scholastically in their first semester of college work.

Miss Wilma Higgins, daughter of Mr. and Mrs. A. S. Higgins of Progressive, made three A's and three B's for her first semester's work at Abilene Christian College.

Grant Fuller, Jr., whose high scholastic rank was reported in the Brand two weeks ago, has been elected to Phi Eta Sigma honorary freshman fraternity. Just 63 members of the large freshman class at Texas University received this honor.

### Deaf Smith Tops In Production

Deaf Smith County is at the top of the agricultural production scale of Texas, according to figures just released by the United States Census Bureau which show that 34 farms in Deaf Smith County produced more than \$20,000 each in 1939.

The Deaf Smith County record topped the statistics shown for such famous agricultural counties as Val Verde, Harris and Jefferson.

Twenty-one per cent of the Texas farms raised less than \$250 worth of products during the year studied. Of these low income farms 7,490 reported no income at all.

Only 1,744 farms out of the 18,002 farms in the state reported incomes of \$30,000 or more.

Yes sir, kiddies, there is going to be an Easter Egg Hunt this year, and the prizes and the fun will be just as fine as ever before, so start making your plans now for Hereford's big Easter party on Saturday, Apr. 4, to be sponsored again this year by the merchants of Hereford. And, as in the past, the Easter Egg Hunt will be just part of the fun, for the Star Theatre will give a kiddie matinee Saturday morning at 10 o'clock and the admission will be just three hard-boiled colored eggs, so make your plans now to attend the matinee and then go to the big Easter Egg Hunt, which will start at 2:30 o'clock at Lake and Mother's Park. Smaller children will have their egg hunt at Mother's Park and the larger kiddies can go to Lake Park.

### 10 YEAR AGE LIMIT

This year merchants and members of the Lions Club, who will hide the eggs and manage the hunt, have asked that children over ten years of age do not take part. In the past, it has been felt that the younger children did not really have a fair chance at the hunt so the co-operation of the children themselves and of their parents is being asked to see that children over ten years old do not take part in the hunt this year. Aside from this change in regulations, the hunt will be run much as in the past, with Boy Scouts helping the Lions Club in making arrangements and with merchants giving prizes for the egg-bearing numbers. A complete list of merchants and the prizes they will offer will appear in the Brand next week. About 5,000 eggs are hidden each year, and a large part of these eggs can be redeemed for cash merchandise prizes.

### BIG CROWD EXPECTED

Last year hundreds of kiddies from Deaf Smith and surrounding counties attended the big Easter Egg hunt, and despite the war and many changed conditions, it is estimated that just as many will attend this year. Complete rules for the Easter Egg Hunt will appear in next week's Brand.

### Small Response To Request For Bond Pledges

"Frankly, we are disappointed in the response received so far in the campaign to sign pledges on defense bond purchases," Claude Ricketts, county chairman of defense sales said today, pointing out that only \$130,000 of the county's \$298,000 quota had been pledged so far.

"We like to keep this business on a voluntary basis," Mr. Ricketts said, "but if people will not sign up, some other plan will have to be tried."

The I. O. O. F. has bought \$700 worth of defense bonds, according to the county chairman's report, and the committee points to this as an example of the kind of patriotic response they are looking for.

### Local Officials To Attend Rationing Meeting

Cris Renfro, Wirt Phillips and Ezra Norton of the Deaf Smith County Rationing Board together with County Judge A. J. Schroeter, Mayor C. J. Paddock and representatives of the Hereford Chamber of Commerce were scheduled to go to Amarillo today to attend a regional meeting to discuss the problems of wartime rationing. Immediate purpose of the meeting is to clarify details of the sugar rationing to go into effect, with prospects at present for registration of commercial sugar users on Apr. 27 and 28 and of domestic users on May 4, 5, 6, and 7.

### ONE WEEK SALES BAN

All sales of sugar in the United States will be halted at midnight, Apr. 27, for approximately one week, government officials announced this week, stating that the ban was ordered as a step preparatory to sales under rationing which goes into effect as soon as the moratorium on sales ends.

### B&PW To Help In Sale of Stamps

Members of the Hereford Business and Professional Women's Club Monday night voted to take over the job of supplying Hereford retailers with defense stamps for use in making change.

The Business and Professional Women's Club in this way becomes "middleman" in this effort to see that all retail merchants are adequately supplied with stamps. Each member of the club will have certain retailers on her list to call every week. After ascertaining the amount of stamps needed, she will get these stamps from the post office, where a group of merchants last week put up security fund for the project. The club member will then deliver the stamps to her list of merchants, collect cash and deposit it at the post office.

This week 87 merchants had agreed to co-operate by keeping defense stamps for change, with the amount of stamps to be kept in the cash drawer varying from \$5 to \$15. Glenn Weir is president of the group of Hereford retailers who have organized to push the plan of taking your change in defense stamps, and it is hoped that the new stress being put on this plan will help Deaf Smith County reach its full defense bond quota for the year.

### Navy Recruiters Here On April 3

A special traveling recruiting party will visit Hereford Friday, Apr. 3, to accept applications for all branches of the naval service. C. M. Norman, recruiter in charge of the Amarillo station announced this week, stating that the navy men would have their headquarters at the Hereford Post Office.

The party will accept applications in the regular navy, the naval reserve and construction regiment. The recruiters will carry full information on all classes of the reserve including the aviation ground crews and trade schools, as well as ratings open to qualified skilled tradesmen. Needed now are blacksmiths, quarry drillers, carpenters, electricians, machinists, metalmiths, shovel operators, pipemen and steelworkers, with possible vacancies in other lines.

"Provided a man meets certain trade, physical and age requirements, he may be enlisted at a petty officer's rating," Chief Norman said.

Revision in physical requirements now permit the acceptance of men with color blindness or who possess false teeth, bridges or other dental aids.

H. P. Jones, chief signalman, who has 18 years navy experience, will head the recruiters scheduled to visit Hereford.

Jones will accept applications in the new Class V-1 of the reserve, which is open to boys between the ages of 17 and 20. By terms of this enlistment students who are currently enrolled in school may join the navy and be released to inactive duty until completion of the semester, after which they may be called to active service.

## No Plow Up of Volunteer Wheat May Be Grazed or Cut For Hay

**PROCLAMATION BY THE GOVERNOR OF THE STATE OF TEXAS TO ALL TO WHOM THESE PRESENTS SHALL COME:**

WHEREAS, America at war, as in time of peace, is dependent upon the resourcefulness of its citizenship; and  
WHEREAS, the health of our citizens and the preservation of property from destruction by fire is of vital importance to our Nation as an important part of its Victory Program; and  
WHEREAS, the welfare and safety of our citizens can be insured by giving consideration to those matters which would protect their lives and property against disease and fire, and thus serve as a vital aid to our National Defense Program; and  
WHEREAS, the Texas State Health Department and the State Fire Insurance Department have, for a number of years, sponsored a State Clean-up campaign as an aid to health and fire prevention:

NOW, THEREFORE, I, Coke Stevenson, Governor of the State of Texas, and as Chairman of the National Defense Committee for Texas, do hereby designate the week of March 29 to April 4, 1942, as

**CIVILIAN DEFENSE CLEAN-UP WEEK** in Texas, and I earnestly call upon the citizens of Texas, particularly our city and county officials, fire departments, public schools, both urban and rural, civic and patriotic organizations, to cooperate in emphasizing the importance of good health and fire prevention, and to encourage the adoption and enforcement of rules and regulations pertaining thereto; and

FURTHERMORE, it is recommended as a special aid to good health and fire prevention, that all homes, industrial and defense plants, storage and plant warehouses, public utility plants, oil and gasoline filling stations and plants, automobile-tire salesrooms and storage warehouses, all offices and merchant establishments, be carefully conducted.

IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the Seal of State to be impressed hereon at Austin this the sixteenth day of March, A. D. 1942.

(SEAL) Coke R. Stevenson, Governor of Texas  
BY THE GOVERNOR:  
Wm. J. Lawson, Secretary of State

Deaf Smith County farmers welcomed the A. A. A. ruling that volunteer wheat acreage in excess of the wheat allotment need not be plowed up. Exact status of the volunteer wheat is not yet clear. F. G. Collier, county ACA secretary, stated this week; but he advises farmers not to plow up the volunteer wheat until they receive full information concerning the change in wheat regulations. Earlier news that the volunteer wheat might be harvested and farm-stored have not been confirmed.

B. F. Vance, state administrator, in a letter to county administrative officers said this week: "We have been advised that the definition of acreage planted to wheat is being amended to permit the grazing of volunteer wheat grown in excess of the wheat acreage allotment established for the farm, or permit the harvest of such wheat for hay, provided it is harvested before maturity."

The change in AAA policy to permit use of the volunteer acreage is generally being hailed with satisfaction throughout the wheat states where volunteer acreage is unusually large because of heavy rainfall last year. Crop prospects in the Hereford territory are good at present; but in many parts of the wheat belt, damage from green bugs looks serious, and most farm leaders questioned the wisdom of plowing up volunteer acreage when prospects for the new crop were uncertain and when war demands might increase the need for grain.

### Music Festival Plans Completed For Event Slated For Saturday

Plans for the Junior division of the Seventh District, Texas Federation of Music Clubs Competitive Festival, which will be held in Hereford Saturday afternoon, are shaping up and all groups are asked to assemble at the Methodist Church at 2:30 o'clock, according to Miss Mattie Mae Swisher, sponsor.

A short program will be featured at the church and then the piano department will go to the studio of Mrs. G. A. F. Parker for the contest playing, and the voice department will remain at the church for the competitive renditions.

The two groups will reassemble at the church for announcement of grades and scores and for the selection of the musician to represent the seventh district on the state convention program to (Continued on Page 12)

### Mildred Bowscher Rates High In Speech Contests

In a story last week telling of the honors won by Hereford students at the Amarillo Speech Festival, the name of Mildred Bowscher was omitted.

Miss Bowscher won "superior," the highest rating given at the contest, for her dramatic reading.

She had previously won first place in an invitational speech tournament at Plainview, where judges said that her rendition was of almost professional quality.

### Williams Rites Are Held Today

Funeral services will be held this afternoon at 4 o'clock at the Black Funeral Home for John L. Williams, 81, who died yesterday afternoon. Rev. W. E. Barnes will be in charge of the funeral rites.

Mr. Williams was born in Arkansas and came to Texas in 1875. He had been a Deaf Smith County resident since 1919, when he moved here from Burkburnett. He was married in 1885 to Miss Carrie Jennigan, who survives him.

Other survivors are three sons, A. R. Williams, Amarillo; J. C. Williams, Hereford, and J. G. Williams, Darnard, Ark.; five daughters, Mrs. Johnnie Kemp, Adrian; Mrs. C. B. Kinkead, Globe, Ariz.; Mrs. E. Lee Smith, and Mrs. J. W. Key, Amarillo, and Mrs. B. G. Brigance, West Point, Miss.; 21 grandchildren and two great-grandchildren. (Continued on Page 12)

### Westway Meeting To Be Held Thursday

Attendance at the community Food for Victory meetings is improving steadily, County Agent A. R. Bateman said this week, pointing out that the good attendance and high interest is proof that people of Deaf Smith County are really eager to do their part in raising more food to win the war.

The meeting scheduled for tomorrow night at Westway School has been moved up to tonight (Thursday) and will be held at the regular hour, 8:30 o'clock. Meeting time was changed to enable Westway people to attend the Senior Play in Hereford Friday night.

### 11 of Draft Contingent To Camp Cooke, Calif.

In the army, you just never can tell.

When more than fifty men left Hereford two weeks ago for Fort Sill and army service, probably none of them expected to see their friends and families for a long time, but early Friday morning, eleven of the boys stopped briefly in Hereford on their way to Camp Cooke, Calif., and every one of the men was met by some of his family.

The Hereford men who came through here on the two o'clock passenger train Friday morning were Ben, Fred and James Henry Lueb, Jesse W. Hyde and Life Hyde, Ed Benner, Verdon Watts, Lewis Sherman, Bob Renfro, Charlie Kropff and Edward Koelzer.

### Senior Play Is Sure-Fire Fun

"That Crazy Smith Family" will make their bow to a Hereford audience, Friday night, Mar. 27, at 8:30 o'clock at the high school auditorium and advance reports have it one of the best senior plays in several years.

The laughs come thick and fast in this story of a bunch of engaging screwballs—even the friends of the family are crazy, and there is guaranteed to be never a same moment after the Smiths are introduced.

In the cast are Rena Rae Renfro, John Estes, Harold Close, Agnes Albracht, Richard Petersen, Lois Agnes Gilbreath, Nadyne Newell, Mattie Lawson, Donald McCullough, Billy Davis, and Darrell Blanton.

### Pre-Easter Revival Services At Christian Church Start Mar. 29

Special Pre-Easter revival services will be held each night next week at the Christian Church, starting Sunday, Mar. 29, Rev. H. M. Redford announced today. Mr. Redford will preach at these services which will start each evening at 8:45 o'clock, War Time.

Next Thursday night, Apr. 2, the church will hold its annual Candle Light Communion Service. Mr. Redford said, adding that there will be no service on Saturday night, Apr. 4.

The regular Sunrise Easter Prayer Service, which has come to be a regular part of the Easter observance for many Hereford people will be held again this year, and Mr. Redford and members of the Christian Church invite the community to this service and to all other services of Easter week.

A CRITICAL SHORTAGE OF SCRAP METAL now exists in the United States War Industry. Unless more scrap metal is forthcoming at once, war production will slow down — and months, even years, will be added to the fearful battle. Besides, the lack of planes, tanks and guns can cost the lives of our boys on the fighting front.

General MacArthur and the boys are doing their part. They are also asking for equipment. It is of utmost importance that every pound of scrap metal on your farm start moving toward America's steel mills and foundries to make war materials.

**They Aren't Asking Much -- Let's Answer Their Plea in A BIG Way**

Bring In Your Scrap Metal Now. Weigh it without cost at Fraser's, Pitman's or Packard's — Dump it on the vacant lot across south from the Methodist Church, then weigh your truck back and keep your scale tickets. You will be paid at the selling price of the iron, which will be bought on sealed bids of scrap dealers. You get all the money which the iron brings. No profit or even expenses will be deducted. Get your Scrap started today toward the Fighting Front! It is your patriotic privilege to do something for our boys and for our country!

A bare sprinkle of scrap iron has been brought in since last week. What's the matter with this schap metal business? Here's a chance for folks to do a real service for their country and at the same time pick up some extra cash. This metal has a ceiling set by the government and isn't likely to go higher. Anyway, when you stop and think about the sacrifice our boys are making in the armed forces it doesn't make sense that the folks of this community pass up an opportunity to answer such an important call. In honor of General MacArthur and the soldiers located in the Philippines, let's bring in scrap metals—all of the scrap metal we can find.

**Indifference and greed put France under German domination. This can never happen to the United States.**

Jim Hays got back this week from a trip to California. He says he was really disappointed in that country. It wasn't at all what he expected. Don Hollingsworth also returned this week from Wichita, Kan., where he visited several days. He was likewise glad to get back to Hereford and frankly admits that "things move a little too fast" for him in the big towns. I think that Jim must have had the same trouble, but he won't admit it. I'm a lot the same way. I like the idea of yelling across the street and even "jay walking." Once I went to Chicago and right across from my hotel window was one of those big skyscrapers. I spent nearly three hours trying to figure out how many bays of hay it would hold.

A few weeks ago I got all hot and bothered about the volunteer wheat business. Last week Joe Evans also got mad. He wrote a bunch of letters, including the one which follows:

Committee on Agriculture  
c-o Office of Hon. Eugene Worley  
Washington, D. C.  
Gentlemen:

Several days ago, I wrote to Hon. Eugene Worley about our farm program. Mr. Worley submitted my letter to Hon. H. P. Fulmer, Chairman of the Agricultural Committee, and Mr. Fulmer in turn asked the Department of Agriculture for an expression on its part. Through Mr. Worley's office, I have a copy of the Acting Administrator's letter in reply to questions which I had asked.

Mr. Worley's office states that in making a personal contact with the Agricultural Committee, it found that the Committee is hoping that the farmers will adjust their production to things most needed such as feed crops, soy beans, peanuts, etc., just as Mr. Ford has adjusted his industry set up for manufacturing automobiles to the production of tanks, jeeps, and planes. My appeal to the government was to discontinue the AAA set up for the duration of the war so that the hundreds of thousands so employed could, in turn, serve in the army, serve in the plants making defense material, and serve in the production of foodstuffs, rather than to be employed in a set-up to keep us from producing food. I also appealed to the government to let us harvest the volunteer wheat crop that is now growing rather than to destroy it. I feel that before we make another crop, we will need this wheat to feed the starving millions of the earth. If it were possible to get it to them, we would need it now.

It will cost us more in labor, machinery, rubber, gasoline, etc., to destroy this crop and to till the land up to sowing time this fall than it will to harvest the crops now growing and put them in our granaries.

I note in your letter of February 23 that we are now short on storage. Farmers can better afford to build more storage on their farms than to destroy this growing crop.

The letter mentions that ordinarily it doesn't pay to leave volunteer wheat. That is true; but when the soil has an abundance of moisture at this period of the year, I have never seen it fail to make a fair crop. We have excellent sub-moisture in our section of the country. As I have stated in previous letters, when we get the sea lanes open, we would not have wheat enough to last the world three months. Russia has saved our necks thus far. What would she think of our destroying food-

enough that those administering it from the county seats can understand it.

I have two sons, one in the draft age with his number coming up soon, the other soon to be in the draft age. Yes, I am concerned about them, as well as about my neighbors and our four splendid farm hands that are already in the army. I study all the time as to the best method to win the victory and get all people safe and happy again. When Hitler went across Poland September, 3 1939, I said right then, that automobile factories should be transformed to tank and bomber plants; that we should train pilots, for it was evident that Hitler was more determined than the Kaiser of the first World War. People who held the reins at that time should have made preparation to have called his hand 18 months before they did. I wrote Mr. Ford that if he would turn his entire effort to making bombers, that he could make enough to bring peace to the world.

When Mr. Wheeler made the statement that our acts would be the means of plowing under every fourth son of America, I wrote him that I believed procrastination would be the means of plowing under every fourth son of America and would also be the means of further costing our nation billions and billions of dollars. I think Mr. Wheeler was honest in his opinion, but time has already proved that he was wrong. Lets do not destroy any food, even though we do have a little surplus of it now. If we do, we are likely to have the finger of shame pointing us in the face when the time comes that we can get our food to the starving millions of the earth and do not have the food. Let us try to avoid mistakes in the future; we have made so many in the past; we could have had enough bombers made to have blasted Japan off the earth if we had not procrastinated.

If the strike leaders are not satisfied with \$8 to \$15 a day for their clients to work in a defense shop to build supplies for our soldier boys who go out and face the machine guns to be shot down from the air, and to be torpedoed and drowned or eaten by sharks, in order that they may protect the clients of the strike agitator and the leader himself, who in some cases receives nearly one thousand times as much compensation for doing his dastardly work as the soldier is getting. I would say, let the striker take the place of a buck private and get his \$21 per

month and the hardships of a soldier's life.

We farmers want to be loyal, but sometimes we wonder if it is good judgment to do some things that we are asked to do.

I am enclosing some clipping which will further give you an idea of the public opinion.

Sincerely,  
Joe G. Evans.

Folks, a lot more of us need to be writing some letters to Representative Worley, Senator Tom Connally and W. Lee O'Daniel. We all want to win this war and furthermore, we want to win it as soon as possible. Letters condemning strikes, greed and waste give honest, sincere officials a club with which to beat down such things—and they give these men the heart to fight, knowing that the people stand behind them.

**Your Use of the Telephone in Wartime**

TODAY telephone wires are humming with the urgent messages of a nation at war.

In a few localities and on certain long distance routes, these vital messages have brought heavy loads. Elsewhere we are still able in most places to give you good service, however, and there is no reason why you should not make normal use of your telephone.

But you can help us serve both you and the war effort by avoiding any wasteful use of telephone facilities. So please keep in mind these eight simple suggestions:

**8 WAYS YOU CAN HELP**

- 1. Speak clearly and directly into the mouthpiece.** Having to repeat yourself takes time, and ties up the lines needlessly. Talk in normal tones with the lips about 1/2 inch away from the mouthpiece. It's better not to talk with a cigarette, pipe or pencil in your mouth.
- 2. Hang up receiver carefully.** A book or other object under the receiver may put your telephone "out of service." Replacing the receiver carefully will insure your getting all incoming calls.
- 3. Party-line courtesies.** When all users of two or four-family service try to hold conversations as short as possible—when they allow reasonable intervals between calls so that others may have a chance at the line—when they ask the children not to make needless calls—then they all work together to give each other better service.
- 4. Look up numbers you're not sure of.** Refer to your personal number list or the directory and call "Information" only when you can't find the number there.
- 5. Answer your telephone promptly.** Even seconds are important these days. However, when you make a call, give the other fellow enough time to reach his telephone before you hang up.
- 6. When possible, avoid long distance "rush hours."** You may avoid the possibility of occasional delays if you do not make long distance calls during peak hours—10-12 A.M., 2-4 P.M., and 7-8 P.M.
- 7. Care in dialing.** Please be sure to wait until you hear the "dial tone"—a steady humming sound—before you dial. This tone is the "number please," indicating that the equipment is ready to take your call. It does not always come immediately after you lift the receiver. You may get the wrong number if you begin dialing before you hear it.
- 8. Don't say "hello."** It's quicker to answer with your name, company, department, or telephone number instead.

## Miss Katherine Kirby Presents Poetry Program For Bay View Club

Speaking briefly before giving a poetry program for the Bay View Club Thursday afternoon at the meeting held at the home of Mrs. Bob Wilson, Miss Katherine Kirby said that the important thing in the enjoyment of poetry is the sharing of interpretation. Twentieth century poetry made up the main part of the program and not only did Miss Kirby read poems that have thrilled poetry lovers the world over, but she gave characterizations displaying ability and charm in varying emotions.

The program opened with a group of poems about autumn time, the speaker using "October" by Thomas Wolfe first and then giving "Tears" by Lizette Woodworth Reese, a group by Sara Teasdale, "Travel" and "God's World" by Edna St. Vincent Millay, and "Experience" by Aline Kilmer, "The Blind Girl" by Nathalia Crane and "Pat-terns" by Amy Lowell.

Other poems included were "Mia Carlotta" and "Between Two Loves" (T. S. Daly), "Little Brown Baby" (Paul Lawrence Dunbar), "The Song of Dark Waters" (Roy Helton), "Miniver Cheevy" and "Richard Cory" (Edwin A. Robinson), "Lucinda Matlock" and "Silence" (Edgar Lee Masters), "The Death of the Hired Man" and "The Runaway" (Robert Frost), "Simon Legree" and "Abraham Lincoln Walks at Midnight" (Vachel Lindsey), Carl Sandburg's "The Losers" and John G. Niehardt's "Let Me Live Out My Years." In conclusion a timely bit of philosophy on "Giving" was presented from the Arabian philosopher, Kahlil Gibran, who said "They give that they may live, for to withhold is to perish." And in a lighter vein she gave Christopher Morley's "Smells" and "Washing the Dishes."

Mrs. John Olson, vice-president, presided over the short business session when Mrs. John McLean was named delegate to the Seventh District, Texas Federation of Women's Clubs convention being held in Lubbock this week, and Mrs. Knox Kinard was named alternate.

The next meeting will be held

## Sewing Club Enjoys Afternoon Party

## Let's Cook Something

Passed like a torch from one generation to another, this recipe never fails to register universal approval. It is very rich and you won't want to use large servings but as the finale to a light meal or as party food it becomes an excellent choice. Black Bottom Pie is an old southern favorite and this recipe first came from Louisiana.

### BLACK BOTTOM PIE

Make the crust and when cooked, fill with layer of chocolate custard and a layer of fluffy rum-flavored custard. Top with whipped cream and garnish with shaved chocolate.

#### CRUST

14 crisp ginger cookies

5 tablespoons melted butter

Roll cookies fine, add melted butter and pat out evenly in deep nine-inch pie pan. Bake 10 minutes in 300 degree oven.

#### FILLING

1 tablespoon gelatine

2 cups milk

1 1-2 tablespoon cornstarch

4 tablespoons cold water

1-2 cup sugar

4 egg yolks

#### CHOCOLATE CUSTARD LAYER

1 1-2 squares bitter chocolate-melted

1 teaspoon vanilla

#### FLUFFY RUM-FLAVORED LAYER

4 egg whites

1-4 teaspoon cream of tartar

1-2 cup sugar

1 teaspoon rum extract or flavoring

#### TOPPING

2 tablespoons powdered sugar

1 cup whipping cream

1-2 square bitter chocolate shaved

#### METHOD

Put the gelatine in the cold water to soak and set aside. Scald the milk and slowly add the beaten egg yolks. Stir in the combined sugar and cornstarch and cook in double boiler for 200 minutes or until creamy. Take out one cup of mixture and add the melted chocolate and vanilla. Blend with rotary egg beater and pour in cooked crust. Let cool. While the remaining custard mixture is still hot blend in the gelatin and allow to cool but not stiffen. Beat egg whites stiff and gradually add the 1-2 cup of sugar, beating until very stiff. Fold egg whites into custard and gelatin mixture and blend in the rum extract. Pour over the chocolate mixture already in the crust and spread with the whipped cream, garnishing with the shaved chocolate.

## Trump And Chatter Club Is Entertained

A table of guests played with club members when the Trump and Chatter Club was entertained at the home of Mrs. Libburn Ray Thursday afternoon.

The special guests included Mrs. Eugene Rusconi, Mrs. Elmer Rolfe, Mrs. W. A. Teter and Miss Nora Jean Russell.

Bowls of colorful sweet peas evidenced the spring season in decorations and defense stamps were presented to Mrs. Russell Teter and Miss Nora Jean Russell.

Members playing were Mesdames Wayne Evans, J. E. Kirby, John Sims, David Rodgers, Russell Teter, Elvin Ridling, Willis Edelman, Troy Moore and the hostess.

## Paul Wilsons Are Honored At Farewell Party

Eight families of the Wyche Community entertained with a surprise affair Friday night at the Paul Wilson home to honor the couple who are moving to another location.

After an enjoyable evening of games refreshments were served to Mr. and Mrs. Fred Henry and children, Mr. and Mrs. G. E. Thiele, Mr. and Mrs. H. H. Caraway and daughter, Mr. and Mrs. Ira Ott, Mrs. Louie Olson and children, Bobby Robertson, Wilma Jo Robertson, Mr. and Mrs. L. O. Wilson and son, Mrs. Gene Williamson and the hosts.

Mr. and Mrs. Ray Coneway and niece, Barbara Ann Burney, went to Denison over the weekend to visit the Coneway's son, Paul and his wife, who have recently moved there from Syracuse, N. Y. They were accompanied by Mrs. Glenn Snyder of Amarillo who stopped at Sherman to see a daughter, Mrs. Iko Holman and family.

## LOCALS

Mr. and Mrs. S. P. Rosson made a brief visit the past weekend with relatives in Plainview. His mother, Mrs. B. M. Rosson, who has been ill, returned to Hereford with them.

Mrs. A. D. Smith of Clovis, N. M., arrived Tuesday for a visit with her father, W. W. Bennett, and sister, Mrs. H. D. Reed, and family.

Mrs. Knox Kinard left Friday for Dallas and Ft. Worth and will attend the Seventh District, Texas Federation of Women's Clubs convention held in Lubbock this week, before returning home.

Mrs. Wilbur Kramer left Friday for her home in Franklin, La., after spending three weeks here visiting her sisters, Mrs. Woodrow Ireland and Mrs. Travis Dameron. She stopped enroute for a visit with friends in Dallas.

Relatives of Mrs. Seth B. Holman held a family get-together at her home here Friday. All are one-time Hereford residents except Mr. and Mrs. Harvey Cash of Canyon and she attended school here. Those enjoying the day together included Mr. and Mrs. D. C. Laird and Mr. and Mrs. D. C. Laird, Jr., of Kilgore, Mr. and Mrs. Harvey Cash of Amarillo, Mrs. M. Y. Galloway and daughter, Ann, of Amarillo, Mr. and Mrs. J. W. Alexander, Mr. and Mrs. H. C. Baird and Mrs. Holman. Many old friends of members of the group called in the afternoon for reminiscent chats with the out-of-town guests.

# GET FAST STARTS

Even in Icy Weather

Why have hundreds of thousands of car owners, like yourself, made Phillips 66 Poly Gas their first choice in cold weather?

The reason is simple. This higher test motor fuel has demonstrated in their cars, day in and day out, that it packs a wallop like a heavyweight champion... that it snaps cold motors into action the instant they touch the button.

Try this outstanding winter gasoline in your car. We believe you will get such a dramatic demonstration of the value of high test in improving all round performance, as well as starting, that you will be a Phillips 66 booster every month in the year.

Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners... because Phillips is the WORLD'S LARGEST PRODUCER of natural High Test Gasoline.

Prophecy Speaks Draws Good Crowds

"Will Hell Burn Out," and "Where Is Hell?" are two of the many interesting questions that Mr. Carter has promised to answer from the Bible Sunday evening at the Prophecy Speaks Hall, 321 Main Street, in Hereford. He said that he was going to read some texts that most people do not know are in the Bible.

Attendance last Sunday evening was the largest for any night since the meetings started and Mr. Carter said that he expects a still larger attendance this coming Sunday night.

Mr. and Mrs. Schneider are making the song service very interesting. Many have stated that they are surely enjoying the vibraharp and accordion music.

The subject for this evening is "Baptism," and for Friday evening, "Are The Wicked Now In Hell?" The program for next week may be found elsewhere in this paper.

The general public is cordially invited to attend these meetings. Song service starts at 8:30 and the lecture at 8:45. There will be a refreshment hour after the lecture.

## Program For Pioneer Study Club Features Musical Entertainment

The Pioneer Study Club assembled Tuesday afternoon at the home of Mrs. J. E. Beyer for a special musical program. Mrs. Carl Frye was assistant hostess.

Mrs. A. O. Thompson, program director and guest master of ceremonies, spoke on "The Value of Music in the Home." She brought out the fact that music is universal, has no creed and no country, but a force of culture in the home. She closed her talk with the reminder that every child should be taught to read music and cited the striking achievement in the rapid development of music in the public schools.

Following the opening talk, Mrs. Thompson introduced Mrs. Mrs. J. C. McCracken, who played "Country Gardens" by Granger. Mrs. Homer Fox sang "By the Lakes of Killarney" and "V for Victory." Mrs. A. C. Thompson entertained with a violin solo and a former Hereford resident, Mrs. Grover Bishop of Ladonia, Tex., who was Miss Jewell Buster when she lived here, played piano selections. For an encore she played "Juba Dance."

A short business session was presided over by Mrs. N. E. Gass, vice-president, and members voted to subscribe for the Atlantic Monthly and place it in the public library.

The next meeting will be held with Mrs. H. A. Close on Apr. 14, and the Federation and Public Welfare programs will be presented.

Besides the musicians, those present were Mesdames H. A. Close, Burl France, N. E. Gass, Bob Higgins, O. G. Hill, H. D. Reed, Sam Hunter, J. B. Jones, F. M. Kester, F. L. Lucas, Wirt Phillips, T. E. Seigler, F. L. Terrell, Al Werner, Jim White, and the hostesses.

### Mrs. Milburn Is Hostess For Club

Contract games were enjoyed Thursday afternoon when Mrs. N. E. Milburn was hostess for the London Bridge Club at her home on "B" Street.

Mrs. Grant Fuller was a special guest and high score awards went to Mrs. Fuller and Mrs. R. R. Will.

Others attending the party were Mesdames J. T. Gilbreath, Jr., R. R. Will, Ernest Medkief, Frank Cogdell, Sherman Morgan, J. M. Posey and the hostess.

### Three Year Old Celebrates With Birthday Party

Little Jane Newsom was named honoree at a surprise party Sunday to celebrate her third birthday. Because so many of Jane's little playmates were ill with the measles, Mrs. G. W. Newsom, her mother, took the decorated birthday cake, topped with three candles, to Sunday School where members of the

Cradle Roll and Beginners departments celebrated the day with the honoree.

Birthday songs were sung and the candles lighted and the entire group enjoyed the birthday party.

### February Wedding Is Announced Here

The marriage of Mrs. Maudie Thomas and J. R. Daniels has been announced here. The wedding took place in Clovis, N. M., on February 28, with the Rev. W. T. Barbee, pastor of the First Baptist Church of Clovis, officiating.

Both Mr. and Mrs. Daniels are longtime residents of Hereford. He is proprietor of the Hereford Floral Shop on North Main Street.

### "Americanism" Is Topic For Dawn Study Club

The Dawn Study Club was entertained in the home of Mrs. Walter Galley Tuesday afternoon. A program on "Americanism" was presented by Mesdames: A. T. Frye, Walter Galley, Lloyd Bentley, and Carl Wimberley.

Members voted to entertain with a supper-bridge party honoring husbands on the evening of April 7, instead of holding the regular meeting as scheduled in club year books. Mrs. Jim White will have charge of arrangements for the party.

Refreshments carrying out a St. Patrick's Day motif were served, and the hostess' lovely collection of small pitchers was shown.

Special guests of the club were Mrs. Chas. Benton, Mrs. E. V. Holman, Mrs. Herman Drake, and Miss Marian Cooper. Others present included Mesdames Lester Galley, C. P. Galley, W. A. May, C. Aubrey Wimberley, Ernest May, Jim White, Baker Womble, W. J. Stewart, Iverson Leake and those on the program.

### Surprise Birthday Dinner Is Given

Two decorated birthday cakes decorated the table for the surprise birthday party given Mrs. Ralph Durstine, Sunday, at her home.

Mrs. Durstine's birthday occurred the following Tuesday but friends and neighbors gathered with covered dishes Sunday to celebrate the forthcoming event.

Those present included: Mrs. D. E. Habbings, John Smith, Mr. and Mrs. P. L. London and children, Mr. and Mrs. George Jones and son, Mr. and Mrs. C. A. Guinn, Mr. and Mrs. Merlin Kaul and sons, and Mr. and Mrs. Durstine.

### Private Earl Lowry Is Complimented At Family Dinner Party

A dinner honoring Earl W. Lowry of Fort Knox, Kentucky, was given at the home of his parents, Mr. and Mrs. Chester Lowry, Sunday.

In the afternoon pictures were made of different groups and of the honoree.

Those attending were Mrs. M. C. Lowry, Mr. and Mrs. Howard Lowry and daughter, Mrs. Edgar Jones and son, Lonnie Bast and Koma Faye Tennis of Amarillo, Mr. and Mrs. Bob Lowry and children, Chester Anderson of Muleshoe, Mr. and Mrs. Buck Berryman and daughter, Miss Dorothea Hodges, Cadet Robert Davis of Wichita Falls, the honoree and the hosts.

Private Lowry left Sunday with Chester Anderson and Bob Lowry for Muleshoe for a visit and will visit a sister, Mrs. W. B. McReynolds in Tucumcari, N. M., before returning to Fort Knox.

### Roark Y. W. A. Meets At Home Of Mrs. Massie

Roark Y. W. A. of the First Baptist Church was entertained at the home of the sponsor, Mrs. O. to Massie, Monday evening.

Dorothy Funderburg was in charge of the program which dealt with religious activities. Those taking part on the program were Leona Francis, Inez Funderburg, Arrie Smith, Paula Mae Edwards, and Mrs. Massie.

Refreshments were served to Molly Jo Schofield, Thornton Shirley, Jeanette Altman, Juanita Kelly, Eunice Caldwell, Kitty Kloe Harlin and those on the program.

### Karl Shirley Gets Band Director Job

Karl Shirley has accepted the position of band director in the Amon Carter Riverside High School in Ft. Worth. He will get his degree with a music major at Texas Christian University in June and at the time he accepted the position he was doing practice teaching at Paschal High School.

Karl was named one of the assistants to Don Gillis, band director of the T. C. U. band, early last fall and is well qualified for the work. He was also elected to the position of band director at the Technical High School in Ft. Worth but was unable to carry on his school work at the University and assume duties at both schools. He is the son of Mrs. Jeff Gilbreath.

### Final Junior Shakespeare Meeting To Be Saturday

Final meeting of the year for the Junior Shakespeare Club will be held Saturday, Mar. 28, at the home of Cecelia Guseman and a costume play, "All's Well That Ends Well," will be presented.

The hour is 3:30 o'clock and all members of the club are urged to attend the meeting, which will show the year's progress of the junior organization.

Every time you get your pay, buy Bonds and Stamps for the U. S. A.

### Miss Helen Danforth And Lt. Patton Are Married In Arizona Ceremony

Two Hereford young people were united in marriage in Yuma, Ariz., last week. They were Miss Helen Danforth, daughter of Mr. and Mrs. H. E. Danforth, and Lieut. William H. Patton, son of Mr. and Mrs. J. H. Patton.

The marriage took place on Wednesday, Mar. 18, at the First Baptist Church parsonage with the Rev. W. Ray Gorasge officiating at the double ring ceremony.

The bride was attired in a street length frock of navy blue and white with blue accessories. Her flowers were gardenias.

Attendants were Lt. and Mrs. Linwood Perkins.

Both Mr. and Mrs. Patton are graduates of Hereford High School. She attended Texas Technological College at Lubbock and Lt. Patton graduated last June from Texas A & M College.

The young couple will make their home at the Harvey Apartments on First Street, Yuma, Lt. Patton has been in the Second Cavalry there since December.

### W. O. Fox Came In Friday From San Angelo

W. O. Fox came in Friday from San Angelo where he has spent several weeks. He'll be here several days before returning to San Angelo.

Mr. and Mrs. Ralph Rudd and family of Spring Lake spent Thursday night with the Oliver Rudd family.

In Amarillo Friday were Mesdames N. E. Gass, Ralph McCullough and children, T. W. Roberson and son, Jeff Roberson, Arrie Tartar, O. G. Hill and Orvella, Boyd London, H. D. Reed, S. B. Walker and Evelyn, Otto Olson and Christine, Troys Carmichael, Mr. and Mrs. Boone Whitaker and family and Mr. and Mrs. Lee Hopson.

Miss Glennis Cockrell, student in Amarillo, spent the week-end at home with her parents, Mr. and Mrs. J. E. Cockrell.

In Lubbock this week end to attend the Seventh District Texas Federation of Women's Clubs are Mesdames O. G. Hill, Ray Johnson, Bill Hutson, E. L. Terrell and T. W. Roberson. All are representatives from federated clubs of Hereford.

W. O. Fox came in Friday from San Angelo where he has spent several weeks. He'll be here several days before returning to San Angelo.

Miss Frances Dameron is in Dallas with her sister, Mrs. Claude Witherspoon. She went with the W. E. Dameron to Ft. Worth to attend the Southwest Exposition and Fat Stock Show and remained over in Dallas for

a short visit. The Dameron's visited a daughter, June, who is a student at T. C. U. while in Ft. Worth and also visited in Dallas.

Helen Frances Streu spent the week end at home with her mother, Mrs. A. H. Streu. She is a student at W. T. B. C. Canyon.

The R. A. boys, Benny Joe Staats, Jim Suttles, Paul Lance, Bobby Coker, Sammy Lookingbill, Bradley Lookingbill, Bobby Clark, joined the group for refreshments.

J. A. Noland left Sunday for a few weeks stay in Hot Springs. An item in last week's Westway Items will be of interest to many in this community. "Kelly Gray received a telegram informing him of the death of an old friend, Frank Glaspell, of New Boston, Ia. Mr. Glaspell is a former resident of this community also, having lived in a house on the B. A. Atchley place. A part of the old house was torn down and the small house built nearer the road. The Ted Staats family now occupy the new house.

Mr. Glaspell, who is survived by his wife, was 64 years of age. He had been in ill health all winter and had an operation from which he failed to rally."

Sunday School attendance reached 98 last Sunday. At least seven more came for the church services. The goal is still one hundred on time for Sunday

You are seeing prices rise — not just the price of luxuries, but the price of everything you buy.

At the same time, taxes are going up. Income taxes next year will be about twice as high as they were this year.

And while these expenses mount, you also must buy Defense Bonds — It's a patriotic duty.

WHICH ALL ADDS UP TO THE FACT THAT YOU MUST BUDGET YOUR INCOME.

## CANNED AND DRIED FRUITS AND VEGETABLES

From The Texas Food Standard: For a good diet I need to include Fruit and Vegetables—in their Fresh, Canned, Brined or Dried Form.

Daily: 1 serving Irish or sweet potatoes. 1 serving green or yellow vegetable. 1 serving citrus, tomatoes, raw cabbage, strawberries or melons. 1 other fruit. For 1 Week: 4 pounds, Irish sweet potatoes. 4 pounds green yellow vegetables. 4 pounds other vegetables. 2-4 pounds citrus, tomatoes, raw cabbage, strawberries, or melons. 4 other fruits.

## Buying Canned and Dried Fruit and Vegetables I should remember to:

Buy cans of appropriate size. Buy food in larger cans when practical. It is cheaper, and if popular, these sizes may be used by small families. Due to loss of Vitamin C on standing, canned tomatoes and citrus products are exceptions.

Buy small cans if only a small quantity of food can be used before it deteriorates.

Try to save money by buying canned foods by the case or dozen if storage space is sufficient. Read the weight printed on the label and use the weight as well as the price when comparing prices.

Try canned foods that state the government grade (A, B, or C) on the label. When possible watch for the shield that the

## Agricultural Marketing Service uses for U. S. graded foods.

Encourage simpler and better labeling whenever there is an opportunity. Read the labels for helpful information.

Compare widely advertised brands with those less widely advertised in quality and price. Keep a list of satisfactory and unsatisfactory ones.

Buy the appropriate quality, for example: Fancy or choice (grade A or B) peaches for using whole in salads or desserts; standard (grade C) or below standard for pies or to be cut or mashed before using.

Chinook or sockeye salmon for a special salad; pink or even chum for a loaf. Mackerel is cheaper than salmon and may be substituted in a loaf or croquettes.

Large dried prunes—18,22's or 20-30's for stuffing or for garnishing a salad; smaller ones for prune whip, prune cake, etc. As a rule, medium-sized prunes are the most economical.

## In Using Canned or Dried Fruits and Vegetables I Should:

Store canned goods in a dry, cool place.

Know that canned foods may be left in the open can without harm unless they are left so long that they spoil. The flavor of acid foods will be less desirable; these should be put into a clean glass or enamel storage container. Discard food from a can if:

The ends of the can have swelled.

Liquid and air rush from the can when it is opened.

The odor is not good.

The food is discolored.

The food has molded considerably.

Save excess fruit juices to be combined and used as beverages or in desserts. Wash dried fruits and vegetables before using. The fruits may be "dry cleaned" by rubbing a little flour on them and then putting them in a coarse sieve and shaking out the flour. Then rinse with cold water.

Do not use soda in the water in which dried vegetables are cooked.

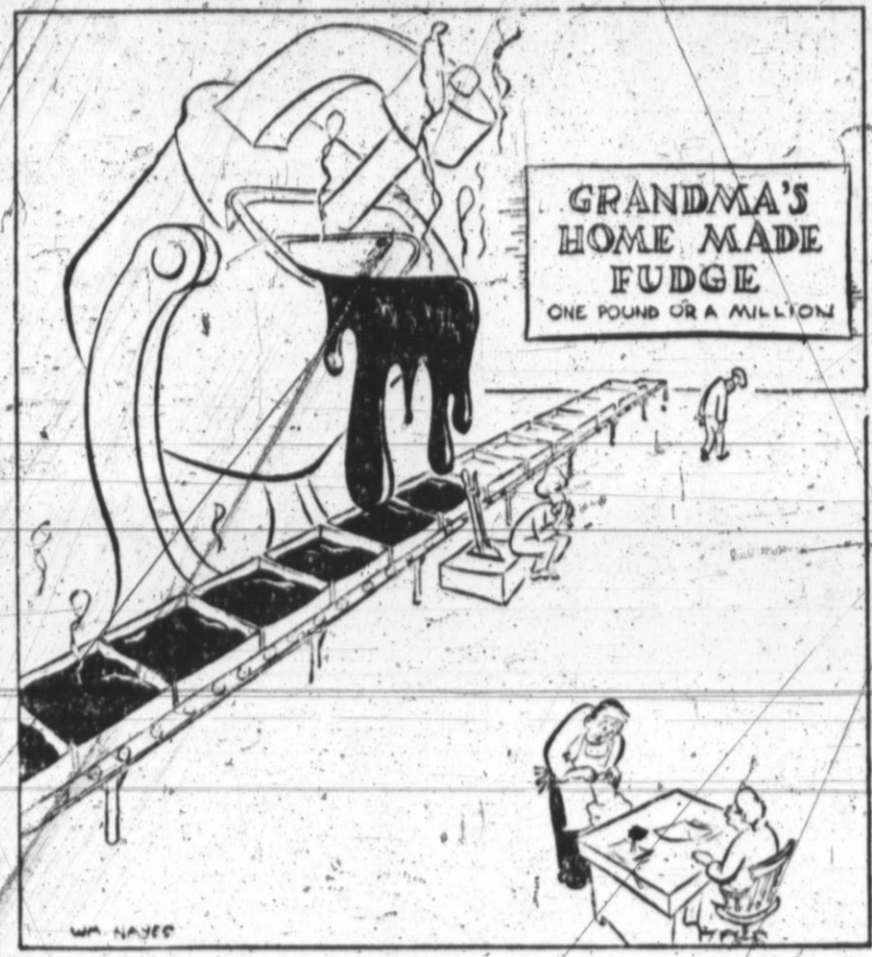

Save empty tin cans by washing, drying, and storing in a clean place. Reflange good cans to be used again if foods are canned at home. This may be done 2 or 3 times by providing new tops. They have various uses such as making sub-irrigation for a frame garden, making improvised equipment, etc.

The American Legion now has an enrollment of 1,107,075. The increase in the last year was more than 28,000.

When the first World War started in 1914, General Nelson A. Miles said: "This is the biggest and the last of the great wars."

## Westway Items

By MRS. MERLIN KAUL

We would know that spring has come even if the calendar did not say so for we have had reports that fishing was great sport Sunday—and with good luck too.

Bobby Osborn has returned to his home in Amarillo after visiting several days here in the J. A. Roe home.

Several members of the Women's County Chorus met Wednesday afternoon at the home of Mrs. Merlin Kaul for practice. Mrs. W. H. Russell, Mrs. Bob Fullwood, Mrs. Fred Saltzman and Mrs. George Parker were present from Hereford. Westway members present included Mesdames T. B. Cox, R. L. Wilson, Maurice Tannahill, P. B. Sowell, Paul Rudd, A. C. Pierce and Merlin Kaul.

Larry Wilson has been suffering with a very sore hand. He fell one night last week and his hand struck a nail which penetrated the hand striking a nerve. It was necessary to make several trips to the doctor to keep down infection.

Mr. and Mrs. John Johnson and family of Morton were week end guests in the home of Mr. Johnson's sister, Mrs. Grady Wilson. They also visited Mrs. M. F. Johnson, who makes her home with her daughter.

Mr. and Mrs. M. S. Roe, Monty and the twins of Hereford visited Sunday in the J. A. Roe and Grady Wilson homes.

Mrs. Hughes Millard of Hereford was a dinner guest Sunday of her parents Mr. and Mrs. Grady Wilson.

Mr. and Mrs. Lee Hopson and

Mr. and Mrs. Norbert Skypala of Hereford were visitors Sunday in the V. Skypala home.

Mr. and Mrs. Gordon Witherspoon of Hereford were guests Saturday night of Mr. and Mrs. Merlin Kaul.

R. M. Gunn injured his arm badly Saturday when he slipped and fell from a saw horse. He was taken to the doctor who found the arm dislocated and badly sprained. His arm was put into a sling and is getting along nicely.

Mr. and Mrs. Ralph Rudd and daughter of Spring Lake were week end guests in the Paul Rudd home. Ralph helped his brother repair his windmill.

Vernon Wilson has leased the Parker place and will move this week into the house which was recently vacated by the O. R. McCutchin family.

Merlin Kaul helped Vernon Wilson lay linoleum and paper at the Parker place Wednesday. Mr. and Mrs. Merlin Kaul and boys attended a birthday dinner Sunday at the Ralph Durstine home near Friona. The occasion honored Mrs. Durstine's birthday which was Tuesday.

Mrs. A. C. Pierce, Mrs. R. M. Gunn, Mrs. Merlin Kaul and boys and Miss Nannette Little called on Mrs. Ulys Pierce and children at Hereford Friday evening. Mr. and Mrs. Corbett Brown of Woodson visited several days last week in the home of Mrs. Brown's aunt, Mrs. Jess Ott. Mr. and Mrs. Brown are moving to Hereford where Mr. Brown has work.

Miss Muriel Otts has returned to work at Tom's Cafe at Hereford after recovering from a sprained ankle. Muriel rooms at the Noah Shockley home.

When trouble comes it is often like salt—it pours. Mrs. Lester Sims was ill for a week before her husband went to the hospital for an appendectomy—and now four of the Sims children are ill with measles.

Mrs. J. S. Earp and Jack spent Sunday in White Deer with relatives.

Mr. and Mrs. Buren Sowell, David and Margaret were dinner guests Sunday of Mrs. Julia Sowell of Hereford. They visited with Mr. and Mrs. Jim Sowell and daughter of Floydada, who also visited Mrs. Sowell that day.

Mr. and Mrs. Moody Stephan, Margaret and Weldon, were visitors Sunday in the Carl Lee home near Summerfield.

Mrs. Moody Stephan is cooking at the cafeteria this week for Mrs. Louis Jay who is ill.

The foundation for a new house was laid Thursday and Friday on the farm known as the Arnold place. The house will have four rooms and bath and will be modern throughout. Mr. and Mrs. Moody Stephan have leased this land for the past few years and will move to the place as soon as the house is finished. The place now belongs to Buckner's Orphan's Home.

The school children had "clean up day" last Thursday afternoon. The floors were oiled, desks varnished, woodwork washed and the cafeteria scrubbed and cleaned. There was no school Friday as Mr. and Mrs. Dickson attended the Teacher's Association at Amarillo.

Do your part by asking for your change in Defense Stamps at all stores and stations. We have them for your convenience. Troy Moore Service Station.

## Ford News

BY MRS. TROY NEWMAN

Mrs. Mitchell of Throckmorton spent a few days visiting her son, Dean Mitchell, Mrs. Mitchell and family.

Mrs. Annie Jacques and Mrs. Lorain Stevenson, formerly of Odessa, are moving to California. They are spending a few days with Mrs. Russell Coursey while Mrs. Coursey is in the hospital. Mrs. Jacques is Mrs. Coursey's mother and Mrs. Stevenson is his sister.

Mr. and Mrs. George Frost and family of Amarillo visited with her mother, Mrs. Annie Jacques, Sunday.

Because of the bad weather the Ford HDC did not quit for the Red Cross on the date set. They will quit Wednesday at the home of Mrs. Floyd Benson.

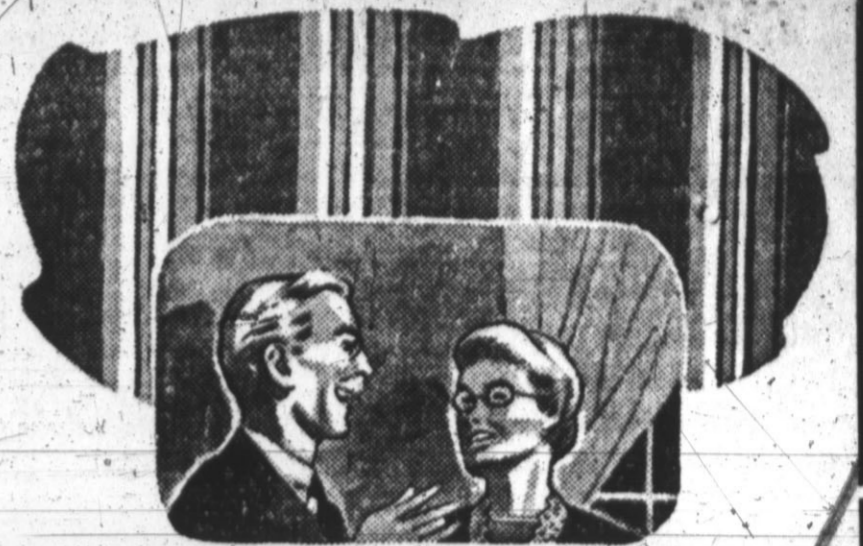

Mr. and Mrs. Ervin Frost of Progressive visited in the Troy Newman home Sunday evening.

Miss Birdine Brunson returned Sunday afternoon to her school near Shamrock after spending the week end with her mother, Mrs. Fred Brunson, and family.

Miss Virginia Brunson spent the week end at home returning Sunday to Canyon, where she is attending college.

A. K. Webster of Dallas called on Mr. and Mrs. J. E. Medford Sunday. Mr. Webster has been employed at the U. S. Engineers office at the Fort Worth Aircraft Assembly Plant and has been transferred to Paris where a new army camp is under construction. His many friends here will be glad to know where Mr. Webster will be located.

Miss Melba Jo Hobbs and Owen Williams, Jr., of Vega were married Saturday at Groom. We wish them a happy married life. Major Howard of Albuquerque, N. M., was here Sunday on business.

## A Man You Ought To Know!

Too many people make the mistake of meeting a physician only when an emergency summons him to their homes. Wisdom dictates that you visit him twice a year for a physical checkup. He has nothing to sell but good health, and his experienced guidance will bring you a happier life free of the haunting fear of phantom ailments. To you, a symptom merely indicates that something is wrong. Only a physician can tell you what it is and what must be done.

Simple Rites Unite Hereford Couple In Sunday Ceremony

In a ceremony of quiet simplicity, Miss Katherine Turner and R. M. Sheppard, Jr., were married Sunday afternoon at the home of Mr. and Mrs. George Bippus on Twenty Five Mile Avenue.

The bride and groom entered the living room together to stand before Rev. W. E. Barnes, who officiated for the single ring service. Miss Mildred Sheppard, cousin of the bride-groom, was maid of honor and Henry Turner, brother of the bride, served as best man.

The bride wore a street-length dress of pale pink non-crushable linen with rose and turquoise blue trim. She wore a bouquet of pastel shaded sweet peas and wore the same flowers in her hair.

Mrs. Sheppard is the daughter of L. M. Turner. She attended Hereford High School and is now employed at Kellogg Store.

Mr. Sheppard's parents live at Thorndale, Texas and he is a graduate of the Thorndale High School. He has been employed for some time by Lee Cocanough-er.

Rev. and Mrs. O. W. Carter of Childress spent Friday night and Saturday visiting her parents, Mr. and Mrs. D. H. Bryant, and her brother, Cawthon Bryant, and family.

Play-Cast Is Entertained

Highlighting the week for members of the cast for the High School Senior play was the informal party given by Mr. and Mrs. R. W. McCullough at their home Tuesday night. Members of the cast gathered at the McCullough home after

practicing for the play at the high school and loaded trays of food predominated in the entertainment. An informal session with the conversation centering around days spent together in Central School followed, and later bicycle riding was enjoyed.

Those attending the part were Agnes Albracht, Nadyne Newell, Mattie Louise Lawhon, Rachel Ireland, Rena Rae Renfro, Lois Agnes Gilbreath, Billy Davis, F. L. Lucas, John Estes, Harold Close, Darrell Blanton, Richard Petersen, Don McCullough, Miss Irene Crawford, director of the play, and Miss Decima Ramey, sponsor of the senior class.

Health Program Interests Lone Star Study Club

A "Health and Federation Day" program was presented at the Lone Star Study Club meeting held Tuesday afternoon at the home of Mrs. G. W. Newsom. Mrs. Jack Grady was co-hostess for the meeting.

Mrs. Marie Carroll was guest speaker for the afternoon. She talked on "Cancer" and its control. She gave statistics on recent developments for the cure and control of cancer and told briefly of The Woman's Field Army of the American Society for the Control of Cancer. She explained the main object of the group and told of the local work done in connection with the Field Army.

Mrs. Carroll also led the general discussion on cancer which followed her talk.

During the business session two new members were welcomed into the club. They are Mrs. C. D. Kelton and Mrs. M. H. Wiseman.

Members present were Mesdames Roger Corbett, Orpha Click, Leo Forrest, Jack Grady, Homer Henslee, Joe Kendall, Louie LeGrand, Nelson McRight, C. F. Moore, Jerry Morrow, G. W. Newsom, A. Petersen, Coy Phillips, Earl Phillips, Owen Stagner, Liston Wilson, John Jacobson, Jr., and the two new members.

Home Demonstration News

Reporters for the County Home Demonstration Clubs met at the court house Saturday afternoon with Mrs. A. C. Hawks, council chairman, presiding.

Mrs. John McLean, society editor of the Hereford Brand, talked to the club representatives on how best to serve their clubs

as reporters and explained rules of the paper.

A general discussion on various points in reporting club news was held and Miss Sadie Lee Oliver, CHDA, told of club activities that the demonstration clubs are sponsoring.

North Hereford Club North Hereford Home Demonstration Club held an interesting meeting at the home of Mrs. G. A. Frye Friday afternoon.

The lesson subject was "Defense and Red Cross" and the Red Cross activities of the club were reported by Mrs. R. A. Fullwood. Roll Call was answered by members giving names of flowers or seeds which they could exchange. A book-review game was enjoyed. Special music furnished by Dorothy Wilde and a report on an all-day meeting to make hominy was given by Mrs. Fred Saltzman.

The next meeting will be held at the home of Mrs. Jesse Dodson at Progressive on Apr. 3.

Guests present were Mesdames C. B. Garrett, R. L. Carroll, J. Clayton, Glenn Rutter, Bill Nafziger, C. D. Davis, Joe Doerfler, Mack Jackson, Ethel Pierce, John B. Miller, Louis Shirley, M. M. Wilson and L. A. Mullins.

### Many Hobbies Exhibited

In the H. H. S. Museum which was recently opened are found many interesting items that have been contributed by students and townspeople. Some of the hobbies of students are shown in the collections of arrowheads, such as the collection of something that you are particularly interested in, bring them and let us display them and show other students the interesting possibilities.

Practically every outstanding person has one or several hobbies. President Roosevelt is an ardent philatelist, that is, a collector of stamps. James Melton, the outstanding tenor, collects old automobiles. Mrs. Morris Sheppard, wife of the deceased Texas Senator, collects relics dealing with Texas. A Brownwood pastor has a collection of 260 pictures of Christ which he has collected from all parts of the world. Mrs. L. E. Fant, no "pun" intended, of Richmond, Vir., has a large collection of elephants, not the real ones, but models. Other people collect pistols, war relics, coins, books, historical documents, geological items such as prehistoric bones, pioneer relics, scrap books, musical instruments, glass animals, post-cards and precious stones. One man in Gainsville has a collection of 365 pencils. He has one which writes in four colors; another has a flash light attached, and one has a multiplication table on it, pencils from each of the forty-eight states, and to make the collection complete, an eye-brow pencil.

Among the items of interest concerning Hereford, we have in the museum, an old bronze statue that was used in the Park handle Christian College, which went out of existence in 1910; a stock-certificate book issued by the Colorado, Hereford, and Gulf Railroad Company, which was an attempt to get Hereford's citizens interested in forming a railroad in the early part of the century. It was never successful, but a small portion of the road, from Hereford to Dimmitt, was actually constructed.

Among the Indian relics are Indian moccasins, Indian purse, arrowheads, wampum, spearheads, hatchets, and skull bones. We have a muzzle-loading shot gun, cap and ball pistol, powder-horn, bullet mold, tintype photographs, Civil War Veterans Discharge, Confederate \$10 bill, \$1.00 bill, \$0.50 bill and \$0.25 bill. Among the miscellaneous items are: a McGuffey reader, a surgical instrument used in 1894, dolls illustrating periods of American dress, a 100-year-old Bible and a 75mm. shell.

Remember, if you have something of significance, bring it up and let us display it in room 30; and start yourself a hobby, it need not be expensive but you will find it profitable, educational, and entertaining.

### Jr.-Sr. Banquet Is Huge Success

"It's over and done but the memory lingers on!" So we, the Juniors and Seniors say about the banquet held last Thursday night. The effects have worn off by now but the Friday morning "droop-eyes" were a result of the banquet held for the Seniors by the Junior class. The procession entered the banquet room in the basement of the Baptist Church between 8:30 and 9:00 o'clock and searched for their respective places. The room looked very "flestified" with the colorful evening attire and the decorations representing a Fiesta. Two wagon wheels hanging from the ceiling with candles arranged on them, along with lights covered with balloons furnished light. The tables were sprinkled with confetti and looked complete with the brightly colored placecards in front of each plate.

Mr. Hudson gave the invocation and all were seated. Georgianne Miller gave the welcome, followed by Richard Petersen's response. The food was served by a group of lovely Sophomores dressed in full skirts, blouses and much jewelry. The menu which was typically Spanish consisted of red beans, tortillas, chicken tamales, Spanish corn, Spanish salad, relishes and spiced apples.

Thurman Williamson was the first on the program, and he spent every bit of his time grumbling; but don't let it worry you because he was supposed to and oh, all the things he had to grumble over! After this Nona Deen Rose presented the history of the Seniors from the time they were little timid Freshmen until now. Then came the great attraction, the spotlight was turned on Carlie Miranda as Carlie Rae Frye, who could pose as Carmen Miranda's stand-in any time. Around "Al Yi Yi" yied all around the room leaving a number of boys blushing.

John Douglas Pittman next mounted the stage and read the will. One of the most striking wills was the one to Foster Hill. Ask him if you can borrow his Fuller brushes. The nerves of all were quieted by the string quintet with an arrangement of "South of the Border." This quintet also played Spanish numbers as the guests were entering. Phyllis Radovich made a good Mexican Tea Reader and prophesied the future of practically everyone there. Mr. Kard gave the benediction, and the guests departed.

### They Are Still Buying

The students in Hereford High School are, according to the class reports, very patriotic and show that they are supporting their country. Here are the different class bond and stamp sales: Freshmen, \$1040.25; Sophomores, \$244.30; Juniors, \$235.35, and Seniors, \$230.30. The Council has been discussing the possibilities and problems of sponsoring a Mayday program. This celebration would include both Central and high school. Definite plans have not been laid, but ideas are being added which have formed a rough idea of what may take place.

### Senior Personalities

Benny Womble was born October 27, 1923, in the prosperous little city of Hereford. Benny claims to be 5 feet, 7 inches and weighs 155 pounds. He is a blue-eyed, brown-haired lad. A special hobby of his is skating, and he also is fond of collecting all types of rifle shells. Benny greatly dislikes fair-weather friends. He enjoys the company of friendly and sincere persons. Benny was representative to the Athletic Association as a Sophomore and is now a member of Boy's Hi-Y and the Youth Council. His plans for the future are indefinite.

Nadine Shirley was born September 23, in Ada, Okla. She is 5 feet, 3 inches tall and weighs 145 pounds. Nadine has pretty blonde hair and big brown eyes which makes her one of the brown-eyed blondes everybody likes. She has the interesting hobby of collecting souvenirs of all sizes, shapes, and kinds. She simply detests green vegetables such as spinach, turnips, etc. A special like of hers is friendly people. Nadine has been here two years and at present is a student librarian in the school library. When out of school, Nadine plans to attend a beauty school and become a beauty operator.

Wayne Phillips was born July 25, 1925, in the thriving city of Hereford. He is 6 feet, 2 inches tall and weighs 180 pounds. He is one of those blue-eyed brown-haired boys the girl rave about. Wayne claims that he likes everybody and everything at present. He especially likes sports and blondes and likes to eat, drink and be merry which isn't a bad idea. Chemistry is a study he enjoys very much. Wayne has been a member of the band for four years and of the Hi-Y two years and belongs to the football and basketball teams. He plans to attend A & M at College Station after graduation.

Jake Myers was heralded into the world April 7, 1924, in the worthy city of Wheeler, Tex. Jake (of all things) claims he is blissfully unaware of either his height or weight. However, it is a commonly known fact that his eyes are bluer than blue, and he has brown hair. His one hobby is hunting, and he loves dancing but dislikes persons who brag. Jake has been a member of 4-H Clubs for two years, on the basketball team for two years, a member of the First Aid Organization for one and was vice president of his class the junior year. Jake has not come to a conclusion as to what he will do after departing from the portals of Hereford High School.

Mondeleen Miles is a winsome strawberry blonde who was born September 20, 1924, at Josephine, Texas. She has green eyes, and the afore-mentioned blonde hair. Her height is 5 feet 2 1/2 inches, and she weighs 105 pounds which places her in the "little girl" category. She is very fond of food, horseback riding, swimming, skating and bicycling. Her pet hates are spinach and being awakened at the wee hours of the morning. Mondeleen's chief hobbies are photography and collecting gopher match covers. She claims to have 45 nicknames which is quite a number in anybody's language. Some of these are Pinky, Shorty, Little Bit, and Midget. After graduation, she plans to attend Texas Tech 2 years and complete her course at the University of Texas. In both places she would like to specialize in radio work and newspaper writing.

**SENIORS SELL TICKETS**  
Thursday, the Senior Class was occupied chiefly in checking out tickets to sell for their Senior play to be given March 27. It seemed as though everyone were trying to check out more tickets than their colleagues. Let's hope the result finds every Senior selling a sizeable number of tickets.

Ma Smith (Rena Rae Renfro): "So you're going to pretend you never heard of that pug-nosed, freckled-faced village vamp that used to hang around and wait for you after church Sunday mornings!"

Sally Smith (Nadyne Newell): "Father, could you please call it a picture and not 'one of those things'?"

### Edits 'Central Chatter'

Madelle Beavers, who is the editor of the "Central Chatter," has been on the high honor roll all this year and was last year also. The first semester she was president of the eighth grade and an office girl for Mr. Allison. She is now president of the Shakespearean Club.

Madelle is a native of Hereford, having been born here August 27, 1923. She is a very attractive brunette with a very pleasing smile. For pastime, she likes to read books, play baseball and other sports, skate or ride her bike. As a hobby, she collects poems. She says she likes everybody and everything. (Confidentially, she told us that when she says she likes everything, that really does not include washing dishes.) Her favorite radio programs are Baby Snooks and Henry Aldrich; her favorite color is red. She likes arithmetic and music best of all her studies. In fact, she likes music so well that she now thinks possibly she will be a music teacher, or, at least, some kind of teacher.

**THANKS FOR SONG BOOKS**  
The sponsors and students of the devotionals wish to thank all those people who have contributed books for the daily devotional periods. We especially appreciate Rev. Norwood's lending us his books. To all those who gave, we say "Thank You."

### Central Chatter

Miss Johnston is absent from school because of having the mumps. Mrs. J. R. Allison is substituting for her.

Don Bookout believes in really conserving paper. Last week he succeeded in getting three days' English on one sheet.

There is always something good about everything. Central pupils enjoyed a holiday last Friday while our teachers attended a teacher's meeting in Amarillo.

Are you aware of the fact that Einstein attends Central school? For information, see Mr. Starr.

Room 8B is one hundred percent in Defense Stamps. They used the money in their treasury that they had left after parties and expenses this year. They bought \$9.00 worth of defense stamps. This makes them a total of \$433.40.

Several children are out of school with the measles.

Daniel Boardman is always writing on the wrong side of the paper, and Miss Burkett asked him how he could tell when he has his pants on right and he said, "My mother tells me."

Room 8B is glad to welcome a new pupil. She is Betty Scarborough from Fort Worth.

**Faculty Sayings**  
Miss Fullingim: "You kids are just like the old tramp who said, when offered a quarter, put it in thy pocket."  
Mr. Starr: "Have you got anything to add to that?"  
Miss Chollar: "You kids make so much noise going up and down the stairs the building shakes."  
Miss King: "If you boys open your mouth again, I'm going to give you an hour. This is the last warning."  
Miss Burkett: "English is the source of life."

### Tri-Hi-Y Discusses A Christian Philosophy

How many people have "The Christian Philosophy of Life?" This was the theme of the Tri-Hi-Y program at its regular meeting Tuesday, March 17.

Rena Rae Renfro led a panel discussion on the topic, "The Christian Philosophy of Life." Those taking part in the panel discussion were Lois Agnes Gilbreath and Georgianne Miller. The panel was then opened to the group.

There are several advantages to the Christian Philosophy of Life. If a person has the philosophy, it gives her a feeling of security, and encourages her to do worthwhile things. In order to show that one has this philosophy, she should attend church and be willing to do her part in all worthwhile undertakings.

### Four New Students Enroll In High School

Four new students have recently come to Hereford High School. We are glad to welcome them all and hope that they will like it here.

Marion Sutton, who was formerly from Quitaque, Texas, is a blonde and has blue eyes. She is a Junior, and her favorite subject is English. For her hobby, Marion chose horseback riding, and for her dislike she decided upon cabbage. She said she thought the school here is just fine.

A new Senior in school is William Burns, who comes from Sterling City, Texas. He is a brunette and has no special hobbies. His favorite subject is chemistry. William says that he plans to graduate here and that he thinks he will like it here. (We surely hope so.)

From San Diego, Calif., comes a freshman girl who started to school here in September but later moved. She is Freddie Click. Among her many hobbies are to be found horseback riding, building model airplanes and reading. Blonde hair and blue eyes help to describe her. Spanish is her favorite subject. She, too, seemed to like our school.

A fourth new student is Thomas Larson, a Sophomore, who formerly attended school in Vega. (As Thomas is absent, it is impossible to get a personality sketch of him; watch for it later.)

In case there is any doubt in your mind as to the title of the senior play, it is "That Crazy Smith Family." Certainly you have heard a little about it, but not enough to arouse your curiosity.

Would you like to know if the Smith Family is really crazy? Well, you see it's this way: Tony is crazy about football; Sally is crazy about art; Buddie is crazy about the movies; Betty is crazy about herself; and Ma and Pa are just plain crazy. Could you think of anything more fun than being crazy?

As it is, Tony Smith, a small town football hero, is the big event. His girl friend, Barbara Wetherby, is his inspiration. Barbara, however, is pretty only to Tony, who has had very little contact with other girls. Before Tony can eat his breakfast, Barbara has come to take him to signal drill. He just has to be in good condition because Coach Hennessy is counting on him.

Afternoon of the big game has arrived! People from far and near have heard of Tony Smith, and many colleges have sent delegates to watch him play. If he is really a success, he should be given an athletic scholarship.

Among those from the city who came to see Tony play are Julie Weston, Stewart Brandon, and Dick Jones. Accompanying these three is trouble.

Ma Smith hurriedly plans a garden party for the out-of-town guests. She has a great deal of difficulty getting Pa to dress for the occasion, but she finally succeeds. Julie Weston and Stewart Brandon come for a certain purpose: To encourage Tony to attend their Alma Mater. This, however, is impossible because Tony has promised Barbara that they shall attend State College together—a

promise that is hard to break. Julie has an air of knowing her way around and an air of sophisticated poise lacking in Barbara. Enables her to fascinate Tony and to flatter him. Stewart Brandon, meanwhile, pretends to take an interest in Barbara, who is not interested. While Tony and Julie are getting along, Babs and Stew decide to take an airplane ride with Stew as pilot. Meanwhile, something else has been going on. Sally has taken quite a fancy to Dick Jones, a good looking Southern boy. Sally believes that he, a real lover of art, would appreciate her art even though the family does not. Much to her surprise Dick calls her painting "The Echo," a good picture of a "kitchen utensil," just as her family has done.

At the same time, Buddy and Betty have planned a little excitement for themselves. Buddy changes his name to "Slapsie" Donovan in order to compete with Toughie Gordon in a prize fight to be held in Smith's garage. Of course, Buddy is in very good condition to fight with a prize fighter's son, but he is brave. On the other hand, Betty is a little uneasy and has good reasons for being so.

A great rain storm comes up and the garden party is driven to cover, just as Aunt Bella practically has a proposal choked out of Professor Slattery with whom she has been acquainted for years. Barbara and Stew are having a jolly time in the airplane in the rain, as one can imagine.

Well, well! I'll bet you would like to know the finish, wouldn't you? Will Tony break his promise to Babs? Will Buddy win the fight? Will Sally and Dick make up? Will Professor Slattery ever propose to Aunt Bella? These questions can only be answered by your attending the Senior Play, Friday, March 27, promptly at 8:30 in the high school auditorium. It's the hit of the season! Don't miss it!

Julie Weston (Rachel Ireland): "I'm just beginning to realize what a really smart piece of dry goods your little hometown girl is."

Tony Smith (Harold Close): "Everybody thinks that I'm some sort of an innocent boob that doesn't know his way around!"

From the People

**HATS OFF**

Hats off to Frank E. Givan, Carl Gilliland and H. G. Conkright, the members of the local board. Take them off to E. H. Norton, Criss Renfro, and W. Phillips, members of the Dear Smith County Rationing Board. These are the gentlemen who give generously of their time for Uncle Sam in the war effort. Of course, there are others too, but their tasks do not require them to give daily of their time, and who knows but what these men do not spend many sleepless nights in review of the decisions made that day. Yes, they have a job—a big job.

Their salary is received in the form of "thanks" by the public or not even that in many cases; but to be sure, if they err or mis-judge, the world will know in the form of criticism. Reminds me of the school trustee who said: "As long as things are all right, you hear nothing from John Q. Public, but when a mistake is made, or you step on somebody's toes, the whole district 'cusses' you." How truly this applies to most of us. For the duration at least, let's think twice before we criticize. Let's get behind these gentlemen and let them know that we are aware of their "duties" and that we appreciate the way they are handling their positions for the general benefit of the war effort. Let's get behind the Bond Committee and show the members that Dear Smith County needs little coaxing to furnish its quota in money. Let's co-operate with the Civilian Defense heads, Dr. R. R. Wills, Wallace C. Cox, Alton Miller, Sadie Lee Oliver, A. W. Bateman, Dyalitha Brady, Ralph Hastings, Ruth Bowsher, and many others. Let them know you are ready.

Against a reminder to think. At best these folks have a hard job. It is not easy to prepare our minds for induction into the armed forces. It is not easy to tell John Brown that he can't have a tire for his pick-up because the quota is exhausted. LET'S THINK.

Pallbearers will be Charlie Sowell, Miles Roberson, Art Grimes, Edgar Sowell, Barrett Sowell and Baker Womble.

Burial will be in West Park Cemetery.

**ANSWERS**

**KEMP LUMBER CO. True or False QUIZ**

1. ANSWER: (Statement is True) Always start at the bottom. If you start at the top the dirty water will run down over the unwashed portion of the walls, causing streaks which cannot be removed. When starting at the bottom it is true that dirty water may run down over the washed portion of the wall, but this will not cause streaks that cannot be removed.

2. ANSWER: (Statement is False) Soap and water is not a solvent for wax. A good solvent such as turpentine or benzine should be used.

3. ANSWER: (Statement is False) This is not good painting practice because the priming coat will attain a degree of hardness that will not allow proper adhesion of the finishing coat when applied. Peeling is very probable under such procedure. The priming coat of a paint such as High Standard House Paint, should be allowed to dry not less than three or more than ten days before applying the finishing coat.

4. ANSWER: (Statement is False) This is an indication that the surface wasn't clean and free from oil or grease because paint was applied and would have nothing to do with the thinning of the paint. On the portion of a window frame where the hand is used to open the door, a considerable deposit of body grease accumulates over a period of time. If this is not thoroughly cleaned the paint applied will remain tacky.

5. ANSWER: (Statement is True) Light colors are receding colors and rooms painted with light colors will appear larger than they actually are.

were definitely off for members of the first aid class, who spent the night cramming for the final exam Tuesday. However, the first aiders say they won't know whether they passed the course for two months, which ought to take the sting out of the information entirely. That is an idea we have always had about tests—just wait long enough to find out the results and you'll decide it really makes no difference.

Directors for the different departments of the festival programs are Mrs. J. C. McCracken, piano; Mrs. T. W. Roberson, hymn-memory; and Miss Mary King, voice.

## Clean-Up Will Serve A Three-Fold Purpose

Hereford has already had its clean-up day, but city officials urge citizens to turn in and do an even more thorough job in co-operation with what Governor Coke R. Stevenson has designated "Civilian Defense Clean-Up Week," Mar. 29-Apr. 4.

A thorough clean-up of all premises actually serves a three-fold purpose, officials point out, stating that it promotes better health condition, eliminates fire hazards in the home, and helps in the campaign to gather up all scrap and salvage material for use in war industries.

Marvin Hall, state fire insurance commissioner, urges that citizens be especially careful to remove fire hazards this year, stating that with new materials of almost all kinds becoming harder to get, because of conversion to war production there is an even greater need for conservation.

## Still Time For Frame Gardens

The quickest and easiest way to become identified actively with the Victory Garden campaign under the Food for Freedom program is to grow a frame garden.

Jennie Camp, specialist in home production planning of the A and M College Extension Service, who offers this pointed advice doesn't stop there, but proceeds to tell you how to make one. Select a protected spot 20 to 30 feet long at the south side of a building, then spread one-half to three-quarters of a wagon-load of well-rotted barnyard fertilizer over it. Ten to 25 pounds of 6-12-6 commercial fertilizer will do. Spade it into the ground about ten inches. If the soil is fairly tight a row of sub-irrigation tiles made of tin cans or concrete laid six or eight inches below ground, down the center will provide satisfactory watering. One of the county extension agents will show you how to make it.

The plot should be surrounded by a frame 12 inches high of new or scrap 1x12 lumber. A cover of wall canvas with a broad hem should be tacked at the back of the frame with provisions for fastening it securely across the front ends. On chill nights a wagon sheet, cotton sacks or blankets should be used for added protection. Then level up the soil and the garden is ready.

Under ordinary conditions three to five plantings can be made yearly. Rows should be eight to 16 inches apart, plant-

## SONS in the SERVICE

Editors' Note: The Brand feels that this column is of interest not only to our local readers, but to the many men in service who receive the paper each week. However, to get a really interesting column we need more human interest material such as is found in the letters of the men themselves. So we are asking parents and friends of these men to come by the Brand office with items about your boys. There are many people who miss the column when it does not appear, and we can not have it every week if we depend on army publicity releases.

## Graduates from Tech School

Erman Earl Campbell, former Hereford boy, has recently been graduated from the world's largest Air Corps Technical School at Sheppard Field, Tex., where he has been attending classes for several months.

Private Campbell is now qualified as one of those eight specialists necessary to keep one plane in the air.

He is the son of S. B. Campbell of Eliasville, Tex.

## Takes Advanced Training

Cadet Earl V. Stagner, son of Mr. and Mrs. J. A. Stagner of Hereford, is now receiving his advanced training course before receiving his second lieutenant's commission in the U. S. Army Air Corps.

Cadet Stagner is a graduate of Dimmitt High School and of West Texas State College.

He is a former employee of Rosson and Hays, Hereford implement dealers.

## CHDA NOTES

By Sadie Lee Oliver

About 200 copies of the extension service bulletin, "Whole Grain Products," have been received at the CHDA office and will be available for use in the home demonstration club work.

Cutworms can do real damage—as few gardeners need to be told—but we do need to know that by acting promptly we can control these insects. Suggested treatment is a poison bran mash compound of five pounds of bran, 1 level teaspoonful of Paris Green, four pints of water and 1-2 pint molasses.

Incidentally much valuable information on all types of vegetable insects is found in the bulletin, "Guide for Controlling Vegetable Insects," now available in this office.

About seven members of the South Hereford Home Demonstration Club together with Mrs. Liston Wilson of the Wyche Club, went last week to the home of Mrs. Louie Olson at Wyche, where they got strawberry plants.

Mrs. E. W. Womble of Fairview has the prospects of an at-

ed the narrow way. Vegetables most common to a frame garden may be classified as quick maturing, moderately quick and slow maturing. For planting it may be divided into three general divisions:

No. 1 Quick maturing, 30-60 days: Tender green mustard; globe radishes; Bermuda onions (from plants or sets); double curled parsley.

No. 2 Moderately quick maturing, 60-80 days: King of Denmark spinach; Lucullus Swiss chard; dwarf horticultural beans and Alaska English peas.

No. 3 Slow maturing, 80-90 days: Crosby's Egyptian beets; Nantes carrots; Wong Bok Chinese cabbage; sweet Spanish (from seed) onions.

Where the frame garden is of sufficient size onions, cabbage, tomato or pepper seed may be planted, and when plants are of sufficient size, in January or February, may be transplanted to the open garden. "As fast as you harvest one row of plants, replant it," Miss Camp advises.

## LOCALS

Frank Marrs, Jr., transacted business in Lubbock Monday and Tuesday.

Miss Lucretia Wilson and Miss Jane Johnson of Amarillo were in Hereford Saturday to visit Miss Wilson's grandfather, John L. Wilson, who is ill at the home of his daughter, Mrs. Jeff Gilbreath.

Be informed regarding locations of American armies with a Cram's Self-Revising revolving world globe, \$1.75 to \$4.75. See them today at the Brand office.

Miss Orvella Hill spent the weekend here with her parents, Mr. and Mrs. O. G. Hill. She is a student at W. T. S. C. Canyon.

Miss Avis Matthews, who teaches near Eastland spent the weekend here with homefolks.

Mrs. Vernon Chamless of Mador is visiting her parents, Mr. and Mrs. J. E. Cockrell.

Mrs. Grover Bishop of Ladonia, Texas, has been a guest of Mrs. Jennis Thompson here this week.

tractively landscaped back yard—and all with shrubs and flowers which she has dug in and near Hereford. Last week Mrs. Womble got plants from the yards of Miss Sadie Lee Oliver, Mrs. Laura Hicks, Mrs. Pauline Waldron, and Mrs. Clyde Cavanaugh.

As was stated in the yearbook, your demonstration agent will be glad to help you dig flowering plants and shrubs on those Saturdays when she has no scheduled meeting.

Another attractive yard in Hereford will be that of Mrs. J. Wallace Robinson, whose lawn is going to have some of the best landscaping arrangements.

On the back lawn is a wide border of flowers on the west and north, with a wide variety of plants and shrubs in the yard and borders.

Plants include Mahonia, Welgella, Abelia, Beautybush, Tatarium, Althea, Spirea, Vitex, Desert Willow, Flowering Jasmine and others.

Concerning the planting of shrubs and plants, remember to have the center of most plants at least three feet from the wall. Low plants should be planted along the porch and under the windows.

A knowledge of pruning is necessary to the best cultivation of plants and shrubs, and while much of the pruning done in this territory turns out to be merely shearing, real pruning can be learned; and a new bulletin, "Pruning Rural Landscapes," has much helpful information.

The D. H. Bryants, in West Hereford, are learning to prune the scientific way this year after hacking had nearly spoiled the beauty of one of their Spirea bushes.

Mr. and Mrs. Frank Marrs and Vance Crume visited Mrs. Crume in Farwell, Thursday evening, and also visited Mr. Marr's sister, Mrs. Milton Orr, in Clovis.

**FELLOWSHIP LUNCHEON**

The fellowship luncheon for the Woman's Society for Christian Service of the Methodist Church will be held Wednesday at the church at noon. Mrs. J. B. Hammer is chairman of arrangements and others on the hostess committee are Mesdames R. C. McGilvary, Wes Bradley, Tom Carter, Harry Lomas and M. B. Norwood.

American flyers bomb Marcus and Wake. Do you know where they are? Get your World Globe at the Brand office.

Miss Mary Lou Deaven, Doyle Procter, Miss Frances Marie Owens and Blackie Blacklock, all of Quanah, have been visiting relatives here.

Mrs. J. F. Clark returned Saturday from Capitan, where she spent ten days with her daughter, Mrs. O. L. Wilson, and family.

American Armies are on the alert. Keep informed of the world happenings with a Cram's Self-Revising revolving Globe—now on sale at the Brand office.

**TO PACK BOX**

Members of the Woman's Missionary Society of the Baptist Church will pack a box for Buckner Orphans' Home and good used clothing is needed. All desiring to contribute clothing for a crate that will be sent, are asked to bring donations to the choir room at the Baptist Church by next Monday night.

Find out the distance in the Pacific War Theatre with a Cram's Self-Revising revolving Globe. At the Brand office.

Mrs. John Olson left last night for Waxahachie, where her daughter, Vivian, a student at Trinity University, was operated on yesterday for appendicitis.

Mr. and Mrs. W. J. Smith and son, Billy, spent last week-end with Mr. and Mrs. Howard Turner of Roswell, N. M.

**ELAINE THOMPSON ILL**

Elaine Thompson, daughter of Mr. and Mrs. Robert Thompson, was taken to Amarillo Saturday when she became seriously ill with mastoid trouble. Reports yesterday were to the effect that her condition is about the same.

Mrs. Thompson remained in Amarillo with her daughter who is at St. Anthony's Hospital.

Geography is changing, but you can know where the news is happening with a Cram Self-Revising revolving Globe. See them at The Brand Office.

Mr. and Mrs. Frank Marrs and Vance Crume visited Mrs. Crume in Farwell, Thursday evening, and also visited Mr. Marr's sister, Mrs. Milton Orr, in Clovis.

Assurance in Christ"—Romans 8:12-39

Attendance in Sunday School is increasing week by week. Last Sunday there were 309 present with one new member.

Outstanding on our calendar of activities for the coming week is the District 9 Convention to be held at Canyon Tuesday and Wednesday, March 31 and April 1. We want a large number to represent our church at this meeting.

Other important days in April include the State Sunday School Convention at Houston April 7-9; and our Spring Revival. The Revival will begin April 19 and will end May 3. Dr. H. H. Hargrove of Waco is to be the evangelist. Don't forget these important dates.
